PRESIDENT IS SOME BETTER SAYS REPORT

Has Satisfactory Night and Continued Improvement Shown In Bulletin.

WASHINGTON, Oct. 6.—President Wilson's condition continues to improve, according to Dr. Cary T. Grayson's bulletin issued at 11:30 a. m.

"After a consultation this morning at the White House, which was participated in by Rear Admiral Cary T. Grayson, Dr. Ruffin of Washington, and Admiral Holt, the following official information to the President condition was given out:

"The improvement in the President's condition noted yesterday has continued. He had a satisfactory night.

"The President awoke after a night of rest. Dr. Grayson stated informally that the slight improvement was apparent.

WASHINGTON, Oct. 6.—The condition of President Wilson this morning was little changed, according to official information from the White House.

There were no indications that the slight improvement previously recorded had not been maintained but the extreme conservatism in the tone of statements of Dr. Cary T. Grayson, the President's physician, led to the belief that the improvement was not great.

Grayson repeated informally that he was not yet ready to pronounce the President's turn for the better as decisive, although his condition was considered better than at any time since his illness became acute.

Last night's official statement said: "The President had a restful and fairly comfortable day."

Heat of the past three days, breaking all records for 22 years of this season of the year in Washington, was not a good omen for the President. It was learned, and the weather Sunday afternoon seemed to depress him, but last night he showed no ill effects from the hot days during the night.

The President napped during the night, was cheerful and evinced a lively interest in government matters. It was with difficulty that his attention was held by the thoughts into other channels in conference with the plan of complete rest.

Condition the same. Supplementing the terse bulletin, it was said informally last night that the President was about the same as in the morning.

It became increasingly apparent today from the statement of those about the President that his improvement would be a slow process and that the rebuilding of his nervous strength can only be accomplished by a protracted rest. Dr. Grayson still declines to hazard a guess on how long the President will be required to stay away from his desk and pointed out that in illness of this nature progress is necessarily slow.

Dr. Grayson, it was learned, feels that his patient has made some progress toward recovery and believes it can be maintained. At the same time he is not willing to announce that this improvement is such as to preclude a relapse like that which occurred when it was stated "the President is a very slight better but no time is to be lost in watching for changes for the worse.

Senator Hitchcock, administration leader in the treaty struggle in the White House today and talked with Secretary Tumulty.

"I don't believe the illness of the President will be any serious effort on the ground for ratification of the treaty, since we apparently have straight fighting ahead for the next two or three weeks," Hitchcock said.

Under no condition will Dr. Grayson give his permission for the President to take a hand in the "round table" industrial conference which opens here today, it was learned.

WACO, TEX., Oct. 6.—G. H. (Doc) White, will buy the Waco Texas League baseball franchise from the Young Men's Business League here. It is understood White will accept an offer from citizens of Wichita Falls, Texas, to buy the franchise.

WACO, TEX., Oct. 6.—The Young Men's Business League committee in charge of the movement to retain the baseball franchise in Waco has decided to accept a bid of \$25,000 raised on subscriptions here and paid to G. Harris White under contract to maintain the club here this year and next and release White from obligation to keep the club in Waco during the season of 1920. It is understood White has agreed to return this money and will take the club to Wichita Falls.

This proposition is to be submitted to the board of directors of the Y. M. B. L. Tuesday evening and if the board approves the deal will be closed and Waco will be out of baseball next year. The Y. M. B. L. is to pay off the old franchise owners and retain the lease on the park and grandstand as a nucleus for the new franchise. The fans prove strong enough to warrant a re-entrance into the league.

News from Waco that the Young Men's Business League have agreed to the removal of the Texas league franchise from Waco to Wichita Falls marks the success of quiet efforts toward this end on the part of Wichita Falls fans for the past several weeks, who have been negotiating with Walter Salm, veteran Texas leaguer for the placing of a Texas league franchise in this city. Mr. Salm, who will manage the Wichita Falls club, at the time of his visit to Wichita Falls, had options on the Waco franchise putting him at that time in a position to practically assure Texas league baseball to Wichita Falls for the next season.

On behalf of Wichita Falls fans, R. O. Harvey and W. Newton Maer, assured Mr. Salm of the subscriptions to the stock of the company which will be organized to hold the local franchise to a large part of the necessary stock being pledged by those in attendance at the meeting. Among those present at this conference were R. O. Harvey, W. Newton Maer, Jerry Kenney, Jim Haynes, Lloyd Weaver, J. L. Art, Pink Hammond, W. E. Norton, Bob Collier, E. G. Hill, Mayfield, Street and Salm, who is to head the local club, is well known to baseball followers here the entire south, having played first base for the "Port Worts" club for a number of years in addition to filling similar plays and several managerial roles in other minor league circuits in the south and middle-west.

Official statement said: "The President had a restful and fairly comfortable day."

REFUSES TO ARBITRATE STEEL STRIKE

E. H. GARY TESTIFYING BEFORE SENATE COMMITTEE

Eibert H. Gary, chairman of the board of the United States Steel Corporation, in his statement to the Senate committee says that he will not meet any workmen's representatives and advocates federal regulation of concentrated capital and combined labor. He declares that unions are a menace to the country and refuses to arbitrate the steel strike.

LEADERS OF NATIONAL UNION OF RAILWAY MEN OF ENGLAND SATISFIED WITH SETTLEMENT

LONDON, Oct. 6.—Leaders of the National Union of Railwaymen who directed the strike which was settled yesterday, declare their satisfaction with the arrangement, in messages to the Herald, organ of union labor.

The men stood four square, determined to secure victory or go down together," declared J. H. Thomas, secretary of the union and leader of the strike. "The settlement brings some great gains."

He appeals to railwaymen to consolidate their organization and make their forces stronger than ever, so that they may gain for all members a higher standard of life.

C. T. Cramp, president of the union, says: "While we did not obtain the formula we set forth in the strike resolution, we obtained terms equally good, which will give the railwaymen the same 'thing in effect. Our men have broken the back of the first attack made upon the entire working class and no doubt this splendid stand will save the workers from a degree standard of life."

Bromley, secretary of the Society of Firemen and Engineers, asserts: "The settlement is highly satisfactory. There is greater value in it than appears at first sight."

By ED. L. KEEN (United Press Staff Correspondent.) LONDON, Oct. 6.—British railway workers were returning to their posts today, after both the strikers and the government had made concessions yesterday which ended this country's greatest labor walk-out.

On many of the railway lines trains were in operation early today in the quarters fear was expressed that agitators might cause further trouble, but there was no evidence of it in the strike.

MEXICO CITY, Oct. 6.—Sixty persons are known to have been killed in the wreck of a train running from Laredo to Mexico City today. It is believed the death-toll will reach 75 or more. All the dead were among the second class passengers on the train.

WASHINGTON, Oct. 6.—Exposition of the final decision in a case to determine the constitutionality of the Texas congress imposed upon child labor products was asked in the supreme court today by the government.

Eller Pitches Great Game For the Cincinnati Team

Cincinnati 5 4 0 Chicago 0 3 0

The line-up for game: Cincinnati—Rath, 2b; Grover, 3b; Jackson, 1b; Gandill, 1b; Lisberg, ss; Lynn, c; Williams, p.

By HENRY L. FARRELL (United Press Staff Correspondent.) COMISKEY PARK, CHICAGO, Oct. 6.—Cast adrift by the White Sox once upon a time because he wouldn't do, Hod Eller, the shine ball expert of Pat Moran's Reds took his revenge today in the fifth game of the world series Eller shut out the American League champion by a score of 5 to 0.

He allowed the Sox but three hits and struck out nine of them. Six of his strike-out victims came in succession in the second and third innings. One after another the Sox sluggers stepped to the box merely to swing their bats and retire. The 36,000 fans who came to cheer for a White Sox victory remained to cheer for Eller throughout the game.

After Eller had sacrificed Groh walked. Eddie Roush then delivered a triple—his first solid smash of the series. Roush's drive was over the plate. Duncan's sacrifice fly to Jackson scored Roush with the fourth and final run of the inning.

The Reds' other run came in the ninth without the aid of a hit. Roush was safe on Eddie Collins' bobble and Duncan walked. They advanced on Kopf's sacrifice and Roush scored while Lisberg was throwing out Neale.

Cincinnati: Rath up; ball one, the first one was a wide curve, a foot outside; strike one called; ball two; Rath walked; strike three; ball four, Rath walked. Williams again was attempting to work the corners.

Williams' curve was breaking sharply. He worked the corners repeatedly as he tried to do in the first game.

Chicago: Liebold up; ball one, ball two, strike one called; foul, strike two, ball three, ball four and Liebold walked. Eller out and Lisberg up. Strike one called; E. Collins on Kopf to Daubert. Lisberg going to second. It was a very close play and Collins protested vigorously.

Chicago: Gandill up, strike one, called; strike two, called; Eller doubled to left and went to third when Felsch, who retrieved the ball, threw wildly to third. An error for Felsch.

Chicago: Gandill up, strike one, called; strike two, called; foul, strike three, called; Roush tripled to center, scoring Rath and Groh. Felsch threw almost caught Heinke at the plate and the Sox players protested the decision vigorously.

Chicago: Gandill up, strike one, called; strike two, called; foul, strike three, called; Roush tripled to center, scoring Rath and Groh. Felsch threw almost caught Heinke at the plate and the Sox players protested the decision vigorously.

back of the back and easily beat him to the station. Eller up; foul, strike one; Eller popped to Weaver, who took the ball in front of the box. Rath up; strike one, called; ball one; strike two called. Rath fouled to Gandill. No runs; no hits; no errors.

Williams let his curve ball rest in this inning and mixed a fast one that puzzled the Reds. Groh up; strike three, swung up; E. Collins up; ball one; called; strike two, called; strike three; Williams fanned for Eller's fourth successive strike-out.

Chicago: Williams up, ball one; ball two; strike one, called; strike two, called; strike three; Williams fanned for Eller's fourth successive strike-out.

Chicago: Jackson up; strike one, swung; foul, strike two; ball one; Jackson out. Rath to Daubert on an easy bouncer. Roush up; foul, strike one; ball one; strike two, swung; foul. Felsch fouled to Hariden, back of third base. Gandill up and flied to Roush. No runs; no hits; no errors.

Cincinnati: Rath up. Foul, strike one. He attempted to bunt down the third base line. Foul, strike two; Rath flied to Jackson in short left. Daubert up. Daubert flied to Felsch. It was a high one in right center. Groh up. Foul, strike one; foul, strike two; foul, strike three. No runs; no hits; no errors.

Cincinnati: Kopf up, foul, strike one; Kopf singled to right just out of E. Collins' reach. Neale up, foul, strike one; he attempted to bunt; foul, strike two; strike three called; again; foul; Neale forced Kopf to second. Roush up; strike one, called; strike two, called; his throw was late. Hariden up; ball one. Neale out stealing. Schalk to Roush. It was a perfect throw by Schalk. Ball one; foul, strike two; foul; a fan in the boxes caught Hariden's high foul in the mouth of a huge megaphone and the crowd roared. Hariden flied to Felsch. No runs; no hits; no errors.

The crowd gave Eller an ovation when he resumed the mound. Only nine men had faced him.

Chicago: Gandill up; Gandill out. Rath to Daubert on an easy bouncer. Roush up; strike one, called; ball one; strike two, swung; Roush out. Groh to Daubert on a hard drive, which Heinke fielded perfectly. Schalk up, strike one, swung; Schalk singled to left. The crowd's curving drive between short and third. Williams up, strike one, swung; ball one; strike two, swung, foul; strike three, swung. Williams fanned. No runs; one hit; no errors.

Schalk was the first man to reach first off Eller in four innings. Groh continued to work in perfect shape and he was given another ovation by the Sox fans when the inning ended.

Cincinnati: Eller up, strike one, called; strike two, called; Eller doubled to left and went to third when Felsch, who retrieved the ball, threw wildly to third. An error for Felsch.

Chicago: Gandill up, strike one, called; strike two, called; foul, strike three, called; Roush tripled to center, scoring Rath and Groh. Felsch threw almost caught Heinke at the plate and the Sox players protested the decision vigorously.

unable to hold it. Umpire Rieger threw Schalk out of the game when the Sox catcher waved his fists menacingly at the umpire's chin. Schalk was the second man to be put out of a world series on an easy chance. Catching for Chicago. Duncan up; strike one, swung; strike two, called; foul; Duncan flied to Jackson and Roush scored after the catch, besting Jackson's throw to the plate. Kopf up; Kopf flied to Felsch. Four runs; three hits; one error.

It was a terrific inning for Williams. Eller's fly fell safely between Felsch and Jackson and started the trouble. Felsch made a desperate try for Roush's fly and almost got it. Duncan was credited with a sacrifice fly. Chicago: Liebold up; Liebold out. Groh flied to Hariden in short left. E. Collins up; ball one; E. Collins flied to Roush in left center. Weaver up, foul, strike one; Weaver out, Kopf to Daubert. No runs; no hits; no errors.

Eller worked in easy fashion and was pitching as well as ever.

Chicago: Jackson up; strike one, swung; foul, strike two; ball one; Jackson out. Rath to Daubert on an easy bouncer. Roush up; foul, strike one; ball one; strike two, swung; foul. Felsch fouled to Hariden, back of third base. Gandill up and flied to Roush. No runs; no hits; no errors.

Cincinnati: Rath up. Foul, strike one. He attempted to bunt down the third base line. Foul, strike two; Rath flied to Jackson in short left. Daubert up. Daubert flied to Felsch. It was a high one in right center. Groh up. Foul, strike one; foul, strike two; foul, strike three. No runs; no hits; no errors.

INTERESTING RELAXATION.

In Chicago and Cincinnati the world's series baseball games are absorbing the thoughts and energies of thousands of individuals...

What a great waste this is, exclaims the materialist who does not look beyond his figures. Why here is enough time and energy wasted to accomplish great building and improvement undertakings...

But is it time and energy wasted? Does not both the mind and body of man need the exercise of those alternating periods of tension and relaxation that come to the fan during the world's series?

The useful part that sports play was never more strikingly shown than during the period of the great war. The American people never faced a larger undertaking and never faced an undertaking with greater seriousness and determination than they faced the work of licking Germany.

A compromise has been reached to the great British railway strike. Both sides appeared eager for a settlement and for a resumption of traffic.

## HOPE STILL LINGERS IN THE BREASTS OF FAITHFUL SOX FANS

COMFORT IS GIVEN IN THE THOUGHT THAT KERR CAN PITCH AGAIN TODAY.

### NO CONCESSIONS ARE MADE

Moran is Quietly and Cheerfully Confident of Victory in Battle This Afternoon.

By HENRY L. FARRELL (United Press Staff Correspondent.)

CHICAGO, Oct. 6.—A new crop of tender hopes peeped up on Comiskey Park today, coaxed by the rain that forced a postponement of Sunday's world series battle. Whether the rampaging Reds will succeed in tramping them back into the soil was the big question hung over the off-day.

Sox rooters, at least the ones of them whose gameness has managed to survive the tribulation thus far sustained by their heroes, are banking heavily on the unexpected rest given Williams and Kerr. A goodly proportion of Chicago fandom, it may as well be admitted, have reached the point where hope is abandoned. But the faithful still hold hard.

It seemed likely that Hod Eller would be given his chance today. Eller has chafed under the restraints imposed by four days in August while his mates were winning laurels on the hill. Moran was hesitating to-day between Eller and Ruether, but probabilities were that Eller would draw the assignment and Ruether be saved for the first game after the return to Cincinnati.

Williams May Pitch. It has been generally accepted that Clem Williams will take his second fling at the Reds today. Gleason really believes Williams will win his next start. However, Dickey Kerr's magnificent game Friday has caused Gleason to do some figuring, and it was possible that he would send Kerr today, in which event the wee one would be ready after a couple of days rest for a third fling at the Reds.

Chicago fans were tremendously disappointed by the ill fortune that cheated them out of their Sunday game. Hundreds of fans journeyed to the park in the rain yesterday hoping against hope that there would be no postponement. Scores of one-day customers who came from a distance were compelled to return to their homes without a glimpse of the big series. Those unfortunates were offering their tickets for sale around baseball haunts last night.

Speed Lays Day. The Reds spent a lazy day yesterday. Many of them loafed around hotel lobbies and gave admiring fans a chance to look them over. Last night they honored a few theaters with their presence.

Moran was quietly and cheerfully confident today. He smiled away all suggestions that the day of rest might benefit the Sox conspicuously. "Perhaps the Sox's three best pitchers may benefit a bit by the extra day," Moran said, "but not to any great extent. None of them has been overworked in the series. Cicotte has pitched a little more than one game and Williams and Kerr one each. Williams pitched his Thursday. If he

works today he will have had four days rest. That's as much as he got throughout this season. It will be four for Kerr too if he works Tuesday. That's enough for any pitcher.

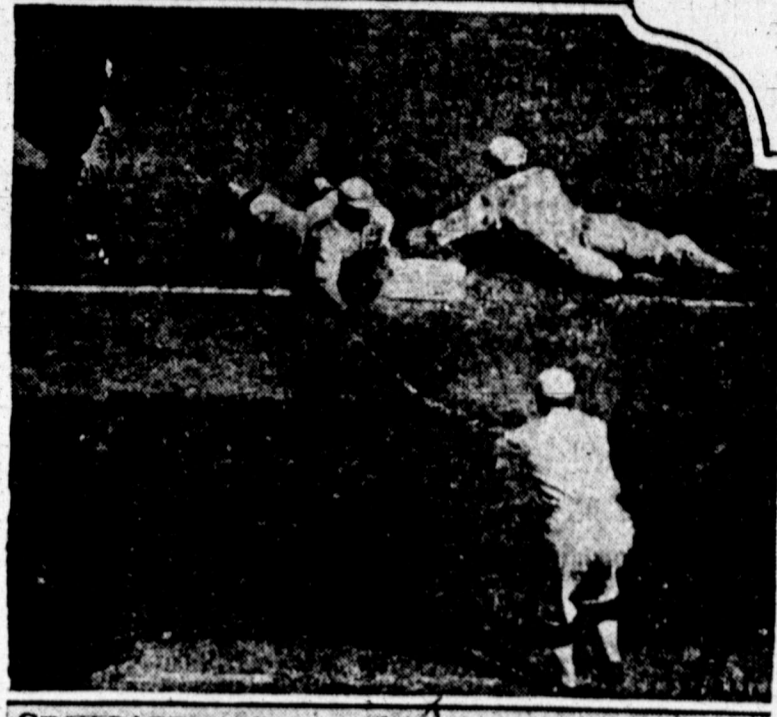

Reds in Fine Shape. "My boys are in fine shape and spirits. I still have two or three first class pitchers the Sox haven't seen. On the other hand we have looked over everything the Sox have. No matter who pitches for us today, he ought to win. The club is playing unbeatable ball and will help carry any pitcher through."

Kid Gleason maintained a bold front. He refused to concede anything further than that the Reds have a big advantage that the Sox must overcome. He insists his men can do it.

"Cicotte showed all his old stuff," said the Kid. Williams pitched brilliant ball at Cincinnati. Kerr's work speaks for itself. The boys have pitched without the breaks. We figure to rest them from now on. Saturday's game should have gone into extra innings; but Saturday is gone, and we are thinking now about the other games. Keep your eye on the Sox day."

Heinle Groh, the star third baseman of the Reds, is shown in the accompanying picture sliding safely into third base in the initial game of the big series now in progress between the White Sox and the Reds. "Heinle" annexed the third corner, but it was a close shave, as is shown in the picture.

## EVERS FORECASTS PROBABLE RESULTS OF TODAY'S GAME

By JOHNY EVERS. Written for the United Press.

CHICAGO, Oct. 6.—Most of the wise ones figure the White Sox will profit by yesterday's vacation caused by the rain. In my opinion neither club will. Neither will either be the loser.

While Gleason has been able to rest his pitching stars, Moran's twirlers also will have the same advantage. Today's game ought to be hard fought. Both clubs have had a rest and a chance to ease up the strain. Lefty Williams may give the Reds a battle. He is known to be strong in a comeback against clubs that have beaten him. Nevertheless I look to see the Reds win. The momentum they have gathered in the first four games should carry them through today.

Hod Eller is very likely to pitch for Cincinnati. He is a pitcher just as capable as the hurlers who have already delivered. If the day is cloudy he will have a double advantage. Speed is one of his main assets. Also, he is fresh, not having faced the Sox at yet. He is very anxious for his chance.

It is possible that Moran will decide to start Ruether in the fifth game. He figures Ruether as good for another game any time he starts. Pat's final selection will depend on what pitcher Gleason sends out.

If Eller and Williams hook up, the Sox have a chance to win today; but it would be their last victory of the series, as Moran's southpaw, Sallee and Ruether, are almost certain to win on their home grounds. I say this realizing Dickey Kerr may oppose one of them. I believe Kerr will give the Reds trouble again, but I believe they will beat him next time.

## CHICAGO BATTERS AS RESPONSIBLE AS ARE THE PITCHERS

By ROSS TENNEY. (United Press Staff Correspondent.)

CHICAGO, Oct. 6.—Responsibility for the White Sox present predicament must be shared by the batters as well as the pitchers.

It is true that Cicotte threw away two games—one by going in there when he didn't even have a prayer and the other by trying to play the whole infield. It's also true that Lefty Williams handed out six bases on balls, four of which the Reds cashed into runs that beat Williams.

But it's also true that the Chicago White Sox in this series have been hit by the biggest batting slump that they have experienced all season. They have hit exactly 211 in these four games, with Pat Moran's crew and that an appalling drop of 74 points from the swatting figure that they kept up for the entire regular season of 140 games.

When their pitchers wobbled during the regular season they went in and batted out victories by the might of their swatting, but they have hit in this series far below the pace with which the Mack men finished a bad

last in the American league. They have looked like the weakest team at bat that ever entered a world series. They believe that they will get going in this series, but they have only a two-game margin to go on and they have shown hitting ability in this series only against Slim Sallee. Furthermore, the slim one is a pitcher noted for his ability to win games in which the other fellows hit him hard, but don't get 'em safe in pinches. He pitched a typical Sallee game in beating the Sox.

## WHITE SOX HOPE IN THE SOUTHPAWS KERR AND WILLIAMS

By TOM SPOPE (Written for "The United Press")

CHICAGO, Oct. 6.—Left handed pitching, supposed to be the stuff that takes the cup out of the Reds, was the hope of the White Sox when this world's series started. Today it is their one and only hope.

Southpaws will pitch the next two games for the Gleasons. If they fall the series will be over. If they win the series will be tied.

Kid Gleason has little choice. He must pitch Williams in the fifth game. Unless there is a lot of rain that will give Cicotte enough rest to make a third attempt for a victory, and he must work Kerr, his only winning pitcher so far, in the sixth game.

Williams lost his first start through wildness. He allowed only four hits but three of those hits drove in runs. Kerr gave the Reds only three hits while shutting them out. Sox followers point to these performances as a proof the Reds can't hit Gleason's southpaws. They believe Williams will have better control in his next start and say that if he has he is a sure winner. As a rebuttal to these claims, the Reds reply that they saw nothing in Williams' pitching to scare them. They point out that all through the League season they were better against the good southpaws the second time they faced them.

The fate of the Reds in this series does not depend so much on what Moran's pitchers do as what his batters do against the Sox left handers. It seems certain the Reds will get good pitching. If this holds true the Moran men claim all that will be needed to wind up the series in six games is for the Reds to gather a few pinch hits off the Sox southpaws.

FINAL GAME OF THE SEASON WON BY THE LEOPARDS, 3 TO 0

Spectacular fielding, superb pitching and a smattering of brilliant batting featured a game in which the Leopards won, 3 to 0, from a mixed Henrietta-Fort Worth ball team at Katy park Sunday.

Probably 2,000 fans, a crowd which packed the stands and flowed into the infield, witnessed the game, the last of the 1919 season. And it was a most fitting climax to a season, too, for it was one of the best games played on the local lot during 1919.

Whittaker, on the other hand, was wild and let two hits come together in two innings, in both of which the locals counted as a consequence of these hits.

Really wonderful fielding, the sort that catches the eye, kept the big crowd on the qui vive throughout the game and not an error marred the perfection of play.

Large areas of the diamond were lakes of water, and a chilly north-east wind swept the field, but the shivering 3,000 husky ruffians, each of whom had a right to be there, were not deterred.

Again in the second the visitors got a man on. Sears beat out a bunt, but died in a quick double play when Myers hit to Menor. In the third with one down, Quattlebaum walked.

By using a quick double play in the seventh and eighth, Wachtel had 'em going out in one-two-three order, but in the ninth Whittaker finally got one placed right—men on in center.

THREE HOME BOYS SERVING IN NAVY WANT CIGARETTES

Three Wichita Falls boys in the navy who are leaving shortly for a cruise in the Asiatic are anxious for cigarettes, stationary and correspondence with folks from their own home town, and have written the postmaster to that effect.

There are more than seven million Baptists in the United States, according to statistics compiled by the Baptist 75 Million Campaign, including those of all types and colors.

The income of these white Baptist families is \$3,000,000,000 a year, it has been estimated, and if only ten per cent of this income were given to the service of God it would produce a sum of \$300,000,000 or four times what is being sought for five years in the present campaign.

And if only fifty-seven per cent of the \$300,000,000 were given to missions, this being the percentage of the proceeds of the 75 Million Campaign that will be devoted to missions—this would make available for missions alone the sum of \$171,000,000 a year, or enough money to provide 855,000 missionaries at a salary of \$2,000 per year.

much to be out, but since we called out after the war broke out in 1917, we will have to finish our cruise, but as soon as our time is up you can get us coming back to dear old Wichita Falls, the best town in all Texas.

With best wishes, "ROY SELMAN." (One of the boys from Wichita Falls selected to write.)

BAPTISTS OF AMERICA HAVE LARGE INCOME?

The income of these white Baptist families is \$3,000,000,000 a year, it has been estimated, and if only ten per cent of this income were given to the service of God it would produce a sum of \$300,000,000 or four times what is being sought for five years in the present campaign.

And if only fifty-seven per cent of the \$300,000,000 were given to missions, this being the percentage of the proceeds of the 75 Million Campaign that will be devoted to missions—this would make available for missions alone the sum of \$171,000,000 a year, or enough money to provide 855,000 missionaries at a salary of \$2,000 per year.

one missionary for every 11,681 un-saved people in the world. Thus it is urged by the campaign leaders that if the Baptists of the United States should give to the extent of their ability to the spread of the gospel, they alone, without any assistance from any other denominations, could within the next five years, carry the gospel to every man, woman and child in the world who has not heard it already.

Schlitz FAMO A Builder of Health

Aside from the essential compounds necessary to life that are present in Schlitz FAMO—protein and carbohydrates—the organic acids, aromatic compounds of the hop content and carbonic acid gas, exert a very beneficial action.

They have a specific antiseptic property to suppress the development of harmful bacteria that may be lodged in the intestinal tract.

They stimulate—refresh—and assist digestion by replacing to a certain extent the hydrochloric acid of the stomach—cause it to flow more freely—increasing the secretion of the digestive juices.

Drink Schlitz FAMO freely—it is a worth-while cereal beverage, non-intoxicating, healthful and satisfying. Good and good for you.

On sale wherever soft drinks are sold. Order a case from

COUNCIL OF DEFENSE SUBMITS REPORT ON HIGH COST OF LIVING

PRODUCTIVE POWER OF NATION IS NOT FULLY UTILIZED SINCE ARMISTICE.

WAR-WASTE IS ALSO BLAMED

Suggests Remedies by Which the Present Conditions May Be Overcome.

WASHINGTON, D. C., Oct. 6.—The United States Council of National Defense, composed of the secretaries of war, navy, interior, agriculture, commerce and labor, has made a careful investigation of the high-cost-of-living problem, and finds:

That the nation's productive powers have not been fully utilized since the armistice.

That too few goods, notably the necessities of life, have been produced, and that even some of these goods have been withheld from the market, and therefore from the people.

That the high cost of living is due in part to unavoidable war-waste and increase of money and credit.

That there has been and is considerable profiteering, intentional and unintentional.

Remedies Suggested. The council believes that the remedies for the situation are:

To produce more goods, and to produce them in proportion to the needs of the people.

To stamp out profiteering and stop unnecessary hoarding.

To enforce vigorously present laws and promptly enact such further laws as are necessary to prevent and punish profiteering and needless hoarding.

To bring about better co-operation and method in distributing and marketing goods.

To keep both producer and consumer fully informed as to what goods are available, and as to what supplies are available, so that the consumer may anticipate the country's demands.

Goods the Means of Life. Goods and not money are the means of life. Better standards of living are impossible without producing more goods. Man cannot consume what has not been produced.

At the war's end our allies had desperate need of the essentials of life. We have had to share our resources with them, but this drain will gradually lessen, in so far as our shortage of goods is concerned, and our labor force will be able to produce more.

It is just as essential that we have patience with the economic situation here at home. The process of production requires time. If production is rapidly increased, vastly improved conditions will prevail in America when the results of the present and future labor begin to appear.

Team Work Essential. Team work is imperative. It is just as essential between retailer, wholesaler and producer, as it is between employer and employe. One group of producers cannot wait on another group. The manufacturer and the distributor must each immediately assume his part of the burden and

enter upon his task. The nation cannot afford curtailment of goods vital to the people.

An American business rests a grave responsibility for efficient co-operation in bringing about full and proportionate production. On American labor rests an equally grave responsibility to attain maximum unit production and maintain uninterrupted distribution of goods if labor itself is not to suffer from further rises in the cost of living.

Should Return to Unity. The entire nation—producer, distributor and consumer alike—should return to the unity that won the war. Group interest and undue personal gain must give way to the good of the whole nation if the situation is to be squarely met.

Our common duty now, fully as much as in the war, is to work and to save. In the words of the president in his address to the country on August 25, 1918, only "by increasing production, and by rigid economy and saving on the part of the people, can we hope for large decreases in the burdensome cost of living which now weighs us down."

Work, save, co-operate, produce. (Signed) NEWTON D. BAKER, Secretary of War and Chairman of the Council.

JOSEPH DANIELS, Secretary of the Navy.

FRANKLIN K. LANE, Secretary of the Interior.

DAVID HOUSTON, Secretary of Agriculture.

WILLIAM C. REDFIELD, Secretary of Commerce.

WILLIAM B. WILSON, Secretary of Labor.

GROSVENOR B. CLARKSON, Director of the Council.

POLICE RECOVER TWO STOLEN AUTOMOBILES

Two automobiles, stolen by car thieves some time ago, were recovered by the police Saturday. Detectives Johnson, Arledge and Overbay were responsible for one find, a Buick car, No. 336,178 belonging to Kimm & Ballard, which was found in front of the Masonic Temple.

Chief of Police Fred Smith told the other car at the depot, it having been taken from in front of the Masonic Temple when the other car was left there.

CHARGED WITH CARRYING CONCEALED WEAPONS

An old-fashioned Deringer pistol, the sort used long before the Civil war, was taken from A. C. Smith, a car repairer for the Katy railroad, when he was arrested Saturday night by Deputy Constables Spiller and Belscher. He was charged with carrying concealed weapons and was transferred to the county court.

Smith told a Times reporter that he found the Deringer on a car seat.

Wichita Falls new detective department, which is a subsidiary of the police department, commenced its duties Monday, although the plans for its work were completed Sunday.

Assistant Police Commissioner Goodfellow will be in active charge of the detective bureau, with Detective Johnson serving as office man and assistant executive of the department.

Overbay and one other man yet to be designated as street men.

Within a short while a beribbon division will be opened in the department and a roving gallery started.

This cannot be done, though, until the department has more room. When the beribbon department is started, notorious crooks and persons charged with felonies will be "mugged" (photographed) side and front view, and their numerous measurements and fingerprints taken and kept as records of their criminal activities.

For the first time in thirty years, I'm going to use I in an advertisement—and this one is literally sprinkled with them. On the 28th of September, 1889 My father and I opened a grocery store on Ohio avenue under the name of O. W. BEAN & SON. Of course, we handled coffee and I didn't like the blends we were able to buy—nor the idea of selling and drinking STALE COFFEE. So I bought a small roaster using gasoline for fuel and operated by an Armstrong motor and I was IT. Our coffee business increased enormously and I soon bought a power roaster and continued to roast coffee until I quit the grocery business. In fact, the coffee business crowded the grocery business out and in the spring of 1915 I moved to 824 Indiana avenue and established the BERT BEAN COFFEE HOUSE, wholesale and retail, and now my fast increasing business demands larger and better facilities and so I have built a thoroughly modern plant back at the old "stamping grounds" at the corner of Ohio and Sixth and after moving will supply the trade through the grocer, but will continue to furnish them coffee FRESH FROM THE ROASTER each day. "WHO CAN BEAT IT?"
