GERMAN FORCES CROSS DANUBE WHILE BULGARIANS ALSO MAKE INCROAS. WALLACHIAN ARMY HAS APPARENTLY ESCAPED.

GREEK CRISIS ENDS

Cabinet Yields to Insistent Demands By Entente-Powers. Fighting on Macedonian Front Results in No Change in Situation.

The Associated Press summarizes European war operations as follows: The situation in Rumania, whose troops are being pressed backward from the west and south by a concerted advance of Teutonic and Bulgarian forces, continues to be the focus of the most intense interest.

The latest phase of the advance of the Teutonic allies, the pressure on Rumania by crossing the Danube is dealt with in announcements by the German, Rumanian and Russian war offices.

The forces of Field Marshal Von Mackensen have crossed the Danube from the south and have gained a footing on Rumanian soil. Bulgarian troops have occupied islands in the Danube near the mouth of the Alt river near Orsova and at two other points.

Some of the principles which the railroads believe should be included in any just system of regulation were outlined today by Mr. Thom. The main features are:

The entire power and duty of regulation should be in the hands of the national government except as to matters so essential to local that they can not be used to interfere with the efficiency of the service or the just rights of the carriers.

As a means to accomplish this end, a system of federal incorporation should be provided for to cover all railroad corporations engaged in interstate and foreign commerce.

Reorganization of the interstate commerce commission and creation of a new federal railroad commission and a regional commission subordinate to it.

Power to be given to the Interstate Commerce commission to prescribe minimum rates, and power of rate suspension in the rate commission to be reduced to 60 days from the time a tariff is filed, instead of ten months as at present.

Exclusive over should be in the federal government to supervise the issue of interstate carrier securities.

Mr. Thom considered his argument that regulation of interstate commerce by the federal government would not invade the rights of the states but merely carry out the express purpose of the constitution.

It is reported that the Greek cabinet is about to resign. Prior to the resignation, the Greek government has yielded the situation was described as "most grave."

Violent fighting continues on the Serbian front in Macedonia. Repeated attempts by the entente allies in strong attacks between Lake Ochrida and Presha were repulsed with heavy losses.

RAILWAYS' PLAN OF REGULATION

ATTORNEY TELLS COMMITTEE WHAT CHANGES IN SYSTEM ARE DESIRED.

WOULD CENTRALIZE

Favors Governmental Control of All Save Purely Local Problems.

By Associated Press. Washington, Nov. 25.—Presentation of present day railroad problems and plans worked out by the carriers for their solution was completed today before the joint congressional investigating committee by A. P. Thom, counsel for the railway executives advisory committee.

Mr. Thom has addressed the commission for three days outlining at length the troubles of the roads in questions of financing and in providing adequate facilities for the nation's business. He emphasized particularly the difficulties of operation under the existing system of simultaneous federal and state regulation and asserted that the interest and the aim of his roads is to do nothing not in the public interest.

During the day Mr. Thom told the committee the railroads are particularly interested in federal control of security issues and in changes in the Interstate Commerce commission's operations and in terms of the act under which it regulates commerce.

Some of the principles which the railroads believe should be included in any just system of regulation were outlined today by Mr. Thom. The main features are:

The entire power and duty of regulation should be in the hands of the national government except as to matters so essential to local that they can not be used to interfere with the efficiency of the service or the just rights of the carriers.

The Italian troops endeavored to advance northwest of Monastir and the Serbians east of that city, but failed.

A full in the operations along the front in France is attributed to bad weather and fog.

Yale Triumphs Over Harvard West Point Wins From Navy

BLUE'S VICTORY IS WELL EARNED, SCORE IS 6 TO 3

By Associated Press. New Haven, Conn., Nov. 25.—Rising from the ashes of four years of consecutive "football" defeat, Yale triumphed over Harvard here today by a score of six to three. Tonight the entire town is celebrating the first Yale victory over Harvard since 1909 and the first touchdown since 1907.

The victory of the Eli eleven was fairly won and clearly deserved. For the first time in almost a decade Yale sent on the field a team which was individually superior to the Harvard team.

Possessed of a stronger line and a backfield fully the equal of Harvard's the Eli eleven took up the battle after the Crimson had gone into the lead with a field goal on the first period.

Harvard battled viciously against every foot gained by Yale. Once in the lead, Yale never gave its opponents opportunity to strike again through the three point margin through-out the game.

The victory was won before the largest and most enthusiastic assembly of gridiron enthusiasts that has ever witnessed a football game in their country. Close to 80,000 spectators were packed within the Yale "bow" filling every available foot of seating and standing space.

The scenes when the time keepers whistle announced the completion of play and of Yale's victory surpassed anything ever seen in the celebration of success in this series. Thousands of cheering and yelling Yale alumni and students rushed down the steep slopes of the bowl and out upon the field engulfing the fatigued Blue heroes as they sprinted for the sidelines.

CHAMPIONSHIP OF CONFERENCE WON BY OHIO ELEVEN

By Associated Press. Columbus, O., Nov. 25.—Ohio State University, the baby member of the western conference tonight held the undisputed championship of the "big nine" as a result of the 23 to 3 victory over Northwestern here today. The Ohio warriors have won every game this season. Today's defeat was the first suffered this year by Northwestern.

"Chick" Harley, one of the biggest sensations of western football this year, was the hero. He broke through Northwestern's entire team for a run of 63 yards to a touchdown and succeeded in scoring all but seven of Ohio's points. Harley is 19 years old, the youngest member of the team.

Ohio did the first scoring in the first period when Harley kicked a 35 yard field goal. The climax came in the fourth period when Driscoll of Northwestern tied the score with a field goal from the 33 yard line. Ohio State immediately tightened up and Harley began Ohio's scoring in the most sensational play of the game by breaking through Northwestern's entire defense for his 63 yard run. He then kicked goal. Ohio continued its drive and in a very few minutes Harley scored in the last two minutes of play. Captain Sorenson playing his last college game went over the line for a third touchdown.

around the field and the illuminated goal posts followed. Led by the University band, and the captains of the crew track and baseball teams the tide of joyful Yale adherents swept up and down the field in a snake dance. Huge balls of fire, ready immediately the game was over, were stashed to the two bars at the extreme ends of the field while squads of older graduates fired volleys after volleys of Roman candles across the ground as the band blared and the blue section of the stand sang and cheered in unison.

Across the bowl the Harvard party stood in silence after the Crimson team left the field until the paraders reached their position. Then the cheer leaders called for cheers for Yale and there was a hearty response.

ARMY IS VICTOR OVER MIDDLES IN SATURDAY'S GAME

By Associated Press. Toledo Grand N. Y., Nov. 25.—The Army defeated the Navy in a hard fought battle for football supremacy here today by a score of 15 to 7. It was the 21 meeting between the two academies and the record stands eleven to nine in favor of the Army with one tie. The Navy having appeared outclassed at the opening of the game rallied strongly in the closing periods.

Some 50,000 citizens, not counting the governor of New York, cabinet officers, generals, admirals and an array of lesser lights in both branches of government saw the game. Only for the absence of President Wilson the game would have provided all the spectacular incidents that go to make such battles historic.

Governor Whitman, Mayor Mitchell, Secretary of the Navy Daniels and Secretary of War Baker were among officials occupying boxes. Between the second and third periods, Secretary Daniels and Secretary Baker surrounded by officials high in their respective services, walked to the center of the field and greeted each other.

It was all Army in the first half of the game. Oliphant's rummy back of the kick-off almost the entire length of the field made it look to the spectators like a runaway race. Oliphant and Vardell were the Army's stars keeping the ball in their opponents territory in the first two periods.

A well executed forward pass brought the second Army touchdown early in the second period. Both goals were missed. With the score 15 to 0 against them the Middles returned after the intermission and made a separate effort to win. Robertson who caught the kickoff on his own five yard line ran back 25 yards before he was tackled. The whole Navy team appeared to have found new vigor. Plays off tackle, and well executed forward passes brought the ball to the Army's 25-yard line on an exchange of punts. Goldstein then broke through blocked a kick and made a touchdown. Relsel kicked goal. The Army's goal line was once again imperiled only to be saved by a 40 run by Oliphant. The Army star was watched more closely by his opponents in the last two periods and made no other spectacular runs.

PROTOCOL MEETS WILSON'S FAVOR

LITTLE DOUBT THAT ADMINISTRATION WILL APPROVE AGREEMENT.

DOUBT ON CARRANZA

His Attitude Considered Problematical But Hope for Approval Are Expressed.

By Associated Press. Washington, Nov. 25.—There appears to be little doubt that the American government will approve the principle of the protocol signed in Atlantic City yesterday by members of the American-Mexican joint commission providing for conditional withdrawal of the American troops now in Mexico under the military control of the border.

President Wilson and Secretary Lansing began study of the protocol today and no formal announcement will be made until they have considered all details, other officials said. The agreement followed the general ideas of the administration.

The attitude of General Carranza toward the agreement is considered here as more problematical. Alberto J. Paun, one of the Mexican members of the commission, will deliver it to him at Queretaro and will make a supplementary explanation of the American attitude in the United States.

Mexican members are hopeful that his explanation will impress General Carranza, since a clear exposition of the intentions of the United States was made at Atlantic City.

Officials display a determination to deal firmly with the Mexican question, no matter the attitude of General Carranza takes toward the agreement. They are hopeful, however, that he will approve it.

One of the developments of the Atlantic City conference regarded here as significant of better relations between the two countries was a promise by the American commissioners that those suspected of plotting against the Carranza de facto government in this country will be closely watched by the United States government and rigidly punished if it is found they are trying to violate neutrality. It became known tonight that this pledge which was not put in writing, was given after the Mexican commissioners had complained that much of the difficulty along the border was due to plots formed within the United States.

The American commissioners gave full assurance that the United States would enforce the neutrality laws. They pointed out, however, that agents of both the state department and department of justice constantly are seeking evidence of such violations and made it clear that claims for non-enforcement of neutrality laws would not be accepted as excuses for violations of American rights on the border.

OBREGON DECLINES TO COMMENT ON AGREEMENT

By Associated Press. Mexico City, Nov. 25.—General Obregon, minister of war, declined today to make a comment on the protocol recently signed at Atlantic City, providing for the conditional withdrawal of American troops and for military control of the border. He declared such matters were out of his department and that comment must come from others.

CHICAGO'S COLD STORAGE PLANTS

By Associated Press. Chicago, Nov. 25.—War against the high cost of living became militant here today with simultaneous raids by the city health departments on three of the largest cold storage warehouses in the city. The raids were based on a city ordinance, long ignored, which places a restriction on the time food may be kept in cold storage and were the largest since the city's health department was organized.

ASK WILSON TO END GAMBLING ON NECESSITIES

By Associated Press. Chicago, Nov. 24.—An appeal for an investigation with a view of relieving present distress and prevent future speculation in the necessities of life, was sent to President Wilson today by the Women's Church Federation of Chicago. A resolution adopted by the organization urged all churches to make similar appeals that the president may recommend remedial measures in his forthcoming message.

CHIHUAHUA CITY STILL INVESTED BY VILLA FORCE

BANDIT CHIEFTAIN RESUMES ATTACK, DRIVING FROM NORTH SIDE WHERE HIS CHANCES ARE THOUGHT FAVORABLE.

WIRES REPORTED CUT

No Information as to Outcome of Latest Effort Comes Since Early Saturday Morning's Attack Results in Failure.

By Associated Press. Juarez, Nov. 25.—Rumbling of cannon was interrupted soon after General Trevino sent a personal message to Mrs. Trevino, assuring her of his safety.

The telegraph line is in operation from Juarez to Saas the first station north of the capital but Carranza officials said it had been out of operation since the attack on Chihuahua city. The station agent at Saas was ordered by General Gonzalez to send a runner into the city tonight and ascertain developments of the day and report them upon return.

Suspension of wire communication with Chihuahua city is considered by Carranza officers here to indicate that Villa has moved round to the north and northeast of the city and is attacking from that side in the hope of avoiding the fire which the Carranza artillery has been pouring into his ranks.

Americans familiar with the topography of the city say Villa will be able to make his way into the city from the north without encountering artillery fire. This part of the city is said to be less strongly fortified than the south, east and west. A repulse of Villa was reported at nine o'clock this morning just before communication was interrupted.

The Villa bandits again were repulsed early today by the Carranza forces defending Chihuahua City, according to a message received at military headquarters here. The message said the repulse was more decisive than that of yesterday and Thursday, the bandits being driven clear of the suburbs after desperate efforts to penetrate to the heart of the city and take by storm. The bandit army lost heavily in the attacks made on Thursday and Friday. Carranza officials declared, adding that the troops had remained loyal.

Villa's attacks on Chihuahua City yesterday continued until nine o'clock last night officials said.

General Ouzna commanding government forces, late yesterday was said to have pursued a bandit column for some distance outside the city. In the meantime, another body of Villa followers appeared from another quarter and attacked. Later in the day, Ouzna returned to the city with his command. There was nothing in last night's report to indicate that the fighting was on a large scale.

Young Mexicans Held at Amarillo for Placing Ties on Rock Island Track.

By Associated Press. Amarillo, Texas, Nov. 25.—Tracing their tracks through the snow, deputy sheriffs today arrested Jose Rodriguez, nineteen years old, and Apolonaka Constanda, seventeen years old, who the officers say, confessed to placing ties on the Chicago, Rock Island & Pacific railroad, six miles east of here last night. A passenger train was stopped within a few feet of the obstruction. The youths confessed, officers say, declaring their intention was robbery.

23,000 TROOPS IN REVIEW ON BORDER

Soldiers Who Took Part in Recent Maneuvers Send Greetings to Wilson.

By Associated Press.
Brownsville, Texas, Nov. 25.—Twenty-three thousand troops who have been doing duty on the Mexican border, today were reviewed by Brigadier General James Parker. While the review was in progress General Parker telegraphed President Wilson as follows:
"After a course of strenuous training, lasting five months, culminating in a maneuver of eight days' duration, 23,000 men, massed in review on the historical battlefield of Rosas de la Palma, salute you."
These troops, comprised units of the regular army and of the states of Colorado, Indiana, Iowa, Kansas, Minnesota, Nebraska, New Hampshire, North Dakota, Oklahoma, Virginia, South Dakota, and Louisiana. They include infantry, cavalry, artillery, engineers, signal corps and hospital forces.
Following the review the Third Indiana Infantry and the Third Minnesota Infantry, which have been ordered home, were sent to Camp Llano Grande in motor trucks and expected to entrain for home mobilization camps tomorrow.

Rats and Wildcats About to Take Guam, U. S. Island Colony

By Associated Press.
Washington, Nov. 25.—Guam, United States island possession, is literally being overrun by rats, wildcats and dogs, according to Captain Roy C. Smith, governor of Guam, in his annual report, made public today. These pests not only are causing serious property damage, but are a source of great annoyance to the island population. Animal ticks also are playing havoc among the cattle. Bounties have been offered for the destruction of rats, but with little effect, according to the report.

"FLOOD LIGHTED" LIBERTY STATUE WILL BE A PERMANENT BEACON

STATUE OF LIBERTY "FLOOD LIGHTED"

On December 2 the Statue of Liberty will be "flood lighted" with electricity and thereafter entire monument will be a shining beacon instead of the torch only, as has been the case in the past. President Wilson has consented to be present when the statue is lighted up, as one of the features of "America's electrical week" December 2 to 5. Members of the cabinet, governors, distinguished members of the diplomatic corps, headed appropriately by its dean in Washington, the French ambassador, M. Jusserand and noted civic and industrial men, will be present. Ex-Senator Chauncey M. Depew, who, with President Grover Cleveland, attended the unveiling of the statue thirty years ago, will make one of the addresses of the evening. His plan is to assemble the entire Atlantic Fleet in New York harbor on that night.

An Instrument That You Can Play!

The AEOLIAN-VOCALION is more than a mere phonograph. While it is a reproducing instrument, introducing the music of the world's greatest artists, it is an instrument that you can actually play, giving to each record your own interpretation of the music. Through the Graduola, the exclusive VOCALION expression device, each tone, every phrase, answers to your will as truly and certainly as if breathed from your lips. The master's skill, graven in the record, becomes the voice of your heart, and at last you enjoy the transcendent pleasure of making music instead of being merely a listener.

The AEOLIAN-VOCALION is made in many styles, in prices from \$75 to \$2,000. We are now showing four styles, and cordially invite you to a demonstration of their merit at any time you choose.

Codfish Swells up, Almost Sinks Ship; Help Just in Time

By Associated Press.
Galveston, Texas, Nov. 25.—The Norwegian steamship Kronstad arrived here today and reported having rescued all the members of the crew of the schooner Ponhook. The Kronstad, two days out from the Azores, sighted the Ponhook in a sinking condition, and effected the rescue of the men at night in a heavy sea. The Ponhook was en route from St. John's for Gibraltar, with a cargo of dried codfish. Water coming in contact with the steamer's cargo it said to have caused it to swell and open so many of the Ponhook's seams that she could not keep afloat. Captain Doyle and the seven men of the Ponhook were landed at Ponta Del Grade, Azores. The rescue was effected on October 29.

DISCUSSES CONDITIONS IN DUBLIN SINCE REBELLION

Associated Press Mail Correspondence.
Dublin, Ireland.—The Dublin correspondent of the Associated Press has interviewed the Right Hon. James Gallagher, Lord Mayor of Dublin, in reference to the statements which have been made regarding a supposed exceptional state of distress in the city due to the April rebellion, and its suppression.
The Lord Mayor said: "We are absolutely better off this year than last year, notwithstanding the rebellion. There is, as far as I can see, no exceptional distress at all. There is, on the contrary, a good deal of money coming into the city for separation allowances for the dependents of the men, most of them of the working classes who joined the army. Information obtained from various traders in the city enable me to say that trade is as good if not better than it was twelve months ago. Moreover, employment has been added owing to the amount of munition work done in the city. We have five or six factories each employing from one hundred to six hundred hands. Women are earning very good wages and Dublin women have proved very adaptable in shell making. The result is that the government is able to turn out shells in Dublin and in Ireland generally, cheaper than it can do it in England."
"The effect of the rebellion," said the Lord Mayor, "was only temporary. A certain number of people were thrown out of employment by the destruction of the premises in which they worked; but that temporary need was promptly met. I got up a fund which amounted to five or six thousand pounds, and the local committee which had been working for the Prince of Wales' fund in relief of war distress gave me permission to spend from their resources something like 2,000 pounds in addition. We had the advantage in distributing these funds to the necessities of all the machinery used by the local relief committee. The need was only temporary, most of the people who were not employed at that time have got employment elsewhere, and their old or new employers. Some went to England and secured employment in the munitions factories."
The authorities of the St. Vincent de Paul Society, who have closer touch with the poor in the city of Dublin than any other organization, will mail the number of addresses on their books in the city is exactly the same today as it was at the beginning of October last year.

ADVANCE IN MUSHROOM PRICES NOT EXPLAINED

Associated Press Mail Correspondence.
Berlin.—For net reason except speculation mushrooms have soared in price to such a height that the authorities are being called on to step in, establish maximum prices, or take some similar measure to keep them within reach of the common people.

This season mushrooms are so plentiful that the price paid by the whole sale to those who gather them ranges from 30 to 40 pfennigs a pound. Even at this low rate, families during the summer made from 80 to 100 marks a day by making excursions into the country and picking as many mushrooms as they could carry.
Notwithstanding this, superabundance of the plants has not tended in the slightest to keep the retail prices down. Today mushrooms sell at retail for from 110 to 125 pfennigs a pound.

SHOE DEALERS SEEK LEATHER SUBSTITUTE TO BEAT HIGH PRICES

By Associated Press.
Pittsburg, Pa., Nov. 25.—There is no shortage of shoes, according to officers and directors of the National Shoe Retailers' Association, who came here yesterday to arrange for the national convention in Cincinnati in January. The retailers were so sure high prices would continue that a lengthy discussion was held to provide a substitute for leather in the manufacture of shoes and a committee was named to make a thorough investigation.

SOONERS BEAT ARKANSAS BY ONE POINT MARGIN

By Associated Press.
Fort Smith, Ark., Nov. 25.—By the narrow margin of a single point the Oklahoma University Sooners knocked out the Arkansas University Razorbacks this afternoon. Because Hardin and Shackelford each thought the other was to catch Hale, a punt out for position after his touch down in the second quarter, neither caught the ball and the Razorbacks lost their opportunity to kick the goal. The final score was 14 to 13.

Don't you ever buy a flower for your sweetheart, wife or mother on their birthdays, or the holidays that mean the most to them? Now we are not here to censure, or to reprimand another, nor to worry you; but here to serve you if we can. Everyone should try to specialize and make a life-long study, trying to help his fellow-man. Looking over the list of subjects, we decided to be florists; yes, we're into it for life and shall try no other plan.

Flowers have a way of telling what one soul says to another. Loving messages of consolation oftentimes they bring; O it may be joy abundant they're foretelling to some other, Round about the wedding bells that are just about to ring. All emotions of a living soul should be given to their keeping. Let our weak words should fail to give the meaning they are seeking.

Come and see what we can show you, if you need a flower or two, On some glad or sad occasion to say a word for you.

State Agricultural Department Expert To Examine Patterson's Cotton Thresher

Word received by the local Chamber of Commerce indicates that A. W. Webb, an expert cotton man connected with the state department of agriculture and possibly Fred W. Davis, commissioner of agriculture will arrive here Sunday night for an inspection of the cotton threshing machine invented by W. A. Patterson of this city. Mr. Webb is said to be one of the best known and most authoritative cotton experts in the South and it is declared that the stamp of his approval on the machine will do much to smooth the way for putting it on the market commercially. Secretary Johnson of the Chamber of Commerce is acknowledging the receipt of the communication from Mr. Davis urged especially that he by all means come himself and witness the work of the machine.

IMMENSE SUM RAISED FOR BRITISH CHARITIES

Associated Press Mail Correspondence. London.—Estimates completed for the first two years of the war show that the enormous sum of \$250,000,000 has been raised in the British Empire for charities growing out of the world conflict. Of this amount more than \$100,000,000

has been contributed for the relief of distress and the reestablishment of men returning to civil life. The Prince of Wales fund is perhaps the greatest of the public charities dealing with distress. About \$60,000,000 however, has been raised in factories, banks, offices and various business establishments through weekly contributions for the assistance of families and dependents of employees who have gone to the front. Part of such funds, is of course, being reserved for relief work after the war. For sick and wounded soldiers and sailors the contributions are estimated at \$30,000,000 most of which has been raised and administered by the British Red Cross. Another \$30,000,000 has been spent for soldiers' comforts such as tobacco, mufflers, pipes, socks, mittens, gloves, sweaters, safety razors, insect powder, needles, sewing cotton, writing materials, chocolates and sweets. It is estimated that fully \$50,000,000 contributed in the Empire, has gone for relief work among the allies, the largest amount going to Belgium. Relief among the Belgian refugees in Great Britain also has called for large expenditures.

ACQUITTAL GIVEN IN FORT BEND CASE

Verdict of Not Guilty Returned on Charge Which Originated in 1912

By Associated Press. Beaumont, Texas, Nov. 24.—After deliberating two hours the jury in the district court here this morning rendered a verdict of not guilty in the Fort Bend county murder case in which William N. Andrews and Richmond, was charged with killing S. H. Van Flyck at Richmond, May 29, 1912.

GREAT BRITAIN SENDS AIRCRAFT INTO ROUMANIA

By Associated Press. London, Nov. 25.—A large number of British aeroplanes and pilots have reached Bucharest after long flights, says a dispatch. The latest arrivals, it is added, are to reinforce the British and French airmen already operating with the Roumanian army.

LONDON SEES INCREASE IN JUVENILE CRIME

Associated Press Mail Correspondence. London.—Plans are being considered to combat the great increase in juvenile crime, which has become more apparent since the commencement of the war. Home Secretary Samuel met about fifty leading representatives of boys and girls brigade organizations to discuss what he described as a very urgent and very difficult problem. The King and Queen had expressed their grave concern at the increase of juvenile offenses and hoped that adequate measures be taken to deal with the evil. Mr. Samuel thought the war had encouraged the spirit of adventure among the boys, degraded streets gave facilities for wrong-doing and in the absence of so many millions of fathers on war service there had been a weakening of home influence. It has been found that the influence of some moving pictures encouraged the spirit of lawlessness and he proposed to establish a central official censorship of all motion picture plays which he hoped might check some of the abuses. At the same time he thought much of the trouble arose from misdirected energy and proposed to carefully consider various suggestions which were put forward by the representatives of the organizations and by Sir R. Baden-Powell, organizer of the Boy Scout movement.

Methodist Bishop Severe In Comment on Moving Pictures

By Associated Press. Muskogee, Oklahoma, Nov. 25.—There is no more harmful and damnable agency working for the downfall of the human race's high ideals than the motion picture show. Bishop E. D. Mosson told the Eastern Oklahoma conference of the Methodist Episcopal church, South today. He censured ministers who attended the exhibitions and threatened to send out of the conference any pastor who plays cards.

RUSSIA AND CHINA ARE ENGAGED IN NEGOTIATIONS

Associated Press Mail Correspondence. Peking.—Negotiations between China and Russia for the adjustment of the frontier in Sinkiang province of Turkistan, which resulted in the killing of four hundred Mohammedans by Russian nomads, are progressing slowly. Russian officials charge that German agents in Sinkiang province stirred up the feeling against Chinese Mohammedans, which resulted in the massacre. Consequently the Russians are more firmly than ever allied with the English in their effort to induce China to expel German agents and join the allies. France is also making efforts to have China enter the war, while Japan of all the entente powers, is holding out against this movement. The Chinese foreign office has instructed Liu Jen chin, the Chinese minister at Petrograd, to confer with the Russian foreign office with a view to a settlement of the Sinkiang province trouble upon condition that the nomadic huzars responsible for the murder of Chinese citizens shall be punished; that payment be made to the families of the murdered Mohammedans; that officers responsible for keeping order in the troubled district be reprimanded; that the Sino-Russo agreement concerning these nomads be revised in such a way that Russia shall limit their visits to Chinese territory and supervise them more carefully.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister. Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat; bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

Virginia-Carolina tobacco pays no duty— all the value is in the cigarette

That's exactly where the value belongs—in the cigarette. You can't smoke duty, you know.

Piedmonts are made of the highest grade of Virginia-Carolina tobacco. Golden in color and as mellow as Dixie's sun.

You know what tobacco experts say—they say that Virginia-Carolina is the best cigarette tobacco in the world.

Liggett & Myers Tobacco Co.

"A package of Piedmonts, please."

Piedmont The Cigarette of Quality

NOTE—A package of ten cigarettes made of all Turkish tobacco costs the smoker 10c or 15c. A package of ten Piedmonts made of highest-grade Virginia-Carolina tobacco costs the smoker only 5c. Why the difference? Because Piedmonts pay no duty, no ocean freight, no marine insurance, no expensive importing charges.

WICHITA COUNTY GOES ABOVE LINE

WILL BE RELEASED FROM CATTLE TICK QUARANTINE DECEMBER 11.

NEIGHBORS GO ALSO

Archer, Clay and Baylor Included in Order—Follows Campaign Here.

By Association News. Washington, Nov. 25.—A total of 27,172 square miles in Alabama, Arkansas, Georgia, Mississippi and Texas will be released from Wichita county tick quarantine December 11, under an order by the Secretary of Agriculture announced today.

In Texas the counties of Archer, Baylor, Clay, Nolan and Wichita and parts of Shackelford and Throckmorton are to be released.

ORDER WAS EXPECTED ON HOFFMAN'S RECOMMENDATION

The above dispatch fulfills the expectations of W. G. Hoffman, tick inspector for this county, who had recommended that Wichita county be placed above the line, this section being now practically free from ticks, although dipping will continue in some parts of the county all winter.

Tick eradication work has been in progress in the counties mentioned all year. It was authorized in Wichita county at an election August 31, 1915, and the commissioners' court provided the funds necessary to carry the movement through. The removal of the quarantine restrictions will eliminate disadvantages in shipping and marketing of Wichita county cattle that have prevailed for many years.

WICHITAN'S FATHER IS BADLY INJURED

Accident Near Haskell May Result in Death of J. M. McFall's Father

As the result of an unexplained automobile accident near Haskell late yesterday, the father of J. M. McFall of this city sustained injuries to his spine which it was feared would prove fatal.

R. L. Bains who was with the elder McFall in an automobile telephoned news of the accident to this city last night. He said he remembers they were traveling along the road near Haskell, at moderate speed, and that his next recollection is that the wrecked car was being pulled off of him and Mr. McFall. He believes the steering gear went wrong, upsetting the car but has no idea of just what happened.

The elder McFall resides at Weatherford and was in the Haskell neighborhood on business on account of his advanced age, it is thought the chances are against his recovery.

J. M. McFall planned to take his father to Fort Worth today, an operation being deemed urgently necessary. They will probably come up from Haskell on today's Valley train.

J. M. McFall's brother died recently in the accident and his father comes as an added sorrow.

LOCAL OBSERVANCE OF THANKSGIVING

Service at First Baptist Church. Stores to Close—Football and Other Features.

Thanksgiving Day in Wichita Falls will open with a religious service at the First Baptist church at 10:30 a. m. This service will be held at 10:30 a. m. at the First Baptist church with Rev. Harry Draper, as the principal speaker.

After the church service will come the Thanksgiving feast and in this one not even those who are lacking homes and other things that go to make a happy Thanksgiving celebration, will be left out.

The Rotary Club and other organizations of the city are seeing to it that Thanksgiving Day English Robb will be master of ceremonies at a Thanksgiving feast for those who would otherwise probably have little enough to be thankful for.

With the dinner over entertainment will be offered in the annual Thanksgiving football game, this year the local boys to meet the high school team from Vernon at the Katy park.

In the evening society will dance at the Elks club, the Thanksgiving ball to mark opening of the winter social season.

And those otherwise inclined to find amusement in the home play to be given at the First Christian Church. This play will be a new version of "The Old District School" and the characters are taken by the Christian Endeavor. There is no admission charge.

Thus there is entertainment from the opening of the day to its close and certainly there will be no reason lacking for everyone to give thanks. The banks and stores will all be closed the entire day, giving practically everyone an opportunity to seek some of the various forms of amusement which will be offered.

SEE OUR WINDOWS TO-DAY.

RUNAWAY TEAM IS FINALLY STOPPED

Delivery Horses Make Long Dash Through Streets Before Being Checked

After running 20 or 40 blocks, part of the time through the crowded business section of the city, a team hitched to a delivery wagon belonging to the W. P. Parker Cash Grocery was stopped last night on Sixth street by George Jenkins.

The team ran through some of the most crowded streets of the city. The team became frightened when Al Roberts the delivery boy started to put a sack of potato seed meal in the wagon; the horses started to run down Indiana to the river but when they had gone some distance down on lower Indiana they circled and came back. The team was stopped by some men, but ran up Seventh and over the Seventh street light and on to Eighth street. The team ran into a buggy belonging to George Dobson which was in front of his residence. The buggy was damaged, and was turned over but this did not stop the team.

DENTON COUNTY TO VOTE ON ROAD BONDS AGAIN

Denton county, where a million dollar road bond issue failed a few days ago to get the required two-thirds majority, is going to try again, and will vote December 21 on another million dollar issue. The coming election will not take in the entire county, however.

A letter recently received from George D. Marshall, the government engineer who was in Wichita county, says there is good reason to believe the bond issue will carry. The two districts excluded are small squares in the southwestern and southeastern parts of the county, one of which has already voted a special bond issue.

A county bond issue was defeated in Denton county on Nov. 15, following which a movement was started to create the Denton district and vote a bond issue for the improvement of the roads within a specified territory. Farmers of Denton county at once flocked to Denton and begged the people of that city not to "cut the heart out of the nation" by the creation of the Denton district, and offering to give their utmost support to a bond issue for the whole county.

It is believed now according to the letter received by Mr. Marshall, that the bond issue will be voted by a large majority.

Warning

We are informed that at some cafes, restaurants and gardens beer and strong drinks have been sold under the guise of the popular soft drink, BEVO.

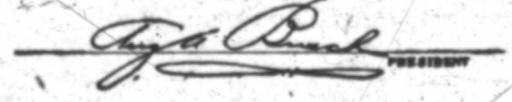

These reports have been confirmed sufficiently to compel us to take action.

The beverage BEVO enjoys the protection of both federal and state authority. In preparing it for sale and in marketing it, we adopt every possible precaution to protect the public against imposition and to prevent evasion of the law. BEVO is sold in bottles only, we bottle all of it ourselves, and we have adopted a kind of bottle, crown and seals designed to prevent imitation.

We shall omit no measure within our power to defend the authority under which BEVO is manufactured and sold, to protect the public from imposition, and to safeguard the good name of this Association.

We therefore give fair warning that we shall refuse to sell our products to those who are found guilty of the above offense.

LOTT MURDER CASE TO FORM COMPANY

IS NOW WITH JURY FOR UNION LAUNDRY

Argument is Concluded Late Saturday Night, Ten Attorneys Addressing Jurors.

The case of H. Lott of Clarendon, charged with murder by abortion, and tried in the 20th district court at Henrietta on a charge of venue, went to the jury shortly before midnight Saturday night.

Saturday was devoted to argument of the case, the evidence being concluded early in the day. Ten attorneys, including some of North Texas' best-known legal lights, addressed the jury during the day, and the large audience which attended heard one of the most notable forensic programs on record in this section.

Henry Bishop of Amarillo, opened for the state, and W. D. Berry of Vernon, followed, opening for the defense. A. T. Cole of Clarendon, for the state, John Baskin of Fort Worth for the defense, E. A. Simpson of Clarendon for the defense, H. L. Atkinson of Henrietta for the state, R. E. Taylor of Henrietta for the defense, R. E. Underwood of Amarillo for the defense and D. W. Odell of Cleburne for the state, followed in the order named.

The defendant, a wealthy cattle man of Donley county, was indicted in connection with the death of Miss L. Schaff, a young woman who was employed at his home. He was convicted and given five years at his first trial at Amarillo, but a new trial was granted by the trial court, and the venue of the case changed to Henrietta. Some of the evidence was sensational and the case developed one of the most strenuous legal battles Clay county has ever seen.

Tomorrow the case of W. H. Foster, indicted for rape in connection with an alleged attack upon a woman in Archer county, is set for trial at Henrietta. A special venire of 50 has been summoned for this case.

U. C. T. MEMBERS AND WIVES ENJOY BANQUET

The United Commercial Travelers and their wives and friends banqueted at the St. James Saturday night, this taking the place of one of the regular meeting nights of the organization. An appetizing banquet was served and then with Judd Pressley as toastmaster an entertaining and lively program was given. Rev. W. Haggard gave a talk on "Unity, Charity and Temperance," the three cardinal points of the order and a beautiful song made by Messrs. Reynolds and Hancock. Mrs. E. K. Lynn gave a reading that was much appreciated. There were about 75 present.

BOYS CLUB BANQUET TOMORROW NIGHT

Mayor, Chamber of Commerce Secretary and Others Will Be on Program Mayor Britain, B. Frank Johnson, secretary of the Chamber of Commerce and members of the school board and prominent ministers of the city will be the principal speakers at the Boys Club banquet which will be held Monday night at the high school.

This banquet is to work up enthusiasm for the conference at A. & M. College Station to be held Dec. 1, 2 and 3 and the talks will be along the general lines of the Boys Club activities. Andrew Urban will act as toastmaster. The banquet will be in three courses and will be served by high school girls. The various scout masters are urged to attend and the guests of honor will include the ministers, school board and business men who speak at the school board.

The order of talks follows: Invocation, Rev. N. F. Grafton; address of welcome, the president, Alfred Burnside; "What the City Can Do for the Boy" Mayor A. H. Britain; "What the Boy Can Do for the City," B. Frank Johnson; "What the Churches Can Do for the Boy," Rev. G. E. Miller; "What the Boy Can Do for the Church," Rev. F. W. Walters; "What the Schools Can Do for the Boy," W. J. Haddock, president of the school board; "What the Boy Can Do for the Schools," W. W. Brown, secretary of the board; The Boys in the Light of the Federal Home Loan Bank Act, presented at A & M Prof. Lee Clark, superintendent of city schools; benediction by Fred T. Danson.

STHELIK AN OBERER NEW REAL ESTATE FIRM. Stethelick and Haber is the name of a new real estate firm in Wichita Falls. The firm has opened offices in the Taylor building over Collier & Hallock, 2097 Tenth street. Stethelick has been in the real estate business here a number of years and is well known in the city and county. The firm will handle both city and farm property and oil leases.

CHALMERS CAR. Practically New, Perfect Condition. Will sell for cash, Notes or cattle. W.C. Young

RESTRICTED DISTRICT vs. TENTH STREET.

Tenth street is all right and at this time is the principal residence street of the city, but don't get it in your head that all the fine homes will continue to be built on 10th street. The time is now close to hand when the restricted district of Floral Heights will have more swell, up-to-date homes building than any other section of the city. THERE IS A REASON FOR THIS. The elevation is higher, the scenery more beautiful; it is farther away from the noise and dust; lots are cheaper; sold in pairs which gives more yard room and gives your home a much better appearance; no cheap houses can be constructed around you. It will be the ideal residence section. For prices on these lots see or phone me. A. L. HUEY Phone 1478 Office 604 Eighth Street

TO START MEDICAL INSPECTION MONDAY

Physicians Will Begin Examination of Pupils According to Announced Plans. Medical inspection of the students of the local schools for which arrangements were made by the local members of the Wichita County Medical Association will be inaugurated Monday according to an announcement of Superintendent "Lee" Clark Saturday. The actings will be inspected by grades, the pupils reporting to the physician whom they desire to make the examination. Duplicate reports will be made of the inspection of each pupil, one report being filed with the school board and the other being sent to the parents of the child. Nothing can be done by the school authorities to correct faults shown by the reports beyond urging their correction, except in the case of contagious or infectious diseases where the students will be excluded from school until their recovery.

ODD FELLOWS TO FINISH NOMINATIONS TOMORROW

The Odd Fellows will finish their nominations of officers at their hall tomorrow night and a large attendance is again expected. One of the best meetings in some time was enjoyed by those present at the last meeting. There were about 40 members present. There will be more degree work tomorrow night. Next month is looked forward to by members with a great deal of anticipation as there are seven candidates to initiate with others joining the other degrees. Electra's color master staff has been invited to put on the initiatory degree on the first Monday in December, and has accepted, and all lodges of the county have been invited to attend at that time. Many applications have come in too late to go in in December but will be taken in the following month. Every member interested in the good of the order and desirous of seeing the work put on at its best and interested in helping to the top has been invited to attend at that time. Mr. West expects fifteen members to be present.

THANKSGIVING DAY

Thursday, November 30th, the great day proclaimed by our Government as a Day of Peace and Thanksgiving. No other nation on the face of the earth observes THANKSGIVING DAY except the United States and Canada, and certainly our great Government has many conditions for which to be thankful.

WE are thankful for a great many things and, among the many things, we make mention of the substantial citizenship of Wichita Falls and surrounding country, who favor this Store with their Drug and Prescription business.

ROTARY TO SHARE ITS THANKSGIVING

Members Will Forego Regular Luncheon But Will Provide For Others

Although the members of the Rotary Club will not meet this week, their regular meeting day falling on Thanksgiving, there will nevertheless be a Rotary Thanksgiving dinner. Those who partake of it will be, not the Rotarians, but folks who would probably not have any Thanksgiving

dinner if it were not provided for them.

The Rotarians gave the 50 cents that each would have paid for his dinner next Thursday and this fund was supplemented by an appropriation from the club Thursday. The details of the Thanksgiving plans have not been announced; they are in the hands of a committee consisting of Ensign H. G. Robb as chairman, Rev. F. B. Walters, T. B. Smock, J. Wilkie Talbert and Dr. J. T. Traylor.

A sufficient fund has been provided to supply dinner to a large number who will be guests of the Rotarians on Thanksgiving day.

Mrs. C. M. Duke, had as her guests the latter part of the week Mrs. Roridan and Mrs. Davis of Henrietta, who were attending the Royal Neighbors convention.

MINTER-STOKES WEDDING OCCURS SATURDAY NIGHT

Saturday evening the solemnization of the marriage of Miss Fannie Minter to J. H. Stokes Jr., took place at the home of Mr. and Mrs. E. P. Greenwood, only the immediate family of the two young people being present. Rev. S. A. Barnes of the M. Church, South performed the rite ceremony.

KITCHEN SHOWER FOR MISS MINTER SATURDAY MORNING

The Frazier home on Tenth street was the scene of an unusually pretty shower Saturday morning when Misses Alice Frazier, Katherine Johnson, Cora Lee Waggoner and Marion Crabtree entertained to honor Miss Fannie Minter. When all guests had arrived and were refreshed with punch in the dining room, attractive with decorations of ferns, flowers and streamers of pink and white, with a bevy of smiling Kewpies in every conceivable nook, the bride-elect was handed a tiny Kewpie to which was attached a pink thread and told to follow the string. Obeying this command she was led to the reception hall where the bride's chair, draped in pink and white was found, and hidden behind a large wicker basket filled with the aluminum kitchen articles composing the shower. With the parcels all unpacked and admired a program was enjoyed. Toasts were given by Misses Tula Stokes, Katherine Johnson and Mesdames Lowenstein and Hardy and Misses Nolen, Adams and Greenwood gave appropriate readings and Mrs. Chambers and Miss Moore, accompanied by Mrs. Lester Jones furnished enjoyable music. Refreshments of hot chocolate, angel food cake iced in pink and white mints were served. Place

SHOWER FOR MISS MINTER GIVEN FRIDAY AFTERNOON

To honor Miss Fannie Minter, whose wedding to Joe H. Stokes Jr., took place Saturday night Mrs. T. P. Adams, Mrs. W. E. Norton and Mrs. Mack Thomas entertained Friday afternoon with a miscellaneous shower, the affair taking place at the Thomas home. The rooms, including the reception hall, music and dining room were elaborately decorated in hearts and flowers of red, with ferns in profusion. An informal program was given, including two vocal numbers, "Just 'Awearying For You" and "Because I Love You" by Miss Westie Moore; an appropriate reading by Miss Tula Stokes, sister of the groom, Riley's "That Old Sweetheart of Mine" and a humorous reading by Mrs. Virgie Lowenstein. Then to the strains of the Mendelssohn Wedding March played by Mrs. T. P. Adams, Mack Thomas Jr., and Miss Westie Moore, Mrs. Adams entered carrying a wash tub containing a washboard and all the beautiful articles that made up the shower. After these were duly admired by honoree and the guests the hostesses served a tempting sandwich course with tea and toasts were given. Miss Stokes gave a delightful toast "On Behalf of the Groom," Mrs. Pounds toasted the bride, Mrs. Gisham the groom and Mrs. Whitney offered a toast to their home while Miss Grace Nolen made her toast to "The Girl Left Behind." There were about 50 who thus honored the charming bride-elect.

CHARMING THANKSGIVING RECEPTION SATURDAY

One of the truly delightful affairs of this fall was the reception at the Hunter home Saturday afternoon. Mrs. H. L. Hunter, Mrs. C. R. Hartsock and the Misses Frances and Hazel Hunter receiving as hostesses formally between the hours of 3 to 6. The callers thus included the older matrons, the brides of the season and the younger set friends alike of each of the quartette of hostesses. The Thanksgiving season provided an opportunity for adornment which was not overlooked, the reception suite being gay with autumn leaves, flowers and ferns in the rich Thanksgiving colors. The music room and reception hall were fern decorated with vases of chrysanthemums and in the library the fireplace was filled with greenery. Especially was the Thanksgiving motif to be noticed in the dining room, where on the table, with the chocolate service at either end, the "Landing of the Pilgrims" was depicted in miniature. A large mirror banked about with

Similar and terms formed the harbor and a collection of Pilgrims in the accepted. Partisan gain were just landing from the Mayflower at Plymouth Rock. The light cluster above the table was hung with garlands of autumn leaves, brought from the corners of the room and the lights were shaded in yellow. Golden candlesticks on the table reflected the yellow glow. In the window alcove a hanging basket of wicker was filled with autumn leaves, arranged in spray falling to the floor. In the punch alcove Misses Flora and Rose Reisenberg served punch from an attractive hand painted bowl and in the dining room Misses Louise Hines and Adele Marcus served the collection of turkey salad, olives, potato chips, onion sticks, cake and chocolate. Mesdames Wade Walker, E. E. Sanders, Mark Thomas and Miss Carrie Dent presided alternately at the chocolate pots.

The weather, too added to the perfection of the occasion. The bright, crisp afternoon after weather that had been disagreeable serving to bring out callers in large numbers. Exceptionally handsome fall toilettes were noted on every hand, quite in keeping with the holiday setting.

Mrs. Hunter wore a robe of black silk lace, draped over cloth of silver and silver net. Jet pendants and a girlye garniture of bead motifs in Paisley colorings formed the trimmings. Mrs. Hartsook's gown was of peach georgette and peach and lavender tulle. The skirt was accented with a bodice garniture of silver threads and a bodice garniture of beads. Her flowers were lavender chrysanthemums. Miss Frances Hunter wore a gown of gold brocaded satin with train. The bodice was formed of gold lace and satin and strands of jet beads hung from the shoulder straps. Miss Hazel Hunter was gowned in turquoise blue taffeta and silver lace. The lace hung in a straight panel from the shoulders in the back forming a short train and the skirt was caught with pink chiffon roses. Bands of silver lace formed the bodice.

Cotton Car Company Sales Rooms, Corner Tenth and Scott

Shown At Dallas Fair

We have secured for public demonstration the cut-out chassis of the Dort Automobile, recently shown at the Dallas Fair and the Waco Cotton Carnival, and which made such a decided hit in the automobile section of both shows.

This chassis will be on exhibition at our sales room, at the corner of Tenth and Scott, and the public is cordially invited to call and inspect it.

The Cut-Out Chassis

This chassis shows the inside mechanical construction of the car, a portion of the cylinders, the crank case and the transmission and differentials being cut out and illuminated, so that all of the workings of the car may be viewed.

Valuable Information for Auto Owners

Whether you own a Dort, or a car of any other make, this demonstration will be valuable to you, as you can readily see and understand the principles of motor car construction, and will be in a better position to care for and remedy any troubles in your car.

The Public is Invited

It will be our effort to make this demonstration different from anything heretofore attempted in any automobile show, and we cordially invite all who are interested to come and enjoy it.

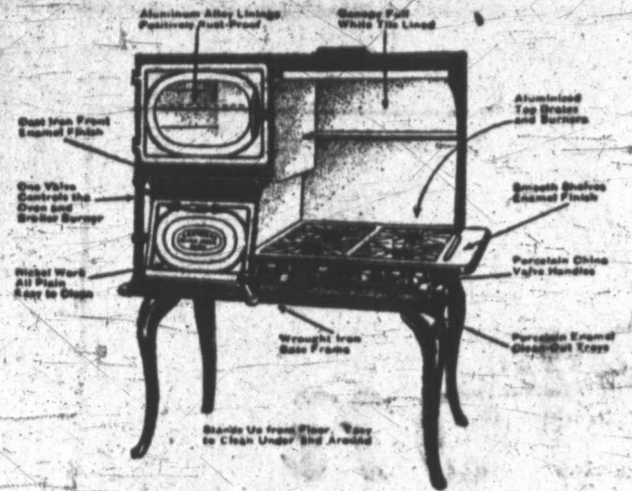

Experts To Show Cars

We will have a number of experts direct from the factory to show this chassis, as well as stock cars, to all who are interested, and all who care to may enjoy a ride about the city.

CHRISTIAN JEW IS TO LECTURE TODAY

Dr. A. Lichtenstein of St. Louis To Speak at Baptist Church Both Services

Two lectures upon Christianity from the standpoint of a Jew will be delivered today at the First Baptist church by Rev. A. Lichtenstein, D. D. of St. Louis. Dr. Lichtenstein is vice president of the Hebrew Christian Alliance of America; he has been a Christian for many years, uniting with the Baptist church. "Why the Jews Reject Jesus, in Connection with Their Receiving the Gospel at the Present Time" will be the subject of this morning's lecture at 11 o'clock. At 7:40 Dr. Lichtenstein's subject will be "From the Synagogue to the Cross." Dr. Lichtenstein is considered one of the leading Bible scholars in the country, and has been preaching the gospel for the last 25 years. He is establishing a branch of the Hebrew Christian Alliance in Texas and has recently preached in a number of the leading churches of this state. He is planning to give Bible lessons here next week, further announcement to be made this.

The Hebrew Christian Alliance is an organization of Jews who have embraced Christianity and includes some prominent members of that race. The public is invited to hear the lectures at the Baptist church today.

Lowest Priced Electrically Equipped Car in the World

The Model "FOUR-NINETY" with electric lights and electric starter included in its regular equipment is the lowest priced electrically equipped car in the world.

The electric lighting and starting equipment of the "FOUR-NINETY" is not added after the car is built. It is actually built into the car and guaranteed as part of the car. No car is complete or up-to-date without this equipment, and it cannot be added satisfactorily to a car after it is built and completed.

Its electrical equipment is the two-unit Auto-Lite system, with Bendix

drive, of the same grade and type used on the highest priced cars—not the single unit, motor generator type, so generally used on medium and low priced cars. Electric head lamps with dimming attachment and electric tail lamp are included.

The Model "FOUR-NINETY" in addition to being electrically equipped, is handsomely designed and finished, combines correct car weight and balance with valve-in-head motor efficiency, selective sliding gear transmission giving three speeds forward and many other strong features described herein.

NEW KATY OFFICIAL GETS ACQUAINTED

A. F. Wynne Enters Upon His Duties in Northwestern Offices Here

Getting acquainted is the first task to which A. F. Wynne, new general freight and passenger agent for the Northwestern, has addressed himself. Since his arrival yesterday afternoon he has been constantly engaged in making the acquaintance of Wichitans with whom he will be thrown in the future through his business relations.

Mr. Wynne has expressed himself as being exceedingly pleased and refreshed by his as yet brief stay in Wichita Falls and declares that he expects to like this city as a residence much better than in the hurry and strain attendant to residing in St. Louis which has been his home for the past four years.

This is Mr. Wynne's first visit to Wichita Falls, although not his first visit to North Texas, he having been a frequent visitor to the Dallas, Fort Worth and other North Texas offices of the Katy lines.

While rather young in years Mr. Wynne is an old hand at the railroad business, having held a number of responsible positions during his long connection with the Katy and other railroad systems. His first railroad

work came as private secretary to Vice President H. E. Farrell of the Cotton Belt, after which he was for a term of years traveling freight agent for the Cotton Belt at New York City. His first connection with the Katy was as private secretary to the assistant traffic manager at Chicago. Four years ago he came to St. Louis as chief clerk in the general freight offices of the Katy system, holding that position up to the time of his appointment to his present position.

Mr. Wynne is at present lodged in the Jolite apartments, but he expects to soon be joined by Mrs. Wynne and establish a home in this city.

SHERIFF HAWKINS RETURNS, BRINGING TWO NEGROES

Sheriff George Hawkins returned Saturday from a trip to Texas and Fort Worth, bringing back two negroes wanted here. One was a negro woman, Leitha Bell Anglin, alias Rose Ross, alias Rose Spicer, wanted here on an indictment charging theft of various articles from the house of another negro.

Leitha, or Rose, has been in jail at Fort Worth for some months, serving out a sentence imposed for sticking a Fort Worth policeman in the neck with a knife. Rose seems to have a pet animosity for officers, as on one occasion before she departed from this city she wounded Deputy Sheriff Bob McFall.

Levi Woods, the other negro brought back, was convicted of aggravated assault here and made appeal bond, which he is alleged to have jumped shortly before the case was affirmed by the higher court.

HENRIETTA TEAM CANCELS GAME HERE

No Gridiron Contest Saturday—Local Team End Season With Game Thanksgiving

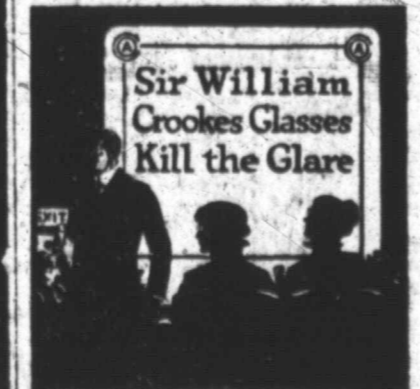

Stating that the ineptitude of several of their players, on account of low standing in their studies, made it impossible for them to put a team in the field, the Henrietta football team Friday night cancelled the game which they were to have played with the eleven of the local high school Saturday afternoon.

A good deal of interest had been manifested in the game not only by the players but by their fellow students in the high school and their supporters in the city, who felt a keen disappointment in the falling off of another game. While the prospects did not indicate a hard game for the local squad, they were anxious if possible to wipe out the sting of a defeat at the hands of the Henrietta club last year, when the Clay county aggregation won by the narrow margin of one point.

The final clash of the local season will come on Thanksgiving day when the local squad will meet Vernon for the second time this season. The Vernon team suffered a healthy walloping from the locals when they played in Vernon early in the season and have expressed the intention of evening the score in Thursday's encounter. However as the locals will enjoy the advantage of playing on their some grounds before a home crowd they are entirely confident as to the outcome.

DOROTHY GISH STARRED AT MAJESTIC MONDAY

In "Cretchen the Greenhorn" the Triangle-Fine Arts feature to be seen at the Majestic Theatre Monday Dorothy Gish appears as the character Van Hoock, a lassie from Holland, who comes to the United States to join her father, Jan Van Hoock, an cigarer, who has saved enough money to send for his daughter. Clad in quaint costume, with boxes, bundles, baskets and a live duck on the end of a string, Cretchen arrives, to the joy of her parent and all the dwellers in the humble tenement where he lives. A poor widow's brood of six attack themselves promptly to the kind-hearted Dutch girl and her father, and Pietro, a young Italian musician, falls in love with her.

\$20,000 BUDGET IS PLANNED FOR 1917'S ACTIVITIES

PROGRAM OF YEAR'S WORK BY CHAMBER OF COMMERCE INCLUDES MEMBERSHIP CAMPAIGN AND VARIOUS FEATURES

WILL URGE BUREAUS

Dividing up of Work To Be Proposed, Secretary Johnson Outlines Scheduled Changes and Activities for the Coming Year

"Chamber of Commerce plans for next year include the realization of a county fair, the successful issue of the road roads campaign, a membership campaign for the Chamber of Commerce which will greatly increase the membership and its capacity to do things for Wichita Falls, the reorganization of the Chamber of Commerce into bureaus and committees through which to utilize the efforts of the entire membership in working for Wichita Falls, and the raising of \$20,000 with which to carry on the campaign for more farms and factories which will be pushed with renewed vigor with the beginning of year," said H. F. Johnson, secretary of the Chamber of Commerce yesterday.

Plans for the county fair have been engaging the attention of Mr. Johnson and his assistant, Mr. Thomas, for some time and a vigorous campaign which they expect to result in a successful fruition of these plans is a matter of the nearest future. As to the good roads campaign, Mr. Johnson through his connection with the motor club is already deeply interested and as the campaign develops expects to throw the weight and influence of the Chamber of Commerce behind the matter.

The regular membership banquet to be held early in January is expected to see the initiation of the membership campaign which will increase the membership of that body to a point beyond that ever reached in the past. Optimistic expectations of its members before. Every industry no matter what its proportions, and every one in any way interested in the development of Wichita Falls is expected to be drafted into the membership ranks and enlisted in the fight for the development and growth of Wichita Falls.

A reorganization of the Chamber of Commerce will be the necessary sequel to the membership campaign in order to utilize the material which is expected to be gained by this means. At present, owing to the lack of organization of some of the 30 odd directors, the work of the board of the entire work, where the organization of committees would bring into play many of the members who at present are not directly brought to work on matters engaging the attention of the body.

Each of the activities of the Chamber of Commerce under the new plan will be turned over to the attention of one bureau, which will be headed by a member of the board of directors. The work of this bureau will be subdivided among committees attached thereto, and an executive committee will be in charge of the entire work of that bureau. In this way traffic matters for instance, will be turned over to one bureau, public utility to another, civic problems to others and so on down the list. This plan of organization will not only bring the efforts and influence of the entire membership of the Chamber of Commerce to bear on its work, but it will permit the grouping of members having the various lines of business to work together in matters in which their chief interest lies.

Before the act is made to raise the \$20,000 which it is estimated will be required for the activities of the Chamber of Commerce for the coming year, a budget will be prepared which will show in detail what activities will require an expenditure by this body and how much will be required by each. The good roads campaign will not require any expenditure from the Chamber of Commerce, the executive committee in charge of this campaign, having in charge to raise the fund for this work.

The county fair will at first probably require some outlay in order to get the matter on foot, probably chiefly in the way of publicity, premium list, etc. The regular expenses of the Chamber of Commerce, such as fixtures, stationery, heat, lights and salaries will be represented in the budget as will the money required for exhibits, conventions, entertainment of visiting dignitaries and organizations, for the county demonstration agent, traffic and other such organizations of the body. In connection with the mention of next year's budget Mr. Johnson mentioned the fact that last year a budget for the Dallas Chamber of Commerce called for an expenditure of \$150,000 and that the budget of the Sherman Chamber of Commerce will be for the second time an annual expenditure of \$20,000, the amount proposed for the local body next year.

LEASING STARTED BY GAS COMPANY

Offices Are Obtained in City National Building, Preparing For Operations

Leases are now being taken by the Wichita Falls Fuel Development Company, preparatory to starting one or more wells in the near future, and plans for beginning active operations are going forward steadily. The location and other details of the leases in question are not being made public at present, but it is understood that tracts in both Wichita and Archer counties have been secured.

Offices for the company have been established on the second floor of the City National Bank building, where John O'Donohue, general manager, will be located. The company has acquired a Ford for use when trips are necessary.

Growing Better Every Day

The KAHN'S Retiring from Business Sale has been the sensation of the season—and it's growing better every day

The dawn of cooler weather makes necessary the purchase of a great deal of clothing, and the fact that the people can buy the very finest styles and makes at vastly reduced prices is an appealing force that cannot be resisted.

Look at the situation logically. We have got to be out of the building by January 1st. We still have \$40,000 worth of the finest merchandise, which we must dispose of.

That means we must cut the price—and we have cut it. We have cut the price on every article in the house—cut it to a point where other merchants can buy and resell at a profit.

Our price-cutting started a hurrah of sales, the like of which has never been known at this season of the year before, but not one of them could begin to cut and slash the prices as we have. We bought the merchandise as low as anyone could, and we are not out for profit.

We don't need the profit. All we need now is to get rid of the goods, so as to be able to turn over the building according to our contract.

Just think of Kuppenheimer suits, Stein-Bloch and Hart Schaffner & Marx clothing, Stetson and Knox hats, Edwin Clapp shoes, Manhattan shirts, Palmer suits and coats for ladies, Gage millinery, Gossard corsets, and a host of other of the finest lines of wearing apparel for ladies, gentlemen and boys and girls, being slaughtered at prices less than the makers could turn them out for today.

In these days of high prices it means a great thing to the people of this county to be able to buy this class of merchandise at such extremely low prices—and they have not been slow to take advantage of it. They know a good thing when they see it, and in the slang of the day, they have "simply eaten 'em up."

On orders for goods placed before we decided to retire from business, and which we must take, new goods are coming in every day, so that buyers now are sure of getting the finest, newest styles at the very lowest prices.

Drop in and give them the "once over" and we are sure you will be well satisfied with the goods and prices.

High Cost of Shining Is Also Encountered; 100 Per Cent Advance

Everybody's doing it. Hats, drinks, clothes, gasolene and other necessities of life have gone up, and now shines are higher. A sign recently posted in a local shine emporium announced that on account of the ad-

vancing cost of supplies, all shines will be ten cents after December 1. For a long time shines have been five cents, except on Saturdays, Sundays, holidays and rainy days, when they were ten. The shop in question is the only shine emporium in this city; barber shop shine-artists have always charged a dime.

Bert Smith returned to Abilene yesterday after a visit of several weeks with relatives here.

FONTAINE LEAVES FOR COAST MONDAY

Local Railroad Official Expects To
Drift Back Occasionally,
However

In leaving Monday for his new home in San Francisco, C. L. Fontaine, newly appointed traffic agent for the Katy lines on the Pacific coast and former general freight and passenger agent for the Northwestern does not feel that he is severing his connections with Wichita Falls. He leaves a number of interests in this city which will require occasional visits, did not the fact that his wide circle of friends and acquaintances and the patriotic feeling for Wichita Falls growing up during his long residence here prove strong enough in themselves to draw him here, he says.

Mr. Fontaine came to Wichita Falls eight years ago when this city was right at the turning point from which it spread from a country town to one of the liveliest and most progressive of the secondary cities in the state. He has been an interested spectator of this growth and development, a development in which he played no inconsiderable part, and is one of the most enthusiastic believers in the bright future of this city.

Mr. Fontaine expects to reach San Francisco about December 5, planning to visit with friends in Dallas and El Paso and with his family in Los Angeles before going to the latter place. He does not expect to move his family from Los Angeles until the end of the school term, as the children have been entered in school there and he does not desire to retard their progress by making the move. Mr. Fontaine's business will be of such a nature as to require his traveling a good deal and he will be able to be at home in Los Angeles as often as would be the case in San Francisco. It is not his intention to make his home in San Francisco proper, but in Oakland, Berkeley or some residential suburb across the bay where many San Franciscans live.

The offices of the department of which Mr. Fontaine will have charge are located in the Hearst building, one of the large office buildings of the city, which is on Market street. An earnest invitation to any of his friends who might be in San Francisco to visit him there is extended by Mr. Fontaine.

WICHITA FALLS' \$100 IS FIRST

THIS CITY LEADS NATION IN
RESPONSE TO DEMOCRATIC
APPEAL

EXPRESS GRATITUDE

National Treasurer Thanks County
Chairman For The City's
Promptness

Wichita Falls had the distinction of being the first city in the nation to respond to the appeal of the Democratic National committee for contributions to make up the deficit of over \$300,000 growing out of the campaign.

W. W. Marsh, treasurer of the national committee, made this known in a letter to Hon. R. E. Huff, democratic county chairman, who forwarded the contribution from Wichita Falls.

After the close of the campaign the national committee made known that there was a large deficit and appeal for contributions to help wipe it out. Mr. Marsh suggested that each of 2,000 cities and towns send in \$100. Wichita Falls democrats acted promptly on the suggestion and soon had more than \$100 collected. Mr. Huff wired Treasurer Marsh when he sent the remittance by mail. In all \$145 has been remitted from Wichita Falls since the close of the campaign. Mr. Marsh's letter to Mr. Huff follows:

"Dear Mr. Huff: I cannot tell you how much I appreciate your favor of November 14th, and also the telegram which preceded it.

"The prompt response from your city, which I may state was the first to respond, was most gratifying to us. I hope, however that you will do what you can to assist us further in this emergency, for as bills come in our deficit increases. It looks now as if we will have to raise a good deal more than \$300,000 in order to meet our needs.

"Any further assistance you render us in this emergency will be greatly appreciated. Sincerely yours,
—W. W. MARSH, Treasurer."

THANKSGIVING DAY DINNER EXPENSIVE

Turkey and Nearly Everything Else
Costs More Than Last
Year

Thanksgiving dinner this year will cost more than it ever did before. Several of the dishes commonly used on a Thanksgiving menu have advanced in price considerably and while some have not advanced, most of them have. The Thanksgiving dinner this year for an average family will cost several dollars more than the same dinner cost last year.

Turkeys of course, will be on the menu for a Thanksgiving dinner would not be complete without them; they have advanced from 25 cents a pound to 30 cents a pound for dressed fowls. This would make a turkey of fourteen pounds which would cost last year \$3.50 cost this year \$4.20. Oysters which are generally used in the dressing for the turkey have not advanced in price being 30 cents a pint which is the same as last year. Cranberries, needed to make the turkey and dressing complete are the same in price as they were last year, fifteen cents a quart.

Let us see what other things are a bunch which is the same in price as they were last year. Fresh tomatoes are ten cents a pound—the same as they were a year ago.

Flour which is necessary for any meal has made the largest jump in price. It has gone from \$1.55 a year ago to \$2.55 at the present time. Bread which is an indispensable article for any menu has gone up in price since last year. The bakers have discontinued making the five-cent loaf and instead are making a loaf that will weigh about one and a half times the old five-cent loaf and are selling it for ten cents. Butter has gone up from 35 cents a pound to 50 cents a pound.

Eggs are also now very expensive as compared with the price paid for them last year. Last year the price of eggs was 35 cents a dozen and now they are from 50 cents to 60 cents a dozen.

Cheese to follow up the Thanksgiving dinner has advanced in price from 25 cents a pound to 40 cents a pound. Pecans have advanced in price from 10 cents a pound last year to 25 cents a pound now.

Fresh fruit is another article used on almost every Thanksgiving menu, which has not advanced in price. Apples are from 20 cents to 60 cents a dozen which is the same as they were last year. Grapes are from 10 cents to 15 cents a pound which is also the same as price paid last year. Bananas are 25 cents a dozen which is the same as they were last year. Chrysanthemums, the flower used by almost everyone wishing to decorate their Thanksgiving table have not advanced in price they are still \$3 a dozen.

PENICK CHAIN OF STORES TO ENTER WICHITA FALLS

Wichita Falls will in the near future have another large dry goods store, one of a chain of 123 stores operated by J. C. Penick of New York City. It will be located in the new building now being constructed on Eighth street between Indiana and Scott avenue, belonging to W. L. Robertson and J. W. Stringer.

FIELD TRIALS TO START TUESDAY

DOGS ARE ALREADY ARRIVING FOR CONTEST ON CLAY COUNTY ROAD

LISTS CLOSE MONDAY

At Least 75 Dogs Expected to Be Entered—Many Wichitans Will Be Spectators

Dogs are already being received from the kennels and sent on to Henrietta for the field trials at that place to be held Tuesday and Wednesday, says S. A. Wilfong, president of the North Texas Amateur Field Trials association, under whose auspices the meet will be held. Mr. Wilfong will go to Henrietta this afternoon to see to the arrangements for the caring of early arrivals. With him will go E. G. Hill of this city, who will run five dogs in the trials.

At least 75 dogs are expected to be entered for the contest, the largest number entered in any previous meet in any part of the state. The entry lists have not yet been announced, the lists not being closed until Monday night when the drawing for places will take place.

A. L. Curtis of Belton an authority on bird dogs, who will be judge for the meet is expected to arrive in Henrietta early Monday.

From the interest which has been manifested in this meet the attendance is expected to be large, an especially large delegation of local sportsmen being expected to be among the gallery following the dogs.

The St. Elmo Hotel has been designated as official headquarters during the trials. Meals will be served on the grounds by the ladies of the Episcopal Church at the Haggood-Worsham ranch where the trials will take place.

An expert photographer has been secured to take pictures of the dogs in action and the trials will be reported by the American Field, a national magazine devoted to this branch of sport by a staff representative.

ST. MARY'S ACADEMY RECENT ACTIVITIES

Historical Society Enjoys Box Party—Program is Given by St. Cecilia's Club

The W. A. Historical Society organized last year at the Academy is engaged in active work. The following new members have been initiated: Misses Dolores Maxwell, Florence Morse, Theresa Hund, Aileen Crockett, Ruth Simpson, Ruby Seay, Frances Gillon, Adelle Kirkpatrick, Ruth Sawyer, Agnes Dittie, Bertha Andrea. At the election of officers the president of last year was retained. The others elected were: Miss Mamie Morse, secretary; Miss Ruth Simpson, treasurer; Miss Dolores Maxwell, reporter.

"History in the Making" is the subject chosen for special study. This was opened at the last meeting by the discussion of the presidential election and the powers and duties of the chief executive. For the next meeting the topic is the legislative record of the present administration. Liked to combine social enjoyment with historical labors, the day pupils of the club invited the resident students to a box party at the Majestic Theatre last Saturday. Early in the afternoon the committee of invitation, consisting of Misses Ruth Simpson, Florence Morse, Frances Gillon, Dolores Maxwell and Fay Leberman called in motor cars at the Academy under the chaperonage of Mrs. Morse, and were joined by Misses Mary Wilson, Ann Wilson, Betha Groves, Aileen Crockett, Alice Steed, Bertha Andrea, Mamie Morse, Adelle Kirkpatrick, Ruby Seay and Laura Hall. Refreshments at Fell's formed a fitting conclusion to the pleasant afternoon.

Friday evening St. Cecilia's Music Club gave their annual concert at which a program was carried out in the proper manner which always wins the attention and approbation of the audience. The program followed:

Opening Chorus—St. Cecilia.
Piano solo, Fourth Mazurka (B. Godard Op. 102)—Miss Aileen Crockett.
Good Evening Everybody (G. S. Spaulding)—Minims.
Reading "How Ruby Played"—Miss Frances Gillon.
None Ever (F. Mattei)—1st violins.
Master C. Emmert, Misses R. Sawyer, M. Riggan; 2nd violins, Master D. Clark, Miss Sullivan, E. Moran.
Piano Trio, Charge of the Hussars (F. Spindler)—Misses D. Maxwell, E. Altman, M. Burnside, E. Sawyer, F. Leberman, R. Jennings.
Vocal Solo—How Lovely are Thy Dwellings (Laddo)—Miss Tillie Mae Shaeffer.
Piano Solo Rondo Capriccioso (F. Mendelssohn)—Miss Lucile Fonville.
Reading Music in Camp (Thompson)—Miss Kathleen Lynch.
Piano Duet Quartet from Rigoletto (Verdi)—Misses R. Simpson, G. Gallagher, M. Wilson, R. Seay.
The Cars are Plashing Lightly (A. Gelber)—Vocal class.
St. Cecilia Sketch—Miss M. Morse.
Reading St. Cecilia (M. Skidmore)—Miss Ann Wilson.

Accompanists Misses A. Crockett, H. Hund; organ Miss B. Andrea.
The social feature of the celebration had preceded the musical one. Wednesday at four in the afternoon the members of the club to the number of 60 were invited to the dining hall of the Academy. Here under festoons of white and gold the club colors, surrounded by growing ferns, the tables were spread, and the youthful devotees of music enjoyed refreshments of candy, cake and hot chocolate.

A Word About Prices

Think back to November, 1915, or even 1914. Think what you paid for the same articles quoted in this ad. This, and other stores, were asking and receiving practically the same prices that we are now asking.

Then Remember what the materials of which these goods are made are selling for. Cotton, for instance, has reached the 20-cent mark. Do you wonder why we can continue to sell cotton goods at practically the same prices as when cotton was 10 cents a pound? We were fortunate in protecting ourselves for our fall business, and on a great many items for the coming spring. This means that our customers will be protected as long as we have any of this lower-priced merchandise in stock.

However—It's our selling power, and not our buying power, that interests you most.

"RED" HENDERSON'S DEATH CAUSES MUCH REGRET HERE

The death in Dallas recently of "Red" Henderson, the scotch weight boxer, caused deep regret in Wichita where the pugilist was well known and where he had appeared in several bouts. Just about a year ago, when boxing bouts were frequently staged here, Henderson was often a participant, and while he did not always win, his clean tactics and unwavering gameness never failed to please the spectators. He never was guilty of anything that approached unsportsmanlike conduct and was recognized as a boxer of unusual character. There were many here who believed there was championship material in him, and it is said no Texas boxer ever had so large a personal following. Concerning him, the Dallas Journal of Thursday says: "Although he fought gamely, his remarkable strength coming to his rescue in the clinch, Henderson was the popular Dallas pugilist, lost his last battle last night with the Grim Reaper and death relieved his suffering at St. Paul's Sanitarium, where he had been confined since Sunday when he was operated on for appendicitis. The song sounded and the referee counted him out shortly after 10 o'clock. It was his first and last time to be 'counted out.' A pugilist of unusual ability and a boxer who, many believed, would make a world champion in a very short time, Henderson fought at great odds and lost. A week ago tomorrow Henderson

was at Pawhuska, Okla., with his manager, Lawrence Meinert. Henderson fell ill and soon it developed that he had appendicitis. Meinert rushed the young boxer to Dallas arriving here Sunday, but the delay had been too long. The appendix had broken and when the operation was performed it was found that peritonitis had set in. Attending physicians knew then that this probably was Henderson's last fight, but the gameness which he had so often displayed in the prize ring came to his rescue and he rallied and refused to give up. Yesterday morning his physicians were surprised at the improvement shown and at noon nurses at the sanitarium announced that the young boxer's powerful resistance might mean his recovery. The poison, though had gained a strong hold on his system and death came at 7 o'clock. Red Henderson was lightweight champion wrestler of the world. He won that title in Dallas five years ago when he wrestled two hours and thirty minutes before he pinned his adversary's shoulder to the mat. After this bout, wrestling became a poor business for Henderson, as there was no one in this section of the country who could ever expect to be in his class, so Henderson took up the boxing game and his first fight was in Dallas when he was substituted for another fighter and met the famous Bobby Vaughn. From the moment the gong sounded that night until the final round was over, Henderson rushed and fought like a bulldog. Vaughn was much more clever, but the Dallas boy won the hearts of all Dallas fans by his style of fighting and soon Henderson was matched to fight several good boys who came here from different sections of the country. Henderson never had any trouble with any of them and most of those who met him were dismissed in short order when Henderson delivered his famous knockout punch. At the time of his death he had a record of about 35 knockouts.

JACK LONDON WAS ONCE VISITOR IN WICHITA FALLS

News of the death of Jack London, who was killed at his California ranch Wednesday night, recalls the occasion about seven years ago, when the noted novelist was in Wichita Falls. His stay here was not prearranged, but he spent twelve hours in this city, between trains. He was going south on the Denver, en route to New Orleans, and a Times reporter who had learned that he was to pass through, met the train and located London. The train was supposed to wait here ten minutes and it was agreed that this gave sufficient time to repair to a refreshment parlor near the depot and wash the dust of travel from the writer's throat while he was being interviewed. It was the first refreshment parlor of that kind that London had encountered in some hours, and before he realized it, the ten minutes had

slipped by and his train had slipped away. There was little in London's appearance to suggest a literateur; he dressed plainly, almost shabbily. The Times reporter had been told to "look for a man that resembled a street corner socialist orator," and London fitted the description accurately. He talked freely and interestingly, but was less inclined to discuss the long ocean trip he had completed in a small launch that he was to talk about some labor troubles at that time, which he declared were but another instance of the struggle between capital and labor; consequently the interview in the Times was rather socialist. London was an ardent socialist. London's career was picturesque and full of thrills. He was born at San Francisco, Cal., Jan. 12, 1876. After completing his high school education he entered the University of California, but did not complete his course. He left college to go to the Klondike during the famous gold rush to Alaska in 1897. He went to sea before the mast in 1892 and followed this the next year with a trip which included a visit to Japan and a seal hunting cruise in the Bering Sea. In 1899, he tramped through the United States for the purpose of making a first-hand study of social and economic problems, which studies he used with his other experiences in his writings. In 1906 London built a fifty-five-foot yacht, the Shark, in which during 1907-1909 he cruised the south seas. His life was stressful and many of his books, particularly "John Barleycorn," were popularly accepted as autobiographical experience. Early in his career he set for himself the task of writing a certain amount every day and he lived up to the undertaking to the last. London was deeply interested in socialism and lately devoted himself to farming, a hobby he testified in court a few days ago, to which he devoted all the earnings from his pen. He made a deep study of agricultural problems and recently qualified as an expert on farm irrigation. He married Jessie Madden of Oakland, Cal., April 7, 1900. They later separated and on Nov. 15, 1905, London married Charmion Kitteridge of Berkeley, Cal. London came into literary prominence in 1903, when he published "The Call of the Wild." This was followed the next year by the "Sea Wolf." He was the author of at least forty books, several plays and numerous short stories.

OFFICERS ELECTED BY RAILWAY CONDUCTORS. The Texas-Oklahoma Division 515 O. R. C. held its annual election of officers Nov. 19 at the regular meeting for that date at the hall 708 1/2 Seventh street. The following officers were elected: James Bradshaw, chief conductor; J. E. Barry, assistant chief conductor; C. C. Shelton, secretary-treasurer; A. E. Anderson, senior conductor; Lee C. Woods, junior conductor; O. R. Carter, inside sentinel; E. N. Ash, outside sentinel. There were quite a number of the members present and a most interesting session was held. Business of much importance was transacted and the session was made enjoyable by the presentation of a fine box of cigars to the Division by Brother H. N. Reid, general chairman of the M. K. & T. Railway system, which were passed around and the members present showed their appreciation by lighting up "right now." This division has a membership of 93 in good standing and hopes to increase it to more than one hundred shortly after the new year starts. The slogan is "Pay your poll tax and put yourself in a position to do your order, your country and your party a great service."

ARCHER COUNTY LEASING ACTIVE

INSTRUMENTS RECORDED COVERING OVER 8,000 ACRES SINCE OPERATIONS BEGAN

TOTAL ABOUT 14,000

High Prices Continue to Be Paid For Favorably Situated Land Awaiting Coline Test

Leases covering more than 8000 acres have been filed for record in Archer county within the past two months, and recorded instruments, it is believed, represent less than two thirds of the total. Numbers of leases have been taken and are not yet recorded because of information concerning many of these is withheld.

Three new wells were started in the Archer district last week. Interest still centers in the test of the Knight well which is due to be put on the pump early this week, possibly today or tomorrow. Estimates of the production in this well range from fifteen to 75 barrels and the exact information regarding its size is awaited with interest.

Among leases transferred during the week was one by J. L. Art to the Gulf Production company, 40 acres about a mile from the Panther No. 1, at \$40 per acre. Art & Straus also sold a lease on a 700 acre tract, 400 acres at an average of \$20 per acre. Some acreage, three or four miles from any present location has been bringing twelve to twenty dollars per acre, and land more favorably situated has seldom brought less than \$100. There are reports of several leases that carry obligations for early drilling.

More than 8,000 acres are covered by leases that have been ordered with the county clerk at Archer county, and it is believed that 6,000 more are not yet recorded. The recorded leases, set forth in detail below, do not as a rule indicate the consideration paid, and the deals recently closed have been subject to many instances. It is estimated here that fully 14,000 acres in Archer county is now under lease as a result of oil operations in that county, and there is little cessation of activity on the part of the local and outside parties that are taking up all available tracts within a radius of three or four miles of either the Knight or Panther wells.

Numerous local parties have plans for operations in Archer county, and several stock companies are in process of organization. These for the most part will drill at some distance from present production, on account of the high prices commanded by close-in acreage.

The leases and transfers recorded to date in Archer county are as follows:

Original Leases. D. W. Ingersoll to J. C. Straus. Consideration \$1. Description of property: Being all of section No. 1, S. P. R. survey, Cert. No. 16-148, Abat. JACK RABBIT IS DECLARED FOOD

NORTHEAST TEXAS PEST MAY PROVE TO BE SOURCE OF REVENUE

MEAT FINDS MARKET

Some Has Already Been Shipped From This Section—Ideas Possibilities Cited

Wichita county and Northwest Texas can help to solve the high cost of meat problem. Department of agriculture officials, state and federal, have discovered that jack rabbit meat is good for human consumption, and steps are being taken to find a market for the seemingly inexhaustible supply of this meat that Northwest Texas affords.

Last year points on the Wichita Valley shipped a considerable quantity of rabbit meat to Chicago, and the idea is not altogether a novelty, though little serious effort has been made to carry it through. If a stable market could be found for jack rabbit meat, it would not only help Northwest Texas to get rid of a decided pest, but it would bring considerable money into this section. Jack rabbits are killed in considerable numbers in this section as long as the state's bounty money holds out, but when it is exhausted, which doesn't take long, there is comparatively little rabbit killing.

Rabbit carcasses are said to be worth from 20 to 25 cents each. The hides are of value when furnished in sufficient quantities. The idea has possibilities that are considered worthy of serious investigation. The following concerning the matter was recently issued from the state department of agriculture:

To be transformed from a pest, pure and simple, to a game animal is what has happened to the famous Texas jack rabbit. The jack rabbit is one of the great picturesque animals native to Texas. Charging grandly in full flight across the mesquite prairies or crouching in the scrub, he is the same romantic figure. There was a time in Texas when chasing a jack rabbit over the prairie was rated as a pretty fair sport. Fleetfooted hounds on his trail and cheering horsemen and horsewomen riding swiftly to be in at the death—that was a hunting scene in days gone by, but as the country settled and wire fences ob-

structed the land, the pleasure of the chase was interrupted, but the jack rabbit thrived on and on. He was very hardy, and since man could no longer get at him as a sporting proposition, he multiplied rapidly, and one day Texas awoke to the fact that he had developed into a pest of the first variety. Then a price was put upon his head and whenever a pair of his ears accompanied by a goodly portion of his scalp, was lodged into the courthouse the bearer could go forth with good coin of the realm in his pocket in exchange for the ears and scalp. Some portions of Texas have rated the long eared jack rabbit as the second greatest drawback to agriculture with which they had to contend. The first is the high winds that whip and cut to pieces green growing crops in the spring; the second, the rabbit, and the third the ever threatening drought. This "plague pest" now is to become an asset. He now has a market value. He is to be hunted down for table use. The state department of agriculture has had calls from the markets of the north and east for shipments of this animal to be sold in the open market with poultry, pork, steak and other meats. One request for clear-lead has been received from Memphis, Tenn.

Those who know, say the jack rabbit is a fine flavored animal. He should be for he is a vegetarian and subsists entirely on the most toothsome delicacies to be found on the field or farm. His overfondness for the and overmastering desire to eat up the farmer's grain crop is what has brought him into disrepute, and incidentally cost the farmers of Texas many thousands of dollars. At the present high price of meat products the jack rabbit will bring a good price in the market, being sold in the north and east at 20 cents per pound.

The state department of agriculture will, in the near future, stage an affair to be called "a rabbit dinner." For this dinner not only the lordly jack rabbit, but the humble cotton tail and the vigorous and overmastering desire to eat up the farmer's grain crop is what has brought him into disrepute, and incidentally cost the farmers of Texas many thousands of dollars. At the present high price of meat products the jack rabbit will bring a good price in the market, being sold in the north and east at 20 cents per pound.

Further protest against the proposed advance in fire insurance rates will probably be filed by the local Retail Merchants association in connection with protests from other associations over the state before the fire insurance commission meets for a final decision on the matter according to John W. Thomas, secretary. It is also thought likely that the Chamber of Commerce will enter a similar protest. The commission meets for final action on this matter Tuesday. Mayor A. H. Britain represented the civic organizations of this city in opposing the increase at the early hearings of the commission on this matter.

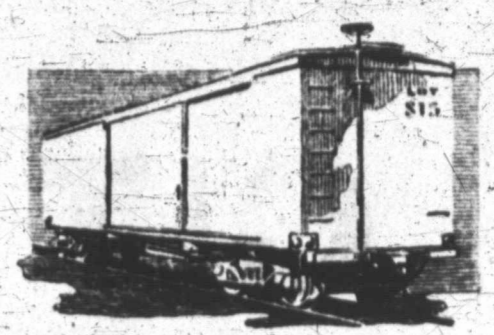

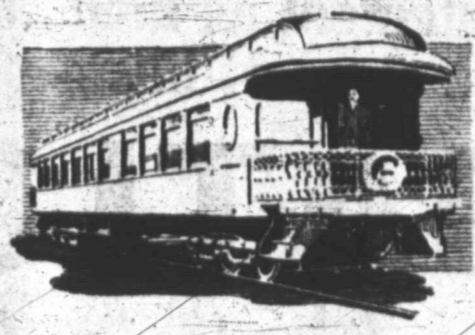

Other matters on which the Retail Merchants association and the Chamber of Commerce will probably soon be asked to express themselves on through the nation and state organizations with which they are affiliated will be the Stephens bill, or the price maintenance bill which will come up at the present session of Congress, which meets Tuesday and the pure advertising and anti-premium scheme and anti-trading stamp bills which will be introduced in the next session of the legislature. The Stephens bill gives the manufacturer the right to fix the retail price at which his commodity can be sold. The pure advertising bill amends the present statutes applying to the itinerant vendor. The title of the other bill explains itself.

Which Do You Prefer?

Pullman or Freight ?

No one would think of riding in a freight car if he could enjoy the comfort of a big, comfortable easy riding Pullman parlor car. So with automobiles. Most of the popular priced cars ride like freight cars. This is due to the old fashioned type of spring.

Many manufacturers still continue to use them. The Overland does not. The 75 B Overland has the latest type of cantilever shock absorbing springs. As a result it is one of the easiest riding cars in the world. One demonstration will prove this. \$635 f. o. b. Toledo.

AT THE THEATRES

"THE HEART OF THE HILLS" AT THE MAJESTIC TUESDAY

"The Heart of the Hills" an Edison five part photodrama, released through the Klein-Edison-Seils-Esany service, will be offered at the Majestic Theatre next Tuesday with Mabel Trunelle and Conway Tearle in the leading roles. The story unfolded in this unique photoplay is forceful and interesting in an unusual degree and is fascinatingly told in the film. It is an exciting tale of Oriental mysticism and Indian intrigue, leading the spectator amid the jungles and palaces of Hindustan, through the seething social whirl of modern London to a climax of unusual power.

CLARA KIMBALL YOUNG EMPRESS STAR TUESDAY

Clara Kimball Young will be starred at the Empress Tuesday in "The Dark Silence" the last picture she featured in under the World management. A synopsis shows that the picture will be of exceptional interest. Mildred White, a young American girl, studying art in Paris, is saved from a burglar's attack by Dr. Mario Martinez, a Spaniard. She doesn't understand his type and resents his advances. She is however, attracted to his friend, Derwent Ainsworth, a young sculptor. The friendship ripens into love and it is not long before the wedding day is set. A letter from Derwent's sister, Sibyl, comes just before the auspicious event telling him to come home immediately as his father is dangerously ill. He decides to go at once and

as there is not even time to say good-by to Mildred, he confides his difficulty to Dr. Martinez, who has just entered and whom he trusts to explain to Mildred. Dr. Martinez seizes his opportunity—by veiled innuendo, pretending to help Mildred, he encourages her suspicions of her lover, which are confirmed some time later by seeing the half burned letter from Sibyl. Upon Derwent's arrival in England, he writes Mildred begging her pardon for his sudden departure and explaining everything. This letter falls into the hands of Dr. Martinez, who conceals it. He finally convinces her that her affections are wasted on Derwent and urges her to go with him. Two unhappy to care what becomes of herself, Mildred agrees. After the death of his father, Derwent hastens to Paris and is bitterly disappointed to learn that Mildred has gone to meet Dr. Martinez. He rushes to Dr. Martinez's apartment, denounces him furiously and then joins the army. Mildred learns that Derwent has been seeking her and that Martinez has lied to her about him. In despair she joins the Red Cross Society. She is called to nurse Derwent who has been blinded in battle. Concealing her identity she nurses him devotedly; he soon comes to love the faithful nurse confides in her about the "other woman" in his life who was so heartless and faithless.

"ROMEO AND JULIET" AT MAJESTIC DEC. 5 AND 6

The Majestic management announces that "Romeo and Juliet" will be featured at that theatre Tuesday and Wednesday, Dec. 5 and 6. In the elaborate screen production of "Romeo and Juliet" in which Francis X. Bushman and Beverly Bayne portray the roles of the immortal lov-

ers, these two famous stars are supported by the most notable cast ever assembled for a motion picture. There are scores of prominent artists of both the stage and screen, and the long roster includes a Booth, a Sothorn, a Mantell, a Kembie and a Daventport, names that represent the greatest histrionic families of this and a past generation. The principals in this eight reel picturization of Shakespeare's immortal romantic drama are all leading dramatic actors and actresses with world wide reputations. Many of them have starred in Shakespearean parts and nearly every member of the cast has had a classical training. More than six hundred persons were used in the production and no expense has been spared to make it the most notable offering that lovers of the silent drama have yet seen.

"THROUGH SOLID WALLS" AT THE GEM MONDAY

A wonderful invention forms the basis for the plot of "Through Solid Walls" a picture with Peggy Custer and Marc Fenton starred which will show at the Gem Monday. A synopsis is given. James Wheelock, eccentric but wealthy, has in his household his niece, Elsie, and the butler, Parsons, who has been in his employ a long time and is greatly attached to the irascible old man. Across the way lives Dick, an electrical genius, who is in love with Elsie. Dick has a wonderful invention—a machine that will permit the operator to see through opaque substances. But Wheelock, upon seeing the invention, at first is not very enthusiastic over it, but on looking through the lens at the house across the way seems to see something that interests him. The next day Theresa is found on their doorstep in a very sorry plight—hungry, ragged and ill. Wheelock takes her in, and ere long she apparently has the run of the household and eventually succeeds in having Parsons discharged. Elsie dislikes the woman extremely, especially when she finds her making love to Dick. A new butler, a friend of Theresa's, is engaged—Cummings by name. Then one day, a beautiful diamond belonging to Wheelock is missing. Elsie accuses Theresa and the latter discovers some one in the yard. When Cummings brings him into the house, it is found to be Dick. Elsie

will not believe that her lover is the thief and Dick is greatly astounded when Wheelock tells him to go home and go to bed—he thinks the old man crazy. The next morning Cummings says he is ill and Wheelock sends for the ambulance. As the man is being taken from the house Theresa gives him a small box supposedly his medicine, but in reality the diamond. Then comes a surprise. The man being carried out is Parsons. The ambulance attendants are policemen and Theresa and her partner in crime are arrested. To Elsie, Wheelock presents the diamond and discloses that when he looked through Dick's invention that he saw Theresa and Cummings plotting in the house across the way;

that he retained Parsons, unknown to the others and let Theresa and Cummings "hang themselves" with their own rope. Cleo Ridgley, the beautiful Lasky she and her lover are brought together although separated by their religious vows, is presented in a manner which must be seen to be understood.

HORLICK'S THE ORIGINAL MALTED MILK

Made from clean, rich milk with the extract of select malted grain, malted in our own Malt Houses under sanitary conditions. Infants and children thrive on it. Agrees with the weakest stomach of the invalid or the aged. Needs no cooking nor addition of milk. Nourishes and sustains more than tea, coffee, etc. Should be kept at home or when traveling. A nutritious food-drink may be prepared in a moment. A glassful hot before retiring induces refreshing sleep. Also in lunch tablet form for business men.
