

THE WEATHER West Texas: Tonight and Thursday partly cloudy; probably showers in the Panhandle, colder in the Panhandle.

FLYING PARSON AWAY WITH LONG LEAD

DEVELOPMENTS DISCOURAGING TO BOLSHEVIKI

Progress Being Made on All Sides over Wide Fronts Against Lenin. OREL CAPTURED BY DENKINE BOLSHEVIK LINE SMASHED

Lets Apparently Hold Riga and Check Onslaught of German-Russian Forces.

By Associated Press. Today's developments from Russia are of an extremely discouraging character for the Bolsheviki regime. General Denikin, whose forces are advancing a front of about 450 miles through Central Russia, has in the center captured Orel, only 238 miles from Moscow and the most important railroad center south of the capital.

The northwestern army of General Yudenitch, also operating on a broad front, is reported to have smashed through the Bolsheviki lines west and southwest of St. Petersburg and to be within 50 to 75 miles of Petrograd all along the front.

Meanwhile, Kozhak's Siberian armies are improving their advantage along the Tobol River and now are within a few miles of the boundaries of European Russia, from which they were driven by the recent successful Bolsheviki drive.

With the exception of the group between the Volga and the Siberian frontier, a fairly continuous line of offensive is being maintained by the Bolsheviki, reaching from the Gulf of Finland, 60 miles beyond Petrograd, due south to Dvinsk, thence along the Polish front, southward to Gorny, which in turn is barely 75 miles from Cherniopol, just captured by General Denikin. His right flank is near Kamshin, 425 miles east of Cherniopol, on the Volga. The Bolsheviki leaders, it is reported, are preparing to evacuate Petrograd and should Denikin's advance continue successfully beyond that city they may be forced to retreat to the Caucasus and retreat into Turkistan.

Riga is apparently held firmly for the time being by the Letts, who, with Estonian assistance, checked the successful onslaught of Colonel Avaloff-Bermond and his German auxiliaries and have for four days been able to maintain their crossing of the Duna into the main part of Riga. The town, to which the Lettish government has returned, is reported to be in several places. Major General Kevre and now threaten the communications of the German troops with Germany.

LONDON, Oct. 15.—General Denikin's anti-Bolshevik army has captured the important city of Orel, together with thousands of prisoners and enormous quantities of material, it was announced in advices received here today. Two batteries of Bolsheviki artillery fell into General Denikin's hands.

BRITISH WARSHIPS INVOLVED IN FIGHTING IN BALTIC COPENHAGEN, Oct. 15.—Savage fighting is still going on in the city of Riga between British and Lithuanian troops and the German-Russian army which entered the western part of the city last week. Reports reaching here today state that shells have fired a portion of the town and that great damage has been done to the quays and harbor. Many civilians have been killed during the battle. Dispatches received here state that all the prisoners taken by the Letts have been Bavarians.

SEN. OWEN FOR AMENDMENTS TO PEACE TREATY

Oklahoman Would Give Freedom Subject People and Adhere to the 14 Points. COLT AGAINST AMENDMENTS FAVORS SOME RESERVATIONS

Republican Senator Would Leave Unimpaired Great Principles Underlying League.

WASHINGTON, Oct. 15.—A vote by the Senate late today on the Shantung amendments to the peace treaty was planned by Republican leaders, with acquiescence, it was said, of the Democrats. Preservation of Egypt's right of self-government and future action by the League of Nations to give freedom to all capable subject states were proposed in interpretive resolutions presented by Senator Owen, Democrat, Oklahoma.

Both of the proposals were put in as measures entirely separate from the ratification, Senator Owen announcing he had not changed his stand for unqualified acceptance of the treaty. In one of the resolutions, however, the Senate would go on record as favoring the League of Nations covenant, after the League had been established, so that the subject peoples under mandatories would be given self-government when found capable of exercising it.

WASHINGTON, October 15.—One democratic senator today declared for amending the peace treaty while one republican came out against amendments in speeches in the senate. The amendment was Owen, Oklahoma, and the republican, Colt, Rhode Island, who said he was against amendments, but for reservations.

Owen declared the sovereignty over Shantung province, Egypt, Ireland, Poland and the Philippines belong to their respective peoples. When the treaty giving freedom to all subject peoples when they are capable of self-government. He also proposed reservations declaring allegiance of the United States and the Allies to President Wilson's fourteen points and disavowing any treaty made in violation of the league's principles.

Self-government would be granted to subject peoples only when their ruling governments decide they are capable of it, or when the council and assembly of the league ordered it by a two-thirds vote, Owen's amendment provided. Owen declared the sovereignty over Shantung province, Egypt, Ireland, Poland and the Philippines belong to their respective peoples.

When the treaty giving freedom to all subject peoples when they are capable of self-government. He also proposed reservations declaring allegiance of the United States and the Allies to President Wilson's fourteen points and disavowing any treaty made in violation of the league's principles.

Self-government would be granted to subject peoples only when their ruling governments decide they are capable of it, or when the council and assembly of the league ordered it by a two-thirds vote, Owen's amendment provided.

Owen declared the sovereignty over Shantung province, Egypt, Ireland, Poland and the Philippines belong to their respective peoples.

PERFUMERY BOMB AT WANAMAKER HOME FALLS INTO HIS MISTRESS' HOME A BOMB WRAPPED IN A PERFUMERY BOX. THE BUTLER IN HIS STATEMENT TO THE DISTRICT ATTORNEY SAID THAT THE BOMB WAS INTENDED FOR MRS. WANAMAKER'S MAID, WHO HAD BEEN THE CAUSE OF HIS LEAVING HIS POSITION IN THE WANAMAKER HOUSEHOLD. MRS. WANAMAKER OPENED THE BOX FROM THE BACK AND A FEW GRAMS OF BLACK POWDER FELL OUT. THIS AROUSED HER SUSPICIONS AND SHE SENT IT TO THE POLICE. AN EXAMINATION DISCLOSED THE FACT THAT IT WAS A BOMB.

BARNES URGES END CONTROL OF GRAIN PRICES BY GOVT.

ST. LOUIS, MO., Oct. 15.—Early end of government control of grains was urged today by Julius H. Barnes, United States Wheat Director, in addressing the National Dealers' Convention here. "I am convinced that at the earliest possible date rigid government interference with a great trade should be terminated," Barnes said. Heads of the United Grain Corporation now are continuing service greatly against inclination, he said.

BURLESON MAKES VIGOROUS DEFENSE OF POSTAL SERVICE

ATLANTIC CITY, Oct. 15.—Vigorous denials against his critics in the first public address he has delivered since entering the cabinet, Postmaster General Burleson today told the National Postal Association which is in session here, that the postal administration "was remarkable in development, wonderful in organization and efficient in its operations."

Speaking of his policies and efforts made to obtain a reversal of the Postmaster General's declaration. "Record has been made of what I stand for and that record is not going to be changed," he declared. "The policies were divided by Postmaster General Burleson into two classes, those who were honest and those who were actuated by ulterior motives. The latter, he admitted, frankly, included the bulk of the people, because they have not understood difficulties under which the postal service has worked. The latter, he said, to be worked, the postal service had to be interested in the benefit of the people, the express companies which suffered in the development of the postal service."

In his first public account of his statement, he said that in a year in office, Mr. Burleson said the average tenure of postmaster generals had been only two years. He declared this was easily explained by the fact that the employees in the service come in daily contact with the majority of families in the nation, which gave a fertile opportunity for criticism. "When the entire world was readjusting itself to war," he asked, "when our splendid railroad system broke down completely, is it any wonder that there was some slight disarrangement of the postal service? Yet there were people who complained they did not receive their mail with regularity and dependability. "I don't blame them for complaining; it is human, but it was unjust. As the only government department with a nationwide organization, the postal service was called upon by all other departments to aid them in war work," Mr. Burleson continued, and this in spite of the fact that one of thousands of trained postal employees had been called to the colors or sent in cantonments to give soldiers' mail.

AMBASSADOR'S COUNCIL MAY SUCCEED PEACE CONFERENCE IS REPORT

PARIS, Oct. 14.—Reports are current in Peace Conference circles that the Peace Conference may be replaced by a council of ambassadors presided over by M. Pichon, the French foreign minister, with Marshal Foch as his adviser.

PRESIDENT KEEPS IN TOUCH WITH PUBLIC AFFAIRS

WASHINGTON, Oct. 15.—President Wilson had a good night's rest and continues to show improvement despite a slight headache, said a bulletin today by his physicians. The bulletin follows: "The White House, October 15, 1919: 11:30 a. m.—The President had a good night's rest, enjoyed his breakfast and aside from a slight headache, continues to improve. His condition is such that he is able to receive callers and attend to his duties. The President's condition is such that he is able to receive callers and attend to his duties."

INDIANAPOLIS, IND., OCT. 15.—FOUR HUNDRED THOUSAND COAL MINERS WERE ORDERED TO STRIKE NOVEMBER 1, IN A CALL ISSUED TODAY BY JOHN L. LEWIS, ACTING PRESIDENT OF THE UNITED MINE WORKERS OF AMERICA.

The order affects practically all bituminous miners in the United States. Although the order affects only 400,000 men directly, it was announced at the offices of the United Mine Workers of America that more than half a million will be indirectly affected. Labor is only partially organized, it was predicted non-union miners will walk out with their co-workers. The order was signed by John L. Lewis, president, and Wm. Green, secretary-treasurer of the miners' organization. It directs "the members of our organization employed in and around the mines of bituminous coal-producing districts within the jurisdiction of our organization in the United States to cease their production of coal at midnight on Friday, October 1, 1919."

MAJ. SPATZ STARTS WESTERN FLIGHT AT ROOSEVELT FIELD

ROOSEVELT FIELD, MINEOLA, N. Y., Oct. 15.—Major Carl Spatz, in a De Havilland "Blinder" biplane, left Roosevelt Field on his return trip to San Francisco in the trans-continental air race at 2:28:18 o'clock this afternoon. Spatz is the first flyer to start the westward half of his round trip. Captain Lowell H. Smith, flying in a De Havilland "Blinder" biplane, took the air a few minutes after Spatz ascended. He also is on his return flight to San Francisco.

NO TRACE YET FOUND OF LITTLE BILLIE DANZEY NOW MISSING A WEEK

HAMMONDTON, N. Y., Oct. 15.—A week had passed today since Little Billie Danzey, the "perfect baby," disappeared from his home in the outskirts of Hammondton. No trace of him has been found and searchers are as much at a loss as when the alarm was first sent out. The entrance of county detectives into the case has given a new impetus to the search and today reports were circulated that an arrest, the first in connection with the boy's disappearance—might be expected within twenty-four hours. It was understood that county detectives had left for Hammon, N. J., in search of a man who might have some knowledge of the case. Although the authorities admit they have no definite opinion regarding Billie's disappearance, the assertion of Chief County Detective Wilson that he believes the local posses have made a thorough search of the woods near the boy's home led to the conclusion he was satisfied it is a case of kidnaping.

STRIKE ORDER IS ISSUED CALLING OUT 400,000 MINERS

INDIANAPOLIS, IND., OCT. 15.—FOUR HUNDRED THOUSAND COAL MINERS WERE ORDERED TO STRIKE NOVEMBER 1, IN A CALL ISSUED TODAY BY JOHN L. LEWIS, ACTING PRESIDENT OF THE UNITED MINE WORKERS OF AMERICA.

MAJ. SPATZ AND CAPTAIN SMITH ARE OFF

MINEOLA, Oct. 15.—Major Carl Spatz, flying a De Havilland "Blinder" biplane, started on the return trip to San Francisco at 3:38:18 o'clock this afternoon. Captain Lowell H. Smith in the same kind of a machine, started on the return trip a few minutes later.

LIEUT. MAYNARD LEAVES BEHIND SALT LAKE CITY

Flier Expected to Reach Chicago by Thursday Night if Weather Favors. MAJOR SPATZ STARTS FIRST ON THE FLIGHT WESTWARD

Flying Parson May Be Delayed by Rain Belt Between Salt Lake and Des Moines.

CHICAGO, Oct. 15.—With 376 miles of the long trans-continental flight behind a stretch of fair weather immediately before him, Lieutenant B. W. Maynard, leader in the trans-continental air race, reached Salt Lake City this morning on his way to Mineola, N. Y. If he maintains the same pace on the return trip that he set going west he will reach Sidney, Neb., tonight and Chicago tomorrow night. With a belt of rain stretching from Salt Lake City to Des Moines, Iowa, however, it is probable that he will not arrive here before Friday unless the rain clears away. At Mineola, N. Y., Major Carl Spatz, Lieutenant E. C. Kiel and Captain L. H. Smith, who ran a nip and tuck race through the middle west on the eastbound trip, were ready to start back this morning. At San Francisco Lieutenants Pearson and Manzeiman and Captain Donaldson were ready to take the trail on Maynard's heels today and if the Utah rains should hold up the leader they may have a chance to catch up with him.

MAJOR SPATZ AND CAPTAIN SMITH ARE OFF MINEOLA, Oct. 15.—Major Carl Spatz, flying a De Havilland "Blinder" biplane, started on the return trip to San Francisco at 3:38:18 o'clock this afternoon. Captain Lowell H. Smith in the same kind of a machine, started on the return trip a few minutes later.

SENATE READING CLERKS MAKE SLOW PROGRESS

WASHINGTON, Oct. 15.—Senate reading clerks resuming their prolonged struggle with the text of the peace treaty today, have only passed through 180 out of 440 sections of the mammoth documents, according to latest estimates. Debates and oratorical efforts of Senators alike have interrupted the progress and there were no indications today that the proceedings would be speeded up in the near future despite the fact the Senate convened an hour earlier.

EMPLOYERS FAIL IN EFFORT TO FORCE ISSUE

Chairman Lane's Rule Postpones Crisis that Might Have Disrupted Conference. PROPOSAL FOR MEDIATION WILL COME UP THURSDAY

Recommendation on Collective Bargaining is Also Ordered Reported Then.

WASHINGTON, Oct. 15.—After postponing for the day the vote on labor's proposal for mediation of the steel strike, the national industrial conference today adjourned until 2:30 tomorrow. The public and labor groups forced the adjournment over the objections of the employers' group. They were enabled to do this by a ruling of Chairman Lane that a group vote was not necessary in matters of procedure. The adjournment resolution also directed the central committee of the conference to report no later than tomorrow afternoon recommendations to guide the conference in its attitude toward collective bargaining. Secretary Morrison of the labor group, who is chairman of the public group, declared that an important matter should not be decided within so short a time. Public Group Feared Break. The desire of the members of the public group to postpone a vote on the steel resolution was evident throughout the day. They feared that an adverse vote might bring a break in the conference. Before adjourning the conference adopted a resolution expressing sympathy with Samuel Gompers, head of the American Federation of Labor, who is secretary of the public group. Chairman Wheeler of the employers' group, introduced the resolution, praising Gompers' work for the last two years. The postponement action came after the conference had delayed convening all morning to give each group a chance to go into executive session and determine its attitude toward postponement. After hearing new proposals, Chairman Baruch of the public group, moved postponement of the vote on the steel strike. He said the central committee could report on collective bargaining. His motion directed the committee to report on collective bargaining. His motion directed the committee to report not later than 2:30 p. m. tomorrow. Secretary Morrison of the labor group voted "yes" and Sid Baruch, Chairman Wheeler of the public group voted "no," declaring that the steel strike arbitration proposal should be brought to vote immediately. The negative vote of the capital group was at first taken to mean that the postponement proposal was defeated, since the rules provide that each group must concur if a proposal is adopted. John Spargo made a point of order, saying this rule was not intended to apply matters of procedure, but only to matters of policy. Lane's Ruling. "It's time this conference became a going concern," said Chairman Lane. "It does not seem just that one-third of its membership should be able to block all action." Lane then ruled that a group vote was not required on the postponement resolution and called for a vote by individuals. All members of the public and labor groups rose to vote for the postponement. Delegate Barrett, representing the farmers and one other member of the employers' group, also rose to vote against postponement. Labor delegates after the adjournment said they supported postponement of the vote on the arbitration plan because they hope that at the same time this vote is taken the conference will be forced to go on record for or against collective bargaining. Labor delegates plan to insist that the conference should be held in Chicago. (Continued on Page 5, Column 3)

WILSON WILL TRY TO PREVENT ADJOURNMENT

WASHINGTON, Oct. 15.—President Wilson will not sanction adjournment of the national industrial conference until it has exhausted every possible means of finding a solution of the present industrial situation, White House officials said today.

WORK RESUMED AT YOUNGSTOWN PLANT OF STEEL COMPANY YOUNGSTOWN, OHIO, Oct. 15.—For the first time since the steel strike began, the Ohio works of the Carnegie Steel Company was operating today.

MAYNARD REPORTS PLEASANT TRIP OVER DANGEROUS LEG OF JOURNEY By LIEUTENANT B. W. MAYNARD. (Written For The United Press.) BATTLE MOUNTAIN, NEVADA, October 15.—I finished what I consider the most dangerous leg of the journey when I landed on the field at Reno yesterday afternoon at 2:40 o'clock. I had completed the trip from Sacramento over the Sierra Nevada mountains in 59 minutes. I had a very pleasant trip and expect to make it to Mineola Field in 23 hours flying time. Maynard, the first trans-continental flyer to start the return trip, expected to get away from Battle Mountain early today for Salt Lake, Utah. With good fortune, nightfall should find him well into the middle west, approaching Chicago.

MANY SUSPECTS UNDER ARREST AT GARY, IND.

Mailed Plot of Government Falls Like Trip Hammer Upon the Radicals.

SITUATION THERE BELIEVED UNDER COMPLETE CONTROL

General Wood Grants Permission for First Outdoor Mass Meeting of Strikers.

GARY, IND., Oct. 15.—More than a dozen men were taken into custody here during the night by military intelligence authorities and were to be questioned today in connection with the investigation into alleged radical activities, including bomb and anti-government plots.

It also is said that military intelligence agents have in their possession a list of several hundred alleged radicals, among whom a number are believed to be leaders in the radical movement. Military intelligence authorities are said to have obtained close regarding radical activities here even before Major General Leonard Wood, commander of the central army department, declared military control after the situation growing out of the steel strike got beyond state officials.

Several men, including Anton Gorski, who was said to be under surveillance in connection with explosion of a bomb in the Chicago postoffice in September, 1918, were questioned yesterday and it was stated Alexander Ivanoff, believed to be the maker of the 25 bombs sent from New York to prominent men throughout the country, was being sought.

That the situation in Gary itself is believed to be under complete control of the federal soldiers here was evidenced by General Wood granting permission for the first outdoor mass meeting today since he assumed command here. The meeting was to be addressed by John Fitzpatrick, chairman of the national strike committee, Edward Nichols, secretary of the Chicago Federation of Labor, and John Walker, former president of the Illinois Federation of Labor.

Of the many reports that spread through the veil of secrecy about their activities by the military and civil authorities, after they inaugurated raids on alleged Red headquarters and meeting places and surveillance of suspected persons, one that a widespread plot against military outposts had been discovered, was denied officially by Colonel W. S. Mapes, commanding troops here.

That drastic measures to combat Red plots uncovered have been planned was also denied, however.

Intelligence officers conducting the raids on places suspected in the Red plots were interested in the finding of a quantity of medical preparations printed in German and a large silk German flag.

Steel workers discovered the "proclamation" issued by the Communist Party of America, calling on the workmen to wrest control from

MAILED FIST FALLING UPON GARY REDS

GARY, IND., Oct. 15.—The mailed fist fell today with trip hammer speed on Gary Reds and bomb plotters.

Forty homes, suspected centers of revolutionary activities, were raided between midnight and dawn by United States soldiers under the direction of army intelligence headquarters.

Eighteen men were taken into custody and held with 40 others taken in previous raids. An army truck was called into service to carry away "tainted" propaganda.

A secret list containing 700 names of Red agitators fell into the hands of the intelligence department shortly after the soldiers took control here. This list formed the basis for their operations.

The intelligence officers have now determined to make no chances with the suspects and will investigate the activities of each of the 700.

The list named a "secret council" of 22 which directed the work of the larger organization. Practically all members of the council are now under arrest, it was reported. Colonel W. S. Mapes, in charge of the military operations, today adhere to his policy of requesting newspaper men to refrain from mentioning places raided or names of those taken. The colonel declined to state what results had been obtained from examination of one suspect who is said to have given information concerning members of the Glenside bombs. However, there was high enthusiasm and fervent activity around the headquarters.

Small details of troops were sent out from headquarters shortly before midnight, the officer in charge having previously been given secret orders.

In the early hours of the morning these details reported back with prisoners and great bundles of propaganda. The prisoners were immediately questioned by Lieutenant Van Buren and others of the army intelligence staff.

In some instances the raids were "tipped" and when soldiers broke down the doors and entered the Red dens, they found evidence that propaganda literature and other Red symbols had been burned.

Five hundred troops were ordered sent to Camp Grant today by General Wood, indicating that Colonel Mapes believes he has the situation here under control. However, 125 additional regulars and a military band arrived last night.

Whether or not the three main suspects named in connection with the May Day bomb plot are in custody, could not be learned today. However, an "important announcement" during the day on that subject was promised by Colonel Mapes.

A jar of gun cotton, sufficient to blow up the dairy city hall, was exhibited by Colonel Mapes. He said that it had been seized in one of their raids. The colonel placed a pinch of the explosive on his desk, touched a match to it, to demonstrate it was

the "real thing." It exploded with considerable "pop."

IVANOFF IS NOT UNDER ARREST YET UNDER ARREST

Convinced that Ivanoff has fled from Gary, the federal authorities today transferred their search for the radical leader here to Chicago where dozens of department of justice investigators are reported to be following clues.

Federal agents backed by troops early today made four more raids on homes of radicals here in which about 20 persons were taken into custody. Six are being held while the others were released after being questioned. It is said that further evidence was obtained in these raids of the alleged plot for an uprising of radicals in Gary although Colonel W. S. Mapes and other officials declined to discuss the details of the information obtained.

The force of United States troops on duty here has been cut in half since yesterday noon by the transfer of about 1,000 men to Camp Grant, Ill., the authorities, evidently believing the situation is now so well in hand that a larger force is no longer necessary. Four hundred soldiers left here yesterday and 515 enlisted men and 15 officers were transferred today.

DISABLED SOLDIER DISABLED ALLEGED I. W. W.

ST. LOUIS, MO., Oct. 15.—Henry Henson, disabled soldier, disabled Elmer Holst, alleged I. W. W.

Henson, a Texas, came here yesterday on a furlough from the reconstruction hospital at Fort Sheridan, Illinois. He is being detained by the police today, pending assurance of hospital authorities that Holst will recover. Holst is suffering a broken jaw, a gash where Henson struck him and another gash where he struck the sidewalk.

Holst is said to have berated the United States and its soldiers when he saw Henson.

GALVESTON TO GET MORE TONNAGE FOR HANDLING WHEAT

GALVESTON, TEX., Oct. 15.—Telegraphic advices to the effect that arrangements have been made by the United States Grain Corporation for additional tonnage to Galveston for handling the wheat crop of Texas and the middle west have been received by E. F. Newing, vice president of the corporation.

While the names and dates of arrival of additional steamers are not given, it is understood that the rather measure will be in operation in the immediate future.

In the meantime the action last week of the Railroad Administration in permitting the Southern Export Committee to issue permits for grain to move from the interior to Galveston at the rate of 100 cars daily is furnishing relief to grain in distress in the interior. J. W. Daley, associate member of the Southern Export Committee in charge of permits to Galveston, Texas City and Port Arthur, said today that under the opera-

tion of the present plan the urgent needs of the grain situation would be met.

WIFE OF BRITISH PREMIER IN PROHIBITION CAMPAIGN

LONDON, Oct. 15.—Mrs. David Lloyd George, wife of the British premier, is taking a prominent hand in the prohibition campaign, addressing a meeting of two thousand women at Glasgow yesterday.

Dispatches received here quote Mrs. Lloyd George as saying the success of the campaign depended upon women.

"It is the duty of women to help the victims of alcoholism at home as it was to help the victims of Prussian

ism in Belgium five years ago," Mrs. Lloyd George is reported to have said. "Scotland is on the eve of a great campaign and next year the eyes of temperance reformers throughout the world will be focused on Scotland. If Scotland is won, the victory will be a great stimulus to the world to do likewise."

RENOWN BRAND

You Get a Blend of Genuine Arabian Mocha, Genuine Java and Several Other Good Coffees

In Every Can of Renown Coffee

Plus flavor and absolute freshness are the first essentials of REALLY GOOD coffee—and the two go hand in hand in every can of Renown.

Genuine Arabian Mocha—a dash of Genuine Java—and just the right proportion of several other good coffees make up the delicious Renown flavor—a flavor that's the despair of imitators.

Few coffees are blended to this extent.

The new blend is in these styles: "Real Cut" for brewing in coffee pot; "Pavane Blend" for brewing in a percolator or drip pot; "Hot Brew" for great quick pot coffee.

or with such delicate measuring of varieties; real coffee blending takes time, study and care. But sophisticated food specialists deal with Renown. They know they put in it the finest grades known to the coffee world, and they handle it with a care that emphasizes each variety's particular flavor.

Packed in air-tight tins, Renown Coffee comes to you absolutely fresh and pure.

RENOWN PEANUT BUTTER

A delicious food made of the very best Virginia grown Spanish and Virginia produced, blended, pure Java (with all its natural oil) and whole cocoa (with all its natural oil) and whole cocoa (with all its natural oil).

RENOWN TEA

Finest imported tea from Ceylon and British India produces the wonderful flavor which marks Renown Tea. A flavor which balances delicately in strength, and every well prepared in air-tight tin of convenience.

TEACHERS THREATEN TO RESIGN IF ROOMS ARE NOT FOUND

SITUATION IN LOCAL SCHOOLS BECOMING CRITICAL, SAYS SUPT. CLARK.

ACTION ASKED OF CITIZENS

Lack of Living Accommodations is Greatly Hampering Efforts to Keep Teachers.

With a considerable number of the teachers threatening to resign November 1 if in the meantime better accommodations are not found, and at a figure commensurate with the salaries they are being paid, the teacher situation in the local schools is again critical, according to Lee Clark, superintendent.

The inability to secure room and board for the teachers has a deterrent to securing the necessary teachers, for some time, and in attempting to fill positions which remain vacant Mr. Clark finds that it is practically impossible to secure teachers to come to Wichita Falls.

ARRIVAL OF ADDITIONAL BOOKS RELIEVES SITUATION IN WICHITA FALLS SCHOOLS

Recent additions to the number of books received by the local schools from the state text book commission under the provisions of the compulsory education law which provides for free text books, greatly relieve the shortage of books, according to Superintendent Lee Clark.

At the present time over 20,000 copies of text books on various subjects have been received, and are being prepared for issuance and when all of the books that are assigned to the local schools have arrived it is expected over 50,000 new books will be available for the pupils.

The task of numbering and supervising the issuing of the books is in charge of W. W. Brown, secretary of the local school board who reports excellent progress in spite of the size of the undertaking.

The new books have been selected as the official texts for the next six years by the state text book commission of which Superintendent Clark is a member.

TWO CHARGED WITH THEFT ARRESTED BY DETECTIVES

Charged with theft, G. H. Hampton and C. M. Marshall were arrested Tuesday by Detectives Arledge and Newton and were transferred to the county. They have been draymen here for some time.

They are alleged to have stolen clothing, tools and shoes. Much of the goods alleged to have been taken has been recovered by the detectives.

Both men pleaded guilty in county court Wednesday to theft and were sentenced to one day in jail and fined \$25 and costs each.

INCREASE OF CAPITAL TO BE CONSIDERED BY PARK ASSOCIATION

Final decision as to whether the Wichita Falls Park Association will increase its capital stock in order to take over the Waco Texas League franchise will be made at a stockholders meeting to be held at the Elks club rooms at 4:00 Thursday afternoon, according to a call for the meeting issued Wednesday by A. L. Huey, president. Mr. Huey urges a full attendance of the stockholders.

This association is owner of the present baseball park, known as the Katy park, to which extensive improvements will have to be made if it is to be used by the Texas League club.

Walter Salm recently exercised his option and purchased the Waco franchise for Wichita Falls, through the aid of a number of the stockholders in the association which owns the local park.

To the Public. I take great pleasure in making the following statement with reference to Great Order of Modern Order of Praetorians of the State of Texas, Mr. Eugene Mathis of the city of Wichita Falls, completed in taking the necessary affidavits pertaining to the death of my late husband and father Sebastian Augustus Wilfong, on Saturday, October 11th, 1919. Proof was mailed to Dallas on Sunday, October 13th, 1919, on this day, October 14th, 1919, a check for \$2,000 was delivered to me by Mr. F. E. Johnson, the recorder of the Praetorians of Wichita Falls, Texas. I wish to recommend to anyone wishing first class insurance to take same out with this great order, "The Modern Order of Praetorians," as it is genuine in every respect.

MRS. S. A. WILFONG. 138-11p

MRS. W. W. LITTLE HOSTESS TO TUESDAY BRIDGE CLUB

Mrs. W. W. Little was hostess to the Tuesday Bridge Club this week, entertaining at the attractive new home of her mother, Mrs. H. A. Baker, on Huff avenue. Three tables of players, with Mrs. Karl Clayton, Mrs. Grant and Mrs. R. O. Harvey as guests, enjoyed the game. High score prize, a beautiful hand embroidered luncheon set, cloth and napkins to match, was won by Miss Lucile Sherrod. A dainty salad course was served. The members present were: Miss Sherrod, Mesdames W. M. McGregor, Newton Maer, M. M. Walker, Wade Walker, Everett Jones, John O'Donohoe, Eugene Sherrod, T. T. Reese and Claude Woods. Mrs. Newton Maer will be hostess to the club next week.

MISS ANDERSON HOSTESS TO BRIDGE CLUB TUESDAY

Tuesday afternoon Miss Lella Beal Anderson was hostess to the weekly game which a group of the girls and young matrons have been enjoying since the late summer. The high score favor, a silver pencil, went to Mrs. Alfred Booth. The hostess' refreshment offering was a delicious salad course, served to Mesdames Harold Hanes, Alfred Booth, James H. Barnard, Misses Adele Adickes, Marion Maer, Ruby Moore, Sibyl Kell and Agnes Field. Mrs. Harold Hanes will entertain the club next week.

Mrs. Montague Stanforth and children are visiting in Fort Worth. Mrs. O. F. Marchant is in Dallas, visiting friends and relatives. Mrs. A. E. Myles, Mrs. N. M. Curry and Mrs. Hunter are visiting Mrs. J. O. Smith in Fort City.

LOCAL HIGH PLAYS FIRST GAME WITH ELECTRA ON FRIDAY

The Wichita Falls high school football team will attempt to remove the first obstacle in the way of the North Texas championship next Friday when they will tangle with the Electra eleven on the grounds at that place.

This game will be the opening of the season for the local team and will undoubtedly be a stiff contest as the Electra team has already defeated the Quannah team by the decisive score of 48 to 0.

Much more interest in the game is being manifested this year than in years past in the selection of the local team from the number which turns out for practice regularly. Most of the members of the present team have had experience on the local team.

The list of the players that will probably take part in Friday's game is given out by Manager Robinson as follows: Abe Bashara and Luke Wilson, halfbacks; Ed Weldon, quarter; Ray Patton, fullback; E. Hughes and M. Jackson, ends; Joe Davis and A. Gerock, tackles; H. McGonkey and B. Norris, guards; Wallace Lowery, center.

A tentative schedule has been arranged which will probably be augmented later to consist of the following games: October 16, Electra at Electra; Oct. 25, Bowie at Wichita Falls; Oct. 29, Electra at Wichita Falls; Nov. 7, Bowie at Bowie; Nov. 14, Graham at Graham. Other games that will probably be arranged include a game with Chillicothe.

We have moved to 1206 Scott avenue. Phone 2615 until 143 is installed. Nat. L. Inge, real estate. 137-tfc

AMUEMENTSS

DOUGLAS FAIRBANKS AT PLAZA AIRDOME TONIGHT

The sunny disposition of Douglas Fairbanks has at last been adequately dramatized in a new Triangle Film Arts release called "The Habit of Happiness," showing at the Plaza tonight. According to the plot, which has been devised by Shannon Fife, and elaborated by Director Allan Owen, Fairbanks has been given a profession that approximates that of the Brothers Cheerybe in "Nicholas Nickleby."

Director Dwan secured a splendid cast of well-known players to appear in support of Fairbanks. The roster embraces the names of Dorothy West, Macey Harlam, George Backus, George Fawcett, Grace Rankin and Wil Jefferson.

OIL MEN RETURN FROM LOUISIANA FISHING TRIP

Nat Chenault, D. H. Carl and J. B. Hall have returned from Amite, La., where they were guests of W. D. Cline and Martin Rowe on a fishing expedition. Mr. Rowe went to Texas for a visit, following the conclusion of the fishing party.

FORMER GOVERNOR ASKS INJUNCTION AGAINST BURKBURNETT RESIDENT

Application for a writ of injunction was filed in the 78th district court Wednesday by C. N. Haskell, former governor of Oklahoma, and now a resident of New York, to restrain S. Y. Williams from living on property to which Haskell alleges ownership in the Schoolhouse block at Burkburnett.

Judge Scoury set the matter for hearing Friday but did not grant a temporary restraining order as prayed for by Haskell's attorneys. In the petition it is set forth that Haskell owns part of the Schoolhouse block, where he has three producing oil wells. The allegation is made that Williams moved to the property without permission, that he is a trespasser, a nuisance and a menace to the free and uninterrupted operation of the wells, and that his small children are in danger by remaining in close proximity to the oil operations.

"Kellogg's Korn Krisp—Corn Flakes—in the Green Package"

K!-K!-K! Has The Zest That Makes It Best

TRUTH

An Open Letter by W. K. KELLOGG to the Texas Public

I am firmly convinced that TRUTH only convinces in the end.

No matter how a man or an institution may try to distract the public's mind from the main issue by a wilderness of words his product stands or falls upon the truth or untruth of his statement.

The Public always is finally convinced by Truth and Truth alone.

So disregarding the claims and counter claims of imitators, I simply make this one statement that

Kellogg's (Roasted) KORN KRISP

is the most delicious, most nutritious and crispiest thick corn flake on the market, and the full, carefully-packed, waxtite package preserves the goodness. Kellogg's Korn Krisp is wholly different from the limp, tough, leathery, carelessly-packed flakes so often substituted.

To make this so is my life's business. To find out that it IS so is your business.

You are the court of last appeal. Try—compare every thick corn flake on the market. Then buy of your grocer one package of Kellogg's Korn Krisp. You and your family eat every bit of it.

If it is not the best thick corn flake you ever ate, your grocer will refund your money.

It costs nothing to find out the truth—and it's very much worth your while. Very sincerely,

W.K. Kellogg

GERMANS IN ADVANCE ON OSTEND, TAKE BRUGES AND DAMME—ALLIES RETAKE ESTABLER PUSHING GERMANS BACK ALONG LEFT BANK OF THE RIVER LYS—ALLIES ALSO MAKE SOME PROGRESS NEAR RHEIMS—KAISER WILHELM'S BATTLE HEADQUARTERS MOVED FURTHER INTO FRANCE.

1914 Germans in advance on Ostend, take Bruges and Damme—Allies retake Establer pushing Germans back along left bank of the River Lys—Allies also make some progress near Rheims—Kaiser Wilhelm's battle headquarters moved further into France.

1915 Rumania refuses Russian passage; will stay neutral—Bulgars occupy passes on Serbian frontier—Charmans take a French salient near Aubervie; allies capture a hill in the Vosges—Lord Reading, head of Allied Commission, shows estimate for \$500,000,000 loan to France and England; announces that he will seek further credits here—Russians make new gain in Galicia; attack German flank west of Tarnopol driving far back; pierce German lines near Drinjak.

1916 Brebs oust Bulgars from Cerna trenches—French cut railroad south of Brest; on German front—Allies on Somme take 1500 prisoners—British advance north of Tloppval.

1917 Germans extend Riga invasion; take Arensburg capital of Oesel Island; Russians flee to escape capture; land batteries silenced—Italians successful on Julian front; smash violent Austrian attacks.

1918 Wladars victory grows; Allies sweep on along 25 mile line to within 3 miles of Lilla; 120 guns taken in outskirts of Courtrai—American widens gap in Krimmlinde line; despite cold mid-October rains "doughboys" overcome all resistance; pass St. Turin and cut wire before St. Georges.

1919 Submitting more favorable figures and terms than a number of competitors, both from this district of the State and from points at a distance, the Panhandle Refining Company has been awarded the contract for supplying fuel oil to the Wichita Falls and Northwestern, which with the other Katy lines in the Southwest, is rapidly changing its locomotives from coal to oil burners.

Contract for the rest of the Katy lines in Texas went to the Mexican Petroleum Co., which will supply crude from the Tampico district. Under its contract the Panhandle will furnish about 7,500 barrels of crude oil per month for the present, with the possibility that they will be called on to considerably increase this amount in the near future, as the number of oil burners in service on this road is increased.

Conversion of the locomotives of the Northwestern to oil burners is rapidly nearing completion, making this part of the system the first to be converted. The Smithville division of the Katy will be the next to go over to the oil burners.

Always had trouble getting name right in fulfilling its place as a necessary adjunct to the marriage license desk at the country clerk's office often records scenes which, although not regarded as humorous by the would-be weds, lighten the cares of the de-

puties. Yesterday afternoon two young men entered the office of the county clerk. One of them possessed all of the outward appearance of an embryo family provider—the nervous and worried expression about the ears and so forth. The companion seemed to be attempting to raise his morale by keeping a firm grip on his arm. Probably the companion was the girl's brother—but that's not furthering the story.

All of the formalities incident to securing a license were being followed out when the youth was asked for the girl's name and gave it as "Edith." His companion insisted it was Edna. The youth who was contemplating matrimony hesitated a second, then said, "that's right, they are twins you know and I always did have trouble in keeping their names straight."

Suit was brought for the alleged fraudulent breach of contract, and a jury heard evidence all of Tuesday afternoon. Judge Scurry excused the jury while he heard arguments of attorneys on a motion for an instructed verdict, an order granted the motion.

This was the only matter before the court Wednesday and it is expected that Judge Scurry will clear the week's docket Thursday, devoting Friday to hearing the injunction and habeas corpus matters from Burkburnett.

GENERAL BUSINESS CONDITIONS SHOW COMPARATIVELY NO CHANGE SAYS REVIEW OF A LOCAL BANK

The October business letter of the National Bank of Commerce, just issued, says of commercial conditions:

"General conditions have shown comparatively no change during the past month—the country is busily engaged in the task of working out ways and means of settling down to a satisfactory basis of living.

"There can be no doubt that many of the difficult economic problems which confront the nation can best be solved by a general increase in production and conservation and this is the goal towards which every one should strive. It was only natural that after the tension of war was removed, many people felt entitled to slacken up and take things more easily, but the fact remains that for each person the one great duty at the present time is to assist in every possible way in increasing production and avoiding waste.

"The prevailing high wages afford to the American people the most wonderful opportunity they have ever had for the building up of surplus wealth. This is said with full knowledge of what present high prices are, because for too many people the fallen price is the way of thinking that certain things are necessities when they are nothing of the kind.

"The country is immensely rich and prosperous, but its problems are many and complicated, so that it should be a matter of pride for every patriotic citizen to help in the solution of these problems by avoiding waste and building up safely at interest as large a fund of ready cash as possible for the benefit of himself and of his community.

"The Business Situation. "The Federal Reserve Board in its report regarding the general business situation states that while presenting some disquieting features, conditions at bottom are sound for continued activity. The problem of commodity prices, particularly those going to make up the cost of living together with labor unrest are the two chief problems that require adjustment.

"Reports received from Federal Reserve agents generally indicate a feeling of confidence that a satisfactory solution of the price and wage problems will be reached. The actual volume of business transacted continues at an extremely high level, although transportation difficulties and shortage of raw materials have been drawbacks. While the agricultural outlook is not as favorable as it was a month ago, the large acreage planted will tend to offset the decrease in the yield per acre.

"Taken altogether, the business situation, while facing various distinctly difficult problems, is unmistakably favorable and there is no reason to anticipate anything but a satisfactory solution of the various problems at hand.

"Canadian Crops. "An official estimate of the crops of the Canadian prairie provinces shows a big falling off from earlier forecasts. Latest estimates place wheat at somewhat over 166 million bushels, oats nearly 269 million bushels, barley 41 millions, rye 3 millions.

"The wheat crop of which over ninety per cent is cut will be of rather low grade, due to rust and hail. It is generally reported in western grain circles that the government has already contracted with the British government for the entire Canadian wheat production at \$2.15 per bushel, the initial price which it will pay the farmer.

"Immigration. "The practical stopping of immigration during the past five years is, of course, largely responsible for the shortage in certain branches of labor. A recent report of the United States Immigration Service shows that less than 18,000 aliens came into the United States during the month of June, while nearly 75,000 left for their home countries. For the entire year ending June 30, there were admitted to the country 141,132 immigrant aliens, while the departures numbered 123,522.

"During the years 1915 to 1918, immigration was naturally at a low ebb and there is considerable speculation as to what the volume of immigration will be following the conclusion of peace. It is quite certain that the country is badly in need of additional labor and while every possible care should be taken to control the influx of foreigners, nothing should be done to discourage immigration of desirable aliens.

"Trade With Germany. "The difficult problem of re-opening business relations with Germany is one that will call for a great deal of tact and discrimination as well as patience on the part of all concerned. The following statement from the Department of State is of special importance at the present time: "Various statements have appeared in the press to the effect

"Glad to Testify. Says Watoga Lady, 'As To What Cardui Has Done For Me, So As To Help Others.' Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then . . . it would last . . . two weeks, and was so weakening, and my health was awful. My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three . . . I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children. I have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others. . . If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

CONTRIBUTION TO GEOLOGY MADE BY THE GOVERNMENT IN RECENT PUBLICATION

WASHINGTON, Oct. 15.—Notwithstanding the pressure of war work and the need of concentrating the forces of the United States Geological Survey, Department of the Interior, on the task of providing domestic supplies of war minerals to replace those that had before been brought overseas from remote regions, this bureau has maintained its publication of scientific memoirs, a number of which have just been issued as Professional Paper 120, under the title "Shorter Contributions to General Geology, 1918."

In the first of these memoirs, that by R. C. Wells on "New Determinations of Carbon Dioxide in Water of the Gulf of Mexico," it is shown that the total carbon dioxide in the water of the Gulf of Mexico increases with the depth of the water—that is, with decrease of temperature. However, this carbon dioxide exists mainly in the form of carbonates and bicarbonates, for the waters of the gulf contain very little free carbon dioxide. A region in northeastern Montana that is very interesting to the geologist is described by A. J. Coiller; and the results of paleontologic studies showing the presence of deposits of Claiborne and Jackson Eocene age in Georgia are reported by C. W. Cooke and H. K. Shearer, the latter a geologist of the State Geological Survey, in cooperation with which the investigations were made. A contribution to the history of the deposition of some of the geologic formations of the phosphate-bearing region of south eastern Montana is made by D. D. Condit in a paper on the "Relations

Late Paleozoic and Early Mesozoic Formations of Southwestern Montana and Adjacent Parts of Wyoming," and the composition, mineralogy and correlations of certain notable igneous rocks are described in a paper on "Two Lamprophyre Dikes near Santa Cruz, Mount Nebo, Utah," by G. F. Loughlin. A report on the "Structure and Stratigraphy of Gravina and Revillagigedo Islands, Alaska," by Theo. core Chapin, establishes new geologic correlations and writes a new chapter of the geologic history of this part of the continent, based upon the discovery of fossil shells of various types in rocks of several geologic periods in the region.

As an aid to geologists in the field who may desire to determine the depth and thickness of strata and their projection beneath the surface by an almost instantaneous process without recourse to tables and mathematical calculations, Harold S. Paige presents new graphic methods in diagrams and scales by which the geologist may make approximate determinations almost off-hand.

A paper by L. W. Stephenson giving the results of recent correlations and discoveries as to the geologic history of a part of northeastern Texas contains a revised map of a part of northern Texas on which structure favorable to the occurrence of oil is shown.

The Story of a Turret Captain
Promotion in the Navy comes quickly to those who qualify for higher ratings. In March 1899 A. Nielson enlisted in the Navy as an Apprentice Seaman. Just nine months later he was promoted to Chief Turret Captain. His pay today is \$165.76 per month.

A man's life — among men!

Reel them off—"Rio," Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and afloat that will make you a welcome man in any company.

Work?—sure, and a man's work it is, among men. Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddles.

Enlist for two years. Excellent opportunities for advancement. Four weeks' holidays with pay each year. Shows leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

Shove off! - Join the U.S. Navy

MURINE Night and Morning
Have Strong, Healthy Eyes. If they Tingle, Itch, Smart or Burn, or are Irritated, Inflamed or Smarting, use Murine. YOUR EYES Granulated, use Murine often. Soothes, Refreshes. Safe for Infant or Adult. At All Druggists. Write for Free Eye Book. Home Eye Remedy Co., Chicago

STOP ITCHING SKIN
Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief
There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or 71c bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy. The E. W. Ross Co., Cleveland, O.

SENATE ACTION AGAINST REDS EXPECTED TODAY

Prospects Said to Be Favorable for Adoption of Poindexter's Resolution.

By RAYMOND CLAPPER (United Press Staff Correspondent)

WASHINGTON, Oct. 15.—An attempt to secure more decisive action against Reds and radical agitators is expected in the Senate today.

Adoption of the Poindexter resolution calling on Attorney General Palmer to explain his "failure" to arrest and deport agitators who have attempted to bring about forcible overthrow of the American government will be sought, with prospects of its passage.

Serious Changes Made.

Poindexter charges that overthrow of the government by violence is being widely agitated and that little effort is being made to capture those responsible.

Senator is frankly alarmed at the prospect of radical leaders getting control of labor unions.

Plans for nipping the coal miners' strike in advance are under way in government quarters, with the Senate standing ready to cooperate with Secretary of Labor Wilson.

The House has before it a resolution favorably reported, extending wartime passport restrictions on immigration for one year, the result of Secretary of State Lansing's fear that if the bars are let down the country will be flooded with radicals and agitators.

Resolution Emphatic.

Poindexter's resolution which already has evoked support on both sides of the chamber is emphatic in its language and refers to either aliens or other persons who have "attempted to bring about the forcible overthrow of the government; who have preached anarchy and sedition; who have advised the detention of law and authority both by printing and circulation of printed newspapers, books, pamphlets, circulars, stickers and

doggers, and also by spoken word and who in like manner have advised and openly advocated the unlawful obstruction of industry and the unlawful and violent destruction of property, in pursuance of a deliberate plan and purpose to destroy existing property rights and to impede and obstruct the conduct of business essential to the property and life of the community."

Some objection of this language has been raised but Senator Lenroot, Wisconsin, urged that it be modified so that the charges would be changed into an inquiry for information.

NEW DIRECTORY TO BE ISSUED BY TELEPHONE CO. DURING PRESENT MONTH

A new Wichita Falls telephone directory will make its appearance during the current month. It was announced at the offices of the telephone company Wednesday.

The present directory, which considerably antedates the height of the last oil boom, is of practically little use, containing the names and numbers of far less than half of the Wichita Falls telephone subscribers.

FIREARMS RULE ON BORDER HAS BEEN DISCONTINUED

DOUGLAS, ARIZ., Oct. 15.—Merchants in the towns and cities of the American military district contiguous to the Mexican border, who since March, 1917, have voluntarily submitted to a rule that prospective purchasers of arms and ammunition must first obtain a military permit, were relieved of this rule today by an order of Major General J. T. Dickman, commanding the Southern department. Captain George C. Rockwell, district intelligence officer, recommended the change in the ruling as he explained it would be a hardship on the merchants in the border section who refrained from selling arms to anyone not having permits, while but a few miles north any one could purchase munitions.

EDDIE MAHAN JOINS HARVARD COACH-LINE STAFF

CAMBRIDGE, MASS., Oct. 15.—Eddie Mahan, one of Harvard's real heroes just back from France where he served as a Lieutenant in the Marines, is the latest addition to the Harvard staff helping Coach Bob Fisher.

BARON AVEZZANO TO BE AMBASSADOR TO U. S.

ROME, Oct. 14.—Baron Romano Avezano is to be appointed Italian ambassador to the United States. The Baron, who has been minister to Greece, arrived in Rome today.

GOMPERS BECOMES ILL FOLLOWING HIS SPEECH OF TUESDAY

WASHINGTON, Oct. 15.—President Samuel Gompers of the American Federation of Labor is seriously ill at his home here today and will be unable to attend sessions of the National Industrial Conference today.

Gompers' illness was announced by members of the labor group which Gompers has led since the start of the conference.

The statement announcing Gompers' illness said:

"Mr. Gompers returned home from the Industrial Conference last evening very greatly exhausted and went immediately to bed. His physician, Dr. Henry A. Prker, was called to see him. He found Mr. Gompers in a state of nervous exhaustion with a temperature of 101 degrees. The doctor said it would be absolutely necessary for Mr. Gompers to remain in bed."

Gompers' illness followed a speech urging adoption of the resolution to mediate the steel strike at the conference yesterday.

Gompers was suffering unusual depression yesterday because of the fact that it was the anniversary of his daughter's death. His wife suffered a paralytic stroke last June and has been helpless since. Gompers never fully recovered his strength since his accident several months ago in New York. The cumulative effect of his cares and his own physical suffering have made his lieutenants in the labor movement uneasy concerning him for some time.

COURT AWARDS ATTORNEYS FEES IN WILL CONTEST

DALLAS, Oct. 15.—The final chapter of a tragedy which filled newspapers in the summer of 1914, was written here today. District court added years of litigation by awarding attorney fees in the will contest case of relatives of W. K. Skinner and his wife, Sallie Skinner, crossed to death in a snow storm that swept Pike Peak, Colo., against Carnegie Skinner.

Carnegie Skinner was the foster son of the wealthy Dallas couple who lost their lives in the Colorado storm. Their estate of \$85,000 was willed to the boy. Relatives contested it and the case was dragged through the State supreme court before settlement.

It was finally decided recently in favor of the foster son, and the court herein instructed to fix the attorney's fees, which were announced today as \$10,000.

The boy offered his faithful lawyers \$20,000 but they refused to accept anything above the court's figure.

BACKBONE LONGSHOREMEN'S STRIKE HAS BEEN BROKEN

NEW YORK, Oct. 15.—The strike of longshoremen and other harbor workers which has paralyzed port activities here for several days and threatened a serious food shortage, was broken today when the ferry workers returned to work and 15,000 of the 20,000 longshoremen resumed their labor. Union leaders predicted that by Friday all of the longshoremen would be at work.

BANDITS BURN HOLE INTO BANK VAULT AND SECURE \$40,000

ST. LOUIS, Oct. 15.—The Federal National Bank at Potosi, Mo., sixty-seven miles south of St. Louis, was looted of \$40,000 early this morning. Two bandits with an acetylene torch burned their way into the vault. They escaped.

POISONED GIRL ABLE TO GET OUT OF BED

CHICAGO, Oct. 15.—Edna Leitner, poisoned by her mother, has recovered sufficiently from the effects of bichloride of mercury to get out of bed.

Dr. Thomas A. Carter, her physician, stated she could sit up a while today.

Shirley will not be able to leave her bed for a week or more.

HEARINGS IN NOVEMBER WILL BE HELD AT EL PASO

EL PASO, TEX., Oct. 15.—The United States Senate subcommittee of the foreign relations committee, which is investigating the Mexican situation, will not be ready with its report before April 1, 1920. Dan M. Jackson, secretary and legal adviser of the sub-committee, announced upon his arrival here from Washington today.

Mr. Jackson said that the hearings at El Paso would begin about November 1.

WISHES THAT HIS MIND WAS AS CLEAR AND AS STRONG AS PRESIDENT'S

NEW YORK, Oct. 14.—The New York World tomorrow morning will print the following excerpt of a letter from Rear Admiral Cary T. Grayson, President Wilson's personal physician, to an unnamed friend in New York. The publication was authorized by Admiral Grayson:

"I do not know of any disease that has not been included in the rumors about the President. If I tried to repeat all these rumors that have been scattered about I would not have any time to devote to the President professionally."

"I have not followed this course and I do not intend to do so. I agree with you—I wish I was similarly afflicted if I could be as mentally alert as the President."

"I can sincerely say that his mind is as good as it ever was since I have known him."

"The time will not be far distant when it will be considered to allow him to resume when his actions and words will speak for themselves."

"As he gains in strength his case is more difficult for me to handle, as he is so very anxious to get back to work."

"All the doctors I have called in agreed that absolute quiet and rest is essential to complete recovery. My great difficulty is to keep him from becoming irritated as a result of the rest treatment, for if he should strain himself too severely complications might result. I believe you can appreciate the trying situation with which I am laboring."

FORMER SOLDIERS RAID I. W. W. HEADQUARTERS

CHICAGO, Oct. 15.—Headquarters

of the I. W. W. in South Chicago was closed today.

Two hundred former soldiers "raided" the place, mixed gasoline with the literature piled in the street and touched a match to it.

They warned Leo Muxen, secretary, to leave the city. A warning sign "stay away from South Chicago," hung in the doorway today.

Among the former soldiers were many South Chicago business men and striking steel workers.

Any private party or clubs of any one of the lodges who wish to reserve one of the six evenings after the opening of Madame Lansing's Dancing Hall on Ohio street, for the entire season or for one evening will please call Madame Lansing at phone No. 614 immediately.

We have moved to 1306 Scott avenue. Phone 2615 until 148 is installed. Nat. L. Inge, real estate.

ADITORIAL

Business is something more than the mere selling and delivering of goods and living up to the letter of the contract made or implied. To build our business, we study the needs of our customers and we endeavor to add to their desire and ability to consume our merchandise. We recognize the vital truth that were it not for these same consumers we would not be in business, and that they are in a sense, our employers—and at times very exacting ones—that must be pleased. We know that it is to our interest to use the conscientious effort to please them that we expect our employees to us in serving us. And in our business we represent the consumers, holding more or less the same position to our employees that the public holds to us. To the extent that we look after the consumer's interest, therefore, we know that they will stand by us.

GERMANS USE POISON GAS IN THEIR ATTACK ON RIGA MONDAY

LONDON, Oct. 15.—A part of Riga is burning, having been set afire by the German bombardment, a dispatch from Helmsingford reported today. The German attack Monday is reported to have been less intense than previous, although it included the use of poison gas and trench mortar shells.

The Latvian resistance has been accompanied by many valorous incidents. At one place a Latvian woman seized a rifle and entered the trench alongside the men.

In the past two days a British destroyer has brought to Riga six German shells which were trying to run the blockade.

General Von Der Goltz, according to the Berlin Tages Zeitung, has resigned from the army as a result of the Entente's latest note.

KANSAS CITY, MO., Oct. 15.—A blind man pegged his way west on Thirteenth street, turned in certain doorway, passed through barber shop and disappeared behind partition unassisted. One man laughed. Another looked puzzled. "Newspapers say police can't find cat game, blind man did," explained first.

He May Be Time Now.
ST. LOUIS, MO., Oct. 15.—William Schmidt Jr. went out for a "rip snortin' time." He had it before he was arrested for forging his father's name to \$500 in checks.

An October Morn.
DALLAS, Oct. 15.—E. Mopley, morning man of the Dallas Star, Dallas, offered a negro a lift. When they camped out last night, the negro departed—with Mopley's trousers.

Prohibition to Blame.
CLEVELAND, O., Oct. 15.—John Ross blames it on prohibition.

WOMAN MYSTERIOUSLY MURDERED

MRS. ELIZABETH NIZSNICK

Bound hand and foot with seclites and a curtain, and with a gas tube tied so that it entered her mouth, the body of Mrs. Elizabeth Nizsnick, forty-two years old, was found tied to a bed in her home in Tonkers, N. Y. That robbery was the motive is apparent, as \$1,000 in Liberty bonds and \$200 in cash, known to have been in the woman's room, are missing. The woman was evidently strangled to death in a front room of her home. The body was found by a boarder in the house. When he returned from work in one of the factories here he smelled gas and traced it to Mrs. Nizsnick's bedroom. He entered and found the body. He immediately notified the dead woman's son. Both men were closely questioned by the police, because three bankbooks found on the floor of the bedroom and which showed deposits of more than \$5,000 named them as beneficiaries in case of the woman's death.

tion. He drew \$5,600 from the bank to lend to a friend who was to purchase grapes for wine and two men stole the money.

She Wouldn't Have Hit It.
PITTSBURGH, Pa., Oct. 15.—The fact that woman broke a window with a stone was sufficient evidence that she wasn't aiming there, a jury ruled in discharging Mrs. Sadie Mullinger.

Met His Fate in New Jersey.
TRENTON, N. J., Oct. 15.—Charles F. Justice toured every state in the Union. They all looked alike until New Jersey, the last one he toured. There Justice found his fiancée, married yesterday.

Ate Her Way Out.
MURRAYVILLE, ILL., Oct. 15.—A local cow lost 300 pounds going through straw stack. It was 14 days making the trip and during that period had no water. The stack evidently fell in behind the bovines; it ate its way out the other side.

Dauntless Gospel.
NEW BRITAIN, CONN., Oct. 15.—High cost of living does not bother Rudolph Brenck. His family of eight is doubled by his marriage today to Mrs. Annie Newfield, who also has eight.

FOOTWEAR PRICES ARE DUE FOR A TUMBLE SAYS MANUFACTURER

NEW YORK, Oct. 15.—Footwear is due for a tumble—in fact they have dropped 20 per cent since the middle of August and are going to take still another drop after Christmas.

Frank McElwain, president of the National Boot and Shoe Manufacturers Association, said in an address before the Middle States Shoe Retailers Association last night.

Mr. McElwain said the consumer should notice these declines beginning next April, as the shoe now being manufactured will not be marked until that time. He said a falling off in the demand from Europe partly was responsible for the reduction.

Mr. H. O. Krater Tells How Cuticura Healed Pimples

"I had ugly pimples on my face. Small pimples broke out on my face and they began itching and burning and causing discomfort, also loss of sleep. They itched so intensely that I had to scratch them, and in about two weeks they developed into sore eruptions. I was treated, and used various remedies, but found no results, and my trouble had lasted nearly three years before I began to use Cuticura Soap and Ointment. The pimples began to disappear, and in four weeks I was completely healed." (Signed) H. O. Krater, R. 2, Box 22, Mt. View, Ohio.

Once clear, keep your skin healthy and clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum to powder and perfume.

Soap 25c, Ointment 25c and 50c, Talcum 25c. Sold throughout the world. For sample each free with a letter to the manufacturer, Dept. H, Malden, Mass.

Small Cuticura Soap shown without soap.

IN THE WORLD OF SPORT

LITTLE ACTIVITY IN DRIVE FOR JOHNSON'S SCALP IS EVIDENT

NEW YORK, Oct. 15.—All fronts in the drive for the scalp of Ban Johnson, American League head, are reported quiet.

The forces of Colonels Ruppert and Huston and their aids, Owners Comiskey and Frazee, are marking time while Justice Wagner of the supreme court is preparing a decision in the Mays' injunction case.

Meanwhile a score or more Yankee players have palms itching for their divvy of third place money, which has been held up by the protest of the Tiger boss, Frank Navin.

While the big guns in the fight have been silent for some time, the Yankees have been undergoing a harassing fire from the Detroit fort. Navin has been proving himself a thorn in the side of the two colonels. First he protested a double header between the Yankees and the Red Sox in September. Then, when Miller Huggins and his black hosed tribe were looking through catalogues for places to invest their third place earnings, Navin came along and said they are not entitled to it, as every game Carl Mays won was illegal. Johnson can't decide the issue until the court acts on the injunction suit.

George Herrman is so high in the clouds of baseball bias over his world's champion Reds that he seems to have forgotten the request that the anti-Johnson barons made for his resignation as chairman of the national commission.

President Baker, Veck and Colonel Ruppert, who are the only members of the committee to name a new chairman since Navin resigned, say they haven't forgotten the ultimatum and that if the Red boss does not step down gracefully they will eject him from the winter. The National League, they claim, is well lined up against Herrman and has the support of Boss John Heydler.

Five club owners of the American circuit, however, are with Herrman, because he is "the buddy" of Ban.

When the issue finally comes to a show down, as it will this winter, it will bring an interesting disclosure of real strength in the major league circuits and in addition it will provide plenty of fuel to keep the winter fires burning in the hot stove leagues.

PLAN ORGANIZATION FOR TEXTILE BUSINESS

WASHINGTON, Oct. 15.—Organization of a large corporation to be known as the Consolidated Textile Corporation to acquire, manage and finance textile mills throughout the country and to direct the merchandising of the products of the mills, has been effected by prominent New York banking and textile interests, according to an announcement published today.

The properties to be acquired include several in North Carolina. The plan was underwritten some time ago. Frederick K. Ruppert will act as president.

TAKE ASPIRIN AS TOLD BY "BAYER"

"Bayer" introduced Aspirin to the physicians over 15 years ago.

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years.

"Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis and Pain generally.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger. "Bayer" Aspirin is the trademark of Bayer Manufacture of Monacaceticacidester of Salicylic acid.—Adv.

OIL DRILLER GAINS TEN POUNDS

"Yes, sir, it's a fact; I feel better today, since taking Organo's treatment, than I have any time during the past two years," declared W. C. Thompson, a well known oil driller of Ranger, Texas, a few days ago.

"My stomach started to bother me about two years ago, so I've been miserable ever since," he continued. "I suffered terribly with gas after eating and it was getting out of my heart so at times it felt like I might suffocate. Some times I was so nervous I could hardly control my self and my tongue was coated all the time, like I was bilious and made everything I ate taste bad. On top of all this misery I had awful head aches and some times it seemed like it would drive me to distraction, but nothing I took ever gave me any relief, although I tried so many different kinds of treatments and medicines my house looked like a young drug store."

After hearing so much about Organo's treatment I got a bottle and started taking it without expecting any great benefits, but the first bottle seemed to improve me and I said then and there I'd stick out if this treatment kept on helping me like that. Now, that was just six weeks ago and I give you my word all my troubles have now disappeared. The gas has stopped forming on my stomach, I don't suffer from shortness of breath any more and I sleep like a healthy child. My food all agrees with me and I eat most anything I want, and my tongue is clear and is healthy looking. My general condition is great and I feel fine as a silk all over. I have been feeling so fine of late that I was sure that I must be gaining some in weight and to prove it the other day I stepped on the scales and found that I am now 10 pounds heavier than when I started taking this wonderful treatment. I think Organo is a wonder and a boon to mankind and I cheerfully recommend it to anybody who is suffering like I was."

Organo is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls exclusively by the T. F. Young Drug Co., under the personal direction of a special Organo representative. (adv.)

The Velvet tin is twice as big as shown here

"No Rheumatics" is a Mighty Poor Reason for Wearing a Wooden Leg

NO sting or hot burnin' is a mighty weak-kneed recommendation for tobacco. But, when tobacco is mild and cool, and yet as full of "fun" as a barrel of monkeys—well, that's another story—that's Velvet.

And 'cause why?
'Cause Velvet is brought up—not jerked up by the hair. It's raised as carefully as a favorite child. It's cured in the big fresh air. And it mellows away for two years in wooden hogsheads 'til it's smooth and rich as cream. The wonder would be if Velvet wasn't a whacking good pipe smoke.

"Let Nature mellow yo' tobacco an' that tobacco will show mellow yo' nature," says Velvet Joe. And he's pretty nearly right.

NATURE-AGEING in the wood does more to make tobacco friendly than any camouflage you can cover it with—and don't you forget it. See, taste, smell, feel the "real tobaccoconess" in Velvet. Why, you can almost hear it. Velvet's the tobacco you can judge with your eyes wide open and specs on.

There's a whole lot in Nature's way of making good tobacco better. And it's all in Velvet.

Here's to a full pipe and a friendly one.

Lippincott & Co.
—the friendly tobacco

"SNAKE OIL" RELIEVES THOUSANDS

Stops Pain or Money Back
Savely when ten million people buy Miller's Antiseptic Oil (known as Snake Oil), on a positive guarantee of satisfaction or money back, and only 12 bottles returned, you can believe that this is the "World's Greatest Reliever of Aches and Pains."

After seeing Miller's Antiseptic Oil (known as Snake Oil), you will never want to be without it because it penetrates so quickly and brings such prompt relief for such ailments as rheumatism, lumbago, sprains, arched joints, in grippe, colds, influenza, etc. Miller's Antiseptic Oil, 60c. Write, "I send \$2.50 for 2 bottles of Miller's Antiseptic Oil (known as Snake Oil), please send by return mail as I am needing the oil." Mr. Henry Arwell, Center, Ky., writes, "I have just tried a 60c bottle and got great relief. Thousands of letters such as these have been received. Get a 30c, 60c or \$1 bottle today from any drug store. Money back if not satisfied, at the Miller Drug Store."

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—and this you must watch your liver and bowels, there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—red eyes with no sparkle. Your doctor will tell you ninety per cent of all serious sickness comes from inactive bowels and liver.

Dr. Edwards' well known vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about the natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.—Adv.

Cascarets work while you sleep! When one of you get bilious, head-achy, constipated. If you breath is bad, stomach upset, or for colds, sallowness, just take "Cascarets" to regulate the liver and bowels and all is well by morning.

"Cascarets" never gripe, sicken or keep you anxious all best day like calomel, salts, oil or violent pills. "Cascarets" are the most delightful laxative-cathartic you ever experienced. Switch to "Cascarets"—Cost so little!

Calotabs

The purified and refined calomel tablets that are senseless, safe and sure. Medicinal virtues retained and improved. Sold only in sealed packages. Price 35c.

PLAN TO USE FORMER KEMP HOMESTEAD AS TEACHERS DORMITORY

STEPS FOR IMMEDIATE RELIEF OF LOCAL SCHOOL SITUATION TAKEN BY WICHITA CLUB.

TO ERECT DORMITORY LATER

Formation of Stock Company to Build Permanent Building Urged By Speaker.

A committee of five members was appointed by the regular weekly luncheon of the Wichita Club in the basement of the Christian church Wednesday to negotiate with J. A. Kemp for the use of the old Kemp homestead for teachers dormitory until permanent arrangements for housing the teachers can be made.

This action came after a lengthy argument, in which half a dozen members of the club took part and in which several plans for solving what was termed an acute condition menacing the very welfare of public school education in the city, were submitted.

C. H. Clark made the motion which resulted in the appointment by N. H. Martin, president of the club, of this committee, which will take immediate action to provide homes for the teachers.

W. H. Silk, chairman; P. B. Cox, C. W. Clark, G. Clint Wood and H. L. Hunter, Mr. Martin will assist the committee, which will confer with Mr. Kemp immediately upon his return from the New Orleans cotton conference.

Mr. Kemp has offered homes, which the excellent lunch enjoyed by the club, told the meeting that Mr. Kemp had offered the use of the old Kemp home to Judge Martin and the school board several days ago, but that Judge Martin had made no decision in the matter, evidently desiring to leave the matter to the teachers themselves to decide.

Mr. Clark made an excellent appeal for a permanent teachers' home here, and the sentiment he voiced was echoed by other members of the club. Mr. Clark said that in many homes where teachers now are lodged the families did not wish to take boarders, not because they did not want the teachers, but because the mere taking of boarders was a lodger was distasteful to them. This condition, he said, is often embarrassing to the teachers. He offered a motion to the effect that it be the sense of the club that immediate action be taken to build a home, but that the Kemp home be procured for immediate use until the permanent dormitory can be constructed.

Mr. Wood advocated the immediate action. He said the Wichita Club had had this matter before it since the middle of the last school term and had done nothing but adopt resolutions which the school board was ready to take immediately and that a teachers' home adequate in size for accommodating 50 teachers should be provided.

Mr. Clark explained that the Kemp home was to be used only temporarily until a permanent dormitory could be built. He suggested that the members of the club put up \$1,000 each to form a building fund and erect the building, modern in every respect, with a permanent and a donation. His plan was for the payment of eight per cent interest a year to the stockholders and that the building be thus owned by the school board.

Mr. Clark said that the building be thus owned by the school board. He suggested that the members of the club put up \$1,000 each to form a building fund and erect the building, modern in every respect, with a permanent and a donation. His plan was for the payment of eight per cent interest a year to the stockholders and that the building be thus owned by the school board.

BUSINESS MEN OF NEWCASTLE PLAN FOR CITY'S FUTURE

Special to The Times. NEWCASTLE, TEX., Oct. 15.—Newcastle has started a plan of campaign that has never before been attempted in the history of the city. At a meeting of the Chamber of Commerce Tuesday morning in the Harris Theater a large and earnest throng of city and county residents cheered the speakers, enrolled themselves as members, planned down their coin, agreed to the program outlined and we can't be stopped. A fund was raised in 20 minutes sufficient to finance that campaign, provide for current working expenses and equip the organization for a liberal plan of expansion. A membership contest will be started at once and the farmers of Young county are as ready to cooperate as their city friends could ask. A good roads committee is already in the harness and will be active from the outset. At the regular weekly meeting next Tuesday other committees will be appointed and the machinery all assembled for the work contemplated. Civic improvements, better educational facilities and preparedness for inevitable growth are a part of the work outlined in the general plan. Newcastle feels perfectly secure as to the expansion to come with the oil development and railroad extension and do not propose to be caught napping when the tide sets this way. Developing Arnold Well. Deepening of the Arnold well is progressing carefully for a thorough test of the thickness of the deep pay sand. The bit is now 30 feet in the vein without indication of nearing the lower floor. A shot will be fired when the well has been thoroughly bailed after the test is complete if needed. The Norris well is now about 1800 feet deep and the driller expects to tap an oil sand before the 2,000 foot level is reached. The Humble well is drilling again after a successful fish-in job. The Arkansas company's test northwest of the city is working day and night shifts and making good progress. The gas well test of Pitt & Denney on the Johnson lease is progressing favorably, more casing being laid, and this vein should be tapped under ordinary conditions within the next week or two. The Blair-Hughes well has been thoroughly cleaned out and drilling will be resumed as soon as a broken part in the water pump can be replaced. Woodson Shallow Field. Reports from the Woodson shallow field continue reassuring and more new wells will be started as soon as the roads are passable for the heavy rigs. It is reported that the Texas Co. has made a location on the northeast side of the river, north of the Blair-Hughes, and that drilling will be commenced soon. Other locations by various interests are rumored but definite sites cannot be named at this time. Sale was made last week of a farm of 120 acres, located two miles west of the city, at \$100 an acre cash. This is top notch price for lands in this vicinity, considering that the sale was subject to a lease of the oil rights and has caused quite a flutter in local realty circles. Another lumber yard has been established, making the total of the stocks are the heaviest ever carried in Newcastle, showing the faith the timber merchants have in the immediate future.

OIL STOCK QUOTATIONS.

NEW OIL ASSOCIATION PLANS NO FIGHT ON THE PIPE LINES, ACCORDING TO ITS PROMOTERS

Constructive instead of destructive, and educational rather than antagonism to any interests whatever, is the intent of the new Wichita Oil Association, which is in formation, according to the expressions of men who were in a way responsible for the organization. There is no fight against pipe lines, whether large or small, and no fight against operators, according to these expressions, but rather the beginning of a systematic education, through organization and co-operation of all the individuals and companies that make up the field, to the end that the industry is not undermined and its very existence threatened, through the individual actions of operators, as the present situation seems to point as a possibility, and even a probability. Indiscriminate and indiscriminate drilling, this including the cutting up of parts of the field into drilling sites, has been a very important factor in the development of the price situation, which is now confronting operators at 'Burkburnett,' said one prominent operator today. 'Where a drilling site has been sold for a fancy price, the man who drills it wants to set the oil pen, and to get it run his sells it at any price. He hasn't any acreage for the well to drain, and he is drawing oil from the neighbors who have five acres, 10 acres or more. When he hooks his well up with a pipe line and runs his oil for a dollar and a half, or less, as is frequently the case, the man whose holdings he is offsetting must either let his oil run any way he can, or let the drilling site well drain his property. There is a very serious problem confronting the operators who have much money invested in the field, in this unethical drilling, and this will

be taken up by the association, and it is hoped that much can be done for the good of all concerned by such an association. It is assured that good can be done if there is the co-operation of all interests.

GOVERNOR ISSUES FULL PARDON TO BUS WYERS

AUSTIN, TEX., Oct. 15.—Bus Wyers, who was sentenced to hang for murder in Falls county five and one-half years ago and then had this sentence commuted to life imprisonment, was granted full pardon by Governor W. P. Hobby today. The Governor explains in a statement that this pardon was granted upon strong recommendation by the board of pardons which stated that a careful review of the case gives grounds for belief that Wyers is as he claimed, not guilty. The statement

said there was no protest from the county of conviction against the pardon and many strong recommendations for it.

MEMBERSHIP DRIVE IS PLANNED BY NEW REALTY ASSOCIATION

A membership campaign under the leadership of two rival teams was launched today by the Wichita Realty Association with the hope that the organization may be increased from its present strength of 20 to more than 100 members.

The campaign was organized at a meeting of the association last night in the Elks club rooms. R. B. Robbins and N. O. Monroe are the opposing captains. The campaign will end next Tuesday night when the losing team will banquet the victors at the Y. W. C. A. cafeteria. Results of the campaign will be announced at this meeting which it is expected will be attended by the new members.

While the campaign this week is confined to real estate men, it is the intention and desire of the association to bring as many property owners into the organization as possible. The membership fee is \$100 for real estate firms and \$25 for salesmen.

The realty association was organized at a meeting three weeks ago. It was then proposed to obtain the services of a general manager who would look after the business of the association generally, organize community clubs for obtaining community improvements, extensions of paving, sewers, public utilities and general civic improvements.

Henry Hutchins, former adjutant general of Texas, who was being sought for the post of general manager, was expected to attend the meeting last night, but wired he could not attend.

The board of governors which has charge of obtaining a general manager, reported that it would like more time to make a selection. It is understood that Mr. Hutchins is still under consideration.

Card of Thanks.

We extend our heartfelt thanks to our friends for their words of sympathy and acts of kindness during the recent illness and death of our mother Mrs. Josephine E. Foster.

PURSE WITH \$1,000 CHECK HIDDEN BEHIND TELEPHONE BOOTH AT UNION STATION

Hidden back of the telephone booth in the waiting room at the union station, a purse containing a check for \$1,000 and two railroad tickets, good for passage from Wichita Falls to Waco, were found Tuesday by Stationmaster Frost and turned over to Detective Arledge and Policeman Windham.

The police consider the find proof positive that the three men arrested Monday night and later liberated under bond in the sum of \$50 each, all of which bonds were forfeited by non-appearance, were the ones who picked R. Michrow's pocket Monday.

The police believe the three men took \$70 from the purse, Michrow having lost that sum, and then threw it behind the phone booth, fearing that to take the check would incriminate them, while the money could not be identified. Had they taken the tickets, they could easily have been traced, of course.

Michrow's check, which is on a Burkhardt bank, and tickets will be returned to him.

MISS ANDERSON ACCEPTS APPOINTMENT AS SPONSOR FOR NEW SHIP WICHITA

Miss Lella Beall Anderson, daughter of Mr. and Mrs. G. D. Anderson, has accepted the appointment as sponsor for the ship "Wichita," and will christen the craft when it is launched at New Orleans early in December.

Miss Anderson's appointment was made at a meeting of the Liberty Loan Committee Tuesday, and at this time Miss Helen Stone, daughter of Mr. and Mrs. J. E. Stone, was named alternate in the event that Miss Anderson could not attend the launching.

The honor of having one of the ships of the United States Ship Building Corporation named after Wichita county is in recognition of the splendid work of the county in the Victory Loan drive, and the appointment of a sponsor for the county was left with A. H. Brittain, chairman of the drive, and his committee.

Notice to the Public.

We have sold our business, The Pierce-McBee Produce Co., to W. P. Bennett, who will conduct the business as the Bennett Produce Co. Mr. Bennett does not need any introduction to the public and we trust our many good customers will continue to give him a share of their business.

RECKLESS DRIVING BRINGS FINE IN POLICE COURT

Just what constitutes reckless driving was brought up in police court Wednesday morning with a charge of reckless driving instituted by a young man whose car had been damaged by another car skidding into it.

From the evidence introduced it seems that the complaining party had left his car parked at the curb and hearing a crash got out of the house in time to see a man backing away from his car.

Investigation disclosed a badly bent fender and running board and the owner jumped in his car and overtook the driver who had hit his car.

The accused entered a plea of not guilty and denied that he was speeding although he had skidded on the slippery pavement and hit the car that was damaged.

Judge Ogil found him guilty and assessed a fine of \$5 whereupon the defendant gave notice of appeal in the county court.

In all there were 32 cases disposed of this morning consisting of a variety of offenses ranging from a variety of violations of the sanitary laws, adding some \$215 to the cash box.
