The Kemp-Munger-Allen wild cat, on the Munger Ranch, southwest of Iowa Park, is in the producing class today. The well made a flow this morning, and according to visitors who returned this afternoon from the field, including J. A. Kemp, one of the operators of the company, made a splendid showing, though because of lack of storage it was shut in after making a short flow.

"We do not know of course what it will make," said Mr. Kemp, "but we think it looks mighty good." Other visitors to the well were very enthusiastic over the prospect of opening up a new pool, and the interest and excitement over the news of the latest wild cat to break into producing ranks, even early this afternoon, after the news that the well flowed just reached the city, was similar to that of other days, when the Fowler and then the Burk Waggoner wells came in.

The stock has been rising steadily on the exchange the past few days, and the fact that only \$25,000 of stock is in the hands of others besides J. A. Kemp, Reese Allen and the Munger brothers who organized the company to make the test, makes the interest in it all the more keen.

Mr. Kemp this afternoon asked that this statement be made to the original stockholders of the Kemp-Munger-Allen Company:

"My advice to the original stockholders is to hold on to their stock as I believe we have a big thing here. We will develop the property, and I believe that it will mean much money to the stockholders."

CHICAGO, Oct. 20.—Conditions in the steel mills of the Chicago district have improved to such an extent, that today, beginning of the fifth week of the strike, production was on a basis of 75 per cent normal, according to company officials.

Union officials while admitting that practically all of the plants were in partial operation said their reports showed that inexperienced workers were attempting unsuccessfully to fill the places of the veterans of the industry who remain on strike.

The force of federal troops sent to Gary two weeks ago to take control and prevent disorder in connection with the strike, was still further reduced today. Colonel W. S. Magee, commanding the federal troops, believed the situation had so improved that he was justified in reducing his original force of 1600 into only about 600 soldiers remain in the Gary zone.

MITAU, Oct. 18.—Colonel Bermond, leader of the newest anti-Bolshevik faction in Russia, today declared a Russo-German alliance is inevitable, and hinted that America can prevent a future war if she aids immediately in Russian reconstruction.

"Nothing can prevent a coalition of Russia and Germany," said Bermond, who formerly was known as Prince Avaloff.

"We are bound to come together. America ought to see clearly the advantage of winning Russia's sympathy. She should join this coalition and aid in Russia's reconstruction, thus preventing a future war."

America ought to use her moral influence and power upon England, who is fighting her former allies. The Baltic is still Russian territory. This is contrary to the interests of the English, who wish to exploit this area economically. This attitude prevents the defeat of bolshevism.

"We are not reactionaries. We consider a constitutional monarchy, such as England's, to be the best government for Russia."

Bermond said he was grateful to the soldiers of General Von Der Goltz's command for coming to Russia's assistance.

Bermond said he was grateful to the soldiers of General Von Der Goltz's command for coming to Russia's assistance.

COMING TO WICHITA FALLS FOR VISIT WITH OIL MEN

William W. McAdoo

CHICAGO PLANTS OF STEEL COMPANY ARE RESUMING NORMAL

CHICAGO, Oct. 20.—Conditions in the steel mills of the Chicago district have improved to such an extent, that today, beginning of the fifth week of the strike, production was on a basis of 75 per cent normal, according to company officials.

Union officials while admitting that practically all of the plants were in partial operation said their reports showed that inexperienced workers were attempting unsuccessfully to fill the places of the veterans of the industry who remain on strike.

The force of federal troops sent to Gary two weeks ago to take control and prevent disorder in connection with the strike, was still further reduced today.

Colonel W. S. Magee, commanding the federal troops, believed the situation had so improved that he was justified in reducing his original force of 1600 into only about 600 soldiers remain in the Gary zone.

MITAU, Oct. 18.—Colonel Bermond, leader of the newest anti-Bolshevik faction in Russia, today declared a Russo-German alliance is inevitable, and hinted that America can prevent a future war if she aids immediately in Russian reconstruction.

"Nothing can prevent a coalition of Russia and Germany," said Bermond, who formerly was known as Prince Avaloff.

"We are bound to come together. America ought to see clearly the advantage of winning Russia's sympathy. She should join this coalition and aid in Russia's reconstruction, thus preventing a future war."

America ought to use her moral influence and power upon England, who is fighting her former allies. The Baltic is still Russian territory. This is contrary to the interests of the English, who wish to exploit this area economically. This attitude prevents the defeat of bolshevism.

"We are not reactionaries. We consider a constitutional monarchy, such as England's, to be the best government for Russia."

ACTION TAKEN FOR RELIEF OF SUGAR FAMINE

Equalization Board Determines That Ten Cents Is Fair Wholesale Price.

MEANS INCREASE OF ONE CENT PER POUND

Attorney General Threatens to Prosecute the Beet Sugar Refiners.

WASHINGTON, Oct. 20.—Steps to prevent an abnormal increase in the price of sugar because of the existing shortage were taken today by the department of justice.

Attorney General Palmer notified beet sugar refiners who have been withholding their products from the market until the price situation became more stabilized, that the United States Sugar Equalization Board had determined that 10 cents was a fair price to be charged the wholesalers and that the charges in excess of that amount would be regarded in violation of the food control act.

Refiners were asked to telegraph their concurrence in this price, which would mean that they would put their supply on the market immediately, thereby relieving the present stringency.

The price to the wholesaler heretofore has been nine cents, and the new price means an increase of one cent a pound. Retailers have been allowed to charge 11 cents a pound for controlled sugar under the old prices. While the department of justice and the sugar board did not state what the new retail price would be, it was assumed that the increase would not be greater than the wholesale advance.

WASHINGTON, Oct. 20.—Attorney General Palmer today threatened prosecutions against beet sugar refiners who ask higher prices than those set by the sugar equalization board.

The wholesale prices fixed by the sugar equalization board, Palmer's announcement revealed, "ten cents cash, less two per cent seaboard basis."

WASHINGTON, Oct. 20.—Attorney General Palmer today refused the request of Mayor Hyman of New York, to postpone the use of troops at New York until further efforts could be made to settle the strikes of longshoremen there.

Mr. Baker said maintenance of army transport service out of New York was a part of the war operations of the ships. He added, however, that he was willing to co-operate with Mayor Hyman in any way "to bring about the adjustment of the strike difficulties."

WASHINGTON, Oct. 20.—Secretary Baker today refused the request of Mayor Hyman of New York, to postpone the use of troops at New York until further efforts could be made to settle the strikes of longshoremen there.

Mr. Baker said maintenance of army transport service out of New York was a part of the war operations of the ships. He added, however, that he was willing to co-operate with Mayor Hyman in any way "to bring about the adjustment of the strike difficulties."

WASHINGTON, Oct. 20.—While Rev. Dr. L. S. Barton, late Y. M. C. A. worker in France, assailed present vice conditions in Tulsa from his pulpit at the Boston Avenue M. L. Church here last night an armed man patrolled the front of the building. His purpose there, as announced in advertisements in local papers, was to "keep your car from being stolen."

W. D. Clies returned this morning from his plantation near Littlefield, Mrs. Clies and the children will follow him in about a week.

KING ALFONSO IS PAYING PARIS A BRIEF VISIT

KING ALFONSO XIII.

PARIS, Oct. 20.—(Havas)—King Alfonso, who left Madrid last night for a brief visit to Paris on his way to England, reached here at 10:20 o'clock this morning. The king was received at the station by Stephan Pichon, the French foreign minister, and by representatives of the Premier and the Minister of Interior.

ENTERTAINMENT WILL KEEP THE KING BUSY

PARIS, Oct. 20.—Although King Alfonso's visit to Paris is regarded as informal, the program arranged thus far appears likely to keep him busy during his short stay. President Poincare will give a dinner at the Elysees Palace in honor of the King this evening and a shooting party at the Presidential preserves in Rambouillet forest tomorrow.

Immediately after the shooting party King Alfonso will start with Marshal Poincare for Verdun where he will lay a wreath on the tomb of French soldiers who fell there.

SPAIN CANNOT BE CONSIDERED NEUTRAL

PARIS, Oct. 20.—Commenting upon the visit of King Alfonso to Paris, this morning's newspapers point out that Spain, having a seat in the executive council of the Society of Nations, can no longer be considered neutral and must assume an important role in the world's affairs.

Although the Spanish monarch comes to France incognito, this morning's newspapers point out that Spain, having a seat in the executive council of the Society of Nations, can no longer be considered neutral and must assume an important role in the world's affairs.

REAFFIRMS HIS REFUSAL TO NEGOTIATE WITH THE UNIONS; STATEMENT IS ISSUED TODAY

MAKES CHARGE SOCIALISTS IN U. S. SERVICE

Indiana Member Wants the Senate to Make an Investigation.

SAYS PROPAGANDISTS ARE EMPLOYED BY COMMISSION

Accompanies Resolution With a Statement That He Is Not Aiding the Packers.

WASHINGTON, Oct. 20.—Investigation of charges that employees of the Federal Trade Commission are engaged in "socialistic propaganda" is called for by a resolution introduced by Senator Watson, Indiana, today.

Watson accompanied his resolution with the statement that he is not asking this investigation in an effort to aid the "big five" packers, who have been under fire from the Federal Trade Commission. He said he was seeking to learn the truth of statements that members of the commission were engaged in socialistic activities.

The text of the resolution follows: "Whereas, there is reason to believe that a number of the employees of the Federal Trade Commission have been and are engaged in socialistic propaganda and in furthering the organization and growth of socialistic organizations, and

"Whereas, if Bolshevism with all that it implies is to be met and overcome in our country, it must be done by first cutting off all its adherents and advocates from public office.

"Would authorize inquiry. "Therefore, be it resolved in the Senate of the United States that the committee on interstate commerce of the senate is hereby authorized and directed by sub-committee or otherwise, to inquire into and report to the senate at the earliest practical date upon the truthfulness of these charges, that said committee may conduct such inquiry by sub-committee or otherwise, and shall be empowered to hold sessions during the recess of the senate, and for this purpose the committee or any sub-committee thereof, is empowered to send for persons and papers, to employ whatever assistance, either clerical or legal they deem necessary to aid in conducting the investigation, to administer oaths, to summon and compel the attendance of witnesses, to conduct hearings and have reports of the same printed for use; and any expense in connection with such inquiry shall be paid out of the contingent fund of the senate, and to be approved by the chairman of the committee."

In a speech accompanying his resolution, Watson declared he is "a confirmed adherent of the prohibition to socialism holding government office," he attacked the Federal Trade Commission's method of investigating the packers.

"For some weeks, I have been investigating socialism in the various departments of the government and I have been astounded at the number of its adherents in office and the very solid manner in which they seem to be entrenched in our governmental affairs," Watson said.

WASHINGTON, D. C., Oct. 20.—Supreme Court is TO TAKE A RECESS. Chief Justice White today announced that the Supreme Court would recess from Monday, October 27 to Monday, November 10.

WASHINGTON, D. C., Oct. 20.—Appoints Young to Industrial Conference. President Wilson today designated Owen V. Young, of Schnectady, N. Y., as one of the representatives in the national industrial conference which Young takes the place of Fuller E. Callaway, of La Grang, Georgia, who left the conference because of ill health.

WASHINGTON, D. C., Oct. 20.—Supreme Court holds that STATES CAN SEIZE AND SELL FOOD HELD OVER THE LIMIT. The decision settles the constitutional question of the Smith-Cold Storage Act of Ohio, which limits cold storage to six months. It was the first appeal of the packing interest against the new law passed in several states limiting cold storage to help reduce the cost of living.

The case was brought by the Columbus Packing Company against the state, after the state supreme court upheld the law. The United States supreme court refused to hear the case.

WASHINGTON, D. C., Oct. 20.—Supreme Court holds that STATES CAN SEIZE AND SELL FOOD HELD OVER THE LIMIT. The decision settles the constitutional question of the Smith-Cold Storage Act of Ohio, which limits cold storage to six months. It was the first appeal of the packing interest against the new law passed in several states limiting cold storage to help reduce the cost of living.

WASHINGTON, Oct. 20.—Arbitration of the steel strike, demanded by the labor group, should not be considered by the national industrial conference. E. H. Gary, chairman of the board of the United States Steel Corporation and a member of the public group, told the conference today.

The corporation will not agree to any arbitration and stands firmly on its previous announced policy as regards the question, Gary said. It was his first pronouncement to the conference.

Judge Gary had scarcely finished reading his statement before Samuel Gompers, president of the American Federation of Labor and chairman of the labor group, was on his feet to oppose the steel strike. He said that the announcement of the steel corporation.

WASHINGTON, Oct. 20.—Reaffirming his refusal to negotiate with representatives of labor unions not employees in the plant of the United States Steel Corporation, E. H. Gary, chairman of the corporation's board of directors, informed Chairman Lane of the national industrial conference, and Frank Morrison, secretary of the American Federation of Labor, today that he would not recede from his stand for the open shop.

Judge Gary was understood to have expressed fear of the consequences of further recognition of labor unions. The effect of his announcement on the industrial conference remained to be developed. The capital group remained in session all morning forcing a postponement of the conference meeting until 2:30 p. m.

VOTE IS EXPECTED TO BE TAKEN TODAY. WASHINGTON, Oct. 20.—Representatives of the public and labor groups in the national industrial conference early today indicated they could not endorse a collective bargaining resolution giving workers a right to select outside representatives in dealing with employers. It was permitted to decide whether they shall deal with professional labor leaders in strikes.

Members of the labor group hold the conference might as well adjourn now if collective bargaining is not affirmed and endorsed. They made this clear late Friday when the conference recessed until today to give members time to make public statements. The labor group is in the confidence of the two groups, labor and capital.

Continuous Meetings. Committee and group sessions have been almost continuous since Friday afternoon. Employees met all Saturday, continuing the session until 2:00 a. m. Sunday. The meeting was resumed Sunday afternoon and lasted until late last night.

The central committee of 15 met all yesterday afternoon. An agreement was not reached at any meeting, committee said early today. The central committee therefore is expected to report out the collective bargaining resolution without a recommendation.

Labor members planned to demand a vote immediately. It has been postponed a week. A vote now means defeat of the collective bargaining resolution, members stated. If a group think, Optimists in the group early today were making plans to state it off if possible.

Judge Gary, chairman of the United States Steel Corporation, returned to the national industrial conference with a prepared statement which he planned to read at the morning session. He has been in New York since Friday where he is reported to have conferred with financial interests.

WILL NOT PERMIT CONFERENCE TO BREAK. WASHINGTON, Oct. 20.—President Wilson will not permit the national industrial conference to break up in a disagreement.

It was learned on high authority at the White House today. If any delegates quit the conference, the President will name substitutes or cause them to be named by the group. He should an entire group walk out the administration would make an effort to have it replaced.

"The industrial conference is here to see that things don't get out of the attitude taken at the executive mansion. So much is at stake that the government can not afford to let the conference go to pieces."

DISCLOSE PLAN TO ORGANIZE "INDUSTRIAL SOVIET" IN U.S. FEATURE OF STEEL STRIKE

WASHINGTON, Oct. 20.—Russian unions which have been organized in the principal Pennsylvania and Ohio steel districts are seeking to organize an "industrial soviet" in the United States, the Senate Committee investigating the steel strike was told today by Jacob Margolis, of Pittsburgh, who identified himself as an attorney for I. W. W.

Frankly stating his belief that organized government is unnecessary, Margolis told the committee it had been the purpose to make Moorhead Hall, Pittsburgh, the headquarters for all radicals of all types and that he had lectured there "on industrial production organization and revolution." He explained that he believed the ends

ought should be obtained by peaceful methods.

Margolis said William Z. Foster, secretary of the steel strike committee, had sought to keep the radical elements behind the steel strike. He had had with Foster one night last May the I. W. W. anarchist syndicalists and the Russian union "threw all the support they could behind the strike."

Foster was described by Margolis as being really bitter against the I. W. W., but he conceded that the strike committee secretary had disavowed to him any responsibility for statements attacking the I. W. W., which were contained in a letter of the strike committee to President Wilson.

MASON IS ARRESTED ON CHARGE OF USING MAILS TO DEFRAUD

FORT WORTH, TEX., Oct. 20.—W. P. Mason, extensive oil operator in the West Texas fields, was arrested here today on a federal grand jury indictment from Minneapolis, charging use of the mails to defraud. His bond was set at \$20,000. He is charged with writing letters and sending telegrams in regard to oil developments that were not true.

GUARD TULSA CHURCH WHILE PREACHER ASSAILS VICE CONDITIONS THERE

TULSA, OKLA., Oct. 20.—While Rev. Dr. L. S. Barton, late Y. M. C. A. worker in France, assailed present vice conditions in Tulsa from his pulpit at the Boston Avenue M. L. Church here last night an armed man patrolled the front of the building. His purpose there, as announced in advertisements in local papers, was to "keep your car from being stolen."

W. D. Clies returned this morning from his plantation near Littlefield, Mrs. Clies and the children will follow him in about a week.

WHISKEY VALUED AT TWELVE THOUSAND IS STOLEN AT KANSAS CITY

KANSAS CITY, MO., Oct. 20.—Whiskey valued at \$12,000—105 cases—was stolen from the Donnelly Mercantile Company here last night. The thieves broke through a window and climbed through an 18-inch wall, then carried the whiskey away in motor trucks.

HOUSTON REPORT ON GULF COAST WEATHER

HOUSTON, TEX., Oct. 20.—Winds on the Texas coast; light easterly. Weather conditions and highway bulletin; there has been no precipitation in Texas except night showers in the Rio Grande valley. Forecast for the period October 20 to October 22, inclusive, for the West Gulf states unsettled weather with occasional showers and nearby normal temperatures.

FORMER ILLINOIS CONGRESSMAN DIES

OLNEY, ILL., Oct. 20.—Former Congressman M. D. Foster died at 7:00 a. m. at his home here today. The funeral will be held Wednesday afternoon.

M'ADDOO COMING HERE TO VISIT WITH LOCAL OIL MEN OCTOBER 30

Former Secretary of the Treasury William G. McAdoo, will be in Wichita Falls on October 30, for a business visit with J. I. Staley and Fred Clint Wood, Mr. McAdoo, whose connections with a New York law firm have brought him into business relations with the local oil operators, was originally expected in Wichita Falls Saturday, October 18, but other business interfered and Mr. Wood received a message postponing his arrival two weeks.

This will be Mr. McAdoo's first trip to the Texas oil fields. Both Mr. Staley and Mr. Wood have just returned from New York, and the business which took them to the financial center of the western continent, brought them in close contact with prominent business men, capitalists and lawyers of the east.

ED REDMOND FUNERAL WAS HELD SATURDAY

The funeral of Ed Redmond, who died at the General Hospital Thursday night from a broken back sustained in a fall from an oil tank in the oil fields 10 days ago, was held Saturday afternoon at 3 p. m. at the Riverside cemetery.

The body was escorted to the final resting place by members of the marching order, and the service was in charge of Rev. Barnes of the Methodist church.

He is survived by a wife, brother and father.

Dr. Thomas J. Strong, who has been seriously ill at his home, is slightly improved.

DOCTORS FIND REMEDY FOR COLDS AND FLU

Calotab, the New Nauseless Calomel Tablets, Cut Short Colds and May Prevent Flu by Keeping Liver Active.

Physicians have learned from experience during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats, and resist serious complications. For this purpose they have found that the new, nausealess calomel tablets called Calotabs are far more effective even than the old style calomel, which was formerly the universal favorite as Calotabs do not weaken the patient, nor interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend one Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your diet, pleasure, or work. Next morning you wake up feeling fine, your liver is active, and your appetite is keen for a good breakfast.

For your protection Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs. Your money back if you are not delighted with them.

SIR THOMAS LIPTON

Sir Thomas Lipton has again sent a challenge across the ocean for America's Cup. There is little doubt that the challenge will be accepted and the race sailed in 1920 between Sir Thomas's Shamrock IV, and the American yacht Resolute.

The challenge came from the Royal Ulster Yacht Club, of Belfast, Ireland, on behalf of Sir Thomas, according to the announcement made by the America's Cup Committee.

With the beginning of the world war the international yacht race was abandoned and the Shamrock IV, was placed in dry dock in Erie Basin.

GREATEST INCREASE IN EARNINGS PER HOUR IS TO THE STEEL WORKERS

WASHINGTON, Oct. 20.—The increase in the earnings per hour of employes in 11 principal industries during the last six years, was according to a statement made public here today by the bureau of statistics of the labor department. While in some departments the pay was greater than in others, in all departments collectively, the hourly wages of steel and iron mill workers in 1915 was 221 per cent of the hourly wage in 1913, or 2-1/3 times as great.

RAILWAY EMPLOYEES ASK SHARE IN MANAGEMENT

LONDON, Oct. 20.—"Railway employes ask a share in the management of companies, and it is hoped the companies will consider this proposal," said J. H. Thomas, secretary of the National Union of Railwaymen in a speech at Derby last night. He expressed the belief that railway employes could contribute to the management by reason of their experience and ability.

PLAN TO COMMEMORATE AMERICAN INTERVENTION

PARIS, Oct. 20. (Havas.)—The chamber of deputies last night voted a credit of 1,000,000 francs for national participation in the erection of the monument at Pointe de Grave, at the mouth of the Gironde River, in commemoration of American intervention in the great war.

KILLED IN ATTEMPT TO IMITATE STUNTS OF LIEUT. LOCKLEAR

DALLAS, Oct. 20.—First attempt in Dallas to imitate the stunts of Lieutenant Omer Locklear, trick aviator, resulted fatally late yesterday for Captain Charles Theodore, a commercial pilot.

Theodore was performing on a rope stretched from the landing gear of his machine to its tail, when he lost hold and fell 500 feet to earth. Theodore was instantly killed.

CHRISTIAN CHURCH PLAN CAMPAIGN TO RAISE \$350,000

DALLAS, Oct. 20.—Ways and means of the campaign to be launched Sunday, November 16, by the Christian church in Texas, to raise \$350,000 in a 10-day campaign, for their educational, missionary and benevolent interests, will be discussed at a luncheon at the Adolphus Hotel, Dallas, on Tuesday, October 23. This luncheon is regarded by the central executive committee of the campaign as the most important step in connection with this money raising movement. Plans and details of the campaign are in charge of a central executive committee, which is as follows: Sam J. McFarland, Dallas, chairman; Van Vandt Jarvis, vice chairman; Fort Worth: Donna Roberts, publicity director; Dallas: D. D. Rogers, treasurer; Malcom Reed, Austin; Will H. Evans, Bonham; Edward McShaine Walls, Fort Worth; Douglas Tomlinson, Fort Worth; R. E. Shepherd, Wichita Falls; J. B. Holmes, Fort Worth; M. Eoyd Keith, Dallas.

The campaign is to be statewide in its scope, and has the backing of not only the leading ministers of the Methodist church in Texas, but many prominent laymen, representing all sections of the State.

DRY MEASURE GOES TO THE WHITE HOUSE

Expected to Become a Law on October 28 Without the President's Signature.

MOST SWEEPING ACT EVER PASSED BY CONGRESS

One-Half of One Per Cent Limit on Alcohol Contained in Any Beverage.

WASHINGTON, Oct. 20.—The prohibition law deemed one of the most sweeping acts ever passed by congress was expected to be sent to the White House today by Attorney General Palmer, who has been investigating its constitutionality.

The plan, it was learned, is to have the bill remain at the White House until October 28, when it becomes effective even without President Wilson's signature.

From reliable quarters there has been no hint of a veto.

Under this law on October 28 at the latest it would become illegal to manufacture or to sell liquor containing more than one half of one per cent alcohol, or any patent medicines or other compounds, fit for beverage purposes, containing more than that amount of alcohol.

Violations are to be investigated by commissioners of internal revenue and reported to local United States attorneys. Commissioners are authorized to swear out warrants giving them a right to search for liquor and arrest the offenders.

Liquids Not Illegal. The alcoholic liquids not deemed illegal are denatured alcohol; medicinal preparations if unfit for beverage purposes, which must have the quantity of alcohol contained printed on each package; flavoring extracts unfit for beverage use, vinegar and preserved sweet cider.

Liquor manufactured before the bill goes into effect may remain in United States bonded warehouses and the alcohol content reduced to bring it within the law, or withdrawn to be denatured.

Beer containing less than one half of one per cent alcohol may be sold but not under the name of beer, ale or porter.

Places where intoxicating drinks are sold are to be declared common nuisances and the fines imposed shall rest as liens against the property if the owner held guilty knowledge of what was going on in his building. When such a place is discovered the law provides that an injunction may be issued to stop the illicit sale and prevent removal.

May Be Destroyed. Liquor which is seized may be destroyed or delivered to any governmental agency for medicinal, mechanical or scientific uses, or sold to persons having permits to purchase it for such purposes.

Distillers and bonded warehouses, may under the law, upon the filing of a bond and the obtaining of a permit, be used as industrial alcohol plants. The commissioner of internal revenue is authorized to issue regulations governing industrial alcohol plants, to prevent illegal use of alcohol and develop the non-beverage alcohol industry.

Penalties under the dry law are varied, ranging from prison sentences to fines, according to what section of the law is violated.

When the 18th amendment to the constitution goes into effect next January many more provisions of the law become operative. These include regulation of physicians who can not prescribe liquor unless they are in active practice and licensed and the physician must believe it will afford relief to the patient and more than one pint may be prescribed within 10 days.

Prescriptions Permitted. Prescriptions must be made out on a form supplied by the internal revenue commissioner, with stubs, like a check book—the book to be turned in after all blanks are used, for the official records. No prescription may be filled more than once and druggists must keep a record, similar to a person record, of each sale, time, place, etc.

Advertising, manufacture and sale of tablets or formulas for making liquor at home is prohibited. Advertising of liquor in any way is made illegal.

Even the giving of information as to where it may be obtained is law-breaking. Vehicles used for transporting it shall be seized. Buildings used for selling liquor may be closed a year at the option of the court.

TABLOIDS

"Dying for a Drink." PITTSBURGH, PA.—People were "just dying for a drink." Alarmed over the rushing business, a local undertaker was doing, police discovered a alleged bootlegging ring.

Money Came Too Slow. HARRISBURG, PA.—Harris Tolliver is organizing a new colored church. He was pastor of one for twenty-seven years but the congregation refused to advance him \$25 of his \$69 monthly salary and he quit.

Trying to Break into Jail. HOUSTON, TEX.—Sheriff Blund refused to open the jail door when Travis Clemens pounded for admittance until Clemens announced he had just shot and killed a man. Later it was found George Thomas, negro, the victim, was only wounded.

All-Purpose Fireman. HOUSTON, TEX.—At 2:05 a. m. Snoozing firemen hastened to answer to a call to a downtown building. The owner told them a water pipe in the basement had burst and asked the firemen to pump out the water.

Receives Letter Finally. POPULAR BLUFF, MO.—A letter mailed to E. K. Graves, April 25, 1912, care Imperial Ottoman Bank at Jerusalem, has now reached him here. The Balkan war interfered with the delivery in the "Near East."

Husband Does the Talking. THULSA, OKLA.—Nellie Lane is considered big enough to speak for herself, but her husband does the talking. He is the barker for her side show. Nellie weighs 542.

Don't Believe in Signs. CLEVELAND, OHIO.—The yeags didn't believe in signs. The Blackwell Lumber Company safe was marked "empty." The yeags blew it, ransacked it and found it empty.

Notice. Chas. Harry the home portrait photographer will call at your home and make your portrait or view, as you would like to have it made. Phone 1500. 810 Lamar. 142-6 c.

AMUSEMENTS

"HER SILENT SACRIFICE" AT THE PLAZA TONIGHT

"Her Silent Sacrifice," which will be shown at the Plaza tomorrow night, is Alice Brady's picture. This film has been adapted from "The Red Mouse," the successful play by H. W. Lam, and has been directed by Edward José who achieved such signal success with Norma Talmadge in "The Moth" and "Poppy," and who is now also directing Miss Brady's second Select Star Picture, adapted from the immensely popular "Please Pledge Your Allegiance."

The story of "Her Silent Sacrifice" is of a young, unsophisticated country girl who enters into a bargain with an old rascal of a prince by which she secures his influential support to further the career of her starving artist lover. True love, however, finally conquers the empty lure of Parisian smart society life, and the pair is reunited to live in undisturbed bliss.

Fort Worth Minister is Placed on Trial on a Charge of Murder

Fort Worth, Tex., Oct. 20.—Rev. S. P. Brown, Methodist minister, went to trial this morning for the killing of his son-in-law, E. B. Kynard, September 1. The shooting occurred late at night in Politechnic, a suburb. Brown claims self-defense.

MANGIN TO DIRECT EVACUATION OF THE BALTIC PROVINCES

PARIS, Oct. 20. (Havas.)—Newspapers here announce that General Mangin of the French army has been nominated as chief of the inter-Allied mission to supervise the evacuation of the Baltic provinces by German troops who up till last week were under the command of General Von Der Goltz. They declare, however, that the nomination has not been confirmed but that it seems probable that this or some other similar post has been offered to him. General Mangin is understood not to have made known his decision as yet.

A Paris dispatch Saturday said that General Mangin "the French member of the inter-Allied commission to supervise the evacuation of the Baltic states by the troops of General Von Der Goltz," would leave Paris immediately for the Baltic, to be followed by other members of the commission. No word of his departure, however has been received.

CONGRESS OF SURGEONS CONVENES IN NEW YORK

NEW YORK, Oct. 20.—Wartime developments in surgery and the possibilities of their adaptation to industrial and civil practice are the principal topics for discussion at the Ninth Annual convention of the American Congress of Surgeons, which opened here today.

More than 2,000 surgeons were present from all parts of the United States, and two of the most famous of British surgeons attended as special guests of the congress. They were Major General Sir Anthony Bowdler, surgeon-in-ordinary to King George, and Sir Robert Jones, chief consulting surgeon and specialist in restoration of injured limbs at the army hospitals in France, England and Ireland.

PRISON ASSOCIATION IN ANNUAL SESSION

NEW YORK, Oct. 20.—Penologists and students of delinquency and crime from all parts of the United States were present here today when the congress of the American Prison Association convened for its annual session. More than 1,000 delegates are expected to be present during the five days of the convention.

WILLIAM WALDORF ASTOR DIES OF HEART DISEASE IN LONDON ON SATURDAY

LONDON, Oct. 20.—The body of Viscount Astor, who died of heart disease Saturday was lying in the home of his son, Waldorf Astor in St. James Square.

Although the viscount had been ill health since an attack of influenza last year, his death was unexpected, it was said. He walked about the grounds as usual Friday. He died in bed Saturday morning.

The funeral will be held in London. The body will be cremated. It was announced. The death creates a vacancy in the House of Commons, owing to the elevation of Waldorf Astor, now a member of the Commons to the peerage.

Viscount Astor, who was William Astor before he migrated to England and acquired a title left a great fortune. His real estate holding in New York alone were assessed at \$60,000,000 in 1916. These holdings were transferred in trust 18 months ago to his two sons, Waldorf and John Jacob Astor. The two sons and their only sister, Pauline, now the wife of Captain Herbert Spencer Clay are expected to inherit the Astor fortune.

The viscount was born in New York, March 31, 1848, the son of John Jacob Astor. He was a grand-son of the first John Jacob Astor, founder of the Astor fortune. He was educated by private tutors and received the LL.B. degree from Columbia university in 1878. In 1878 to 1881 and was minister to Italy from 1882 to 1885.

From Italy, Astor went to London, where he established a permanent residence. This decision was said to have resulted from his desire to escape newspaper publicity in the United States. He became a naturalized British subject in 1890. For some time he sought to wield political influence through acquisition of the Pall Mall Gazette, which he purchased in 1893. He incurred the displeasure of King Edward VII through an alleged slight to Admiral Milne.

In 1914 Astor was created a baron by King George V and the following year was made a viscount, presumably because of his great donations for war work.

Astor's eldest son, Waldorf, was born in 1879. He was elected to Parliament from Plymouth in 1911. His wife was Nancy Langworthy, of Virginia, a sister of Mrs. Chas. Dana Gibson. The second son, John Jacob, won a majority in the war.

Carriage boys are not allowed to solicit for subscription to The Times, except in the factory district and on north side of river.

MORE MOLASSES AND SYRUPS. There is small prospect for any considerable relief from the sugar shortage that is being felt in practically every section of the country.

There are several factors that have caused this shortage. One of these is the unprecedented domestic consumption which would extend to far limits but for the restriction of the supply.

Success therefore is enhanced by the spirit of good will on both sides, but even the best factory will fail when envy and jealousy work as the rust on the steel, and the canker on the body.

"The stars incline, but do not compel." HOROSCOPE. (Copyright, 1919, by the McClure Newspaper Syndicate.)

Although Venus rules strongly for good today, according to astrologers, the influence is not compelling. Jupiter is in a mildly benefic aspect.

This should be a lucky wedding day, the stars presaging prosperity and plenty.

It is an auspicious way under which to present new plays and should be most stimulating to actors.

The theater now becomes subject to a decision that presages sweeping changes in methods of management and in general policies.

There is a fairly fortunate sign for business today, many new ventures on a small scale being foreshadowed.

December is to be a month of extraordinarily interesting events in which Great Britain may come near to a rupture with a foreign country.

An epidemic in which intestinal disturbances may be a serious symptom is prognosticated by London astrologers.

As the year ends there will be much financial stress in hospitals.

The death of one of the world's most famous scientists is foreshadowed just before the beginning of 1920.

Mars on the place of Mercury at the autumn equinox is held as responsible for revenue frauds and large thefts that will come to light.

Persons whose birthdate is 11 have the surgery of success in business during the year. The young will court and marry.

Children born on this day are on the cusp and so blend Scorpio with Libra characteristics. They are usually very thoughtful and affectionate.

Success is easily attained by them.

ADVERTORIAL The world cares but little what we believe. It's what we do that counts. And that is the reason that this standard store backs up all of its ideas of merchandising in offering you the best consistent good values that can be obtained anywhere.

Our advertising is honest, of course, and we do what we advertise and so again you see, we score where some advertisers fall down. It doesn't profit the public, and therefore doesn't profit a store of any size to "believe that it is the best store in the community."

It does profit the store because the public is profited, when that store actually "steps out" and proves through consistent value-giving, combined with unequalled service, that it is truly the "best store in the community." We call ours the best store in this locality, only because our actions have justified that.

HEADLINE HISTORY WORLD WAR

WHAT HAPPENED OCTOBER 20. Copyright, 1919, New Era Features.

1914 Germans hold Lille against heavy Allied attacks; Belgians repulsed German attacks on their lines near Nieuport—U. S. Ambassador Whitlock to remain at his post in Brussels—England and Germany assent to U. S. relief for Belgium; \$500,000 worth of supplies ready for shipment—Battle for Warsaw continues; Russians attempt offensive to relieve the city.

1915 Britain offers Cyprus to Greece for her intervention in war; Bulgarian armies press on; take 2,000 Serbians and 12 guns in drive toward Kumanovo on Nish railroad—Two German columns seek to attack Riga; one by way of the Riga-Dvinsk railroad, the other by forcing the Dvina river.

1916 French officer loses Athens; Admiral La Fournet appointed Chief Inspector at the Ministry of the Interior after anti-Allied demonstrations—Field Marshall von Mackensen begins new offensive against Rumania in Dobruja forcing back defender's left wing—General von Ludendorff in public letter opposes resumption of ruthless submarine warfare—Germany sends note to U. S. on evidence in Arabic case.

1917 German raiders sink 11 ships in convoy in North Sea raid—French bring down 5 Zeppelins including 4 of fleet that raided England—Russian fleet in Gulf of Riga driven into Moon Sound by German vessels and held there by mines—Kerensky goes to the front—Germans have taken \$1,600,000,000 in cash from Belgium, Washington learns.

1918 Allies drive at Ghent; Lys and Selle rivers crossed by British at many points—Americans take Freya defenses; forge ahead on northern edge of Banterville Forest—French gain east of Vouziers and north of Laon taking positions and guns—Allies close to the Rumanian border; Serbs at Zajecbar only 30 miles from the Danube—German note accepting President Wilson's terms received unofficially by wireless.

1919 The air and admired dream likenesses of lovely women pictured in the smoke from his pipe. To him a cigarette is all evil. Its balming influences and the delights of its odors as the fumes of the rich tobacco and the paper mingle are unknown.

The world should pity the Doc. He knows not the faithful companionship of a good smoke. When he is alone, his loneliness is utter, complete, while to one who enjoys, and can get, good tobacco, loneliness is almost unknown.

Why, Doc, a man can live with cigarettes, or a pipe, or an eon and never quarrel!

And, in the final analysis, isn't the gilded and giddy son of an over-rich father a dough boy, too?

An "ad" asks: "Stomach O. K.?" and here all these years we've been thinking it was stomach a. k.

"Hod" Eller has been given a piano by admiring home fans. As "Hod" discovers he was without the "makins", perhaps he'll become a "yeller", too.

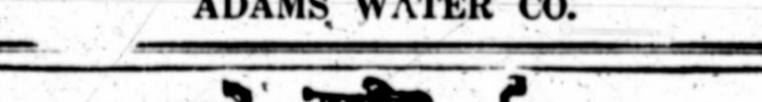

Considering the place it comes from, flank steak shouldn't be as high as it is.

The lack of speed accompanying the "service" in some restaurants here, really transforms the hungry patron into the waiter.

ADVERTORIAL

The world cares but little what we believe. It's what we do that counts. And that is the reason that this standard store backs up all of its ideas of merchandising in offering you the best consistent good values that can be obtained anywhere.

Our advertising is honest, of course, and we do what we advertise and so again you see, we score where some advertisers fall down. It doesn't profit the public, and therefore doesn't profit a store of any size to "believe that it is the best store in the community."

It does profit the store because the public is profited, when that store actually "steps out" and proves through consistent value-giving, combined with unequalled service, that it is truly the "best store in the community." We call ours the best store in this locality, only because our actions have justified that.

P.B.M.C. The Courteous Service Store

Many a love lorn youth first has his suit pressed and then goes forth to greet his suit.

"Shaking a leg" isn't dancing any more. You have to wiggle your whole body to do this shimmy one heard so much about, we learn.

Nearly any chap will give one a letter of the highest recommendation, but earned few of them will loan one a dollar.

Our idea of an optimist is the guy who can find solace in the thought that the cost of living could be higher.

Council talked at length about one crook in the pavement but did not mention the many crooks in the downtown streets.

Lloyd George's appeal for America to accept the mandate for Turkey is timely, to say the least. Gobbler season is almost here.

We're against the name "Coyotes" for Walter Balm's sluggers. It is too suggestive of slinking cowardice. Name 'em Pests for petroleum and let 'em go.

Feehish Verse No. 3. A jolly young maid with a cute little dimple. Were all her gowns cut very simple—Just so one could see. Where the dimple might be, And know that this dimple wasn't a pimple.

After the engagement is broken the man always feels that he has been made a sucker of. Ofttimes, he does it if it isn't broken, too!

"Better than cologne!" boasts an "ad." Umph, nearly anything we could mention is, for that matter.

A woman muffs her hands; a ball player, what falls into them.

Petrograd, being used to it, may fall out. Wichita never will, despite the fact that its name suggests it has.

There seems to be a substitute for everything except the high cost of living.

When a foot-pad "sticks you up" and demands you to produce, he might be said to be in the market for production, too.

It is probably natural to find "be-Wichian" maidens in this fair city.

Don't do your Christmas shopping early.

Heart's Desire. (Note.—These verses were written in 1917, and are published here by request.—T. B. W.)

Here's an elfish little maiden. Who upon my heart hath hold; The fairies must have made her. And the angels gave her soul.

They took from out of heaven Her eyes of wondrous blue, Then dabbed a bit of sunset For cheeks of peach-bloom hue;

They took the brightest moonbeam For hair of burnished gold, And for tiny, perfect teeth They sacked the pearl-shell's mold!

An opening scarlet rosebud Furnished lips just right to kiss, Then they crowned her tiny being With a disposition most all-wise.

(Crudely, I've painted a picture, Lacking much of the art, Graves poorly in wording, Printed deep in my heart; There to remain untarnished, Sanctifying its place— Just a memory picture— Of my tiny daughter's face!)

THE COMING WEEK'S SOCIAL CALENDAR

Monday, October 20: Meeting of various church societies as announced elsewhere. Tuesday, October 21: Matrons Physical Culture Class to be organized at Y. W. C. A. recreation room at 10 a. m. Tuesday Bridge Club to meet with Mrs. Newton Maer. Mrs. Harold Jones will entertain the new bridge club. Wednesday, October 22: The New Century Club will meet in regular session at the Kemp Library. The Delphian Society will meet at the Kemp Library. Thursday, October 23: The Munciana Club will meet at 8:30 a. m. at the Kemp Library. The Travel Club will meet at the Kemp Library. The Wesley girls will be entertained at the home of Mrs. Leon Deaton, 1010 E. 10th Street. The Dulty Club will meet with Mrs. Eugene Sherwood.

STAMFORD IS AFTER IMPROVED FACILITIES

STAMFORD, TEX., Oct. 20.—The Chamber of Commerce is seeking to secure an improvement in transportation facilities for Stamford.

The importance of the opening of both freight depots has been repeatedly brought. An express depot has been promised but nothing has been done. An express train from Waco to Stamford has been asked for and it is hoped that this will be given. Local passenger trains between Waco and Stamford arrive in Stamford from two to four hours late on account of express business.

"Meet you after the movies" —Ches. Field

Nothing like following up a good show with a good smoke—Chesterfield.

No ordinary cigarette, this. Mellow as an old friend, but rich with flavor—the kind that goes right to the spot.

Our own buyers in the Orient select for us the choicest Turkish leaf. We blend with this several varieties of specially selected Domestic tobacco. This blending—by a secret method—brings out new qualities of flavor that other and less expert methods fail to find.

That's what we mean by "satisfy"—an entirely new kind of smoking enjoyment that you get in Chesterfields only—nowhere else; for the blend is a closely guarded secret. It can't be copied.

"FOOTBALL BLUES" POPULAR SONG FOR EASTERN COLLEGES

By HENRY L. FARRELL,
United Press Staff Correspondent.

NEW YORK, Oct. 20.—Several big eastern colleges have new college songs. They're singing the "Football Blues." Chanting a monotonous, the followers of many of the select colleges are sitting in on a watch at the death bed of 1915 hopes.

Yale, Pittsburgh and Cornell top the list of the new mourners. After Saturday's tragedy there was only one bright ray on the campus—their idols died fighting. The trio of victorious dupe ussetts, Boston College, Syracuse and Colgate are revelling in the fame that attends their elevation into the circle of the season's best.

Dependancy nearest describes the feeling prevailing at Yale. They not only chaf at the humiliation of a defeat by Boston College, which Harvard beat 17 to 0, but mean the fate which has robbed the New Haven eleven of several stars through injuries.

Harvard has no defeat to worry over, but the crimson followers are not very jubilant in the narrow seven to nothing victory over Brown for it gives Colgate a "paper decision" over Cambridge.

Every time the wind blows over from Hamilton this week the Princeton tiger will lift his nose to the breeze and sniff things ominous. The striped feline of Nassau has just reasons for not purring in contentment.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

APPOINTMENT NEGRO POLICEMAN OPPOSED BY COUNCIL MEMBER

Confirmation by the council of the appointment of G. E. Jackson, negro policeman, who assumed his new duties Sunday, will be contested when the matter comes up Thursday night, according to Walter S. Curlee, member of the council, who personally plans to make a strenuous objection to this move.

Mr. Curlee falls to see the need for a negro member of the police force, and at this time considers the precedent an unwise one, and likely to lead to considerable racial antagonism.

"In trying out this negro as a policeman, our only intention is to give the plan a tryout," said Mayor Marlow in this connection. "We believe that there is a special line of work in which a negro cop can be of immense value to the police department in their work among the negroes. However, as I said, the plan is only a tryout, and does not necessarily mean that we have decided on negro policemen as a permanent institution. Jackson, in my belief, a thoroughly trustworthy negro and comes to us well recommended for the post."

STECHER AND LEWIS TO WRESTLE NOV. 3

NEW YORK, Oct. 20.—Joe Stecher and Ed. (Strangler) Lewis will meet in a wrestling bout at Madison Square Garden, November 3, according to announcement here today by Jack Curley, promoter.

BREMAN TO MEET DAN O'DOWD TONIGHT

JERSEY CITY, N. J., Oct. 20.—Bill Breman, one of Jack Dempsey's victims, who recently challenged the champion for a return match, will meet Dan O'Dowd in an eight round bout here tonight. Other eight round bouts on the card will bring together Tommie Robson and George Chip, Marty Cross and Steve Latzo; Harry Wills and Joe Jeannette. A six round preliminary will be fought by Dave Rosenberg and Johnny Summers.

COMPANY IS PREPARING FOR TEST NEAR DENISON

Special to The Times.
DENISON, TEX., Oct. 20.—The Preston Anticline Oil Company has a force of men in Denison hauling material to their first drilling site near Ambrose where drilling will begin as soon as the derrick and machinery is set. The derrick is now being erected. This company is capitalized for \$300,000 and is formed for the purpose of developing oil and gas in Grayson and Pappin counties. The first test well to be spudded in north-east of Ambrose and the second well two miles north of Denison. The second well will not be spudded until drilling is under way on the first test.

WOULD ELIMINATE THE UNFAIR PRACTICES IN INTERNATIONAL TRADE

ATLANTIC CITY, Oct. 20.—Establishment of a permanent international organization of business men for the purpose of eliminating unfair international trade practices, working out a letter system of credit and finance in the international exchange of goods and acting as a clearinghouse for ideas with regard to manufacturers and commerce, it is expected to result from the international trade conference which is to be held here this week.

Informal conferences and sub-committee meetings were begun today and will continue until the formal sessions begin Wednesday night. This new organization probably will supplant the international congress of chambers of commerce and commercial and industrial associations which for 14 years have been a common clearing house for the business ideas of the world. Its functions have been suspended since June, 1914, and the suggestion now is made that on the invaluable experience of this organization be erected an even greater and more closely knit structure.

Edward A. Filens, of Boston, who was one of three American delegates of the permanent committee of the international congress, has prepared plans for the new international body which will be submitted to the conference for consideration.

Under the tentative plan of the American delegates, the new organization will endeavor to bear the same relation to the League of Nations on commercial subjects as the international labor conference does to convene in Washington, will have regarding labor problems. The purpose and scope will be to carry out, after peace has been declared, the economic and financial plans now being put into effect by the supreme economic council at Paris.

POPULATION OF BERLIN SHOWS A DECREASE

BERLIN, Oct. 19.—The result of a provisional census taken October 8, show Berlin's population to be 1,597,000, which is a decrease of 178,000, as compared with December 1910.

WICHITA FALLS

is confronted with a great shortage in residence lots. The above statement is absolutely true and we can convince you in very few words. Study the topography of the city for a minute, located between a river and a creek, which run together, forming a city in a "V" shape. Both streams occasionally overflow, which naturally condemns considerable low lands for building purposes. The city can't grow east and not much further south. To the north of the river, outside of Scotland Addition, practically every tract of land for quite a distance is occupied or owned by the railroads, refinery and industrial sites.

What does this prove? That at least one-half the area of all land surrounding the business district of Wichita Falls is eliminated for residential purposes, forcing the city to grow in a shoestring shape along the car line to Lake Wichita. This condition brings about high price residence lots, even out miles from the business district. Scarcity naturally enhances values.

How are we to grow and expand? We talk of building a city of 100,000 population. This would require more than double the number of houses we now have. Where will we put them? Have you ever figured on the scarcity of sites for additions? The first thing to take into consideration is the distance out and transportation facilities. The next thing is the city conveniences, water, lights, sewerage, gas, telephone, etc. Do you know how difficult and almost impossible it is to get these conveniences? Of course if you had all these problems solved it would be easy enough to go way out on high lands in any direction and put on an addition to the city. Under present conditions this is prohibitive and no one is going to undertake it.

The consequences are that vacant lots are daily becoming scarcer and more valuable and there is no excuse or reason why anyone wishing to purchase vacant lots should wait for something better and cheaper.

Located about half way between the business district and all the refineries and industrial plants on the north side is the only close in addition that you will ever have a chance to buy lots in. It is in easy walking distance, only one mile from the postoffice and lots are much cheaper than lots four and five miles out on the car line. This addition is now within the city limits and will soon have most of the conveniences and we are fighting hard for all of them. The lots are 50x140 feet, elevation four feet higher than court house block and impossible to overflow. The stockholders are now considering the advisability of raising the price of every lot, and no doubt a raise will take place in the near future.

This beautiful addition must build up. Fifty houses have already been constructed. Houses are in great demand. Resolve to answer the cry for homes. Our lots are cheap. Rents are enormous. Get busy and do something for the wage earner, so we can build a great city here. You will make big money on your investment.

Buy Your Lots at Once. Our Terms Are Easy.

\$

LOCAL CLUB MAY BE OPPOSED TO RAISING LEAGUE TO CLASS A

WALTER SALM, HEAD OF LOCAL TEXAS LEAGUE CLUB, SEES NO ADVANTAGE.

EXPECTED TO FAVOR MORRIS

Local Club Expected To Support The Present Head of League For Re-Election.

The agitation for a raise of the classification of the Texas league to Class A, the principal question now agitating baseball clubs in this circuit, will probably find the Wichita Falls club in opposition. Walter Salm, who will head the local club having expressed himself to this effect on the occasion of his last trip to Wichita Falls.

"An increase of classification will mean only an increased expense to all the ball clubs in the circuit, without compensating advantage," was Salm's comment when this question was mentioned.

"The Texas league is now nationally known as the fastest Class B club in the country, having the name of having as much class as any of the Class A circuits, and of being faster than at least one, the Western league. It sends up as many players at the end of each season, and is able to get as good prices for them as any of the Class A leagues.

"On the other hand, if our classification is increased, we will not only have to pay higher salaries for the same class of ball playing, but we will have to pay higher prices for such talent as we have to purchase, either from smaller leagues or out of the big show. And we will only be another Class A league, having to fight it out with the Pacific coast league and others, instead of being known as the fastest Class B league in the business."

While Walter Morris, president of the Texas league, is popularly credited with originating the movement for the increase of the league's classification, it is believed that he will take an attitude something like that expressed by Salm when the matter comes up at the league meeting scheduled for the second Sunday in November, at Dallas, at which meeting the admission of Wichita Falls to the circuit is expected to take place.

On the question of the presidency of the Texas league circuit, over which there is also expected to be some contest, it is believed that the local club will be found supporting Walter Morris to succeed himself.

Morris has both personality and as head of the league extended a very warmly welcoming hand to the entry of Wichita Falls into the league, exerting his influence on several occasions to bring this about. In addition to this, he and Walter Salm have been warm friends for a number of years, dating even further back than the time several years ago when Morris owned the Fort Worth club and Salm played on the club as first baseman.

Again, the local club, entering the league with a clean slate, has no reason for feeling any of the animosity against Morris which has manifested itself in some quarters, and is expected to develop into a contest against his re-election, realizing only the fact that he has proved by his administration of the league affairs a really capable executive, and that the league has made progress during the years when he has directed its affairs.

While the question on a merger of the owners of the present baseball park in the stock company, which is to own the local franchise has not yet been definitely decided by the stock owners in the park association, it is believed to be a certain eventuality.

SECRETARY HARRISON TO RETURN TUESDAY

Secretary Hubert Harrison of the Wichita Falls Chamber of Commerce, was unable to reach here Monday morning, but will arrive Tuesday, according to a telegram received at the Chamber of Commerce Monday forenoon.

Record-breaking crowds attended the Wichita Falls exhibit Saturday and Sunday, the telegram announced. The refinery exhibit will be brought here for display at the Wichita Falls State Bank beginning Tuesday.

MUSIC SUPERVISOR AND ART INSTRUCTOR ADDED TO SCHOOL TEACHING STAFF

Two additions to the faculty of the Wichita Falls Public Schools are announced in the persons of George L. Hawkins, who has been selected to take the position of music supervisor, and Miss Valota Comper, the new art and handwork instructor in the Junior high.

Mr. Hawkins comes highly recommended as an experienced and qualified teacher of both vocal and instrumental music. He has recently been discharged from the 52nd Field Artillery, U. S. A., after having put in 17 months as lieutenant and bandmaster before entering the army. Mr. Hawkins was dean of the music department of the State Normal at Ada, Okla. He is now in Dallas making arrangements to move his family here.

Miss Comper was formerly connected with the Oak Cliff high school and is remarkably well qualified for the work. The local school, according to Superintendent Geo. Clark, is congratulating itself on securing two such competent additions to the corps of teachers.

EMIL HERMAN TO PAINT PORTRAITS OF ROOSEVELT FOR TWO TEXAS MUSEUMS

Emil Hermann, prominent French-American artist and portrait painter, who is making his headquarters in Wichita Falls for the present, is to begin immediately two portraits of Colonel Theodore Roosevelt, for Fort Worth and Dallas museums. The commissions for these pictures have just been given Mr. Hermann, and call for reproduction of the picture which appeared on the Literary Digest of the current week.

Mr. Hermann, since coming to Wichita Falls several weeks ago, has completed a copy of a portrait of General Pershing, for the Missouri Historical Society. This portrait is a copy of the portrait which he painted for the city of Tulsa to be presented to LaCiedo, Mo., Pershing's home town.

TWO WAACS AFTER SERVING COUNTRY RETURN HOME

The above photo shows two of the WAACS on their way home. They have served their country in the field, and now that the war is over, they are no longer needed. WAAC is a combination of the first letters of the following words:—Women's Army Auxiliary Corps. Thousands of society women volunteered their services and donned the khaki at the beginning of the war, and now these same thousands are back home bronzed and tanned from their experiences in Flanders.

KATY CONSIDERING TWO ADDITIONAL PASSENGER TRAINS

Increasingly heavy traffic on the Katy is responsible for the proposed addition of two trains between Wichita Falls and Whitesboro, and a change in the schedule of other trains between these points to facilitate the movement of traffic. It was announced Monday. The change is to be effective Nov. 2.

A definite schedule will not be made known until after a conference Monday afternoon between J. F. Hickey, general superintendent of the Missouri, Kansas & Texas, and C. N. Whiteside of St. Louis, federal manager, who arrived here Monday afternoon from Denver.

As now proposed one of the two trains would be No. 50 leaving here at 11:00 p. m., and arriving at Whitesboro at 4:00 a. m., and No. 49 leaving Whitesboro at 5:45 p. m. and arriving here at 10:45 p. m.

The proposed change follows closely the petitions filed by the West Texas Chamber of Commerce asking for increased service. Hearings were held in Fort Worth Oct. 4 and in Austin Oct. 13.

Other changes will probably be arranged as follows: Train No. 46 will leave Wichita Falls at 5:30 a. m. and arrive at Whitesboro at 10:25 a. m.; train No. 45 will leave Whitesboro at 5:45 p. m. and arrive here at 10:45 p. m.; No. 4 will leave Wichita Falls at 7 a. m. and arrive at Forgan at 11:00 p. m.; No. 3 will leave Forgan at 6:00 a. m. and arrive here at 10:00 p. m.

"NO-ACCIDENT WEEK" TO BE OBSERVED BY DENVER AND VALLEY LINES NEXT WEEK

"No-Accident Week"—a campaign calculated to stimulate the safety-first doctrine on railroads—became effective Saturday at midnight and will terminate at midnight October 31, it was announced at the offices of the Fort Worth & Denver Monday.

The Fort Worth & Denver has maintained a record of no accidents to employes for the last three or four months.

During No-Accident Week in October, 1918, there was only one personal injury case and no deaths on the Fort Worth & Denver, Wichita Valley and Abilene & Southern. There are more than 7,000 employes on these three roads.

IRRIGATION PETITIONS ARE TO BE PRESENTED THIS WEEK

This week the petitions calling for an irrigation district formation election will be presented to the commissioners court, J. A. Kemp stated this afternoon. The arrival of Judge Stanley, legal advisor, and Vernon L. Sullivan, the engineer for the Wichita Valley Irrigation Project, is being awaited, Mr. Kemp added, and they are expected to be in Wichita Falls in a few days.

Announcement.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, Oct. 20.—The cotton market was comparatively quiet during today's early trading. The better weather in the South and reports of a less active spot demand encouraged a reactionary sentiment and there was scattered Southern selling.

GRAIN AND PRODUCE.

CHICAGO, Oct. 20.—Although lightness of offerings gave an upward tilt today's payments. Full payment purchase price may be made at any time when used with local office.

LEGAL NOTICES.

WICHITA, Oct. 20.—Notice of the sale of the real estate of the late J. M. ...

NEW YORK STOCKS.

NEW YORK, Oct. 20.—The work on the stock exchange began with a resumption of activity in recent favorites, especially oil and their accessories, oil and ship pligs.

LIVESTOCK.

FORT WORTH, TEX., Oct. 20.—Cattle 5,000; steady to strong. Hogs 12,000; heavy 12.00; medium 11.50; light 11.00.

Table with columns for various stock categories and prices. Includes items like Blue Bell, Blue Bell, Blue Bell, etc.

PEOPLES STOCK QUOTATIONS.

Table with columns for various stock categories and prices. Includes items like Blue Bell, Blue Bell, Blue Bell, etc.

Notice to Local Unions.

All delegates are hereby notified that the Trades and Labor Council is meeting every Monday night in the new Labor Temple.

C. SCHULTZ, M. D.

The Specialist. Practice limited to Chronic, Nervous and Special Diseases.

FUR-SKIN TORTURES.

Zemo, the Clean Antiseptic Liquid, Just What You Need. It is Not Greasy. Don't worry about eczema or other skin troubles.

Lease Bargain.

Ten thousand acres astride the Archer-Clay county line. Will make close price on 1,000 acres or more. This tract is in one body.

Money to Lend on City Property.

I am in position to make desirable loans on choice city business property on easy terms and low rates of interest.

I OWN 1203 ACRES.

Near KEMP-MUNGER-ALLEN WELL. Will sell 800 Acres. Five-year commercial leases, \$1 rental. Will sell all or divide to suit.

RUSSELL A. RICHARDSON.

OIL OPERATORS WIN IN BATTLE AGAINST TIME AND ELEMENTS

A thrilling story of how a group of oil operators from Wichita Falls and Burkburnett, headed by J. D. Nance of this city, and by Clyde Gates of Marriott and Gates, transportation contractors, won out on a fight against all the odds which could be laid against them through dwindling time and adverse weather, is related by the Tuesday Chickasha Express. The story follows:

The United American Oil and Gas company spudded in its No. 1 well Monday afternoon on the J. P. Thomas farm in section 10-9-8, a mile and a half south of Tuttle.

That is the bare statement of facts, but behind that statement is a story of achievement that is probably not paralleled in the history of the oil business in this district. It's a story of a fight against time and with the weather lined up solidly against the operators. Just how they pulled the actual starting of the well in the designated time, might recall to old showmen, the days when circuses traveled overland and took dire chances of playing their dates on time.

Time expired yesterday. The company holds 15,000 acres of leases in the Tuttle district. According to their contract, it was imperative that the spud be in by midnight Monday night. If they failed, they not only lost the leases, but forfeited \$10,000 in real money.

On October 4, a caravan of nine automobile trucks pulled out of Burkburnett, bound for Tuttle. On those trucks as the rotary rig and necessary tools to drill the well, it became known that there would be difficulty in securing the proper kind of rig timbers at Tuttle, after the start was made.

Also, shortly after the truck train left Burkburnett, J. Pluvius turned on the sprinkling cart and for days it rained. The road became bottomless mudholes and the trucks floundered along, or were stuck up to their bodies in the ooze.

On Wednesday, October 8, the truck train was six miles out of Walters with but a handful of spare parts to start operations. At Walters, additional trucks were added to the caravan. On them was loaded the lumber for the rig.

It being impossible to proceed overland with the heavy trucks, a special train was chartered at Walters. A string of six flatcars was loaded with siding and the crew of the trestle caravan became for the moment the transportation department of a circus.

The trucks were loaded on the flatcars after the fashion of Ringling Brothers' circus wagons and they were away for their destination on October 18.

Friday night, that train passed through Chickasha. When the staff was unloaded at Tuttle, it was practically a matter of hours until the caravan could start operations and presently the \$10,000.

Education Plus Experience

Technical training is an essential element in pharmacy. The scientific knowledge upon which pharmacy is based can be gained in no other way.

But there is another desirable element which should also be considered by customers who have important

Prescriptions

to be filled—that of Experience. Skill in compounding must come from adequate experience. Experienced graduate pharmacists only are intrusted with prescription work at our store.

A complete stock, scientific equipment and ample experience gives our Pharmacy a decided advantage over the ordinary store.

Special Attention. Given Our Prescription Dept.

FRANKELL NEW TOWN NAMED IN HONOR OF WICHITA FALLS MAN

JAKEHAMON, TEX., Oct. 20.—One of the most important oil sections of Texas that is just now attracting new attention owing to the construction of the Wichita Falls, Ranger & Fort Worth Railroad through it, is Stephens county. This county is now producing approximately 50,000 barrels of crude oil a day and not a rig in the county has been hauled less than 12 miles by wagon or truck from the nearest railroad point.

It being impossible to proceed overland with the heavy trucks, a special train was chartered at Walters. A string of six flatcars was loaded with siding and the crew of the trestle caravan became for the moment the transportation department of a circus.

Friday night, that train passed through Chickasha. When the staff was unloaded at Tuttle, it was practically a matter of hours until the caravan could start operations and presently the \$10,000.

AGED RESIDENT HAS NARROW ESCAPE

"I was at my work, my limbs became numb, I got dizzy and faint, my ears seemed stopped up. I had been troubled with gas on my stomach and severe bloating after meals. Doctors failed to help me. One dose of May's Wonderful Remedy, recommended by the corner druggist, proved a life-saver to me. I am continuing with it with splendid results."

THE MILLER DRUG STORE H. T. THORNBERRY, Prop. Phone 193 or 194 Ohio at Eighth Free Delivery

and with the coming of the north and south railroad that will make the new town there is certain to be great increase in the drilling operations.

The new oil fields town of Frankell will be opened about November 17. It is named in honor of Frank Kell of Wichita Falls, who with Jake L. Hamon of Ardmore, is building the new railroad through the oil fields.

There is no part of Stephens county that is not probable oil producing territory and as the drilling proceeds it becomes apparent that the proven area of the county is to be greater in extent than the proven area of any other county in Texas.
