

HUGHES IS PROBABLY ELECTED, CARRIES PRACTICALLY ALL OF DOUBTFUL STATES

VICTORY NOT CONCEDED, RAGE DECLARED CLOSE

Republicans Win In New York, Indiana and Illinois But Still Lack Few Electoral Votes

New York, Nov. 7.—Just before midnight the election returns, still incomplete in many states, indicated the election of Hughes and Fairbanks, but the figures were very close and the Democratic managers steadfastly refused to concede a Republican victory. Just after 11 o'clock Republican headquarters absolutely claimed Connecticut, Delaware, Illinois, Indiana, Maine, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Washington, West Virginia, Wisconsin and California, with a total of 254 electoral votes. That is twelve less than the 266 necessary to an election, but the statement appended that advice had been received from enough states to make the necessary 266. The statement, however did not list them. This was the official indication from the Republicans that the result would be so close.

At 11:30 o'clock tonight Vance McCormick, chairman of the Democratic National Committee gave out the following statement:

"We do not concede Hughes election by any means. President Wilson can still win with the votes of the states from which we have heard nothing at this time."

At 8 o'clock Tuesday night, the New York Herald and several other newspapers, including the New York Times which supported Wilson, had announced the election of Hughes.

At that hour New York, Illinois, Indiana, Michigan, New Jersey and all of New England seemed to be safely in the Hughes column, and it was seen that nothing save a landslide in the unreported states could save the day for Wilson.

William R. Willcox, republican national chairman, announced at eight o'clock that returns up to that hour indicated that Hughes' election was certain. He has been a critic of republican victory in both New York and Illinois.

Vance McCormick, democratic chairman at 8:30 still claimed that complete returns would show the president elected.

Indiana and Illinois were early placed in the Hughes column, while from the first, the New York state returns showed a steady drift for Hughes, causing democratic leaders to concede the state to him early in the night. New York City, as had been expected, was for Wilson, but the president's plurality there was disappointing and lacked many thousands of votes of being sufficient to overcome the tremendous lead that the up-state district gave to Hughes.

The women voting in Illinois added much interest to the returns from that state, and it was seen early in the night that Wilson was not getting the female vote that party leaders had counted upon, Hughes having a majority of the women vote in many of the early reports.

In New England, Maine, Connecticut and Massachusetts showed early signs of being in the democratic column, but additional returns placed all of the New England states in the Hughes list. Connecticut was in doubt for some time, and it is still possible that Hughes will not receive the electoral vote of that state.

New Jersey, President Wilson's home state, went into the Hughes column early in the night.

Early returns from Iowa gave the Democrats hope of carrying that State, but later figures gave the State to Wilson.

Kentucky was in doubt with figures showing that the Republicans had basis for their hopes in that State.

The earlier figures from Kansas furnished something of a surprise, giving a lead to the Democrats, though there were later indications of the expected Republican victory there.

Returns from the Western States came in very slowly with indications that Wilson was showing unexpected strength in some quarters.

Republicans claim that complete congressional returns would give them a majority of 37 in the House of Representatives.

"MERCY MILITIA" GIVES AMBULANCES FOR PARALYSIS CONVALESCENTS' USE

Mrs. O'Shaughnessy is one of her prominent assistants. Picture shows them making baggages. The generous response of those present assured the addition of many ambulances to transport the youthful victims of New York's recent influenza epidemic to and from the hospitals. The exact total of the receipts will not be definitely known for a few days, but one man alone, disappointed by his failure to purchase a box for the evening, made known his intention of personally purchasing an ambulance.

Many prominent women were among the patronesses of the carnival of fashion, including Mrs. Harry Hughes, Mrs. James Speyer, Mrs. Ogden Golet, Mrs. Henry W. Taft, Mrs. Thomas J. Preston, Mrs. Charles E. Whitman, Mrs. John Purroy Mitchell, Mrs. John R. Drexel, Mrs. Nelson O'Shaughnessy, Mrs. George W. Wickesham, Mrs. Franklin Mott Warner, Mrs. John Drew, Mrs. Jas. R. Hackett, Miss Emma Frohman and Miss Maude Wetmore.

MIDDLE WEST

Columbus, Ohio, Nov. 7.—Democratic state headquarters received word that Hughes has carried Cincinnati by 5,000.

Alton, Ill., Nov. 7.—Bison county eight precincts, Wilson, men 1594; woman 1282; Hughes, men 1441; women 996.

Des Moines, Ia., Nov. 7.—At 8:30 returns from 143 precincts in Iowa out of 2297 in the state: Wilson 17,304; Hughes 19,650.

Detroit, Nov. 7.—Returns from 39 precincts of Michigan for president give Hughes 5,152; Wilson 4,081.

Milwaukee, Nov. 7.—Returns from 269 precincts out of 2250 in state give Wilson 18,062; Hughes 23,802.

Minneapolis, Nov. 7.—Eighty-six precincts out of 1859 in North Dakota give Wilson 4129; Hughes 3543.

Fargo, N. D., Nov. 7.—Eighteen precincts out of sixty in Grand Forks county give Wilson 1,506; Hughes 900.

Columbus, O., Nov. 7.—Early incomplete returns from the city of Columbus indicate that Wilson is running Hughes, two to one with Pomeroy leading Herick by a narrow margin for senator.

Cincinnati, Nov. 7.—C. A. Peck, chairman of the democratic committee of Hamilton county conceded that Hughes would carry the county by 3,000 votes. The republican chairman, Capelle claimed that he would have a much larger majority. Democratic State Chairman Finley at 8:30 issued a statement saying that returns received by him from fifty Cleveland precincts indicate that Wilson will carry Cleveland by 24,000.

Chicago, Nov. 7.—600 out of 2,400 precincts in Cook County: Wilson, (men) 58,394; women, 36,146; total, 94,540; Hughes (men), 60,844; women, 36,887; total, 97,731.

Minneapolis, Minn., Nov. 7.—195 precincts out of 2,250, give Wilson 13,063; Hughes, 17,716.

Milwaukee, Wis., Nov. 7.—Returns for president from 195 precincts out of 2250, in the State, give Wilson 13,063; Hughes, 17,716.

ATLANTIC

Portland, Me., Nov. 7.—Returns from 355 out of 635 precincts in Maine: Hughes, 49,220; Wilson, 47,945.

Burlington, Vt., Nov. 7.—Returns from 32 precincts out of 284, representing 52 out of 246 cities and towns: Hughes, 6,677; Wilson, 2542.

Philadelphia, Pa., Nov. 7.—500 precincts out of 1311 in Philadelphia give Wilson 24,000; Hughes, 45,535.

New York, Nov. 7.—Returns from 243 precincts out of 2680 outside of New York City, give Hughes 401,757; Wilson, 297,389.

Manchester, N. H., Nov. 7.—Returns from 76 precincts out of 294 in the State: Hughes, 6021; Wilson, 4972.

New York, Nov. 7.—With 1020 districts reported; the New York City vote stands: Wilson, 174,306; Hughes 148,594.

Philadelphia, Pa., Nov. 7.—Returns from 160 districts out of 1311 in Philadelphia: Wilson 2677; Hughes, 11,270.

New York, Nov. 7.—Returns from 2,630 districts out of 2,127 in New York City for president: Hughes 206,571; Wilson 335,876.

Philadelphia, Nov. 7.—Returns from 206 districts out of 1,311 in Philadelphia: Wilson 2,678; Hughes 29,402.

Boston, Nov. 7.—The Globe states that Wilson is running far ahead of his ticket in the towns thus far reported, but in Boston he only runs even with Mansfield and Puzos.

New York, Nov. 7.—In Connecticut the cities of New Haven, Hartford, Bristol, Bridgeport and Meriden, complete, give Wilson 37,075; Hughes, 33,317.

New York, Nov. 7.—Returns indicate President Wilson carried Greater New York by 55,000. The New York Tribune says Connecticut looks safe for Hughes.

CENTRAL

East St. Louis, Nov. 7.—The county of St. Clair returns for president from 41 precincts: Wilson 7,801; Hughes, 6,583.

St. Louis, Nov. 7.—From 1,816 precincts out of 3,457 in the state of Missouri give Wilson 23,161; Hughes 16,695.

Oklahoma City, Nov. 7.—Incomplete returns from three counties give Wilson 1267; Hughes 829.

Kansas City, Nov. 7.—Returns from 162 of the 2,454 precincts of Kansas, complete, give Wilson 26,482; Hughes, 24,122.

Kansas City Mo., Nov. 7.—Returns from 347 precincts out of 3459, give Wilson 41,609; Hughes, 32,253.

With the city hall box less than half complete, and Box 13 two-thirds complete the total vote in Wichita Falls was 7079 for Wilson to 156 for Hughes.

The school tax amendment was lead in 688 to 176, and Hurdleston stood with 419 tallies to Gilmore's 149.

With the exceptions noted above, all the city boxes were complete.

At the city hall with 141 ballots counted out of a total vote of 346, the vote stood: For Wilson, 102; Hughes, 28. For the amendment, 19; Hurdleston, 40; Gilmore, 8.

Box 2 gave Wilson a vote of 144; Hughes, 12. For the amendment, 95; against, 22. Hurdleston, 28; Gilmore, 33.

Box 11 gave Wilson 88; Hughes, 15. For the amendment, 68; against 25. Hurdleston, 8; Gilmore, 0.

Box 12: Wilson 440; Hughes, 55. For the amendment, 28; against, 59. Hurdleston, 91; Gilmore, 80.

CITY RETURNS

With the city hall box less than half complete, and Box 13 two-thirds complete the total vote in Wichita Falls was 7079 for Wilson to 156 for Hughes.

The school tax amendment was lead in 688 to 176, and Hurdleston stood with 419 tallies to Gilmore's 149.

With the exceptions noted above, all the city boxes were complete.

At the city hall with 141 ballots counted out of a total vote of 346, the vote stood: For Wilson, 102; Hughes, 28. For the amendment, 19; Hurdleston, 40; Gilmore, 8.

Box 2 gave Wilson a vote of 144; Hughes, 12. For the amendment, 95; against, 22. Hurdleston, 28; Gilmore, 33.

Box 11 gave Wilson 88; Hughes, 15. For the amendment, 68; against 25. Hurdleston, 8; Gilmore, 0.

Box 12: Wilson 440; Hughes, 55. For the amendment, 28; against, 59. Hurdleston, 91; Gilmore, 80.

Box 13: 350 ballots out of 526 counted, give Wilson 365; Hughes, 46. For the amendment, 192; against, 45. Hurdleston, 252; Gilmore, 28.

The success of the park bond issue by an overwhelming vote was assured.

Cincinnati, Nov. 7.—Returns from 337 out of 5570 precincts in Ohio give Wilson 28,186; Hughes, 28,176.

WESTERN GAINS REPORTED BY ROUMANIANS

Cheyenne, Wyo., Nov. 7.—Reports from 46 precincts out of 1451 give Hughes 1029; Wilson 852.

Santa Fe, N. M., Nov. 7.—Ten precincts out of 625 gave Hughes 378; Wilson, 163.

Boise, Idaho, Nov. 7.—Six precincts out of 743 give Wilson 440; Hughes, 545.

Lincoln, Nebr., Nov. 7.—The first precinct to report in Nebraska gave Hughes 234; Wilson 185.

Butte, Mont., Nov. 7.—Reports from 306 precincts out of 1239 in Montana give Wilson 6084; Hughes 2475.

Salt Lake City, Nov. 7.—Six precincts out of 622 give Wilson 1393; Hughes 964.

Salt Lake City, Nov. 7.—Early returns from Weber, Summit and Utah Counties indicate that Wilson has carried the State.

Butte, Mont., Nov. 7.—Thirty precincts out of 1239 give Wilson 6590; Hughes 2475.

Denver, Nov. 7.—Fifty-four precincts out of 1471 in Colorado give Hughes 4566; Wilson 8133.

Denver, Nov. 7.—Ten precincts of 1471 in Colorado give for president Hughes 81; Wilson 1443.

New York, Nov. 7.—Vance McCormick, chairman of the Democratic National Committee, announced at 8:45 o'clock that he was confident that the complete returns would show the election of President Wilson by a substantial majority.

New York, Nov. 7.—Republican headquarters concede Colorado to Wilson by about 30,000.

Seattle, Wash., Nov. 7.—Returns from twelve precincts out of 2385 in Washington gave Hughes 718; Wilson, 778.

Butte, Mont., Nov. 7.—Montana, with 22 precincts out of 1239, gave Wilson 8828; Hughes, 4794. For prohibition two precincts out of 1239 gave 281 for and 153 against.

Boston, Nov. 7.—With 704 precincts, including the city of Boston, out of a total of 1166 in the State, tabulated at 10 o'clock tonight, Hughes had a lead of 1460 over Wilson. The figures were: Hughes, 135,044; Wilson, 133,584.

LANAO CASE NOT DEEMED SERIOUS

Washington's Best Information to Effect that Boat no Longer American Owned.

Washington, Nov. 7.—In the absence today of Secretary Lansing and other high officials of the state department, the course of the United States in the case of the ship Lanoa sunk by a submarine October 24 off the Portuguese coast was undetermined.

The department was without official advice from consular offices on the sinking of the Lanoa and other dispatches the officials here were led to believe that there was little ground for American protest since the ship carried contraband, was warned and her crew transferred without incident.

The question of her registry apparently is the only troublesome factor. Beside the declaration of her American captain that she was under American registry and flew the American flag when sunk, the official view at the department of commerce handles changes of registry, was that the Lanoa had been sold by the Finlay-Miller steamship company of Manila to Hans Haasgaard of Christiania, Norway and that while actual transference to her new owners had not been made the sale had gone far enough legal to take her from under the protection of the American flag.

DEUTSCHLAND TO CARRY BACK BIG SILVER SHIPMENT

New London, Conn., Nov. 7.—Six and a half tons of silver bullion from the mint at San Francisco were unloaded here today at the railroad station by the express company and transported to the German submarine Deutschland for shipment across the ocean. The metal was conveyed through the streets in open wagons without armed guards and few persons who saw the wagons suspected the nature of their cargo.

AMERICAN AMBASSADOR HONORED IN FAR EAST

Seoul, Korea.—George W. Guthrie, the American ambassador to Japan, received many honors from Japanese officials on his way through Korea to China where he will make a tour. At Pusan, his steamer was met by a large party of officials and civilians.

At Seoul, Isidoro Tanagata, director of general administration of Korea, representing Marshal Count Teruchi who was in Tokyo gave a luncheon in honor of Mr. and Mrs. Guthrie. In the afternoon a reception for American residents was held at the American consulate general and in the evening Consul-General Hansford S. Miller gave a dinner inviting prominent Japanese.

DECLARE OFFENSIVE AGAINST VON MACKENSEN CONTINUES SUCCESSFULLY

By Associated Press. Bucharest, Nov. 7.—The Rumanian forces in Dobruja which recently announced the offensive against Field Marshal Von Mackensen's army are continuing their success, the war office announced today. Progress for the Rumanians along the entire Dobruja front is reported.

RECENT NAVAL FIGHT

Italians Lose Destroyer and Austrians Lose Submarine, Other War Reports.

By Associated Press. London, Nov. 7.—Last night was without important happenings along the French front, the war office announced today, there having been no important hand grending on portions of the Somme front and on the right bank of the Meuse in the Verdun section.

By Associated Press. London, Nov. 7.—Last night was without important happenings along the French front, the war office announced today, there having been no important hand grending on portions of the Somme front and on the right bank of the Meuse in the Verdun section.

By Associated Press. Paris, Nov. 7.—Considerable activity in the east of the Pratz region toward the west end of the Macedonian front is reported by the war office. A Bulgarian counter attack in the region of Lake Naroz, Russian was repulsed. Elsewhere in this sector there was moderate artillery activity.

By Associated Press. Rome, Nov. 7.—An Austrian submarine and Italian destroyer were sunk in a duel recently, according to an official statement issued by the war office today. The submarine attacked a transport which escaped.

By Associated Press. Berlin, Nov. 7.—Near Rotherthurn Pass, the Austrians and Pratz region advanced and took more than 1000 prisoners. Near Vulcan, pass, further ground was gained.

By Associated Press. Berlin, Nov. 7.—On the Transylvanian front in the region of Tulgheas, the Russians yesterday forced back Austro-German troops. It is announced officially, The Teutonic forces gained ground west of Bozsa Pass.

By Associated Press. Berlin, Nov. 7.—The capture of a Russian bridge head on the Stokhod in the northern part of the front between Divinsk and Lake Naroz, Russian artillery is displaying marked activity.

By Associated Press. Berlin, Nov. 7.—The capture of a Russian bridge head on the Stokhod in the northern part of the front between Divinsk and Lake Naroz, Russian artillery is displaying marked activity.

By Associated Press. London, Nov. 7.—Gains by British troops in the neighborhood of Butte de Warlencourt, on the Somme front during operations last night, were announced today by the war office.

By Associated Press. London, Nov. 7.—A claim that two crewmembers were hit by the British submarine which yesterday was reported launching a torpedo at and striking a German dreadnaught in the North Sea, is contained in a further report received from the commanding officer of the submarine. It was officially announced today. The two dreadnaughts claimed to have been struck were battleships of the Kaiser class.

DECOMPOSED BODY FOUND IN CISTERN

Believed to Be that of Cotton Picker Who Has Been Missing Two Weeks.

By Associated Press. Waxahachie, Texas, Nov. 7.—The badly decomposed body of a man was fished out of an old cistern near Mount Peak, twelve miles west of here. Identification is not complete, but the body is thought to be that of a man named Lambert, a cotton picker, who disappeared two weeks ago.

Lambert and his family came from Thurber where he had a sister.

APPLY TO SUSPEND WATSON SENTENCE

Attorneys Take Action in Case Banker is Convicted of Manslaughter Charge.

By Associated Press. Waco, Texas, Nov. 7.—Application has been presented in the 6th district court by counsel for T. R. Watson, Freestons County banker, now on trial here in connection with the murder of State Banking and Insurance Commissioner John S. Patterson, asking for a suspended sentence in the event he is convicted of manslaughter.

DAVIS ELECTED FT. WORTH MAYOR

Fort Worth, Texas, Nov. 7.—W. D. Davis was elected mayor of Fort Worth today by 731 majority over Robert Harrison. About 8000 votes were cast in the city election.

IS THE DEVIL DEAD? SUBJECT OF SERMON

Baptist Evangelist Says Trail of Evil one is Evident in Wichita Falls.

With "Is the Devil Dead?" as his subject, Dr. Millard Jenkins of Abilene, who is conducting the revival services at the First Baptist Church, Monday night delivered what was considered one of the most thoughtful and scholarly sermons ever heard here. The evangelist answered the question with a decided negative and in proving his answer took occasion to point out what he said were some of the devil's footprints in Wichita Falls. The church was packed to its capacity, chairs being placed in the aisles. There were seven conversions at the conclusion of the sermon, and the pastor, Rev. R. C. Miller, baptized twenty of those who had made professions during the meeting. More than thirty others are yet to be baptized. Dr. Jenkins upset some popular ideas of the appearance of the devil. "Many people have wrong conceptions of him," he said, "the devil isn't like the pictures in the old books that show him with horns and cloven hoofs and a spiked tail. He comes in the self in any form he desires and sometimes chooses a very attractive form in which to make his appearance. There are many times when he comes in beautiful guise, sometimes in the form of a woman with a beautiful face. "Amen," said an elderly man in the rear of the church.

In the Garden of Eden, Dr. Jenkins said, the devil must have appeared to Eve in some attractive form, for he was able to persuade her. Daniel said the speaker, spoke of the devil as one who, shrewd and powerful and there was evidence that the devil was polished, tactful and eloquent. "He seldom fails to have his way with a man who is without God," said Dr. Jenkins, "he is too much for any man to overcome without the help of God."

Taking up the eternal combat between the forces of evil, Dr. Jenkins used the story of Moses and Pharaoh showing first how the devil seeks to counterfeit the moves that God makes. He said that this was shown also in the history of the church, where there were many instances of the devil's countering spiritual power. In this connection he cited the deeds of some modern sects which he did not name, based on falsehoods though able to do many things that gave them the appearance of the divine power. Discussing Moses and Pharaoh, he told how, after Moses had, with God's aid, brought on the plague of frogs and changed the rivers from water into blood, Pharaoh's magicians, working with the devil's power, had performed similar miracles. If the devil finds that he cannot counterfeit or substitute, continued Dr. Jenkins, he seeks compromise, tries to establish a half-way ground. In this way, the speaker said, many churches had been caught by the devil. He related the Bible story or how the devil had sought to persuade Moses since the latter had determined to take the children of Israel out of Egypt, not to take the women and children with him; just so, said the speaker, the devil says to a man today, "Go ahead and join the church if you must, but don't take the family, too." Again, he said, the devil had tried to persuade Moses to leave his flock and herds behind, and he cited this as illustrating the efforts of the devil to make the man leave his religion out of his business. Some men hold on to worldly amusements in preference to the church also, he said.

"You can find the track of the devil here in Wichita Falls," said Dr. Jenkins, "you can find them in the saloons, in the brothels, in the gambling places, in the houses of prostitution. He has walked through the streets and you can find his tracks there where he left disgruntled, unwilling folks to represent him. He has left his tracks in the homes, sometimes in the form of unkindness, sometimes in the permitting of worldly amusements, cards and dancing. "The devil tried to persuade Moses not to go far away. He tries to persuade men, when they're going into the church in spite of him, not to go too far, not to give too much."

When the devil finds that he can't counterfeit and can't compromise, he draws his sword and prepares to fight to the death. He told how the children of Israel, when they reached the Red Sea, received aid from God and were so able to overcome the forces of the devil. He said that there were people who said that the rolling back of the waters of the Red Sea was not a miracle, but merely the wind, and he indulged in some witty shots at that kind of doctrine. In conclusion he urged his hearers to get the aid of the Lord when the devil besets them, assuring them that they would find that help sufficient.

Dr. Jenkins' subject tonight will be "Is Hell a Myth?" He preached at the ten o'clock service this morning on "The Second Coming of Christ."

BOYS CLUB ELECTS PRESIDENT MONDAY

Alfred Burnside Heads Organization, Plans Made For Coming State Conference

Alfred Burnside, football star, president of the Students' Athletic Association and a regular all-around good fellow and student, according to the characterization of his fellow students and the faculty as well, was last night elected president of the High School Boys Club. This office was made vacant by the withdrawal of Lester Cooper from school to attend the normal at Denton. Next in importance to the election of the president was the discussion of the Older Boys' Conference to be held at A. B. College Station, December 1, 2 and 3. Already a large number of boys have signified their intention of attending and it is hoped to have a special car from Wichita Falls; the local attendance to be supplemented by boys from nearby towns to whom the Wichita Falls Club has written arguing that they go to the conference. The program was for the most

So I Take Real Pleasure in this Aeolian-Vocalion Music

"I was one of those who held aloof from phonograph music, and while I could not but admire the excellence attained in many phonographic reproductions, they still were not quite satisfying to me.

"Thus it was with a quite critical attitude toward, if not with an actual prejudice against phonographs, that I first heard the Aeolian-Vocalion.

"A voice, a wonderful voice was singing. The aria was that very beautiful one from Tosca—'Vissi d'arte e d'amor.' What fine, sweet tone!—how rich with emotion!

Never had I heard such a human voice from a phonograph. The artistic qualities were beyond reproach.

"Then taking the Graduola—the Vocalion expression device—I played a violin record myself—played it as I wanted it, with every tone shade, every crescendo as I felt it should be played. I play the piano, but I have always wished to play the violin. How I enjoyed that first opportunity!

"The Vocalion gives me satisfying tone, magnificent tone, and a freedom of personal musical expression that I never could have hoped for.

"The Vocalion is a true musical instrument."

EXHIBITION HELD BY FARMING CLUBS

First of Series of Affairs by Young Farmers Proves Highly Creditable.

J. W. Campbell, demonstration agent for the United States government in this county, reports a very interesting meeting and exhibition of the boys and girls clubs of the Burkburnett community at that place on last Saturday. There was much interest manifested, he reports, both upon the part of the young people who belong to the club and upon the part of the businessmen of Burkburnett, who entertained the young folks royally and contributed \$61.50 in prizes for the event. There were exhibits and contests by the hog-raising club, the poultry club and the canning club, and a most creditable showing was made, it is announced. Mr. Campbell is especially enthusiastic over the work of the boys and girls and what they have accomplished in these lines and predicts an exhibition when they come to Wichita Falls that will be an "eye-opener" to the people. He states that he has never seen a finer exhibit of pigs than was shown Saturday, including a variety of breeds, ages and sizes, but all in tip-top shape. Louis Michna, showing a Poland China pig six months and four days old that weighed 250 pounds, was awarded first prize, a \$25 registered pig, given by T. P. Roberts. The prize-winner was shown in Burkburnett Saturday at ten cents a pound. Mr. Campbell states that the poultry and canning clubs made an equally creditable showing and the exhibits attracted a great deal of attention. Saturday will be club day at Electra for club members in that section of the county, and later it is planned to hold an exhibition in Wichita Falls.

MARGUERITE CLARK AT EMPRESS WEDNESDAY

"Do you believe in fairies?" When Maude Adams asked that question at the end of her marvelous performance in "Peter Pan" every man, woman and child in the theatre invariably joined in the chorus of affirmative. Now Marguerite Clark, herself

"Goodnight Corns! We Use 'Gets-It!'"

3 Drops in 2 Seconds. That's All. "GETS-IT" Does the Rest. Never Fails.

"Really, I never could see how some few people use the most difficult thing in the world and make it so easy. They'll wrap their toes up with bandages into a package that is their shoes full of corns and makes corns so painful they've got

to walk sideways and wrinkle up their faces. Or they use knives that cut right into the toe and make it raw and sore, or they'll use plasters that irritate the corns and give them a good gouge at their corns and make the toes bleed. Puff, puff, "GETS-IT" is the simple, modern wonder for corns. Just put 3 drops on. It dries instantly. No pain, fuss or trouble. The corns, callus or wart becomes dried and comes off. Millions use nothing else. "GETS-IT" is sold and recommended by druggists everywhere. A bottle, or sent on receipt of price, by R. Lawrence & Co., Chicago, Ill.

Sold in Wichita Falls and recommended as the world's best corn remedy by Palace Drug Store, Mack Taylor's Drug Store, E. S. Morris,

the incarnation of the all spirit, is being studied by the Famous Players Film Company in its delightful fairy tale, "Little Lady Elisen" which is the attraction at the Empress tomorrow. And, at the end of the performance, Little Miss Clark were to step out of the screen upon the stage and ask the audience whether they too believe in fairies, there is little room for doubt that they would unambiguously shout "Yes."

"THE GREAT COMMISSION" IS EVANGELISTS' SUBJECT

There was a large crowd at the Church of Christ last night. Evangelist Elkins spoke on "The Great Commission."

"This term 'great commission' is in common use," said the speaker. "Why is it called great? By this term it is distinguished from the commission given before the death of the Son of God. This first one was limited. These twelve Jesus sent forth and commanded them saying, go not into the way of the Gentiles, and into any city of the Samaritans, enter ye not; but try to take ye the lost sheep of the house of Israel, and as ye go preach, saying the kingdom of Heaven is at hand. (Matt. 10:5-7). But the commission given after Christ's death, and just before He ascended was 'Go teach all nations baptizing them into the name of the Father and of the Son and of the Holy Spirit.' (Matt. 28:19). Go ye into all the world and preach the gospel to every creature. (Mark 16:15). It behooved Christ to suffer and to rise from the dead—that repentance and remission of sins should be preached in His name among all nations beginning at Jerusalem. (Luke 24:47). We see this one is world wide, or to all people, while the former one was limited. Taking all the evidence given by these inspired witnesses, we have five items in the great commission, namely: Baptism, faith, repentance, preaching or teaching, and remission or salvation. We are not to determine the order in which these factors are to be used by the one who is acting under this commission, by the order in which they are given by these witnesses. But in the second chapter of Acts where the first sermon is preached under this commission, the order is given by Peter 'preach to believe without a doubt' and then to 'repent' and 'be baptized' for 'remission.' "He who bears a commission is authorized to act only within the limits of said commission. He is not allowed to alter nor change by any method, either by adding to nor taking from nor by substitution. We recognize this fact readily with reference to our commission to representatives to foreign courts. Why then can we not recognize the fact in religion? The principle is the same.

LEAD INCREASED IN LAST STRAW VOTE

Final Rexall Bulletin Adds Indiana to Wilson Column Making Total 295.

A late bulletin posted at the Rexall Drug Store, giving the result of a straw vote in the presidential race in connection with the canvass that has been made by the 800 Rexall Stores in the United States, gives President Wilson 295 electoral votes and Hughes 236.

FIGHT ON CITRUS CANKER PROGRESSING STEADILY

Austin, Tex., Nov. 7.—Eradication of citrus canker on trees in the fruit belt of Texas is progressing satisfactorily, according to Fred W. Davis, state commissioner of agriculture. This campaign was made possible by federal appropriation for the purpose for which Texas received \$85,000. The money is being used by representatives of the department of agriculture in cooperation with experts from the bureau of plant and animal industry of the federal department of agriculture.

IN THE SPHERE OF WOMANKIND

The Valley. When August and the sultry summer's drought parch all the plains and pale the mountain tops... Where things mature springs, unchanged, our valley sloping to the south.

And yet how tranquil sleeps the mountain now! The water runnels trace their crystal rings... And there the grasses gleam; the tawny oxen pull the trident plow.

How tranquil smiles the valley, broad and calm! —A. Mary F. Robinson.

FIRST CHRISTIAN MISSION SOCIETY MEETS MONDAY Mrs. F. F. Waters presided over the business session of the C. W. B. M. meeting Monday afternoon at the First Christian church.

MEETING OF ALTAR SOCIETY HELD MONDAY AFTERNOON The Altar Society of the Church of the Sacred Heart met in regular session Monday afternoon in the old church building with Mrs. M. W. Lewis and Miss Howe hostesses.

MR AND MRS. T. P. ADAMS ENTERTAIN AT 42 MONDAY A trio of charming-out-of-town visitors was the inspiration of the unusually pretty party given Monday evening by Mr. and Mrs. T. P. Adams.

MUCH VARIETY TO BE NOTED IN STYLES FOR LATE FALL SEASON New-York, Oct. 7.—It is especially true this autumn that variety is one of the greatest charms of the styles.

soft woolsens: The dress shown here illustrates this pretty mode. It is fashioned of soft satin with a collar of fur cloth and a banding of fur around the edge of the skirt.

There are several new fashions in sleeves, and among them the most striking are those that are quite full at the elbow and fit snugly below it.

There are few coats without pockets. All are very snug and comfortable, especially the "billowing" type, were buttoned to the neck and covering the entire dress.

MISS FANNIE MINTER, Messrs. Duff of Horton, Kansas, Dr. Holding, Judge Felder, W. M. McGregor, Perkins and Gibson.

THE SIGMA Delta Chi meeting has been postponed from this afternoon to Thursday, Miss Pauline Richolt to be hostess.

Robbing a blind man has heretofore been considered the limit of knavery. A new limit has been set by a Dallas thief who stole from a preacher as the latter was praying for sinners.

The officers and directors of the Chamber of Commerce oil and gas company elected this morning are men of such standing and character as to inspire every greater confidence in the success of the enterprise. A great factor in the success of any venture is the men at the head of it. In this instance wise selections have been made.

Wichita Falls made three good records last week. The first was over subscribing the stock for a \$100,000 corporation to explore for oil and gas, the second was the completion of a fund of more than a thousand dollars for the Woodrow Wilson campaign fund and the third was the drilling in of an oil well in new territory tributary to the city by Wichita Falls capitalists.

Democrats Brethren: If the first bulletins that are flashed on the screen tonight are against us, do not lose hope. The first bulletins, in all probability will come from New England and Atlantic coast states where the vote is likely to be against the President. Republicans will do well not to rejoice and democrats not to despair until word comes from the middle western states

If President Wilson wins in today's election it will be because his administration has appealed to the progressive thought of the nation and that he has won the majority of the independent voters. The progressives who use the lower case "p" are the balance of power and the republicans have been appealing to this element. The trouble with the republicans has been that their candidate was named by the element in the republican party opposed to the progressive thought of the nation and that President Wilson's administration has been thoroughly progressive. President Wilson has done well to make his appeal to the independent voter. The independent vote is the hope of the administration in today's election. If the campaign had been fought out on strictly party lines Hughes would win today because there are simply more republicans than democrats. The republican campaign managers realize this and in the closing days of the campaign push forward the old shibboleths of high protection and sectionalism.

Market Report

Fort Worth Live Stock. Fort Worth, Texas, Nov. 7.—Cattle receipts 2700, five cents higher. Steers \$5 to \$7. Hog receipts 1500, five cents higher. Bulk \$9.25. Sheep receipts none, nominal; lambs \$9 to \$9.50.

Local Wheat Market. The price of wheat remained at \$1.75 per bushel here today. Chicago and New York markets were closed on account of the election.

FOREIGN MINISTER IS APPOINTED IN CHINA. Peking, China, Nov. 7.—Wu Ting Fang has been appointed minister of foreign affairs. His appointment was approved today by the virtually unanimous vote of parliament.

J. N. Green Trading Stamps. In accordance with our original plans we have decided to issue S. & H. Green Trading Stamps on all cash sales and on all accounts paid within six days of date of invoice. These stamps have a very considerable value to our customers and are appreciated by all who have been keeping them. They are exchangeable for a large list of handsome articles carried in stock here by the Sperry & Hutchinson Co., which articles cost our customers absolutely nothing, thus making the stamps a real discount in the purchase price of goods. On account of the cost of these stamps to us it is impossible for us to give them on charge accounts that are not paid promptly, yet wishing to give our customers who carry an account with us the very best prices and service possible, we have determined hereafter to give them to all customers whose bills are paid within six days of the date of invoice. When you get our invoice you can readily compute the time for yourself, and if it is paid within six days of the date we shall be glad to give the trading stamps, but positively no stamps will be given on accounts not paid within the six days.

DIRECTORS WILL MEET TOMORROW

Matters in Connection With West Texas A. & M. Will Receive Attention.

The directors of the Chamber of Commerce will be called together tomorrow morning at ten o'clock in their regular weekly session, which was postponed from today on account of the meeting of the stock holders of the new gas company. Among the possibilities to be discussed at tomorrow morning's meeting is the question of what steps, if any are to be taken toward securing the location of the proposed West Texas A. & M. in this city. It seems to be the opinion of the directors that some effort should be made to secure this institution, if possible, although it has been made plain on several previous occasions that the influence of this city be exerted primarily for the authorization of the college, and that the efforts toward locating it here should be entirely secondary to that. It is believed that if the location of the institution is made contingent on a bonus that Wichita Falls will be able to hold her own with all comers, but that if the geographical limitations now proposed are made permanent the chances of securing the institution for this city are small. However, this city is not without its advantages in the matter of location, for besides being convenient to the Panhandle it is easily accessible from one of the most fertile sections in Oklahoma, and a college of this description here would be a factor in attracting young farmers from Western Oklahoma down into Texas.

Although the bonus feature of the location would materially improve the chances of this city, many of the most influential of the directors of the local body are in favor of exerting the influence of this city against that plan, characterizing the "sale" of its educational institutions as a blot on the record of the state.

GUARDSMEN'S VOTES MAY DECIDE RESULT

Interesting Possibilities of Balloting By Soldiers Are Cited—Not Counted Now.

New York, Nov. 7.—The announcement that New York state troops had cast their ballots in the national and state elections and that the votes, under seal, were already on their way to Albany, aroused interest and speculation today in political circles. Several hundred federalized national guardsmen from other states, according to dispatches from Brownsville, Texas, have completed their balloting, including the Virginia troops, which have been voting for several days by mail. The vote of the New York state guardsmen will not be counted until December 19, when the inspectors of election formally meet and proceed to the official count. Like delays in relation to the militia vote are said to exist in other states with troops on the border. The situation unique in presidential elections since the Civil War period, was pointed out as being fraught with possibilities should the presidential vote in New York be decided by a narrow margin or the other, the complexion of the state electoral vote might not be known until the official canvass six weeks hence when the "soldier vote" would be included.

STATE DEPARTMENTS NEED \$15,314,488

That is Total of Estimates of Departments and Institutions for Two Years.

Austin, Texas, Nov. 7.—It will take \$15,314,488 to operate the State government for the next two fiscal years, commencing September 1, 1917, and ending August 31, 1919, according to estimates filed in the controller's department by the heads of the various departments and educational and eleemosynary institutions of the state. For the first fiscal year the amount asked is \$7,875,813, and for the second fiscal year the figures are \$7,438,675. For the two previous fiscal years estimates were \$15,905,863.

FOULDIS READY FOR DUTY AS AVIATION OFFICER

San Antonio, Tex., Nov. 7.—Major H. D. Foulis, signal corps, has reported to General Euston for duty as department aviation officer, a new position in the army. He will direct the organization of two aero squadrons at Fort Sam Houston. Each squadron will have twelve 200 horse power aeroplanes and double that number in reserve, making a total of 22 machines. Cost of equipment required for each squadron will approximate \$300,000. Major Foulis expects to have the first squadron in operation within three months.

FOUND UNCONSCIOUS IN RAILROAD YARDS

Section Hand Believed To Have Been Struck In Head With Blunt Instrument

J. Luther Seals, about 28 years of age and who says that he is a section hand on the Katy and that some here only four days ago from Waxahatchie was found in an unconscious condition about 400 yards of the old Fort Worth road in the Oklahoma yards of the Denver this morning at 2:45 by Car Inspector Halford and Yard Clerk Dodge. Seals had evidently been hit with some blunt instrument which left a mark about four inches long on the right side of his head. He was taken to the general hospital. Reviving several hours later, he stated that he did not remember anything about his actions the night before. He admitted that he was drunk, but the fact that he was found in the yard, which was only one-fifth full, he could not recall. He stated that he was laid out, but the condition of the blood clots showed that he must have been there about two hours before being found.

SOME MILK BARELY PASSES INSPECTION

Samples Recently Tested Cause Closer Watch Upon Some Milk Dealers

One of twelve samples of milk from wholesale dealers of the city barely passed muster when inspected by Dr. J. T. Traylor, food and dairy inspector, in the matter of adulteration. This particular sample showed a degree of humidity which could hardly be expected of honest, good quality milk, and for a time led the inspector to suspect that it had been doctored under a pump somewhere, but he finally decided that it was a dirty dairy. The dairy permits issued to date total 57 which includes every dairyman in the vicinity of Wichita Falls. Dr. Traylor is making rapid progress with the tubercular inspection and expects to finish this part of the work in the course of a few more weeks.

ACTION IS TAKEN BY LABOR CONCIL

Declares Its Attitude Toward Laundries and Hears Workers' Report

At a meeting of the Trades & Labor Council held at the Labor Temple last night, action was taken declaring the attitude of the labor body toward the two laundries of this city, who are not now employing union labor. The action was along the line of that taken by the Laundry Workers' union.

At a meeting of the Trades & Labor Council, held at the Labor Temple last night, the two laundries were placed on the unfair list by a vote of that organization, this action having previously been taken by the members of the Laundry Workers' union. A committee from the laundry workers made a report to the council in which, it is said, they reported that a contribution of \$25 to aid the laundry workers was reported by the Typographical Union, this amount having been donated at the meeting held on last Sunday.

MOTHER LOVE AIDS SON IN TRENCHES

It Brings Relief to Boy Standing His Watch Deep in Mud.

Once upon a time only a few months after this terrible world war had begun, Private Bailey, a soldier in the ranks had stood for days in the trenches "somewhere in France." The cold rains soaked him to the skin; the mud was deep. He had no rest, weary and aching with rheumatic pains, he recalled the faith his mother had in Sloan's Liniment. He asked for it in his next letter home. A large bottle was immediately sent him and a few applications killed the pain, once more he was able to stand the severe exposure. He shared this wonderful miracle-remedy with his comrades, and they all agreed it was the greatest "reinforcement" that had ever come to their rescue. At your druggist, 25c 50c, and \$1.00 a bottle.

Sloan's Liniment KILLS PAIN

STOCKHOLDERS NAME OFFICERS AND DIRECTORS

GAS COMPANY ORGANIZATION BEGINS TODAY AND CALL IS MADE FOR ONE-FOURTH OF STOCK SUBSCRIPTIONS

NO NAME SELECTED

J. A. Kemp Is President of Company. No Decision Reached As To Form of Organization. Subscriptions Total Nearly \$120,000.

With the election of officers and directors and the issuance of a call for the immediate payment of 25 per cent of the stock subscriptions the activities of the new gas company were gotten well under way as the result of a stockholders' meeting at the Chamber of Commerce rooms this morning, followed by a meeting of the newly named board of directors.

The board of directors is composed of W. M. McGregor, G. C. Wood, C. L. Clarke, J. L. Jackson, J. A. Kemp, R. O. Harvey and W. R. Ferguson. The names of the directors were proposed by a committee composed of H. B. Hines, president, W. R. Reid, R. E. Huff and W. W. Silk and approved unanimously by the stockholders.

No decision was reached as to the form the organization should take, this being left in the hands of the directors for investigation and action. The subscription lists were made landing whether the form of the organization were a corporation or a joint stock company, the only stipulation being that the personal liability should be limited in whatever form was adopted to the amount of the subscription of each individual. It was stated that the Magnolia Petroleum Company, the Texas Company and the Pierce-Fordyce Oil Association were operating as joint stock enterprises in such form as would be subject to the provisions of corporations, and the sentiment of the meeting seemed to be in favor of a similar form for this company. In this connection, Frank Kell mentioned that question of annulling the charter of the Wichita Cotton Oil Company and substituting a form similar to the one mentioned had since been investigated by that corporation's attorneys, as well as attorneys for various groups of stockholders over the state, the attorneys arriving at the unanimous conclusion that such a form could be adopted and enjoy the same liabilities and liability which were enjoyed by the new company in the directors' meeting and they will be asked to go into this matter immediately in order that the directors may proceed at the earliest possible time. With these gentlemen it was pointed out, were familiar with this means of operation on account of their connection with other oil companies and would be able to render valuable service on account of this experience.

No name was adopted for the company, although several were made. The name of the company was left in the hands of the directors. A distinctive name of course is wanted for the company, one which contains the name of the city, and which emphasizes the fact that those interested are developers being seemingly the most favored. Citizens Oil & Gas Company was also mentioned in this connection. In moving the recommendation to the directors that a first assessment amount of 25 per cent of the stock be called for immediately, Frank Kell gave as his opinion that with the working capital provided by this means, a further call would probably be found unnecessary, the amount secured in the first call being probably sufficient to get the operations of the company started. The subscription books should remain open under the supervision of the board of directors as the decision arrived at by the stockholders was that the subscription books should be kept open until the amount of \$120,000 had been subscribed to the sum of \$120,000 just before the meeting. Myles O'Reilly having announced by subscription that he would contribute \$200 more, it was needed to raise the amount to the \$120,000 mark and J. C. Ward increased his subscription by \$200. It was reported that the total of bona fide subscriptions at \$101,500. The amount put down to the Wichita Cotton Oil Company was marked off of confirmation on account of a failure of confirmation, the rest are being held up only temporarily.

Ball Brothers' subscription was held up on account of the situation restricting the price and distribution of the gas which was to be found, and as both Messrs. Kell and Huff expressed themselves as opposed to any such restriction at this stage. However, Mr. Kell stated that he believed that the firm would agree to waive these restrictions when the situation was explained to them, and their unconditional contribution is expected. F. N. Newton of the Water & Gas Commission stated that he to try such a plan from J. L. Strickland, president in which he stated that he was giving the matter earnest consideration and would present it to the board of directors at the earliest opportunity. The time for the confirmation of this subscription ended Saturday.

Judge R. E. Huff presided over the stockholders meeting and B. F. Johnson acted as secretary. The following stockholders were either present or were represented by proxy: T. P. Adams, Reese Allen, M. J. Bashara, W. C. Bell, Willie Blair, J. M. Bland, J. S. Birdwell, H. M. Bullard, Charley Clark, W. S. Curlee, N. Chenuall, A. W. Christopher, R. H. Delaney, J. L. Downing, C. B. Foidler, W. L. Greenhill, Fred Gates, W. J. Grislam, M. J. Gardner, R. E. Huff, R. O. Harvey, H. B. Hines, J. L. Jackson, Frank Kell, J. A. Kemp, F. N. Lawton, Lone Star Tool Company, W. M. McGregor, T. B. Noble, A. Nussbaum, Myles O'Reilly, T. R. Orth, J. J. Perkins, P. H. Pennington, C. E. Rogers, C. W. Reid, T. T. Reese, M. D. Rowe, T. W. Roberts, J. W. Stringer, W. W. Silk, C. W. Snider, Mrs. J. H. Spaulman, J. C. Straus, T. B. Smock, Mrs. J. Frank Scott, F. P. St. Clair, Roscoe Stack, Mack Thomas, John Thomas, J. C. Ward, Jeff Wagner, Dr. Wade Walker.

TOWN BUILDERS BANQUET LIKELY

PLANS MADE TODAY FOR AFFAIR TO BE HELD IN NEAR FUTURE.

TO 'BE CELEBRATION

Will Commemorate Completion of Gas Find—Committees are Appointed Today.

Plans for a banquet to the "town builders" were formulated this afternoon at an informal meeting at the Chamber of Commerce rooms. The nature of the affair is not yet fully determined, but it will be a banquet designed as tribute to the men whose efforts have contributed so materially to the upbuilding of Wichita Falls. It is expected that the affair will also be in celebration of this city's latest achievement, the raising of more than \$100,000 to organize a company to find more natural gas.

J. J. Colonna originated the idea of such a banquet and explained the idea at this afternoon's meeting, at which a committee was named to work out details. This committee consists of C. W. Reid, J. L. Jackson, B. F. Johnson, Miles O'Reilly, J. C. Mytinger, J. J. Colonna and Judge Scurry. Talks were made by several of those present, and the idea was heartily endorsed.

Those present at the meeting were Messrs. Scurry, Colonna, Hunter, Haney, Johnson, Talbert, Jones, Barr, and Britton, Thomson, Jackson, Mytinger, O'Reilly, Thomas, Gould, Kleinman, Wade, Walker, Lee and Reid.

Chrysanthemums.
Big blossoms, all colors for all occasions, cheap. Address Mrs. W. A. Philpott, Bowie, Texas. 153-2tc.

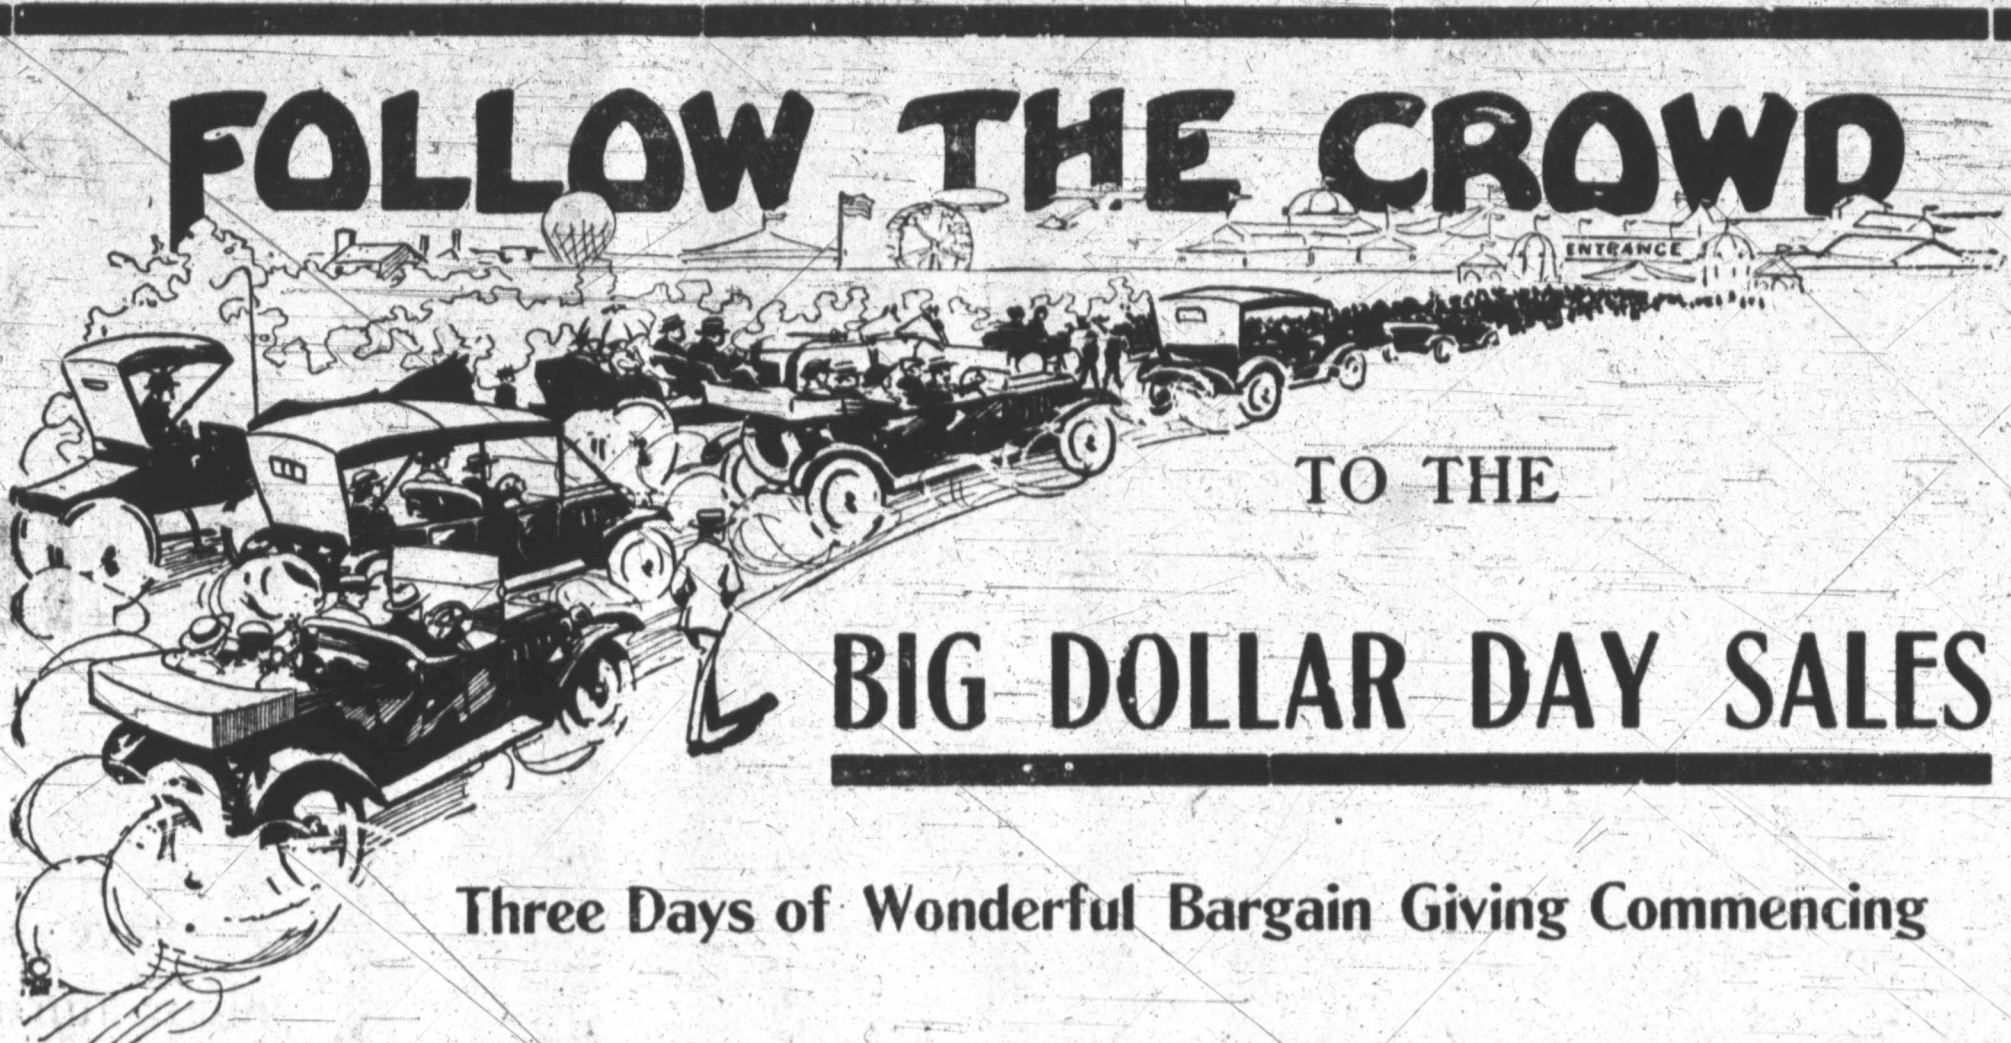

Notice.
All persons are warned not to hunt, fish, camp, cut or haul wood or timber off of lands under my control. All privileges heretofore given are revoked after this date, July 11, 1916.
W. M. COLEMAN,
Scotland, Texas.

The Graduate Nurses association of Wichita county will meet in regular session Wednesday, November 8 at 7:30 p. m. at the Wichita General Hospital. All members are requested to be present.

J. L. Huffines of the Cooper neighborhood is the father of a ten pound boy that came to his home Tuesday.

Mr. and Mrs. J. E. Miller, 1311 Seventeenth street are the parents of a new son who arrived last Friday. Jackie Jr., is a lusty 15 pound baby.

TOO LATE TO CLASSIFY
FOR RENT—Two well-furnished light housekeeping rooms; modern. 1006 Seventh Street. 153-3tc

NEW PLAN IS URGED IN VOTING ROAD BONDS. By Associated Press. Washington, Nov. 7.—Financing of highway improvements has been thoroughly investigated by experts of the Department of Agriculture's division of road economics who recommend to people of counties and municipalities intending to raise funds the advantages of the deferred serial plan over the ordinary sinking-fund plan. Under the serial plan, a certain amount of bonds is retired each year and the bonds so retired cease to be an interest charge on the community. Under the sinking-fund plan none of the bonds is retireable until the end of a definite period, and the entire sum raised bears interest for the entire life of the bond. The Department's experts say under the ordinary sinking-fund plan communities pay interest on the money borrowed and in addition set aside each year as a sinking fund an amount sufficient to retire all the bonds when they become due. The sinking-fund is deposited with banks and earns some interest. That interest ordinarily is only three per cent, whereas the communities pay five or six per cent to its bondholders. The serial plan is much cheaper, even though the sinking fund earns interest as high

EARLIER VOTING THAN USUAL IS REPORTED TODAY

RUSH TO GET BALLOTS IN BEFORE NOON IS INDICATED BY ADVICES FROM MANY SECTIONS OF COUNTRY.

WEATHER FAVORABLE

Reported Fair in Nearly All Sections of Country. Early Vote is Admittedly Puzzling to Political Authorities Today.

By Associated Press. New York, Nov. 7.—Fair weather, general throughout the country except in the upper Mississippi Valley and in Colorado, accompanied by agreeable temperature brought out the voting hosts early today.

Reports at noon from practically all sections indicated that a heavy vote had been cast and some points reported that the bulk of the vote was in before 10 a. m. The big early vote was something of a surprise to politicians and caused much conjecture.

All of the New England states, in their first reports of the voting, dwell on the heavy early balloting. Providence, Rhode Island reported that throughout the state it was the heaviest ever known. New York state and other Middle Atlantic states all reported an unusually large early vote and similar reports came from the New and south Atlantic states and even across interest everywhere.

The fair weather and heavy early voting was apparently pleasing news to those in charge at both republican and democratic national headquarters here, as both sides expressed gratification at the course of events.

Political observers are in doubt as to just when the election result will become known. They incline to the opinion that it will be later than in recent years because of the complete situation resulting from the great number of women who will vote and other causes.

Gratification was expressed today at both republican and democratic national headquarters here at fair weather for the election. It has been claimed by both of the leading parties that the outcome of the election would be greatly influenced by the so-called "silent vote" and it was believed that good weather would bring this class out in particularly strong numbers.

Chairman William R. Wilcox of the republican national committee was at his desk early received telegraphic reports, relative to the early voting conditions.

The republican and democratic state chairmen both predicted early today that New York would probably cast the heaviest vote in its history. The reports from up state indicate that the weather was everywhere fine.

At both headquarters these circumstances were pointed to as favoring the success of their respective tickets. New York state in the last national election cast 1,587,983 ballots for the presidential candidate. The belief was expressed that these figures would be exceeded today.

BIG WOMAN'S VOTE IS EXPECTED IN KANSAS

By Associated Press. Topeka, Kansas, Nov. 7.—Topeka today was expecting to poll a large woman's vote, as the campaign has been enlivened throughout by their efforts. Auspicious election weather was promised for the day.

WOMAN SERVES ATTACHMENT ON STAKE HOLDERS

By Associated Press. San Francisco, Nov. 7.—Approximately \$200,000, placed by betters here in the custody of Kogan Monahan and James Coffarth, awaiting the outcome of the presidential election, has been attached. It became known today, by Mrs. Margaret Corbett, widow of Tom Corbett, the late sportsman, who was a business associate of Monahan and Coffarth. They, Mrs. Corbett, charges, agreed after the death of her husband to pay her \$150 each month if they continued to operate the business. This, she says, they have failed to do.

HUGHES' VOTING BOX IN LAUNDRY, BALLOT IS NO. 13

By Associated Press. New York, Nov. 7.—Charles E. Hughes cast his vote at 7:05 o'clock in a small laundry at 716 Eighth avenue, almost directly back of the hotel where he made his headquarters during his campaign. His ballot was No. 13. When his attention was called to this, the Republican candidate said: "Thirteen is my lucky number, and I was born on Friday, too."

Mr. Hughes went to the polls before breakfast. When he saw the weather indicating a cool day, he remarked: "It looks like a good Republican day." Mr. Hughes was handed his ballot at 7:05 o'clock. When he emerged from the booth he handed the marked ballot to the inspector, having taken exactly two minutes to record his choice. He walked back to his hotel, accompanied by a crowd, and went at once to his room.

RETURNS WILL BE SHOWN AT TIMES OFFICE TONIGHT

The Times will flash election returns upon a screen in front of its office tonight.

Returns will be flashed as rapidly as they are received and will probably start six o'clock as it is dark enough to show them.

They will be received from the Associated Press, which insures prompt returns from every section of the country.

The public is invited to come and read these returns and those interested in the election are urged to get their news in this manner instead of using the telephone, as members of The Times force will be amply busy without answering telephone calls.

The Times especially requests that autoists who drive down to read the bulletins and other autoists using Seventh street drive onto Seventh from Scott and not attempt to run their cars toward the west. In this way, connection of cars and the inconvenience to pedestrians who wish to read the returns may be avoided.

WICHITA FALLS' VOTE FAR AHEAD OF 1912 SHOWING

TOTALS AT 3:30 THIS AFTERNOON INDICATED MUCH LARGER PARTICIPATION—JUDGE HUFF EXPECTS 1600 IN THIS CITY.

CAST BALLOTS EARLY

Some Confusion Results From Trouble in Finding Quarters For Polling Places—Hurdleston's Name on Ballot Here.

1912 (total) at 3:30 p. m. City hall 171 248 Court house 239 326 No. 11 73 89 No. 12 199 343 No. 13 325 345 Totals 1289 1555

Voting in the five Wichita Falls precincts in today's election was at 3:30 this afternoon considerably ahead of the total cast on election day four years ago and Judge R. E. Huff, county chairman, this afternoon estimated that a total of 1600 votes would be polled in the city.

Four years ago Wichita county gave Wilson 1128, Taft 108 and Roosevelt 131. The democratic vote this year is expected to be materially in excess of the 1912 showing.

The falling off in Box No. 2 is explained by the fact that it was late in opening. It proving difficult to find quarters for it.

While there was not such a rush to vote early in this city as there appears to have been in other cities of the country, there was nevertheless a very pronounced tendency to deposit ballots early in the day. The reason for this effect this would be, should there be any contrary local authorities were not prepared to say.

EXPECT ILLINOIS TO POLL RECORD VOTE

Women Can Vote For President But Not For Some State Officers

By Associated Press. Chicago, Nov. 7.—By far the largest vote in the history of Illinois' elections is expected to be cast today by reason of the fact that women for the first time voted for president and vice president. Promise of fair weather throughout the state also was counted on by party managers to aid in bringing about this result.

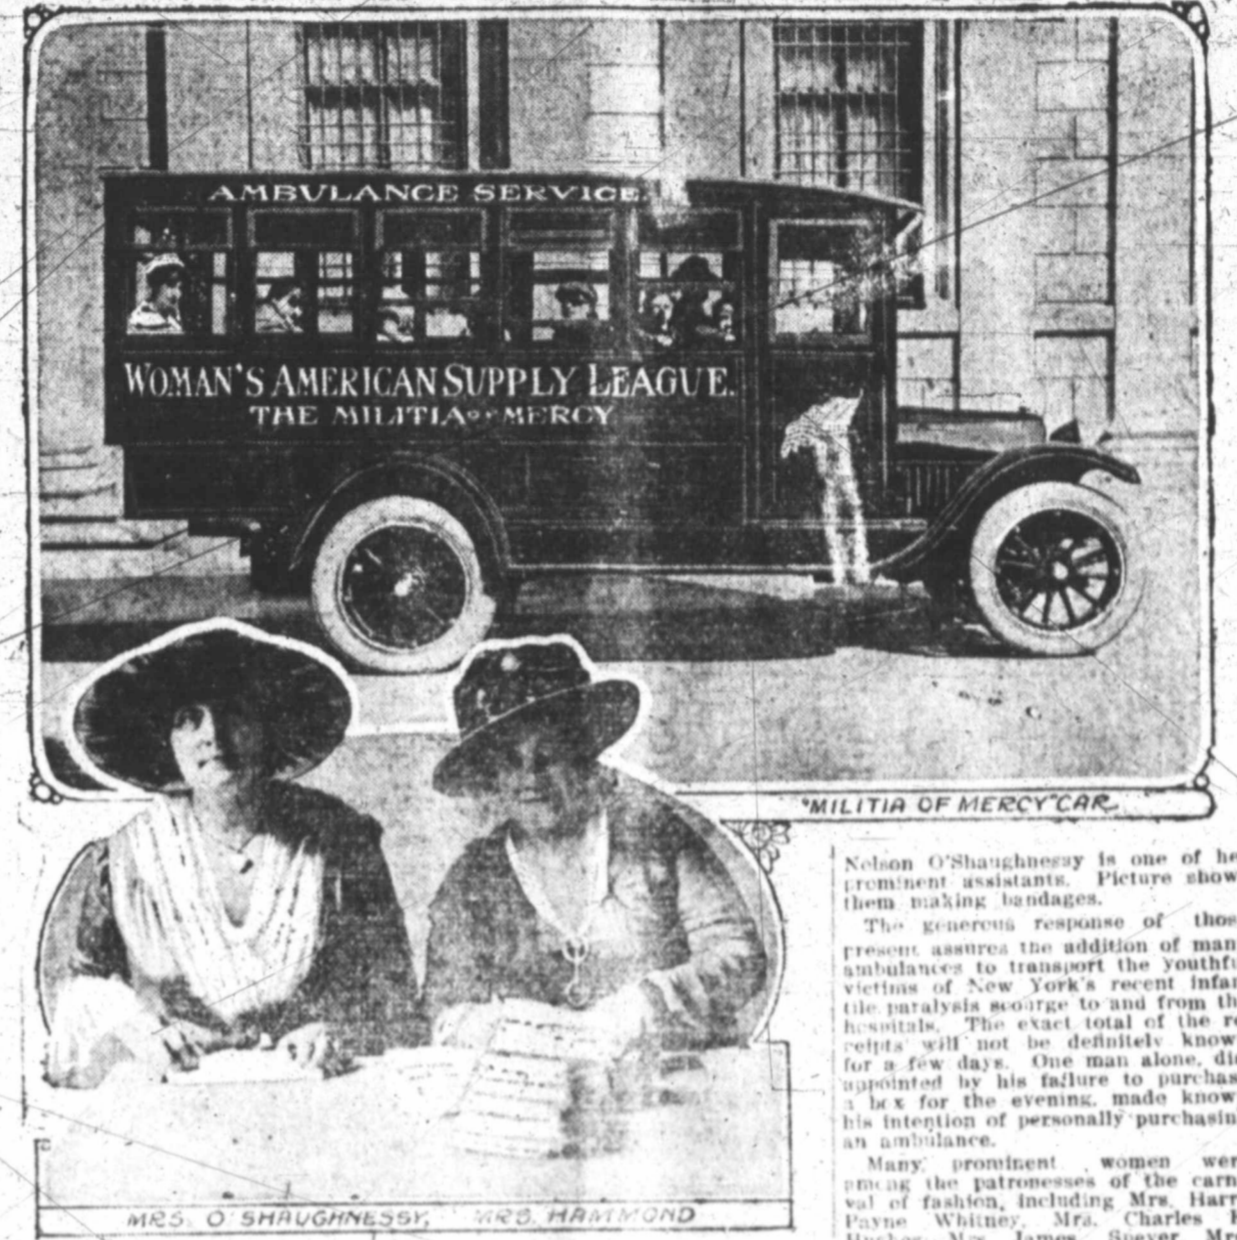

Approximately 2,000,000 voters have registered in the state and party leaders estimated that close to 1,900,000 votes would be recorded of which number between 600,000 and 700,000 would be cast by women. The women, however, enjoy only partial suffrage, being permitted to vote for president and vice president but not for state officers, except trustees of the State University.

Chicago with its more than 800,000 voters, men and women, started the voting in the state, the polls here opening at 6 a. m., and closing at 4 o'clock this afternoon. Down state the polls opened at 7 a. m., and will remain open until 5 p. m.

LITTLE TOWN IN MASSACHUSETTS REPORTS FIRST

By Associated Press. Pittsfield, Mass., Nov. 7.—New Ashford, the smallest town in the state, had the distinction of being the first to make its election returns today. The polls closed at ten a. m., and the count showed: Hughes 16, Wilson 7. In 1912, New Ashford gave Wilson four votes, Taft seven and Roosevelt six.

"MERCY MILITIA" GIVES AMBULANCES FOR PARALYSIS CONVALESCENTS' USE

Nelson O'Shaughnessy is one of her prominent assistants. Picture shows them making bandages. The generous response of these present assures the addition of many ambulances to transport the youthful victims of New York's recent infantile paralysis scourge to and from the hospitals. The exact total of the receipts will not be definitely known for a few days. One man alone, disappointed by his failure to purchase a box for the evening, made known his intention of personally purchasing an ambulance.

Many prominent women were among the patronesses of the carnival of fashion, including Mrs. Harry Payne Whitney, Mrs. Charles E. Hulse, Mrs. James Speyer, Mrs. Ogden Goebel, Mrs. Henry W. Taft, Mrs. Thomas J. Preston, Mrs. Charles S. Whitman, Mrs. John Purroy Mitchell, Mrs. John R. Drykel, Mrs. Nelson O'Shaughnessy, Mrs. George W. Wickersham, Mrs. Franklin Mott Warner, Mrs. John Drew, Mrs. Jas. K. B. Stewart, Mrs. Emma Frohman and Miss Maude Wetmore.

EARLY FIGURES ARE FAVORABLE TO DEMOCRATS

By Associated Press. New Bedford, Mass., Nov. 7.—One-third of the city's vote, tabulated at 2:45, gives Hughes 1,529; Wilson 1,737. The polls closed at 2 o'clock.

Topeka, Kansas, Nov. 7.—Incomplete returns from 25 out of 32 precincts in Topeka, compiled at noon, give Hughes 1,289 and Wilson 574.

Wichita, Kansas, Nov. 7.—Partial returns from 15 out of 26 precincts in this city give Hughes 416 and Wilson 880.

EXPECT ILLINOIS TO POLL RECORD VOTE

Women Can Vote For President But Not For Some State Officers

By Associated Press. Chicago, Nov. 7.—By far the largest vote in the history of Illinois' elections is expected to be cast today by reason of the fact that women for the first time voted for president and vice president. Promise of fair weather throughout the state also was counted on by party managers to aid in bringing about this result.

Approximately 2,000,000 voters have registered in the state and party leaders estimated that close to 1,900,000 votes would be recorded of which number between 600,000 and 700,000 would be cast by women. The women, however, enjoy only partial suffrage, being permitted to vote for president and vice president but not for state officers, except trustees of the State University.

Chicago with its more than 800,000 voters, men and women, started the voting in the state, the polls here opening at 6 a. m., and closing at 4 o'clock this afternoon. Down state the polls opened at 7 a. m., and will remain open until 5 p. m.

LITTLE TOWN IN MASSACHUSETTS REPORTS FIRST

By Associated Press. Pittsfield, Mass., Nov. 7.—New Ashford, the smallest town in the state, had the distinction of being the first to make its election returns today. The polls closed at ten a. m., and the count showed: Hughes 16, Wilson 7. In 1912, New Ashford gave Wilson four votes, Taft seven and Roosevelt six.

Illinois' Women Vote Difficult to Forecast By Political Prophets

WOMEN VOTE IN CHICAGO

Just now the vote of the women of Illinois, casting their first presidential ballots, would go has been puzzling the political forecasters, many of whom confessed frankly that they were at a loss. Some democrats asserted with confidence that the campaign would be won by the women. Others, however, were of the opinion that the women would vote for the Republican ticket.

Chicago with its more than 800,000 voters, men and women, started the voting in the state, the polls here opening at 6 a. m., and closing at 4 o'clock this afternoon. Down state the polls opened at 7 a. m., and will remain open until 5 p. m.

STUDENTS CHEER AS WILSON VOTES

President Motors to Princeton and Cretts his Ballot Early, Then Returns Home.

By Associated Press. Princeton, N. J., Nov. 7.—President Wilson voted here today, casting his ballot shortly after nine o'clock. He motored over from Shadow Lawn which place he left soon after seven o'clock.

The president cast the 50th ballot in his precinct. He voted in the old fire engine house where from the time he became connected with the Princeton University he had many times before recorded his choice on election day.

Because of the length of the ballot it took Mr. Wilson several minutes to mark it. In addition to voting in the presidential election he marked his ballot for state officers.

The president was accompanied by Mrs. Wilson and when they arrived they were greeted with a demonstration staged by Princeton students and professors. At the entrance to the Princeton campus a drummer stood, awaiting the president's coming and as his automobile drove by the drummer beat the tattoo. Almost instantly students appeared from every direction.

They swarmed over the campus and rushed toward the voting place as Mr. Wilson alighted from his automobile. The Princeton yell went up with a resounding "Wilson! Wilson! Wilson!" at the end.

While the president was inside voting, the students continued to arrive and massed in the streets outside. When the president emerged the students again cheered him and called "Speech, speech," but the president only shook his head and smiled. He greeted several of the crowd by name.

The president started back to Long Branch immediately. He planned to spend the remainder of the day playing golf and resting. He will receive the returns by telephone from Secretary Tammity tonight.

JAIL REPUBLICAN ELECTION OFFICERS

Bond is Fixed But Can't Find Sheriff To Approve It, So They Stay in Cells

By Associated Press. Walsenburg, Colo., Nov. 7.—Between 20 and 30 persons, including a number of republican election officials, were under arrest here early today charged with various misdemeanors. A W. McHenry, judge of the third judicial district, summoned here from Trinidad at midnight, in connection with the arrests, said that bond had been fixed at sums varying from \$100 to \$500, but no official of the sheriff's office had been found to approve them and all were being held at the county jail.

LANAO CASE NOT DEEMED SERIOUS

NO EVIDENCE THAT SINKING VIOLATED ANY OF GERMAN'S PLEDGES.

REGISTRY IN DOUBT

Washington's Best Information to Effect that Boat no Longer American Owned.

By Associated Press. Washington, Nov. 7.—In the absence today of Secretary Lansing and other high officials of the state department, the course of the United States in the case of the ship Lanoa, sunk by a submarine October 25 off the Portuguese coast was undetermined.

The department was without official advice from consular offices on the sinking. On the strength of press dispatches the officials here were led to believe that there was still ground for American protest since the ship carried contraband, was warned and hijacked by a submarine without accident.

The question of her registry apparently is the only troublesome factor, beside the declaration of her American captain that she was under American registry and flew the American flag when sunk, the official view at the department of commerce which handles changes of registry was that the Lanoa had been sold by the Finlay-Miller steamship company of Manila to Hans Hanauert of Christiansia, Norway and that while actual transfer of title to her new owners had not been made the sale had some far enough legally to take her from under the protection of the American flag.

U. D. C. CONVENTION TO OPEN TOMORROW

Open Session Will Be Held Tomorrow and 400 Are Expected to Attend.

By Associated Press. Dallas, Texas, Nov. 7.—The vanguard of four hundred delegates who are expected to attend the twenty-second general convention of the grand chapter of the United Daughters of the Confederacy, began arriving in Dallas today.

The opening of the business sessions does not take place until tomorrow morning, a reception to the delegates tonight marks the initial stages of the program. It was planned to have this affair a gorgeous social spectacle, punctuated with addresses of welcome, a return courtesy by the president general and the grand officers of those assembled by the past presidents of the organization since its inception in Nashville, Tenn., on September 10, 1865.

Although primarily an association of Southern women, delegates were expected from every state in the union, where the organization has 175 chapters with about 50,000 members. Mrs. Frank G. Oldenheimer of Jessup, Md., is president-general of the Daughters. Mrs. J. M. Stewart of Los Angeles is first vice president; Mrs. Fannie Ransom Willard of Newton, N. C., recording secretary; Mrs. W. F. Baker, Savannah, Ga., corresponding secretary; and Mrs. C. B. Tate of Pulaski, Va., treasurer.

Wednesday morning the grand chapter will take up its work of "installing into the descendants of the people of the South a proper respect for and pride in the glorious war history, and to perpetuate a truthful record of the noble and chivalrous achievements of their ancestors."

The convention was scheduled to go over four days, concluding Saturday afternoon, each day being interspersed with business sessions, receptions, luncheons and other social diversions. The annual address of the president-general, in which recommendations for the convention will be made, is the foremost event on Wednesday's program. Election of officers, reports of educational, historical and memorial committees, and a review of the work of the state organization are set for Thursday morning.

The annual memorial service, regarded as one of the most beautiful ritualistic events honoring those who fought and died for "the lost cause," will be held Thursday afternoon. This will be followed Thursday night by "Historical Night," in which Miss Mildred Rutherford of Athens, Ga., historian-general will deliver an address on "The Part the South Played in the Civilization of the World."

Friday is given over almost wholly to social programs, unfinished business, with selection of the 1917 convention place will be on Saturday's program.

Dallas was named the 1916 convention city at Los Angeles last year. It is the second time the grand chapter has met in Texas, the first occasion being in Houston in 1908.

DEUTSCHLAND TO CARRY BACK BIG SILVER SHIPMENT

By Associated Press. New London, Conn., Nov. 7.—Six and a half tons of silver bullion from the mint at San Francisco were unloaded here today at the railroad station by the express company and transported to the German submarine Deutschland for shipment across the ocean. The metal was conveyed through the streets in open wagons without armed guards and few persons who saw the wagons suspected the nature of their cargo.

GAINS REPORTED BY ROUMANIANS

DECLARE OFFENSIVE AGAINST VON MACKENROTH'S CONTINGENTS SUCCESSFUL.

LITTLE ACTIVITY ALONG FRENCH FRONT REPORTED

By Associated Press. Bucharest, Nov. 7.—The Rumanian forces in Dobruja which recently assumed the offensive against Field Marshal Von Mackenroth's army are continuing their success, the war office announced today. Progress for the Rumanians along the entire Dobruja front is reported.

NO CHANGE INDICATED ON MACEDONIAN FRONT

By Associated Press. Paris, Nov. 7.—Considerable activity to the east of the Prazza region toward the west end of the Macedonian front is reported by the war office. A Bulgarian counter attack in the region of the town German was repulsed. Elsewhere in this sector there was moderate artillery activity.

AUSTRIAN SUBMARINE AND ITALIAN LINER SUNK

By Associated Press. Rome, Nov. 7.—An Austrian submarine and Italian destroyer were sunk in a duel recently, according to an official statement issued by the war office today. The submarine attacked a transport which escaped.

TEUTONS CLAIM ADVANCE NEAR ROTHERTHURN PASS

By Associated Press. Berlin, Nov. 7.—Near Rotherthurn Pass, the Austrians and Germans advanced and took more than 1000 prisoners. Near Vainan pass, further ground was gained.

GERMANS ADMIT REPULSE ON TRANSYLVANIAN FRONT

By Associated Press. Berlin, Nov. 7.—On the Transylvanian front in the region of Tulgah, the Russians yesterday forced back Austro-German troops. It is announced officially. The Teutonic forces gained ground west of Bozza Pass.

BERLIN REPORTS TAKING RUSSIAN BRIDGE HEAD

By Associated Press. Berlin, Nov. 7.—The capture of a Russian bridge head on the Stokholms front is reported by the war office. On the northern part of the front between Dvinsk and Lake Naroc, Russian artillery is displaying marked activity.

REPORTS BRITISH GAINS ALONG SOMME FRONT

By Associated Press. London, Nov. 7.—Gains by British troops in the neighborhood of Butte de Warencourt, on the Somme front during operations last night, were announced today by the war office.

SUBMARINE CLAIMED TO HAVE HIT 2 WARSHIPS

By Associated Press. London, Nov. 7.—A claim that two cruisers were hit by the British submarine which yesterday was reported launching a torpedo at and striking a German dreadnaught in the North Sea, is contained in a further report received from the commanding officer of the submarine. It was officially announced today. The two dreadnaughts claimed to have been struck were battleships of the Kaiser class.

CHARLES W. REID CASHIER

IS THE DEVIL DEAD? SUBJECT OF SERMON

Baptist Evangelist Says Trail of Evil one is Evident in Wichita Falls.

With "Is the Devil Dead?" as his subject, Dr. Millard Jenkins of Abilene, who is conducting the revival services at the First Baptist Church, Monday night delivered what was considered one of the most thoughtful and scholarly sermons ever heard here.

The church was packed to its capacity, chairs being placed in the aisles. There were seven conversions at the conclusion of the sermon, and the pastor, Rev. R. C. Miller, baptized twenty of those who had been baptized during the meeting. More than thirty others are yet to be baptized.

Dr. Jenkins upset some popular ideas of the appearance of the devil. "Many people have a wrong conception of him," he said, "the devil isn't like the pictures in the old books that show him with horns and cloven hoofs and a spiked tail. He can put himself in any form he desires and sometimes chooses a very attractive form to which to make his appearance. There are times when he comes in beautiful guise, sometimes in the form of a woman with a beautiful face."

"Amen," said an elderly man in the rear of the church. In the Garden of Eden, Dr. Jenkins said, the devil never appeared to Eve in some attractive form, for he was able to persuade her. Daniel, said the speaker, spoke of the devil as one wise, shrewd and powerful and there was evidence that the devil was polished tactful and eloquent.

He seldom fails to have his way with a man who is without God," said Dr. Jenkins. "He is too much for any man to overcome without the help of God."

Taking up the eternal combat between the forces of evil, Dr. Jenkins used the story of Moses and Pharaoh, showing first how the devil seeks to counterfeited the moves that God makes. He said that this was shown also in the history of the church of the world, where many instances of the devil's counterfeiting spiritual power. In this connection he cited the deeds of some modern sects which he did were based on falsehoods though able to do many things that gave them the appearance of the divine power.

Discussing Moses and Pharaoh, he told how, after Moses had, with God's aid, brought on the plague of frogs and changed the rivers from water into blood, Pharaoh's magicians, working with the devil's power, had performed similar miracles.

If the devil fails that he cannot counterfeited or substitute, continued Dr. Jenkins, he seeks compromise, tries to establish a half-way ground. In this way, the speaker said, many churches had been caught by the devil. He related the Bible story or how the devil had sought to persuade Moses since the latter had determined to take the children of Israel out of Egypt, not to take the women and children with him; just so, said the speaker, the devil says to a man to day, "Go ahead and join the church, you must, but don't try to take your family, too." Again, he said, the devil had tried to persuade Moses to leave the flock and herds behind, and he cited this as illustrating the efforts of the devil to make the man leave religion out of his business. Some men hold on to worldly amusements in preference to the church, he said.

"You can find the tracks of the devil here in Wichita Falls," said Dr. Jenkins. "You can find them in the saloons, in the brothels, in the gambling places, dishonesty and in every place. He has walked through the churches and you can find his tracks there where he left disgruntled, unwilling folks to represent him, and has left his tracks in the homes, sometimes in the form of unkindness, sometimes in the permitting of worldly amusements, cards and dancing."

"The devil tried to persuade Moses not to go far away. He tries to persuade men, when they're going into the church in spite of him, not to go too far, not to give too much."

When the devil finds that he can't counterfeited and can't compromise he draws his sword and prepares to fight to the death. He told how the children of Israel, when they reached the Red Sea, received aid from God and were so able to overcome the forces of the devil. He said that there were people who said that the rolling back of the waters of the Red Sea was not a miracle, but merely the wind, and he indulged in some witty shots at that kind of doctrine. In conclusion he urged his hearers to get the aid of the Lord when the devil beset them, assuring them that they would find that help sufficient.

Dr. Jenkins' subject tonight will be "Is Hell a Myth?" He preached at the 10 o'clock service this morning or "The Second Coming of Christ."

BOYS CLUB ELECTS PRESIDENT MONDAY

Alfred Burnside Heads Organization, Plans Made For Coming State Conference

Alfred Burnside, football star, president of the Students' Athletic Association and a regular all around good fellow and student, according to the characterization of his fellow students and the faculty as well, was last night elected president of the High School Boys Club. This office was made vacant by the withdrawal of Lester Cooper from school to attend the normal at Denton.

Next in importance to the election of the president was the discussion of the Order Boys' Conference to be held at A. & M. at College Station, December 1, 2 and 3. Already a large number of boys have signified their intention of attending, and it is hoped to have a special car from Wichita Falls, the local attendance to be supplemented by boys from nearby towns to whom the Wichita Falls Club has written urging that they go to the conference.

The program was for the most part humorous in nature, the comedy picture being supplied by Clyde Bartlett, assisted by several other of the club members. Chester Bayles read an athletic story. The music for the evening was dispensed with on account of the unavoidable absence of the accompanist.

There were boys present at the meeting, which was one of the most interesting and enthusiastic in the history of the club. The boys' club is now in its second year in the Wichita Falls high school and the difficulties of last year in the way of lack of interest among the student body and similar discouragements are rapidly being overcome. The club will meet again next Monday night as is customary.

So I Take Real Pleasure in this Aeolian-Vocalion Music

"I was one of those who held aloof from phonograph music, and while I could not but admire the excellence attained in many phonographic reproductions, they still were not quite satisfying to me.

"Thus it was with a quite critical attitude toward, if not with an actual prejudice against phonographs, that I first heard the Aeolian-Vocalion.

"A voice, a wonderful voice was singing. The aria was that very beautiful one from Tosca—'Vissi d'arte e d'amor.' What fine, sweet tone!—how rich with emotion!

Never had I heard such a human voice from a phonograph. The artistic qualities were beyond reproach.

"Then taking the Graduola—the Vocalion expression device—I played a violin record myself—played it as I wanted it, with every tone shade, every crescendo as I felt it should be played. I play the piano, but I have always wished to play the violin. How I enjoyed that first opportunity!

"The Vocalion gives me satisfying tone, magnificent tone, and a freedom of personal musical expression that I never could have hoped for.

"The Vocalion is a true musical instrument."

EXHIBITION HELD BY FARMING CLUBS

First of Series of Affairs By Young Farmers Proves Highly Creditable.

J. W. Campbell, demonstration agent for the United States government in this county, reports a very interesting meeting and exhibition of the boys and girls clubs of the Burkburnett community at that place on last Saturday. There was much interest manifested, he reports, both upon the part of the young people who belong to the club and upon the part of the business men of Burkburnett, who entertained the young folks royally and contributed \$61.50 in prizes for the event.

There were exhibits and contests by the hog-raising club, the poultry club and the canning club, and a most creditable showing was made. It is announced, Mr. Campbell is especially enthusiastic over the work of the boys and girls and what they have accomplished in these lines and predicts an exhibition when they come to Wichita Falls that will be an "eye-opener" to the people.

He states that he has never seen a finer exhibit of pigs than was shown Saturday, including a variety of breeds, sizes and slates, but all in tip-top shape. Louis Michna, showing a Poland China pig six months and four days old that weighed 290 pounds, was awarded first prize, a \$25 registered pig, given by T. F. Roberts. The prize-winner was sold in Burkburnett Saturday at ten cents a pound.

Mr. Campbell states that the poultry and canning clubs made an equally creditable showing, and the exhibits attracted a great deal of attention. Saturday will be club day at Electra for club members in that section of the county, and later it is planned to hold an exhibition in Wichita Falls.

MARGUERITE CLARK AT EMPRESS WEDNESDAY "Do you believe in fairies?" When Maude Adams asked that question at the end of her marvelous performance in "Peter Pan" every man, woman and child in the theatre invariably joined in the chorus of affirmatives. Now Marguerite Clark, herself

"Goodnight Corns! We Use 'Gots-It!'" 3 Drops in 2 Seconds. That's All "GOTS-IT" Does the Rest. Never Fails.

the incarnation of the evil spirit, is being starred by the Famous Players Film Company in its delightful fairy tale, "Little Lady Eileen" which is the attraction at the Empress tomorrow. And if, at the end of the performance, little Miss Clark were to step out of the screen upon the stage and bid the audience whether they too believe in fairies, there is little room for doubt that they would unreservedly shout "Yes."

It seems that a very wealthy relative has left all his estate to Eileen provided she marry a certain very fine chap. Of course the blessed fairies see to it that they meet with out suspecting that they are predestined to wed and when the handsome young chap's rascally brother, having heard of the will, succeeds in wedding Eileen under the name of his brother, the fairies become so incensed at him for his duplicity that they roll a huge rock down upon him and crush the impostor. In support of Miss Clark there appear such well known players as Maggie Halloway Fisher, Vernon Steele, John L. Shine, Harry Lee and Russell Bassett.

"THE GREAT COMMISSION" IS EVANGELISTS' SUBJECT There was a large crowd at the Church of Christ last night. Evangelist Elkins spoke on "The Great Commission."

"This term 'great commission' is in common use among the speakers. 'Why is it called great?' By this term it is distinguished from the commission given before the death of the Son of God. This first one was limited. These twelve Jesus sent forth and commanded them saying, go not into the way of the Gentiles, and into any city of the Samaritans, enter ye not; but go rather to the lost sheep of the house of Israel, and as ye go preach, saying the kingdom of heaven is at hand in the name of the Holy Spirit. (Matt. 28:19). Go ye into all the world and preach the gospel to every creature. (Mark 16:15). It behooved Christ to suffer and to rise from the dead—that repentance and remission of sins should be preached in His name among all nations, beginning at Jerusalem. (Luke 24:46-47).

"We see this one is world wide, or to all people, while the former one was limited. Taking all the evidence given by these inspired witnesses, we have five items in the great commission, namely: Baptism, faith, repentance, preaching or teaching, and remission or salvation. We are not to determine the order in which these factors are to be used by the one who is acting under this commission, by the order in which they are given by these witnesses. But in the second chapter of Acts where the first sermon is preached under this commission the correct order is given. Peter 'preached' told his hearers to believe without a doubt and then to repent and 'be baptized' for remission.

"He who bears a commission is authorized to act only within the limits of that commission. He is not allowed to alter nor change by any method, either by adding to nor taking from nor by substitution. We recognize this fact readily with fruitfulness to our commissioned representatives to foreign courts. Why then can we not recognize the fact in religion?—The principle is the same."

Tonight Evangelist Elkins will preach on "Salvation by Grace." The public is urged to hear him.

LEAD INCREASED IN LAST STRAW VOTE Final Rexall Bulletin Adds Indiana to Wilson Column Making Total 295.

A late bulletin posted at the Rexall Drug Store, giving the result of a straw vote in the presidential race in connection with the canvass that has been made by the 800 Rexall Stores in the United States, gives President Wilson 295 electoral votes and Hughes 256.

In a previous bulletin referred to in yesterday's Times, the result showed 281 for Wilson and 250 for Hughes. The difference in the vote and the gain for President Wilson is accounted for by the change from Hughes to Wilson of the vote of Indiana in the estimate made from the vote received.

FIGHT ON CITRUS CANCKER PROGRESSING STEADILY Austin, Tex., Nov. 7.—Eradication of citrus canker on trees in the fruit belt of Texas is progressing satisfactorily, according to Fred W. Davis, state commissioner of agriculture. This campaign was made possible by a federal appropriation for the purpose for which Texas received \$85,000. The money is being used by representatives of the department of agriculture in cooperation with experts from the bureau of plant and animal industry of the federal department of agriculture.

Wichita Falls, Texas, Nov. 7, 1916.

Robbing a blind man has heretofore been considered the limit of knavery. A new limit has been set by a Dallas thief who stole from a preacher as the latter was praying for sinners.

The officers and directors of the Chamber of Commerce oil and gas company elected this morning are men of such standing and character as to inspire even greater confidence in the success to the enterprise. A great factor in the success of any venture is the men at the head of it. In this instance wise selections have been made.

Wichita Falls made three good records last week. The first was over-subscribing the stock for a \$100,000 corporation to explore for oil and gas, the second was the completion of a fund of more than a thousand dollars for the Woodrow Wilson campaign fund and the third was the drilling in of an oil well in new territory tributary to the city by Wichita Falls capitalists.

Democrats Brethren: If the first bulletins that are flashed on the screen tonight are against us, do not lose hope. The first bulletins, in all probability will come from New England and Atlantic coast states where the vote is likely to be against the President. Republicans will do well not to rejoice and democrats not to despair until word comes from the middle western states.

If President Wilson wins in today's election it will be because his administration has appealed to the progressive thought of the nation and that he has won the majority of the independent voters. The progressives who use the lower case "p" are the balance of power and the republicans have been appealing to this element. The trouble with the republicans has been that their candidate was named by the element in the republican party opposed to the progressive thought of the nation and that President Wilson's administration has been thoroughly progressive. President Wilson has done well to make his appeal to the independent voter. The independent vote is the hope of the administration in today's election. If the campaign had been fought out on strictly party lines Hughes would win today because there are simply more republicans than democrats. The republican campaign managers realize this and in the closing days of the campaign pushed forward the old shibboleths of high protection and sectionalism.

Market Report

Fort Worth Live Stock. Fort Worth, Texas, Nov. 7.—Cattle receipts 2700, five cents higher. Steers \$6 to \$7. Hog receipts 1500, five cents higher; bulk \$9.30. Sheep receipts none, nominal; lambs \$9 to \$9.50.

Local Wheat Market. The price of wheat remained at \$1.75 per bushel here today. Chicago and New York markets were closed on account of the election.

FOREIGN MINISTER IS APPOINTED IN CHINA

By Associated Press. Peking, China, Nov. 7.—Wu Ting Fang has been appointed minister of foreign affairs. His appointment was approved today by the virtually unanimous vote of parliament.

J. N. Green Trading Stamps

In accordance with our original plans we have decided to issue S. & H. Green Trading Stamps on all cash sales and on all accounts paid within six days of date of invoice. These stamps have a very considerable value to our customers and are appreciated by all who have been keeping them. They are exchangeable for a large list of handsome articles carried in stock here by the Sperry & Hutchinson Co., which articles cost our customers absolutely nothing, thus making the stamps a real discount in the purchase price of goods. On account of the cost of these stamps to us it is impossible for us to give them on charge accounts that are not paid promptly, yet wishing to give our customers who carry an account with us the very best prices and service possible, we have determined hereafter to give them to all customers whose bills are paid within six days of the date of invoice. When you get our invoice you can readily compute the time for yourself, and if it is paid within six days of the date we shall be glad to give the trading stamps, but positively no stamps will be given on accounts not paid within the six days.

Maxwell Hardware Co.

DIRECTORS WILL MEET TOMORROW

Matters in Connection With West Texas A. & M. Will Receive Attention.

The directors of the Chamber of Commerce will be called together tomorrow morning at ten o'clock in their regular weekly session, which was postponed from today on account of the meeting of the stock holders of the new gas company. Among the possibilities to be discussed at tomorrow morning's meeting is the question of what steps if any are to be taken toward securing the location of the proposed West Texas A. & M. in this city. It seems to be the opinion of the directors that some effort should be made to secure this institution if possible, although it has been made plain on several previous occasions that the influence of this city is exerted primarily for the authorization of the college, and that the efforts toward locating it here should be entirely secondary to that. It is believed that if the location of the institution is made contingent on a bonus that Wichita Falls will be able to hold her own with all comers, but that if the geographical limitations now proposed are made permanent that the chances of securing the institutions for this city are small. However, this city is not without its advantages in the matter of location, for besides being convenient to the Panhandle it is easily accessible from one of the most fertile sections in Oklahoma, and a college of this description here would be a factor in attracting young farmers from Western Oklahoma down into Texas. Although the bonus feature of the location would materially improve the chances of this city, many of the most influential of the directors of the local body are in favor of exerting the influence of this city against the plan characterizing the "sale" of its educational institutions as a blot on the record of the state.

GUARDSMEN'S VOTES MAY DECIDE RESULT

Interesting Possibilities of Balloting By Soldiers Are Cited—Not Counted Now.

By Associated Press. New York, Nov. 7.—The announcement that New York state troops had cast their ballots in the national and state elections and that the votes, under seal, were already on their way to Albany, aroused interest and speculation today in political circles. Several hundred federalized national guardsmen from other states, according to dispatches from Brownsville, Texas, have completed their balloting, including the Virginia troops, who have been voting for several days by mail. The vote of the New York state guardsmen will not be counted until December 12, when the inspectors of election formally meet and proceed to the official count. Like delays in relation to the militia vote are said to exist in other states with troops on the border. The situation, unique in presidential elections since the Civil War period, was pointed out as being fraught with possibilities should the presidential vote in New York show a narrow plurality one way or the other, the complexion of the state elector vote might not be known until the official canvass six weeks hence, when the "soldier vote" would be included.

STATE DEPARTMENTS NEED \$15,314,488

That is Total of Estimates of Departments and Institutions for Two Years.

By Associated Press. Austin, Texas, Nov. 7.—It will take \$15,314,488 to operate the State government for the next two fiscal years, commencing September 1, 1917, and ending August 31, 1919, according to estimates filed in the controller's department by the heads of the various departments and educational and eleemosynary institutions of the state. For the first fiscal year the amount asked is \$7,875,512, and for the second fiscal year the figures are \$7,438,976. For the two previous fiscal years, estimates were \$15,903,863.

FOULDIS READY FOR DUTY AS AVIATION OFFICER

By Associated Press. San Antonio, Tex., Nov. 7.—Major H. D. Foulis, signal corps has reported to general Funston for duty as department aviation officer in a new position in the army. He will direct the organization of two aero squadrons at Fort Sam Houston. Each squadron will have twelve to 200 horse power aeroplanes and double that number in reserve, making a total of 22 machines. Cost of equipment required for each squadron will approximate \$500,000. Major Foulis expects to leave the first squadron in operation within three months.

FOUND UNCONSCIOUS IN RAILROAD YARDS

Section Hand Believed To Have Been Struck in Head With Blunt Instrument

J. Luther Seals, about 23 years of age and who says that he is a section hand on the Katy and who came here only four days ago from Waxahatchie, was found in an unconscious condition about 400 yards of the old Fort Worth road in the Oklahoma yards of the Denver this morning at 2:45 by Car Inspector Halford and Yard Clerk Dodge. Seals had evidently been hit with some blunt instrument which left a gash about four inches about three inches wide on the right side of his head. He was taken to the general hospital. Reviving several hours later, he stated that he did not remember anything about his actions the night before. He admitted that he was drunk, a fact that was substantiated by a half-pint bottle of whisky found on his person, which was only one-fifth full. He could tell nothing about the time he was laid out, but the condition of the blood clot showed that he must have been there about two hours before being found. According to the wounded man's statement he has about three dollars on his person before being struck, but when found his pockets were empty. Seals said that he was living at 207 Kentucky, but could not give the name of the section foreman under whom he worked, saying that he had not been here long enough to know. The injuries are not considered serious.

SOME MILK BARELY PASSES INSPECTION

Samples Recently Tested Cause Closely Watch Upon Some Milk Dealers

One of twelve samples of milk from wholesale dealers of the city barely passed muster when inspected by Dr. J. T. Traylor, food and dairy inspector in the matter of adulteration. This particular sample showed a degree of humidity which could hardly be expected of honest and good milk, and for a time led the inspector to suspect that it had been doctored under a pump somewhere, but he finally decided that it would pass muster, although the product of that dairyman will be watched in the future. The average of the milk was fairly good however, although some of the samples showed more visible sediment than usual. It is probable to the fact that they were taken Saturday, which was a windy dusty day. The dairy permits issued to date total 57 which include every dairy in the vicinity of Wichita Falls. Dr. Traylor is making rapid progress with the tubercular inspection and expects to finish this part of his work in the course of a few more weeks.

ACTION IS TAKEN BY LABOR COUNCIL

Declares Its Attitude Toward Laundry and Hosiery Workers' Report

At a meeting of the Trades and Labor Council held at the Labor Temple last night, action was taken declaring the attitude of the labor body toward the two laundries of this city, who are not now employed in the laundry work, was reported by the members of the Laundry Workers' union.

At a meeting of the Trades and Labor Council, held at the Labor Temple last night, the two laundries of this city were placed on the unfair list by a vote of the organization. This action having previously been taken by the members of the Laundry Workers' union.

A committee from the laundry workers made a report to the council in which it is said, they reported progress with the agency established here. A contribution of \$25 to aid in the laundry workers' was reported by the Typographical Union, this amount having been donated at the meeting held last Sunday. Several talks were made for the good of the order and the meeting is reported to have been the best attended of any held for some time. It is announced that another meeting will be held on next Monday night.

MOTHER LOVE AIDS SON IN TRENCHES

It Brings Relief to Boy Standing His Watch Deep in Mud.

Once upon a time only a few months after this terrible world war had begun, Private Bailey, a soldier in the ranks had stood for days in the trenches "somewhere in France." The cold rains soaked him to the skin; the mud was deep. He had no rest. Weary and aching with rheumatic pains, he recalled the faith his mother had in Sloan's Liniment. He asked for it in his next letter home. A large bottle was immediately sent him and a few applications killed the pain, once more he was able to stand the severe exposure. He shared this wonderful medicine-soother with his comrades, and they all agreed it was the greatest "reinforcement" that had ever come to their rescue. A four druggist, 25c 50c, and \$1.00 a bottle.

STOCKHOLDERS NAME OFFICERS AND DIRECTORS

GAS COMPANY ORGANIZATION BEGINS TODAY AND CALL IS MADE FOR ONE-FOURTH OF STOCK SUBSCRIPTIONS.

NO NAME SELECTED

J. A. Kemp Is President of Company. No Decision Reached As To Form of Organization. Subscriptions Total Nearly \$120,000.

With the election of officers and directors and the issuance of a call for the immediate payment of 25 per cent of the stock subscriptions, the activities of the new gas company were gotten well under way as the result of a stockholders meeting at the Chamber of Commerce rooms this morning, followed by a meeting of the newly named board of directors. The board of directors is composed of W. M. McGregor, G. C. Wood, C. L. Clarke, J. L. Jackson, J. A. Kemp, R. O. Harvey and W. R. Ferguson. The names of the directors were proposed by a committee composed of H. B. Hines, Frank Kell, C. W. Reid, R. E. Huff and W. W. Silk, and approved unanimously by the stockholders. Immediately after the adjournment of the meeting officers were elected in a directors meeting. J. A. Kemp being named president; G. C. Wood, vice president; R. O. Harvey, secretary; B. J. Johnson, assistant secretary; and W. M. McGregor, treasurer. The directors will meet again in the directors rooms of the City National Bank tomorrow afternoon. In compliance with the instruction of the stockholders meeting to issue the first call for stock payments of at least one-fourth of the amount subscribed immediately, the directors called for that amount which may be paid to W. M. McGregor, treasurer, or may be made to the cashier of any bank in Wichita Falls as trustee.

No decision was reached as to the form the organization should take. This particular matter is left in the hands of the directors for investigation and action. The subscription lists were made and the question of a corporation or a joint stock company, the only stipulation being that the personal liability should be limited in whatever form was adopted to the amount of the subscription of each individual. It was stated that the Magnolia Petroleum Company, the Texas Company and the Pioneer Oil Company, which are operating as joint stock enterprises in such a form as to enjoy the advantages of corporations, and the sentiment of the members seemed to be in favor of a similar form for this company. In this connection Frank Kell mentioned that question of annulling the charter of the Wichita Cotton Oil Company and substituting a form similar to the one mentioned had once been investigated by that corporation's attorneys, as well as attorneys for various groups of stockholders over the state, the attorneys arriving at the unanimous conclusion that such a form could be desired and entered of the same limitations and liability which were enjoyed under the corporate charter. Judges A. H. Carrigan and John Kay, who are the attorneys of the new company in the directors meeting and they will be asked to go into this matter immediately in order that the directors may proceed at the earliest possible time. Both these gentlemen, it was pointed out, were familiar with this means of operation on account of their connection with other oil companies and would be able to render the company particularly valuable service on account of this experience.

The Wichita Cotton Oil Company, although several were made both in the stockholders meeting and in the directors meeting. A distinction was made between the charter of the company, one which contains the name of Wichita Falls and emphasizes the fact that those interested in the company are from the city, and the other, which is a general one, favoring Citizens Oil and Gas Company was also mentioned in this connection.

In moving the recommendation to the directors that a first assessment of at least 25 per cent of the stock be called for immediately, Frank Kell gave as his opinion that the working capital provided by this means another call would probably be found unnecessary, the amount secured in the first call being probably sufficient to cover the operations of the company well under way. That the subscription books should remain open under the amount of \$120,000 next before the meeting, Myles O'Reilly having increased his subscription \$1,000, making \$2,500 in all, just before the meeting was called, and A. Nusbaum raising his \$500 subscription to \$700. It was then announced that \$200 more was needed to raise the amount to the \$120,000 mark and J. C. Ward increased his subscription by that amount. However, on motion of Frank Kell a number of contingent subscriptions were held in abeyance for the present, including that of Ball Brothers for \$10,000, the Water and Light Company for \$5,000, the Brick and Tile Company for \$2,500 and the Wichita Cotton Oil Company for \$1,000 leaving the total of bona fide subscriptions at \$101,550. The amount put down to the Wichita Cotton Oil Company was marked off the books on account of failure of confirmation, but the rest is being held up only temporarily.

Brothers' subscription was held up on account of stipulations restricting the price and distribution of the gas which was to be found, and as Messrs. Kell and Huff expressed themselves as opposed to any such restriction at this stage, it was believed that Mr. Kell would agree to waive these restrictions when the situation was explained to them, and the conditional confirmation is expected. F. N. Lawton of the Water & Light Company stated that he had a communication from J. L. Strickland, president in which he stated that he was willing to accept the matter earnest consideration and would present it to the board of directors at the earliest opportunity. The time for the completion of this subscription was extended by a vote until the coming Saturday.

Judge R. K. Huff presided over the stockholders meeting and B. F. Johnson acted as secretary. The following stockholders were either present or were represented by proxy: T. P. Adams, Reese Allen, M. J. Bashara, W. C. Bell, Wiley Blair, J. M. Bland, J. S. Bridwell, B. M. Bullard, Charley Clark, W. S. Curlee, K. Chenault, A. W. Christopher, R. H. Delaney, J. L. Downing, C. B. Felder, W. L. Greenhill, Fred Gates, W. J. Gilchrist, M. J. Gardner, R. E. Huff, R. O. Harvey, H. B. Hines, J. L. Jackson, Frank Kell, J. A. Kemp, F. N. Lawton, Lone Star Tool Company, W. M. McGregor, T. B. Noble, A. O. Norton, Myles O'Reilly, T. R. T. Orth, J. J. Perkins, P. H. Pennington, C. E. Rogers, C. W. Reid, T. T. Reese, M. D. Rowe, T. W. Baberts, J. W. Stringer, W. W. Silk, C. W. Snider, Mrs. J. H. Spearman, J. C. Straus, T. B. Smock, Mrs. J. Frank Scott, F. P. St. Clair, Roscoe A. W. Thomas, T. M. Southwell, G. C. Wood, Mack Thomas, John Thomas, J. C. Ward, Jeff Waggoner, Dr. Wade Walker.

EGYPTIAN COTON CROP REPORTED BELOW AVERAGE. Cairo, Egypt.—The bulletin of the ministry of agriculture, dated October 1, gives the condition of the cotton crops in Lower Egypt as 10 per cent and in Upper Egypt as four per cent below the average. The pink boll worm attack has considerably increased in intensity throughout Upper Egypt. Picking is now general and in some places the first picking has been completed but the yield is very uneven. On the whole, the crop this year is likely to be appreciably below average.

TOWN BUILDERS BANQUET LIKELY

PLANS MADE TODAY FOR AFFAIR TO BE HELD IN NEAR FUTURE.

TO BE CELEBRATION

Will Commemorate Completion of Gas Field—Committee are Appointed Today.

Plans for a banquet to the "town builders" were formulated this afternoon at an informal meeting at the Chamber of Commerce rooms. The nature of the affair is not yet fully determined, but it will be a banquet designed as tribute to the men whose efforts have contributed so materially to the upbuilding of Wichita Falls. It is expected that the affair will also be in celebration of this city's latest achievement, the raising of more than \$100,000 to organize a company to find more natural gas.

J. J. Colonna originated the idea of such a banquet and explained the idea at this afternoon's meeting, at which a committee was named to work out details. This committee consists of W. Reed, J. L. Jackson, H. P. Johnson, Myles O'Reilly, J. C. Mvtinger, J. J. Colonna and Judge Scurry. Talks were made by several of those present, and the idea was heartily endorsed.

Those present at the meeting were Messrs. Scurry, Colonna, Hunter, Haney, Johnson, Talbert, Jones, Barnard, Blevins, Thomson, Jackson, Mvtinger, O'Reilly, Thomas, Gould, Kleinman, Wade Walker, Lee and Reid.

AT THE THEATRES

SEVERAL FEATURES IN TONIGHT'S VAUDEVILLE

The eighth of the attractive vaudeville bills will be presented at the Wichita Theatre Tuesday night. The program includes the "Garden of Aloha" featuring Pauline Thurston, and the Royal Hawaiians; also Edward Vogt and Earl B. Mountain in "Midnight Follies," a musical extravaganza including seven musical numbers; Fritz & Lucy Bruch, in a violin and cello act; Simmons & Bradley; Moore, Gardner & Rose, in clean, clever, class comedy; Kramer & Kent, blackface comedy; and Emerson & Baldwin, juggling comedians. By special arrangement election returns will be read from the stage before and between the acts, so that all may enjoy this great attraction and hear the election returns as they come in.

Among the bill's features will be a roller skating act, that includes some novel and clever stunts. Various skat dances are staged, together with some whirlwind skating. Tonight's program is one of more than one headliner, according to the bookings received by the management. Pauline Thurston and the Royal Hawaiians in the dance pantomime, "The Garden of Aloha," will prove unique. There are six players and the setting is in a beautiful Hawaiian garden near the harbor. Miss Thurston is the beautiful niece held captive and anxiously awaiting the return of her lover, the lieutenant. His ship approaches the shore, and he receives permission to visit his lover. The ensuing scenes give opportunity for the presentation of the strikingly beautiful customs of the island and for the singing of the native songs, the dancing of the native dances and introduces the Royal Hawaiian ukulele musicians. The close of the comedy is the parting of the lovers while the Hawaiians sing their beautiful song of parting, "Aloha-Oe," in a plaintive minor key.

Another one of the headliners is the "Midnight Follies," one of those thumb nail musical comedies that are the delight of vaudeville patrons. The act is booked as an extravaganza consisting mostly of girls, and good looking ones, so there will be no doubt of drawing power. There are five other acts, all of them of the well known Orpheum quality which make up the bill for tonight at the Wichita Theatre.

"THE ONLY GIRL" IS NEW TYPE OF MUSICAL COMEDY

"The Only Girl," the new musical comedy which Joe Weber will present at the Wichita Theatre Saturday, November 11th, is to a certain extent a new type of musical comedy. The fare, in writing the book Henry Blossom, librettist, has provided what might be termed "a real comedy," which might stand alone without lyrics which are admittedly of a high order than usually allotted, and the brilliant score which has been added by Victor Herbert. Not in long time has this composer been quite so happy in providing tuneful airs as he has been in "The Only Girl." In offering this new musical play, Manager Joe Weber engaged a cast which, while there was an absence of so-called "stars," comprised a company that proved notable for its "team work." Among them are Grace Kennicott, Arthur Burckley, Esther Jarrett, Tom Durkin, Helen Barnett Ford, John Chandler, Ellen Crane, Ernest Wood, Lydia Crane, Dave Young and Meade Foster. There will be a chorus of pretty girls and an augmented orchestra.

The Empress

E. K. Lincoln, who plays the leading male role, and is co-starred with Frances Nelson and June Widge in "The Almighty Dollar," the new picture film Brady-Made Picture, which will be shown on the screen at the Empress Theatre, where he appeared as leading man in stock and road companies. Mr. Lincoln, though modest, is one of the swiftest of young actors, and besides owning several fine horses, automobiles and a large farm, also owns several hundred prize dogs, his foreign dogs especially being highly prized by judges of the country. At Newport, R. I., August 21, Mr. Lincoln brought home a large silver cup, which he won three years in succession at Newport. He is a handsome, clean-cut young fellow and a splendid actor, who is seen at his best in the hero of "The Almighty Dollar."

The Gem

Marjorie Ellison, is the leading woman in "A Mountain Tragedy," a Universal feature showing today at the Gem. A synopsis is given. "Gem" is the proprietor of a little store in a little mountain village. His home is up in the mountains and in order to keep in touch with his wife he has a telephone put up between the store and his home. The couple are blessed with two children, "Toots" and "Pinkie." In the neighborhood is Monte, a degenerate character, and one who makes his living by questionable methods. He is secretly in love with Mrs. Prentiss and chafes her. One day as he is passing the home of the Prentisses he sees Mrs. Prentiss working in the yard and his desire overcomes his better judgment. He stops and tries to force his attentions upon her and is only stopped by the arrival of the children. Sam is told of the occurrence that night and he decides to give the fellow a thrashing. So the next day he makes good his resolution and thrashes the fellow before a crowd of onlookers. Monte, a few days later plans to get even. He gets a couple of pals and they set out for the home in the mountains. He arrives and finds the woman alone with her children. But she is alert and covers him with her revolver and then telephones her husband. But the man attacks her and gets the gun. Sam thinks there is something wrong when his wife suddenly stops phoning and he at once sets out for his home. Up in the mountains Monte is about to kill the woman as she will not leave with him. The little boy tries to save his mother, but is beaten and runned aside. He runs down the trail and gets his father. But just as Monte has his gun ready to shoot, the little girl takes her gun and shoots and wounds the man. He falls and she hits the ruffian in the eye. He drops the gun in pain and before he can recover the woman has pounced upon her and is covering him. Then the father arrives and takes Monte into custody.

The Majestic. Marguerite Snow will shine as the bright particular star at the Majestic today in an Ivan production of "A Faded Flower." The cast includes Rose Coghlan, the most legitimate actress, Alma Hanlon, a charming petite actress of the stage and screen and Arthur Donaldson of "The Prince of Pilsen" fame.

FARM BOARD PLANS 2 TEXAS MEETINGS

Wichita Farmers Who Wish to Testify May Attend One of Two Hearings

Two hearings will be conducted in North Texas by the federal farm loan board, one at Fort Worth on November 11, the other at Amarillo on November 12. These hearings are for the purpose of getting information to guide the board in determining the boundaries of the twelve federal land bank districts into which the country is to be divided for the administration of the new rural credits law, known as the federal farm loan act. The sessions will be held in the federal building.

The members of the federal farm loan board who will conduct these hearings are Hon. William G. McAdoo, Secretary of the Treasury; George W. Norris, Farm Loan Commissioner; Herbert Quick, Captain W. S. Smith, and Charles E. Lobdell. The board has issued an invitation to all farmers and farm organizations of Wichita County to attend these hearings to get information about the operation of the farm loan act, and to furnish the board with information about the farm loan needs of the state. It has also asked interested cities to present their claims for the location of the federal land bank districts. Farmers will be asked to give information regarding the prevailing rates of interest on getting mortgages; the rate of commissions charged; the development of farms as affected by credit; farm tenancy as affected by the ability of tenants to borrow; and any other fact that will give the board an understanding of the farm needs of the state.

The new federal farm loan act provides a way for the farmer or prospective farmer to borrow money on long time mortgages at actual cost. The government provides the machinery for assembling capital to be loaned to farm owners or prospective farm owners. The loans may run up to 50 percent of the value of the land used as security and 20 percent of the value of the improvements. Ten loans will be made at a low rate of interest not yet determined, but it will be less than 4 percent. Provision is made for the borrower to pay off the debt, interest, and principal through periods of from five to forty years, at his own option. The legislation is expected to prove a great boon to those sections of the country where farm development has been retarded because of high interest rates, and it is predicted that it will tend to make agricultural prosperity permanent and uniform, stabilize and equalize interest rates, and greatly improve the condition of the farmer. The nation-wide interest in the provisions of the bill is indicated by the fact that more than 100,000 inquiries have been received by the department for information about it. Secretary McAdoo predicts that the banks will be established and ready to make loans early in 1917.

WEINERT TO SPEAK TO FARMERS UNION

Head of State Marketing Department Will Attend Meeting Here November 23

Ex-Senator F. C. Weinert, manager of the warehouse and marketing department of the state, will visit Wichita Falls on the occasion of the meeting of the Wichita Valley District Farmer's Union on November 20 at which he will deliver a public address. The place for the address will be at the warehouse and marketing department. The place for the address will be at the warehouse and marketing department. The place for the address will be at the warehouse and marketing department.

The speaking will be for the general public, as well as for delegates in the union meeting and it is desired to have a large attendance from over this and adjoining counties, in order that all may become better acquainted with the work of those in charge of the warehouse and marketing movement. This work has developed to be of considerable proportions, covering a large area of activity in equipping the warehouse provisions and in improving marketing conditions. Mr. Weinert is an interesting speaker and will both instruct and entertain those who hear his address. Much interest is said to be manifested in the forthcoming meeting of the Farmer's Union of Wichita county on Friday and Saturday, November 19 and 20 at the hall of that organization in this city. A large attendance of delegates is expected on account of the important business that is to come before the meeting. It is understood that a number of matters of interest to the organization are scheduled for consideration, and among other things, plans are to be made for entertaining the district meeting to convene here November 20. A feature of the session Friday will be a luncheon to be served to the delegates present. There are several locals in Wichita county and a larger attendance of delegates than usual is expected.

—no other soft drink like Bevo

Bevo

A BEVERAGE

A beverage with positive virtues. Better than just non-intoxicating—it's good for you. More than wholesome—it's a nutritive beverage. More than being refreshing—it's pure, free from bacteria. You will like Bevo for its goodness—it will repay you by its nutritive wholesomeness. Serve your guests with Bevo—then ask them what it is. They will make a guess, but they will be wrong.

Get Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, steamships, and other places where refreshing beverages are sold. Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and the crown top bears the Fox.

HALLOWEEN OBSERVERS DO MICHIEF AT BURKBURNETT

(Burkburnett Star) Tuesday night of this week witnessed the usual pranks performed by Halloween observers. Processions of figures clad in ghastly attire paraded the streets in the early part of the night. The "ghosts" seemed to be of both the masculine and feminine gender. For hours after the usual bed time of most people the air was rent with hideous howls, screams and shrieks of the "ghosts" who evidently had nothing better to do than keep other people awake. Attempts to move a lot of articles from these places near some of the business houses in town were frustrated by the owners. Some minor damages were reported at different places, especially at the school building where considerable damage was done to the water tanks. When Halloween observance goes to the extent of damaging property it becomes nothing short of nonsense and should be prevented, in any manner necessary to put a stop to such idocy.

BUY AUTOMOBILE TO TAKE CHILDREN TO SCHOOL

(Burkburnett Star) Hi Willis has lately bought a new Dodge car for the use of his children in coming to school. They have a drive of about six miles to come from their home southeast of town, to the Burkburnett school.

JAPAN'S COURSE IN ROAD EXPERT TO CHINA DIFFICULT

Recent Changes in Diplomatic Considered Significantly Many Obstacles Ahead. Associated Press Mail Correspondence. Tokyo, Nov. 6.—In view of Japan's negotiations to extend her influence in China, more especially in eastern inner Mongolia and south Manchuria, special significance is attached to changes in Japanese diplomatic which have just been announced. Japan's policy in China is said to be determined of late to bring about permanent peace in China under the presidency of Li Yuan-hung, whom the Japanese allies under the apparent leadership of Japan, have decided to help with a loan of about \$50,000,000.

WILL HOLD LUNCHEON

What is expected to be the largest attended and most interesting meeting yet held by the Wichita County Auto Club is the luncheon to be given at the St. James Hotel beginning this evening at 6:30 o'clock. The attendance is expected to be double the usual number, particularly as each member is expected to bring someone not a member, who will be the guest of the club on this occasion.

EXPERIENCES OF MERIDIAN-RELY TRIP TO BE TOLD-MARSHALL REACHES CITY THIS AFTERNOON

Other speakers on the program will be Lloyd Weaver, who will discuss the Meridian road from the experience had in making his record run from Red river to Fort Worth with the relay message, and John Gould, a passenger with Mr. Weaver from Burkburnett to this city, who will discuss the experiences of the 18 mile ride in 23 minutes.

INAGURATION CEREMONY AT AUSTIN THANKSGIVING

(Austin Times-News) Nov. 7.—On Thanksgiving morning Robert E. Vinson, recently elected president of the University of Texas, will be formally inaugurated in the House of Representatives at Austin. As the University auditorium has been closed on the recommendation of state fire marshal, some of the inauguration ceremonies will be selected. Presiding the inauguration exercises an academic procession of the entire faculty, students and former students of the institution, probably 5,000 in number, will proceed from the main building of the University to the capitol building.

NEW PLAN IS URGED IN VOTING ROAD BONDS By Associated Press. Washington, Nov. 7.—Financing of highway improvements has been thoroughly investigated by experts of the Department of Agriculture's division of road economics who recommend to people of counties and municipalities intending to raise funds the advantages of the deferred serial plan over the ordinary sinking-fund plan. Under the serial plan, a certain amount of bonds is retired each year and the bonds so retired cease to be an interest charge on the community. Under the sinking-fund plan none of the bonds is retireable until the end of a definite period, and the entire sum raised bears interest for the entire life of the bond. The Department's experts say under the ordinary sinking-fund plan communities pay interest on the money borrowed and in addition set aside each year as a sinking fund an amount sufficient to retire all the bonds when they become due. The sinking-fund is deposited with banks and earns some interest. That interest ordinarily is only three per cent, whereas the communities pay five or six per cent to its bondholders. The serial plan is much cheaper, even though the sinking fund earns interest as high
