FOURTEEN DEGREE DROP LAST NIGHT AT KANSAS CITY

KANSAS CITY, MO., Oct. 10.—Rain or snow is not expected here tonight, but there will be a heavy frost and the mercury may drop to freezing, according to the local weather bureau here today. The thermometer dropped 14 degrees in 15 minutes last night. The low mark today was 42 degrees at 8:00 a. m. with a rise to 47 at 2:00 p. m.

FROST PREDICTED IF SKY IS CLEAR

OKLAHOMA CITY, OKLA., Oct. 10.—Only continued cloudiness and wind can save Oklahoma crops from heavy loss tonight, according to local weather bureau predictions.

If the clouds clear and the wind dies down a light to heavy frost will fall over almost the entire state, with the heaviest in the portions which will have probably a light freeze, it was announced.

BENEVOLENT WAR RISK SOCIETY IS CONSIDERING QUESTION OF HOSPITAL

AUSTIN, Oct. 10.—Charter members of the Benevolent War Risk Society met here today to consider the establishment of a hospital for tubercular discharged soldiers, sailors, marines and nurses.

Tentative plans advanced call for the raising of \$250,000 to erect a building at Carlsbad, to care for 200 patients, which C. W. Goddard, state health officer, estimates will meet emergency conditions.

Proposed methods of raising this fund are as follows: A membership fee ranging from \$1 to \$10; a subscribing membership from \$10 to \$100; a contributing membership from \$100 to \$1,000; a memorial membership from \$1,000 up. Memorial members are to have the privilege of dedicating a room in the hospital to any person they wish. Charter members of the society include leading men of the state, and membership is open to men, women and children.

FORMER CITIZEN IS VISITING IN THE CITY

J. H. Young, postmaster at Wichita, Oregon, and formerly of Wichita Falls, arrived here Friday for a visit at the home of his cousin, J. M. McFall. Mr. Young is considering locating again at Wichita Falls. Mrs. Young is a former Wichitan, being the daughter of Frank Dorsey, who at the time of his death was cashier of Panhandle, now the City National bank.

ACCOUNT OF SICKNESS

In response to a telegram from his son, Ed Gwinn, advising him that Mrs. Gwinn's mother was dangerously ill, Justice of the Peace R. V. Gwinn, Mrs. Ed Gwinn and her little daughter departed Thursday night for Desdemona. Mrs. Gwinn's mother lives near Desdemona.

Judge C. B. Felder was expected to return today from Austin, where he has spent this week on business. He also paid a visit to his father at Castle Hill.

MILITARY WEDDING TO OCCUR SOON

Mrs. Bertha M. Stillman, of New York and Gosden, N. Y., a member of a well known family of the former city and Albany, N. Y., will become the bride of Colonel Edwin G. Peyton, U. S. A., who returned recently from France. The marriage will take place on October 15 in Rockledge Farm, the home of Mrs. Stillman, in Gosden.

Mrs. Stillman is the widow of Mr. Oscar Bishop Stillman, of New York and Gosden, who died two years ago. She was Miss Bertha Moore, of Albany, and is a daughter of the late Major and Mrs. Joseph Owen Moore, of Albany.

Colonel Peyton is a son of the late Mr. and Mrs. E. G. Peyton, of Mississippi.

UNUSUAL INTEREST IN CIVIC WORK BY NORTH SIDE BRANCH

Miss Jackson, county home demonstration agent, attended a meeting yesterday of the North Side Branch of the Civic League and reported today that unusual interest is being manifested by the organization across the river. The branch has taken up the "tackling" of the work being done in the interests of a fund to assist in buying many things needed in the schools.

The North Side Branch is doing this tackling work at a scale of \$2 a comfort, and anyone interested wishing work of this character done is requested to telephone Mrs. T. B. Snook, Mrs. E. W. Nicholson or the Chamber of Commerce.

The Civic League will inaugurate a membership campaign this month, the drive being intended to add 1,000 new members at \$1 per year, the minimum membership fee. The fees will be added to the League's fund to be used in operating a municipal market next spring. The campaign will be closed with an afternoon tea on regular meeting day, the first Tuesday, November, in the basement of the Christian church. Details regarding the campaign will be worked out by a committee consisting of Mrs. E. F. Johnson, Mrs. Dan Daniels, Mrs. Harrison and Mrs. Snook.

A committee was appointed today to operate with the negro branch of the league in re-organizing. The negro section of the city will be inspected, and a thorough clean-up campaign will be inaugurated next week. The committee includes Mrs. E. F. Johnson, chairman, Mrs. Joseph Mayfield and Mrs. Dan Daniels.

The sanitary question was discussed at length by the league members, and by unanimous vote the league went on record as favoring the continuation of the city of garbage removal on a paying basis, with a competent manager in charge of the work. The sanitary department, it was further stated by the league, should be re-organized in such manner as to give efficient service at all times. The civic league also urges that all trash, boxes and cans be kept from the city sidewalks. Mrs. Snook and Miss Jackson named a committee to take up this matter with the city council. The council also will be asked to handle trash in the residence district as well as in the business section of the city.

PLAN ACTION TO CORRECT THREATENED SANITARY MENACE

With the city's sewerage system clogged and endangered by a back water wash from the river and intermittent rains continuing, Wichita Falls this afternoon faced a grave sanitary situation and drastic means to eliminate the condition were being considered by the authorities.

Mayor Marlow has suggested two plans, one of which will be used should the condition continue. He proposed to either blow out the obstructions and sand dam at the mouth of the sewers with dynamite or cut the sewer above the obstruction and permit the sewage to find egress through the holes and flow over the unoccupied land bordering the river.

Action looking toward freeing the sewer flow will be taken this afternoon, it is expected. The sewers are backed up with water as far as Holliday street. Sand, drift wood and refuse clog the mouth of the sewers.

The river this morning stood stationary at 18 feet. There had been no further rise in the last eight hours. It was announced shortly after noon.

Rains above the city, however, were expected to cause an additional rise and an overflow was looked for should the rains continue.

Thus far all of the railroads are able to operate trains into and out of the city. The Northwestern's bridge across Red River still was possible this morning and heroic efforts were being made to keep it standing, although Red River was reported to be rising.

The rains have wrought havoc with the roads, and reports of bogged cars, trucks and other vehicles were frequent.

Desdemona \$50.00

per acre for quick sale. Put this in your company. Might take part stock

TINDALL IS RELEASED ON OWN RECOGNIZANCE

O. M. Tindall, who was arrested Thursday by Chief of Police Smith in response to a telegram from the detective bureau in Chicago saying he was wanted in connection with the theft of some diamonds from Charles Stewart, was liberated Friday on his own recognizance. It was said the charges would not be pressed, for Tindall has satisfied the authorities that he is not guilty of any offense.

Tindall lays the arrest at the door of Stewart, a former friend, whom he had given Mrs. Tindall a small diamond months ago when the two were great friends. Since then Stewart and his wife have separated and Stewart is endeavoring to gain possession of all diamonds she at one time had, and it is thought by Tindall that this led to the arrest.

The two diamonds Tindall owns are of small value, he told a Times reporter. Having been exonerated he has resumed his employment at the Westland cafe.

REAL ESTATE MEN POSTPONE MEETING

Postponement of the meeting of the Wichita Falls real estate meeting scheduled Tuesday evening, October 14, has been announced by L. E. Cowling, president of the Association. Several important business matters are to come up at this meeting, including election of a business manager for the association, and all members are requested to note the change and to be present Tuesday night at the meeting which will be held at the Elks Club.

MISS DENNY TO CONDUCT TELLING HOUR

Miss Louise Denny, of the San Jacinto school faculty, will conduct the story telling hour at the Kamp Library Saturday afternoon. The story telling will begin at two o'clock and all children of the city are invited to attend.

INCREASED NUMBER COMPLETIONS SHOWN IN REPORT FOR THE WEEK

Completions in the Waggoner pool this week are slightly more numerous than several weeks past, and the size of the wells are up to the average. There are no abandonments reported from the Waggoner, but several from other sections of the field. Completions include the following:

Waggoner pool completions follow: Block 47, 1,900 barrels; Block 48, 1,200 barrels; Block 49, 1,500 barrels; Block 50, 1,800 barrels; Block 51, 2,000 barrels; Block 52, 1,700 barrels; Block 53, 1,600 barrels; Block 54, 1,900 barrels; Block 55, 1,800 barrels; Block 56, 1,700 barrels; Block 57, 1,600 barrels; Block 58, 1,500 barrels; Block 59, 1,400 barrels; Block 60, 1,300 barrels; Block 61, 1,200 barrels; CITY WILL FURNISH TEAMS AND MEN IN DOWNTOWN DISTRICT

UNDERSTANDING IS THAT BUSINESS MEN WILL PAY FOR THE SERVICE.

COMPROMISE IS REACHED

Question is Considered at Meeting of Committees and Councilmen Today.

The city will furnish teams and men to haul trash from establishments in the business section, the garbage from restaurants and similar establishments to be hauled by private contract or by the city as the proprietors see fit, on the understanding the merchants and business men of the city would provide sufficient rates to pay the cost of the service, according to the terms of a compromise on the trash and garbage service reached Friday morning at a conference between the sanitary commission and a committee representing the various civic organizations who were before the council on this matter Thursday night, and which will be recommended to the council at their next meeting by the commission.

Rigid enforcement of all sanitary regulations will be made by the sanitary commission. It was announced at the meeting, regardless of whether the trash or garbage is being moved by contract with the city or private individuals. John W. Thomas, secretary of the Retail Merchants Association, pledged himself to raise sufficient revenue among the business men to pay for the service to be rendered, the city to provide additional men and teams necessary to afford efficient service. A committee consisting of W. B. Hamilton, W. W. Silk and John W. Thomas was named to make a summary of all the sanitary regulations of the city and publish them for the information of the business men, this to serve for putting them on notice as the regulations they will be compelled to obey. This summary will be ready within the next two or three days, as well as recommendations for complementary regulations which will be inserted in the forms of amendments into the present ordinances. A certain hour by which trash must be set out for the collection of the trash wagons will probably be among the regulations proposed, providing the trash set out at a subsequent hour will render the establishments delinquent in this respect subject to a fine.

The distinction in the handling of the trash created by business establishments and the garbage from restaurants was made for the reason that many of the restaurant men have succeeded in making private contract for the removal of their garbage without cost to them, the contract being made with owners of hogs in the vicinity of the city.

Existing regulations requiring covers on all garbage cans were among those mentioned as set down for rigid enforcement on the part of the city. All members of the sanitary commission were in attendance, composed of Dr. J. F. Reed, chairman, and Aldermen M. A. Bundy and W. S. Gurlee. The civic organizations were represented by one member each of the committees which appeared before the council on this matter Thursday night, who were designated by J. A. Kemp as follows: W. W. Silk for the chamber of commerce, B. F. Johnson for the Rotary Club, W. B. Hamilton for the Wichita Club, John W. Thomas for the Retail Merchants Association and Mrs. T. B. Smock for the civic league.

MAJESTIC TODAY

Eugene O'Brien

The Perfect Lover

He was a handsome youth, the society ladies worshipped him, they made an idol of the artist. Did he turn to clay? See "The Perfect Lover."

TOMORROW

Grace Darling and E. K. Lincoln

"Virtuous Men"

One of the truly BIG productions of vital action and melodramatic thrills!

MOTORCYCLE OFFICER RESIGNS FROM FORCE

Motorcycle Officer George Paro resigned from the police force Thursday afternoon, declaring that when he arrested two prominent citizens and they resisted arrest, the police officials neglected to "back him up" and hale them into court. Although his plans were still undetermined Friday it is thought likely that he will be a special speed cop for the county, as a petition is to be presented to the commissioners at their meeting Monday to appoint a motorcycle officer for the county to nap the speeders.

AMUSEMENTS

GRACE DARLING AT MAJESTIC SATURDAY

Grace Darling, internationally known to patrons of the movies through the trans-continental trip which she made some time ago, returns to the screen tomorrow at the Majestic theater. Miss Darling, who numbers among her acquaintances the leading figures of every town and hamlet in the United States, will be in support of E. K. Lincoln in "Virtuous Men," which the management of the theater will present to their patrons this week direct from Broadway.

Miss Darling is a native of New York, has never appeared on the speaking stage and is considered one of the few real beauties of the screen. She was one of the first film players to appear in special gown creations exclusively designed by Lucille and other famous New York modistes, in order to properly dress in the various roles in which she has appeared. The announcement of her re-appearance in the world of movies in a prominent role in "Virtuous Men" will please the many fans of this city who have been inquiring for several months for her.

Clyde Murph left today for Houston and other South Texas points.

"FIXERS" BLAMED FOR TIPPING NUISANCE STATES TRAFFIC MAN

"The impression that has gone abroad that all railroad men are out for 'tips' in return for preferential freight service is one which has been brought about by the 'fixers' the self-styled traffic expert who takes advantage of the fact that some railroad men will accept tips to get preferred service to carry on such a business, and is an impression which is extremely unjust to the great majority of the railroad men who are above this practice, and who are extremely proud of their profession as every real railroad man is," said M. E. Cox, manager of the Wichita Falls Traffic Bureau.

"The truth of the matter is that the occasions where a railroad man does accept a tip, are very rare, and when he does, he gets only a small proportion of what the shipper has to pay the fixer for getting his shipment shipped ahead, the 'fixer' retaining the greater share for himself. The charges made by these 'fixers' for securing the delivery of such shipments are so exorbitant that it is necessary for them to create the impression that the railroad men will not allow them to get such service unless they do come across with a tip, in order that they can make their charges."

"Whenever a shipment is delayed the traffic expert will try to make the shipper believe that his shipment is being held up for lack of a tip, and that it will be necessary for the shipper to come across with a stiff fee in order that he can make the requisite tips to the railroad employees, when in reality, if any of the money is put out to employees, by far the greater portion goes into the 'fixers' own pockets. That this is really the case I know from the carrying on of my own business, which has brought me into contact with every terminal official practically within a radius of 200 of Wichita Falls, and never yet has it been even intimated to me that I should pay a tip for service. In fact, I know of a great many

cases where the offer of a tip from some of these 'fixers' has been indignantly rejected by railroad men. So it can readily be seen that the professional briber is the man who has tried to create discrimination, and the impression that the railroad men hold out for tips for the performance of legitimate service. This has done much to hurt the railroad man in the eyes of the public, a hurt which they feel keenly. Had I been permitted to finish my testimony before the Texas railroad commission at the Fort Worth hearing I would have made this clear, in justice to the great majority of the railroad employees."

THREE RETURN FROM THE WORLD SERIES

J. W. Nosselt, Pink Hammond and Red Dillard, members of the now famous "Wichita Falls Oil Millionaires" world series special, are at home, having deserted when it looked as if Chicago as if rain would prolong the series indefinitely. The remainder of the party have chartered a special car and will leave Chicago tonight for Wichita Falls.

CURLEE IS TO LEAD RED CROSS SEAL DRIVE

W. S. Curlee has accepted the chairmanship for Wichita county in the drive for the sale of Red Cross seals during the coming holiday season. Mr. Curlee at first declined the position on the plea of pressure of private business, but on the insistence of the organization reconsidered his resignation.

PARIS IS NOMINATED FOR FEDERAL JUDGE

WASHINGTON, Oct. 10.—The President today nominated Charles B. Paris of Missouri to be United States district judge for the eastern district of Missouri.

ANOTHER WHOLESALE GROCERY BUSINESS FOR WICHITA FALLS

Wichita Falls is to have a new wholesale grocery house, with a capitalization of a quarter of a million dollars. The Goodner Grocery Company, which has one house at Gainesville, has increased its capital stock, to which a number of Wichita Falls business men have subscribed, and will immediately begin construction of its plant at the corner of Fifteenth and Scott. The truckage property has been purchased and the plans for the building are being drawn up by Page Bros., Voelcker and Dixon. B. E. Garvey, Jr., of this city is the contractor.

Eight local men subscribed stock to underwrite the increase and to insure the new company's main office and house being in Wichita Falls, the deal being made through Curlee & Johnson of the trust department of the Wichita State Bank & Trust Company. Blocks of stock ranging from \$2,500 to \$25,000 were subscribed by the following: G. C. Wood, T. J. Waggoner, R. M. Waggoner, A. C. Parker, W. S. Curlee, J. L. Mears, W. R. Ferguson and W. W. Gardner.

Five of the board of directors are to be elected from the Wichita Falls stockholders and four from Gainesville, where the company will retain its house. E. S. Goodner of Gainesville is president and Otto Vaeth is secretary.

TEMPERATURE DROPS ALMOST 40 DEGREES DURING FORENOON

A chilly blast of February weather hit the city this morning shortly after six o'clock, sending the mercury down almost to 40 degrees before there was a change in temperature shortly before noon. The day was raw and dismal. A cold rain fell intermittently, adding discomfort to the generally dreary aspect. Pedestrians waded through the slush in the downtown streets, bespattered by passing autos. Freezing weather is predicted for tonight in the Panhandle country, and it is expected that Wichita Falls will feel the edge of the cold, being just inside the area for which freezing temperature is predicted. Although it was a really winter's first day and nearly every home and business house has fires, some with fuel other than gas, there had not been a fire alarm up to 1 o'clock.

Miss Ruth Robertson Parlor Millinery REMODELING A SPECIALTY

Madam, here is the PROOF of Goodness

Here's one cotton comfort that doesn't "pack down" after it's been in use a short while. It is called the "Maish."

Maish Cotton Down Comfort

kept fluffy so long. We found that the filling in Maish Comforts is made of extra-long curled cotton of finest quality, but woven differently from any comfort we have ever seen—woven by a special process which absolutely prevents "packing," "lumping," and "lumping." We found, too, that Maish Comforts were absolutely sanitary, made of the purest materials under ideal conditions, and that they were twice as warm as any ordinary comfort of equal weight. We believe these are just the sort of comforts you would like to put in your baby's crib, or on your children's bed, as well as your own. And you are sure to like the pretty covers in a variety of pretty patterns in lovely art shades. Step into our bedding department some day and ask to see our assortment of Maish Comforts.

WHAT HAPPENED OCTOBER 10, 1914
 (Clip and paste this in your news book.)
 Copyright, 1914, New Era Features.

Belgian army retreats safely from Antwerp; 2,000 British forced to flee into Holland—Germans gain near St. Mihiel—Rumanian King dies; new King may declare for Allies—Italians in Paris exhort their country to war.

Serbs force German right wing back behind the Dvina River but main force pushes on—Hindenburg again cuts Russian line but makes little progress toward Drinsk.

Ambassador Gerard returns from Berlin; brings no peace offer but has information on U-boat peril—French advance south of Somme; progress on three mile front north of Chaulnes; taking 1300 prisoners—British take five more villages on Struma front; Bulgars retreat to Serev Hills.

Kerensky cabinet assumes control in Russia; coalition ministry plans powerful army; will seek an early peace in agreement with Allies—Germans in counter-attacks regain part of ground lost to British; also pierce French lines northeast of Verdun.

Americans clear the Argonne forest; after two weeks battle have cut their way through "Impregnable" defenses; defeated the best German troops—British continue advance on whole Cambrai-St. Quentin front; French on right improve Aisne and Champagne positions.

session of Shantung, or rather Kiao-Chau and some of the hinterland. Japan now holds that territory. All that has been written into the peace treaty is a recognition of the fact that she is there. Strike out that clause, either by amendment or "reservation," and what will remain will be the physical fact of Japan in Shantung with no way of cutting her, unless, indeed, these senators propose to transport an American army to Asia to force her out. We can hardly believe that they mean that, after all the talk they have indulged in about how a League of Nations will compel us to send armies to Poland, or to the borders of Arabia, or to "the passes of the Himalayas."

Ray Stannard Baker, in an account of the negotiations with Japan at the peace conference which we published recently, says that if Mr. Wilson had insisted on the immediate return of Kiao-Chau to China he "would have had to force Great Britain and France to break their pledged word to Japan," a thing obviously impossible, and that even if he had succeeded it would have been likely that Japan would have withdrawn from the peace conference.

What would have happened if she had withdrawn? The very thing that the republican senators are trying, of course unintentionally, to bring about. She would have quit Versailles, still in full control of Kiao-Chau, but it would have been worse than that. She would have quit as the declared enemy of the United States, owing them nothing and full of enmity. If we can cure ourselves of sentimentality long enough to look facts in the face, it might be worth our while to ponder these words of Mr. Baker:

"Japan was in a stronger position than any other of the Allies except the United States. She had been little hurt and much strengthened by the war. She was far distant from danger, she did not need the League of Nations as much as the countries of Europe, and, more than anything else, she occupied a strong legal status, for her claims were supported by treaties both with China and the Allies, and she was, moreover, in a position, if she were rendered desperate, to take by force what she considered to be her rights if the Allies refused to accord them. I am not here arguing the right or wrong of the Japanese position, but trying to state it fairly, so that it can be accurately measured.

Her claims in other directions had been rejected. On this one thing she was positive and determined. So she is today. Let the republican senators carry out their threat to reject her unless she will consent to give up the bonds of the treaty and "take by force what she considers her rights." Beyond that there is no limitable possibility, such as the driving of Japan into the arms of Germany and Russia, and consequences which western civilization has never liked to dwell upon. Or if Japan does not seek other opportunities at least our politicians in the Senate will have presented to her a strong temptation of a kind which few nations with ambitions and militaristic histories have ever been known to refuse.

The war, most men thought, had brought us to a different and larger conception of our responsibilities. Yet today we see men playing with the destinies of the world as if nothing were at issue but the success of their party and their own reelection.

HOPE TO SETTLE THE LONGSHOREMEN'S STRIKE
 NEW YORK, Oct. 10.—The first hope of a settlement in the longshoremen's strike appeared today when it was announced that committees from each of the 13 local unions would meet with the national adjustment committee.

One hundred thousand men were idle today as a result of the strike, it was estimated.

ASK INVESTIGATION OF JUDGE VAN FLEET
 WASHINGTON, Oct. 10.—Organized labor of Alameda county, Calif., today petitioned the Senate for investigation of the action of Judge William Van Fleet in granting an injunction against street car strikes on the ground that a street car line is a necessary war utility.

ENGLAND FACES STILL ANOTHER SERIOUS CRISIS

Demand of Miners Follows Closely on Nation-Wide Railway Strike.

ARE GREATLY DISSATISFIED AT GOVERNMENT'S STAND

Premier Lloyd George Informs Deputation That Proposal Is Rejected.

LONDON, Oct. 10.—No sooner was the railway men wage crisis surmounted or deferred than the miners' demand for the nationalization of mines confronts the cabinet.

Premier Lloyd George informed a deputation yesterday that his government was unable to adopt the proposals made by the coal commission headed by Sir John Sankey, and the miners are greatly dissatisfied. Frank Hodges, secretary of the miners' federation, said after the Premier's statement at yesterday's conference, that "the government's attitude had created a very grave situation," and the utterances of other labor men show they universally share this view.

Absence of Bluster.

A feature of the addresses made by Mr. Lloyd George, was, according to unofficial reports, a complete absence of bluster or violent language. Their statements were intended to show by reasoned arguments that nationalization of the miners was entirely in the interests of the community and also that the miners were supported in

their demand by the whole body of trade unionists throughout the country. From quoted statements of prominent labor leaders, it is apparent they not only believe nationalization desirable, but are convinced there will be a constant unrest in the labor world until it is granted. It appears to be their impression that if extreme measures are necessary to enforce the demand it will not only be the miners who will strike, but trade unionists generally.

May Extend Agitation.

It is becoming increasingly evident that apart from arguments claiming that nationalization would be a benefit to the community there is a strong feeling among workers that the present system of private ownership carries with it indefensible injustice to the miners. It is not conceded, moreover, that the present agitation, if it secures its immediate aim, will not stop at mines.

"The nationalization of mines," says the Herald labor organ, "is the question immediately at issue, but is, of course, a precursor to a complete policy of nationalization of industry."

On either side in there any doubt that the fight will be stern.

It is understood the special trades union congress which will consider Premier Lloyd George's reply to the deputation yesterday will convene Oct. 22.

"Snake Oil" Stops Pains

Over Ten Million Bottles Sold.

Letters from thousands of people all over America prove that Miller's Antiseptic Oil (known as Snake Oil) is probably the greatest known remedy for rheumatism, lumbago, stiff joints, sprains, sciatica, colds, pneumonia, influenza, etc. They say that "Snake Oil" penetrates so quickly that it is sure to stop pain. Mr. Adam Nabors, Provençal, La., writes: "I closed my eyes for some more 'Snake Oil.' It's like it fine. Please send at once." Mr. H. M. Atwell, Chester, Ky., writes: "I have tried two bottles and have received great relief. Please ship a 51 bottle at once as we are needing it badly." Get a 30c, 60c, or \$1 bottle today from any good drug store with the understanding that your money will be returned if you are not satisfied. Demand the genuine Miller's Antiseptic Oil (known as Snake Oil). For sale by the Miller Drug Store.

ADITORIAL

Self-respect is a potent factor in business building as well as in man-building. The store which possesses it has enlisted on the side of success. It eliminates countless pitfalls, embarrassments, discouragements, disappointments and failures which beset the paths of those which lack it. No price is too high to pay for it. No price can compensate for the lack of it. The successful institution gains self respect and maintains it at every point in its career. It refuses to sacrifice it for material gains. It holds to it steadily through trying periods. It unwaveringly clings to it in the face of unfair competition with those who lack it. Eventually, self respect as it is reflected in advertising, policies and transactions, brings out supreme, the undefeatable qualities of its possessor. The self respecting store is or will be the successful one.

JOHNNY EVERS REVIEWS WORK OF THE INDIVIDUAL PLAYERS

By JOHNNY EVERS (Written for the United Press.) CHICAGO, Oct. 10.—Pat Moran's Reds are the champions of the world and they deserve to be. The better club won in the annual post season classic. Luck was no factor in their victory. They won by superior playing in a hard fought series against a fine ball club.

RECORD OF PITCHERS IN CONCLUDING GAME OF THE WORLD SERIES

CHICAGO, Oct. 9.—"Hod" Eller was far less effective in the concluding game of the world series today than on last Monday, but the pitching analysis proved him plenty good enough in comparison with the brand of hurling displayed by the three White Sox pitchers. They had to throw 183 times in nine innings, while Eller tried his arm 130 times.

SERIES PROVIDES AMPLE FUEL FOR MANY HOT STOVE LEAGUES DURING INTERVENING MONTHS

By HENRY L. FARRELL (United Press Staff Correspondent.) CHICAGO, Oct. 10.—Next year's world series is 12 long months away but there is a 100 per cent certainty that the wild series that wound up yesterday in an orgy of terrific hitting and spectacular fielding will provide fuel enough for a million hot stove leagues until the next big baseball excitement grips fandom a year hence.

PLAN ATTEMPT TO COMPEL GAS COMPANY TO EXTEND SERVICE

CITY ATTORNEY IS INSTRUCTED TO INVESTIGATE LEGAL PHASE OF MATTER.

DISCUSS GARBAGE QUESTION

Committees from Civic and Business Organizations Are Present At Meeting.

- Took measures to banish tented hotels from the fire limits.
- Made regular monthly check of accounts of city departments.
- Issued instructions that police compel news-boys, refrain from loud cries during early morning hours.
- Called to take action on the request of combined committees from Civic organizations asking that the council continue the municipal collection of garbage, but indicated that such action will be taken. Conference in this connection arranged between sanitary commission and members of the committees for Friday morning.
- Indicated that they would force an extension of gas service to parts of city not now served.
- Matter turned over to city attorney for investigation.

Indication that the council would take legal steps to force the extension of gas facilities to parts of the cities not so served, where a guarantee of 25 per cent of the cost of such extension in the first year's service was made by the property owners so served, was given at the last night's meeting of the council, the matter coming up in connection with complaint of residents of the Grant street neighborhood in Floral Heights, presented by J. W. Murph and G. L. Berry. The matter was turned over to Ralph Mathis, city attorney, with instructions that he investigate the legal means of the city under the gas company franchise by which this may be done.

"You have come to the wrong party; what you should do is to go to the merchant with a demand that they keep their places in a sanitary condition, and back the city council up in the enforcement of this decree," the combined committees of the chamber of commerce, Rotary club, Wichita club and civic league were told Thursday night when they appeared before the city council in an effort to secure the continuation of the city trash and garbage service, rather than have it go into private hands. Although no action was taken by

the council, it was intimated that the council would defer to the wishes of the citizenship in the matter, which would be decided at a joint conference between the sanitary committee and members of the committees present Friday morning. The mayor expressed himself in this connection as being in favor of a continuation of the service by the city.

Members of the council again explained their action on the grounds that they considered it a misuse of the citizens' money to maintain the trash and garbage service in the downtown district for the benefit of the business men at a continual expense to the rest of the citizenship, and that with the merchants and business men unwilling to stand raises in their charges sufficient to support the cost of sufficient equipment to give efficient service, they had voted to discontinue the service so that the city authorities would be in a position to enforce the sanitary regulations without the offenders being able to set up the defense that the city was at fault.

"We did not intend to take our present equipment out of service," Dr. Reed, chairman of the sanitary commission, explained, "but expected to continue them in the service on the streets of the city, especially in the cleaning of the gutters in the business district."

"If our action has served no other purpose than to awaken the interest of the various civic organizations you represent, and to secure co-operation from them in the civic problems confronting the council, it will have served a purpose greatly to the benefit of the city," continued Dr. Reed, expressing a sentiment that was echoed in similar expressions by other members of the council.

The coming of this committee offering a solution for the problem in hand, which is the first time in my administration as mayor that such a committee has offered such a solution, marks a precedent which if followed by subsequent committees from these organizations, will result in a great benefit both to the city and the members of the city council," Mayor Marlow told the committeemen.

The request of the committees for continuation of the service was based on the grounds of the extreme necessity for vigorous action in the matter of assuring the proper sanitary conditions in the city, and the city was named as the only organized agency capable of undertaking the work, which if left in private hands, it was declared, would lead to a rapid decline, rather than improvement, of present conditions.

Support for the council in the rigid enforcement of sanitary regulations was promised for the organizations by J. A. Kemp, one of the committeemen representing the Chamber of Commerce. Co-operation of the business men of the city in payment for the service to be rendered, and aiding in every possible way in the trash and garbage collection, was pledged by John W. Thomas, secretary of the Retail Merchants association.

Members of the committees present were: J. A. Kemp and W. W. Silk from the Chamber of Commerce; N. H. Martin and W. B. Hamilton, from the Wichita club; John W. Thomas, from the Retail Merchants association; B. F. Johnson, T. B. Smock and A. E. Myles from the Rotary club; Mrs. T. B. Smock and Miss Florence Jackson from the Civic League.

Action to banish the tent hotels

from the fire limits was taken on motion of Alderman W. S. Curlee, who reminded the council that the permission for the erection of these tents as an emergency measure was granted with the understanding that they would be removed by fall.

Complaints of managers of downtown rooming houses, apartment houses resulted in the issuance of instructions to R. C. Goblefflow, assistant police commissioner, for the enforcement of the police of the anti-noise ordinance against the newboys who in the early morning hours have made sleep impossible for downtown roomers.

The council then made their regular monthly check of accounts, finishing shortly after midnight.

Members of the council present at last night's meeting included Mayor Marlow, and Alderman W. S. Curlee, M. A. Bundy, Dr. J. F. Reed, H. F. Weldon and J. M. McFall.

NOT THE DIRTIEST CITY DECLARES THE MAYOR

"Wichita Falls is not the dirtiest town in the world by any means," Mayor Marlow took occasion to say at last night's council meeting. "Recently Aldermen Curlee, Weldon and myself were together on Main street in Fort Worth, and it was far dirtier than any street in Wichita Falls."

SOME CONTAMINATION IN CITY WATER SHOWN IN RECENT ANALYSIS

Presence of some contamination in the city water has been shown by recent tests, according to announcement by Dr. A. H. Douglass, city bacteriologist. Recent heavy rains washing contamination in with the surface drainage is assigned by Dr. Douglass as the probable reason for the presence of such contamination. Boiling of the city water will be sufficient to obviate any danger from this source, says Dr. Douglass, who advises this action.

Daily tests are made at the city laboratory on the second floor of the city hall, and the public will be kept informed of the condition of the water and food supply of the city, it is announced. Any information in regard to the work of the food department will be gladly furnished any callers either in person or by telephone at the office of the department in the city hall, both Dr. Allen, chief of the department, and Dr. Douglass, stated in connection with this report.

SAYS BUSINESS MEN ARE LACKING IN CIVIC PRIDE

"Individuals business men in Wichita Falls are more lacking in civic pride than in any place I know of," Alderman J. M. McFall stated at the Thursday night council meeting in connection with the discussion of garbage service by the city authorities. "This

is the statement that I made at the Rotary club, when I was quoted as saying that the 'city of Wichita Falls' was so lacking in this kind of pride. In connection with this I will say that some of the business men who are such offenders I do not consider permanent in the city, so it is not surprising that they should display the lack of interest in the sanitary condition of the city which I

have observed. In the case of others, who are in the permanent class, such lack of interest is inexcusable."

Announcement.
This is to announce that the Wichita Realty & Collection Agency composed of C. O. Vernon and M. A. Sadler, have opened offices at 801 1/2 Ohio avenue, room 14, phone 1476, for the handling of real estate and collection of accounts. 131-710

TELEPHONE OPERATING VOCATION FOR WOMEN

The Southwestern Telegraph and Telephone Company's offices are good places for Wichita Falls young women to work, because:

- The wages are good.
- There is plenty of opportunity for advancement to supervisory and executive positions.
- There are various kinds of operating to be done, local, long distance, information, service observing, monitoring, etc.
- The female force is directed and is in charge of female executives.
- There is protection from favoritism and discrimination.
- There is protection of health.
- There is protection of morals.
- There is development of those personal characteristics which blend girlish charm with strong womanhood.

Um-um! How this pure ribbon cane syrup brings out the delicious flavor of the fresh fruit itself! What a delightful taste it gives to jams, jellies, and preserves.

It's most economical, too. Prevents fermentation and mildew!

Good cooks say it's half their success in preserving and canning.

Dunbar's KingKomus Syrup

Dunbar's Syrups are packed under several colored checkered labels. All are guaranteed highest quality. After January first the white and blue KING KOMUS label will be changed to checkered label as shown below.

COMMITTEE IS INVESTIGATING AT STEEL PLANTS

First Hand Probing of Strike Begins at Pittsburgh With Arrival Today.

TO VISIT OTHER TOWNS IN CONNECTION WITH INQUIRY

Newspaper Men Are Stopped by Armed Guards at Gates of Homestead Mill.

By RAYMOND CLAPPER (United Press Staff Correspondent.)

PITTSBURGH, Pa., Oct. 10.—First hand probing of the steel strike was to begin with the arrival of the Senate labor committee here today.

Senators headed by Chairman Kenyon arrived on an early train and prepared to visit steel towns in the Pittsburgh district during the day.

McKeesport, Braddock, Duquesne and Homestead are on the slate, but it was doubtful if the committee could cover the ground marked out. Senators plan to go into the mills and question workmen. They will knock at unannounced doors of strikers' homes and find out for themselves how families are living. Housewives will be asked whether their husbands' wages are sufficient.

Conditions of the foreign workers will be given close attention. Senator Kenyon is convinced that Americanization legislation must be one of the results of the Senate investigation and he will gather ammunition for his fight today.

Only four members arrived this morning. Chairman Kenyon, Iowa; McKellar, Democrat, Tennessee; Sizoo, Republican, South Carolina; and Phillips, Republican, Colorado. Senator Walsh, Massachusetts, will arrive tomorrow.

Kenyon's program calls for personal investigation of the steel towns today, hearings here tomorrow and Sunday and a hurried trip to Youngstown Monday. The committee may go on to Gary and the Chicago steel plant if members are sure no treaty votes will take place during their absence.

The apparent deadlock in the strike situation has brought new measures against another industrial clash must be taken.

First evidence was received by the committee from Mayor Babcock, who met the party when it arrived at the hotel. This data consisted largely of newspaper clippings which have received but little circulation outside of Pittsburgh.

R. V. Lindabury, counsel for the United States Steel Corporation, arrived on the same train with the committee.

After breakfasting the committee visited the Homestead steel works where they were welcomed by company officials.

The committee was permitted to go through the Homestead mill but new correspondents were stopped at the gates by armed guards. No reason why they were detained was given.

Senator Phillips, formerly treasurer of the Carnegie Steel Co., took an active part in showing the delegates about the mill.

Superintendent Ouster of the mill treated the senators to cigars, who Senators were unaware of a slight disturbance which occurred as they entered the Homestead mill. According to police two men were brawling and were ejected from a motor car just as it passed the mill entrance. The men continued their fighting on the street until arrested by police. A revolver is said to have been found on one man.

URGED TO REMEMBER V. W. C. A. RECEPTION

Tonight the first Membership Reception of the Young Women's Christian Association will be given at the recreation room of the association, 614 Ohio avenue, and a reception of cordial invitations that have been extended from time to time through the press is made today. The program will consist of informal musical numbers, and the characteristic hospitality of the Recreation Room will be evident. This meeting is planned for the purpose of giving the entire membership an idea of the recreation work that the Association is doing, and to get the large membership, and particularly the members who are new residents of the city, a chance to become acquainted. A large attendance is desired, and it is hoped that this large reception will be successful as the smaller and still more informal affairs have been. Refreshments will be served.

MRS. E. J. HUNT DIES AT HER HOME IN HASKELL

HASKELL, TEX., Oct. 10.—Mother Hunt, Mrs. E. J. Hunt, of the beloved women of Haskell county, died at her home in Haskell Sunday morning at 1:00 o'clock, after a brief illness. She was 74 years old. She was one of the best known women of the county and was an earnest worker in the Christian church. Her children are prominent citizens. One of her sons, Courtney Hunt, is a merchant here. Another son, O. M. Hunt, is a merchant at Greenville, Texas.

SPAIN TO CELEBRATE DISCOVERY OF AMERICA

MADRID, Oct. 9.—Celebrations will be held throughout Spain Sunday, October 12, in commemoration of the anniversary of the discovery of America. The royal family and the diplomatic and consular bodies will attend the celebration in Madrid. The minister of marine will on that day pay a visit to the Monastery of La Rabida from a point near which Columbus sailed on his voyage of discovery.

First Presbyterian Church.

Sunday morning in Communion. An opportunity will be given for membership and for infant baptism. Miss Vreite will sing and the pastor preach. At night we will have Friscoes Rahme Heider and her assistant with us for a costume lecture on "Glimpses of Palestine" with oriental music. Monday night Miss Heider will lecture on "Nagman The Leper."—N. F. GRAPFON, Pastor.

"Reg'lar Fellers"

M. TARDIEU OUTLINES RECONSTRUCTION ERA IN FRENCH REPUBLIC

PARIS, Oct. 9.—(Havas.)—Captain Andre Tardieu, member of the French peace commission, speaking at a meeting of the French-American Club, gave interesting figures on the reconstruction work accomplished since the armistice. Sixty thousand of the 550,000 houses in the battle area, wrecked by shell fire, have been rebuilt; 2,018 kilometers of the 2,344 kilometers of railway destroyed have been repaired, and 700 of the 1,675 kilometers of canals rendered useless in the course of the hostilities are again in commission. Of the 1,160 plants destroyed by the enemy, 588 have been repaired. Equally remarkable progress is being made in restoring to cultivation the vast areas in the devastated regions which the end of the war left with their rich soil plowed under by artillery fire. The devastated area embraced 4,690,000 acres. Of this approximately 1,000,000 acres have been returned to the farms, and 600,000 acres of it are ready for the seed. Ten million metres—over six thousand miles—of barbed wire, have been dismantled and carried away in the operation.

RECEPTION TO HONOR REV. AND MRS. DRAPER

The Epworth League of the Methodist Episcopal Church on the corner of Seventh and Lamar streets, will give a social tonight in the basement of the church in honor of Rev. and Mrs. Draper who are leaving for Chicago. This will be the last social that Rev. and Mrs. Draper will be with and a cordial invitation is extended to the public and all friends.

JAPANESE DENY COSSACK INCIDENT

TOKYO, Friday, Oct. 3.—Denial that the Japanese threatened to back the Cossacks against the Americans in the recent incident at Iman, north of Vladivostok, or that an apology was demanded by the Americans, is made in a statement issued by the Japanese general staff here today.

HASKELL COUNTY HAS MORE THAN FIVE INCHES OF RAIN PAST WEEK

HASKELL, TEX., Oct. 10.—More than five inches of rain have fallen in Haskell county during the past few days and unthreshed wheat and gathered maize have been badly damaged. Cotton has not been seriously damaged on account of the heavy foliage. In some localities, too, it has opened out but little.

ARRESTED ON CHARGES OF FORGING TWO CHECKS

D. R. Williams has been arrested and placed in the county jail on charges of forging two checks, one for \$170 and one for \$35. He will be given an examining trial before Justice of the Peace Gwin.

The name of J. Cariness was signed to the \$170 checks and the name of B. Vandiver was signed to the \$35, both signatures being declared forgeries. Both checks were drawn on the First National bank and payment was refused when they were presented.

Both checks were made payable to Dennis Hite, who is not known to the authorities, who believe the name is fictitious.

ELLINGTON HAS THE LARGEST PERSONNEL OF U. S. AIR FIELDS

HOUSTON, TEX., Oct. 10.—Advice received today from the war department assign to Ellington Field here 963 men of the 13,088 total retained in the air service. It was stated officially that this gives Ellington the largest personnel of United States air fields. The assignments follow:

First bombing group headquarters, eight commissioned officers and 59 enlisted men, present and immediate station, Ellington Field.

Eleventh bombing squadron, permanent station, Ellington Field, present and immediate station, flight A, 31 officers, 145 men, Maria, flights B and C, El Paso.

Twentieth bombing squadron, 31 officers, 145 men, permanent station, Ellington Field, present and immediate station, Kelly Field.

Ninety sixth bombing squadron, 31 officers, 145 men, permanent station, Ellington Field, present and immediate station, El Paso.

Second air park company, permanent and present station, Ellington Field, immediate station, El Paso, eight officers, 172 men.

CONDITION OF THE PRESIDENT REPORTED FURTHER IMPROVED

WASHINGTON, Oct. 10.—Further improvement in President Wilson's condition was announced by his physicians at 11:35 a. m. today.

The official statement said: "The President had another restful night. His appetite continued to improve and he is now taking as much food and of great variety as we desire."

This was signed by Doctors Grayson, Ruffin and Stitt. Dr. Ruffin did not participate in yesterday's conference and his re-appearance among the President's physicians was a surprise.

A photograph has been put in the President's bedroom and is played for him frequently. Mrs. Wilson also reads to him poetry and fiction.

Wilson laughs and jests with his physicians and always has a sunny when they are most serious. This, they say, aids materially in his recovery.

COUNCIL APPROVES FOGH'S LATEST NOTE

PARIS, Oct. 10.—Marshall Foch's latest note to the German government threatening to impose a blockade against Germany unless she immediately withdrew her forces from the Baltic region was approved by the supreme council of the peace conference today.

It was decided in addition to send an allied commission to the Baltic states to observe the German evacuation.

FRENCH SOLDIERS IN OCCUPIED GERMANY WOUNDED IN RIOTING

PARIS, Oct. 10.—A French major and three soldiers were wounded in a riot at Sarrebruck, in occupied Germany, on Tuesday, according to a dispatch today to the Petit Parisien.

The riot is described as having grown out of labor demonstrations against the high cost of living in which Spartacists joined.

ENLARGEMENT OF SCOPE OF Y. W. C. A. WORK IS REPORTED

OCTOBER MEETING OF BOARD IS HELD THURSDAY AT THE KEMP LIBRARY.

REPORTS ARE RECEIVED

Fourteen Thousand meals by the Cafeteria During the Month of September.

Enlargement of the scope of the Young Women's Christian Association's activities to a gratifying degree, since the organization last spring, was reported at the October board meeting at the Y. W. C. A. held Thursday at the Kemp Library.

The report of the Travellers Aid representative at the Union Station, Mrs. Davidson, stirred the board to begin immediate steps to secure a similar station for the night hours at the station.

A home for women and girls employed in Wichita Falls, who do not have homes in the city, and who have difficulty in finding rooms, is also a matter that is to be actively taken up, according to the decision at Thursday's meeting.

The report of the recreation committee, Mrs. Stone, showed the important results that Miss Ruth Clark, the recreation secretary had effected.

The insurance of the Sunday Afternoon Blue Triangle Tea, which has proven very popular, and the inception and partial execution of other plans which will work toward making the Y. W. C. A. recreation room more than ever a social center, were reported.

Visits to the schools the stores and business offices and also the industrial plants of the city, preliminary to the organization of a series of girls and young women's clubs, were reported by Miss Clark.

Much enthusiasm on the part of the girl members of the Y. W. C. A. and prospective members, and promises of co-operation on the part of the business and professional men of the city was reported by Miss Clark.

The Cafeteria Committee's report, given by Miss Ruth Dillon, the cafeteria secretary and manager, showed that during the month of September 14,000 meals were served at the cafeteria.

This is an average of almost 500 persons served each day. Two meals are served daily, luncheon and supper, and the patronage is always heavier at the supper hour.

Necessary improvements in the cafeteria and in the recreation room were reported and were authorized.

A new member was added to the executive board at this meeting, Mrs. John W. Nayler.

AMERICAN DRY CLEANERS We clean everything but a reputation. All work called for and delivered. 713 Tenth Street. Phone 101.

A Woman's Pride

Is in having and preserving a velvety skin and a pretty complexion. Cold weather, dust laden winds and other things which come with blustering Fall weather cause the careful woman to seek the things which are needed in protecting the skin and complexion.

Most women know that our shop is headquarters for reliable Toilet Preparations—

POWDERS, CREAMS, LOTIONS, BRUSHES and other articles having a national reputation. We call especial attention to

Garden Court Double Combination Cream Its use will keep the skin satiny and guard against chaps, roughening, etc.

COMPLETING PLANS FOR ORGANIZATION OF AMERICAN LEGION

Monday night the executive committee of the Wichita Falls post of the American Legion, provided for at the meeting Tuesday night, will meet at the office of Luther Hoffman, 311 Kemp & Kell building, to make nominations for permanent officers of the post form by-laws and take necessary steps toward completing the organization, which was started Tuesday.

TWO ARRESTED AT LAWTON ON CHARGE OF SWINDLING HERE

Two men arrested at Lawton, Okla., on information from the sheriff's office will be brought back to Wichita Falls to stand trial on what is said by the authorities to be one of the slickest swindling games ever worked here.

TAKE SHOT AT MAN BELIEVED TO BE IN ACT OF BURGLARY

Two shots fired by Night Policeman Lewis at a fleeing man in the alley between the new National Bank of Commerce building and the J. C. Penney store on Eighth street, doubtless prevented the burglarizing of Penney's at 2 o'clock Friday morning.

PLAN FOR PERMANENT STREET CLEANING FORCE

Organization of a permanent street cleaning force, commonly known as "white wings," is planned by the sanitary commission at an early date.

COMMISSION SUIT INVOLVING \$5,000; ANOTHER FOR \$9,120

The allegation is made in a suit filed in the Thirtieth district court Friday that it was the discovery that he would be forced to pay a large federal income tax that caused D. M. Hardy to refuse to deliver title and deed to C. H. Haskell, former governor of Oklahoma and a wealthy New Yorker, to the properties of the Harvester Oil Co., after Hardy had contracted with J. C. Moore to make the sale, who had closed the deal.

DRUG STORE CASES TRIED THIS AFTERNOON

Proprietors of drug stores charged with violating the pure milk ordinance will be tried in police court this afternoon before a jury, having demanded jury trial: when arraigned before Judge Ogle.

ARE YOU A GREAT READER? If so, you will want to keep your eyesight good as long as possible. If you have eyestrain now, or suffer from headaches, this is the time to take care of your sight—not after it grows dim and promises future trouble.
