STYLE SHOW OF AUTOMOBILES IS BEING PLANNED

WILL BE HELD IN CONNECTION WITH SPRING FASHION DISPLAY AND MANY DEALERS HAVE ALREADY RESERVED SPACE

MANY CARS ENTERED

Event To Be Advertised in Neighboring Towns and Reduced Railroad Rates Asked—Expect Over 50 Cars to Be Displayed.

Plans for an automobile style show in connection with the spring fashion show to be held at the Wichita theatre are fast being worked out. Joe Colonna and Harry Baum of the Retail Merchants association style show committee, more than a dozen already having been made by local dealers. The committee so far has not been able to get in touch with some of the local dealers, but it is confidently expected that over 50 cars will be on exhibition when the curtain is rung up on the show.

The vacant lot on Ohio directly in the rear of the Wichita theatre will probably be secured for the automobile show, a large canopy erected, electric lighting installed and exhibited plots marked off for the show.

The show will be widely advertised in the surrounding country, and recognition of the Wichita theatre will be asked for by the committee in charge, it being hoped to make the combined show quite an event for the whole North West Texas and Southwestern Oklahoma.

Placards and dodgers advertising the show will be distributed in most of the nearby towns, both in Texas and Oklahoma, among them being Pampa, Electra, Burkburnett, Petrolia, Byers, Henrietta, Archer City, Seymour, Dunce, and Deval, Randall and Frederick, Oklahoma.

Mr. Colonna who recently attended several of the larger automobile shows of the country while on a trip to the North and East will have special charge of the automobile section. The dealers have expressed themselves as especially enthusiastic over the idea of having the show at the theatre, and are making plans for the success of the event, which will probably be made an annual or semi-annual affair. Expert mechanics and demonstrators will be stationed at each booth to explain the mechanical details of their cars' construction and give demonstrations for the benefit of the spectators.

While the committee has not yet had an opportunity of interviewing them, they are sure that the dealers in automobile accessories, such as tires, oil, and show and have the latest wrinkles of this branch of the automobile industry on exhibition during the two nights of the show. The exact dates of the double style show have not yet been determined, depending on the most convenient time for the automobile dealers. However, the show will come between the 12 and 15.

Dealers who have not yet made entries are requested to telephone John W. Thomas's secretary of the Retail Merchants association for such reservations as they may desire. Several dealers were out when called on by the committee and consequently their entries are assembled for the collection of the entries received by the committee.

WICHITA FALLS COLLEGE OF MUSIC RECITAL

A splendid program was given at the students recital Friday night at the Wichita Falls College of Music, much enjoyed by the large audience that had assembled for the occasion. The performance was interesting throughout, and every number elicited well merited applause. One of the features of the recital was the performance of three pupils of the violin department who showed marked improvement in their work, and who reflected much credit upon their teacher, Ramon F. Adams. His excellence of the bowing and purity of intonation of even the youngest pupil, a little girl, nine years of age, elicited the most enthusiastic commendation. Mr. Adams, both as a soloist and as a teacher, has shown himself a master musician, and a most valuable addition to the faculty of the college. All teachers and pupils of the college are cooperating with each other in making the college more and more a success, and more and more an institution of which every citizen of Wichita Falls may well feel proud. The following pupils took part in the performance: Doris Taylor, Lois Drake, Ida Baugott, Edith Prussell, Olive Kay, Elizabeth Brown, John Warner, Gertrude Datson, Frances Urban, Annette Walsh, Agnes Leitch, and Katherine Kilander. Kathleen Lynch, Edna Epton, The next students recital will be given on Friday, March 30, and the friends and patrons of the college as well as the public in general are cordially invited to attend.

BIBLE STUDY CLASS TO MEET MONDAY

The Bible Study class of the M. E. Church South will meet Monday afternoon at 3 o'clock in the basement of the church. Each woman of the church is urged to be present and to bring a pencil and tablet as a lengthly lesson is to be assigned. The class is studying women of the Bible. Monday the program will be created from the following: Moral and Mental Condition of Eve; Mrs. Micah; Compare Temptation and a Serpent; Mrs. Hagar; The Temptation and the Fall; Mrs. Carthage; Eve's Experience Common to the Majority of Womankind; Mrs. Womack; Eve as a Mother; Mrs. Sholto; Practical Lessons from the Bible; Mrs. Salk; Distinct Traits of Cain and Abel; The Two Curses; The Reproval; Mrs. Chaucer; Application of the Two Sacrifices; Religion; Mrs. Kelly; Ability of Cain's Descendants; of Seth's; Mrs. McDowell.

3000 MARK PASSED BY REGISTRATIONS

Only Nine Months Since Number 2000 Was Reached—35 New Cars Last Week.

Automobile registrations passed the 3000 mark this week, license number 3000 having been issued Monday to Mrs. E. E. Sanders, wife of the Franklin agent, for her big yellow Franklin car. The Franklin agency bought the 5 intervening numbers in order to get number 3000. The intervening numbers will be assigned later. The third thousand was reached much quicker than the second thousand, 3000 having been issued to G. Chitt Wood Saturday, May 20, or a little more than 9 months ago, while that number was not reached until about 19 months after number 1000 was issued.

Already local automobilists are laying their plans to secure No. 2,333, which is the next number which takes the motorists' fancy. At the rate at which licenses have been issued during the last nine months, over 110 per month, this number should be reached in May Number 2,222 was secured last summer by A. B. Huff after quite a contest with other motorists who fancied the four deuces.

Following are the automobiles registered during the past week:
2982—T. C. Harmon, Ford.
2994—N. H. Martin, Ford.
2995—J. A. Wall, Chevrolet.
2996—Franklin Sales Co., Franklin.
2997—Franklin Sales Co., Franklin.
2998—Franklin Sales Co., Franklin.
2999—Walker Hendricks, Willis Knight.
3000—Mrs. E. E. Sanders, Franklin.
3001—R. A. Freeman, Oakland.
3002—Wichita Falls Pottery, Buick Truck.
3003—P. Ahtapier, Chevrolet.
3004—J. B. Gregory, Chevrolet.
3005—G. C. Jean, Chevrolet.
3006—Sanders Drilling Company, Chevrolet.
3007—J. H. Wall, Chevrolet.
3008—H. E. McConnell, Chevrolet.
3009—Joe Graininger, Chevrolet.
3010—S. F. Smith, Chevrolet.
3011—Franklin, Ford.
3012—C. Knell, Ford.
3013—Street Department, Ford.
3014—W. E. Thompson, Ford.
3015—Walter McAbee, Ford.
3016—E. E. Smith, Reo.
3017—W. E. Skelly, Reo.
3018—H. E. McConnell, Buick.
3019—E. Leverick, Ford.
3020—Wichita Falls Water company, Ford.
3021—J. D. O'Neal, Chevrolet.
3022—Adolph Fries, Dodge.
3023—Gulf Production company, Ford.
3024—J. A. Kavanagh, Dodge.
3025—John Moore, Chalmers.
3026—T. W. Parker, Ford.
3027—W. P. Collier, Dodge.

EXPRESS COMPANY AGENTS MEET HERE

Adams Officials Hold First of Number of Get-Together Affairs—Enjoy Banquet

With thirteen in attendance from the stations in this district the agents of the Adams Express company last night held a get-together meeting at the St. James hotel, the first of what they expect to make monthly affairs. Preceding the meeting the agents were the guests of the company at a banquet in the hotel dining room, after which they adjourned to the hotel parlor for their business session. C. B. Cassell of Fort Worth, general agent, and A. H. Jones of Wichita Falls, district agent, presided over the activities of the occasion. Methods for reducing claims, bettering the service both to the company and the public and establishing closer relations and a fuller cooperation among themselves were discussed by Messrs. Cassell and Jones members of the local office. Force were guests at last night's meeting. Following were the agents in attendance: C. B. Cassell of Fort Worth, general agent; A. H. Jones of Wichita Falls, division agent; R. E. Farmer, Mrs. J. C. Dwyer, agent at Amarillo; R. D. McBride, agent at Childress; C. H. Brewer, agent at Quanah; R. Flannery, agent at Memphis; R. C. Calloway, agent at Bowie; P. C. Leslie, agent at Seymour; Members of the local office were present were: M. E. Montgomery, cashier; J. R. Richardson, on hand clerk; R. E. Bennett, bill clerk; C. W. Dwyer, night clerk; J. R. Holland, J. E. Gilham and A. T. Rainey, roommen.

Beer Following Everything Else to Higher Price Land

Signs announcing that, beginning March 1, beer will be fifteen cents a bottle, straight, instead of two for a quarter as in the days gone by, have, it is reported upon excellent authority, been posted in a number of Wichita Falls saloons. The high cost of everything and another is assigned as the reason of the advance, which applies to most well known brands.

TWO INDICTMENTS RESULT FROM KNOX CITY TRAGEDY

Indictments have been returned by a Knox county grand jury against Will Winter of Jones county and George Douglas of Guthrie. It has been learned here, the indictments resulting from the killing of "Red" Mitchell and Deputy Sheriff Reed at Knox City some weeks ago. Winter is said to have been the driver of the car from which Douglas is alleged to have shot the two men to death.

Douglas, indicted for the shooting, is a brother-in-law of Mitchell, formerly a resident of Wichita Falls. At the time of the killing a divorce suit against Mitchell was pending, his wife having filed suit in two different counties.

The scene of the shooting was in front of a Knox City drug store. Mitchell was standing in front of the store when a Ford car with the curtains drawn drove to the curb, a man then thrown recognized as it was dark.

BANQUET GIVEN TO FARM AGENTS

MEETING COMES TO CLOSE FRIDAY NIGHT WITH AFFAIR AT ST. JAMES

COL. OUSLEY SPEAKS

Says City That Does Not Serve Invites Disaster—Several Others Heard

The closing feature of the convention of the farm demonstration agents of Northwest Texas was the banquet tendered by the Chamber of Commerce Friday night at the St. James. The banquet formed the finale of what has been considered one of the most pleasant and profitable meetings of the kind ever held in the district.

Mr. Ousley told of the spirit and purpose that animates the agents in their endeavors. "One thing they are trying to do," he said, "is to make cities worth while, to make them more useful. It has been proven that the growth of cities without a due conception of service destroys civilization. It is when your cities become mere places where men swap dollars, and that is merely the matching of wits, that decay begins. We have been living in rural population because the farm hasn't been profitable; the demonstration agent wants to make farming a profitable undertaking. It is going to take one generation, at least, to win the coming farmers away from the ideas that their fathers have followed, but that is the task these agents have before them."

"I have joined in the complaint that has been heard so much lately about high prices, in a measure, I am glad to see high prices, to know that the farmer is getting a good return for his products. It is helping to restore the equilibrium."

Mr. Ousley closed with a plea that West Texas, growing in pride in strength, would never come to the point where she would want to separate from the remainder of the commonwealth.

"The Agent and County Fairs" was the subject of the remarks of R. O. Tackett of Lubbock county. Mr. Tackett said he hoped to see the time when the charter of every West Texas city would make provision for a properly supported agricultural fair and the farm agents could be of much help in making these fairs worth while, he said. He suggested encampments of boys and girls farm clubs at the fairs.

William Ganzer of Denton, in charge of the work in this district, spoke on "How Did He Did It." He told of his early life and of how his father in Germany, chafing under the restraint of a monarchy came to America with his sons in search of real freedom. Mr. Ganzer related some experiences in this county, particularly in the tomato club work, telling how the girls who at first had said tomatoes could not be raised had come to take prizes. He also told of the statement by W. F. Sterley, passenger agent of the Denver that the road's tonnage had increased in every county where there was an agent.

Mr. Ganzer said that his district, which extends all the way to the New Mexico line, had one big problem, the conservation of moisture, and he showed how failure or success of a crop depended upon this.

A new era has dawned in the South in the live stock industry, declared C. C. French, whose subject was "Pigs in Pigs." Reviewing the history of the live stock industry in America, Mr. French showed how the southern farmer, at one time unable to compete in the live stock industry because of low returns for live stock and cheap corn, was now in a position to raise meat on the farm profitably and he urged that the boys and girls be schooled in that idea.

Miss Lillian Shackelford, district agent gave from her own experience some of the benefits and advantages of the work. Miss Shackelford said that she became interested in the work in Marion county because she saw in it a chance to earn some money "for a good time" but that she had stayed with it because she loved it. A canning agent is like a missionary, she said, facing the duty of relieving, to a material extent, the drudgery and burdensome work of the women on the farm. She said that there are 3000 canning club girls in 20 counties in Texas, and that last year some of them cleared over \$100 an acre. She made a plea for support and cooperation in the work.

J. A. Kemp's remarks on "The City Agriculturalist" pointed to himself as a pioneer, in a way, in demonstration work in this section, recalling the time when he showed on a plot of ground in the city, that it was possible to raise almost anything in this county. Mr. Kemp spoke of the importance of supporting the irrigation amendment to the constitution, and urged the agents to use their influence for it.

Miss Opal Hughes county canning agent, just appointed, responded briefly to the toast, "A Deal In Futures." She said that with such leadership as she had and with the backing of such an organization as the Chamber of Commerce, she was confident of great results here.

"The City, the Farm and the Road" was the subject of remarks by C. W. Reid. Mr. Reid said that he felt that every citizen should devote what time he could spare from his business to some constructive effort for the community of his choice, and his particular hobby had been good roads. He explained this county's good roads plans and urged the agents to bring home to the farmers the fact that the city and the farm have mutual interests and are interdependent upon each other.

President R. E. Hill of the Chamber of Commerce spoke on "Why We Help the Work." He said, "we help it because we know that through it we will be benefited."

He referred to the times when it was a common saying that there could not be farms in this section, when "some of us were ready to believe it," but that one hundred completely disproved that assertion. He pledged the support of the Chamber of Commerce, heart and soul, to the agents' work.

Secretary R. E. Johnson of the Chamber of Commerce called the agents' attention to the Field Crops Show here next year and asked the cooperation of the agents to the end that a big share of the prizes would be taken by West Texas.

Habit or Disease.
Mothers, whether it's a disease or habit, if your child's kidneys act too often or when they are tired, this condition continues throwing extra, unsanitary work upon you, endangering the child's health by exposure and finally, as a result, may develop some incurable kidney disease in after years if not stopped, when Liquid Shi Make will entirely free the child from the night wetting, with but little trouble and expense to you. Any drug store has Liquid Shi Make, in 25 cent bottles. It is harmless and gives results in 10 days. (Advertisement)

LOCAL WOMAN IN DALLAS SHOOTING
Released Under \$2500 Bond—Claims to Have Killed Another Woman in Self Defense

Charged with assault to murder in connection with the recent shooting of a woman, the shooting woman, Skaggs, Wichita Falls woman, was released under a \$2500 bond yesterday. Mrs. Skaggs asserts that she fired the shot in self defense, but physicians hold out a little hope that the wounded woman, Mrs. Lillie Phillips, may recover.

The woman who did the shooting was formerly Vina Adee and an inmate of the restricted district here until it was closed up by Sheriff Hawkins a few days after the closing of the trial. She married John Skaggs, a local service car driver, and formerly of Dallas. His divorced wife was in the party with the wounded woman, who, according to Mrs. Skaggs were in the act of making an assault on her which made her believe that her life was in danger when she fired the shot which wounded Mrs. Phillips. The following account of the shooting is given by the Dallas Times-Herald:

Dr. Thomsen and Block, who are attending the woman, said that her chances for recovery are slight. Though three shots were fired, only one took effect, making two perforations in the wall of the stomach and the stomach going through the liver perforating the gall bladder twice and lodging in the back.

Mrs. Skaggs was taken in custody by the police. She gave a signed statement to the effect that a party of men and women were advancing upon her with their rifles in their hands and that she had told them she would shoot if they did not stop. A .38-caliber pistol was used.

"I do not know what caused the trouble," said Mrs. Estcott, who was in the house at the time of the shooting.

"John Skaggs and Vina Skaggs, his second wife—my little son and myself were alone in the house when an automobile containing Ida Skaggs (John's divorced wife), Margaret Myers, Lillie Phillips and a man, whose name I don't know, came up," said Mrs. Estcott. "They wanted to enter the house, but I could see that they had been drinking and I would not allow them to. They drove away and about fifteen minutes later returned and forced their way into the house. I stopped them in the front hall and Ida asked me where John was. In order to prevent trouble I told her that he and Vina had gone to a picture show. But the next moment she heard the two talking in the next room and all of them broke in and then I heard three shots fired. I was not in the room at the time of the shooting."

Mrs. Estcott states that Skaggs has only been married to his second wife a little over a week.

The wounded woman lives at Orange and Ford streets.

Following the arrest by Officer Poynter and the signing of a statement, Mrs. Skaggs inquired about the injured woman, saying that she hoped that she would not die, as she would rather die herself than to kill anybody.

Charges of assault to murder were filed Thursday morning against Mrs. Skaggs, and her case was taken up by the Dallas county grand jury for immediate investigation.

In the Frame of Public Favor

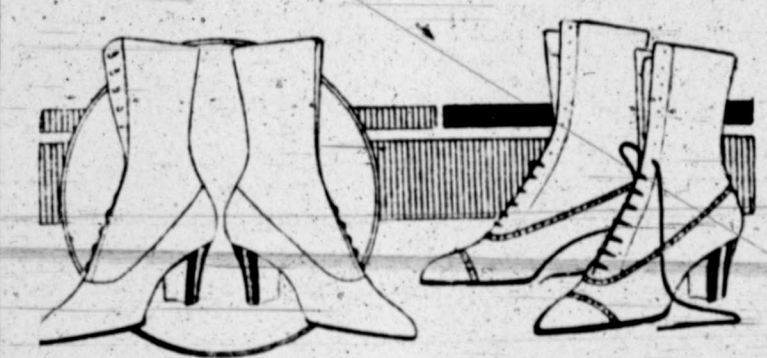

"You Know We Are Just Common Folk,"

she said, "and there's not a genius in our family." "What is a genius, anyway?" "Well, there's Edison, you know." "Yes, I do, but he was just a workman that bent his mind on one thing and toiled until he developed that side of his brain above all others to his own fame and profit, and to the honor of all America."

WE DON'T claim to be a genius, either, but we have put our mind, soul and body to make this the busiest store in Wichita Falls. Be it known to the public that this firm is just a bunch of common workers, who are giving all their time and study to just one thing: the development of a better store service. Our best profits are our pleased and grateful customers. Our losses—if you can call them losses—are the sacrifices we make in disposing of "obsolete" goods. Ours is a constant growing business, and is largely due to our policy of discarding old methods for new ways, regardless of cost. We will be pleased to show you through this beautiful stock.

It doesn't take a genius to know we sell for just a little less than do the credit stores. JUST IN LAST NIGHT—A beautiful line of Redfern garments are being shown in our exclusive ready-to-wear shop. The new Spring Coats range is—

- NEW LOT ORGANDIES—42 inches wide, yard . . . 35c

MORE OIL BURNING ENGINES ON DENVER

Nearly all Freight and Switch Locomotives Soon to Be Equipped For Oil
Work of converting twelve of the remaining coal burning engines on the Fort Worth & Denver into oil burners will be started at the Childress shops right away, according to a report given out at the local office yesterday.
All the switch engines in the Wichita Falls and Fort Worth terminals and Fort Worth terminals local freight service between those two points will be fitted for burning oil. This will give the road a total of

IN CONTEST FOR CLEANEST CITY

CIVIC LEAGUE WILL TRY TO GET NATIONAL ORGANIZATION'S PRIZE
Another District Found to Be Not Too Clean—Arranged For Trash Wagons
In addition to some of the other things Wichita Falls is going after at present, the city attempts to make a struggle to land the title of and the prize for the cleanest city in Texas. This contest is being conducted by the National Cleanup and Paint-up Bureau in St. Louis, entry blanks having been received yesterday and it is the purpose of the Civic League and the city authorities to make an effort to get this prize.

Success will require the cooperation of the entire citizenship, little, big, old and young, for as a rule Wichita Falls isn't fazed so for its civic cleanliness and beauty, though the Civic League in its work of the past several years has accomplished much towards the "city beautiful" end and are steadily working up interest to such a point that a far reaching beautifying and cleanup campaign is quite practicable at this time. It is hoped that this prize offer will stimulate societies and individuals who have civic improvement at heart.

On Saturday inspection of two more districts of the city was made. In the district lying between Tenth and Fourteenth from Scott to Burnett was fair in good condition and with but a few spots, here and there that needed excessive cleaning up. The district between Seventh to Tenth from Scott to Burnett was found to be in a very unsatisfactory condition, according to the inspectors and recommendations were made to the residents as to necessary cleanup work.

The city has made arrangements to have the trash hauled at a rate of 15 cents a barrel and announcement will be made later of the days on which the wagons will visit each district.

FRED SMITH RECOVERS CAR STOLEN FROM DALLAS MAN
After an all day search, Traffic Officer Fred Smith late Friday afternoon located a five passenger Ford stolen from in front of the First Christian church the night before. It was found seven miles out on the Seymour road where it had been abandoned by the thieves. The car, which was a new one, belonged to a Dallas party by the name of Patton. The connection between the gasoline tank and the carburetor had become stopped up, causing the thieves to abandon the car. An overcoat belonging to the owner was overlooked and left in the car.

"Absolute Reliability"

TO DISCUSS ROAD WORK AT MOTOR CLUB MEETING
Plans for the immediate improvement of the automobile highways running through this county will be presented at the next meeting of the Motor club, Tuesday, week by D. P. Talley and John W. Thomas. The roads are reported to be in very bad shape and unless immediate steps are taken to improve them for this year's touring season, now only a few weeks off, the city stands in danger of losing its motor travel over all three highways.

George M. Bailey observes in the Houston Post that Mr. Bryan wants every mushy-minded person to write a letter to the president, and adds: "Our idea is that every mushy-minded person ought to write to Mr. Bryan until he receives 1,700,000 letters with about 4 cents due on each missive. By that time he would be wise to the fact that it is a mean trick to perpetuate an endless chain nuisance on a man who is busy."

The Fort Worth Record more than once has spoken of the movement to establish a branch federal court here so as to make it appear that it was a movement merely to provide a few jobs. The Record having fostered this view it is then no wonder that Fort Worth is opposing the court here since it will take several counties from the Fort Worth district. The Record has taken a small view of the matter and has done Wichita Falls and this section of the state an injustice. The people of Fort Worth let us hope are fairer and more broadminded than the Record.

In reading Governor Ferguson's statements before the House and the Senate probably some readers got the idea that there was no law against an individual borrowing all the money that a state bank had and that it was lawful for a bank to loan all the money that it had to an individual, if it wanted to. The Times hasn't the statistics before it, but it feels sure that they provide that not more than 25 per cent of the capital and surplus of a state bank may be loaned to one individual. If the statement of H. C. Poe, former president of Governor Ferguson's bank at Temple, is true, somebody has violated this rule or law. The state banks of Texas can hardly afford to allow the impressions that are likely to arise from Governor Ferguson's statement to prevail. The Senate sought to dispose of Mr. Poe's statement by refusing to permit its publication in the Senate Journal. It appears that this statement and the inferences that might be drawn from Governor Ferguson's addresses before the House and the Senate will do great damage if allowed to remain unchallenged.

Anti prohibitionists have been gleefully explaining how they have put the prohibitionists in the hole by tying a bone dry rider on the post-office appropriation bill making it impossible to ship liquor into dry territory, thus making one-third of the states of the

Union as dry as Sahara by federal enactment. These anti have gone ahead on the theory that prohibitionists are hypocrites and do not really want prohibition, and that the drastic legislation will result in a reaction that will turn back the prohibition tide. Aside from the fear of some prohibitionists there appears to be no good reason for this hope on the part of the anti. Several years ago when the Allison law was in effect for a period, liquors could not be shipped into prohibition territory within the state, yet in practically every local option election in that period the dry won. Several states have recently gone from partial prohibition to the bone dry degree. The great mass of prohibitionists are sincere and the delusion of the liquor forces that any great percent of them are hypocritical is likely to prove bitter fruit for the anti.

England's necessity is David Lloyd George's opportunity for another big drive against the landed estates of England. Lloyd George almost brought an upheaval before the war when he laid a burden of taxation upon these estates. He was the most execrated man in England by the upper classes to whom the title of practically all the soil of England is a heritage. A wall went up to heaven when Lloyd George insisted that these estates pay something like their just share of the taxes. Now the shortage of food stocks and the submarine menace is about to force the division of these estates and place them in cultivation. Lloyd George has not only said that this will be done but has announced that farmers will be forced to till the ground and will be guaranteed a minimum return for their labor. The vast shooting grounds and parks are to be turned into potato and grain fields. The deer parks are to be converted into sheep pastures. The land is to be used for the benefit of all the people. War, necessity and David Lloyd George are working revolutionary changes in old England.

WORKING CONDITIONS AND PAY DISCUSSED

Editor The Times: I desire to discuss briefly the statement made to the city council Thursday night by Mr. J. E. Robertson, representing the Central Trades and Labor Council. I do not wish my remarks to be construed as a criticism of the action of the city council in awarding the paving contract to H. Roberts instead of having the city force do the paving. I heartily approve the action of the council. Mr. Robertson states that if the city decided to do its paving work itself that the union men would be to their benefit. He stated that the unions felt that the employes would receive better pay and have better working conditions if the city did the work instead of contractor. Having been time keeper and material man on the paving contracts for Mr. Roberts for more than a year prior to August 1 last I know that from twenty to twenty-five teams were regularly employed hauling sand, gravel, stone, cement and other materials for the paving. These teams were all hired by Mr. Roberts, except two of his own. Had the city decided to do the paving with its own force, it was planned to do all the hauling with the city teams. It was so stated at the meeting of council Tuesday afternoon. Would the interests of the Central Trades Council be benefited thereby? Upon the other hand, would not twenty or twenty-five teams owned by citizens be thrown out of employment? The pay roll of the city is open to inspection by the public here, I am able to compare the wages paid by the city and by Mr. Roberts, the contractor. With the exception of the city engineer and street superintendent, Mr. Roberts pays a much better average wage scale than the city. Twenty-five cents per hour, is the minimum

which he pays. A number of his men get thirty cents per hour, some of them 35 cents and others range up to \$1.00 per month. The city council cannot, under the law, work its men more than eight hours per day, but Mr. Roberts is nearly always in court to give his men 9 or 10 hours and sometimes more hours, because he has private work that he can send the men to do after having worked eight hours on the paving. Nearly all of Mr. Roberts' old employes have taken advantage of these conditions and have sought better work. When work is scarce or weather conditions forbid outdoor work, Mr. Roberts never turns a deaf ear to the needs of his men. He will show that he advanced money to a number of his employes during the week of wintry weather that has just passed. The city cannot grant these favors. Where in would the interests of the unions represented by Mr. Robertson be subserved if these men were working for the city instead of Mr. Roberts? T. P. HICKMAN.

REGISTERS KICK AGAINST MISERIONARY SPIRIT

Will you allow me to say a few words through the Times in the hope that it may cause some of us to stop and think a minute about the much vaunted American love of fair play. I want to register a kick against the most pernicious trait which this community is afflicted—the missionary spirit. The intolerant egotism of most persons who think that anyone who differs from them in belief or habits is in need of their brand of panacea and forthwith proceed with the effort to administer it, making use of every lever, financial, social or otherwise, is almost beyond belief, did we but stop to view the matter in an unbiased way. No quiet inoffensive life, no religious view, no secret sorrow is proof against them. It matters little that you have forgotten more than their loud shallow pates will ever contain. Any consideration you may have for their feelings, any feeling of delicacy that prompts you to refrain from giving offense, is seized upon as an evidence of weakness, and the clamor and pressure are increased accordingly. Why should any persons consider it his duty to show me how to live, how to think, how to act and how to do, when in many cases his own life is as full of small, mean faults as a wind fall apple? Perhaps, like me, he doesn't know it. W. A. BRIDWELL.

The Newest Vogue for Early Spring as Seen by Critical Eyes

This announcement has to do with Spring Apparel which has the engaging smartness that lends distinction and the "different" air is eagerly sought by well-dressed women the world over. All told, the early-season showing reaches, we think, the height of preparedness, for it lowers all requirements that the well-dressed woman is keen to find. There can be no mistake in selecting the new Betty Wales Dress, in Puppy Skin Taffeta, richly embroidered.

BRITISH SCORE GAINS ON BOTH SIDES OF ANCRE

The Associated Press summarizes European War operations as follows: Except in the Ancre region in northern France where British troops have made further gains, there has been virtually no activity on the battle front. While Berlin admits withdrawing some troops from mud-filled trenches, London says British gains were on both sides of the Ancre. On the southern side of the village of Serre Miramboult was centered during an advance in a front of a mile south and southeast of Miramboult. On the northern side, the statement says, the British moved forward on a front of more than a mile and a half, south and southeast of Serre, north of Beaumont Hamel.

ALABAMA STORM TAKES 13 LIVES, 100 ARE INJURED

By Associated Press. Birmingham, Ala., Feb. 24.—Thirteen dead and more than 100 injured were the toll taken by a tornado which late yesterday afternoon swept through Clay and Coosa counties in this state. Later returns, it is believed, will increase the number.

SEVERAL EXTENSIONS IN KATY TELEPHONE SYSTEM

Extensions to the Katy Inter office telephone system made during the last few days have connected the remaining local offices with the office exchange. This system now includes all 10 city offices of the city, including superintendents, dispatchers, yard and round house offices. The cost of installation of the system was about \$1,000.

SAILING OF RELIEF SHIPS TO BE RESUMED SHORTLY

London, Feb. 24.—The Belgian relief commission announced that the sailings of relief ships from Overseas ports to and from Rotterdam had now resumed. The vessels will proceed by way of the northern route and will be furnished with German safe conduct passes as heretofore. No arrangements has yet been made for the relief of vessels bound for Rotterdam and which now are held in port by the latest arrangements assures a continuance of the relief of Belgians and Northern France.

VILLA DRIVE ON JUAREZ MAY BE EXPECTED SOON

By Associated Press. El Paso, Texas, Feb. 24.—Villa troop movements continued to center around Juarez and Chihuahua and an attack may be expected upon either town within the next week, according to government agents and Villa partisans here. Villa followers are reported to be more than a mile and a half east of Juarez opposite Fort Hancock, Texas.

LEGISLATURE IS THANKED BY PRESIDENT WILSON

Austin, Texas, Feb. 4.—President Wilson today personally thanked the Texas Legislature for its action in endorsing his policy in the present crisis with Germany in a personal letter received by John J. McCall, secretary of the Senate. The president wrote: "My Dear Mr. McCall—Let me thank you for your kind letter of February 7 and for your courtesy in sending me the copy of the Senate concurrent resolution No. 12 adopted by the Legislature of Texas. It deeply appreciates this generous action and hope you will assure the members of the two Houses. Cordially and sincerely yours."

BOAT SUNK, 1000 ITALIAN SOLDIERS DIE

By Associated Press. Berlin, Feb. 24.—The admiralty announced today that the Italian transport Mimas carrying 1,000 soldiers to Saloniki, has been sunk and all on board save two men perished.

NO LAWYER, NO WITNESSES; DEFENDANT ASKS DELAY

"Are you ready for trial?" asked Judge Bonner of the Thirtieth district court recently on the occasion of the trial of a negro for felony theft. "No, sir, Judge, I ain't," replied the prisoner. He was asked why he was not ready. "I can't get no lawyer and no witnesses," he replied. "I just ain't had time, Judge, but I believe if you would give me a few months' time I would get some." The judge told him that he would appoint him an attorney, but he was afraid he would have to do without the witnesses. An hour and a half later he was under four years' sentence.

START WORK TOMORROW ON HARRISON-EVERTON BUILDING

Work is expected to start tomorrow on the building that is to be the home of the Harrison-Everton Music Co. The building will be put up on the lot on Seventh street recently purchased by this firm from Dr. S. H. Burnside. Will McAboe has the contract for the building and work will be rushed so as to have the building completed for the early occupancy of the firm. Harrison and Everton have announced a removal sale to start Tuesday in which their entire stock of pianos and other musical instruments will be offered at reduced prices. Their store will be closed Monday. The Harrison-Everton company is one of the oldest music houses in Northwest Texas and has built up a large and ever increasing business in this section and the time has now arrived when they are about to go into their own home.

DALLAS PICTURE THEATER BURNS. PANIC AVERTED

By Associated Press. Dallas, Texas, Feb. 24.—While more than a thousand persons were watching a fire scene in a motion picture theatre here tonight a fire which practically destroyed the theatre broke out on the second floor of the building and for a time threatened to destroy half a block of buildings in the business district.

ILLNESS IS FATAL TO MRS. L. W. ALLEN SATURDAY

After an eight months illness with heart trouble, Mrs. L. W. Allen, aged 28, died Saturday night at her home 1402 Scott. She is survived by her husband and a small son, Scott Allen and her parents, Mr. and Mrs. T. W. Scott.

HOUSE APPROVES FEDERAL PROBE OF FOOD PRICES

By Associated Press. Washington, Feb. 24.—An amendment to the sundry civil bill appropriating \$400,000 for an investigation by the federal trade commission of the high cost of food passed the House tonight, 83 to 51.

AWARD SPECIAL PRIZE IN EAGLES' VOTING CONTEST

Miss Jewell Cavener, leading in the Eagles' Queen of the Festival contest up to 10 o'clock Saturday night with 3632 votes, won the gold wrist watch offered as a special prize for efforts between Tuesday and Saturday of the past week.

The standings of the contestants at 10 o'clock Saturday night follow: Jewell Cavener 3632, Pauline Oster 2756, Maule Isgram 2653, Ruth Wright 2467, Gertrude Anderson 1978, Lillian Mae Wood 1875, Jewell Collins 1659, Louise Phillips 1456, Mable Miller 1439.

WOUND IN THROAT FATAL TO PROMINENT DALLAS MAN

Dallas, Texas, Feb. 24.—Alex H. McKenzie, traveling salesman of Dallas, died at his home here today of penicillin wounds in the throat sustained early today. McKenzie was a prominent man in Texas Masonic circles and had been in ill health for several months.

SAYS DEVIL WITH HORNS INVADDED HER CELL

Belief that the devil was after her and could only be warded off by unremitting prayer, was the mental delusion of a negro woman, Addie Gintler, who was adjudged insane in the county court Saturday afternoon. "Last night he invaded my cell, him with the horns like a Texas steer and a tail and grabbed me around the neck," she told the court at the trial. "I started to pray, but he came and harder I prayed, the tighter he hugged me, and I just couldn't get rid of him."

EXTRA SESSION TALK AT AUSTIN

(Continued from Page One)

ists do not believe that the pros will be able to really raise the necessary 95 votes.

There is no disposition to tackle submission in the senate until after the house has finally determined the question and in the event senate is defeated in the House, there will be necessity for the Senate to tackle the proposition.

On next Tuesday morning the Senate is to go into executive session for the purpose of considering the confirmation of the three new members of the board of regents of the University of Texas.

The Senate is also to decide in the meantime whether or not there will be an investigation of the affairs of the University of Texas.

From present indications there will be no investigation, and the chance for confirming the new regents appear to be excellent.

The governor is also expected to send up next week the name of a new appointee as member of the board of managers of the state insane asylum, the Senate having refused to confirm the Frank of Austin, who was named by the governor to take the place of T. J. Rowzee of Austin whose name was withdrawn by the governor.

The amendment to the election laws of Texas so as to provide a double primary on all nominations was defeated today in the House, when it was postponed indefinitely.

The same motion was made and practically carried, last night but was reconsidered.

The House also passed its bill appropriating \$200,000 for two normal schools in South and West Texas and the bill by Woods regulating practice and procedure in the supreme court.

The Senate was not in session today, having adjourned yesterday afternoon until Monday morning.

Governor Ferguson today signed the Senate joint resolution providing an amendment to the constitution providing for the consolidation and reclamation districts in Texas for the purpose of conserving the natural resources of the state.

He also approved the Senate bill permitting navigation districts to levy a tax of ten per cent for maintenance purposes. Other bills signed were the Senate bill reorganizing the eighteenth judicial district and providing that Somervell county be taken from the 29th and transferred to the 18th district, Senate bill reorganizing the 26th judicial district, Senate bill fixing the time of holding court in the 23rd—judicial district, Senate bill authorizing the capital to borrow in excess of the capital stock. Senate bill amending the constitution.

SCENE FROM "INTOLERANCE"

At Wichita Theatre Monday and Tuesday, March 5 and 6

At the Wichita Theatre, Monday the evening, "Intolerance" is not another "Birth of a Nation" as has been shown for the first time in this city. D. W. Griffith's colossal spectacle, "Intolerance" is a masterpiece of the art of drama and has created a new form of art expression, whose reach is boundless, taking one from today to Julius, from Judra to Babylon, to medieval France and back again even as thoughts flash across the mind. Laughter, thrills and suspense fill the evening. "Intolerance" is not another "Birth of a Nation" as has been shown for the first time in this city. D. W. Griffith's colossal spectacle, "Intolerance" is a masterpiece of the art of drama and has created a new form of art expression, whose reach is boundless, taking one from today to Julius, from Judra to Babylon, to medieval France and back again even as thoughts flash across the mind. Laughter, thrills and suspense fill the evening.

MAJESTIC THEATRE MONDAY DOROTHY GISH "CHILDREN OF THE FUED" Five act Triangle play based on the thrilling attack of the Allen Brothers on the Lillibridge courthouse in Virginia. As the daughter of a moonshining mountaineer falls in love with the son of the judge killed by her mountain fiancé—The situation growing from this condition has not a moment free from suspense and rapid fire happenings.

EMPERESS THEATRE MONDAY Pauline Frederick "NANETTE OF THE WILDS" "Nanette of the Wilds" is a tale of the Royal Canadian Northwest Mounted Police which tells the story of the battle between one of the fiercest souls and the equally brave daughter of a Canadian liquor smuggler. The play was written by the well known actor, Willard Mack, who also plays an important part in the production, the entire action of which transpires in the wilds.

EMPERESS THEATRE TUESDAY AND WEDNESDAY THEDA BARA "THE DARLING OF PARIS" (Suggested By Victor Hugo's Novel "The Hunchback of Notre Dame.") This is unquestionably the finest production in which Miss Bara has ever been seen. The story itself is one of tremendous interest, appealing to all classes.

SPANISH KING RECEIVES AMBASSADOR GERARD

By Associated Press.
Paris, Feb. 24.—James W. Gerard and Mrs. Gerard were received today by King Alphonso, says a Havas dispatch from Madrid, and conversed with the King two hours.

Because she didn't have on enough clothes to be turned loose in daylight was the novel reason given by the police for holding over a negro woman in the woman's cell at the city hall Friday night who had been taken up early that morning apparently suffering from a harmless mental derangement. The woman was taken up in a wringing wet, mud bespattered state, from the Wichita river where she solemnly told the officers she was hunting rabbits. She was dressed only in an abbreviated suit of rompers and refused to tell the officers where they could get her more clothes, consequently she was held until the kindly mantle of night should fall to protect her.

A REAL STOCK OF REAL TEAS

We have now in our house what we firmly believe to be the finest selection of new crop Teas ever brought to Texas, if not the entire South.

We have Young Hysons, Gun Powder, Basket Fired Japans, Ceylons, Orange Pekoe, Indias, Congos, Foochoos, Koo Loos, English Breakfast, Monning and Foor-

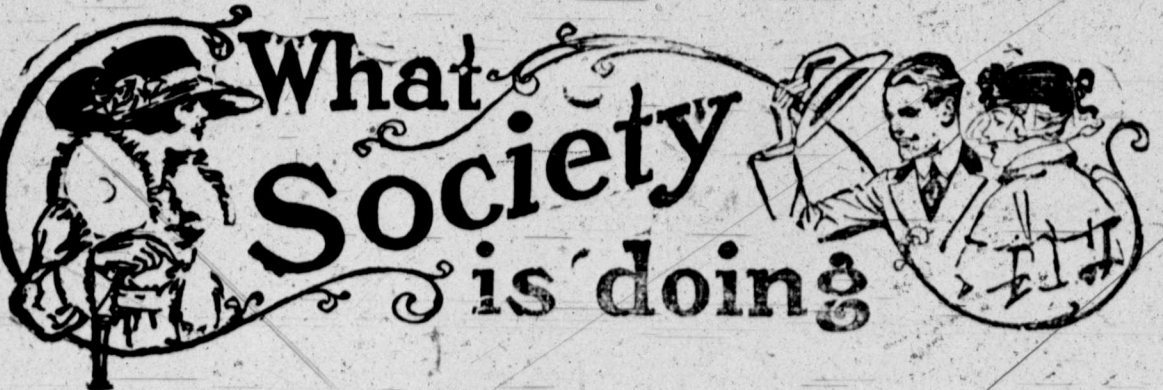

mosa Oolongs. Among them are some of the very finest Teas that reached the shores of America this season.

We sell them straight or blend them to meet all local tastes and conditions. At the present time good Teas are very scarce and it is questionable if there will be any relief until after the war. Many of the Teas we have in stock we could not replace at any price. Last week the British government made the largest purchase of Tea ever made in the world's history—as Tea is a necessity in the British army.

It might pay you to anticipate your season's requirements.

What Society is doing

PATHFINDER CLUB FINISHES STUDY OF WASHINGTON

The study of the national capitol was finished by the Pathfinders at their meeting Friday afternoon with Miss Emma Smith as hostess. Miss Celia Stoyton was leader and papers given were: National Museum, Miss Alice Burnside; A Trip to Mount Vernon, Mrs. S. H. Burnside; Sketch of George Washington, Mrs. Duncan Bell; The Lincoln Memorial, Miss Tom Stokes; Woodrow Wilson, Miss Emma Smith; The Historic Potomac, Miss Celia Stoyton. Roll call was answered with quotations from the notes of George Washington. Miss Alice Burnside contributed a piano number which made the social hour very enjoyable and the hostess served a delicious refreshment course. Miss Carr of Gainesville and Mrs. Glen Berry were guests, members: Mesdames Bell, Demere, Beckman, Burnside, Gracey, Willis, Misses Alice Burnside, Emma Smith, M. Stokes, Winnie Benbow, Mabelle M. Daniels and Celia Stoyton.

NEW IDEA CLUB ENTERTAINED FRIDAY AFTERNOON

Members of the New Idea Club were guests of honor at a George Washington tea Friday afternoon, the Congregational Crochet Club entertaining at the home of Mrs. W. W. Brown. The decorations of the home were in keeping with the date flags and hatchets and other symbols of Washington's birthday, being used in profusion together with cut flowers. Informality was the order throughout the afternoon, the hostesses proving themselves perfect entertainers. The course d'hotel was served, the plate favors and souvenir flags being in keeping with the general motif. The menu comprised sandwiches, olives, fruit salad, saltines, potato chips and coffee with a dessert of ice cream and cake in red and white. The honorees included: Mesdames J. J. Simon, E. F. Friberg, T. E. Robinson, G. E. Fricker, M. E. Carey, J. W. Newton, O. F. Schaubert, D. Delis, A. C. Wilson and Houston Simmons. Other guests were: Mrs. B. Snyder of Zanesville, Ohio, Miss Emily Winkler of Orroville, Ohio, Mrs. R. B. Kendig of Chickasha, Mrs. J. M. Williams of Clarendon, Mrs. C. F. Piche of Dallas, Miss Schubert, Thelma Laverne Simmons, Marie Dillard and Evelyn Marquande. The Congregational Club members acting as hostesses were: Mesdames Buchanan, Bynard, Brown, Dillard, A. J. Andree, Kate Friberg, C. A. Andree, Snyder, Marquande and Locke.

MISS HELEN STONE TO BE HORSE SHOW PRINCESS

Miss Helen Stone, daughter of Mr. and Mrs. J. W. Stone, Jones, and a resident of this city, has been invited by the Fort Worth committee to be Princess Fair at the Horse and Fat Stock Show, the second week of March and has accepted this invitation. She has chosen as her knight, Joaquin M. Bonner, a popular member of the younger set and a leader in the city. She is the young men's social club, and the two will very creditably represent Wichita Falls at the various affairs with which Fort Worth society maintains during the show. Miss Stone is one of the most attractive

- *****

WASHINGTON'S BIRTHDAY CELEBRATED AT ACADEMY

The social entertainment and dance given by the members of the A. E. C. club of the Academy of Mary Immaculate, proved to be a most enjoyable affair. The approaching birthday, George Washington's birthday, prompted the decorative motif for this occasion. And the auditorium, draped in "old glory," with smaller flags peeping out from every available corner, presented a very pretty and pleasing picture. The hand-painted dance programs, the handwork of the

club artists, were likewise appropriate being in the national colors and ornamented with the historic hatchet and cherry tree. At the close of the enjoyable evening spent in contests, games and dancing, the guests were served to delicious refreshments of cake and ice cream in the club color, pink and white. But however, while preparing for the pleasant affair of the sixteenth, the fact that the twenty-second, one of the nation's holidays was night, had not been forgotten. And true patriotism was displayed by the entire student body of the Academy when on Thursday morning they so promptly and willing assembled in the school auditorium to sing the praises of that banner which they love

and in the nation for which it stands, in addition to the national melodies, excellent papers on the life, and wonderful achievements of the Father of our Country, his friends, and the conditions of the country and times during his day compared with the present were read by Misses Agnes Ditton, Adelle Kilpatrick and Sheila Kavanagh.

MISS FRIEZE ENTERTAINS STRAIGHT LINE CLASS

Miss Louise Frieze was hostess on Thursday to the Straight-Line class of the First Presbyterian Sunday school, the session being one of study and social features combined. Mrs. A. H. Carrigan, the teacher, led the program and gave a talk on the "Origin of the Presbyterian Church." The girls spent some time in preparing cards with scripture verses to send to foreign mission schools. Then were served a dainty two course luncheon by Mrs. W. E. Frieze and Mrs. Chester Morgan, mother and sister of the hostess. Those members present: Mrs. Carrigan, Misses Louise Leitcham, Mattie Ruth Corlett, Margaret Burnside, Irene Danielson, Mildred VanVoy and Lucile Campbell.

W. C. T. U. TO MEET TUESDAY AFTERNOON

A business session of the Women's Christian Temperance Union will be held Tuesday afternoon at 3:30 at the First Methodist church, corner of Seventh and Lamar. Owing to its being so near convention time a full attendance of members is desired to attend to the important business. Then all mothers are urged to attend as talks of special interest will be arranged for by some of the ministers.

CRYING FOR HELP Lots of it in Wichita Falls But Daily Growing Less

The kidneys often cry for help. Not another organ in the whole body more delicately constructed. Not one more important to health. The kidneys are the filters of the blood. When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood. Backache is one of the frequent indications of kidney trouble. It is often the kidneys' cry for help. Heed it. Doan's Kidney Pills have done for overworked kidneys. Read what Doan's have done for Wichita Falls people. Mrs. J. H. Gibson, 209 Lee street, Wichita Falls, says: "I suffered badly from my back. My feet and ankles were slightly swollen and I was terribly dizzy. I used Doan's Kidney Pills and they restored my kidneys to a normal condition. The dropsical swellings were reduced and my back felt stronger. I haven't had any kidney trouble to speak of since." Price one at all dealers. Don't simply ask for a kidney remedy but get Doan's Kidney Pills—the same that Mrs. Gibson had. Foster-McBurr Co., Buffalo, N. Y.—Advt.

A CORRECTION. In Friday's issue of The Times it was stated that the Tom Mitchell land two miles east of the Wagon or well was leased for \$5 per acre. We were in error as to the location of this land, as it is about four miles from this well, instead of two miles as stated.

CRIMINAL CASES SET FOR THIS WEEK

Those Indicted By Grand Jury, Which Reported Friday to Be Tried Shortly

Those indicted by the grand jury at its last session which ended Friday will be tried promptly. Their cases having all been set for Monday in the 30th district court. The cases against Mike Levine and J. Wood are expected to be among the first in which Lesley Humphreys, the district attorney, will ask for trial. Besides those indicted in the bills returned with the grand jury's final report, the cases in which indictments were returned Wednesday are practically all that remain for disposal on the criminal docket of the 30th district court. Among these cases are three assault to murder cases against Doc Crunk, Emmet Puryear and A. P. Lewis, the latter a negro. An indictment for assault with a prohibited weapon returned against a negro, J. F. Foster, is also among these cases. Although a jury has been ordered for the 28th district court by Judge Scurry for next week, it is not thought that the week will be a very busy one in this court, a few civil actions comprising the setting in this court. Finishing their work for the December term, during which time they had returned 23 true bills, six for misdemeanors and 17 for felonies, the grand jury Friday made the final report for this term and adjourned. True bills to the number of 23 were returned Friday, five for misdemeanors and sixteen for felonies. The bills returned were for burglary, theft and the receipt and concealment of stolen property. Only one of those indicted for felony in the last bunch of bills detained is still at large. Three indictments were found against both Mike Levine and J. Wood who are to be tried for complicity in the burglary of the store of W. W. Viles at Burkburnett last fall. Each was indicted for receiving and concealing property to the value of more than \$50 on two counts, and one bill for felony. The bills were found against Jess Carpenter, alias Joe Murphy, for burglary and theft of over \$50. M. Littlejohn was indicted for felony on four counts, two counts; John Melnich and Charles Allen were indicted jointly for burglary; Emma Jasper, negro, for theft from person; Harry Hoover, burglary of railroad car; Frank Hurt, theft of goods to the value of more than \$50; Clem Mitchell, theft of goods to the value of more than \$50; Eben Davis, theft of goods to the value of over \$50; Arthur Madison, burglary.

HOME ECONOMICS PROGRAM FOR THIS CITY TO START WEEK FROM TOMORROW

WILL CONSIDER MANY PROBLEMS OF HOUSEHOLDS

MEANS OF WATCHING EXPENSES, AVOIDING EXTRAVAGANCE AND STOPPING "LEAKS" TO BE DISCUSSED AT MEETINGS

DR. JAMES' LECTURES

He Will Present Broader Aspects of Home Economics—Invitations to Women of Neighboring Towns Have Been Sent Out

With Wichita Falls first Home Economics program only a week away, arrangements for the occasion are practically complete, so far as those in charge can perfect them, and the measure of success that the program attains depends now upon the interest manifested by those for whose benefit the affair was planned—the housewives of Wichita Falls and neighboring towns.

Much interest is already being shown and there is every reason to believe that good attendance will mark the session on all three days of the program. The meetings will be held in the Sabatun hall, the use of which was granted for the occasion by Ensign Robb. Its convenient location and ample meeting-hall make it an excellent place for the meetings, there being no stairs to climb. This week the stove, tables and other needed equipment will be installed, ready for the beginning of the program on March 5.

The opening program will be participated in by home folks to some extent, John Gould of The Times and Mrs. A. H. Carrigan being scheduled for brief talks on why the newspaper and the club women, respectively, are interested in Home Economics. Then Dr. James of the University of Texas will tell of the part that women may play in city government. This will be followed by a discussion of the budget by Miss Blodgett. The lecturers expect to dwell with some emphasis upon the value and advantages of the budget in the home, the adoption of a systematic financial plan for the household, the avoidance of "leaks" and extravagance.

"Breakfast" will be the leading topic of Monday afternoon's program, with Miss Lawrence as the lecturer and demonstrator. This subject, one of particular interest in these days of ten-cent loaves and high priced flour, is expected to contain much profitable

PROGRAM.

Monday, March 5th.
9:30 to 10:30, Registration.
10:30 to 10:45, Why Newspaper is Interested in a Home Economics Course—John Gould.
10:45 to 10:55, Why the Wichita Club Women are Interested in a Home Economics Course—Mrs. A. H. Carrigan.
10:55 to 12:30, The Budget, Its Meaning and Use—Miss Blodgett.

Monday Afternoon.
2:30 to 4, Lecture and Demonstration, Bread and its Variations—Miss Lawrence.
4 to 4:30, Round Table: First Aid to Budget Makers—Miss Blodgett.

Tuesday, March 6th.
10 to 10:50, The Budget, the Two Big Leaks in the American Household—Miss Blodgett.
1 to 1:50, Public Health and the Food Supply—Dr. James.
Tuesday Afternoon.
2:30 to 4, Lecture and Demonstration, The Peanut from Soup to Dessert—Miss Blodgett.
4 to 4:30, Some Household Leaks and How to Avoid Them—Miss Lawrence.

Tuesday Evening.
Address, "The Relations of the Community to the Home," Mayor A. H. Britain.
Public Health and Some Factors which Endanger It—Dr. James.

Wednesday March 7th.
10 to 10:50, Importance of Education to the Community, Dr. James.
11 to 11:50, The Budget; the Home Savings Education, Recreation—Miss Blodgett.

Wednesday Afternoon.
2:30 to 4, Demonstration, cuts of Meat and How to Use Them—Miss Lawrence.
4 to 4:50, The Interiors of the Homes; how to Furnish and How to Finish Them, illustrated with lantern slides—Miss Blodgett.

advice for Wichita Falls housewives. Then there will be some more about the budget, with a round table discussion led by Miss Blodgett. There will be no program for Monday night.

There are two big leaks in the average Texas household, according to the lecturers of the Home Economics school of the University, and on Tuesday morning they will tell something of these. Just what these "leaks" are need not be told in advance, but Miss Blodgett, who will discuss them, will probably be able to show the housewives where much money goes needlessly. This is considered one of the most important features of the program and one that will get right down to the heart of household economy.

"Public Health and the Food Supply" will be the subject of the second lecture of Tuesday morning, Dr. James being the speaker. Wichita Falls women have come, within the past two years, to take a very active interest in food supply matters, and Dr. James' lecture is expected to deal with some points that will be of much instruction and edification.

The lovely peanut will be honored with a prominent place in the Tuesday afternoon program. Texas housewives, according to the University lecturers, have been overlooking a good bet; to put it bluntly, in peanuts and Miss Blodgett will show where the household gooner may be used in lots of ways, besides that taken advantage of by the

little stand on the corner. The fact that the farmers of Texas have recently discovered peanuts to be a valuable, profitable crop—Texas raised \$12,000,000 worth of peanuts last year—makes this discussion one of timely interest.

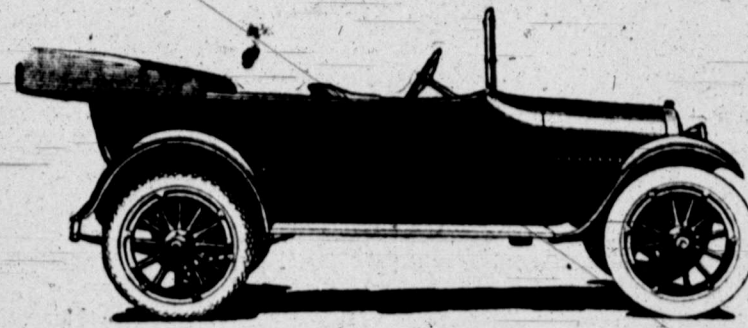

More about leaks will also be told Tuesday afternoon by Miss Lawrence after peanuts have been disposed of.

The only night meeting of the program is set for Tuesday night, and the husbands are expected to show their interest by being present, as some matters of especial interest to them will receive consideration. Mayor A. H. Britain will speak on "The Relation of the Community to the Home," and the Musicians club will provide one musical number. Then Dr. James of the University will speak on "Public Health and Some Factors which Endanger It." Public health is a question to which Dr. James, a recognized authority on municipal and civic questions, has devoted considerable time.

The opening feature of Wednesday, the third and last day of the program, will be a lecture by Dr. James on "Importance of Education to the Community." This will be followed by a further discussion of the household budget, in connection with the lecture by Miss Blodgett on the subject of "Home Savings."

Wednesday afternoon the meat question will be much to the front; there will be a lecture by Miss Lawrence on the various cuts of meat and how to use them, and in connection with

TWO WONDERFUL VALVE-IN-HEAD MOTOR CARS

BUICK 45-SIX

Price—\$1150—Delivered

The Car for Every Purpose

The BUICK CREED

A BUICK automobile must be so built that it will, at all times and under all circumstances, give the owner uninterrupted use of his investment. Every Buick owner is entitled to, and will receive, prompt and efficient service, the kind that will insure him the motoring pleasure he expects.

Buick reputation, so pre-eminently firm and fair, was not won by chance but is due to the policy established with the production of the first Buick car and so consistently adhered to ever since, that of giving the owner the maximum of service for the minimum of cost.

No matter what its price, a Buick car must, and will, give the maximum of that service for which it was intended, and must bear its proportion of the responsibility of maintaining that high prestige which Buick cars have attained.

Oakland Sensible Six

Price—\$945—Delivered

Light—Strong—Durable

FEATURES of the OAKLAND

The valve-in-head, six-cylinder motor develops 41 horse power at 2500 R. P. M. Wheelbase is 112 inches. Weight of car is 2150 pounds—only 53 pounds to every horsepower developed.

Tires are extra large, 32x4 inches—as big as the tires on many cars weighing from 300 to 600 pounds more.

Body is unusually roomy—6 inches more leg room than in our big model '32, divided between driving compartment and tonneau.

Rear springs are semi-elliptic, 51 inches long, making the Sensible Six remarkably easy riding.

The Delco system insure perfect starting, lighting and ignition.

Body and wheels are a deep coach green, with black fenders. Other features are genuine leather upholstery of pleated type; high grade top, tailored with unusual care; heavy crowned fenders; ventilated hood, nicked radiator, etc.

STALEY MOTOR & SUPPLY CO.

908 Ohio Avenue

United States and Goodyear Tires

Telephone 991

WE ARE NOW THE

SERVICE STATION

The electric starting and lighting battery question has been one of the most serious things with which motor car owners have had to contend.

As dealers we were bothered by the general worthlessness of starter batteries. So we finally determined, once for all, to look into this business for ourselves. We did so. We found that the real secret of a good battery was on the inside.

Nearly all makers duplicate external details such as dowelled and dovetailed boxes; lead-coated terminals, etc., but they "fall down" when it comes to the manufacture of the "plates"—the real, vital power-storing, power-giving element of the battery.

How Plates Are Made
Battery plates are now made in two ways—by the old "hand-pasting" process and by the modern USL "machine-pasted" process. In the former the plates are filled by hand; the workman "rubbing in" the oxide paste first on one side and then on the other. This process is open to many objections. As it produces an imperfectly welded filling, full of flaws, fissures and weak spots—imperfections which result in an uneven flow of current, a breaking up of the active surface of the plate, a consequent rapid deterioration and early failure of the battery.

This is not true of the USL machine-pasted plate. Why the Machine-Pasted Plate is Superior

At the USL plant, we found that the old fashioned hand-pasting method had been replaced by an exclusive machine-pasting process—a greatly improved method by which the paste is quickly and thoroughly forced in, under great pressure from both sides at once. This improved, exclusive USL process produces a solid, compact plate, of equal density throughout, which wears evenly, gives off a constant flow of power, does not crumble under vibration or road shock, does not wash away, and, therefore, lasts longer than any other starter battery plate made.

Recent tests and actual usage convinced us that this was true.

Up-to-date Battery Equipment
We immediately started negotiations with the US Light and Heat Corporation, with the result that we are now able to offer the motor car owners of this city and vicinity a battery and a battery service heretofore unequalled.

15 Months Guarantee
If you buy a USL, you can bring it to us at any

time. We will be glad to test it and hydrometer it as often as you wish—free of charge. We sell the USL on a 15 months guaranteed adjustment plan.

Made in All Sizes for All Cars

USL batteries are made in all sizes for all cars or starting and lighting systems, no matter what type or yearly model. We can give you an attractive exchange proposition if you wish to trade in your old battery.

USL Batteries Widely Used

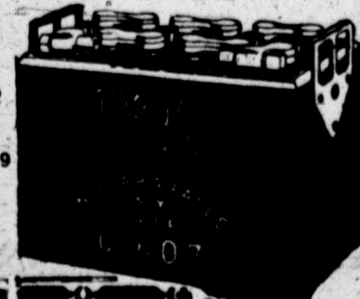

USL batteries are the composite issue of 16 years of constant expert work on the part of a score of chemical and electrical engineers. USL batteries are used by practically all of the great Railways of the U.S. Great telephone companies, signal manufacturers, here and abroad, have installed USL batteries because they last longest and give most efficient service. You are buying a proved product when you purchase a USL.

Come in and see before you buy your next battery. We guarantee prompt, courteous service.

Ask for our Battery Textbook, "The Black Mystery Box Explained." Price 50 cents but free to all motor car owners.

this, some local market will probably furnish a side of beef for the demonstration. The closing feature of the program will be a lecture, illustrated with lantern slides, in which Miss Blodgett will go into the always interesting question of furnishing and finishing home interiors attractively, appropriately and economically. This feature will bring the program to a close.

Invitations to housewives in Iowa Park, Burkburnett, Electra, Myers, Pottsville, Henrietta, Archer City, Newcastle, Olney and Seymour have been extended during the past week through the courtesy of the newspapers in those towns, and it is hoped that the program will draw a large attendance from the neighboring points, as well as from the many smaller communities near the city.

Most of the expense of the program is being borne by the women's clubs of this city, contributions from the Times and the Chamber of Commerce supplementing the fund given by the clubs. All except two of the ten clubs that agreed to aid in the movement have sent in their checks, and those that have not done so are again urged to mail the checks to John Gould, Box 144, who has been designated as treasurer for the fund.

PLANNING STYLE SHOW VAUDEVILLE

Local Entertainers Will Be Called Upon to Take Part in Program

On Monday Harry Baum and J. Colman, the stage managers for the society vaudeville which is to be the Wichita Falls Spring Style Show will begin the forming of their cast for the vaudeville sketches and the musical parades and their announcement as to those to take part will be awaited with interest. It is planned to have songs, instrumental music and perhaps some classic and fancy dances on the program, which is to be the most unique society shows ever staged on Wichita Falls boards.

There are a lot of folks in the city talented in an entertaining way and they will lend their efforts to make this Spring Style Show and Vaudeville a success in every sense of the word. And while the public is being entertained they will at the same time be viewing the spring fashions displayed on Wichita Falls' fairest society maids and matrons and the handsome young men. For mere man is not to be overlooked according to the stage managers, Messrs. Colman and Harry Baum. From time to time announcements as to the personnel of the vaudeville entertainers and the models are to be expected.

Potato Is Used As Legal Tender; Buys 2 Glasses of Beer

By Associated Press
Monroe, Wis., Feb. 25.—A potato passed as legal tender for two glasses of beer here today. The customer

177 Chances to One For Trouble

COMPARE the complicated water-cooling system of the average car—177 finicky parts—with the finished simplicity of Franklin Direct-Air-Cooling—its only moving part a turbine fan, which is itself part of the fly wheel.

No water to carry—no leaks, no freezing, no overheating.

The Franklin is the only car that can run 100 miles on low gear, anywhere, any time and it holds the world's record for oil economy—1046 miles on a gallon of oil.

The Franklin is built to perform a service for the man who owns it.

Ride in the Franklin, Drive it, Look it over—you'll know!

REMEMBER THE DATE--TUESDAY, FEBRUARY 27

AUTO SHIPMENT IS MADE BY EXPRESS

Made Necessary By Freight Situation—Many Cars Are Received During Week

On account of the shortage in freight cars for automobiles dealers being unable to get cars in any other way, the McFall Brothers and Orth Agency last week ordered a carload of Dodge cars to be shipped out by express. To have automobiles shipped by express costs the dealers a great deal more money than if the automobiles were shipped by freight but the demand for all kinds of automobiles is so great that it was deemed advisable to get one carload by express.

Other dealers will probably follow the Dodge Sales Company's example in order to meet the demands. In the express car there will be five Dodge cars and the shipment will come on a passenger train. This is the first instance where a carload of automobiles have been shipped to this city by express. A number of automobile factories are facing the problem of having to shut down for a few days or weeks so that the railroad companies will have a chance to catch up with the shipments that have been delayed and to give the empty freight cars a chance to be returned to the factories.

A notice sent out from one of the Detroit factories last week requested that the dealers help the factories in getting the freight cars returned to Detroit as soon as they are unloaded. To do this would greatly relieve the situation. Automobile dealers near the factories, so the Motor Age says are driving the cars direct from the factories instead of having them shipped. This itself helps a great deal but still more will have to be done before the problem will be solved.

Seventeen carloads of automobiles were received during the past week by local dealers. At this rate there would be shipped into Wichita Falls district during the year of 1917 about 850 cars or about 4250 automobiles. This is going to be a great year for this district and it is said that the Wichita Falls district is one of the best sections for the sale of automobiles. Of the seventeen carloads received the Overland Sales Company received three carloads of Overlands and Willys-Knights; the Staley, Motor Supply Company, one carload of Overlands; the Cotton Car Company, one carload of Dorts; the Dodge Sales Company, one carload of Dodges; the Lloyd Weaver Automobile Company, six carloads of Chevrolets and one carload of Hudsons; the Ford Motor Supply Company, two carloads of Fords; the Franklin Sales Company, one carload of Franklins and the Chencell and Wheat Automobile Company one carload of Mitchells.

Thirty-six carloads of automobiles are en route to this city for the different automobile dealers and are expected to arrive in the next few days. This is itself a large shipment to be made in one district and shows the extent of the automobile business in this district is on the boom. Of the thirty-six carloads on the road the Lloyd Weaver Automobile Company will receive four carloads of Chevrolets, the Overland Sales Company, nine carloads of Overlands and Willys-Knights; the Ford Motor Supply Company, three carloads of Fords, two carloads of Oldsmobiles and one carload of Cadillacs; the Chalmers Sales Company, one carload of Chalmers; the Staley Motor Sales Company, two carloads of Overlands and one carload of Buicks; the Cotton Car Company, one carload of Dorts and the Dodge

Sales Company, two carloads of Dodge cars.

J. O. Wheat of the Chencell and Wheat Automobile Company was a business visitor in Dallas last week.

R. B. Mader of Racine, Wisconsin factory representative of the Mitchell factory was a visitor at the Chencell and Wheat Automobile Company last week.

K. C. Kulman of the Franklin Sales Company was a business visitor in Quana last week.

A. A. Ways of Dallas salesman for the Ferris Dunlap Company was a visitor at the Ford Motor Supply Company last week.

Fred H. Jones, manager of the Ford Motor Company of Fort Worth was a visitor to the Ford Motor Supply Company, Wednesday.

Hub Diggs of Fort Worth, manager of the Hub Diggs Ford Agents Company was a visitor to the Ford Motor Supply Company, Wednesday.

W. F. Rose, of Dallas, of the Rose-Pedrick Company who are the state distributors of the Hudson cars was a visitor to the Lloyd Weaver Automobile Company last week.

Lloyd Weaver and four of his mechanics left last night for Fort Worth where they will get five Chevrolet cars and drive them to this city.

The Chevrolet factory at Fort Worth will start assembling cars the first of March.

Twenty-five carloads of Chevrolets have been promised to be delivered to the Lloyd Weaver Automobile Company during the month of March. Ten of these carloads will come from St. Louis two from Farretown, New York, eight from Flint, Michigan and five from Fort Worth.

H. J. Shorty of the Lloyd Weaver Automobile Company was a business visitor in Burkburnett, Thursday.

E. W. Clement, of Toledo, Ohio, factory auditor of the Overland Automobile Company was a visitor at the Overland Overland Sales Company last week.

The Chalmers Sales Company recently received the appointment of the agency for the Regal automobile in this district.

T. R. T. Orth of the Dodge Sales Company was a business visitor in Vernon last week.

N. R. Smith of the Smith Form A. Truck Company of Dallas was a visitor to the Dodge Sales Company last week.

J. K. Gregory of Dallas was a visitor at the Cotton Car Company last week.

20 automobiles were sold during the past week by local dealers. Of the 20 automobiles sold the Lloyd Weaver Automobile Company sold ten Chevrolets to the following: G. C. Jean of Burkburnett, P. Ackerberg, D. F. Bost of Petrolia, Mrs. S. F. Seeb of Burkburnett, P. C. Potter of Petrolia, H. B. McConnell, J. H. Wall of Burkburnett and the Henrietta Motor Car company three. The Ford Motor Supply Company sold Fords to the following: City of Wichita Falls, Edgar Scurry, J. L. Lea, Jr., T. F. Hannon, H. O. Wooten Grocery Company, P. P. Fechnack and J. N. Marks of Dunbar. The Chencell and Wheat Automobile Company sold to the following: Continental Supply Company, Kissel Kar, W. C. Myers, Kissel Kar, and F. W. Hamner, Grant. The Overland Sales Company sold cars to the following: Monte Stanforth, Knight, Dr. Hamilton of Olney, Country Club Overland, A. L. Hines, Knight, and Walker, Henrietta, Knight. The Chalmers Sales Company reports the sale of a Chalmers to John Moore. The Dodge Sales Company reports the sale of a Dodge to Mr. Collier. The Staley Motor Sales Company reports the sale of Overlands to Harry Sanders of Burkburnett and to B. A. Freeman of Burkburnett. The Cotton Car Company reports the sale of a Rco and a Dort to McGee Brothers at Electra and a Dort to William Kelley of Quana.

J. L. Mears, formerly district station manager for the Wichita Valley refinery will on the first of the month open a number of gasoline filling stations in the downtown district.

B. F. Walling of the Elgin Sales Company was a business visitor in southern Oklahoma last week.

Two carloads of Elgins are en route to this city for the Elgin Sales Company.

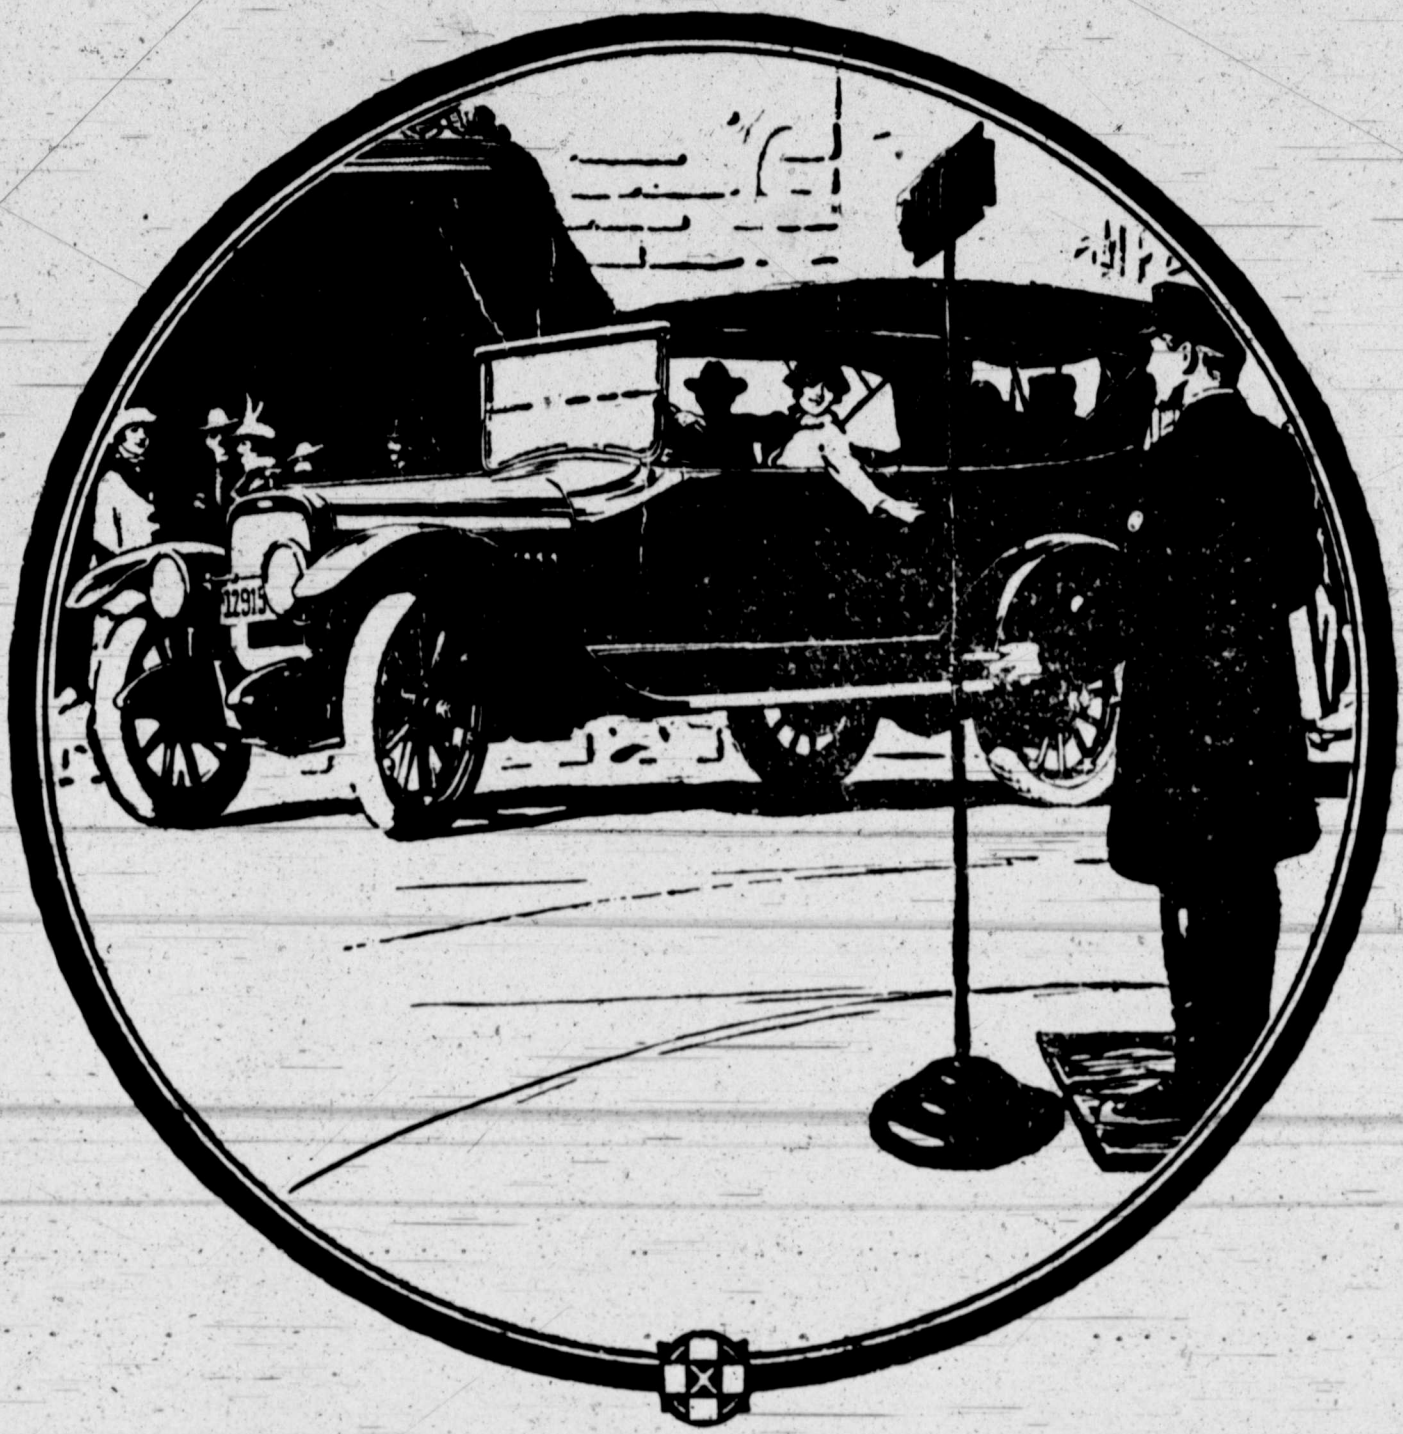

E. P. Reynolds of the Elgin Sales Company was a business visitor in Iowa Park last week.

Sport coats to be worn with the smart hats are about the same as last year except perhaps for a fuller skirt line and more elaborate sash-like "girdles." There is a craze for Chinese embroidered stripes, which seem scarce, but when found are used for the collar, cuffs and girdle of the khaki-kool, tussor or silk Jersey sport coats. Coats made of white duvetyne or Jersey cloth trimmed with white Hercules braid and brass buttons are also popular for early spring tripping.

Sweaters that slip on over the head are very much liked, especially those that are knitted in such a way that they naturally fall in snugly at the waistline. One unusually pretty one is a two tone silk model of Havana brown and rich tan color. It has a deep pointed neck, with a Dutch collar. Another in fiber silk is in blue and white plaid with a solid blue skirt, collar, cuffs and sash. This one is open at the throat with a self-collared effect, which is quite deep at the back.

A new version of the deep English military cape has appeared in old blue duvetyne, with an elaborate collar and front reverses of white suede, with two big buttons and buttonholes to keep the neck together. Broad cross belts of the blue material button in the back, underneath as usual. The cape is very full and falls to the bottom of the dress.

CHANDLER SIX \$1395

There Is No Other Six Like This For Anything Like This Price

THE Chandler offers intrinsic value greater than other cars for which you are asked to pay much more. Greater value in materials, design, equipment, and, above all else, in the dependable and enduring service of its marvelous motor.

You may say it is easy to make such a claim for the Chandler. It is. And IT IS EASY TO PROVE SUCH A CLAIM FOR THE CHANDLER.

Year-old Chandlers command as high or higher price in the used car market than year-old cars of other makes selling, when new, for two or three hundred dollars more.

Could any further evidence be asked, to prove Chandler leadership in value? It wouldn't seem so, but let's make thorough inquiry.

What other make of car, at anything like the Chandler price, offers you a motor which has been developed, refined and perfected throughout four years of conscientious manu-

facture and not subjected to radical changes or experimental devices? None.

What other make of car, at anything like the Chandler price, offers you such a proven mechanism as the whole Chandler chassis? None.

What other make of car, at anything like the Chandler price, offers you all those features characteristic of the highest priced, high-grade cars—Bosch high tension magneto; solid cast aluminum motor base, extending from frame to frame; big silent chains instead of noisy gears for driving the motor shafts; full floating and silent spiral bevel gear rear axle and light running annular ball bearings in transmission, differential and rear wheels? None.

What other make of car at anything like the Chandler price offers you more beautiful and comfortable bodies than the Chandler? None.

Chandler policy has always kept the Chandler price low. Relatively it is lower today, when so many prices have been inflated, than ever before.

AGGRESSIVE PURE WATER CAMPAIGN IS PLANNED

By Associated Press. Austin, Texas, Feb. 24.—Plans for an aggressive pure water campaign this summer are being made by Pure Food Commissioner H. P. Hoffman, Jr. in the event the legislature grants the department an additional chemist. Commissioner Hoffman proposes to have a thorough examination made of drinking water in every city and town in Texas.

FREDERICK PLANS TO EMPLOY PAID SECRETARY

(Frederick Leader) The new officers and directors of the Frederick Chamber of Commerce, who were elected at about one o'clock Friday morning, at the windup of the annual meeting and banquet, met at department the same morning and began the laying of plans for an aggressive campaign for civic work. President A. L. Girard addressed the other members briefly, saying that first of

all the directors must stand together, and that if there was any difference of opinion among them they should be discussed and the right course should be determined and all stand for it. The approaching municipal bond election was discussed and it was discovered that all stood for the bonds. It was decided that a secretary should be employed to give all his time to the work of the Chamber of Commerce, and that he should have a down town office, on the ground floor. If possible, where he might display farm products and

have records which would be of value to his work. The secretary's salary was fixed at not to exceed \$1,500 a year. It was decided to advertise for applications for this position. Applications should be made to the president.

AUTO TRUCKS THREATEN TO WRECK HISTORIC CHAPEL

Associated Press Mail Correspondence. Wichita, Kan., Feb. 24.—The constant procession of heavy automobile trucks has been reported to furnish the most serious threat to the historic Aixa-Chapelle min-

ster, has so shaken the historic structure that the roof, particularly the vault over the choir, threatens to fall inward.

The discovery of the precarious condition of the arched roof was made recently when the work of repainting the choir vault was undertaken. Careful investigation revealed that unless steps are taken immediately, irreparable damage may be done. The state has been appealed to, to furnish the necessary funds since the "Char-

magne Society" which cares for the edifice and was arranging for the repainting of the choir, does not feel itself able to finance so serious an undertaking as the repair of the entire roof.

The repainting work has progressed far enough to reveal in the dome of the choir, covered over by layers of plaster, old paintings that apparently date from the 15th century. The cost of restoring them, however, will amount to \$25,000 or more, which is considered prohibitive at present.

LIGHTING SYSTEM MAY BE CHANGED

PLANS UNDER WAY FOR INSTALLING ORNAMENTAL CLUSTERS DOWNTOWN

TO DIVIDE EXPENSE

Property Owners Likely to Be Asked to Bear Installation Cost

Plans for a system of ornamental lights in the downtown district are being formulated by some of those interested, and are expected to take definite form in the near future. It is proposed to replace the present arc lights with side walk post clusters of an attractive design.

Before the present lighting system was improved, several years ago, such a plan was considered, but was deemed too expensive, especially as it would have required the expenditure of most of the funds available for installing lights throughout the city. The present plan is to have property owners bear the initial expense, provided the city will maintain the system.

It is believed that the expense thus distributed will not be burdensome for any property owner, and that the results will be generally satisfactory. The matter is yet in an indefinite stage, but will probably be brought before the Chamber of Commerce and city council at an early date.

At The Churches

Central Presbyterian Church. Sunday school at 9:30. At eleven o'clock there will be a Christian service conducted by members of the church. All members of the church and the public cordially invited to attend.

First Presbyterian Church. The pastor will preach at 11 a. m. and 7:30 p. m. The subject for the morning sermon will be "Peter's Influence." At night, "My Better Self." The Home-Mission-committee will present the interests of the home board for ten minutes before the offering. Come prepared to make a liberal offering to this board. The Helen Beavers Chapter of the West minister Guild is announced as the banner guild of Texas Synod by the synodical president to Mrs. H. B. Patterson. We study the 8th, 9th and 10th chapters of Revelation for next prayer meeting. The Morning Side Presbyterian Sunday school will meet at 2:30 p. m. Sunday.

First Baptist Church. Sunday school at 10. Preaching by the pastor at 11 and also 7:30. B. Y. P. U. at 6:30. Junior B. Y. P. U. at the same hour. Walnut Street Mission at 3:30. Woman's Alliance Monday at the church at 3. Missionary meeting. The class in the "Normal Manual" has finished the work and will receive their diplomas Wednesday evening at the special service. Everybody invited. This service will take the place of the regular prayer meeting. The class in the "Doctrine of Our Faith" will meet each Friday evening at 7:30 until the book is finished.

Lutheran Church (Mo. Synod). Sunday school (German and English classes) at 9 a. m. Bible class at 9:45 a. m. German morning worship at 10:30. As the pastor will be at Clarendon Sunday to preach at the dedication of the new school, our vicar, Mr. Gus Kramer will conduct Sunday school and Bible class, and also fill the pulpit in the morning services. There will be no English services in the afternoon. Everybody is cordially invited to worship with us.

First Methodist Church, South. (Cor. Tenth and Lamar.) Every member of the Sunday school is urged to be in your place Sunday morning at 9:30. The subject of the Sunday morning sermon is "The Wrestling Church." The choir under the direction of Mrs. Fulton will sing "Rock of Ages" as the anthem. Miss Cook the organist will play as offertory, "Hymn of the Nuns" by Le Fèvre-Willy. You will receive a hearty welcome if you come. In the evening the service will open with a song service of old time ring songs that everybody can sing. You come and take a part. Besides an anthem from the choir, Mr. and Mrs. Hockabee will sing. Epworth leagues will meet at 6:30.

Church of the Good Shepherd (A house of prayer for all people.) Holy Communion, 7:30. Morning prayer, 11:00. The pastor's sermon subject will be "The Temptation in the Wilderness." The choir will sing "O ye all works of the Lord" to the setting by Strauss. For the offertory, Mr. Woodside will sing "O God have mercy" from the oratorio St. Paul. Evening Service at 7:30. Mr. C. W. Reid of the National Bank of Commerce will speak at this service. Services that are worth while. We cordially invite you to attend today. You will find a hearty welcome, a message on the times, and a service full of inspiration. Worship with us this Sunday.

First Evangelical Church (Corner 15th and Broad Sts.) 9:45 a. m. Sunday school, 11 o'clock morning worship, subject, "The Comforting Christ." Junior Alliance, Lucille Astry, leader. 9:45. Young People's Alliance, Albert Lauchuf, and Chas. Heinenstein, leaders. 7:30. Evening Worship. The pastor will be in the pulpit at both morning and evening services. Monday 3 p. m. The Ladies Aid will meet in the church, Mrs. Walter Gentry, leader. Wednesday 8 p. m. prayer service. You are cordially invited to worship with us.

Church of the Nazarene Sunday school at 9:45 a. m. preaching at 11 a. m. and 7:45 p. m. Prayer meeting every Thursday evening. Communion just after the preaching service, Sunday. A cordial invitation is extended to the public to worship with us.

First Methodist Episcopal Church "The Labor Unions and the Church"

Undoubtedly the Industry's Crowning Achievement

From your point of view this announcement is most important.

For herein we set forth the achievement toward which this company has aimed for the last eight years.

This achievement in a word is the completion of our gigantic organization to a point where we can make and market a complete line of automobiles under one head.

This means tremendous economies—much greater than ever before.

This means the elimination of all waste, all lost motion and much greater factory efficiency.

This means an even higher grade of cars at much more attractive prices.

All of which means a substantial saving for you on the next car you buy.

For now and for the first time in the history of the automobile business we as one single organization offer the public a full and complete line of automobiles.

This concentration—this greater efficiency—this more effective means of pulling together is going to set a new standard of low priced high-grade automobile values.

For we operate on the basis of—

- one executive organization
- one factory management
- one purchasing unit
- one sales expense

—one group of dealers to plan, produce and sell all Overland, Willys and Willys-Knight models.

Buying power is concentrated. Costs are distributed over all these cars. The savings are enormous.

As a result we are producing cars of exceptional quality—and marketing them at unusually low prices.

Every car is built to a rigid standard of performance, comfort and appearance.

The new models are listed in this announcement. They include Overland models from the snappy comfortable \$665 Light Four to the beautiful Light Six Sedan at \$1585.

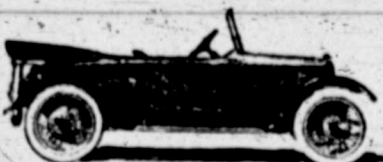

They include also the big, handsome Willys-Knights from the Four at \$1285, to the super efficient Eight at \$1950.

These new models establish price records, value records and performance records which we believe will prove to the public conclusively that the vast economies of vast production are the key note and manufacturing secret of the greatest value for the least amount of money.

COLORADO ROUTE TO BE IMPROVED

GRADING AND DRAGGING WORK TO BE STARTED IN MANY COUNTIES

MEETING AT QUANAH

250 Attend Friday's Gathering and Announce Plans—D. P. Talley Among Speakers

Grading, draining and dragging of the Colorado to Gulf Highway from Wichita to Hall county is soon to be undertaken, getting the route in the best possible condition for the summer traffic, it was announced at the meeting held Friday at Quanah. While some of the counties are planning bond issues, the fact that it would take several months to actually start work on permanent improvements caused the decision to urge the grading at once.

From 200 to 250 attended the meeting every town from Wichita Falls north to Memphis being represented. The association is now devoting its energies to a thorough investigation of the road question, to determine just what is needed, the probable expense, and the necessity for bonds. It has been hoped to have an engineer from A. & M. College at Friday's meeting, but he was unable to attend.

Another meeting will be held at Vernon on March 8, at which it is expected the reports now being prepared will be submitted in a manner.

D. P. Talley of this city, president of the Colorado to Gulf Highway, attended the meeting and explained the purpose and workings of the organization and the necessity for action by each county. Some of those present expressed the belief that if every county would see to it that all available road forces and funds are used for the highway improvement, much can be accomplished, and the next few months will see grading, draining, filling and dragging operations extensively under way.

Donley county, it was announced, will spend \$75,000 for roads this year, and improvement of this county's portion of the Colorado route is included in the program.

Both Mr. Talley, as president of the Colorado route organization and

A. W. Reid of Memphis, secretary, told the delegates of the need for action. Mr. Talley also made a number of good road questions.

Mr. Talley said:

All precincts in a county, and particularly the sections which participate most in road bonds, are clearly entitled to full representation upon the committee that is to recommend to the county commissioners and the voters the system of roads, and each precinct is entitled to say where the roads shall be located therein, however, first that they do not call for more than their fair proportion of the bond issues and in this connection it is my understanding that Wichita Falls is not expecting its full proportion based upon tax figures; and second, that the projects do not want the roads so located that they will not connect up properly with a county system, thus spoiling the county plan. If such local jealousies, which we really do not expect, arise and create opposition many of us still believe that unheeded efforts on the part of the committees can bring about adjustment, but if not then a conscientious appeal to the voters will win anyway.

The road problem is before us. How shall we attack it? What is the quickest and most effective remedy and at the same time the smallest outlay consistent with first class system of roads? Let us turn to the history of highways in this nation. In the early days road building was largely confined to efforts of local communities—the villages, towns and cities. The town road officials in most cases with no knowledge of road building, directed these improvements, sought the appropriation therefor and controlled the work and extravagant expenditures. This caused the growth of a disjointed system of roads. Thus jealousies were aroused between local communities until finally a larger unit—the county, took over the more important routes and built roads of various types of construction, connecting the various portions of the county in a more compact and efficient manner.

From the same difficulties developed upon a larger scale. No attention had been paid to inter-county highways, and consequently roads developed which did not properly connect the various parts of the State—hence the creation of State Highway Commissions and State Highways. This uniformity of construction an maintenance could be secured. Now we are confronted with the large problem—the development of good roads connecting all parts of the country.

Should we not apply the lessons learned by the experience of the past? Can effective inter-county and state highways be obtained effectively, speedily and economically through the disjointed efforts of several communities, each community working separately and exclusively for its own self?

Fairly Radiating With Style and Originality

The New Spring Fashions Continue to Arrive at Perkins-Timberlake Co's.

Even before Nature brings forth the buds and tiny blades of grass, before the birds awake from their Winter slumber and pour forth their music as they tell us by their plaintive notes that Spring is here. Long before this, Dame Fashion has been busying herself with the affairs of women—producing the prettiest garments ever beheld for many seasons past. Our buyers have very wisely selected for you this season and now we are ready with a showing unsurpassed even in much larger cities. Come down tomorrow—our display will interest you.

Pretty Coats for Women

Coats in a varied assortment of styles and fabrics, combining colors of beauty in all the new pastel shades. Coats in large plaid effects, beautifully trimmed. These Coats are modeled by the best designers of America and a look will prove our assertion as to the beauty and worth.

Pretty Suits for Women

Every day new Suits arrive, and our ready-to-wear section will show tomorrow a complete line of all the new things, modeled from the newest fabrics and of the prettiest colors. These Suits present a showing worthy of your consideration. Featured among the fabrics are the Khaki-Kool Cloth and Yo San Silks. Elegant array of Suits displayed tomorrow.

COLORADO ROUTE TO BE IMPROVED

(Continued from page one)

density of population is very much less than elsewhere, where many of us must travel a quarter of a mile to five miles to visit the nearest neighbor. Or to figure in another and more practical way. There are in the United States something over 6,000,000 farms averaging about 125 acres and its value about \$3,500. Employed in the same reasoning as above every farmer must needs travel an average distance (by the most direct route) of a half mile to visit his nearest neighbor. Of all the various modes of inter-communication—water, roads, railroads, mail, telegraph, telephone and wireless—only one, roads, are open to all the people of the earth. Roads are by far the most universally used and are therefore the most beneficial to the greatest number of people. They are of indispensable value to the rural districts; and to the proper development of these rural districts. Good roads everywhere are likewise of indispensable value.

over their present value, or an increase of about \$1,500 per farm. With our total of 6,500,000 farms, gives the staggering sum of \$10,000,000,000—ten times the entire annual expense of government of this great nation. There are 27,000,000 horses, mules and other draft animals, more than 1,000,000 horse-drawn vehicles, 2,000,000 bicycles, 100,000 motor cycles and about 1,000,000 automobiles in the United States. If from good roads only 10 per cent in depreciation per annum were saved it would amount to the enormous sum of \$500,000,000 every year. Does this indicate that we cannot afford to build good roads? Such facts and figures show the condition dependent in whole or in a large measure upon had roads conditions, such as undeveloped farms, poor schools in rural districts, high cost of products, migration from farms to city, and countless other social and economic ills. They are self evident and should need no further proof.

synthe blade; or to haul his products from Wichita county by ox and mule teams over to Jefferson, Texas? "Strange that any community should oppose the building of good roads when it can easily pay the cost. And yet some have done so. But then, many people oppose more things. Trolleys were fought by the steam railroads. Telegraph companies fought the extension of telephones. Both light wireless. Gas companies opposed electric lighting stations. Some workmen resist the introduction of labor saving devices that really increase the ways in which labor can be used. And yet all these improvements fill their own field and furthermore increase the use of those still files the owners of which fear will be displaced.

BIGGEST VERSE IN BIBLE IS SUBJECT

Evangelist Says John 3:16 Answer Description—Tells Why in His Sermon

"For God so loved the world that He gave His only begotten Son, who whosoever believeth on Him shall not perish but have everlasting life." This verse, John 3:16, was declared to be the biggest verse in the Bible, by Dr. Percy C. G. in his Saturday night sermon at the First Christian Church, his subject being "The Biggest Verse in the Bible."

your belief as 'faith without works is dead.' The faith that saves is the faith that obeys. Lack of obedience is the whole fault when you fall of salvation. 'Now we come to one of the most delightful parts of the entire verse, 'Whosoever.' Just say the verse over and put your name in the place of 'whosoever.' Why, you say, 'God is talking to me.' Certainly, then don't let the devil deafen your ears to His voice with doubts, fears and procrastination. 'The verse continues, 'believe on Him.' In this belief is active not passive, and implies more than belief, which by itself does not bring salvation. Why, even the devils believe and do tremble.' You must live

QUICK INDICTMENT FOLLOWS BURGLARY

Negro Billed Next Day After Alleged Crime—Officers Had Advance Information Advance information of a proposed burglary of a store at Oklauffton Thursday night enabled Sheriff Hawkins and his assistants to recover the guns stolen from the store there, and Clem Mitchell, a negro, the alleged perpetrator in jail early the

next morning, and have him indicted by the grand jury by noon of the day following the robbery. The last chapter in this speedy bit of work will probably be written in the 30th district court this week when Mitchell's case, like the others recently indicted by the last grand jury is set down for trial. The indictment against Mitchell is theft of goods to the value of more than \$20. The officers' information came through Mitchell's having arranged for the sale of the property he planned to steal before pulling off the robbery so when the following night he carried out his plans were laid which resulted in his walking into the officer's trap.

Baum & Gardner

EXCLUSIVE STYLES

Be Sure That Your Front Lace Corset Is "La Camille"

Model illustrated is intended for the short full figure, having low top, with necessary fullness in bust, elastic section in bottom of back, fully boned, made from various materials. Prices \$3.50 to \$12.00 Other Models, \$1.75 to \$25.00.

For these beautiful "La Camille" Corsets represent most unusual value. No other corsets are designed so carefully, interpret the styles so subtly, or lend such graceful charming lines to the figure.

Then, too, there is no steel to grate upon the spine, for "La Camille" has the famous patented

Ventile

Back, which relieves all pressure and yet provides proper support—it's a wonderful improvement.

THIRD PANTHER SHOWS FOR GOOD WELL SATURDAY

LOWER SAND PROVED PRODUCTIVE AND PUTS BETTER TINGE ON ARCHER OUTLOOK—3 OTHER TESTS NOW NEARING SAND

ON WAGGONER RANCH

Two More Wells Started and Location Made for Another While Leasing is Very Active at Some High Prices in that District

The Panther district and Waggoner Bros. ranch have been vying with one another recently for interest for the local oil, fraternity, both furnishing interesting news.

Panther No. 3, counted a failure Thursday, reversed the dip Saturday when it tapped the lower sand a few feet further down, and began showing for a well declared to be better than No. 2. In the Culbertson west district leasing has been feverish and many tracts have been taken. Prices of \$50 an acre have been numerous, and there have been some tracts at \$100 an acre but those who are paying the money are, for the most part, "not putting out anything" as to their transactions. In Archer county, outside of the Panther district, three wells, are at the interesting stage, the Holiday Oil company, Big Bluff, and Horseshoe Bend, all now being below 1500 feet. Panther No. 3, where this sand at 1633 feet was given a partial test yesterday, showing for 100 barrels or better. The finding of this sand confirms the theories of those who said the first sand, 1000 feet was a stray, and that the sand which was found dry Saturday was the same upper sand found in No. 2. Oil rose in the hole faster than it could be bailed out yesterday, with several hundred feet of water, underneath. The drill four feet in the sand. The sand, which is left on the pump by Tuesday or Wednesday and a complete estimate. The news from this well, arrives, in the week, when the fact that it has brought nothing, has caused considerable gloom in local oil circles, and for that reason the favorable outcome of the test of the sand struck Friday afternoon was doubly welcome news. The fact that it upsets some predictions is also received with some degree of pleasure by local oil men.

Timbers are on the ground for two new wells in the Waggoner district, with location made for a third. Mr. Culbertson will drill at once across the line from his well, offsetting it on the Burnett & Lloyd side of the line. Thomas & Bland are building the derrick for the well on their 20-acre lease of Waggoner Brothers ranch, south and a little east of the Culbertson well. W. W. Silk and others have made a location on the west side of the northeast quarter of Burnett & Lloyd section No. 1, 600 feet from the sandy line. Mr. Silk, Jack Kelly and Roy B. Jones have 640 acres under lease there, being parts of two sections. A. C. Henson, who owns a 64 tract south of the Waggoner Brothers ranch, has refused an offer of \$50 an acre for a lease of 220 acres, according to reports in local oil circles yesterday. Among the leases held in that section of the county are the following: Mack Thomas and J. M. Bland, 224 acres of the St. H. McCarty farm, three quarters of a mile due east of the Culbertson well. P. P. Langford and W. W. Silk, 480 acres of the C. B. Ansell ranch, four miles west of the Culbertson well. W. W. Silk, Jack Kelly, Roy B. Jones, J. L. Art, J. C. Straus and J. C. A. Guest, 292 acres, being the west half of section 4, of the Burnett & Lloyd tract.

W. W. Silk, Ed Waggoner and B. B. Jones, 254 1/2 acres of the Melton tract. A. Zundelwitz, W. W. Silk, W. W. Gardner, Ed Waggoner, J. M. Bland and Mack Thomas, 250 acres of the G. B. Ansell ranch, west of the territory developed.

So far none of the big companies operating west of Electra have obtained much acreage in the new section, where it is said there is not a little sentiment against leasing to them, for some reason. The Wichita Falls Fuel & Development company has some acreage in that section and considered very favorably situated.

In addition to the leases enumerated above, a number of others have been taken, but most of those who are getting their feet wet in that vicinity are reticent as to details of the transactions. There has been a general run to the lease and some Wichitans who have heretofore been lookers on in Venice, so far as the oil game is concerned, have yielded to temptation and secured desirable acreage.

This week ought to bring definite news from three outside wells—in Archer county. The Holiday Oil company's well, some distance south-west of the Panther district 1620 feet deep, is among those expected to tell something soon. The Big Bluff well north of Holiday is 1623 feet and the fact that it has had several showings makes it an interesting prospect. The Horseshoe Bend Oil Company's well on the river is 1605 feet deep and should reach the depth of the Panther sand within a few days.

The bringing in of Panther No. 3 for a good well has already revived talk of a new refinery, and the practical certainty—that a substantial pool will be developed in that locality is causing those who have subscribed for refinery stock to figure on definite plans.

The country to the east of the Panther is to be the scene of development. In addition to the Plains location, to the southeast, L. C. Heydrick has practically completed organization of a company, which has a big block of acreage to the eastward. Organization of the Hercules Oil company has also been completed. It has acreage to the west of the Coline district.

And still the water situation is holding developments back, though there are definite plans for putting an end to the troubles. Pipe line arrangements having been furthered during the past few days.

MASS MEETING OF UNIONS IS DELAYED

Trades Council Will Determine Date at Session to Be Held Monday Night

Plans for a mass meeting of members of all organized labor organizations in Wichita Falls at which nomination of their candidate or candidates for the city council will be made are to be considered at a special meeting of the trades and labor council for Monday night. The exact time of the calling of the meeting has not yet been determined and probably will be until later, as the trades and labor council does not want to call the mass meeting before the city council issues the formal call for the city election. This will probably be in the early part of March as the election will be held early in April and 30 days notice

of the election is required. The date of the mass meeting will therefore be about the middle of March. Whether to put a full ticket in the field or concentrate their efforts on one candidate is another of the matters to be considered by the trades and labor council Monday night. The probability is that the council will decide to put only one man for the council, concentrating their backing on this man according to Ed Anderson, chairman of the board of trustees of the council. In putting a candidate in the field we don't want to stir up any dissension and have no animosity against anyone," said Mr. Anderson, in this connection. "We merely think that we are entitled to some representation on the city council, and that and nothing else is what we are after." The report of the legislative committee appointed at the last meeting, who conferred with the city council at its last meeting in regard to the hours of employment in paving work being done by the city, will also be heard and considered at Monday's meeting, according to Mr. Anderson. This committee is composed of Loy D. Lattl, J. E. Robertson and J. A. Jarvis.

PLAN FRATERNITY REUNION HERE SOON

Local Members of Beta Theta Pi to Get Together With Brothers From Other Towns

Local members of the Beta Theta Pi fraternity of whom there are several in Wichita Falls are planning a Beta reunion and "Dogg" here in the near future. Among the Betas in Wichita Falls are Judge A. H. Carrigan, A. A. Pickson, Brewster Stanforth, Harry Weeks and H. D. Donnell. These Betas are anxious to get into touch with other Betas here or in this territory. Frederick, Electra, and other towns in this section will be invited to join in the reunion.

OPPOSITION TO NEGRO ADDITION

PROPERTY OWNERS IN EASTERN PART OF CITY TO MAKE PROTEST

CIRCULATE PETITION

Point Out That There is No Assurance of Only "Better Class" of Negroes

Opposition to the plan to open a new residence addition for negroes, east of the city, has developed among white residents and property owners of that part of town, and efforts will be made shortly to prevent the section in question being opened to negro residents.

A petition has been prepared and is now being circulated among those interested. J. L. Markham, W. J. Duncau, B. J. McHam and J. S. Mullinix are among those most active. Their petition cites numerous objections to the negro addition. They expect to secure many signatures within a short time. The petition, as drawn up follows:

To the owners of the properties lying east of the City of Wichita Falls, Texas, which are being subdivided and sold to negroes.

We, the undersigned, being residents and property owners in the eastern section of the city, do hereby petition and urge that you discontinue the sale of such properties to negroes, and that you discontinue the effort to colonize negroes on and about the properties above referred to. In support of this petition we submit, in part, as follows:

First: That the colonization of negroes as intended will cause a very material depreciation of value of our properties.

Second: That our properties, being in the pathway to and from said addition, will become undesirable as homes.

Third: That it is practically impossible for the City to give our families adequate police protection. It is represented that the said addition is being sold only to the better class of negroes. We think the better class of negroes should have the opportunity to reside and rear their families under proper and elevating surroundings, but we do not think such opportunity should be given at the cost and hurt of those persons who have homes in the eastern part of the city. Nor do we think such representations are being made in the most perfect good faith and sincerity. By what method is it intended to perpetuate the holdings of those properties in "good negroes," and who shall decide who are such? Is it not true that any negro who has the price can acquire property in the new addition?

For the above reasons, and many others, we protest. Everyone has read about Vernon Castle, how many have seen her? Your opportunity presents itself in "Patricia" Monday, March 5, at the Empress theatre.

NORTH TEXAS Furniture Co.

Y. M. C. A. VISIT MAY RESULT IN MOVEMENT HERE

COMING OF HIGH OFFICIALS TUESDAY EXPECTED TO GIVE IMPETUS TO PLANS FOR FORMING ORGANIZATION IN THIS CITY

TO ARRIVE TUESDAY

Will Be Entertained With Automobile Ride and Luncheon and Will Leave For Children on Special Train During Afternoon

Expectations that the visit of the Y. M. C. A. and railroad officials who will spend the greater part of Tuesday in the city will result in the inauguration of an active Y. M. C. A. campaign in Wichita Falls are being strongly entertained by quite a few who are interested in the local Y. M. C. A. movement.

Talk of a Y. M. C. A. for Wichita Falls has been a frequently recurring topic for the past few weeks, and each time it has been mentioned indications that the movement has gained new adherents are apparent. It is believed that the visit of the influential men interested in Y. M. C. A. work who will be here with the party Tuesday will be a source of no little inspiration and encouragement for the pioneers of the local movement. The fact that the majority of the members of the reception committee named for this party are among those who have expressed themselves favorably on a Wichita Falls Y. M. C. A. is expected to add to the prospects for action.

THE MEN BEHIND THE BANK

The most important thing about a bank is the character and ability of the men behind it—the men who direct its affairs.

Every member of the Board of Directors of this institution is well qualified for his duties by reason of his conservative policies, sound judgment, experience, integrity and high standing.

In conducting the affairs of the bank, safety for depositors' funds is always placed ahead of every other consideration.

PYTHIANS HOPE TO BUILD CASTLE HALL

May Erect Permanent Home in 1918—Enthusiastic Meeting Friday Night

Hopes for a permanent Castle Hall for the Knights of Pythias lodge here are entertained by members, who believe that by 1918 the local lodge will be in position to build a permanent home with such social features as billiard and pool tables, dominoes, library, kitchenette and ladies' rest room. At the meeting Friday night a committee was instructed to purchase a Victoria and have a telephone installed in the present quarters.

WANTS FIRE PREVENTION TAUGHT IN PUBLIC SCHOOLS

Aid from the Chamber of Commerce in providing the city schools with textbooks on fire prevention for study by the pupils is asked in a letter from Lee Clark Superintendent. Mr. Clark in his letter states the belief that a goodly portion of the annual fire loss can be saved in Wichita Falls by the instruction in fire prevention derived from a study of the books by the pupils of the schools. Mr. Clark suggests that the books can be bought in one or more sets of 20 each and passed from room to room. The funds of the school board will not allow the purchase of the books. They are highly recommended for study by a number of Texas fire chiefs.

SOON TO PUT ROOF UPON COURT HOUSE

Concrete to Be Run This Week, and Finish of Red Tile Placed Some Delays. Preparations for roofing the new court house building next week were about completed yesterday afternoon, and the concrete will probably be run into the forms during the first few days. A layer of red tile will be then laid over the concrete, which will set in the gray brick building in a very effective fashion.

ANNIVERSARY OF YEOMEN OBSERVED

Nearly 200 Yeomen and their families attended the banquet Friday evening with which the twentieth anniversary of the founding of the order was celebrated by the Wichita Falls Homestead. Supreme Correspondent W. E. Davy of Des Moines, Iowa, was the guest of honor and principal speaker, another of the premiere officers, W. H. Surrley of Muskogee being prevented from attending at the last moment. The program proved unusually interesting and the banquet was taken up to the quality which previous years served by the yeomen's ladies have established. Mr. Davy in his address gave a concise sketch of the Order of American Yeomen from its inception to the present time and told of the great growth of the order, its aims and purposes, and its achievements. He praised especially the work of the Yeomen children who gave a drill of special interest and also the regular Yeomen drill in costume and promised to send a special souvenir of the anniversary to each child taking part in his return to Des Moines. Besides the children in the drill, several numbers were given by Guida Bertman and H. J. McElman Jr. The Yeomen feel greatly indebted to the musicians of the city who contributed so much to the success of the affair by their numbers and have expressed their sincerest thanks to the instrumental musicians, and to the Templeton music school pupils who as a class played. The affair is regarded as very much of a success in every way by those who had the anniversary celebration in charge.

TRANSMISSION—Noiseless on all gears, which are of Vanadium steel, heat treated; open housing of unit power plant allows easy accessibility to gears, shafts and bearings. Shifting device positive and easy to operate.

AXLES—The front axle drop forged I-beam type; rear axle three-quarter floating type; wheels fitted with large cup and cone ball-bearings; shafts Vanadium steel, heat treated and run on Hyatt roller bearings.

CHASSIS—Built on sturdy pressed steel frame with wheel base of 120 inches, suspended on pliant springs, semi-elliptic in front, semi-cantilever in rear.

STEERING GEAR—Worm pinion and worm gear type, with steering wheel seven-teen inches in diameter.

BRAKES—Highly efficient and instantaneous in action; service brakes of external contracting type, of twelve inches diameter; emergency brakes internal expanding type, thickly covered with anti-friction lining.

LUBRICATION—Oiling system is of the splash type with pump; oil pocket on each connecting rod dipper; entire system regulated by sight feed, electrically lighted, on dash.

EQUIPMENT—Unusually complete, consisting of one-man weather proof top and side curtains, with Bair brackets; speedometer; six-volt storage-battery; single wiring system; sixteen candle power headlights, two lights each; tire carrier; license holder; superior service kit; cowl equipped with special air vent which assists in cooling of motor compartment.

PRICE \$1,385 F. O. B. FLINT

A New and Greater Chevrolet

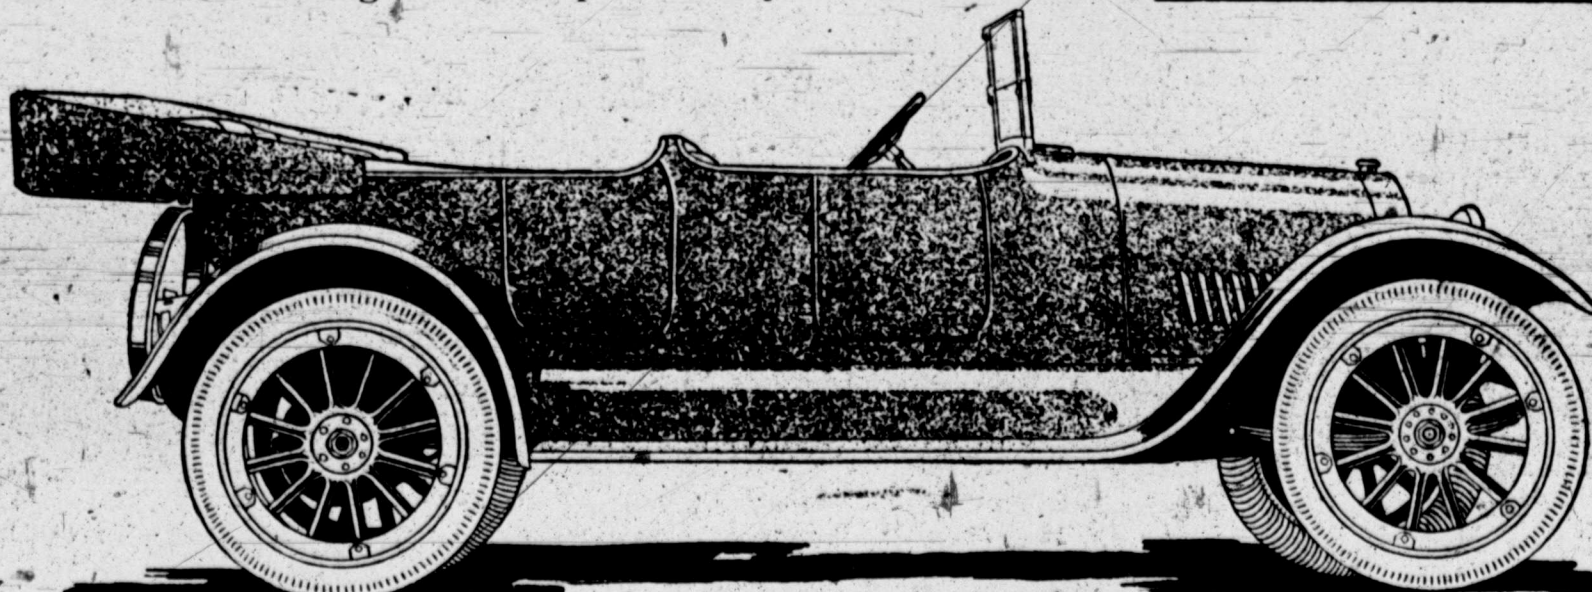

Something About the Newest Addition to the Chevrolet Family

In marketing the EIGHT, the newest Chevrolet model, of course the first consideration was the guarding of the Chevrolet reputation. Therefore, mechanically, the car represents the utmost care in design and construction; artistically, painstaking care has been exercised in the selection of the body design, in the style and method of upholstering and in the painting and finishing touches. There is just as much distinction and intensified efficiency in the new EIGHT as is possessed by the Chevrolet four-cylinder models. The eight-cylinder motor renders maximum motor efficiency, never failing in power and that power constantly under control of the driver. The body is a delight to the eye—not an angle anywhere—only a series of curves that blend harmoniously. Several details of construction are exclusively designed, insuring durability and reliability.

The New Eights Are Expected Very Soon in Wichita.

CHEVROLET SERVICE

With over 225 dealers selling Chevrolet Motor Cars in the Texas zone and directly under the Chevrolet Motor Company of Texas, nearby service is an assured fact. Every one of these dealers has a complete stock of Chevrolet parts on hand. Therefore, service is quick and there are no delays in waiting for parts. When you buy a Chevrolet you are assured of continuous use without any break in the pleasure of ownership.
