LOCALS DEFEAT ELECTRA ELEVEN

HIGH SCHOOL WINS SATURDAY'S FOOTBALL GAME BY SCORE OF 26 TO 0

TEAM WORK EXCELS

Game is Confined to Old Style Football—Locals Line Makes Fine Showing

Superior team work and aggressiveness throughout the game spelled a 26 to 0 football victory for Wichita Falls over Electra in the first game of the home season yesterday afternoon. Especially did the home guard show to better advantage in plunging through the visitor's line, while Electra could not solve the local's line to any marked advantage.

The open game was little in evidence in the play of either team, both relying mainly on the old style running attack. While the work of the interference on end-runs of the local team could have been improved, nothing better could have been expected than the way the Wichita Falls runners ripped the Electra line for constant and material gains.

A large crowd saw the game, and while the local teams were the favorites with the crowd, their backers being naturally in the majority, there was quite a good sprinkling of Electra enthusiasts on the ground who made themselves heard throughout the game. Especially were the students of the local high school well represented in the crowd and a snake dance by about 200 of them between the halves was a feature of the afternoon.

The teams were more evenly matched than the score shows, the Electra team fighting hard all the way. Lack

DISCRIMINATING LOVERS OF MUSIC ARE OUTSPOKEN IN THEIR PRAISE OF THE PLAYERPHONE

AND MARVEL AT ITS WONDERFUL TONE. Of all the re-producing instruments, the Playerphone appeals most to real lovers of music for its beautiful, sweet, clear tone. Unlike most other instruments, its tone chamber is made of the finest violin wood, instead of metal, which entirely eliminates the metallic sound. And this is but one of its many advanced features. Another feature that appeals is that it will play any disc record made, without extra attachment, thus giving its owners the advantage of every artist's talents, and actually brings to your home all of the great musicians of the world. Its tone modifier also permits the variations in tone, regulating the tone to a proper degree for dancing or for the softer selections to be heard in a small room. That is why we claim for it that it is the greatest instrument on the market, and are glad to back up our claim by comparison with any other make on the market.

SAVE YOUR WIFE FROM DRUDGERY

Give her the supreme satisfaction of having a genuine McDougall in her kitchen—where it will save her thousands of unnecessary steps—make kitchen work a daily joy—insure her time for rest and recreation—and help her

Keep Down Kitchen Expenses

Come in and let us show you the wonderful advantages of the McDougall—the new disappearing Auto-Front—the new snow-white Porcelain Table Top—that new Sanitary Base—the new Art-Front Panels—that all lend added charm to the kitchen—together with a score of other genuine improvements in kitchen efficiency.

McDOUGALL

Kitchen Cabinets

Stand for thrift and economy in the kitchen—help save food supplies as well as work and worry—make it easier to prepare and serve each meal—and help solve the servant problem. Tell your wife that you want her to go down to our store.

And Pick out the McDougall She likes Best and Have it Sent Home It will cost only \$1.00 down and \$1.00 a week for a short time—and it will save you many times its cost—besides making her happy and making your home-life pleasanter—for without joy in the kitchen, there can be no real comfort in the home.

Do This Right Away

The only way your wife can tell which of these cabinets is the one she wants in your home is come and see them—let us tell her the particular advantages of each particular style—let us show her in which respects they are superior to anything else on the market—and how much cheaper they actually are than anything else that will give lasting satisfaction.

North Texas Furniture Co.

"COMPLETE HOME FURNISHERS"

of team work explains in a great measure Electra's failure to take advantage of chances that she had through the game. Fumbling was frequent on the part of both sides with the visiting team the chief offenders.

The work of the Wichita Falls line was easily the feature of the game. This was true while on the defensive as well as when the home team had the ball. Several times the locals held the visitors for down when they would try to make progress by plunging, while they never failed to open holes for their backs while on the offensive. Luttrell and Burnside, tackles for the local team did some great work in opening a way for gains through the opposing line, while the tackling of Williams at center was a feature of the home team's defensive play.

The individual work of Adams at full and Irby at right half were features of the visiting team's game. Adams at quarter for the locals again distinguished himself by the way he ran his team. Weaver and both Harris boys were consistent ground gainers for Wichita Falls. Hickman and Trotter, the wing men of the Wichita Falls team showed to advantage especially on the defensive.

The visiting team attempted six forward passes, five being incomplete and one being successful. Of the two tried by the home team, one was completed for a twenty yard gain.

Wichita Falls won the toss and elected to receive. The ball was soon rushed back into Electra's territory where it remained for practically all of the game. The ball was worked to the Electra 22 yard line by a series of successful plunges from which it was carried across for the first touchdown for the locals by Weaver, running around right end. Harris kicked goal. Score—Wichita Falls 7, Electra 0.

Wichita Falls crossed the visitors goal again in the next period. Electra received and after running the ball back to the middle of the field G. Harris intercepted an attempted forward pass. Consistent line plunging on the part of the local team worked the ball to within 20 yards of the visitors goal, and a forward pass, Hickman to Trotter, need another score. Harris again kicked goal. Score Wichita Falls 14, Electra 0.

Electra's defense stiffened in the third quarter and the ball seceded about the middle of the field with no further scoring.

The locals scored two additional touchdowns in the last quarter. The first came near the end of the quarter when the locals held the visitors for downs on the visitors' yard line, and plunged the line to within 18 yards of the Electra goal, when two plunges through left tackle by G. Harris, one fifteen yards and the other for three, scored another touchdown for the locals. Wichita Falls failed in an attempt to punt out. Score Wichita Falls 20, Electra 0.

With the ball near the middle of the field, Davis, getting the ball on a criss cross carried it around left end for 23 yards. A fifteen yard penalty on Electra for knocking out the ball on their own one-yard line, and a plunge through center put Davis across the line. G. Harris missed goal. Score Wichita Falls 25, Electra 0. The line up:

Wichita Falls: Trotter, left end; Luttrell, left tackle; Reeves, left guard; Williams, center; Urban, right guard; Burnside, right tackle; Hickman right end; Davis, quarter; Weaver left half; Harris, captain right half; E. Harris fullback.

Electra: Corder, left end; Dickey, left tackle; Schlemeyer, left guard; Coon, center; Sheldon, right guard; Welborn, right tackle; Broad, right end; Crass, quarter; Stroud, left half; Irby, right half; Adams, captain, fullback.

Substitutions—Wichita Falls, Lucke for Trotter; Waggoner for Hickman; McConke for Urban, all in the fourth quarter. For Electra: Kenneth, Cramer for Wheeler. Time of quarters, 12 1-2 and 15 minutes.

Officials, Referee, Naylor (Austin College); Umpire, Trotter. (Carliole Michar Academy); Linesman, Portwood, (Oklahoma.)

What He Would Do.

There is an Irish priest in the province of Quebec who deserves to be popular. He is a tall fellow well met with everyone in the village, asks for contributions, and gets liberal ones, from Protestants and Catholics alike. One day a delegation of Baptists called on him—men who had frequently contributed to Father W.'s church—told him they were going to erect a new Baptist church, as the old one was too small, and asked him to subscribe to the fund.

"Well, boys," he said, after a slight hesitation, "you know my religion forbids my doing that, but I will give you fifty dollars to help tear the old church down."

Her Potato Glasses.

There's more than one way to handle the cooking problem, as one good housewife has studied out to her own satisfaction. Her eyesight is not as good as once it was, hence she is the possessor of two pairs of glasses.

The other day she was engaged in cooking and she was using the spectacles that she customarily wears about the house. Then as she turned to do something else she was seen to take off her glasses, go into the other room and get the other pair, with the remark:

"I need this pair to work on these potatoes."—Brockton Enterprise.

Remedies for Whooping Cough.

Dr. Nelly Benz of Amsterdam writes that the remedies for whooping cough which always give good results are, phosphate of coden in doses of 10 to 30 milligrams a day, sulphate of quinine, and potassium bromide, 15 grains a day for infants and 15 to 40 grains a day for older children.

KENDALL DEFEATS OKLAHOMA ELEVEN

Sooners Suffer Their First Defeat in Two Years in Game Saturday

By Associated Press. Norman, Oklahoma, Oct. 14.—For the first time in two years Oklahoma State University today went down to defeat before the Henry Kendall college of Tulsa, 16 to 0. Brilliant open field playing on the part of Kendall, coupled with the fact that Coach Owens' team was shattered with injuries was responsible for the score. The heavy teams of Presbyterian veterans outplayed the Sooners throughout most of the game, punting, forward passing and using straight football to advantage. Oklahoma, on the other hand, fumbled frequently and played erratically when in possession of the ball in Kendall's territory.

GAME WITH BOWIE SET FOR SATURDAY

High School Squad Will Meet Jack Rabbits at Katy Park in Hard Contest

A game with the Bowie high school football team next Saturday at Katy Park is the next feature on the program of the local high school. Last year Bowie won the season with but one defeat, the first in two years. Heartened by their showing in yesterday's game with the Electra team, the local high school football team is determined to make the Jack Rabbits taste defeat earlier in the season than has been their wont. While it is doubtful whether Bowie has as strong a team this season as in the past two, they have, on their showing so far this year, a formidable combination, and if the locals take their measure next Saturday they will have their work cut out for them to get into shape this week. The game is certain to be both interesting and hard fought from the opening whistle.

For Monday, New Showing
Of Street Hats, Dress Hats and Sport Hats. Models from our own work rooms and the best American makers. Special display of Children's Hats.

Wichita Falls, Texas, Oct. 15, 1916

If Hughes is elected president he can make Colonel Roosevelt governor general of Mexico.

General Carranza evidently doesn't care a fig for personal popularity. He showed this when ordered the death penalty for banditry and put bull fighting under the ban. The first is the great Mexican industry. The second is the national diversion. At one blow Carranza has attempted to strike down the first industry of the land and its chief diversion.

Eight solid pages of "Help Wanted" ads and one page of "Situations Wanted" is the showing in the classified columns of the New York World in an issue that has come to the Times, indicating that there are more jobs than there are people to fill them in the metropolis. Prosperity is nation wide. It is as apparent in New York as in Texas.

In moving Candidate Hughes' special train from Hagerstown, Md., to Baltimore the other day, it was necessary to take a round-about route so as not to interfere with the heavy freight traffic over the Western Maryland line. In these days prosperity abounds so that there is little time to fool with "presidential candidates' specials." The "main line" must be kept open to move the nation's traffic.

The article on good roads by C. W. Reid of the National Bank of Commerce, published in this issue of the Times opens the way for a general discussion of the road problem in Wichita county. The movement for good roads is gaining impetus throughout the county and is practically certain to result in some proposal for a bond issue within the next twelve months. There is scarcely a citizen of the county but has some view on this matter that would be of interest to the rest of us and the Times therefore asks for contributions of letters on this subject and hopes that they will come not only from Wichita Falls but from every other community in the county and will frankly state the views of the writers.

The high price of wheat flour is certain to result in the development of some substitute for wheat in the making of flour. Already a flour is being made of rice and some flours already contain a certain percentage of kaffir corn, maize or other small grains. Of course wheat will continue to furnish the greater constituent of flours but as wheat grows higher in price the tendency will be to substitute other cereals. This will widen the market for maize, kaffir corn and other small grains. While this is primarily a wheat growing country these other small grains are raised here with equal or greater success. Therefore there need be no alarm here over the prospects of the substitution of other grains for wheat in the making of flour.

President Wilson, and Candidate Hughes have widely divergent views of America after the close of the great European war. President Wilson sees the great American industries co-operating with each other and the government with them in enlarging the trade with foreign countries which the war has given us and which our business men have been quick to accept. As it starts toward this Mr. Wilson's administration has already provided the tariff commission, has taken a long step toward the establishment of a mer-

chant marine and has provided, in the federal reserve act, for the establishment of American banks in foreign countries which are almost indispensable for the conduct of a great foreign commerce. In almost every address he has made recently Mr. Wilson has stressed the opportunities that are ahead for American commerce and industry, and has pledged his administration to aid and co-operate with American business, not only at home but in foreign lands as well. It is altogether a different picture of America that Mr. Hughes sees. He sees America in a desperate struggle to hold her domestic markets against the invasion of Europe. Without a high protective fence about America, he sees the products of highly organized and disciplined European labor driving out products of American industry. The only preventative that he has suggested is a high protective tariff. President Wilson's vision is one that will stir the imagination of the American people and will inspire them to splendid efforts. Mr. Hughes' vision is one that will stifle enterprise and initiative and will put back the old shackles upon American industry. If the two conceptions can be fairly and clearly placed before the American people there can be no doubt as to which they will choose as their hope for attainment.

WICHITA COUNTY OFFICERS ARE PRAISED

"We take off our hats and congratulate Wichita Falls officers for what they did to the '49 show," which was a plenty. They arrested the whole aggregation, on vagrancy charges, and then turned them over to Federal officers for serious infractions of the laws of the United States. So a whole bunch of these are headed straight for the United States penitentiary. Good for the Wichita and federal officers.—National News

The '49' show has given performances in a number of Texas towns. It was generally conceded that the show was of a character that was far from elevating and there was doubtless suspicion that at least some of those connected with the show were violating the law by immoral relations. It remained for Wichita county officers to raid the show and to conduct an inquiry into its character. While no charges of violation of the Mann act were filed as a result of this investigation, a number of those connected with the show plead guilty to vagrancy and the show did not reopen while the carnival with which it was connected remained in Wichita Falls. Some things that were developed in the investigation into the show here will cause officers in other towns to watch the show and its performances closely hereafter.

HUGHES GOOD, WILSON BETTER

I M. D. who conducts "From Another Viewpoint" column in the Denton Record-Chronicle discussing comments in the Temple Telegram and Gainesville Signal on Candidate Hughes says:

"It is all very good Democratic amendment, but the smile hasn't started yet that will defeat Charles Evans Hughes at the polls. He is too good a man. If the present Administration holds its own in the November election it is our conviction that it will be, not because Hughes isn't a straight-shire and square-headed statesman but because Woodrow Wilson is all of that and more, and recognized to be so. We have read some things about the 'silent' man, pro and con and neutral, and the worst opposition finds against him, with the exception of his taciturnity, sounds very much like the things the Republican opposition said in 1912 about Wilson. The two men are very much alike in the soundness of the principles and the honesty of their manhood, as interpreted in their previous lives. It seems to us, as it probably does to every Democrat, that Wilson is the more straightforward of the two; he is surely more popular of the two personally and beyond a doubt he is the more powerful of the two. His work with congress has proved that, and while it may have brought down a lot of criticism from different sources, chiefly of course, Republican, the criticism was true and inconsistent and tasted much of sour grapes. But because Wilson is the Big Man with us is no reason that Hughes is unprincipled, a product of 'special privilege' as one newspaper charges, or hasn't the makings of a good president. The only thing we are concerned with is that Wilson has already made a better president."

THE NORTHWARD MOVEMENT OF NEGROES

An Associated Press dispatch from Washington says there is unprecedented migration of negro laborers from the South toward the North, where the war has resulted in scarcity of European immigration laborers. It also says that the Northern labor organiza-

We are here to stay and to please.

North Texas Gas Co.

710 8th Street. Phone 217

view the movement with disfavor and that Southern employes regard it with apprehension.

Recently there has appeared in South Carolina newspapers evidences of apprehension there because of this migration, notwithstanding the fact that that South Carolina's negro population is nearly 60 per cent of the total.

In Texas where the negro population is not more than 20 per cent of the total, this condition exists. Some sections of the State do not desire negro citizens at all, whereas employers in the sections where negroes reside discourage negro migration in every possible way, even to the point in some instances of dealing roughly with men who endeavor to induce them to leave their present homes.

There is a lesson in these conditions for both the white people and the negroes.

The negroes ought to take note of the fact that in the South where they have lived for generations, the white people want them to remain and take advantage of the many opportunities to improve their condition, whereas Northern labor organizations are hostile to them.

They ought to take note of the fact that there is no prejudice against them industrially, that the white people generally maintain at all hazards their right to employ them, that there is unlimited opportunity for them in agriculture, either as employes, tenants or landowners; that there is steady improvement in educational facilities for them; that there is every incentive for them to become efficient; that there is a constantly increasing interest in their welfare upon the part of the better element of the whites, and that they can, in addition to becoming independent through thrift control the market for common labor so long as they desire to do so.

Then the white people of the South must remember that they will always be dependent upon the negroes for common labor; that they must depend upon the negroes for domestic service, and that the part they have in our agriculture is vitally necessary, because there is no other labor to take their places.

In the presence of this status of mutual dependence, it is of the utmost importance to the welfare of the Southern white people that they take a deeper interest in the welfare of the negro neighbors, aiding them in overcoming the distress and hardships of poverty, disease and ignorance, standing resolutely for justice to them in and out of the courts under all circumstances, giving encouragement to all their efforts to improve living conditions, manifesting at all times patience, charity, kindness, forbearance and friendship of the substantial kind.

When once the South shall have enabled its 10,000,000 negroes to become generally efficient, intelligent, thrifty, self-reliant and independent, the fabric of Southern industry will rest upon an everlasting foundation and the South will have solved in a spirit of Christian benevolence a problem which has baffled the ages.

There are some things that the white citizenry of the South and the negroes should never forget, and their importance will become saliently expressed upon the minds of the thinking people of both races before long, when our immigration problems, due to restrictive and to the effect of the war, assume new and more complex phases.—Houston Post.

GOOD ROADS

By CHARLES W. REID, Cashier, National Bank of Commerce

Much has been said recently regarding good roads, and a bond issue of \$500,000.00 for the purpose of building permanent roads throughout the county has been suggested.

In determining whether or not such an issue of bonds should be voted, all prejudice and sentiment should be cast aside and the question should be analyzed and decided purely from a business standpoint. The vital considerations are Cost and Worth.

\$500,000.00 would build between 75 and 100 miles of permanent roadways. This mileage would cover all of the principal highways of the county. The cost of this bond would be: interest \$25,000.00, and sinking fund \$12,500.00, making a total annual cost of \$37,500.00. This expenditure would be gradually decreased from year to year for the reason that the sinking fund would earn interest from the time it was collected in taxes, each year, to the time it was applied toward the payment of the bonds.

The cost of maintaining our present dirt roads last year was \$600,000.00. Deduct the cost of maintaining the bond issue from the present annual expenditure, and it will be seen that we have net \$225,000.00 for maintenance. Every intellectual man knows that the cost of maintaining permanently constructed roads is vastly less than the maintenance of the present makeshift roads.

It will be seen from the figures given above that our county could have all of its principal roadways paved and maintained at an annual cost for interest, sinking fund and upkeep of approximately the same as our present expenditure.

The benefits to be derived from a system of permanent highways are innumerable. We shall mention only a few. Our county contains about 422,000 acres of land. There would be an immediate and substantial increase in the value of this land. Some will advance many dollars per acre. We believe the most conservative statement of the enhancement would be \$5.00 an acre which would amount to the magnificent sum of \$2,110,000.00. The farmer will be better enabled to man-

TRACTION COMPANY WINS DAMAGE SUIT

Verdict for Defendant is Returner in Case in District Court Saturday

In the 78th district court yesterday the jury in the case of Mrs. Charlotte Kreuger vs the Wichita Falls Traction Company returned a verdict for the defendant.

Mrs. Kreuger was suing for damages in the sum of \$20,000 for alleged personal injuries sustained while a passenger on one of the cars of the defendant company.

Are you really a believer in democracy?
Do you want this government to be your government?
Is it your will that the voice of America should ring out in command instead of begging in whispers?
Then prove it.
Campaign contributions control candidates. No one understands this better than the enemies of democracy. They contribute to control; they give to get.
Are you less mindful of your interests?
Four years ago 89,854 Americans contributed to Woodrow Wilson's campaign fund. It was the dollars of the Many that financed the campaign, not the millions of the Few.
It was a new idea, a great idea. It was an Emancipation Proclamation that took elections off the auction block; that took candidates away from back doors and back rooms.

Are You a Believer in Democracy?

Mail your check to J. M. Bland, treasurer, or to the Daily Times, or hand your contribution to any of the members of the local finance committee, who are as follows:

A. H. BRITAIN,
R. E. HUFF,
J. A. KEMP,
J. M. BLAND
A. L. HUEY,
G. C. WOOD,
J. S. BRIDWELL,
B. D. DONNELL,
—Committee.

It is the idea that dominates Woodrow Wilson's campaign today. Again, as in 1912, we propose to fight secret millions with above-board dollars.

How much is democracy worth to you?
What value do you place on service that obeys your orders, realizes your ideals, voices your aspirations, and considers your happiness and welfare?
Name it and pay it.
Self-interest and self-respect alike command you.

SAUL'S BIG SALE WILL OPEN NEXT WEDNESDAY

Wednesday the doors will open for the big fall sale at Sauls, 617 Indiana when the large stock of goods bought on a recent trip to New York will be offered to the public at what is declared to be greatly reduced prices. Saul is one of the most progressive merchants in the city, and his stock will show for itself that he knows a bargain when he sees it. Full particulars of the sale are shown in the full page ad in this edition of the Times.

BROWNSVILLE HAS SUGAR SHORTAGE; PRICES GO HIGHER

By Associated Press.
Brownsville, Texas, Oct. 14.—Granulated sugar sold at \$15 a hundred pounds on the local market today because it was said the supply in local wholesale houses was exhausted. Only a half dozen dealers are said to have supply enough for the day. Wholesale dealers say the closing of the refineries at New Orleans is the cause. Maple sugar, rock candy and molasses were used in place of sugar on many breakfast tables this morning.

We recharge storage batteries, day and night. Phone 3168. 704 Scott Avenue. Schuler & Wallace 125th.

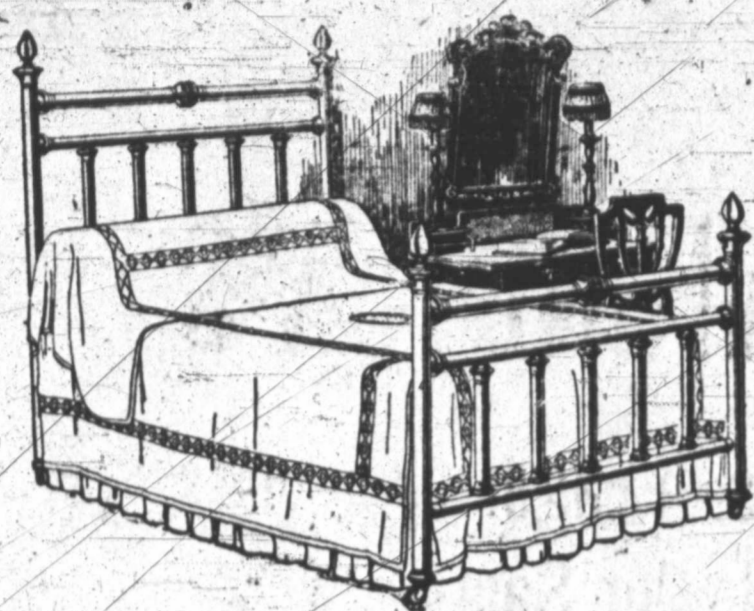

ELECTRA FOOTBALL BOYS ENTERTAINED SAT. NIGHT

The Electra football boys were guests of honor at a rather impromptu but nevertheless very delightful party Saturday night following the game; the affair being given at the high school. Music, games and pretty girls were the diversions offered and then refreshments were served, the Athletic association standing treat. The members of both teams and a number of the association members with the high school faculty were those fortunate enough to attend this affair which was characterized by the usual high school informality and jollity.

J. N. Green Trading Stamps

In accordance with our original plans we have decided to issue S. & M. Green Trading Stamps on all cash sales and on all accounts paid within six days of date of invoice. These stamps have a very considerable value to our customers and are appreciated by all who have been keeping them. They are exchangeable for a large list of handsome articles carried in stock here by the Sperry & Hutchinson Co., which articles cost our customers absolutely nothing, thus making the stamps a real discount in the purchase price of goods. On account of the cost of these stamps to us it is impossible for us to give them on charge accounts that are not paid promptly, yet wishing to give our customers who carry an account with us the very best prices and service possible, we have determined hereafter to give them to all customers whose bills are paid within six days of the date of invoice. When you get our invoice you can readily compute the time for yourself, and if it is paid within six days of the date we shall be glad to give the trading stamps, but positively no stamps will be given on accounts not paid within the six days.

Maxwell Hardware Co.

We announce the arrival of a solid
CAR LOAD of the celebrated
Simmon's Metal Beds and Springs

direct from the factory and can fill your wants in
in any pattern or finish of Bed or Spring you desire

Simmons Steel Beds from \$ 6.50 Up
Simmons Brass Beds, from \$17.50 Up

Every article made by Simmons is fully guaranteed. You should
see the new patterns. May we show you?

We received this week a solid car load of gas stoves direct from the factory of the A-B Stove Company at Battle Creek, Michigan, and we are now showing 17 models of gas stoves and ranges. We even have them with electric lights and self starter. That's a fact. The A-B Stove took the gold medal at San Francisco, at the Panama-Pacific Exposition, which is a good reason you should see this line if you need a gas stove.

Remember—The A-B Stove, the stove up-to-date. As easy to keep clean as a china plate.

Autopolo Players Coming to Wichita Falls

The Savidge Bros. Autopolo players are to be at Lake Wichita Sunday, Oct. 22. This is beyond a doubt the king of dare-devil sensational hair-raising sport. They guarantee to turn the cars over at least three times during each game and to smash from one to six wheels. This act has been used as a feature attraction at all the big fairs throughout the north and east and no doubt will be exciting enough to please all.

The Wichita Falls Motor Company yesterday filed suit in the district court against Roy E. Campbell, alleging debt and asking for a foreclosure of lien.

B. P. O. E. will meet Monday evening 7:30, W. M. Bonner, Exalted Ruler, B. C. St. Clair, Sec'y.

The body of H. T. Vandever, 28, who died Friday night at the Wichita General hospital, was forwarded Saturday to his home in Scotland by the Hines Undertaking company. The funeral will take place there Monday the arrival of the relatives from Missouri being awaited.

LODGE DIRECTORY.

The Brotherhood of American Yeomen meet every first and third Friday night of each month at new Old Pelows' hall, 703 1/2 Seventh street, J. C. Robertson, Cor.

Wichita Grove No. 1087, Woodman Circle will meet in regular session at 2:30, Friday, October 6th.

The following directions as to how to cough are given by a physician in the Journal of the Outdoor Life:

"Fold your handkerchief so that it is about five inches square. Place it flat in the right hand, if you are right handed, and with this hand hold it tightly over the mouth. Press the hand on the mouth, as to hold it loosely over the mouth will not accomplish the purpose. Now instead of coughing and trying to muffle the sound in your throat or mouth, muffle it with your handkerchief. Practice it until a person ten feet away cannot hear you."

"The sound made in coughing is due partly to air passing over the vocal cords, partly to air going through the bronchial tubes and trachea, and partly to the resonance produced in the chambers above the trachea. This sound can be almost wholly avoided and the irritation to the lungs and air passages prevented by keeping the air passages open and letting your handkerchief do the muffling. Now instead of expelling 150 cubic inches of air at each expiration, you will expel a smaller amount, with more comfort to yourself and to those around you and with much less harm to your lungs."

Knights of Pythias meet Tuesday night at 706 1-2 Seventh street. Initiation in the rank of Esquire, all visiting knights welcome. H. P. Hodges, C. C.

(See Daily Record Announcement on back page.)

HARMONY

is not only a property of music
Our Earnest, Sincere Aim

Is to do and build a Drug business in Wichita Falls that will be suggestive of "HARMONY" in the smallest transaction as well as the larger ones. To do this, we can only expect to give our patrons all the requirements embodied in the word.

MASONIC TEMPLE DEDICATION OCTOBER 25 TO BE NOTABLE OCCASION IN LODGE ANNALS

Wiley Blair, Chairman of Executive Committee in charge dedication plans.

Considerable preparation has been made for the forthcoming dedication of the new Masonic Temple, which is to be celebrated on October 25 with appropriate ceremonies, much of which will be open to the public, including an opportunity to inspect the handsome new three-story building at the corner of Tenth and Scott, Jewel F. Lightfoot of Austin, last grand master, will deliver an address.

An executive committee has been organized, which will have charge of all the arrangements incident to the occasion, of which Wiley Blair is chairman, with the following assistants: P. H. Cox, Frank Collier, J. A. Richolt and W. Y. Hammock. To this committee has been delegated the work of planning for the event, as well as the appointment of the committees necessary in carrying out the program. Additional committees announced included the following:

Committee to receive and entertain the grand officers who will officiate at the dedication: Worshipful Master, W. A. Hammock; J. A. Kemp, W. H. McGraw, W. W. Gardner, J. H. Cox, A. H. Britain, Wiley Blair, all of this city and the following residing outside the city but in this district: P. H. Mashburn, Parkhurst; Deputy Master, L. G. Hawkins, Vernon; W. E. Forney, Archer City; T. E. Turner, Henrietta; T. C. Thatcher, Oklahoma City.

General reception committee which is to act as host to all visiting Masons: G. C. Wood, chairman, John W. Thomas, vice chairman, W. E. Elshberger, C. W. Richolt, A. H. Carrigan, Dr. R. C. South, Leon Lamb, Dan Ashmore, M. J. Gardner, Harry J. Sauer, M. L. Barasas, R. G. Harvey, C. H. Thompson, N. Henderson, L. C. Hraney, Dr. S. H. Burdick, Burton Clayton, N. M. Ottwell, F. M. Galt.

L. W. Corbett, A. H. Karrenbrock, C. H. Harbison, J. W. Karkhner, Stanley Field, Morris Marcus and T. J. Taylor.

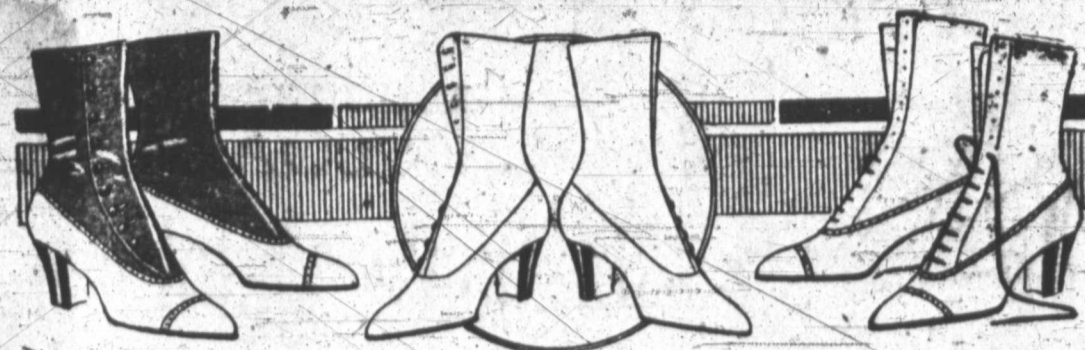

C. W. Snider, was appointed chairman of the committee on decorations for the occasion with authority to select other members of the committee to assist him. The committee on refreshments consists of the stewards of the lodge as follows: E. H. Friberg, J. S. Elliott and Phil Kleinman. The committee on printing consists of Ed Howard and Wiley Blair.

The worshipful master has been authorized to send invitations to all lodges in this section and it is expected that there will be a large out-of-town attendance at the dedication ceremonies. There is also a committee on invitation J. A. Richolt having been named as chairman with authority to select his associates.

There will be a general meeting of the chairmen of all the committees at three o'clock and the executive committee requests that all be present for further perfect plans for the dedication.

It is planned to have as much of the exercises as possible open to the public, and a feature of the occasion, which will be open to the public, will be an address by Hon. Jewel F. Lightfoot, past grand master, a 32nd degree Mason and one of the most interesting and entertaining speakers in the state. His address will be delivered on the afternoon of the 25th at the Wichita Theatre.

It is announced that the program as fast as it is completed, will be given to the public through the press, but at present there are many details yet to be arranged. It is understood that one of the most elaborate banquets in the history of the city will be spread

on that occasion and the order plans to keep every house during a part of the day in order that the public may visit the new building and inspect the handsome fixtures to be installed.

The new furniture has already arrived and is being unloaded and it is expected that the Temple will be thoroughly equipped prior to the date of dedication. Members of the order are very proud of their new home, which is one of the most substantial and attractive structures in the city and a splendid monument to the enterprise of the membership of this organization, as well as a credit to the city of Wichita Falls.

BANISH GLOOM IN SUNSHINE

Nothing Like Plenty of Good Daylight to Drive Away Sickness and the "Blues."

If everyone could only realize the tonic effect of a little sunshine we would be both healthier and happier.

Cover some green grass with a piece of carpet for a month and note the result. The grass will have completely changed. It will have lost its color and become almost white. This is exactly what happens to people: If you live in dark, gloomy rooms you cannot be rosy or entirely healthy. Not only does lack of sunshine impair your health, but it affects your mental attitude. You cannot be an optimist and live in a gloomy place, and who wants to be a pessimist? Many of the most dreaded germs are completely annihilated by a continued application of sunshine. This is the reason all modern hospitals are built on the pavilion plan, which admits light on all sides.

Disease germs are not the only variety that dread the light. The germs that breed discontent,

pettiness, jealousy and real unhappiness are all bred in darkness.

Did you ever try a brisk walk in the bright sunshine when you seem to be completely surrounded by all sorts of "glooms"? It is a simple remedy; not a costly one, but efficacious. One hour of such treatment will usually rout a whole regiment of these pests.

If you haven't the energy for a walk, put on wraps to keep you warm and sit in an easy chair in the corner of the porch. In lieu of the porch try raising a southern window and sit where the sun will shine on you. If your gloom has not vanished in an hour, you should consult a doctor who doubtless will prescribe for a sluggish liver, for a sick liver will make even rosy glasses reflect a dark glow.

He Probably Would.
"I am looking," remarked Diogenes, "for an honest man." "And what will you do when you find him?" "I dunno, I'll probably have to lend him money."

Daily Thought.
Our grand business is, not to see what lies dimly at a distance, but to do what lies clearly at hand.—Carlyle.

Work.
"Work is not man's punishment; it is his reward and his strength, his glory and his pleasure."—George Sand.

Optimistic Thought.
It is not the greatness of a man's means that makes him independent so much as the smallness of his wants.

Announcing the Opening of Keister School of Economy

Mrs. Paul Fowler wishes to announce the opening of the Keister School of Economy Monday, October 16, in the new Masonic Temple. The Keister designing and drafting will be taught by Mrs. Fowler, who has completed a post graduate course in Ladies' Tailoring in the Keister College at St. Louis. Cutting fitting and making of the latest styles of Evening and Afternoon Gowns and Coat Suits and Coats will be taught, and Gowns will be cut and fitted, and may be completed by the owners under the supervision of Mrs. Fowler at the rate of \$1.00 per day.

We respectfully invite the ladies of the city to call and investigate the plans of the establishment, and learn for themselves the economy offered in this school of dress making.

Keister School of Economy

India's City of Discontent

PROCESSION OF STATE ELEPHANTS

THE query on the lips of those who know India is whether the new viceroy, Lord Chelmsford, will be able to soothe the "City of Discontent." This is Lahore, writes Charles M. Pepper in the Washington Star. There are plenty of other discontented and dissatisfied sections of India, but it is the unspoken belief that whoever can keep Lahore quiet can tranquillize the rest of India.

Lahore is well to the north. It is the capital and commercial center of the fertile Punjab. This is known as the five-river region, because of the important streams which water it. Lahore itself is on the River Ravi.

The Punjab, by means of its rivers, has been enabled to develop a very complete system of irrigation canals. Its wheat crop helps to feed England and to stabilize prices of food in the United Kingdom. It also has abundant crops of corn, oil seeds, cotton, jute and rice. It is the most varied and productive agricultural region of India.

Lahore is the gateway of northern India. The railway runs to Rawalpindi and beyond to Peshawar, at the mouth of the Kabul pass into Afghanistan.

Lahore also is considered the gateway to and from Kashmir. A splendid highway runs from Rawalpindi to Srinagar, the capital of Kashmir. The small coaches and the bullock carts once monopolized this road, but the automobiles now have crowded them out, although there is still some traffic by means of the bullocks.

There is also another road from Lahore to Srinagar, more direct but less convenient and consequently less traveled. The commerce of northern India which reaches Lahore flows out through the port of Karachi, on the Arabian sea. There is through railway communication.

The railways also keep Lahore in direct communication with Bombay and Calcutta, so that as the city of discontent it is in touch with the discontented elements in all parts of India. The city itself is industrial center. There are cotton and flour mills, potteries, metal-working and numerous minor industrial activities. There are also the hand looms, since the mills have not yet entirely displaced this ancient form of Hindu weaving.

Punjab Museum is interesting.

The Punjab museum, for those who wish to know something of the industrial life, is the most interesting place in Punjab. The Buddhist sculptures from Peshawar are very striking. There are carpets and rugs and glazed tiles, mosaics, pottery and examples of exquisite metal-working, along with screens and doors which illustrate the delicacy of the lacquer wood carving.

There are also the old doors of the sixteenth century, in themselves an interesting exhibit. Then there are numerous drawings and reproductions by art students.

The most interesting exhibits, however, are the thronings of native visitors, whose comments are very characteristic. A local munshi, or teacher, who showed me through the museum, interpreted some remarks of one of the Punjabese visitors as expressive of his satisfaction that there was "nothing English" in the museum. There is, however, a great deal that is English in Lahore.

Out Shalimar gardens way are numerous English bungalows, and also the English college in the Lawrence gardens, which is at once a tribute to British educational policy and a monument to the progressive Englishmen who have not been afraid to teach the natives lest that should increase their discontent. The group of college buildings are not out of harmony with their environment.

The government buildings, while comfortable, are not imposing. They are in the midst of shaded grounds and their graceful towers and arcade balconies are in keeping with the surroundings.

The Shalimar gardens usually are described in the tourist guide books as hanging gardens. They lie beyond a half-ruined, Muslim village. There are three terraces, or grassy platforms, almost distressing in their mathematical

regularity, with squares and rectangles and with shallow lakes and fountains. Their shady walks have not been spoiled by overmuch landscape gardening, as is the tendency in India, where usually the ruling race seeks to add a few layers of ornamentation to the architectural traditions of the ruled race.

Tomb of Jehangir.

Jehangir's tomb is one of the chief historic attractions of Lahore. The mausoleum is on the bank of the Ravi river, which is now crossed by a fine bridge instead of the bridge of boats of old. There are four towers at the corners of the tomb. The mosaics and the marble inlaid work are the most beautiful features of the mausoleum. There is an inscription in the Urdu vernacular, reciting that it is the burial place of "Jehangir, the conqueror of the world."

Jehangir's conquests were many and thorough, and fill a great space in the history of the Mohammedan invasion of India. But the world was larger than Jehangir and his contemporaries knew, and there was even more to India itself than they realized. The world of India, which he conquered, did not remain vanquished, and much of it fell away from his successors. Nevertheless, the Mohammedan preponderance continued and the domes and minarets of the mosques still dwarf the temples of the Jains and other Hindu sects.

Anarkali's tomb is also one of the sights of Lahore. He was known as "the Lion of Lahore." The dome building in which is held the yellow marble coffin that contains Anarkali's remains is now occupied as a government office without detracting any from the greatness of "the Lion of Lahore."

The English section of Lahore is a fine and spacious Anglo-Indian town, with an abundance of shade trees, wooded arcades and palms. The real Lahore, the actual city of discontent, is something very different. Many of the streets are as narrow as alleys, with the balconies and roofs elbowing one another. In these alleyways are some unusually fine examples of clay and wood carving, and of lattice and lacquer work. It is here that the native life puls and seethes, and resents interference. Yet there are some concessions from the native customs. A Hindu "barker" in European clothes and with the helmet hat of the Englishman, crying the attractions of a sideshow, was one of those which I noted. Another was a group of Mohammedans playing cards with English cards. Nor was it what they were playing, either. Yet next to them was seated a naked fakir, or priest, discoursing to a group of devout disciples—a real picture of native life.

The Muslim preponderance, historically, in Lahore, and possibly numerically, raises a question why it should be the city of discontent, since the Mohammedans are mostly loyal and are the mainstay of British rule in India. But there is such a mixture of native races and religions in Lahore that no sect has any real preponderance. Apparently, discontent gravitates there because of the medley.

Proper Care of the Feet.

A frequent footbath is not only soothing and refreshing but is beneficial to the health of the feet and that of the entire system. The foot is an excretory center and by keeping the pores clear and free the waste matter of the system is removed. A good footbath for nightly use is composed of water as hot as it can be borne in which a little powdered boracic acid has been dissolved. Let the feet soak for five minutes, wash them off in cooler water and finish with a good brisk rubbing of cold cream.

All Through.

"How did you manage while I was away, denier?" asked wife as her husband met her at the station.

"I kept house for about ten days and then I went to a hotel."

"A hotel? Why didn't you go on keeping house?"

"I couldn't. All the dishes were dirty."

Art's Annual Out-Of-Pawn Diamond Sale!

An Event That Will Make History in the Sale of Diamonds
....163 Stones That Will Be Sold at Loan Value....

Monday The Big Event---All This Week Are Important Days

Pursuant to our plan established several years ago, we shall this week offer all of the un-redeemed diamonds now on hand in one big price-cutting sale that will start Monday morning and continue all week. There are 163 of these stones, taken in during the past year on loans, averaging about half their value. They are set in rings, lavaliers, brooches, ear screws, studs, etc., and among them are some of the finest gems we have ever owned.

REGARDLESS OF THEIR VALUE THEY WILL BE SOLD AT THEIR LOAN VALUE, AND WE STAND READY TO MAKE THIS STATEMENT GOOD WITH OUR POSITIVE GUARANTEE.

In other words, anyone buying any of these stones, and becoming dissatisfied with it within 30 days can return it and get their full money back in cash.

Here Are Some Of The Gems Described In Details

- No. 1979—One all white gold Tiffany ring, set with genuine blue steel perfect diamonds, weighing 1.32-100 carats, regular value \$400, this sale price \$298.00

"AT THE SIGN OF THE DIAMOND RING"

FUNSTON SAYS ORDER TO GUARD WAS NECESSARY

San Antonio, Texas Oct. 14.—When you men of the national guard were called out, of course you expected to go 'snapping' across the border, and

let me assure you, that when history is written it will show that the calling out of the national guard in June, was no child's play—that it was a question of hours.

General Frederick Funston, commander of the border troops, made the foregoing statement tonight at a dinner given by the Third and Fourth Illinois Infantry.

"The reason for calling out the guard was that it was absolutely necessary," the general continued, "all of you will know why some day. And I do not think there has been a time when it would have been safe to reduce the number of men on the border."

The general declared that he did not speak merely to the soldiers present, but to all members of the guard.

and requested his hearers to tell their companions that they have his fullest confidence.

DISAPPROVES WORK OF COURT MARTIAL

General Bell Comments On Acquittal Of Officer who was Recently Tried.

San Francisco, Oct. 14.—Major Edwin

Franklin Bell, commander of the western department, disapproved today the findings of the federal court martial which recently acquitted Ogdon J. Rafferty, retired, of a charge of improper relations with the wife of a fellow officer. General Bell, in his review, said that "the uncontroverted evidence submitted by the prosecution demonstrated the existence of a situation which in the mind of the reviewing authorities is incompatible with the innocence of the accused."

The result of General Bell's disapproval is to deny Col. Rafferty the vindication of an acquittal but it does not affect his rank or pay in the army, nor does it open the way to retrial.

\$120 RAISED TO SEND TOWERY TO MINERAL WELLS. Constable Will Allen yesterday secured subscriptions to the amount of about \$120 to a fund with which to send William Towery to Mineral Wells in the hope that the water at that place will give him relief from rheumatism, with which he has been suffering now for more than a year. Mr. Towery was here for a number of years connected with the city police department and as special officer for the Deaver and has many friends in the city who contributed readily to the fund and who trust sincerely that the waters of this noted health resort will bring him relief. He has made a courageous fight and while he was able to be down town yesterday, he is still feeble from the effect of the affliction and his long confinement.

SUIT FOR \$15,000 DAMAGES IS FILED IN DISTRICT COURT. Suit was filed yesterday in the district court by W. M. Barnes against the Fort Worth & Denver City railway for damages in the sum of \$15,000 for alleged personal injuries while a passenger on that road. The defendant sets forth in his petition that he purchased a ticket at Electra for Memphis, Tex., and while at Electra, when the train was being coupled, he received such a jolt as to result in serious and permanent injury. W. F. Weeks is attorney for the plaintiff.

ARSON SUSPECT IS ALLOWED TO LEAVE. Woman Arrested Following Attempts to Burn Houses near New Orleans. Mrs. J. F. Smith, the Mexican woman arrested last Sunday morning in connection with attempts to burn two houses belonging to J. W. Culbertson, has left the city and the agitation which resulted from her release on \$500 bond has ceased. She has gone to New Orleans. Her departure from the city was the result of an agreement between attorneys for herself for the state and for Mr. Culbertson. Residents of the neighborhood where she attempts were made, who have spent some uneasy nights since last Sunday, did not object. Mrs. Smith readily made the \$500 bond fixed by Justice J. P. Jones. Rev. Father Coyne of the Catholic church being one of her sureties. While there was some criticism relative to the amount of the bond, it was stated yesterday by officers that the woman could have furnished bond in any reasonable amount. After the woman made bond and was released, Mr. Culbertson filed another complaint in Justice Howard's court. This complaint was dismissed as it was considered that the bond in the first case was sufficient to insure the woman's appearance before the grand jury. The woman's daughter, who was in the employ of the Culbertson family, has returned to the convent where she was a student before coming to this city. R. T. Eads, commissioner-elect from the Burk Burnett precinct, was taking active business in the city yesterday.

Advances In All Lines Foreseen By Our Corps Of Buyers

Delving into the future, anticipating the high price of cotton and the extreme advance in all lines of merchandise, the buyers for THE PERKINS-TIMBERLAKE SYNDICATE in their Eastern trip this Fall made very heavy purchases, and buying as we do for 25 stores, in enormous quantities, we were able to secure merchandise at a price much lower than merchants who buy for one store, thereby allowing us to offer you a great many lines at old prices.

Our Monday's Display Will Reveal Many New Suits and Coats.

An exhibition superb of exquisite Autumn styles. They are garments you must see. Coats, in a varied assortment of models and fabrics. Some very elaborately trimmed with fur. A complete description of these charming coats is unnecessary as we are sure you will see them. Priced at \$9.85, \$12.50, \$14.75, \$17.50, \$24.50, \$29.50 and \$39.50. Suits in velours, broadcloths, vicuna cloths, and all leading fabrics in Autumn's newest shades. Bought in large quantities. These suits are featured \$19.50, \$24.50, \$29.50 and up to \$45.00.

We Have Looked Well to the Needs of the Boys and Girls. The little folks can be clothed at this store at a great saving. What Society is doing

PATHFINDER CLUB MEETS WITH MRS. M. A. BECKMAN

New York City formed the study topic of the Pathfinder program, the meeting being held Friday at the home of Mrs. M. A. Beckman. Mrs. D. K. Bell was leader and the members answered roll call with quotations from Washington Irving. Miss Hazel Hunter later giving a sketch of his Knickerbocker History of New York. Miss Tula Stokes told of the coast defenses of New York. Mrs. R. H. Gracey described the churches and Mrs. C. M. Demere told of the educational advantages of the great metropolis. The city parks and museums formed the subject of a paper by Miss Alice Hunter. A short business session was held. Mrs. S. H. Burnside being elected a delegate to the state federation to convene at Sherman and then the hostess served a delectable salad course. The name of Miss Winnie Benbow was accepted for membership. The members present were: Misses Tula Stokes, Hazel Hunter, Celia Stoyan, Alice Burnside, Flora and Rose Reisenberg, Emma Smith, Mesdames Demere, Bell, Beckman and Gracey.

SERIES OF ENTERTAINMENTS AT MONTGOMERY HOME

The close of the week just passed was marked by a delightful series of entertainments at the J. P. Montgomery home. Mrs. Montgomery and her mother, Mrs. M. M. B. Darnell entertained on three different occasions. Friday morning and Saturday afternoon the diversion was a bridge game and on Friday evening Judge Montgomery was added to the list of entertainers. A 42 party being held. At this latter party it was especially remarked that with but three exceptions the guests were all what are popularly termed "old timers." The three affairs were characterized by the usual informal hospitality of this home and the hostesses.

PROF. AND MRS. JONES ENTERTAIN FACULTY FRIDAY

A seven o'clock dinner with an evening of informal pleasures to follow was the hospitality extended to the high school faculty by the principal, Prof. J. B. Jones and his wife Friday evening. Dinner was served in cafeteria style from a beautifully decorated table. La France roses forming the favored flowers. The request over-readiness by little Miss Ena Evertou were enjoyed a reading by Miss Dav

THIS MIGHTY PRICE REDUCING SALE LASTS 15 DAYS ONLY

STORE WILL BE OPEN EVERY NIGHT UNTIL NINE O'CLOCK IT'S NO DISGRACE TO TELL THE TRUTH I AM FACE TO FACE WITH TROUBLE

I Am Overstocked! Overbought! Since my return from New York I have received a carload of merchandise. The price was there, quality too, and I have laid in a supply of **\$25,000.00 WORTH OF FALL AND WINTER GOODS**

Cotton to Go to 20c a Pound
That's what I was told in New York. Don't you hold your cotton because I make this statement, but all indications are that cotton will continue to go up—and of course everything else with it is going up and you know it.
Saul's prices are still the same. I am well protected on all staple goods and have contracted for plenty to last me a good while. You should appreciate a sale of this kind, considering that everything is going up.
Be Here Early Wednesday, October 18th

STANDARD AMERICAN CALICOES 10 YDS. FOR 59c

THE TRUTH

Told by advertising and backed by genuine bargains will bring the people to Wichita Falls from a radius of 100 miles. Remember, NOW is the accepted time. I will fight the battle of my life. Fire, smoke, water and bankruptcy sales backed up by the sheriff COULD NOT make the prices I will for the next fifteen days, Beginning Wednesday, October 18th at 8 a. m.

\$1.25 UNION MADE OVERALLS BLUE OR STRIPED 89c

Ladies, Please Note
6 lady clerks will take pleasure in waiting on you on Saul's Bargain Balcony, we'll try and make it as nice and pleasant as we possibly know how. Every article in the store will be marked in plain selling figures. Come and participate in the season's most wonderful bargain sale. Don't forget to be here Wednesday morning to get one of the 50 packages free.
SAUL'S

Special Notice to the Public
There are thousands of articles which space will not allow us to mention, which will be sold on the same basis as prices listed in this circular. Much of this stock will be shipped out in 15 days for less than the actual cost of the raw material, leaving the labor entirely out of the question.

Store Closes

Store will be closed all day Tuesday, Oct. 17th to mark down goods and arrange for the Biggest Sale in the history of Wichita Falls. Doors will open Wednesday, Oct. 18th, at 8 o'clock sharp.

\$3.95 for sport coats, worth \$8.00 and \$10.00, choice **\$3.95** | **\$5.95** for choice any woman's cloak worth up to \$15.00 **\$5.95**

Saul's Personal Guarantee

My guarantee goes with every purchase you make. Some of the clerks will make any misrepresentations during this gigantic sale, or during any other time you trade with Saul. I also guarantee every item advertised to be exactly as advertised, of course some articles may be sold out the first day—hence come early and get yours first. Sale starts Wednesday, Oct. 18, at 8 o'clock sharp.

Don't Fail to Visit Saul's Bargain Balcony, Miss Audie Watts is in Charge. Geo. P. Ide Silver Collars 10c Each

A Few Don'ts

- Don't attend this great once-a-year sale unless you want to save money on everything you buy. Don't come after the best things are gone.
- Don't wait for your neighbor to come and tell you what bargains they got at Saul's Camp and get there yourself.
- Don't phone in your orders, don't be in a hurry to get through with your buying. Look through the stock carefully, don't expect to be entered or topped by anything that is advertised in this circular. Don't hesitate to just come and look around, you'll be just as welcome.
- Don't be in a hurry selecting your bill of goods, do it slowly and be satisfied with everything you buy at Saul's.
- Don't forget to be here early Wednesday morning to get one of the 50 free packages, 2 of them containing \$5.00 bills.
- And don't, above all, forget to tell your friends about this Once-a-year event, tell them where it is and when it starts.
- Doors open Wednesday morning, Oct. 18.

\$50 Valuable Packages will be given away FREE. Two packages will contain a \$5.00 bill each.

The first 50 customers entering my store will get a valuable package FREE. All the 50 packages will look alike. They will all be placed on one table and you will do your own picking. Two of these packages will contain \$5.00 in cash. Better hurry and be here early.

WEDNESDAY, OCT. 18. Doors will open at 8 a. m.

Men's \$18, \$20 and \$25 Suits

50 to select from. Choice any suit in Saul's store—during this great sale.

\$12.48

You will have to do your own alteration, if it will need any. Come, look them over—you will find the greatest suit values you ever saw. Blue Serge, included, None reserved. All must go. Sizes 32 to 46. Come compare them with suits that others ask for \$18.00, \$20.00 and \$25.00. You can take any one for \$12.48.

Get Tickets

For Automobiles. Don't forget ask for the ticket with every purchase you make.

A Sale that will astonish and bewilder, practicing on the memory of mortal man, an event of price wrecking that time cannot erase. No postponement. Sale positively starts Wednesday, October 18th at 8 a. m. sharp. Pay no attention to hearsay; visit this sale of marvel and see the evidence. This is not a sale on the order of so-called many bargain sale, but a legitimate, bonafide sale to liquidate this \$25,000 stock and turn it into cash. It will pay you to come 100 miles to visit this sale. There will be a crowd, but you will be jostled by pleasant good natured people.

PRICES OF LEATHER GOODS ARE GOING SKY HIGH, YET SAUL REDUCES PRICES ON HONEST LEATHER SHOES.

Mr. Elmer Ward will take care of your shoe wants, a \$10.00 shoe sock at your disposal. Every pair marked in plain figures.

What Saul Did In New York
I didn't go to New York just to see the big city and have a good time. I went there with one object; to find the best bargains obtainable and I succeeded in spite of the fact that everything is going up. I sell my merchandise cheaper than anybody in town. I lived in New York for six years and knowing the market as well as I do, I had no trouble finding goods at my own price. I bought close to \$25,000 of merchandise, it will surprise you to see the size of my stock.
My store is 100 feet deep and is chock full of honest and dependable merchandise, besides I had a balcony built, where I carry women's and children's ready to wear and piece goods.
Be here early Wednesday morning, October 18.

Be sure to get one of those 4-page Big Bargain Circulars: You'll find one at your door. If you don't, come and get one!

BOYS GET YOUR SUITS NOW
Beyond a doubt you will find here the largest and most beautiful line of boys suits in the city. We have them in any color, any size up to 20, most any material you like. Come in and have the boys fitted up. Prices range from \$2.39 to \$8.95. Size up to age 20.

SOCIETY

(Continued from Page One)
Monday afternoon. Circle No. 4 will meet at the same time with Mrs. Bert Bean.

MESDAMES SAMMONS AND BRIDGE

A most delightful bridge game was played Wednesday afternoon by day-club members at the Sammons home. Mrs. J. M. Sammons and Mrs. Nat Inge being joint hostesses. The three rooms of the card table were most attractive in their floral decorations of honeysuckle and roses, the arrangement being most effective. The close of the game was marked by a dainty salad service with dessert of Charlotte russe, the hostesses being assisted in the service by Misses Jessie Sammons and Maude Erwin. The high score prize, silk bag, was won by Mrs. H. E. Pounds, and Mrs. R. O. Harvey won the cut favor, a Japanese nut bowl. The list of players included: Misses Ethel Chamberlain and Ethel Cobb; Mesdames Waller, Gwynn Harvey, O. E. Maer, Harry May, T. R. Smith, E. E. Smith, Chesnut, M. Smith, R. D. Thornburn, Leola Shaw, Morris Marcus, Abe Marcus, Kahn, Friday-Poggenpohl, Warner, Ziskind, Zeigler, Greenwood, White, DuVal, Bolding, Martin, Pounds, Griffin, Humphreys, Motta, Terrell, Lyon, Robertson, Harry Weeks, W. M. McGregor, Carter, McGregor, Finley, Fulton, Adams, Avie, Arley, Art, Allen, Bibb, W. E. Cobb, Couper, Gates, Almond, Cullinan, Durning and Strub Moore.

NIECE OF JUDGE BRITAIN MARRIES AT SEYMOUR

On Thursday morning a wedding occurred in Seymour which was of much local interest. Miss Ruby Britain of that city, niece of Judge A. H. Britain, mayor of Wichita Falls, becoming the wife of Robert Grossman also of Seymour. The wedding was attended by only the immediate family and most intimate friends of the bride and groom. Mrs. Ector Lankford, sister of the bride, and Ben Irby were respectively matron of honor and best man. Judge and Mrs. Britain attended from this city. The bride has visited here on numerous occasions and has many friends here who will be interested to learn of this event.

MRS. CHENAULT HOSTESS FOR HOUSE GUEST

In compliment to her visitor, Miss Allen Whitcomb, Naugoches, Mrs. Nat Chenault entertained with a prettily appointed bridge party Wednesday afternoon, the guests including the younger society matron and the girls. Autumn foliage and roses lent added attractiveness to the handsome Chenault home and the game series was a most pleasant one. A hair ornament formed the high score prize, won by Mrs. F. D. Woodruff and the honoree was remembered with a box of three Japanese crepe handkerchiefs. A tempting collation of chicken salad, olives, wafers, potato chips and pineapple ice was served. The players included: Miss Whitcomb, honoree, Misses Flora and Rose Reisenberg, Myrtice Stringer, Mary Orth, Mable Simpson, Willie Mae Kell, Blanche Kahn, Bertha Mae Kemp, Kathleen Blair, Genevieve Carver, Louise Bullitt, Grace Nolan, Gladys Rheinhart, Alice Burnside, Nira Dent of Chicago, Carrie Dent, Margaret Burgess, Mesdames Wallace Little, Marchison, Newton Maer, Woodruff, Burton Stayton, O'Donohue, Wade Walker, Bentley Bacon, Wheat, O'Neal, Eugene Sherrod, Harry Baum, Walter Daugherty, Harry Cravens, Grayson, Walker, Will Gardner and the hostess' mother and sister, Mrs. Mathis and Mrs. M. R. Garrison.

FRIDAY BRIDGE CLUB PLAYS WITH MRS. MARCUS

Mrs. Morris Marcus was hostess to the Friday Bridge Club this week, there being the usual two tables of members present. At this time the membership was extended to include one more table, invitations being given. The prize for high score, a flower vase, was won by Mrs. Abe Marcus. The hostess served a salad course. The next meeting will be October 27 with Mrs. Abe Marcus as hostess. The members present Friday were: Mesdames W. B. Shepherd, E. O. Harvey, O. P. Marchman, Wade Walker, J. C. Straus, W. B. Larkin, Abe Marcus and the hostess.

UNITY CLUB MEETING WITH MRS. CARTER MCGREGOR

The Unity Club held a most interesting session Friday afternoon with Mrs. Carter McGregor the study being introductory Southern literature. Mrs. G. D. Anderson discussed three poems of sentiment and Mrs. Woodruff gave a paper on "Poems to the Mocking Bird." Three readings were given, "Lament of a Captive," Mrs. A. H. Carrigan, "The Grasshopper Singing," Mrs. G. D. Anderson, "Lullaby of the South," Mrs. T. B. Greenwood. After a round table discussion of several topics the hostess served a delicious salad. The members present were Mesdames Anderson, Carrigan, Darnell, Gorsline, Hunt, Greenwood, McGregor, Patterson, Robertson, Woods, Young, Zundelowitz and Miller.

ORCHESTRAS UNITE, ONE ORGANIZATION

J. E. Maddy Will Be Director First Year and E. Katz Second Year

A final consolidation of the two symphony orchestras recently organized here will take place this afternoon at a meeting at the Harrison-Everton Music Store, preliminary arrangements having been made at a meeting earlier in the week. It has been decided that J. E. Maddy will direct the orchestra this season with Prof. Ernest Katz as the director next year.

This agreement was reached by a committee from both orchestras, consisting of Messrs. Katz, Maddy, Templeton, Harrison and Coltham and one that has the approval of every member of both organizations.

Officers such as are needed will be elected at the meeting today and other business formalities gone through with. In addition rehearsals will be held and all members are requested to bring their instruments.

Suit was filed in the district court yesterday by Jewell Pierce against J. W. Pierce for divorce.

EXCLUSIVE STYLES

Women's Autumn Fashions

Distinctive and Out of the Ordinary

APPAREL FASHIONS

Of Distinction and Elegance

Reproductions of imported Paris models have been brought to a high state of perfection here. The individuality of the master designers is as pronounced in each perfect copy as in the original. The careful workmanship emphasizes the supreme beauty of each design.

Prices Extremely Moderate

FURS Lead The Way To Fashion's Realm

Whether your coat be long or short, it must have a huge collar of Fur; your frock, and even your blouse may boast a fur band, and to top it all your chapeau may be smartly trimmed with Fur ornaments. 'Tis surely a season of Furs. Never were our stocks better prepared to meet the demand than now.

Women's Exclusive Autumn Coats

Superb showing of Afternoon, Evening, Street and Motor Models, \$15.00, \$20.00, \$25.00, \$30.00, upwards to..... **\$90.00**

'Jeunes Filles' Dresses

Misses' Dresses \$12.50 to \$25.00

A most unusual latitude governs the styling of Baum & Gardner dresses for misses of 14 to 18—so that each individual young woman may find a model expressive of her particular type and personality.

Petticoats

New and Different

Satin de soie is the newest material for petticoats to be worn with afternoon dresses, as it comes in the faintest pastel shades; peau de cygne and messaline are as popular as ever, while taffeta petticoats still rank first.

Special Showing of Ladies' Hats

To Vimont and Mangin-Maurice are credited these authoritative Parisienne styles in Chapeaux for the fashionable matron, which are now showing in the most charming of models.

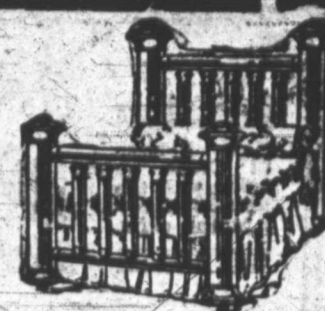

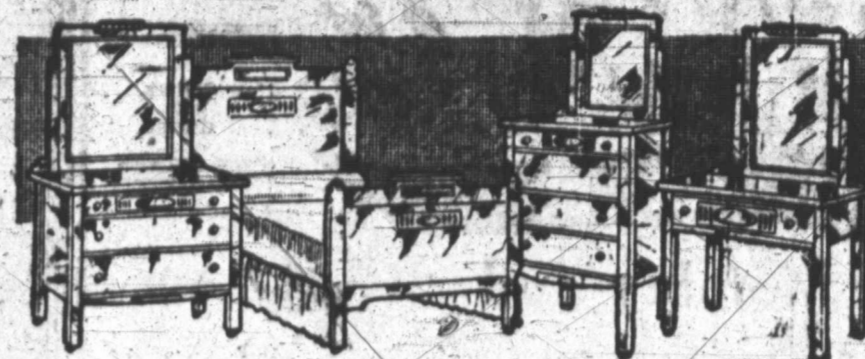

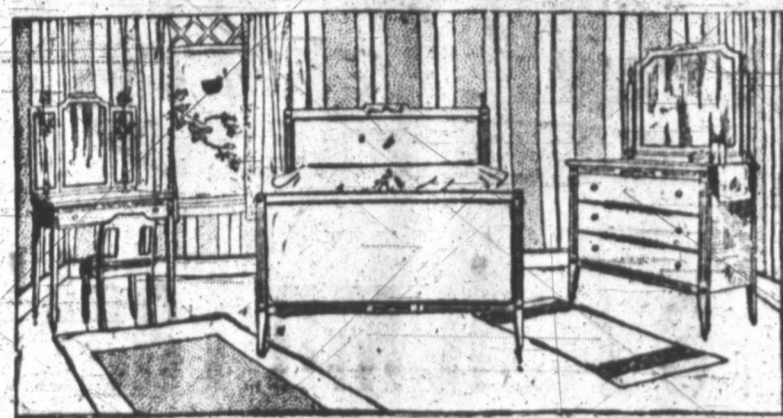

Featured, too, is a collection elaborately varied in the attractiveness of designs and treatments, modeled on the most approved of Paris in our own workrooms and by American designers of note who specialize in Chapeau for matrons. Copies of the smartest of French Hats, \$7.50 to **\$25.00**

GETTING READY FOR RATE FIGHT

SOME OF THIS CITY'S INTERESTS VITALLY AFFECTED BY NEW SCHEDULES

TO ATTEND HEARING

Wichita Falls to Be Represented at Meeting in Washington Next Thursday

With some of Wichita Falls' leading industries seriously affected by the new Texas rate schedule which goes into effect November 1, local interests will take an active part in the fight which is to be made on these rates, and this city will be represented at the informal hearing to be held before the Interstate Commerce Commission next Thursday.

Notice of this hearing was given in the reply to the protest wired by the Chamber of Commerce Friday, the reply received yesterday morning, being as follows: "Message concerning Fonda's I. C. C. 22, informal hearing will be held to a m. Thursday, October 19 before committee of representatives at Washington, respecting any of the proposed rates, rules or regulations contained in the tariffs to become effective November 1. Filed in response to commission's order in case No. 8118 that are alleged to be in contravention thereof. (Signed) G. B. McGintie, Secretary."

Meetings will be held Monday at Dallas by the grain men of North Texas and by the wholesale grocers. Frank Kell will attend the grain meeting and Wiley Blair will attend the grocers' meeting. Mr. Blair late Friday sent out a letter to members of the North Texas Wholesale Grocers' Association, urging their attendance at the meeting, which had previously been called by Herbert Hughes of the Blair-Hughes Company. Mr. Hughes is president of the association.

While grain and grocery interests are vitally affected by the rate schedule, several other commodities manufactured in this city will also be put at a disadvantage in competition with points out of the state, if the rates are permitted to become effective. Window glass is one of the articles that would be considerably affected by the new rates.

The new schedule carries increases on several commodities and classes of freight. For instance, the rate on grain from Wichita Falls to Dallas is advanced from 22 cents to 30 cents; the rate on window glass from Wichita Falls to Dallas is advanced from 19 cents to 24 cents, with many other increases of a similar nature. With these advances in effect, Wichita Falls shippers would find it difficult, if not impossible, to compete with concerns out of the state, whose rates into the territory in question are not advanced. The failure to advance rates from out of state points is but one peculiar

feature of a rate situation that fairly bristles with peculiar features. The dispatch from Apache Saturday, stating that Attorney General Looney had filed suit against 24 Texas railroads to enforce the rates laid down by the state commissions, as against those prescribed by the Interstate Commission, was received with interest by local shippers, but they did not feel that it was of importance, serving only to complicate an already thoroughly complicated situation. At the meetings to be held in Dallas tomorrow, representatives will be chosen to attend the hearing in Washington. It is almost certain that Mr. Kell will be chosen, by reason of his familiarity with the rate situation.

ARRANGEMENTS FOR VISIT OF CREAGER

Many Democrats Among Those Asked to Serve Upon Reception Committee

Plans for the reception of R. B. Creager, republican candidate for governor, who will speak at the Wichita Theatre Wednesday, have been completed, the names of a number of democrats appearing on the committee appointed for the occasion. Mr. Creager will arrive Wednesday afternoon on the Wichita Valley from Abilene. The following constitute the reception committee: O. P. Maricle, J. H. Weidman, I. H. Roberts, V. E. Stampfl, B. D. Bonnell, E. P. Haney, C. W. Snider, Otis T. Bacon, F. M. McKinley, T. R. Smock, Edgar Scurry, Dan Hardy, B. J. Bean, Eugene Leopold, J. C. Ward, C. N. Reid, W. M. McGregor, Marvin Smith, N. Henderson, O. Bullington, Joe Lee, C. D. Willard, J. L. McConkey, J. D. Cooper, J. T. Gibson, Barton Stanton.

The following have been invited to sit on the platform: Mayor A. H. Britain, R. E. Huff, W. H. H. Thatcher, H. M. Canble, Wm. Morhiser, A. Zundelwitz, M. J. Gardner, J. J. Lory, J. A. Richolt, P. P. Lanford, Frank Kell, J. A. Kemp, C. W. Snider, Wiley Blair, I. H. Roberts, Otis T. Bacon, Edgar Scurry, Harvey Harris, E. W. Nicholson, W. N. Bonner, E. A. Dale, C. L. McCullough, E. A. McCleskey, J. M. Bland, W. R. Ferguson, W. W. Gardner, Rev. Walters, Rev. Andrews, Rev. R. C. Miller, Rev. Grafton, D. A. Richardson, Rev. Fred Dutton, E. P. Haney, B. D. Donnell, C. W. Bean, T. B. Noble, Ed. Howard, A. H. Carrigan, J. H. McConkey, Captain H. G. Hobbs, Rev. A. D. Rice, O. P. Maricle.

GOES TO DALLAS TO JUDGE EXHIBITS OF BOYS' CLUBS

A. K. Short, agricultural commissioner of the Fort Worth & Denver has gone to Dallas, where he will judge the work of the boys' clubs at the State Fair. Mr. Short will be absent several days.

Two cases were heard in the justice court yesterday morning by Judge W. J. Howard, one defendant being fined \$10 and costs on a charge of vagrancy, while the other was taxed \$1 and costs on a plea of guilty to drunkenness.

MASS MEETING FOR AMENDMENT

MOVE STARTED TO CARRY THIS COUNTY FOR IT AT NOVEMBER ELECTION

NEEDED BY SCHOOLS

Plans Made for Meeting Here Saturday to Line Voters up for Measure

Plans are under way for a mass meeting in this city next Saturday in the interest of the constitutional amendment to be submitted at the November election. It is expected that a formal call for this meeting will be issued shortly.

The amendment in question removes the limit of 50 cents on the \$100 valuation, for school purposes, and permits districts to vote a tax not to exceed one dollar on the \$100 valuation. Wichita Falls is particularly interested in the amendment by reason of the fact that the 50 cent tax here has been found insufficient to meet the growing educational needs of the city. While the other communities in the county do not need increased taxes, the fact that the constitution makes it a local option proposition will win it support in Electra, Iowa Park, Burk Burnett and the other voting boxes, it is believed. A determined effort is to be made to carry this county for the amendment and a definite movement will be inaugurated next Saturday at the meeting. Superintendent Clark of this city and Prof. J. D. Bird of Burk Burnett are taking the lead in the matter.

IOWA PARK STOCK LAW EFFECTIVE ON NOVEMBER 5

The stock law, which was recently voted at Iowa Park will go into effect on November 5, it is announced and preparations are well under way by the citizens there to meet the requirements of the law by keeping their stock in pens. Electra has also recently voted a stock law the result being very close those favoring the measure having a majority of only two votes out of 106 cast at the election.

WICHITA SOUTHERN DECLARES DIVIDEND

Ten Per Cent is Paid To Stockholders of Rapidly Growing Concern

At a recent called meeting of the directors of the Wichita Southern Life Insurance Company a dividend of ten

per cent was paid October 1. This company has been uniformly successful since its organization, and at the present rate of progress is soon to become the largest institution in not only this city, but in Northwest Texas. In five years time its assets have grown from \$160,000 to over \$600,000 and has approximately at this time \$3,000,000 of insurance in force with well satisfied policy holders.

This is the only life insurance company having its home offices between Fort Worth and Denver, Colo., and is now the largest and strongest

company between Dallas and California.

The company in the vast territory comprising the western half of Texas and Oklahoma and the eastern half of New Mexico is rapidly building up a practice and an influence which is surpassing the expectations even of those who have been identified with it from the beginning.

BRAKEMAN IS INJURED IN ACCIDENT AT FREDERICK (Frederick Leader) T. B. Perry of Mangum, a brake-

man for the Wichita Falls & Northwestern, while trying to block a car out on the "Y" in the Frederick yards, Monday afternoon about 3 o'clock had the second finger on his left hand run over and crushed flat. William Strother, the car knocker for the road was with Mr. Perry at the time of the accident and he said that had it not been for the quick thinking of Mr. Perry the accident would have crushed his entire arm. Mr. Perry prevented this by jerking sideways. In doing this he bruised his face and tore all the skin from the injured

finger. The injured man was immediately taken to the office of Dr. J. D. Osborn Jr., the company surgeon, who dressed the finger. Dr. Osborn did not amputate the finger, as he thinks there is a chance to save it. Mr. Perry went to Wichita Falls on the night train.

The students of the Academic Department of the Academy of Mary immaculate are preparing to give a concert for the benefit of their library, the date fixed is Friday, October 27, 8 p. m. at the Knights of Columbus Hall on Ninth street.

You Know How Important Good Clothes Are

You must then appreciate how important it is to know you are getting good clothes. No subject of equal importance to you is so easily determined.

Just let us show you the style features in our clothes that mark them as clothes of superior quality.

Legal Notices

ORDINANCE NO. 231.

An ordinance to amend section 17 of ordinance number 227 of the ordinances of the city of Wichita Falls, Texas, regulating the production, making, manufacture, care, delivery and sale of registered milk or cream, pasteurized milk or cream, milk, cream, skimmed milk and buttermilk within the city of Wichita Falls, Texas, by enjoining an emergency.

Section 1: That section 17 of ordinance No. 227 of the ordinances of the city of Wichita Falls, Texas, be so amended as to hereafter read as follows:

Section 17: Tuberculin test to be given by a duly authorized representative of the board of health of this city, for which said representative shall collect a fee from the owner of cents for each head so tested. And be it understood that any test not made by aforesaid representative will not be recognized by the board of health, unless made by a veterinarian registered with the live stock sanitary commission and further, that said test be approved by the board of health.

Section 2: That an emergency is hereby declared to exist, and the rule requiring ordinances prescribing a penalty to be read and passed at three separate regular meetings of the board of aldermen, the last of which shall take place not less than ten (10) days from the first, be and the same is by unanimous vote of all the aldermen of the city suspended and that this ordinance be passed finally at its first reading and take effect from and after its passage and publication, as the law directs.

Passed this 5th day of October, A. D. 1916.

A. H. BRITAIN, Mayor, V. G. SKEEN, City Clerk, The State of Texas, City of Wichita.

I, V. G. Skeen, city clerk of the city of Wichita Falls, Texas, do hereby certify that the above and foregoing is a true and correct copy of ordinance No. 231 passed by the board of aldermen of the city of Wichita Falls, Texas, on the 5th day of October, A. D. 1916 at a regular meeting of said board of aldermen, at which meeting all the aldermen of said city were present, which order is recorded on page 119 book 4 of the minutes of the proceedings of said board of aldermen.

Witness my hand and the seal of said city this 5th day of October, 1916.

V. G. SKEEN, City Clerk of the City of Wichita Falls, Texas. It

ARCHER COUNTY IS SUING EX-SHERIFF

Suit To Recover Money From J. D. Powell is Now Being Tried

The civil suit of Archer county vs. J. D. Powell et al is now on trial before Judge Bonner in the 30th district court at Archer City. In this suit the county seeks to recover amounts alleged to be due it from Mr. Powell, who was sheriff and tax collector from 1902 to 1908. The amount due is about \$4800, with interest.

The case was called for trial Thursday, the jury being completed late Friday. E. E. Myles, the auditor who sent over the county's books, was the first witness for the plaintiff and will probably remain on the stand all day tomorrow. It is believed the case will go to the jury about Thursday.

Archer county is represented by County Attorney Morrison and by Boone and Humphrey of this city. Kay & Alin of this city are attorneys for the defendant.

REVIVAL MEETING STARTS TODAY AT FIRST PRESBYTERIAN CHURCH

Revival services at the First Presbyterian church today will be the start of a series of meetings which will continue through the week. The pastor, Rev. E. E. Hendrick, has extended an invitation to all the church members and to the public to attend the meetings. The meetings will be held in the church building, which is located at the corner of Tenth and Tenth streets. The meetings will be held at 7 o'clock each evening.

REV. E. E. HENDRICK, Evangelist.

Rev. A. L. CARTER, Son Leader and Soloist.

DALE HAVENS, Pianist.

MEAT MARKETS DECIDE TO REMAIN CLOSED ON SABBATH. The meat markets in this city have decided to remain closed on Sabbath. This decision was reached after a meeting of the market association on Saturday. The markets will be closed on all Sundays and public holidays.

CITY BEAUTIFUL PRIZES AWARDED

CIVIC LEAGUE DISAPPOINTED AT SMALL NUMBER ENTERING CONTEST

GOOD RESULTS SEEN

Improved Conditions Noted in Many Parts of City, Union

The Civic League frankly is disappointed with the awards made in the City Beautiful contest, the prize winners being announced Saturday. While the results in the contest were all that could have been desired from the standpoint of increased civic attraction through the beautifying of lawns and grounds still the winners in the contest are few and for the sole reason that there were very few entrants.

Last year when the contest was first instituted the chairman visited the entire city, awarding prizes where deserved, regardless of whether the owners were entered in the contest. This was done to promote contest and work up an interest but it was announced positively at the beginning of spring that no prizes would be awarded to anyone not entering their name as a contestant. This ruling was further announced at intervals by the general chairman, Mrs. T. R. Beger, but still very few names were sent in.

Consequently there were many districts in which there were no prizes to be awarded, though there was not a section of town that did not show to a large degree the efforts of the people towards beautifying with well kept lawns, flower gardens or flower boxes. Last year more than \$200 worth of prizes were given but the lists this year amounted to much less.

It is announced that the contest will be continued next year as usual and a warning is issued thus early that all desiring to compete enter their names early in the spring. The prize winners follow:

The neighborhood prize for the best kept block was won by the block starting at 1101 Burnett. In this block were the residences of Messrs. A. E. Bennett, E. Klander, H. A. Allen, C. E. McKenzie, and C. B. Felder. This is one of the most attractive half blocks in town taking it as a whole.

For the best kept back yard, Mrs. H. A. Allen, 1105 Burnett.

For the best kept front yards: Mrs. J. A. Bradley, 1208 Travis; Mrs. George White, 1808 Travis; Mrs. Harold Carpenter, 1921 Ninth; Miss Ethel Chamberlain, 1303 Bluff; Mrs. G. W. Morse, 1612 Eleventh; Mrs. J. M. Childers, 1600 Burnett; Mrs. I. D. Browder, 800 Taylor.

For the best porch boxes: Mrs. C. E. Davis, 1409 Thirteenth; Mrs. W. S. Curlee, 2506 Tenth.

The prizes were each \$2.50 in cash. Special mention was made of the attractiveness of the Floral Heights fire station but as it was not entered in the competition nothing but mention can be made. Praise is also given in the committee's report to the residents of the negro sections of the town, who under the direction of C. C. Trimble, principal of the school and other public spirited negroes, during the summer added much to the general attractiveness of that part of town by cultivating home flower gardens and lawns.

AUTOISTS AT DALLAS FAIR MAY CAMP IN GASTON PARK

The Dallas Fair Association has arranged for camping facilities for out of town automobile visitors during the fair on Gaston Park, adjoining the fair grounds. Those who wish to do so may pitch tents in the park where water and comfort stations will be available. A charge of 25 cents a day will be made. Automobile firms here have been advised of the arrangement and have been asked to give it the widest publicity possible.

TOTAL OF \$786 NOW SUBSCRIBED

WILSON FUND IN THIS COUNTY IS WITHIN \$214 OF MARK SET

EFFORT TO CONTINUE

Iowa Park, Electric, and Burk Burnett Expected to Add to County's Total

A total of \$786 has been contributed to the Woodrow Wilson fund in Wichita Falls, according to treasurer Bland of the local finance committee. This puts the contributions within \$214 of the total to which the city is pledged.

The committee hopes to be able to report the completion of the \$1,000 before next Saturday night. Practically all the money contributed so far has come from citizens of Wichita Falls. It is expected that the committees in other towns in the county including Iowa Park, Burk Burnett and Electric will set busy this week. The committees in these towns will make their reports direct to the national treasurer.

The contributions acknowledged since the last report follow:

Table with names and amounts: George Capthorn \$5.00, C. W. Reid 5.00, M. McFarland 5.00, Dr. M. H. Moore 5.00, Tom Arnett 1.00

SEVERAL CHANGES MADE BY PRODUCERS

Promotions Announced Following Election of Mr. Cullinan to Houston Position

Several changes and promotions in the local force of the Producers Oil Company have been announced, following the appointment of Frank Cullinan, district manager, the position of vice president and general manager of the company with offices at Houston.

W. J. Hickman, who was chief clerk to Mr. Cullinan, will move to the same position in the Houston offices, and left several weeks ago to assume his duties. Henry K. Arnold, private secretary to Mr. Cullinan will leave for Houston today.

T. B. Hoffer, formerly division engineer, has been made assistant to General Superintendent Little.

Ross Corlett, formerly assistant to Mr. Hoffer, becomes division engineer.

E. H. Morter succeeds Mr. Hickman as chief clerk in the local offices. Mr. Cullinan will probably move to Houston within the next ten days. He has already entered upon his duties there to some extent, but will not bid farewell to Wichita Falls until about October 25.

TWO COMPLETIONS DUE SOON IN ARCHER

Several Good Wells Brought in at Burk Burnett, Recently—Other Oil News

In spite of the disappointment over the fact that the Developers' well in Archer county was only a salt water gusher, interest in that section is unabated, and the next ten days should see the completion of two more tests. The Gulf Production Company No. 1 on the G. W. Owens and the Knight Oil Company No. 1 on the Knight. Both these wells are being drilled in record time, and are very important tests, the first being two miles west of the Panther No. 1, and the other two miles west of the town of Holliday and about six miles northwest of the Panther well.

L. P. Hammond is organizing a company with a capital of \$12,000 to drill a test well on his holdings in Archer county. This proposed well will be drilled on what looks very favorable for a well.

Dougherty and others of Gainesville have purchased some acreage from L. C. Heydrick, on the White tract and they are to begin a well in thirty days; since the completion of the Developers' well, this territory looks very good to oil men.

The Panther well is not being pumped at present, the Star Drilling machine, that was used to test it, with being taken to the Developers to drill it in. It may be moved back and the Panther well again put on the pump.

Kemp, Blair & Owens have started a deep test on their Blagg farm south of Iowa Park. They have some 800 foot wells pumping on this lease.

Kemp et al have completed a well on the Ruyle in the 600 foot sand that looks like a paying well.

McCallister et al are about due in their No. 3 Ramming for the 1500 foot sand, Parabel Oil and Gas Co., No. 1, Peter Ramming has been cemented and will probably be drilled in next week. D. A. Smith is drilling at 500 feet in C. B. Squarson, No. 1, Ramming, Red River Oil Company No. 5, Heiserman was completed last week and is showing for a 50 barrel well from the 1400 foot formation. Clara Oil Company No. 3, Ramming is being swabbed and is putting 25 barrels of oil in the tank daily. Shults Oil Company, have a dry hole in their No. 12 Serrin at 700 feet. Haskell Oil Company on the Dale ranch are down 300 feet in their test. Culbertson and others are drilling a 1000 foot well on the Wagon Wheel ranch and will drill two additional wells if the present one proves profitable. Messrs. Nance Wagner and others intend to drill a deep test on Heaver Creek and a company is being formed.

Langford, Staley and Chenault drilled their No. 1, Chenault deeper and gave a big shot; the well responded by flowing 175 barrels. W. C. McBride is drilling some of his wells on the W. Thom deeper and the results are very pleasing.

The following marriage licenses have been issued in the office of the county clerk since the last report: Ernest Schumaker and Rosa Gugginsbury, Tom Wileman and Emma Witt, Frank J. Mariman and Mrs. Anna Holley, Oliver Rodgers and Miss Josie Wilson.

DODGE BROTHERS MOTOR CAR. Ask some friend who has gone to the front to tell you the general opinion of the car in army circles. The story of its creditable performance in government service is something we would like you to hear from authoritative sources. It will pay you to visit us and examine this car. The gasoline consumption is unusually low. The tire mileage is unusually high. The price of the Touring Car or Roadster complete is \$850.00 (f. o. b. Wichita Falls, Texas). McFALL BROS. & ORTH, Dealers Dodge Bros. Motor Cars 811 Ohio Ave. Wichita Falls, Tex.

CHALMERS MOTOR CO. Detroit, Mich. U.S.A. Quality First. After Nov. 30, it will cost you just \$70 more to buy a 7-22 Chalmers. But the price on the 5-passenger 3400 r. p. m. Chalmers remains, (for the time being) \$1090 Detroit. Until midnight of Nov. 30 you can get a 7-22 Chalmers for \$1280 Detroit—a car of rare ability, fascinating in body equipment, and, like a beautiful woman, of exquisite charm. After that date the price becomes \$1350 Detroit—\$70 more. The \$70 is just a few dollars less than the increase in cost of manufacture of this car since its appearance in June. To those who have longed for the 5-passenger 3400 r. p. m. Chalmers—and have not yet possessed one, just a word of warning: the price remains unchanged just now—\$1090 Detroit; we do not know how long this low price will continue. We reserve the right to increase the price without notice. Only those who are buying materials such as go into high-grade automobiles can begin to realize the steady, upward trend of the materials market. Just one condition today prevents a rise in price of the 5-passenger 3400 r. p. m. Chalmers—the fact that these cars are being made on a factory "work order" dating back several months. Since the "work order" went through materials have jumped in cost again. When the current "work order" is completed and if materials remain at their present level or rise higher, only one course will be possible, an increased price. Those who have been driving Chalmers cars know how diligent has been the Chalmers effort to set down cars of the quality kind. They will understand how impossible it would be for Chalmers to dodge the increase-in-materials issue and maintain the prevailing price on the 7-22 Chalmers. Lower the quality of the Chalmers car? Never. The Chalmers men take great pride, not only in the money the car makes for them, but in the car itself. And pride, as everyone knows, is a thing that can never be compromised. It would be like Tissot trying to paint a picture to fit a price. As long as there's a name "Chalmers", there will be a quality car, and as long as there's a quality car there'll be a price fixed—not by the Sales Department—but by cost accountants. And there'll be a fair deal. Chalmers says these two 3400 r. p. m. models will be continued into next season. You can bank on that. So that a Chalmers car you might buy now will be exactly like the one you would buy next spring. Remember the \$70 you can save now by anticipating the rise in price. There's an old Scotch proverb that says "A dollar saved is a dollar earned". \$70 buys a good suit of clothes, a good pair of shoes, a good hat and some good gloves. Also it just about pays your dues at the club for a year. Or, if it's a 5-passenger 3400 r. p. m. Chalmers you want, our advice is to get one now. We are not sure the price is going up and we are not sure that it isn't. M. H. CARPENTER Phone 1818 Corner Seventh and Lee

NOTED DIVINE WILL SPEAK HERE TODAY. Dr. J. W. Lowber of Austin Will Occupy Christian Church Pulpit. The pulpit of the First Christian Church will be occupied at both services today by Dr. J. W. Lowber of Austin and the members of the congregation are looking forward with interest to his sermons. Dr. Lowber is one of the best known ministers in the South, being a widely traveled lecturer and his sermons today are expected to be thoroughly worth hearing. Dr. Lowber for many years was pastor of the Central Christian Church at Austin, but in recent years has devoted his time almost entirely to lecture work.

GILMORE LOSES IN HIGHER COURT. JUDGE SWAYNE'S DECISION REVERSED IN RULING AT FORT WORTH. COMMITTEE CAN ACT. Probably Means Putting Name of Hurdleston Upon Ballot, As Planned. By Associated Press. Fort Worth, Tex., Oct. 14.—The court of civil appeals, second judicial district, reversed District Judge Swayne this morning in the case of C. E. Gilmore of Willis Point, candidate for railroad commissioner against the state democratic executive committee. Gilmore sought to prevent the committee putting the name of Charles Hurdleston on the November 7 ticket as a candidate. The district court granted this injunction. Now the appeals court has reversed that decision. Hurdleston was appointed to the state railroad commission to fill the vacancy caused by the death of W. D. Williams. It is necessary to elect Williams' successor at the general election November 7 so the state democratic executive committee inserted Hurdleston's name as the party nominee. In the meantime Gilmore announced his candidacy for the office and immediately sought the in-

MEXICAN FACTION IS AGAINST WILSON. "Legalists" Movement Trying to Injure Carranza to Aid Hughes, Says Arredondo. By Associated Press. Washington, Oct. 14.—Eusebio Arredondo, Mexican ambassador designate, told here today for the first time of his recent visit to Mexico City to confer with Gen. Carranza. The ambassador is convinced that the exchanges of views which took place will contribute materially toward bringing about a better understanding between the countries. Conditions in Mexico show steady improvement, Mr. Arredondo said, despite the destructive effects of the revolution. Economic, military and civic reforms are being inaugurated as rapidly as possible, he said, adding that published reports of suffering among the natives because of hunger were greatly exaggerated, the government having received complaints on that score only from localities where bandits were operating confiscating food stuffs and other property. The ambassador said there was no question but that a "legalists" movement had been started to overthrow his government. "In Mexico City, however, officials are not worried because of the legalists; they are wholly occupied with preparations for the presidential elections to be held in February."

\$30,000 GIVEN FOR UNIVERSAL MILITARY DUTY. By Associated Press. Chicago, Oct. 14.—Six Chicago citizens contributed \$30,000 each toward a fund to be used in furthering cause of universal military training. It was announced today. The \$30,000 was raised in a few minutes at a meeting yesterday. It is planned to raise \$250,000.

WHAT ABOUT THE NEW SUITS? THE QUESTION IS CONVINCINGLY ANSWERED IN The Review of Our Fashions For Fall

Fashionable women can now have suits decidedly different from the irrepresensible sport suit, which has for so long dominated the fashions.

Direct from this authoritative Revue one observes that skirts are a trifle narrower and likewise a trifle longer.

Long coats are considered the smart thing, some even go to the extreme in reaching barely within a few inches of the skirt hems. Other jackets come just below the hips and others are to the knees. In the longer models, the coats sometimes fall in graceful points at the sides and others are quite one sided in their draping.

The Russian influence is paramount, even the favored materials have texture that would indicate that they were intended for cool weather.

And, of course, FUR must be spelled in capital letters as the trimming. There are collars and cuffs, and even belts of fur, to say nothing of beautiful bands of fur.

Whatever style suit you select from this assemblage you are sure to select a becoming one.

All The New Coats \$19.75 to \$125.00

Shown Here in Full Variety—Many Exclusive Models

Most impressive of all is the remarkable variety in which we are showing coats for this season.

There is much indication that coats will be extremely popular this season, and it is to be expected that this good store will afford a wide selection.

There are coats for every occasion, in the favorite fabrics, such as Bolivia, wool velour, panne-velvet, pebble vicuna and fancy novelty mixtures. They are in flared, loose and belted models. Some of them have small cape collars—on many more of them fur is extravagantly used.

Nine Distinctive Models in Gossard Corsets

Gossard designers have made an analytical study of the types of Corsets requisite to proper fitting.

As a result of their investigation they have created nine models, as follows:

Each of these models is to be seen in a complete showing which we make of this famous Front-lace Corset. Our expert fitters are well qualified to select for you the model you should have:

- Tall Slender Figure
- Short Slender Figure
- Ideal-Average Figure
- Tall Heavy Figure
- Short Heavy Figure
- Short-waisted Figure
- Curved-back Figure
- Large Above the Waist
- Large Below the Waist

\$2 to \$12.50

For Juniors—\$1.50

In the Millinery Department

There is wide latitude for choosing this fall—a large or a small hat, one quite plain or much trimmed, though it is well understood that the less trimmed hats are to be the smarter.

A complete display of authoritative styles now in readiness.

Reproductions of French Hats and strikingly attractive tailored styles from all designers of note.

\$5.00 to \$25.00

Smart tailored hats and refined styles for dress wear are designed of silk velvet in the most fashionable autumn shades.

\$5.00 to \$12.00

SEES DANGER IN COTTON PRICES

AGRICULTURAL AGENT SHORT FEARS RETURN TO ONE-CROP SYSTEM

RAINS IN PANHANDLE

Denver and Valley Country in Good Condition, He Says After Recent Trip

That the high prices that cotton is commanding may turn the Texas farmers away from the path of diversification and result in their returning to the all-cotton system is the apprehension of A. K. Short, agricultural agent for the Denver.

"The fact that the farmers are raising cotton now to live on independent from the cotton and other money crops has a very important effect on making the market higher. The speculators in cotton take the condition of the farmers into consideration more than is commonly thought and when it is known that the farmer is independent and does not have to sell, he naturally commands a higher price than when with no food to fall back on he is at the mercy of the speculators."

Mr. Short has just returned from a trip through the Panhandle and north plains country. Rains of three and two inches in one day's time fell at several places while he was there, he reports, and the rains that have just fallen mean thousands of dollars to the farmers and stockmen of the section he thinks.

Mr. Short says that he never remembers the country being in better condition than it is today.

A number of fine heads of milo maize grown near Dalhart from seeds furnished by Mr. Short have been received from him. Although the Dalhart country is rather dry, says Mr. Short, they have raised a good crop of the maize there this year. He pronounced the specimens received by him as the best heads that he has seen this year. They were very large and well developed heads, of a uniform size, about eight and a half inches long and five or six around.

RIGID ECONOMY IN SCHOOLS NECESSARY

School Board Hopes To Be Able to 'Get By' Without Going Into Debt

PREPARE EXHIBITS FOR UNION STATION

Effective Display of Products of City and County is Now Being Arranged

Although the Katy has not yet assented to the plan for a Chamber of Commerce exhibit booth on the depot platform, several Wichita Falls business concerns are already testing samples of their products ready for the exhibition.

It is planned to have one exhibit as many samples of products manufactured in Wichita Falls as may be secured, together with exhibits of the agricultural and mineral products of the county. The back ground will be formed by the oil and gas map of the county donated by the Texas company for the exhibit at the Dallas fair which shows the oil fields of the county and gives statistics on the county's oil and gas production. Exhibits of the kind, and statistical charts, will also probably be mounted in the back ground.

The first months payroll, which has not yet been paid, the largest item in the current school expenses amounting to \$6,131.10. Where the board is pinched will be in the incidental expenses, for which indications are that they will have only \$2,000, however, by the practice of the economical program the board expects to get through the year, with possibly a small overdraft necessary to carry them through. An overdraft of \$2,000 from last year, which was paid off at the first of the year, was one item that cut into this year's funds.

On November 1 the board expects to retire \$1,000 of the \$8,000 bond issue voted in 1906 for the repair of the old building on the Austin school grounds. These bonds were optional at ten years, the board has the money to take care of them on hand and they have been ordered sent in for payment and cancellation.

The board will not meet until the regular meeting night, which is the last Thursday night in the month, October 26. It was thought at first that a special meeting would be necessary in order to consider financial matters, but now that they find that this situation will not be serious, as at first anticipated, the special meeting will not be necessary.

Miss Alice Burnside left Saturday for a two months visit with relatives and friends in various parts of Kentucky.

MEET TOMORROW ON GAS PROBLEM

PROBABLE COMPANY WILL BE FORMED TO DRILL NUMBER OF WELLS

EFFORT TO BE MADE

Presence of Business Men Other Than Directors is Requested for Meeting

At the regular meeting of the directors of the Chamber of Commerce to be held tomorrow morning, the question of a gas supply for local factories is to come up for consideration and it is explained by those interested that a large attendance is desired at the meeting, not only of directors, but it is urged that every business man and property owner interested in the welfare of the city be in attendance.

At this time the matter of meeting the present situation as to a fuel supply for the factories of the city will be taken up with a view of devising some means to provide cheap fuel to take the place of the gas supply, which has been or is to be cut off for factory use, or of developing a new supply of gas.

BAYLOR COURT HOUSE WILL UNDERGO REPAIRS

(Seymour Hamer)

At a meeting of commissioners court Monday, it was definitely decided that some repair work would be made on the county capitol building. The structure is getting considerably run down and instead of repairing it piecemeal, the whole thing will be put in good shape. The tower which is getting badly rotted, will be taken down and replaced with a dome. The district court room will be remodelled, new wooden floors will be put in, all the offices and metal ceiling everywhere. A concrete floor will be placed in the halls. A sewer system will be installed, and a neat toilet house will be built on the grounds. A toilet and bath will be put in the jury room. In other words, the court house will be modernized. This structure has stood for 33 years with out change. If it goes much longer we might feel it necessary to build a new courthouse, but with these repairs it should be good for many years.

Opening of the Scholars & Teachers Savings Club

WICHITA STATE BANK

Monday, October 16th

The school savings system, inaugurated several years ago, by this bank, will start for the season on

Monday, October 16th

We invite the co-operation of all parents and teachers in this plan of teaching the scholars how to save, and to make it attractive and interesting to the pupils, aside from the fact of saving their dollars.

GOLD PRIZES

Will be given the student saving the largest amount of money, and also for the student making the largest number of deposits.

This plan of teaching the Young American the value of careful, regular saving, has grown to be such an institution throughout the country, that the U. S. government reports that 1,149 schools have put in practice, with the finest results.

IT IS NOT A QUESTION OF HOW MUCH THE PUPIL SAVES, SO MUCH AS TO TEACH HIM OR HER THE VALUE OF REGULAR, CAREFUL SAVING.

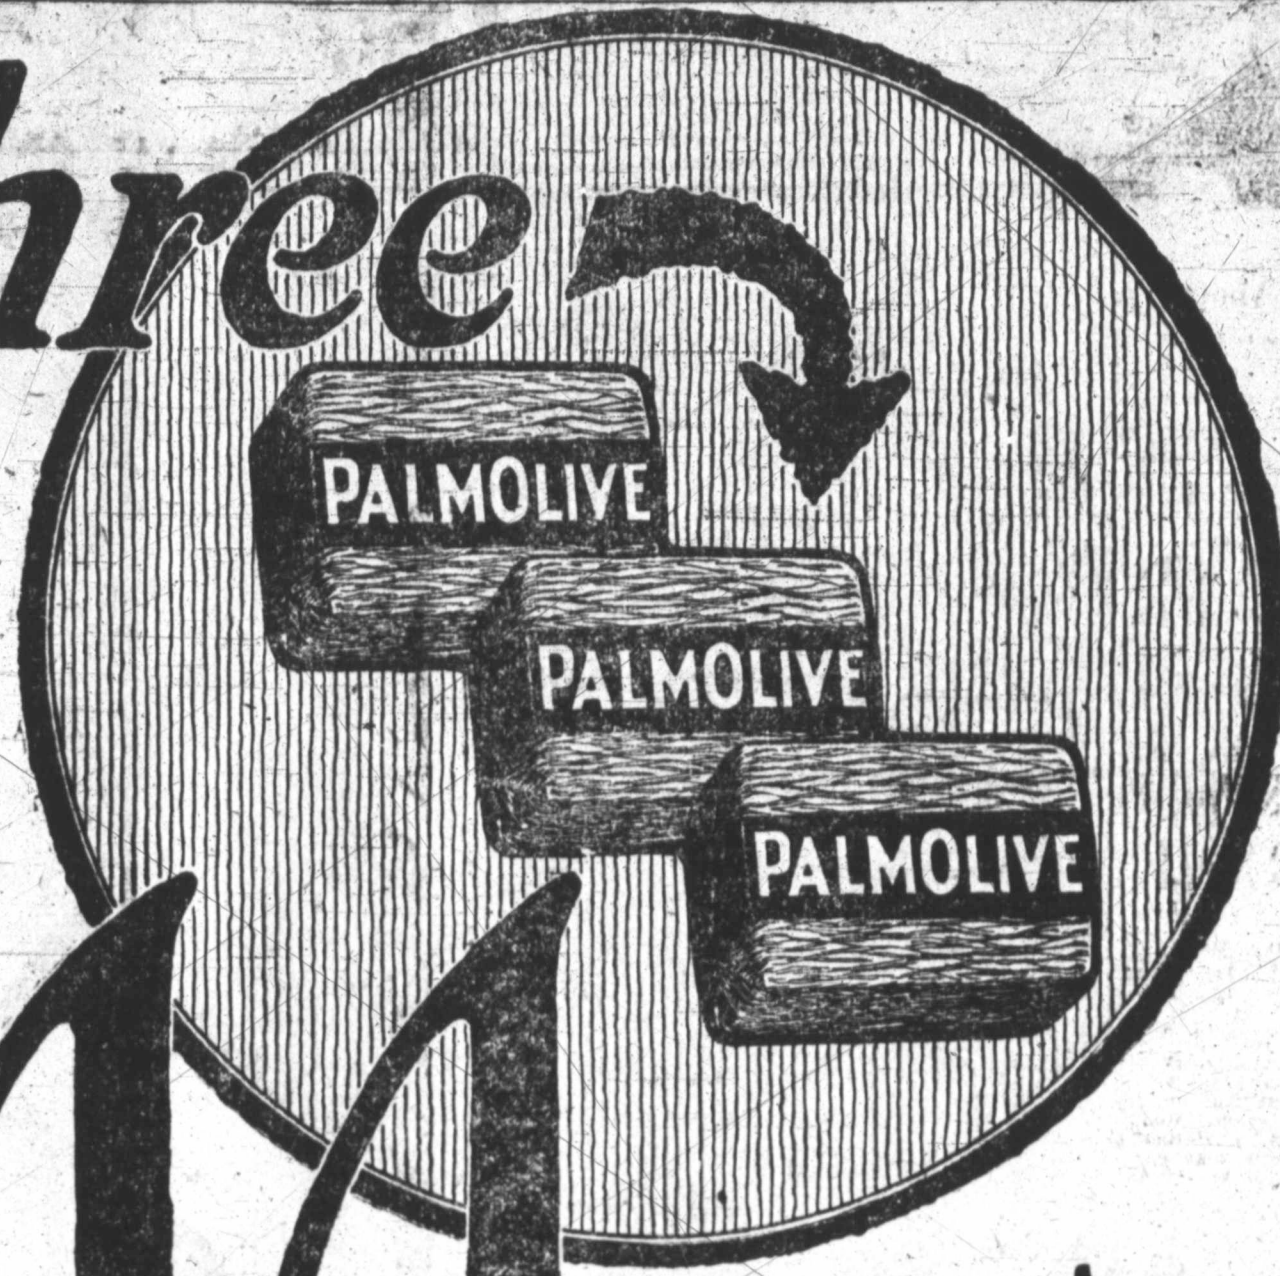

"He will always be a slave Who knows not how to save."

The Wichita State Bank takes pride in the fact that it inaugurated this plan of saving for young folks in Wichita Falls, and through its efforts many hundreds of our young people have been taught the value of taking care of their bank account. Any amount from a penny up, may be made as a deposit to start with. The teachers in the public schools, will give full details as to the plan of saving, or we will be glad to furnish information at the bank.

THOUSANDS ATTEND STATE FAIR OPENING

Many New Features Mark This Year's Program—To Continue Until October 31

Dallas, Tex., Oct. 14.—The thirty-first annual State Fair, Texas' agricultural, livestock and amusement classic opened here today with an estimated attendance for the initial day of between 60,000 and 80,000 persons who came from all parts of Texas and southern Oklahoma.

The fair will continue until October 31, each day being devoted to some cause of agriculture, stock breeding, commercial industries and the like. A varied daily program exists, ranging in the amusement field from the Coliseum program to the smallest side show in the circuit at

In addition to other features, the first day was being celebrated as "Sydney Smith Memorial Day" in commemoration of the active work of Captain Sydney Smith, several years ago, in laying the foundation for and building the institution up to the present state fair. The Sydney Smith Memorial Fountain was to be unveiled at Fair Park as a part of the ceremonies.

The management of exhibits this year has made a specialty of representative and instructive displays from various portions of Texas. Notable among these is the miniature lay out of the Rio Grande valley, being sent from Brownsville, Kingsville and contiguous towns. Eighteen freight cars were required to transport this exhibit. It includes growing oranges and other citrus fruits, palms and other tropical vegetation. Animals habitating the Rio Grande valley, including a flock of parrots, will also be included for variety.

Livestock and agricultural exhibits will, as usual, attract their portions of the crowds, while entries this year are said to be above past standards. The attractions for automobilists in a separate automobile show are said to far surpass the displays of last year.

About 30,000 were present at noon. Governor Ferguson made his address from the platform from which the Sydney Smith Memorial Foundation was later unveiled. The memorial, to commemorate the work of Captain Smith, one of the first secretaries of the State Fair, and whose activity in years past enabled the fair to be brought to its present scale, is a fountain in a bronze group of "The Prairie," "The Mountain" and "The Gulf Cloud" depicting "The Spirit of Texas."

Director: T. J. TAYLOR, DR. J. F. REED, J. T. WILLIAMS. OFFICE OF SECRETARY. Wichita Mutual Aid Association. CALLS NOS. 17 AND 18. Wichita Falls, Texas, Aug. 15, 1916. You are hereby notified of the death of Sidney McConkey, one of our members, and his wife has been paid \$1,000 out of the accumulated surplus. Also S. B. Keeter, who held Policy No. 1431, died following a short attack of acute indigestion. He lived at Byers. We also regret to have to notify you of the death of Mrs. J. H. Osborn, who held Policy No. 31. Mrs. Osborn was one of our first members, and she died at the Hospital after a brief illness. (Each member is assessed \$2.00 only.) We have paid the beneficiaries of our deceased members \$22,000 in past four years, \$4,000 of this amount having been paid out of accumulated surplus. This money has been a great help to those whom we have paid, and we feel proud to have been able to help them at a time when they needed help most. Who knows who will be next to answer that summons? Remember, your duty and keep this protection in force by sending this Assessment by Oct. 23rd. Don't forget the date, Oct. 23rd, under penalty of suspension. Do it Now! Send to First National Bank, or direct to Secretary, N. N. DURRETT.

REFINERY TO HAVE EXHIBIT AT DALLAS

Iowa Park Plant Arranges For Effective Display of Its Products at Fair

Among the exhibits at the Dallas fair from Wichita county that is calculated to attract considerable attention is that of the Wichita Valley Refining Company of Iowa Park. This institution, which has enjoyed a splendid business and remarkable growth, is spreading out and to better advertise the production of the refinery, has taken advantage of the opportunity afforded at the fair. It is understood that the company arranged a very attractive exhibit of the refined products that they are offering to the public and it is said the display is so arranged that it will attract an unusual amount of attention.

MRS. PAUL FOWLER TO OPEN DRESS MAKING SCHOOL

Keister's School of Economy has been chosen as the name for the dress making school that is to be conducted by Mrs. Paul Fowler in the new Masonic Temple building. The name was suggested by Miss Rose Reisenberg who will have a dress made free of charge by Mrs. Fowler. The name Keister is that of the originator of the system which is being used in the new school. More than 75 names were sent in during the contest. Mrs. Fowler announces that her school will open Monday. A large number have already been enrolled.

THINKS DELAWARE IN WILSON COLUMN

Pennsylvania Railroad officials on Visit Here-Finds Much Worthy of Praise

There is a good chance for Delaware to be carried by President Wilson this year, according to F. T. White, an official of the Pennsylvania railroad who has been visiting relatives here recently. It was Mr. White's first visit to Texas and he was greatly impressed with what he found. Mr. White has traveled extensively and has an opportunity to observe the development of different sections of the country, especially in the east, where he has spent the greater part of his time.

Mr. White was very frank, as well as very enthusiastic, in his reference to the impressions formed on his first visit to Texas, stating that he was never more surprised in his life than when he encountered the many evidences of progress with which he had been confronted.

"To be honest," said Mr. White, "I am delighted with this country, with its splendid development and magnificent resources, and especially has the hospitality of the people been a source of great pleasure to me. Why, I can hardly find time to spend with my relatives here for the insistent and courteous desire of those whom I have met to entertain me in the many ways that characterize the nature of a hospitable people."

Continuing his expression of the pleasure he had enjoyed here, Mr. White, especially referred to his surprise at the importance of Wichita Falls in a commercial way, adding that although he had been to old letters from his people that it was a remarkable place, he never expected to see so live a city as was found.

It is remarkable that you have built up such a splendid little city in such a time in a country that is yet not fully developed, and I am very agreeably surprised at the progress that has been made, including the splendid buildings, the paved streets, your street car line, as well as other features indicative of progress, including the numerous factories located here.

Asked as to politics in the east, Mr. White expressed opinion that there was a certain amount of doubt as to the outcome, although conditions were very favorable to President Wilson, and he gave it as his opinion that he would be reelected on November 7.

"However," said Mr. White, "I do not wish to be classified as forecasting the result. I am a great admirer of the president and shall support him in the general election. As to the outcome in Delaware, I would not care to predict, but we are hopeful of carrying it for Wilson. There is also a very strong fight being made in the race for United States Senator, with Dupont, republican, seeking reelection and who is opposed by Salisbury, democrat. Delaware may be classed as a doubtful state, but the Wilson sentiment this year is very gratifying to the friends of the president in that state."

Mr. White with Mrs. White left this morning on his return to his home at Harrington, Delaware, having completed his two weeks vacation. While in the city they were the guests of Ed Anderson, chairman of the board of trustees of the Trades Council, and family, Mrs. White being a sister of Mr. Anderson.

KNIGHTS OF COLUMBUS MEET IN GALVESTON TODAY

By Associated Press. Galveston, Tex., Oct. 14.—The exemplification of the fourth degree of Knights of Columbus to a class of 150 candidates will take place here tomorrow with nineteen councils of the order from south and east Texas represented. The ceremonies will be in charge of Judge William Blakelock of Austin, master of this degree for the southern jurisdiction of Texas.

There will also be a celebration in connection with the exemplification ceremonies at which distinguished speakers will be present. Governor James E. Ferguson was among those invited. The Very Rev. J. M. Kerwin, president of the Catholic Seminary at La Port will have supervision of the celebration.

HANDSOME PROFIT ON SMALL GARDEN

W. J. Hefner Uses 50x50 Plot to Excellent Advantage. By Raising Vegetables

That almost every family in Wichita Falls may derive a nice income from the surplus ground on the premises is demonstrated in the experience of W. J. Hefner, a carpenter, who has this year successfully utilized a spot of ground about fifty feet square and estimates that the family has derived at least \$50 in cash, besides the vegetables used in home consumption.

Mr. Hefner decided early in the season that he would experiment with the surplus ground on the single lot that he occupies and he accordingly planted peas, okra, tomatoes and a few other plants, all of which have produced remarkably well and with but little trouble and expense.

A part of the lot has heretofore been used for raising chickens and Mr. Hefner is now planning to dispose of the chickens and use all the ground for gardening, believing that it will prove more profitable.

SERENADERS MAKE MERRY AND THEN MAKE MISCHIEF

(Burk Burnett Star Clara correspondent)

Everything is calm and serene since the serenade at Lindsey's store last Friday evening. The boys did quite a lot of mischief and damage for the little fun they got out of it. They shot a hole through the upper portion of his store front, ripped up some of the porch floor, tore one board from the front of the store, beat on the wall and threw quite a lot of rubbish on the building; tore the telephone wire from the building, broke down a telephone pole, rolled a barrel of oil down on the prairie, pulled W. E.'s buggy away some distance, changed the wheels on it and set his cart up in the front part of the buggy; drank up two cases of hot soda, threw bottles all over the yard, caused Lindsey's buggy horse to break out and cut himself on the wire, threw away some useful articles. All this time Lindsey was busy putting up goods for his customers and sending them to come in and help themselves to soda, candy and apples, which he had prepared for them. But they preferred to make mischief and cause trouble, instead of wishing W. E. and his better half a happy and prosperous life. If such characters could have a mother to train them in the way they should go. May the good Lord forgive them.

The man with money knows that one dollar at a time will build a fortune; one stick at a time makes a cord.

You've often heard about that man who "said nothing and sawed wood." He didn't expect to saw a whole cord at once.

He didn't expect to make a whole fortune at once. But he began with a little deposit in the bank and piled up a fortune almost before he knew it.

Look at the man today who said nothing and "sawed wood" a few years ago.

John D. Rockefeller was one of them. You can do the same.

NATIONAL BANK OF COMMERCE
WICHITA FALLS, TEXAS

WHY ARE JONES-KENNEDY COMPANY?

A lot of people are still wondering why it is we should go on showing a handsome gain in business year in and year out, brisk times and dull times alike.

They see a mystery where no mystery exists.

The reason for our continuing success lies open before any who will take the trouble to look at the system under which we do business.

The business comes to us in ever-increasing volume because our method makes it possible for the customer to own his goods on a low average cost.

To own his own goods right is the first duty of every buyer.

By buying at a strictly cash one-price store, you save the extra cost added to expensive methods of doing business.

Suits and Coats for Every Occasion!

If you need a garment for afternoon or for evening wear, for the street or for parties, or a garment that is correct for any and all occasions—we have it for you.

Coats galore. Each one that you will see will be prettier than the other. The only difficulty you will have in making a selection, will be that there are so many that are "just what you are looking for."

Every garment is correctly styled, because they are REDFERN'S. And in these days of high prices you will be entirely satisfied with the modest cost of these superb garments.

TUESDAY: Vaudeville at the Wichita Theatre. Orrin Johnson in "The Light at Dusk" at the Majestic. Mollie King and Arthur Ansley in "The Summer Girl" at the Empress.

WEDNESDAY: Hazel Dawn and Owen Moore in "Under Cover" at the Empress. Charlie Chaplin in "The Pawnshop" and William Russell and Charlotte Burton in "The Highest Bid" at the Majestic.

THURSDAY: Lucille Lee Stewart in "The Destroyers," Vitagraph drama at the Majestic. Walter Law in "The Unwelcome Mother" at the Empress.

FRIDAY: Emmy Wehlen in "The Pretender" at the Empress. "The Gray Knight" with Edwin Arden at the Majestic.

SATURDAY: Helene Rossom and Alan Forrest in "The Sign of the Spades" at the Empress.

but lately returned from a trip across the pond.

Chas. Deland & Company will present a unique offering called "The Fire Escape" and it is said that the skit is filled to the brim with ludicrous situations.

Chas. Irwin & Kitty Henry offer a new playlet entitled "Comin' Through the Rye." These two are wonderfully clever artists and are sure to prove a welcome addition to the bill.

As an extra added attraction, the management offers the Ho Gray and Ada Sommerville who were the late principal features of the great "Stampede" held at Sheepshead Bay in New York City.

Sadie Fontellier presents "Vodvil in the Air" and as the title suggests, the act is rather a sublime novelty.

The curtain will ascend promptly at 8:30. There will be no matinee. Seats are now selling at the Rexall Drug Store.

AL. H. WILSON AT THE WICHITA MONDAY

Al H. Wilson, the great, sincere dialect comedian who has attained success and honor on the American stage by his interpretations of quaint dialect characters will appear at the Wichita Theatre Monday night only.

The "New Producer" with fourteen people is the star of the program and is hailed as a Grand Opera Cocktail employing the services of celebrated stars who have appeared with the Metropolitan and Boston Grand Opera Companies. This act is sure to create great interest and receive the praise of those who attend.

Cait's Brothers are the "Tailor Made Boys" who know well the art of songs and terpsichore. They have

band of traveling mountebanks endeavoring to attract the villagers in paying quantities. In his rambles he encounters a noble woman in distress and by a trick of fate he immediately becomes her husband—with the understanding that they part at the altar never to see each other again, but once more fate becomes a powerful ally to assist him to rescue his strange wife from the evil machinations of her guardian and amid a number of laughable thrills Tom is able to escape victorious from dilemmas into which he has been plunged. The action is always brisk and sparkling, with a moment more again for a tear by the way of contrast. Mr. Wilson will sing a number of new songs during the action their titles being "My Killarney Rose," "The Home," "The Love I Gave to You," "Where the Shamrock Grows," "Mary Houlihan" and "The Yodel that Stole My Girl Away." Seats are now selling at the Rexall Drug Store. Curtain promptly at 8:30.

UNIVERSAL FEATURE AT THE GEM THEATRE MONDAY

Violet Mersereau and Harry Benjamin are starred in "The Angel of the Attic" a Universal next to that occupied by the Gem Monday. Gerald Gray is a well known artist who is tired of his fashionable existence and long to see some real life. He decides to take a studio in a poor section of the city and pose as a struggling young artist. It so happens that in the course of time Gerald meets Betty and is greatly struck by her beauty. About a week or so later Gerald, while descending the rickety old staircase, falls and seriously hurts his ankle. He is forced to stay in bed for a few weeks and all this time Betty nurses him with loving kindness. When he recovers he asks her if he can not paint her picture for the salon and thus their friendship progresses. At last the portrait is finished and Gerald, to celebrate, invites the girl to a supper at a nearby Bohemian restaurant. She agrees although she is rather doubtful as to whether or not she will look well enough in her poor clothes. At the restaurant they have a very enjoyable time. There happen to be some of Gerald's swell friends at a nearby table who have come to the place to get a taste of Bohemian life. One of them recognizes him and remarks that he is the artist who disappeared weeks ago. The girls in the party are crazy to meet him, so he is called over to the table. While he is gone some drunken men at the next table try to flirt with Betty and are repulsed by Gerald's fight on, but Gerald is not hurt. When they get home that night Gerald realizes that he loves Betty, and asks her to be his wife. But she refuses, as she thinks that she will be a drag on him and a drawback to his artistic success. So he goes away and leaves a note under the door, saying that he is really the famous Gerald Gray and that he will wait for her to come to him. But the next day he finds that

Empress Theatre

AT THE CHURCHES

First Presbyterian Church.
 The evangelists will be present and open our meeting at 11 o'clock Sunday. Every evangelist church in the city is invited to cooperate in this campaign. The pastor and session will take it as a personal favor if the pastors of the city will urge their people to help us. Rev. E. B. Hendrick of Nashville, Tenn., the preacher of the occasion, is a big bodied, big hearted, sunny man. You couldn't help but like him if you tried. His sermons will grip you and hold you. Rev. A. L. Carter of Hollister, Mo., the chorister and soloist, has a great baritone voice. No better singer has been heard in our city. He will charm you. Dale Havens, the pianist, is in a class with Roper and Ackley. His fifteen minute sacred concert before the service is great. A letter from Hon. W. B. Fitzhugh of Fort Worth, indicates that he will be with the party for this campaign. He is an old time friend of the pastor and we are delighted to have and use him. Count yourself invited to attend all services.
 N. F. GRAFTON, Pastor.

Fourth Street Baptist Church.
 Sunday school at 9:45 a. m. in sermon by pastor at 11 a. m., and 7:30 p. m. B. Y. P. U. at 6:30 p. m. Ladies Alliance Monday afternoon at 2 p. m. Prayer meeting Tuesday evening at 8 p. m. You are cordially invited.
 K. F. KELLER, Pastor.

Church of the Good Shepherd.
 Holy Communion at 7:30. Sunday school at 9:30. We have a first class school well conducted and carefully taught. Let us help train your children in Christian principles. Morning prayer at 11. The rector will preach on "Wonderful Ambitions." Evening service at 7:45. Everybody welcome. Don't stand outside the door looking in; come in and worship with us. The service is for you and we want you to share our good things with us. Fine choir and cheerful gospel messages.
 FRED T. DATSON, Rector.

First Methodist Episcopal Church, South.
 Come to Sunday school. We had over 800 last week and had the greatest school for the year. Let's all come back this week and keep a high standard throughout the winter. We had two great congregations last Sunday and are expecting a fine attendance this week. The pastor will preach both hours and there will be a good Bible picture at night. The subject will be published in the Sunday papers. League service at 6:45 p. m. The young people are having fine services, and attendance, and cordially invite you to be with them in their services. Prayer meeting on Wednesday evening at 7:30.

First Baptist Church.
 Regular services will be held at this church both morning and evening. Full announcement in Sunday's paper.
 R. C. MILLER, Pastor.

First M. E. Church.
 Sunday, October 15 is the last Sabbath before the meeting of our annual conference. Conference convenes at Enid, Okla., Wednesday, October 18. The pastor will be able to take to conference an encouraging report. The Sunday school especially is gradually growing in numbers and interest, and everything promises well for another year. Sunday school meets at 9:45. You will find wide awake classes and good teachers. The pastor will preach on the following topic: "Friends of God," at 11:30 a. m. "The Kind Made to Be" at 7:30 p. m. You will find a home-like welcome at all of these services.
 A. D. RICE, Pastor.

WORK PLENTIFUL RECRUITS SCARCE

Few Are Enlisted at Local Stations 'During Week—Three For Navy

Private William J. Adams, who for the past several months has been the assistant at the local army recruiting station has been sent to the general hospital at Fort Sam Houston, San Antonio, suffering, it is thought, from an attack of appendicitis. No one has as yet been detailed to relieve him at the local station.

Recruiting at the local stations was dull again last week. In fact, the favorable labor situation has knocked the bottom out of the enlistment business, according to one of the local recruiting officers. Only a single recruit was obtained by the army station, while the navy men got but three.

SAYS ENGLISHMEN ARE RAPIDLY BECOMING THINNER

London.—Is the national English type becoming thinner than it used to be? Professor Keith, before the British Association at Newcastle, said that John Bull is reflecting in his physical being something of the leanness of war times.

Professor Keith told the association that the face of the typical Englishman is becoming longer and thinner. London is now full of colonial soldiers—bronzed, spare, lean, aquiline, with prominent cheekbones and the speaker infers that the English type in the future will come nearer in their faces to approximating these visitors than the bluff, country squire, John Bull.

It is pointed out that the typical "City Man" or financial district business man is perceptibly thinner than was his father. The retired army officer is a spare figure. Even the country squire—the last survival of the now fast disappearing England bears a closer resemblance to Don Quixote than to John Bull.

ALLEGED VAGRANT OWNER OF OIL LAND

Attempt To Buy It Leads to Cousin Match and Two Arrests Follow

An aftermath of a case in the police court a few mornings since resulted in a fine of \$20 for intoxication and swearing in public being assessed against a white man and a \$10 fine for vagrancy being assessed against an Oklahoma negro. Several days ago two negro men and their wives were arraigned for vagrancy. One of the women it developed was part Creek and owned some valuable lands in an oil district of Oklahoma which a party of two white men and a negro had been trying to get her to sell for only a fraction of its value. It was on the information of the latter party that the four were arrested. One of the white men had been trying to get the woman to sell white in a drug store the night before their arrest and according to the evidence had been intoxicated and using profane language. This was the man fined Saturday morning, and the negro was the one in his party. The other white man is still at large, but the police are on the lookout for him. The four negroes were released as soon as the facts in the case developed.

A party at the county jail who had wandered from the path of sobriety while downtown on liberty and who was taken up by the police was ordered turned over to the county authorities.

A judgment of not guilty was rendered in a case of disturbance of the peace, two cases of intoxication netted \$5 fines, and two cases of vagrancy were passed.

CONFEDERATE MONUMENT COMPLETED AT GRAHAM

(Graham Reporter.)
 The U. S. C.'s are to be congratulated upon the erection and completion of the handsome and imposing monument which now stands at the north entrance of the court house square and which will be unveiled on November 6, with appropriate ceremonies. This grand memorial, in honor of our old Confederate soldiers, represents several years of constant work and effort on the part of the daughters; they have been faithful and unwavering in this commendable undertaking and the Reporter joins in expressions of congratulations that the long anticipated result of their labors have at last been realized.

DORT

The First Impression Lasts

First sight of the 1917 Dort will impress you. The trim, smart lines—the new conveniences and the comfortable, substantial atmosphere of the car carry great conviction. Then get down to brass tacks. Look under the hood, under the

THE INVADER

He penetrates, fearless and with confidence, into the trackless wastes. What others do or think matters not to him, for he is resourceful and self reliant. He knows that until a trail is opened there can be no advantage taken of the greater treasures which lie beyond the line that divides the known from the unknown. Buick, too, is an invader. Buick chemists search constantly in the realms of the unknown for those secrets which, added to Buick cars, will make them better. These men strive as constantly to wrest truth from science as does the trapper to force the wilderness to give up its treasures.

NEW UNION DEPOT IS CAUSE OF DELAY

Many trains in the past have been delayed because of the new depot. The delay is caused by the fact that the new depot is not yet ready for use. The old depot is still being used and the new depot is still under construction. The delay is caused by the fact that the new depot is not yet ready for use. The old depot is still being used and the new depot is still under construction.

FARMERS SELLING COTTON RAPIDLY

Little disposition to hold is seen, and sales are being marketed rapidly. Indications are that the cotton crop in Wichita county will be gathered and marketed earlier this year than in many seasons past. It is not the earliest in the history of the county. The weather has been very favorable for picking and the farmers have been taking advantage of the opportunity to make hay or rather cotton while the sun shines.

SUIT CASE FULL OF WHISKEY IS FOUND

Officer intercepts man bound for Burkburnett With Wet Goods. Deputy Sheriff Bob McFall intercepted a man just across the river at the wagon bridge Friday evening who was evidently prepared for business and was making his way to Burkburnett, presumably to open up negotiations. The officer was stationed just across the bridge in the hope of apprehending a party wanted for the theft of an automobile and while waiting the man in question halted a passing car for passage to Burkburnett. Both did not exactly like the appearance of things and asked the party to go with him back to town. He consented, but asked to leave his suit case nearby at a room. By this time the officer had found occasion to take hold of the suit case and was at once impressed with the fact that it was unusually heavy. He advised his prisoner that he would prefer taking the case to the city and counting the number of bottles and this was done; it was found to contain fourteen.

CLAIMS TO BE OKLAHOMA'S WHEAT GROWING CHAMPION
(Grandfield Leader)
The Big Pasture is the proud possessor of the best wheat growing in the State of Oklahoma and Grandfield "struts" with pride in the fact that this farmer is one of her boys. It is none other than George Gooden who owns one of the best Red River valley farms in this country, just south of town. For years George has been breeding up and growing up his wheat and last fall decided he had about the best going. He won first at a Trades Day exhibit in Grandfield, then sent a truck to the Texas State Fair at Dallas last year and won first, with all states competing. This fall he entered some wheat at the Oklahoma City Fair, easily carrying off the blue. In fact, the wheat was so fine and of such good grade that F. M. Gault, president of the state board of agriculture requested that he ship the wheat to the Dry Farming Congress at El Paso, Texas, with the state exhibit. George consented. On Wednesday of this week George received word that his wheat was won first at Muskogee, Okla. He has made entries at many other fairs, but has not yet received reports upon the exhibits.

JUMP FROM TRAIN TO AVOID ARREST
Conductor's Threat Proves Sufficient For Men Who Were Not Beating Selves
That the fear of the law has a most potent influence on some people is demonstrated by the experience of a conductor on the Wichita Valley as the train was coming into Wichita Falls Friday afternoon. It seems that the train was infested with three passengers who were possessed of a little more than their tonnage of the "oh be joyful" and their conversation and actions became so disturbing to the passengers more peacefully inclined that the man in charge of the train was compelled to reprimand the party for their rude behavior. This did not seem to have the desired effect and the conductor, becoming impatient, advised the men that promptly on the arrival of the train at Wichita Falls they would be consigned to the custody of the officers.
This information seemed to have the desired effect, not so much in effecting a peace and quietude on the part of the offenders, but in awaking them to a realization of what was to follow, and it is said that the three left the train about six miles out of town, in a very unceremonious way, and while it was still in motion went out even asking the conductor to

Next week. During the stay of the executive and his retinue, the populace of Saltillo has planned a great celebration, including parades, fiestas, exercises of various kinds and orations.
General Carranza was a lawyer in Saltillo, his birthplace, the time he took up the constitutionalist standards.
It is said that the party proceeded into town while walking "as yet good, but there has been no further evidence of trouble on their part."
STRAIGHTFORWARD TESTIMONY
Many Wichita Falls Citizens Have Profited By It
If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Don's Kidney Pills are especially prepared for kidney ailments—are endorsed by over 40,000 people. Your neighbors recommend this remedy—have provided its merits in many tests. Wichita Falls readers should take fresh courage in the straightforward testimony of a Wichita Falls citizen.
Mrs. P. A. Lambeth, 400 Burnett street, Wichita Falls, says: "Pains in my back came on quite often and do my work, as I couldn't stoop over or lift. I used only one box of Don's Kidney Pills, but they relieved the pains in my back, and strengthened my kidneys. I have had very little need of a kidney medicine since."
Price 50c at all dealers. Don't simply ask for a kidney remedy but get Don's Kidney Pills—the same that Mrs. Lambeth had. Foster-Milburn Co., Buffalo, N. Y.—Advt.
DALLAS OBSERVES OPENING OF UNION STATION SATURDAY
By Associated Press.
Dallas, Tex., Oct. 14.—Although trains have been operated in and out for the past week, the formal opening of Dallas' new \$5,000,000 union terminal station was set for today, in conjunction with the opening day of the 1916 State Fair of Texas. Three years have been required to construct the new passenger depot, which is said to be the largest and most modern in the southwest.
The new station has accommoda-

New Winter Top—\$300

Changes Mitchell Touring Car to a Luxurious Sedan

We want to show you a new idea in a demountable top. A top designed under John W. Bate, the famous efficiency expert. Not a patched-on top, like some you've seen. But a top which gives you an ideal winter-summer car.

Here is another new idea in efficiency. And, like all the Mitchell innovations, it is due to John W. Bate. It is a Demountable Top, light and solid, finished like the Mitchell Touring Car.

All windows and posts are removable, leaving the sides clean and clear, similar to the Springfield type Sedan. And a set of curtains are furnished for quick use. The top is made of Agasote, cast, with no seams at the curves, so it cannot leak.

It doesn't rattle, it doesn't overlap. It doesn't look like an added body. And it doesn't mar the Touring Car.

It has a dome light like our Limousine. It has windows which drop like our Touring Sedan. It has curtains on side and rear windows, and the upholstery is in gray.

So our Touring Car, when this top is used, becomes a luxurious closed car, and any owner of a Mid-Season Mitchell can become the owner of a closed car by purchasing this top—and it costs but \$300.

They have spent months in adding to them attractions of our own. Thus you will find that this Demountable Top excels anything you've seen. And that every Mitchell enclosed design embodies dozens of features found in no other single car.

Year-Round Models Now Demanded
The demand is tending toward year-round models. The demand today is perhaps 20 times greater than a year ago. And it is growing fast.

People want open cars in summer. But they must have a closed car to be comfortable in winter. The tendency now is to have one car that serves for all weathers and seasons.

This Demountable Top solves the problem in an elegant, economical way. Our Touring Sedan solves it in another way, our Cabriolet in another. Come and make comparisons.

Get True Efficiency
The Mitchell car, in its bodies and chassis, appeals to efficiency lovers. It is entirely the product of John W. Bate, the famous efficiency expert.

It comes from a factory which he built and equipped. And where factory costs have been cut in two. It offers you 20 per cent extra value, due to these factory savings.

This Bate-built Mitchell is the final result of over 700 improvements. Every part is given at least 50 per cent over-strength. In 440 parts we use a toughened steel. And we use a wealth of Chrome-Vanadium steel.

The result is a lifetime car. A car with 26 features which other cars omit. A car which offers far greater value than any other high-grade car.

Now these same efficiency methods are applied to luxury bodies. The result will give you new conceptions of smart, dainty cars.

But the output this fall is very small—only 500 enclosed cars. This is due to the over-demand for Mitchell open cars. So you who get these new Mitchell bodies will need to decide at once.

Please come and see them now.

will still be maintained for those passengers to whom an additional two mile ride would be an inconvenience.

Opening of the depot today was in the nature of a gala day for Dallas, being the realization of more than five years' expectations. Exercises for the turning over of the property to the city for public use, and the formal opening of the station by Governor James E. Ferguson, as well as luncheon in the dining room of the terminal were on the program.

Notable railroad men were expected to be present, and a host had been invited to Dallas for the occasion. Among those of the more prominent from out of the state were: Robert S. Lovett, president of the Union Pacific and Southern Pacific systems; E. P. Ripley, president of the Santa Fe system and Louis W. Hill of the Great Northern.
