LEAGUE OF NATIONS ORGANIZED

SOME DRASTIC ACTION PLANNED BY THE ALLIES

Momentous Decision is Expected to be Reached Regarding Russian Situation

ATTENTION OF BRITISH FIXED ON NEAR EAST

Success of Bolsheviks Has Carried Red Flag to Threshold of Several Nations

PARIS, Jan. 15.—The chief part of Russia on the Black sea had been occupied by the Bolsheviks according to newspaper dispatches received here.

WARSAW, Jan. 15.—The General strike by Poles and Lithuanians against the Bolsheviks in the Polish provinces east of the Dnieper river has broken down after a desperate struggle in which Polish troops launched a counter-attack and inflicted severe losses upon the enemy, it is said. An intercepted Bolshevik order indicated the attack was intended to be decisive.

LONDON, Jan. 15.—Momentous decisions regarding Russia are pending in the conference of Allied leaders in Paris in the opinion of the London press today.

The press says in the urgent summing-up of Winston Spencer Churchill, secretary for war, Walter Hume Long, first lord of the admiralty, Lord Bessell, commander of the grand fleet, and Field Marshal Sir John Wilson, chief of the imperial staff to Paris, the probability of plans for military action against the Bolsheviks.

It further was considered significant that the Atlantic fleet was assembling in Plymouth harbor today for a so-called spring cruise in the Mediterranean.

Articles made no mention of "control" over the Baltic, but the situation brought about by the extensive victories of the Soviet armies against the anti-Bolshevik leaders, British troops in India and other Asiatic territories is mentioned.

ATTENTION IS FIXED ON THE NEAR EAST

LONDON, Jan. 15.—Attention of the British people is fixed on the Near East news, recently, Bolsheviks were reported to have been driven to the threshold of India, Persia, Mesopotamia, and Asiatic Turkey. Cabinet members and chiefs of the British army and navy are considering the situation, they were heard to say yesterday, and are concerned with Premier Lloyd George on military and naval matters in connection, it is believed, with conditions in southwestern Asia.

Apprehension was aroused by the issuance of a sensational statement yesterday pointing out the situation that has arisen through the collapse of General Denikin's army, in southwestern Russia and Bolshevik penetration of Trans-Caspia. Not only was it admitted the menace from a Russian Bolshevik invasion of the Near East was very real, but it was pointed out that internal conditions in Persia, Turkey and Afghanistan were threatening.

In Mesopotamia, too, the British are faced with a situation which has arisen through the collapse of General Denikin's army, in southwestern Russia and Bolshevik penetration of Trans-Caspia. Not only was it admitted the menace from a Russian Bolshevik invasion of the Near East was very real, but it was pointed out that internal conditions in Persia, Turkey and Afghanistan were threatening.

It was said that a Soviet advance that captures the Crimea would make the Black Sea virtually a Russian lake, and it was further suggested that Great Britain could have little help from the new republics of Georgia, Dagestan and Azerbaijan, which are directly in the path of the Soviet advance.

While there is a possibility the Bolsheviks may launch an overwhelming attack against Poland, the statement issued yesterday showed the greatest apprehension of officials was over the advance of Denikin's army and the rapid advance of the Soviet forces toward the Persian and Afghan frontiers.

The situation which now confronts Great Britain and the Near East and China is not of sudden growth, however, for the past two months or more the Bolsheviks have had an almost unbroken series of successes which have swept them forward to all fronts where their forces are believed to be formidable.

Admiral Kolchak's army in Siberia seems to have been completely defeated, and it is reported the roads are today free east of Krasnoyarsk and are moving nearer Irkutsk.

While reports from Siberia have dealt almost entirely with operations continued on Page 13, Column 1.

ALLEGED BILLION DOLLAR GRAFT IN PACIFIC COAST SHIPYARDS; AN INVESTIGATION IS PLANNED

SAN FRANCISCO, Jan. 15.—Grand jury investigation was planned today into the alleged graft in Pacific coast shipyards. Reports placed the amount involved at more than \$1,000,000.

Assistant Attorney General Bert Bechtelmann planned to leave for Seattle today where it is understood he will open the first grand jury proceedings. The investigation will be conducted in Oregon and California, at points where ship building plants are located.

Evidence now in the hands of government investigators tends to show a score of ship building magnates are involved.

Cost plus contracts, by which shipbuilders were allowed 10 per cent more than the cost for construction of vessels during the war were placed in yards along the coast.

The government investigators have uncovered information which indicates the government was forced to accept high vouchers for work actually spent in construction of vessels.

U. S. MARINES ARE ATTACKED BY BANDITS

WASHINGTON, D. C., Jan. 16.—United States marines and Mexican gendarmes yesterday repelled an attack on Port Antonio, the Mexican capital, by a force of 300 bandits, more than half of whom were killed, wounded or captured after being pursued outside the city.

MORE EVIDENCE IS HEARD TODAY IN FALL INQUIRY

SAN ANTONIO, TEX., Jan. 15.—The hopelessness felt by many of those who have lost money in Mexico was reflected in the testimony of W. W. Miller given today to the Senate sub-committee heard here were of the small investor class, Miller, who was with the San Antonio "Liquor Company" whose property was in southern Vera Cruz, said he had invested \$70,000. He lost all of it and admitted having made no claim through the United States government.

"What's the use?" he inquired when asked why he had not done so. He read into the record a letter he had written to President Taft asking protection for his property. He admitted the receipt.

The only investors who saved anything out of the venture, he said, were two women who had put their savings in his company. He said they were forced to abandon the property.

J. D. Schuler is another of the "small investors" who appeared before the committee. He and his wife abandoned their property in San Luis Potosi in March, 1919. His wife was robbed at Queretaro of \$3,000 on her way out.

NEW YORK TO STAGE FAREWELL DEMONSTRATION

NEW YORK, Jan. 15.—Tonight is the comparative farewell demonstration (Continued on Page 13, Column 1)

BOB WAGLEY IS GIVEN TERM OF FIVE YEARS

FORT WORTH, TEX., Jan. 15.—Bob Wagley was given five years by a jury today for the murder of Lee Crowder in June, 1917. Both men were white. Crowder was slain in his pump shop with a hammer.

DALLAS WOMAN FINDS NITRO-GLYCERINE ON SEAT OF AUTOMOBILE

DALLAS, TEX., Jan. 15.—A fashionably dressed woman left a vial of nitro-glycerine at a local drug store yesterday, saying she had found it in the front seat of her automobile.

Today the police were endeavoring to determine whether it was an attempt on the woman's life or if some "botcher" had wished to get rid of a "bottle" of incriminating "explosive."

NATION IS DRY BY AMENDMENT AFTER MIDNIGHT

Constitutional Prohibition is Effective After Today in Every State

PLANS ARE COMPLETE TO ENFORCE THE LAW

Inventory of All Stocks Will Be Taken and Liquor Will Likely Be Destroyed

WASHINGTON, D. C., Jan. 15.—Constitutional prohibition—the dream of reformers for more than a century—becomes reality at a minute after midnight tonight in every nook and corner of the United States and its possessions.

From the land on which it has been so popular John Barleycorn is today being formally deported by the constitution. Virtually the only celebration to commemorate the sailing of the barleycorn "arks" are jubiliations of prohibitionists in various cities who confidently predict he will never return. His friends are still pinning their faith on one hope—that the supreme court somewhere will find constitutional prohibition invalid.

A force of 1,400 special prohibition agents, assisted by other government officials, are being detailed to enforce the letter of the constitutional law. War time prohibition had many leaks but the nation will be bone dry under the amendment, Daniel Hooper, commissioner of internal revenue, predicted today. The Volstead law as applied to constitutional prohibition gives the government much greater power.

The first work of enforcing the amendment will be to take a complete inventory of all liquor stocks in the country. All holders of liquor except that of private homes for personal use, must report it immediately to the bureau of internal revenue. There are heavy penalties for failure to do so.

Primary reports to the bureau indicate that huge stocks are still in the country, the owners having failed to report any large quantity. The bureau today estimates the quantity of whiskey at \$3,000,000 gallons, or the value of a million barrels, at the time the supreme court decided upon its sale in this country by shipping for export any large quantity. The bureau today estimates the quantity of whiskey at \$3,000,000 gallons, or the value of a million barrels, at the time the supreme court decided upon its sale in this country by shipping for export any large quantity.

What will happen in New York in up-to-congress, it was stated at the bureau today and the general opinion at the capitol is that its destruction will be ordered.

FT. WORTH AND DALLAS WANT MORE OF GAS

Representatives Urge Mayor Before Hearing Now Being Held at Eastland

FORT WORTH, TEX., Jan. 15.—Representatives of Fort Worth and Dallas city governments resumed their effort before the Texas railroad commission at Eastland this morning to get better gas service from the Lone Star Company. The hearing, which began Thursday afternoon, was on an application to discontinue conservation of gas in the West Texas fields. However, led by Mayor Davis of Fort Worth, the North Texas cities began an attack on the Lone Star. Mayor Davis, who conducted an examination of gas men witnesses, announced that unless the Texas railroad commission gave the cities relief, he would take the matter into the courts in an endeavor to force the Lone Star company to give an adequate supply into the new pipe line now being built to Waco, Hillsboro and Cleburne.

Measures for conserving gas were discussed by witnesses this morning. It is expected the hearing will be completed by late this afternoon.

APPOINTMENT OF TEXAS POSTMASTERS ANNOUNCED

WASHINGTON, Jan. 15.—Postmasters appointed in Texas as announced today, include: Charles E. McCallum, Waco; James F. Connell, Ranger; in place of C. E. Davis, resigned; Barnett N. Jarrell, Temple.

Telegraph Briefs

PARIS, Jan. 15.—Premier Clemenceau announced today that the French cabinet will resign Sunday.

NEW YORK, Jan. 15.—Two persons are dead and three are dying here as a result of eating bottled olives.

NEW YORK, Jan. 15.—Rear Admiral William S. Sims today announced his belief in the possibility of a rocket reaching the moon from the earth.

DRAFT A LETTER DEMANDING KAISER

PARIS, Jan. 15.—The "big draw" has drafted a letter to Holland demanding extradition of the former Kaiser, it became known following long discussion of the subject between Premier Clemenceau, Lloyd George and Nitti yesterday.

DENY ANY PLAN TO NATIONALIZE MINES OF U. S.

WASHINGTON, Jan. 15.—Coal mine union officials today refuted the charge by coal operators that an attempt was being made to bring about nationalization of mines.

"It is absolutely unfounded," said Acting President John L. Lewis of the United Mine Workers. "The operators are trying to confuse the issue in the minds of the public. Nationalization of mines has nothing to do with the issue at hand."

Operators charged that the miners in presenting evidence before President Wilson's coal commission were trying to prolong the inquiry into demands for higher wages and shorter hours by asking investigation of conditions which were settled by old time contracts, the ultimate object being nationalization of mines.

SEVERAL ARE KILLED IN DISTURBANCES IN INDUSTRIAL DISTRICTS

BREXET, Jan. 15.—Several persons have been killed and wounded in disturbances at Stockport, Dusseldorf and other towns in the industrial district of the Ruhr, as a result of a strike against the coalowners, having been reported by the Dusseldorf region has been declared under strict state of siege.

Radical Leaders Fall.—Attempts of radical labor leaders to provoke a general strike today as a protest against the shooting of members of the mob which stormed the Reichstag building on Tuesday failed completely.

Service is Resumed.—Reports received here by the Exchange Telegraph company from Amsterdam quote Berlin dispatches as saying that the railroad strike in the Rhine and Westphalian regions has ended and that service has been resumed.

SPANNEL MURDER CASE IS BEING ARGUED TODAY

BROWNWOOD, TEX., Jan. 15.—Closing arguments of counsel occupied today's session of the trial of Harry J. Spann for the slaying of Col. M. C. Butler in Alpine, Tex., the evening of July 20, 1918. It was believed the case would go to the jury either late tonight or early tomorrow.

CLEMENCEAU IS NOT CANDIDATE FOR PRESIDENT

Declares He Will Not Serve If Elected to Position on Saturday

DEFEATED BY DESCHANEL IN CAUCUS HELD TODAY

Result Comes as Surprise As Premier's Election Was Generally Conceded

PARIS, Jan. 15.—Premier Clemenceau today announced his withdrawal as a candidate for president of France. The premier notified the president of the Versailles congress that he will not accept the presidency even if he is elected.

PARIS, Jan. 15.—In a test of strength at a plenary caucus of senators and deputies today, prior to tomorrow's presidential election, Paul Deschanel polled 468 votes to 287 for Premier Clemenceau.

The total membership of both houses was not represented in the voting. The result of the balloting indicates a very close contest in the election tomorrow at Versailles. Eight hundred and twenty-two members out of a total of 840 voted.

Twenty-five scattering votes were polled in the caucus by President Poincaré, Leon Bourgeois and M. Jonart.

The unexpected strength of the Deschanel supporters came as a surprise to many political observers. Until a few days ago Clemenceau had been the only candidate mentioned and his nomination and election seemed certain.

Deschanel has been thinking of a consolidation of groups opposed to the premier, whose "Bloc national" swept France in the recent parliamentary elections. Socialists have thrown their support to Deschanel, not because they desire to see him president, but they believe he is the only candidate who stands any chance of defeating "The Tiger."

PREMIER CLEMENCEAU DEFEATED IN CAUCUS

PARIS, Jan. 15.—Premier Georges Clemenceau went down to defeat at the hands of his countrymen today in a caucus of the senate and chamber of deputies to choose a candidate for president of the republic. M. Clemenceau thereupon announced his withdrawal from the contest and asked his supporters to cast their vote for the reelection of President Poincaré.

Senators and deputies, after the caucus in which Paul Deschanel, president of the chamber, led the premier by 181 votes, generally expressed the opinion that the voters must be enlightened from public life of the father of victory, Premier Clemenceau being neither a senator nor a deputy.

SINN FEIN IS SUCCESSFUL IN CITY ELECTION

DUBLIN, Jan. 15.—Sinn Fein candidates swept the west and south in yesterday's municipal elections, returns early today indicated.

In seven complete returns show a grand majority for the Sinn Fein party. Sinn Fein leaders planned as their first act a declaration of principles of the "Irish Republic." Then they will proceed, it was said, to carry out the government according to these principles, ignoring the veto of Dublin Castle. It was considered a foregone conclusion that Alderman Tom Kelly, M. P., was arrested and imprisoned in London, has been elected by an overwhelming majority, in the event the Sinn Fein have gained a majority in Dublin, they were said to plan election of Kelly as the next lord mayor.

Sweep West and South According to Returns From the Election Thursday

DUBLIN, Jan. 15.—Armed Sinn Feiners attacked a party of guests going to a ball given by Major Percival Loughran, 21 miles southwest of Galway, Tuesday night, according to reports here.

Many officers in the party repelled the Sinn Feiners with a spirited revolver battle.

The Sinn Fein campaign against the government order prohibiting use of automobiles without a driver's permit has caused a condition bordering on anarchy in the south and west.

Drivers have refused to apply for permits, and their association has banned the use of motor cars throughout the country. Machines have been held up by masked, armed gangs, which terrorized their occupants, frequently firing revolvers.

The Sinn Feiners, according to reports here, have perfected an elaborate intelligence system for their hide-ups and raiding expeditions. Many garages have been entered and valuable machines destroyed.

Automobile strikers attacked the automobile of the Hon. James MacMahon, secretary to Lord French, on the streets of Dublin yesterday evening. The chauffeur, who was driving the machine's only occupant.

FIRST MEETING IS HELD TODAY WITH 8 NATIONS REPRESENTED; LEON BOURGEOIS IS PRESIDENT

PARIS, Jan. 15.—The league of nations without American membership or representation took its place as a world institution today.

It came into being in a solemn, inaugural meeting of the league's supreme council in the historic "clock room" of the French foreign office. It was the same spot where the league idea was born 11 months ago.

Leon Bourgeois, president of the French senate, was elected permanent president.

Neither Ambassador Wallace nor any subordinate American official was present. Each speaker regretfully referred to that fact. The only American to watch the hands of the famous great clocks sweep through the hour in which the great powers formally launched their effort to place international affairs on a basis of justice and cooperation were newspapermen.

The meeting began at 10:15 a. m. It adjourned at 11:50 a. m. Referring to America's absence, President Bourgeois in his opening address declared the council's work cannot assume "that definite character and that splendor which should be associated with our work" until the United States becomes a member of the league.

By HENRY WOOD. (United Press Staff Correspondent)

PARIS, Jan. 15.—The league of nations became a reality today. Its first session convened at 10:15 a. m. in the famous "clock room" of the French foreign office. Leon Bourgeois, president of the French Senate, presided over the opening address for a League of Nations and president of the French senate, presided.

Bourgeois delivered the opening address followed by the secretary of state for Great Britain, secretary of state for foreign affairs.

Immediately after the session convened Bourgeois was elected temporary president.

"The league of nations has been allotted several distinct tasks," President Bourgeois said in his opening address. "First is practical execution of the clauses of the treaty of Versailles. Then the constitution provides international organizations for regulation of economic and social life that will form the foundation for the new era now opening. Finally there is the international regulation of labor conditions to insure welfare of the workers and social peace towards which already such has been accomplished."

Questions to Settle.—The president then took up the questions which the council must settle immediately under terms of the peace treaty and the league covenant.

"Organization of the league will not be complete until an assembly of all states convenes together," Bourgeois continued. "Among the states invited to join within two months after the treaty of peace becomes effective, Spain, Argentina, Paraguay, Chile and Persia already have accepted the invitation. Even if the league thus remains incomplete until a later date, today's meeting nevertheless bears the character of a first solemn act. Today will go down in history as the day of the birth of the new world. This decision is to be taken today in the name of the states adhering to the covenant of the league. It will be the decision of all free nations linking themselves together for the first time in the history of the world to substitute right for might."

Referring to the failure of the United States to accept the league, Bourgeois said:

"The task of presiding at this meeting is the inauguration of the greatest of international institutions should have fallen to President Wilson."

"We respect the reasons which still delay the decision of our Washington friends, but we express the hope that the league will be overcome and a representative of the United States will occupy a place amongst us."

"The council must then will assume the definite character and that particular force which should be associated with our work."

Closing his address, the French leader said solemnly:

"With eyes fixed on the distant future, but with our feet on the solid ground of political and social relations we will create a world in which the power of the sword is replaced by justice and a desire for peace."

Earl Curzon Speaks.—Earl Curzon, who spoke following President Bourgeois, emphasized the necessity of doing away with the old secret diplomacy.

"The success of the international labor conference is a good augury for the future of the league," Curzon said. "It especially demonstrated the power of debate in one field of international action."

"The peoples of all countries now have learned foreign affairs are their vital concern and are demanding with ever increasing insistence that international obligations be not contracted behind their back."

"Their eyes have been opened to the necessity of co-operating between all nations, but they insist this co-operation be the open, the healthy, the national and more important result we may hope for in the habit of mutual confidence will automatically cause armaments to disappear."

Presses the League.

Opening his address Curzon praised the league as an instrument supported by public opinion of the entire civilized world.

"The League of Nations is an expression of the universal desire for a saner method for regulating the affairs of mankind."

"It is not a mere expression in platitudes, but for the necessity of international friendship and good will."

First Formal Protest Comes From Ireland.

PARIS, Jan. 15.—The council of the league of nations today received the formal protest to be presented to it almost before it came into being with today's initial sessions. The protest was from "the envoys of the elected government of the Irish republic" against "the unwise English attitude of an international league of nations."

No mention of the protest was made during the meeting of the council, but copies of it were sent to the newspaper correspondents after they left the foreign office. The document was signed "Quintin Duffy." It registered objections to the league of nations and declared the league to be an "engine of empire, designed to secure and perpetuate English hegemony throughout both hemispheres." The protest insisted that the league was illusory and incomplete, lacking authority and sanction, and declared that the United States stood out in indignation and repudiation of it.

Russian Situation an Important Issue.

PARIS, Jan. 15.—Stabilization of the Russian situation as the international function of the League of Nations was forecast today by international experts here.

Gathering of British military and naval heads here simultaneously at the formation of the league's permanent organization was generally believed to precede the resumption of the (Continued on Page 13, Column 1).

THREE HUNDRED AND NINETY NEW CASES OF INFLUENZA IN CHICAGO IN 24-HOUR PERIOD

CHICAGO, Jan. 15.—Continued increase in the number of influenza cases was reported by city health authorities here today. Within the last 24 hours 350 new cases and four deaths were reported.

CHICAGO, Jan. 15.—A marked increase was reported today in the number of deaths in Chicago caused by influenza and pneumonia during the last 24 hours. Thirty-two persons died of pneumonia and five of influenza. One death was reported at the Great Lakes naval training station, which is under quarantine.

Influenza cases of an abdominal type resembling cholera, but less dangerous, were found, Dr. John Hill Robertson, health commissioner, reported.

The new form of influenza is more deadly than the ordinary cases which are not appearing in a virulent form, according to Dr. Robertson.

Dr. Robertson received the opinion that those who had influenza last year are immune.

BRYAN STILL URGES TREATY COMPROMISE

Wants Democrats to Accept Republican Proposals if Necessary

WASHINGTON, Jan. 14.—William J. Bryan today continued his campaign among Democratic senators for immediate ratification of the peace treaty, through a Democratic surrender to the Republicans, if no other way is possible.

He made the fact that his proposal that Democratic members work out of the senate chamber and let the Republicans majority ratify the treaty with the Lodge reservations was not taken seriously by the Democrats, Bryan continued to urge it as a last resort.

Democrats who attended a conference late yesterday with Senator Lodge and other Republicans in the Senate office today were discussing with their colleagues certain changes in the Lodge reservations suggested at the meeting. They are to report at a second conference with Lodge tomorrow.

Senators who attended the conference declined to discuss the details of the suggested changes.

TO URGE THE PURCHASE OF INEXPENSIVE ARTICLES

CHICAGO, Jan. 14.—An educational campaign to persuade the public not to purchase unduly expensive articles was under way today following the national meeting of the retail clerks' association. The meeting was held to attempt to hold down soaring prices. Little hope was held out for cheaper clothes this year.

PUPILS ARE TEACHERS IN CHICAGO SCHOOLS

CHICAGO, Jan. 14.—Pupils in the primary grades of Chicago's public schools today became their own teachers, when 4,000 children were deprived of their regular instructors by a shortage of teachers. Older pupils were put in charge of the younger.

SUBPOENAS ARE ISSUED IN THE CASE OF NEW YORK SOCIALIST ASSEMBLY

NEW YORK, Jan. 14.—Five subpoenas for witnesses in the hearing of the five suspended Socialist assembly men, which began Tuesday in Albany were served today by agents of the attorney general's office.

It was learned that three tons of Socialist literature and documents have been taken to Albany to be used as evidence.

At a protest mass meeting in Brooklyn last night, Charles Solomon, one of the suspended Socialists, said: "The action of the assembly has done more to advance anarchism than anything that has occurred in this country's history."

He said that he and his associates were not to allow your acts in American institutions to be undermined.

CONSIDER JUNKING THE STATE RAILROAD

AUSTIN, TEX.—Junking and abandoning the State Railroad, which has been a losing proposition since it was built, is receiving serious consideration in official circles, according to those in touch with the situation.

Approximately \$150,000 could be realized for the road by this action, according to estimates, and the loss motive could be retained for use at the postmaster's. A loss of \$500,000 to rehabilitate the road was made from the school fund during Governor Campbell's administration, and information is that this loan will be given first consideration if the road is sold.

NETHERLANDS NEGOTIATE A LOAN TO GERMANY

THE HAGUE, Wednesday, Jan. 14.—Although final details have not been completed, a Dutch-German commission has agreed to a plan by which The Netherlands government will negotiate a loan to Germany. The amount of this loan has not been made public and the Dutch parliament must approve of the agreement before it becomes operative.

SHERIFF PRESENTED WITH GOLD STAR

Deputies attached to the sheriff's department Thursday afternoon presented Sheriff Bob McFall with a gold star to be worn as an insignia of the sheriff's office. The insignia was intended as a Christmas gift but shipment was delayed for several weeks.

HOLLAND THREATENED BY EXTENSIVE FLOODS

THE HAGUE, Wednesday, Jan. 14.—Unless the Rhine, the Meuse and other rivers speedily subside Holland will be threatened by one of the greatest fresh water floods in its history. The recent high water, which for a brief time receded, weakened the emergency dike and the present high water greatly endangers them.

REFERENDUM FAVORABLE TO WILSON'S PLAN

College Vote Shows a Majority For Ratification Without Reservations

NEW YORK, Jan. 14.—Results of the "inter-collegiate treaty referendum" to date were forwarded today to Senators Lodge and Mitchell, rival leaders in the senate treaty fight.

The totals of both faculty and students of American colleges so far tabulated showed the following results: Ratification of the league of nations and treaty without amendments or reservations—34,251.

Any compromise under reservations which will make possible immediate ratification of the league and treaty—22,925.

Ratification of the league and treaty with the specific reservations voted by a majority of the senate—14,469.

Compromise of the reservations making clear that America can be involved in war only by declaration of congress—10,419.

Opposing ratification in any form—8,821.

In favor of peace with Germany at once, leaving the question of the league to be settled afterward—5,937.

The Unappreciated Sunflower. It is stated that the sunflower is a cultivated plant of very great value if its virtues were fully appreciated. It is food, fuel and fiber.

RADICAL AGITATORS DEPARTED FROM U. S. WILL BE EXAMINED

HELINGSFORS, Thursday, Jan. 14.—Radical agitators deported from America will be carefully examined before they are permitted to enter Russia, according to a statement made to the correspondent of the Associated Press by M. Krasov, secretary of the Soviet delegation at Helingsfors, Finland, and his colleague, M. Borkendorff.

They were asked what Russia would do with the radicals being sent to Europe via the Baltic. He promised to be unflinching on the subject.

Officials are still waiting at Helingsfors for some word relative to the arrival of the Baltic but are without information as yet. Pending the result of negotiations the Finnish government is believed to be conducting with the Soviet government of Russia regarding the disposition of Emma Goldman and her party, they will be kept on board. Arrangements have been made however, to entrain the party for the Finnish border and it is stated United States immigration officials who are board the Baltic will accompany them to the frontier.

Finland in securing custody of the party is said to be planning to use the prominent members for the purpose of securing the exchange of Finnish political prisoners held in Soviet Russia. As it is regarded uncertain whether the Bolsheviks will consent

to receive all members of the party, considerable discussion has been caused by the question whether those denied admission will be turned loose between the Finnish and Soviet lines to which the latter will not leave Helingsfors until the party has crossed the Finnish border.

Traces for Reformation. The Pennsylvania State Forest Commission has distributed 50,000,000 young trees and is still actively engaged in the work. It is estimated that 4,000,000 trees will be privately planted throughout the state within the next year.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney liver and bladder medicine.

Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Wichita Falls Times.

THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health. It will do you good to read it.

No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as Mrs. Emma H. Smith of 30 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Sleep with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take 'PS-EU-NA'."

Causing effects the mucous membranes in any organ or part. PS-EU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and other conditions generally, PS-EU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hartman's well-known PS-EU-NA, the sooner you may expect to be well and strong and in full possession of your health. A bottle of PS-EU-NA is the best emergency remedy to have ready to have in the house. It is fourteen cents a prevention and protection.

Sold everywhere in tablet or liquid form.

GRATIFIED AT THE VOTE OF THURSDAY

"Although somewhat disappointed in the smallness of the vote registered in Thursday's election, I can not express the extent of my gratification as the result," said J. A. Kemp Friday.

"This illustration of the progressive spirit of the citizens of Wichita Falls makes me more proud than ever to be a citizen of the place.

"The fact that only three men were sufficiently opposed to the municipal ownership of the water plant, and only eight opposed to the drafting of a new charter, to go to the polls and vote against it, contrasted with the large number who were sufficiently interested to go to the polls and favor it, when the carrying of both propositions was a foregone conclusion, is a remarkable example of the progressiveness of the citizenship of Wichita Falls, which I do not believe can be equal anywhere in the country."

JURY RETURNS VERDICT IN KNIGHT LEASE CASE

The jury in the case of J. J. Knight and E. M. Rogers against E. G. Knight, returned a verdict on special issue, before Judge Edgar Scarry of the 28th district court shortly after noon Friday. It is understood that the verdict is in reality a judgment in favor of the plaintiff, inasmuch as practically all the questions contained in the judge's charge on special issues were answered in favor of the plaintiff.

The case of Knight et al vs. Knight et al is one of the most important civil cases ever tried in the district courts of Wichita county. A 15-acre tract of rich oil-producing land in Wichita county is involved in the litigation which took the form of a trespass to try title. Oil leases of an estimated value of fully \$115,000 were involved in the case.

Eleven days was consumed in the trial of the case.

RESUME THE TRIAL OF CRIMINAL CASES

Trial of criminal cases were resumed in the 30th district court Friday afternoon after a recess of two days. The cases of prisoners detained in the county jail will be disposed of before trial of persons released on bond, it was announced by the district attorney.

Postponement of several criminal cases was caused by absence of witnesses for the defense. Trial of several persons recently indicted in connection with the disappearance of oil field machinery is set for next week.

TWO ARE ADJUDGED TO BE OF UNSOUND MIND

Fred Grandier, German immigrant, may be classified as a Red when it comes to religious theories, judging from some of the extremely radical beliefs expressed by the foreigner at a lunacy trial before County Judge J. P. Jones Thursday afternoon. Grandier believes that the "true" week consists of but three days and that his weeker consists of a year. He has also outlined an elaborate menu for each of the 18 days of his "year," declaring that those who eat nothing but that prescribed by him will grow extremely strong "both in mind and in limb." Grandier says that man's natural diet is apples, orange juice, and lemons with an occasional bit of raw meat. The immigrant declared that the "truth" about the real calendar and man's perfect diet was revealed to him about three weeks ago while he was walking the streets of Fort Worth.

Grandier is believed to be suffering from some strange religious fanaticism. He was adjudged insane by a jury in county court Thursday and will shortly be taken to a state institution for the insane. Grandier seemed perfectly rational in all respects except when asked about religion. The immigrant said that he came to America in 1908 from German Poland. He wore the uniform of an American soldier during the lunacy trial, saying that he was drafted in 1918 and served for 18 months in a base hospital on the Pacific coast.

Another unfortunate, Justin McGraw of Denver, Colo., was also declared of unsound mind.

LOCAL JEWELER HAS A VERY OLD PUBLICATION

Oscar Doell, jeweler residing at 1705 Austin avenue, has a very unique newspaper purported to have been published in the year 1799 at Newark, N. J. The old newspaper contains an account of the death of General George Washington together with the funeral of the first president. The front page of the antique newspaper is surrounded with a deep black margin in reverence to the distinguished statesman.

Mr. Doell says that the newspaper was given him by an aged settler of Southwest Texas who said that the antique had been handed down through several generations since the time of Washington. The paper is said to have been brought to Texas by Missouri immigrants before the war of Texas independence and is perhaps one of the oldest newspapers in the United States.

Free Methodist Church, Corner Fifth and Adams, Sabbath school at 9:45 a. m. Praying meeting Wednesday evening 7 and each Friday at 8 p. m. J. L. MARREN, Pastor.

TOTAL OF 3,454 POLL TAXES PAID

A total of 3,454 citizens of Wichita county have paid their poll tax, County Tax Collector Little announced at 3:00 o'clock Friday. The relative per cent of women to pay their poll taxes has been extremely small, the tax collector announced.

SEVERAL CZECHO-SLOVAKS APPLY FOR CITIZENSHIP

Several natives of the new European state of Czecho-Slovakia have recently made application here for American citizenship. United States Commissioner Lantz announced Friday. Under federal naturalization rulings, enemy aliens are not permitted to become citizens of this country. Residents of Czecho-Slovakia, however, are not ranked as enemy aliens although the territory of the new republic was once a part of the Austria-Hungarian empire.

Former enemy aliens, including both Germans and Austrians, are permitted to take out their first papers but no final naturalization proceedings will be carried out until the war is officially ended.

The first day of federal court here next spring will be devoted to naturalization proceedings, Commissioner Lantz announced on Friday. Not more than six immigrants will take out their final papers, it is understood.

VAGRANCY FEATURES IN THE CRIME RECORD

Vagrancy is by far the most common crime in Wichita county, if records kept by the justices of the peace and the clerk of the county court are to be relied upon as competent barometer to crime in this section. More than half of all "vags" arrested in this county are young women taken in raids in the oil settlements. Large numbers of oil field workers charged with petty crimes such as simple assault, affrays, gambling, speeding and vagrancy have also been arraigned before justices of the peace during the past two weeks. More than 100 pleas of guilty to vagrancy have been received in county and justice courts during the past 15 days.

The Trades and Labor Assembly of Minneapolis, Minn., has pledged itself to co-operate with the Federal Board of Vocational Education in the retraining of handicapped soldiers, sailors and marines. The Assembly has also asked all affiliated locals to co-operate in this work.

P. F. Langford left Friday afternoon for a five or six day business trip to St. Louis.

3,000 Business Men Want to Work for YOU

What would it be worth to you to employ 3,000 of the busiest, brainiest, most successful men in Wichita Falls to work for you and your business?

That's what is planned in the

CHAMBER OF COMMERCE Reorganization Campaign JANUARY 20, 21 & 22

The Chamber of Commerce stands for the development of the city along the right lines—

CIVIC
MERCANTILE
IRRIGATION
OIL DEVELOPMENT

INDUSTRIAL
AGRICULTURAL
PUBLIC HEALTH
TRAFFIC & TRANSPORTATION

For All The People

The Chamber of Commerce wants to be the forum of progressive thinking and action for all the people.

THE BUSINESS COUNCIL

This new Chamber of Commerce, will include a working body, known as the Business Council, made up of two representatives of each trade, profession, or business, which will bring the organization into closer touch with the people it serves, and give it the democratic foundation that a civic body must have.

If you are for a better, cleaner, more comfortable Wichita Falls, attend the

AMUSEMENTS

MONTGOMERY AND ALLEN
FEATURE VAUDEVILLE BILL

May a kindly Providence watch over Billie Montgomery and Minnie Allen, shield them from accidents and protect them from rheumatism. For when that wholesome, human, mirth-loving team ceases to tread the boards, vaudeville will be a sad loser.

Montgomery and his happy partner headline the Majestic bill at the Wichita theatre this week. Not only do they headline the bill, but they open it, "middle" it and close it—they ARE the bill. There are other acts; good acts, but somehow all the audience remembers later, the whimsical, good-hearted nonsense of Billie Montgomery.

Montgomery's "turn" is, begging his pardon, almost as old as its creator. For years, Montgomery and Allen played over the Keith circuit in the East and the Orpheum in the West. They have sold for thousands of vaudeville bands a wealth of gay, happy, beautiful, loquacious. He doesn't need the stage, the spotlight, the backdrops, he would be equally entertained, equally joyous in front of any piano anywhere. His humor has the brand of cleanliness so rare in a world that pretends knowledge of all things questionable.

"It takes sound a long time to travel in Wichita," remarked one member of another vaudeville team last night, approving of the bill. "They're the audience, thundered its applause for Montgomery and Allen, calling them back repeatedly. May they both stay young forever."

The Spanish Godin opened last night's program, with a novelty act including the twirling of rags on sticks, a first dance on an electric rooster (so it seemed, at least) and closing with the dizzy spinning of a young woman on the same carpet center.

Gilman and Marguerite pleased the audience with several dances of more than ordinary merit. Gilman's solo dance, and an Apache dance by the team featured the act.

Edmond and Rogers, the "black hawks," presented a black-face mixture of song, dance and patter that pleased many. The act opened with, but grew stronger and closed to a good end.

The bill closed with a "human sculpture" number by the Five Nightingales that was handled artistically and accompanied by good music.

May a kindly Providence watch over Billie Montgomery and Minnie Allen, shield them from accidents and protect them from rheumatism. For when that wholesome, human, mirth-loving team ceases to tread the boards, vaudeville will be a sad loser.

"JUBILO" IS SHOWING AT THE MAJESTIC TODAY

"Jubilo," starring Will Rogers, at the Majestic today, registers an unqualified triumph for producers, directors, star and supporting cast. It is admirably photographed, offers a love story strong in heart interest with a rich vein of comedy and whimsical story, a program of potential drawing power. The audience at the Strand Theater, New York, responded to the picture's sympathetic appeal with generous applause, and there is no doubt that similar appreciation awaits it throughout the country.

Will Rogers makes the best bit of his career up-to-date in the leading role. His "Jubilo" is a bit of clean-cut character work, the merit of which cannot be too highly praised. This tramp, who is a wonderfully natural creation, as human as they make 'em, his native shrewdness redeemed by excessive candor and a rugged sense of humor which finds an outlet in merry mockery of his own shortcomings. Jubilo's performance seems thoroughly convincing because you cannot help feeling that he is honest to the core and it isn't brought about too swiftly. Not until his employer ticks him in a regular stand-up scrap does he realize the error of his ways, although his love for daughter Rose is, of course, a contributing reason. Had the hero won out, as he generally does in filmland, right from the start, the plot wouldn't have appeared one-half so true to real life.

Rose's Sedgwick impersonates Rose Haddy with undeniable grace and charm, James Mason gives such an effective performance as the sneering

THE MAN FROM BRAZIL

William Rooper, that one feels it would be an inimitable joy to kick him bitterly. Charles French portrays Rose's father effectively and Willard Louis makes a favorable impression by his canny rendering of the sheriff's role.

There are melodramatic thrills in plenty, yet, thanks to Clarence Bagger's skillful direction and the well-balanced work of the cast, the height of realism is successfully attained without straining matters to the point of absurdity. The picture is strong in local color and distinguished by beautiful and artistic photography. In the latter connection, mention must be made of the unusually fine deep sets and effective lighting, as manifested, for instance, in the candlelit scene where Jubilo, unseen, watches the outlaws dividing their loot. Quick action prevails from start to finish and the element of suspense is masterfully kept up to the climax, which by the way, is a happy combination of pretty sentiment with the quaint humor which forms the dominating theme.

"IT PAYS TO ADVERTISE" AT THE EMPRESS TODAY.

If you were the son of a millionaire with a going business, and your dad, after carefully calculating when you had completed a college course, discovered that you had cost him exactly \$32,000, since you came into the world, and then decided that he would try to realize something on the investment by making you go to work in a smelly soap factory to help pay the debt, wouldn't you rebel, especially if it had had more money than you and he could spend the rest of your life?

That's just the predicament Bryant Washburn finds himself in as Rodney Martin in "It Pays to Advertise," which comes to the Empress theater for two days' showing beginning tonight.

Rodney owns yachts, high-powered cars, everything, while he is in college. When he gets through he settles a life of ease, but dad has a different plan for him; so Rodney goes to work in the soap factory. Finally he concludes that work of this kind at least gets on his nerves, and he quits. Then he meets up with an old friend who believes in the power of advertising and entices Rodney with the idea of getting into some business for himself. Together they evolve a name for soap to be advertised. "Thirteen cents; Unucky for Dri." Immediately there was a demand for the product, but to Rodney's consternation he had invent-

ed a name and had no soap. So he bought a supply from one of dad's branch houses and wrapped it in attractive parcels. After others had tried to buy the name, dad makes an offer for it and Rodney and his partner sell out for a handsome cash consideration. Dad takes son back and an early reunion between Rodney and dad's stenographer culminates in a satisfactory ending.

Besides the main offering the Empress is showing "Back Stage," Fatty Arbuckle's latest comedy that is a scream from the go. Fatty never did better than he does in this picture. He is assisted by Al St. John and Buster Keaton, the well-known acrobatic comedians.

MOTHER FEARS SON IS VICTIM OF FOUL PLAY

Fears of foul play in the Waggoner field are entertained for her son by the mother of Joe Donnell Bone, formerly of Alexandria, Tenn., according to a letter from Rob Roy, banker at Alexandria, to J. A. Kemp, asking for information as to the young man's whereabouts.

In the last of a series of regular letters received by his mother from Bone, the banker says, he gave his address at Thrift Branch, Burk Burnett, where he had been working for several weeks, and in this letter spoke of an intention to draw his pay and move. In the several weeks that have elapsed since then, nothing further has been heard from Bone, leading to the fears entertained for his safety.

SUPERINTENDENT CLARK RETURNS FROM AUSTIN

Superintendent Lee Clark returned Thursday from Austin where he has been attending a meeting of the state board of which he is a member. In response to a message concerning the serious condition of his young son, as his son is greatly improved he will go back to Austin Monday to be present at the awarding of the contract for the new test-beds.

W. R. Capron, head of the casing head casing department of the Sinclair Consolidated Oil and Gas company in this district, left Thursday for a three weeks' trip through the various new fields in Texas and Louisiana.

WONDERFUL VICTORY DECLARES THE MAYOR DISCUSSING ELECTION

"One of the most wonderful victories I have ever heard of, and I am as proud of it as any one in Wichita Falls," was Mayor Marlow's characterization of the results of the dual election held Thursday. "Take especially the figures on the bond election, and you find that opposition amounted to less than one-half of 1 per cent, a figure that is absolutely astounding when you consider the magnitude of the bond issue in question."

"In this connection I want to offer a reward of \$100 apiece for the names of the three fellows who voted against the proposition.

"At the same time, I believe that these three votes must have been a mistake in the marking of the ballots. For I don't believe that any man who was here last summer and remembers the trouble we had with the water question would oppose the acquisition of this property by the city."

A. V. Bourque, editor of the Southwestern Oil Journal, is in Wichita Falls from Fort Worth on business. Frank Kell returned Thursday from a business trip to St. Louis, Chicago, New York and Pittsburgh.

ACCEPT RESIGNATION OF COLONEL ED W. NAPIER

Notice of the acceptance of his resignation as colonel of the Sixth Texas cavalry, filed some weeks ago, has been received from the adjutant general by Col. Ed W. Napier and Colonel Napier is engaged in turning over the command and affairs of the regiment to J. W. Mads, the lieutenant colonel, and next in command.

"I tendered my resignation of this command with regret, for I really liked the work, and think that work which it deserves without neglecting my own practice."

THANKS TO MR. MADDO

"Because William G. Maddox came to Texas as a citizen traveler and not as a private car with a non-stop schedule as Director General of Railroads," says a local news story in the Dallas News.

THROWING OUT FEELERS

With the rejuvenated Republican party in Texas throwing out feelers for making the fight here in the state along tariff lines and trying that old self-sweep of deluding the farmers into believing they would profit from the Republican protective tariff legislation.

APPLYING RHYMES

And the News comments: "Well said. If the world hasn't seen the error of high tariffs, then the world is as blind as a bat. And if the Republican party imagines it can ever again induce the American people to make agriculture in order to obtain preferential treatment for the 'infant industries' which have fattened upon tariffs through Republican legislation that party is in for a bitter disappointment."

ONLY THREE VOTES AGAINST THE BONDS FOR WATER WORKS

PROPOSITION TO ACQUIRE SYSTEM APPROVED BY LARGE MAJORITY.

A COMMISSION IS SELECTED

Board of Fifteen to Draft New City Charter to be Submitted to People.

An eight hundred thousand dollar bond issue for the purchase of the waterworks system by the city was voted and 15 commissioners to draft a new city charter were elected by an overwhelming vote.

Only three votes were cast against the waterworks bonds, the vote being 522 for and three against. The vote for a new charter was 459 for to 17 against. There was only one ticket for charter commissioners. This was elected by unanimous vote. These commissioners are: A. H. Brittain, E. D. Huff, J. B. Marlow, J. A. Kemp, H. F. Weldon, J. F. Reed, J. A. Nichol, W. B. Hamilton, W. F. Weeks, M. J. Garding, T. B. Noble, F. B. Cox, M. H. Beavise, J. A. Wray and C. D. Willard.

Votes were polled in two boxes, one at the city hall and the other at the courthouse. The vote by boxes was as follows: Charter. City hall box: For charter 232; against eight. Courthouse: For charter 227; against nine.

Bonds. City hall box: For bonds 264; against two. Courthouse box: For bonds 274; against one.

It is expected that a meeting of the commission elected to draft a new charter will be called immediately after the results of the election are officially canvassed and declared. The commission will have the draft of a charter prepared by Dr. A. J. Hutton several weeks ago as a basis for their work, although the commission will have entire freedom in the preparation of its draft. The draft of the charter that will be prepared by the commission will be submitted to a vote of the people for adoption or rejection when it is completed.

An agreement has been reached with the owners of the water company for the sale of the property at a price of approximately \$690,000. The additional \$110,000 is to be used in the extension of mains and other improvements. It is possible that the city may take over the operation of the water system before the bonds are sold as it is reported the strike land interests which own the system are said to be willing that this be done.

The fingerboard of a violin is made mechanically perfect by means of a new arrangement of studs which is secured to the fingerboard of the instrument. Fingerboards by this machine are impossible.

WILL DISCUSS PLANS TO ENLARGE THE JAIL

Plans for the proposed addition to the county jail will be discussed at the next regular meeting of the county commissioners, it was learned on Friday. It is understood that the question was presented to the commissioners at a recent meeting by Commissioner Fure, but the matter was postponed for more thorough investigation.

The proposed addition to the county jail will almost double the present capacity of the prison. It was proposed to erect two additional floors over that part of the present jail housing the kitchen and storage quarters. Recent criminal work in the 50th district court has decreased the population of the county jail from approximately 50 to around 46. Arrests, however, are being made daily and the jail is reported to be in a very crowded condition.

COUNTY COURT AT LAW TO BE URGED IF CENSUS GIVES THE POPULATION

Creation of a county court-at-law in case the federal census discloses that Wichita county has reached the 100,000 mark in population will be advocated by various Wichita Falls attorneys in an attempt to solve the present crowded condition of the civil docket. It was announced in legal circles Friday. Counties which have a population of 100,000 are entitled to a county civil court with a judge for trial of matters of equity and other civil proceedings, and practically every Texas county with the required population have taken advantage of this statute in an attempt to solve the crowded docket problem. Remarkable oil developments in Northwest Texas has increased the legal business of Wichita county several hundred per cent.

Should Be Popular Place for Children. It is estimated that the average depth of sand in the deserts of Africa is from 30 to 45 feet.

IMPROVEMENTS ARE PROMISED BY CITY FOR SCOTLAND PARK

A. L. Huey of the Scotland Realty company was promised by the city council Thursday night that fire plugs would be installed in the Scotland addition as soon as a shipment comes en route to the water company arrived.

Mr. Huey appeared before the council to call attention to the falling of the city to improve Scotland Park and to ask for fire protection and for sewer lines. He was assured that something would be done to improve the park as soon as weather conditions permitted. The sewer lines involved more difficulties he was told. Some agreement was necessary with John

Here before a sewer line could be laid through his land to the river. Mr. Huey said that he would take up the matter with Mr. Fure. Upon the suggestion of Fire Chief McClure, the city attorney was instructed to prepare an ordinance regarding the storage of fuel oil which will be used to heat a number of buildings in the downtown district. These were the only matters aside from the allowance of bills that were brought before the council.

PAUL KONZ IS HERE FROM NEW YORK

Paul Konz, formerly head of the land department for the Sinclair interests, now associated with Pat Powers, prominent in sporting circles in the east, with offices in New York city, is in Wichita Falls looking over their interests in this section. Mr. Konz is also interested in the possibilities in the Tillman county section that is claiming attention at present.

INCREASE PRODUCTION BY IMPROVING WICHITA FALLS' TELEPHONE SERVICE

ANY YOUNG WOMAN, NOT NOW EMPLOYED IN A USEFUL OCCUPATION, WILL SERVE WICHITA FALLS AND HERSELF BY TAKING UP THIS ESSENTIAL PUBLIC UTILITY WORK

She will be well paid.

She will have more than ordinary opportunity for advancement.

She will be under the personal direction of female executives who understand women and their needs.

She will be protected from discrimination or favoritism by a carefully guarded routine of individual supervision.

She will be protected in health and comfort by the constant diligence of qualified health experts.

Our Employment Department is located at corner 9th and Scott streets. There an applicant will be cheerfully told all about the work and full details of all employment conditions.

There applicants will be carefully and most considerately examined to determine whether or not they be physically and mentally fitted to perform this service. The requirements are simple and reasonable, as is also our insistence upon satisfactory local personal references.

This department is open to receive applicants every weekday from 8 a. m. to 6 p. m.

Wichita Falls Telephone Operators are faithful and industrious. They are conscientiously serving you with their best efforts. Patrons are invited to visit our Telephone Exchange, inspect the work and to refer to our Employment Department those whom they think would take up this eminently desirable occupation.

The Southwestern Telegraph and Telephone Company

JOHN BARLEYCORN TAKES DEPARTURE FROM THE OLD U. S.

At one second after 12:00 o'clock tonight, it is "verboten," as the now extinct race of Teutons were wont to remark, to pour intoxicating beverages down the human esophagus. For at the striking hour of midnight, the 18th amendment becomes effective. Congress sees its duty and does it. Let the congress seek no further mercy at the hands of the drinkers of the nation!

A walk or other exercise taken for one's health," is the dictionary definition of constitutional. But it seems a far cry from a long walk to a long drink. And, anyway, why insert a constitutional amendment on prohibition, when it was illegal already to drink anything but wood alcohol?

Celebrations are in order tonight all over these United States; celebrations in memory of Old Man Liquor. From city, town, village and hamlet, little stories are coming via the Associated Press wires telling of the plans to lay the old man in his grave for keeps. Wichita Falls will probably not join in the observance, as a general boycott seems to have been declared against the Wichita local of the Bootleggers' Union. At least that is the impression prevalent among the "yolger set" of drinking society, whose members believe that liquor and Kemp-Munger-Alleg stock should not be quoted at the same price.

It is refreshing, however, to know that, beginning at midnight tonight, it will be illegal to get spiritified, according to opinions expressed by some of the city's best cork pullers. They declare that the passage of the 18th amendment is a great relief to their consciences, proving that past quotations have been taken without violating the venerable constitution of the United States of America.

In the future, they state, referring to the future that follows 12:00 o'clock tonight, they will be too patriotic, too loyal to the constitution, too pan-American to drink intoxicants—unless, of course, the vile stuff is quoted at a really attractive price!

CIRCLE NO. 1027 TO ENTERTAIN TONIGHT

Tonight the Woodman Circle No. 1027 will entertain the "sherry" two Groves of the city, the Woodmen and the Royal Neighbors, in social session at the hall. Initiation of officers and a special drill by the 1027 team will be features of the interesting program. Delicious refreshments will be served. All members of the orders that are being entertained, and visiting members are cordially invited to be present. The program follows:

Music, Mrs. Scott.
Welcome address, Mrs. Barclay.
Response, Judge P. A. Martin.
Piano solo, Alceus Haynes.
Reading, Rosella Smith.
Piano solo, Agnes Martin.
Installation of officers.
Violin solo, Orrell Mathews.
Reading, Marie Boyle.
Drill by 1027 team.
Refreshments.

MORTUARY.

A. P. Minnick.
Joseph P. Minnick, aged 55, who was in the hardware business in Petrolia, died at the home of his daughter, 1205 Fillmore street, Thursday night. The body is being held at the parlors of Morris and Lamb, undertakers, awaiting funeral arrangements.

M. F. McCormick.
M. F. McCormick, aged 40, manager of the Jones Furniture company of this city, was stricken with an attack of paralysis Thursday and died at 1413 Lucile street that night. The body was shipped Friday afternoon by O. W. Hines, the undertaker, to Rushville, Ill., for burial.

Curtis Smith.
Curtis Smith, the 18-year-old oil field worker who accidentally shot himself in the Burk Burnett field a few days ago, succumbed to the wounds he received at the Wichita General hospital Thursday night. His mother, Mrs. Alice Campbell was with him at his death and accompanied the body to her home in Fort Worth for burial. The body was shipped by Hines, the undertaker.

NEW SUITS FILED IN SEVENTY-EIGHTH COURT

The following suits were filed Friday in the 78th district court:

M. E. Holkin vs. American Contracting Co. et al. debt and attachment.
F. J. Lee and Co. vs. Hulth and Brennan. injunction.
Hollis Ross vs. Fred Ross, divorce.
Brooks Robertson vs. McTear Oil Co. et al. debt and foreclosure.
W. E. May vs. Missouri, Kansas & Texas Railway Co., damages.

STIR MOORE QUITE ILL

AT KEMP KORT ROOM
Stir Moore, prominent local oil man, is confined to his bed at Kemp Kort, suffering from an infection of an abscessed tooth, and is reported in a serious condition. His breast is affected and several operations have up to the present given him little relief.

ITCHY PIMPLES ON ENTIRE FACE

Also Blackheads, Dandruff On Scalp, Cuticura Heals.

"I had a very bad case of pimples and blackheads on my entire face, and also dandruff in my hair. Some were very bad, others were small. My scalp was itchy and red, and some of my hair came out and it was very dry. I used Cuticura Soap and Cuticura Ointment and when I had used one tube of Cuticura Soap and one box of Ointment I was healed." (Signed) Miss Lillian Johnson, R. 2, Easley, S. C., Sept. 4, 1925.

Make Cuticura Soap, Ointment and Talcum your daily toilet preparations, and watch your skin improve.

FREEMAN BLACK & COMPANY 701 INDIANA AVENUE

TWO CONSTRUCTION TRAINS READY FOR OIL BELT RAILWAY

FRANKLIN, TEX., Jan. 15.—Two construction trains will be operating on the line of the Wichita Falls, Ranger and Fort Worth railroad this week. The trains and the track laying machines are no way to F-ringer, having been shipped several days ago. This road between Franklin and Jakeshamon, a distance of 23 miles, is ready for the steel and the construction will go forward at the rate of a mile a day. The contractors, J. J. Harrison and W. McCable, are confident that 20 days will see the road in operation between Franklin and Jakeshamon, barring delays caused by bad weather.

The roads between Franklin and the railroad points that now serve this territory have been made bad by the past week of unfavorable weather and hauling of materials to Franklin is again difficult. Development of the oil fields hereabouts has been delayed by the rain but there are many idle rigs in this territory.

BOARD OF CONTROL HAS NOTHING SENSATIONAL IN PLANS FOR STATE AFFAIRS

AUSTIN, Jan. 15.—Those who expected immediate and sensational evidence of the board of control in the management of state affairs are likely to be disappointed, according to S. B. Cowell, chairman of the board.

"This body is a pioneer on an unexplored path," Mr. Cowell said, "and each step is being taken carefully. Not the smallest task which confronts the board is being kept within the funds provided for it."

With half of the \$60,000 appropriated directly to the board for the two years required to pay the salaries of the three members, and a portion of the appropriations for the four abolished departments expended before the board took control, finances of the body "will be snug, if not tight," Mr. Cowell said, "by consolidating the four departments, general clerks and stenographers can be eliminated, but even this step has to be taken slowly, for the work formerly done by the departments must be continued until the board is in the position of the man who has to live in his house while it is being remodeled."

The board is in operation, however, and the best proof of this is the fact that opposition to their actions is developing, according to Mr. Cowell.

The recent decision of the board that all those submitting competitive bids for state contracts will be required to submit a sworn affidavit that they have not violated the anti-trust laws and have not conspired with competitors, "has been met with subtle opposition," he said. Heretofore bidders have merely submitted statements, and the board has been heard more or less gossip of collusion in bidding.

Refusal of concern to meet the new requirements would be practical admission of the truth of this gossip, Mr. Cowell said, and too much opposition to the filing of the affidavit, which is in strict compliance with the law, may lead to investigations with possible unpleasant disclosures. Contracts for practically all state supplies and work done for the state are awarded upon bids, and if this bidding can be brought to a strictly competitive basis, the board of control will have taken a long stride towards justifying its existence," according to Mr. Cowell.

The order issued to superintendents of state institutions and such departments as come under the jurisdiction of the board that all contemplated purchases be submitted to the board for approval has also brought a protest. Some of the superintendents said that they cannot comply with the order, but the board said that they will be expected to comply with the provisions of the new law.

AMARILLO "FAIR PRICE" FOR EGGS IS 50C AND 40C

AMARILLO, TEX., Jan. 15.—Amarillo's Fair Price Commission has decided that a fair price for fresh eggs is 50 cents per dozen and for cold storage eggs 40 cents. Eggs have been selling here for from 75 to 90 cents per dozen.

The commission added this warning to dealers:

"All merchants handling the above are warned not to sell above the figures named, but, of course, may sell at a price as much less as they desire. We request notification of all violations of this order."

LOCAL MEN NAMED ON COMMITTEE TO FRAME A STATE REPUBLICAN POLICY

FORT WORTH, Jan. 15.—Frank Kell, J. G. Culbertson and Orrille Bullington of Wichita Falls have been named as members of a committee to formulate a protective tariff policy to be adopted by the Republican State Council. The appointments were made by C. C. Littleton of Fort Worth, chairman of the council.

The committee is instructed to formulate a protective tariff policy and schedule "giving fair treatment to Texas industries." The names of those appointed include the following: R. H. Russell, chairman, San Antonio; George W. Armstrong, Fort Worth; Frank Kell, Wichita Falls; E. F. Paine, Houston; W. B. Dunlap, Beaumont; William Bevans, Menard; T. F. Lee, Houston; W. W. Cameron, Waco; O. E. Dunlap, Waxahatchee; W. N. Waddell, Fort Worth; A. S. Gage, San Antonio; Thomas B. Yarbrough, Fort Worth; John S. Radford, Houston; J. A. Frazier, Houston; J. C. Culbertson, Wichita Falls; J. G. Googins, Fort Worth; U. S. Stewart, El Paso; George L. Noble, Houston; Samuel Davidson, Fort Worth; L. M. Mack, Fort Worth; C. R. White, Brady; J. G. McNary, El Paso; W. B. Pyron, Fort Worth; J. E. Few, Dallas; Carl Wershing, Houston; Jon Klatschewsky, Fort Worth; Eugene Notts, Seguin; R. R. Craiger, Brownsville; Clarence Linn, Dallas; W. P. Gage, Dallas; J. H. Mumbower, Fort Worth; C. J. Benson, Fort Worth; C. C. Littleton, Fort Worth; Orrille Bullington, Wichita Falls; Lou D. Ladd, Fort Worth; J. C. Whaley, Galveston; John N. Sigerson, Dallas; and Fred E. Scovay, San Antonio.

STRUPPER IS NAMED FREIGHT AND PASSENGER AGENT OF NEW ROAD

RANGER, TEX., Jan. 15.—R. M. Strupper, formerly with the St. Louis & San Francisco Railroad Company, has been appointed general freight and passenger agent of the Wichita Falls, Ranger & Fort Worth Railroad Company and has assumed his new duties in the general office of the company in this city. W. C. Compton, also a former Frisco man, has been appointed general superintendent of the new railroad and has assumed his duties in the company offices here.

Track laying has begun in Ranger and the road will be built both north and south out of Ranger to Jakeshamon in Comanche county and Franklin in Stephens county at the rate of a mile a day. The roadbed is completed to both the points, making 23 miles of road that will soon be in operation.

REGINALD DE KOVEN DIES IN CHICAGO TODAY

CHICAGO, Jan. 15.—Reginald De Koven, American operatic composer and conductor, died here early today of apoplexy.

Americans Founded Liberia

Although Liberia was founded and colonized by Americans, the use of British money, weights and measures has always prevailed in the negro republic.

RELATIVES GIVE UP SEARCH FOR MISSING JEANNE ANNA DEKAY

CHICAGO, Jan. 15.—Relatives today gave up active search for Jeanne Anna De Kay, who disappeared from the Hull House on the night of Dec. 31. John De Kay, her brother and Henry De Kay, an uncle, who have directed the investigation, planned to leave for the east today.

They stated they had used every means to find traces of the girl with no success. Miss De Kay came to Chicago from Lucerne, Switzerland, where her wealthy parents reside, to take up social welfare work.

HALF MILLION PEOPLE LIVING LIKE PIGS IN SLOMS OF CHICAGO

CHICAGO, Jan. 15.—Half a million people in Chicago are living like pigs in the slum districts today, according to a statement by the Association of Commerce, made by R. T. Rosenthal, head of the Chicago Housing association. Housing facilities in the city are inadequate, Rosenthal said.

"People are sleeping six, eight and ten in a room; men, women and children, many of them not even related to each other," according to the statement. "Children are playing in our gutters and alleys."

Rosenthal declared "the number of young people whose downfall is due wholly to the dangerous intimate contact into which they are forced by lack of adequate rooms or decent living conditions," was astounding.

UNION PASSENGER STATION AT STAMFORD CONDEMNED

STAMFORD, TEX., Jan. 15.—The city commission has ordered the Union passenger station here condemned and closed at once unless improvements in condition is made immediately. The building is unsanitary; the heating is poor, no drinking water is provided, ventilation is bad, and the building is crowded to capacity with persons standing at times of arriving and departing trains. An effort will be made to get improvements sought, so that the closing of the station will not be necessary.

Land for Canadian Soldiers

Approximately 1,000,000 acres of free lands in the four western provinces of Canada have been taken up by returned soldiers in the last year. The Soldiers' Settlement Board reports that up to August 1, 2768 soldier-grantees have been made in these provinces: 654 in Manitoba, 1224 in Saskatchewan, 1702 in Alberta and 84 in British Columbia.

Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs slow to act as age advances

MOST people find the years slipping by without realizing it until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself past 80 years of age and still active in his profession. It can be bought at any drug store and one bottle is enough to last even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many still need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

joy keeps women young and beautiful!

HARD work ages women. The daily house chores, often distasteful, are the telling destroyers.

Why don't you let Joy into your home to do the hard work? Joy, a cool, firm, white soap, goes after pots and pans, dishes and windows, bath tubs and floors, in such a hearty manner that they fairly bristle with brightness! And, my! how clean and sweet the laundry is after washing with Joy!

You never saw anything clean as easily and quickly. There's no scrubbing necessary—just rub a little and Joy disintegrates the dirt, grease and grime almost instantly.

And economical! Joy lasts longer, does the job in less time and better. It doesn't get soft and sticky when wet, either. It's just a plumb everlasting good household soap, working like a wizard all the time. You'll sure like it. Ask your grocer today.

joy (White) soap

Works like a Wizard!

Our Future Home

Six Years

of service to Wichita Falls residents has demonstrated the soundness of the policies which The National Bank of Commerce pursues. Identified since established with the commercial and industrial interests and the life of its community, it has kept pace with the transformation of Wichita Falls from a farming community to the "Oil Center of Texas."

It offers its customers Banking service of every kind, and, because of its Capital and Surplus of \$500,000.00, Resources exceeding \$5,600,000.00 and the strict federal supervision under which it operates, is enabled to render customers exceptional assistance in their financial transactions.

YOUTH IS ARRESTED FOR THE MURDER OF FOUR OF A FAMILY

AMOEY, MISS. Jan. 13.—Fifteen-year-old Amoy was charged with the murder today in connection with the killing near here last night of Bob Mitchell, a farmer, and three members of his family, his 13-year-old daughter, 16-year-old son and an eight-month-old baby, who were shot to death after an attempt was made to destroy the Mitchell home, four miles east of here, with dynamite.

HOUSTON REPORT ON GULF COAST WEATHER

HOUSTON, Tex., Jan. 14.—Winds on Texas coast tonight westerly to northerly. Weather conditions and high water, precipitation had been general in southern part of Texas. Generally clear skies were reported from Northwest Texas. Extended forecasts by automobile are not satisfactory. Recent cloudy and rainy weather is preventing evaporation, and dirt roads continue heavy and impassable in places. Indications however are favorable for a cessation of precipitation and gradual evaporation of highways.

EMBARGO ON SHIPMENT OF CORN FROM MEXICO

WAGLER, TEX. Jan. 13.—An embargo on importation of corn from Mexico went into effect here today on instructions from Washington and 24 carloads of corn across the Rio Grande were not permitted into the United States. The reason for the embargo was not made public here.

THE CRACK O' DOOM FOR NASTY CALOMEL

Police Abandoning Old Drug for "Dodson's Liver Tonic" Here in South

Light Calomel makes you sick. It's horrible! Takes a dose of the dangerous drug tonight and tomorrow you're a mess. Calomel is mercury! When it comes into contact with your bile, it crumbles into it, breaking it up. Then it washes you out that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated, coated tongue, if breath is bad or stomach sour, just try Dodson's Liver Tonic. Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tonic for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it can not salivate or make you sick.

"Worth All the Money in World," Says Maitlen

For the first time in two years, said H. C. Maitlen, residing at 1016 Taylor avenue, Fort Worth, Texas, in an interview recently, "I am able to eat without suffering afterwards and I can't sit down to the table without feeling thankful for what Orgatone has done for me."

Mr. Maitlen is a well known barber but for the last few months has been unable to work at his trade owing to his illness. "What I would eat caused a severe pain in the pit of my stomach and could not even drink a glass of water without suffering agonies afterwards. Doctors had tried every kind of treatment they could think of, but my case without relieving my suffering and even took X-ray photographs trying to find out what my trouble was. I could not rest and would get so nervous I did not know what to do. I was continually losing weight and did not have enough energy to follow up my work, in fact I began to think I could never be cured. "Well, sir, nothing ever helped me until a drug clerk suggested that I try Orgatone, and that is saying a good deal for it seemed to me I had tried everything. Really, before I took it I did not have much faith in the treatment as everything else had failed, but since the first week I have improved rapidly. I can eat just anything now and since my food digest properly I never have that severe pain in the pit of my stomach. My nerves are normal and work to now a pleasure to me. I can truthfully say that Orgatone Treatment did me more good than work, than all other medical treatments and doctors I ever tried out put together. I cannot praise this meritorious preparation too much. It has been worth more than all the money in the world to me."

SIMS WOULD ABOLISH DECORATIONS BY NAVY

WASHINGTON, Jan. 14.—Abolition of naval decorations was favored by Admiral William Sims, who appeared before a senate naval affairs subcommittee today as the first witness in the investigation of the naval awards controversy. The controversy was brought on by publication of a letter from Sims to Secretary of the Navy Daniel C. Roper, criticizing Daniel's choice of officers who were to receive awards. "If the government could see its way clear to wipe out the whole business and start clean, I think a majority of the services will be pleased," Sims said. "However, that is only my own opinion. The whole business always led to trouble. I saw this coming and tried to head it off."

REGINALD DEKOVEN DIES AT CHICAGO

CHICAGO, Jan. 14.—Reginald DeKoven, American operatic composer and conductor, died here early today of pneumonia and pleurisy.

Mr. DeKoven, who has been for several weeks superintending the production of his opera, "Rip Van Winkle," was attending to the home of Mrs. Joseph Blah, when he became suddenly ill. He died within a few minutes. The body was taken to the home of a brother-in-law, Robert G. McGinnis.

Mr. DeKoven was the founder of the Washington symphony orchestra of which he was also conductor. He was the composer of a number of operas, and also had written music for operetta and plays. A number of songs including "Oh Promise Me" and "A Recessional" were among his works.

Among DeKoven's best known operas are "Robin Hood," "The Mandarin," "Her Little Highness," and "The Wedding Trip."

Mr. DeKoven graduated from Oberlin in 1882 and studied music in Stuttgart, Florence, Paris and Vienna.

HAYNES
America's First Car
THE front of the new Haynes, graceful, confident, is but a part of the completely beautiful creation. Build well, deal fairly, know no compromise where quality is concerned—these are the principles of The Haynes Automobile Company, manufacturers of America's Greatest Light Sixes and Twelves. SPORTS

LATEST NEWS AND VIEWS OF INTEREST TO SPORT FANS

WILL DECIDE DATE AND FIGHT LOCATION DURING THIS WEEK

PARIS, Jan. 13.—The date and conditions of the battle between Jack Dempsey and Georges Carpentier for the heavyweight championship of the world will be definitely settled within two or three days, M. Descamps, the Frenchman's manager, declared today.

NO NEW RULES FOR 1929 FOOTBALL SEASON

NEW YORK, Jan. 13.—No lengthy session will be required next fall to explain new rules to the amateur gridiron heroes. For there will be no new rules. At least this hunch was given out at the recent post-work of university athletic heads. For the most part the gridiron tustors seem satisfied with the existing statutes. Rather, they are reluctant to experiment with unproven remedies for the few ills that were cited.

men will try for an immediate knock-out. It will be a death struggle from the handbake. While admitting the chances are fairly even Descamps said the physiological elements were in favor of his protégé and that he could not conceive of Carpentier's defeat.

The other three offers Descamps has under consideration are from Billy Gibson, for Madison Square Garden; Jim Corbett, for Madison Square Garden; and Donnie Tortorich for Georgia. The only worth while offer in Europe, he said, was from M. Theodore, a Viennese sportsman, who proposed to hold the bout in Paris.

Descamps predicted that at least 1,500 Frenchmen would go to America to witness the battle. Carpentier leaves tomorrow on an exhibition tour of Belgium.

"I do not believe there is any chance of holding the fight anywhere but in America," said Descamps, who places Rickard at the top of a list of four "serious" offers from the United States. While Rickard did not specify any location, Carpentier's manager said he understands the American favors New Jersey. Descamps does not consider the eight-round law in that state any bar to holding the fight there.

"The fight will be a matter of only a few rounds," he said, "in fact it will not last more than four. It will be terrific from the first going. Both

TOTAL OF \$1,000 AUTOS REGISTERED

AUSTIN, TEX.—With \$1,000 automobiles registered in 1928, an increase of 30 per cent over the registration of 1918, Texas showed a greater percentage increase than any other state in the union. Tennessee came second with 29 per cent, according to statistics of the Texas highway department.

Authorities of the department estimate that 70,000 of the motor vehicles registered last year were bought in 1919. They placed the production of automobiles during 1919 at 1,215,522, and said that Texas absorbed nearly one-twentieth of the total number of automobiles produced in the United States during the past year.

Total production for 1928 is expected to reach 2,450,000, and in Texas takes new cars in the same ratio as in 1919, 121,500 new automobiles will come into the state during 1929, and total registrations will hover around 450,000, according to predictions of highway officials.

With reports for 1919 still coming from counties, early in January, total motor vehicle registrations were 520, 115; transfers 67,101; chauffeur's licenses, 2,522; motorcycles, 2,374; dealers' licenses, 2,374.

INDICATIONS VERY FAVORABLE FOR EXTENSIVE DEVELOPMENT ON OKLAHOMA SIDE OF RIVER

No better indication of the importance of the strike in the Shee-gog and Curtis Mound tests in Tillman county is to be had than a survey of the leasing situation, and the advance in prices on Tillman county acreage since Thursday morning, when the Shee-gog would make a well. Several sales had been announced the end of last week at prices around \$2,500 and \$3,150 an acre, which was considered a record price, but since Thursday morning these prices have been discounted. Acreage that was offered around \$400 the first of the week, was taken off the market at \$1,000 Thursday afternoon, this being outside acreage, and close in stuff was selling at fancy prices, some acreage north of the Fisher Whaley test, bringing \$1,750 an acre, while lease close to the Shee-gog, or to the Fisher Whaley, around 4,000 feet northwest of this well, are changing hands at big figures. The belief is that the new well will be a big one is being backed up by the purchasers of far out acreage. Maps of the new territory are seen everywhere almost as if the maps of other districts, and numerous new companies are already in the process of organization.

CASING BEING MOVED TO THE SHEEGOG TEST

Casing was being moved out from the northwest Burk Burnett field today to the Shee-gog well, and though the roads are very bad and transportation is difficult it was believed that sufficient casing would be received so that the pipe could be set on Saturday. There was considerable casing at the location the first of the week but not enough to complete the hole. The owners have decided not to cement and hope to be ready to bail the well in by Sunday, barring untimely delays.

A shipment of casing to the Curtis Mound test, northwest of the Shee-gog, arrived at Grandfield Wednesday, but was found to be old casing and unfit for use. This pipe was to have been supplied both the Curtis Mound and Shee-gog tests, and its unfitness is responsible for the delay in completion of both wells.

RECEIVERSHIP FOR THE GENERAL OIL COMPANY

The General Oil Company, a Houston corporation whose discovery well on the south banks of the Red River recently created a sensation in oil circles, was declared a state of receivership Thursday afternoon by Judge Harvey of the 8th district court. The action was taken following application for receivership by Reese Allen who alleges that the General Oil Company's discovery well is located upon his holdings and not upon state lands as argued by the defendant. Defendant claimed he held a lease from the state under the Sam Sparks survey. The oil company in Houston counterclaims. The plaintiff was represented by Judge A. H. Carigan.

ROBERTS AND HILL AND HIGHTOWER WELLS ARE READY TO BE DRILLED IN

Pipeline connections were made Thursday at the Roberts and Hill and Crude Oil Marketing company's No. 1 Roberts, in Block 329, and drilling in began today, according to reports from the field.

The Hightower well also scheduled to start drilling in today in the No. 1 Roberts, also in Block 329, the three-inch drill stem finally having arrived. Reports from both these wells as to what they will make are expected by Saturday morning.

GYPSY BURK COMPANY PREPARING TO DRILL

A. L. Wilkinson, who has the contract to drill a well for the Gypsy Burk Oil Company on three tracts about 400 feet southeast of the General well, reports that the derrick is built and machinery moved on. Drilling would have been started several days ago except for the bad weather and roads.

SEVENTEEN CARS OF CRUDE OIL BURNED

EMPORIA, Kan., Jan. 15.—Seventeen cars of crude oil and two of gasoline were burned when an oil train on the Atchison, Topeka and Santa Fe railroad was wrecked early today near Clements, Kan., about 30 miles west of here in Chase county. No one was injured, and broken rails are believed to have been the cause of the accident.

JIMMY BURKE SIGNS CONTRACT AS MANAGER

ST. LOUIS, Jan. 15.—Manager Jimmy Burke of the St. Louis American league team, has signed a contract to manage the team for the season of 1920, according to an announcement made at the offices of the club here today.

INDIANA LEGISLATURE RATIFIES SUFFRAGE

INDIANAPOLIS, Ind., Jan. 15.—The federal amendment for woman's suffrage was ratified by both houses of the Indiana legislature today. Indiana is the 36th state to ratify the amendment.

Mr. and Mrs. F. P. Warren and Mr. E. K. Frazier are leaving tonight for Dallas and other points for a short visit.

Tillman County Leases

We delivered quite a few and if you are quick, we might be able to get you one at the right price. They are climbing every hour.

Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercises of our door sports with the vigor and enthusiasm of youth! But the end of the week finds you all in— you are tired, listless and lack the energy to go out for a vigorous walk or a round of the links— on any other exercise that requires mental and physical vigor. Many a man, even in his middle years, has a vague feeling that he is growing old— and that a time when he should be at his very best physically.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check that tendency to grow old. You can carry your youth with its vigor and enthusiasm into your 70's and 80's. But you must give Nature all the help you can. The best medicine you can give is a course of constructive exercises in the use of

LYKO
The Great General Tonic

It replenishes blood, builds up the heart, liver and kidneys, and restores vitality. It is a general tonic for all ailments. It is a constructive tonic for all ailments. It is a constructive tonic for all ailments.

WOMAN'S HEALTH
The most important thing a woman can do for her health is to keep her system pure and healthy. This is done by using Dr. Williams' Pink Pills for Pale People. They are the only pills that will cure all the ailments of women, such as indigestion, constipation, nervousness, and all the other troubles that are due to a weak and unbalanced system. They are the only pills that will give you the pink and healthy complexion that is the mark of a woman's health.

FIVE GOOD REASONS

Why We Will Advance Prices For Our Acreage 10% on February 1st

- The thirty million gas well one-half mile from our north line is surely the opening of a new pool.
- Our well No. 1 is drilling at 1310. Our Well No. 2 is drilling at 770. Our well No. 3 is ready, but waiting for gas.
- We have encountered four sands and other evidence which proves that we are on structure.
- The price of oil has advanced 75c. The price of gas has doubled. We can sell at market all the oil and gas we get.
- We have production on two, possibly three sides and are surrounded by drilling wells. We adjoin the wonderful Petrolia oil and gas field where wells came in over a thousand barrels and gassers of thirty million and where there are now 500 producing wells, some of them twelve years old.

WE NOW HAVE ACREAGE PRICED AS LOW AS \$75 PER ACRE.

Burkburnett-Petrolia Syndicate
822 OHIO AVENUE, WICHITA FALLS, TEXAS.
E. E. OSMAN, Gen'l. Mgr. MAURICE R. SMITH, Sec.

FRIDAY, JAN. 16, 1920

EUROPEAN IS CHARGED U. S. INT.

LONDON, Jan. 15.—The construction of the canal directly in the line of the Panama Canal is a crime against the United States, according to a statement made by the State Department today. The present treaty which has resulted in the canal is a world-wide business system which will result in the canal being a world-wide business system.

MONTENEGRO FOR FORM HAS BEEN

PARIS, Jan. 15.—The hope of restoration of an independent Montenegro by a treaty between the Allies and the Serbs, which was signed at London, is now being considered by the Allies. The Allies are now considering the possibility of restoring an independent Montenegro by a treaty between the Allies and the Serbs.

LEAGUE OF NATIONS IS NOW

(Continued from page 11)

Campaign against a major scale of military effort against the Soviet forces, according to the League of Nations. The League of Nations is now a major scale of military effort against the Soviet forces.

Itching, Scratching, Skin Diseases

That Burn Like Flames of Fire

Here is a Sensible Treatment That Gets Prompt Results

For red, raw, itchy, burning, itching, scratching, skin diseases, eczema, psoriasis, etc.

No one ever heard of a person being cured with any form of skin disease whose blood was in good condition.

Therefore, it is logical to conclude that the proper method of treatment for pimples, blotches, sores,

boils, rough, red and scaly skin, is to purify the blood and remove the cause of pollution that break through and manifest their presence on the surface of the skin.

People in all parts of the country have written us how they were completely rid of every trace of these disorders by the use of S. S. S.

The matchless purify vegetable blood purifier, S. S. S. goes direct to the cause of the blood supply, and strengthens and builds up the circulation, giving a clear and ruddy complexion that indicates a healthy condition of the skin.

Write today for free medical advice regarding your case. Address: S. S. S. Co., 445 Swift Laboratory, Atlanta, Ga.

MEMORIAL EMOTION

Life is full of many complex emotions, some good and some bad.

We wonder down life's pathway and find them stealing into our hearts at every turn.

Think how sweet and tender the one that prompts us to care for and remember our dead.

It is a most pleasing way.

On the Pavement
 10-room elegant brick home, with
 hardwood floors "up and down" and
 all other "dooflickers" that go in
 high-class homes. It has a two-story
 brick garage and servant house; and
 it's real close in. Price \$30,000.
 Terms if you want 'em. This is \$10,000
 under the present value.

7-room new brick with all kind late
 features that make a home attractive.
 Price \$20,000.
 8-room brand new stucco on 75-foot lot.
 Price \$28,000.
 5 very large rooms with hardwood
 floors, fireplace, nice mantle, attractive
 front porch, garage, servant house, and
 some other things. Price \$13,500, or
 can sell furnished. Yes, we can make
 terms on it, and it's on the best part of
 Tenth Street.

Southland
 6-room brick, a new home with
 hardwood floors, servant house, garage,
 etc. The paving has been paid for.
 Price \$15,000.
 We have thirty-six new homes in
 Southland for sale and we are just
 "touching" the ground in high places
 with this ad.

Ninth Street
 6-room new home, just finished at
 2203 Ninth. Quarter sawed white oak
 floors throughout. The double French
 doors are so arranged that you can
 throw three large rooms together when
 you have a bridge party. There are
 brick flues in all rooms so you can
 burn coal or wood when the gas plays
 out. Portico, double garage and servant
 house, with all modern conveniences for
 the cook. Solid concrete driveway. We
 haven't time to tell you any more about
 it. Go and see it. If you don't think it
 is worth \$20,000 we'll make it for
 \$16,000. Isn't this a fair proposition?

Floral Heights
 Just Off Tenth
 6 very large rooms, fire place, quarter
 sawed oak floors in all rooms, portico,
 double garage, solid driveway to the
 servant house and garage. This is an
 east front. Price \$16,000.

Eleventh Street
 8-room home, 2 garages, servant house,
 close to school. This is the best buy
 in this price home in town. \$9,850,
 with terms.

Ninth Street
 A dandy 6-room brick home with all
 kinds of nice features, \$10,000, with
 attractive terms.

Just Off Tenth
 5-room home with hardwood floors,
 two fire places—think of it, east front
 and corner lot. All kinds of fancy
 "doings" in it. \$8,500 with only \$3800
 cash.

MOTHER IS ACCUSED OF THE MURDER OF THE TABOR WOMAN

KALAMAZOO, MICH., Jan. 15.—Mrs. Sarah Tabor was accused of murdering her daughter, Maude, in a confession which authorities stated today they procured from Walter Tabor. Immediately after making the statement, Walter was arrested as a witness.

CRAVEN COMPANY IS TO BUILD A 2,000-BARREL REFINERY AT JAKEHAMON

JAKEHAMON, TEX., Jan. 15.—The Craven Oil and Refining company have just purchased a site for refinery at the north edge of Jakehamon townsite containing 18 acres of land out of the Burton farm. They have also purchased a block in Jakehamon for offices and warehouse. Construction of the refinery is to begin at once. It will have capacity of 2,000 barrels of crude oil a day to start. This company will reduce the oil to its several products including a paraffine plant and the processes will be more elaborate than in the average small oil fields refinery.

ARRESTED ON CHARGE OF DISTURBING THE PEACE

A man who had been writing checks rather indiscriminately with little regard either for the amount or the bank on which he wrote the check with no success in obtaining the monetary equivalent was arrested Thursday night on a charge of disturbing the peace after he had tried to get away with a fountain pen he had attempted to buy at the Miller Drug Company by giving a check.

DAIRYMEN WARNED TO TAKE OUT 1920 PERMITS

A warning has been issued by Dr. G. H. Allen, city health officer, to all of the dairymen who are delinquent in taking out their 1920 permits to the effect that they will be subject to arrest if they do not secure them by the 25th of January. Dr. Allen is confident the dairymen have just allowed the matter to slip their minds and all they need is to have their memory refreshed. According to the law, the dealers must take out a license to handle milk twice a year, in January and in July. So far the greater proportion of dealers have taken out their permits.

TABLOIDS

Fresh Eggs no Tips. BUFFALO, N. Y.—The latest in tips. Eddie Hays, a bell hop in a local hotel, received two strictly fresh eggs as a tip. Disappointing Note. URBANA, ILL.—"Your liquor was removed by federal agents." A University of Illinois student found this note in his trunk which was filled with spirits at St. Louis and shipped here. Student had planned a party and everything. Cops Get Increase. PONCA CITY, OKLA.—Business is good at local police headquarters. Cops have just received a 125 per cent increase in salary. With or Without. OKLAHOMA CITY, OKLA.—Bald the manager of a local vendeville house, speaking from the stage: "Coffee wanted at the box office, coffee wanted at the box office." Said a voice from the gallery, "With cream or without?" Nobody Worries. PITTSBURG, KAN.—Ice makers are not unionized, yet they staged a walkout for higher wages. Nobody worries. They set out their own of water at night and manufacture their own.

OKLAHOMA CITY, OKLA.

Prisoners at the city hall are wondering what the answer is to the census enumerator's question: "What's your present occupation?" OKLAHOMA CITY, OKLA.—G. A. Smith, assistant state treasurer, walked from the capitol to a down town bank and liberally earned for the state \$25. Reason: He carried \$300,000 for deposit, which the bank would not have sent for until the next day. Interest on this for one day \$25.

The real sanitary drinking fountain sheds its building stress of an angle to one side instead of straight up. The danger of contamination is thereby reduced to a minimum. A Japanese engineer has succeeded in making a three-wheeled, two-wheeled roadster which will carry two passengers.

COFFEE Forty-five years ago, one Shale De Vere, in reviewing the legends, and miracles ascribed to the famous bean, the merits of which a dervish discovered as he watched the effects of the leaves of the plant upon a flock of goats he tended and that were made frisky by eating them. It is told that "they jumped and gambled and bleated in so remarkable a manner that the dervish became envious of their happiness, gathered a few of the leaves, chewed them and felt as merry as his goats." That was the start of the devotion now shown in the civilized world to coffee as its favorite beverage. De Vere, noting the devotion of pious followers of Mohamet among whom coffee reigned supreme, remarks: "poets have sung the praises of the black beverage; priests and monks have preached in its favor, and to all from the Sultan on his throne, to the fellow in his hut of Nile mud, the precious thing is a source of enjoyment." That spirit is as potent today as it was 400 years ago. "WHO CAN BEAT IT" AT ALL GOOD ROGERS. BERT BEAN COFFEE CO. Ohio at Sixth Telephone 35
