

ATTEND THE MASS MEETING AT WICHITA THEATRE TONIGHT AT 7:30

\$85,000 NOW PLEDGED FOR GAS COMPANY

TONIGHT'S MASS MEETING EXPECTED TO BRING SUBSCRIPTIONS UP TO REQUIRED TOTAL OF \$100,000 IN SHORT TIME.

LIST IS GROWING

Subscriptions Come In Without Organized Canvass and End Is Now In Sight—Names to Be Announced Tonight.

With a total of \$85,000 already pledged in subscriptions to the gas company fund, tonight's mass meeting, starting at 7:30 at the Wichita Theater, is expected to witness the completion of the desired total.

So far the subscriptions have been of a voluntary nature, no organized canvass having been found necessary, and it is the belief of those taking the lead in the movement that the Wichita spirit will so manifest itself at tonight's meeting that the few thousands remaining will be pledged within a short time.

The meeting will start at 7:30 and President R. E. Huff of the Chamber of Commerce will preside. Music will be furnished by Taylor's orchestra.

The total in subscriptions, as announced this afternoon by Secretary B. F. Johnson of the Chamber of Commerce, is gratifyingly large and is considered a splendid showing, but it is desired to bring it to the desired \$100,000 mark before another day. The names of all who have subscribed to the fund will be made public at tonight's meeting.

PROSECUTOR PUTS BLAME ON GOSSIP

Accused District Attorney in Public Speech Says Rumors Led to His Arrest.

St. Joseph, Mo., Nov. 2.—Gossip, insinuations and denials, which started an undercurrent about town, but which gathered force with each repetition until "every angle held an accusing finger" was blamed for his misadventure by Oscar D. McDaniel, prosecuting attorney of Buchanan County, in an address here last night in the interest of his candidacy for re-election, in which he discussed the murder of his wife last July and his subsequent arrest, with great freedom. An audience which overflowed a local theatre and required the services of traffic policemen to control, interrupted him frequently with shouts of applause and words of encouragement or wept silently with him.

"Idle tales grew in intensity until my best friends behind me started to sneeze. People lost their reason. Detectives then appeared and my every act and word was distorted to suit their aspect of the case. The prosecutor recounted the tales which he said had been circulated about him. Among them, he said, was the allegation that Mrs. McDaniel had been found by detectives sewed up in his coat, and another, that Mrs. McDaniel, delirious before she succumbed to her injuries, had cried, "Oh Oscar, don't hit me again!" These stories were branded as untrue by the prosecutor, who said they were started with a malicious misconception of the truth by his alleged enemies.

ZAYAS IS LEADING IN CUBAN ELECTION

Havana, Nov. 2.—Returns early this morning from the national election showed that Alfredo Zayas is leading in all of the provinces except Oriente. It probably will be late in the day before the final result is known.

MERGER OF INSURANCE COMPANIES APPROVED

Austin, Texas, Nov. 2.—Charles O. Austin, state commissioner of insurance and banking, has approved a contract whereby the Prudential Life Insurance Company of San Antonio, is merged with the First Texas State Insurance Company of Galveston. The Galveston concern has acquired the assets of the Prudential, which aggregate over \$250,000, and the insurance in force, which is in excess of \$6,000,000. This merger affects 40,000 policy holders in Texas and other parts of the country. Financial direction of the merged organization will be prosecuted from Galveston, while general offices will continue to be at San Antonio. There will be no change in the officers.

MAIL-CARRYING AVIATOR FAILS TO FINISH TRIP

ATTEMPT TO FLY FROM NEW YORK TO CHICAGO UNSUCCESSFUL, THOUGH NON-STOP RECORD IS HUNG UP.

FORCED TO DESCEND

Lands Near Erie, But Resumes Journey—Is Transporting Mail Package From Chicago to New York.

By Associated Press. Erie, Pa., Nov. 2.—Victor Carlstrom flying from Chicago to New York was forced to land here at 11:26 a. m. today but not until he had established a new American non-stop flight record. Erie is just half the distance Carlstrom set out to cover.

The aviator was flying about seven miles south of Erie when a pipe became loose on his engine and he made for the city to obtain mechanical assistance. He landed easily on an open field. He said he was delighted with the flight as far as the lake gone and although disappointed because of the slight engine trouble he deemed it advisable to take no chances as he was very anxious to get to New York by six this evening.

The engine was doing all he had expected of it in the way of speed, and distance between Cleveland and Erie being covered in 30 minutes. Having completed repairs to the engine Carlstrom decided to replenish his supply of gasoline and came down into the city for that purpose. He said that he expected to leave Erie before 1:30 p. m., and that he would follow the lake to Buffalo. From there he said he would probably follow the tracks of the New York Central railroad to New York.

Carlstrom was delayed much longer than he expected. He finally got away at 2:30 o'clock.

MAIL FOR DEUTSCHLAND CARRIED BY AVIATOR

Chicago, Nov. 2.—Victor Carlstrom, aviator, left Chicago at 6 o'clock this morning on an air journey to New York, announcing his intention to have dinner in that city. The start was made from the flying field of the Aero Club of Illinois and Carlstrom immediately launched on a route due east following the right way of the Lake Shore and Michigan Southern.

The aviator expected to make the trip without stop. He is carrying a sack of mail, made up of letters from city officials of Chicago to city officials in New York. Included are several communications said to be destined for the Deutschland at New London. Carlstrom has a special appointment as aerial letter carrier.

Carlstrom is expected to land over South Bend, Ind., Cleveland, O., and Port Jervis, New York. His machine is a 200 horse power biplane.

ILLNESS FATAL TO JUDGE M'CORMICK

Federal Circuit Judge Succumbs, at Waco—Had Been Invalid Several Years.

By Associated Press. Waco, Tex., Nov. 2.—Critically ill since noon yesterday A. B. McCormick, federal circuit judge of the fifth district, died here early today. The remains will be sent to Dallas for burial.

Judge McCormick had a fall in Dallas about five years ago which permanently disabled him and he was obliged to use an invalid's chair. He was, however, an active member of the United States circuit court of appeals at the time of his death. He was born in Brazoria county, Texas in 1832. A widow and ten children survive.

BANK EXAMINER IS STILL TESTIFYING

McKinnon Declares He Was Not Armed, But Is Not Sure as to Patterson

By Associated Press. St. State Bank Examiner Eldred McKinnon resumed his testimony on cross examination this morning in the case of T. R. Watson, charged with the murder of John W. Patterson, state banking and insurance commissioner.

Counsel for the defense questioned McKinnon as to circumstances of the shooting and as to whether or not he or Patterson was armed when the latter was shot. McKinnon denied having a pistol with him when the shooting occurred, saying it was in his grip. He was unable to say whether Patterson was armed at the time. He had never seen him with a pistol on, he said.

NORWEGIAN STEAMER IS REPORTED SUNK TODAY

By Associated Press. Lisbon, Nov. 2.—The Norwegian steamer Tromp has been sunk. The Tromp, of 1752 tons, was formerly the Dutch steamer Johnson. She was last reported as sailing from the Turne, September 30, for Savona, Italy.

DEATH OF BOELKE, AVIATOR HERO, FILLS ALL GERMANY WITH GRIEF

LIEUT. BOELKE, AND GERMAN AEROPLANE BROUGHT DOWN IN RUSSIA

Capt. Boelke, the famous German aviator and one of Germany's most successful war heroes, in the course of an air flight came into collision with another aeroplane and was killed, according to a Berlin dispatch received in London by way of Amsterdam. His machine landed within the German lines. The dispatch before Captain Boelke had shot down his fourth aeroplane. A Paris newspaper on Oct. 18 reported that Boelke had been severely wounded by a shell from a French anti-aircraft gun. Since then, however, his name has been mentioned in the German official statements.

MAIL IS BROUGHT BY DEUTSCHLAND

SEVERAL BAGS OF LETTERS ARE LANDED TODAY—LITTLE WORK ON CARGO.

Status to be fixed

Naval Officials to Determine if Vessel Is Still to Be Classed as Merchantman.

By Associated Press. New London, Conn., Nov. 2.—Bags of mail brought across the sea by the German undersea merchantman, Deutschland, which arrived yesterday were brought ashore today. During the forenoon little work was done upon the cargo.

Mayor E. E. Rogers with President M. T. Minton, chairman of Congress, and about 50 members called upon Captain Koehnig. The party was divided into groups of five and each went on the submarine and looked it over. Later those favored with this chance of inspection stated that they saw most of the machinery.

A diver who went down alongside the Deutschland reported there were fourteen small holes in the anchor bulkhead. These were probably made the anchor dented the shell. The holes had caused some leakage on the trip over.

While the submarine's crew hustled themselves behind the barriers which hide the submarine from public view, preparing to dispose of the 700 tons of valuable cargo, which the Deutschland brought from Bremen, customs officials and navy officers prepared for an inquiry to determine the status of the craft.

The announcement of the Deutschland's manifest was awaited with some curiosity. Captain Koehnig estimating the cargo at ten million dollars in value, said it consisted largely of drugs and dyestuffs, but said there were possibly securities and jewels among the consignments.

As the Deutschland on her trip to Baltimore carried off \$1,500,000 worth of freight, which bulked as large as her present shipment, it was considered probable that most of the ten million dollar valuation was represented by securities or stores.

The Deutschland commander refused a plea that he allow the public to view his craft. None but government or city officials might enter the enclosure, he said, and the restrictions that prevailed at Baltimore were placed in effect.

PRESIDENT IN NEW YORK CITY

PROGRAM CALLS FOR FOUR ADDRESSES—NOTABLE GATHERING HEARS FIRST.

Speaks on business

Conference with Political Leaders on Yacht Mayflower Is Among Day's Features.

By Associated Press. New York, Nov. 2.—Discussing the business problems facing the nation, President Wilson delivered an address at the luncheon of the Wilson Business League, the first of four addresses in this city today and tonight.

He was greeted by a notable gathering of business men from many parts of the country and also by many men prominent in political and professional life.

President Wilson arrived here this morning from his campaign trip up state. He was taken by automobile across town to the East River and left aboard the government yacht, Mayflower. When the president reached the Grand Central station to spend his only day of campaigning in New York City with four speeches on his program for the afternoon and evening, he was cheered by a large group of railroad men.

He was met at the station by Col. E. M. House, and W. C. McCormick, chairman of the democratic national committee. With him they returned to the New York Yacht Club and boarded the Mayflower for a political conference. Mr. Wilson was accompanied by Mrs. Wilson, Miss Margaret Wilson, Miss Helen Woodrow Jones and John R. Wilson of Baltimore, his brother.

NAME OF ONE AMERICAN ADDED TO DEATH LIST

By Associated Press. London, Nov. 2.—A telegram to the American embassy today from Wesley Frost, American consul at Queenstown, states that the discrepancies in former reports regarding the number of Americans on board the British steamer Marina and the names of those lost have been cleared up.

To the list of five Americans reported yesterday as lost, the name of Buio, given in earlier advices as Brue, is added. The name of Middleton, first reported lost, is now in the list of the American survivors. These changes make the total number of Americans on board 52, of whom six were lost.

LANSING AWAIT'S GERMAN VERSION

STATE DEPARTMENT TRYING TO GET ADDITIONAL DATA ON MARINA CASE.

New element noted

Germany's Reported Intention to Sink All Ships Supplying Allies Causes Concern.

By Associated Press. Washington, Nov. 2.—State department officials still were waiting today for Germany's version of the destruction of the British steamer Marina with loss of American lives. They also were expecting affidavits and other data from American survivors on which to determine whether Germany's pledge to the United States had been broken.

Secretary Lansing said today that the United States understands Germany's pledge not to sink merchantmen without warning and without providing for the safety of passengers and crew applies to ships with defensive armament. No distinction was drawn in the correspondence between armed and unarmed ships and the state department does not accept any contention that Germany's responsibilities are limited to those without armament.

A news dispatch from Athens last night, saying that the Greek government had notified that Germans intended to sink, without warning, all ships carrying supplies to the Allies, was regarded here as of great importance.

So far as is known the United States had received no such notification and it is not known whether one has been sent to other nations.

VILLA BANDITS KILL GUARDS AND THEN ROB TRAIN

CARRANZA SOLDIERS ARE SHOT DOWN AND PASSENGERS STRIPPED OF POSSESSIONS WHEN VILLAS ATTACK TRAIN.

UNABLE TO ESCAPE

Even Clothing of Women is Taken. German Doctor is Mistaken for American and Knocked in Head by One Bandit.

Chihuahua City, Nov. 1, by way of El Paso Junction, Nov. 2.—After shooting the 29 Carranza military guards of the southbound passenger train which left Juarez Monday, Villa bandits looted the train, robbed the passengers and even took clothing from women passengers.

The 29 Carranza military guards on the train who were mistaken by the bandits for an American was struck over the head by one of the bandits who used his gun for a club. Dr. Hafner, a German passenger on the train who was mistaken by the bandits for an American was struck over the head by one of the bandits who used his gun for a club. Dr. Hafner was not seriously injured.

The bandits who were in command of the train before the train was stopped but because of the nature of the country escape was impossible. After commanding the engineer to stop, one of the bandits went through the train ordering passengers to alight so they could be searched. The conductor was shot in the hip.

The 29 Carranza soldiers from the Juarez garrison who were traveling in the box car just back of the tender were ordered to alight and were shot down in view of the passengers. This occurred was in command of Captain Guzman, who also was shot.

FRANTIC EFFORT TO GET COAL SUPPLY

Pittsburg Manufacturers Are Rushing Shipments Before Water Routes Are Closed.

By Associated Press. Pittsburg, Nov. 2.—Frantic efforts are being made by a number of important manufacturing interests in the district to secure emergency coal supplies before navigation closes on the Missouri river, by the German version of independent mines that are connected with their plants by water transportation. With the car shortage growing more serious, the companies are piling up all the coal they can secure.

High Cost of Dying; Burial Supplies Now Are Advancing in Cost

By Associated Press. New York, Nov. 2.—The European war is being responsible for the increase in the cost of burial supplies and a consequent advance, announced today, by undertakers for funeral services. Owing to the war, it was said, "undertakers' hardware" name plates and coffin handles has risen in price from 20 to 30 per cent, due to the fact, the supply men claim, that chemicals used to give the nickel effect is now being imported. It is estimated that even the cheapest coffins cost five dollars more than formerly.

Wholesale dealers in burial supplies have notified undertakers throughout the country of a general advance. To offset the advance undertakers are considering the advisability of entering upon a campaign in favor of cremation.

BIG AMOUNT OF CARRANZA MONEY IS DESTROYED

By Associated Press. Laredo, Texas, Nov. 2.—In accordance with a decree issued by General Venustiano Carranza, 250,000,000 pesos of the old issue of Constitutional currency, known as "Vera Cruz Money," was recently amortized and burned with a public celebration in Mexico City, according to word received here. The money destroyed was replaced by the issue known as "infalible," or non-counterfeitable type of currency.

Fifty million pesos are now stored and will be incinerated in the near future. It is the desire of the defunct government to retire all old issues of currency before January 1, 1917.

SELLS WILL FAVOR NEW INDIAN SCHOOL

By Associated Press. Helena, Mont., Nov. 2.—Cato Sells, United States commissioner of Indian affairs, who is in Helena, said today that he will recommend to Congress this winter the establishment of a great Indian vocational school—a second Carlisle—at Fort William Henry Harrison, the local military post. Mr. Sells says present schools are unable to handle the Indian enrollment.

FORT VAUX EVACUATED BY TEUTONS

IMPORTANT OUTPOST OF VERDUN TAKEN BY GERMAN PRINCE IN HIS DRIVE, NOW RELINQUISHED, BERLIN ADMITS TODAY.

GAINS ON SOMME

French and British Report Progress. Little Change is Indicated Upon Either of Rumanian Battle Fronts, Fighting in Volhynia.

The Associated Press summarizes European war operations as follows: Fort Vaux, one of the most important fortifications captured by the German crown prince in his prolonged drive at Verdun, has been evacuated by the German. The evacuation is announced by Berlin today.

Shortly before, when Fort Duamont had been re-taken and a wide stretch of front in this region had been gained by the French in their sudden offensive movement of October 5, it was pointed out Fort Vaux likewise had been put in a perilous position. French advanced towards the fortification in its immediate front and pushed beyond it on each side, making it fall, in the opinion of observers, only a question of a short time.

The Germans evacuated Fort Vaux during the night, says their official report, without hindrance by the French, and after portions of the fort had been blown up. The French continued to pour a heavy fire on the fortifications. Virtually all the ground of pronounced advantage taken by the Germans on the eastern bank of the Meuse in their winter and spring offensive of Verdun has now, with the fall of Fort Vaux, been regained by the French.

French troops operating in Les Boeufs and Lancourt sectors on the Somme front, also gained ground yesterday in attacks on the German lines. The Paris report of last night announcing these advances, is in part confirmed by the Berlin official statement today, which says the French have advanced northeast of Moreval and on the ridge of St. Pierre Vast wood, but declares that the main effort of the French to move forward was sanguinarily repulsed.

The British, likewise, says Berlin, failed in an attack north of Courcellette on the Somme front. London last night reported that the British Boeufs sector in operations in conjunction with the French, but announced today that losses on both sides were not noteworthy happenings during the night.

There is no apparent letup in the pressure which General Von Falkenhayn is exerting along the Rumanian northwestern frontier, but in general the Rumanians are reported to be holding their own fairly well in check. No new advances of importance are announced today by the German war office.

In the meantime, however, military critics are looking shortly for change in the situation" has been the usual report from both sides for several days. Field Marshal von Bucher has been believed to be making preparations for some new stroke in an effort to complete his conquest of this Rumanian province, while the Rumanians are believed to be making preparations to take command of the forces in Dobruja.

On the Stockholms in Volhynia a Russian defeat south of Witoniez is announced by Berlin. The report states the capture of more than 1500 prisoners by General Von Linsingen's troops.

SAKHAROFF NOW IN COMMAND OF DOBRUDJA ARMY

"To a Young Girl,"
My little girl, sweet uncrowned queen
Of a fair kingdom, dim and far—
Whose budding life 'neath rosy screen,
Scarce recognizes yet I ween,
What lives of other women are—
Oh, child! the burdens we lay down
Thy tender hands must lift and bear;
The household scepter and love-crown,
Green wreathed, or hung with dead
Insects brown
Take courage! Both are holy wear.
Better to love than to be loved;
Better to serve, and serving guide
Than wait, with idle oars unrowed
And flapping sail, by each breath
moved,
The turning of life's solemn tide.

For heaven or man thy sacred part;
Ancestress of a noble line
Of calm in maidenly decline;
But keep, till death, the woman's

INTERESTING SESSION OF ART LITERATURE CLUB

Clara Barton, the famous founder of the Red Cross society and the first woman nurse to go on a battlefield was the subject of the interesting program of the Art Literature Club Wednesday afternoon. Mrs. J. C. DeBerry was hostess and Mrs. H. C. DeKan was leader of the lesson on Miss Barton and on the Bayview topic as well. Mrs. J. M. Blankenship read a paper on the life of Miss Barton and each member contributed to the program by telling of different incidents in her life. The Bayview subject was "Our School Fads and Fancies." Mrs. Gebhart conducted the parliamentary drill which preceded the program. The hostess served ice cream and nabiscoes to Mesdames Womack, Shamberger, Hall, Bonnaire, Gebhart, Filgo, Blankenship, Dakin, Misses Katherine Davis, Weasie Moore and Cora Phillips.

"HEALTH" SUBJECT OF NEW CENTURY CLUB PROGRAM

Wednesday was "Health Day" with the New Century Club and at the meeting held at the home of Mrs. C. J. Barnard, Miss Webster, superintendent of the Wichita General Hospital presided as leader. Roll call was answered with home remedies and the paper by a club member was given by Mrs. C. R. Hartsook on tuberculosis. Miss Webster and a visiting nurse, Miss Johnson of Houston, state secretary of the Nurses' Association both gave highly interesting and helpful talks on the general subject of health and preventive. Miss Johnson especially stressed the benefits derived from the services of a district nurse. Following the program the hostess served a tempting salad. Guests were Mesdames Webster and Johnson and Mrs. J. C. A. Guest, a former member. Members present: Mesdames Barnside, Clint Wood, Gardner, Whitney, McDowell, Felder, Montgomery, Snider and Adams.

The honoree was presented with a copy of Reynolds' "Age of Innocence" and the top score prize a crepe de chine camisole, went to Mrs. M. R. Garrison while the low score, a handkerchief case, fell to

The Aeolian-Vocalion

THE NEW PHONOGRAPH— GREATER IN TONE QUALITY—ENHANCED IN BEAUTY OF FORM. AN INSTRUMENT YOU CAN PLAY.

Like all other fine musical instruments, the Aeolian-Vocalion is a development—a product of a long series of refining processes. No claim is made that the Aeolian-Vocalion is the final perfection of re-producing instruments. But in it has been attained such an artistic and musical excellence, that it is commanding the attention of those who have heretofore refused the phonograph serious consideration. It has won its way into the palaces of European royalty and into the finest homes of America. Everywhere its expression device—the Graduola—has been a revelation as full of interest as its broader tonal powers. This wonderful new invention of tone-control makes the Vocalion more than a tone-reproducing instrument—in reality a remarkable new medium of musical expression.

We are showing the Aeolian-Vocalion in four different styles at \$75, \$100, \$150 and \$200. Others are made up to \$2,000.

JAPAN SUBSCRIBES TO BIG RUSSIAN LOAN
Associated Press Mail Correspondence
Tokyo, Nov. 2.—The fact that a loan to Russia of 70 million yen (about \$35,000,000) was twice subscribed by the public has attracted considerable

attention in Japan and is regarded by the press as indicating faith in the victory of the Entente Allies and faith in the power of the rehabilitation of Russia. The loan was at six per cent and consisted of Russian treasury bonds. It is likely that additional loans

of a similar nature will be made subsequently, as Russia desires a total of 250 million yen in Japan (about 125 million dollars). It is understood that the loan will be utilized in the payment of munitions of war purchased in Japan by Russia.

DELIVERS SERMON ON "REPENTANCE"

Dr. Jenkins Preaches on This Sermon Wednesday Night—Old Folks Service Tomorrow

The meaning and significance of repentance formed the theme of the sermon at the First Baptist church, Wednesday night by Dr. Alford Jenkins, who is conducting the revival services there. There was a large crowd in attendance and at the close of the sermon, there were two additions to the church and one other conversion.

Tomorrow morning promises to bring an interesting feature in connection with the Baptist meeting, a special service having been arranged for the old folks. Dr. Jenkins will speak on "The Sin List." Members of the congregation have agreed to put their automobiles and vehicles in service in bringing old people to this service.

In his sermon Wednesday night, Dr. Jenkins took his text from the verse in Acts, "God commanded all men to repent." He first named the things that repentance is not. Repentance is not the mere consent of a man, he said; repentance is not mere feeling, conviction, not conviction, not reformation. Dr. Jenkins then defined repentance as a turning. He cited Namaan as an example of true repentance. The speaker said that the turning must be actual, it must be immediate, it must be entire and it must show fruit.

Dr. Jenkins illustrated his sermon with several stories, among which was one of a young man in a penitentiary, under a 20 year sentence. The governor of the state visited the prison and saw faded flowers in the cell; he inquired of the young man as to these flowers and the convict told him that his crime had caused his mother's death and that he had asked to be allowed to keep these flowers in memory of her, so that when his time was up he might still be a real man. The governor gave him his freedom.

"And God sees the flower of repentance in men's hearts," said Dr. Jenkins, discussing the reward of those who do repent of their sins. For those who did not repent, he said, it was written that God will whet his sword.

"Our Friends in Heaven" was the subject of Dr. Jenkins' sermon at this morning's service. The interest and attendance at this series of meetings continue unabated.

LAYING NEW STEEL OUT OF WHITESBORO

Katy Begins Important Improvements—New Ballast on Northwestern Line

Work of laying the heavier steel on the Wichita Falls division of the Katy was started from the Whitesboro end this week with an extra gang of 75 men under the supervision of Roadmaster J. E. Patterson of this city. It is expected that the progress will be maintained on this work unless the delivery of the steel proves a cause of delay, the progress of the work being in a large measure dependent on the promptness with which the orders for steel are met by the rolling mills.

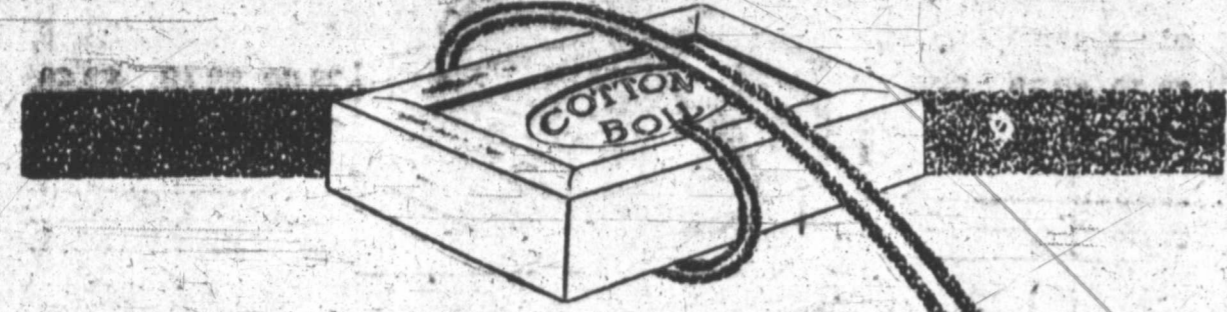

The present progress is from about a half to three quarters of a mile per day. It is not thought probable that an additional gang will be put on the work from this end as the party which is now at Whitesboro end will be able to keep pace with the delivery of the steel. The new steel weighs 66 pounds, ten pounds heavier than that in use at present. With improvements in grade, ballasting and the like it is predicted that this division will be one of the best stretches of track in the state.

About 25,000 cubic yards of the Newcastle shale that can be used for ballasting have been discovered and an extra gang on the Northwestern between Frederick and Devol is making rapid progress on this work. Railroad men of this section regard the Newcastle shale as being more valuable than even the red gumbo so highly prized in eastern railroad circles. The amount available will be sufficient for the completion of the ballast to Frederick. The track on this side of the river is already ballasted with the shale, this stretch of track is already ballasted with the same weight as that being put on the south end of the Katy. Northwestern will soon have a line from Whitesboro to Frederick which will compare favorably with any in this part of the country.

While these improvements were ordered some time ago the vigor with which they are being pushed at this particular time is regarded by local railroad men as especially significant in connection with persistent rumors of extension planned by the road from their northern terminus. While improvements of a similar nature have not yet been ordered north of Frederick it is thought that it will prove a matter of only a short time until the work will be pushed on to Forgan, the northern terminus of the Northwestern.

NO OTHER LAUNDRY SOAP LIKE THIS FOR HARD WATER

Ordinary soaps are not calculated for the hard Gyp water of the Southwest. That's why they get slick and slippery in hard water and fail to lather readily. Cotton-Boll is the result of two years' effort by expert chemists in our laboratory, to solve the Southwest hard water problem.

Without a particle of free caustic or any other harsh ingredient, Cotton-Boll lathers freely in hard or cold water; cleanses beautifully and works better than many soaps do in rainwater.

COTTON BOLL

LATHERS QUICK—LATHERS THICK
AND DOES'NT HURT THE HANDS

Though hard and firm from perfect seasoning and drying, Cotton-Boll lathers up in a jiffy. Absence of caustic ordinarily used in hard water soaps keeps it from making hands rough or injuring delicate fabrics. Makes the laundry clean and sweet smelling, because the soap is sweet itself.

Wichita Falls, Texas, Nov. 2, 1916.

It may be just another indication of the tide that has turned for Wilson that Candidate Hughes has in the last few days unqualifiedly endorsed Wilson's stand on the embargo of arms question, and the question of warning Americans not to travel on belligerent ships.

Two hundred thousand majority for Wilson ought to be the slogan of Texas Democrats. They can easily make it that much if they will go to the polls and vote. In the election four years ago about 1200 votes were polled in Wichita County. This year there ought to be not less than 3500 votes of which no less than 3000 should be counted for Wilson.

The citizens of Wichita Falls have always had inspiring and able leaders in her commercial undertakings. An example of this leadership is now before us in the organization of the company for exploration for oil and gas. More than half of the stock of a \$100,000 corporation was subscribed within a few minutes and within forty-eight hours more the subscription had risen to more than \$75,000. At a meeting to be held tonight the citizenship will hear a report of what has been done and what it is hoped to do. Every citizen who has the welfare and prosperity of Wichita Falls at heart ought to attend tonight's meeting.

Farmers Union officials of fourteen States have emphatically repudiated the recent attack upon the Wilson administration made by H. N. Pope, president of the Texas Farmers Union and president of the Association of Farmers Union Officials. O. W. Taylor, president of the Oklahoma Farmers Union, has denounced Pope as a traitor to the Farmers Union and declares that he should be expelled. J. A. Arnold, formerly secretary of an organization which was outlawed several years ago, is said to be publicity man for Pope, and to him is ascribed the authorship of the pamphlets accredited to Pope, and which have been mailed out over Pope's signature. Pope's pamphlets have been widely distributed and it is said that one railroad alone paid for 10,000 copies of the pamphlet attacking the Adamson law, and that J. A. Arnold, Pope's publicity man, was recently in New York, arranging for the wholesale distribution of the pamphlets.

The voters of Australia have voted in a referendum on the question of conscription for military service. In Australia the women have the ballot. There was unusual interest attached to the result of the vote, as this was probably the first instance where women had a choice in the matter of forcing their fathers, brothers and sons into military service. The result, so far as it has been analyzed, shows that the women voted about as did the men on the subject. The conscription measure appears to have been defeated, but the returns show that it was defeated by the farmers instead of the women. In the strictly agricultural section the vote was heavy against conscription. There are two things that probably account for this. The farmer is closer attached to his homestead than the city man, and is more reluctant to leave it. Another is that the farmers of Australia have been greatly handicapped because of shortage of labor, which has resulted from the great numbers of young men

who have been recruited for military service. Any measure that would tend to take more laborers from the country would be a real blow to the prosperity of Australian farmers.

REVIVAL CONTINUES AT CHURCH OF CHRIST

Services were held again Wednesday night in the revival at the Church of Christ—good attendance being reported. Services will continue indefinitely being held daily at 10 a. m. and 7:30 p. m. Elder Ekins spoke last night on "Building Up the Church." He said: "To build up the church, the members must attend her services; some think when they go to communion each Lord's Day, they have discharged their whole duty for the entire week, even as some think when they are baptized they are then saved for all eternity without further effort. But the weekly prayer meeting, Bible studies, and song practice are all useful and must be carried on if the church would keep alive and do good. And if these services are right, then it is right for every member to attend them, while if they are not right, they are wrong, and therefore constitute a sin on the part of those who do attend. But all agree that these services are right and proper, so it must be right for all to attend. Some stay at home during the protracted meeting so it is not wonder why the meeting was not a success. Again, to build up the church, the members should talk of her glory, her work, her purposes under the sun and interest men and women in the work.

"When the church at Jerusalem was scattered abroad by persecution (Acts 8) they went everywhere preaching the Word. They took advantage of their troubles to tell the good old story. I wonder if we were scattered the same way today if we would do as they? Or would we conceal our true character that we might escape further persecution? Some fail to speak to me about their souls because of reason of misrepresentation of the Church of Christ, we are misunderstood, and men will say hard things in reply to our advances, which they would not say if they knew our work and purposes, but we must have courage, and do our duty, no matter what rebuffs we meet.

"Again, to build up the church, we must do all our services heartily, as unto the Lord, and not unto men. Sing, pray, preach, exert, heartily, not half-hearted, but with soul in the work. And then, we must be patient, for with patience the race is run before you," said the Apostle, and we must be patient with other people's faults as well as our own, never judging harshly, but considering ourselves, and giving the charity we want so much. Finally we must be careful how we do, what we say, for "Make straight paths for your feet, lest that which is lame be turned out of the way."—Heb. 12: 13. Some one is following you, doing what you do, saying what you say, and all because you do and say that same thing. If you go straight, walk true, and talk right, live a pure life, then that person following you will go to Heaven, for you will have led him there.

"But your course is a crooked one, and your windings intricate, then he must suffer, for he can not follow you, so you must keep right yourself, means that you are helping someone else to go aright, and after all our longuey is over, and rewards are in order, you may have a crown of resplendent beauty, because you have led one soul to Jesus, who in turn aided him to the church, which in its turn is built up by that same fact."

OCTOBER PEACHES IN EVIDENCE HERE

Grown on Premises of W. R. Little on Eighth Street. Fine Specimens Shown

A fine specimen of October peaches was shown here this morning and attracted quite a little attention. They were raised at the home of W. R. Little at 1913 Eighth street, who has gathered a variety of fruit from his orchard this year, including peaches from the early to the late. The fruit shown today was taken from one of two trees, both of which were well loaded. One of the peaches measured nearly ten inches in circumference, and it was not specially selected, as all the specimens exhibited were about the same size. The success of Mr. Little with his orchard demonstrates what may be done in the production of fruit, even on a small plot of ground in the city.

J. N. Green Trading Stamps

In accordance with our original plans we have decided to issue S. & H. Green Trading Stamps on all cash sales and on all accounts paid within six days of date of invoice. These stamps have a very considerable value to our customers and are appreciated by all who have been keeping them. They are exchangeable for a large list of handsome articles carried in stock here by the Sperry & Hutchinson Co., which articles cost our customers absolutely nothing, thus making the stamps a real discount in the purchase price of goods. On account of the cost of these stamps to us it

is impossible for us to give them on charge accounts that are not paid promptly, yet wishing to give our customers who carry an account with us the very best prices and service possible, we have determined hereafter to give them to all customers whose bills are paid within six days of the date of invoice. When you get our invoice you can readily compute the time for yourself, and if it is paid within six days of the date we shall be glad to give the trading stamps, but positively no stamps will be given on accounts not paid within the six days.

SECRETARY TELLS OF EXHIBIT'S VALUE

B. F. Johnson Addresses Rotarians Today—Action Taken on Political Letter

Wichita county's victory at the Dallas fair, where the exhibit won second prize and \$256 in premiums, was recounted by Secretary B. F. Johnson of the Chamber of Commerce at the Rotary Club luncheon today. Mr. Johnson, seated so far as to the left, not only that the exhibit will take first prize at the Cotton Palace, but that this county will win first prize at Dallas next year.

He described the exhibit in detail to the Rotarians and said it had resulted already in many inquiries from those who saw Willbarger county, he said, was deeply disappointed that Wichita got second place. The almost total absence of cotton from the farm display, due to an oversight, Mr. Johnson said, probably kept Wichita from first honors this year.

The club took steps to administer a rebuke to the president of a club in another city, who had written a letter, urging Rotarians to support a certain state candidate who is a Rotarian. The use of Rotary for political purposes was deemed contrary to the principles of the organization when the matter was brought up today by Secretary Talbert. The club voted to send a letter to the offending president rebuking him for his activity, and to send a copy of the letter to the international secretary.

Rotarians were urged to attend to night's mass meeting. Secretary Johnson saying that their attendance was needed to make complete the victory which was all but won. Mayor Britain urged Rotarians to support the park bond issue next Tuesday. Its explaining its purposes and President Smock reminded the members of the school tax amendment to the constitution. Mr. Smock also reported upon a pleasant visit to the Rotary Club at Fort Worth.

Market Report

Local Wheat Market. The local wheat market today was somewhat stronger but the price remained at \$1.25.

Chicago Grain. Chicago, Nov. 2.—Argentine rains tended today to put the wheat bulls at a disadvantage although word from Buenos Ayres that dry weather had returned led to a brief rally. Opening quotations here which ranged from 1-4 to 3-4 up with December at 1.82 1/2 to 1.83 1/2 and May at 1.81 1/2 to 1.82 1/4 were followed by moderate general bulges and then a reaction all around to below yesterday's finish. Corn awayed with wheat. Wheat closed unsettled 2 1/2 to 4-8 net higher with December at 1.85 3/8 to 1.86 and May at 1.86 to 3-8.

New York Cotton. New York, Nov. 2.—The cotton market opened steady at an advance of one to three points which was hardly a response to relatively firm cables. January sold at 18.38 and May to 19.26 during the first hour or about 33 to 34 points net higher. A private crop report published by a local authority made the condition 27.3 against 23.8 last year and suggested a crop of 11,213,000 bales. January sold off to 18.69 and May to 18.95 around noon, or back to within three or four points of last night's closing figure. Cotton closed steady. December 18.82; January 18.81; March 18.86; May 19.10; July 19.13.

Fort Worth Livestock. Fort Worth, Tex., Nov. 2.—Cattle receipts 4000 steady; steers \$6 to \$7.50. Hog receipts 500 steady; bulk \$9.76 to \$9.90. Sheep receipts 1,200 nominal; lambs \$9 to \$9.50.

EASTERN STAR TO BANQUET TONIGHT

200 Expected to Attend, Including a Large Number From Out of the City.

Eastern Star chapters of Iowa Park, Burkburnett and Electra will be the guests of honor at the Eastern Star banquet which is to be given tonight at 7 o'clock in the new Masonic Temple by the local chapter of the Eastern Star. Two hundred acceptances have been received by the committee in charge and quite the largest social affair of its sort in the history of the chapter is anticipated.

This will be the first social gathering of the Eastern Star in the newly completed temple and arrangements have been made for a notable occasion. In addition to the out-of-town visitors there will be present a number of Eastern Stars in the city who are not members of the chapter. A program will follow the banquet.

SIGNIFICANCE OF TRUE MANHOOD TOLD

Subject of Downtown Sermon Today—Service For Business Women Friday

The significance of true manhood was the subject of the downtown service this morning conducted by the revival party of the First Presbyterian church. The service was held at 10 o'clock in the midst of a sale, and was well attended. Dr. Hendrick took his text from the words of David to his son, Solomon, "Show them that many have looked upon the importance of high ideals of manhood and the following of good examples."

Tomorrow morning the importance of the downtown service will be held at the millinery store of Mrs. Childs. It will be a business women's service, it is announced.

The various excuses that people give for not making a profession of religion and uniting with the church were answered by Dr. Hendrick last night. His sermon subject being "Excuses." The text read was the parable of the man who made a marriage feast for his son and of the many excuses offered. These excuses he characterized as being most flimsy and thin. But he continued just as many flimsy excuses were offered for the invitation to time why men and women should refuse the invitation to the church.

"Some other time," he said, "some people will say when urged to accept Christ's invitation. Not tonight but some time. These people will not be ready a week from now, nor a year from now or even ten years from now."

Still another class will offer the excuse that they do not understand all the Bible and that they are holding it until they understand all. Dr. Hendrick said, "This excuse was answered by the speaker urging implicit trust which would come when Christ really entered their lives."

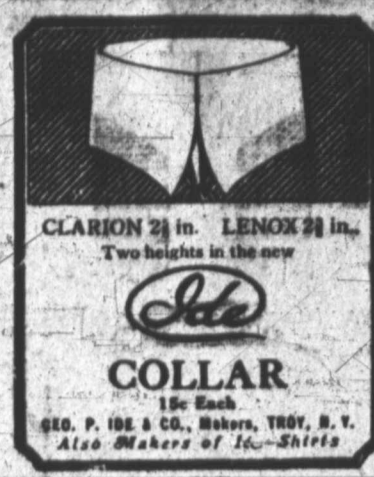

Various other excuses that are offered were summed up for their true value by the evangelist who then gave what he termed the real excuse.

"Why don't you give the real reason for not accepting the invitation of the Savior?" he said, "why don't you say that you are afraid of what folks in the office or the shop will think? It's cowardice that keeps the most of you from making a public acceptance. But your associates will not think less of you, if they amount to anything at all their estimate of you will rise if you take this stand. Don't be a coward."

As usual there was special music by Mr. Carter and by the pianist, Dale Haven, to precede the evening sermon. Yesterday afternoon a special meeting was held at the automobile factory and tonight a section of the church will be reserved for the employees of this manufacturing plant and their families. There will be only two more evening services, with the exception of the closing service on Sunday. Friday services will be held at the church at 10 o'clock as has been the custom through the meeting. This will be the last morning service.

"WATCH YOUR STEP"
ENJOYED A BIG CROWD

A packed house greeted "Watch Your Step" at the Wichita Theatre Wednesday night, and found much enjoyment in the production. "Watch

Your Step" was heralded as a syncopated musical show and as one could complain of any shortage of syncopation, for the piece was chock-full of dancing of all sorts, varieties and delectable syncopations following syncopates in almost breathless succession. It was almost entirely unburdened to plot, which mattered very little.

The production depended upon its dancing and comedy for its favor, the music being less of a feature; these were not decided hits among the songs though each was liberally encoored with "The Minstrel Parade" apparently the most popular.

In the comedy department one Van Rosen was the bright particular, his black-face stunts being the one decided hit of the show. His line of chatter was mostly new and was played cleverly and with entire success as to provoking laughs. Jonathan Keefe as Ebenezer Hardacre also furnished much of the evening's gaiety. In the dance, Jack Coogan held the public favor, his eccentric and agile stepping furnishing something exceptionally good in the light-foot line.

The production furnished plenty to please and entertain and was largely enjoyed by the big throng that gathered to witness it. The girls were numerous enough and quite satisfactory as to looks and some of them could sing, and the men were uniformly good looking. "Watch Your Step" will take rank among the season's hits.

HOW APPENDICITIS CAN BE PREVENTED

Wichita Falls people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Ad-ler's, often relieves or prevents appendicitis. This simple mixture removes such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASES of constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Ad-ler's has easiest and most thorough action of anything we ever sold. Poochee & Lynch, druggists.

Robert Warwick, star of a hundred or more photoplay features, and now appearing exclusively in World-Quilt productions will be seen today at the Majestic in "Human Driftwood" a story in which he brings in to play all the great dramatic force which has so vividly characterized his work on the screen. As a rich young bachelor, who becomes infatuated with a beautiful but evil dancer, and then as a leader among reformers, Mr. Warwick is given an opportunity to play two distinct and different characters with that ease of manner and grace of execution which has caused him to be recognized as a towering figure among photoplay actors of the day.

FORD AND STREET CAR IN COLLISION

Flivver From Oklahoma Tries To Monopolize Track—Occupant Pays Fine for Drink

A Ford roadster driven by a man from Grandfield, Okla., was badly damaged in the front part by a collision with a street car on Ohio between Eighth and Ninth last night. According to the account of the police officers witnessing the accident the Tin-Henry was in the middle of the track making pretty fair time, and evidently tried to beat the street car out of the way, the attempt being unsuccessful. The car's owner and his companion were arrested after the accident and charges of intoxication filed against them in the police court. One entered a plea of guilty at this morning's session, paying a fine of \$5 and the other in under bond for appearance later.

Two speeders were caught in the act by Fred Smith last night, one of them entering a plea of guilty and paying a \$5 fine this morning. Service has not yet been had on the other, who has previously been convicted and has a case now on appeal.

The usual half dozen drunks were in the court this morning, four pleading guilty and paying \$5 each, one was not sober enough to be brought to court, and the other case was passed.

A foreigner arrested in an alley by Officer Gilham last night entered a plea of guilty in the court this morning and contributed as a result. His companion a negro woman, made her escape.

A woman of the flats charged with disturbing the peace was reported too sick this morning to make her appearance in court, her case being passed in consequence. A vagrancy case against a dozen drunks which has been pending several days was dismissed this morning on account of the inability of the officers to locate witnesses.

NOVEMBER OPENS UNUSUALLY WARM

Temperatures of Above 90 Degrees Recorded on First Day of Month

After October had brought some unseasonably cold weather, with one day of ice and frost, November started in with unseasonable warmth. The temperature Wednesday reached the 77 degree mark, an unusual figure for this time of the year. For about a week past temperatures of above 90 degrees have been recorded daily, and the forecast of "fair" gives no indication of a change tomorrow. The minimum temperature has been above 50 degrees which is not low enough to make money for the gas man.

Rain is not needed at present by the farmers, the ground being already in condition for fall plowing.

EXPERIMENT UNDER WAY IN HANDLING OF MAILS

Effective yesterday the United States Government began an experiment to determine whether or not a change can be made in the system of paying railroads for transportation of

the mails. The railroads arranged to assist the Government in compiling statistics for the transportation of mails on the space arrangement.

The new system will allow the railway companies compensation for carrying mail on the space basis instead of the weight basis, as has been the custom in the past. The new method it is believed by railroad officials will result in a more equitable distribution of mail pay and thus be the means of saving many thousands of dollars to the railways yearly.

It is estimated by the Government that approximately forty sacks of mail take up a unit consisting of floor

space three feet deep, the width and height of a mail car. This unit, it is said, will practically form the basis on which all other measurements will be arrived at. Virtually all railroads in the United States will take part in the experiment of measuring the space for mail handling during the next few weeks.

Two headliners are included in the next vaudeville bill at the Wichita Theatre next Tuesday night. Both are distinct features and share equal hon-

The Sauce of a Thousand Uses

GOOD food deserves a good sauce. A fine steak is ruined by an inferior sauce, while the right sauce brings out its flavor and adds piquancy. For unrivalled purity and excellence use **Lea & Perrins' Sauce**.

At home and in the restaurant; on the table and in the kitchen, **Lea & Perrins' Sauce** has its use.

Added to soups, game and steaks at the table, **Lea & Perrins' Sauce** brings out their flavor and imparts a new delight.

Chicken, Ham or Veal, to mention a few of the meats, all kinds of fish and many vegetables can be cooked in a variety of ways with **Lea & Perrins' Sauce** to make most delicious dishes.

On salads and in rarebits once used, **Lea & Perrins' Sauce** is indispensable.

Send postal for our kitchen hanger, which contains these recipes and is sent free on request.

MICHAEL-STERN'S

Young Men's Clothes Are the Result

He spends his time observing the clothes of the country's style-leaders—the men of taste and leisure. He takes the best, improves on it and

Right here, right now are a dozen varieties of the Michael-Stern young men styles, each in a range of appropriate fabrics.

Can you think of a good reason for not seeing them?

Remember, we make no distinction in price between out-of-town customers and city customers. Our aim is to treat everybody fairly and squarely, and the city man pays just the same price for his goods, as the man from out-of-town—NOT ONE CENT MORE. That's our policy, and we live up to it.

UNEVENTFUL SESSION PROMISED OF COUNCIL

Tonight's session of the city council promises to be one of the most uneventful ones which have been held in the space of several months. The only thing on the slate for the council tonight at present is the regular monthly checking of accounts. The city clerk, city treasurer, city tax collector and the police departments will submit their monthly reports for the approval of the council.

MERIDIAN RELAY CAR MAY ARRIVE EARLY TOMORROW

Lord Weaver today received telegrams indicating that it was possible the Meridian relay trip would be made through this city early tomorrow morning, as originally intended. A message coming from Oklahoma that the start from Winnipeg, Canada, was made on scheduled time.

An earlier telegram from San Antonio, however, stated that there had been a delay of 24 hours in beginning the trip and it was expected to reach Wichita Falls about 6 o'clock Saturday morning.

Definite information expected today and Mr. Weaver is prepared to start to meet the party at the Red River bridge when the time of their arrival is determined. He has a car in good trim for the run, which he expects to make in record time.

\$100 IS RAISED HERE FOR ARMENIAN RELIEF

The sum of \$100 will be forwarded to the Armenian relief committee in New York within the next day or two by J. C. Hunt, chairman of the local relief work. LADIES COATS

Choice may be had from a wide variety of fashion's favored fabrics, developed into models with the long flowing lines that hang in ripples and the belted models. Large cape collars predominate, and deep cuffs, some of them of plush, fur trimmed, and still others with the strictly tailored effects. The colors and color combinations are pronouncedly new and most charming.

WOMEN'S DRESSES

This group is interesting because of the wide diversity of the choice to be had. Models show the fullness handled in a new and charming way. Serges, Satins and Crepe Meteors are prominent among the fabrics, while pockets, belts, embroidery and button trimmings lead and rarely rich colors and color combinations offer a splendid range from which selection may be made.

DANCE RECORDS

Conway's Band furnishes a large portion of the dance music for this month, and lively music it is to be sure, consisting of three new fox trots, which are all the rage, and a charming waltz arranged by Tobani. The Victor Band contributes two attractive medleys, including the hits of the new Hippodrome production, "The Big Show." McKee's Orchestra offers two beautiful waltzes played in the style which has made this organization famous.

Victor records for dancing are always the best to be found anywhere and are used and recommended by the foremost authorities, including Mr. and Mrs. Vernon Castle, as well as an overwhelming majority of dancers throughout the world.

THE REASON

We have awarded the prize to Mrs. E. B. Gorsline Apt. 3 Kemp Kort, City. She gives as the reason we do not sell all the coffee used in Wichita Falls as follows: "All the old-timers are using your coffee, some of the new comers are not, for the reason that they come here from cities and towns where they have no expert coffee tester like our BERT BEAN, to educate their taste to care for only the very best. President Elliot says "the great need of our educational system is to educate the senses." The citizens of Wichita Falls, should be proud that we have a coffee man in our midst who is capable of educating the sense of taste. Give them time and everybody will be drinking it."
