PRESIDENT WARNS GERMANS NOT THROUGH

CHARGES LANSING ADMITTED TREATY WOULD BE DEFEATED IF PROVISIONS WERE UNDERSTOOD

WASHINGTON, Sept. 12.—"If the Senate understands and the American people understand this treaty, it will be defeated," President Wilson declared today, speaking before the Senate Foreign Relations Committee.

This, according to Wm. C. Bullitt, testifying before the Senate foreign relations committee today, was the statement made to him by Secretary of State Lansing, May 19, 1919.

Lansing, he said, went on to say: "But I wonder if they will understand what it lets us in for. It is my personal opinion that the committee will really understand it and Senator Lodge will, but Lodge's position would be purely political. Senator Knox might instruct the people."

Previous to his testimony concerning Lansing's alleged utterances, Bullitt, who was chief of the division of current intelligence for the United States Peace Commission had shown the committee a document which he said was an original of President Wilson's league of nations draft, written by Wilson personally.

He also showed the committee copies of other drafts and testified about his trip to Russia to get from Lenin a declaration on when fighting would be stopped.

Concerning the proposed Prinkipo conference among all Russian factions, Bullitt testified that French opposition had defeated the plan.

SUBMITS ORIGINAL DRAFT OF LEAGUE OF NATIONS

WASHINGTON, Sept. 12.—Wm. C. Bullitt, who was chief of the division of current intelligence for the United States Peace Commission, today produced for the Senate Foreign Relations Committee a copy of President Wilson's original draft of the proposal for a League of Nations.

It was written on the President's own typewriter and given him by Col. House, January 10, 1918. The document bears the inscription "for Wm. C. Bullitt, in appreciation of your help in an hour of need."

Bullitt said he desired to have it returned because of the curious typographical errors made by the President's typewriter.

He presented a copy of General Smuts' original proposal, Lord Robert Cecil's original plan and the President's second proposal. These various drafts soon gave way to the President's original proposal, which he said was the plan drafted by a British commission of international lawyers.

He described the discussion of a plan whereby the assembly of the league should be chosen by the various national governments, and said that the President first expressed hearty sympathy with the idea but it was hardly practicable. General Smuts urged it strongly, Colonel House approved and Lord Cecil was skeptical. President's opposition defeated the proposal, he said, and later when Cecil, Smuts and House all urged it, the President said he would accept the project.

The President's own idea at first, he said, was for an international body composed of the ambassadors and ministers of the various nations. Senator Knox asked Bullitt what he regarded as the President's greatest contribution to the league covenant. Bullitt said that as far as he knew the only proposition of the President which remained fairly intact was Article 10.

Directed to Russia, Bullitt said he was directed to go to Russia, February 8 and read Lansing's order in which all diplomatic and consular officers were directed to study economic and political conditions.

He said that Buckler (United States

CITY OF SEOUL IS IN STATE OF SIEGE; TROOPS ON DUTY

TOKYO, Wednesday, Sept. 12.—Since the attempt to assassinate the Japanese government of Korea, at Seoul, Sept. 2, every part of that city has been occupied by Japanese troops and the place is virtually in a state of siege. The world-bee is still at large, although a number of persons suspected of being implicated in the plot are under arrest. The bomb thrown at Baron Saito exploded with terrific violence and an inspection of the fragments has shown the missile was scientifically constructed. It is the opinion of the police that the bomb was not made in Korea but was brought into the country, probably from Manchuria.

The Japanese press takes the view that the bomb outrage was to have been expected, pointing out that it was almost a logical development. It expresses the opinion that the appointment of a naval officer as governor of Korea probably was inopportune and the result of poor judgment, as it only served to inflame the Koreans. It had hoped that a civilian would be named.

Takeaki Inukai, leader of the Kokumintō, or national party, takes a far different view. He says a civilian might have calmed the Koreans, who regard Baron Saito as a man of the sword, like his predecessors.

The bomb incident has profoundly shocked Japan and caused the immediate dispatch of solicitous telegrams by the Emperor and Empress and Premier Hara to Baron Saito, the more regretted as it occurred at the moment when extensive reforms were being inaugurated. Friends of Baron Saito declare he is not likely to be allowed to return to his post, but to allow the crime to affect the carrying out of the new policies pointing to his persevering nature and determined character.

PLAN HEAVY FINE FOR STEALING AUTO FROM A SHIPMENT

WASHINGTON, Sept. 12.—The House Judiciary Committee has directed Representative Dyer, Missouri, to introduce a bill making the transportation of a stolen automobile in interstate commerce subject to \$5,000 fine and five years imprisonment.

Concealment of a stolen car while in interstate movement would be subject to similar punishment. Formal action recommending passage of the law will be taken later by the committee.

GREAT AMERICAN SOLDIER IS HOME FROM FRANCE

General John J. Pershing is home amid the plaudits of the nation. On his arrival in New York the American-fighter was greeted by huge crowds who cheered him wildly at every turn. In the accompanying picture the General is shown on the deck of the committee boat coming up the bay surrounded by many of the prominent persons who went ahead to receive him and bid him welcome home.

Coast Towns Preparing For Storm Expected During Night

GALVESTON, Sept. 12.—All Gulf vessels have been warned into port, and most of them are reported safe. It was announced here at noon today, after a four-point rise in the barometer had indicated approach of the tropical storm sweeping the Gulf of Mexico.

"Barometer 29.84, tide normal, wind northeast, 15 miles velocity," the weather bureau said. Center of the storm has not been located.

HOUSTON, Sept. 12.—Freight is being moved out of warehouses in several coastal towns according to messages here this afternoon and people are moving inland, fearing the gulf storm will strike tonight.

Barometer had fallen three points in three hours here this afternoon at 2:30 it stood 29.80.

NEW ORLEANS, Sept. 12.—The local weather bureau was without definite advice early today regarding the course of the tropical hurricane which last night was believed to be headed for the gulf coast west of the Mississippi river.

The barometer reading here at 7 a. m. was 29.74, a rise of one point since 1 o'clock this morning, and a fall of eight points in the last 24 hours. A nine-mile wind was recorded.

Early reports from Burwood, near the mouth of the Mississippi river, showed a barometer reading of 29.62, a fall of two points during the last 12 hours. The wind velocity there was 18 miles.

Storm warnings were continued and shipping advised to exercise extreme caution.

Officials of the Morgan-Lina here still were without information early today; the whereabouts of the steamship which left New York Sunday 6 and was due here yesterday. Efforts to reach the vessel by wireless still were unavailing.

REVOLUTIONISTS ARE CLOSING IN ON THE HONDURAN CAPITAL

SAN SALVADOR, Thursday, Sept. 11.—Honduran revolutionary forces appear to be closing in on Tegucigalpa, the capital, from the west and south, according to an official statement from revolutionary headquarters which has been received here. The rebels have also been successful in the northern part of the country.

The statement says that the cities of Santa Barbara and Yucatan are taken in the state of Intibaca have been taken by the rebels who are within forty miles of Tegucigalpa. Further north the city of San Pedro has been taken, the statement says, and the retreat of government forces toward Puerto Cortes, La Ceiba and Trujillo has been cut.

GREATER BERLIN'S WAVE OF GAMBLING TO CEASE

BERLIN, Thursday, Sept. 11.—Greater Berlin's wave of gambling will terminate on Sunday, September 14, if an order issued by Gustav Noske, minister of defense, suppressing public and private clubs is strictly enforced.

The provisions of this long expected order are sweeping, violations of it being punishable by fine or imprisonment and no loopholes are left for pseudo-clubs under camouflaged titles. The city is now honeycombed by such public and private resorts.

FORCE OF SOLDIERS SEARCH SINN FINN OFFICES IN DUBLIN

DUBLIN, Sept. 12.—A strong force of soldiers this morning searched the Sinn Fin headquarters in this city. At Skibbereen, in the southwestern part of County Cork, armed police raided a newspaper office and also a number of private residences.

Two Sinn Fin members of the house of Commons were detained in Dublin after the search here, while the houses of other Sinn Fin members of the Commons are under visitation.

TWO KILLED DURING DARING ATTEMPT TO ROB OKLAHOMA BANK

RED FORK, Okla., Sept. 12.—The sole topic of discussion here today is the sensational attempt to rob the Red Fork State Bank here yesterday afternoon, which was tipped off in advance by the supposed ringleader.

Two men are dead as a result of the affair, one a robber and the other a member of the Sheriff Wooley's posse. The dead are: W. T. Beasley, deputy sheriff, and N. F. Tyson, bandit. William Hooker, another bandit is seriously wounded but will recover.

Sheriff Wooley is positive that the shot killed Beasley was not fired by the bandits, who were shooting back at his party, but by the fifty or more citizens who fired indiscriminately towards the men. Beasley was in a barn and had fired one shot when killed.

John Scott, the "stool pigeon," is confined in jail today and refuses to talk. There is a report that he is a Federal officer here to ferret out bank robbers. But this can not be confirmed.

PREPARING FOR RETURN OF THE RAILROADS TO PRIVATE CONTROL

WASHINGTON, Sept. 12.—Preparing for the return of the railroads to private control, Director General Hines today ordered all roads to begin an inventory of supplies on hand as of December 31, 1919, the date indicated by President Wilson in his address to congress as the termination of government supervision.

A few weeks before the government turns the roads back the former management will be put in charge, so that some time before the railroad administration goes out of existence they can reorganize their staffs.

WASHINGTON, Sept. 12.—Profiteering bill.

WASHINGTON, Sept. 12.—The House bill extending the food control act to penalize profiteering, as requested by President Wilson and Attorney General Palmer as a means of reducing the cost of living, was passed by the Senate late today and sent to conference.

FRATERNIZING WITH BOLSHEVIKI TO DOMINATE THAT COUNTRY AND GAIN STRENGTH FOR NEW EFFORT

COUER D'ALENE, IDAHO, Sept. 12.—Germans are fraternizing with Russian bolshevik, seeking to dominate that country and gain strength for a new effort at conquest, President Wilson warned here today, speaking in a circus tent to a big crowd.

"America must guarantee the peace to prevent this, he said.

"Germany wants us to stay out of this treaty," the President declared. "Fearing America's strength, Germany wants to see the United States remain out of the League of Nations and become isolated," he said. "Pro-German propaganda is working toward that end, Wilson charged.

"America must ratify the treaty, he said, to prove it meant what it said when I went to war against Germany to safeguard the principles for which the United States was set up.

"It was America that saved the world," he declared, "and those who opposed the treaty propose that after having redeemed the world we should desert the world."

The president expressed amazement at the attitude of those who went absolute rejection of the treaty.

Warns Against Germany

"Unless America guarantees the peace, Germany may resume its attempt at conquest when its strength is recovered, he warned.

"If America does not enter the new world arrangement there will be universal disorder, as there is now universal unrest," Wilson asserted. "And don't think that America is immune," he added solemnly.

He cited the Boston police strike as "an intolerable crime against civilization," and an evidence of unrest. The police of Boston, he said, have left the city to be looted.

Denies Over-Statement

He denied he was making an over-statement with regard to world conditions.

"Every man who really loves justice and purposes just reform, must support the treaty without qualification, he said. Failure of the treaty, the President predicted, will cause tragedy. "An era of blood and chaos," he charged America was in danger of having a minority get control of affairs in this country.

The treaty, he added, is intended to prevent more war. Wilson stated emphatically. If it is lost more American boys will go out to die on the battlefield.

Reservations for the treaty would necessitate sending it back to Germany and to the allies for consideration, he said.

He said he had no objection to congress interpreting qualifications or conditions being inserted in it. He made it clear he was not against making a statement of how America regards the different provisions of the treaty.

Wilson finished speaking at 11:16 a. m.

He spoke from a rough board platform at one end of the tent. A canopy of flags gave him a background of continued on Page Two, Column Four.

ARBITRATION IS IMPOSSIBLE SAYS GOV. COOLIDGE

Statement Is Made In Connection With Strike of Boston Policemen.

CITY FACES POSSIBILITY OF A GENERAL TIE-UP

Number of Unions Are to Take Vote Tonight on General Sympathetic Strike.

NEW YORK, Sept. 12.—Samuel Gompers, president of the American Federation of Labor, made public here this afternoon the text of a telegram sent by him to Mayor Peters of Boston, announcing that he had sent an appeal to striking policemen to return to work.

Mr. Gompers said he had directed Frank McCarty, representative of the Federation in Boston, to urge the strikers to go back to their posts, just as if the strike order had not been issued at all, and await the outcome of the conference called by President Wilson for October 6, at Washington.

BOSTON, MASS., Sept. 12.—With Governor Coolidge insisting no arbitration is possible in the police strike and trade unions taking a sympathetic strike vote, Boston today faced the possibility of a general tie-up that would paralyze the life of the city.

M. J. O'Donnell, president of the Central Labor Union, and other union officers are seeking a conference with Governor Coolidge today with the hope of avoiding further walkouts by a settlement of the policemen's demands. While the conference was pending, the city fire department will vote tonight on the question of striking in sympathy with the police.

Telephone operators also will take a strike vote today.

Other unions have already begun to poll strike votes, on instructions issued last night at the meeting of the Central Labor Union.

Governor Coolidge maintained today that under no conditions could the striking policemen return to the force.

Up to early today the death toll since the strike began was seven. It was estimated that more than 100 persons of both sexes were seriously injured by shots and missiles while hundreds received minor injuries.

Richard D. Reemts, a striking policeman who was shot yesterday in an alleged attack with two volunteer policemen, died during the night.

It was said today that under the laws of the state, Governor Coolidge has the power to call upon the striking policemen to return to their posts and in the event that they do not fine or imprison them.

NO RIOTING DURING NIGHT AT BOSTON

BOSTON, Sept. 12.—Boston was orderly today—the third day since the police strike began. The 1,000 troops controlling the streets of the city apparently had the situation in hand.

There was no rioting during the night. In Jamaica Plain, Henry Grote, 38, was shot and killed by soldiers in a raid on a dice game.

Whether a general strike of all labor will be called in sympathy with the striking police, will still uncertain early today. Delegates representing all trades unions voted on the general strike question at a meeting of the Central Labor Union last night, but the result of the vote was not made public.

Moral Support Assured

Leaders of the Central Labor Union made it known, however, that before action on a general strike is finally taken they wish to be absolutely certain that such a move is desired by the thousands of workers of the city. In the meantime the moral support of organized labor here was assured the policemen.

The matter of calling a general strike was discussed at a meeting of the OATH OF OFFICE OF BOSTON POLICEMEN

The oath taken by Boston policemen upon becoming members of the force follows:

"I do solemnly swear that I will bear true faith and allegiance to the United States and the commonwealth of Massachusetts and will support the constitution and laws thereof; so help me God.

"I do solemnly swear that I will faithfully and impartially perform all the duties incumbent upon me as a police officer of the city of Boston."

LABOR LEADER IN PARLIAMENT WANTS TROOPS WITHDRAWN

GLASGOW, Sept. 12.—A stinging indictment of Winston Spencer Churchill, the secretary for war, for his declaration of yesterday regarding the delay in the evacuation of North Russia by British forces, was delivered by James Henry Thomas, labor member of parliament, at the resumption of the sessions of the trades union congress here today. Mr. Thomas moved a resolution demanding that the troops be withdrawn from Russia.

Secretary Churchill, said Mr. Thomas, had not answered the recent indictment by Lieutenant Colonel Sherwood, a volunteer officer in the North Russian relief force, that British lives were being thrown away in the Archangel region, but on the contrary the secretary had threatened to punish the colonel.

The congress enthusiastically adopted the Thomas resolution which demands the immediate withdrawal of the troops from Russia and a repeal of the evacuation act. It provided for the holding of a special congress for the holding of decided action if necessary and the demands not be satisfactorily met.

In his statement on the North Russian situation, War Secretary Churchill declared the policy of evacuation of North Russia was being and would be adhered to but that the evacuation had been retarded owing to the necessity of bringing out many Russians who were in danger of their lives from bolshevik vengeance, as well as women and children. He denied that British troops had been employed or that the British government had accepted any responsibility in operations against Petrograd.

TEN KILLED WHEN SILESIA FOOD SHOPS RAIDED BY PEOPLE

COPENHAGEN, Sept. 11.—Raids on food shops in Glogon, Silesia, led to the death of ten persons and the wounding of several others it was reported here today. The deaths were caused when the troops called out to suppress riots, swept the streets with machine guns.

REMAINDER OF KOLCHAK ARMY IS CAPTURED SAYS A REPORT

LONDON, Sept. 12.—The remainder of Admiral Kolchak's southern army, in the region of Aktubinsk and Orsk, has surrendered to the Bolsheviks, it is claimed in a Bolshevik wireless dispatch from Moscow today. This raises the total of Bolshevik captures from the Kolchak forces within a week to 45,000 men, it is declared.

YANKEE WARRIORS PROUD OF MEMORIAL

FIRST DIVISION'S MEMORIAL

There are few trophies won by the celebrated First Division in which they display a keener interest or take more pride than the little stone memorial built by their engineers in khaki on the road to Chateau-Thierry. Situated high on the embankment of the shell-torn road, this rude conception of the First Division appears as the only article of masonry in the devastated zone which surrounds it.

ARBITRATION IS IMPOSSIBLE SAYS GOV.

strike, if such was voted today, remained in the hands of the executive committee of the union, which would have the power to set a date for a general walkout.

PORT ARTHUR MAN KILLS ANOTHER WHOSE LIFE HE HAD SAVED

HOUSTON, TEX., Sept. 12.—At Port Arthur in the storm of August, 1915, according to the story he told a deputy sheriff, Harry W. Grevgard saved the lives of E. C. Booknight, his wife and son.

EXPECT LARGE CROWD TO GREET PRESIDENT

SPOKANE, WASH., Sept. 12.—A steady drizzling rain which promised to continue all day, was falling here today, however, it was expected that the thousands of people from eastern Washington part of the inland empire, would be here to greet the President's party this afternoon.

NAVY GUARDS NUMEROUS

Navy provost guards were numerous today and the large number of sailors who were in the streets Wednesday and yesterday were missing today.

TO RESUME OPERATION OF GERMAN WIRELESS

PARIS, Thursday, Sept. 11.—The German wireless station at Basle, it is announced, will resume operations on September 14.

ED NIMS PRESIDENT OF BELL TELEPHONE CO.

ST. LOUIS, Sept. 12.—Ed Nims, formerly of Muskogee, Okla., today was elected president of the Southern Bell Telephone Company.

ANNIVERSARY ST. MIHIEL DRIVE THE GREAT AMERICAN OFFENSIVE ELIMINATING MENACING SALIENT

Today, the anniversary of the St. Mihiel drive, the first of the great American offensives, the beginning of the American domination of operations on the Western front, brings back to many young Wichitans who participated in that drive, particularly members of the 90th Division, the Texas-Oklahoma National Army Division, who received their baptism of fire on that day, memories of their feelings of jubilation that the Kaiser and his armies were at last to feel their country's might, as well as bringing to many Wichitans homes memory of the anxious feelings engendered by the knowledge gained through the press that at last a great American offensive had been started.

This operation, in which the First American Army in its first operation pushed the Germans back an average depth of eight miles on a 20-mile front, eliminated the St. Mihiel salient, which dipping deep into the Allied lines for four years and resisting all efforts of the Allies to reduce it had blocked all efforts for an Allied advance north of Verdun, as well as liberating nearly a score of French towns and many square miles of French territory, was characterized by a noted military critic as the "first full-scale appearance of the American army." It proved to the Allied world, and more important than that, to the rank and file of the German army, that the Americans at last were a power on the Western front, and a power which was to be increasingly reckoned with from that time until the end of the war. While for some time the German soldier had been receiving with an increasing amount of skepticism the attempts of his high command to discount the importance of the American strength in France, he did not have any idea, as one German prisoner expressed it, "Any idea that there were hardly as many Americans in the world as he saw leaving their trenches and making the assault on his lines on that memorable morning."

Break German Morale. In addition to an important effect on the morale of the German army, the elimination of the salient and the opening of the Verdun-Commercy-Toul-Nancy railroad, the most important in subsequent operations north of Verdun, this brilliant dash made possible the later and decisive operation, the Meuse-Argonne drive, besides capturing nearly 15,000 prisoners and an immense amount of material collected during the four years of their occupation of the salient, which the Germans could ill afford at that time to lose.

The St. Mihiel operation opened with the most intense artillery bombardment in the history of the Western front, the Allied artillery pouring more than 100,000 shells into the German positions during the four hours immediately preceding the infantry assault. To this bombardment the German artillery only made a few abortive efforts to return an answer, being quickly smothered by the American's intense fire. The American bombardment was witnessed with breathless interest from the roof tops of Paris, for Paris had known for days that a great American effort was in preparation. It was watched with no less interest by officers and soldiers in the army schools at Compiègne, who were hoping against hope that their detail would be up in time for them to join their units in time to participate in the drive. At Toul, Nancy, Neufchateau, Foy, En Hay, Meaux, Chateau Thierry and the other towns in that section of France the entire population, civil and military, watched throughout the night, and waited throughout the next day for news as to how the infantry fared in their assault on the German positions. Probably the grand stand positions, however, were held by the infantry themselves, waiting in the "jump off" trenches, whose rear was an area of continuous dancing light from the flash of the guns, and whose front was similarly lighted from the bursting of shells within the German lines, all of which was accompanied by a continuous roar from the explosions of the guns, the scream of the shells overhead, and the terrific explosions of these same shells within the German lines. When, at the time of the infantry assault, which came just before dawn, the brilliant light of the German's shells, barrage signals and flares was added to the lights from the guns and the flashes from

the drive. From that town the battle line runs a little to the south of Bollwiller, there to Patton and Nomaard, which were captured, to Boise, De Garzantua and north of Montsec.

"Sept. 12—American forces this morning launched an attack on the German positions. At 9 o'clock they had progressed generally along the line. Some prisoners were taken at different parts of the sector.

"The first wave of American troops met with little resistance and at eight o'clock the second American wave was in possession of several points of the German front line.

"The Germans now are falling back on the fronts on each side of the St. Mihiel salient.

"Though undoubtedly suspicious of the intentions of the Americans in this region, the Germans were unaware at the time of the direction of the attack.

"The American troops are all intently eager and are fighting ungloriously.

September 13, 1918.

"All twelve thousand prisoners have been taken by the Americans in their offensive at St. Mihiel.

"The entire salient now has been captured.

"The railway from Verdun to Commercy, Toul and Nancy is open to the Entente Allies.

"All the villages in the St. Mihiel were captured by the Americans and the front line this sector was reduced from some forty miles to a little under twenty.

"The latest news from the St. Mihiel sector shows that the battle line now runs directly from Pagny on the Moselle river to Hattoviville and along the foot of the heights of the Meuse.

"Pagny, a town on the Moselle river, is on the western border of Germany.

"In addition to the 12,000 prisoners who have been counted, large numbers of Germans are still coming in.

"The American troops are still in possession of the salient and are fighting ungloriously.

"The American troops are still in possession of the salient and are fighting ungloriously.

TEMPORARY WRIT OF INJUNCTION IN OIL LEASE CASE

A temporary writ of injunction was issued Friday by Judge Scurry in the 7th district court on application of G. C. Wood and A. C. Parker restraining Mrs. Lilla Morgan, Carl Williamson and J. F. King from interfering in anywise with plaintiffs' lease rights in the Burk Burnett field.

In the petition from the writ the plaintiffs set forth that they leased 20 acres from the defendants and have two completed and producing wells thereon, while five other wells are being drilled and have reached the sand. Production now is approximately 2500 barrels a day.

Defendants, sets forth the petition, are building a number of shacks and houses on the property within 50 feet of the wells and also are building a boiler shop and a bit shop there. The plaintiffs complain that there is grave danger of fire; that their wells have an abundance of gas and oil; that the shacks and the two shops have much fire—that fences—the plaintiffs built to protect their wells have been destroyed by the defendants and that all of this is contrary to their lease rights.

The injunction was granted and the case set for hearing Tuesday.

Other cases filed today include the

Garments Graced With Style— Made With Care and Priced With Reason

Never before have we been able to ensemble such a large assortment of Ready-to-Wear.

NEW SUITS
In the newest creations of Paris and America's foremost designers—The new Ripple Suits are here, in the new Liberty Red and other shades, in all materials. We have your size, including stouts, and the price is reasonable.

DRESSES OF DISTINCTION
Whether for evening, afternoon or street wear we have them in all colors, styles and materials. We ask you to compare our dresses with others, and then— We know your decision.

NEW FALL COATS
That compel admiration. We invite you to inspect our line if you are looking for Coats of great beauty and marked distinction.

NEW BLOUSES
When we say new we mean just that—The kind that is different. You cannot appreciate that statement until you have made a comparison.

AND THE REASON
For the above is due to the fact that we have a buyer in New York City and he is buying for you. Let's compare his selections.

ENTHUSIASTIC RECEPTION GIVEN AT INDIANAPOLIS. Will Address Mass Meeting At the Coliseum in Indiana City Tonight.

By FRED S. FERGUSON (United Press Staff Correspondent). ST. LOUIS, MO., Sept. 12.—Now squarely astride President Wilson's trail and receiving cheers for his criticism on the League of Nations from the same localities which heard the chief executive's arguments, Senator Johnson was today developing a very definite line of attack on the President's demand for unqualified acceptance of the peace treaty.

Crowd Was Large. A big crowd, packing every inch of space in Tomlinson Hall at Indianapolis last night, roared its approval of the senator's statement that America would not be a party to such infamy.

Before the Indianapolis audience he drew a dramatic picture of the world as it had in ours, they had their inside pockets bulging with secret treaties carving up the world.

Crowd Answered "No." He asked the crowd whether it was willing since other powers of the world were bankrupt, that American boys should go out and police the world.

WOODMAN TO PROTEST ENFORCEMENT OF RATE. FORT WORTH, TEX., Sept. 12.—A state meeting of Woodmen of the World will be held in Fort Worth September 20, to appoint a committee to go to Missouri to confer there with Woodmen in regard to getting an injunction against the enforcement of the new insurance rate.

OHIO LABOR ENDORSES THE LEAGUE OF NATIONS. CLEVELAND, O., Sept. 12.—The executive board of the Ohio State Federation of Labor was on record today as favoring the adoption of the League of Nations as presented to congress.

SHOULD BURY PLUMB PLAN SAYS LAWYER

Statement Is Made by Transportation Counsel of Associated Industries.

WASHINGTON, Sept. 12.—The Plumb plan for tripartite control of the railroads under government ownership must be buried beyond hope if it is not to be made a rallying point for the nationalization of all industries, Edgar J. Rich, transportation counsel for the Associated Industries of Massachusetts declared today before the House Interstate Commerce Committee considering legislation for final disposition of the railroads.

Mr. Rich, who also spoke for the manufacturers' associations of 22 states and the Massachusetts chamber of commerce, said the Plumb plan, like Bolshevism, was a "perversion" of the principles of socialism in that it would benefit only one class and deny the socialist theory of the "general public good."

Arthur Henderson GOES TO HOUSE OF COMMONS. LONDON, Sept. 12.—Arthur Henderson, the labor leader who was defeated for election to Parliament at the election last winter, was elected to the House of Commons at the by-election in Widnes, Lancashire.

LATEST NEWS AND VIEWS OF INTEREST TO SPORT FANS

WANTS JOHNSON TO ABDICATE THRONE OF THE AMERICAN

NEW YORK, Sept. 12.—If Ban Johnson, American League president, has any sense whatever of the fitness—or the unfitness—of things, he'll quit his job, was the opinion expressed today by Colonel Jacob Ruppert, part owner of the New York Yankees.

Johnson's throne is about to topple anyway, according to Ruppert, and abdication now would be a timely act.

The legal action started by the Yankee owners to prevent Ban from interfering with Pitcher Carl Mays ended yesterday with a hearing before Referee George Gillespie. The testimony is now in the hands of Supreme Court Justice Wagner. The final hearing brought a statement from Johnson that he owned stock in the Boston as well as the Cleveland club.

"Johnson should resign after these disclosures," Ruppert said today. "He has a long time contract and it would be hard to get him out, but the club owners, after learning the methods pursued by Johnson in directing the league affairs and after hearing that he owns stock in several clubs certainly will take action to curb his power and make the board of directors more than a figurehead."

JOHNSON WAS INTERESTED IN THE BOSTON RED SOX

NEW YORK, Sept. 12.—Ban Johnson, president of the American League, admitted on the witness stand, before Referee George J. Gillespie, that he was interested in the Boston American League, while that club was owned from 1911 to 1914 by James McAleer and Robert McLoyle. The latter, now deceased, formerly was Johnson's personal secretary.

The testimony was given at a hearing before trial of the New York club's suit to restrain him permanently from interfering with the use of Pitcher Carl Mays, recently purchased from Boston.

Johnson said he had advanced the money that McLoyle put into the Boston club in 1911. In 1914 the club was sold to Joseph L. Lavin, when Johnson withdrew his interest.

NATIONAL A. A. U. MEET AT FRANKLIN FIELD

PHILADELPHIA, Pa., Sept. 12.—One of the greatest gatherings of stars that ever participated in an athletic meet in America was ready for the National A. A. U. games which open here this afternoon on Franklin Field.

The championships start today with the junior events and close tomorrow with the finals in the senior events. Many of the army stars who won the inter-allied games for the United States also are entered.

SUSPEND ZIMMERMAN FOR REST OF SEASON

CHICAGO, Sept. 12.—Heine Zimmerman, third baseman for the Giants, was en route home today on a ticket handed him by Manager McGraw. Zimmerman was suspended for the remainder of the season for disobeying rules of the club.

GREB MEETS BROWN AT CANTON SEPT 20

CANTON, O., Sept. 12.—Harry Greb, Pittsburgh, light heavyweight, will meet Knockout Brown here in a 12 round match September 20. Bob Mohr, Milwaukee, was scheduled to meet Brown. The promoters dropped him in favor of Greb.

CHUCK GARLAND WINS COLLEGE CHAMPIONSHIP

HAVERTFORD, Pa., Sept. 12.—Charles S. (Chuck) Garland, of Yale, won the intercollegiate championship by defeating Kirk Reid of Cornell, on the courts of the Merion Cricket Club in five sets, 4-6, 6-1, 6-2, 7-6, 6-3.

SQUINT AT THE SCORE.

Yesterday's Hero—Ferdie Schupp, St. Louis hurler, who won his own game by bluffing a home run in the ninth inning against Brooklyn. Score 4 to 3.

Grover Alexander was soft for the Giants and they took the last game from the Cubs, 7 to 3.

Shawkey had too much stuff for the Indians and the Yankees won, 2 to 1.

The Tigers clawed Hasty, a recruit pitcher, and beat the Athletics 3 to 2.

The Red Sox took a double header from the Browns, 4 to 0 and 6 to 0.

The Phillies were bumped twice by the Pirates, 7 to 1 and 7 to 2.

COLUMBIA WINS THIRD GAME OF THE SERIES

COLUMBIA, S. C., Sept. 12.—The lost season series between the peevish winners of the Southern and South Atlantic associations was made two to one in favor of Columbia yesterday when Atlanta was defeated 4 to 0.

DENY GRAIN SURPLUS REPORTED TO EXIST IN SOUTHERN RUSSIA

PARIS, Thursday, Sept. 12.—Advices from American Red Cross investigators at Poltava, Southern Russia, received in Paris today, state that reports of an enormous grain surplus in Ukraine and Southern Russia which have disturbed American wheat growers with visions of a tumbling market, may be dismissed as groundless.

Investigators who have just arrived at Poltava after a tour of the country recently liberated by General Denikin from the bolsheviks, state that early freshings promise a crop from 10 to 25 per cent above the normal, this being due to the spring influence of the Germans, who directed their energies last fall to having every available foot in Ukraine put into winter wheat. Even the bumper crop however, will fall short of the domestic demand and it is declared that not a bushel of it will ever enter into competition with wheat from the United States. Russia and the countries bordering on the Black Sea will need the entire 1919 crop.

TEXAN IS INCLUDED IN LIST FOR CROSS

WASHINGTON, Sept. 12.—The War Department today announced a list of officers and enlisted men of the expeditionary force to whom distinguished service crosses had been awarded but to whom the crosses had not been presented because of their death or return to the States. The list includes Private Max Schoenmacher, Gray Hill, Texas.

CHICAGO REPORTS 20 CASES OF INFLUENZA

CHICAGO, Sept. 12.—One death and 19 cases of influenza have been reported by the city health department in the last eight days. It was announced by Health Commissioner Robertson today.

KANSAS CITY, MO., Sept. 12.—

Two dollars a day with whippersnaps of country hay rides, and plenty of fresh air is expected to bring recruits for the Woman's Land Army. It's apple picking time in Missouri.

Telegraph Brevities

Big Fellows Barred.
NEW YORK, Sept. 12.—The doctors' union, just organized here, is for "under dogs." Its officers announced. "Big fellow," or specialists can't join the union because they "kick the bottom out" of the proposed \$2 minimum for visits.

A Reform Platform.
NEW YORK, Sept. 12.—Force bakers to sell five rolls for a nickel, tax the landlords to pay the rent of those who have no money and raise car fares on Sunday, so people will go to church, is the platform of Edward Jous, independent candidate for alderman.

Short for Cash.
PITTSBURGH, Sept. 12.—Charles Schwab "hung round" the Duquesne Club for half an hour waiting on some person from whom he could borrow "two bits" to pay for a shave. The steel monarch ran short of cash.

Out of Politics.
KANSAS CITY, MO., Sept. 12.—The United Railways Company refused to carry signs on its street car fenders announcing the address of Senator Johnson on the League of Nations because "the company doesn't intend to get mixed up in the League of Nations fight."

Both Ran.
CHICAGO, Sept. 12.—A stamp purchaser in the federal building accidentally pulled a flask from his pocket. Whiskey began running when the bottle fell; so did the man.

MILWAUKEE, WIS., Sept. 12.
—Because his wife testified that her husband used his automobile for joy rides with other women, Wardner Simpson was told by the court to sell the car and make up his bid.

KANSAS CITY, MO., Sept. 12.
—Two dollars a day with whippersnaps of country hay rides, and plenty of fresh air is expected to bring recruits for the Woman's Land Army. It's apple picking time in Missouri.

Ford

THE UNIVERSAL CAR

Because of its all-around utility, the Ford One Ton Truck—with worm drive—has made itself an absolute business necessity. It's so dependable in service wherever placed, flexible and sure in control and low cost of operation and maintenance and possessing that vanadium steel strength, it has become the want in every line of business, from retail merchant to manufacturer, from engineer to contractor, from corporation to farmer. Let us tell you details and give you a demonstration. Truck Chassis \$550 f. o. b. Detroit.

OHIO AND INDIANA TO BE IMPROVED TO OIL BELT HIGHWAY

AGREEMENT IS REACHED AT MEETING OF THE COUNCIL THURSDAY NIGHT.

GAS COMPANY HAS PROTEST

Annexation of Scotland Addition Was Passed to the Final Reading.

Ohio and Indiana from the end of the pavement to the beginning of the Oil Field Highway to the Burkhardt and Wag, one fields will at once be regraded and oiled and put in a condition similar to that of the highway, following decision that effect at the Thursday night session of the council. The matter was brought to the attention of the council by W. M. Fridy, chairman of the central committee for the oil field road, and the council's decision to have the work done followed without discussion. Mr. Fridy called attention to the fact that measures had been taken some time since for improved lighting of the streets, but that nothing definite had been done since that time. The matter was passed over without action by the council.

Permit for the erection of a grocery store in the neighborhood of Grace and Elizabeth streets in the Southland addition, contested at two previous meetings of the council, was finally granted to L. M. Nance, who convinced the majority of the council that he had obtained the permission of three quarters of the adjoining property owners. Mayor Marlow casting the deciding vote on the matter.

Protest against the increased assessment of the property of the North Texas Gas Co. to \$150,000 from \$42,500 was lodged before the council by F. M. Kenney, local manager of the company. Mr. Kenney stated that his protest was not based on increased valuation given the real estate of the company, but argued that the new valuation of the lines and equipment of the company was excessive. The matter was taken under advisement.

The annexation of Scotland was passed on its final reading, as was the ordinance permitting the installation of a spur track to the property of the Wooten Grocery Co. at Thirteenth and Scott. Permission for the installation of a temporary spur was also granted the Denver in the neighborhood of their new freight and office building between Sixth and Seventh. Permission for the erection of several sheet iron garages in the fire limits was withheld by the council.

Members of the council at last night's session were: Mayor Marlow and Aldermen W. S. Curless, M. A. Bundy, Dr. J. F. Reed and T. M. McFall. City officials in attendance included: J. W. Walkup, city clerk; J. F. McClure, fire chief; John A. Donald, city engineer; R. C. Goodfellow, assistant police commissioner; Fred K. Smith, police chief; H. D. Henderson, city tax collector and assessor; Ralph Mathis, city attorney; Dr. A. H. Douglas, city bacteriologist and Dr. G. H. Allen, city veterinarian.

COMMISSION IS EXPECTED TO ORDER NEW VALLEY TRAIN

HEARINGS IS HAD ON APPLICATION FOR ADDITIONAL SERVICE.

ORDERED SOME WEEKS AGO

At That Time Company Pleaded It Did Not Have Necessary Equipment.

Although the decision of the railroad commission was not announced at the adjournment of their hearing in Austin, it is confidently expected that the additional passenger train on the valley between Wichita Falls and Stamford will be ordered by the commission, but the case was reopened on the request of the railroad administration. The railroad officials hurt their case by shifting their defense at the second hearing, and shifting to a defense which was readily refuted through the testimony of the officials themselves, said Mr. Cox.

Short an Equipment. "The position of the railroad at this hearing was that they did not have sufficient power or equipment to give this service, but it was proved that they did have sufficient equipment by the testimony of one of the railroad officers on the stand.

"At the former hearing, the defense was that there would not be sufficient traffic to justify such service, and that the train would be operated at a loss, but it was proved at this hearing from the reports of the railroad company that such a service would clear a profit above operating expenses."

The decision of the railroad commission may be expected right away, and notification will be given all parties, those present at the hearing were told by the commissioners.

Leave Before Midnight. The new train is expected to leave Wichita Falls at some time before midnight and make the run to Stamford in about seven hours. The other train will leave Stamford at about the same time, arriving here early in the morning. The train will carry two sleepers.

This train is expected to afford a very valuable service, both to Wichita Falls and the people in the Valley towns, permitting them to come to Wichita Falls, have the day for the transaction of business, and return on the same day. Representatives of the points affected by the new service, in addition to Mr. Cox, who presented Wichita Falls, included: R. L. Fentick and Homer D. Wade of Stamford; W. J. Cunningham of Abilene; and Ed P. Byars of Fort Worth, traffic representative of the West Texas chamber of commerce.

Representatives of the Denver and Valley railroads included J. H. Barwise Jr. of Fort Worth, vice president and general manager of the Denver and Valley roads; Robert Rice of Denver, general manager of the Colorado Southern; S. A. Covington of Fort Worth, acting general superintendent

SWIMMING POOL AT CITY PARK IS OPENED

Today at 8:00 p. m. the Huff McGregor Park's municipal swimming pool was opened to the public, the only admittance necessary being a bathing suit and "good behavior," according to the proviso of the council. The city council at its Thursday night meeting made arrangements for the opening today. Mayor J. B. Marlow and Alderman J. W. Brantley were deputized to make the speeches at the opening.

MASHER FINED \$10 IN POLICE COURT TODAY

Judge Ogil in police court was not in a lenient mood Friday. A masher who pleaded his own case, was convicted on the evidence of two girls he had molested in a theater. A \$10 fine was imposed.

This individual has a new system for mashing the "foot system" it might be called, for he uses his hands, so the girls testified. The man denied his guilt and ardently pleaded for his liberty, but to no avail.

Texas Man Treated For Cancer

Col. W. A. Poage, Member of State Legislature, After Giving Up All Hope, Says He is Cured.

The recent death by cancer of an intimate friend caused Col. W. A. Poage, 180 Lyle avenue, Waco, Texas, member of the Texas Legislature to make the following statement:

"I feel that I am permanently cured of my cancer trouble. In August, 1917, I came to your place in Kansas City, suffering with a bad cancer on my face. I had almost given up all hope, for I had been treated by some of the best doctors in Texas, and had grown steadily worse under their treatment. I suffered a great deal of pain. Two weeks after you began to treat me, I grew better, and in three months felt that I was entirely cured. The day I went to you was the best day of my life."

The above was written to Dr. O. A. Johnson, suite 560, 1324 Main street, Kansas City, Mo., the physician who treated Col. Poage so successfully. Dr. Johnson is perhaps the best informed man in the United States today on cancer. He conducts a large institution for the treatment of cancer, in connection with which is also maintained a laboratory for scientific cancer research. Thousands of cases have been investigated and treated in the past twenty years. This treatment is entirely non-surgical. Purely medicinal measures only are employed; that is, external applications to destroy the cancer and internal medication to purify the blood.

Dr. Johnson has published a most interesting book called "Cancer Truths," being a statement in treating cancer. This book will be sent gladly to any cancer sufferer, or if you have a friend afflicted with that disease, get the book for him. Simply address Dr. O. A. Johnson, Suite 560, 1324 Main street, Kansas City, Mo.—Adv.

for the court has become more or less absurd, where members are appointed, and where no money is paid. Two members were appointed.

reckless driver was fined \$25 while a dozen or more other offenders, ranging from the vagrant girl who has come down the sidewalk path, to the daily breakers of the automobile laws, were fined.

Two men were fined for breaking the law. One was fined \$10 and the other \$25.

Two men were fined for breaking the law. One was fined \$10 and the other \$25.
