RED CROSS FUND STILL SHORT OF DESIRED AMOUNT

EFFORTS CONTINUE THROUGH TODAY AND TONIGHT TO COMPLETE FUND

APPEAL FROM THE PULPIT

Cards Will Be Distributed at All Churches—Jowa Park Adds To Good Work There

From every pulpit in Wichita Falls this morning there will come an appeal for suffering humanity in an effort to raise Wichita county's share of the Red Cross fund.

The fund still lacked several thousand dollars of being completed last night and the efforts to raise it will continue through today and tomorrow. The county committee will make its final report Monday afternoon, and while it is possible that contributions will be received any time they are offered, they cannot be counted against the \$25,000 to which the county is pledged, unless received today or Monday.

Wichita county has never yet fallen short of her duty in a matter of this kind and Manager Lawton and the others of the finance committee are confident that in the final count it will be found this county has raised its full quota of \$25,000.

Mr. Lawton last night spoke in appreciation of the work of the committee captains all of whom are busy men who have given half of each day of the week to the work of the committee. He said that the splendid people of that community would yet meet every expectation.

Reports from the city committees are slightly more favorable than yesterday, but there is as yet no possibility of rest for the committees. They had hoped to have raised the entire amount and possibly gone well over it by Saturday night, but were disappointed to learn that the campaign must continue over Sunday and even Monday, if the quota is to be raised. Cards are to be given out in the churches today, and all the ministers have been asked to put the real needs of the Red Cross squarely before the people, in the hope of making an especially hearty response. It will make Wichita proud of themselves, and make them keep their record for coming across.

Well, said one of its canvassers yesterday, the sort of thing certainly does show us who's who on the show down. There have been any number of surprises, both ways. The almost-eyed celestials have been the state of the patrons of the Coney Island Cafe contributed \$25.00 to the fund. It is a "think cook, and probably gets as much joy out of it as anyone. He cannot be seen in an American citizen, but he has the right idea, and he evidently appreciates being allowed to contribute in peace, if not, as he did in the Coney Island Cafe. He has contributed \$25. This was good work. The subscriptions of the small man have been in every case, and many have given absolutely all they could, and many have defied themselves to do so. Yet, in spite of this, there is not enough. More people must give, and give more. The committee is especially anxious to have it understood that they cannot see anyone, and that those who wish to sell themselves in the private giving need not wait to be called upon. Mr. Lawton reports that a number have taken advantage of this condition already, and have phoned in their subscriptions.

Much credit and thanks are due to the ceaseless efforts of the captains of the local drives, who have spared no effort to gather the money. A body of the business men of the city have given their entire time to the work, partly for the cause itself, and partly that for its own credit's sake. Wichita Falls should not fall short of its quota.

From Jowa Park comes the glad news that they have raised more than \$1,500, as they predicted. A member of the Jowa Park committee said last night it was expected to increase this to \$1,700 today. The entire county will offer enthusiastic congratulations upon this achievement, and is as proud of that community as it could possibly be of itself. This was the unanimous opinion of the local committees, when the news reached them.

Burkhardt sends \$2,000, and more coming. All the committees have not been heard from, and there are a number of subscription cards which have not yet been turned in. It is hoped that Burkhardt will go well over the \$2,000. Reports from Electra are a little slow in arriving, and it cannot be accurately estimated how much has been raised there. They had reported that their returns would probably be late, and that the bulk of the collecting would be done on Saturday and after. So it may be hoped that no news or good news, and that Electra has done her share, as she has always done heretofore.

Today and Monday morning remains. What can be raised between now and then will settle the amount of the loyalty and devotion of the citizenship of the county. It has been repeatedly mentioned by the captains, however, that we should be called upon again, and yet many times again, and that the more we give soon, the less we shall have to give late. And there is also the consideration that we should be called upon to give in money now, we can shorten the tale of the one supreme gift—men.

FOOD CONTROL BILL PASSES HOUSE BY VOTE OF 365 TO 5

FAR REACHING PROHIBITION PROVISIONS TO BE PUT INTO MEASURE

3 TEXANS ARE OPPOSED

In Senate Virtually No Progress Was Made On Measure During Saturday

The prohibition provision adopted would prohibit the use of food stuffs for the manufacture of alcoholic beverages, and would give the president authority to take over for war purposes all liquor now on hand. They were put into the measure in order to bring the whole bill into the House proper, and the prohibition provision did not demand that they be voted on again.

The bill now goes to the Senate, where it probably will be substituted early next week for a similar measure already under consideration. Legislators hope to see the measure to conference by July 1.

Two important changes were made by the House on Saturday. The prohibition provision was adopted, and the bill was amended to give the president authority to take over for war purposes all liquor now on hand. They were put into the measure in order to bring the whole bill into the House proper, and the prohibition provision did not demand that they be voted on again.

SERIES OF ATTACKS MADE BY GERMANS ON FRENCH FRONT

EFFORTS OF CROWN PRINCE MEET WITH SOME SUCCESS AT FEW POINTS

LOOK TO THE EAST FRONT

Indications That Russian Soldiers Are Regaining Their Morale And Will Fight

The Associated Press was summary last night said.

Little activity is visible in any of the war theaters except along the front in the West. The German offensive has been a series of attacks on the French line along the western end of the Chemin des Dames, where the German line is 20 and 30 miles in advance of the French line.

These attacks have been launched in force on narrow fronts at various points. At one or two places they met with some success, notably near Froimont farm, where on Friday a considerable salient into the French line fell into German hands.

Friday night serious attempts were made by the Germans to break through the French line. The French line was too much for them and no further progress was made. Infantry attacks were not renewed on Saturday but the artillery fighting continued all day with violence in this and other sectors of the French front.

In the eastern war theater there are indications that important fighting is being done. The Russian line is being pushed back in places, and the Russian soldiers are regaining their morale and seem to be ready to resume the offensive. VALUABLE INFORMATION

House wives who intend to can peaches, berries, tomatoes, beans, etc., this summer, no doubt will be interested to know that they can obtain the old style wax sealing tin fruit cans, which we are now making up in great quantities. That tin is the best material for preserving fresh vegetables is a well known fact. Following prices are for full size, bright tin fruit cans:

- 1 Quart with wax \$1.00 per dozen
- 1 1/2 Quart with wax \$1.25 per dozen
- 2 Quart with wax \$1.50 per dozen

Remember they are of the B. I. M. I. T. "brand", made in our own tin shop.

SEVERAL WELLS ARE EXPECTED WITHIN FEW DAYS

DEVELOPMENTS EXPECTED IN THREE POOLS IN THIS TERRITORY

Developments in several wells in which there is much interest here are expected within the next few days. Eight miles north of Iowa Park the J. W. Snow Oil Company on the J. W. Snow farm has struck a nice looking sand at 1,115 feet and expect to drill in today. This well is west of the Ryle farm where R. O. Harvey and others drilled in a big well several weeks ago. Harvey and his associates were down 1510 feet yesterday. They found the sand in the other well at 1630 so that they will probably reach this sand today.

The Wichita Fuel Development Co. an organization in which many Wichitans are interested is setting the casing at 1625 feet on Section 3 S. B. Burnett in the Culbertson district. The sand tested by the 66 in Archer county several days ago was dry. It is now drilling for the Panther sand. Outside the Magnolia Petroleum Company's No. 20 Francis Allen which is a fifteen-hundred barrel well there have been no unusual wells reported during the past week.

Brown and Jones Rammings No. 4 was the best well reported for the Burkhardt district. This well is good for about 400 barrels. At Electric the Producers Second Bywaters No. 54 is a 100-barrel well at 1278 feet. Producers Bywaters No. 55 is a good 100 barrel well at 2010 feet. Producers Stringer No. 68 is a 40-barrel well at 1975 feet.

The Federal Oil Co. has abandoned its Moore No. 1 in Wilbarger county as dry at 2200 feet. The Magnolia Petroleum Company's R. S. Allen 78 is a 40-barrel well at 1900 feet.

In the Culbertson district the Gulf Production Company's Wood's and Taylor on the Burnett is an 80-barrel well at 1314 feet. C. Sanders and Conner Bros. No. 1 is good for 50 barrels at about 1500 feet.

Slater No. 2 on the Henson passed through ten feet of sand at about 2300 feet. It is believed this sand would have produced about 20 barrels but the sand was not tested. Thomas and Island are rigging up for their sand on the Slater half a mile south of Slater No. 1.

The Producers' Oil Company have again leased the R. F. Ayre tract some ten miles west of town and are now under contract to begin drilling by the 6th of next month. Three cards of leasing at 2000 ft. in preparation for the leasing of necessary fixtures. This same company had a well at 2000 ft. in the same tract. Arnold's land under lease a few years ago, will be re-leased and abandoned well at a depth of 2000 feet. The fact that they are again to begin operation there might indicate that the company expects results. Graham Reporter.

A big lot of oil leases numbering 28, was filed for record in the county clerk's office yesterday. They are made to Tulsa, Oklahoma companies and cover lands scattered over the south part of the county from Newport to Shannon—Henricita Independent. The 28 and the journal this morning contains the following from F. W. Bridges, the Wichita Falls correspondent concerning oil operations in this section.

Stephens and Palo Pinto. Near Caddo in Stephens county, Texas & Pacific Coal Co's Wright No. 1 is still drifting at 2550 feet. County No. 1 has been plugged back to the 2640-foot sand and an attempt is being made to save the gas, which has a volume of about 7,000,000 feet. Wright No. 1 has been abandoned as dry at 4700 feet. At Hughes No. 1 the hole was lost at 340 feet and the derrick is being skidded to start a new hole. Sloan No. 1, near Crystal Falls is shut down to rebuild derrick, which was pulled in while trying to remove some casing, depth 2400 feet. North of Wayland, Cash No. 1 is drilling at 2350 feet. Lauderdale No. 1 is shut down at 1410 feet and near Gunstight, Maxwell No. 1 is shut down at 2000 feet, waiting casing and boiler. No. 1 is undercasing at 475 feet. Producers Oil Co's Smith No. 1 south of Breckenridge is still fishing at 2000 feet and Keithley No. 1 is drilling at about 1460 feet. Gulf Production Co's McCaskey No. 1 is drilling at 1060 feet and Fincher No. 1 at 1600 feet. While S. B. Feit et al's Brown No. 1 is shut down at 2550 feet, waiting for casing.

South of Mineral Wells, in Palo Pinto County, Faimer, Owen & Wilson have succeeded in getting out most of the set of bars dropped in the hole, drilled up the balance and are now drilling at a depth below 2000 feet. There was a light flow of gas from the 1940 foot sand, but not sufficient to make a well. The Empire Gas & Fuel Co's Terry No. 1 is rigging up with standard tools, ready to drill deeper, and west of Palo Pinto Watson No. 1 is drilling at 600 feet, while Sinclair Oil & Gas Co's Beiding No. 1 is drilling at 1925 feet. West of Grafard, the Sinclair company's Holt No. 2 resumed drilling after the broken beam was repaired and reached a depth of 280 feet, when the boiler exploded. No particulars except that there was no casualties. North of Strawn, Texas & Pacific Coal Co's Robinson No. 2 is drilling at 1200 feet and No. 3 has a million feet of gas at 1510 feet. It is not known yet if the well will be saved.

Several times recently abortive attempts have been made to resume the drilling of the Alexander-Pennington well, north of Palo Pinto, on the old Palm ranch, which was shut down at 2300 feet some 18 months ago, and now C. E. Warner announces that he has secured the necessary backlogs and that C. E. Warner & Co. have ordered a cable shipped at once. As this was the only thing needed for the resumption of work, drilling should recommence very soon. The well is to be drilled to 3,500 feet and the ownership of more than 9,800 acres of leases hangs on its completion, besides the use of the standard rig and string of tools for the drilling of other wells.

The well of Stanfield & Becker, on the Benson ranch, in the northern part of Young county, was erroneously reported last week to be drilling at 1010 feet. This was caused by indistinct transmission of sound over the telephone and it should have been 710 feet. At this depth a sand was encountered and the well shut down temporarily, with a nice-looking green oil in the hole. It will probably be drilled in today. C. E. Colcord's Robert Scott No. 1 south of Graham, has a big flow of salt water at 700 feet and has lost the bit in the hole.

South of Belcher, in Montague county, on the Dunn farm, the Big Six Petroleum Co. of Pittsburgh, Pa., has

Come to Our Toilet Dept. for Beauty

There is no other store in your locality that is so well prepared to take care of your beauty needs as this. Just now we are making special prices on all toilet requisites. It will pay you to look over your needs and the needs of your family while you have this opportunity to save money. A woman who appreciates the importance of preserving her personal attractions will not be so thoughtless or careless as to buy toilet requirements of "any old quality" at "any old store."

WHO FILLS YOUR PRESCRIPTIONS?

A doctor finds out your trouble. It is the prescription that cures you. If the prescription isn't compounded exactly as the doctor prescribes, if the ingredients are not of the right quality, the medicine is not what the doctor ordered. You are taking something else! That's why you can't be too careful about the matter of your prescription filling.

First, the druggist must have every ingredient that the prescription calls for—and just the kind and quality the prescription calls for. Then he must mix them in just the quantity and in just the order the prescription demands.

If there's one faulty step in the filling of a prescription there's liable to be dangerous results. Prescription-filling is the most important function of a drug store. Look to the men behind the prescription counter, if you want to judge of its reliability as a drug store.

We emphasize this matter of prescription-filling because we take particular pride in the service we render in this respect. Feel safe—bring your prescriptions to us.

THREE HIGHWAYS HERE RECOGNIZED AS STATE ROADS

JUDGE HARRIS BELIEVES THAT FEDERAL AND STATE AID CAN BE OBTAINED

The Meridian Highway from Burkhardt through to Fort Worth, the North Texas Highway running through Texarkana, Gamesville, and Wichita Falls and the Route through Wichita Falls and Archer City to San Angelo together with the Texas-Colorado and Gulf Highways are among the highways recognized as state highways by the State Highway Commission, according to County Judge Harvey Harris who has just returned from attending the Texas Road Convention at Mineral Wells in company with County Commissioner J. P. Jackson. Judge Harris believes that State and Federal aid can be obtained for the improvement of all three of these highways. The Meridian highway has been designated by the State Commission, Judge Harris says as Highway No. 2 which he takes to mean that it will be the second to receive state and federal aid.

City Tax Collector Harry Robertson's condition was only fairly satisfactory yesterday after an operation he underwent on Thursday for bladder trouble at the Wichita General hospital.

WICHITA COUNTY'S ASSESSED VALUES SHOW INCREASE

COUNTY ASSESSOR RAGSDALE ESTIMATES THEM AT MORE THAN \$23,500,000

There will be an increase of nearly \$2,000,000 in the assessed valuations in Wichita county this year over last, according to an estimate furnished the state government by County Tax Assessor Tom Ragdale. Mr. Ragdale, in his estimate to the state, placed Wichita county's assessed values at about twenty-three and a half million dollars. He now believes this estimate will be exceeded. Last year the county's assessed values aggregated \$21,400,000.

FURTHER PROBE OF F. AND L. P. A. BY FEDERAL GRAND JURY

Dallas, Texas, June 23.—The same federal grand jury that two weeks ago conducted an investigation into alleged activities of the Farmers and Laborers Protective Association of America has been called to meet in special session June 26. A further probe into alleged activities of the organization will be made, officials stated.

The grand jury at its first session returned its indictment and 20 men already have been taken into custody. It has been officially announced.

The Miller Carburetor

The MILLER carburetor is entirely automatic in its action, and under all conditions will give a uniform and perfect mixture at any engine speed. There are absolutely no adjustments to be made, and no springs or complicated parts to get out of working order.

ADVANTAGES

A multiple jet carburetor, automatic in its action, without springs or adjustments. Air and gasoline always in true proportion insures a perfect mixture at all engine speeds, and means—

FLEXIBILITY, POWER, ECONOMY, EASY STARTING, INSTANT ACCELERATION, CHOKING OR LOADING IMPOSSIBLE.

A MILLER carburetor is good accident insurance on any car; a large percentage of the collisions in which automobiles figure with street cars, trains, etc., are due to the fact that the motor is stalled when the throttle is thrown open too quickly by a confused operator. With our design this cannot happen; instant acceleration is certain, no matter how suddenly the throttle is opened.

The MILLER carburetor adapts itself to all varying fuel conditions of temperature and viscosity. The plunger weight actuated by the suction automatically holds the sleeve in a position where it supplies the correct proportions of air and gasoline at all times.

The MILLER carburetor is light in weight and very compact, making it easy to install.

With the heavy fuel attachment, the carburetor will handle all grades of heavy fuel without any change; making it ideal for commercial use.

GUARANTEE

Our carburetors are sold under a positive guarantee covering material and workmanship.

Any defective parts will be replaced by returning to the Factory.

The Houston Post remarks: "The Lord never sends an affliction on Texas that he doesn't lift. He took Gore from us, and in His own good time He will sweep out the other political heffies that so sorely annoy the people."
 The new state automobile law is effective July 1. There are some features about it we do not like, particularly that which requires a state highway tax of 25c per annum per horsepower, but even that is not going to cause us to criticize the law. There is one feature about it that makes the law good, and which should receive the approval of every man, and that is the clause that provides a jail sentence along with a fairly heavy fine for the speed lunatics. If that feature of it is enforced, both in the town and the country, the death rate by automobile accidents will be cut down about fifty per cent.

Friends of the University and by this we do not mean those only who have in past or are at present sending their sons and daughters to the institutions to gain a higher education, may as well make up their minds now as later on that the governor is not going to change his attitude toward that institution. If it opens during the next two years, or while he is in office, he is going to insist that it be conducted on lines suggested by himself and all of us, by this time at least, know that our governor is no more qualified to conduct a great educational institution than he is to be the governor of a great state. He was elected to that position to serve certain interests, and in that, the interests that had most to do with conducting his campaign and cramming him down the throats of the minority, have nothing of which to complain. He has served them well and faithfully. The way things look to a man up a tree, is that the Texas University for the next two years is going to have hard sailing, and the man who is most responsible for its condition, it is intimated by some of his friends, is going to have the nerve to go before the people of the state and ask them to confer further honors upon him by sending him to the United States Senate. By that time, however, a goodly portion of the majority of democrats of this state who helped to make him governor, may get their eyes opened.

Those who had hoped for a conclusion of the world war at the end of August of this year may as well make another guess. It was the late Lord Kitchener who predicted that the war would last three years, but it will be remembered he did not say it would end then. He merely said it would last three years, and his prediction is going to come true. While it is true the armies of Great Britain and France are more than equal to the present fighting force the Germans have in France and Belgium, and that the Germans are being forced to give up occupied territory and fall back, the rate at which this good work is being accomplished will require more than another year to force the Germans out of France and Belgium and back to their own soil. That this will be the final outcome of the fighting there is not the least doubt among Americans, and probably the Germans have begun to realize that this is going to be the case. But the war will not be ended even then. The battle cry of the allies should be "on to Berlin." If we are to have peace in the future the final and deciding battle must be fought on German soil. America fully realizes this, therefore she is steadily, and as rapidly as possible, making preparations to send an army of more than one million men to France to aid England and France. Sometimes it seems that we are making progress along this line at a snail's pace, but when it is considered how utterly unprepared for a world war this country was three months ago when war was declared, and the obstacles the President and the government had to overcome before Congress would give its consent to the plans for war as out-

Smoke HECTOR HAVANA CIGARS 5c EACH MILD AND FRAGRANT SOLD BY ALL MERCHANTS

lined by the President and his advisers. We have done well and are getting this country on a war footing as rapidly as it is possible to do so. In instances the usual governmental red taps has been dispensed with, and this is as it should be. It is now calculated that it will be at least six months and organized soldiers can be sent to France, but they will reach there in ample time to do effective work. When this war is brought to a conclusion it will not happen before the American army of one million or more will be right at the front on the firing line.

FOUR SMALLPOX PATIENTS TAKEN FROM THE JAIL

The four smallpox patients among the prisoners at the county jail have been removed to the pest house at the county farm, and the jail has been thoroughly fumigated. All the prisoners have been vaccinated and it is believed the spread of the contagion has been checked.
 The grand jury which usually makes an inspection of the county jail fails to perform that duty before taking recess Friday. Instead of going in a body to make an inspection this duty was delegated to one of the members who declined the appointment.
 It was said yesterday that there had scarcely been a time since last fall when there has not been smallpox in the jail. At one time several patients were taken out to the county farm to the pest house but after both had escaped it was decided by the county authorities that it was best to keep the patients in the jail so long as the case did not take on a malignant type.

29 MORE BILLS OF INDICTMENT RETURNED FRIDAY

AFTER BRINGING NEW BATCH OF INDICTMENTS GRAND JURY RECESSES
 This Wichita county grand jury reported 29 more indictments late Friday afternoon and recessed until August 14th. Five of these indictments were for felonies and 24 for misdemeanors.
 Many of the misdemeanor indictments were for gaming, some being against Wichita Falls parties.
 Among the felony indictments was one charging statutory rape against K. C. Jones. This is the third indictment for rape to be returned by the grand jury at its present session. Another indictment was found against J. J. Brown in connection with alleged auto thefts. Jim Johnson is charged with theft of property valued at over \$50.
 An indictment charging bigamy was returned against Bert Raymond Gossett. Gossett was tried a few weeks ago on a charge of false swearing in connection with his affidavit as to the age of a girl he married. He was acquitted on this charge but was locked up again on a charge of bigamy.
 An indictment was also returned against Will Clark charging him with an attempt to commit burglary.

50 AUTOS NEEDED FOR B. I. M. I. T. VISITORS
 According to H. Frank Johnson, secretary of the Chamber of Commerce, who returned from a trip to the industrial centers of the state Saturday morning, the attendance on the Buy-It-Make-It convention to be held here Wednesday and Thursday of this week will be more than doubled as a result of the trip. Mr. Johnson was accompanied on this trip by W. W. Thomason of Dallas, secretary-manager of the association.
 Mr. Johnson states that this will be the biggest convention of big business men ever held in the South and states that Wichita Falls must prepare to give this convention an entertainment befitting its importance. There will be fifty automobiles required for service of guests at all hours and Wichita Falls is asked to volunteer use of their cars. Such cars will bear ribbons in visiting guests' use.
 A number of prominent commercial secretaries will be in attendance, according to Mr. Johnson, and this will make the convention of additional interest. Beaumont and Houston will send industrial films for the free show of Industrial Texas to take place the first night of the convention.
 The Texas Rice Growers' Association will furnish rice for the Made-in-Texas banquet to be held Thursday night. Numerous other manufacturers and food distributors will supply other products for the menu.

ERNEST OSTEN DIES AFTER ILLNESS OF EIGHT DAYS
 Ernest Osten, the eleven-year-old son of Mr. and Mrs. J. F. Osten, 1206 Fifth street, died at 8 o'clock Saturday night after an illness of eight days from a complication of troubles. He became unconscious soon after he was taken ill and remained in that condition until his death.
 Besides his parents he leaves three sisters and three brothers, one of whom is George Osten of the Wichita Falls fire department. Another of the brothers, John, lives at Abilene. He was at his brother's deathbed.
 The final services will probably be held this afternoon, definite arrangements not having been made Saturday afternoon.
 Miss Florence Sammons has returned from Boston where she attended the New England Conservatory of Music the past winter. On her return trip she spent some time in New York, Washington and other eastern points.
 Mr. and Mrs. R. J. Hutson, 1316 Seventeenth street, have returned from Clinton, Oklahoma. While there they suffered the loss by death of their baby daughter, Thelma Rea, who died Wednesday and was buried at the Clinton cemetery, Moss, Okla. The sympathy of their brother members in the Yeomen lodge and of their other friends and acquaintances is extended to them in their bereavement.

TODAY WILL BE INSPECTION DAY AT CAMP HUFF

VISITORS WILL BE RECEIVED FROM 1 TO 5 P. M. BY HONOR GUARD

DR. BARNES IS TO SPEAK

Pastor First M. E. Church South to Conduct Devotional at Camp This Morning

Sunday at Camp Huff will be marked by devotional services, conducted by Dr. S. A. Barnes at 10 o'clock in the morning and by the reception of visitors in the afternoon from 1 to 5 o'clock. Revels will be sound quite so early as other days and the drills and lessons will be omitted, giving the girls a day of rest. They will have time to put the camp in extra nice order and have all the tents open for inspection of the visitors.
 Monday the usual routine will again be taken up. Musical entertainment and vaudeville will be staged and the bill now in preparation promises a rare entertainment. In addition to the study of the remaining days of camp there will be diversions in the way of a dance given in honor of the girls by the young men of the C. G. Club. There has never before been a lecture on schedule to be given by Mrs. Fred Fleming of Dallas, president of the State Federation of Women's Clubs. The date of this lecture will be announced later.
 The Friday night dance was a very successful affair, from a social and financial standpoint. There has never before been as many as 125 visiting girls in local circles at one time and the boys of Wichita Falls found a bewildering array of Texas and Oklahoma beauties with whom to trip the light fantastic. For once taps were disregarded entirely and the girls stayed an untold way after nine. But the next morning he passed over in silence.
 Saturday was much like all other days, with the morning swim and study and the usual afternoon routine. Then at night came Judge Barry Miller's talk asking for the girls' cooperation in enlisting young men for the Texas National Guard.
 The girls have been drinking ginger ale sent with the compliments of Major Lazenby's father of Waco, owner of the Artesia Bottling Works. They have extended their sincere thanks to Mr. Lazenby and also to others who have sent in afternoon refreshments. And they also state that any other donations will be gratefully accepted.

KNIGHTS OF PYTHIAS HOLD MEMORIAL TODAY
 MEMBERS WILL ATTEND FIRST PRESBYTERIAN CHURCH IN BODY TO HEAR SERMON

Every Knight of Pythias in the city is expected to meet at their Castle Hall today at 10 o'clock. They will march in a body to the First Presbyterian church, corner Tenth and Huff streets, where Rev. N. F. Garrison will hold memorial services. "The Flag of Our Country," which is saluted at the opening and closing of every Knights of Pythias lodge, will precede the procession. Special music has been arranged and the services will commence promptly at 11 o'clock.
 At their regular meeting Friday night the Knights of Pythias lodge subscribed \$25.00 to the American Red Cross fund.

TONIGHT'S SERVICE CLOSES CENTRAL CHURCH REVIVAL

REALTY OF SIN WAS EVANGELISTS THEME AT FRIDAY NIGHT'S SERVICE

With the services this morning and tonight the revival meeting that has been in progress at the Central Presbyterian church will be brought to a close. Rev. Sheffer, the Presbyterian evangelist, has preached thoughtful, helpful and inspiring sermons. A cordial invitation is extended to the public to attend the closing services today.
 Sin and its consequences was Rev. Sheffer's subject Friday night. By way of introduction the evangelist spoke of "a defective teaching" abroad in the land that in substance denies the reality of sin. Quoting from the principal text book of a so-called religious sect, "Sin and evil are not real nightmares which frighten themselves real." He endeavored to show where such a teaching, if followed, would lead society—business, society and the church would soon be demoralized, he pointed out.
 "The presence of sin is so apparent that it seems foolish to take the time of intelligent people, like you, to discuss it, yet, there are many intelligent people, people of culture and refinement, who are being entrapped daily in the beautiful net-work of a system that hides as its principal feature the absence of sin, sickness and death."
 "Sin is a reality—Sin may be characterized as an act, a state, or a nature. Beginning with the third chapter of Genesis there is traceable throughout the whole Bible a horrible black line of sin. Envy, jealousy, murder, selfishness, deceit, etc., are prominent. The climax is reached in that awful tragedy on Golgotha's brow; when sin makes its final stand, and the Lord of Glory is put to death. The awful depth to which men fall is described forcefully in the first chapter of Isaiah—Cor-

Ty Cobb is Drawing Away from Tris Speaker in the Race for the American League Batting Honors

By Associated Press. Chicago, June 23.—Ty Cobb is drawing away from Tris Speaker in the race for batting honors in the American League. Unofficial averages released today show the Detroit leader with 368-25 points ahead of Speaker. A week ago three points separated them. The averages include games of last Wednesday.

Cobb drove out nine hits in his last five contests, bringing his total up to seventy for 52 games. Two of his nine blows were doubles, and one a triple. George Sisler, the St. Louis first baseman, after being in an apparent slump, is again up in the race with an average of 316. Earl Hamilton, St. Louis pitcher, is hitting .400 and Babe Ruth, Boston twirler, is hitting .350. Weaver of Chicago has scored more runs than any player in either major

The police court reports a period of unparalled virtue for the past two days, the heat having been to great for any nefarious undertakings. Only one offender is really worthy of mention, a seemingly feeble speeder of an Chiefender, thinks an unfortunate motorist, who was fined \$20, and was further subjected to personal remarks of an uncomplimentary nature, this being the fourth or fifth offense. Two drunks were assessed the customary \$5, and two others, who claimed they were only pretending to be drunk, were let with a warning to the effect that their chances would be better if the next pretense were less life-like. A partially paralyzed individual, claiming to have been sent here from St. Louis, though he did not know why, was given a permit to beg. Other than these, summer quiet reigned in the court.

WHY YOUNG MEN SHOULD JOIN THE TEXAS NAT. GUARD

The following concerning the Texas National Guard has been given out from the local recruiting office in the interest of the campaign to enroll two companies of the guard at Wichita Falls.

The National Guard of Texas volunteer is enabled to select his own associates. He will know who is to be his tentmate.

The National Guard of Texas volunteer is enabled to know who his officers will be and to estimate the kind of treatment he can expect from them.

The National Guard of Texas volunteer will be offered by men with whom he is personally acquainted, men who without exception have had years of experience in the Guard, regular army or in military academies.

The National Guard of Texas volunteer will go into training immediately after organization, in camps to be located probably within the state. He will have the same efficient training as the regular army, with the further benefit of earlier training.

The National Guard of Texas volunteer will have a most promising opportunity for promotion. Men who volunteer in the Guard at this time and receive increased advantages in training and show efficiency will be commissioned to officer men who come in later. Already eleven men from one organization of the National Guard of Texas have been promoted to commission rank.

The National Guard of Texas volunteer enlists only for the duration of the war.

The National Guard of Texas volunteer receives the same pay as the recruit in the regular army. The rate is paid \$30 per month, board, clothing and "keep." There is every opportunity to increase this pay.

The National Guard of Texas volunteer may be between the ages of 18 and 45 years.

The National Guard of Texas volunteer serves both his state and his Nation, but he does not lose his identity, as a volunteer from Texas.

The National Guard of Texas volunteer may be married or single; he may have registered under the selective draft act.

The National Guard of Texas volunteer is the man who is willing to step forward and say "Here I am." He is the man who does not wait to see what the other fellow is going to do.

The National Guard of Texas volunteer is a member of an old and honored organization.

The National Guard of Texas volunteer serves with friends and home folk. In after years the volunteer who enlists in the National Guard will be able to meet with his comrades and in memory relieve the marches and camps.

The National Guard of Texas volunteer is the citizen. He has the stuff of his forefathers.

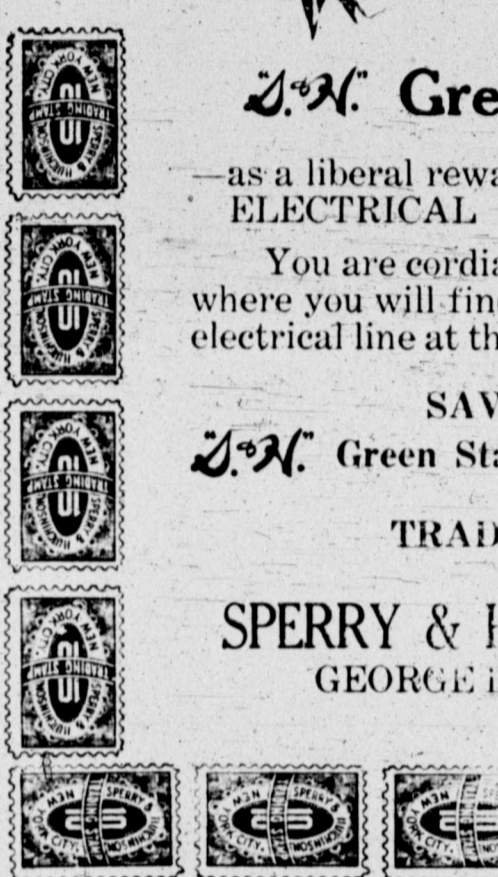

"All honor to the volunteer."

MRS. SHIPLEY FALLS INTO EXCAVATION, BADLY HURT
Crossing the Lamar Park on her way home last night Mrs. T. P. Shipley fell into the pit excavated for the foundations of the new library, and was badly hurt. She apparently did not know of the excavation, and, as there were no lights to mark it, she could not see. Hines ambulance was at once rushed to the place, and took Mrs. Shipley to her home, 1204 S. 15th street. She was reported as having several ribs broken. The pit is between six and seven feet deep and is a matter of some surprise that she was not hurt even more seriously.

WHEAT MADE YIELD OF 26 1/2 BUSHELS PER ACRE
Nat. Fleming, residing in the Valencia community 8 miles north of Pecos, has just finished harvesting his wheat crop and reports that off a 26-acre tract he threshed over 700 bushels of grain. This makes an average of about 26 1/2 bushels to the acre, good showing by a good farmer. Pecosia Roundup.

CRIMINAL DOCKET WILL BE TAKEN UP MONDAY
The criminal docket will be taken up in the Thirtieth District Court this week. There will be several pleas of guilty. It is expected on Monday. The trial of G. H. Fisher on a charge of attempted rape will take place later in the week. The main prosecuting witness in this case is now in Kansas but will return to testify.

PERSHING AND JOFFRE ARE SEEN TOGETHER
Paris, June 27.—The throng which invariably haunts the Rue Constantine in front of the spot where a great American flag marks the headquarters of Major General Pershing got a new thrill yesterday and a new chance to cheer the American commander.

unusually pleasant. This is the only courtship the young men have had opportunity to offer the visiting girls, who have been working instead of playing.

TERMS CLUB IS ENTERTAINED FRIDAY

A Terms Club entertainment followed by an entertainment for the entire club and their friends was staged Friday by the Terms club of the First Methodist Church. In the tournament there were eight players entered and the single championship went to Burke Taylor, who with Irving Aschmolek as partner won in the doubles play. Following the game refreshments of ice cream sandwiches were served in the church parlor and a Victrola concert was enjoyed. Then a motor trip to the lake ended the pleasant evening.

GIRLS AUXILIARY ENJOYS MOTHER GOOSE MASQUERADE

A Mother Goose masquerade was the unique entertainment enjoyed by the members of Circle B of the Girls Auxiliary of the First Baptist Church Wednesday evening at the church. The girls came dressed to represent the various Mother Goose characters. Games had their origin from the famous rhymes and the entire entertainment was in keeping. Refreshments of ice cream and cake were served. Miss Lucy Snoot, leader of the girls and Mrs. T. M. Smyre were the guests present. Those representing the different nursery rhyme characters included: Alice, Dodo, Willie, Tow-er, Marie, Shields, Ella, Mae, Cook, James, Celestine, Madam, Catherine, Dodo, Frances, McHam and Marie McHam.

BLUEBIRDS PICNIC AT LAKE WICHITA SATURDAY

The bluebirds of the First Methodist Sunday school, accompanied by their teachers, Mrs. H. D. B. B. enjoyed an all day outing at Lake Wichita Saturday. At noon time a delectable picnic lunch was spread. There were about twenty-five little girls in the picnic party.

DORIS RAGLAND GIVES BIRTHDAY PARTY FRIDAY

Little Doris Lee Ragland, Friday celebrated her eleventh birthday with a very jolly party of her friends. The amusements consisted largely of outdoor games which the little folks enjoyed for the greater part of the afternoon. A feature of the entertainment was a guessing contest, which was won by Marietta Hunt, the prize being a face cream. Ice cream and cake were served to the guests at the close of the party. Those present were: Elsie, Allen, Ella, May, Cook, Virginia, Kyanette, Ila, Dorothea, Virginia, Heron, Doris, Bennett, Dorothy, Elsie, Elizabeth, Carrigan, Jean, Nelson, Mary, Joe, Kell, Margara, Kennedy, Ruth, Yates, Frankie, Adhikes, Marie, etta, Hunt, Thelma, Green, Mrs. V. C. Ragland, Mrs. Menzie, Mrs. Yates, Mrs. Vance and Mrs. Ragland.

BLUEBIRD FEATURE AT THE PLAZA MONDAY

The attraction announced to furnish entertainment at the Plaza Theatre Monday is "Bringing Home Father," a comedy drama touching lightly upon the question of equal suffrage and involving the outcome of a prohibition movement in national politics. The political features are not inspired by any motive other than to furnish the masses for lively entertainment, with an engaging love story carried to a happy conclusion through numerous amusing episodes. Franklin Farnum and "Bronnie" Vernon, who will be generally recalled by the fans for their engaging performances in earlier bluebirds, will play the leading roles, with Richard Lee, Reno, Arthur Hoyt and Frances Mason principals in a clever supporting company. Bluebirds has established an enviable reputation through presenting evenly good plays, and there is assurance that worth while entertainment will result from the forthcoming display of "Bringing Home Father" for it is a bluebird play, got to be a good play, well presented by especially selected players. Eliza Tilly Swazey showed a lively interest in ward politics at the first election following an enactment of a woman's suffrage amendment. She decided that she would be an abolitionist or abolitionist. Her husband was too weak-willed to object and her pretty daughter, Jackie, had no interest in the affair. Jackie, however, stirred things up by requiring the arrival of Peter Drake upon the scene in the form of a candidate for Miss Swazey's hand. Peter was elected against prohibition and "Pa" Swazey, unprepared, helped himself when the barkeepers set out the bottle. It was this combination that defeated Mrs. Swazey. The candidate and inventor of "Bone Dry Punch." Just how the trick was turned will be reflected in "Bringing Home Father."

BIRTHDAY PARTY FOR GEORGE TUCKER FRIDAY

Mrs. J. W. Tucker entertained a number of little folks at a home on Friday afternoon in honor of the seventh birthday of her son, George. Games and Victrola music were enjoyed until late in the afternoon when Mrs. Tucker served delicious refreshments to the following: Ruth Carter, Jessie, Haley, Florine, Bryan, Mary, Ziegler, Ruth, Hartmann, Dorothy, Hartmann, Helton Dorar, Russell, Doran, Mark, High, George, Bohannan and the little host, George Tucker.

MERRY MAIDS MEET WITH MISS STAMPEL

With mid-summer has come a resumption of the meetings of the Merry Maids Club; the club being most pleasantly entertained Friday by Miss Rose Stampel. Games of various sorts and an informal program of readings and piano numbers were enjoyed until late in the afternoon when Mrs. V. E. Stampel, mother of the hostess, served delicious refreshments of ice cream, cake and ice punch. During a short business session, Miss Leonie Maricle was elected president. The members present: Misses Ella Merle, Mathis, Hallie Adams, Lillian Purser, Leona Maricle, Helen Snider, Dorothy Ziskind and Rose Stampel.

WITH THE WOMEN OF THE CHURCHES

The Ladies Aid of the First Christian church will be entertained in social session Monday afternoon at 4 o'clock at the home of Mrs. E. J. Friberg, 202 Lee street. All members cordially invited.

W. C. T. U. TO MEET TUESDAY AFTERNOON

What officers promise will be quite the most important business meeting of the W. C. T. U. in its history in Wichita Falls will be held at the home of Mrs. J. W. Friberg, Tuesday afternoon, June 26, at 3:30. All members are urged to be present to take action on the important business which will be presented.

YOUNG MEN TO ENTERTAIN FOR HONOR GUARD

The young men of the dancing set have arranged a dance in honor of the Girls National Honor Guard members from all over the state who are now encamped at Lake Wichita Falls, and have named Wednesday, June 26, as the date of this hospitality. This will be one of the closing affairs of the encampment, and is expected to prove

Satisfaction in Glasses

Satisfaction in Glasses is a relative term and many and many wearers never know the full degree of comfort to be derived from correctly fitted eyeglasses or spectacles. Unless your glasses are wholly comfortable, giving you perfect vision, they are not optically correct and the error should be remedied at once. Our Optometrist uses every scientific method of value to determine your defects of vision. Then we use every precaution to see that you are fitted with glasses that conform exactly to his prescription.

The famous characteristic comedy

"The Man From Home"

Film Features of Week

Madame Petrova makes her bow in Wichita Falls, a Paramount picture Wednesday at the Empress in "The Undying Flame." This story blends the times of the pyramids with modern days showing how love is always the undying flame. The famous Pauline Frederick is Monday star at the theater in "Her Better Self," which is said to be the most distinctive of all this popular actress' work in recent pictures.

Women in politics have their innings in a comedy play, "Bringing Home Father," which will be shown at the Plaza Monday. Franklin Farman and Brownie Vernon are the stars. A war picture, or rather a picture that has a bit of the world's struggle interwoven as a secondary theme will be one of the week's features at the Majestic, showing on Thursday, "The Undying Flame," with Louise Glaum as a vampire regenerated through love for a gallant soldier.

The program for the week follows: Monday—"Bringing Home Father" at the Plaza. Pauline Frederick in "Her Better Self," at the Empress. Irene Howley and Jack Deery in "Her Father's Keeper," at the Majestic.

TUESDAY—Clara Kimball Young in "The Heart of the Blue Ridge" at the Majestic. Alice Brady in "Darkest Russia" at the Empress. Wednesday—Olga Petrova in "The Undying Flame" at the Empress. Nance O'Neil in "Greed" at the Majestic. Thursday—Louise Glaum in "Sweetheart of the Dawn" at the Majestic. George Walsh in "The Book Agent" at the Empress.

Friday—Lionel Barrymore in "The Millionaire's Daughter" at the Majestic. Gladys Hulette in "The Candy Girl" at the Majestic. Saturday—Mary Miles Minter in "The Gentle Intruder" at the Majestic.

PAULINE FREDERICK AT THE EMPRESS MONDAY
Pauline Frederick flirting, plotting, smiling, swooning or storming up and down a room, all these are familiar Pauline Frederick's to the millions of photo play fans who have watched her through her many pictures. But a Pauline Frederick who is charmingly naive, who sacrifices all and stoops to pitifully transparent wiles to gain the man she loves, this is a new Pauline Frederick as Vivian Tyler in the latest Famous Players-Paramount picture, "Her Better Self." Miss Frederick is all of these and many more personalities in one. "Her Better Self" is a charmingly unusual picture and Miss Frederick has achieved a veritable sensation. This will be the featured attraction at the Empress Theatre Monday of next week.

ALICE BRADY AT THE EMPRESS TUESDAY
The most timely feature picture issued in a long time is "Darkest Russia" which has been issued by the World Film Corporation. The magnificent production shows the pre-revolution conditions in Russia with the most startling fidelity. The liberty-loving groups are shown fighting for their freedom and the officers and men are seen combating these forces. Alice Brady is the star in this splendid offering and she is seen in one of the most effective roles which she has assumed. Miss Brady appears as a young Russian musician who at a crucial moment and at a big assembly refuses to play "God Save the Czar." As the result of this refusal she is separated from her sweetheart and is sent to Siberia. There she becomes an angel of mercy to the afflicted. Finally, under the most dramatic circumstances, she is reunited to her lover. The story is replete with excitement and interesting incidents. It has been staged in a very lavish and costly manner, one of the most notable offerings ever issued on a program. See "Darkest Russia" at the Empress Theatre Tuesday and be splendidly entertained.

"SEVEN DEADLY SINS" AT MAJESTIC WEDNESDAY
While based upon a morality theme, "Seven Deadly Sins," the series of McClure pictures, showing at the Majestic Theatre, is removed from plays of the type of "Everyman." The action of "Seven Deadly Sins" occurs in the present. There will be no allegorical figures, to typify "Greed," "Envy," etc. Instead these evils will be represented by men and women of today whose characters are the embodiment of such sins. The picture compares the noble characters depicted by such McClure stars as Ann Murdock, Nance O'Neil and Charlotte Walker. By thus showing a modern girl to compare with the evils of her forefathers, "Seven Deadly Sins" presents a moral lesson. The plays are colorful and swift in action and have a strong morality appeal.

IRENE HOWLEY STAR AT MAJESTIC MONDAY
Is there any reason why a woman should not use her brains if she has any? Such is the question Irene Howley, as the daughter of a financier, asks her father in the new Triangle photoplay, "Her Father's Keeper," which will be shown at the Majestic Theatre Monday in a ferocious argument with her father, who refuses to let her enter upon a business career, the girl depicts woman's place through the ages. The following word description is pictured: "One speaks of woman because woman got a bad start in the stone age, just because European peasants look upon woman as a beast of burden, just because the modern world woman as his slave, just because the modern woman cooks man's dinner and bears him children, is there any reason why she should continue to submit to his selfishness and will I have brains, and I intend to use them." Her father has no sympathy with her feminist views and declares that he will never succumb to her again if she leaves her home to enter a business office. Soon after this scene the girl disappears. Her father places a detective on her trail, but she is not discovered until one morning he summons his new private secretary and finds that his daughter has secured the position through bribing the former secretary to quit.

EMPRESS SHOWING FIRST PICTURE OF THE WEEK
The ancient Egyptian rite between lovers of breaking a scarab in half and each preserving a half as a symbol of their undying love, and the Oriental belief in reincarnation, are important elements in the thoroughly interesting and unique plot of "The Undying Flame." This picture, the first Paramount picture produced by the Jesse L. Lasky Feature Play Company under the direction of the noted photoplay director, Maurice Tourneur. This picture shows how the lovers, separated by fate in the ships of a relentless parent, were once more reunited centuries afterward by matching their halves of the mystic scarab. This strikingly unusual photoplay will be seen at the Empress Theatre Wednesday.

FRANKLIN STOCK CO. WITH ALBERT TAYLOR COMING

Monday the well-known actor, Albert Taylor, will open a week's engagement with the Franklin Stock Company at the Mammoth Pavilion Theatre. An advance notice says, "The Franklin Stock Company is a household word with the theater goers of Wichita Falls. He has appeared here more than any other actor on the American stage and is better liked by the most discriminating actor of Taylor's reputation and ability is associated with a top company, but in engaging Mr. Taylor the Franklin Stock Company has taken a step forward and surrounded him with the largest and best company ever engaged for an attraction of this kind and they have gone to great lengths to promise good.

WANT MACHINISTS BALLOON SCHOOL AT OMAHA, NEBR.

ARMY RECRUITING STATION HERE RECEIVES INSTRUCTIONS RECRUIT MACHINISTS

The army and navy news last week was remarkable for instructions and new rulings rather than recruits. In deed, most of the instructions dealt with how to obtain recruits, especially in the army. A large number of orders and proclamations, six from the president himself, were received at the local army station, all urging the speeding up of recruits, and more or less loudly bewailing the lack of them. The navy headquarters, however, came the good news that two branches of the service were already recruited to full war strength, the women and the electricians. The army received definite details as to the recruiting of men for the British and Canadian forces, with orders to "stretch the rules as far as their discretion would permit in order to get the men. Now orders are issued directing the recruiting officers to give their attention to machinists for the balloon school at Fort Omaha, Neb. Fifty men are required by this department as lathe operators, drill press operators, etc. Most of whom will be used in the preliminary school detachment and some to be available to be sent out with the field balloon

PAULINE FREDERICK in "HER BETTER SELF"

As Vivian Tyler in her latest Famous Players picture, Pauline Frederick is shown in a role entirely different from those her large public is wont to associate with her. Not a sophisticated, mercenary Sappho, nor a woman of the North Woods, as in "Nannette of the Wilds," nor a beauty sought by the ruthless thief of pirates of the Spanish Main, but as a society girl, Vivian had never had many thoughts in her sofa-pillow life, but those she had had were about what gowns she would wear at a certain social gathering, or whether she would accept or not. Then she met a real man and wanted him. In the ensuing drama of her struggle for love Miss Frederick has achieved a sensational success. Complete Preparedness Requires Permanent Roads

"The speedy completion of the main trunk lines that gridiron the state; is no less an essential element in real national preparedness than is the mobilization of the army, the speeding up of the production of munitions and the building of super-dreadnaughts."—New England Roads, official organ of the Connecticut Goods Roads Association.

Such roads should be built. They should be built of the most permanent construction. For only the most permanent kind of road can stand the passage of troop trains, motor trucks and heavy guns.

Concrete roads have proved their durability and economy under extremely heavy traffic, automobiles, motor trucks and horse drawn wagons. But make sure you know what a concrete road is.

Concrete is made of Portland cement, sand and pebbles or crushed stone. It is hard, rigid, unyielding and durable. Concrete for roads is the same as the materials used in building concrete dams, factories, bridges, and big engineering works like the Panama Canal, where great strength and permanence are desired.

These are facts for thinking people to remember whenever road building is discussed. Talk them over with your neighbors and road officials. Bulletin No. 136 will give you further valuable information. Write for a free copy.

COURTNEY QUIET AFTER LYNCHING OF NEGRO

By Associated Press.
Courtney, Texas, June 23.—The populace of this little town resumed normal activities today following excitement due to the lynching Wednesday of Ben Harper, negro chauffeur. While celebrating Emancipation day with a party of negroes he drove his automobile into the house of which Lola Goodrum, 12 years old of Navasota, was riding. A moment later she was killed when an oncoming automobile carrying another party of negroes ran over her.
Several other negroes are held in the Grimes county jail at Atchison in connection with the case but the authorities say they do not fear further violence.
Harper with several companions was arrested but escaped while being taken to Anderson. His body was found Thursday morning hanging from a tree near the spot where the girl was killed.

NAME GERMANIA STREET CHANGED AMERICA STREET

PATRIOTIC RESIDENTS ON DALLAS STREET PAINT OUT TONIC NAME

By Associated Press.
Dallas, Texas, June 23.—What used to be Germania street, East Dallas, is wearing a new name today and it smacks not of the fatherland. Tired of living on a street so utterly un-American in designation patriotic residents last night took step ladders and paint brushes and made a swift and busy trip from one end of the thoroughfare to the other. When the journey was all over the street signs read "America street."
A few residents who objected to the change were advised to "hit the trail."

MAY REDUCE PASSENGER SERVICE ON THE KATY
(Denison Herald.)
W. A. Webb, chief operating officer of the Katy, with various superintendents along the Katy line in Texas, together with officers of the operating department, passed through Denison at noon today en route to St. Louis where they will attend a meeting of Katy officials for the purpose of taking up suggestions that have been made by

the National Defense Committee with reference to the curtailment of passenger business in order to take care of the heavy movement of troops that is expected to begin within three months. It is said that every train that can be spared, either freight or passenger, will be taken out of service, not only to save equipment and motive power for troop movements but to give the railroads a better chance to conserve in fuel. Several railroads have already made up their slate of curtailment of

trains and announced new time cards that will become effective by July 1, showing quite a few changes in the operation of freight and passenger trains. It is not known here what changes will take place on the Katy through Denison.
LIEUT. GENERAL BROADWOOD DIES FROM WOUNDS
London, June 23.—Announcement is made that Lieutenant General Robert B. Broadwood has died of wounds received in action.

OWNERS OF AUTOS MUST REGISTER WITH STATE NOW

FEE OF \$3 FOR MOTORCYCLES AND 35¢ PER HORSE POWER FOR AUTOS REQUIRED

Several Wichita Falls automobile agencies have received supplies of the automobile registration application cards, and are filling them out for their customers. A number of Wichitans have already sent in their cards accompanied either by a money order, remittance, or a draft or cashier's check to the State Highway Commission and some of them are expecting their license and their numbers this week.

The new law provides that on and after July 1 owners of automobiles and other motor vehicles, including motorcycles shall be registered the same with the State Highway Department at Austin.

The fee for registering motorcycles is \$3 per annum. Registration fees for automobiles is 35 cents per horse-power per annum, with a minimum fee of \$7.50 per annum. Remittances should now be made, however, only for the remaining six months of the year.

Special licenses are required for trucks and other commercial vehicles based upon the carrying capacity per wheel, as follows:
1,000 to 2,000 \$ 20.00
2,001 to 4,000 40.00
4,001 to 6,000 60.00
6,001 to 8,000 80.00
8,001 to 10,000 100.00

Commercial vehicles are defined as those carrying passengers and freight for hire.

As most automobile owners are not familiar with the requirements of their cars and other details which they are required to give with their application they are advised to go to the dealer handling the make of car they own to get the information.

The new law does away with the registration which the county clerk has heretofore been required and that official will have nothing to do with the new registration.

The State Highway Department, under the law is required to furnish the numbers which must be displayed both at the front and the rear of the car.

AUTO REPAIRS TO COST MORE AFTER FIRST OF JULY

NOTICES OF ADVANCE POSTED IN PRACTICALLY ALL GARAGES OF CITY

Practically all the automobile dealers have posted notices in their offices and garages to the effect that, on and after July 1st, the rates for repairs and storage will be raised. The new rate will be as follows: Mechanics, \$1 per hour; helpers, 50 cents per hour; regular storages, \$7.50 per month; day storage, 50 cents per month; transient storage, 50 cents per night. Garage men say these measures are required to employ the better class of mechanics.

Last week was the biggest so far recorded for Wichita Falls automobiles, totaling ninety. This is one of many signs of increased confidence on the part of the buying public, and visiting dealers from over the state, and agents from the various factories, are agreed that business is humming. This total of ninety cars represents an increase of over thirty-five per cent over the week ending June 10th, and does not include Saturday's business. Furthermore, one or two dealers have been unable to procure any cars this week, and consequently have reported no sales.

The Motor Supply Co. sold Ford cars to G. N. and O. B. Leath of Charles, A. L. Tandy, McGargle, Joe Zoldeck, and T. Y. Hannon, and W. H. Harshel, Iowa Park, Jim Owens, Petrolia, J. T. Longley, Archer City, and Scott Bros., Electra.

The Lloyd Weaver Co. sold a Hudson super-super to J. J. Bridwell, and a Chevrolet to Ed. W. Turner, city. Mr. Weaver was in Fort Worth and Dallas on business, last week.

McFall Bros. and Orth have been short of cars this week, and while they have taken a number of orders, have been unable to deliver any of them. They are expecting two carloads of cars at an early date. Four second-hand sales are reported from this house.

The Buick Sales Co. reports sales to A. Chapin, Burkburnett; Noe Bros., Burkburnett; and Wade Stein, Big gold, and three second-hand sales. They have two carloads of Buicks, and one of Oakland on the way.

The McMullen Auto Co. has made retail sales to Mrs. Jeannette Rexford, city; M. Brown, Joe Cross, and L. N. Harr of Meagargle; G. W. Whitner, Electra, and M. Murvey, Burkburnett. In addition to this, six cars were placed with sub-dealers, Goldstein & Sons, Vernon, and four second-hand cars were sold. A. W. Phillips, the sales manager, spent most of the week in the direction of Vernon and Quamby sub-dealer Pink Haggard of Seymour has been a visitor at the McMullen Auto Co. offices for a few days.

The Peter Car Co. has made sales to Mr. Rogers Bros. at Bowie, one to L. Proper, R. L. Curry and W. R. Fullerton of Petrolia, and R. E. Carnes of Burkburnett.

S. J. Ashmore brings back from South Carolina the sad news of his father's death. Mr. Ashmore stayed for the funeral, and returned last Tuesday.

Two members of the firm went to Dallas Friday night to drive up Premier and Dort cars. A shipment of cars is expected early this week. Chenuault & Wheat sold a car to T. R. Mooney of Temple.

The Overland Co. made retail sales to Jefferson Overland Co. at Hastings, two to Rogers Bros. at Bowie, one to G. E. Wilson, city; C. Badgett, Electra, T. H. Shives, Vernon, and four good wholesale deals were made with Jefferson Overland Co., Hastings, five cars, Smith Garage, five cars, T. H. Shives, Vernon, six cars, and Rogers Bros., Bowie, six cars.

PAIGE
The Most Beautiful Car in America

IF WE were to buy materials at present market quotations, the list price of each model in the Paige line would have to be very materially increased.

Please let that thought "sink in." It explains, in very definite terms, just what we mean, when we speak of intrinsic value in a Paige Car.

It also suggests a very rare opportunity for the far sighted business man. It means that now is the time to buy your Paige, if you are interested in saving money.

We, of course, have protected ourselves by early purchases. Our present supply of materials was contracted for many months ago. But this supply cannot last indefinitely, and before very long, all list prices will have to be increased proportionately.

So, by all means, take advantage of this opportunity while it exists. Place your order for "The Most Beautiful Car in America" today. It will prove to be one of the soundest business investments that you have ever made.

A Great Summer Car GRANT SIX \$875

YOUR GRANT SIX is good for 200 to 250 miles with one filling of the 12-gallon gasoline tank. Figure out the mileage for yourself and then remember that this wonderful economy in fuel is matched by equal economy in oil and tires.

The GRANT SIX is the sturdiest of all light sixes—and the best looking. Its economy is not obtained by reducing power—on the other hand the GRANT SIX overhead valve engine is higher in rated and in actual brake test horsepower than you'll find in any other six anywhere near the GRANT price.

In the GRANT SIX you have a full-sized, full-powered, five-passenger car that is a real motor car in every sense. And the knowledge that you have bought wisely will add greatly to your pleasure in owning a GRANT SIX.

Get your GRANT SIX now and enjoy it all summer

BIDS FOR NEW STATE SCHOOL FOR BLIND REJECTED
By Associated Press
Austin, Texas, June 23.—Chief Inspector of Masonry Hendrickson, acting under the direction of the governor today rejected all bids presented and opened Friday for the construction of seven additional buildings at the new state school for the blind.

The bids were considered too high and were brought about by the high cost of building materials, due to war conditions.

THREE CONTRACTS AWARDED
By Associated Press
Washington, June 23.—Letting of contracts for the army cantonments was completed today. The last three contracts awarded today are: Annapolis, Md., Little Rock and Yampah, Long Island.

TO BUICK OWNERS

The new State Highway Law requires the half-year payment of automobile tax July 1st, based on the horse-power of the car, to be arrived at by the A. L. A. M. formula. For the convenience of Buick owners, we are giving below a list of the various Buick pleasure car models and the A. L. A. M. horse-power, which we hope will be of value in determining the amount of this tax:

Models F. and G.—14	16.2 Horse Power
Models 10, 20, 32, 33, 34, 35, 36, 24, B-24, B-25, C-24, C-25, B-36, B-37, B-38, C-36 C-37	22.5 Horse Power
Models 16, 17, 38, 39, 43	32.4 Horse Power
Models 19, 21, 40	28.9 Horse Power
Models 28, 29, 30, 31	25.6 Horse Power
Models B-55, C-54, C-55, D-54, D-55	33.7 Horse Power
Models D-34, D-35	18.2 Horse Power
Models D-44, D-45, D-46, D-47	25.3 Horse Power
Models E-49	27.3 Horse Power

WE ARE ALSO ABLE TO GIVE YOU THE A. L. A. M. POWER ON ANY OTHER MAKE OF CAR. IF YOU WILL TELEPHONE US, IT WILL BE OUR PLEASURE TO SERVE YOU.

OIL! OIL! OIL!

TREMENDOUS PROFITS POSSIBLE To those familiar with the facts, it is unnecessary to state that no business pays such enormous profits as oil. Hundreds of your friends right here in Wichita Falls have realized tremendous returns on very modest investments. In the new fields that have recently been opened up, the greatest opportunity of your life is now afforded you to play the oil business. We are now offering for sale shares in low oil companies and low oil wells, close to production. We give daily quotations on oil stocks and the depths of all drilling wells. Make our office your headquarters or phone us for any information we may possess. A. L. HUEY Real Estate and Oil Stocks Office: 604 Eighth St. Phone 1478

Jack Lewis, representing the Boren Stewart Co. of Dallas, was in town Saturday for the first time in over twenty years. At every turn he says, he finds fresh surprises, and he is amazed in strict confidence, that Wichita Falls has more life and vim than any town in his territory or three times its size. The last time he was here, he says, they had just hung some bank robbers at what is now the corner of Seventh street and Ohio Avenue. He seemed disappointed to find that the bodies had been removed. 36 11c.

UNCERTAINTY

There are but few things in the Cleaning game that we are uncertain about. One in particular—Shrinkage. No Cleaner can tell before wet cleaning a garment, whether or not it has been shrunk—particularly all good material is shrunk before being made up. However, some is not—therefore it is not your Cleaners' fault if your garment draws up. Its merchant Tailor or Manufacturers. We can wet clean a garment with the least possible shrinkage.
