

BOSTON WINS OPENING GAME, SCORE 6 TO 5

BROOKLYN MAKES THREATENING RALLY IN NINTH AFTER RED SOX APPEAR TO HAVE WON SAFELY TUCKED AWAY

STOPPED IN TIME

Erros By Robinson's Men Contribute to Result—Hooper's Great Catch and T. Bona Hidesway to Plate Best Individual Feature.

By Associated Press. Boston, Oct. 7.—The well known perfect baseball machine of the Boston Red Sox... Boston, Oct. 7.—The well known perfect baseball machine of the Boston Red Sox...

For his eight innings the thirty odd thousand loyal supporters of the Red Sox sat back with a complacent air of satisfaction upon the features while the junior league champions romped through their National League rivals to a lead of 6 to 1.

With the game apparently packed away in their hat bag the Carrigan clan began to wobble, led by Fletcher Shore, and before the last Brooklyn batter had been retired, the Superbas had amassed four tallies and appeared upon the verge of wresting the initial game from the American title holders.

This surprising break, of which the invading team from Greater New York was quick to take advantage, was the feature of an otherwise ordinary baseball game. Before the threshold of the Superbas developed in the final turn at bat, the contest appeared to indicate that the Boston players would swing easily to victory.

When Daubert, the first Brooklyn batsman, stepped to the plate, in the opening half of the ninth inning, the spectators were beginning to leave Braves Field, but the Boston fans began to move restlessly in their seats. Their fears grew when Olson beat out an infield hit and they were scarcely relieved when Carl Meyers found out Merkel batting for Pfeiffer.

There was not a sound from the thousands when Manager Carrigan ordered Shore from the box and sent May in. Myers, Brooklyn's lead off batter, thrust an infield hit scoring Mowrey and the Nationals were within one run of tying the score with the bases still loaded.

This was a climax that showed the resources and strength of the Red Sox when under pressure, but it was not the only exhibition of similar nature. Right fielder Harry Hooper uncovered the star individual play of the game when he made a great running catch of Cutshaw's twisting fly and slipped Wheat, trying to score from third. The ball, left Cutshaw's hand as it undecided where it was going and Hooper had to sprint well over toward the foul line before he could get his hands on it.

The thrilling catch and throw and the ninth inning rally of the vanquished Brooklyn team were the dominating features of the first game which attracted 38,117 spectators who paid into the coffers of the world's series funds, \$78,459.90.

There was little evidence of this slight falling off in attendance however, for the setting of the game was up to the standard of past world's series. The day was fully up to the favorable forecast by the weather man. The sun however, bothered the outfielders badly at times and several times were scored that otherwise would have gone as sure outs.

Connolly at the plate, Oday on the bases, Quigley in deep field and Dineen in right were announced as the umpires.

FIRST INNING. Brooklyn—Meyers was first up and was out on a fly to Cutshaw. Daubert whiffed for the second out. Stengel went out on a grounder, second to first. No runs, no hits, no errors.

BOATS RUSHING TO AID OF LINER REPORTED IN FLAMES

COAL MINERS TO ASK 7-HOUR DAY

PRESIDENT OF UNITED WORKERS PREDICTS DEMAND WILL BE MADE

CALLS IT NECESSARY

Increasing Use of Machines One Factor, He Says—Points to Results Attained

By Associated Press. Bellare, Ohio, Oct. 7.—Demands for a seven-hour day will be made by coal miners of the country at the coming wage conference, according to John T. White, president of the United Mine Workers of America speaking at the Miners' Day celebration here today.

Such a move is necessary, he said, in order to conserve the economic and social welfare of members of the miners organization, and result from the increase in the use of mining machines.

Having established the eight-hour day universally throughout the jurisdiction of our union and likewise the mine run system we can well afford to turn our attention to the coming wage conference to further reduction in the hours of labor for in my opinion such a move is necessary if we are to conserve the economic and social welfare of our vast membership.

President White declared, "It is made very essential because of the increased use of machines. The records show there are more machines used in coal mining now than at any time in history such a move is necessary if we are to conserve the economic and social welfare of our vast membership."

Some sections where our organization has engaged in industrial strife is without parallel, he added, the terms of a labor agreement in Colorado, West Virginia and certain sections of Pennsylvania. But the steady increase of our movement into the field of opposition is bearing fruits and the opposition to the establishment of our union is gradually yielding to the enlightening influence of our organization and wage increases and reductions in hours of labor are being accomplished in the interests of these deserving fellow workers.

ANOTHER POOL HALL INJUNCTION ISSUED

Jones County Commissioners Are Restrained From Declaring Election Result

By Associated Press. Waco, Tex., Oct. 7.—On application of Haskin and Adams of Jones county, District Judge Erwin J. Clark of Waco has granted a temporary injunction restraining the commissioners of Jones county from declaring the result of a pool hall election held in that county on September 30.

The petitioners allege that property they own in Jones county will be injured to the extent of \$5,000 by prohibiting pool halls and they declare the district judge of Jones county has refused to hear the application for the injunction.

M'CORMACK REPUDIATES TEXAS' PLAN

By Associated Press. New York, Oct. 7.—Vernon C. McCormack, chairman of the Democratic national committee, in a statement tonight, repudiated a letter sent to some of the county chairmen in Texas by T. Bona Hidesway, chairman of the democratic finance committee of Texas, requesting them to obtain campaign contributions from postmasters in their respective counties.

This letter was written and mailed without the knowledge or consent of any member of the democratic campaign committee. Mr. McCormack said, "I wish the public to understand that neither the president nor myself countenance for one instant any such methods of raising funds."

OKLAHOMA MOB SEEKS ALDERMEN

TRIES TO LYNCH COUNCIL MEMBERS FOR PUTTING TOWN IN DEBT

RESCUED BY POLICE

Two Councilmen Seized and Roughly Handled Before Officers Come to Aid

By Associated Press. Okla., Oct. 7.—Three hundred infuriated citizens of Oilton, Oklahoma, all heavily armed and one of their number carrying a loaded rifle, tonight surrounded the town hall at that place, clamoring for the resignation of Councilmen E. K. Sprang and S. W. Ashire, whom they accused of being responsible for saddling the town with a debt for the building of a new waterworks plant.

Sprang was taken from the building and severely injured by being dragged through the streets and struck by missiles. He was rescued by the police who hurried him to a nearby building which he left by a back door and escaped in an automobile driven by a woman.

SUMMON GOVERNOR AS TRIAL WITNESS

Case of T. R. Watson, Teague Banker, Set for Tomorrow at Waco

By Associated Press. Waco, Texas, Oct. 7.—The name of Gov. James E. Ferguson appears in the list of witnesses summoned by the State to give testimony in the trial of T. R. Watson, banker at Teague, for killing State Bank Commissioner John S. Patterson. The understanding is he probably will be called upon to testify in the hearing on September 11.

SIX BALLOONS IN MUSKOGEE RACE

START IS MADE LATE SATURDAY AND CONTESTANTS ARE DRIFTING NORTHWEST

SOON OUT OF SIGHT

Dayton, Wichita, Kansas City, and St. Louis Representatives in Contest

By Associated Press. Okla., Oct. 7.—With weather conditions ideal the six balloons entered in the international balloon race got under way at the fair grounds here late this afternoon and drifted with a light breeze to send them on their way.

WOULD ABOLISH SYSTEM OF ATHLETIC COACHING

New York, Oct. 7.—Count Von Dohne Schloiden, commander of the German cruiser Moeve has been killed in France, according to a Milan dispatch to the Chronicle. He was in command of a battalion of the 35th infantry regiment.

A dispatch from the British front in France on Oct. 3 stated that among prisoners taken by the British were several German aviators who were said to have been sent to the Somme front from Belgium where for two years they had been guarding the coast with big naval guns.

2 AMERICAN BOATS SUNK

SAYS REPORT

By Associated Press. London, Oct. 7.—Two American ships, the Harvita and the Columbia have been sunk, according to a dispatch received by the Norwegian minister in Petrograd, from H. A. Felten, the Norwegian consul general at Archangel, Russia, according to a Reuter dispatch from Christiania, Norway.

The dispatch says great difficulty has been experienced in obtaining accurate information.

GERMAN SUB IN AND OUT OF NEWPORT

UNDERWATER FIGHTER BRINGS PAPERS TO VON BERNSTORFF AND QUICKLY STEAMS TO SEA AGAIN AND DISAPPEARS

NEW RECORD MADE

Takes Neither Fuel Nor Provisions and Is Equipped for Three Months' Cruise—American Naval Officers Say Vice

By Associated Press. Newport, R. I., Oct. 7.—Seventeen days from Wilhaven, the imperial German submarine U-107 dropped anchor today in Newport harbor. At least before the officers of the American fleet of warships through which the straits had passed her way had recovered from their astonishment the underwater fighter had delivered a message for the German ambassador to the United States, turned her back to the sea and disappeared beneath the waves just into the three mile limit.

As she went, she flew the black and white colors of the German navy, a tub was mounted on the forward deck, and another aft, while eight torpedoes, plainly visible on the forward deck, gave more assurance that the warship was ready for a fight at the drop of a hat.

Lieut. Captain Hans Rose, who hung up a new world's record in bringing an armed submarine in battle array across the Atlantic, said that he had fallen asleep simply to mail a letter to von Bernstorff, the German ambassador, and that the vessel required neither provisions nor fuel and would be on his way, he said, long before ship may remain within a neutral harbor.

The submarine was in American waters a little more than three hours, according to the German ambassador, who said that she continued to sea after her mission was completed. The German commander paid official visits to Rear Admiral Austin M. Knigh, commander of the second naval district, and Admiral Gleaves, commander of the destroyer force of the Atlantic fleet, who was on board the flagship, the Scout Cruiser Birmingham, at Newport.

While these formalities were being exchanged, wireless messages were carried to the ship and the British and French patrol fleet off the coast a warning that a hostile submarine had slipped through their cordon and was on her way to Newport. The British and French patrol fleet was searching for the merchant ship. The first question asked by Captain Rose when a motor boat came alongside was: "Have you heard from the Bremen?"

When he was told there had been no news of the missing craft his face became grave but he made no comment. To the naval men generally the most interesting fact disclosed by Captain Rose was that the Bremen had been in Newport for three months, abundant fuel and needed repairs. No so much as a bottle of water was aboard and the ship was spick and span.

The U-107 was first sighted at 1:45 this afternoon while entering the inner harbor and was escorted by the United States submarine V-2. The American had been outside for many days since morning and was returning when she was sighted by the German. The V-2, drawing near the straits and making out her type sent a wireless message to the shore headquarters of the United States navy, relayed the news to the naval department at Washington.

By Associated Press. Oak Creek, Colo., Oct. 7.—With one exception the man abducted by seven kidnapers and held for three months, abundant fuel and needed repairs. No so much as a bottle of water was aboard and the ship was spick and span.

By Associated Press. London, Oct. 7.—According to the Daily Express, the British government through the American ambassador has made representations to Germany on behalf of the British aviators who are to be tried by court martial because "tracer bullets" were found in their possession. The government wishes to see that the aviators are not convicted unless they can be proved to have contravened the Hague convention.

After saying Great Britain told Germany that tracer bullets were found on board the Zeppelin whose crew surrendered recently in England the Express adds: "It is hoped the government made it clear to Germany that the crew of this Zeppelin will be treated in exactly the same manner as our aviators."

By Associated Press. London, Oct. 7.—Count Von Dohne Schloiden, commander of the German cruiser Moeve has been killed in France, according to a Milan dispatch to the Chronicle. He was in command of a battalion of the 35th infantry regiment.

A dispatch from the British front in France on Oct. 3 stated that among prisoners taken by the British were several German aviators who were said to have been sent to the Somme front from Belgium where for two years they had been guarding the coast with big naval guns.

**ONE CHECK FOR \$25**

Railroad Men Continue to Give.  
Omaha Speech Brings Two  
Dollar Check

Yesterday was a good day for the Woodrow Wilson campaign fund in Wichita Falls. More than fifty dollars was received and among the contributors was a generous suffragette. This was Mrs. Geo. Higgins who mailed her contribution and accompanied it with a note saying that the contribution was from a "Kansas Democratic Suffragette and admirer of President Wilson."

Another contribution, this one for \$25, was from J. C. Hunt, who has just returned from Baltimore where he heard President Wilson speak before the National Grain Dealers' Association. Mr. Hunt was much impressed with President Wilson and one of the first things he did after getting home was to write out his check for \$25 for the campaign fund.

D. DeLis turned in a big list of names and dollars to Treasurer Bland, the contributions coming from railroad men.

A. G. Deatherage sent in his check for \$2.50 to a member of the committee accompanying it with a note saying that he was "glad indeed to contribute and join with the liberal citizens of our city in this cause," adding "You are to be congratulated on the good work you are doing and I trust you

will receive the \$1,000 you are asking for."  
W. S. Curlee accompanied his check for \$2.50 with the following letter to Treasurer Bland:  
"Mr. J. M. Bland, Treasurer,  
"City."  
"Dear Sir:—

**MUSIC LOVERS APPRECIATE THE VALUE OF  
The PLAYERPHONE**

For its real artistic merit, and because of its superior quality. The musical longing that is inherent in every heart finds its outlet in the exemplification of real music in this wonderful instrument more so than in any other instrument now on the market. Its tone chamber, of fine violin wood, eliminates the metallic sound, which has been the chief drawback to other reproducing instruments giving to its tone the real charm and beauty of the voice or instrument that is being reproduced, and rendering the selections in exactly the voice of the artists.

We are glad to place the Playerphone in comparison with other instruments—it never fails to make good. Come in at your convenience and listen to the records of any disc instrument made, you will hear them played as you never thought possible on any re-producing instrument.

5 Passenger 3400 r. p. m. Chalmers—\$1090 Detroit

**QUALITY**

That is the Real Secret of the 3400 r. p. m. Chalmers Popularity

Whenever you see the Chalmers trade mark you always see the phrase "Quality First." Whenever you think Chalmers you think "Quality." And if you have been reading my ads or have been in my salesroom, you are impressed with the fact that the 3400 r. p. m. is a Chalmers car of unusual quality.

I've often said that it is, in my opinion, the greatest car the Chalmers Company has built. And I have an excellent reason for saying this. It is a step ahead of any preceding Chalmers because it performs a shade better. The Quality in the new Chalmers is the kind of quality that tells on the road and tells wonderfully.

Now it is just this exceptional quality, just this shade of improvement that has brought Chalmers sales and production ahead in leaps these 12 months past.

I don't think the men in charge of affairs at the Chalmers factory realized what they had in the 3400 r. p. m. Chalmers. At any rate they underestimated the demand. They built more than they had ever produced in any previous season, 'tis true, but still not enough.

The first making order was snapped up quickly. Then came a second lot. These went just as fast.

Now the factory is building the third lot and I understand that Chalmers has no intention of stopping even there. Quality it was that caused this unprecedented demand. Chalmers certainly have the right idea in building cars. "Quality First."

MOTORCYCLE CRASH**

L. S. Robbins and Wife Injured When  
Colt Collides With Their  
Machine.

Mr. and Mrs. L. S. Robbins of this city sustained painful injuries late Friday evening in an accident near Archer City, when the motorcycle and side-car in which they were riding collided with a colt, wrecking the machine.

Mr. Robbins sustained a dislocated shoulder, while Mrs. Robbins was cut and bruised in several places. Both were reported resting well last night.

Mr. Robbins, who is connected with the Harrison-Everton Music Company, was enroute to Meigsdel with Mrs. Robbins, on a business trip. A few miles north of Archer City they met an immigrant wagon, loaded with household goods, and followed by a young colt, which suddenly wheeled and ran directly in front of the machine, colliding with it. The motorcycle and side-car turned a complete somersault, throwing the occupants out. Mr. and Mrs. Robbins were taken to Archer City, where a physician and nurse from Wichita Falls were summoned. Later they were brought to this city in Oscar Shofe's car.

The driver of the immigrant wagon regretted the accident keenly, but his wife seemed chiefly concerned over the fate of the colt, which was knocked down and crippled.

**RAISING FUNDS TO BUY  
AUTOMOBILE FOR ORPHANAGE**

The Rebekah lodges of the state are raising funds for the purpose of purchasing an automobile for use at the Odd Fellows state orphan home. It is thought that this car will not only be of much use about the home, but will afford great pleasure to the children and old folks at the home and a generous response is anticipated. At the recent county association in Iowa Park a collection amounting to \$15 was taken for this purpose.

**TEXAS VERY PROSPEROUS.  
DALLAS MERCHANT DECLARES**

(Dallas Journal)  
"This is the most prosperous season in the history of Texas from the standpoint of business and crop conditions and whether we shall ever see another so wonderful is more than any one can say," Charles L. Sanger said today.

"The cotton crop looks like it will run from 3,500,000 to 4,000,000 bales, which is equal to a 5,000,000 bale crop figured on a basis of the average price for the last ten years, the present price being so unusually high. Prices of all our products are high. The prosperity incident to the war has just reached us. The East has been experiencing it for several months. The nations of the earth are coming to us for food and raw material."

"This country has been very economical up to the present. The people now are laying in supplies of things they have needed and wanted."

"The demand for dry goods is enormous, and we are working night shifts to fill orders. I understand that practically all the wholesale houses in Dallas are doing the same thing. This is partially due to the fact that many a man has gone without a new suit for a season or two past, and many a woman has skipped a season for buying a new dress. They are getting them this season, though. They are buying everything they need and most of the things they want. Our collections are fine. Texas people undoubtedly want to pay debts. This spirit is reflected in the payments made on some long standing accounts. Land notes which have been running for long periods have been taken up by some of our customers."

"The surplus money now lying in the banks and circulating freely about the state, finally will reflect itself in

the improvement of real estate values. I do not look for a return of rank inflation. The real estate market will be conducted on a sound business basis."

**WANT 1000 TODAY AT  
METHODIST SUNDAY SCHOOL**

The Sunday school of the First M. E. Church, South, will make a special effort today to secure an attendance at the Rally Day services of 1000 people. There will be Bible moving pictures, special orchestra music, recitations, etc. Prizes will be given the youngest baby present, the oldest person, the largest family, one coming farthest, etc. Souvenir badges will be given everyone. A special visitors' class will be taught by the lecture method.

**ODD FELLOWS PLANNING  
SPICINATION MONDAY NIGHT**

The Odd Fellows will confer the third degree on a number of candidates Sunday night at the regular meeting and a good attendance is expected. The drill team is rehearsing for this degree event and the floor manager asks that all who can conveniently do so be at the hall this afternoon at 2:30.

# BOSTON WINS OPENING GAME, SCORE 6 TO 5

(Continued from Page One)

deep center. Hobbittzelle's best was an out, second to first. No runs, one hit, no errors.

**SECOND INNING.**  
Brooklyn—Wheat led off with a single, but was forced at second on Cutshaw's grounder, which resulted in a double. Hooper went out on a grounder to second. Chief Meyers being fielded at third. H. Myers' best was a popup to short. No runs, one hit, no errors.

**THIRD INNING.**  
Brooklyn—Myers went out on a grounder to short. Marquard struck out. With two down, H. Myers singled to center. Daubert struck out again. No runs, one hit, no errors.

**FOURTH INNING.**  
Brooklyn—Stengel singled cleanly to left field, and scored when Wheat landed on the first ball pitched, sending it to the right field fence for three sacks. Cutshaw sent a fly to right field and Hooper's quick throw caught Wheat at the place. Mowrey was out on a grounder to second. One run, two hits, no errors.

**FIFTH INNING.**  
Brooklyn—Olson was out on a grounder, third to first. Chief Meyers uncorked one that went to deep cen-

ter, where Walker lost the ball and the Indian was on third by the time it was retrieved. Marquard went out on a grounder to second. Chief Meyers being fielded at third. H. Myers' best was a popup to short. No runs, one hit, no errors.

**SIXTH INNING.**  
Brooklyn—Daubert was retired on a grounder to third. Stengel struck out. Wheat was out on a grounder to second. No runs, no hits, no errors.

**SEVENTH INNING.**  
Brooklyn—Cutshaw grounded out to second. Mowrey followed with a single to right, but Olson hit into a double play ending the frame. No runs, one hit, no errors.

**EIGHTH INNING.**  
Brooklyn—Myers grounded out to short. Johnston going in for Marquard, negotiated a safety to right, but was cut down a moment later when Myers hit into a double play. No runs, one hit, no errors.

**NINTH INNING.**  
Brooklyn—Daubert opened the final round by waiting out the Boston pitcher for free transportation to first. Stengel landed safely to the right garden. Daubert pulling up at second. Wheat forced Daubert at third. Stengel taking second and Wheat arriving safely at first. Cutshaw took a wild one in the ribs, losing the bases.

**Score by Innings:**  
Brooklyn 0 0 0 0 0 0 0 0 5  
Boston 0 0 0 0 0 0 0 0 6

**Summary:** Two base hits. Lewis, Hooper, Janvrin. Three base hits—Walker, Hobbittzelle, Wheat, Myers. Struck out, by shore 5, by Marquard, 5. Stolen bases—Janvrin.

**Errors:** Hooper, Janvrin, Scott, Janvrin. Sacrifice fly, Scott. Double plays, Janvrin, Scott and Hobbittzelle 3. Hooper and Cady. Left on bases, Boston 10, Brooklyn 5.

**OKLAHOMA CITY REFINERY HAS \$60,000 FIRE DAMAGE**  
By Associated Press. Oklahoma City, Oct. 7.—Fire that started in a plant factory here early today spread rapidly to the plant of the Oklahoma Refining Company and before it was brought under control caused the loss of \$60,000. Six buildings consisting of warehouses were completely destroyed. Ten or twelve storage tanks containing lubricating and other oils each with a capacity of 8,000 to 12,000 gallons were burned with their contents.

**CITY CHAMPIONSHIP WON BY WHITE SOX**  
Chicago, Oct. 7.—Comiskey's American Leaguers, for the sixth consecutive time defeated their National League rivals for the championship of Chicago by winning the fourth straight game 6 to 3 today. The Americans won the final game by bunting hits and the attack with two singles and a home run. The total paid attendance to the series was \$56,614; total receipts, \$36,262.75; national commission's share, \$3626.25; each club's share, \$6,577.50; players' pools \$15,485. The Americans received 60 per cent of the players' pool and the Nationals 40 per cent.

**CANTON IS MENACED BY RIVAL FACTIONS**  
Military Leaders Continually Operating Around City Which is in State of Siege

It is doubtful whether its new appointee will be able to restore harmony when he reaches Canton. In the meantime General Tsen Chih-hsien and General Li Chih-chun who pretend to be patriots prompted only by a desire to displace General Lung Chi-kuang, whom they denounce as a monarchist and a man thoroughly out of sympathy with the republican government, have been attacking the suburbs of Canton for weeks and are blockading the river. The United States has several small gunboats lying in the West River for the protection of Shamen Island, upon which practically all the Europeans live. The Japanese also have several warships in the river and a number of antiquated Chinese gunboats are engaged in the struggle which has been going on for some time. The revolutionists have drafted several steam tugs into service and equipped them with rapid firing guns and several larger guns. Indiscriminate shooting has been going on for weeks, with the result that bullets and misplaced shells have been falling in the vicinity of the foreign settlement and life has been greatly endangered in many parts of the Chinese city.

**DENGUE FEVER EPIDEMIC PREVALENT IN SOUTH TEXAS**  
By Associated Press. Austin, Texas, Oct. 7.—According to Dr. W. A. Davis, state registrar of vital statistics, dengue fever is prevailing in the south and southwestern portions of Texas in an epidemic form. Sanitary reports during August showed 118 cases confined to two counties, while September reports showed the disease prevalent in ten counties and the number of cases 52. Reports have not been received from any of the large cities in the infected territory.

## Efficiency In Retailing

Yesterday's problems were those of Production. All forces were bent toward lowering factory costs.

Today's problems are those of Distribution. That it costs too much money to get goods from the maker to the user, all men agree.

The cost of the journey MUST be lowered. And no matter what theorists dream, practical men know that in its lowering the retailer must use economical methods.

We have arranged this store so as to be able to handle the largest volume of business at the lowest cost. In addition to this we have a spot cash, one price store, eliminating the burdensome expenses of bookkeeping, stenographers, collectors and lost accounts. Save money by buying of us.

# BOSTONIAN'S

Famous Shoes For Men

What a blessing to be permitted to indulge in the health-giving exercise of walking when every step brings added pleasure, with never a sign of foot-weariness.

Bostonians, famous Shoes for Men, make walking an invigorating and agreeable pastime because they permit the muscles of the feet to function as nature intended. \$4.00, \$5.00 and \$6.00.

 Wichita Falls, Texas, Oct. 8, 1916

In several municipal elections in the state of Sonora, Mexico, recently the Villa and anti-American faction is reported to have been successful. This is an indication that it will not be safe to withdraw any great number of troops from the border at this time.

The Times today starts a series of advertising for Bevo, a soft drink made by the Anheuser-Busch Co. In order that there may be no misapprehension as to the character of this product it is proper to explain that it is non-intoxicating and we have on file in our office a certificate from H. B. Terrell, the state controller to this effect as well as the analysis of reputable chemists that it contains only a very small fraction of one percent of alcohol, less than is contained in most soft drinks, medicines, etc., which require a percentage of alcohol as a preservative. It is well known that the Times does not accept advertising for intoxicating liquors. It goes much further than this and has repeatedly turned down large contracts for well known patent medicine advertising because of the percentage of alcohol they contain. Before accepting the Bevo advertising the Times required certificates from the state controller and reputable chemists before accepting the contract. It made these requirements because of the name of the manufacturers associated with the product. The assurance it has received have been such as to leave no doubt concerning the propriety of running the advertising.

England is said to be considering the adoption of a decimal coinage system after the war similar to that in the United States. This indicates a conversion to orderliness which the Germans claim as one of their chief virtues. England has made her coins the standard of value throughout the world, but if there was ever any system or order about the English system nobody has ever been able to discover it. The English system seems just to have "grown" without any order or plan. Americans are much like the English when it comes to orderliness and the German is an example for both, but its coinage system is on a scientific basis. The American coinage system is a model for the world. If England decides to change her coinage system it will not be so much because the American dollar has supplanted the British pound as the monetary standard of value as it will be the result of England's conversion to system and order.

The people of the Panhandle ought to give liberal support to the Amarillo Daily-News. That paper has recently started the full leased wire service of the Associated Press and is giving the people of the Panhandle a news service that cannot be excelled. This is a big thing for a newspaper in a town no larger than Amarillo. It is a great thing for Amarillo and is certainly a fine thing for people over a vast area who may now get their news early in the morning instead of having to wait for Fort Worth, Dallas, Denver and Kansas City papers which do not reach the Panhandle until twenty-four hours after they are printed or at least until the night after they are printed.

## Store Remodeled!

We have just re-modelled our store, installing a balcony in the rear which will allow of a considerable increase in our stock, as well as a much better display and a more efficient service in waiting on our customers. We are now carrying the largest and finest stock of hardware of all kinds we have ever shown, and invite the inspection of all who may be in the market for goods in our line. We are especially well equipped with a stock of gas and wood heaters and cooking stoves and ranges, and in all kitchen utensils and articles of use in the household. We cater to the trade of

### CLARK-McADAMS ON PRESIDENTIAL "POLLS"

In his "A Look Around," column in the St. Louis Post Dispatch for today Clark McAdams discusses "Polls," giving some instructions for presidential "polling". He says:

"From this on it will be permissible to poll trains, jurists, office forces, fire houses, etc., on Wilson and Hughes. There is nothing in polling that serves as an index to what will happen but it beats standing around telling what one would bet if one were a betting man. The results furnish food for speculation, and it is not beyond reason to suppose that they are often sincere. The objection to them as a basis upon which to fix election odds is that they ordinarily follow the line of least resistance. Thus, the New York Herald took an exhaustive poll of the country a few days ago. It showed Hughes a somewhat easy winner. This was because the poll was conducted among Progressives who had been Republicans to go over to the Democratic party, a result easily obtained by careful avoiding persons known to have taken this line and openly declared their intention to vote against Hughes.

"The true poller polls in such a way that he strikes what may be termed the average intention. He doesn't confine his poll, for example, to the smoker of the train, which anybody could guess to be for Wilson, but keeps right on back to the parlor car, where he knows, he will find support for Hughes. Thus, if he polled a hundred men, he would take them from all the walks of life. No one ever heard of a Democrat including colored people in a poll. Yet colored people, except in some Southern states, affect the result of the election and ought to have the same representation in any general poll.

### RICE INSTITUTE IS DEFEATED BY STATE

Hard Fought Game Resulted in Victory For Texas By Score of 16 to 2

By Associated Press.  
 Austin, Texas, Oct. 7.—In the hardest fought game in years, Texas defeated Rice University today, 16 to 2. Both teams scored safeties on blocked punts. Texas scored in the first half on a buck by Hedrick and in the last quarter on a plunge by Watts. Straight football predominated. McFarland of Rice received a broken shoulder. The game was hard fought from start to finish.

### BAYLOR WINS EAST FROM METHODIST TEAM

By Associated Press.  
 Waco, Texas, Oct. 7.—Baylor University today won a hard fought game from the Southern Methodist University team today 62 to 0.

### YALE OVERWHELMS VIRGINIA UNIVERSITY

By Associated Press.  
 New Haven, Conn., Oct. 7.—Yale today won for the last year a 10 to 0 defeat by the University of Virginia by overwhelming the Dixie Collegians today, 61 to 0. It was the largest score made by a Yale eleven in 20 years.

### EMPHATIC DENIAL IS GIVEN IN BERLIN

By Associated Press.  
 Berlin, Oct. 7.—The story circulated abroad that the American ambassador James Gerard is the bearer of an appeal from the German emperor for peace intervention by the United States is declared authoritatively here to be absolutely without foundation.

### THINKS AMERICANS ARE REPAYING DEBT OF 1783

Associated Press Mail Correspondence.  
 London.—While H. C. Hoover, chairman of the commission for the relief of Belgium, was making his recent tour of inspection of the relief work in his organization in northern France he received a letter from a twelve-year-old school girl of Lille which advanced the naive view that the Americans were carrying on the relief work as a token of gratitude for the assistance of the French in the American war of independence. A translation of the letter follows:

"Sir, it will be one year the day after tomorrow, since you first procured good bread for us. The May 25th, 1915, when mother came home with the new bread, we eat it at once and we found it so good, for the bread we had been eating for such long months was sticky, black and hard

AL H. WILSON  
 As Tom Carey in his new Sping-Play "My Killarney Rose,"  
 Wichita Theatre, Monday Oct. 16.

The mothers of families were very happy to be able to cheer their children with such good bread. And then the rice became our daily food. It is no doubt in gratitude to the French who went to America to rid America of the English in 1783, that you are now alleviating our sufferings.

"Many, many thanks. Many died because of the bad bread and many more would have died if you did not come to our assistance."  
 "Believe me, Monsieur, etc."  
 "SUZANNE LANGEL"

**MANY DEEDS OF VALOR BY BRITISH OFFICERS**  
 Associated Press Mail Correspondence.  
 London.—A further list of soldiers who have performed remarkable feats of valor in the field and have won decorations appears in the London Gazette. Bearing on his shoulders the entire weight of the roof of a dugout after it had been blown in by an enemy shell, Second Lieutenant Hendrik Schalk Bezuidenhout, of the Royal Field Artillery, thereby saved the lives of seven wounded men in coffs on the floor about him. He was awarded the Military Cross.

### EVZONE AND POILU FRATERNIZ IN THE STREETS OF SALONIKI

GREEK "EVZONE" AND FRENCH "POILU"

A report from Athens says that 45 policemen, cadets and soldiers, who were desirous of joining the revolutionists at Saloniki, went to the French legation. Jean Guillemin, the French minister, supplied for them an armed escort from the barracks guarding the French legation. With this escort the men paraded through the streets to embark. Several Greek officers followed in an automobile and set out with the men for Saloniki. Our picture shows a Greek "evzone" or soldier fraternizing with a French "poilu" in the streets of Saloniki. The queer petticoated costume of the evzone is one of the oldest military relics of Greece. Base-reliefs of the soldiers who fought at Marathon show that they wore similar costumes.

## You'll Find Our Shoes on The Pedestal of Good Style

You'll find our shoes on a respected plane of quality. You'll find them admired by women of fastidious tastes—by women who dress well and buy shoes of service. For Fall we've gathered an array of shoes that you'll surely approve. We've used mighty good taste in selecting them. They're exquisite in quality and style. Another good feature of the shoes is the way we sell them. We're careful to see that they fit you properly.

 WICHITA FALLS, TEXAS

Corporal Booth, of the Lincolnshire Regiment, has been blown up by shells three times, and yet lives to tell of his experiences. He was blown a distance of fifty yards the last time, when a shell exploded by his side, killing all of the men near him. No metal struck him. On a previous occasion he was blown a distance of about thirty-five feet to the top of a trench.

### SOMME ATTACK GIVES MATERIAL ALLIED ADVANCE

By Associated Press.  
 Paris, Oct. 7.—An attack by the French in conjunction with the British north of the Somme carried the offensive line forward about two-thirds of a mile, says an official statement tonight. The attack resulted in the capture of all objectives.

### BULGARIAN PORT IS ATTACKED BY ALLIED FLEET

Sofia, Oct. 7.—An attack on the Bulgarian port of Deleghatch on the Aegean Sea by an allied fleet is reported in today's communication from the war office which adds that no great damage was done. Bulgarian aeroplanes attacked the fleet, causing it to withdraw.

### HOMESTEADERS TO MEET NEXT TUESDAY NIGHT

The Homesteaders will meet next Tuesday night in the parlor of the Methodist Church, corner of Seventh and Lamar and admit several new members with the short form ceremony of the society. At the meeting the subject of permanent quarters for the local lodge will come before the members for consideration.

District Field Manager Will A. Harris reports that there has been nearly a hundred thousand dollars of insurance secured through new membership added to the local lodge during the few weeks that the special membership campaign has been in progress and that new members are joining at lively pace now as evidenced by the large number who gave their application for membership during the past week.

### OIL SOAKED HAY USED IN EFFORT TO BURN HOUSE

An effort to burn a house on Van Buren street was frustrated late Saturday night when neighbors discovered an incipient blaze which was quickly extinguished.

Investigation revealed that about half a bale of hay and a quantity of rags, saturated with oil, had been placed on the rear porch of the house, and ignited. Little damage was done. The police were notified and an officer was detailed to watch the place, the owner of which is out of the city.

## GAS FUEL

Have you given your fuel question serious thought for the coming winter? This is an important matter and we invite your investigation as to our ability to give you unexcelled service. Natural gas is an ideal fuel and at present prices, there is nothing that will compete with it. Phone us or drop in to see us regarding your requirements for the winter so that you will be prepared.

We are here to stay and to please.

### OKLAHOMA MAN IS STABBED BY NEGRO

Thirty-five Stitches Required to Close Wounds—Two Negroes Also Cut.

Joe Drake, a farmer of Olustee, Oklahoma, was rather badly cut, and Fred Johnson and Zeb Tustin, negro elevator boys at the Kemp & Kell building were slightly hurt in a cutting that took place near the carnival grounds just before eleven o'clock last night. Thirty-five stitches were required to fix up Drake's wounds. He was cut in the back, under the left arm, over the left kidney with a slight cut in the neck. One negro was cut on his left shoulder blade. The other negro had a slight cut in his back.

Neither party tells a very connected story for the reason for the affair. Drake had a companion with him, Bob Butler, also of Olustee, but the scrap was over before Butler could get in. The white men it seems were coming up the Northwestern tracks from the flats when they met the negroes and some words ensued. It does not appear which party was the aggressor.

**WOMAN'S GOLF HONORS WON BY ATLANTA MISS**  
 By Associated Press.  
 Belmont, Mass., Oct. 7.—Miss Alexia Stirling of Atlanta, Ga., won the women's national golf championship on the links of the Ballmont Spring Country Club here today by defeating Miss Mildred Caverly of Philadelphia two and one in the final match of the annual title tournament.

BURKBURNETT IS VICTOR IN GAME

WICHITA FALLS HIGH LOSES BY SCORE OF 39 TO 22 SATURDAY

MAKE GOOD SHOWING

Locals Put up Strong Fight to Last—Are Given Excellent Rooting support

Superior weight with longer training and having the advantage of having played two or three games already this season enabled the Burk Burnett high school football team to put it over the eleven representing the local high school by a count of 39 to 22 at Burk Burnett Saturday afternoon. Although the count was in favor of Burk Burnett the game was declared a local boys' in addition to delighting their own supporters who saw the game, provoked a good deal of complimentary comment from the Burk Burnett backers and players. Those who saw the opening game between the two teams a year ago when the local squad won the victors declared that the Wichita Falls aggregation put up a more creditable game in this game, although the long end of the count went in favor of the other team. Failure of the locals to properly cover up their forward passes, allowing the Burk Burnett players a clear field to a touchdown on two occasions, probably contributed more than any other factor toward the Burk Burnett victory. The other Burk Burnett scores are attributed to superior handling of short forward passes, from Griffin to the two Gilberts, who on more than one occasion reeled off long runs through broken fields after receiving forward passes. The Burk Burnett squad was able to negotiate no substantial gains through the Wichita Falls line, but on the other hand the local linemen time after time, opened up gaping holes in the opposing line through which Wichita Falls backs crashed through for long gains. The fighting spirit with which the local eleven fought on until the last even when the count was hopelessly against them did much toward making defeat more creditable for the locals than had they been the victors. For the locals G. Harris and Wea-

ver at the half back position were the most consistent ground gainers, time plowing through the Burk Burnett line. The Wichita Falls linemen were uniformly successful in spearing up the other line. Burnside tackle and Williams at center especially shining, both on the offensive and defensive. Davis ran his team with the best of judgment throughout the game, unerringly picking the weakness of the other squad through which his backs plunged with great effect. More than 75 students of the local high school accompanied their team to Burk Burnett and they were unflinching in their encouragement to the team. Under the leadership of volleyball master Bert McGlamery, the Wichita Falls rooting was one of the features of the day. Even at the last when the other squad had a lead which there was little hope of ever overcoming, the Wichita Falls rooting boomed out with undiminished volume. In the intermission between the halves, while the score stood 13 to 17 in favor of Wichita Falls, the local rooters took possession of the field and pulled off a "snake dance" in the addition of a crowd, winding up by having a picture taken of the rooters and their team. The local squad drew first blood in the onslaught scoring the first touchdown after about four minutes of play. The locals kicked off to Burk Burnett who fumbled the ball, which was covered by a Wichita Falls player. After a couple of plays Harris got loose with a forward pass from Davis and crossed the Burk Burnett line. Harris kicked goal. Score Wichita Falls 7, Burk Burnett 0. Burk Burnett came back fighting, and after rushing the ball up the field A Gilbert received a forward pass and made a pretty run for a touchdown. Griffin failed at goal. Score Wichita Falls 7, Burk Burnett 6. The ball possessed about the middle of the field until near the end of the quarter when a forward pass, Davis to Harris, gave Wichita Falls another touchdown. Harris failed to kick goal. Score, Wichita Falls 13, Burk Burnett 6. A short forward pass near the end of the second quarter gave Burk Burnett their touchdown. R. Gilbert receiving the pass and making another pretty run. Griffin failed at goal, and the half ended with the score standing Wichita Falls 13, Burk Burnett 12. Wichita Falls received the kickoff at the beginning of the second half, and reeling off consistent gains through the line worked the ball up to within striking distance of the Burk Burnett goal, but the defense of the locals were able to go no further. Davis drop kicked a pretty goal at thirty yard line. Score Wichita Falls 16, Burk Burnett 12. Burk Burnett elected to receive the kick, and after a moment R. Gilbert received a pass and crossed the line for Burk Burnett's third touchdown, and the score was for the first time

against Wichita Falls. Griffin kicked goal. Score, Wichita Falls 16, Burk Burnett 19. Norris interrupted a forward pass soon after the beginning of the third quarter and ran for more than fifty yards through a broken field for another Burk Burnett touchdown, making game. Griffin failed at goal. Score, Wichita Falls 16, Burk Burnett 24. Toward the end of the same quarter R. Griffin interrupted another Wichita Falls forward pass and went 40 yards for another Burk Burnett touchdown. Score, Wichita Falls 16, Burk Burnett 29. The locals received the kick and rushing the opposing line desperately soon had the ball far into their opponents territory. After a series of successful line plunges, G. Harris crashed through the line for another touchdown for the locals. Harris failed at goal, time being called. Final score, Wichita Falls 22, Burk Burnett 39. Line-Up. Wichita Falls—Trotter, left end; E. Harris, left tackle; Upton, left guard; Williams, center; Southworth, right guard; Burnside, right tackle; Kilpatrick, right end; Davis, quarter; Weaver, left half; G. Harris, right half; Hickman, fullback. Burk Burnett—R. Gilbert, left end; Fisher, left tackle; Jackson, left guard; Kannott, center; Waggoner, right guard; Hodges, right tackle; Norris, right end; Griffin, quarter; A. Gilbert, left half; Beach, right half; Walling, fullback. Substitutes—Wichita Falls, Luecke for Upton in the third quarter; McConkey for Southworth in the fourth quarter. Burk Burnett—Green for Griffin in the fourth quarter. Time, 55 minutes. Officials: Referee, Estell; Umpire, Maric; head lineman, Griggs.

BALL BROTHERS' OFFICIALS HERE FOR CONFERENCE

TO MEET COMMERCE CHAMBER COMMITTEE MONDAY MORNING TO DISCUSS NATURAL GAS SITUATION IN THIS CITY

WILL DECIDE COURSE

Effort to Be Made to Solve Fuel Problem for Plant. Pleased With Operation of Plant Here. Monday morning the directors of the Chamber of Commerce will meet representatives of the Ball Brothers Glass Jar Company who are in the city in a conference over the fuel situation resulting from the action of the gas companies in refusing to furnish gas to local factories for fuel purposes after October 1. The representatives of the company in the city are Messrs Arthur Ball, Frank Ball, Edmund B. Ball and Fred Bennett, who arrived yesterday morning from Munich and who have been in the situation and decide upon the future course of the company will special reference to the substitution of fuel to take the place of gas that has been used since the location of their plant in the city. At a recent meeting of the directors of the Chamber of Commerce a committee was appointed to take up the matter with representatives of the company with a view to adjusting matters in a satisfactory manner. It is for the purpose of hearing a report from this committee that the meeting has been called for Monday morning. This committee, composed of Messrs J. A. Kemp, T. E. Noble and Wiley Blair and an informal conference was held yesterday morning in the office of Mr. Kemp, at which time the situation was gone over thoroughly with the representatives of the factory. Although no definite conclusion was reached, it is understood that the factory representatives expressed themselves as appreciating the position and being willing to make some arrangement to substitute another fuel for gas. They further expressed themselves as being very much gratified with the business of the company at this place, and their conservation in connection with the informal meeting would not indicate that they were disposed to transfer the plant to some other point. Members of the committee from the Chamber of Commerce explained to the visitors the opportunity for securing cheap fuel of which there was an abundance in this territory, and was further explained that after the necessary preparation had been made the cost of the fuel would be substantially, if not more, than the expense incurred for gas under the former prevailing rate. It was also suggested that there was a proposition under way to develop a new gas field in this territory, the plan being to drill twenty wells in different localities in an effort to provide a new supply. It was stated that every indication pointed to the possibility of further developments in this territory, and that no institution need fear for the ability of Wichita Falls to furnish cheap fuel for many years to come. While the conference yesterday was entirely informal it opened the way for a more frank discussion of the question on Monday, when the meeting of the directors of the Chamber of Commerce will be held.

COST OF COAL IS GRAVE PROBLEM IN ITALY. Rome, Italy.—The high cost of living and particularly the price of coal is becoming a subject of grave concern in Italy as another winter approaches. Due to continued excessive freight rates by sea many staple food articles are dearer in Italy than either France or England. Italy has a special treaty with England for cheaper freight rates to be obtained by the transport of ships, sugar is selling at 30 cents a pound and flour at 14 cents only in small quantities, for household consumption from day to day. Coffee sells at 30 to 70 cents a pound, according to grade. Through Italy is a speculator of wines, a table wine that once sold at 6 cents a quart now sells for 14 cents and is inferior to the old 6 cent grade. Beer is 20 cents, 14 cents a quart, milk at 10 cents. Good butter is 55 cents a pound. Cows that before the war sold at \$16 per ton now sell at \$20 and the price may go higher as winter comes. Last winter it was \$30 to \$40 per ton. Italy hopes to import 750,000 tons from England and 250,000 tons from the United States for industrial uses this winter.

Wichita Grove No. 1087, Woodman Circle will meet in regular session at 2:30 Friday, October 6th. RUSSIA WATCHING OUTER MONGOLIA. Opposes Provinces Sending Representatives to Chinese Parliament at Peking. Associated Press Mail Correspondent. Peking.—Russia's demand that representatives of Outer Mongolia be permitted to sit in the Chinese parliament is an indication that Russia does not intend to slacken the hold which it obtained upon Outer Mongolia through its treaty with China recognizing the autonomy of Outer Mongolia in so far as domestic affairs are concerned. With Japan encroaching upon Inner Mongolia, as is indicated by the recent riot at Chienhtun, and with Russia pressing in on Outer Mongolia, Chinese officials are especially uneasy about the intentions of these two powers, particularly in the light of the recent Russo-Japanese treaty in which the two nations agree not to interfere with each other's "special interest" in the Far East. Prince Kaudschoff, the Russian minister, represented to the foreign office that Outer Mongolia being an autonomous government that it naturally should not participate in the Chinese parliament but should have an assembly of its own to direct its own internal affairs. Chinese officials have apparently never conceded the absolute autonomy of Outer Mongolia. The foreign office is unwilling to admit that the members designated to represent Mongolia when parliament was first convened in 1913 should not now take their seats. Furthermore the question is raised as to the validity of the Russo-Japanese

ROMANOFF AND HOHENZOLLERN, NOW ALLIES IN WAR, HOBNOB

KING FERDINAND OF ROUMANIA—CAZAR NICHOLAS

This interesting photograph of the chief, King Ferdinand of Roumania is descended from the Sigmaringen branch of the Hohenzollern family and his treaty against the German cause was a severe blow to the Kaiser, who believed that family ties would keep Ferdinand neutral at least. treaty granting autonomy to Outer Mongolia. Republican leaders say the treaty is not valid, as Yuan Shikai negotiated it without the ratification of parliament. Originally twelve Outer Mongolian senators and fifteen Mongolian representatives were designated to sit in the two houses of parliament. Ten were Chinese, five Manchus and twelve Mongolians. Russia's absolute control of Outer Mongolia is well shown to all persons in official life in the far east. Trading with the enemy regulations in Outer Mongolia are quite the same as they are in Russia. The Hutuktu of Urga, who is the real ruler of Outer Mongolia, is under absolute Russian domination. So far Outer Mongolia has not officially stated whether it desires to be represented in the Chinese parliament. However, in view of Russia's control of Outer Mongolian affairs, it is believed that the Hutuktu will decline representation in the Chinese parliament. It is believed that Russia is to make a decision in the matter.

Hunt's Second Grade Fruits Are Called "Staple"

They are only a step behind "Supreme." Not quite good enough to be called the best but fully equal to the average so called high grade brands—better than many of them.

Peaches and Cherries—Plumbs and Apricots; No. 2 1/2 cans, 25c. No. 1 can of Apricots and Peaches, each 12 1/2c.

### 4100-MILE AUTO TRIP COMPLETED

HAROLD CARPENTER AND PARTY HOME AFTER RECORD BREAKING RIDE

### GIVEN MUCH LIBERTY

Not Pinched for Speeding—Even in Cities Many Courtesies Extended Partly

Harold Carpenter, who with R. G. Scheurer and J. L. Clark returned several days ago from an extended automobile tour through twenty states, has an interesting account of the success of the trip which was made in a Chalmers 5000 R. F. M. from the stock here. Returning with the party was Mrs. Gertrude Scheurer, who had been visiting relatives in Illinois while Leroy Scheurer, who went with the party stopped to enter school.

The trip, which covered a distance of 4100 miles was made in five weeks, with numerous stops, including a week in New York City, several days in St. Louis, two days in Chicago, three days in Buffalo and four days in Detroit. The average running time was 32 4/10 miles per hour, which establishes a new record and is remarkable when it is considered that the "cross-country" racing record is only 28 miles an hour. Mr. Carpenter explained that the sleeping time alone was deducted and that no reduction was made for the time consumed in taking gasoline and for other short stops. In discussing the trip Mr. Carpenter further stated that the trip was made without any special preparation and was an idea of his own conception which was not financed by the Chalmers Motor Company, as some might infer. Explaining the pleasure and incidents of the trip, Mr. Carpenter stated that they were cordially received at every place visited and were allowed many liberties, that the average tourist did not enjoy on account of the novelty of the trip, the fact that it was a "Texas Car" and had been heralded ahead of the schedule by Chalmers dealers along the route. "In cities as large as 100,000," said Mr. Carpenter, "we were permitted to drive at a speed of 45 miles an hour, and at no time were we treated or detained by the officers. The only way that I can account for this consideration was the interest shown in the car and the state from which it came, and the fact that we were from the border state and dressed in soldier fashion. We had a rifle strapped to the car and altogether the equipment presented a rather military effect. In Chicago we had the right of way on Michigan avenue without any traffic restrictions, while in New York City we were permitted to drive on Broadway and Fifth avenue as fast as we liked without any interference. It seems that the officers were notified in advance of the approach of the "Texas Car" and were requested to permit anything except the taking of life. "It was remarkable the reception that was given the car, as we were escorted from time to time by the crowds, even in the larger cities where an automobile is a very familiar sight. This of course was due to the manner in which the car was decorated and the advertising that had been given the tour by various papers throughout the territory traversed. "We encountered many rough places at times driving through a blinding rain, and at one time encountering a fog that was so dense that Mr. Scheurer had to walk ahead and locate the road. From Boston to New York we set a new record of eight hours, driving through Providence,

Hartford, New Haven and Bridgeport at a speed of 60 miles an hour. "Much trouble was encountered in crossing the Mississippi river as the result of a fire which destroyed the government bridge. We were towed across in a raft and deposited in Missouri, where we were met by the return of the party. We drove from St. Louis to Wichita Falls in 36 hours and from Lawton home in two hours and fifteen minutes. "The car in which the trip was made is in excellent condition and does not appear to have been run but a few hundred miles, and since the return of the party has attracted considerable attention. "Mr. Carpenter stated that the trip was enjoyed very much and was worth a great deal that he had earned about 15 pounds while away. He brought with him many interesting views secured on the trip, some of which showed the splendid reception that was given the party at different places visited.

### DAIRYMEN ADOPT COOPERATIVE PLAN

Will Buy Feed Jointly as Means of Economy—Hold Session Saturday

A cooperative buying of feed through which they expect to effect quite a saving to the members was decided on at the meeting of the Dairy-men's Association at the Farmers Union hall Saturday afternoon. J. L. Carrithers, secretary of the association was named by the association as purchasing agent, and the members will make known their needs to him so that he may contract for the feed supply for all, and through buying in quantities get a reduction in the feed bill. Although no action was taken on the question of the fee for the tuberculin test expressions from the members seemed to show that they were very well satisfied with the action of the council in reducing the fee to fifty cents. The meeting this afternoon was one of the best attended and most harmonious since the organization of the association. The next meeting will be held at the same place two weeks from this meeting.

### FORMER WICHITA FALLS BOY PROMOTED IN MISSISSIPPI

The Times has received a copy of the Hattisburg, Miss. News in which mention is made of the promotion of Clarence D. Clapp, a former Wichita Falls boy and son of Mr. and Mrs. W. D. Clapp of this city, to a responsible position with the Mississippi Central Railway. The item follows: "Clarence D. Clapp, Hattisburg boy, who has been taking a course at a Postgraduate (N. Y.) business college for the last several months, has been named as purchasing agent of the Mississippi Central railroad, and has returned to Hattisburg and taken up his new duties. Clapp will succeed

# DORT

## Here Is An Unusual Car

**\$695** The Dort is more than a good car. It is an unusual car. Unusual in its tip-toe quality—unusual because it is so completely honest—unusual because it is sturdier than other cars—unusual because it is thoroughly dependable—unusual because of its powerful, faithful motor, famously strong rear axle, its oversize bearings, its Westinghouse Starting and Lighting, and a score of other superlative under-the-hood virtues.

The Dort is far out of the ordinary run of cars. Its individuality is in its absolute superiority. See the 1917 Dort. You'll want it.

at times driving through a blinding rain, and at one time encountering a fog that was so dense that Mr. Scheurer had to walk ahead and locate the road. From Boston to New York we set a new record of eight hours, driving through Providence,

F. F. Brunson, who recently tendered his resignation and is being "broken in" on his new job now, Brunson, who will go back to his home in Michigan to take up farm work, will leave Hattisburg on October 1. Clapp is well known in Hattisburg. He is a cousin of Mrs. M. D. King, and for a long time was employed in the offices of Mr. King here. At one time he was connected with the main offices of the Mississippi Central in this city.

### KNIGHTS AND LADIES OF SECURITY OPEN HOUSE

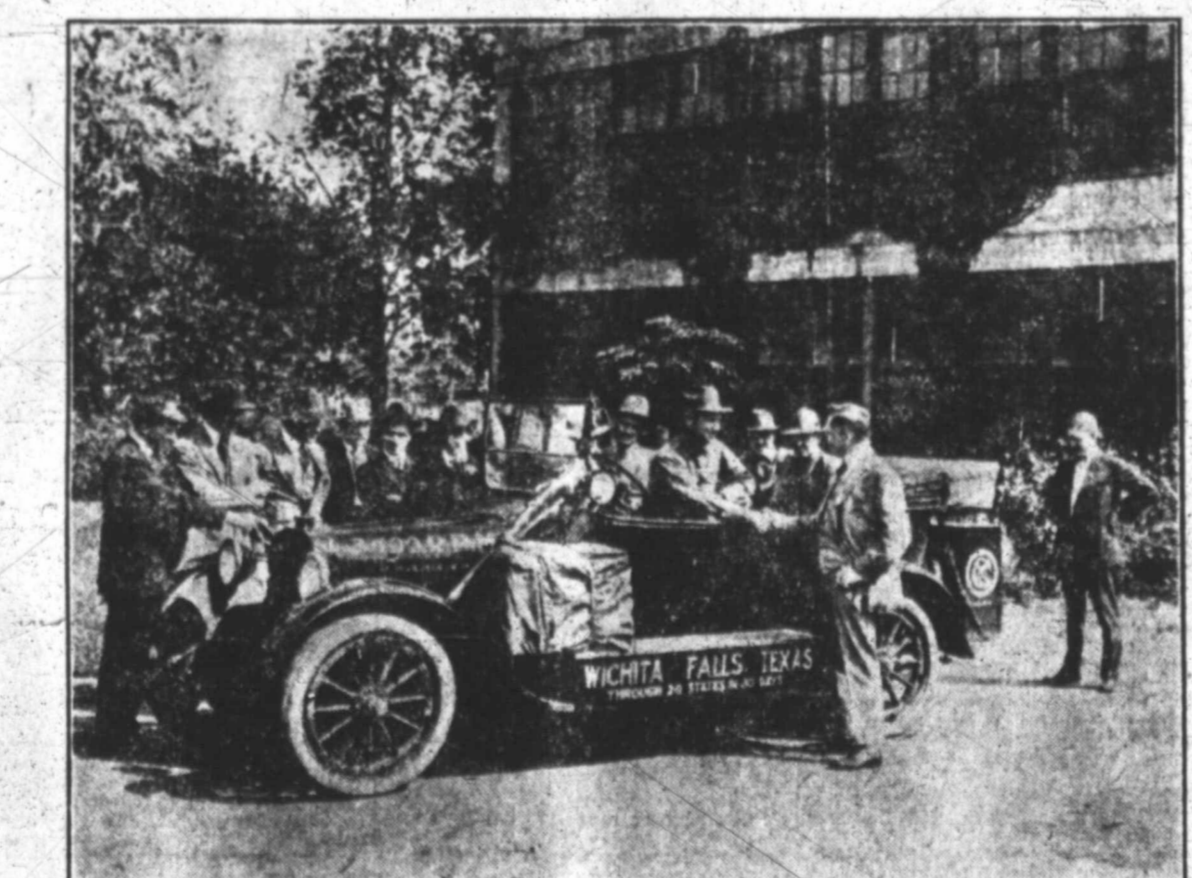

The Knights and Ladies of Security will give a dance and opening program at the Masonic Temple Monday night. Among the numbers will be piano numbers by Mrs. Granbury, the lodge's pianist; addresses of welcome by T. F. Hunter; violin duet by Misses Johnnie and Pearl Owens; song by Mrs. M. E. Eaton; talk on Fraternity by Hon. E. H. Eddleman. This program will be followed by refreshments and dance.

# A New World's Record For Touring Through Twenty States in Eight Days

From Wichita Falls to New York City in 129 hours running time at an average speed of over 32 miles per hour.

### Here Are the States That The "Chalmers Traveler" Visited on The Trip North This Month!

Texas	Ohio
Oklahoma	Pennsylvania
Kansas	New York
Nebraska	Massachusetts
Iowa	Vermont
Illinois	New Hampshire
Wisconsin	Maine
Indiana	Rhode Island
Michigan	Connecticut
Ontario, Canada	New Jersey

### Here Are the States Visited on the Return Trip

New York	Ohio
New Jersey	Indiana
Delaware	Illinois
District of Columbia	Missouri
Maryland	Kansas
West Virginia	Oklahoma
Pennsylvania	Texas

This trip was started without the knowledge of the Chalmers Motor Co., and was arranged and started within 24 hours and was conducted wholly by M. H. Carpenter for a combined business and pleasure trip.

I proved to the world that "Chalmers quality" means durability, service and reliability. I drove over 4,100 miles plugging through hundreds of miles of sand and mud, rushing through four days of driving rainstorms, over every road condition in the United States, over four mountain ranges, through hundreds of large cities, in an ordinary "Chalmers" 5-passenger touring car driven by an amateur driver and loaded with a load equal to the weight of eight ordinary people. This stock Chalmers car averaged over 18 miles per gallon of gasoline and over 1050 miles per gallon of cylinder oil and without a repair or adjustment of any kind except tires.

This proves to you that "Chalmers Cars" are built for hard service on the road, and not for the repair shop. I will be glad to recite to anyone, the many interesting and thrilling experiences we encountered on this wonderful trip.

I have in stock for immediate delivery, roadsters, 5 and 7-passenger touring cars that are ready for a repetition of the above tour, or for years of uninterrupted service. Call me up or call at my office. I will be glad to see you, and show you many pictures of our car, in Northern and Eastern cities.

THE LAW DECIDES AT WICHITA THURSDAY What is said to be the greatest film play of the year, is coming to the Wichita Theatre for one day's showing Thursday, October 12. The title is "The Law Decides" and Manager Sam Danes makes the announcement that he is showing this photo-play on a guarantee basis, that if the patrons are disappointed, money will be refunded. It is a play with a plot, it has a great story, a story that touches the heart. The interest is tense, and in every moment the situations come thick and fast. In Dallas recently the play ran for a week to crowded houses and is booked for a return date in the very near future. "The Law Decides" will run continuously from 1:30 to 11 p. m. The price of admission will be 25 cents.

GRACE CUNARD STARRED AT THE GEM MONDAY

Grace Cunard and Francis Ford are the stars of "The Princely Bandit" the feature picture at the Gem Monday. Grace Cunard has made roles stand out with cameo-like clearness on the screen, but none of them has made a deeper impression on her thousands of admirers than the Mad-cap Queen of Crona. This impetuous impulsive creature has scored time and time again and is one of Miss Cunard's best characterizations. The "Mad-cap" Queen of Crona is having a tantrum because the King Regent insists that she marry Prince Frederick within a week. The Queen really admires Frederick, but doesn't like to be blessed, and she insists that she will marry whom she likes, regardless of the wishes of her counselors. The old King argues with Frederick in favor of the marriage, and Frederick agrees, but when he finds that the queen is against the match, he writes her a note bidding farewell and stating that he is leaving to avoid embarrassing her. The Queen tries to catch him before he leaves, but in vain. Then she becomes angry because Frederick has not asked her to marry him in spite of her apparent dislike of him. After a hard day's travel Frederick arrives at a hut and seeks admittance. The hut is inhabited by a band of bandits, whose leader has just died. Frederick, while regarded with suspicion, is admitted and becomes very much interested in the experiences

related by the bandits. The romance of their lives appeals to him and later he joins them. He saves their good will and they make him chief. Count Michael, next in line for the throne, is very much in love with the young Queen. With the disappearance of Frederick, the Count hopes to take an upward bound and he tries every possible way to win the Queen's consent to his suit. An artist is at the palace making a picture of the Queen and when he leaves one night the Count, in a moment of generalist, offers him his own coat, as the night is very cold. The bandits see the artist in the royal coat and thinking it is the Count, capture him and hold him for ransom. While the artist is in the bandit's den he catches a view of Frederick's firmness and makes a sketch of him from memory. When he is requested to write the King, stating he is held for ransom, he writes on the reverse side of the paper on which he has made the sketch. The note is delivered to Count Michael, who refuses to do anything to help the artist escape. He throws the note on the floor. The Queen discovers the note and upon a close examination she sees the sketch, which she recognizes as a likeness of Frederick. This gives her a clue to the disappearance of the latter, and she decides to get him back.

6-BARREL WELL AT DEPTH OF 10 FEET BROUGHT IN

One of the best records for shallow production made in this territory is the showing on a tract owned by R. S. Allen about eight miles north of Electra. An oil seep was found in this vicinity. Investigators traced the trend of this seep and about half a mile above where the oil came out of the ground they dug a hole with spades. At a depth of about 10 feet they came upon the sand. Oil is now running into the hole at the rate of about six barrels daily. This hole is located about half a mile east of the location where a derrick is up for a well on E. A. Dale's farm.

VERDICT FOR PLAINTIFF IN BONE-MCKINLEY CASE J. W. Bone was given title to a surplus strip of land about 15 feet wide and the length of a lot, in the 7th district court Friday afternoon. The suit was against F. M. McKinley, who had obtained title by virtue of a judgment previously rendered in his favor, in a former trial.

The OLDEST FOOD KNOWN

Biblical history frequently mentions the olive tree, ripe olives and olive oil. The Greeks and Romans highly prized olive cultivation. As civilization and culture traveled Westward, so followed the use of the olive and its oil. It spread to Spain and finally after the discovery of the American continent, was successfully established in California by missionaries in 1769. We have our green olives packed for us by the largest olive importer and packer in America and handle nothing but the very fanciest of Saville fruit. Our ripe Olives and Olive Oil have been most carefully selected from different packers and each grade we believe to be the very best of the WORLDS production for the price, and each selection is the result of most careful comparison of the offerings of all the biggest packers of Fancy Fruit. On account of our large purchases we are enabled to make cheaper prices than the ordinary dealer.

## IN THE SPHERE OF WOMANKIND

### L. A. TO B. R. T. HONORS OKLAHOMA VISITOR FRIDAY

As a means of honoring a visiting member, Mrs. Montgomery of Oklahoma, the Ladies Auxiliary of the Training School, visited Friday to Lake Wichita. Automobiles were furnished for the occasion by Mesdames Britton and Page and the ride was only the beginning of a most enjoyable day. Shortly after the noon hour a delicious repast was spread at the pavilion, the menu consisting of all sorts of fancy delicacies. In the afternoon the ladies enjoyed kodaking.

## EXQUISITE JEWELRY SUGGESTIONS

**T**HE days of Cleopatra have returned in so far as ornaments and trinkets for personal adornment are concerned. The offerings of the jewelry designers are quite as elaborate as those worn by the ancient queen of beauty herself.

Every woman should see this display of adorning jewelry and novelties. It is a pleasing and soul-stirring display of choice jewelry that will delight.

Everything offered is the very best quality, no matter how low the price. You can satisfy your fondest jewelry desire here, for yourself or your friends. The small outlay will only be part of the satisfaction you'll receive.

music and dancing, some however choosing to crochet or engage in fancywork. These present were the honorees, Mrs. Montgomery, Mesdames Joe Ricks, Page, Huddleston, Ward, Britton, Ash, Deilis, J. H. Ricks, Misses Kate Ricks, Louise Britton, Ward, Nathalee Ash and Charles Britton.

### UNITY CLUB RESUMES MEETINGS FOR FALL

Social in nature was the first meeting of the Unity Club held Friday afternoon at the home of Mrs. G. D. Anderson. Mrs. Carrigan, the retiring president, made a few remarks which were responded to by Mrs. P. Sanford, who Friday assumed the chair for the coming year. The program committee made its report, then the hostess served a refreshing light refreshment after a few moments of that adjournment was in order. The members present Friday were: Mesdames Anderson, Carrigan, Darnell, Gosholt, Greenwood, Hunt, Lapford, Miller, Miss, Montgomery, Young, Carter, McGregor, Zundelwitz and Woods.

### CONGENIAL CROCHET CLUB MEETS FRIDAY AFTERNOON

Crocheting an other fancy work with cooperation entertained the members of the Congenial Crochet Club and the guests, meeting Friday afternoon with Mrs. A. E. Anderson. A delightful refreshment course was served, consisting of sandwiches, doughnuts, pumpkin custards and coffee with whipped cream. Mrs. Roy Marquardt, hostess, E. V. Friberg and Miss Etienne Brown were guests, the club members present being: Mesdames C. A. Adison, A. J. Andree, Brown, Bachman, Byman, Holladay, Puck, Friberg, Snyder, Shappell and Ewart. The club will hold an all day picnic session next Friday at the home of Mrs. W. H. Bachman.

### FIRST FRESHMAN PARTY LARGELY ATTENDED

More than two freshmen of the high school enjoyed the first freshman party of the year held Friday evening at the school. The basement was arranged for the entertainment, several trays in the class colors of dark blue and white being in evidence. Games of all sorts were played both indoors and on the lawn and refreshments were served, the party breaking up at 10 o'clock.

### MRS. R. O. HARVEY BRIDGE CLUB HOSTESS FRIDAY

To the members of the Friday Bridge Club was added a table of guests to enjoy the game of Friday

afternoon with Mrs. R. O. Harvey hostess. The member prize for top score, a guest towel with crocheted edge, was won by Mrs. Marchman and the guest prize, a crocheted card case went to Mrs. Pounds. For the refreshment course the hostess served a luscious plate of sandwiches, potato chips, olives, cherry salad and fruit punch. The guests were: Mesdames Pounds, O'Donnell, O'Neal and Shaw, club members, Mesdames Shepherd, Wade Walker, Morris Marcus, Larkin, Abo Marcus, Marchman and Straus.

### ALABAMA VISITOR HONORED AT LUNCHEON FRIDAY

Mrs. Morton Hall of Birmingham, Ala., guest of her sister, Mrs. W. W. Sill, was honored at a delightful luncheon Friday at the home of Mrs. M. O. McDowell. Mrs. M. J. Kelly, sharing the honors of hostess with Mrs. McDowell. The house was decorated in roses and these flowers also furnished the table decorations. A delectable repast was served and the afternoon spent with conversation and fancy work. The guests included Honoree, Mrs. Morton Hall, Mesdames Walter Friday, Ivan Marchison, C. R. Hartcock and W. W. Sill.

### LOCAL MUSICIANS GIVE HENRIETTA CONCERT FRIDAY

Friday evening the faculty of the College of Music gave a concert at the First Baptist Church of Henrietta. Those taking part in the program were: Miss Schaeffer, Miss Jaroly, Messrs Woodside, Krebs and Maddy.

### PATHFINDERS HOLD INITIAL MEETING FRIDAY AFTERNOON

The Pathfinders commenced their study for the year Friday afternoon, meeting with Miss Alice Barnside. The new officers took charge of the affairs of the club, these being: Miss Hazel Hunter, president; Miss Abbie Thompson, vice president; Miss Celia Stoyton, secretary; Miss Tula Stokes, corresponding secretary; Mrs. R. H. Groyce, treasurer; Mrs. D. K. Bellertie; Mrs. S. H. Barnside, parliamentarian. Roll call was answered with current events and in place of a program short talks were made by the retiring president, Miss Emma Smith and others of the officers. Some business was attended to, two new members, Miss Flora and Rose Reisenberg, being elected. A dainty refreshment course was served. Miss Willie Benbow was a guest, the club members present being: Misses Tula Stokes, Celia Stoyton, Hazel Hunter

## LOCAL WORKER IS CHOSEN PRESIDENT

### Mrs. J. A. Parris Heads North Texas District of Baptist Mission Organization

Mrs. J. A. Parris, a local Baptist worker, was honored with the presidency of the North Texas District of the Baptist-Women's Mission Workers at the election of officers held at the convention Friday at Bowie, Texas. Mrs. J. A. Parris was elected president, Mrs. R. B. Stoyton, corresponding secretary and Mrs. J. A. Parris, chairman of the Y. W. A. work; Mrs. Vance of Vee, chairman of the juvenile work. The delegates from the First Baptist Church of this city returned Saturday from Bowie and report an unusually good convention with an attendance of more than 150 from the thirteen counties represented in the district. The next meeting of the district will be held in six months at Denton.

## HOME MADE BREAD MAY BECOME POPULAR AGAIN

### (Chicago News)

Bread like mother used to make has become a reality in Chicago, as the increased prices of the baker's product have caused housewives rushing to the domain of home bread baking. The Women's Auxiliary of Commerce in Schiller Hall, which has a store of flour, has been busy with the preparation of home-made bread. The women have been trying for a long time to get housewives to return to the old system of making their own bread, because it is so much better, fresher and has that richness of flavor that cannot be duplicated in any wholesale bakery. The present movement to raise the price gives us an opportunity to impress upon bread-keepers and homemakers the advantages and economy of making bread for the family in their own homes.

Those who go fishing for the sheer fun of it will note with mingled emotions that each man in the crew of a Nantucket schooner netted \$742 for a month's spent in catching swordfish.

**MAY BRING NOTED WORKER TO CITY**

Parent Teachers Council to Invite President of National Mothers Organization

Plans to bring Mrs. Frederick Schoff of Philadelphia, national president of the Congress of Mothers to this city are being made by the Parent-Teachers Council, a high school organization, which held a meeting to this effect Saturday morning. Mrs. Schoff will be in Texas to attend the Texas Congress of Mothers to be held in Beaumont, October 31 and November 1, 2 and 3 and the program committee is arranging her itinerary in such a way that she will be able to visit several of the more important cities of the state. Mrs. Schoff has been president of the National Congress of Mothers for the past 18 years and there is not a more prominent figure in realm of mothers' clubs work. If she is brought here it will mark an epoch in the local mothers' clubs history, and all workers in the various clubs will be much interested to hear of these plans.

**TO FORM SYMPHONY ORCHESTRA TODAY**

Permanent Organization To Be Effected Today at Meeting of Musicians

A permanent organization of a symphony orchestra of Wichita Falls musicians will be effected this afternoon at 2 o'clock at the Harrison-Everton Music store by those interested in the movement, a temporary organization having resulted from a meeting held last week at the Wichita Theatre. The first rehearsal will also be held at the meeting this afternoon. The purpose of the organization is to give free Sunday afternoon concerts and other programs as they see best from time to time. There are 38 musicians who have signified their intention of becoming members of the organization. The names follow: Messrs. E. Katz, Louis Cohen, Madry, Scully, Woodside, Stonedipher, Bauch, Krebs, Towns, F. Mallord Sr., Chas. J. Templeton, Emmett, Charlie Cook, Paul Rutledge, Paul Pond, Thoraburg, J. Clonms, Everton, Harrison, F. Mallord, Fonville, Willard, M. H. Benson, S. C. Taylor, B. P. Boyer, J. L. Iseninger, W. E. Robertson, Saul Lebonson, C. Crites, A. B. Crites, Mrs. C. J. Templeton, Mrs. Lee Clark, Mrs. T. B. Greenwood, Misses Frances Urban, Katherine Jarvis and Ha Cook.

**NEW ENGLISH TEACHER AT AUSTIN SCHOOL APPOINTED**

Miss Nan G. Edmiston has resigned as special English teacher in the Austin school to accept a position at Dallas. Her place will be taken by Miss Louise Schford of Chattanooga, Tenn., her wife of acceptance being received Saturday night by Prof. Lee Clark, superintendent of city schools.

**ALAMO HOME AND SCHOOL CLUB MEETS FRIDAY**

The Home and School Club of the Alamo school held an interesting meeting Friday afternoon, planning for the coming year's work. There were several new members taken in at the business session and then a program was furnished by the school children. A piano number was given by Ena Everton and readings by Lella Mary Robertson, Ena Everton and Flora Bruce Greenwood. There were about 20 members present.

**LIFE OF ESTHER TO BE SHOWN IN CHURCH MOVIE**

The motion picture to be shown tonight at the M. E. Church, South will be "The Life of Esther," a pleasing picture made up from incidents in the life of the beautiful queen of Bible times.

**THE PHENOMINAL** business we are enjoying since opening our new store, far surpasses our expectation. There is a reason for the crowds that daily throng our aisles—Bright, new, crisp, Fall Merchandise in every department and at a price that only Perkins-Timberlake Company can offer it. We were not strangers when we opened our doors to you. Operating 25 stores in Texas and Oklahoma, puts our name into the minds of thousands and thousands of people who look upon Perkins-Timberlake Company as real Price Makers.

MUTUAL COMEDY PRODUCTION AT THE MAJESTIC MONDAY

"A Million For Mary" is the unique title of the more than unique comedy which is to show Monday at the Majestic. It is a Mutual film and stars William Kolb, Max Dill, King Clark and Mary Cloy. The two older comedians portend the parts of Mike and Louis a hot dog vendor and a sandwich man respectively who adopt a small dog and by circumstances have the guardianship of Mary through upon them. They also have thrust

upon them a dog store which does not pay and their efforts to make a fortune are numerous rather than pitiable. Mary grows up and her lover comes after her, but her guardians demand that he get "a million for Mary." Hence the name of the story and the ensuing comedy in his search for the million. Mr. Hughes says credit should be given where it is deserved. There is no argument here, except that the country is so prosperous no one is looking for credit.—Brooklyn Eagle.

NEW HIGHWAY TO REACH OIL TOWNS

ASSOCIATION IS FORMED AT MEETING IN THIS CITY FRIDAY NIGHT

CORPUS TO CHICAGO

Direct Route From San Antonio to This City Reached Many West Texas Points

A new highway association was organized at a meeting of local motorists and representatives from points along the route at the Chamber of Commerce rooms Friday night. The name of the new association will be the Midcontinent Oil and Gulf Trail and will start from Corpus Christi to San Antonio, thence to Wichita Falls via Brady, Baird, Throckmorton, Coleman, Woodson, Archer City and intermediate points. From Wichita Falls the highway will cross Red River at Byers and join the Meridian highway, continuing over this route to Chicago. Later another route may be logged all the way to Chicago, but at present the Meridian road will be followed north. A first it was planned to take the Meridian road at Wichita Falls, but on invitation of George W. Byers of Byers the route was changed to include that point. The road was promoted by Rev. Thomas P. Grant of Brady, a minister at that place and an enthusiastic promoter of the plan.

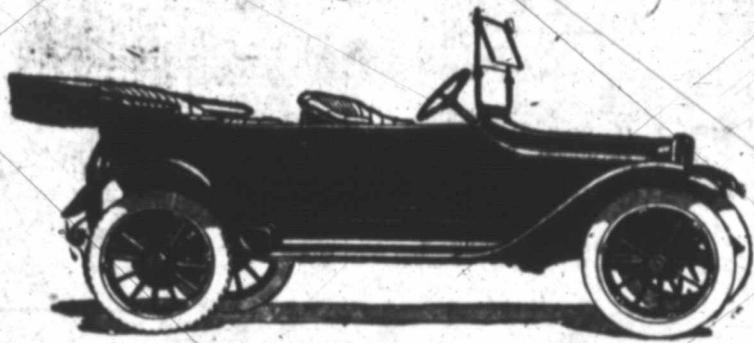

Hon. J. A. King of Albany, county judge of Shackelford county was chosen president of the association. C. W. Reid of this city was chosen vice president for Wichita county. R. L. Russell, an attorney of Baird, was elected secretary. The mark will be red with a flanking of black stripes for Gurus. A well come address by Myles O'Reilly of this city was responded to by Rev. Mr. Grant. Talks also were made by D. P. Talley of this city and J. E. Boog-Scott of Coleman. Among the out of town representatives present were: Rev. T. P. Grant, Brady minister; J. E. Boog-Scott, Coleman cattleman; R. L. Russell, Baird attorney; J. A. King of Albany, county judge of Shackelford county; D. C. Dier Albany stockman and farmer; O. J. Wood, Woodson banker; W. D. Howsley, Throckmorton hardware merchant; W. R. King, Throckmorton banker; W. P. Reynolds, Olney real estate man; Melugin of Archer City, county judge Archer county; W. H. Daugherty, editor Archer City Dispatch; W. E. Forney, Archer City attorney; Geo. W. Byers of Byers. Local men present were D. P. Talley, A. R. Cotton, Myles O'Reilly, Marvin Smith, A. B. Huff, P. P. S. Reynolds, John W. Thomas, W. P. Rascoe and W. W. Goodwin.

DODGE BROTHERS MOTOR CAR

A definite feeling of confidence in the name—Dodge Brothers—existing almost everywhere, is the very strongest assurance you could have that the car will always conform to the highest possible standards.

It will pay you to visit us and examine this car

The gasoline consumption is unusually low. The tire mileage is unusually high. The price of the Touring Car or Roadster complete is \$850, Wichita Falls, Texas.

Wichita Mutual Aid Association

CALLS NOS. 15 AND 16

Wichita Falls, Texas, Aug. 15, 1916. You are hereby notified of the death of Sidney McConkey, one of our members, and his wife has been paid \$1,000 out of the accumulated surplus. Also S. B. Keeter, who held Policy No. 1431, died following a short attack of acute indigestion. He lived at Byers. We also regret to have to notify you of the death of Mrs. J. H. Osborn, who held Policy No. 31. Mrs. Osborn was one of our first members, and she died at the Hospital after a brief illness. (Each member is assessed \$2.00 only.) We have paid the beneficiaries of our deceased members \$22,000 in past four years, \$4,000 of this amount having been paid out of accumulated surplus. This money has been a great help to those whom we have paid, and we feel proud to have been able to help them at a time when they needed help most. Who knows who will be next to answer these summons? Remember your duty and keep this protection in force by sending this Assessment by Oct. 23rd. Don't forget the date, Oct. 23rd, under penalty of suspension. Do it Now! Send to First National Bank, or direct to Secretary, N. N. DURRETT.

The man with money put some of his earnings in the Bank when he was young. He is enjoying it now.

Don't be working hard until your dying day without any money in the Bank. START IT NOW.

It is a comfortable feeling to know that you have money in the bank, so that when your hair is white and your steps grow slower you can enjoy the fruits of your early saving.

The time to bank and save your money is when you are MAKING money. Your earning power will not last forever. Now is the time to cut out extravagances of all kinds and bank every dollar you can.

Put YOUR money in OUR bank. We pay 4 per cent interest.

NATIONAL BANK OF COMMERCE WICHITA FALLS, TEXAS

TRUSTEES URGE TAX AMENDMENT

COUNTY SCHOOL BOARD ENDORS STATE MEASURE TO BE SUBMITTED

MEETING SATURDAY

Previous Action in Appointing C. C. Shelton Attendance Officer is Confirmed

A meeting of the county school board was held yesterday afternoon in the office of the county superintendent the following members being present: County Superintendent R. M. Johnson, E. A. Dale of Electric, George A. Nowener, Willis of Wichita Falls; Lee Prescott, Wichita Falls; L. C. Denny being the only member absent.

The recent order formally invoking the compulsory attendance law was adopted as provided by law and the selection of C. C. Shelton as enforcement officer was confirmed. Although this action had been previously taken, it was necessary to comply with the statute, that the county board confirm the action at a regular meeting.

The board unanimously endorsed the proposed amendment to be submitted to the voters at the general election, on November 7, providing that the legislature may enact a law permitting common and independent school districts to levy a local school tax not to exceed one dollar on the one hundred dollars of assessed property valuation by a majority vote of the qualified property tax paying voters of the district, and also permitting counties to levy a county school tax of fifty cents on the one hundred dollars valuation of assessed property valuation to supplement the county school funds, if a majority of the qualified property tax paying voters of the county desire to do so.

It is explained by those interested in the passage of the measure that the adoption of this amendment does not impose a tax upon anyone, but simply removes the constitutional handicap which forbids many localities having efficient schools, and allows the people of school districts and counties where they desire to do so to provide adequate financial support from their own funds for the proper maintenance of their own schools.

All members of the county board present yesterday expressed themselves as anxious that the amendment be adopted and they will use their best efforts to obtain a favorable vote in this county.

VERNON PLANS TO PAY RETURN VISIT

Special Train Will Stop Here October 19 on Way to Dallas Fair

An invasion in force from 700 Vernonites who expect to take charge of Wichita Falls on the morning of October 19 between the hours of 8 and in the morning is being planned in

Mitchell SIX 26 EXTRA FEATURES 127-INCH WHEELBASE 20% EXTRA VALUE \$1325 F. O. B. RACINE For Standard Models JOHN W. BATE'S LAST WORD IN EFFICIENCY

Special Show Cars

Enclosed and Convertible—Only 500 Built Ladies Especially Invited

We have to show you some new luxury cars. Models designed by leading experts and artists for exhibit at next year's Shows. Only 500 will be built, and we get but a few of these. But we invite you all to see them—ladies in particular. They show the result of a world-wide search for luxury-car attractions.

John W. Bate's New Move

Five months ago, when the latest Mitchell appeared, John W. Bate said, "My work is done."

He had built and equipped this factory—the model motor car plant of America for building a high-grade car.

By efficiency methods, of which he is master, he had cut our factory cost in two. The result is greater value—by at least 20 per cent—than was ever before in a fine car.

He had built 17 Mitchell models, each better than before. He had worked out in this way over 700 improvements.

He had studied each part, to attain utter perfection. He had given each part at least 50 per cent over-strength.

He had made 440 parts of toughened steel. And all the parts which meet major strains he made of Chrome-Vanadium.

He had attained a lifetime car. Seven of these Mitchells have already averaged 175,000 miles apiece—over 30 years of ordinary service.

So his work was done on the Mitchell chassis. But he since has applied that same genius for efficiency to creating new luxury bodies.

Those bodies are now on show.

First, a World Search

His first step was to learn all that the world had done. He had experts examine 257 models—all the latest creations of master-designers, both in Europe and America.

Every new idea was noted. Every touch which added beauty, luxury or comfort. And all were combined in these new Mitchell models. Then our designers added what they could.

In these Mitchell luxury models you will find dozens of attractions which no other car has. You will find quite a number which no other car yet embodies.

MITCHELL MODELS

Table listing Mitchell models and prices: 3-passenger Roadster, \$1325; 5-passenger Touring Car, \$1325; 7-passenger Touring Car, \$1360; 4-passenger Cabriolet, \$1775; 4-passenger Coupe, \$1850; 7-passenger Springfield Sedan, \$1985; 7-passenger Limousine, \$2650.

Built for 1917 Shows

These models were built in particular for the 1917 Shows. They are designed to add new lustre to the Mitchell name. What the Mitchell stands for in efficiency, it will stand for hereafter in class.

But the factory has built just 500 of these models in various types. They are distributed all over America—a few to each big Mitchell dealer.

So in every large city a few of these Show models will this winter advertise Mitchells.

Come let us show you these luxury models before our share is sold.

Year-Round Types

There are three types for all seasons—the types which have vast popularity.

One is the Springfield Type Sedan. A 7-passenger closed car, equipped like a Limousine. But the plate glass sides disappear in a moment, and you have an open Touring Car.

Another All-Weather car is the Mitchell Cabriolet. This is a Coupe which in a moment changes to a Roadster. Another is the Mitchell Demountable Top, which goes on our Touring Car.

Our masterpiece models are the Limousine and Coupe. Each is a study in motor car luxury.

20% Extra Value in All

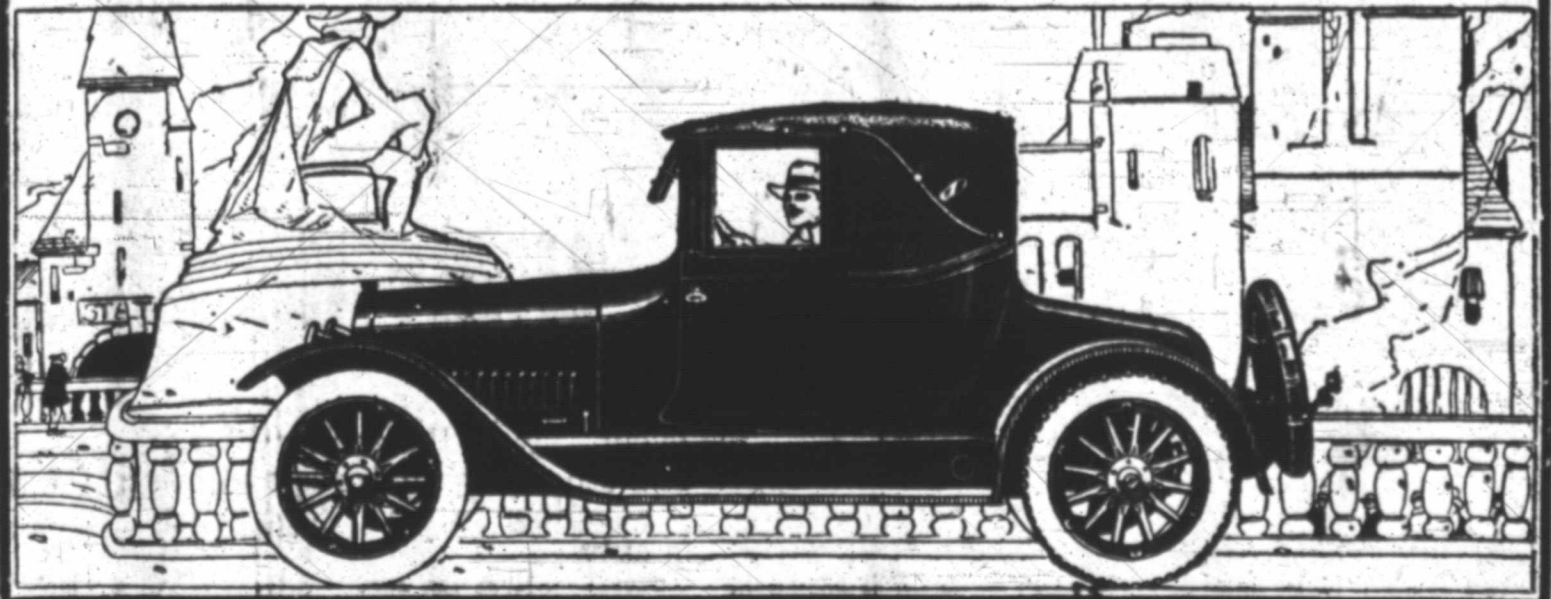

In all Mitchell models—open and closed—you will find 20 per cent extra value at least. Even our open cars have 26 features which other cars omit.

You will find strength and qualities such as never before appeared in a car at this price.

Those extras are due to John W. Bate. They are paid for by factory savings. When you know what they are, and see what they mean, you will not buy a car without them.

Come and see this unusual exhibit. MITCHELL MOTORS COMPANY, Inc. Racine, Wis., U. S. A.

Phone 1813 CHENAULT & WHEAT 807 Scott Ave.

The latter city. The visit will be made on the day before the Veronites plan to visit the Dallas Fair, October 20, being Vernon day and the Vernon party going down the day before in order to get the full benefit of the day. No one will be in the presence of the Vernon forces if advised to the effect that they will be accompanied by three brass bands prove to be correct. The visit is a return visit in appreciation of the visit to the Willbarger county fair, declare those of Vernon. After leaving Wichita Falls the Vernon special will make stops at Bowie, Decatur and Fort Worth.

them. Out of ten applicants sent in by the Dallas office only one was accepted, while out of three sent from Wichita Falls two were accepted. Texans and Oklahoma City also had two recruits accepted, while the rest, Waco, Fort Worth, Denison, Muskogee, Fort Smith, Abilene and Tyler either were credited with only one or in the case of the last two none. Five men were secured here last week. Jesse Jamison, Trinidad, Colo.; Bentley Carroll, Grandfield, Okla.; W. Miller, Electric, Rayol Hopkins, Henrietta and Russell Lee Day, Electric. All apprentice men, was the roster of recruits here last week.

\$23,500 INVOLVED IN BUSINESS DEAL

Part of Hearne Hotel Indiana Avenue Building Figure in Trade O. F. Marchman has traded 25 by 100 feet off the east end of the Hearne hotel building (occupied on the ground floor by the Union Bar

to John Hager for the building occupied by the Indiana Bar on Indiana avenue adjoining the Marion Hotel and Mr. Hager's residence property at 1102 Lamar. The properties on each side in this deal are valued at \$23,500.

NEW YORK BAKERS MARK WEIGHTS ON LOAVES New York, Oct. 7.—Nearly 300 bakers here today began marking the weight on every loaf of bread sold. The commissioner of weights and measures made a ruling to this effect under authority of a state law but hitherto has refrained from prosecuting violators.

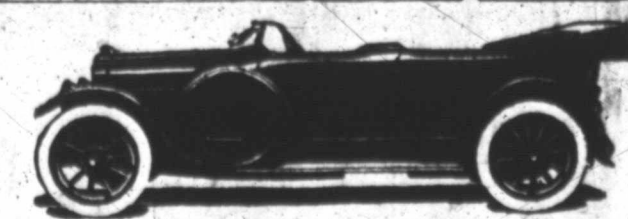

LOCAL RECRUITING OFFICES RANK HIGH

Both Army and Navy Stations Secure Goodly Number During Past Week

The Wichita Falls army recruiting station again stood second in the Dallas district last month, being outranked by Dallas only. Dallas had 17, Wichita Falls comes next with 10. Denison had 8, Waco 5, Fort Worth 4 and Marshall 2. One of the Dallas recruits failed to report, as did one from Wichita Falls, while three of the Denison recruits were turned down at the recruit depot.

Last week the station secured only two recruits. They were James K. Brinn of Turnersville, Texas and Homer B. Berry of Frederick, Okla., both assigned to the coast artillery corps. Amos A. Danks of Dublin, was also enlisted, but has not yet been sent on to the depot. The weekly report of the Dallas naval recruiting district shows the local station standing as high as any in the district and ahead of most of

White Custom Built

The White Car can never become commonplace. It is too expensively built. And the grace of its custom design is too delicate to admit of successful imitation.

The opportunity is afforded each owner to express his individual taste in upholstery and finish.

The "4-30" is quite a popular model and I will be pleased to show it to those who are interested.

The dairies have as yet had no grades given them but will probably be ready for grading shortly, the new ordinance having gone into effect and a number of the dairymen having new buildings or improvements on their old ones under way. PLANS ARE DRAWN FOR 250 MILE RUSSIAN CANAL. London, Oct. 7.—American engineers have drawn up details of a plan to dig a canal from the Arctic Ocean through Russia and Finland to the Gulf of Bosnia according to a Stockholm dispatch to the Morning Post. The dispatch says the project is strongly supported in Russia. The estimated cost would be 300,000,000 rubles. The total distance would be about 250 miles.

COVERT'S MOTHER TO REACH HERE TODAY

Will Claim Body of Her Son. Mrs. Covert Has Not Yet Given \$10,000 Bond

Announcement was made yesterday that the body of R. H. Covert, who died from gun shot wounds, alleged to have been inflicted by his wife, is being held pending the arrival of his mother from Franklin, Pa., a telegram having been received that she would reach the city today. Arrangements for the care of the body and for the burial have been made by oil workers who were acquaintances of the deceased. Sheriff Hawkins yesterday accompanied Mrs. Covert at her request, to see the remains of her husband. Mrs. Covert has not yet furnished the \$10,000 bond fixed in her case. As Japan is to force the expatriation issue after the war, we may confidently look for trouble about 1957.—Washington Post.

MORE OUTSIDERS FOR MOTOR CLUB

Effort Will Be Made To Interest Them at This Week's Luncheon

An effort to interest outsiders will be the effort made at Tuesday's luncheon of the Automobile Club. The out-of-town directors of the club will be in attendance, and in addition to that a good many of those who are not members will be invited. These invitations have been issued both in Wichita Falls and over the county at large. The directors of the club from other places than this city are: J. F. Boyd, Iowa Park; E. A. Dale, Electric; E. W. Marriott, Electric; J. J. Staley, Burkburnett, and R. E. Shepherd, Burkburnett. A \$10 bumper contributed by the Western Auto Supply Company will be drawn for as a premium and a \$5 gold piece will be given as a prize to the member who has secured the most members during the past week. C. W. Reid, president of the club,

who was out of the city at the time of the first luncheon will preside at the Tuesday luncheon. B. F. Johnson, secretary of the Chamber of Commerce says that he has some new ideas in the way of protection against thieves and other troubles of the motorist which he picked up at the meeting of the Meridian Highway Association at Wichita, Kansas, from which he has just returned. L. R. Franklin, a prominent business man of Dallas, who was one of the orators of the day at the Meridian Highway convention has accepted an invitation extended to him on behalf of the club by B. F. Johnson to be present and speak at the luncheon this week. Automobile Registrations. 2475—J. C. Walker, Dodge. 2476—H. B. Jones, Buick. 2477—J. N. Coffield, Reo. 2478—J. R. Bradshaw, Reo. 2479—B. V. ADVERTISING MEN MEET WEDNESDAY

Organization if Formed is To Be Adjunct of Merchants' Association

The idea that the advertising club will be formed on, in case one is formed, will not be for a separate organization, but a kind of organization within an organization, as it will be maintained as one of the component parts of the Retail Merchants' Association, says John W. Thomas, secretary of the Retail Merchants. Heretofore what attention has been paid to advertising matters has been done through the Retail Merchants' Association, and the problems of the advertisers have possibly been to some extent neglected. By organizing a somewhat more compact section for the advertising men, as is the plan of those backing the ad club, these conditions will be remedied. The meeting to perfect the plans of the club will be held in the Chamber of Commerce rooms at 7:30 next Wednesday night.

WE ARE COMPLETE HOUSE FURNISHERS

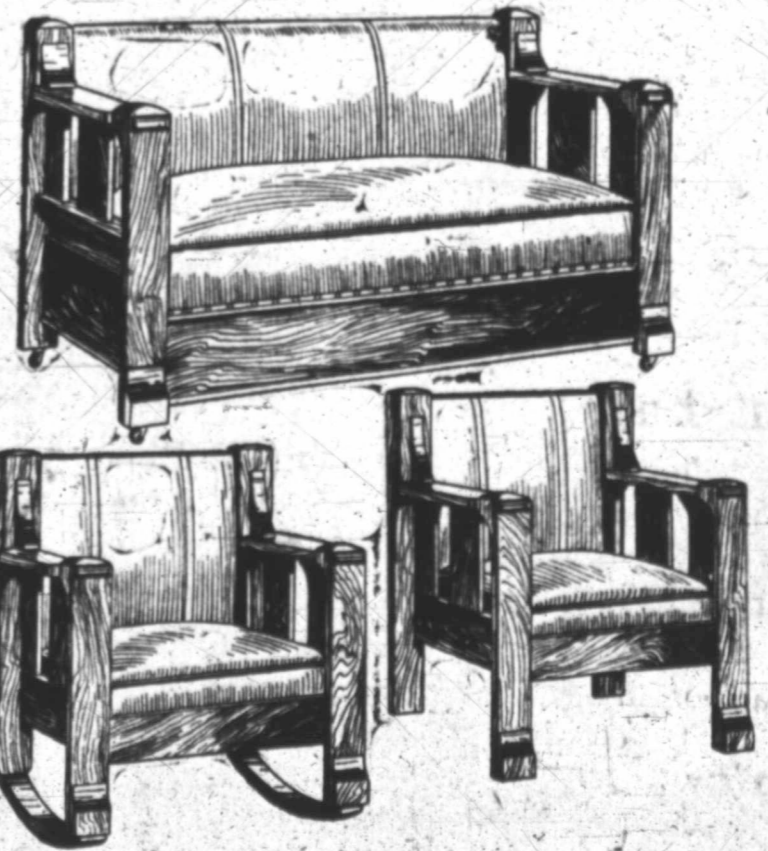

A New Hoosier

Is out. Note the sanitary base and other new features and labor saving devices. The price is only \$29.00. Call and let us demonstrate this new model. It will save you miles of steps and hours of worry. See the cabinet and be convinced that the Hoosier is superior to any cabinet on the market.

## HOPE FOR RESULTS AT A. & M. MEETING

Final Action To Be Taken at Session  
in December—Johnson Returns

The meeting of the West Texas A. & M. Association which is scheduled to be held here sometime in December will be the final grand rally of those who are supporting the movement before the meeting of the next legislature, says Secretary B. F. Johnson of the Chamber of Commerce who attended the recent meeting in Fort Worth and secured the next meeting for Wichita Falls. For the reason that this was the last meeting there was some little objection to meeting in Wichita Falls and Mr.

Johnson had quite a little scrap on his hands. The argument that finally landed the convention was that in meeting at this place the association would be able to interest adjacent sections who are east of the line. A committee of five has been appointed to draft a bill to be presented to the legislature providing for the school and this will be submitted for the approval of the association at the meeting here.

All the members of the legislature whose districts lie west of the 98th meridian have signified an intention of being present at the Wichita Falls meeting. A number of legislators whose districts are east of the line, but who have shown interest in the proposal are also expected to be in attendance. Quite a large number of legislators whose districts lie within the territory and some who are east of the line were in attendance on the Fort Worth meeting and expressed an intention of supporting the bill. The one thing that helped most to land the Meridian Highway meeting,

with the possible exception of the fact that the Colorado to Gulf Highway would be meeting near at the same time, was a large picture of Lake Wichita which was suspended from the presiding officer's rostrum and where every one in attendance could not help seeing it, says Mr. Johnson.

For the Wichita, Kansas meeting the delegates from the northern end of the route met at some point north of Wichita and came down together in their cars. There were about 250 present, from all points from Winthrop to San Antonio. They are planning to arrange some meeting place in the north at the time of the next meeting in Wichita Falls and come down together in their cars as they did this time, but their intention this time is to come prepared to camp for the whole week on the shore of Lake Wichita.

## FOR INSURANCE RATE REDUCTION

CHIEF McCURE TO SUBMIT RECOMMENDATION THAT WILL LOWER RATES

## NEW BUILDING CODE

Employment of Inspector Would Bring Good Reduction Other Improvements Possible

The adoption of the state fire insurance commission's model building code and the consequent reduction of the key rate of the city from the present 27 cent level to 22 cents, and the consequent saving of \$6,956 per annum to the insurance payers of the city, is a proposal that Chief McCure expects to submit to the council at an early meeting. The figure of the saving to the insurance payers is based on the premiums paid two years ago, and as the premiums paid on insurance from Wichita Falls show total more than that, the saving will be more than the figures quoted. The only expense connected with the enforcement of the code will be the salary of a competent building inspector, and as he will in all probability put in only a part of his time the expense will be less. The provisions of the building code will not affect buildings existing at present, but buildings which have to be repaired will have to comply with the ordinance. Any building which has been damaged by fire to an extent of 50 per cent or more of its value will have to comply with the provisions of the code before a building permit be built or repaired a permit to do so must be issued by the building inspector. The chief requirements of the building code will be 12 inch brick separating walls in the business district and non-combustible roofs in the residence district.

Another matter that Chief McCure hopes to have in shape for presentation to the council soon will be the matter of requiring water meters for 75 per cent of the consumers, which will mean an additional reduction of one cent on the key rate, and a consequent saving of \$1,734 per annum. The chief had intended to bring this up before the council before, but the press of other business has so far prevented it. At present about 65 per cent of the consumers of the water company have meters and according to the figures of a local engineer the requirement for 75 per cent of the consumers will cost the water and light company but \$1,196.

Among the other things which the chief and the council plan to do is to put on four more paid firemen and make the department a real paid department, according to the standard of the state fire insurance commission, which requires ten paid men. However the funds of the city will not right now allow of this improvement. The firemen more paid men would cost the city \$2400 the first year, and less than \$2,000 thereafter. The commission would allow a reduction of three cents additional on the key rate, and it would mean a saving of more than \$5,000 per year on the basis of the insurance paid two years ago, and would increase as the premium payments of the city would increase.

The only real expensive thing for the city which is in the plans for reduction of the key rate, would be the installation of an electric fire alarm system, which is so important in the estimation of the experts of the state commission that they allow a five cent reduction in the key rate. The cost of the alarm system would be about \$15,000. Presently the chief hopes the city will be in a position to install one in a year or two, either with money spared from the city treasury or a bond issue. The savings in insurance will be something over \$8,600 per year and this amount will increase as the insurance payments increase through rising values of property.

The last improvement planned for by the chief would be a chief's car, which would cost about \$1,900 and would get the city a further reduction of one cent on the key rate, or a saving in insurance of \$1,734 per annum. A chief's car is a light car, able to make high speed, carrying two men and equipped with chemical tanks. It is always the first piece of apparatus out for a fire and on account of its high speed arrives at a fire in many instances in time to extinguish the blaze before it makes any material headway. Its chemical capacity is the same as that of the tanks on the hook and ladder truck in use by the city at the present time.

This is the third year that Mr. McCure has been the chief, his going into office being at the same time that the city made the decision to gradually abandon the volunteer for the professional department. Since he has gone into office the key rate has been reduced from 22 cents to the present figure of 27 cents.

## BIG SUM TRANSFERRED TO LONDON FROM NEW YORK

By Associated Press.  
New York, Oct. 7.—Between \$75,000,000 and \$100,000,000 in banking funds, bankers here estimated, has been transferred from New York to London this week and the movement is still under way. Call money was loaned in New York yesterday at as low as two per cent.

## FARMERS' UNION OF THIS COUNTY MEETS

Eighteen Locals Represented at Interesting Session To Convene Monthly

The quarterly meeting of the Wichita County Farmer's Union was held in this city yesterday with an attendance of eighteen delegates representing that number of locals in the county, with several visitors from the city and from other members. The meeting is reported to have been a very enthusiastic one and it was decided that for the remainder of the year the meetings will be held monthly instead of quarterly as heretofore.

Among other encouraging features of the meeting was the report of a new local from the Dale ranch community with eight members and the report of four new members in the local in the Charlie community.

Presiding over the meeting yesterday was Howard Garner of Chaney, the president of the county union, who expressed himself as being very much encouraged over the progress that had been made in the work in the county. He spoke enthusiastically of the outlook for the future and of the results that had been accomplished in bettering the condition of the farmer, not only in this county, but throughout this section of the state. He urged a continuation of the splendid efforts that had been put forth and for a continuation of

the hearty cooperation that had been manifested in the past. Garner called attention to the fact that the education of a child must be acquired by degrees and in making the comparison he reminded those present that a like rule would apply to the farmer at the same time giving it as his opinion that they were progressing very rapidly along the various lines involved in the success of agricultural pursuits.

In the discussion that developed during the progress of the meeting the fact was brought out that the Wichita County Union had developed a great influence in promoting the prices obtained for farm produce, not only in this county but throughout the Wichita Valley district, and attention was called to the notable difference in the price of produce now and that obtained a few years ago. It was also suggested and very gratifying to those in attendance that the history of the Farmer's Union in this state, as well as in other sections of the country, had shown a very potent factor in price making a fact that was now generally recognized throughout the United States.

The meeting yesterday was one of the most enthusiastic that has been held in some time and it is expected that the next meeting, which will be held a month from this time, will develop even a greater amount of interest than has been shown heretofore.

## DUSTIN FARNUM AT THE EMPRESS WEDNESDAY

Dustin Farnum goes through more perils and performs more daring feats in "Dustin Farnum" than in any of his previous Palla-Faramount photoplays.

## SAM ASHMORE NOW AUTOMOBILE AGENT

Will Have Charge of Dori and Reo Cars in This County Hereafter

A. R. Cotton of the Cotton Car Co. has transferred the agency for the Dori and Reo cars in Wichita county to the Ashmore Motor Sales Company, who will hereafter have charge of the distribution of these cars in this county. At the head of the new firm is Sam J. Ashmore, the well known and very popular railroad conductor and his acquaintance and ability is a sufficient guarantee that he will make a success of the business. The new firm will maintain an office and show rooms in the new Masonic Temple at the corner of Tenth and Scott.

Mr. Cotton will continue to represent the Dori in six other counties in this section of the state and will also have the distribution of the Dori in seven counties adjacent to Wichita.

A few of these facts are riding an uncooperable horse, a rescue through flames, holding a door against the assault of a pack of real wolves with only his fist as a bar against the attack and a number of other stunts. These are but some of the tasks that this heroic Palla star performs in this very interesting screen romance coming to the Empress Theatre Wednesday.

Here Are Values for You!

Thirty-Five Ladies Suits Bought Last Fall

Many of them are not noticeably different in style to this seasons suits. Materials are broadcloth, serges, gaberdines and poplins, trimmed with fur, braids, and buttons. The skirts are cut full.

You can buy them for less than half the price of this season's suits and you will be surprised in how good they look. We could sell them for new BUT WE WON'T.

- One lot Suits, values from \$12.50 to \$25.00 at ..... \$10.00
  - One lot Suits, values from \$25.00 to \$32.50 at ..... \$15.00
  - One lot Suits, values from \$32.50 to \$42.50 at ..... \$20.00

### At The Churches

**M. E. Church, South.**  
Sunday is our annual Rally Day in the Sunday school. We are anxious to have 1,000 present. We ask every member and friend of our church to be on hand. A prize is offered for the one bringing the most new people, one for the largest class, one for the largest family present, one for the member coming the longest distance and also one for the youngest child. We want this to be the greatest day in the history of our school and we ask for the earnest cooperation of all of our people. We will give beautiful moving picture beginning promptly at 9:15. The pastor will preach both hours. League services at 8:45. Our young people have a contest on hand and are having fine services. Prayer meeting on Wednesday night. Last week's record was most encouraging there being 474 at Sunday school and 81 at prayer meeting. Remember that we always have a hearty welcome for everybody. Moving pictures Sunday night.  
A. L. ANDREWS, Pastor.

**First Presbyterian Church.**  
The pastor will preach morning and evening. The subject for the morning sermon will be "Prepare for the Night." "Faith." There will be special music at both hours. Mr. Machlin will sing at the evening service. A beautiful setting by Samuel Liddle. The revival hymn books will be used for congregational singing. On Monday night at 8:30 we will have the first anniversary congregational meeting. It is to be an indoor picnic. Everybody is expected to bring something. The Aid Society will serve. The roll of the congregation will be called and every member is expected to answer to his name. A general good time will be had. The pastors and people of all the churches of Wichita Falls are invited to cooperate with us in our revival beginning next Sunday. We guarantee that our evangelists will leave a good taste in your mouth.  
N. F. GRAPTON, Pastor.

**Church of the Good Shepherd.**  
Holy Communion at 7:30. Sunday school at 9:30. Morning prayer at 11. Evening prayer at 7:45. We invite you to attend the services of this church. Our Sunday school is not large but it is doing good work. Let us help train your children in Christian principles. The choir under the direction of Mr. Kriebel is one of the best in the city. We will be glad to welcome you on Sunday.  
FRED T. DATSON, Rector.

**Christian Church.**  
Bible school at 9:30. Prayer circle at 9:15. Morning sermon by the pastor at 10:40. This will be the second address on "Christ's Sermon on the Mount." Dr. J. W. Lowber who has been lecturing to large audiences will give this lecture on "The Christ of History" Sunday night at 7:30. Don't fail to hear him. Endeavors meet in three sections at 6:30. A friend from out of the city sent the pastor a round trip ticket to Kansas City. This will make it possible for him to attend the national convention in Des Moines, Iowa, beginning October 9. It is hoped others will attend. Dr. Lowber has volunteered to remain and fill the pulpit for the pastor on October 15.  
F. F. WALTERS, Pastor.

**First Baptist Church.**  
Sunday school at 9:30. The new officers and teachers were all present Sunday morning and started the work off right. It is hoped that each pupil will be in place Sunday on time. Preaching morning and evening at the usual hours. Alliance Monday at 3. The president is anxious to see every member present. Prayer meeting Wednesday at 7:30. Walnut Street Mission Sunday school at 9:30 and prayer meeting Thursday evening at 7:30. Be present Sunday and get in line for the Sunday school work by R. M. Entminger of Fort Worth, the greatest Sunday school man in the state today. He has made one of the largest and best schools in the state. He will tell us now to do it. A. Jenkins of Abilene, will be here October 23rd to help us in a revival; he will bring his assistant with him to lead the singing. The next month has great things in store for us. There were six additions to the church last Sunday. Baptizing next Sunday evening.  
ROSCOE C. MILLER, Pastor.

**Lutheran Trinity Church.**  
Sunday school and Bible school at 9:30 a. m.  
Divine services at 10:30 a. m. in the absence of the pastor, these services will be led by Messrs. H. P. Brodthauer and J. Klein, respectively. The church choir will meet for practice in the afternoon. Wednesday evening at 8 o'clock the male quartette will meet in the parsonage. On the 15th inst. we will celebrate our annual mission feast. Rev. J. Gemmelich of Besse, Okla., will assist in these services. Everybody is invited to worship with us.  
A. J. BRACHER, Pastor.

**First Methodist-Episcopal Church.**  
Corner 7th and Broadway.  
Sunday school at 9:45. Preaching at 11 a. m. and 7:30 p. m.  
A hearty greeting awaits you at all of these services. The pastor will preach on the following subjects: Morning sermon, "Unseen Helpers." Evening sermon, "The Fall of a Pagan Politician." Are you a stranger in the city staying over the Sabbath you will find this church a very convenient place to worship being in the down town section and a very cordial welcome.  
A. D. RICE, Pastor.

**First Evangelical Church.**  
15th and Broad.  
Supt. H. G. Karrenbrock.  
Sunday school 9:45 a. m. Worship, the subject being "Cleaning the Temple." 7:15 a. m. Y. P. A. John Saerleader. 8:30 a. m. subject being "Love Analyzed." The Pastor will be in the pulpit both morning and evening.  
7:30 Wednesday, Teachers Training Class followed by prayer service at 8.  
GEO. E. ALSTADT, Pastor.

# The Triumphant March

## A NEW CREATION OF SCIENCE AND NATURE

WHEN we announced Bevo recently, our hopes were high. We knew that we had the most unusual soft drink that had ever been offered: A beverage combining the nutritive extracts of wholesome cereals, the zest of Saazer Hops, a flavor all its own, and absolute purity. We knew this because, true to our own ideals, we had experimented for years before we were satisfied to say, "We offer you Bevo—it is a different soft drink—it is good and it is good for you."

High as were our hopes for its reception, we have realized them far and beyond our expectations.

Bevo today is an established popular success. Everywhere the same question is asked:—"Have you tried Bevo?"

Now, one final word. We promise you that, in accord with the known principles of Anheuser-Busch and all its products, Bevo not only will forever maintain its present high standard of quality, but as time goes on our great endeavor shall be to make this soft drink even more perfect in every detail of its goodness.

You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars and other places where refreshing beverages are sold.

Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox.

### POLL TAX PAYING NOT YET POPULAR

Importance of Getting Receipts Early is Emphasized Hope to Break Record

The county tax collector's office reports quite an additional number of poll tax payments during the past few days, but as is usual in October, there has been no great rush for these little voting certificates. It is expected that early payments will be more frequent, however, this fall, especially from the rural precincts, as a result of the early crop and the attendant prosperity of the people generally. Some, of course, will wait until the last few days and the office is due for the usual crowd rush during the closing hours.

The members of the collector's office force are very desirous that payments be made early this year and will do everything possible to promote the practice, which, it is explained, will be to the interest of the public as well as the office. It is hoped to make the totals each month far exceed that of the corresponding month last year.

millers say flour continues its steady rise. Special brands were quoted at \$3.10 a barrel wholesale. If the wheat advance continues flour prices will have to keep the pace.

Canadian wheat are pointed out as factors in the present high price. It was stated at the Board of Trade that the Northwest has practically no wheat of seed quality, and that good seed stock is now selling at \$4 to \$5 a bushel.

The importation of Canadian wheat for seed purposes is being seriously discussed, and agricultural experts are canvassing the question of whether the Canadian stock will be found adapted to United States cultivation. Dealers in cash wheat say that the Northwestern farmers are practically all adhering to the decision not to sell wheat at less than \$2 a bushel, while the receipts of grain from other primary shipping points are extremely light. December has reached \$1.25 3/4, as against \$1.00 one year ago. May is \$1.58 1/8, against \$1.07 1/8 a year ago.

### LESS THAN \$700 CONTRIBUTED TO CAMPAIGN FUND

HOPED TO SOON MAKE UP REMAINDER OF \$1,000 WHICH HAS BEEN PLEDGED FROM WICHITA COUNTY DEMOCRATS

### ASK PROMPT ACTION

Charges Will Be of Most Value If Received Early and Many Who are Expected to Give Haven't Yet "Come Across."

If Wichita county contributes the \$1000 to the Woodrow Wilson campaign fund to which the county has been pledged by the local finance committee contributions must come in more rapidly. Less than \$700 has been contributed to date. There are many good democrats and admirers of President Wilson who have not yet made any contributions. Doubtless they intend to do so and the committee urges that they make their contribution at once so that it can be sent forward to the national treasurer and reach him in time to do the most good.

While the committee is still several hundred dollars short of the amount pledged for the Wilson campaign, it is considered remarkable in view of the fact that there has been very little personal solicitation and a large part of the contributions have been voluntary offerings without suggestion by solicitation.

A considerable sum has been turned in to Treasurer Bland for which The Times has been unable to secure the names of the contributors. Those having lists of contributors whose names are not published below are requested to send in these names so that proper acknowledgment can be made. Treasurer Bland yesterday forwarded to the national treasurer the names of all contributors available who may expect soon to receive certificates.

Members of the railroad brotherhoods have responded generously and a large part of the total has been contributed by brotherhood members. S. T. Bennett, a republican who is strong for Wilson, has turned in nearly a hundred dollars in contributions. Sam Ashmore and W. J. Davis and D. Bellis are three other members of the brotherhood subcommittee who have contributed.

**ARCHER IS AHEAD IN COTTON GINNINGS**

Total of 2540 Bales To September 25 Compared With 1730 in This County

Archer county is still ahead of Wichita in cotton ginning this season, according to the report of O. P. Maricle, government crop reporter for Wichita and Archer counties. Up to September 25 Archer county had ginned 2540 bales to 1730 in this county. Usually this county produces considerably more cotton than Archer. At the same date last year only 27 bales had been ginned in this county and in Archer the crop being much later than this season.

*Right now is the best time in the year for outside DECORATING*

If you contemplate painting your home, now is a good time to get at it. There is less wind and dust than at almost any other season, and the work can be done at less cost and to much better satisfaction.

We also wish to call your attention to our stock of wall papers and interior decorations. No doubt you will want the home re-finished before winter. You will find our stock complete with the finest styles of wall papers—Our prices will also be a factor that will be pleasing to the economical buyer.

And, let us mention picture framing. We carry a very complete line of new patterns in picture mouldings and picture frames, as well as art goods of all kinds, and will be glad to have you call and inspect them.

**W. S. ROBERTSON PAINT COMPANY, 813 Ohio Avenue**

**AT THE THEATRES**

**MAURICE COSTELLO AT THE MAJESTIC TUESDAY**

Maurice Costello is the star of "The Man Who Couldn't Beat God" a Vitaphone feature which will appear at the Majestic Tuesday. Martin Henchford is the role taken by Mr. Costello. Martin Henchford was a man of peculiar character. He believed that he could escape from his soul every vestige of the star of murder; that he could destroy in his own mind every memory of the deed he had committed. In short, that he could beat God and the inner consciousness of soul. He had years before, grown up on the spacious Rexford estate, and as the son of Lord Rexford's gardener, had become an employe. Goaded on by the smallness and cruelty of the Lord, and after receiving a stinging blow across the face, he kills him, and so conceals every trace of his deed that he is not even suspected. Later, he goes to New York where he secures work in the construction gang, tunneling under the big river. He takes a prominent part in a daring rescue during a sudden flooding of the excavation, and as he brings out the last drowning man, he does not see in the promise form his fellow-laborer, but instead, a vision of the man he had killed back in England. Thus starts an ever increasing series of visions produced by conscience. Promotion, honor and wealth become his; he marries a beautiful girl, and still he is haunted more and more by those terrifying visions. He is drawn almost irresistibly back to England and there, on the very spot where he had struck Lord Rexford down, Martin is attacked by heart failure and dies.

**MAJESTIC TO STAR FLORENCE TURNER**

Versatility is the chief feature of Florence Turner's acting of the title role, "Doorsteps," second of her series of Mutual Star Productions, shown at the Majestic Wednesday. Called upon to depict the various stages through which an uneducated servant girl must necessarily pass before becoming a successful dramatic star and the wife of a well known playwright, Miss Turner gives a remarkably convincing portrayal, true to life in every detail. Director Larry Trimble has so cleverly interwoven the tragic and the comic, the pathetic and the humorous, in this photoplay, that it leaves the audience in that state of laughter and tears which only a truly great drama can reach down into the heart of the people and call forth. Supporting the screen's greatest emotional star in this five act production are Henry Edwards, as the young playwright who finds his inspiration in an untidy boarding house drudge; Campbell Gilliam, in an exciting character-portrayal of Tozer, the thief; and Malcolm Cherry, in the role of Edmund Wade, staunch friend of Doorsteps and George.

**VAUDEVILLE BILL FOR TUESDAY'S BIG FEATURE**

Seeing is surely believing and those who see the vaudeville bill at the Wichita Theatre next Tuesday night, will believe that Wichita Falls is getting the biggest attractions in vaudeville. Every bill seems better than the other, and this week the general booking agent in New York has gone the limit. Every act announced is a star feature and deserving of headline honors. Helen Lackaye in "Overtones" is the stellar attraction. With her comes a company of well known artists who assist her in this remarkable play. Miss Lackaye is celebrated in the vaudeville world and the fact that this magnificent presentation is offered here, in evidence alone that Supreme Vaudeville is the ideal in Wichita Falls.

Janet Adair is coming with her songs and character music. The girl is the rage in Fort Worth, Dallas, Houston and San Antonio, and the fact that she visits these cities every year, attests to her popularity. As a vocalist she excels. No artist in vaudeville, in a like presentation compares with Janet Adair. She is assisted this season by Miss Adelphi at the piano.

Maurice Burkhardt & Co. will offer a singing novelty called "The Thief," and it is said that the act is brimful of surprises. Ruby Cavello is a comedienne that will delight. She is a dainty bit of femininity and an entertainer of sterling worth. She offers a great topical chorsan novelty. Joyce West and Senna is an act that will please all classes of theatergoers. They offer an all new specialty this season.

LaMaze Trio are knockabout comedians that will make humor while showing many daring feats. James Thompson & Co. present their newest comedy entitled "An Affair of Honor." This act is one of the very best touring the Orpheum-Interstate circuits.

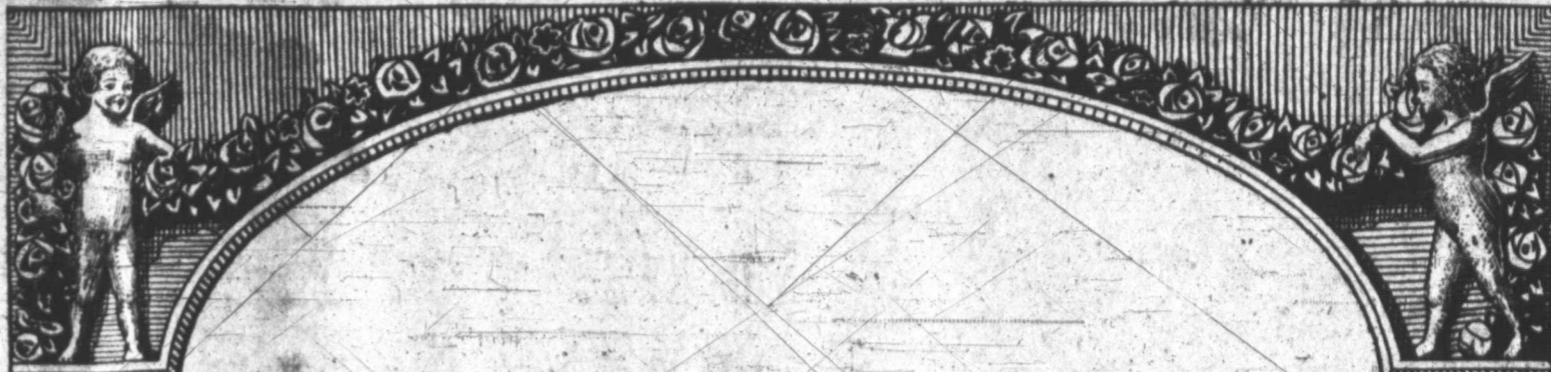

Taken altogether no better bill has ever been sent to Texas, and the management anticipates a capacity attendance.

**AL H. WILSON AND CO. AT THE WICHITA THEATER**  
A rare musical treat is in store for those who will take advantage of the appearance of the great character dialect comedian and singer Al H. Wilson and his talented company announced to appear at The Wichita Theater on October 16.

It promises to be an event in the musical line for this gifted artist will present for the public approval five new songs each of a varied character of his own composition. Their titles being: "My Killarney Rose," "Where the Shamrock Grows," "The Love I Give to You," "Mary Houlhan," and "The Vodel that Stole my Girl Away."

**ANNOUNCEMENT**

The Cotton Car Co., distributors for the Reo and Dort Automobiles in this territory, announces that it has transferred the Wichita Selling Agency to the

**ASHMORE MOTOR SALES CO.**

We shall maintain a combined sales and showroom at the corner of Tenth and Scott, in the new Masonic Temple, displaying all models of these two popular cars. The Cotton Car Co. will retain the distributing business of the Reo throughout six counties and the Dort car in seven counties contiguous to Wichita county, supplying our dealers from this point.

Mr. S. J. Ashmore, well known in this city, is the manager of the Ashmore Motor Sales Co., and will have entire control of the sales in Wichita Falls and Wichita county.

Persons interested in our motor cars are respectfully invited to visit our show room, and inspect these magnificent cars. We believe you will find in them the very acme of motor value, both as to style, dependability and reliability.

Corner Tenth and Scott

Those who recall Mr. Wilson's former musical genius—which number more than half a hundred may well anticipate a delightful evening of enjoyment since, without exception all the songs heretofore rendered by him have proven worthy of the extreme praise with which they have been received. Mr. Wilson's past performances are guarantee of his future achievements—since he still possesses in his marvelous voice all the sympathetic qualities which gained for it the deserved sobriquet of "golden." Mr. Wilson's song-entertainment will be incidental to the presentation by himself and company of a new Irish comedy song play entitled "My Killarney Rose" which unfolds a story covering a romantic period of the Emerald Isle.

Starting near the Lakes of Killarney and winding up in Dublin. The central character is that of a young witty Irishman Tom Carney whose fortune in life advances him from a young rover in his native country to a well-to-do land-owner. One can imagine from this statement that the hero to be acted properly would require an actor of decided versatility in characterizations and it was for this reason that Mr. Wilson selected the part being fitted in a marked degree with the proper talent and temperament to make it a success. The other characters are novel types and the actors have been selected with great care so that the company in support is one of absolute merit. The mounting is both picturesque and sumptuous.
