Plans Complete For Membership Campaign Chamber of Commerce

LOSE HOPE FOR TREATY ACTION DURING MONTH

Efforts to Adjust Disputes Over Reservations Will be Continued

ROUND TABLE COMMITTEE HAS SESSION SATURDAY

Several Changes in the Language of Minor Reservations are Agreed to

WASHINGTON, Jan. 17.—Hopes for final action by the senate on the peace treaty this month virtually had vanished tonight.

Efforts of Republican and Democratic leaders to adjust disputes over reservations will be continued next week, but the time required for subsequent negotiations with the rank and file of the senate, and the debate which will follow in the senate itself, are expected generally to preclude final action before February, at the earliest.

Two sessions of the bi-partisan "round table" committee were held today considerable progress on minor reservations was reported. Consideration of the reservation affecting article 10 of the league of nations covenant and the Monroe Doctrine was deferred by mutual agreement. All four of the Republican and Democratic senators from Massachusetts; New of Indiana; Leonard of Wisconsin and Kellogg of Minnesota, and the five Democrats, Senators Hitchcock, Nebraska; Simmons of North Carolina; McMillan of Tennessee; Walsh of Montana and Owen of Oklahoma, attended today's session.

The republicans also held a separate meeting and individuals of both factions held private conferences with senators not members of the informal committee.

PRIME MINISTERS ARE NOT IN ENTIRE ACCORD

PARIS, Jan. 17.—The prime ministers of the Allies, it appears, were not in entire accord respecting the decision yesterday upon a limited reopening of trade with Russia.

Premier Lloyd-George proposed the measure seemingly to conciliate the labor forces of England. Premier Nitti supported Mr. Lloyd-George's suggestion that the decision would have a good effect upon political opinion in Italy, where a good deal of Bolshevik agitation is reported. Premier Clemenceau opposed any deal with Bolshevik Russia but finally said he would agree to such a measure of trade as that finally announced. He insisted, however, upon writing the final paragraph affirming that the Allies had not changed their attitude toward the Soviets. Mr. Clemenceau also remarked that he would soon be out of the supreme council, any way.

CHICAGO REPORTS THE "FLU" SPREADING

CHICAGO, Jan. 17.—Another big increase in the number of influenza and pneumonia cases, but a continuance of the small death rate, was reported today by reports to the city health commissioner. There were 866 new cases of "flu" and 146 of pneumonia. Seven influenza deaths were listed and 21 from pneumonia.

INTERESTS OF GROUPS NOT TO BE CONSIDERED

Democrats to Handle Treaty and Other Issues as Americans, Says Chairman

COMMITTEE STANDS PAT ON PRESIDENT'S PROGRAM

Will Issue a Formal Statement Concerning Campaign Within a Few Days

NEW YORK, Jan. 17.—The Democratic party will conduct its presidential campaign without regard to group interests, Homes S. Cummings, chairman of the Democratic national committee, declared today. Mr. Cummings who was here to attend a meeting of the committee on arrangements for the San Francisco convention, made this statement when asked whether the party intended to undertake any propaganda to overcome the reported defection of certain Irish and other elements opposed to ratification of the peace treaty in its present form.

"We are going to consider the treaty and other issues as Americans," asserted Mr. Cummings. "I am unalterably opposed to considering this question in any other way. Personally I believe the objections to the peace treaty are more noise than anything else. Those who are shouting the loudest haven't been strong for it any day."

Mr. Cummings called attention to the fact that the national committee had endorsed the peace treaty as submitted by the President and was standing pat on that issue. Those who believe that the treaty is in violation of the political aspirations of the Irish people were in the wrong, he said. The treaty and the League of Nations, he declared, would be a real benefit to all the small nations of the world.

Chairman Cummings announced that so many mis-statements had been made concerning the Democratic campaign for funds that he would issue a formal statement within a few days.

To Make Position Clear. "I feel that the chairman of the respective national committee should not enter into a personal controversy," he said, "but the criticism against us has become almost libelous and has completely defeated the purpose of a formal reply and make our position clear."

The only business transacted by the committee on arrangements was the appointment of six sub-committees to handle various phases of the convention plans. No other meeting of the full committee and the arrangements committee will be held until after the San Francisco convention plans. The temporary chairman probably will be named at that time.

Women were represented on the committee of arrangements today for the first time in the party's history, according to party leaders, in the persons of Mrs. George Bass of Chicago, chairman of the women's bureau of the national committee, and Miss Mary E. Poy of Los Angeles.

The committee agreed to provide hotel rooms free of charge to members of the national committee and associated members while at the convention, but they will be required to pay for their meals and railroad transportation as in the past. It is expected that round trip excursion rates to the convention from New York or Washington will be about \$125 including Pullman fares.

CONSUL OF U. S. WITH HIS STAFF QUILTS IRKUTSK

Social Revolutionists Are Completely in Control of That City Says Report

PEKING, Thursday, Jan. 15.—An undated dispatch from Verkhne-Udinsk across Lake Baikal from Irkutsk, says that the Social Revolutionists are completely in control of Irkutsk and the fighting has stopped.

The armored trains of General Bennett have retired to Lake Baikal. Ernest L. Harris, the American consul general at the city of Irkutsk, is on the way to Chita, 400 miles east of Irkutsk, with his staff.

KOLCHAK HELD BY THE REVOLUTIONISTS

VERKHNE-UDINSK, TRANS-BAIKAL, Monday, Jan. 5.—Admiral Kolchak, head of the All-Russian government, is being held here by the social revolutionists, who have formed a new government and demanded the written retirement of Kolchak. The Allied representatives have requested Major General Jules Janin, commander of the Crechs, to safeguard his persons.

RUMANIAN PRISONERS HAVE DISAPPEARED.

PARIS, Jan. 17.—30,000 Rumanian prisoners in Germany have disappeared, according to a telegram from Bucharest and an investigation is being made on demand of the Rumanian government.

FOREIGNERS ARE FRIGHTENED BY RADICAL RAIDS

Hundreds are Reported to be Preparing to Leave the United States

TO LAUNCH CAMPAIGN FOR THEIR EDUCATION

Financial and Industrial Organizations Seek to Keep Element Contented

NEW YORK, Jan. 17.—Raids and deportations have so unsettled the foreign-born population that hundreds employed in basic industries are preparing to leave the United States, according to the inter-racial council, which tonight announced launching of a campaign to "make aliens better understood and to lift them from the status of mere cogs in a machine to the status of human beings."

The council, of which Coleman Du Pont is chairman and which includes more than 400 leading financial and industrial organizations, representatives of nearly all the races in America, purposes, according to its statement, to accomplish the following objects:

To offset Bolshevist propaganda among the foreign-born through nationwide educational activities.

To promote better relations among the races by presenting the side of the foreign-born and translating America to them in terms which they will understand.

To end unrest among the foreign born in industry.

The recent raids and the deportation of aliens who have urged the destruction of government by force are being interpreted by many of the foreign-born as a campaign of repression against them.

"To promote better relations among the races by presenting the side of the foreign-born and translating America to them in terms which they will understand."

AIRPLANE ON URGENT TRIP FAILS DRIVER

Had Started From Chicago to New York with Tube of Anti-Toxin

NEW YORK, Jan. 17.—Death was a double victory in a grim race with an express train and a government mail airplane tonight when two more members of the Paul Delbue family, poisoned from eating olives, died in Fordham hospital owing to the late arrival of the special serum necessary to save their lives.

Another package of serum, which was being rushed eastward from Chicago by mail airplane, failed to arrive, the machine having been disabled and forced to land at Black Oak, Ind.

TRANSPORT STRIKES AN UNIDENTIFIED STEAMER

LONDON, Jan. 17.—The American transport Pocahontas has struck an unidentified schooner near Goodwin Sands, off the mouth of the Thames, according to a telegram to Lloyd's. It is believed the schooner sank.

FORMER KAISER WORKS FOR COUPLE OF HOURS

AMERONGEN, Jan. 17.—The former Kaiser worked two hours today helping the Benelux castle staff strengthen the castle dikes which are threatened by the rising of the Rhine.

POSITION AS TO SOVIET RUSSIA DEFENSIVE ONE

Attitude Indicated by Important Developments Within Past Few Hours

FIRST STEP IN SHAPING A NEW, DEFINITE POLICY

Lifting of Blockade is Regarded as a Propitious Political Movement

WASHINGTON, Jan. 17.—Adoption by the allied government of a purely defensive position against Soviet Russia was underscored today by two important developments in the Russian situation in the past few hours. These developments, which were announced by the state department were:

First—The supreme council at Paris decided yesterday that the allied and neutral countries, which, however, is to imply no change in the policy of the allied governments in "outlawing" the Bolshevist government.

Second—In a note to the Japanese government, the state department announced that the entire American force in Siberia, nearly seven thousand troops, would be withdrawn immediately after departure of the first contingent of Czech Slovaks about the first of February.

Mr. Clemenceau's withdrawal of the American railway commission, under John F. Stevens, which has been supervising operation of the trans-Siberian and Chinese Eastern railways, will be withdrawn simultaneously with the troops.

The action of the supreme council was believed here to be a first step in the shaping of a new and definite Russian policy by the conference of allied leaders now in session in Paris.

That this policy will develop to be a purely defensive one against the Bolsheviki was indicated by the lifting of the blockade, which it was believed, will give Interior Russia a "free rein" finally to accept or reject Bolshevism, unhampered in the decision by great shortages of necessities.

The lifting of the blockade also was regarded by officials here as a propitious political move by the principal of the allied powers.

In Great Britain, France and Italy, there has been a widespread agitation by the radicals against the blockade of Soviet Russia.

AWAITING ADVICES AS TO LIFTING THE BLOCKADE

LONDON, Jan. 17.—Representatives here of Russian co-operative organizations are eagerly awaiting advice as to how the allied decision to partially raise the Russian blockade will be made effective.

Although the official statement setting forth the allied decision indicated that trading between private firms and individuals is still under the ban, the importance of the ruling may be appreciated when it is stated that the cooperative societies, which alone are affected, in recent years have become the chief medium for the distribution of goods to the Russian peasants.

Ten of these organizations having offices in London claim to represent the interests of upwards of 50,000,000 peasants.

It is believed in some quarters that the lifting of the ban on the vast accumulation of Russian produce awaiting export may have a far-reaching effect on prices in the world's markets.

SAYS HIGH OFFICIAL DECLARED U. S. WOULD AS SOON FIGHT THE BRITISH AS THE GERMANS

MEXICANS MAKE A MAN EMBRACE JACK JOHNSON

Follows Refusal of American Merchant to Serve Negro in His Drug Store

TESTIMONY IS GIVEN AT SAN ANTONIO HEARING

Johnson Now Advertising Himself as Real Estate Agent and Appeals to Negroes

SAN ANTONIO, TEX., Jan. 17.—Jack Johnson, once heavyweight champion of the United States, has acquired a certain social status in Mexico, C. L. Gardner of Hot Springs, Ark., today told the Senate sub-committee investigating the Mexican situation. He did it with the assistance of a group of Carranza army officers, the witness explained.

Johnson, who the witness said is now something of a hero in Mexico City, one day entered an American owned drug store and demanded service in the cafe division. The American woman who was serving the table at which he sat, refused to take his order. Johnson, according to the witness, was told it was against the orders of the place to serve negroes.

Johnson left with the threat that he would return and "make trouble." He did, and was accompanied by white Mexican women and army officers. Again he gave an order and the officers compelled the attendant to fill it.

Johnson's testimony was given at the hearing on the store was called to the table by the officers, Gardner said, who with pistols displayed made him shake hands with Johnson and then embrace him. A flashlight photograph of Johnson and his party was taken "to prove he was there."

The order placed by Johnson amounted to more than \$1,000, the witness said, who added that Johnson paid it with the declaration that he would get "what he got" and "he was able to pay."

The incident, which occurred in July, 1915, was witnessed by Gardner, he said.

Since then Johnson has announced himself as a real estate agent. One of his advertisements addressed to "colored people" advised them to buy a home in Mexico, where one man is as good as another and it is not your color that counts."

Gardner told of the elimination of the American taxevmen from Mexico attributing the move against them, largely to the "Gran Liga," a radical labor organization formed late in 1914.

FALL TESTIFIES AS TO MEXICO HOLDINGS

SAN ANTONIO, TEX., Jan. 17.—Replying to charges by a Texas newspaper that he has interests in Mexico that prevent him from being a disinterested investigator, Senator Fall went on the witness stand and under oath said his only holdings there are \$75,000 of mining stock acquired years ago.

COUNT VALLEY IS SENTENCED TO DEATH

MUNICH, Jan. 17.—Count Arco Valley was sentenced to death yesterday for the assassination of Kurt Eisner, the Bavarian premier, at Munich February 21, 1919.

Describing events which led to the assassination, the count said: "I shot him from behind because he betrayed my fatherland."

SENSATIONAL DEVELOPMENTS OKLAHOMA REPUBLICAN FIGHT; HAMON SCORES HIS OPPONENT

MACHINERY IS READY FOR PROHIBITION ENFORCEMENT

WASHINGTON, Jan. 15.—Machinery for the enforcement of constitutional prohibition, which became effective today, virtually was completed with the announcement by Internal Revenue Commissioner Robert of the supervising federal prohibition agents.

Supervisors and the states over which they will have jurisdiction include: Southwestern department, David A. Gates, supervising agent, Little Rock; Missouri, Kansas, Oklahoma, Arkansas, Texas, New Mexico.

Southern department includes Louisiana, D. J. Gantt, Atlanta, supervising agent.

CAUSES DEATH OF HIS FOUR YEAR OLD BABY AFTER WHICH HE HANGS HIMSELF

FARMER KILLS FOUR PEOPLE; TWO WOUNDED

BROOKLYN, CONN., Jan. 17.—Victor Lipponeau, aged 33, a farmer of West Brooklyn, ran amuck with an axe today, killing three persons, wounding two others, and causing the death of his four-year-old baby, and then hung himself.

His first blow was for his wife, who although wounded escaped by rolling from the bed. A neighbor woman who had attended Mrs. Lipponeau was then killed, her falling body crushing the infant. Hitching up a bushes the maniac drove to two neighbors' homes. At one he killed a man in the sight of his two children and at another fatally wounded an eighteen-year-old girl and probably mortally injured her mother.

Had it not been for delays caused by storms it is believed that the serum brought by train from Washington would have arrived in time to save the life of a child who died to-night before the fluid could be administered. His brother, Dominick, who also died, received one injection and rallied slightly. His illness, however, was too far advanced.

WEATHER FORECAST FOR COMING WEEK.

WASHINGTON, Jan. 17.—The weather predictions for the week beginning Monday for the West Gulf states are: Some prospect of rain after middle of week, nearly normal temperatures.

TO ADVERTISERS

The newspaper shortage is becoming acute throughout the United States and Canada. Many newspapers are being compelled to pay exorbitant prices for their newsprint, and their worst problem has been to get paper at any price. There have been great advances in the price of paper, even to the most fortunate buyers.

The Times has been successful in contracting for a supply of paper nearly sufficient for its needs in 1920 but its mill, which is located in Canada, may not be able to make shipments on account of restrictions placed upon it by the Canadian paper controller. Aside from its own particular situation, the Times wishes to join in the conservation of newsprint for the benefit of publishers less fortunately situated and for the public interest. It wishes at the same time to serve the commercial and business interests of Wichita Falls and not to encroach upon its news columns. It therefore calls upon those who advertise to be careful in their use of space and not to use more space than is necessary to fairly present their messages to the public. It believes that if this is done, it will not be necessary for this paper to establish any restrictions upon the use of its columns by its advertisers and that its service to the public as a dispenser of news will not be restricted. It believes advertisers generally are no less interested in the paper problem than the publishers. It believes that co-operation between editors and advertisers can conserve paper to such a degree that newsprint production can catch up with newsprint consumption.

TIMES PUBLISHING COMPANY.

LIVELY DISCUSSION AT THE CONFERENCE OF PAN-AMERICANS

WASHINGTON, Jan. 17.—Live discussion among delegates rather ponderous addresses will characterize the second Pan-American Financial Conference. This decision was made at an organization meeting today and was regarded by the high officials of the Pan-American governments present as a big step toward putting ginger into the deliberations. Its object was sought, it was said, was the clash of ideas which leads to solution of problems, instead of purely academic presentation of views by designated speakers.

The meeting, held at the close of a luncheon tendered the guests in the Pan-American Union building after they had been presented by Secretary Lansing, was itself more like a gathering of corporation directors than a formal diplomatic affair. The minister of finance and other official delegates of the 21 republics of the New World sat informally around the big table in the Columbus room, smoking, jesting, renewing old friendships, while they laid the foundations for the sessions next week, which will have an important bearing on world policy. A spirit of personal good fellowship and international co-operation was evident, of which notice was taken by Secretary Glass, the luncheon host.

"I am sure," he said, welcoming the visitors, "that your deliberations will not only strengthen the ties of sentiment but the bonds of material interests between the republics."

Secretary Glass was elected unanimously president of the conference. Dr. Fernando C. Fuchs, minister of finance, Peru, expressed the opinion that the question of transportation was the important problem before the conference. It applied, he said, to internal railway development as well as to the establishment of steamship lines.

FIND HAT BUT UNABLE TO LOCATE THE OWNER

In response to a report of a man who came to the city hall in the early hours of the morning Sunday a squad of policemen searched the yards of the Long Bell Lumber company, on Ohio street, for traces of a man who the informant said was laying on the ground, evidently under the influence of intoxicants or unconscious due to an attack of "high jacking." But the only thing the searching party was able to find was a green velvet Stetson hat which the man who reported the matter to the police identified as belonging to the man he had seen prostrate by a pile of lumber in the yard. Nothing further had been learned by the police concerning the owner of the hat although the conjecture was that the man had been drunk and had wandered off, leaving his hat.

A thorough investigation of the vicinity with searchlights failed to disclose anything additional and the authorities are holding the hat until the owner comes and claims his property.

ANTI-SEDITION QUESTION ON FLOOR OF THE HOUSE

WASHINGTON, Jan. 17.—Despite the fact that anti-sedition legislation is held up in the house rules committee, the subject came up on the floor today when Representative Huddleston, Democrat, Alabama, charged that agitation for such legislation had "originated with big financial interests centering in New York City" and insisted that present laws were adequate.

Representative Blanton, Democrat, Texas, in answer, asserted that opposition of organized labor had blocked the road of anti-sedition measures in the committee, adding that recently "suggestions of revolution" had been voiced in union labor meetings.

"It is time for all this revolutionary talk to stop," he said.

Chairman Campbell, of the rules committee, said hearings would begin Thursday on the request of the judiciary committee for a special rule to get through the Graham anti-sedition bill, substituted for the Sterling bill passed by the senate recently.

GUAGER IS KILLED IN OIL TANK EXPLOSION

GALVESTON, TEX., Jan. 17.—Fred Winkler, 21 years old, a guager for the Humble Oil & Pipe Line Company, lost his life today in an explosion and fire at one of the storage tanks of the company at Webster. Winkler's home was at League City. The explosion occurred this morning and at 1:40 o'clock this afternoon was still burning. There was no indication that the fire would spread to other tanks.

TO INVESTIGATE THE CHARGE OF IMMORALITY

WASHINGTON, Jan. 17.—Immediate investigation of charges of immorality among the inmates at the Portsmouth naval prison, transmitted to the navy department by agents of the department of justice last October, will be made by the naval authorities, Assistant Secretary Roosevelt announced today upon his return from an inspection of the prison.

GIANTS TO BEGIN TRAINING FEB. 28

NEW YORK, Jan. 17.—The first group of players of the New York National League club will start for the training camp at San Antonio, Texas, February 28. It was announced today, training will begin March 2.

NAME OKLAHOMAN IN REVISED CASUALTIES

WASHINGTON, Jan. 17.—Revision of army casualty lists added the name of Andrew J. Olinger, Rainwood, Okla., to those killed in action.

PANHANDLE SECTION IS TO HAVE HEARING ON PROPOSED TIME CHANGE

AUSTIN, Texas, Jan. 17.—A hearing to determine whether the Panhandle-plains section of Texas shall be placed under central time instead of remaining under mountain time, has been announced by the interstate commerce commission to be held at Amarillo, February 17, according to a notice received by the governor today.

GERMAN ACTOR WANTS TO TAKE KAISER'S PLACE

BERLIN, Friday, Jan. 16.—Ferdinand Bonn, at one time the most popular actor in Germany and a protégé of former Emperor William, has offered to substitute himself for Count Hohenzollern and go to London made up as the former monarch.

"Not so much for the sake of William as for German honor would I do this," Bonn declared.

MARSHALL MOVED TO PREVENT MOB VIOLENCE

TUPPERLO, Miss., Jan. 17.—Charles Marshall, accused of the killing of Robert Mitchell, his son-in-law and daughter and the latter's child, an infant, at the Mitchell farm house near Amory, Miss., Thursday night, was removed from the Tupperlo jail today to a secret place of abode as a precaution against possible mob violence.

SILK RIBBON MILLS PLAN TO SHUT DOWN

PATERSON, N. J., Jan. 17.—Nearly 100 silk ribbon mills here posted notices today that they would shut down Monday morning after the ribbon loom fixers and twistlers had refused to accept a six per cent increase in wages. The workers demanded 15 per cent.

APPROPRIATION FOR RELIEF IN MEXICO

Washington, Jan. 17.—Appropriations of \$10,000 for immediate relief of earthquake victims in Mexico was announced today by the Red Cross. Pending arrival of a representative of the society, the money, which was called today, will be used by the American consul at Vera Cruz as he may see fit.

ST. LOUIS AMERICANS TO TRAIN AT TAYLOR

ST. LOUIS, Mo., Jan. 17.—It was announced here today that the St. Louis American League baseball team had decided to train this spring at Taylor, Texas, and that the team would report there on March 1.

TRACTION COMPANY TO ADD FOUR CARS TO THE EQUIPMENT

NEW SWITCHES WILL BE INSTALLED TO FACILITATE LOCAL SERVICE.

ANNOUNCEMENT SATURDAY

Southland Line to Receive Particular Attention in Matter of Improvements.

With the purchase of four modern, up-to-date electric railway cars, which will be in service here within the next 30 days, and the installation of a number of new switches, the frequency of the operation of cars and the service rendered will be greatly improved, particularly in the district served by the Southland line, according to announcement from the office of the Wichita Falls Traction Company Saturday morning. The installation of the extra switches has been held up some time on account of delay in the shipping of building materials, but all has now been secured with the exception of a shipment of ties which is expected in the near future.

Materials are also rapidly being assembled for the extension of the line to Call Field, it is announced, and it is expected that the beginning of the construction of this line will be announced within the near future.

"In connection with the purchase of this equipment, and the arrangement for this extra service, I want to say that the Wichita Falls Traction Co. derives a great deal of pride from the fact that they have been able to keep up their service and make these improvements without increasing the fares charged, although higher fares are being charged almost all over the entire country today," stated one of the officials of the company in making this announcement.

"And an additional source of pride is, we think, to be derived from the fact that every dollar which has gone into the company is home capital, the owners of the company proving their faith in the future of the city by putting up for the maintenance of this service in Wichita Falls at a time when investors over the entire country have long ago consistently refused to put their money into street railway companies in any section."

KELL MILLS WILL HAVE A CAPACITY OF 9000 BARRELS

The letting of contracts for the erection of new and modern milling plants to replace the old plants of the Glasgow Milling Company at Sherman and the Kell Milling Company at Vernon was announced by Frank Kell Saturday morning, which construction, with the contract let by T. C. Thatcher, manager for the enlargement of the Oklahoma City Mill and Elevator Company, will give the Kell group of mills a daily capacity of 9,000 barrels of flour alone daily.

Besides these plants the Kell group includes the Wichita Mill and Elevator Co., whose local mill is the largest in the state, a mill at Amarillo, now under construction, which is modeled after the local plant, and the Waco Mill and Elevator Co. at Waco. The output of these mills, with the grain business which is carried on through the elevators which have a combined capacity of over 2,000,000 bushels, over 1,000,000 bushels capacity of which is in Wichita Falls, marks this group as one of the largest grain milling businesses in the entire country.

The local mill, which was completed within the year, is regarded by millers as almost a mechanical marvel, surpassing in its eight floor steel and concrete plant every mechanical improvement known to the milling science. The newer construction is modeled after this plant.

The Oklahoma City mill will be the next largest to the local plant in capacity, the enlargements giving it a capacity of 5,000 barrels daily.

The upgrowth of this great business is a record of steady progress, dating back to 1897 when Frank Kell assumed active charge of the small, run-down and hardly successful flour mill which they owned at Wichita Falls, then owned by J. A. Kemp, M. Leaker of Galveston and Morgan Jones, Mr. Kell at that time acquiring the interest of Mr. Jones, and in more recent years the interests held by the others.

ALAMO PARENTS AND TEACHERS CLUB MEETS

The Alamo Parents-Teachers club met Friday afternoon at the school building. Reports received showed that \$250 has been subscribed to the play ground fund and will shortly be used in improving the school grounds. It was also announced that the motion picture machines for the Alamo school has been received and will be installed just as soon as proper electrical equipment can be secured.

Invest Your Life Where You Make Your Living

This week is a testing time of citizenship.

Much of Wichita Falls' future history will be written between now and next Thursday night.

Three thousand Wichitans will be asked to invest in their city.

The investments asked are small individually—in the aggregate they will be a wealth of civic energy.

That energy will be expended and directed in 1920—

To Make Wichita Falls A Better Place To Live

The returns on your investment will be in proportion to the power of that energy.

The source of that energy is Progressive Citizenship.

Resolve now to make your investment.

Make the response unanimous. Your business, your church, your lodge, and most of all, your home will reap the benefit, not only in 1920, but in the after years. Your investment in the

Greater Chamber of Commerce.

will bring returns, through the more democratic, more efficient civic body that will enrich you in countless ways.

The message of this week will be sounded tonight from many pulpits. It will be echoed Monday night at the

Better City Dinner

when the campaign for investments will be inaugurated.

On Tuesday, Wednesday and Thursday, the workers—200 busy Wichitans, will call on the investors.

Let's make this an unforgettable week—a week of profit and a week of inspiration.

Wichita Falls has outgrown the kind of Chamber of Commerce where a handful of men did the carrying on.

The Re-organized Chamber of Commerce will have a place for every worker, and wants to have every worker in his place.

There is too much to do in Wichita Falls, in this year of grace, for a score or so of men to tackle the job by themselves.

We might as well tell you now that we're going to put you to work.

In the first place, there will be a Business Council. This will be the incubator of the organization. Each business, profession and trade will elect two representatives, making 50 to 70 in all.

Through this Business Council the membership will handle every question that has to do with the city's advancement.

In addition to your representation in the Business Council you will be assigned to one of the nine bureaus which will handle the various activities of the organization. You select the bureau to which you think you belong, and in which you believe your service will count for most.

A board of 15 directors will act as an executive committee of the reorganized Chamber of Commerce. Much of the board's former work will be assumed by the Business Council.

The Public Health and Sanitation Bureau will work with the Civic Bureau, first of all to keep the streets and sidewalks clean, through a systematic sanitary policy rather than by spasmodic efforts. Enforcement of sanitary laws will be furthered. Such important matters as extension of hospital facilities will also come under this bureau's jurisdiction.

The Civic Betterment and Beautification Bureau will be a busy concern if it accomplishes a small part of what it sets out to do. The 1920 plans include city planning in all its phases, better street lighting, extension of public utilities to every home; it hopes to attain prompt and lasting results in weed-cutting, street improvement, tree and lawn cultivation. It will work with and through city, county and state officials as far as possible.

The Oil Production and Refining Bureau is to be of real service to every man who makes his living through oil operations. By working with the Oil Producers and Refiners Association the best interests of the oil industry will be furthered in every possible way.

The Traffic and Transportation Bureau's present work will be broadened and extended and made of even more general value than in the past.

The Irrigation Bureau will labor unceasingly for summation of the great project that is in the hearts of so many Wichitans. The year 1920 should bring this project very close to achievement.

The Agricultural Bureau's program includes promoting of modern methods of agriculture, improvement of rural living conditions, extension of farm credits, betterment of marketing and shipping facilities, encouragement of exhibits, and last but not least, the carrying out of the good roads schedule.

The Mercantile Bureau will look to the widening of trade territory to increased home buying, to protection of members from unworthy propositions. It will co-operate with the Retail Merchant's Association in all mercantile activities.

The Industrial Bureau will work both to help the factories already here and to bring such new industries as it is found can be profitably operated. "Better lose the factory than let the factory lose," will be this bureau's slogan.

The Publicity Bureau will endeavor to make it generally known what Wichita Falls is doing along permanent and substantial lines. It wants to make Wichita Falls a by-word not so much for speculation and money making opportunities as for civic beauty and pleasant living conditions.

Through these agencies you can work with an organization that is working for you.

Wichita Falls has had a commercial organization since its earliest days. Always there have been citizens with great faith, ready to back their faith with their works.

The spirit and purpose of the citizenship now need a different organization through which to work. The Chamber of Commerce is being re-organized to meet the new needs.

The value of a thing depends upon the use that is made of it.

The Greater Chamber of Commerce is going to be more valuable by being more useful to every citizen, whatever his station in life or degree of prosperity.

There is much to be done. The support and help and influence of a united citizenship is required to do it. If this is your home, here is where your real interests must be.

The Greater Chamber of Commerce invites you into real, broad-gauged citizenship, through service. Yours will be the profit in all that is attained.

GRAND JURY WILL RECONVENE MONDAY IN THE 30TH COURT

The grand jury will reconvene in the 30th district court Monday morning at 10 o'clock after a recess of one month. It is understood that the grand jury will remain in continuous session for several days and that a large number of cases will be investigated.

ONLY ACREAGE INVOLVED IN RECEIVERSHIP SUIT

Only twenty-five acres of the 1,000 held by the General Oil company and not the company itself are affected by the receivership proceedings in the 30th district court here on Thursday of last week. It was announced from the company's local office Saturday. The appointing of a receiver for this twenty-five acres was the result of a boundary dispute.

BIRTHDAY PARTY FOR WILLIE FITZGERALD

Willie Fitzgerald celebrated his seventh birthday on Saturday, January 14, at the home of his parents, Judge and Mrs. W. E. Fitzgerald, 3415 Ninth street. Games and contests were enjoyed, and late in the afternoon refreshments of iced cake were served, after the cutting of the birthday cake, which was decorated with seven burning candles. The guests were: Allen and Mary Clark, Mary C. Booth, Edna and Harry Dwyer, Edward Moran, Joe Moran, Earl Carl, Frances Breedlove, Clint Broday, Sarah Lee Smith, Peggy Smith, Emmaline Lewis, Richard DeLaney, G. D. and Dorothy Shamburger, Halma Broday and Junior Broday.

Mr. and Mrs. Joe Colonna left Saturday night for New York. They will visit other eastern markets and will return to Wichita Falls about February first.

Fly with Hall today. Call Field, 232-17.

FIRST STATE BANK AT IOWA PARK RE-ELECTS OFFICERS AND DIRECTORS

The old officers and directors will continue in the First State bank at Iowa Park which has been open less than a year. These officers are: L. N. Lockridge, president; L. C. Denny, vice president; F. M. Jack, vice president; H. R. Denny, cashier. The directors are: L. N. Lockridge, Fred M. Jack, A. C. Golden, L. C. Denny, and H. R. Denny.

THROWN FROM HORSE AND WRIST IS FRACTURED

Miss Edith Van Doren, 1511 Tenth street, sustaining a fracture of the wrist and other less serious injuries when she was thrown from a horse while horseback riding on Ninth street late Friday afternoon. Miss Van Doren is employed in the bookkeeping department of Carroll, Brough, Robinson and Gates.

SEEK TO PREVENT LOCATION OF STORE

An application for an injunction requesting that W. R. Lanning not erect a drug store on block 64, Red River valley town, was filed Saturday in the 30th district court by J. J. Lee and Company. The plaintiff alleges that he owns lease rights to the land upon which the drug store is being erected. It is declared in the petition that a drug store built of lumber is inflammable material and therefore should not be erected in the vicinity of an oil well.

MORTUARY

Chester B. Kinney To go through the abet and shell on the fields of France where he served as an aviator without a scratch and have his life snuffed out by a flying crowbar in the oil field. The young man's parents in Washburn, Wisconsin, accompanied by George Berge, a friend of the deceased who came here with him two months ago to work in the field.

Mrs. Mary Crittenden Mrs. Mary Crittenden, 44 years of age, one of the first inhabitants of this city who moved here in 1885, died at her home 213 Bluff street Friday morning. Funeral was held Saturday morning at 10 o'clock at the residence conducted by Rev. N. F. Grafton, of the Presbyterian church with burial in Riverside. She is survived by a son, R. J. Watson and a daughter, Betty J. Taylor, both residing in Wichita Falls.

Minnick Funeral Saturday The funeral of J. F. Minnick, prominent hardware dealer of Petrolia who died here Thursday night was held at 2 o'clock Saturday afternoon at the home of his daughter, Mrs. J. C. Daniels, 1205 Filmore, conducted by Rev. N. F. Grafton under the direction of the I. O. O. F. local chapter, with burial in Riverside cemetery. He was survived by five sons and two daughters all of whom were present at the funeral.

Charles Moys Charles Moys, about 55 years of age died at his room in the rear of 606 Ohio Avenue Saturday night. Nothing could be learned regarding the man's relatives and the body is being held at the undertaking parlors of Merkle and Lunn while an effort is being made to locate some of his friends or relatives. Death was due to natural causes.

IS CANDIDATE FOR CITY ASSESSOR AND COLLECTOR

The Times is authorized to announce the candidacy of J. A. Thomson for the office of city tax assessor and collector. Mr. Thomson is now at El Paso City, Texas where he is recovering from the effects of her health. He claims that she is much improved and that his efforts to bring her back to Wichita Falls soon when he will be in a position to take the office. Thomson is one who has seen a great deal of adversity but has kept his courage and has come through this with his hope and confidence. Mr. Thomson has been a resident of Wichita Falls for several years coming here from Winters. For nearly two years he has been employed as a newspaper at the Standard Garage and his employer and his fellow workers are his staunch supporters and friends, and Mr. Thomson is glad to refer to them in connection with his candidacy.

The Times submits his candidacy for the favorable consideration of the voters of Wichita Falls.

OIL FIELD WORKER IS SERIOUSLY BURNED

George F. Humphrey, an oil field worker at Burk Burnett, received serious burns and scalds in an accident in the oil fields a few days ago. He was brought to Wichita Falls and is being cared for in a private home being unable to secure accommodations in the Wichita General hospital due to crowded conditions there.

No doubt you have been wondering for a long time what the new styles would be this season. We will take pleasure in showing you the very latest. New shipments are arriving every day, so don't fail to visit our store at your first opportunity. Taffeta is featured in many of the modes. They come in straight and frilled effects. Prices range from

\$42.50 to \$80.00

Special for Monday

One lot of hose, special price **Half Price** \$1.25. All Beaded Purses at

Springtime Millinery

What a joy it is to select a new hat when one has such a charming assemblage of attractive and authentic new modes to choose from.

Milan shapes faced with satin or taffeta have up-turned brims. Lisere sailors offer high crowns. Fibre, silk, straw and felt combinations are also featured. Prices, despite the unusual distinctiveness offered, are invitingly moderate.

Come in and see our advance showing of the newest styles.

DESCHANEL HAS LARGEST VOTE SINCE THIERS

First President of Republic Alone Secures a Greater Majority Vote

IS CREDITED WITH BEING ADAPTED TO POSITION

Premier Briand Credited With Large Share in Result of the Election

VERSAILLES, Jan. 17.—Paul Deschanel was elected president of the French republic today by 734 votes of the 899 members in the national assembly voting. His majority was the largest since the election of Louis Adolphe Thiers, the first president after the fall of the empire, who was chosen unanimously.

The result was certain since the caucus of yesterday at which M. Deschanel was chosen the candidate of the Senate and Chamber of Deputies, comprising all the various parties. The election took on, besides a holiday character, the atmosphere of a patriotic manifestation.

The feeling among the senators and deputies was that after the retirement of Premier Clemenceau from the cabinet to whom the parliament was disposed to give evidence of the nation's gratitude, it was fitting that the new president should come into power with a vote that would give him the necessary authority to speak impressively for France. The general sentiment is that while M. Deschanel has not won the presidency by such outstanding services as those rendered by Premier Clemenceau, he is a man admirably adapted for the position, which requires careful tact, and he is above all a sane man.

Proceedings Formal. The proceedings, as provided in the constitution, were formal, giving little occasion for enthusiasm when the vote was announced. However, the members of parliament on the floor and the visitors in the gallery joined in a great outburst of acclamation, while former Premier Briand, who is generally credited with a large share in the election of M. Deschanel, declared to a group of friends, "France and the republic continue."

Madame Deschanel and her children witnessed the demonstration from the gallery and returned to Paris with the president-elect in a motor car.

After the balloting Leon Bourgeois, president of the national assembly, announced only the vote for Deschanel, complying with the request of others who received votes not to include them in the minutes. Mr. Bourgeois made an address of congratiation to the president-elect, pledging him the support of France.

M. Deschanel replied: "The national assembly, in calling

TO SHOW ORIGINAL PARCHMENTS DECLARATION OF INDEPENDENCE AND CONSTITUTION OF THE U. S.

WASHINGTON, Jan. 17.—Recent activities of radical propagandists led Secretary Lansing this week to display for the first time in eighteen years the original parchments of the Declaration of Independence and the constitution of the United States.

In the presence of a group of officials, the parchments were removed from the protecting walls of a steel safe and placed on view in the state department for an hour, while motion picture cameras recorded their appearance.

Theatres from Maine to California and from the Gulf to Canada will exhibit the films in the coming weeks in an effort to remove from the public mind in every city, town and village any possible effects of recent red activities.

Owing to their age, exhibition of the parchments is a rare event. Exposure to light, even though each sheet is protected carefully from air by hermetically sealed glass plates, causes additional fading of the ink inscribing the immortal words which brought the republic into being.

It was only the hysterical clamor of radical agitators that induced Secretary Lansing to enlist the co-operation of the press and motion picture industry to remind the people of this country of their debt to the land in which they live.

Both the declaration and the constitution were found in excellent condition. The former for many years has been very faded, due to the fact that a "letter press" copy, from which reproductions have come, was made about 70 years ago and in the wetting necessary much of the ink was lost. The signatures are very indistinct except for the famous "John Hancock," written extra large with flourishes and in the most prominent place, so that his advocacy of the document's principles should be known to all the world.

In an address to the company witnessing the exhibition of the documents, Secretary Lansing said he had found the constitution safe so far as the forces of nature were concerned and that the American people should protect it equally well in their minds and hearts.

Card of Thanks. We want to express our sincere thanks to our many Wichita Falls friends for their words of comfort and sympathy in the last hours of our dear beloved wife and mother and sister and for the beautiful flowers that were sent from our Wichita Falls friends. They will ever be remembered by us. May God bless you all in our prayer.

W. Y. Hammack and family, Wichita Falls.

C. J. Jones and family, Wichita Falls.

T. G. Hammack and family, Brookston, Texas.

Elks' Notice. The regular meeting which was to have been held Monday evening, Jan. 19, has been postponed until Wednesday evening, Jan. 21, on account of the Chamber of Commerce banquet.

H. C. English, Secretary. 321-32c.

Few judges have had a greater number of cases to come before them. Judge Scurry is one of the most public spirited citizens Wichita county has ever had and he has given his time to many progressive movements that have placed this county at the forefront among the communities of the state. He has many friends who will be glad of the opportunity to testify to his worth by voting for him in the primary.

A New Shoe Store For Wichita Falls

On or about February 1st we will open at 824 Indiana Avenue (the location formerly occupied by Bert Bean's Coffee House)—

QUESTION RIGHT OF JUDGE TO CONDUCT SIMILAR INQUIRIES

LEAVENWORTH, KAN., Jan. 17.—Doubt of the right of a federal judge to cause an investigation of army administrative affairs was expressed tonight by Major General James McRae, commandant of the disciplinary barracks at Fort Leavenworth. General McRae commented on the order of Federal Judge John G. Pollock of Kansas City in ordering United States Attorney Robertson to investigate a situation brought out in testimony at the trial of 11 men, charged with conspiracy to issue and pass fraudulent treasury certificates printed on a press at the disciplinary barracks.

The testimony, the court said, was either perjured, or carried severe reflection on a "great department of the government."

That the order of Judge Pollock for a complete investigation will not be carried out without direct authority of the war department was the belief of General McRae tonight. "If the department of justice agents come to the prison for an investigation with orders only from Judge Pollock I intend to take the matter up with Secretary of War Baker," he said.

"A federal judge might have the power to order an investigation concerning an individual prisoner in cases of complaints about abuse, but in my opinion, not an investigation of army administrative affairs," declared the commandant. "The matter about which Judge Pollock referred to took place before I was situated here and I know very little about it, but I can say that it has been investigated thoroughly."

"About a year ago there was a form of self-government in the prison but that is not in force now. So far as I know there has been no investigation started. At present the best of order exists at the prison."

RECOMMENDATIONS OF THE HOUSE BILL REVERSED

WASHINGTON, Jan. 17.—Reversing the recommendations of the House bill for disposition of military camps, the Senate military subcommittee today recommended continuation of Camps Eustis, Va., Gordon, Ga., and Taylor, Ky., until their necessity can be determined in a general military program. Other changes in the House bill by the Senate committee provide for small increases at Camp Normoyle, Texas, and the army property at Raritan, N. J.

PLAN NEW HONOR FOR CLEMENCEAU

PARIS, June 17.—A number of senators and deputies are circulating among the members of parliament a resolution to confer upon Premier Clemenceau the title of "Savior of the Country." It is proposed to pass an enabling act to make this title official.

FOREIGNERS ARE FRIGHTENED BY RAIDS

(Continued from Page 1.)

and mines, but it is tending further to decrease the production which already had dwindled as an aftermath of the war.

Million to Leave
"The average annual emigration for the four years before the war was 594,800. According to United States immigration authorities, 1,125,000 foreign-born will leave America in the near future."

"The raids and deportations are not alone unsettling the foreign-born, the apparent discrimination is unsettling them. The person of foreign birth, participating in activities which are aimed at the destruction of our government by force, is arrested and held for deportation whereas an American who may be employed in the same shop with him, who is a member of the same radical organization and a participant in the same ultra-radical activities, is not molested."

"That is the condition that is making the foreign-born in America believe that there is one kind of justice for them and another kind for the native residents."

APPRAISEMENT OF PART LAWYERS HAVE TAKEN DEVELOPING INSTITUTIONS

KANSAS CITY, Jan. 17.—An appraisal of the part lawyers have taken in the development of American institutions was made by Charles H. Brough, governor of Arkansas, in an address tonight before the Kansas City Bar Association.

"I am reminded that fourteen of the first sixteen presidents of the United States were lawyers," said the governor. "and that since the civil war, every president save one has been a lawyer, and that the present chief executive in his early career practiced law in Atlanta, Ga."

"The lawyers came into being because society required a spokesman who could give expression to the social order which characterized civilization as distinct from the chaos that characterized barbarism."

"The issues of Bolshevism and anarchism versus one hundred per cent Americanism have become acute. There is a great disposition on the part of the individual, growing out of social unrest and the enactment of federal statutes which restrain personal liberties, to disregard the majesty of the law."

Governor Brough condemned alike the combinations of capital that oppress and profiteer, and the combinations of labor that are "willing to sacrifice suffering humanity that the ends of radical unionism may be attained."

FORMER EMPRESS TO ENTER A MONASTERY

PARIS, Jan. 17.—Former Empress Augusta Victoria of Germany, who is at present at Potsdam, contemplates entering a protestant monastery in England or America, according to a report received here from Basle. Her health is reported bad, but it is said she is not in a serious condition.

NEW YORK, Jan. 17.—Edmond De Valera opened a campaign to float a \$10,000,000 bond issue for the Irish "republic" here today by receiving the freedom of the city hall while a band from New York "fighting Irish" national guard played the "Wearin' of the Green."

SOVIET RUSSIA REQUISITIONING FOOD WITHOUT PAYMENT

RED SOLDIER TAKING FOOD WITHOUT PAYMENT

"In the name of the Soviet," say the Red soldiers, and with that the wretched shopkeeper must be content, for to his disillusionment he has found out that to protest is useless and often leads to arrest or worse. Their stocks are forcibly requisitioned without payment, and the poor trades people must stand by without a murmur and watch the soldiers of the Soviet swagger off with their plunder. The artist here has drawn a picture from the personal description of Mr. J. Jeffery, showing just such an incident. The Red soldiers, arms full of loot, and one whose plunder is too heavy to carry, it being a large flat Russian cheese, which he is rolling along like a cartwheel, are just leaving a small tradesman's shop. The tradesman and his daughters stand terrified behind the counter, not daring to object.

WESTERN AMATEUR GOLF CHAMPIONSHIP TOURNAMENT IS AWARDED TO MEMPHIS

CHICAGO, Jan. 17.—The Western Amateur Golf championship tournament was awarded to the Memphis, (Tennessee) Country Club tonight at the annual meeting of the Western Golf Association here.

The open tournament was assigned to the Olympia Fields Club of Chicago and the junior championship to the Bobolink Club also of Chicago.

Wilbur Brooks of the Mayfield Court Club, Cleveland, was elected president to succeed Charles F. Thompson of Chicago, who has served three terms.

The only contest over the awarding of championships was for the amateur event, which required two ballots and a majority. The Town and Country Club representative then threw his club's ballots to Memphis, giving the tournament to the southern links.

The directors set the tournament for July 1917, but left the other dates open so as not to conflict with the United States Golf Association, which has not announced dates for its tournaments.

DELEGATES WELCOMED BY SECRETARY LANSING

WASHINGTON, Jan. 17.—Latin-American delegates to the second Pan-American financial conference which begins here Monday called at the state department today and were welcomed by Secretary Lansing. They went to the treasury department where Secretary Glass received them and later were guests of Secretary Glass at a luncheon.

The Latin-American countries were represented, nine ministers of finance being included in the delegation. Among the most important subjects to be taken up at the conference and which were discussed informally today by the delegates and representatives of the United States are transportation questions, both domestic and foreign, and problems of equalization of production and distribution.

LOUIS CABRERA WILL NOT COME TO SAN ANTONIO

Declines to Testify Before the Senate Committee Investigating Mexico

EXPRESSES OPINION IN A WIRE TO SENATOR FALL

Says it Would be Useless to Visit Mexico to Know Opinion of Various Groups

SAN ANTONIO, TEX., Jan. 17.—Louis Cabrera, Mexican minister of finance, will not come to San Antonio to testify before the Senate committee investigating the Mexican situation. In another graphic message to Senator Fall he declined the counter invitation and expressed the opinion that if Senator Fall thought it essential to know the opinion of various rebel groups, it would be useless for him to visit Mexico. Senator Cabrera insisted, however, that Senator Fall "would be able to see the truth through a guest."

Following is the text of Cabrera's reply: "I acknowledge receipt of your telegram of yesterday and am very sorry that you have not taken my telegram in the same and spirit in which it was sent, that is to say, a really sincere and candid invitation that you would visit and see our country. "Your telegram declining my invitation is, nevertheless, the most illuminating document that could have been written since it gives us the opportunity of knowing the real conditions in the country that you are carrying on. The fact is that the government of Mexico could not invite you to come and have conferences with the rebels, 3,000 miles away from them, and see the country and I can assure you that there is not a railway line here you could not go in a special car under the protection of our troops. If you consider it essential to know what the opinion of such and such a group of rebels is, and if you think that the best way of ascertaining the real conditions in our country is to listen to reports instead of seeing the way the nation is living and working, I do not believe that we can be of any use to you. I do not think that, being as you are a man of very independent criterion, that you would not be able to see the truth even though you were our guest. "I am very sorry that I cannot accept your invitation to go to San Antonio, and in fact, I do not see any purpose to my trip since my opinion has been perfectly consistent on the point that the investigation that the Senate is carrying on is contrary to international principles and respect due to the sovereignty of my country. "I welcome the opportunity you have given me to exchange a few words and of knowing the true object of the investigation. Hoping to meet you personally some time in the future, I am most cordially yours. (Signed) "LOUIS CABRERA."

REPORT ON CONDITION OF RESERVE BANKS
WASHINGTON, Jan. 17.—The combined resources and liabilities of the 12 federal reserve banks for the week ending January 16, follows:
Resources:
Total gold held by banks, \$788,703,000.
Total gold reserves, \$2,043,878,000.
Total reserves, \$2,104,261,000.
Total bills on hand, \$2,575,740,000.
Total earning assets, \$3,022,834,000.
Total resources, \$6,272,446,000.
Liabilities:
Total gross deposits, \$2,938,913,000.
Total gross deposits, \$2,938,913,000.
Total liabilities, \$6,272,446,000.

(Continued from Page 1.)

prior to its declaration there was nevertheless no mature plan developed or naval policy adopted in preparation for war in so far as its commander in Europe was concerned. "The navy department did not announce a policy until three months after war was declared—at least not to its representative and the commander of the forces in Europe. "The navy department did not enter wholeheartedly into the campaign for many months after we declared war, thus putting a great strain upon the morale of the fighting forces in the war area by decreasing their confidence in their leaders. "The outbreak of hostilities found many important naval units widely disposed, and in need of repair before they could be sent to the critical area. Destroyers arriving in the war zone had been cruising extensively off our seaboard and in the Caribbean when war was declared and were rusted through a brief and inadequate preparation for distant service. "Charges Violation of Principle. "During the most critical months of the enemy's submarine campaign against the Allied lines of communication the department violated the fundamental strategic principle of concentration of maximum force in the critical area of the conflict. "The department's representative with the Allied admiralty was not supported during the most critical months of the war, either by the adequate personnel or by the adequate forces that could have been supplied. "The department's commander in the critical area of hostilities was never allowed to select his principal subordinates and was not even consulted as to their assignments. "A fundamental principle of the art of command is here involved. "The navy department made and acted upon decisions concerning operations that were being conducted 3,000 miles away from the conditions were such that full information could not have been in its possession, thus violating an essential precept of warfare that sound decisions necessarily depends upon complete information. "Says Plans Impossible. "Instead of relying upon the judgment of those who had had actual experience in this peculiar warfare the navy department, though lacking not only this experience but also lacking adequate information concerning it, insisted upon a number of plans that could not be carried out. "Many of the department's actions so strongly implied a conviction that it was the most competent to make decisions concerning operations in the war zone that the result was an impression that it lacked confidence in the judgment of its representative on the council of the Allies and its representative commander in the field. Its fundamental principle that the action on the part of superior authorities should indicate confidence in its subordinates. If such confidence is lacking it should be immediately restored by ruthlessly changing the subordinates. "To interfere with the commander in the field or afloat is one of the most common temptations to the government—and is generally disastrous.—The influence of seapower upon history, Mahan. "The department did not resist this temptation and its frequent violation of this principle was the most dangerous error committed during the naval war.

PLANS COMPLETE FOR CHAMBER CAMPAIGN

(Continued from Page 1.)

First Presbyterian church, Secretary Hubert Harrison will take charge of their teams, and start the campaign of the church to Civic Life. Rev. O. Powers, who will speak at the First Baptist church on "Great-ness of the Church in Civic Life." The campaign will progress at such a rate that there will be little left to do Thursday.

Meet Tuesday Morning
Tuesday morning at 9 o'clock, the 200 workers will meet at the Elks Club room, where captains will take charge of their teams, and start the campaign. The teams will work only two and one-half hours daily, stopping each day at 11:30. The reorganization committee hopes that the campaign will progress at such a rate that there will be little left to do Thursday. "Each of the 200 team-members has received a letter from Chairman B. F. Johnson of the campaign committee, as follows: "Fellow Worker—At a meeting of the campaign committee, you were selected to serve on Team No. —. It is absolutely essential that you be present Tuesday morning at 9 o'clock, Elks Club room. This is an efficiency movement, and its success depends entirely upon you and your fellow workers, who have so loyally pledged yourselves to carry out this campaign of financing the Chamber of Commerce for three years, in a drive of only seven hours. "An envelope containing cards of persons to be seen, geographically arranged, so that your committee will be confined to a small territory, will be ready for you. "I believe we all realize that we have an opportunity to build up, during these three days, one of the largest and strongest commercial organizations in the entire South. We can achieve this record if each worker will do his part. "Organization of the teams, with a special committee on invitation, was completed Saturday. The list follows: List of Committees:
Special committee: Walter Cline, chairman; C. W. Reid, vice chairman; T. P. Adams, Reese S. Allen, H. Brittain, Dr. Frank P. Brown, W. S. Curlee, Dr. J. W. Greenwood, W. B. Hamilton, R. O. Harvey, Lester Jones, Frank Kelly, N. H. Martin, W. J. McCallister, C. E. McCutcheon, T. R. Nobe, R. E. Nixon, W. M. Priddy, A. C. Parker, H. L. Queatt, P. A. Rogers, R. E. Shepherd, W. W. Silk, Sam Sparks, Marvin Smith, J. I. Staley, and G. C. Wood.
Captains and Co-Workers—Team No. 1—Tom Bergin, captain; J. Willie Talbert, Bert Bean, Wm. Bonner, L. Webb and J. T. Montgomery.
Team No. 2—A. W. Burnetts, captain; Frank Collier, R. B. Robbins, John W. Thomas, Paul Cotner and C. W. Payne.
Team No. 3—J. H. Bland, captain; H. H. Martin, J. S. Bridwell, W. Daniels, Walter S. Prewitt and J. W. Akins.
Team No. 4—J. R. Chambers, captain; T. J. Wagoner, J. L. McMahon, F. D. Keim and W. M. McGregor.
Team No. 5—F. P. Timberlake, captain; A. R. Cotton, A. B. Booth, H. B. Larkin, W. M. Moore, J. C. Jonling.
Team No. 6—L. L. Dixon, captain; Floyd E. Ard, Rev. O. L. Powers, J. C. Rents, Dr. W. S. Tyson.
Team No. 7—Jack Christerson, captain; W. S. Curlee, J. H. Patton, Dr. Curtis Atkinson, H. A. Meyer, Chas. E. Watson.
Team No. 8—Wm. Huff, captain; W. S. Norton, J. P. O'Donohoe, Horace Robbins, Chas. Anderson.
Team No. 9—Sam Hornbeck, captain; W. P. Willis, E. H. Bredlove, Chas. Forenphol, Edgar P. Haney, G. E. Starler.
Team No. 10—A. L. Huev, captain; Stanley E. Fields, Jax. B. Walker, W. B. Hamilton, H. B. Patterson.
Team No. 11—J. V. Howell, captain; Judge A. H. Carrigan, T. E. Baird, J. J. Perkins, Claud Wood.
Team No. 13—Rhea S. Nixon, captain; Louis Pink, H. L. Bowman, F. H. Alexander, Dr. A. D. Patislo, Dr. David Goldberg.
Team No. 12—N. O. Monroe, cap-

URGE CELEBRATION OF BOY SCOUT ANNIVERSARY

AUSTIN, Texas, Jan. 17.—Governor Hobby, in a proclamation issued today, urged every citizen of Texas to co-operate in observing February 8 to the tenth anniversary of the Boy Scouts of America, as "good turn" week.

Y. W. C. A. BUILDING SITE IS SECURED AT EIGHTH AND BURNETT

The Young Women's Christian Association residence and activities building will be erected at the corner of Eighth and Burnett, the southeast corner at the intersection of these two streets having been purchased on Saturday from C. C. Bunnenberg, and S. Youngblood. The property is 150 feet square, two lots comprising the Bunnenberg property, and the third being the Youngblood home. The purchase price of the entire property is \$50,000. Forty thousand dollars was paid for the corner and second lots belonging to Mr. Bunnenberg and \$10,000 for the Youngblood property. A voluntary contribution of \$3,000 is announced by Mr. Bunnenberg to the Y. W. C. A. building fund. The goal was substituted by Curlee & Johnson, who contributed the usual commission to the Y. W. C. A. The plans call for only one building for the Association at present, this change from the original plans to have two buildings, one of them downtown, having been decided upon at an executive meeting held this week. The rapid changes in the business center were considered as making it impractical to decide upon a downtown location at present. The site secured close in, being only a few blocks from the business district, and as near in the center of the city with relation to the schools as could be secured. It was considered as being admirably adapted to the use as a combined residence and activities building. The selection of a local architect and the details of building construction will be taken up immediately, according to Mrs. W. W. Silk, the president of the board. Every effort possible will be made to expedite construction, though the usual difficulties in securing labor and materials is expected to be encountered. Fly with Hall today. Call Field, 232-119.

TWO MERCHANTS ARRESTED ON PROFITEERING CHARGE
CHARLESTON, S. C., Jan. 17.—E. Geary and Fred Moore officers of a department store company here, were today arrested under a federal warrant charged with selling women's dresses at excess profits during November and December. Government agents who have been investigating merchandise in Charleston, charged that the company had sold dresses at \$98 for which it had paid \$47.50.

NO PROVISION FOR INCREASING SALARIES
WASHINGTON, Jan. 17.—No provision for increased salaries for American ambassadors and ministers was made in the diplomatic and consular service appropriation bill for 1921, which was completed today by the house foreign affairs committee.

GOVERNOR BROUGH DENIES TESTIMONY GIVEN BY BRATTON

KANSAS CITY, Jan. 17.—Emphatic contradiction of testimony which he said had been given by U. S. Bratton before the Senate Judiciary committee was voiced in a statement given out here tonight by Governor C. H. Brough of Arkansas. "Mr. Bratton, who formerly was postmaster of Little Rock," said the governor, "told the Senate committee a system of peonage exists in Arkansas, and in other southern states, whereby the negro is oppressed. He was testifying in support of a federal anti-lynching law, and cited the uprising at Elaine last October in support of his contention. "The Elaine trouble was the direct result of a conspiracy on the part of an organized group of negroes to enforce certain demands from the farmers. The uprising failed because it was started prematurely and I was able to reach Elaine and Helena with federal troops in time to prevent a clash which had occurred, undoubtedly would have cost the lives of many, both white and black. "The people of Arkansas, of course," said the governor's statement, "do not uphold lynching, nor any form of mob action, but we do feel that a federal law is unnecessary—that the people of the state are able to meet the situation themselves."

THREE-STORY BUILDING AT TENTH AND BURNETT BY WHEAT & CHENAULT

Materials are being placed on the ground for the erection of a three-story brick garage and auto show room at Tenth and Burnett by Wheat & Chenault. The building will be 100x100 feet, and will cost in the neighborhood of \$40,000 to \$50,000. The erection of this building marks a distinct advance of business buildings into the residence section, being nearly two blocks further out than any other business structure. Fly with Hall today. Call Field, 232-119.

ALLEGED DISCOVERY OF A PLOT AGAINST THE GOVERNMENT

LITTLE ROCK, Ark., Jan. 17.—Governor H. C. Brough, addressing a state meeting of merchants here late yesterday, said he had been given confidential information by the war department that a nationwide plot to overthrow the government had been discovered. The plot, he said, was of serious proportions. He urged assistance in organizing a national guard to aid in suppressing the outbreak, saying the war department had asked him to have all Arkansas troops in readiness. Governor Brough said he had received a letter from the war department asking him to have all Arkansas national guard troops ready for service in event the alleged plot, work of Bolshevik forces, was carried out.

INFORMATION COMES TO ATTORNEY GENERAL

KANSAS CITY, Mo., Jan. 17.—Information of the discovery of a plot to overthrow the United States government came to Assistant Attorney General F. F. Friedman of Arkansas just a few days ago, said Governor Brough of that state, in Kansas City today. "The message gave no intimation of the extent of the plot, nor of the time at which it might be expected to come to a head," said Governor Brough.

RECEIVE SUPPLIES FOR CALL FIELD HOSPITAL

Furnishings and supplies for the emergency hospital at Call Field are arriving daily. C. W. Snider, the committee in charge reported Saturday, and the prospects for an early opening of the much-needed institution are considered good. Miss Carrie Webster, who has accepted the position as superintendent, is expected to arrive in Wichita Falls in a short time. Miss Webster will make up her staff on her arrival here. Fly with Hall today. Call Field, 232-119.

Announce Baseball Schedule For 1920 Season

WICHITA FALLS HAS NO CAUSE TO COMPLAIN AT DISTRIBUTION OF CHOICE DATES FOR GAMES

In drawing up the 1920 schedule for the Texas league, Frank Roberts must have decided it was only fair to permit Wichita Falls to be the first to see their new arrangement of Class B games in 1920. At any rate, Douglas kindly headed the local Texas league eleven straight games at home with which to blow the lid off the season.

Ham Patterson's Submarines from Dallas will be the first victims (let's hope "victim" is the right word!), opening here on April 16 for a four-game series. After that, the Submarines, Walter Salm's crew will tackle Shreveport for four diamond battles, beginning April 29; and when Shreveport's hopes have been blasted the "Palmites" will romp all over the Fort Worth Panthers three days in succession. We may be slightly optimistic in describing the results of the above games, but might as well start the season with the conviction that Wichita Falls is going to bring home that Texas league pennant.

It will be a treat to the local fans to see the new club in action those eleven days—but immediately thereafter no treat is in store for the players. Starting with the North April 27, then leaping wildly to Shreveport the following day, the Wichita Falls club will be on the road for 27 bitter contests. The club will swing around the entire circuit, meeting every other club in the league before the heart-breaking journey home ends. On that night of 27 games, Wichita Falls and Fort Worth will go to the mat seven times, thereby furnishing the fans some basis of comparison between these two clubs at last.

The locals open again at home with Houston on May 24, and will cavort about the home pasture until June 5, during that period meeting Houston, Beaumont, Galveston, and San Antonio in turn for three and four game series.

As for the rest of the schedule, brother fans, just clip a copy of it from The Times and dope it out for yourself. You'll notice that on Sunday, July 4, Dallas will be in our midst, and that well known holiday should bring out a whole lot of Wichita Falls has drawn eleven Sundays at home, out of a total of 22 Sundays in the entire schedule—more than fair, say we?

The toughest part of the schedule, aside from that springing the lid off the circuit, concerns itself with the many one-day stopovers in Fort Worth and Dallas. One-day stands are hard on ball players, and the locals will have to face a number of these. However, that's a mere bagatelle to Walter Salm's hard-balled outfit—kick 'em, cowboy!

BOXING TOURNAMENT TO BE JUDGED BY WOMEN

NEW YORK, Jan. 17.—Fighters with good looks may have a big advantage here Monday night at a boxing tournament to be held for the wounded soldiers of Fox Hills hospitals. The judges are to be women. Mrs. Edward McKiver, Mrs. Theodore Roosevelt Pell and Mrs. Joseph H. Carr, prominent in society, are to assist Referee Ray Smith, sergeant of the 15th infantry, in deciding winners of the bouts in which Jack Britton, Eddie Fitzsimons, Kid Norfolk, Bill Brennan, Joe Welling, Frank Moran, Mickey Russell, Charles Beecher, Benny Valger and Johnny Shepard, the English lightweight, are to take part.

PEZEK IS DIBARTIFIED WITH THE DECISION

OMAHA, NEBR., Jan. 17.—Receipts for the Stecher-Pezek match last night were less than \$20,000. The attendance was 5,700.

Pezek today expressed dissatisfaction with the decision of Referee Smith. He claims his shoulders were not down on the deciding fall.

NEW BUSINESS MANAGER

JOSEPH D. O'BRIEN
SECRETARY NEW YORK GIANTS

John B. Foster, for some years secretary and business manager of the New York Giants, has resigned, and Joseph D. O'Brien, of Milwaukee, has been chosen to take his place. It was rumored that Foster's resignation was due to the fact that he has a chance of becoming chairman of the National Commission to succeed Garry Herrmann.

Looking for Men to Add Strength to San Antonio Team

SAN ANTONIO, TEX., Jan. 17.—Faced with the problem of building a new ball club after a year of failure, President H. J. Benson of the San Antonio Texas League entry is gum-shoeing through the north in an effort to find a catcher, a pitcher or two, a couple of outfielders and a third baseman. He is also gum-shoeing with American association magnates now in session in Chicago, and he intends to drop in on the major leagues before returning home.

Benson scored a bullseye when he signed Johnny Nee, last year manager of the Evansville (Three-Eyes league) club, to manage the Nags in the coming race. His office has been flooded with messages of congratulation from men high in baseball ever since. They seem to think John is the real thing.

The new manager will have a task on his hands when he arrives in February. He must build a practically new club. Dunkel is gone from first base. Champlin has been sent back to Detroit, leaving the short field open; Sam Hale goes to Detroit and third base is without a guardian; Jackson has retired and left a vacancy in left field, and Ovid Mullins, pitcher, has quit the game. Furthermore, Barney Burch, the famous all-around man, has been traded to Wichita Falls for Pitcher Sims.

This leaves a good nucleus for a pitching staff, but a shut-out infield, outfield and catching department. Gibson is behind the bat, and a youngster named Gottwald has been signed for a try-out.

Frankie Fuller will, no doubt, be at second base again, and Manager Johnny Nee, who, the averages show, hit .330 in the Three-Eyes last season, will probably play short himself. The Nags have signed Jim Poole, first-

sacker of the Richmond club of the Virginia league, for "Dunckel's job." Lewis said he offered to post a 10 per cent forfeit on the demand of the Frenchman.

JOE SETCHER WINS TITLE OF NEBRASKA

OMAHA, NEBR., Jan. 17.—Joe Stecher won the championship of Nebraska when he defeated John Pezek at Shelton, Neb., here last night, taking the first and third falls with body scissor holds in 2:03 and eight minutes respectively. Pezek took the second fall in 13 minutes with a head scissor and wrist lock.

CITY AND COUNTY BEGIN ASSESSING 1920 TAXES

With the naming of five deputy tax assessors, the task of assessing 1920 taxes is well under way. The following deputy tax assessors with their respective districts are as follows: Wichita Falls, J. W. Meadors; Miss Winifred Robey and Tom Taylor, Electra; Steve Rumore, Clara and G. W. Chapman.

NATE LEWIS TO MEET DESCHAMPS FEBRUARY 2 TO DISCUSS THE FIGHT

LONDON, Jan. 17.—Nate Lewis, the American fight manager, is to meet M. Deschamps in Antwerp Feb. 2, to talk terms for the appearance of Georges Carpentier against Jack Dempsey in a fight for the world's championship. Acting for Dominick Tortorich, the New Orleans promoter, he will make a bid for the fight in New Orleans late in the year.

Returning today from a conference in Paris, Lewis said he had been given assurance that his offer was next in importance to that of Charles B. Cochrane, the London theatrical manager and promoter who is now in the United States.

"Deschamps laid all his cards on the table," Lewis said. "He showed me the contract he had signed with Cochrane which gives an option on the Frenchman's services until Feb. 1. He also allowed me to see all the other offers.

SALM TO DALLAS AFTER ONE MORE SEASONED PLAYER

Walter Salm, pitcher of the Wichita Falls Texas League ball club, left this city Saturday afternoon for Dallas, in the hope of putting through a deal there that will add one more seasoned player to the local roster.

SEVERAL CHANGES MADE IN THE PLAYING RULES

CLEVELAND, Ohio, Jan. 17.—An effort to restrict amateur class to players who had never played professional baseball, failed at the annual meeting of the national baseball federation here last night, but on reconsideration, it was voted that city associations should take up the question and report at the March meeting.

Several changes in the playing rules were made. To enter inter-city championship competition a league must start the season with at least six clubs and finish with at least four. A winning industrial team of a city must pay to the federation an entrance fee of \$50 before it can enter inter-city competition. Semi-pro teams must pay \$100.

A movement was launched to expand the organization to practically all parts of the country. The president will appoint regional chairmen who will visit cities in their districts. James P. Potts, former director of recreation of Cleveland, was appointed

secretary by the board of directors. Cleveland was selected as permanent headquarters.

The regular inter-city schedule meeting will be held at Cincinnati in July. The board of directors will meet in March at Detroit or Pittsburgh.

BALL PLAYERS MAY ARGUE IN GENTLEMANLY MANNER

CHICAGO, Jan. 17.—Baseball players in the American Association will be allowed to argue in a "gentlemanly" manner with umpires next season when they believe decisions have been given against them, but the use of profanity will be stamped out, the club owners decided at their meeting today.

With the decision reached to play 158 games for the 1920 season, the club owners went into session today to adopt the schedule.

FIRST NATIONAL BANK AT IOWA PARK ADDS TWO TO DIRECTORATE

Two new names were added to the directorate of the First National Bank of Iowa Park at the annual stockholders meeting Tuesday. These two were J. A. Tanner and Tom Corridon Jr. J. F. Boyd was promoted from cashier to active vice president and Mr. Corridon from assistant cashier to cashier. C. Birk was re-elected president and John T. Overby, vice president. The following comprise the board of directors: C. Birk, C. H. Clark, John T. Overby, John Hirsch, J. N. George, J. F. Boyd, J. A. Tanner, B. N. Ferguson, Tom Corridon Jr.

DEVELOPING PLAN FOR BURKBURNETT INTERURBAN LINE

Arrangements went forward assuming a definite shape Saturday for the building of an interurban line from Wichita Falls to Burkburnett, the financing of which will be on the basis of two-thirds of the necessary capital to be provided by eastern capitalists, and the remaining third by local interests.

CONFERENCE REGARDING EXTENSION OF TRUST ON THE OSAGE OIL LANDS

WASHINGTON, Jan. 17.—A conference regarding extension of the trust period covering oil and gas leases on Osage Indian lands was held today in the office of Commissioner Cato Selig of the Indian office with the Osage council and a delegation representing 400,000 lease stockholders attending.

FAILURE TO EXPLOIT OIL HAS LOST FOR MEXICO THE PRODUCTION RECORD

EL PASO, TEX., Jan. 17.—If the exploitation of the oil fields of Mexico had been carried on at full blast in 1919 the production of petroleum would have doubled that of the United States for 1919, and would have placed Mexico first among the oil producing nations of the world, according to Execlior of Mexico City.

NEW STOCK EXCHANGE TO BE OPENED MONDAY

Monday morning the Public Stock Exchange, on Eighth street, in the Waggoner building, formerly occupied by the Martin Book Store, will open for business. The first call will be held Monday morning at 10:30 o'clock, and three calls will be held daily, morning, afternoon and night.

HORTICULTURAL BUREAU HOLDS 50 CARS OF CORN

AUSTIN, Jan. 17.—Following receipt of information today that an embargo placed upon corn shipments from Mexico by the Federal Horticultural Bureau is holding up 50 cars at El Paso, Texas, opposite Eagle Pass, and will cause losses approximately \$50,000 if these cars are not allowed to enter, the railroad commission requested W. D. Hunter, head of the bureau at Houston, to allow the movement of corn already bought and sold under contract. The reason for the embargo was not given.

REAL ESTATE TRANSFERS.

TIMES DAILY MARKETS New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET. NEW YORK, Jan. 17.—Reports from Paris that the supreme council had decided to permit trading in certain commodities with Russia evidently created a more favorable view of European conditions in the cotton market today. Many traders who had sold on the nervousness of yesterday, showed a disposition to cover for over the week end, while there was a moderate trade demand and a substantial rally in prices. March contracts sold up to 36.40, or 44 points higher, and closed at 36.35, with the general list closing steady at a net advance of 32 to 40 points.

Market Review

New York Stocks. NEW YORK, Jan. 17.—An aggressive and very active bear faction was in possession of the stock market this week. The efforts of that element were amplified by an erratic money market, another break in foreign exchange and the inherent weakness of low grade oils and specialties.

NEW YORK STOCKS.

NEW YORK, Jan. 17.—Flushed with their recent successes, the short interests in the stock market made further efforts to unsettle prices during today's short session. For a short time their attacks caused a sharp reversal from the strong opening. Leaders in the high priced speculative divisions, notably General Motors, Cradock Steel, Mexican Petroleum, American Woolen and United States Rubber recording great declines of three to ten points.

EMMA GOLDMAN AND BERKMAN TO TRY COME BACK

Declare They Will Not Remain in Europe but Will Return to America

WILL BE ESCORTED TO THE RUSSIAN FRONTIER

After Landing at Hango, Finland the Leaders Talked Freely of Their Plans

HANGO, FINLAND, Friday, Jan. 16.—The United States army transport Buford, having on board 249 radicals deported from America, arrived here at 8:00 o'clock this afternoon...

After they had landed, Berkman and Miss Goldman talked willingly with newspaper men. "Did you want to overthrow the American government?" Miss Goldman was asked...

vision of all clothing, supplies and products. She evaded making any reply when objections were raised to this program. "Bolshevism of my kind, not the American or German sort," she said, "can never be suppressed."

Register Complaint. Miss Goldman complained because she was compelled to eat her meals in the Buford's dining room where she was "an object for all eyes," instead of with her comrades. She added that she was obliged to waive her objections "so as to protect two girls, one of whom was taken to America as a spy and has no friends in Russia, while the other has but two friends in Russia, but their whereabouts are unknown."

After they had landed, Berkman and Miss Goldman talked willingly with newspaper men. "Did you want to overthrow the American government?" Miss Goldman was asked. "You need a new government," she answered, "and I hope the election will provide it."

activities to politics, Berkman replied they would be employed in mines but "naturally would participate in political matters." He declared he would form a "League of Russian Friends of America," the efforts of which would reciprocate those of the American Friends of Russia. Of the latter organization, he said: "It has grown so eminently respectable that even former President Taft is a member."

MAKE PROGRESS WITH PLANS FOR NEW CHURCH. Rev. W. L. Tuttle, pastor of Floral Heights Methodist Church, made a trip this week to Fort Worth and Dallas where he conferred with architects and looked at some church buildings. Plans for the new church building at Tenth and Polk are being rapidly developed. It will be the gathering of a substantial membership for this new church is also going hand in hand with the building enterprise. It will be numbered that a special service two weeks ago resulted in securing about 250 members. Others have joined since and more are expected to join tomorrow.

Rev. Tuttle announced a rather attractive subject for his 11:30 o'clock sermon. It is "An Open Door Which No Man Can Shut." In this sermon he promises to answer the question, "Why Have a Floral Heights Methodist Church?" At 7:30 a short special sermon on "Hearing God's Voice" will be preached, and a number of young people are to be received into the church. All services in big school building.

CHARGED WITH RECEIVING GOODS STOLEN FROM AN INTERSTATE SHIPMENT. A complaint alleging the receiving of property known to have been stolen from an interstate shipment of commerce was filed Saturday afternoon against C. W. Copeland, Burkburnett grocer. He is alleged to have received a quantity of packing house products known to have been stolen from interstate shipments of commerce. Two railway employees were arrested at Burkburnett on Friday in connection with the same case.

A WORD ABOUT MEN'S CLOTHING

The wholesale price of men's clothing today is twenty-five per cent higher than it was three months ago. We have in our cases four hundred and fifty suits and one hundred overcoats all bought before this advance and marked accordingly. A few of these are heavy winter suits but our stock is composed mostly of young men's medium weight half lined clothes suitable for any season wear. Our store is small and in order to make room for our lighter weight spring fabrics we are going to sell our entire MEN'S CLOTHING stock at the following reduced prices:

All Men's Overcoats One-Third Off
All Men's Suits One-Fourth Off

We can't impress upon you enough the real value of this special clothing reduction. It is very different from the usual clean up sale of broken sizes for our stock is complete with new, fresh merchandise, not an old garment in the house. Our tailor will fit you with the same usual care and our guarantee of perfect satisfaction with every garment.

**This Reduction Sale Goes Into Effect Monday
Morning, January 19th at Nine o'Clock**

Buy two Suits; put one away—and you'll be glad you did

AMUSEMENTS

EXCELLENT PROGRAM OF VAUDEVILLE IS PROMISED

On paper the Pantages bill at the Wichita theater this week appears excellent. The advance notices advertise a bill that is unusually well balanced, containing another of George Cooch's sensational comic operettas, clever acrobats, a comedy team, a monologist and a young woman violinist.

MATINEE AND NIGHT SHOWS AT OPERA HOUSE TODAY

In "A Night in Honolulu," which comes to the opera house today, matinee and two night shows, the native Hawaiian singers and musicians will be found to occupy a great deal of the spectators' attention.

THE BANDBOX AT THE MAJESTIC THEATRE

A cast of unusual prominence is one of the many things "The Bandbox," the Deutchbeck Inc. production of Louis Joseph Vance's widely-read novel starring Doris Kenyon, has to recommend it to the picture-loving public.

CHARLES RAY AT THE EMPRESS TWO DAYS

It takes just one word to give our idea of "Crooked Straight," a Thomas Ince production, starring Charles Ray at the Empress theater Monday and Tuesday. And that one word is "Great!"

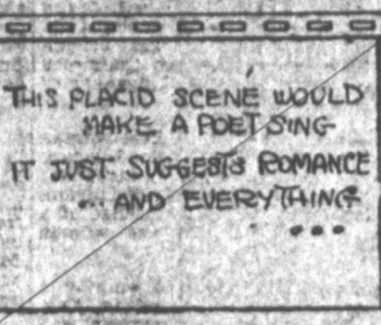

THE PERFECT LOVER AT PLAZA AIRDOME MONDAY

Can you imagine a man being a perfect lover—a man whose charms are so wonderful that no woman can resist them—a man whom women will lavish with affection and riches just to get one smile from him—can you imagine that kind of a man? If you can't, go to the Plaza theater Monday and Tuesday and before the first reel of "The Perfect Lover," Eugene O'Brien's first Sensical Picture, is over, you will not have to imagine. You will know and understand why.

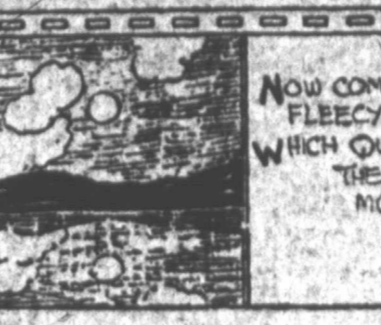

Minute Movies

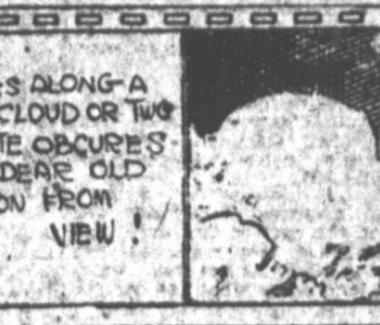

SOME NIGHT JUST A BEAUTIFUL NATURE FILM...

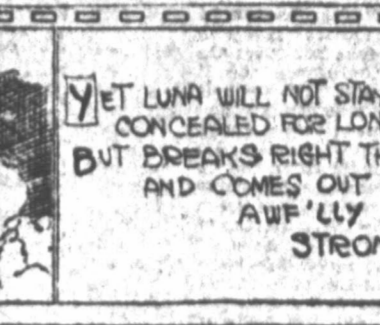

THIS PLACID SCENE WOULD MAKE A POET SING IT JUST SUGGESTS ROMANCE AND EVERYTHING...

NOW COMES ALONG A FLEECY CLOUD OR TWO WHICH QUITE OBSCURES THE DEAR OLD MOON FROM VIEW!

YET LUNA WILL NOT STAY CONCEALED FOR LONG BUT BREAKS RIGHT THRU AND COMES OUT AWFULLY STRONG

AND NOW THE MOON GOES DOWN AND OUT OF SIGHT THE DAYS AT HAND—WELL SAY IT WAS SOME NIGHT!

SEE HOW THE CLOUDS NOW STRENGTHEN IN A LINE THERE'S NO DENYING THAT THEY DO LOOK FINE!

EMPRESS CALENDAR

Monday and Tuesday: Charles Ray in "Crooked Straight" and "Patsy News." Wednesday and Thursday: Elsie Ferguson in "Counterfeit" and Mack Sennett comedy "Up in '44" (Punch).

PLAZA THEATRE CALENDAR

All week: "The French Frolic," tabloid musical comedy. Monday and Tuesday: Eugene O'Brien in "The Perfect Lover."

MAJESTIC CALENDAR

Monday: Francella Billington in "The Day She Paid." Tuesday: Doris Kenyon in "The Band Box."

L'OISEAU BLEU

By MARGARET ROHE (Written for the United Press.) Belinda's so befuddled. She wears 'em everywhere. An evening wrap and gown and fan. And even in her hair. That she is also featherbrained. But follows, I declare.

PLAZA THEATRE

MONDAY "The French Frolic" (Tabloid Musical Comedy)

NEW PEOPLE—NEW PLAYS Eugene O'Brien

"The Perfect Lover"

Adapted from Lella Burton Wells' novel "The Naked Truth." A Ralph Ince production in a four-act romance—love, intrigue, beauty, art!

MAJESTIC THEATRE MONDAY

Francella Billington

"The Day She Paid"

TUESDAY Doris Kenyon

"The Band Box"

the bizarre feather from the tail of Juno's favorite fowl waved in all sufficiency from jeweled bands round several stunning brows.

Indeed the peacock is quite a pampered pet of fashion these days and smart females have sanctioned Juno's choice with unanimous accord. One greenly-bibed feather from its gorgeous tail adds just the effective and barbaric touch to a costume oriental and when they are bunched into a fan there is an eye of admiration for every eye.

Just to further sanction the peacock feather as one of the rightful first fine feathers of the season we are using it to write full many an epistle attached to a good stub pen. Where the quill feather of many hues is used to do as a first aid to chirography the peacock-feather is the very newest and most decorative pen holder now at hand.

hue and untraceable ancestry add their poignant diversity from each side of a logbook.

There is really nothing too daring, bizarre or frivolous in the feather line with which to crown yourself and judging from the resultant display it would seem that the modern matron looks rather to feathering her crest than her nest these 1926 nights.

Five years ago doctors told me I would have to move my wife to another climate, as she suffered so with stomach and liver trouble and bloating. Also, that she would have to have an operation for gall stones.

Have Right to Protection: American witnesses telling the Fall committee the story of conditions in Mexico vary somewhat in detail, but are agreed in the major fact that the insecurity of American life and property is rapidly increasing below the Rio Grande.

There is a certain amount of danger in the possibility that some man may acquire control of a chain of papers throughout the country and thereby dominate public opinion as he wants it to be molded.

Those of us interested in seeing that in the Dempsey-Carpenter fight a large part of American sympathy and support is not with the Frenchman who, instead of our own fighter will be hopeful that the facts in the case substantiate the statement of Jack Kearns, Dempsey's manager, in reply to the various resolutions of American Legion posts condemning Dempsey's war record.

That there should be a certain risk to any foreigner going into Mexico in the present situation is inevitable; that hazard is not to be overlooked and it is against the individual only and not a duty of his government to intervene or declare war if that has and materializes.

Senator Fall and Senator Smith, conducting the investigation, frankly are opposed to intervention. There is very little sentiment in this country that, weighing the cost, does favor intervention.

The fact that there are virtually no doctrinal differences between the Northern and Southern Methodist churches, and that the feelings engendered "way back in 1846 when the schism occurred and the causes therefor have largely died down, leads to the hope that reconciliation between the two branches into a tremendous organization with 6,000,000 communicants will result from the joint conference now in session in the very same church in which the breach occurred nearly three-fourths of a century ago.

It Can't Be Done: The fact that there are virtually no doctrinal differences between the Northern and Southern Methodist churches, and that the feelings engendered "way back in 1846 when the schism occurred and the causes therefor have largely died down, leads to the hope that reconciliation between the two branches into a tremendous organization with 6,000,000 communicants will result from the joint conference now in session in the very same church in which the breach occurred nearly three-fourths of a century ago.

ACQUIRES STRING OF PAPERS

Mr. Munsey's acquisition of the New York Herald and its evening issue, The Telegram, gives the magazine publisher control of two morning and two evening papers in the metropolis, the Morning and Evening Sun being the other two.

Mr. Munsey has given no sign that he wants more newspapers for the power and publicity they give him personally, for he is as retiring as the average newspaper proprietor is in his own papers.

There is a certain amount of danger in the possibility that some man may acquire control of a chain of papers throughout the country and thereby dominate public opinion as he wants it to be molded.

Those of us interested in seeing that in the Dempsey-Carpenter fight a large part of American sympathy and support is not with the Frenchman who, instead of our own fighter will be hopeful that the facts in the case substantiate the statement of Jack Kearns, Dempsey's manager, in reply to the various resolutions of American Legion posts condemning Dempsey's war record.

Just Folks by Edgar A. Guest

BUD'S HAT It's funny 'bout a feller's hat—He can't remember where it's at. Or where he took it off, or when. The time he's wantin' it again. He knows just where he leaves his shoes. His sweater he won't often lose. An' he can find his rubbers, but He can't tell where his hat is put.

Side Talks by Ruth Cameron

BRINGING UP HUSBANDS. When women bring up sons, they ought to remember that they are also bringing up husbands. So writes a letter friend. She says she was started on this train of thought by a sentence in a talk of mine in which I reminded the mother who wants to know whether she ought to rebuke her son's selfishness or bear it with humility, that she ought to remember the years "he will have to struggle with this selfishness after the illusions of courtship have worn away."

Little Benny's Note Book by Lee Pape. The Park Ave. News. Weather. Rain or snow or neither. Sissy. Scramble eggs in Miss Mary Watkins's favorite egg, but she generally asks for soft boiled when she is company for breakfast on account of it sounding more refined.

It Can't Be Done: The fact that there are virtually no doctrinal differences between the Northern and Southern Methodist churches, and that the feelings engendered "way back in 1846 when the schism occurred and the causes therefor have largely died down, leads to the hope that reconciliation between the two branches into a tremendous organization with 6,000,000 communicants will result from the joint conference now in session in the very same church in which the breach occurred nearly three-fourths of a century ago.

IMAGINARY ELECTRA VISITOR IS 'IMPRESSED' WITH WICHITA FALLS' SINGULAR STREET CAR SERVICE

By C. F. C. Sophocles arrived on the afternoon train from Electra. The train was no later than usual, and it was evening when the old fellow in the Union station and asked him how he liked it.

He, too, suffocating from this terrible crowding. The woman laughed, a rather bitter, tired laugh, and she nudged Sophocles with an elbow to quiet him.

Which was, of course, exactly what happened. But we had continued just into the middle of the next block, when the car stopped suddenly again.

"Nothing can be seen because of the dense crowd in the car," he answered, "but to a hardened passenger the answer is simple. Another car, coming downtown, has gone through the Lamar street switch, and now we must back up around the corner and permit it to pass."

"Our diagnosis of the situation again proved the correct one, and some 25 minutes later we had progressed a matter of six or seven blocks and had started up the hill on Thirteenth street. Suddenly there was a blinding flash of light, a sharp sound and the car stopped, hesitated, and then went on. Sophocles leaped against us in quick terror.

"Gods of the Pantheon, but what was that?" "Tush, tush," we soothed the old man, patting his shaking shoulder. "A fuse always blows out on this gentle grade. It is caused by the heavy load. It will happen again, just before we reach the summit. It is nothing."

No. 12, block 61, in the Floral Heights addition, Wichita Falls, for \$2,000. Linn A. Reed to M. G. Carter, lot 22, in DeWitt's subdivision of north part of block 5, Bellevue addition, Wichita Falls, for \$2,000.

KNOWLEDGE FOR CAR OWNERS

Interesting and Important Facts That Every Motorist Should Know.

Care of tires means added mileage at a lower cost per mile.

When the engine begins to run on its own power, the starter should be released at once.

When cleaning the engine of dust it is better to use a thick soft brush similar to those used by painters.

Never jam the gear-shifting lever from low to reverse, or vice versa, until the car has come to a dead stop, and then take your time.

It is very important in cold weather to grade the oil from the crank case after every 500 to 1,000 miles of running.

Pennsylvania has a headlight law which requires that dazzling rays must not rise over 43 inches at a distance of 75 feet from the car.

Many accidents can be prevented and steering made easier if the front wheel alignment is properly adjusted before starting on a trip.

Every car owner should become thoroughly familiar with local traffic regulations and abide by them. It will prevent many accidents and smashups.

When it is necessary to drill lard steel, the work is made much easier by the use of turpentine instead of oil, as the former will increase the rapidity with which the metal can be drilled.

As the hand on the oil gauge to the crankshaft often sticks, it is well to look in the crankshaft occasionally to ascertain if there is sufficient amount of oil as is needed.

Before being put in the casing, tubes should always be slightly inflated so that they will lie smoothly. If this is not done there is danger that the tube will be pinched during inflation.

Irregular firing is often caused by the burning away of the spark plug points. The plugs should be cleaned and readjusted occasionally in order to keep the engine in good running condition.

A chipped cam or tappet roller may be detected by placing the finger on the valve tappet while the engine is running to determine if the movement is smooth or not.

A stealer should never be used on the inside of a pipe. The scale inside a pipe, caused by the flux used in welding or brazing, is as hard as glass and will turn the edge of any reamer that was ever made.

The present is an excellent time to give the rims the once-over. These parts should be given a coating of aluminum paint, graphite or rim

they touch the ground they will naturally cut into the rubber, seriously weakening the casing.

In an emergency common table salt may be used as an anti-freeze medium. A saturated solution of water and half freese at about zero. After the emergency is passed the cooling system should be thoroughly flushed out and refilled with a reliable anti-freeze solution.

A new chain or gear should never be placed in contact with another that is badly worn. The result of such contact will mean much noise and the new part will not give good service. It is better to install all new parts.

Precaution is sure preventive against accident and every driver should always go slowly at turns in the road, thereby giving himself sufficient time to avoid any vehicle that might be coming toward him.

Instead of being weakened, as one would imagine, the burning of headlights, even during the daytime, lengthens the life of batteries. On a long trip the lights should be turned on at frequent intervals, no matter what time of the day it might be.

When parking a car on the street, take care that your front wheel is not jammed firmly against the curb. In parking this way it frequently happens that when ready to leave, it is impossible to turn the wheels.

To secure the best results from a car in the winter weather means intelligent care, and every precaution should be taken. One of the most important is that of seeing that a reliable anti-freeze mixture is used in the cooling system.

Dust pans, which are usually difficult to get at can be removed by the use of tire chains. One end of the chain should be slipped through the loop of the catch and the other end of the chain is then pulled and twisted until it catches in the pan.

It is very important that tire chains should always be allowed to creep a bit, for if they are unable to move to a new position on the road each time

pieces of 1/2-inch round steel, which should be bent slightly about two inches from the end. The tool will have to be long enough to pass through the steering knuckle and leave an inch or two sticking out on which to hammer.

To test compression, note the resistance of the various cylinders when the motor is turned over slowly with ignition off and throttle wide open. All cylinders should feel the same and if the compression is weak in one cylinder, examine the clearance between the valve stem and push rod.

Every time a wheel is removed the bearing cup is removed with it, and consequently the bearing must be adjusted properly when the wheel is replaced. The best method of doing this is to turn the bearing up tight and then revolve the wheels a few times by hand, which overcomes the tendency to backlash.

The motorist who cleans his spark-plugs every week or two will find that

the batteries in his car will last much longer. Even though the engine is using magneto ignition the carbon on the spark plug puts a lot of unnecessary work on the batteries. The engine must be turned over more rapidly in order to get a spark from the magneto and the battery has to do more work for each start than it would if the plugs were clean.

Many car-owners have found that the body finish needs extra protection during the winter months. The outward attraction of a perfectly good car may be spoiled by leaving the body finish without attention throughout the winter. At this time of the year it is a good plan to give the car a thorough cleaning and then give the body two coats of varnish. The latter will act as a protecting medium and it is allowed to wear off, the paint beneath will suffer from the rain and mud of the winter.

It happens sometimes that a garage or repair shop is out of a certain size of fuse, so it is always well to carry a small quantity of fuses which

to bind across in place of the fuse. It is also advisable for a motorist to carry a little of this necessity to repair may be made on the road in case a fuse blows out and an extra one is not on hand. A good substitute for a fuse is found in wire solder, which may be attached to the two ends of the fuse block by a touch of solder. The wire solder may be scraped down if needed and in his way it readily

will melt in case of a short in the circuit.

Tree-budders wages in England advanced during the year from \$4.25 per ton to \$4.50 per ton; an allowance being included to offset the government subsidy so as to neutralize its effect in keeping down the average selling price. Forge and mill men received corresponding adv. accs.

How to Guarantee Spring Delivery of Hudson and Essex Open Models

No Large Money Outlay Required. Make Your Choice Now. We Will Store It For You and Insure You Against Disappointment.

In the light of the year just closed, it is not conjecture to assert that a shortage of Hudson and Essex cars is sure to recur this Spring.

More than 22,000 Essex cars were sold in the past twelve months. The factory capacity was increased time after time. Beginning with a daily production of 30 cars, it reached 125 cars daily.

Yet we were never able to overtake advance orders.

A similar condition was true with respect to Hudson.

You remember how scores waited in vain for delivery. Perhaps you were among those disappointed.

Practically our entire quota of both Hudson and Essex cars were sold weeks ahead. Few were able to get delivery who had not placed their orders ahead.

Settle the Delivery Worry Now

This year we have arranged a special plan to guarantee you delivery, during the acute spring rush of orders.

It will require no large outlay of money. You can place your order now. We will have your car ready for you on the day you want it.

Note the Quality of the Essex

If speed is your requirement see if the Essex does not meet it. Where luxury and finish are demanded compare the Essex with any car.

It is needless to speak of the Hudson. All know what it has done. Its records, which prove supremacy throughout the range of performance, are confirmed by the satisfaction that more than 50,000 owners know in their Super-Sizes.

The supply of Hudsons and of Essex has never been sufficient for the demand. You can only insure yourself against disappointment in getting either of these popular cars, by placing your order under the convenient plan we have set forth above.

ARE DEVELOPING OIL FIELDS

Representative Wichita Motors Company Here Last Week From That Country.

Walth H. Carman, representative of the Indian Motors Company in India, returned to Wichita, Kan., last week after a visit to the factory at making arrangements for a growth in business during the year.

Mr. Carman is a most interesting type of English gentleman. He is globe-trotter in the correct sense of that term and during the last year has completed a circumnavigation of the globe.

The far has resulted in greater vision in India, greater industry to us than could be secured in many years.

Transportation System. The transportation system in India is being developed with rapidity. New fields are being opened that give promise of great things.

Mr. Carman states that the outlook for Wichita trucks in India is almost limitless.

ROADS INTERFERE WITH DELIVERY OF SUICKS. Bad roads between here and Wichita have rendered it impossible for Dixon-Kem local Buick dealers, to secure delivery of the two cars that have arrived here.

HAYNES
America's First Car

"That's a Haynes!" means a much to-day as it did in 1893, when the Haynes brought new fame to America.

There are thousands of car men who know all the ins and outs of automobile making. They know engines, they know transmissions, they know body designs and their uses for their purposes. To-day this expert class approves the new Haynes. This approval is honestly earned. May it be our pleasure to receive your reservation for your new Haynes!

Factory Employees Are Great Boosters For "Liberty" Car

The fact that the factory employees who help build the Liberty motor car are strong boosters for this make is considered a great tribute to the worth and dependability of the car.

Mr. Carman, who is in charge of the factory at Detroit, has heard a story which he believes is worth telling.

Mr. Carman said the mechanic in a tone that permitted no doubt of his sincerity, "I'll tell the world that this is some sweet little bus."

Mr. Carman said the mechanic in a tone that permitted no doubt of his sincerity, "I'll tell the world that this is some sweet little bus."

TWO CAR LOADS OF NEW MODEL PREMIER ARE EXPECTED ANY DAY

Two carloads of the new model Premier automobiles are expected to arrive here in a day or two as word was received by the Victory Motor Company last Thursday that they were in Fort Worth at that time.

The Victory Motor Co. also announces they have three carloads of Oldsmobile trucks and two carloads of pleasure cars of the same make in transit.

H. K. BARRON WITH THE NOLEN-STRINGER COMPANY. Nolen-Stringer Co. local distributor for Haynes automobiles and Garford trucks, announces that they have secured the services of H. K. Barron, formerly with the Nash sales force of this city, to sell their makes.

Mr. Barron has many years of experience in the selling game in the state, being connected with the Dodge agency for the Panhandle with headquarters in Amarillo for several years and four years as a Packard salesman in South Texas.

Mr. Barron is well known as a salesman of ability and is looking toward a big year in the Haynes line.

The **JORDAN** Silhouette Five

NO pen or tongue can describe the breathless charm, akin to pain, that possesses a man in his first flight in a flying boat.

No more can we picture that indescribable something which makes men, old in this business, love to drive and drive this car.

The effect of body squeaks and rattles upon the human nerves is striking. Like motor vibration, they rasp the temper.

You finally reach the point where you have to slow down or stop altogether. In the new Silhouette bodies everything that body experts have learned has been done to attain gratifying quiet.

With such a motor car you may drive as fast as you dare and you experience the sensation of driving within the law.

Sit all day at the wheel and you return without fatigue, ready to go again.

MARSHALL HUFF MOTOR CO.
WICHITA FALLS, TEXAS

JORDAN MOTOR CAR COMPANY, INC., Cleveland, Ohio

RECENT OIL DEVELOPMENTS IN TILLMAN COUNTY FEATURE WEEK'S ACTIVITIES IN WICHITA DISTRICT

With the past week's developments in Tillman county, which found two widely separated tests, both in prolongation of the line established by the Burk Burnett Terminal and Wagoner pools, on the sand, Wichita Falls officials have entered on the enjoyment of an oil sensation which promises fairly to eclipse that furnished by all previous strikes, and, with a number of tests in the Kemp-Munger-Alton district reaching that stage where important news may be looked for some time, the past week has assumed a place of extreme importance for this district, despite the fact that all operations, and especially those on the near and farther side of Red river were carried on under every handicap that unfavorable weather and excruciating roads were able to provide.

Early Completion of Sheegee. The Sheegee and Fisher wells in Section 5-14 in course of the progress of all operations, the fact of its extreme importance in the establishment of the Tillman county side as a producing area, as from the fact that nearly completion and an early test can be expected in the immediate future, is fact, with casing hauled to the well Friday, it is expected that the first day or two of the coming week will see a definite test of the well's producing capacity. The Curtis Mound well, several miles farther into the interior of Tillman county, which was the first to reach the sand, will be somewhat delayed in completion, due to the fact that the casing which was brought for this test was found to be defective and had to be reworked.

Tamiami is on the way to both tests and, a more important cause still for the future of Tillman county, a number of pipeline companies, as previously announced, are making ready to throw their pipe lines across the river to serve for the portion of Tillman county now under development in any eventuality, a line being already under construction to the Sheegee and Fisher tests.

On the South Side. The almost impassable roads in this portion of the district are responsible for most disappointing delays in the completion of all operations. In the Texas portion of the Red River bed, The Roberts and Hill and Crude Oil Marketing company's No. 1 Roberts in Block 820 put oil over the derrick early in the week, while it was first being bailed, and was then shut down to await pipe line connections, which were completed late Friday.

Trouble in securing a three-inch drill stem, which was secured only late in the week, has delayed operations on the Brightmore Oil company's No. 1 Roberts about 400 feet from the Hill and Roberts. The No. 1 Roberts of McDowell and Cline is being held up while a pipe line is being laid. The Cline 220 and Ben Waggoner No. 1 Allen in Block 820 has moved the buffer back and is putting in a star 12 1/2 inch pipe.

Other tests in this neighborhood have been held back to a greater extent through the bad weather. Both tests of the Burk-Divide, in the river

bed north of the General well were reported on the sand late in the past week, but the latest information from the field is to the effect that the No. 1 is only now nearing sand depth while the No. 2 is in the neighborhood of 1,300 feet down.

In the Durfee survey the No. 1 T. H. Bass is on the sand, with casing set and reported shut down for pipeline connections. The Bradley Oil company also has a test on the sand with casing set in this same survey, ready for completion, according to the latest report. Several other tests, drilling below 1,000 feet in this section are included in the drilling report below.

South Burk Burnett. Outside of the Sheegee and Curtis Mound strikes, and the situation in the Kemp-Munger-Alton district, the only developments of particular interest are found in the South Burk Burnett pool. The Arlington Oil company's No. 1 Hill Willis which encountered a sand at 1,300 feet, which was considered to open up a new pool, is again claiming attention, after it had been considered a failure. The contractor, J. M. Thrasher stated Saturday that he had satisfied himself that the water was coming from above, and that he would pull the liner immediately, and reset it, measurements having shown that he made a mistake and set the liner 6 feet above the top of the sand. When the water first commenced coming in he took it to come from the bottom, and plugged off 10 feet with cement. On bailing water continued to come in from the hole, and the steel measurement showed the mistake in setting the liner. With the liner reset Mr. Thrasher believes he will have a good well, or if this fails he will put down a second hole. If he is successful in making a well, it will mean the sixth distinct sand for this South Burk Burnett territory.

Story. The Arlington test is east of the 1,200-foot well on the Daniels. There are producing wells from 200, 500, 1,000 and 1,400 feet in this South Burk Burnett section. The Arlington test entered a sand at 1,225, supposed to be the Teshoma sand. Casing was set here and bailed dry. At 1,400 another sand was entered, and here a liner was set, but this sand proved likewise dry. At 1,525 the third sand was entered, after considerable blue shale was drilled. The mistake made in setting the liner brought the water in. The last sand is typical Burk Burnett sand, Mr. Thrasher states.

Teshoma Gets 1,400 Sand. To the west of the Daniels on the Dodson, 400 feet north of the Dave Carl, No. 1 Dodson which found a new 1,400-foot sand, the Teshoma Petroleum company is reported to have the same sand. Neither of these wells have yet been completed, the weather holding up operations in this section as well as in others. West of the Dodson, on the Cropper, the Sinclair Consolidated has spudded in its No. 1 Cropper with a star. This same company is drilling on the Daniels around 775 feet.

The Gulf's test on the Hill Willis, to the north of the Arlington Oil company's No. 1, is drilling around 1275 feet with cable tools. This test has not yet picked up the Teshoma sand, but changes from the rotary to cable tools for completion about two weeks ago. Practically no change is reported

in the Teshoma drilling report from last week, the weather having tied up all operations. The Texas Interstate Oil Co.'s No. 1 Daniels was bailing on the oil sand, at the last reports from the field. Down south of the Daniels, on the Boiler, the Black Burnett Oil Co.'s No. 1 Boiler which extended this 1200 foot field a considerable distance southward, is reported cleaning out and completing. The Barker and Meadows No. 1 Daniels and the Harding Oil Co. No. 1 Daniels are reported shut down on account of the weather. The B. M. C. Oil Co.'s No. 1 Daniels is drilling around 1250 feet. The King-Kent Oil Co., No. 1 Webster, south of the Arlington lease, is drilling around 800 feet. The White Oil Co.'s No. 1 Daniels (second hole) is shut down on account of the weather at 300 feet. The Bob Lincoln, No. 1 Daniels, is shut down, weather, at 1900 feet.

The deep test of the Rogers Refining Co., east and south of the Burk Burnett townsite pool, on the Al Bright property, John Deck Survey, is drilling around 500 feet.

New Deep Test in 40. A new deep test for the old Burk Burnett field, in block 40, Red River valley lands, on the Knuth tract, is reported, the Morley Bros. No. 1 Knuth. This will be a 4,500 foot test, and is now drilling around 1,150 feet. From the Kemp-Munger-Alton dis-

MEMORIAL I carry a large stock of Marble, Granite, Stone Curbing and everything in cemetery works and can supply your demand, whether it be large or small. M. G. Catter Marble and Granite Works Corner Ohio Avenue and Third Street

Another Opportunity Offered You We Are Now Drilling Our First Well

Read the following from the Wichita Falls Record News, dated January 13, 1920.

"The Southern Consolidated Petroleum Company has brought in a well on the B. N. Ferguson tract, seven miles southwest of Iowa Park, good for 250 barrels. The depth of the well is 811 feet. The well is located 2 miles east of the famous Kemp-Munger-Alton."

We Are After Oil--Your Opportunity is Three Fold

We have two sands here, 685 and 810 feet, also a chance for the deeper K-M-A sand. Our lease of 20 acres which we are now drilling on is located on the B. N. Ferguson tract just a little west of the above mentioned well. Also have 5 acres in the Northwest Burk field.

Figure out what a few wells of this size would mean to us, besides our chances for the deeper K-M-A sand on this lease as well as the gusher sand on our 5-acre tract.

Are you going to pass this up? Remember not wishing but acting gets results.

A limited amount of this stock now offered at par value, subject to advance without notice.

Our capital is small—with good business men behind the company.

The Byars Farm Oil Co. lost a string of tools in their well and are up against a fishing job. They retrieved their drill stem.
The territory surrounding the Vernon Oil and Development Co. is coming in for big play among the local fraternity. Much acreage surrounding this test is being bought up, and the stock of the company is receiving favor on the board.
Dental Notice—Dr. Green, dentist. Easy workman; work guaranteed; prices very reasonable. 513 1/2 Eighth street.

TEXAS & PACIFIC OIL CO. SAID TO HAVE STRUCK THE 1100-FOOT PIPER SAND
By A. C. McCONNELL
VERNON, TEX., Jan. 17.—Weather conditions and roads are much improved and tests that have been shut down are operating again. It has been difficult to transport fuel oil to many tests.
While Regional Director Rice of Chicago, member of the railroad board of regions, was in Vernon last week, he took a fling in the oil game and purchased acreage in the northwest part of Wilbarger county and authorized a broker at Denver to negotiate for additional acreage.
A report is that the Texas-Pacific Oil Co. in section 39, block 13, had struck the 1100-foot Piper sand, and when favorable plans to set casing are made their find. Officials of the company refuse to commit themselves concerning what they have found. This well is near the famous Piper wells.
The Home Oil Refining Co., who hold leases on about 275,000 acres in the G. L. and Paul Waggoner ranches, south of Vernon, are sub-leasing considerable of their acreage to foreign operators. The Sinclair Oil and Gas Co. has secured several blocks of producing wells of the Texas Co. on the W. T. Waggoner lease. No information is given out as to whether the Sinclair people will develop the acreage, but they are purchasing much.

BANK STOCK WANTED
We are in the market for stock in Wichita Falls banks. If you want to sell see or write us.

LABOR NEWS

WORK ON LABOR TEMPLE STILL FURTHER DELAYED

Work on Wichita Falls new labor temple is being seriously delayed on account of shortage in building materials, Jack Prader stated Saturday that the delay in a shipment of cement to holding up installation of the union printing shop in the basement of the building and that final completion of several other departments has also been seriously held up. Labor leaders Saturday refused to again announce a date for final opening of the labor temple other than to say that it would be some time within the next month. It was at first believed that the temple would be completed by January 31, but a shortage of labor and material together with extremely bad weather has been the cause of considerable delay.

PLANS PREPARED FOR CO-OPERATIVE MARKET

Plans and complete plans for the co-operative market and registering plant to be built in Wichita Falls by organized labor have been submitted to the building committee by contractors. It was announced at the labor temple Saturday. A special meeting of the building committee will be held within the next few days for consideration. The central labor body will meet Monday when the question of a co-operative market and community store will be discussed.

FULL EQUIPMENT FOR LABOR PAPER RECEIVED

Full equipment for the newspaper to be issued by labor organization here has been received and is now being stored in the basement of the labor temple. The plant will be placed in operation just as soon as quarters in the labor temple are sufficiently completed to allow the plant's installation. It was announced Saturday that the capital stock of the labor publishing concern had been increased and that a linotype and other modern printing equipment would shortly be installed.

ORGANIZED LABOR IS QUALIFYING TO VOTE

Organized labor of Wichita Falls is responding almost to a man to the request for a solid payment of poll tax, labor leaders announced Saturday. Business agents of various locals are receiving poll tax payments and turning them over to the county tax collector. Leaders announced that practically all members of organized labor in Wichita Falls will be qualified to vote in the elections of 1922.

The general committee of the Brotherhood of the New York Interborough Rapid Transit Employees, which organized a 25 per cent wage increase which, with a similar increase granted last summer when the men returned to work after a suspension, will in all make up the 50 per cent formally asked.

The total number of strikes in Canada during 1921 was 108, involving 44,439 employees and a time loss of 7,012,741 working days. Comparative figures for 1920 are: Number of strikes, 148; employees involved, 45,229; time losses, 1,124,970 working days.

The class of industry most affected by strikes was the metals, machinery and construction group; the other industrial groups chiefly affected were mining, agriculture and electric power. The number of strikes in the food group, which are not reported, is estimated at 25. Demands for increased wages and 25 per cent to demands for increased wages and other changes in 1921 were terminated in favor of the employees and 52.5 per cent in favor of employers, in 10.7 per cent the disputes ended in a compromise and in definite or untempered.

It is estimated that, taking an average of industry, commerce and agriculture wages in France were increased by 40 to 50 per cent during the war, showing a constant rise from 1914 to the end of 1918. A very large number of employees received not only a notable increase in salary, but also what is called "cost of living" or "war cost" money at different intervals as compensation for the increase in the cost of living. The factories which were working on government contracts paid for an eight-hour day in some instances three times the amount of pre-war wages for a day of 10 hours. This resulted in many of the workers leaving their natal trades to engage in war industries. China and other factories not engaged in war work were consequently compelled to increase wages considerably. In their scale of wages in order to retain their trained personnel, but also to pay these an indemnity, ranging from 1 to 3 francs per day, to meet the increased cost of living.

As a result of the experience gained by the Italian Government since the signing of the armistice, in November, 1918, with reference to combating unemployment, many measures have recently been approved by the Italian Ministry which, when they become effective, will make radical changes in the plan of organization and the provisions for the payment of unemployment benefits established by the decree of November 17, 1914, and January 4, 1919, and should produce far more satisfactory results. In addition to modifying the administrative organization previously established, in such a way as to centralize and coordinate more effectively all the activities of the government with regard to employment and to unemployment, provision is made for the establishment of a permanent system of unemployment insurance which will be paid out of a fund to which not only the state but also the employers and the workers will contribute. In the past, the state has borne the entire burden of the unemployment subsidies which have been paid. Provision is also made for advancing money out of the fund for unemployment to municipalities or consortia for the immediate initiation of public works.

Independent taxi drivers in Toronto, Canada, have organized with 100 per cent membership. In 1921, the railroads under control of the United States railroad administration employed 1,297,741 persons. The British government has paid out this far in out-of-work donations approximately \$192,000,000.

The average membership of the American Federation of Labor from 1919, to November, 1921, was 2,517,872. Only about one-third of the number of people employed before the war are now at work in the French textile mills. The union of manufacturers at Essen has decided not to deliver any more goods to France until German prisoners are sent back to Germany.

In a business office, Tokyo, Japan, street railway employees are holding mass meetings to clear, sharp eyesight is absolutely essential. Sometimes letters or signatures or documents have to be deciphered or translated, demanding the best of eyes. Perhaps your eyes need attention, so examine them—no obligation. Your name may need re-adjustment or changing.

Further their cause for an eight-hour day. The compensation of railroad employees in the United States in 1921, was more than the gross earnings of the railroad 10 years ago.

Because of the low wages there is an annual turnover of 100 per cent among scientific and technical workers employed by the United States Government.

There are between 600 and 700 puddling furnaces in the Staffordshire district in England, all operated by hand. When operating on full time they employ about 11,000 men.

The Swedish engineering industry is threatened with a complete tie-up as a result of the decision of the employees to suspend work until they are granted an increase in wages.

In Grand Rapids, Mich., bookbinders have concluded that the times are out of joint for individual bargaining and have reorganized their union, which they had permitted to lapse.

The refusal of employers to grant bricklayers an increase from \$5 per day to \$1.10 an hour has caused work on several mills and other buildings in Hazleton, Pa., to come to a standstill.

Women cotton factory workers in Columbia earn from \$3 to \$5 cents a day; the average wage being about \$3 cents. Men earn from \$3 cents to \$1.20 per day, the latter wage being that of the most skilled mechanic.

FIVE GOOD REASONS

Why We Will Advance Prices For Our Acreage 10% on February 1st.

1. The thirty million gas well one-half mile from our north line is surely the opening of a new pool.
2. Our well No. 1 is drilling at 1310. Our Well No. 2 is drilling at 770. Our well No. 3 is ready, but waiting for gas.
3. We have encountered four sands and other evidence which proves that we are on structure.
4. The price of oil has advanced 75c. The price of gas has doubled. We can sell at market all the oil and gas we get.
5. We have production on two, possibly three sides and are surrounded by drilling wells. We adjoin the wonderful Petroleum oil and gas field where wells came in over a thousand barrels and gassers of thirty million and where there are now 500 producing wells, some of them twelve years old.

WE NOW HAVE ACREAGE PRICED AS LOW AS 75¢ PER ACRE

Times Want Ads Get Results. Try Them!

The Panhandle Field Is Your Next Best Bet

The Home People's well is showing One Hundred Barrels and still drilling—All told, there are One Hundred and Four drilling wells in the Panhandle, besides hundreds of locations on which operations will begin in the spring—Now is the logical time—invest your money in the Biggest Little Company in Texas.

Here is one that has all the ear-marks of another Hogg Creek. If we have only the greatest gas well in all America is here in the Panhandle Oil Fields. Monster average luck we will make the Burk-Waggoner with her little \$2,000,000.00 sale-gassers and gusher oil wells are twin sisters—they go hand in hand the world over.

WE HAVE THE GASSERS AND WE WILL GET THE GUSHERS—DON'T YOU FORGET IT

<p>ON THE EVE OF PRODUCTION</p> <p>This field is on the eve of big production as evidenced by the bringing in on November 23, 1921, of the Masterson No. 4 well which is making 107,000,000 cubic feet of petroleum gas by gauge—the oil is next—but when the first big well is located here you will have lost all chance of getting in any company with small capital and a 4,000-acre lease—from then on companies will be organized on small blocks as they are in all other fields and at that time you will be gambling for OIL OR NOTHING as they will have no surplus leases to sell for your protection in case they drill a dry hole.</p> <p>THE BIG OIL COMPANIES ARE OPERATING HERE</p> <p>Such companies as the Empire Gas & Fuel Co., the Humble Co., the Sun Co., the Western Oil Syndicate, the Mid-West Refining Co., the Gulf Production Co., the Sinclair-Gulf, the Texas Co., the Emerald Oil Co., Benedum & Tress, the Texas Pacific Coal & Oil Co., the Prairie Oil Co., and the Bradley Co. are operating here, to say nothing of the scores of independent operators. Now is your chance to know anything of the policy of the big oil corporations, you know that only in very rare instances do they ever do any thing—they usually wait for the wild-catter to find the oil—but they are doing no waiting in this field—their geologists put it up to them too strong for that. There are more drilling wells in this than any semi-proven field in the country and all that have reached any depth have good oil showings.</p> <p>EXPERIENCED MEN ARE HANDLING THIS COMPANY</p> <p>We wish to state there are no amateurs handling this company—the active management are men who have followed oil from Canada to Mexico and have the experience necessary to make it a success. We further wish to add that our interest in the Company is \$35,000.00 acquired as payment for our 4,000 acre lease—we took stock for this amount at 100 cents on the dollar just as we ask you to take stock in payment for your dollars—and our stock is in escrow and cannot be sold in competition with the financing of this Company, therefore we cannot make a dollar without also making it for you.</p>	<p>FISHER-WHALEY</p> <p>The Fisher-Whaley Company, operating under a \$200,000 capital on a 200-acre lease in the comprehensive Timmon County, Oklahoma, is organized on the same lines as the Wolf Creek Oil Co., in that they possess selling part of their lease for the benefit of all stockholders in case of a dry hole. We are told that they have paid dividends amounting to 25 per cent to date by the sale of a small part of their acreage—their stock sold as high as \$27 1/2 per share in the past three days.</p> <p>CANADIAN POOL OIL COMPANY</p> <p>The Canadian Pool Oil Company of Amarillo, Texas, operating in the Panhandle oil fields on a 3200-acre lease strictly as a holding company (they will drill no wells), recently sold 1600 acres to a Cincinnati company. After using part of this money to increase their holdings to 4600 acres, they paid their shareholders dividends totalling 30 per cent—their stock now selling way above par.</p> <p>WOLF CREEK OIL COMPANY</p> <p>We are operating the Panhandle oil fields on a 4,000-acre lease, capital only \$150,000. We bought our lease early—we took the pick of the field—structure or geology counts for anything—if a number of the biggest wet gas wells in the United States counts for anything, WE ARE A GINCH TO GET OIL. If we win you get your share of seven-eighths of all we can produce on 1,000 big acres—if we lose, we will have sold 3,000 acres out of this 4,000-acre lease for your protection before the well is completed. This is the best buy in Texas. There is only one question—LET YOUR CHECK OR MONEY ORDER BE YOUR ANSWER.</p>	<p>ONLY 1 1/2 PER CENT DRY HOLES</p> <p>From reports published in reliable newspapers and oil journals there were over 21,800 wells drilled in the United States in 1918. Of this number 79 per cent are said to have been producers, 3 per cent gassers, and 18 per cent dry holes. Therefore, based on the law of averages we have 82 chances out of a possible one hundred to win but with the showings here our chances should be far better than that—at all events it is not a question of losing your money as we believe that we have you protected.</p> <p>The Bradley Company who sold a part of their Burkburnett holding for \$2,000,000.00 a few days ago have taken a lease 5 miles west of us—This Company has posted a Cashier's Check for \$25,000.00 to guarantee completion of the well.</p> <p>WE CAN PAY YOU 100 PER CENT</p> <p>It is our belief that we can pay you at least 100 per cent before the well is completed even should we drill a dry hole. Lease prices make this possible—leases around any drilling well in this field are higher than in any semi-proven field in the state. Geologists tell us that we should get oil at 2,700 feet, but we are going to make no mistake—we will start with a hole large enough at the surface to allow us to go 4,000 feet if necessary. After our well is down 1,000 feet or more we will start selling leases of our 4,000-acre block—by the sale of 3,000 acres at that time, based on lease prices around drilling wells, we have no doubt we can pay you 100 per cent or more and still leave you your full interest in seven-eighths of all we can produce on 1,000 acres.</p> <p>\$22,000.00 FOR \$100.00</p> <p>Burk-Waggoner was a wildcat a few months ago—they sold for \$2,000,000 and only had 60 acres. We expect to get as good a well as they got. If 60 acres sold for \$2,000,000, what will 1,000 acres be worth? Figure it out. It amounts to over \$22,000.00 for \$100, doesn't it? Nothing impossible about this, in fact, this is the kind of profit pioneer companies figure to make.</p> <p>U. S. Government report issued January 3, 1920 places the value of total mineral production, including Gold, of Alaska a \$18,850,000.00 for the year 1919. If we bring in a gusher on our monster lease it will be worth in excess of that amount.</p>
---	---	---

Does Eighty-two Chances out of a Possible One Hundred to Make \$22,000.00 for \$100.00 interest you When Coupled With the Protection Offered?

At the Churches Today

Christian Science Society.
L. O. F. hall, Swartz Wood building, 905 Scott street.—Sunday school, 9:45 a. m.; lessons, 11 a. m.; subject, "Life." Testimonial meeting, 3 o'clock Sunday evening. The public is cordially invited to attend these services. All friends up to the age of 20 years are welcome to the Sunday school.

Floral Heights Methodist Church.
Sunday school at 9:30; morning service at 10:30; "An Open Door Which No Man Can Shut"; Sunday Epworth League at 11:15. At 7:30 "Hearing God's Voice." A number of members are expected to join the church, and an interesting and profitable day is expected with full attendance upon all services. Place of meeting is high school building.

Trinity Lutheran Church.
Corner Fourteenth and Bluff streets.—Morning service at 10:30; Sunday school an hour before. No English night service as the pastor has to preach at Seymour. The members of our Ladies Aid will serve coffee and cake at the home of Mrs. H. F. Brodthagen, 111 Dallas and Lamar, Tuesday, Wednesday, Thursday, Jan. 21. You are kindly invited. Bring your friends with you.
W. UTESCH, Pastor.

First Christian Church.
Corner Travis and Tenth streets. J. Leon Keovil, minister.—Sunday school at 9:30; morning service, 10:40; Y. P. S. C. E. 6:30; evening worship, 7:30; Wednesday prayer meeting, 7:30; subject of morning sermon, "After Resurrection—What?" Subject of evening sermon, "The New Birth." What is the new birth? What say the scriptures about the new birth? These themes will be interesting and of value to all who hear them. Special music in solo and chorus will feature the meetings. All members of the church and visitors to our city are urged to be present.
J. LEM KEVOIL, Pastor.

St. Paul's Lutheran Church.
(Mo. Synod.)
Eleventh and Holliday streets.—Sunday school at the usual hour, 9:30 a. m.; morning services at 10:30 o'clock; executive board of Bible class will meet at 5 p. m. in the church; Home Bible class Bible study at 7:30 p. m. Everybody is cordially invited to worship with us, especially all the many strangers in our city.
C. M. BEYER, Pastor.

First Baptist Church.
Good coal stoves in the church. It will be absolutely comfortable. Sunday school, 9:45 a. m.; preaching service, 11 a. m., subject, "Loyalty to the Church"; Junior B. Y. P. U. No. 1, 4 p. m.; Junior B. Y. P. U. No. 2, 5 p. m.; Senior B. Y. P. U. Nos. 3 and 4, 6:15 p. m.; preaching service, 7:30, subject, "The Ideal City." At the evening hour the pastor will discuss "Greater Wichita Falls." We hope that the officials of the city will be present. All are welcome. Come and bring your friends.

O. L. FOWERS, Pastor.
First Baptist Church.
All officers and teachers of the school are urged to be present at the officers and teachers' council at the church Sunday afternoon at 8 o'clock.
CHARLES O. COOK, Supt.

First Presbyterian Church.
Communion at the morning hour.

Opportunity for membership. Miss Velle will sing morning and evening. Other special music in the evening. We are to have the first of a series of talks by laymen. The secretary of the Chamber of Commerce will speak on "The Relationship of the Church to Civic Life." The hour is 7:30.
N. F. TRAPTON, Pastor.

Floral Heights Baptist Church.
Corner Tenth Street and Kemp boulevard.—Sunday school at 9:45 a. m.; preaching at 11 a. m. and 7:35 p. m. by the pastor, B. Y. P. U. at 6:30 and 7:15 p. m. Ladies' meeting, Tuesday at 2:30 p. m.; prayer meeting every Wednesday at 7:15 p. m.; Junior Bible drill every Friday night. Ours the home-like church, with a friendly hand and a very cordial welcome. We have no "rubber women or pet parrots," but the old time gospel of grace with love in it. The sermons will be bright, brief and breezy. You are welcome, come.
R. W. McANN, Pastor.

Residence 1108 Kemp boulevard, Phone 3524. Keep these numbers in mind if you need a minister for your troubles or for your joys.

Fourth Street Baptist Church.
Corner Fourth and Lamar.—Sunday school 10 a. m.; preaching 11 a. m.; B. Y. P. U. 6 p. m.; preaching 7 p. m. There will be a hearty welcome for you at all of these services.
A. S. HOLT, Pastor.

Mr. and Mrs. C. H. Dent of Dallas are visiting at the home of Mr. and Mrs. H. O. Graves, 1708 Bluff avenue. Mr. Dent is here in connection with his duties with the M. K. & T. Railway company.

SERIES OF TALKS BY LAYMEN AT THE FIRST PRESBYTERIAN CHURCH

Dr. Crafton tells us that he is going to have a series of talks by laymen at the First Presbyterian church the next seven Sunday evenings. The first will be held tonight and the secretary of the Chamber of Commerce will speak on "The Relationship of the Church to Civic Life." This promises to be an interesting talk as the speaker is well prepared to handle his theme.

Next Sunday two or three representatives of the business women will occupy the 20 minutes allotted to the live theme. Following that the schools, city council, court, telephone, fire department and other public service organizations will be represented. These talks promise to awaken an interest in the church people to their relationship to every part of the life of the city.

HEATING SYSTEM AT CHURCH IS IMPROVED
The heating system of the Christian church has been overhauled this week. A change has been made by which coal will be used to supplement the gas. The electrical system has been augmented so that the fans for hot air furnace will give much better service. Elevated seats have been put in for the choir and an even greater musical service will feature the meetings. The seating arrangements of the church have been overhauled and a greater number of seats installed to take care of the steadily increasing attendance.

The Woman's Auxiliary of the First Baptist church will meet at the church at 2 o'clock Monday afternoon. Fly with Hall today. Call Field, 3524-1p.

POLL TAX PAYMENTS TOTAL 3643 TO DATE

A total of 3,643 citizens of Wichita county have paid their poll tax, this becoming qualified voters in the elections of 1926. County Tax Collector Titus announced at 5:00 o'clock Saturday afternoon that 759 women have qualified to vote by paying their poll tax or by taking out exemption certificates. County Collector Titus Saturday announced that women of the county are taking an increased interest in political affairs judging from the number who have visited his office during the past week.

Collector Titus called the attention of the public to the state election statute which provides that persons who have not been in this state for one year on January 1, but who will have been here one year on election day, will not be required to pay their poll tax, although they will be eligible to vote in all elections occurring after they have been in the state their first 12 months. He states that the Texas statute regarding poll tax payments is largely misunderstood, especially among newcomers. He says that persons who have recently come

into the state attempt to pay their poll tax and do not understand why they are not permitted to do so. Under Texas statute, this class of persons are allowed poll tax exemptions and can vote in the elections in case they have been in Texas one year prior to the date of election.

Fly with Hall today. Call Field, 3524-1p.

BETTER TONE
How The Brunswick Attains It

Even the most casual hearing of the Brunswick gives instant and conclusive evidence of its tone superiority. Your ear immediately detects the difference.

This betterment is due to the Brunswick Method of Reproduction, which includes two new ideas—the Ultona and the All-Wood Tone Amplifier.

The Ultona plays all records at their best whatever make. Just a turn of the hand and the Ultona presents to each type the proper weight, diaphragm and needle according to its exact requirements.

Perfect reproduction is followed by perfect tone development through the new All-Wood Tone Amplifier. No metal is used in its construction.

Investigate the Brunswick before you buy; a visit to our store will give you new standards by which to judge.

ANNOUNCING

An increase in the price of Scotland Addition, of twenty-five per cent on March 1st. All other vacant lots in Wichita Falls have been advanced Three and Four Hundred Per Cent the last year, while Scotland Addition has remained the same, the stockholders being satisfied with small profits and not trying to grasp all in sight.

An Increase of Twenty-Five Per Cent

is very conservative when you consider that North Wichita is the Industrial Center and Scotland Addition lies mid-way between that center and the court House. Millions of dollars have been spent by the industries of North Wichita and its only the beginning for it is the logical location for factories and refineries.

SCOTLAND ADDITION

lies only eight block north of the Court House. This is the only close-in addition to the city of Wichita Falls and there can be no more for the simple reason that there is no plot of ground available. These lots are all beautiful, are all 50x140 feet, they are selling fast and the addition is rapidly building up. The time is limited and you should buy now while the desirable lots are unsold and while the price is low for we positively advance the price

MARCH THE FIRST

The prices until then are \$400.00 for inside lots and \$500.00 for corner lots, terms are easy, one-third cash and balance in six, twelve, eighteen and twenty-four months. A discount of five per cent is given for cash payment of entire purchase price.

WHY PAY ENORMOUS RENTS WHEN YOU CAN BUY CLOSE-IN LOTS ON EASY TERMS AND BUILD YOUR OWN HOME?

HARRY SPANELL IS ACQUITTED OF MURDER CHARGE

Jury at Brownwood Returns Verdict of Not Guilty After Two Hours Deliberation

TRIED FOR THE MURDER OF COL. BUTLER AT ALPINE

Defendant Had Previously Been Acquitted of the Murder of Miss Spawill

BROWNWOOD, Texas, Jan. 17.—Harry J. Spanell was acquitted of the charge of murdering Colonel M. C. Butler by a jury in district court here today, after two hours deliberation. It was the third time Spanell, a music teacher, had been tried for murder in connection with the slaying of Colonel Butler and Mrs. Spanell while they were on an automobile ride with him at Alpine, Texas, the evening of July 30, 1924.

The case, brought to Brownwood from Coleman, Texas, on a change of venue, went to trial January 5. It was given to the jury at 12:30 p. m. today. The jury's verdict sustained the defendant's plea that his acquittal in January, 1925, of the charge of murdering his wife, was in effect an acquittal of a like charge in connection with Colonel Butler's death. The jury did not therefore specifically pass on

Spanell's guilt or innocence in connection with the slaying of Butler. It was on this point—former jeopardy that Spanell's conviction in his second trial was reversed by the high court and the case remanded for trial, the court holding the trial court had erred in failing to submit the plea of former jeopardy to the jury. The defendant was not in the courtroom when the verdict was announced this afternoon, and although there were many spectators present there was no demonstration. It was three years this month, January, 1927, that Spanell, a music teacher, was first tried in connection with the slaying, slaying which ended on the outskirts of Alpine. In that trial he was acquitted of the charge of murdering his wife. Three months after the first trial, he again faced a district court jury which found him guilty of killing Colonel Butler. A prison sentence of five years was imposed. The court of appeals held, however, that the trial court erred in failing to submit to the jury the plea of former jeopardy by the defense and the decision was reversed and the case remanded for a new trial. Spanell's first trial attracted national attention because he was a former music instructor at Baylor University, Waco, and his wife was the only daughter of John R. Holland, wealthy and widely known ranchman at Alpine, Texas. Testimony is similar. Testimony presented at the third trial of Spanell was virtually a repetition of that introduced at the first two trials. The prosecution, through the presentation of many character and material witnesses, sought to refute the contention of the defense that Spanell had been warranted in killing Colonel Butler on the grounds that the latter had been unduly attentive to Mrs. Spanell. Several army officers testified that

Colonel Butler's reputation "as to chastity and virtue" was above reproach. Likewise the defense introduced character witnesses, including several of Spanell's former Baylor pupils, with a view to establishing the defendant's reputation previous to the fatal ride at Alpine as "above reproach." Testimony of both sides coincided in the general outline of the ride preceding the shooting. Colonel Butler and Mrs. Spanell were in the rear of the automobile, driven by Spanell, who was the only other passenger. Words Are Exchanged. Near the outskirts of Alpine, there had been a verbal exchange between the men, followed by the shooting. Mrs. Spanell was slain by a smaller caliber bullet than that which killed Butler. The defense contended that Mrs. Spanell had been killed by Butler, who in turn was shot down by Spanell. Evidence was presented to show that Colonel Butler was unarmed when he started on the ride, while Spanell had in his possession, or in the car, a .45 caliber revolver and a smaller automatic. In his recital on the witness stand, Spanell testified he had drawn the pistol, was seized by Butler and was either thrown or fell from the car. He declared he ran around the back of the car, saw Mrs. Spanell in front of Butler as a pistol flashed, then with his revolver, he fired at Butler. Thought of his daughter prevented him from taking his own life, Spanell said. COURSE IN MILLINERY IS WELL RECEIVED. The course in millinery which was started by Miss Zelma Miller, of the domestic art department of the local schools, last Monday was very enthusiastically received by the women of this city and there were over 15 present at the first meeting. The course will be a very complete one and will deal with every phase of the designing, remodeling and making of the latest styles in ladies' headgear. The course will extend over a period of eight weeks, during which time 15 lessons will be given. The classes are held on Monday and Thursday afternoons at the high school.

FIVE MILLION DOLLAR COMPANY IS MOVING OFFICES TO WICHITA

The National Petroleum and Refining Company of Dover, Delaware, a \$5,000,000 company is moving its general offices to Wichita Falls in the furtherance of its business which is largely centered in the Northwest Extension. This company is a merger of five companies and only this week absorbed the Hedrick Oil Producing Company, taking over their entire business as of date of January 15, exclusive of accounts and bills payable and receivable. The company is now drilling the Hills Stripling property across the river in Tolan county which is a standard deep test, and another deep test in Taylor county near Adkins. The National company has five acres near the General well in the Sparks tract and another five acres in 820, just to the south, both of which will be drilled soon. F. F. Warren heads the National company whose officers are all Texas men with the exception of Wesley Blason, formerly of the Postal Life Insurance Co. of New York, who has been made publicity director of the company. Financial arrangements for this company include the placing of \$2,000,000 of its stock on the New York market by the Pettengill company who are devoting some careful attention to this field. NEW YORK BROKER IS PLEASED WITH CITY. George T. Pettengill of Pettengill & Co., Inc., investment brokers, 15 Park Row, New York City, is in Wichita Falls on a tour of inspection of the producing and refining activities in this field by reason of financing

contracts which his company is making with some large new interests that are establishing their headquarters here at this time. Mr. Pettengill has spent several days in the field and among the operators gathering desired information of a specific character about financial lines and expressing himself as believing that this territory is entering upon a far greater activity than was seen here last year by reason of the fact that eastern money is now convinced of the permanency of this field, as it has not been before, and the further fact that there are a number of larger companies entering the field who are offering the public per investment and New Yorkers are not interested in small companies. "I am particularly pleased with the civic progress in Wichita Falls," said Mr. Pettengill, "for we have been led to believe in the east that the town-people had no time here to provide for the accommodation of the public, but your new sky line, the wonderful activity in the building of dwellings, and the tone of your newspaper editorials all go to convince me that your citizens are alive to the permanent retention of the business that oil is bringing you." Mr. Pettengill leaves tonight for the Homer and Bull Daves fields before returning to New York. PLEASANT MEETING OF THURSDAY EVENING CLUB. Judge and Mrs. R. E. Huff entertained the Thursday Evening Club this week at their home, 1100 Brook. Forty-two provided the evening's diversion, there being six tables of players, and a tempting refreshment course of chicken salad, water, olives, potato chips, coffee and cake, was served. The members and guests present were: Messrs. and Madams T. P. Adams, W. J. Graham, F. P. Lanford, G. C. Wood, T. T. Reese, W. L. Robertson, William Huff, H. A. Allen and John Gould, Mrs. W. W. Sill, Mrs. H. O. Graves, Miss Minnie Young and T. B. Nobis. Fly with Hall today. Call Field. 232-11p

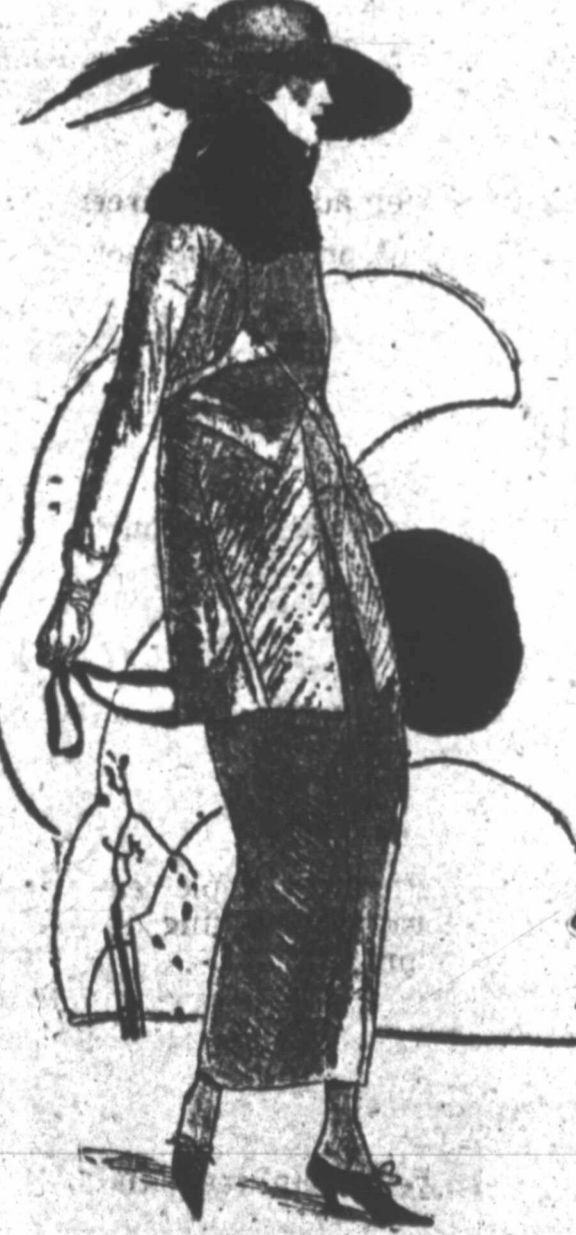

ONE CONVICTION AND TEN ACQUITTALS IN COUNTERFEIT CASES

KANSAS CITY, Jan. 17.—Louis M. Osterweis of New Haven, Conn., was found guilty, and John Conway of Hattiesburg, Miss., was found not guilty this morning by a jury in the United States district court of Kansas City, Kan., on a charge of conspiracy to print and circulate fraudulent treasury certificates. Conway was released. The certificates in question were declared to have been printed at the printing office of the United States disciplinary barracks at Fort Leavenworth, Kan., on the preparation for carrying into effect orders of Federal Judge John C. Pollock that a "weeping and comprehensive" investigation be made into conditions at the disciplinary barracks were begun today by Fred Robertson, United States district attorney for Kansas. Mr. Robertson said his plans as yet were entirely tentative. He added, however, that he expected to go fully into charges made yesterday at the trial in Kansas City, Kan., of 11 former inmates of the barracks that for several months in 1919 the institution was governed by a "Soviet" committee of prisoners and that their regime, sanctioned by the officer who was commandant at the time, developed into a "reign of terror" during which crims flourished and prisoners were openly mistreated. The committee, it was declared, came into existence as a part of the settlement of a general strike called in protest against the release of 113 conscientious objectors. Ordering of the investigation put into the background the trial at which the evidence was adduced. The 11 defendants were charged with being involved in a widespread plot to print

and circulate from the barracks fraudulent government treasury certificates. The other nine defendants were discharged on the ground that they had not been connected with the manufacture of the certificates. A verdict of acquittal for nine defendants of Osterweis was returned at direction of the court. When the verdict was returned A. L. Berger, attorney for the defendants, asked the court for protection for the four men if they are returned to the disciplinary barracks. "None of these defendants will be returned to that institution under the present circumstances, without an order from this court," said Judge Pollock. Officials state the four defendants will be kept in the Wyandotte county jail at least for the present. First Methodist Church. Corner Seventh and Lamar. Sunday school will be conducted Sunday morning at 9:45 o'clock at the First Methodist church, Seventh and Lamar streets, with C. O. Simmons presiding as superintendent. This school is so well organized the pastor says, that there is a class for every one, regardless of age or station in life. The theme of Dr. Bugham's sermon at 11:00 o'clock will be "The Wichita Falls of Today and What We Should Make It Tomorrow." A duet will be rendered by Mrs. J. W. Karranfock and Miss Nettie Freiberg. A joint meeting of junior and senior Epworth League will be held at 8:15 o'clock, "Ma" Burdeck of Salvation Army fame will address the joint meeting. "Who Would You Marry" will be the pastor's theme at 7:30 o'clock. Letters written by several prominent young women of the city, upon the subject from the woman's viewpoint will be read and commented upon by the pastor. Notice. Will A. Miller & Sons have moved their office to 511 Eighth street (Marlow Bros. office). Will A. Miller, formerly with Miller & Webb, will handle the business in connection with their office at Amarillo, and be assisted by J. M. Lybrand, Jr. and L. H. Miller. 232-11e.

KRUGER JEWELRY CO. CLOSES LEASE FOR NEW STORE ROOMS

Through a lease closed the past week the Kruger Jewelry Company will in the near future occupy the M. Waggoner building, now occupied by the National Bank of Commerce, at the corner of Ohio and Eighth. Possession will be given as soon as the building can be remodeled following the removal of the bank into its new home at the corner of Eighth and Indiana.

Mr. Waggoner has made arrangements to remodel the present building for the Kruger company in a manner that will make one of the finest jewelry stores in the South. The corner is ideal for this business, and offers opportunities in construction that should make it a pride to every citizen. Practically the entire frontage will be of plate glass, with two entrances, one on Eighth and one on Ohio. The main entrance will be in the center of the Ohio front, with glass on both sides of the doors. The entire corner will be of circular glass, with the Eighth street entrance about half way between the corner and the west end. From this door to the west end of the present banking room there will also be plate glass show windows, thus giving an exterior view of the entire store from either street.

To correspond with the beautiful building, the Kruger company has let contract for entire new fixtures, which will be of rich mahogany and plate glass, with handsome mirrors and magnificent lighting fixtures. The combination is one that will provide for Wichita Falls one of the most beautiful stores in Texas or the entire south.

In the west end of the building now occupied by the bank as a directors room, the Kruger company will install a thoroughly modern optical

Art Jewelry Co.

Optical Parlor

Sam Kruger and the business, moved to its present location and the stock very greatly increased. Through the succeeding years the business continued to prosper in a small but substantial manner until the big boom came to Wichita Falls, after which it went by leaps and bounds until it has now reached a position second to none in the state, and possesses a reputation, of which it is justly proud, of never having misrepresented a piece of merchandise that has gone out of its store. With direct connections with some of the largest diamond importing houses in America, and with contracts with the best silver and goldsmiths, as well as with the leading cut glass makers and jewelry manufacturers, the firm is now in a position to offer its customers a line of merchandise equal to Tiffany's or any other leading house in the country.

Remodeling of the new building will commence as soon as it is vacated by the bank, and the firm will take possession as soon as the remodeling is completed.

OAT HULLS HAVE SAME VALUE FOR STOCK FOOD AS DOES OAT STRAW

Oat hulls have about the same value as a feed for livestock as oat straw, says the "Feed and Feeding" Editor of the Drovers Journal, in answering the inquiry of a subscriber of that publication. He says:

In considering whether or not to feed oat hulls to cattle or sheep, the first consideration should be, what will they replace? In order to answer that question it is necessary to know what kind of feed oat hulls are—whether it is properly a concentrated feed or a roughage. In the days before feed laws were passed—and perhaps even yet where the laws are lax and dealers unscrupulous—oat hulls

were often sold, mixed with other feeds, as a concentrate. They were frequently mixed with ground corn and sold as "ground corn and oats." And there were countless other combinations in which they figured largely, adding bulk to the feed, it is true, and not doing any particular harm, except to the pocketbook of the purchaser, who paid a high price for a low value feed.

For oat hulls are of low feeding value. They are very nearly of the same composition as oat straw—would be expected, when you stop to think about it—and as they are worth just about as much as feed to the animal as good oat straw would be. They have somewhat less fiber than oat straw, but they also have less protein so that, to put it roughly, while they are perhaps more easily digested, there is less that is worth digesting.

Commercial oat hulls, as found on the market nowadays, are the by-product of the oatmeal mills, and contain very little but the chaff, as a rule. In some cases parts of the kernel may cling to the hulls, thus increasing their value, but most of the miller's chaff goes away from them.

Oat hulls are all right as a feed, then, if they are considered as a roughage, to take the same place in the ration that oat straw would take—other feeds being given to make up for the concentrated part of the feed. As roughage or "filler" they may be considered of some value, but to depend on them for any real worth as a growth-producing feed is a mistake—and a costly mistake, too, if a high price is paid for them. Feed them as you would oat straw.

Figures show that the textile industry in the devastated regions of France has reached two-fifths of normal production.

E. S. WHITELAW ENTERS RACE FOR TAX ASSESSOR

E. S. Whitelaw makes announcement of his candidacy in this issue of the Times for nomination for the office of Tax Assessor, subject to the action of the Democratic primary.

Mr. Whitelaw has been a resident of Wichita county for a number of years and was judge of the city court in Wichita Falls until two years ago when he resigned to make the race for tax collector. Mr. Whitelaw was a close second in this race and received a good vote in every precinct in the county. He has friends everywhere, many of whom will doubtless support him for the office he now seeks.

Mr. Whitelaw expects to see as many voters as possible before the date of the primary, but his means will not permit him to devote all his time to his campaign, as he must earn a living as he goes along. The Times presents his candidacy to the voters of the county for their favorable consideration.

ODD FELLOWS ARE TO INSTALL OFFICERS AT MEETING MONDAY NIGHT

Installation of new officers for 1929 and the reading of the annual report will feature the meeting of the local lodge of Odd Fellows Monday night. The lodge has practically doubled its membership within the past year, and the report for 1928 is expected to be a successful one.

New members have joined the lodge at the rate of about 10 per month, as it is believed an even larger class will receive degrees during February. The work of the lodge has grown so rapidly that two secretaries will in the future handle the many growing details.

The encampment also is in a flourishing condition, and extra paraphernalia has been ordered. The subordinate lodge recently spent more than \$1,000 on new regalia, which is expected within the new few days.

COFFEE

Forty-five years ago, one Shie De Vere, in reviewing the legends and miracles ascribed to the famous bean, the merits of which a dervish discovered as he watched the effects of the leaves of the plant upon a flock of goats he tended and that were made frisky by eating them. It is told that "they jumped and gambled and bleated in so remarkable a manner that the dervish became envious of their happiness, gathered a few of the leaves, chewed them and felt as merry as his goats." That was the start of the devotion now shown in the civilized world to coffee as its favorite beverage.

De Vere, noting the devotion of pious followers of Mohamet among whom coffee reigned supreme, remarks: "poets have sung the praises of the black beverage; priests and monks have preached in its favor, and to all from the Sultan on his throne, to the fellow in his hut of Nile mud, the precious thing is a source of enjoyment." That spirit is as potent today as it was 400 years ago.
