

COMMISSION IS DISCUSSING BORDER PLANS

RENEW CONSIDERATION OF MEXICO PROBLEM ON ARRIVAL OF GENERAL BLISS WHO IS FAMILIAR WITH CONDITIONS

TALK OF PROGRESS

Mexican Members Refer to Work of Carranza in Dealing With Situation And Also Discusses Question of Taxation.

By Associated Press. New London, Conn., Sept. 13.—With the arrival here today of Major General Bliss from Washington, American members of the joint international commission prepared to return to the question of devising an adequate system of policing for the Mexican boundary.

The conferees have taken up while awaiting General Bliss' arrival the question of political conditions in Mexico. In presenting the latter review yesterday Luis Cabrera, head of the Mexican commission, drew attention to the progress the Carranza government had made. In January, 1915, he said the Carranza faction controlled a fringe of states on the Gulf coast and a few ports on the west, but that now there is nothing approaching organized opposition to the rule.

The Mexican members of the joint international commission, assured their American conferees today that recent dispatches from General Carranza fixing the taxation on mining property in Mexico were not intended to be confiscatory.

The real purpose of the Carranza government was two fold they said, being both to raise international revenue and to foster development of Mexican industry on a reasonable scale. The Mexican representatives stated further that the rate adopted was designed to protect the mining properties now lying dormant and also to make the burden of taxation fall heavier upon larger operators.

Today the commission devoted their attention almost exclusively to the study of effects upon American owned properties in Mexico, particularly the mines, of the present taxation decision.

In support of their intention regarding General Carranza's purpose, the Mexican commissioners pointed out that there had been no case where any American owned property had been taken under the decree.

KANSAS CITY WANTS TO SEE SECURITIES

By Associated Press. Jefferson City, Mo., Sept. 13.—Directions were given by the state public service commission to its counsel today to insist that no case be taken by the county court at Kansas City to compel the Union Pacific Railway Company to submit a proposed bond issue of \$2,500,000 to that body before the issuance of the securities.

FOUR TEXAS CITIES WANT ARMOR PLANT

By Associated Press. Washington, Sept. 13.—Sites in 148 cities in the north, have been offered to the government for the \$1,000,000 armor plant authorized in the naval appropriation bill.

BATTLESHIP FLEET IS TO RESUME PRACTICE

By Associated Press. Norfolk, Va., Sept. 13.—The nine vessels of the battleship division of the Atlantic fleet put to sea today for the drill grounds to resume target practice.

BOTH SIDES REST IN WATSON CASE

Judge Harper is Expected to Render His Decision During the Afternoon

By Associated Press. Waco, Tex., Sept. 13.—Both sides formally rested this morning in the habeas corpus hearing of T. R. Watson. Counsel for the defense announced that Mrs. T. R. Watson, wife of the defendant charged with the murder of John S. Patterson, late commissioner of banking insurance, and who was on the stand when the hearing adjourned yesterday was to testify to a statement which she says her husband made to her when he returned home immediately following the shooting.

GENERAL BLISS GOES TO AID COMMISSION

By Associated Press. Washington, Sept. 13.—Major General Bliss, assistant chief of staff, has gone to New London, Conn., to give the American-Mexican joint commission the benefit of his knowledge of military affairs along the international boundary and to assist them in negotiating for a new form of border protection.

HUGHES COMPLETES FIRST CAMPAIGN TRIP

By Associated Press. New York, Sept. 13.—Charles E. Hughes ended his first presidential campaign trip today. He will leave today for his summer home at Bridgehampton, Long Island.

STREET RAILWAY LINES REFUSE TO AGREE TO TERMS

DECLINE THE RECOMMENDATION MADE BY PUBLIC SERVICE COMMISSION OF NEW YORK YESTERDAY FOR A SETTLEMENT

CONFERENCE OFF

Companies Announce That It Is Their Intention to Continue to Operate Lines on the Present Basis Regardless of the Unions.

AVIATION TOO RISKY, GIRL DIVES FOR ALLIES'

SHELLS LOST IN NEW JERSEY EXPLOSION

AVIATION TOO RISKY, GIRL DIVES FOR ALLIES' SHELLS LOST IN NEW JERSEY EXPLOSION

ALYN BRYANT

SHELLS ON SCOW AT BLACK TOM, N. J.

At Black Tom, New Jersey, where the serious explosion occurred a few weeks ago which shook three states, Mrs. Alyn Bryant is hired to dive for the thousands of allied shells which went to the bottom of the bay when the scow, scows and ships burned and sank. Separately disturbed by the fate of her husband, who met a horrible death when his aeroplane, high in the air, got beyond his control and dashed to the earth, Mrs. Bryant gave up aeroplaning, at which she was an expert, and took up the "less risky" employment of diving. She is only twenty-six, yet has crowded into her young life more adventure than any girl of her acquaintance.

Mrs. Bryant is not alone in her quest. She is well known in the west, where she worked as a typewriter operator, and her husband, who met a horrible death when his aeroplane, high in the air, got beyond his control and dashed to the earth, Mrs. Bryant gave up aeroplaning, at which she was an expert, and took up the "less risky" employment of diving. She is only twenty-six, yet has crowded into her young life more adventure than any girl of her acquaintance.

THINK VILLA IS NOW SURROUNDED

Trevino of Opinion That Bandit Leader Will Find It Difficult to Escape

By Associated Press. Chihuahua, Sept. 13.—With the troops of General Huerta Vargas posted along the line of the Mexican Central Railway, ready to halt any attempt of the Villa forces to escape in that direction, General Cavazos pushing northwest with his command from Namasquia, and the American expedition has forced the bandit leader out of the look out for the bandits. San Benaventura is on the main road to the Central Railway and gives the Americans the control of the only exit of Villa from his present position in northwest Chihuahua.

GENERAL PERISHING HAS NO TRACE OF BANDIT

By Associated Press. San Antonio, Tex., Sept. 13.—General Pershing today sent a message to General Huerta here in which he said no new traces of Francisco Villa had been discovered by either his patrols or detachments.

BRITISH FAIL TO RELEASE GOODS

Only Promise To Consider Application Due Time Through American Embassy

DEFAT BLEASE FOR GOVERNOR BY ABOUT 5000

By Associated Press. Columbia, S. C., Sept. 13.—Governor Richard I. Manning has been renominated for governor of South Carolina over former Governor Cole I. Blease, according to nearly complete unofficial returns from yesterday's "run off" primary.

NET INCOME OF RAILROADS SHOW GAIN THIS YEAR

Chicago, Sept. 13.—Not revenues of \$1,176,804,000 from operations for the year ending June 30, compared with \$850,402,432 during 1915 for all railroads having revenues of \$1,000,000 a year or over, were shown today in the Interstate Commerce Commission report. Net revenue per mile was \$5.134 for the current year, compared with \$5.583 for last year.

ARMY OFFICERS LOSE ANIMALS WORTH \$15,000

HAVE BEEN ORDERED RETURNED TO SAN ANTONIO WHERE THEY WILL BE COURT MARTIALED BY GENERAL FUNSTON.

TWO MEN INVOLVED

Alleged That Officers Received for Animals When Troop Came South — A Charge of Neglect of Duty Has Been Made.

By Associated Press. San Antonio, Sept. 13.—A request that two officers of the First and Second Illinois regiments of infantry be returned here for court martial was sent to the war department at Washington today by Major General Funston.

It is charged that they were guilty of neglect of duty in caring for government property, by losing some 50 horses and mules, valued at about \$15,000, belonging to the United States army.

The two men are Capt. J. F. Walrath of the First Illinois, and Capt. Fred Lass of the Second Illinois. The lost animals were among others turned over to the two regiments when they came south. Receipts were given by quartermaster. It is not known what became of the mules. Gen Funston said he would prosecute every officer in the service guilty of such negligence.

Captains Walrath and Lass are still in the federal service, as they returned north, have not been mused out.

OFFICIAL BALLOTS ARE PREPARED FOR NOVEMBER

By Associated Press. Austin, Tex., Sept. 13.—The official ballots to be used in the November primaries have been prepared by Secretary of State John G. McKay and will bear the tickets of four parties.

These parties will be placed on the tickets in the following order: Democrats, republicans, prohibitionists and socialists.

But one amendment to the constitution will be voted upon in this election and it provides for the authorization to levy and collect ad valorem county taxes, and likewise an amendment to the public schools. The ballots will not be sent out of the department until later in conformance with the law on this point.

FURTHER DECREASE IN PARALYSIS EPIDEMIC

By Associated Press. New York, Sept. 13.—There was a decided decrease in the epidemic of infantile paralysis ending at 10 a. m. today. There were only nine deaths, one half of yesterday's toll and 33 new cases, seven less than yesterday.

CHURCH PLANNING TO BAR THOSE DIVORCED

By Associated Press. Chicago, Sept. 13.—Marriage between parties divorced for any cause, either of whom has a husband or wife living, will not be permitted here in the Protestant Episcopal church, if a canon recommended by the commission on marriage and divorce is adopted by the general convention of the church at St. Louis, October 1.

FRENCH MAKE NEW ATTACKS WITH SUCCESS

ARE NOT CONTENT WITH GROUND WON YESTERDAY'S GREAT ATTACK NORTH OF THE SOMME AND CONTINUE LAST NIGHT.

CAPTURE VILLAGE

New French Advance is Said to Be One of the Most Important Made in Any Single Operation Since Somme Offensive Began.

The Associated Press summarizes the European war situation as follows: Instead of resting quiet, as in yesterday's great attack of the Somme, the French continued their thrust last night, capturing the village of Bouchy-Arennes and a wooded area nearby. Bouchy lies east of the Papuas-Perronne road, cut in yesterday's drive and its capture, with adjacent territory, apparently gives the French possession of this highway to Peronn.

Combes is now cut off from the south and in a dangerous salient, while General Foch is in a favorable position for a stroke from the north at Perronne, which appears seriously threatened by the new French advance, one of the most important made in any single operation since the Somme offensive began.

The British, who held the lines northwest of Combes, are maintaining a firm grip on Guin but as yet have made no attempt to gain ground further to the east. London today reporting the general situation unchanged.

In Macedonia the entente offensive is developing along the western sector: Athens announces a joint advance by French and Serbian troops who have captured Sorovitz near Florina, while Paris reports important progress, particularly a considerable gain by the Serbians near Lake Ostrova.

The Zambis cabinet in Greece is out of office with acceptance of the resignation by King Constantine. This is regarded in many quarters as preliminary to the abandonment of neutrality by Greece and her entrance into the war on the side of the entente.

The German war office declares the operations against Roumania in Southern Dobruja are proceeding methodically. It also announces that German troops have been sent into Transylvania where they are in contact with the Roumanians who have advanced in the Hermannstadt and Hotzberg districts.

Today's French official statement reports that Italian forces are actively engaged along the Macedonian front in the Balkans. They are operating in the Struma near Sluzkova. Berlin does not admit the successes in the Carpathians claimed yesterday by the Russians. On the contrary it is declared, the Russian attack makes along a wide front were brilliantly repulsed.

Petrograd today reports that the heights taken by Russian troops were successfully held, against counter attacks.

PRESBYTERIANS DISCUSS WORK IN OLD MEXICO

By Associated Press. Texas, Sept. 13.—The fall gathering of the Presbytery of the eastern district of Texas which began its three day session yesterday was still occupied with business work but it was expected that several addresses would be heard this afternoon. Discussion of the work being done by Presbyterians in Mexico is of especial interest and several speakers are scheduled to touch this subject.

The Ladies Aid Society has been very active in entertainment of the visitors and tonight will serve luncheon to the visiting ministers.

SUSPECT CONVICTS OF PENITENTIARY FIRE

By Associated Press. Jefferson City, Mo., Sept. 13.—Convicts suspected of having started a fire yesterday within the stockade of the Missouri state penitentiary, causing a loss of \$100,000. It was the third mysterious fire at that prison shops since the last three months.

BRYAN AND LEWIS TO ENTER CAMPAIGN

Chicago, Sept. 13.—W. J. Bryan and Senator James Hamilton, Lewis of Illinois, will begin extensive speaking trips through the middle and western states in the interests of the candidacy of Wilson and Marshall next spring, the democratic bureau announces.

### PREDICTS BANNER YEAR FOR DENTON COLLEGE

By Associated Press. Denton, Tex., Sept. 12.—F. M. Bradley, former superintendent of public instruction and now president of the College of Industrial Arts here, who recently returned from Austin on business connected with that institution, predicts the present year will be a banner one for the college. The increasing enrollment has made necessary the erection of several new

fireproof buildings which will be completed shortly. Indications are that the term beginning this week will tax the facilities of the institution.

## MILK QUESTION IS DISCUSSED

PHYSICIANS EMPHASIZE IMPORTANCE OF PURE CLEAN SUPPLY AT ALL TIMES.

### ENDORSE ORDINANCE

Resolution is Unanimously Adopted Praising Recent Enactment by the Council.

The dairy ordinance received the emphatic endorsement of the Wichita County Medical Society at its meeting Tuesday night, being the subject of extended discussion by the members. This was the first meeting of the society since early in the summer, and the dairy ordinance had been selected as the topic for discussion, nearly all the members speaking upon it.

The ordinance was unanimously endorsed and the thanks of the society were extended the board of health for the latter's efforts in the matter.

Dr. J. E. Daniel, president of the society, his subject being "The Board of Health vs. Unclean Milk." Dr. Hoed called attention to the fact that the physician is always the most active citizen in movements to conserve the public health, although such movements injure him financially; it was the duty of every physician, he declared to do everything possible to improve general health conditions, regardless of the personal side. The board of health, he said, received no pay for its services and its only compensation for its efforts was a general "censuring." The dairy ordinance, said Dr. Hoed, was not a fight against the dairymen, but a fight for clean milk. He said that many of those who were opposing the ordinance most bitterly had not even read it.

"Clean Milk for the Babies" was the subject of a talk by Dr. J. C. A. Guest, who expressed hearty approval of the milk ordinance. He said that summer complaint, due to bad milk, was the cause of many deaths among infants. Dr. Guest advocated the tuberculin test for all dairy cattle, saying that it had been proven that milk was the decided factor in the spread of tuberculosis.

Dr. J. E. Daniel spoke on "The Influence of the Physician." The physicians of Wichita Falls, he said, are behind the milk ordinance to a man, and he complimented the city council and the board of health for their service. It was the history of public health measures, Dr. Daniel said, that they met with much opposition at first, but that eventually those most affected came to recognize the benefits of them.

"Everybody is financially benefited," he said, "except the doctor, the drugist and the undertaker."

Dr. Duane Meredith called attention to the fact that the doctor has a wide influence over his patients in the matter of milk supply and that he should pay as much attention to the milk as to the medicine.

Dr. A. D. Patton said that milk, even under the most careful handling, was at best hard to keep clean, and the fact that it was an ideal culture for germs made the most stringent precautions necessary.

Dr. Wade Walker declared the milk ordinance is really a help to the dairymen, rather than working to their disadvantage. He said the recent typhoid epidemic in the Buckner Orphan Home at Dallas had been traced to infected milk.

Dr. Swartz emphasized the necessity of clean milk and clean equipment in handling milk and the importance of keeping milk free from dust and manure.

Dr. L. Mackechny said that in the infantile paratyphoid epidemic at New York City, no cases had developed in families where the milk supply came from pure milk depots.

"Any ordinance that protects the child will have the support of all right thinking people," he said.

Dr. S. H. Burnside said clean milk had always been a hobby of his and that he had always kept a cow so as to have a plentiful supply. Since he quit keeping a cow, he said, and had seen some of the dairies, he had about quit drinking milk.

Dr. L. F. Stripling said that while his line of work was not so directly affected by the milk question, he thought the ordinance should have hearty support.

Dr. Q. B. Lee called attention to the fact that by the terms of the ordinance the dairymen would be forced to clean their cans, and he asked what kind of milk each dairymen was furnishing.

"If a man doesn't live up to it," he said, "the board of health won't have to put him out of business. The public will do that quick enough."

Dr. Everett Jones, president of the society, urged the physicians to give their support and endorsement to all such movements. A motion to endorse the ordinance and extend thanks to the board of health prevailed unanimously.

## IN THE SPHERE OF WOMANKIND

GO, LOVELY ROSE, Go, lovely rose,  
Tell her that wastes her time on me  
That now she knows  
When I resemble her to thee  
How sweet and fair she seems to be.

Tell her that's young,  
And blushing to have her graces spied  
In deserts where no men abide,  
Thou must have uncommended died.

Small is the worth  
Of beauty from the light retired;  
Bid her come forth,  
Suffer herself to be admired.

Then die, that she  
The common fate of all things rare,  
May read in thee:  
How small a part of time they share  
That are so wondrous sweet and fair.  
—Edmund Waller.

### SIGMA DELTA CHI'S MEET WITH MISS FRANCES URBAN

The Sigma Delta Chi girls spent a delightful afternoon with Miss Frances Urban Tuesday afternoon. Business and then pleasure was the order and the hostess served a delicious course with sandwiches and hot chocolate. The members were: Misses Lillian Fain, Audrey Adickes, Dorothy Beavers, Heleine Stancoski, Lillian Stone, Pauline Richolt and the hostess.

### "SIXTEENIERS" MEET WITH MISS MARY COFFIELD

Tuesday evening a business and social meeting of the "Sixteeners" was held at the home of Miss Mary Coffield. With the business, which was to plan for the holiday food times, discussed of the boys and girls spent an evening of informal enjoyment, with music as a feature. The hostess served light refreshments at a late hour. Those present were: Misses Lucy Higgins, Ruth Stoyton, Rhea Gardner, Stella Bachman, Mary Lou Thomas, Jeanette Snuges, Messrs. Clyde Murphree, Terrill Patterson, Edwin Whann, Ray Bernard and John R. Sandidge.

### MRS. SHEPHERD'S HOSTESS TO FRIDAY BRIDGE

Mrs. W. B. Shepherd was hostess to a game of the two table Friday Bridge Club Tuesday afternoon. The prize for high score, a hand made towel, went to Mrs. O. F. Marchman and the game's close was marked by a salad service. Mrs. Carter, McGrogan and Frank Cullinan played substitute hands, the club members present being: Messdames R. O. Harvey, Wade Walker, Marjorie Larkin, J. C. Straus and Shepherd.

### COLLEGE RECITAL LAST EVENING A SUCCESS

A very successful concert was given last night at the Presbyterian Church by the faculty of the Wichita Falls College of Music, every number being well received and generously enjoyed.

Miss Slater opened the program with a pleasing rendition of Schumann's "Aufschwung" (Sourire), followed by Mr. Woodside in a group of three vocal numbers. The Lieber by Mosseton was especially fine. Mr. Woodside possessed a beautiful baritone voice, under perfect control.

Next came a reading by Miss Jacoby, "Pauline Pavlovian" which showed to good advantage; this young lady's voice is of a remarkable quality. She was warmly encored.

Mr. Maddy, whose work is too well known to need comment, played two numbers from Felix Kreis' compositions, and very beautiful number by Ole Bull, "Saterjenten's Song." Mr. Maddy's intonation is always accurate and quality of voice brought out the violin under his bowing has been pronounced by critics as marvelous. This combined with an adequate technique makes his work one of a delightful audition to any program.

Miss Zola-Schaeffer played a Beethoven Sonata with great feeling and delicacy of interpretation, responding to the applause. She is a new addition to the faculty of the college, possessing fine technique which added to a musical conception of a very high order, makes her a valuable addition to the faculty.

Miss Schaeffer is a former pupil of Mr. Krebs. She was greatly handicapped by illness last night, and was really not able to do herself justice, but her work needs no apology on that account and speaks for itself. She was warmly received by the audience.

A reading by Miss Jacoby and a group of songs by Mr. Woodside completed a very excellent program.

The College of Music has fine prospects for a successful season this year, under the management of Mr. Krebs, who is a teacher, musician and composer of ability, and Mr. Maddy, with whose abilities the citizens of the city are well acquainted.

At the close of the concert, the audience accompanied the faculty to the college where an hour was most agreeably spent in getting acquainted. Light refreshments were served.

### MISS BROWN ENTERTAINS FOR HOUSE GUEST

Miss Imogene Brown entertained with a delightful luncheon at Lak Wichita this morning in honor of her house guest, Miss Nell Trevathan of Vernon. The young people gathered to the lake at an early hour, breakfasted and then spent some time making. The party included: the honoree, Miss Trevathan, Misses Louella Morgan, Blanche Lawler, Edna Jones, Bessie Brown, Jewell Brown, Bessie Lee Bartlett, Messrs. Vanston, Talbert, Curran, Ulrich, Jack Taylor, Haney and Hurley.

### KINDERGARTEN TEACHER TO RESUME CLASSES MONDAY

Miss Anna Belle Farquhar who for two years has conducted a most successful kindergarten at the Austin and Alamo schools will open her classes Monday with the regular school work. Miss Farquhar has had splendid success with her work with the little folks and the parents will be glad to hear that the kindergarten is to be again a part of the schools.

Still other additions are made to the list of boys and girls going away to school. Miss Ruby Moore has decided to attend Christian College, at Columbia, Mo., and C. J. Shumake Jr., will be a student at the Terrill school, for Boys at Dallas.

## EYES

YOUR EYES  
May need glasses and you not realize that your eyes are responsible for the misery you are suffering.

Your nervous system is drawn on by your eyes more for energy than any, or all the rest of your anatomy together—consequently when your eyes use up more nervous energy than you are storing up you suffer with sick headache, indigestion, constipation and you are very nervous.

It costs you nothing to find out whether this is your trouble or not. Consult

### MODEL TOWNSHIP FOR TUBERCULOSIS PATIENTS

Manila.—A portion of Manila, set aside as a model township for tuberculosis persons and their families, is a plan which the Philippine Islands Anti-Tuberculosis society has just submitted to the municipal board. The society has already acquired a large tract of land in the Balic-Balic district of Manila and is to establish a big sanatorium there.

For years the society has maintained a sanatorium at San Juan del Monte, a suburb of Manila. This was established through the efforts of Mrs. Eleanor Franklin Egan, an American writer, but the management of the society has since passed into the hands of Filipinos who have kept the work going.

San Juan del Monte is the site of one of the city reservoirs and this led to a movement to change the site of the sanatorium. Balic-Balic has been selected but here the sanatorium is to be the center of a settlement where

relatives of the tuberculosis patients may live. Plans are being laid for the opening of a school on the side and it is hoped to include in its enrollment children of delicate health in the other public schools of Manila. The school will be an open air institution, the first of its kind ever attempted in the Philippines.

### "BABY CARRIER" BUSINESS WITH JAPAN A SUCCESS

Tokio, Japan.—Attention is being called here to the growing success of what is known as the "Baby Carrier" business between the United States and Japan. The essence of the idea is the bringing to Japan of Japanese babies born in the United States in order that they may be brought up in this country and receive their education here.

Over three thousand babies, it is estimated, are born every year to Japanese families in California. Many families are anxious to have their children reared in Japan but are financially unable to bring the babies home. Consequently hundreds of babies are brought here by carriers. On each trip the carrier—a Japanese man or a

Japanese man with his wife—brings from five to fifteen babies and distributes them in all parts of the empire, usually at the home of the grand parents, Masumi Yoshino, one of those who conceived the carrier project, says he does not find the work troublesome. On arrival at Yokohama he engages a sufficient number of nurses to look after the babies in the train and then follows a carefully prepared itinerary. "The only danger," he said, "is mixing up the babies, but I have solved that by keeping an identification card constantly tied around the neck of each child."

### RECOVER PART OF STOLEN MINER'S WAGE MONEY

Martins Ferry, O., Sept. 13.—A box containing \$8,070, which was stolen when two men Saturday held up and fatally wounded Leo Rankin, paymaster for the Youghiogheny and Ohio Coal company, near here, was found near the scene of the robbery, untampered with, by Harry Baldine of Bel Air, O., arrested as a suspect, was identified by Paul Pickens, chauffeur of the automobile carrying the money as one of the robbers.

### When This Ad Appeared Several Years Ago in the daily papers, people said that the fellow who designed it, had "pipe dreams" about, both "man air birds" and Mexican Commerce

We all take off our hats to him now—today "the feature" of every big exhibition and gathering is the "flying man"—and the one big standard of cigar success is Mexican Commerce. Flying machines have improved won-

derfully—the quality of Mexican Commerce could not be improved and sold at 5c—but that standard quality of years ago has been continuously maintained year after year—likewise the sales have increased annually by the millions—try one today and you will know why.

P. P. Martinez, Dallas, Texas.

### DAIRYMEN STILL PLAN A CONTEST

ONLY A FEW ARE UNDERSTOOD TO HAVE JOINED IN EMPLOYMENT OF COUNCIL.

### OPPOSE EXEMPTION

Claim Man With One Cow Is Given an Advantage Over Other Dairymen.

Although prospects are considered favorable for a peaceful outcome of the controversy over the dairy ordinance, it was learned today that some of the dairymen are planning to carry their fight into the courts and contest the ordinance with a view to having it knocked out entirely. They have been advised by some attorneys that the ordinance can be thus defeated, it is said, and have already retained counsel. Only a few of the dairymen are understood to have joined in this movement, the majority preferring to await the outcome of the present negotiations with the council.

It is learned that one of the principal objections to the ordinance is based upon the fact that it does not apply to persons who have only one cow. The dairymen claim that the danger of spreading disease cannot be eliminated so long as the man who milks only one cow is not required to observe the rules for sanitation. They claim that the ordinance is not supplied only to members of the family they say, there is danger, and they consider it a discrimination that the one cow men were not included in the ordinance.

"What is the difference," asked one dairymen, "between fifty men who own one hundred cows and one man who owns fifty unclean cows?" Just how the plans have gone for carrying the fight into the courts is not known. Ordinances almost identical with that passed here have been tested in the courts in other Texas cities, and have withstood the test. The Dallas ordinance, which is much more drastic than the one passed here, was attacked in the courts without success.

It is learned that an effort will be made at the next session of the legislature to have a law passed for state inspection of dairies. The necessity for state action is caused by the fact that a man with a herd of dairy cattle may now ship dairy products many miles to a city though his farm might be so situated that local ordinances would not affect it. Creameries have many customers in comparatively isolated sections, and there is no way to insure cleanliness and sanitary conditions on the premises of these customers. As a result, Post Worth officials will ask the next legislature to provide for state inspection of dairies.

### INVESTIGATING DAIRYING PLAN

C. C. Waller of Arlington Impressed With System Adopted at This Place

The plan by which the Wichita Falls Chamber of Commerce is investigating high grade dairy cattle into this section may be adopted throughout Texas and may be applied, not only to dairy cattle, but to hogs and poultry as well, if the plans of C. C. Waller of Arlington, chairman of the dairy committee of the Farmers' Union are carried out. Mr. Waller is in the city investigating the workings of the plan.

"I am sure the plan can be followed in thickly populated counties where a number of farmers would go into it," said Mr. Waller, "but what we want to do is to work it out so that any responsible farmer, no matter where located, can supply his farm with live stock upon the same terms as the man who lives right near a large city.

"We want to include poultry and hogs as well as dairy cattle, and one of the banks at Arlington has already consented to finance farmers in purchasing stock of that kind. The man who can market a few eggs each day is a good man to have in your county."

Mr. Waller attended the meeting of the stockholders of the Farmers' Union at this afternoon and addressed them on the subject of the cause he represents. While here he is studying the dairy ordinance recently passed here.

While here Mr. Waller expected to talk with Will C. Young of the City National Bank, who was out to return today from Wisconsin where he purchased two more cars of high grade dairy cattle which will be distributed here upon the same terms as those previously imported. Inasmuch as Wichita Falls has set the pace for the rest of the state in extending and building up the dairying industry, Mr. Waller thought he could obtain much valuable information here. He saw John W. Thomas, acting secretary of the Chamber of Commerce, who put the plan into execution here. Mr. Waller spent Tuesday afternoon at the Kemp dairy farm, where he found much to see and admire.

### BOARD OF HEALTH HAS A MEETING

Quarantine Laws and Regulations Were Discussed at a Short Session

Several matters intimately concerned with the health of the city came before the health board meeting in regular session Tuesday night. The quarantine laws and regulations were discussed with the result that at the next meeting, two weeks hence, the local quarantine ordinances will come up for discussion and suggestion of revision if necessary.

The subject of the monthly inspection of the food supply received some attention. Mr. Smock, the chief inspector bringing out the fact that the aim for most improvement and interest goes to the cafes and restaurants.

The session was a rather short one and was attended by Mrs. T. B. Smock, Drs. Lee, Reed, Wade Walker and Everett Jones.

### SECRETARY ASKS VIEWS IN LETTER

R. F. Johnson of Chamber of Commerce Getting in Touch With the Members

With a view to ascertaining what the members of the Chamber of Commerce want that organization to do, its secretary, R. F. Johnson has addressed a circular letter to all the members, asking for views and suggestions. Mr. Johnson will use the replies to these inquiries in mapping out the program activities for the coming winter and he hopes that all members will reply to his questions. The letter follows:

"Dear Friend: We desire to get your views as to the things or things the Chamber of Commerce should undertake for the town. You are a member of the organization and as such are interested in the work we are trying to do; hence we ask that you use the enclosed card to outline your views. At this time we are trying to locate a cotton mill in Wichita Falls, and the proposition is in such shape that we believe it can be handled; but while we are waiting for this to take more definite shape we would be laying plans for other activities.

"What does Wichita Falls need most? What could the Chamber of Commerce do to build up the town? Give your ideas in a concrete form. Do not say merely that we should go after factories, but tell what particular kind of factory you believe could succeed here and why. Or if you prefer civic improvements, tell what particular thing along this line could be done and so on through the list of possible accomplishments.

"The secretary is anxious to know you personally and to become familiar with the business you represent. To succeed, he must know his town and his people; so when you get the opportunity call around to the office to shake hands and invite him to go with you to your place of business where you can explain many things he needs to know.

"In the meantime you might try

### MASSACHUSETTS WANTS GUARDSMEN'S VOTE

By Associated Press, Sept. 13.—The Massachusetts legislature, in special session will consider special measures to permit the guardians on the border to vote in the coming November election, and also to provide for the dependents of the guardsmen.

### WINDOW DRESSING TO BE FEATURE

Prize Will Be Awarded for Best Window Display During Style Show

A window dressing contest, in which all merchants may participate, will be among the features of the Fall Style Show on September 26, and entry blanks were mailed out to all prospective contestants today. The prize will be a scholarship in a correspondence school which teaches window dressing.

It is expected that this contest will result in more interest being taken in window displays for the city show, as many merchants will probably enter the competition. A blue ribbon will be placed upon the prize winning window as well as the decorative made.

Other preparations for the Style Show are going forward rapidly with prospects of an even greater measure of success than has attended the two early events in the past. Invitations are being sent out to thousands of out of town customers of the local stores, while all the merchants are making arrangements for effective and elaborate displays of their fall merchandise.

### STAMP CLAIMS TO BE HEARD MONDAY

Deputy Will Take Up Refunds of War Tax on Cosmetics and Documents.

Dallas, Sept. 13.—Beginning Monday, Sept. 25, the Dallas office of the Internal Revenue Department will be in position to receive claims from all revenue stamp purchasers who can show from their books the date of the last purchase made. Later the department will take up the redemption of stamps from all other purchasers. The emergency revenue law became operative last Friday at midnight. The stamps were required on all cosmetics and on certain documents. As a result several thousand institutions had supplies of the stamps on hand, and arrangements now are being made by the department at Washington for the redemption of the unused stamps.

Stamp Deputy Tim Murphy of the Dallas office, the largest in Texas in point of sales, today received a letter from Collector Walker of Austin, saying that blank forms for affidavits regarding the redemption of unused stamps would be furnished by the Revenue Department at Washington as soon as possible.

### THREE PLANS FOR EUROPEAN PEACE OUTLINED BY PRESIDENT TO DR. JORDAN

**1 CONGRESS OF EXECUTIVES OF NEUTRAL NATIONS**

**2 CONGRESSIONAL COMMITTEE TO MEET OTHER NEUTRAL CONGRESSES**

**3 THE UNITED STATES MIGHT ACT INDEPENDENTLY**

**DAVID STARR JORDAN and WILSON PEACE PLAN**

That definite plans were outlined at recent conferences between President Wilson and peace advocates for bringing about peace in Europe is a declaration made by Chancellor David Starr Jordan of Stanford university, who just returned to the university in California from Washington. No action will be taken for several months, he says. According to Dr. Jordan, the conference agreed that any one of three plans would be feasible. A congress of executives of neutral nations might take the lead in bringing the belligerents of Europe together. Congress might appoint representatives to meet with representatives of other neutral congresses to act. The United States might act independently. Dr. Jordan said he was not at liberty to give out the details of the plans, as they would be handled by President Wilson himself.

### DISCUSSION OF BETTER ROADS

WAS LARGE ATTENDANCE AT LUNCHEON OF AUTOMOBILE CLUB HELD TODAY

### SEVERAL SPEAKERS

Planned to Have Regular Meetings With Luncheon Twice Monthly

The subject of good roads was the principal topic discussed at the luncheon given today by the Automobile Club. There was a large attendance and a number of interesting talks were heard. The meeting resulted in the calling of a number of new members and plans were made for regular meetings. It is probable that luncheons will be held once or twice monthly. No definite action was taken on the good roads question but all the speakers emphasized the necessity for action in this county and most of them urged that some means be devised for permanent work of this kind. President C. W. Reid called the meeting to order and introduced J. W. Carothers, representative of a road material concern, who told what a number of Texas counties are doing in the line of road building. He said that the principle difficulty lay in the fact that farmers were unwilling to vote bonds when they felt that automobile owners from the cities would get the main benefit. Mayor A. H. Brittain said that while it was important to have good roads, he wanted to see permanent improvements made whenever road building was started. The better way, he said, would be to construct as much permanent roadway as the funds permitted if it was only a short distance, and add to it when possible. P. H. Pennington said that much could be accomplished with concerted action by the automobile owners and said that it was time for something definite to be undertaken. F. N. Lawton said that the cooperation of the farmers and of the people in the small towns must be obtained if any permanent road work is to be accomplished in the way of road building. He urged that steps be taken to secure the active support of the people outside of Wichita Falls. C. W. Snider called attention to the fact that the government was going to help in building roads and he said that Wichita county's representatives should be urged to introduce a bill creating a highway commission in this state so that Texas might share in the government's funds. Secretary Johnson of the Chamber of Commerce in a ringing talk said that if action by the county as a whole could not be taken, road districts should be created and the principal roads improved until the entire county had been covered. He said that it was essential not only that Wichita county should build good roads but that her people should become good roads evangelists and spread the gospel to other counties in this section. Dr. Wade H. Walker said that the old toll roads in Kentucky, his native state, cost only about \$2000 per mile to build, and that they were among the finest highways in the country. A. E. Myles, who said he could speak for the non-owners of automobiles who were present, explained how good roads in this county could be financed if the matter were handled judiciously. A Dutch lunch was served to those present, suitable liquid refreshments being served also. A committee consisting of A. L. Huey, W. W. Silk, D. C. Woods, Frank Callahan and J. L. Jackson was organized to arrange for future meetings, several suggestions as to the number and nature of the regular meetings having been discussed at length. Adjournment was then taken.

### PLAN TO SUPPLY FUEL GAS FAILS

Has Been Found Impracticable To Undertake Supply For Industrial Purposes

Plans by which it had been hoped to continue to supply Wichita Falls industries with natural gas after October 1, have come to naught, and there now seems to be no doubt that on that date the use of gas for factory fuel will end. At one time it seemed probable that the plan would prove feasible and the outlook was so bright that the three wells were started in the furnace of the window glass plant, with a view to resuming operations September 25. The factory will be closed on that date but probably only long enough to work up the material now being melted in the furnace. The plan was abandoned when an expert who was sent to Petrolia to investigate the gas possibilities of some properties other than those now held by the Lone Star and Wichita Falls companies, reported very adversely upon the prospects. The opinion had been expressed that the wells in question would yield enough gas to supply local factories for at least two years more. The properties were principally those of the Developers Oil & Gas Company and the American Oil Company. Had the supply of gas on these properties been deemed sufficient to help the local situation, use would probably have been made of one of the two pipe lines already supplying this city, and negotiations for the use of one of these lines had already started. The expert who went over the situation at Petrolia, put a quietus on the plan when he reported that there was not sufficient gas to be a material factor in the industrial situation here. While most of the industries affected by the cut off order are making arrangements to use oil for fuel this is hardly practicable in the case of the Wichita Falls Window Glass Company, which requires such an immense amount of fuel. Ball Brothers glass plant had already planned to close September 23 to make changes and repairs so that the plant situation will not affect it at first. Just what steps will be taken with regard to fuel will be decided by the owners of the factory, who reside in Murfreesboro, Indiana. They are expected here early in October to look the local situation over. When Fall Brothers selected this city for their southwestern plant, they took cognizance of the fact that the natural gas supply might be one day cut off, and constructed the plant in a way that coal might be used for fuel. It is probable that the plant will be run with coal for fuel, for a time at least. The failure of the plans for prolonging the gas supply caused much disappointment among those most vitally affected by the fuel situation, but most of them will arrange to use other fuel before October 1.

# STOP! LOOK! LISTEN!

Our Salesman is in Wichita Falls today, proving by actual burning test the purity of Sovereign Cigarettes. Watch him burn the paper and BE CONVINCED

Showing the few flakes of pure white ash from burning SOVEREIGN paper.

## A Cigarette Is

no better than the paper it's rolled with. SOVEREIGN is rolled in the best cigarette paper in the world—the highest grade imported from France—tasteless, even-burning, absolutely pure.

That's why you get the wonderful Flavor of the better blend of Southern-Grown Old Belt tobaccos in SOVEREIGN—and smoke all day with a cool throat—"Quality Tells!"

Make this test. Light a piece of SOVEREIGN paper and note how perfectly it burns—leaving only a few particles of pure white ash! Compare with the black, soot-like ash left by ordinary paper. And remember—the lower grades of cigarette paper burn like ordinary paper. SOVEREIGN is Entirely Different. Just to prove it—smoke one.

The Empress

Following her delightful work in the Famous Players production, "The Old Homestead," Louise Huff has been enraptured permanently by that company and is now being featured in "Destiny's Toy," an unusual dramatic story which is the Paramount picture at the Empress today. While the Carters are preparing for a trip to Europe their little daughter is severely burned on the arm. The father is forced to remain at home, but mother and daughter sail. The ship is lost at sea and it is reported that all passengers went down with her. Not long after the wreck, Joe Martin, a lonely fisherman, notices a dark object lying on the rocks, which proves to be a little child, bearing no means of identification. At last Joe is happy for the child learns to love him as a father. Just as Nan is entering in her teens, the kind old fellow suc-

cumbs to a heart attack. Her only friend and protector is dead, so she leaves for the city via a freight car, she is about to proceed on her journey after an uncomfortable ride, when she is perceived by an officer of the law, who pursues her through the labyrinth of crates. A crook called Doney, a member of the notorious "River flat" gang, passes through the yards and snatches Nan into a place of refuge thus rescuing her from the clutches of the law. The crook then takes her to the gang, where she is taken care of by an old woman; she soon learns how to relieve the wealthy of their treasures, and is taken into the gang. But her efforts are fruitless. As Mr. Carter returns from college to begin his duties as a minister. He is betrothed by a Mrs. Wylie, to marry her daughter, Edith, but her efforts are fruitless. As Mr. Carter is the wealthiest man in town, his house is chosen by the crooks, as the scene for their next crime. Nan climbs in through the door. The minister witnesses all their actions and after revealing himself, he succeeds in capturing Nan, the others escaping, but shortly afterward they are all brought to trial.

The Gem

Doris Baker, a dainty child actress of the Universal family, is starred in the picture, "A Daughter of the Night," on the program at the Gem today. Also in the cast are Agnes Vernon, William Lowery and Frank McQuay. The child, about eight years of age, is fostered by an old seaman in poor health. The home is the tenement of the poorest of the city. She means of identification. At last Joe is happy for the child learns to love him as a father. Just as Nan is entering in her teens, the kind old fellow suc-

comes to grow fond of the girl. By chance, she meets a gaudily dressed young woman of the street, and the latter's sweetheart, a fast youth on the downward path. She unconsciously influences this young couple to lead better lives. The couple, having had a quarrel over jealousy and gambling, have wandered down to the river docks, intent upon suicide, each unaware of the other's purpose. They are saved from the attempt by Sunbeam, who suddenly meets them as she comes up the stairway from below the dock, where she has been sent by her foster-father to summon an old sea friend to his bedside. Sunbeam tells the young couple that her father is very ill, and they follow her to her home, where, after the arrival of the old sea friend, the father dies. The young couple ask the settlement worker if they may care for Sunbeam. The old sea friend is willing, but she really wants to know who they are and who will vouch for their respectability. The young couple hang their heads, as the old sea friend indignantly claims Sunbeam and takes her away to his curious old home under the docks. The young woman cries, and the youth comforts her, he wishes to be a proposal that they get married. The young settlement worker, understanding their mental distress, assures them and starts them along the straight road of life. Sunbeam dies some time later and the settlement worker tells the mothers that Sunbeam, perhaps, was sent as a good child to lead other to a better life.

The Majestic

The difficulty of securing a great work of literature for the screen lies in the danger of losing the characteristics of the author. It is easy enough to reproduce the scenes, but to do all just to the character requires artists in the principal roles. This fact more than any other will be remembered by those who have seen Turner Mutual Star Productions, the first of which, "Far from the Madding Crowd," a film version of Thomas Hardy's celebrated novel, will be seen at the Majestic today. Every member of this cast was selected with extreme care that there would be no conflict with the types of the author. In the support of Miss Turner is such a well known actor as Henry Edwards, recognized as Kean and a most screen performer. He occupies a position in the film that is of the highest importance. Other noted players appearing in this great film production are Campbell Gullan and Malcolm Cherry of the Society Theatres, London. The singing in "Far from the Madding Crowd" alone would mark this feature as a photodrama far beyond the ordinary.

IRRIGATIONISTS TO HAVE MEETING

International Irrigation Congress To Convene in El Paso on October

El Paso, Tex., Sept. 12.—The official call for the twenty-third annual meeting of the International Irrigation Congress, to be held here October 14 to 18, has been issued over the signature of President H. E. Hedges of Texas. The call directs particular attention to the formal dedication of the Elephant Butte Dam by President Wilson on October 14 as one of the leading features of the convention. Details of the program to be followed at the dam have been worked out but owing to the magnitude of the structure to be dedicated to the service of mankind and the prominence of those who will take part in the ceremony there is every reason to believe that the exercises will be of a character in-keeping with the occasion. The first session of the irrigation congress will be held at the dam, at Elephant Butte, N. M., following the dedicatory exercises. At the conclusion of this meeting an adjournment will be taken to this city. So far as the congress is concerned Sunday, October 15 will be a day of rest, though special services will be held in all of El Paso's churches, affording delegates and other visitors an opportunity to worship as their conscience directs. An elaborate program for the meetings of the congress which will be held in El Paso, Monday, Tuesday and Wednesday, October 16, 17 and 18, in course of preparation. A list of national and international irrigation will take prominent part. Subjects of special importance to be discussed include: Rural credits and land settlements; drainage and engineering problems; irrigation laws and legislation; irrigation practice; irrigation districts; and markets and marketing. Owing to the interest in the settlement of these questions and the prominence of the men who will lead the discussion, there is every reason to believe that the 1916 meeting of the International Irrigation Congress will take precedence over all other meetings of the Congress held in the past. Plans are under way to provide automobile trips and excursions on and down the valley from El Paso in order that the delegates may familiarize themselves with the opportunities in the 250,000-acre irrigable Mexico Agricultural College, near Pecos. The latter claims to be the oldest settlement in what is now the United States, disputing that honor with St. Augustine, Florida and Santa Fe, New Mexico. El Paso is probably the only city in the United States, if not in the world, from which tourists may make an excursion by trolley into a foreign

country, where the language, manners, customs, modes of dress and style of architecture differ so radically from the American conception of those details of life, as they do south of the Rio Grande. These trips to Juarez, Mexico, may be made in absolute safety.

The Wichita Theater

Tonight at the Wichita Theater the management offers another Triangle feature, this time starring the celebrated and versatile artiste Lillian Gish, who plays a very important role in the stirring drama "An Innocent Magdalene." Miss Gish is a rather popular personage in Wichita Falls, for every appearance here is a signal for a crowded house and as this play is quite the best she has ever appeared in, capacity business is looked for by the management. "An Innocent Magdalene" tells a vivid story. Scene after scene is enacted with emotion, thrills and a tinge of humor that is quite appealing. The tragedy will be quite as delightful with this stellar picture at the Wichita Theater tonight. Key-stone's are famed for their comedies, but in "His First False Step," starring Chester Conklin, they have far outdone themselves. Every foot of film is packed with emotion, many can almost be convulsed with the many humorous situations this clever comedian finds himself in. The performance starts at 7:30 and runs through till 10:30 p. m.

FAILS TO GET A SENATE MAJORITY

Submission Will Not Have Two-Thirds in Upper House and May Fail

Dallas, Sept. 12.—The submissionists will not have a two-thirds majority in the Texas senate and therefore may not be able to have submitted to a vote of the people a constitutional amendment providing for prohibition, according to the official returns made to Secretary Charles J. Kirk of the State Democratic Executive committee, it was learned today. Submission did not carry in the Fourteenth district, according to the official returns. The returns received by the Texas Election Bureau gave submission a majority in this district. Suspected discrepancies in making returns in two counties in the district, Orange and Tyler, are being investigated by the prohibition leaders. It was announced today by a Dallas prohibitionist who took a leading part in the submission campaign. The matter has been under investigation ever since the Houston convention, August 8, when it became known to a few persons that the official returns showed the Fourteenth senatorial district had not been carried by the submissionists. The loss of the vote of the senator representing this district means that the submissionists will be able to muster only twenty votes in the senate. Twenty-one are required for a two-thirds majority, which is necessary to pass a resolution providing for the submission of a constitutional amendment. The submissionists have a safe

FLORENCE FURNER

In a marvelous characterization of BATHSHEBA, the impulsive, capricious but fascinating woman upon whom tragedy and suffering is brought by her own actions in

"Far From The Madding Crowd" An artistic five-act production of the GREAT NOVEL by the dean of English literature, THOMAS HARDY. No advance in the price.

LILLIAN WALKER

Wedded to a wandering artist who deserted her, a woman craves the love of another man, the artist is found dead and the woman accused of the murder, but startling circumstances save her from a grim tragedy and finally gives her the man of her choice.

HALF INCH RAIN FALLS AT AMARILLO

Amarillo, Sept. 12.—Amarillo and vicinity was visited by a splendid rain Sunday night, which was accompanied by bright lightning and heavy clouds of thunder. The precipitation amounted to .58 inch by the official gauge. Some damage was reported in the downtown district by reason of overflow water entering basements and stock rooms. The damage can not be estimated at this time, but may amount to considerable. It will be submitted to Chairman Paul Walker of Fort Worth and Secretary Charles J. Kirk of Houston. The Rev. W. J. Bierwig, assisting superintendent of the Anti-Saloon League of Texas, said today he did not know whether that organization was aiding in the investigation. Dr. A. J. Burton, superintendent of the league, is in Waco for a few days' rest. The senatorial districts which voted in favor of submission, according to the official returns and those of the Texas Election Bureau, are Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 15, 27, 28, 29, 30 and 31. The representatives

of the senatorial districts carried by the anti-submissionists are Senators Lee, Clark, Huaspath, Bailey, Hall, Caldwell, Page, Johnson, Parr and Harvey. Senator King represents the Fourteenth district. The counties comprising the Fourteenth senatorial district are Hardin, Jasper, Jefferson, Liberty, Narcole, Ober, Newton, Orange, Sabine, San Augustine and Tyler.

JAPAN PASSES A POLITICAL CRISIS
Situation Arose After Repeated Utterances of Premier Okuma that He Would Retire
Associated Press Mail Correspondence.
Tokyo.—Japan has just passed through an unusual political crisis which threatened to bring about a change of ministry and resulted in nothing. The curious situation arose after repeated utterances of Premier Okuma that he intended to withdraw from political life, utterances which were followed by the insistent report that the premier actually placed his resignation in the hands of the emperor conditional on his capability of finding a suitable successor.

OLD ODD FELLOWS BUILDING IS SOLD
Is Purchased By M. J. Bashara From Art and Boone For \$55,000
A deal has been consummated whereby J. L. Art and R. Boone transferred the business buildings at 712 and 715 Indiana avenue to M. J. Bashara for a consideration of \$55,000. In connection with the transaction Messrs. Art and Boone take over 1569 acres of land south of Electra, which they will hold jointly. The deal was made through L. S. Bullitt.

MAY WORK WAY THROUGH COLLEGE
Many Young Men Find Employment and Take Course at the University
Austin, Texas, Sept. 13.—A student who worked his way through the University of Texas last year writes to P. W. Currie, secretary of the Y. M. C. A. "Any fellow with a good supply of grit and common sense can make his way through the university. I came here with only \$45, and with the help of the Y. M. C. A. have succeeded in making my way the first year. Every body is good to the man who is making his way." Another student writes: "I am going to the university as soon as I get money enough to pay my way. When you get the money, perhaps you will not have the desire to go on to school. Why not come down here and have a chance on the money proposition? There are hundreds of students making their expenses while they are in college. There are just two things necessary for you to do to make expenses while here: 1.—Leave your name with the University Y. M. C. A. Work."

MUST ATTEND THE FIRST SIXTY DAYS
School Board Has Made This Ruling—Enforcement Officer
The first sixty days of the school term has been designated by the Wichita Falls school board as the period of compulsory attendance in conformity with the new law. The law does not specify the period, which can be done by county or independent school district boards. The board fixed the first 60 days in the belief that children who started school with the opening of the session would be more likely to continue in attendance after that time. C. C. Shelton, juvenile officer, who was designated attendance officer by the county, will also serve in that capacity in Wichita Falls, in connection with his other duties.

POPE WANTS LOAN OF 12 CENTS ON COTTON
Special to The Times.
Fort Worth, Texas, Sept. 13.—Congressman of the south and president of the Southern Bankers' Association, have been requested by Henry B. Pope, president of the Association of State Presidents of Farmers Unions, to join in an effort to secure a minimum loan of twelve cents per pound on cotton, in connection with his action, Mr. Pope said. "The government, in making a twelve cent minimum loan in cotton would never be called upon to jeopardize its credit, for if a farmer knows he can borrow twelve cents per pound of cotton he will never offer cotton to the market for such a low figure. A twelve cent loan minimum will make a twenty-cent selling minimum possible. Our government has always found a way to protect the price of manufactured articles among home consumers, and why not protect the price of cotton among foreign consumers?"

LOAN MONEY

CHRISTIAN CHURCH TO HAVE RALLY DAY
Sunday, Sept. 24, was set as a rally day for the Christian church at a meeting of the teachers and officers of the Sunday school held Monday night at the home of the pastor, Rev. E. F. Walters. Rally day will also be promotion day and a large attendance will be striven for. Different departments will give a program and graduating exercises will be held. DISTRICT MEETING OF THE CHRISTIAN CHURCH
The district association of Christian churches of which the Rev. E. F. Walters of this city is president will meet in annual convention in Seymour September 18 to 20, inclusive. An interesting program is now in preparation and Mr. Walters urges that all local church members possible attend. The convention was held here last year and was most successful with more than 100 in attendance.

Name Committees To Fix Details of Hall County Fair.
Memphis, Tex., Sept. 13.—The Memphis Boys' Agricultural Club has arranged its program for the Hall County Fair, Oct. 6 and 7. Premier Foreman, president of the Hall County Agricultural Club, has appointed committees to arrange the various details for the exhibits. The Hall County Agricultural Club is the largest in Texas, numbering over 500 members. This club has already entered more than 2,000 pigs for exhibition at the fair. In addition to hay beets, lambs, etc., they are preparing also to have quite an extensive agricultural exhibit. Over \$50 in cash is being offered in prizes, in addition to thirty reserved Big Type Poultry China pigs, valued at \$25 each, and other valuable premiums. Saturday, October 7 has been designated as "Club Members' Day" and it is intended to have a number of the various clubs with a moving picture film made at the close.

The One Universal Standard Drink the World Over is Coffee. Every nation and every people drink coffee. The first requisite for every soldier and every sailor is coffee—it must be the best drink for mankind, or mankind would not universally use it. To be at its best though, coffee must be scientifically blended, and FRESH ROASTED. Years of experience in selecting the raw beans, blending them to suit the individual taste, and roasting each day only as much as our trade demands, gives our customers THE VERY BEST COFFEE ON THE MARKET.
