AUSTRIA SEVERES RELATIONS--HER SHIPPING IS SEIZED

JOINT CONGRESSIONAL WAR COMMITTEE IS PROPOSED BY RESOLUTION

CREATION OF BI-PARTISAN BODY URGED

REPUBLICANS PROPOSE JOINT COMMITTEE OF SENATORS AND CONGRESSMEN TO PASS ON SPECIAL WAR LEGISLATION

FULL AUTHORITY

Resolution Confers Wide Powers of Investigation--Committee Would Act in Conjunction With Heads of Departments

By Associated Press. Washington, April 9.—A joint resolution for a congressional "joint committee on the conduct of the war" was introduced simultaneously today by Senator Weeks of Massachusetts and Representative Madden of Illinois, both republicans.

The committee would be composed of six members of the Senate, including four democrats and two republicans and six from the House, evenly divided between republicans and democrats. The resolution provides that the committee shall be known as the joint committee on the conduct of the war and shall sit during the sessions of Congress, shall make a special duty of the problems arising out of the war, shall confer and advise with the president and heads of the various departments and shall report to Congress from time to time in its own discretion or when requested to do so by either branch of Congress.

RUSSIA PLEASED BY ATTITUDE OF UNITED STATES

By Associated Press. Petrograd, April 9.—Premier Lvoff commenting on American entrance into the war, to a correspondent of the Associated Press, terms it an event of the importance of which is impossible to exaggerate. News of the final action of Congress reached Petrograd last night in a cablegram to the American embassy and was formally communicated to the foreign office and the entente embassies today by Ambassador Francis.

ARRESTS FOLLOW POWDER EXPLOSION

Important Maps Found in Possession of Men Arrested in Custody at Pittsburg.

By Associated Press. Pittsburg, April 9.—William H. West, Thomas Paulson and Benny Lee were being held by the county authorities today in connection with an explosion at the P. V. Pitt plant of the Astra Powder company near here. The men, the police say, had marked maps of the United States and the Panama Canal zone, and note books containing what appeared to be a code.

BRIDGE DRAWINGS FOUND ON SUSPECTS AT SHERMAN

By Associated Press. Sherman, Texas, April 9.—Two men suspected of anti-government activities were taken into custody here today by government officers, and are being held for examination. T. J. Garfield, an Irishman, had in his possession a number of bridge drawings when apprehended. Max Deiling, a German, who came here from Houston last July, was the other suspect.

Secretary of State Under Cleveland Who Died Sunday Night

RICHARD OLNEY

ENTENTE LOSES 17 AIRPLANES IN DAY'S FIGHTING

By Associated Press. Berlin, April 9.—Seventeen entente airplanes were brought down yesterday on the western front, the war office announces.

Federal Grand Jury Charges Violation of Anti-Trust Law in Price Fixing.

STATE AUTHORITY UPHELD BY COURT

Right of Federal Officials to Prosecute Election Fraud Cases Is Restricted.

By Associated Press. Washington, April 9.—Federal authority to prosecute frauds in general and state elections and United States senatorial primaries was materially restricted by the supreme court's decision today. Federal indictments for alleged election frauds in Missouri and the 1916 senatorial primary in West Virginia were dismissed. The court decided the states, and not the federal government, were authorized to act.

GERMAN OFFENSIVE ON STOKHOLM THOUGHT UNTIMELY

By Associated Press. Copenhagen, April 9.—The German offensive on the Stokhod river appears to upset considerably the leaders of the majority Socialists in Germany who were counting on relaxation of German efforts on the Russian front to permit them to get in touch with and to further the peace movements among the Russian socialists. The Associated Press hears from Berlin of a recent conference of the leaders of the Scheidemann wing on the Russian situation, at which, according to one of the participants, it was stated that the German government had given definite assurances that no offensive movement on the eastern front would be undertaken for the present, so the Socialists could continue to endeavor to convince their Russian colleagues that Germany was not endeavoring to take advantage of the revolutionary movement or to reestablish the Romanoff autocracy.

FOOD FROM GERMAN SHIPS TO FEED INTERNED SAILORS

By Associated Press. New York, April 9.—Great quantities of food have been removed by the federal authorities from the German steamships Vaterland and President Lincoln and sent to the immigration station at Ellis Island. The removal was made necessary by the drawing of the fires in those vessels, which put the refrigerator plants out of service. If the government inspectors find them fit for consumption it is probable it will be fed to the interned German sailors.

PREPARE TO MEET ISSUE OF FINANCES

FIVE BILLION DOLLAR BOND ISSUE WOULD LOAN THREE BILLION TO ALLIES AND REST FOR DOMESTIC MILITARY NEEDS

FOR MORE TAXES

Revenue Question to Receive Immediate Attention With View of Putting War Finances Upon Substantial Footing

By Associated Press. Washington, April 9.—A decision to introduce the five billion dollar bond issue measure on Thursday in the House was reached today by Secretary McAdoo and Representative Rainey of Illinois, leading democrat member of the ways and means committee. The measure will carry three billion dollars for a loan to the allies and a two billion dollar issue for this country.

The two billion dollar issue is expected to meet approximately one half of this country's war expenditure up to June 30, 1918. Consideration of plans for raising additional funds by taxation for conducting the war by this country will come later. The most essential thing to be accomplished now, it is agreed, is to prepare the allies' loan in order that they may obtain much needed food and munitions.

BRIGADIER RANK IS ABOLISHED IN NEW ARMY BILL

By Associated Press. Washington, April 9.—The rank of brigadier general in the regular army of the United States is abolished by a provision of the army appropriation bill taken up in the Senate. All general officers, after its enactment, would have no rank less than that of major general.

STONE URGES MISSOURIANS TO DO THEIR FULL PART

By Associated Press. Washington, April 9.—"Close the ranks, be game and make good," was the injunction of Senator Stone of Missouri, chairman of the foreign relations committee, in a statement just issued. Although he spoke and voted against the war resolution, Senator Stone urged that everything be done now to bring victory. The statement addressed to the people of Missouri, said:

"The United States is at war. The Congress has declared. Many people in Missouri as in other states, were opposed to the government taking this action. But it has been taken and we are at war. The hour for discussion has passed. The hour for action is here. The powers of the government authorized to speak for the American people have declared war. The people must support the government. Two things are absolutely essential to the waging of war, men and spirit of real patriotism, such as has characterized a great people will fire the hearts of all Americans. The constitution imposes on Congress the duty of providing the sinews of money and men. That very serious duty should be performed. What I most desire and hope for is that Missouri's answer will show her mettle and set an example of true patriotism to the country."

OT TRAIN OFFICERS AT LEON SPRINGS

School Will Open On May 1 and Continue Three Months for Reserve Corps.

AUSTRALIA ENTHUSIASTIC OVER AMERICA'S ENTRANCE

By Associated Press. London, April 9.—A Melbourne dispatch to Reuters says that America's declaration of war was received with enthusiasm in the Australian capital. The orchestras in all theaters played American patriotic hymns.

No "German Fried" Allowed on Menu of Chicago Cafe

By Associated Press. Chicago, April 9.—Raymond Wray is pronounced patriotic. Late last night he entered a restaurant in Oak Park and ordered a meal. One of the items carried on the menu was German fried potatoes. He remonstrated with the proprietor, who is a foreigner, and took all the bills of fare in the restaurant and substituted American for German in the potato order. The owner agreed that the change was an improvement and would not accept pay for the meal.

GOVERNOR FILES FURTHER VETOS

DISAPPROVES CONSTITUTIONAL AMENDMENT FOR LEVYING OF ROAD TAX

VENUE IN LIBEL SUIT

Measure on This Subject Also Vetoed Governor to Attend Meeting at Dallas

By Associated Press. Austin, Texas, April 9.—Governor Ferguson today vetoed the Senate joint resolution proposing an amendment to the constitution authorizing the levying of a road tax and also a vehicle tax for maintenance of public highways. As the highway commission bill already passed provides for a tax on vehicles in the class mentioned in this resolution, it is therefore unnecessary for the people to be put to the expense of this election to determine a question which the Legislature has already passed. The newspapers throughout the state are interested in this measure. The governor's reasons for disapproving are:

"When a newspaper publishes an article and sends it out into another county in the state, in my opinion they ought to be willing to have the truth or falsity of the statement published, tried out in any forum where the libelous article is sent. This law would have the effect of placing the jurisdiction in some forum and would have a tendency to put any man with a good character at the mercy of a muckraker. The bill is therefore disapproved and vetoed."

ARE EXAMINING GERMAN SHIPS RECENTLY SEIZED

By Associated Press. New York, April 9.—Government experts are making a survey of the German merchant ships seized to determine the physical conditions. The officers and crews who were transferred to the station at Ellis Island are being shown no more consideration than ordinary immigrants. The authorities received a surprise when Gottfried Tiedt, a stockily built German, appeared with a suit case in hand at Ellis Island ferry station and said he wished to surrender himself. He said he had been a coal passer on the Vaterland but left the ship a year ago. When he learned of the internment of his former companions, he said he decided that his place was with them.

OVER EIGHT INCHES OF SNOW AT PHILADELPHIA

By Associated Press. Philadelphia, April 9.—Eight and a half inches of snow covered Philadelphia today, exceeding in depth any snowfall of last winter.

FIVE INCHES OF SNOW FALLS IN NEW YORK CITY

By Associated Press. New York, April 9.—Five inches of snow fell here during the night. The temperature was 25 degrees at 6 a. m.

ATTACK MAY BE START OF SPRING DRIVE

BRITISH FORCES ON OFFENSIVE TODAY ON WIDE FRONT BETWEEN ARRAS AND LENS, SAYS LONDON REPORT

MANY SIGNS SEEN

Numerous Recent Indications of British Intention to Make Big Effort Are Cited as Significant at This Time as Leading to Drive

By Associated Press. London, April 9.—The British early today attacked the German lines on a wide front from a point south of Arras to the south of Lens thus opening what is believed here to be a general spring offensive. The move has been looked forward to eagerly for some days. The offensive of the British flying corps in the latter part of last week, the attack of Zebrugges Saturday night and the activity of the French in Belgium as shown in yesterday's official communication from Paris were considered preludes to important military operations.

SEIZE AUSTRIAN BOATS IN MANY AMERICAN PORTS

By Associated Press. New York, April 9.—The Austrian steamships Martha Washington and Himalaya, held in port here were today seized by the customs and will be bound at Philadelphia, according to port authorities.

STEAMER AT WASHINGTON SEIZED BY PORT OFFICIALS

By Associated Press. Washington, April 9.—The Austrian steamer Eryx, was found here, was seized today by port officials after announcement from Washington that Austria-Hungary had broken off diplomatic relations with the United States.

TWO SHIPS AT HOUSTON ARE AMONG THOSE SEIZED

By Associated Press. Houston, Texas, April 9.—Federal authorities here were expected this afternoon to seize the two Austrian ships, the Morozovitz and the Campana, which have been interned at the turning basin here since their arrival from Galveston early in the war. The two ships are the only Austrian vessels in Texas waters.

TWO MEN ARRESTED FOR FEDERAL AUTHORITIES

By Associated Press. Hallowell, Mass., April 9.—The police today notified federal authorities of the arrest of two men, one of whom was found to have a notebook containing the addresses of several important places. Two men, who gave their names as Charles Oliver and Armand Tremblay, were caught, the police say, while trying to break into a manufactory. The police say that Oliver appears to be a German and that Tremblay spoke with a French accent.

COURT UPHOLDS MINIMUM WAGE LAW FOR WOMEN

By Associated Press. Washington, April 9.—Oregon's law fixing minimum wages for women, the first compulsory minimum wage statute ever before the supreme court, was today upheld as constitutional by an evenly divided court. Similar statutes in Washington, Colorado, Wisconsin, California, Utah, Minnesota and Ohio were likewise sustained.

SONS OF HERMANN AT SHERMAN PLEDGE LOYALTY

By Associated Press. Sherman, Texas, April 9.—The Sons of Hermann lodge of Sherman has adopted resolutions pledging loyalty to the Stars and Stripes. This is one of the oldest and largest lodges of the order.

Austrian Will Not Get Chance to Be An Ambassador

By Associated Press. Vienna, April 9.—Austria-Hungary, under the pressure of Germany, has severed diplomatic relations with the United States. Baron Zwiedenik charge d'affaires of the Austro-Hungarian embassy here called at the state department today and asked for passports for himself and for the embassy staff.

COUNT TARNOWSKI

LIMITED LICENSE PLAN HELD ILLNGL

Supreme Court Holds Against Victor Talking Machine Company and Others

By Associated Press. Washington, April 9.—Determining important questions regarding control of patents of retail prices of their products the supreme court today pronounced unlawful the "limited license plan" under which the Victor Talking Machine company and many other products are distributed. In another similar patent infringement suit, the Motion Picture Patents company vs. Universal Film Manufacturing Co. et al. the court held invalid restrictions of the patents company upon use of competitors films in its projecting machines. The court held that patent grants for machine give others the right to use them subject to the patent rights with any appropriate material or supplies. This overrules the court's decision in the Dick mimeograph case.

PLANNING STEPS TO PREVENT ANY LABOR DISPUTES

By Associated Press. Washington, April 9.—Intelligence sources here are recommending against labor or industrial disputes will be met by both workers and employers will be sought by the labor committee of the Council of National Defense, headed by Samuel Crompton, president of the American Federation of Labor.

KAISER'S REFORM MOVE VIEWED AS IMPORTANT STEP

By Associated Press. Amsterdam, April 9.—The emperor's Easter message on electoral reform, addressed to Chancellor Von Bethmann-Hollweg is treated by the Berlin press as one of the highest importance. The only paper which expresses dissatisfaction is the "Kreuz Zeitung," which finds little consolation in the fact that the execution of the reform proposal is postponed until after the war as it believes the chancellor should not now halt on the path of the complete democratization of Prussia and Germany. The Lokal Anzeiger thinks the message will have a useful effect abroad.

EXPECTS BRAZIL TO TAKE ACTION WITHOUT DELAY

By Associated Press. Rio Janeiro, April 9.—It is reported in political circles that President Braz intends to issue an urgent call for a special session of Congress. A Nairé says that the minister of marine has received a report from the commander of a destroyer at Desterro that he had intercepted several mysterious wireless messages sent from an unknown station. The news that the Panama was shelled after she had been torpedoed has increased the indignation here.

ZWIEDENIK CALLS FOR PASSPORTS

CHARGE D'AFFAIRS OF AUSTRO-HUNGARIAN EMBASSY RECEIVES INSTRUCTIONS FOR BREAK WITH AMERICAN GOVERNMENT

SPAIN TO SERVE

Will Take Care of American Interests in Vienna—Turkish and Bulgarian Embassies Have No Instructions As to Course

By Associated Press. Washington, April 9.—Austria-Hungary, under the pressure of Germany, has severed diplomatic relations with the United States. Baron Zwiedenik charge d'affaires of the Austro-Hungarian embassy here called at the state department today and asked for passports for himself and for the embassy staff.

Almost at the same time a dispatch was received from American minister Stovall at Bern, saying the dual monarchy had broken off diplomatic relations with the United States in Vienna Sunday.

It is presumed this time was gone by handing passports to American Charge Genf. American Ambassador Penfield who left Vienna Saturday probably did not know of the action.

By rearrangement Spain will take over the diplomatic and consular interests of the United States in Austria Hungary. All Austrian consular agents will leave the United States shortly.

Up to the time that Baron Zwiedenik asked for his passports two other allies, and their representatives disclaimed any knowledge of the intention of their governments. It is expected here they will also break off relations.

Austria's break with the United States undoubtedly is the prelude to the declaration of a state of war. Sixty-two days elapsed between the break between the United States and Germany and the formal declaration of a state of war. How many days will elapse before Germany's chief ally enters a state of war with Germany's newest enemy will be decided entirely by circumstances.

SOUTH AMERICAN MINISTERS SEEN BY ZIMMERMAN

By Associated Press. London, April 9.—A dispatch to the Exchange Telegraph company from The Hague says that Dr. Zimmerman, German foreign secretary, conferred for an hour Sunday with the ministers of Brazil, Argentina and Chile. The dispatch says that it is thought in Berlin the conference was connected with a possible rupture of relations between Germany and the three South American republics.

ROOKIES GIVEN FIRST LESSONS IN DAILY DRILL

LARGE NUMBER GATHER SUNDAY AFTERNOON FOR FIRST PRACTICE AND ARE PUT THROUGH PRELIMINARY PACES.

INTEREST IS SHOWN

Drillers Divided Into Squads Under Ex-Soldiers and Given Preliminary Lessons—Practice to Be Held Late Each Afternoon.

Several scores of Wichitans received their first lessons in military instruction Sunday afternoon, when the first drill was held on Eighth street, between Lamar and Austin. Half a dozen squads, commanded by the Boy Scouts and the returned New Mexico Guardsmen, the latter in uniform and with their guns, took part in the opening drill.

This afternoon the drill will be repeated, starting at 5:30. Those unable to be there at that time, will be placed in squads starting at 6 or 6:30, so that provision will be made for all who wish to take part.

Yesterday's drill covered the rudiments of drill, such commands as "Attention," "Right face," "Right about," "Squad right" and "Squad left" being taught, and for the most part the "rookies" caught on promptly and at the end of the hour were going through their paces gracefully and correctly.

Divided Into Squads. Sergeant Hensley of the Army recruiting station, Gunner's Mate Becker, of the Navy; T. B. Smock, an ex-soldier, Brown of the Fort Worth Texas National Guard; L. Morton, and others, who have had military experience, took charge of the squads, while the New Mexico Guardsmen and the Boy Scouts drilled separately. One squad counted among its members a man apparently 70 years old, with white hair and beard, who went through his paces in a manner that suggested that drilling was not entirely strange to him.

Several scores of automobiles kept getting under foot during drill, and their drivers seemed unwilling to allow the "rookies" elbow room. As a consequence of which, authority has been obtained to rope the street off for a block or two, so that there will be less interference with the drill.

All ages and callings were represented among the drillers, and while most of those taking part were Texans, there was a goodly number of non-members, ample provision being made for these. While the drills are held under the auspices of the Rotary Club, they are by no means to be confined to members of that organization.

No guns were used by the drillers, but at the close of the morning exercises, some of those participating felt that they had progressed far enough to have guns, and wanted steps taken to obtain some. This cannot be done, however, and the manuals, which are taught, dummy guns will have to be provided.

Very Much in Earnest. While the drill seemed to be looked upon with amusement by many of the several hundred spectators, the drillers themselves went into it earnestly and anxiously, and seemed anxious to learn as much as possible. Awkwardly and hesitatingly at first, then with more ease and facility, they learned to "Right face" and so on, finding so much enjoyment in the practice that when the hour was up many of them insisted upon continuing. New squads were formed as the first ones broke up, and it was long after seven o'clock before all the drillers had departed.

As additional squads are formed, arrangements will be made for drill sergeants for them; for the first few days, the drilling will be by squads, it being the plan later to have company formations. Every effort will be made to provide for all who wish to take part in the drills.

At a meeting of the Rotary committee this afternoon, President Tom Smock was placed in general charge of the drill, and he will designate what assistants prove necessary to handle the rookies.

BOAT SEIZED BY PORT OFFICIALS AT NEWPORT NEWS. Newport News, Va., April 9.—The Austrian steamer Budapest, tied up here shortly after the outbreak of the European war, was seized today by federal officials following receipt of news from Washington that Austria-Hungary had severed diplomatic relations with the United States.

MUSTEROLE—QUICK RELIEF! NO BLISTER! It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting. Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a bath, or a smelly rub-on—and usually the pain is gone in five or ten minutes.

SONORA TONE IS A REVELATION IN SOUND REPRODUCTION

The phonograph art is a search for tone, for the magic touch of great music. The key is found in the SONORA. TONE IS THE SUPREME QUALITY OF THE SONORA INSTRUMENT.

In the SONORA more than a mechanism has been perfected. The human touch has been preserved. The whole effort of the SONORA builders has been to retain and to develop tone qualities.

But the only test is the ear. Hear any other phonograph. Then hear the SONORA. You will find it a revelation. In a moment you will understand all we have been claiming for this marvelous instrument.

LOCAL MECHANICS MAY SERVE NATION

Several Have Made Application for Ship Yard Work—Others to Be Registered.

Wichita Falls machinists and boiler-makers may be among the first from this city to actually serve their country in the war against Germany, not on the firing line, but in the shops and ship yards, where the first service must necessarily be rendered.

About a dozen local machinists have sent in their applications for work in the ship yards, and will be called upon as needed. Others have asked for information, at the local civil service office and will probably apply later. The government will need a large number of additional workmen to complete its naval building program on schedule time, and has sent out a general call for applications.

Other Wichitans have been enrolled in classifications according to their trades or occupations, by the National Defense Council. All pharmacists have been registered in this way, as a number of them would be needed in the army; steps have been taken to enroll all motorcycleists, with a view to determining how many are available for a motorcycle corps, and auto repair mechanics are also to be enrolled. Probably later on, many other branches of trades will also be covered in this way.

POSTOFFICE LEAVES OF ABSENCE ARE CANCELLED

Washington, April 9.—Leaves of absence for postal employees have been cancelled by Postmaster General Purcell "in anticipation of the unusual duties which would be imposed upon the postal service through the existence of the war." Those doing military duty are exempted in the order.

"PRESIDENT AND NAVY NEED YOU," WOMEN RECRUITERS TELL CROWDS

MRS. BEDELL AND RECRUITING IN FINANCIAL DISTRICT

Rear Admiral Leigh C. Palmer of the bureau of navigation of the United States navy sent a telegram to Commander Grady, in charge of recruiting for the eastern division, that 28,500 more men were needed to put the navy on a war footing. To accomplish this increase New York city was called upon to supply 2,000 men by April 24, which means 100 enlistments a day, or about four times as many enlistments as have been obtained even in the best days since the recruiting campaign began.

READY TO RECEIVE LOAN APPLICATIONS

Farm Loan Authorities Announce That Farmers May Proceed—Meeting Is Called.

Notice that the Federal Farm Loan Bank for Texas is ready to receive applications for farm loans was received today by R. E. Johnson, secretary-treasurer of the local pool. Members of the local pool will meet Saturday afternoon at two o'clock in the Chamber of Commerce rooms. All members intending to send in their applications with the first list are urged to get their applications and abstracts ready for the Saturday meeting, in case they have not already done so.

The membership of the local pool is now close to the 100 mark and applications for loans from this district will run close to the \$250,000 mark.

Some of the applicants, however, did not plan to make their application on the first call, not being ready for the money until fall, but it is thought that the larger part of the membership intend to put their applications in with the first.

TWO ARE BOUND OVER AFTER DEATH OF WOMAN

By Associated Press. Kansas City, April 9.—Dr. Ezra Cowalsky of St. Louis was bound over to the criminal court under \$2,000 bond in connection with the death here on March 7 of Mrs. Kathryn Wolfe Wallace. George Wallace traveling salesman who married Miss Wolfe in a hospital the day before she died also was held under the same amount of bond. It is alleged Mrs. Wallace's death resulted from a criminal operation. The charge against Dr. W. V. Smith, the secured physician in the case, was dismissed.

KNIGHTS TEMPLAR EASTER SERVICES

Members of Commandery Attend M. E. Church, South—Rev. S. A. Barnes Preaches. The Easter service which is regularly attended by Knights Templar throughout the world was participated in by a large proportion of the membership of the local Commandery Sunday morning, being held at the M. E. Church, South, where Rev. S. A. Barnes delivered the sermon. The Knights gathered at the Masonic Temple and marched to the church, where places had been reserved for them. The church was filled to its capacity for the occasion.

The Templars participated in the opening of the service, going through the responsive reading and prayer under the leadership of A. F. Kerr, prelate. A duet by Ivan Murchison and Mrs. Fulton was among the features, special music by the choir also being part of the program. The pastor, Rev. S. A. Barnes, himself a Templar, took as his text the words "For if we believe that Jesus died and rose again, even so, then also we, which sleep in Jesus will God bring forth with Him." (I Thessalonians 4:14) In welcoming the Knights, Mr. Barnes referred to the fact that the Knights Templar organization is a distinctive one, in that the teachings of Jesus form the basic principle of the order.

NOTICE TO SUBSCRIBERS AT BURKBURNETT AND VICINITY

Mr. J. K. Luton has been appointed duly authorized agent for the Times at Burkburnett and is authorized to solicit, receive and receipt for subscriptions and collections for both the Daily and the Weekly Times.

Wichita Falls, Texas, April 9, 1917.

The Dallas News Sunday contained a communication from Jacob F. Wolters of Houston which everybody ought to read. The communication is addressed primarily to German-Americans and to those of German descent, but it has a message of lofty patriotism to every American.

The Times has consistently and persistently been urging the farmers in this section of the state to grow food-stuffs. Within the past six weeks there has been scarcely an issue of the Times in which there has not been something on this line.

It is alright to be quick to rebuke disloyal utterances and to resent any disloyal acts, and it is alright to be on the alert for violations of the rules and regulations prescribed for enemy aliens, but it is another thing to swallow wild rumors about reputable citizens and to pass these rumors along without making any investigation to establish their truth or falsity.

It is alright to be quick to rebuke disloyal utterances and to resent any disloyal acts, and it is alright to be on the alert for violations of the rules and regulations prescribed for enemy aliens, but it is another thing to swallow wild rumors about reputable citizens and to pass these rumors along without making any investigation to establish their truth or falsity.

Wisconsin brews more beer than any other State with three exceptions. Beer, the advertisements say, made Milwaukee famous. Yet the capital of Wisconsin, Madison, has gone dry, and with it apparently about half the towns throughout the State under local-option law.

Illinois distills more hard liquor than any other State—almost a quarter of the output of the country. Springfield, the capital, has just announced a great State industry by forbidding the retail of liquor. Danforth, "zenith city of the unsalted seas," where not only the miners and lumberjacks on their visits but the local handlers of enormous freight are supposed to be chronically afflicted with a great drouth, has by vote denied its assuagement.

Springfield is almost the geographical centre of the group of six States which are the stronghold of the liquor-producing interests. Wisconsin, Missouri, Indiana, Illinois, Kentucky and Ohio produce much more than one-third of the beer and one-half of the strong liquors of the country. New York, California and Louisiana are outposts of the trade, separated from each other by twenty-two dry States and those expectant-dry ones, neatly arranged in belts of aridity which railway trains West and Southwest by any route must cross for from 500 to 1,000 miles.

INSPIRED BY NATHAN HALE, PATRIOT, THESE BOY SCOUTS ARE READY!

LEACH WITH "ONE LIFE TO LOSE FOR HIS COUNTRY"

Nathan Hale, beneath whose shadow these sturdy little Americans assembled to sound the call of war, is their inspiration. Like their older brothers, each regrets that he has "only one life to lose for his country." Should the war with Germany be prolonged, the boy scout organization to which the lads belong will be called upon, in all likelihood, to render valuable and important services to their country.

HONOR GUARD IS CALLED OUT FOR TUESDAY NIGHT

General Order No. 1, issued by Captain Carver to Wichita Falls Company, Third National Honor Guard, Every Honor Guard unit is hereby ordered to wear the Wichita Theater Tuesday night at 8 o'clock to attend the patriotic mass meeting.

MANY ENLIST IN MARINES, BUT MORE ARE NEEDED

Washington, April 9.—Chance of immediate action in the ranks of men who operate our battleship guns in submarine defense is bringing many red-blooded Americans to Marine corps recruiting stations.

AMERICAN FLAG TO FLY FROM BUILDINGS IN FRANCE

Paris, April 9.—The American flag will be flown from all public buildings in France as the result of an order issued by Louis J. Malvy, minister of interior. The masters of many towns have requested that the American colors be displayed on private residences.

DIVISION OF FILIPINO SOLDIERS IS PROPOSED

YOUNG MAN MAY DIE OF INJURIES IN RIG ACCIDENT

Guy T. Miller, aged 23, of Burkburnett, is probably fatally injured, said Clark Hyde, also of Burkburnett, sustained a broken leg and other injuries, as a result of an accident this morning on a rig of the Producers, on the Warren lease, five miles from Burkburnett.

We have Just Received a New Shipment of VICTROLAS PRICES: \$15, \$25, \$50, \$75, \$100, \$150, \$200 and \$250 Harrison-Everton Music Co. Image of a Victrola gramophone.

ROAD BOND ELECTION IS ORDERED BY COURT TODAY

KELL SEES NO REASON FOR DELAY

IN PRESENTING PETITION, SAYS PRESENT CONDITIONS SHOULD NOT BE CONSIDERED AS REQUIRING POSTPONEMENT.

SET FOR MAY 24

Vote of Commissioners is Unanimous on Petition—County Executive Committee is Present When Action is Taken.

Presentation of petitions for the calling of the good roads election was made to the commissioners' court this afternoon by a committee representing the Wichita County Motor Club, the good roads executive committee and the Chamber of Commerce. The commissioners, by a unanimous vote, then ordered the election, setting May 24 as the date for the election. This was the date requested by the committee. The petitions were presented by Frank Kell.

At present we are in the midst of a drought, the wheat crop is a failure, and unless we get a rain soon, our wheat crop will amount to much. However, I know, and all you commissioners, having lived here a number of years, know that this is only one of our periodical droughts. If this were a permanent improvement, intended for 1917, and not thereafter, I would consider this a sufficient cause for postponing the election. The roads, however, are being built for the next 40 years, and not just for this year.

One road leading through the county from east to west via Harrod, Oklanion, Vernon and Tolbert.

One road leading from Harrod via Elliott to Oklanion with extension east to Wichita county line through Guiper community.

One road leading from the East-West road into the Box community.

One road leading from the first intersection of East-West road with railroad crossing north of Pease river, leading through Boger pasture and Farmers' Valley to Hardeman county line.

One road leading through Lockett community in a general westerly direction to intersection of the Ford county line at a point approximately one mile north of Thalia.

One road leading south from Main street in Vernon across Paradise Creek.

It is also the sense of the undersigned that the roads to be constructed from the money realized on said bond should be built and constructed under the direction and supervision of a competent highway engineer.

INJURIES IN ACCIDENT ARE FATAL TO TRANSIENT

Injuries, including a fracture of a hip, received a few days ago in a fall from a wagon, resulted in the death Sunday of M. H. Thompson, aged 84, a resident of Trinidad, Colo., at the Wichita general hospital. For several years Mr. Thompson had been traveling about the country, and had been here only a short while when the accident occurred. The body will be sent to Trinidad for burial, beside his wife. A daughter resides there.

SET FREE BY THE REVOLUTION, SIBERIAN EXILES RETURN HOME

To the extent of 100,000 or more Russian exiles in Siberia, liberated by the new regime, are returning home to freedom. They range from members of the old Terrorist societies to exiles who were banished by administrative decree without trial or even known offense.

The president of the exile reception committee in Ekaterinburg said that there were probably altogether 100,000 persons in Siberia who had been released under the amnesty measure of the provisional government.

This number comprises political offenders including Terrorists convicted after trial; persons suspected of furthering revolutionary propaganda and exiled without trial by order of the secret police; gendarmes or the minister of the interior; finally, some tens of thousands of peasants, exiled without trial by decrees of the village communal councils. Many of the latter will remain in Siberia voluntarily, where conditions of life and work are excellent under the reform government.

BOSTON COMMON, FOCUS IF AMERICANISM, AGAIN SEES OUTPOURING OF PATRIOTISM

FLAG RAISED ON BOSTON COMMON IN PRESENCE OF IMMENSE THROUN

Boston, ancient and modern cradle of American patriotism, has put on her war paint. At the moment that the wires flashed the word that congress had assembled in momentous session, the biggest flag to which New Englanders ever raised their hats was flown to the breeze above Boston Common. A woman's voice began, "The Star Spangled Banner," a half dozen bands struck up the national air and a chorus from a hundred thousand or more men, women and children rolled across the old training ground out into the Public Garden and was echoed from crowds that surged in the streets in front of the statehouse, down Tremont and Boylston streets and around into the Back Bay.

The younger generation had not witnessed such a scene. Their elders said that it had not been approached since the outbreak of the Spanish war, when veterans hoisted the colors, which were

ANOTHER ARCHER WELL COMES IN

PANTHER NO. 4 MAKES 60-BARREL FLOW SUNDAY—ONE OF BEST IN FIELD.

NEW LOCATION BY 66

Will Put Down Another Well at Once. Good Producer on stringer Lease.

Archer country added another to her list of producing wells Sunday, when Panther No. 4 began flowing, after being drilled in last week. The well flowed 60 barrels in 18 hours, and is ranked as fully equal to its predecessors in the Panther district.

In the Culbertson district, Culbertson No. 1, Burnett, just north of No. 1, Waggoner, is going deeper, having failed to find anything in the sand at 120 feet into which it drilled last week. There is no further news from the Gulf well on Section 2, of a definite nature.

Another location is to be made at once by the Sixty-Six company in Archer country. The well will probably be one location west of No. 1. The latter is being cleaned out today, having

A. J. SCHULTZ WONDERS WHERE IT ALL STARTED

A. J. Schultz, an old settler of the Clara community and a well known farmer, was here today, coming in to town to refute some wild rumors that have been in circulation about him for several days. Mr. Schultz is a naturalized American citizen, his wife and children were born in this country. All his interests are in America and he says his whole loyalty is for America. He wants to be as good an American citizen, he says, as anybody, and is ready to do his part for America. The rumors that have been in circulation about Mr. Schultz, The Times has already established, were without any foundation.

Opticians. 621 Eighth street. Phone 2181

THE ONLY ARTICLE OF UNIVERSAL CONSUMPTION

That shows NO ADVANCE IN PRICE is COFFEE. Tin cans, however, have advanced over one hundred per cent and you can't drink the cans. THEN WHY BUY THEM when you can get your coffee FRESH ROASTED each day? Also it is a well established fact that the tin cans DO NOT PRESERVE THE AROMA of coffee. JUST AS AN EGG deteriorates from the nest so does coffee deteriorate from the roaster.

DON'T BE WOOZY WE ROAST COFFEE EVERY DAY. BERT BEAN COFFEE HOUSE 824 Indiana Ave Telephone 35
