BOSTON STRIKERS VOTE TO RETURN TO WORK

LEAGUE OPPONENTS FINDING MUCH ENCOURAGEMENT IN THE STATEMENT MADE BY BULLITT

TROPICAL STORM CLOSE TO THE EAST LOUISIANA COAST

WASHINGTON, Sept. 13.—The tropical storm is now close to the Louisiana coast and apparently maintaining northward movement but with evidences of recurring, the weather bureau announced this morning. It will cause dangerous easterly gales over east Louisiana and southern Mississippi and strong easterly winds in western Alabama and extreme northwest Florida beginning this afternoon. The winds will shift to southeast and south by Sunday morning.

STORM APPARENTLY CENTRAL THIS MORNING

GALVESTON, Sept. 13.—The barometer reading at Galveston this morning was 29.79 inches, the wind was from the north at 23 miles an hour and weather, partly cloudy.

The collector of customs received a telegram from the weather bureau in Washington dated 9:20 a. m., which says "storm apparently central this morning near extreme eastern Louisiana coast. Will not strike Galveston."

BAROMETER READING DISPOSES OF ALL FEAR

HOUSTON, TEX., Sept. 13.—Barometer reading here at 7:00 a. m. 29.81. The rise noted from lower readings Friday afternoon is regarded as indicating a strong possibility of the tropical disturbance striking in this direction, according to the local government observer.

TROPICAL DISTURBANCE IS MOVING NORTHWARD

NEW ORLEANS, Sept. 13.—The tropical disturbance is moving northward into Louisiana west of the mouth of the Mississippi River, according to an advisory warning issued at 1:15 o'clock this morning by the local weather bureau. Dangerous easterly gales, probably reaching hurricane force Saturday afternoon, might change to westerly on the west and southerly on the east coast Sunday morning were predicted. Tides will be high and squalls probably should be expected in Southern Louisiana. It was stated.

The warning was interpreted as meaning that while the storm was apparently certain to reach the Louisiana coast it would not be felt in New Orleans until probably early Sunday morning.

A 40-mile wind was reported at 7:00 a. m. at Hurwood, near the mouth of the Mississippi River. The barometer there was 29.60, a fall of 10 points since last night. Tides were reported high, the sky cloudy and rain at 7:00 o'clock; died down to a dead calm at 7:30 and at 8:00 o'clock had increased to 14 miles an hour from the east.

Passengers writing this morning from gulf coast points reported high tides.

The road to Spanish Fort from New Orleans was covered with water early today, when the water from the Pontchartrain sea wall.

The only vessel for which anxiety was felt today was the Northeastern Navigation Line's steamship Mexico, due Thursday from Progreso, via Merida, with general cargo and a passenger list. Steamship officials were hopeful that she put back to Merida on receipt of warning of her course was in the hurricane path.

WASHINGTON, Sept. 13.—Regarded by treaty opponents as the most telling blow delivered yet in their behalf, the testimony of Wm. C. Bullitt before the Foreign Relations Committee was the center of senatorial interest today.

"Other important developments" were predicted by one of the best informed members in the Foreign Relations Committee today in discussing Bullitt's story of the peace conference events, his account of the alleged utterances of Secretary of State Lansing and his testimony regarding the drafting of the League of Nations covenant.

Senators today were interested in what Secretary Lansing may have to say about the anti-treaty statements attributed to him by Bullitt.

While Senators were preparing to discuss Bullitt's testimony at length when the treaty debate starts next week, it was intimated that a similar report may be told to the committee by a man who was in Paris at the time of the peace conference.

There was a lull today in treaty fight developments, though conversations ending to accept the agreement on reservations continued.

Senator Lodge announced that every Republican senator "is sound" on the question of the use of American troops to carry out obligations imposed by Article X. By "sound" he meant opposed to use of troops except by congressional authority.

He is personally discussing the form of reservations with each Republican senator.

Lodge said absence of Senator Johnson of California on a speaking tour may make it necessary to ask for delay in the ratification of the proposed amendment to the treaty, equalizing American and British votes in the league. This is the first amendment and probably will be reached Monday.

Senator Borah who also wishes to speak on it, is away from Washington, as well.

GENERAL PERSHING AIDS AT TREE PLANTING IN CENTRAL PARK.
PHOTO BY R. T. PHILLIPS, N.Y.H.

The school children of New York, fifty thousand strong, paid their tribute to General John J. Pershing in the Sheep Meadow in Central Park with all the ardor and flaming enthusiasm of youth. Compared with the many ceremonies and orations that have been given in foreign countries and in New York in honor of the great American general, that gathering in Central Park, without a suggestion of pomp or military display, might have seemed tame to some men. But General Pershing proved that above all else he has not lost his human touch; that the heart of the warrior had lost none of its warm responsiveness to the appeal of childhood. Not since his return to this country has he been so demonstrative in acknowledging the orations of his grateful countrymen. It seemed that for the moment the soldier gave place to the father who, throwing aside all military regulations, stood there on the platform throwing kisses to the sea of radiant faces that stretched out before him on all sides. Nor were those caresses perfunctory salutes. It seemed as if a bit of joyous fervor of the whole American Army flashed out with each one of those kisses. On his way out of the park the General stopped at the eastern edge of the meadow and surrounded by Boy Scouts, he planted a maple tree to commemorate the occasion.

PRESIDENT CARRIES FIGHT TO CITIES OF THE PACIFIC COAST

PLUMB TO APPEAL FOR SUPPORT OF MINERS FOR PLAN

By HUGH BAILLIE
(United Press Staff Correspondent.)
ABOARD PRESIDENT'S TRAIN
Approaching Tacoma, Wash., Sept. 13.—President Wilson today carried into the cities of the Pacific coast his campaign for ratification of the peace treaty.

He plans called for a speech at Tacoma this morning, leaving Tacoma at noon for Seattle, where he was to review the Pacific fleet at 3 p. m. After a public dinner at the Hippodrome in Seattle at 7 p. m., the President intended to speak at the arena. He will spend Sunday in Seattle, departing at night for Portland where he is due early Monday.

Wilson was looking forward to meet Republican Secretary Daniels at Seattle, the first opportunity they have had to confer since the navy secretary left Washington to review the Pacific fleet upon its arrival on the west coast.

At Spokane yesterday the President said the Republicans first suggested the league; that Republicans should be for a war, as if anxious not to lose the presidential campaign he put out of mind when the League is under consideration.

The President deeply appreciated the rousing welcome he received in Spokane was shown in his smile, which was more in evidence than it has been during the past few hectic, hectic days and in his manner, which became more buoyant and enthusiastic. He appears to respond more quickly to a hearty greeting.

There were no speeches scheduled last night but many saw the President at small stations where he always came for a wave, as if anxious not to disappoint any gathering, however small. During the night the President's special crossed the Cascade mountains and when the clouds broke occasionally there was a moonlight scenery which was keenly appreciated by members of the party.

Gifts for Mrs. Wilson, many gifts that the perishes are distributed through the train with her compliments. A huge box of candy was the heaviest ever known for a world series.

Over 25,000 applications for seats were filed Friday when the club made its official move toward accepting ticket requests.

There is considerable grumbling about the prices to be charged, which are the highest ever known for a world series.

In addition Gary Herrmann has announced the club will buy back any tickets the fans are unable to use.

added: "I hear they are building a dam down south to be called after me. I'm glad it's not the biggest, but I would like to be sworn by, but not in that way."

A Sandy Land.

The crowd laughed again and then the President engaged in repertory with several old codgers. One man said they didn't need rain to grow crops there. "It's a sandy land," remarked Wilson.

"Yes," said the man, "we have to have a lot of grit to live here."

A whickered individual informed the President that "we have the longest growing season here in the state."

"I guess that's why you raise so many kids," said Wilson.

VIOLENT EARTHQUAKE REPORTED IN GERMANY

COPENHAGEN, Sept. 13.—A violent earthquake occurred at Edinger, a town in Wurttemberg in Germany, Wednesday night. It was reported here today. No details were received.

SENATOR JOHNSON OPPOSED LEAGUE IN ST. LOUIS SPEECH

ST. LOUIS, Sept. 13.—The outstanding question in the League of Nations controversy is whether the United States will do her duty as she sees it, or whether she will subject herself to the will of Great Britain and Japan. Senator Hiram W. Johnson of California declared in an address here last night.

The Californian, trailing President Wilson through the middle West, presenting arguments in opposition to ratification of the League of Nations covenant, was given an 18 minute ovation when he appeared on the platform of the Coliseum, the largest auditorium in the city. The large hall was packed before the Senator arrived, and hundreds were turned away.

Senator Johnson is scheduled to speak in Kansas City tonight.

GEN. PERSHING HAS HEADQUARTERS AT WAR DEPARTMENT

WASHINGTON, Sept. 13.—General John J. Pershing today re-established headquarters of the American expeditionary forces at the war department where more than two years ago he took up a task the results of which astonished the world, to him brought fame and to his country undying glory. General Pershing was welcomed upon his return to the national capital yesterday with a fitting demonstration of gratitude to the man who led the American arms to victory in France. At the headquarters where they began General Pershing and his staff will wind up the affairs of the greatest force of overseas operators ever organized in the history of the world.

Appropriate to the occasion of General Pershing's return to Washington a resolution proposing the gift of a sword to the ranking officer of the American expeditionary forces has been given right of way for consideration in the House today. The resolution which tends the thanks of the American people and the congress to General Pershing and the men of the American expeditionary forces would appropriate \$10,000 for purchase of the sword.

MAKE BIG PROFIT ON GOVERNMENT GOODS

CHICAGO, Sept. 13.—Profits up to 30 per cent were made by Chicago wholesale jobbers and grocers on government canned food. It was disclosed in an investigation by the citizens commission today.

The canned goods were held in warehouses until the shortage was greater and labels changed for those higher priced brands. It was charged.

DEMAND FOR TICKETS HEAVIEST EVER KNOWN

CINCINNATI, O., Sept. 13.—Although Cincinnati fans do not fancy paying \$5 a seat for seats in the grandstand at Redland Field during the coming world series, and \$3 a throw to sit in the sun in temporary bleachers to be erected at the park, the demand for tickets is the heaviest ever known for a world series.

Over 25,000 applications for seats were filed Friday when the club made its official move toward accepting ticket requests.

There is considerable grumbling about the prices to be charged, which are the highest ever known for a world series.

In addition Gary Herrmann has announced the club will buy back any tickets the fans are unable to use.

CALL FIELD TO BE FINALLY CLOSED ON FIRST OF OCTOBER

FORT WORTH, Sept. 13.—Major Edgerly, commanding Barron Field, was advised today that the congressional committee inspecting air fields would arrive soon at the local field. Their trip will determine the future of the Texas fields. Call Field at Wichita Falls will be finally closed October 1, and the planes sent here. Carruthers Field, another of the local fields, was closed this morning.

ISSUE NOT SETTLED, HOWEVER, AS IT IS POSSIBLE POLICEMEN MAY NOT BE GIVEN POSITIONS

BOSTON, Sept. 13.—Police Commissioner Curtis today announced that the police deserter by striking policemen were vacant and that he could proceed to fill them.

BOSTON, Sept. 13.—Decision whether the striking policemen in this city should return to work rested today with Governor Coolidge and Police Commissioner Curtis. In response to a telegram from Samuel Gompers, president of the American Federation of Labor, the policemen's union voted last night in favor of resuming the work provided the authorities would agree to the suggestion of Mr. Gompers that the matter of their union affiliation be left to the state.

After a conference on the labor situation called by President Wilson on October 6, the resolutions as adopted by the union called for the reinstatement of 19 patrolmen who were suspended for violation of the department rule forbidding material in outside organizations and whose suspension was the immediate cause of the walkout last Tuesday afternoon.

Conference Today.

Governor Coolidge had left the state house when word came of the action of the union but it was said that a conference had been arranged with labor leaders today and that the situation might be considered at that time.

In a statement yesterday the Governor said that he considered the walkout as a desertion of duty rather than a strike and that he could think of "no conditions under which the men should be taken back." He said, however, that the matter rested with Police Commissioner Curtis.

General Strike Support.

A general strike in support of the police was still a possibility today. Several unions affiliated with the central labor union met last night to vote on the question of going out but in most cases action was postponed to await the outcome of the suggestion of President Gompers. The telephone operators put the question over until next Tuesday.

State guard troops continued to patrol the streets in conjunction with volunteer policemen and loyal members of the regular force. There was no repetition during the night of the rioting and looting which marked the first 48 hours of the strike and only five arrests were made for minor offenses.

BOSTON, Sept. 13.—Attorney General Bruce Wyman is preparing for Police Commissioner Curtis an opinion on the legal points involved in the strike of the policemen here and it is expected to determine whether the strikers will be permitted to return to the city's employ.

On this question it is expected, will rest the course of the state regarding the request of the strikers that they be reinstated while continuing their affiliations with the American Federation of Labor pending the outcome of the labor conference at Washington, October 6, when all matters affecting the relations of workers and employers will be considered.

Briefly the point at issue is whether a member of the Boston police department is an employee in the sense of his affiliate with other employees may not be prohibited legally by rules of the department, or an officer of the state amenable to its laws and rules governing public officials.

Governor Coolidge received Frank H. McCarty, representing the American Federation of Labor, and other labor leaders this morning. The message to the Governor from Mr. Gompers already made public, reached the state house this morning.

STRIKERS VOTE TO RETURN TO WORK

A woman and a man were shot at the corner of Boylston and Tremont streets this morning during an attempt of the state guard to make looters move on.

The man was killed and the woman wounded in the knee. The man had engaged in an argument with one of the state guards who was trying to clear the street entrance to the subway. The state guard with fixed bayonets dispersed the quickly gathering crowd.

CONSUMPTION OF COTTON IN AUGUST SHOWS A DECREASE

WASHINGTON, Sept. 13.—Cotton consumed during August totaled 602,536 bales, exclusive of Lintex, the commerce department announced today, as compared with 524,973 bales consumed in August, 1918. In cotton growing states the consumption for August was 278,725 bales as compared with 296,356 bales for the same month last year. Lintex consumed during August 1918, totaled 81,171 bales, as compared with 101,259 bales for August, 1918.

Spindles active during August were 34,187,310, as compared with 33,691,306 in the same month last year.

Other cotton statistics announced by the department:

Held in consuming establishments August 21, 1,361,539 bales and 1,216,222 bales in August, 1918; in public storage and at compresses 1,851,095 bales August, 1919, and 1,304,590 bales August, 1918. Imported 14,070 bales August, 1919, and 115,596 bales August, 1918; exported, including lintex, 472,872 bales August, 1919, and 287,400 bales August, 1918.

Held in consuming establishments August 21, 1919, 262,656 bales and 163,661 bales in August, 1918; public storage and at compresses August, 1919, 24,064 bales and 115,596 bales in August, 1918; exported 5,186 bales in August, 1919, and 12,644 bales in August, 1918.

MURDER OF WOMAN NEAR MINNEAPOLIS MYSTERY TO POLICE

MINNEAPOLIS, Minn., Sept. 13.—Police today tried to find the motive for the murder of a woman in one of the most mysterious murders of Hennepin county's history.

Ralph LeCount, chauffeur for Charles Weston, wealthy Minneapolis man, was dropt to the Winton summer home at Lake Minnetonka to find his 17-year-old bride dead—her skull crushed, the regular police had and her body slashed with a broad knife. The couple lived in a cottage in the Winton estate—Northome.

Neighbors said they saw a man on the train about noon yesterday and later saw him drive away in an automobile. No motive for the murder was at all at the body nor evidence of a struggle. The body was discovered Friday evening.

FEDERAL GRAND JURY SENDS SEALED REPORT FROM FORT WORTH

FORT WORTH, Sept. 13.—The federal grand jury which has been investigating high prices in North Texas, sent a sealed report to the department of justice in Washington this morning following adjournment yesterday late. Official contents of the report were withheld. However, it is understood the report exercises the retailer but scores several lines of wholesalers for high prices. No profiteering indictments were returned.

NATIONAL UNION OF EMPLOYERS FORMED BY CHICAGO FIRMS

CHICAGO, Sept. 13.—A national union of employers, embodying all that the trades unions do for labor, was organized here today with Charles Piez of the Link Belt Company as chairman.

Fifteen employer's organizations in the country are represented.

The organization, when completed, will present the views of the managerial interests collectively at Washington if they are to get what is their due in the way of legislation," he said.

ROMANIAN TROOPS LOOT AN ORPHAN ASYLUM OF SHOES

PARIS, Sept. 13.—Advices of further requisitioning in Hungary by Rumanian troops were received today by the supreme council. On September 10, the reports stated, the Rumanians requisitioned 71,425 pairs of shoes from the orphan asylum at Budapest. Of these the great bulk were shipped to Rumania.

Many other cases of alleged looting were reported.

AUSTRIA REFUSES TO GRANT DEMAND MADE FOR BELA KUN

PARIS, Sept. 13. (Havas).—The Austrian government has refused to accede to Hungary's demand for the extradition of Bela Kun, virtual dictator at Budapest during the communist regime, asking for proofs of Bela Kun's arrival in Austria. He was accused of murder and theft made against him, according to Vienna newspapers. The government notes that Hungary states, it is said, that upon the bearer of 200,000 crowns.

SUPERSTITIONS OF THE SEA AS VULTURE PERCHES ON VESSEL CONVINCES CREW OF ITS DOOM

MIAMI, Fla., Sept. 13.—Many hours before the storm which sunk the Warbler Corydon in the Bahamas Channel Tuesday with a loss of twenty-seven lives, a vulture perched on the ship and perched on her spars, while a panic-stricken crew believing in the superstitions of the sea, were convinced that they were doomed.

Such is the story brought here by the crew which were 53 hours adrift on an upturned boat, battered and bruised and without food or water.

All day Sunday as the ship pursued her way in calm seas and light winds, the great bird hovered overhead.

Sunday night and Monday the Corydon staggered through the smashing seas. Monday night every member of the crew was engaged in a desperate battle for life. There was no food, as the galleys and provision rooms were flooded. Tuesday morning they lost control of the ship, the wireless apparatus was short-circuited and no S. O. S. calls could be sent out.

When the vessel went under, the Americans in the crew kept their heads and saved the lives of some others of the 26.

Third Mate Malloves told a graphic story of his battle with John Condron, a Greek American seaman, when the latter became crazed by privation and fear. "I had him all of the first day and night," said Malloves.

"He was raving crazy. He got violent and tried to draw a stiletto. I tied him to the boat then. Wednesday I became so weak I could do nothing with him and when he got a chance he threw himself overboard and was drowned."

SERIOUS RIOTS AT FIUME RESULT IN SENDING OF TROOPS

ROME, Friday, Sept. 12.—Gabriele D'Annunzio, the Italian post-aviator, arrived in Fiume from Ronchi this afternoon with detachments of green diers and arditi provided with machine guns and armored automobiles, according to reports reaching this city tonight. No disorders were reported up till late tonight. Government officials have been instructed to investigate recent demonstrations at Fiume and determine who was responsible for them.

Captain Gabriele D'Annunzio, who distinguished himself as an Italian aviator during the war, has been one of the most ardent advocates of Italian claims to territory on the eastern shore of the Adriatic. During the controversy over the disposition of Fiume at the peace conference in May and later following the resignation of Premier Orlando appeals were made to the Italian people by Captain D'Annunzio who urged that Italy fight for "last claims." Reports reaching London on Thursday stated that serious rioting had broken out between Italian and Jugo-Slav soldiers had taken place at Fiume, and that Allied units had been compelled to intervene.

DOUGHNUTS TO BE SERVED BY WORKERS IN DRIVE FOR SALVATION ARMY

Doughnuts will be served at the daily luncheon attended by workers in the coming Salvation Army Service campaign by a Salvation Army worker who saw actual service on the Western front, serving doughnuts to the combat troops, according to an announcement by B. F. Johnson, county chairman for the drive. The worker will relate some of her experiences in this work at the front. Arrangements for serving daily luncheons at the Salvation Army hall at which the committee members will render their daily reports have been made by Mr. Johnson. The drive will be started at an original plan with a dinner at the Elks club rooms on the evening of September 29.

TRADES UNION CONGRESS ENDS WITH ADOPTION OF RESOLUTIONS

GLASGOW, Sept. 12.—The trades union congress, which has been in session here for the week, ended today with adoption of resolutions reaffirming the right of free speech and protesting against the arrest and deportation of alien trades union officials for alleged connection with bolshevism. The resolutions also expressed the belief in the necessity for continuing the control of food prices. James Henry Thomas, labor member of Parliament, acting together with Robert Smillie, the miners' leader, moved an emergency resolution deprecating military rule in Ireland. The resolution was carried unanimously.

LATEST NEWS AND VIEWS OF INTEREST TO SPORT FANS

WEST AGAIN DEFEATS THE EAST IN ANNUAL SHOOTING TOURNAMENT

ATLANTIC CITY, N. J., Sept. 13.—The West again defeated the East in the inter-sectional championship during the annual shooting tournament of the Westy Hogans. The winning team smashed 2,311 out of a total of 2,400 targets. The Easterners were 20 behind.

Frank B. Wright, national amateur champion, was second high gun among the amateurs, breaking 157.

Mrs. A. D. Topperwein, of Texas, led the professionals. She clipped 187 targets.

Mrs. Topperwein led the professionals in the three day shoot, breaking 468 in the total of 490 targets.

IN LINE ALL DAY TO SECURE APPLICATIONS FOR BIG SERIES TICKETS

CINCINNATI, O., Sept. 13.—Baseball enthusiasts stood in line all day Friday at the Cincinnati Exhibition Company's office waiting their turn to secure applications for the world's series baseball tickets. More than 20,000 cards were given out before the office supply ran out.

President Herrmann announced last night that \$2 seats would be placed on sale a couple of days before each game.

TULSA PITCHERS ARE SOLD TO ST. LOUIS

ST. LOUIS, Sept. 13.—William Eayre and E. Van Gilder, pitchers with the Tulsa club of the Western League, have been obtained by the St. Louis Americans, it was announced here last night.

SQUINT AT THE SCORE.

Friday's Hero—Recruit Pitcher Wilkinson of the White Sox. He shut out the Athletics with five hits, though Connie Mack used 15 men against him.

Erickson of Washington pitched shutout ball against his former teammates, the Tigers, the Senators winning 4 to 0. Uharrity got three hits.

The Reds came from behind with three runs in the ninth and beat Boston, 6 to 5.

The Clevelanders showed their fighting spirit by pounding out three runs in the ninth and beating the Red Sox, 4 to 2.

The Dodgers broke their losing streak, taking the second of a doubleheader from the Cubs. It was better skelter affair, score 5 to 4.

Still fighting, the Giants tumbled the Cardinals off their feet by a tally of 6 to 6.

NOTICE TO PUBLIC.
I severed my connection with The Whitfield Co., Sept. 4th. My successors of the Whitfield Co. will collect all bills and meet all obligations.

ST. JOSEPH WINS THE WESTERN LEAGUE PENNANT
ST. JOSEPH, MO., Sept. 13.—By winning from Wichita Friday, St. Joseph clinched its hold on first place in the Western League, and became the assured pennant winner.

Friday's victory gave St. Joseph a five and one-half game lead over Wichita, which is in second place, with three more games to play. This season ends Sunday.

BODY IS EXHUMED IN CONNECTION WITH TRIAL OF MEXICAN

NEW YORK, Sept. 13.—At the request of Amelia Salinas, Mexican consul general here, the body of Private David Treib, Company D, 19th Infantry, who was shot and killed December 27, 1918, on the border near El Paso, Texas, was exhumed in the Mount Hebrun cemetery, Flushing, today. This was done to determine the cause of death and to provide additional evidence at the trial of Lieutenant Juan Espelid, of the Mexican army, to be tried on a charge of homicide by the Mexican military authorities at Chihuahua City.

The autopsy showed that Treib had been shot just over the left eye; that the bullet had gone through the head, fracturing the skull; that death must have been instantaneous and that whoever fired the shot must have been within four or five feet of the soldier at the time as there were powder marks on the face and forehead of the victim.

FORMER GERMAN LINERS IN AMERICAN SERVICE

WASHINGTON, Sept. 13.—Four former German passenger liners which have just been turned over to the United States Shipping Board by the naval transport service, are being surveyed with a view of adding them to the South American trade.

These ships are Aeolus, deadweight, tonnage 12,450, speed 15.5 knots; Baron De Kalb, deadweight 8,200, speed 15 knots; Baron, deadweight 11,000, speed 14.5 knots and the Princess Matulka, deadweight, 10,500, speed 15 knots.

Parts of call have not been determined, but the runs will be made from New York and probably will include Rio Janeiro, Santos, Montevideo, Buenos Aires and Pernambuco.

BORAH WOULD WRECK RATHER THAN AMEND LEAGUE OF NATIONS

OMAHA, NEB., Sept. 13.—Wrecking, not mere amendment of the League of Nations' covenant, is the proposal of Senator Wm. E. Borah. Borah left Omaha today to still further trail President Wilson, described by him last night by such terms as "dogger and fool to whom England need only make suggestions to secure compliance."

The senator spoke before a large crowd, telling it England now is building more warships than ever before and building up her army. Secretary Baker, he said, opposed universal training until the treaty appeared when he favored a standing army and reserve of 1,000,000.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

New York Cotton NEW YORK, Sept. 12.—There was considerable Southern selling at the opening of the cotton market today. First prices were three points lower to seven points higher and active months sold 19 to 18 points below last night's closing figures during the first few minutes with De-cember touching 27.87. Except for the Southern selling there was very little pressure, however, and as soon as the early order had been executed prices firmed up on covering for the week-end. Early advice indicated little change in the storm threat and the census re-port showing domestic mill consumption of 52,538 bales for August against 54,271 last year was fully up to expectations.

the 1919 domestic yield of corn had an in-creased bearing effect on corn this week and on, too, did the steel workers strike-ultimately. Compared with a week ago, corn prices this morning showed a fall of 3/8 cent to 17 cents, oats were down 2 1/2 cents to 25 cents, and provisions off 45 cents to \$1.05.

CONDITIONS IN NORTHWEST FIELD SHOW LITTLE CHANGE PAST WEEK

Conditions in the Waggoner pool and in the northwest extensions of the field show little change from reports of past weeks, the wells standing, or with casing set on the sand, waiting for the pipe line situation to improve, or for storage in creasing from week to week.

There are two abandonments reported from the outside of the Waggoner pool, the P. G. and J. S. Oil Co.'s No. 1 Roberts being reported dry, and the P. J. Lee No. 1, A. A. Morgan, also dry.

The Iowa Park district has a number of completions this week, five being dry and seven producers.

The "Rainbow's End" lease of Snider and Perkins, on the Serrien, which has grown famous because it furnished the title for the first Atwood story of Burkburnett in the Saturday Evening Post, comes up with a completion this week, belonging to Snider and Perkins, a 300 barrel well.

Completions, not previously reported from the Waggoner pool, and from the Iowa Park pool, include the following: Hart 56 Oil Company, No. 1 Elies, 300 barrels. Gulf Production Company, No. 1 Schmitt, 500 barrels. Marzay Oil Company, No. 5 Renner, 800 barrels. Marzay Oil Company, No. 4 Renner, 1,500 barrels. Marzoid Oil Company, No. 5 Vogel, 800 barrels. Penny Hare Oil Company, No. 1 Elies, 300 barrels. Texas Ranger Oil Company, No. 9 Branch, 1,000 barrels. Texas Producers and Refiners, No. 1 Renner, 1,000 barrels. Bass et al., No. 1 Waggoner, 1,200 barrels. P. G. & J. S. Oil Company, No. 1 Roberts, 500 barrels. International Texas Oil Company, No. 1 Evans, 1,700 barrels. International Texas Oil Company, No. 2 Evans, 1,000 barrels.
