AT THE THEATRES

The Majestic.
"The Great Problem," the Bluebird which is on today's program at the Majestic tells the story of an experiment indulged in by a wealthy man. He takes a girl of the slums into his home, trying out the oft advanced theory that environment rather than heredity shapes lives. Just how the "experiment" works out, might better be left for the observer to witness first-hand, for it is sure to detract from the interest of a film story if given complete. However, there can be no great harm done in declaring here and now that everything ends happily and in spite of its sudden and crime-soaked start, the photoplay soon works into pleasant and agreeable diverting scenes. Incidentally, Violet Mersereau is making her first appearance in "The Great Problem" as a Bluebird star. There have been arrangements made to retain her services exclusively for camera acting features for this popular program of moving picture entertainments.

The Gem.
Carter DeHaven in "From Broadway to a Throne," is the stellar attraction at the Gem today. The story of the play is as follows:
"Hattling" Jimmie, a fighter and a dreamer of great dreams, is preparing to meet "Killer" Briggs in the prize ring. It is the chance of Jimmie's life, because the winner of the fight is scheduled to meet the champion. It is not merely the glory Jimmie is after, but the purse as well, for if he wins the fight he will be in a position to marry Bess, a dancer at the Gaiety theater. Bess is anxious for Jimmie to give up fighting and go into vaudeville with her, but Jimmie will not hear of giving up his "art." On the afternoon before the fight "Silent" Billie, a newspaper reporter without a job, presents Jimmie with a lucky coin which has the general appearance of a royal emblem of some art. The emblem was given to Billie by his foster father, Herman Marlex, an eccentric old musician and writer, who is so peculiar in most ways that his neighbors think him partially insane. Later developments prove that the old man knew whereof he spoke and in telling of the story an exceedingly clever picture is unfolded.

The Empress.
The Famous Players present the inimitable Marguerite Clark in "Silks and Satins" on the Empress today. The plot of this romantic drama involves two periods of history, namely the Napoleonic era and the present. The old worn out method of filming a "costume play" has been entirely repudiated, and the director, J. Searle Dawley, has brought forth a new method of picturing this difficult type of subject, by intermingling it with a modern romance. Diminutive Marguerite Clark portrays the role of a modern American girl—and that of her ancient French ancestress, Felicité, for whom she has been named. The leading men and women in her support are Thomas Holding, Vernon Hill, and George Handysides, W. A. Williams and Yvonne Perry.

WORLD FEATURE AT THE EMPRESS TUESDAY

Holbrook Blinn is the star of "The Weakness of Man," a World picture from the novel by Tolstoy. "The Living Death." A synopsis is given:
David Spencer, a young spendthrift, returns from France because of his father's ill health. This has awakened a sense of duty within him, and it is inferred that he will take up his father's work and marry the ward, Janice Lane, who is the antithesis of everything he has been. Dr. Stone, the family physician, loves Janice, but she is almost unaware of it, her whole love being centered in David.

"Babbie's Story" is a loving chronicle of a young man's journey, in his homeward journey, is in love with David and by this deep love, awakens a response. Babbie's heart is torn, but she is so strong that she determines to break with Janice. He gives a costume party in his apartment to celebrate the termination of his engagement. During the party, one of his guests phones to David's father, who rushes to the apartment. During a fight with one of his guests, David receives a wound on his shoulder. From a curved scimitar. At this time Mr. Spencer arrives, the shock proves fatal and he dies. As stipulated in Mr. Spencer's will, David marries Janice and renounces his old life, but after a short while domestic life becomes irksome for him and he seeks his old associates. A friend discovers David and phones to Janice, who rushes to the theater and confronts David in Babbie's dressing room. In a tense scene, David says: "It is better that you divorce me" and Janice in horror, says: "The church forbids it." David, realizing the misdeed he is causing his wife decides on suicide, goes to a section of the river not far from his house, sees the body of a man in the river, changes clothes with him and disappears. When the body is found, the face is unrecognizable and because of the clothes, it is identified as David. Janice, satisfied that it is David, marries Dr. Stone. "Babbie" goes to the city and reveals his identity. David sinks lower and lower. An acquaintance recognizes him one day, has him arrested for some faked-up insurance fraud, and at the trial, because of his repeated denial of his identity and altered appearance everybody, even his wife, fail to recognize him, with the exception of Babbie, who testifies falsely that they had married and disappeared together after his release. Unable to hold the pose any longer when his daughter is called to identify him, he grabs a pen knife one of the lawyers was using and kills himself.

The Wichita Theatre.
A Triangle picture, "The Market of Vain Desires" is today's attraction at the Wichita Theatre, featuring H. B. Warner. It is described as an exceptionally pleasing production, with many interesting and entertaining situations.

Tomorrow another installment of "Gloria's Romance" featuring Billy Burke, will be shown and is expected to be viewed by all who witnessed the first picture last week.
Seats go on sale tomorrow for "The Fall of a Nation" which will be shown Thursday, Friday and Saturday. This is one of the premier movie productions shown in this city and capacity houses are anticipated.

PHYSICIAN HAS BEEN MISSING SEVERAL DAYS

HAS NOT BEEN SEEN IN THE CITY SINCE WEDNESDAY AFTERNOON AND FRIENDS ARE ALARMED OVER ABSENCE.

NOTHING MISSING

Investigation Shows That His Clothing and Suit Case Are Undisturbed at Home—Wife is in Colorado for Her Health.

Friends of Dr. W. E. Range, a practicing physician of this city, are becoming deeply concerned over the continued absence of the doctor, who disappeared from his home last Wednesday and of whom nothing has been seen since. There are some fears that he has met with foul play as all efforts to get trace of him have been unsuccessful.
Dr. Range came here some months ago from Illinois, and established himself in practice here, having offices in the Kemp and Kell building. He resided at 1109 Holliday, but Mrs. Range, who is in poor health, has been in Colorado for some time.
Examination has been made of his office and residence, nothing being found to indicate that he contemplated leaving the city, all his clothing, it is believed, was in his room, as were his suit cases. He was last seen Wednesday afternoon by a friend who told him of a meeting he was to attend later in the day. His continued absence without explanation has greatly alarmed his wife and friends.
Dr. Range came to this city well recommended and during his residence here had built up a substantial practice, but was planning to make his home in Colorado soon, so as to be with Mrs. Range.

MUSKOGEE AFTER SOME OF ITEMS LOCAL FACTORIES

EFFORT BEING MADE TO ATTRACT SOME INSTITUTIONS FROM THIS CITY.

WERE IN THE CITY

It is Not Thought That the Plan is Meeting With Encouragement From Firms.

A systematic effort to induce some of Wichita Falls manufacturing enterprises to move from this city to Muskogee is now under way, according to advices from reliable sources. The efforts are said to be directed in particular towards getting the glass factories and have met with no encouragement so far, from all accounts.
Muskogee has voted bonds for a municipal gas line which is planned to supply gas at low rates to industrial plants, and with this to offer, Muskogee business men are endeavoring to win factories away from several Texas cities where the gas supply for industrial concerns will be discontinued October 1. Representatives of the Muskogee commercial organization were in this city last week, and are expected to devote their efforts particularly towards Wichita Falls plants which they believe they have a chance to get.
Not many Oklahoma cities are in a position at present to offer cheap gas for manufacturing plants, as most of them are already beginning to worry about supplying the plants they already have, owing to declining pressure in gas wells. It is not known just how well Muskogee is situated, in this connection, but that city is said to be not much better off, from a permanent standpoint, than most other Oklahoma points.
There is little reason to believe that the efforts will result in any material defection from the list of Wichita Falls enterprises.

Internal Revenue Collector Issues Circular Explaining Class of Exemptions

Austin, Tex., Sept. 11.—According to a circular issued by A. S. Walker, internal revenue collector, no revenue stamps will have to be affixed to documents and proprietary articles after midnight last Friday, as schedules A and B of the emergency revenue law of October 22, 1914, have been repealed. The tax has been removed from stock certificates, deeds, promissory notes, etc., and the proprietary tax repealed is on cosmetics, perfumes, chewing gum, etc.
The following is the circular as issued by Internal Revenue Collector Walker:
The stamp taxes on documents and proprietary articles imposed under schedules A and B of the emergency revenue law of October 22, 1914, have been repealed after midnight Friday, September 8.
The tax has been removed from all documents, including stock certifi-

ates, deeds, promissory notes, etc. The proprietary stamp tax repealed is the tax on cosmetics, perfumes, chewing gum, etc.
The tax on wines, cordials, compounds, etc., imposed under the old law has been repealed, but a new tax at different rates is imposed under the act passed. Liquor dealers and others affected by this tax will be notified direct in a circular letter.
Provision will be made for the redemption of unused documentary and proprietary stamps through the collector of internal revenue. Claims for the redemption of such stamps must be made on internal revenue form 46, copies of which may be secured from the collector at Austin. Claims will not be considered unless made on this form.

WHITES DO NOT PLAY THE NEGROES

Intimation of Possible Plans To Prevent Game Kept Players Out of Line Up

The persuasive efforts of those who were trying to prevent the crossing of the color line in baseball proved successful Sunday, and instead of the game between a team of white players and one of negroes, two negro teams met.
As stated previously, no formal action towards preventing the game was taken by the city officials, but unofficial steps prevented the game being played, the members of the negro team deciding not to play. No formal or informal warning was made to dissuade the white players, but ball in the event of a Jim Crow game, it is understood, declined to remain in the line-up.
The local negro team played a nine from Gainesville, winners by the score of 9 to 6. A number of people who went to the grounds expecting to see something else besides baseball in the event of a Jim Crow game, were somewhat disappointed. It is understood that no further effort to match a mixed game will be made here.

"DEARIE"

Out on the mountain and over the town. All night long, all night long. The trolls go up and the trolls go down. Bearing their packs and singing a song.

And this is the song the hill folk croon. As they trudge in light of the misty moon. This is ever their doleful tune—'Gold, gold! Ever more gold—Bright red gold for dearie!'

Deep in a hill a father delves. All night long, all night long. None but the peering, furtive elves. Sees his toil and hears his long; Merrily ever the cavern rings. As merrily ever his pick he swings. And merrily ever the cavern rings: 'Gold, gold! Ever more gold—Bright red gold for dearie!'

Mother is rocking the lowly bed. All night long, all night long. Happy to smooth thy curly head. To hold thy hand and to sing her song: 'Tis not of the hill folk, dwarfed and old. Nor the song of thy father, stanch and bold. And the burthen it beareth is not of gold. But it's 'Love, love! Nothing but love—Mother's love for dearie!'

THIS YEAR GRADUATES ORGANIZE CLUB SUNDAY

The Sixteeners was the name chosen for the social club formed by the members of the class of this year's graduates from the Wichita Falls high school. The organization meeting was held Sept. 10 at the home of Miss Lucy Huggins, election of officers taking place together with the drawing up of a constitution. The club will meet in social session whenever there is a sufficient number in town, planning for entertainments at Christmas and other vacations, or will meet at the president's call. The officers are: President, Miss Lucy Huggins, private secretary to president, Terrill Patterson, first vice president, Miss Mary J. Thomas; second vice president, Miss Elizabeth Miller; secretary, Ruth Stayton; treasurer, John R. Sandidge; press reporter, Miss Beth Johnston; program committee chairman, Miss Mary Lou Thomas; social committee chairman, Edwin Glenn; sergeant at arms, William Hoge. Announcement was made that other members of the class joining the club later would be initiated. Those present at the organization meeting, constituting the charter members were Misses Lucy Huggins, Beth Johnston of Waurika, Okla., Elizabeth Miller, Ruth Stayton, Messrs. John Sandidge, William Hoge, Joe Means, Jr., Terrill Patterson and Edwin Glenn.

HOUSTON MAN CLAIMS WICHITA FALLS BRIDE

On Monday morning in the parlors of the Westbrook hotel at Fort Worth Miss Hilda Salm of this city and James R. Elliot of Houston were united in marriage by the Rev. Mr. Dodd of the South Methodist Episcopal church of Fort Worth. Only a few friends and relatives witnessing the ceremony. A wedding luncheon was served. The bride wore a traveling suit of blue cloth with collar and cuffs of seal with a hat of black velvet trimmed with black paradise. All accessories were in harmony. Her flowers were bride's roses. The groom wore the conventional black. The bride is a daughter of Mrs. L. Salm of this city, residing at Kepp Kort. She is an unusually attractive girl of pleasing personality and during her short residence here has made numerous friends. The family came here from Houston about a year ago. Mr. Elliot comes from a prominent Houston family and holds a position with the Texas company at that place.

MISSIONARY FOR WICHITA COUNTY

DECISION REACHED AT MEETING OF BAPTISTS OF COUNTY AT BURKBURNETT.

\$1400 IS PLEDGED

Reports Show That Baptists Have Contributed More than \$15,000 During Past Year.

Wichita county Baptists will support a missionary in this county, as a result of the business session of the laymen's meeting Sunday afternoon which closed the three days' annual convention of the Wichita County Baptists Association at Burkburnett. Rev. H. C. Miller, pastor of the First Baptist Church of this city is to continue as moderator for the association and the next annual meeting will be held in Wichita Falls at the First Church.

The decision to support a missionary to continue his labors to Wichita county came as a climax to the splendid meeting and the sum of \$1,400 was pledged for this end. A committee was appointed to secure at once a man fitted for the position and it will be only a short time until he will be in the field. This is regarded by the Baptists of the county as a big step forward in the advancement of the church and the cause and will crown a year of splendid endeavor.

Reports made by the different churches of the county show that Wichita county Baptists have contributed more than \$15,000 to missions and benevolences during the year just ended and that in other ways they have progressed remarkably. The programs each day were full of spirituality and interest. Workers from out of the county present included: Dr. Heath of the Decatur Baptist College at Decatur; Rev. Mr. Vance of Archer City; Rev. L. W. Owens of Vernon, and Rev. Mr. Wilson of Harrold.

The officers elected for the coming year were: Rev. R. C. Miller of this city, moderator; Rev. A. B. Miller of Electra, clerk; W. L. Robertson of this city, treasurer and Rev. J. F. Keller, pastor of the Fourth Street Church, this city, corresponding secretary.

All of the sessions were reported as exceptionally interesting and always well attended, there being 800 in attendance Sunday at the laymen's meeting. The ladies of the Burkburnett church served dinner and in every way the comfort and pleasure of the delegates was looked after.

FRY CASE COMES UP IN ARCHER

Question of Jurisdiction Will Be Waived With Right To Appeal Reserved

Archer City, Tex., Sept. 11.—One of the Fry cases, will be tried at the coming term of district court, and, by agreement the question of lack of jurisdiction will be waived. Fry reserves the usual rights to appeal, while on the other hand the attorneys agree to dismiss the other six cases if he comes clear. Seven cases against Fry were moved here from Young county on a change of venue. From here they were moved to Clay county. When attempting to change the venue from Clay county back to this county it was found that some point had been overlooked which made it questionable whether either county retained jurisdiction over any of the cases.

COTTON CROP IS SHORT THIS YEAR

Staple is Opening Up Fast and Quite a Number of Bales Come in Today.

Cotton receipts Saturday were the heaviest for any day of the current season, and local gins had a fairly busy time. Today numerous bales came in, and this week is expected by local cotton men to be an active one. The recent rains have caused much of the top crop to open and picking is under way in many fields.

It is estimated that from 6500 to 7500 bales will be ginned in Wichita County this season. This is above last year's yield, the increase being due more to the larger acreage than to improvement in the condition of the crop. A showing of 7500 bales would be only about half of the record yield in this county, which is close to 15,000 bales. However, so much cotton from Clay and Archer counties is ginned and marketed in Wichita Falls that the amount actually raised in this county is not of great significance.

An improvement in the grade of cotton which has been coming in recently is reported by cotton men; most of the early bales were of short staple and low grade. As a rule, farmers who have ginned so far have sold their cotton promptly, the fourteen cents and above looking good to most of them after the low prices of the past season or two.

To correct any false impression that may have been made by the announcement that a ball game between negroes and whites would be played here, it is proper to state that the game was not played.

South Carolina is holding a "run-off" primary today to choose a candidate for governor. The candidates are former Governor Cole Blease and Richard L. Manning, who were the two candidates in the regular primary who received the highest number of votes but neither a majority, in a five-cornered contest. South Carolinians who have feared that Blease might succeed have taken hope from the manner in which Texas checked the aspirations of one O. B. Colquitt in the recent run-off primary in this state.

It was an unhappy slip for Candidate Hughes when at the beginning of the campaign he called himself "100 per cent a candidate." Judge Hughes used this expression in an effort to convince his hearers that he was no longer cold and dispassionate as when on the supreme bench but was a real for sure enough fellow and a regular republican candidate, who could kiss the babies, utter platitudes, go down into mines and do similar stunts. But the emphasis laid upon the expression by critical newspapers has served to call attention that Mr. Hughes is only "100 per cent a candidate," whose pitiful propensities for some issue against the administration in which the people would show some interest, is the outstanding feature of his speechmaking tour. About all that can be said of Judge Hughes in this campaign is that he is "a candidate."

"Sportsmen" must choose whether they would rather shoot doves or quail and at the same time stay within the law. The dove shooting season opens on September 1 and the quail shooting season does not open until November 1. Almost anybody who can handle a gun can shoot doves and as a result immature and inexperienced hunters driving along the roads and take to the fields and pastures shooting not only doves but anything else than can run or fly. With the shooting of doves legalized and these immature and careless hunters abroad the enforcement of the law against the shooting of quail is made very difficult if not impossible. As a result most of the quail are gone by the time those who respect the law can take the field. If the open season for doves was postponed until November 1, it is quite likely that many of the doves would have migrated at that time, but any one shooting on the fields or along the roads before that time might properly be questioned. Sportsmen who respect the law are seriously considering the petitioning of the legislature to change the opening of the shooting season for doves from September 1 to November 1.

WILSON AT LINCOLN'S BIRTHPLACE. The Lincoln address of President Wilson, delivered at Hodgenville, Ky., last Monday, was one of the many noble utterances of the man whose name is on guard for the welfare and honor of the nation, where, for four years, Abraham Lincoln stood guard, where he died and at the post of duty. The words of the president will have abiding place, we make sure, in the literature of this period. His address will take rank as a classic. We have read—as have all who will read these lines—many words and from men of note touching the life and work of the martyred president, but none that outrank in point of pure eloquence, patriotic spirit and aspiration the brief talk of Mr. Wilson. We are reporting it in its entirety because of the inspiration it holds for the youth of our land and the value for all of us in the lesson that the president finds and makes clear in the life and work of Lincoln.

AUTO PARTY HAS SUCCESSFUL TRIP

M. H. Carpenter Sends Telegram from Windsor, Ontario, and Letter is Received.

Friends of M. H. Carpenter and party, which comprises Mr. Carpenter, J. T. Clark and R. G. Schuerer and son, R. L. Schuerer, at having a delightful trip, which includes a number of northern and eastern cities and a trip into Canada. In a telegram to The Times from Windsor, Ontario, Mr. Carpenter says: "We spent all day arranging our passports and bond to bring our 3400 R. P. M. Texan through Canada. Had a wonderful trip in here; averaged over 30 miles per hour for three thousand miles, without adjustment. Leaving for New York, Vermont, New Hampshire, Massachusetts and Pennsylvania." A letter from Mr. Schuerer states: "As a proof that we are here I am enclosing a clipping from the Detroit Free Press, although it does not include all points of interest that we will see. The Chalmers factory (service department) has gone over our car thoroughly and find it to be in perfect condition, after nearly 3000 miles at an average speed of 30 miles per hour. Tomorrow we leave here entering into the Province of Ontario. Our next stop

Announcing the Edison Diamond Disc Talking Machines

It is with pleasure we announce today our arrangement with the Thomas A. Edison Co. for the distribution in this trade territory of the Edison Diamond Disc Re-Creation Musical Instruments.

Thomas A. Edison, the inventor of the phonograph, once expressed the hope that there would some day be a phonograph in every home in America. The day is fast approaching.

The Edison Diamond Disc is not just a phonograph. It is a real re-creation of the human voice distinguishing itself from the mere mechanical and approximate reproduction of most other instruments of like character, has a softer, smoother tone, and all of the personal charm and characteristics of the artist whose work is being reproduced.

We have taken on the selling of the Edison Diamond Disc, along the the Victrola, so that we may be able to supply every demand made upon us for these instruments.

The Edison comes in cabinet instruments of fumed and golden oak and in mahogany. We invite you to come in today or at any time at your pleasure and let us play any of your favorite selections.

The Edison Diamond Disc Instrument is sold at \$100, \$150, \$200 and \$250

For sale on neasy monthly or weekly payments. Your credit is good for an Edison or a Victrola.
