IMPETUS GIVEN COLLEGE PLANS FOR WEST TEXAS

FURTHER WORKING OUT OF THE SECURE PASSAGE OF BILL AT COMING SESSION

TO MEET HERE NEXT

This City Chosen For Later Session of Association—Senators and Representatives Pledge Their Support To School Movement

Adoption of a working plan in the campaign for an agricultural and mechanical college in West Texas and the selection of Wichita Falls as the next meeting place, were features of the session at Fort Worth Wednesday of the association which is seeking the creation of such an institution.

The date of the meeting to be held here was not fixed. The meeting was secured for this city by Secretary Johnson of the Chamber of Commerce.

An important feature of the meeting was the declaration by President W. B. Blizell of A. & M. that the movement would have the support of the friends of the old institution; it had been reported that the officers and alumni of the Bryan school, fearing that a new college in West Texas would weaken the one in East Texas, had planned to combat the proposition vigorously. Such opposition might have proven serious were it not for the support of the old A. & M. commands considerable political support.

One clause in the plan of campaign is expected to meet some opposition later; it provides that no cash bonuses or other concessions shall be offered by the towns competing for the school.

The proposition was pledged the support of five state senators and twenty-seven representatives, a number of whom attended the Fort Worth meeting. A working committee was organized, consisting of Homer D. Wade of Stamford, Marschal Spoons of Fort Worth, C. E. Buchanan of St. Louis, T. F. Hodges of Sweetwater, J. H. Halley of Big Springs and J. H. Hartford of Post City. A committee of members of the legislature was appointed to draw up the bill.

It is considered probable that the bill as drawn, will provide for the establishment of such a school, defining its purposes and making necessary appropriation, leaving the location to be fixed by a committee of state officials. When the West Texas Normal was located, the committee consisted of the lieutenant governor, attorney general and superintendent of public instruction. It is understood that the governor will probably be made a member of the A. & M. committee.

When the bill is passed, this committee will visit the various towns seeking the school, inspect various sites and make its selection. The committee which would probably be chosen would consist of the governor, lieutenant governor and superintendent of public instruction, none of whom reside in West Texas. The movement for an A. & M. College in West Texas was inaugurated in 1909 by the Wichita Falls Chamber of Commerce, which made an ineffectual attempt to pass legislative interest in such an institution for Wichita Falls. For several years no further effort was made, but early this year a number of West Texas towns joined in the movement. There is no doubt that competition for the school will be very keen, and a list of the towns that will bid for it would probably include every railroad station west of the 95th meridian. The working plan adopted at yesterday's meeting is as follows: The chairman of the campaign committee appoint a legislative committee to be composed of five members, said members to be distributed over the territory involved; that is, west of the 95th meridian. That said legislative committee is to aid in the campaign as far as possible to prepare the bill for submission to the legislature, and to exert every honorable means to secure the passage of said bill at the Thirty-fifth legislature. That it recommends further that this legislative committee draft such a bill as will permit competing towns and communities west of the 95th meridian to ask for the location of said branch of the A. & M. College on their respective merits and in accordance with plank No. 25 of the state democratic platform as adopted at the last state convention held at Houston. "Provided further that there shall be no cash bonuses or other concessions of any kind whatsoever and provided further that this committee be empowered to call advisory committees from any section of Texas that in their wisdom they may desire to confer with a committee of the A. & M. college at College Station."

Wichita Falls was represented at the meeting by Secretary B. F. Johnson of the Chamber of Commerce. In a letter to Acting Secretary Thomas, received this morning, Mr. Johnson said the meeting here was held probably early in December and that an attendance of 500 or more would be expected. He also outlined plans for the entertainment and the care of the visitors and these will receive the attention of the Chamber of Commerce directors at an early date.

It is understood that the citizenship of both Bowie and Henrietta are anxious that the Wichita Falls Electric Company, which the Wichita Electric Company is a subsidiary, has practically completed improvements at its Waco station, which will give it a surplus of 20,000 horse power of electrical energy from that plant. This addition makes the Waco station rank among the first in the state in relation to size. The increase in the volume of business of that company has necessitated the creation of a new district and distribution of the work involved in its management. The Terrell district has been added from a number of towns formerly in the McKinney district. A recent announcement by the company is to the effect that Vernon Mann has been appointed manager of the Terrell district, one of the largest units in that extensive system.

"A Tone As Brilliant As the Sparkling Of Gems"

That's the way one admirer speaks of the Playerphone—And as sweet as an old love song, as clear as the Sabbath day church bells. Hear the Playerphone and you will decide that it is the highest class instrument on the market.

We will be glad to put a Playerphone into your home in comparison with any of the older styles of instruments—feeling very sure that it will bear comparison with crowning honors.

You will want a Playerphone in your home for Christmas. By making your selection now you are sure of getting just the style cabinet you wish. And the payments will be so easy that you can have it paid for by the holidays and never miss the money.

NEW POWER LINE COUNTY FAIR IS NOW PLANNED

LOCAL PLANT MAY FURNISH "JUICE" TO HENRIETTA AND BOWIE

NEW BOILER LIKELY SMALL START LIKELY

Additional Equipment Planned Here—Henrietta Deal Not Yet Closed

Plans are under way for making improvements at the plant of the light and water company that will materially increase its capacity. This addition contemplates the installation of another 500 horse power water tube boiler as an additional unit to the battery of boilers now operated by the company.

A new 1000 kilowatt turbine was installed at the plant about a year ago and with the addition of the new boiler unit, if installed, the company will be able to take care of additional business for a number of years to come.

The company is also negotiating to furnish power and lights to Henrietta and Bowie, a line to run to those cities similar to the line now supplying Iowa Park and Kleftra. This improvement, however, is by no means certain, as there are a number of matters to be closed up before it will be definitely known that the company is to thus branch out.

Asked about the improvement, Mr. Lawton, the local manager, stated that such an extension had been talked of and negotiations had been begun with a view of operating in the towns mentioned, but there were a number of matters as yet unsettled and until such negotiations were completed it would not be known whether or not the line would be built.

It is understood that the citizenship of both Bowie and Henrietta are anxious that the Wichita Falls Electric Company, which the Wichita Electric Company is a subsidiary, has practically completed improvements at its Waco station, which will give it a surplus of 20,000 horse power of electrical energy from that plant. This addition makes the Waco station rank among the first in the state in relation to size.

The increase in the volume of business of that company has necessitated the creation of a new district and distribution of the work involved in its management. The Terrell district has been added from a number of towns formerly in the McKinney district. A recent announcement by the company is to the effect that Vernon Mann has been appointed manager of the Terrell district, one of the largest units in that extensive system.

MAN WHO KILLED BROTHER OF CARRANZA IS SLAIN

Mexico City.—Confirms report of the death of Alfonso Santibanez, the slayer of General Jesus Carranza, brother of the first chief. Santibanez was shot and killed by Aurelio Hernandez, a follower of Felix Diaz at Zihuatlan, Oaxaca. Word later was received that Hernandez also had lost his life in a skirmish with constitutionalist troops.

GERMAN SCHOOL TEACHERS ARE ENCOURAGED TO MARRY

Berlin.—The magistracy and school board of Berlin-Schoenberg have decided that women school teachers who marry during the war shall be retained in office and receive the pay drawn by them before. It will also be endeavored to secure for them the increased pay granted from state funds for length of service. The authorities explain that "the situation created by the war makes it more and more requisite to encourage marriage."

NEARLY SUCCEEDS IN HANGING SELF

County Jail Prisoner Found Kicking at End of Improvised Rope in Cell

Last night, prisoners in the county jail discovered W. E. Vann with a sheet tied around his neck and suspended by it from the ceiling above; when located he was kicking and apparently in considerable agony. However, he was able to touch the floor with his feet and in this way could sustain at least the greater portion of his weight.

The prisoners who made the discovery called to those in the jail below and he was very promptly relieved from his uncomfortable situation and restored to a normal condition. Vann was recently tried on a charge of forgery and was given a term of five years in the penitentiary, from which verdict he was understood to be planning to appeal. The case originated from a charge that he had cashed a check for \$45 at the Capitol Building bearing the signature "Wichita Drilling Company."

VULCANIZING MATERIALS

IN THE SPHERE OF WOMANKIND

Keep Cheerful.
Frown and the way looks dreary.
Laugh and the path is bright.
For a welcome smile
Brings sunshine while
A frown shuts out the light.

Sigh, and you rake in nothing,
Work and the prize is won.
For there's no chance
With backbone can
By nothing be outdone.

Hustle and fortune awaits you
Shirk, and defeat is sure.
For there's no chance
Of deliverance
For the chap who can't endure.

Sing and the world's harmonious,
Grumble and things go wrong.
And all the time
You are out of rhyme
With the busy, hustling throng.

Kick and there's trouble brewing,
Whistle, and life is gay.
And the world's in tune
Like a day in June.
And the clouds all melt away.

—Unknown.

MRS. BLANKENSHIP ENTERTAINS ART LITERATURE CLUB

A most pleasant as well as profitable year of work was forecast by the opening meeting of the Art Literature Club to which Mrs. J. M. Blankenship was hostess Wednesday afternoon. The house was made attractive by a profusion of fragrant roses and in this pleasing setting the club enjoyed a two hours session. The president, Mrs. C. W. Rountree made an interesting talk, telling of the many interesting topics in the program for the year and urging a strict observance of the laws of attendance and in all things harmony. Miss Katherine Davis gave a paper on "Bayview" and Miss Mary Edmiston gave a eulogy on Frances E. Willard. Miss Edmiston being a great admirer of the famous temperance worker had made an extensive study of her life and her talk bore witness to this in its excellence. The life of Gene Stratton-Porter, the novelist was given the consideration of Mrs. J. J. DeBerry and musical numbers were added to the program by Miss Julia

Davis on the violin, accompanied by Miss Catherine Davis at the piano. Miss Weale Moore also gave two vocal numbers which were much enjoyed. The hostess served delicious ice cream and cake at the close of the program. The guests were: Misses Edmiston and Julia Davis, Mrs. Clapp and Mrs. Gottlieb; members: Mesdames R. H. Hall, Gehhart, B. W. Fligo, H. C. Dakan, J. F. Reed, DeBerry, Blankenship, Rountree, Shamburder, O. B. Womack, Misses Davis and Moore.

MEETING OF NEW IDEA CLUB HELD WEDNESDAY

The usual fancywork provided an entertainment for the New Idea Club guests and members meeting Wednesday afternoon with Mrs. G. E. Frisberg. Before adjournment the hostess served a delightful refreshment plate of fried chicken, bread and butter sandwiches, olives, coffee, fruit salad, cake and water. Guests were: Mrs. Lank Thornberry and son and Mrs. W. B. Corlett, club members being: Mesdames M. E. Carey, J. J. Simon, Nellis, Wilson, Harry Thornberry, Newton and Dobson.

NEW CENTURY CLUB MEETS WITH MRS. CLINT WOOD

Social in nature and very pleasant was the meeting of the New Century Club Wednesday with Mrs. Clint Wood, the meeting marking the resumption of study for the fall and winter. The retiring president, Mrs. D. G. Whitney made an interesting little talk as a greeting to the president, Mrs. C. W. Snider and Mrs. Snider responded in her usual happy vein, predicting a year of progress and interest for the club in its chosen line of study. There was a short business session to follow the social features, which included music by Mrs. Wade Walker. Several resignations were received from members unable for various reasons to study this coming year and in every instance much regret was expressed that these former members were to be given up. Three new members were elected at this first meeting: Mrs. C. J. McDowell, Mrs. N. M. Clifford and Mrs. McDaniel. The hostess served an attractive salad plate to the following members: Mesdames Barnard, Wade Walker, Burnside, Harbcock, Felder, Gardner, Montgomery, Whitney, Silk, Snider, and Adams.

PLEASANT MEETING OF ENTRE NOUS CLUB

Mrs. W. W. Brown was hostess to the Entre Nous Club Wednesday afternoon, the session being the usual informal affair of enjoyment for the

members. The daughters of the hostess, Miss Imogene and Jewel served the refreshment course of sandwiches, fruit salad, iced grape juice and water. The club members present were: Mesdames Evertson, A. E. Travers, McMillan, Harrington, Shappell, Carithers and Quinn.

MRS. MCCONNELL HOSTESS TO MONROE CLUB

The Monroe Club met for an hour or so of social pleasure Wednesday afternoon with Mrs. Ernest McConnell. The hostess' refreshment course consisted of chicken salad, sandwiches, olives and tea. The members present were: Mesdames Davenport, Newton, Bradshaw, Bennett, Faulks, Taylor, Smith and Chaucery. The next meeting of the club will be with Mrs. E. Newton, 1131 Monroe.

ALAMO MOTHERS CLUB TO MEET FRIDAY AFTERNOON

The Alamo Mothers Club will meet tomorrow afternoon at the school at 3:45 to plan the year's work and outline future activities. All members of the club and other mothers having children attending this school are urged to be in attendance.

DELPHIAN SOCIETY RESUMES MEETINGS FOR FALL

"Beligion Among the Earliest Nations" was the subject of the program Wednesday morning which started the Delphian Society on its winter work. Mrs. M. M. Walker was hostess and Mrs. F. B. Smith's leader. Two papers were read: "Explain the worship of the sun by the early nations," Mrs. O. E. Maer and "Contrast the religion of the early Egyptians and Assyrians," Mrs. E. B. Carver. It was with much regret that the club accepted the resignation of two members, Mrs. Frank Culbert and Mrs. Strub Moore, both removing from the city. The members present were: Mesdames Bert Bean, O. E. Maer, Dent, Lyon, Newton, Maer, Mark Moore, W. M. Friddy, Robertson, T. B. Smith, R. I. Taylor, M. M. Walker, Overton McDowell and Miss Stoneripher.

U. C. T. CLUB MEETS WITH MRS. L. A. WILSON

Mrs. L. A. Wilson's hospitality for the U. C. T. Club Tuesday afternoon was one of genuine enjoyment, the game of the afternoon being 42 Two favors, a pink and white bath mat and a crocheted towel were won by Mrs. Carr and Mrs. G. T. Drinkard respectively. The refreshment course consisted of a dainty pink and white ice cream brick and delicious angel food cake and plate favors were pink and white carnations and roses. The

house was decorated with ferns and cut flowers. The list of guests included: the Mesdames Hall, Mesdames W. C. Hoffman, George Keith, Ray, Noid, Presley, Inskard, Ed Harrison, Brown, Lyon, Carr, Evertson, Hensley, Carrington and Luther Wilson.

HOME ECONOMICS CLUB PLANS FOR MEETING

The first regular meeting of the Home Economics Club will be held next week at the high school, a preliminary meeting in preparation for the program being held Wednesday afternoon. Miss Ora Miller, the new domestic science instructor will be at the head of the club this year and an interesting study course is anticipated.

BROOK PAVEMENT WORK BEING PUSHED

Tenth Street Improvements To Start on Schedule Time Next Week

The work of excavating for the pavement on Brook street between Tenth and Twelfth recently ordered by the city council is about half completed, says City Engineer Hinkle, and H. Roberts, who has the contract for the concrete work is planning to start the paving without delay.

The sand which has been holding up the paving of Tenth street has arrived and that work will start on schedule time, according to R. W. Sugg, foreman of the work. Enough material is now on hand to start the work with. Most of the tools to be used have come, and the rest are on the way. One of the boilers to be used in heating the asphalt will be delivered tomorrow and the other Friday, Mr. Sugg stated.

Although he has done nothing so far in the matter of securing hands for the work, Mr. Sugg does not anticipate any trouble in securing enough labor locally for the rest of the week. He says that if he can't get the men in Wichita Falls he may have to bring some here. Nearly every piece of construction work being done in the city and vicinity is having trouble from insufficient labor.

NEURALGIA PAINS YIELD QUICKLY

Hundreds Find Sloan's Liniment Soothes Their Aches

The shooting-tearing pains of neuralgia and sciatica are quickly relieved by the soothing external application of Sloan's Liniment.

Quiets the nerves, relieves the numbness feeling and by its tonic effect on the nerve and muscular tissue gives immediate relief.

Sloan's Liniment is cleaner and easier to use than many plasters and ointments and does not clog the pores. Just put it on—it penetrates. Kills pain. You will find relief in it from rheumatism, neuralgia, sciatica, stiff neck, toothache, etc.

For strains, sprains, bruises, black and blue spots Sloan's Liniment quickly reduces the pain.

It's really a friend of the whole family. Your druggist sells it in 25c, 50c and \$1 bottles.

YOM KIPPUR

Comes on Saturday, October 7th. To observe it our store will be closed on that day until 6 o'clock.

Colonna Toggery Shop
707 Indiana Ave.

Sloan's Liniment KILLS PAIN

Closed Saturday Until 6 O'clock To Observe Jewish Holiday

Wichita Falls, Texas, Oct. 5, 1916

That great American food, the pie, has been recruited by the h. c. i. The price for a cut of pumpkin-raisin-apple-pear, blackberry-loganberry, cherry-cherry what'll you have has been raised from five to ten cents by New York restaurants, bringing back the rising cost of living very forcibly to the attention of those who eat. Flour, beef, pork, sugar and other commodities might soar in price without anything like the protest that the doubling of a cost of a piece of pie will bring. When pie goes up Americans can realize very acutely that the cost of living has advanced.

Night riders are reported to have appeared on Long Island and in New Jersey and New York near the great metropolis and have raided milk stations and threatened farmers who still sell milk to these stations. Farmers who furnish the greater part of New York's milk supply are on a strike. They refuse to furnish the dealers with milk unless they can have a larger part of the proceeds. Farmers who persist in supplying milk against the wishes of their fellows are being threatened with vengeance. It proves that human nature is much the same in the vicinity of Gotham as in the remote rural districts of Kentucky.

Judge Rye who has just returned from the Pacific coast reports that in political parades and in union gatherings banners are being displayed bearing the legend: "An eight hour day and eight years for Wilson." Roosevelt, Penrose, Hughes, Fairbanks, Barnum, et al. are going to have a pretty hard time quenching the laboring men that what the Adamson law really means is a big wage increase for men whom Roosevelt, Hughes and others are willing to believe are getting too much now.

Hon. Clarence E. Gilmore has secured a temporary injunction against the State Democratic executive committee and secretary of state restraining the committee from certifying to the nomination of any candidate for railroad commissioner to succeed W. D. Williams and restraining the secretary of state from certifying any name to be placed on the Democratic ticket for railroad commissioner succeeding Mr. Williams. A majority of the Democratic state committee is naturally predisposed against a man who is of dry persuasion for any office within their appointment. It is not known what action Mr. Gilmore plans to take to get his name on the ballot but his many friends throughout North Texas are ready to lend whatever aid they can.

We understand from Colonel Roosevelt's declarations that the first things he would do if he were president would be to apply his shoe leather to the anatomy of members of the international commission now discussing Mexican. He would send Horatia's friend, Henry Lane Wilson, back down to Mexico with instructions to pull Carranza's whiskers. While these little details were being attended to he would reconvene congress for the repeal of the Adamson law, having in the meantime conferred with General Wood or some other military official and arranged to operate the railroads with soldiers. He would take care of Garretson, Lee and other brotherhood officials by having them thrown into jail. While resting between these little exertions he would send a little cablegram to Kaiser Bill calculated by lang-

uage as strong as necessary to provoke that ruler's indignation. While waiting for a reply he would order the seizure of all the German ships interned in American ports. Having done this he would turn his attention to domestic affairs and would order every male citizen between the ages of 18 and 45 in the United States into concentration camps for military training. The women he would order to remain at home for child bearing and would permit no women with less than nine children to vote. While doing all these things he would lose no opportunity to stigmatize President Wilson and the democratic administration.

AN UP-TO-DATE FIRE DEPARTMENT

Editor The Times: Do you know, Mr. Editor, that there is a certain amount of pride in human nature, that causes women and men to brag on their home cities and towns, though they may be conscious that they will suffer by comparison? While enjoying my tour of the Pacific coast, I had to stretch my own credulity, sometimes, to make a favorable comparison. For instance, just before I decided to return to our city, I picked up the Morning San Diego "Union" and read in substance this local paragraph:

"Chief Smith of the Fire Department has purchased the latest Model Curtis Aeroplane for the Central Station (to perfect the department of inspection. In a trial trip over the city the chief was accompanied by Commissioner Jones, who was instrumental in adding this much needed equipment. From an altitude of five hundred feet they carefully inspected all portions of the city."

When I was shown this item by the clerk of the hotel, with the remark: "Betcha 'aint got one in Wichita Falls!"

I reluctantly said not, but we are going to have one, if I have to draw the plans and call on J. V. C. T. Christensen to build the machine.

Now, Mr. Editor, if we don't get busy and provide a flyer for Joe McClure, our civic pride is bound to suffer. Just think of the humiliation of being compared to acknowledge that we are not equipped equal to San Diego, or any other modern city. Why, Mayor Brittain will feel greatly embarrassed, to be called on to address a delegation of visiting firemen and not be able to say: "Gentlemen, I call your attention to our splendid bio-aero-car." When the Joe McClure will arise in the air and gracefully circle over the head of the astonished audience.

Why, Mr. Editor, that exhibition alone will be worth the cost of the machine.

Then, the flyer would be useful in more ways than one. Harry Robertson could chase delinquent voters until they would be compelled to pay up or escape in the manholes.

I would suggest that George Dobson might use it to recapture escaped prisoners, if he did not always holler whoa, to everything he rides.

Mr. Editor, I appeal to your progressive spirit to arouse the citizens to the necessity of buying a flying machine. EDGAR RYE.

MR. ELLIOT'S CONCLUSIONS

Former President Elliot of Harvard University contributes an analysis of the issues of the presidential campaign in the current issue of the Atlantic Monthly. Mr. Elliot is known as one of the foremost thinkers of the country. His views are entitled to the utmost consideration. In his analysis Mr. Elliot reaches conclusions favorable to President Wilson and the Democratic party. The concluding paragraphs of his article follow:

"President Wilson in these terrible times has had ample opportunity to make mistakes and to hurt the country and its cause. He has made mistakes; but has usually changed his mind and his course of conduct in season to prevent much mischief from those mistakes. He has not been uniformly true to his own convictions with regard to the merit system in the civil service, for he has allowed Senators and Representatives and some members of his cabinet to apply the spoils system in the public service—probably under necessity. He disappointed most Americans when he did not protest against the invasion of Belgium; and some Americans now wish that the President would publicly abandon the neutral

PRISONER LANDS ON OFFICER'S EYE

Lands on Floor Immediately Thereafter—Deputy Wears Bum Lining Today

Rob McCall, jailer and deputy sheriff, writing a badly damaged letter this morning as a result of a collision with an ink bottle in the hands of one Tack Eichelman who was being booked for vagrancy was city jail last night. When the officers picked Eichelman up off the floor immediately after the disturbance a charge of assaulting an officer was added to his list of offenses. When the trouble occurred, Night Chief McDonald was booking vagrancy charges against Eichelman and two companions, Walter Ekler and H. P. Brooks.

Eichelman is said to have been talking freely and was invited to shut up by the chief whereupon he picked up a clothes brush that was lying on the table and began to flourish it in a hostile manner. McCall, who was a visitor at the city jail could not see the brush and thought Eichelman had a paper weight and he ran at the prisoner. About this time Fred Smith walked into the station and seeing the situation knocked the brush from Eichelman's hand. The latter caught up an ink bottle and suddenly whirling on McCall hit him a hard blow in the left eye with it. McCall finished the argument. His eye is not badly hurt, but he is unable to see from the light and air were applied by Doctor Moore who was called to the city jail.

The vagrancy charge against Eichelman went over this morning until 2 o'clock tomorrow afternoon, it being understood that he would have the case against him tried tomorrow morning. Eichelman was tried tomorrow morning at 8 and Brooks case will be tried at 8 Saturday morning. Eichelman was charged with the case of assault, as it has not been decided whether to try him in the corporation court or transfer the case to the county court. A charge of violation of the traffic ordinance went over.

THE REAL INSULT

Your telegram received. I would feel deeply mortified to have you or anybody like you vote for me. Since you have access to many disloyal Americans and I have not, I will ask you to convey this message to them.

At what time will Charles E. Hughes send such a message to the disloyal Americans who cheer him when he utters his careful platitudes, who assume each other that he is with them in their attempt to run up an alien flag over the Stars and Stripes, who are preparing to insult their voters? The message Woodrow Wilson sent was in answer to an insulting one; out to hyphenate, no disloyal American, has ever insulted him. He has never insulted any without exception, insulted Charles E. Hughes. They have been calling the country, that he was with them, that as President he would be their instrument and that of their foreign ruler, and that by the election of such a man would rebuke Woodrow Wilson for defending American rights.

The telegram this man sent to Mr. Wilson was only an impertinence, the message he and all his kind have been daily delivering to Mr. Hughes is a deep and terrible insult which Americans have been vainly warning him to rebuke. The rebuke does not come, and still Americans will hope against hope that the insult is not, after all, deserved. —New York World.

PRICE ADVANCED BY SEVERAL DAIRIES

Milk Now Costing 12 1/2 Cents at Same Dealers, Instead of Ten Cents Per Quart.

While there does not seem to have been a general or uniform advance in the price of milk sold in the city, a number of the dairymen have increased the charge from ten to twelve cents a quart, and have so notified their customers. The initial step in this direction was taken several days ago by the Pure Milk Products Company and since that time others have increased their prices correspondingly.

The Skidmore Dairy a few days ago notified about 200 customers that the price per quart for sweet milk would hereafter be charged.

Mike Emmert, one of the principal dairymen supplying the city, stated today that he had been compelled to increase the price to 12 1/2 cents and so announced. He explained that the general increase in the cost of feed, together with other increased expenses incident to the business made it necessary to charge customers more than heretofore.

H. B. Woodall owner of the Hillside Dairy, was out of the city and could not be interviewed, but it is understood that he has made no change in the price for milk sold from that dairy up to this time.

J. A. McSpadden, one of the larger dairymen, sells only at wholesale, but in many respects has made no changes from the price heretofore charged. It is not known whether a number of the dairies have announced a change, but the impression seems to prevail that the increase will be pretty general within a short time. The dairymen, however, are not yet able to maintain a fair profit in the face of the advance in feed, and while experts regard the present circumstances as having forced a change, give it as imperative feature of the business.

MARKET REPORT

Local Markets. The price of wheat remained at \$1.50 per bushel today. Cotton continued to bring from 15 1/2 to 16 cents.

New York Cotton. The cotton market showed renewed strength today. The opening was unchanged to eleven points higher with all positions making new high season records. December sold up to 17 1/8 and January to 17 1/4 and both 28 points above the low level reached Tuesday, but the advance was not maintained. The case was heavy toward noon and December sold up to 16 3/4 and January to 16 1/2 and both 27 points net lower. Cotton closed irregular and unsettled. October 17.82; December 17.96; January 17.97; March 17.25; May 17.49.

Chicago Grain. Chicago, Oct. 5.—Wheat prices went today to a new high level for the season. The advance followed an announcement that the drought in Argentina remained unbroken. Opening prices which ranged from the same yesterday's high to one cent higher with December at 1.59 7/8 to 1.60 1/2 and May at 1.54 1/2 to 1.55 1/2 was followed by only moderate reaction from the initial top prices. Active export inquiry strengthened corn. Wheat closed unsettled 1/2 to one cent net higher with December at 1.60 1/4 and May at 1.54 1/2.

Fort Worth Livestock. Fort Worth, Oct. 5.—Cattle receipts 2200 head. Steers \$6.50 to \$6.90. Hog receipts 3500, fifteen cents higher, bulk \$9.10 to \$9.30. Lambs \$7.00 to \$9.25.

JURY IS STILL OUT IN DAMAGE CASE TODAY

The jury in the case of E. F. Hanaway vs. the Fort Worth & Denver Railway was still out and unable to reach an agreement this afternoon. The case, which was for alleged damages as the result of the high water several months ago, was concluded in the county court Tuesday evening, since which time the jury has been deliberating on a verdict.

500 WILL GO FROM HERE TO PARSONS

More Than 400 Practically Certain With Prospects of Many Additional

Nearly five hundred applications from Katy employees and members of their families for transportation to Parsons on the special train from this district which leaves for the Parsons Katy athletic meet Friday afternoon have been made out at the local Katy offices and a cargo much in excess of four hundred is assured for the trip. In the operating department alone the work has been increased and nearly 200 have been made out in the mechanical department. The passes issued in other departments will, it is said, make up the total of 500.

J. Bradshaw, conductor, A. E. Mailes, Wichita Falls local agent, L. H. Wilchester, assistant accountant and Harold Friberg, material clerk in the store department left today for Parsons where they will represent this district in the train shooting contest tomorrow. H. L. Thompson, special agent at Gainesville and H. L. Hollister of Frederick, joined them on the train and will fill out the team. No entries have been recorded from this district for the tennis tournament or in the other athletic events.

The sale of the membership button which carry admittance into all events at the meet has been very heavy since being received by Chairman Bradshaw some weeks ago and possibly more than 500 have been sold locally, as many of the employees who could not make arrangements to get off to attend the meet bought the membership buttons.

Advices from Parsons state that the monster athletic field which has been under construction for the meet has been finished. The work has been done almost entirely by members of the engineering and construction departments of the road and has been viewed by the field to be one of the best in Kansas. The excellent quarter mile track which is one of the main features of the work has been pronounced to be a masterpiece of athletic grounds construction. A grand stand with a capacity of 2,000 people and bleachers sufficient to accommodate 5,000 persons have been built.

The people of Parsons are preparing to show their visitors the fullest hospitality. Every man, woman and child who attends the meet will be served a generous and well prepared luncheon on the day of the meet. The visiting ladies will be entertained with automobile rides over the city by their Parsons hostesses. The men of the party will be remembered by the business men of the city with souvenirs which will be well worth while.

After the conclusion of the meet and until the special train leaves for home the visitors will be the guests of the city of Parsons and will find entertainment in a carnival and on a dancing floor especially built for a occasion of this kind. No additional accommodations for any one of the ten thousand couples who are expected to be in attendance on the meet.

HIGH SCHOOL SQUAD WORKING FOR SPEED

Several New Plays Planned For Saturday's Game—Noise Leader is Chosen

Coach King aided several new players to the offensive tactics of his high school charges yesterday afternoon in preparation for Saturday's game. Up to this time no additions had been made to the repertoire of last season's squad—the time being taken up with instruction in the fundamentals. However, between today and the day of the game the major part of the work will probably be consumed in the mastering of the new plays. Although the team has shown signs of speed the players have not yet come up to the standard which the coach has set for them and demands for speed and more speed have become more insistent each day.

Bert E. McIlmurray, the faculty manager of athletics, at the high school, has been chosen to lead the coaching of the backfield who accompany the local team to Burk Burnett Saturday and they expect to show Burk Burnett something in the way of real football for their team. A pep meeting is scheduled for Friday afternoon in the school auditorium immediately before dismissal of school to work up the interest of the students in the Burk Burnett trip.

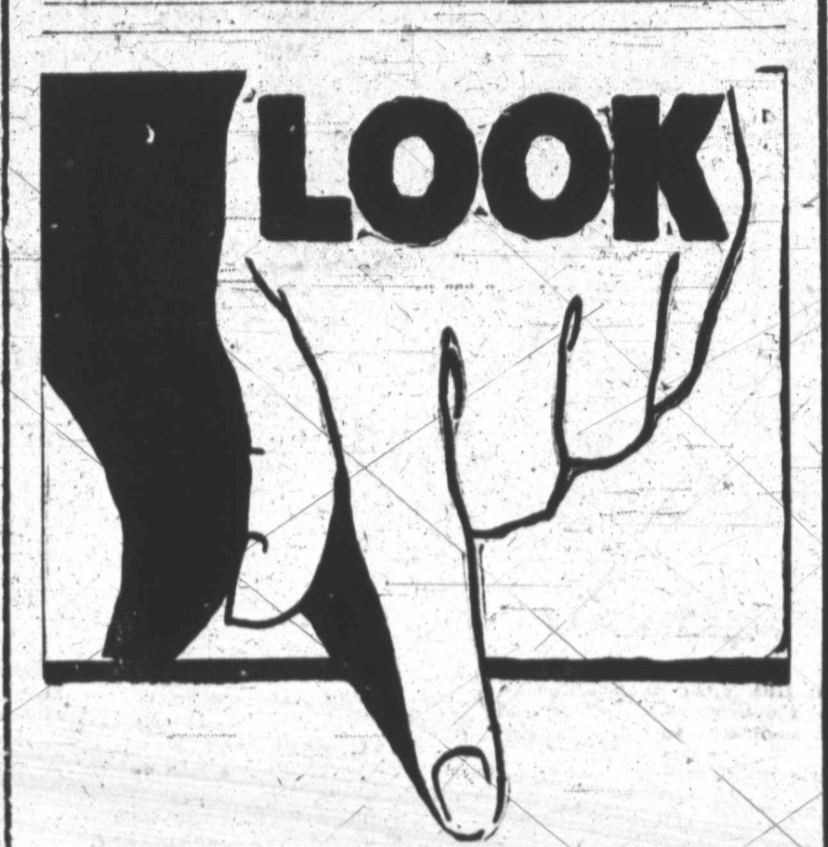

VERDICT FOR PLAINTIFF IN COUNTY COURT CASE

In the case of A. G. Deatherage vs. the M-K-S-T. and other railroads, in which the plaintiff asked for the sum of \$90 for an alleged delay in a shipment of marble, the jury returned a verdict for the amount sued for. The case was tried yesterday in the county court before Judge Harvey Harris and was on appeal from Justice Jones' court.

COUPLE FROM LAWTON UNITED IN MARRIAGE

C. J. Pates and Miss Pearl Clark, both of Lawton, Okla., were married at the court house this morning by Justice of the Peace J. P. Jones. The couple drove over from Lawton this morning, arriving about 11 o'clock when they immediately looked up the temple of justice, secured the necessary papers and had Judge Jones perform the ceremony, after which they returned to their Oklahoma home.

RANCH TRAGEDY OF EARLY DAYS

Victim Supposed to Have Been Son of Rich Eastern Man.

HE WAS TOO POPULAR

Treacherously Killed by Bullying Foreman Whose Jealousy Was Aroused—Bullets Removed From His Revolver.

Watonga, Okla.—One part of northwestern Oklahoma which is rich in the myths of the cowboy days is the land to the north of the Eagle Chief. Much of the early lore of romantic nature has been lost, but there are a few old-timers who vividly remember the trials of pioneer life and of the romances which, like the cattle, once covered the valley of this small stream.

The mecca for the cowmen was the frontier town of Caldwell, Kan. One of the most famous ranches along the Eagle Chief was the T-5. Every ranch had its history, many of them reading like fiction more than of the life which these big-hearted men of the plains led. Of the T-5 this story will deal.

On a hill overlooking the valley of the Eagle Chief is an almost forgotten grave.

Johnny Potts. Within the grave lie the remains of Johnny Potts. Where he came from it is not known, but those who were his friends believed him to be the son of a rich Eastern man.

One Ben Franklin was foreman on the T-5 ranch. Franklin boasted of the many men that had fallen at the point of his gun. Men who worked under him must obey; they had to work, for to be obstinate was like playing with powder over a fire.

About this time Johnny Potts appeared on the T-5 asking for work. Potts was unknown to them. He displayed signs that he was well educated and had not been raised in the rough cow camps of the West. His work on the T-5 was faultless.

He soon became very popular with the T-5 boys, which fact made for him an everlasting enemy in the person of Franklin. Many times the foreman sought a quarrel with Potts either with the intention of killing him or to have an excuse of getting

Was Covering the Foreman.

him discharged. The cowboys, knowing the dangerous nature of Franklin, warned Potts to be careful.

A few weeks later Franklin met Potts at a place in Caldwell. Franklin started to draw his revolver but before his hand had hardly reached the holster Potts had drawn his revolver and was covering the foreman. Instead of shooting Franklin he took the gun, extracted the shells, handed the gun back to its owner and told Franklin to go back to the ranch and milk the cows. Although frustrated in his attempt on Potts' life, his wounded pride demanded revenge.

Victim of Treachery. About two weeks later a dance was held at the T-5 ranch. Girls from Caldwell came as invited guests. While the dance was in full progress a visitor at the ranch came to Potts asking him for the loan of his revolver to shoot a coyote that was about to stampede the horses. The revolver was returned to the owner soon afterward. Potts did not examine the gun to see whether or not the other shells had been exploded. Later in the evening Franklin and Potts met. The former started a quarrel. Franklin drew his gun but before he could fire Potts' revolver snapped twice in the face of the foreman. Franklin fired and Potts fell dead. Someone had extracted the shells from his gun.

Franklin later escaped from the dance hall and drifted to Montana. Potts' body lies today on the hill-top overlooking the silent stream of the Eagle Chief.

His grave is unmarked.

Must Get Broth Elsewhere. Astoria, N. Y.—Because John J. Wilson made such a fuss about his wife's inability to make Scotch broth and Scotch stew, Mrs. Wilson has been granted a year's separation from him.

Villa is stealing lots of livestock in Chihuahua. He's evidently still in quest of Carranza's goat.—Charleston News and Courier. 25-31p

STREET CAR STRIKE IN MISSOURI TOWN

Springfield Without Traction Service Today—Want Secretary Reinstated

By Associated Press. Springfield, Mo., Oct. 5.—Motormen and conductors of the Springfield Traction Company, affiliated with the Amalgamated Association of Street & Electric Employees, struck this morning. No cars left the barns. The men have demanded reinstatement of a discharged conductor, secretary of the union.

VAUDEVILLE PRICES TO BE ADVANCED

Interstate Amusement Company Finds Increase Necessary Here

Manager Sol Dan of the Wichita Theatre today received telegraphic advices from the Interstate Amusement Company which books the vaudeville attractions shown here each Tuesday, stating that owing to the increased cost of food acts and the transportation expense, it would be necessary to increase the prices for seats here.

As a result the prices for future vaudeville programs here will be one dollar for all seats downstairs and for the first three rows in the balcony; second three rows in the balcony 75 cents; remainder of balcony 50 cents; gallery 25 cents. The matinee performances will be discontinued. Train schedules have made it difficult to have these performances on time, as the train bringing the performers does not reach the city until less than an hour before the time the show is to open, giving very little time to hang the scenery sets. Only the night performance will be given hereafter.

DECLARES HUMAN TISSUE CAN NOW BE COUNTERFEITED

By Associated Press. New York, Oct. 5.—A method of counterfeiting human tissue after its removal from the body, so that it probably will continue to grow and multiply indefinitely was announced today by Dr. Robert A. Lambert of the pathological laboratory of the Presbyterian hospital. Whether the experiments would have any value in conserving human life the investigation does not say. In describing the result of his experiments Dr. Lambert said that difficulty in finding a culture medium for human tissues had been in part overcome by adding to the human plasma of serum a small quantity of fowl or pigeon plasma the fibron of which is highly resistant to digestion. "Human tissue," he said, "has been propagated in this medium several months through sub-cultures and the growth in vitro glass jars can probably be maintained indefinitely."

W. McABEE SR. REPORTED IN SERIOUS CONDITION

Friends of W. McAbee Sr. are concerned over reports from the hospital in Fort Worth where he recently underwent an operation. His condition is said to be quite serious. Mrs. McAbee is with him.

ANOTHER KENTUCKIAN MOVES TO WICHITA FALLS

Another Kentuckian has joined the Blue Grass state colony in Wichita Falls. He is B. D. Sartain of Lexington, who has hung out his shingle as a lawyer. He is located in the McClurkin building. Mr. Sartain comes from Lexington, where he is a graduate of the University of Kentucky.

MALARIA HAS CAUSED HEAVY FINANCIAL LOSS

By Associated Press. Austin, Tex., Oct. 5.—Property owners in the malaria belt of Texas have lost approximately \$20,000,000 during the past ten years because of the prevalence of that disease, according to a report soon to be issued by Dr. W. A. Davis, secretary of the state board of health. Dr. Davis said he arrived at this conclusion by comparing the increase in values in the malaria belt with the increase in other counties in the state most of which are not in such rich agricultural territory.

Others' 'Best Selves'

We all find a good deal of comfort in thinking of our best selves. If we thought very much about our worst selves we should be pretty miserable. Such thinking as we do about "worst selves" is usually about the worst selves of other people. And our consciousness of the worst selves of other people usually corresponds with our power to bring out those worst selves.—John D. Barry.

BUYS SCHOOL WHERE HE LEARNED TO SPEAK ENGLISH

By Associated Press. St. Louis, Mo., Oct. 4.—Louis Renard, president of a linoleum and rug company here has purchased the site of the old Franklin school, which he attended as an immigrant boy, fifty years ago and where he learned English. Renard said he made the purchase as a matter of sentiment, and that he intends to convert the property into a recreation ground for children, with a baseball diamond. The purchase price was \$15,075.

TOO LATE TO CLASH

By Associated Press. St. Louis, Mo., Oct. 4.—Louis Renard, president of a linoleum and rug company here has purchased the site of the old Franklin school, which he attended as an immigrant boy, fifty years ago and where he learned English. Renard said he made the purchase as a matter of sentiment, and that he intends to convert the property into a recreation ground for children, with a baseball diamond. The purchase price was \$15,075.

COUNCIL TO FILL POLICE VACANCIES

Two Appointments To Be Made Tonight—To Organize Mark Bond Election

Among other things to be considered by the council tonight will be the appointment of policemen to take the places made vacant by Deputy Sheriff Glenn and Fred Smith. Three or four applications are before the council for these positions. In accordance with instructions from the council at the last meeting Horace Nutt, city attorney has drawn up the necessary papers to call for the election of the park and cemetery improvement bonds at the time of the general election, November 7. The last matter will have to be acted on tonight in order to get the election called in time to hold it with the general election and the fact that the police are short two men makes immediate action necessary on that matter. No other matters are likely to come up as this is the meeting at which the monthly reports of the city officials are checked and all matters that can be put off are so disposed of.

MASQUERADE FOR ROTARIANS TONIGHT

All Members and Their Ladies to Be Disguised—Program Kept Dark Secret. The Rotarians and their ladies are anxiously awaiting the meeting tonight, a masquerade affair, the first of the sort attempted by the local club, which is to be held in connection with the regular dinner at the St. James. The program committee maintains an attitude of the deepest secrecy concerning the entertainers, which are to be masked, but promise that some high class vocal efforts will be put forth, that several comedy numbers will be given and that, as usual the feed will be top notch. A large attendance is looked forward to.

JEWES TO OBSERVE DAY OF ATONEMENT

Feast of Yom Kippur Will Be Celebrated—Jewish Stores To Be Closed. The Jewish Day of Atonement, Yom Kippur, will be observed by the Jews of this city beginning tomorrow at 2 p. m. to Saturday at 6 p. m., whose places of business will be closed between those hours. The Day of Atonement itself is the great White Feast and marks the end of the penitential days beginning with the New Year. The vital significance of Yom Kippur still remains, and it is to this day the supreme day in the religious calendar of the Jewish people.

THE GREAT ELECTOR

The Great Elector is known in history, but remained for the democratic convention to furnish a "Great Electress."—Chicago Herald.

The great photoplay by the Author of "WHERE ARE MY CHILDREN"

Admission 10c

OCTOBER 10—VAUDEVILLE.
OCTOBER 12—"THE LAW DECIDES"

To The Public

Owing to the many expensive vaudevilles attractions arranged for the Wichita Theatre, the limited capacity of the house and the impossibility of presenting a matinee performance properly, the management announces a new scale of prices as follows:

Entire Lower Floor	\$1.00
Next Three Rows in Balcony	\$1.00
1st Three Rows in Balcony	\$1.00
Next Three Rows in Balcony	75c
Balance Balcony	50c
Gallery	25c

Hereafter there will be no matinee performance. The night show starting at 8:30.

AT THE THEATRES

The Majestic.

Anita Stewart is starred at the Majestic today in "The Suspect," a stirring drama of Russian intrigue and nihilism. The role of Paul Karatoff, son of the cruel Russian Duke Karatoff, known among the nihilists as the "Butcher," is played in a finished manner by Mr. Drew in the supporting cast consisting of Anders Randolph, Bobby Connolly, Julia Swayze, Gordon Frank, Wuppelmann, George Cooper, Edward Elkas, Albert Rabock, and Anna Brody. The opening of the picture is singularly effective in style, and stamps immediately the origin of the plot—the brutal death by torture of the nihilist Karatoff, that of his wife from shock at the awful happening, and the agonizing of the mind of Sophie, the nihilist's daughter, against Karatoff. Later Sophie is found to be one of the moving spirits of the nihilist party and has been cleverly led by the author of the story into a meeting with the son of Karatoff, when a bomb placed in a bunch of roses is directed by Sophie to be blown up in the carriage of Karatoff. The bomb misses its mark; young Paul Karatoff pursues the nihilist agent who has thrown it and crosses up the steps of Sophie's home after being shot. This meeting gives root to a thought in Sophie's mind which suggests the plot of the picture. Karatoff, through his son, a marriage takes place between the two, a son is born, and in the plotting of the blood of the house of Karatoff, the son of a nihilist Sophie finds her revenge.

The Empress.

The story of a woman's rise from proprietor of a small saloon in the West to wife of an eastern clubman is told in William Fox's new picture which features Virginia Pearson, the "Daredevil Kate," is shown today at the Empress.

The workmen at Devil's Gap are dissatisfied with the treatment they receive from their Eastern employers, so they cause trouble which results in the bringing to town of several Easterners. One of them is Cliff Stone, another is Irene, the adopted sister, and the third is John West, Irene's husband. Stone and West are to take over the management of the Western saloon, the company Kate at first takes sides with the new arrivals, for she has fallen in love with Cliff Stone. But Irene's unwarranted interference in their romance turns her against the managers, and she decides to help the miners, and not the managers. When the whole plan is about to reach its climax and Kate is about to expose to the owner of the mine just how easily she can control his Eastern employees, she discovers that Irene is her own sister, from whom she has been separated years before. So she turns the tables on the miners, holds them up to ridicule instead of the men they had been plotting against, and establishes West and Stone firmly with their company. Incidentally she agrees to marry Cliff Stone.

FEATURE FILM AT THE WICHITA SATURDAY

"Wanted a Home" the great film play in five reels, written, staged and produced by Lois Weber, who staged "Where Are My Children" as the attraction at the Wichita Theatre Saturday night, Oct. 7 from 7 p. m. till 11 p. m.

This picture was recently shown at the Washington Theatre in Dallas to capacity audiences for four days. The public was more than pleased with the presentation. The story of "Wanted a Home" is utterly devoid of the commonplace and every situation is tense. Lois Weber has certainly evolved a story that thrills with the telling. "Wanted a Home" will delight.

RUSSIAN DANCERS TO HEAD OCTOBER 17 BILL

Theodore Kosloff and Vlasta Maslova assisted by the Imperial Russian Ballet and orchestra will make their appearance here at the Wichita Theatre, October 17, as the headliner of an all star vaudeville bill. This act is declared to be the most pretentious in vaudeville. The artists are direct from the Imperial Theatre in Moscow and brought here by the Orpheum Circuit.

Besides Kosloff and Maslova there will be seen six other stellar features.

"THE LAW DECIDES" TO SHOW AT WICHITA

Manager Sol Dan makes the announcement that he has arranged for a showing of the new film play "The Law Decides" in seven reels. This is a new Vitaphone feature and has caught the country by storm. The story is new and gripping and as a production cannot be excelled. Bore the Kelly and Harry-Morrey have the leading roles.

The Gem.

Showing today at the Gem is "The Panel Game" a two reel drama, written and produced by Jacques Jacard. Jacard is a master of the accurate portrayal of human emotions. It is not always "pale" but it is real. In this two reel film drama, written and produced by him, he sketches a blackmail scheme which might happen in any summer hotel. Vincent Lee is a crook. In pursuit of business, he arrives at the beach with the regular summer crowd. Lee is accompanied by his "vallet," another typical product of the streets. Nan Larson is another who lives by her wits. Lee sees her plying her trade and invites her up to his room to talk business. He suggests she join him in a partnership, where they can pull down real money and she accepts. Jonathan Harkness and his wife, typical country people, are stopping at the hotel. In carrying out their new plans, Nan is established in the hotel with a check-book and soon Vincent Lee and Harkness are talking Nan nonchalantly strolls with Harkness. Harkness is interested. Harkness is willing to be led along and Nan uses her art on him. At last one night he tells his wife that he is not staying and will remain in the hotel to smoke and talk. He then calls up Nan's apartment and begs her to let him come up for a while. Harkness is admitted to the room which is closed. He complains of the heat and Nan naively suggests she remove his coat. At first he demurs, but finally does so. At that point Lee returns to the room on an errand and discovers them. Vincent suggests that it would be fine to tell Mrs. Harkness of her husband's presence in the room and the wife, blind to the fact, is struck by the time of 9 o'clock for the absence of Lee. He returns to his room, having learned a never to be forgotten lesson.

BOSTON ODDS NOT IN EVIDENCE HERE

Quite a Few Local Fans Favor Brooklyn and Even Money Rules in Bet

Although a majority of local fans pick the Boston Americans to win the world's series, they are not offering any of that ten to seven money that dispatches state is available in the east and whatever bets have been made here have been at even money. Brooklyn is by no means without supporters here, though she has not many backers as the former champs.

Brooklyn backers point to Barry's injuries and to Brooklyn's consistent hitting to support their contention that the Red Sox will win out. They declare that the present Boston team is far from as strong as that which topped the pennant honors last year while Brooklyn, they say, has a better club than any which has represented the National League in recent years.

It is understood that some considerable bets have been placed here at even money and that Boston backers are offering the National League results which defeated Boston. Brooklyn surrendered a few percentage points by losing to New York. Boston scouts watched the game and Manager Robinson of Brooklyn took no chances on tipping them off to anything, using a line-up of second up pitchers and rookies who were easy picking for the Giants.

Some local fans who were too ardent in their belief that Philadelphia would win the National League pennant will have to recalculate financially, it is said, before they can indulge their sportive proclivities on the world's series. There were several who supported their mistaken judgments too liberally in that way.

CHICAGO AMERICANS WIN FIRST GAME OF CITY SERIES

Chicago, Oct. 5.—The American league team won the first of the series for the championship of Chicago by defeating their National league rival 2-1 last night. The seventh inning put the American leaguers ahead and caused the retirement of the National's trump card, Jim Vaughn. Vaughn had been pitching a good game, only two hits having been made off his delivery until the seventh inning.

E. Collins started the inning with a single. Jackson bunted and Vaughn hit him in the back trying to throw him out at first, again became unsteady and waded Polach, filling the bases. Before he could get his bearings Ness uncorked his hit and the big pitcher was removed. Hedrick who replaced Vaughn fared little better. Russell was hit hard, but pitched good ball in the pinches and was given perfect support.

Total paid attendance, 17,250.

Total receipts, \$10,742.25.

National commission's share, \$1,074.72.

Player's pool, \$6,803.51.

Each club's share, \$1,934.51.

Score by innings: R H E

Nationals 000 002 000—2 10 2

Americans 001 000 512—3 497

Batteries—Vaughn, Hendrix and Wilson; Russell and Schalk.

FLEMING TAKES ON CARNIVAL PUGILIST

Gets Popular Decision Over Odare in Four Round Bout Tuesday Night

Although no decision was rendered in the four round exhibition staged by Carl Fleming, local featherweight and Jimmy Odare, bantam weight, with the carnival company, the crowd undoubtedly signified that Fleming had the popular decision. Fleming carried the fight to his opponent from the start and forced the fighting all the way through. The local boy landed and scored several knockouts. Fleming was of the mind that in another two rounds the local boy would have put him down for the round.

Jack Osteen, lightweight and Kid Sides, an Oklahoma middleweight put on a four round exhibition at the second show. Sides was too heavy for the local boy, but Osteen stood up to the test. Osteen's work against his heavier opponent demonstrated that he would be able to make things interesting for boxers of his own weight this winter.

So long as Americans remember Benjamin Franklin, their first diplomatic envoy to France, and Charles Francis Adams, their minister to England during the civil war, they will refuse to accept Mr. Hughes' estimate of Byron T. Herrick.—Springfield Republican.

Like getting back home for Thanksgiving—they satisfy!

Thanksgiving with the old folks at home—it does satisfy! For your smoking, Chesterfields do the same thing—they satisfy!

But Chesterfields are MILD, too—that's the wonder of it.

Don't expect this new cigarette enjoyment (satisfy, yet mild) from any cigarette but Chesterfields, because no cigarette maker can copy the Chesterfield blend—an entirely new combination of tobaccos and the biggest discovery in cigarette making in 20 years.

BARNUM & BAILEY COMING OCTOBER 30

Date For Big Circus Here is Announced—To Be East of Railroad Tracks

Barnum & Bailey's big circus will be in Wichita Falls, October 30. It was announced last night by H. E. Davidson, city bill poster, who has figured in making local contracts for their appearance. The circus will arrive here Sunday night about eleven o'clock, it is said, and a street parade and two performances will be given on Monday.

It was originally announced that the show would be here on the 28th, but the later announcement is given as correct, some change having been made in the itinerary. There was some talk of locating the tent in the residence part of the city, but upon investigation the idea was abandoned.

The Sells-Floto shows are also billed for Wichita Falls this year, but the date of its appearance has not been given out.

MUCH PROSPERITY ON NORTHWESTERN

Signs of Good Times Are Plentiful, Says Supt. Butz Following Trip

That he never has seen such signs of prosperity as are evident in the country today is the statement of J. W. Butz, superintendent of the Northwestern, who has just returned from a trip over the line. The car manufacturers are years behind in their contracts. Railroads can not get cars when they have the money to put down for them. Labor is one of the scarcest things in the market, and all available materials for construction work have to be ordered way ahead. "If this isn't a picture of prosperity, I never saw one."

Jewish Holiday

Our store will be closed Saturday, October 7th, until 6 o'clock on account of Jewish holiday.

Loeb-Liebold Clothing Co.
711 Indiana Ave.

ANDERSON & PATTERSON Insurance of all kinds—Loans, Real Estate and Rentals. 616 Eighth.

business that we are hardly able to keep up. We simply can't get enough cars to handle the business. All the terminals are full and the cars can't be unloaded. Some of our cars have been tied up for months and are used for storage at the terminals. Of course lack of water transportation is in a great measure to blame for this, but not alone by any means. Our business has simply outgrown us. The car manufacturers are years behind in their contracts. Railroads can not get cars when they have the money to put down for them. Labor is one of the scarcest things in the market, and all available materials for construction work have to be ordered way ahead. "If this isn't a picture of prosperity, I never saw one."

Mr. Butz is especially enthusiastic about the counties in the extreme northeastern part of the Panhandle through which he took an automobile trip with other railroad officials recently. He says that this is one of the finest stretches of country that he ever saw, and as yet is practically undeveloped, being almost entirely without railroad facilities. However he predicts that the railroads will come in a very short time. Outside of a few miles of rough land just north into Oklahoma the land is so level that almost all a railroad would have to do would be to lay their ties on the ground. It is a land of farms and fine stock and with the coming of the railroad he predicts that it will be one of the garden spots of the Southwest.

"In ten years you can't touch land for \$100 an acre that is now selling for from three to twelve," he predicted.

The magazines are now carrying pictures showing Mr. Hughes in his childhood—first and second, both. Savannah News.

WANTED TO BUY Second Hand Furniture and Stoves Phone 1011 Star Furniture Co.

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the finest detail in making the Times Want Column promptly and perfectly useful to the readers.

Telephone Ads cost no more, in money—and less in time—but the Times must employ collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for the collector.

DON'T LET HIM CALL THE SECOND TIME. If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use the Times Want Ad Columns daily.

RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No ad taken for less than fifteen cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 107.

Sidelights at Verdun Associated Press Mail Correspondence. Verdun, France—While the shells of Verdun have done a tremendous amount of damage, yet there is no doubt that the city has actually performed a very useful piece of military engineering.

General Dubois, commander of the French army, said today that the shells of Verdun have done a tremendous amount of damage, yet there is no doubt that the city has actually performed a very useful piece of military engineering.

"Calculate," said the general, "that that one shell has done for me the hard work of eight days' work."

The net result of the shells' work was to tear a hole through the rear fortifications and through the rear of the city, which, with a single knock down two large trees at the mouth of the shell crater, and the foundation of a bridge.

After the smoke had cleared away and the wreckage had been inspected, General Dubois concluded that the result of the shell work was to tear a hole through the rear fortifications and through the rear of the city, which, with a single knock down two large trees at the mouth of the shell crater, and the foundation of a bridge.

After the smoke had cleared away and the wreckage had been inspected, General Dubois concluded that the result of the shell work was to tear a hole through the rear fortifications and through the rear of the city, which, with a single knock down two large trees at the mouth of the shell crater, and the foundation of a bridge.

After the smoke had cleared away and the wreckage had been inspected, General Dubois concluded that the result of the shell work was to tear a hole through the rear fortifications and through the rear of the city, which, with a single knock down two large trees at the mouth of the shell crater, and the foundation of a bridge.

CARRANZA TO REGULATE MANUFACTURE OF PULQUE

Associated Press Staff Correspondence. Mexico City.—Stringent regulation of the manufacture and sale of pulque, the principal strong drink of Mexico, is ordered by Gen. Carranza in a decree which has just been promulgated. The beverage is made from the juice of the maguey cactus. The new regulations double the tax on the bringing of pulque into towns, and require manufacturers of it to record with proper authorities all details concerning their business. The decree provides that no factories may be established more than forty kilometers from the town in which the product is to be sold. This is to insure that the pulque arrives quickly and in good condition. Should the product spoil in process of fermentation, the manufacturer must notify the authorities and establish that it has been thrown out or used to make alcohol. It is provided that the maguey lands also must be used to raise other agricultural products as well as maguey. Infractions of these regulations will be punished by a fine of ten times the amount of the taxes or the factory may be closed.

Charles E. Hughes continues to campaign with a vigor which proves that the betting odds, complimentary as they are, have not betrayed him into over-confidence.—Washington Star.

DEATH RESULTS FROM SHOOTING

(Continued from Page One)

arresting officers after the shooting. Chief Humphris was on duty at the city hall last night when the woman came there. He stated that she drove up there in a car and she told him that she wanted him to go home with her, as she was afraid of her husband. The chief says that, believing she was drunk, he advised her to go home and go to bed, telling her that he guessed it would be different when she woke up in the morning. He says that he also told her that he could not go home with her because he was there by himself, the other officers being away from the hall and there was no one to leave there.

ALLEDALE

Miss Ida Bartosh, who was operated on last Tuesday at the General Hospital for appendicitis is reported to be doing nicely. This is the third member of the family who has been operated on for appendicitis in the last few months.

Miss Willie Gwinn spent last week in Wichita Falls, the guest of her aunt, Mrs. Will Swartz.

Mrs. Wayne Baumgardner and little son, Robert Lee, were guests of Mrs. Gwinn last week.

Mr and Mrs. Irvan Deaton and little children of Wichita Falls spent Sunday with Mrs. Deaton's parents, W. P. Billingsley and wife.

W. H. Gwinn went to Vernon last Thursday to take in the fair and visit his daughter, Miss Ruby, who is in school at that place.

Mrs. James Herndon who has been quite ill for the past two weeks is much improved and able to sit up a little.

Mr. Tucker of Charlie spent last week with his friends W. H. and A. E. Gwinn.

SLIM PICKING FOR CITY IN SEPTEMBER

Light Receipts Shown By Report—Average of One New Automobile Daily

September was a lean month for the city of Wichita Falls as far as the taking in of hard cash goes, according to the report of H. F. Robertson, city tax assessor and collector. Only \$1,894.51 was taken in during the month, while in the month of October which has had only three working days so far, the receipts have already been \$1,212.69.

Of last month's total only \$223.13 was accounted for by the collection of taxes for the new year, while the collection of delinquent taxes accounted for \$675.96. The automobile license fees were an interesting item, amounting to \$30, showing that a new automobile was registered in the city for every day of the month.

However, Mr. Robertson points out that this does not account for all of them as many of them are using old numbers and now that the city is without a traffic officer, he is not able to make all the automobile owners get their "C."

But Mr. Hughes' voice never gets as feeble as his arguments.—New York World.

We Will Sell You A Victrola Or An Edison Diamond Disc on CREDIT

You will want one of these grand instruments in your home, at least by Christmas. You can just as well have it, if you only make up your mind to the selection of the style you wish, and begin making small payments. By the holidays you can have it all paid out if you wish—or you can take a longer time, as your circumstances may demand. We will be glad to put either instrument in your home on a small cash payment, with

the balance to suit your convenience.

We have now more than 75 of the finest cases made, in both Diamond Disc and Victrolas, so you can better find the particular instrument that suits your fancy than will be possible later.

A very wide range of styles and prices give opportunity for every family to make just the selection that suits their needs.

Victrola prices are: \$15, \$25, \$40, \$50, \$75, \$100, \$150, \$200, \$250, \$300.

Edison Diamond Disc prices are: \$100, \$150, \$200 and \$250

BILL HILL, JOHN GLASSCOCK, CHAS. (SPIKE) NETT

The OLDEST FOOD KNOWN

Biblical history frequently mentions the olive tree, ripe olives and olive oil. The Greeks and Romans highly prized olive cultivation.

As civilization and culture traveled Westward, so followed the use of the olive and its oil. It spread to Spain and finally after the discovery of the American continent, was successfully established in California by missionaries in 1769.

We have our green olives packed for us by the largest olive importer and packer in America and handle

nothing but the very fanciest of Saville fruit. Our ripe Olives and Olive Oil have been most carefully selected from different packers and each grade we believe to be the very best of the WORLDS production for the price, and each selection is the result of most careful comparison of the offerings of all the biggest packers of Fancy Fruit.

On account of our large purchases we are enabled to make cheaper prices than the ordinary dealer.
