DYNAMITE PLOT IS FRUSTRATED

POLICE BLOCK PLANS TO BLOW UP TWO NEW YORK SUBWAY STATIONS.

6 MEN UNDER ARREST

One of Them Said to Have Confessed. Discovered Making Purchases of Dynamite.

New York, Nov. 3.—Plots to dynamite two stations on the Interborough Rapid Transit Company's subway system were thwarted, according to the police, by the arrest today of six men, several of them strikers, charged with bringing dynamite into the city and with causing the dynamite explosion which occurred in the 110th street station on October 24.

SPECIAL ISSUES IN MANY STATES

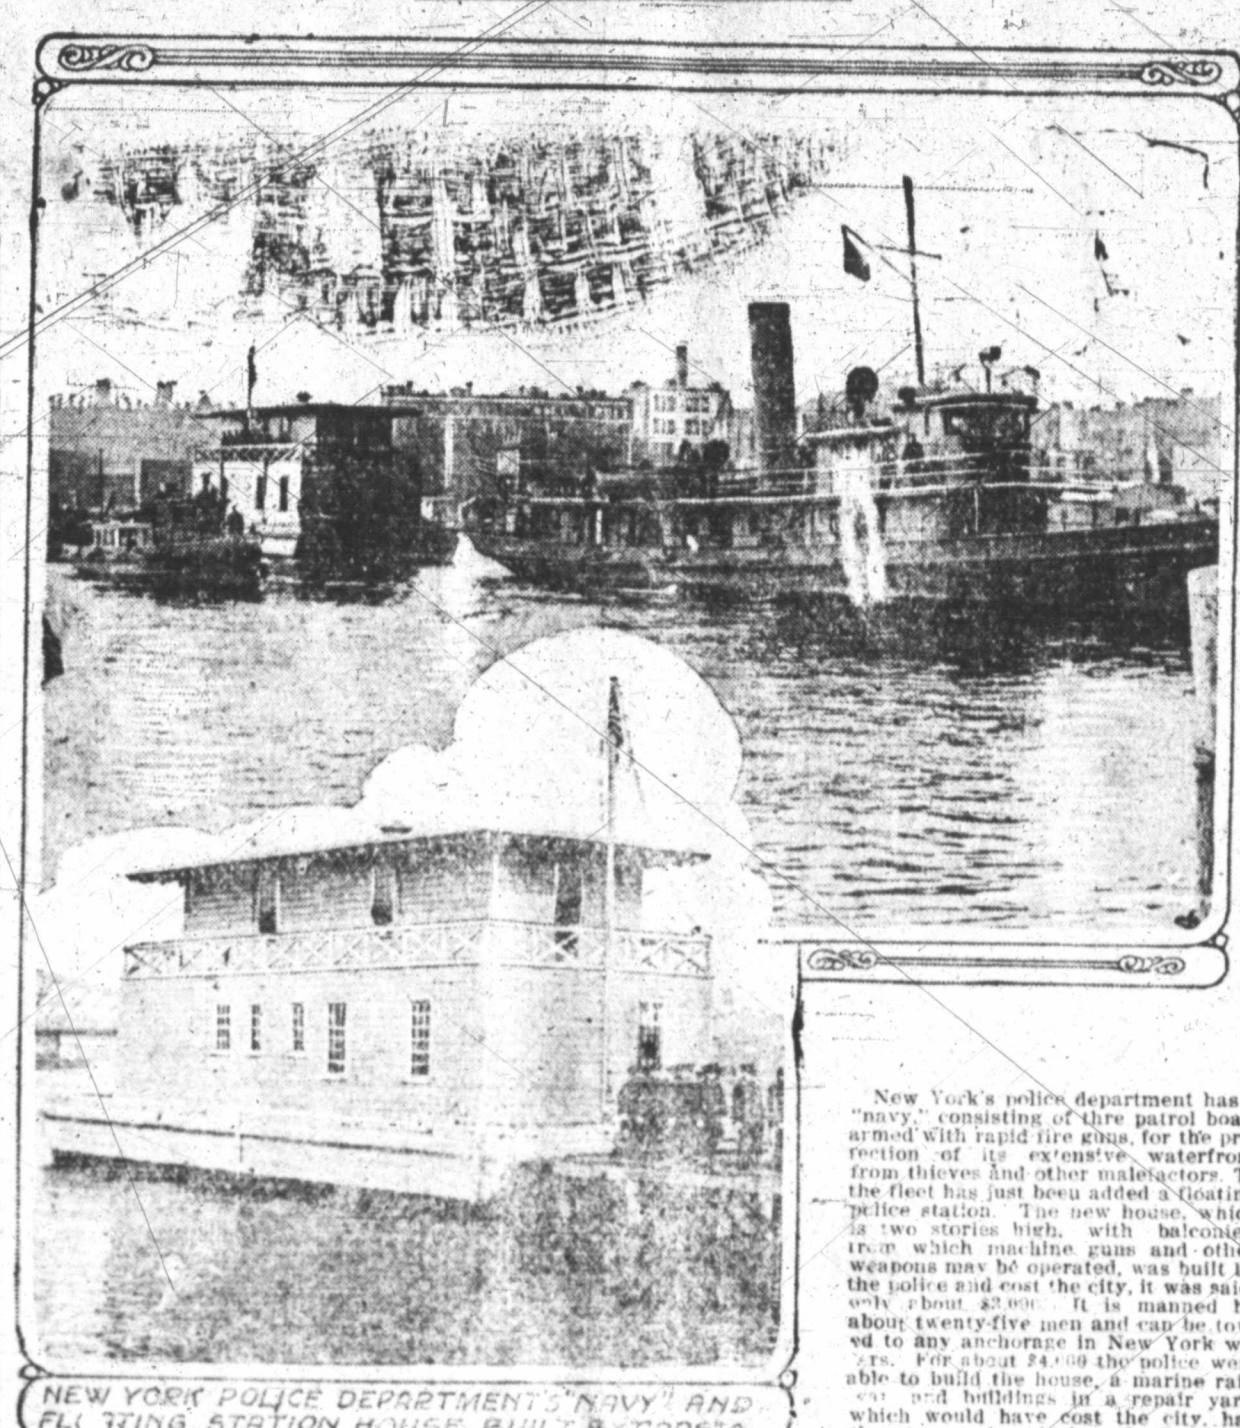

PROHIBITION TO BE SUBMITTED TUESDAY IN SEVERAL COMMONWEALTHS.

OTHER AMENDMENTS

Many Constitutional Changes Are Proposed—Suffrage Is Issue in Some States.

Chicago, Nov. 3.—Special issues are to come before the voters of several states in connection with the general election on Tuesday, Nov. 7. Reports from thirteen states in southwestern, middle western and northwestern territory show the following details:

FLOATING STATION HOUSE IS ADDED TO NEW YORK CITY'S POLICE "NAVY"

NEW YORK POLICE DEPARTMENT'S NAVY AND FLOATING STATION HOUSE BUILT BY COPPS

New York's police department has a "navy" consisting of three patrol boats armed with rapid fire guns, for the protection of its extensive waterfront from thieves and other malefactors.

AERIAL POSTMAN COMPLETES TRIP

CARLSTROM REACHES NEW YORK TODAY, MAKING TWO STOPS EN ROUTE.

DELIVERS HIS MAIL

Letter to President Wilson Is Included. Is Greeted by Army and Aero Club Officers.

New York, Nov. 3.—Victor Carlstrom, who left Chicago yesterday for New York in a New York Times mail-carrying airplane, descended on Governor Island today, where his flight was interrupted by stops yesterday at Erie, Pa., and Hammondsport, N. Y.

FORT VAUX NOW HELD BY FRENCH

OCCUPY IT WHEN EXPLOSIONS CAUSED BY GERMANS COME TO END.

GAINS ALONG SOMME

French Report Progress There—Berlin Claims Success in Transylvanian Fighting.

The Associated Press summarizes European war operations as follows: Fort Vaux is again in French hands and with Duhamel's army reaching the brink of defensive fortifications about Verdun has been reestablished.

CROWN PRINCE OF JAPAN INSTALLED

Ceremony Held Today in Tokio According to Ancient Rites of Nippon.

Tokyo, Nov. 3.—With mystic and solemn pomp which recalled the historic ceremonies attending the coronation of the Emperor Yoshihito, today formally installed as crown prince and heir to the throne.

BERLIN CHARGE INSTRUCTED TO ASK FOR INQUIRY

By Associated Press.

Berlin, Nov. 3.—Secretary Joseph C. Grew of the American embassy who is acting as charge in the absence of Ambassador Gerard was instructed today to ask the German government for information regarding the sinking of the British steamship Rowanmore off Cape Clear, October 23.

SAYS WATSON TOOK PAPER FROM DOOR

Teague Tailor Testifies For State. Witness Says Patterson Was Not Armed.

Waco, Tex., Nov. 3.—L. P. Hovis, a tailor of Teague, Texas, testified today in the trial of T. R. Watson, charged with the murder of John S. Patterson, former state banking commissioner, that he saw the defendant raise the shade and remove a piece of paper from the Farmers & Merchants State Bank at Teague, of which Watson was president, after Patterson had testified to having met and talked with Patterson from near the scene of the shooting to the drug store and hotel, and asked for a minister.

RATE INJUNCTION CASE IS DELAYED

Agreement Reached Not to Take It Up Until After Hearing at Washington.

Austin, Texas, Nov. 3.—Agreements have been reached by all parties interested in the injunction against the railroads for a continuance of the trial of the case which is scheduled to come up at Fort Worth, November 8, according to Attorney General Looney.

NEW REPORTS OF CONTINUANCE OF CAMPAIGN FUNDS CASE IS ORDERED

Supplemental Statements Are Filed Today by Both Parties.

Washington, Nov. 3.—Supplemental contributions to the Democratic National campaign fund amounting to \$294,446.59 since October 25, were filed today with the clerk of the House by Treasurer Mack of the Democratic National committee.

BIG AMOUNTS GIVEN

Republican Contributions Now Total More Than Two Millions—Dodge Adds to Gifts.

Washington, Nov. 3.—Supplemental contributions to the Democratic National campaign fund amounting to \$294,446.59 since October 25, were filed today with the clerk of the House by Treasurer Mack of the Democratic National committee.

SUCCESS SCORED ON WEST BORDER BY ROUMANIANS

By Associated Press.

Bucharest, Nov. 3.—The war office announced today that in the fighting along the Rumanian-Romanian frontier the Rumanian forces had driven the Austrians and Germans across the border at Table Buzul. The Rumanians made an attack in Zuti Valley, occupying Mont Sireul and Taturunne.

LEAVES TO MEET MERIDIAN RELAY AT FIVE O'CLOCK

The car bringing the Meridian relay message was due at Red River this afternoon at 5 o'clock, according to information received by Lloyd Weaver, the local messenger, at 3:46 this afternoon.

AUSTRIAN FORT BOMBARDED BY ITALIAN AIRSHIP

Rome, Nov. 3.—An Italian dirigible aircraft on the night of November 1, says an official statement, dropped seven-ton bombs on fortifications and roadways in the Adriatic Sea, about 110 miles southeast of Trieste.

BANK RESOURCES NOW LARGEST IN NATION'S HISTORY

By Associated Press.

Washington, Nov. 3.—Reports on National Bank conditions on September 12, the controller of the currency announced today, showed total resources of \$14,111,000,000, or \$216,000,000 greater than ever before in the Nation's history.

BRITISH FORCE GAINS VICTORY IN MACEDONIA

By Associated Press.

Paris, Nov. 3.—British troops, following their successes against the Bulgarians on the left bank of the river Struma in Greek Macedonia, have taken by assault the village of Aitsa, says the official statement issued today by the French war office.

SANTA FE SURVEY POINTS SOUTHWEST

Intimated That Wichita Falls or Henrietta May Be Objective of Line

Special to The Times. Ringling, Okla., Nov. 3.—Traveling southward from Lindsay toward Ringling Santa Fe engineers are surveying for a new line through the oil country, but reached only 20 miles north of Dixie Thursday. Their surveys have generally followed the high ridge that extends across Garvin, Stephens and Harrison counties in a southwesterly direction.

AUSTRIANS LOSE MANY IN ITALY'S NEW OFFENSIVE

By Associated Press.

London, Nov. 3.—A Rome dispatch to the Wireless Press says the first day of the new Italian offensive cost the Austrians 15,000 men.

UNDERSEA MAIL SERVICE WAITS FORMAL ACTION

By Associated Press.

Washington, Nov. 3.—If the agents of the German merchant submarine Deutschland will signify that she is available for carrying mail to Germany the postoffice department will be so notified in a formal communication from the German embassy.

NO DECISION TODAY IN GILMORE INJUNCTION SUIT

By Associated Press.

Austin, Texas, Nov. 3.—No decision was announced today by the Supreme Court in the Gilmore injunction case. A decision is now expected tomorrow morning. When the court convened today it immediately adjourned until tomorrow morning without entering any orders.

BRITISH FORCE GAINS VICTORY IN MACEDONIA

By Associated Press.

Paris, Nov. 3.—British troops, following their successes against the Bulgarians on the left bank of the river Struma in Greek Macedonia, have taken by assault the village of Aitsa, says the official statement issued today by the French war office.

STRONG TEAM WILL MEET GAINESVILLE

High School Eleven Will Take Trip Saturday and is in Best of Condition

Coach King expects to take the strongest eleven that has represented the local high school on the gridiron this season to Gainesville Saturday where the locals will lock horns with the football team representing the high school at that place. The weight and experience of the two clubs being about equal a Wichita Falls victory is forecasted.

The work of the local team in the last two weeks has been of such a calibre as to give their admirers hopes of even trimming the Bowie eleven who last week made such an impressive showing by snowing under Fort Worth. The team will meet the locals play again at Bowie Saturday week. In this connection it will be remembered that the Wichita Falls club almost rushed the game at that place when the two teams met at Katy park three weeks ago, and had the advantage most of the first half of the game.

For Saturday's game with Gainesville, Coach King expects to have solved the problem which has been confronting him all season, the full-back position. Three or four men have been played at fullback so far this season but have not seemed to fit into the combination and further shifts have been found necessary. The return of Guy Sinclair, injured in the first practice scrimmage prior to the opening of the season, will, if thought, remove any further worry on this position, and it is expected that his presence in the lineup will materially strengthen the local team. Sinclair has played in the backfield for the past two seasons, and his absence has been sorely felt. On account of the distance to Gainesville it is not expected that a large crowd will accompany the local team, but as usual it is certain that some of the local high school students will be on hand to furnish a racket in the interest of their eleven. A pep meeting will be held for Friday afternoon following the close of school to encourage the team and give them a rousing send off.

The Aeolian-Vocalion

THE NEW PHONOGRAPH— GREATER IN TONE QUALITY—ENHANCED IN BEAUTY OF FORM, AN INSTRUMENT YOU CAN PLAY

Like all other fine musical instruments, the Aeolian-Vocalion is a development—a product of a long series of refining processes. No claim is made that the Aeolian-Vocalion is the final perfection of re-producing instruments. But in it has been attained such an artistic and musical excellence, that it is commanding the attention of those who have heretofore refused the phonograph serious consideration. It has won its way into the palaces of European royalty and into the finest homes of America. Everywhere its expression device—the Graduola—has been a revelation as full of interest as its broader tonal powers. This wonderful new invention of tone-control makes the Vocalion more than a tone-reproducing instrument—in reality a remarkable new medium of musical expression.

We are showing the Aeolian-Vocalion in four different styles at \$75, \$100, \$150 and \$200. Others are made up to \$2,000.

COURT HOUSE WALLS RISING STEADILY
Second Story Work Now Nearly Complete and is Being Pushed Rapidly
The brick work on the second story wall of the new court house on the west side is practically complete and other work is being pushed as fast as possible. Practically all of the rock to be used in the building has been unloaded and much of the sand has been received, and when the work of pouring the concrete for the inner walls is resumed much progress will be made. It is announced that part of the work will be started again next Monday, by which time the walls are expected to be ready to pour the floor for the third story of the building.

ANOTHER HIGHWAY MEETING SECURED

Midcontinent Trail Association Will Meet Here at Same Time as Meridian.

The decision of the Midcontinent Oil and Gulf Trail to hold their annual meeting at Wichita Falls next year, concurrently with the meeting of the Meridian Highway at this place and that of the Colorado-Gulf Highway at Vernon, gives this city the prospect of practically three highway meetings at once, as part of the time the Colorado-Gulf people are to be in Wichita Falls and meet with the other associations at this place. The Midcontinent Oil and Gulf Trail is the recently organized highway organization at Wichita Falls and which runs from Corpus Christi through San Antonio and Wichita Falls to the continent oil fields. Official notification that the highway association will meet at this place has been received by Secretary Johnson of the Chamber of Commerce from J. A. King of Albany, president of the highway. It is the intention to not only make the triple meeting the most impressive gathering of those interested in the comparatively recent automobile highway movement, but one of the most rousing good roads meetings that have ever been held in the West. By combining the meetings of the various associations at this place, it is expected that the gathering will be the largest and most important of the kind ever held in this city. The meeting planned for this place, which will be possible to obtain speakers and lecturers of much higher calibre than is usually the case in these gatherings, experts of national prominence, and whose utterances will be regarded as authoritative all over the country.

TEXANS ARE URGED TO VOTE TO HELP SCHOOLS

Another appeal to the voters of Texas to enable school districts to meet the needs of school patrons has been issued by State Superintendent W. P. Doughty. It follows: To the Voters of Texas: The Constitutional amendment to be voted upon by the people on the seventh of November is distinctly an educational amendment, and is the only amendment to be considered at that time. One leading feature of the amendment is that it does not impose a tax of itself but if adopted will give the various districts and counties the opportunity to secure additional support for their schools if they need it and want it. The amendment was submitted to the people of Texas in response to a widespread demand throughout the State for an opportunity to secure greater support for the schools than is now permitted by the Constitution of the State. Many districts in Texas have already reached the constitutional limit in taxation and are yet short of funds with which to provide an adequate system of public schools. Inasmuch as the amendment does not levy a tax on any district or county, the voters of such counties and districts as may not need additional support should in good neighborhood spirit vote for the amendment, for by so doing they will give the needy districts of Texas an opportunity to establish good schools for their children. Four hundred and sixty-seven independent school districts in the State have already voted upon themselves the limit in taxation permitted by the present Constitution. Many of these districts need additional support and cannot secure another dollar for their schools unless this amendment is adopted. On account of the compulsory school attendance law, many schools in these districts are now overflowing with pupils for whom there is no provision for housing, seating or teaching. The relief for such districts is the adoption of the amendment to Section 3, Article 7, of the State Constitution, known as House Joint Resolution 30, to be voted on the seventh of next month. Yours for the schools, W. F. DOUGHTY, State Supt.

WORK IS STARTED ON NEW ELEVATOR

Will Increase Capacity To 700,000 Bushels—To Be Used For Export Grain

Work on the foundation for the new elevators to be added to those of the Wichita Mill & Elevator Company in the southeast part of the city was begun yesterday by the Burrell Engineering and Construction Company of Chicago and the work will be pushed. It is hoped to reach completion even before the time called for in the contract, January 1. The capacity of these elevators will be increased 217,000 bushels, or approximately 33 1/2 per cent by the additions under construction. The present capacity of that part of the local plant is 480,000 bushels, and the new space will increase this to approximately 700,000 bushels in round numbers. The additions will be uniform with the old elevators, of reinforced concrete. These elevators are used in storing grain being held for export alone, and the addition was necessary on account of a much larger volume of business of the local firm with the Western Oklahoma grain belt.

ARCHER IS STILL AHEAD IN GINNINGS

Six Bales More Than in This County, Latest Figures Show. Ahead of 1915

Wichita county had ginned 3662 bales of cotton on October 16th, according to reports collected by O. P. Maricle, statistical reporter for the U. S. department of agriculture. Archer county had ginned 2669 bales up to the same date. At the same date a year ago Wichita county had ginned 776 bales and Archer county 775 bales. The cotton is now pretty well picked out in both counties and Wichita county's crop will be well under 6000 bales.

PROSPERITY POINTERS FOR FARMERS

In the interest of further development and upbuilding the territory through which their lines are operated, the Fort Worth & Denver City and Wichita Valley Railway Companies have issued an attractive thirty page booklet entitled "Prosperity Pointers for Farmers" and contains valuable information regarding soil conditions and the money making crops to which same is best adapted as proven through the production of the numerous bumper crops which have produced generally prosperous conditions and are constantly making it possible for "Renters" to become prosperous home owners. A few of the crops which are available for those whom it may be possible to invest in the question of locating in Northwest Texas. If, therefore, you have any friends who desire to be interested and will send us their names and addresses we will find pleasure in mailing them copies of the issue referred to. If you have friends whom you would like to send copies yourself instead of having us do so, we will be glad to send you the booklet desired free of cost. W. STEINLEY, G. F. & P. A. Fort Worth & Denver.

PLANS STEPS TO PROTECT OYSTER INDUSTRY

By Associated Press. Austin, Texas, Nov. 2.—As a result of an exhaustive investigation of the oyster and fishing grounds along the Texas coast, Will V. Wood, State fish and oyster commissioner, has announced that steps must be taken to protect these industries in Texas. With this end in view, Commissioner Wood has announced he has announced to the next legislature that the law regulating these industries be so changed as to give the commissioner more latitude for the guarding of the fishing grounds and oyster reefs. He will also recommend that a law be passed requiring fishermen to have red flags inspected before offering them for sale, and that an appropriation be made for the protection and propagation of the oyster beds on the coast. The oyster industry is rapidly diminishing at the present time, the commissioner said.

2000 QUALIFY AS RESERVE OFFICERS

Excellent Progress is Made in This Work of Preparation, Just Started

By Associated Press. Washington, Nov. 2.—Approximately 2,000 men throughout the country have already qualified for commissions in the officers reserve corps of the army, recently created by Congress. The act provides that the corps shall be an unlimited reservoir from which in time of war will be drawn the necessary additional officers for the regular army and those for all volunteer regiments that may be authorized. Army officials are well pleased with the progress made in this vital step toward adequate national defense. It is expected that within another year nearly 15,000 officers will have been accepted and commissioned, ready for immediate active duty should the need arise. At the bureau of printing and engraving the commissions for the reserve officers are now being prepared. They will correspond closely to those issued to officers of the regular army and will bear the signature of the president in every case. The officers reserve corps, as distinct from the reserve officers training corps, also newly created, was designed by Congress to furnish within the shortest possible time a great body of men whose ability to lead troops in the field had been tested and approved and who would be under definite obligations to respond instantly to a call to the colors. Every man must pass an examination before a board of army officers, in which his knowledge of military theory and practice is tested. When he has been commissioned, the reserve officer keeps the command of the military department in which he lives, in addition to his regular civilian occupation. Reserve officers will be named in grades up to major and are selected for the various staff corps as well as the line. Included among those who have already made application for appointment are many doctors, engineers, telegraph and telephone specialists, railroad engineers, contractors and the like. The war department has issued regulations governing the enrollment and training of the officers reserve corps, and the minor schools connected with the corps as the latter will be the main source from which the reserve corps itself will be recruited. Proposals as to regulations to govern the enlisted reserves, also newly created and including provisions for the enrollment of skilled workers in all trades and professions that would be valuable to the army in time of war, are now being prepared. A series of general orders will soon be issued after which the enrollment of the men will begin. The regulations for the reserve corps provide that an American citizen within the prescribed age limits and physically fit for military duty may apply for a commission. The general heads of the subjects in which he will be required to pass oral or practical tests are given and a full list of reference books, army regulations and the like with which he must prepare is published. The particular requirements for each branch of the service are also set forth for each available grade in rank. The corps has been divided into twelve sections, one for each distinct branch of the military service. These are the infantry, cavalry, field artillery, medical (including dental and veterinary) adjutant general, judge advocate general, inspector general, quartermaster, general's engineers, ordnance and signal. Commissions will be issued for five years but can be renewed until the officer has reached the prescribed maximum age limit for his rank. He will then be discharged unless he shows on examination his fitness for promotion to a higher rank. Each officer will be liable for 15 days service in each calendar year with troops or under instruction with the military department in which he lives. The periods of training can be extended only with the officer's consent and he will receive the pay and allowances of his grade in the regular army while on training duty. The regulations provide that no officer on the active lists of the regular army or national guard may be commissioned in the reserve corps although enlisted men in both services may take the examinations.

OCTOBER CASUALTIES OF BRITISH SHOW DECREASE

By Associated Press. London, Nov. 2.—British casualties reported in October in all war areas were: Officers, 4,231; men 192,792. October losses of 197,033 bring the total British casualties for the four months of the Somme offensive to 412,262. The daily average loss for

October is 3452. The British figures are of especial interest on account of the increase on the controversy between London and Berlin regarding the losses of the allies on the Somme. Several of the statements in October from the German war office dwell on the sacrifices of the British and French to obtain a comparatively small amount of territory. It was said they had made desperate efforts to break through the German lines and hurled forward their bodies of troops and sustaining enormous losses. On one occasion the British war office denied a statement of this nature from Berlin. Unofficial advice from British sources stated the losses to the allies, relative to those of the Germans, and to the operations undertaken, were decreasing to a marked extent on account of increased efficiency of the artillery and aerial service. So far as is shown by the London figures which of course take no account of the French casualties the losses of

IN THE SPHERE OF WOMANKIND

In a Meadow. This is the place Where far from the populace, The daughter of Philosophy Her court doth keep, Sweet contemplation. To her service bound Hovers around The little amiable summer air Her courtiers.

The deep, black soil Makes mite her palace floors with thick trefol; The grasses, sagely nodding overhead Curtain her bed; And least the feet of strangers overpass Her walls of grass. Gravely a little river goes his rounds To beat the bounds.

No bustling flood To make a tumult in her neighborhood, But such a stream as knows to go and come Discreetly dumb, Therein are chambers tapestried with weeds, And screened with reeds; For roof the water lily leaves serene Spread tiles of green.

WICHITA TRAVEL CLUB MEETS THURSDAY MORNING The Wichita Travel Club spent a most profitable morning Thursday in study with Mrs. Andrew Urban as leader, the meeting being held as usual with the president, Mrs. Wiley Blair. Two papers were given, "Frederick the Great," Mrs. W. C. Bell; "Marta Theresa," Mrs. Maupin. Roll call was answered with current events and during a business session Mrs. Fred Cooper was elected to membership. The members present: Meadames Blair, Jack Shelton, Urban, Maupin, J. W. Akin, Datson, Alexander, Fauttleroy, Bell, O'Neal, Thornburgh, Miss Foster of Dallas was a guest.

MISS REID HOSTESS TO HONOR MISS BESS KELL On Thursday afternoon there was still another courtesy, extended Miss Bess Kell, the popular bride to be, this time with Miss Agnes Reid as hostess. Bridge was the game, five tables being arranged and with the close of the card session a salad place was served. The bride-elect was remembered with a dainty lingerie combing jacket and the high score prize, a picture, was won by Miss Mable Simpson. Mrs. G. C. Huff, the little out of town guest, received an arm bouquet of chrysanthemums and the low score prize, a pin tray, went to Miss Flora Reisenberg. The attractive Reid home was made even more lovely for this occasion by the lavish use of pink roses. The guest list included, the honoree, Miss Bess Kell, Misses Kathleen Blair, Blanche Kahn, Audrey Adickes, Willie Mae Kell, Genevieve Carver, Mable Simpson, Myrtice Stringer, Rose and Flora Reisenberg, Meadames Wiley Blair, Burton Stayton, Carter McGregor, Newton Maer Marvin Smith, Pjddy, C. C. Huff of Dallas, Baum, Art, Bullington, Frank Kell and Smith Langford.

MRS. BAGGETT HOSTESS TO THE SEW SO CLUB Needlework and chat entertained the members of the Sew So Club meeting in pleasant session Thursday afternoon with Mrs. T. A. Baggett and in addition musical selections by the little daughter of the hostess were enjoyed. A tempting refreshment course was served late in the afternoon to: Mrs. E. W. Edwards of Dallas and Mrs. A. L. Liddell, guests. Meadames Fitzgerald, Naylor, Nicholson, Taylor, Baggett, Pittman Urban and Colfield. Mrs. Colfield will entertain the club Nov. 16.

THURSDAY BRIDGE MEETS WITH MRS. ZUNDELOWITZ The hospitality of Mrs. A. Zundelowitz for the Thursday Bridge Club this week was a totally delightful one for the members and guests attending. American Beauties were the flowers favored in the decorations and the refreshments service was a delicious-ice cream with cake. The high score favor was won by Mrs. E. P. Greenwood. The players included: Misses Nira Dent of Chicago, Carrie Dent and Lucile Sherrod; Meadames Abe Marks, Abd Marcus, Morris Marcus, Claude Woods, Allen, Weisk, Shoberg, Cravens, Cullinan, Cravens, Sherrod, Huff, Walker, Winfrey, Roberts, E. P. Greenwood, Haynie of Dallas, Shaw and DuVal. The next meeting of the club will be on Nov. 16, the hostess to be announced later.

MRS. J. H. SIDES HOSTESS TO THE MERRY MATRONS An hour or so of fancywork with the customary social chat and then a refreshment course of ice cream and cake and adjournment was the order of meeting of the Merry Matrons Thursday afternoon with Mrs. J. H. Sides hostess. The members present: Meadames Falke, Pritchard, Prothro, Wiley, Gant, Buglong, Lewis and Raley.

NOVEMBER 11 TO BE SAN JACINTO "TAG DAY" November 11 has been designated as "Tag Day" by the San Jacinto Mothers Club and on this day tags will be sold on the streets downtown to make up funds to care for the indigent members of the club. The public is appealed to to purchase these tags as liberally as possible to help out in the work for the school that the club has undertaken. The club is meeting twice a month this year and at this week's meeting Rev. F. P. Walters, pastor of the First Christian Church was the speaker, making a short talk on the general activity of a mother's club.

PLAN CHANGES IN NUMBERING SYSTEM City Council Will Probably Take Action—Long Session Is Held Thursday Night. On account of the absolute confusion in the street numbering in the city, the city council proposes soon to pass an ordinance changing the entire system. The old ordinance regulating this was disregarded from the first, and likewise being passed before the period of expansion of the city, is not fitted to the needs of the city. Apparently the lots are not numbered at a considerable angle. Some insist on numbering their houses in the thousands for the first block of Tenth street, when in reality they are in the 1100, 1200 and 1300 blocks. This has resulted in the duplication of numbers on the streets running parallel with and lying beyond those mentioned. Last night's session of the council, while very uneventful, was one of the longest held in some time, due to the lengthy checking of accounts and the lengthy discussions of matters for which no action was taken. The accounts of the police, city clerk, city treasurer and tax collector were certified correct. The franchise granting to the Katy the right to cross Paris street with tracks was passed on its monthly reading. An ordinance amending the fuel oil rate franchise, recently granted to the Panhandle Refining Company, which straightened the route of the branch lines through the alleys between Ohio and Indiana, above Sixth street, was passed on its first reading. Dr. Reed was authorized to make two sewer extensions in Floral Heights, in case rental derived would assure an income of eight per cent on the investment. A number of small bills were allowed. The mayor reported that A. E. Myles, a local accountant, had finished posting the bond register of the city, the first time it has been in proper shape. A whole page is devoted to the history of each single bond. Mayor Britan and Aldermen Richolt, Lea, Bradley, Gardner and Reed were present at last night's meeting. City Clerk Skeen, City Marshal Humphris, City Treasurer Walker, City Engineer Huckleby and City Collector Robertson were in attendance.

OFFICERS ELECTED BY EX-KENTUCKIANS Expect to Secure Membership of at Least 150—Plans Are Made For Reunion. A well-attended meeting of former Kentuckians was held at the Chamber of Commerce rooms last night and a reorganization of the Wichita County Kentucky Club was effected and plans made for increasing the membership to include all citizens of the county who formerly held a vote in the state and for holding a reunion at some date in the future. It was also planned to provide a program for the next meeting, which will be held a week from next Thursday night, and Mrs. W. J. Nolan and Mrs. S. Y. Ferguson were named as a committee to arrange a program for that occasion. Much interest was manifested at the meeting last night and especially in the proposed reunion, which is expected to bring together at least 150 former Kentuckians. At such a reunion, held a few years ago at Lake Wichita, there was an attendance of 150, and it is thought possible that this number may be reached again. Committees were appointed last night on constitution and by-laws, on entertainment and on membership and officers of the club were elected, as follows: President, G. A. Smoot, Jr., who succeeded Dr. L. Coosh, the former president of the club; vice president, J. L. Downing; secretary, B. D. Sartin; treasurer, J. A. Fore. The committees are as follows: Constitution and by-laws, G. A. Smoot, B. D. Sartin, Dr. L. Coosh, H. M. Snoddy and A. E. Myles; Entertainment, D. B. Walker and Mrs. S. Y. Ferguson; Membership, O. T. Bacon, W. J. Nolan, M. F. Gupton, Edgar Rye, W. R. Downing, M. Wilkerson and L. K. Williams, of Elberta. The next meeting of the club will be held at the Chamber of Commerce rooms on Thursday night, November 16th.

LONGHORNS MEET TIGERS TOMORROW

Texas and Missouri Football Teams For First Time in Nine Years

Columbia, Mo., Nov. 3.—The Longhorns of Texas and the Tigers of Missouri will meet in a football game on Rollins field here tomorrow that promises to be the banner game of the season.

The Tigers and Texas have not met since 1907 when the Missourians nosed out a triumph by the score of five to four here in a game that still is much talked about when old grads grow reminiscent concerning past football history.

STIRLING SILVER The Wedding Gift Supreme

There is nothing more appropriate as a wedding gift than STERLING SILVER, forming, as it does, an everlasting reminder of the donor.

Our vast and magnificent new stock of Sterling Silver and Sheffield presents an almost endless variety for you to choose from.

May we have the pleasure of showing you?

NURSES AFFILIATE WITH STATE BODY

Local Association Takes Step at Meeting Friday Night at General Hospital

The Graduate Nurses Association of Wichita county will affiliate with the state association, reaching a decision to that effect at a special meeting held last night at the General Hospital.

Plans have been perfected whereby a magazine devoted to the news and interests of nurses in the state will be published in this state and mailed to all members of the affiliated associations.

Plans have been perfected whereby a magazine devoted to the news and interests of nurses in the state will be published in this state and mailed to all members of the affiliated associations.

FOUR SPEEDING CASES IN POLICE COURT TODAY

Motorcop Fred Smith got sure enough busy last night, and four new cases against local automobile drivers for speeding in the police court resulted.

A white man arrested in a house with a negro woman, entered a plea of guilty to the minimum \$5 on a vagrancy charge. The case against the woman has not yet been tried.

SPECIAL ISSUES IN MANY STATES

(Continued from page one)

5—Authorizing the governor to cut down items of appropriation bills.

6—Permitting condemnation of private property for drainage operations.

7—The election campaign in Wisconsin has probably been quietest in many years.

8—Extending terms of probate judges from two to four years.

The election campaign in Wisconsin has probably been quietest in many years. Considerable interest centers in the election of United States senator Robert LaFollette.

Differences in the democratic camp which arose over the wresting of control from Judge John T. Karel, candidate for governor, years ago seem to be smoothed out.

The liveliest stage interest in Nebraska seems to center in the constitutional amendment to provide for prohibition of the manufacture and sale of intoxicating liquors.

A prohibition amendment was defeated 29 years ago approximately 29,000 majority. Of this 22,000 came from Omaha and Douglas county.

Vigorous campaigning has been done by the candidates for United States senator and governor.

If there is any special issue in the Iowa campaign, it is the prohibition question. The entire state is now dry as the result of the repeal of the so-called Iowa mulek law by the last legislature.

Many dry republicans, leaders declare, have signified their intention of voting for E. T. Meredith, the democratic candidate for the reason that he is dry.

An amendment providing that if the federal constitution is changed to provide for holding general elections on Mondays instead of Tuesdays, the state constitution shall automatically change with it will be voted on.

Political forecasters base North Dakota predictions on phases of "hyphenism" since nearly one-fourth of the states' voters—23,000 out of 110,000—are German. Hence, Republicans profess that they will return to their party, but democrats are confident.

BANQUET IS HELD BY EASTERN STAR

Local and Visiting Members Attend Enjoyable Gathering Here Thursday Night

Members of the Order of the Eastern Star and their husbands from the local chapter and many from out of town as well as about the number of 200 enjoyed a banquet Thursday night that will be marked in local Eastern Star annals as quite the most successful affair of the sort ever attempted.

The order of the evening was first musical program, then the banquet and lastly the exemplification of degree work by the Iowa Park chapter and the initiation of three candidates.

The banquet board and the hall alike were a delight to the eye, decorated exclusively in yellow, cream, and blue, yellow being one of the Eastern Star colors.

The degree work and initiation of candidates completed the program of an evening that was more than enjoyable.

REPAIRS IN PAVING PROVE EXPENSIVE

First Block on Tenth Street Costs 25 Cents a Yard But Cheaper

Owing to delays in the work, the unsatisfactory condition that stretch and the inevitable mistakes and leaks in getting a piece of construction under way the resurfacing of the first block of the new street cost the city 25 cents per square yard, considerably more than was counted on.

The south side of the block between Scott and Lamar, was opened to traffic the first of the week and has been pronounced an excellent piece of work, and the best streets in the city when the work is completed.

The case of E. W. Fry, on trial in the 30th district court at Henrietta, will probably reach the jury Saturday afternoon, according to advices received today.

The state rested late Thursday, after putting on a number of witnesses the testimony developing nothing that had not been brought out in previous trials on similar charges.

It was expected that the defense would rest this afternoon and that most of tomorrow would be consumed in arguments. The case would then reach the jury late Saturday.

The defendant is represented in this case by attorneys who have not been mentioned as interested. His counsel includes R. E. Taylor, W. T. Allen, L. W. Parrish, W. E. Forey, A. F. Arnold and Edgar Seery.

The jury consists of W. A. Baker, Rufus Hill, Sam Hodges, J. J. Isom, J. L. Wilcox, A. G. Berry, G. S. Woods, Brown, W. L. Wood, L. C. Thaxton, J. M. Spalding, C. B. Barnard.

2,000,000 ACRES OF LAND TO BE PLACED ON MARKET

By Associated Press, Nov. 3.—Land Commissioner J. T. Robison announces that about two million acres of State land will be thrown on the market January 1, 1917. The land is situated mostly in the Western portion of Texas and the bulk is subject to actual settlement by the purchaser.

AT THE THEATRES

The Empress.
Viola Dana, the popular little Metro star, whose bewitching beauty and marvellous dramatic gifts have won her legions of admirers, will be seen on the screen here at the Empress today. "The Light of Happiness" a five part feature produced by the Columbia Pictures Corporation for the Metro program. The story was written especially for Miss Dana by John H. Collins, who also directed the screen production. Most of the scenes are laid in a small town where the action centers around a little girl left an orphan by a derelict father, and a young minister who comes to her aid against the wishes and in the face of censure from his congregation. Miss Dana is surrounded by an unusually strong supporting cast, which includes Edward Earle, Lorraine Frost, George Melville, Harry Linson, Jack Husby, Robert Walker and Mona Kingaley.

The Majestic.
Virtually all the accoutrements of modern warfare are used to a greater or less extent in "Shell 43" the spectacular Triangle war drama by C. Gardner Sullivan, in which Thomas H. Ince presents H. B. Warner and Enid Markey as co-players at the Majestic. The story deals with the spy system, as it is believed to be employed now on the battlefields of Europe; hence it was imperative that in filming the play absolute accuracy of detail be maintained throughout. Among the most important pieces of equipment shown in operation during the play is the trench periscope. This novel and highly valuable apparatus is first seen on the screen when the action of the story moves into the trenches and dugouts, where Warner, as William Berner, is fulfilling his duties as a spy. The instrument is shown in use by an officer and then is more clearly explained by a view of the results of its use—i. e., the

reflector clearly mirrors the activities of the troops in the territory surrounding the trenches and dugouts. This unusual bit of photography, it is said, was obtained only after many hours of experimentation by cameraman Charles Kaufman.

The Gem.
Today will see the beginning of the new film serial, "Peg o' the Ring," showing at the Gem. This picture is one that has been heralded as one of the unique in motion picture annals and with the two stars, Francis Ford and Grace Casper, who, in their first serial, "Lucile Love, the Girl of Mystery," made serials popular, it is assured of popularity. The serial will have an unusual setting, that of the big canvas of "the greatest show on earth" and the story of life under the canvas, the daily routine of the stars of the sawdust, both in and out of the ring will make the picture a delight to the eye. The opening scenes take place in a big circus where Peg, the heroine, is born, the child of a circus rider and a wealthy doctor. Her vicissitudes and her ultimate happiness form the story of the fifteen installments of "Peg o' the Ring." In the first reel, in addition to the unfolding of the usual plot, three splendid circus acts will form an entertainment. These are: Moll and Waldo, formerly with Sells-Floto, contortionists and tumblers; Kid Kinnard and Abe Aaronson, clowns, who have all the art of the slapstick and painted face at their finger-tips; and the famous Wilson troupe of light-rope actors. The showing today will start the fifteen weeks' run, each Friday being "Peg o' the Ring" day at the Gem.

GAS FUND IS NOT TO STOP AT \$100,000

MARK ORIGINALLY SET IS PASSED TODAY, FOLLOWING SUCCESSFUL MASS MEETING AT WICHITA THEATRE.

MARGIN DESIRED

Subscriptions to Total of \$110,000 or More to Be Accepted—Meeting is Called for Tuesday Morning to Complete Organization Work.

While the capital stock of the \$100,000 gas company had at 2 o'clock today been more than subscribed it was decided by the committee to secure as many more subscriptions as possible before the meeting. It was obtained between that time and the meeting to perfect the formal organization of the company which was called for the meeting at the Chamber of Commerce rooms at 10 o'clock Tuesday morning. The regular directors meeting of the Chamber of Commerce will not be held to meet after the meeting of the gas company.

The subscription to the capital stock of the gas company was practically completed at the well attended and enthusiastic mass meeting at the Wichita Theatre last night when \$110,000 in new subscriptions were obtained, being subscribed within a small sum of the \$100,000 desired. The popularity of the investment has been attested by the fact that the stock has been oversubscribed and insisted upon by the promoters. A sum of \$10,000 above the amount of the proposed capital stock of the company will be raised in order that the company will be able to safely distribute the stock in the entire area around the city of Wichita Falls. How the additional subscribers will be cared for, either by capitalizing for the increased amount or by a new issue, will probably be determined at the Tuesday meeting. At the rate that the subscriptions have been coming in it will probably be impossible to obtain a share in the company even with the additional stock being raised long before the scheduled time for the meeting. The committee expecting to finish raising the additional amount before the end of another day.

The completion of the company within the week was assured by the subscription of \$12,350 immediately preceding and during the mass meeting at the Wichita Theatre last night. The subscriptions came rolling in rapidly, the entire session lasting barely three quarters of an hour and there is little doubt that the amount could have been completed at the meeting last night but for the fact that it was deemed best to give others than those present at the meeting an opportunity of subscribing to the stock so that it would be more widely distributed among the citizenship of Wichita Falls on account of the semi-public character of the venture.

Immediately prior to this decision Reese Allen had offered to subscribe one-fourth of the remainder of the capital stock in order to complete the subscription at the meeting. Prior to that Mr. Allen had stated that if it was decided to accept his \$2,500 subscription, expressing himself as being even more enthusiastic over the proposition since the bringing in of the new winter holiday. Mr. Allen declared at the meeting that he would not take five for one for the stock that he had subscribed for.

Another instance of where the subscription was increased was that of W. S. Curlee, who before the end of the meeting doubled his subscription. An increase of \$500 in the subscription of Myles O'Reilly, making it \$1,500 was mentioned. Likewise the fact that the secretary of the committee was counting on for a \$1000 subscription had subscribed \$2,000 before the committee even had an opportunity of approaching him, was cited.

The male element did not monopolize the stock subscriptions, several of the ladies present taking substantial amounts, among them Mrs. J. H. Spearman, Mrs. T. B. Smock and Mrs. J. Frank Scott.

The meeting was attended by a good crowd, most of them financially interested in the venture. Subscriptions of stock were invariably hailed by an enthusiastic burst of applause from those in attendance. The enthusiasm of the crowd was reflected in a similar tone in the talks made at the meeting. Judge R. E. Ruff, who presided in outlining the purposes and hopes of the company, while admitting that it shared the speculative nature of all oil operations, pointed out that all fields surrounding the territory to be explored had the prospect of substantial profits to those interested. Judge Hill expressed of himself as not being able to see how the company could fail to strike oil or gas or both.

Judge Hill's opinion of the soundness of the investment was shared by Wiley Blake, who in pledging a \$1,000 subscription characterized it as a sound investment and not in any sense a gamble. Mr. Blake touched on the vital necessity of a cheap gas supply to the industrial interests of the city, and on account of the sub-features of the Kansas standard that he believed that every man in Wichita Falls should invest in the enterprise according to his means.

The "best of all" was an investment in the venture would be multiplied tenfold was expressed by Frank Kell who stated that he could not conceive that the company could fail to strike a new well in the territory in the midst of the largest oil field on the continent and not find oil or gas or both. Mr. Kell will meet near Holliday which oil experts after an investigation have declared to have "tapped" even a different coal field that is being worked which is close by. Mr. Kell stated that he had been interested in probably twenty oil wells in this field, and although he was not an oil man and gave the matter no attention he had not been money in his oil investments, so he did not feel that this company under the direction of sound business men, guided by oil experts and drawing on

the latter's knowledge of the field and of the geological structures of the section could fail to make a profit. Before the capital stock had been subscribed was Mr. Kell's belief that results would have been obtained, feeling that oil and gas wells there and that they would find it. Further, he stated that the company would be able to sell their subscriptions at a profit at almost any stage of the company's operations. While he admitted that the company's element of chance existing in all oil investments was present to some extent, he reiterated his declaration that this venture was in any way like exploring an untried field, and that for this reason the speculative element was reduced to a minimum.

In this connection Mr. Kell stated that he would not be a member of the company. His reasons were that he was not an oil man and felt that others would be of more value in the direction of the company's affairs, that it would make too severe a demand on his time, and further that he had personally influenced so many of his friends to invest in the proposition. While on account of these reasons he felt that he could not hold an official position in the company, he promised his fullest cooperation in any way in which it might be needed.

Heretofore, said Mr. Kell, the subscriptions had been in amounts of \$500 or more, but from that time on subscriptions of a less amount would be accepted. The idea was to get the stock subscribed as far as possible, and to give everyone who wished to take part in the proposition an opportunity of doing so. As the object of the company was purely local no large outside interest had been called on for an investment save one, and that one had such a large investment here and was so vitally interested in the gas proposition that it was regarded as a citizen.

The list of subscribers and the amount subscribed was then read by P. F. Johnson, secretary of the Chamber of Commerce, who acted as secretary of the meeting.

W. M. Fridy mentioned recent talks with farmers having land with oil and gas possibilities from which he expected that the necessary leases could be obtained by the company with no cost.

W. S. Curlee suggested that an effort be made to secure as many preferential leases as possible on lands in the surrounding territory in order to forestall speculators who might secure the leases with the intention of holding on to the company on the deal. A motion to that effect was adopted.

A meeting to perfect the organization of the company will be held at the call of Chairman Huff when the subscription has been completed. It has been decided to retain the same committee for the work with the addition of J. L. Jackson. The committee is composed of C. W. Reid, J. L. Jackson, J. R. Bridwell, F. N. Lawton and B. F. Johnson.

The amounts subscribed last night just before and during the meeting:

W. S. Curlee	1,000
T. P. Adams	500
P. P. Lunsford	1,000
M. N. Lawton	500

DOESN'T EMULATE NABESBAKE WITH REGARD TO TRUTH
Philadelphia, Nov. 3.—George Washington, a United States Marine from Kentucky, who does not bid fair to emulate the truth-telling record of his illustrious namesake, marched proudly down Broadway today, followed by a new sharpshooter's medal pinned to the breast of his uniform.

"What do you know about that—a MILD cigarette that satisfies!"

Chesterfields have done "the impossible"—they satisfy and yet they are not strong. They are MILD! Chesterfields do for your smoking what bacon and eggs do for your breakfast—they satisfy.

And yet Chesterfields are MILD—that's the point.

No other cigarette can give you this new enjoyment (satisfy yet mild) because no cigarette maker can copy the Chesterfield blend.

This blend is an entirely new combination of tobaccos and is undoubtedly the most important new thing in cigarette making in 20 years.

Loggitt & Myers Tobacco Co.

EXTENSION RUMORS ON NORTHWESTERN

Believed Here Building of Line North From Forgan Will Soon Be Undertaken

The reported north end extension on the Northwestern from Forgan which will give that line an outlet into Western Kansas and enable them with joint trackage agreements to reach Denver with their passenger service has practically met with the approval of the heads of the Katy system, according to local railroad officials. And definite action on the matter is now waiting solely on the presidential election. As usual, immediately prior to a presidential election the money market is somewhat erratic and financial ventures are held up until the election is over and the normal is again resumed. While it is not thought that the result of the election will have any bearing on the proposition, the feeling of uncertainty and the consequent unsettled condition of the market is regarded as a bad time to go into the market to float a loan, or market any considerable quantity of securities of any description.

The reported plan calls for the building of a stretch of track from Forgan to Garden City, Kansas, a little over 100 miles. From this point trackage agreements will be negotiated with the intention of going on to Scott City, Kansas, and pushing from there to a junction with the Union Pacific beyond that point. The passenger service into Denver, it is planned, will be by a joint trackage agreement with the last named road. As a junction with the Missouri Pacific will also be gained at Scott City and the line between Garden City and Forgan, the new line is expected to bring the Northwestern a lucrative portion of the business originating in Colorado for export to Galveston, for which that road will be the short line.

The immense volume of business derived from the adjacent territory to the last extension of the Northwestern between Frederick and Forgan, was also said to be a telling argument for the new extension which will tap a territory similar to that between Forgan and Frederick. When completed the Northwestern will rival the "main line" of the Katy in importance and will be Wichita Falls on another avenue of transcontinental travel.

KANSAS AND OKLAHOMA TEAMS MEET SATURDAY
Lawrence, Kan., Nov. 3.—The football teams will endeavor to stage a defense against the Kansas Aggies in "come-back" on McCook Field here tomorrow. The Jayhawkers of Kansas, and Clark are working this week to strengthen the offense. The Kansas-Oklahoma series, according to available records, shows the Jayhawkers to have been victors in eight and the Sooners in five of the annual battles. The home team lost last year by the score of 28 to 14, the same tally, coincidentally, by which the Tigers triumphed over Oklahoma last Saturday.

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making the Times Want Columns promptly and perfectly useful to the readers.

Telephone Ads cost no more, in money—and less in time—but the Times must employ collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for the collector.

DON'T LET HIM CALL THE SECOND TIME. If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use the Times Want Add Columns daily.

RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent insertions. No want ads taken for less than fifteen cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 107.

MERIDIAN RELAY IS DUE TONIGHT

LLOYD WEAVER READY FOR RED RIVER TO FORT WORTH NON-STOP RUN. IN OKLAHOMA TODAY

The stage is set for the record run through the relay with the message that is being relayed from Winnipeg, Canada to Governor Ferguson at Austin, Texas, and the party is expected to start here tonight about 8:30 according to announcement made by Lloyd Weaver who is to carry the message from the bridge at Red River to Fort Worth.

Mr. Weaver received telegraph advice this morning that the message was being carried through Kansas and was expected to reach Lawton, Okla., by 4 o'clock this afternoon if the schedule is maintained. At this rate the party will reach the river in time for Mr. Weaver to pass Wichita Falls at the time indicated.

The night schedule allows six hours for the trip to Fort Worth, but an effort will be made to make the trip considerably less time. Mr. Weaver, while not boasting figures that he can make the run ahead of the schedule, says that he will drive the Jordan Super-Six of Ed Funston and the car has been placed in first class condition for the trip.

Accompanying him will be Harry Smith, shop foreman. Several parties have asked to make the trip, but the regulations are such that preclude the possibility of accommodating those who desire to go.

Appreciating the hazard of such a drive, friends have arranged a cash box at the garage in which those who wish to drop a dime, the fund, in case of a fatal accident to be used for flowers, otherwise to be invested in something to drink.

It is expected that a number of cars will make the trip to Red River with Mr. Weaver and accompany the party to this city, if able to maintain the pace, will drop a dime. The message will be delivered to the next relay driver in front of the Westbrook hotel at Fort Worth, who will carry the message to Sapulpa, Okla.

Two other messages are also being carried, one each to the mayor of Galveston and the mayor of Lawton. These last two messages will be delivered by different drivers, the routes diverging at Waco.

The only stop from Fort Worth to Lawton will be at Austin, where the car will take on gasoline, oil and water. Sixty hours is the schedule time for the trip from Winnipeg to Lawton, a distance of over 2,000 miles.

The trip is being made over the Meridian Highway and a larger portion of the route has splendid roads, especially through Kansas and Oklahoma. It is probable that Mr. Weaver has the poorest stretch of road on the entire trip.

Later advice received by Mr. Weaver indicated that the message was speeding through Kansas and northern Oklahoma, it being indicated that it might reach Red River until about midnight. Mr. Weaver is prepared to start from here as soon as he is advised that the message has reached Lawton.

Several Wichitans were planning to accompany the car to Red River, and it was expected that Mr. Weaver would have quite an escort. He stated that any who were interested might phone him at 740 for further information before he leaves.

Considerable interest in the trip is manifested at points between this city and Fort Worth. Telephone inquiries from Henrietta, Bellevue and Lawton have been received today, the Henrietta party stating that a speed limit of 100 miles per hour had been fixed for passage through that city.

Final Downtown Meeting Held This Morning—Three Sermons Sunday. The revival at the First Presbyterian Church is now drawing to its close, the final downtown service being held today. Services Sunday at 11 a. m. and 7:30 p. m. will conclude the three weeks' campaign.

The downtown service today was held at the millinery store of Mrs. Olive A. Child. Dr. Hendrick's subject was "Readiness," and he urged upon his hearers the importance of being prepared for death's call, emphasizing the fact that constant preparation was necessary because no one knows when the call may come.

Dr. Hendrick last night preached on "The Joy of Heaven," and he urged upon his hearers the importance of being prepared for death's call, emphasizing the fact that constant preparation was necessary because no one knows when the call may come.

When Dr. Hendrick had enumerated a number of ways to make sure of eternal punishment, he then reached of the salvation from that place, and closed his sermon with an urgent appeal.

Tonight, rather than last night, as was at first announced, a special section will be reserved for the employees of the automobile factory and their families, who will be brought to town by the factory management. This will be the last night meeting before the closing service Sunday night. This afternoon the evangelistic party spoke at the Alamo school, in Floral Heights.

Two miles by Mrs. Carter and her class in the Sunday School, formed the special music at the Thursday night service. VERDICT FOR \$1800 IS RETURNED IN DAMAGE SUIT. The jury in the case of Noble Mendez vs. the Wichita Falls Motor Company returned a verdict yesterday afternoon awarding damages to plaintiff in the sum of \$1,800. Three days was consumed in the trial, a large number of witnesses being examined.

Suit was brought for \$10,000 damages for the loss of four fingers, all of which were severed when he was directed to use a machine with which he was not familiar. The case was tried once before, resulting in a hung jury.

BIBLICAL ROOTS OF EUROPE'S WAR

INTERESTING ADDRESS DELIVERED BY DR. JENKINS AT CHURCH

3 SERMONS SUNDAY

Several Additions During Day. With Large Groups Present to Hear Evangelist

From Monday's Daily: An address dealing with the causes of the war...

Perhaps the most interesting feature of the address was the speaker's presentation of the facts that indicate...

His discussion of the political aspects of the war was scarcely less interesting...

The afternoon meeting was one of the largest ever held in the church during the day...

The afternoon meeting had been planned for men only...

Dr. Jenkins opened with a discussion of the magnitude of the war and the immensity of the operations...

"I know," he said, "that lots of people believe that the Bible prophesies that the Jews will go back to Palestine..."

He said that the allied governments had already promised to rehabilitate the Jewish people...

Dr. Jenkins spoke of this prophecy that the forces of Christ and anti-Christ will meet on the Armageddon plain...

"I think that a paradise they could have made of Europe if all this bloodshed had been for improvement..."

"First, the race prejudice," he said, "is the worst problem in this country..."

"We are falling into the perilous trap mentioned in the Scriptures..."

"Third, the spirit of militarism. No European country is free from it..."

"He told the story of Peter the Great of Russia, who went in disguise through the territory..."

"But the German people didn't want war," he declared, "it was the war party that was a result of Bismarck's policy..."

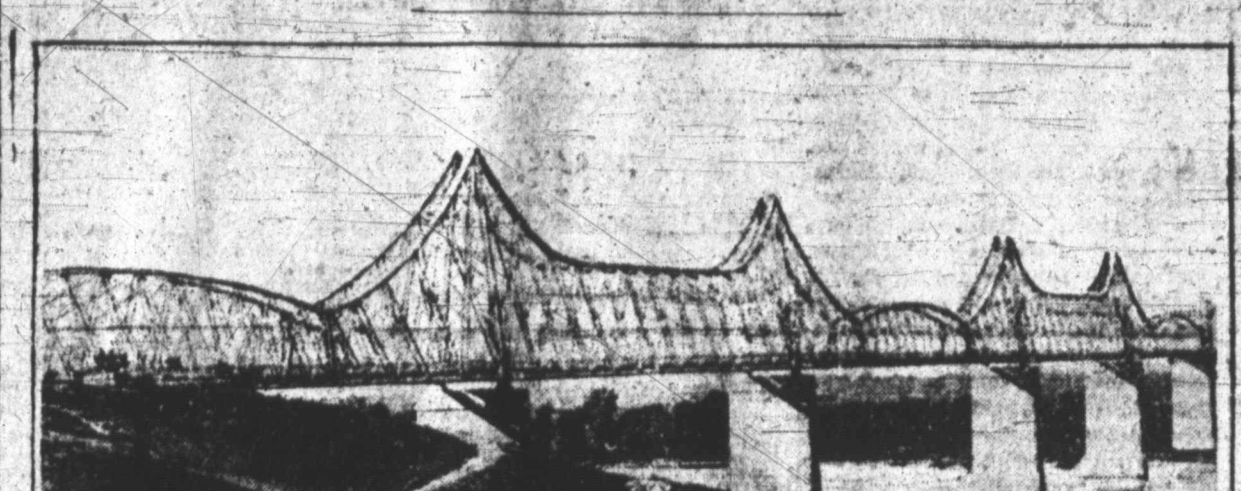

"He uttered a warning against the spread of militarism in this country..."

"The rulers saw the spread of social democracy," he said, "particularly in the United States..."

"The thrones of Hapsburg and Hohenzollern were trembling before the people of Europe..."

"The back of the political conquerors of the world was broken..."
