PRESIDENT SICK AND DATES CANCELLED

Strikers and Police Stage Gun Battle

POSSIBILITY OF ARBITRATION SUGGESTED IN TESTIMONY OF STRIKE LEADER FITZPATRICK

With the steel workers apparently losing a little ground in the Pittsburgh district their strike against the United States Steel Company and its subsidiaries, efforts were being made today to extend the strike to the Bethlehem Steel Company Monday. The vote in favor of this new strike must be approved by the workers' national committee.

In the all-important Pittsburgh district reports today indicated that some men were returning to work in many mills. In other steel areas, neither side appeared to be gaining appreciably except at Canton, Ohio, where 1200 men were said to have voted in favor of going back Sunday.

Shots were exchanged between strike sympathizers and police at Clairton, Pa., today when men going to work were fired upon. Three strike sympathizers were arrested.

Samuel Gompers took the stand in the Senate investigation at Washington today and declared that the issue of the steel strike is the right of labor to be heard by its employers.

WASHINGTON, Sept. 26.—After hearing Samuel Gompers, president of the American Federation of Labor, for more than three hours, the Senate committee investigating the steel strike today abandoned its plans to examine tomorrow William Z. Foster, secretary of the steel workers' committee, who has been attacked in the House of Representatives as a radical and an I. W. W.

Foster was defended before the committee today by Gompers, who said the union committee secretary had changed the radical views he held some time ago and that he had not done so to serve with him in the steel strike.

Gompers testified in detail the causes leading up to the strike of steel workers and told of his efforts to prevail upon the workers' committee to comply with the President's suggestion that the walkout be postponed until after the industrial conference which is to be held October 6 by call of the President.

Some members of the committee were favorable to postponement, he said, but they reported that even should they vote to hold up the strike until after the industrial conference, the committee was that of an unorganized and leaderless strike or an organized and orderly strike.

WASHINGTON, Sept. 26.—An effort to induce Judge Gary and the steel employees to submit to arbitration will be attempted as the second step in the Senate labor committee's plan to end the nation-wide steel strike it became known today.

Having obtained the statement from John Fitzpatrick, strike chairman, that the men would return to work on promise of just arbitration, ending of the strike now awaits a similar promise by Judge Gary, it was stated.

This solution will not be pressed upon the employers until a statement is made next Wednesday before the Senate investigating committee.

The fact that Gary said he would not deal with union leaders will not deter senators from making an attempt to end the strike. Developments between now and Wednesday may put a new face on the situation, it was pointed out.

Senator Kenyon, chairman of the investigating committee, hopes to obtain from Samuel Gompers, who is to be questioned, a statement similar to that of Fitzpatrick. It was Kenyon's questioning that brought Fitzpatrick's announcement that the strike could be ended by arbitration.

Senator Kenyon was aroused by Fitzpatrick's story of the treatment of strikers in the steel districts and desires that a special Senate committee be sent to scenes to make an independent investigation.

Some charges that cannot be ignored they have been put up to us, and we ought to investigate them, Kenyon said today. "The situation is here upon us and congress has a duty to act."

Some senators privately stated that Fitzpatrick's statements called for an explanation from Gary, but they are holding an open mind until his side is heard.

Not Private Matter
"This strike is not a private affair between two parties any longer," Kenyon declared. "The public has a right to know what is going on and something besides investigating."

Kenyon hopes for a permanent result from the investigating in the form of a national arbitration board to continue in some modified form the work of the war labor board in adjusting industrial disputes.

Kenyon is still opposed to compulsory arbitration but believes that if some public body had been in existence to act as an intermediary between the strikers and their employers a strike might have been avoided.

William E. Foster, secretary of the strikers committee will be heard after Gompers.

SCENE WITH STATE CONSTABULARY ASSISTING STRIKERS.

The Pennsylvania State Constabulary is the most efficient organization in preserving order during strike trouble among the steel workers. The above picture shows a common scene during an outbreak when it is necessary to arrest rioters and disturbers.

Labor's Right to Day in Court Is Issue Declares Mr. Gompers In Discussing the Steel Strike

WASHINGTON, Sept. 25.—Labor's right to a day in court is the issue in the steel strike, Samuel Gompers, head of the American Federation of Labor, told the Senate labor committee today.

Gompers was the second witness in the investigation ordered by the Senate. "The issue of this strike is the right of the employees to be heard through their own representatives, to strike prematurely, or do something because of which they could be discharged," he declared.

"Men were discharged because they grumbled about conditions or because they dared express a wish to be unionized," he declared.

"Men on their way to attend meetings to discuss union organization have been arrested by company detectives and thugs. Halls where they planned to hold meetings have been locked and the meetings broken up, the men beaten and injured."

"Denied Right to Meet.
"Since I came here today I've been informed that the operators are prepared to take the demands of the miners for a 60 per cent increase with an offer of a 25 per cent and a reduction of hours from forty eight to forty four per week, as against the thirty hour week proposed by the miners. Representatives of the miners claimed the men have been working under such conditions for years that the mine owners have been keeping down production of coal since the armistice was signed, to keep up prices."

The joint conference included eight representatives from the miners and eight operators for each of the districts included in what is known as the Central Competitive Fields, the districts of western New York, Ohio, Indiana and Illinois, or a total of 20 miners and thirty two operators' representatives.

The last agreement was signed April 1, 1917, and after several amendments was agreed upon as the basis of the mining operations during the war. The miners now insist that a new agreement is necessary, while the operators hold the war is not over until the peace here is signed.

The basis of the miners' wages is \$5 for an eight hour day. The miners say the six hour day and the five day week was the opportunity for all of the miners to be employed, while the present plan permits of only half employment.

Any agreement is expected to involve about 500,000 men. Representatives of the contending forces look for a continuance of the conference for at least a week.

HAVE RECOVERED \$60,000 STOLEN FROM MAIL CAR OF CANADIAN RAILWAY
QUEBEC, Sept. 25.—A satchel containing more than \$60,000 stolen from the mail car of the Canadian National Railway was discovered in a house at St. Pierre.

DALLAS ROUNDING UP QUESTIONABLE WOMEN
DALLAS, Sept. 25.—To make Dallas safe for voters during the Texas State Fair, which opens next month, county officials today announced a round up of women vagrants was under way.

GOVERNOR RECEIVED TOTAL OF \$108,000
AUSTIN, Sept. 25.—Contributions for relief of Texas flood sufferers through the governor's office passed the \$100,000 mark today, with a total of \$108,000.

STRIKE ON RAILWAY THROUGHOUT ENGLAND IN EFFECT TONIGHT
LONDON, Sept. 25.—The conference between the railroads' representatives and the government for an attempted adjustment of differences on the wage question today resulted in failure and a strike on the railroads has been ordered to take effect tonight at midnight.

DELEGATES DEMAND IMMEDIATE ACTION
ALLENTOWN, Pa., Sept. 25.—Delegates of the thirteen unions at the Bethlehem Steel plant this morning sent a demand to the national committee for organization of steel workers at Pittsburgh, urging that immediate action be taken to either call a strike before Monday morning or to announce a postponement of the walkout pending further negotiations with the company. The workers, it is said, are growing uneasy because of the delay. The committee replied that action one way or another would be taken within a few hours.

SPECIAL GOES DIRECT FROM WICHITA, KAN., TO WASHINGTON; CAMPAIGN IS TOO STRENUOUS

ON BOARD PRESIDENT WILSON'S SPECIAL TRAIN, Sept. 25.—Resting quietly in his private car, President Wilson was described as feeling slightly better this afternoon. Although he was up during his train left Wichita, Kan., Dr. Grayson persuaded him to lie down when the afternoon. It was declared his condition was not at all critical.

WICHITA, KANS., Sept. 26.—Worn out by more than three weeks of speech-making for the peace treaty, President Wilson today cancelled the remainder of his speaking dates and decided to return at once to Washington.

Although it was said there was nothing critical about the President's condition, Dr. Grayson, his physician, declared a nervous reaction affecting his digestive organs made suspension of his trip imperative.

Mr. Wilson was ill most of last night and the doctor's return at once to the capital was reached just before his train arrived in Wichita. The President himself wanted to continue his speaking program, but Dr. Grayson would not permit it.

No Speech at Wichita.
The President's address which was to have been delivered at the forum building was cancelled.

The presidential train did not pull into the station at Wichita, where a large crowd was waiting to welcome the President. He was to have spoken here during the morning and at Oklahoma City tonight, and although he wanted to at least greet the people here, Dr. Grayson would not permit him to leave his private car.

Leaving Wichita at 11:00 o'clock today, the stop of about two hours, the presidential special will reach Washington Sunday morning. It will go by way of Kansas City and St. Louis.

Secretary Tumulty issued the following statement:
"The President has exerted himself so constantly since he returned from such a strain during the last year and has so spent himself without reserve on this trip that it has brought on a nervous reaction in his digestive organs."

"Dr. Grayson, therefore, insists upon the cancellation of his remaining appointments and his immediate return to Washington, notwithstanding the President's desire to complete his engagements."

Although outwardly the President appeared to be standing well the hard ordeal of more than three weeks of travel and speaking has become known today that for some days he had suffered from headaches. He also had been much fatigued by the confinement of his special train, interrupted only by brief stops at which he had been speaking to audiences through crowds and speaking to audiences so large as to require all his exertion to make his voice heard.

Mr. Wilson has made nearly 40 speeches since he left Washington on September 3 and has spent all but about half a dozen nights on the train. In addition, he has made an incomplete schedule. After the two today, he was to have spoken in Little Rock and Memphis tomorrow and in Louisville Monday morning returning to Washington Wednesday.

It was declared by members of the President's party that one of the ordeals which seemed to be most trying on his nerves has been automobile parades through the cities he has visited. He has traveled many miles standing in his car and waving his hat in response to the cheers of welcome. This feature of the trip apparently has been very tiring to Mrs. Wilson also, who has accompanied him wherever he went and who, during the last few days, has shown evidences of being anxious for the strain to end.

To Avoid Crowds.
In order to avoid the crowds, the President has made several minor shifts in his schedule. At San Diego, Cal., last Friday, he went aboard his train immediately after the informal dinner given in his honor instead of remaining for the night and when he reached Los Angeles he was hurried to his hotel to slip quietly to his bed.

Later in the day, at Los Angeles, he arranged to take the question of his automobile ride by sending out personally and hiring a taxicab instead of using the conspicuous flag-draped car that has been provided for his use in a number of other cases since then, the President has tried to curtail his program and has saved every opportunity to get away as soon as possible.

His train was stopped for more than an hour yesterday after leaving Pueblo, Colo., while Mr. and Mrs. Wilson were in the day.

NEWS SPREAD RAPIDLY.
When word of the President's illness spread through the country many people rode in automobiles to the remote spot where the special train was parked. Secret service agents formed a cordon about the private car and prevented anyone from approaching it. They also made the people maintain silence so that the President would not be disturbed.

Wilson today telegraphed the following to Representative Ayers in Washington:
"Before leaving Kansas I wish to express my regret that I was unable to keep my appointment in Wichita. I had intended to come in contact with the fine people of Kansas."

The President is returning to Washington at 5:00 o'clock Sunday.

The President issued a statement today of the facts with regard to the shanting settlement which he has already stated in several of his speeches. He said he had intended to devote his Wichita speech largely to Shanting, so issued a statement instead.

Wilson was still up and about his private car shortly before noon, although it was possible that Dr. Grayson might order him to bed if his condition showed no improvement. Mrs. Wilson was with him constantly.

It was expected that Grayson would make a statement later in the day. (Continued on Page 2, Column 4)

DENIES INJUNCTION SEEKING TO PREVENT THE ISSUANCE OF POLL TAX RECEIPTS TO WOMEN

WACO, TEX., Sept. 25.—Judge Richard L. Munroe at noon today denied the injunction sought by Tom M. Hamilton against Tax Collector Lee Davis, seeking to restrain him from issuing poll tax receipts to women voters in primary elections. The case was on the question of the right of Hamilton to bring the suit. The state contended that he had no right in law because he had no legal remedy at law, that is, he could not contest the election and determine the question as to whether women were legal voters. In his amended petition Hamilton alleged that he would be a candidate for the legislature in the primary election in 1920 and that owing to his opposition to woman suffrage, the women generally would vote against him and contending that the women were not in-

cluded voters. His rights would thus be prejudiced.
The state's demurrer on this point was sustained by the court. The court stated that the other questions involved did not require an opinion from him but he had no reluctance in saying that if he had been required to decide whether or not women have the right to vote in the primary elections he would, in the absence of an amendment to the federal constitution or of the state constitution giving women the ballot, decide that they had no right to vote.
Ruled out of court plaintiff Hamilton will probably take the course suggested by the demurrer and contest the election in the event he be defeated, or election judges may be enjoined from receiving ballots from women.

NO FRIENDS AT THE CONCLUSION OF CONFERENCE

Such Was Attitude of United States According to Senator Cummins

DECLARES THERE WAS A STORM OF PROTESTS

League of Nations Covenant Is Attacked in Speech Before the Senate

WASHINGTON, Sept. 25.—When President Wilson ended his work at the Paris Peace Conference, "the United States had not a friend in Europe, Asia or Africa, and our brilliant service in the war was almost forgotten in the storm of protests which followed him as he sailed for home," Senator Cummins, Republican, Iowa, declared today in an address in the Senate attacking the League of Nations covenant.

"The only thing the President brought with him which was joyfully received in America by multitudes of good people," Senator Cummins said, "was a covenant for a League of Nations and this only because these people believed, many of them without inquiry, that the League of Nations would bring peace to a war-weary world and would maintain it in all the years to come. Gradually they are beginning to see the tremendous burdens we are asked to assume and gradually they are understanding that there are some provisions in the covenant which must inevitably provoke war."

Objects to Attitude.

Senator Cummins deplored the attempt of some Senators to change other Senators with opposing the treaty simply to discredit the President and to accomplish their political designs, as well as efforts of the latter group to make it appear that those supporting the President were indifferent if not hostile, toward the vital concerns of their own country.

"The casual observer in the Senate," he added, "would be inclined to reach the conclusion that the most influential Senators upon this side of the chamber are altogether insensitive to the awful horrors of war and are determined to keep the peace by conflict simply to antagonize the President or to work out some petty ambition for party supremacy, while at the same time he is to resist the inference that the most persuasive Senators upon the other side of the chamber are bent on wrecking their own country simply to vindicate the infallibility of the chief executive in his work at Paris."

Should Have Quit.

Senator Cummins contended that when the war was ended "our exit should have been as speedy and as complete as possible." This did not mean, however, he declared, that the United States should have abandoned its allies or made a separate peace with Germany. "But it does mean that it was not our duty to make ourselves a party to a treaty which was reforming the map of the world and in agreeing to maintain it as the victors had made it."

Condemning disposition of Shantung.

Senator Cummins said he wanted to relieve the American people, "from the general odium which has been cast upon them by the disgrace of passing over Shantung to Bulgaria." There would be no Shantung, he said, and if the United States and powers worked in harmony it would mean nothing less than complete and arbitrary power of the world. As much as he deplored the wrong done China, he would adhere, he said, to the principles he had previously announced and vote against the committee amendment awarding the province to China.

The man who attempts to preach the doctrine of peace to Germany, with or without the League of Nations means peace for the world in the relations of men with men, or producing, selling and buying according to ancient customs, inflicting incalculable injury on the public.

"If America," he said, "is shackled to the proposed League of Nations just as it is written, she will go blind and blundering into the future, incapable of guiding her own people safely through these dark and difficult days."

SAN FRANCISCO TO HAVE EXCLUSIVE LIVESTOCK SHOW

SAN FRANCISCO, Sept. 25.—San Francisco, the largest city in the country without an exclusive livestock show, will hold its first exhibition of pure bred stock during the first week in November, the California building at the Panama-Pacific Exposition grounds being used to house some 1,000 show animals, in addition to a large exhibit of poultry and pet stock.

The California International Livestock Show, an exhibition, is known, will fit into a circuit starting with Los Angeles the last week in October, and concluding with the Portland Livestock Show a week later the San Francisco show.

This circuit will make possible the showing of a number of herds from the middlewest and Rock Mountain states.

The University of California has loaned the services of Prof. Gordon H. Trus of the Animal Husbandry Department, to manage the first show, and Trus reports that livestock men of the west will respond with a high class showing of well-bred cattle, horses, swine and sheep.

The stock and poultry classes will compete for \$25,000 in premiums.

As a night attraction \$5,000 in prizes will bring out a saddle horse show and exhibition driving of four and six horse teams in the heavy classes.

The State Fair and several county and district fairs, according to Prof. Trus, have eliminated some of the weaker animals so that the California International will be the final competition between the best animals of the west.

The commercial interests of San Francisco are supporting the first show with an organization, headed by W. T. Semon.

FELT EFFECTS OF PASTOR ORDER

LAREDO, TEX., Sept. 25.—First effects of the recent Mexican Government order prohibiting issuance of passports to British subjects seeking to enter Mexico were felt today when an English woman from Vancouver, B. C., arrived in a hospital in Laredo, was refused admittance by the Mexican consul here.

While manufacturers are the greatest body of employers and most directly interested in the labor problem, they will have a representation of only five out of the forty-five members of the Industrial Conference that President Wilson has called to meet at the White House on October 5, declares William H. Barr, president of the National Founders' Association, in his weekly letter to the membership in Chicago. Labor will have fifteen delegates at the conference, Mr. Barr explains; the general public will have fifteen appointed by President Wilson; general commerce and the manufacturers will have five each, and there will be two financiers and three farmers. "Manufacturers, who are the greatest body of employers and the most directly interested in the labor problem, will have only five men to speak for them," declares Mr. Barr. "The National Grange is the one truly representative farmers' organization in the United States and is permitted to select only one of the three farmers' representatives, while the two others will be selected by organizations having views differing in many respects from the National Grange."

CORPUS CHRISTI IS BEING CARED FOR IN EVERY PARTICULAR

CORPUS CHRISTI, TEX., Sept. 25.—With relief measures in charge of the American Red Cross and Salvation Army workers, Corpus Christi made headlines in the work of every particular while the work of rehabilitation goes on.

Twenty Salvation Army workers sixteen of them women, are actively engaged in the operation of canteens and food stations and are co-operating with other relief agencies in the work of individual relief for those absolutely destitute.

Conferences will be held soon to determine plans for reconstruction of the wrecked sections of Corpus Christi which include 1,500 residences on Corpus and Nueces Bays and a large portion of the business district where many buildings not utterly destroyed were seriously damaged and ground floor stocks entirely ruined.

MAN FOUND IN ROOM IS PLACED UNDER ARREST

When a young woman returned to her home on Lamar street from seeing a telegram last night she discovered a strange man in her room. She emitted a frightened scream and her brother rushed into the room.

The man was taken to the police station and charged with house breaking. Friday he was transferred to the county jail and formally charged with burglary by entering a private residence with intent to commit a felony.

He will be given a preliminary hearing before a justice of the peace, Prob. S. Surber, tomorrow.

The lady is visiting her brother here, her home being in New York.

WALTER MAJORS PLACED ON TRIAL FOR MURDER

KANSAS CITY, MO., Sept. 25.—Following a plea of "not guilty" the preliminary hearing of Walter Majors, charged with first degree murder in Kansas, today identified him as one of the bandits who held up that bank.

Majors is said by police to be the leader of a gang of notorious bandits recently operating in Kansas, Missouri and Oklahoma. According to police, an official of the Merriam-Kansas State bank identified him as one of the bandits who held up that bank.

DENNIS E. METCALF ARRESTED FOR MURDER OF F. ROBIN COOPER

NASHVILLE, TENN., Sept. 25.—Dennis E. Metcalf, 46, arrested at the home of Robin Cooper, a prominent attorney of this city, who was killed and his body thrown into a creek near Nashville about a month ago, was arrested today on a warrant sworn out by Gabriel Hansen, of Memphis, who described himself as a psycho detective.

Metcalf, a negro servant, also was arrested on a warrant sworn out by Hansen.

Metcalf was charged with the murder of Mr. Cooper and a servant with being an accomplice. The arrests were made at the Cooper home.

Mr. Cooper left his home in Belle Meade park on the night of August 21, last, in response to a call from an unidentified man. Two days later his unidentified automobile was found in a nearby street. Rewards of \$1,000 were offered for the arrest and conviction of the murderer.

ELECTRIC SERVICE HAS BEEN EXTENDED TO WAGGONER CITY

Extension of electric light and power service lines to Waggoner City has been completed, announced F. N. Lawton, manager of the Wichita Falls Electric Company, and the service is being extended to portions of the oil fields hitherto not reached.

The company has just completed a new high line to Burk Burnett, details of which were told in connection with the company's extensive program of improvements outlined in The Times a month ago.

Mr. Lawton has been transferred to the Dallas office of the Electric interests and will be succeeded here as manager by P. A. Rogers, who for six years has been manager of these public utilities at Denison.

CONFIRM REPORT OF THE DEATH OF MARTIN LOPEZ VILLA'S RIGHT HAND MAN

GALVESTON, TEX., Sept. 25.—Official confirmation of reports—that Martin Lopez, right hand man of Francisco Villa, middle aged man, 12 at San Juan Del Rio, Durango, was received today by Meade Pedro, Mexican consul at Galveston.

Another official communication received by the consulate said that General Luis Velasco Rusa, second in command to General Manuel Palacios, with his chief of staff, eight officers and 250 men had surrendered to Carranza forces and asked for amnesty.

FORT WORTH JURY UNABLE TO AGREE

FORT WORTH, Sept. 25.—The jury which has been trying Mildred Bowles, 18 year old girl, for the killing of Love Wood, middle aged man last July, reported at noon it was unable to agree and asked to be discharged. The jury stood 9 to 3. The judge sent the jury back to continue its deliberations. The case has been on trial a week.

SHIPYARD WORKERS ARE THREATENING A STRIKE

PORTLAND, ORE., Sept. 25.—Ten thousand workers in steel shipyards of the Portland district will strike October 1 unless an order of Director General Ackerson of the Shipping Board, delaying wage increases recently agreed to, until after the industrial conference at Washington, October 6, is rescinded, it was said here today by officials of the steel workers union.

PRESIDENT SICK AND DATES CANCELLED

Continued from Page One.

giving an exact diagnosis of the President's ailment.

The homeward trip will be made as quietly as possible, avoiding crowds, wherever possible. The President requires absolute rest, it was learned, and must not exert himself.

Winning the immense crowds which filled all of Wichita's principal streets, it had been arranged for the President to address the overflows from a balcony on the Eagle building, it was learned.

Had Appeared Vigorous.

Announcement of the President's illness came as a shock to nearly all on board that train. He had appeared as vigorous and cheerful as ever.

The first possible indication of a break came last night at La Junta, Colo., where the President kept a big crowd waiting nearly 10 minutes before he appeared. Then he came to the back platform and waved just as the train pulled out.

When the train was stopped on the outskirts of Wichita this morning, it was announced that it was being held up to give him a chance to rest briefly. However, the fact was that Dr. Grayson was in the President's car and that the Wichita and all other speeches were declared cancelled after the doctor had given the President an examination.

While in Wichita the special train was moved frequently to various parts of the city's outskirts to prevent a crowd gathering and disturbing the President's rest.

It was suggested that the President go to some nearby resort and recuperate for a few days, but Dr. Grayson refused to accept any recommendation that he should immediately return to the White House.

SECULATION AS TO EFFECT ON TREATY

WASHINGTON, Sept. 25.—Treaty supporters in the Senate today saw in President Wilson's return to Washington a chance to secure early conversion of governing senators and mild reservationists. As soon as the President's health will permit, administration leaders desire to get from him a declaration, for use privately, that he will refuse to accept any ratification which includes reservations requiring the action of other nations.

If the President will take this position, treaty supporters expect to be able to swing some reservationists to a program of mere interpretations, they said today.

Opposition senators believe this plan will fail.

Beyond this plan of treaty advocates, the President's return will have little effect on the treaty vote, leaders of both sides said. They pointed out that he will not get here until Sunday and that he was originally scheduled to arrive Tuesday.

Treaty opponents withheld comment, pointing out they could not with propriety talk about treaty developments attending the President's return, since the return was forced by the President's illness.

Outside the treaty chief interest here lay in what the President might do about the steel strike.

WANTY DISAPPOINTED AT OKLAHOMA CITY

OKLAHOMA CITY, OKLA., Sept. 25.—After futile efforts to arrange a satisfactory substitute endorsement for President Wilson's cancelled speech here tonight, 175,000 persons, including 65,000 visitors from all over the southwest began plans to get home.

Thousands who arrived here last night slept in chairs of didn't sleep at all because of inadequate sleeping quarters. About 300 slept on cots in corridors at the state capitol.

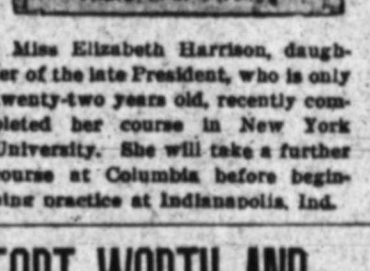

As fast as special trains unloaded their passengers to leave anew the cancellation of the presidential visit, information booths were overflowed with inquiries as to "next train out."

MENBERS OF TRAIN CREW REPORT THEFT OF MEAT FROM REFRIGERATOR CAR

FINE BLUFF, ARK., Sept. 25.—Members of the crew of Missouri Pacific freight train No. 165, reported that their train was held up by four armed men at a railway crossing a few miles west of the city shortly after midnight last night and a refrigerator car robbed of a large quantity of meat. The meat was carried away in a waiting automobile, the trainmen declared.

SEEKS BAR HONORS

Miss Elizabeth Harrison, daughter of the late President, who is only twenty-two years old, recently completed her course in New York University. She will take a further course at Columbia before beginning her practice at Indianapolis, Ind.

FORT WORTH AND SHREVEPORT TEAMS ARE RESTING TODAY

FORT WORTH, Sept. 25.—The Fort Worth and Shreveport baseball teams, pennant winners in the divided Texas League season, which are playing a seven-game series for the championship are resting today preparatory to continuing the series.

The local team returned here this morning. Two games have already been played in Shreveport, the Gascoigne winning both of them. Three games will now be played in Fort Worth, starting Saturday. Every seat for the Saturday and Sunday games here has been sold.

FIVE THOUSAND MEN THREATENING TROUBLE

COLUMBUS, O., Sept. 25.—Governor Corwell of West Virginia, today wired Governor Cox that five thousand men from the vicinity of Stuenbenville were reported to be about to cross the Ohio river into Hancock county, W. Va., and compel workmen there to quit their places.

"Any such effort," Corwell warned Cox, "will be regarded as an attack upon the sovereignty of West Virginia."

Governor Cox immediately wired W. G. Baker, sheriff of Jefferson county, at Stuenbenville as follows:

"I have no means of knowing whether the delegation in question contemplates anything which would be a violation of the laws of Ohio, but I respectfully urge upon you to use your best offices in order to avoid any possibility of conflict between the citizens of this commonwealth and the state government of West Virginia."

CLEMENCEAU ADDRESS CHARACTERIZED CLEAR PRESENTATION OF CASE

PARIS, Sept. 25.—Commenting on Premier Clemenceau's speech in the chamber of deputies, newspapers here generally remark the address was a clear presentation of the situation, full of good sense and capable of giving the French confidence in the destinies of France, inducing them to place the public welfare above all in order to gain the maximum benefits of the treaty.

Several of the newspapers note that M. Clemenceau gave an impression of extreme fatigue and spoke in poor form from an oratorical point of view. Others observe that the problem raised Wednesday by the Italian proposal, which was the subject of Clemenceau's speech, might be if the United States should not ratify the treaty was not solved by the premier's address.

"TRY, TRY AGAIN" PUTS TAXI DRIVER IN PRISON

TULSA, OKLA., Sept. 25.—Carrying out "try, try again" at first, taxi driver to land in jail today charged with auto theft.

At 8:30 o'clock last night, two men running the Magnolia gasoline office here and at the point of a gun, ordered R. R. Bumgarner, night manager, to surrender keys to the auto. In his right hand partner gave them the wrong key. Before the two men discovered the mistake a youth entered the office and the men fled.

This morning before five o'clock the office was forced open and the safe blown with nitroglycerine. Only \$60 was secured, a greater amount was overlooked. Neighbors saw the men leave in a taxicab, and their description of the men caused police to arrest Temple in his automobile was found pipe, "soap" and other tell-tale material.

VALPARAISO STRIKE HAS BEEN SETTLED

VALPARAISO, Thursday, Sept. 25.—The shipping strike which has transferred seriously with marine activities out of Chilean ports has been settled by arbitration. Other labor troubles throughout the country were also reported to be in a fair way towards settlement.

LEADERS PLANNING EARLY CONFERENCE WITH PRESIDENT

WASHINGTON, Sept. 25.—After President Wilson's return to Washington Sunday Democratic leaders in the Senate plan to seek an early conference to discuss the peace treaty situation in the Senate and to discuss a possible compromise over reservations.

Some prominent Democratic Senators said today they planned to advise the President to carefully consider acceptance of some sort of reservations. Interpretative in character at least, it was said to be possible that their advice would extend to recommendations that reservations be accepted or that the treaty be withdrawn from the Senate, at least temporarily.

These Democratic spokesmen are convinced that the treaty cannot be ratified without reservations of some description. They conceded however that there might be a conflict in the Democratic advice given the President in view of the adamant position taken by liberal reservationists by Senator Filcock, Democrat, Nebraska, the administration leader in the House.

CROWN COUNCIL OF ITALY HAS A MEETING TODAY

Former Foreign Minister and Socialist Leader Not in Attendance

COUNCIL IS ACQUAINTED WITH FIUME SITUATION

Express Regret That President Wilson Has Not Replied To Italian Proposals

ROME, Sept. 25. (Via Paris).—President Wilson's reply regarding the new proposal for the appointment of Fiume has been received the newspapers announced today, and was found to insist upon his original view that the city should be internationally organized and not annexed by Italy, becoming the center of a small buffer state between Italy and Jugoslavians.

The President does not insist, according to the press, upon a plebiscite in the buffer state at the end of fifteen years, as at first proposed, and he consents to the rectification of the eastern frontier of Austria in favor of Italy, in the district of Albania.

By CAMMILLO CIANPARIA, United Press Staff Correspondent.

ROME, Sept. 25.—The crown council meeting to consider the crisis created at Fiume by the Italian occupation, convened at 9:35 o'clock this morning. An adjournment was taken at noon and the session resumes at 4 o'clock, continuing until 10 o'clock.

Baron Sonnino, former foreign minister, and Signor Turati, socialist leader, were not present.

King Emanuele presided at the conference, sitting between Premier Nitti and Foreign Minister Tittoni.

Nitti was the first speaker; the Epoca reported today. The premier in said to have acquainted the council with the facts in the government's possession affecting the internal and foreign situation. He also told of the probable economic and political consequences of the Fiume expedition.

Explain Concessions.

Nitti was followed by the foreign minister, who explained the latest concessions Italy had submitted to the peace conference and expressed regret, according to the Epoca, that President Wilson had not replied to the Italian proposals.

Tittoni is quoted as saying that the peace conference would hesitate to recognize Fiume as a part of Italy, especially in view of the Italian occupation of the city, for fear that Czechoslovakia would be inspired to take drastic steps in her demands for Trieste and Jugoslavians would be inspired to take similar steps with regard to Klagenfurt and Radeckburg, that Greece would press her demands for Thrace and Bulgaria would insist on her claims to Balcans. Tittoni is said to have pointed out that such developments as these inevitably would disrupt the peace conference.

Prominent Man Says It Fits One for Active Service

"I just needed a general all-around building up and Orgatone treatment and I got it. I was a little bit out of order. My appetite was no good, everything tasted bad and I couldn't eat what I liked. I did manage to eat my dinner, but I was about all gone. My strength was getting away from me and I had that tired, lifeless feeling all the time. I wasn't to say I felt better, but I could eat and sleep and I was a man for active service and kept me feeling miserable.

"I knew I needed something to give me an appetite and build me up and some of my druggist friends whom I call upon recommended Orgatone treatment so highly to me I decided to see what it would do in my case. Well, in a few days I began to crave something to eat and it wasn't long until I could eat just anything I wanted and could hardly eat enough to satisfy me. Nothing I eat hurts me now and everything does me good. I certainly struck it right when I got Orgatone and I am now in as fine a shape as I ever was."

There are thousands of people who complain of being nervous and run down. They are not sick exactly but feel tired out and good for nothing most of the time. They simply need something to build them up and throw off the symptoms of this weakened, debilitated condition.

The system, aside from being purified by Orgatone treatment, is toned up and invigorated, as the treatment acts aside from assisting the blood, reinvigorates the condition, overcoming as it seems to quickly do, nervousness, indigestion, nervousness, kidney complaints, general debility and many other ailments that are so common to the thousands of half-cit, depressed men and women in Wichita Falls today.

Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls exclusively by the Young Drug Company, under the personal direction of a specialist, Dr. Orgatone representative.

ARE NOT DISPOSED TO CREDIT ENTRY OF ROCK ISLAND ROAD

LOCAL ROAD OFFICIALS STATE JOINT TRACK ARRANGEMENT IMPOSSIBLE.

LINE IS ANXIOUS TO COME

Uncertainty of Legislation and the Future of Industry Expected to Defeat Plans.

Local railroad officials are not inclined to place a great deal of credence in reported definite decision of the Rock Island to extend their line from Chattanooga to Burk Burnett with the ultimate intention of reaching Wichita Falls under a joint track agreement published spasmodically for the past several weeks in various Texas and Oklahoma newspapers. However, it is believed that the project has been considered by that road among other extension projects in this section in planning activities to follow the resumption of private operation of railroads.

It is believed here that it is idle to talk of a joint track arrangement between the Katy and Rock Island into Wichita Falls either from the north or east side of Wichita Falls, both of which have been reported as having had the consideration of that road. This belief follows expressions on the subject from high officials of the Katy system, who are known to be averse to the entrance of another line in Wichita Falls, believing not only that their additional facilities, now nearing completion, will be sufficient to serve the traffic need of Wichita Falls in their territory, but that their entire facilities will be necessary for their own business.

That the Rock Island would be glad to have an entry into Wichita Falls has been a matter of common knowledge for a number of years, and that they will eventually build to the city has likewise been believed here. The cost of building a bridge across Red River has heretofore held up their plans.

With the present cost of railroad construction, and the disinclination of the public at present to invest in such securities, the making even of a minor extension by a railroad is a matter for the most serious consideration, and it is not believed that the road would undertake the construction of a line to Burk Burnett alone, where the industrial developments are yet a matter in the future, and there is no present assurance of permanent business to support the cost of constructing and operating the new line.

FUNERAL SERVICES FOR CHARLES LEON TODAY

Funeral services for Charles Leon, who died Wednesday afternoon at the general hospital from wounds received at Burk Burnett several weeks ago were held from the Hines Undertaking chapel this morning. Burial was in Riverside cemetery.

BAPTIST GIRLS HOSTESS FOR Y. W. C. A. TEA

The Baptist girls will be hostess for the Sunday afternoon tea at the Y. W. C. A. Recreation Room, plans for which are now under way. Invitations are to be sent to all those who took out memberships during the first drive, last spring, and this will be the first time that all the members will have been afforded an opportunity to come together.

Y. W. C. A. MEMBERSHIP RECEPTION OCTOBER 10

Friday, October 10, the Young Women's Christian Association will hold a membership reception at the Y. W. C. A. Recreation Room, plans for which are now under way. Invitations are to be sent to all those who took out memberships during the first drive, last spring, and this will be the first time that all the members will have been afforded an opportunity to come together.

MISS LILA BOONE TO REACH AMERICA TODAY

Mr. and Mrs. T. R. Boone have received the news that Mr. Boone's sister Miss Lila Boone, will land in New York today after several months of service with the Cinema department of the Y. W. C. A. in France. Miss Boone is well known and liked locally, having been a former member of the public school faculty. Her home is in Lubbock.

Mrs. S. J. Naylor has returned from California, where she spent the summer months.

VAGRANTS TO BE REQUIRED TO WORK ON THE STREETS

Hereafter "vags"—the died-in-the-wool vagrants, who have no money and no visible means of support, vags of the male of the species—will be put to work on the city streets and must earn the food the city feeds them.

Such has been the edict of Police Commissioner Brady and Assistant Commissioner Goodfellow, and just to prove that they were in serious earnestness about it, six men were put to work cleaning the streets of the block of the recent rains Friday morning.

These men are cleaning the street crossings and work in one gang under guard. They all were fined in police court Friday and professed inability to pay their fines. They will work out their debt to the city.

Not only are the male vags to be put to work, but plans now are being formulated for putting women vagrants to work. It has yet been decided what they shall do, but it is very likely that the city will open sewing room or kitchen so that women who are habitually charged with vagrancy can have an occupation.

COFFEY-SMITH CASE IS ON TRIAL TODAY
Before a jury in the 7th district court the suit of L. J. Coffey vs. Fred Smith is on trial. The suit was brought by Coffey for alleged breach of contract for the drilling of an oil well.

TAMBOURINE WILL APPEAR TOMORROW FOR THE LAST TIME

TO BE USED IN CONNECTION WITH SALVATION ARMY CAMPAIGN.

PLAN CANVASS OF THE CITY

Program for Women's Part in Drive Under Direction of Mrs. T. B. Smock.

For the last time the Salvation Army tambourine will make its appearance on the streets of Wichita Falls Saturday, September 27 when the women and girls of the Home Service Campaign committee will sound out the campaign and garner the contributions from all on the streets, in the banks, shops and places of amusement. Just as the Salvation Army lassie has gathered the stray nickels and dimes and quarters for years, so we expect to get the small contributions, as well as the larger contributions which the men's committee have missed," said Mrs. T. B. Smock, the women's chairman, in announcing the completion of plans for the Saturday drive. "We don't want anyone who can afford to make a substantial donation to feel that because we have been named to finish up the campaign and get the small donations, that they will only have to put a little bit in the tambourine, if they haven't already made a substantial contribution that represents what they should give. We want the small contributions, but we want everyone to do as much as they should; just as if they were approached by one of the men's committees."

More workers still are needed, it was stated this morning, though there has been a very good response to the appeal. Three shifts have been arranged for—the Saturday work, the morning to begin at 10:00 o'clock, the afternoon at 1:00 o'clock, and the evening shift at 5:00 o'clock. Those who will work who have not already signified their intention to the committee chairman, are asked to report Saturday at one of the shift hours at the Wichita State bank, where they will receive their supplies at the office of Curlee & Johnson. Tambourines, badges and buttons contribute the supplies.

The captains assigned their districts—at the organization meeting Thursday afternoon. The captains who will serve Saturday follow:

Mrs. James J. W. Lee, L. Jetter, E. W. Nicholson, T. T. Hargensine, N. L. Inge, W. K. Davis, H. L. Young, W. B. Chaucery, P. A. Martin, C. J. Barnard, C. Payne, W. M. Friday, C. M. Miller, N. F. Grafton, N. H. Martin, L. E. Stone, C. F. Spencer, C. W. Beavers, E. W. Carter, O. W. Hines, Charles Pogenpohl and C. R. Hartsook.

AMUSEMENTS

FROM CALL BOY TO FEATURED PLAYER

From call boy in a circus to a featured player in the movies sums up in brief the history to date of Jay Morley, who plays the part of Detective Burnett in the Vitagraph serial in which Antonio Moreno is starred. Mr. Morley was born in Columbus, O., of parents prominent in the social and business world, but the lure of the circus enticed him at the age of 12, and when the tent show moved out of town young Morley went with it.

Later he joined a theatrical stock company and toured the middle and far west, playing all of the well known theatrical successes; then came several seasons of vaudeville and then pictures.

His face is well known to patrons of the screen drama, for he distinguished himself as a leading man in the Lubin productions and in the feature pictures produced by Mutual and Universal. He has also been seen in a number of the big special screen attractions produced independently and for the past eight months has been appearing in Vitagraph features. Recently Mr. Morley has been seen in support of Earle Williams in "The Usurper" and leading roles with Bessie Love in "The Little Boss," "Over the Garden Wall" and "A Fighting Colleen."

Mr. Morley is a clean cut chap, refreshingly unobtrusive, and the success that has come to him is due to 100 per cent ability.

WHAT IS THE MATTER WITH DIVORCE LAWS?

Shall there be uniform divorce laws throughout the United States? At present each state frames its own laws, with the result that a man or woman may legally re-marry in one state, and in another be considered a bigamist. The migration of divorce seekers from eastern states to western states where divorces are easier to obtain is another situation arising from this fact.

An answer to the divorce law question may be found in "The Divorce Trap," the William Fox photoplay starring Gladys Brockwell, which is at the Plaza Airdome today. This picture tells a story full of human appeal, of an innocent woman who is caught in the toils of a crooked divorce case. She has no redress, apparently, because her husband knows how to use the law plausibly to suit his own ends.

TWO CHARGED WITH THEFT OF AUTOMOBILE ARE LODGED IN JAIL

Two more men, charged with stealing automobiles, were placed in the county jail Friday, having been brought here from Chickasha, Okla., where they were arrested on advice from the sheriff's office Wednesday. They are: Morris Levine and Roy Welsh, alias Chalmers Cannon.

They are charged with the theft of an automobile belonging to H. P. Brotherton, an engineer for the Texas Company, on September 21. More than 20 alleged car thieves have been arrested by the sheriff's office since the last district court grand jury in June. A half dozen or more of the men have made bond, but the others are in jail.

FRED WEINER'S BODY FORWARDED TO CHICAGO

The body of Fred Weiner of Chicago, who died at the general hospital on Tuesday, was today forwarded to Chicago by the Hines Undertaking company.

Don't let skin trouble spoil your good time
Resinol
heals sick skins

"I can't have any fun! I am such a sight with this eczema that people avoid me wherever I go. And the itching torments me so that I don't get any peace, anyhow."
Don't be discouraged! Even in severe, well-established cases of eczema, ringworm or similar skin-troubles, Resinol Ointment, aided by Resinol Soap, usually relieves the itching at once and quickly clears the eruption away.

Doctors prescribe the Resinol treatment. All drug stores sell Resinol Ointment and Resinol Soap.

..Dresses..

-from-
Renter, New York

The World's Largest Dress Manufacturers

The charm of simple individuality is a unique characteristic of "Renter" Dresses. Developed from the finest of fashionable materials in other modes as strikingly simple as the ones illustrated. But one of the strongest points in their favor is that "Renter" Dresses are incomparably low in price. Just think of getting, in this day of phenomenally high prices, a dress of fine wool charmeuse over fringe with an overskirt of deep silk fringe, very modish in style and perfect in workmanship, for only \$39.50. Such are the values to be found in "Renter" Dresses.

Sketched—The rare colorings of maple leaves in autumn are blended in the simulated girdle and protruding pockets of this distinctive frock of brown Duvelva. A "Renter" model—priced only \$98.50.

Offering our patrons the very best merchandise — by the very best makers—the superlative — the exceptional—the unusual.

Comparisons are a daily affair of women who want the best and get it here—in Tailors, in Frocks or in Wraps.

At the top the manikin is shown in what is perhaps the greatest suit value sponsored in the United States.

A Navy Tricotone of finest all-woolen wear custom tailored, rope-stitched pockets—the new Johnny collar. —\$69.50

Just beneath with hands tied fast to Fashion's strings appears one of the wonderful values designed of the blander silver-tone in the blue. The epaulet gives a distinctive color contrast, while adding a luxuriant appearance. —\$99.00

The third model sketched this morning is partial to the Navy Tricotone, but prefers the smart notched collar—the military braid bandings. —\$67.50

The last model from "Belier" takes the elusive length of Silk Duvelva of softest brown tone, allowing the decided contrast of colors to become prominent because of its luxuriant collar and cuffs of gold and black fitch. —\$99.00

We know how interested women are in the smart styles we feature day by day—especially this season, where real value combined with ultra style means so much more than in any previous season.

Throughout the choice stocks you will find this combination. Women tell us every day that this is the case.

HEADLINE HISTORY

(Clip and paste this in your scrap book.) WHAT HAPPENED SEPTEMBER 26. Copyright, 1919, New Era Features.

1914 Germans penetrate Verdun-Toul line, capture fort; cross Meuse. Fortress of Przemysl falls before Russians. Holland declares martial law on eastern frontier.

1915 Allies successful in huge drive on western front; German lines pierced at many points; greatest advances made in Champagne and north of Arras; 20,000 prisoners and 35 guns taken after 70-hour bombardment.

1916 Allies take Comblès, Thiepval and Guedecourt and 5,500 prisoners; battle of the Somme netted 70 square miles of territory, 20,000 prisoners and 644 guns.

1917 Germany offers to give up Belgium in return for trade and military guarantees; will contribute toward cost of restoration; Washington regards terms as impossible.

Americans under General Liggett attack between Meuse and Aisne rivers on 20-mile front; gain 7 miles, taking 12 towns and 5,000 prisoners.

AMERICAN NAVAL FORCES TAKE HAND IN SWIFTLY MOVING EVENTS ON EASTERN SHORE OF ADRIATIC

WASHINGTON, Sept. 26.—Secretary Daniels was asked in a resolution by Senator Knox, Republican, Pennsylvania, adopted today by the Senate to report whether American marines were landed at Trau, Dalmatia.

PARIS, Sept. 21.—American naval forces have taken a hand in the swiftly moving events along the eastern shore of the Adriatic, according to advice from Copenhagen.

United States destroyers, appearing off the port of Trau, when Italian soldiers attempted to force their way into the town, brought the attack to a sudden stop, the Italians retreating hastily, it is said.

PARIS, Sept. 26.—Premier Nitti and Foreign Minister Tittoni will make declarations of their policy in the Chamber of Deputies tomorrow and ask a vote of confidence in the government.

CLAIMS ADVANTAGE FOR WHITE SOX IN THE PITCHING STAFF

By HENRY L. FARRELL, (Times Press Staff Correspondent)

NEW YORK, Sept. 26.—What the old adage says about the "hand that rocks the cradle" baseball sages say of the hand that receive the pitchers slants.

It is admitted that in handling the pitching, combating the base work of the opposition and directing the field play of the team, the catcher has one of the most important posts of the defense.

In this department the White Sox are stronger than the Reds. Ray Schalk is one of the greatest catchers of the game. He is a hard worker, a fine general and judge of plays and his work in steadying pitchers and fielders makes him a more dependable player than any of the Red receivers. Schalk caught the entire series of 1917, batted .263, fielded .949 and held the Giants to four stolen bases in the six games. He worked in 127 games this season and has batted .274, the best mark he has made in the last three years.

Ivy Wingo and Bill Harnden have alternated through the season for Moran. Wingo is but one point behind Schalk in batting but he is the inferior by a wider margin in base running and general work. On account of previous experience in the big series, Harnden may get the call from Moran. He caught five games of the 1917 series after McCarty had the hurt. He batted .235, fielded .900 and held the White Sox to six stolen bases. But his generalship was below par. New York fans to this day have not forgiven him for leaving the plate unguarded in the sixth game when Hestie Zimmerman pulled his historic feat of chasing Eddie Collins across the pan. His stick work this season should be around .212. Schalk has worked so much this season that Byrd Lynn, the second string catcher, hasn't had much of a chance to show himself. He has worked in only 24 games this year and has a batting average of .220.

Nick Allen, the second string man of the Moran fold, has warmed the bench all season. He has a very slight chance of getting into the series.

Schalk can be depended upon to handle any situation that arises in the series. He is a dangerous man with the bat and a puzzle to the bases. All of which gives him weight enough to out balance either of Moran's selections.

AMATEUR BOXERS TO REPRESENT AMERICA

NEW YORK, Sept. 26.—Three amateur boxers will represent the United States in the Scandinavian championship in November. The Amateur Athletic Union today sent requests to all affiliated clubs to arrange an elimination series in the bantamweight, lightweight and light-heavyweight classes. The winners of the semifinals will meet here October 13 and decide who will leave on October 18 for the series in Denmark, Norway and Sweden. The trip will take about three months.

SQUINT AT THE SCORE.

Yesterday's hero—Gavy Cravath. The Philadelphia manager, pinch hitting, knocked a homerun that beat the Dodgers, 10 to 9.

Mack's "Atlanta Athletes" were blanked by Moiridge of the Yanks, 4 to 0.

The Giants ran themselves ragged winning the first game from the Braves 14 to 2, and they lost the second, 3 to 4.

The Browns bunched hits off Claude Williams and beat the champion White Sox 3 to 1.

Detroit lowered the curtain on its home grounds by bumping the Indians, 9 to 5.

KING FOOTBALL TO KICK OFF OPENING OF SEASON TOMORROW

NEW YORK, Sept. 26.—King Football will kick off in the opening of the 1919 season tomorrow.

Five eastern collegiate teams will make an early bid for recognition from a sporting world that is seething with world series interest.

Harvard meets Bates at Cambridge; the army opens with Fiddlebury at West Point; Dartmouth battles Springfield Y. M. C. A. at Hanover; Brown lines up against Rhode Island State at Providence, and Washington and Jefferson meets Geneva at Washington.

While the big teams are not meeting dangerous opposition, the opening games will be of interest in giving the fans a line on the players that will represent the big schools in the championship season.

On the eve of the opener no single coach has announced the make-up of the eleven that will wear the "varity" colors.

PLAN A CAMPAIGN FOR MEMBERSHIP TO COTTON ASSOCIATION

DALLAS, TEX., Sept. 26.—The campaign in Texas for membership in the American Cotton Association will open about the middle of October and efforts are to be made to secure 250,000 members, according to Robert C. Lowry, Dallas, campaign manager.

State headquarters of the association are located in Dallas and Nathan Adams is chairman.

Work of securing members is to be carried into every county of Texas. Mr. Lowry said in statement outlining the objects of the movement. Membership, he said, would entitle holders of the weekly bulletin on crop conditions in all the cotton growing counties of the south, the information to be carried in the bulletin being gathered by special statisticians. The publication is planned to be advisory as to the handling, planting and holding of cotton.

The American Cotton Association proposes to develop warehouse facilities and will endeavor to secure adoption of a negotiable warehouse receipt. It will urge diversified farming which will give diversified each farmer to raise sufficient foodstuffs for himself and family in order that cotton may be made his "money-crop" which can be held off the market if desired.

Efforts of the association at present are centered on working out a plan

FIRST CHOICES WIN GRAND CIRCUIT RACES

COLUMBUS, O., Sept. 25.—First choices again enjoyed favor at today's meeting of the grand circuit here.

Roy Gratton had no trouble in taking the 2:03 pace in 2:10 3/4, while in the 2:06 trot Prince Leroc triumphed over the other heat winners, Wilkes Breezer and Charley Box in a fourth mile.

The Western horseman's future for three-year-old pacers was won by Goldie King. Signal Boy won the middle heat when Goldie Ford made a break. This unexpected victory in the heat paid \$4,500 in the mutuels on a \$2 ticket.

Louis Gratton had the 2:08 pacer at her mercy and took a new record of 2:08 1/4 in the first heat.

LATONIA STAKES TO BE DECIDED OCT. 11

LOUISVILLE, Ky., Sept. 26.—The \$50,000 Latonia championship stakes, said to be America's richest race, will be decided at the Latonia race course Saturday, October 11, according to announcement by the Kentucky Jockey Club. Announcement of the date has been withheld until details of the world's series baseball games were known in order to avoid conflict with the Cincinnati dates. The race is for three year olds at one mile and three-quarters.

WANT EIGHT ROUND BOUT IN NOVEMBER

TRENTON, N. J., Sept. 26.—An offer of \$20,000 was made today by the Trenton A. C. for a Benny Leonard-Lew Tendie eight round bout to be staged here in November.

PLANNING TO REDUCE AUTOMOBILE THEFTS

COLUMBUS, OHIO, Sept. 26.—When the Ohio legislature reconvenes in December, it will be presented with a new plan to reduce the large number of automobile thefts. The plan will be submitted in the form of a bill by P. E. Thomas, warden of the Ohio penitentiary here.

In brief, the plan would provide for a system of ownership cards bearing the serial number of the engine, description of the car and car owner. The proposed bill also would license sellers of gasoline and compel them to sell gasoline only to holders of ownership cards.

Warden Thomas says the plan would not stop "joy-riding" but would tend to work hardship on a professional automobile thief. Automobile thieves, he said, would not be able to proceed any appreciable distance with stolen cars.

The warden also would make it unlawful to sell or trade an automobile having the serial number of its engine defaced.

MUCH TIMBER HAS BEEN BURNED IN 1919

HELENA, MONT., Sept. 26.—While exact figures will not be obtainable until late autumn when snow comes and foresters can make a complete survey, it has been semi-officially estimated that between 300,000 and 400,000 acres of valuable timber will have been burned in Montana this year.

The heavy loss this year is exceptional, but there has scarcely been a year in which the damage was not tremendous. The state press is beginning to urge vigorously a reorganization of the government's forest protection system. One recommendation which has attracted considerable attention is to use military forces in peace times for forest patrol.

Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of outdoor sports with the vigor and enthusiasm of youth! But the end of the week finds you all in—you are tired, listless and lack the energy to go out for a vigorous walk or a round of the links—or any other exercise that requires much physical exertion. Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at a time when he should be at his very best physically.

And he is growing old, not in the sense that the years are pressing heavily upon him—but in the sense that his vital forces are wasting away faster than Nature replaces the worn out tissues.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check that tendency to grow old. You can carry your youth with its joys and enthusiasms into your 70's and 80's. But you must give Nature all the help you can. The best assistance you can find—assistance of a sound, constructive character—is in the use of

Lyko
The Great General Tonic

It purifies the blood—gently stimulates heart, liver and kidneys to normal activity—brings back your own, pushed and mental vigor—chases away that tired, worn-out feeling and replaces it with a spirit of buoyancy.

LYKO is a distinctive preparation, scientifically composed in its combination of medicinal ingredients, and there's nothing more invigorating, more strengthening or more rebuilding. Specially beneficial for invalids, convalescents and run-down people of all conditions. Get a bottle from your druggist today—tomorrow you will feel better for it.

EARLY EXTENSION OF SEWER SERVICE TO THE NORTH SIDE

A TENTATIVE AGREEMENT REACHED AT COUNCIL MEETING THURSDAY NIGHT.

SAFETY ZONES ARE ORDERED

City Council Increases Salary of Street Superintendent to \$200 a Month.

Early extension of the sewer service to the North Side, for some time badly in need of and strongly demanding such facilities, was tentatively agreed upon at Thursday night's session of the council, the work to be done through the joint action of the city and the Katy railroads.

Other matters, aside from the routine business, included the authorization of five additional safety zones in the downtown congested district, and instructions to Alderman Curlee to take necessary action to secure the extension of light facilities to the North Side.

The new safety zones will be placed in front of the First National Bank, the American National Bank, the old city hall building at Seventh and Indiana, the Johns building at Ninth and Indiana, and opposite the post office building on Ninth and Ohio.

Request of the water and light company for a switch to their plant in the southeastern part of the city, presented by F. N. Lawrence, the local manager, was held up pending an investigation of the ground by members of the council.

The council approved a paving petition presented by E. McDonald, paving contractor, applying to Tenth-st from Grant-ave, to the city limits, and for three blocks south of Tenth and Tilden the city agreeing to do the excavating as soon as the contract was signed and the contractor ready to begin operations.

Members of the council present at last night's meeting included: Mayor Marlow and Aldermen W. S. Curlee, M. A. Bundy, Dr. J. F. Reed and J. M. McFall.

PRICE OF \$20,000 IS PLACED ON FIRE STATION LOCATED IN HEIGHTS

A price of \$20,000 has been placed on the Floral Heights fire station, at the corner of Tenth and Van Buren, which the city decided several weeks ago to dispose of with the intention of building two smaller stations in place of it.

NO OCCASION FOR THE STREETS TO GET DIRTY IN AMARILLO SAYS MAYOR

"I am tired of being told how clean Amarillo or any other town of the kind is," Mayor Marlow had occasion to remark at the Thursday night council meeting.

APPROVE PAVING PETITION

The council approved a paving petition presented by E. McDonald, paving contractor, applying to Tenth-st from Grant-ave, to the city limits, and for three blocks south of Tenth and Tilden the city agreeing to do the excavating as soon as the contract was signed and the contractor ready to begin operations.

CITY MANAGER TO BE PROVIDED FOR IN NEW CHARTER

MATTER WILL BE LEFT OPTIONAL WITH THE CITY COMMISSION.

CHARTER COMMITTEE MEETS

Sub-Committee Appointed to Make Draft to Be Submitted to Voters.

A city manager will be provided for in the new city charter, but the actual employment of this feature of the city government will be made optional with the commission, also provided for in the new instrument, it was definitely decided at yesterday afternoon session of the charter committee.

ADDITIONAL COMMITTEE TO CONSIDER BOUNDARIES TO BE TAKEN IN BY THE NEW CHARTER

While it is not intended to extend the present boundaries to any material extent, it is stated that the boundaries of the city need rectification in some places. The boundary question is admittedly one of the most delicate which the charter committee will be called on to deal with.

LIEPOLD LEOPARDS WILL PLAY DECIDING GAME NEXT SUNDAY

Liepold's Leopards will play the deciding game of the present season with the Henrietta Club at the Katy park Sunday, the Henriettans having been secured for another go at that date, according to the announcement of Manager Red Fullwider of the local club.

AFTER RAILROADS FOR BLOCKING CROSSINGS

Division superintendents of railroads entering Wichita Falls may be held into police court some morning as a result of railroad cars blocking street crossings as a result of instructions from the mayor to Assistant Police Commissioner Goodfield at Thursday night's meeting of the council.

COOK'S PAINTS AND VARNISHES ARE BEST FOR WEAR AND WEATHER.

Additional men for flushing the streets were ordered employed by Mayor Marlow, the number now in this service having been found insufficient.

MEMORIAL
CAN YOU SATISFY YOUR CONSCIENCE
By saying that some day I will buy a MEMORIAL for my cemetery plot. Some day, even your own, may say, "You made beautiful promises, but never kept them." If you buy now you will be ready when spring comes again. Do it now.
