

TEUTON FORCES CONTINUE DRIVE INTO ROUMANIA

HAVE VIRTUALLY COMPLETED THEIR CONQUEST OF LITTLE WALLACHIA, BERLIN ANNOUNCES, AND STILL ADVANCE

RESISTANCE BROKEN

Not Yet Certain That Rumanians Can Expel Themselves. Counter Move In Dobruja Pushes German Forces Back

The Associated Press summarizes European war operations as follows: Virtual completion of the Teutonic conquest of Little Wallachia, French announced today by Berlin. Orsova and Turnu Severin have been captured by the Austro-German forces which have broken the resistance of the Rumanians in this section of western Rumania.

The retreat of Rumanian forces is assumed to have been cut off, with the recent capture by General Von Falkenhayn's armies of Craiova and with it the only main line railroad leading eastward.

Pushing eastward from the Jiu Valley after their capture of Craiova, the Austro-German forces are now declared to be approaching the Alt Valley.

Bucharest yesterday reported withdrawal of the Rumanians from the Jiu Valley and announced that they were holding their own in the Alt Valley, where a Teutonic force is driving from the northern Rumanian border in a converging attack with the forces from the west.

Bucharest reports an attempt by hostile forces to cross the Danube at Zimnista, 35 miles southeast of Giurgiu, on the railroad leading to Bucharest.

The Rumanians have made a counter move in Dobruja. Petrograd announces that they are pushing south and have reached Tashbul about 12 miles north of Constantia.

North-east and west of Monastir on the Macedonian front, the entente armies are pressing the German-Bulgarian lines hard and making further advances, according to the French announcement. Berlin announces the repulse of local attacks by entente troops northwest and northeast of Monastir.

OFFICER IS SHOT BY HIGHWAYMEN

Marshall Constable Wounded When He Attempts to Arrest Men Wanted For Holdup

By Associated Press. Marshall, Tex., Nov. 24.—Constable J. D. Cunningham, who was brought to a hospital here last night suffering from a bullet wound in his leg, was the result of being fired upon by two alleged highwaymen whom he attempted to arrest near Hallsville in a serious condition today.

The two men, one of whom shot Cunningham, are supposed to be the same persons who early last night held up Rural Mail Carrier Clarence Hamilton near Hallsville. Hamilton, however, was not molested after he said "I'm an Uncle Sam man." Those words frightened the would-be robbers away and Hamilton later reported the affair to Constable Cunningham who encountered two men whom he suspected and the shooting followed.

EXECUTE THREE MEXICAN WOMEN BY FIRING SQUAD

By Associated Press. Field Headquarters, in Mexico, Nov. 24.—Three Mexican women were executed by firing squads at El Valle on the ostensible charge, preferred by Carranza adherents, that they had attempted to kill Col. Gonzales Diaz, commander of the Carranza garrison at El Valle. Papers were said to have been found on the women incriminating them.

SECOND BRITISH HOSPITAL BOAT REPORTED SUNK

By Associated Press. London, Nov. 24.—Closely following upon the sinking of the giant White Star liner Britannic in use as a British hospital ship, comes the announcement from London today of the loss of another British hospital steamer, the Braemar Castle, a 6280 ton vessel. She was mined or torpedoed in the Aegean Sea, while on her way from Saloniki to Malta with wounded on board, says the official statement which reports all on board saved.

VILLA LOSES IN SECOND ATTACK; IS DRIVEN BACK

HIS TROOPS FORCED FROM THEIR POSITIONS OUTSIDE CHIHUAHUA CITY AFTER RENEWING BATTLE THERE EARLY TODAY

CARRANZA VICTORY

Villistas First and Second Attempts Unsuccessful, according to Advice Reaching Border—Conflicting Reports are Received

By Associated Press. El Paso, Nov. 24.—Villa was repulsed again today and his forces driven from their positions outside Chihuahua City, it was announced at military headquarters in Juarez at 12:30 p. m. (mountain time) today. The fighting has been for the possession of the first and second line of government trenches, it was announced by Carranza officers, and resulted in a victory for the de facto forces, it was stated officially.

Villa and his command renewed their attack on Chihuahua City at 9 o'clock this morning. Andres Garcia, inspector-general of Carranza consulates, today officially denied the report that General Trevino and his forces were at Terajas station, north of Chihuahua City and had evacuated Chihuahua City.

General Gonzalez was talking with General Trevino over the military telegraph at 10 o'clock and General Trevino was in the military headquarters in the state capital, Mr. Garcia said.

"There is absolutely no truth to such a wild rumor," he added, "neither is there any truth in the rumor that any Carranza troops joined Villa." It was reported here that Villa had succeeded in entering Chihuahua and that street fighting was in progress. The Juarez officials claim that they have nothing from Chihuahua regarding this report.

Richard Wisburn, an American member of a party arriving here early today from Chihuahua said that Carranza troops sent out Wednesday by General Zachito Trevino, commander at Chihuahua have gone over to the bandits without firing a shot.

Mr. and Mrs. Dickerson, Mr. and Mrs. Dennis and another American named Harris boarded the train at Chihuahua but left it and remained behind when Carranza officers told them that the train was certain to be attacked and they had no chance to reach the border. The train crew objected to leaving and were induced to make the trip only upon receiving \$40 in gold from Carranza officers.

At 11 a. m. today a passenger train arrived at Juarez from Chihuahua, bringing 160 refugees and three box cars filled with supplies.

Villa's attack on Chihuahua City was not unexpected by the Carranza garrison. Mexican officials here said today, as Villa publicly announced at Parral and Santa Rosalia that his next action would be to take Chihuahua and then drive the American expedition out of Mexico.

A large number of Mexicans residing in Juarez came across to El Paso last night because of disquieting rumors there. One was the Villa captured Chihuahua and the Juarez garrison, in consequence, intended to revolt and join him.

Gen. Francisco Gonzalez, commander of the Juarez brigade said today the report that Villa had entered the city and were fighting in the streets was absurd, and he said he knew everything which came from Chihuahua over the telegraph lines and no such message had been received.

He added that Gen. Trevino is personally directing the fighting but he said no details had been received of the second day's battle.

CARRANZA CAVALRY USED TO CHECK VILLA ADVANCE

By Associated Press. Chihuahua, Nov. 24.—(Delayed by military censor) One general, two colonels and 100 men of the Carranza forces were killed during the fighting today between Carranza troops and Villa bandits. Four hundred men of the Villa command are known to have been killed and left on the battlefield.

The names of the Carranza officers killed have been suppressed by the military censor.

Gen. Trevino, in command of Carranza forces, suffered a scalp wound. After machine guns which were placed about 2 o'clock this afternoon had poured an enfilading fire into the Villa ranks, General Carlos Oguna, Trevino's chief cavalry, delivered an attack on the Villa center and drove the bandit forces back in disorder. The battle ended at 7:30 p. m., with General Oguna pursuing the Villa command.

Suggests Sausage In Turkey's Place For Thanksgiving

The high price of turkeys has caused some serious thoughts on that subject in at least one quarter, judging from a letter in this regard received by an attaché of the Northwestern general freight office from another railroad man at Wellington. The local party wrote to the one at Wellington inquiring for the price of eggs and turkeys, the letter being in behalf of the office who were expecting to make a wholesale importation. As for eggs, the reply stated there is not a one to be had in the town and that there has been the market there for the last month have been shipped in.

DUCKS HAVE LITTLE CHANCE WHEN HUNTERS IN AEROPLANES CHASE THEM

DUCK HUNTING BY AEROPLANE. Picture taken a few days ago, shows E. K. Jaguth and companion with several brace of ducks which they have just bagged from their hydro-aeroplane on the New Jersey coast.

SIR HIRAM MAXIM NOTED INVENTOR, DEAD IN LONDON

By Associated Press. London, Nov. 24.—Sir Hiram Maxim, inventor of the automatic system of fire arms, died at his home here early this morning.

\$10,000 JEWELRY ROBBERY TODAY IN KANSAS TOWN

By Associated Press. Kansas City, Kan., Nov. 24.—A band of robbers, who were here shortly before noon today, held up the only clerk in the place and escaped with \$10,000 worth of diamonds after locking the clerk in the vault.

Diet Squad Members Increase in Weight; Disguised Hash Today

By Associated Press. Chicago, Nov. 24.—Today is "hash day" for the Chicago health department's "diet squad." Disguised as "beet and rice croquettes," it appeared on the luncheon menu but Dr. John Dill Robertson, health commissioner, admitted it was left-over from Wednesday's beef purchase. With the announcement that all but one of the squad—Dr. A. J. Stokes; head of the squad—are increasing in weight, word was received from Milwaukee that four young men have agreed to live on 40 cents a day for two weeks.

TENTH STREET REPAIRS GOING STEADILY AHEAD

Work on the repair of the Tenth street paving has been moving at a much brisker pace since the completion of the first block, the crew at work on the street having finished up the third block this morning and being nearly through with the fourth. No delay was experienced on account of the recent rains, a drying pan which soon had the street in workable condition having been recently received.

FIND COON-CAN GAME; TWO NEGROES ARE FINED

Denities Jernigan, McFall and Glenn interrupted a coon-can game in the negro quarter of the city late Thursday, two of the three participants being fined in Justice Howard's court this morning. The officers were strolling past the house and noticed a negro who seemed to be on duty as "look out." They did not stop but as soon as they got around the corner they turned back and surrounded the house, entering to find the game going at a lively rate.

REID ELECTED CHAIRMAN; ROADS COMMITTEE MEETS

C. W. Reid was this afternoon elected permanent chairman of the county road committee, which met at the county courthouse here today.

NEWS RECEIVED HERE OF FORMER WICHITAN'S DEATH

News received here tells of the death on the train at Springfield, Mo., last night of F. A. Malin, for several years telegraph operator at the Denver dispatch-office here. Death was due to tuberculosis. Mr. Malin has been the agent for the Denver at Tascas for the past two months, working up until Saturday. At the time of his death he was on the way to his home at Thayer, Mo. Malin will be at Thayer. He is survived by a wife and child.

PRINCE ALEXANDER OF SERBIA VISITS WOUNDED COMPATRIOTS

PRINCE ALEXANDER OF SERBIA VISITS SICK SOLDIERS. With the Serbian soldiers again established on their native soil at Monastir—although that city is only "New Serbia," established by Balkan wars which preceded the great war—anguine followers of the allies are already talking of rehabilitating the Serbian kingdom. A provisional capital of a sort has been set up in Monastir. Should King Peter of Serbia be set again on the throne from which the Teutons ousted him, his son, Crown Prince Alexander, will become an important figure. The accompanying picture of Alexander is the most recent to reach America. It shows him at the Scottish field hospital at Ostrovo, thirty miles from Monastir, talking to a wounded Serbian soldier. At his side is Chief Dr. Bennett of the hospital which is run by Scotchwomen.

SERBIANS CLAIM NEW SUCCESSES NEAR MONASTIR

Salonki, Nov. 24.—Further inroad on the German-Bulgarian line on the front east of Monastir was announced by the Serbian war office today. Capture of the village of Papert was effected while north of Soudaya the Germans are declared to have been defeated and forced into flight.

COTTON SEED RATES DECLARED REASONABLE

Washington, Nov. 24.—Rates on cotton seed from Arkansas points to Memphis were upheld by the Interstate Commerce Commission, as not unreasonable, in a decision on the complaint of the Memphis freight bureau.

EXPEDITION'S WITHDRAWAL AGREED UPON

Atlantic City, Nov. 24.—A protocol providing for the withdrawal of the American troops in Mexico and for the parcel of the territory, was signed by the members of the Mexican-American joint commission.

SAYS RAILROADS WILL NEED MUCH

ATTORNEYS ESTIMATES BILLION AND A QUARTER INCREASE IN CAPITAL

SPEAKS AT HEARING

Discusses Present Difficulty in Interesting Investors—Favors One Central Control

By Associated Press. Washington, Nov. 24.—Railroads will need \$1,250,000,000 additional capital in the next ten or twelve years to increase their facilities to handle the country's growing commerce, Alfred P. Thom, counsel for the Railway Executives' advisory committee told the congressional railroad investigating committee yesterday, continuing his statement on behalf of the railroads, begun yesterday.

About \$250,000,000 a year additional will be required, he said, to refund maturing indebtedness.

To attract investors, Mr. Thom suggested that federal regulation should replace the present system of authority divided among the states and the central government. He cited examples of injustice and hampering of railroad financing, caused by state control of issues by interstate roads.

Referring to the need of additional railroad facilities, Mr. Thom said: "It has been found that the wealth of the country has been increasing at the rate of eight or nine per cent annually, and the same ratio of increase has held good as to the demand for transportation."

"As the forces which have effected the growth and development of the past apparently still continue in full operation, and may reasonably be expected to continue for the next ten or fifteen years at least, the improvement in railroad facilities to meet the large requirements of the future, must consequently grow at a corresponding annual rate of increase."

"The estimate of a billion and a quarter for additional transportation facilities includes nothing for extension into new territory, for the present, which is not only a matter of government authority, but by many uncoordinated state authorities in no way responsible to each other, and in respect to the public because of its successful solution depends the commercial facilities of the country."

Would it do to front the investor, when asking for this great investment, with a situation where the revenues of the railroads are not subject to the control of the investor, Mr. Thom referred to the recent case in which the New York Central, which has not over 20 miles of line in Illinois, was taxed \$600,000 by the state of Illinois as a condition of the consent of new territory to the issue of certain securities. He asked why the states of New York, Ohio, Indiana and the others through which the road passes, could not, with as much reason, exercise the same right.

"If they did," he continued, "commerce as a whole would be more seriously burdened. If they did not then their own commerce must help to bear the burden of this tax, placed upon the road by the state of Illinois, contrary to their views of the justice of such a tax."

"As an illustration of the conflict of state actions, the New York Central gave their approval, but the approval of Massachusetts could not be obtained. The result was that the issue failed and, consequently, inability of the road to furnish the proposed facilities in the way of new equipment and enlarged terminals is largely responsible for the great congestion of business and interrupting of commerce, throughout the whole of New England and surrounding regions."

ALLIES THREATEN TO MAKE ATTACK ON GREEK FORCE

By Associated Press. London, Nov. 24.—The Greek loyalist troops have refused to evacuate Katerina as ordered by the entente authorities and Gen. Sarrajl in command of the entente forces, had warned the government at Athens that unless an order for immediate compliance is given he will proceed to use force, says an Exchange Telegraph Company's dispatch from Athens today.

NOT TO ENFORCE 8-HOUR MEASURE UNTIL DECISION

TENTATIVE AGREEMENT TODAY TO WAIT UNTIL SUPREME COURT HAS PASSED ON LAW'S CONSTITUTIONALITY

DELAY PROSECUTION

Arrangements Depend Upon Agreement Between Counsel as to Which of Cases Shall be Considered as Test of Law

By Associated Press. Washington, Nov. 24.—Under a tentative agreement arranged today said to have been between department of justice officials and railroad attorneys, the government will not insist on railroads putting into effect the provisions of the Adamson act until the supreme court has decided on the law's constitutionality.

The measure becomes effective January 1, but prosecution for violations would be withheld. The agreement is conditional on the ability of the counsel for the government and railroads, who are in Kansas City, to appear before the federal court there in the Santa Fe suit, to decide on what case should be appealed to the supreme court for the test.

HOPES TO PREVENT HIGHWAY CHANGE

Secretary Believes This County Must Promptly Improve Meridian Route

While not believing that there is much chance of the routing of the Meridian Highway being changed at the present, as has been the case of recent rumors, B. F. Johnson of the Chamber of Commerce states that the highway will undoubtedly be changed unless Wichita county take upon itself to build better roads and by so doing induce adjoining counties to do the same. According to the rumor current here, the highway will be changed through Ardmore and Gainsville into Fort Worth county, which would cut off nearly 100 miles from its length.

Ardmore people have agreed to pave a road to the Texas line, providing Cooke county people will meet them there with a similar road.

However as Mr. Johnson points out, there are almost insuperable difficulties in the way of this plan, which if overcome at all will in all probability not be done for some time to come.

One of the most important of these will be the construction of a bridge across Red river at Gainsville, a project which after having been agitated for a number of years now seems little nearer than at the first. Ten miles of road north of Ardmore to Marietta through which the construction of a road would meet with great difficulty, and entail an almost prohibitive expense is another difficulty in the way of the Gainsville-Ardmore route. Still another barrier to building on this route is that it will have to cross the points of mountains between Ardmore and Pauls Valley, a very rugged range which is presenting every conceivable difficulty to the road builder.

That these difficulties will be overcome at some time, Mr. Johnson feels certain, but does not believe that this will be right away. He points out that it behooves Wichita Falls and Wichita county people to get busy on road building right away while there is still time if they are to keep this valuable commercial asset.

The value of a well travelled automobile highway is seen in that of a railroad according to those who are well informed on the subject, and the loss of one is not a matter to be treated lightly. Accurate figures on what the automobile highway through Wichita Falls mean to the city in a commercial way are being gathered by John W. Thomas, secretary of the automobile club and will soon be available for publication.

DESERTER GIVES SELF UP TO RECRUITING OFFICER

Otto R. Swovland, a deserter from the United States army gave himself up to Corporal John McGee, in charge of the local recruiting station and was given a deserter's release. Swovland has been away from the army more than two years since his enlistment would have expired and under the law is for this reason immune from punishment. He deserted from Battery A, Fifth field artillery more than four years ago after having served out nearly a year of his enlistment. According to his story he walked away while under the influence of liquor and was afraid to go back.

NEW PREMIER IS NAMED IN RUSSIA; STEURMER QUILTS

By Associated Press. London, Nov. 24.—A change in the Russian government is announced with the appointment of Alexander Trepoff, minister of Railways, as premier, succeeding Boris Steurmer, according to Petrograd advices.

1917'S PREMIUM LIST ARRANGED

AWARDS FOR WORK OF BOYS AND GIRLS CLUBS ARE MADE PUBLIC

COUNTY FAIR PLANS

Expected That Club's Exhibits Will Be Part of It—Definite Work To Start Soon

Premiums to be offered for the boys' and girls' club exhibits next year, which it is the intention to make a nucleus for next year, have been announced by Secretary Johnson of the Chamber of Commerce. The premiums cover every conceivable kind and variety of products, the aggregate of the amounts offered being \$354.

Definite work on the county fair is expected to begin shortly. The matter will be presented to the directors of the Chamber of Commerce in an early meeting, and a committee appointed by them is expected to perfect the organization of an active and alert fair association some time before the first of the year.

Secretary Johnson has been in communication with a number of parties who have successfully managed fairs in the past, and expects to have something to recommend in this regard in the near future.

While the amount offered in premiums for the boys' and girls' clubs for next year is nearly three times that offered this year, the offer is made at such a time that work for the prizes will take nearly the whole year, for which reason it is thought the reward should be greater.

Another reason for the liberal prize list set aside for the boys and girls is the importance which is attached to their having something to work for and earn something for themselves as a means of keeping them on the farm.

With the boys' and girls' departments and the poultry show which will be taken over by the Chamber of Commerce this year, the proposed fair will have two well-organized departments.

The announcement of premiums follows: To the Boys and Girls of Wichita County: The Chamber of Commerce

GRADUATE NURSES HOLD MEETING WEDNESDAY NIGHT

A paper on "Private Duty Nursing, Its Pleasures and Hardships," read by Miss Carrington, featured the program of the semi-monthly session of the Wichita County Graduate Nurses' Association, held Wednesday evening at the general hospital. The usual routine of business was gone through, Miss Gallagher acting as secretary, in the absence of Miss Gatos, who is out of town.

answer to roll call with current items on nursing at home or abroad, acting on the suggestion of the president, Miss Webster. At the next meeting, to be held December 13, papers will be given as follows: "Public Health Nursing," Miss Dorpat, and "Red Cross Work," Miss Chambers. A large attendance is desired.

D. E. Ward and R. M. Kelly, of Fredrick, Oklahoma, were in the city today.

An Instrument That You Can Play!

The AEOLIAN-VOCALION is more than a mere phonograph. While it is a reproducing instrument, introducing the music of the world's greatest artists, it is an instrument that you can actually play, giving to each record your own interpretation of the music. Through the Graduola, the exclusive VOCALION expression device, each tone, every phrase, answers to your will as truly and certainly as if breathed from your lips. The master's skill, graven in the record, becomes the voice of your heart, and at last you enjoy the transcendent pleasure of making music instead of being merely a listener.

The AEOLIAN-VOCALION is made in many styles, in prices from \$75 to \$2,000. We are now showing four styles, and cordially invite you to a demonstration of their merit at any time you choose.

Complete Home Furnishers

of Wichita Falls wishes to announce the prize list below for the purpose of encouraging agricultural work in this county. Study this list and begin working now to secure a prize next year.

If you want to get a start of your own in pigs, poultry, or stock, come to the Chamber of Commerce at Wichita Falls, and let us help you. We will arrange to buy anything you can take care of and make money with and give you plenty of time to pay the money back. Come in and talk things over with us. We want to help you, for we know that the best way to keep boys and girls on the farm is to give them something of their own to work for, so that they may make their own money. Yours to help you.

B. F. JOHNSON, Secretary. Prizes for boys and girls who belong to the Agricultural Clubs. J. W. Campbell, demonstrator; Miss Bertie Griffin, canning demonstrator.

Baby Beef Club. First prize \$25, second \$15, third \$10, on the vine and shelled \$6, \$5 and \$4. Registered Red Poland China—First prize \$5, second \$3, third \$2. Registered Duroc Jersey—First prize \$5, second \$3, third \$2. Any breed not registered—First prize \$4, second \$2, third \$1.

Corn Club. (Grown by exhibitor, 10 ears to be shown.) Any variety, sweepstakes, \$5, \$3, \$2. Valiant Dent, \$4, \$2, \$1.50. White Dent, \$4, \$2, \$1.50. Colored varieties, \$4, \$2, \$1.50. Prolific varieties, \$4, \$2, \$1.50. Guard seed corn, \$4, \$2, \$1.50. Pop corn, \$4, \$2, \$1.50. All prizes will be awarded on the following basis: Quality of ten ears, 50 per cent. Greatest yield, 20 per cent. Best showing of profit, 10 per cent. Best record of how crop was made, 10 per cent.

All entries will be at the disposal of the Chamber of Commerce for exhibition purposes and will be returned after the exhibitions have closed.

Cotton. (Grown by exhibitor.) For best three stalks and five pounds of lint, any variety, \$6, \$5, and \$4.

Peanuts. (Grown by exhibitor.) Best and most attractive exhibit of peanuts, of any variety, to be shown for purposes after which they will be Canning Department.

(Prepared by exhibitor.) The winning exhibits will be graded on the following score and must be put up in quart jars of uniform pattern: Variety, 25 per cent; workmanship, 30 per cent; neatness of exhibit, 20 per cent. All exhibits to be used by Chamber of Commerce for exhibition purposes, after which they will be returned to owners.

Best and neatest exhibit of canned and preserved vegetables and vegetable products, \$5, \$4, \$3. Best and neatest exhibit of canned and preserved fruits and fruit products, \$5, \$4, \$3. Best and greatest variety of products, \$7, \$6, \$5, \$4, \$3, \$2, \$1.

(Grown by exhibitor.) Best coop of any breed, sweepstakes, \$7, \$6, \$5.

Best coop Barred Rocks, \$5, \$4, \$3. Best coop Rhode Island Reds, \$5, \$4, \$3. Best coop of Leghorns, \$5, \$4, \$3. Best coop of Ducks, \$5, \$4, \$3.

All poultry must have been raised by exhibitor; one rooster and two hens to a coop.

Collectors' Prizes. (Not necessary to have been grown by exhibitor.) For the purpose of securing products for exhibition at the State Fair, the Chamber of Commerce offers the prizes given below for the boy or girl who has assisted in collecting these exhibits. The products may be grown by any person living in Wichita County.

A special prize of \$25 will be given for the greatest variety of products grown or manufactured on a single farm, to be graded on the following score: Varieties of corn, 10 per cent; cotton, 10 per cent; sheafs of grain, three sheafs in diameter, 10 per cent; threshed grain, two quarts each, 10 per cent; sheafs of forage crops and cultivated grasses, 10 per cent; forage crop seed, two quarts each, 10 per cent; fruits, fresh, canned or preserved, 10 per cent; vegetables, fresh, canned or preserved, 10 per cent; miscellaneous products, such as hay, wood, grasses, gourds, melons, pumpkins, beans, peas, etc., not mentioned above, 10 per cent; attractive exhibit, 10 per cent; total, 100 per cent.

For the largest and best collection of different varieties corn, 10 ears in each sample, grown anywhere in the county, \$5.

For the largest and best collection of varieties of grain, wheat, oats, barley, etc., in sheafs, three inches in diameter, stalks to be stripped and bound into neat bundles, \$5.

For the largest and best collection of varieties of grain, two quarts each, \$5.

DR. J. D. PROCTOR Painless Dentist

Office over Morris Drug Store 627 1/2 Indiana Ave. Phone 1419; Residence 549

For the largest and best collection of varieties of forage crops and cultivated grasses, such as Saffir corn, maize, fetterita, alfalfa, Johnson grass, Sudan grass and others, to be in bundles of not less than three inches in diameter, \$5.

For the largest and best collection of seeds of forage crops and cultivated grasses, two quarts each, \$5.

For the largest and best collection of fruit, fresh, canned or preserved, \$5.

For the largest and best collection of vegetables, fresh, canned or preserved, \$5.

Largest pumpkin, \$1. Largest watermelon, \$1. Largest kershaw, \$1. Largest and best collection gourds, \$5.

Note: Products may be brought to the Chamber of Commerce at any time before the Dallas Fair opens. Fruit and vegetables may be brought in and will be preserved for you, and be matter when the products are brought in, they will count on the contest if they are received in time for the Dallas Fair.

"GOOD TIME" IS EXPENSIVE: VISITOR IS FINED TWICE

One man's idea of a good time was shown to some extent by evidence adduced on two appearances in the police court in as many days. The first time he was one of three white men fined \$15 each for an intrusion into the home of a local negro and the use of indecent language in reference to the female members of the family. Recently this man was arrested again in company with a woman in a local rooming house, both of whom were in an advanced state of intoxication, and were raising a disturbance. After paying his fine of \$10 and one of \$5 for the woman in which he had first come here to "have a good time" showed signs of being sadly depleted. The charge on which the man was arraigned this morning was intoxication, disturbing the peace and vagrancy.

IN THE SPHERE OF WOMANKIND

Life's Lessons. There are three lessons I would write, Three words as with a burning pen, In tracings of eternal light, Upon the hearts of men:

Have hope. Though clouds environ now, And gladness hides her face in scorn, But thou the shadow from thy brow, No night but hath its morn.

Have faith. Where'er thy bark is driven, The calm's disport, the tempest's mirth— Know this—God rules the hosts of heaven, The inhabitants of earth.

Have love. Not love alone for one, But man as man thy brother call, And scatter, like the circling sun, Thy charities on all.

Thus grave these lessons on thy soul— Hope, Faith and Love—and thou shalt find Strength when life's surges rudest roll, Light when thou else wert blind. —Friedrich Schiller.

MUSICIANS CLUB STUDIES ORIENTAL MUSIC THURSDAY

The music of the Orient furnished the program which proved most interesting to the Musicians Club, meet-

ing Thursday afternoon in regular session at the First Presbyterian Church. Questions and answers on the subject were given by the club members and Miss Hazel Hunter gave a paper on the music of the Far East. The musical numbers were: "Song of Triumph," (Marilyn), Mrs. Clark; "Allah be With Me," (Fidelity), Miss Cook; "Bide, Lonely Nile," and "Neath the Phoenix Solenn Shade," (Fidelity), Mrs. John Gould; "Oriental Chant," Mrs. Walter Walker. To take the place of Mrs. Mark Walker, resigned, Mrs. John Gould was elected third vice president. The usual chorus practice preceded the program. Owing to the next meeting day being Thanksgiving the chorus practice next week will be held on Wednesday. All members are urged to be present at 2:30.

MRS. H. O. CRAVENS HOSTESS TO THURSDAY BRIDGE

Mrs. H. O. Cravens' hospitality for the Thursday Bridge Club this week was most enjoyable. The program is customary with this hostess the party arrangements were unusually attractive. Red and green, holiday colors, featured the table and room decorations for the luncheon which was served at 5 o'clock, when the players were finished with their game. The collection of Walter's salad in apple baskets, fruit cake, salted nuts and other dainties was served on buffet fashion with coffee poured by Miss Nina Dent of Chicago, sister of the hostess. The trophy for high score, a sewing basket of woven sweet grass, was won by Mrs. Peyton Gwynn. Two new members were announced at this meeting, Mrs. Ben O'Neal and Mrs. Marvin Smith, one of these, Mrs. O'Neal joining in the Thursday games. The other players were: Misses Dent of Chicago, Carrie Dent and Lucile Sherrod, Mesdames Allen, Dent, Sherrod, Gwynn, Winfrey, DuVal, R. E. Huff and Zundelwitz. This was a meeting out of the usual order owing to the fact that the regular day would fall on Thanksgiving so the next meeting will be held in three weeks. Mrs. Walter S. Robertson will be hostess.

DINNER PARTY AT WESTLAND HOTEL THURSDAY

A beautiful dinner party was given yesterday at high noon at the Hotel Westland by Mr. and Mrs. Wyatt. This occasion was in honor of the new pastor of the First Methodist Church, Rev. S. A. Barnes, and the retiring pastor, Rev. A. L. Andrews who with his family left immediately after the dinner for Fort Worth. The well appointed dining room with its elegantly laid table, tastefully decorated with Thanksgiving place cards and lovely chrysanthemums presented a beautiful picture. A very appetizing three course dinner was served. Rev. J. Sam Barnes, presiding elder of the Wichita Falls district proved himself a very gracious and pleasing toastmaster. Mr. Datson, rector of the Episcopal church in a felicitous manner gave the toast "Welcome to the new Minister." To this toast, the new minister, Rev. S. A. Barnes gave an appropriate response. Saying "Goodbye to the Old Pastor" was very touching given by C. W. Snider. This was indeed appropriate for—perhaps Mr. Snider was the closest friend of Dr. Andrews. A beautiful "Host and Hostess" was given by Dr. Andrews, showing the appreciation of the entire party for these good people. Dr. Andrews has been pastor of the Methodist church of this city for two years and the going away of this good man and his family is the regret of scores of their friends. During his pastorate the church membership has been greatly increased and the church built up along all lines. This dinner is one of the many tokens of appreciation justly due that have been accorded him and his family since it has been known that they were to leave. The good wishes of all who know them follow them.

Dr. Barnes has already won many admirers and doubtless he and his attractive family will find a warm place in the hearts of the people. He has filled many of the most important places in Texas Methodist and comes with a fine record. He had great congregations at both services last Sunday and his sermons were interesting and well received. Methodism is a beautiful thing. While they love without measure the one pastor, their hearts are big enough to at once take in a new one. Mr. and Mrs. Wyatt and their daughter were delightful in the entertainment of their guests and the occasion was indeed a happy one. Covers were laid for Rev. and Mrs. Andrews, Rev. and Mrs. Barnes, Rev. and Mrs. Datson, Mr. and Mrs. Snider, Misses Virginia and Lila Andrews, Messrs. Wilbur Lea, Louis Lee and Holt Andrews and Mr. and Mrs. Wyatt and Miss Wyatt.

TRAVEL CLUB MEETS THURSDAY MORNING

Mrs. Nat Alexander was leader of the lesson studied Thursday morning by the Travel Club meeting with Mrs. Willie Blair. Roll call was responded to with current events. Mrs. Ben O'Neal gave a paper on the revolution of Mrs. W. A. Adams' sketches of Bismark and Von Moltke and Mrs. Alexander had for her subject "The Unification of Germany." The club adjourned to meet next December 7 with Mrs. Blair. Those present: Misses Potter and Foster, Mesdames Shelton, Alexander, Urban, O'Neal, Cooper, Robinson, Hamlin, Fauntleroy, Nauphi and Akin.

MRS. W. D. GANT HOSTESS TO MERRY MATRONS

With fancywork music on the Victrola and social chat the Merry Matrons spent Thursday afternoon most pleasantly. Mrs. W. D. Gant being hostess to the usual club session. Refreshments of sandwiches, cake and hot chocolate were served late in the afternoon. Mrs. J. Z. Carter was voted a member during a short business meeting. The members present: Mesdames J. H. Sides, Frothro, Walker, Wiley, H. F. Hodges and Guy Baley. The club will meet next in two weeks with Mrs. R. L. Budlong.

Cottolene

"The Natural Shortening"

Cottolene Doughnuts
To one pint of risen bread dough, work in one cup of suet beaten with two eggs and one heaping spoonful of melted Cottolene. Mix a little out-rising or cinnamon with one-fourth cup flour, add this and enough more flour to make a stiff dough. Roll and cut, and let them rise half an hour before frying in deep hot Cottolene.

From "HOME HELPS" Mailed free if you write our General Office, Chicago.

The best doughnuts you ever tasted

Doughnuts made by the Cottolene recipe look tempting, taste good, and can be eaten with thorough enjoyment by all.

Food prepared with Cottolene is not only appetizing, but wholesome and digestible as well. Use this pure food product for all your shortening and frying.

Arrange with your grocer for a regular supply. Pails of convenient sizes.

THE W. K. FAIRBANK COMPANY

"Cottolene makes good cooking better"

MAKING RAPID PROGRESS ON HIGH SCHOOL ADDITION

With the walls of the new wings to the high school finished, the new roof over the entire building practically completed, there remains now nothing but some interior work before the additions to the local high school will be ready for occupancy. The prospect is at present that the extra room will be available even before the time limit in the contract for the work expires, which is the last of the present month. As the larger part of the furniture for the new rooms is already on hand no delay will be experienced in getting into the new wings when they have been completed, and that they will be occupied by the end of the Christmas holidays at the very latest seems a certainty.

COUNCIL ACTS ON SEVERAL MATTERS

Fixes Cemetery Bond Tax Rate and Starts Movement for New Negro District Here

The city council last night fixed the tax rate for the cemetery bonds arranged for sale of the securities last night found that the rate would be much higher than was at first anticipated in fact over twice as much, but at the figures fixed the rate will call for a tax of only 1 1/2 cents a thousand. In order to get a rate which would be easily divisible the tax was also made some higher than was necessary, but the bonds will be retired sooner by this extra amount. The tax for park purposes, with the addition of the 1-4 cents to care for the new issue, amounts now to four cents. A tax of 2-14 cents to care for the \$25,000 worth of bonds previously issued, was already in effect.

The bonds will be sold at the regular meeting on Thursday night January 11, 1917 and the city clerk was instructed to advertise for bids. The bonds will be issued in denominations of \$500 and will be payable at Wichita Falls or New York at the option of the holder. They are issued for a term of 10 years, with the usual option of retirement after 10 years time.

BOYS' CONFERENCE PLANS CONSIDERED

Interest in Meeting Manifested At This Morning's Chapel Session

High school boys' club and their work in general and the work of the Older Boys' conference which is to take place next week at A. & M. College Station, formed the theme of the program of the chapel meeting this morning at the high school. With the date of the state meeting so near at hand interest in the conference is at its highest pitch and this morning was for the double purpose of influencing a large number of boys to attend the meeting at College Station and to also arouse more interest in the work of the local club.

Mr. Clark was the only speaker at the meeting this morning. He praised highly the work of the boys' club and its aims and ideals and told of the benefits which he was sure would result from the conference. He closed by urging that all boys who are able to do so make a special effort to attend the conference. It is hoped to make up a special car from Wichita Falls and the adjoining towns and the reports this morning would indicate that this hope was justified.

Market Report

Fort Worth Cattle.
By Associated Press.
Fort Worth, Nov. 24.—Cattle receipts 6000 ten cents higher; steers \$6 to \$7.35. Hog receipts 2500, steady; bulk \$9.45 to \$9.80. Sheep receipts 700, active and steady; lambs \$9 to \$9.50.

New York Cotton.
By Associated Press.
New York, Nov. 24.—Right after the opening of the cotton market today, December advanced from 15.74 to 29.98, while May worked up from 20.40 to 29.69 or about 16 to 28 points net higher. The market showed increasing firmness toward midday with January selling up to 29.58 and May to 29.75 or about 36 to 38 points net higher. Cotton closed firm. December 29.40; January 29.49; March 29.59; May 29.85; July 29.85; October 18.55.

Chicago Grain.
By Associated Press.
Chicago, Nov. 24.—Opening prices for wheat which ranged from 1 1/2 to 1 1/2 lower with December at 1.79 1/2 to 1.80 and May at 1.86 to 1.87 1/2 were followed by sharp further losses and then something of a reaction. Wheat closed weak 1 1/4 to 2 1/4 net lower, with December at 1.78 3/4 to 1.79 1/2 and May at 1.85 1/2 to 1.85 3/4. Corn eased off with wheat.

ROYAL NEIGHBORS CONVENTION ENDS

Meet Next at Electra—Local Degree Team Wins Prize in Contest

With the election of officers, the selection of Electra as the next meeting place and the awarding of the prize to the Wichita Falls degree team, the fifth annual convention of the Royal Neighbors of the Wichita Falls district came to a close this afternoon. Mrs. Maggie Dillard of this city was selected president; Mrs. Hilgenfelt of Henrietta, vice president; Mrs. Johnson of Jacksboro, chancellor; Mrs. Hurst of Bowie, secretary; treasurer, Mrs. Autrey of Electra, inner sentinel.

The degree team contest was between the local team and that of the Gainesville camp, the Wichita Falls team being declared the winner.

The business session closing shortly after three o'clock, the visitors were guests of the Chamber of Commerce for an automobile ride, returning to the hall for a luncheon. Tonight they will visit the picture shows, as the guests of the local Royal Neighbors.

The morning was devoted to hearing reports from the various camps in the district and discussions for the good of the order. Especially helpful talks were made by some of the delegates on this latter subject. Both yesterday afternoon in the opening sessions and today, Mrs. Lizzie Hayes, the district president, and the other district officers were in their stations.

The noon adjournment hour was made the occasion of a pleasant social session when luncheon was served by the Ladies Aid of the First

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught in purity vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 20 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

They let you know you've been smoking—and yet they're MILD

In other words, Chesterfield Cigarettes are MILD—and yet they satisfy. This is something totally new to cigarettes. It goes further than pleasing your taste—satisfy does for your smoking what a juicy slice of hot roast beef does for your appetite. Chesterfields satisfy—they let you know you've been smoking.

But they're MILD, too—Chesterfields are! If you want this new cigarette delight (satisfy, yet mild) you've got to get Chesterfields, because no cigarette maker can copy the Chesterfield blend. This blend is an entirely new combination of tobaccos and the biggest discovery in cigarette blending in 20 years.

PLAY HENRIETTA ELEVEN SATURDAY

Local Football Team Will Have First String Lineup—Hopes For Revenge

In Saturday's game with Henrietta the Wichita Falls team will for the first time in the past few weeks go into the game with a first string lineup intact, a fact which inspires both the team and their backers with extreme confidence in a successful outcome for Wichita Falls. Quite a bit of interest is attached to the game with the Clay county capital due to the desire of the Wichita Falls eleven to wipe out the defeat administered

to them by the Henrietta club last season, when the latter won by the narrow margin of one point.
The Henrietta eleven has not made a very impressive showing this year, not getting into the fray until late in the season, and practically all of their starts having proved disastrous. Neither has the Clay county crew been up against the class of football which the home guard has had to meet this year, a fact which makes all the more hopeful the outlook for a victory by no mean margin for the local eleven.

HOW NEW TARIFFS AFFECT THIS CITY

Active participation by the Wichita Falls Chamber of Commerce in the fight on the Texas lines 2-B tariff will be one of the matters to be brought to the attention of the directors at their meeting next Tuesday afternoon to Secretary B. F. Johnson.

WICHITANS ARE TO SEE CONGRESSMAN

Judges Scurry and Carrigan Leave on Federal Court Mission Tomorrow. In another effort to effect the passage of the Smith bill creating a new federal court and naming Wichita Falls as a court town Judges A. H. Carrigan and Edgar Scurry, representatives of the local Chamber of Commerce will leave tomorrow for Shelby, N. C.

Legal Notices

THE STATE OF TEXAS, County of Wichita. By virtue of a certain Execution, with Bill of Cost, issued out of the Honorable County Court of Wichita County on the 1st day of November, 1916, by M. P. Kelly, Clerk of said Court, against T. R. Boger, for \$100.00 (one hundred Dollars) and costs of suit in cause No. 2419 in said Court, styled H. B. Hines versus T. R. Boger, by virtue of said writ of execution, I, G. A. Hawkins, as Sheriff of Wichita County, Texas, did on the 2nd day of November, 1916, levy on certain real estate situated in Wichita County, Texas, described as follows, to-wit:

RESTRICTED DISTRICT VS. TENTH STREET.

Tenth street is all right and at this time is the principal residence street of the city, but don't get it in your head that all the fine homes will continue to be built on 10th street.

THERE IS A REASON FOR THIS.

The elevation is higher, the scenery more beautiful; it is farther away from the noise and dust; lots are cheaper; sold in pairs which gives more yard room and gives your home a much better appearance; no cheap houses can be constructed around you. It will be the ideal residence street. For prices on these lots see or phone me.

AUSTRO-HUNGARIAN EMPEROR IS DEAD

ILLNESS ENDS AGED RULER'S LONG CAREER

DEATH COMES SUDDENLY BEFORE GRAVITY OF CONDITION WAS REALIZED. STRUCK AFTER HE RETIRED FOR NIGHT

REIGNS 68 YEARS

Misfortunes Numerous During Long Period that He Occupied Throne of Austria and Hungary—Career Notable in Many Ways.

By Associated Press.
London, Nov. 22.—The death of Emperor Francis Joseph has caused no notable emotion in Vienna, says the Exchange Telegraph company's Amsterdam correspondent. The general public was not aware of the serious nature of his illness, according to these advisers, because of the non-alarming character of the bulletins issued.

The emperor, the dispatch adds, was feverish yesterday afternoon, being unable to eat his evening meal. He retired at seven o'clock, assisted to his bed chamber by his doctor, Arch Duchess Valerie. He found himself unable to sleep and asked that his physicians be summoned, complaining of pains in his throat.

At nine o'clock the emperor appeared to be in a more restful state. A few minutes later, according to details received, the doctors saw him. He made a gesture pointing to his throat. A second afterward he was dead.

The members of the imperial family were immediately summoned, as were the officials of state, who prepared an announcement of the death.

Emperor William was immediately informed of the passing of his ally, the message being sent over the telephone which links the headquarters of the German army with Schoenbrunn Palace. Not long after the news was received, it is said, with regard to the new emperor's accession.

The death of Francis Joseph is a remarkable climax to the long list of tragedies in the Hapsburgs—a list unparalleled in any other reigning house in Europe. He dies in the midst of the world's greatest war, which he himself largely brought about by his determination to avenge the act of assassination of his heir, the Archduke Francis Ferdinand, upon the abdication of his uncle, Ferdinand I., December 2, 1848 making his active reign extend over a period of 68 years, all but the first twenty of which he was also apostolic king of Hungary. It is doubtful that if in all history there has been an active ruler who has reigned longer.

Tradition says a Pharaoh ruled for 99 years and there is the more credible instance of Ramesses II, Sostris of the Greeks and Alexander the Great to have reigned 67 years. But in recorded history there certainly has been no reign of equal duration to that of Francis Joseph. Louis XIV of France, was nominally king for 72 years. He actually occupied the throne for little more than half a century, all but the first twenty of which he was also apostolic king of Hungary. It is doubtful that if in all history there has been an active ruler who has reigned longer.

The aged monarch, although he had suffered serious attacks upon his health for many years past, was strong enough to keep a firm grip on affairs of state almost to the last. There were repeated reports of a serious illness from a bronchial affection, and frequently rumors of his death, which were proven unfounded, when official announcements were made from Vienna. Some of the reports asserted that his mind had become affected through worry over the great war, but the truth of these rumors was not admitted.

In November, 1915 on the occasion of a visit of Emperor William of Germany to Vienna, it was rumored that Francis Joseph was about to make a possible move for a separate peace, but owing to the strict censorship in Austria there was no confirmation of such a report.

The ultimatum of July 22, 1914, which Francis Joseph refused to sign, Peter of Serbia, denouncing the Austrian propaganda in that country and demanding prompt punishment of the assassin of Archduke Ferdinand, was supposedly dictated by Francis Joseph himself and it was this document that directly precipitated the war now ravaging Europe.

Five days later, after Serbia had complied with all the demands with the exception of agreeing to allow Austrian authorities to enter Serbia to stop out the alleged anti-Austrian conspiracies, Francis Joseph declared war. In his manifesto of that date, July 23, he said:

"The intrigues of malevolent honor compel me in defense of the honor of my monarchy and for the protection of its possessions to grasp the sword after long years of peace."

"The hope that Serbia would keep its word, but that she had not kept the flame of its hatred for myself and my house has always blazed higher."

"In this solemn hour I am fully conscious of the whole significance of my resolve and my responsibility before the Almighty. I have examined and weighed everything, and with serene confidence set out on the path that duty points."

(Continued on Page Eight)

EMPEROR FRANCIS JOSEPH

AUSTRIA'S NEW EMPEROR AND EMPRESS

Archduke Charles Francis Joseph, grandnephew of the Emperor, who succeeds to the rulership, because heir to the throne of Austria-Hungary by the assassination of Archduke Charles, had command on the eastern front, especially in Galicia, and in the Italian theater. At present he is in command of the combined German and Austro-Hungarian forces in the Carpathians and along the Transylvania frontier.

Archduke Francis Ferdinand was a nephew of the aged emperor, Francis Joseph, who would have been 87 years old if he had lived until Aug. 18. Reports of his illness and weariness of the cares of state have been numerous in recent years, especially since the assassination of his nephew and heir and the outbreak of the great war. It has even been reported that Francis Joseph was dead and his death was concealed from the Austro-Hungarians for fear of a revolution, but all such reports received no credence.

The new emperor will be thirty years old on August 17 next. His full name is Charles Francis Joseph Louis Albert George Otto Marie, and he is the son of the late Archduke Otto brother of Francis Ferdinand. Like all members of the house of Hapsburg,

Charles Francis Joseph is a Roman Catholic.

In 1911 Archduke Charles Francis Joseph was married to the Princess Zita of the house of Parma, and four sons have been born to the couple. The oldest is Francis Joseph Otto, born in 1912. The name of the youngest son, born in June of the present year, has not been made known, owing to the disturbed conditions of wartime. The house of Parma, to which the Archduchess Zita belongs by birth, is a branch of the Bourbons now settled in Austria. The archduchess is the twelfth of the nineteen brothers and sister of Prince Henry of Parma, present head of the house.

It has been reported many times that the death of the aged emperor will mean the break-up of the Austro-Hungarian empire, which is alleged, has been held together only by the loyalty of its constituent parts to Francis Joseph. He has sat on the throne since 1848, a period of sixty-eight years, the longest reign in history. The longest reign was that of Louis XIV of France—seventy-two years—but Louis was only a child when he ascended the throne, while Francis Joseph had reached the age of eighteen before he became emperor.

PNEUMONIA, DUE TO RULER PRACTICALLY COLD, CAUSED DEATH

Contracted While Out Walking Ten Days Ago With King of Serbia

By Associated Press.
Paris, Nov. 22.—The death of Emperor Francis Joseph of Austria was caused by a cold which the aged monarch caught while walking in Schoenbrunn Park, ten days ago with the king of Serbia, according to a Zurich dispatch to the Parisienne. The cold developed into pneumonia of the right lung.

When it was realized yesterday that the emperor's condition was serious, his daughter, Archduchess Marie Valerie and his nephews the Archdukes Charles Francis, heir apparent and Joseph Frederick, were summoned to his bedside.

ANTI-TRUST SUITS AGAINST SEVERAL AUSTRIAN DAIRYMEN
Austin, Tex., Nov. 22.—Suits were filed today by the attorney general's department on behalf of the state, the 53rd district court, against Harvey and thirteen other dairymen for the alleged violation of the anti-trust laws of Texas, and regulating the price of...

ROUMANIANS IN GRAVE PERIL ON WESTERN FRONT

CAPTURED BY TEUTONS OF CITY OF CRAIOVA. MAKE RETREAT. DEFENDING ARMY IN WALLACHIA MORE DIFFICULT

BATTLE AT MONASTIR

German and Bulgarian Troops Which Evacuated City are Making Stand. Change Reported on French Front

The Associated Press summarizes European war operations as follows: The fate of the Rumanian armies in western Wallachia appears yet to be hanging in the balance. The exact movements of troops gathered by the Teutonic invaders from their capture of the important Wallachian city of Craiova reported yesterday, is not yet apparent, but fears are expressed in the western European front, now that the main line railroad has been cut at Craiova.

Also it seems virtually all of the western Rumania has been won by the armies of the central powers.

A new battle has opened on the Macedonia front where the Bulgarian and German troops, who evacuated Monastir are making a stand against the pursuing Serbians and French. Paris reports the Teutonic allies making a stubborn resistance and a heavy fog also holding up the advance.

The battle is at its nearest point to Monastir immediately north of the city of Koscovo, and the front has moved directly eastward across the country within the bend of the Cerna river. In pushing the German-Bulgarian forces back to this line the Teutonic troops have made important captures of men and material. Today's French statement reports the taking of 600 additional prisoners.

Comparative quiet continues to prevail on the Franco-Belgian front, London announcing nothing more important than artillery and patrol activity.

TO STUDY AFFAIRS OF MOUNTAINEERS

Presbyterian Mission Societies Send Workers to South For Investigation

By Associated Press.
New York, Nov. 22.—In response to an appeal for the mountain people of the south, four representatives of 170,000 members of the Presbyterian Mission Societies in the United States, are on their way today to investigate conditions in Kentucky, North Carolina and Tennessee. Their report will decide the outcome of what is said to be one of the most important campaigns undertaken in behalf of the mountaineers.

The appeal, which is addressed to 5,000 Presbyterian women organizations, will be brought to this city by Mrs. Frederick Erdman of Philadelphia.

PARIS PAPERS VERY SEVERE IN THEIR COMMENT

By Associated Press.
Paris, Nov. 22.—Although official confirmation of the death of Emperor Francis Joseph had not been received in Paris early this morning, the press generally accepted the news as authentic. Special editions announcing the emperor's death were brought up rapidly and the passing of the monarch was discussed with the greatest interest. In their comment the newspapers are merciless. The Matin says:

"The sinister old man, who for 68 years wore the double crown disappears too soon. Notwithstanding his 86 years, for he has not seen the approaching hour of expiration of the crimes for which he will be eternally in history, a crushing responsibility and stigma. But the specter of punishment must have haunted his latter days and if this man, so monstrously indifferent, was susceptible to any feeling whatsoever—this man who with a cold, unmoved, the worst catastrophe befallen upon his country it must have seemed to him the irony of fate."

"If he had disappeared from the scene three years sooner, the world would have forgotten his calculating cowardice, his atrocious egotism, his hypocrisy and would have remembered only the public and private misfortunes which marked almost all the years of his reign, without reflecting that these misfortunes were all deserved. He would perhaps have been chided but justice would not have permitted that he should have lived out of this supreme honor. It has been made for his death a setting of reprobation and horror."

It is not believed in Paris that the death of emperor will effect the war in any way.

The general impression here is that he had long been worn out and that his death was a relief to the world. It is believed that his death will have no effect on the war.

EMPEROR AT WORK UP TO WITHIN FEW HOURS BEFORE HIS DEATH

By Associated Press.
London, Nov. 22.—Emperor Francis Joseph practically died in harness, according to an Amsterdam dispatch to the Central News.

The dispatch says that the emperor at his usual hour on Tuesday was engaged in governmental business. He received his daughter, the Archduchess Marie Valerie at 8 o'clock and two hours later gave an audience to Foreign Minister Burian.

In the afternoon his condition grew worse and in the early evening his temperature rose and the physicians realized that death was approaching. It is expected in Berlin that Emperor William will attend the funeral.

RAISED AT WACO FOR SPANNEL DEFENSE
Tex., Nov. 22.—A quiet case was resulted in obtaining Harry... used in defense of Harry... Col. M. C. Butler, U. S. Army, Waco, Texas, July 20.

FEDERAL COMMISSION BEGINS STUDY OF EIGHT-HOUR LAW

The commission appointed by President Wilson to investigate the operation of the Adamson act met in New York for its first informal session. The hearing was held in the rooms of the Interstate Commerce Commission. The commission is composed of Major General George W. Goethals, George Rublee and Edgar E. Clark. General Goethals went on the retired list of the army on Nov. 15 after forty years' service.

A discussion of the railroad situation and particularly the Adamson eight-hour law, from the standpoint of the country's business interests, began also in Washington at a special meeting of the national council of the Chamber of Commerce of the United States. Several hundred representatives of commercial organizations met, with many well-known speakers on the program.

The meeting was called for the purpose of having business interests affiliated with the chamber express their views just before the joint congressional committee appointed to investigate railroad questions meets next week. In addition to the Adamson law, questions of strike prevention and wage fixing for common carrier employees by the Interstate Commerce Commission will be taken up.

Attorneys of the department of justice continued working on details of the government defense to railroad suits attacking the constitutionality of the Adamson act.

It is probable that an effort will be made to take one of the suits to the supreme court as quickly as possible, so that a final determination that will be binding upon all lower federal tribunals may be had near Jan. 1, when the law, unless enjoined, becomes operative. So far as the department is informed, the first suits set for hearing are those of the Santa Fe and the Union Pacific railroads at Kansas City on Nov. 22.

BAPTISTS PLAN TO TAKE APPEAL

DR. GAMBRELL REPLIES TO GENERAL FUNSTON'S RECENT INTERVIEW

By Associated Press.
Dallas, Texas, Nov. 22.—Dr. J. B. Gambrell, corresponding secretary of the Baptist general convention in Texas, today issued a statement in reply to what he styled a "reputed interview" in which Major General Frederick Funston was quoted as saying facetiously "if the Baptists are determined to persist in distorting my statements, they had better put their property in the names of their wives."

Dr. Gambrell said:

"I have no property to hide and take full responsibility for the protests of religion. He should take time to correct that mistake. He has had time and he does not correct it. Baptists will go higher up with their protests. In the meantime, will treat him with perfect fairness."

Says Measure Would Secure Results in Controversy With Great Britain

By Associated Press.
Washington, Nov. 22.—Representative Fitzgerald, democrat, chairman of the House appropriations committee, announced today that he favored an embargo on foodstuffs and that it was his purpose to prepare a bill to press the subject early in the coming session of Congress.

"Two reasons, chiefly, impel me to favor embargo legislation on foodstuffs," said Mr. Fitzgerald, "it is the most effective weapon in our controversy with Great Britain, with her unwarranted, outrageous and indefensible blockade of American merchants. As our foodstuffs are needed abroad, an embargo will be more effective than weary months of diplomatic negotiations which end in the continuance of the indefensible practices against our rights."

"The embargo also should be imposed for purely domestic reasons. The price of foodstuffs has reached levels that are bringing widespread distress to the country."

It seems to be generally agreed here that the coming session of Congress will see a fight over the embargo proposal, which is backed by monster petitions signed by thousands of persons and organizations. President Wilson and the cabinet are understood to oppose it.

HOSPITAL BOAT SUNK IN AEGEAN, 50 MEET DEATH

By Associated Press.
London, Nov. 22.—The British hospital ship *Aurora* has been sunk with loss of about 50 lives says an official announcement today. The ship was sunk by a mine or torpedo in the Aegean Sea, according to the official statement. There were 1055 survivors of whom about 28 were injured.

JUDGE HOLDS 8-HOUR LAW IS INVALID

KANSAS CITY FEDERAL COURT DECLARES MEASUREMENT CONSTITUTIONAL IN DECISION GIVEN UPON SHORT NOTICE

PROMPT APPEAL

Steps Taken at Once to Send Case to Supreme Court—Officials of Brotherhood are Made Parties to Proceeding

By Associated Press.
Kansas City, Nov. 22.—Holding that the Adamson eight-hour law "cannot be sustained," Judge William C. Hook, in United States district court here today rendered a decision which declared in effect that the law is unconstitutional but allowed the defendant government to continue in a district court which is expected to result in a final decision by the supreme court of the United States before January 1, the date on which the law was to be made operative.

In rendering this decision, Judge Hook took notice of the fact that the government's motion which precipitated action today in the injunction proceedings against the law, brought by the Missouri, Oklahoma and Gulf, was filed only yesterday and that a decision was desired today.

While declaring "far from agreeable" for a judge to render a decision without the deliberation necessary for a decision which would stand in every circumstance" the judge however in order to expedite the case, entered a decree for the plaintiff railroad.

Neither the attorneys or many large railroad systems who were present in court, nor the brilliant array of government counsel, would comment on the court's decree, as to whether it was regarded as a victory on the one hand or a setback on the other.

Apparently both sides regarded the case as a means of hastening a decision by the supreme court, which is the final arbiter.

Following Judge Hook's decision, Frank Hagerman, special counsel for the government, gave notice of an appeal which will be certified by the court late today. Mr. Hagerman also moved that the railroad's action against the officers of the four railroad brotherhoods, who were made joint defendants with the government either be dismissed or that the brotherhood officers be permitted to take an appeal similar to that of the government. This motion will be passed on by Judge Hook at the same time.

Judge Hook's decree granted that part of the government's motion to expedite the case, which requested that the receivers for the Missouri, Oklahoma and Gulf who were appointed by the court and consequently are under its direction, be instructed to cooperate with the government in the appeal. Judge Hook's forecast yesterday in his remarks from the bench, instructed Arthur Miller as attorney for the receivers, Alexander New and Henry C. Ferris to file requests for an appeal similar to that of the government. This motion will be passed on by Judge Hook at the same time.

It seems to be generally agreed here that the coming session of Congress will see a fight over the embargo proposal, which is backed by monster petitions signed by thousands of persons and organizations. President Wilson and the cabinet are understood to oppose it.

PROSECUTOR'S ALIBI IS AT RISK BY STATE

By Associated Press.
St. Joseph, Mo., Nov. 22.—Testimony tending to show that Prosecutor Oscar D. McDaniel was at his home before 11 o'clock the night his wife was murdered was presented in the criminal court today by John McAdams, a hardware buyer. The witness declared he saw McDaniel's motor car in front of the home at 10:45 o'clock that night. The accused man's story of the night of the crime was that he returned to his home at 11:10 o'clock that night and then answered a fake telephone call. The testimony given by McAdams was corroborated by Julius K. Werner, an employee of a hardware company.

WASHINGTON OFFICIALS HOPE FOR EARLY ACTION

By Associated Press.
Washington, Nov. 22.—Government officials were greatly interested in Judge Hook's decision holding the Adamson act unconstitutional, and while hopeful that final decision by the supreme court may be given by January 1, when the law becomes effective, they were not certain that it

(Continued on Page Eight)

THE BUILDING IS RENTED

The Stock Must Be Sold by January 1st

PRICES SLASHED AGAIN!

By a deal closed Monday, the Art Loan & Jewelry Co., has taken a long-time lease of the Kahn corner; provided they can have immediate possession. We must begin remodelling the building at once in order to get it completed. We cannot give them the building except by getting rid of the merchandise, QUICK. To do this, we must cut the price again. It is really an injustice to other merchants of the city to slash the price, of these magnificent goods ANOTHER CENT. BUT NECESSITY KNOWS NO LAW. We have got to get out!

We have got to get rid of the goods, we have got to make way for the Art Co., no matter what the consequence

PRICE IS NOW NO OBJECT

Thursday, November 23rd, the store will be closed all day to re-arrange stock and chop off every penny of price and profit that the necessity of the occasion demands. Friday we shall open again with a

Sensation That Will Startle The Buyers, and Make Every Merchant In Town Get Out His Hammer and Knock! Khock!! Knock!!

It will be the big event for buyers. It will mean the wholesale slaughter of the finest stock of Men's and Ladies' wearing apparel in the city. It will mean a price cutting of Kuppenheimer, Hart Schaffner & Marx and Stein-Bloch suits and overcoats; Stetson and Knox hats, Manhattan shirts, Edwin Clapp shoes; Palmer suits and coats, Gossard corsets, Gage hats, and all dress accessories for stylish men, women and children, such as has never before been witnessed.

OUT THEY GO! GET THEM! GET THEM WHILE GETTING IS GOOD!

We've cut the cost of living. If you don't take advantage of it, you'll never have another chance. Come early Friday Morning and take your choice

THE WICHITA TIMES

Published at The Times Publishing Company (Printers and Publishers.)

The Times has received a copy of the initial issue of "Texas Mineral Resources" published at Austin, Texas.

New Year's eve falls on Sunday this year. Restaurants in New York and Chicago have petitioned the Mayors of those cities to suspend the laws governing the sale of intoxicants on Sunday so that the advent of the New Year may be celebrated with the usual orgy of drink.

William Jennings Bryan has announced his intention to attempt to commit the democratic party to nationwide prohibition. Some of the larger papers have been printing maps showing the states carried by Wilson in one color and the states carried by Hughes in another color.

If the new oil field in Archer county proves to be anything like what it now gives promise, it will be one of Wichita Falls' biggest assets and will result in greater benefit to Wichita Falls than the discovery of the field at Electric. The new field is closer to Wichita Falls to begin with.

Cato Selis has sprung the first presidential boom for 1920. (The perpetual boom of Colonel Roosevelt and Bryan being excepted.) Mr. Selis points to Secretary Treasury McAdoo as being a man in every way fitted to lead the nation. Mr. Selis says that Mr. McAdoo must be given much credit for the progressive legislation of the last four years.

Under the present system of electoral votes President Wilson was elected by a narrow margin. Yet, under the popular vote system, the 400,000 votes that he received over the number cast for Mr. Hughes would have given the President a very decisive victory.

Buying the Presidency. The American people cannot longer tolerate a political system under which the Presidency can be bought. That attempts are made in every campaign

to buy it is notorious. Every manager of the political parties knows the methods that are used.

What those methods are was dramatically revealed in the Adams County investigation in Ohio, when it was shown that the county was bought and sold in every election.

The existing system of political corruption in the United States dates from Mark Hanna and the campaign of 1896. There had been plenty of graft and local corruption in various States previous to the Hanna regime, but under Hanna political corruption was organized and centralized as it never had before.

The World does not pretend that the political situation is any more honest than Republican politics. Modern political corruption is largely a Republican institution only because the Republicans have had access to immense campaign funds and the Democrats have not.

The English Corrupt Practices Act is the most drastic act which we have knowledge of and has proved itself the most valuable in protecting the purity of elections.

Wilson electoral votes 276 Hughes electoral votes 255 Wilson majority in electoral college 21 Necessary to elect a President 270 Wilson majority 10 Total popular vote 8,564,178 Hughes 8,161,333

Wilson carried the following States: Alabama, Arizona, Arkansas, California, Colorado, Florida, Georgia, Idaho, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Dakota, Tennessee, Texas, Virginia, Washington, West Virginia, Wyoming.

Now back to the statements at the head of this article. Wilson has a majority in the Electoral College of 21. These 21 votes, and 3 besides, were given to Wilson by the States as States. In other words, if the basis of

Representation in the Electoral College rested on the population of each State, Hughes would be elected. Eliminate the 26 votes which the States cast as States, independent of their population, and Hughes would have a total of 219 votes against 216 for Wilson.

The visitor from a clean town is unpleasantly struck in Wichita Falls by the number of beery and alcoholic fumes that he sees among the workmen and business people with facial muscles that are grown flabby and dull.

A Chicago bank has concluded negotiations for a loan of \$5,000,000 to the Republic of China. The noteworthy fact in this statement is not that China has borrowed \$5,000,000 or that she has borrowed the money in the United States, but that the loan was made by a Chicago bank.

Women are coming into their own in this country. Some of the largest employers of labor in the country have already placed women on the same basis as men in their employ.

The New York betting commissioners who are holding the stakes on the presidential election don't care how long it takes to recount the votes in California. These commissioners have placed the wagers they hold on deposit in banks in New York City and are getting interest on their deposits.

Even twenty-cent cotton and \$1.75 wheat don't spell prosperity for the farmer who must buy meat, butter, potatoes and other foods and vegetables for himself and family and corn and hay for his work animals.

The Germans are reported to be preparing to deport 300,000 Belgian males into Germany where it is believed they will be put to enforced work. Germany has not been heard from on the matter but it is probable that her explanation will be that the Belgians will not work in Belgium and that their deportation is necessary for their own good.

to do to the Belgians in an industrial and social sense was Turkey is doing to the Armenians.

Alcohol leaves its mark. It does this certainly whether on a town or an individual. No man can expect to indulge in alcoholic drinks and not be marked. No town can have trade in alcoholic drinks without the marks of alcohol on the town.

It has been suggested that the vote on the proposed bond issue for road improvements ought to be arranged for some time after heavy winter rains which make the roads almost impassable. After such a situation it is argued that no man would vote against a bond issue for good roads.

Conjecture is rife as to what position President Wilson will offer Victor Murdock, the Kansas editor and progressive leader whose support of the President is believed to have been a factor in his success in the West.

The prevailing high prices for the necessities as well as the luxuries of life which are attributed to the short supplies and the great European demand ought to influence men to increase production on the farm and at the same time bring the farmer and the consumer to a serious consideration of the problems of marketing and distribution.

A concrete example of how a commercial organization can help the farmer is furnished by Wichita Falls. The Chamber of Commerce of this city has organized a committee of the best commercial organizations in the Southwest to undertake the task of assisting the farmers on a really extensive scale.

Many Wichita Falls Citizens Have Profited By It. If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay.

Results of Meeting of Boys and Girls Clubs Considered Very Gratifying. Members of the boys and girls clubs who attended the club day exhibition here last Saturday went home extremely well pleased by the entertainment given them Saturday and encouraged by the prizes they received for their work.

Members of the official press committee of the convention. They said that they did not recall that Mr. Pope's name was mentioned in the convention, at all. The information which reached The Times on the subject came from an authentic source and while the course pursued by Mr. Pope may not have been considered by the convention in formal session, it is known positively that it was at least the occasion for considerable informal discussion and comment by members of the convention.

The brewers of the county are said to be behind a movement to have congress coin a seven and half cent piece. If such a coin gets into circulation the price of a glass of beer will go up fifty per cent. This will be a heavy item in the added cost of living for some Wichita Falls citizens.

A Chicago bank has concluded negotiations for a loan of \$5,000,000 to the Republic of China. The noteworthy fact in this statement is not that China has borrowed \$5,000,000 or that she has borrowed the money in the United States, but that the loan was made by a Chicago bank.

MONASTIR'S FALL PRICES OF MANY CHEERS ALLIES THINGS ADVANCE

MAY MEAN STILL GREATER ACTIVITY IN BALKAN THEATRE OF WAR

ROUMANIA'S PLIGHT CANNED GOODS SHORT

Further Advances by Germans Make Situation Much More Precarious

The Associated Press summarizes European war operations as follows: The capture of Monastir by General Sarrail's army in Macedonia is looked upon by eminent military writers as of notable political importance, but opinion appears to be divided as to whether it will be followed by military developments of sweeping character.

Events of the next day or two are expected to show whether the capture of the Macedonian capital will require a period of rest before starting a new advance on whether the pursuit of the retreating German-Bulgarian force is to be pressed despite adverse weather conditions.

In some quarters an advance by the German forces along the road to Priep is predicted to be followed by a thrust from Priep toward Negotin on the Vardar, with the object of outflanking the Bulgarian line and opening up the frontier passes northwest of Saloniki.

The situation in Greece apparently has reached a critical juncture at various stages. Following the demand by the Entente for the turning over of virtually all the arms, artillery and munitions of the Greek army, it is reported today in a news agency dispatch from Athens that the ministers of the central powers have been ordered by the Entente allies to leave Greece by Wednesday.

The German-Bulgarian forces which evacuated Monastir as a result of the successful flanking movement by the French and Serbians are still in full retreat, Paris reported today and are being relentlessly pursued. Berlin, however, declares the new positions chosen north of Monastir are well equipped without undue pressure being felt and adds that fresh German forces have arrived on the scene. It asserts further German attempts to advance east of the Monastir region were defeated.

The position of Rumania appears increasingly precarious. Von Falkenhayn's armies continue to force their way southward from the Transylvanian border and Szeben admits a further retreat of Rumanians in the Jiu Valley region. Near Dragaslave northwest of Campulung the Rumanian troops appear to be making the most stubborn resistance.

The greatest peril to the Rumanians, according to the view of military experts, lies in the reported cutting of the railway from the Danube to Cracova, threatening the flank of the Rumanian army south of the city. It is reported that the position of the Russian army at Orsava is hazardous.

BODY DISCOVERED FLOATING IN RIVER

From Sunday's Daily. All efforts to positively identify the body of a white male found floating in the Wichita river Saturday morning, have failed so far, but it is thought that the officers are now on a case which will lead to its identification. Parties who have seen the body ascertained that it is that of an itinerant junk dealer who has been here for some little time, and who had a wife in Fort Worth. The body, which was embalmed by the Hines Undertaking company, will be shipped to Fort Worth today in an effort to have the woman identify it as her husband.

Whether death came about accidentally or with suicidal intent, the officers are undecided, although leaning to the accidental theory. The entire absence of any marks of violence or signs of a struggle along the river bank removed any thought of foul play. The body was discovered by two boy hunters, Arnold Baker and Vernon Aklev, five State street, about 11 o'clock Saturday morning. It was lying about ten feet from the bank in shallow water near a narrow sand bank jutting out into the stream in the lower part of Turkey Bend about a quarter of a mile above the mouth of Holliday Creek and Big Wichita. A light cloth hat, found about thirty yards from the body, was a red and white striped cap with a dark band. The boys made their way to the body, and making sure that it was a man, drew it to the bank and returned to town to notify the officers.

The dead man, apparently a Jew, was about five feet five inches in height, weighed between 125 and 130 pounds, had stiff bushy black hair, a black mustache and dark skin and eyes. He was dressed in a dark grey wool shirt, dark green trousers with a narrow perpendicular stripe and black lace shoes. A light cloth hat, found about thirty yards from the body, was a red and white striped cap with a dark band. The boys made their way to the body, and making sure that it was a man, drew it to the bank and returned to town to notify the officers.

As the place where the body was found was known as a good fishing hole it was thought that that might have been the occupation of the dead man when he fell into the river, but no pole or other fishing paraphernalia could be found anywhere near the body. Any theory that the dead man might have come to his end by foul play was contradicted by the absence of any marks of a struggle in the vicinity in which the body was discovered.

"Hope of Holland" III, Dutchmen Fear Throne May Go German Prince

Estimates Vary as to Amount Still Unsold—Sales Made in Small Lots

PRINCESS JULIANA

Reports of the illness of Princess Juliana, only child of Queen Wilhelmina of the Netherlands and heir to the Dutch throne, have been making Dutchmen, since the lives of the queen and the princess are all that stand in the way of possession of the throne by a German prince, who he thought could be, after Queen Wilhelmina and Princess Juliana, in the house of Wied. Princess Juliana is seven years old.

NEGRO IN OKLAHOMA MAY PROVE FUGITIVE

Officers at Blair, on Northwest Think Fugitive Was There Recently

From Monday's Daily. Hope of finding a negro who assaulted Miss Beulah Lafayette last Wednesday was revived today by the receipt of a message from B. Love, night watchman at Blair, Okla., telling of a negro who had been under arrest there and had been released. This negro, according to Mr. Love's message, was arrested by him at 3:30 on the Thursday morning following the assault, which was committed about noon on Wednesday. Mr. Love said that the negro appeared nervous and excited and that he had been released to make a getaway from somewhere. He stated that the negro had evidently come up the railroad from the direction of Altus and had been making the best possible time. The negro was held at Blair for a day or two in case someone could be found who wanted him and had been released before the Blair authorities heard of the Clay county case. Mr. Love was confident, however, that he could locate the negro and negroes are rarely in that country.

No description of the negro was given in the message, but from what Mr. Love said it is believed that the police are rather hopeful that he may prove to be the negro wanted. Mr. Love has been notified to get the negro and hold him and asked to send a description of the man. Blair is beyond Altus on the Northwestern, and as the time that the negro was taken up there, it is believed that the crime was committed in or near that way that far.

W. C. T. U. CONVENTION HEARS PRISON WORKER

By Associated Press. Indianapolis, Nov. 20.—Among the speakers at the "Efficiency Congress" of the Women's Christian Temperance Union convention this morning at the general topic was "The W. C. T. U. and the Government," were Mrs. Minnie B. Hornung, superintendent of the department of Prison Reform, whose subject was "What is Prison Reform," and Mrs. Ella Eucher, black of the Department of Work Among Foreign-Speaking People who spoke on "Our Americanized Neighbor."

Mrs. Hornung said the W. C. T. U. was working to abolish the execution of condemned criminals, the use of prison stripes, the lock step and enforced silence in prisons, and she said that these things had been abandoned already. "We urge," said Mrs. Hornung, "segregation and classification of prisoners—the young from the old, first offenders from repeating criminals, the white from the colored, the sane from the insane, and the able from the feeble, and we ask vocational schools for juvenile offenders and farm homes for women prisoners, and we urge that Congress make an appropriation for a federal prison for women only."

Mrs. Black pointed to the prospects of greatly increased immigration following the war, and said: "A wonderful opportunity will be given our women in helping find employment for maids. One woman of social standing, an ardent suffragist, says, 'Green girls can be taught English in a month, with religion on the side. Use the best books of both English and French, with the dictionary as reference.' Housewives must also teach their girls how to use labor-saving devices; across the ocean, they use just their mits."

90 PER CENT OF CROP HERE GINNED

Estimates Vary as to Amount Still Unsold—Sales Made in Small Lots

From Monday's Daily. While cotton ginneries agree that more than 90 per cent of Wichita county's cotton crop this season has been ginned, diverse opinions are given as to the amount of the crop that has been sold. Some of those familiar with the situation declare that fully 80 per cent of the crop has already been marketed, while others declare that from a fourth to a third of the ginned crop has been stored in warehouses, awaiting still higher prices than those prevailing.

So far as can be learned, no middling cotton has sold for 20 cents here as yet. Saturday's quotation for middling was 19 3/4 cents—the highest ever known here. The record breaking prices of the past few weeks have brought comparatively little cotton into the local market, and such sales as have been made have been one or two bale lots as a rule. This has caused the belief in some quarters that the cotton remains to be sold, but others contend that a substantial proportion of the crop is still being held.

One or two rural gins in this county have closed their doors and are in operation are ginning only from five to ten bales daily. The ginneries estimate that 90 per cent of the crop has been through the gin and both ginneries and buyers agree that this is about correct.

OLD INDIAN VILLAGE IS NOW NATIONAL PARK

By Associated Press. Washington, Nov. 18.—The "Old Kasaan National Monument" consisting of 250 acres within the Tongass National Forest, Alaska, has just been created by presidential proclamation as a result of recommendations of the United States secretary of agriculture.

The tract embraces the well known abandoned Haida Indian village of Old Kasaan, situated on the Prince of Wales island in southeastern Alaska, about thirty miles west of Ketchikan.

The village was abandoned by the Indians about 100 years ago. Among the relics which remain there are about fifty Indian totem poles, five or six of which are classed as exceptionally good. Within the deserted village there are also eight large square buildings which were originally constructed according to the peculiar plan of the Haida Indians, and which, it is stated, are those best qualified to know represent the best specimens of Haida architecture that now exist.

There also remains a number of Indian graves with the typical small grave houses erected by the Alaskan Indians. Since the village was abandoned by the Indians the buildings have been rapidly falling into a state of dilapidation and decay and a certain amount of vandalism by tourists and souvenir hunters renders some form of protection essential. An examination of the area was made jointly by representatives of the forest service of the interior department, and reports strongly urging the establishment of the National Monument were approved by the secretary of agriculture. The Smithsonian institution strongly endorsed the proposition for the establishment of a National Monument, and the new National Monument will be protected and administered by the forest service, as in the case with all monuments located within the national forests.

Jacques Veriot, 13, Is Genuine "Poilu," Rifle, Pipe and All

JACQUES VERIOT, 13 YEAR OLD "POILU"

Jacques Veriot, thirteen years old, who is in the trenches with the French soldiers at Suippes, is a real soldier, not a messenger boy for the "poilus" and can handle a gun and smoke a pipe as well as the biggest of his comrades. The boys of seventeen or eighteen are common in all of the European armies and it is said that of sixteen are by no means unusual, there are few soldiers as young as Jacques in active service.

PINK BOLL WORM, MOST DESTRUCTIVE COTTON PEST, NOW THREATENS TEXAS

Washington—The pink boll worm, the most destructive of all cotton pests, which has caused millions of dollars' loss to cotton growers in Egypt, India and other cotton producing countries, has for the first time been discovered on the North American continent. The presence and probable establishment of the pest in the important cotton growing Laguna district of the State of Coahuila, Mexico, has already spread to practically all cotton producing areas in the U. S. department of agriculture. Abundant to quarantine regulations have been promulgated by the secretary of agriculture seeking to prevent the worm from entering the United States and every possible step will be taken by the department to make the prohibitions effective and to safeguard the interests of the cotton producers of the United States in other ways.

The pink boll worm is a comparatively new cotton pest, spreading from India to Egypt about eight years ago. It has already spread to practically all cotton producing countries in the world except the United States. Regarding the possibility of introducing the pest into this country in cotton seed, seed cotton, and cotton seed hulls, the United States has prohibited for several years the importation of these products from all cotton producing territory except six states of northern Mexico. For the same reason cotton lint from such countries has been admitted into the United States only at certain northern ports and after fumigation. The new amendments to quarantine regulations, effective November 4, extend the prohibition against importing seeds, seed cotton, and hulls to the previously excepted Mexican territory with the exception of that portion of the Imperial Valley, south of the Mexico-California line. This area is continuous with the Imperial Valley of California, is devoted to the culture of the same kind of cotton, and is largely settled by Americans. In view of the utility of cotton culture in the valley, making the separation of the Mexican portions of the area from continental Mexico by the Gulf of California and the narrow isthmus of Tehuacan, it is not considered necessary to change the existing regulations there. The growers of this valley on both sides of the cotton seed and cotton products from those parts of Mexico against which the quarantine has been promulgated.

As to continental Mexico, however, involving the five States of Nuevo Leon, Coahuila, Durango, Chihuahua and Tamaulipas, the discovery of the pink boll worm in the Laguna district makes it absolutely imperative that further movement of cotton seed and hulls be stopped. This has been effected by the order issued by the Secretary of Agriculture revoking the amendments to the cotton seed quarantine which permitted such movement of seed from these states. The control of the movement of lint cotton from these states of northern Mexico has been effected by a revision of quarantine regulations which will necessitate the transportation by water of the route of Mexican cotton intended for the United States to specific north-ports of entry where disinfection and compliance with the other features of the regulations can be made.

The establishment of the pink boll worm in Mexico presents one of the greatest menaces which has come to American cotton culture in its history. This insect in India, Egypt, Hawaii, and other foreign cotton-producing countries, has shown a capacity for damage exceeding that of the boll weevil. This possibility of damage has warranted the Department of Agriculture, under authority of the Plant Quarantine Act, to make the most strenuous efforts to exclude this insect from the United States. This has involved, as already noted, the regulation of the entire cotton importing business, in representing value in imports of from thirty to fifty million dollars annually, and the control of the utilization of foreign cotton in all of our spinning, weaving and dressmaking, and other factories utilizing such cottons in any raw state.

The Laguna district, where the insect has been discovered, is one of the most important cotton producing areas in Mexico. It is an elevated plateau region near San Pedro in central northern Mexico. Cotton culture there is more intensively prosecuted than anywhere else in Mexico, and it is possible that this very interest in cotton culture has led to the introduction of the pink boll worm in the effort to get improved cotton varieties from Egypt or other foreign sources. The discovery that the worm exists in Mexico resulted from the sending by a planter of the Laguna district to the Federal Agricultural Bureau, the Federal Horticultural Bolls from his plantation which he supposed to be infested with the common boll weevil. An examination of this material showed that the infesting insect is the dreaded pink boll worm of Egypt and India.

The pink boll worm hibernates in the larval state in the seed, and in this way is readily carried to any corner of the world by seed exportation. The adult insect is a small moth. The weevil attacks the immature cotton bolls, and, in severe cases, may reduce the yield 50 per cent. In addition to this, the amount of lint obtained from the seed of infested cotton, is especially low. The discovery of the pink boll worm near America cotton-producing area, the Department of Agriculture has immediately taken steps to give assistance to the Federal authorities in preventing any movement in violation of the new amendments of cotton seed and cotton lint from Mexico into the United States.

FAILS TO IDENTIFY NEGRO HELD HERE AS SUSPECT

A negro arrested on the platform at the Union station by Officer Pritchard on a charge of intoxication was found to answer description of a negro wanted for wife murder in Ellis county. The Ellis county authorities were informed of the negro's arrest and he was held pending the arrival of officers from that county.

Sheriff H. S. Dearborn of Ellis county who arrived this afternoon after an examination of the negro was doubtful, however, as to his having been the one wanted, but the description was answered so closely by the negro in custody that the officer could not be positive. He has not decided to take him back. The crime in question took place near Waxahachie last fall, the negro man cutting his wife's throat with a razor.

ANOTHER EXAMINATION FOR SECOND LIEUTENANT

On account of the numerous vacancies existing in the grade another examination for provisional appointments as second lieutenants in the United States army is announced for January 25, applications of which must be entered by January 15, notice of which has been received at the local recruiting station. The examination is open to civilians, who will compete on equal terms with officers of the National Guard. Civilians candidates must be between the ages of 21 and 37 years. Existing men in the regular army will be eligible for the examination must have had at least one year's service, be unmarried, and be under 30 years of age. The educational requirements are set forth in General Orders, war department 1915, copies of which may be obtained by addressing the adjutant general, Washington, D. C. Graduates of

SEE PRESIDENT ON 8-HOUR LAWS

BROTHERHOOD CHIEF TO CALL ON WILSON TODAY

MAY FIGHT MEASURE

Some Recommendations With Respect to Proposed Laws are Opposed

By Associated Press. Washington, Nov. 20.—While it was insisted they came only to pay their respects to the head of the four great railroad brotherhoods today, the plan for cooperation with the Brotherhood with the American Federation of Labor would be discussed in a very brief session of the legislative body which will convene next month. It will make recommendations for the remainder of the legislative program, which was unfinished when Congress adjourned last year.

The Brotherhood leaders oppose that part of the president's recommendation, which proposes investigation of railroad labor conditions, before a strike or lockout is permitted. The American Federation of Labor has also opposed a second session of Congress. Congress will be urged to pass legislation whereby money on deposit in the postal savings banks may be loaned to municipalities for the purpose of building model homes for the unemployed in accordance with a resolution, unanimously adopted by the convention today.

FEDERATION CONSIDERS EIGHT HOUR LEGISLATION

By Associated Press. Baltimore, Nov. 20.—President Samuel Gompers of the American Federation of Labor refused today to comment on the reported plan for the investigation of the four railroad brotherhoods with other railway organizations who are affiliated with the Federation of Labor, in a combined effort for an eight hour day.

His explanation that he could not talk about matters that will come before the convention in due course, taken in connection with the announcement that the brotherhoods were expected to address the convention tomorrow was regarded as an indication that the plan will be presented to the convention. The federation executive council already has reported to the convention that the railway brotherhoods were assured of the support and cooperation of the American Federation of Labor in their struggle. Vice President Egan, chairman of the federation committee on resolution, has announced that one of several resolutions of a universal eight-hour day would be reported as soon as possible.

APPROVES DISCOUNT FOR ST. LOUIS FEDERAL BANK

By Associated Press. Washington, Nov. 20.—The Federal Reserve board today approved a 10 per cent discount for one-half per cent for six months for the Federal Reserve bank at St. Louis.

Approved colleges are entitled to certain exemptions from examination fees. The board today approved a 10 per cent discount for one-half per cent for six months for the Federal Reserve bank at St. Louis.
