

CONGRESSMEN URGE RELIEF FOR THE WEST

Earnest Efforts Being Made to Secure Some Action on Local Congestion.

Special to The Times.
WASHINGTON, Oct. 29.—Not only has the railroad congestion in West Texas been causing worry to official Washington, but almost every branch of the service outside of the railroads have felt the enormous development that has followed the remarkable oil discoveries in that section. Members of congress from West Texas have been clamoring for better service in a dozen different lines and one of the most insistent is the request for a letterhead of the postal facilities.

Having importuned the postoffice department in vain, Representatives Parrish and Blanton brought the matter to the attention of the House when the final vote was taken on the bill to grant increases in salaries of all postal employees, dating back to the first of last July.

Congressman Blanton in stating the conditions existing throughout West Texas said, "Mr. Speaker, not long ago, I conferred with the official in charge of postoffice service regarding pay for fourth class postmasters. He stated to me that where through receipts a fourth class postoffice suddenly increased to an amount authorizing it to be raised to a first class office, the postmaster was required to continue working for a salary of \$1,000 per annum for a whole year before his salary could be raised. I told him of a situation where a village of about 400 people in my district had suddenly grown to a city of 25,000 people. The postoffice there was in the hands of a man under the fourth class status, who was being forced to hold that office with a salary of only \$1,000 a year, notwithstanding the fact that the receipts of the office showed that it was a first class office. Mr. Ellsworth and Mr. Johnson stated to me that under the law and under the regulations of the department based upon that law it would be necessary for that postmaster to continue to perform the service of a first class office for \$5,000 people for a whole year before his salary could be raised above \$1,000 per annum. I will ask the chairman of the committee if that is not the law? I ask the distinguished gentleman from Illinois (Mr. Madden), the next ranking member on the committee, to state if that is not the law. They are silent. That is a condition that ought not to exist. Mr. Ellsworth stated to me that he had called the attention of our postoffice committee to this emergency and even though he had been granted an emergency fund, he could not pay that postmaster one single cent out of the emergency fund over and above his maximum of \$1,000 a year for a fourth class postoffice. Consequently you can hardly get a man to think of holding the office of postmaster in that thriving city. Postmaster after postmaster has tried it and resigned, and the citizens in that district today are standing in line, two, three and four hours, and some of them are

paying \$2 to get a place up at the front of the line near the window, in order to get their mail. The distinguished gentleman from Colorado (Mr. Hardy) stated to me a few minutes ago that this very condition existed at Cripple Creek years ago, and at other places in the mining district of Colorado. Is it possible that this kind of an emergency has appeared in the past history of this country and that this splendid, efficient postoffice committee has not taken some steps up to this time to remedy that situation?

Mr. Parrish. Can the gentleman suggest any way by which we can run postoffices in our section of the country so that the postmasters can get this increased compensation without having to wait for a year?

Mr. Blanton. There is no way to do it until we change the existing law. My colleague who has just interjected one represents another district in the same fix. The wonderful oil fields have been developed at Burkburnett and other places in his district, and he has postmasters, doing service for a first class office with first class receipts, but still receiving a fourth class postmaster's salary. It is simply outrageous and should be remedied immediately.

ENGLAND PREPARING FOR RECURRENCE OF THE "FLU" EPIDEMIC

LONDON, Oct. 17.—England is preparing for recurrence of last winter's epidemic of influenza. A vaccine is being prepared in large quantities at St. Mary's hospital and other bacteriological laboratories for distribution throughout the United Kingdom. Inoculation with this vaccine against influenza and common colds is now being widely practiced by doctors all over the British Isles.

Scores of test cases designed to prove its effectiveness are said to have resulted successfully.

UNFAVORABLE CRITICISM ON FAILURE OF AMERICA TO ACCEPT MANDATES

CONSTANTINOPLE, Saturday, Oct. 25.—Unfavorable criticism has been caused here by dispatches from English and American sources to the effect that the United States will not accept either Armenian or Turkish mandates.

In commenting on the situation, the newspaper Vaki says: "President Wilson's illness is a disaster for us, as he is unable to carry out his plans. He has been appointed our wishes for American help to maintain the integrity of our territory."

AMERICAN AND JAPANESE STEAMSHIPS ENGAGED IN SERVICE IN THE BALTIC

PARIS, Tuesday, Oct. 28.—(French Wireless Service)—American and Japanese steamships are engaged in the Baltic, according to a telegram from Reval. The Japanese are carrying coal while American ships carry cargoes of raw materials needed by sugar refineries.

HUNDRED AND TWO GOLFERS BEGIN THE QUALIFYING ROUNDS

SAN ANTONIO, TEX., Oct. 28.—One hundred and two golfers from twenty clubs in nine Texas cities began the qualifying rounds here this morning in the thirteenth annual state tournament of the Texas Golf Association. Frank J. Jester of Dallas and Ed B. Fomby of San Antonio were the first to tee off. They were followed by other pairs at five minute intervals.

HOUSTON HAS FIVE IN THE TOURNAMENT

HOUSTON, TEX., Oct. 29.—Houston has five starters in the Texas championship golf tournament at San Antonio today. They are George Rotan, four times a state champion, Mike Hogg, Oswald Carlton, N. C. Hoyt and J. L. Thompson. Rotan moved from Waco to Houston this month.

GRAND DUCHESS CHARLOTTE TO MARRY PRINCE FELIX

LUXEMBOURG, Tuesday, Oct. 28.—Grand Duchess Charlotte of Luxembourg and Prince Felix of Bourbon Parme will be married here on November 6, by Bishop Mictin, papal nuncio.

Prince Felix was born at Schwarzenau, September 28, 1892. Unlike his brothers, Sixtus and Xavier, who served in the Belgian army, he entered the Austrian service although he declared a state of neutrality. He was declared a state of neutrality. He was declared a state of neutrality.

REMOVES RESTRICTIONS ON BUILDING MATERIAL

CHICAGO, Oct. 29.—Regional director R. H. Ashton today announced removal of restrictions on shipments of building material. The restrictions had been imposed to facilitate the movement of coal. Directing of rolling stock to that traffic resulted in a shortage of building material which threatened to stop construction in Chicago and other cities of the Midwest.

CHARGE OF ASSAULT WILL BE PROSECUTED

FORT SMITH, ARK., Oct. 29.—The charge of assault with intent to kill placed against Guy Williams, who shot his brother-in-law, Circuit Judge Paul Little, will be pressed, prosecutor Earl U. Hardin, declares.

WITH 6 DECORATIONS JAKE ALEX TO VISIT OLD HOME IN SERBIA

CHICAGO, Oct. 29.—Jake Alex was so busy while visiting Europe last year as a member of Uncle Sam's touring party that he didn't get to visit his old home in Serbia. Today he will start back to Serbia, his employer, the Morris Packing Co., paying the bill. He will go direct to Fribourg, Serbia, where his mother and other members of his family still live. Five thousand fellow employees bade him farewell in a big reception at the plant today; tonight the Jugoslavs of Chicago are to give him a banquet.

Jake earned his fame on that visit to Europe where he made things lively for German gentry, who no longer answer dinner calls. He came back to America as Chicago's greatest individual war hero, carrying on his ample chest the following decorations: Congressional medal, Croix De Guerre with Palmes, Medaille Militaire, Order of the British Distinguished Conduct Medal, Medal of Honor, Montenegro, Medal of Honor, Serbia.

SHIMMYING CLOTHES ON A RUBBING BOARD IS MINISTER'S ADVICE

ST. LOUIS, MO., Oct. 28.—Get into the family wash play Monday morning, is the advice to ministers from Reverend George W. King, pastor of Markham Memorial Presbyterian Church.

Shimmying clothes on a rubbing board is the way Rev. King gets his Monday's "rest" he says.

"The Minister who takes his exercise in the family laundry comes out rather the better," according to Rev. King. "He has the physical recreation denied his brethren and they rather than he will the sooner be weary in the struggle against the world, the flesh and the devil."

SOME SUPERSTITION IS ATTACHED TO PROPERTY PURCHASED BY KAISER

By Associated Press.
DOORN, HOLLAND, Oct. 15.—There is a superstition at Doorn, which, because of incomplete records, is somewhat difficult to bear out, that the house of Doorn recently purchased by the former Kaiser, is uniquely for its male occupants. It is said that the house has generally been occupied by widows, the men having died after a few years' occupancy. The Baroness Van Heemstra, who sold the house to the Kaiser, was a widow.

DEMAND RECALL OF MAYOR OF KNOXVILLE RESULT OF STRIKE

KNOXVILLE, TENN., Oct. 29.—The proposed general strike in Knoxville in sympathy with striking street car employees, originally set for Friday apparently will be averted at least a day. Although several of the local unions already had voted in favor of the proposed walkout, union workers attending a mass meeting last night said the majority of the unions would not be able to report on the referendum before Friday night.

The meeting adopted resolutions pledging the members to remove electric light meters from their homes by Saturday pending adjustment by the Knoxville Railway Light Company of the wage dispute with its employees. Resolutions also were adopted demanding recall of Mayor E. W. Neal. Women present volunteered to carry petitions for his recall into every home in the city.

Federal troops were encamped in the city parks today and state forces were mobilized in their armories.

OKLAHOMA WOULD BAR MIDDLEMAN IN COTTON DEALINGS

OKLAHOMA CITY, OKLA., Oct. 29.—Elimination of the middle-man and encouragement of direct dealing between the cotton producer and manufacturer are the objectives sought by the Oklahoma branch of the American Cotton Association.

PREPARE TO TAKE CARE OF WHEAT AT GALVESTON PORT

Special to The Times.
WASHINGTON, Oct. 29.—Renewed assurances have been given Congressmen Parrish and Jones by the Railroad Administration that little difficulty will be encountered from now on in caring for all of the wheat in West Texas, seeking an outlet through Galveston. Cars are to be supplied as rapidly as ships are available to move the grain. It is pointed out that there are three ships now at Galveston and five more due, taking care of 1,375,000 bushels. Within 30 days, six or seven more ships will be dispatched to Texas ports and the wheat corporation has arranged to divert 1,750,000 bushels of wheat from Atlantic ports to Galveston, five ships being allocated to that port to carry out this program.

EDITOR IS ACQUITTED IN THIRTY MINUTES

RICHMOND, MO., Oct. 28.—After only thirty minutes' absence from the court room, a jury last night acquitted Robert S. Lyon, editor of the Richmond Conservator, who was tried for the murder of Judge Frank P. Divilbiss, who was fatally stabbed April 3, in the Ray County court house here.

INDICT TWENTY-ONE IN CONNECTION WITH RIOTS IN ARKANSAS

HELENA, ARK., Oct. 29.—With twenty-one indictments charging murder already returned more than 100 cases remained to be investigated of the recent negro uprising near Elaine, in the southern part of Phillips county. All of those against whom indictments were returned are negroes. Additional indictments were expected to be reported late today.

Trials of the alleged participants in the disorders, in which five men were killed, are expected to begin next week.

Some Corset Truths for Women to Consider

IT IS not an easy task to reshape a neglected figure into shapely lines. Neglect or poor corsetry allows little bumps, angles or hollows to mar the figure lines.

To smooth out these inequalities a properly designed corset and the use of proper materials in the corset will recreate the figure.

MODART Front Laced Corsets are poise designed. The designer of the MODART Corset makes all MODART Corsets give proper poise to the figure, and then designs the corset to symmetrical artistic proportions.

Women with badly poised figures can never be graceful—try as they may. If proper poise is lacking, the grace is lacking too.

So whether you are tall or short, stout or slender, you can have the corset that will show your figure and adopt the MODART Corset.

We ask you to accept a trial fitting, which costs you nothing and you will immediately see why social leaders, famous actresses and beautiful women generally wear the MODART. Phone Miss Rye, our expert fitter for an engagement.

MEMBER OF STATE HIGHWAY COMMISSION VISITOR TO THE CITY

HERE IN THE INTEREST OF CAMPAIGN FOR ADOPTION OF ROAD BONDS.

EXPRESSES VIEWS ON MATTER

Finds Little Opposition to Amendment Where Question is Understood.

C. S. Fowler, member of the State Highway Commission, who was here today in the interest of the campaign for the adoption of the constitution amendment to authorize the issuance of state bonds for highway building...

"The outcome of this campaign," Mr. Fowler said, "depends upon how many voters we can reach between now and election day, Nov. 4. Where we can explain to a man what this amendment really means, we get his support. The man who has not read it generally is against us. There is no organized effort against the amendment, but there is the natural misunderstanding of it."

"Briefly, the main points we bring out are that the State Highway Commission is not going to ask for \$75,000,000 worth of bonds—that is merely the constitutional limit. The most our engineers can provide for spending judiciously in one year is \$5,000,000, which means a fifteen-year program. It is true that the constitutional amendment does not provide a maintenance fund, but the automobile tax and present funds will be ample when the right sort of roads are constructed. The main argument for this amendment is that it will enable state and federal engineers to see that permanent roads mark the cardinal highways. Our error in the past in Texas has been putting gravel roads on our cardinal highways. A careful analysis shows that about 20 per cent of the road mileage carries 80 per cent of the traffic. If we will build those cardinal highways right they will require only a minimum of maintenance. If we continue to slap together gravel roads on our cardinal highways, there is no such thing as an adequate maintenance fund. All the money the state spends through the highway commission will be matched dollar for dollar by federal money, which also is expended through the highway commission. There is no danger that obscure roads will be neglected. Even if we want to commit such a crime, the federal engineers would quit us when we tried it."

"It is true that the constitutional amendment does not designate which are the cardinal highways, but we must remember that a constitutional amendment is part of the fundamental law and ought not to be a statute. Conditions change through the decades and it would be wrong to hamper fu-

ture administrations with a constitutional amendment barring roads which in years to come may be cardinal highways. "The only way in which we can influence the building of roads in such a way as to obtain a state system is to supply part of the money and thus get the co-operation of the county officials. Under the constitution the state highway commission can not order county commissioners to do anything. But the time when roads were county affairs is gone. The demand of today is for a state system of permanent roads on the cardinal highways."

"Issuing the bonds at the rate of \$5,000,000 annually the tax rate for the first year should be about 1c on the \$100 of assessed valuation. The maximum, fifteen years hence, assuming that all of the bonds are issued at that time, would be 5c. Six cents means that this bond issue would cost a man with an assessment of \$2500 about \$150 a year. "Even with the large amounts of county bonds voted, few counties can afford to spend what they should on their cardinal highways. We are afraid that if we can not come to their aid they will make the age-old error of putting few inches of gravel on roads that ought to be accommodating hundreds of trucks and relieving the car shortage that is costing business men and farmers millions of dollars a year."

PARTY "WHOOPIING IT UP" AFTER TAKING JAMAICA GINGER HALED INTO COURT

Jamaica ginger is all right for cooking purposes but as a drink it is liable to result in events in many cases disastrous. Tuesday night, it was charged in police court Wednesday morning, that four men more or less pickled, were "whooping it up" in the Crown safe on Seventh street, singing an impromptu dance to the music played on the piano by one of the party when the law stepped in and put an end to the party. Three of the men pleaded guilty and were fined \$10 each and the other had his case continued until Thursday morning on a plea of not guilty. Another case of a man speeding in a Ford in the fire limits was decided by an assessment of \$5. Only twelve cases came up at the Wednesday session and something like \$70 was the sum of the financial gain from the events.

PREDICTED SHORTAGE OF GAS IS ALREADY BEING FELT HERE

Already Wichita Falls is beginning to experience the inconvenience of the coming shortage of fuel. A fortnight ago P. M. Kenny, manager of the gas company, addressed a letter to the mayor, stating that low pressure was to be looked for because of the falling off of the wells and an increasing demand on the supply caused by the cold and rainy weather of the last two weeks. A number of Wichita Falls plants

Me says there ain't much work to breakfast—all of us want

that use gas for boilers were notified recently by the North Texas Gas Co. that they would be cut off, for the time being, in order that homes, more particularly in the outlying districts of the city, may be supplied. Many complaints of poor pressure were received Tuesday and in the absence of any assurance of improving the condition Wichitans are urged to lay in their supply of coal wherever there are facilities for burning it. However very little coal is available at present and indications are that the city is in for a very uncomfortable winter.

Dear Mrs. Tucker: I have used your Shortening with entire satisfaction during the last few months. It is the best vegetable shortening to be had, and one which careful cooks appreciate. Modern cooking requires a pure and rich vegetable shortening. People formerly used lard, but my experience in preparing food for a large number of people has led me to the conclusion that lard is now thoroughly and greatly to be used of vegetable shortening and greatly to the heavy flavor that marks animal fats such as hog lard, and for this reason is much preferable in home cooking. Sincerely yours, Mrs. Nettie Carley 308 East Elm Street, Hillsboro, Texas.

Mrs. Carley tells Mrs. Tucker Something New

Mrs. Nettie Carley of Hillsboro tells Mrs. Tucker very plainly that a new era has dawned in home cooking—one in which coarse, heavy shortenings have no part. Folks now-a-days want dishes of natural flavor, easily digested. That's the measure of good cooking—now—no matter whether it is a cake or a steak. And good cooks everywhere, like Mrs. Carley, have turned to Mrs. Tucker's Shortening to assure this result.

Mrs. Carley's Recipe For An Easy Pie Crust

Those who have used Mrs. Tucker's Shortening generally recommend it for some particular bit of cooking. Mrs. Carley says it makes delightful pie crust. Here's her recipe for a quickly made pie crust: 1 1/2 cups flour 4 to 6 teaspoons water (cold) 1 teaspoon salt 1/2 cup Mrs. Tucker's Sift the flour and salt and cut the Mrs. Tucker's Shortening into the flour with two knives until it is finely divided, then add the water. The above is sufficient for one pie.

A Pure Vegetable Product Mrs. Tucker's Shortening is a pure vegetable product, refined by the most scientific process. It is wholesome—odorless—possesses no dominating flavor. And it is economical to a degree. You use less of Mrs. Tucker's Shortening than of any other, and you lose none of the firm white product through shrinking, when you heat it.

You Can Order Mrs. Tucker's Shortening From Any Well-Stocked Grocery

BIG RECEPTION GIVEN GOMPERS AT WASHINGTON

Ten Thousand Parade and Hear Address On Present Industrial Situation.

WASHINGTON, Oct. 29.—More than 10,000 organized workers of the District of Columbia who paraded down Pennsylvania avenue last night, in honor of Samuel Gompers, president of the American Federation of Labor, later heard the veteran labor leader assert that "big business" definitely had determined to give labor, because of its growing strength, a blow between the eyes.

The attitude of the United States Steel corporation toward the steel workers' unions, he added, was only one manifestation of the determination of industry. Mr. Gompers said that while at the beginning of the steel strike he considered it untimely, since learning of the plans of the steel companies in common with all large employers, he had changed his mind and now the steel strikers had his utmost sympathy.

An evidence of his sympathetic attitude he appealed to the District of Columbia workers to contribute to the support of the strikers.

The parade which preceded the mass meeting at which Mr. Gompers was the principal speaker, was in recognition of the federation president's efforts on behalf of labor and the nation during the war. Workers represented many trades and industries who participated in the parade, which required about two hours to pass.

Loves His Fellow Men. The labor leader was introduced by Secretary of Labor Wilson as "a man who above all loves his fellow men."

Mr. Gompers declared that he preferred to interpret what had been said and done in his honor as a tribute to the labor movement rather than to himself. The American Federation of Labor, he said, was "no one man movement."

"You know of the troubles which are before us," he said. "These include the steel strike. I regarded the inauguration of that strike not as wrong but as untimely. You will note that I am speaking in the past tense."

Mr. Gompers added that at the time of the steel workers' walkout, information had come to him from two sources which he could not disregard, that "big business" had met and consulted and had determined that the moment was a proper one to administer a blow to organized labor. Labor was gaining so much power and influence, he said, that business determined to crush it once and for all. Inasmuch as the industrial situation was passing from a war to a peace basis, Mr. Gompers charged that the United

Believe Big Step Is Taken in Clearing Mystery of Nationwide Plots.

CLEVELAND, O., Oct. 29.—In arresting five men and a woman and finding a quantity of explosives here, Cleveland police today believed a big step had been taken in clearing up the mystery of the nation-wide bombings of last May and June.

The arrests were made in four simultaneous raids in different parts of the city. According to Chief of Police Smith, the signal for action came in a tip from Chicago police.

Smith said he believed the six were members of one of the most dangerous bands of anarchists in the country.

The identity of only two of the prisoners was made known. Theodore Looer, 35, formerly a shipyard worker, is charged with having hidden explosives and weapons in his possession without a permit.

Steve Matejka, 40, a machinist, is under a similar charge. Chicago police informed Smith that an attempt was to be made to blow up the police station here. His own men, he said, had been tracking the prisoners ever since the home of Mayor Davis of Cleveland was blown up on June 2. None was injured.

Smith said his men took from the prisoners one completed bomb, several incomplected bombs, three bottles of nitroglycerine and other articles used in the manufacture of infernal machines.

SETTLEMENT OF TEAMSTERS STRIKE IS EXPECTED TO RELEASE MANY SHIPMENTS

In the next 24 hours the local express office, according to officials, is looking for a deluge of shipments to local merchants which have been held up in New York City for the past three weeks by the general teamsters strike there as a telegram was received Saturday announcing the termination of the embargo on shipments out of New York.

On account of the fact that a great many of the local merchants buy most of their goods in New York and the great volume of business comes through the local express the release of the goods that have been tied up for several weeks is expected to serve to make the local congestion only more intense.

SPENT MONEY FOOLISHLY. "I have been a great sufferer from stomach trouble and gall stones. No one knows the pains I have suffered. Since taking the first dose of Mayr's Wonderful Remedy am feeling fine, can work all day and eat anything I want. Have no more distress or palpitation of the heart from gas on my stomach. I have spent a great deal of money on doctors and medicine but got nothing to help me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Black Taylor and druggists everywhere.

LOW CORN PRICES DOES NOT SIGNIFY DECLINE IN PORK

CHICAGO, Oct. 29.—The possibility that lower corn prices will result in any marked decline in the retail price of pork was declared negligible by officials of the United States Bureau of Markets here today.

If corn drops to a dollar or less, some grain men predict it will, the farmer will hold his hogs for fattening, using the corn for this purpose. This will result in the cutting down hog shipments and a consequent stronger tone in the market, bureau employees said.

Toward spring the hogs held for fattening will probably be ready for shipment in large numbers and a considerable decline may then be looked for as the result of a flooded market.

Renown Canned Corn

Finest Product of the Maine Fields where the Best Food Corn Grows

All Renown products represent the best to be had, but none more so than Renown Canned Corn. All varieties of Renown Corn come from Maine, for the soil and climate of that far northern state produce—by long odds—the most delightful sweet corn in the world.

Three Varieties—Equally Good

There are three varieties of Renown Canned Corn, all of them equally pleasing in quality and flavor. Renown Maine Sweet Corn, with all the flavor of fresh-roasting ears, is the white corn of the group. Golden Bantam Corn, sweet as honey, distinctive in flavor, fresh and tender, is the golden corn of the trio. Fritter Corn, the granulated extract of Maine Sweet Corn, is the ideal. This is a new Renown product, one destined for great popularity.

Renown Canned Corn represents the pick of the Maine crop, too. It is packed for the house of Boren-Stewart under conditions that guarantee the choicest sort of the Maine sweet corn production for Renown buyers, each season.

These three Renown products give you a canned corn for every occasion, for no other corn, yet with uniform quality. Call for Renown Canned Corn with your next order.

but there is something to the argument that if a man comes here to thrive and prosper under our laws and because of our greater freedom and chance for advancement, he ought to do it as one of us and not as an alien with allegiance elsewhere.

There is a growing feeling that people over here should be 100 per cent American, and the foreigner who has abused our hospitality and laxity of immigration laws is largely to blame for the reaction against him.

HERO STUFF DON'T GO. The Ardmore, Okla., Ardmoreites, published next door to the fifth Oklahoma district in which Claude Weaver recently won the democratic congressional nomination, sees in the result that "war-hero stuff" isn't above par now as a political asset, remarking: "One thing the result in the fifth congressional district primary proved conclusively, if nothing else—that the war-hero stuff won't get anybody anywhere in politics, particularly when the war-hero stuff is played up to the public as it was in that contest."

Our own guess registered some time ago was that, judging from the comment of the average buck private, commissioned officers weren't going to have much luck in the way of seeking office if they depended on the votes of former backs and non-coms to put them there, and events since that prognostication, as in the Oklahoma fifth district, have gone to substantiate that prediction.

THIRTY-FOUR NATIONS AT WOMEN'S CONFERENCE. WASHINGTON, Oct. 28.—Wages, the eight-hour day and betterment of working conditions are the principal subjects scheduled for discussion at the world conference of women workers which opened here today under the formal title of the First International Congress of Working Women.

Among the countries whose women workers sent delegates are Great Britain, Canada, France, Belgium, Italy, Switzerland, Poland, Czechoslovakia, Argentina and Uruguay. Each was entitled to ten delegates and a limit was put on the number of secretaries and assistants.

California is subject to a way that seems to indicate a winter of prosperity, although there may be falling off of tourist travel, owing to the sinister sign governing railroads.

Persons whose birthdate it is have the promise of an active and prosperous year. Women should be careful in making new acquaintances.

Children born on this day probably will be exceedingly energetic. These subjects of Scorpio usually succeed at an early age.

will register before the congress closes, it is predicted. Among the delegates representing the United States is Mrs. Raymond Robins of Chicago, president of the National Women's Trade Union League of America, which called this congress to meet in conjunction with the international labor conference scheduled to open tomorrow.

All subjects to be put before the international labor conf. since it also is introduced in the women's congress, according to Mrs. Robins. Arrangements for the women's congress were made by the international committee of the National Women's Trade Union League which committee includes Mrs. Robins, Miss Mary Anderson, director of the woman's bureau of the U. S. labor department, Miss Agnes Nestor of Chicago, Miss Rose Schneiderman of New York and Miss Julia O'Connor, head of the women's section of the National Electrical Workers' Union.

DEMPSEY NOT YET READY FOR FIGHT; AFTER THE DOLLAR

By HENRY L. FARRELL, United Press Staff Correspondent. NEW YORK, Oct. 23.—Dempsey is not ready to fight yet. Despite the yarn coming from the champion's circus tent that he was piling and washing himself away to get back into the ring, his manager, Jack Kearns, wouldn't talk business last night when the New Jersey promoter, Dave Mackay, offered him \$25,000 for an eight-round, no-decision fight with Willie Mehan, Fred Fulton, Bill Brennan or Battling Levinsky.

It seems that at the movie game hasn't been squeezed for dollars by the champion and he wants to try his hand at that before he "risky" his title. Proves Disappointment. Dempsey's first bid for easy coin on the vaudeville stage was the "Bloomer" of the season. His next whiff with the circus proved a disappointment and finally Kearns came out to sign up any kind of a fight in New York.

That old line from the ring-side in Toledo—"the champion will fight (n-y-o-o-e, everyone)"—was repeated from almost every flag station on Kearns' "route" up from the States. It was thought Kearns really meant to put the champion back in the ring in the very near future. But Mackay could not pin him down to anything. The only indication of fight from the Dempsey quarter came when mention was made of Fred Fulton. Kearns said the champion would fight the Minnesota plasterer the first time he met him—even if it was on the street.

Not before December. The closest Kearns came to talking real business was in the statement that he thought it would be impossible for the champion to fight early in December. Dempsey has a contract to finish with the circus, and following that venture he has to go through some heavy dramatic work as the lead actor of a movie. Kearns is going to produce himself. It will then take about three weeks for Dempsey to get into condition, he says. After that he is ready to fight.

Another meeting is to be held Friday when Mackay hopes to have Willie Mehan, the Frisco act boy, on paper for a definite date with the champion. Mackay also offered Kearns \$200,000 for the Dempsey-Beckett scrap. That got a smile out of him, but that's all. JIM DRISCOLL MEETS CHAS. LEDOUX TONIGHT. LONDON, Oct. 29.—Jim Driscoll, former world's featherweight champion, is scheduled to clash in three-minute rounds with Charles Ledoux, French bantamweight champion, here tonight. They signed to fight at 123 pounds. This is Driscoll's third big fight since he re-entered the ring about nine months ago. His first "come-back" try was against Pedlar Palmer, whom he fought to quit in the middle of the bout. The other match was with Frances Rossi, a Welsh scrapper, over whom he obtained the decision after a hard 15-round contest.

MARTIN WINS FIRST PROFESSIONAL BOUT

AKRON, O., Oct. 23.—Bob Martin of Akron, heavyweight champion of the American expeditionary and Allied forces, won his first professional bout when he defeated Joe Bonds of New York at the end of the tenth round of a scheduled 15 round contest last night. Referee Matt Hinkle stopped the fight. Martin, administered a severe punishment to his opponent from the start, knocking him down in the sixth round for a count of five. At the end of the eighth round, Bonds' second wanted to toss the sponge in the ring, but Bonds refused to quit.

THRILLING GAME STAGED BETWEEN EASTERN TEAMS

The above picture shows an exciting moment in the recent Williams-Columbia game, in which the latter received a hard drubbing. The game was played on the Columbia field in New York. Captain Boynton, of the Williams team, made some startling touchdowns. The picture to the right shows Shaw, of Columbia, kicking off.

WHITE SOX NOT TO TRAIN THIS YEAR AT MINERAL WELLS

CHICAGO, Oct. 29.—Chicago White Sox will not train at Mineral Wells, Texas, next spring, it was learned today. A number of other cities in Louisiana and Texas are bidding for the Sox. Charles A. Comiskey, owner of the Sox, has a new plan which he intends to put into operation in 1921. To eliminate difficulties over eating and sleeping accommodations he plans to pick a permanent camp, erect dormitories and dining halls to accommodate the players and handle it of his own commissary arrangements.

HERMANN AND MOORE TO MEET DECEMBER 15

NEW ORLEANS, Oct. 29.—Pete Hermann of New Orleans, bantamweight champion, and Pal Moore of Memphis will meet in a titular 20-round bout here December 15, Dominick Tortolich, promoter, announced last night. He said all arrangements had been made and that the date was decided upon last night.

TED LEWIS IS GIVEN DECISION OVER ABEL

ATLANTA, GA., Oct. 29.—Ted Lewis, English welterweight, was given the referee's decision over Jake Abel of Chattanooga at the end of a 10-round bout here last night. Lewis forced the fighting practically all the way.

WICHITA FALLS PROOF. Should Convince Every Wichita Falls Reader.

The frank statement of a neighbor, telling the merits of a remedy. Hiding you pause and believe. The same endorsement. By some stranger far away. Commands no belief at all. Here's a man's case. A Wichita Falls citizen testifies. Read and be convinced. J. H. Simmons, carpenter, 400 Adams street, says: "Years ago by lack of regular action, especially at night, I used a few boxes of Doan's Kidney Pills and they cured me of that attack. Doan's put me in fine shape, gain after other remedies I used failed." Price 50c at all dealers. Don't forget to ask for a kidney remedy, get Doan's Kidney Pills—the same that Dr. Simmons had. Didn't Have an Engine. LOS ANGELES.—Will Frackler, bought a "used car," "gas in," he found on delivery it would have been a mighty swell boat if it only had an engine.

Working the Public. NEW YORK.—Michael Stark, according to the police, bought soldiers' second hand uniform and collected \$275 by begging. He wanted to take his bride on a honeymoon, he explained.

Will They Collect? NEW YORK.—"Moz" Baron, manager of the Arcadia dance hall is in a financial tangle. Burglar stole \$500 worth of I. O. U.'s from his safe.

Too Much Publicity. CLEVELAND, OHIO.—Reading in the newspapers that he over-looked \$125 when he robbed the Brooks Oil Station, the man wanted returned and forced the clerk to empty the till again.

Prison Preference. JEFFERSON CITY, MO.—Prison walls were welcomed by Bill Roberts, negro, after a three weeks visit home. After escaping from a road camp he came back to the prison and asked to be let in. He said his wife made home too hot for him.

Kansas, Not Alarmed. CONCORDIA, KAN.—Nation-wide miners' strike holds no terror for north Kansas residents. They lean to open and mine abandoned coal deposits if acute shortage develops. Coal formerly sold here at \$2 a ton.

Little Friends of the Liver

The liver is the regulator of health. If the liver is active and well, good health and happiness prevail; but once you allow your liver to get torpid and sluggish, life becomes a misery. Dyspepsia, indigestion, biliousness, constipation, headache and many other ailments are the result of a sluggish liver. Doan's Little Liver Pills are the best remedy for all these ailments. They are small, sweet, and easy to take. They are sold in 50-cent boxes at all drug stores. Doan's Little Liver Pills are the best remedy for all these ailments. ELECT OTIS NELSON PRESIDENT OF SENIOR UNIVERSITY CLASS

AUSTIN, Oct. 29.—Otis Nelson of Wichita Falls has been elected president of the senior class of the academic department of the University of Texas for the fall term. The classes organize for social purposes, and in order to carry out various movements of value to the university. Mr. Nelson entered the university in the fall of 1914. In the spring of 1917, he withdrew in order to enter the first officers' training camp at Leon Springs. He was commissioned second lieutenant there in the field artillery, and was later promoted to the rank of first lieutenant, and served overseas. He re-entered the university in the fall this year, and will receive the degree of Bachelor of Arts in June, 1920. He is a member of Phi Kappa Psi fraternity and Alpha Kappa Psi honorary business administration fraternity and Rusk Literary Society. He was elected to the Men's Council, the judiciary body for men of the students' association, in 1915, and was assistant manager of the "actus" year book, in 1915-16, and business manager of the Daily Texan in '16-17. He was chairman of the membership committee of the Young Men's Christian Association in '16-17. The business managements of the publications of the university are considered among the hardest positions to fill, and usually pay the student enough to meet his entire expenses for the year.

"Worth a Whole Lot to Feel Like I Do," He Says

"It's worth a whole lot to feel like I do now, since Orgatone Treatment has taken away the trouble that bothered me so much for the last four years," said J. C. Mueller, of 212 West Twenty-ninth street, Tulsa, Oklahoma, a few days ago. "Whenever a man suffers as long as I did, he gets to the place where he feels like there is nothing that will do him any good," he continued, "and that's just the way I had begun to feel. Long ago I got so discouraged of trying remedy after remedy and treatment after treatment which only gave me a little temporary relief. My food did not digest properly and would cause pains from the gas which would form on my stomach continually. Every night I would lie awake for hours at a time unable to close my eyes from this very same trouble. "I'd been well enough satisfied just to have my suffering relieved, but that's not all Orgatone did for me—I have gained in weight and strength—since I started taking it, I can eat as hearty a meal as I had never had stomach trouble at all, and my strength has come back so I can do as much work in a day as I ever could before in my life. I just feel like a new man all over, and would be glad to tell anybody who wants to know, if they will write to me, just what the wonderful treatment—Orgatone—did for me." Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls exclusively by the T. F. Young Drug Co., under the personal supervision of a special Orgatone representative. (adv.)

PIMPY? WELL, DON'T BE

People Notice It. Drive I-beam Oil with Dr. Edwards' Olive Tablets. A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel, there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with a "dark brown tinge," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two tablets for a week. See how much better you feel and look. 10c and 25c.

Suffering Described As Torture Relieved by Black-Draught. Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks. He became constipated and it looked that he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a tea-spoon bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture. I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he felt better, and was in such misery, but he got relief and began to mend at once. He got well, and my both feel he owes his life to Theodor's Black-Draught." Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-125

CHRISTIAN CHURCH LEADERS PLAN FOR ACTIVE CAMPAIGN

PROPOSE TO RAISE \$350,000 IN TEN DAY WIND-UP DRIVE TO BEGIN SOLICITING NOV. 16

For the Educational, Missionary and Benevolent Enterprises of the Church.

DALLAS, Oct. 28.—Accepting the challenge for the raising of the sum of \$350,000 in a 10-day campaign, for the educational, missionary and benevolent enterprises of the Christian church in Texas, more than 200 ministers and laymen of the 29 districts of Christ assembled at a luncheon here today and fired the first guns in the big campaign. Actual solicitation of funds will not begin until Sunday, November 16, and plans were made at yesterday's meeting to have that day set aside in every Christian church in the State as "Campaign Day."

If beginnings are indicative of results, the Christian churches will not only respond in the sum demanded but will exceed the required mark for the inception of the movement was attended by an enthusiasm and a confident determination to "get the money" certainly never surpassed in the inauguration of any previous money raising movement in the history of the Christian church in Texas.

The meeting was presided over by S. J. McFarland of Dallas, chairman of the executive committee of the campaign and one of the leading lay figures of the church in the State. Stirling, determined and eloquent addresses in behalf of the movement were made by Rev. J. Lem Keovil of Wichita Falls, D. D. Anderson, Dr. Edward McShane Waits, Van Zandt Jarvis, Rev. W. P. Jennings, Rev. J. B. Holmes and Rev. J. W. Erens of Fort Worth; Rev. Graham Frank, Rev. John G. Slater, M. Boyd Weth and A. C. Parker of Dallas; J. T. McKissick of Midland, and Cephas Shelburne of Sherman. The dominant tone of each address was that the movement had to succeed, and would succeed on scheduled time.

The plan of action and the methods to be employed in the various districts were explained by Miss Donna Roberts of Dallas, publicity director and executive secretary of the campaign, who is perhaps one of the best known directors of money raising movements in the Southwest, having many successful campaigns to her credit, including the \$150,000 campaign in Fort Worth several years ago for Texas Christian University.

Other apportionments of the fund are \$25,000 each to Carr-Burdette College at Sherman and Midland College, \$75,000 to the missionary conference and \$25,000 with which to build the first unit of a home for invalid aged at the Juliet Fowler Orphan Home and Home for Aged People at Dallas.

Series of Conferences. During the two weeks intervening between the preliminary launching of the campaign here today at Dallas, and the actual launching of the campaign throughout the State, a series of conferences are to be held in each of the ten church districts of the State. These conferences will be in charge of the district chairman, as assisted by members of the central executive committee at large.

RAIN IS EXPECTED TO DELAY CLEARING OF RAIL CONGESTION

The rain which is again falling will serve to further delay the removal of the restrictions placed by the local railroads on freight shipments, according to statements from both the Fort Worth & Denver and the M. K. & T. offices, which state that the rain increases the difficulty in unloading the freight and consequently hinders the movements of the shipments. At the present time the absolute embargo imposed by the Denver has been modified to allow the shipment of foodstuffs, coal and fuel and paving material, but if the bad weather continues it is likely the restrictions will be increased. The freight department of the M. K. & T. has adopted a system of restriction similar in purpose but slightly different in execution whereby permits have to be granted for the moving of cars of freight. The effect of the rain has on this system is to limit the number of permits issued to customers. To make clear the exact thing the railroad are up against during rainy weather a comparison of the cars unloaded on a fair day with the number of cars loaded on a rainy day is shown in the fact that the average number of cars moved on a good day is around 90 whereas on a bad day there are only about 10 cars cleared.

FISH AND OYSTER DEALERS ARE ADVISED TO TAKE OUT LICENSES UNDER NEW LAW

All dealers in fish, oysters and other marine life are advised to take out licenses with the fish and game commissioner under the new law going into effect November 1 in a communication received by John W. Thomas, secretary of the Retail Merchants Association, from the Texas Retail Merchants Association, at least until a test case has been provided to determine whether the law was meant to apply to retailers or not.

Fees under the new law require an annual license fee of \$10 per annum, and a tax of 10 cents per 100 pounds of fish and one cent per barrel of oysters purchased for resale. Monthly reports must be made to the commissioner at Austin, who also issues the licenses.

Continuing the discussion of the effect of the new law the communication received by Mr. Thomas reads: "While we are of the opinion that the legislators did not intend this law to apply to the retailer, the law is very plain, stating that this is a wholesale dealer's license and defines a wholesaler as any person, firm, partnership or corporation, buying and selling fish, oysters and other marine life. Thereupon the game, fish and oyster commissioner has ruled that it must be paid by retail dealers as well as wholesale dealers. He has explained that he will enforce this law and will insist that this license fee be paid and that all dealers make regular monthly reports, remitting at the same time the small tax on fish and oysters as above explained."

"We have asked the attorney general's department for an opinion but the department declined to pass on this question and referred us back to the game, fish and oyster commissioner. It may be possible, that a test suit will be made in order that the courts may decide whether or not the meaning of this statute includes

the retail dealer, but at the present time it seems advisable to comply with the law, unless someone should decide to make a test case."

CREDIT IS ADVANCED TO ADMIRAL KOLCHAK

LONDON, Oct. 28.—(Russian).—A wireless message from Moscow says that a group of international bankers had advanced Admiral Kolchak a credit of \$50,000,000.

SECURITY—SERVICE

The growth of the First National Bank, of Wichita Falls, oldest bank in Wichita county, has been founded on public confidence—a confidence that has been richly merited by the conservative management of institution no less than by the high character, successful business experience and individual integrity and responsibility of its personnel. The officers and directors of the First National Bank have been long and intimately identified with the commercial and industrial development of Wichita Falls and of North Texas, and they are pledged to the future building up of the commonwealth insofar as they may contribute thereto within the bounds of safe and sound banking. On these terms the management welcomes the public's patronage.
