GERMAN AIR VULTURES DROP DEATH ON WOMEN AND LITTLE CHILDREN In Their Most Ambitious Air Raid Germans Kill 76 and Wound 165

By Associated Press. London, Eng., May 26.—Seventy six persons were killed and 174 injured in Dover and Folkestone, England, early Friday evening in the most ambitious raid upon England by German aircraft. Of the killed 27 were women, and 23 children, of the injured 43 were women and 19 children.

BOMBS DROPPED INTO STREET CROWD

Women and Children Standing in Line For Potatoes Were Principal Victims. A town on the Southeast coast of England, Friday evening, May 26, (via London, May 26, 1:45 p. m.)—The most ambitious air raid yet undertaken by the Germans on Great Britain occurred here late this afternoon while the streets were crowded with shoppers and workers returning to their homes.

THREE ENEMY AIRPLANES SHOT DOWN IN THE REPORT

By Associated Press. London, May 26.—The admiralty statement says: "Naval airplanes attacked the airships at St. Denis, Westrez, near Bruges, yesterday morning, dropping many bombs. In the evening several enemy aircraft returning from the raid on England were engaged overseas by the Royal naval air service machines. An encounter took place between one British and three hostile airplanes in mid-channel and one of the latter was destroyed. Several encounters took place off the Belgian coast in which two large hostile engine machines were shot down."

FIELD MARCHAL FRENCH'S ACCOUNT OF THE RAID

By Associated Press. London, May 26.—The following report on the air raid was made by Field Marshal Viscount French: "A large squadron of aircraft, about 16 in number, attacked northeast England between 5:15 and 6:10 last evening. Bombs were dropped in a number of places but nearly all the damage occurred in one town where the bombs fell into the streets, causing several casualties among the civilian population. The total casualties reported by the police from all districts are: killed, 76; wounded, 174. Of the killed 27 were women and

FRANCE'S DEFENSE AGAINST U-BOATS THOUSANDS OF NETS

MINISTER OF MARINE GIVES INTERESTING OUTLINE OF MEASURES TO COMBAT SUBS. Hundreds of Patrol Boats, Floats, Smoke Screens and Other Devices Are Employed. Paris, May 23 (Delayed)—Replying to Interpellations on submarine warfare in the public session of the Chamber of Deputies, Admiral LeCraze, the minister of marine, gave an interesting outline of the means of defense of France, which are adopted against the under sea boats. "I see no reason why I should not speak of these methods in public," says Admiral LeCraze. "It would be childish to think they were unknown to the enemy. They consist of a system of patrol boats, of armed merchantmen with guns and fitting them with wireless telegraph, planes, nets, mines, smoke raising devices and drags nets. "I sought to get patrol boats built here and buy them abroad but when ever I went England had been before hand. When I entered the ministry I found 245 patrol boats, now we have 552 and I have been ordered to increase them to 900. I continue to buy in London, the world's center of shipbuilding, I am obliged to do so because our shipyards have been almost completely abandoned, because of our short war theory which weighed so regrettably upon all decisions at the other end of the world. Yards had been transformed into war material factories to meet the pressing need of the national defense. We have now got the signals and a number of private yards together with skilled workmen. "The guns mounted on the patrol boats have been started by October fully, but you can not put 10 centimeter guns on a small vessel. A patrol boat on guard armed with 55 millimeter guns met two submarines, armed with 105 millimeter guns, sank one and put the other to flight. "We have 1,200 drag nets as well as 170,000 curtain nets and 5,000 foot float nets which indicate the presence of submarines. We have special bombs for submarines and apparatus to throw them. "We have organized sea plane posts around the coast so that the zone of action of each post joins that of its neighbor on either side. By October our merchantmen and patrolers will be fitted with wireless and all merchantmen supplied with guns of as heavy calibre as possible."

TEXAS GRAIN DEALERS MEET AT GALVESTON

By Associated Press. Galveston, Texas, May 26.—Before today's session of the convention of the Texas Grain Dealers' Association opened, the members were taken on a special train for an inspection of railway terminals at the port. The morning session was devoted to a discussion of the report from the committee on constitution and the laws revision. The convention adjourned late this afternoon.

MANY WITNESSES SUMMONED BEFORE FEDERAL GRAND JURY

By Associated Press. Dallas, Texas, May 26.—Witnesses from every county in the Dallas division of the northern district of Texas where lodges of the Farmers and Laborers Protective Association of America have been established will be in attendance when the Federal Grand Jury begins its investigation into the association's alleged anti-conscript agitation Monday. It is expected the body will spend ten days looking into the evidence gathered by Federal agents. G. T. Bryant, said to be state organizer of the association, still remained in custody today awaiting bond in the sum of \$1,000. Bryant insists the Farmers and Laborers Protective Association is a loyal organization innocent of the propaganda attributed to them.

ITALIANS PUSH DOWN PLATEAU TOWARD TRIEST

CAPTURE ADDITIONAL 3500 MEN, BRINGING TOTAL SINCE MAY 14 UP TO 22,419—HEAVY AUSTRIAN ATTACKS ARE REPULSED. The Associated Press summarizes war operations as follows: General Cadorna's brilliant offensive continues unchecked, each day finding the Italian line projecting a little further down the Carso plateau toward Triest. The Austrian line gave way again on Friday between Castagnavizza and the Gulf of Triest, the advancing Italian troops carrying another heavily fortified position and capturing an additional 3,500 men. Their capture in the offensive beginning May 14, now totals 22,419. The Italian right flank resting on the coast now has passed the mouth of Timavo river, while the center of the army in this sector has pushed the Janina, the advance sacking in the heights between Flondar and Medazza. In the region north of Gorizia the Italian forces are maintaining their gains scored last week on the captured heights taken as preliminary to the present determined drive for Triest in the coast sector. Heavy Austrian attacks in the Vodica area were repulsed. The Austrians were pushed still further back. German artillery is displaying increased activity against the British in the sector of the Arras, but the advance from the Scarpe river south to Croiselles. The French announce further progress of the Champagne front and repulse of two German counter attacks, east and west of the front. The German war office states that the army group of the German Crown Prince captured 544 officers and men and 15 machine guns in an attack on the Champagne front of the Chemin-des-Dames. It adds that French attacks on a three mile front south of Maunoy in Western Champagne were repulsed. Russian troops frustrated a Turkish attempt to dislodge them from heights on the Van on the Caucasus front.

U-BOATS BESTED BY SIMPLE DEVICE

Britisher Gives American Inventor Credit For Having Solved Problem of Sub Menace. London, May 26.—The Westminster Gazette publishes a message from a correspondent who says the submarine menace is being bested by a simple method, which, the correspondent indicates, is the invention of an American. "It is giving away no secret," the correspondent writes, "to say that the method which is reputed to be infallible requires only a little time to come into effect and wear the German submarines out. It is a model of simplicity. The press has been liberal in its announcement of Marconi's device, but while extending encouragement to the genius who perfected one of the most monumental advances in maritime navigation has devoted his unremitting consideration to the submarine menace, and this resourceful American too has worked toward the device along independent lines. "Asserting that the British have better submarines than the Germans the message continues: "Only a little more time is needed for our pre-eminent inventive brains to outstrip the pirate professors and by a method which is simplicity itself we already have the life of the U-boat campaign measured."

VIGOROUS EFFORT TO CATCH SPIES

Government Resolved to Close Channels Which Feed to Operations of Spies. Washington, May 26.—Admiral reports from London that Germany some means learned that American destroyers were bound for European waters at least four days before they were sighted. Queenstown, strengthened today the government's determination to search out spies and close channels of military information which would aid the enemy in the United States and Germany. That the Queenstown harbor entrance was strewn with submarines and mines indicates that the American ships was considered by officials, as proof that the German information concerning the departure and destination of the boats was serious. The seriousness of the disclosure has not been greatly ameliorated by the fact that the German plan was discovered in time and the destroyers saved.

MAY NOT ANNOUNCE CAMP SITES UNTIL MIDDLE OF WEEK

By Associated Press. San Antonio, May 26.—The sites for army training camps for the six divisions to be sent into the Southern Department, probably will not be announced before next week, Tuesday or Wednesday. The board has made its report to General Parker and was relieved today.

HOUSTON MAN WINS STATE GOLF CHAMPIONSHIP

By Associated Press. Fort Worth, Texas, May 26.—R. H. Brown, Houston, won the state championship at golf this afternoon on the Rivercrest course by defeating Bryan Heard, also of Houston, three up and two to play. Brown won the morning series in 18 holes, two up and assumed an early lead this afternoon which Heard was unable to overcome.

TORNADO SWEEPS ILLINOIS TOWNS KILLING SCORES

HOLDING NEGRO FOR MURDER OF WOMAN

Taxicab Driver Under Arrest at Mobile For Death of Mrs. R. C. Hess. By Associated Press. Mobile, Ala., May 26.—Fisher Brooks negro taxicab driver was ordered held today on a charge of murder in connection with the killing of Mrs. R. C. Hess of Fulton, Ala., whose body was found with her throat cut in a creek near Mobile Thursday, after detectives testified at the coroner's inquest that dried blood had been scraped from beneath Brooks' finger nails. Albert Sanders another negro chauffeur is also being detained. Robbery, the police believe, prompted the killing of Mrs. Hess. Brooks is said to have admitted that he drove the taxicab in which Mrs. Hess rode from a hotel to the railroad station Monday, but declared that she was accompanied by a man and that the couple were quarreling. Saunders drove the automobile in which Mrs. Hess rode to her hotel when she arrived in Mobile Sunday. The woman is said to have displayed a large sum of money when she paid her fare.

5,372,400 SINGLE 4,545,900 MARRIED

Census Bureau Estimates That 10,000,000 Who Register Will Be Divided On That Basis. By Associated Press. Washington, May 26.—By a census bureau report today classifying the more than 10,000,000 of military draft age the number of single men is placed at 5,372,400 and the number of married at 4,545,900. The estimate was prepared on the basis of a normal increase in population since the 1910 census and on the assumption that the ratio between married and single men is the same at that time. The government, it is stated, will not exempt any particular class of industry but deal with cases individually. Individuals, however, whose work is deemed necessary to preserve an economic balance will be exempted.

ATTORNEY GENERAL'S DEPARTMENT GIVES OPINION

Special to The Times. Austin, Texas, May 26.—It was held today by the attorney general's department that under the act of the regular session of the Thirty-fifth Legislature requiring the publication of legal notices in newspapers applies to all election notices for which notices have been required to be posted, except general elections, and where such notices are first published thirty days prior to an election, it is not necessary for the notice to be published under this ruling. A ruling was also issued constraining the sanitary code which requires a record of births and deaths to be made. It is held that such records must be made in a permanently bound book and that the registrar of vital statistics has no authority to prescribe that the city registrar and country clerk may use a loose leaf record, as same is not permanently bound book within the meaning of the act.

BUSINESS SECTION OF MATTOON SWEEP AWAY

Charleston, Westervelt, Ashmore And Other Towns Torn by Wind. By Associated Press. Chicago, Ill., May 26.—Spring tornadoes making their appearance earlier than usual in the Central West caused the death of more than 100 persons today and yesterday, the injury of several hundred and property damage which cannot be estimated because of serious loss in growing food crops. Mattoon, Ill., was the heaviest sufferer in the storm from 50 to 75 persons being killed there late today. This was more than twice as many as were killed in Kansas on Friday, when the village of Andale, virtually, was wiped out and heavy toll taken in the surrounding country, the dead being estimated at from 24 to 30. The storm today struck the northern half of Mattoon including nearly all of the business section and rendered two thousand persons homeless. While the principal force of the storm struck Mattoon other sections of Illinois were visited by vagrant tornadoes which left death and destruction as they twisted through a rich farming territory. Casualties were reported as follows: Westervelt, Ill.—Five dead; 21 injured, three of whom will die. Manhattan, Ill.—One dead; 6 injured. Joliet—Two injured. Ellwood—Four injured. Modesto—One dead; 9 fatally hurt. Pearl—One fatally injured; four hurt. Charleston—Many reported injured but definite information lacking until wire communication is restored. Early reports of property damage indicated that serious damage has been done to many towns. Substantial factories were blown to splinters in Mattoon. Joliet estimated a half million dollars damage in Hill county alone. Hail followed the wind in many places, bearing the crops into the ground.

ENTIRE BUSINESS SECTION OF MATTOON WIPED OUT

By Associated Press. Mattoon, Ill., May 26.—About 50 persons were killed and more than 300 injured when a storm struck Mattoon late today. The entire business section of Mattoon is wiped out and upwards of 20,000 are homeless. The storm, traveling from east to west, destroyed practically the entire northern half of the town leaving no buildings standing in a section several blocks in width. Flying planks from a lumber yard struck a number of pedestrians who had been unable to find shelter, and other pieces of timber were hurled for miles along the countryside, one being discovered striking through the side of a farmer's house. Bits of broken and twisted steel also fell through the air, damaging buildings entirely out of the path of the storm. A canning factory contributed to the loss in this way. Rescue work was begun immediately. Within an hour every church and public building was filled by injured, many of whom were unable to obtain adequate medical service. Efforts to estimate the casualties were futile because of the confusion which followed the tornadoes. Hundreds of persons reported members of their families missing, but it was thought these would be found tomorrow. City officials stated that there is a possibility that the death list may be materially increased when the full extent of the damage is determined tomorrow. Few reports from the surrounding farm country were available, but it was not believed the damage was as great as in Mattoon. In addition to pleas for doctors and nurses, the mayor sent a plea to Governor Lowden for at least two companies of the state National Guard to be used in policing the ruins. The wind played the usual number of freakish tricks. A scuttling from the lumberyard went entirely through a home in which the family was dining, hurtling through the air over their heads and went through a window without injuring any of the diners. Wire and rail traffic was practically at a standstill for hours after the disaster, miles of telegraph poles from Mattoon being leveled. Rails and ties were torn from their fastening for yards at a time.

COMPANY OF INFANTRY ORDERED TO MATTOON

By Associated Press. Springfield, Ill., May 26.—One company of the Fourth Infantry, Illinois National Guard was ordered to Mattoon, Ill., for patrol duty it was announced by Adjutant General Dickson. General Dickson also arranged tonight for the mobilization of H. Company Fourth Infantry at Shelbyville to go to Mattoon at once if requested.

MANY INJURED AT MANHATTAN, ILLINOIS

Joliet, Ill., May 26.—Manhattan, Ill., 10 miles southeast of Joliet was partly wrecked by a windstorm this afternoon. Wreckage strewn the roadway for two miles outside the village. A call for help from the village reached here tonight saying that many were injured and some killed. Ellwood six miles south of Joliet also was damaged by the storm. The wind swept Joliet but did no serious damage. One boy was killed by lightning.

CHILDREN PINNED UNDER TIMBERS OF CHURCH

By Associated Press. Westervelt, Ill., May 26.—Sweeping through a 20-mile stretch of country between Westervelt and Owaneco, a tornado late today caused the death of five persons and the injury of 13, three of whom probably will die. Nearly all the killed were children practicing a Children's Day program in a church which collapsed, pinning them under heavy timbers.

THREE REPORTED DEAD AT WESTERVILT, ILL.

By Associated Press. Decatur, Ill., May 26.—Reports brought by automobile from Westervelt, Shelby county, that there were three people killed and others injured by a terrific hailstorm and tornado on May 23 this afternoon. Homes in Assumption and Dunkel also are reported torn from their foundations.

MAKE BANDAGE NOW, SAVE A LIFE LATER

IN ADDRESS BEFORE LOCAL RED CROSS DR. JONES EMPHASIZES IMPORTANCE OF WORK.

WICHITA FALLS LATE

Other Cities Have Made Much Further Progress in Red Cross Work Than Has This City.

Friday afternoon at the M. E. Church, South, an "Information Program" was held by the local Red Cross chapter with a lecture by Dr. Everett Jones on the possibilities of Red Cross local organizations as the feature.

The meeting was opened by singing of "America" and invocation by Rev. S. A. Barnes. Miss Willie Mae Kell, president of the local chapter spoke on "The Nature of the Red Cross" and Mrs. C. R. Hartsook, the honorary president, had for her subject "The What and Why of the Red Cross." Following Dr. Jones' address a round table to answer all questions desired was held.

Dr. Jones said he believed an efficient Red Cross organization was essential to the successful termination of the war. He cited the gallantry of the army of history but called attention to the fact that few had been killed outright and that disease and infection were responsible for the greater number of deaths. Continuing, he said:

"Recognizing the fact that with proper care many lives could be saved, President Taft, in 1911, in his official capacity as commander-in-chief of the army and navy, selected the Red Cross Association to be detailed by the United States Government to look after this great gap in the make-up of our national armaments. He went deeply into the organization and in order that it might bring the greatest good to the greatest number, he placed on the board of directors, the Surgeon General of the army, the surgeon of the navy, and the surgeon general of the United States Public Health Service.

"Let me say to you that, by an act of Congress, the Red Cross Association is recognized as the only organization through which the government will deal in matters pertaining to the care of the sick in the army or navy. I merely mention this to bring before you the importance of this society.

"A word as to the perfection of your organization. Here again we apply the words: 'We must think and serve together.' Isolated efforts are often futile and wasted, but an organized effort is strong and effective. With this in view it can readily be seen that if your work in the Red Cross training is to be efficient, you must organize and affiliate with the National Association, and let the director general prescribe the course of training, show you what is needed and teach you the methods that have been approved by repeated trial.

"A local Red Cross society, in Wichita Falls, working alone and out of harmony with other societies, would accomplish very little and very often would so embarrass the National society that the entire work would go amiss. Again, let me impress upon you the importance of local organization, and national affiliation.

"I speak now of individual efforts. Not infrequently people who listen to a talk of this kind become altogether impressed with the magnitude of the subject and forget that this magnitude can only be attained by many associated individual efforts. We frequently have a tendency to minimize our own efforts, grow disheartened, and quit. Undoubtedly that is a great mistake. There are possibly 100 ladies before me this afternoon, for each of you to make one bandage would be the work of only a few minutes. One hundred bandages immediately behind the battle line, properly applied, will save the lives of 10 men; yet, the United States government today faces a bandage famine, and it has developed that there is not enough machinery of the proper kind in America today to furnish the proper number of bandages for an army of 2,000,000 men. Make a bandage today and the chances are one to ten that you will save a human life. Do not minimize your efforts; do what you can and your efforts will be rewarded.

"I cannot leave this subject without a word on First Aid. I have had the pleasure of reading the literature given out by the Red Cross association on First Aid work and have often thought that it should be incorporated as one of the requirements in the high school. You don't know how often we physicians hear the expression of some grieving relative: 'Oh, if I only knew what to do.' How often we see the only chance an injured person had of living taken away from him because some one did not know what to do or in their untrained efforts did the wrong thing.

"I have seen this First Aid work carried on and I am sure that whether you go to France with the army, or whether your fate decrees that you help at home you will be benefited by this course in First Aid to the injured. 'Recently I have visited New Orleans, Houston, Galveston, Dallas and San Antonio, and in each place the Red Cross work was well advanced. In New Orleans there were five different classes in First Aid work on Canal street alone. In Galveston they are rapidly fitting out an ambulance corps. In San Antonio they had completed many of the classes and examinations were on hand. We must admit that Wichita Falls is somewhat late in entering the field, but I am very sure that the local organization will prove to be one of the most efficient.'

quarters. Sewing will start Wednesday. Red Cross headquarters will be maintained at Martin's Book Store, the management having kindly offered the use of one window and the front of the building for headquarters of the chapter.

THIS MAN CALMER EVEN THAN CALMEST MAN

The principles of centrifugal force was demonstrated in a most unique and interesting manner last evening

when a car turned from Scott Avenue into Tenth Street. The car had on board, besides the usual outfit of tools, pipes, etc., and the driver, a man in the rear, in a state of profound calm. He was perhaps, one of the calmest men ever seen, being what is technically known as dead to the world. So much so, indeed, that he neglected to turn when the car turned, with the inevitable result that he presently lay, still calm, on the paving stones of Tenth street. He was immediately picked up and restored to his former position on the rear of the car.

this time under the guidance and tutelage of a less calm person, who had obviously undertaken the duty of seeing that, in the event of yet other turns, no evil should befall. When last seen, the calm man was without any knowledge whatever of the proceedings.

ARRESTED FOR DISPARAGING REMARKS AGAINST GOVERNMENT

San Angelo, Texas, May 26.—G. P. Morris, an oculist of Iron county, was taken into custody by the local chief

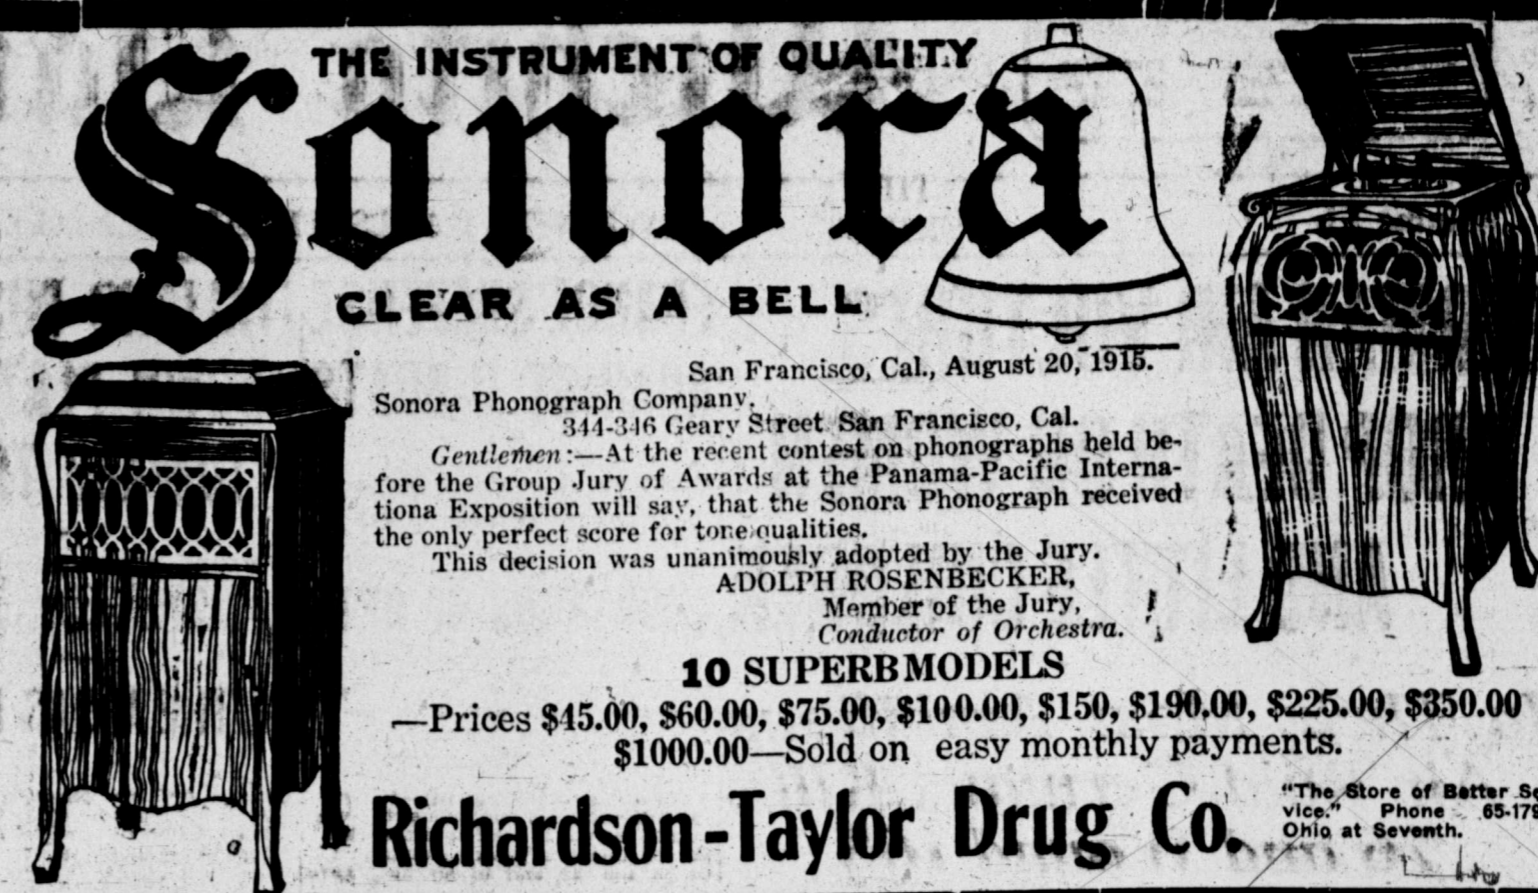

of police for alleged disparaging remarks against the American government. On his person was found an unmailed letter to a woman, supposedly his wife, in which he expressed the belief that he might soon be in jail.

The Maxwell Is Mechanically Right We Waited Four Years To Say That

The makers of the Maxwell spent four years in developing the car. Patient, persistent, scientific refinement of one model—that was the method. An automobile that beats the world for endurance, efficiency, economy—that's the result.

You know the old story about the race between the hare and the tortoise:

- how the hare skipped about the fields—nibbled clover tops—cut all kinds of capers, trying to "show off";
- how the tortoise stuck to his job—stayed in the middle of the road—kept on going—and won the race;
- you know that story and its moral.

No Experiment in Maxwell Mechanism

Some automobile makers have run around after novelties—like the hare, trying to add untried "improvements" which operate better in advertising than on the car.

But the Maxwell makers held fast to one model, —and when some one made a big how-do-do about his latest novelty, the Maxwell makers strengthened a pin, —or simplified or improved a part of the Maxwell mechanism, —or in other big and little ways developed, refined, perfected the one Maxwell model.

So that, in the end, the Maxwell won by the tortoise method.

The Maxwell World Endurance Champion

A Maxwell stock car—a duplicate in every detail of your Maxwell—without stopping the motor, traveled 22,022 miles in 44 days and nights, —and at a rate of 25 miles an hour and 22 miles per gallon of gasoline.

No other vehicle built by human beings ever did anything to compare with that feat.

The Economy Champion Too

F. D. Armour used to say that his packing houses "utilized the hog but the squeal."

That's the kind of economy you get in a Maxwell.

GREAT ACTIVITY IN SHALLOW FIELD

MANY WELLS BEING COMPLETED IN SHALLOW SANDS IN BURK-BURNETT DISTRICT.

BIG WELLS HOLD UP

Considerable New Work Starting in Burk Burnett and the Culbertson Districts.

Word was received last night that Magnolia Piper No. 7, had come in at 1940 feet and was flowing at the rate of 30 barrels an hour. This well is in the district where a number of big wells have been brought in recently on the Piper and Sumner leases.

Since the big well early in the week on the Ruyie farm and Fisher and Gilliland well on the Markowitz farm there have been no exciting developments in oil operations in this territory. Harvey and others on the Ruyie farm Friday out about 350 barrels to the tank, natural flow and Fisher and Gilliland's well is believed to be good for at least 150 barrels. The Farquharson well on the Ramming continues a phenomenal showing doing from 300 to 400 barrels daily. These big wells are resulting in considerable new work in the Burk Burnett district. The Cozy Oil Company has made a location for an offset on the Warren to the Fisher Gilliland well on the Markowitz. The Magnolia Petroleum Company have a rig up for Schmocker 30. Sanders and Johnson are rigging up for No. 1 Morris. S. Kelly, et al. have a rig up for Ramming No. 7 and the Adams Oil Company has made two locations on the Ramming Langford. Staley and Chensult have rig up for No. 2 George and No. 4 Pratt. Adams and Farabee have rigs up for No. 1 R. W. Ramming. The producers have a rig up for George No. 7 and are building a rig on the Friedlein. There were a number of completions in the shallow sands in the Burk Burnett district during the week. Lewis, et al. got a 12 barrel well on the Cropper at 513 feet. The Texoma Oil and Gas Company's No. 8 Cropper is a ten barrel well at 500 feet and their No. 9, a 5 barrel well at 501 feet. The Plains Oil and Gas Company got 10 barrels in their No. 8 Cropper at 513 feet and 15 barrels in Cropper No. 20 at 515 feet. The No. 25 was dry at 585 feet. The Bi-State Oil and Gas Company's Owen and Stark No. 2 is good for 10 barrels at 455 feet. Crowell and Company No. 17 Cropper is estimated at 5 barrels at 510 feet. Mann et al. have three barrels in their Hardip No. 16 at 555 feet. There were no important completions at Electra during the week. Several new wells are starting in the Culbertson district. Horton et al. have a rig up for Henson No. 2 Woods and Taylor have a rig up for Burnett No. 1. Forbes et al. have made a location on Section 7, Burnett and Lloyd. The Gulf Production Company is building rigs for No. 2, Burnett on Section 7 and No. 1 Burnett on Section 6. The reports from the Producers' well south of Vernon which has been seeping up gas, mud and oil have created less interest among oil men than might have been expected. This is because all the land in the vicinity

is under lease to the big companies and there is no chance for the little fellow to get in. There are plenty of indications of an oil field in that vicinity, oil men say. There have been some acreage deals at fancy prices in the Culbertson and Burk Burnett districts. The Magnolia Petroleum Company and the Producer of Palo Pinto are among the purchasers. One of the highest prices paid for acreage last week was in the deal whereby the Gulf Production Company bought 55 acres of the Palo Pinto lease from M. J. Bushara and others at \$500 an acre. The Oil and Gas Journal give the following account of operations elsewhere in North Texas and Oklahoma. In Clay county, Benedum & Trees, Sawden No. 1 was abandoned at 1,870 feet, a dry hole. Near Caddo, in Stephens county, the Texas & Pacific Coal Co., Smith No. 1 was drilled into good looking sand at 1,590 feet and, after the drill was pulled, the same stratum for a full 100 feet, a heavy shot was applied in the hopes of making a well. A good showing of oil was the result, but rapidly subsided to consider a paying well and it will drill deeper from 1,790 feet. Wright No. 1 is still at 3,500 feet and Sloan No. 1 is at 500 feet. Casing is being pulled from Coker and other wells. Coal Co. tests are being shut down, out of water. In the Producers Oil Company, Parke No. 2, south of Breckenridge, is being drilled to 5,300 feet in casing at 3,944 feet and drilling was resumed. After reaching 3,101 feet the bit was lost in the hole and a fishing job is now in progress. Smith No. 1 is still fishing at 3,000 feet and Keithley No. 1 is now drilling at 320 feet. The Gulf Production Co., McCauley No. 1 is drilling at 200 feet and Keithley No. 1, has resumed drilling at 140 feet after being shut down for some time, short of repairs. Palo Pinto County, the field appears to be coming to the front. Besides the wells and pipe lines of the Empire Gas & Fuel Company, widespread demand, the line later to be extended to Fort Worth. Palmer, Owens & Wilson have now over 35,000,000 feet of gas under cap and are drilling, another well on the Oakes tract, south of Mineral Wells, in likely looking territory. The Empire Gas & Fuel Company's Chestnut No. 1 is still shut down at 4,220 feet. Terry No. 1 is shut down at 2,000 feet waiting for cable and Hess No. 2 is drilling at 200 feet West of Palo Pinto. The Empire Gas & Fuel Co., Watson No. 1, shut down at 300 feet, waiting for a stem. Sinclair Oil & Gas Co., Belding No. 1 is drilling at 1,015 feet and west of Gracord, Holt No. 2 is drilling at 200 feet. Robinson No. 1, Texas & Pacific Coal Company, north of Strawn, is drilling below 2,350, depth not reported. Other wells shut down. North of Jacksboro, in Jack county, the test of M. A. Low & Son, on the Hamilton farm, being drilled by E. E. Jones, is drilling at 1,340 feet after passing through 40 feet of hard lime, encountered at 1,310 feet. In Young county, south of Graham, C. F. Tolcott's test No. 1 is drilling at 200 feet, after repairing broken shaft and bull-wheel and Standfield & Beckwith, on T. E. & L. survey No. 3, are shut down waiting for supplies. The Hunch Oil & Gas Co., drilling on the Boyer, south of Abilene, in Taylor county, is drilling at 1,540 feet, but will drill deeper. In Jones county, Nelson & Patterson, on the westmoreland farm, near Rule, have reached a depth of 1,150 feet, after passing the cause for the suspension of work, last 100 feet. A gas showing was found just on top of the lime. The Republic Oil & Gas Co., of Dallas, drilling near Granbury in Hood county, have shut down at 100 feet. It is stated that financial troubles are the cause of the suspension of work. Johnson County Oil & Gas Co., near Joshua, in Johnson county, passed through a water sand at 650 feet and is now drilling at 1,165 feet. The Hagood oil company has been organized in the Red Cross and capitalized at \$100,000. It has 80 acres of the Waggoner Bros. tract, on which the Salter well was drilled, and it is proposed to drill an offset to that well. The organizers are Messrs. Hagood, Dale, Edwards, Woods, Myers and Taylor.

LEAGUE CONVENTION PREPARATIONS PROGRESS All preparatory work for the coming Epworth League convention is going forward rapidly in the hands of the various committees, and it is understood that the work is all up to schedule time. The convention is being very energetically organized, with a view to making this, the 25th anniversary, an unqualified success. New instructions are to be issued next week, and some campaign literature is expected. One of the chief problems is that of housing the delegates. As some three hundred odd visitors are expected to attend the convention, it is readily seen that the housing committee has no sinecure. Any interested Wichitans who are able to entertain one or more of these visitors can materially assist the committee by communicating with them to this effect.

DEATHERAGE WINNER IN FRIDAY'S SHOOT

High Wind Kept Scores Low—Club Will Begin Contest at Next Shoot For Dupont Feb.

A high wind prevented high scores at the regular weekly shoot of the Wichita Gun Club Friday afternoon. High gun for the day was A. G. Deatherage, who first made a tie score of 22 out of 25 with Sherrod and on the shoot-off broke 22 targets while Sherrod broke 20. Several visitors were present and V. H. Sheppard, Edilson Jalonic and C. J. Culver took part in the shoot. At the next regular shoot a contest will be inaugurated for a Dupont watch for the contest will continue eight weeks. Each contestant must be present and shoot at least eight times in order to be eligible to win. Other trophies will be placed on the program the next few weeks. The scores for the twenty-five target events Friday were as follows: M. Marcus 16 17 Carter McGregg 16 17 C. J. Culver 14 14 Frank Wood 29 29 S. A. Willing 18 18 Roy Arney 21 22 H. P. Dale 19 23 S. EVENTFUL MONTH AHEAD FOR I. O. O. F.

Period of Activity in Prospect And Visit From Grand Master on The Calendar. The Odd Fellows expect to confer degree work upon candidates at their hall tomorrow night, and a good attendance is earnestly desired and expected out for that occasion. After a month of less activity than has been enjoyed for the past six or eight months, next month is hoped to be one in which the Odd Fellows start on the upward trend, and some two or three candidates are assured for each evening's degree work throughout the month, with the further assurance that the month of July will be fully taken up in much degree work which is very gratifying to the active members. For the summer months as a rule seldom finds this the case. A letter from the Grand Master of the State of Texas informs the members of Wichita Falls, that if they desire, this city will be included in the schedule for a visit some time in June or a little later by the Grand Master or his representative and a delegation of eight or ten members of the Glendale Club from the Orphans' Home and their teacher. Wichita Falls members have expressed their great desire that this city be included in this trip and the members of the order and their friends are looking forward to this visit with much pleasure. The details of this trip and visit are to be worked out later and the further announcement will be made at a later date.

ARMY RATION DINNER BRINGS IN GOOD SUM

Benefit For Red Cross Saturday Was Gratifying Success All Around. Success which was very gratifying to those at the head of the Red Cross, attended the army dinner served by the local Red Cross chapter in the building formerly occupied by the Mack Taylor Drug Store. A good sum was realized for the Red Cross fund and those attending the dinner were enlightened along several lines, mainly what constituted army rations. The menu comprised Irish steak, baked beans, bread, coffee and gingerbread. The Red Cross society desires that their thanks be extended to Mack Taylor, to the Wichita and Maxwell Hardware companies for various necessities, to A. A. Dickson of the St. James for the services of his chef in preparing the stew; to the Sanitary, Harding and Palace meat markets for the meat used; to Stampfl, Tenth Street and Oster's Bakeries for the bread; the North Texas Notion and Dress Store for the dishes; to D. W. Benbow for flags and napkins; to Frear, Robertson and North Texas Furniture Stores for the chairs; to the Sanitary and Kemp Dairies for the cream for the coffee; the D. A. R. for their contributions; the Army and Navy recruiting stations for their assistance; and to the Compilers, Girls under Miss Hickman and Miss Corrie for their services as waitresses. WITNESS FEE APPROPRIATION BILL FAILED TO PASS Special to The Times. Austin, Texas, May 26.—Comptroller Terrell said today that his department was being deluged with inquiries relative to claims for payment of 80 cents called "witness fees." There was an appropriation of \$100,000 contained in the miscellaneous appropriation bill to meet part of these claims but the free conference came in the special session of the legislature killed the item so there are no funds wherewith to meet these accounts. There are probably \$400,000 of such claims outstanding. The Thirty-third Legislature repeals the law, consequently there would be no more such scrips issued.

amount to Germany in case we lose. That's exactly the proposition that is now confronting the American people. The late ex-President Grover Cleveland put it this way: "There is no calamity which a great nation can inflict which equals that which follows a submission to wrong and national self-respect and honor, beneath which are shrouded and depended a people's safety and greatness." GOVERNOR SIGNS NUMBER OF BILLS
 By Associated Press.
 Austin, Texas, May 26.—Governor Ferguson today signed the bill for increasing the state ranger force to a maximum of 1,000 and carrying an appropriation of \$250,000 for that purpose. He also approved the so-called absentee voting bill, which permits persons to vote at primary elections away from home. He also approved the following bills:

SEVERAL TRAINING CAMP SITES SELECTED BY WOOD
 By Associated Press.
 Charleson, S. C., May 26.—Major General Wood today stated that training camps for men taken into the army under the selective draft were practically assured for Macon, Ga.; Aiken, S. C.; and Chattanooga, Tenn. Savannah and Charleston also will come in for important preparation work, he said. Two or three divisions probably will be trained at Chattanooga.

TEACHERS' EXAMINATIONS HERE JUNE 1 AND 2
 Applicants for Teachers' certificates will be held at the high school building June 1 and 2. The examinations will cover all grades of certificates. Superintendent Hall announces.

Of course, we think the governor of as big a state as Texas should draw a salary of at least twice what it now is, but the thing we have never been able to understand is why is it there are so many men willing to spend from \$10,000 to \$15,000 as campaign expenses, every two years to get a job that, legally, only pays \$4,000 per year? Some of our governors, at the beginning of such campaigns, could not show by the tax rolls that they were paying taxes on as much property as the expense of the campaign that made them the governor, yet after going out of office, they seem to be as well off financially as they were before they were elected. There are problems that none of us can quite figure out, unless we come to the conclusion that the expenses of a campaign are not paid by the candidates, but by other persons who expect favors through the office of the governor that they could not hope to obtain unless they secured in advance some sort of a strange hold on their man.

The Liberty Loan—What And Why
 By GELETT BURGESS and H. A. LAMB of the Vigilantes.
 England calls her latest loan of five billions the victory loan. France's latest appeal for money was christened the national defense loan. Sixth war credit is the official name of Germany's last bond issue. It is significant when one knows that her debt is now \$20,000,000,000.

THE RULE OF THE ROAD
 With everyone discussing roads, roads and bad, it is appropriate to recall that the rule of the road in America is exactly opposite, though the rule of the sidewalk is the same. In England one drives to the left, but walks to the right. This is a source of blind confusion to visiting Americans; and, on the surface, it seems an exasperating and unnecessary complication. It is interesting to trace the source of the rule. It comes down to us from olden times when all men carried swords. Two swordsmen meeting on the sidewalk would engage each other most easily from the right-hand side; hence the rule of the sidewalk. But two horsemen meeting must engage from the left, or be compelled to fight across their horses' necks. This would be only mean clumsy and ineffectual sword-play, but it would be attended by considerable risk to the horses. Hence the rule of the road.

48,000 GALLONS OF VINEGAR HAVE BEEN CONFISCATED
 By Associated Press.
 Austin, Texas, May 26.—State Pure Food Commissioner Hoffman announced today that since the inauguration by his department of a campaign in Texas for pure vinegar upwards of 48,000 gallons of adulterated vinegar has been confiscated and otherwise destroyed. This vinegar was advertised as an apple vinegar while it contained other ingredients.

GOVERNOR COMPOSES REGISTRATION BOARDS
 Austin, Texas, May 26.—It was announced today by the governor through the adjutant general's department that under conservation regulation the governor has authority to compose registration boards for counties and has accordingly appointed the sheriff, county judge, county clerk and county physician to constitute such boards.

LLAMAS RIVALLED BY MOTOR TRUCKS HIGH UP IN ANDES
 "High up in the Andes mountains of Bolivia motor trucks have become rivals of the llamas, which are so much used as beasts of burden in South America. Special interest attaches to this case of motor-truck competition, because the llamas, of which there are four or five employed at an altitude varying from two to three miles above sea level. These machines were supplied by California concern to a mining company in Bolivia to carry tin ore to the railway station at Oruro, Bolivia. This city is 12,000 feet above sea level, and the road which the cars traverse rises to 17,300 feet. This is undoubtedly one of the highest gasoline truck routes in the world. Although gasoline in this region costs \$1.25 per gallon, it is claimed that the trucks show greater economy than the llamas, many of which are still used to carry ore. Each beast's burden is about 100 lbs., which is carried only a few miles per day."

THE LIBERTY LOAN—WHAT AND WHY
 Poor Germany is now apparently nearing the end of her resources. German newspapers have carefully avoided comparing the results of this last war credit with previous loans. The bulk of the subscriptions undoubtedly came from government-controlled institutions—municipalities, corporations and savings banks. Now that is just what we don't want—a loan contributed only by a few rich institutions. Wherefore, applications from banks and wealthy corporations are discouraged. We want a popular subscription, a loan with a backbone, financed by individuals—by many thousands all over the country—endorsing the war, unifying public opinion, and solidifying patriotism. The time will come soon enough when we shall have to pay in blood; let us pay in gold now, so that that human sacrifice may not be, as it was in England and France, in vain.

THE LIBERTY LOAN—WHAT AND WHY
 The investment in the Liberty Loan is safe—as safe as a government bond; of course, the safest that is, of all investments. Not until the country is so ruined that everything goes smash—stocks, bonds, railroads, and having nothing left, will the Liberty loan be repudiated.

THE LIBERTY LOAN—WHAT AND WHY
 The German press tried its best to weaken the Anglo-French loans of past years in attempted demonstrations of their insecurity. When the first of the dual loans dropped temporarily to 91, Berlin laughed at its "failure." It has since recovered to 95. A similar loan, giving security for its payment, is now at 97. Doesn't that show the confidence shown in two great nations crippled by two years of war? Our own loan, offered to the richest country in the world is infinitely stronger—the safest possible investment in the world.

THE LIBERTY LOAN—WHAT AND WHY
 Do not heed one worry that later loan will pay as they often do, a higher rate of interest. The government will put no such premium on the lagged lender. Whatever the interest on a later bond, the holder of a Liberty Loan bond will be guaranteed the privilege of converting their securities into certificates of the new and more remunerative loan. England has done it; France has done it; Germany, indeed, has even evolved a lottery proposition by which certain lucky numbers can exchange so as to make a profit of 25 per cent on the investment.

THE LIBERTY LOAN—WHAT AND WHY
 Does 3 1/2 per cent interest seem low? Most savings banks pay that; but very few pay more, and they offer infinitely less security. Stocks pay better, but stocks are not nearly so safe ordinarily, and now in time of war still less so. Nobody knows which way the cat will jump. Nobody knows today, even whether to buy or sell. The government, therefore, can afford to play safe, and by making this fair offer for money immensely in-

Now that is just what we don't want—a loan contributed only by a few rich institutions. Wherefore, applications from banks and wealthy corporations are discouraged. We want a popular subscription, a loan with a backbone, financed by individuals—by many thousands all over the country—endorsing the war, unifying public opinion, and solidifying patriotism. The time will come soon enough when we shall have to pay in blood; let us pay in gold now, so that that human sacrifice may not be, as it was in England and France, in vain.

THE LIBERTY LOAN—WHAT AND WHY
 The investment in the Liberty Loan is safe—as safe as a government bond; of course, the safest that is, of all investments. Not until the country is so ruined that everything goes smash—stocks, bonds, railroads, and having nothing left, will the Liberty loan be repudiated.

THE LIBERTY LOAN—WHAT AND WHY
 The German press tried its best to weaken the Anglo-French loans of past years in attempted demonstrations of their insecurity. When the first of the dual loans dropped temporarily to 91, Berlin laughed at its "failure." It has since recovered to 95. A similar loan, giving security for its payment, is now at 97. Doesn't that show the confidence shown in two great nations crippled by two years of war? Our own loan, offered to the richest country in the world is infinitely stronger—the safest possible investment in the world.

increase its revenue for appropriations. And, with our terrifying Unpreparedness, God knows the government needs all the money it can get to protect democracy not only abroad but at home. Thank God that isn't, like Germany, paying out, for interest alone, one billion dollars a year!

Now, just as all guess-work about military and naval matters, at the beginning of the war, proved futile and faulty, so all estimates by economists as to the financial strength of nations were wrong. No one had any idea of the amazing borrowing capacity of modern governments.

And the Germans, who have made so many psychological mistakes—who thought Russia too unprepared to help France, and France too weak and decadent to help herself—the Germans who could not anticipate that England would fight!

The Germans had another guess coming—and again they guessed wrong—America did Wake Up! So it isn't strange that those same Germans are now deriding our loans to France and Italy as mere "tips."

They are openly laughing at our War Credit of only seven billions. Well, perhaps they have some reason to, to this time.

Seven billions seemed, five years ago, like a good deal of money. But this war has changed all our old standards. We talk now of billions quite easily. We are putting our economic strength against a nation only about one-third as rich as we are, with two-thirds our population and three times our debt, even after this loan is raised.

When you consider what, nevertheless, Germany has done in the way of raising money—twenty billions—this bond issue seems pretty small. We shall soon eat it up.

This is not going to be an amateur war; once in, we mean business. Big business we know needs big money. Of all the belligerent nations we are the richest and safest. It is up to us to finance the struggle for the civilized world and we shall need many more billions after the first loan is floated. We must at least rival, if not surpass

our allies, who up to now have dwarfed us by their efforts. The most prominent figure in the financial world are putting huge sums into the Liberty loan. You would follow their tip on the stock market—wouldn't you? Why not follow it now, and put your hundreds and thousands where they have thought it good to invest their millions?

The ultra-rich are only the advance guard. Great as is their wealth, the bulk of the nation's capital is in the hands of those of moderate and modest fortunes. It is from the myriad people of smaller means that the money to conduct the war should come. It must come—it will come, will it not, from you and me?

I have already subscribed to the Liberty loan. Have you?

MASKED MAN ROBS WICHITA BOY LIKES MEAT DELIVERY BOY GREAT LAKES CAMP

Puts in Phoney Orders and Takes Money And Bread When Boy Calls.

Louis Kelly, a delivery boy in the employ of R. L. Badlong, was held up and robbed at the point of a gun when he went to deliver meat and groceries at a number on Scott Avenue last night. As he approached the number a man stepped from the shadows, snatched on the running board of the car, and putting a gun against the boy's ribs, ordered him to drive on down toward the planing mill. He went through the boys' pockets and secured about twelve dollars in change. He also took two loaves of bread. Near the planing mill he leaped from the car and went in the direction of the railroad tracks, according to Kelly, the man was small and yellow-faced. He wore a mask and a slouch hat. Kelly, who was evidently a phoney order put in for the purpose of luring the boy to the edge of town where the robbery could be more easily accomplished. From the meagre description given by Kelly it is considered improbable that the bandit can be traced.

C. E. Brown Writes Interesting Letter Telling of Life in Naval Training Camp.

Mrs. E. H. Brown of 1504 Eleventh street, has received a number of very interesting letters from her son, C. E. Brown, describing the life and conditions at the United States Navy Training Camp at Great Lakes, Illinois, some twenty-odd miles up the lake shore from Chicago.

According to the letters, the camp is very beautifully situated on the edge of the lake. The size of the tract of land is not specified. There are many apple trees, so the letter states, which, of course, at this time only serve as shade. The country around is heavily timbered. Young Brown says that the meals are absolutely the thing—roast beef, gravy, corn, squash, apple pudding and the last letter was written and the other meals apparently corresponded. Moral: If hungry, join the navy. Walk a mile, and then cold tub, is the rule before breakfast.

FUNERAL OF MRS. LOUGHLIN AT 3 THIS AFTERNOON

Funeral services for Mrs. E. C. Laughlin, who died Saturday at the Wichita General hospital, will be held this afternoon at 3 o'clock in the chapel of the Wichita Undertaking Company. Dr. S. A. Barnes will conduct the services. Burial will be in Riverside cemetery.

A great sham battle was pulled off about the 18th of this month, and caused tremendous excitement, both among the participants and the visitors, who flocked out to the camp from all points, but especially from Chicago, he writes. A moving picture machine, of course, made its appearance, and canned the entire battle. The number of men engaged on either side was not mentioned.

SPECIAL MEETING OF M. W. A. THURSDAY NIGHT

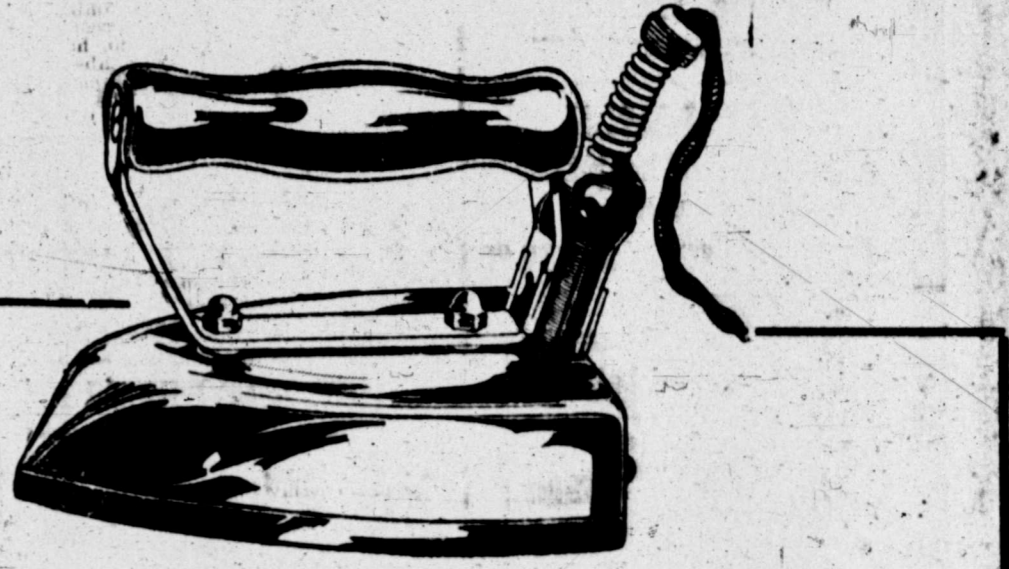

Thursday night, May 24 at 8 o'clock at the new I. O. F. Hall a special meeting of much interest to Modern Woodmen and Royal Neighbors will be held, in honor of the visit of Neighbor Cornelius Gowey and his wife to the local lodges. According to an announcement, which this is Neighbor Gowey's second visit to the lodge and those members who met him on his former visit will be glad to renew their acquaintance. A special program has been arranged and a full attendance is urged.

Bill Akers, a garage employe, was arrested last night and placed under a \$300 bond after it was claimed he had displayed a revolver in another garage drug a fight. The trouble came up over the possession of a pump and some supplies. Another man is alleged to have drawn a revolver, but no formal complaint had been filed early this morning. The trouble came up at about midnight last night.

WILL OFFER \$2,000 IN PRIZES AT FRONTIER DAYS' CELEBRATION

Lucille Mulhall
J. B. Marlow, A. L. Huey and Eugene Leopold have been appointed respectively chairman, treasurer, and secretary to the committee to look after the Prosperity and Oil Celebration about the middle of next month. The immediate work of the committee is to raise the sum of \$2500, which will be required to float the affair. It is understood to have had excellent success so far, and expects to have the matter thoroughly well in hand shortly.
The proposed dates for the celebration are June 15, 16 and 17. It is expected that if weather and other conditions are right, there should be at least five thousand visitors attend daily. Sixteen hundred dollars will be given away in prize money for the various contests, and contestants from all over West Texas and Oklahoma are expected.
The exhibition will be staged by Lucille Mulhall and her assistants. The spirit of the old frontier life when the light hearted cowboy took a whirl at an outlaw horse or a bad mule, or roped or bulldozed log-horns just for the fun of it will be given rein.
There will be contests in all of these things and more. There will be races of all kinds; wild horse races—and you can well believe it makes a wild horse very wild to be raced against his will. There will be relay

Seven Points to Remember Concerning Registration

By Associated Press.

Washington, May 26.—In its campaign to stimulate interest in registration June 5, for the war army, the war department today issued a memorandum emphasizing the seven cardinal points to be remembered particularly the men between the ages of 21 and 30, inclusive, who will be required to register.

1. There is only one day for registration, June 5, 1917.
2. Every male resident in the United States who has reached his 21st and not his 31st birthday must register on the date set, June 5, 1917. The only exceptions are persons in the military or naval service of the United States, which includes all officers and enlisted men of the regular army, the regular army reserve, the reserve corps, the enlisted reserve corps, the National Guard reserve recognized by the militia bureau of the war department, the navy, the marine corps, the coast guard and the naval militia, the naval reserve force, the marine

corps reserve and the national volunteers recognized by the navy department.

3. Registration is distinct from draft. No matter what just claim you have for exemption you must register.
4. Registration is a public duty. For those not responsive to the sense of this duty the penalty of imprisonment, not fine is provided in the draft act.
5. Those through sickness not able to register should cause a representative to apply to the county or city clerk for a copy of the registration card. The clerk will give instructions as to how this card should be filled out. The card then should be mailed by the sick person or delivered by his agent to the registrar of his home district. The sick person will enclose a self-addressed, stamped envelope for the return to him of his registration certificate.
6. Any person who expects to be absent from his home precinct on registration day should apply, as soon

as possible, to the county clerk where he may be stopping, or if he is in a city of over 30,000, to the city clerk. The clerk will record the answers to the card and turn it over to the absentee. The absentee should mail the card to the registrar of his home district so that it should reach the registrar on registration day. A self-addressed, stamped envelope should be enclosed with the card to insure the return to the absentee of a registration certificate.

CLOSING RECITAL HELD FRIDAY NIGHT

Chamber of Commerce and Rotary Club Public Speaking Prizes Awarded.

First place in the public speaking contest and the Chamber of Commerce first prize of \$25 was won by Harry Bunnenberg in the contest held Friday night as a part of the closing recital of the department of public speaking and expression of the high school of which Miss Day is instructor. Alfred Burnside, who with Bunnenberg was selected in a previous contest to compete for first and second place, won second prize of \$15.

The Rotary extemporaneous speaking contest finals were also held at this same recital, the first honor going to Lester Young, a prize of \$15 and second to Thomas Burnside with a \$10 prize.

The Chamber of Commerce judges were: Judge A. H. Carrigan, Judge R. E. Huff and Nat Henderson. The Rotary Club judges were: I. H. Roberts, Bert Bean, John W. Thomas, H. L. Hunter and Ensign Robb.

In the praise of the splendid work done, not only by the winners, but by all the boys taking part in the contest, their instructor, Miss Day, was not overlooked and there was much commendation for her work with the class. In the remainder of the program as well as in the contests the results of Miss Day's labors with the high school boys and girls were evident in the splendid numbers, including two plays in miniature, which made up the program. A large number were in attendance on this program which closes the year's work for the department and the audience was one that showed its appreciation of the entertainment given.

MISS BROWN RETURNS FROM MISSION TRAINING SCHOOL

Miss Runa Brown has returned home from the Baptist Woman's Mission Training school at Fort Worth, which is a school for missionary and general religious training in connection with the Southwestern Baptist Theological Seminary. The commencement exercises, which were held last Friday, marked the close of the most successful year that the seminary has had since its inception, according to Miss Brown. There were, she said, some three hundred and thirty pupils enrolled for the year, of whom thirty have just graduated.

The seminary is planning a tremendous campaign of work for the next year, in spite of the war. A number of preachers have gone from the seminary to join the training camps in connection with the Hospital Corps.

MAN SERIOUSLY HURT IN CUTTING AFFRAY

J. E. Wassen Sustains Dangerous Knife Wound—F. C. and C. C. Wilson Are Under Arrest.

A serious cutting affray occurred Friday afternoon near the corner of Seventh and Indiana streets. As a result J. E. Wassen is lying in the Amason-Harraves Hospital in a serious condition. F. C. and C. C. Wilson were arrested in connection with the affair and taken to the city jail, but were later removed to the county jail, where they are being held on a charge of assault to murder.

According to accounts given by eyewitnesses, the trouble started between one of the Wilson boys and Wassen. When bystanders attempted to interfere, the other Wilson became involved and the trouble then took on the character of a free for all fight. Wassen was cut in the side. Dr. Miller administered first aid and he was taken to the hospital. Neither of the Wilson boys was seriously hurt. The place of residence of the Wilsons is not known. Wassen lives in the city. Wassen was recently given a suspended sentence in the city court on a charge of vagrancy.

FAREWELL RECEPTION FOR REV. AND MRS. MILLER
Thursday afternoon at the First Baptist Church a farewell reception was held in honor of Rev. and Mrs. R. C. Miller, pastor and wife who next week will leave for their new home in Hugo, Okla. after a three-year service with the local church. There was a delightful musical program to entertain and the afternoon was spent informally, a large number calling to be with the pastor and his wife for one more time. There were numerous tokens of the love and esteem in which the couple is held by the local congregation, the parting remembrances including one \$100 check. Refreshments were served by the members of the Clabrey Miller Class, which was entertaining for the occasion.
OPEN MEETING OF U. C. T. CLUB FRIDAY EVENING
As the closing hospitality of the year for the gentlemen of the U. C. T., their wives entertained in social session Friday evening at the home of Mr. and Mrs. Herbert Brown. The house deco-

ration were of exceptional interest, being magnolia blossoms sent from South Texas by the retiring president of the club, Mrs. A. N. Lummus who is there visiting. "Eighty-four" was the diversion of the evening and the souvenirs, a silver tomato server for the ladies and a silver pencil for the gentlemen, went to Mr. and Mrs. James Hensley. During the game the guests enjoyed home made fudge, served in individual baskets at each table. Refreshments of brick ice cream and cake in the club colors, yellow and white, were served. Those enjoying this last social affair for the summer were Messrs and Messdames J. R. Bachman, Guy Haley, Ed Harrison, E. M. Everton, Roy Brundage, W. R. Reynolds, James Hensley, J. T. Gant, Wilbur Harrison, Jason Walker, Ed Pressley, Herbert Brown, Miss Edna Everton and Master Audrey Jo Everton.
PLEASANT MEETING OF CONGENIAL CROCHET CLUB
A surprise birthday shower in honor of Mrs. W. H. Bachman made the meeting of the Congenial Crochet Club Friday afternoon one unusually pleasant. Mrs. A. J. Andree was hostess and apart from the gift presentation to Mrs. Bachman the members enjoyed the usual round of conversation and crocheting. Refreshments of sandwiches, coffee, marshmallow salad with whipped cream and cake were served. Mrs. W. B. Marquande, Misses Ethel Andree, Marie Dollard and Evelyn Marquande were guests, the club members present being: Messdames Anderson, C. A. Features of the Week At the Movie Houses

Pictures of the Northwest will be favored in this week's theater calendar, two exceptionally interesting subjects filmed in Canada and the north-west of the states to be shown. The first will be "Little Miss Nobody" with Violet Mersereau as the star, a Euebird feature at the Plaza Monday. Then on Wednesday H. B. Warner will be presented in what is termed a really wonderful production by advance notice, "The Danger Trail," filmed by Selig, as the principal feature at the Majestic.

The military is emphasized in "The Trail of Hate" showing at the Gem Monday, a story of the Spanish American war in which the military theme is blended with a love interest. Jack Ford and Louise Granville are stars.

The Empress has booked features that make a program even more interesting than usual, commencing with the Monday program starring Marguerite Clark in "The Valentine Girl." Then there is a Theda Bara release, the newest, "Her Great Love" to show Thursday with other specials on other days.

Douglas Fairbanks, the unafraid and jovial chap, will be seen at the Majestic Monday at the Matrimaniac. In this Douglas is just as cheerful over getting married as he ever was over a fight or any other trouble. Clara Kimball Young in "Marrying Money" makes up the Tuesday program at this theater.

The program for the entire week follows:

Monday—"Little Miss Nobody" at the Plaza, featuring Violet Mersereau, Marguerite Clark in "The Valentine Girl" at the Empress. Jack Ford in "The Trail of Hate" at the Gem. Douglas Fairbanks in "The Matrimaniac" at the Majestic.

Tuesday—Gail Kane in "As Man Made Her" at the Empress. "Marrying Money," with Clara Kimball Young, at the Majestic.

Wednesday—H. B. Warner in "The Danger Trail" at the Majestic. Vivian

Martin and Jack Pickford in "The Girl at Home" at the Empress.

Thursday—Theda Bara in "Her Great Love" at the Empress. William Nye in "The Blue Streak" at the Majestic.

Friday—Helen Holmes at the Gem in "The Railroad Handic" Frederick Warde in "Hinton's Double" at the Majestic.

Saturday—William Russell in "High Play" at the Majestic. Alice Joyce and Harry Morey in "Her Secret" at the Empress.

CLARA KIMBALL YOUNG AT MAJESTIC TUESDAY

Clara Kimball Young, Service-World Pictures presents the comedy photoplay "Marrying Money" at the Majestic next Tuesday in which Clara Kimball Young is starred.

Miss Young's versatility will have a chance of showing itself to advantage in this film—she is equally at home in comedy roles as well as dramatic.

"The story of 'Marrying Money' is a satire upon matrimony, nothing more or less. It reveals the marriage game, as it is frequently played, in all its unmistakable cynicism and baseness, although it does not overlook the humorous side of the matter. Mrs. Niles, an ambitious society lady, has a pretty daughter, Mildred, played by Clara Kimball Young, and she wants the girl to make a good match. Along comes an eligible Count, who, however, hasn't got anything more to recommend him to Mildred than his title. Exit his Countship. As Mr. Niles, Mildred's father falls in business, it is imperative that the girl should not marry real money. Instead of which she falls in love with a penniless young fellow, Theodore Vandever, and they are married. There is consternation in the bride's family, which is removed when it is revealed that the young bridegroom inherits money. James Young is the director of this

picture into which he has introduced many excellent touches that heighten the effect of the comedy, which is sure to please motion picture fans.

SELIG SPECIAL WEDNESDAY FEATURE AT MAJESTIC

A billion stars glow like yellow, passionless eyes in the polar cold of the skies. White in its sinuous twisting lays the icy Saskatchewan with a few scattered lights visible where Prince Albert, the last outpost of civilization, comes down to the river, half way. Out of the north have come two men and a woman—brothers and a sister. The men have sworn to take the life of John Howland, American. Yet Howland is innocent of any wrong-doing; he does not know that he has an enemy in the world. And the girl, Melrose Thorne, what does she think when she knows that love for the American has possessed her? What does she do when the handsome stranger confesses his love for her? See "The Danger Trail," Selig-K. E. S. E. drama of the frozen Northland at the Majestic theatre Wednesday. H. B. Warner, the popular star, appears in the leading role, supported by Violet Heming, his new leading lady. A soul-stirring story of plot and counter-plot and the abiding love of a man for a maid.

MARGUERITE CLARK AT THE EMPRESS MONDAY

Marguerite Clark dresses in the first part of her latest Paramount picture, "The Valentine Girl," produced by Famous Players were loaned to her by an enthusiastic young friend (age twelve and a half) who has long worshipped at Miss Clark's shrine from the American side, and at this opportunity to add her bit to the making of a real Marguerite Clark picture. In these scenes Miss Clark appears as a child and she, little frocks and coats fit most remarkably well, and in addition are quite as becoming and attractive as any costume the dainty little star has worn in pictures. The Empress is showing "The Valentine Girl" next Monday.

"PATRIA" AT THE EMPRESS THEATRE MONDAY

The thirteenth chapter of "Patria" will be shown Monday at the Empress. The synopsis follows: Bess Morgan, one of Patria's aides, has been a captive in the Mexican camp. Baron Huroki and Villa question her but she fails to reveal any information. After being sent back to her cell, she overhears plans for the invasion. Pillsbury on the American side, seeing that Bess's brother is demoted by the loss of his sister, resolves to rescue her, so he gathers a band of cowboys and starts for the border. The officers of the army visit Patria and inform her that Congress has the only authority to maintain a standing army. "They are all watchmen of my ranch," she replied.

On the way to the border Pillsbury meets with Huroki. On being questioned Huroki denies knowledge of Bess, but on the threat of death, weakens and sends for her. Huroki's assistants seeking Bess find Villa and his men shaking dice for possession of her. She is rescued from them and brought to Pillsbury, who lets Pillsbury go free. She then tells of the invasion and they rush to the ranch. In the meantime General Nogi has escaped Pillsbury's men but only after his car was blown up. Crawling through the woods, he comes upon Patria, who was on a scouting trip in her flying machine. Having engine trouble, she has descended. Nogi forces her at the point of a gun to take him back to his lines across the border. This she does, but as they reach the lines, she volplanes and Nogi falls to the ground dead. Next episode—"The Border Peril."

VIOLET MERSEREAU STAR AT PLAZA MONDAY

"Little Miss Nobody" represents a modern Topsy—she "just grew." That she had been born was to her mind, probably true; but she couldn't remember the event any more than she could recall her parents. She only knew that she had worked as far back as her memory spanned—and worked mighty hard. When her hero found her scrubbing floors and doing all kind of work in a North Woods tavern, championed her cause in a trying time and then left her to wonder what had become of him. He held out the first inkling of interest she had ever experienced. All she had known was work. Love was henceforth to be about the only thing she could think of. The story of "Little Miss Nobody" will be completely unfolded in Bluebird screen reflections at the Plaza Theatre Monday when pretty Violet Mersereau will be the star, with Sidney Mason playing the role of the little girl's manly hero. It's a worth while play.

MILITARY DRAMA AT THE GEM MONDAY

"The Trail of Hate" will be the attraction at the Gem Monday. Jack Ford and Louise Granville starred. Lieutenant Jack Brewer of the Sixty-seventh had risen from the ranks, but was adored by his men. Some of his brother officers, notably the West Pointer, Captain Dana Holden, did not share this opinion. Madge and her father were

on their way to the great West, traveling by stage. Road agents held up the stage, and the 67th were called out to get them. In the skirmish which ensued Madge's father was killed, leaving the girl alone in the world. The only one who is good to her is Lieutenant Brewer, and Holden remarks cynically, "I suppose she will reward you by becoming your wife," while Brewer answers, "Perhaps, I'll ask her." Jack Brewer has a mouth's furrow and when he returns he is un- roarsomely welcomed by his troop. He finds that Madge has been made a servant at the fort, and in company with all the others that she has made preparations for his home-coming. He has brought her some civilized clothes, as so is in rags, but he hardly knows how to offer them to her. He finally gives her the boxes, and she gleefully retires to put on the new things. When she enters he looks at her, sighs, and says: "You're all wrong." He then gets an idea, and goes to the general's wife for help. He borrows her curling iron, returns and tries to curl Madge's stargely hair. Holden looks through the window and sees the little domestic scene, putting the worst construction possible on it. He says to one of his brother officers: "Of course Brewer is not buying her clothes for nothing. This is reported to Jack who promptly marries the girl to stop the talk. Once safely Brewer's wife, Madge begins to behave badly. She cares nothing for Jack, who she thinks has married her only out of pity. She carries on a flirtation with Holden, and sends him a message to say that she will meet him at seven that evening when Jack goes on duty. Now that she has become the well-dressed wife of another man, she suddenly seems attractive to Holden, especially as Jack is the man. Jack leaves for duty at seven, but returning for something forgotten, finds them together. A fight takes place between the two men. A few years later Jack is the captain of a Constabulary in the Philippines. There is trouble with the Moros, and Jack and his troops are sent into the interior. Jack is informed that Holden and his former wife are traveling in the interior. It is true, and Holden has left his wife at the port while he goes on scouting duty. He is cut off from his men, and to save himself abandons his wife and the post and tries to make his way to Manila. The Moros make an attack on Port Craig, and one of Jack's scouts finds Holden wounded and takes him to the office of the Constabulary. Jack saves Madge from the Moros, and returns with her. There they find Holden. Madge begs Jack to continue to protect her, but he turns aside in disgust, throwing her off forever.

While the smartness and beauty of the outer Dort is in complete keeping with its excellence within, it is the inner Dort that you should know thoroughly. Here, under the surface, is beauty of another sort—the beauty of sturdiness and efficiency.

All the Dort's component parts are remarkable for their unflinching dependability, simplicity, accessibility.

This kind of excellence has opened the eyes of thousands of motorwise men and women—and made them Dort owners. It makes the Dort a car that the whole family can use and enjoy.

With all this quality, with complete equipment, with "big-car" refinements and conveniences, the Dort is a moderate priced car—\$695—and it is a supremely good car.

ROAD CONDITIONS COLORADO HIGHWAY

Committee Makes Inspection Trip and Finds Stretches of Road in Bad Condition.

D. P. Talley, president of the Colorado-to-Gulf Highway, has received a report from the committee appointed some time ago to inspect the roads. This report follows:

"We, your committee appointed to inspect the Colorado-to-the-Gulf Highway, file herewith our report. The entire highway is in fairly good shape with the exception of a few miles in some of the counties. In Montague county, there is considerable work to be done in the near future and the highway is to be shortened about three miles. In the counties of Clay, Wichita and Willbarger, bonds are to be voted in the near future for the purpose of building permanent roads. In Childress county part of the highway is in first class order and twelve miles of the way out of Childress to the North, is to be graded, in fact, the contract has been let. In Hall county from Newlin to Memphis the road is in bad shape. The commissioner promised us that he would in the near future have the road in first class condition. In Donley county the road has been recently graded and is in A-1 condition. Armstrong, Potter, Hartley and the other counties through which the highway passes is in good condition and there is considerable work near completion.

"In our investigation tour we endeavored to see the commissioners in each county and insist that the highway be placed in good condition and kept that way. We also met with the different road associations of each county and entreated them to action, complimenting them on some of their road suggesting improvements where needed.

"We found in the western counties a very live bunch of road men and from their action and conduct we know that there will be no kick registered against their roads for they realize the necessity for and the importance of good roads.

"We believe that in the near future the entire highway will be in first class condition and will be a pleasure to make a trip over same and recommend that the condition of the road be published in several of the state papers.

"A. C. BENNETT, Chairman."

"A. W. Read, secretary of the association, in sending out the above report writes as follows: "Since receiving the above report the secretary has heard from most places referred to as needing work and we are pleased to say that all are working out the suggestions of the committee and we have reasons to believe that the Colorado-to-the-Gulf Highway will soon be in good condition. We wish to urge that each county organization see that dragging is done throughout the season. This is most important and we trust it will be looked after.

"Our new route books will soon be ready for distribution. The secretary is getting many inquiries and we have reasons to expect a heavy travel.

SOCIETY

(Continued from page one)

guests were Misses Francis Gillon, Dolores Maxwell, Mamie Morse, Florence Moran, Josephine Hund, Theresa Hund, Ruth Simpson. In the recreation hall, gay with floating stars and stripes, forty-two and dancing sped the time until five when all repaired to the dining room to receive the guest of honor, Rev. Father Boniface, O. S. B., new pastor of the Sacred Heart church. Here a delicious three-course luncheon was served, decorations of the national colors mingled with those of the club, green and white, forming the artistic setting and animated converse, the social element during an hour of such enjoyment as will not soon be forgotten by the W. As.

WITH THE WOMEN OF THE CHURCHES

The Baptist Woman's Alliance will hold a missionary program Monday afternoon, Miss Cora Phillips leader, subject "The Home Base." The Girls Auxiliary will meet Monday, with a missionary program also. Mrs. J. G. Fain will be hostess to a social session of the Ladies Aid of the Central Presbyterian Church Monday afternoon. The monthly social meeting of the ladies of the First Christian Church will be held Monday afternoon at the home of Mrs. O. T. Bacon. The last meeting of the Guild of the Good Shepherd before summer adjournment will be held Monday afternoon at the Episcopal Rectory. The monthly social of the Ladies Aid of the First Methodist Church will be held Monday afternoon at the home of Mrs. W. W. Swartz.

Mrs. A. Zundelwitz will be hostess to the final meeting of the Ladies Aid of Temple Israel this summer Monday afternoon; all members are urged to attend. The Missionary Society of the First Presbyterian Church will entertain Monday night in the church parlors in honor of the Ladies Aid and the Westminster Guilds.

GREENWOOD HOUSE PARTY SOCIAL EVENT OF THE WEEK

The interest of society for this week will center in the house party which Mrs. E. P. Greenwood is to entertain the guests arriving Monday. Several of these are former residents of Wichita Falls or have visited Mrs. Greenwood or other friends here so that their coming will be of unusual interest and the week is to be full of entertainments in their honor. In the party are: Mrs. Frank Cullinan and Mrs. Virgie Lowenstein of Houston, Mrs. Turner of Waxahachie, Mrs. Luther Haynie of Dallas, Mrs. W. F. Skilman of Dallas, Mrs. W. W. Williams, Mrs. E. B. Pate and Mrs. E. L. Ashcroft of Sulphur Springs, Mrs. Herbert Grifin of Dundee and Mrs. Strub Moore of Petrolia. The hospitalities for the guests will open Tuesday afternoon when Mrs. Greenwood is to entertain in the Mattie Bridge Club in their honor. Tuesday night there will be a 42 party at the Greenwood home; Wednesday afternoon Mrs. J. A. Fisher is hostess in honor of the house party, her invitations calling for a bridge game;

High School Students Will Sing "Rose Maiden"

Next Tuesday night at 8 o'clock the combined Glee Clubs of the High School, with the high school orchestra will present Frederick H. Cowan's "Rose Maiden," a cantata for mixed voices at the First Christian Church. The chorus has been making excellent progress under the direction of Miss Jessie Mae Agnew, the superintendent of music, whose contagious enthusiasm has aroused and sustained much real interest in the work. Chas. J. Templeton has had charge of the high school orchestra since about the middle of January and he has accomplished excellent results by the thoroughness of his work. The "Rose Maiden" is a standard work. Musically it is well written, al-

though, like most works of this kind, it suffers somewhat from the text. It is a work of considerable difficulty, and it reflects credit upon the ambition of the chorus, that they were willing to undertake anything so elaborate. This is the second cantata given by the High School chorus this season. Last February they presented "The Legend of Bregenz." Those who were fortunate enough to hear this, will remember that the chorus acquitted itself with great credit. The following local singers will assist in the principal parts: Mrs. E. E. Sanders, Mrs. N. M. Clifford, Miss Frances Oechsner, Miss Elizabeth Youngblood, Mrs. Lee Clark, Mrs. Ivan Murchison, C. B. Macklin, Ralph Pond, Mrs. C. B. Macklin will accompany the soloists. With the exception of the above soloists, the work will be done entirely by the members of the combined glee clubs, and the orchestra.

Thursday afternoon Mrs. Frank Grifin is hostess, also at bridge and Thursday evening is a 42 party with Mrs. Mae Thomas entertaining. Friday afternoon Mrs. J. C. Stratus will entertain the bridge club of that date naming the house party as honor guests and Friday night there is a dance at the Greenwood home. The concluding hospitality will be Mrs. H. E. Pounds' theatre party Saturday afternoon. The party is to continue at the home of Mrs. Greenwood and other friends of the visitors are already planning for the few remaining days of the stay, though the several events are not yet announced.

MUSIC CLASS RECITAL AT YOUNGBLOOD HOME

Mrs. S. A. Youngblood's music pupils gave a very pleasing recital Saturday afternoon at the Youngblood home, 505 Burnett, which was very much enjoyed by the many friends and parents of the performers present. Following the program Mrs. Youngblood entertained her pupils with a box party at the majestic to see Marguerite Clark in "Wildflower." The show was followed by an ice course served at Fell's with Mrs. J. L. Waggoner, mother of one of the students in the class as hostess.

The program follows: (Lerman), Trio—Cliff Franks, Lee Miller and Horace Lawler. Solo—"Romance" (Spindler), Hazel Miller. Duet—"The Flatterer," (Chaminade), James Youngblood and Cleta Mae Wilson. Solo—"Gavotte," (Abtler), Horace Lawler. Solo—"May Has Come," (Bohm), Lee Miller. Duet—"Country Dance" (Nevin) In Ponder and Crystelle Waggoner. Solo—"Fantasia" (Mozart), James Youngblood. Solo—(a) "The Fountain," (Bohm); (b) "Vale Caprice," (Bachman), Cleta Mae Wilson. Duet—"A Festive Day," (Hartung), Lee Miller and Hazel Miller. Solo—(a) "The Hoffmann" (Offenbach); (b) "Second Valse," (Godard), Ina Ponder. Solo—(a) "Narcissus," (Nevin), (b) "Tarantella," (Priczonka), Crystelle Waggoner. Trio—"Soldiers Chorus from Faust" (Arr. by Lerman), James Youngblood, Ina Ponder and Crystelle Waggoner.

Special mention was given to the due by James Youngblood and Cleta Mae Wilson, the duet of Hazel and Lee Miller and the solo number of Crystelle Waggoner, Ina Ponder and James Youngblood. The friends and parents who made up the audience were lavish in their praise of teacher and pupils alike.

"Absolute Reliability"

The Compelling Power of the Automobile

Is Exemplified in these Two Wonderful Cars

The Buick Six

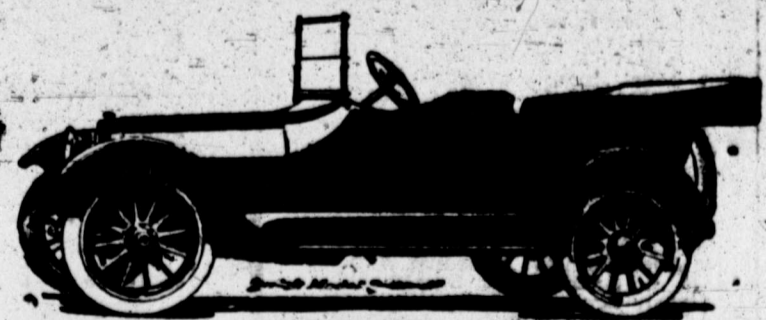

The Oakland Six

The Buick Model D-Six-45 six cylinder, five passenger touring car is known wherever motor cars are driven. As a general all-purpose car it is the choice of thousands of families at home and abroad.

Noising through the hubbub of the city's traffic; waiting at the stately mansion, sending its way along country roads, the Buick valve-in-head is always in harmony—always at home.

Performance is the salient feature of the Six-45. It elevates it far above the rank and file of automobiles, and places it in a dominating position in the motor world. It conquers hills speedily, or snails along with equal facility, quietly and economically wringing power from gasoline at any and all speeds.

The body is of a particularly pleasing streamline type, beautifully

painted and striped. The upholstery is of genuine leather, stuffed with high-grade curled hair over deep coil springs. It is extremely comfortable on the short ride or long tour.

The control is exceptionally easy. The motor is started by a slight pressure of the foot. The control lever shifts the gears into mesh with a touch of the hand. The clutch is easily operated. The brakes are easy acting but positive. On the instrument board, within easy reach of the driver, are the starting and lighting switches, prior, speedometer, ammeter, oil feed gauge, and combination dash and instrument light.

ELEVEN RECRUITS IN NAVY LAST WEEK

Approach of Registration Lessens Number of Recruits Here For The Army.

The army recruiting station has succeeded in attracting three recruits last week. The navy list for the week totals eleven, and the navy recruiting office, says that more than 100 men were examined, and will be enlisted on Monday, J. J. Carbon of Henketta, enlisted for the navy on Friday.

The slump in army recruits is doubtless attributable to some extent to the conscription bill. Men are figuring that, when they are wanted the officers will come for them. The larger number of naval recruits can be explained in at least two ways. For one thing, men are feeling that in the navy they will be put to work immediately, without a long interim of training. The prospect of sailing gaily over blue and smiling seas, seeing new countries, and possibly coming to grips with the enemy, is an attractive one as compared to a long dull round of drill, trench-digging drill, rifle practice, drill, parade and more drill. As a matter of fact the drill in the navy is at least as strenuous as in the army, and there is a tremendous amount of mechanical and technical detail to be learned. Another cause is that in an inland town men know less of the sea and its ways, and the very novelty of it is an attraction. A landsman who has never been sea-sick has much to learn of the sea. Because the life of a sailor is almost an unknown quantity with the average landsman, he is apt to figure it out as something infinitely more attractive than the life he knows on land. In some respects he is right; though any mode of life may become commonplace, given time enough.

There is no doubt whatever that there is urgent need of men, both in the army and navy. No man should walk till he is taken. If he intends to go when he is called on there will

GOOD ADVERTISING IN B-I-M-I-T MEET

Believed Wichita Falls Will Get More Publicity From Convention Than Any Held Here.

From present indications Wichita Falls will receive more publicity in the State of Texas from the coming Buy-it-Made-in-Texas convention, to be held June 27 and 28, than from any other convention in the city's history. Right now the name of Wichita Falls appears conspicuously on the Association's official stamps which are used on the mail of nearly all of the members of the association, about 300 manufacturing firms. These stamps are very striking, bearing the trade-mark of the association, the outlines of the State of Texas, with the slogan "Made in Texas" across the center. At the bottom of the stamp are the words "Wichita Falls Convention City, June 27 and 28."

The best advertising the city will get, however, apart from the convention itself, will be from the attendance tour which Gus W. Thomason, secretary-manager of the association, and B. Frank Johnson, secretary of the local Chamber of Commerce, will make through Waco, Austin, San Antonio, Houston, Beaumont, Fort Worth and Dallas the week of June 18 to 22. During this tour they will see each member of the association and get promise of a representative from each firm in the B. I. M. I. T. at the convention to be held the following week. Pamphlets and circulars telling of Wichita Falls and her industries and institutions of which she is proud will be taken on the tour and given out so that the B. I. M. I. T. members may learn the most interesting facts about this year's convention city. At each city visited both secretaries will address meetings which will be arranged by the business men in behalf of the convention, and of course, Mr. Johnson will not let the opportunity go by to make a few remarks on the excellence of Wichita Falls.

As a result of Mr. Thomason's visit here Friday an extensive advertising campaign for the B. I. M. I. T. convention and incidentally for Wichita Falls was launched, to be carried on by the publicity bureau of the Chamber of Commerce and the publicity bureau of the Buy-it-Made-in-Texas Association, with headquarters at Dallas. Committee chairmen were appointed Friday afternoon by Mr. Thomason and Mr. Johnson to attend to the entertainment of the convention. These follow: T. B. Noble, member of B-I-M-I-T board of directors, general chairman, to have general oversight of all plans, call meetings of committees, authorize sub-committees, etc.; A. L. Huey, hotels and baggage, to supervise rates and assignments, and make arrangements to handle baggage; R. O. Harvey, transportation, to provide guest cars and "official" cars for occasions; E. P. Greenwood, finance, to authorize local expenditures and provide funds in excess of the Chamber of Commerce; G. D. Fox, publicity, to supervise all publicity about the convention and to create publicity plans; Mrs. J. A. Kemp, ladies committee, to work out plans for entertaining the B. I. M. I. T. ladies; J. G. Culbert, to be held the following week. Pamphlets and circulars telling of Wichita Falls and her industries and institutions of which she is proud will be taken on the tour and given out so that the B. I. M. I. T. members may learn the most interesting facts about this year's convention city. At each city visited both secretaries will address meetings which will be arranged by the business men in behalf of the convention, and of course, Mr. Johnson will not let the opportunity go by to make a few remarks on the excellence of Wichita Falls.

In this connection the District Federal Reserve Bank of Dallas has issued the following catechism: **What is a Liberty Bond?** Question: What is a Government Bond? Answer: It is a receipt given by the Government for money loaned to them. Q. Why do they call it a "Liberty" bond? A. Because the money you lend the government will be used to make this world a safe place to live in, and to fight the Germans in Europe right now, instead of having to fight in Texas in a few years time. Q. Then we have to fight the Germans anyway? A. Yes. They will crush us with our money, if we ever give them the chance. Q. Why should I lend the government this money? A. Because money is more important than men. To send our boys to the front, without money to keep the big artillery going, is murder. Q. Is my money safe if I lend it? A. Uncle Sam's word and all his wealth is back of his bond. Q. How much does Uncle Sam want me to lend him? A. What you can afford, even if it's only \$50. Q. Will I be paid any interest? A. Sure \$2.50 a year for every \$100 you lend. Q. Will I have to pay taxes on the amount I lend? A. No. And by escaping taxes the bond is as good as a 5 per cent investment. Q. Suppose I need money later? A. Take your bond to the bank and borrow money on it. It will be the best security in the world. Q. Must I pay all of the money at once? A. No. Only \$200 on every \$100 you decide to lend, and the balance on easy terms between now and August 31. Q. Where do I apply for a bond? A. At any bank. Q. I guess that as an American citizen I must buy a bond? A. You have said it.

SNIDER TO SPEAK ON LIBERTY LOAN

Will Tell Directors How Chamber of Commerce Can Aid in Bond Selling Campaign.

C. W. Snider, chairman of the Seventh District of the Bankers Association, has been invited to speak at the Chamber of Commerce meeting on Tuesday morning, on the subject of the Liberty Loan. Mr. Snider will outline the various ways in which the Chamber of Commerce can most effectively aid in the campaign for the sale of the Bonds. Last week there were several very pressing local matters which prevented any very active campaign in the Liberty Loan. The road band issue took up a great deal of time and energy, and the raising of money to meet the subscription for the Army Camp together with organizing the mass meetings and so forth made it a very full week for the business men. These matters are now out of the way, and there is a fairly clean slate for this week. The Chamber of Commerce intends to make the Liberty Loan one of its chief concerns of the week.

Among those subscribing Saturday were: Myles O'Reilly, W. W. Silk, Edward Everett Silk, C. H. Clark, Eugene Clark, Duncan Clark, Willis Clark, Allen Clark, Mary Louise Clark, Robt. Clark, R. O. Harvey, R. O. Harvey, Jr., Eugene B. Harvey, Mrs. R. O. Harvey, Henry B. Patterson, C. H. Hartsook, Mark Walker, W. C. Young, Burton Stayton, Helene Bertha Loeb, Logan Stayton, F. F. Knott.

88 ABSENTEES HAVE CARDS FILLED OUT

Time Required For Filling Out Cards Average About Ten Minutes Each.

That the clerks who have been named to conduct the registration of males between the ages of 21 and 30 years will have all they can do on June 5th to complete the registration within a single day was indicated by the time taken by County Clerk M. P. Kelly and Mr. Foye Friday to register the "absentees" who applied at the clerk's office to have their cards filled out. Mr. Kelly and Mr. Foye, it is concluded, are better fitted to fill out the registration cards for applicants than the majority of registration clerks will be, yet the average time for filling out the cards was not less than ten minutes each. In precincts where there will be more than a hundred applicants it can be seen that the clerks will have all they can do to complete the work within a single day.

Eighty-eight "absentee" registrations were recorded here Friday, and County Clerk Kelly was kept at his office until nearly midnight Friday night filling out cards for applicants. Several cards were filled out for applicants Saturday.

All persons within the prescribed age limits are required to register, even the inmates of jails and prisons. District Attorney Leslie Humphrey and Deputy Sheriff Bob McFall have filled out cards for those in jail here.

GAIL KANE STAR

The many friends of Miss Gail Kane will be glad to hear that she can be seen Tuesday at the Empress Theatre in her latest World Picture Brady-Made, entitled "As Miss Made Her." Miss Kane has a dramatic and pleasing part in this production and her friends will like her in it. She portrays the role of a young woman who is taken for his own by an older man. When this man leaves her and marries another woman she avenges herself in a way that finally brings happiness into her life.

The Chalmers For Flexibility

By its officially certified traffic tests in Chicago, Detroit and Boston, the Chalmers established wonderful proof of flexibility.

In Chicago the highest city mileage ever made was achieved.

In Detroit the Chalmers ran 24-hours without motor stop, on high gear, at an average of only 2.9 miles per hour.

In Boston a Sedan ran 24-hours on high gear without motor stop, the car being at practically a dead stop 350 times during that period.

The Economical Grant Six Is The Car Of The Hour

THE most significant development of the past year or two has been the amazing increase in the demand for light, sturdy, economical cars like the GRANT SIX. This demand will continue to grow.

The buyer of today is seeking efficiency and he is getting it in the GRANT SIX.

Economy, dependability and minimum depreciation are now the test of motor car value and all of these are highest in the GRANT.

The GRANT SIX averages 20 miles to a gallon of gasoline and 900 miles to a gallon of oil. On standard tires 6000 miles or more is the usual experience.

The sturdiness and reliability of the GRANT SIX are evidenced by the low average of repair charge and the high value of used cars.

An investigation of the used car values of GRANT SIXES in the leading centers will show that they average higher than those of any other car in the same price class. First year depreciation on the GRANT SIX is only 20 to 25% as against 40% or more on higher priced cars. There is no water in the GRANT SIX price. It represents real automobile value made possible by foresighted purchase contracts and the most efficient, up-to-date factory in the industry.

And there is nothing lacking in the car. In appearance, in comfort, in every detail of equipment it is satisfactorily complete. Comparison reveals this instantly.

Prevailing conditions and the certainty of continued high prices for materials, labor, oil, gasoline and tires make the purchase of a GRANT Six a real investment.

Central Presbyterian.
(Eleventh and Bluff)
Sunday school at 9:30 a. m. Morning worship beginning at 11 a. m. The theme for the morning is "God's Thisig-

nificant Starting Points." We frequently feel that unless we can inaugurate any enterprise with flying flags and great ado, we have partly failed at the outset. But the Master Work-

man does not start that way, in the working out of His plans. Mrs. J. S. Pittman is to render special music at the morning service. The sermon in the evening, 8 p. m. is on "God's Works of Providence." Most men believe that God controls the greater affairs of life and destiny; but what of the small ones? Is it in keeping with His character, to attend to these also, even the very smallest? And does He have any control over "Natural Law," or now that He has ordained it, is it beyond His power? Please help us to start promptly at the hours named.
L. J. SHERRILL.

Church of the Good Shepherd.
Holy Communion, 7:30 a. m. Sunday school, 9:30 a. m.; morning prayer, 11 a. m. Subject of the pastor's sermon "Pentecostal Power and its Influence." The organist will give the service this week. We cordially invite you to worship with us today.
FRED T. DATSON, Rector.

First Methodist Episcopal Church.
(Corner Seventh and Lamar)
Sunday school sharp at 9:45 a. m.; First Communion, 10:30 a. m. The Wichita Falls College of Music, will play the "Entree de Procession" and the "Offertory" by Battiste, and Mr. E. Adams, another musical director, will give the "Evening Song" by Nachez. This represents the Sunday school class of twenty young ladies taught by Mrs. T. Gibson. Last Sunday we broke all records for large attendance in the history of the Sunday school. 11 a. m., morning worship, with sermon by the pastor. Special music. The organist, Mrs. Agnes Marquande, will play "Allegro Moderato" by Hosmer, 8 p. m., song and praise service. The organist will play "Idylle Impromptu" by Theodore Lack. Miss Sigler will sing a solo. Sermon subject, "A Life Purpose." If you want to do things you cannot afford to miss this service. Bring your friends to the church which extends a real hearty welcome.
HARRY F. DRAPER, Pastor.

Christian Science.
Services are held in the Masonic Temple, second floor hall as follows: Lesson sermon at 11 a. m. Subject, "Soul and Body." Sunday school at 9:45 a. m. Testimonial meeting Wednesday 8 p. m. Reading room second floor is open every day except Sunday and legal holidays from 2 to 5 p. m. There is in connection with the reading room a free circulating library of Christian Science Literature. Library cards and full information may be obtained by applying to the librarian. The public is cordially invited to attend the services and use the reading room.

First Christian Church.
(Percy George Street, Minister)
Sunday school at 9:30. The orchestra will begin playing at 9:25. Gerald Pond, leader. The Lord's supper and church services begin at 10:45 sharp. At this hour there will be an ordination service of bishops, deacons and one brother set apart to the preaching of the word. Members are urged to come fasting and praying to this holy service. Sermon subject, "Bishops, Deacons and Saints." Junior, Intermediate and Senior Endeavor Societies will meet at 7:45. Evangelistic services begin at 8 and finish at 9:15 to the minute. Sermon, "The Witness of the Spirit, or How Can I Know That God Has Favored My Sin?" Miss Agnes, chorister. Mrs. Strange organist. Attention is called to the fact that all services and meetings begin on time and quit on time. This is the church of good will and open handed fellowship. Come and see.

First Presbyterian Church.
The Rev. Jacob A. Reis, returned missionary from Cameroon, West Africa, will preach at both morning and evening services. There will be special music at both services.

First Methodist Church, South.
(S. A. Barnes, Pastor)
Sunday school at 9:30. The singing of the Sunday school is the talk of the town. Big choir of children and the big orchestra make it worth while. Come hear the music and join a class. At 11 o'clock the pastor will preach on "The Wisdom of Soul Winning." Mrs. E. C. Huckabee will sing "O Divine Redeemer," by Gounod. Miss Cook will play as offertory "Versoth" by Battiste. At 3 p. m. Junior Epworth League, Mrs. J. L. Richardson, supt. At 7:15 p. m. both Senior and Intermediate Leagues have interesting programs. At 8:15 p. m. the choir with Mrs. Fulton as director and Miss Cook organist will give a sacred cantata "The Daughter of Jairus" by Stainer.

Church of the Nazarene.
We are expecting a good day today. Sunday school at 9:30 a. m. Preaching at 11 a. m. There will be no preaching at night, as the Sunday school will render a special program at that hour. The services will begin promptly at 8 p. m. The public is cordially invited to attend.
JAS. N. COOPER, Rector.

Church of Christ.
Our meeting will soon close. Will you come and be with us Sunday at 11 a. m. and at 8 p. m. Sunday school at 9:30. Preaching at 11 and at 8. You are invited to be with us at every service.
E. CHRISTIAN, Minister.

First Evangelical Church.
(Corner Fifteenth and Broad)
Morning worship at 11 o'clock. The pastor will use for his subject in the evening service, beginning promptly at 8 o'clock, "Christ's Ideal Church." The other Sunday services will be Sunday school at the usual hour, 9:45; Junior Alliance, 3 p. m. and Senior Alliance, 7:15. Miss Mohr will be the leader of the Senior service. Monday 2:30 p. m. Ladies Aid will meet in the church. The lesson will be a continuation of the narrative. Announcements based on the entire book of Numbers. You are invited to attend this service and take part in the discussion of this bible work. Come Wednesday, 8 p. m. prayer service. Song service each Friday night.

MORE ACTIVITY IN AUTO BUSINESS

About Fifty Cars Sold Here Last Week And Dealers Are More Optimistic.

Approximately fifty cars are reported sold last week by the various automobile dealers. Both last week and the week before have shown better results than for some time past. A number of new cars have been purchased by old men, and those interested in the recent oil developments. The Dodge Bros. local dealers have stocked up very heavily upon assembled parts of every description. An interesting item at the Dodge warehouse and workshop is a new gasoline supply tank which both pumps and measures by compressed air. The device was invented and patented by T. R. T. Orth, and the model was made in Wichita Falls. A Dodge touring car was sold to Tony Lampson of Wichita Falls, and a Dodge roadster to Geo. B. Ancell of Electra. The Ford Motor Co. did a large business in Electra, selling six cars to the following: T. P. McKenzie, E. L. Eckelham, Texas Boiler Works, E. W. Corder, H. H. Trussell, R. E. Cates, Ford cars were sold to J. C. Wintrey and M. B. Sweeney of Wichita Falls.

For Graduation

THIS IS THE SEASON of the year when the graduate—whether it be boy or girl—holds the center of public attention. It is the big event in their lives, and should be remembered with tokens that will always bring to their minds the pleasures and anticipations of the event. We offer many gift suggestions that are desirable and inexpensive—

For the girl graduate—

- The novelty Japanese Beads—every girl wants them.
- Paisley trimmed Hand Bags—a source of constant delight.
- Fancy and plain Gordon Silk Hosiery.
- 45 inch Fancy Jade and Metal Girdles—all the rage in the large cities.
- Novelty and Fancy Neckwear and Collars.
- Patriotic Hat Pins and Bar Pins.
- Novelty Ear Drops, and many other articles.

For the young man—

- Silk Shirts, Silk Hose, Crepe Neckwear—the noblest of the season, Silk and Linen Handkerchiefs; Novelty and Staple Hats and a wide range of other useful articles.

PROSPERITY

Notwithstanding the war, this has been the greatest spring season in the history. And there is no reason why it should be otherwise. Buying conservatively at the opening of the season, our early stock was soon exhausted, and now newer goods are coming in every day. In every department we are able to show the most magnificent and alluring fashions, making our store the center of gravity for the best dressed men and women of the city and county. If you have not been a patron of our store, we invite your early inspection

Which OLA?

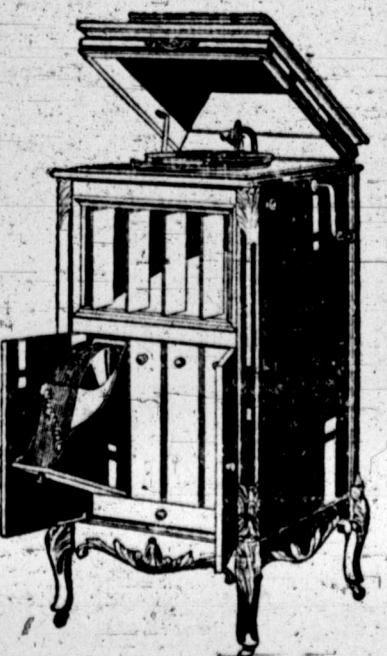

—The GRAFONOLA

If you take the trouble to compare, and you certainly ought to. Every Day forty-five hundred people investigate, compare, and then purchase the Columbia Grafonola.

This instrument can no longer be called a mere "talking machine." Its predecessors of that name were wonderful devices—always a step in advance of all others—but the latest type of Columbia Grafonola has reached a degree of tone-perfection that lifts it far above the status of a machine. The Grafonola is all artists and instruments in one. It gives the actual tones of the renowned singers and instrumentalists of the world. It is the genius, the power, the beauty of every voice and every instrument. In every detail, it represents the highest scientific development of the art of sound—reproduction—the field in which the Columbia Graphophone Co. has occupied a dominant position of superiority from the start. The purchase of a Columbia Grafonola therefore means the certainty that the investment is made in an instrument which is the best of its type on the market today—the ultimate perfection and refinement of every invention made in its field—THE ONE INCOMPARABLE MUSICAL INSTRUMENT.

Let us place one with a selection of records in your home today on approval.

Durk Burnett, and a Cadillac to T. W. Ziegler of Wichita Falls. Two Cadillacs were driven up from Dallas to the local garage. Representative Humble of the Ford Motor Co. visited the local dealers last Thursday. The name of the firm hither known as the Elgin Sales Co., has been changed to the Paige Motor Co. of Wichita Falls. They are to move shortly into a new building, at 809 Scott avenue. Two carloads of Paige cars, and a large stock of Paige parts are expected to arrive in about two weeks. The Chalmers Sales Co. sold a five-passenger car to J. M. Bland. Mr. Caldwell, manager of the Chalmers Co. of Texas, spent a few days of last week at the local house. He was very much pleased with business conditions and prospects. Mr. Thornburgh made a business trip to Seymour for two days at the beginning of the week. The Overland Sales Co. received two carloads of Overland cars, which brings their stock up to some fifty odd cars of this year's model. W. J. Daugherty, the wholesale manager, is at the Overland plant in Toledo, Ohio. Two Mitchell cars were sold, one to Miss Bickley, and the other to G. M. Kohler, both of Electra. S. J. Ashmore went to Dallas last Friday night to drive some Reso cars to the city. The Reso should be here next Wednesday. The Lloyd Weaver Co. made sales of four Chevrolets to the following: Dr. Lindsey of Archer City, L. C. Garvey, Archer City, John Davenport, Wichita Falls, C. A. Eiland, Munday. The same company unloaded seven carloads of Chevrolet cars here—this week, besides three carloads at Henrietta. They are expecting a large shipment of cars this week, including three Hudsons, a Marmon 34, and a two-six Packard. This will bring the stock in the storage rooms close to the hundred mark, as they have some 85 cars on hand at the present time. One hundred and twenty thousand dollars worth of Chevrolet cars have been sold by the Lloyd Weaver Co. since January 15 of this year. The McClurken Sales Co. made a large wholesale deal last week with a sub-dealer in Vernon, to whom they sold thirteen cars. They sold cars at retail to the following: Frank Groves, George Groves, J. Mosier, of Petrolia; O. W. Harvey, D. F. Bodford, H. W. Griffin, W. D. Guthrie and W. B. Weber of Wichita Falls. Owing to an error a car was reported last week as sold to Wade H. ...

OKLAHOMA OFFICERS MAKE BIG Haul Of Booze

(Randlett Progress)
Deputies Watson, Hivens, Skags and Cook made another booze haul at the north end of Byers bridge Tuesday night. The officers were lying in wait for the whisky haulers when suddenly a car with a huge searchlight drove across, one of the men throwing the light in various spots, as if trying to locate the officers. Four times the car made the inspection tour, the officers making no attempt to halt it. Finally the car was driven back to the bridge, a signal given and four cars came roaring by. The officers succeeded in grabbing the car that had been doing the searching and a Ford car loaded heavily with booze, two big car loads getting by. Since so many of the transporters have been captured while attempting to pass through this country, they are daily trying to spring new methods of trying to get by the officers. The huge price paid by the Oklahoma bootleggers is responsible for the desperate chances the drivers take while trying to escape the officers. A transport captured in this country some time ago, told a Progressor representative that he was being paid ...

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making the Times Want Columns promptly and perfectly useful to the readers.

Telephone Ads cost no more, in money—and less in time—but the Times must employ collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for the Collector.

DON'T LET HIM CALL THE SECOND TIME

If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use the Times Want Ad Columns daily.

RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than five cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 167.

OIL! OIL! OIL!

TREMENDOUS PROFITS POSSIBLE

To those familiar with the facts, it is unnecessary to state that no business pays such enormous profits as oil. Hundreds of your friends right here in Wichita Falls have realized tremendous returns on very modest investments. In the new fields that have recently been opened up, the greatest opportunity of your life is now afforded you to play the oil business. We offer for sale shares in local oil companies and buy and sell leases close to production. We give daily quotations on oil stocks and the depths of all drilling wells.

Make our office your headquarters or phone us for any information we may possess.

FARMERS RELEASED AT SAN ANGELO

Six Out of Eight Given Liberty When They Expressed Willingness to Aid Government.

By Associated Press.

San Angelo, Texas, May 26.—Six of the eight arrested in Cooke county in connection with the alleged activities of the Farmers' and Laborers' Protective Association of America were released today when they expressed a willingness to aid the government in prosecution of the organization's leaders, according to information received here today. The six men turned over all data in their possession.

Two others who refused to divulge any information were retained in jail at Robert Lee. It is said the statements of the men released are corroborative of charges in the indictments recently returned by the federal grand jury here.

BASHARA AND SILK BUY VREELAND BLDG

Well Known Oil Men Acquire Valuable Property In Heart of Business District.

A deal was closed last week whereby M. J. Bashara and W. W. Silk became owners of the Vreeland building at the corner of Indiana avenue and Eighth street. The consideration was \$50,000. The purchase was made from Furneaux and Wilson of Dallas through the J. L. Jackson agency.

Mr. Bashara and Mr. Silk are two men whom the oil business has made permanent residents of Wichita Falls. Mr. Bashara is already interested in a large way in business property here and has built one of the finest homes in the city. Mr. Silk is now building a fine home on Tenth street.

Bevo
A BEVERAGE

for the boys in khaki

Bevo is a great favorite in the Army Canteens, where none but pure, soft drinks may be sold. After drill or march, you are sure to see a long line of hot and dusty-throated soldier boys making a bee-line for Bevo. They know that there lies complete satisfaction, full refreshment and pure wholesomeness.

At home or abroad—at work or play—between meals or with meals, you will appreciate what we have done for you in making this triumph in soft drinks.

You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, in the navy, at canteens, at mobilization camps and other places where refreshing beverages are sold.

DODGE BROTHERS CLOSED CAR

The number of those who prefer the Sedan for use throughout the year is steadily increasing.

The reason is easily understood when you consider how adaptable it is to the frequent weather changes common to all parts of the country. Almost instantly it can be changed to accommodate itself to heat or cold, rain or shine.

It will pay you to visit us and examine this car.

The gasoline consumption is unusually low.
The tire mileage is unusually high.

The Sociable Clubster

COMBINING as it does the companionableness of the roadster and the capacity of the touring car, the LEXINGTON four-passenger Clubster is deservedly one of the most popular cars sold today.

The LEXINGTON Clubster is a hospitable car. It is roomy and comfortable, yet all of the occupants are brought into one delightful company without that sense of separation which is unavoidable in any touring car.

The Moore Multiple Exhaust System, the most valuable single feature offered by any car made today, is an added reason for the LEXINGTON Clubster. It means 22.8% more usable power with less gasoline, increased hill-climbing ability, less gear changing, more flexible power, less carbon trouble, and, because power is obtained at lower engine speeds, less vibration and wear and tear on engine and car.

LEXINGTON beauty of line and finish are only exceeded by LEXINGTON performance. You will be completely satisfied with your LEXINGTON, and not only satisfied but delighted.

Let us show you the Sociable Clubster now.
