NUMBER 118

FLUME OR ANOTHER WAR SAYS ITALY

Senate Strike Investigation Begins WILL REQUIRE MORE THAN A PROMISE OF CONFERENCE TO GET MEN BACK, SAYS LEADER

Government investigation of the steel strike opened in Washington today with John Fitzpatrick, chairman of the strikers' committee, on the stand. He told the Senate labor committee that postponement of the strike would have meant demoralization of the union.

Reports today showed little change in the situation, although the operators declared some men were returning to work in the Pittsburgh and Gary districts.

There were new disorders in Farrell and Clariton. In the former city one man was killed when state police raided a house from which it was alleged men were firing upon the mills.

A strike decision will be reached tonight by employees of the Sparrows Point plant of the Bethlehem Steel Company at Baltimore.

GARY, IND., Sept. 25.—Twenty-five striking steel workers were injured in a head-on collision of two street cars at the gates of the American Steel and Tin Plate plant here today. The cars, crowded with workers enroute to the mill to receive their pay collided under a subway.

Many of the injured were badly mangled, and according to the police five may die.

WASHINGTON, Sept. 25.—More than the promise of a conference with steel officials is now necessary to get striking steel workers back to the plants, John Fitzpatrick, strike leader, told the Senate labor committee today.

Fitzpatrick the first witness in the investigation, authorized by the Senate Tuesday, declared that the refusal of a conference was the cause of the strike. But the workers now will not go back until they get justice, he added.

Fitzpatrick made his statement under questioning by Senator Kenyon after he had told the committee that the steel officials took every means to prevent a meeting of their plants and declared bad conditions in the steel industry were used in preventing the securing of improved conditions elsewhere.

WASHINGTON, Sept. 25.—That an industrial armistice will result from the Senate investigation of the steel strike was the hope of members of the labor committee as hearings opened today.

Complete airing of labor grievances and of capital's fears, together with suggestions from senators, will tend to bring the warring forces to a halt, committee members said today.

Chairman Kenyon of the Senate labor committee said it is clear that the committee is making the investigation with an open mind and starts with no prejudice.

"What we want is the facts," he declared today. "We want labor leaders to feel free to tell us the whole story from their side and we want the employers to have the same privilege."

Not only organized labor, but unorganized labor will be asked to send representatives before the Senate investigation committee, Kenyon indicated. He wants to get the views of the non-striking workmen, he explained.

Later the committee may go to Pittsburgh and other steel centers.

Through investigation, Kenyon said today, the source of the grievance will be left untouched. The committee will seek facts as to the number of men organized, the number not organized, the number responsible for the strike, the number of complaints of employers and terms on which both sides would be willing to compromise.

John Fitzpatrick, chairman of the steel workers' strike committee, will be the first witness. Charges that union leaders are aiming to inaugurate revolutionary changes in management and ownership of industry under cover of a strike for higher wages and shorter hours will be put up to him by committee members.

Senators will question him as to why labor leaders refused to postpone the strike until after President Wilson's industrial conference October 6.

Hours and Wages. Long hours and small wages in the steel industry, he said, have a tendency to drive conditions in other industries "backward and downward."

"But the men don't want to go backward and downward," he said. "They want to go forward and upward."

He described early attempts of the steel companies to drive out labor unions.

"The hours are long and the wages small—below the pauper line," Fitzpatrick declared. "The campaign to push organized labor out of the industry continues relentlessly until practically every vestige of organized labor is removed. But we were determined to organize the steel industry at whatever cost."

Treatment of Labor in the Steel Industry "can not be described," Fitzpatrick said.

Senators listened attentively to his recital of attempts to prevent union meetings in McKeesport and other steel centers.

The steel companies were resorting to every effort to thwart and prevent action of labor organizations, Fitzpatrick declared.

Steel workers, Fitzpatrick said, expect to meet in a convention at its St. Paul convention adopted resolutions authorizing organization of the industry.

W. B. Rubin, representing the steel strikers, appeared with Fitzpatrick. He recited a list of union leaders to President Wilson's request for a postponement of the strike until after the industrial conference, October 6.

Samuel Gompers, according to Rubin, put the President's request before Fitzpatrick, adding that he hoped the request could be heeded without injury to the steel workers.

Fitzpatrick replied that "any suggestion of demoralization of the union" would be met with a "stern rebuff."

Today opened quietly, following minor clashes between police and strikers at McKeesport and Natrona late yesterday in which shots were fired when the state police broke up crowds.

Against the claim of the union leaders that men are slowly leaving the plants, the companies reported, an increasing number returning to work. The Carnegie plant at Clariton expected to retire another furnace today and start its 14 inch mill. From Duquesne, Homestead, Braddock and Rankin the reports were that the number of men returning today was far greater than yesterday.

President Says He's Under Bond to Mothers, Wives and Sweethearts With the Children As His Clients

By HUGH BAILLIE
(United Press Staff Correspondent.)
AUDITORIUM, DENVER, COLO., Sept. 25.—"Myphens are the knives that are being struck into this document," President Wilson declared today in a speech demanding acceptance of the peace treaty.

He made with emphasis the accusation that "outside legislative hacks" the only organized opposition to the treaty came from the same forces that favored Germany in the war.

"There is no question of reservations or amendments to the treaty, he said. The issue is flatly acceptance or rejection.

Acceptance means insurance against war, he declared "and that's the whole game."

There was a tremendous demonstration when he said he was under bond to the mothers, wives and sweethearts of America to do all possible to prevent another war in the next generation.

"The children are my clients," he cried.

Declaring the League of Nations was 98 per cent insurance against war, he said:

"That's what I went over to Europe to get; that's what I got; and that's what I brought back."

AUDITORIUM, DENVER, COLO., Sept. 25.—To the music of "Onward, Christian Soldiers," played on a great pipe organ, President Wilson, cheered by a crowd estimated at eleven thousand, entered the auditorium today to make his appeal for ratification of the peace treaty.

He spoke from a high pulpit, towering ten feet above the heads of those seated on the platform. The pulpit was adorned with a white covering upon which were the shields of the United States.

On his way to the hall, Wilson spoke a few words to thousands of school children assembled before the state capitol building.

The President started speaking at 9:54 after having been introduced by Judge Harrell White, of the Colorado League to Enforce Peace, as "the first man of the world."

A demonstration which continued several minutes, peopleumping on chairs, broke out when Wilson said he believed he had the support of the people of the United States, shouts of "You bet Woodrow!"

"We're with you, old boy," filled the air. "The cheers subsided, then broke out afresh. "You are God's chosen spokesman, thank God," shouted a woman in the audience.

Many Objections Removed.

Wilson declared that many of the objections of the treaty had been removed.

The treaty will not work, he said, unless the covenant of the League of Nations.

"I'm glad to see the issue clearly drawn," he said, asserting that the League council off-sets the six British votes in the League of Nations.

With regard to the six British votes he said:

"They have six votes in the league assembly and the assembly don't vote, so that bubble is exploded."

President Answers Treaty Objections

Wilson's answers to objections to the League covenant are in substance as follows:

1.—"The covenant says nothing in it shall be construed as giving the validity of the Monroe doctrine."

2.—"We can withdraw from the league upon two years notice."

3.—"There is nothing in the covenant to interfere with the right of self-determination."

4.—"The covenant expressly excludes interference with domestic questions."

5.—"The one American vote in the League council off-sets the six British votes in the League of Nations."

No active policy can be undertaken by the League, he pointed out, without the affirmative vote of the United States.

Talk of a "super-government," being set up over the United States by the League, the President denounced as "sheer nonsense."

American standards of action are set up in the covenant, he declared. The covenant is a promise by all the great fighting powers that they never again will resort to war without first having resorted to arbitration, delay and discussion.

If America stays out of the treaty, this country must have, the largest army in the world with huge taxes, universal conscription and a military government, "because you can't run a machine with a debating society."

More applause broke out when he confidently with wave of his hand, declared American would never stand for such a condition.

"If we don't have this treaty, labor will be regarded as a purchasable commodity throughout the world," said the President, drawing attention to the labor provisions.

"We haven't done our full duty with regard to bettering labor conditions in this country," he admitted, but added American conditions were better than those in other countries and should be extended to the world as a preliminary to general betterment of conditions.

Some men he knows? Wilson said, are very good talkers and his pleasure to hear them when they are honest and know what they are talking about. But time for debate has passed, he said. The people know what is in the covenant and refuse to be misled with regard to it.

If the treaty is turned down, America will deserve to forfeit the confidence of the world, he asserted.

"I challenge the opponents of the treaty to show cause why it should not be ratified," he exclaimed.

He said he wanted the Senate to accept or reject the treaty, not to dicker with it. "Practically all Wilson stated he believed—he was speaking for the people of the United States."

GREAT POWERS ARE REPROACHED AND THREAT IS EMBODIED IN A STATEMENT BY GEN. GARIBALDI

PARIS, Sept. 25.—(Havas)—The crisis through which Italy is passing is imputed to the great powers by General Giuseppe (Peppino) Garibaldi, in an interview printed in the Petit Parisien this morning. He reproaches them for not having given Italy all that was promised in the Treaty of London and declares it to be the intention of the Italian people to keep Fiume "even at the price of another war."

"It depends on France and England," he says, "whose populations are with Italy in the Fiume matter. Whatever should be President Wilson's answer to Italy's proposals, we will say to him that this dispute is between Europeans and must be settled between Europeans. We know the American, French and British peoples are with us in this matter."

ROME, Monday, Sept. 25.—The situation throughout Italy resulting from the uncertainty of the Fiume affair has been complicated by a strike of metal workers which has affected all factories. A general nation-wide strike is threatened which would not only tie up the industries of Italy, but also the means of transportation, including shipping.

By CAMILLO CIANFARRA
(United Press Staff Correspondent.)
ROME, Sept. 25.—With all parts of the country aroused over the tenaciousness of the Fiume situation, Italy is nervously awaiting the decisions of the crown council, which meets today for the first time since 1882.

Apparently only Premier Nitti and Foreign Minister Tittoni know the proposals which will be made for the program to suppress Gabriele D'Annunzio, but it is generally believed they will be drastic.

Nitti's adversaries assert that his resignation will solve the Fiume crisis and quiet the country.

"We are not on the verge of resolution; we are not on the verge of bankruptcy and we are not over-taken by famine," says the Corriere della Sera. "The only alarming thing in the whole situation seems to be the government's nervousness."

Governor leaders, past and present, have been invited by Nitti to participate in the crown council.

Those who will meet with the council include the former premiers Boselli, Giolitti and Orlando, General Diaz, the president of the chamber of deputies and the present of the senate.

Reports of D'Annunzio's success and popularity continue to reach Rome. A dispatch from Trieste to the Messaggero reports that D'Annunzio's forces are occupying the Dalmatian coast. Togliare is 14 miles from Fiume by land and still farther by sea.

D'Annunzio is preparing messages to the American government with regard to the Fiume situation, according to advices received here.

ITALIAN DETACHMENT OCCUPIES TOGRIE
BELGRADE, Sept. 24.—An Italian detachment with several American cars, passed the line of Demarcation and occupied Togrue, a Dalmatian city, Tuesday, according to an official statement here. A handful of Jugoslav forces offered futile resistance.

Two American warships have left Spalato for Togrue, the announcement says.

The Italian Admiral Millo is quoted as having said that American commander of the vessels that the detachment occupying Togrue was composed of wandering mutineers acting on their own initiative.

HOUSTON REPORT ON COAST WEATHER
HOUSTON, TEX., Sept. 25.—Scattered showers have occurred in the Rio Grande valley, Northwestern Texas and Western Oklahoma, but otherwise the weather has been generally fair since last week. It is somewhat cooler in the northwestern, the northern plains states and eastern cotton belt. The coolest last night in Texas occurred at Amarillo, 58 degrees at Amarillo to 72 at Galveston.

More than 300 students struck Monday when Principal R. W. Fowler announced none could enter classes until they had signed a pledge to obey the rules of the school. The students struck rather than sign.

GOVERNOR HAS RECEIVED \$99,248 FOR SUFFERERS
AUSTIN, TEX., Sept. 25.—Today's receipts of \$99,248 brought the total of funds contributed through the governor for relief of Texas storm sufferers up to \$99,248 at noon today.

SENATOR ASHURST ANNOUNCES HE IS FOR PEACE TREATY
WASHINGTON, Sept. 25.—Senator Ashurst, democrat, Arizona, in a telegram today to President Wilson declared he believed he could render the country and world "a great service by voting for the peace treaty without amendments or reservations."

Some senators have declared Senator Ashurst's position on the treaty was doubtful and administration leaders claimed a distinct advantage in the fight by reason of his announcement today.

SENATOR JOHNSON WILL RESUME TRIP
WASHINGTON, Sept. 25.—Senator Johnson of California, announced today that he would leave here tomorrow for San Francisco to resume his speaking campaign against ratification of the peace treaty with its League of Nations covenant.

TO MAKE ANOTHER EFFORT TO SETTLE THE IRISH MIDDLE STATEMENT

LONDON, Sept. 25.—The Evening Standard today announced the result of consultation by the cabinet with Viscount French, the lord lieutenant of Ireland, another attempt will be made by the government to settle the Irish question and that Viscount French will retain his office.

ORDER INVESTIGATION OF DRUMRIGHT RIOTS

OKLAHOMA CITY, OKLA., Sept. 25.—Governor Robertson today ordered the attorney general to make immediate and complete investigation of radical activities at Drumright, where Monday night's mob violence necessitated calling out state militia.

Full authority to conduct a searching inquiry was granted in the order, even to calling a special grand jury. Reports received today by Adjutant General Barrett White, of the Colorado League to Enforce Peace, in the recent riots, were made late yesterday, the report added.

OKLAHOMA BANK SAFE IS BLOWN BY ROBBERS

KREMLIN, OKLA., Sept. 25.—Covering up a two ounce bottle of nitroglycerine with paper after picking their way into the vault of the bank of Kremlin last night, made it possible for bank robbers to blow the safe and secure hundreds of dollars in currency and thousands of dollars worth of Liberty bonds and securities.

HOUSE COMMITTEE FAVORS REGULATION OF STORAGE PLANTS

WASHINGTON, Sept. 25.—Federal regulation of cold storage as an aid in reducing the cost of living was agreed to by the House agricultural committee today, as recommended by the president in his address on the high cost of living.

The committee reported a bill limiting the time that food may be held in storage to twelve months and providing that cold storage food must be plainly marked.

The secretary of agriculture is empowered to order immediate sale or seizure of food that is being allowed to deteriorate for the purpose of enhancing prices.

SAYS WILSON IS MISLEADING STATEMENT

Charged With "Misunderstanding or Misrepresentation" As To The Treaty.

EL PASO STUDENTS RETURN TO SCHOOL

EL PASO, TEX., Sept. 25.—High school students were returning to school here today, after having been out since Monday. The school board, R. L. Ratney, of the school board, announced the students must give an oral pledge of "obedience," before they could re-enter the school.

More than 300 students struck Monday when Principal R. W. Fowler announced none could enter classes until they had signed a pledge to obey the rules of the school. The students struck rather than sign.

GOVERNOR HAS RECEIVED \$99,248 FOR SUFFERERS

AUSTIN, TEX., Sept. 25.—Today's receipts of \$99,248 brought the total of funds contributed through the governor for relief of Texas storm sufferers up to \$99,248 at noon today.

SENATOR ASHURST ANNOUNCES HE IS FOR PEACE TREATY

WASHINGTON, Sept. 25.—Senator Ashurst, democrat, Arizona, in a telegram today to President Wilson declared he believed he could render the country and world "a great service by voting for the peace treaty without amendments or reservations."

Some senators have declared Senator Ashurst's position on the treaty was doubtful and administration leaders claimed a distinct advantage in the fight by reason of his announcement today.

SENATOR JOHNSON WILL RESUME TRIP

WASHINGTON, Sept. 25.—Senator Johnson of California, announced today that he would leave here tomorrow for San Francisco to resume his speaking campaign against ratification of the peace treaty with its League of Nations covenant.

INJUNCTION SUIT IS FILED BY STUDENTS OF T. C. UNIVERSITY

FORT WORTH, TEX., Sept. 25.—The faculty of Texas Christian University was apparently in full control of the campus today, for the 150 students who had been threatening to strike, announced they would leave the school but would take their case into court. However, the court papers have not yet been filed. An injunction suit was filed by the students against the faculty to allow the alleged hazing leaders to matriculate. Football practice is still suspended. The faculty has issued a statement saying the faculty would allow the alleged hazing leaders to matriculate. The students filed their injunction suit in court Monday. Judge Roy issued an order for President Waits to the university to appear in court Friday afternoon at 2 o'clock to show cause why he won't allow the student leaders to return to school.

PEACE CONFERENCE CONCERNED OVER ITALIAN SITUATION WHICH HAS NOW BECOME QUITE GRAVE

PARIS, Sept. 25.—Apparently in emulation of Captain D'Annunzio whose dramatic seizure of Fiume centered the attention of the world on the eastern Littoral of the Adriatic, other Italian leaders are expected to be advancing on Spalato and have entered Trau, important towns along the coast which have been under the control of Jugo-Slav forces. Peace Conference circles are plainly concerned over the situation which seems to have become quite grave.

Belgrade advices declare Italian soldiers have overpowered a small Jugo-Slav force at Togrue and have entered the town. It is probable that the places mentioned in Trau, about fifteen miles northwest of Spalato. Further south, there appear also to be disorders, reports from Rome indicating there is a virtual reign of terror at Ragusa, a Dalmatian town close to the frontier of Montenegro.

In addition, there are rumors that the Italians plan to restore King Nicholas to the Montenegrin throne, from which he was ousted by action of the national assembly last April. This action of the national assembly has never been recognized by the royal Montenegrin government which has maintained its headquarters near Paris for several months. King Nicholas is the father of Queen Helena of Italy.

So far as known definitely no answer to proposals made by Italy relative to Fiume has been received from President Wilson, although it is intimated in unofficial Italian circles that it has arrived. There is a disposition on the part of the Italians to reject any proposition looking to a compromise of the claim being made that the storm throughout their country can be calmed only by giving Fiume to Italy. There are hints too, that a governmental crisis may develop as a result of the situation.

General Giuseppe (Peppino) Garibaldi, who arrived here yesterday, declared "serious results would follow if Italians were not placed in a position to settle the Fiume question, according to the Italian government," he said the city is not closely blockaded and that the Italian Government was sending supplies into the city.

DO NOT CONCEAL THE GRAVITY OF THE SITUATION

ROME, Sept. 25.—Cabinet ministers do not conceal the enormous gravity of the situation and the serious difficulty, not to say the impossibility of finding a satisfactory solution to the Fiume problem. They do not want to use force against Captain D'Annunzio, wishing to avoid fratricidal conflict, and it said that this hesitation may be partly due to fact that troops ordered to obey the post's forces might refuse to obey orders.

Persuasion, it is said here, is useless without agreeing to Captain D'Annunzio's conditions—the annexion of the port of Fiume and the hinterland to Italy proper. It is asserted that if the Italian government should accept such conditions she would have against her not only her Allies but her erstwhile enemies, headed by Jugoslavs, who perhaps would already have acted but for internal troubles and the lack of a responsible man in power.

The Italian Government was the first to recognize the impossibility of expecting the Allies to acknowledge as an accomplished fact the occupation of Fiume, if they admitted of this view there would be "accomplished facts" everywhere.

The advisability of the cabinet resigning has been examined but the idea has been abandoned, since a ministerial crisis would not help to solve the problem nor is there a man available with greater authority or more energy than Premier Nitti, who is generally considered the strongest statesman possessed by Italy.

JEWISH FAMILIES CELEBRATE THE YEAR 5680 OF CALENDAR

DR. GOLDBERG IS SPEAKER AT SERVICE HELD ON WEDNESDAY EVENING.

OBSERVE NEW YEAR TODAY

Atoneinent Eve Services Will Be Held by Congregation on Friday Evening.

Fifty Jewish families of Wichita Falls are today celebrating the advent of the year 5680 by the Jewish Calendar, today being New Year's Day. Services were held this morning, beginning at 10 o'clock at the First Presbyterian Church, Dr. David Goldberg, U. S. N. here on leave of absence, conducting the services, which were very well attended. These services begin a period of special significance for the Jewish people, culminating after ten days in the Day of Atonement, October 1, which is the most sacred day on the Jewish Calendar, and which will be observed with all day services, which will be held with Dr. Goldberg officiating, and at the Presbyterian Church which has been offered the congregation who are at present without a place of worship, for these services.

Plan Synagogue.
That the Jewish people of Wichita Falls work this year to the end of establishing a synagogue and building their own place of worship, was urged as the New Year thought at both services by Dr. Goldberg. (The morning's subject was "The sacrifice of Abraham," and the rabbi drew a comparison between the sacrifice that Abraham was called on to make in offering his son, Isaac, with the sacrifices that the fathers and mothers of Israel have been called on to make in the past two years. The call was just as surely a heavenly call, he said, as the call that came to Abraham and those who answered it have been rewarded, or will be rewarded. The drawing together of the family, religiously in particular, was urged, and to this end the building of a house of worship was stressed as most important.

Dr. Goldberg Speaks.
"Reconstruction" formed the sermon subject for Wednesday evening, and Dr. Goldberg's discussion of this subject took on a peculiar significance, since he has been in the navy for two years, chaplain with commissioned rank, and is still in the service, assisting in particular with the school while the camp was filled with recruits; he recounted some very interesting experiences at the Wednesday night service.

Special music featured both services. Joe Oplona played violin numbers at both services and Wednesday evening the solo was by Mrs. Goldfarb, who sang, "O Lord of Hosts." This morning's solo was "Praise to Thee, O Glorious God," sung by Abe Schein, lately moved to Wichita Falls from Marietta, Okla.

Service Friday Evening.
There will be no more religious services until Friday evening, when Atonement Eve services will be held. The Jewish holidays begin at sunset and continue through to sunset the next day, in accordance with the customs brought down from the earliest days.

The congregation will hold a business session on Sunday, September 28, at the First Presbyterian Church, it is announced. Completion of the organization of the congregation, and further discussion of plans for building a synagogue which have been under way for some time, will form the business, it is understood.
The New Year's services this year have been successful beyond the expectations of the leaders of the congregation, who through these services have met many new Jewish families who have recently moved to Wichita Falls and they are enthusiastic over the prospects for an established synagogue and a rabbi in a short time. The services Wednesday night and this morning have also been attended by many visiting Jews, who were in the city during the holidays and were pleased to find services being held in this city. Practically all of the Jewish places of business are closed.

MISS AGNEW CONNECTED WITH REAL ESTATE FIRM

Miss Jessie Mae Agnew, for several years the director of music in the public schools of Wichita Falls, has become connected with the real estate firm of Mann & Dougan, dealers in Wichita Falls property. Miss Agnew's resignation from her school position was received with much regret by all concerned, because of her splendid accomplishments for the department during the time she was supervisor, but her ability to successfully accomplish anything she has undertaken, in this and other lines as well, indicates that she will have success in her new venture.

Miss Ione Skeen left today for Austin to enter the State University.

Fruit-Juice Essences

Jiffy-Jell desserts carry real fruit flavors in essence form, in vials.

A wealth of fruit juice is condensed for each dessert. So you get a fresh fruit dainty, healthful and delicious.

This is the new-type quick gelatine dessert—five times as good as the old kind.

Loganberry and Pineapple are two of the best flavors. Try them.

They're found only in Jiffy-Jell

POSTOFFICE DISCONTINUES THE SALE OF GOVERNMENT FOOD AND ORDERS MUST GO TO ARMY STORE

The Wichita Falls postoffice has closed its grocery department and hereafter orders for groceries and other government supplies should be sent direct to the Mail Order Department U. S. Army Quartermaster Retail Store, 611-613 West Commerce street, San Antonio, Texas, will pay Purchasers are requested to write their orders legibly and to address them plainly. Circulars have been received here containing information concerning the supplies available and the method of ordering. Among other things this circular says:

Supplies sold on mail orders will be furnished through parcel post free from any postal charges. In other words, all purchasers, whether residing in the city where the store is located or residing in any other point in the State of Texas, will pay the same price for the commodities offered for sale.

Where the money value of the articles purchased through mail order equals \$2.00 or more, the U. S. Army Quartermaster Retail Store will pay for the insurance, in addition to postage.

In all cases, where the value of the mail order supplies forwarded is less than \$2.00, they will be sent at the purchaser's risk, unless the purchaser remits sufficient funds with the order to cover the cost of insuring same.

All mail orders must be accompanied by money order, certified cashier's check made payable to the superintendent, U. S. Army Quartermaster Retail Store, San Antonio, Texas.

Personal checks will not be accepted unless certified, nor will post office stamps be received in lieu of cash.

Caution. On account of the probability of loss, currency or specie should not be sent through the mail unless registered.

As the various items of surplus army supplies are limited, the Superintendent, U. S. Quartermaster Retail Store, has set aside only a very small percentage for the local sales; therefore, out-of-town purchasers will be given every opportunity to procure their share of all the commodities which will be enumerated on the lists sent out, from time to time.

Where it is impracticable to furnish any articles called for on mail orders refund will immediately be made in the form of U. S. treasury check for the full amount of articles not supplied.

Sales of subsistence stores will be limited to \$15 per week to any one family until surplus supplies are exhausted. Sales of other articles will be limited as per attached list.

These sales are intended for household use only and all supplies so purchased should not be resold.

Price lists, showing cost of each item and maximum quantities that may be purchased, are inclosed herewith.

As other commodities become available, supplemental lists will be furnished you from time to time, with the request that they be given publicity.

Among the supplies that are now available are the following:

- Two blankets, cotton, \$3 per pair.
- Two blankets, wool and cotton mixed, \$5 each.
- One broom, corn, 40c each.
- Two drawers, wool, heavy, winter, \$1 per pair.
- One gas mark (used) the kind used by our army in France, \$1 each.
- One pair gloves, Jersey, knit, 20c per pair.
- One handle, pick "railroad," 21c each.
- One helmet, steel (new) the kind used by our army in France, \$2.10 each.
- One kettle, camp, with cover, 80c each.
- One larist, 65c each.
- One pair leggings, foot, 75c per pair.
- One pick, "railroad," 70c each.
- One shovel, "D" handle, \$1 each.
- Two pair socks, wool, heavy, 45c per pair.
- Two undershirts, wool, winter, \$1 each.
- Two undershirts, winter, fleeced lined, 60c each.

The following meats and groceries also available:

- Bacon, issue 13 lbs., \$4.15 per can.
- Beef, corner No. 1, 25c per can.
- Beef, corner No. 2, 35c per can.
- Beef, corner 8 lbs., \$1.75 per can.
- Beef, roast No. 1, 25c per can.
- Beef, roast, 6 lbs., \$1.90 per can.
- Beans, backed No. 1, 4c per can.
- Beans, stags, No. 2, 9c per can.
- Peas, No. 10, 40c per can.
- Beans, dry, 6 lbs., 9c per lb.
- Corn, sweet No. 2, 5c per can.
- Flax, extract, lemon 2 oz., 33c per can.
- Cinnamon, 1/4 lb., 7c per can.
- Cloves, 1/4 lb., 14c per can.
- Flour, issue, 100 lb. bags, \$6 per bag.
- Ginger, 1/4 lb., 7c per can.

- Peas, green No. 2, 9c per can.
- Pepper, black 1/4 lb., 9c per can.
- Pumpkin, No. 2, 6c per can.
- Rice, 1/4 lb., 10c per can.
- Tomatoes, No. 2 1/2, 9c per can.
- Tomatoes, No. 10, 33c per can.

SUIT FOR PARTITION OF PARTNERSHIP FILED

Suit for the partition of partnership has been filed in the Thirtieth district court by W. L. Hawkins vs. Guy S. Weather et al. The partnership consists of extensive oil holding in the Burk Burnett field.

Other suits filed include: R. R. Lafferty vs. Harrison and E. A. Dale and W. H. Ferguson, a suit for debt.

U. S. Clarke vs. E. M. Foster, debt, transferred from the 75th district court.

E. Rockhill vs. C. D. Chamberlain and the Wichita State Bank, garnishment, suit dismissed by plaintiff's counsel.

Triangle Sales Co. vs. the Power Oil & Refining Co., suit for damages for the sum of \$7,775.00 alleged to have accrued through the sale of petroleum products.

In the 75th district court a jury returned a verdict in favor of the defendant in the suit of G. F. Taylor vs. the Fort Worth & Denver railroad for damages.

Y. W. C. A. RECEIVES GIFTS FOR ROOM

Gift of several vases which add to the attractiveness of the Y. W. C. A. recreation room has been made by Mrs. J. W. Culbertson. The appreciation of those who use the rooms, and of the recreation secretary, Miss Clark, are given Mrs. Culbertson for her thoughtful gift.

THE DAILY FASHION HUNT

This hat of pearl gray velvet shows the thickened brim to be lauded later.

MORE THAN HALF OF SALVATION ARMY QUOTA SUBSCRIBED

With several of the committee reports not yet in, and the formal opening of the statewide campaign yet several days off, more than half of Wichita falls' \$12,000 quota to the Salvation Army home service drive has been subscribed according to reports for the first day and a half of work rendered at the luncheon of the Rotary club today, the total subscription to date being \$6,847.75. Today work realized a total of \$2,164.25, \$346 having been secured through the first day's work.

Dr. C. R. Hartook's team was first on the amounts secured the second day, reporting \$682.50 additional subscriptions, with N. H. Martin's team second with \$625 and Orville Bullington's team third with \$517.50. Team reporting additional amounts, desired by captains, are as follows: McFall \$50.00, McGregor \$45.00, J. J. Bridwell \$200, Weeks \$255, H. H. Lira \$413 and T. B. Smock \$200.

SOCIAL NEWS

Y. W. C. A. RECEPTION FOR TEACHERS VERY SUCCESSFUL

Wednesday afternoon the Young Woman's Christian Association entertained with an informal reception in honor of the teachers of the Wichita Falls public schools, the reception being held at the recreation room, 614 Ohio. Miss Ruth Clark, the recreation secretary, assisted by the Y. W. executive board made the arrangements and acted as hostess for this most delightful event. The recreation room was beautifully decorated with roses and other flowers in profusion. Refreshments of punch and cake were served and an informal delightful hour was spent, the new teachers being welcomed and those who have served

other terms enjoying the coming together in a social way, before the resumption of the fall work. The reception was very successful from every standpoint, despite the rainy weather, and there were about one hundred teachers who attended.

COUNCIL IS EXPECTED TO DISCUSS CHARTER

Discussion of the new city charter, and its relation to many of the planned activities and extensions of the city departments, is expected to be a feature of tonight's session of the city council.

Immediate steps to purchase the present water system, by the city is

expected to follow the adoption of the charter, Mayor Marlow announced today.

Three members of the city administration, Mayor Marlow and Aldermen Reed and Weldon, are members of the charter committee.

ENJOY LAWN SOCIAL ON FRIDAY EVENING

The lawn social at the Church of the Sacred Heart given Friday evening with the Ladies of the Altar Society as hostesses, was a distinct success, financially and socially. The children enjoyed games on the lawn, while in the hall, where cream cake and candy were on sale, dancing was the order of the evening. The entertainment was well attended with the total receipts amounting to \$125.

Miss Gera Davis of Burk Burnett is the guest of Miss Helen Hines, 1913 Tenth street.

Smart Glove-Fitting Boots For Dress and Walking

The woman who is as exacting in foot style as she is in her smart dress, will find satisfaction in our new Autumn Shoes that will be pleasing to her taste.

Fine leathers and fabrics that are hand-sewn and lasted emphasize the daintiness and litheness of this fine footwear.

The Comfortable Walking Heel

Scores of women welcome the comfortable walking heel model.

It is one of several new styles which prove that one's feet can be gracefully shod and comfortable as well.

Should heed the call.

There is certainly no city in Texas to which the call of the state health officer for a clean-up as a measure to prevent another epidemic of influenza is more applicable than to Wichita Falls.

Even the most loyal and partisan of us here cannot deny that Wichita Falls is a dirty, untidy city.

One cause for this is the great amount of building now going on which makes it almost impossible to keep the streets free from dirt and debris.

Another is the congestion of traffic at all hours of the day and night that greatly interferes with the work of street cleaners.

Another reason is the scarcity of labor and teams for street work.

But explanations do not remedy the situation. The fact obtrudes itself both upon our visual and our olfactory senses that Wichita Falls is dirty and unkempt.

It is a reflection upon the resourcefulness of Wichita Falls that conditions are not improved.

In our city government applying itself to the situation with the vigor and determination that it demands? What co-operation can the business interests of Wichita Falls give?

Let us have these questions answered and something actually done to improve conditions that have too long been a reproach.

The Mexican government has announced that it will not send an exhibit to the Dallas Fair as had been planned because of Governor Hobby's recent declarations in favor of intervention in Mexico.

Governor Hobby has explained that the intervention he advocated was only of the most benevolent character being for the policing of the country and the restoration of order and disclaiming any purpose to seize territory or impair the sovereignty of the Mexican government after order is restored.

Intervention of any character, however, is hurtful to the dignity of the Carranza government and refusal to send an exhibit to the Dallas Fair is about the only means the Mexican government has for expressing its displeasure.

It seems likely that Italy will force a test of the idea of a league of nations before such a league is set up.

Italy is dissatisfied with the settlement of the Fiume question proposed by the peace conference and Italian insurgents have occupied the town and proclaimed it Italian territory.

In so doing they have disregarded the efforts of the peace conference to protect the interests of the preponderant Jug-Slav population and are defying the principles of the League of Nations when they use force to accomplish a selfish purpose.

Plainly the Italian people are not in sympathy with the league idea.

Which league is now the question—the American or National.

WORLD WAR HEADLINE HISTORY

Clips and paste this in your scrap book. WHAT HAPPENED SEPTEMBER 25 Copyright, 1919. New Era Features.

1914 Allies beaten back by Germans at Noyon; Germans also advance south-east of Verdun—English admiralty orders that warships attacked by submarines must be left to their own resources—Russians capture outlying Przemysl—Vilna wins first battle in revolt against Carranza.

1917 Allies launch great offensive on western front; battle extends over 300 mile front from North Sea to the Vosges; result in doubt—Allied forces land in Gallipoli—Greece to aid Serbia if Bulgaria attacks.

1918 Combes surrounded by new Allied attack in Somme region; British and French gain on 12 mile front taking three villages—Bulgars driven back on Salonki front; Russians capture 2,000 in Dobruja—Pershing becomes a Major-General as commander of punitive expedition in Mexico.

1917 Argentine deputies vote for break with Germany—Germans in violent attack near Ypres gain foothold in British lines but are repulsed by counter attack—British strengthen new lines, resume Meinn road drive.

1918 British capture Selency, two miles from St. Quentin, 1,000 prisoners taken—French take l'Epine-de-Dallon—U. S. guns bombard Metz—Last of Bulgaria gone, forces retiring in confusion on 130 mile front; Serbs nearing Veles in rush for Uakub—British engine drivers return to work when soldiers appear to take control—Bolshevik government decrees end of reign of terror.

SOMETHING NEW IN ARCHER CITY.

A female with her nether extremities clothed in trousers visited Archer City recently and attracted the attention of Charley Martin, editor of the Archer County News and some others. Here's what Charley wrote:

While on one of our usual rounds of business and pleasure combined, we yesterday called to see our friend, Cliff C. Conner, our popular county clerk, and found him engaged in the gentle art of entertaining a lady with pants on.

It means the lady had pants on—not panties, but genuine pants, trousers, breeches or whatever you choose to call the bifurcated regalia men wear on their forked ends.

Of course Cliff had on pants; his were not nearly so pretty and cute and attractive and spell-binding as this lady's pants. Cliff's pants noticeably bagged at the knees, and did not fit him anywhere except around the belt line. Her pants, though apparently cut peg top did not bag anywhere, neither were they wrinkled.

They were in fact in superb snugg fit, and purty—gosh, them was the prettiest breeches we ever saw. And attention, and service, visible anxiety to please and anxiety to show every inch of the multi-colored, record marriage records, deed records—good records and bad records—were hers for the asking, were hers without asking.

In fact the whole office force vied with each other in anticipating her wishes—that is, all the office force save the efficient feminine portion of it, who edged back to a recess, sat down and in desperation removed their glasses. As to what else she wore besides breeches, we didn't notice. Didn't notice whether she was blonde or brunette. Didn't even notice whether or not she even had a face. But as to that and her other habiliments we can refer you to the Rev. Mr. McCarter, whose pastoral duties had called him to the clerk's office. As we were reluctantly leaving we also met the Hon. W. E. Forgy polishing his specs and tripping in the door like he had never had to go to Corpus Christi for rheumatism.

Ves Morris and Lyman Hudson were also visibly impressed occupants of a close up bald head row sitting. F. M. Fowler also sat there in seat of Cliff thought the holes in hamburger cheese were there to give it fresh air. But back to those breeches, we wish all ladies would wear them. They do not sweep up dirt and are perfectly sanitary. And we also noticed she wore leggings—nice, pretty, chic, shapely—about 5 inches around the ankle and 18 inches around the calf.

Of course the law heard of this beautiful exhibit of feminine perfection, and doubtless looking for an animated replica of Miss September Morn, and doubtless having been advised of their arresting women in Wichita Falls for appearing in public wearing breeches, they rushed to the scene, forgot their mission and became members of the constantly growing and never diminishing audience. Sheriff McDonald said he was not sure the law was being violated, and as public opinion is law in Archer City, and as public opinion—the men part of it—offered no objections, and as not a man could be found with soul so dead that he could have been induced to sign a complaint, the Hon. Sheriff would not make an arrest of such a personality on his own initiative. The Hon. Sam C. Walker, him of the dignified mien and legal trend of thought and serves the people as county attorney, was also among those present, and after giving the subject a thorough and critical examination, after pondering long in studious thought what course unbiased deliberateness, he arrived at the decision that such matters were out of his jurisdiction. In fact, he would not prosecute without a precedent, and he didn't have the precedent as he had never before been called on to prosecute a woman for appearing in public without any dress, petticoat or corset. On the lady assigned her reasons for wearing the skin-tight breeches was because in this windy country a lady could not wear skirts without showing her legs.

Rate Eat Dynamite. SAN FRANCISCO, Sept. 25.—This town is wondering whether it is in for a long series of bomb outrages. Workmen found 40 sticks of dynamite in an old sewer but over half of each stick had been eaten by rats.

Appetite for Trousers. SPRINGFIELD, ILL., Sept. 25.—Two pairs of trousers on the line. Enter cow with appetite for delicacies. Exit garments and next scene circuit court. The cow will not testify.

Was in a Hurry. DALLAS, Sept. 25.—R. T. Halley tied his handkerchief over the license number of his automobile so he could hurry home without danger of arrest. He paid \$25 fine in corporation court.

ARGENTINA PLANS CREDIT FOR EUROPE. BUENOS AIRES, Sept. 24.—Coincidentally with the request made yesterday on behalf of Germany for a \$100,000,000 loan with which to purchase raw materials from Argentina, the finance committee of the Chamber of Deputies today made public a majority report of the committee which would authorize the government to open a \$200,000,000 credit for Italy, France and Great Britain of which amount 75 per cent would be spent in the purchase of Argentine cereals. The loan would run for two years and bear interest at 5 1/4 per cent.

DENY ANY EFFORT TO INFLUENCE THE U. S. CIVIL SERVICE

WASHINGTON, Sept. 25.—Denial that any effort had been made by the Postoffice Department to influence the civil service commission in the rating of eligible appointees for postmasters of first, second and third class offices is made by Postmaster General Burleson in a letter to Speaker Gillet.

On the contrary, the department, he asserted, has observed "at all times in letter ed spirit" the Presidential order for the certification of the candidate with the highest rating.

To substantiate his statement, Mr. Burleson included in his letter a tabulation showing "conclusively that the charges so frequently made that the Postmaster General is violating the executive order is unfair, unjust and without foundation in fact."

The letter was prompted by House adoption of a resolution, calling for detailed information about the Postmaster General's appointments, after the dispute between Mr. Burleson and former members of the commission.

GREENVILLE FIRE DOES DAMAGE TO AMOUNT OF NEARLY QUARTER MILLION

GREENVILLE, TEX., Sept. 25.—After a stubborn fight, firemen checked a serious fire in the business district here early today, after it had destroyed two buildings occupied by the Hudspeth Dry Goods Company, together with the coat and suit stock, entailing a loss estimated at \$235,000. The blaze threatened other business institutions in the same block but these were not damaged seriously.

RAILWAY CLERKS AT ST. LOUIS FOR STRIKE

ST. LOUIS, Sept. 25.—Balloting to take on a union-wide strike of the Brotherhood of Railway Clerks shows 98 per cent of the St. Louis district membership) favorable, local headquarters announced today.

AGED TEMPERANCE WORKER IS DEAD

DELAWARE, OHIO, Sept. 25.—Credited with being the founder and writer of the first constitution of the women's Christian Temperance Union, Mrs. Harriet C. McCabe, aged 92, died at her home here from the infirmities of age today.

Notice. Dr. Strong now has a telephone in his residence, 1507 Tenth, number 94-1173c.

UNCERTAIN ABOUT MEXICO ACTING ON OIL LEGISLATION

MEXICO CITY, Wednesday, Sept. 24.—The possibility that the Mexican senate would act quickly on oil legislation became uncertain today as a result of the session of the upper house of congress.

Senator Juan Frias, one of the authors of the bill being considered by the senate, began the discussion for the measure out Carlos Zetina offered a proposal for the amendment of article 27 of the constitution which article nationalizes oil lands.

The motion of Senator Zetina, it is believed, will entail weeks of discussion. While the senate has taken up the oil question, the chamber of deputies has thus far failed to touch upon the oil proposals submitted by the executive branch of the government last November against provisions of which foreign oil interests have made strenuous objections.

W. E. Thomas Lbr. Co., Burkburnett, Texas, has received a car load of Cook's Paint and Varnishes, including tank paints and etc., for the oil and refining trade. 112-421c

"OUCH! THAT OLD RHEUMATISM!"

Just get out that bottle of Sloan's Liniment and "knock it galley-west!"

WEREN'T prepared for that quick switch in temperature, were you? Left you stiff, sore, full of rheumatic twinges?

You should have had a bottle of Sloan's Liniment handy—that would have soon eased up the muscles, quieted the jumpy, painful, affected part—penetrated without rubbing, bringing soothing relief.

Helpful in all attacks of lumbago, sciatica, external soreness, stiffness, strains, aches, sprains. Get a bottle at your drug store. 35c., 70c., \$1.40.

No Replacements in Twenty-Eight Months

Take a concern like the Dallas Coffin Co., of Dallas, for example. Lay up one of its trucks even a day while new tires are being applied and its transportation is hindered seriously.

In the selection of truck tires, a concern of this size figures LENGTH of service as a highly important factor. Not only as contributing more mileage, but as minimizing delay.

And because no replacements of Goodrich Truck Tires have been necessary in 28 months of hard service on trucks of the Dallas Coffin Co., when the average truck owner figures eighteen months as a maximum of service from truck tires, it believes there is a big economical saving in the use of Goodrich Tires.

If you will question any Goodrich De Luxe Truck Tire user in your town you will find that he supports the Dallas concern in this regard.

De Luxe Tires save as they serve. 10,000 Miles Adjustment We sell and apply De Luxe Tires.

SPORTS

LATEST NEWS AND VIEWS OF INTEREST TO SPORT FANS

CHICAGO CINCHES 1919 PENNANT IN AMERICAN LEAGUE

CHICAGO, Sept. 25.—With the American League championship safely towed, Chicago bookies are active today, establishing the Sox team 8 to 5 favorite over the Cincinnati Reds. The final necessary victory of the Sox was a heart-breaker. The St. Louis Browns opened the engagement yesterday by driving Eddie Cicotte from the mound. The Sox demonstrated their fighting spirit with a rally in the ninth.

Several of the regular Sox players will look for the remainder of the season, letting the second stringers try their fortunes against St. Louis and Detroit in the final scheduled games.

"BABE" RUTH CONTINUES TO SMASH RECORDS IN HISTORY OF BASEBALL

NEW YORK, Sept. 25.—Babe Ruth had back numbers of all official and unofficial records yesterday afternoon when he knocked his 25th home run. It was a terrific drive over the field stands in the ninth inning of the second game with the Yankees, the first time the feat was ever accomplished.

A week ago on the Polo grounds, Ruth broke Buck Freeman's 25 home run mark and yesterday the drive that dethroned the alleged Williams mark of 27 in 1883 also shattered Joe Jackson's record for the longest hit Polo Grounds.

It will be remembered also that Babe Ruth broke Mathewson's record of 23 scoreless innings in a world's series when he blanked his opponents for 29 straight innings last fall.

JOHNSON ENJOINED FROM USING LEAGUE MONEY IN CONNECTION WITH SUIT

NEW YORK, Sept. 25.—The supreme court Justice Wagner today granted an injunction restraining Ban Johnson, president of the American league, from using any portion of the league's fund to defend the suit brought against him by the New York American league club in connection with the suspension by Johnson of Carl W. Yount, Yankee pitcher.

Justice Wagner also granted another application of the New York club for permission to file a supplementary complaint in its suit to permanently restrain Mr. Johnson and the St. Louis and Cleveland American League clubs from interfering with Yount.

SQUINT AT THE SCORE.

Yesterday's hero—Babe Ruth. He knocked a ball over the right field stands in the ninth inning of the second game and forced the Yankees to go 13 innings to win, 3 to 1. The Red Sox won the opener 4 to 0.

Dick Kerr started a ninth inning rally with a single and Joe Jackson followed suit, giving the White Sox the American League pennant with a win over the Browns, 6 to 5.

The Tigers spoiled Cleveland's run of 10 straight victories and ruined their chances for the pennant by beating the Speaker bunch, 4 to 1.

The Dodgers took a pair from the Phillies, 4 to 1 and 14 to 7.

The Giants beat the Braves, 6 to 2, in the opener but lost the second in 10 innings, 3 to 2.

ACCOMPLISH GOLFING MARICLE WEDNESDAY

NEW YORK, Sept. 25.—A golfing miracle was recorded yesterday at the Forest Hills Field Club in New Jersey when George Stewart and Fred Steppinger halved the 18th hole in one. Stewart teed off first, hitting an iron shot for the hole 145 yards away and watched his ball trickle into the hole. Then Steppinger stepped up and drove off. His ball dropped upon the green and after a short run clicked against the back of the cup and fell into the hole for an "eagle" one.

NOTICE TO AUTOMOBILE OWNERS

THE CITY AUTOMOBILE PAINTING COMPANY

A partnership composed of Jerry Luchus, John Goughie and Mr. G. O. Duncan is now open for business on the third floor in the Friddy Building, on the corner of Tenth and Scott Streets, and we are ready to take care of all classes of work in this line of business. Mr. Luchus, formerly a member of the Luchus & O'Daniel Automobile Painting Co., and who is thoroughly acquainted with the automobile painting business, will be business manager, and will appreciate the business of his former customers and solicits their support in obtaining new ones.

Messrs. John Goughie and G. O. Duncan, who also have had years of experience in this line of business, will be in charge of the painting department, and will give their personal attention to all work.

CLEVER BOXERS MAY BE MATCHED SHORTLY

Efforts are being made to match Benny Leonard and Ted ("Kid") Lewis in a return fight. Both of the boys are anxious, and it is more than likely that some promoter will come along shortly with a reasonable offer for the clever lads.

MORAN NEED DOFF HIS CAP TO NO BASEBALL MANAGER ACCOUNT PITCHING STAFF

By HENRY L. FERRELL. (United Press Staff Correspondent.)

NEW YORK, Sept. 25.—Eddie Collins and company may outline the Red field and the stock of the White Sox outfield may have points to spare in advantage over the National League gardeners but when it comes to pitching staffs Moran need doff his cap to no one.

In Sallee League, Ruether, Fisher and Eller, he has a crew of pitching experts that rank among the six leading hurlers of the national League. It is a combination that has won eighty games for him this year.

Gleason may have to concede quantity to the Red leader but when it comes to quality he does not have to grant an inch of superiority. Eddie Cicotte and Claud Williams will give Moran best a run for the money. This pair of "iron men" carried the White Sox through to fifty-one victories. They came through a terrific season when all the wise ones were expecting them to falter under the strain.

Face Heavy Hitters.

In drawing comparison between the pitchers it must be remembered that the White Sox hurlers worked in a league that outclasses the National League in hitting strength. Gleason's men had to face an array of talent containing twenty-five .300 hitters, twenty of whom have higher marks with the stick than the leading N. L. swatter, Moran's pitchers had a comparatively easier job of just twelve .300 hitters, all under .255.

ment this season, James is erratic. Lowdermilk is unreliable and Wilkinson is just a recruit from Columbus, who is rated as being ready for fast company.

How Eller, the no-hit king, is one of the best right handers in the National League. He is a graduate of the famous Moran school of control and will no doubt get a chance to start a game for the Reds.

Then Moran has Luque, an occasional worker; Jimmie Ring, the king of hard luck hurlers; Ray Fisher and Rube Bressler, who worked most of the season in left field.

The Reds have a wonderful pitching staff and it will need to be wonderful to stop the attacks of the Gleason defense.

Denies Frame-up in the Western League.

TULSA, Okla., Sept. 25.—Spencer Abbott, manager of the Tulsa Western league club last night denied all knowledge of any "frame-up" between Tulsa "authorities" and members of the Sioux City club for the purpose of assisting Tulsa to finish the season in second place, as charged by President Harry Zell of Sioux City in a dispatch last night.

Embargoes on paints and varnishes do not worry us; we just received a car load from Cook's Paint & Varnish Co. Tank paints and etc. for the oil people. Service. W. E. Thomas Lbr. Co., Burke. 113-421c

THE PANGS OF RHEUMATISM

Cannot Be Rubbed Away With Liniments.

This is a typical case, and everyone who has had the slightest experience with rheumatism will continue to suffer and grow worse until they are finally practically helpless, unless they realize that the disease must be combated at its source. Rheumatism is often a diseased condition of the blood, the disease attacks the body through the blood, hence the system can be rid of its pains only after the blood has been cleansed of the germs of the disease.

You who are afflicted with this most painful disease—who know from experience just how excruciating its pangs are—get this fact fixed firmly in your mind, and it will aid you in finding a way to a complete recovery. Rheumatism cannot be rubbed away with liniments—its pains and pangs cannot be wiped out as if by magic. A disease that is so full of torture and finally renders its victims so helpless, is a deep-seated one; it is not on the surface, hence it cannot be reached by external surface remedies. This is no theory, for your own experience doubtless has shown you that you can never expect to rid yourself of the disease in this way.

For the chances are that you, like thousands of other sufferers, have been misled into the hope that liniments, lotions and other applications would cure your rheumatism. But what has been your experience? The pains possibly have been lessened for the time being, but have they not promptly returned, often with increased severity, and are you really any nearer a cure than before? You certainly are not, and you never will be as long as you rely upon treatment that at best is merely a makeshift.

See what Mr. J. L. Agnew, of Mt. Vernon, Ohio, says of what S. S. S. did for his rheumatism:

"For ten years I was badly afflicted with rheumatism, the pains in my knees, legs and ankles being unbearable. I tried various remedies without results, until a physician advised me to use S. S. S., stating that the disease was in the blood. After taking a few bottles the pains and soreness were greatly lessened. I continued this medicine until all pain, soreness and inflammation were gone and I was completely cured."

J. J. AGNEW,
606 E. Gambler street, Mt. Vernon, Ohio.

S. S. S. is without question the most thorough blood medicine ever made, and it cleanses the blood of every impurity and disease germ. That is why it seldom fails to give satisfactory results in even the severest cases of rheumatism. Being purely vegetable without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood all impurities, acting as a tonic to the entire system at the same time. It has been in use for more than fifty years and thousands of sufferers from rheumatism give it unstinted praise.

You are invited to write our medical department for full information and advice about the treatment of your case, for which no charge is made. Address Swift Specific Co., 27 Swift Laboratory, Atlanta, Ga.

SENATE STRIKE INVESTIGATION ON

In operation after the strike went in to effect closed today.

Henry Kaiser, strike leader in the Cleveland district, said the closing of the Otis unit added 1,000 workers to those already out.

Kaiser and other union leaders pledged themselves to maintain peace and asked Mayor Davis to continue his policy of keeping out strike breakers. Davis promised to do so.

ELEVEN MILLION POUNDS OF STEEL PUT ON MARKET BY THE U. S. GOVERNMENT

WASHINGTON, Sept. 25.—The department of the interior has thrown on the market about eleven million pounds of raw, partly finished and finished steel of different classes.

LITTLE DISTURBANCE IN SHENANGO VALLEY

SHARON, Pa., Sept. 25.—Barring the firing of a few shots near the north Carnegie works in Sharon last night by men apparently intent on frightening others away from the plant, there was no disturbance in the Shenango Valley in connection with the steel strike.

STRIKERS HOLD STOCK IN STEEL COMPANIES

LUX, IND., Sept. 25.—M. A. Gary, secretary of the Amalgamated Iron and Steel and Tin Workers' Union of Gary, Ind., is a stockholder in the United States Steel Corporation, which he is now fighting.

SKYLINE GAIP IN SMOKE VOLUME

CHICAGO, Sept. 25.—The skyline in the Chicago steel district today gained in smoke volume. The Bessemer plant in the Illinois steel mills in South Chicago, opened with a force of 400 men. The normal force is 500.

UNION OFFICIALS DENIED THE EFFORT OF THE STEEL COMPANIES TO RE-OPEN THEIR MILLS AS A "BIG BLOFF"

Union officials denied the effort of the steel companies to re-open their mills as a "big bluff" and that losses are firing the furnaces, to make it appear as if work has been resumed.

RUMORS PERVALED THAT STRIKEBREAKERS WERE BEING IMPORTED BUT UNION PICKETS WHO HAVE KEPT A CLOSE WATCH ON THE VARIOUS PLANTS DENIED IT.

NO SERIOUS DISORDER WAS REPORTED IN THE CHICAGO DISTRICT UP TO NOON.

TO VOTE ON QUESTION OF RESUMING WORK

YOUNGSTOWN, O., Sept. 25.—Meetings tomorrow have been called by the skilled and semi-skilled employees of practically all the large steel mills of the Mahoning Valley to vote on the question of returning to work.

VOTE TO SUPPORT THE STEEL WORKERS

BUFFALO, N. Y., Sept. 25.—Thomas Conway, secretary of the marine firemen, oilers, water leathers and coal passers' union, announced today that the vote taken by the 5,000 members of the organization and tabulated today was virtually unanimous for a strike in support of the steel workers.

SCORES OF SHOTS ARE FIRED AT EMPLOYERS

PITTSBURGH, Pa., Sept. 25.—A score of shots were fired today at the steel plant in the Clairton Steel plant and a policeman enroute to the mills. The men were carrying \$200,000 in wages to be paid workers. No one was injured.

FIRES FIGHTING IN THE REGION OF PSKOR

LONDON, Sept. 25.—Fierce fighting was in progress throughout the day yesterday in the region of Pschor, southwest of Petrograd, where the Estonians annihilated two Bolshevik regiments, according to Estonian dispatches received here today.

DEMOCRATIC COMMITTEE BEGINS MEETING TODAY

ATLANTIC CITY, Sept. 25.—The democratic national executive council opened a meeting here today at 10 o'clock. The agenda for the four-day democratic campaign will be discussed. The session will be presided over by Homer S. Cummings, chair man, and probably will continue until Saturday. Those expected to attend the meetings include Carter Glass, secretary of the treasury; Attorney General A. Mitchell Palmer; W. W. Rorer, treasurer of the committee; and George Bass, chairman of women's section.

ATTACK VALIDITY OF COTTON PACKING LAW

AUSTIN, TEX., Sept. 25.—The constitutionality of the law providing a penalty for false packing of cotton bales is attacked in habeas corpus proceedings instituted today in the court of criminal appeals by experts from Montgomery of Hunt county, who is charged with "false packing" of cotton. His petition alleges that the law is "so indefinitely framed and of such doubtful constitution that it cannot be understood."

ANNOUNCE DEATH OF A PROMINENT FRENCHMAN

PARIS, Sept. 25.—(Havas.)—Announcement is made of the death of Louis Houssier, minister of agriculture, director of Havas Agency, the semi-official French news distributing organization. He was born February 24, 1854, and was a member of the Legion of Honor and of the French Academy.

STEAMER ROSALIND REPORTED AROUND

STAMFORD, CONN., Sept. 25.—The steamer Rosalind of the Red Star line went aground off Cows Reef in Long Island Sound today. She was bound for St. John and Halifax from New York and carried 148 passengers and a crew of 40.

SUPERINTENDENT OF FT. WORTH SCHOOLS ADDRESSES TEACHERS

The address of M. H. Moore, superintendent of the Fort Worth schools, on "Responsibilities of Teachers in Character Building of Students," formed the feature of this morning's program at the Wichita Falls Teachers' Institute.

This afternoon Miss Johnnie Colbert spoke on the "State Teacher's Institute of Texas," and Rufus Bryant, who spent the summer in the University of Chicago, discussed "Tendencies in Spelling."

PROFITABLE WEEK

A profitable and interesting week has been spent by the Primary Section of the Wichita Falls Teachers' Institute and teachers in this section report a most enjoyable conference during these section meetings.

On Monday Miss Patrick Simmons, college instructor at the University of Chicago, presided over the session. On Tuesday, "Grading and Report System in Primary Grades," was the subject of discussion with Miss Kate Haynes, the chairman, and Miss Kate Burgess, leading the discussion. Wednesday Miss Frances Smith was in charge of the topical discussion which was "Music as Taught Locally in the First Four Grades." Supplementary reading for the primary grades was also discussed at this session.

HEARING EVIDENCE IN THE AMERICAN BOOK CO. CASE

AUSTIN, TEX., Sept. 25.—Taking of evidence on the application of the American Book Company of New York for readmission into Texas will co-mence in New York on October 2, announced Judge J. M. Dool, sitting at General W. A. Keeling today. This company was ousted from Texas for the violation of the anti-trust laws and is now making an effort to return to the state by a bill passed by the thirty-sixth legislature and under which the International Harvester company was readmitted.

JUDGE KEELING TOMORROW FOR NEW YORK TO REPRESENT THE STATE WHILE THE INTERESTS OF THE BOOK COMPANY WILL BE REPRESENTED BY REPRESENTATIVE MARVIN BROWN OF FORT WORTH.

Testimony will be taken before James A. Belgar, special commissioner appointed by Judge George Calhoun of the fifty-third district court.

OKLAHOMA CAPITAL TO BE FREE HOTEL FOR THOSE COMING TO HEAR WILSON

OKLAHOMA CITY, OKLA., Sept. 25.—Laboratory capital will be a free hotel tomorrow night. Governor Robertson today authorized Adjutant General Barrett to install 100 cots in the corridors for visitors unable to obtain rooms during the state fair when President Wilson speaks.

FIRE THREATENS THE SANTA CRUZ PARK

SAN JOSE, Cal., Sept. 25.—Fire threatened to sweep California Redwood Park in Santa Cruz today, according to W. G. Dool, superintendent of the park. The state forestry department has authorized the employment of all available men to fight the fires.

COAL FAMINE IS THREATENING VIENNA

VIENNA, Monday, Sept. 22.—No coal has arrived in Vienna since Saturday and more drastic fuel restrictions are being ordered and few privs to vehicles. The holding of funerals has been made virtually impossible and physicians are compelled to walk their rounds.

VIENNA, Monday, Sept. 22.—No coal has arrived in Vienna since Saturday and more drastic fuel restrictions are being ordered and few privs to vehicles.

SOLDIER OF FORTUNE HISTORICAL CHARACTER NOW AT A DISCOUNT

By PERCY M. SARR (United Press Staff Correspondent, LONDON, (By Mail).—The "soldier of fortune," once regarded as a picturesque figure—a dare-devil who organized revolutions in Central and South America, the Balkans, and the wilds of Turkestan—is at a discount. There are too many of him, and far from being considered picturesque, he is now voted a general nuisance.

The "Sunday Express" recently went further, and voted him "a renegade, an enemy of civilization, and an international criminal" deserving of short shrift and no ceremony in suppression.

Thoughtful statesmen and leaders of public opinion recognize that one of the greatest dangers to the preservation of world peace is the vast horde of adventurers turned loose on a world trying to turn from destruction to reconstruction. The break up of the Central Empires, and the compulsory reduction of their huge armies, flooded Europe with an army of jobless officers whose only profession is that of the sword. Russia, Germany and Austria are the principal contributors to this horde. Turkey and the Balkan states, now officially demobilizing, may also be held guilty of "contributory negligence."

Who are these soldiers of fortune to do? If they were numbered in tens they could probably get a congenial job in Mexico. But even the French Foreign Legion would not take a fraction of the number. If it is they are "carrying on," and are more largely responsible than statesmen and policies for the continuance of the world war, or so wars still raging in Europe.

The recent real war naturally attracted all the original soldiers of fortune from all parts of the world. You can't get a job as a soldier, you can't get a job as a mercenary, and when the armistice was signed last November, many of these enthusiasts found another opening in the extraordinary crop of desperadoes being waged in Russia and the Baltic provinces. When the British war office called for volunteers to rescue the marooned Archangels and Murmansk forces, it easily obtained all the men it wanted. The number of officers and ex-officers applying was remarkable. They were of the old adventurer type, and were so determined to get a job, that they resigned commissions wholesale and enlisted in the ranks. All the units of the relief force had bunches of privates who had commanded battalions and companies in France and elsewhere.

Were they content to stay in such units there would not be too much harm done, as they could doubtless obtain their fill of fighting, but the soldier of fortune abhors routine, and the ex-officer hunger for command. He usually obtains it in "native levies" determined to get a job, that they resigned commissions wholesale and enlisted in the ranks. All the units of the relief force had bunches of privates who had commanded battalions and companies in France and elsewhere.

All the units of the relief force had bunches of privates who had commanded battalions and companies in France and elsewhere.

POLL TAX FOR WOMEN ISSUE IN WACO COURT

WACO, TEX., Sept. 25.—Attorneys for the state in the case of Tom M. Hamilton against Lee Davis, county tax assessor, seeking to restrain Davis from issuing poll tax receipts to women, entered demurrers today in their answer contending that the legislature had a right to pass the law allowing women to vote as a result of primary elections and that the constitution did not prohibit such regulations nor was the law in contravention of any right possessed by the applicant. Assistant Attorney W. J. Townsend of Austin is assisting local attorneys and the county attorney is defending the law.

DECLARES JAPAN IS CONSISTENTLY VIOLATING TERMS

WASHINGTON, Sept. 25.—Japan is consistently violating her immigration agreement with the United States, Miller Freeman, Seattle, told the House immigration committee today. He warned that the Japanese, because of their lower standard of living was rapidly driving the small business men of the Pacific coast into bankruptcy.

The Japanese are rapidly forming a colony on the Pacific coast. Freeman stated, "and the only remedy is to close the immigration doors."

J. E. Corlett of Seattle, Washington, B. A. Garber and G. J. Taft, of Garber, Okla., are here for a short visit with W. H. Corlett, head of the leasing and accounting department of The Texas Company.

WRECK OF STEAMER GRADUALLY SINKING INTO QUICKSANDS

KEY WEST, Sept. 25.—The wreck of the large steamer near here which divers a few days ago identified as the Spanish passenger liner Yallobona, believed to have been sunk by the recent gulf hurricane with 483 persons aboard is gradually sinking into the quicksands on the shoals on which it was driven. It was reported today. It was said the hull of the steamer might soon disappear and thereby perhaps remove the last hope of clearing up another mystery of the sea.

PRESIDENT WILL NOT ATTEND PUEBLO FAIR

PUEBLO, COLO., Sept. 25.—Secret service operators, who have been here several days today, advised cancellation of plans for President Wilson's attendance at the state fair and participation in a parade while here. The official announcement gave as the reason the desire not to fatigue the President.

CAPTAIN REPORTS WRECKAGE PASSING WRECKAGE

MOBILE, ALA., Sept. 25.—Captain C. S. Simmons of the steamer Miesler arriving here today from Havana, Cuba, reported passing considerable wreckage and the bridge from a large type steamer 300 miles southeast of Mobile Bay Monday and Tuesday. He believes that it was the wreckage of the Munson steamer Manilla, now 15 days overdue at Havana.

CHILD KILLED WHEN STRUCK BY TRUCK

TOPEKA, KAN., Sept. 25.—Quinn Cernahan, 10, was instantly killed here today when a Paige truck driven by Warren H. Bliss struck her. The truck did not run over the little girl's body, but the force of the blow when she collided with the truck was so powerful that it killed her. She is the daughter of Mr. and Mrs. W. A. Cernahan.

WILL TRY THE I. W. W. AT KANSAS CITY, KAN.

WICHITA, KAN., Sept. 25.—The thirty-six alleged members of the I. W. W. will go to trial in Kansas City, Kan., Monday, December 1.

MEETING IS HELD IN AN EFFORT TO AVERT COAL STRIKE

BUFFALO, N. Y., Sept. 25.—With a general strike of soft coal miners in the United States set tentatively for November 1, operators and representatives of the men met here today in an effort to avert it by reaching an agreement on questions of wages, working hours and working conditions.

The report of the ecle committee presented at the meeting of the United Mine Workers of America at Cleveland this week includes demands for a flat increase in wages of 60 per cent, a six-hour day, five days a week, with time and a half for overtime and double time for all work on Sundays and holidays.

Any agreement reached at the scale conference here must be submitted for ratification to an adjourned meeting of the United Mine Workers convention at Indianapolis.

The operators' delegation numbered thirty-two prominent mine owners from Ohio, Illinois, Indiana and western Pennsylvania, headed by Thomas W. Brewster of Illinois, as chairman, John L. Lewis, acting president, and William Green, secretary-treasurer of the United Mine Workers of America, and four district organizations in the central competitive field, participated in the conference on behalf of the miners.

At the outset the miners' operators seemed far from an agreement prominent operators in conversation before the opening of the meeting characterizing the miners' demands as far too radical for acceptance. It was generally admitted that an agreement would be reached only after long deliberation if at all.

WRECK OF STEAMER GRADUALLY SINKING INTO QUICKSANDS

KEY WEST, Sept. 25.—The wreck of the large steamer near here which divers a few days ago identified as the Spanish passenger liner Yallobona, believed to have been sunk by the recent gulf hurricane with 483 persons aboard is gradually sinking into the quicksands on the shoals on which it was driven. It was reported today. It was said the hull of the steamer might soon disappear and thereby perhaps remove the last hope of clearing up another mystery of the sea.

STRIKE IS EXPECTED TO HAVE EFFECT ON THE OIL INDUSTRY

In the event the steel strike proves to be of such duration as is expected in the case of a fight between the strongest corporations in the country and the wealthiest workers, a complete shutdown of oil operations is an early possibility, according to opinions current among many local operators who have followed the developments in the steel fight closely.

The effects of the shutting off of supplies are already being reflected in an upward tendency in prices for oil well supplies in the hands of brokers and dealers of the pale of the "legitimate" supply industry, who in this and other Mid-Continent fields are already evidencing a disposition to take advantage of the expected shortage of materials.

While this situation, of course, is not expected to exist in the case of the larger supply houses as long as their present stocks are on hand, it is probable that they will be forced to shut down in the course of six weeks or sixty days if the strike lasts any considerable time, which is thought probable, as few if any of the supply houses have sufficient stock on hand to permit them to keep them open for a longer time.

While it may be possible for the supply houses to secure materials in the rough, even with the strike in progress, and finish them in their own machine shops, it is not thought that sufficient relief can be secured in this way to permit any extensive carrying on of developments and extensions.

No marked change in the pipe line situation in the Wagoner pool is expected as a result of the steel strike, as practically all of the pipe lines now under construction have their materials now in transit, and with the help of supplies now in the hands of the supply houses, should be able to complete their lines and begin operations practically according to present plans.

A shutting down of developments in the oil fields would result in the throwing out of work of a large number of highly paid workers, both in fields and in the machine shops of oil well supply houses, where the work is of such highly specialized character that the men employed in many cases for other lines of mechanical work.

EXCELLENT PROGRESS ON QUARRY AND PLANT OF LONE STAR STONE CO.

Excellent progress is being made on the construction of the Lone Star Stone Company's quarry and plant at Chico, according to G. D. Anderson, the secretary-treasurer and general manager of the company, who has just returned from Chico. The big 60-ton Bucyrus stone shovel which has a four and a half yard dipper and can put 250 tons per hour on the dump cars for the crusher, has arrived, Mr. Anderson stated, and it is believed that the spur will be completed within the next ten days. The other machinery is expected in a short time, and it is hoped to begin putting out the crushed stone ready for road and other construction work by December 1.

To get this work done more laborers than are available at Chico will be necessary, Mr. Anderson stated, and 15 or 20 laborers and mechanics are expected. Good wages are paid and it is stated that good board can be secured for \$1 a day. Those interested may receive particulars from Mr. Anderson.

MAN SHOT RECENTLY NEAR BURKBURNETT DIES FROM WOUND

After lingering at the point of death for nearly a month, Charles Leon, whose head was almost shot off by Ole Olsen in an alleged hold-up near Burk Burnett, died Wednesday afternoon at the Wichita General hospital. The body is at the Hines undertaking parlors pending receipt of advices from friends of the dead man, who resides at Dayton, Texas. Several days ago the sheriff's office received a letter from Mrs. J. E. Iles, of Dayton, asking for information relative to Leon, who, the letter stated, had been reared by Mrs. Iles. Leon was an orphan, the letter said.

It is expected the body will be taken to Dayton for interment.

Olsen shot Leon and another man early this month. He told the authorities that they were endeavoring to hold him up. Leon's wound was in the neck. A delicate operation was performed at the Wichita General hospital and the bullet removed. For a time it was thought Leon might recover, but he was in such a weakened condition that his power of resistance was insufficient to withstand the effects of loss of blood and the nervous shock incident to the shooting.

It was known Wednesday afternoon that he could not live.

Two other men are implicated in the affair, one of whom has made no confession to Assistant County Attorney Martin, it was said.

Leon was about 27 years old. He had been working in the oil fields for some time. As far as known, no relatives survive him.

THE POT WAS 55 CENTS THE FINE TEN DOLLARS

Each of four men's shares in a 55-cent pot in a crap game Wednesday, had the money been evenly divided, would have been nine and a quarter cents. Fines of \$10 each were assessed by Judge Ogilvie in police court Thursday. Forty dollars for a chance at 55 cents!

Another man, fined for gaming, had up a bond of \$10. He was fined \$15, though, so the police likely will get him again in the hope of getting the five-spot for the city.

PLAN TO PROVIDE FOR THE PURCHASE OF WATER SYSTEM

Activities of the charter committee were resumed this afternoon when the committee held their first meeting in many weeks, meeting at the Elks club rooms at 3 o'clock. All members of the committee, with the exception of J. A. Richolt, who is away from the city, were present at the meeting.

The committee plans to rush their work of framing the new charter, and it is possible that it may be submitted for a vote at an early date as sixty days from this time.

One of the most important features of the new charter will be the authorization of sufficient bonds to purchase the present city water system, in addition to allowing the voting of bonds for other necessary public improvements.

Members of the committee are: A. H. Britain, chairman; J. A. Kemp, H. E. Huff, J. B. Marlow, Dr. J. F. Reed, J. A. Richolt and H. F. Weidner.

YOUTH ESCAPES FROM THE JAIL WEDNESDAY

A hole made by some prisoners, in a barred window of the second floor of the county jail several weeks ago, enabled William Morrison, 15 year old youth, to escape Wednesday afternoon. The boy dived through the hole and skidded down the fire escape, making good his getaway before he could be apprehended.

Thursday at noon, Sheriff McFall said he had no clue as to the boy's whereabouts.

Morrison was arrested Monday afternoon by Detective Lay, of the Fulk Bureau, on a charge of burglarizing Mack Taylor's store and Richardson's haberdashery. He was to have been given an examining trial in the juvenile court this week.

At the time the hole was made in the jail window, which opens from the run-around, there was no jail delivery.

GOLF TOURNAMENT POSTPONED ACCOUNT WEATHER CONDITIONS

Because of inclement weather the tournament which was to be given at the golf club Saturday has been indefinitely postponed. Fred T. Couper will notify all members of the club of the date for the tournament and this date will also be announced in The Times as soon as it is determined.

There was to have been golf, tennis and swimming, in which prizes were to be awarded to men and women, the prizes having been donated by numerous merchants. A barbecue with dancing and games of various sorts were to have wound up the day.

It is expected that the program will be carried out as originally planned as soon as the weather will permit.

MAN ARRESTED ON INSTRUCTIONS FROM NEW YORK OFFICER

On advices from Deputy Police Commissioner Lahey, of New York, Chief of Police Fred Smith had a man charged with grand larceny in New York arrested Thursday.

A telegram received by Chief Smith Wednesday said the man was charged with grand larceny on the complaint of Eleio Piqueote. It was stated that \$750 was involved in the charges and the address of the man here was given.

BASEBALL SPECIAL TO LEAVE ON SATURDAY

Saturday afternoon at 3 o'clock the Wichita Falls baseball fans who are going to attend the World's Series will leave the Union Station in their special car, which will be tied on the Wabash at St. Louis and will go over that road to Chicago, where it will be made a part of the special train of the Charlie Comiskey.

Those who will make the trip, Joe L. Art, stated this morning include the following: Dr. L. Mackehney, Eugene Leopold, Lloyd Weaver, Jerry Kenny, Montague Stanforth, Abe Marcus, S. P. Bass, Clois Greene, Jim Haynes, Fred Barof, J. W. Nossett and J. L. Art.
