FIVE DEAD, 17 IN JAIL RESULT OF RIOT

Miners To Make Original Demands

WOULD LIMIT SENATE DEBATE ON THE TREATY

Inaugurate Movement to Invoke the Cloture Rule in This Connection

SOME REPUBLICAN LEADERS TO SUPPORT THE PROPOSAL

Allege an Effort to Obstruct the Treaty by Lengthy and Undue Debate

WASHINGTON, Nov. 12.—A movement to limit senate debate on the peace treaty by invoking the cloture rule was inaugurated today by Democratic leaders.

Some Republican leaders said they would support the Democratic cloture proposal which has been circulated after consultation between leaders of both parties.

The petition said that in the opinion of the signers there was an effort to obstruct the treaty by undue debate and asked that the cloture rule, limiting each speaker's time to one hour be invoked.

When the petition would be presented was not determined by the administration leaders who said it was in conformity with the recent Democratic conference action authorizing Senate Hittcock, administration leader, to make such a move if it should be deemed advisable.

Required Two-Thirds Vote. Adoption of cloture requires a two-thirds vote. While all of the signers of the cloture petition were Democrats, Senator Underwood, Democrat, Alabama, who circulated the petition, said it was assured of considerable Republican support.

It was explained that the cloture proposal if presented today could not come to a vote before next Friday, because of the rules to live over for two days.

The cloture move followed charges that a filibuster had been organized by the treaty's irreconcilable foes, seeking to prevent final action at this session.

Senator Reed, Democrat, Missouri, resumed his attack on the treaty when the Senate convened. He proceeded slowly, making long pauses at times to sort over the stack of papers on his desk. Additional time was taken up by a quorum call on the motion of Senator Gore, Democrat, Oklahoma, another opponent of the treaty in its present form.

It was understood that Senator La Follette, Republican, Wisconsin, expected to follow Senator Reed.

CHICAGO FUR DEALERS AROUSED BY THEFTS TO START DRIVE ON GANGS

CHICAGO, Nov. 12.—Aroused by "fur thefts" which totalled over half a million dollars in the past six months here, Chicago fur dealers organized today for a co-operative drive of police, prosecutor and the furriers of the industry against the burglars.

Isaac Greenburg, secretary of the Associated Fur Industries of Chicago declared that it has been established that four bands of organized fur thieves are operating in Chicago. John E. Murphy, former assistant state's attorney, is being aided by the dealers to prosecute the thieves.

ISSUE A TEMPORARY INJUNCTION AGAINST ENFORCING DRY LAW

PROVIDENCE, R. I., Nov. 12.—Judge L. Arthur Brown in the federal district court today issued a temporary injunction against Harvey A. Baker, United States attorney, and George F. Schaughency, collector of internal revenue, restraining them from enforcing the provisions of the war-time prohibition act. The injunction was issued upon the petition of the Narragansett Brewing Company. The sale of four per cent beer was immediately resumed by Providence liquor dealers.

JUDGE IS CONVINCED LAW UNCONSTITUTIONAL

LOUISVILLE, KY., Nov. 12.—Federal Judge Walter Evans in open court declared here today he is "firmly of the opinion" war-time prohibition is unconstitutional and indicated a disposition to enjoin Edward Hamilton, collector of internal revenue for Kentucky, from interfering with the sale of about 1,000,000 gallons of tax-paid whiskey known as "floor stock."

SPRINGFIELD, ILL., Nov. 12.—Original demands of a sixty per cent increase in wages, a six-hour day and a five-day week will be presented to operators by mine workers in the joint scale conference called for Friday in Washington at the instance of Secretary of Labor Wilson, according to Frank Farrington, chairman of the miners' scale committee, who came here today en route to the national capital.

MAKE PREPARATIONS FOR MEETING FRIDAY

WASHINGTON, Nov. 12.—Reports on the return to work of striking miners were anxiously awaited by officials here today while Secretary of Labor Wilson went ahead with his plans for the mediation conference of miners and operators called for Friday.

Although on the surface the government believes the men will resume work as soon as revocation of the strike call is thoroughly circulated, there were many who privately expressed the belief thousands would be likely to remain out, as the strike call was revoked under orders from federal court and under protest.

The operators were quick to accept Wilson's invitation to a wage conference and unless something unforeseen of both sides will begin arriving here tomorrow for negotiation of a compact.

Meanwhile the mines for the most part were still idle and the fuel shortage beginning to be felt in many parts of the country.

Other Countries Threatened. Paralyzing of industries in threatening several European and Latin-American countries, because of the strike here, according to information gathered today in foreign diplomatic circles.

Among the countries, which it is stated will feel seriously any prolongation of a fuel tie-up are Italy, Ireland, Holland, Brazil and Chile.

"I haven't any coal at all," stated an Italian embassy official. "Owing to the fact that England can't supply us as formerly, Italy looks to the United States. Unless we receive coal, not only will industries have to shut down but will cause the stopping of our trains."

"If the miners refuse to return to work, it means Switzerland will have to reduce coal rations to a dangerous level," the Swiss legation stated. "Switzerland depends on the United States for half of its coal supply."

In Swedish getting Law. "In Swedish circles it was stated that through Sweden imports some coal from England the surplus now on hand is getting low.

"Practically all the coal we import comes from America," said a Brazilian attaché. "Unless the miners here return to work it may mean that Brazil will have to shut down telegraph, light and power plants and curtail railroad service. It will also affect the Brazilian navy."

Chile which imports about a million tons from the United States annually, is also dependent on American shipments of coal which seriously hamper its nitrate industry.

At the shipping board it was learned that hundreds of foreign vessels are held up in American ports as a result of their inability to get coal. Shippers are complaining because it costs from \$100 to \$350 a day for dock rent.

The shipping board today made an exception to the rule forbidding coaling of foreign vessels when it allowed 16 ships, carrying wheat from Galveston, Texas, to Europe to take on a few tons of coal.

GOVERNOR FRAZER HAS DECLARED MARTIAL LAW

BISMARCK, N. D., Nov. 12.—Governor B. J. Fraser today declared martial law in the coal mining districts of the state and announced he would take over the lignite coal mines of the state today.

In a proclamation the governor ordered Adjutant General Frazer to assume charge of the mining industry of the state and to see to it that the people are supplied with coal as soon as possible.

Word reached the capital late last night that the miners would not return to their posts in compliance with the order of their national officers calling off the strike but that they would return to work under the orders of Governor Frazer.

The governor declared that not until the operators and miners came to an agreement and demonstrated their willingness and ability to operate the mines in such a manner as to protect the interests of the people would his order be revoked.

INDIANA MINERS DO NOT RESUME WORK

TERRER HAUTE, IND., Nov. 12.—Coal miners of Southern Indiana did not return to work today, according to reports reaching this city. The mine trains were not allowed to work and did not run this morning, the reports said.

There was only one mine train running from this city today, but it did not carry a passenger.

The officers' text of the order calling the miners back to their jobs had not been received this morning and this was said to have been the cause of the failure to return.

Some of the miners, however, say there has been a dissatisfaction among the miners and that conditions around the mines will not become normal again until a new wage agreement is negotiated.

MRS. MARGUERITE TOWLES IS RELEASED ON BOND

DALLAS, TEX., Nov. 12.—Mrs. Marguerite Towles, charged with killing her husband, Glenn W. Towles, at their home yesterday, was out on bond of \$7500 pending grand jury action. Towles' body probably will be shipped to his parents in Coffeyville, Kan.

FIRST POLISH MINISTER TO UNITED STATES

Prince Casimir Lubomirski, the first Polish Minister to the United States, arrived in America the other day. The Prince is a member of one of the oldest Polish families and received his education in the universities of Cracow, Vienna and Paris.

TEMPERATURE IS 20 BELOW IN WYOMING

Cold Wave Covers the Country From the Rocky Mountains to Northwest Texas

WASHINGTON, Nov. 12.—Lander, Wyoming, with a temperature of 20 degrees below zero was the coldest place in the United States today, according to reports to the weather bureau. A cold wave covers the country from the Rocky Mountains region eastward to the Missouri Valley with the line of freezing temperature extending into Northwest Texas.

East of the Mississippi River, however, temperatures were well above the seasonal average, as a rule, and were generally higher than Tuesday.

Cold wave warnings today were ordered for Tennessee, the interior of the Gulf states and the Mississippi Valley south of Minnesota. It will be much colder tonight and Thursday in Tennessee and in the east Gulf states and the Atlantic states except southern Florida.

FREEZING WEATHER AND FROST PREDICTED

NEW ORLEANS, Nov. 12.—With frost to the interior and frost to the coast predicted for tonight in lower Louisiana is feared.

The cold wave also will be felt in East Texas, according to the weather bureau forecast. There will be frost tonight with freezing in the sugar and trucking region.

HOUSTON REPORT ON GULF COAST WEATHER

HOUSTON, TEX., Nov. 12.—With a cold wave from the north, the Gulf coast is being hit by a cold wave. Shippers forecast: Protect 36 hour shipments to interior points from temperatures 24 to 22 degrees.

FIRST ICE OF SEASON AT ABILENE TODAY

ABILENE, TEX., Nov. 12.—First ice of the season to be here today under a stiff norther. The city has virtually no coal or wood and the gas pressure is very low.

COAL STRIKE SITUATION IS BEING CONSIDERED

FARGO, N. D., Nov. 12.—M. A. Hillbreth, United States district attorney for North Dakota, said today that the coal strike situation in North Dakota was being considered by federal authorities. He would not indicate what steps were contemplated. Hillbreth did not anticipate anything would be done today.

MASSACRE APPARENTLY PLANNED BY I. W. W. MEMBERS PRIOR TO "ARMISTICE DAY" CELEBRATION

CENTRALIA, WASH., Nov. 12.—National Guardsmen today are patrolling Centralia where yesterday four members of the American Legion met death during an armistice day parade when alleged members of the Industrial Workers of the World fired on the marchers.

Seventeen alleged Industrial Workers are in jail and the Secretary of the Industrial Workers' Union, "Brick" Smith, was hanged by unidentified men and his body riddled with bullets last night.

Smith's body, which was left hanging from a bridge after two undertakers refused to handle it, had disappeared this morning and it was said the rope had been cut, causing the body to drop into the river.

CENTRALIA, WASH., Nov. 12.—The Armistice Day massacre of four former soldiers here apparently was carefully planned by I. W. W. members, who are said to have gathered for the purpose last week, according to developments today.

From statements said to have been made by "Brick" Smith, the alleged radical who was lynched, just before he swung to his death, it appeared that members of the Centralia organization deliberately planned to kill as many of the soldiers in the parade as they possibly could.

According to the police a special meeting of the combined Centralia and Chehalis I. W. W. locals was held yesterday and at that time, it was said, the high powered rifles, with which the shooting was done, were smuggled into the buildings from where the bullets came.

Desultory firing on the members of the Legion followed a terrific crash of glass, apparently a prearranged signal. The firing a second later developed into a regular volley.

The windows of the building in which the gunmen were stationed had been previously opened, it was said. The riflemen were some distance inside, since they could not be seen from the street.

The front rank of paraders was subjected to a galling enfilade fire from three sides. Simultaneously, a marksmen opened fire from Seminary Hill, at least half a mile away. This man apparently rested his rifle on a stump and deliberately fired. Four 30-30 cartridges were found at this spot.

SPokane, WASH., Nov. 12.—That Industrial Workers of the World are preparing to launch from their headquarters here a propaganda campaign throughout the northwest and perhaps through the entire west in the near future was the declaration here today of officials of the department of justice. So far they stated in order to proceed against them have been received.

CENTRALIA, WASH., Nov. 12.—Chief of Police A. C. Hughes positively declared to the United Press today that the man who was hanged near here last night was not "Brick" Smith, alleged I. W. W. leader.

"We have Smith here in jail," Hughes added. "The chief said he does not know the name of the man who was hanged."

CENTRALIA, WASH., Nov. 12.—Details of the clash here yesterday during which the armistice day parade was fired upon with fatal results were being reconstructed by persons who witnessed the affair.

The parade had passed through crowded streets, led by Captain David Livingston, who served in France with the 161st infantry. As the head of the column of members of the legion and other ex-service men, swung into Town Square, the Industrial Workers of the World's hall, the ranks marked time to permit the rear to catch up. Then the firing broke out. The shots seemed to come from all directions, but the onlookers believe most of them were fired from I. W. W. headquarters and from the Avalon Hotel, across the street.

"Are you hit, Warren?" asked William Schales, who was standing beside Warren Grimm, one of those fatally wounded.

"I don't think so," replied the wounded man, as he started toward an automobile across the street. As he reached the edge of the car he groaned.

He was put inside and started for a hospital but died before he reached there.

Men Run From Hall. Men came running from the different exits of the I. W. W. hall. Britt Smith started out of the rear of the building firing an automatic which jammed. The fleeing I. W. W. secretary was chased to the Skookumchuck river where he leaped down the bank with a gun.

Dale Hubbard, close behind. Seeing Smith turned back and dashed up the bank where he was confronted by Hubbard. Then Smith fired three times into Hubbard's body, onlookers said. A moment later Smith was overpowered by Howard Barner.

Roundup is Started. Meantime a roundup of other I. W. W. members had started. Men in uniform who had been in the parade the anger of the crowd became greater as the word spread that four men were dead. As Smith was brought in sight, an attempt was made to hang him. He was defiant and bitched at the khaki trousers he wore. He had lost his hat as he ran.

"You fellows can't hang me," he gloated. "I was sent to do my duty and I did it."

While the attempt to hang Smith was being made, Captain Livingston, a physician and others, were doing their utmost for the wounded men in the hospital. Hubbard suffered internal hemorrhages and died. Another man, I. W. W. were passed about.

At 7:30 o'clock the lights of the city snapped out as though cut through a giant switch. The entire city was dark.

Even the half dozen automobiles gathered near the jail by the mob had no lights. Not a match was lit. Motorists approaching from bleeting streets were warned to cut off their lights and one pair of lenses was smashed in when the driver did not obey.

No word was spoken when the men entered the jail. Night Patrolman Robert Jackson was on duty. The mob leaders kicked a panel from the outside door, reached in and turned the key. The cell where Smith covered was unlocked. According to all accounts he said nothing. Silently, at least eight men surrounded him, rushed him from the little jail and into the car. The men were silent and not a moment was lost. The party sped away through the mud and water to the county bridge over the Chehalis river.

Bob Burrows, a farmer, living near the bridge, told this story of the hanging.

"The man was struggling between the men who held him," said Burrows. "They worked without a word. I saw them stop not far from the end of the bridge nearest the city and throw a rope over the crossbeam. The body went over with a thud and then a shot was fired. Then more shots. I stood a distance away while perhaps thirty men in all were fired close to the body."

A bullet went through Smith's neck close to where the goods had torn the flesh. Burrows said the crowd went away in their machines without a word.

How or by whom Smith's body will be cared for is problematical. Two undertakers here last night refused to prepare it for burial.

CROWD OF CITIZENS WRECK I. W. W. HALL

OAKLAND, CAL., Nov. 12.—A crowd of citizens entered here headquarters of the Communist labor party in Loring hall last night and wrecked the interior of the place. Great quantities of radical literature, of flags and furniture were burned in the street by the mob.

SIX MORE ALLEGED ANARCHISTS ARRESTED

YOUNGSTOWN, OHIO, Nov. 12.—Six more alleged anarchists, one a woman, were taken into custody today here by federal agents.

ATTEMPT AT REVOLUTION WHICH THE COUNTRY HAS LONG FEARED DECLARES MEMBER CONGRESS

WASHINGTON, Nov. 12.—The shooting of four ex-service men in an armistice day parade in Centralia, Wash., was described in the House today by Representative Johnson, Republican, Washington, chairman of the immigration committee, as "an attempt at revolution with bullets and rifles, which the country has long feared."

Mr. Johnson sent a telegram to Mayor Rogers of Centralia, saying the country "must be purged of secessionists and revolutionists to the last one and if this means war, the quicker it is declared, the better."

"We of the Pacific northwest have long seen it coming," he said. "We have been patient, have avoided bloodshed under every provocation, only to see these young men murdered. Their death will arouse the loyal people of the United States as nothing else has done."

"History will record these heroes as among the first to fall in an attempt at armed revolution against the United States and for which every man who has been preaching syndicalism, communism and class hatred is responsible."

VOTE ON IRRIGATION PLAN DECEMBER 20 SAY COMMISSIONERS

DATE SET FOR ELECTION TO DETERMINE CREATION OF DISTRICT.

NO OPPOSITION DEVELOPS

Not a Single Protest is Heard by Commissioners Court.

No opposition had developed to the irrigation project when the county commissioners met at 3:00 o'clock this afternoon to hear any protests that might be made against calling an election for the creation of a water improvement district in Wichita county, which will later vote on the issuance of bonds to the sum of \$2,000,000 to carry through the project.

It was learned authentically that the commissioners later today will issue an order calling the election, probably December 20.

The project calls for building a dam across the Wichita River in Baylor county, thus creating a reservoir that will irrigate thousands of acres of land and supply an abundance of water for Wichita Falls.

Judge W. L. Sturtevant, of Pecon, an irrigation expert and counsel for the project, appeared before the commissioners, as did Engineer Vernon L. Setlivan, who will have the creation of the project in charge. Other men interested were present, although there were no formalities or ceremonies incident to the meeting, which was considered of such moment to the future of the city and the state, especially in an agricultural and intensive farming way.

When the commissioners convened at 10:00 o'clock a quorum was lacking, and adjournment was taken until 2:00 o'clock, although Judge Jones held the members of the court present until after 11:00 o'clock in the hope that Commissioner Haynes

Merchant Says Wife Is Like New Woman

The list of endorsements of Orgatone, the treatment that is accomplishing such surprising and gratifying results in Fort Worth and vicinity, grows daily as new tests of its power are made. Mr. C. W. Brown, living at Ratta, Texas, and for ten years proprietor of a general merchandise store at that point, came in Komfo's Drug Store, Fort Worth, recently, while relating his wife's experience with Orgatone he said:

"For several years my wife suffered from nervous indigestion and gall stones. She couldn't eat a thing without having an awful pain in her stomach immediately afterwards. She actually dreaded to eat because everything hurt her so bad and for this reason she would scarcely eat enough to keep her alive. She had headaches nearly every day, which she was told was caused by her inactive liver and she could never find a single remedy that would relieve her for any length of time. These troubles took about all her strength and energy and made her so nervous she could get very little sound sleep. Occasionally, she would feel so bad that she would have to go to bed as she didn't feel strong enough to stay up any longer and her expression showed how weak and bad she felt all the time.

"I have tried in the past several years to find a medicine that would help her and Orgatone is the only one that has done so. Her headaches are fast disappearing, the painful indigestion has disappeared, her eyes are brighter and she looks like a new person. She eats three regular meals a day and feels good afterwards and has no pain or other signs of indigestion. The pains are nearly all gone from her stomach and she has gained in strength, too, for she can get around and attend to her housework now without the trouble she used to have. She sleeps more soundly than she has in years and feels refreshed upon getting up in the morning. I can recommend Orgatone for what it has done for my wife and she would tell you herself that she feels a hundred per cent better since taking it. I have already recommended it to lots of people who I thought needed it for it's real medicine and it's a pleasure to tell everybody about it.

Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls by the T. F. Young Drug Company exclusively, under the personal direction of a special Orgatone representative.—Adv.

would appear and complete a quorum. This was the day set by the commissioners for hearing complaints of "kicks" as to why the petition asking the creation of the district and the election should not be granted. Not an opponent had appeared and there was no indication at noon that there would be any opposition to the project.

No other matters were to come before the commissioners, the session having been called by Judge Jones especially for the consideration of the irrigation project petitions and for any complaint that may have been filed against granting them.

LARGER BUILDINGS MAY BE URGED TO STOP USE OF GAS

When the city council meets Thursday night a proposition will be submitted by Alderman Currier to have council endeavor to induce the larger buildings to stop using gas so as to conserve the fuel for use in the homes and boarding houses.

It was evident Wednesday that drastic action must be taken in the fuel situation, for Wichita Falls was suffering despite the fact it was supposed to have gas enough to keep it warm.

Larger buildings that depend upon gas to heat their boilers to make steam for the radiators were chilly. The court house early in the day presented a sort of "overcast" aspect, few people there working without their top coats.

Numerous complaints as to the shortage of gas were heard. For the first time this year police headquarters did not have enough gas to free the big room from chill.

FIREMEN AT FIRE WITH COOL HEADS SAYS OSTEN

"You may say the firemen arrived at the conflagration Wednesday morning with cool heads," said George Osten, hose truck driver at the Central fire station, in the charming manner he always assumes when crackling a good one about the weather.

The fire he spoke of was in the basement of a house at 2300 Tenth at 8:20 Wednesday morning, which was stopped by the Floral Heights station before the downtown station breezed out to the scene.

EFFORTS TO LOCATE BROTHER OF C. W. HAM UNSUCCESSFUL

Efforts made by the Hines Undertaking company to locate the brother of C. W. Ham, formerly in the restaurant business at Burkburnett, who died here after a four days' illness of typhoid fever, have been unavailing, according to announcement Wednesday.

Mr. Ham's brother is thought to live in Wichita Falls, and the body of the deceased is being held pending his location and directions for burial.

Comfort Feet That Itch And Burn With Cuticura
For tired, aching, irritated, itching feet warm baths with Cuticura Soap followed by gentle application of Cuticura Ointment are most successful.

WICHITA CLUB TOLD OF WORK OF Y. W. C. A.

MEMBERS OF STAFF ADDRESS CLUB MEMBERS AT NOON LUNCHEON.

What the Y. W. C. A. is doing in Wichita Falls and what it proposes to do was outlined for the members of the Wichita club at their noon luncheon by members of the local association staff and state and national workers who are stationed in Wichita Falls for the time being. Among the speakers were Miss Cady, national educational secretary; Miss Frances Bothwell, national field secretary for the Southwestern district; Mrs. W. W. Silk, president of the local executive board and Mrs. C. J. Coyne, Y. W. C. A. hostess for the teachers home.

"The Y. W. C. A. movement is essentially a community wide movement, which mobilizes the woman power of the community behind any movement which is for the good of that community," Miss Cady told the club members.

"What this mobilization of woman power means, and can accomplish, it is unnecessary for me to point out to you. That has been amply demonstrated by their work in the war."

In discussing the work of the association, Miss Cady laid special emphasis on the work of the Business Women's club, one of which has recently been organized by the local association. "Incidental good can come from an organization of this kind," she said.

"The first concern of the girls whom we have enrolled in these clubs is always a discussion of ways and means as to how they can improve their efficiency, and become more efficient producing members of society. What a movement of this kind can mean to the community it is entirely unnecessary for me to tell you.

"The School of Commerce, organized by the Dallas Y. W. C. A. in connection with their Business Women's club, has already paid a higher return to Dallas business men in efficiency, I have no hesitation in saying, than the \$60,000 they recently contributed to aid the Y. W. C. A. building fund."

"The way in which the Y. W. C. A. can make itself worth the most, is in helping each individual girl to make the most of herself, and consequently worth more to the community," was Miss Bothwell's summing up of the work of the Y. W. C. A. in accomplishing among the business girls of the southwest.

The work of the Y. W. C. A. cafeteria, which last month served nearly

15,000 meals, the great part lunch for business girls, enabling the girls to get well-balanced, wholesome meals at an average of 40 cents, together with the work of the Travel va aid, was outlined by Mrs. Silk. Mrs. Silk spoke with especial warmth of the work of the traveling aid, and the help this department has come to be not only to the girls who come drifting in here to work, and do not know where to go or what to do, but to the traveling public as well.

"And I also wish in the name of the local association to express our thanks to the men of Wichita Falls, for the support they have given and

are going to give to the work here," said Mrs. Silk in conclusion. The teachers dormitory which is being established in the old Kemp home by the Y. W. C. A. will be ready to take care of some of the teachers by the coming Saturday. Mrs. C. J. Coyne, hostess at the home, told the members of the club, who originated this movement. Three new members were elected to membership in the club today. J. N. Sherrill, local attorney representing the I. H. Kemper interests here, E. H. Breedslove, a local oil operator and J. A. Gardiner, superintendent of the Gulf Production Company in this district.

DANIELS ASKS FOR ADDITIONAL PAY FOR MEN IN THE NAVY

WASHINGTON, Nov. 12.—In increases in the pay of men and officers

in the navy ranging from \$23.50 to \$1,000 a year were recommended by Secretary Daniels before the House Navy Affairs Committee today. The higher pay is necessary to prevent a disintegration of the naval establishment through the attraction of unproductive employment of the best men in the navy, he said. Daniels opposed a flat percentage increase for either officers or men and asked that the higher pay continue until July 1, 1921. The increases suggested range from 10 to about 25 per cent over the war pay and would mean an additional expenditure of about \$50,000,000.

10th to 15th
NATIONAL BLOUSE WEEK
10th to 15th

DRESSES

that express the
Bloom Of Youth

Charming models tailored in all the desirable fabrics including—

WAR OFFICE CENSURED BY THE LEGION

Charged With Contributing to the Spread of Anti-Americanism in Country

RESOLUTION OF CRITICISM IS UNANIMOUSLY ADOPTED

Recommend Two Years of Probation for Immigrants With Provisions for Learning

By L. R. BLANCHARD, United Press Staff Correspondent.

MINNEAPOLIS, Minn., Nov. 11.—The War Department here today was censured by the American Legion here today as contributing to the spread of anti-Americanism through leniency with conscientious objectors.

Resolutions drawing a parallel between punishment of violators of military discipline and the "C. O.'s" were adopted unanimously. Withdrawal of the honorable discharges granted the objectors and deportation of aliens among them was urged.

Aliens got rough treatment in recognition of the Legion recommended two years of probation for immigrants, provisions for teaching them English, no softness for military prisoners who refused to serve in the army, the filing of records of immigrants with every naturalization court.

The "parlor socialists" and bolshevik were condemned and the justice department urged to act against them.

GAS IN THE STOMACH IS DANGEROUS

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments, creating the distressing gas which distends the stomach and interferes with the normal function of the internal organs, often affecting the heart.

It is the wisdom of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and blood right out of the body, sweeten the stomach, neutralize the excess acids and prevent its formation and there is no sourness or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach. (Inexpensive to take and the best form of Magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Instead of being a "mere passive evidence collecting agency."

Restrictions for foreign language papers were demanded.

The Legion took immediate notice today of the attack on Legionnaires at Centralia, Washington, yesterday.

Attorney General Thompson of Washington reported the occurrence. Reading telegrams reporting three Legionnaires killed and three injured by fire from headquarters of the I. W. W. in Centralia.

Cheers greeted the announcement that one of the attackers had been hanged and sixteen more captured. These were more than drowned in cheers following announcement that Legionnaires had assisted in preserving order after the attack.

Resolutions demanding congressional action were adopted at once.

Speakers on the resolution, including Chairman Sullivan of Washington called for "a vigilante punch" in legal procedure against radicals.

The "anti-American propaganda committee" was expected to follow up the action with vigorous denunciation of the "Reds" and lukewarm Americanism.

The Legion temporarily sidestepped resolutions offering the full strength of posts and the Legion in crises demanding preservation of law and order.

The Washington delegation proposed the resolution.

Fear that non-members would be frightened from the Legion by the prospect of police or military service was one reason for sending the resolutions back for amendment.

Massachusetts delegates claimed there was danger that legitimate protests and disturbances would be interfered with.

The constitutional committee's proposal that the individual posts begin active work against every anti-Americanism was adopted.

The Legion demanded more drastic immigration laws, exclusion of Japanese immigrants and other Orientals.

The California delegation's plan for excluding Japanese from citizenship was approved in one of the demonstrations of the seasons.

BRIDGEPORT RADICALS ARE SENT TO HARTFORD

HARTFORD, Conn., Nov. 12.—More than sixty radicals, arrested in Bridgeport by Federal officers and held there since their apprehension were being transferred to the county jail here today.

An unused wing of the jail has been put in shape and with the advent of the Bridgeport prisoners, more than a hundred Reds will be held there.

A body of 26 uniformed soldiers of the Connecticut state guard has been placed on guard duty at the jail.

Miss Rose Wales, a lawyer of New York City, has arrived here to represent such prisoners as may be members of the I. W. W., she stated today.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, Nov. 12.—The cotton market was extremely nervous and unsettled during today's early trading. The first killing frost of the season was reported in the western belt but appeared to be disregarded owing to the weakness of Liverpool, still lower expecting rates and apprehensions of tight money. First prices were easy to a decline of 20 to 30 points, with December soon selling off to 27.50 and January to 26.50, or about 50 to 60 points net lower under liquidation and Liverpool and southern selling.

The break extended to 34.42 for January and 34.20 for May during the middle of the morning with active months showing net losses of 63 to 90 points. Selling then became a little less urgent and prices rallied toward midday on covering by near-month shorts, bullish spot advice and the forecast for still colder weather in the southwest.

The market showed increased weakness during the afternoon owing to continued active liquidation, with December selling off to 27.00, or 107 points net lower, while later months declined from 150 to 170 points with January selling at 33.75 and March at 34.48.

Cotton closed weak.

New Orleans Cotton.
NEW ORLEANS, Nov. 12.—The cotton market retained its reactionary tendency today and lost 37 to 60 points in the first half hour of trading. Liverpool was very poor and offset the exceedingly cold weather reported in the extreme western belt.

Pressure increased and stop loss orders were caught on the long side. Late in the afternoon the decline amounted to 170 to 175 points.

The market took very seriously the rumor that the Bank of England rate would be raised to 7 per cent and at 10 o'clock stood 75 to 100 points under the final price of yesterday.

Cotton closed weaker, sellers at the limit, at a decline of 197 to 200 points.

Liverpool Cotton.
LIVERPOOL, Nov. 12.—Cotton spot in fair demand, quiet week. American mid-ling fair, 28.50; good middling, 26.50; fully middling, 28.00; low middling, 22.50; ordinary, 20.00; ordinary, 18.00. Sales 10,000, including 5,000 American. No receipts. Futures closed easy, November, 28.15; December, 27.75; January, 27.15; March, 27.20; May, 27.61; July, 27.15.

Poultry: Alive, unchanged.

NEW YORK STOCKS.

NEW YORK, Nov. 12.—An undercurrent of nervousness pervaded the stock market at the opening of today's session. Further selling based on the credit situation caused initial losses of 1 to 4 points in steel, equipments, oils and motors. This was partly balanced by gains of 1 to near 4 points in shipping, Press & Steel Car and several other issues which stood their ground during yesterday's drastic liquidation. Signs of support were shown by representative shares, notably high grade rails and I. R. Steel. Some early losses were fully recovered within the first half hour.

Call money rose to 20 per cent at midday, precipitating broader selling. Rates became heavy under the increased weight of offerings. General Motors continued to weaken, dropping an additional 16 points with concurrent declines in related issues.

The market crumbled in the last hour when call money made another advance to 30 per cent, the highest rate in nearly twelve years. Losses of 10 to 25 points were numerous. General Motors extended its decline to 65 points. The closing was weak.

Prices of Liberty bonds at 2:55 p. m. were: 3 1/2%, 100.20; first 4 1/2%, 94.80; second 4 1/2%, 92.70; third 4 1/2%, 94.90; fourth 4 1/2%, 92.80; Victory 3 1/2%, 99.30; Victory 4 1/2%, 99.34.

"STYLE HEADQUARTERS"—Where Society Brand Clothes are Sold

There's Poetry in a Society Brand Overcoat

They're designed by men who own the know-how of getting pleasing poetic style into men's clothes. And they're made up by men who have proved their ability to tailor that style permanently in.

We've styles for the man just stepping out of boyhood, and styles for men at each of Time's milestones.

We're proud to be able to show you these overcoats at the prices they bear, because we know they represent extreme value and we know that you can see that value so clearly you'll be freely willing to pay the price.

"Here's My Laundress"

The Choice of Over 300,000 American Housewives
"THOR Must Be Good"

How about yours? Are you having trouble in getting help for washday?

Why not be rid of all this trouble and expense and have your washing done right in your own home in a sanitary way by a THOR Electric Washing Machine?

It only takes an hour to do a whole week's washing and there is no work to do. A Thor even wrings out the clothes for you.

It Solves the Problem of Hired Help

On account of the rising cost of help, thousands of housewives who used to hire a laundress have been forced to turn to the Thor—and the Thor has never failed them.

The Thor does a good sized washing in an hour—washes the clothes spotlessly clean—saves wear on them—and requires no hired help.

Better get a THOR Before Next Wash Day.

Thor

Electric Washing Machines

\$15 Brings You a THOR— BALANCE IN SMALL MONTHLY PAYMENTS

Be sure it is a Thor—the machine that has no belts to break—or slip—or catch your clothes; the machine with the revolving cylinder, combining the utmost cleanliness with the least wear possible on the clothes.

MEN ARE WELCHING OUT ON RED CROSS CLINT WOOD SAYS

SAYS MEN ARE RUSHING TO
FIELD TOO BUSY TO THINK
OF RED CROSS.

WOMEN WORK FAITHFULLY

Are Braving Cold Wind To Carry On
Work in Residence District
Of City.

"The men in Wichita Falls are not doing their duty in this Red Cross campaign. The committee are not working and the business men are not responding. Big men with hundreds of employes are taking out one dollar memberships for themselves alone. More money has been raised by one man in two hours in this town than has been raised in this entire campaign. Committee men and business men are not interested; they are all rushing to the field or are too busy to think of the Red Cross. The women are doing their duty—all they can do, and doing it faithfully—but the men are falling down completely. Nevertheless, we are going to put this thing over and keep up the reputation of Wichita Falls if it takes all winter. These were the sentiments of G. Clint Wood, county chairman of the third Red Cross roll call Wednesday morning. He was ready to put his committee into shape again this morning to canvass the business section and get the subscriptions of the prominent business men, declaring his intention to wake up the men and get the results that Red Cross leaders have always piled up heretofore.

Women Face Cold Wind.
In the meantime women workers were facing the cold wind and gathering subscriptions in a house-to-house residential canvass. Booths were again open down town and subscriptions were steadily coming in to headquarters. Mesdames Reid, Shepherd, White, Temple and Owen were added to the roll of active workers this morning.

Encouraging reports are coming in from Iowa Park and Burkburnett, although actual figures were not available. Bad weather has prevented the adequate organization of forces at Electra but the campaign there will be put on as soon as leaders are secured.

In the schools, Mesdames Bernard Martin and H. B. Patterson, with their assistants, are meeting with cooperation from the teachers. School children are not being approached, the Junior membership campaign being scheduled for separate organization at another date.

Total subscriptions were expected to go far over the \$2,000 mark today, the returns at noon standing at \$2,996.49.

FORMER ARIZONA ATTORNEY LOCATES IN WICHITA FALLS

Hubert W. Clark, attorney from Phoenix, Arizona, has established offices in the Bemrod building. Former county attorney of Hartley county, a member of the firm of Hill & Clark, of Dalhart, Texas, and associated with the late Judge D. B. Hill, former attorney for the Fort Worth & Denver and Rock Island railroads, Mr. Clark is well acquainted with Texas cities and is enthusiastic in his predictions for the future of Wichita Falls. Mr. Clark was admitted to the bar at Paris, Texas, in 1902.

ARE MAKING EFFORT TO ENFORCE STOCK LAWS

Efforts are being made by the county authorities to enforce the stock laws. Complaints were filed Wednesday in the county court charging Stonewall Jackson, S. L. Wingham and H. B. Haddock with permitting stock to run at large in the north suburbs of the city.

J. C. Mytinger of the Wichita Mill & Elevator company, has returned from a several day's business trip to Kansas City, Mo.

FALL TERM FEDERAL COURT IS POSTPONED

COURT WILL PROBABLY NOT BE
CONVENED UNTIL NEXT
MONTH.

The fall term of the United States district court, which was scheduled to begin here November 17, will be postponed until December, at least, and possibly will not convene until early in the new year.

Announcement to this effect was made Wednesday morning by U. S. Commissioner Lantz, who also is deputy U. S. district clerk for the Wichita Falls division of the northern district of Texas.

COMPLAINT CHARGES IMPERSONATING OFFICER

On information furnished by R. E. Wilson, the county attorney's office has filed a complaint in the county court charging L. L. Hill with impersonating an officer.

Wilson alleged that Hill placed him under arrest but did not take him either to the county or city jail and charging him with no offense.

IS CHARGED WITH FALSE SWEARING AND SWINDLING

Frank Rubens, who was arrested several days ago, was taken to Fort Worth Tuesday afternoon and is held by the authorities there on charges of false swearing and swindling.

The charges grow out of the alleged sale to him by a woman of a fur coat and his alleged issuance of oil stock and use of Madero Mexican currency.

CHRISTIAN CHURCH DRIVE IS TO OPEN THURSDAY NIGHT

CAMPAIGN OPENS WITH BAN-
QUET FOR ADULT MEMBERS
OF CHURCH.

NATIONAL WORKER HERL

Dr. H. O. Pritchard of Indianapolis to
Be Speaker of the
Evening.

Formal opening of the Wichita Falls district Christian Church Campaign will take place Thursday night, November 13, when a corps of special speakers and campaign workers, from the state headquarters, will be in Wichita Falls and will be guests of honor at a banquet to be given at the First Christian church. Dr. H. O. Pritchard, of Indianapolis, is international secretary of education for the Christian church, and known as one of the most powerful speakers of the Christian church in the country will be the principal speaker of the evening, and the party will also include the leading Christian ministers and laymen of Texas.

Organizers from the Wichita Falls district, of which Dr. J. Lem Keewill is chairman, will also be in attendance at this banquet and all adult members of the Christian church in Wichita Falls, whether they are members of the local church, or are only in Wichita Falls for a short time, are cordially invited. Miss Donna Roberts of Dallas is in Wichita Falls as "advance guard" for the speakers party. Miss Roberts is director of publicity. The campaign for \$350,000 to be

used for educational institutions, missions and benevolences of the Christian church in the state of Texas, will open on Sunday, November 16, and this Thursday meeting is one of 10 similar meetings already held, or to be held in the 10 district centers of Texas. Wichita Falls' quota in the campaign is \$30,000. R. E. Shepherd is chairman of the local campaign.

Thursday's speakers party will include: Dr. Edward McShane Waits, president of the Texas Christian University; J. McFarland, chairman of the central executive committee and prominent business man of Dallas; Rev. John G. Slayer, of Dallas; Rev. J. B. Holmes, of Fort Worth, state superintendent of missions; John W. Kerns, state superintendent of education; S. W. Hutton, of Fort Worth, prominent layman; M. Boyd Keith of Dallas, state superintendent of benevolences; and A. C. Parker, Christian pastor and oil man, who needs no further introduction to Wichita Falls people.

The \$350,000 has been divided as follows: \$240,000 for the educational institutions, \$75,000 for state missions and \$35,000 for benevolences, the Juliette Fowler Orphans Home, and the Home for Aged People.

In announcing the banquet and campaign rally meeting Dr. Keewill stated that it should be stressed that the talks will be short and the meeting one of "pop."

Splendid interest in the campaign is reported from all over the state. Miss Roberts reports, and quick success of the campaign is expected. Breckenridge has already raised \$15,500 for benevolences, it is stated, and has voluntarily taken an additional \$15,000 for the general fund. Similar encouraging reports are heard from over the state from the progress of the campaign.

DOWNTOWN WINDOW HAS ATTRACTIVE DISPLAY ON ARMISTICE ANNIVERSARY

Among the most attractive and original of the Armistice Day displays in downtown show windows was one arranged for Perkins-Timberlake by T. A. Bradley, advertising manager.

Spread on stands centered about a reproduction of the status of liberty were about a dozen issues of year old papers, local, national and foreign. Copies of The Times of the ninth, tenth and eleventh of November, 1918, with their headlines of revolution, abdication, and final capitulation in Germany were exhibited. A French daily proclaimed that day "Le jour de Gloire."

Other papers of the state and nation variously shouting the same news were featured.

The display attracted considerable attention and admiration in its unique appropriateness to the occasion.

SHERIFF'S MEN GET DOZEN GAMESTERS IN NIGHT RAID

Twelve festive gamblers were ar-
rested when Deputy Sheriffs McDon-

aid, Bebout and Willey made a raid
on a residence Tuesday night.

At a night session of his court, Justice of the Peace Arrington fined each of them \$10 and costs, aggregating \$19.80. All of the fines but one were paid, this man slipping from the courtroom without paying. He will be re-arrested, it was said.

Carc of Thanks

MACHINISTS VOTING TODAY ON A STRIKE

Three Hundred and Seventy-Five Thousand to Cast Ballot on Proposition

ANTI-STRIKE LEGISLATION IS THE ISSUE INVOLVED

Predict General Walk-Out Immediately Such a Law Is Passed by Congress

By RALPH F. COUCH (United Press Staff Correspondent.)

WASHINGTON, Nov. 12.—Three hundred and seventy-five thousand union machinists throughout the United States were voting today on a general strike in connection with the railroad labor situation.

"The vote is returnable this month," said William H. Johnston, president of the International Machinists Union. "Ballots were sent out a month ago."

"The question directly before the men is whether they shall strike if congress passes anti-strike and compulsory arbitration legislation now before it in connection with settling the railroad problem."

"If I know the machinists, they will hit the street the minute this legislation passes—if it does."

Railroad Men First

One hundred and twenty-five thousand of the union machinists are employed in railroad shops. As provided in the strike ballot instructions they would be the first to go out.

Later, union machinists in all industries would be called out to support them in a sympathetic strike if necessary.

The machinists' vote is being taken at a time when members of two of the four great railroad brotherhoods are conferring with Rail Director Hines and pressing their demands for immediate wage increases to make their earnings conform to the increased cost of living. These two brotherhoods are the trainmen and conductors.

An answer falling far short of the demands of these unions was given to the committees yesterday. It was learned. President W. C. Lee of the Brotherhood of Railway Trainmen and President L. E. Sheppard of the Order of Railway Conductors were to confer with Hines again today.

A referendum on Hines' answer

C. SCHULTZ, M. D.

Practice limited to Chronic, Nervous and Special Diseases

Office 2254 1/2-4th Street, Ward Building, Suite 1. Phone 1950.

will be taken by both the trainmen and conductors, it is expected.

Trainmen and conductors throughout the country are threatening strike unless their demands are met.

Copy of Letter.

A letter to machinists sent out with the strike ballots reads in part:

"It is very evident from events that with the signing of the armistice actual hostilities ceased in the world war, and labor thought that by the signing of the declaration that the world was made safe for democracy, it appears that big business, special privileges and others who are seeking to destroy the standards created by organized labor have looked on this declaration as a declaration of war against the trade union movement both in the industrial field and in the legislative field.

Laws have been used in many instances to bring about a condition under which our organization could not exist. Laws have been introduced in congress which would seek to rob us of the right to strike and several laws have been introduced which have for their purposes what is commonly termed compulsory arbitration."

"The letter declares that propaganda is being circulated intended to injure the international officers.

The ladies of Floral Heights M. E. Church will have a rummage sale Nov. 13 and 14 at 902 Scott.

LOSE PATIENCE WITH FOREIGN BORN AGITATOR

Such Is Attitude of American People Declares Hoover In An Address

STATUES OF PRUSSIAN RULERS ARE DEFACTO BY SPARTAN SUNDAY

BERLIN, Monday, Nov. 11.—Spartans yesterday defaced the white marble statues of Prussian rulers in the famous Sieges-Allee, or Avenue of Victory. Red paint was smeared over the statues and various inscriptions written on them, such as "Long Live World Revolution!" "Down With Capitalism!"

Two of the offenders were arrested but the others resisted the police and escaped.

LONDON, Nov. 12.—Captain Ross Smith started on a flight to Australia today by way of Europe and Asia. He is piloting a Vickers Vimy plane.

ed support of our institutions from which we have obtained the blessings we enjoy."

"If reforms are needed in the United States they will be carried out by those whose parents have grown up amid our institutions and those who have become in sentiment and spirit a part of our people," Hoover told the Poles.

Reviewing the birth of the Polish republic, Hoover praised "two great men, Paderewski and Pilsudski."

"The rapidity with which the Polish government has brought order from chaos is almost incredible, he said.

"The 'open door' toward Europe may be in a 'large measure closed,' if this attitude of foreign born persons persists, Hoover declared.

"The people of the United States are today facing great social and industrial difficulties," Hoover stated.

"If we are to solve these difficulties," he added, "it will be by undivided

MEXICAN POLICEMEN PREVENT CAPTURE OF ANOTHER AMERICAN

EL PASO, TEX., Nov. 12.—Native police recently prevented capture by bandits of another American consular agent in Mexico, it was learned today.

William Callar, consular agent at Pachuca, Hidalgo, was the object of the bandit campaign, which was to have taken place immediately after the Jenkins affair, according to a dispatch from Mexico City published in El Heraldo, at Chihuahua City. Pachuca is about 90 miles northwest of Puebla, home of William O. Jenkins.

The bandits learned that Callar was planning a trip to mining property of which he is manager at Real Del Monte, five miles northeast of Pachuca. They planned to waylay him.

The Pachuca police learned of it and succeeded in capturing Julio Acosta, said to be leader of the bandits.

MEMORIAL

THE HIGH HONOR

was attained by strict adherence to those principles of honesty, without which no one can attain that high plane of confidence so much desired by all men.

In our daily walk we endeavor always to reflect those high ideals with true and lasting credit to home and state.

TIMELY RECOMMENDATIONS

The Senate labor committee's findings on the steel strike will coincide with what the average well-informed citizen had already concluded from the facts as they have appeared in the controversy...

Probably there was some politics in the committee's findings—their criticisms against employer and employee seem fairly well balanced—but its conclusions as to the necessary program for guarding against further industrial trouble are probably inclusive of the major steps the country can take to that end...

The committee favors a body similar to the war labor board, with power of investigation and large powers of mediation and conciliation; but without power to compel both sides of a controversy to submit to arbitration the matters at dispute.

It favors Americanization legislation—i. e., to make Americans of the polyglot material that short-sighted employers have gathered in crowded industrial centers.

It would have the federal government extend aid to make home-owners of all citizens—we Texans defeated a similar move to grant state aid for home-owners last summer.

It would have strict laws enacted to curb anarchists and revolutionists, and, most important of all, it would revise the immigration laws to the end of keeping out undesirable or unassimilable persons.

One hopeful sign about the whole industrial situation is that congress, which used to be timid about doing anything to which organized labor was opposed, now has the courage to look the issues squarely in the face and to tell both labor and capital that each is guilty of and responsible for some of the injustices in the industrial world.

When we can fairly enumerate the abuses and fix responsibility for them, we are measurably on the road to curing those evils—which is another reason we are hopeful that the worst of the labor controversy is approaching its end.

FOLLOWING THE FASHIONS

The picture shows not only are disseminating information and yielding entertainment, but they are doing a lot also to expedite the transmission of new styles and fashions throughout the country.

Few women go to the movies but pay closer attention to the clothes the stars wear than they do to the plot, for the "newest things" in dress are worn by the picture actresses, whose huge salaries permit of the handsomest and costliest gowns possible to concoct.

Time was when the stage "kick" had his counterpart in real life and when the ignorance of the city boy about things in the country made him open game when he visited his country cousin.

of the big centers, except to the advantage of those from the smaller place. It may be questioned if the change is an improvement or a retrogression, but there is no doubting its being a fact.

REAPING THE CROP

Whether it has any permanent effect or not, the country will derive at least a temporary benefit from the nation-wide raid last week against the "Reds," because it results that 200 or more of the professional revolutionists and trouble-makers will be out of business for the time being—

The United States is today reaping the crop from the seed sown by the policy of making the United States a refuge for "oppressed sons of freedom from everywhere." Whenever any country got too hot for an agitator—meaning thereby usually that he had run foul of the criminal and not the political laws—he sought sanctuary here.

Since the war their number has increased. With chaos ruling over much of Europe, it has been natural that these people should turn their conspirators' brains to plotting against the United States, and it is also natural that our own I. W. W.'s, pailor Bolsheviks and rough-neck Reds should meet them half way in anything tending to kick up serious trouble.

The department of justice announces its determination to deport all alien "Reds" it can locate. That indicates that the American government is surfeited on furnishing refuge for the master-criminals of the world.

WELCOME SUGGESTIONS

We are glad to see a few responses to The Times invitation to contributors. We may not agree with the opinions expressed nor the conclusions reached by these contributors, but if they are pertinent, well expressed and really designed to help the upbuilding of Wichita Falls, those in disagreement with The Times ideas will be just as welcome and just as freely printed as those whose views accord with ours.

There are men in Wichita Falls with ideas for the advancement of the city and country hereabout who are entitled to a big audience—a bigger one than is possible for them to reach by word of mouth or by written communication. For these men The Times offers the stage for presenting those ideas to the thousands of readers of the paper, and thereby open the way to the taking of some positive action on those ideas that will lead to the upbuilding and advancement of the Wichita Falls territory or the city itself.

Pertinency, point and brevity will not be regarded as handicaps to the contributions.

"BUY NOW" MOVEMENT

The principal basis for the success of the "buy now" campaigns has been playing on the selfish fear that there wouldn't be enough to go 'round and that prices were sure to go higher.

Since the whole tendency of the "buy now" movement was to hoard and to make commodities scarce, the fears were invariably well founded. For so "buy now" campaign was successfully put over but it was followed by an immediate advance in the price. Indeed, that was the purpose behind the promoters of the buy now slogan, and Attorney General Palmer's criticism of such campaigns.

RIPLING RHYMES

By WALT MASON

The Frosty Mornng. The world outdoors is white with frost, at morning, when I leave the bay, and I, regardless of the cost, put up a glad and brave hooray. The frost is gleaming on the hills, and glittering along the vales; the doc should put it up in pills, the druggist weigh it on his scales. I praise it in the highest terms; it is more precious than our rolls; for it's the stuff that kills the germs, and makes the microbes hunt their holes. A mortal lives all his pep when blistered by a summer sun; he feels along with weary step, and toils as though he weighed a ton. A slight exertion makes him groan, he's always in a grochy mood; in every sliver, every bone, he feels a beastly lassitude. But when the autumn frost appears, and sager winds his whiskers nip, he rolls his shirt-sleeves to his ears, and looks for some one up may whip. The last gear of the summer time, the weariness of sizzling heat, no more oppresses him when he's climb around the town on heavy feet. In August I am beastly old, as old as graybeards ever are; but when the frost lies on the world,

Just Folks by Edgar A. Guest

ABOUT GRUMBLERS. I hear men whimper an' complain About the way the world is run. On sunny days they sigh for rain. An' when it rains they wait the sun. "If we were running things," they say, "There'd be much less o' grief an' woe. 'We'd keep the clouds o' care away An' life would be one round o' song."

Side Talks by Ruth Cameron

There was a tragic item in the newspaper not long ago about two boys who were out gunning in a boat which developed a leak. The boys drilled so rapidly that the boat was flooded, and they were drowned. But had they been willing to throw overboard their guns and their heavy rubber boots they might have been saved. Of course, that strikes one at once as a most tragic waste of life. How could they, we say, sacrifice their lives for things, and then die because of them? This seems terrible because it was so sudden and tragic, but how about the millions of us, who, day by day, year by year, go on sacrificing our lives for things.

HEADLINE HISTORY WORLD WAR

WHAT HAPPENED NOVEMBER 12. Copyright, 1919, New Era Features. 1914 Allies retreat from east bank of Yser but repel German crossing; British hold Ypres despite terrific bombardment—Russians success in East Prussia continues; Czar's troops take Johannsburg, cutting the Lyck-Soldan railroad. 1915 Serbs retreat before Austro-Germans fighting desperately; French near Villes unsuccessful in effort to break through and bring aid—Bulgaria and Turkey protest to Greece; assert that Allies violates neutrality. 1916 French clear village of Salliseil of Germans; western front quiet at other points—Germans successful on Transylvanian front, capturing 1,000 Rumanians; von Mackensen's retreat goes on in Dobruza. 1917 Lloyd George, British Premier, sees victory in unified control; says Serbian and Rumanian disasters were due to lack of joint war direction; Italian disaster enforced the need; Bonar Law, Chancellor of the Exchequer, says War Council will be only advisory. However—Radicals and Loyalist armies clash in Russia; fierce fighting reported at Gatchina but result unknown—Austro-Germans cut off Italian forces along the upper Piave taking 14,000 prisoners; advance begun down the river progresses rapidly, reaching Feltra, 17 miles below Belluno. 1918 Emperor Charles of Austria abdicates—Complete text of armistice shows German power broken; Allied troops to occupy much of Germany; surrender of all German submarines and 150,000 railway cars—American army numbers 2,764,677 as war ends; 2,200,000 over-seas.

HOROSCOPE

This should be a lucky day, according to astrology. The Sun, Mars and Jupiter are all in benefic aspect. While this configuration prevails there should be a strong impulse toward all constructive activities. It is a most favorable time to venture into any new business or to seek better connections. Under this rule politics are especially well directed. It is a fortunate time for those who have ambitions. Better aspects govern all that pertains to the recent war. Adjustments and reorganizations are subject to good conditions. There is now a better condition for financiers and bankers who desire to gain the public confidence in their plans for national welfare. Building, whether it be structures for public or private use is again subject to encouraging conditions that promise much for the spring. Mars culminating in seventy degrees west longitude gives warning of danger to rulers in that part of the world. As Mars is on the cusp of the fourth house in the horoscope of the national capital, skyscrapers, forest fires and tornadoes. Incendiarism is encouraged by this aspect. The stars that made it possible for men to fight in the recent war are still powerful in their influence. The seers declare and for that reason riots and outrages in which young men of military age take part are to be expected unless wise care is exercised. Since the seers declare that the

TEXAS CROP REPORT BY GOVERNMENT AS COMPILED TO NOV. 1

WASHINGTON, D. C., Nov. 12.—Texas has made an average yield of 31 bushels of corn per acre, a phenomenal one for this state, and continues to hold third place in the list of states with a production of 222,455,000 bushels from 7,178,000 acres.

On account of the unusually warm weather and continued rains, which have obtained since the maturity of the crop, together with weevil damage during this period, the quality is lowered severely and is estimated at 83 per cent. This is exceptional for a crop which reached maturity in almost perfect condition. That part which was harvested in good season was of fine milling quality; that which was not has been discolored, and some grain has been sprouted in the ear.

The short crop of last year has been entirely fed out; but one-tenth of one per cent being reported on farms at this date. Less than one per cent of the total acreage—95 to be exact—has been cut for silage for which the average yield per acre of forage is reported at 3.5 tons.

Winter Wheat.
The average weight per measured bushel is 50 pounds. This crop has suffered great damage since harvest. Scarcity of labor and machines coupled with continued rainy weather throughout the summer were primarily responsible. Early threshed grain tested very high, the late threshed very low and a little still remains in the shock in a spoiled condition.

Oats and Barley.—The average weight per measured bushel for oats is 31 pounds and 45 pounds for barley. Both these crops have suffered in the same manner as has wheat.

White Potatoes.
The spring crop, especially in the important southeast district which includes the commercial section in Fort Bend, Colorado and adjoining counties, is a rain at harvest time caused heavy losses, lowered the keeping qualities of the part that was harvested, and made a much larger proportion of the crop of unmerchantable quality than is usual. The average yield is placed at 71 bushels per acre, the quality at 65 per cent, and the per cent grown for market 23. The entire crop, both commercial and agricultural, is 3,602,000 bushels.

Sweet Potatoes.
The season has, on the whole, been very favorable for this crop. The average yield per acre is 107 bushels, quality 87 per cent and 42 per cent of the crop is grown for market.

With an increase of 3 per cent in acreage this year 9,630,000 bushels have been produced from 90,000 acres.

Grain Sorghum.
Grain sorghum has made a wonderful crop and the only severe damage has come from the continued rains during the past two months which has caused some sprouting of the grain in the field, both standing and in the shock, and in many instances a loss of a large part of both grain and forage.

In many places the second crop is

TRADES UNION CONGRESS AT GLASGOW, SCOTLAND

TRADES UNION AT GLASGOW

The Trades Union Congress at Glasgow has been fighting hard for the nationalization of the mines, and a resolution was moved condemning the government proposal for the future governance of the mining industry and demanding a special congress to decide the form of action to be taken to compel the government to yield to the demands of the congress. This resolution was passed by an overwhelming majority. The congress at Glasgow had 830 delegates representing over 5,250,000 trade unionists.

good and almost equals the first crop where it was harvested under favorable conditions.

Present prospects point to an average yield of 33 bushels of grain and three tons of forage per acre. Based on an acreage of 1,793,000 acres these figures forecast a production of 59,334,000 bushels of grain and 5,394,000 tons of forage from this important crop.

Other Crops.
Figures for other crops reported upon this month are as follows:
Peanuts: Yield per acre, 25 bushels, quality 75 per cent. Sorghum sirup gallons produced per acre 68. Field Peas: Per cent of normal yield, grain 66, forage 72. Apples: Total production 77 per cent; number of bearing trees compared to 1910, census 96; quality 90 per cent. Grapes: Total production 80 per cent, quality 90 per cent. Pears: Total production 91, quality 95.

New Oil Sand on Oklahoma Side of River Bed

REPORTED A FOURTH TEST IN RIVER BED STRIKES THE SAND

Interest in the section northwest of the Burk Burnett Northwest pool, the Red River bed, and the adjacent section of Tillman county, Okla., was considerably stimulated today by the report of a fourth river bed test reaching the sand, promising an extension of more than two miles north east down Red River.

The well in question, the name of which was not learned today, is about 300 feet east of due south of the section line between sections 33 and 34, in Tillman county, directly opposite Meadows survey on the Texas side. The location is on the Oklahoma bluff, it is stated by the local operators, who brought back the news of the sand strike Tuesday afternoon. The sand depth is said to be 1600 feet approximately.

CAUSE OF MONDAY'S OIL FIELD FIRE IS TO BE INVESTIGATED

That an investigation into the cause of the fire which burned in two of the Western Oil Co.'s wells in block 97 this week will be instituted with a possibility of prosecution result was indicated at the county attorney's office Wednesday morning.

It has been claimed that the fire was caused when a lighter match was carelessly thrown into a flow tank. The investigation will be undertaken with a view of ascertaining whether or not this was done with intent, in which event arson charges likely would result. However, if the act was merely that of carelessness or negligence, no prosecutions will follow, for there must be intent before a crime can be committed, it was said.

PERFECT CONFIDENCE.

Wichita Falls People Have Good Reason For Complete Reliance.

Do you know how—
To find relief from backache;
To correct that over-urinary ills;
To assist weak kidneys?
Your neighbors know the way—
Have used Doan's Kidney Pills;
Have proved their worth in many tests.
Ask your neighbor.
Here's a woman's testimony.
Mrs. T. H. Chommond, 305 Fourth Street, says: "I have used Doan's Kidney Pills when my back has ached and my kidneys have acted irregularly and they have always given me quick relief. Doan's has been used in our home for many years and they have never failed to strengthen the kidneys of different members of my family. I am always glad to recommend Doan's Kidney Pills to anyone troubled with weak kidneys or backache, for I believe there is no better remedy made for such complaint."
Price 50¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Chommond had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

HOW AND WHEN TO TAKE ASPIRIN

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years.

"Bayer Tablets of Aspirin" can be taken safely for colds, headache, tooth ache, neuralgia, neuritis, rheumatism, joint pains, neuritis a pain generally.

Handy tin boxes of 12 tablets each but a few cents. Druggists also a larger "Bayer" box of 24 tablets each, the trade mark of Bayer Manufacturing Co., Monaceticacidester of Salicylic acid.

GLASS OF SALTS CLEAN KIDNEY

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water.

When Your Kidneys Hurt and Your Back Feels Sores, Don't Get Scared and Proceed to Load Your Stomach with a Lot of Drugs that Excite the Kidney and Irritate the Entire Urinary Tract. Keep Your Kidneys Clean and Your Bowels Clean, by Flushing them with a Mild, Harmless Salts which Moves the Body's Urinous Waste and Stimulates them to their Normal Activity. The Function of the Kidneys is to Filter the Blood, in 24 Hours the Strain from it 500 Grains of Acid Waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink Lots of Water—you can't drink too much; also get from any pharmacy about four ounces of Jad Salts take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will set free. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also neutralize the acids in urine so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot harm; makes a delightful after-dinner drink which everyone should take now and then to keep the kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

DOUBLE F DRILLING ON RIVER ACREAGE

SINKING TEST ON 40-ACRE LEASE NEAR RIVER BED WELLS.

The Double F Oil Company has commenced a well on their forty-acre tract out of the Sparks survey, 3,000 feet northeast of the General Oil Company's well, in Red River, officials of the company report today.

This company already has two wells on a tract in block 98, and the officials consider their lease in the Sparks survey very favorably located for production, since it is the western offset lease to the Burk Bet Oil Company's acreage, and is only a short distance west of the Burk Senator.

DEEPENING K. M. A. RESULTS IN PROMISE LARGER PRODUCTION

Promise of a much larger production than indicated at any previous time, is considered as held out by the Kemp-Munger-Allen well today, according to reports J. A. Kemp has from the field. The well was put a little deeper into the sand, increasing the flow, it is reported, and Tuesday evening, after Mr. Kemp had come in from the well, several unusually large flows were made, according to telegraphed reports from the Munger ranch house.

QUANTITY SILK SHIRTS AND UNDERWEAR STOLEN

DALLAS, TEX., Nov. 12.—Silk shirts and underwear valued at \$1,000 was the loot of burglars who entered a tailoring company here last night.

TEST OF GENERAL WELL IS WAITING FOR PIPE LINES

Actual test of the General Oil Company's No. 1 Sparks will be held up until the pipe line, which is now three miles away, is brought to the well, officials of the company stated Wednesday morning. The well was turned loose Tuesday afternoon for a short time, the oil going to the top of the derrick, it is reported.

There were a number of visitors at the well at the time, it is stated, 30 or 40 automobiles filled with men and women from Wichita Falls who are interested in the new strike being at the well during the afternoon.

The well was drilled on with a rotary, the sand being found at a much shallower depth than was expected, and for this reason the rotary was still on. Able, the driller, was given 150 shares of the General Oil Co.'s stock, local officers stated.

CASING SET IN THE RED RIVER VALLEY TEST IN MONTAGUE

NOCONA, TEX., Nov. 11.—The Red River valley test on the W. W. Jones farm, seven miles out north, is drilling at 1,100 feet, having set the 12 1/2-inch casing at 900 feet, and is working in blue shale, the last salt water being around 810 feet. The well is dry since the casing was set. This is considered a quite favorable condition and from the geological dope, a strike of some kind may be anticipated.

LOW WAGES TEMPTATION FOR GIRLS TO GO WRONG SAYS WITNESS AT DALLAS

DALLAS, Nov. 12.—To the young girl, low wages are a constant temptation to go wrong, a girl employed by a Dallas department store, told the state industrial welfare commission at the opening today of a four day wage investigation here.

Half a dozen other working girls appearing before the commission, reiterated this opinion, one young witness amplifying her viewpoint with this statement: "Young girls want pretty clothes. They see their friends earning more money than they do with nice things to wear and they are strongly tempted to secure wearing apparel in any way they are able."

Basis for recommending a minimum wage for women and children in Texas is being sought by the commission. It seemed the general opinion among girl wage earners examined today that working girls dependent entirely on their own resources should receive a minimum wage of about \$15 or \$20 a week.

"A girl can barely get by on \$15," one witness said, and pointed to the tremendous increase of necessities. Wages of girls examined today ranged from \$11.50 to \$32.50 a week.

CAVE IS ASSISTANT TO ATTORNEY GENERAL

AUSTIN, Nov. 12.—The appointment of W. W. Cave of San Antonio, an assistant attorney general, was announced today. Mr. Cave, who has assumed his duties, comes to the department as an additional assistant.

BIG INCREASE IN PRODUCTION OF PETROLEUM

Gain for September Over August Is More Than Half a Million Barrels

WASHINGTON, Nov. 12.—The quantity of crude petroleum marketed by United States producers in September, 1919, according to the geological survey, amounted to approximately 34,487,000 barrels, an increase of 5,000,000 barrels over August and of 4,051,000 barrels over September, 1918.

For September, 1919, production of the Oklahoma-Kansas field leads with 10,976,000 barrels. California is second with 9,250,000 barrels and Central and North Texas is third with 6,363,000 barrels.

It is estimated that 23,861,000 barrels of domestic crude petroleum was consumed in September, being 3,976,000 barrels less than the quantity delivered in August, 1919.

Pipe line stock on September 30, 1919, and held by consumers who receive oil directly from the wells were approximately 138,517,000 barrels an increase of 626,000 barrels over the quantity on hand August 31. This increase was principally in the Mid-continent field.

The excess of imports of petroleum over exports from January 1, 1919, to September 30, 1919, was 34,982,190 barrels, the bulk of imports coming from Mexico.

HOTEL PROPRIETORS FEAR EMPLOYERS WILL STRIKE

NEW YORK, Nov. 12.—Danger of a general strike of hotel employees,

with its ultimate object, the "taking over" of hotel properties, was discussed today at the 24th annual convention of the New York State Hotel Association. Assertion that December 20 had been decided upon by radical leaders as the date for such a strike was made by Frank Boland, attorney for the association.

TWO CHILDREN ARE BURNED TO DEATH NEAR ALTUS, OKLA.

ALTUS, OKLA., Nov. 12.—While their mother was picking cotton the two small children of Hubert Underwood were burned to death when the home was destroyed by fire.

URGES RESUMPTION OF TRADE WITH THE GERMANS

NEW YORK, Nov. 12.—Immediate resumption of trade with Germany by export from the United States of food stuffs and raw materials urgently needed by that country was urged last night by Otto H. Kahn, banker, at a dinner of the Council of Foreign Relations.

Kahn declared it unnecessary to await ratification of the peace treaty and said self interest should direct American industry towards this course. Other speakers advocating the same action were Frank A. Vanderlip and Frederick R. Coudert.

GERMANO-RUSSIAN FORCE PUSHED BACK BY LETTISH TROOPS

DORPAT, LIVONIA, Nov. 12.—Lettish troops in the region near Riga attacked the Germano-Russian forces of Colonel Bermond yesterday and pushed them back several miles along the entire line, the Lettish conferees at the Baltic state conference here were advised today.

The attack resulted in Riga being entirely freed from menace by Colonel Bermond's forces. The Lettish, it is added, captured a battery of heavy guns and numerous machine guns.

OUTLOOK HOPEFUL IN NORTHWESTERN RUSSIA

REVAL, Monday, Nov. 10.—The outlook in Northwestern Russian is regarded as hopeful notwithstanding recent reverses. The optimism is apparently based on the taking over by France of the duties of the British military mission with the appointment of General Nessel, in command. He is expected to arrive in the next few days and it is hoped that unity of command will be established and sufficient supplies assured.

The evacuation of Yamburg is extremely difficult, as the town is crowded with refugees and the hospital are filled. Communication with Narva is had owing to the lack of rolling stock.

AMERICAN DELEGATES TO START HOME DECEMBER 1

PARIS, Nov. 12.—Remaining members of the American Peace delegation plan to start for home on the George Washington about December 1, it was learned today. Winding up of American affairs in the conference will be left to the United States embassy, it was said.

CHARGE CHICAGO BROKERS WITH HAVING PROFITEERED IN WAR SAVINGS STAMPS

CHICAGO, Nov. 12.—Five Chicago brokers paid to have been buying war savings stamps at a discount, and to have sold them to the government at profits ranging as high as 50 per cent were held here today by koveram.

More than \$150,000 worth of stamps were confiscated. It is a violation of the law for one individual to own more than \$1,000 worth of stamps. One broker had in his possession at the time of the raid in excess of \$55,000 in stamps, it was stated.

ITALY CELEBRATES THE BIRTHDAY OF ITS KING

ROME, Nov. 11.—All Italy celebrated the King's birthday. At Rome, War Minister Albricci reviewed the guard.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Dr. F.M. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

son as part of the day's activities. Public officials in all the provinces telegraphed their congratulations. King Victor Emmanuel was born November 11, 1869. He succeeded to the throne July 29, 1900, upon the death of his father, King Humbert.

Plot to Overthrow Ecuador.

TULCAN, ECUADOR, Tuesday, Nov. 11.—A plot has been discovered here to overthrow the government. A store of arms and ammunition has been captured by the authorities. The headquarters of the conspiracy is believed to be in Columbia.

LATEST NEWS AND VIEWS OF INTEREST TO SPORT FANS

T. C. U. SCRUBS TOO HEAVY FOR LOCALS

STRONG DEFENSE OF WICHITANS HOWEVER HOLDS DOWN SCORE OF RIVALS.

Too much weight and superior teamwork of the second team of T. C. U. spelled a 15 to 0 defeat for the local high school eleven at the Katy park Tuesday afternoon before a large crowd. While individual stars on Wichita Hi such as Weldon, the agile half-back who consistently outplayed his opponent averaging from 14 to 15 yards the better; Bashara, who got away with some pretty broken field gains and McConkey, the heavyweight guard who was in every play, kept the score down; they could not break the visitors' defense nor effectively stop the fast backfield.

The T. C. U. score consisted of two touchdowns and one safety, the safety

coming as a result of a weak punt against the wind, one that loosed down a result of a forward pass, the other a fluke.

The locals put up a plucky fight against a team that was touted to win by a much larger score, on account of the fact that several of the scrubs would have been on the first team had they not been ineligible.

The work of Rush, left halfback of the visitors was a feature of the game and the locals seemed unable to stop the fleet half.

The fierce game was used to good advantage by T. C. U., one of the touchdowns coming from that source and other important gains as well, but Wichita Hi didn't have much luck with the passing game although she got away with one pass good for 10 yards.

T. C. U. gained almost at will in the middle, but on several occasions when within three or four yards of the goal the local defense tightened and they were held for downs.

The line-up for the game was as follows:

Wichita Hi.
Hasey, center; McConkey, right guard; Waller, left guard; Davis, right tackle; Norris, left tackle; Hughes, right end; Jackson, left end; Trotter, quarter; Wilson, fullback; Bashara,

(capt.) right half; Weldon, left half.
T. C. U. Second.
McFarland, (capt.) center; Cooper, right guard; Haisell, left guard; Guber, right tackle; Morrison, left tackle; Turner, right end; Wood, left end; Lyon, quarter; McKowan, fullback; Lewis, right half; Rush, left half.
Officials: Ward, referee; Weaver, time keeper; Hale, head linesman.
The next game the local Hi plays will be against Bowie at Bowie next Saturday, the following Saturday they play Galveston here.

PREPARING TO REOPEN DEPOT AT STAMFORD

STAMFORD, TEX., Nov. 12.—Preparations are being made for the reopening of the M. K. & T. freight depot here on November 15. Carpenters are at work on the building and will have the building ready at that time. The warehouse force was kept busy last Sunday unloading local and transfer freight.

Both M. K. & T. and Wichita Valley railroads have placed switch engines here and the shipping problem has been improved to a considerable extent.

An express depot has been asked of the American Railway Express Company, and the proposition has been put up to the allroads by officials of the Express company, but nothing definite has been done relative to the building of the depot.

NEW ATHLETIC FEATURES TO BE ADDED TO WORK OF HIGH SCHOOL BOYS' CLUB

A new feature is to be added to the high school boys club in the nature of athletics, according to a decision of the members of the club at a meeting held at the high school Monday night, which was attended by about 55 boys including a number of visitors.

An athletic committee, consisting of Frank Patton, Cornelius Chawling and Edwin Weldon, was appointed to look after the securing of athletic material for boxing, wrestling and other activities and to report exactly what would be needed to further these branches of sport in the high school.

Following the business session presided over by Abe Bashara, the president, a very interesting and amusing program was rendered. The next regular meeting will be held next Monday night at 7:30 in the high school auditorium.

CALL LABOR CONGRESS TO MEET IN LONDON

LONDON, Nov. 12.—A special congress composing representatives of all organized labor was called a day to meet in London December 8, to discuss the nationalization of the mines. It will consider what action might be taken to compel the government to bring to effect the recommendations of the Sankey commission that nationalization be effected.

Professional, surgical and dress corporations.—L. Oleta Walker, Phone 2120, 1301 Lamar.
Frank Kell has returned from a business trip to his New Mexico ranch.

BASEBALL PEACE MOVE DELAYED BY "SORE FOOT"

NEW YORK, Nov. 12.—Peace moves in the baseball war have been blocked by a sore foot.

Garry Herrmann, chairman of the National Commission had a porch set up yesterday for the dove of peace to light on but Ben Johnson, American League president, developed a lame foot and couldn't travel "in comfort."

So the meeting, which Herrmann brands as a move for an armistice in the American League "revolution" has been moved over until "later in the week."

About the only move that seems within the province of the commission is to meet the request of the American League board of directors and turn over to the New York Yankees their share of the world series money, which is being withheld on the protest of Frank Navin, the Tiger president.

DELINQUENT CHILD CASE IS REVERSED BY HIGHER COURT

AUSTIN, TEX., Nov. 12.—The court of criminal appeals today reversed the judgment against Jennie May Cain, a thirteen year old girl who was found to be a delinquent child and sentenced to the girls' training school until she becomes twenty-one. Brief of the appellant sets out that this girl was taken in charge by the county judge without warrant or complaint and sentenced without knowledge of her parents. The higher court reversed this judgment because the district court refused to allow the county judge to testify as to the above allegations. The judgment against Roy Anderson of Jones County, sentenced to thirty years in the penitentiary for murder, was affirmed.

In reversing the judgment against Abel Temple, who was given a five year sentence for robbery, the court of criminal appeals held that the trial court erred in refusing to charge the jury that if money lost by Temple in a card game and taken by him under circumstances that would indicate it had been won by fraud and not by the rules of the game, the money still belongs to Temple and he was not guilty of robbery in taking it.

The Jennie Cain case was appealed from McLennan County, and the Abel Temple case was appealed from Matagorda County.

ELECTION RIOT IN SMALL INDUSTRIAL TOWN OF FRANCE

PARIS, Nov. 12.—An election riot with revolutionary features occurred today in the small industrial town of Dorton, department of Ain, where extremists are numerous. The republican candidates were received with shouts of "Long Live Lenin and the Revolution!" "Long Live the Boches!" "Down with the Enemy and the Bourgeoisie!"

Republicans were threatened with death and besieged in the town hall by the turbulent elements. Red flags were carried and the revolution was acclaimed by the besiegers.

LEADING DEMOCRATS CALLED TO MEET AT FT. WORTH MONDAY

FORT WORTH, Nov. 12.—Democratic leaders from all over Texas have been invited to Fort Worth next Monday to confer with Chairman Homer Cummings of the national executive committee. He will be here all day and will discuss party affairs in Texas. Chairman M. H. Wolfe of the state executive committee will be at the conference. From Fort Worth, Cummings will go to Oklahoma City to hold a similar conference.

METHODIST CONFERENCE CONVENES IN WACO

WACO, TEX., Nov. 12.—The central Texas Methodist conference is in session here today. The opening session was presided over by Bishop W. N. Ainsworth of Austin. After the usual preliminaries the conference recessed to visit the Methodist orphanage where luncheon was served at noon.

REPLY OF RUMANIA IS UNSATISFACTORY TO THE CONFERENCE

PARIS, Nov. 12.—The reply of Rumania to the Allied note recently in which it was again demanded that Hungary be evacuated, is regarded in peace conference circles as wholly unsatisfactory.

The note, which was considered by the supreme council today, is characterized as extremely evasive. The Rumanians indicate a willingness to retire to the river Theiss but they decline to respect the original demarcation lines and also decline to comply with the Allied request that they name a member of the inter-Allied commission to compile the value of the goods seized in Hungary by the Rumanians so that this amount can be deducted from the total of the reparations due to Rumania.

WILMINGTON FIRE DAMAGE ESTIMATED ALMOST \$400,000

WILMINGTON, DEL., Nov. 12.—Fire estimated to have caused between \$30,000 and \$400,000 damage destroyed two four story bath houses in the business section here early today.

Firemen battled with the flames for five hours before they were subdued. Three firemen were badly injured and scores overcome by smoke.

CONKWRITE PRESIDENT OF BAPTIST CONVENTION

SHAWNEE, OKLA., Nov. 12.—The Rev. P. J. Conkwrite of Sapulpa, was chosen president at the state convention of Baptists in session here. Rev. T. M. Hunter of Claremore was selected secretary and treasurer. The convention is working on plans to raise the two million five hundred thousand dollar quota allotted to Oklahoma.

STAMFORD INN SOLD WILL BE IMPROVED

STAMFORD, TEX., Nov. 12.—The Stamford Inn has been sold and a new management will take hold about December 1. Several thousand dollar improvements will be added to the building.

OPPONENTS JOIN IN ATTACK ON LADY ASTOR IN BRITISH CAMPAIGN

PLYMOUTH, ENGLAND, Nov. 12.—Labor and Liberal candidates have joined forces in an attack upon Lady Astor's American birth, intimating that woman member of the House of Commons.

The opposition candidates' speeches yesterday attacked everything from Lord Astor's war record to Lady Nancy's American birth, intimating that the Astor peerage was bought with American money and concluded by declaring that the Viscountess could not be depended upon to work for the working people.

Lady Nancy continued her whirlpool campaign yesterday and last night

KRAMER IS APPOINTED PROHIBITION OFFICER TO ENFORCE NEW LAW

WASHINGTON, Nov. 12.—John F. Kramer, an attorney of Mansfield, Ohio, has been appointed federal prohibition commissioner in direct charge of the field force which will be used in enforcing the temporary and constitutional dry laws.

THREE HUNDRED OF WACO STUDENTS ARE SUSPENDED TODAY

WACO, TEX., Nov. 12.—Three hundred high school students, boys and girls were suspended in Waco today for this morning's Principal Genheimer for quitting school yesterday and staying out all day because they were not allowed a holiday. The students celebrated Armistice Day in their own way, but when they appeared this morning they were sent away by the principal. They will appeal to the school board which meets this afternoon.

ROCKPORT NO LONGER UNDER MARTIAL LAW

AUSTIN, TEX., Nov. 12.—Martial law which has been in force at Rockport since September 19, following the Coastal storm, was revoked today by the governor.

ROBUST CHILDREN

A child should not look pale, thin or worn. Such condition denotes malnutrition. To keep up growth and robustness a child needs a plenitude of food rich in vitamins.

SCOTT'S EMULSION

abundant in growth-promoting properties, is an ideal supplemental food that could well be a part of the diet of every growing child.

Children always do well on Scott's Emulsion.

Scott & Borne, Bloomfield, N. J.

Healthy Liver Healthy Life

Your liver—healthy or clogged, active or sluggish—makes all the difference between a vigorous, cheerful life and low spirits and failure. To subdue a stubborn liver, overcome constipation, distension, biliousness, indigestion, headache and the blues there is nothing on earth so good as Carter's Little Liver Pills. Purely vegetable.

Small Pill—Small Dose—Small Price

DR. CARTER'S IRON PILLA, Nature's great nerve and blood tonic for Anemia, Rheumatism, Nervousness, Helplessness and Female Weakness.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your eyes seem as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white substance made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses highly recommend Musterole for sprain, rheumatism, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the neck or joints, sprains, sore throat, swollen, chills, frost-bite, sores of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.00.

NEGLECTING THAT GOLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it.

IT'S natural you don't want to be careless and let that old, cold or cough drag on or that new attack develop seriously. Just when you can get such a proved, successful remedy as Dr. King's New Discovery.

Cold, cough, gripe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been, and it's been growing steadily in popularity for more than fifty years. 50c and \$1.20 a bottle at all druggists. Give it a trial.

Hardy Bowels, Inert Liver

They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

Feel right for anything—make the liver lively, the bowels function regularly, with Dr. King's New Life Pills. Smoothly yet positively they reduce results that cleanse the system and make the liver and bowels respond to the demands of a strong, healthy body. Still 25c.—at all druggists. Try them tonight.

To abort a cold and prevent complications, take

The purified and refined Calotabs tablets that are non-toxic, safe and sure.

Medicinal virtues retained and improved. Sold only in sealed packages. Price 35c.

WITH DEALERS OUT OF COAL CITY IS FACING PROBLEM

NOT A POUND ON HAND, DEALER TELLS THE TRAFFIC COMMITTEE.

RAILROAD TO RUSH SHIPMENT

Katy Official to Take Matter up With the Fuel Administrator.

That there is a serious shortage of coal, further increased by the cold spell, was brought out at the regular weekly meeting of the traffic committee of the Chamber of Commerce with the representative of the railroad this morning when O. P. Harlow, local coal dealer, reported "not a pound on hand" and no news of four cars which left McAlester 14 days ago. The matter was brought to the attention of Major F. F. Hickey, general superintendent of the Katy, who said the coal was held up at Denton and gave assurances that he would take the case up by wire at once with the fuel administrator at St. Louis.

He was asked as to the likelihood of borrowing enough coal from the railroad to meet the emergency, he declared the Katy had only about four cars available in the local yards at present. He added, however, that they had sufficient coal on the way to meet their own needs.

A matter which had been hanging in the air for some time, the opening of a separate information bureau at the Union station was put through by authorization of G. T. Allimen, the ticket agent, to establish a booth in the waiting room to be open 20 hours during the day, in charge of one man on each ten hour shift, the exact hours to be determined by the needs of the public and left up to the judgment of Mr. Allimen. Assurance was given by the representatives of the railroad of the necessary financial support and it was decided to have the telephone number of the information booth the same as the number of the ticket office.

Attention of the traffic board was directed to the bad condition of the street leading to the team tracks and Traffic Manager Chatham promises to take the matter up with the city.

In behalf of the city, T. B. Nobis congratulated the railroad on the support accorded the city in expediting the securing of paving and other material used by the city for public work.

A renewal of the permit system by the railroad is looked for as soon as the coal strike is settled providing favorable weather continues, the railroad men said, and freight matters are moving just about as smoothly as could be expected considering the

BAPTIST DIVISIONS MAKE CENSUS REPORTS

Preliminary reports of the "Enlistment Census" which the Women's Auxiliary of the Baptist church is conducting for the purpose of enrolling workers for the Seventy-five Million campaign, and for securing names of Baptists in Wichita Falls for the neighborhood leaders to use in their work during the year, were made at the separate division meetings, held Monday. The complete reports will be made on next Monday, when the business meeting will be held.

EPISCOPAL GUILD MEETS MONDAY AFTERNOON

Monday afternoon the Guild of the Episcopal church met in regular session. The report of the success of the banquet served the men of the church the previous Wednesday evening was discussed, and much satisfaction expressed with the results.

On Monday, November 17, the regular monthly missionary meeting will be held, the place of meeting to be announced later.

The members at the meeting Monday were: Mesdames Allen, Datson, Gates, McDonald, Galbraith, Wren, Lynch, Shaw, Morrow, Goodale, Jones, Scott, Strub Moore, Johns and Sammons and the Rev. F. T. Datson.

SPECIAL SESSION WITH MISS CADY AT Y. W. C. A.

Tonight Miss Cady, Y. W. C. A. educational headquarters, New York City, will hold a "discussion group" at the Y. W. C. A. recreation room with the business girls of Wichita Falls, and a large attendance is expected. Miss Cady met with the girls at their preliminary organization of their club on Monday, and those who heard her at that time said they were glad to hear of the opportunity of a second meeting with her.

Tuesday afternoon Miss Cady, and also Miss Geary, the economics and housing expert, who was in Wichita Falls on behalf of the Y. W. C. A. building program, spoke at the all-day session of the Women's Missionary Society of the First M. E. church. Miss Cady will speak at the Rotary Club Thursday. Miss Geary returned Dallas Tuesday night.

BUSINESS GIRLS' CLUB BEGINS ORGANIZATION

Organization of the Business Girls' Club will be completed at the Y. W. C. A. recreation room next Tuesday, November 18. The nominating committee and also the program committee were appointed to meet at the next meeting. All business girls of the city who have not yet expressed an intention of joining are urged to join at the next meeting.

FAILS TO STAY OUT OF JAIL A FULL 24 HOURS

Among the inmates of the city jail given their liberty by Mayor Marlow Tuesday as a celebration of the "Armistice Day," was a man charged with vagrancy.

But he didn't stay out long and before the day was over he had again run afoul of the law on a charge of resisting an officer. When the officers questioned his motives in persisting in loafing around the city he was very rude and even went so far as to take flight when the officers attempted to take him in tow. He was soon taken in hand and a charge of resisting arrest placed against him on the blotter. He was found guilty in police court Wednesday morning and fined \$10, the lightest fine for an offense of its nature.

BLAIR'S COMEDIANS DRAW SECOND CROWDED HOUSE

The third and final showing of "The Millionaire's Son and the Shop Girl" is the program for Jesse Blair's stock company at the tent theater on the corner of Tenth and Ohio Wednesday evening.

The melodrama met the applause of the second big audience of the week at the second showing Tuesday night. The four fast actors are well staged and the character delineation was good, the appeal of the first night presentation being reflected in Tuesday night's patronage.

"The Call of the Woods," a play of the north, is the bill for the latter half of the week, beginning Thursday night and continuing through Saturday night.

To stockholders Old Hickory Oil Co. No. 1: You are requested to meet at the office of Harry L. Carter, room 15, 715 1/2 Ohio avenue, Wednesday, November 12, at 7:30 p. m. for the purpose of hearing the report of the committee appointed at last stockholders meeting and to take further and necessary action for the protection of their interests. Ed Howard, chairman of committee. 115-217.

Every Other Person Has Seborrhea

Nearly everyone suffers from the scourge of seborrhea.

That there is no need for people longer to have dandruff and falling hair.

From stops seborrhea and ends falling hair and itchy scalp.

It destroys the seborrhea germ by penetrating to the hair glands.

A healthy scalp results and vigorous new hair grows.

From contains no alcohol to dry the scalp and cause dandruff.

It is sold on a positive money-back basis. If you are not satisfied with the results of the large bottle which costs One Dollar, your money will be returned.

There is also a small bottle of Pemo at 50 cents. Pemo is sold at all retail goods concerns and apothecaries may be had at the better barber shops.

Seborrhea is a curable disease from the seborrhea glands of the scalp. The seborrhea germs which cause it are killed and it is completely removed.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marquette, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

O. F. MARCHMAN Real Estate and Investments, 723 Indiana Avenue, Next Door to Woolworth's Phone 2851.

Mr. Cowling Sr. has disposed of his entire holdings of \$10,000,000 in the Oil Patch and is devoting his entire time to the real estate business. The old man entertains the ladies, young Cowling (Pat Arbuckle) attends to the contracts, deeds and abstracts, Mr. J. B. Miller is manager of the sales department, L. M. Thayer has charge of the listing force, and Miss Cowling looks after our oil leases. Now, we have made about all the money this year that a lousy "Hot Iron Arkansas" ought to make, and would quit business but for the fact that we want to pay a large income tax so we can help "bring the boys home."

DECLARE ENEMY AT HOME MORE DEADLY THAN THE GERMANS

FIGHT AGAINST BOLSHEVISM WILL BE SEVERER TEST THAN WAR.

AMERICAN LEGION PRAISED

Principles for Which It Stands Declared Worthy of Support of all Ex-Soldiers.

Armistice day memorial ceremonies were conducted with a semi-religious, wholly patriotic program at the First Methodist church last night, a crowd that two-thirds filled the edifice being present, numerous ex-service men composing part of the crowd.

Patriotic vocal music by a choir and the audience sang an excellent vocal solo by Mr. Brannon formed the musical feature of the program.

J. B. Hatchitt presided and he, too, made a few remarks just before the close of the program.

The Rev. Dr. Grafton, his left arm in a sling, gave a very eloquent and appealing invocation at the beginning of the program. He gave thanks that the war was ended and that Wichita had gathered to pay homage to the men who fought and died that America and the world at large might live.

He was thankful that America had passed safely through the war and that now its people could turn their thoughts to pursuits of peace; thankful for the men who so unselfishly paid the price that there might be a better world in which to live, for their brave and courageous spirit and that most of the sons that Wichita Falls sent forth to battle came safely home again.

Some of them, though, said he in his prayer, slept in graves across the sea, having gladly gone to their death and placed their lives upon the altar of sacrifice that the principles for which our country and her allies stood might live. He prayed that the more fortunate ones, those who did not go and those who returned, might live the sort of lives for which those heroes died.

The audience and choir, standing, sang "America."

D. C. McCaleb was the first speaker and he related incidents and episodes of Armistice day a year ago in France. His talk was interspersed with anecdotes, although it contained too, hints of the horrors of warfare and of the atrocities practiced by the Germans upon soldiers and civilians.

"The war did not end too soon," said Mr. McCaleb, who was a captain. "We were tired out, uncon-

COURTESY AND CHEERFULNESS

A combination with which we spice every sale. Some people have an idea that drug stores are pretty much the same the world over. They do not consider the fact that stores have character just the same as individuals. Study the store in any community and you will soon learn as to how they differ. At our store customers are greeted with a happy smile and a word of welcome. Courteous attention is given to customers while shopping. All packages are neatly wrapped. In fact our service throughout is marked by care. We do everything in our power to guard customer's interests.

We shall appreciate an opportunity to prove to you that our drug shop is "different."

First Attention to All Orders For the Sick

fortable, dirty, sleeping without sheets and having none of the comforts and niceties of home.

"We were the boys," said he in closing, "who put the straw in the load that broke the camel's back."

His talk, like the others, was applauded. Mr. Kell, who spoke after Mr. Brannon had sung his solo, told of Armistice day in Washington, where he had been called in connection with food administration work. He called November 11 "the new national holiday" and classed it as at least as important as July 4.

"We are here tonight to ratify what our boys did over there, to give their victory our approval," said Mr. Kell. "They gave up their homes, their business, their blood and their lives to preserve us and ours, and we are here to formally welcome them back and to say to them that we approve everything they did."

"To the young men who gave up their homes, their business, their opportunities, their kindred and everything dear to them and offered to die and did die, in defense of the flag, I wish to say that we have something to be forever proud of."

He paid a tribute to Pat Carrigan and declared that it is fitting that the chapter here of the American Legion should be named for him. He declared that he would like to see the American Legion perpetuated; that while the youth of the land was overseas fighting for the country the I. W. W. and the Bolsheviks gained a foothold here and there, that the men who came back, the men who now are the backbone of the American Legion, might have to defend the country within its borders from a worse foe than they met on the battlefields of France.

"The duty of every man and woman, every boy and girl to see that the organization is financed and I wish to say now and here that I stand willing and ready to give you my money and my time for this great organization and to help make it perpetual," said Mr. Kell. "The people should awake to their duty and should have reference to the boys who defended the flag and saved the country."

The chorus of "It's a Long, Long Trail" was sung thrice. A. H. Britain was the next speaker and he gave an interesting review of the history of the armistice and of negotiations that began October 5 when the then imperial German government announced that it wished to begin negotiations that would result in the tender by the allied armies of armistice terms. He reviewed the great work of the American press in the evacuation of Germany of all territory occupied by her armies, the surrender of arms and supplies and of her navy, the return of people held virtually as German hostages to their homes, and the terms put Germany in such shape that she could not have fought again had she desired.

He told of the hard terms imposed by the Germans when France was vanquished in the Franco-Prussian war in 1871 and declared it was fate that the French should sit in the same hall in Versailles and impose terms upon the Germans more harsh

even than the Germans had imposed upon them there 47 years previously. "My heart swells with pride when I think of the part this country and its noble boys took in the war and its winning," declared Mr. Britain. He paid a glowing tribute to the 2,000,000 men who were trained and equipped as soldiers.

"We at home did our part, but the honor for the victory in the great war must go to their brave boys who went across seas to a foreign country. To them belong the laurels," he said. "Then he expressed happiness because the Hun, with his atrocities, never came to America."

Mr. Hatchitt made an excellent talk, despite its brevity. The real test of citizenship, said he, comes in times of peace for it is easy enough to go forward to battle when some foe threatens the land.

He rapped Bolshevism and urged that all men and women who saw service in the war join the American Legion.

"The Star-Spangled Banner" was sung standing and the Rev. J. Lem Kaevel offered benediction and the first Armistice Day memorial observance in Wichita Falls' history was at an end.

PROCEEDINGS INSTITUTED TO REMOVE FRAME BUILDING

Proceedings have been instituted in the city court by Fire Chief McClure to effect the removal of the frame building from the corner of Sixth and Scott on account of the fact of its being in the fire limits in violation of the city fire ordinance.

Myles O'Reilly, owner of the property, was unaware that the wooden building was on his lot and joined with the fire chief in the effort to cause a removal of the building.

GWINN FUNERAL IS HELD TUESDAY AFTERNOON

The funeral of F. J. Gwinn, who was fatally injured in an oil field accident near Bacon Monday, was held at the home of Ed Smith on Tilden-st. at 2:30 Tuesday afternoon. The service was in charge of Rev. Ch' Han of the Church of Christ and interment made in Riverside cemetery.

The ladies of Floral Heights M. E. Church will have a rummage sale Nov. 13 and 14 at 902 Scott. 166-21

JACOB TAMMEN DIED HERE MONDAY NIGHT

Jacob Tammen, a farmer 38 years of age and a native of Germany, died at his home on a farm 7 1/2 miles east of town Monday night. The funeral service was held at the family home with burial in Riverside Wednesday afternoon. Rev. Bingham of the Methodist church conducted the service.

BURNED TO DEATH BUILDING FIRE AT BOMARTON SCHOOL

Use of kerosene oil in lighting a fire in the Bomarton school twelve miles south of Seymour cost the life of Rex Cassie, aged 11 years, Monday.

Last Friday the boy attempted to build a fire at the school house. He liberally sprayed the kindling and wood with oil and then set the can near the stove. When he applied the match the oil and can ignited with a flash. The boy was badly burned, although he lived until Monday morning at 4 o'clock.

He was the son of Mrs. J. N. Cassie. The funeral was conducted Monday from the family residence near Bomarton.

No one else was injured nor was the school building or contents damaged.

ANNOUNCEMENT The Wichita Studio will reopen about December 1, when our new building at Tenth and Austin will be completed. J. W. NOSSETT
