NEW CONVENTION OF COAL MINERS NOW NECESSARY

Explained That Any Compromise From Demands Must Be Submitted

PALMER, GARFIELD AND HINES IN CONFERENCE

Expected to Call Joint Meeting of Miners and Operators to State Position

WASHINGTON, D. C., Nov. 24.—A new convention of the United Mine Workers will be called to act upon any settlement of the coal strike reached by the union officials in conference with operators here, John Lewis, miners' leader, said today.

Reconvening of the miners would take four days, according to Percy Tellow, miners' statistician.

Lewis explained that at the recent Cleveland convention the union officers were ordered to get a 60 per cent wage increase and to accept any compromise of these demands would have to be referred to the convention.

"We should not recommend settlement to the convention on any less basis than the 31 per cent increase as proposed by Secretary Wilson," Lewis said and denied that operators have offered to settle on a basis of 25 per cent increase.

"The operators have made no offer of more than 20 per cent," he said. Minister Garfield and Rail Director Hines joined together today.

After this conference, Garfield was expected to call a joint meeting of miners and operators to make clear the government's position.

Garfield told Lewis and Thomas T. Brewer, president of the operators, to hold themselves in readiness for the conference.

Garfield first was to confer with Attorney General Palmer, Rail Director Hines and Assistant Attorney General Ames. It was expected that the position of the government would be determined at this meeting on the question of how much the operators will be permitted to add to the selling price of coal to cover increased wages.

CABINET TO CONSIDER QUESTION ON TUESDAY

WASHINGTON, Nov. 24.—Settlement of the coal strike is expected to be put squarely up to President Wilson after the cabinet meeting tomorrow.

The cabinet is slated to cover the whole problem and then the various proposals and counter proposals that have been made, together with the operator's offer of a 25 per cent increase, will be taken up.

Operators hope to hear today from Garfield with whom they asked a conference Saturday. They declare they will not, unless ordered by the government to do so, accept the offer of the miners of a twenty per cent wage rate which would increase prices 35 cents a ton to consumers.

Miners consider the government already has given this order through Secretary Wilson, who proposed a compromise on the basis of a 31 per cent increase.

ARE WAITING RESULT OF WASHINGTON CONFERENCE

CHICAGO, Nov. 24.—Industrial plants all over the middle west continued to close down today, fuel supplies to public utilities were curtailed further, and regional committees advised individuals to buy coal as the nation-wide strike of bituminous miners entered its 24th day.

The only large producing center reporting activity during the last 24 hours was West Virginia, where the output in the non-union fields of the southern part of the state was said to be normal.

The operators also asserted that additional operating mines in the New River and Kanawha districts in that state were expected to open today.

In the great bituminous fields of Pennsylvania, Ohio, Indiana and Illinois, the miners apparently were determined to remain idle under a settlement of the controversy over wages and hours is reached by the conference at Washington of operators and officials of the United Mine Workers of America.

Indianapolis, manufacturers agreed to close their factories three days a week, beginning today, until the coal shortage is relieved. In Chicago heat was shut off in street cars.

Five hundred Virginia state troops today reached St. Charles, a mining town near the Virginia-Kentucky border, where it was reported radicals threatened to shoot any striking miners who attempted to return to work.

WAGE NEGOTIATIONS MOVING TO A CLIMAX

WASHINGTON, Nov. 24.—Wage negotiations promised to move today to a climax, as coal mine operators and government officials participating resumed consideration of the deadlock in the industry.

FORMER VICE-CHANCELLOR SLATED FOR PROSECUTION

Doctor Karl Helfferich, former Chancellor of Germany, who is likely to be prosecuted for his statements concerning Matthias Erzberger, the peace program of 1917, etc. The Minister of Justice has the matter in hand.

BROTHERHOODS CONSIDER THE HINES' OFFER

Five Hundred General Chairmen Meet in Cleveland to Consider Proposal

CLEVELAND, Nov. 24.—Five hundred general chairmen of the four railroad brotherhoods met here today to consider the overtime proposal submitted by Walker D. Hines, director general of railroads. The conference is expected to last three days.

Grand Chief Warren S. Stone, of the Brotherhood of Locomotive Engineers, presided.

The chairmen were called together by their chiefs to consider Director Hines' offer of time and one-half for overtime in freight service and a standard rule for crews held away from home terminals beyond a given period.

The director general would grant time and one-half for overtime earned in freight service making less than 12 1/2 miles an hour, provided arbitrary allowances now given in many of the schedules are eliminated.

Different "away from home" rules are in effect on many railroads and Mr. Hines' proposition is a uniform sixteen hour rule for all crews held away from home terminals.

FOREIGN EXCHANGE RATES CONSIDERABLY IMPROVED

NEW YORK, Nov. 24.—Foreign exchange rates were considerably improved in the early trading here today. Demand for sterling, which had dropped to \$3.29 for the English pound last week, today was at \$4.05-1/4. Francs checks were quoted at \$5.50 to the American dollar, as compared with \$6.00 Saturday. Late checks at 12.02 for the dollar, 12 centimes above Saturday's price.

TRIAL OF GEN. ANGELES BEGINS AT CHIHUAHUA

EL PASO, Nov. 24.—The fate of General Felipe Angeles, known as the intellectual leader of the Villa revolution movement, was to be decided today by a military court martial at Chihuahua City, which began the trial of the captured rebel leader last night.

Passengers arriving at Juarez from the Chihuahua capital said there was no hostile demonstration against Angeles when he was brought to the federal penitentiary there from the south and the general belief was that instead of the customary death penalty, he would be given a penitentiary sentence.

Strong influences have been brought to bear with Carranza Government officials to spare the prisoner's life, according to these passengers and wires into Chihuahua City have been crowded with messages urging sympathy.

When Angeles arrives in Chihuahua City from Parral, he was under guard in a box car. General M. M. Diegues had arrived at the station in his special train fifteen minutes earlier. Thousands were at the station to meet him.

Shows Effect of Exposure. Angeles was dressed in a badly worn khaki uniform. His face was swollen and showed the effect of exposure.

Angeles was guarded by a number of soldiers of the 48th Battalion and five members of "Defensas Sociales" of Valle De los Ojitos, the latter being actual captors.

Major Gabino Sandoval, jefe of the "Defensa Social" related how the capture had been made November 15, in the Sierra De Las Moras, after a long and fatiguing pursuit.

It was reported that as a reward for their services in helping to pacify the state, Sandoval and his four soldiers would receive from Governor Ortiz a prize of 1,000 pesos each and that Sandoval would be promoted to lieutenant colonel.

One of the Villistas captured with Angeles, Jase Munoz, who was thought to be responsible for several crimes committed in months previous in San Pablo De Ballenas, and vicinity, was executed at Camargo.

PRESIDENT NOW MUCH IMPROVED AND VERY BUSY

Making Preparations for Convening of Congress on Next Monday

RAPIDLY RECOVERS FROM NERVOUS BREAKDOWN

Six Different Matters Engaging Attention of Chief Executive At This Time

WASHINGTON, Nov. 24.—President Wilson rapidly recovering from his nervous breakdown, today was engaged in:

1—Writing a message to congress urging an extensive program of domestic legislation.

2—Preparing a message to the industrial commission called to meet here December 1.

3—Planning the second fight for ratification of the peace treaty and the League of Nations.

4—Selecting a new secretary for the treasury and a new secretary of commerce.

5—Studying the coal strike situation so he will be in a position to make an attempt to prevent the wage scale conference breaking up.

6—Conferring at length with Secretary Tumulty on a number of important subjects.

Spends Restful Night. The President spent an unusually restful night, it was learned at the White House and was much refreshed this morning.

He was informed early in the day that all seventeen men invited by him to form the new industrial commission probably would accept. Wilson's message to these commissioners, it was understood, will lay the nation's industrial situation before them in detail and urge speedy drafting of an industrial program to which capital and labor can subscribe.

The main features of Wilson's message to congress, it was learned, probably would be insistence of quick passage of railroad legislation and re-creation of his stimulus bill to hold the lines back to private ownership January 1; strong recommendation that Americanization measures be hurried through, and that the peace treaty be ratified or legislation for increased armament prepared and passed.

No Selection Made. The President, it was stated at the executive mansion today, has not yet decided who he will name to the vacant cabinet post of J. C. Lefingwell, assistant treasury secretary, was being strongly supported and considered a favorite in the running for secretary of the treasury.

Reports that Wilson has already decided to appoint him.

The Mexican "crisis" brought about by imprisonment of American Consul Thomas T. Brewer, president of the Coal Operators' association, challenged the government to comply with the demand of W. G. McAdoo, former secretary of the treasury, and publish the income tax returns of coal operators.

The nation's coal operators will welcome publication of the returns for 1918 or any other year, said Brewer, denying charges of McAdoo that profits had been "shocking."

In the first six months of 1917 bituminous coal prices were set almost by auction. In this period some operators in the eastern states made very large profits. This was stopped, however, in the latter part of 1917 when the federal administration was created and the government fixed coal prices at \$2.05 for screenings, \$2.35 for run of mine and \$2.65 for prepared sizes.

"When the government took over coal consumption immediately dropped off and prices generally fell below the government price. This situation has continued until now," except in a few places where consumers voluntarily bid the prices up.

"McAdoo is a back number living in the past," said Brewer.

"His statement is made either with deliberate mischievous intent, or with the intent of carrying favor in some quarter."

DR. DRUMMOND DIES AT HOME IN WYAN

BRYAN, TEX., Nov. 24.—Dr. W. G. Drummond, 51 years old, died at his home here today after a paralytic stroke. He was born in Kingston, Jamaica, and educated in England, completing his medical training, however, in St. Louis.

COMMISSIONER SAYS JUNK STATE RAILROAD

AUSTIN, TEX., Nov. 24.—The auditor of the railroad commission is now going over the books of the state railroad, which runs from Rusk to Palestine, a distance of 32 miles, and Railroad Commissioner Allison Mayfield today said that with the road \$300,000 in debt to the state and increasing this debt at the approximate rate of \$28,000 a year, in his opinion, the best thing to do would be to tear up the road and junk the equipment. He said that the road is able to keep in operation by going to the state treasury to make up its deficits.

REPORT KOLCHAK'S ARMY IS KEEPING ENEMY IN CHECK

PARIS, Nov. 24.—Advice from Omsk declared Admiral Kolchak's anti-bolshevik forces in Siberia are keeping the bolshevik attacks "in check" in the region of Irkutsk. Kolchak is in personal charge of military operations, it is stated. The seat of the Irkutsk government was moved to Irkutsk November 10.

M'ADOO URGES CONCESSION TO COAL MINERS

Declares Mine Owners Made Shocking and Indefensible Profits in 1917

CALLS ATTENTION TO THE INCOME TAX STATEMENTS

Says Public Will Be Willing to Pay an Increased Price if It is Justified

NEW YORK, Nov. 24.—William G. McAdoo, in a telegram today to Fuel Administrator Garfield, urging prompt concession to coal miners of the wage increases proposed declared that "in 1917 many mine owners made shocking and indefensible profits on bituminous coal." He asserted the operators' contention that further wage increases would necessitate higher prices to the consumer was unjustified.

"In behalf of the public, already overburdened with the high cost of living, I earnestly urge that the coal operators be not permitted to impose an additional charge on the public until a careful examination has been made of their income tax returns filed with the treasury department for 1917 and 1918," McAdoo wired.

McAdoo charged that in 1917 the operators' income tax returns showed earnings on capital stock ranging from 15 to 2,000 per cent. "Earnings of 100 to 300 per cent were not uncommon," he said. "Of course, I do not know what the profits of the operators were in 1918 since I left the treasury in December, 1918, and these reports were not filed until March, 1919, but I am sure that the operators in 1917 it would be a grave wrong to permit them to take from the public additional profits in the form of increased wages and still have a larger return upon their investment than they received in 1917 the operators can well afford to pay the increased wages to the miners and still have a larger return upon the capital employed in the mines than they are justly entitled to."

Suggests Publication. "I earnestly urge that these income tax returns be published. The American people are entitled to this information and there is no reason why it should be withheld, since the law requires it in certain circumstances."

McAdoo said he would be glad to take for granted that the income tax returns of these companies are more likely to understate than to overstate net earning power for the purposes of taxation.

"If later facts show an increased price is justified, the American people will, I am sure, be willing to pay it."

McADOO CHALLENGED TO PUBLISH RETURNS

WASHINGTON, D. C., Nov. 24.—Thomas T. Brewer, president of the Coal Operators' association, challenged the government to comply with the demand of W. G. McAdoo, former secretary of the treasury, and publish the income tax returns of coal operators.

The nation's coal operators will welcome publication of the returns for 1918 or any other year, said Brewer, denying charges of McAdoo that profits had been "shocking."

In the first six months of 1917 bituminous coal prices were set almost by auction. In this period some operators in the eastern states made very large profits. This was stopped, however, in the latter part of 1917 when the federal administration was created and the government fixed coal prices at \$2.05 for screenings, \$2.35 for run of mine and \$2.65 for prepared sizes.

"When the government took over coal consumption immediately dropped off and prices generally fell below the government price. This situation has continued until now," except in a few places where consumers voluntarily bid the prices up.

"McAdoo is a back number living in the past," said Brewer.

"His statement is made either with deliberate mischievous intent, or with the intent of carrying favor in some quarter."

DR. DRUMMOND DIES AT HOME IN WYAN

BRYAN, TEX., Nov. 24.—Dr. W. G. Drummond, 51 years old, died at his home here today after a paralytic stroke. He was born in Kingston, Jamaica, and educated in England, completing his medical training, however, in St. Louis.

COMMISSIONER SAYS JUNK STATE RAILROAD

AUSTIN, TEX., Nov. 24.—The auditor of the railroad commission is now going over the books of the state railroad, which runs from Rusk to Palestine, a distance of 32 miles, and Railroad Commissioner Allison Mayfield today said that with the road \$300,000 in debt to the state and increasing this debt at the approximate rate of \$28,000 a year, in his opinion, the best thing to do would be to tear up the road and junk the equipment. He said that the road is able to keep in operation by going to the state treasury to make up its deficits.

"I can not continue my speech. I must leave at once to take up my duties as chief executive of this great nation."

"I can not bear the burdens of our beloved children unless I receive the full assistance and prayers of everybody in this country."

With that he left the stage. Not a sound was to be heard until Governor Dorney rose and asked that the benediction be pronounced. Several women began weeping. The organist started playing "Nearer My God to Thee" and the audience began quietly filing out of the building.

WASHINGTON, Nov. 24.—The supreme court today adjourned until December 8, without announcing any decision as to constitutionality of wartime prohibition or the legality of 17 1/2 per cent beer.

MEXICANS HAVE PUT OUT FEELER IN JENKINS CASE

Designed to Test America's Temper in the Latest "Crisis" Presented

NOT ENTITLED TO INIMITY IS POSITION TO BE TAKEN

Mexican Answer Will Take It For Granted U. S. Government Was Misinformed

WASHINGTON, Nov. 24.—What is regarded as a "feeler" from the Mexican government to test America's temper in the latest "crisis" was put out today in Washington.

Word was spread that unofficial advice from Mexico City indicated Carranza, in his reply to the United States note demanding immediate release of William O. Jenkins, consular agent, will take the stand he is not entitled to diplomatic immunity and therefore can not be set free at once.

According to this information, the Mexican answer will take it for granted this government was misinformed about the Jenkins case, that it is one for the Mexican courts to settle and that the American must go to trial on a charge of collusion with bandits.

Cabinet Has Meeting. The Mexican cabinet met Friday to discuss the reply, it was learned at the state department. Governor Cagere of Puebla, where Jenkins was arrested, was called before the cabinet. So far as the state department knew today, Jenkins is still in jail.

The Mexican answer will take it for granted this government was misinformed about the Jenkins case, that it is one for the Mexican courts to settle and that the American must go to trial on a charge of collusion with bandits.

The American government, however, is paying no attention to it. An ultimatum is expected to follow any Mexican refusal, or dodging of the issue.

Mexican Ambassador Bonillas said today that the reply would not come through his hands. He was reported this morning he had already received it.

The reply, Bonillas said, will come through the United States embassy at Mexico City to the state department.

FOREIGN MINISTER OF ITALY HAS RESIGNED

ROME, Nov. 24.—Tommaso Tittoni, Italian foreign minister, has resigned, and Vittorio Scialoja, minister without portfolio, has been named to succeed him, according to the Epoca.

HOUSTON REPORT ON GULF COAST WEATHER

HOUSTON, TEX., Nov. 24.—Winds on the Texas coast: Gentle to fresh southerly.

Weather conditions and highway bulletin: Fair weather was reported from most districts with light to moderate precipitation in extreme South Texas. Temperatures generally above seasonal average. Automobiles leaving today will have partly cloudy weather, with temperature higher than normal. Highways continue rough in places, but the heavy rains can be made in all directions except that cars will have to detour at Navasota.

POLICE SEARCH FOR PARTY WHO SPREAD REPORT OF DEATH OF PRESIDENT BREAKS UP ATLANTA MEETING

ATLANTA, GA., Nov. 24.—Police were searching today for the man who last night broke up a mass meeting at the auditorium while Vice President Marshall was speaking, by starting a false report that President Wilson was dead.

Marshall was eulogizing the memories of George Washington and Abraham Lincoln, when a policeman rushed up the aisle and a message was delivered to the Vice President by Charles J. Haden, a prominent Atlanta, that he was wanted on the long distance telephone from Washington, as President Wilson had just died.

The Vice President staggered, then steadying himself he raised his hand and said:

"I can not continue my speech. I must leave at once to take up my duties as chief executive of this great nation."

"I can not bear the burdens of our beloved children unless I receive the full assistance and prayers of everybody in this country."

With that he left the stage. Not a sound was to be heard until Governor Dorney rose and asked that the benediction be pronounced. Several women began weeping. The organist started playing "Nearer My God to Thee" and the audience began quietly filing out of the building.

WASHINGTON, Nov. 24.—The supreme court today adjourned until December 8, without announcing any decision as to constitutionality of wartime prohibition or the legality of 17 1/2 per cent beer.

CLAIMS FOREIGN GOLD A PATENT CAUSE OF H. C. L.

Professor Irving Fisher, of Yale, who claims that the importation of foreign gold has been the patent cause in raising prices. He asserts that the gold importations depreciated the value of the American dollar as far as its purchasing power was concerned.

IMPEACHMENT OF ANDERSON IS DEMANDED

Petition to Congress Signed by Every Delegate to Labor Party Convention

CHICAGO, Nov. 24.—A demand for impeachment of Judge A. B. Anderson of the United States district court was formally voiced today by the new National Labor Party in a petition addressed to congress. The jurist's action in granting the government a report of Robert M. Bruce, chairman of the convention's resolution committee, only one voice in the gathering was raised against the resolution.

R. L. Martin, a West Virginia official of the United Mine Workers, objecting to the procedure as "a waste of time."

"Congress has never paid attention to the demands of labor," he said. "The only way to remedy present conditions is to change control of the government by voting the National Labor Party into power."

Nevertheless Martin and every other delegate to the convention signed the petition and then ordered 10,000 copies printed for distribution.

INDIANAPOLIS STARTS COA CONSERVATION

INDIANAPOLIS, IND., Nov. 24.—Indianapolis started on real coal conservation today. Practically every store and factory in the city was expected to close at 4 o'clock this afternoon, the closing hour agreed at a meeting Saturday when it was also decided to shut down factories the last three days of this week.

CONGRESS IS CAUSE OF 13 MEN ESCAPING FROM ELLIS ISLAND

NEW YORK, Nov. 24.—Congressional legislation is being blamed at Ellis Island immigration station for having been responsible for the escape of 13 prisoners recently.

This was brought out at the first sitting of the Johnson Congressional Committee at Ellis Island today, where inquiry is being made into alleged failure of immigration authorities to deport proven anarchists who are in the country illegally.

Insufficient inspectors at the island has greatly hampered the immigration department in expeditiously handling the cases sent there, Byron H. Uhl, chief deputy inspector, informed the committee. Most of the guards procurable, he said, are between 70 and 80 years old, and can only carry night sticks.

DANGEROUS RADICALS COMING INTO THE U. S.

NEW YORK, Nov. 24.—Dangerous radicals are being smuggled into the United States at the rate of 500 a day, according to data collected by the House Committee on Immigration investigating alleged failure of the department of labor to deport alien radicals, made public today by Representative Johnson, chairman of the committee. Johnson said the committee had learned Russian "Reds" were pouring into Switzerland, Tokio and Yokohama, seeking means by which they might reach this country. Great numbers are also said to be entering Mexico on both the Atlantic and Pacific coasts, whence they are taken by soviet agents to unguarded points on the border and brought into the states.

The committee resumed its investigation on Ellis Island today. To discover if possible any laxity in the administration of the present laws, and to determine whether there are defects in the existing laws on immigration which may be remedied by new legislation.

ITALY FACING A SERIOUS CRISIS AT THIS TIME

Rumors of the Wildest Character Are Being Heralded Over Country

SOCIALISTS THREATENING TROUBLE IN PARLIAMENT

Eager to Continue What they are Designating as Their "March Forward"

ROME, Friday, Nov. 21.—Rumors of the wildest character regarding the possibility of a serious crisis in voting not only on the cabinet but also the reigning house of Italy, are in circulation as the opening of parliament set for December 2, approaches. The Socialists, proud of their recent victory, are eager to continue what they call their "march forward." The older, more authoritative members party, however, such as Deputy Turatti, leader of the Introspectives; Deputy Trever, Signor Madigliani are against any excess.

The new elements which have entered the Socialist parliamentary group are declared to be animated by revolutionary sentiments and to favor an extreme policy which, in their opinion, will inevitably lead to the advent of Bolshevism in Italy. This section now is the most numerous if not the most important one in party. It is considered that it will almost certainly assume command of the party because of the audacity and determination of its members to attain control by whatever means best to them.

Rebellion is Planned. Members of this section are quoted as declaring they comprise more than 500 "fire wires" in the 500 deputies, the remainder will not dare oppose them and that they will be able to accomplish "the supreme act of rebellion which will overthrow the existing government."

Formerly the Socialists never attended the opening of parliament, absented themselves to avoid hearing the king deliver his speech and to encourage taking the government out of the king's hands. The newly elected extreme Socialists, however, now insist that the entire group should attend the ceremony, hiss the king and prevent him from speaking. They have even gone so far as to predict that he would be attacked on his way to the chamber or upon his return.

Restless and Anxious. All this, it is pointed out, may be much more than is possible. Nevertheless, it has had the effect of making the Socialists more restless, more impatient and anxious. There is no measure possible to prevent 150 members whistling and shouting and making it impossible for the king to be heard.

The rules of the Italian parliament do not provide for any such contingency for it is stipulated that no police or armed force can be employed in the hall where the senators and deputies are assembled. The only means of applying coercion is at the meeting Monday, December 1, will be the first gathering of the new parliamentary body and the rules of the new chamber for maintaining order will not then be in effect.

The council of ministers has been meeting almost daily to discuss this grave as well as the Adriatic complications.

WHOLE NATION DEPLORES "IRRESPONSIBLE ATTITUDE"

United Press Staff Correspondent. ROME, Nov. 23.—The whole nation deplores the "irresponsible attitude" of Gabriele D'Annunzio which threatened to involve Italy in serious international complications. The Epoca, the Messaggero declared today.

The press apparently realizing the post-aviator's adventures must be brought to an end, carried lengthy comment on D'Annunzio's Zara coup, several condemning his actions as "The D'Annunzio phenomenon amounts to a veritable pronouncement to the nation" in the opinion of Corriere Della Sera.

Expression of indignation at Admiral Millo's lack of firmness in failing to prevent the Zara coup, Epoca declared that Italy is tired of adventures such as the Flume expedition and that they must be stopped.

While the post-aviator probably is prompted by the noblest motives, the newspaper said, his success in Flume must not encourage repetition. The government should not permit actions of its military forces to embarrass the entire nation, the newspaper added.

"D'Annunzio's Zara expedition was a superfluous" in the opinion of the Tribuna. The city was garrisoned with Italian troops and had been assigned to Italy by the pact of London, the newspaper pointed out.

D'Annunzio's latest coup, instead of helping Italy's cause in the Adriatic may hurt it, this newspaper said.

The Italian Nationalist, approving D'Annunzio's latest coup, reproached the government for the tone of its communications, which criticized the action of Admiral Millo in joining the post.

Premier Nitti had a long conference with the British ambassador and General Diaz last night over the Adriatic situation.

PLANS FOR UPRISING HAVE BEEN DISCOVERED

ROME, Nov. 23.—Plans for uprisings in various parts of Italy, especially in some of the large northern manufacturing towns and along the Adriatic coast of Italy, have been found on men arrested recently.

Premier Nitti, watching carefully all the movements of Capt. Gabriele D'Annunzio and his followers, has

MEXICO PUBLIC TAKING INTEREST IN JENKINS CASE

Show Concern Regarding Imprisonment and the Attitude of the United States

By RALPH F. TURNER

MEXICO CITY, Nov. 23.—The Mexican public apparently is keenly interested in the case of William O. Jenkins, American consular agent imprisoned in Puebla on a technical charge of false declarations, but it is not highly excited, either regarding his imprisonment or the attitude of the United States.

While realizing that the American note demanding Jenkins' release leaves no doubt as to its meaning, the public generally seems to view it as only one of the many emphatic notes from the United States—constituting no new feature in Mexican-American relations. But there are some persons who hold the opinion that with peace nearing conclusion the United States is in a position to turn its attention to Mexico.

Claims Note Interference.

The official attitude here seems to be a preference for keeping the incident local rather than permitting it to become an international issue. This is illustrated by the expressed sentiment that the case rests with the state judiciary and that the Federal government has no right to intervene. Extreme nationalist elements even take the view that the American note is interference in judicial administration. On the contrary, American circles here contend that any difficulty involving consular or diplomatic agents should be handled by the Federal rather than the state courts.

Only one newspaper—the secondary standing—comments on the affair, the others obviously awaiting publication of the reply to the American note. There is no indication when this will be made.

Many Mexicans ask why Jenkins does not afford himself the opportunity to furnish bail, hinting that he is seeking "freedom."

Second secretary Hanna of the American embassy is now in Puebla collecting evidence for Jenkins against testimony of the case that they saw him on his estate, during the period he is alleged to have been in the hands of his bandit abductors.

BELIEVE BODY FOUND THAT OF MISS COONS

TOPEKA, KAN., Nov. 24.—The theory that the body of a young woman found on a road near Omaha may be that of Miss Amy Coon, of Topeka, is being investigated, and a brother of the young woman, W. A. Coon, started for Omaha this morning to see if he can identify the body. In some respects the description given by Omaha officials tallies with that of Miss Coon, according to her mother, Mrs. Charles Coon, but there is a difference of 10 years in the age. While Omaha officials estimate the age of the dead woman at 23, Miss Coon is but 13. However, as the mother says, the looked older and in a recent letter she spoke of having some dental work done, which may account for the missing teeth. On November 20, the young woman received a letter from Mrs. Rose Harris, of Topeka, who said she had not seen Amy for several days.

SKELETON MAY NOT BE THAT OF BILLY DANSEY

HAMMONTON, N. J., Nov. 24.—County officials are investigating a theory that the skeleton found here Friday may not be that of Billy Dansey, "perfect baby" for whom a nation-wide search was conducted after he disappeared October 5.

Permission to remove the skeleton to Pittsburgh where the child's parents formerly lived was refused by the coroner pending result of this investigation. This action was taken after the belief was expressed the skeleton was that of a child dead considerably longer than six weeks. It was pointed out that the skeleton may have been deposited in the swamp near the Dansey home to throw searchers off the trail of possible kidnapers.

Try those toothsome Doughnuts and Cinnamon Rolls.

618 OHIO AVENUE

ARNOLD WELL FLOWS OVER DERRICK MORE THAN TWO HOURS

Special to The Times

NEWCASTLE, TEX., Nov. 24.—In spite of the fact that the Texas Company's No. 1 Arnold, three and a half miles south of Newcastle, bridged itself, following a shot with 50 quarts of nitroglycerine Friday, and the hole is even now partially stopped up, the well is flowing from 150 barrels to 200 barrels a day, besides gassing heavily, giving every indication of big well. Drilling is now in progress to remove the bridge, which is about 900 feet from the bottom.

The shot was given the well Friday afternoon, following which the well put the oil 25 feet over the derrick for a space of two and a half hours, until the time the flow was interrupted by the formation of the bridge. In this condition the well made a short flow during Saturday night, putting 100 barrels into the tanks during the progress of the flow, and an additional 50 barrels in one short flow Sunday night.

Timbers are on the ground for building a derrick over the Texas Company's new location on the Arnold, which is 13,000 feet northwest of the No. 1. The same derrick, No. 1, Wiley Blair is drilling at 2,500 feet, and drilling is also in progress below 2,100 on the No. 1 Norris, setting of ten-inch casing having been finished. The shot was given the well during the Young county field continues unabated, with leases changing hands at a rather rapid clip and at prices even better than has ever been the case since the bringing in of the Arnold well. Newcomers from all parts of the country continue to arrive in a constant stream.

WOULD MATCH MARTIN AGAINST FIGHT WINNER

AKRON, O., Nov. 24.—Jimmy Bronson, manager of Billy Martin, A. E. F., heavyweight champion, today received a cablegram from Charles Cochran, London fight promoter, asking terms for a bout between Martin and the winner of the Beckett-Carpenter fight. The offer was cabled after Jack Dempsey, world's champion, had demanded \$150,000 for a London bout, it was said.

BAFFLING BILL CARLISLE STILL ELUDES OFFICERS

DENVER, COLO., Nov. 24.—Baffling Bill Carlisle was still absent without leave from Rawlins, Wyo., prison today.

The phantom train robber was last reported in a telegram sent from Claremore, Okla., as if en route to Texas, in a letter to his pursuers, mailed in Denver, and in another letter sent from Omaha.

The Denver note, saying "Please give my regards to the Union Pacific officials," was in Carlisle's handwriting. Detectives here combed the city for the train robber. The other clues were disregarded as the work of practical jokers.

The hunt for Carlisle in Wyoming, scene of his four train holdups, has turned into a perfunctory guarding of all passenger trains. Officers believe he has made good his escape from that state.

SAYS AMERICA CANNOT REMAIN ENTIRELY ALOOF

Situation Following Defeat of the Treaty Discussed by German Newspaper

By CARL D. GROAT (United Press Staff Correspondent)

BERLIN, Nov. 23.—America's position in European affairs is not that of a theater guest who can depart if "of a piece displeasing," the Deutsches Tages Zeitung declared today.

America is destined to have a tremendous interest in "what Germany and Russia may do," the newspaper added, declaring that for this reason the United States "can not remain aloof."

The German press today generally accepted the defeat of the peace treaty in the American Senate as final and expressed bitter regret over the absence of American representation upon the commissions to enforce the terms of the treaty.

"America evidently wants it to remain our European situation," the Deutsches Tages Zeitung said, leaving France and England to work "their bitter wills against Germany."

Germany should consider "no price too high" to interest America in her plight and secure American aid to bring her people "to life," the newspaper added.

FRANCE DOES NOT ENDORSE PROPOSAL TO REMOVE BODIES

Paris, Nov. 24.—If the American government insists on exhuming the bodies of American soldiers buried in France, the French government probably will accede, but opinion in French official circles decidedly is against any such plan, it was learned authoritatively today.

France believes it is more democratic to have the dead of all nations who fell in common cause to rest together in France, it was said. France will consider it her sacred duty to care for their graves with the greatest reverence.

The expense of exhumation also would be great, it was pointed out and only wealthy relatives could afford to have bodies of their soldier dead brought home unless the expense was borne by the government. This, the French official declared, would be sure to cause ill feeling among poor persons.

MR. PARRISH RETURNED TO WASHINGTON SUNDAY

Telegrams from Washington announcing the illness of Mrs. Parrish caused Congressman Lucian W. Parrish to return to Washington from Henrietta Sunday afternoon. Mr. Parrish had arrived at Henrietta Saturday afternoon to spend several days and had planned to come to Wichita Falls for a brief visit. The messages announcing Mrs. Parrish's illness caused him to return to Washington at once.

DEATH LIST OF LOUISIANA FIRE NOW TOTALS 28

Flames Start From Explosion of Oil Stove in Store Room Under Dance Hall

VILLE PLATTE, LA., Nov. 21.—With all persons in the building at the time accounted for, the complete today of those who lost their lives in the dance hall fire here Saturday night was announced as 28. About 300 persons were guests at a dance on the second floor of a two story frame building and in addition to the heavy death toll scores were badly burned or seriously hurt in the mad rush to escape through the one narrow exit.

Of the dead 14 were crushed when the terror-stricken crowd rushed for the stairway leading to the street and which collapsed cutting off the escape of others. The remaining 14 were caught on the second floor and many of their bodies were so badly charred as to make identification difficult. The survivors escaped through windows by jumping to the streets or an adjoining roof.

The fire was said to have started from the explosion of an oil stove on which a 12 year old boy was making coffee in the store room beneath the dancers.

DISCUSS DEPARTURE OF GERMAN DELEGATES

PARIS, Nov. 24.—The supreme council today discussed the situation created by departure of the German delegates sent here to discuss methods for carrying out the terms of the peace treaty and decided to send a note to Germany.

The council also decided that future negotiations between the Poles and

Germany over boundary questions would be held in Paris.

Sir George Clark, head of the allied mission in Budapest, and notified the supreme council that a Hungarian coalition cabinet has been formed and that he is leaving Budapest.

Y. W. C. A. WILL NOT USE BELLEVUE PARK AS SITE FOR HOME

GROWTH OF CITY MAKES PARK LOCATION INADVISABLE COMMITTEE DECIDES.

TWO BUILDINGS PROBABLE

Building in Downtown District and in Residence District Being Considered.

Withdrawal of the request for the Bellevue park as a building site for the Y. W. C. A. residence, was voted at a meeting of the executive board and the finance committee held Monday morning at the present time. This meeting to the City Council for their permission to use the park.

This decision was reached following a consideration of the growth of the city, which made the use of the park inadvisable.

For this reason it will be found necessary, it is stated, to increase somewhat the purchase of a site must be considered, and a committee on location was named Monday morning to report Monday evening on a building, and sites for a residence, under consideration at the present time. This meeting will be held at the home of Mr. and Mrs. W. W. Silis.

The committee is composed of C. W. Snider, G. C. Wood, B. F. Johnson and W. M. McGregor.

Two buildings have about been definitely decided upon, a downtown cafeteria and administration building, and a residence, in a residence section, centrally located.

At tonight's meeting the decision as to the amount of money it will be necessary to ask for will be decided upon, the exact amount depending on the site selected. The campaign is scheduled to begin on December 1, and the finance committee, which W. D. Chase is chairman, reported as ready for work.

Clint Wood, a member of the campaign finance committee reported at the Monday morning meeting on a building located on Scott avenue, one story in height out suitable for adding on a second story, which was thought would solve the problem of a downtown building, and which would come well within the financial scope previously outlined.

This proposition was immediately investigated for report tonight.

Decision on these details is all that is holding up the actual organization for the campaign, and the amount to be called for will be ready for announcement Tuesday, according to indications today.

It is planned to make the campaign one of popular subscription, each man, woman and girl in the city of Wichita Falls to be given an opportunity to make a donation, regardless of the size, and the campaign committee are making their plans accordingly.

RADICALISM IS LOSING GROUND SAYS OBSERVER IN RECENT STEEL STRIKE

Much of the labor unrest in the steel mill districts of Pennsylvania and other middle Atlantic states is due to agitation of foreign workmen, according to George C. McCarthy of Chicago, assistant state's attorney of Illinois who arrived in Wichita Falls Monday. Mr. McCarthy was present during the Gary riots and declares that the outbreaks there were entirely due to foreign influences and not the will of American workmen. He does not believe that the American Federation of Labor should be held responsible for the radical outbreaks in the steel mill districts but is confident that foreign agitators are responsible for the entire disturbance. Radicalism, Mr. McCarthy says, has reached the high water mark in this country and is now rapidly losing ground.

EDUCATIONAL CAMPAIGN TO FACILITATE WORK OF CENSUS ENUMERATORS

An extensive educational campaign to facilitate the work of the census enumerators in Wichita Falls is planned by the local Chamber of Commerce, according to Hubert Harrison, secretary, details of which will be forthcoming within the next few days. Complete forms giving full directions for filling in all of the data which will be required by the census enumerators will be furnished each family before the beginning of the actual count, according to Mr. Harrison's plans, and an effort made to interest each family in the preparation of this data in advance of the call by the enumerators, so that the data can simply be handed over and the information accordingly secured with a minimum loss of time.

TEN ENUMERATORS STILL NEEDED FOR RURAL DISTRICT

Sufficient census enumerators have been secured for an accurate count in Wichita Falls, according to word received by the Chamber of Commerce from McAfee Wayland Burch of Decatur, supervisor of the census in this congressional district. Ten additional enumerators are, however, still required for the rural districts, two being needed for work in Justice Precinct 1, exclusive of Wichita Falls, one at Call Field, five in Justice Precinct 2, exclusive of Burk Burnett, one for work in part of Justice Precinct 4, exclusive of Electra, and five for work at Electra. These enumerators will begin work on January 2, and their work will require about 30 days for completion.

The Wichita county office for the census has been opened in the Chamber of Commerce offices by Miss Claribel Moore, assistant supervisor.

BRIDE DRESSED IN MAN'S ATTIRE BEATS WAY WITH HUSBAND

COUPLE ARRESTED HERE FOR THIRD TIME SINCE LEAVING DENVER.

WORLDS OF FUN SAYS BRIDE

Satisfy Officers Here That They Are All Right and Are Permitted to Continue Trip.

A blushing bride in doughboy garb and spiral puttees, with rust and oil grimed hands and short hair, is no more unusual than a honeymoon "on the bum," beating one's way (since two are in some instances, and a couple here is spoken of on blind-baggage and oil tank cars.

Monday both the blushing bride attired as the soldier and the honeymoon as tramps developed here when Detective Overby and Special Officer Clarence Goodfellow arrested Mr. and Mrs. S. Sloan at the union depot.

Unafraid, but blushing, the bride told the officers her story as she sat in the detective bureau headquarters. Her husband was across the hall, appearing unconcerned, for arrest to them had become common, and he chatted with policemen and newspaper men. After the wife had been interrogated, her husband was subjected to a mild form of inquisition. They satisfied the officers that they were all right in every respect and were allowed to go.

"We were married in Denver two weeks ago," said Sloan to a Times reporter. "It was such a novel way to spend a honeymoon—hobnobbing it—that it appealed to us."

"I am a brakeman and have been in Denver since getting out of the army, but we wanted to go to Fort Worth. We first were arrested up near Dalhart, but they turned us loose. In Memphis, Texas, they kept us over night. There was a crowd of special officers for the railroads there and they were looking for some criminal and thought we might be implicated. It was my wife's first night in jail and she was frightened, but next morning after we had explained everything and given the reason for my wife wearing men's clothes—and she couldn't very well hobnob in dresses, now could she?—we were liberated."

"Again in Childress, they were suspicious but did not arrest us. And now, here we have been arrested. But we are on the last leg of our journey now and will get to Fort Worth if that train goes. Then she can get her things."

HERIETTA TEAM PLAYS HERE THANKSGIVING DAY

A real treat is promised local football fans for Thanksgiving when the pipkin artists from Wichita Falls High school will play the high school team from Henrietta at the Katy park. The game will be one of the stiffest of the hard season that the locals have played. Manager Robinson expects, at the Henrietta aggregation on the face of the dope is a slight shade the better, they having handled Bowie, who Wichita Falls trounced by a score of 45 to 0, a 28 to 0 shutout in the first of the season. At the time Wichita Falls defeated Bowie who was at her best while at the present the team is somewhat crippled, and the Henrietta bunch is known to be much stronger than at the time of the encounter with Bowie. Though football dope is of little value, the old heads say, still the lovers of good football are assured by the game of seeing a fast and hard game. The team will be played in the new uniform just received by the Athletic association.

Says Cancer Can Be Cured

Texas Man Had Cancer On Nose—Successfully Treated by Dr. O. A. Johnson.

J. H. Scott, R. F. D. 5, Box 78, Whitesboro, Texas, had a skin cancer on his nose. He was examined by Dr. O. A. Johnson, of Kansas City, Mo., and treated by that cancer specialist. He states:

"I commenced treatment the 15th of June and the sixth day it dropped out. The first day of July, it was healed up without any scar left, and I suffered but very little pain. I would advise all cancer sufferers to go at once to Dr. Johnson and be cured. Don't delay, but go now. It has been over five years since I was cured, and no sign of return."

Dr. Johnson has become widely known as a specialist in treatment of cancer. He conducts a large research laboratory, devoted entirely to this cruel disease. The treatment is entirely medicinal—external applications are used to destroy the cancer and internal medication to purify the blood. Any sufferer should write at once to Dr. Johnson for his book "Cancer Truths," which tells of his experiences and wonderful non-surgical treatment. Address, Dr. O. A. Johnson, Suite 569, 1324 Main Street, Kansas City, Mo.

SAVE AMERICA FROM RED FLAG PRESENT DUTY SAYS SPEAKER

Declaring that a new war is already on, a war to save America from the red flag, Rev. P. E. Bingham, new pastor of the First Methodist Church, corner of Seventh and Lamar, gave a sermon-lecture on "Will There Be An-

other War?" Sunday night to an audience that taxed the capacity of the auditorium.

"America is facing a flood of immigration when the peace terms are finally arranged, greater than any that has ever been known," declared Dr. Bingham, "and the task of every God-fearing, loyal American is to Americanize the foreigner that comes to our shores, and to do this by thoroughly Americanizing the native born. The seeds of dissension are being sown. Russian bolshevism is ready to come to our midst to supplant the flag of the red, white and blue with the red flag of anarchy, and to prevent this we should all be true Americans ourselves and should meet those who come to America with the gospel of Americanism."

The churches will have to change their policy radically, Dr. Bingham declared, to meet the new conditions. "We will have to quit preaching about the 'sweet bye and bye,' and work day by day to solve the problems," he declared. "We must rally to the standard, one flag is all that is needed."

Remember These Bargains Will Apply Again For Monday and Tuesday Only

FREEMAN-BLACK & COMPANY

INDIANA at SEVENTH

REVIVAL SERVICES START AT THE FIRST PRESBYTERIAN CHURCH

Revival services were begun at the First Presbyterian church Sunday. Rev. E. E. Hendrick, who conducted the revival at this church three years ago and who is remembered as an earnest man and eloquent speaker, heads the party. Lauris Mallard of Tehuacana, Texas, is soloist and choir leader and Dale Haven of Greenfield, Ill., is pianist.

The church was filled both morning and evening. Mr. Mallard sang, "The Pains of Peace," as a solo in the morning, and Rev. E. E. Hendrick opened the meeting with a sermon on Exodus, 3-2. "And behold, the bush burned with fire, and was not consumed." He said he was striving his responsibility when he walked over to the back side of the desert, and saw a common scrub bush aflame with the power of God, and there realized "I will go with Thee, and do not fear." He gave illustrations of others who had received definite calls and hesitated, but when they were ready to go in the way God wanted them to go, the way was plain. He emphasized the commonplace duties of life and work, and that we ought to see the good in everybody, if only we would open our eyes.

In the evening, Mr. Haven gave a fifteen minute piano recital before the opening of the song service at 7:30, playing some of his own arrangements of some popular ballads of the day, including some of the songs of Carrie Jacobs Bond. He will give a fifteen minute recital again tonight, beginning at 7:15. Rev. Hendrick used as his

text, "When a Man's Man," taking as his text, second Samuel, 11:23. These be the mighty men of David, Shamah, and Benaiah." He spoke of these splendid warriors of olden times, who in days of defeat and disaster, rang true for God, defending the right and slaying the evil. He emphasized the need of Christian manhood, and addressed himself to the following outline: First—that a man's man who will stand for the truth; and second—a man's man, who will fight the wrong; and third—a man's man who is not afraid of a hard proposition; and fourth—a man's man, who gives his life to God. Rev. Hendrick was at his best, and preached with his old time power, and carried his audience with him, step by step, to a splendid climax. Come tonight, and hear these men. Service starts promptly at 7:30 p. m.

SUMMONED POLICE FOR MAN INTOXICATED AND DISTURBING THE PEACE

The local police department believes they have discovered an ideal condition under which to operate in the offenders against the peace of the community adopt the "honor system" as it were and report themselves for any offense they may commit. While this method is not exactly the one followed Saturday night by a man who was arrested at a local rooming house on charges of use of firearms, it is a method which is being practiced by the way its worked out amounted to practically the same thing.

The phone at the city hall rang Saturday night, and a voice over the phone, indicated its owner was laboring under some great strain, requested aid from the police. When the law arrived they found the man who had "phoned" for them in a very unstable condition, loudly proclaiming that some one had taken \$40 from him. An investigation by the officers disclosed the man had discharged a pistol in the building a few moments before and was generally acting in a manner inspired by the stuff that sells for \$35 a quart. The pistol, which the man claimed in court Monday morning was to be used for a "social" was found under a mattress in another room.

The man's story about losing \$40 was evidently lacking in substance, unless the price charged by the local bootleggers could be called robbery and the obliging man who directed the officers to his case was fined \$25 in police court Monday morning.

WRESTLING AND BOXING ENTERTAINMENT FEATURES AT BOYS' CLUB TONIGHT

A heavyweight wrestling match and a welter weight boxing contest will be on the program for the high school boys club at the regular weekly meeting Monday night at the high school auditorium. Other features of the program include talks by Gerard Boop, Bailey Kenley and Floyd Harrison. The club is planning to hold an open meeting to which the public will be invited about the first of December, at which time a diversified program will be presented including some of the athletic side of the club recently inaugurated.

Notice, Labor Organizations. Each organization desiring a meeting night in the new Labor Temple are requested to instruct its secretary to promptly register the organization. The stockholders of the Temple will hold a meeting in the near future, at which time reasonable rates for our lodge rooms will be established and our patrons promptly notified.—Jack Prather, Secretary, Labor Temple. 178-11c

LEGION POST GETS MANY APPLICATIONS

With permanent organization still awaiting receipt of the new charter the membership of the Pat Carrigan post of the American Legion is nearing the two hundred mark, according to Edward C. de Montel, the post adjutant.

Applications are received in each mail. Mr. de Montel states, the number being noticeably heavier immediately following news of outbreaks and riots on the part of the I. W. W. and kindred organizations in various parts of the country.

A charter for the local post is expected at any time, and a meeting for the permanent organization of the post will be called immediately on receipt of this instrument.

ROADS REPORTED PASSABLE BUT GENERALLY ROUGH

The following road information is issued by Fred W. Hammer, observer: Fort Worth to Brownwood: Passable entire route, but quite rough. Bad about Decatur, working roads about Bowie. Ranger: Passable entire journey, but rough. Southward points via Waco: Scarcely passable about Navasota, detour by Iola advised. Northward points: Improved materially, generally passable but rough. Wichita Falls: Heavy roads because of the rain, no intervening blockade reported. Some precipitation with colder weather is probable within next 36 hours over above routes.

All friends and members of the Church of Christ are invited to a reception in honor of Rev. C. E. Christian and wife, at the home of Mrs. Presley Kelly, 1821 Elizabeth, from 7:30 to 10:30, Nov. 20. 178-11p

CHARTER OPPOSITION BEING FOSTERED BEFORE IT IS EVEN DRAFTED

"Electioneering both for and against the new charter is already in red hot progress on all the street corners even before a line of the new document is written, or before even the members of the committee appointed to draw up the new charter know themselves what it will be like, with a considerable opposition already being in evidence," remarked Mayor Marlow Monday morning in discussing the affairs of the city, and the handicap imposed on the working out of some of these problems by the limitations of the present charter.

"Of course there will naturally be some opposition to the new charter—there is a certain element who are always opposed to everything. This type of opposition will do no harm, anyway. But it would be well for even this class to wait until the charter is drafted, published and presented to the people. No good can result from either praise or opposition to a document of which no one knows absolutely anything.

"Of course the members of the charter committee have ideas as to what the new charter should embody, but most of them are still studying the matter with open minds, and the conclusion of the committee as a whole will not be known until the new instrument is definitely adopted. So it seems to me that the sensible thing to do is to wait until the thing is up for adoption and just what it will be is settled fact.

"So much depends on our changing our present charter for us to run the chance of ill-directed criticism killing the thing—it would be a regular calamity to have the charter fail by reason of an opposition aroused before the thing is even worked out."

"RANGER" THE HIGH SCHOOL MONTHLY WILL GO ON SALE NEXT WEDNESDAY

Announcements concerning the forthcoming high school monthly paper, "The Ranger," by the editor, Harold Knott, and an exhibition of the loving cup to be given to the class that reports the highest per cent in the subscription contest by Jewel Whisley, also of the staff of the publication, featured the chapel exercises

held Monday morning at the high school. The editor of the paper said the first issue of the publication would be on sale at the high school and at downtown news stands on Wednesday of this week.

The subscription contest will continue until two weeks from Friday when the prizes will be awarded to the classes that have the highest number to report. For the class in the high school that reports the largest number of paid subscriptions a loving cup, donated by the staff of "The Ranger," will be awarded and to the class in

the junior high that secures the greatest number of subscriptions will be donated a handsome pennant.

All friends and members of the Church of Christ are invited to a reception in honor of Rev. C. E. Christian and wife, at the home of Mrs. Presley Kelly, 1821 Elizabeth, from 7:30 to 10:30, Nov. 20. 178-11p

ADITORIAL

How many young people today allow their thoughts to carry them back into the days of their parents, or their grandparents? In those old days, homespun was common, most of our sturdy ancestors were clothed in apparel made in the homes. And frequently cobbler's outfits made a good deal of home-shoe-making common. Today, at every turn in our lives we find devices and methods and systems and applications and modern structures, all serving to make our lives easier to live, and more capable of enriching us in our short span on earth. Now when the old folks get reminiscent and tell of "the good old days," and how cheap things were then, consider whether or not they didn't pay in some way or other than with money. It costs lots to live today, but it's worth it. Now, today, this is a wonderful time to live. Let's get the most we can out of our time by being appreciative and optimistic.

NIGHT MATINEE

THE CLIMBERS' AT THE MAJESTIC ON TUESDAY

Clyde Fitch's play which comes to the Majestic Tuesday is certainly adaptable to the screen not only because of its wealth of dramatic attitudes but because of its message. We call "The Climbers" excellent entertainment, for it is unusually well fortified with plot and characterization and points a moral in the bargain. You might almost say that the picture is director proof, yet Tom Terriss has incorporated a deft touch which makes it sparkle with vitality. His skill in bringing out the highlights of the play reflects on his intelligent direction. Mr. Fitch usually wrote with his tongue in his cheek and his gift for satirical turn has been appreciated by the director.

And where could you find a more suitable actress to interpret the author's whimsical vein than Corinne Griffith? She brings a fragrant personality to the role—a charm and aristocracy of breeding that vitalizes the idea. She is intrigued into marriage by a climber after wealth. She while her relatives are constantly stepping upward for greater social recognition.

Space does not permit the outlining of this clever picture. Suffice to say it generates conflict and contrast and all the accepted ingredients. And it moves forward with compact and spontaneous pointing its moral, and sending out on its journey rays of sentiment and shafts of genuine drama. The pathos is admirable mingled with humor. It is staged in exquisite taste. A logical picture—a human picture and acted with understanding by the star and Percy Mar-mont.

HERE IN PERSON AT THE EMPRESS ALL THIS WEEK

Miss Rae Yarnell.

Miss Yarnell is one of the best of the screen's dainty beach models who appear in person at the Empress theater as an added attraction. All this week Matinees daily. Miss Yarnell has never been on the stage in her life. She broke into the motion picture game three years ago, when a high school girl in San Francisco. She won a 360-yard swimming contest against 150 competitors and was immediately employed by one of the large motion picture studios to exhibit her grace, charm and ability in two-reel comedies. Most everyone has seen her on the screen. This is her first appearance in person, and the same applies to the other bathing beauties who are to be at the Empress.

Social News

SUNDAY WEDDING OF EXCEPTIONAL INTEREST

Sunday afternoon, November 23, at 2 o'clock there was solemnized at the home of Mr. and Mrs. F. D. Woodruff, 1606 Monroe, the marriage of Miss Mary Orth and George D. Woodruff, only the immediate family of the bride being present. Rev. F. T. Danson, rector of the Church of the Good Shepherd read the ring ceremony.

The bride wore her traveling suit of navy blue tulle, and wore a hat of seal, with throw scarf, and muff also of seal. Chrysanthemums formed the decorations of the Woodruff home for the ceremony.

Sunday's event is of especial interest in Wichita Falls, where both young people are very prominent. The bride is the youngest daughter of Mr. and Mrs. T. R. Orth, and is a popular member of the young society set. She is the second daughter of the Orth family to enter the Woodruff family, her sister at whose home the wedding took place, having married the older brother of George Woodruff several years ago. The groom has been associated with his brother, F. D. Woodruff, prominent local oil operator, for a number of years, and the young people will eventually make Wichita Falls their home, the ill health of the father of Mr. Woodruff in Fort Henry, New York, makes it necessary for him to be in New York

W. H. HAMILTON WEDS GAINESVILLE GIRL SUNDAY

Sunday afternoon, November 23, at the home of the bride's parents, Mr. and Mrs. Terry Rogers of Gainesville, Miss Margaret Rogers became the bride of W. H. Hamilton of Wichita Falls. The ceremony was witnessed by a number of relatives and friends

of the young people. The bride wore a tailored traveling frock of navy blue tulle, and carried a conventional shower bouquet of brides' roses. Mr. and Mrs. W. W. Anderson of Wichita Falls, aunt and uncle of the groom, were the attendants of the young people, acting as best man and matron of honor. Following the wedding Mr. and Mrs. Hamilton left for a wedding trip to Texas points of interest, and will be at home in Wichita Falls early in December, at 1104 Scott.

Mr. Hamilton is the nephew of W. W. Anderson, prominent local merchant and is connected with the firm of Anderson's. Both he and his bride are prominently connected in this section of the state.

Mr. and Mrs. W. W. Anderson, Mr. and Mrs. W. H. Archer, Mrs. Jewel Harkins, and daughter, and Milton Archer, all relatives of the groom, and Reginald Rogers, brother of the bride, attended the wedding from Wichita Falls.

BLAIR'S COMEDIANS TO PRESENT A NEW BILL

Jesse Blair's Comedians, offer for Monday, Tuesday and Wednesday of this week the beautiful four-act nautical drama "The Little Girl of the Sea," a story of the light-house and fisher folk pervaded with intense attractiveness. A tale of gripping interest, pure and wholesome in construction, it appeals to all classes, and is fraught with interest from start to finish. Great care has been exercised in the selection of the cast and in mounting the production to insure its success.

Mr. Blair employs nothing but union stage help and orchestra.

46 INCHES OF RAIN IS RECORD OF YEAR

Forty-six inches of rain, more than equal to the combined rainfall of any three years in the last six, and nearly equal to any four, have fallen in Wichita Falls during this year, according to the record of the government rain gauge on the Kemp and oil building. It is announced by A. K. Allen, manager of the building.

Mr. Allen has personally kept these records since and including 1913. The rain of Thursday night registered one inch.

EQUITABLE TAXATION.

Who denies that former Comptroller Terrell was stating a fundamental, axiomatic, governmental truth when he said: "I contend that a system of taxation which will compel one citizen to pay the government on a basis of double the taxation of his property while permitting his neighbor to escape on a basis of 10 per cent of the valuation of his is the grossest favoritism on the part of the government and should not be tolerated for a moment."

Our constitution and our laws, providing as they do for "uniform and equal taxation," are theoretically all right. But the methods of securing enforcement of that fair idea of taxation are hopelessly inadequate, and Texas is far behind most other states in the union in the matter of equitable taxation.

Whatever the real merits of Oklahoma's contention in the boundary dispute—and those real merits will not be determinable until after the United States supreme court has acted on the pending litigation between the two states—the fact is incontrovertible that so long as the land was of average value agriculturally, Oklahoma made no effort to establish ownership, but was content to let Texas de facto ownership remain wholly unquestioned.

Three federal district judges have held the war-time prohibition law unconstitutional, but eight have held it constitutional. The supreme court will pass on the matter finally next month, so by the time constitutional prohibition goes into effect in January, we probably shall have learned whether the emergency law was valid or not.

Mr. Terrell has made probably a closer study of taxing methods in Texas than any other man, certainly he knows more of the injustices and inequalities he complains of. And he probably is well within the truth when he says that, if Texas had fair and equitable tax renditions, the tax rate would be not more than 1623 cents instead of the 75 cents we now are called on to pay.

FIRMNESS WITH MEXICO.

Our state department has exhibited more firmness in its dealing with Mexico over the Jenkins affair than over any recent incident affecting the relations of the two countries. It backed up a bit, it is true, on its first demand that the Mexican government secure the return of the United States consular agent even if Mexico had to pay the \$150,000 ransom were charging as the price for Jenkins' release.

The department's firmness likely will be accentuated by the statement of Jenkins, that his kidnaping was intended as a direct affront to the American government, occurring in the United States consular office and including the robbery of the United States consular office funds.

INTRODUCES ALMANAC TO PROVE TO THE JUDGES MOON WAS NOT SHINING

AUSTIN, TEX., Nov. 24.—Andrew Shaw of Bowie county, sentenced to three years imprisonment for attempted criminal assault, in appealing his case to the court of criminal appeals introduced an almanac to prove that the moon was not shining as the bear two witnesses testified they identified him as the man making the notes.

MIGHT BE WORSE.

Our own two-party system of politics leaves much to be desired and we need go back only to the defeat of the treaty ratification on purely party lines to find an instance of it, for that question was big enough to be decided on its merits and not on party politics. But even at that when we look over the apportionment of the parties in the recent French election, we are inclined to prefer our own system, with its admitted defects.

Radicals... Republican left... Republican socialists... United socialists... Dissident socialists... Progressives... Action Liberal group... Conservatives

Do you put the loud pedal on your annoyances? A neighbor of ours was walking home from the station with his wife a few paces in front of me. He was carrying a suit case and a bag. He stopped to shift his burden and as I passed he could not help hearing him say: "Why on earth didn't you take a trunk instead of all this stuff? It spoils the whole trip, having to lug stuff round like this—takes all the pleasure and all the good out of it for me."

SPORTS

LATEST NEWS AND VIEWS OF INTEREST TO SPORT FANS

MORAN AT CENTRE COLLEGE GRIDIRON WONDER LEADER

NEW YORK, Nov. 24.—Moran of the "Miracle Man" family are becoming the vogue in sport.

Pat, the most noted super-man of the sport realm, is now in winter quarters resting on the laurels won by his world's champion Red. He left the stage clear for another "Miracle Man" Moran, this one Charles "Chappy" Moran, national league umpire and football coach extraordinaire.

"Chappy" entered the hall of fame recently when 11 of the 200 students of Centre college, Danville, Ky., whom he had been teaching football, left out and trimmed last Virginia, the conquerer of Princeton.

Recognition was slow in coming to the latest Moran wonder. Since the spotlight was thrown on the little Kentucky college it became known that "Chappy" has been dean of the football department down there for three years and during that time the team hasn't lost a game.

Moran is an old time ball player having had a career in the minors and a whirl at the big game with the Cardinals as a pitcher and catcher. He has been mixed up in athletics for 20 years. When active participation became impossible, he started umpiring and coaching football teams.

Baseball and football are linked rather usually this season. Hugo Bedek, manager of the Pirates, is coach of the Penn State eleven which ranks close to the top of the eastern list. The breaks seem to have gone against him. Dartmouth won by a lone point over the Staters. But they beat Penn and that covered "a multitude of sins" for them.

"Greasy" Nease, star Red out-felder and one of the shining lights in the world's series, is a star football player and has been coaching a high school team this fall.

Frank Frick, the sensational Giant youngster, was the "whole team" at Fordham. When he signed with the Giants and became a professional he broke up the Fordham team. His loss proved so serious that they had to cancel their schedule.

Bob Becher, former national league player, now in the American association, is a great football player. He plays fullback on one of the professional teams around his home in London, Ohio.

WILDE TO WITNESS FIGHT WEDNESDAY

MILWAUKEE, WIS., Nov. 24.—One of the spectators at the Charlie White-Johnny Dundee fight here Wednesday night will be Jimmy Wilde, English flyweight champion.

Wilde will return to Chicago after the fight to train for his December 6 fight with Sharkey.

White has a bout scheduled with Benny Leonard at New Orleans for December 15, if he is able to win over Dundee.

HOOSIER ELEVEN IS LIONIZED FOR VICTORY

BLOOMINGTON, IND., Nov. 24.—The Hoosier football squad was lionized on every side today following their defeat of Syracuse Saturday.

The Bloomington chamber of commerce and rotary club will give fetes in honor of the club. Coach Steffen will present such men who participated in the game with a golf ball. The faculty is going to throw in an extra jersey.

FRISCO FAT BOY IS LOOKING FOR VICTIMS

NEW YORK, Nov. 24.—Willie McEhan, the "frisco fat boy," is here on a quest for victims. McEhan is noted shortly after his arrival that he was ready to put on the gloves with anyone, including Jack Dempsey, over whom he boasts two decisions.

McEhan is said to have come for "close range talk" with Dave Driscoll, the Jersey promoter who tried to match him with Dempsey a month ago.

GRIDIRON HERO.

NATIONAL COMMISSION MAY GET A LUMP SUM

NEW YORK, Nov. 24.—Instead of cutting for a full ten per cent of the world series money, the national commission in the future may be allowed a lump sum of \$25,000 a year for operating expenses.

This recommendation is to be made by the National League club owners at the December meeting, according to the committee appointed to name a successor for Garry Herrman as chairman.

The American League also favors the move, according to the board of directors, which recently asked the commission to turn over its share of the last spoils.

Both Ben Johnson and John Heydler, presidents of the leagues, are said to favor the same.

FRED FULTON RETURNS FROM ENGLAND TODAY

NEW YORK, Nov. 24.—Fred Fulton, with his manager, Tom O'Houra, was due back from England today.

The Minnesota plasterer claims the best of the heavies over there would give him any kind of a chance. Joe Beckett, the British champion, gave him the tip to go out and whip Jack Dempsey and then look him up for a fight.

BENNY LEONARD SIGNS TO FIGHT JOHNNY DUNDEE

NEW YORK, Nov. 24.—Benny Leonard, light weight champion, has signed to fight twenty rounds to a decision with Johnny Dundee in New Haven January 15, according to an announcement by Vincent Reina, New Haven promoter, who is to stage the fight. Both will weigh in at 135 pounds. A referee and two judges will handle the fight, Reina said.

PLAY CORN HUSKERS TO DEFEAT SYRACUSE

LINCOLN, NEB., Nov. 24.—Confidence that the Corn Huskers would be able to defeat Syracuse in the Thanksgiving day game, prevailed on the Nebraska campus today following Indiana's easy win over the eastern eleven. The Syracuse squad is expected to arrive tomorrow.

Thanksgiving Turkeys. You will want turkey and can-berry sauce for Thanksgiving. We have the turkeys, all sizes—Come early and get your choice. No deliveries. F. B. Massey, 461 Lee St. Phone 397. 175-74p

Painting, papering and decorating headquarters Sherrin-Williams Co., 813 Ohio avenue. Phone 24 and home phone 141. C. R. Smith, 173-12p

We are prepared to construct any and all kinds of pipe lines. Stucky & Son. Phone 2187. 169-13p

GERMANY UNEARTHED EVIDENCE OF PLANS OF DANGEROUS REDS

By CARL D. GROAT, United Press Staff Correspondent.

BERLIN (By Mail).—Communist plans of a dangerous type are afoot in Germany.

Their plots for the winter are coming to light. These range from wild demonstrations to organized uprisings. And, while leaders are innocently declaring that the intentions of both independent socialists and communists are peaceful, the government is constantly rounding up documents proving that at least among certain groups of communists, there exist plans of the bloodiest nature.

Government disclosures leave little room for doubt that some of the wilder spirits among the Spartacists proposed to form a "red" army which would do away with political opponents.

For instance, Munich newspapers, Prussian Minister-President Brüning and the military are authority for revelations in the closing days of September showing that among other things, the Spartacists planned the following:

(a) To do away with a large number of officers and soldiers in Munich, slaying them as they slept; (b) that a blacklist of a number of prominent officials, draw lots and then "put away" the condemned; (c) that, particularly in Munich, plans were being made for creation of red "shoot troops" to use against the regular military—particularly against monarchistic officers; (d) that in cases of demonstrations, women and children were to be put in the fore ranks to shield the cowards behind from the machine guns of the government troops; (e) that the communist government should ally itself with the anarchist-syndicalist groups.

Claim Moderation. All evidence at hand in the past few weeks has shown quite conclusively that the Spartacists and independent socialists in Germany had no intention of moderating their aims to the world that they had moderated. Certainly, in general, they adopted a new course of tactics from that pursued last winter and spring when rioting and bloodshed were the order of the day. They now are bent on a course in transportation of strikes and other unusual tactics with a view to so embarrassing the government and hampering the national life that the existing regime would be overthrown.

Now, however, the evidence of the government contained in documents seized from imprisoned Spartacists shows that whereas sabotage and kindred weapons were probably favored by the bulk of the communists, there was another group that believed in "direct action" of the worst sort.

The murder of government inspector Blas in August led the government to probe even more deeply than before into the secret working of the communist group. This general investigation led to a number of arrests, including the haul at Halle of whom about a dozen of very radical strips were captured. It also proved to the government's satisfaction that Blas was killed by reds who suspected him of being a spy.

Munich continues to be a fruitful source of communist agitation. Some of the reddest of the reds have their headquarters there. From these headquarters issue secret orders which every now and then fall into government hands and prove that not only are these agitators willing to harm, and even halt, the national industrial life, but have no really sincere desire to benefit the laboring man. Instead, it has been shown, the agitators are fattening on proletarian funds, some of which emanate directly from bolshevik Russia, and others of which are collected from the "brethren" in Germany, Austria and Czechoslovakia.

Part of the program of these agitators is to give their course an air of respectability by recruiting "intellectuals."

and bloodshed were the order of the day.

They now are bent on a course in transportation of strikes and other unusual tactics with a view to so embarrassing the government and hampering the national life that the existing regime would be overthrown.

to the government's satisfaction that

Blas was killed by reds who suspected him of being a spy.

Munich continues to be a fruitful source of communist agitation. Some of the reddest of the reds have their headquarters there. From these headquarters issue secret orders which every now and then fall into government hands and prove that not only are these agitators willing to harm, and even halt, the national industrial life, but have no really sincere desire to benefit the laboring man. Instead, it has been shown, the agitators are fattening on proletarian funds, some of which emanate directly from bolshevik Russia, and others of which are collected from the "brethren" in Germany, Austria and Czechoslovakia.

Part of the program of these agitators is to give their course an air of respectability by recruiting "intellectuals."

How widespread the membership in the "murder central" was is not entirely evident at this time. Communist sources claim that these groups did not represent the sentiment and the intentions of the rank and file.

One set of documents obtained

recently shows that orders were out for any harsh attacks upon the government. "In order to null the officials into a sense of security." The same set of orders declared that the "intellectuals" must be organized and that their aid must be obtained in furthering the communist cause.

An intellectual is what in the United States would be called a paragon bolshevik. Many of these people, who honestly believe in the cause they preach are being used as tools of paid, professional agitators, who work with poison, gas and gross gauda to upset the existing order and to supplant it with a new regime, according to government evidence.

How widespread the membership in the "murder central" was is not entirely evident at this time. Communist sources claim that these groups did not represent the sentiment and the intentions of the rank and file.

"Let's take it easy for a while" — Ches. Field

A CIGARETTE that invites you to enjoy a smoke as you never have before—that's Chesterfield.

Not merely fine tobaccos, mind you, though we use the finest of Turkish and Domestic leaf, but an exclusive blending method that brings out hidden flavors—flavors that others have failed to find.

That's why Chesterfields are different. That's why they satisfy. And this method is a closely guarded secret. That's why none but Chesterfields can satisfy.

And Chesterfields reach you in prime shape for smoking always—because every separate package is wrapped in moisture-proof glassine paper.

20 for 20 cents

—and the blend can't be copied

An Opportunity

May present itself to you at any time to buy out a small business—buy into a large business—purchase a piece of property sold at a bargain for cash. The question is: have you the ready money with which to take advantage of such opportunities? Many times a few hundred dollars is all the actual cash required. It does not take as long to save that amount as you may think. Come to us and make the start now.

THERE IS NO REAL "HONEST-TO-GOSH" CHAMPS THIS YEAR

By HENRY L. FARRELL
United Press Staff Correspondent.

NEW YORK, N. Y., Nov. 24.—If Fedunk or Yap's Crossing claim the eastern football championship this season, they may get it. No one would be entitled to argue them out of it, for it seems after the most chaotic season of years that there is no real "honest-to-gosh" champion.

The regal robes and the scepter had been draped on Syracuse last week but the New Yorkers allowed Indiana, ninth in the western conference, to mail them Saturday.

Harvard's defeat of Yale made the Crimson the only undefeated major team of the east, but the record of the Cambridge eleven is not impressive enough to carry a title.

Colgate, Dartmouth, Pittsburgh and Washington and Jefferson stand high on the list but each has a defeat that cuts them out of a chance for the throne.

Affairs in the west are a little more tangible. Illinois has first call for the honors with a victory over Ohio State, the choice of the early season dopsters. First and second place was thereby established but the ranking of the other conference members is in a hopeless scramble.

Center College is running down a thread of the tangled web that may lead them to a claim on the eastern championship. The Kentuckians beat Indiana 12 to 3 and Indiana beat Syracuse 12 to 6 and Syracuse was supposed to be the class of the east. Center spread a wide grin Saturday when Georgetown beat Washington and Lee, that had been fighting opposition to Center's southern championship claims.

Surprises were not confined to the Atlantic zone Saturday. Along the Pacific the dope bucket was given a hefty kick when the Oregon seagulls beat Washington state 6 to 0.

The real big game of the season closes the year next Saturday on the polo grounds when the army and navy come together.

CONSIDER FAILURE TO RATIFY TREATY PARTISAN POLITICS

BERLIN, Sunday, Nov. 23.—Failure by the United States senate to ratify the peace treaty between the Allied powers and Germany is considered the result of party politics by Die Zeit.

"We must accustom ourselves to the fact that the peace treaty upon which for us, life and future depend, is treated in America largely as a political party matter," says the newspaper.

"Not because the treaty displeases the Republicans, who were more inimical to Germany than the Democrats, nor because they find the conditions too hard for Germany do they condemn it, but because the Democratic leader signed the treaty and they wish to discredit him and his party in the coming elections."

"It is plain now that President Wilson had no right to act as the proponent of the League of Nations nor to make promises to the European peoples for the fulfillment of which he was unable to rely even on his own people."

EIGHTEENTH AMENDMENT IS TO BE ATTACKED IN THE U. S. SUPREME COURT

WASHINGTON, Nov. 24.—The eighteenth amendment to the constitution, establishing permanent prohibition, will be attacked by the west. It is learned from attorneys participating in the supreme court arguments over the validity of the war-time prohibition.

Constitutional prohibition "will be fought to the last ditch," it was stated.

Already plans are being made to attack the amendment about the time it becomes effect, January 18. The first move probably will be made by the state of Rhode Island, which will ask the supreme court for immunity from enforcement of the amendment on the ground that the state legislature has never ratified it.

To fight the case the legislature has authorized the expenditure of \$5,000, according to attorneys for the state, who are here to get pointers from the arguments on war-time prohibition. The suit, being that of a state against the United States, will be instituted in the supreme court, thus assuring expedition.

Rhode Island, the state attorneys here say, will not only strive to remain wet itself, but will seek to knock out the amendment on the ground that it is usurpation of state police powers by the federal government.

A like case is expected from Ohio if the wets are conceded a victory in the referendum on the national amendment—as to whether states by referendum can withdraw their previous ratification.

EXHIBITING GUSHERS WILL BE PROHIBITED

AUSTIN, TEX., Nov. 24.—Another version of the proverb "All is not gold that glitters" is given by the Oil and Gas department of the Texas railroad commission which warns stockholders and prospective stockholders not to place too much credence in photographs showing gushing oil wells.

Cases have been known where the matter being thrown out of a well by a head of gas was not oil at all, but mud and water, the warning adds.

The department also warns oil producers that it will consider allowing a well to shoot oil in order to obtain a photograph a violation of the oil and gas conservation laws, in that oil is wasted and the fire hazards are increased by oil which is sprayed over territory adjoining the well.

GREAT PROSPERITY IN THE STAMFORD SECTION

Stamford and Jones county are now enjoying the greatest period of growth and development in the history of that section, according to S. S. McClure, Stamford business man who is here looking over the oil fields. Mr. McClure says that Jones county has raised the biggest cotton and feed crop in its history and that Stamford, Anderson, Leuders and other towns of the county are growing very rapidly. He stated that Stamford was overrun with visitors and that the hotels and lodging houses of the city were unable to handle the large number of people who are coming there to locate.

FOR BURNING ECZEMA

Apply Zemo the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy ointments and ointments should not be applied if good clear skin is wanted. From any drugstore for 50c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is so effective and satisfying.

WAS A WILD NIGHT IN CHICAGO RESULT DARKENED STREETS

CHICAGO, Nov. 24.—Street lights were turned off in Chicago, due to the coal shortage. Police checking up results over the night found the greatest Saturday and Sunday night record of crime in the city's history.

The "slate" showed: 30 hold-ups; 39 automobiles stolen; two battles between gun men, in which two were seriously injured and a holdup man killed and policeman wounded.

HIGHER PAY FOR ARMY TO COME BEFORE CONGRESS EARLY IN THE SESSION

WASHINGTON, Nov. 24.—Higher pay for all men in the army and navy will be one of the first questions to be considered by the House at the beginning of the regular session on December 1, leaders of the military and naval committees said today.

That increases will be granted seem practically sure. Representative Butler of Pennsylvania, chairman of the House Naval Affairs Committee says, "Plans are being considered to make the increase the same for men in both the army and navy and toward that end a joint committee of the military and naval committees will meet early next week to frizzle the new schedules to be recommended to the House."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he has used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pain, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

A COLD RELIEVER FOR FIFTY YEARS

Dr. King's New Discovery has a successful record of half a century

TRIED for more than fifty years and today at the zenith of its popularity? When you think of that, you are bound to be convinced that Dr. King's New Discovery does exactly what it is meant to do—soothes cough-ras, loosens congestion-tormented chests, loosens phlegm-pack, and breaks the most obstinate cold and grippe attack.

Dr. King's is safe for your child, for your mother's cold, for the kiddie's cold, cough, croup. Leaves no disagreeable after-effects. 60c and \$1.25 bottles at your druggist.

BOWELS ACT SLUGGISH?

Irregular bowels often result in nervous sickness and disorders of the liver and stomach. Make them act as they should with Dr. King's New Life Pills. Keep the liver strong—the system free from waste. 25c a bottle.

STOP! Preserve Your Health

The Road to Health is Smooth and Clear If You Use Nujol

THE real Road to Health is an intestinal highway 50 feet long. When Constipation clogs this road, it's the same as when a landslide blocks a mountain pass. There is a difference, however. Constipation not only blocks the way, but breeds poisons which menace health.

The obstruction in the mountain pass can be blown out with dynamite, and the obstruction in the intestines CAN be blown out with powerful drugs—but any drug powerful enough to do this is bound to harm the body.

There is only one way to relieve Constipation without in the least measure endangering the delicate mechanism of the human system.

That is the NUJOL way.

NUJOL is absolutely harmless. It is NOT a drug. Not a particle of it is assimilated by the body. All it does is to soften the mass impacted in the colon and lubricate the way to normal expulsion. NUJOL does this without causing any pain or discomfort. It does not in any way interfere with the digestive processes. It has no more effect on the delicate membranes and tissues than to smooth and soothe them.

It is a healing force which gently but effectively removes the intestinal obstruction, and performs this great service to health without in any way lessening Nature's provisions for protection. Its sole province is to help Nature help herself.

Nearly everyone is subject to Constipation at some time or other. Nearly everyone has proved the worthlessness of ordinary "remedies" as to lasting results. Now try Nujol—and learn that there is a lasting relief for this curse.

For valuable health booklet—"Thirty Feet of Danger"—free, write Nujol Laboratories, Standard Oil Co. (New Jersey) 50 B'way, N. Y.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. All cheap imitations are inferior. You may suffer from substitutes.

NOTICE

We wish to notify the public that we have established a milk depot at 604 Ohio Ave., where you can obtain fresh, pure milk every day.

TABLOIDS

Minus Costumes.

CHICAGO.—Paul Karth was detained by police when he was found with a packing containing eight chemise. He said he was on his way to a chimney party—and "how could it be staged without chemise?" he asked.

Some Sentence.

MILWAUKEE, WIS.—A bath once a week for two years and attendance at church once each Sunday that her "body and soul may be cleansed" was the sentence imposed by Judge Backus on Mrs. Frances Prokop.

Friday and Boozer.

DALLAS, TEX.—Friday was Leon Friday's unlucky day. Friday, chauffeur for Governor Hobby, was arrested Friday charged with racing chauffeur Boozer. Friday was fined and Boozer put under bonds.

WOMAN IS SOUGHT IN MURDER MYSTERY

CHICAGO, Nov. 24.—A woman was being sought by the police today in an effort to establish a motive for the murder of James P. Gallagher, an attorney, who was shot here three days ago. Detectives turned from the theory that the attorney was killed by a highwayman and searched for the woman, said to have been a close friend of Gallagher's, in the belief that the shots were fired by a jealous suitor.

RATIFY CREDENTIALS OF BULGARIAN DELEGATE

PARIS, Nov. 24.—The peace conference has ratified the credentials of M. Stambouli, the Bulgarian representative who will sign the Bulgarian treaty Thursday. It was announced today.

MURINE Night Morning Keep Your Eyes Clean, Clear and Healthy

Kill Dandruff With Cuticura

Physicians and druggists claim that the great epidemic of influenza has conclusively demonstrated that the best preventative of influenza and pneumonia is to keep the liver active so that the digestive organs may be in perfect condition. For this purpose Calotabs, the new nausealess calomel tablets that are free from the sickening and weakening effects, is the most thorough and dependable, as well as the most agreeable laxative.

Calotabs have the special advantage of not making the patient sick and weak, as they do not upset the digestion and appetite. One Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating, pleasure, or work. Next morning you are cold has vanished, your liver active, your system in vigor, and you are feeling fine with a healthy appetite for breakfast.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. Sold by all druggists and your money back if you are not satisfied with them. Adv. 1.

DOCTORS USE CALOTABS FOR COLDS AND FLU

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, the Purified and Refined Calomel Tablets That Are Nausealess, Safe and Sure.

Wichita Falls by aeroplane will be a regular feature December 1, that being the date set for the beginning of the service contracted for by the Dallas Times-Herald with a Dallas aeroplane company. The last edition of the paper, published about 4 in the afternoon, will be the edition brought to Wichita Falls, arriving here about an hour and a half later.

Read Every Word-It Means Money to You

As soon as the pipe line conditions are normal, we will develop our 10 acres in the Northwest Burkburnett field. The production from this tract alone should pay our stockholders over 100 per cent on their investment.

Our 100 acres south of the East Wichita well, the stock of which is now selling for more than 2 for 1, is one of our greatest assets—this assures dividends.

Como Oil Co. No. 1 has made a success in the shallow field, the trustees having refused offers to sell at a price that would net the stockholders a very handsome profit on their investment.

COMO IS HERE

If you want a good, straight and fair deal—invest in COMO NO. 2.

Our officers and directors are all business men. You can fully depend on the management and on getting a square deal.

The K-M-A is offsetting Iowa Park shallow production. Como No. 2 is offsetting Iowa Park shallow production.

Leaseholders in this vicinity will find it to their advantage to get in touch with us at once.

If you are a good salesman and can furnish A1 references, write us at once.

Como Oil Company No. 2

Iowa Park, Texas

A Joint Stock Association Operated Under a Declaration of Trust. Shares Par Value \$10.00. Fully Paid and Non-Assessable
CAPITALIZATION \$225,000 **315 ACRES OF VALUABLE LEASES**

OUR HOLDINGS

100 acres two miles southeast Iowa Park, right in the heart of shallow production. This will be the first deep well test in this field.

30 acres two miles northeast Iowa Park, surrounded by production.

25 acres two and one-half miles southeast of Iowa Park.

100 acres two miles south of the East Wichita well, south of Wichita Falls.

10 acres Northwest Extension Burkburnett Field, Block 70—within 400 feet of production. **THIS ACREAGE ALONE SHOULD PAY BIG DIVIDENDS ON THE ENTIRE CAPITALIZATION.**

50 acres Hamilton Co. (This is wildcat acreage, but drilling is going on on all sides and may be proven very valuable.)

315 ACRES IN ALL, conservatively estimated by expert oil men to be worth at least \$150,000.

Our Iowa Park leases are in the heart of the proven shallow field. If we do not get the deep oil—as did the Kemp-Munger-Allen—we will develop the shallow sand. We have enough acreage here to put down 25 shallow wells. However, the indications are very good for a deep test.

Our Iowa Park acreage is to be developed at once.

First well is to be drilled to a depth of 3,500 feet in this field.

Our first well to be drilled on our 100 acre tract, Mamie Dale Brown Lands. We will drill to a depth of 3,500 feet unless pay sand is found at a lesser depth.

DON'T BUY COMO STOCK NO. 2 FOR SPECULATION

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, Nov. 24.—Unexpectedly strong Liverpool cables, firmer exchange rates and the absence of December news led to an opening advance of 11 to 10 points in the cotton market today. There was considerable southern selling and shipping which caused reactions of 15 or 20 points after the call but the advance was soon absorbed and active trading was resumed. The market closed at 10 1/2 points net higher than the end of the first hour with December trading 20 1/2 and January 20 1/2. The market was active in the early afternoon with December at 10 1/2 and January at 10 1/2. The market was active in the early afternoon with December at 10 1/2 and January at 10 1/2.

LIVESTOCK.

PORT WORTH, TEX., Nov. 24.—Cattle receipts: 11,000; steady. Hogs, 8,000; steady. Sheep, 1,000; steady. Cows, 10,000; steady. Horses, 500; steady. Pigs, 1,000; steady. Butter, 100,000; steady. Bones, 100,000; steady. Manure, 100,000; steady. Feathers, 100,000; steady. Tallow, 100,000; steady. Wool, 100,000; steady. Hides, 100,000; steady. Bones, 100,000; steady. Manure, 100,000; steady. Feathers, 100,000; steady.

NEW YORK STOCKS.

NEW YORK, Nov. 24.—Stocks manifested definite trends at the dull opening of today's session. Traders were more favorably inclined to the long account but commission houses continued to emphasize the need of further caution. General Motors and General Electric led the week's final session, soon strengthened the general list at gains of 3 and 2 points, respectively. Food and copper issues also contributed to the greater breadth and activity of the market at higher prices within the first half hour.

GRAIN AND PROVISIONS.

CHICAGO, Nov. 24.—Announcement of the opening of the coal market here that was closed temporarily by coal shortage had a bullish effect today on the corn market. Opening prices, which ranged from 1 1/2 to 1 3/4 cents, were followed by additional gains in some cases. After opening at 1 1/2 cents, the market advanced to 1 3/4 cents and May 1 1/2 to 1 3/4 cents.

C. H. CLARK FOREMAN SPECIAL GRAND JURY

Investigation of charges against persons detained in the county jail who were unable to furnish bond was urged by Judge William N. Bonner of the Thirtieth district court in his charge delivered Monday to the grand jury empaneled Monday in special session due to the fact that the county jail was filled to overflowing with persons held there in default of bond.

CROWDS OVERFLOWED DR. KNICKERBOCKER'S TWO SERVICES SUNDAY

With the largest crowd in the history of the First Methodist church South in attendance Dr. Hubert G. Knickerbocker, the new pastor of the church, Sunday opened his pastorate in Wichita Falls, and incidentally by coming up to all stipulations won a fine suit of clothes from T. E. Noble, one of his stewards. Dr. Knickerbocker is noted as one of the foremost ministers of the Methodist church in the south, and his fame had preceded him to such an extent that it was scarcely necessary for him to announce his rather sensational subject to draw a crowd. That he came up to all specifications is the unanimous decision of all who attended both meetings.

MORTUARY.

Mrs. E. B. Birkhard, age 70, died at the Wichita General hospital Sunday morning. The body was shipped by Hill, the undertaker, to Tulsa Sunday night for burial. A husband and one child survive.

Mrs. A. E. Rhodes, age 70, mother of Mrs. O. M. Moore, 1107 Monroe, died at the home of her daughter Saturday evening. The body was prepared at the parlors of the Hill undertaking establishment and shipped to Paradise, Texas, for interment.

Otis Thornton, 8-year-old son of Newton Thornton of Burkburnett, died Sunday at the Alpine hotel. The body was prepared in the Hines undertaking parlors and shipped to Burkburnett for burial.
