SENATE VOTES TO FORBID USE OF GRAIN IN MAKING OF INTOXICATING LIQUOR

ACTION TAKEN BY A VOTE OF 32 TO 38

ASSISTANT SECRETARY OF AGRICULTURE SAYS ISSUE IS ONE OF CONTROL BY GOVERNMENT OR BY FOOD SPECULATORS.

DRY U. S. LIKELY

EFFECTIVE SEPT. 1, AMENDMENT WOULD CONFINE SALE OF WHISKEY TO THAT IN STOCK—OTHER DRINKS PERMITTED.

By Associated Press. Washington, May 12.—The first legislative step toward conservation of the nation's food resources and a long advance toward an absolutely dry United States was taken tonight by the Senate in approving, 38 to 32, an amendment to the administration's espionage bill forbidding the use of cereals or grains in the manufacture of intoxicating liquor.

By a majority of one vote the Senate also threw out of the bill the administration's censorship section and then voted overwhelmingly not to put in a modified section, as was done in the House. This action is expected to throw the censorship fight into conferences where the influence of the administration would be brought more directly.

The prohibitive amendment was adopted under a rule limiting debate and there were only brief speeches on each side. Just before the Senate had voted down, 47 to 25, a proposal to forbid the sale of intoxicants during the war.

Effective September 1, the amendment is expected to confine the sale and consumption of whiskey and other grain liquors to that already in stock and to wine, brandy and other drinks that depend upon other materials for their constituents. Another opportunity will be offered to vote upon it when the committee but opponents of the bill are not confident that the committee will be able to overturn today's action.

Estimates introduced during the fight were that \$200,000,000 in annual internal revenue would be lost if the amendment stands.

Elimination of the press censorship section ended a long and bitter fight. The vote was 39 to 38. Opportunity will come also for another vote on this section and the administration is expected to have the vote reversed.

FINLAND OFFICIAL WANTS WAR TO GO ON

Declares in Duma That Victory Necessary if Militarism Is Not to Rule the World.

By Associated Press. Petrograd, May 12.—An earnest plea for the continuation of the war until German militarism is overthrown is made by Theodore L. Roditcheff, government general of Finland, at an extraordinary session of the Duma. Roditcheff said: "Victory is necessary to establish settled international peace; the greater the victory over the enemy, the more complete will be the victory of democracy of peasants and workmen, for if German militarism is not overthrown all the work of future generations will have to be devoted to armaments."

10,000,000 MEN FOR REGISTRATION

ESTIMATED THAT THERE ARE THIS NUMBER WITHIN PRESCRIBED AGES.

ONE OUT OF TWENTY

On This Basis Texas Will Register About 420,000 and Wichita County About 3,000.

By Associated Press. Washington, May 12.—Ten million men in the United States will be subject to the selective conscription bill on July 1 within the ages agreed upon in the conference report on the army bill, Director Rogers of the census bureau announced today. The number of men between the ages of 21 and 30, inclusive, represent very nearly ten per cent of the total estimated population of between 100,000,000 and 104,000,000 on July 1, 1917. If these conscription eligible the bureau estimates Texas will have 420,000, Oklahoma 213,500, Arkansas 156,500, Louisiana, 171,900.

The estimated population of Wichita county is about 20,000 and on the basis of the Texas national guard, it is estimated there will be about 3,000 to register. If there are 10,000,000 registered one man in every twenty will be required for the army of 500,000. In this ratio about 100 men will be conscripted from Wichita county on the first draft.

Miners' Committee Tells Men to Go Back to Work—Government Will Not Tolerate a Strike.

By Associated Press. Washington, May 12.—Seventy-five thousand bituminous coal miners of the second Pennsylvania district, who threaten to strike May 15, as a protest against working conditions, were directed today by a special committee of their number to continue work. The miners' committee and the government, summoned here by the administration, reached an agreement after they had been told by Secretary Wilson of the labor department that a strike at this time.

KENTUCKY DERBY WON BY OMAR KHAYYAM

By Associated Press. Louisville, Ky., May 12.—In one of the most brilliant exhibitions of stretch running ever seen here, Omar Khayyam, carrying the colors of Billings and Johnson of Nashville, won the forty-second renewal of the Kentucky Derby at Churchill Downs today before the largest crowd that has ever thronged the event. The imported mare Laska colt carried 117 pounds and ran the mile and a quarter in two, four and three-fifth seconds. This is the largest stake for three-year-olds in America and was worth \$16,300 net to the winner. Andrew Miller's Picket was second, two lengths back.

GOVERNOR FAILS TO SIGN PROHIBITION RESOLUTION

By Associated Press. Austin, Texas, May 12.—The Governor today filed in the state department without his signature, a Senate concurrent resolution memorializing Congress to pass a law prohibiting the use of grain in the United States for the manufacture of intoxicating liquor during the war. The governor signed the Senate bill, providing for the appointment by the governor of officers of the Texas national guard, and also prescribing the qualifications of enlisted men.

REGULATIONS FOR BOATSTO BE CHANGED

Drastic Rules Will Be Put Into Effect to Reduce Risk From Submarine.

By Associated Press. Washington, May 12.—To further reduce the submarine risks, drastic changes were ordered today in the present life boat regulations. The modifications were made by the department of commerce on reports showing that only two Americans aboard torpedoed ships have lost their lives by gun fire or torpedo explosions and that all others were drowned or died from exposure. Hereafter all American steam vessels entering the war zone must carry enough life boats to accommodate every person aboard and, in addition, must have enough life rafts for 25 per cent. All vessels must provide 15 cubic feet in life boats for each person instead of ten as at present. All life boats must carry hand pumps of considerable size, food must consist of hard bread and the United States army emergency ration, instead of a thrice-daily food, such as corned beef or salt fish as at present.

PRESIDENT WARNS THAT WAR IS GRIM

COST MAY BE SUFFERING AND SACRIFICES THAT WILL MAKE "THE LACK OF CIVIL INFINITESTIMAL IN COMPARISON."

UNITED COUNTRY

At Dedication of Memorial to Women of the North and South Wilson Declares United America Has Put Heart Into Task.

By Associated Press. Washington, May 12.—President Wilson said in a public address here today that the struggle against Germany means grim business on every side of it, but that America had put its heart into the fight and responded with united nation to the call for service.

Speaking at a dedication of the Red Cross memorial for the women of the Civil War, the President predicted that the present struggle would not only obliterate the last division between the North and South, but would wipe out any line, either of race or of association, cutting apart the great body of the nation.

This new union he said would result from a common suffering and sacrifice for the unselfish cause of freedom and democracy.

"We look for no profit," said he. "We go because we believe the very principles upon which the American republic was founded are now at stake and must now be vindicated."

Former President Taft introduced Mr. Wilson as the nation's leader in the greatest war in history. Secretary Baker formally presented the memorial building to the Red Cross society and President Wilson made the speech, accepting it as head of the society. The building, a handsome \$500,000 structure, was built by the government and dedicated to the women of both the North and the South.

Mr. Wilson declared that although the United States had gone into the war "with no special grievance of our own, the cost might be suffering and sacrifice of such magnitude that death of the Civil War would be infinitesimal." To the end that the best use be made of all to alleviate conditions he urged that all philanthropic channels such as the Red Cross.

Senator Williams, of Mississippi, spoke on "The Women of the South," and Henry R. Hays, of Illinois, chairman of the West Point Military Academy, on "The Women of the North." Secretary Lansing and Secretary Daniels, and several foreign diplomats also were present.

DECLARES TIME NOW FOR FOOD CONTROL

Opponents of Amendment Not Hopeful That They Will Be Able to Overturn Saturday's Action When Vote Comes Again.

By Associated Press. Washington, May 12.—Today's sharp rise in July and September grain prices on the Chicago exchange drew from the agricultural department tonight a statement denouncing "food gamblers and economic parasites." Carl Vrooman, the assistant secretary, declared the time had come for the government to take decisive action to check the upward trend.

"The people will brook no delay," said Mr. Vrooman, "in cutting out the activities of these economic parasites, these disloyal food gamblers who are operating in every city in this land on the food necessities of the poor. The issue is food control by the government on the one hand and food control by the speculators."

"Some one said a few years ago that Russia was a despotism tempered by assassination, so one might today say we are suffering by food control tempered with indictments. The only government control possible is controlled based upon such laws as these now before congress, authorizing the agricultural department and the president to establish minimum prices and to prohibit or restrict the sale of commodities at unreasonably low prices in the interest of the producer and consumer. Every European country has found it necessary during the present war to confer upon its government food control powers greater than those proposed by the administration for our government during the present emergency.

LEGISLATURE WILL ADJOURN MAY 17

ACTION OF HOUSE IN PASSING APPROPRIATION BILLS ASSURES COMPLETION OF WORK.

MANSSION EXPENSES

Again Arouse Discussion in House When \$2,850 Item in Deficiency Bill is Reached.

Special to The Times. Austin, Texas, May 12.—That the Thirty-fifth Legislature will complete its session on the 30th of this month and adjourn sine die next Thursday thus avoiding another extra session, was assured tonight when the House disposed of all but one of its general appropriation bills, but these will be carrying miscellaneous appropriations and that has been made a special order for Monday morning, and the Senate discussed of several pending bills, including the consideration of its educational bill.

The Senate has yet to consider its departmental and deficiency bills, and a considerable speculation as to what will be the final outcome of the item of \$2,850 carried in the House deficiency bill for the payment of expenses for the 30th day of the session in excess of the appropriation made for that purpose. The House rejected the item by a vote of 27 to 42, but it is understood an effort will be made to have the item allowed when it is acted on by the free conference committee.

The House, this afternoon, passed by a vote of 283 to 229, the bill providing for increasing the State Rancier to a maximum of 1,900, and carrying an appropriation of \$250,000. An effort was made to suspend the constitutional rule and place the measure on third reading and final passage but this failed by four votes. The 17th House bill making it unlawful to wear the uniform of a soldier in the National Guard also was passed finally. The House deficiency bill for sheriffs and other fees of county officials was passed finally, carrying \$283,329.

The Senate passed finally the Beech book bill without a roll call. The bill now goes to the House for action. The bill by Senator Dayton providing for the enrollment of a soldier in the public schools was killed on a point of order. The point was made by Senator Bailey that this bill was not with in any act or recommendation made for his legislation by the governor, and the president of the Senate so stated the point. The Senate passed two of the more important budgets in the budget for the University, Senator J. H. Brown, of the Agricultural and Mechanical College and the University of Texas.

During the consideration of the budget for the University, Senator J. H. Brown, of the Agricultural and Mechanical College and the University of Texas, introduced an amendment striking out the appropriation of \$15,000 for two years for the school of journalism. Senator McNeosis called attention to the item.

ROOSEVELT MAY YET BE GIVEN WISH

HOUSE CLEARS WAY FOR EXPEDITION IF ADMINISTRATION DECIDES TO AUTHORIZE COLONELS PLAN FOR LEADING TROOPS.

DELAYS MEASURE

Amendment Sends Bill Back to Conference But Little Doubt That Senate Conferees Will Accept the Amendment.

By Associated Press. Washington, May 12.—The way was cleared in Congress today for Colonel Roosevelt, if he receives authorization from the administration, to raise a division of volunteers for service in France.

Reversing its previous action and overruling the conference committee on the army grant bill, the House voted 250 to 178 to empower the president to extend authority for recruiting such a division. This put the army bill back to conference, but the Senate has already adopted a similar authorization during original consideration of the measure and its conferees are expected to agree quickly to it now.

Whether the necessary authority will be given Colonel Roosevelt by the administration is problematical. The army general staff, whose advice President Wilson has followed closely in the conduct of the war is strongly opposed to such a plan, declaring that volunteer units of that character have no place in the great war.

The House voted the authorization after a stormy debate.

ROOSEVELT DELIGHTED WITH ACTION OF HOUSE

By Associated Press. Oyster Bay, N. Y., May 12.—Colonel Theodore Roosevelt made no secret of his delight at the action of the House, but he refused to discuss his plans for putting a military force in the field until his authorization to do so becomes official.

"I am deeply grateful at what the House has done," Colonel Roosevelt said. "I feel they have taken a step which is eminently wise and patriotic to ward enabling us to utilize an element in the country we would otherwise not utilize at all. This will enable a mixed force of regulars and volunteers to put to the front during the time necessary for training the great army raised under the selective draft."

"I am particularly pleased with the support of Jimmy Gallivan, the Democratic congressman from Houston, and the old Harvard second baseman."

ECONOMIC PARASITES AND FOOD GAMBLERS DENOUNCED BY VROOMAN

FERGUSON SUBMITS MESSAGE ON COUNCIL OF DEFENSE

By Associated Press. Austin, Texas, May 12.—Governor Ferguson today submitted a message to the Legislature, recommending the creation of a law providing for the creation by law of a state council for defense in order that the council be named by the governor and be authorized to advise the governor and the president of the Senate on the defense of the country.

In view of the well known conditions that confront the country, it is deemed necessary to make any legislation in support of this needed measure, the governor said in his message.

HOLLWEG UNLIKELY TO DISCUSS PEACE

Chancellor Reported to Have Won Over Majority to His View Against Discussion.

By Associated Press. Copenhagen, May 12.—The German organ of the clerical party, indicates that Chancellor von Bethmann Hollweg does not intend to make a statement with regard to peace plans before the Reichstag. The Chancellor has evidently won over the center and right of the National Liberal delegation to his view that a discussion of peace terms at the present time is inadvisable.

In view of the general attitude of Philip Scheidemann and other majority Socialist leaders, it would not be surprising if the Socialists also abandoned their intention of forcing a peace debate.

The result of the proposed interpellations is very likely to be a controversy between the opponents and supporters of the Chancellor, rather than a debate of peace possibilities. The Conservatives are daily growing more desperate as their work of the Constitutional division committee proceeds without any intervention from the government to dam the wave of reform which threatens the political influence of the Junkers.

HAIG'S FORCES STORM GERMAN POSITIONS AND CAPTURE BULLECOURT

Storming the German lines near Arras along a 12-mile front, British troops have forced back the Germans at two important points and have established themselves in Bullecourt, the scene of many desperate struggles recently. Heavy losses were inflicted on the Germans and several hundred prisoners taken.

Without giving the armies of Crown Prince Rupprecht time to recover after the repulse of their ineffectual counter attack, Field Marshal Haig, early Saturday, threw his forces against three vital points in the line protecting Douer, and in each place gained its objective. At the southern end of the line was Bullecourt protecting Queant. Here thousands have fallen in attack and counter attack in the last few weeks. The battle here lasted many hours, during which the British firmly entrenched themselves in the village.

ONE PURCHASING COMMISSION OR A SINGLE AGENT

ALLIES MAY PLACE PURCHASING POWER IN HANDS OF ONE MAN WITH AUTHORITY TO BUY ALL SUPPLIES.

AN AMERICAN LIKELY

Commission Will Cooperate With American Organization and Will Be Given Widest Authority—Will Be in Operation Soon.

By Associated Press. Washington, May 12.—Centralization of the allies purchasing needs in a single commission, possibly in one man, is almost certain to result in the appointment of only one American, or only one American to the commission. Officials believe that only an expert knowledge of the American purchasing conditions, finance and economic conditions would be required to make the commission fully effective.

Indications are that the plan will be fully ratified by the allied nations concerned within a month of six weeks, and that the commission will be working by midsummer.

Present plans are that the commission will not only exercise the widest authority on behalf of the allies, but also will cooperate closely with the American governmental organization having to do with foodstuffs, munitions, fuel and other essential supplies purchased in lots and hence its activities would dovetail with those of the agency controlling transportation facilities.

ST. LOUIS TO TAKE \$80,000,000 OF LOAN

BRITISH ARMORED CARS ARE EFFECTIVE

Despite Slighting References, It Appears These Tanks Are Causing Germans Much Trouble.

By Associated Press. Copenhagen, May 12.—British armored motor cars and gas grenades are evidently giving considerable trouble and cause for worry to the Germans on the western battle front, notwithstanding the slighting reference to them in the official report. Lieutenant General Von Ardenne, the new military expert of the Berlin Tageblatt, who has just returned from a visit of inspection to the western front, attributes the success of the British in their opening drive at Arras on April 9, largely to a gas shell which laid such a curtain of gas before the German artillery that the gunners were hampered sorely on the work. He claims, on the other hand, that the French suffered equally from

the German gas on the Aisne a week later. The agencies employed in the shells have been improved steadily in efficiency and German masks, although preventing fatal results, do not give complete protection to the wearers, whose health and respiration show the effect when rapid movements are necessary as in serving guns. Baron von Ardenne says the British tank is probably the most amazing weapon which modern land warfare has produced. He admits they have caused the Germans heavy losses, particularly by their blasting fire, though they are by no means invulnerable to the German artillery.

Hubsey Jennings, manager of the Tigers, says he will respect Harry's wishes.

TO GIVE SCHOOL EXHIBIT FRIDAY

EXHIBITION OF WORK IN ALL DEPARTMENTS WILL BE SHOWN AT HIGH SCHOOL.

PUBLIC IS INVITED

Art, Domestic Science, Manual Training Work Will Be Shown As Special Features.

Friday, May 18, a public demonstration of the work of the ward and high schools in every department—drawing, domestic science and manual training, as well as the ordinary branches of instruction, will be held at the high school. A general invitation through the press will be given all patrons of the schools and others interested in the school work and the students will be invited to prepare special invitations for their parents. The school board is anxious that several thousand parents, both mothers and fathers, attend and witness the work of the children for the year, as contained in the exhibits.

There will be a special art exhibit in charge of Miss Mignon Martineau, with an elaborate collection of crayon, water color and work in other mediums, and a very attractive exhibit of sand table work, done by the young students. Special clay model and basketry exhibits with some weaving and tapestry work will be made a special feature. This exhibit will be much more complete than any previous to this, and Miss Martineau and the pupils have been at work on their exhibition models for more than a month.

T. M. Conroy, high school instructor in manual training, is planning an attractive part in the exhibition for the work of the high school boys who have studied under him this year. Numerous pieces of furniture, table desks, benches and cedar chests are some of the larger articles which will be shown.

The domestic science department of the high school, with Miss Lucy Martineau at the head, will also have an exhibit which will be well worth seeing. The girls have done much work in the various classes, the finished articles ranging from bits of crocheting and tatting to dainty summer frocks and whole suits of lingerie.

The exhibition of the two new wings to the high school building has made it very commodious and the various ward schools will have sufficient space to display the work of the year. It is hoped that every parent will feel that they have a personal interest enough so to attend the exhibition.

THREE SHOTS TAKE EFFECT IN BODY OF ALTUS MAN

Special to The Times.
Altus, Okla., May 12.—Durward Nelson, a local barber, yesterday morning fired five shots at Alton Williams, three of the shots taking effect. One shot hit Williams in the shoulder, another in the left arm, and the third in the hip. It is not thought any of the wounds will prove serious. Nelson gave himself up to the authorities after the shooting.

The difficulty occurred near the barber shop of Nelson, Williams is about 21 years old, the son of a local blacksmith.

BURKBURNETT CLUB CHALLENGE

PROPOSES CONTEST AS TO WHICH TOWN WILL GIVE LARGEST VOTE FOR BONDS.

LETTER IS RECEIVED

Road Advocates in Red River Town Much Gratified With Reports Secured.
The Commercial Club of Burkburnett has challenged the Chamber of Commerce of Wichita Falls and the commercial organizations of the other towns in the county to a contest as to which town will give the vote of the largest proportion of its voting strength for the bonds.

B. F. Johnson, campaign manager for the bond issue, last night received the following encouraging letter from the Burkburnett Commercial Club:

"Dear Sir:

"We take this means of informing you that the Commercial Club of Burkburnett met in called session this morning for the purpose of learning the sentiment of the representative business men of the city with regard

PLOWING VACANT LOTS IS STARTED

PROMISES TO CULTIVATE LOT GARDENS AGGREGATING 75 ACRES OBTAINED.

GARDENS IN DEMAND

Committee More Than Pleased With Response From Owners and Those Who Will Work.
Seventy-five acres of gardens, in the city limits to be plowed and seeded by the Chamber of Commerce, have already been taken by Wichita Falls residents, with promises to tend them as desired in the movement for turning the vacant lots into gardens. This was revealed in a partial report of the districts of the city, made by the chairman of the Civic League Saturday afternoon at a meeting of the executive committee of women, appointed at the mass meeting Thursday afternoon, with the agricultural bureau of the Chamber of Commerce, and the Rotary Club committee.

Work on plowing these vacant lots was started Saturday and on Monday several more men with teams will be put to work so that the gardens may be gotten ready immediately. For the work the agricultural bureau of the Chamber of Commerce appropriated funds to be used for labor and seeds.

The movement has met with much encouragement from the very start and there are many who are anxious to be given a chance to become producers.

There have been so many calls for gardens that the committee in charge will ask those that are able to have the gardens plowed themselves, and in some cases furnish the seed. There are so many people who need a garden that it is felt the money appropriated for this purpose should go to those who under other circumstances would produce no food whatever. Every citizen, whatever his circumstances, however, is urged to get a vacant lot and put it into garden and those who are able may show a good sensible every day brand of patriotism by having it plowed and seeded at their own expense.

There are some owners of vacant property who have flatly refused to give them for gardening purposes. However, these are in the minority, it can be said. In reference to these the committee stated that it would be much cheaper to let them be used for gardens rather than have the weeds cut off from time to time, as will be necessary if they continue vacant, on account of the weed cutting ordinance.

Patriotic Economy Demands "Business As Usual"

It is the census of opinion of business and professional men of America who have made a close study of economics; that business must be kept going for the sake of the country.

There is no need for any hysteria of economy because of our entrance into the war. The effect has been discounted many months ago. We did not plunge in. We gradually drifted into the situation, and this nation is well prepared for any contingency. This is the market place of the world and we must not disorganize it by a sudden change in our mode of life.

Patriotic economy merely means the elimination of wastes and extravagances. It means the conservation of our food-products, our natural wealth, our health, our energies, our labor, our very lives—but it does not mean that we should stop buying the things the manufacturers make, the railroads carry and the merchants sell. Labor must be employed; homes must be kept up; merchandise must be produced, distributed and used.

In our opinion, no more serious evil could befall this country than for the public to anticipate any depression and to make any great change in their methods of life.

"Business as usual" is a pretty good slogan for every one of us to follow.

FARMERS FAVOR ROAD BOND ISSUE

MANY WHOSE SENTIMENTS HAVE BEEN LEARNED DURING WEEK VIEW ISSUE FAVORABLY.

WOULD BENEFIT ALL

Farmers Desire System of Good Roads And Are Willing to Vote Tax to Get Them.

That the farmers of Wichita county favor the proposed improvement of the public roads and generally will support the \$750,000 bond issue at the election that has been called for May 24, is daily becoming more apparent, as is also the fact now generally conceded, that the bond issue will carry at the election.

views with prominent citizens from the various towns and sections of the county have been published, all showing that the people, with few exceptions, desire a system of good roads throughout the county, and are willing to pay the necessary amount in taxes annually to secure them.

Saturday afternoon several of these farmer citizens were met on the streets of Wichita Falls who were free to express themselves favorably on the subject and they all gave good reasons for the positions they have taken.

M. A. Phillips, a well-known and successful farmer, residing on Rura Route No. 2, about five miles east of the city, enthusiastically said that he would vote for the road improvement bond issue at the coming election, and that so far as he knew, about all of his neighbors were going to do likewise. Mr. Phillips said that it is a pleasure to a farmer to raise good crops of all kinds, but that it is another thing, altogether, to have to haul them to market over some of the kinds of roads there are in this county and elsewhere throughout North Texas, and that, so far as he was individually concerned, he was going to try for a change by voting for the proposed bond issue. He said that both his corn and cotton crops look very promising, and that, with the exception of his wheat, all of his crops are in a satisfactory condition.

W. H. Johnson, a land owner and farmer living eight miles west of town, also was heard to say a good word in favor of good roads. Mr. Johnson said Wichita county is badly in need of a system of improved roads and that he believed the majority of the citizens in his part of the county will vote for the bond issue. Mr. Johnson said he had secured a good start of corn which he had planted early and that the crop had been cultivated twice and was looking fine. He also said his cotton crop is very promising.

J. L. McConkey of this city, who has been closely identified with the farming interests of the county for many years, said that he believed that the farmers generally are for the improvement of the roads, and that the bond issue probably will carry at the election. He said the need for a system of improved roads in the county was evident, and that the people are alive to that fact generally speaking, but that he also realized the fact that there is some opposition to the bond issue at this time.

FOUR TIE IN SHOT FRIDAY AFTERNOON

Sherrod And Shogemaker Also Tie in Shoot-off Each Making Twenty-four Hits.

A tie score between Dell Shoemaker, S. Sherrod, C. J. Pate and E. G. 7-Passenger—48 Horsepower 127-inch Wheelbase

The All-Nation Car Combining Ideals from Everywhere Gathered by John W. Bate

The Mitchell has long commanded a very high place abroad. All the roads of the world have proved Mitchell endurance.

In 1913, John W. Bate spent a year among European makers, to study their ideals and their standards. And he has driven cars practically all over America to study conditions here.

Cars Too Light

Mr. Bate believes that the trend toward lightness went too far, and sacrificed endurance.

So he has worked three years on Mitchell to double the margins of safety. The old standard was 50 per cent overstrength—the new is 100 per cent.

Over 440 parts are built of toughened steel. All safety parts are vastly oversized. All parts which get a major strain are built of Chrome-Vanadium. Gears are tested for 50,000 pounds per tooth. The cantilever springs are so built that not one has broken in two years.

The result, we believe, is a lifetime car. Several Mitchells we know of have already run over 200,000 miles apiece. But such standards mean much added cost in these days of high steel.

How We Pay It

Men wonder how we pay for all the Mitchell extras. In addition to 100 per cent overstrength, there are 31 extra features. And this year we add 24 per cent to the cost of luxury and beauty.

Yet one Mitchell Six—Mitchell Junior—sells for \$1195 at factory. The other car undersells any car you can class with it.

TWO SIZES

Mitchell — a roomy, 7-passenger Six, with 127-inch wheelbase and a highly developed 48-horsepower motor. Price \$1460, f. o. b. Racine. Also new Club Roadster.

Mitchell Junior — a 5-passenger Six on similar lines, with 120-inch wheelbase and a 40-horsepower motor—1/2-inch smaller box. Price \$1195, f. o. b. Racine. Also six styles of enclosed and convertible bodies.

One Size for \$1195

Mitchell Junior, with 120-inch wheelbase, sells for \$1195 at factory. It has a six-cylinder, 40-horsepower motor.

The 7-passenger Mitchell—a most impressive car—sells for \$1460 at factory. Yet it excels, in many ways, cars which cost much more.

See these extra values. Judge for yourself what they mean to you. If you do that, you will want a Bate-built car.

Keep Business Going—For Our Country's Sake!

Our country prosperous can pay our war costs, as they come, and have enough left over to aid our Allies.

Our country unprosperous, with business halting, money hoarded, through fear or false economy, will be hard pressed to keep food on the table and clothing on the back.

Keep Business Going

is a patriotic slogan. Keep money in circulation. Keep employment for everybody. Keep wages good. Keep on making money that we may have money to spend for war sacrifices.

The worst thing that could happen to the world these days would be a business depression in our United States.

War in itself does not cause our business depression.

The billions of dollars of money to be expended in war preparations will be put into circulation in our own country and this in itself will create new wealth for us in the world-struggle for humanity.

The one thing that might halt business now is an unpatriotic psychological feeling of panic and a false idea of patriotic economy.

Patriotic Economy

Patriotic economy means the elimination of waste and extravagance. It means the conservation of our food products, our natural wealth, our health, our energies, our labor, our very lives.

It means putting more efficiency in everything we do so that each unit of money, energy and intelligence may accomplish the utmost.

Patriotic economy does not mean the lowering of America's standard of living, which would make us less efficient physically and mentally; nationally and individually, and would kill the spirit and the will to do the truly self-sacrificing things to be done.

Cities and communities must go on with their civic improvements. Road building and public works must proceed. Railroads must renew their equipment. Factories must be kept going to their full capacity. Labor must be employed. Homes must be kept up. Merchandise must be produced, distributed and used. War duties and war expenditures must be in ADDITION to peace duties and peace expenditures. The more we spend the more we CAN do. The more money we spend the more we will have in our pockets to spend. Money creates money.

In a word: the natural, sane life of the country must proceed as though we were not at war, in order that we may have the necessary prosperity to promote the war to a quick and successful conclusion.

President Wilson sounds the keynote in this sentence: "It is evident to every thinking man that our industries, on the farm, in the shipyards, in the mines, in the factories, must be made more prolific and more efficient."

Our industries can be made more prolific only if the people buy and use the merchandise produced by our industries. Manu-

facturing grows in a prolific way when business grows. And business can grow and remain healthful only when the people buy and keep money in circulation.

Business IS Going—Strong

Business is going—in the East, the West, the North, the South. The country is prosperous. Last month's increase in business was very large. Banks may wait in their operations until the government bonds are assimilated. People may pause temporarily in their outfitting to arrange to meet the new conditions. But the unloosing of billions of dollars will unloose a flow of prosperity absolutely necessary to sustain the world's burden.

Governments set the pace in their expenditures.

Individuals must not lag behind.—Seven billions of dollars to pay is only \$70 per capita in the United States. Yet seven billions of dollars, put into work at 6 per cent—a fair estimate of the producing power of money—will create 420 millions of new wealth.

The income tax we pay will not be a tax on prosperity, but a spur to prosperity. Every dollar the individual pays out will come back to him with interest in the general prosperity of the people.

Keep business going—for our country's sake. War cannot be waged and won without the sinews of war.

MAYOR PROCLAIMS PART HOLIDAY ROAD BOND ELECTION DAY

At the suggestion of the directors of the Retail Merchants' Association and others, Mayor A. H. Britain has issued a proclamation declaring a part holiday on Thursday, May 24, the date of the county road bond election. His proclamation follows:

"I, A. H. Britain, mayor of the City of Wichita Falls, by virtue of my office and because of the fact that the citizens of Wichita County will on Thursday, May 24th, vote on the question of issuing bonds for the construction of a system of durable highways in said county and whereas the construction of good roads is a vital factor in

the development of our county; and in order to give the citizens of Wichita Falls an opportunity to cast their votes in favor of the bond issue, I hereby proclaim the hours from 3 to 6 p. m., Thursday, May 24th, 1917, to be a holiday.

"All places of business of whatever nature, the various departments of the city of Wichita Falls, and all businesses not necessary to the health and welfare of our citizens are hereby ordered to remain closed between the hours before mentioned.

(Signed) "A. H. BRITAIN, Mayor."

National League Club Owners Decide to Adopt Policy of Watchful Waiters.

By Associated Press. New York, May 12.—After a three-hour conference here today the National League club owners decided to adopt a policy of watchful waiting before attempting to grapple with any of the new problems resulting from the war and adverse weather. Every club in the circuit was represented by its president, when John H. Tamm, the league executive, called the session to order.

The magnates discussed the proposed war tax, the drafting of players for the army, a later opening of the season, violation of waiver rights, better telegraph facilities for reporting of games and a proposition to reduce the club rosters, but no definite action was taken on any of these subjects.

It was decided to enforce the present rule limiting the number of players any club may carry between May 15 and August 31 to 25. This allotment to include players either injured or sick. In case the army draft hit the clubs hard exceptions may be made to this rule.

SMITH OUT IN FRONT

In National League Smith and Roush Are Out in Front in Merry Race For Hitting Honors.

Chicago, May 12.—George Sisker of Cleveland, has crowded Tris Speaker of Cleveland out of the lead for hitting honors in the American league, unofficial averages released today show.

The St. Louis first baseman, driving out eight hits in his last five games, is leading with an average of .429, although Roush, a St. Louis pinch hitter, batting seven times in ten games, has an average of .429. Speaker, the 1916 batting champion, has fallen into fourth place. The averages include games of last Wednesday.

AMERICAN ASSOCIATION HARD HIT BY WEATHER

Louisville, Ky., May 12.—For the fourth successive week since the opening of the season, American association clubs were handicapped by the weather conditions which forced the postponement of games, piling up a larger number of contests which later may be played as doubleheaders.

Eight games were postponed, two of which were played off during the week in double headers, leaving six to be disposed of later in the season. Only twenty-four games had been scheduled for the week, because the teams were idle one day while making long jumps.

The week saw Indianapolis strengthen its hold on first place, and Louisville and Columbus move up one notch each in the scale. Louisville displaced Kansas City from second place by a narrow margin, and Columbus with the best week's play that club has had since the season opened, moved from the head of the second division into fourth place in the first division, displacing Milwaukee.

Indianapolis, with a clean sweep of the five games, made the best record for the week of any club in the league. Two games were taken from Minnesota, two from Cleveland and one from Milwaukee. Louisville, in second place, also played five games during the week, taking two from an opponent, one against Milwaukee, and winning and losing one each of two games played with Kansas City.

A record of the games played, won and lost and runs, hits and errors, for the week ending Wednesday, May 10, and including games of that day, follows:

Team	W	L	Runs	Hits	Errors
Indianapolis	5	0	38	48	1
Louisville	3	2	21	41	3
Kansas City	3	2	24	36	13
Columbus	3	2	17	34	4
Milwaukee	2	3	14	29	6
Minneapolis	2	3	22	30	2
St. Paul	1	4	11	18	1
Toledo	2	2	16	21	3

BILLY DOYLE TEMPORARILY IN CHARGE OF BREWERS

WILL ASK GOVERNMENT TO REFUND \$750,000

By Associated Press. Austin, Texas, May 12.—Both branches of the legislature today adopted a House concurrent resolution by Representative Woods and others, urging upon the Texas delegation in congress to take such steps as will, at the proper time, procure the refunding to the state, by the Federal government, of moneys expended by the state under the bill carrying \$750,000 for increasing the Texas National Guard. It is insisted by the supporters of the resolution that the state should be reimbursed for any of such funds expended. The resolution also provides that the Federal authorities shall keep a detailed account of such expenditures.

MEN WITH BEST AVERAGES IN THE SOUTHERN LEAGUE

Chicago, May 12.—Covington of Little Rock, and Pfler of Chattanooga, maintained their positions as leading hitters in the Southern association, according to averages published here today, which include games of Tuesday's diversion from the list with an average of .392. E. Medler of New Orleans, leads in sacrifice hits, with 20. McDonald of Birmingham, is in front in club batting, with an average of .274.

Player	W	L	Runs
Leonard, Boston	3	1	67
Fisher, Chicago	3	1	29
Cicotte, Chicago	4	2	129
Shore, Boston	0	1	129

J. Bush, Philadelphia	2	4	166
Ruth, Boston	6	0	174
Klepper, Cleveland	2	1	182
Bugby, Cleveland	3	2	188

Jack Smith of St. Louis is setting a merry pace for Roush of Cincinnati, to maintain his position as the leading hitter in the National league. Smith is out with an average of .429, although he has made only twenty-one trips to the plate in twelve games, as compared to Roush, who has 40 trips. Smith is hitting at a .429 clip. Roush, former Federal league star, is now eighth in the list as compared with fifteen a week ago. The averages include the games of last Wednesday.

Rutherford, Chicago	2	1	213
Toney, Cincinnati	2	2	221

Bocker of Kansas City, has retained the leadership among the batters in the American association. His average is .357. R. Williams of St. Paul is a pinch hitter, tops the list, however, with an average of .401 for ten games. Bocker has led in home runs, with five. Bronkie of Indianapolis is in second place, with six, and Molwitz of Kansas City, with five. Williams, with nine sacrifice hits, with nine. Wickland of Indianapolis, has scored the most runs, sixteen. Kansas City is leading in club batting, with an average of .275. The averages include games of last Wednesday.

Leading hitters: R. Williams, St. Paul, .401; Bocker, Kansas City, .357; Williams, Kansas City, .357; Demmitt, Columbus, .357; Bronshan, Toledo, .357; McCarthy, Louisville, .322; Molwitz, Kansas City, .319; Derrick, Indianpolis, .318; Wise, Toledo, .306; Dresser, St. Paul, .296.

McQuillan of Kansas City, with four victories and no defeats, and Lowdermilk of Columbus, with five victories and one defeat, are the leading pitchers.

NORTHCLIFFE ALLIED SMALL INVESTOR CAN WARWICK OF WAR BUY GOV'T BOND

Northcliffe, in a word, is the successful composite of what every great American publisher or editor wanted to be. Whether he is a crisis monger, merchant of clamor, or prophet of panic and depression (as his enemies make him out) or whether he is the voice of democracy, catalyst of public liberty, custodian of the nation's welfare for his friends and supporters, one fact is certain. He is the liveliest and most vital human entity in England, a man alternately praised and damned, who, by the vast changes that have been wrought, must be regarded as the Warwick of this war. If he lived in America he would be a presidist maker.

What Society is doing

BRIDGE SERIES AT THE GWYNN HOME THURSDAY

Mrs. Peyton Gwynn was numbered among the hostesses of the week, entertained both morning and afternoon Thursday. For the morning hospital, there were five tables of friends, bidden to spend an hour at the bridge. The springtime beauty of outdoors was brought into the home by a profusion of roses in red and white, which decked the rooms where the game tables were arranged. The prize for high score, a Dresden candy box repeating the rose motif, was won by Mrs. C. Mytinger.

MISS MAYO ENTERTAINS WITH COLONIAL PARTY

Friday evening Miss Maude Mayo entertained a number of young people with a Colonial party at her home, 209 Burnett. "The girls were quite, old-time costumes, with Miss Nettie Humphreys as "Martha Washington." Several of the young men were also in fancy dress, N. B. Rawls making an effective "George Washington." The house was decorated with flags and bunting in an appropriate and patriotic effect. Games, music on the Victrola and several games, provided amusements. Miss Mayo was assisted in entertaining by her mother, Mrs. William Mayo. Refreshments of iced fruit, punch and cake were served to Misses Ruby Edwards, Nettie Humphreys, Ruby McDonald, Tessie Hess, Lena Humphreys, Grace Vernon, Bessie McMillan, Bess Gibson, Marie Humphreys, Maude Schaffer, Messrs. John McCoy, N. B. Rawls, George White, Dewey Rice, Solon Humphreys, Mack Rice, John Gibson and G. Burns.

CLASBY-MILLER CLASS ENTERTAINED THURSDAY

The Clasby-Miller class of the Baptist Sunday school was entertained most delightfully at the home of Mrs. J. J. Lory, those of the class of the initial "L" being the hostesses. Officers for the ensuing year were elected: Mrs. Nettie Humphreys, president; Mrs. Coleman, vice-president; Mrs. Fox, secretary and treasurer; and Mrs. R. C. Miller, teacher. A thank-you note was given the retiring officers and the class poet, Mrs. J. J. Lory, read an appropriate and original poem. The former teacher, Mrs. J. Clasby, now of Dallas, was present and made a talk that was much enjoyed, and additional entertainment was found in an Edison concert. The hostess served delicious brick ice cream and wafers late in the afternoon. There were 48 present.

FIRST CHRISTIAN LADIES ENTERTAINED THURSDAY

A "Thimble Party" for the ladies of the church was held Thursday afternoon in the parlors of the First Christian Church by Messames Scharrf, Pennington, Walker, Allen, Smith and Harrows. It has been the custom of the Ladies' Aid of this church to have informal gatherings similar to this for neighborhood members, but Thursday all were gathered together for a pleasant hour or two with their needles getting acquainted with newcomers. The hostesses served delicious straw berry ice cream and wafers, and the close of the pleasant afternoon.

Mother's Day Service at M. E. Church South 3 P. M.

Today is "Mother's Day" and all through the nation, men, women and children are joining in sacred services to honor the best mother that ever lived, your mother and my mother. Wichita Falls will pay tribute to its motherhood in a union service to be held at 3 o'clock this afternoon at the M. E. Church, South, corner of Seventh and Lamar. The Mothers' Clubs of the city have interested themselves in the preparation of this program and urge that it attend to honor their mother living, or to pay a tribute to her memory. All attending are urged to wear a flower this being the customary observance of the day. The program follows: Organ prelude—Miss Cook. Hymn—"America"—Congregation. Invocation—Rev. S. A. Harrows. "The Mother's Influence on Our Great Men"—Rev. N. F. Grafton. Trio—Messames Clifford, Barron and Miss Agnew. Prayer—Mrs. Ola Hamblin. (Voluntarily solo—Mrs. L. D. Brasfield of Hickman, Ky. "The Young Man's Obligation to His Mother"—Rev. H. F. Draper. Vocal—"Mother's Mine"—Ivan Murchison. "Our Mothers, Our Heroes of Heroes"—Dr. P. G. Cross. Vocal—"Tell Mother I'll Be There"—Mrs. N. M. Clifford. Prayer—Rev. R. C. Miller. "Home, Sweet Home"—Choir. "The bravest battle that ever was fought," Shall I tell you where and when? On the map of the world you'll find it not. For 'twas fought by the mothers of men.

Lola Fitzgerald, Aubrey Walters, Cecilia Roth and Anna Dell Bradshaw.

CAMPFIRE GIRLS MEET ON FRIDAY AFTERNOON

Wichita Falls Camp Te-Ha, of the Campfire Girls, held a council fire Friday afternoon at the M. E. Church, South, the girls filing into the fire altar in their ceremonial robes. The guardian, Miss Muriel Hickman, opened the council, and the counils of the camp for the past two months were read by Misses Alice Jenne and Mary Mathilde Akin. Miss Annie Edward Harcus was appointed to keep the count of the present month. A new Campfire girl, Miss Hattie Adams, was welcomed into the council, and after a short talk by the guardian on the part the girls can play in helping the country in the war times, a first aid quiz was held, conducted by Miss Hickman. It was decided to hold no meeting next Friday, but to have a social meeting within the next two weeks with the guardian. With the business all attended to the council was adjourned and the girls filed out with the usual closing ceremonials.

MRS. ROBERTSON'S PUPILS RECITAL ON MAY 31

The Alamo Mothers' Club elected officers Friday afternoon, this meeting being the last meeting for the school year. Mrs. J. W. Culbertson was elected president; Mrs. Fred T. Cooper, vice president; Mrs. C. W. Snider, treasurer; Miss Kate Haynes, secretary, and Mrs. G. T. Drinkard, press

reporter. The meeting was devoted principally to business.

LAST CITY INSTITUTE WAS HELD SATURDAY

The last city teachers' institute was held Saturday morning at the high school, with superintendent Lee Clark presiding, as usual. Discussion of a course of study for next year occupied almost the entire time of meeting.

ANOTHER HUNG JURY IN CAULEY GILLESPIE TRIAL

Another hung jury resulted in the fourth trial of Cauley Gillespie last week at Henrietta. The jury stood nine to three for conviction. The case was given to the jury Wednesday night, and the jurors were held until Saturday before being discharged. Gillespie is charged with murder for the killing of Jesse Murphy. The killing took place three years ago. The first two trials of Gillespie resulted, as in the fourth, in hung juries. At the third trial, Gillespie was convicted and his punishment was fixed at nine years in the penitentiary, but the case was reversed and remanded.

Monday the case of Jay Wilson will be called at Henrietta. Wilson shot and killed Prof. James G. Wright, his teacher in the public school at Newport in Clay county. At his first trial he was convicted and his punishment fixed at 25 years' imprisonment, but this case was also reversed, and is now coming up for trial for the second time.

BREWERS WILL LOCK UP PARK IF PLAYERS CALLED

Milwaukee, May 12.—The gates of Athletic Park will be locked and remain locked until after the close of the war, if members of the Milwaukee team of the American Association, are drafted into the army, according to A. F. Timme, president of the club. "If the government needs our players, we will all gladly close up shop," said Timme. "I have so advised President Hickey of our association. I desire to add that if any of our players are called and leave dependent on the Milwaukee club will see that the latter are taken care of while the men are at war." Timme believes the players, because of their military training, would be qualified for places as non-commissioned officers.

Preponderance in Your Favor Big Four \$895 35 Horsepower Overland TRADE MARK REG. The more serious the purchase of a car is to your family, the more seriously you should consider Overland. Consider what a guarantee it is to own a car backed by a company with \$68,000,000 assets; with an army of workmen that would populate a good sized city; with acres and acres of modern factories, and more than 4,000 dealers and branches. The magnitude of The Willys-Overland Company is due to its management; due to the practical policy of utilizing prodigious production as a means to higher quality and lower prices. The Willys-Overland Company guards its obligation to the owners of its cars as seriously as a conservative bank protects the interest of its depositors, large and small. The Willys-Overland is predicated upon the need for cars of beauty, comfort and convenience in addition to long-lived utility. The average family can participate in the luxuries of motoring because hundreds of thousands of other owners enable The Willys-Overland Company to distribute and bring down costs. Such a car as the Overland Big Four would never have been possible at such a price as \$895 had it not been for over 300,000 similar Overlands which have already gone into service. Come in and see the Overland Big Four and the most comprehensive line of motor cars ever built by any one producer. OVERLAND SALES CO. W. NEWTON MAE7, MGR. 5 WELLS ON LAND IN NEW FIELD

THIS WEEK PROMISES DEVELOPMENT OF UTMOST INTEREST IN OIL OPERATIONS.

GOODWELLS AT CLARA

C. B. Farquharson Gets Well On Ramming as Good as Producers on the Prechel.

This week will probably see the completion of wells in the Waggoner ranch district and the Burkhardt district in which there is the utmost interest and which, if expectations are realized, will mean developments of great importance. In the Waggoner ranch district the sand has been reached in five wells in five different directions from the Burkhardt discovery well and the showings have been such as to offer the greatest encouragement in that district.

The first of these wells to reach the sand was the Slater well on the Bonson ranch about a mile west of Culbertson No. 1, on the Waggoner. A promising sand was found at about 120 feet. This well has been baled and it is claimed to show for better than 30 barrels—eastward from the Culbertson well, M. D. Rowe et al. are on the sand at 160 feet in section 1, Burnett and Lloyd, Jones, Silk, Martin and Yarbry, et al. report nine feet of good sand at 160 feet. On section 7, Burnett and Lloyd, and three miles northwest of the Culbertson, the Guffey Co. has a promising sand at 150 feet, while the Guffey company has good looking sand on the Burnett-Lloyd about a mile and a quarter west from the Culbertson. The depth at which the sand was found in each of these wells is about the same as the sand in the Culbertson well when the surface irregularities are taken into consideration. Some of these wells should be finished this week, and any one of them would indicate an extension of the field that will result in much development.

Good Wells at Clara.

The Producers' well on the Prechel lease in the Burkhardt district, has not been completed yesterday, but there is no doubt that it will be a good well. In the same territory, on the Ramming, about a mile away, C. B. Farquharson et al. drilled into a sand Friday a few days ago. It is reported to have put 150 barrels into the tank within twelve hours. These wells are about nine miles northeast of Electric in the Clara community.

In the Archer district, Panther No. 5 was completed at 164 feet, and is said to be as good as the other Pan. wells. The Archer company has made locations for Nos. 6 and 7, on the Wilson ranch. No. 6 offsets No. 2 to the south, and No. 7, offsets No. 3 to the north.

There were four abandonments in the Archer field during the week, including the Archita, the Plains 400 Oil company's Netheron, and the Archer Production company's No. 2, McCall and Sanderson.

In Proven Territory.

In the proven districts the Magnolia company completed a well on the R. S. Allen at 180 feet, which is good for about 50 barrels, and Brown and Cross No. 24, Red River No. 1, is good for 10 barrels at 700 feet. Producers Skinner No. 22 is reported as a twenty-barrel well at 184 feet. The Spring Oil company completed a well in the shallow sands on the Mitchell. Roy B. Jones has a rig up for Burnett No. 1, Producers have a rig for McBurney No. 4, and the Magnolia has made locations for Hamilton 25 and Brown and Cross-25. R. C. Sanders is building a rig for his Waggoner or Bros. No. 1. The Beacon Oil company is drilling at about 900 feet on the Prude lease to the northwest of Electric.

Shallow Sands.

In the Burkhardt district Cline and Gulf Production company's No. 2, Quant is a 15-barrel pumper, at 1605 feet. In the shallow sands there have been a number of discoveries. Crowell and Conner's No. 14 Cropper is a five barrel well at 510 feet. The Plains Oil and Gas company have a 2-barrel well at 500 feet. Their No. 16 Cropper, their No. 17 Cropper is five barrels at 513 feet. The Horton Oil company have a 3-barrel well on the Owen Clark farm; Fisher et al. have five barrels in their No. 2 Rollet at 468 feet, and Mann et al. have five barrels at 277 feet. In Rollet No. 3, Theultima Oil and Gas company's No. 3 Cropper is about 5-barrels, at 536 feet. Bercholle Oil and Gas company have abandoned Rexford No. 1 as dry at 250 feet. J. W. Stone et al. have abandoned Musgrave No. 1 as dry at 613 feet.

The Cashion.

The Cashion Oil company has made a location for Wellner No. 1, near the Cashion school house. Myers and Schultz have a rig up for J. B. Evans No. 1.

Wildcat Activities.

The Oil and Gas Journal gives the following report of activities in wildcat territory in this district. In Clay county, Bendum & Trees, Sawdon No. 1 is drilling at 1810 feet and Jack Kelly et al.'s Price No. 1 is shut down at 200 feet. In Stephens county is likely to furnish some interesting news during the next few days, although little has come in for the past week. The Texas Pacific Coal company's Cash No. 1, north of Wayland, was drilled into a good showing of oil at 1824 feet, but it would not make a paying well and will be drilled deeper; the Producers Oil company's Parks No. 2 and Smith No. 1, south of Breckenridge, are both approaching the level at which oil is expected, and the former is setting 6 5/8-inch casing at 2036 feet and the latter has a fishing job at 2000 feet. Keithley No. 1 has been shut down at 142 feet, out of water.

South of Graham, in Young county C. F. Colcord has laid a water line from the Clear Fork of the Brazos river, at South Bend, to his Robert Scott No. 1 and is drilling. Close to the northern edge of the county, an Oklahoma company's company has a block of acreage and is drilling a well on the T. E. & L. survey No. 1291.

In Palo Pinto county, the Empire Gas & Fuel company's Terry No. 1 has been in trouble with a caving hole and is drilling at 1500 feet; Watson No. 1 lost a bit in the hole and is fishing at 200 feet. Other wells are shut down. The Empire company has made a new location on the south 130 acres of the J. E. Hiss and is putting up the rig to drill. This location, practically off sets the gasser drilled in on the Dave Hess by Palmer, Owen & Wilson.

In Shackelford county, the Empire Gas & Fuel company's Reynolds No. 1 is drilling at 1500 feet, after passing through a water sand at 1400 feet. In Parker county, north of Milban, Parker County Oil & Gas company's

TO ORGANIZE RED CROSS UNIT HERE

Meeting For Purpose Called to Convene at M. E. Church, South, Tuesday Afternoon.

A Red Cross unit for Wichita Falls will be organized Tuesday afternoon, a meeting having been called for this purpose by several women of the city interested in the movement, for Tuesday afternoon at 3 o'clock, at the M. E. Church, South. Those who have already signed for charter memberships are especially urged to attend. Work on making hospital supplies for the Wichita Falls women aim to be useful from the very start will be commenced as soon as instructions are received. These have already been ordered from headquarters and will be here some time within the near future. It is hoped to have an organization of several hundred members, one that will do Wichita Falls credit in every way, and which will make up for its late start by its concentrated efforts.

Mortens No. 2 has been abandoned at 3,070 feet, a dry hole.

North of Jackboro, in Jack county, M. A. Low & Son's Hamilton No. 1 is drilling at 1,000 feet, after casing with 10 inch at 910 feet. In Ford county, the Producers Oil company has spudded in with Hlavaty No. 1 and it is now drilling at 200 feet. North of San Angelo, in Tompkins county, the San Angelo Oil & Gas company has resumed drilling and has a showing of gas at 2,300 feet.

E. Powell of Wichita Falls, has secured a block of 10,000 acres of leases in the fork of the Peace and Red rivers, in Wilbarger county and, in connection with Vernon McClary, has organized the Willbaco Oil & Gas company, to drill on part of the parties. A derrick has been built and drilling is to start soon.

HERMANN SAYS 10 PER CENT TAX WOULD DESTROY GAME

Cincinnati, May 12.—A ten per cent tax on baseball would "mean the destruction of the game," in the opinion of E. Hermann, president of the Cincinnati Nationals, and chairman of the National Baseball commission. "No league enjoys such profits that it could survive a ten per cent impost," Mr. Hermann said. "The various league might as well shut their doors immediately if such a measure were to take effect."

Every league, every club owner, is ready and willing to make such sacrifices for the nation as he possibly can, but the business of baseball could

POLISH COUNCIL ENDANGERED BY RUSSIAN REVOLUTION

Copenhagen, May 12.—Advises from Warsaw reaching here through Austro-Polish sources say that the movement against the German-created Polish council of state has undoubtedly been encouraged by events in Russia. The Russian revolution has weak the position of the Germanophile faction and the supporters of the new kingdom under Austro-German auspices.

Bigger and Better Ford Car Tires

GOODRICH

375 SIZE (31X3 1/4 INCHES) 375

BLACK SAFETY TREAD TIRES

THE balance line for the Ford car is drawn, and the sum total of its perfection struck with that new Goodrich tire—the bigger and better Ford car tire—Goodrich's "Three-Seventy-Five."

OF SUPER-SIZE and SUPER-STRENGTH it not only meets the INDIVIDUAL NEEDS of the Ford car, —but DOUBLES its VIRTUES.

New as today, it is nevertheless already familiarly known by the knowing, as—

Goodrich's "Three-Seventy-Five"

That's its size: Three and seventy-five hundredths inches in the cross section. And it's an inch bigger too in the circumference.

Its heroic size, however, is designed to fit 30-inch rims on Ford cars. It is made solely with the five-finger safety tread.

It costs but little more than ordinary tires at the outset; and the natter appearance and added comfort it gives your Ford car, and its own greater dollar ECONOMY, make it the better buy in the end.

CZECHS STRUGGLED YEARS FOR LIBERTY

Washington, D. C., May 12.—The liberation of the Czecho-Slovaks from Austria-Hungary being one of the declared purposes of the Entente Allies, a commission to the National Geographic Society of the Czechs, by Ales Hrdlicka, the noted anthropologist, is of timely interest. A portion of Professor Hrdlicka's communication is issued by the society as the following war geography bulletin. The determination of the Entente Allies to liberate the Czechs from Austria-Hungary has introduced on the international forum a most important new factor of which relatively little has been heard during the war and which in consequence has largely escaped, in this country, at least, the attention which it deserves. A 1,500-year-long life-and-death struggle with the race which surrounds them from the north, west and south, with a near burial within the Austrian Empire for the last three centuries, has failed to destroy or break the spirit of the little nation of Czechs of Bohemia. The Czechs are now more numerous, more accomplished, more patriotic than ever before, and the day is inevitably approaching when the shackles will fall and the nation take its place again at the council of free nations. The Czechs are the westernmost branch of the Slavs, their name being derived, according to tradition, from that of a noted ancestral chief. The term Bohemia was applied to the country probably during the Roman times and was derived, like that of Bavaria, from the Boii, who for some time before the Christian era occupied or claimed parts of these regions. Nature has favored Bohemia perhaps more than any other part of Europe. Its soil is so fertile and climate so favorable that more than half of the country is cultivated and produces richly. In its mountains almost every useful metal and mineral except salt is to be found. It is the geographical center of the European continent, equally distant from the Baltic, Adriatic, and North Seas, and though enclosed by mountains is so easily accessible, because of the valleys of the Danube and the Elbe rivers, that it served, herself as the avenue of many armies. "Bohemia, Bohemia. The Czechs occupy Moravia and adjacent territory in Bohemia. The Slovaks, who show merely dialectic differences from the Czechs, extend from Moravia eastward over most of northern Hungary. The Czech is kind and with a stock of native humor. He is musical, loves songs, poetry, art, nature, fellowship, the other sex. He is an instinctive thinker and restless seeker of truth, of learning, but no apt schemer. He is ambitious and covetous of freedom in the broadest sense, but tendencies to domineering oppression, power by force over others, are foreign to his nature. He ardently searches for God and is inclined to be deeply religious, but is impatient of dogma, as of all other undue restraint. He may be opinionated, stubborn but is happy to accept facts and recognize true superiority. He is easily hurt and does not forget the injury; will fight, but is not lastingly revengeful or vicious. He is not cold, calculating, thin-skinned, nor again as intemperate as the pole or the southern Slav, but is sympathetic and full of trust and through this is often open to persuasion. His confidence and bravery in war for a cause which he approved were proverbial, as was also his hospitality in peace. He is often highly capable in languages, science, literary and technical education, and is inventive as well as industrial, but not commercial. Imaginative, artistic, creative, rather than frigidly practical, inclined at times to melancholy, brooding, pessimism, he is yet deep at heart forever buoyant, optimistic, hopeful—useful not of possessions, however, but of human happiness, and of the freedom and future golden age of not merely his own, but all people. "The Czechs and Slovaks in Austria-Hungary fight only under compulsion; their unwilling regiments were decimated; their political and national leaders, till the Austrian and Hungarian prisons. Thousands of Bohemians and Slovak volunteers are fighting enthusiastically under the banners of France and Great Britain, and these are whole regiments of them attached to the Russian army. "Here in the United States the very word of Austria sounds stinging and insulting to the Bohemian. They have found here their permanent home and while hoping and even working for the eventual freedom of Bohemia and their proud of their descent from the Czech people, they are citizens, or if not yet citizens, all loyal Americans.

"The Spirit of Youth"

New Super-Six Speedster Now Here

Latest, fastest Hudson model just arrived. A smart car with new lines. Seats four. \$1750 at Detroit.

The newest Hudson Super-Six model has just arrived. It is the smartest Speedster you have ever seen. In the grace of its lines, the dashing beauty of its finish and its wonderful performance it expresses the "spirit of youth." Our allotment of these cars is not large. Even before we were told anything of its details, even without advertising or announcement of any kind either by the factory or ourselves, customers placed orders with us to assure early delivery. Our only word from the factory was that a Speedster model would be ready sometime this spring. To get an idea of the probable demand for such a car we asked some of our Super-Six owners about it. The result is shown in the orders they gave us. We couldn't give them any description of the Speedster, not even an idea of what it would look like, nor even a sure definite delivery date. Still the orders continued to increase, and seeing a repetition of last year's condition when buyers grew disappointed at not getting delivery of their Super-Six when wanted, we stopped accepting orders.

And why shouldn't there be such a demand for a Hudson Super-Six Speedster? Everyone knows of the official record of a stock Super-Six chassis in traveling a measured mile at the rate of 102 1/2 miles an hour. And all motorists are familiar with other wonderful performances of the Hudson Super-Six. The Super-Six has proved it has just the qualities you would require in a Speedster. There could be no concern about the beauty or grace or finish of the body. The artists responsible for such lines as are revealed in the Super-Six Phaeton, the grace of the Hudson Super-Six Limousine, and the daintiness of the Town Car, could be relied upon to design the smartest Speedster. Such a car is here now for you to see. You must acknowledge its low sweeping lines, its rich cobalt blue body with vernillion wheels, the smartest Speedster you have ever seen. Don't forget that our allotment is small, that the factory is not building many cars of its type, and that only a few cars are available to any one dealer. Some will probably not be able to get any at all.

CAN NOW SUBSCRIBE WEEK OF FEATURES FOR LIBERTY LOAN AT PICTURE SHOWS

Although They Are Still Awaiting Detailed Information Local Banks Will Receive Subscriptions.

Subscriptions for the Liberty Loan will be taken by any of the Wichita Falls banks. The banks are yet awaiting definite information as to the denominations of the loan, the periods for installment payments by subscribers and other details, but in the meantime they will receive subscriptions subject to the details to be received.

What is said to be the most thrilling of any of the chapters yet filmed of "Patria," the patriotic serial, featuring Mrs. Vernon Castle, will be shown Monday at the Empress. In this chapter the scenes shift to the

the amount when the subscriptions are entered, an installment when the bonds are ready and other installments to complete the payments in 30, 60 and probably 90 days. The bonds will pay interest from July 1, 1917.

The banks will make no charge, either to the individual or the government, for handling the bonds.

MAJESTIC THEATRE

MONDAY "THE BAD BOY"

Is not a vicious boy. He is just filled with mischief, like most red-blooded AMERICAN boys, but he gets into loose company and slips—and before the right influences get in their ticks he passes through a series of thrills and sordid happenings which make-up the dangers in all our boys' lives.

ROBERT HARRON

gives you a realistic characterization of JIMMIE BATES, "The Bad Boy," and you will follow his escapades with gasps, laughs, tears and satisfaction. If you would know more of the American boy of today, his mischief, his temptations, his problems—then see this delightful picture for boys, their parents and the girls too. THE TELEPHONE BELLE, TRIANGLE COMEDY; also some very interesting and educational views of RIO DE JANEIRO, capital of Brazil in MUTUAL TOURS around the world.

TUESDAY CLARA KIMBALL YOUNG

IN "THE DEEP PURPLE"

Re-issue of one of the best vehicles ever furnished this talented star, dealing with the other side of life. It does not encourage wrong-doing, but vice is punished and virtue emerges from its trials and triumphantly rewarded.

5 and 10c

Mexican border with the arch-conspirators still hounding the fair heroine and Captain Parr. Also on the Empress program Monday will be "The Cost of Hatred," in which the famous character actor, Theodore Roberts, and Kathlyn Williams, lately added to the Paramount force, are featured.

Every day is feature day this coming week at the Majestic. The opening feature Monday is "The Bad Boy," with Robert Harron, who numbers his Triangle successes by the score, as the "bad boy" Wednesday, the sequel to "Skinner's Dress Suit," which showed a few weeks ago at this same theatre, will be screened. Bryan, Washburn and Hazel Daly are the stars.

A dual role in which some startling film feats are performed is that taken by Dorothy Davenport in "The Girl in the Checkered Coat," at the Plaza on Monday night.

The chapter Marie Walcamp is seen again in a hair-raising role in "The Kidnapped Bride," a lion, which furnishes the thrills to the Monday program at the Gem.

The amusement calendar for the entire week follows: MONDAY—"The Girl in the Checkered Coat," at the Plaza. Robert Harron starred in "The Bad Boy," Triangle, at the Majestic. "The Kidnapped Bride," with Marie Walcamp, at the Gem. Kathlyn Williams and Theodore Roberts, in "The Cost of Hatred," at the Empress; on the same program, another chapter of "Patria," with Mrs. Castle starred.

TUESDAY—"Clara Kimball Young," in "Deep Purple," at the Majestic. Alice Brady in "The Dancer's Peril," at the Empress. Wednesday—"Blanche Sweet," in "The Tides of Barnegat," at the Empress. Bryant Washburn and Hazel Daly in "Skinner's Dress Suit," sequel to "Skinner's Dress Suit," at the Majestic.

THURSDAY—"William Desmond and Margery Wilson" in "The Last of the Hugrains," a Triangle special, at the Majestic. Genevieve Hammer in "Tangled Lives," at the Empress.

FRIDAY—"Lionel Barrymore" in "His Father's Son," at the Empress. Helen Holmes in "The Lass of the Lumberlands," at the Gem. Little Marie Osborne, in "Toll at Twilight," at the Majestic.

SATURDAY—"Ann Murdock" in "Where Love Is," live-part Mutual star, also Tom Mix, in two-reel Fox drama, at the Majestic. Edith Storey and Antonio Moreno, in "Aladdin from Broadway," at the Empress.

DOROTHY PHILLIPS AT THE PLAZA MONDAY Two sisters of directly opposite dispositions and instincts face the world alone. One girl lives by honest employment, while the other adapted herself to the criminal teachings of her father, who died, leaving the girls to suit for themselves. Fate brings the criminal girl in the store where her sister is a clerk; when suspected of shop-lifting, the evil dispositioned girl goes to the police station to the house where both girls have lodgings. The thief has stolen a checkered coat and this she transfers to her sister who has been taken home weak and helpless from overwork at the store. The police arrest the girl in the checkered coat, but their prisoner is set free when mistaken identity is established in court. The good girl finds a home and friends, as a result of her arrest and in this home the criminal girl finds employment as a maid bent on robbing the house and fixing the crime upon her sister. When the robbery is discovered, the plans of the criminal miscarry, and she is taken away to serve time in her jail cell. At the Plaza Theater Monday Dorothy Phillips will appear in "The Girl in the Checkered Coat," a Bluebird photoplay, in which Miss Phillips will delineate the two leading characters—appearing as both good and evil sister in a series of remarkable demonstrations of histrionic artistry.

KATHLYN WILLIAMS AT THE EMPRESS MONDAY Tax of the most distinguished stars of the photodramatic stage, Kathlyn Williams and Theodore Roberts, will be seen at the Empress on Monday in the Mack Sennett production of "The Cost of Hatred," which was produced under the direction of George Melford. In her recent Metro-Goldwyn production, "The Lone Lady," and "Out of the Wreck," Kathlyn Williams has established herself as one of the foremost dramatic artists in the country, and her youth, personality and ability all go towards making her a great photodramatic favorite. Costarring as she is with Theodore Roberts, the most distinguished character actor of the stage or screen, it is felt that this combination will prove most popular. Theodore Roberts has been hailed as a postmaster in villainy, and although he redeemed himself as the kind Pudd'nhead Wilson, and the lovable American consul in "The Cost of Hatred" he has full opportunity to display his entire scale of feelings. The story of "The Cost of Hatred" is that of a girl with Sarita and Justus Graves, Graves, a stern harsh man, seeing his wife, Elsie, in the arms of Robert Amory, shoots Amory and flees with his daughter, Sarita, to Mexico. The lover recovers and marries Elsie, and his son by a former marriage, is offered a position in the diplomatic corps. On the way to Mexico, the young son, Amory, is left behind in a Mexican settlement, is robbed and thrown into jail. Graves finds him and begins that he is the son of the man who stole his wife. So great is his hatred that he induces the Mexican government to sell him Ned, practically as his slave, and subjects him to the most cruelly, arousing the pity of Sarita who has now grown into a beautiful young woman. These two young people fall in love, and flee leaving the father childless and alone, as the cost of his hatred. Miss Williams has two unique roles in this thrilling drama: at first she is seen as Elsie Graves, the mother, and later as the charming young Sarita Graves, the daughter. Supporting Miss Williams and Mr. Roberts in the cast are Tom Forman, J. W. Johnston, Jack Holt, Charles Ogles, H. B. Carpenter, and others.

BISON SPECIAL FEATURE AT THE GEM MONDAY A typical Bison is "The Kidnapped Bride," to show at the Gem Monday, which was written by Wright Roberts and produced by Henry McCamp, with the intrepid Marie Walcamp and Lee Hill in the leads. There are riding stunts galore, some beautiful scenes on California sheep ranch and a broadening railroad hold-up for finish. Here is the story: Ruth, a child of three, is taken with her little brother to the beach. She strays away, follows a dog into a boat, and is cast ashore on an island, where there are extensive sheep ranches. A gang of outlaws make their headquarters there, and take the child to their

cave. They find her picture pinned into her sash; it had just been taken and she would not part with it. The outlaws set out for the mainland, all but one, who remains to take care of the child. The Hardings think that she is drowned. Tanchman Martin leads a party to round up the outlaws. The one who remained is shot and killed, and Martin finds Ruth and takes her home to his wife. Fifteen years pass. Martin has a legally adopted son, Ruth, and she thinks herself his daughter. She loves Jack Morgan, the son of a neighboring rancher, who has inherited the dislike of Martin. He warns the young man to stay away from his child, but the two meet frequently in secret. Martin has struck off on his property and interested some capitalists, of whom Harding is one. Harding comes to investigate the strike, accompanied by his son, Richard, a headstrong and rather irresponsible young man. He makes Martin an offer, which Martin at first does not care to accept. The Hardings decide to stay several days and give him time to change his mind. Richard sees Ruth and is struck by her beauty. They meet, and though he is much attracted by the girl, Ruth distrusts and dislikes him in return. At the end of a week, Harding has persuaded Martin to sell, and to accompany him on his special train to the city to conclude the deal. Martin insists upon Ruth's going too, as he has found her with Jack and wants to break up the intimacy. Jack thinks that she is to be forced into a marriage with young Harding. He suggests that he and the boys hold up the special and rescue Ruth. They carry out their plan, and Ruth and Jack decide to be married at once. In order to avoid the wrath of Martin, Martin, with Harding and his son determine to get Jack, and they return to the ranch. Jack and Ruth, with the cowboys, arrive, and the marriage is disclosed. Martin is furious and tells Jack that Ruth is not his daughter and never was; that she is the child of a sheep-stealing outlaw. He asks his wife to bring the picture of Martin, which she does, and he holds up the photograph, recognizing it as his lost child. He claims Ruth as his daughter, and announces to Martin that he will double the price of the oil land and then give it to Jack for a wedding present.

TRIPLE SPECIAL FEATURE AT MAJESTIC MONDAY "Scotty" McKee, who plays the part

of a tramp in "The Bad Boy," to show at the Majestic Monday, the Triangle Fine Arts drama in which Lobby Harrison is starred, is widely famed for his ability as a make-up artist. In fact, he was complimented for his skill by no less a person than Sir Herbert Beerholm Tree when the celebrated actor was at the Triangle Fine Arts studio.

An equally fine tribute to his talent was received by McKee when he was enacting a scene in "The Bad Boy" in one of the residence sections of Los Angeles. Harron was before the cam-

era, and while he was performing McKee came hunk about on the outskirts of the crowd that was watching the star's antics.

"Scotty" wore a ragged pair of trousers, a coat that he had rescued from the Salvation Army store for the part, shoes that were not nines and a hat through which a wisp of his hair stuck like a topknot. His face was covered by a luxuriant growth of whiskers at about the fourth day-out stage. Any box car tourist would have embraced him as a brother.

He was absorbed in watching Harron's work when he felt a tiny hand

Reflecting The Acme Of Good Taste In Furniture

Style in Furniture changes as well as style in hats and gowns. There is no more reason why your house should be dressed in by-gone fashions than yourself. Be proud of your furniture. See that its right up-to-the-minute. Come in and see what the very latest styles are, and how low the prices. We call special attention to new patterns of White Ivory, Circassian Walnut and Fanned Oak. And don't forget the refrigerator. We are showing a particularly strong line, made in many sizes, at prices much lower than most firms ask. We are also selling agents for the well-known Adam Schaff Piano—one of the best on the market. To those who cannot pay all cash we offer the most liberal terms. Just over the line from the high rent district.

EMPRESS THEATRE MONDAY

CATHLYN WILLIAMS and THEO. ROBERTS in "THE COST OF HATRED"

A play that is both riveting and dramatic from start to finish. Seldom has a finer touch been given a play or picture than the terse retort of the woman, whose mother had been driven to divorce and disloyalty to the brute man she had married, than the retort of the daughter, which is the final punch in this play. Mr. Roberts does the part of a villain, the kind of role that made him famous, and Mrs. Williams has the dual role of mother and daughter.

11th Episode "PATRIA" "SUNSET FALLS"

"The Cost of Hatred" is a play that is far above the average. The entire number of this episode is full of action and, in many respects, quite the best of the serial. The scenes take place on the Changing's ranch on the Rio Grande where Baron Huroki sends a number of Mexicans to raid the ranch and Donald Parr, Patria's companion is captured. Patria frees him and they are pursued by Huroki and his outlaws, and in order to escape they are forced to do a professional dare-devil stunt by jumping off a high cliff.

beat into his, and when he looked down he beheld a diminutive maid on tiptoe before him. In her other hand she held extended a huge cold meat sandwich. "Mama gave it to me for you," she said. "You haven't any more, have you?" she queried. McKee picked up the package up in his arms and kissed her on the end of a very small pink nose. Then he gravely ate the sandwich with an inward reservation that if any directors found fault with his make-up that day he would refer them to the little critic who had unconsciously stamped him with the brand of perfection.

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making the Times Want Columns promptly and perfectly useful to the readers.

Telephone Ads cost no more, in money—and less in time—but the Times must employ collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for the Collector.

DON'T LET HIM CALL THE SECOND TIME

If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second hand, you should use the Times Want Ad Columns daily.

RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than fifteen cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 167.
