SERVICE TODAY WELL ATTENDED

THANKSGIVING EXERCISES ARE HELD AT FIRST BAPTIST CHURCH

WORK OF CHARITIES

Needs are Outlined by J. C. Hunt, Rev. M. F. Draper Delivers Thanksgiving Sermon

The largest crowd ever present at a Thanksgiving service in this city attended this morning's exercises at the First Baptist Church, the building being filled almost to its capacity.

Practically all of the ministers of the city took part in the service, which included special music, scripture lesson and the reading of the president's Thanksgiving proclamation.

After the sermon by Rev. H. F. Draper, J. C. Hunt presented the cause of the organized charities of the city and asked for support for the work.

No collection was taken, but subscription cards were passed, and baskets were placed near the doors for those present who desired to contribute as they passed out.

J. C. Hunt was elected president of the charities, with W. L. Robertson as treasurer.

Two from each church were appointed on the board of the association. The list follows: M. E. Church, South, C. C. Knight and Mrs. C. W. Snider; M. E. Church, H. L. Hunter and Mrs. G. E. Friberg; First Baptist Church, C. J. Stumack and Mrs. R. H. Hall; First Christian, W. J. Billock and Mrs. T. T. Reese; First Presbyterian, H. B. Patterson and Mrs. M. Munnell; Central Presbyterian, Dr. J. E. Reed and Mrs. Henry Wilson; Evangelical, H. G. Karrenbrock and Miss Carrie Mohr; Episcopal, H. O. Cravens and Mrs. J. M. Simmons.

The sermon was delivered by Rev. H. F. Draper, new pastor of the First M. E. Church, who, though one of the most recent additions to the number of local pastors, has already won himself a place here, more than doubling the attendance at the church over which he presides. Mr. Draper said in part:

"As a nation, let us stop and thank God for the democracy of our great commonwealth, for a national peace in the bright age of the human family, and for prosperity in the days of famine, war, and destruction. As individuals, let us stop and thank God for life in a world of death, for salvation in a world of sin, and for immortality in a world of materialism. As sons of God let us stop and be thankful for the assurance of the joyful Thanksgiving Day eternally."

"While we look on Thanksgiving Day in the United States, as an annual festival of thanksgiving for the mercies of the closing year, it is really born of men's gratitude toward the Giver of every good and perfect gift, as recorded in most ancient days. From the Hebrew Feast of Tabernacles, through the Greek Festival of Demeter and the Roman feast of Cerialis, to the Saxon Harvest Home, the history runs down to the celebration on the bleak Newfoundland coast in 1621, which antedated the commonly accepted inception of Thanksgiving in America by the landing of the Pilgrim Fathers in Plymouth in 1620. The first regular Thanksgiving Day was proclaimed by Governor Bradford to be held on the 24th of October, 1621.

"This is the midway and rumors of wars of rising nations and crumbling thrones, we are to pause this national Thanksgiving Day and praise Almighty God for peace and happiness in the commercial life. Let us, for a moment, pause and thank God for the universal Church of Jesus Christ, and for the movement, for a society for the destruction of the liquor traffic. Let us pause a moment and thank God.

"We are living in a prosperous age. As with the Grecian myth, everything that man touches is turned into money, even his own life is finally sold and he becomes a unit of his own commerce. With our scientific inventions and discoveries, the organized church and reform work, with our great factories and stores, extensive corporations and combinations, we are advancing with such untold rapidity that only God is able to compute. As we find ourselves carried away in this onrushing materialistic commercial life, let us stop and thank God, for this prosperity.

"The varieties of thanksgiving, expressed in a personal way, are as different as personalities and as changeable as conditions. Step into some of our wealthiest homes and in some so-called high circles of society, and Thanksgiving Day is a mere holiday for a trip to the mountains, for a society ball, or for some pastime revelry. Again enter the door of some of our poorest people, and you will find it is a day of want, hope, and disquietude. Or go on down in some of our cities to the slums as for example, The Bowery of New York City, and see there boys and girls selling papers, men and women drunk on the streets, women and children begging at every corner, saloons and prostitution, shame and disgrace, death and hell, and we find there the environment that makes their Thanksgiving Day. Can they be thankful? Thousands of such people never heard of Thanksgiving Day. Let us as American citizens enjoying the privilege and blessings of a Christian civilization stop and thank God.

"Can we as Christian citizens of our commonwealth selfishly enjoy the blessings of our prosperity and evade the personal responsibility of not assisting others to enjoy the same.

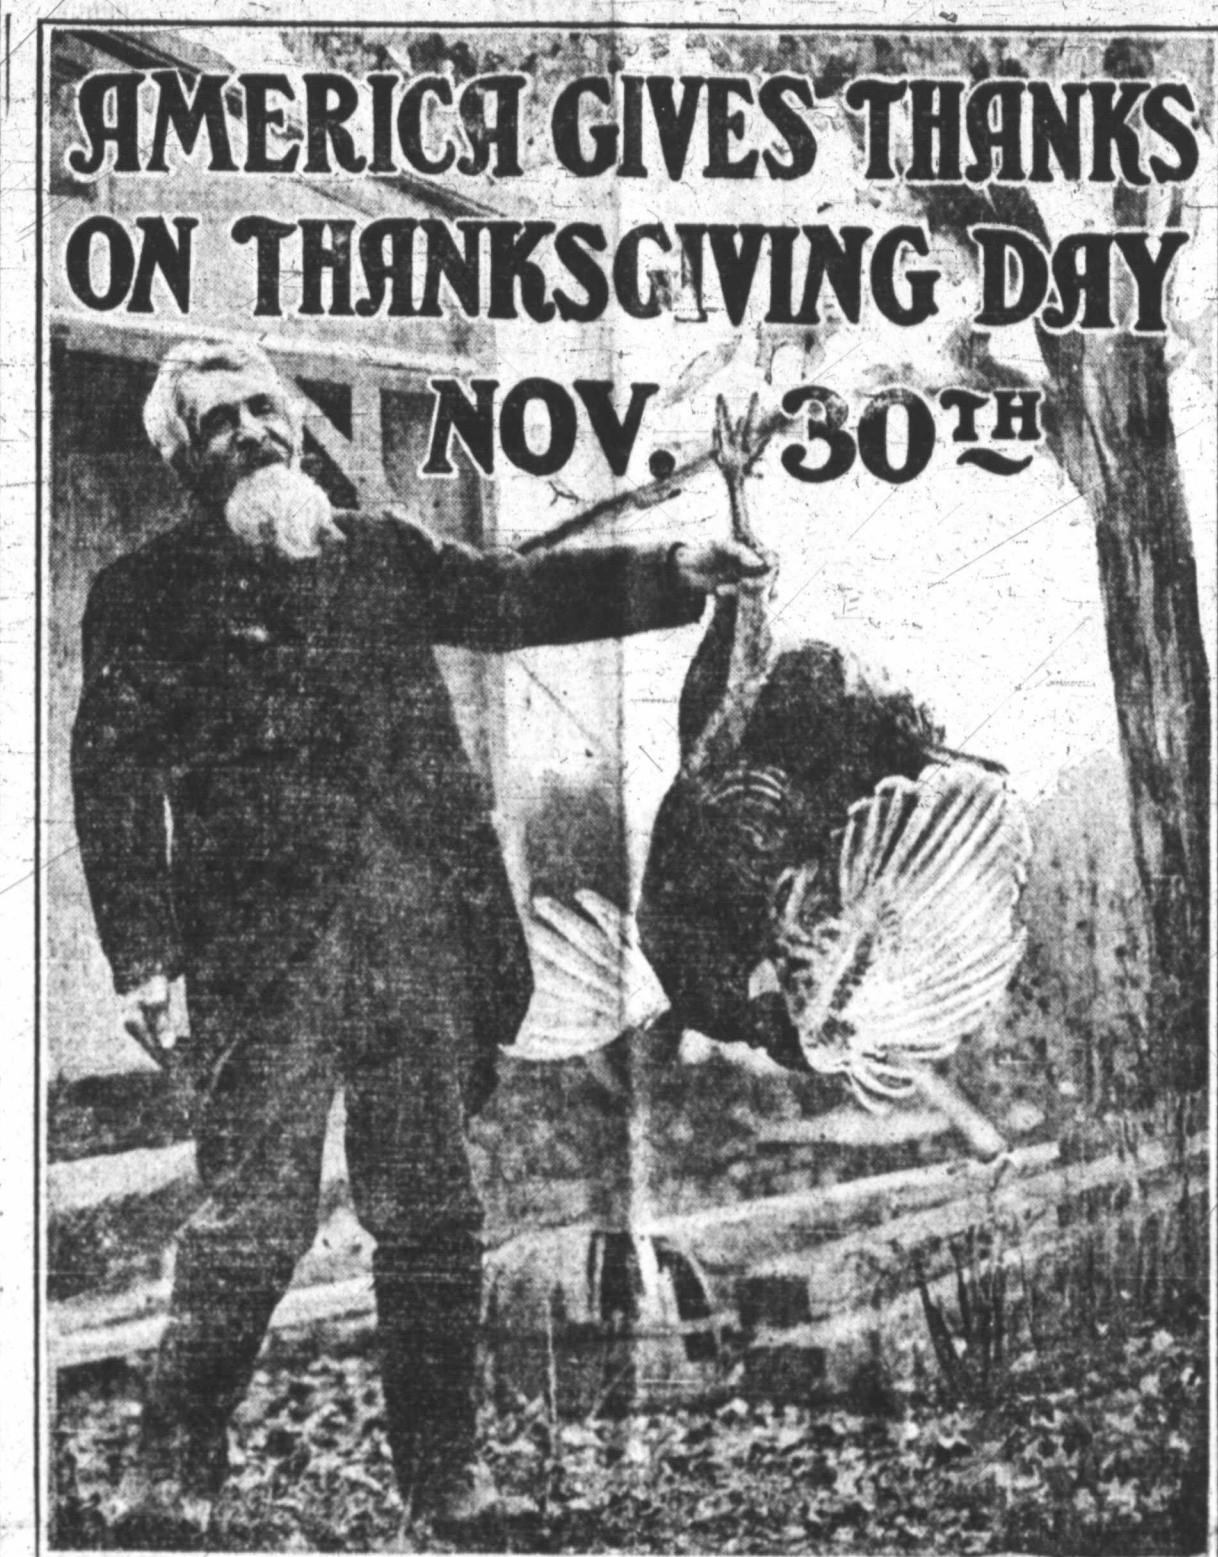

"How long will we tolerate those forces that work that tear down and destroy the Thanksgiving spirit, and that undermine our Christian civilization, such as the saloon. Shall we permit them to go about as a thief in the night or as a roaring lion seeking whom they may devour or shall we face the enemy. I am glad to take my stand fighting the damnable saloon that has been working day and night to drag the American people hellward. Shall we not realize that 'one can cause

Charitable organizations distributed Thanksgiving baskets or served free dinners to nearly 10,000 persons.

650 BIRDS ENTERED

Out-of-Town Fanciers Capture Honors in Several Classes—Judging—Still in Progress

Judging of the 650 poultry specimens at the North Texas Poultry Association's show continued today and considerable work remained to be done at noon, although awards in a number of classes had been announced at that hour. It will probably be tomorrow afternoon before the sweepstakes are awarded.

The show is being visited by large numbers of poultry fanciers and others and is attracting much attention. The fact that last year's record has been surpassed in the number of birds entered is a source of much gratification. There were about 650 birds of all classes in the coops at noon today, a large number arriving yesterday afternoon and last night.

Early today Judge Walter Burton had not judged some of the most important classes, including the white and barred Plymouth Rocks, White Orpingtons and the several varieties of Leghorns; turkeys, ducks and pot stock also remained to be judged.

Out of town fanciers have captured a big part of the awards so far announced, though Wichita Falls chickens are in the money in a number of classes. There are five prizes for cock, cockerel, hen, pullet and pen, in each class blue, red, yellow, green and white cards being used, in the order named for the first to fifth honors.

Tomorrow night exhibitors and others will attend a meeting at the exhibit hall and talks will be made by several of those attending. Judge Walter Burton is planning an illustrated lecture for this occasion.

Awards so far announced include: Single comb Rhode Island Reds—W. G. Airhart of Peniel got the big egg of honors in this class, taking first and second on cocks, first, fourth and fifth on hens, all five prizes on pullets, first, second and third on pens; Ford Billings of this city took fourth on cocks and fourth on pen; C. B. Meador of Munday, fifth pullet; L. H. Howard of Wichita Falls, fifth cock and pen.

Black Orpingtons—R. Marsh of Honey Grove got most of the awards here, with first on cockerel, hen, pullet and pen, second and third on hens; R. E. Alexander of Munday, first on cocks, fourth on hens.

Light Brahmas—T. Devoil, a well known poultry fancier, got the large end in this class; first on cocks, first on cockerel, first, second and third on hens, first on pen and first to fourth, inclusive on pullets, went to his entries; Miss Max Hatton of this city took second and fourth prizes on hens, fourth and fifth on cockerels, fifth on pullets.

Single comb Anconas—Wichitans took the honors in this group. W. R. Stephens took first on hens and pen, second, third and fourth on pullets; W. E. Perkins took first on cockerel and pullet.

White Wyandottes—Dr. Lee Harrington of Riesel made clean up in this class, getting first on all five classes, in addition to second and third on hens and second on pullets.

AT THE THEATRES

The Majestic.
Today Charlie Chaplin is the star at the Majestic in his newest comedy, "Behind the Screen."

The Gem.

Today's attraction at the Gem is "The Black Sheep of the Family" a Red Feather feature production. It was in the making of this Red Feather that the last race in which Bob Burman, the speed king, ever took part, was filmed as part of the action. Director Hunt had arranged to be present with his company at the Corona track on that day last April, when the auto race was run in which Burman, his mechanic and a track guard all lost their lives. In the story Bert Saunders, played by Paul Byron who as treasurer of his college fraternity has misappropriated some of the funds and hopes to recoup himself by betting on the favorite, goes to the track on the day of the race and loses the rest of the money in-

trusted to him. The thousands of spectators at the course, the great racing cars, the start of the contest, the excitement among the crowds and the rush of the great cars sweeping around the "Death Curve" were all caught by the camera and are shown as part of the story. The accident itself was filmed in which on the 97th lap of the 396 mile contest, Burman's car turned over and wrecked.

Dispatches say that Fort Worth is the only Texas city under consideration by the Federal Farm Loan Board for a district farm loan bank.

The American people have abundant reasons for being thankful today not the least of them being peace and prosperity.

Not only can we be thankful today, but can look forward with confidence that the safe, sound policies of the administration will conserve peace and honor among the nations of earth and business prosperity at home.

relief of suffering among the war-stricken people of Europe. There will be a generous response to the appeal of President Wilson's Thanksgiving proclamation when he said:

"The year that has elapsed since we last observed our day of thanksgiving has been rich in blessings to us as a people, but the whole face of the world has been darkened by war. In the midst of our gloom and happiness, our thoughts dwell with painful distinctness upon the agonies and sufferings of the nations at war and of the people upon whom war has brought disaster without choice or possibility of escape on their part.

"Now therefore I, Woodrow Wilson, president of the United States of America, do appoint Thursday, the 30th of November, as a day of national thanksgiving and prayer and urge and advise the people to resort to their several places of worship on that day to render thanks to Almighty God for the blessings of peace and unbroken prosperity which has been bestowed upon our beloved country in such unanticipated measure.

"And I also urge and suggest our duty on this our day of peace and abundance, to think deep sympathy of the stricken peoples of the world upon whom the curse and terror of war has so pitilessly fallen and to contribute out of our abundance means to the relief of their sufferings.

"Our people could in no better way show their real attitude toward the present struggle of the nations than by contributing out of their abundance to the relief of the suffering which war has brought in its train.

COWBOY RANGERS FORM RANCH HERE

New Lodge is Organized Wednesday Night—Will Establish Social Club

With the election and installation of officers, the Cowboy Rangers last night instituted a local ranch with a membership of 65. The branch of the Wichita Falls ranch is B. C. W. Ranch No. 77. The officers elected are as follows: George H. Hodgins, secretary; E. L. Jones, venerable vice boss; Lee C. Wood, junior past boss; O. P. Maricle, sky pilot; E. H. Erdeman, recorder of brands; S. Stewart, ray boss; Frank Hodgins, sage brush philosopher; G. B. Harrison, guard of the corral; J. L. Bonds, guard of the roundup; Ray Nolen, guard of the spur; E. L. Galt, L. E. Barry and H. E. L. Smith, trustees.

The institution and installation proceedings were carried on by Zenas L. Melick of Denver, Colo., national organizer. Ben C. Williams was placed in charge of the work here by Mr. Melick as organizer for Wichita Falls, Seymour and Childress. It was announced that another meeting will be held next Wednesday night at the Odd Fellows hall on Seventh Street. It was also stated that the club would succeed as soon as possible to secure club quarters and proceed with the establishment of a high class social club. In this connection it was pointed out that one of the strongest rules not only prohibited the bringing of liquor into the club room, but that provision had been made for the ejection and final expulsion of any member coming to the club room under the influence of liquor. These sentiments were expressed by Boss Hodgins in a short speech after his installation and were echoed by speeches by Mr. Melick and other hands on the ranch.

PARTIAL TEST OF KNIGHT RANCH WELL

Pump Runs For Unknown Length of Time Putting 39 Barrels into Tank

Although the test has not been completed, indications now are that the Coline company's well on the Knight ranch is good for 50 barrels or better daily. The first time the well was put on the pump recently, it made 39 barrels in a period of time somewhere between one and two hours. The pump was started about mid afternoon and was still going after dark, when the pumper dropped off to sleep. When he awoke after midnight, the pump was found to have been broken, necessitating the stopping of operations. It is not known, for that reason just how long the well was pumped. It is planned to repair the pump as promptly as possible and complete the test. If the well put 39 barrels into the tank in a two-hour period, the probability is that the pump did not run that long, it fulfills all expectations. Reports of still more wells to be started in Archer county are current. Among the prospective new operations are those of the St. Clair Oil Company and a well by the Gulf Production Company.

SANITARY METHODS MORE IN EVIDENCE

Improvement Seen in Local Markets—Need For Public Abattoir Pointed Out

As the first year in which the food inspection which has been carried on by the city and city organizations is coming to a close a great improvement of conditions in the handling of food and especially meats is reported by Dr. J. T. Traylor, city food and dairy inspector. Meats are now kept in oil the counter and handled in a decidedly more sanitary manner than was the case before the active food inspection campaign was gotten under way. Dr. Traylor states that he has found all the meat markets with the possible exception of two very much in favor of the inspection and doing in their power to make it successful. To their cooperation in a large measure is the success of the movement attributed by Dr. Traylor.

In order to make a complete success of the pure meat problem some way of supervising the slaughter of the animals is necessary, says Dr. Traylor. To this end he advocates a municipal slaughter house and abattoir which in his opinion is the only possible solution of the problem. The estimated cost of such a plant is approximately \$17,000. Not only does the establishment of such a plant insure sanitary slaughtering of animals but where they have been established they have proven more satisfactory and economical to the butchers than private plants. Plants of this character in other cities of the size of Wichita Falls have not only proved themselves self sustaining from the start, but have cleared a profit sufficient to repay the city for its initial cost.

MORE MEN THAN WOMEN HAVE APPENDICITIS

Surgeons state men are slightly more subject to appendicitis than women. Wichita Falls people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adlerika, often relieve or prevent appendicitis. This mixture removes such surprising food matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT relief of Adlerika is surprising. After a Bad Day

If you are weary after a fatiguing day, on reaching home take ten minutes' rest lying prone on the back. When you rise cleanse the face with cold cream, rubbing lightly across the lines and in an upward direction to correct sagging of the muscles. A cloth wet in very hot water should then be applied, followed by several applications of cold water. You will be surprised to find yourself quite rejuvenated.

HONORS TAKEN BY LOCAL DOGS

HIGHLY SUCCESSFUL FIELD TRIAL CLOSED AT HENRIETTA WEDNESDAY NIGHT

LARGE ATTENDANCE

Dogs Owned By Wichitans Get Places In All Three of Events

The field trials of the North Texas Amateur Field Trial association which closed at Henrietta last night were pronounced entirely successful by returning members of the North Texas Amateur Field Trial association. At least 75 of the leading dogs of Oklahoma and Texas took part in the trials, making each event an extraordinarily fast one and one which taxed to the full the powers of the judges in determining the dogs doing the best work.

The work of the dogs of E. G. Hill were the feature of the meet, his entries taking two first place cups and a third, including the coveted first place cup in the all age. Dollie Vardon Hill took first place in the puppy stake, E. Prince first place in the all age and Oak Hill first place in the all age and S. A. Wilton's Melba which was placed third among the puppies made a total of five dogs from Wichita Falls who placed in the three events, bringing five of the ten cups awarded in Wichita Falls. In addition to this a number of other entries by Wichita Falls sportsmen performed in a distinguished manner and closely contested the places with those declared winners. The work of Wichita Falls dogs is especially gratifying to local sportsmen when it is considered that they were working against some of the best dogs that this state and Oklahoma had to offer.

A gallery of about 100 followed the events through the two days watching closely the points of the contestants. The crowd was made up largely of front dog men from all over the southwest, the attendance from nearby points being somewhat lower than that of the sportsmen coming from a distance.

A. L. Chris of Belton acted as judge of the meet, but on account of the number of dogs in the events, all of whom it was difficult for him to watch, A. M. Taylor of Georgetown was on Mr. Chris' request, named to assist him in judging the entries. As Mr. Taylor had a dog in the all age stake he was replaced in this round by L. G. Moore of Fort Worth. The complete list of winners for the meet were as follows: Puppy stake Dollie Vardon Hill, E. G. Hill of Wichita Falls; Jack, E. T. Cole of Ferris, Texas; Bird, Melba, S. A. NO TURKEY DINNER FOR DIET GUARD TODAY
By Associated Press
Chicago, Nov. 30.—There was no turkey, pumpkin or mince pie or plum pudding on the Thanksgiving dinner menu of the dieting dozen of the Chicago health department. Instead, they had roast chicken with dressing and giblet gravy. Other holiday extras were declared too expensive for a meal in the attempt to prove that it is possible to live well at the rate of 49 cents a day.
However, cranberries which have

not increased in price since last year, were served in a sauce. Turnips, mashed potatoes, celery, apple pie and coffee were also served.

SALOONKEEPERS RAISE FUND TO FEED POOR
By Associated Press
Chicago, Nov. 30.—By taking every man who spent more than fifteen cents for liquor an extra five cents, two Chicago saloonkeepers obtained money with which they purchased 250 turkeys and 200 pounds of young ale to be distributed to the poor today.
