

BOSTON WINS IN 14TH INNING, 2 TO 1 GERMANNS WAGE SUBMARINE CAMPAIGN OFF NEW ENGLAND COAST; 9 BOATS LOST

SOX TAKE SECOND OF 1916 SERIES

NOTABLE DIAMOND BATTLE IS STAGED, BEING ENDED BY GAINOR'S PINCH HIT IN EXTRA INNING, SCORING WINNING RUN

MYERS ALSO HERO

Brooklyn Centerfielder Gets Home Run and Robs Boston of Earlier Victory by Peg to Place Both Pitchers Go Well.

Special to The Times. Boston, Mass., Oct. 9.—The end of thirteen innings of splendid baseball found a second victory by a score of 2 to 1, resting upon the shoulders of the Boston Americans, who with a walk, a sacrifice and a single, pushed the winning run across the plate in the fifth extra inning and made the score in the world's series as follows: Boston Americans 2, Brooklyn Nationals 0.

It was a game replete with thrills and sensations, with individual honors going to Myers of Brooklyn and to Gainer, whose pinch hit it was that scored the deciding tally in the fourteenth. Smith for Brooklyn and Ruth for Boston pitched themselves out of several dangerous holes, and there were many superb fielding features.

One of these, the feat of Myers, Brooklyn's center fielder in nipping a score by a throw to the plate in the ninth, was perhaps the most notable rivalling Hooper's great stand of Saturday.

Brooklyn took the lead in the first inning, when, with two down, Myers slammed a five-run right fielder to the full circuit, being added to the fact that Hooper of Boston fell down trying to field the ball.

Boston tied the score in the third on a triple-base fire by Scott, and an infield out. Then for ten frames zero after zero was chalked up on the score board, with both teams fighting to the limit of their strength, and making the contest one of the most remarkable world's series games yet staged in an annual baseball classic.

A few miscues attended the strain under which the teams were playing, but none of the errors counted in the scoring. Each side also made six hits which may be counted a better showing for Smith, Brooklyn's center slabbman than for Ruth, a world's series veteran. The game in detail:

FIRST INNING.—Brooklyn—Johnstone opened the game by lifting out to Walker. Daubert went down by the same route. Brooklyn found in went with a moment later when H. Lewis hit to right for a home run. Hooper falling down while running for the ball. Wheat availed to right ending the frame one run, one hit, no errors.

SUPREME COURT OPENS FOR TERM

NEW JUSTICE, JOHN H. CLARKE BECOMES MEMBER OF TRIBUNAL

HEAVY DOCKET AHEAD

Many Important Cases Awaiting Consideration. No Decisions Until Next Monday.

By Associated Press. Washington, Oct. 9.—The supreme court today began its 1916 term with an unusually large docket of important litigation before it. Two new associate justices, Louis B. Brandeis and John W. Clarke, will for the first time participate in the court's deliberations.

At 10 o'clock today attending the elevation of Justice Clarke to the bench preceded other formalities, no opinions on cases under advisement being scheduled until Monday. Tomorrow the court will begin hearing arguments on a number of important cases.

More than 200 cases await disposition. About 200 have already been argued and argued last week. Many government suits and disincorporation suits under the Sherman law, which probably make up the greater part of the docket, are to be argued during the opening term. Of first importance among these are the government's suits against the small Harvester suit, the Moving Picture, Kodak and Bell Patents, Slope Machinery, and other suits. The government also has a suit against the American Telephone and Telegraph company, and a suit against the American Telephone and Telegraph company, and a suit against the American Telephone and Telegraph company.

Other important questions to be passed upon are suits from West Virginia and Utah challenging legality of the United Mine Workers' organization, the Sky Law of Ohio, Michigan and other suits. The government also has a suit against the American Telephone and Telegraph company, and a suit against the American Telephone and Telegraph company.

A case of special interest to railroads is that of the United States against the Interstate Commerce Commission, which is a suit to determine whether the commission's compensation for transportation of mails is valid.

The court also is expected to hear cases testing constitutionality, for the first time of women's compensation laws and their application of Washington, New York, Iowa, and New Jersey.

Other cases in which opinions are pending involve validity of Missouri's short bond clause, prohibiting railroads from charging higher freight rates for a short than longer haul, application of Massachusetts and Texas foreign corporations, section 143 law, power of federal judges to suspend sentences in criminal cases and Pennsylvania suits against railroads for heavy damages for failure to deliver cars to shippers on their new term with more than one car upon its pocket, and approximately one year behind in its work, more speed is expected. A new law enacted just before Congress adjourned is believed will reduce the number of cases heard by the court by from 25 to 30 per cent. This law will cut 100 cases in bankruptcy, employers' liability and cases from the Philippines, together with many from state courts, from the docket. In the order of the lower courts or litigants at present. It does not in any way curtail the power to overrule a decision in any case. The new law also adds another week to the supreme court term, resulting that it convene the first instead of the second Monday in October, and limits the time of appeals to the high court to three months instead of allowing two years, as at present.

VILLA CAVALRY REPORTED TO HAVE ENTERED SONORA. Nogales, Ariz., Oct. 9.—An uncorroborated report that a large force of cavalry entered Sonora from Chihuahua at night caused considerable excitement today in Nogales. The Mexican guard along the border was increased.

WATSON MURDER TRIAL OPENS IN COURT AT WACO

JURY IS BEING SELECTED TODAY FROM SPECIAL VENUE OF 150 MEN TO TRY BANKER FOR KILLING AT TEAGUE

MUCH LEGAL TALENT

State Employs Special Counsel to Assist Prosecution in Case. Pat Neill of Waco Heads Counsel Representing Defense.

By Associated Press. Waco, Tex., Oct. 9.—The murder trial of J. R. Watson was set for today in the state district court and the jury will be selected from among a special venire of 150 men from the county of Teague, where the crime was committed. The trial is expected to last several days.

BRITISH COMMENT ON SUBMARINE RAID

Manchester Guardian says Washington Evidently Not in Accord With Allies' Position

London, Oct. 9.—The Manchester Guardian in a front-page article on the capture of the British ship, the Kingstons, declares its opinion of the despatch of the United States to Germany, which it regards as a "grave mistake." The article says that the British ambassador's protest against the capture of the Kingstons into American waters and the British ship's capture in American waters, should be taken into account by the United States. The article also says that the United States should be expressing the views set out in the recent memorandum sent by the British government to the American government.

NO WARNING WAS GIVEN, DECLARES BRITISH CAPTAIN

By Associated Press. New York, Oct. 9.—The British steamer Strathdene was fired upon without warning, according to the captain of the ship, Captain Wilson, who was brought into port today by the steamer Helen No. 40 with 40 members of the crew. Captain Wilson said that the first thing he knew when he began to fall about the ship about 6 o'clock yesterday morning. Time was given for the crew to take to the boats, he said, after which the vessel was torpedoed.

The Kingstons' movements have not been recorded lately in the shipping records, a fact which indicates for a British vessel that it had been taken into government custody. She was a vessel of 1,207 tons. Previous reports had it that the British steamer Kingstons had been torpedoed.

ANTILLA COMES TO LAND, FLAMES UNDER CONTROL

Newport News, Va., Oct. 9.—The burning war liner Antilla reached the harbor of Cape Charles, Virginia, today shortly before noon today according to a wireless message. The burning vessel was in tow of the cutter Omandaga and the American harbor tug, The flames were under control, the wireless message said.

Newport, Oct. 9.—Admiral Kingsley, in a report to the United States government, has stated that the crew of the Kingstons, a British ship, was saved by the destroyers of the United States Navy. The report states that the crew of the Kingstons was saved by the destroyers of the United States Navy.

WILSON SAYS GERMANY MUST FULFILL PROMISES

By Associated Press. Long Branch, N. J., Oct. 9.—President Wilson announced today as a result of the German submarine attacks on vessels off the American coast that "the German government will be held to the fulfillment of its promises to the government of the United States."

He said he had no right now to question Germany's willingness to fulfill these promises. Just before Count von Bernstorff, the German ambassador called on the president at Shadow Lawn this afternoon, Mr. Wilson issued the following statement: "The government will of course first inform itself to all the facts that there may be no doubt or mistake as far as they are concerned. The country may be assured that the German government will be held to the complete fulfillment of its promises to the government of the United States. I have no right now to question Germany's willingness to fulfill these promises."

The president was represented as being deeply concerned over the situation, although he had no information from official sources indicating that the promises of the German government had been violated.

It was stated that a very thorough investigation would be made. Captain von Bernstorff came to Shadow Lawn before his engagement to see the president at Shadow Lawn and remained for a brief time at an ocean front hotel. He would not discuss the submarine situation prior to his talk with the president.

Count von Bernstorff, following his talk with President Wilson declared: "Germany has promised to conduct her submarine warfare in accordance with the rules of cruiser warfare and Germany always keeps her promises."

BELIEVED 3 UNDERSEA FIGHTERS TAKING PART

One Passenger Boat Sunk—No Lives Known Lost, But Crew Of One Vessel Missing

DESTROYERS DO MUCH RESCUE WORK IN SUBMARINE ZONE SURVIVORS TELL STORY OF HOW SUBMARINE DID THEIR WORK

Boston, Oct. 9.—German submarine warfare brought to this side of the Atlantic today, was put on relentlessly throughout the night. With the dawn came report of more vessels torpedoed and sunk.

The captain of the Nantucket lightship off which the attack on passenger and freight ships were made, reported that three German submarines were operating south and southeast of Nantucket and that a total of nine vessels had been destroyed.

The identity of three of this number were unknown but ships from the American destroyer flotilla at Newport are searching the seas for crews of vessels which were supposed to have taken to their small boats.

Rushway to give battle to the submarines three British cruisers were off Nantucket shortly at 2:10 o'clock this morning. This was the first appearance of many warships of the British and French patrolling fleet in that vicinity since the submarines began their attacks at six o'clock Sunday morning. The passengers and crew of the Red Cross steamer Stephano and the crews of the British steamer Strathdene and West Point and the Dutch freighter Bloomsdyk and the Norwegian freight steamer Krudsen, destroyed yesterday, were landed at Newport today.

The crew of the freighter Kingstons was missing this morning but the men were reported to be in life boats about 30 miles southeast of Nantucket.

The American steamer Kansas which was stopped by a German submarine off the Nantucket lightship early Sunday morning and later allowed to proceed arrived here today. Captain E. L. Smith and members of the crew said they were unable to determine the identity of the undersea boat, no name or number being visible. Some of the crew, however, shown a photograph of the U-53 which put into Newport on Saturday declared the submarine that stopped the Kansas was of another type having a different arrangement of masts.

Six vessels are known to have been sunk and the total tonnage was based on a statement of the captain of Nantucket Shoals lightship which the attack took place. The captain said three submarines were engaged.

The list of submarine victims included four British and Norwegian and one French vessel. The identity of the vessels was not known. The British vessels were the freighter West Point bound from London for Newport, the Strathdene, the Kingstons, the Dutch freighter Stephano and the passenger steamer Stephano. The Norwegian vessels were the freighter Bloomsdyk and the Norwegian freight steamer Krudsen.

The crews of all these vessels, with the exception of the Kingstons, were brought to the port today. The crew of the Kingstons was reported to be in life boats and was being searched for by the officers of the Narragansett Bay naval station and prominent members of the Newport community.

WARSHIP PATROL ORDERED ALONG ATLANTIC COAST

By Associated Press. Ashbury Park, N. J.—Secretary of Navy Daniels in a preliminary report to President Wilson today said that all the rules of international warfare had been complied with by the German submarine operating off the New England coast.

The navy department today began preparations to establish a patrol of warships to make certain that American neutrality is not violated by the German submarine raid on Allied shipping.

The navy department officials have come to the conclusion that so far none of Germany's promises to the United States and none of the rules of international law have been broken by the submarine raid off the New England coast.

No official announcement of this view was made, but it was known to have been reached after a view of the press reports which are available.

MASONIC TEMPLE IS ALMOST FINISHED

Handsome Structure Now Being Occupied—Will Be Dedicated Shortly

The new Masonic Temple, which stands as a monument not only to the order but to the city as well, is now practically completed and within a short time will be occupied throughout the lower floor being used for business institutions, and which is already well occupied by prominent firms that add to the commercial activity of this part of Wichita Falls and give assurance that the value of that portion of the city is recognized for its accessibility to the trading public.

With the exception of the completion of a few minor details in the matter of construction, the contractors have practically finished their work and the entire structure will soon be ready to turn over to the organization. The entire building is a model of architectural beauty, the very best of material having been used in its construction and every detail having been looked after in order to insure the comfort and convenience of the occupants.

Already the lodge has moved from its old quarters at the corner of Indiana and Seventh to the new building. The old fixtures are being used and the organization will not feel entirely at home in the new building until the handsome new fixtures that were ordered have been received. These are expected within a short time and upon their arrival and installation the building will be dedicated with appropriate ceremony. Plans are already under way for this event which promises to be of historical interest to the organization as well as a home to members of the fraternity in this city.

The erection of this building is the culmination of an earnest and persistent effort on the part of the membership of the order who have long cherished a hope for a home in keeping with the progress of Wichita Falls, and that they have planned well is evidenced by this splendid tribute to the energy and foresight of the more enthusiastic members. In this they have a building that is not only a credit to the city, but would be a reproach to the size of Wichita Falls, and for many years the membership of the order can point with pride to their Temple as one of the more notable of the city's structures.

MUSIC LOVERS APPRECIATE THE VALUE OF The PLAYERPHONE

For its real artistic merit, and because of its superior quality. The musical longing that is inherent in every heart finds its outlet in the exemplification of real music in this wonderful instrument more so than in any other instrument now on the market. Its tone chamber, of fine violin wood, eliminates the metallic sound, which has been the chief drawback to other reproducing instruments giving to its tone the real charm and beauty of the voice or instrument that is being reproduced, and rendering the selections in exactly the voice of the artists.

We are glad to place the Playerphone in comparison with other instruments—it never fails to make good. Come in at your convenience and listen to the records of any disc instrument made, you will hear them played as you never thought possible on any re-producing instrument.

ADVERTISING CAR OF CIRCUS IN CITY

Barnum & Bailey Shows Will Sojourn Here for Two Days, Arriving Sunday, Oct. 29

Barnum & Bailey's Circus, which will be here October 30 will patronize Wichita Falls for two days, though Wichita Falls will patronize the circus for only one day, October 30 falls on Monday, so that the circus will reach here Sunday and will buy supplies for two days. Two days' supplies for 1500 employees, 50 horses, 40 elephants not to mention lions, tigers, monkeys, zebras and wild animals, will cost a tolerably tidy sum that will be paid to Wichita Falls dealers. The illi-runka, a recently discovered animal, lives almost entirely on crude oil according to the arena agent who says that while it fares on gasoline also, it gets very little of the latter dainty at prevailing prices.

The biggest, easiest, grandest, glitteringest galaxy in the whole wide, wonderful world is trekking this way and will spread its acres of tents here on October 30. If one does not infer from this that reference is made to the Barnum & Bailey Greatest Show on Earth, the publicity man will regard the case as hopeless. The first advertising car is in this city today and more than a score of experts are spreading with tack and hammer and paste and glue, a flaming lithographic tidings of the approach of the big traveling amusement institution. They are under the direction of Arthur E. Dicks, a well known circus advertising specialist. More railroad cars are required to transport the show, bigger tents are raised, more area is needed to accommodate the show than ever before. In fact the circus has reached a point where it is the despair of many of the smaller railroads and taxes the facilities to the limit. For 85 cars are needed to convey the gigantic canvas vagrant from town to town.

There's material enough in this year's circus to make a dozen circuses of the old days. A "big top" 650 feet long, nearly 1,500 employees, three rings, four elevated platforms, acres of aerial apparatus, a 108 cage menagerie, 50 horses, forty elephants, a street parade three miles long. The stereotyped "grand entrance" which the circuses have constant to open their program for many years, has been permanently eliminated from the Barnum & Bailey tournament. This season the arena certifies that it is inaugurated by the spectacle "Perils of the Parents of the Thousand and One Nights."

The subsequent three hour arena performance, below and aloft, scorns all comparisons and breaks all records of the past. Every one of the five hundred participants is a champion in equestrian, acrobatic, equi-biatic, acrobatic or gymnastic effort. Trained animals are in great variety. A feature is the only baby giraffe in captivity.

WICHITANS INVITED TO UNION STATION OPENING

The Wichita Falls Chamber of Commerce has received a formal invitation to the opening ceremonies of the new \$5,000,000 station at Dallas next Saturday.

Secretary Johnson, who leaves tonight with the Wichita county exhibit for the first week of the fair exhibition.

points to represent the Chamber of Commerce at the ceremonies, as well as a number of members and directors who expect to attend the opening day of the fair.

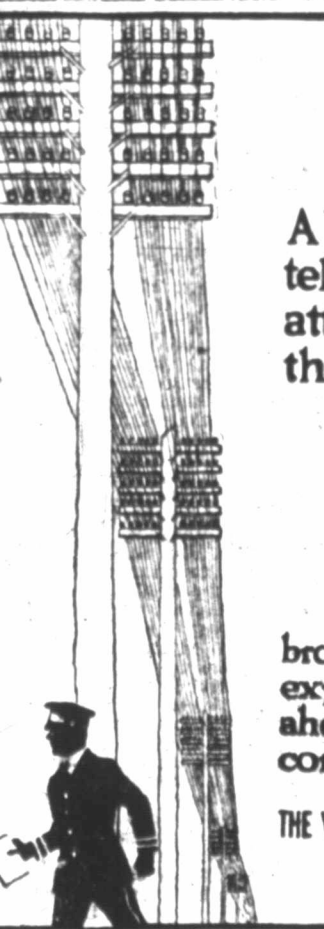

Dallas is making preparations for the reception of an enormous crowd on that date, as it is also the date for the formal opening of the State Fair. Many prominent railroad men from all parts of the United States are expected to be guests on that day. In addition E. P. Ripley, president of the Santa Fe, Louis W. Hill, president of the Great Northern, R. S. Lovett, head of the Union Pacific and Southern Pacific railroads, and president of the Union Terminal company, Murrel L. Buckner, superintendent of the Union Terminal Company, Samuel O. Dunn, a railroad writer of national prominence, and J. W. Thompson, head of the contracting firm which built the station will also be guests on the occasion. Texas notables who are to take part in the ceremonies include Governor Ferguson, former Mayor W. M. Holland of Dallas, Mayor Henry D. Lindsay, Bishop Alexander C. Garrett, Episcopal bishop of Dallas, R. E. L. Knight, president of the state fair, Louis Lipsitz, president and the officers and directors of the Dallas Merchants and Manufacturers Association and Chamber of Commerce. One of the features of the formal opening of the state fair will be the unveiling of the Sidney Smith memorial fountain in the fair grounds. The day has also been named as home coming day for former citizens of Dallas.

AT THE THEATRES

The Gem. Francis Ford and Grace Cunard are starred in "The Primely Bandit" a Universal production showing today at the Gem. These two favorites have delightful roles to play and make the best of their opportunities, as they always do.

D. A. R. OPENS YEAR OF STUDY SATURDAY
The new plan of study, that of having one paper or lecture at each meeting with a round table discussion following the presentation of the subject, was followed at the first meeting for the fall, of the Daughters of the American Revolution, Major Francis Grice chapter, held Saturday afternoon at the home of Mrs. C. W. Beavers. Miss Jessie Hickman was leader and the members answered the roll call with current events. Mrs. Carter McGregor discussed the topic of the afternoon, "Alaska," presenting her subject in a most interesting manner. Music was furnished by Mrs. Roy Artley. The hostess served

ARREST FOLLOWS INCENDIARY EFFORT

Mexican Woman in Custody After Second Attempt to Burn Culbertson House

A Mexican woman, Mrs. J. F. Smith, was arrested early Sunday morning by Deputy Sheriff Glenn and Patrolman Pritchard and lodged in the county jail on suspicion of being implicated in the two attempts made Sunday morning to burn property of J. W. Culbertson.

The first attempt was made about 12 o'clock, some oil soaked hay being set on fire on the front porch of the house owned by Mr. Culbertson and occupied by C. J. McDowell on Van Buren street. The fire was discovered and put out with a garden hose. Officer Glenn went out to watch the property.

About 3 o'clock fire was discovered at the back door of the San Scaling property, recently bought by Mr. Culbertson. It is believed that hay were discovered to be the means of starting the fire. This also was put out before any damage was done.

Following this second attempt the officers arrested the woman. She would make no statement when questioned by the county attorney this morning except to maintain her innocence of the charge. It is said that an attempt was made some time since by incendiaries to fire the residence of J. W. Culbertson at Brook street. The Scaling property was vacant, the Culbertsons not having yet moved in. The daughters of the woman are in the Culbertson's employ.

KATY TRAPSHOOTERS LAND THIRD PLACE

Are This City's Only Entries in Parsons Events—Special Train Returns Sunday

A. B. Maples, local Katy agent and Harlow Friberg, material clerk in the store department, representing Wichita Falls in the trap shoot held in connection with the Katy employees field day meet at Parsons, the only entries from Wichita Falls, made a very creditable showing, tying with McAloster for third place, with record of 82 breaks out of a possible 100. Two engineers from the Texas Central division won the trophy with a score of 82 breaks, while the Dallas team came second. The trophy was a cup donated by C. E. Schaaf, receiver of the road. Mr. Maples attracted the crowd's money even with a score of 17 out of 20, but was beaten by the St. Louis representative who broke 70 straight.

The enormous crowds in Parsons Sunday afternoon with the 200 employees from this division who attended the meet.

The trophies were presented to the winners by the local employees who were at the meet which should go by without any incident today. A reorganization of the local association and working up a strong team to compete at Denison next year is the plan.

Parsons won the system athletic trophy, a large silver loving cup donated by C. E. Schaaf, St. Louis case second and Denison our leg each in the cup, which has to be won three times to become the possession of either team.

One of the features of the day was the baseball game in which Sedalia, the northern champions won the system championship trophy. This game was played at the south end by a score of 7 to 5. The grand stand and bleachers with a capacity of 10,000 people were filled and the crowd stood ten deep down the foul lines.

SEVERAL INJURED IN AUTO COLLISION

Accident on Seymour Road Sunday Afternoon To Two Local Machines

The automobiles of Carter McGregor and A. Zundelwitz collided Sunday afternoon about 4:30 on the Seymour road about six miles out from the city. Mrs. W. M. McGregor and Mrs. L. Huey sustaining severe injuries and other occupants of the cars were more or less bruised and shaken up. Mrs. McGregor's ankle was painfully bruised and Mrs. Huey sustained a broken rib. Mrs. Zundelwitz is thought to have been injured internally and Mrs. Huey's arm was bruised about the head.

Occupying the McGregor car were Mr. and Mrs. Carter McGregor, Mr. and Mrs. W. M. McGregor and Mr. and Mrs. P. M. Gates. In the Zundelwitz car were Mrs. A. Zundelwitz, Mrs. A. L. Huey and Mrs. Phil Kleinman.

It seems that the Zundelwitz car had been stopped to turn for the return home and before they had succeeded in making the turn Mr. McGregor came up and expecting them to keep moving back, which would give him room to pass, he kept going and the collision resulted, the front of his car striking the Zundelwitz car with considerable force. It is understood that the Zundelwitz car came to a stop, but too late for Mr. McGregor to stop his machine. Mr. McGregor seems to have been one of those unavoidable accidents, largely due to a misunderstanding on the part of each driver as to what the other intended to do.

Shortly after the accident Judge and Mrs. A. H. Carrigan drove up in their car, as did also Jack Hays and a party and they were engaged in transferring the victims of the accident back to the city.

Those injured are said to be resting very well today, and it is thought any of the injuries will prove of a serious nature.

Both cars were considerably damaged by the impact. The Zundelwitz car had only been used a short time, while the McGregor car, a Chandler, was purchased only last week.

MAKING PLANS FOR EXHIBIT AT STATION

Probable That Glass House Will Be Erected to Hold Array of Products.

Anticipating the consent of W. A. Webb, chief operating officer of the Katy to the establishment of a Chamber of Commerce exhibit on the union station, Secretary Johnson of the Chamber of Commerce is already going ahead with plans for the exhibit.

D. B. Keeler, vice president and general manager of the Denver has already given that road's consent to the plan.

The exhibit will occupy a space 11 by 25 feet, and will be placed on the platform opposite the Blue Hughes wholesale house. Although the plans have not been drawn yet, it has been decided to make it a sure enough glass house, the four sides to be formed by immense slabs of plate glass, and with a brilliant lighting effect it is expected that it will be a very attractive feature.

The Wichita county exhibit that is to be taken to the Dallas fair will be installed there when it is returned to the city, and other specimens will be installed when they are collected.

A Good Steak is Improved
by a good sauce, while an inferior sauce makes it poor in flavor. Generations of use, and universal demand prove the purity and quality of

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. One 50c package 10-day.

METHODISTS HOLD RALLY DAY SUNDAY

More Than 800 in Attendance. Moving Picture in Feature of Service.

Rally Day Sunday at the M. E. Church South was a record day in every way, attendance, collection and enthusiasm all taken into consideration. There were more than 800 present, falling short of the 1000 mark set, but Dr. Andrews says it does no harm to aim higher than common; the collection was \$118 and the enthusiasm was quite in proportion to the other details.

Special music and a special picture, "The Life of Esther," with an interesting program took up the Sunday school hour. There were special prizes given in the various departments, the pastor, Dr. A. L. Andrews, tied with W. H. Downing for having the longest family present, both having nine, but as the Downing family won the prize for having come the longest they gave this premium to the Andrews. The Barnea class won the prize for the largest collection, \$6.89 and Mrs. C. W. Snider's department won the prize for the largest collection, more than \$47.

Mrs. Hutton received the prize for being the oldest person present, her age being 75 and the youngest baby christened in by all departments from the beginner and primary departments to the Bible class.

NEGRO IS KILLED IN ATTEMPT TO ESCAPE

Houston Wagner, Confessed and Convicted Slayer, is Shot to Death in Jail.

Special to The Times.
Dallas, Texas, Oct. 9.—The last chapter in the crime-smarred life-story of the negro, Houston Wagner, confessed and condemned slayer of Miss Zaola Cramer, was written early Sunday morning when the prisoner was shot to death in the county jail by Policemen Parsons and Harting after an attempt to escape.

When Jeff Wright, assistant jailer, entered Wagner's cell to give the negro his breakfast, Wagner jumped at him and after a struggle overpowered him, securing the jailer's pistol. Armed with the revolver, the negro forced all the other prisoners in that tier into their cells, which he locked. He then rang for the elevator, and when it arrived, he entered and forced the elevator boy to descend to the first floor.

The big steel entrance to the jail on the first floor was locked, however, and Wagner's escape was barred there.

One of the trustees had in the meantime been able to get word to Mrs. Murry Fisher, jail matron, telling her what had occurred. She "coolly" telephoned to the police, and to Sheriff Reynolds, who was at home in bed. A squad of officers was quickly on the scene, and secured the keys, which were thrown to them from an upper window. They unlocked the main door and began hunting for the negro.

The negro, trapped, had gone into the bathroom and hidden between two of the marble slabs separating the baths from the toilets. As Parsons and Harting approached he arose from his crouching position and placing the pistol against Parsons' stomach, pulled the trigger. The weapon missed fire and at that instant both policemen fired. One of their bullets penetrated Wagner's heart, and others inflicted wounds in other parts of the body; the slayer sank to the floor.

The negro's daring effort to escape and his death brought an end to a sensational series of episodes in which he figured. Last April the body of Miss Zaola Cramer, a trained nurse, was found on the grounds of the Oak Hill School, she having been choked to death. For several months the affair remained a mystery, there

NEGRO IS KILLED IN ATTEMPT TO ESCAPE

Peak, he could have opened the main door and gotten away. Peak was asleep at the time the escape was attempted and the negro could have easily overpowered him had he found him.

BOY KILLED BY DENVER NEAR CHILLICOTHE SUNDAY

A three year old boy, son of E. N. Prim, was struck and instantly killed about 5 o'clock yesterday afternoon at a road crossing near Evans switch between Quanah and Chillicothe. The boy was apparently following an older brother across the track and was on the crossing when the train which was going about twenty miles an hour struck him. The train was in charge of Conductor George Clarke and Engineer Frank Fakir. It is the train that leaves here at 2:05 p. m.

Wichita Falls, Texas, Oct. 9, 1916

After reading one of Colonel Roosevelt's maledictions upon President Wilson and the democratic party and his My-Me-Mine appraisals it is hard to realize that perfectly good republican money is being spent to send him over the country on the theory that he is speaking in the behalf of candidate Hughes.

Wilson is gaining, Hughes is slipping. This is the conclusion of the New York Herald as the result of the poll that newspaper is taking in the so-called doubtful states. Eliminating California where the polls show a decided preference for Hughes, Wilson is leading in the total of the straw vote so far taken by the Herald. A decided preference is shown in the manufacturing centers for Wilson. The workers at many points indicate a preference for Wilson by decided majorities running as high as six to one for the president. Frank Hanly, prohibition nominee for president, who has just completed a tour of the West and middle West says President Wilson is gaining in favor while Hughes is losing. Other indications point to the success of President Wilson. It must be admitted that the prospects are for a close race but political observers find no grounds for the odds of two to one which have been offered in Wall Street on Hughes.

The Third regiment of the Pennsylvania National Guard stopped off for several hours in Amarillo while en route home after several months at the border. While these men were in Amarillo a straw vote was taken among a group of them resulting in 75 for Wilson and 45 for Hughes. The result was surprising as Pennsylvania is one of the strongest republican states in the Union. Some of the men explained that they went to the border opposed to Wilson. In the first weeks of their stay, being compelled to endure the many discomforts incident to the hurried movement of the troops to the border and the lack of preparation their impatience to get at the Mexicans and their dissatisfaction grew, they said. Then came a reaction in this sentiment resulting from a better knowledge of the problems in Mexico, the improvement in their own surroundings and the realization that they were receiving a training that they could not secure in training camps or barracks. Their proximity to Mexico while at Fort Bliss gave them an opportunity to give more thought to the actual situation in that country than was possible for them while at their homes in Philadelphia and other Pennsylvania points. They are now convinced that President Wilson was more than half right and declare they have little sympathy for the demagogues and jingoists who would have rushed the country into war against Mexico.

A German submarine has sunk a number of British steamers on the Atlantic coast off the American shore. Before the ships were sunk opportunity was given for passengers and crews to get into the boats and have a fair chance of saving their lives. This is written before it is known what view the American government will take of the matter. If warning was given and ample time for the passengers and crews to leave the ships before they were torpedoed, it is unlikely that the American government will feel it its duty to take any action. There are some who will contend that the pres-

presence of submarines off the American shore ought not to be permitted. The administration, which has stood for an open sea for its commerce and has not failed to make protest when ever the rights of American commerce have been encroached upon, is not likely to claim that the American government has any special rights beyond the three mile limit and will not attempt to define zones in which British cruisers or German submarines may not operate off its shores. To do so would be to adopt an innovation attempted by Germany when she proclaimed a "war zone" in the North Sea. Germany was compelled to recede from that position. The power that forced her to do so was the United States. Surely the United States would not attempt anything she forced Germany not to do.

BOSTON WINS 2ND GAME OF SERIES

(Continued from Page One)

SIXTH INNING. Brooklyn—Smith grounded out to short. Johnston took four wide ones for transportation to first. Johnston was out trying to steal. Daubert was out down-third to first. No runs, no hits, no errors.

SEVENTH INNING. Brooklyn—Myers came up amidst a great round of applause, and rolled to Janvyn who fumbled but recovered in time to complete the play. Wheat went down second to first. Cuthaw raised a fly to right. No runs, no hits, no errors.

EIGHTH INNING. Brooklyn—Mowrey bled to left, and took second on Olson's sacrifice and moved up to third on the throw. Miller taking second on the throw. Smith grounded to the short stop and Mowrey was run down Scott to Thomas and Gardner. Miller coming to third and Smith getting second on the play. Lewis walked. Gardner popped up to the pitcher who easily threw him out at first and ended the frame. No runs, two hits, no errors.

NINTH INNING. Brooklyn—Daubert switched by taking the first pitch, but it did no good, grounding out to first. H. Myers to deep center. Wheat went out on a roller from first to pitcher who covered first. No runs, no hits, no errors.

TENTH INNING. Brooklyn—Cuthaw opened the extra session by grounding out second to first. Mowrey followed by grounding into the pitcher's hands. Miller lined into Gardner's hands. No runs, no hits, no errors.

ELEVENTH INNING. Brooklyn—Smith's best effort was a roller to Gardner who cut him down at first. Johnston traveled the same way. Daubert ran true to his words, series first by swinging out. No runs, no hits, no errors.

TWELFTH INNING. Brooklyn—Myers fanned. Wheat to third. Cuthaw rolled out to short. No runs, no hits, no errors.

THIRTEENTH INNING. Brooklyn—Mowrey hit to Gardner and was safe on batter's wild throw across the diamond. Olson laid down another perfect bunt. Mowrey taking second. Miller popped to Thomas. Smith bled out to left. No runs, no hits, no errors.

FOURTEENTH INNING. Boston—Hobitzel drew a pass and took second on Lewis' sacrifice. Daubert popped to Olson. Hobitzel holding his base. Scott hit to Mowrey who tagged Hobitzel coming up from second. No runs, no hits, no errors.

THE REMAINING ONE-HALF OF THE LOSS OF THE EXPERIMENT. Mr. Ball again spoke encouragingly of the possibility of overcoming the situation at this place by referring to the action of Muncie, Ind., under similar conditions. He stated that the crisis had to be faced there, except for the fact they were unable to secure a new supply of gas, as seems probable in Wichita Falls. In order to meet the situation, he said, the city raised \$100,000 to be used in giving bonuses to other and similar factories that did not require so great amount of fuel and were able to substitute for gas. He said the experiment proved successful and instead of the city suffering as a result of the loss of the cheaper fuel, it had grown continuously and during the past year or two had enjoyed the greatest prosperity in its history.

ANTILLA'S RESCUED CREW ARRIVES IN NEW YORK. New York, Oct. 9.—The rescued crew of 29 men of the Ward line steamer Antilla, which was fired off Cape Henry last night, reached here today on the Morro Castle, also of the Ward line, which arrived from Havana.

SEVERAL CHECKS COME TODAY FOR CAMPAIGN FUND. The Wilson campaign fund continues to grow steadily, most of the contributions coming without solicitation. Among the contributions acknowledged today were the following: S. Beard \$1.00, Clifford Moore 1.00, A. W. Karrenbrock 1.00, Myles O'Reilly 5.00, J. N. Prothro 5.00, M. D. Rowe 2.00, W. W. Silk 5.00, A. S. Fonville 2.50, F. P. St. Clair 1.00, A. E. Fonville 1.00.

THIRTEEN CARS NET FORTY DOLLARS IN FINES. Thirteen cases came before Judge Whitlaw for disposition in the police court this morning, and the city treasury profited to the extent of \$40 as a consequence. One of the defendants whose frequent lapses from a state of sobriety has brought him often before the court was fined in the sum of \$50 and the judges instructed Chief Humphreys not to accept any money from the man's family for the fine, but that they get ready to start to Vernon, where he stated he planned to go to next cotton, the chief was to release the man and not before. Six other cases of intoxication drew fines of \$5 each. Two pleas of guilty to vagrancy charges resulted in \$5 being charged in each case. One plea of guilty to speeding caused a fine for a similar amount, and a case of intoxication and swearing in public were passed.

NORWEGIAN STEAMER IS TORPEDOED IN ARCTIC By Associated Press London, Oct. 9.—The Norwegian steamer Raney has been torpedoed in the Arctic ocean. Her crew was landed, according to a Reuters' dispatch from Christiania. The dispatch says it is feared the Norwegian ship Viking has met a similar fate. The wreckage with her pump on it has been washed ashore.

BELIEVE FRENCH CRUISER IS OFF COAST OF JERSEY By Associated Press New York, Oct. 9.—A French cruiser believed to be the Conde was off the New Jersey coast hugging northward last night, according to officers of the Danish ship Olaf which arrived here today from British Honduras. The French ship spoke to the Olaf, officers said, warning her that German submarines were operating off the American coast.

AMERICAN IS KILLED IN AIR RAID ON BUCHAREST By Associated Press Milan, Oct. 9.—The United States minister at Bucharest has reported to the American government that an American was killed by a bomb during a recent air raid on the Romanian capital, according to a dispatch dispatching, quoting the Secol. The Romanian government has sent a formal protest to the neutral powers against the aerial bombardment of the city.

BOXERS RELEASED AFTER EXAMINING TRIAL TODAY

In an examining trial before Justice of the Peace Howard today Carl Fleming and Jim Odare, charged with boxing illegally in connection with the carnival here last week, were ordered released for want of sufficient evidence. Judge Howard explained to the defendants that he would not have his verdict taken as an endorsement of the practice of prize fighting, but that the case sufficient evidence that there was a violation of the law had not been secured and they were accordingly permitted to go.

WICHITANS HEAR OF DEATH OF THEIR MOTHER

Jake Cohen of the Wichita Clothing Co. and Lazarus Cohen, with the Art Loan & Jewelry Co., received the sad news of the death of their mother which occurred at her home in Dallas last night. Jake left on the first train for Dallas to attend the funeral.

NON-POLITICAL CABINET IS PROPOSED IN GREECE

By Associated Press. London, Oct. 9.—Prof. Spyridon P. Lambros will try to form a Greek cabinet outside of the politicians, according to a Reuters' Athens dispatch. The dispatch quotes Prof. Lambros as saying he wished to form a cabinet "entirely independent of existing political currents."

Market Report

New York Cotton. New York, Oct. 9.—There was a sensational break in the cotton market at the opening here today. First prices were 29 to 49 points lower with December selling off to 16.90, January to 15.75 and March to 16.88 under urgent offerings from Wall Street, western and commission house sources. Later prices fell to a net loss of 29 to 49 points with March contracts selling at 16.88 or very nearly \$2.40 a bale under the closing prices of Saturday.

Chicago Grain

Chicago, Oct. 9.—Notwithstanding that on account of submarine operations and consequently selling rushes, wheat prices underwent a sensational setback today, the market soon recovered its equilibrium. Opening prices here which ranged from 1 1/2 to 4 1/2, lower with December at 1.55 to 1.56 and May at 1.54 1/2 to 1.56 were followed by rallies all around to within 11 cents of Saturday's finish. Corn followed, wheat.

MACK TAYLOR'S DRUG STORE You would enjoy a Victrola! We have every style And the "money end" is easy Have you ever thought of all the pleasures a Victrola brings to the home? Companionship for the wife who is alone all day, recreation for the tired man in the evening, entertainment and instruction where there are children, a treat for friends who drop in to dance—or just to listen. They are a few of the enjoyments that make a Victrola the most prized possession of the home. Remember the Victor artists are always the world's greatest artists in every phase of music. And when you have a Victrola it always plays your selections. It is a matter of pride with us to have a complete line of Victrolas in our store. Whatever style or size you choose an enduring enjoyment goes with it. Drop in and let us show you our stock of Victrolas. Listen to your favorite music—and take home a copy of that wonderful book, the Victor Record catalog. As for terms—you couldn't ask easier terms than ours. Come in and see us do it today.

The OLDEST FOOD KNOWN Biblical history frequently mentions the olive tree, ripe olives and olive oil. The Greeks and Romans highly prized olive cultivation. As civilization and culture traveled Westward, so followed the use of the olive and its oil. It spread to Spain and finally after the discovery of the American continent, was successfully established in California by missionaries in 1769. We have our green olives packed for us by the largest olive importer and packer in America and handle nothing but the very fanciest of Saville fruit. Our ripe Olives and Olive Oil have been most carefully selected from different packers and each grade we believe to be the very best of the WORLDS production for the price, and each selection is the result of most careful comparison of the offerings of all the biggest packers of Fancy Fruit. On account of our large purchases we are enabled to make cheaper prices than the ordinary dealer. BERT BEAN COFFEE HOUSE 824 Indiana Telephone 35
