## Government Sends Plea For Farmers To Turn In Scrap Metals Immediately

The government is still in great need of "scrap" metal, in order to keep up with its production of guns, planes, ships, tanks, trucks and other materials used in the prosecution of the war. The Star, along with all other newspapers of the country, is being urged to use its columns to encourage people to make strenuous efforts to get all available materials collected and on the way to the foundries and factories which are engaged in the defense work for the nation.

So far as the Star is concerned, and many other newspapers are in the same predicament, there is little it can do in the way of furnishing this scrap metal as it has none to offer; therefore, it seems that the most it can do is to bring the matter before the people and urge immediate action on the part of its readers who may have quantities, either large or small—to get busy in collecting the materials they may have about their farms or homes and get it in the hands of their nearest "junk dealer", so that it may get into the commercial currents which will deliver it direct to the foundries that are doing this work for the government.

Some people seem to have the idea that the government is slacking on the price being offered for this scrap metal; that any and all restrictions in that line, if any there be, should be removed from the scrap metal business and that it be allowed to flow into the markets at supply and demand prices. They feel that the government is spending large sums of money for propaganda, printed and otherwise, which, if saved, would go far toward paying a fair commercial price for such materials.

We, the Star, force, never having been connected in any way with the sale of junk or scrap, do not know anything about such a matter. We do know, however, that if our government is in need of this scrap material, in order that our boys out on the battle front who are risking their lives, and thousands of them losing their lives for want of the right and the proper amount of equipment to fight with, it is our first and most important duty to see that they get all of this material that we can possibly secure and provide and that we must not let it be "too little" and "too late".

As an evidence of the fact that the government is sorely in need of this material, we are quoting here a telegram received at the Star office Wednesday morning, from Donald M. Nelson. It reads as follows:

Washington, D. C. Nov. 24, 1942

"Friona Star, Friona, Texas.

"The government is asking the American farmer to dedicate the remaining weeks of 1942 to an intensive scrap hunt. Steel mills need more heavy scrap and farms are one of the best sources of this kind of material. We need your further help in this farm drive and in aiding our salvage committee to continue this effort through the

## Orland Rury Listed On ACC Honor Roll

Ablene—Orland W. Rury, son of Mr. and Mrs. C. L. Rury of Friona, is listed on the honor roll at Abilene Christian college, which has been compiled by the registrar from the first six week's reports. This honor roll is composed of students who are in the upper ten percent of the class in one or more courses.

## Mkt. Quota Vote To Be Dec. 12

Word has been received by the local AAA office that the national Cotton Marketing Quota Referendum will be held on Dec. 12, 1942; therefore, cotton farmers in Parmer county should give careful thought to the cotton situation and as to whether or not they want government loans on their 1943 cotton crops. Regardless of what your opinion is on marketing quotas and government cotton loans, it is your privilege and also your duty as an American citizen to go to an election place which will be conveniently located in your community, and cast your ballot on marketing quotas for 1943. You will be advised by letter from the local AAA office as to the location of the voting box in your community.

## Grain Sorghums Yield High Here

It develops that an enormous crop of grain sorghums and other feed crops has been produced this season in the Friona territory, and despite the fear a few weeks ago that much of it would be lost by frost and light freezes which came before the crops were matured, much of this is being harvested and an almost unbroken line of grain trucks is arriving at the local elevators.

Most of this grain is in prime condition for the market and its maturing is due to the continued fair and mild weather which has prevailed since the crops began to ripen. Many farmers, however, fearing a freeze that would entirely ruin their crops, have cut them before the grain was mature, and these crops will make good feed for cattle, large numbers of which are being shipped into this locality for feeding and pasture.

next few weeks. Mats and other materials to help you are being prepared and will be mailed soon. All salvage committees are being instructed to continue to make available to the farmers all their transportation facilities and man power and to cooperate with you in every possible way. The nation is looking to the American farmer. I am sure that with your help we will come through."

Donald M. Nelson, Chairman

## "Aw, We Must Be Near The Solomons"

## "Scrap Pens" Are Established Over County This Week

"Scrap pens" have been erected in Friona, Bovina and Farwell this week by the Home Demonstration Clubs of Parmer County where scrap metals can be deposited.

Mrs. Will Nittler, chairman of the County Home Demonstration Council, stated that these "scrap pens" were for the use of all who wanted "to get in the scrap". She continued by saying the pens were in convenient down town locations and near the street where one could toss small pieces into the receptacles without leaving their car.

Although this final scrap drive is being led by the Home Demonstration clubs it is hoped that all will help. Mrs. Nittler went on to say, the money received from the sale of this scrap metal will be used for worthwhile causes—such as purchase of a cue rack for the Quartermaster Supply and magazines for the USO at Base at Clovis, a ping-pong table Clovis, as well as funds to finance other service projects being sponsored by the Home Demonstration Clubs.

"Your contribution of scrap metals has greater purpose, though, than helping with these fine service projects, and that is the part the metals will play in the war program. The government is in need of scrap and the Home Demonstration Club women urge each of you to make a final effort to rid your farms, households, and business places of every particle of these valuable scrap metals," Mrs. Nittler added.

The members of the committee of the council in charge of the scrap collection are Mrs. C. A. Turner, Mrs. Giles Cobb, and Mrs. N. E. Bonds. The clubs have already succeeded in collecting several hundred pounds of iron and steel in a drive during the earlier part of this month, Mrs. Nittler announced.

## Parmer Soy Beans Test High In Oil Content At Mill

Soy beans are now being accepted by the West Texas Oil Company at Littlefield and paid for on the basis of low oil content at \$1.50 per bushel for Class I yellow beans, grading No. 1 delivered to the mill at Littlefield. An analysis of beans in Parmer county show them to be of high oil content; therefore, upon confirmation of high oil content from Commodity Credit Corporation to Littlefield oil mill, \$1.60 per bushel will be paid. The Littlefield mill will accept only sacked beans. Sacks may be secured at the local AAA offices in Farwell, price of sacks

## LOCALS

W. T. Talbot, a long time citizen and farmer of the Friona territory, and his daughter, Miss Elvira, have completed plans for moving to San Diego, Calif., where Miss Elvira will join her two sisters who are employed at defense work in an airplane plant.

Plans are already made for the four of them to live together and Mr. Talbot, who is physically unable to manage his farm here, will look after the home while his daughters are at work in the plant.

Mr. Talbot stated that he plans to return to Friona next year during the wheat harvest season to look after the harvesting of his wheat crop, after which he will probably visit with relatives in Kansas. He has rented his farm to Forrest Gaines.

Mrs. Charles Schlenker, one of Parmer County's pioneer citizens of the Rhea community, was in Friona Tuesday afternoon, and while here stopped at the Star office to have her subscription advanced for another year. Mrs. Schlenker is one of the Star's most regular subscribers.

### SPENT WEEK IN AMARILLO

George McLean returned Tuesday morning from Amarillo, where he had spent last week visiting his grandson Kenneth Houlette and family and other friends and relatives.

While in Amarillo, Mr. McLean attended a gathering of the pioneer citizens of the Panhandle, an occasion which he greatly enjoyed. He also visited with some of the Republican leaders of Amarillo.

Mr. and Mrs. Tommie Wilburn visited in Amarillo Sunday.

Mrs. Frank Miller and Mrs. Giles Williams of Bovina visited here Wednesday.

Orland Rury, of Abilene, son of Mr. and Mrs. C. L. Rury, will preach at the Sixth Street Church of Christ, Sunday, Nov. 29. Everyone is welcome.

Ralph M. Lowe, of Lubbock, transacted business here Monday.

will be 13 1/2c each. Producers will receive 11c back for each sack delivered to Littlefield oil mill. Soy beans will be considered as a war crop in 1943 and since farmers will be required to plant a portion of their farm to war crops for 1943 it is suggested that wherever possible, beans should be retained for seed.

Mrs. J. E. Cox of Eureka, Cal., White and other relatives, left here visiting her brother, E. S. Elvira, who spent a part of last week Friday morning continuing her journey to Arcadia, Fla., where she will visit for a few days with parents and sisters and other brothers. She plans to stop at Friona again on her return to California.

### VISITORS IN HYDE HOME

Guests in the H. A. Hyde home southeast of town Sunday were Mr. and Mrs. T. S. Adair and children, Thomas Jr. and Marie, of Earth, and Raymond Glenn, of Flag.

Mrs. Adair is a sister of Mrs. Hyde. The afternoon was spent in visiting and taking pictures.

### REPORT OF LIVE AT HOME CLUB

The Live at Home Club met Nov. 18th at the home of Miss Elvira Talbot.

Visitors were Meses. Joe Miller and Oscar Pope; members were Meses. L. F. Lillard, E. E. Taylor, Edith Taylor, E. W. Talbot, J. A. Wimberley and Chet Warren; Miss Elvira Talbot and Miss Elsie Cunningham, agent. Miss Cunningham gave a demonstration of two cheese dishes which were very good meat substitutes. She also discussed the meat program and answered questions on that subject.

Mrs. J. A. Wimberley gave the council report and Miss Talbot, clothing demonstrator, gave her report; she also showed a number of articles made during the year.

It was decided to have an "old fashioned" Christmas party on Dec. 18 at the home of Mrs. E. E. Taylor. Mrs. Chet Warren and Mrs. E. W. Talbot are to make the plans.

The January meeting will be held at the home of Mrs. E. W. Talbot.

Miss Elvira Talbot, Reporter

### HOME ECONOMISTS TO MEET

The Parmer County Home Economists Association will meet Dec. 3 in the home of Mrs. J. T. Gee at Friona. Miss Mary Elizabeth Stanford, homemaking teacher in the Friona schools, is conducting the program. All home economists are invited.

Mr. and Mrs. Harrison Beene, of southeast of Friona, spent the past week at their former home in Oklahoma, attending to matters of business and visiting relatives and other friends. Mrs. George McLean looked after their household during their absence.

## Suicide Verdict Returned In Death Of I. W. Barnhouse Sunday Afternoon

### Sorghum, Cotton Loans Available

Grain sorghum loans are now available on grain sorghum stored on the farm. The loan rate applicable for No. 2 grain sorghum is 53 cents for 56-pound bushels. Producers placing grain sorghums under loan will have the option of redeeming grain sorghum by repaying amount of loan plus accrued interest in even the market price advances to such an extent that they would have an equity in the grain. For further information contact the local AAA office at Farwell.

Farm storage cotton loans are now available for the first time under the Commodity Loan Program. This cotton may be stored on the farm in storage structures approved by the county Agricultural Conservation Association Committee. A storage allowance of 10c per bale per month will be paid. Producers desiring to secure farm storage cotton loans should contact the AAA office in Farwell.

## Final Date On ODT Certificates Set Up To Dec. 1

Texas farmers still have time to obtain certificates of war necessity before the deadline date.

Under a recent announcement from the Office of Defense Transportation, the effective date has been postponed from Nov. 15 to Dec. 1 at which time certificates will be required on all farm trucks, buses, taxicabs, and similar commercial vehicles.

Gasoline rationing also becomes effective in Texas on Dec. 1.

According to B. F. Vance, chairman Texas USDA War Board, farmers who have applied for but have not received certificates by Dec. 1 will receive temporary gasoline rations.

He explained that after certificates are received that regular coupon books, would be issued and deductions made for gasoline used under temporary rations.

Operators subject to the registration order will not be able to obtain tires, parts or gasoline without certificates of war necessity.

## H. D. Clubs To Make Cookies For Clovis U. S. O.

The Parmer County Home Demonstration Council met Saturday, Nov. 21, at the Blackwell Hardware Store in Friona.

Mrs. A. H. Boatman, chairman of the special committee to decide on how to use funds contributed by various Parmer County people and organizations for benefit of soldiers stationed in Clovis, reported that her committee, after visiting the USO and the Quartermaster's Supply Base at Clovis recommended that part of the funds be used to purchase materials for making cookies for the USO. Mrs. Helen Tracey, the USO director, informed the committee that approximately 10 dozen cookies would be required daily to keep the USO cookie jar supplied. It is the plan of the committee to supply cookies for one day each month and the various home demonstration clubs are asked to take turns at baking. The Bovina Home Demonstration Club has agreed to make 10 dozen cookies for December.

Mrs. Joe Jesko, chairman of the sponsors, reported that 44 of the 133 girls enrolled in 4H club work in 1942 had completed their goals. The council passed on the achievement awards to be presented at November 4H meetings.

The dummy form of the 1943 yearbook was presented and accepted after a few minor changes. The program which was approved included a Red Cross Nutrition Course to be conducted by the Home Demonstration Agent as contribution at regular

A verdict of suicide was turned in this week in the death Sunday of J. W. Barnhouse, farmer living 14 miles southeast of Friona.

Medical investigators reported that the bullet, evidently self-inflicted, entered Mr. Barnhouse's body just below the chest and passed through the heart.

Despondency caused by ill health and financial reverses were considered the cause for the act.

Isaac Walter Barnhouse was born April 29, 1876, in Leesburg, Virginia. He was converted and united with the Baptist Church in early manhood. In 1895 he was married to Miss Martha Cissel. To this union was born one child, which died at birth. Mr. Barnhouse reared two boys to manhood and later adopted two other children and reared them, Bertie and Merle Barnhouse. His first wife preceded him in death Oct. 22, 1934, and he was married again to Mrs. Ed Ball of Bovina in Oct. 1935. He died at 1:30 p. m. Nov. 22, at his home.

He leaves to mourn his passing his wife, Mrs. I. W. Barnhouse, Mr. and Mrs. Merle Barnhouse, Mr. and Mrs. E. G. Rocky and children, Mr. and Mrs. J. D. Ball and children, Mr. and Mrs. Tom Ball and Mr. and Mrs. Tom O'Brian and daughter.

Funeral services were conducted at the Friona Baptist church, Tuesday afternoon, by the pastor, Rev. Joe Wilson. Burial was in the Friona Cemetery.

Mr. Barnhouse was a worthy and patriotic citizen and a kind and charitable neighbor and nothing which he possessed seemed too good for his neighbors. This community is a severe loser by his death.

## First Santa Claus Letter Received

This is the first letter of its kind to be received at the Star office this season, and while Christmas and Santa Claus may seem quite a distance in the future, the little man who sent this letter in has evidently been keeping posted on conditions, such as scarcity of materials, crowded mails, rationing, etc., and is taking time by the forelock so to speak and getting his letter in early. The Star congratulates him on his foresight, and it might be well for other little friends of Santa Claus to do the same thing. The Star will be pleased to see that these letters are forwarded to Santa Claus.

Friona, Texas Nov. 20, 1942

Dear Santa Claus:

I have been a good little boy this year. I help my Daddy and Mother all I can. I go after cows and feed calves for my Daddy. Will you please bring me a "tinker toy set" and anything else you think I need. Be sure to remember all the other boys and girls.

Your little friend,  
Maurice Goede.

### UNION CONGREGATIONAL CHURCH

A special series of sermons on the general theme, "If I Had Not Come", will feature the Advent season from Nov. 29 through Dec. 24. Special Christmas music will be featured from time to time. The pastor will discuss what kind of a world this would be if Jesus had never lived in it. A special children's service, "Gifts to the Christ Child", will be a feature of the second Sunday in December, which is always family Sunday, and the sermon is of special interest to children.

club meetings during the first six months of 1943. All women living in areas where clubs are organized are invited to attend these Red Cross Nutrition classes.

It was voted to change the December meeting date for the council to Dec. 12, at which time a training school will be held for 1943 council members. Mrs. Will Nittler, council chairman, and Miss Elsie Cunningham, extension agent, will be co-hostesses at a tea following the training school.

### Patriotic Potato

One of San Francisco's latest additions to oddities in the vegetable world is this "victory potato" displayed by Vera Graham.

### Hundred Axis Bombers Knocked Out in Egypt

Put out of commission by allied raids at Daba, Egypt, more than 100 axis bombers line the captured airfield. As soon as the Daba airfield was occupied by allied ground forces, scores of fuselages were collected.

## Farmer John SEES THINGS

My last week's "roastingears" are not yet ripe. My political party allegiance is not yet settled. I can't, wholeheartedly, go with the "high-tariff" and wobbly policed G. O. P. It's state organization leadership don't seem to know what ails them. John White tells a story that illustrates the "dead end" into which the party has placed itself in Texas. "A family of bears, consisting of the "Mamma and Papa Bear and their small Sonny Bear," were traveling and stopped for a short rest. Papa Bear sat down to rest and sat upon a prickly cactus. He got up and moved over. Then Mamma Bear came along and sat on the same cactus. She got up and moved over. Then came Sonny Bear and likewise sat on the same cactus, but he did not move. Mamma Bear looked at Sonny, then looked at Papa. Papa looked at Mamma. Then Mamma Bear looked again at Sonny, who was still sitting, apparently undisturbed from sitting on the cactus. She then again looked at Papa and said: "Do you suppose, Papa, that we have one of those "dead-end" kids?"

In 1932 the Democratic Platform and Candidate Roosevelt definitely promised the country a revision of the tariff towards fairness to all people. We have had ten years of absolute New Deal power, yet not one thing has been done to correct the chaotic world injustice. In fact, we have had the most monopolistic trade practices through cornering gold that the world has ever seen, so I guess this old farmer is without a party. But, Boy, or Boy! He will get some kind of an AAA check if he'll be good.

One of the soundest and most skillfully put articles I have ever read favoring Free Trade I get in a recent copy of the Clovis News Journal. This is one city-yet country-newspaper that has the courage and patriotism to let straight, logical thinking go out in print. The article was written by R. C. Holles, in his column, "Common Ground."

"A reader, who prides himself as being practical and chides me as being a theorist, implies that I want Free Trade from a philosophic standpoint, or with the desire of helping raise the standard of living of the people of India and throughout the world. He argues that Free Trade would not help raise the standard of living of the people of India, that their poverty is due to another cause.

"I will concede that their extreme poverty is due to another cause but I do believe that Free Trade, everything else being equal, would to some degree improve their lot.

"But I will admit that I am not interested so much in Free Trade for the benefit of the people who live in India or Japan or any other country as I am interested in Free Trade because I think it would improve the living standards and reduce the poverty in this country.

"I believe this because I am convinced that both parties are benefited when they exchange. I believe this because I am persuaded there is no nation or people who know as much as all the world knows. I believe that trade is a great educator. I believe that the division of labor promotes efficiency. I believe that if we exchange something that we produce in this country by specialization that takes one hour to produce, for something that is produced in another country that will take us two hours to produce with our lack of specialty in that industry, that then we would have an hour more to use to produce some material thing that we want, or to rest, or to seek understanding, or to fish, or to

hunt, or to play golf, or play bridge, or get acquainted with our families and friends. We might even then have enough time and energy left so that people would not have to work so hard, that they could read some of the great thinkers of the ages, or have time to sit down and think things out themselves, so that they could believe that most advocates of Free Trade were not agitating it for the purpose of benefitting the rest of the world, but they were advocating it from a purely self-interested standpoint.

"Yes, I believe in Free Trade because I believe that if we freely exchange with the people in all the world, we would have a higher standard of living in this country. We would have it because we would learn from the rest of the world. We would save human energy in the division of labor and then we would have no pricks of conscience if we had Free Trade and no immigration laws about the poverty and misery that exists in other countries. We would then have no need for wars, excepting the wars of self defense. And when we have no need to police, and try to run the rest of the world, we would have more time in our own country to learn how to get along with each other. And when we have time to think things over, we would more likely come to realize that we could influence the rest of the world better by example than by the sword. We would commence to believe in Jesus' statement, that those who take up the sword or tariff will perish by the sword, or trying to run the rest of the world with force."

This quotation surely shows straight thinking, and a glance at the United States history at the time of Cleveland's and McKinley's administration, demonstrates that the idea of Free Trade is practical. Near the end of the Cleveland administration, the Republican congress passed and the Democrat president signed what was commonly known as the "Reciprocity Act." That act made this country the nearest to a Free Trade basis in its history. The McKinley administration was the beginning of one of the most prosperous eras in the history of the nation. Yes, Free Trade is practical.

Oh, yes, we have the Atlantic Charter to talk about, under which the great dictators of the world agree to be nice to one another, but fundamentally the American people want personal liberty and responsibility, free business initiative and the right to trade with Hindu, Jap, British or Dutchmen. As soon as some political leadership comes out with the plan, recognizing the value and the rights of the individual plus the wisdom of the co-operation of all economic interests of ALL the people, I think my "roasting ears" will get ripe.

### CITATION BY PUBLICATION THE STATE OF TEXAS

To: Fred W. Brown and wife, Mary E. Brown; Thomas P. Phillips and wife, Alice C. Phillips; Albert J. Ory, Paul H. Boecker, Valentine A. Dieter; and Frank Burk and wife, Mary Burk; and all the unknown heirs, unknown assigns, and legal representatives of the above named persons. GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 12 days from the date of issuance of this Citation, the same being Monday the 21st day of December, A. D. 1942, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 6th day of November, 1942. The file number of said suit being No. 1254. The names of the parties in said suit are:

Sloan H. Osborn as Plaintiff, and Fred W. Brown and wife, Mary E. Brown; Thomas P. Phillips and wife, Alice C. Phillips; Albert J. Ory, Paul H. Boecker, Valentine A. Dieter; Frank Burk and wife, Mary Burk; and all the unknown heirs, unknown assigns, and legal representatives of the above named defendants. As Defendants.

The nature of said suit being substantially as follows, to wit: This is a suit in trespass to try title wherein the plaintiff alleges that heretofore on the 1st day of Nov. 1942, the plaintiff was lawfully seized and possessed of the following described land and premises situated in Parmer County, Texas, holding and claiming same in fee simple to wit: The N. W. 1/4 of Section 13, Block B, Rhea Brothers Subdivision, Parmer Co. Texas, and containing 160 acres more or less.

That said defendants unlawfully entered on said premises and ejected plaintiff therefrom. Plaintiff affirmatively pleads the three, the five, and the ten year statute of limitations. Plaintiff prays for judgment of the Court for the title and possession of said land and for quiet title.

Issued this 6th day of November, 1942.

Given under my hand and seal of said Court, at office in Farwell, Texas, this 6th day of November, A. D. 1942.

D. K. Roberts, Clerk, District Court, Parmer County, Texas. By Dorothy Lovelace, Deputy. 17-41c

### CHRISTMAS PHOTOS Give photographs this Christmas, a gift that only you can give.

We are looking forward to a big Xmas business, it has been estimated that 80 per cent of the population in the U. S. will have some kind of photographic work done this Christmas, as next year you may not be able to have any made for the duration.

Thousands of studios will be forced to close before spring. The U. S. government is using so much of the material used in this work that we are running short, but we have enough for this holiday season, at least. Be wise, have 'em made early. Give someone in the services your photo—it will help cheer 'em up.

Sittings made at night by appointment. 24 hour service on your kodak work.

Studio will be open through December on Sundays from 1 to 5 P. M. for your convenience. Your for better photographs, HANNA & HANNA, Hereford

## Lakeview News

Farmers in this community are taking advantage of the nice clear weather and are getting their grain combined.

Rev. Price of Friona, filled his regular appointment Sunday afternoon. He was accompanied by his wife, Mr. and Mrs. Frank Osborn and Mr. and Mrs. Arthur Hilton. Rev. Price preaches each second and fourth Sunday afternoons at 3:30 o'clock and Rev. Wilson each first and third Sunday at the same hour.

Mmes. Bev Buchanan and C. A. Guinn entertained the young people with a party at the school building Saturday evening. Games of various kinds were played. Those attending were Misses Mary Lee Todd, Beulah Ruth Fallwell, Irene Hand, Mary Frances Bracken, Maiselle Walker, Dorothy Sue Cummings, Reba June Harper, Bobbie Barker, Bonnie Faye Parsons, Katie Stevick, and Mrs. Fred Barker; Messrs. Redford Shirley, Jeff Booker, C. F. James, John Hand, Doyle and Wayne Manderscheid, John Charles Guinn, Bill Buchanan and Mrs. Bev Buchanan.

Mr. and Mrs. J. R. McCreary, of Fort Worth, visited last week in the C. A. Guinn home. Mrs. McCreary is Mrs. Guinn's sister. Their father, J. M. Gilmer, accompanied them as far as Fort Worth when they returned home going on to visit a son at Seminole, Okla., for the winter.

Mr. and Mrs. Joe Pittman and wife and Mrs. E. L. Price left Friday morning for Fort Worth, where they will visit their mother and brothers for a few days. Mr. and Mrs. C. L. Brumley of near Clinton, Okla., visited her parents, Mr. and Mrs. H. A. Melton, recently.

Sgt. and Mrs. Willard May of Fort Sill, Okla., are here spending a ten-day furlough with their parents, Mr. and Mrs. J. E. Harper and Mr. and Mrs. Folster Rector.

This community was shocked and saddened Sunday afternoon by the death of I. W. Barnhouse, who passed away at his home at 1:30 o'clock. Our sympathy goes to the entire family in their sorrow. His daughter, Gertie, and her husband, Earl Roockey, and their children were visiting him at the time of his death.

## COGITATIONS and APHORISMS of Jodok

It occurs to me that this "scrap" metal business is becoming serious and urgent, and that it is attracting attention all over the country. Even here at Friona several separate drives have been made, sponsored by the local school, the AAA and other agencies, and a considerable amount of this valuable material has been secured.

But I hear some say that the vast store of it to be found in this locality has scarcely been touched as yet. It has been the opinion, however, of the local committee that farmers have been much too busy harvesting their feed crops and grain sorghums and cotton to take time off to get their share of the scrap on the market. And this, in my own honest opinion, is a valid excuse for not having produced the scrap sooner.

It occurs to me that saving the feed crops for the production of more pork, beef, dairy products and poultry products is just as essential as a war effort as supplying the equipment to fight with, for these boys of ours need and MUST have the best food and clothing possible to be obtained, and from no other place than the farms can these essential supplies be obtained.

Those who would criticize the farmers for not being more prompt in ridding their farms of this war material should accommodate themselves to necessity of looking at the situation from the food and clothing angle as well as the implements of war, for our boys cannot do their best fighting on empty stomachs.

However, my hat is off to those communities and towns that have been "ALL OUT" in getting this scrap metal collected and on the market and moving toward the industrial centers, where it is being converted into those most deadly fighting equipments.

The leading town in this regard seems to be the town of Peetz, Colo., which is located on the "baldies" of Eastern Colorado, near the Nebraska line. It is a town of 207 people and has accumulated a "Mountain of Scrap" on the plains, amounting to 235 tons.

That is a mighty good record, but somehow I feel it in my bones that when Friona people do come awake to the matter and get into full swing, they will not be playing any "second fiddle" to any small town and community. Help us make this prediction come true.

## Miss Betty Jean Mayfield Rhea Ladies Aid Has Scheduled Meeting

Announcement has been made of the marriage of Miss Betty Jean Mayfield to Keith Blackburn, at Amarillo, on Monday, Nov. 16. No details of the wedding were secured.

The bride is a daughter of Mr. and Mrs. H. D. Mayfield and the bridegroom is a son of Mr. and Mrs. T. E. Blackburn. Both attended Friona High School. They are making their home, for the present, in Amarillo where Mr. Blackburn is employed.

## Walthers League To Sponsor Lutheran Hour

The Lutheran young people of Immanuel Ev. Lutheran Church of Rhea met on Nov. 11, at the home of Melvin Sachs. The evening was spent with a business meeting, during which it was decided that we help sponsor the "Lutheran Hour," broadcast over KICA.

The evening's entertainment was a "Bible Baseball," led by Walter Schuler, over Luke, Chs. 8, 9, 10.

Those present were: Andries and Louise Drager, Carl Hoffman, Norbert Raymond, Walter Alenor, Dorothy and Velma Schuler, and two new members, Rev. and Mrs. Herbert Ries.

## Skating Party Enjoyed By Walthers Leaguers

The Leaguers of St. John's Walthers League, of Lariat, the Immanuel Walthers League of Clovis and Immanuel Walthers League of Rhea enjoyed a roller-skating party, given Wednesday night, Nov. 18, in the Pleasant Hill School Gymnasium.

The evening's entertainment consisted of various games played on skates, which were enjoyed by approximately 30 members and friends.

## LAKEVIEW H-D CLUB MEETS ON TUESDAY

The Lakeview Home Demonstration Club met Friday, Nov. 13, at 2:30 p. m. in the home of Mrs. Southward.

Mrs. Kenneth O'Brian was in charge of the program, which was on cleaning and pressing dresses and suits of silk, velvet and wool.

Mmes. Harper, Durstine and Buchanan read papers. Mrs. Guinn told of her trip in August to the Texas Home Demonstration Association meeting at Fort Worth.

The President appointed demonstrators as follows: Mrs. Fred Barker, garden; Mrs. Bev. Buchanan, food; Mrs. Kenneth O'Brian, clothing.

Plans were discussed for a community Christmas tree at the school building, on Christmas Eve night.

Club will meet once each month during 1943, at the school building.

One visitor, Mrs. Fay Southward, and ten members were present: Mmes. F. A. Tom and Kenneth O'Brian; Ralph Durstine, Bev. Buchanan, J. E. Harper, Joe Pittman, P. L. London, C. A. Guinn and the hostess, Mrs. Jim Southward.

Mrs. C. A. Guinn, Reporter.

### FARM NEWS

from **FOOD FOR FREEDOM**

YOUR COUNTY AGENT FOR FREEDOM

TEXAS EXTENSION SERVICE

We have been called upon to use not more than 2 1/2 lbs. of meat per adult per week with the prospect of rationing of meat on a compulsory basis early in 1943. Some may wonder just what the facts are behind this request since it is common knowledge that today we are producing a record supply of meats.

It is true that we do have a record supply of meats and it is also true that 1943 production will probably better that record 1942 production. But it is also true that our army is being well taken care of and that soldiers are eating more meats than the same men did as civilians. We certainly cannot object to this. When we ask men to fight for us we want them to at least have all the food they need, all the best equipment they can use and in general the best of everything. Then, in addition to supplying our armed forces we must supply our allies under Lease-Lend provisions. Another factor which is adding to the demand for more meats is that many of our civilians have been on small salaries and now they are getting more money in defense work or other work which will allow them to buy what they want and what they think they need to eat.

The record supply of meat is slightly more than 24 billion pounds. The armed forces and Lease-Lend need 6 1/2 billion pounds of meat. If civilians were to get all they want they would take 21 billion pounds. Therefore, the demand is for 27 1/2 billion pounds. Certainly the armed forces come first. For this reason civilians are going to have to make out on what is left after the armed forces are fed which is 17 1/2 billion pounds.

Now, the reason we are being called upon to eat not more than 2 1/2 pounds per person per week is that the army will be supplied first and then the remainder will be shipped to stores supplying civilians. If there is no voluntary sharing or compulsory sharing the first

quite some time, so I will appreciate it very much if you will send the Star to my new address. It's been awfully cold here today. Reminds me of a cold, dusty March day around Friona. Well, tell everyone "Hello!" for me.

Sincerely,  
Merlin.

Dear Mr. White: Thought I'd write you while I wasn't doing anything tonight. What's the weather out there that way? It's colder than a well-digger's rear in Alaska, here. I'm exaggerating some, but it is rather cold here—lots colder than usual. I still think it must be colder in Amarillo, but one never knows until one sees, and I can't get down that way. I haven't heard from you since, well I don't recall the date. It might be the mail address, so I'm having my address changed to here until I leave here. In the meantime just send it to me at this base.

Evidently the Star has been going to the overseas address, which accounts for Raymond not getting it. We have been sending it out each week to the best address we knew. Sorry he did not get it.—Ed.

Pvt. Merlin Schmidt arrived in California Nov. 19, as stated in his letter of that date. Victorville, Calif. Nov. 19, 1942.

Dear Mr. White: Well, how is everything around Friona? I am O. K.—just arrived in California today. We left San Antonio Sunday evening and arrived here Thursday. Enjoyed the trip very much. Will be here for

at the stores after the meat trucks arrive will be the only ones to obtain meats, which is evidently unfair. Therefore, sharing the available meat by civilians will make for a fair distribution until compulsory rationing can be set up.

The Friona Star, Friona, Texas

Dear Mr. White:

Well, I have been transferred from Great Lakes, Ill., to Treasure Island, Calif. This is a very much nicer place than Great Lakes. The climate here, so far, has been warm and sunny. I am a mess cook in the world's largest mess hall. We work from 5 o'clock in the morning until eight at night; but am going aboard ship real soon. I saw Elmer Trulock here in San Francisco just week. I was much surprised and glad to see him. There are only a few boys here from good old Texas. I would like to thank the ladies of the Hub Club for the nice box and Friendship card they sent me. Good luck to all.

Sincerely,  
Albert O. Cannon

Pvt. Fred W. Helmke writes to tell us he has moved again: DelValle, Austin, Tex. Nov. 18, 1942

Dear Uncle John: I will drop you a few lines to let you know that I have moved again, so please change my address. I sure enjoy the paper—don't want to miss a single copy. I have finished school and am stationed here at Austin, now. Fred.

Herman L. Tedford, of Rt. 2, Friona, Texas, a member of a Bombardier Training Squadron at Williams Field, Chandler, Ariz., has just been promoted to the rank of sergeant. He works on the Flight Line at the field. Sgt. Tedford, 23 years old, enlisted in the Army at Fort Sil, Okla. In civilian life he was a farmer. He is a son of Mr. and Mrs. Aiton Tedford of this locality.

And now, let us present you with another of Staff Sgt. Raymond D. Jasper's interesting and well written letters. It seems that Sgt. Jasper has not been receiving his Star for some weeks, but is not blaming US for it. He just has not been allowed to "stay put" at any place long enough for the Star to reach him. The past few weeks the paper has probably been going to his "overseas" address. His letter follows:

Baer Field, Fort Wayne, Ind. Nov. 13, 1942.

Editor of Friona Star,

Dear Mr. White: Thought I'd write a couple of paragraphs just for sake of friendship and to let you know I still remember the Star. I haven't received a paper from you since I left Lakeland, but I suppose it is a lot of trouble to send papers out to so many boys, especially when there are so many changes of address as I've had. I'm not blaming you. For all that I know you might, and probably did, send the paper to me and it was misplaced, but in case you never, I don't mind, even though I miss it quite a lot. I never know how long I'll be in one place and it makes it inconvenient to change address so much. Thank you ever so much for being so considerate of me before. I enjoyed reading the Star so much. I want to take this time to thank the Friona Women's Club for the nice Xmas package they sent. I can use articles like those included in the package, quite often and to great advantage. Thank you ladies, it's greatly appreciated I assure you. Mr. White, if you will excuse my mistakes and blotches, I'll try to do better next time. Now I must close. Duty is calling.

Lots of luck, a friend, S-Sgt. Raymond D. Jasper. In a letter dated Nov. 10, written to his parents, Mr. and Mrs. T. N. Jasper, Raymond gave the following information:

Dear Folks: "Thought I'd write you while I wasn't doing anything tonight. What's the weather out there that way? It's colder than a well-digger's rear in Alaska, here. I'm exaggerating some, but it is rather cold here—lots colder than usual. I still think it must be colder in Amarillo, but one never knows until one sees, and I can't get down that way. I haven't heard from you since, well I don't recall the date. It might be the mail address, so I'm having my address changed to here until I leave here. In the meantime just send it to me at this base."

Evidently the Star has been going to the overseas address, which accounts for Raymond not getting it. We have been sending it out each week to the best address we knew. Sorry he did not get it.—Ed.

Pvt. Merlin Schmidt arrived in California Nov. 19, as stated in his letter of that date. Victorville, Calif. Nov. 19, 1942.

Dear Mr. White: Well, how is everything around Friona? I am O. K.—just arrived in California today. We left San Antonio Sunday evening and arrived here Thursday. Enjoyed the trip very much. Will be here for

Many housewives are making cookies regularly for boys in the service. Here is a recipe for Peanut Butter Cookies that is a favorite with many soldiers for they stay crisp a long time and are good to the last crumb. Mrs. Clyde Renfro makes them often and is responsible for this recipe which was a favorite with her mother. She also gives you the recipe for Crunchy Pecan Cookies which has been requested by readers of The Hereford Brand.

### PEANUT BUTTER COOKIES

- 1 cup white sugar
- 1 cup brown sugar
- 1 cup peanut butter
- 1 cup shortening
- 2 teaspoons vanilla
- 2 teaspoons soda
- 2 eggs
- 3 cups flour

Mix in order given and drop by small spoonfuls on a greased cookie sheet and bake in moderate oven.

### CRUNCHY PECAN COOKIES

- 1 cup butter or oleomargarine
- 1/2 cup brown sugar
- 1/2 cup white sugar
- 1 egg yolk
- 1 teaspoon vanilla
- 2 cups flour

Cream butter and sugar thoroughly and add beaten egg yolk, add vanilla and fold in flour beating well. Spread thin on a greased cookie sheet. Beat egg white stiff and spread over dough on sheet. Sprinkle with 1/2 cup chopped pecans and press lightly into egg white. Bake in moderate oven until golden brown and cut in squares while still warm.

## SONS

in the SERVICE

The Star has quite a good contribution of letters from our boys in service this week, and as this column is proving to be one of the most popular features, we take pleasure in giving them to our readers each week through this column. Not only do the boys in the service read these letters with eager interest, but the folks at home appear to be almost as deeply interested in them as the boys are, and we try to give them just as the boys have written them.

Our first letter this week is from Rev. L. L. Hill, former Friona pastor, now a Chaplain in the Army.

Office of Post, Chaplain, Huntsville Arsenal, Huntsville, Alabama.

I must write you to my "Star" to this new location. I was assigned from Washington, D. C., to come to this very rapidly growing post, to act in the capacity of Post Chaplain. The country and town is fine. We hope to stay here for a long while, until Uncle Sam calls me for overseas duties, if he needs me there. The work here is challenging, but

somewhat more difficult than either of the other assignments. We should be thankful for the hard places everywhere. Since I have missed the last two issues of the Star, I am inclosing a little postage in order that we may get them. We send greetings to all our friends there.

Lester L. Hill.

Another letter from Pvt. Virgil H. Wels—

Sherman, Texas. Nov. 16, 1942

Dear Mr. White:

I have been receiving the Friona Star regularly and I think it is a grand paper. You can read about the other home boys and where they are, and get to read all the news around home. I am sorry I didn't get to see you when I was home on my furlough. I am not too busy right now, but I do like to drive my "command" car. I better close because it is about chow time; so help us slap the Japs, and thanks a lot for the paper.

Sincerely yours,  
Virg.

The following letter is from Albert O. Cannon, son of Mr. and Mrs. L. D. Cannon of the Hub Community. He is in the Navy and has not been getting the Star since in the fact that his name was not handed to me until last week when a copy was mailed to him.

Treasure Island, Nov. 16, 1942

## Plenty of Bacon Here

There's 150 pounds of bacon in this Tamworth hog, weighing 982 pounds. Little Linda Barrett of Pomona, Calif., says farewell to the porker as it heads for the Western Livestock Show to be held in Los Angeles Dec. 1 to 4.

1. Do not use the flag in any form of advertising nor fasten an advertising sign to a pole from which the flag is flown.
2. Do not put lettering of any kind upon the flag.
3. Do not carry the flag flat or horizontally, but always aloft and free.
4. Do not display, torn soiled or badly faded flag. When a flag is in such a condition that it is no longer a fitting emblem to display, it should be destroyed privately, preferably by burning or by some other method lacking any suggestion of irreverence or disrespect.
5. Do not display, use or store the flag in such a manner as will permit it to be easily soiled or damaged.
6. Do not dip the flag of the United States to any person or anything.
7. Do not display the flag with the Union down except as a signal of distress.
8. Do not place any other flag or pennant above, or if on the same level, to the right of the flag of the United States.
9. Do not drape the flag over the hood, top, sides, or back of a vehicle, or of a railway train or boat.
10. Do not use the flag as a covering for a ceiling.
11. The moment the flag passes in a parade stand at attention and give the proper salute. Those in uniform should render the right hand salute. Men not in uniform remove their hat and hold it at the left shoulder.

## Messenger News

MRS. J. N. MESSENGER

Farmers are now harvesting grain crops with combines and some yields are running as high as 22 bushels an acre. A good deal of grain is on the ground where combines cannot pick it up.

Stephen Messenger whose arm was broken two weeks ago is getting along fine.

Ralph Smith has put up a new windmill wheel on the old Moffett place, which he has also fenced.

Mrs. John Gade has been sick several weeks.

Thanksgiving is here again and we have much to be thankful for. There have been some drawbacks, but we can look on the bright side and count our blessings and give thanks.

Women salute by placing the right hand over the heart.

The flag should be displayed only from sunrise to sunset on buildings and on stationary flagstaffs in the open.

Unless there is some special reason for doing so, the flag should not be flown in rainy or stormy weather.

In raising and lowering the flag it must never be allowed to touch the ground.

## BUY CAREFULLY

You MUST, these days, if you are going to give your Family the Variety of good, nourishing FOOD it deserves and needs.

May WE help you get more variety and BETTER values for YOUR Money? We CAN!

## Gas Ration Books Issued

Registering for ration books for the second time this year, the people of Friona and vicinity received this time ration books for gasoline last Thursday, Friday and Saturday.

School was not dismissed as the registering took place in the gymnasium, but the teachers helped with it on their off-periods and on Saturday.

Only "A" cards were issued, allowing each car about 240 miles of driving per month. Those wishing extra allotments must file an application to the ration board. Approximately 365 ration books were issued during the three-day period.

The rationing in Texas is chiefly to save rubber and it will not go into effect until Dec. 1.

## WISE AND OTHERWISE

Character is the way you act when you aren't being watched.

When you eat you're 'appy; when you finish you're tight—that's appetite.

We'll give you two guesses about who made the highest history grade the day Jean taught the class.

"You can smile when you can't say a word; You can smile when you cannot be heard. You can smile when it's cloudy or fair; You can smile any time—anywhere."

Consider the effect of your words provided the listener tells others of what you have said.

Life is an eternal progress, and what you hope to be, you are now becoming.

Agreeable person win friends in every walk of life.

A single wrong action brings much sadness and leaves a wicked scar. Is your wishbone where your backbone ought to be?

If people ask you to do something, they usually have a reason for wanting "you." It is really a compliment instead of a bore.

To be a master we must first be a beginner.

Art is long, Success is distant, Life is short, therefore we must not be negligent of the time given us to achieve.

## Two New Students Enroll At F. H. S.

If you have been on the lookout, you will have noticed two new faces among the student body. They are Vera Leach and Mary Lou Allmon.

Vera went to school here last year but has been in California where she was working in a Douglas Aircraft factory. She is a senior and plans to finish school this year.

Mary Lou has been going to Plainview Junior High. She is a freshman this year. She lives near Black and rides the Black school bus.

## What Have We To Be Thankful For

Thanksgiving Day! Many people laughed cynically and remarked, "Why do we need to have that day; there isn't anything left to be thankful for." It is my sincere hope and prayer that none of you who are reading this have even so much as had a thought similar to that.

Not have anything to be thankful for, indeed! In this year of 1942 we should be more aware than ever before of our many blessings. In a recent article by Roger Babson it was pointed out that a fine harvest, good health, the unity of our people, democratic elections, courage of Americans, end of the depression, free speech and a free press, excellent educational institutions, and our churches were all things for which every American could be thankful. This is summing a great deal up in a few words, but if we stopped and thought earnestly of all the things that each of us had to be thankful for and began to make a list, we could write forever.

Thanksgiving Day was celebrated in a different manner this year than it has been in the past. There were not so many trips to football games, big dinners, parties, or merry-making as are usually found on Thanksgiving. Thanksgiving was a day of prayer, which is as it should be. And let us remember that we shouldn't wait until next Thanksgiving to count our blessings again, but that we should stop each day for a moment and just be thankful. And when we do this the true spirit of Thanksgiving will be manifest.

Following is one of the best poems on Thanksgiving that we have found this year. We reprint it for your pleasure and contemplation.

"—May We Be Truly Thankful!"  
By Burris Jenkins, Jr.  
If you can think of nothing—  
No simple words to say—  
To God in humble gratitude  
On this Thanksgiving Day,  
And if you feel dejected  
With sugar rationed round,  
And turkey (without spices)  
At fifty cents a pound!

No puddings, pies or plumcake,  
Blazing bright and blue!  
And just one cup of coffee  
When the feast is through!  
Or if a chair is empty  
Across the harvest board,  
Where one of you has fashioned  
The plowshare to the sword.

Then close your eyes and listen  
And you may hear a prayer  
Drifting down from Plymouth  
Upon the icy air.  
You may see the Pilgrims  
Standing by the sea,  
Lifting tattered, ragged arms  
Thankful to be free!

Or you may hear the whisper  
Beyond the camp fire's glow  
At Valley Forge, where Wash-  
ington  
Is kneeling in the snow.  
Or you may hear the murmur  
Of a phantom figure tall,  
While Lincoln Walks at Mid-  
night  
Beyond the White House wall.

But if these prayers fall faintly  
Or fall on your ears—  
Our fathers' prayers for Li-  
berty!  
For Freedom through the  
years!  
Your heart must surely hearken  
To those who live today,  
The hunger-haunted millions  
Who lift their hands to pray  
For these same things that you  
now have  
On this Thanksgiving Day.

## Frosh Present Chapel Program

Friday Nov. 20, during activity period the Freshmen entertained the high school with an interesting chapel program. David Johnson acted as announcer. Vera Ann Jones, a fourth grade pupil played "One Dozen Roses" and "Three Little Sisters" on the accordion. The Freshmen girls sang the popular song, "White Christmas." This was followed by "Dr. I. Q. Hugh Mosely asked questions as Dr. I. Q. and the members of the Freshmen Class called out contestants from the audience. Several persons gave the correct answer and received a stick of candy. Others received suckers. The high school enjoyed the program and expect another interesting one this week to be presented by the F. F. A. boys.

## War Stamp Booth To Up Stamp Purchases

Students of F. H. S. lotted with pleasure the colorful booth put up in the hall Tuesday at noon. A table fringed with red and blue crepe paper with two streamers going from the center of the table to the wall forming a "V" make up the booth where members of the Student Council and other students will sell war stamps every Wednesday. On their first day, the students made war stamp corsages in various sizes and sold them to students and teachers alike.

Records will be kept of all sales by the secretary of the Student Council and recognition will be made of those students who are faithful in purchasing stamps. This is just a small item among the many patriotic things being done by the students and faculty of Friona High.

## F. F. A. Boys List Butchering Prices

Butchering season sponsored by the members of the Future Farmers of America is now open and the boys will butcher all week days, but Tuesdays and Thursdays are preferable. People of the community who have hogs or cattle which they would like to have butchered may bring them to the Agriculture Building south of the grade school.

Prices for butchering swine and cattle according to weights are as follows:  
Swine:  
Hogs up to 300 lbs., \$1.00.  
Hogs from 300 to 500 lbs., \$1.50.  
Hogs over 500 lbs., \$2.00.  
Cattle:  
Yearlings up to 700 lbs. \$1.50.  
Yearlings over 700 lbs., \$2.00.  
All cows, \$2.00.

Emmett Day Jr. was absent from school Monday.  
Yvonne White is planning to move to Amarillo sometime in the near future. She will be sorely missed.

## Student Council To Start Active Program

Although the Student Council has been organized for some time they have been able to meet only four times. The council met last Wednesday and again Monday, and during these two meetings plans were made to hold a clean and wash-up day on Monday, Nov. 23, make song books for the student body and hold a defense stamp sale every Wednesday.

A committee consisting of Loris Jean McFarland, chairman, Mary Lee Todd and Nola Faye Smith was appointed to be in charge of the stamp booth. Plans are now underway to sell stamps at an attractive booth which will be open every Wednesday. June Maurer, Billie Chiles, Gertrude Short and Wayne Manderscheid are on the committee to make the song books, which will contain patriotic, school and popular songs. Mary Lee Todd was elected reporter for the Student Council. In the future, the Student Council will meet Monday afternoon during activity period.

Voice over telephone: "Is Mike Howe there?"  
Answer: "What do you think this is — a stockyard?" — Hi-Light, El Vaquero.

To Kiss a miss is awfully simple,  
To miss a kiss is simply awful,  
Kissing spreads disease, 'tis stated,  
Kiss me kid—I'm vaccinated."  
—Albuquerque Record.

## Students Double At Janitor Job

To see two students coming down the hall assisting each other in carrying a large pan of water with towels slung across their shoulders and juggling soap, cleanser, ink-remover, and polish was not an uncommon sight Monday. Clean-up day was in progress and the desks of F. H. S. were getting a much needed scrubbing.

Mothers would have been surprised to see how cheerfully their daughters scrubbed away at their task. They would certainly have been shocked to see their sons having fun at something which they had formerly refused to do because it was a girl's job.

The supervisors amusedly overlooked the time wasted by the students reading what was written on the desks before they removed the remains of ancient love notes and broken romances, because they knew that the students were naturally a curious lot. But in spite of the fun which everyone had, none are so anxious to repeat the process that they will write on the desks unnecessarily in the future.

This clean-up campaign was sponsored by the Student Council.

## Intramural Volley Ball Contest On

Each day at noon there is a volleyball game between the girls and boys of high school. This series of games was started several days ago, but it seems that several classes did not know of it.

Each class should choose a girl captain and a boy captain. The boys of each class will play the girls of their class on certain days.

The schedule is as follows:  
Monday—Freshmen.  
Tuesday—Sophomores.  
Wednesday—Juniors.  
Thursday—Seniors.  
Friday—All-Star game.

The all-star game on each Friday will be between the best girl players and the best boy players of high school. Everyone that wishes to play in this game please be in the gym, with your tennis shoes on at noon on each Friday. Coach Williams will choose the ones to play.

Every class is urged to play in this tournament when it is their day to play, and to be on time. Why not have a good game of volleyball each day at noon?

"They call her shortwave — anybody can pick her up." — W. Wincheil.

### THE PAPOOSE

Mrs. Ginn's 1st & 2nd Grades  
The first grade is about to complete the reading of the Pre-Primary "T, m and Jlp." They have been working hard on word drill and sentence reading having to do with the reading seat-work book. Many can now write to 100 by ones and tens without looking at the number chart. We wish every child could come every day, as a day missed in the first grade means quite a bit.

The second grade began the study of days of the week in language. By the end of the week each one expects to know in order and how to spell the days.

"How many days until Christmas?"  
"I know what I want Santa to bring me."  
"May we write a letter to Santa Claus?"  
These are frequently heard expressions from the pupils at present.

7th Grade Gossip—Bates  
The 7th grade music students shared the pleasure of a party with the 8th grade music students last Wednesday night.

Dorothy Swackhammer went to Clovis last Friday. We are sure that she had a good time for she came back Monday looking well pleased.

Emmett Day Jr. was absent from school Monday.  
Yvonne White is planning to move to Amarillo sometime in the near future. She will be sorely missed.

The pupils are hoping to pass "six weeks test" and we hope they pass with flying colors.

Advise 'o' th' chillun:  
If yo' wants good grades on yo' 'port card,  
Yo' had better study hard!

First Grade—Mrs. Lee  
We first grade folks were sorry Harold Hudson had to leave us and move to Clovis.

We are having a new experience this week; we are organizing a rhythm band. It is lots of fun and gives us a thrill. We have decided the first grade is made up of thrills. We are enjoying the thrills of reading. We are quite sure reading and the other things we do will grow more thrilling as we learn new things each day. (By the Students).

6B Picnic—Vestal  
The students of the 6B room spent a very pleasant afternoon last Tuesday at the railroad bridge. Each one helped out with the lunch which was sandwiches, potato chips, pickles, cookies, fruit and soda pop. We were very glad to have one of our room mothers, Mrs. Cranfill, with us, and we regretted that Mrs. McLellan could not be there.

Art News  
The members of the sixth grade art class have just completed some patriotic posters. Some of these may be seen in the grade school building.  
Girls and boys of the seventh and eighth grades are finishing some papier mache bowls. These

## Athletics For All Is Aim Of New 'Letter' System in F. H. S.

Due to the fact that basketball season will not open at present because of war conditions, a new system of sports is being set up. By this system each boy in high school is expected to get a "letter" this year.

In order to get a "letter", a boy must pass requirements in at least two sports and have the approval of the superintendent, the principal, and the coach. The sports in which he may "letter" are football, basketball, volleyball, tennis, commando course and any other which might be set up. Football season is already over and the commando course has begun. If basketball is offered, it will probably be offered next semester. Tennis will also be started next semester. Volley ball will be played at different times throughout the year.

The sport which every boy is working on at present is the commando course. It consists of many things. The following is a list of the achievements in the commando course and also the requires that go with it.

- Chinning — — — — — 15 times
- 50 yd. dash — — — — — In 7 sec.
- 100 yd. dash — — — — — In 12 sec.
- Quarter mile — — — — — In 1 min. and 30 sec.
- Half mile — — — — — In 2 min. and 30 sec.
- Broad jump — — — — — 2 one-half times his height.
- High jump — — — — — five-sixths of his height.
- Commando course in gym. — — — — — In 1 min. and 30 sec.
- Hand spring and head stand

Due to the fact that some boys are not capable of doing some of these things, substitutes will be set up in their place. An example of one of these might be to make a certain number of basketball goals from a certain mark without stopping or changing positions. Each boy must have completed all the achievements above or a substitute for them in order to be able to count the commando course as one of his sports to get a "letter". As soon as the requirements for two sports have been achieved by the boy, his sweater may be ordered. By this plan every boy in high school is capable of getting a school sweater.

Attitudes and citizenship will count a lot in getting a "letter". A boy must have a good attitude and co-operate with the others in the class.

### MEET THE F. F. A. OFFICERS

- by Wayne Manderscheid
- Who—Webster Johnson
- What—President
- Why—By the majority vote of all the members
- Who—Verlin Talkington
- What—Vice President
- Characteristics of leadership.
- Ambition—Courting
- Who—Wayne B. Stark
- What—Secretary
- Why—Good at keeping up with records
- Ambition—To wear a zoot suit
- Who—Doyle Manderscheid
- What—Treasurer
- Why—Good at counting
- Ambition—To have Mary Lou all to himself

### CARBOHYDRATES

by Nola Fay Smith  
The carbohydrates are chemical compounds that are found in great quantities in the animal and vegetable world and are composed of carbon, oxygen, and hydrogen. Carbohydrates are divided into two parts; starches and sugars.  
All vegetable foods are rich in carbohydrates. Starch forms a great proportion of the nourishing part of cereals such as oats, corn, rye, and rice. Starch is insoluble in cold water and so in cooking vegetables they should be put in boiling water. Saliva cannot dissolve raw starch so all your foods should

**FEED FOR MORE MILK**  
Condition dry cows for another milking period by feeding Purina Dry and Freshening Chow, or Purina Bulk-Lax and oats. Either way is hard to beat.

be cooked just long enough to get the food done.

In this way we can digest our starchy foods properly.

There are two parts of the sugar; simple and double. The simple is known of as dextrose and is found in chocolate candies, honey, sugar beets, etc. The double is known as lactose, and it is found in preserves and dried fruit. Sugar is stored as sugar and excessive sugar is stored as fat. Too much sugar causes diabetes and it sometimes causes excessive fat. You eat sugar in simple and double form and they are broken down or dissolved before they can be fully digested.

Carbohydrates are stored heat and energy. Energy is the power to do work; however, it is impossible to live on carbohydrates alone, for they are not muscle builders. If we eat carbohydrates daily and get all our other food stuffs, we are sure to be healthy.

### EXCHANGES

Said the German to the Swiss: "How come you have an Admiral? You have no coastline, no navy, no empire."

The Swiss replied: "Well, you in Germany have a Minister of Justice, don't you?" —The Yucca.

## New Dictionaries Are Received At School

A number of new dictionaries have been received recently and have been distributed about the various rooms of high school. All are Webster Collegiate dictionaries with the exception of the large one in the study hall. It is a Webster New International second edition unabridged dictionary. There are numerous pictures and illustrations in this 3,550-page dictionary. These dictionaries were very badly needed and will benefit the students of Friona High. All of the books are topped with finger index guides.
