NEUTRALS SAID TO HAVE ARRANGED TO ASK BELLIGERENTS TO SEND DELEGATES TO PEACE CONVENTION IN NEAR FUTURE

TO BE NO ARMISTICE

Hostilities Would Continue Until Some Definite Stage Was Reached In Negotiations—Rumors Emanate From Swiss Frontier

By Associated Press. Berlin, Nov. 18.—The movement for peace negotiations according to reports from the Swiss frontier which were printed by the Kolnische Zeitung, is about to assume definite shape in the form of a joint call from various neutral governments to send delegates to a peace convention.

GERMAN WRITER PAYS PRESIDENT GLOWING TRIBUTE

By Associated Press. Berlin, Nov. 18.—Maximilian Harden, writing in Die Zukunft, eulogizes President Wilson as a "man of whom we would be proud if we had had him," adding, "much that is base and unfortunate in the world is due to the fact that we have not had him."

FINISH WATSON'S CROSS EXAMINATION

Houston Banker Says Defendant Tried To Borrow \$10,000 From Him

By Associated Press. Waco, Texas, Nov. 18.—Over the objection of the defense and before the cross examination of T. R. Watson had been completed, Judge R. I. Munroe this morning permitted the state to examine Watson, vice-president and cashier of the Houston National Exchange Bank, for the reason that Mr. De Zavalla was, he said, compelled to return home.

STATE PLANS TO EMPLOY MORE TERRACING EXPERTS

By Associated Press. Austin, Texas, Nov. 18.—Several more experts on farm terracing are to be engaged by the state department of agriculture to meet the increasing demand, according to Fred W. Davis, commissioner of that department.

SAYS MANY KILLED

Americans, Arabs, Syrians and Chinese Put to Death When They Are Unable To Escape According to Border Information

By Associated Press. El Paso, Tex., Nov. 18.—A Chinese refugee who arrived in Juarez late last night on the Mexican Central passenger train brought a report from Jimenez, Chihuahua that practically all of the foreigners in Parral had been killed by Villa bandits.

START EVIDENCE IN PROSECUTOR'S TRIAL

Coroner Testifies to His Belief That Left-Handed Man Struck Fatal Blow

By Associated Press. St. Joseph, Mo., Nov. 18.—Two play-actors, Dr. J. J. Wilson, who was accused of murdering Mrs. Harriet Moss McDaniel, and Dr. J. L. Cox, a police surgeon, testified today in the trial of Oscar D. McDaniel, prosecuting attorney of Buchanan county, who is charged with the murder of his wife.

BLAMES FARMERS FOR HIGH PRICES

NEW YORK INVESTIGATOR SAYS TRUE CONDITION OF CROPS WAS NOT STATED

SAYS SURPLUS BIG

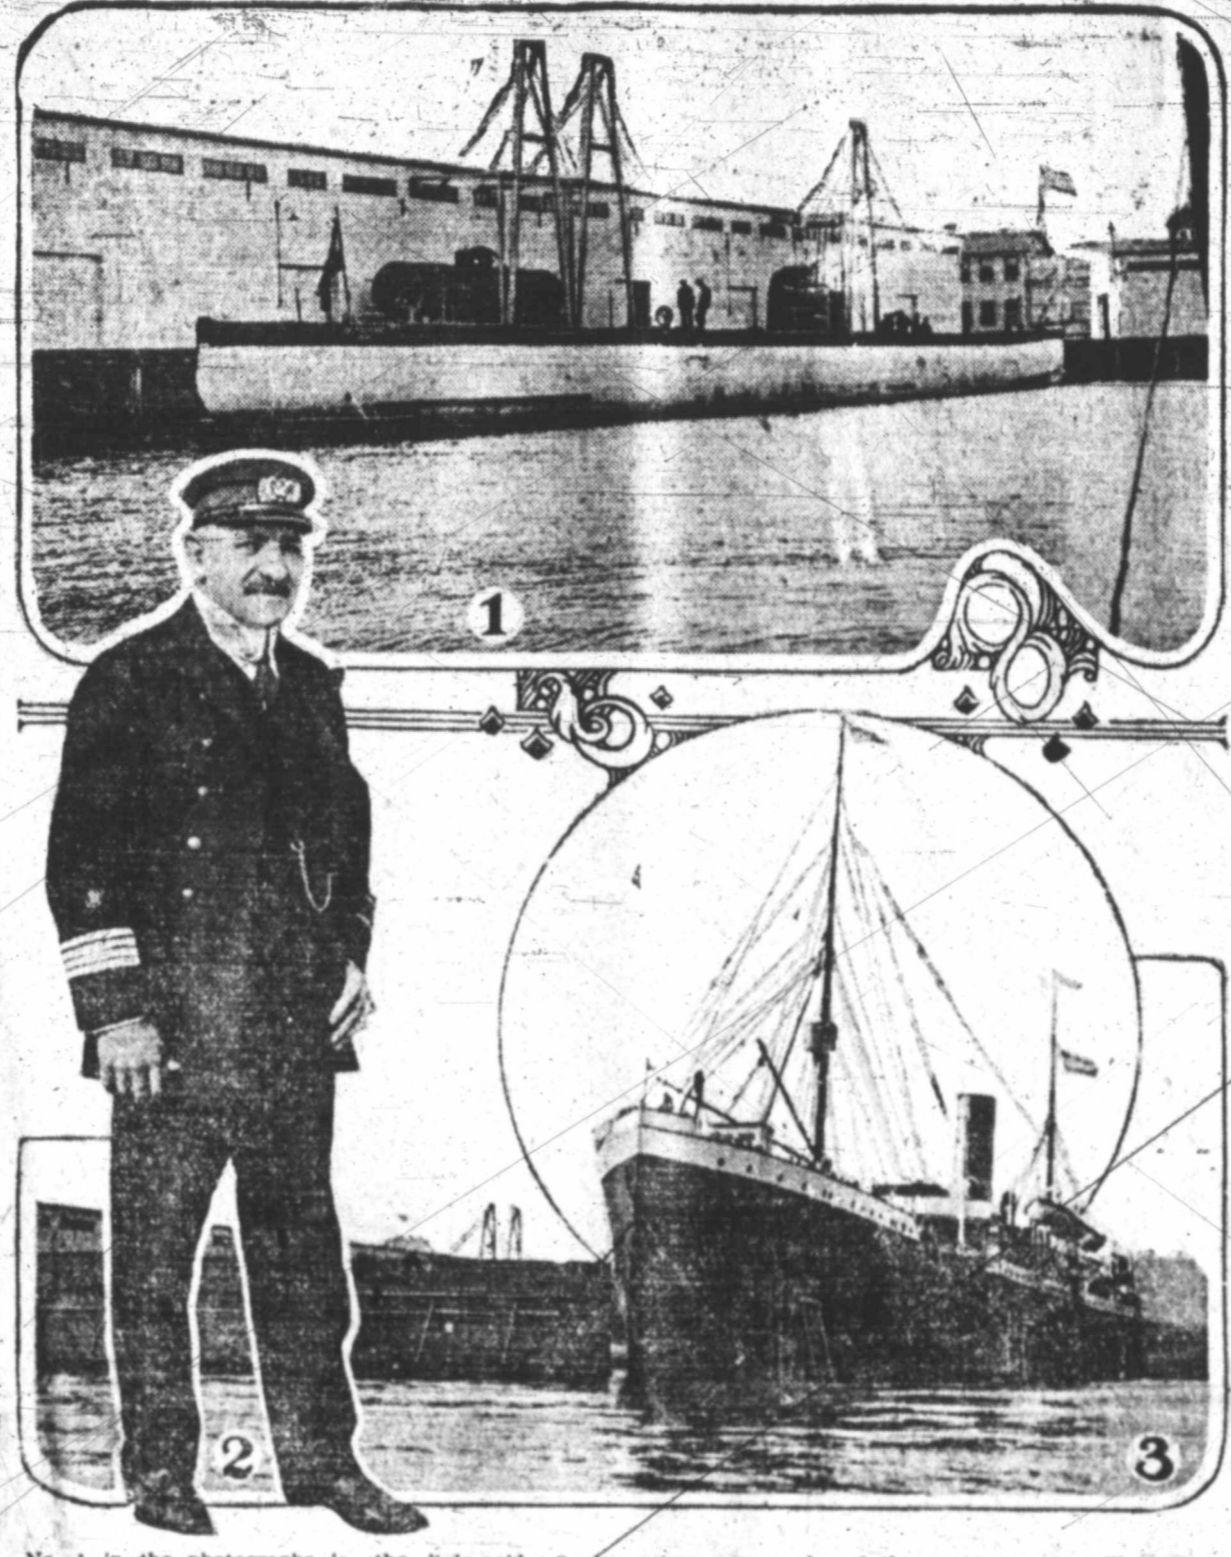

Believes Farmers Knowingly Estimated Yields 25 Per Cent Short for Effect on Market

By Associated Press. New York, Nov. 18.—An assertion that western farmers underestimated their crops to the federal government and thereby forced up the price of wheat, potatoes, onions and cabbage, is the latest contribution to the high cost of food investigation here.

CONFERENCE HELD

By Associated Press. Washington, Nov. 18.—The deadlock reached by the joint international commission at Atlantic City discussing Mexican border problems was taken up tonight at a white house conference between President Wilson and Secretary Lane chairman of the United States commission, Secretary Lansing and Secretary Baker. Mr. Lane would not discuss the matter with newspapermen. Officials have made it plain that if satisfactory arrangements for protection of the border can be made General Pershing's troops will be withdrawn.

SUBMARINE DEUTSCHLAND TO CARRY MAILS WHEN SHE SAILS AGAIN FOR GERMANY

Interest in Washington on the arrival of the Deutschland centered largely on negotiations for establishing a submarine line mail service between the United States and Germany. The postoffice department let it be known that it was prepared to accept a proposal made through the German embassy, that the Deutschland and any other ships that may ply out of American ports carry not more than five pounds of first class mail at the regular transatlantic rates. Details of the arrangements will be worked out at conferences between officials of the embassy and the department.

396 PLURALITY FOR HUGHES IN MINNESOTA VOTE

By Associated Press. St. Paul, Minn., Nov. 18.—The complete official vote of Minnesota announced today by Secretary of State Julius A. Schmalz, gave Hughes a plurality of 396. The vote was Hughes 179,553; Wilson 179,157.

FORT WORTH PAYS LAST TRIBUTE TO PAUL WAPLES

By Associated Press. Fort Worth, Texas, Nov. 18.—Fort Worth citizens paid their final tribute today to the man who did so much to build the city, Col. Paul Waples, millionaire merchant and chairman of the state democratic executive committee, who was killed Thursday in a collision between his automobile and an interurban car. The body was taken from the undertaking establishment early this morning and laid in state at the Chamber of Commerce auditorium. Most of the city's business houses closed between 11 a. m. and 1 p. m. when public services were conducted by Rev. Harry in Kinkadee of El Paso. The body will be buried in the family cemetery at Denton Sunday. A special train will carry relatives and friends from here Sunday morning.

OVER \$4,000,000 IN STATE SAVINGS BANKS

By Associated Press. Austin, Texas, Nov. 18.—Resources of the savings department of the 28 state banks maintaining such departments in Texas, at the close of business on October 31, amounted to \$4,189,459.14, according to a condensed statement of the condition of these departments made public today by the state department of insurance and banking. Of the resources \$2,980,127.92 is first liens on real estate. Of the liabilities \$4,136,239.76 is due depositors. \$48,792.83 unprovided profits. The required cash reserve is \$602,309.65, while the actual cash reserve is \$567,345.56 which is \$264,933.91 in excess of legal requirements.

COUNTRY IS DIVIDED INTO 22 GRAIN DISTRICTS

By Associated Press. Washington, Nov. 18.—Division of the country into 22 districts for administration of the Federal grain standard act, which becomes effective December 1, was announced today by the department of agriculture. Headquarters for the southwestern districts will be established in the following cities, which will have trading stations: St. Louis, Cairo, Ill.; Kansas City, Memphis, New Orleans, Galveston, Fort Worth, Oklahoma City and Wichita.

RECEIVES DELEGATION FROM AMERICAN FEDERATION OF LABOR THAT COMES TO CONGRATULATE HIM UPON VICTORY

By Associated Press. Washington, Nov. 18.—President Wilson today received a delegation from the American Federation of Labor today that all class feeling in America should be wiped out by the establishment of a "justice with war in it."

WILSON URGES WIPING OUT OF CLASS FEELING

The delegation comprised the membership of the Federation's annual convention which has been meeting in Baltimore. They came to Washington on special cars and marched to the White House to congratulate the president on his reelection. Samuel Gompers, president of the Federation, acted as spokesman declaring laboring people had come to recognize that Mr. Wilson stands for justice, freedom and righteousness.

UNITY IS HIS PLEA

"We have taken joy in upholding your hands in your great work," said Mr. Gompers. "I need not say that coming to me as you do on such an errand, I am deeply gratified and very greatly cheered," said the president in reply. "It would be impossible for me to say off-handedly just what thoughts are stirred in me when I hear of you men and women who have tried to do to get rid of any class division in this country, and not only that, but of class consciousness and feeling. The worst that could happen to America would be that she should be divided into groups and camps in which there were men and women who thought only of their own interests. If we cannot comprehend each other's interests, if we cannot serve each other's essential welfare, then we have no yet qualified as representatives of the American people."

ROCK ISLAND IN OKLAHOMA OPENS 8 HOUR CONTEST

By Associated Press. Oklahoma City, Nov. 18.—Four persons were killed and one woman and two men were injured today in the seventh annual International prize automobile road race. The event was won by Johnny Aitken, driving a relief for Howard Wilcox. Wilcox was declared the official winner and the new average speed record of 85.55 miles an hour for the 403.241 miles of the course will stand in Wilcox name. Aitken's time, accredited to Wilcox was 4:32.47. Lewis Jackson, a Los Angeles driver on his thirtieth lap, swerved into one of the palm trees lining the course and caused the death of himself and three others, and the injury of two.

FOUR KILLED IN AUTO ACCIDENT DURING RACES

Jackson's car uprooted the first palm tree it struck, overturned a lemonade stand killing the woman in charge, crushed one man against a second palm tree and wrapped itself about a third tree. In this wreckage Jackson's body was nearly cut in two. His mechanic was thrown and seriously injured.

STATE PLANS TO EMPLOY MORE TERRACING EXPERTS

By Associated Press. Austin, Texas, Nov. 18.—Several more experts on farm terracing are to be engaged by the state department of agriculture to meet the increasing demand, according to Fred W. Davis, commissioner of that department. The department has already several experts in that line of work but the requests for their services are becoming so numerous that the present force is inadequate, he said. The values of terracing has just begun to be appreciated by the farmers of Texas, Mr. Davis added. "Terracing prevents the erosion of fields by the action of storm waters and it holds the water on the land, permitting it to dry off slowly, thus leaving the plant food elements in the soil."

CONFERENCE HELD

By Associated Press. Washington, Nov. 18.—The deadlock reached by the joint international commission at Atlantic City discussing Mexican border problems was taken up tonight at a white house conference between President Wilson and Secretary Lane chairman of the United States commission, Secretary Lansing and Secretary Baker. Mr. Lane would not discuss the matter with newspapermen. Officials have made it plain that if satisfactory arrangements for protection of the border can be made General Pershing's troops will be withdrawn.

HUNT FOR NEGRO NOW SEEMS OVER

GRAND JURY AT HENRIETTA FAILS TO TAKE ACTION AFTER PROBE

EXCITEMENT PASSES

Believed Fugitive Has Gotten Entirely Away and Mystery Remains Unsolved

Saturday brought no new developments in connection with the recent assault upon Miss Beulah LaFayette, east of the city. The search for the assailant was practically abandoned, most of those who had taken part in the fruitless hunt going home to catch up with their sleep.

No action was taken by the matter by the Clay county grand jury and while no statement was forthcoming it was indicated that that body was quite at sea as to the procedure to take in the case. The grand jury went into the matter thoroughly, examining a number of witnesses, but no indictment in connection with the case was, so far as could be learned, among the several bills which were returned at Henrietta last night. In view of the fact that four days have elapsed since the assault and an exhaustive search has revealed no trace of the assailant of the young woman, the belief prevails in many quarters that whatever prospect had existed for apprehending the fugitive has now gone.

The hunt while it continued, furnished excitement for a greater number of people than anything of the kind that has transpired here in many years. There was a time when the talk of violence was in free circulation. Practically all of those who took part in the man-hunt—and it is estimated that fully 700 joined in the search at one time or another—went armed; some made quite a holiday expedition of it.

The affair gave many negroes a severe scare. Several negro men who corresponded, in a general way, to the description given by the young woman caught trains out of the city, as a matter of safety, feeling that they were in some danger in view of the sentiment prevailing in some quarters here. Several negroes at work picking cotton in the vicinity of the LaFayette home stayed close in their quarters until the excitement subsided, when many of them lost no time in getting away from that section.

The grand jury at Henrietta questioned a number of witnesses in its investigation. Those appearing before it included relatives and neighbors of Miss LaFayette, in addition to young men with whom she had formerly kept company, but if any light was shed upon the matter, further than the facts already published, no inkling of it came by Henrietta. The grand jury is understood to have gone into a number of rumors and reports that have been in constant circulation since the assault was committed.

BOWIE AGAIN WINS FROM LOCALS, 27-7

Wichitans Make Much Better Showing Than in Earlier Game, After Bad Start

After having their opponents pile up a count of 27 to 0 against them in the first half of yesterday afternoon's football game with Bowie, the latter's grounds the Wichita Falls high school eleven rallied and prevented further scoring during the remainder of the game, scoring six points themselves during their period, and making the final score of 27 to 7 in Bowie's favor.

As the Bowie team was much heavier and more experienced by the locals and a contender for the North Texas championship the work of the local club in holding the score down so low is proving a matter of quite a little jubilation to their supporters in this city. The score was much lower than that piled up by the Bowie team against that of the Fort Worth central high school and other strong North Texas teams. It was less than half the count scored on the locals six weeks ago when the Wichita Falls team had the added advantage of playing on their home grounds.

Indicating a very material improvement on the local eleven's play. The Wichita Falls score came in the fourth quarter as the result of a hard tackle by Center Williams, covering a Bowie runner to fumble the ball on his own 30 yard line, the ball being recovered by Burnside who crossed the Bowie goal. G. Harris kicked goal. This was the third occasion of the year on which the Bowie goal line has been crossed, the locals having scored on the previous game.

The Wichita Falls line was handicapped by the absence of Burnside at right tackle during the first three periods of play. Owing to a misunderstanding over the time of departure Burnside did not go with the rest of the team and did not reach Bowie until the beginning of the last period.

To the effects of the long round-about trip necessary for the locals to reach Bowie is attributed that team's success in the first half. Straight football combined with long runs accounted for Bowie's four touchdowns, two of which were scored in the first two quarters. The line smashing of Burgess and Teague and the latter's open field running when circling end were the telling factors in the Bowie scoring. Parrish, the Bowie end who played a sensational game in receiving passes in the former game did not get in his work in yesterday's game, being too closely watched by the Wichita Falls players, who put up a much stronger defense against the aerial attacks than has been the case in previous games.

The Wichita Falls team were more successful with the forward pass than at any previous time this season, Sinclair passing to Hickman, Urban

An Instrument That You Can Play!

The AEOLIAN-VOCALION is more than a mere phonograph. While it is a reproducing instrument, introducing the music of the world's greatest artists, it is an instrument that you can actually play, giving to each record your own interpretation of the music. Through the Graduola, the exclusive VOCALION expression device, each tone, every phrase, answers to your will as truly and certainly as if breathed from your lips. The master's skill, graven in the record, becomes the voice of your heart, and at last you enjoy the transcendent pleasure of making music instead of being merely a listener.

The AEOLIAN-VOCALION is made in many styles, in prices from \$75 to \$2,000. We are now showing four styles, and cordially invite you to a demonstration of their merit at any time you choose.

LOCAL BOY AMONG THOSE ON PROGRAM

Alfred Burnside of This City To Speak at Conference at College Station

Alfred Burnside, president of the Wichita Falls high school Boys Club will represent the local club on the program of the Older Boys' Conference to be held December 1, 2 and 3 at College Station. There will be quite a large delegation to attend from Wichita Falls and adjoining towns, as far as can be ascertained, and it is hoped that even more than those who have signed up to go will send for credentials before the conference takes place. The full program has been received and promises much of interest to boys. The opening session will be presided over by H. H. Simonds, chairman of the state executive committee. The address of welcome will be delivered by W. B. Bizzell, president of A. & M. College. There will be appointments of committees on state policy, resolutions, nominations and credentials. There will be two addresses, "How To Get the Most Out of the Conference," by Jesse R. Wilson, state college secretary, Texas Young Men's Christian Association; and "What Older Boys of North America Are Doing," by Leonard Paulson, international secretary, Y. M. C. A., New York. Election of officers also comes on the first day.

A wide range of topics will be discussed by speakers on the second day. The speakers are: Waver Moore, Houston; Leon Smith, Mart; Alfred Burnside, Wichita Falls; Blake Johnson, Waco; Elyer Simpson, Dallas; A. M. Bishop, Beaumont; Robert Joyce San Antonio; Leroy Marlow Taylor, At N. O'clock Saturday morning the Rev. E. C. Mobley of Amarillo will deliver an address on "The Older Boys' Part in Shaping the World's Program." At the conference banquet at night addresses will be delivered by Dr. J. J. Terrell of Temple and Judge S. P. Spencer of St. Louis.

Sunday also will be a big day. At night there will be a dinner for the jury by Rev. E. C. Mobley.

DODGE BROTHERS MOTOR CAR

Dodge Brothers concentrated on one car, and one car only, in a determination to make it as good as a car can be made.

For every part and every process that enters into it they have personally established a standard.

The work done and the materials used in each part and each process in every car must conform to that standard.

The factories now cover 65 acres of floor space—and are still growing—but there is no department so remote that it does not feel the influence of the Dodge Brothers personal direction.

This intense watchfulness accounts, of course, for the remarkable things you hear about the performance of the car.

In its first year it has acquired a wonderful hold on the good opinion of the American people—and it has not developed a single fault worth talking about.

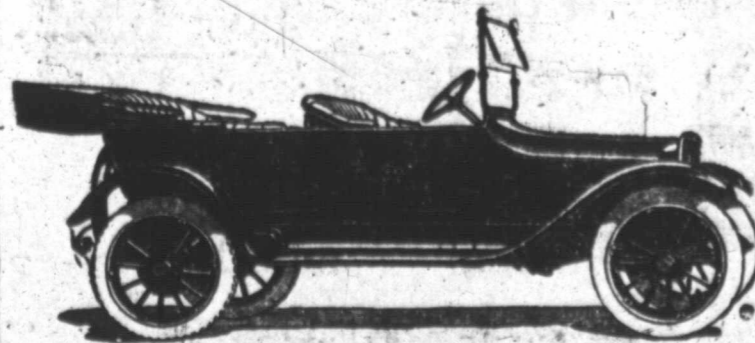

That it will steadily grow better under the Dodge Brothers generalship goes without saying.

It will pay you to visit us and examine this car

The gasoline consumption is unusually low. The tire mileage is unusually high.

The price of the Touring Car or Roadster, complete, is \$786 (f. o. b. Detroit)

The price of the Winter Touring Car or Roadster complete including regular motor top is \$950 (f. o. b. Detroit)

100 MEMBERS OF FARMING CLUBS HERE SATURDAY

HIGHLY PLEASING DISPLAY OF
FIELD, GARDEN, AND KITCHEN
PRODUCTS STAGED BY BOYS
AND GIRLS OF WICHITA FARMS

DIVERSITY IS SHOWN

Members are Guests of City At Dinner
and Picture Show. List of Awards
Will Not Be Made Public Until
Tomorrow.

At least 100 members of the boys and girls clubs of the county were in attendance on the Saturday exhibition at the Henderson-Bland building yesterday, and in addition to displaying a lively interest in what fellow members were doing showed a real desire for helpful information which would be of value to them in their own work. The interest in the exhibits was not confined to the young people, visitors vying with the club members in both numbers and interest displayed over the exhibits. The exhibits both in point of number and quality would have been extremely creditable to much older people than the club members who ranged from the ages of 12 to 18 years. The products of the club members demonstrated the possibilities lying in diversifying in Wichita county in a more convincing manner than a number of lectures, offering visible and concrete results in place of abstract and outery.

In addition to affording the members a chance to exhibit the results of their own efforts and see what other members were doing along similar lines, the exhibition showed a special lunch at the Metropolitan cafe and later took in a picture show, both times being the guests of the business man of Wichita Falls.

The success of the day was in a large measure due to the efforts of J. W. Campbell, county demonstration agent who worked tirelessly both in making preliminary arrangements and in looking after the details of the exhibition.

The work of the girls was not confined to efforts in the garden and the kitchen, but specimens of fine poultry displayed showed that they were as successful in the stock line as in the other. The birds were shown the results both of a careful selection and of care of the most painstaking and scientific description.

The chief effort of the boys was seemingly directed toward the raising of the pigs and corn. While the pigs were unexceptionably well developed and demonstrated the fact that many of the boys could give their efforts some points along this line, Mr. Campbell stated that many of the largest and finest stock was not on exhibition on account of being too large to be crated and hauled through the country.

Another interesting feature of the day was an exhibition of peanuts, the raising of which this county is peculiarly adapted. The nuts were unusually large and well formed and showed a profuse yield to each vine.

Besides more than maintaining the standard in other exhibitions in the county, the girls members exhibited many specimens which provoked extreme commendation from those visiting the exhibition.

The lists of awards were not announced at the close of the show as it was announced that the lists would have to be checked again and a comparison of notes by the judges taken before the prize winners could be named. The prizes will be awarded Monday morning and delivered to the prize winners as soon as possible according to the announcement of Mr. Campbell.

WICHITANS' GRANDSON IS OKLAHOMA "BETTER BABY"

Marshall West J., of El Reno, Oklahoma, grandson of Mr. and Mrs. Walter M. West of this city, took second prize in the "Better Babies" contest at the recent Oklahoma State Fair held at Oklahoma City. Master West, who is 13 months old, made a score of 97 1/2 per cent of perfect. The highest score made was 98 1/2. The parents of the boy visited here shortly before going to the fair and the young man made many friends during that time who will be interested to hear of his record as a "better baby."

BROOM FACTORIES HIT HARD BY RATES

Out of State Points Get Big Advantage Under New Tariff, Says T. B. Noble

"The broom manufacturers of Texas will simply have to quit business if the new rates on broom corn that became effective on November 1 under what is known as the 2 B Tariff are allowed to stand," said T. B. Noble, president of the Wichita Falls Broom Manufacturing Co., yesterday. Mr. Noble said that the new rates are highly discriminatory against Texas points. He has prepared a table of rates under the new tariff promulgated by the railroads that shows this very plainly.

"Most of the broom corn used here and in other plants in Texas comes from Amarillo, Dalhart, Texline, Hereford, Plainview, Lockney and Floydada," said Mr. Noble. "Take for instance the new rate from Amarillo. To Wichita Falls it is 53 cents, to Fort Worth 63 cents, to Dallas 64, to Oklahoma City 41, to Kansas City 48, St. Louis 60 and Wichita, Kansas 41. The rates from the other points are in about the same proportion showing that the rates for

longer hauls out of the state are less than for shorter hauls in the state. It is easy to see that there exists a most unfair discrimination against Texas points. The broom manufacturing industry in Texas simply cannot exist under the 2 B Tariff rates. Broom plants that have been located in Texas from fifteen to twenty years will be compelled to close down permanently or move to some other state, throwing out of employment several hundred Texas workers. The Wichita Falls plant employs about 50 people and we cannot exist in the face of this discrimination in favor of Wichita, Kansas, Oklahoma City, Kansas City and other out of the state centers."

Mr. Noble believes that this situation has been brought about by a shortsighted view of the rate making bodies of the railroads and points to it as an example of what the people can expect if the rate making powers are left entirely to the railroads.

In addition to this discrimination against the Texas plants in the broom corn rates, the rates on finished brooms in carload lots have been advanced between Texas points from 25 to 60 per cent.

The table of rates for broom corn in carload lots referred to in the foregoing follows:

WF	FW	D	OK	KC	ST. L.	W
Amarillo	53	63	64	41	48	60
Dalhart	63	70	74	44	49	61
Texline	70	71	75	44	49	61
Hereford	67	67	71	45	50	62
Plainview	63	63	67	46	51	63

Lockney 64 64 68 47 52 64 45
Floydada 64 64 68 48 53 65 46
The columns in the table refer to rates from the points named to Wichita Falls, Fort Worth, Dallas, Oklahoma City, Kansas City, St. Louis and Wichita, Kansas.

PRISONER MAKES USELESS ESCAPE

Man Who Was to Have Been Released in Afternoon, Gets Out in Morning

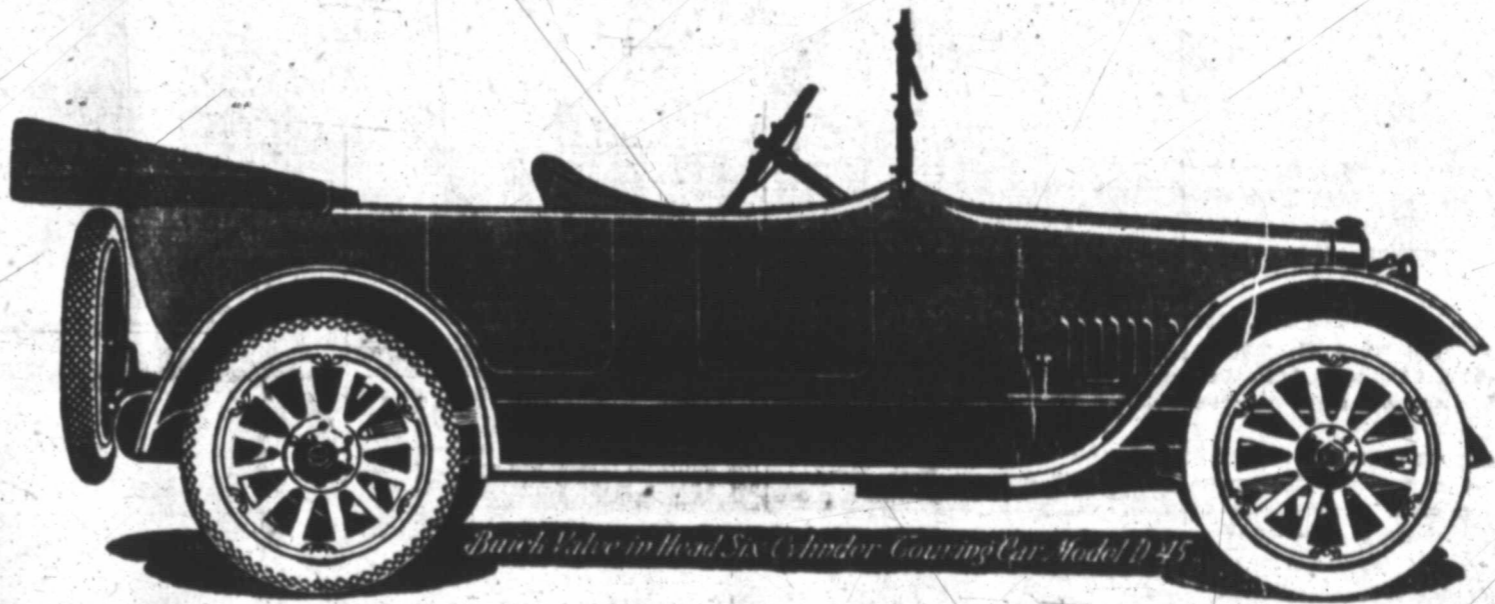

His escape, made by sawing through the bars on a north outside window at the county jail Saturday morning, prevented Charley Campbell from being released yesterday afternoon on account of lack of evidence with which to convict him. Campbell was being held on a charge of theft from the person growing out of the theft of a watch in the flats several nights ago. The officers had determined to let him go yesterday

afternoon several days ago but were keeping him in the jail in the meantime in order that his confinement might serve as a future lesson to steel clear of trouble. It is probable now, however, that if his recapture can be effected, some charge on which he might be convicted of something can be found.

Officers think that Campbell had help from the outside in his escape as all the things fell outside the window on the north porch. The escape was made about 10 o'clock yesterday morning while Bob McFall, tailor had the prisoners in the corridor for the weekly scrubbing. He was called to the third floor where he was detained for several minutes during which the escape was effected. The distance to the ground from the perch on which the window opened is a matter of only a few feet. Although some of Campbell's fellow prisoners must have known of his sawing the bars of the window none of them took advantage of the opportunity to escape.

Forms are now being placed for the second story of the new court house, the work. A huge pile of rock, for well above the first floor. Consistent progress is being made on all parts of the work. A huge pile of rock, for use in making the concrete frame, has accumulated, representing but a small part of the total required for the building.

SOLID TRAIN OF BUICK SIXES

That BUICK Cars are in demand, and that the Buick Co. is anxious to meet the demand, is shown in a solid train-load of BUICK SIXES that came into Texas on flat cars yesterday. Three car loads were for Wichita Falls. This is probably the first train-load of automobiles to come to Texas, and the first automobiles to come on flat cars. This latter was made necessary by the shortage of box cars, and the train was accompanied by an employe of the Buick Co., sent all the way from the factory to watch the cars.

Good as the Wheat

In the estimation of the American public Buick Valve-in-Head motor cars hold equal rank with wheat as a staple product.

Judge by the insistent and ever growing demand for Buick cars, and by the enthusiastic acclaim with which each year the new models are received, it is more and more apparent that the people look upon Buick motor cars as an actual economic necessity of life.

Buyers everywhere insist upon Buicks. Motorists have learned that there is no other

car with a motor like the noiseless, powerful, Valve-in-Head Buick motor. Owners know that no other car has greater durability and serviceability than is built into every part of the Buick chassis—frame, axles, steering gear, transmission. People everywhere admire the unsurpassed beauty in every line of Buick bodies.

Back of the great demand for Buick cars is confidence in the proven correctness of Buick design and the permanence of the great Buick organization.

If the women want the ballot as much as their use of it in the suffrage states in the recent election indicates then the Times says let them vote everywhere. We admit being influenced somewhat by an appreciation of their discrimination in voting.

The New York betting commissioners who are holding the stakes on the presidential election don't care how long it takes to recount the votes in California. These commissioners have placed the wagers they hold on deposit in banks in New York City and are getting interest on their deposits. Some of the bets run into big sums and the betting commissioners will get rich if the recount is long delayed.

Hurrah for Sandy Mush! Returns from Sandy Mush precinct in Bucombe Co. N. Carolina are said to have turned defeat into victory for Zebulon Weaver, democratic candidate for congress in that district. Sandy Mush appears to have clogged up the republican counting machine and is endangering the republican majority in the lower house of congress.

The women of Denton are getting ready for the ballot by contributing to a fund being raised to wipe out the deficit in the democratic national campaign fund. In doing this the women of Denton are showing a greater interest in political matters than the men in many communities in Texas, which have not contributed anything toward the campaign fund. Their contributions too will not prejudice the administration against the suffrage cause.

Even twenty cent cotton and \$1.75 wheat don't spell prosperity for the farmer who must buy meat, butter, potatoes and other foods and vegetables for himself and family and corn and hay for his work animals. Every time a farmer has to pay out good money for feed and other supplies that he might as well raise himself ought to be a reminder to him of the benefits of diversification. There are farmers in Wichita county who have made a good bit of money this year and haven't raised much wheat or cotton either. They have raised enough feed and other stuff to enable them to keep most of the proceeds from their wheat and cotton crops instead of paying it all out for products that are just as high in the market or higher than wheat and cotton.

The Germans are reported to be preparing to deport 300,000 Belgian males into Germany where it is believed they will be put to enforced work. Germany has not been heard from on the matter but it is probable that her explanation will be that the Belgians will not work in Belgium and that their deportation is necessary for their own good. Germany has offered this explanation in reference to deportations on a smaller scale which have been going on for some time. It is charged by Germany's enemies that the Belgians who are to be deported will be put to work in munition plants permitting the Germans employed in these plants to join the fighting forces. If these reports are true it is plain that Germany intends to do to the Belgians in an industrial and social sense what Turkey is doing to the Armenians.

The visitor from a clean town is unpleasantly struck in Wichita Falls by the number of heavy and alcoholic folks he sees among the workmen and business people with facial muscles that have grown flabby and dull. There is a heavy penalty to pay when for the sake of swilling a few pocketbooks, a large percentage of a town's manhood must first be debauched. What fools these mortals be to think that prosperity which kind could possibly bring lasting benefits! Quannah Observer. Alcohol leaves its mark. It does this certainly whether on a town or an individual. No man can expect to indulge in alcoholic drinks and not be marked. No town can have trade in alcoholic drinks without the marks of alcohol on the town. Pretty much all towns show the marks of alcohol. The Wichita Falls man will see the trail of the serpent in Quannah and the Quannah man will see the serpent making his trail in Wichita Falls. Alcoholic wrecks are conspicuous in dry-towns. Men making alcoholic wrecks are more or less conspicuous in wet towns. That's the situation. We can't have alcohol without getting its marks and having other people see them.

FINAL RESULTS Wilson electoral votes 276 Hughes electoral votes 255 Wilson majority in electoral college 21 Necessary to a choice in election 268 Wilson majority 10 Total popular vote: Wilson 8,564,179 Hughes 8,161,233 Wilson carried the following states: Alabama, Arizona, Arkansas, California, Colorado, Florida, Georgia, Idaho, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New Mexico, Nevada, North Carolina, North Dakota, Ohio, Oklahoma, South Carolina, Tennessee, Texas, Utah, Virginia, Washington, Wyoming a total of 30. Hughes carried Connecticut, Delaware, Illinois, Indiana, Iowa, Maine, Massachusetts, Michigan, Minnesota, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, South Dakota, Vermont, West Virginia, Wisconsin, a total of 20.

Each state has two votes in the Electoral College by reason of its being a State. For example, New Mexico has only sufficient population to entitle her to a single vote in the Congress, but by reason of being a State she has three votes in the Congress and three in the Electoral College. Putting it another way, Nevada, with a population of 187,500 has three votes in the Electoral College while Montana, with a population of 376,553, more than quadrupling Nevada has only four votes in the Electoral College. Montana has two votes on her population, and two on being a State. Nevada gets one vote on her population—each State shall have at least one Representative.—and two votes on being a State. Texas gets eighteen votes on her population, and two votes by reason of being a State. New York gets forty-three votes on her population and two votes by reason of being a State. Each State, no matter its size in population, has two votes in this respect being equal to New York.

Now go back to the statements at the head of this article. Wilson has 29 states. That gives him 58 votes in the Electoral College independent of population, the two votes of Nevada being the equal of the two votes of New York and based on the same fact, that each is a State in the Union. Hughes has a total of 18 states, which gives him 36 votes in the Electoral College independent of population. The vote of New York in this election counts for no more than the vote of Nevada—each has two votes as a State. Now make the application. Wilson gets 60 votes from the States to 36 for Hughes. Thus the States—as States—give Wilson 24 votes more than they give to Hughes. Wilson has a majority in the Electoral College of 24. These 24 votes, and 2 besides, were given to Wilson by the States as States, in other words, if the basis of representation in the Electoral College rested on the population of each State, Hughes would be elected. Eliminate the 26 votes which the States cast as States, independent of their population, and Hughes would have a total of 219 votes against 216 for Wilson. This it is made plain that the States give to a President. The New York World, professing to be a Democratic paper, says that "the majority should determine, regardless of State lines and regardless of artificial devices." That would change the character of the Government and hasten us on to the empire. But taking the popular vote as it is, Wilson has something like 500,000 in the lead, we have no way of knowing if this is representative of the whole vote. And why? Because with the knowledge that every vote counted a much greater effort

SEATS 7; WEIGHS 3005 LBS. BEAUTIFUL AND LIVELY That well describes the 7-passenger 6-30 Chalmers. The car of the double cowl, marine lines, long tufted upholstery. BODY DISCOVERED FLOATING IN RIVER Believed to Be That of Fort Worth Man—No Evidence of Foul Play. All efforts to positively identify the body of a white man found floating in the Wichita river Saturday morning, have failed so far, but it is thought that the officers are now on a clue knowing what the outcome would have been on a popular vote. It is not likely that the present method of choosing the President and Vice-President will be changed, involving as it would such tremendous consequences as to the character of the Government. But one never knows; it's an impatient age, and experimentation is rife on every hand. The more likely prospect of changing the character of the Government will be by legislation, examples of which are seen in the Child Labor act and the Adamson act called 8-hour law. Our safety heretofore has been in the veto power of the Supreme Court. But that body has not always made important decisions. Right now we are coming to a critical stage, due to recent legislation and to certain assumptions on the part of the Interstate Commerce Commission. It may be that some among us will be reduced to the condition of recasting their political beliefs or exchanging their political affiliations, with the possibility of a new party to resist the progressive tendency in all the other parties. To participate in such a party like Joe Bailey and Elihu Root political wanderers of the face of the earth.—Waco Times Herald.

GERMAN RUBBER SUPPLY SAVED TO MAKE NIPPLES Berlin.—To make sure that as a result of the rubber shortage in Germany, infants will not have to go without rubber nipples on the milk bottle, the Bundesrat has ordered that the entire available supply within the empire, and all that is imported, shall be turned over to a specially created company that in turn is to have charge of the equitable distribution of this small but necessary article. Mothers will in future be able to procure two nipples per child under one year of age, on presenting birth certificates to prove the age of the children, and then will be able to buy new nipples by turning in the old ones. A maximum price of 25 pfennigs per nipple has been set for all that are made in Germany.

CHRISTIANS WIN FROM BAPTISTS AT BROWNWOOD Brownwood, Texas, Nov. 18.—By a score of 25 to 9 Daniel Baker went down to defeat here this afternoon for the Texas Christian University's eleven. Forward passes gave the Christians two touchdowns in the first quarter, an 81-yard touchdown netted them another touchdown in the last quarter. They also scored a safety.

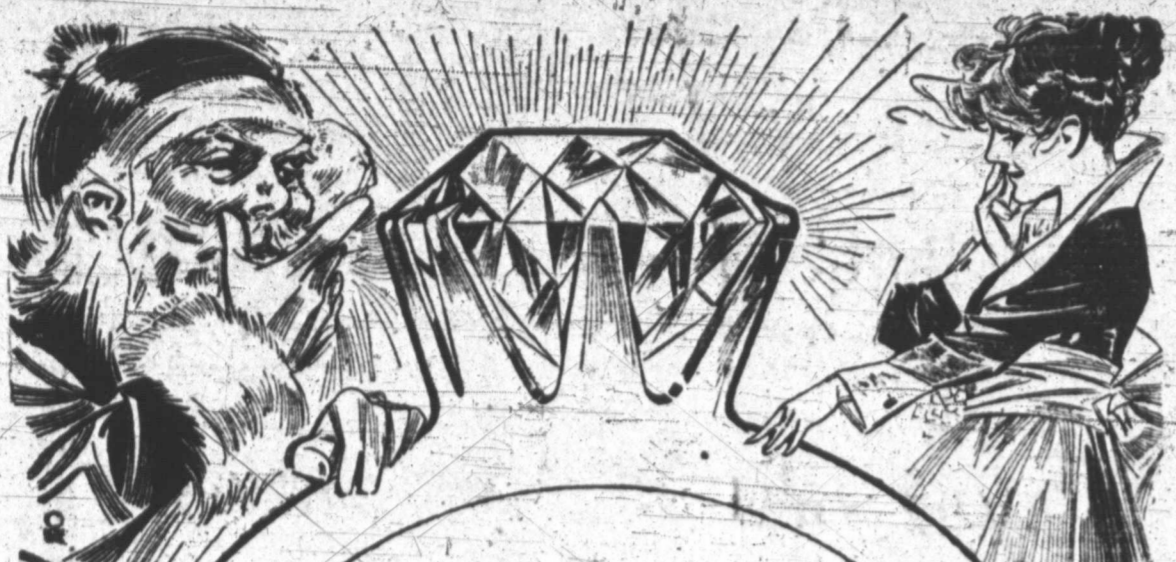

ALFRED SMITH CASE IS NOW IN HANDS OF JURY The case of Alfred Smith, Clay county youth, charged with murder, in connection with the killing of his father, W. C. Smith, at Deer Creek last July, went to the jury at three o'clock Saturday afternoon. Up to a late hour Saturday night the jury had not reported.

FEDERAL HEALTH SURVEYS ARE PLANNED IN TEXAS Austin, Texas, Nov. 18.—An examination of the records of the state health department was made today by Dr. F. E. Harrington of Washington, D. C., member of the federal public health service with a view of setting statistics on the rural population and rural disease in the counties of Montgomery, Williamson, Hill and Dallas. It is the purpose of the federal health service to carry on a system of sanitary surveys in certain Texas counties. Dr. Harrington is to select one of the four counties names for a complete sanitary survey and then surveys will be made afterward in other counties. He will be in Dallas Monday.

ROOSEVELT'S BIRTHPLACE IS TO BE TORN DOWN

By Associated Press.
New York, Nov. 18.—The old four-story house in Twentieth street, in which Col. Theodore Roosevelt was born, Oct. 27, 1858, is to be torn down to make room for a modern business place, it was announced today. Several years ago the Roosevelt Home Club was organized with a one dollar membership fee to preserve the building as a place of historic interest, but owing to the lapse of payments on a mortgage the property was recently sold under foreclosure.

COMPLETING PLANS FOR POULTRY SHOW

Will Start November 29 and Continue Three Days—Large Number of Entries Expected

Plans for the annual poultry show here, which will start a week from next Wednesday, are going forward rapidly. All arrangements for the affair have about been completed by the North Texas Poultry Association officials. Indications point to a larger number of entries than ever before. The following concerning the show has been received:

"Will you kindly permit us to say to readers of your valuable paper that the third annual show of the North Texas Poultry Association will be held November 29 to December 2 in Wichita Falls. The object of these annual exhibitions is to promote and encourage the breeding and improvement of standard bred fowls. We are anxious therefore, that farmers and

amateur breeders shall exhibit with us. Besides a handsome premium list for the fancier, there is a special list of premiums for the amateur who never exhibited poultry and pet stock before."

A special feature of this show will be a separate exhibition of the Girl's Poultry and Canning Club under the supervision of the agricultural agent, J. W. Campbell.

"One of the greatest industries is that of the poultry industry. This section of the state affords an unusual opportunity for the poultryman. The Wichita Falls Chamber of Commerce joins us in extending a hearty invitation to one and all to visit or exhibit at this show, and says: "There is no question but that these poultry exhibits have been the main feature in building up a profitable poultry yard in both town and upon the farm." The catalogue and premium list, containing all the information needed as to this show, may be had by writing to T. E. Cassidy, secretary, 1709 Lamar street, Wichita Falls, Texas. If any one fails to get a catalogue in time he is urged to send his birds on any way. Any kind of fowl as well as pet stock is desired. Single entry fee is 25 cents and a pen entry is \$1 extra. Cooping and care of birds are furnished free, however, if you have suitable coops we shall be glad for you to use them. Besides cash and merchandise premiums for the amateur there will also be a handsome silver cup awarded to some amateur winner. Don't fail to send your birds; you may have better ones than you think. Mr. Burton will judge the show again and a square deal given every exhibitor. Our last show numbered 620 specimens. Will you help us make this one larger?"

LOCAL ODD FELLOWS TO MEET TOMORROW NIGHT

Several matters of importance will come before the Odd Fellows at their meeting Monday night. Officers for the ensuing year will be nominated tomorrow, as well as at the last meeting of the month and a good attendance is desired. Next month will be a busy one for the local Odd Fellows, there already being six candidates lined up for initiation with others expected. It is expected that the degree team from Electra will put on the work at one of the meetings next month.

THIS COUNTY MAY BUY BLOODHOUNDS

Believed These Adjoining Will Cooperate, Though Proposed Meeting is Not Held

Difficulties encountered in getting such a number of men together for one meeting has caused the calling off of the proposed joint meeting between the commissioners courts of Wichita, Clay and other adjoining counties, but those who are planning the purchase of a pack of bloodhounds for future emergencies have not given up hope of getting the dogs.

It is possible that the commission-

ers of Wichita county may take the initiative and buy the dogs and invite the adjoining counties to come in with them on the expense. In this connection Sheriff Hawkins points out that the authorities of Clay county have expressed themselves as being in favor of the move, and Sheriff J. H. Turbelle of Archer county, who was here and assisted in the late search was of the opinion that the Archer county authorities would come in on the proposition. As for Wilbarger county, it is pointed out that the authorities there have been for a number of years in favor of such a proposition and Sheriff Jim Keyes on being approached by Sheriff Hawkins in the matter stated that he believed they were of the same mind in regard to the matter.

TO NAME WICHITA FALLS REPRESENTATIVE TUESDAY

Wichita Falls representative on the executive committee, which will direct the good roads campaign, will be chosen at the Tuesday meeting of the Wichita County Motor Club. At first it was thought that representatives from both the Motor Club and the Chamber of Commerce would be chosen, but it now seems probable that only one from this place will be chosen.

The protective feature of the club's activities will come in for the principal part of the discussion at the Tuesday luncheon. Simple and effective measures which will protect cars from theft will be discussed, as will the standing rewards which are offered by the club in case of theft of a member's car.

A. K. Short, agricultural agent for the Deaver, is expected to return shortly from the Waco Cotton Palace.

ADDITION URGED TO GENERAL HOSPITAL

More Room Needed—First Annual Report Shows Institution Almost Paid Its Way

While just at present the authorities do not feel that the city and county are in position to do the work, it will not be long before another wing will have to be added to the General Hospital as the building completed according to the original plans, according to the official report of Dr. C. R. Hartsook, finished Saturday afternoon.

At present the hospital is overcrowded and has been for some months past, and the completion of the building which will give it a capacity of about 100 beds will be necessary in order for the hospital to properly care for the present volume of business. It is believed by Dr. Hartsook that the extra revenue derived from the enlarged capacity of the building will enable the hospital to attain more than a paying basis.

Dr. Hartsook's report shows that the hospital finished the season with approximately \$1,600 balance after doing \$3,000 worth of charity work during the year. More than 600 patients were admitted to the hospital during that period. Although since the first of the year the hospital has been the recipient of a \$200 subsidy paid equal by the city and county, that has been offset by the installation of a costly X-ray apparatus and of a pho-

logical laboratory which required much expensive equipment. It is thought that the hospital will soon be in a position to do without the subsidy altogether. October was the biggest month in the history of the institution, which was in keeping with the record for the year's work, each month being larger than the preceding month. In October the institution took in \$2143.68, paid out \$1748.66, leaving a profit on the month's work of \$395.02. In addition to that the largest amount of charity work for any one month was done by the institution, \$217.65. During its first year the hospital came within \$30 of having its actual running expenses the subsidy received from the city and county being taken up in the addition of needed equipment. The total disbursements of the year by the hospital were approximately \$16,800, the figures not being exact on account of some of the expenditures for the first of the present month not having yet been settled and entered on the books. The year's work was out on November 12. The income during the year was \$18,329.63, leaving a comfortable margin above expenses.

Receipts and disbursements for the various months during the year in which the hospital has been in operation with \$2 amount of free work done each month is given in detail as follows: Receipts—Disbursements Free Nov. 18 days \$695.55 \$129.27 \$56.68 December 716.77 680.02 94.56 January 1253.65 901.46 236.28 February 1245.35 1271.45 141.16 March 1795.64 1178.34 236.25 April 1571.05 1231.60 335.50 May 1440.43 1136.52 247.45 June 1520.43 1153.08 282.80 July 1793.00 1329.08 282.80 August 1684 1748.25 306.85 September 2038.62 1958.82 164.40 October 2143.68 1748.56 317.65 \$18,329.63 \$14,786.04 \$2762.77

YALE VICTORIOUS OVER PRINCETON

Blue Plays Erratic Game, But Tigers' Offensive Lacking at Critical Times

Princeton, Nov. 18.—Playing erratic but alert football Yale triumphed over Princeton in the annual game here today, 10 to 0. The result of the contest which attracted the largest gathering of spectators that ever thronged into the stadium was a bitter disappointment to Tiger adherents. Errors of play and generalship by the Blues and Black presented opportunities for BH scoring as did the New Haven combination was quick to take advantage of the openings, with the result that the Blue won the third straight victory from the Orange and Black since 1913. Princeton showed the same defensive strength which has marked her play all seasons, but little or no effective Yale with a more erratic, but better balanced combination, swung loose a

fair attack when scoring seemed possible and with a field goal and touchdown routed the Tigers. More than 15,000 persons saw the game.

MORE CIVIL SERVICE EXAMINATIONS ANNOUNCED
A number of civil service examinations to be held here at various times during the first two weeks of December have been announced by the local civil service examining board. Among the positions which will be filled by these examinations

are: Trade commissioner, department of commerce; experimental engineer, bureau of engraving and printing; associate ceramic chemist, bureau of standards; aid, bureau of standards; assistant in junior extension work (female), department of agriculture; food and drug inspector, bureau of chemistry, department of agriculture; technologist in sugar beet production, department of agriculture; junior explosives engineer, bureau of mines; assistant engineer inspector of measures and weights, bureau of standards. Full information regarding these examinations may be secured by calling on Lon Howard, secretary of the local civil service examining board at the postoffice.

FARMERS UNION TO MEET HERE MONDAY

F. H. Weinert and Others of Prominence to Attend Session and Speak

The Wichita Valley District Farmers' Union will meet here this week, convening Monday afternoon. Sessions will be held Monday afternoon and Monday evening and through Tues-

day.—An open session will be held at which F. H. Weinert, State Warehouse Commissioner, will deliver an address. Several hundred members are expected to attend. Among the prominent members who will be here for the meeting are: J. C. Webb, a member of the state executive committee of the union; J. C. Albright of Webster, Texas; Mr. Weinert, and Roy Bob Taylor of Temple, lecturer for the state department of agriculture. Mr. Taylor is a brother of Tom B. Taylor of this city. He arrived yesterday and is the guest of his brother. T. J. Dean, of Frederick, was a visitor in the city between trains Saturday.

Do Your Eyes Leak?

The way you can tell is your eyes will itch and burn and your reading blur and run together. You are most always troubled, quite often with headaches and indigestion. If you have these symptoms your eyes are leaking, your nervous energy away and you had better have them examined and fitted by a competent optometrist. No eye-drops, the late method, the fogging system.

Strength-Organization-Service

These Three Essentials are Conspicuous in The First National Bank:

- First. Strength of resources and management, which commands confidence;
Second. A complete, efficient and vigorous organization which assures ability to serve clients well; and
Third. That spirit of service which seeks to give clients the most rather than the fewer facilities.

You can avail yourself of this united strength, organization and service by doing your banking business with THE FIRST NATIONAL BANK, INDIANA at 8TH ST.

WICHITA EXHIBIT OF MUCH INTEREST

Attracts Great Numbers at Cotton Palace Where It Captured First Prize

(By Jerome S. Stone)
Waco, Tex., Nov. 18.—Winning first place at the Cotton Palace has given Wichita county and Wichita Falls an immeasurable amount of prestige in the eyes of both farmers and business men of this part of the state.

sawarded the blue ribbon and the two hundred dollars that went with it to the Wichita county exhibit. Secretary Johnson and John Thomas have done their work well.
That feature which probably has attracted more attention than any other is the miniature oil well reproduced in a small field of growing wheat as an exact fac-simile of a producing, pumping well in the Electric field. This toy is the center of curiosity from morning until night and has been the means of drawing a great many people to the exhibit who otherwise would have passed it by.

people interested in farm lands in this section in order to send them literature later.
Directly in the center of the space which is about thirty feet long and twenty feet deep is located the wheat field and oil well and behind this is a large cylinder of glass six feet in height and with a diameter big enough to permit standing room for a full grown man. This is the contribution of the Wichita Falls Window Glass Company. On both sides and at either end arranged in graceful circles are probably two hundred jars of different sizes containing choice specimens of fruit, grain and vegetables grown in Wichita county. In front are bunches of wheat, halves of fodder, stalks of cotton, etc., chosen for their size and appearance etc.

Enforcement of the rule forbidding admission of children under seven years of age is the reason for the falling-off. The attendance by schools follows:
High school enrollment, 388; per cent of attendance, 97.4; last year's enrollment, 389.
Austin enrollment, 1014; per cent of attendance, 97.4; last year's enrollment, 1063.
San Jacinto enrollment, 369; per cent of attendance, 97; last year's enrollment, 367.
Alamo enrollment, 336; per cent of attendance, 98.5; last year's enrollment, 319.
Sam Houston enrollment, 100; per cent of attendance, 96.4; last year's enrollment, 141.
Washington enrollment, 129; per cent of attendance, 97.5; last year's enrollment, 151.

LIBEL FOR DAMAGE BY DEUTSCHLAND

Several Suits Result From Recent Accident, But Will Not Delay Sailing.

By Associated Press.
New York, Nov. 18.—The German submarine merchantman Deutschland was libelled today for \$12,000 by the T. A. Scott Company for the loss of the tug sunk in collision with the submarine started for Germany. Bond will be given by the undersea freighters' agent, and her return will not be delayed. Papers in three additional suits, each for \$15,000, have been issued in the interest of the families of three of the men drowned in the collision.

BROWN DEFEATS HARVARD; NEGRO HALF-BACK IS STAR

By Associated Press.
Cambridge, Mass., Nov. 18.—The Brown football team finished a substantial setting today for a gridiron star, Fred Pollard, its negro half-back,

whose spirited attack counted most of the 21 points by which Brown defeated Harvard, through maintaining its record of having its own goal line clear through the season. Pollard was the special object of Harvard's offensive, which at times drew official warnings. Harvard's regulars were saved for the game with Yale Saturday, and a secondary team faced Brown today.

The world was never guilty of such a ballad.—Love's Labor Lost, 1, 2.
A tender smile, our sorrow's only balm.—Young

SAYS PRESSURE UPON ROUMANIA HAVING EFFECT

By Associated Press.
Berlin, Nov. 18.—The effects of General Von Falkenhayn's unrelenting pressure upon the outlets from the Predal, Torzburger and Rotherthurn passes now are making themselves felt in the neighboring sectors, namely in the northern Rumanian and Wallachian Carpathians, writes the military critic of the Overseas News Agency. "After the failure of their offensive on the Predal area, the Rumanians were compelled to confine themselves to the defensive, but the demands of even this form of warfare are now almost too much to be supplied by the forces at their command. The Rumanian lines are being continuously drawn back in the center near Predal and Camphure and south of the Rotherthurn pass. They are endeavoring to offset this menace by attacks in nearby sectors.
The armies of Generals Brusiloff and Lyahey in consequence of the exhaustion of their human material and their lack of ammunition and war machinery, which is every day becoming more apparent, are no longer capable of any action on a large scale."

ENROLLMENT AGAIN SHOWS DECREASE

Total at End of Second Month is Below Figure for Same Time Last Year.
Enrollment in the local schools at the end of the second month was less than at the same time last year, according to the attendance report just completed. The total this year is 2614, as compared with 2650 at the close of the second month in 1915.

MISS MAYO ENTERTAINS ON THURSDAY EVENING
Miss Maude Mayo was hostess Thursday evening to a number of friends at her home on Burnett street. Conversation and numerous games formed the diversions enjoyed until a late hour when refresh-

ments of hot chocolate and wafers were served, the hostess being assisted by her mother, Mrs. William Mayo. Those enjoying Miss Mayo's hospitality were: Misses Grace Vernon, Bonita Humphries, Mattie Humphries, Bess Gibson, Annette Humphries and Lena Humphries; Messrs. Mack Rice, Dewey Rice, John Van

Metef, John Gibson, Fred McCoy, Abe Arnet, Chas. Shook, Solon Humphries and Victor Mayo; Mesdames Rawls and Humphries.

SAN JACINTO SCOOLO CLUB MEETS WEDNESDAY

The Parent-Teachers Club of the San Jacinto Club met on Wednesday in regular business session. Reports from the tag day committee showed proceeds of \$90.50 after all expenses incurred were met. The various committees made reports which were of much interest and several of the members made helpful talks. It was announced that on November 29 the next regular meeting day, the teachers would entertain the mothers with a Thanksgiving program. All mothers having children attending the school are cordially invited to attend this meeting.

TAG SELLERS ENTERTAINED WITH THEATRE PARTY

Thursday afternoon the San Jacinto Parent-Teachers Club entertained all the children who assisted in the selling of tags on ag Day, Nov. 11, with a matinee party at the Majestic Theatre. They were twenty-seven children who were thus in a manner repaid for their interest in the work of the club. Mesdames Rawls, Benson and McClure were chaperones.

ALAMO MOTHERS CLUB MEETS FRIDAY AFTERNOON

A talk by Rev. F. T. Datson, rector of the Church of the Good Shepherd, a reading by Mrs. R. E. Thornburgh, a vocal solo by Miss Selinger and a song by the primary students made up the interesting program of the Alamo Mothers Club meeting Friday afternoon, at the school. Following the program a short social time was enjoyed and refreshments of tea and sandwiches served. There were more than 30 members present.

BIRTHDAY PARTY FOR GEORGE DOBSON THURSDAY

Thursday evening Mrs. George Dobson entertained a number of friends in honor of her husband's birthday. Forty-two was the game of the evening and piano music and Victrola selections added to the pleasant entertainment. The hostess served hot chocolate and nut cake at the close of the game. The guest list included: Messrs. and Mesdames Anderson, Porter, Milliron, O. Craven, W. H. Tilden, Hunter, Shoemaker; Mesdames Myers, Carter, Strirman and Taylor and Mr. McCleskey.

RECEPTION TO BE HELD AT HUNTER HOME NOV. 25

SOCIETY

An exceptionally interesting program on "Minor Confederate Poets." Papers were given by Mesdames Goralline, Miller, Kemp, Greenwood and the leader, Mrs. Hunt. The hostess served a salad course during the social half hour which follows the program. Members present: Mesdames Anderson, Langford, Darnell, Montgomery, Newton, Maer, Greenwood, Goralline, Zundel, Miller, Wiley, Robertson and J. A. Kemp.

CONGENIAL CROCHET CLUB MEETS FRIDAY AFTERNOON

Mrs. Kate Friberg entertained the Congenial Crochet Club in regular session Friday afternoon. The members crocheted and chatted according to their usual custom and the hostess served delicious chicken sandwiches, coffee, jello with whipped cream, wafers and cake. The members present: Mesdames A. J. Andrew, Flynn, Bachman, C. A. Andrew, Dollard, Duke, Shappell and Snyder.

SCOUTS AND GIRLS ENJOY BANQUET

About 75 Boy Scouts, Campfire Girls and others attended a banquet at the First M. E. Church Friday night. Dr. Swartz presided as toastmaster and J. W. Bradley, C. W. Reid, F. H. Watson, E. E. Poston, Harrison Bachman, Dr. Cole and Rev. H. F. Draper were among those who made helpful talks to the boys and girls present.

C. W. Reid of the National Bank of Commerce said: "I am delighted to be with you boys and girls this evening. To witness the enthusiasm of the boys and girls is a delightful experience. I am sure that every boy and girl present wants to make a success of life. In using this word I do not mean merely money success, but use it in its broadest sense which means a life of service for others. Our lives are ruled by thoughts which make for success or failure. Every action is preceded by a thought."

"I wish then to address a few remarks to you regarding the power of right thinking. Evil thoughts and thoughts of doubt and fear undermine character, destroy happiness and kill success. Whereas on the other hand good thoughts, noble thoughts, and thoughts of courage, build character, promote happiness and insure success. In the language of the poet: 'We build our future thought by thought. Or good or bad and know it not. Thought is another name for fate. Choose then thy destiny with care. For love brings love, and hate brings hate.'"

MISS YATES HOSTESS TO STRAIGHT LINE CLASS

Miss Edith Yates was hostess to the Straight Line Class, the girls taught by Mrs. H. Carrigan of the First Presbyterian Sunday school on Thursday afternoon. A short business session preceded the social half hour was enjoyed, the hostess serving refreshments. The girls are in most twice a month here after taking turns as hostesses in reverse alphabetical order. Miss Annette Walsh will entertain the class next November 29.

GROWN UP PARTY FOR SAN JACINTO STUDENTS

A grown up party which the children attended dressed in the older folks clothes was the pleasant entertainment which was enjoyed by the boys and girls of the sixth grade of the San Jacinto school. The party was held at the school and the amusements consisted of games, more or less disguised in keeping with the long skirts and trousers and refreshments of hot chocolate and cake were served. Misses Anderson, Stewart and Kell were the teachers present and about 30 boys and girls enjoyed the frolic.

CLASBY-MILLER BIBLE CLASS MEETS THURSDAY

Business and then a half hour or more of pleasure was the order of the session of the Clasby-Miller Bible Class of the First Baptist Church held Thursday afternoon with Mrs. A. W. Eichenberger as hostess. With the business out of the way the members turned their attention to their work after having engaged in an interesting Thanksgiving contest which the hostess had prepared. The Thanksgiving idea was featured in the tempting refreshment course served by Mrs. Eichenberger and all as in the contest. There were 25 present to enjoy the meeting.

MRS. A. J. LYON HOSTESS TO BRIDGE PARTY

The Thanksgiving motif and autumn colors suggested the theme for the arrangements of the bridge matinee with which Mrs. A. J. Lyon entertained Friday afternoon at her Kemp Kort apartment. Decorations, score cards and luncheon menu featured the prevailing motifs with red and green as the accepted colors. The players remained at the same tables during the game, exchanging partners rather than progressing. Daily handkerchiefs of the J. H. J. in silk handkerchief cases formed the prizes at each table, the fortunate players being: Mesdames Art, T. B. Smith, Semmons, Berry, and Bert Bean. The cut prize, a handsome mahogany sewing tray, went to Miss Nira Dent of Chicago. The luncheon course consisted of jellied chicken salad, cheese sandwiches and ice cream with chocolate brownies and red and green mints. The guests included: Miss Nira Dent of Chicago, Miss Annette Walsh, Mesdames Everett Jones, T. B. Smith, Poje, Merrill, C. H. Dent, E. E. Poston, Art, Brown, Denton, Bert Bean, Mark Moore, Artley, Walsh, Berry, Semmons, Maupin, Marvin Smith and Grayson.

WITH THE WOMEN OF THE CHURCHES

Monday afternoon at 2 o'clock the Ladies Aid and the Helen Beavers Chapter of the Westminster Guild of the First Presbyterian Church will meet at the church. At 7:30 in the evening the Myrtle Ducret Chapter of the guild will meet also at the church. The Women's Alliance of the First Baptist Church will hold the monthly business session Monday afternoon at the church; executive board meeting at 2:30 open session at 3. The Y. W. A. will hold an all day session at the home of Miss Imogene Brown. Circle No 1 of the Mission Society of the M. E. Church South, will meet Monday afternoon with Mrs. T. B. Noble, 800 Burnett Circle No 3 will

COME GET THIS MERCHANDISE

You Will Never Have a Better Chance to Turn Your Dollars to Good Account

Nearly every merchant in town is after some of the lines we carry. Why? Because they, the best judges of merchandise, know the KAHN'S Co. has always had the best lines to be had, and the fact that they were exclusive with us, prevented others from getting them: Kuppenheimer and Stein-Block Clothes for men; Palmer Suits and Coats for women; Knox Hats and Edwin Clapp Shoes for men; Gage Millinery and Gossard Corsets for women

ARE STYLES OF MERIT AND QUALITY THAT NONE CAN COMPARE WITH.

and when these goods, as well as Manhattan Shirts, Stetson Hats, Fawnes Gloves, etc., are sold in this year of high prices, at less than ever before

It is a Real Opportunity!

We are positively retiring from business. Every article in the stock, including the fixtures is for sale—and PRICE IS NO OBJECT.

KAHN'S

RETIRING FROM BUSINESS SALE

At The Churches

First Presbyterian Church.
Regular services at the usual hours. In the absence of the pastor from the city, Rev. J. Walter Haggard will preach. Morning sermon subject, "The Noble Art of Making Good." The Helen Beavers Chapter of the Westminster Guild will meet at 2 p. m. Monday; the Myrtle Decret Chapter at 7:30, both meetings at the church. The Ladies Aid will meet Monday afternoon at 3.

Fourth Street Baptist Church.
Sunday school at 9:45. Sermon by pastor at 11 a. m. and 7:30 p. m. H. Y. P. U. at 6 o'clock. It is the

intention of the B. Y. P. U. to render some special music in connection with this program. Ladies Alliance Monday evening at 3 o'clock. Prayer meetings Tuesday night at 7:30. K. F. KELLAR, Pastor.

First Methodist Episcopal Church.
Corner 7th and Lamar streets. "Responsibility" is the subject of the morning worship. Fourth in the series of "Christ's message to the Church." Epworth League at 6:30 p. m. subject "The Will and the Way." Ervin Karrenbrock is the leader, special music and election of officers. "Preparedness" with illustrations from the great war of Europe, will be interesting and helpful. Special music with a hearty welcome to all services. H. F. DRAPER, Pastor.

Church of Christ.
Located at 1104 Bluff, Bible school at 9:30 a. m. Preaching at 11 o'clock and at 7:15 p. m. Every member of the congregation is urged to be present at the morning service especially, as there may be made an announcement of interest to all. The subject Sunday morning will be "Encouragement." C. A. Buchanan.

Church of the Good Shepherd.
Holy Communion, 7:30; Sunday school 9:30; morning prayer, 11:00; evening prayer, 7:30. We cordially invite you to the services of this church. Heartily singing, a responsive service in which you are expected to take part a vital message and a cordial welcome. Worship with us this Sunday. Fred T. Dutton, Rector.

First Baptist Church.
Sunday school at 10 a. m. The time has been changed to that hour that everybody may be there on time. Do not be one minute late. There will be no intermission between the two services. Preaching by the pastor at 11 and also 7:30. P. U. at 6:30; all the young people invited. Let every member of the church who has recently joined be present and receive the hand of church fellowship. You tell all the new members you know to be there. Woman's Alliance Monday at the church at 3 for the monthly business meeting. The finance committee requests that all members, without fail, bring in all their back dues and as much more as possible as they haven't enough in the treasury to meet the apportionment for state mission. Don't forget this. The state convention meets at Waco this week. ROSCOE C. MILLER, Pastor.

Christian Science.
Services are held in the Masonic Temple, second floor hall as follows: Lesson sermon at 11 a. m. Subject "Soul and Body." Sunday school at 9:45 a. m. Testimonial meeting Wednesday at 8 p. m. Reading room second floor is open every day except Sunday and legal holidays from 2 to 3 p. m. There has been opened in connection with the reading room, a free circulating library of Christian Science literature. Library cards and full information may be obtained by applying to the librarian. The public is cordially invited to attend the services and use the reading room.

Trinity Lutheran Church.
(Fourteenth and Bluff St.)
Sunday School and Bible class at 9:30 a. m. Preparatory services for Communion at 10:30 a. m. Preaching and Holy Communion at 11:00 a. m. A cordial invitation to worship with us is extended to everybody. F. A. BRACHER, Pastor.

Church of the Nazarene.
Sunday school at 9:45 a. m. Preaching at 11 a. m. and 7:30 p. m. The pastor will preach at both the morning and evening services. Prayer meeting every Thursday evening. A cordial invitation is extended to the public to attend these services. A hearty welcome to all these services. JAS. N. COOPER, Pastor.

First Evangelical Church.
Corner 15th and Broad.
The pastor will be in the pulpit for both services. The subject for the morning hour being "A model King" and "Carried by Four" for the 8 p. m. hour. Y. P. U. meets at 7:15. Let every member of the Sunday school be present promptly at 9:45 and bring others who are not attending another school, with you. Rev. L. Newman, presiding Elder, will be with us next week and over the following Sabbath. A cordial welcome.

Christian Church.
All services at regular hours. Bible school 9:30, both sermons by the pastor, at 10:40 and 7:30. Christian Epilepsior 6:30 in three sections. F. F. WALTERS, Pastor.

THOSE SUDDEN TWINGES
Bring Suffering To Many a Wichita Falls Reader
Pain is nature's signal of distress. A warning not to be ignored. Those sharp twinges in the back. Those sudden stab like pains when stooping. Are frequent signs of kidney trouble. To remove kidney pains, you must assist the kidneys. Use a tested and proven kidney remedy. None more highly endorsed than Doan's Kidney Pills. Endorsed abroad—endorsed here at home. Read Wichita Falls testimony: Mrs. G. W. Fendell, 125 S. Austin street, Wichita Falls, says: "I suffered greatly from pains in my back, hips and shoulders. Part of the time it was a dull, heavy ache and then again sharp, shooting pains went all through me. My feet and ankles became swollen and my sight was terribly blurred by little specks floating before my eyes. I thought these troubles were caused by disordered kidneys and I got Doan's Kidney Pills at Mack Taylor's Drug Store. Three boxes cured me."

Price 50c at all dealers. Don't simply ask for a kidney remedy but get Doan's Kidney Pills—the name that cured Mrs. Fendell. Doan's Kidney Pills Co., Buffalo, N. Y.—Advt.

ANOTHER HOUSTON MAN KILLED BY HIS WIFE
Special to The Times—Houston, Texas, Nov. 18.—For the fifth time in seven months, a Harris county woman has shot her husband to death. The latest case is that of Mrs. Rosa Bedford, who is now in custody of the sheriff.

Cutex
MAKES MANICURING EASY
No more tiresome soaking, no more painful cutting of cuticle. Just apply CUTEX with an orange-wood stick and enjoy a quick, delightful and perfect manicure. CUTEX removes rough cuticle and hangnails so easily and pleasantly and leaves so much time, you will surely like it.

Palace Drug Store

today following the death of her husband. "He threatened to kill me, and I just had to do it," she told the officers. The four other cases of similar nature here this year were: April 28—Caterina Barcia stabbed to death her husband, Nick Barcia, following a quarrel. Pleas, self-defense and threats. Indicted for murder. Case dismissed by state. July 28—Mrs. Margie Hill shot and

killed her husband, F. W. Hill, following domestic troubles. Pleas, self-defense. Grand jury refused to indict. August 8—Mrs. Orla Pruitt shot and killed her husband, Jim Pruitt, at Seabrook after a quarrel. Pleas, self-defense. Tried for murder; jury disagreed. To be tried this month again. November 1—Mrs. C. E. Brod shot and killed her husband, C. E. Brod. Pleas, self-defense. Indicted for murder Wednesday.

New York, Nov. 18.—The contribution of business concerns to the country's national preparedness will be the subject of discussion at the tenth anniversary convention of the Association of Life Insurance Presidents here on December 14 and 15. It was announced today. Consideration will be given to recommending a future co-operation by business interests with the movement for preparedness along economic lines.

AMERICAN AVIATORS BAG 21 MACHINES

Those Serving in France Are On Strictly Fighting Duty. Three Have Met Death

By Associated Press. With the French Army on the Somme Nov. 7 (by mail)—The little squad of volunteer aviators with the French army has brought down 21 German machines since its formation into a fighting unit in May of this year, according to official figures. When the squad was organized there were fifteen members. Three of these, Sergeants Norman Prince and Kiffin Rockwell and Corporal E. Chapman have since met their death in aerial combats. The official figures respecting the victories won by the American flyers refer only to machines the destruction of which was observed by flying companions of the victorious air-men or other observers in the French lines.

When the Associated Press correspondent visited the camp of the American aviators today, the French commander of the squad, Captain Georges Chennault, had just landed from a flight along the Somme front during which he had brought down a German machine. Five of the American air-men were seated in their machines waiting for the word to start on a two hour patrol of the fighting line. They were under charge of their most famous colleague, Adjutant Raoul Lushery, who has achieved the distinction of becoming a French "ace" a destroyer of five German machines. Since the receipt of this dispatch, Adjutant Lushery has been credited with the destruction of a sixth German airplane. Two of these two hour trips are made daily by the Americans. As the correspondent watched, the aeroplanes flew off at half minute intervals and within ten minutes had risen to an altitude of approximately 10,000 feet. They darted and circled over the French lines, ready to give battle to any German flyer which might attempt to attack. The Americans are fighters purely and take no part in technical observation work or dispatch carrying. Between flights the squad is housed very comfortably in large huts. In one of these huts lives a six month old lion cub, the mascot of the squad. He is named "Verdun" in commemoration of the fact that the flyers obtained him when they were on duty near the famous fortress. "Verdun" has an understudy in the form of a big wolfhound and the two are inseparable companions. The present members of the squad are Lieut. William Thaw, Adjutant Didier Masson, Raoul Lushery, Sergeant Charles Johnson, Lawrence Rumsey, Dudley Hill, Savelka, Robert Rothwell and James McConnell and Corporals Soubrin, Haviland and Frederick Prince. The French officers are Captain Chennault and Lieut. De Lage. Sergeant Savelka served fourteen months in the Foreign Legion before joining the aviation corps.

TOTAL OF \$135 IS SENT COMMITTEE

Original Donation Receives Additions — Electra Also To Help Cut Deficit

Wichita Falls was not only the first Texas city to respond to the call of the democratic national committee for contributions to defray the \$300,000 deficit incurred in presidential campaign expenses, but she gave more than the \$100 asked for from local democrats. County Chairman Huff has remitted a total of \$135 to the committee. Contributions received since the last report were: H. H. Bray \$5.00, T. B. Noble 2.00, F. H. Pennington 1.00. Electra democrats are also planning to send money to help wipe out the deficit and some money has already been collected there. The post-election contributions from this county added to the amounts given during the campaign will bring the total given to the democratic cause to more than \$1,300 which is considered an excellent showing.

GAS COMPANY TO GET OFFICES SOON

Definite Plans For Beginning Drilling Operations Are Not Yet Complete

No definite move toward starting drilling operations has yet been made by the Wichita Falls Fuel Development Company, as the \$100,000 gas company recently organized here is known, but this week will see the company's affairs more fully organized. John O'Donohue, general manager of the company, has not yet fully entered upon his duties on account of not being relieved from his position with the Producers' company. He expects to be relieved within a few days or by December 1 at the latest. He has already started, however with some of the preliminary work. The company will establish itself in permanent offices this week, the location not yet being definitely determined.

Your account is most cordially invited.

CHARLES W. REID
CASHIER

The sunny South's gift to cigarette smokers

All the warmth and charm of the south's mellow sunshine are wrapped up in every Piedmont cigarette you put a light to.

Because Piedmonts are the highest-grade Virginia-Carolina tobacco. Lively and golden, Virginia-Carolina is "the tobacco man's tobacco".

If you like life and character in a cigarette, you'll be delighted with what Piedmonts have to offer you.

VIRGINIA-CAROLINA TOBACCO PAYS NO DUTY—ALL THE VALUE IS IN THE CIGARETTE.

"A package of Piedmonts, please"

Dolly Madison's old home at Montpelier, in the Virginia tobacco country

Piedmont

The Cigarette of Quality

10 for 5¢
Also Packed 20 for 10¢

NOTE.—A package of ten cigarettes made of all Turkish tobacco costs the smoker 10 or 15c. A package of ten Piedmonts made of highest-grade Virginia-Carolina tobacco costs the smoker only 5c. Why the difference? Because Piedmonts pay no duty, no ocean freight, no marine insurance, no expensive importing charges.

Come and See Next Year's HUDSON SUPER-SIX

COMPARE IT WITH THE CAR ON WHICH, TO DECEMBER 1ST YOU CAN SAVE \$175

There is little difference in these two cars. Just a few changes that at once show the advantage of buying a car of the present production now. The price increase of \$175 is forced by enormous cost of materials.

The Hudson Company is just completing the current year's production. These are the last cars to be built from materials contracted a year ago. On December 1 the new production starts. The materials for the coming cars cost vastly more than the first cars cost. That is due to market conditions.

To show that the cars of the present production are not materially different from those of the coming production the factory has brought through some samples that show what changes are to be made.

We have urged you to save \$175 by buying a car of the current production before December 1.

Now we invite you to come and compare the two cars. They are on our floor side by side. You will at once see the advantage in buying your next year's car now. And you will see why the price of any unsold car of present production will advance December 1.

Any unsold Hudson Super-Six will be sold next spring at new prices. Thrifty men will see the advantage of buying now. A Hudson Super-Six open model to December 1 will cost \$1475 with freight added. After Dec. 1 the price will be \$1650 plus freight.

1917 Models Are Fixed 1917 Costs are Known

Automobile manufacturers must contract materials for one year in advance. That is necessary, else they can not meet their requirements. So every maker knows the cost of his next year's car and knows that prices cannot drop.

Eighteen makers have already announced price increases. And many have stated they will have no change in models.

Not all cars will advance, perhaps. Some makers may lower grade of materials. Some whose profits are too high may cut them.

But all makers who use Hudson grade of materials must provide for this added cost.

Have You Noted These Proofs of Endurance

The Hudson Super-Six performance is well known.

Rivals no longer question that. The evidence attested for by the American Automobile Association is conclusive. In acceleration, speed, and hill climbing no car in the world holds such records. There are no stock car records that the Super-Six does not hold.

But there is a more important thing than that a stock chassis traveled at a speed of 102 1/2 miles an hour. Or that a fully equipped 7-passenger stock car carrying 5 passengers and with top and windshield up should go 100 miles in 80 minutes. And the fact that a Hudson Super-Six made the record time up Pike's Peak in the world's greatest hill climb against 20 contestants does not count for so much.

But the matter of endurance is all important. How long will the car last—what punishment will it stand—are the things to know.

In this the Hudson Super-Six excels any record known. A stock chassis traveled 1815 miles in 24 hours—337 miles farther than any traveling machine ever went in that space of time.

Twice Across America in Express Train Time

And a Hudson Super-Six 7-passenger Touring Car is the only automobile ever to attempt a round trip across America against time. In the going and return trip between San Francisco and New York it made better time than any other car ever made the ocean-to-ocean run.

These things prove supreme endurance. The patented Super-Six motor, to be had only in the Hudson, makes such feats possible. The Super-Six motor cannot be imitated. The owner of a Hudson Super-Six—and there are almost 25,000 owners now—knows that his car excels any car in the world in these things. The finish, beauty, comfort, luxury and quality match the motor.

But these are facts for later buyers. Today the question is whether you are going to save \$175 by buying now.

With such a saving you could afford to buy your car and put it in storage until you want to take it out next spring.

Lowest Priced Electrically Equipped Car in the World

The Model "FOUR-NINETY" with electric lights and electric starter included in its regular equipment is the lowest priced electrically equipped car in the world.

The electric lighting and starting equipment of the "FOUR-NINETY" is not added after the car is built. It is actually built into the car and guaranteed as part of the car. No car is complete or up-to-date without this equipment, and it cannot be added satisfactorily to a car after it is built and completed.

Its electrical equipment is the two-unit Auto-Lite system, with Bendix drive, of the same grade and type used on the highest priced cars—not the single unit, motor generator type, so generally used on medium and low priced cars. Electric head lamps with dimming attachment and electric tail lamp are included.

The Model "FOUR-NINETY" in addition to being electrically equipped, is handsomely designed and finished, combines correct car weight and balance with valve-in-head motor efficiency, selective sliding gear transmission giving three speeds forward and many other strong features described herein.

CAR SHORTAGE DUE TO HEAVY BUSINESS

October Traffic Breaks Records On Northwestern and Rolling Stock is Scarce

That last month's business was one of the heaviest months in the heaviest fall season in the history of the

road is the reason assigned for the car shortage on the Northwestern being even more acute than has been the case for some time. Last month the outgoing freight handled by the road was approximately 964 cars as against only 384 cars of incoming freight, which as can be readily seen was a tremendous drain especially during times of shortage at the present.

A total of 6,687 cars both ingoing and outgoing freight were handled by the Northwestern during the period from the beginning of the fiscal year to the end of October. Of this

number 5,294 cars were outgoing and 1,393 inbound, freight, which demonstrates what a drain the railroad authorities were put to all the time to find cars to handle the business. Nearly all the coal and lumber handled is inbound and practically all the livestock, broom corn and grain products outbound.

The movement of every one of the principal commodities handled last month was by far the largest handled in the period mentioned, including 256 cars of coal, 134 cars of lumber, 283 cars of livestock, 158 cars of broom corn and 517 cars of grain

and grain products. The business since the first of July has amounted to 828 cars of coal, 566 cars of lumber, 1,151 of livestock, 229 of broom corn and 3,214 of grain and grain products. These figures represent the movement of the principal commodities only and not the total business of the road. However, the movement of the principal products is an infallible business barometer and is used as such by the railroads.

COMMITTEEMAN AT ELECTRA CHOSEN

D. T. Cross Appointed at Good Roads Meeting Held Friday Afternoon

ROYAL NEIGHBORS' DISTRICT MEETING

Members From Various Northwest Texas Points to Convene Here Thursday

Royal Neighbors from all over this district to about 50 in number will gather on Thursday and Friday of this week for the annual Northwest Texas district convention. Mrs. Myrtle Parks of Waxahachie, supervising deputy for the state, will be the honored guest on this occasion. Mrs. Hayes of Lawsville and Mrs. Lula Thompson of Wichita Falls are president and vice president of the district organization.

The program as arranged calls for the opening session Thursday afternoon behind closed doors. Thursday night an open meeting, social in nature, will be held with an invitation extended to the general public. Friday morning another business session for the Royal Neighbors only will be held and Friday afternoon the local Neighbors and the delegates will be given an automobile ride over the city by the Chamber of Commerce. Friday night the visitors will be guests of honor at a theatre party at one of the picture theatres.

Delegates are expected from a number of towns, including Gainesville, Electra, Henrietta, Petrolia, Burkhardt, Iowa Park, Vernon, Bowie and Seymour and possibly others. The delegates will be entertained in homes of the local members of the order. From all reports the coming convention will be one of the largest attended and most interesting district meetings of any fraternal order ever held here.

The attendance was small but deep interest was manifested. C. W. Reid, A. B. Huff, B. F. Johnson and others from this city attended. H. Y. Newsom acted as chairman of the meeting. He asked Mr. Reid to explain the plan of organization. Mr. Reid told what had already been done after which Secretary Johnson spoke briefly. Nominations were asked for. D. T. Cross and J. F. Winston were placed in nomination and on a ballot Mr. Cross was elected.

Mr. Cross was called on for a talk declared his zeal for good roads and said that he was ready to meet with the other members of the executive committee any time at any place. Although little was said in the meeting, it developed that the road bond issue and advise the county commissioners in the matter. Mr. Cross was chosen at the meeting held at Electra Friday afternoon.

road running almost due north from Electra to Red river going through the rich farming country north of that town is essential to any county road system. This can probably be provided by running the road from Clara further westward, coming into Electra almost directly from the north and extending the north and south road northward from its connection with the east-and west road from Clara.

It was explained to the Electra citizens that no system had been adopted and that the designation of the roads to be improved would rest with the executive committee and the county commissioners.

AT THE THEATRES

ISEN DRAMA AT THE MAJESTIC THEATRE MONDAY

A press notice says:
It is the pillars of our own small town or big town society that are pillared in "Pillars of Society," the new screen play from Ibsen's drama that introduces Henry Walthall to the Triangle program, showing Monday at the Majestic. "Our Best People" might have been called, with the bitter irony that was Ibsen's tool for driving smashing blows at the sham of civilization. It is "our best people" who are pictured in this masterpiece, but they are not pictured with

any sugaring of the pill. "Our most prominent citizen" has made his way and his fortune at the expense of another's reputation. He, like so many of his prototypes in America as well as in Sweden, is living a lie and his whole social position rests on the maintenance of that lie—or seems to. But the faculty of the whole situation weaves its inevitable tangle in the lives that touch his, and the tangle grows until the lie is destroyed. So clearly says the lesson, can never permanently rest on pillars that are false and ungod. Truth and Justice are the real pillars of society. That is the theme of the play but it is a real play, not a preachment. One sees a group of very human folk, typical of the "best" element in almost any American community, reacting to conditions that might—and

very often do—happen in real life. And the result is movingly poignant and convincing. The touch of genius is there, in the very simplicity and directness of the things.

JAPANESE PICTURE AT THE EMPRESS WEDNESDAY

Having recently created an unusual personal success in the Jesse J. Lasky production of "The Cheat" in support of Patriotic War and in the stellar role of "Alien Souls" Sessue Hayakawa, the noted Japanese actor will be seen at the Empress Wednesday in the Jesse J. Lasky production of "The Honorable Friend," a thrilling photodrama written especially for him by Elizabeth McGaffey and prepared for the screen by Evelyn Unsell. Sessue Hayakawa is a splendid type of the modern educated Japanese. In Japan his parents had planned that he should become a naval officer in the service of the Mikado, but Hayakawa thought otherwise and took up the study of drama. Coming to this country he studied drama at the University of Chicago, and then returned to his native country with Japanese translations of the English classics. He was the first Japanese actor to appear in Shakespearean productions in that country. Later he returned to this country and met beautiful little Tsuri Aoki whom he married and she is always seen as his leading woman in Japanese productions. Recently the wealthy Japanese of Los Angeles presented Hayakawa with a theatre where he appears from time to time at the head of his own Japanese company in modern drama. In "The Honorable Friend," Hayakawa is seen as a young Japanese gardener working for a wealthy and unscrupulous Japanese curio dealer. The old man is desirous of a bride and sends Hayakawa's picture, as his own, to Japan and Hayakawa is sent to the dealer to marry the Japanese girl, having been told that she is to be his own wife. When he brings her before the wealthy curio dealer, his ideals are shattered as he is informed that she is to be taken away from him. How affairs are finally adjusted and the dishonorable curio dealer recovers his lost property and the two lovers are reunited is presented in an unusual and most dramatic manner.

"FRIDAY THE 13TH" AT THE EMPRESS TUESDAY

Robert Warwick is popular. There has never been much question as to his popularity in this country, but it remained for Australia to elect him the most popular of all movie people, whether actors or actresses. There he far outclasses even Mary Pickford who came in second, and had twice as many votes as the second leading male star. In this country, however, his picture adorns many a silver frame. In "The Flash of an Emerald," "Sudden Riches" and "The Man of the Hour," Mr. Warwick built himself a niche in the heart of photoplay fans and his more recent productions have added to his already large

following of friends. His next appearance in this city will be as the hero in "Friday the 13th" the Thomas W. Lawson story which has been made into a World Picture by William A. Brady and Director Emile Chautard. It will be the attraction at the Empress Theatre Tuesday.

COMING—VIRGINIA PEARSON in "THE WAR BRIDE'S SECRET" THURSDAY, NOVEMBER 23.

CLARA KIMBALL YOUNG IN "THE COMMON LAW"

Clara Kimball Young, the screen star supreme, will be seen in the first of her own productions, an adaptation of Robert W. Chambers' novel, "The Common Law," at the Majestic Tuesday and Wednesday. This picture is expected to prove the greatest of Miss Young's many successes and is particularly interesting because she inaugurates the Clara Kimball Young Film Corporation, the first producing organization ever created in the name of a woman. The production was screened under the direction of Albert Capellani, who has produced a number of Miss Young's finest pictures, including "Camille" in which Miss Young scored her greatest triumph to date. Mr. Capellani has surrounded Miss Young with a remarkable cast. The leading male role is played by Conway Tearle, one of the best known of the younger stage stars of the day, while Paul Capellani, who has supervised her pictures, will be seen in another powerful presentation. Others in the cast are Edna Hunter, Julian Cook, John Stuart, Edward M. Kimball, Lydia Knott and De J. Flanagan.

"A PRINCE FOR A DAY" AT WICHITA WEDNESDAY

"A Prince for a Day" a musical comedy, which played for more than a week to crowded houses in New York and Chicago, will be the attraction at the Wichita Theatre next Wednesday. The story of "A Prince for a Day" is a young American who is deeply in debt to a Jewish money lender and is living on his great expectations of inheriting an uncle's wealth. The uncle lives in the far East and dies suddenly and the youth finds that to get the fortune he must marry the uncle's widow. How the money lender finances an expedition to search for the hidden for-

Movie Calendar

TUESDAY: Clara Kimball Young in "The Common Law" at the Empress. The story of "A Prince for a Day" at the Majestic. Robert Warwick in "Friday the 13th" at the Empress.

WEDNESDAY: Sessue Hayakawa in "The Honorable Friend," Paramount at the Empress. Clara Kimball Young starred again in "The Common Law" at the Empress.

THURSDAY: Vivian Martin in "The Mademoiselle" at the Majestic. Virginia Pearson in "The War Bride's Secret" at the Empress.

FRIDAY: Francis Ford in "The Girl on the Boat" at the Gem in the fourth chapter of "Peg O' the Ring." Mabel Taliferro in "The Dawn of Love" at the Empress.

SATURDAY: Nell Shipman and William Day in "The Patriot" at the Majestic.

SUNDAY: Nell Shipman and William Day in "Through the Wall" at the Empress.

CLARA KIMBALL YOUNG

In The Society Event of The Year

A Masterpiece in Seven Reels

THE COMMON LAW

By ROBERT W. CHAMBERS

Tuesday and Wednesday
NOVEMBER 21 and 22
10c and 20c

Don't take our word for it, but read what representatives of some of the largest newspapers in the east have said after viewing this wonderful work of art, a seven reel version of one of the most popular novels ever written, positively the grandest production that the Queen of the screen has ever made.

"Something Different Wins"—If Lewis J. Selznick turns out more subjects as good as this one—a tense, interesting and human story for the sophisticated—he may well stick out his tongue at his disreputable competitors, who scoffed at his idea of something different. One thing different about the Chambers' feature is that the dependence is placed on good acting to get the ideas across. Miss Young lives, not acts, the life of Valerie West. It is an enthralling and wonderful production.

JUANITA GRAY in the CHICAGO EXAMINER.

The picture is in seven reels and quite worth it. A superb presentation by Director Albert Capellani and brilliant performance by Clara Kimball Young, Mr. Capellani is a master in the art of suggestion and his staging of the story is quite perfect. The realism of his scenes seems unbounded by the celluloid and there is nothing denoting the motion picture stage about the story. Miss Young acts with rare skill and gives her work an appreciable touch of refinement.

PETER MILNE in the MOTION PICTURE NEWS.

Clara Kimball Young is charming and appealing. Her leading man and the rest of the cast are wonderfully capable. Capellani, the director, is a positive genius. If the future productions of the Lewis J. Selznick Enterprises are of this remarkable calibre, this organization will receive hearty welcome from the American public.

OMA MOODY LAWRENCE in CHICAGO EVENING POST.

Congratulations to Clara Kimball Young in the successful launching of her great motion picture venture and most congratulations to Lewis Selznick, the daring producer, with his first "C. K. Y." picture. The Studebaker is playing to capacity audiences and ranks as the success of the year into the theatre at all during the opening engagement of "The Common Law." Albert Capellani is the director of this picture—BOB RESEL in CHICAGO AMERICAN.

Clara Kimball Young is charming and appealing. Her leading man and the rest of the cast are wonderfully capable. Capellani, the director, is a positive genius. If the future productions of the Lewis J. Selznick Enterprises are of this remarkable calibre, this organization will receive hearty welcome from the American public.

OMA MOODY LAWRENCE in CHICAGO EVENING POST.

There is not a particle of doubt as to the financial success of Clara Kimball Young in "The Common Law." It is an assured triumph. It has the magnetic personality of a beautiful star, the splendid stage-craftsmanship of Capellani and the justly popular novel of Robert W. Chambers. As a picture "The Common Law" rivals some of the most spectacular revues. It is scenically magnificent—W. K. HOYLANDER in the CHICAGO DAILY NEWS.

Truly a remarkable production. The appeal of Clara Kimball Young in this picture is irresistible. If the characters in Mr. Chambers' novel had walked out of the pages of the book they could scarcely have been more true to type. Continuity throughout the picture could hardly have been improved upon. Many of the scenes are magnificent. The story abounds with dramatic situations which are interpreted to their fullest possibilities by Miss Young. On the whole "The Common Law" will prove a box office magnet—BEN H. GRIMM in the MOVING PICTURE WORLD.

If he (Robert Chambers) is one of these proud authors who scorn the plebeian movie, he will, after seeing how the Clara Kimball Young Film Corporation has handled his brain-child, take movies to his heart and embrace them. Miss Young fulfills the extravagant description Chambers gives his beautiful heroine. Capellani staged "The Common Law" in a masterly fashion. Miss Young holds the center of the stage and charms with her truly exotic beauty. LOUELLA O. PARSONS in the CHICAGO HERALD.

The million and more readers of the book will find the appealing love story of Valerie West, the artist's model, and Louis Neville, the painter, absorbingly revealed on the screen. The sensational touches that gave the novel such wide vogue have been retained, but are depicted with such exceptional taste as to give offense to none—VIC TOR-WATSON in the NEW YORK AMERICAN.

Mr. Chambers could ask no more luxurious pictorial interpretation. Amongst these splendid furnishings, Miss Young is variously adorned. Mr. Capellani, the director, it is so admirably done that it nowhere hangs heavily. It is a well-made picture technically, and Miss Young is both beautiful and historic—KITTY KELLY in the CHICAGO TRIBUNE.

Broke all records at Marcus Loew's New York theatres. Biggest business record in history of Studebaker Theatre, Chicago. Broke all records in Dallas, not even excepting "Birth of a Nation," was booked for six days' run, but owing to the masses that were turned away, was run for eleven days to capacity business, at the Washington. Going to break all records for the Majestic, Wichita Falls. It has the quality that first-day patrons will recommend it to their friends. Get the schedule and start in at the first of the picture. You will appreciate it much better.

SHOWS START: 1:00—2:45—4:30—6:15—8:00—9:45

For Sale FORTY ACRES Near Town Known as the Clifton place. Good improvements, 29 acres under irrigation. This would make some one an ideal suburban home, price \$5,000. Liberal terms, see me at city National Bank, W. C. YOUNG

RESTRICTED DISTRICT vs. TENTH STREET, Tenth street is all right and at this time is the principal residence street of the city, but don't get it in your head that all the fine homes will continue to be built on Tenth street. The time is now close to hand when the restricted district of Floral Heights will have more well, up-to-date homes building than any other section of the city.

THERE IS A REASON FOR THIS. The elevation is higher, the scenery more beautiful; it is farther away from the noise and dust; lots are cheaper; sold in pairs which gives more yard room and gives your home a much better appearance; no cheap houses can be constructed around you. It will be the ideal residence section. For prices on these lots see or phone me.

NATIONAL BANK OF COMMERCE WICHITA FALLS, TEXAS

HALL IS YOUNGEST COUNTY OFFICIAL

New Superintendent Takes Distinction From Judge Harris—Assumes Duties

To E. C. Hall, the new county superintendent, goes the distinction of being the youngest county official, succeeding Harvey Harris, county judge, in that particular. Prof. Hall was 27 years old last April. Mr. Hall was born at Sanger, Donor county in 1889 and received his early schooling at Ringgold, Montague county. Later he attended the normal at Denton, where he graduated in 1912, and since then he has been at Burk Burnett, where he was principal of the school. He is unmarried.

County Judge Harris had the distinction of being the county's youngest official for some time, being 25 years old when he took office. Statistics as to the ages of other county officials were found to be extremely hard to collect.

The new superintendent assumed his duties last week and is now familiarizing himself with the task before him. He expects to visit a number of the rural schools in the county very shortly.

Once you use Cutex Manicuring Preparations you will always demand them.

OVER \$300,000 IN ARCHER OIL DEALS RECENTLY

PAST WEEK HAS SEEN MUCH ACTIVITY IN LEASE TRADING. ONE TRANSACTION INVOLVING \$60,000 IS CONSUMMATED

500 PER CENT PAID

Knight Well Stockholders Get Big Returns on Investment. Several Oklahoma Parties are Among Those Making Purchases

Oil land deals aggregating more than \$300,000 have been consummated on Archer county property during the past week and conditions favoring those of 1911 and 1912 are now prevailing here in the oil game. The biggest single deal closed was that of the Coline Oil Company which is the name of the concern organized by Wichita Falls who drilled on the Knight lease. This company sold to C. H. Clark, who is understood to represent Oklahoma interests, 500 acres of an average of 150 per acre, the total consideration being \$84,000. This deal did not include the land upon which the well is located, which is retained by the company.

A cash dividend of 500 per cent was declared by the Coline company following the completion of the deal and the handful of Wichitans who made up the \$10,800 used in the first operations realized tremendous profits on their venture and still have half of the lease, with a producing well upon it. Some of the stockholders are said to have refused extremely fancy prices for their interests. While it is estimated that the deals of the past ten days have aggregated fully \$300,000, not all of the transactions have been made public. Those buying leases included the Gulf Production Company, the Magnolia Petroleum Company and several Oklahoma parties, among them John W. Gilliland of Tulsa and D. C. Fitzgerald of Ardmore.

Mr. Gilliland paid \$44,000 for a lease on 400 acres purchased from Kemp and Kell, near Holliday. He also purchased from Stöckli one-sixth interest in a 2500 acre lease, paying \$2520 for the same, or about \$120 per acre. D. C. Fitzgerald of Ardmore acquired an 80 acre tract, from a local party, paying \$75 per acre, a total of \$6000. The Magnolia Petroleum Company has paid \$20,000 for 200 acre lease on the holdings of the Panther Oil Company, but the details of this transaction were not learned. It is also known that the Gulf Production Company has bought several leases. For the most part, prices of \$100 per acre or better have been paid for leases, and while developments so far would justify such a figure, the situation is such as to make the field look very promising to the interests which have been buying in.

Several wells are scheduled to start this week and others are in prospect. The rigs are up for the wells of the Southside and Sixty-six companies. Panther No. 2, one location away from No. 1 will also start soon and Coline No. 1 Orton will be started as soon as possible. The next two weeks should see eight or ten rigs in operation in that section. The \$84,000 deal consummated this week by the Coline company is understood to be on behalf of the McMan Oil Company of Tulsa, a large concern, though this is not confirmed. The Coline company effected organization during the week. The following directors were elected: C. W. Bean, Frank Kell, R. O. Harvey, W. E. Norton, W. J. McCallister, M. Stanforth, J. Jackson. The officers of the company are: C. W. Bean, president and general manager; Frank Kell, vice president; F. H. Gohlke, secretary and treasurer. The Wichitans who "piked" on this wildcat have already gotten back five for one on what they invested and will have holdings which are worth much more.

Practically all of the money spent during the past week has been from outside parties and has gone to great extent to small local investors. Archer City parties have organized a company capitalized at \$10,000 and will drill a test within five miles of Archer City. S. Wilson, H. K. Dycus, W. J. Singleton, W. E. Forgy, T. L. Looney, S. C. Walker and other Aspherrites are interested.

The Coline company's next venture will be on the Orton, offsetting their Knight well, and this will be watched with closest interest, as it will determine to some extent the trend of the sands. It is believed that the Knight well is an edge hole and that if the same formations exist in Archer county as in the Electra field, other wells in that vicinity will strike big pay. This formation, technically known as the lenticular, cut called "pumpkin seed" in oil field argot, is characteristic of the Electra field, resulting in "trek sands" and in gashers only a few feet from absolutely dry holes. This sort of formation demands a thorough testing by drillers and the hopes of those who have invested so heavily in Archer county is that developments there will show conditions similar to those around Electra.

METHODISTS' NEW PASTOR ARRIVES

Rev. Seaton A. Barnes Will Occupy Pulpit at M. E. Church, South Today

Arriving last Friday from Dallas, Rev. Seaton A. Barnes, the newly appointed pastor of the M. E. Church, South, ready today to take up his work as pastor. The trip from Dallas was made overland in Mr. Barnes' automobile and he was accompanied by his wife and two of his three children. Saturday morning they were busily at work getting settled in the parsonage which is undergoing redecoration and re-papering at the reception of the new pastor and his family.

Mr. Barnes, though born in North-west Arkansas, has had so many years of ministry in Texas that he may be regarded as a real Texan. In fact he entered into the Texas conference when he was ordained. Of a scholarly appearance and alert manner of address, the new minister is rather above the average height, and impresses one first with his business like air. He has a long record of successful pastorates and for several years was presiding elder of the Abilene district. For the past two years he has been pastor of the Ervay Street church. Prior to that he was in Abilene, in Waco, Fort Worth and Plainview, with earlier charges at Vernon and Graham. Graham was his second charge after being ordained.

"I won't feel exactly a stranger in Wichita Falls," Mr. Barnes said. "For I will have in my church three men who were my stewards years ago at Graham, Judges P. A. Martin, J. W. Akin and John C. Kay. Then, too, I have been in the country near here often and though we have been here but a few hours we already feel quite at home. I am sure I am going to be delighted with my new church and with its membership which has a reputation for activity along all desired lines."

Miss Fanny Margaret Barnes, the oldest daughter, did not come with the family Friday, being enrolled as a student at S. M. U. at Dallas. The only son, Seaton A. Jr., will be a sophomore at the local high school and the baby of the family, Miss Adnah Orinne will be in the same school department. The other member of the family, Mrs. Barnes, is active in church work and will be welcomed warmly by the women of the church.

LOCAL BAPTISTS WILL ATTEND STATE CONVENTION

Messengers from the First Baptist Church of this city will leave Monday night to attend the State Baptist convention to be held at Dallas, Wednesday and Thursday at Waco. The pastor of the First Church, Rev. R. C. Miller, will leave Monday night and will stop at Belton to visit his daughter who is in school there. Others who will attend the convention are Mr. and Mrs. Wiley Robertson, Mrs. J. A. Farris, Mrs. H. L. Lawler and Mrs. W. L. Ponder.

Model 85-4 f. o. b. Toledo

Model 85-4 f. o. b. Toledo

These Tremendous Advantages—

More power—35 horsepower motor.
More room—112-inch wheelbase.
Greater comfort—long, 48-inch cantilever rear springs and 4-inch tires.
Greater convenience—electrical control buttons on steering column.
Bigger, safer brakes—service, 13 3/4 x 2 1/4; emergency, 13 x 2 1/4.
Better cooling—you never heard of an Overland motor overheating.

These are tremendous advantages over anything to be had in other cars that sell for anywhere near as low a price. And they make it hard for us to keep up with orders. The factory has never yet caught up with the demand. You ought to own one of these cars—nothing else so big and fine for the money. Come in and order yours now.

Coming Event Near Henrietta May Have To Be Extended One Day

UNION SERVICE ON THANKSGIVING DAY

Rev. Harry F. Draper Will Deliver Sermon To Be Held at First Baptist Church

decision was announced following a meeting of the Ministerial Alliance of Wichita Falls Saturday afternoon. It has always been the custom at the Thanksgiving service to remember the poor of the city by making provision for their relief for the winter months. This year, however no offering will be taken at the service but the fund will be made up by private subscription. Three enlistments were secured during the past week for service in the navy at the local recruiting office. These were: Clyde Long, Hollister, Oklahoma; Lawrence E. Gerald, Quanah, and Robert F. Brothers, Lone Wolf, Oklahoma. There were no enlistments for the army.
