## PRESIDENT IS WORKING FOR CONSCRIPTION

MAKES APPEAL TO CONGRESSMEN WHO ARE KNOWN TO BE AGAINST MEASURE—USING HIS PERSONAL EFFORTS.

## TO SEE ANTHONY

Hopes to Convince Kansan of Dangers of Volunteer System Under Present Condition—No Report Due for Several Days.

By Associated Press. Washington, April 10.—Efforts to break down opposition to the draft feature of the proposed army bill were continued today by President Wilson.

He arranged to see Representative Anthony of Kansas, a republican member of the House military committee and an opponent of conscription, and to explain to him that he believed the United States should not apply the volunteer system for raising a big army for use against Germany. He made a similar personal appeal yesterday to Chairman Dent of the military committee who does not favor conscription.

Chairman Dent declared today it would be at least a week before a bill of any sort is reported from his committee.

In the Senate an amendment to the army appropriation bill not passed at the last session authorizing the president to call volunteers in lots of 500,000 each, is pending but probably will be disposed of on a point of order.

It is expected the government this afternoon will sever relations with Germany.

The minister will transmit this report to President Braz.

## WAR CONSIDERED SURE WITH AUSTRIA-HUNGARY

By Associated Press.

Washington, April 10.—War between the United States and Austria-Hungary seemed practically certain today following yesterday's break in diplomatic relations. President Wilson, however, was believed to have no intention of forcing it by asking Congress to declare a state of war unless some overt act is committed.

The seizure of a number of Austrian ships in American ports may be interpreted as an act of war by Vienna.

Intentions of Bulgaria and Turkey were not known today but officials generally believed they also would break relations. Arrangements for the departure of Austrian embassy officials were begun today.

By Associated Press. London, April 10.—Joseph King, Liberal member of the House of Commons, will ask Premier Lloyd George next week whether the differentiation made by President Wilson between the German government and the German people in this address to Congress is endorsed by the British government, and whether, with a view to encouraging the German people to throw off the Hohenzollern regime, the premier will take steps to show unmistakable British sympathy with the German people.

## INSURANCE BILL AMERICAN LINER IS VETOED TODAY

MEASURE TO PREVENT WRECKING OF TEXAS COMPANIES IS DISAPPROVED.

## DESK NOW CLEARED

Bill Preventing Operations Under Assumed Names Among Those Vetoed.

By Associated Press. Austin, Texas, April 10.—The governor has vetoed the House bill by Williams of McLennan relating to the management and liquidation of insurance companies, designed to prevent the wrecking of Texas insurance companies.

"After carefully reading the bill it is quite apparent that it confers entirely too much power on the commissioner of insurance," says the veto message.

The Senate bill to prohibit persons, firms or corporations from doing business under assumed names, unless the name was registered with the county clerk, was also vetoed.

"This is an undesirable restriction upon business, and, in my opinion, would work untold hardship on many small concerns," says the governor.

The governor has signed the bill amending the state banking laws, designed to strengthen the present statute. He also approved the bill regulating the operation of motor vehicles on public highways, and the measure which reorganizes the 35th and 63rd judicial districts, and disapproved the measure which sought to rearrange the time of holding court in the 28th district. This clears the governor's desk of bills passed by the 55th Legislature.

Arnow, state game and fish commissioner. The capture has caused much speculation as to whether or not there was any truth in reports of German submarines in the Gulf of Mexico. Mr. Arnow had no information to indicate where the German launch came from.

## WORK OF CANADIANS

They Drive Germans From Commanding Ridge and Hold It Against Counter Attacks—Drive Menaces Large Part of German Lines.

By Associated Press. London, April 10.—The British offensive between Lens and St. Quentin, with which the spring operations have been opened, and which is still in progress, has proved even more successful than the earlier account indicated.

General Sir Douglas Haig today reports that yesterday's captures exceeded 9,000 men, while 40 guns fell into the hands of his troops.

The Canadians, who had one of the hardest bits of the front to contend with, are now in complete occupation of the famous Vimy ridge, even its eastern slopes having been cleared of Germans. The Canadians also have repulsed German counter attacks.

With the capture of the ridge, the British made a considerable stride along the road to Donal, while the capture of the high ground northwest of St. Quentin lightens the chain which the Anglo-French forces have thrown around that town.

## Tells Wilson He Wants To Lead Force To France

By Associated Press. Washington, April 10.—Col. Roosevelt laid his plan for raising a division of troops for foreign service before the president. He conferred with the president for an hour and said the president had listened carefully but had not given a decision as to whether he would consent to the colonel's plan.

## HEAVY HUMAN TOLL IS TAKEN BY DISASTER

DEATH LIST MAY REACH 300, WHILE AT LEAST THAT MANY ARE REPORTED INJURED—FACTORY OWNED BY RUSSIA.

## MANY GIRLS DEAD

Victims Include Large Number of Young Women—Great Confusion Prevails Following Explosion—Fire Adds to Accident's Terrors.

By Associated Press.

Chester, Pa., April 10.—At least 100 persons, mostly girls, were killed, and 200 or more were injured this morning, when an explosion partially wrecked the great munitions plant at Eddystone, owned by the Russian government.

A hospital at Ridley Park, a town near Eddystone reports that four charred bodies and 12 injured persons have been received there. Three of the injured will die. According to a report 50 bodies are in the Chester morgue and 50 injured persons are in Chester hospitals.

The greatest confusion prevailed. No one is allowed to approach.

The trolley line to Eddystone is not running because its wires were destroyed. The little Chester morgue is filled with bodies and others are piled on the sidewalk outside.

At the undertaking place of Coroner White there are 80, 79 of these being girls.

Thousands of girls were employed at the plant, most of them from Philadelphia, ten miles away. They were attracted by the high wages paid.

The explosion occurred soon after ten o'clock in a room in the shrapnel building where more than 100 girls were employed putting the finishing touches on shells. In a building adjoining approximately 30,000 shells were destroyed. A second explosion demolished the building and scattered the shells in every direction.

Immediately calls were sent for outside aid and physicians, firemen, police from surrounding towns arrived in great numbers. The buildings where the explosions originated, caught fire and by strenuous work the flames which burned two hours were confined to these structures.

Meanwhile charred bodies were being pulled from the wreckage and injured persons were being picked up and taken to Chester a mile away.

There were rumors of a plot to destroy the plant. If there was a plot no more effective spot could have been selected for the work. It was near the Delaware river bank and well isolated.

The plant was originally constructed soon after the European war started by the Baldwin locomotive interests. It was recently taken over by the Russian government which has been employing about 10,000 people making shells.

The place has been thoroughly guarded day and night and after dark immense searchlights made every portion of the grounds as light as day. In addition, secret service men and detectives worked in the various departments disguised as munitions workers.

## BIG LEAGUES TO OPEN TOMORROW

BOTH OF MAJOR PRESIDENTS LOOK FOR GOOD SEASON DESPITE CONDITIONS

## EXPECT CLOSE RACES

Tener Says He Does Not Share in Opinion That Giants Will Have Walkaway

New York, April 10.—On the eve of the annual pennant races in the major baseball organizations the executives of both the National and American leagues have prepared the following statements for The Associated Press outlining their views of the coming season's play.

The National League President John K. Tener

Basing an ante-season judgment upon conditions and expectations as I find them wherever I go, I am led to believe that baseball generally will enjoy a prosperous season in 1917. Of course I make this statement mindful that the contingency of a war pressed with vigor on land and sea might act as a deterrent on what otherwise undoubtedly would prove one of the best years baseball ever has experienced. This applies to the minor as well as to the major leagues.

Speaking especially of the National League I am convinced that the race this year will be equally as keen and interesting as it was last season. I look for a great battle for honors right up to the end of the championship schedule. I am conscious that the general public expects the New York Giants to win the pennant without any trouble in fact many think Manager McGraw will take his team to the front and gradually widen the gap between the Giants and the other contenders until the former will make a walk over race of the schedule.

I do not entertain any such idea. The other clubs should give New York a stiff fight and stranger things in baseball have happened than that the favorites fail to win. It is true that of the clubs expected to play the season are a powerful combination but Brooklyn, Philadelphia and Boston, all good teams last year and the Quakers and Braves all contenders for the title right up to the finish, will have something to say about the disposition of the pennant this year. All three of these clubs look stronger than last year.

Then again the great many furnish some surprises that the public little anticipates. Undoubtedly Pittsburgh has strengthened by the addition of young material. These youngsters made the Pirates quite formidable at the close of last season. Mathewson may spring a surprise in Cincinnati. At all events the Reds are pretty certain to be superior to the form they showed last year.

Chicago will begin the season handicapped by the loss of Captain Doyle but the team should be able to play the very best ball of which it is inherently capable under Manager Mitchell for whose ability I have the highest respect. In St. Louis the new ornaments are here and a vast amount of work in building new from the ground up. Therefore Manager Huggins will be given a free hand not only to use all of the young blood at his disposal but other new players will be sought with the hope that the team may be strengthened to become a contender for the pennant.

The American League President B. B. Johnson

In the history of the American League there was never a year when the organization was so well equipped for a championship race. A few days ago I received a letter from Connie Mack in which he gave me the assurance that he had a vast amount of work in building new from the ground up. Therefore Manager Huggins will be given a free hand not only to use all of the young blood at his disposal but other new players will be sought with the hope that the team may be strengthened to become a contender for the pennant.

Many wise baseball men contended last fall that New York would have carried off the prize, had it not been for the innumerable accidents that put some of its best players out of commission during the summer.

The St. Louis club, under the leadership of Jones, must be reckoned with. Had the Browns started their tremendous drive in the season, the pennant might have gone to the organization representing the city by the big bridge. We all know of Boston's worth, and the fighting spirit of the Senators under the guidance of that wise and skilled manager, Clark Griffith.

War may place an indelible mark upon our patronage, but it cannot stamp out a contest that is sure to be seen, thorough and exciting from the tap of the bell until the finish in October.

Where the opening games will be played tomorrow:

- National League—New York at Boston, Philadelphia at Brooklyn, Pittsburgh at Chicago, St. Louis at Cincinnati.
- American League—Chicago at St. Louis, Cleveland at Detroit, Washington at Philadelphia, Boston at Boston.
- 1917 Team Managers National League—Wilbur Robinson, Philadelphia—Pat Moran, Boston—George Stallings, New York—John McGraw, Chicago—Fred Mitchell, St. Louis—Miller Huggins, Pittsburgh—James Callahan, Cincinnati—Christy Mathewson, American League—Clarence Rowland, Detroit—Hugh Jennings, St. Louis—Fleider Jones, New York—Bill Donovan, Cleveland—Lee Fohl, Washington—Clark Griffith, Philadelphia—Connie Mack.

## JOHNNY EVERS DENIES HE WILL QUIT GAME

By Associated Press. Chicago, April 10.—Rumors that Johnny Evers was anxious to quit the game were set at rest recently when Johnny declared it was his ambition to play ball long enough to be the oldest player in point of service in the league. Evers said that since Mathewson has retired from the active ranks and become a bench warmer, Thomas Wagner is the holder of the service record, with Evers the runner up.

"I have seen all the men except Wagner who were in the league when I broke in from regular service. One by one they have gone, and Wagner cannot go on forever."

Evers told an interesting story of the troubles he had "breaking in" the "big show." He weighed 105 pounds. Several of the baseball writers remarked that it was a shame to allow so frail a boy to play. Evers played his best ball when he weighed about 125 pounds, and was a member of the Cub machine.

"I started playing with the Cubs in 1902," Evers said. "We were in Pittsburgh and had to jump back to Chicago for a Sunday game. Our first baseman was injured, and Frank Chance who was catching was sent to first. Frank didn't care much about playing that bag, before the game got far along, the catcher who took Chance's place was hurt and Chance went behind the plate again. Robert Lowe, who was our regular second baseman, was ordered to cover the initial sack by Manager Frank Seelye. I was the only available utility infielder and Seelye sent me to second. I was new at the game, and Philippi, who was pitching for the Pirates did not know how to pitch to me. As a result I made three hits and drove in a couple of runs. The play which I think attracted the attention of our manager was pulled on Wagner. Honus was on first base. The next batter cracked one down in my direction and I came in on the ball. Wagner ran behind me. The man going to first was almost there, and I realized I had no chance to get him. However, I made a bluff throw to first, and Wagner thinking I was going to go through with my throw rounded second and made for third. I turned quickly and shot the ball to third and got Honus by ten feet."

"That I will always believe was what gave me my start as a big leaguer. The writers who thought I wouldn't begin, began to praise me, and this acted as an incentive. Seelye told me afterwards that I probably would make a ball player. If I could only hit I got orders to get out every morning and practice batting. Some pitcher would pitch to me for about an hour each day."

Fellow players credit much of Evers' success to his willingness to learn. He always is ready to hear a suggestion

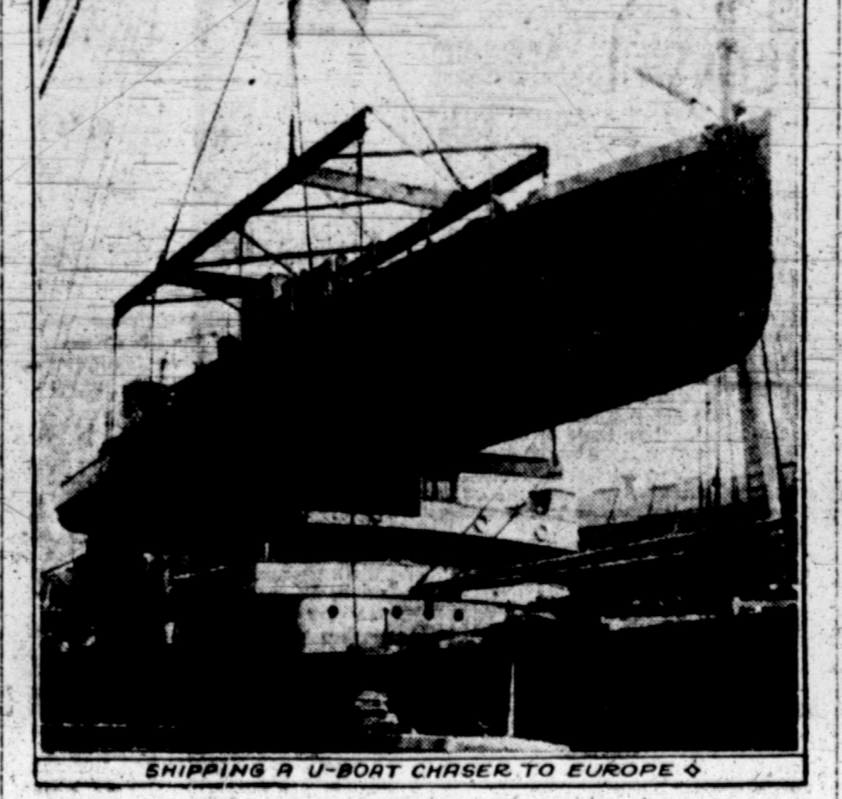

Sold by BAUM & GARDNER

from another player or a fan or a baseball writer, and he devotes much time to reading the baseball news in the daily papers, to see what criticism is made and then see to it that he does not allow the same fault to happen again. Evers says: "Baseball is my business. I am always ready to see and study it from all angles."

## How to Act When National Anthem Is Being Rendered

Now that patriotic rallies are the order of the day, and patriotic music is dispensed on every occasion, the question as to which is the National Anthem is an important one to most people, and the proper action when it is played is a bit of useful information. While no action of Congress has ever designated which of the popular patriotic airs is to be regarded as the National Anthem, the "Star Spangled Banner" has been designated for such observance in the service of the United States by executive order.

## "HOIST AWAY!—AND "U CHASERS" LEAVE AMERICA FOR EUROPE

In this photograph is seen the hoisting aboard a freight vessel of one of the little "submarine chasers" built in this country for the use of foreign nations. Despite the German reports of enormous loss inflicted on the English by the sinking of British and neutral vessels by submarines the British assert stoutly that they are coping successfully with the U-boat menace to their existence. They place great confidence in such little vessels as the one pictured—boats of high-speed and armed with guns big enough to sink any submarine.

## SECOND DRILL HELD BY "CITIZEN" ARMY

Several Squads Take Part Monday, But There is Room for Many More

Wichita Falls "citizen army" numbering about 40, was again drilling Monday afternoon on Eighth street, between Lamar and Travis, and most of those who were out Sunday, supplemented by a number of new-comers took part. Provision can be made for drilling a much larger number than has been out so far, and it is felt that the drills should be more generally participated in.

The daily drills are being systematized and regulated, and within a day or two will have made a good start in the rudiments of military instruction. It is hoped to have enough regular attendants to organize a number of full squads, which would have the same drill-masters each day, so that the drilling might proceed with more efficiency. T. B. Smock, veteran of the Spanish-American war and the Philippine campaign, is in general charge of the drill, being assisted by several others who have had army or militia experience.

While the drills are under the auspices of the Rotary Club, the officials of that club want it made clear that it is not by any means confined to members, and that neither modesty nor bashfulness should prevent anyone from taking part. The drills start at 8:30 but those who cannot report until 6 or 6:30 will be provided for by organization into later squads.

## PLAN VIGOROUS FOOD CAMPAIGN

PLANTING OF EDIBLE CROPS TO BE URGED AS PATRIOTIC DUTY.

## FOR HOME GARDENS

Town Folks, as Well as Farmers, Will Have Chance to Help in New Move.

Every Wichitan, and every American, for that matter, who has a patch of ground big enough to plant a few vegetables upon, will be urged, as a patriotic duty, to have a home garden in the campaign which is being waged now throughout the country for raising of more food.

Plans for the campaign in this county are going forward steadily, and what might be termed the opening year will be first at tonight's mass meeting. Later, it is hoped to have meetings at all rural school houses.

J. W. Campbell, county agricultural agent; Miss Opal Hughes, canning club demonstrator; B. E. Johnson, secretary of the Chamber of Commerce, and others will take part in the campaign.

"People have been rioting for cheaper cotton in this country, but nobody ever thought of raising for cheaper cotton," is one of the arguments being used. It is also being pointed out that while the raising of cotton as a safe "money crop" is favored by many farmers, there is no assurance that there will be any profit in raising cotton this year, while it is certain that there will be a tremendous demand for foodstuffs of every description.

Can't Eat Cotton. "People can patch clothes, but they can't patch stomachs," is one of the arguments being used. Another says, "The hungry people of Europe are going on a food drunk when the war is ended, but they can't eat cotton and the United States cannot sell them the food unless it diversifies."

While a particular appeal is being made to the farmers to do their part in raising foodstuffs, as a patriotic duty, the part that everyone can play is also being pointed out. In this connection, it is declared that if every

## Will Organize Farm Women Here to Raise More Food at Home

Miss Opal Hughes

city resident who has a 50x100 lot would plant 50x25 feet of it in garden, the aggregate effect upon the supply of foodstuffs would be tremendous.

Miss Opal Hughes, canning club demonstrator for this county, will take an active part in the campaign, and will urge the 425 girls that she has already organized to help with gardens, chickens, and the like. The urgent necessity for backing up the nation's thousands of soldiers, with millions of "soldiers of the hoe" is to be impressed upon all who will listen.

## TELL WICHITANS ABOUT LAS VEGAS

Two Young Women From New Mexico Here on Sociability Trip Monday Night.

Something new in the way of advertising a community was furnished Wichitans Monday night, when two good-looking young women from Las Vegas, New Mexico, were here in the interest of their town, being on a relay "sociability tour" from Las Vegas to Dallas.

Mrs. Phil H. LeNolt and Miss Marguerite Bernard, of the Las Vegas advertising agency, they arrived in automobiles from Childress late Monday, were entertained by local organizations with supper at the St. James, and then returned to the city of Las Vegas.

The young women did not hesitate to recommend Las Vegas very highly and were able to impress upon their hearers the fact that Las Vegas is a place to look at, to visit and to be from.

They were brought to Childress by President Mitchell and Secretary Bonds of the Childress Commercial Club, with their wives, accompanied by Mrs. E. P. Turner and Mrs. H. H. Holtzclaw. At practically every town along their journey they were given opportunities to meet mayors and other public officials and extend personal invitations to visit Las Vegas and give a thorough once-over.

At the St. James supper Monday night, Mayor A. H. Britain presided, talks were made by R. E. Huff, Mrs. LeNolt, Miss Bernard, T. B. Smock, R. P. Johnson and Mr. Mitchell, of Childress.

## Corns Loosen Off With Magic "Gets-It"

2 Drops Do the Work, Painlessly. "I tell you, before I heard of 'Gets-It' I used to try one thing after another, but it didn't do any good. I used bandages and they made my

toe so big it was murder to put on my shoe. I used knives and other things that hurt more of the toe than the corn. I'd cut and die with knives and scissors, but now no more feeling for me. Two drops of 'Gets-It' did all the work. It makes the corn shrivel and peels loose that you can just pick it right off with a nail. I don't know what there has been nothing new discovered for corns since 'Gets-It' was born. It's the new way—the common-sense, simple, sure way. It's in a little bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. ## ANOTHER BRIDGE BOND ELECTION ORDERED MONDAY

The determination of the fourth bond election to build a new bridge across the Wichita River, in addition to the one provided by the \$50,000 bond issue voted last year, was ordered yesterday afternoon when a sufficient number of them presented a petition to the commissioners' court for a \$20,000 bond election for another bridge.

The commissioners ordered the election for June 25. If the bond issue carries, it will mean a total of four new bridges across the Wichita River this year.

The petitioners want the bridge placed at the point southwest of Iowa Park, where they vainly sought to have placed one of the three bridges recently located by the commissioners. Electric interests, however, secured a location considerably further to the western end of the county.

The commissioners will hold a special session on May 1 to receive bids on one or more of the bridges which have already been located, and work upon some of the structures is expected to be under way by early in the summer.

## BOYS CLUB HOLDS LIVELY MEETING

Interesting Program Monday Night Includes Several Novel Features.

An interesting program which was enjoyed by a good crowd of boys and grownups, as well, made the open meeting of the Boys' Club Monday night quite successful. There was only one drawback to the program, a delay occasioned by failure of one of the glee club and quartet members to put in an appearance. As a consequence of this the quartet number was omitted.

The original story of Donald Ross, "Hiram Bissel's Visit to the Big City" was much enjoyed, as was another reading, "Casey at the Bat," by Thomas Burnside. Paul Rutledge read the third number of "The Father," an original composition in journal style and splendid talks, showing much preparation and careful study, were

made by Willie Feals and Chester Bailles.

Announcement will be made later this week concerning the social event planned for Thursday evening. The regular meeting of the club will be held at the high school next Monday night.

**INTERESTING MEETING OF ODD FELLOWS MONDAY NIGHT**  
In the presence of the largest crowd that has been at the Odd Fellows' hall in several weeks, the First degree was conferred upon one candidate last night, besides other important business matters receiving attention. There were several visitors present from various parts of the country, and on the whole the meeting was very interesting. Plans were made for the purchase of equipment to make the meetings and degree work more interesting and impressive. The matter of the Wichita County Odd Fellows and Rebekah's association meeting, which will be held on the night of April 28, was discussed at some length and it was announced that one of the officers elected at the last grand lodge of Texas will be with the lodge on that occasion.

DAY BREAKS AND WHERE ARE WE?

Yes, dear, departed, cherished days, could Memory's wand restore. Your morning light, your evening rays.

From Time's gray urn once more—Then might this restless heart be still.

This straining eye might close. And Hope her fainting pinions fold. While the fair phantoms rose.

But, like a child in ocean's arms. We strive against the stream. Each moment further from the shore. Where He's young fountains gleam.

Each moment fainter wave the fields. And wider rolls the sea; The mist grows dark—the sun goes down—

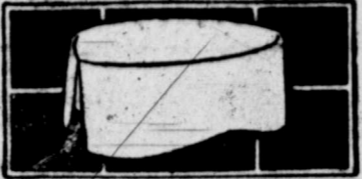

Day breaks—and where are we?—Oliver Wendell Holmes

At the Theaters

The Empress. "The Darling of Paris" is to be the attraction at the Empress today. The part taken by Miss Theda Bara in "The Darling of Paris" is one of the most interesting characters she has ever been called upon to interpret since becoming identified with the silent drama. It is an unusual one, dominating the story from beginning to end. There are but few moments when she is not in the picture, which adds all the more importance to the production in general. Miss Bara's charming personality is so forgetful that she is not in the picture, which has been seen is filled with far more than passing interest. When she appears in a play it is an event—a real dramatic event—one that attracts attention throughout the entire country, because of her popularity wherever she is known, and her fame extends throughout the world.

SELIG SPECIAL AT THE MAJESTIC WEDNESDAY

"The Heart of Texas Ryan," is to be shown at the Majestic Wednesday, in a 12, 8, 5, and 2 act double with the Texas borderland. "The Heart of Texas Ryan," it is claimed, presents one of the most distinguished casts ever assembled in a film drama, including George Lawford, Bessie, Frank Campan and Topi Mix. George Lawford and Bessie Kyton play together again for the first time since their triumph in Selig's "The Crisis." In brief, the story of "The Heart of Texas Ryan" has to do with Old Phil Ryan, the Texas Cattle King, who loses his only daughter after his beloved "Pat." The girl, home from Vassar, sets the cowpunchers' hearts a-bounding. A rascally Mexican endeavor to marry her, but she refuses to possess her gold, but it remains for an American cowboy to win the girl's heart. She saves her lover's life after a sensational episode in a sensational riding, running, and shooting and, best of all, a love story of true appeal set in the beautiful scenery of Texas.

PARAMOUNT FEATURE AT THE EMPRESS WEDNESDAY

House Peters and Myrtle Stedman will be seen at the Empress on Wednesday in the Oliver Morosco Photoplay Company production, "The Happiness of Three Women," adapted from the screen from Albert Payson Terhune's unusual story. House Peters is one of the most popular and distinguished masculine stars in the photodramatic world. He will be remembered as the dashing bandit, the hero, in the Lasky production of "The Girl of the Golden West," and also as leading man for Blanche Swain in a number of other Lasky productions. Myrtle Stedman, lovely additional interest. Miss Stedman will be remembered for her great success in the Morosco production of "An American Beauty," and later as regular with Essie Havakawa in "The Soul of Kusa-San." The story of "The Happiness of Three Women" has to do with the adventures of Billy Craine, a young attorney. His fiancée, the wife of a jealous husband—and the loving helpmeet of a bank cashier, are the three women whose happiness Craine is to win in his hands. For a time it would appear that he must either sacrifice his fiancée, and incur the wrath of the jealous husband, or end the bank cashier, an innocent man, to prison. How matters are straightened out by the quick wit of a woman must naturally be seen to be enjoyed. One of the unusual features of the production is the exposure of the method used by clever attorneys to secure confessions from criminals. The production, made for the Morosco Company by William D. Taylor, is lavish as to settings and details, and has been most artistically photographed in the best support of the scene are: L. W. Steers, Daisy Robinson, William Hutchison and Milton Brown.

SUNDAY'S TABERNACLE READY FOR WAR ON BIG UNREGENERATE NEW YORK

BILLY SUNDAY AND TABERNACLE, EXTERIOR AND INTERIOR

Patriotism and religion joined hands in the dedication in New York of the tabernacle at Broadway and One Hundred and Sixty-eighth street, in which Billy Sunday is to begin his three months' revival on April 8, Easter Sunday. The union of Protestant denominations in support of the Sunday campaign was referred to as an object lesson for those who hesitate to sink partisan interests for the nation's need, and both Governor Whitman and Bishop Luther B. Wilson, the principal speakers, referred to the imperative demand for national unity. An enormous crowd witnessed the opening. The auditorium, which seats more than 16,000, was full and many hundreds stood around the waist high barrier that walls off the roofed lobby about the building. Howard Whitfield, chief usher, had no difficulty in handling the crowd with 750 volunteers drawn from his staff of 2,500.

Although it was the ushers' first experience with a crowd, or at passing the tin collection plates, they beat the four minute cash gathering record by a full minute. The offering was for campaign expenses. Only \$45,000 has been subscribed toward the \$150,000 that will be needed. The crowd seemed to be mostly enthusiastic church folk, but the loudest applause was won by appeals to patriotism and mention of the flag. With the sun heating on the flat, tarred roof the temperature inside was uncomfortably high, but only one person fainted, and he was promptly removed by four ushers. For the first time in more than a year John D. Rockefeller, Jr., addressed his Bible class at the Fifth Avenue Baptist church. His speech was an appeal for support for Billy Sunday. Eight hundred men were present, the largest attendance ever recorded, a

very large number having been added recently through the preliminary Bible class work of the Rev. George G. Lowrey for the Sunday campaign. Mr. Rockefeller said he hoped his class would go in a body to the Sunday meeting to testify to their support of an earnest, sincere man who is doing God's work—a great evangelist, a messenger of God. "Many good men are siding against Mr. Sunday because they dislike his methods," he said, "but why should they consider that so long as he brings men to Christ? Our churches do not lay hold of the masses of the people. If he can touch them there is just one place for me, and that is at his back. Picture shows Billy Sunday preaching characteristic preaching attitude and the exterior and interior of the tabernacle.

of Mrs. and Mrs. Bob Hardy, underwent a serious operation Sunday at the American Hospital, and is now in a hospital on only a short time before for expected. Mrs. Parks was brought here by Mr. Parks from Tyler about three weeks ago. The altitude there having affected her so that an operation at that time was not deemed feasible. Her husband had been on a short time before for appendicitis, and since returning to Tyler has suffered a relapse and is now in a sanitarium there.

"Flora Bella," a musical comedy built along the old and ever-popular lines, was Monday night's attraction at the Wichita Theater, and was attended by a large crowd, which found a substantial measure of enjoyment in the production. The principal elements of every good musical comedy—music, comedy and dancing—were all plentifully in evidence, and were of a most satisfactory grade.

Florence Webber, an apple dumpling sort of young lady, had the title role, which she filled very acceptably, indeed—much better, in fact, than she filled her clothes. Her voice has the richness and range that has made her such a popular musical comedy star in recent years, and was particularly pleasing in "Hosonon of My Heart" and "Give Me All of You." Rhoda Nichols, an Orla, also contributed handsomely to the musical end of the performance.

The chorus, it must be admitted, is rather "samsonian" gathering, or words to that effect. When it came to dancing, Mr. Buchanan and Miss Shelley furnished the needed, the former having the most ubiquitous pair of legs ever seen here; John H. Phillips, as Nicholas, who had the principal male part, sang very charmingly. It developed upon John L. Kearney, an father-in-law, to do most of the funny work, and he had some clever lines that lost nothing in his rendition of them.

The production is one of surpassing merit, and found much favor with the Wichita Falls audience.

Helen Gardner is the star of "The Common Sense," a three act, Gold Seal, the headline attraction at the Gem today. This old, Seal, three-act drama, written and produced by Charles L. Gaskill, and first produced in Gardner in the dual role of a gypsy woman, who is betrayed by a traveler from the city, and whose daughter avenges the wrong inflicted on her mother, the field against the late General Huerta in 1913.

BOTH HUSBAND AND WIFE UNDERGO OPERATIONS Mrs. Tracy W. Parks of Tyler, daughter of Mrs. and Mrs. Bob Hardy, underwent a serious operation Sunday at the American Hospital, and is now in a hospital on only a short time before for expected. Mrs. Parks was brought here by Mr. Parks from Tyler about three weeks ago. The altitude there having affected her so that an operation at that time was not deemed feasible. Her husband had been on a short time before for appendicitis, and since returning to Tyler has suffered a relapse and is now in a sanitarium there.
