

HOPE INCREASES THAT BREACH WILL NOT WIDEN; ANXIOUSLY AWAIT FACTS OF SEAMAN'S DEATH

AMERICAN NEGRO SAILOR IS VICTIM OF SUBMARINE

Not Ascertained If Act Was Illegal--Army And Navy Plans Rushed

Washington, Feb. 6.—Germany's disposition to regard the break with the United States with calmness and deliberation and in a peaceful spirit as expressed by Foreign Minister Zimmerman, brings new encouragement to those who hope the breach between the two countries will go no further than a severance of diplomatic relations.

The real test, however, comes on the actual performance of the campaign of unrestricted submarine warfare and while all American officials fervently share the hope that the break will go no further, there is no disposition to recede from the position that American lives and rights will be protected by whatever measures are necessary.

The work of preparing for eventualities went steadily forward today in all branches. Three emergency amendments to the navy bill were presented to the House today by Chairman Padgett of the naval committee. The war department put its quartermaster agents into the market to bring reserve stores up to the maximum at once.

Immediate interest centered here today upon destruction of the British steamer Eaveston, in which an American lost his life. Apparently officials are confident that this incident will not prove to be the overt act that will cause hostilities but nevertheless complete reports are awaited with grave anxiety. If the vessel was resisting or trying to escape the act will not be regarded as illegal.

SOME INDICATIONS SWITZERLAND WILL FOLLOW UNITED STATES' LEAD

Washington, Feb. 6.—Information that Switzerland will adopt President Wilson's suggestion that in the interest of world peace other neutrals follow the lead of the United States and break off diplomatic relations with Germany was received here today. So far as known, this is the first response.

Spain's taking over of American interests in Germany and Switzerland's similar action for German interests here are interpreted as removing both these neutrals from participating in the break in relations. The practical certainty that an American break with Austria also cannot be avoided makes it more desirable than ever that Spain should remain outside the struggle.

AMERICAN SEAMAN KILLED BY SHELL, BUT FULL DETAILS NOT YET KNOWN

Washington, Feb. 6.—An official report of the sinking of the steamer Eaveston and the killing of an American seaman, reached the state department from Consul Frost at Queenstown. Consul Frost's message said:

"Provisional British Collier Eaveston sunk by shell fire from German submarine in vicinity of Fastnet yesterday, (February 4). American negro, able seaman, killed during shelling of boat, just after left Eaveston. Details not yet available."

OFFICIAL NOTICE IS RECEIVED OF RELEASE OF AMERICANS BY GERMANY

By Associated Press. Washington, Feb. 6.—Official notice of the release by Germany of the 64 Americans held prisoner in Germany for having taken pay on board British armed merchantmen captured by the German sea raider was received at the state department in a delayed dispatch from Ambassador Gerard. The prisoners were released, Germany claims, because at the time of their enlistment they did not know Germany had planned to armed ships as war vessels.

BRAZIL HAS SENT NOTE TO BERLIN DEFENDING POSITION OF THAT COUNTRY

Rio Janeiro, Feb. 6.—The Jornal Do Commercio will publish Brazil's note to Germany tomorrow. The note will be published after it has been sent to the Berlin government. Several American countries have already been informed of the action of Brazil. The Journal says that the note will defend with firmness the principles of international law and the interests of Brazil.

HOLLAND UNDERSTOOD TO BE PLANNING EARLY REPRESENTATIONS TO GERMANY

The Hague, Feb. 6.—It is known that Holland has protested strongly against Germany's decree of unrestricted submarine warfare, but the press is silent as to the government. The foreign office refuses to give any details as to the course adopted by the administration. The Courant expresses surprise at President Wilson's statement in regard to other neutral powers following the example of the United States and asks whether it is based on fore knowledge or merely supposition.

BERLIN PRESS SAYS WILSON HAS FAILED TO GRASP GERMANY'S MOTIVE

Berlin, Feb. 6.—The general opinion expressed by the Berlin papers on the German-American situation is that President Wilson has failed to grasp the real significance of real affairs in Europe and has misinterpreted Germany's purpose.

No surprise at the turn of events is expressed in the Tageblatt in which Theodore Wolff writes a colorless and passionless leader. Herr Wolff remarks: "European neutrals probably do not view things in quite the same light as the president. They are not separated by the ocean from the arena of war and they have had the miseries of war before their doors for 31 months."

Whatever may be their feelings toward the United States, Germans in Berlin and, as far as has been heard, outside the capital, have manifested consideration and courtesy toward Americans since the news was received of the breaking off of relations. Aside from an occasional comment on the action of the American government, no acts of hostile or even unfriendly nature are reported.

VESSLS ARE DISABLED BY THEIR CREWS BERNSTORFF TO GET IRON CROSS FROM EMPEROR

London, Feb. 6.—Count Von Bernstorff, dismissed German ambassador to the United States, has been granted the iron cross with the white ribbon by the German emperor, according to an Amsterdam dispatch. This decoration is one conferred on civilians for services rendered in war time.

PEACE NOTE SOUNDED BY ZIMMERMAN

GERMAN FOREIGN SECRETARY HOPEFUL THAT BREAK WILL NOT BECOME MORE SERIOUS THAN AT PRESENT.

GIVES HIS VIEW

Says Germany Appreciates Non-Hostile Portions of President's Address to Congress. Refers to Long Years of Friendship.

By Associated Press. Berlin, Feb. 4.—(Delayed.)

What steps will be taken by the Water and Light company toward the supplying of water for operations in the Archer county field will be decided today, a statement to that effect being made to the directors by F. N. Lawton, manager of the company.

Opposition to the proposed two per cent tax on oil production and of a similar tax on oil leases now pending in the Texas Legislature was voiced at the directors meeting of the Chamber of Commerce this morning and strong letters will be sent to Representative E. R. Greenwood and Senator Johnson urging their opposition to the matter. The directors were unanimous in their opposition to the measure.

TODAY'S ISSUE PUBLISHED UNDER DIFFICULTIES

The Times has been issued today under difficulties. All three of its regular linotype operators have been off duty. E. B. Woodward has been a brief visit with his wife and baby at Haskell, Texas. M. C. Dakan is at home with the grip. Loy D. Lattimore was called to Waco last night for a critical case of his baby, leaving The Times to be issued by one substitute operator and another who does not claim to be an operator at all, but who has been doing the best he could at the machine today.

MRS. MARY ELLA COWAN SUCCEUMS TO ILLNESS

Mrs. Mary Ella Cowan, wife of E. A. Cowan, died last night at her home with stomach trouble. Accompanied by her son, J. S. Daley, of Dublin, and niece, Miss Ora Carlton, of this city, the body will be taken to Elkhart, Erath county, for burial.

RE-ELECTION OF SECRETARY JOHNSON IS ANNOUNCED

It has been announced by the executive committee of the Chamber of Commerce that a renewal of the contract with E. F. Johnson, secretary, has been made at a materially advanced salary. Mr. Johnson's re-election was left to the action of the executive committee at the first meeting of the new directors, his old contract expiring March 1.

BOY SCOUT COUNCIL TO BE ORGANIZED TODAY

Organization of a Boy Scout Council will be undertaken at the Chamber of Commerce rooms this afternoon. Ministers of local churches and leading business and professional men will make up this council, which will in a measure revive the activities of the boys of the city. Rev. Harry F. Draper of the Methodist church, is one of leaders in this movement.

ASK OPPOSITION TO OIL TAX BILL

CHAMBER OF COMMERCE DIRECTORS TAKE ACTION AGAINST PENDING MEASURE.

WATER FOR ARCHER

Local Company Planning to Replenish Supply Which is Needed in Oil Field.

Opposition to the proposed two per cent tax on oil production and of a similar tax on oil leases now pending in the Texas Legislature was voiced at the directors meeting of the Chamber of Commerce this morning and strong letters will be sent to Representative E. R. Greenwood and Senator Johnson urging their opposition to the matter. The directors were unanimous in their opposition to the measure.

EFFECT OF WAR ON PRODUCTION OF OIL

Even if the Government Should Need More Fuel Work Would Be Hampered by Conditions.

Special to The Times.

Tulsa, Okla., Feb. 6.—The opinions of Tulsa oil men have been sought and for the most part they are at a loss to know just what effect the present war crisis will have on the oil business of America generally. A representative of one of the largest foreign companies who is in Tulsa at this time, says he does not believe the oil industry will be stimulated to any extent.

The coastal refineries are well supplied to furnish all the oil the government will need for some time, he declared, and in all the government contracts there is an increase in demand which calls for a minimum and maximum supply with the added proviso that each refinery must keep the minimum amount of the contract on hand at all times. So there is no reason why the oil business will be stimulated to any great degree.

A leading producer who engages exclusively in that end of the industry had the following to say regarding the present situation bearing on the oil industry: "I do not look for any great drilling companies to be started, and I do not think the refineries of the country could keep the government supplied with fuel oil and gasoline for some time to come with what they have in storage and with the supply in sight the scarcity of material which has already handicapped the oil men, will be equally as great if war is declared, as it is at the present time, and for that one reason, at least, there will not be much doing in the way of oil work until that condition is remedied."

SUBMISSION TO COME UP AGAIN FRIDAY MORNING

"BONE DRY" PLAN NOW UNDERSTOOD TO HAVE THE SUPPORT OF SUBMISSION LEADERS WHEN VOTE IS ASKED AGAIN.

SUFFRAGE DEBATED

Votes For Women Amendment is Taken Up Today. With Crowded Galleries, House Also Endorses the President.

By Associated Press. Austin, Texas, Feb. 6.—It was announced today that submission would be called up Friday morning in the House for vote on final passage. A "bone dry" resolution is being supported by strong submissionists. The House concurred in the Senate resolution endorsing President Wilson. The woman's suffrage amendment resolution was a special order for the day in the House, and when the House convened the galleries were packed with suffrage sympathizers and opponents. The resolution provides for the submission of a constitutional amendment on the first Tuesday afternoon in November, 1918.

Nearly a Million Women Get Men's Places in London

By Associated Press. London, Feb. 6.—Almost a million women—exactly 988,000—have entered all kinds of positions held by men before the war began, and of this number nearly all—exactly 933,000—were actually substituted for men called to the front or diverted to other war activities. This is shown in a survey of the whole movement toward woman-labor since the outbreak of the war, and officially by the labor department, with data down to the last two months. It shows 3,241,000 women now employed in all branches of industry and commerce, or about a million more than when the war began. It is this new million of women workers one sees at every turn, on the tramways, on motor buses, taking fares, in government offices taking the place of the men absent in the hotels and restaurants, in saloons and cashiers, in banks and business houses, and running cinemas, theatres, public houses, and the whole range of business activities.

Just how far this has gone the government has one figure to show. In banking and finance, for instance, there were only 5,500 women employed before the war, now the number has increased fourfold to 22,000. In commercial occupations, clerks in stores, offices, etc., the increase of women is 268,000 of which 254,000 replaced men. In professional occupations, connected with the law, medicine, magazine and newspaper work, etc., the increase of women is 15,000 of which all have replaced men. A curious fact is that such women have replaced about two men in hotels, public houses, cinemas, theatres, etc., the increase of women being 16,000 and the displacement of men 30,000.

In commercial occupations, clerks in stores, offices, etc., the increase of women is 268,000 of which 254,000 replaced men. In professional occupations, connected with the law, medicine, magazine and newspaper work, etc., the increase of women is 15,000 of which all have replaced men. A curious fact is that such women have replaced about two men in hotels, public houses, cinemas, theatres, etc., the increase of women being 16,000 and the displacement of men 30,000.

Summing up the substitution of women for men, the government statement says there has been an increase of 1,500,000 since last July in the number of women directly replacing men. This shows a slight check in the rate of replacement. In some trades, like clothing and textiles, women workers have increased, probably because they were able to get better wages in many new fields now opening to them. In October 40 per cent of the textile firms reported they were unable to get all the women they required, so that while the supply of women workers has increased, the demand is also increasing in many branches.

This replacement of men by women is producing new elements in economic and social conditions which will have to be worked out when peace comes. The women are doing the men's work quite as well as the men, so that a new element of competition is introduced between sexes. The women have the advantage of possession of the million shillings, and it remains to be seen whether they will hold them, or whether there will be another displacement of women for men, when the million come back. Many commercial houses have promised to take back the men, but whether this means displacing the women, or keeping both, is still open. The labor unions are also apprehensive over the great swelling of woman labor as women workers are now about half the total strength of the unions, which are chiefly men's organizations strong in politics and with representatives in Parliament and the Ministry. So that the competition between the sexes is being extended all along the economical political and social lines.

AGREEMENT ON TRAINING CAMP

CHAMBER OF COMMERCE DIRECTORS CONSENT TO MILWAUKEE CLUB OFFER.

WILL RAISE \$1000

Remainder of Amount Needed to Come From Chamber of Commerce—Coming March 12.

Definite assurance that the Milwaukee American association baseball club will do its spring training here this year and possibly for the next four, was reached after a meeting of the directors of the Chamber of Commerce this morning. An agreement which proved acceptable both to the directors and A. F. Timme of Milwaukee, president of the club, was reached.

The revenue received from the exhibition games will be prorated between the Chamber of Commerce and outside contributors. This proposal was approved by the baseball committee, F. N. Lawton, R. O. Harvey, J. C. Ward and E. Leopold and was adopted by a close vote. However after the vote was taken those voting against the matter expressed their satisfaction with the decision of the majority and pledged themselves in the raising of the amount needed. The abrogation of the contract is optional on the part of the Chamber of Commerce after the first of the year.

MEETS FIRE DEPARTMENT GOING TO HIS OWN HOME

Hardly had John W. Thomas, secretary of the Retail Merchants association, left the home of his mother, Mrs. Mollie McElroy, 807 Barnett, for his office this morning when he was startled to meet the fire department in full force to answer an alarm at the place. The alarm was turned in by neighbors, none of whom in the house being aware of the blaze which had been going for several minutes. A quick run and good work by the department stopped the blaze before more than a small hole had been burned in the roof with a loss of about \$15 or \$20, covered by insurance. The house caught from a defective fine connection from a gas heater.

HAVE MOVED INTO HANDSOME HOME

New Residence of Mr. and Mrs. R. O. Harvey is Attractive and Modern Structure

Mr. and Mrs. R. O. Harvey and family last week moved into their new home at corner of Tenth and Brook streets, one of the most modern and complete residences in North Texas. While not all of the interior furnishings are installed as yet, and the premises are still being brought to that state of attractiveness planned by owners, an inspection of the place already establishes it as one in which the occupants may take the greatest pride.

A greenish-brown shade of brick set off with white trimmings, was used in the exterior of the building, the roof being of tile. The interior lighting effects, combined with the artistically arranged window hangings give an especially pretty effect when the home is illuminated after dark. The interior woodwork is of gum, with natural finish, quarter-sawn oak is used for the hardwood floors.

There are sixteen rooms in the house, six on each of the two main floors, three in the basement and one in the third story. Hardwood floors and tinted walls prevail practically throughout, with all furnishings in keeping with the general decorative scheme. This scheme was the work of a Kansas City firm which makes a business of planning interiors, and includes decorating the walls, selecting the furniture and arranging each room in harmonious, tasteful colors and pleasing effects. The result in the case of the Harvey home, impresses one as giving a keynote of simplicity and restfulness without subtracting in the least from beauty and richness.

Varying color effects were determined for the different rooms, but in none of them is the color carried to extremes. The dining room, just to the left as one enters the home, has a color of light yellow, which is reflected in the cushions and the work of the cushioned furniture, with just enough of other colors to lead variety. The walls of this and the other rooms are finished in a quiet, restful shade of brown, done on canvas, and decorated by the decorators. There are no ceiling lights, but at intervals along the walls are bracket lamps in which the color note is evident. The drawing room extends practically across the front of the house, being 38x20 feet in dimensions.

At the east end of the room is a large fireplace, finished to give the appearance of respectable age, and most handsomely decorated. An antique atmosphere is given that end of the room by the cabinet, styled in "butch" and patterned after an old piece of furniture in the Kensington museum. Blue and gold make up the color arrangement for the dining room, which opens into the drawing room on the south. Here one finds more of the antique, the chairs being finished in the haircloth of great-grandday, and there is also a buffet of colonial design; this was modeled after an exhibit in the Metropolitan museum and is a beautiful specimen that seems altogether in keeping with the aspect of the room. The blue and gold effect is heightened by the tinted shades on the bracket lights.

M. E. SOUTH SOCIETY TO INVITE 1918 CONFERENCE

The district missionary conference of the M. E. Church South will be invited to meet in 1918 at Wichita Falls. Instructions have been given to the delegates Mrs. C. B. Montgomery and Mrs. E. B. Gorsline, at a meeting of the Home Mission Society of the local M. E. Church South held Monday afternoon, to extend this invitation to the conference. The business session was held in the afternoon after an all day social meeting. Reports from the various vice presidents were given at the meeting and at a meeting following the general session. Mrs. J. C. ... was elected leader of Circle No. 3. Devotionals were led by Mrs. W. J. Nolan with a prayer by Rev. S. A. Barnes, then plans were made for the visit of the "flying squad" of evangelists who will visit the local church Feb. 15 and 16. The ladies will

serve luncheon each day at the church. For the dinner which was arranged by Circle No. 1 Rev. S. A. Barnes, Rev. J. Sam Barnes, Rev. E. C. Huckabee, were guests and Dr. J. C. A. Guest was also the special guest of Mother Hutton and Mother Hartsook.

C. W. B. M. MEETS MONDAY AFTERNOON

An interesting missionary program and study was held Monday afternoon at the First Christian Church by the C. W. B. M. Mrs. Hamlin being leader in the absence of Miss Dora Coon, the appointed leader. Mrs. Bentley was present. The attendance was unusually good. The attendance was unusually good. The attendance was unusually good. The attendance was unusually good.

LOCAL YOUNG PEOPLE ENTERTAINED AT HENRIETTA

Wichita Falls boys and girls were honored at a party at Henrietta Saturday night, according to the following account from that place. Saturday evening Miss Carrie Wells entertained a number of friends at her home on West Red River street. Dancing and other diversions were enjoyed until a late hour, when refreshments were served. The out of town guests: Miss Cecelia Adickes, Lila Woods and Janet Whitman; Messrs. Mack Rice, Frank Nicholson, Frank Cagle and Earl Shappell of Wichita Falls. Henrietta guests were: Misses Sarah Dale, Adelalde, Smartt

Eva Woodward, Josephine Curtis, Lorraine Burkett, Margaret Suddath, Lorine Puckett, Mildred Jasper, Mae Licht Smartt, Louise Reed, Dorothy Bear, Messrs. Jack Dale, Donald Bass, Ralph Bass, Reece Carmichael, William Reed, Winnard Wells, Charles Walker, Fred Greene and Dooling Liles.

BRIDGE PARTY AT CLAYTON HOME FRIDAY

One of the interesting society events of the week will be the bridge entertainments to be given Friday morning and afternoon at the home of Mrs. Earl Clayton, 1617 Eleventh street, Mrs. M. M. Walker and Mrs. W. W. Little to be joint hostesses with Mrs. Clayton.

J. W. CRANFORD FUNERAL HELD MONDAY AFTERNOON

J. W. Cranford, 85 years old, died Sunday morning at the home of his son, J. E. Cranford, 911 Fourth street. At his bedside were his son and a number of friends and relatives who did not realize that he had died for several minutes later. The funeral services were held yesterday afternoon, Rev. S. A. Barnes officiating. Burial was made in Riverside cemetery. Mr. Cranford was a native of Alabama and was one of the first settlers into this state. He fought through the Civil War in one of the Texas regiments. He was a member of the First Methodist Church, South. He is survived by his son, J. E. Cranford of 911 Fourth street of this city.

WINDMILL PLANT SEEMS CERTAIN

BONUS OF \$2500 IS AGREED UPON TO PROVIDE TEMPORARY QUARTERS.

TO INVEST \$25,000

To Start Turning Out Machines As Soon As Equipment Can Be Installed.

With the acceptance of the latest proposition from the stockholders of the Atlas Windmill company by the board of directors of the Chamber of Commerce this morning, the location of a factory here for the manufacture of their windmills was practically assured. Under this proposition, which was reported to the board of directors by J. A. Kemp, the Chamber of Commerce is to raise a bonus of \$2,500 for the plant. This, it was agreed, would probably be the cost of the lease for temporary quarters which was asked for at first. The company is to furnish the balance of the purchase price necessary to secure the Ball Brothers' bottle factory property, where it will start operations. The company is also to agree to invest \$25,000 in the plant here and will be asked to guarantee an operation of two years. The beginning of operations in the near future is looked for as on account of a large number of orders already received by the factory, the owners are anxious to begin operations as soon as possible, probably in the next 30 or 60 days. The capacity of the factory at the outset will probably be about 20 machines a day, and it will employ 20 men. The company plans to build its own plant as soon as possible. The actual closing up of the contract, with the raising of the bonus was turned over to the industrial committee which is now working on this proposition which consists of Frank Kell, A. H. Carrigan, N. Hendrickson, J. A. Kemp, T. B. Noble and J. L. Jackson.

LAND OWNERS AROUND HOLIDAY PLANNING WELL

P. P. Peckhock, who lives near Holiday, was in the city today. He reports that a number of leases are being taken in his community by Knotts and Childress, who will put down a well. Among the lands included are those of Krebs, Mahler, Schmidt, Crowell, Koenig and Jena. The owners are going together and making up the lease.

LEADING FACTORY OFFICIALS COMING

Landing of B. I. M. I. T. Convention Will Bring Many Texas Manufacturers Here. At least 250 of the leading manufacturers of Texas are expected to be in attendance at the Buy-it-Made-in-Texas convention to be held here in the summer, following an action taken at a meeting of the directors of the association at Austin yesterday. T. B. Noble, one of the directors of the local Chamber of Commerce and a vice president of the association, was authorized by the directors of the Chamber of Commerce to pledge \$500 toward the expenses of the convention provided an attendance of 250 was guaranteed by the association. Wichita Falls was awarded the convention by a vote of 10 to 4 late yesterday afternoon. Fort Worth, Dallas and Austin being other bidders for the convention. In discussing the convention while it was before a direc-

Greater Values Than Ever for February Economy Sale

Clearance Women's Shoes

This event is truly extraordinary. In the face of the present advance of shoes this February sale offers shoe values of a most surprising nature. Ladies eight and nine inch boots in gray ivory, white or black kid. Just the kind that are going to be worn for early spring. The shoes are made from the best grade of washable kid. Broken lines, 'tis true, but look at the prices. Shoes in ivory or gray kid, worth \$8.50, closing out price \$5.50. Black shoes with gray tops, also solid brown, worth \$5.00. Special price this week \$3.85. Brown shoes with ivory tops in French or low heels, worth \$7.85. Our price \$4.75. Ladies patent shoes, button or lace, cloth or kid tops. These are all new shoes and made on a very conservative last. Worth up to \$4.50. Close out price only \$2.98.

LADIES' SHOES

In patents, vici or dull kid. Just a few pair of a kind. Some of these shoes are wonderful values at even \$3.50 and \$4.00, the entire lot to close out at one price. Only \$1.98. Boy's shoes on one table priced for this week's clearance \$1.65.

The WHITE GOODS Are Extremely Low

Mr. and Mrs. J. S. Whitney of Electra, were in the city today on their way home from a visit with relatives in Olney.

The Times has received a dispatch from the press agent of the Scoville evangelistic party at San Angelo, saying that Harry Spanell, acquitted of the murder of his wife, is likely to become a member of the Scoville party and engage in evangelistic work. Spanell is yet under indictment for the killing of Major Butler. Despite his acquittal on the charge of murder for the killing of his wife, Spanell won't suit the ideas of many people as to what an evangelist ought to be.

The gateway of America and the door of hope for countless thousands in Europe has been shut by the enactment of the literacy bill by the American Congress over President Wilson's veto. This bill will keep out of America those who cannot read or write, including some of the most virile people of Europe whose disqualification is that they have never had the opportunity for education and the enjoyment of the rights of popular government, for which they look with yearning eyes toward America. Had a literacy test governed the admittance of immigrants into the United States in previous years, a good many of us would not have been here today; our ancestors would have been compelled to remain under oppressive governments in Europe and a larger number who are enjoying the rights and benefits of American government today would be cannon fodder in Europe. Of course there are other phases of the immigration bill which are of undoubted benefit, but it must be questioned whether any benefits can counterbalance the inestimable boon which the right of American citizenship means to yearning people deprived of opportunity, illiterate though they may be. These people have been a leaven or ferment that has had no small part in making America the home of the most splendid people on earth.

Our idea of a real rough citizen is one of those 15,000 regular soldiers who have just come out of Mexico. The country some day may be told something of the hardships they have endured in Mexico and the difficult situations with which they have had to deal. For months they have had as their home barren desert land upon which the heat has beaten and over which cold winds have swept in alternation. Often times there has been no boundary between the land and sky and their food was often hard to wash down on account of the sand it contained. These men have had physical and mental trials that the rest of us cannot appreciate. We read that they marched out of Mexico almost hid in cakings of dirt after a long and arduous march. We are willing to back them against the most desperate and valorous in all the European armies.

FARMER HAS BEST OF HIGH COST OF LIVING. Farmers as a class ought to have much kick about the high cost of living for the farmer is one of the fellows who is making the cost of existence higher by the high prices he is receiving for his products. This is well illustrated by a little story that recently appeared in the Kansas City Star. The story follows:

A Western farmer drove into town the other day to get an old fashioned article—a buggy, and the salesman at the implement store showed him one at \$90.

"Talk about the high cost of living," the farmer grumbled. "I can remember that my father bought a buggy exactly like that for \$60 twenty years ago."

The salesman remembered the sale too, and he responded quickly: "Your father turned in three hundred bushels of corn to pay for it. Now I'll do better by you than I did by your father. You bring in your three hundred bushels of corn and I'll let you pick out this list:

- One \$90 buggy. One \$50 wagon. One \$20 suit of clothes. One \$20 dress. One \$5 baby dress. One \$5 crib. One \$2 box of cigars. \$2 worth of sugar. \$1.50 worth of coffee. \$1 worth of tea. \$20 worth of gasoline. \$2.50 worth of lubricating oil. The total figured \$240, the value of the three hundred bushels of corn it had taken to buy a \$90 buggy twenty

BALL BROTHERS TO START SHIPPING JARS THIS WEEK. The spring shipping season at Ball Brothers will start this week, somewhat earlier than had been planned, orders having been already received for several substantial consignments.

The work of getting ready for reopening of the plant is progressing, the new furnace being completed today. Delay in installing the oilburning connections will prevent resumption of operations on February 15, as was planned but the first of March is expected to see operations under way.

Members of the debating club and public speaking class at the high school heard a talk on "Efficiency in Their Life Plans."

Frank Kell says England will probably provide convoys for necessary supplies.

While describing the relations of the United States and Germany as "very acute situation," Frank Kell, who returned Monday from an extended business trip to Washington and other eastern points, expressed his opinion that there would be no war.

"There will be no pressure for war either in this country or in the other neutral countries," said Mr. Kell. "I don't see how the president could have handled the situation in any other way. All has and will be done to avert war at all hazards. This opinion is that of the leading public men and business men of the country. Both the public and leading statesmen as well as the business men of the country are with the president."

Mr. Kell expressed the opinion that England, probably assisted by the United States, would provide convoys ships carrying food supplies. He also stated his belief to be that the markets, particularly foodstuffs, would soon recover to the normal.

In speaking of the federal court bill he stated that there was every reason to believe that it would pass in some form or other when it came up. The German situation had put off its consideration.

The annual meeting of the Chamber of Commerce of the United States, which he attended as a delegate of the local Chamber of Commerce, was described as very interesting, although diverted from its purpose by the German crisis. People in the north and East were very much excited over that situation, said Mr. Kell.

County Judge Harvey Harris at today's meeting of the club, the largest attended of any in the club's history. Judge Harris pointed out the danger of bills of a special character being overlooked in the rush of the closing days, and dying from this lack of attention. The importance of the measure was pointed out by Judge Harris, who stated that no action on the circulating of petitions for the proposed road bond election could be taken until the passage of the law, so that it could be complied with.

Today's meeting had an attendance of 92, much larger than any previous one. Several new members were admitted as a result of the meeting, among them A. G. Deatherage, P. B. Cox, J. Burkhardt, H. S.

H. Fairbanks of Electra, A. B. Womack of Iowa Park, G. B. Gant, Dr. A. O. Scharff and G. W. McReynolds. R. H. Nichols of Vernon, owner of the Vernon Record and president of the Young Men's Business League, it was announced by W. M. Priddy, would address a meeting. In his letter of acceptance Mr. Nichols mentioned the interest in good roads in Wilbarger county and stated that plans for a bond issue of about \$500,000 were in progress there.

A number of short good roads talks were made by visitors and new members, including P. B. Cox, A. B. Womack of Iowa Park, H. Fairbanks of Electra, and R. H. Shepherd of them A. G. Deatherage, P. B. Cox, J. Burkhardt, H. S.

NEW NEGRO BAPTIST PASTOR IS INSTALLED. Rev. M. K. Curry was formally installed as pastor of the St. John's Baptist church (negro) Sunday evening at the regular church services. Also at this service those present, about one-third of the membership, it is said, put on the table \$403.27 toward the beginning of work on the church auditorium immediately. Since calling the new pastor the people of the church have paid for and placed on the church lot a cottage for the parsonage.

BELIEVES MARKETS SOON TO RECOVER. Frank Kell says England will probably provide convoys for necessary supplies.

URGE PASSAGE OF SPECIAL ROAD LAW. Judge Harris Asks Action at Meeting of Motor Club—Many in Attendance.

County Judge Harvey Harris at today's meeting of the club, the largest attended of any in the club's history. Judge Harris pointed out the danger of bills of a special character being overlooked in the rush of the closing days, and dying from this lack of attention. The importance of the measure was pointed out by Judge Harris, who stated that no action on the circulating of petitions for the proposed road bond election could be taken until the passage of the law, so that it could be complied with.

Market Report

Chicago Grain. Chicago, Feb. 6.—Sharp declines in the wheat market took place today, owing to a considerable extent to the news of killing of an American seaman by German submarine gun fire. Opening prices ranged from 1.2 to 1.4 lower, with May at \$1.72 1/2 to \$1.73 1/2, and July at \$1.47 to \$1.48. The close was unsettled, 1.3 to 1.4 cents off, with May at \$1.72 1/2 to \$1.73 1/2, and July at \$1.47 1/2 to \$1.48. Corn closed nervous, at 1-4 to 5/8 up.

New York Cotton. New York, Feb. 6.—Yesterday's big advance was followed by renewed nervousness in cotton early today. The opening was at a decline of four to eleven points, under real-time, but recovered by relatively easy cables, but there was buying by houses with foreign connections which caused a rally to practically last night's closing price with May selling up to 13.39. Cotton closed steady March 13.46, May 15.67, July 15.68, October 15.23, December 15.47.

SEES FIGHT AHEAD OVER A. & M. BILL

Secretary Johnson Fears Measure Will Meet Opposition in Senate. Plans for the West Texas A. & M. bill in the Senate are obtained by B. F. Johnson, secretary of the Chamber of Commerce, who returned today from a trip to Austin, where he talked with a number of the senators. The offer of the John Tarleton building, together with a donation of land and money by the citizens of Stephenville for the establishment of a junior A. & M. college at that place is expected to give some of the senators who are lukewarm toward the West Texas A. & M. movement opposition to that measure. Secretary Johnson intends to wire a number of those who have been behind the West Texas A. & M. movement to make an effort to induce them to go back to Austin and fight for the West Texas college. Mr. Johnson states that hard work will be necessary to secure its passage in the Senate. The Wichita county special road law will be introduced by Representative Greenwood some time next week. He informed Mr. Johnson that Greenwood was anxious to secure the favorable action on the bill allowing corporations to contribute to the U. S. M. T. Association was predicted by Mr. Johnson.

VAUDEVILLE BILL IS VERY PLEASING

A whole vaudeville bill full of top-notchers was offered by Manager Bradshaw at the Wichita theatre last night. The bill to continue tonight and Wednesday. Christie and Griffin, clever talkers, had a new line of stuff that tickled with a bright snappy bantering and top spinning act. Madam Hill and her irised ponies, dogs, monkeys, and last, but not least, Sun- Jim, Maude's brother, kept the audience entertained with Sunny Jim's pranks. The Faynes had an act that was distinctly different from any thing being before shown here. The man being made of rubber, or over- seeming, and Catherine Cameron had a pleasing little sketch. There was a good house.

Service That Satisfies

Progressive in name and progressive in action. Right here is a service that gives satisfaction. Our record is known and all patrons allow. Good work is done here by men that "know how." Repairing of Autos—that's what we do. Efficiency, durability and carefully done. Sure to please patrons, many and few. Superior workmanship—that is our line. Every job is turned out with promptness and care. The Progressive Garage and Machine Co. 1004 Indiana Ave. Phone 1061. Rear Curc Colt Mfg. Co.

SHAKESPEARE FOR WEEK END AT WICHITA THEATRE

The week end will see a Shakespearean company presenting the drama of the immortal bard at the Wichita Theatre. John E. Kellard and his famous company will make their first appearance in a local house in classic repertoire. Mr. Kellard is one of the steadfast upholders of the best traditions of the stage, and it is to be hoped that during his short stay in Wichita Falls all who are interested in these traditions and who are of the same faith and belief as the actor, will go to see the plays he presents, and will endeavor to induce their friends to see them, too. It is by such efforts at proper encouragement that will enable playgoers to see the best players of the stage, and a man like Kellard believes in giving the public the noblest examples of English dramatic art. Shakespeare, the thinking man and woman, is well worth seeing on any terms, and when the turns are liberal as Mr. Kellard's productions really make them, to miss them is an act of purblind folly. Shakespeare did not write for the Elizabethans alone. He wrote for all the time and he is as fresh today as he ever was. All of Shakespeare's plays are full of the most exquisite poetry, whose charm provokes the play like a faint perfume to haunt and steal away the senses.
