

Should fly from your store, your home, your machine. And a small one on the lapel of your coat for emphasis.

Tonight and Thursday, fair and warmer.

REPORTED COUNT TISZA HAS QUIT

LEADER OF PRO-GERMAN PARTY AT VIENNA HAS RESIGNED. RUMOR HAS IT.

OTHERS MAY FOLLOW

Budapest Report Says Tisza Laid Franchise Before King Which is Under Consideration.

By Associated Press. London, May 23.—A Central dispatch to Amsterdam says the Hungarian cabinet, of which Count Tisza was premier, has resigned.

Count Tisza, the "iron man" of Austria-Hungary, has been, for many years, the leader of the pro-German party in the dual monarchy, and was the last survivor of the little group of statesmen who surrounded Emperor Francis Joseph when the European war broke out. On the accession of Emperor Charles I. the majority of the pro-German statesmen resigned, and Tisza remained in office. He was the one great obstacle to the emperor's policy of neutrality, and his resignation was the one great step toward the emperor's policy of neutrality.

FRANCHISE REFORMS REPORTED CAUSE OF ACTION

By Associated Press. Amsterdam, May 23.—A Budapest telegram received here by way of Berlin says it is reported here that Premier Tisza submitted to the king proposals for franchise reforms. The king reserved his decision upon which depends whether the cabinet will resign. The premier, the dispatch says, is leaving for Vienna, where he will be received by the king.

THINGS ARE GOING BADLY IN GERMANY

Recalled Cuban Minister Declares the Imperial Regime Threatened With Overthrow.

By Associated Press. Stockholm, May 23.—Things are going badly in Germany and the imperial regime is threatened, according to Dr. Arispidis, recalled Cuban minister to Germany, who arrived here on his way to France. The minister said: "Things are going badly on the other side of the Rhine. The facade of the imperial edifice seems solid enough from abroad but in reality there are cracks in it. I do not believe that there are no prospects for immediate improvement in the food situation in Germany. He said that no help could be expected from the occupied parts of Roumania as the lack of man power made cultivation of the fields impossible.

PROMISE RESPECT SPANISH WATERS

Spanish Premier Promises Replies of Germany and Austria to Be Satisfactory.

By Associated Press. Madrid, May 23.—It is announced that a satisfactory reply has been received from Vienna in answer to the note on the sinking of the Spanish steamship, Patrio. Premier Pietro said: "The German reply is satisfactory. It recognizes Spain's rights in territorial waters and the German government shows itself disposed to respect our waters and to punish the commanders of submarines who violate our zone.

ENGINEERS FROM U. S. REACH FRANCE

First Detachment of Regiments of Engineers in England En Route to France.

By Associated Press. London, May 23.—The first detachment of United States army engineers, under command of Major Parsons, arrived in London this evening. The second unit of the American hospital corps has reached Great Britain.

18 MERCHANTMEN SUNK LAST WEEK

By Associated Press. London, May 23.—The sinking of 18 merchantmen of more than 1600 tons is reported in the weekly shipping statement. Nine vessels of less than 1600 tons and three fishing vessels also were sunk.

FEDERATION OF LABOR TO SELECT MEETING PLACE

By Associated Press. Fort Worth, Texas, May 23.—The contest for the next convention city and the race for secretary constituted the two interesting features of today's session of the State Federation of Labor. Galveston and San Antonio are the two leading contestants for the next meeting place. George Slater of Galveston, present secretary, is being opposed for re-election by George R. Spencer of Waco.

GOOD IMPRESSION UPON ARMY MEN

MEMBERS OF LOCAL COMMITTEE MORE ENCOURAGED OVER PROSPECT FOR ARMY CAMP.

OVER \$45,000 RAISED

Over \$35,000 Raised at Meeting Last Night and Committees Were Busy Today.

After they had spent several hours this morning going over prospective sites, investigating the power plant and other facilities, in company with representatives of the U. S. Army, members of the local committee having the negotiations in charge felt more encouraged with Wichita Falls prospects for securing one of the big training camps to be established in the Southwest than at any time since the negotiations were opened.

The army men fired volleys of questions to the members of the local committee and saw for themselves what Wichita Falls had to offer, and while they offered no statement, those who were with them believe they were favorably impressed. The army men left on an afternoon train, and if they arrive at a favorable decision for Wichita Falls, engineers will be sent to go over the situation more thoroughly and in greater detail than today's inspection before reaching a final decision.

Committees appointed at last night's mass meeting to bring the fund being raised to meet the requirements of the board up to the \$50,000 it will be necessary to raise among the citizens of Wichita Falls, were busy this morning and will keep at work until the full fifty thousand dollars is raised. About \$25,000 was subscribed last night. The subscriptions at noon were in excess of \$45,000 and it was believed the goal would be reached by tonight.

The following list of subscribers was hastily prepared and there has been a chance of error. In case of error, the subscriber is asked to phone 390: J. A. Kemp, \$5,000; Frank Kell, \$2,500; Wichita Mill & Elevator, \$2,500; Blair-Hughes Co., \$2,500; Moore & Richolt, \$1,000; Carroll-Brough-Robinson-Gates Co., \$1,000; M. J. Bashara, \$1,000; Peoples Ice Co., \$1,000; Hatton & Benard, \$1,000; D. M. Hardy, \$1,000; W. F. Weeks, \$1,000; N. G. Benson, \$500; Model Laundry, \$500; Baum & Gardner, \$500; J. L. DESTROYERS FIRST OF OUR SHIPS TO BEGIN ACTIVE WARFARE ABROAD

No other event since the entry of the United States in the war has produced the same feeling as the announcement that a squadron of American torpedo boat destroyers had crossed the Atlantic and was patrolling the seas in war service. The American navy's actual entry into the war zone was productive of a brush between a destroyer and a German underwater boat according to an announcement by the British admiralty, but the result of it was not made public. The squadron was greeted enthusiastically at Queenstown, where it put in before going into active service. Admiral William S. Sims, who commands the squadron, is considered one of the most energetic and efficient of American naval officers. He is an ordnance, gunnery, torpedo and strategic expert and is possibly more responsible than any other officer for the present high state of efficiency of American naval gunnery.

RIGHT OF WAY ASKED FOOD CONTROL BILL

In Both Houses Efforts Being Made to Keep Bills Going Until Passed Finally.

By Associated Press. Washington, May 23.—Continuous right of way for the first administration bill providing for stimulation of production of foodstuffs was sought today when it was brought before the senate. While it is being considered by the Senate, the House will take up the second control measure dealing with the control of food and other necessities introduced by Representative Leaver of South Carolina. In presenting the first and revamped bill to the Senate today, Senator Gore chairman of the Senate agricultural committee, proposed to suppress all efforts to attach any prohibition legislation to the "food and other necessities" bill. He hoped to have the prohibition question postponed for consideration until the "food and other necessities" bill is passed. In the House, a provision to that end being in the Leaver measure offered yesterday which would authorize the president to regulate grain used for manufacturing intoxicating beverages.

JONES COUNTY MEN FURNISH DATA

Eighty-four Members of Anti-Conscription Society Turn Over All Papers.

By Associated Press. Abilene, Texas, May 23.—Eighty-four members of the Farmers and Laborers' Association of America living in Jones county, today turned over all papers and other data in their possession to authorities who are investigating the association's anti-conscription activities. They said they had been misled in joining the association.

HUNGARIAN TOWN SWEEP BY DEVASTATING FIRE

By Associated Press. Amsterdam, May 23.—A Budapest dispatch says the Hungarian town of Gyogyos has been devastated by fire. One thousand houses being destroyed and 240 still on fire. Several thousand persons are homeless and several deaths have been reported. Gyogyos is 44 miles from Budapest and had a population in 1900 of 442. V. E. Stampfl, \$50; W. S. Curlee, \$50; G. W. J. A. Roosevelt is a Pittsburger, and He Looks Like Namesake

J. A. ROOSEVELT (THE COLONEL'S DOUBLE AT PLATTSBURG)

One of the most observed figures at the officers' training camp at Plattsburg is J. A. Roosevelt, whose resemblance to the most famous member of the Roosevelt family is frequently commented upon. Mr. Roosevelt is a member of Company 7 at Plattsburg and one of the contingent which reported for duty on May 12.

NEW COMPANY ORGANIZED IN PIPER OIL FIELD

Special to The Times. Vernon, Texas, May 23.—A company for drilling wells immediately west of the Piper field has been organized in Wilbarger county with Bass King, Oklahoma as president. It will be known as the Harrod Oil and Petroleum company. Drilling and lease contracts have been closed by R. E. Cousins Jr., of Austin, attorney for the Empire Gas & Fuel Company.

FRENCH MISSION IS SAFE AT HOME

Party Reached Brest Tuesday Night. Departure From U. S. Known Only to Few.

By Associated Press. Paris, May 23.—Marshal Joffre and former Premier Viviani arrived at Brest last night on their return from the United States. The Associated Press summarizes European war operations as follows: Evidence accumulates that General Petain is preparing for a new drive on a large scale along the Aisne and Champagne fronts. Monday a brilliant series of attacks won for the French all the important observation posts on Moronvilliers section in the Champagne district and last evening a similar operation was carried out on the high ground in the Craonne region, where every one of the observation points dominating the Ailette valley are now in French possession. The vantage ground thus won will give the French the needed opportunity to prepare effectively for their next drive, the success of which would imperil the Rheims salient held by Germans. It would open up still further the route by which General Petain is evidently determined to strike at the German key point of Laon from the rear and compel its evacuation and the falling back of the entire German line in this sector.

PRESIDENT WANTS REAL CENSORSHIP

Calls Senators to White House to Urge Agreement on Censorship Bill.

By Associated Press. Washington, May 23.—President Wilson today renewed his efforts to put an enforced censorship section into the espionage bill. Senators Overman, Fletcher and Nelson, the Senate conferees on the bill, were called to the white house and urged by the president to agree to a censorship section which the Senate once has rejected. They were asked to learn whether it is possible to ally the Senate's objections and if possible bring out a new and so called modified censorship clause. President Wilson told the Senate conferees that he deemed authority to invoke censorship of some sort absolutely essential. The president said he had complete reliance in the patriotism of American newspapers as a whole but felt that censorship authority was necessary to deal with isolated cases which might be detrimental to the national interests.

TEXAS RANGER ON TRIAL FOR KILLING SOLDIER

By Associated Press. El Paso, Texas, May 23.—The jury which is trying W. B. Sands, a Texas ranger, charged with the murder of Sergeant Owen Birnie, U. S. army on September 21 last, was completed last night. The state will begin introduction of testimony today. Sergeant Birnie was killed while on duty having entered a saloon to sell a disservice in which another soldier was involved.

VON HINDENBERG HIMSELF SAW GERMAN DEFEAT

On French Front in France, from a staff correspondent of the Associated Press, May 23.—Von Hindenberg himself is understood to have been a spectator of the defeat which the French inflicted on the Germans yesterday evening on the Moronvilliers range which resulted in the capture of several lines of German trenches and a number of important observation points. The German commander is known to have been just to the northward of this sector of Sunday. His presence is supposed to have been connected with an attack on the French lines which the Germans intended to deliver on Thursday morning. The French forestalled them and after demolishing German machine gun nests and other defenses with artillery launched an assault which was so brilliantly successful that more than 1,000 German supplies and stores at the same time the French obtained elbow room beyond the ridges for future operations.

As outlined to the correspondent today the operations in this sector developed into "struggles for observation points" possession of which is absolutely essential for success under present conditions of warfare in their drive on the Moronvilliers ridge the French captured all those positions dominating the surrounding territory. The heights of Catallet, Bond Casse and Teton and the Moronvilliers are indisputably in their hands and from them they are able to watch the movements of German supplies and reinforcements and thus harass them, making precarious the German tenure of the Rheims plain.

EIGHTEEN ARRESTS AT SWEETWATER

Members of Anti-Conscription Society Being Arrested in Many West Texas Counties.

By Associated Press. Sweetwater, Texas, May 23.—The number of men being held in jail here in connection with alleged anti-conscription activities of the Farmers & Laborers Protective Association of America today reached 18. The first arrests came last night were 10 in number.

FRENCH PREPARE FOR ANOTHER MIGHTY DRIVE

The Associated Press summarizes European war operations as follows: Evidence accumulates that General Petain is preparing for a new drive on a large scale along the Aisne and Champagne fronts.

Monday a brilliant series of attacks won for the French all the important observation posts on Moronvilliers section in the Champagne district and last evening a similar operation was carried out on the high ground in the Craonne region, where every one of the observation points dominating the Ailette valley are now in French possession. The vantage ground thus won will give the French the needed opportunity to prepare effectively for their next drive, the success of which would imperil the Rheims salient held by Germans. It would open up still further the route by which General Petain is evidently determined to strike at the German key point of Laon from the rear and compel its evacuation and the falling back of the entire German line in this sector.

REPORT IS AGAINST UNION OF CHURCHES

Committee in Southern Assembly is Against Overtures from Northern Branch.

By Associated Press. Birmingham, Ala., May 23.—The committee on bills and overtures submitted an unfavorable majority report on the \$1,800,000 war revenue bill today, by declaring that he would vote against the measure. Too great an amount of money, Mr. Mann said, would be raised by immediate taxation under the bill. Bond issues or supplementary taxes, he declared, should raise the greater part of the required war revenue. "In the present time," he said, "prices for the necessities of life are going to be unusually high. This bill places too great a burden of taxation on the country. The section of the war tax bill proposing a tax on advertising matter other than contained in newspapers and periodicals was stricken out, on motion of Democratic Leader Kitchin.

NORWEGIAN STEAMER SUNK BY SUBMARINE

By Associated Press. London, May 23.—A Central News dispatch from Christiania, says the Norwegian foreign office reports the sinking by a German submarine of the Norwegian steamer Normann Ahld. Part of the crew is said to be missing.

STANDARD ANNOUNCES GASOLINE INCREASE

By Associated Press. New York, May 23.—The Standard Oil Company of New York today announced an increase of two cents a gallon in the price of gasoline.

WAR REVENUE BILL WILL BE OPPOSED

APPLAUSE FROM REPUBLICAN SIDE INDICATES PARTY IS AGAINST MEASURE.

TOO GREAT BURDEN

Republican Leader Mann Says Attempt Made to Raise Too Much Revenue By Taxes.

By Associated Press. Washington, May 23.—Consideration of the war revenue bill was completed in the House, sitting as a committee of the whole this afternoon, and an agreement reached to have separate votes on the income and automobile tax and second-class rate amendments.

SEPARATE VOTES ON SEVERAL AMENDMENTS

By Associated Press. Washington, May 23.—Consideration of the war revenue bill was completed in the House, sitting as a committee of the whole this afternoon, and an agreement reached to have separate votes on the income and automobile tax and second-class rate amendments.

REPORT IS AGAINST UNION OF CHURCHES

GEN. ALEXIEFF ADDRESSES ARMY AND NAVY DELEGATES

By Associated Press. Petrograd, May 23.—The first congress of the delegates of the army and navy met here today. General Alexieff, commander in chief of the army, addressing the congress, recalled the cries of alarm, such as "The country is in danger," which has been heard recently, and said: "There is good reason for these cries for the combativeness of the army has noticeably decreased in consequence of dissension and distrust among officers and men. The Russian army which was so formidable yesterday is stricken today with fatal lethargy and that too in the face of a terrible and tenacious enemy who is stretching his eager hand toward the provinces of South Africa, not contenting himself with the provinces already invaded."

CLAY COUNTY CASE REVERSED AT AUSTIN

By Associated Press. Austin, Texas, May 23.—The court of criminal appeals today, in a majority opinion written by Presiding Judge Davidson, reversed and remanded the case of E. E. Taylor from Bezar county. Taylor was given a term of five years in the penitentiary on conviction of the killing of Eugene Burleson, a Texas, May 23.—A regiment of heavy artillery is being organized for service in France, with the New York National Guard, in accordance with war department orders to Major General O'Ryan. It was said today that General O'Ryan probably would resign an officer of the regular establishment to take command of the new regiment. The New York division also is to have five additional machine gun companies.

EMBRYO OFFICERS NOW SETTLED

40 WICHITANS WITH OTHER TEXAS YOUTHS SETTLE TO ROUTINE.

EVERYTHING LOVELY

Except No Butter and Two Much Ukelele—The Camp Life is Depicted.

[BY JOHN GOULD.]

Camp Funston, Texas, May 21.—The forty odd Wichitans, who, along with some 3,000 other young Texans, are gathered here to be trained as officers for Uncle Sam's new army, have within the past ten days or so been organized into companies, assigned to barracks, given coats, blankets, shelter tents, rifles, bayonets, and the mass of impediments that makes up heavy marching equipment; they have had their taste of the rigid camp discipline; they have learned "squads right," have an inkling of the semaphore code and the interior Guard Manual, and are now struggling with the intricacies of the Manual of Arms; they have lived on the plain, but plentiful army fare and slept on straw mattresses; they ascertained the importance of dressing in time for the first reveille call, even though their faces be unwashed and their hair unlicked as they get into line; they have bathed and shaved with the sharply cold water of these parts; they are finding out how and when to salute, after a fashion; they have foregone all the comforts of home, in-

cluding pillows, warm water and butter; and they, perhaps, have gotten as far as the letter "A" in these, the Low First Reader-days, of their careers as officers of the United States Army.

If there have been hardships and discomforts and discouragements and privations, no one with the making of a soldier in him has taken account of them; the writer, speaking for himself, could quickly put out of mind all of the little annoyances that have bobbed up, if only, oh! if only he could have some butter at his meals, some patriotic citizen or organization wants to bring joy to some budding generals, let him start a butter fund.

All classes of the younger citizenship of Texas are represented here; a number of the students are from the regular army or National Guard, and these along with those who have attended A. & M., or other military schools, have a substantial foundation for their work; but the greater part of those enrolled here are young men from the banks, farms, stores, offices and factories; from here on out they are under Uncle Sam's orders and unless he finds out that it is no use trying to make an officer of one, and sends the student home, their civilian status is gone. They cannot have civilian clothing in camp and must wear the olive drab even when they go to San Antonio on Saturday afternoons and Sundays.

And if they are not especially pampered while learning enough to wear gold and black but-cards, there seems to be no reason why they should be. For everyone of them in camp, there are half a dozen clamoring and begging for a chance to get in; thousands of others are yearning to take their places and it is no time to think of non-essentials.

The exact status of the students here is a bit difficult to describe. In their relation to the officers, from the corporals up to the commandant, they are privates, yet they are not privates in a strict sense. The officers address them as "buddies" and refer to them as "seamen," which are distinctions not conferred upon privates in the regular fighting units. But the student who wants to get along had best look upon himself as a private in practically every sense.

And last any of the home-folks should think that things are going too darned easy for the boys down here, the following outline is furnished:—(Get up at 5:45 and be dressed in time for the first call, which comes in about 15 minutes, ten minutes of "setting up for exercise" or calisthenics, is next; then about fifteen minutes in which to get in order one's bunk and household; then breakfast; an interval of perhaps half an hour and shortly after seven o'clock the drills begin; for one to two hours there are company and squad drills, taking up some additional feature each day; about nine o'clock comes a short interval after supper practice, which continues until dinner and about an hour's rest; then a series of conferences, or classes, dealing with one or another of the manuals and formations, brushing up then more semaphore practice; at 4:15, by hustling, the student can bathe, shave and do a few other things before the other companies assemble for retreat; this ceremony is usually followed by a short drill, the close of which finds supper ready. A short interval after supper then more semaphore practice; at 7:30 all assemble in the respective mess-halls, for two hours of study. At 9:45 the student must be in his bunk. On Saturdays and Sundays the schedule is less complete, but there is washing to be done, guns to be cleaned and other work that leaves not much spare time.

The camp itself is quite a sizable affair. There are 40 bunk-houses, two to each company, stretching along a curved street; these bunk houses are each as long as the average city block, and each houses about 80 men. Across the street from the bunk houses of each company are its mess-hall and kitchen, and just above these, on the side of the hill, are the small houses of the officers. In each mess-hall there is a small electric light plant (furnishing current for the building of that company alone. Atop the hill are the headquarters of the companies of the commander and adjutant, postoffice, hospital and other structures. There is a big bath house in the rear of each company, and an immense warehouse is also a feature of the camp. All around are more hills and more trees than the average Wichitan ever sees. The water is piped from wells in the vicinity.

When the camp opened on May 8 about half a dozen of the bunk-houses were completed. Wichitans who were among the early arrivals were assigned to a bunk-house that was at that hour of the morning in the "location" stage. The conditions were not so good as they seem now, and many a night of sleeping out in the damp loomed up, but by midnight the bunk-house was complete. Several hundred carpenters have been employed, and a large force is still at work.

One feature of the camp is the "exchange," or canteen, as the regulars call it; it is a store, and has a complete provision, the profits going to swell the mess fund. One can buy almost anything from an ice cream cone to a home for many days. The temperature here has been largely cold and hot in broken doses of each. The nights as a rule, are such as to make the three armies shiver and shiver some, and of late the days have been generally warm enough to cause one to perspire, and frequently to sweat.

None of the home-folks need waste any sympathy or tears upon the lot of boys at Camp Funston. To put it briefly, they are being paid \$100 per month for having a good time and learning a great deal. Quite a few folks are worse off.

THE INSTRUMENT OF QUALITY

But we reservists who remain at home, have our work—the world's work. We are entrusted with the care of dependant loved ones left behind; to comfort, to cheer and if need be to replenish their larder from day to day. Their great sacrifice should be our sacrifice as loyal Americans, so that our flag of freedom may wave its tri-colored emblems in every land, while our stars of hope, like unto the Star of Bethlehem, will lead the whole of struggling humanity into paths of peace, justice and prosperity. Every true American will do his part at home or wherever they may be.

JOHN AND JEFF WILL DRILL WELL OF OWN

Ranchmen Whose Lands Have Already Brought Them Fortune From Oil to Operate.

John and Jeff Waggoner are going into the oil game on their own hook. They have contracted with M. D. Howe and W. D. Cline to drill on section 13 of their ranch. The rig is to be up within ten days. The location is on an airline half way between Waggoner Well No. 1 and on their ranch and the Guffey well on the Burnett Lloyd. John and Jeff sold thousands of dollars worth of leases on their ranch when the Cubertson well was brought in, but as the ranch contains some eight or ten thousand acres they could do this and still keep enough land unleased to keep plenty of capital working in its development. Their first location is regarded as one of the most favorable that has been made in Northwest Texas.

WICHITAN PLEASED WITH FORT RILEY CAMP

Another Wichita Falls boy who is in one of the training camps outside the state is Leroy Schurer, son of Mr. and Mrs. R. G. Schurer, proprietor of the Wichita Hardware Co., who entered Fort Riley, Kansas, reserve officers training camp from the Missouri School of Mines, Rolla, Mo., from which he would have graduated in six months time. In a letter just received by his parents, Leroy recounts some experiences, which show that the training camp there is down to a real army basis. There is lots of hard work from 5:15 in the morning to 7:30 at night, but the food is unusually good and that all are glad to be there. Out of 2,000 applicants from St. Louis, Mo., only 300 were accepted while 80 were accepted out of the Rolla school which Leroy attended. Leroy himself passed the physical examination with a perfect mark. There are about 2500 men already in camp, wooden barracks being used for housing the men, 75 to each barrack. The Fort Riley is a big reserve of 23,000 acres.

HONOR BUTTONS PRESENTED TO REJECTED VOLUNTEERS

Upon our entrance into the world of conflict, prompt steps were taken by navy recruiting stations at New York to procure men of patriotic motives from being confused with spineless slackers because of their civilian attire. Buttons bearing the inscription: "I have volunteered for the navy—have you?" were issued for persons who applied for enlistment but, because of physical imperfections, could not be accepted. When presented the badge is accompanied by a letter which establishes the holder's right to wear it.—From the June Popular Mechanics Magazine.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks. He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture. I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught. Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

Chiropractic

Not Medicine, not Surgery, not Osteopathy, Chiropractic is a science, which removes the cause of disease. No case too difficult either acute or chronic. The same force in your body, which causes your heart to beat, or your stomach to digest food. That heals a great wound, or cements a broken bone can heal your diseased organs or body, IF GIVEN A CHANCE.

It is the loss of the power which travels over nerves that causes sickness, disease and death. If a nerve is destroyed, the tissue, or organ it supplies, becomes useless, or if pinched or pressed upon continually, sickness, acute and chronic diseases, is the result. For every cell in your body must receive this life force, in order for it to perform its function.

The only place in the body where nerves can be pinched, or pressed upon to damage them, is where they branch off from great nerve (the Spinal cord) and pass out between joints of backbone. These joints become twisted, or partially dislocated, pinching the nerves, so the life force cannot pass to various organs and tissues. Health is the result, when the joints are in line, and nerves free from pressure. If you are sick, crippled, paralyzed or suffering don't give up. Investigate this great science.

CONSULTATION AND ANALYSIS FREE.

MISS RICHOLT HOSTESS TO SIGMA DELTA CHI

The chapter sponsor, Mrs. Marvin Smith, met with the Sigma Delta Chi members Tuesday in the regular meeting. Miss Pauline Richolt being hostess. Modern drama formed the study of the afternoon and refreshments of lemon ice and angelfood cake were served. The members present: Misses Audrey Adickes, Helen Stone, Pauline Richolt, Lillian Fain and Frances Yabon. Miss Stone will be the next hostess.

MRS. SHEPHERD HOSTESS TO BRIDGE LUNCHEON CLUB

Mrs. W. B. Shepherd was hostess to the closing meeting of the Bridge Luncheon Club Tuesday afternoon, entertaining at the home of her sister, Mrs. Wade Walker. There was a short business session, Mrs. Marchman being elected president to succeed Mrs. T. T. Reese, who has served this year. Mrs. John O'Donoghue was elected to fill the place of Mrs. Wiley Blair, who has resigned from the club. The luncheon was extremely attractive, the hostess using small pink "button" roses as her flowers and featuring the color in her table arrangement. Wherever possible in the dainty four-course menu the rose shades were noted, the nut containers were pink, the plates were decorated in pink roses, as were the score cards. For the game, prize, the same color was noted, drosplit pink silk hose being the favor won by Mrs. Claude Woods. Those enjoying this meeting were: Mesdames Everett Jones, Newton Maer, T. T. Reese, Marchman, Wade Walker, Eugene Sherrod, McGreor, M. M. Walker, Woods, Thorburn and W. W. Little.

ROWENA CIRCLE MEETS TUESDAY AFTERNOON

A splendid meeting of the Rowena Circle was held Tuesday afternoon at the home of Mrs. E. Bland. Usual business preceding the social hour. All the officers were in their chairs, and plans were made to have the Circle devote some of its meetings for each of the regular meeting nights of the Yeoman lodge. Mesdames Hates, Loggett and Bland were appointed a committee to arrange entertainment for the next meeting, June 1. Two new members were taken in, Mesdames Carter and Anderson, and the flower committee reported three stick members, Mesdames Martin, Barton and Allred. The business routine completed, a program of music by Miss Norma Glenn, and readings by Mesdames Ramsey and South was enjoyed and the hostess had arranged two contests, in which she was assisted by Miss Wilma Dick. Two prizes were given, Mrs. Ott winning an odd Chinese teapot, while Mrs. Hates won the second prize, white silk hose. Late in the afternoon the hostess invited all into the dining room, which was effectively decorated in the Yeoman colors, red and green, with streamers in the two colors brought from the light cluster to each plate. Cards at the end of the streamers bore wishes for the next meeting, Mrs. John Zetsche, 1911 Park. A tempting luncheon of sandwiches,

+ RED CROSS +

(From Harriet Russell's Column in the Houston Post.) When the Red Cross campaign for membership had just been started in Houston I heard a woman one day say: "I'd like to join the Red Cross, but I had no time to work for it, but being a workaday woman I am downtown from early morning until night."

This and numbers of similar remarks make me feel that there may be some who do not quite clearly understand just what joining the Red Cross means, and they have hesitated joining feeling that it carried an obligation which they unfortunately were not able to assume.

For those who do not fully understand what the Red Cross membership means, the following extract from a Louisville paper, published at the beginning of their Red Cross membership campaign, will be interesting and instructive:

To the People of Louisville: Have you ever seen a wounded soldier begging for water? Do you know how typhoid and dysentery can eat their way into an army camp? Do you remember the pitiful wretches that came home from Cuba and the Philippines? Do you know that lack of hospitals and hospital supplies fills more soldiers' graves than bullets? Make up your mind right now that it is not going to happen again. See to it that when Kentucky leads to battle the Red Cross goes with them.

Do you know that our wounded soldiers on the battlefields shall see a Red Cross flag and know that help is coming? You want to do this—don't you? Well, there's a way. Give the Red Cross your membership at once. That doesn't mean that you are being asked to carry a litter, to drive an ambulance, or to nurse the sick or wounded. It merely means that you are generous enough, humane enough to invest at least a dollar in this cause of mercy.

It means that you have helped that much to provide money for medicines, bandages and nurses—and surgeons, hospitals and hospital supplies. Your country has made you the equal of any king—has given you prosperity, liberty, happy homes, a thousand other blessings. Now aren't you going to expend one dollar for it, for Kentucky's own boys, for humanity itself?

That is what joining the Red Cross means—It means that, though you may not have time nor strength to devote to active Red Cross services, nor abundant means to contribute largely to the fund for supplies, you are not to be denied the blessed privilege of doing at least something that will tend to comfort and relieve the suffering of the men and boys who are going forth to fight for you.

I think that every man, woman and child who can afford to do so, even though giving the price of membership—one dollar—might mean self-denial, will want to do that much for the soldiers of their home city, of their home State, of their own broad and splendid country, after reading this exquisite beautiful tribute to the Red Cross nurse:

It was a bearded and weather-tanned French soldier—a Parisian dandy in times of peace—lying grievously wounded at a field hospital "somewhere in France," who turned to a ministering priest and with a wan smile, said between groans: "I used to picture angels as light and ethereal beings with golden butterfly wings, wearing many jewels and gauze draperies. Now I know them to be swarthy women with uniforms of white and one single ornament—the Red Cross."

John M. Stanley Heads Knights and Ladies Security

John M. Stanley was elected to the president's chair in the Knights and Ladies of Security Lodge last night. This chair was made vacant by E. H. Edleman's going to the reserve officers' training camp at Leon Springs. The lodge also elected Clyde S. Burnett to the office of Council commissioner. Mr. Burnett will represent the local lodge in the location of the home and hospital that is being planned by the state organization. The local lodge has only 215 members at present and while the membership is not as large as some other lodges of the organization, the lodge here will present the claims of Wichita Falls.

Just what can be done with a little endeavor in raising truck on the Wichita ditch is shown by P. A. Berry, truck farmer, who has a place on the

"Quality Kind" GET A BOX TODAY We Deliver—Phone 47 Shaw-Williams Drug Co.

A DANGEROUS MISTAKE.

Wichita Falls Mothers Should Not Neglect Kidney Weakness in Children. Many children have weak kidneys. An early warning is bed-wetting, often followed by backache, headache, languor. This is a mistake to neglect these troubles. Well, blame the child for his own distress. Seek to check the cause. Save the child from dangerous kidney ills. Doan's Kidney Pills are especially for weak kidneys. Wichita Falls parents know their worth. Mrs. J. K. Bissett, 603 Lee street, Wichita Falls, says: "A younger member of my family had a bad case of kidney complaint. She seemed to lose strength rapidly and was dull and irritable. There was no control over the kidney secretions. Some one advised me to give her Doan's Kidney Pills and after taking the second box, she felt better. Her health picked up and she became much stronger. The action of her kidneys became regular." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bissett recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

Friberg Items

Crops continue to look good after the rains. Robert Carey has bought several cows lately. Caspar Geyer is preparing to put up some new buildings, having begun hauling the material. Miss Anna Preston, the primary teacher of the community, has been offered the position for next year. Mrs. August Byman and daughter, Mary, visited with Mrs. Caspar Geyer Sunday.

FARMER HAS BEST CHANCE LONG LIFE

Based on 54,268 deaths of men and 102,467 deaths of women industrial policyholders 15 years old and more, as recorded in 1911, 1912, and 1913 by one life insurance company, tuberculosis caused the death of 20.5 per cent of the men and 14.4 per cent of the women, while organic diseases of the heart were responsible for 12 per cent of the deaths of men and 14.8 per cent of the deaths of the women.

The average age of men dying from tuberculosis was 37.7 years, and of women 34.1 years. Of men the lowest average age at death, 31.1 years was among those who died from typhoid fever, and of women the lowest average age at death, 29 years, was among those who died in childbirth. By occupation the lowest average age at death was 36.5 years among bookkeepers and office assistants and the highest average age was 58.5 years among farmers and farm laborers.

These facts are brought out in a tabular form in Bulletin 207, entitled "Causes of Death, by Occupation," a study made by Louis I. Dublin and recently issued by the Bureau of Labor Statistics of the United States Department of Labor. Office Workers Most Susceptible. Tuberculosis was responsible for the largest number of deaths among clerks, bookkeepers and office assistants, 35 per cent; compositors and printers, 34.1 per cent; gas fitters and steamfitters, 31.6 per cent; longshoremen and stevedores, 29.2 per cent; teamsters, driv-

Round-Up Celebration Is Proposed For Wichita Falls

The convention and publicity bureau of the Chamber of Commerce has recommended to that body that they sign a contract with Howard Wilson to bring to Wichita Falls an old-time frontier round-up. As outlined at present, the expenses of the affair will be in the neighborhood of \$2,000, and it is estimated that the attraction will draw an average daily attendance of 5000 people for the three days. Contestants from all over Oklahoma and West Texas are expected to come in to get their share of the \$1000 prize money. The probable dates are June 15, 16 and 17.

Ten years ago, oil was first discovered in this vicinity, and it is intended to make this show a celebration of that event. Wichita Falls owes her solid foundation, doubtless, to the courage, enterprise, foresight and acumen of her business men, her factories and corporations. But she owes her phenomenal growth and wealth to the discovery of oil in this territory, and it is therefore considered fitting that she should memorialize this fact in high holiday and merry-making.

The convention and publicity bureau feel, too, that several events, usually held annually, but for many reasons omitted this year, should be incorporated in this celebration. The Old Settlers Picnic was postponed indefinitely and the fair could not be held; and Wichita Falls would be glad to make this an occasion of welcoming and entertaining her many friends in the surrounding country districts. One of the principal attractions would be Miss Lucille Mulhall, the champion cowgirl. Miss Mulhall has, among other stunts, that of roping eight horses abreast on a hundred-and-iron moulton. Suicide is frequent, where depressing influences are present, as among bakers and cigarmakers. Typhoid fever is high where question-

ten foot rope. There will be contests of all winds, roping, races, horse wrangling, calf roping, trick riding, chuck wagon races, relay races, novelty races, wild horse riding and all the usual frontier stuff. It can be readily seen that such a celebration would not only be a source of justification and high good time, but would bring a large number of people to town, and would be a very material gain to Wichita Falls.

BIG QUANTITIES OF FISH GO TO WASTE IN IRELAND. Cork, Ireland.—Although politicians and newspaper men in England are talking about food famine, thousands of barrels of excellent food are going to waste in the Irish fishing ports, owing to the haphazard and demoralized conditions of transport. Catches around Cork and Kerry have never been so large as this season, but fishermen often find it impossible to dispose of their catches profitably, although the prices ruling in England are double those of normal times.

Another hindrance to shipments has been the impossibility at many places of getting crates or barrels to contain fish bound for the markets. In normal times the empty crates were returned in three days or less, but at present "empties" are often as many weeks en route. Recently ten thousand dollars worth of fish belonging to a single shipper was allowed to spoil on the freight platforms here, the railway refusing to take it owing to some congestion of shipping between Ireland and England.

ALL BANKS IN AMERICA ASKED TO SELL WAR BONDS

—ESTABLISHED 1884— 27,513 BANKS TWO BILLION DOLLAR LOAN \$72,656.56 ONLY, for each Bank to sell if equally divided.

The Banks in the big centers will subscribe for many thousands over that average amount. Voting Places In City For Road Bond Election

Everything is in readiness for the road bond election in Wichita county. The regular election officers will conduct the election. The polls will open at 8 a. m. and will close at 7 p. m. Resident, property taxpaying persons, otherwise qualified may vote in the election. The voters will be polled at the regular polling places, the following at the polls:
St. James hotel at six o'clock in the morning at the temporary court house, Precinct No. 2 which vote in the east end of the city. The regular election officers will be in the court house yard, No. 11 will vote in the west end of the temporary court house, No. 12 will vote in the west end of the temporary court house, No. 13 will vote in the base-ment in the west end of the new court house.

Good Roads Forces Express Confidence

The final rally of the good roads forces will be held at a luncheon at the St. James hotel at six o'clock this evening. At this meeting the workers will be assigned their duties for election day and will be given an enthusiastic start. Local committees were at work this morning at Burk Burnett, Iowa Park and Electra, and here members of the committee were engaged in a final telephone campaign in which hundreds of voters were being called up and asked not to forget the election and do whatever they could to carry the bonds.

ENTHUSIASM RUNS HIGH AT ELECTRA

There was a large and representative meeting of citizens at Electra last night. The purpose of this meeting was the boosting of the governing body of Electra and the building of permanent highways in Wichita county. Practically all of the progressive and live-wire citizenship of that community was represented. The Young Men's Business League, headed by J. P. L. Parker, had prepared an elaborate dinner which attracted the most fastidious and satisfied the most exacting palates. The Young Men's Business League of Electra is full of zealous, vigorous members whose ambition it is to make Electra the best town on the Fort Worth & Denver railway, and in entertaining their guests it might be said that they kept their reputation in knowing how to handle a big bunch of good roads boosters and town builders, not only in the eating line, but in various lines of entertainment.

Mr. Parker, president of the Young Men's League, in a very happy address, told of some of the aspirations of his city, and how the citizenship had struggled to place Electra in the front rank of cities. After speaking to some extent along the lines of city building and planning, he introduced some of the leading citizens of his community, among them Mayor Cline and others, who made very enthusiastic and practical addresses on the needs of road improvement in Wichita county. They went on to show how from a business, industrial and social standpoint, the city of Electra and the county of Wichita would be benefited. Their addresses were received by their home folks with enthusiasm and much applause.

Among the invited guests from Wichita Falls and Vernon were the following gentlemen: Hon. W. C. Stephens, who represented the people for twenty years in the lower house of congress; Mr. Chas. W. Reid, president of the National Bank of Commerce of Wichita Falls; L. S. Franklin, good roads lecturer of Dallas; Secretary Parnell of the Chamber of Commerce, Vernon; Mayor Walter Cline of Burk Burnett. All of these gentlemen and other delivered speeches on the good roads proposition, which were well received. Associated Press Mail Correspondence. Stockholm.—A new type of airplane has been planned and constructed by an officer in the Swedish army. Lieutenant von Porat. It differs from ordinary types in that it is made entirely of steel and waven fabrics, with the exception of the propeller, which is of wood, and in the arrangement of the wings. The lower plane of the machine—which is a scout biplane with some resemblance to the Fokker type—lies for three-quarters of its width back of the upper plane, instead of being directly under it, as in most machines.

RED CROSS MEETING FRIDAY AFTERNOON

Information Program Will Be Given at M. E. Church, South—Army Dinner Saturday.
For the benefit of those who are still unfamiliar with the organization and workings of the Red Cross, an "information program" will be held Friday afternoon at 3:30 at the M. E. church. All members of the Red Cross are invited to attend. The program will be given by the Red Cross committee. The dinner will be served at 6:30 p. m. at the M. E. church. The Red Cross is a voluntary organization of men and women who are working for the relief of suffering humanity.

These citizens, and men like them are struggling to make Wichita Falls and Wichita County a place where life is worth living. They realize that in order to attract new population and new capital inducements of a substantial nature must be offered. They realize also that the basis of wealth in any community is an uninterrupted communication between the farm and the market.

Let every public spirited citizen who loves his city and his county, go to the polls tomorrow morning and vote for the best interests of the whole people.

Wanted—To Buy and Exchange

Second-Hand FURNITURE and STOVES

Star Furniture Co.

Phone 1011 910 Indiana Ave

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making the Times Want Columns promptly and perfectly useful to the readers.

Telephone Ads cost no more, in money—and less in time—but the Times want employment collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for the collector.

DON'T LET HIM CALL THE SECOND TIME

If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second hand, you should use the Times Want Ad Columns daily.

RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than fifteen cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 167.

OIL! OIL! OIL!

TREMENDOUS PROFITS POSSIBLE

To those familiar with the facts, it is unnecessary to state that no business pays such enormous profits as oil. Hundreds of your friends right here in Wichita Falls have realized tremendous returns on very modest investments. In the new fields that have recently been opened up, the greatest opportunity of your life is now afforded you to play the oil business.

We offer for sale shares in local oil companies and buy and sell leases close to production. We give daily quotations on oil stocks, and the depths of all drilling wells.

Make our office your headquarters or phone us for any information we may possess.

RESOLUTIONS OF RESPECT.

May 23, 1917.
Be it resolved, Whereas, God in His wisdom has removed from the home of our dear Brother and Sister, J. W. and Martha Chaney, their darling boy, Hubert Sherman, age fourteen months, Wichita Falls, Council No. 2361 Knights and Ladies of Security, do extend to the bereaved ones their deepest heartfelt sympathy. While the child's prattle, the patter of tiny feet and tender touch of those chubby baby hands will be missed more than words can tell, grieve not dear parents though great is your loss, it is the little darling's gain. Our Lord has said suffer little children to come unto me, and whosoever will not for of such is the Kingdom of Heaven.

MISS NELLIE ROWE,
MRS. MARIE SEAMAN,
MRS. PEARL BURNETT,
Committee on Resolutions.

RIGGS

Says Cheer Up?

When those to whom we look for information as to the condition of things and advice as to our future prospects told us to be economical during the war, they never intended we should stop living, as some timid folks seem to imagine.

The country is at war, sure enough—and every man is expected to do his duty.

And there is need of economy in food-stuffs and other things, to the end that we may be helpful and efficient.

That's all

We're fabulously rich. We have natural resources beyond our dreams. We can feed and finance the whole world.

But we must get on the job in dead earnest.

Billions are to be spent here by foreign powers—now our allies—as fast as we can use it. It means not only work for everybody, but high wages and great prosperity.

Don't be extravagant, but buy the things you need—foods, clothing, home furnishings. Go to the movies. Laugh, play, cheer up—and fight when your turn comes.

And Don't Fail to Vote for GOOD ROADS

Riggs Store crowded with Fine Hand-Tailored Suits

Two big express shipments of undelivered Tailored Suits worth \$20.00 to \$35.00, arrived today from Chicago and Cincinnati are now on sale

REGISTRATION OFFICERS NAMED

MACHINERY FOR REGISTRATION MILITARY ELIGIBLES RAPIDLY BEING COMPLETED.

SOME REGULATIONS

Those Likely to Be Absent on Registration Day Can Register Now at Clerk's Office.

The machinery for the registration of males between the ages of 21 and 31 years in Wichita county is being rapidly perfected and within a few days everything will be in readiness for the work of registration day, June 5th. Even now those who plan to be out of the city or away from their voting precincts on registration day can call at the county clerk's office and register. This can be done until the night of May 25th, after which time it will be necessary for those eligible to register to go to the registration places on June 5th and write out their cards. Necessary steps for the registration of those who are sick may also be taken before the day of registration.

The chief registration officers for each precinct of the county are as follows: Wichita Falls, Precinct 1—J. M. Bonner; Wichita Falls, Precinct 2—J. L. McConkey; Allendale, Precinct 3—W. H. Gwinn; Cashden, Precinct 4—D. Cooper; Burk Burnett, Precinct 5—A. L. Loe-hofener; Iowa Park, Precinct 6—George T. Smith; Denny, Precinct 7—J. R. Pace; Beaver Creek, Precinct 8—B. C. Ellis; Clara, Precinct 9—G. W. Chapman; Electra, Precinct 10—Ed C. Wilson; City, Precinct 11—M. K. Emmert; City, Precinct 12—M. F. Yeager; City, Precinct 13—N. O. Morrow.

The sheriff's department has received a complete instructions concerning the registration from the Provost General of the United States. These instructions call upon the sheriff, when and where, who shall register these and all other details concerning the registration.

The sheriff, county health officer and county attorney constitute the registration committee in each county. It is the duty of the sheriff who is the executive officer of the board to appoint registration officers in each precinct, and if there are more than one such officer, then he shall name one of them as chief registration officer. The officers must be appointed and their names certified within six days after the date of the President's proclamation.

All those who have passed their 21st birthday and who have not passed their 31st birthday must register. They must register in the precinct of their domicile, except in the case of those absent or sick for whom special provision is made as outlined later in this article.

The booths will be open from 7 a. m. to 9 p. m. The use of the booths in the presence of an officer in charge. At least three cards containing instructions will be posted on the premises, and those coming to register are asked to study these questions so that they can give their answers with as little delay as possible. All are cautioned against giving evasive answers.

The following concerning the registrations of sick persons and of absentees is taken verbatim from the Provost General's instructions:

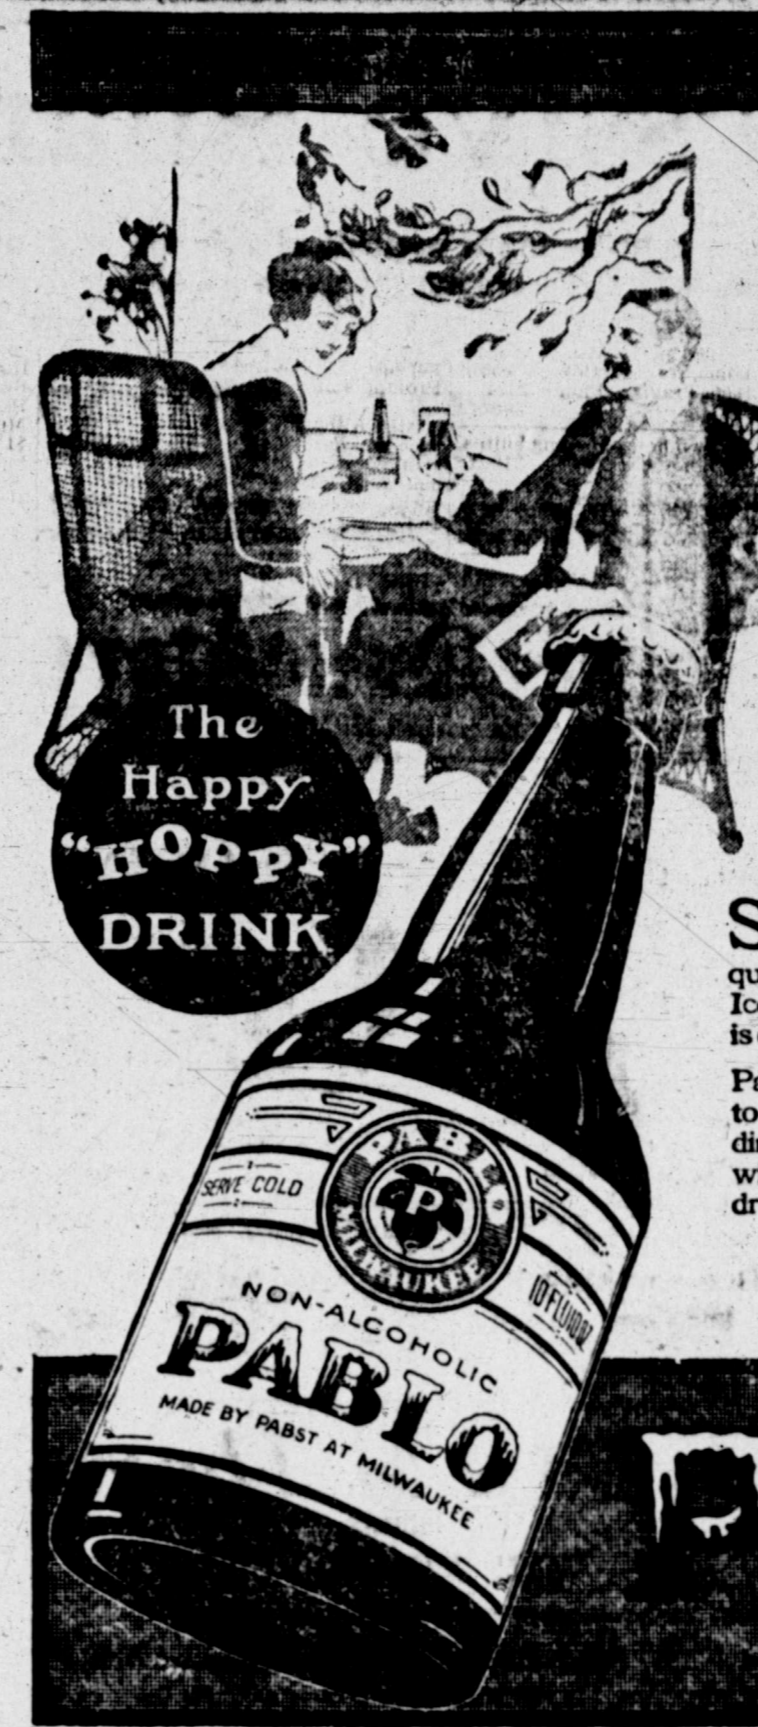

Persons who, on account of sickness, will be unable to present themselves for registration on the day set by the President, will cause some competent person to apply in advance of date of registration to the county or city clerk for a copy of the card and for the authority to fill it out (including the registrar's report on the back thereof). If satisfied that the case is bona fide, the clerk will deputize the person applying for the card to make out the card and the registrar's report, first carefully explaining the card.

The card will then be mailed by the sick person, or by his agent, to the registrar of the sick person's voting precinct as designated for cards of absentees.

If the sick desires a registration certificate, he will inclose a self-addressed stamped envelope. Registration of Absentees. Although registrations must be in the precinct of domicile, and although the burden is on you to see that your registration is entered at your domiciliary precinct on the prescribed day yet, for your convenience and to obviate the necessity of your going home for the purpose of registration, the following is provided for the registration of absentees:

(a) Six days after the publication of the President's proclamation there will be a supply of registration blanks at the office of the city clerk of every city of over 30,000 population.

(b) The county clerk or, in the case of cities of over 30,000 population, the city clerk is authorized to record the answers of persons absent from their domiciliary county and to certify to their registration cards.

Pablo Cools and Refreshes!

SUMMER days, with scorching heat, are greatly relieved by Pablo. This pure, non-alcoholic thirst quencher chases away all feelings of hot-weather fatigue. Ice cold Pablo cools and refreshes immediately. Pablo is delightfully different. You'll like its good old "hop" tang.

Pablo's popularity makes it the most convenient beverage to serve for any occasion. Picnics, parties, luncheons, dinners, in fact any time, Pablo will crown the occasion with delight and joy. Get Pablo ice cold at any good drink stand or by the case from your grocer.

RECORD-BREAKING CROWD FOR MARY PICKFORD PICTURE

Probably the largest crowd that has ever attended a picture show in Wichita Falls was present at the opening night showing of "The Poor Little Rich Girl" at the Empress yesterday. There were many who were forced to go away and wait until today, when the picture was shown for the second time. The story of the little rich girl who had everything that didn't amount to anything is a familiar one and those who have been admirers of Miss Pickford since her early successes will not be disappointed in their favorite. She is just a darling little girl, nothing more and so powerful an actress is she that one forgets that she is Mary Pickford, screen star, thinking only of the child joys with too great a mixture of sorrows to make up a happy life. The entire cast in "The Poor Little Rich Girl" is good, but of course, her work is just slight of in the artistry of Mary Pickford.

"The Flower of the Plaza" will be the feature attraction at the Plaza tonight. Gypsy Hart makes in "The Flower of the Plaza" her first appearance as a leading lady in her new picture. This picture is a story of a melodramatic story was written and produced by Rex Ingram, and staged at Universal City with a strong cast, headed by the recently discovered Miss Hart, and Wedgewood Nowell, whom Mr. Ingram has called "the best dramatic leading man on the screen." Others prominent in the cast are M. K. Wilson, Nicholas Janasew, and Yvette Mitchell, and they carry their work to a successful conclusion. The picture is filled with artistic atmosphere, fine light effects, and unusual reticent characteristic of a picture produced by Mr. Ingram, while the story rushes fast to a satisfactory ending.

"BEHIND THE MAN" AT THE MAJESTIC THURSDAY

Dorothy Dalton is starred in the Tri-une-Ince-Kay Rex drama to be started at the Majestic Theater Thursday. This is a tense story of big business. Having been assisted to a big position through the unwavering loyalty of Ellen Holton, a quiet but unusually efficient stenographer, Larry Thomas, an ambitious country youth, decides to throw Ellen over and marry the daughter of the president of the company, despite the fact that he knows Ellen Brooks to be a reckless, pleasure-loving parasite. In company with one of her unscrupulous companions, Ellen gets into her father's office at night to rob the vault. A quarrel develops between the girl and her accomplice, and during the ensuing struggle Ellen is shot and killed. Larry Thomas, who has been working late, rushes in, finds the girl murdered, and finds Larry's body. Ellen Holton is the only other person in the office. Larry is held for the crime, and Ellen is to be the chief witness against him. Just before the trial Ellen is released. Larry agrees to their marriage, in spite of the fact that she is a widow. A wife cannot be forced to testify against her husband. In the end Larry tracks down the real culprit and makes arrangements to the brave girl who was willing to sacrifice everything for him.

GERMANY GETTING BUTTER THAT WENT TO ENGLAND

Associated Press Mail Correspondence. Malmö, Sweden, England received 85 per cent of all butter exported from Sweden in 1914, amounting to 82,398 tubs. It dropped to 27,376 tubs in 1915, and, according to official statistics for 1916, just issued, went down to 558 tubs last year. Exports to Germany and Austria increased from less than 10,000 tubs in 1914 to 47,152 in 1915, and 57,369 in 1916. The domestic consumption increased greatly in 1916 owing to the falling off in the fabrication of margarine. Prices were roughly fifty per cent more than in peace times.

NAVY FAILED TO SECURE SINGLE RECRUIT YESTERDAY

The navy recruiting station drew a blank yesterday, while the army, out of five applicants, passed the following: Harry B. Brazier, Quannah, and Elmer F. Elliott, Quannah.

TOMORROW
DOROTHY DALTON and CHARLES RAY
"BACK OF THE MAN"

Suppose, young lady, an awkward country boy came to work in the office where you were employed—suppose the others teased him, wouldn't you feel sorry for him—wouldn't you help him in his struggle along the road to success? And then, when he was almost at the top, after you had learned to love him—suppose something happened and he turned his back on you. Do you think you would make one final effort for him? Dorothy Dalton in this great play does just as you would have done in her place. Less than twelve pictures to date have registered 100 per cent perfection. BACK OF THE MAN is one of this lot that does.

RUMANIAN GOVERNMENT WANTS UNIVERSAL SUFFRAGE

By Associated Press. Jaffy, Roumania, May 23.—Premier Bratianu has announced to the Chamber of Deputies that the government requests Parliament to insert in the Rumanian constitution the principles of universal suffrage and expropriation in favor of the peasants. The government is also considering the Jewish question.

PRESIDENT WILL RECEIVE ITALIAN COMMISSION

By Associated Press. Washington, May 23.—With the arrival here today of the Italian war mission headed by Ferdinand Di Savoia, prince of Udine, conferences with American officials will begin after the visitors have been received by President Wilson and other high officials. Entertainments have been planned in their honor.

DENIED MEXICO HAS MADE ANY REPRESENTATIONS

By Associated Press. Mexico City, May 23.—Ernesto Garza Perez, in charge of the foreign office, denies that Mexico has made any representation to Germany on the submarine issue. Senor Perez was shown a dispatch from Amsterdam which stated the Mexican minister to Germany was said to have protested against unrestricted submarine warfare. He declared the Mexican government had authorized no such representations and that Mexico had nothing to say on this subject.

WEATHER CONDITIONS AGAINST LAMB RAISING

Perth, Scotland.—Owing to the wretched weather conditions, the mortality amongst lambs has not been so great for fifty years, and shepherds are carrying them from hillside to shelter by hand and feeding them on whisky and hot milk. Many titled land owners are acting as shepherds, staying out on the hills day and night in order to save the flocks.

There's But One Thing We Crave—TIME

We or any other successful cleaner must have time on fancy cleaning. We handle with perfection, the finest materials and to do so we should have as much as two days and when convenient, even longer—we are responsible. Be sure your cleaner knows how.
