

We were mulling over some of the colloquial expressions typical of this area the other day and got to wondering how newcomers to Friona ever understand what we're talking about. So for the benefit of our readers who are new to the Panhandle of Texas we decided to list a few slang terms and their meanings. We "figgered" you might want to "bone up."

A couple of fellows could meet on the street and talk for 30 minutes without saying a thing that made a "lick o' sense" to anybody else. For instance: "Howdy, Pete. How've ya been. By grab! (Slapping on back.) Haven't seen ya in a moon's age. Saw old Lew the other day . . . lit up like a Christmas tree, loose legged and drunk as a skunk. He'd really been whoopin' it up. Bet he was sick as a mule the next day. How'd ya like this weather we've been having lately! Hotter'n a \$2.00 pistol. I've been about to wilt. I haven't been around much here of late. Been all stove-up with my burstitis. Etc., etc., etc."

In addition to being "stove up" the poor fellow could have been "out of kilter," "Boogered up" or just plain "whaumped." In any case, he wasn't feeling too well, which is a "hook of a note" in anybody's book.

His drunken friend Lew might also have been "stewed, polluted, oiled" or just plain old "barrell-house drunk." Instead of just being "sick as a mule" the next day, he may have ended up "under the weather."

Anyone who is rich is bound to also be "well heeled," and a bossy fellow usually ends up "throwin' his weight around." A person who is determined and head-strong might just "pitch right in" and "take the bull by the horns." Folks who retired early usually "went to bed with the chickens."

One might describe an old maid as "drying up on the vine" or a crying child as "bellerin' like a dying calf in a thunder-storm." Gruesome thoughts!

Some other expressions still floating around that don't sound any too pleasant are: "There's more than one way to skin a cat" and "Why don't you go on about your rat-killing," meaning "mind your own business."

The language of our pioneers was colorful and chock-full of hidden meanings. Quite a few of these expressions are still around and in use, though most take on descriptive usage, such as "naked as a jaybird, dead as a doornail, dumb as an ox, and smart as a whip."

Well, sure, a whip can smart, but who's to say if the jaybird in all his feathered glory considers himself naked or not, and a doornail that is holding a door together could be considered just as alive as anything.

Never having been around many oxen, we couldn't comment on whether or not they are dumb, but any beast that will do a day's work for just a few mouthfuls of hay can't be all bad.

If you "stick your neck out" you're bound to be "out on a limb". And if you've been ill and are looking a bit "peaked" your eyes might resemble "two burnt holes in a blanket." But if you're feeling "right as rain" and "happy as a lark" then that's a "horse of a different color."

The dictionary seems to think the word "allow" means to concede, to assign or to grant permission. We happen to know a couple of other uses for the word. "I allowed he'd go," meaning, I thought he'd go, or "What did he allow?" meaning what did he have to say.

We'd like to say thanks to Carmalset Truitt for helping us to remember many of these colloquialisms. We certainly don't envy her job of trying to teach the correct usage of the language to our Texas youngsters; and we're not just "whistlin' Dixie."

Our friend, Mrs. Lee Spring, who "hails" from England, when asked on a census form, "What language do you speak other than English?" wrote down "American." We've noticed she's picking up a few of these slang terms as time goes by. Maybe next year she will be writing down "Texan" on the census form.

8th GRADE RITES TONIGHT

Sixty-Five FHS Seniors Seek Degrees On Friday

Graduation exercises for Friona High School's Class of 1969 will be held Friday, May 23 at the Junior high school auditorium, beginning at 8:30 p.m. There are 64 seniors who are candidates for graduation.

Darla Perkins, the daughter of Mr. and Mrs. C.W. Perkins, the class valedictorian with a four-year grade average of 95.41, will give the valedictory address.

Connie Whaley, the daughter of Mr. and Mrs. Watson Whaley, the class salutatorian with a four-year average of 94.21, will

give the salutatory address. The third-ranking student in the class, Lowery Harper, will read the class history. Harper, the son of Mr. and Mrs. Clifton Harper, had a four-year average of 93.7.

Johnny Barker, the class president, will present the school with the class gift. Paula Fortenberry will sing.

John Blackburn, representing the Friona Independent School District board of trustees, will present the diplomas.

Invocation will be by Tom Mars, and the benediction by

Joel Osborn. Processional and recessional will be played by Risa Howell, pianist, and Rex Talley, organist.

Ushers will be Karla Patterson, Gwyn Moore, Janet Mings, Leslie Jarecki, Tim Oden and Donny Carthel.

The honor guard will be Ted Procter and Carlene Cresson.

The eighth grade's graduation exercises will be held at 8:30 p.m. Thursday at the Junior high school auditorium. Darlene Harper is the class valedictorian, and Betty Sachs

is the salutatorian. Davey Hill and Susan Martin, class members, will present oral readings.

Ushers for the eighth grade ceremony, from the seventh grade are Bobby Lewellen, Rickey Johnson, James Perea, Pam Lewellen, Susan Jarecki and Teresa Ingram.

Co-op's Annual Meet Saturday

The annual stockholders meeting of Friona Consumers Co. will be held Saturday, May 24, at 3 p.m. at the Friona Junior High School Cafeteria.

Two directors will be elected to the cooperative's official

board. Terms of Melvin Southward and George W. Jones are expiring. Holdover directors are Billy Dean Baxter, Roy Miller and Johnny W. Hand.

Speaker for the meeting will be Rev. Frank Pollard, pastor

of the First Baptist Church at Tulla. Rev. Pollard is a noted speaker, and has been honored by the Texas Junior Chamber of Commerce as one of the outstanding young men in the state.

Entertainment will be furnished by Mrs. Roy Miller and her Trebelaires.

SUMMER BASEBALL

"Play Ball" Begins In Friona Next Tuesday

The umpires will yell "Play ball" for the first time in Friona's summer baseball program for 1969 next Tuesday, when the national pastime begins a two-month run locally.

Games next Tuesday will pit Continental Grain Co. vs the B-J Bees in the Pee-Wee League, and Friona Feed Yard vs Star-Hurst in the Intermediate League.

The first game each day will begin at 6:15 p.m., according to Ronald Smiley, the summer baseball program director.

Games for next Thursday, May 29, feature Reeve Chevrolet vs Friona State Bank in

the Intermediate League and Parmar County Implement vs Hi-Pro Feeds in the Pee-Wee League.

The complete schedule for the eight-week program appears in this issue, and parents of players are reminded to clip out the schedule for further reference during the season.

As of Tuesday, there were some 144 boys signed up for the program. There are seven Pee-Wee League teams, and 78 players. There are four Intermediate League teams, with 13 players each, or 52 players. In addition, there are 14 boys signed up for the Pony League, boys ages 14-16.

Local Airman Ends Duties

Captain Donald Loafman has recently completed his tour of duty with the United States Air Force after his O. T. S. training at Lackland Air Force Base.

He served as Field Training Detachment Commander while at Cannon AFB, Clovis, and Nellis AFB, Las Vegas, Nev.

Capt. Loafman is a 1958 graduate of Friona High School and has a bachelor of science degree from Texas Tech.

He and his family are now at home in Plainview, where he is serving as assistant manager of Plainview Production Credit Association's office.

Saturday Is Poppy Day

Saturday will be Poppy Day in Friona, and members of Friona American Legion Auxiliary will be selling poppies downtown. Proceeds of the sale go to help war veterans, so everyone is urged to wear a poppy on Saturday.

IN JUNE

Electric Co-op To Hold "Food Fun For Juniors"

Beginning in June, Deaf Smith County Electric Cooperative will again offer a summer program for elementary school age girls.

"Food Fun For Juniors" is designed to teach nine to twelve year old girls principles of basic

food preparation, good kitchen management, meal planning, basic nutrition, table setting and hints about table manners.

"Food Fun For Juniors" classes will be conducted in the High School Home Economics departments of the six towns in the cooperative's service area. The communities are Nazareth, Dimmitt, Hereford, Friona, Bovina and Farwell.

The two and one-half hour classes will run for five days in each community from 9 a.m. to 11:30 a.m. For those girls attending afternoon classes, the time will be from 1:30 p.m. to 4 p.m.

Girls completing the week-long course will be honored at a graduation party and presented with a diploma.

Mrs. Linda Harbin of Muleshoe has been employed by the Co-Op for the summer months to conduct the Food Fun classes. Mrs. Harbin is a senior student in the Home Economics Department at Texas Technological College in Lubbock. She is majoring in Home Economics Education.

Mrs. Harbin has had college courses in Foods and Nutrition, Clothing and Textiles, Child Development and Family Relations Home Management and Home Economics Education. During her high school years she was also active in the Future Homemakers of America.

Further information about the program can be obtained by contacting Ray Simpson at the Co-Op office in Hereford.

HONOR STUDENTS. . . The top-ranking students in the Friona High School graduating class for 1969, Darla Perkins (left) and Connie Whaley, are shown leaving Friona High School's main entrance for one of the last times this week. Miss Perkins is the valedictorian, and Miss Whaley is salutatorian. They will be featured in the graduation ceremony Friday night.

STRIP BATTERED

Hail Ruins Some Crops In Area

A swift-striking hailstorm accounted for an untold amount of crop damage in the Friona area last Friday night, completely ruining some wheat crops, and causing others to have to re-plant row crops.

The hail, which put a damper on the beneficial rains which had been received earlier this month, struck an area northwest of Friona to southeast, in a half-

moon shaped boundary, in varying degrees of intensity.

Many farmers, such as Lloyd Rector, Tom Whaley, John Renner and Leroy Collier, reported that they were "hailed out," with wheat crops totally destroyed.

West of town, Sloan Osborn, Ralph Wilson, and Glenn Floyd also experienced severe hail on their land.

The cloud seemed to "make

up" to the northwest of Friona, and swing south and east.

Many farms apparently had their wheat crops only partially damaged, and row crops made it fair, and probably the majority of farms in the area were not affected at all. In the city of Friona proper, there was no hail, and only .08 inch of precipitation recorded. From a trace to three inches of rain was reported in the area.

Except for those areas hit by hail, the area's crops are looking good. Wheat is looking as good as many observers can remember for this stage, and young cotton, maize and sugar beets are off to a good start.

One elevator manager estimated that if the weather stayed pretty all week, that "over 90 per cent" of the maize would be planted by the end of the week.

Earl Chester, owner of Chester Gin, stated that he estimated that last Friday's harsh weather would cause between 700 and 900 acres of cotton to be replanted in the Friona area. He echoed the opinion that most of the crop would be in the ground this week, given a break from the weather.

But last Friday's storm made for an "instant harvest," as one of the farm wives put it, concerning the wheat. "It hailed for 35 minutes, from pea-sized to golf ball sized," said Mrs. Lloyd Rector. The hail was stacked up and washed up to six inches deep in places. Following the hailstorm, it "looked as though it has snowed," according to one observer.

REPORT SHOWS

MBP Interim Report Shows Record Sales

The six-month interim report of Missouri Beef Packers, Inc., which was mailed to shareholders this week, showed net earnings per share of .71--a gain of 42 per cent over a comparable period a year earlier, according to Eugene Frye, president of MBP.

The earnings per share, for the six-month period ending April 26, 1969, stood at 71 cents compared to 50 cents per share for a comparable period in 1968.

financial highlights for the 26 weeks ending April 26, 1969 show net sales of \$102,897,643, compared to \$42,878,797 in 1968 earnings before taxes and bonuses, \$1,827,143, compared to \$776,840; and net earnings of \$808,943 and \$516,672.

Net sales reflect an increase of 140 per cent over sales for the similar period last year. Pre-tax earnings amount to a

135 per cent increase; net earnings increased 56 per cent over those of a year ago.

Sales and earnings for the first 26 weeks of this fiscal year are a record for the company, and were achieved despite adverse conditions and a strike at the Friona plant during the year, Frye pointed out.

Both the company's Friona and Rock Port, Mo. plants are now operating efficiently with stable labor forces, he states.

TOURISM PLUG. . . Chamber of Commerce president Doyle Elliott, left, and H. L. Outland of Southwestern Public Service Company indicate the new sign which has been erected west of Friona on U. S. Highway 60, promoting the Friona area. Outland's company sponsors the sign, along with other tourist-interest material, which has been distributed to restaurants and other places of business in Friona.

AFTER THE HAIL. . . Lloyd Rector, who farms southwest of Friona, is shown in his wheat field early this week, after last Friday afternoon's hailstorm levelled the crop. Rector holds up a felled stalk, and indicates with his left hand the height the wheat had been, as opposed to the height it was following the storm.

Pause And Reflect

By Nelson Lewis

As this is written the astronauts are over halfway to the moon.

The launch of Apollo Ten was a thing of flame, steam, and almost unlimited force.

The three men in the capsule are entering into a phase of exploration that could reward them with honor or leave them to die a slow death, coursing thru space.

As we hope and pray for their safe return let us not fail to show concern for another group of "astronauts" that face equal perils.

I refer to our boys and girls who are graduating from high school this week.

Perhaps I have a very special feeling for this class.

I remember them as freshmen, wandering around in their new building, gawking and "O-O-O-ing" and "Ah-ah-ing" in appreciation.

It seems only yesterday they were a bunch of skinny, eager beavers, and here they are - a graduating class of sophisticated young ladies and gentlemen!

These "astronauts" of ours also face a future fraught with danger.

They are beginning a new life of adult responsibility at a time when abnormal pressures are felt on every side.

They have been taught, scolded, loved, preached at, punished, begged, pushed, pulled, neglected, indulged, spoiled, and coerced.

According to our educational standards they are now ready to enter college, attend trade school, or join the ranks of the employed.

I have only one question to ask them - Do you youngsters remember how to say, "NO"?

Say "NO" - when you are asked to disobey your better judgment.

Say "NO" - when you are told that America is rotting away.

Say "NO" - a few years from now when you are told that your one little vote does not count.

Say "NO" - to the human termites who wish to destroy the solid foundation of a useful life.

Say "NO" - to the foolish theory that so and so is O.K. "because everybody is doing it."

Say "NO" - when asked to join S.D.S. or any other subversive organization.

Say "NO" - to anything and anybody that require a sacrifice of honor or integrity.

There is no "generation gap" where morality and decency and good manners are concerned.

My generation wishes for yours a thrilling voyage and a safe trip home.

Remembering to say "No" at the right time can help.

Dear Bill:

CONGRATULATIONS!

Congratulations for winning first place from the Panhandle Press Association for the "Best Special Edition" . . . Missouri Beef Packers would like to add their personal thanks to you and the Friona Community for the extra special effort you have made in welcoming our com-

pany to your area. We are very elated at the tremendous publicity you have given our Company and the whole hearted support of the community. The attitude and help of the community has made it very easy for M.E.P. to be a success in your area.

Thanks again Bill, to you and to the community for your whole hearted support.

40 YEARS AGO-MAY 23, 1929

The newest thing in the business development of Friona is the announcement by Carl C. Maurer of plans to build a large two-story brick building on the corner of Fifth and Main, the lower story of which will be used as a hardware and machinery store by the Maurer Hardware and Machinery Company.

The roofers and metal workers were here the greater part of this week putting the roof and metal ceiling on the new Turner-Parr building on Main Street. At the present rate, the building will soon be ready for occupancy. So far, it is only conjecture as to what line of business will occupy the building.

30 YEARS AGO-MAY 26, 1939

E. W. Boedecker, principal of Friona High School, announces that the coveted Reader's Digest Award for scholastic achievement has been won by the valedictorian of the class of 1939, Mardin Todd.

Don Ethridge has had the north half of the office which he has occupied for the past two years handsomely decorated and has his office arranged there. The other half has been leased by Smiley Fulks for his cafe, which has been for several years located in the O.G. Turner building on Main Street, two doors north of the Friona State Bank.

20 YEARS AGO-MAY 20, 1949

On Saturday, May 28, voters of Parmer County will go to the polls and approve or reject the recommendation of the county road committee to approve \$1,150,000 in bonds for construction of an additional 165 miles of paving in the county. There are currently 105 miles of paving in the county.

15 YEARS AGO-MAY 21, 1954

In a recent ceremony in Korea, Charles E. Osborn, son of Mr. and Mrs. Sloan Osborn of Friona, received his promotion to First Lieutenant. A graduate of Friona High School, Lt. Osborn graduated from Texas A&M in May of 1962 with a rank of 2nd Lieutenant. He was sent to Korea in October of 1953.

10 YEARS AGO-MAY 21, 1959

Southwestern Public Service Company will hold its official opening Tuesday in their new home, while carpenters are working next door on the construction of the new home of the Friona office of the Plainview Production Credit Association.

Collie Huffman, head football coach at Friona the past three years, has resigned to accept a position at White Deer, it was announced this week. Huffman's teams won one district championship while he was here (1957), and compiled 6-3-1 records in 1957 and 1958.

5 YEARS AGO-MAY 21, 1964

Friona Feed Yard will be host to more than 100 cattlemen, feedlot operators and packers next Wednesday as the group makes a "feedlot tour" of the West Texas-Eastern New Mexico area. The tour is sponsored by the Western Livestock Journal of Denver.

ONE YEAR AGO-MAY 23, 1968

Work continues at a steady pace at Missouri Beef Packers, as the company began "breaking operations" in only its third week of production. "This will broaden our sales market considerably," Manager Bill Gilbert stated.

Library Corner

This past week the Girl Scouts from Troop 238 visited the library and decorated the bulletin board in a patriotic theme, complete with the Stars and Stripes. They also assisted in packing the books that were returned to the Bookmobile. In their place the library has received about 300 new volumes for various readers. Kathy King is president of this troop and Mrs. Kenneth Moore is their adult leader. A special "Thank You" to these girls for their interest and assistance.

The SUMMER READING PROGRAM will begin in the library on June 3. All students in grades one through eight are encouraged to enroll. A certificate from the Texas Library Association will be given to all readers completing 12 or more books by August 8. An added feature this year will be a free movie shown in the library on Saturday mornings beginning June 7. The first film is produced by the Santa Fe Railroad and is about Indians. It is in color and has sound. It will last about 30 minutes. Make a note to send your children to the library to enjoy this worthwhile entertainment.

Once again the "grim reaper" of wheat which is almost headed out and newly planted crops has visited our area. This section of the country is never safe from the devastating effects of hail, but it does seem to hit more often in the spring of the year.

It would be most difficult to estimate the amount of damage which was done Friday afternoon. It seems the clouds leap frogged around for several hours then finally came down in several places west, southwest, south and southeast of town.

One optimistic farmer was heard to remark, "Well, for several days we've been wondering whether we should try to keep the stands we have or re-plant for better ones. Now, we know all we need to is get busy and re-plant."

Several local ladies attended the Caprock District Federated Club convention in Plainview recently. Marans' Cooper, manager of Girls Town, U.S.A. at Whiteface, was a guest speaker.

A story he told shows he has a keen sense of humor in addition to a kind and understanding heart. After teaching one of the younger residents of Girls Town to offer thanks for her food, he asked her to do so at a meeting of two or three directors.

In complying with his request, she spoke so rapidly no one could understand what she was saying.

One of the directors remarked, "Honey, I couldn't understand a word you were saying."

She looked him in the eye and said, "I was not talking to you."

A young history graduate of the University of Texas, who has been a photographer, research associate and writer for the past years, is undertaking a very worthwhile project beginning June 1.

He plans to roam through all parts of Texas in a pickup truck-camper, photographing the land and the people that helped shape the life and culture of the state. The principle theme of the documentary effort will be to show the interrelationship between man and his environment and how each has affected the other.

This project is being undertaken by the Texas State Historical Association. Its purpose is to document photographically the remnants of the past history of Texas which may become extinct within the next 10 years.

Some of the things he would like to photograph are a sun-bonneted cotton picker pulling a long white sack; a general store in a little country town; a team of mules pulling a wagon or plow.

I'm wondering if we should invite him to attend our Maize Days celebration and make arrangements ahead of time for pictures of as many of "old time" things as possible.

Perhaps we could locate a milk cow and have someone demonstrate the art of hand milking. Soon that will be as extinct as the proverbial dodo bird. I feel pretty sure that when those of us who can milk a cow are gone there will be no newcomers. It is doubtful that anyone could find a milk cow to practice on if he wanted to learn it.

Then, if it were possible for us to locate a cream separator, we could probably persuade Mrs. Foister Rector, Mrs. Rudolph Renner Sr. or some other former farm homemaker to show us how to put it together.

We might even include a tractor with lugs, a drag type combine or some other farm implement which used to be a common sight but has become an oddity.

The pictures which are to be made are to be housed permanently in the permanent archival collection of the Texas State Historical Association. Let's get on the ball and be sure Farmer County is properly represented.

I like this little bit of philosophy on advanced education. Hope you enjoy it.

"A young man some decades ago flunked his entrance exams at Princeton University. Before heading for home, he stopped at the office of President McCosh, and thanked him, saying, 'I've learned a lot here.'"

The president did not understand, since the young man had never been admitted to Princeton.

"Mon, what hae ye learned from us?" he asked.

The young man replied, "How little I know."

President McCosh looked at the lad sharply, then said, "Mon, we will take you. Ye are two years ahead of the rest of them!"

The man who expects much from himself and little from others, has few rivals.

LEGAL NOTICE

Notice is hereby given to the real and true owners, whether hereinafter named or correctly named or not, of property abutting upon Tenth Street, Cleveland Avenue, Seventh Street and Grand Avenue, within the limits herein defined, in the City of Friona, Texas, and all persons owning or claiming any such abutting property, or any interest therein, and to all others claiming or interested in any of said property, or in any of the proceedings, contracts and matters herein mentioned, that:

The City Council of the City of Friona, Texas, by duly enacted ordinances, has determined a necessity for, and ordered the permanent improvement of, the following described streets within the following limits, in the City of Friona, Texas, to-wit:

UNIT NO. 1, Tenth Street
The South Half (S1/2) of Tenth Street between the Northern prolongations of the East and West Boundary lines of Lot 1, Block 26 of the Original Town of Friona, Parmer County, Texas, as shown by plat of said town of record in Volume 5, page 421 et seq. of the Deed Records of Parmer County, Texas.

UNIT NO. 2, Cleveland Ave.
The East Half (E1/2) of Cleveland Avenue between the Western prolongations of the North and South boundary lines of Lots 21, 22, 23 and 24 of Block 64, of the Original Town of Friona, Parmer County, Texas, as shown by plat of said town of record in Volume 5, page 421 et seq. of the Deed Records of Parmer County, Texas.

UNIT NO. 3, Seventh Street
The South Half (S1/2) of Seventh Street that lies between the Northern prolongations of the East and West boundary

lines of the West Half (W1/2) of Lot 24 of Block 64, of the Original Town of Friona, Parmer County, Texas, as shown by plat of said town of record in Volume 5, page 421 et seq. of the Deed Records of Parmer County, Texas.

UNIT NO. 4, Grand Avenue
The East half (E1/2) of Grand Avenue between the Western prolongations of the North and South boundary lines of the West Half (W1/2) of Lots 7 and 8 of Block 70, Original town of Friona, Parmer County, Texas, as shown by plat of said town of record in Volume 5, page 421 et seq. of the Deed Records of Parmer County, Texas.

By said ordinances, the City Council of the City of Friona, Texas, has ordered said streets, within the limits indicated, to be improved by excavating, grading and paving the same by the installation of drainage facilities and by constructing curbs and gutters, where adequate curbs and gut-

ters are not now in place, together with other drains, incidentals and appurtenances thereon; said paving to consist of a triple asphalt seal pavement on a six inch caliche sub-base of the materials, type and width as provided for in the plans and specifications therefor prepared by the City Engineer and heretofore provided and adopted by said City Council, all of said improvements to be done and constructed in the manner and of the materials as provided for in said plans and specifications and the contracts covering the construction of said improvements, which said plans and specifications and contracts are hereby expressly referred to for a more detailed description of said improvements, and are on file in the office of the City Engineer of the City of Friona, Texas.

That said City Council has caused said City Engineer to prepare and file the hereinafter set out estimates of the

costs of such improvements and has heretofore by duly enacted ordinances determined the necessity for levying assessments for a portion of the cost of the construction of said improvements against the property abutting on said streets within the limits above defined, and the real and true owners thereof, and did adopt and determine the hereinafter set out proposed apportionment of the cost of said improvements between said City and the said abutting property, and the real and true owners thereof, and that the portion of said cost proposed to be assessed against the said abutting property, and the real and true owners thereof, would be in accordance with the front foot rule or plan and did further adopt the following proposed rates and estimates of said costs in reference to and for said streets within the limits above defined and indicated in the following schedule by the unit number of said streets, to-wit:

PUBLIC NOTICE
Proposed **CONSTITUTIONAL AMENDMENT**
NUMBER FIVE ON THE BALLOT (SJR8)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so as to read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be by the Legislature be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of:

"(1) Needy aged persons who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years;

"(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

"(3) Needy blind persons;

"(4) Needy dependent children and the caretakers of such children.

"The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws

making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of state funds for such purposes; provided that the maximum amount paid out of state funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of such assistance payments only out of state funds on behalf of such individuals shall not exceed the amount of Eighty Million Dollars (\$80,000,000) during any fiscal year.

"Supplementing legislative appropriations for assistance payments authorized by this Section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning September 1, 1969 and ending August 31, 1971: Three Million, Six Hundred Thousand Dollars (\$3,600,000) for Old Age Assistance, Two Million, Five Hundred Thousand Dollars (\$2,500,000) for Aid to the Permanently and Totally Disabled, and Twenty-Three Million, Nine Hundred Thousand Dollars (\$23,900,000) for Aid to Families with Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and otherwise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to

the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enacts such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday in August, 1969. At the election the ballots shall be printed to provide for voting "FOR" or "AGAINST" the proposition:

"The Constitutional Amendment providing for assistance to and/or medical care on behalf of the needy aged, the needy blind, the needy dependent children and their caretakers; establishing Eighty Million Dollars (\$80,000,000) as the maximum amount that may be paid per year from state funds for assistance only; allocating and appropriating additional sums supplementing current legislative appropriations for assistance grants; and authorizing the Legislature to enact such laws as may be necessary in order that federal matching money will be available for assistance and/or medical care."

FHS Graduates Give Plans For Future

Thirty-six members of this year's graduating class were first graders here and have attended no other school. Another one, Tressa Taylor, started to school here, moved away for a few years, then returned to complete her high school education.

Those who have gone to school here from the first grade through graduation are Kathy Bandy, Gail Bartlett Smith, Debbie Baxter, Ramey Beene, Brenda Blackburn, Linda Carson, Danny Carthel, Hazel Fallwell, Doris Ferguson, Paula Fortenberry, Jack Huddleston, Carolyn Hutson, Shirley Johnson and Larry Martin.

Also Billy Nazworth, Dale Neel, Joel Osborn, Mike Pavalus, Darla Perkins, Deloris Phipps, Joe Rando, Mary Rando, Jerald Reed, Missey Renner, Melva Rule, Mary Ellen Scales, James Schlenker, Bennie Hannold Montgomery, Shirley Schueler, Gary Shirley, Carole Stokes, Connie Whaley, Connie Stone and Scott Wooley.

A large majority of the spring graduates plan to secure more education. Most of them are considering colleges, but some have chosen trade or vocational schools.

Tressa Taylor, who is the daughter of Mr. and Mrs. Clayton Taylor, is the only one who is interested in becoming a beauty operator. She completed her requirements for graduation at mid-term and has been enrolled in a beauty school at Amarillo several months.

Those who have indicated a preference for colleges have

chosen several in Oklahoma, Texas and New Mexico. West Texas State University, Canyon, was the most popular choice. Students who plan to enroll there are Kathy Bandy, daughter of Mr. and Mrs. Bill Bandy; Danny Carthel, whose parents are Mr. and Mrs. Bill Carthel; Billy Nazworth, who is the son of Mr. and Mrs. J.R. Nazworth; and Deloris Phipps, daughter of Mr. and Mrs. E.G. Phipps.

Donna Carter, whose parents are Mr. and Mrs. Charles K. Carter; Connie Whaley, who is the daughter of Mr. and Mrs. Watson Whaley; Randy Allmon, son of Mr. and Mrs. Clifford Allmon; Rose Marie Denney, daughter of Mr. and Mrs. Bill Denney; Pam Hartford, who belongs to the Buford Hartwicks; Angela Schilling, daughter of Mr. and Mrs. L.H. Schilling; and Mollie Seright, whose parents are Mr. and Mrs. Herb Seright.

Ten class members will be attending college in Lubbock with an equal number going to Texas Tech and Lubbock Christian. Those who plan to attend Lubbock Christian are Dale Neel, Darla Perkins, Janice Clark, Scott Wooley and Brenda Blackburn. Their parents are Mr. and Mrs. Odis Neel, Mr. and Mrs. C.W. Perkins, Mr. and Mrs. Jack Clark, Mr. and Mrs. Bill Wooley and Mr. and Mrs. John Blackburn.

Tech freshmen from Friona will be Debbie Baxter, daughter of the Billy Dean Baxters; Linda Carson, whose parents are Mr. and Mrs. David Carson;

Shirley Johnson, who is the daughter of Mr. and Mrs. Truett Johnson; Pat Roberts, daughter of Mr. and Mrs. Porter Roberts and Pam Turner, who belongs to Mr. and Mrs. Olan Turner.

Four class members plan to attend Amarillo Junior College. They are Doris Ferguson, daughter of Mr. and Mrs. V. M. Ferguson; Carole Stokes, who is the daughter of Mrs. Lucy Mae Stokes; Carolyn Hutson, daughter of Mr. and Mrs. Troy Hutson; and Rodney Elam, son of Mr. and Mrs. Earl Elam.

Tom Mars and Paula Fortenberry plan to attend Wayland Baptist College, Plainview. Their parents are Mr. and Mrs. Johnny Mars and Mr. and Mrs. Paul Fortenberry.

Panhandle State University, Goodwell, Oklahoma, has been chosen by James Schlenker, son of Mr. and Mrs. Carl Schlenker; and Ray Russell, who is the son of Mr. and Mrs. Wilbur Russell.

Angelo State College, San Angelo, will have two Frionans enrolled as freshmen this fall. They will be Ramey Beene, son of Mr. and Mrs. O.J. Beene and Delvin Brookfield, son of Mrs. Ruby Mae Brookfield.

Donald Taylor, son of Mr. and Mrs. Robert Taylor, and Jimmy Broyles, whose parents are Mr. and Mrs. Ralph Broyles, plan to attend James Connally Tech in Waco, Texas.

Three members of the class plan to spend a great deal of time during the next four years in Denton. They are Shirley Schueler, daughter of Mr. and

Mrs. Raymond Schueler; Mary Ellen Scales, whose parents are Mr. and Mrs. Charles Scales; and Joel Osborn, son of Mr. and Mrs. Ernest Osborn.

Miss Schueler and Miss Scales plan to attend Texas Women's University and Osborn, plans to attend North Texas State University.

Those who have chosen to attend college without any other member of the class include Richard Royal, son of Mr. and Mrs. Winston Wilson, who will attend South Plains Junior College, Levelland; Mike Pavalus, who is the son of Mr. and Mrs. Mike Pavalus and will be a freshman at Eastern New Mexico University, Portales; and Lowery Harper, son of Mr. and Mrs. Clifton Harper, who plans to attend Southern Methodist University, Dallas.

Also Tony Peres, son of Mr. and Mrs. Jake Peres, who will attend the University of Texas El Paso; Hazel Fallwell, daughter of Mr. and Mrs. Buddie Fallwell, who will be attending Ranger Junior College, Cisco, Texas; Joe Fallwell, son of Mr. and Mrs. Joe Fallwell, plans to enroll at Sul Ross College, Alpine; and Johnny Barker, who is the son of Mr. and Mrs. Fred Barker, plans to attend Southwestern State University, Weatherford, Oklahoma.

Prospective college students who haven't decided definitely where they plan to go are Gary Shirley, son of Mr. and Mrs. Ralph Shirley; Larry Martin, whose parents are Mr. and Mrs. Clarence Martin; Connie Stone,

High School Salutes 90 Average Students

Junior High Salutes High Average Students

Students in junior high school with averages of 90 and above were honored in an award assembly last Friday at the grade school auditorium.

Also honored were students with perfect attendance.

Receiving certificates for outstanding effort and cooperation in science was Darlene Harper. Carol Reeve received a similar award for band, and Patricia Phipps was given the same award for speech-drama.

Carol Reeve and Mike Martin were recognized as "best all-around." The eighth grade valedictorian, Darlene Harper, and salutatorian, Betty Sachs, were recognized.

Those with averages of 90 and above who were recognized included:

Fifth Grade
Hal Blackburn, Tim Boeckman, Danny Campbell, Cathy Cunningham, Lisa Edelman, Jimmy Foll, Neil Fulks, Julie Johnson, Sarah Kretzman, Darrel Mason, Troy Messenger, Kent Miller, Terri Patterson, Gary Self, John Seright, Denise Shipp, Sherri Thorn, Debbie Wilkerson and Noel White.

SIXTH GRADE
Clay Bandy, Carol Bavousett, David Blackburn, Cindy Gammon, Diane Hamilton, Janice Hayes, David Hutson, Jeanne Jarboe, Connie Lindeman, Amanda Mason, Hope Mayas, Tonna Morgan, Tip Numa, Beverly Schueler, Judy Ulen, Becky Walker, Stacy Wheeler and Pam Wilcox.

SEVENTH GRADE
Beverly Bailey, Jeannie Bandy, Kay Cochran, Sbera Finley, Carolyn Gore, David Hardgrove, Trip Horton, Bobby Lewellen, Annette Reznik, Delores Rodgers, Marie Russell, Chris Sanders, Gayla Self, Kyle Shelton and Terri Williams.

EIGHTH GRADE
Rudy Aguirre, Willie Bailey, Cindy Barnett, Sarah Gammon, Darlene Harper, Donna Harper, Sylvia Hernandez, Nancy

Martinez, Gary Mingis, Carolyn Murphree, Darrell McMurry, Patricia Phipps, Carol Reeve, John Rule, Betty Sachs, Holly Stephenson and Holly Welch.

Those honored for perfect attendance included the following:

FIFTH GRADE
Lucinda Aguirre, Debra Dorell, Leesa Mercer, Nita Minshew, Terri Patterson, Denise Shipp and Pamela Veazey.

SIXTH GRADE
Krystal Agee, Judy Aragon, Clay Cudd, Sandra Fulka, Henry Graves, David Hanson, Vickie Jackson, Dee King, Sylvester Lee, Connie Lindeman, Ronnie McLellan, Roy DonRector, Pat-tijon Taley, Garvin Thorn, Gene Strickland, Beverly Schueler, Johnnie Walter and Dianne Woodruff.

SEVENTH GRADE
Ann Carrasco, Debra Carlton, Mickey Harrelson, Helen Harvey, Coy Jameson, Kenny Keith, Teddy King, Louis Lee, Ossie Mae Lee, Sammy McNeely, Linda Martin, Jesse Rauf, David Renner and Paul Wyly.

EIGHTH GRADE
Paul Aragon, Rudy Aguirre, James Burchett, Glenda Harris, Travis Lee, Robert Jackson, Mike Messenger, Susan Martin, Gary Mingis, Rachel Morales, Lisa Raulo, Betty Sachs, and Gerald Wyly.

Make a closet caddy from a rectangle of heavy cotton and different cotton prints. Sew on patchwork pockets in various sizes.

SENIOR SCOUTS GRADUATE. These ten senior Girl Scouts will graduate from Friona High School on Friday. They are Deloris Phipps, Debbie Baxter, Connie Whaley, Brenda Blackburn, Doris Ferguson, Kathy Bandy, Janice Clark, Mary Ellen Scales, Shirley Johnson and Pat Roberts. They have been very active in Brownies and Girl Scouts since they were second grade students.

FOUR-POSTER EFFECT. Cotton fabric in an intricate scroll design creates the impression of a four-poster bed in this attractive decor. Panels of the Waverly fabric are hung at each corner of the bed from a cornice of the print. An outline-quilted spread in the same print covers the bed, and the use of companion wallpaper behind the bed eliminates the need for a headboard. Rows and rows of permanent shirring make an interesting heading for sheer draperies.

Departments Recognize Outstanding Students

Outstanding students in Friona High School were honored during the annual Awards Assembly at the high school auditorium last Thursday.

The top students in each of the school's departments, as well as those excelling in Interscholastic League events, scholarship winners, students with 90 and above average, perfect attendance, and teacher service pins were among the awards presented.

Winners of the "major" awards are given a choice of a jacket, sweater or blanket. Secondary award-winners receive a sweater. The senior departmental award-winners receive a medal.

The winners included: departmental (major):

LaFonda Hodges, English; Karla Patterson, mathematics; Dale Schueler, science; Leslie Jarecki, social science; Janet Mingus, foreign language; Janice Milner, home economics; J. D. Spencer, vocational agriculture; Tommy Armstrong, industrial arts and crafts; Gwyn Moore, business; and Wayne Schueler, music.

Those students who placed in the regional Interscholastic League events were also recognized by Joy Morton and Wayne Hodgson. They were Bryan Elliott and Bob Thomas, first in debate; Sheila Struve and Sally Kendrick, second in debate and Janice Clark, third in informative speaking.

Students who qualified for regional events in the UIL but did not place received secondary awards. These included Norman Mohr, informative speaking; Ray Russell, ready writing and Cynthia Wiseman, spelling.

Girls who were awarded state Future Homemakers Degrees were included in the awards. They were Brenda Blackburn, Pat Roberts, Darla Perkins, Kay Riethmayer, Jane Rushing, Karla Patterson and Jenisu Fallwell.

Senior medal winners were Darla Perkins, English and foreign language; Joel Osborn, mathematics; Mike Pavalus, science; Connie Whaley, social science; James Schlenker, vocational agriculture; Floyd Miller, industrial arts; Rose Denney, business and Paula Fortenberry, music.

Other award winners included Linda Carson, girls athletics; Tony Peres, boys athletics; Shirley Johnson, best thespian; Connie Whaley, girls scholarship (96.0); Norman Mohr, boys scholarship (95.8); Kay Riethmayer, "Little Sister" award; Janet Mingus and Amelia Sims, Girl's State nominees; and Bob Thomas, Boy's State nominee.

Unlike artificial fibers, cotton can be improved through plant breeding.

Special scholarship winners included Kathy Bandy, FTA-\$150; Pat Roberts--FHA-\$100; Ray Russell, senior class; Janice Clark, CTA-\$250.

Academic scholarship winners presented were Brenda Blackburn, Janice Clark, Shirley Johnson, Tommy Mars, Darla Perkins, Connie Whaley, Scott Wooley and Dale Neel. Tony Peres, an athletic scholarship winner (U. of Texas, El Paso) was also presented.

Nine teachers and/or school employees were honored for

service to the school in multiples of five years.

Principal Raymond Cook received his 20-year service pin. Wayne Hodgson and Lela Gardner each received 15-year pins. Others honored were Mrs. Ernest Osborn, Mrs. Laverne White and Alton Farr, 10 years; Mrs. M.L. Brown, Mrs. John Morrow and Portor Roberts, five years.

Congratulations!

Whitefield Donates Ewes To Texas Tech's Flocks

Eight newcomers -- purebred Columbia ewes from the herd of Otho Whitefield, president of the Columbia Sheep Breeders Association -- were welcomed Thursday (May 15) at Texas Tech.

Animal Science Prof. Frank A. Hudson said the sheep will form the nucleus of a new purebred breeding flock of Columbia sheep to be housed at the university's new Sheep and Goat Facility on the west side of the campus.

For about five years, Texas Tech's flocks have been diminishing through displacement by new construction.

With the new facility, Dr. Hudson said, the department hopes to build herds to several hundred sheep and goats to be

used in research and teaching. "We have at Texas Tech large numbers of students from the sheep producing areas of the state," he said, "and the herds are highly important to the university."

He said that some of the research would be coordinated with other departments, including the newly expanded Textile Research Center.

"We hope to coordinate the research from the production of the wool to the production of the fabric from the wool," he said.

The university has a purebred Columbia ram to sire the new flock.

Whitefield's farm and ranch operation is located near Friona.

Holly Sugar Has Record Sales For Fiscal Year

Holly Sugar Corporation today reported record sales and sugar production and higher net income for the fiscal year ended March 31, 1969.

According to John L. Loeb, Jr., chairman, and John B. Bunker, president, sales advanced to an all-time high of \$101.8 million from \$98.3 million last year.

Net income rose to \$3.7 million or \$2.33 a share, compared with \$2.7 million or \$1.62 a share in fiscal 1968.

Cash flow for 1969 was \$7.2 million compared to \$6.2 million for fiscal 1968. Cash flow per common share was \$4.69 compared to \$3.80 last year.

Income before extraordinary items for fiscal 1969 was \$3.5 million or \$2.24 a share compared with \$4.1 million or \$2.50 a share for the same period last year. Without the Federal income tax surcharge, income per share for fiscal 1969 would have been \$2.40.

Capital expenditures of \$9.6 million was the largest annual amount ever spent by Holly for plant modernization in its 64-year history.

In commenting on Holly's

modernization program, Loeb and Bunker pointed out that the full program, which will amount to \$22 million, is expected to be completed by March, 1971, with the first improvements in operating results being reflected in fiscal 1970.

The redeployment of assets into more profitable areas included selling certain California properties and terminating cattle feeding operations.

With the acquisition during the year of three gourmet food companies and the formation of Holly World Foods, Inc. to operate them, Holly gained a well-established entry into one of the country's fastest growing industries.

Holly is a large processor and supplier of food products. It conducts manufacturing, storage, distribution, research, and marketing operations throughout the western United States.

Tow Foreign Sales May Help Area Grain Farmers

Area grain sorghum producers may reap some benefits from stronger market prices because of two important sales made last week by USDA. The first was to Israel for 4.4 billion bushels, and the other to India for 12 million bushels. These sales show signs that the Nixon Administration is reinstating grain sorghum to the PL480 program.

Prior to secretary of Agriculture Freeman's policy of omitting grain sorghum from PL480 allocations after April 1968, India had been buying up to 86 million bushels per year. The loss of this market last year had hurt the U.S. export of grain sorghum and thus weakened the prices received by farmers.

The grain sorghum producers association has been working to get such PL480 allocations to include grain sorghum ever since they were removed a year

ago. A.W. Anthony, Jr., Friona farmer and GSPA President said, "These sales should improve our prices some. We hope USDA will continue such sales. If they do, our prices will strengthen without a doubt."

The final report on 1969 sign-up for feed grains shows a total of 41.3 million acres (31% of the 133 million acres feed grain base will be diverted. 35% of Texas' 12.6 million feed grain base, or 4.4 million acres were pledged to be diverted.

Total intended diversion is nearly 5 million acres greater than the record 30.7 million acres established in 1965. It is 7 million acres more than the

total for 1968. This should strengthen grain prices this fall unless bumper crops offset the decrease in acres with higher per acre average yields.

4-H Horsemen Set Meeting

All 4-H Club members with horse projects are encouraged to attend the first meeting of 1969. The meeting will be held at the Farwell Roping Arena. Meeting time is 2 p.m.

Members should bring their horses. A practice session for performance events will be conducted. It will also be necessary to set up some meeting dates and to discuss rules and regulations for the county and district horse shows.

Prospective 4-H members interested in horses are encouraged to attend this meeting.

Adult leaders and parents will be present to help supervise the practice session.

Grand Opening Slated For Jimmy Dean Meat Company

A new era of West Texas agriculture begins Saturday and Sunday, May 24-25, as some of the most important Texas leaders converge on Plainview for the grand opening and dedication of the Jimmy Dean Meat Company.

Activities for the two-day event are designed to herald the arrival of the pork industry on the Texas High Plains.

Texas Governor Preston Smith will be among guests present for the dedication ceremonies at the plant located northwest of Plainview on Highway 87. Master of ceremonies will be Jimmy Dean.

With a bill like this at the top, it's an almost surefire guarantee of one of the biggest events to come to West Texas. And this is what is planned. Dedication ceremonies will begin at 11 a.m. with Governor Smith cutting the ribbon and presenting the principal address.

Following the dedication, the Jimmy Dean Meat Company will be open for grand opening activities with tours to be conducted until 6 p.m.

Open house will continue Sunday from 1 p.m. until 6 p.m. with Dean on hand to greet all visitors.

Participating with the meat company in arranging activities for the dedication and grand opening are members of the Plainview Chamber of Commerce and the Chamber's Women's Committee.

Miss Plainview, Viki Turner, and Sharyn Hemphill, Plainview's Miss Congeniality, will be among those greeting and registering the V.I.P. guests. Also in the line will be Chamber Redcoats, official Plainview greeters, and hostesses from the Women's Committee.

About the grand opening and dedication ceremonies, Dean says, "My one dream since we

began preparation for this plant almost a year ago, has been in anticipation of this day. We are proud of our new plant and the facilities that will offer the American public the best quality pork production on the market today.

"We are proud of this area and are proud to be a part of this growing agricultural empire. I am looking forward to seeing my friends and old acquaintances in the West Texas area and making new friends," he said.

The Jimmy Dean Company is the newest pork processing plant in the country and will utilize the most modern equipment to process Specific Pathogen Free hogs for Jimmy Dean Pure Pork SPF Sausage.

Primary plans call for marketing the product in the general West Texas area before spreading into other parts of the state and nation.

The meat company will process 600 head of hogs per eight-hour day.

Holly Sales Policy Stated

Responsibility for the sale and distribution of dried beet pulp and molasses for Holly Sugar Corporation has been assigned to Holly's Agricultural Department in an organizational change announced today by President John B. Bunker.

Agricultural Vice President: Glen W. Yeager said that Robert F. "Bob" Ginn, Agricultural Manager for Holly's Hereford factory district, will be responsible for developing markets for dried beet pulp and molasses in Eastern New Mexico, Hereford area and the Panhandle.

Ginn will be assisted by his staff of seven Agriculturists. These men and their areas are: Richard C. Hunsaker, Clovis, New Mexico; Olin Ruff, Friona; Bill Schaller, Dumas; and Roy O. Parten, Bud Snyder, Paul Willis and Larry J. Irby, Hereford.

Invention of the row-crop tractor in 1925 opened the way to new efficiency in cotton production.

On The Farm In Parmer County

RONNIE McNUTT
County Agent

One of the latest ideas in mink fashion is the elegant coat-dress, according to information from Emba Mink Breeders Association.

Many more acres of corn has been planted in Parmer County this year. To make maximum corn yields it is essential that farmers understand the water needs of this plant.

The following guidelines for

irrigating corn are suggested based heavily on the results of irrigation research and plant growth patterns obtained in the Corn Belt and on limited local investigations.

The time from seedling establishment (5 to 6 unfolded leaves and 15 to 18 days after planting) till 8 to 10 leaves can be seen externally (knee high) makes up the early vegetative growth period. This period usually lasts from seedling establishment until about 30 days after planting.

Limited soil moisture during this stage mostly reduces vegetative growth. It is usually not critical in determining yield provided severe moisture stress is avoided.

Slow growth because of lack of moisture will delay silking and pollination later. The importance of this growth stage is primarily its effect on when the plant will mature. Pre-plant irrigation moisture or that from early rainfall should provide adequate moisture through this growth stage.

After 8 to 10 leaves have unfolded, a sudden growth change occurs which initiates formation of the tassel and ears. This transition can be identified by the appearance of tiny bumps on the side of the growing point inside the plant. The location of the growing point at this time is about ground level and 1 inch above the connection of the permanent root system to the stalk.

Good soil moisture levels should be maintained beginning at this growth change and continuing until pollination five to six weeks later. The roots are also penetrating the entire soil root zone. At the same time, the tassel and ear are developing inside the plant. The plant will grow at least four to five feet during this 5-to-6-week

period, and heavy requirements for both moisture and nutrients occur.

The last three weeks of this period just prior to tassel is a critical time in the development of the corn plant. The high water requirement makes moisture stress extremely serious. Damage to pollen and ear development at this time is likely to be permanent.

Irrigate early in this period, 30 to 40 days following planting, if rainfall hasn't provided sufficient moisture. A second irrigation 20 days later is likely to be required, depending on rainfall.

TASSLING, SILKING, AND POLLINATION STAGES

By the bloom stage, all major vegetative plant growth has taken place. The primary function now is to produce grain. Adequate soil moisture during this period is important to obtain maximum yields.

Ordinarily, the tassel tip can be seen a week to 10 days before any silks appear. Pollination will then take place over a five to eight day period. A shortage of moisture during this period will reduce yields by limiting kernel initiation. Good soil moisture conditions during pollen shedding may minimize the detrimental effects of high temperature, should they occur. Temperatures above 85 degree F can cause poor pollination. Light, frequent irrigation may aid by reducing crop canopy temperatures.

During hot, dry weather, peak water use appears to be in the range of .3 to .4 inches per day.

This means a corn crop may require 3 to 4 inches of water every 10 days. The average July water use by corn in this area is 8 to 10 inches.

The three to four weeks following pollination is also a high moisture use period for corn. Grain weight increases rapidly.

By the end of the third week after pollination, the kernels have developed and filled to the milk or early dough stage. Soil moisture requirements begin to decrease. However, moisture stress during this period will limit grain filling. High moisture conditions should be maintained during the three weeks following pollination.

Corn water requirements during these critical growth periods appear to be in the range of three inches every 15 days up to a peak of six inches during the 15 days just prior to and during pollination. Lighter as well as more frequent applications should be made on the sandy soils to prevent water and nutrient losses to deep percolation.

About 13 million Americans report that they suffer from some form of arthritis. Osteoarthritis is estimated to afflict 80 per cent of people past 50 and 90 per cent of those past 60, in varying degrees. Although there is no cure at present, medical treatment by a reputable doctor can bring about remarkable improvement. The single drug most widely used in the treatment of rheumatoid arthritis is pure aspirin.

NEW TOMORROW

If I had time tonight, I might be a bit frightened. But just now, there's time to feel only excited and happy. It's funny . . . when you're a little kid, it seems as if you go to school forever. Then all of a sudden, it's graduation night, and you know that this is an end and a beginning all at once.

Mom and Dad will be out in the audience, and so will Dan. He sent me these roses. Our minister will be out there too, and I hope he'll notice that the smile I send in his direction will be a particularly grateful one. How often I've gone to him with my childish troubles, only to have him treat them as seriously as if they were of world-shaking consequence. It was he who really taught me how to pray.

He taught me so many of God's lessons. And I am sure that throughout my lifetime I'll be learning them anew and repeating them over and over again. How wonderful to realize that this commencement, this end of an era, is really the beginning of a new tomorrow.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Activities Listed For Eighth Graders

End of school activities for members of the eighth grade graduating class began Friday, May 2 with the annual Class Day. Festivities are planned by mothers of the class members.

After members of the class had chosen to wear "tacky" clothes, an all day picnic was planned. The group went to Clovis, where they skated, played tennis, volley ball, badminton and soft ball.

A chicken dinner was catered by a Clovis firm and served in City Park. After a visit to the zoo, eighty-nine students were called together by Principal Tom Jarboe, who an-

nounced names of the honor students.

Mrs. Steve Messenger served as general chairman. She was assisted by Mrs. Louis Welch, Mrs. Virgil Zeman and Mrs. Marty Martinez. Those on the food committee included Mrs. Clarence Martin, Mrs. Marty Martinez, Mrs. E.D. Broyles, Mrs. E.G. Phipps and Mrs. V. J. Zeman.

Sponsors making the trip were Harley Merritt, Mrs. Fay Reeve, Larry Dyess, J. Lee Witten and Principal Tom Jarboe. They were accompanied by several mothers.

Following the Thursday evening graduation there will be a

reception for class members and their parents. Entertainment will be by Bill Wooley, Carla Littlefield, Candy Moore and the Trebelaire's.

Hosts for the reception will be parents of the graduates. Those on the planning committee were Mrs. Eugene Bandy, Mrs. E.D. Broyles, Mrs. J.W. Gammon, Mrs. Doyce Barnett, Mrs. Claude Garth and Mrs. J.R. Bartlett.

Pioneer Day Plans Are In Progress

Advance promotion for the annual Mid-Plains Pioneer Day celebration in Hereford is being conducted throughout the Panhandle area, according to planners of the May 30 event.

Scheduled to begin with registration at the Bull Barn at 9:30 a.m., May 30, the celebration will be highlighted by the presentation of the "Pioneer of the Year" award to be presented by Clint Formby, manager of KPAN radio.

Cultural and Wyche Home Demonstration Clubs will handle the greetings and provide information to visitors and the Pioneer Study Club will handle registration. Dues for the event will be collected by Louie LeGrand and the two Home Demonstration Clubs will also serve coffee and doughnuts to guests during the registration period.

The annual meeting will get underway at 10:30 a.m. with the call to order by Claude Ricketts president of the organization. The Rev. Ron Harp will give the invocation and the presentation of colors will be conducted by Hereford Boy Scouts.

Jimmie Allred will present the welcome address and the Rev. Roy Nunn of Childress will give the response. Senior Citizens and persons traveling

the greatest distance to attend the celebration will be recognized by Ricketts and will be followed by the presentation of the "Pioneer of the Year" award by Formby.

Reading of the minutes and the treasurer's report will be given by Lucille Olson and election of officers will be held just before the meeting breaks for the basket lunch at noon.

Pioneer Day planners announced that open house will be held at the Deaf Smith County Museum through the day, beginning at 10 a.m. and out of town guests are reminded that they need not bring basket lunches as they will be provided by Hereford planners.

Use squares of bright-colored cotton fabrics as both napkins and centerpiece at your next dinner party. With a solid color tablecloth add napkins that are wildly different in color and pattern. For the centerpiece, arrange napkins in a big brandy snifter, gathering them in folds like a bouquet of fabric flowers.

Cotton was not cultivated on a large scale in this country until after the Revolutionary War.

Section 1. That Section 51-d, Article III, Constitution of the State of Texas, be amended to read as follows:

"Section 51-d. The Legislature shall have the power, by general law, to provide for the payment of assistance by the State of Texas to the surviving spouse and minor children of officers, employees, and agents, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units with authority to make an arrest, of the state or of any city, county, district or other political subdivision who, because of the hazardous nature of their duties, suffer death in the course of the performance of those official duties. Should the Legislature

enact any enabling laws in anticipation of this amendment, no such law shall be void by reason of its anticipatory nature."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment authorizing the Legislature to provide for payment of assistance to surviving spouses and minor children of governmental officers, employees, and agents, including members of organized volunteer fire departments and certain organized police reserve units, who have hazardous duties and are killed in the performance of those duties."

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT (SJR31)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24, Article III, Constitution of the State of Texas, be amended to read as follows:

"Section 24. The Lieutenant Governor and the Speaker of the House of Representatives shall each receive from the Public Treasury an annual salary in an amount to be fixed by the Legislature, not to exceed one-half the annual salary of the Governor. Each other member of the Legislature shall receive from the Public Treasury an annual salary to be fixed by the Legislature, not to exceed the annual salary paid to a district judge from state funds. Members of the Legislature shall also receive a per diem of not exceeding Twelve Dollars (\$12) per day during each Regular and Special Session of the Legis-

lature. No Regular Session shall be of longer duration than one hundred and forty (140) days.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on August 5, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the Lieutenant Governor and the Speaker of the House of Representatives shall receive a salary fixed by the Legislature, not to exceed one-half the salary of the Governor; providing that the Legislature shall fix the salary of the other members, not to exceed that received by a district judge from state funds; and removing the 120-day limitation on per diem for regular sessions."

Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT (HJR50)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 50b-1 to read as follows:

"Section 50b-1. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Two Hundred Million Dollars (\$200,000,000) in addition to those heretofore authorized to be issued pursuant to Section 50b of this Constitution. The bonds authorized herein shall be executed in such form, upon such terms and in such denomination as may be prescribed by law and shall bear interest, and be issued in such installments as shall be prescribed by the Board provided that the maximum net effective interest rate to be borne by such bonds may be fixed by law.

(b) The moneys received from the sale of such bonds shall be deposited to the credit of the Texas Opportunity Plan Fund created by Section 50b of the Constitution and shall otherwise be handled as provided in Section 50b of the

Constitution and the laws enacted pursuant thereto.

(c) The said bonds shall be general obligations of the state and shall be payable in the same manner and from the same sources as bonds heretofore authorized pursuant to Section 50b.

(d) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

(e) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment such acts shall not be void because of their anticipatory nature."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The Constitutional amendment authorizing the Legislature to provide for additional loans to students at institutions of higher education under the Texas Opportunity Plan."
