## WICHITA FALLS SECURES BIG U. S. AVIATION CAMP

### FRENCH TROOPS IN SURPRISE ATTACK WIN GERMAN LINE

GENERAL PETAIN REPORTS BRILLIANT SUCCESS FOR TROOPS NEAR HURTUBISE

### ON THE ROAD TO LAON

Latest Development Indicates Allied Commanders Have No Intention Of Changing Objective

The Associated Press war summary today says: General Petain has resumed his dashing operations on the Aisne and today reported a brilliant success for his troops in a surprise attack north-east of Hurtubise. The entire first line of the strong German positions was broken up and the French were more than 3000 men in prisoners. It is in this sector between Craonne and Cerny that most feasible routes to the German fortress of Laon, the vital support of the whole German line on the French front. Last night efforts by the French seemed to indicate that their chief command has no idea of letting control of the situation slip from its grip under von Hindenburg's fighting tactics. British aircraft waged a brilliant fight over Flanders on Monday. Three naval machines engaged ten German airplanes. In a sixteen-minute battle the Germans were worsted, one machine being brought down in flames, while two others were believed to have been driven down out of control. The British came through unscathed.

### BERLIN SAYS FRENCH EJECTED FROM POSITIONS

By Associated Press. Berlin, June 26.—The French troops which penetrated the German line northwest of Hurtubise on the Aisne front was subjected to a counter attack and ejected from the positions they had occupied, army headquarters announced today. Great quantities of ammunition are being expended in the fighting along the front in Belgium and Northern France, the statement declares.

### OUTCOME FOR WAR MAY DEPEND ON FOOD SUPPLY

By Associated Press. London, June 26.—Discontent of the stomach is more to be feared than discontent of the brain, that is why we value the cooperation of the American farmers. This statement was made by R. E. Prothero, minister of agriculture in the Associated Press. "The outcome of the war," said Mr. Prothero, "may ultimately hang on the question of food supplies, and the American farmer alone has the essential part to play in the great struggle for freedom."

### GERMANY IMPOSES FINE ON ROUMANIAN TERRITORY

By Associated Press. Jassy, Rumania, June 26.—Germany has imposed a fine of 25,000,000 francs on the occupied territory of Rumania.

### NO LOSS OF LIFE FROM PRICE RIVER DAM BREAK

By Associated Press. Salt Lake City, June 26.—Properly damaged to railroad property and crops estimated to be more than \$1,000,000 was the result of a break in the Price River irrigation at Gooseberry creek, a tributary to the Price river, 12 miles northeast of Fairview, which began Sunday afternoon and finally resulted in a ranking torrent of water. As yet no loss of life has been reported but from all sides comes inquiries for missing persons.

### GOVERNOR WILL NOT ATTEND MEETING HERE

By Associated Press. Austin, Texas, June 26.—On account of pressure of official business, Gov. Ferguson was forced today to cancel his engagement to attend the annual meeting of the Buy It Made in Texas Association, which is to be held at Wichita Falls commencing tomorrow. The governor was on the program for an address.

### SEPARATE AVIATION DEPARTMENT PROPOSED

Washington, June 26.—Establishment of a separate aviation department with a staff of 500 men was opposed today by Secretaries Daniels and Baker before the Senate military committee. A bill now is being prepared under the supervision of the two cabinet members to establish an aeronautical board of representatives of both the war and navy. The bill also will carry an appropriation of \$700,000 to build airplanes. It is expected to be introduced within a few days. Hearings on the government's big airplane program began today before the Senate military committee's sub-committee with Secretary of War Baker on the witness stand to advocate its adoption. The program calls for an initial appropriation of \$600,000,000 for the construction of 35,000 airplanes and the training of thousands of aviators. A bill to authorize the program will be introduced in congress during the week.

### WORK OF DRAFTING FOR NEW ARMY WILL BEGIN NEXT WEEK—RULES OF THE DRAFT NOT YET MADE PUBLIC

By Associated Press. Washington, June 26.—Announcements of local exemption boards in 24 states, who will pass on the exemption claims of candidates for the national army under the draft law, were made here today. The rules governing exemptions have not yet been issued but soon will be and the work of solving the army may be begun next week. In a great majority of cases the personnel of the board shows that President Wilson follows the suggestion of army officers that city and county officials be utilized.

### CHAM. COMMERCE SQUARELY BEHIND NATIONAL GUARD

DIRECTORS HEARTILY ENDORSE RECRUITING EFFORT AND WILL GIVE ACTIVE HELP

### A RALLY FRIDAY NIGHT

Prominent Citizens Will Speak at Street Meeting—Big Recruiting Drive is Now On

The directors also voted such an appropriation as might be necessary to provide subsistence for recruits who will be housed in the National Guard companies of the Texas National Guard enlisted at this point. At a called meeting Monday afternoon the directors of the Chamber of Commerce declared it the sense of that organization that it was best for the young men of this section to volunteer in the National Guard companies being recruited here rather than wait for the selective draft and voted to give the active support of that organization to the effort to recruit the companies of infantry in the Guard here.

### THREE CATTLEMEN KILLED IN A FEUD NEAR MUSKOGEE

By Associated Press. Muskogee, Okla., June 26.—A bitter cattle feud of many years standing terminated late Monday in the death of three stockmen near Cookson, 25 miles southeast of this city. Cherokee county, N. N. Ballew, Frank Lucy and Ed Neely were the men killed. According to reports received at the Cherokee county sheriff's office this morning, Ballew yesterday rode to Neely's house, called Neely out and shot him to death and then proceeded to Lucy's ranch a few miles distant. Ballew and Lucy exchanged shots and Lucy fell dead. As Ballew started away a shot from the house killed him. Ballew several times had accused Neely and Lucy of stealing his cattle. Neely and Lucy reached Ballew just before he died near the Lucy home. One of the physicians told the cattleman that he was dying and asked him if he cared to make a statement. "By the way, I have no statement to make only that I did this for the good of the county," replied Ballew.

### AUSTRIANS TRYING DESPERATELY TO RECAPTURE POSITIONS

By Associated Press. Rome, June 26.—Austrian troops are making desperate efforts to recapture positions recently taken by the Italians in the sector of Monte Ortiga in the Trentino. The war office announced today that the Austrians, notwithstanding heavy losses, have continued since last night their violent attacks which were being met by Italian counter attacks.

### SUN REFINERY BURNING AT VALL, OKLAHOMA

By Associated Press. Vall, Oklahoma, June 26.—Fire which broke out at 5 o'clock this morning in one of the stills of the Sun Oil Company's refinery here was burning uncontrolled at this time after noon. An explosion is expected when the fire reaches the agitator—a part of the machinery used in the process of making gasoline. People living within a half mile radius of the plant have been warned to leave their homes at the sound of a prearranged signal of whistles. Hundreds of 55,000 barrel tanks of crude oil lie in short distance from the burning still. Arrangements are being made to keep the fire from these "tank farms". The private fire fighting equipment of the Sun Company is inadequate to cope with the fire and the city department can render little assistance. The origin of the fire is unknown. Should the agitator explode burning oil will be scattered over houses and buildings within a radius of hundred yards, it is feared. It is in this manner that fire spread at Ardmore twice when it exploded over houses and buildings there about three years ago.

### WOULD EXTEND GOVERNMENT CONTROL TO MANY PRODUCTS

By Associated Press. Washington, June 26.—Extension of government control to iron and steel and their products, petroleum and its products, farm implements and similar and other products such as binding twine was decided upon today in an amendment to the food control bill by a Senate agricultural sub-committee. Other amendments agreed to by the sub-committee which will remove much opposition to the legislation provides that the bill shall not apply to farmers, gardeners, and stock raisers on products raised on their own land and shall not give the food administrator power to impose individual ration or regulate their meals. The committee deferred action upon the prohibition section.

### AMERICAN FLYERS NOW IN ENGLAND ON WAY TO FRANCE

By Associated Press. London, June 26.—A small contingent of the United States flying corps arrived in England yesterday wearing civilian clothes with blue silk armlets bearing white letters, "United States Flying Corps."

### VENIZELOS WANTS GREECE TO ENTER WAR FOR ALLIES

LEADER WHO HAS BEEN CALLED TO HEAD CABINET WILL START CAMPAIGN

### IS SUMMONED BY KING

Former Premier Now in Athens Preparing to Assume Control of Government

By Associated Press. London, June 26.—A dispatch to the Times from Athens says "soon" a partitioned and conquered Macedonia will be offered to the allies. He does not intend, however, to mobilize the nation against its will. He is expected to undertake a great campaign explaining to the people that Greece's interests are found up in the Entente cause. His mission is successful, he will be able, in about three months, to put the entire forces of Greece into the balance.

### VENIZELOS HAS ARRIVED IN ATHENS

By Associated Press. Athens, June 26.—A dispatch from Athens says that former Premier Venizelos, who had been summoned by King Alexander to form a cabinet arrived in Athens yesterday and will be received by the king.

### FRENCH TROOPS HAVE AGAIN OCCUPIED ATHENS

By Associated Press. London, June 26.—A dispatch to the Times from Athens says French troops yesterday entered and occupied several points in the city. This is the second time that entente troops have been sent to Athens.

### RED CROSS FUND EXCEEDS HUNDRED MILLION DOLLARS

FUND MAY REACH \$110,000,000 BY NIGHTFALL

By Associated Press. Washington, June 26.—The Red Cross fund today has exceeded \$100,000,000. The fund is now \$100,000,000 and returns still coming up. The Red Cross war council expects a total of \$110,000,000 by nightfall.

### TEXAS PIPE LINE CO. ORGANIZED AT HOUSTON

By Associated Press. Houston, Texas, June 26.—The Texas Pipe Line Company with a capital of \$14,000,000 has been organized to handle the production of Texas Company in Texas, according to an announcement here today. A similar company to handle Oklahoma production, with a capital of \$6,000,000 also is to be organized.

### CAMP HERE WILL START WITH 500 MEN AND 72 AIRPLANES AND MAY BE LARGER—SIX IN TEXAS

By Associated Press. San Antonio, Texas, June 26.—Three new aviation camps are to be established near San Antonio, in addition to the ones established at Wichita Falls, Fort Worth and Dallas, according to information received at headquarters of the Southern Department this afternoon. Each camp will accommodate four training squadrons, which are to be on tracts to be leased "south, southeast or southwest of San Antonio." They will have the strength of about 1,000 officers and enlisted men, with about 144 airplanes.

The camps at Wichita Falls, Fort Worth and Dallas are to have a strength of about 500 officers and enlisted men and 72 machines each. Captain Maxwell Kirby, aviation section, has been detailed to inspect the tracts offered at Wichita Falls, Fort Worth and Dallas, and expects to leave San Antonio tonight on his tour. His reports will be made to Washington.

A "Kemp and Frank Kell" have just returned from Washington where they conferred with War Department officials, receiving assurance that Wichita Falls would be selected as one of the sites, providing conditions were met. Mr. Kemp believes the camp will be of even greater importance than the dispatches indicate.

A tract of ground a mile square is required by the War Department. It is understood several sites are available in the vicinity of Lake Wichita. The government has power to condemn land needed for the camp. The fact that an officer is leaving San Antonio tonight to inspect the sites indicates that there will be no delay in getting the camp established.

The program are to be held at the pavilion convention hall up stairs at Lake Wichita. "The Made in Texas" banquet will be held at the park building the hangars and the necessary structures will probably start within a few weeks.

The camp will bring to Wichita Falls the highest class of men in the army service. Men in the aviation army receive twice the pay of men in the other ranks of the military arm.

Negotiations for an aviation training camp for Wichita Falls have been in progress more than a year. Last week the War Department had practically decided to establish a camp here but the imminence of war with Germany and the necessity of larger plans presented by those formed at that time from being carried out.

Recently the matter was again taken up by the Chamber of Commerce and the claims of Wichita Falls were presented. Several weeks ago army officers were sent here to investigate the advantages offered here and last week Mr. Kemp and Mr. Kell made a trip to Washington to lay Wichita Falls' claims before the war department. They left Washington feeling confident that Wichita Falls would secure one of the camps.

By Associated Press. Paris, June 26.—Major General Pershing has appointed Frederick Palmer of New York a first lieutenant in the intelligence department as a major. He will have charge of the army's relations with the American press.

By Associated Press. Bismarck, N. D., June 26.—The making of a gift of 120 acres of National land to the State of North Dakota by the federal government was announced today by the last legislature and will be delivered about July 1 when the "pensions" will be delivered. A majority of the men will receive about \$30 the pension being paid at \$10 per month for the period of actual service.

By Associated Press. Fargo, N. D., June 26.—Newspaper men, real estate dealers and bankers of north central North Dakota recently effected an organization which has as its object the bringing of more people to the farms. As one of the boosters says, the scheme is to get more quarter and half section cow, corn, hog and silo farmers on farms in North Dakota. County units will be organized for the purpose of promoting this plan. It is explained that the day of intensive farming is not far distant for the state and that more small farmers are needed rather than those owning thousands of acres and cultivating only a small portion of this area.

By Associated Press. Rockford, Ill., June 26.—Indictments against 134 alleged participants in the anti-draft demonstration at Rockford, Ill. June 3, were returned before Judge Landis of the federal court here today.

By Associated Press. Chicago, June 26.—The three alleged ring leaders, Clyde Howe, Emil Schrom and Earl Cook were charged with conspiracy to thwart the registration law, the others were charged with violating that law.

### WILL FOLD TENTS AT CAMP HUFF WEDNESDAY P. M.

HONOR GUARD GIRLS HEAR LAST RED CROSS LECTURE TUESDAY MORNING

### AWARD CERTIFICATES

Girls Will Receive Examination And Certificates Will be Awarded Before Camp Breaks

Camp Huff, where for the past ten days 150 Texas and Oklahoma girls have spent so many happy hours and busy ones also, will go through the camp routine for the last time today. Tomorrow the camp will be broken up and the most of the rookies will discard their khaki blouses and knickerbockers for the fifty traveling suits and sport frocks in which they made the journey to Camp Huff instead of "major," "captain," "adjutant," "lieutenant," "sergeant" and "private" it was as plain "Miss" and the girls will be back in private life and out of the limelight. But they will take home with them memories of a few days of work and accomplishment, wherein they have finished a Red

Cross-course, and the majority of them have received their certificates. They will have memories of a jolly camp life while learning the duties and obligations of girls and young women to their country in the war and they will be physically benefited by the outdoor life and physical training which has accompanied the camp. And they will have many new acquaintances from among the flower of the young womanhood of the South.

This morning the girls took their last Red Cross lecture and demonstration from Dr. Everett Jones, commissioned Red Cross physician, the camp instructor and morning and afternoon they had their last drill under their field disciplinarian, Lieutenant Joe Carrigan.

Tomorrow morning all girls desiring to qualify for Red Cross certificates will have examinations. This will be the only thing on the program for Wednesday and by afternoon the camp will be deserted, except for the workers who will dismantle the tents, mess house and kitchen.

This afternoon the girls had an ice cream and cake with Mrs. O'Reilly as host. Yesterday afternoon they were refreshed with Coca-Cola sent by the Coca-Cola Bottling works. Last night a quartet from Wichita Falls, whose names were forgotten, visited the camp and serenaded the girls with sweet music. A vote of thanks to all who have shown the campers, courtesy in any way is extended by the officers for the engagement. Major Lazenby, Kate Carver and Adjutant Sears on behalf of the Honor Guard.

Special mention is made of the services of the Scouts of the city, who have been supervised by Harrison E. Bachman, one of the scoutmasters. The Scouts have worked long and faithfully and Mr. Bachman has worked not less faithfully.

The Wichita Truck loaned by the Wichita Motor Factory and driven by Arthur Cloutier, has been indispensable in conduct of the camp and the extended special thanks are extended to Mr. Cloutier.

They are many other Wichitans who have helped to make the camp a success, especially the chamberones, a number of Wichita Falls women who have spent much of their time at the camp and assisted the girls, since the army officials were called away, in many ways.

To Lieutenant Joe Carrigan a whole paragraph of special mention is due. The young man has shown that he has the making of a commander in him by the way he has handled the girls and without him the encampment would have doubtless had a hard time when Captain Gordon and Sergeant Connelley were called away.

John W. Thomas, assistant secretary of the Chamber of Commerce and Miss Genevieve Carver have been acting as commissary generals for the last half of the encampment and they have fulfilled their duty so well that there has been no complaint on the mess service. Secretary Johnson of the Chamber of Commerce has also spent a great part of his time since his return from his E. F. M. I. T. attendance tour at Camp Huff.

There will be rejoicing that the camp has been so successful, tempered with sadness that it is so soon over when the call for "strike tents" is heard Wednesday and the 1917 component of the Girls National Guard is no more. But all things, even the most successful and pleasant must come to a close.

County Attorney Elmer Graham and Sheriff J. B. Self of Baylor county were here on official business Monday.

### HULEN CALLS ON TEXANS TO DO AS DID FOREFATHERS

Houston, Texas, June 26.—America's legions which in the dreams of some of the nation's great men were to "spring to arms over night and take up the battle for freedom and humanity are as yet 'dream legions.' Three months have gone by since the declaration of war. The President of the United States has issued a call for recruits; the governor of every state has called upon the citizens to come forward and join the National Guard. Immediate need of men to go into training has been heralded in newspapers, from the stumps and in brilliant colored placards which line the billboards in cities and along the countryside.

Yet America's legions have not "sprung to arms." Is America asleep? Are the people indulging in pipe dreams? Has talk of the desperation of Germany, interned troops and the weakening military German forces wooed this nation into the belief the war will be easily won?

A cartoon in a magazine of recent date pictures the average American citizen reclining on a sofa smoking a "dream pipe." He is indulging in the pleasing dreams of the "easy" collapse of Germany. "Made submarine extermination," "U. S. armies in Europe immediately," "food problem solved." A smile wreathes his face. There is no hint in his appearance of troublesome times, nor sacrifice, nor war.

Yet the Nation, big men admit it, faces the gravest period in its history. Not only is Germany's military strength unimpaired; not only is her economic conditions better than that of any of the countries of the continent; not only is her government campaign bearing a fruitful return in sunken ships, but her determination to crush democracy has grown with progress of the war.

Three years of carnage has not abated the desire of the German Kaiser. His recent note to the deposed King Constantine of Greece in which he declared, "the mailed fist of Germany will avenge you" does not indicate the German Emperor is tiring of the struggle. But it does indicate that autocracy in the mind of the Emperor must reign supreme and democracy must be crushed.

In view of these conditions, does it appear America will have an "easy victory?" Army officers do not believe so. Some of them freely predict the war will last a year to five years longer. And America must win the war.

Texas has been called upon to do her part. Texas has been asked to provide 12,000 additional sturdy, strong, hearted men for the National Guard. Within a few short weeks the Nation will call upon Texas to deliver this number of first class fighting men. Texas has already contributed 400 National Guardsmen. But she must do more, and probably more.

Throughout the state units of the Guard are being rapidly recruited. By July 1st, it is expected the new recruits will be filed. The Nation expects to receive the new division by August 5.

Texas must not hesitate. The Lone Star Republic would not have been

### WHO FILLS YOUR PRESCRIPTIONS?

A doctor finds out your trouble. It is the prescription that cures you. If the prescription isn't compounded exactly as the doctor prescribes, if the ingredients are not of the right quality, the medicine is not what the doctor ordered. You are taking something else! That's why you can't be too careful about the matter of your prescription filling.

First, the druggist must have every ingredient that the prescription calls for—and just the kind and quality the prescription calls for. Then he must mix them in just the quantity and in just the order the prescription demands.

If there's one faulty step in the filling of a prescription there's liable to be dangerous results. Prescription-filling is the most important function of a drug store. Look to the men behind the prescription counter, if you want to judge of its reliability as a drug store.

We emphasize this matter of prescription-filling because we take particular pride in the service we render in this respect. Feel safe—bring your prescriptions to us.

The social hour was featured by roll call with the customary responses with stories and jokes. Refreshments of sherbet and waters were served. The attendance was perhaps the largest on an evening of the Aid, there being an unusually large number of visitors present.

#### INTERMEDIATE LEAGUES PICNIC SATURDAY

Twenty-five members of the Intermediate League of the First M. E. Church South with Mr. and Mrs. E. C. The Kahler as chaperones, enjoyed a picnic and swimming party at Lake Wichita Saturday evening. The swim in the pool was followed by supper and a visit to the movies.

#### MRS. P. E. KERR HOSTESS TO AID SOCIAL

Mrs. P. E. Kerr was hostess to a social session of the Ladies' Aid of the Central Presbyterian church Monday afternoon. During the few minutes devoted to business plans were made for an ice cream social to be held Friday, June 29, at the home of Mrs. P. E. Kerr. Miss Gladys Wilson entertained with musical selections and a display of singing and swimming. The hostess served refreshments of punch and cake. The society will meet next Monday afternoon at the church in Bible study. Rev. L. J. Sherrill to conduct the study.

#### FIRST METHODIST LADIES MEET MONDAY AFTERNOON

With Mesdames G. E. Friberg, Simmons and Delaney as hostesses, the ladies of the First Methodist church met Monday afternoon at the home of Mrs. G. E. Friberg in the regular monthly social session. Devotionals were led by Mrs. P. V. Friberg and Rev. T. J. Strayer. Plans were made and adjournment of the business sessions until September was voted upon. The monthly socials will be held, however, the next one to be held on July 10. Refreshments of ice cream, waters and punch were served.

#### DALLAS ENGAGEMENT OF LOCAL INTEREST

An engagement announcement has been made in Dallas that will be of much interest in Wichita Falls. This is of the approaching marriage on July 1 of Miss Margaret Edzell to Edson Canfield Tolson. Miss Edzell is the daughter of Mr. and Mrs. Truman Newton Edzell a prominent family of Dallas. Mr. Tolson made his home here until recent time and even now has a fine 2 1/2 acre headquarters at the time he is. Grand son of Mrs. H. T. Canfield and brother of Mr. Earl Clayton. Mrs. Clayton will go to Dallas for the wedding.

#### MISS ETHEL DEAN GRADUATES AT LOCKPORT, NEW YORK

Cards have been received by friends here announcing the graduation of Miss Ethel Dean, only daughter of Mr. and Mrs. Charles W. Dean of this city, from the Joseph A. Academy of Lockport, N. Y. Miss Dean is highly talented along artistic lines and has been doing aerial work at the academy since she was a student in California where her mother is at present.

#### Judge W. E. Fitzgerald motored to W. Falls, Sunday

Judge W. E. Fitzgerald motored to W. Falls, Sunday, and brought home with him Mrs. Fitzgerald, Miss Lois Fitzgerald, Miss Tess Alexander and Master Willie Fitzgerald.

#### Miss Lois Fitzgerald and Mrs. Tess Alexander have gone to Memphis

Miss Lois Fitzgerald and Mrs. Tess Alexander will spend two weeks with Mrs. Alexander who has been her guest here for some time.

#### Mr. and Mrs. Glisan Callahan left today for El Paso

Mr. and Mrs. Glisan Callahan left today for El Paso. Mr. Callahan is on a business trip.

#### MALARIA GERMS INFEST SOUTHERN STATES

Malaria germs, one of the most dreaded malarial of the Southern States during the summer months, should be fought by every body. It has been a problem for many years. Unusually a run down system is always most susceptible to the malarial germ and it becomes overcast to tone up the body and help nature to throw off these germs before they get a stronghold.

#### Prominent Southern Physicians Say These Germs Multiply Fast in Summer Months

Miller Drug Co. absolutely guaranteed Pepp System Pills to give better satisfaction. Mail orders and telephone calls invited.

### IN THE SPHERE OF WOMANKIND

A REGIMENT PASSES.

Eager, though half afraid, we stood about the street. And, eager here, we heard the tramp of many marching feet. We heard the thrilling beat of drums, the ringing sound of cheers, and some of us look'd up and smiled and blushed away the tears!

Shop girl and millionaire, we watch'd them as they pass'd—some and some of us were white and tanned, and some of us were all aghast! With pride for them, our rosy lips and some were red with dread!

One woman stood with lifted chin, and one with drooping head.

Mother, and new-made wife, together, wistful-eyed. One of them, touch'd me with her hand, and "Till I see you, she cried.

From back of me there came a voice that, shaming, tried to say: "Quick, darling, look at that—quick! Before he goes away!"

Sweetheart and maiden aunt we watch'd the column pass. Some souls were touch'd with more than hope, some hearts were tattered slow.

And "At least, one of us laugh'd and "Dear, goodby," one sobb'd. And all about us, like a mitre, the thrumming drumbeats throbb'd.

Eager and dim of eye, we stood about the street. And watch'd them as they wheel'd from sight. The sound of marching feet.

Came like an echo from afar, an echo drench'd in tears:

And some of us, bow'd up and sagged down, but through the lot of tears—Margaret E. Sangster Jr. in Christian Forum.

### WICHITA COUNTY RED CROSS

It's the little that counts. Yesterday a young girl brought to the Red Cross headquarters \$2.00 in pennies which she said she had been saving up for only a short time, and decided that the Red Cross could make the best use of the money. This gives an idea of what some others might do. It doesn't take long for the pennies to count up.

Mrs. A. B. Ingle has donated to the Red Cross supply stores the Turkey red necessary to put the Red Cross emblem on the hospital garments made by the Wichita Falls women.

Mrs. Hood, chairman of the supply committee, reports the following workers Monday:

Mesdames Simpson Gray, A. DeAngelo, Eichenberger, Felt, Stricker, Wyatt, Meeker, and Mrs. Lawrence Wyatt three hours each. Mrs. Marnell, Mrs. and Mrs. Campbell of Holliday, 2 hours.

The following workers at the surgical dressing supply hall in Monday are reported by Mrs. Elizabeth Jones, the chairman: Misses Louise Fries, Sarah Kell, Lois Wood, Leida May Wyatt, Annie Lee, Althea Leach, Estelle Rivers, Mesdames Wylie Wyatt, H. A. Walker, J. W. King, H. F. Solo man, S. H. Hottel, J. H. Martin, George Davidson, Karl Zapf, S. H. Burnside and Everett Jones.

ALBERT TAYLOR AND CO. OPENS ENGAGEMENT MONDAY

The old-time favorite, Albert Taylor with the Franklin Stock Company opened a week's engagement under the auspices of the Chamber of Commerce at the corner of Tenth and Second last night, playing the favorite comedy drama, "The Man From Home" to an audience that filled to capacity the immense pavilion. The large orchestra added much to the performance and was liberally applauded. Tonight the great Cobas and Harris success will be presented.

Manager Lawton Says Campaign Not Yet Closed And Subscriptions Still Can Be Received

Wichita county has oversubscribed her quota for the Red Cross fund every community in the county has responded loyally to the call with the exception of Electra, which for some reason or other does not get the ground covered in such a way as to bring in the money.

The latest figures are: Wichita Falls, \$23,527; Burkburnett, \$2,886.36; Iowa Park, \$1,700.00; Electra—0 reported.

Those who favored the volunteer system of raising a great army rather than resort to drafting or conscription can see where they were mistaken by a visit to any recruiting station for the regular army or the National Guard.

Wichita Falls is to get a government highway. They do things out that way worth while. There is an enterprising public-spirited bunch in that burg who are town builders and county boosters, who always get what they go after regardless of the number of iron men it takes to round up the itinerant proposition—Gainesville Register.

NATIONAL GUARD NEEDS 12,000 MEN TO FILL QUOTA

Houston, Texas, June 26—Within a few short weeks Texas must present Uncle Sam with 12,000 first-class fighting men.

The National Guard in its time of need, has called upon Texas. The Lone Star State, whose military history is brilliant, whose heroes have written immortal deeds upon the scroll of time, and whose government is founded upon freedom and humanity, is on trial for the dignity of the Nation.

It would be a sad commentary upon the patriotism of the young men of Texas if the effort to recruit the National Guard to full strength by voluntary enlistment, should fail.

These National Guardsmen from Texas who saw service along the Rio Grande during the recent brush with Mexican bandits, did themselves proud. Their service brought praise from the commanding officers of the federal army.

### WAR IS COSTING GREAT BRITAIN IMMENSE SUMS

London, June 26.—The total national expenditure for the nine weeks from Oct. 8 to Dec. 9 last was on a daily average of 6,613,000 pounds, says a statement in detail prepared by Andrew Bonar Law, the chancellor of the exchequer, for the house of commons. For the five weeks from August 1 to May 3, 1917, the statement shows the daily average of expenditure was 7,522,000 pounds, while for the five weeks from May 4 to June 9, it was 5,332,000 pounds.

For the ten weeks from April 1 to June 9 the expenditure shows to have averaged 7,752,000 pounds. For the respective periods of the actual war expenditure daily, the chancellor states, was 7,744,000 pounds, 7,457,000 pounds, 7,293,000 pounds and 6,723,000 pounds.

## STRICKEN WHILE IN BARBER CHAIR, BOWIE MAN DIES

E. T. Chapman, registered at the Westland from Bowie, Texas, was seized with an attack of heart failure while being shaved in the Best Barber Shop on Ohio avenue, about 3 o'clock this afternoon, and died thirty minutes later at Wichita General Hospital. Chapman is not generally known in the city. From effects found on his person and in his grip, he was a sales promoter, and was about 40 years of age. He walked into the barber shop apparently in good health, and while lying in the chair was suddenly seized with a pain in the heart. He was assisted to a couch and a physician called who administered stimulants and had him sent to the hospital. Arriving at the hospital he only lived about ten minutes. The body has been taken to the Hill Undertaking rooms, and an effort is being made to notify his family.

### Local Brevities

An automobile, owned by Oklahoma parties, floundered the carning in front of the New York shoe fitting parlor this forenoon, and butted into a show case containing cigars and cigarettes. The very material damage to both cars and its contents. The car had been left in gear, and when the owner touched the starter button, the car went up and across the sidewalk before he could get it stopped. It cost the owner \$40 to settle the damage.

The city is now well supplied with labor for some time to come, several other lines having been imposed, and the offenders having no alternative but to work them out. Mark Taylor, the negro, who put on a private Marathon yesterday when called upon to surrender his gun, was assessed one hundred dollars in addition to the exercise. An Irishman who had been held for two days that he might become sufficiently sober to give account of himself, was at first freely forgiven, on account of his taking ways; but when these same ways led him to appropriate the shoes of a fellow-prisoner, the very same shoes, by the way, that ran so far and so fast yesterday—he was fined ten dollars. Possibly he thought they were assessed on some of the quantities of the Seven Leagues boots, and might be handy in a get-away, but their charm only worked for the lawful owner. One casual drink was fined five dollars, and one speeder five. Two other speeders failed to materialize.

NAVAL RECRUITING OFFICER ILL FROM BLOOD POISONING  
P. C. Becker, naval recruiting officer was in a serious condition yesterday owing to blood poisoning. Some weeks ago, he scratched his hand on some barbed wire, and the scratches refused to heal. They have been almost healed several times, but have given constant trouble. Yesterday blood-poisoning set in, and serum had to be

injected. Mr. Becker is somewhat better today, but it will take some time for him to recover.  
R. F. Dinstiel has gone on a recruiting trip to Paducah, where he has invariably bagged men for the navy heretofore. He will return tomorrow or next day.

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making The Times Want Columns promptly and perfectly useful to the readers. Telephone Ads cost no more, in money—and less in time—but The Times must employ collectors to follow the phone. The extra accommodation of receiving by phone should be encouraged by always being ready for The Collector. DON'T LET HIM CALL THE SECOND TIME. If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use The Times Want Ad Column daily.

Uncertainty as to the outcome of food legislation in Washington tended today to give an appearance of strength to the wheat market. Trade today was so small that efforts to trace causes of fluctuation proved difficult. Opening prices varied from unchanged figured to one cent higher with July nominal and September at \$1.85 to \$1.86. The close was steady, one cent lower with July at \$2.09, and September at \$1.84. Corn closed very heavy at losses of 2 1/4 to 3 1/4 cents net.

New York Cotton Futures. New York, June 26.—The circulation of new July notices caused an opening decline of 11 points in that delivery early today but later months were 16 to 21 points higher and the entire list came up after the call. Complaints of the drought was still unbroken at many points in the southwest and smaller notices than expected encouraged the buying movement which carried prices about 49 to 64 points net higher before the end of the first hour. July sold up from 26 1/2 to 26 3/4 while October touched 26 1/4 and December 26 1/2. Cotton closed steady, July, 26 1/2; October, 26 1/4; December, 26 1/2; January, 26 1/2; March, 26 1/2.

less meant that some will be called to take a three months course in military medicine at one of the camps of instruction, while others will be sent to duty with various military organizations, and even to Europe and the field of battle. It is known that a number of Texas physicians have already been sent to Europe and a number are now in camp at one or another of the schools of instruction. For the present the profession of this state is being sent mostly to Fort Riley, Kansas, but it is contemplated that a school will be opened at Leon Springs later on, and there are two schools in the Eastern and Southern states, east of the Mississippi.

The qualifications for commission in the Medical Officers Reserve Corps are briefly as follows: Applicant must be a citizen of the United States, between the ages of 22 and 55 years, a graduate of a reputable medical school legally authorized to confer the degree of doctor of medicine, must be qualified to practice medicine in the state in which he resides, and must be at the time in the active practice of his profession. He must submit to the examiners, or mail to the Secretary of the Texas Committee, Major Holman Taylor, 624 Texas State Bank building, Fort Worth, Texas, the following papers: A letter to the Surgeon General of the Army, in his own handwriting, applying for commission in the Medical Officers Reserve Corps; two testimonials from reputable citizens of his community as to his personal habits, character and professional standing in his community; certificate from the district clerk that he is a legal practitioner in this state, and has had the degree of doctor of medicine conferred upon him, and a personal history and application on a blank which will be furnished by Major Taylor to the Board of Examiners of the Surgeon General of the Army, which should be sworn to before a notary public. These papers should be gathered together as before and either presented to the Board of Examiners or sent to Major Holman Taylor at the address given above.

Officers in the Medical Reserve Corps are commissioned as 1st lieutenant, captain or major. The pay is \$2000, \$2400 and \$3000 per year, respectively. The need for medical officers at the present time is urgent and it is daily growing more and more urgent. The Texas committee is endeavoring to practice a sort of selective conscription, and in order that this may be done a blank has been provided which is to be filled in triplicate by each physician in the state and which will give his status completely, developing his availability and eligibility for service in the present emergency. One copy of this blank will be on file with the local auxiliary committee another in the archives of the State Committee and another with the Council of National Defense at Washington. It is clear that not only must the Army be cared for, but those left at home.

TEXAS DOCTORS WANTED FOR ARMY EXAMINATION HERE

The Times has received the following announcement: A board of medical examiners, consisting of Capt. W. H. Hargis, M. O. R. C., San Antonio and Capt. Edgar W. Loomis, M. O. R. C., Dallas, is making a tour of the state in the interest of the Medical Officers Reserve Corps of the United States Army, under the auspices of the Texas Committee, Council of National Defense, Medical section.

This board will be in Wichita Falls all day Thursday, June 28, and will make examinations at Drs. Hartsook & Stripling's office. The board will operate while in the city under the direction of Dr. C. R. Hartsook, Council of National Defense, Medical section, and the local auxiliary committee consisting of the following members: Dr. R. C. Smith, Dr. H. M. Glover, and Dr. F. D. Sheppard.

The board has already made stops at McKinney, Marshall, Palestine, Houston, Corpus Christi, San Antonio, Austin and Waco, and will go from Wichita Falls to Amarillo, June 29; Lubbock, June 29; Sweetwater, July 1st; Alene, July 2 and Fort Worth July 3rd. At each of the several stops the board will meet with as many of the local auxiliary committee members of the State Medical Association and members of the local auxiliary committee as may be able to get together for a general conference and in order to pass on the professional standing of applicants presented for examination. At the final stop in Fort Worth the entire committee, the board of councilors of the State Medical Association and as many others as are interested in the problem of furnishing medical officers for the army, will gather for a conference and review of what has been accomplished by the board to date.

The State committee consists of Dr. W. B. Russ, chairman, San Antonio; Dr. J. M. Inge, Denton; Dr. E. H. Cary, Dallas; Dr. I. C. Chase, Fort Worth; Dr. J. W. Burns, Cuero; Dr. J. E. Thompson, Galveston; Dr. S. P. Rice, Martin; Major R. F. Mestel, M. C. S. A. Art, Sam Houston; Col. James Kennedy, M. C. U. S. A., Fort Bliss; Lt. L. James G. Flynn, M. O. R. C., Fort Crockett; Dr. H. M. Taylor, Fort Worth; Dr. F. M. Burgess, Waco; Dr. F. C. Beall, Fort Worth; Dr. J. H. Foster, Houston; Dr. H. M. Doolittle, Dallas; Dr. A. F. Beverly, Austin; Dr. W. R. Collins, Austin; Dr. C. S. Venable, San Antonio; Dr. M. P. McElhannon, Belton and Dr. Edgar W. Loomis, Dallas.

The Board of Councilors of the State Medical Association consists of the following: Dr. E. P. Miller, El Paso; Dr. W. W. Lynch, Midland; Dr. C. R. Hartsook, Wichita Falls; Dr. S. C. Parsons, San Angelo; Dr. C. S. Venable, San Antonio; Dr. W. R. Collins, Fort Worth; Dr. T. J. Bennett, Austin; Dr. J. W. Burns, Cuero; Dr. W. W. Ralston, Houston; Dr. M. F. Fletcher, Fort Arthur; Dr. C. S. Venable, Fort Worth; Dr. A. C. Scott, Temple; Dr. A. W. Carnes, Hurchins; Dr. C. B. Williams, Mineral Wells, and Dr. E. E. Seale, Dainkerfield.

The surgeon general of the army has asked that Texas furnish 300 officers for the Medical Reserve Corps and while the committee is of opinion that practically that many have already been secured, the demand from Washington is still for more and the likelihood is that the quota for this state will be materially increased. The surgeon general states that these medical officers are wanted for immediate service. By immediate service is doubt-

less meant that some will be called to take a three months course in military medicine at one of the camps of instruction, while others will be sent to duty with various military organizations, and even to Europe and the field of battle. Officers in the Medical Reserve Corps are commissioned as 1st lieutenant, captain or major. The pay is \$2000, \$2400 and \$3000 per year, respectively. The need for medical officers at the present time is urgent and it is daily growing more and more urgent. The Texas committee is endeavoring to practice a sort of selective conscription, and in order that this may be done a blank has been provided which is to be filled in triplicate by each physician in the state and which will give his status completely, developing his availability and eligibility for service in the present emergency. One copy of this blank will be on file with the local auxiliary committee another in the archives of the State Committee and another with the Council of National Defense at Washington. It is clear that not only must the Army be cared for, but those left at home.

A few Reasons Why Our Glasses are Better—First, we are prepared to give you a correct examination, doing all our work in an office especially equipped for such and another reason, we do nothing but correct poor vision, and we grind in our own shop. We assure you we can care for your eyes. Every eye should be cared for. Beware of anyone calling on you representing themselves as our representative. We have no one else.

ERNEST KATZ AND E. B. STONECIPHER HAVE COMPLETED TRIP TO COLORADO

The Times has received a letter from Ernest Katz, who has arrived at Colorado Springs, after a trip by automobile from Wichita Falls. E. B. Stonecipher accompanied him. Mr. Katz gives timely information concerning road conditions. His letter follows:

Colorado Springs, Colo., June 24. Editor The Times:—After just completing my trip from Wichita to Colorado Springs, and knowing there are numbers of people who contemplate making the trip by auto this summer, wish to give you a few data on road conditions on the trip between Wichita Falls and Colorado Springs.

The road conditions in general are very bad between Wichita and Chillicothe, mostly rough, and sandy between Vernon and Chillicothe. An excellent stretch of road is that from Chillicothe to Quanah and from there into Kirklind, a town about twelve miles this side of Chillicothe. The road with very few exceptions between Childress, Estelline, Newlin and Memphis is in very bad condition on account of its roughness and sand, and being washed out in good many places. Memphis to Clarendon is newly graded road and in places the sand is a foot deep. The stretch from Clarendon via Claude, Goodnight to Amarillo is in excellent condition, so are the roads from Amarillo to Channing, Dalhart, Texline, Clayton, Des Moines, Ratoon, Trinidad to Abilene—passing past Wallenburg, Colo., where the Colorado to Gulf Highway turns into a pile road to Pueblo, Colo., which could hardly be described as anything but an automobilist's "dream". Almost the same can be said of the road from Pueblo to Colorado Springs, one seems to be amply repaid for some parts of the road when traveling over Colorado roads. The trip was made in three days, without any night driving.

The trip from Wichita to Amarillo can be made in a day by getting an early start about 2 1/2 miles west of Wichita from Amarillo to Ratoon about 225 miles of mostly good roads. It would be advisable to say here, that accommodations in Des Moines, N. M., as far as hotel accommodations over the night are concerned, are very poor.

The automobile travel seems to be heavier this year than ever we encountered; between 30 and 40 cars going north.

The weather was very hot and dry as far as Clayton, New Mex. We had delightful weather from there to Colorado Springs, rather too cool to be comfortable. All told, it's a great outing and its the finest recreation according to our opinion.

Very truly yours,  
ERNEST KATZ

PER CAPITA EXPENSES AT STATE UNIVERSITY

DR. BENEICT ISSUES STATEMENT SHOWING GOV. FERGUSON'S FIGURES INCORRECT

Austin, Texas, June 26.—Dr. H. Y. Benedict, dean of the College of Arts of the University of Texas, has made a careful analysis of the expenses per capita student of that institution for the period beginning in 1883 and ending with the year 1916. His figures reveal the error of Governor Ferguson's statement that the average cost per capita for students of the University is \$342. The Governor did not even take the trouble to explain in any of his speeches, so far as reported, that his figures of \$342 were for the two year period. Even on that basis, which would have made the per capita cost \$271 a year, he would have exceeded the real figures by a considerable sum.

In arriving at the per capita cost, Dr. Benedict divided the expenditures by the number of students year by year. The expenditure includes all betterment of the campus buildings, and there is excluded expenditures for the extension department, the bureau of economic geology and technology, the summer school, and the old Agricultural and Mechanical College and the Prairie View Normal. There are excluded from the calculations also all students of the summer school and all students of the correspondence school. The exclusion of betterments would reduce the per capita figures about 25 per cent; the inclusion of buildings would increase them about 20 per cent. For the purpose of arriving at an average cost for the main university and the medical branch, the period between 1883 and 1917 is divided into five year laps, the average per capita cost being as follows:

	Med.	Main	Both
1883-88	\$24	224	\$24
1889-94	292	292	292
1895-00	174	270	292
1898-03	175	251	192
1901-06	173	219	179
1906-11	169	243	179
1911-16	227	227	228
1883-1916	186	257	197

UNCERTAINTY

There are but few things in the cleaning game that we are uncertain about. One in particular—Shrinkage. No cleaner can tell before wet cleaning a garment, whether or not it has been shrunk—particularly all good material—before being made up. However, some is not—therefore it is not your Cleaners' fault if your garment draws up. Its the merchant Tailor or Manufacturer's. We can wet clean a garment with the least possible shrinkage.
