

WILSON SCORES OPPOSITION FOR ITS ARGUMENTS

DECLARES IT 'SCRUPLES AT NOTHING' IN CRITICISM OF ADMINISTRATION. SPEAKS TO IMMENSE CROWD

NEW YORK CONTEST

Pleads for Election of State Ticket There—Says Most of Earlier Issues Raised by Republicans Have Disappeared

By Associated Press. Long Branch, N. J., Oct. 28.—That the opposition to him is "scrubbing at nothing," in statement of fact and policy was the charge made by President Wilson today in a speech at Shadow Lawn...

Resuming his discussion of the foreign policies of the United States and speaking of the "Voices of America," the republican party, Mr. Wilson declared:

"They prefer a peace that is produced by the methods of those who threaten, of those who brag, of those who threaten, in order to establish their power."

The president reviewed in detail the record of the party toward public questions, declaring that most of the issues at the campaign proposed at the outset by the republicans have disappeared, upheld the eight-hour day...

Direct reference to the New York campaign was made by Mr. Wilson for the first time. He mentioned Samuel Seabury, candidate for governor by name, and urged that democratic governor and United States senator should be elected.

There was a delegation of Tammany democrats led by John Vorhees and a delegation of republicans led by Mr. Seabury. The president's inaugural speech followed.

My fellow-citizens: This is called "Wilson Day" only because for six years "Day" has been the name of the United States, I have been permitted to lead first a great state and then a nation...

A new age had dawned upon us while those who were attempting to lead us were stumbling along with their heads over their shoulders, intent upon preserving the conditions of a day that is gone...

10,000 NEGROES HAVE GONE NORTH

THAT NUMBER MIGRATES FROM FLORIDA ALONE, INVESTIGATION SHOWS

GIVEN HIGHER WAGES

Noting to Show That Approach of Election Was in Any Way Responsible

By Associated Press. Washington, Oct. 28.—More than 10,000 Negroes, mostly from Florida, have gone north to northern points, particularly Ohio, Indiana, and Illinois to take employment offered there during the past few months...

Other states, including Virginia, the Carolinas and Alabama, have contributed to the exodus. Such movements are being investigated by the department to guard against election frauds...

Officials are disposed to believe that in most cases the movement has nothing to do with the elections and is a development in the normal industrial situation with higher wages...

These are the freshening winds blowing out of the life of mankind everywhere, that have brought on the new day in American politics.

Four years ago there were two parties in the field whose program was conceived under the influence of those great forces of progress and adjustment, the democratic party and the republican party...

The procedure of our courts is antiquated and a hindrance, not an aid, in the just administration of the law. We must simplify and reform it as other enlightened nations have done.

What are these forces? Whence do they spring? What have they accomplished, and what is their program for the future?

Such is the prospect, such is the program, my fellow-citizen, to which we look forward, to which it is our duty to move forward with enthusiasm and irrefragable ardor.

COPELAND CASE GIVEN TO JURY LATE SATURDAY

TESTIMONY AND ARGUMENT ARE COMPLETED IN BUSY SESSION. STATE PUTTING ON WITNESSES FOR REBUTTAL EVIDENCE

CHARGE IS SWEEPING

Covers Various Aspects of Case, Defense Offers to Submit to Jury Verdict Without Argument But State Declines to Do So

Gelveston, Texas, Oct. 28.—The jury verdict in the possession of the case of John Copeland, Marshall bank cashier charged with the killing of W. B. Black anti-Catholic lecturer, in a novel in Marshall, February 23, 1915...

Events moved rapidly in Judge Charles Briggs' court today. The state introduced witnesses to show the actions of John Copeland in the forenoon and afternoon of February 23, immediately thereafter...

During a recess lasting from 11:30 a. m. to three p. m., Judge Briggs worked on his charge to the jury. This was presented on a reconvening of court soon after three o'clock.

Justice Briggs in his sweeping charge discussed the considerations of motive, intent and malice entering into a murder case, and the various conditions entering into the theory of self defense.

J. R. Shoup, for about two years a resident of Marshall, testified that on the afternoon of the shooting he arrived in Marshall from Longview and was in the lobby of the hotel until he left that evening on another train.

He testified he saw Rogers and Copeland walk up the stairs. Rogers, he said, was carrying a white and then Rogers, he said, went upstairs again. The shooting followed in a minute or two.

On cross-examination Shoup said that if George Ryan, George Tier, Harry Winn and Frank O'Leary came into the lobby he would not see them. He said he knew nothing of Black, Clarence F. Hall or Sadie Black coming into the hotel.

Lewis Bell testified that he was working the day of the shooting in the place of Frank O'Leary at the Marshall fire station. O'Leary was working elsewhere. He said Copeland, Ryan and Rogers came to the fire station, once in the morning about 9 o'clock and once in the afternoon about 2 o'clock and asked for O'Leary.

Aiken Averages Nearly 106 Miles Per Hour, Winning Race at New York. By Associated Press. New York, Oct. 28.—Johnny Aiken won the gold trophy automobile race at the Sheepshead Bay track here today. His time was 56:37.65. Galvin was second, Wilcox third.

MORRIS' WORKER IN WATSON CASE STIRS OFFICIALS BY HIS CHARGES

CASHNELL, WHO WAS IN FIGHT ON FERGUSON CHARGE, DENIES CHARGE

PICK THREE JURORS

First Special Verdict Nearly Exhausted and 100 Additional Names, Men Called

By Associated Press. Waco, Tex., Oct. 28.—An announcement was made today that J. S. Dashiell, secretary of state, had picked three jurors for the trial of the case of John S. Morris, charged with the killing of W. B. Black anti-Catholic lecturer, in a novel in Marshall, February 23, 1915...

Mr. Dashiell had chosen this year of the campaign of C. H. Morris of Waco, a who opposed Governor Ferguson for reelection. The charges four members of the Texas House of Representatives, with the case of the others being former Speaker Pat M. Neff of Waco and J. Ross Bell of Teague, for the defense and Cullen F. Thomas for the state. Not a single juror was chosen this morning although fifteen women were interrogated. Thirteen were challenged for cause and two preemptorily for the defense.

The special venire has now dwindled to 32 and Judge J. I. Munroe instructed the sheriff to have 100 taken on hand Tuesday morning to be used for a second jury in the case. At noon today court adjourned to Monday. Three jurors have been selected thus far.

STOP AGITATION FOR UNCHECKED SUBMARINE WAR

By Associated Press. Berlin, Oct. 28.—The so-called "Independent Committee for German Peace" today decided to suspend agitation for unrestricted submarine warfare and to leave the decision to be employed to the supreme military and naval command in which the committee expresses its utmost confidence.

In some quarters it was argued that Mr. Cabrera might have intended the publication of his statement as preliminary to the definite abandonment of the effort to compel border difficulties through the joint committee. The known fact that the progress has been made in many respects of discussion was cited to support this view.

FORD GIVES \$100,000 TO AID WILSON

By Associated Press. New York, Oct. 28.—Henry Ford plans to spend approximately \$100,000 for advertising throughout the country in the interest of President Wilson's campaign for reelection, it was announced here tonight by Henry Morgenthau, chairman of the finance committee of the democratic national committee.

NEW AUTO RECORD HUNG UP SATURDAY

Aiken Averages Nearly 106 Miles Per Hour, Winning Race at New York. By Associated Press. New York, Oct. 28.—Johnny Aiken won the gold trophy automobile race at the Sheepshead Bay track here today. His time was 56:37.65. Galvin was second, Wilcox third.

MEXICAN ENVOY BIG SUM SPENT BY REPUBLICANS

TOTAL OF OVER \$1,600,000 CONTRIBUTED TO CAMPAIGN

IS GIVEN BY 22,226

Four Men Give Total of \$108,000 According to Statement Made Public Saturday

New York, Oct. 28.—Republican campaign contributions up to October 25 inclusive totalled \$1,607,729 according to the national committee report of receipts and disbursements made public here today by Cornelius N. Bliss Jr., treasurer of the committee. This amount came from 22,226 contributors.

The report which under the law must be filed in Washington, not later than ten days before election, shows that the disbursements up to the night of October 23 were \$1,578,243.87. The four largest contributors were Harry Payne Whitney, who gave \$250,000 and H. C. Crane of Chicago, Arthur Curtis James and George F. Baker Jr., who gave \$25,000 each.

Mr. Bliss in giving out the report said that an announcement to discontinue the financing of the republican national campaign has been "the success of the effort to popularize the giving of the funds."

Whereas, four years ago," he said, "the contributors to the republican national committee numbered slightly more than 2,000, this year the total number is 22,226."

The report of democratic contributions made public Friday, showed a total of \$1,066,253. The largest individual giver was Clarence H. Dodge, who has contributed a total of \$79,000. Mr. Dodge was a classmate of President Wilson at Princeton. The total number of democratic contributors was 11,582.

DISCOVER FIRE IN BRITISH SHIP AT GALVESTON

By Associated Press. Galveston, Tex., Oct. 28.—Fire was discovered early today in two holds of the British steamship Itala. Approximately 500 tons of cotton had been stored in the holds. Both holds have been flooded and it will be some time before any estimate of the damage can be made. The Itala was loaded for Liverpool. Origin of the fire is unknown.

AUSTRIAN PREMIER'S SUCCESSOR NAMED

Practically Certain To Be Dr. Von Koerber, Now Minister of Finance in Calmet

Vienna, Oct. 26.—(delayed)—It may be accepted as certain that Dr. Von Koerber, now Austrian minister of finance, will succeed the late Count Carl Steurach as premier. Dr. Von Koerber was received yesterday by the emperor, and went today to Budapest to confer with Count Tisza.

ROUMANIA NOW FARING BETTER ON WEST FRONT

TAKES OFFENSIVE AGAINST AUSTRO-GERMANS AT SEVERAL POINTS IN TRANSYLVANIA AND RUSHES THEM BACK

FALL BACK IN SOUTH

Von Mackensen Continues Successful Drive in Dobruja—Comparatively Little Activity Reported in Other Theaters

The Associated Press summarizes European war reports as follows: Austro-German forces attempting to advance into Rumania along the Transylvanian frontier are meeting stubborn opposition. Rumanian troops taking the offensive at several points on the long front have repulsed the invaders and have taken more than 100 prisoners. Bucharest announced:

On the Moldavian section of the frontier, the Rumanians recaptured the Frotus Valley and at Gules and Hircz and in the Zol Valley took 1100 prisoners. The attack in the Zol Valley also resulted in the repulse of Gen. Von Falkenhayn's men and the capture of five machine guns and some war material.

North of Calpung, Bucharest says a counter-attack in the region of Pragoslav netted 300 prisoners. Further west in Wallachia in the Jial Valley, the Rumanian offensive continues successfully with the capture of 450 prisoners and sixteen machine guns. Bertha announces the taking of a height south of Kronstadt and declares that otherwise the situation is not essentially changed.

The retreat of the Russo-Romanian forces in Dobruja continues and Berlin records that Field Marshal Von Mackensen is meeting with little opposition. Five hundred more troops have been taken by the French allies as well as several munition columns and baggage trains.

In the region of Dobruja where the Russian and Rumanian forces meet, the Rumanians come together several heights have been captured by Austrian troops. Petrograd says the Russo-Romanian troops have been ordered to fall back in that region abandoning two heights.

French troops have captured a quarry northwest of Fogu, in the Verdun region. The repulse of French attackers there as well as Franco-British efforts on the Somme front is announced by the British. In Volhynia, forces of the Austro-Germans repulsed a Russian attack with heavy losses to the attackers. Otherwise, there has been little activity on the Russian front.

In Macedonia bad weather is holding up extensive operations. Except for small tactical advances in the region of the Vardar, the front in the southeast of Gorizia on the Isonzo front, there has been no change in the Austro-Italian situation.

DECLARES JAPAN IN NEED OF REFORM

New Premier Hopes to Put Peace in Far East on Secure Footing

Tokyo, Oct. 28.—Count Seiki Teruchi, premier in an address to the prefectural governors, expressed his regret that the war in Europe was not yet ended and promised to head all his efforts to the attainment of common objects in cooperation with the entente allies. He said he observed with satisfaction that the Japanese alliance with Great Britain which forms the basis of Japan's foreign policy is giving a practical demonstration of great use and effectiveness, especially in connection with the conventions with Russia and France. He said he wished to maintain friendly relations with China and to place the peace of the far east on a secure footing.

The premier emphasized the need of national reform, based upon the investigation of virtues of loyalty to the emperor, filial devotion, clean living, honesty, industry, sense and honor.

TWO MEN HELD FOR OKLAHOMA ROBBERY

Are Arrested in Coffeyville, in Connection With \$6,000 Holdup at Centralia

SOLDIER ADMITS HE KILLED SWEETHEART

Member of Texas Militia Confesses to Slaying of Girl in Chicago

Coffeyville, Kan., Oct. 28.—Two men were arrested here by authorities on the belief that they were implicated in the robbery of the First National Bank at Centralia, Oklahoma, October 18 when about \$6,000 was taken. H. V. Montgomery, cashier of the bank, officers said, identified one of the two men as having participated in the robbery.

The two men were surrounded in a house in a residence district and the officers armed with riot guns, demanded admission. They were permitted to enter after threats had been made to blow up the building.

Authorities said they found "silver, gold and currency in the robbers' possession and that both were armed. Two other men were under surveillance and authorities expect their arrest soon.

GREAT BRITAIN SENDS REPLY TO BLACKLIST NOTE

By Associated Press. Washington, Oct. 28.—Great Britain's note replying to American representations against the commercial blacklist received at the state department today. It is understood that it reiterates its former contention for the right of black list but offers certain circumstances. The note is to be published later. It is understood to take the line of argument that it is unprecedented for a neutral to claim that a belligerent should, in effect, compel its subjects to trade with the enemy, and that it violates no law for the British government to prevent its subjects from so doing.

PLAN CONFERENCE ON CAR SHORTAGE

Will Be Conducted at Louisville Early Next Month by Interstate Commissioner

WOMAN GIVES DOLLAR TO CAMPAIGN FUND

Another Wichita Falls woman has contributed a dollar to the Woodrow Wilson campaign fund. The donor was Mrs. W. C. Rowe who handed in her contribution at the Times office last night at the same time expressing her earnest desire that President Wilson be re-elected.

By Associated Press. Chicago, Oct. 28.—Extradition papers for George Arndt, a private in the First Texas Infantry at Marfa, Texas, who yesterday is said to have confessed that he killed his sweetheart, Francis Bloom, two years ago after pushing her off a break water into Lake Michigan, were being prepared today by State's Attorney Hoyne of Cook county. It is planned to bring Arndt back to Chicago as soon as the papers can be properly authenticated and an officer sent after him.

Mrs. Lillian Bloom, mother of the dead girl, later swore to a warrant charging Arndt with killing her daughter.

On Thursday, November 2 the Ladies Aid Society will meet at the home of Mrs. R. Kretzinger, 512 Scott avenue. Everybody is cordially invited to worship with us.
C. M. REYER, Pastor.

Floral Heights Presbyterian
This church is located on Kemp Boulevard and Avenue 1 on the car line to the factory. Special services are being conducted at the church simultaneously with the revival services at the First Presbyterian Church, and these services will continue each afternoon at 3:45 o'clock and at night at 7:30. Rev. W. B. Fitzhugh is preaching some very fine sermons. His subjects for next Sunday at 11 o'clock, "Abraham's Obedience to the Divine Call," at 5:30 p. m. "Short Beds and Narrow Quilts." Come and hear him. Other services next Sunday are as follows: Sunday school at 10 a. m. Junior C. E. at 4 p. m. and Senior C. E. at 6:30. A cordial welcome extended to visitors.
J. WALTER HAGGARD, Pastor.

First M. E. Church, South.
This is the last Sunday of our conference year. We are expecting a great day in all departments of our church work. Let's have a full Sunday school. In order to accomplish this we ask every teacher to urge all

A NEW MUSICAL INSTRUMENT!

THE AEOLIAN-VOCALION, ITS WONDERFUL LIVING TONE

It is the music of the artists in all its original glories that lives again through the Aeolian-Vocalion. The rich, vibrant tone-depths that give the noblest character to music, the subtle sound-tints that mirror the quality, the exquisite timber of each orchestral instrument, the deep-register sonority of the baritone or the bell-sweetness of the tenor—all the beauties of the record the Aeolian-Vocalion searches out and re-voices, undimmed, undistorted, surcharged with vital emotion. Indeed, all records were but half sounded until the Aeolian-Vocalion came. This wonderful instrument brings out tones never heard from a phonograph before. It reveals new beauties in records that you never knew existed.

And it plays any record—this instrument whose voice is art, and through the grad-uola, a feature only of the Aeolian-Vocalion, you may vary the tone shading of each record. We are now showing four styles of Aeolian-Vocalions, at prices of \$75, \$100, \$150, and \$200. Other styles up to \$2,000 are made. Easy terms.

METHODISTS END CONFERENCE YEAR

Friends of Dr. A. L. Andrews hope He Will Be Reassigned to Pastorate Here
Two years of work as pastor of the M. E. Church, South, of Wichita Falls will be rounded out with today's services by Dr. A. L. Andrews closing the conference year of the Southern M. E. Church. Dr. Andrews and C. W. Snider and Judge P. A. Martin will leave at 2 o'clock Monday afternoon for Greenville where conference will be held and the news of the appointment for Wichita Falls will be anxiously waited even by those not of Dr. Andrews' pastorate, so well as his work been done and such progress has been made possible for the church, in addition to clearing himself to the entire community.
The stewards of the church will hold their final business meeting this morning at which all reports which must be made at conference and these reports will be made at the evening's service, at which time Dr. Andrews will preach. The presiding elder, Rev. J. Sam Hareus will deliver the morning sermon.

THEATER ACCIDENT RESULTS IN SUIT

Mrs. Irene Bock Asks \$2800 Damages For Alleged Injury to Her Eye
Suit was filed in the 30th district court yesterday for Irene Bock, by her husband, Geo. A. Bock, against W. J. Johnson and W. J. Wilke for damages in the sum of \$2800.
The petition of plaintiffs alleges that Mrs. Bock was injured while attending the Empress Theatre on September 26, 1916, that she was struck by something thrown from a defective electrical apparatus used in connection with the theatre. It is further alleged that her eye sight was affected by the blow and that she sustained other injuries of a permanent nature. Damages in the sum of \$2800 is asked, with \$2000 as exemplary damages. The plaintiffs are represented by Attorneys W. T. Carlton and J. M. Bonner.

LEGAL RESERVE EXCESS INCREASES DURING WEEK

By Associated Press.
New York, Oct. 28.—The actual condition of clearing house banks and trust companies for the week shows that they held \$110,781,830 reserve in excess of legal requirements. This is an increase of \$11,356,270 from last week.

AUTO RACERS HERE GOING TO ARIZONA

Two Tulsa Speed Merchants Stop En Route To Take Part in Races
Bound for Phoenix, Arizona, to take part in auto races there, Roy Meacham and John R. Bowling of Tulsa, facing drivers, passed through Wichita Falls late Saturday. They arrived amid a swirl of dust, changed tires swiftly, had a glass of beer apiece, and were swiftly on their way leaving via the Seymour road for the long drive through West Texas. They were in two cars, a Mercer and a Pathfinder, and were accompanied by Henry Wells and Judd Hatfield, mechanics. They left Tulsa Friday morning, spent Friday night in Oklahoma City, and came on here yesterday, planning to spend last night in Seymour. Their machines have racing bodies, but are equipped for overland travel.
Speed limits were overlooked in the trip from Oklahoma City yesterday, the autoists making top speed all the way in spite of some bad roads.
Superintendent J. B. Gird of the Burburnett school, was a visitor to the city yesterday afternoon.

NOTICE!

Wichita County Motor Club Members and Automobile Owners

Why Should We Not Take More Interest In Assisting An Owner To Recover His Stolen Automobile?

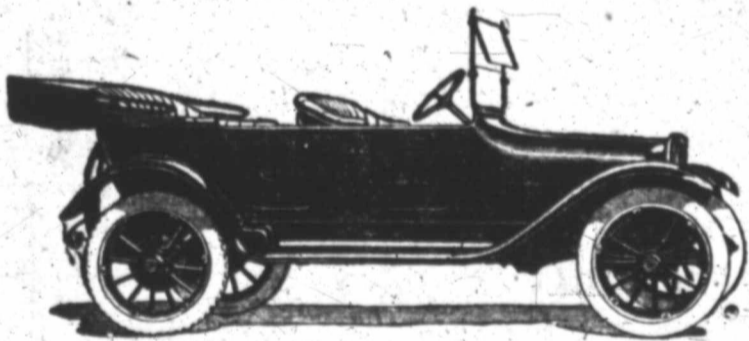

We can well remember the pioneer days of the cattle industry, when a thief would steal a cow valued at \$15.00, every cow man would use his best efforts to try to catch the thief and in many cases they were successful and the thieves were usually given what they deserved.

These are pioneer days in the automobile industry. Unless we take more interest in trying to catch automobile thieves we will have a very serious problem to overcome. Compare the value of an automobile with that of a cow.

SHOOTING DUE TO FAMILY TROUBLES

Negro Who Killed Another Makes This Statement Regarding Affair

J. P. Adams, city marshal of Bowie brought Fred Young, the negro arrested there Friday morning for the murder of Dave Ward to this city yesterday afternoon. Young was turned over to the sheriff of Frederick, Oklahoma and was carried to that place on the Northwestern train Saturday afternoon. Both Young and Ward were Wichita Falls negroes.

It is charged that Young shot and killed Ward while the two were picking cotton near Grandfield. He is said to have walked to this city, arriving late Thursday evening. It is also stated that another negro secured for him a ticket to Port Worth and that he left on the Denver train No. 8, which departs at 2:15 a. m. Arriving at Bowie he was apprehended by the night watchman there and placed under arrest.

Young, it is stated, admitted that he was the negro wanted and expressed a willingness to return to Oklahoma without regulation papers. Arriving in this city he was the subject of quite a little attention at the depot from the colored population, some of whom talked to him encouragingly, while others procured sandwiches to satisfy his appetite.

Young alleges that he killed Ward on account of the attentions of the latter to his wife, after warning deceased who he said, had threatened him, when the matter was discussed. It is stated, however, that Ward was shot in the back.

Ward's body was sent to this city Thursday and was forwarded to Pittsburg for burial. He is survived by his widow and several children and it is understood that both families were living together while picking cotton in Oklahoma.

While in the city between trains yesterday Young had an extended conference with Attorney Bernard Mar- tin, who it is understood will represent him in the case.

CALL FRY CASE AT HENRIETTA MONDAY

Another of Forgery Charges to Be Taken Up in District Court

One of the forgery cases against E. W. Fry, former county judge of Clay county, is set for tomorrow in the 20th district court at Henrietta, and is expected to go to trial at that time. The case is one of those originally transferred to Archer county, the venue being changed to Clay a few weeks ago, after a continuance had been granted in Archer county on account of the illness of the mother of Judge R. E. Taylor, of counsel for the defense.

The case of M. Lott, charged with murder by abortion, and to be tried on a charge of venue from Potter county, is set for trial November 20 at Henrietta.

The court has been at work on the

civil docket during the past week, the following judgments being entered:

S. J. Fleming vs. Beatrice Fleming, divorce, granted.

Eta Gertrude Rollins vs. H. V. Rollins, divorce, granted.

E. M. Henderson vs. C. A. Harding, debt and foreclosure, judgment for plaintiff by default.

W. A. Huijout et al vs. Geo. A. O'Hara et al, to cancel oil lease, judgment for plaintiff.

N. E. Ross vs. A. G. Jennings et al, trespass and title, judgment for plaintiff by default.

John A. Lloyd vs. Clay county, damages, dismissed by plaintiff.

K. N. Huggood et al vs. P. W. A. D. R., damages for burning grass, judgment for plaintiff for \$2.50 per acre.

District Attorney Leslie Humphrey returned yesterday from Henrietta, where he has been engaged with the work of the district court. He reports that the grand jury adjourned Friday afternoon until next Wednesday morning, after returning seventeen true bills, five of which were for felonies.

All Smith, charged with killing his father in that county some time ago, was indicted for murder, C. F. Mason

was indicted for robbery with fire-arms in connection with the theft of an automobile from Dexter Shelton, Mason, it will be remembered, held Shelton up on the road to Petrolia, appropriating his car which was driven to Mars, where the car was recovered and Mason arrested.

Mr. Humphrey stated that the Fry case, set for trial at Henrietta, was maintained over in Henrietta Saturday to try a civil case which had been set for last week.

Taylor's Orchestra, member of A. F. M. Phone 1876.

Issued by the president of the United States that the people of the country give the sufferers aid. Chairman have been appointed in each church to receive the contributions today and J. C. Hunt is to act as general chairman in forwarding this money and in soliciting and receiving individual contributions.

Last Sunday was the day originally set aside by proclamation of President Wilson as Armenian Relief Day, but the time has been extended to include later contributions. Mr. Hunt has just received announcement that the president has put at the disposal of the relief committee an \$800,000 grant from the U. S. navy to carry free the grain and food supplies bought from the contributions, this ship to start as soon as possible. It is urged that the contributions from this city be as liberal as possible that the commendable work be given an impetus.

COLLECTIONS FOR ARMENIAN RELIEF

Wichitans Will Have Opportunity To Day to Contribute to Cause of Oppressed

A plea for Armenia's starving thousands will be voiced at the morning services of the churches of the city today, in accordance with the call

BAPTISTS TO HOLD 3 SERVICES TODAY

Mass Meeting For Men This After- noon—To Discuss European War

Three services are planned today at the First Baptist Church in connection with the revival meeting now being held by Dr. Millard Jenkins of Abilene. Dr. Jenkins will preach at 11 a. m. and at 7:30 p. m. and will speak at 3 p. m. at the mass meeting for men only.

The Baptists revival has now been in progress a week and the attendance has been excellent and the results very satisfactory. It is announced yesterday the Fifth Sunday meeting of the Wichita County Baptist Association was still in session, an interesting program being carried out. There was a sermon by Dr. Jenkins at 3 o'clock, in addition to the association features.

Dr. Jenkins' subject this afternoon at the mass meeting will be "Morals and Immorals of the European War." Dr. Jenkins has visited Europe several times, returning from his last trip just prior to the outbreak of the present war. His address is said to be of marked interest, carrying some striking revelations of European conditions and bringing a forcible lesson for Americans to heed. The men's meeting will start at three o'clock and will be in charge of J. J. Lory.

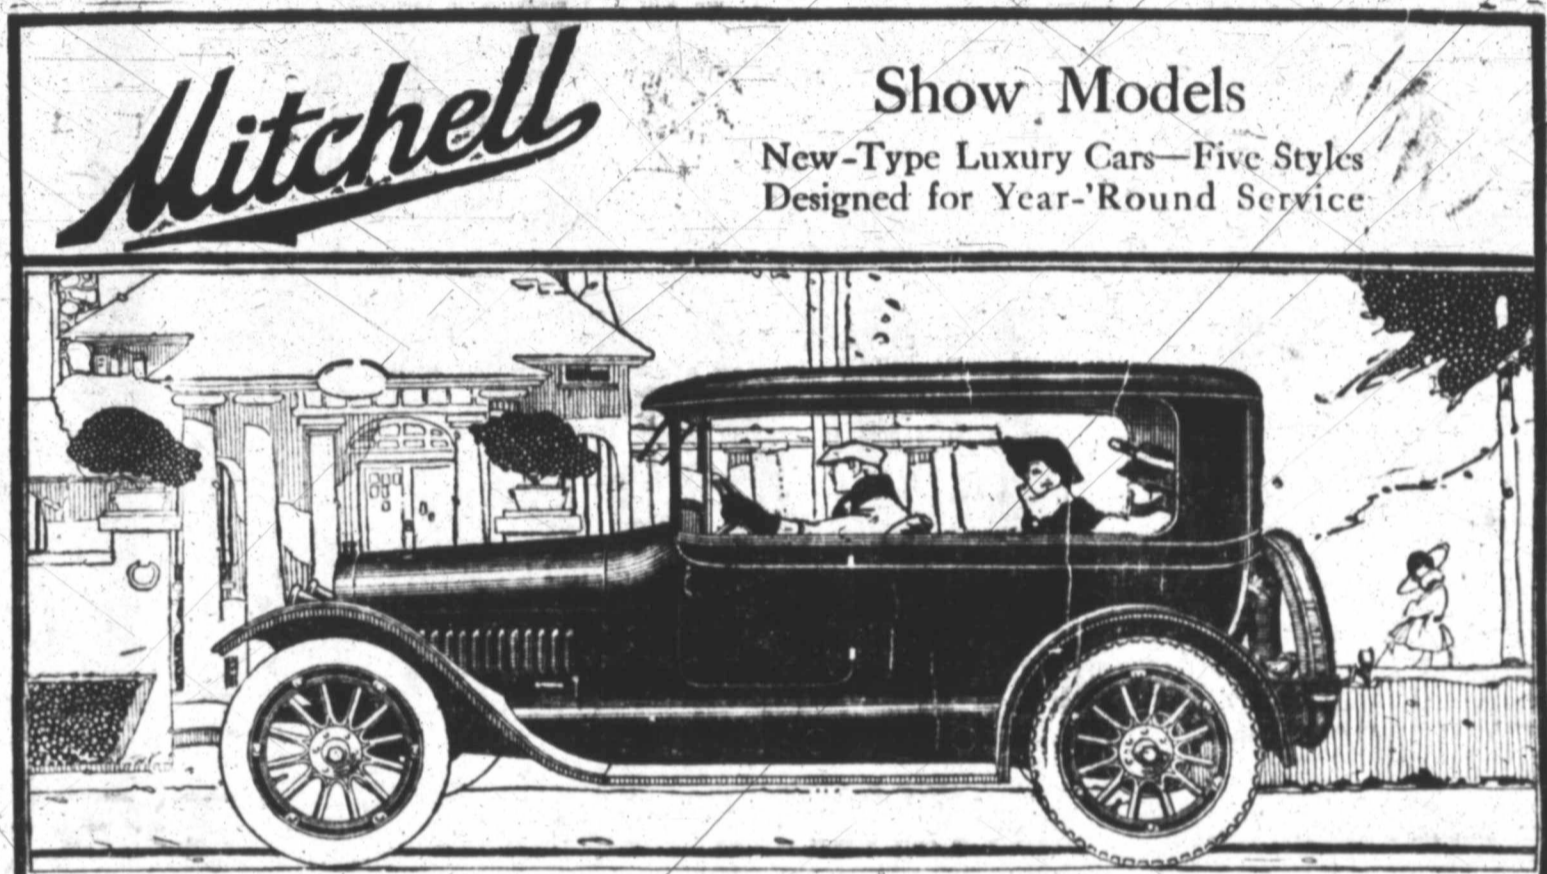

Tonight's sermon subject will be "The Death Trail." C. A. Cook, who is in charge of the singing at the meeting, requests that all who wish to aid in the music be present today. Under the leadership of Mr. Cook, the music so far has been a notable feature of the meetings.

OFFICERS LOOK FOR TENANT AND FUNDS

Man Disappears With \$700 Due W. S. Curlee—Is Believed To Be in Oklahoma

Local officers, as well as those in the territory surrounding Wichita Falls are on the lookout for a man who is alleged to have made way with \$700 due W. S. Curlee for rent and collections. The party, who has been a tenant on the farm for the past five years has been missing about a month. It seems that his reputation for honesty and fair dealings was good, and he had so conducted his affairs in dealing with Mr. Curlee until recently, that the latter had confidence in his business integrity and did not keep a close watch on his transactions.

It appears that he continued to sell the products of the place without making settlement until he had become indebted in the sum mentioned. Going to his home on a day following that which he had delivered some of the crop raised on the farm, Mr. Curlee found that he had left home the night before. Investigation developed the fact that he had gone to Oklahoma and had purchased a Ford car soon after his arrival in that state. Since that transaction no trace of his movements have been found and a reward is now offered for his apprehension.

Mitchell Touring Sedan—Springfield Type, with Windows Down

Year-'Round Models Advance Designs on Show A Surprise Demand Which Makers Cannot Meet

- 1—A New-Type Sedan Top—Removable
- 2—The Mitchell Springfield Type Sedan
- 3—Cabriolet—The Mitchell Coupe—Roadster
- 4—All-Season Limousines and Coupes

Here are some facts which call for prompt consideration if you seek a winter car.

First, there is a dearth of cars this fall fitted for year-round service. And those are the coming types. There will not be half enough.

Second, in the Mitchell models—the advance designs—there is a very small production. And you'll prefer these models.

A 20-Fold Demand

We suppose the demand for all-season types has increased twenty-fold in a year.

And history shows that when a trend gains that momentum it soon dominates the field.

So this is sure: A large percentage of buyers hereafter will demand one car for all weathers and seasons. That demand is rooted in good sense, so it is bound to flourish.

But it has grown so fast that fine-car makers this fall cannot half-way meet it. There will be an enormous shortage. So folks who seek a car of this sort should decide at once.

Five New Designs

We have a new-type Demountable Top which fits the Mitchell Touring Car. The windows and supports disappear when not wanted, as in the Springfield type.

This doesn't look like an added top. It doesn't overlap. It looks like a Sedan, with electric dome light, curtained windows, gray upholstery, etc. It comes with the Mitchell Touring Car for \$300 extra.

The Mitchell Sedan is a Springfield type of all-weather car. A superb Sedan with the windows up, a perfect Touring Car when the windows are out.

The door on the left opens at the front, as it should, where the driver sits, while the door on the right opens from the tonneau.

The Mitchell Cabriolet changes in like way from a Coupe to an open Roadster.

In the Mitchell Limousine all windows drop. And so in the Mitchell Coupe. Thus all these five types render year-round service.

Many Extra Features

In all Mitchell models you will find many extra-features. They are paid for by factory savings, due to John W. Bate. His efficiency methods and this model plant give us enormous advantage. Compared with the average car in this class, the Mitchell offers at least 20 per cent extra value.

The Mitchell of today embodies 200 improvements which John W. Bate has made. Most of them mean added strength and endurance.

You will want the Mitchell when you know it. So we urge you to see these luxury models while we can still supply them.

SOME ATTRACTIVE SKIRT STYLES—priced at below the usual prices. The materials used are all of the most fashionable weaves. The tailoring and workmanship is of the very best. The styles are both attractive and fashionable.

Priced Very Low

If the sentiment for Wilson is growing as rapidly as the betting odds against him are shortening by November 7th it will be a landslide for him. Three weeks ago the odds were 2 to 1 on Hughes. Now the betting on Wall Street has gone to an even money basis. Money was offered on Wall Street Monday, according to the New York Times at 1 to 3 that Wilson gets 300 ballots in the electoral college and 1 to 7 that Hughes would not get 200 electoral votes.

These are prosperous times for the farmer who diversifies, but the high prices of farm products and food stuffs is a two edged sword that cuts both ways and cuts off the profits for the farmer who does not diversify. The latter class spend nearly all they get from their high priced single product for the necessities of life. The farmer who raises most of what he eats and what his stock eat can keep the profits of most of the high priced products he sells.

"Cereals and the Tariff." "The Farmers and the Adamson Law." "Textile Fibres and the Tariff" are the titles of three pamphlets by H. N. Pope, president of the Association of State Farmers Proponents which have been received by the Times. These are campaign documents that are being used by the republicans in doubtful states. The union label is conspicuous by its absence from these pamphlets. One would naturally expect that pamphlets issued by an association of union heads would bear the label of the Typographical Union.

Score one for the Dallas detective department. A Dallas detective found keys on a young man arrested there last week which he believed to be keys for a safety deposit box. He made some inquiries and found that the keys were for a bank deposit box in St. Louis bank. Putting shreds of evidence together that arose from this case it was established that the young man was a party to one of the biggest payroll robberies in the country.

Some northern papers and politicians are complaining because southern states are getting a liberal share of the appropriations for good roads, claiming that area ought to have nothing to do with the distribution of the funds. These papers and politicians who have taken their cue from somewhere declare that the people of the South are not progressive and that they are depending upon the federal government to build their roads. It is true that roads in the South have not been improved like the roads in many of the northern states. But this condition is being rapidly remedied and progress will be accelerated by the federal appropriations. Take Texas for instance. During the twelve months that ended August 31 last, road improvement bonds aggregating \$22,000,000 were issued, and registered with the secretary of state. What northern or eastern state can show a better record?

In one of his addresses at Cincinnati Friday President Wilson disclaimed the exclamation of an admirer that he took care of the country and its people. The President declared "I only tried to find out what you want me to do and do it." There has been no President who has been more responsive to the will of the people than

GATHERING OF ELECTION NEWS ENORMOUS TASK

ASSOCIATED PRESS 'FLASH' WILL TELL WHO HAS WON AS SOON AS RETURNS GIVE DEFINITE INDICATION OF RESULTS

Thousands of Men Will Be Used in Gathering and Distributing Returns Organization Has Been Carefully Planned

By Associated Press. New York, Oct. 29.—F. L. A. S. H. is elected. On the night of Tuesday, November 7, the missing name in the foregoing sentence will be supplied by the Associated Press. In the business of news gathering as developed by this world wide organization, the first word sent over the wires telling of any extraordinary event is "Flash!" It is the signal of a thrill. The ordinary routine of the Associated Press bureaus and their hundreds of newspaper members is often punctuated with the "Flash" operators from Bangor to San Diego, from Tampa to Tacoma, fight their lagging nerves, and editors come scurrying to the wires to hear Pope is dead, a Titanic sunk, another country at war, a Lusitania torpedoed, a battle won, a king deposed, or a president elected.

This latter thrill has a recognized periodicity, like the passage of a comet, and the experience of it is again imminent. Within a few hours after you have scratched your ballot, the Associated Press will have flashed the verdict which you and sixteen million fellow voters have rendered will have flashed it periods within a

Mr. Wilson yet his assertion that he only tries to find what the people want and does it only a part of the truth. Mr. Wilson invariably understands that the people want the right thing and he has been to his leadership more than any other factor that the American people have chosen the right things during the past four years. It is not merely a weather vane veering to the shifting winds of political sentiment but his leadership is a mighty force that voices the best aspirations of the people and forms and directs the course of the public sentiment. It is all well enough to say that Wilson has only done the things the people wanted done, but can we imagine some of the other men in public life today understanding and interpreting the aspirations of the people as Wilson has done? They would probably have done what they understood the people to have wanted to have done but this would have been something far different to what Wilson has interpreted as the will of the people. All of us know the great sustaining force of confidence in us whether expressed and how thoughtful that he was expected to do right thing that wrong to which he was inclined. Suggesting too has a remarkable power.

Woodrow Wilson by his training, genius and lofty vision is fitted for an inspiring leadership for the American people. But for Woodrow Wilson's suggestion to our best aspirations it might have been easy in more than one instance in the last four years to have found that the American people wanted something that was the very opposite of noble and lofty and unselfish.

few minutes after the last of these sixteen million ballots has been dropped in its box in some of the western states, where three hours difference in time makes late the closing of the polls.

How, in this brief time, anything approximating an accurate accounting of these sixteen million votes can be achieved, the returns assembled, and the result made known throughout the land is a process both simple and marvellous. It is true, of course, that all of these sixteen million votes are not counted, but when the Associated Press announces the election, that announcement will be as trustworthy as if they were.

The gathering and distribution of returns this year will mark one of the greatest cooperative efforts that has been made on any similar occasion to accomplish this purpose. In previous elections the Associated Press, relying more largely on its own resources, has done notable work in the prompt and accurate reporting of the election figures. In the Roosevelt-Parker contest of 1904 the organization was able not only definitely to announce the result but also to indicate the full extent of the victory as early as eight o'clock on election night. Equally remarkable service has been rendered in other elections, and the value of the Associated Press' figures has been such that defeated candidates themselves have, on the strength of them, sent their telegrams of congratulation to their victorious opponents. The service has been such that it has invariably brought to the executives of the organization a flood of telegrams on the day after in tribute to the "comprehensiveness," "speed" and "accuracy" with which the work has been done. This year it is possible that all records will be broken for the Associated Press has for the coming election enlisted the cooperation of its members from coast to coast in a more concerted effort than ever before.

More than two years ago preparations were begun under the direction of the general manager of the Associated Press, to "cover" the news which will be served to the public on the night of November 7. Election experts of the organization have during these two years canvassed every state in the union and arranged with the papers of each state to work together on a cooperative basis under the supervision of the Associated Press bureaus. Thousands of special forms have been prepared for the systematic conduct of the service, thousands of type-written sheets distributed to candidates and showing votes four years ago as a basis of comparison, special correspondents appointed and special facilities arranged for this particular work.

In the collection of returns, the county is everywhere made the unit, and it is the purpose of the system to beat definite returns from every election district of the more important states. In New York state alone these districts number 5,700. In Illinois there are over 3,000 and in other states a proportionately large number of districts to be heard from. Taking New York state as typical of the system that will be followed in principle at least by other states, the service there is worked out broadly as follows:

Having arranged for some competent party to take charge of each county up-state and for cooperative effort with the New York City News Association for the collection of the metropolitan returns, the New York headquarters of the Associated Press is made the center of tabulation. The up-state county man is stationed at the nearest convenient center, usually the county seat, from which he throws out his net for the gathering of his local returns.

For the special work in hand, 25 extra wires are strung into the Associated Press offices in New York, giving direct and exclusive connection with the principal cities. Before the operators in stations a varied assortment of printed forms, whose blank spaces await the figures that tell the story. There are pink forms, white to make the various complications of the vote for president, governor, senate, congress and the two houses of the state legislature.

In an adjoining room there have been assembled a staff of a hundred men to serve as tabulators. Previous

J. N. Green Trading Stamps

In accordance with our original plans we have decided to issue J. N. Green Trading Stamps on all cash sales and on all accounts paid within six days of date of invoice. These stamps have a very considerable value to our customers and are appreciated by all who have been keeping them. They are exchangeable for a large list of handsome articles carried in stock here by the Sperry & Hutchinson Co., which articles cost our customers absolutely nothing, thus making the stamps a real discount in the purchase price of goods. On account of the cost of these stamps to us it is impossible for us to give them on charge accounts that are not paid promptly, yet wishing to give our customers who carry an account with us the very best prices and service possible, we have determined hereafter to give them to all customers whose bills are paid within six days of the date of invoice. When you get your invoice you can readily compute the time for yourself, and if it is paid within six days of the date we shall be glad to give the trading stamps, but positively no stamps will be given on accounts not paid within the six days.

er's election had eventually to admit their error.

The accuracy of the Associated Press figures has seldom since been questioned. In connection with the recent New York state primary, in the fight between Calder and Bacon for the republican nomination as candidate for a seat in the United States Senate, the majority given by the Associated Press was only 75 votes at variance with the official count. In a Massachusetts state election last year the Boston bureau scored a record by announcing the returns only three votes off from the official figures.

GATHERING OF ELECTION NEWS ENORMOUS TASK

(Continued from Page Four)
sented Press is at work in all the states, but it is developed in its highest pitch of efficiency in the

states having the largest electoral votes and the smallest average of consistency in presidential years.
Given a definite line on New York state on Massachusetts, which is invariably prompt and a reflection of the vote in the central and western states, where a difference in time is handicap to early returns, the result of the presidential election may be pretty definitely announced at early hour and often the full extent of the vote indicated, so accurately has the state of election figures been fixed by previous experience.

whether it is Wilson or Hughes will be sufficient for the throngs at the bulletin boards on election night, but the Associated Press goes on to a still bigger task than the mere announcement of the result. That would not so far to complete the morning paper. There are columns to fill with state tabulations, with lists of governors elected, the detailed constitution of the next United States Senate and House of Representatives, and similar tables for each state, locally handled, on the constitution of the state legislature. There are comprehensive "leads" to write in summary of the figures and contents in particular states to be explained.

There is one human cog in the election night machine that is even more interesting than the general manager of the Associated Press. He is the Paul Revere of the backwoods districts who gallops his horse or drives his motorcycle on election night to the nearest telegraph station. There are still some remote regions—a great many of them—where polling of a presidential vote is almost a game of hide-and-seek, and from some of them couriers must ride twenty miles before they can release by wire to a waiting nation the fact that a plurality of votes for either (it would be partisan to anticipate the name) had been cast at Ranch 49. There are several such remote districts in the northwestern states, where news leaks almost as slowly as in Montana or Idaho. And there is no deprecating the importance of the vote that is cast at Clover Four Corners. It is the will of the people that rules, and the Associated Press can know no distinction when it comes to the counting of honest ballots. Otherwise it would not pay for that twenty-mile ride.

WEATHER BUREAU'S FOUNDER IS DEAD

Cleveland Abbe, Who Started Present System of Forecasts, Succumbs to Illness

By Associated Press.
Washington, Oct. 28.—Professor Cleveland Abbe, known as the "father of the weather bureau" died here today after an illness of a year.
The present-day system of daily weather forecasts, with which every portion of the United States, however remote, is now thoroughly familiar, is the outgrowth of a weather prediction service which Cleveland Abbe established locally in Cincinnati, Ohio, when he was the director of the observatory there in 1869. The death of this famous meteorologist recalls some interesting details of this early history of weather forecasts.

The son of a New York merchant, and born December 3, 1838, Cleveland Abbe became an instructor in mathematics and astronomy at the University of Michigan in 1866, and during the Civil War period he was an aide at Cambridge, Mass., to Dr. B. A. Gould, then astronomer of the United States coast and geodetic survey. The years 1864-66 he spent in Russia at the Imperial Observatory as guest of the resident staff of observers there, and on his return to the United States he was chosen director of the Cincinnati Observatory.

In beginning his astronomical work at Cincinnati, in May, 1868, Prof. Abbe expressed to the Chamber of Commerce of that city his willingness to make daily predictions of the weather for the benefit of the citizens. His proposition was accepted, and the work actually began in Sept. 1869, by the publication of a daily bulletin of weather telegrams and probabilities.

The success of his scheme led some of his friends to introduce a resolution calling upon Congress to establish a national bureau of storm warnings for the benefit of commerce. This bill was introduced by joint resolutions of February 4, 1870, and its conduct was entrusted to General A. J. Myer, then chief signal officer in the army. The adoption of the weather bureau had the important features of Prof. Abbe's work at Cincinnati and in January, 1871, invited him to come to Washington as his scientific assistant.

TAKES MOVING PICTURE OF UNDER WATER TRAGEDY

(Bob Warner in Saturday Evening Post)
Once in a while the movie camera men have to take a picture that requires patience and is also exciting. One of these was made by an Italian down in the Bermudas. They were doing some Jules Verne stuff about submarines, and a four-ton boat sank in the water, at the bottom of which the operator sat and aimed the picture. The discomfort was fierce, for the boat was dense and the air pressure under which he worked was almost smothering.

Once when he was working in very deep water, shooting a picture of a negro pearl diver, he addressed and filmed an unforeseen tragedy that beats anything you ever read in a book. A huge octopus lay on the bottom, some distance back. The diver was to stay close in the foreground, and when he beheld the octopus he was to lead it to the surface. The strong tide, however, carried the octopus too close, and the octopus reached out and grabbed him. In a moment he was tight in the coils of the monster's huge arms. In the clear water of the Bermudas, this was witnessed from the surface, so a diver immediately went down and

cut the rope from the diver, but it was nearly four minutes before they brought the poor fellow up. All the time the diver was going on the surface had kept cranking, and he got every foot of the picture until the water was full of blood and nothing could be seen.

Cutex is a new manicure cream that is so easy to use, so pleasant to use, and so effective that it is the only manicure cream you will need.

LONDON PAPERS COMMENT ON RECENT TORPEDO RAID
By Associated Press.
London, Oct. 28.—Some of the morning papers are commenting upon the report by ten German torpedo boat destroyers to raid the British transport service in the English channel Thursday night, point out that it is a bold and daring stroke, express some dissatisfaction that eight of the raiders escaped, but declare that the activity of the German destroyers will not be allowed to impede the operations of the British transport across the channel. The Times novel expert says:
"The boldness and daring of the stroke must be acknowledged. The fact that such a raid could be made seems to point to the necessity for an extended use of mines."

UNION LAUNDRY AGENCY
Phone 1506
We wish to announce to the public, Union Men, and sympathizers of organized labor, that the members of Laundry Workers' Union, No. 54, who have been discharged by the proprietors in the laundries of the city, by reason of the membership in the Union, and who were asked to sever this membership, have established a Union Laundry Agency at 817 Ohio Avenue and will be ready to take care of any business given them. Office will be open at 7 a. m. Phone 1506 and our driver will call—also our drivers will make their usual routes.
NOTE: In giving laundry or work to drivers, ask for "Union Laundry Agency" slip, in possession of our drivers only—thus you will be assisting the men and girls who were forced to quit their jobs or withdraw from the union.
Laundry Workers Union No. 54

M. E. SOUTH BIBLE CLASS ENTERTAINED FRIDAY

Mrs. Joe Frazier, 230 North 10th was hostess to the Women's Bible Class of the M. E. Church, South Friday afternoon in joint business and social session. The business session was given the members of the church an opportunity to enjoying a pleasant informal chat and then a musical program rendered by Misses Alice Frazier, Cora Lee Waggoner, Alice Frazier, Laura Martin, Katherine Johnson, Mrs. Martin and Mrs. Chauncey, members, Mesdames Lynn, Waggoner, Humphries, Hart, W. H. H. Williams, Robertson, Hall, Brazier, Lowery, Faulks, Brown and Hutton.

STANDARD CLUB STUDIES HENRIK IBSEN WEDNESDAY

Ibsen's "Doll's House" formed the study of the Standard Club at the meeting Wednesday afternoon with Mrs. Alice Budworth as hostess. Mrs. Lynn led the program which was opened by roll call and members giving names of Ibsen's different plays. Miss Hunter's character sketch of the dramatist was instructive and interesting and Mrs. M. M. Walker gave a contrast of the principal characters in "A Doll's House" that was very helpful. The club reviewed the play itself in round table as an interesting conclusion. The members present were: Misses Hunter and Stonecipher, Mesdames Heasley, Morris, Lynn, Budworth, Little, Walker, Conn, Harris and Hestonport.

CENTRAL PRESBYTERIAN AID MEETS MONDAY

The Central Presbyterian Ladies Aid met Monday afternoon at the home of Mrs. A. F. Kerr, the regular Bible study being in order. Mrs. Edmiston led the interesting study. It was decided to hold a work meeting next Monday in preparation for the Christmas bazaar, this meeting to be held at the home of Mrs. Kerr also.

WITH THE WOMEN OF THE CHURCHES

The Ladies Aid of the Central Presbyterian Church will meet Monday afternoon at the home of Mrs. A. F. Kerr to work on the articles for the bazaar. The Guild of the Good Shepherd will meet Monday afternoon as usual at the church. The Ladies Aid of the First Presbyterian Church will meet in regular session Monday afternoon.

MRS. J. A. KEMP HOSTESS TO UNITY CLUB FRIDAY

Ante bellum poetry with Edgar Allan Poe as the special poet of interest was the subject of the Unity Club program Friday afternoon, the club meeting with Mrs. J. A. Kemp, Mrs. P. Langford was leader and the program was of the customary interest. The hostess served a salad plate at the close of the discussion, the members lingering for short chat. Mrs. Mark Walker and Mrs. Smith Langford, both former club members were guests. The members present Friday being: Mesdames Chapman, Goring, Greenwood, Langford, Hunt, Kemp, Maer, Carter, McGregor, Miller, Robertson, Woods, Young, and Zundelwitz.

THE COMING WEEK'S SOCIAL CALENDAR

- Monday—Meeting of the various church societies as announced elsewhere. In these columns will be checked with meet at 8 o'clock, initiation of members and other business to feature the work; refreshments will be served. Tuesday—Antiques Bridge Club will meet with Mrs. M. A. Mierop. Floral Heights 42 Club will meet with Mrs. W. C. Purley. Miss Lillian Fair will be hostess to the Sigma Delta Chorus. The high school seniors will give a Halloween party at the home of Miss Emma Carter. Wednesday—The Delphian Society will meet with Mrs. Watter. Robertson. Mrs. T. E. Dolson will be hostess to the New Idea Club. Mrs. J. J. Delberry will be hostess to the Art Literature Club. The New Century Club will meet with Mrs. C. J. Barford. The Entre Nous Club will meet with Mrs. J. H. McMillan. Thursday—Musical Club chorus will practice at the First Presbyterian Church at 2:30. All members urged to attend. The Merry Matrons will meet with Mrs. J. H. Sides. The Wichita Travel Club will meet with Mrs. Wiley Blair. Friday—Mrs. H. B. Patterson will be hostess to the Unity Club. Mrs. R. H. Gracey will entertain the Pathfinder Club. Mrs. J. C. Straub will be hostess to the Friday Bridge Club. Mrs. J. B. Dollard will entertain the Congregational Club. Saturday—The Daughters of the American Revolution will meet with Mrs. Carter McGreggor.

Friday afternoon a continuation of their consideration of the most important cities of America...

Friday afternoon a continuation of their consideration of the most important cities of America. Mrs. D. K. Bell was hostess and Miss Emma Smith was leader. The papers read were "Early History and Old Landmarks of Boston," Miss Emma Smith; "State House, Annals, Federal Hall, Old North Church and King's Chapel," Miss Thompson; "Educational and Musical Institutions," Mrs. Hall; "Literary Aspects," Miss Stone; "Characteristics of the Old Town," Miss Statton. In place of Miss Statton gave a character sketch of Mozart. The hostess served a tempting sandwich course with tea to Mesdames R. H. Gracey, S. H. Burnside, Demare, Beckman, Misses Tula Stokos, Fanning, Smith, Thomson, Flora and Jesse Reisenberg, Winnie Henlow, Hazel Hunter and Pauline Meats.

AUSTIN KINDERGARTENERS HAVE HALLOWEEN PARTY

The Austin school kindergartners are a convinced that kindergarten is about the best place in the world, both to learn and to have a good time and they are also convinced that their teacher, Miss Anna Belle Farguham is not only a first class teacher having given them a most perfect Halloween surprise party Friday evening, the best part of the whole thing being that it was a surprise to the children. The party was given in the kindergarten room which was already decorated with black cats, witches, pumpkins, jack o'lanterns and all sorts of other Halloween cut-outs which the children had been busily engaged in making for the past two weeks. They had learned all about Halloween during that time, and had also learned of the full harvest time, which just precedes the winter season. They knew a little song about the Halloween season and they sang this song at the party. For favors each child received a tiny basket decorated with yellow ribbon, jack o'lantern and filled with candy and refreshments were red apples, animal crackers and cakes. Miss Farguham's guests included: Madeline Hill, Mary Virginia Barron, Virginia Mae Adams, Elizabeth Langford, Maxine Tubbs, Mattie Lou Phillips, May Shubbs, Genevieve Shaw, Jeanette Walker, Mark Walker, Jr., Joe McMakin, Earl Dunning, Orth Chapman, Reese, Dolman, Jewell, Lloyd, Mike Shelby, Winfield Little, Jay Templeton, Belmont Vaughn, Harlan Ray, Bill McCrary, Wilbur Krotzinger, Ardath and Derwood Curlee.

SENIORS ENTERTAIN BOWIE AND LOCAL FOOTBALL BOYS

The Bowie football heroes of the game of Oct. 21, carried off social honors also with the Wichita Falls team in the evening when they were entertained at the high school by the senior class. The girls of the class were the main factors in the arrangements and the basement was elaborately decorated in the class colors of blue and white.

COMPRISING THE FINEST AND NEWEST STOCK IN THE CITY

We are retiring permanently from business, and price is not a consideration. We must sell the goods, and to close up the business at the earliest possible moment, prices have been marked lower, even, than this class of merchandise could have been bought for before the war increase came. And they are all new and of the best styles. Even now, though we have cancelled orders for some goods, so far as we could, new goods are coming in on every express. And this is especially true of the ladies ready to wear goods, which were ordered before the season opened and which are being made up especially for us.

THE SALE WILL CONTINUE UNTIL EVERY ARTICLE IN THE HOUSE IS SOLD.

KAHN'S RETIRING FROM BUSINESS SALE CORNER EIGHTH AND INDIANA

The High Cost Of Living---

Is the problem that confronts most housewives these days. We can make it much easier for a whole lot of people, as we are for a great many now.

Foodstuffs continue to advance in price all the time, but anticipating this, we placed orders for large quantities of staple goods before the rise. We have the capacity to buy in large quantities, and even on the articles that could not be purchased in advance, we get the best price because we buy heavily.

And we make good on every article. Our absolute guarantee of satisfaction goes with every order—if it is not exactly as represented, send it back—the loss will be ours.

We like credit accounts for people who pay their bills because it makes it so much more convenient for our customers. If you wish to make arrangements, we will be glad to have you open an account, thus assuring you the very best service just when you want the goods.

ATTORNEYS CAN GO TO CIRCUS MONDAY

District Court Adjourns Until Tuesday So All Can See Animals

In the 75th district court the jury for the week was discharged Friday afternoon after the case of F. M. Kennedy vs. the Fort Worth & Denver was concluded. The jury for next week will begin work Tuesday morning Judge Nicholson having acceded to the request of some of the attorneys that they be given an opportunity to attend the circus. Friday afternoon two attorneys on opposing sides of a case set for Monday made a joint appeal to the judge to postpone the case until Tuesday, or at least take a recess after the jury had been chosen.

They "fessed up" that the trouble lay in the fact that they very earnestly desired to see the show, and the judge expressed a willingness to accommodate them in the matter. The county court is not expected to work Monday and altogether the day promises to be a quiet one at the court house, except possibly about the sheriff's office and the jail.

The jury in the case of F. M. Kennedy vs. the Fort Worth & Denver Railway, Friday afternoon returned a verdict giving plaintiff damages in the sum of \$225. Kennedy had sued for \$250 for injuries alleged to have been sustained while he was employed by the defendant company as a crane operator.

BURKBURNETT ADDS TO CAMPAIGN FUND

Total of Thousand and Ten Dollars Sent So Far Exclusive of Electrical Contributions

R. F. Hall, democratic chairman, yesterday forwarded to the democratic national treasurer at New York a remittance of \$8.50 this being the amount of several contributions turned in by Martin Alday at Burkburnett. This makes total remitted from this county of \$1910, acknowledged by the local committee. It is reported that several hundred dollars has been collected at Electric. This will doubtless be forwarded direct to the national treasurer.

The money sent in by Mr. Alday was contributed by the following individuals:

W. D. Daniels	\$2.50
J. E. Howell	1.00
Martin Alday	2.00
W. C. Meyers	1.00
Mr. Meyers had already contributed \$2 through the local committee.	
Local contributions acknowledged recently are:	
Judge Edgar Selery	\$5.00
J. L. Street	2.00

Honesty First PARTY POLITICS AFTERWARDS

Hon. R. B. Creager, of Brownsville, Texas, Republican Candidate for Governor Is

IN FAVOR OF—

AGAINST—

Retention of Robertson Insurance Law.
Submission where demanded by a majority.
Amendment of Warehouse Law.
Abolition of many useless State Offices.
Abolition of many useless Office of County Treasurer.
Women's Suffrage—As a matter of Justice.
Lower Taxes, and lower governmental expenses.
Amendment of delinquency law.
Governor obeying constitution as to salary limitation.
Placing of all public officers on strict salary basis.

Dishonesty in and out of office.
The appointment of incompetents for political reasons.
Paying out public funds for private expenses.
The collection of excessive back tax penalties.
A candidate accepting campaign funds from corporations.
"Personal representatives," "social secretaries" and other official appointments at public expense.
The Terrell Election Law.
The ice system.

Do You Agree With Mr. Greager?

For every dollar paid the state in 1908, they paid \$7 to \$10 in 1915.
For every dollar the CORPORATIONS paid the state in 1914, they paid only 52 cents in 1915.

WHY?

UNNECESSARY POLITICAL OFFICES. HUGE EXPENSE ACCOUNT

"Junketing" trips, Panama Exposition trips, "Social Secretary," "Personal Representative," chauffeur, gasoline, feed, groceries, etc., etc., etc.

If you vote for R. B. Creager for governor of Texas, you will call a "halt" on such bills being paid out of the tax money.

The constitution of this state provides that, "The salary of Governor shall be \$4,000 and no more."

We can have a soundly moral and successful community only under an efficient and honest government.

Vote For R. B. GREAGER FOR GOVERNOR
Vote For J. L. Van Natta For Congressman
Vote For Otis T. Bacon For Representative

And for the balance of the Republican Ticket—State and National. Let us have the "house-cleaning" Texas so badly needs.

If you vote for Governor Ferguson, you approve his acts.

gold together with the school colors of red and black a large footstool forming the central motif in the decorations. A "tableau vivant" with ten numbers and six paired extra formed the scheme of diversion and the refreshment committee, Misses Alice Bonner, Miss Sybert Clark and Louise Lefebvre served refreshments of ice cream and cake at a late hour. The "athletic" members of the faculty formed the "chaperones," these including Scott J. King, Miss Martin and Mr. and Mrs. McLean, Mrs. Mory and Mrs. Tomp and Mr. and Mrs. Williams. There were about 75 present.

SENIORS TO TAKE IN BARNUM AND BAILEY

In accordance with time-honored precedent the local high school seniors will go to the circus grounds in the morning to watch the feeding of the animals and will attend the performance in the afternoon in a body. Circus Day has been a big day in high school history for some time and the present class is determined to make Monday a red letter day. Numerous snap shots for memory books are on schedule as a part of the program and a busy day is looked forward to, even though the circus will have to continue this time without the class assistance, unloading coming on Sunday morning.

LIBRARY BENEFIT AT K. C. HALL FRIDAY NIGHT

A large audience enjoyed very much the following program given Friday evening at the K. C. Hall as a library benefit by the students of the academy of Mary Immaculate.

Welcome to Friends—Millard, Improprio, (Marurka), Theo Lack—Miss Katherine Sullivan—Texas Prose of the South (Rita Hudson, Day)

Minuet in G, No. 2, L. Von Beethoven—Miss Aileen Crockett and Ruth Simpson—Gualberto's Victory, Reading, (Donnelly)—Miss Lois Fitzgerald—Beautiful Flag of Liberty, (Pittmore)—Class Song, Melody, by Richards—Capriccio, March du Concert, (Paul Wagner)—Miss Lucille Fenville—The Mock Man, reading, (James Whitcomb Riley)—Miss Edvia Allman—Lepidus Maid, Comedietta—Cast of Characters—Miss Alice Steed—Mired, her cousin—Miss Mary Wilson—Sarah Ann, her cook—Miss Lois Fitzgerald—Mrs. Jones, her friend—Miss Ann Wilson—Fanny, Mrs. Jones' Maid—Miss Frances Gillon—Mrs. Bumble, a book agent—Miss Adele Kirkpatrick.

Names of the young ladies taking part in the program: Misses P. Andrea, F. Leberman, A. Dittus, J. Hund, D. Maxwell, E. Morris, R. Sawyer, T. Hand, M. Taylor, B. Eckert, M. Sullivan, E. Sawyer, K. Morgan, K. Lynch, C. Roth, L. Marlow, M. Williams, W. Warmuth, O. Little, G. Gallegos, R. Steay, M. Burnside, R. Jennings, H. Grogan, N. M. Mack.

The following comment on the program has been handed The Times.

Every number was rendered with that ease and grace which result from native talent and the part of the students and thorough training on the part of able teachers. The piano selections to which was added an encore, Valse Caprice, (Newland) by Miss Lucille Fenville and the four choruses in which the voices of thirty four young ladies blended in exquisite harmony added another note to the laurels already won by the departments of music, vocal and instrumental of the academy. Miss Fitzgerald's reading afforded scope for her great variety of interpretation from descriptive to tragic and the young lady proved herself quite equal to the rendition. Miss Allman's humorous selection was so enjoyed by the audience that the youthful reader was not permitted to retire from the stage without giving another selection. This line "The Boy Blue" made a touching appeal to the sympathy of the listeners as "The Mock Man" had aroused their mirth.

And what shall we say of the comedienne? So well was each character impersonated that the amused audience almost forgot they were not witnessing a scene in life. If naturalness in speaking and acting is the outcome of scientific work in expression is an indication of success the department of expression at the academy deserves the highest praise.

FRIDAY BRIDGE NOW THREE TABLE CLUB

The lately added table of members to the Friday Bridge Club played in the weekly game for the first time at the meeting Friday with Mrs. Abe Marcus. The high score prize, a silver mustard pot, was won by Mrs. W. B. Larkin and the hostess served a delightful salad followed by an ice to mark the game's close. The new members are: Mesdames E. P. Greenwood, H. E. Pounds, Frank Griffin and Jerry Chestnut; other members present Friday were: Mesdames Larkin, Straus, Marchman, Wade Walker, W. B. Shepherd, Morris Marcus, R. O. Hayes and the hostess, Mrs. Luther Haynie of Dallas was a guest.

MRS. BYMAN HOSTESS TO CONGENIAL CROCHET CLUB

Mrs. Gus Byman was this week's hostess to the Congenial Crochet Club the meeting being held as usual on Friday. Mrs. Roy Marcus was the guest, enjoying the informal program of chatting, crocheting and then a refreshment course late in the afternoon with the members. The hostess refreshment menu consisted of salad, sandwiches, coffee with whipped cream and angel food cake. Her daughter, Miss Anna Byman assisted in serving. The members present: Mesdames Dollard, A. J. Andree, Anderson, C. A. Andree, Bachman, Duke, Kate Friberg, Shappell and Snyder.

The Royal Neighbors will meet in regular session Thursday afternoon at 2:30. The regular business will be in order and a full attendance of members is desired.

On's you use Cutex Manicuring Preparations you will always demand them.

"SPADE WELLS" NOW TOTAL 24 BARRELS

Spring Lake Company To Drill On Dale Farm Near Shallow Production The Spring Lake Oil Co., now has a rig up and is getting ready to drill on the E. A. Dale farm 2 1/2 miles northwest of Burk Burnett. A sixteen-inch hole will be started. Nearby the Warriner rick now owned by R. S. Allen the company has four producing holes dug with a spade. They have been connected up with a pump and are now reported producing an aggregate of 22 to 24 barrels daily. A party of Wichita Falls business men who visited the scene Friday dug into the creek bank, struck oil and completed a hole with a good flow of oil ready for the pump within less than an hour.

NAVAL PICTURE TO BE SHOWN MONDAY

Shows Life Among Middies—Deserter Surrenders Here—Few Recruits Secured

The moving picture reel entitled "Life and Training in the United States Navy" will be run in addition to the regular program at the Gem theatre Monday. This picture was filmed by the Vitagraph company, the scenes are laid at the Newport, Rhode Island depot at Annapolis. It shows the sailor and the marines both at work and at play, an interesting study in either case. Five of the reels are being shown in moving picture shows over the country under the direction of the Naval Recruiting Service which believes that a correction of many popular misapprehensions as to life in the navy will act as a stimulus to recruiting. The pictures have evoked a very favorable comment from the press in large cities where they have been shown.

Cecil A. Holland of Bonham who deserted in August from Troop A, 1st Cavalry, U. S. A. reported himself to Corporal John McInnes, in charge of the local army recruiting station Friday, and has been sent back to his command in charge of Private W. J. Adams, assistant of the local station. The young man, who had been in the service only a month when he took his French leave explained that his brother had an accident, losing an eye, about the time of his desertion, and as his mother was old and in poor health he couldn't resist the temptation to go home. He explained that he was afraid that a furlough would be refused was his reason for not asking for one. As the boy's case was nothing more than acute attack of homesickness, and he could have obtained a leave to go home by asking for it, so it is thought that nothing more serious than the loss of the loss of the boy's pay will happen to the youngster.

Business was rather slow in local recruiting circles last week, the army getting a brace of recruits, while the navy got one. The army recruits are David W. Hawthorne of Olney, and Harwell Griffin of Port O'Connor both assigned to the cavalry. The navy recruit is a local boy whose name is withheld pending his final acceptance, as he has a job which he wants to keep in the event of his rejection.

The report for the week previous to last week for the Dallas Naval Recruiting district has been received at the local office. Dallas as usual lead the district while Wichita Falls was tied with Fort Worth for second place. Fort Smith, Waco, Denton, Texarkana, Muskogee, Abilene, and Shreveport ranking after them in order. Besides again obtaining an "excellent" rating for the local station the chief petty officer in charge was highly complimented on the weeks work by the officer in charge of this district.

District Attorney Leslie Humphrey returned yesterday from Henrietta where he has been engaged in the district court.

RAILWAY AND EXPRESS MEN TO HAVE DAY AT WACO

November 18 has been set aside as Railway and Express Men's day at the Texas Cotton Palace at Waco, the first of its kind in the history of exhibitions, according to an announcement received by local railroad and

The cigarette the sunny South is proud of

The fame of Virginia-Carolina tobacco is world-wide. It is known as "the tobacco man's tobacco".

And Piedmont is the name of the cigarette the south is proud of. Made of the highest-grade Virginia-Carolina tobacco. Lively and mellowed by the south's golden sunshine.

Soon as you light a Piedmont you'll find that charm and zest called character, which only Virginia-Carolina tobacco can give to a cigarette.

VIRGINIA-CAROLINA TOBACCO PAYS NO DUTY—ALL THE VALUE IS IN THE CIGARETTE.

"A package of Piedmonts, please"

Legal & Hygienic Tobacco

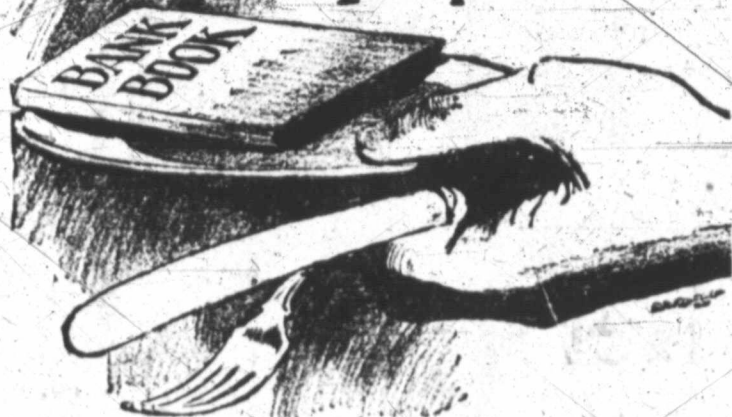

Piedmont The Cigarette of Quality

10 for 5¢ Also Packed 20 for 10¢

The old Jamestown wharf, where the heads of Virginia tobacco were shipped abroad

NOTE:—A package of ten cigarettes made of all Turkish tobacco costs the smoker 10 or 15c. A package of ten Piedmonts made of highest-grade Virginia-Carolina tobacco costs the smoker only 5c. Why the difference? Because Piedmonts pay no duty, no ocean freight, no marine insurance, no expensive importing charges.

The man with money in the Bank can always have a full plate.

The way to get the full plate is to bank your money REGULARLY. No matter how small your deposit is, BANK it. As your balance grows, a feeling of comfort, of security for the future, grows with it. The world looks brighter to you because, come what may, you and your family are secure against want.

express men this morning. The idea of express services of the company originated with T. F. Fish, president of the company, and he has met with a whole-hearted response from the men and committee who operate the railroads and the Cotton Palace. He reports that they are actively engaged in working up that day, assuring a large attendance and the success of the day.

THE WONDER CAR OF THE YEAR--THE DORT

Low First Cost, Low Upkeep, Low Operating Expense, Combined with the Handsome Appearance, Powerful Engine Simplicity in Operation, Ease of Riding, Make This Truly--THE WONDER CAR OF THE YEAR!

DORT CONTROL FEATURES

One half the pleasure of driving a motor car is the convenience and feeling of security afforded the driver by easy access to all units of control, without leaving his seat or inconveniencing himself in any manner.

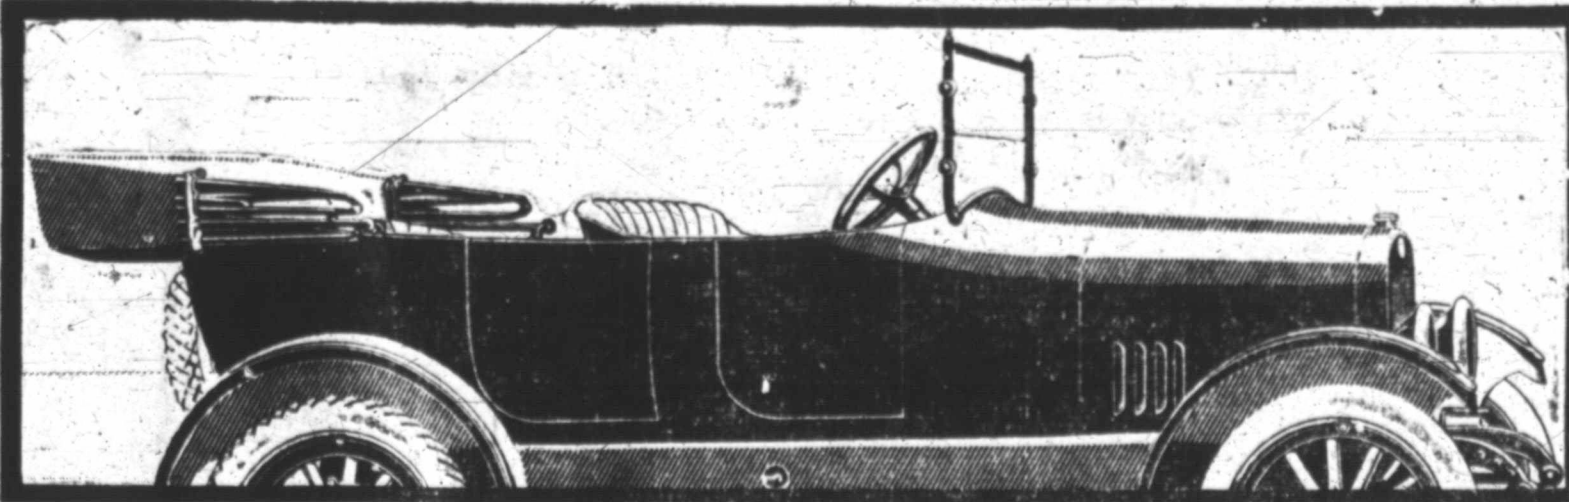

Modern engineering has converted the gas car from a vehicle for man alone to a car for the entire family. This desirable end is carried out in the Dort by means of mechanical features found in no other car of its class. The absence of a number of levers on the Dort has commended it at once to the inexperienced and timid driver, as it removes the complexity of "things to do." The shifting of the gears is accomplished by means of a single lever immediately in the center of the car and accessible as the hand drops from the wheel.

The clutch pedal is used for the dual purpose of engaging and disengaging the clutch and applying the service brake for purposes of bringing the vehicle to a slower speed and stopping the car at the curb. Both the emergency and service brakes are of generous size, ten inches in diameter and are of internal expanding and external contracting types. The emergency brake has a ratchet to hold it in place when leaving the car on an incline.

IRREVERSIBLE STEERING GEAR

Dort cars are equipped with an irreversible steering gear which will almost guide the car itself, and which conveys none of the shocks of the road to the driver. The steering wheel is sixteen inches in diameter and set at the proper angle to suit the average driver without requiring an uncomfortable position for the arms. You can drive a Dort all day without fatigue. The spark and control levers, as well as the horn button, are located immediately in the center of the steering column above the wheel and so are easy at hand for adjustment at the will of the driver. The dash is equipped with lamp and ammeter.

THIS DORT MARK UPON THE RADIATOR OF YOUR CAR IS ITS STAMP OF WORTH--THE SYMBOL OF MOTOR CAR GOODNESS. IT SIGNIFIES THE RESPONSIBILITY OF THE MANUFACTURERS, THE CONTINUED SERVICE THE CAR WILL RENDER YOU, AND THE ABIDING VALUE OF THE MECHANICAL PARTS WHICH COMPOSE IT. THIS IS THE VISIBLE PLEDGE OF THE MAKERS FOR THE SATISFACTION WHICH THEIR PRODUCT WILL GIVE TO ITS USERS.

Price Only

\$740

Delivered

WESTINGHOUSE Electric System

The Westinghouse Electric System built into every Dort is the latest type, two unit electric starting and lighting device, recognized as standard on cars selling for three times the price of the Dort. The power from the starting motor to the fly-wheel is applied by means of the Bendis drive. Silent and efficient, this system eliminates the inconvenience of motor starting, the worries of the cold motor and the cranking of the car in inclement weather. The starter is put in operation by means of pressure on the heel pedal in the floor of the car immediately in front of the driver's position. The lighting generator is supplied with a voltage regulator which controls the amount of charging current for all conditions of the battery. With this device a full charge is maintained in the battery.

OTHER DORT FEATURES

The exterior lines and streamline effect of the Dort Car are greatly enhanced by the beautiful sloping hood, which extends backwards from the radiator in graceful lines, until it melts into the curve of the cowl. This hood has four openings in the rear on each side instead of being open all the way along like most hoods. This forces the cold air, which is sucked by the two blade "aeroplane" type aluminum fan, to travel all the way along the cylinders and really carry away the heat of the motor instead of being ejected at the front end of the hood.

PROGRAM PLANNED BY EASTERN STAR

Will Entertain Visiting Members on
Thursday Night—Banquet to
Be Feature

Wichita Falls Chapter No. 27, Order of the Eastern Star will entertain members of other chapters in the county with a special program and banquet at the new Masonic Temple on Thursday night, November 2. An invitation is extended to all resident and visiting members of the order and a special invitation has been extended to other chapters in Wichita county. A large attendance is expected and it is planned to have one of the most interesting programs ever given by the organization in the city.

Committees are working on arrangements for the occasion and on a program to be rendered and no expense or pains will be spared in perfecting the plans. A feature of the evening will be a banquet which is scheduled to begin at 7 o'clock and this will be followed by an exemplification of the work by the Iowa Park Chapter.

While the program is not yet complete it is understood that there will be a number of short addresses for the good of the order by members of the local chapter and visiting members. The occasion is being looked forward to with much interest and anticipation by the members here, who have planned to provide an event that will not only be creditable to the organization, but will be in keeping with splendid dedication service of the Masons, and a fitting program to crown that noted event.

AUTOS TO RACE AT LAKE NEXT SUNDAY

Program Now Being Planned With
Prospects For Twelve or More
Entries

Indications point to the most successful automobile race program at Lake Wichita on next Sunday that has ever been held in the city and even now a greater degree of interest is being manifested by owners of cars than has heretofore been shown in such an event. It is estimated by some of those who are interesting themselves in the matter that there will be at least twelve cars among the entries, and already it is known that ten owners and dealers are cut-

ting down their cars for the races in some instances special equipment has been ordered and it is planned to give an exhibition of daring such as has not yet been seen on the local track.

The enthusiasm incident to the races of last Sunday has aroused an interest that would indicate a number of successful race programs during the next few months and it is possible that this interest may result in exhibitions from outside parties of state or national reputation.

The program for Sunday is not yet complete and will likely be sev-

eral days before the number of entries and the cars to be used will be known by those who are promoting the event. It may be said, however, that there will be "something doing" on the track at Lake Wichita on that day and the program will be such as to satisfy the most exacting patron of this exciting sport.

CHILLICOTHE MAN HURT TRYING TO BOARD TRAIN

Charles A. Awate of Chillicothe was painfully but not seriously hurt at that place Friday afternoon when he

fell from a fast Fort Worth & Denver freight which he was evidently attempting to board as it was leaving the station. He lost the thumb of the right hand beneath the wheels, the index finger of the same hand was mashed so that it had to be amputated and he suffered painful cuts above the knees on both legs. Awate passed through here yesterday afternoon on his way to the railway's hospital at Fort Worth. The train crew reported that they did not see him when he got on the train. He was found about fifteen car lengths from the depot platform. The train was

in charge of Conductor E. B. Ragland and Engineer A. C. Bennett.

CHANGES OWNERSHIP OF TWO WEEKLY PAPERS

Two changes have taken place recently on weekly papers in this section. J. S. Bolo has sold the Petrolia Enterprise to H. P. Harmer, who has been in the mercantile business at Petrolia for some time. J. E. Laney has sold the local Dispatch to J. L. Tullis, who has been connected with Lawson papers for several years. Mr. Laney has also had an interest in the Burkburnett Star.

Nautre, The Pacemaker

She's changed her cool looking summer attire for the warm, rich colorings of autumn—now it's up to you to return the compliment.

Benjamin Correct Clothes

Made by Alfred Benjamin, Washington Company, New York.
For Men and Young Men
\$20 to \$45

are as harmonious as Nature's own color schemes—daring "rhapsodies for young men, and equally pleasing symphonies for their elders. Just a slight pressure on the "soft pedal" mark the difference. Overcoats on a wagger army lines in half belted models or conventional models smartened with Benjamin individuality. The soft pedal's on prices as usual.

The stars of "The House with Golden Windows," the Paramount feature of the Wednesday program at the Empress, are Wallace Reid and his wife, the beautiful and charming actress, Edna Purviance. The theme of this story is based on the fairy tale of the house on the hill which has the appearance of a house with golden windows. The little children struggle up the

only to find a ramshackle dwelling with the sun shining on broken windows. Climbing back into the valley, their own humble little cottage presents the same appearance, and they return home satisfied. Tom Wells, a poor rancher, is told by a man saving in order to go back east and start life anew on a better plane. His wife's growing discontent adds greatly to his hardships. His son, Billy, goes to play in the orchard of James Peabody, a wealthy oil man, and falls into a pool. In pulling him out, his mother notices traces of oil. He over-sees roughly drives them out of the orchard and when Mr. Peabody learns of it, he presents Mrs. Wells with a deed to the orchard, including the benefits that may be derived from this soil. She hesitates, feeling she should tell him of the oil, but her hatred of poverty overcomes her better nature. She decides to use her savings—make a loan—and develop the oil well—and falls asleep. The funds give out—still no oil. She writes the last of the check books and there rushes forth a deluge of oil. Peabody is away and his agent, falling to receive the monthly payment for a certain time, has to come to take up the forfeited holdings. The Wells family takes possession of even the Peabody mansion, but are not happy. When the Peabody returns, Mrs. Peabody continues a flirtation with the handsome rancher, and the pair are discovered by Mrs. Wells, making love. Mrs. Wells, who is a woman of a wish to live in the old cabin and be happy, and the old man, who is a miser, discover the check for \$10,000 which his agent turned over to Mrs. Wells in order that he might pay his debt. Mrs. Wells writes for the note, and Mr. Wells picks up the note, and infuriated, rushes to the cabin just as Peabody is making demands of Sue as indemnity for his oil. Peabody has a shot that kills Wells, and throws Sue brutally into a chair. At this point in her dream she awakens, just as Peabody and Peabody enter the cabin. Tom, with a cheer, for which he is proudly presents to his wife, and Peabody with the news that he leaves for the east next day. Peabody is awake at last—and rings closely to her husband, happy in her new realization.

MARY PICKFORD AT THE EMPRESS MONDAY

Mary Pickford has been starred up on the screen in characterizations of many different nationalities but her little Dutch girl in "Hilda From Holland" by Edith Barnard DeLano has never been surpassed in humor and genuine appeal to the heart. If the foremost star of the motion picture screen will appear at the Empress Theatre next week when she assumes the famous Flavers Production program. Though there is a great deal of tender appeal in Miss Pickford's little Dutch girl, there is so much that is comic in her interpretation of the role and there are so many delightful little episodes in which three adorable children are seen with the star that "Hilda From Holland" will undoubtedly rank as one of Mary Pickford's greatest contributions to motion picture humor. Opening in picturesque Holland, the action shifts to New York when, on the invitation of her uncle—a typical Pennsylvania Dutchman—Hilda brings her three little nephews to the land of opportunity. But all of Hilda's opportunities are not showered upon her at once. In fact her uncle has barely met her when he is injured and taken to the hospital, where he lies with out any means of identification. Hilda alone in New York with three little children and not a soul that she knows.

"WATCH YOUR STEP" AT WICHITA WEDNESDAY

The latest musical cocktail, having as its chief ingredient the existing popular music, "Watch Your Step" is the title of a new musical comedy which will be made known to this city on Wednesday, November 1st, at the Wichita Theatre. Charles Dillingham produced the piece and he is one of the most astute purveyors of entertainment of this variety to whom theatre goes with a leaning toward the light and airy are indebted for many new favors. Anyone who sits through the performance must agree that the public's debt has been materially advanced with this latest venture. That the music loving public of this city can be depended upon to do their share toward discharging the obligation seems reasonably certain from the unmitigated interest taken in the announcement that this big syncopated musical show is to be offered in this city. "Watch Your Step" is far away the best of its kind theatredom has entertained in many a day. All the Dillingham traditions in the matter of lavish costuming and sumptuous settings have been sent to the discard; all previous efforts undone in the matter of gorgeous raiment. There are modishly laced show girls, spirited ponies and

IVAN FEATURE AT THE MAJESTIC MONDAY

Sally Gray, Mignon Apderson and Virginia Phillips are stars of "Her Husband's Wife" an Ivan feature to show at the Majestic Monday. A tale of mother love and a great sacrifice that depicted by "Her Husband's Wife" a woman, her heart filled with a strange mission, deserts her husband and child and flies to another country with a sculptor. Here she meets and marries another to whom she also proves untrue and whom she subsequently divorces. Her child of whom she has had no tidings through all these years has become

SPLENDID VAUDEVILLE AT THE WICHITA TUESDAY

Greater vaudeville will be on tap at the Wichita Theatre Tuesday night with an all star aggregation of talent seldom seen in a Texas vaudeville theatre. Three top-line attractions are seen in one show—something unheard of before in the annals of local vaudeville history. With Bonita and Lew Hearn as the extra star feature, Arthur Dunn and the Beaumont Sisters in second place and the extra added attraction being the original J. K. Emmet and Company here, indeed is a special line of attractions that will appeal to particular theatre goers. Bonita is a star. For many years she trod the boards of musical comedy and extravaganza. In the original production of "Wine, Women and Song" she captivated Broadway. As

At The Theatres

A singer of popular songs, this celebrated comedienne fairly laughs her partner Lew Hearn is a diminutive comedian who knows all the art of mimicry. Mr. Hearn is conceded America's most versatile laugh maker. His introduction is needed for Arthur Dunn, starting in the original production of the "Telephone Booth," he has made quite a name for himself in musical comedy. For many years he has been featuring vaudeville bills, and now since he has formed a partnership with the original Beaumont Sisters, no act in vaudeville today can compare.

J. K. (Fritz) Emmett and Company have an act called "The Devil He Did." Many humorous situations are unfolded in this novel and funny play.

"Mersey" J. Goldwin have an act that will most definitely please. The idea of entertaining is new and quite original and contains real merit. Holman Bros. offer a comedy far set that has declared to be the best ever seen here. Winthrop and Ames will offer a singing and dancing act not of the ordinary, while "The Comedy Club" will render classical and popular selections on a piano accompaniment.

The following review of "The Country That God Forgot" the feature at the Majestic Wednesday is from the Moving Picture World: "The Country That God Forgot" tells the story of a man's great love for his wife of 10 years, who is dying. He shall declare his love for her and concentrate all his attention for over an hour on a God-forsaken and waste of desert, terminable in its monotony of care, bread, and agony. The loathsome drugginess the testing of a board-side little woman who longs to see the great, pulsing outside world of which she knows nothing. And much as has been written of western life in this country, one cannot fail to be amazed that the story is so somewhat different from any that has been read, and that it grips strongly at the elemental life that is in each one of us. The singing scene gives us the atmosphere of the story in a high and then the desert waste fades out and we see the little woman of the story looking out wistfully and longingly into the future. The lonely little cabin in which she is made of all work for her husband, and his hardy partner, Al Hearn, (George W. Fawcett) is typically western, both inside and out. Its loneliness

above all, comes home to us with the sense of a numbing pain. Little wonder is it that Mrs. Hearn, who welcomes the stranger, Craig West (Chas. Gerard), who has come from the busy world outside, and that she listens to his wonderful description of the things that take place in it with the warm attention of a child who hears for the first time the tale of Auldland's saga.

Next Friday at the Gem Theatre, Frank Gray and Grace Campbell are the stars of this serial, which concerns the daughter of La Belle, a St. Louis, a circus worker. This serial is "pegged" by Mrs. Campbell, at La Belle, St. Louis, fearless trainer of tigers, is attacked by her own wild animals during a circus performance, and is rightfully killed. Frank Gray, who is in the hospital, her faithful friend and companion, Flip, the circus clown watching over her, who shows tenderness and devotion. Flip, who loves La Belle, but she has told him that she can never be more than good "pals," because she has been married. While La Belle is slowly recovering from her injuries, she brings into the world a little daughter. She calls her Flip to her bedside and entrusts to him the care of her baby. Flip then writes a letter that gives the baby's parentage, relates the story of her marriage to the rich Mr. Land, who has now deserted her in her hour of need. Flip, who has been the hero of the serial, writes a letter that gives the baby's parentage, relates the story of her marriage to the rich Mr. Land, who has now deserted her in her hour of need. Flip, who has been the hero of the serial, writes a letter that gives the baby's parentage, relates the story of her marriage to the rich Mr. Land, who has now deserted her in her hour of need.

Every scene is replete with wonderful sensation, depicted true to life and emotion of the circus artist, the care free, happy and roving life of the kings and queens of the arena. Every event from the time a circus comes in town until it leaves, late at night, for its next stand is photographed in exact authenticity. Every one who has witnessed a circus performance will be eager to see again the pictured incidents that have filled with interest every hour of the day that the circus came to town. Every scene is authentic in its exact description of incidents with a great travelling show. The life and dash of the sawdust arena vibrates in every episode. Circus life is depicted as it really is, scenes there is excitement, thrills and nerve-tingling sensations in every reel. "Big O of the Ring" is the first and greatest serial history of life with a great variety of tents; its cosmopolitan crowd of extremists in every line of remarkable endeavor. Its daily life of adventures, excitement, thrilling deeds and matchless appeal to the emotions of millions.

GROWTH The steady growth which this institution has enjoyed since organization is the best possible evidence of the thoroughly satisfactory manner in which it serves the people of this community.

"We conduct a strictly banking business along the most approved and conservative lines. At the same time, our policy is progressive, and loans are made liberally and on terms that meet the needs of Wichita Falls and vicinity. We have confidence in you. We will welcome your account."

TO MEET TUESDAY ON GAS QUESTION

Committee's Report New Ordinances to Place at City Council

Representatives from those interested in the proposed gas pricing ordinance are expected to meet Tuesday afternoon at 2 o'clock at the city hall to discuss the ordinance. The ordinance is expected to be passed by the city council on Tuesday.

The ordinance is expected to be passed by the city council on Tuesday. The ordinance is expected to be passed by the city council on Tuesday.

SITE IS CHOSEN FOR FIELD TRIAL

WILL BE HELD ON WORSHAM RANCH IN CLAY COUNTY NEXT MONTH

MANY DOGS EXPECTED

Famous John Proctor Will Be Among Those Present. Local Officials Make Plans.

Plans are well under way for the forthcoming field trials of the North Texas Amateur Field Trial Association to be held on November 28 and 29, E. A. Wilfong, president of the association and E. G. Hill, one of the directors, visited Clay county to investigate grounds that had been offered for that purpose, concluding after the investigation that the most available site was on the Worsham ranch, eight miles east of Henrietta. This is said to be an ideal field, and the best offer for the event. It is the same ground upon which the Texas open trials were held in 1909 and was pronounced by men from Manitoba to Texas to be the best they had ever seen.

Vernon, through the Young Men's Business League, made a flattering offer for the meet, and while the committee was much impressed with the character of the hospitality of that city, it is stated that the ground was not so well suited for the trials as that on the Worsham ranch.

President Wilfong of the association is very enthusiastic over the outlook for a great event, which he says promises to be one of the biggest things of the kind ever held in the state. Entries are coming in fast and on Friday he received a list of ten dogs to be entered by one man. This list came from H. P. Lathrop, the well known trainer of Caracubua, Jackson county, Texas, but the dogs will be handled by some other on account of the fact that he will be barred, being a professional trainer. Other entries are coming in from all sections of Texas and Oklahoma and Mr. Wilfong estimates that there will be from \$25,000 to \$50,000 worth of dogs on the field, including the noted dog, John Proctor, valued at \$15,000.

John Proctor, whose owner has permitted his use for exhibition purposes, will be the leading attraction of the occasion and while barred from participation in the events, visitors will have an opportunity to see him work. This dog, which is said to be the greatest dog, living or dead, has won for his owner in 23 contests "on the field" and has also four championships to his record. His winnings alone have amounted to over \$10,000 besides medals and ribbons to his credit.

Mr. Wilfong announces that preparations are well under way for caring for the large crowd that is expected and that all arrangements will have been completed for transportation to and from the grounds and for hotel accommodations before the date of the trials. On the night of November 27 there will be a meeting of the officials of the associations at which time business matters will be considered and the drawing had for positions in the trials to follow. This meeting will be held at the grounds.

It is expected that the local interest this year will far exceed that manifested heretofore and that there will be a large crowd of visitors each day in addition to those who have entries in the trials. Many of the visitors from other points are expected to spend some of the time in Wichita Falls and the event will no doubt be of considerable value and benefit to this city.

IT'S SEVEN YEARS OLD

But Mrs. Swope Says It's Just as Good Today as When It Was First Made

Over seven years ago Mrs. Swope testified to relief from kidney ills. Later she said that the benefit had lasted.

Wichita Falls sufferers will take a deal of comfort in Mrs. Swope's statement. Read what she says:

Mrs. G. A. Swope, 612 Burnett St., Wichita Falls, says: "I suffered terribly at times from my kidneys. The kidney secretions were unnatural and I suffered constantly from weakness across my back. I got a box of Doan's Kidney Pills from the Wichita Falls drug store and they quickly relieved me." (Statement given June 16, 1908).

On April 3, 1915, Mrs. Swope said: "I have recommended Doan's Kidney Pills on several occasions and I am justified in doing so, as they cured me of kidney complaint."

Price 50c. at all dealers. Don't simply ask for a kidney remedy but get Doan's Kidney Pills—the same that Mrs. Swope has twice publicly recommended. Foster-Milburn Co., Buffalo, N. Y.—Adv.

IS ARRESTED HERE ON MURDER CHARGE

Frenchman Taken into Custody, Being Wanted by Officers at Georgetown

Emil Bebus, a Frenchman who for the past two months has been employed in the Burkum and Petrolia oil fields was arrested Friday night beyond the lake on the Holiday road on a warrant for murder from Georgetown. The arresting officers were Sheriff J. H. Turbeyville of Archer City, Sheriff George Hawkins and Constable Will Allen. Nothing is known of the particulars of the crime. Bebus is wanted for, Bebus making no statement. He has been taken to jail and wanted to make bond.

Leo Allen of Georgetown, sheriff of Williamson county, telephoned Mr. Turbeyville that Bebus was in Archer county, but later locating him near Wichita Falls, Sheriff Turbeyville drove over and got in touch with the local officers, resulting in the arrest. It is not thought that Bebus was trying to make a getaway as he seemed to have taken no very great precautions to prevent discovery. He is being held pending arrival of officers from Williamson county, who have been notified and are coming for the man.

Bebus was living with a French woman, said to not be his wife. He said that he kept her because she helped him out of some trouble. The woman could not speak English. There was also a small boy living with them who favored neither one. It is said that this child is the son of the man whom Bebus is charged with killing.

BUTCHERS ANXIOUS TO KEEP SABBATH

Ask Cooperation of Public in Keeping Places Closed on Sunday Hereafter

Beginning next Sunday—Wichitans will have to order the meat course for their Sunday dinners the day before.

If plans of local market men to begin celebrating the Sabbath as a day of rest are carried out. All market men of the city have agreed to close with the exception of one, and it is believed that he will sign the agreement before the time for closing comes. In speaking of this move on the part of the meat men one of them expressed himself as follows:

"Most men have as much right to enjoy Sunday as anyone else. We come down to five every morning and work until 11 o'clock Saturday night, which is burning the candle at both ends and at a pace where we won't be able to hold out unless we have this day of rest. No inconvenience will be caused anyone by our closing on Sunday. If they will only practice a little foresight and order the needed provisions Saturday night. No urgent reason can be urged against our remaining closed on Sunday. Of course to make a success of the movement we must have the moral backing of the church-going people of our town, and of people who believe in a square deal for everyone."

"Of course if one or two markets remain open on Sunday the rest of us will have to do so in self defense, but the force of the best public opinion if properly exerted will keep the markets of the city closed."

John Proctor, valued at \$15,000, a dog that has won in 23 contests, taking four championships, and earned \$10,000 in winnings for his owner. Said to be the greatest dog in history. Will be exhibited at field trials November 27 and 28.

DORT

\$695

The **Dort Is Superior**

Sincerely, the Dort is superior to other moderate priced cars and better than most cars priced three hundred dollars higher.

And this superiority is recognized by knowing motorists everywhere. Proved correctness of design, absolute honesty in construction and materials, the unquestionable smartness of its lines, the unparalleled satisfactory performance, have won for the Dort a wide prestige.

You, too, will recognize Dort superiority once you have seen and ridden in this car.

See the 1917 Dort—a mechanical achievement—a better Dort than ever.

THE WONDERFUL VALVE-IN-HEAD MOTOR
The tremendous success achieved by the Buick Motor Company is due, more than anything else, to a strict adherence to this one type of motor. Right in principle from the first, it now has back of it fourteen years of proof that it is also right in service. In all parts of the world, and on roads of every description, this wonderful motor has measured up to the sternest demands of the most exacting motorists.

908 Ohio Avenue
Telephone 991

TWO ADVANTAGES
First, the Buick Valve-in-Head motor conserves and uses a larger percentage of the power contained in gasoline than any other motor.
Second, because of its Valve-in-Head construction, the dead gases resulting from each explosion in the Buick cylinders are more completely expelled than in any other type of motor, thus preventing the next incoming charge of fresh gasoline from being weakened through mixture with remaining portions of these dead gases, consequently increasing the power of each explosion.
