TO INVESTIGATE DANIELS' NAVAL POLICIES

EARLY DECISION BY HIGH COURT ON PROHIBITION

Rhode Island Permitted to File Original Proceedings to Test Amendment.

GOVERNMENT TO RAISE JURISDICTION QUESTION

Ruling Thereon Will Be Taken to Indicate Opinion of Court in the Matter.

WASHINGTON, Jan. 19.—Validity of the federal prohibition constitutional amendment is to be determined by the supreme court which today granted the state of Rhode Island permission to institute original proceedings to test it and enjoin its enforcement in that state.

CLAIM VIOLATION OF RIGHTS OF THE STATE

WASHINGTON, D. C., Jan. 19.—The supreme court today decided its final decision as to whether constitutional prohibition is valid. Announcement was made that the application of the state of Rhode Island to institute original proceedings in the court to test the validity of the eighteenth amendment and the Volstead law enforcing it has been granted.

Rhode Island in making the application claimed the law could not be enforced in the state against its consent, as the state had rejected the prohibition amendment. Enforcement would be a serious infringement upon the political powers and sovereign rights state it was claimed.

The state does not contend that its failure to ratify makes the amendment void, but it does contend that the law cannot be enforced in Rhode Island, which has rejected it.

The government argued that the supreme court had no jurisdiction to hear the case originally and that it must be initiated in the lower courts, and fought through them until it eventually reached the supreme court. Today's decision eliminates the delay this would involve.

The supreme court, however, refused to grant an injunction restraining the state and federal officers from enforcing constitutional prohibition in the state.

Rhode Island must be as dry as any other state until the case is finally disposed.

The case probably will not be argued until March, as the court recesses during February. Solicitor General King said the government will make every effort to rush the case by moving next Monday to dismiss Rhode Island's bill of complaint. The court's action on this motion will determine the validity of constitutional prohibition, he believes.

STAGE BEING SET FOR TRIAL OF SOCIALISTS

ALBANY, N. Y., Jan. 19.—The stage was being set here today for tomorrow's opening of the trial which will determine whether five suspended Socialist members of the state assembly shall be ousted permanently from their seats. The trial is expected to last for two weeks or more.

LEAGUE OF NATIONS IN PARIS IS HOUSED NEAR THE AMERICAN EMBASSY

PARIS, Jan. 19.—The league of nations is housed not far from the American embassy, in Rue Paquet, where a considerable staff has been at work since the league entered in being officially three days ago. Its work, however, is still confined to organization, as the only act of the league council at its first meeting was to appoint members of the Saar Valley boundary commission, which is not under the league's control.

It is understood by a strict interpretation of the Versailles treaty that the boundary commission will be under the direct supervision of the "Paap," which is an abbreviation used by the league's staff to designate the "Principal Allied and Associated Powers." It is expected the league will take jurisdiction over the Saar region only when an administrative mission has been organized. In the meantime the league staff will return to London, leaving probably on Wednesday. The direct supervision of the league will be retained, however, as the permanent home of the league council when it meets here.

ALLEGED I. W. W. IS CONVICTED UNDER A NEW OKLAHOMA LAW

ENID, Okla., Jan. 19.—Jack Terrell, alleged I. W. W. organizer, on trial for violation of the new state law against preaching the doctrines of syndicalism or sabotage, was convicted by a jury in district court here today and will be sentenced from one to ten years. This is the first trial to be held in Oklahoma under the new law.

PAN-AMERICAN CONFERENCE IS OPENED TODAY

Message of Greeting is Sent From Sick Room by President Wilson

WASHINGTON, Jan. 19.—The Pan-American Conference opened here today for the consideration of international problems arising from the return of peace. President Wilson from his sick room sent a message of greeting to the ministers of finance and other prominent visitors, declaring that Pan-America sought no selfish purpose in assisting world reconstruction and would regard it as a privilege to fulfill the obligations imposed by the great advantages enjoyed by the people of these republics. Secretary Lansing, brought out the same idea in addressing the delegates, when he said the Americans accepted the burdens thrust upon the New World by the war and would press forward confidently to the better days of the future.

Welcoming the visitors to the building of the Pan-American Union, where the general sessions are being held, John Barrett, director general, spoke of the united moral influence prevailing peace and building up commerce.

Secretary Glass, president general of the conference, occupied the chair at the opening session, which was followed by an informal luncheon given by the federal reserve board and the United States section of the international high commission. This afternoon the group committees from each country met to organize.

President Wilson's message, read at the opening session, follows: "I regret more deeply than I can well express that the condition of my health deprives me of the pleasure and privilege of meeting with you and persons of equal standing in every country of the American continent, which every officer of your government feels because of your presence at the national capital and particularly because of the friendly and significant mission which brings you to us."

"I rejoice with you that in these troubled times of world reconstruction the republics of the American continent should seek no selfish purpose, but should be guarded by a desire to serve one another and to serve the world to the utmost of their capacity. The great privileges that have been showered upon us, both by reason of our geographical position and because of the high political and social ideals that have determined the national development of every country of the American continent, carry with them obligations the fulfillment of which must be regarded as a real privilege by every true American. It is no small achievement that the Americas are today able to say to the world: 'Here is an important section of the globe which has today eliminated the ideas of conquest from its national thought and from its international policy.'"

"The spirit of mutual helpfulness which animates the conference supplements and strengthens this important achievement of international policy. I rejoice with you that we are privileged to assemble with the sole purpose of ascertaining how we can serve one another, for in so doing we best serve the world."

(Signed) Woodrow Wilson.

BELIEVE ANTI-TOXIN SAVED LIFE OF GIRL

NEW YORK, Jan. 19.—Anti-toxin rushed here Saturday from Washington and administered to eight-year-old Lena Delbene, a victim of olive poisoning at the Fordham hospital, is believed today to have saved her life. Unless unforeseen complications develop, physicians stand, the girl will recover. The child's parents, a brother, sister and two uncles all died within a week as a result of eating green olives.

The serum arrived too late to save the life of Dominick Delbene, the girl's uncle, who died Saturday night two hours after it had been injected into his arms. Angelo Delbene, another uncle, died before the serum arrived.

M. MILLERAND ANNOUNCES NEW FRENCH CABINET

Capt. Andre Tardieu Refuses to Continue Minister of Liberated Regions

CHANGES IN DIPLOMATIC ASSIGNMENTS EXPECTED

Millerand to be Foreign Minister in Addition to Retaining the Post of Premier

PARIS, Jan. 19.—Captain Andre Tardieu has refused to retain the portfolio of minister of liberated regions in the new Millerand cabinet. In reply to M. Millerand's request that he remain in office, Captain Tardieu has said that during the past few days both chambers of parliament have shown they wish to appeal to new men and that therefore he is unable to accept the premier's invitation. Changes in French diplomatic assignments are expected to result from the election of M. Deschanel as president. G. F. Alapetite, present minister to Spain, may become governor of Alsace-Lorraine, according to the Echo de Paris, and Henry Allizee, head of the French special mission to Vienna, is being considered for the Madrid post. The other candidate, Excelsior says, is probable Charles C. A. K. Jonnart, may succeed Alexandre Millerand, the new premier, as governor of Alsace-Lorraine.

The cabinet which has virtually been completed, is composed as follows:

New Cabinet
Premier and Foreign Minister, Alexandre Millerand; Minister of Justice, M. L'Hoteau; Interior, Andre Honnorat; War, Andre Lefevre; Marine, M. Landry; Commerce, M. Isaac; Agriculture, Henri Ricard; Finance, Frederic Francois Marsal; Colonies, Albert Carrat; Public Works, Yves Le Trocquer; Public Instruction, Victor Berard; Labor, Paul Jourdain; Hygiene and Social Welfare, M. Breton.

M. Jourdain was minister of labor in the Clemenceau cabinet, and M. Le Trocquer was under-secretary of state for the liquidation of stocks. These are the only members of the Clemenceau ministry retained. M. Francois Marsal is the manager of the Banque Union Parisienne. He is neither a deputy or a senator.

WILL CONTINUE PRESIDENT OF THE SUPREME COURT

PARIS, Jan. 19.—Georges Clemenceau, retiring French premier, will continue as president of the supreme court until the Adriatic and other pressing problems have been settled. It was believed today.

Contrary to expectations he has not resigned as head of the council.

The Jugo Slav delegates have not yet received a reply from Belgrade on the tentative solution for disposition of fume advanced by the council.

The supreme court at its meeting today took up the Russian situation. Marshall Foch and Admiral Earl E. Beatty first sea lord of the British admiralty attended the council meeting.

Georgian delegation, representing anti-Bolshevik factions in south Russia, demanded help against the Soviet armies but the council did not arrive at any decision.

PASSING OF SENTENCE ON NEW IS POSTPONED

LOS ANGELES, CALIF., Jan. 19.—Passing of sentence on Harry S. New, reputed son of United States Senator New of Indiana, was postponed today until Friday morning at 10 o'clock. Filing of a motion for a new trial caused the postponement.

F. H. CLISBEE IS ROBBED OF \$700 MONDAY MORNING

Knocked in the head with the butt of a revolver, F. H. Clisbee, owner of the Clisbee Auto Livery company, was robbed of \$700 in cash by two highwaymen, near his home at 806 Thirteenth street early Monday morning. The robbers also took a gun Mr. Clisbee carried, but as soon as he was able to get into his house and secure another gun he fired several shots at the departing assailants. It was the conjecture of police officials Monday morning after they had found a Ford car on Eighth street with a bullet hole in the rear curtain and a broken windshield that this was the car that had been used by the robbers to make their getaway and that the driver of the car was probably wounded from the location of the hole in the curtain. However, nothing definite had been learned concerning the identity of the highwaymen.

The "high jacker" overlooked another sum of money that Mr. Clisbee had in another pocket. A dragnet thrown out for undesirable characters Monday by both city and county police has not resulted in any arrests so far, but the important clue that is furnished by the automobile showing signs of being under fire will be followed up and some interesting developments are expected.

VESSELS GO TO AID POWHATAN; DANGER PASSES

Reported Early Today in Distress About 500 Miles East of New York City

NEW YORK, Jan. 19.—The American transport Powhatan, disabled by leaks which have flooded her fire room, was in distress about 500 miles east of New York early today.

The latest word from her commander, Captain Randall, reported that she was in no immediate danger and that British tugs sent out from Halifax would tow her to that port. The White Star liner Cedric was standing by to transfer the 271 military and civilian passengers as soon as the heavy seas abated.

The message from the Powhatan said: "Ship leaking in fire room. Fire room flooded. Steam not sufficient to operate pumps. Assistance requested. Northwest gale blowing."

Later another message announced the arrival of the Cedric, and asked for tugs from Halifax. Still later Captain Randall reported the vessel in no immediate danger.

Colonel Mitchell, in charge of the army transport service here, said that three coast guard cutters from the Boston district, two destroyers from Newport and two army transports, the Northern Pacific and the Martha Washington, had been ordered to the Powhatan's assistance.

The Powhatan's passenger list includes 183 military, 84 war department, 2 navy department and 2 commerce department passengers. Included among these are 75 former service men who were en route to France to begin the work of removing American soldiers dead to this country. They are in charge of Herbert S. Foreman, former artillery officer of the Rainbow division. The Powhatan formerly was the German liner Hamburg. She was used by the former Kaiser in his visit to England in 1906, and carried Theodore Roosevelt and his party to Europe in 1919.

NOTED STATE LAND CASE CALLED FOR TRIAL AT AUSTIN

AUSTIN, Texas, Jan. 19.—The suit in which the state is attempting to recover approximately 75,000 acres of land in Hartley, Deaf Smith, Bailey, Lamb and adjoining counties from the Capitol Freehold Land and Investment Company, came up for trial in the district court here today. The state alleges that there is this amount of excess in 300,000 acres of the 3,000,000 granted the company for building the capitol building.

According to E. F. Smith, assistant attorney general, who is representing the state, an agreement to try the case before the judge without a jury, had been arrived at, and about two weeks will be devoted to technical testimony by surveyors and the examination of land records. Mr. Smith said that the state is seeking to recover excess only in the land still retained by the company, and acreage they have sold will not be disturbed.

PEACE TREATY COMPROMISE IS GROWING ISSUE

Week Expected to Show Whether Compromise Can Be Arranged by Conference

LEADERS ARE EXPECTING AGREEMENT TO DISAGREE

Bi-Partisan Conversations are Resumed Today in Hope of Reaching Settlement

By L. C. MARTIN.
(United Press Staff Correspondent)
WASHINGTON, Jan. 19.—Senator Hitchcock today stirred up a storm in the senate by putting into the record figures on the inter-collegiate polls on the peace treaty.

Hitchcock's figures showed, he said, that of 158,000 votes cast by students and faculty members, 100,000 favored either unqualified ratification or interpretative reservations, while only 27,000 favored the Lodge-reservations.

Senator McCormick, Illinois, asserted that the vote among colleges "was a shepherded vote," he said.

"Senators should not forget the result of other votes, cast at elections in various states recently," shouted McCormick.

"Nor should they overlook the vote in the French assembly where M. Deschanel was elected president over Premier Clemenceau, who helped write this treaty."

Senator Sutherland said that in addition to the American who go about lecturing in support of the league "there are a number of distinguished Britishers who have come to tell the American people their duty."

By this time the senate was in tumult, Senator Edge finally made himself heard as he said Hitchcock was trying to claim for the democrats all the credit for a compromise effort.

McCormick referred to Herbert Hoover's recent statement that the treaty condemns Austria to perpetual famine and archy and Czechoslovakia to perpetual civil war and got into a lengthy dispute over the point with Senator King, Utah.

OTHER COMPROMISE PLANS MAY BE SUBSTITUTED

WASHINGTON, Jan. 19.—The present week is expected to show conclusively whether a compromise can be arranged on the peace treaty through the medium of the bi-partisan conferences now going on. If this method fails other compromise attempts will doubtless be made, but failure of the present effort would be discouraged, senators said today.

The chief reason so much is held to depend on the bi-partisan conference is that Senator Lodge, Republican leader and the man upon whom more than any one else in the senate compromise depends, is one of the conferees. Should the present discussions demonstrate to Lodge that Democrats will not yield on Article 10, the Monroe Doctrine and the other major points in dispute, it is believed by his friends that he will be reluctant to have anything to do with any other proposal for bringing together the disagreeing groups.

There is growing feeling in the senate that the discussions now going on will result during the week in an "agreement to disagree," which will once again demonstrate that the Democrats are standing firmly against any repudiation of American obligations under the league of nations and that the Lodge group of Republicans are just as firm for the Lodge reservations.

CHICAGO REPORTS NEARLY THOUSAND NEW CASES "FLU"

CHICAGO, Jan. 19.—Nearly 1,000 new cases of influenza were reported to the health department here in the 24 hours ending early today. Thirteen deaths were reported in the same period.

Six hundred and twenty-five volunteer nurses started working today under the direction of health officials in an attempt to check the disease.

"Don't shake hands," salute in hand, was one of the precautions issued by Health Commissioner Robertson today.

"Hands carry germs," he said.

AVOID HANDSHAKES IS RECOMMENDATION

CHICAGO, Jan. 19.—Did Chinamen with their catenaria handshakes escape the "flu" epidemic last year? Chicago lovers and husky guys who like to put some warmth in their salutations want to know. Health Commissioner Robertson told Chicagoans to ward off an incipient "flu" epidemic by avoiding handshakes and other contact. You're apt to palm off "flu" germs in hand shakes, he said.

SWEEPING INQUIRY IS GOING TO RESULT FROM THE CHARGES MADE BY ADMIRAL WM. SIMS

WASHINGTON, Jan. 19.—Complete investigation of Rear Admiral Sims' charge against the navy department's conduct of the war will be made by a sub-committee now inquiring into the award of naval decorations as soon as it completes its present task. This decision was made today by the full Senate naval committee.

A motion by Senator Pittman, Democrat, Nevada, to have a separate sub-committee name make an immediate investigation was defeated. The motion to have the present committee conduct the investigation was made by Senator Walsh, Democrat, Montana.

Chairman Hale said the committee could not complete its investigation of naval decorations in less than ten days and that the inquiry of Admiral Sims' charges would not be undertaken until the committee had made its report on the matter now under consideration.

The inquiry into naval awards was resumed after the meeting of the full committee adjourned. Admiral Sims was called to resume his testimony which started Saturday.

SECRETARY DANIELS DENIES CHARGES MADE BY ADMIRAL

WASHINGTON, Jan. 19.—Rear Admiral Sims' charge that Secretary Daniels was "a German" was denied today by Secretary Daniels. He said that the British as "Germans" prompted Daniels to write to Chairman Hale of the senate and sub-committee denying he had made the remark, he said today.

The letter was written at the recommendation of a high official of the American diplomatic service, Daniels said. This diplomat feared that should Sims' statement go unanswerd a serious impression might be created in England. Since it might be some time before Daniels is called before the naval committee to testify he decided to write Hale.

The senate naval committee today instructed the sub-committee investigating naval awards to proceed with that practically until its completion and then to take up the broader investigation of the award of medals and favors during the war, caused by Sims' letter to Daniels, read by Sims Saturday.

The sub-committee, therefore, prepared to resume its hearings at once, with Sims on the stand. Sub-committee members said they hoped to complete this phase of the investigation within a week or 10 days.

Commenting on Sims' testimony that the navy department prolonged the war by hampering operations in European waters, Daniels said that the whole story of the navy's participation comes out "any honest criticism will say 'great heavens, no organization in the history of the world did a better job than the American navy in the war.'"

The navy victory, he said, was brought about not by any one man, but by teamwork.

He said it was a "very pitiful thing" that all that could be done by any one man did not do everything possible during the war.

The department will put all the information it possesses at the disposition of the senate committee in the investigation, said Daniels.

LONDON PRESS IS NOT ALARMED OVER CHARGES

LONDON, Jan. 19.—Early newspaper comment on dispatches from Washington reporting the testimony of Admiral Sims before the senate naval affairs committee was not inclined to give the affair undue significance.

The admiral's statement that he was warned not to let the British "pull the wool" over his eyes, and that "we would as soon fight the British as the Germans," was not interpreted as cause for alarm.

The admiral's statement, some newspapers pointed out, was natural enough in view of a certain amount of anti-British sentiment which existed in the United States at the time it was given. It was pointed out that when America did enter the war she came wholeheartedly and was unstinting in her efforts to aid Great Britain and the allies.

The American navy, particularly in the opinion of some newspapers, placed itself unreservedly under control of the British commanders and did wonderful and unforgettable service.

Many statements may be made in the United States which "will be hurtful to our insular pride," the Evening Telegram said.

Perhaps, that fine soldier, gave us the first blow when he declared America won the war. Now Admiral Sims hits us in a different fashion, by revealing the spirit in which some Americans went into the fight.

"We'll let every American thank God it was Germany they fought and still let them think they won the war."

CHILDREN SUFFERING FROM LACK OF FOOD

PARIS, Jan. 19.—Representatives of the American mission for the relief of children have just finished an examination of school children in Vienna and found, according to a dispatch received by the Austrian delegation here, that 97 per cent of them are suffering from lack of food.

STEAMSHIP LAKE HARNEY IS REPORTED ASHORE

NEW YORK, Jan. 19.—The steamship Lake Harney, a vessel in the coastwise service, was reported ashore today one and one-half miles east of Blue Point coast guard station on the Long Island coast about 1 1/2 miles from Fire Island. The ship is lying about 100 yards from the shore.

TWO MEMBERS OF THE LEGISLATURE RESIGN TO RUN FOR STATE SENATE

AUSTIN, Texas, Jan. 19.—Lynch Davidson and Charles Murphy today filed their resignations as representatives from Harris county with the governor. Both have announced as candidates for state senator. Another vacancy in the house was caused by the death of Representative L. E. Stout of Fort Arthur, of which the governor was notified today.

STARTLING IS TESTIMONY AT FALL HEARING

Witness Tells of Treatment of Americans and of Desecration of U. S. Flag

SAN ANTONIO, Texas, Jan. 19.—It was under the British flag Americans who were in Guadalupe at the time Vera Cruz was occupied by Americans, were given a refuge. Dr. John Hunter today told the senate sub-committee investigating the Mexican situation. He was in Guadalupe at the time. The newspapers, he said, published that Mexicans had already captured all the American towns on the border except El Paso and that Mexican prisoners at Fort Bliss, who had killed 500 American soldiers, were marching on that town. The article added the Americans were fleeing northward with the Mexicans in pursuit.

This "news" so excited the Mexicans that witnesses said they were shouting advice to each other to kill every American in Mexico. The Americans of the town went to the British consulate while the American consulate was being sacked.

Describes Escape
Escape from Guadalupe at the port of Manzanillo was graphically described. Jeered at and threatened by the crowds at every station, the fugitives were forced to witness at one place the desecration of the American flag. Men and boys brought it to the side of the train and after sweeping it over the ground, tore it into strips. These they burned, and threw the ashes through the car windows over the fleeing Americans.

The escape from Manzanillo was made on a German ship. Mexican mobsters had raised the American consulate there also. Dr. Hunter said that on a picture of Wilson that hung there "big black horns" had been painted.

Numerous instances of raids, murders and outrages were given by Dr. Hunter who added:

"I've lived in Mexico ten years and I've yet the first Mexican to see—and know Carranza—whose oath I would accept."

Consul De La Mata in San Antonio has received instructions to publish a statement that any Mexicans testifying before the committee will be declared a traitor.

BURGLARS SECURE LARGE QUANTITY OF MOPHINE AND OTHER DRUG ITEMS

MINNEAPOLIS, Minn., Jan. 19.—Five men broke into the plant of the Standard Medical Company early today and escaped with cocaine, morphine and heroin estimated to be worth \$250,000. They bound the watchman and carried away the loot in sacks.

MARTENS GIVES BRIEF HISTORY OF HIS LIFE

WASHINGTON, Jan. 19.—After L. C. A. K. Martens, self-styled Russian Soviet, an ambassador to the United States, had given a brief personal history of himself and his life in Russia, the senate committee investigating Bolsheviki propaganda in the United States, adjourned suddenly today because its members had other pressing engagements.

Chairman Moses announced that the committee would meet at his call, probably Wednesday, and that meantime Martens was to consider himself in the custody of the committee.

WACO FEELS THRILL OF OIL EXCITEMENT STRIKE GAS IN WELL

WACO, TEX., Jan. 19.—Waco felt the thrill of impending oil discovery in this vicinity today, when gas pressure estimated at 4,000,000 feet developed in a test well five miles north of the city at a depth of 3,920 feet. The drill is in soft black lime rock and a geologist declared indications were that oil sand might be only a few hundred feet below.

DEEP EMOTION IS CAUSED BY ALLIES DEMAND

Holland Expected to Take Measures to Induce Former Kaiser to Surrender

MAKE PUBLIC COPY OF LETTER TO NETHERLANDS

Emphasizes Obligation That Country Owes to Other Nations in the Matter

BRUSSELS, Jan. 19.—(By Havas)—Deep emotion has been caused in Holland by the Allied demand for the extradition of former Emperor William, according to a dispatch. Belief is expressed at The Hague that measures will be taken with a view to inducing him to voluntarily place himself at the disposal of the Allies.

PARIS, Jan. 19.—Holland is told in the Allied note demanding the extradition of former Emperor William that she will "not fulfill her international duty" if she refuses to associate herself with the entente powers in chastising crimes committed by Germans during the war. The text of the note sent to The Hague was made public today. It follows:

"Paris, January 15. "In notifying by these presents the Netherlands government and Queen of the text of the Article 227 of the treaty of Versailles, a certified copy of which is annexed, which came into force January 10, the powers have the honor to make known at the same time that they have decided to put into execution without delay this article. (Article 227 publicly arraigns William II, of Germany, for a supreme offense against international morality and the sanctity of treaties, and declares the Allied and Associated Powers will address a request to the Netherlands government for his surrender in order that he may be placed on trial.)

"Consequently the powers address to the government of the Netherlands an official demand to deliver into their hands William of Hohenzollern, former Emperor of Germany in order that he may be judged.

"Individuals residing in Germany against whom the Allies and Associated Powers have brought charges are to be delivered to them under Article 228 of the peace treaty, and the former emperor, if he had remained in Germany, would have been delivered under the same conditions by the German government.

"The Netherlands government is conversant with the incontrovertible reasons which imperiously exact the

premeditated violations of international treaties, as well as systematic disregard of the most sacred rights and rights of nations should receive as regards everyone, including the highest placed personalities. The powers briefly recall among so many crimes, the cynical violation of the neutrality of Belgium and Luxembourg, the barbarous and pitiless system of hostages, deportation en masse, the carrying off of young girls from the city of Lille, who were torn from their families and delivered defenseless to the worst promiscuity; the systematic devastation of entire regions without military utility, the submarine war without restriction, including inhuman abandonment of victims on the high seas, and innumerable acts against non-combatants, committed by German authority in violation of the laws of war.

"Responsibility at least moral for all these acts reaches up to the supreme head who ordered them, or made abusive use of his full powers to infringe, or to allow infringement upon the most sacred regulations of human conduct.

"The powers cannot conceive the government of The Netherlands can regard with less probatation than themselves the immense responsibility of the former emperor.

"Involves Obligation "Holland would not fulfill her international duty if she refused to associate herself with other nations as far as her means will permit in undertaking, or at least not hindering, chastisement of the crimes committed.

"In addressing this demand to the Dutch government the powers believe it their duty to emphasize its special character as regards its duty to insure the execution of Article 227 without allowing themselves to be stopped by arguments, because it is not a question of a public accusation with judicial character as regards its basis, but an act of high international policy imposed by the universal conscience, in which legal forms have been provided solely to assure to the accused such guarantees as were never before recognized in public law. The powers are convinced Holland, which has always shown respect for the right and love of justice, having been one of the first to claim a place in the society of nations, will not be willing to cover by her moral authority the violation of principles essential to the solidarity of nations, all of which are equally interested in preventing the return of a similar catastrophe.

"It is to the highest interest of the Dutch people not to appear to protect the principal author of this catastrophe by allowing him shelter on her territory and also to facilitate his trial which is claimed by the voices of millions of victims.

TERM ORDER A GREAT VICTORY FOR THE SOVIET

Such is the Opinion of Moscow Press in Discussing the Lifting of Russian Blockade

LONDON PRESS CRITICIZES THE ACTION OF COUNCIL

Times Says Statement that Attitude is Unchanged is a Palpable Untruth

LONDON, Jan. 19.—Moscow newspapers saw in the supreme council's order lifting the blockade against Russia a "great victory for the Soviets," an official Bolshevik wireless communication said today.

"The newspaper expressed greatest elation over resumption of foreign trade. "Those heretofore regarding the Soviets as merely a passing phase of Russian Government," the communication said, "now appreciate the fact that Soviet power is established firmly, that it has accomplished a great advance towards reconstruction which will forever change the physiology of our social order."

One newspaper, according to the communication, asserted "our enemies now realize they are powerless to strangle us by armed force. The blockade has been broken through the victories of red armies. However, we must beware of excessive optimism. We must ever be ready to repel attack."

ASCRIBE DECISION TO PREMIER LLOYD-GEORGE

LONDON, Jan. 19.—The Times, which ascribes the decision to re-open trade relations with Soviet Russia entirely to Premier Lloyd-George, attacks him severely, and says: "The statement that this decision leaves unchanged the attitude of the Allies toward the Bolshevik government is regarded as a palpable and insolent untruth."

The Times further contends that Lenin and his colleagues will certainly seize whatever goods are consigned to co-operative societies and express the opinion that "Mr. Lloyd-George's regard for home politics and advanced laborites had more to do with the decision than the sound views of national advantage and national honor."

The Chronicle, which is a firm supporter of the premier, attributes the decision to the supreme council at Paris, and says: "The pretense that the council is dealing only with the co-operative societies and not the Soviet Government is camouflage." The Chronicle maintains the Allies "must make up their minds whether it is going to be peace or war with the Bolsheviks, and if not prepared

for war, ought without delay to take the lead in making peace and not indulge in a miserable scramble of successive capitulations.

"Definite peace is coming, says the Daily News, which adds that starvation in Europe is forcing the Allies to end hostilities. "The truth which this deviation in to sense and humanity brings home," says the News, "is that force has failed, as it always does fall when employed in conflict with an idea."

Details of how the Allies aim to finance trade with Russia have not been announced. It is contended in some quarters the decision of the supreme council to re-open trade relations had been the subject of negotiations for months past, and that the initiative in these negotiations was taken by Russian co-operative societies.

These societies, according to the Herald, have maintained a difficult neutrality ever since the Allies assisted Russian factions hostile to Lenin and Trotsky. The newspaper adds that Russian purchases will not be limited to 100,000,000 which it is understood the Soviet government is prepared to place in foreign banks as soon as trade relations are established.

DECREASE IS NOTED IN THE COTTON SEED RECEIVED AT MILLS

WASHINGTON, Jan. 19.—Cotton seed received at mills excluding re-shipment totaled 2,868,795 tons from August 1 to December 31, 1919, the census bureau announced today as compared with 3,220,512 tons for the same period in 1918.

Crushed cotton seed totaled 2,857,482 tons as compared with 3,222,822 tons during the same period in 1918. Other facts in the report for the period August 1 to December 31 are: Crude oil 712,225,165 pounds in 1919 and 607,745,762 in 1918; refined oil 259,540,356 pounds in 1919 and 460,463,628 in 1918. NEW DISORDERS ARE RESULT OF STRIKES IN SOUTH AMERICA

BUENOS AIRES, Sunday, Jan. 18.—New disorders as a result of agricultural workers' strikes are reported in dispatches from Santa Fe province by La Epoca, the government organ. Police chiefs at Firmat and Rafael

up disorderly elements. Dispatches say that the disorders are directed from this city, where it is said an "organization, the sole purpose of which is to provoke unrest in the interior of the republic," is maintained. Many arrests have been made.

ARCHBISHOP REFUSES TO ATTEND MEETING CALLED BY ANTI-SALOON LEAGUE

NEW YORK, Jan. 19.—Archbishop Patrick J. Hayes, of the Catholic diocese of New York, refused today to attend a meeting of clergymen called by the Anti-Saloon League. In a letter to W. H. Anderson, state

superintendent of the league, he stated that it is "extraordinary that the federal amendment should be singled out for particular attack above real statutes binding."

"The Catholic church awaits no such occasion to lay stress on the plain duty of obeying the law of the land," the letter continued. "Obedience to authority in the church and state is the very breath of Catholic discipline. * * * The American people can be trusted to obey, every constitutional law. "I think the function of the church is to teach the virtue of obedience and then leave the enforcement of law to the properly constituted agencies of the government."

ADITORIAL.

Did you ever hear that short little poem which ends, "You are late. You've missed your date, Fool, I'm Time. I never wait"? And if you have heard it before, did it ever occur to you, how costly waiting policies on the part of a great store could be to you—the public? If we were to be hesitant, slow to assume great responsibilities, slow to grasp golden opportunities, slow to be generous in extending shares of our gains, then there would never have been built the business we enjoy. The ideals of a store, like the ideals of a man, become imbedded in the nature of the being, and they continue, strong, undefeated throughout the ages. This, then, is a good thing to remember in selecting a place to trade. The institution which has carried through the years the burden of serving you in a helpful, beneficial way, always willing to satisfy you at all costs, will retain that policy, that ideal forever. Be satisfied in every shopping trip you make, never know the discouragement of disappointment in merchandise, by pinning your faith to the P. B. M. store.

We Are Pleased to Announce That on Monday, January 19th We Opened For Trading

THE PUBLIC STOCK EXCHANGE

AT 609 EIGHTH STREET

In Large and Commodious Quarters Formerly Occupied by Martin's Book Store

Two months ago we sold the Peoples Stock Exchange after ten months successful operation.

Since that time we have made careful investigation of many oil fields and many locations for exchanges. These investigations have led us to the following conclusions.

The district of which Wichita Falls is the center possesses the greatest actual and potential oil fields in existence today.

There is more actually doing in Wichita Falls on quiet days than in other boom centers on big days.

Wichita Falls is an oil center and will be an oil center when others are forgotten. Wichita Falls is and will continue to be the REAL market for oil securities.

Wichita Falls as a securities market is growing in importance and is already known from coast to coast as the center of things in the great southwest. Therefore we are back in the game. We invite our old friends to again make use of our trading facilities. The new traders that have joined the ranks are also invited to join us and help to "make the market."

Those who find it inconvenient to do their own trading will find our brokerage service CONFIDENTIAL AND SATISFACTORY.

Call or write for our market letter. You will find it a guide to the market.

Open public calls daily at 10:30 a. m. 3:30 and 8:30 p. m.

Mr. Joe Sheridan, formerly with us at the Peoples will be in charge of the board.

MANAGER THEATER AND SHOW PEOPLE ARE FINED TODAY

KIRKPATRICK AND MANAGER OF SHOW PAY \$50 EACH IN COUNTY COURT

TWO ACTORS FINED \$10 EACH

Charles Kirkpatrick, manager of the Wichita Opera House and L. A. Smith, manager of the musical comedy entitled "A Night in Honolulu," pleaded guilty in county criminal court before Judge J. P. Jones Monday to violating the Sunday closing law and were each assessed fines of \$50 and costs. Mr. and Mrs. Stanley Andrews, leading man and lady in the musical comedy, also pleaded guilty to the same offense and were fined \$10 and costs. The cases of Mr. and Mrs. Andrews were immediately appealed to the court of criminal appeals. A test case will be made out of the latter two, it was announced.

Acting under the provisions of the state Sunday closing law, county officials stopped during the first act, the musical comedy "A Night in Honolulu" playing at the Wichita Theatre Sunday. The opera house was filled to capacity all seating and standing room being used and hundreds had been turned away at the box office. The entertainment had been in progress perhaps thirty minutes when county officials appeared at the box office and notified the management that both the manager and visiting actors were under arrest.

The theatrical people were taken to the court house in automobiles where injunction proceedings had been instituted in the 30th district court. A temporary injunction enjoining the theatre management from Sunday performance was granted by Judge William N. Bonner and Acting Judge McPherson who were sitting together.

The theatrical troupe were back in the court room Monday morning with the understanding that injunction proceedings would be continued. The case however, was postponed until this afternoon.

Officials of the sheriff's department declared Monday that in arresting the theatrical troupe and the management of the local opera house Sunday they were merely carrying out their duty to enforce the law.

RESOLUTIONS ADOPTED BY PASTORS' ASSOCIATION

The Sunday theater was discussed at a special meeting of the Wichita Falls Pastors' Association Monday morning at which the pastors commended the enforcement of the law and deprecated what they termed a conspiracy to violate the law by "certain citizens" by signing bonds for the operators of the Sunday shows before their arrest. The following resolution on this point was adopted:

"Resolved, That the Pastors' association regrets that certain citizens of Wichita Falls have conspired to violate the law by signing bond for the operators of the Sunday shows in our city before the offense was committed."

This resolution signed by the following pastors: Lem Keevil, president; R. W. McCann, secretary; N. P. Grafton, H. B. Knickerbocker, O. L. Powers, P. E. Bingham, W. L. Tittle, A. J. Holt, and J. L. Mauer. H. W. McCann, secretary of the association made the following statement concerning the proceedings of the meeting:

GOVERNMENT SEIZES DISTILLERY LICENCED NEAR LOUISVILLE, KY.

LOUISVILLE, Ky., Jan. 19.—Revenue agents acting for the United States government seized the distillery of R. E. Wathem near Louisville, early today as a result of charges of attempted fraud. With the distillery the officers seized 5,000 barrels of whiskey.

The charges, if proved, will make the property subject to confiscation by the government. Wathem transferred 50,000 cases of whiskey to a distributing company which bottled part of the stock and sold it as medicinal whiskey. It is charged the liquor was sold for beverage purposes and that the purpose of the dealers was to avoid paying the tax imposed for sale of liquor for beverage purposes.

MORE THAN \$3,000,000 OF LIQUOR IS SEIZED

NEW YORK, Jan. 19.—More than \$3,000,000 worth of whiskey and spirituous liquors have been confiscated by the internal revenue officers here since the eighth amendment went into effect Saturday. Half of the liquor seized was on two barges in east river which were loading a steamship for Cuba. Twice as much liquor was sent to the ship as she could carry and the surplus valued at a million and a half fell into government hands.

Elks' Notice. The regular meeting which was to have been held Monday evening, Jan. 19, has been postponed until Wednesday evening, Jan. 21, on account of the Chamber of Commerce banquet. H. C. English, Secretary. 231-31c.

PEOPLE ARE URGED TO "WAKE UP" AND BE COUNTED NOW

FAILURE TO DO SO IS DOING THE CITY A VERY GREAT INJUSTICE

MANY FAMILIES NOT COUNTED

J. A. Kemp Reminds the Citizenship of the Importance of Being Enumerated

"Unless our people wake up, and make it a point to see that the census enumerators count them right away, I am afraid our census figures are going to fall down, and the city of Wichita Falls thereby sustain one of the most severe blows which can come to it," said J. A. Kemp Monday.

"The importance of the census to Wichita Falls can hardly be overestimated. The figures obtained in the census will be the estimate that the world will place upon us for the next ten years, irrespective of our real population.

And, as the result of a little personal investigation, I do not believe that Wichita Falls has yet been covered by the census in anywhere near a thorough way. I took a stand in front of the City National Bank building Saturday afternoon and asked those of the passersby that I knew if they or their families had been counted, and it was simply astounding the proportion which had not been reached.

"One thing which will hurt is the ignorance as to who should be counted, which extends even to the census enumerators. For instance, one of the enumerators told our postmaster, Ed. Howard, who has been a resident of Wichita Falls for twenty-five years, that because he happened to be out of town on January 1, that he could not be counted here.

May Count All in City. "The law, as I understand it, calls for the counting of everyone in Wichita Falls at the time of the count, irrespective of his residence. I hope that our citizens will not take this matter as lightly as they have our last election, and I am afraid they will. There is some reason for the light vote in the elections, for the success of the issues put to a vote there was a foregone conclusion. But for Wichita Falls, anything less than a full count of the people who are actually here at this time, will be a defeat.

"The co-operation of the people of Wichita Falls is necessary for this full count. Of course under the Federal statutes people can be compelled to give the full information necessary for the census, but the time is all too short for this, and it will require full co-operation of everyone if the count is successful.

"This thing will have a bearing for good or bad on every investment in Wichita Falls, and for this reason the showing made by the city is as important for the new residents here, as it is for us who have lived here from the beginning of the town."

GRAND JURY RECONVENES IN THE THIRTIETH COURT

The grand jury in the 30th district court reconvened Monday after having been in recess for one month. Reorganization of the grand jury was postponed until the afternoon due to the absence of several jurors. The grand jury will be in session for several days, and it is announced that a large amount of business will be transacted before final adjournment.

COLONEL HOUSE GOING TO RETURN TO TEXAS

AUSTIN, Texas, Jan. 19.—E. M. House, who arrived in Austin yesterday, made a social call upon Governor Hobby today.

Mr. House said "Austin is the only place in the world I call my home and I am coming back here to live." When asked when he intended to take up residence here, he said that the present visit is merely preliminary and that he could not state definitely when he will return.

STEAL MANUSCRIPT OF A FAMOUS POEM

PARIS, Jan. 19.—Announcement is made that railroad thieves, recently broke open a car on the line between Dijon and Meaux and stole among other things the manuscript of the famous poem, "Roman De La Rose." The police believe the work was done by connoisseurs, as only rare volumes were taken.

NOW— ALL TOGETHER: LET'S GO!

It isn't an easy program that Wichita Falls must carry out in 1920.

It is going to take every ounce of energy that can be mustered for the task.

It is going to require the co-operative service of every Wichitan who loves his city.

If we can unite all the civic power that there is in the citizenship, we can put it over. But there's no limit to what can be accomplished if all of the forces can be brought into play. You can't figure out anything too big for Wichita Falls to do if all of Wichita Falls will get behind the job.

The one big thing to be done—it really is all of the lesser things added together—is

To Make Wichita Falls A Better Place to Live

To do that, and do it right, in 1920, is impossible without using all the pulling power there is in Wichita Falls.

We count upon the genuine, whole-hearted energy of the citizenship to work.

That's why we need a 1920 model Chamber of Commerce—one in which there isn't an ounce of power going to waste. And one citizen not doing his full share means a loss of power. And there is work for every bit of that power in the

Greater Chamber of Commerce

That Has This Big Job on Hand.

TONIGHT AT THE

BETTER CITY DINNER

6:30 p. m., Hack's Academy, 9th and Travis, you will learn of the possibilities of that store of civic power we're talking about.

Tomorrow, Wednesday and Thursday, 200 workers will be enrolling the citizenship for 1920's big task. It really is a big task. It's too big to do without you.

Attend the Better City Dinner tonight. You may still be in time to make a reservation. Tomorrow get rid of that team promptly—in the right way—by putting your name on the dotted line.

BRIDGE CLUB REORGANIZED

Mrs. William P. Erwin, one of the Christmas season brides, was a delightful hostess on Saturday, entertaining at bridge. This was the regular weekly meeting of the Girls Bridge Club, with some additional tables of guests, including several of the young matrons from out of town who were formerly of the Wichita Falls young set and was unusually pleasant. The high score prize, a pair of bouclir slippers, went to Miss Florence Sammons. At the close of the game a delicious salad course was served. Mrs. Erwin's invitation list included: Mrs. Harris George of Fort Worth, Mrs. John McCall McCullum of Dallas, Mrs. Vernon Lowery of Dallas, Mrs. C. C. Lovelace, I. A. Faris, J. W. Penick, M. B. BOY SCOUTS START ACTIVE CAMPAIGN TO ADD NEW TROOPS

Wichita Falls Boy Scout Campaign for the growth of the movement until every boy in the city is a member of some troop, has started. A meeting held Saturday night at the First M. E. church, corner of Seventh and Lamar, seeing the movement definitely started. The Boy Scout campaign is nation and world wide and all over the country the men are organizing to promote the growth of the movement for the boys and while Wichita Falls is somewhat late in starting, the scoutmasters and business men interested in the movement are confident of much success.

The new troops were reported at the meeting of scoutmasters and assistants and others interested, held Saturday night, and plans were made for the organization of a number of new troops until every boy over 12 years of age is a member of some troop. The Scout Council of business men, which was signed up some time ago, will soon be called on to make participation in the movement, particularly to furnish more scoutmasters, and the cooperation of the parents of the boys and business members, and the school is requested.

Each Friday evening the troops hold their regular meetings, and the boys will soon be called on to make plans for their share of the campaign. There are four active troops in Wichita Falls at present: Troop No. 1, Taylor, scoutmaster and Will McClure assistant; Troop No. 2, with McClure as scoutmaster at present; Troop No. 3, Jim Robinson, temporary scoutmaster; Jessamine McClure assistant; Troop No. 6, Dale Haven, scoutmaster.

ASK GAS COMPANY TO NAME A PRICE ON ITS PROPERTY

The North Texas Gas company has been asked to fix a price on its Wichita Falls properties, according to Mayor Marlow, who believes local citizens will buy out the company if fair terms are made. Mayor Marlow stated this morning that the board of directors of the gas company will hold a meeting this week, fix a price and submit a proposition to the city. "If the price is right," the mayor added, "several prominent business men have assured me they will consider taking over the properties. I don't expect to know anything definite, however, for several days."

EFFORT BEING MADE TO LOCATE J. M. WHEELER

Call for Mr. J. M. Wheeler—and the bellhop reports that Mr. J. M. Wheeler is not in the house, sub. The Chamber of Commerce is doing the paging. The Fort Worth & Denver railroad notified the Chamber this morning that one J. M. Wheeler, as parent is the owner of a carload of motion picture theatre fixtures and musical instruments, and asked, for assistance in getting the car unloaded. "But thus far the Chamber has been unable to locate the said Wheeler. Perhaps the gentleman contemplated coming to Wichita Falls to see the theatre, but on second thought decided Wichita Falls is still too pure for such extreme naughtiness."

MEETING TUESDAY IN CONNECTION WITH IRRIGATION PROJECT

Financing of the preliminary work connected with the organization of the Big Wichita Irrigation project, and the possible date for the election for bonds for the building of the project will be considered Tuesday at a meeting of the newly elected directors of the Wichita County Water Improvement District No. 1, the district embracing the city of Wichita Falls. The date of the election is still a matter of conjecture since there are a number of technicalities in the irrigation law which must be met before these bonds are voted, the working out of each of which takes no little amount of time on the part of the board.

ROAD CONDITIONS.

General Remarks: All highways have improved rapidly since last report, but still difficult. Fort Worth to: (By dirt, or unimproved roads): Generally passable except about Cresson; rough, and many chughes. Burburnett: Passable; varies good to bad, cut up badly. Taylor: Ranger: Passable; but rough, rutty, mudholes numerous. Southward Points to Waco: Scarcely passable, rough, rutted and deep chughes. Northward Points: Scarcely passable in through journeys; rough, boggy in many places. Wichita Falls: Passable, being fair to good; some mudholes enroute, but about Jacksboro. No precipitation is probable over the above routes next 24 hours. FRED W. W. Local Observer.

DISCHARGED FROM SERVICE VISITS FRIENDS IN CITY.

Harwood Stacy of Austin is visiting friends in this city for a few days. Mr. Stacy received his discharge from the navy only a few weeks ago, having held the rank of ensign. He was overseas some months before the United States entered the war, being in charge of a large district in the occupied area of northern France for the Hoover commission. When the armistice was made, Mr. Stacy returned home and entered the naval training school, in which he was commissioned. He was stationed at the London naval office for some months, going last year to the Bolshevik front in Russia with the Hoover commission, and undergoing numerous interesting experiences. He had planned to remain on duty in Europe some months longer, but when he returned to this country on leave, a few weeks ago, he decided to remain and was able to obtain his discharge.

ALL STOCK EXCHANGES CHARGE TWO PER CENT

The Central Stock Exchange this morning reduced its commission charges on the sale of stocks to two percent. The former commission had been 3 percent. With the Central "falling into line," 2 percent now becomes the standard commission in all three of the city's open board exchanges. The people's Exchange has always maintained the 2 percent rate, and the new Public Stock Exchange that opened this morning announced that this rate also will prevail in all its transactions.

LOUIS J. WORTHAM AND ADOLPH BOLDT TO SPEAK TONIGHT

Adolph Boldt of Washington and Louis J. Wortham of Fort Worth, out of town speakers for the Better City Dinner tonight, were expected to reach Wichita Falls late this afternoon. Mr. Boldt will speak on "The How and Why of a Chamber of Commerce" and Mr. Wortham's subject will be "Fulfillment of Civic Duty." Although a few reservations remained untraced early this afternoon, it was expected that all places would be filled when the banquet starts tonight. It will be the largest banquet ever held in this city, a total of 420 being provided for.

Mr. Boldt is considered one of the best civic workers in the United States, being now field secretary of the United States Chamber of Commerce. He was formerly secretary of the Houston Chamber of Commerce, but has been with the national organization for several years.

GOODFELLOW HOME FROM CONFERENCE AT AUSTIN

Assistant Police Commissioner Robert Goodfellow has just returned from a conference held on the 16th of January at Austin of peace officers from every county in the state called by Governor Hobby to discuss means of combating the increase in automobile theft cases. The outcome of the meeting was, according to Mr. Goodfellow, that more strenuous means were advocated to prosecute automobile thieves and legislation was urged to suspend the "suspended sentence" law that makes it possible for automobile thieves to go unpunished. It is understood Governor Hobby will personally introduce legislation pending to suspend the "suspended sentence" law that makes it possible for automobile thieves to go unpunished. He will personally introduce legislation pending to suspend the "suspended sentence" law that makes it possible for automobile thieves to go unpunished.

DEPORTED REDS NEAR THE RUSSIAN BORDER

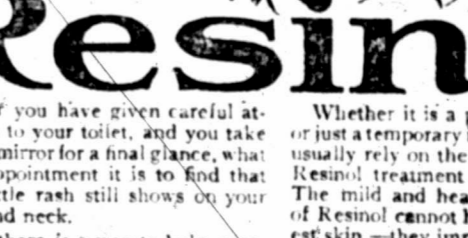

(United Press Staff Correspondent.) HANGO, FINLAND, Jan. 18.—The 249 radicals deported from the United States before they cross the Russian border, at 2 p. m. today. They left Hango on a special train, guarded by 50 Finnish "white guards" and American immigration authorities at 5:30 p. m. Miss Hga Eriksson, who is attached to the American commissioner's office at Helsinki, accompanied the party.

The "reds" will be escorted to the Finnish-Russian border at the bridge at Terjoki. Finnish authorities have assured the Americans there will be a cessation of hostilities between their forces and the Soviet troops while the radicals are crossing the bridge into Russia.

The Russian Soviet government, it was said, has assured the American and Finnish authorities its troops will not molest the "reds" as they enter Russia. The party was expected to cross the Finnish-Russian border either late Sunday or early Monday. Their ultimate destination is Petrograd. The sun was just setting when the train carrying the former American radicals steamed out of Hango. The "reds" appeared unusually sober. "I start for Russia with mingled emotions," Emma (Gibman) said, just before the train departed. "Of course, I want to see what is ahead, but I leave much that is dear behind. I send my regards and love to all to

AMERICA, BOTH ENEMIES AND FRIENDS.

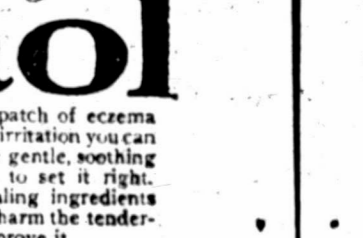

Search of the radicals' baggage before it was put aboard the train revealed some instances of pilfering of property from the Buford, which carried the party from New York to Hango.

Each member of the party was provided with five days' army rations. Officials said the party would be escorted only as far as the Finnish side of the border. From there they must carry their baggage into Russia.

The Cheapest Alcohol Yet. A syndicate has petitioned the Swedish Government for permission to make 1,321,000 gallons of alcoholic spirit from white moss of which there are enormous quantities available. The quality of such alcohol is said to be very good, and it costs less than spirit made from grain or potatoes.

LONG AND BITTER FIGHT ENDS. January 16 approached, arrived and passed with little to indicate that another epoch in American history had been reached.

From 1865 when the churches began the fight—to 1919, the battle between wets and drys has been almost without ceasing. It was not until 1833 that the first record of prohibition legislation was made.

The formation of the national prohibition party in 1869 was of comparatively little effect, but it was as early as the 90s that economic—the waste and extravagance of drunkenness—began to have a bearing.

From state-wide to the agitation for nation-wide was a matter only of time. In 1917, before the United States went to war, 87.8 per cent of the area of the country was dry and 60.7 per cent of all the people of the United States were living in dry territory.

Ever Pasha was for years the most sinister as he was the most influential character in Turkey. He it was who headed the Young Turk movement and then prostituted it for his own ignoble ends.

But that obstacle was not insurmountable to a man of his undoubted attainments, and his knowledge of foreign affairs disclosed to him that his geographical position put him near the "tendon Achilles" of the British Empire.

The Near East—and that includes Bolshevik European Russia as well as Turkey and Southwestern Asia—is furnishing a handful of new world problems that have not yet been solved and that are daily showing the need for some world tribunal where international wrong-doers and peace disturbers may be given what they deserve.

Lenine and Trotsky in Soviet Russia will have an able lieutenant in Ever Pasha, who is as able as he is unscrupulous and a wizard for stirring up trouble where no trouble was before he arrived.

SPIRIT OF SERVICE.

With an acquaintance that includes most of the more important cities of the state, we assert without fear of successful contradiction that in no city in Texas has the Chamber of Commerce contributed more to the upbuilding of its city than has the Wichita Falls Chamber of Commerce; and we have only to look upon what we have done here in Wichita toward the building of a great city to see not only that the quantity of work done has been large, but that its quality also speaks for itself.

The opening of the campaign for membership in the Wichita Falls Chamber of Commerce starts tomorrow at 9 o'clock. Its aim, we are told, is "a membership that will be big enough for the bigness of the city and the bigness of the things that the city must do in 1920" and, working toward that end, 200 of the busiest citizens of Wichita Falls will drop their own affairs for a part of every day until the campaign ends and devote their time and energy and thought to the common good.

There have been claims on both sides of the peace treaty—that a majority of citizens favored or opposed it—but there has been no way of proving conclusively which was correct. Even the referendum participated in by the students and faculties of 400 American universities and colleges will not prove undubitably that proponents of the treaty are very largely in the majority, but it ought to go a long way toward reflecting the sentiment of the average educated citizenship of the country on that question.

From state-wide to the agitation for nation-wide was a matter only of time. In 1917, before the United States went to war, 87.8 per cent of the area of the country was dry and 60.7 per cent of all the people of the United States were living in dry territory.

But that obstacle was not insurmountable to a man of his undoubted attainments, and his knowledge of foreign affairs disclosed to him that his geographical position put him near the "tendon Achilles" of the British Empire.

The Near East—and that includes Bolshevik European Russia as well as Turkey and Southwestern Asia—is furnishing a handful of new world problems that have not yet been solved and that are daily showing the need for some world tribunal where international wrong-doers and peace disturbers may be given what they deserve.

Side Talks by Ruth Cameron

When Eye Meets Eye. Here's an interesting thought—no one anyway. I can only hope it will be to you. Isn't the way eye meets eye from across a considerable distance, really a wonderful thing?

Little Benny's Note Book by Lee Pape. Me and Puds Simkins was standing outside of the new candy store looking at the different kinds in the window, and Puds sed: 'Just think, if you could have all the candy you wanted, O well, maybe if you had all you wanted you wouldn't want so much, I sed.

Which we started to do, him looking sad as anything and me looking eyes adder, and he sed: 'People went past without looking as if they cared how sad we looked and we was just going to stop looking sad on account of our faces starting to get tired with a man with a cane and a wife mustash and a big stumple out in front stopped, saying, 'Well, well, well, all that candy to look at and no money to buy it with, is that the trouble?'

Yes sir, sed me and Puds. I know just how you feel. I was young once myself and I can put myself in your place exactly, and the man and he talked and patted us both on the shoulder, saying, 'Its not much fun not having a sent with all that candy around, is it?'

No sir, sed me and Puds. Ah, childhood, childhood, its a wonderful thing, its a wonderful thing, the trouble with you boys is, you wont half appreciate it while you're gettin' it, just wait till you are as old as I am and you'll wish you had appreciated it more at the time—time flies, time flies, sed the man.

And he shook his head and wawked away still shaking it, and me and Puds sed: 'Each other mad instead of sad and went to see if any of the other fellows was around so we could get up a game of something.' Which none was, so we didnt.

"The stars incline, but do not compel." HOROSCOPE. Monday, January 19, 1920. Another lucky day, according to astrology. Uranus, Mercury, the Sun and Jupiter are all in benefic aspect.

It is a time for initiative of every sort, whether in the launching of great enterprises or the search for a humble position. During this configuration plans for ventures that will be successful should be made and progressive ideas entertained.

Uranus is in a place supposed to encourage sympathy and understanding between men and women. This way will be most beneficial in business and politics. The stars seem to promise that the ratification of the suffrage amendment will give the vote to all women in the nation before the first month of spring.

Warning is given that when women are full citizens they should be reckoned with seriously for it is prophesied that they will choose the next president of the United States by voting without regard to party on a favorite candidate. There is a good sign for commerce and trade. Merchants should find this a most favorable time. Public improvements of every sort are subject to a direction that seems

to indicate delays, but final achievement that is extraordinary. Building comes under a direction of the stars making for artistic effect and beautiful surroundings. A new regard for landscape gardening will mark the coming summer. It is prophesied, and many women will engage in the profession in this country. Again attention is called to reactionary tendencies which will affect not only political parties, but social customs. Modesty, reticence and the virtues esteemed in the Victorian era will gain popularity and even become fads in the year 1920, the seers declare. Persons whose birthdate it is only a few months past the coming year, but they will prosper if they avoid speculation. Children born on this day may be rather inclined to be self-willed and opinionated, but they are likely to be talented and clever.

PASTOR DISCUSSES REASON FOR CHURCH IN SUNDAY SERMON

In what is termed by those who heard it a strong discourse, Rev. W. L. Tittle yesterday answered the question: "Why Have a Floral Heights Methodist Church in Wichita Falls?" Among other things the speaker said the church would be recreant to its trust if it permitted educational institutions, business and civic organizations to outstrip the church in meeting the demands of this the most rapidly growing city in America. He used the text: "I have set before thee an open door and no man can shut it." Bringing out the point that Methodism had a following or constituency of something like ten or twelve thousand people in a city of this size, he pointed out the impossibility of the church's being properly cared for from one center of worship. He stated that the lot upon which the new Floral Heights Methodist church is to be erected is a measured mile and a half from First Methodist Church South, showing that First Church observing Denver street as a dividing line, will have a mile of territory radiating in every direction from the church, most of which territory is densely populated and in which the church has five thousand people. The Floral Heights territory is much more restricted. A half mile radius in any direction from the site of the church building will take one either into First Church territory or into sparsely settled districts or even into the prairie itself. The speaker showed that the Floral Heights territory is twice as small as First Church territory from the double view of territory and inhabitants.

The speaker asserted that the establishment of a strong Methodist church in Floral Heights was an absolute necessity if Methodism maintained her past record of covering the field. Discussing the point made by some that a large church should be established in the center with small mission churches scattered over the territory, he said that such a plan would prove to be a failure. He said the mission churches would usually have inefficient pastors. The big churches continually sap the strength of the smaller organizations. And as the final and strongest reason he was asserting that the small churches would resent what they would call the "cold charity" of the big church and thus be made to some extent at least to spurn the church.

Concluding the discourse the speaker affirmed that no one outside the door of opportunity which God held open to those who would enter. He said only their own neglect, short comings or lack of religious zeal could close the door. He asked for the hearty co-operation of every department of the church, and urged his people with true missionary spirit to enter this open door and step bravely upon their knees. He asserted that from the view point of intelligence, social standing, efficiency and religion the Floral Heights church were entitled to that which is as good as the best. The \$100,000 already secured, the type of people in the Floral Heights Church, and the unanimous determination to succeed were characterized by the speaker as the elements which had already made the establishment of a true and strong Methodist Church in Floral Heights an assured fact.

EXODUS OF MEXICAN LABOR IS EXPECTED

LAREDO, TEX., Jan. 19.—American immigration officials along the Texas-Mexican border are preparing for a big rush of Mexican laborers back to Mexico within the next few weeks. They are expected to come from all parts of the United States and have been under contract in this country. Under a special ruling these laborers must quit American soil by Feb. 1.

During the war thousands of Mexican laborers—men, women and children—were secured under contract from Mexico, with an agreement that they would return to their native land by the end of January, 1920. No more contract labor can be brought here and the laborers due to leave the United States shortly, cannot re-enter except as individuals seeking employment. To do this they must pay a head tax of \$3 and meet other immigration regulations.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal. Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cure Short a Cold and Prevent Complications.

Every Druggist in U. S. instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year. In the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratory tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonsful with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.

First Presbyterian church. Announcement of the wiping out of the building debt, coupled with an increase of \$900 in Dr. Grafton's salary, was made Sunday.

During Dr. Grafton's term as pastor of the church, the membership has tripled. The church today is supporting its own missionary, is adding in the support of another and is supporting and educating nine orphan children in Texas, France and Belgium. The church's annual contributions for charitable purposes now lead all the Presbyterian churches in the Texas Synod, and only recently it further enlarged its sphere of usefulness by assuming half of the expense of erecting a \$50,000 hospital in West Africa.

The first Presbyterian church building will be formally dedicated on the last Sunday in March.

Hubert Harrison, secretary of the Chamber of Commerce, delivered the first of a series of business men's talks at the church Sunday night, selecting as his topic "The Relationship of the Church to Civic Life."

FIVE GOOD REASONS

Why We Will Advance Prices For Our Acreage 10% on February 1st.

1. The thirty million gas well one-half mile from our north line is surely the opening of a new pool.
2. Our well No. 1 is drilling at 1310. Our Well No. 2 is drilling at 770. Our well No. 3 is ready, but waiting for gas.
3. We have encountered four sands and other evidence which proves that we are on structure.
4. The price of oil has advanced 75c. The price of gas has doubled. We can sell at market all the oil and gas we get.
5. We have production on two, possibly three sides and are surrounded by drilling wells. We adjoin the wonderful Petrolia oil and gas field where wells came in over a thousand barrels and gassers of thirty million and where there are now 500 producing wells, some of them twelve years old.

GIFT WILL ENABLE CHURCH TO ERECT MODERN BUILDING

Through the gift of \$20,000, made by Mrs. Lillian Morgan, the Fourth Street Baptist church will be enabled to have a modern brick place of worship, to take the place of the small frame structure which burned several months ago. The announcement of this gift was made last week and on Sunday, Rev. A. H. Hoff, the pastor of the church announced that the plans will soon mature which will call for construction to begin on a thoroughly modern church building, to cost between \$20,000 and \$40,000. Mrs. Morgan's substantial gift to be added to it.

This new church will be built at the corner of Fourth and Lamar, where the Fourth street church has been worshipping in a tent tabernacle since the fire which destroyed the building at Fourth and Burnett.

Mrs. Morgan who made this gift is the owner of several hundred acres of farm land which the Burk Wagner strike made inestimably valuable. She is a resident of Wichita Falls, and is a Baptist, though not a member of the congregation to which she made the gift.

Possible sources of supply of platinum are the river gravels in Southeast Borneo, where further prospecting is required, and various districts in North America, more especially Sudbury, Ontario and the stream placers in Alaska, which are being investigated by the U. Cochrane Declares if Fight is Staged He'll be Promoter

NEW YORK, Jan. 19.—Charles B. Cochrane, the London promoter who has been here several weeks trading Jack Dempsey with a contract signed by Georges Carpentier, has booked passage to return Saturday.

He said here today he would not worry if he did not have Dempsey's name on the parchment when he returns.

"If the fight is staged in 1920, I will be the promoter. The contract I have with the Frenchman is valid any place in the world," he said.

He further declared he would not stage the fight in America as conditions were not satisfactory and if future developments demand the fight here he would dispose of his contract to some American promoter.

He considers it unlikely that the fight will be held sooner than late in the year as Manager Deschamps has indicated to him that Carpentier wants a long rest before starting training for the fight of his life.

When asked about the statement of Deschamps that he held an option on the Frenchman's services until February 1, he said:

"I am tired denying that. Just wait and see; that will be the best to prove my claim that I have a full fledged contract already sealed by a payment of \$25,000."

TO DEFEND AMERICA'S CUP NEW YORK YACHT CLUB

NEW YORK, Jan. 19.—The New York Yacht club will defend America's cup in a race against Sir Thomas Lipton's Shamrock IV off Sandy Hook about July 18.

Details of the race have been agreed upon practically but the papers have not been signed. There is no doubt that they will be, however within a week or so, it was said at the club.

"The challenge was accepted tentatively in 1919," it was said. "When war caused a postponement of the race that year, assurance was given the royal Yacht club that if it would challenge later it would be accepted."

"There has been no question that the New York Yacht club would be willing to defend the cup, acceptance of the challenge, officially submitted several months ago, has been delayed by negotiations over the time of the race and the course. But it has been decided to stage the race in the middle of July off Sandy Hook."

Sir Thomas Lipton's Shamrock IV which is now being refitted here, will be the challenger and either the Vanitie or the Resolute will be the defender. Both the American candidates will be brought out in May and tested in trial races during the months of May and June.

Scheduled Events Give 1920 Sports Red Letter Place

By HENRY L. FARRELL, (United Press Staff Correspondent)

NEW YORK, Jan. 19.—International sporting events will give 1920 a red letter place in sport history.

Practical acceptance by the New York Yacht club of the challenge for the international yacht race adds a deluxe event to the list which now includes practically every branch of sport.

First in importance comes the Olympic games in Belgium running through the whole summer and bringing together the pick of the world's athletes from every civilized country.

Next, perhaps in point of general interest, is the fight for the heavyweight championship of the world, which will have a strong international tinge, with Georges Carpentier, the European champion, making an attempt to wrest the title from Jack Dempsey.

Details Not Available.

All details of the fight are closed in uncertainty now but the fight probably will be held late in the year in either London or America.

Announcement a few days ago that America's best tennis players had decided to compete in the Wimbledon championship matches in England in June, puts the popular racquet pastime on the international list. Norman Brookes and Gerald Patterson, the Australian stars have also announced their intention of coming to America for the national championship games to be held at Forest Hills late in August.

American golf amateurs are also planning an invasion of Europe. Bobby Jones, the youthful Atlanta star who was counted upon as a sure member of the Yankee team, will net make the trip on account of parental objections. It was reported, but he may be prevailed upon to take the journey.

Dual Track Meet.

A dual meet between a Yale-Harvard and a Cambridge-Oxford track team in England seemed sure a while back, but Harvard's refusal to make the trip has placed the engagement in doubt. It is probable if the English cannot be prevailed upon to come over here that Yale will go it alone.

Pennsylvania university is also planning a meet with one of the English universities.

"Bobby" McLean, Chicago, world's champion ice skater, carries Uncle Sam's colors into an international match when he puts his title at stake in six rounds against Oscar Mathieson, European champion, in Norway early next month.

In addition, there are also a sound or two of Yankee fighters in England fighting the best in the old empire. The list includes Pal Moore, Johnny Griffiths, Ted Lewis, Soldier Barfield and others.

If one of the universities baseball teams make a foreign trip and if the

CHICAGO WHITE SOX TO PLAY UNIVERSITY TEAM AT AUSTIN MARCH 30

AUSTIN, TEX., Jan. 19.—The Chicago White Sox have agreed to come to Austin for a clash with the University of Texas baseball team, Tuesday, March 30.

The Chicago team will train at Waco for the coming baseball season and it was through the efforts of L. T. Belmont, director of athletics, that the former world pennant holders were induced to include the University in their trip to the south. The Sox will be remembered that the Sox were the world champions in 1918, defeating the New York Giants in the world series. They also were in the lead in the American league throughout the season last year and were strong contenders for the pennant, losing the series, however, by a narrow margin to the Cincinnati Reds.

Baseball fans will look forward to the time when the Varsity nine meets the former world champions on Clark Field, for the long hitting of Eddie Collins and Jackson and their superb twirling of Williams and Cicotte are familiar to all lovers of the diamond sport.

In all probability a game will be arranged with the St. Louis Cardinals to be played on the local field. Although the game has not yet been secured, negotiations are underway, said Mr. Belmont, and it is hoped that it can be arranged for.

AUSTRALIA'S COLORS FORGE TO THE FRONT

SYDNEY, AUSTRALIA, Jan. 19.—Australia's colors forged to the front here today in the Davis cup matches when the team of Norman Brookes and Gerald Patterson won their match from the English pair, Lieutenant Colonel A. R. F. Kingscote and A. E. Beamsish by the device of a 6-9, 6-2. In the first two sets of the match the Australians played with a speed that dazzled the Englishmen. The visitors lacked the excellent team work of their opponents and it was late in the match before they were able to make any kind of a showing.

JAY GOULD LOSES EXHIBITION MATCH

TUXEDO, N. Y., Jan. 19.—Jay Gould, world's court tennis champion, lost an exhibition match here yesterday to Walter Kinsella, professional champion, by default due to an accident. Gould had won two sets at 6-2 and was playing for his last point in the third set when he ran over near the side lines, slipped and fell against the wall, cutting a long gash over his eye that required three stitches to close.

The Swiss Funeral.

At the death of a person in Switzerland the family inserts a formal, black-edged announcement in the papers that "the mourning urn" will be exhibited during certain hours on a special day. In front of the house where the person died there is placed a little black table covered with a black cloth, on which stands a black jar. Into this the friends of the family drop little black-marined visiting cards, sometimes with a few words of sympathy on them. The urn is put on the table on the day of the funeral. Only men ever go to the churchyard, and then generally follow the hearse on foot.

THE HAGUE, Jan. 19.—Dr. Ch. J. M. Ruyss De Boerbroeck, the Dutch premier, has had a long conference with Foreign Minister Karamanik, presumably over the allied note demanding extradition of the former kaiser, it was reported today.

The Dutch officials, it was said, agreed to make representations to the former kaiser suggesting he offers to surrender voluntarily to the allies.

The German naval attaché conferred with the secretary of the foreign office presumably over the surrender of the ex-emperor of Germany.

Bowels Become Normal

Liver lives up, bile flows freely—headache, biliousness, tongue-fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action.

Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestine-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels. 25c. at all druggists.

Nearly 11,000 American nurses saw service abroad, and for these women the Y. W. C. A. Clubs furnished opportunities for rest and recreation in off-duty hours. There were thirty-eight Nurses' Clubs, of varying sizes established and carried on during the war period. In one of the largest clubs in Paris, 1,200 cups of tea were poured in one month.

The Nurses' Clubs did not restrict their sphere of usefulness to Americans alone. The one which has just closed at Brest, for example, had entertained women from Canada, the Bermudas, Scotland, England, Ireland, Sweden and France, as well as from the United States.

American nurses appreciated so keenly the advantages of the Nurses' Clubs overseas that they refused to dispense with them when they returned to this country. Consequently the same sort of clubs were established by the Y. W. C. A. in army hospitals on this side of the water, and were carried on by Y. W. C. A. Secretaries until November first when they were taken over by the government to be conducted as a regular part of its program for army nurses.

ANNOUNCING

An increase in the price of Scotland Addition, of twenty-five per cent on March 1st. All other vacant lots in Wichita Falls have been advanced **Three and Four Hundred Per Cent** the last year, while Scotland Addition has remained the same, the stockholders being satisfied with small profits and not trying to grasp all in sight.

An Increase of Twenty-Five Per Cent

is very conservative when you consider that North Wichita is the Industrial Center and Scotland Addition lies mid-way between that center and the court House. Millions of dollars have been spent by the industries of North Wichita and its only the beginning for it is the logical location for factories and refineries.

SCOTLAND ADDITION

lies only eight block north of the Court House. This is the only close-in addition to the city of Wichita Falls and there can be no more for the simple reason that there is no plot of ground available. These lots are all beautiful, are all 50x140 feet, they are selling fast and the addition is rapidly building up. The time is limited and you should buy now while the desirable lots are unsold and while the price is low for we positively advance the price

MARCH THE FIRST

The prices until then are \$400.00 for inside lots and \$500.00 for corner lots, terms are easy, one-third cash and balance in six, twelve, eighteen and twenty-four months. A discount of five per cent is given for cash payment of entire purchase price.

WHY PAY ENORMOUS RENTS WHEN YOU CAN BUY CLOSE-IN LOTS ON EASY TERMS AND BUILD YOUR OWN HOME?

LEGAL NOTICES

SHERIFF'S NOTICE
The State of Texas, County of Wichita, by virtue of a certain execution issued under the Honorable County Court of Tarrant County, on the 24th day of October, 1919, by H. L. Long, Jr., Clerk of said Court, against J. J. Long, Jr., for the sum of four hundred sixty-two and 86/100 dollars and costs, do hereby certify that the same have been levied and returned to the Sheriff of said County, and the same are now in my hands for service. I, H. L. Long, Jr., Sheriff of Wichita County, Texas, did on the 23rd day of December, 1919, levy on certain real estate situated in Wichita County, described as follows: To-wit: One-half undivided interest in and to north one-half of Lot No. one (1) Block One Hundred Sixty-four (164) original, located in Wichita Falls, Wichita County, Texas, and being more or less the property of said J. J. Long, Jr. And on Tuesday the 23rd day of February 1920, at the Court House of Wichita County, in the City of Wichita Falls, Texas, between the hours of ten a. m. and four p. m. I will sell real estate in public vendue for cash to the highest bidder as the property of said J. J. Long, Jr. by virtue of said levy and execution. And in compliance with law I give this notice by publication in this newspaper immediately preceding said day of sale, and in compliance with law I give this notice by publication in this newspaper published in your county, to appear at the next regular term of the District Court of said County, to be held at the Court House thereof in Wichita Falls, on the 1st Monday in March, A. D. 1920, the same being the 23rd day of March, A. D. 1920, then and there to answer a petition filed in said court on the 2nd day of February, 1920, in a suit, numbered on the docket of said court, No. 247 wherein, W. S. Manly is plaintiff and J. J. Long, Jr. is defendant, and said petition alleging that on the 9th day of November, 1919, plaintiff and defendant were legally married and continued to live together as husband and wife until on or about the 23rd day of December, 1919, when by reason of the cruel and harsh treatment and improper conduct of the defendant to plaintiff, plaintiff was forced and compelled to permanently abandon her; that since that time they have not lived together as husband and wife; that defendant often cursed and abused this plaintiff and applied to him the vilest and most obscenest epithets, without and provocation whatever on the part of the plaintiff; wherefore the plaintiff prays that the defendant be cited to appear and to answer this petition, and for judgment dissolving said marriage relations, or other relief as for such other and further relief, in law and equity, that she may be justly entitled to, etc. Heretofore filed in said court, at its aforesaid next regular term, this writ with your return thereon, and the return of the sheriff of said county, given under my hand and the seal of said court, at Wichita Falls, Texas, this 23rd day of January, A. D. 1920. A. F. Kerr, Clerk, District Court, Wichita County, Texas. Jan. 5-12-19-20

PLAN AN EXTENSIVE DRILLING CAMPAIGN IN YOUNG COUNTY

FRANKELL, TEX., Jan. 19.—The Roxana Petroleum Company has begun the drilling of fifteen wells on the holdings of the North American Oil & Refining Corporation in the southern part of Young County under a contract with the latter company to drill this number of wells for a half interest in 6,000 acres of leases. The leases are in the South Bend region where there has been favorable developments and in a section that is considered most likely to make a good oil field. Ray Colcord is starting the drilling of several wells in the same part of the county on the holdings of John Meny and Charles Colcord who have extensive leases in several parts of Young county.

REPORT ON DRILLING OPERATIONS IN BAYLOR

SEYMOUR, TEX., Jan. 19.—The Van Ness well on the Snyder lease, five miles southwest of Seymour early maintains its lead as the deepest well in the county. They have reached a depth of 2,450 feet, and will soon be to the contract depth of 3,000 feet, unless some unforeseen trouble occurs. They are placing the 6 5/8-inch casing and expect to resume drilling the latter part of this week. We are unable to give any information as to whether the well will be carried below contract depth. The Fisher well on the C. T. Porter ranch, 10 miles southeast of Seymour, has spudded in and is down 50 or 100 feet. They are beginning the hole with a 20-inch bit. The Kansas and Gulf, on the Colorado county school land, 16 miles south of Seymour, is down about 800 feet, and is shut down on account of fuel oil. The same trouble is at the Wilcox

COFFEE

Forty-five years ago, one Shele De Vere, in reviewing the legends, and miracles ascribed to the famous bean, the merits of which a dervish discovered as he watched the effects of the leaves of the plant upon a flock of goats he tended and that were made frisky by eating them. It is told that "they jumped and gambled and bleated in so remarkable a manner that the dervish became envious of their happiness, gathered a few of the leaves, chewed them and felt as his goats." That was the start of the devotion now shown in the civilized world to coffee as its favorite beverage.
