

WILSON TO GO BEFORE CONGRESS TOMORROW IF MEXICO DOES NOT MEET AMERICAN DEMANDS

CARRANZA'S REPLY DUE VERY SOON

EXPECTED TO BE GIVEN TO SPECIAL AGENT RODGERS AT MEXICO CITY TODAY. HE NOTIFIES WASHINGTON.

NO HINT OF TONE

Officials Without Any Intimation as to Nature of Answer—Mexicans Reported Investigating Carranza Case Before Replying.

Washington, June 28.—Special Agent Rodgers at Mexico City in a brief telegram dated yesterday and received at the state department early today said he expected to be handed today Carranza's reply to the American note demanding the release of soldiers taken prisoner at Carranza. The message contained but two sentences and was the first word the department had from Rodgers since he reported the delivery of the note. It said it was believed the Mexican authorities were investigating the Carranza affair but gave no indication of what would be the reply to the American demand. There was nothing to indicate today that the Washington government's position had undergone any change. Officials still expected President Wilson to go to Congress tomorrow if Carranza failed to act or replied unfavorably. Anything short of immediate release of the American troops will be unsatisfactory. No suggestions or proposals of negotiations in this regard will be accepted. Mr. Rodgers' statement, that Carranza officials appeared to be conducting an inquiry into the Carranza clash was interpreted here as interesting and that the reply would support previous assertions that American troops were responsible and that a change of attitude was to be expected. Carranza's delay in reply is believed here to be due largely to his hope to have South and Central American countries agree fully to his course before he takes a final step. President Wilson had a busy day today. Senator Lewis of Illinois was one of his callers. The president expressed the wish to me, Lewis said, "that whatever discussion there might be in Congress of the Mexican situation should be conducted entirely in a non-partisan manner." John R. Silliman, consul at Saltillo, now at Eagle Pass, advised the state department of the receipt by Dr. Ati, editor of a Mexico City labor paper, of a telegram from General Carranza, saying he was prepared to accept any thing possible to avoid a break with the United States.

Naon, Argentine ambassador to the United States issued a statement today in which he said that while he had made no offer of mediation looking to the settlement of the differences between the United States and Mexico he was confident that the present crisis will be peacefully settled.

MIDDLE WEST TROOPS NEXT TO GO SOUTH

Chicago, June 28.—Orders were issued today by Major General Thomas H. Barry in command of the central department of the United States army for the immediate movement to the border of all units of the Illinois, Missouri, Kansas and Wisconsin national guard which are "reasonably ready." The following statement was issued at General Barry's office: "Orders have been issued directing the dispatch of all units of the Kansas, Illinois, Missouri and Wisconsin troops to San Antonio. Kansas troops will go to Eagle Pass; Missouri troops will go to Laredo; Wisconsin troops will go to San Antonio. Other troops will be dispatched whenever reported reasonably ready."

JAPANESE SOLDIERS IN MEXICO, TRAVELERS SAY

Laredo, Texas, June 28.—Americans arriving from Monterey today said Carranza authorities had taken charge of the Monterey steel works and installed a force of Japanese workmen. A special train left Monterey yesterday completely filled with Japanese soldiers under command of six Japanese officers and a few Mexican petty officers, for Chihuahua where it was said they were to reinforce General Trevino's troops. The passengers said the Japanese could speak no Spanish and they took this to indicate they were recent arrivals.

Americans Declared to Have Administered Brutal Treatment to Mexicans Encountered By Pershing's Force of Troops. Washington, June 28.—A note protesting against outrages against Mexican citizens, alleged to have been committed by an American force, was strong marching from San Germano toward Valle was sent to the state department today by Eliseo Arredondo, Mexican ambassador designate, on instructions from the Carranza foreign office. Apache scouts with the Americans were charged with brutal treatment of the people in their path. The column referred to is believed to have been a part of General Pershing's main force moving northward from the advanced base at Nogales. In accordance with orders to draw in the lines in preparation for a possible general assault by Mexicans. The war department had not been advised of the incident. Vigorous complaints against the alleged arrest and mistreatment of 200 civilians at La Cruz is registered in the note with a request that the officers responsible be punished and steps taken to prevent a recurrence of such an incident. acutely the heat of the Texas border until "settled." Conditions at Piedras Negras are being closely watched by staff officers. General Francisco Murda has a strong force at that point ready for instant action. In addition to the three batteries of field artillery which left for Eagle Pass last night there are two regiments of infantry and one battery of field artillery. It is known that several large national guard units will be sent there at once. Officers of the quarter master's department were in communication today with officials of the different railroads about the movement to border stations of the national guard. Army officers anticipated no difficulty in the transportation of the thousands of men until they reach covering lines. As they near the border, danger of a strike is being considered. Army and railway officials are studying the routes carefully, to obviate if possible the necessity of delaying or arresting ordinary train movements. All have been authorized to give preference to troop movements. It is understood that General Funston and his staff have completed the revision of the list of border troops stations made necessary by the coming of state troops. For inter-tary reasons the new disposition will not be made public. War department advices to General Funston today included notification that 396 motor trucks had been sent him. There are already in service 540 motor trucks.

San Antonio, Tex., June 28.—Battered feet and sun-burned noses will be prevalent among national guardsmen now under orders within two days after they reach the border. The hardening process which will make them effective soldiers fit for any service, not only in Texas but in Mexico, will begin at once. It will continue until they are fit to duplicate the marches made by General Pershing's men on the trail of Villa. The usual method employed will be to send one battalion of each regiment on a hike while the remaining companies do guard duty and police the camp. These marches will be made under conditions such as obtain on active campaigns as nearly as possible. Equal attention will be paid to conditioning the cavalry and artillery horses and pack mules while the truck drivers will put their machines to every test that might be encountered in war. Particular care will be taken in conditioning the men from the northern states as they probably will feel

Six Mexicans were arrested in Hachita today on suspicion of being implicated in the Parker killing. MRS. HARRISON GIVEN 5 YEARS

YOUNG FORT WORTH WOMAN IS FOUND GUILTY ON MURDER CHARGE.

TRIAL LASTED WEEK

Sensational Features Attracted Record Breaking Crowds—Family Prominent One.

Fort Worth, Texas, June 28.—Mrs. Katherine Vance Harrison, child bride of Charles Harrison, son of one of Fort Worth's oldest and wealthiest families was convicted of murder by a jury after a week's trial. She was accused of killing W. L. Warren, a hotel proprietor. Her sentence was five years. Mrs. Harrison admitted the slaying but said Warren had despoiled her of her virtue when she was a mere child. She married Harrison two days after the killing. No blame was attached to Mrs. Harrison until a waiter in Warren's place was arrested six weeks after the killing. Then a friend of the girl informed the officers that Katherine had told her she killed Warren. When arrested Katherine readily admitted the shooting. Because of the prominence of the Harrison family and the sensational testimony offered, the trial attracted the largest crowds in the history of the county. Charles Harrison, husband of the convicted girl, is a nephew of United States Senator Culberson. The Harrison home is one of the finest in the exclusive residential district. A motion for a new trial has been filed and will be heard Saturday morning.

ORPET STILL UNER CROSS EXAMINATION

Explains His Movements On Two Days Preceding Death of the Girl.

Madison, Wis., June 28.—William H. Orpet looked paler than usual when his cross examination was resumed today. He is charged with the murder of Marian Lambert, his school girl sweetheart. He was grilled yesterday by Attorney Joslyn and the latter said it was doubtful if he could finish today. Mr. Joslyn asked questions concerning a letter written by Orpet, who was attending the University of Wisconsin at Madison to Marian on December 15, last. "Did she return a letter to you unopened about that time?" "Not then or at any other time." Witness denied he had ever asked Charles Hassinger, Madison drug clerk, for capsules. Orpet was closely questioned as to his actions on February 7 and 8, the two days before Marian's death. The attorney asked about Orpet's arrival at Lake Forest. It was here that Orpet telephoned to Marian and arranged to meet her the following morning. "Was anything said about bringing down any dope for her?" "I may have, but I don't remember." "Now in connection with talk about the dope isn't it possible that her condition was talked about?" "I have no recollection on the subject."

DENIES GERMAN INSPIRED REVOLT

Sir Roger Casement Tells His Story Today in His Trial For Treason

London, June 28.—Sir Roger Casement speaking in a clear voice, but apparently under great nervous strain and trembling as though he had the palsy, today told the high court of justice before which he is on trial for high treason that he had received no money in Germany during his activities there prior to the Sinn Fein revolution in Ireland. "Money was offered me in Germany more than once and unconditionally, but I rejected every suggestion of the kind and I left Germany a poorer man than when I entered it," he declared. "I must say categorically that the rebellion was not made in Germany, that it was not directed from Germany, that it was not inspired from Germany and that not one penny of German gold went to finance or assist it."

Heavy Guns in Action All Along Broad Front—Trench Raids Are Numerous

By Associated Press. British Headquarters in France, June 27, via London, June 28.—British guns continued today the bombardment over a broad front which was begun yesterday. The Associated Press correspondent riding 20 miles behind the lines found the same regular pounding of positions on both days, whether in the Somme region or along the Vimy ridge. There might be a lull at one point for a while but soon the inferno in that direction was renewed. Under cover of the bombardment the British made numerous trench raids last night bringing in groups of prisoners. The British released gas at some points but discontinued this when the weather was found to be unfavorable.

SOME GOOD GAMES ARE PROMISED FANS

Anson Team to Meet Strong Local Nine Next Week—Frederick Coming Later.

That Wichita Falls baseball fans are to be provided with a series of entertainment in the way of interesting games with teams of well known reputation within the next few weeks, is assured by Ben Williams, who with A. F. Adams, is managing the Merchants' team of this city, an organization that is reflecting credit on the city and those who are interesting themselves in this sport.

For July 4th at Lake Wichita, a game has been arranged with Bobby Myers' fast team, a contest that will no doubt attract a large crowd. Bobby Myers will be remembered as having been a member of the pitching staff of the Irish Lads during the days of league ball in Wichita Falls, and it is said that he has gathered together one of the fastest amateur organizations in the state. The local team expects a hard battle on this occasion, but will make an earnest attempt to wrest the honors from Bobby on the occasion of his visit.

For Sunday, July 9, it will have the fast team from Frederick, Okla., and Mr. Williams announces that they have assured him that a special train will be secured for the occasion and that they expect to bring together about 300 fans from Frederick on that date. An effort will be made to arrange for three games, the other two to be played at the Katy Athletic park.

Other games announced include a contest with the Armour team of Fort Worth, a very strong amateur organization, one that has visited the city before and which proved to be one of the best drawing cards to come to this city for a series of games. The date for this contest has not as yet been agreed upon, but will be within the next two or three weeks.

It is also announced that the Fort Hill team will come to this city on Sunday, July 16, in the event that they are not called into actual service on the Mexican border prior to that time. The Merchants' team is scheduled for a game at Electra Sunday.

The gun with which he was staging this comedy was the remains of what had been a Smith & Wesson .22 minute the hammer and a part of the stock in the dark, however the performers could not tell but what it was ready for business and they made no serious objections to any of the orders of the ringmaster, who according to the officer was abusing them with all the profanity that he could think of and now and then putting extra life into them by punching them vigorously in the ribs with his weapon. A charge of disturbing the peace was put against him. He was fined \$5 in the police court this morning, and the fine suspended on good behavior, it being understood that he was preparing to leave town. That no vain thing might ever rest

The house was converted into a veritable bridal bower with roses and Shasta daisies and in the flower adorned reception room the minister took his stand. Little Miss Mary Zeigler, the niece of the bride, and the only wedding attendant entered first, carrying the wedding ring in the heart of a white rose. To the strains of Mendelssohn's Wedding March with Mrs. E. Von Der Lippe, aunt of the bride at the piano, and Mrs. Bruce Greenwood, violinist, the bride and groom entered together. The solemn and impressive Presbyterian ring service was employed and as the minister pronounced the words that made them man and wife the musicians entered into the Lohengrin Chorus as a recessional. An informal reception followed the ceremony and light refreshments were served. Miss Mattie Ruth Corlett presided at the punch bowl.

The bride was gowned in a traveling suit of bride's grey taffeta. Grey kid boots, white georgette crepe blouse and a white tailored hat with gloves to match completed the effective costume. Her flowers were roses and lilies of the valley in shower effect. Little Miss Zeigler wore an organza frock with sash and hair ribbons of pink. Immediately following the wedding reception Mrs. Harris and Mr. Harris left on their wedding trip which will embrace visits to Kansas points and a stop at the San Diego exposition before going to Los Angeles, where they will make their home.

Today's wedding is the culmination of a friendship of childhood, which in the years of young manhood and young womanhood ripened into love. Bride and groom were playmates together as children in Seymour, Texas, and were separated only by the wide waters of the childhood ties were never forgotten. The groom is in business in Los Angeles at present but was formerly a resident of Seymour, Texas, and Frederick, Okla. He has many friends in this section of the state who are uniting with those of the bride in

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

"If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know how to help you, for it has helped so many thousands of other weak women in the past 50 years.

Joseph South, one of the most faithful members for a term of months, a diversion feature had been planned in her honor. The circle booklets were given to her as souvenirs of the circle when she has gone to Amarillo, where the family will make their home for a full year or so. The hostess, assisted in entertaining by her mother, Mrs. Loudermilk, served refreshments of sandwiches, tea, ice cream and cake late in the afternoon following a short program of readings by Mrs. South. The circle members present were: Mesdames Ryan, Bertha McManey, Deatherage, A. Best and E. Jennie. The next meeting of the circle will be held in two weeks with Mrs. S. A. Douglas, 1912 Eighth.

Associated Press Mail Correspondence.—Paris, (By Mail).—The record for citations for gallant conduct at the front in the French army was held until recently by Adjutant Grober, of Alsatian origin, who had been mentioned in the borders of the regiment and the army 27 times before he died of his wounds at Belfort. The Army record made for citations is now Adjutant Clavel of the 13th regiment to which Grober also belonged. Clavel has been mentioned 21 times and his war cross is attached to a ribbon nearly a foot long to accommodate all the laurels and stars that his citations entitle him to wear.

The Times suggests to subscribers who leave town for their vacations that they have their paper follow them. The Times will be glad to send the paper after them. It only asks that on their return they give notice to the Times so that the paper going out of town may be stopped and delivery to their regular address be promptly resumed.

General Funston is reported to be planning a rigid censorship on news pertaining to the movement and disposition of troops along the border. No patriotic newspaper ought to object to such a censorship. Hostilities with the Mexicans are liable to begin at any moment and the Mexican generals ought to be kept in the dark as much as possible concerning the movements and numbers of American forces. A few days ago some newspapers published a list of troops now on the border and in Mexico, their number and their locations. At that time such a publication may have been warranted as a step to reassure Americans as to the measure of protection provided for border points and at the same time by a show of strength to give warning to the Mexicans. Americans are now reassured and the time has passed when the Mexicans will heed any warning. The point has been reached when grim business impends. The time has come when every advantage in favor of the American forces ought to be utilized. When our armed forces stand they ought to do so suddenly and with all the deadly force in their power. Concealment of troop movements is necessary, if the greatest advantage is to be gained.

Reports that have been coming from Flanders in the past few days indicate increasing activity on the part of the British troops holding the lines there. As yet this activity has not been on such a scale as has not developed sufficiently to permit observers to determine whether or not it is the "big drive" of which there have been vague but persistent hints for months. It is quite generally believed that the British have a great army in Northern France and in Belgium. When the attack upon Verdun was determined to be of its immense force, it is known that the British took over a considerable portion of the trenches to the north, relieving French troops who became a part of the French reserve for the defense of Verdun. Aside from this, little has been heard from the British troops, but it is known they are there and it is believed they greatly outnumber the Germans and it is also probable that they have greater reserves of shell, and more guns than the Germans. While the Germans press closer upon Verdun, the great Russian offensive in Bukovina and Galicia has developed and a new offensive has begun by the Italians. Now, if ever, appears an opportune time for the British to begin their part of a great and general offensive on the part of the allied armies. The world looks expectantly toward Flanders. Are the British ready, and if they are not, can they ever be?

To one without military knowledge it appears that the beginning of hostilities in Mexico will see bloody clashes at a number of points, followed by the scattering of the Mexican troops

and the advance of the American forces to occupy strategic centers in northern Mexico. At some points it is expected the American troops will take the offensive while at others the Mexicans will be the aggressors. Most of the fighting will be done by the regulars on the part of the American forces and there is no doubt but that they will be able to decisively defeat much larger forces of Mexicans whom they must expect to meet. The American forces ought to be, and doubtless are, greatly superior in equipment and in guns and ammunition than the Mexicans. Heavy shipments of shrapnel have been sent to the border and the Americans will be able to scatter destruction and death among the Mexicans at a distance of three to five miles beyond rifle range, the chief weapon of the Mexicans. If the armed forces of the Mexicans are scattered by the Americans, the occupation of the chief centers in northern Mexico will be effected and as soon as the Americans are in control they must meet the task of feeding the starving people and the establishment of a civil government. It is the hope of the more optimistic that when the Americans distribute supplies to the starving Mexicans and succeed in the establishment of a civil government the bitter enmity that is now displayed will disappear. In the meantime the armed forces must press forward, meeting the armed forces of the Mexicans until they are wholly destroyed or scattered. The task is one of huge proportions and once entered upon must be carried through without reckoning the cost.

"We want a revival of the American spirit—a Nation restored. We insist upon prompt and adequate provision for the common defense; upon the steadfast maintenance of all the rights of our citizens and upon the integrity of international law." This is an extract from the message sent by Judge Hughes to the national progressive committee. Judge Hughes appears to think the American spirit is dead. He should open his mind and learn that the American spirit was never more in evidence than it is today. What more prompt and adequate provision could be made for the common defense than is now being made? What further steps for the steadfast maintenance of all the rights of our citizens than President Wilson has taken, does he propose? How would he stand more resolutely upon the integrity of international law than President Wilson is standing? Judge Hughes is making for himself a lot of questions which the people will want him to answer.

A PROBLEM SOLVED

Editor The Times:
I remember a few months ago of reading an editorial in your paper pertaining to the disposition of the worthless negroes of our city. To start with I will admit that I am not a socialist, although my idea of disposing of these boys might seem to some to be. I propose that we gather up all these fellows you see around on the streets, especially the residence streets of our city all day and way late at night, and send them to Mexico. If Uncle Sam declares war, there they will be taught how to execute an order and many other things some of them need to know; it will also teach them how to have regular hours, which some of them are sorely in need of. As to their fighting ability—they'll learn how to do that about the first rattle out of the box. We have with us our full share of these negroes and a nice little army could be recruited most any night in the week. Some of them we have had in our city many months and during their sojourn here have never been known to hit a lick of work. In case the United States and Mexico go to war these boys would then according to my plan have a dandy chance to do their part.
ANON.

PARKER URGED TO LET NAME REMAIN ON TICKET

By Associated Press.
Chicago, June 28.—Friends of John M. Parker of Louisiana, progressive nominee for vice president, are urging him to remain on the ticket. "I have not made up my mind what I will do," said Parker. "I am going home and think it over for a few weeks."
Prohibition party leaders admitted that if Parker remained on the progressive ticket he might be named for vice president by the prohibition national convention which meets at St. Paul, July 19 to 21.

UNION MEN AND LODGES TO TAKE PART IN PARADE

INDICATIONS OF STRONG REPRESENTATIONS FROM LABOR AND AFFRATERAL ORGANIZATIONS IN DEMONSTRATION.

MORE PRIZE MONEY

Additional Awards to Be Announced—Plans For Parade Are Going Forward and Much Interested is Manifested.

Strong representation from the lodges and labor unions in next Tuesday's parade is now indicated. The Knights of Pythias and Woodmen of the World have indicated their intention to take part. Editor Willard of the Union Leader has been delegated to secure participation by the union men.
An additional appropriation for the prizes was authorized this morning by the Chamber of Commerce directors, and announcement as to the distribution of this will be made shortly.
At a meeting of the parade committee Tuesday afternoon, steps were taken to enlist lodges and labor unions in the parade. Indications are that a large number of these organizations will take part and the committee is hopeful that all will be represented.
The committee is anxious to have a big turnout of decorated cars and automobile owners are being urged to prepare their "machines" for the demonstration. Beginning tomorrow the names of all who will have decorated cars will be published; those who will decorate are requested to notify John W. Thomas at No. 240 on C. W. Reid at No. 274. Quite a few have already promised and it is believed that with the hundreds of machines in this city, a large number should be in line with decorations of one kind or another. Lack of decorations need not bar any car from entering the parade, however, the committee announces.

If You Are Not Buying Your Dry Goods at Pennington's

it would be no news to you to say that you are paying entirely too much for staple merchandise. The price shoots over the heads and beyond the purse limit of the average man. The prices are too high for the average wage earner. The prices are too high for the farmer raising cotton at 10c the pound, and the prices are too high for the office man or the clerk just starting in life.

We have no extravagant or eloquent sales people to boost our merchandise beyond its actual worth, but we are willing to let the wonderful values do their own talking.
