BRITAIN LIKELY TO FURNISH MOST OF TROOPS SENT

LONDON, Jan. 21. — Great Britain plans to send troops into the Caucasus to prevent spread of Bolshevism into Armenia, Turkey, Persia and Mesopotamia, was reported here today.

The British request to the supreme council yesterday to have French and Italian troops take the place of British units in the allied forces to preserve order in the various regions where pichiscites are ordered by the peace treaty was necessitated by their plan to send troops into the Near East, it was said.

where plebiscites are ordered by the peace treaty was necessitated by their plan to send troops into the Near East, it was said.

The supreme council was to meet today to decide whether it shall continue its present organization or as a committee of ambassadors. It was believed the committee plan would be decided upon.

The here compromise moves which are to be tried when the fallure of the Lodge conferences had been demonstrated are:

i. Mild reservation propose to move that the treaty be called up in the Senate, to give everybody who has reservations an opportunity to offer

ommittee of ambassadors. It is seven the committee plan would be decided upon.

The head of the Jugo-Slav delegation, in reading the Jugo-Slav reply to the allied proposition for settlement of the Adristic disputs between Italy and Jugo-Slavia, expounded at length the concessions the Belgrade government already has made, and urged the allies to modify their demands.

The council gave the Jugo-Slavi four days to reconsider their decision, ft was announced.

Fremier Nitti left for Rome at 8:30 last night.

Georges Clemenceau, the former resuch present, resigned as president resuch a colleagues.

Senator Underwood announced the will seek a vote on his resolution for an official conciliation committee could at least poil the Senate and present conclusive evidence as to the possibility of a compromise possible, the Senate could then turn in earnest to some other means of bringing about, officially, a state of peace with Germany, Underwood said.

### TEXAS RANGERS MAY TAKE POSSESSION BURK-DIVIDE PROPERTY BEFORE NIGHT

Threatened hostilities between Texas and Oklahoma claimants to oil lands in the Red River bed involved in the boundary dispute between the two states are expected to come to a head by the attempt of Texas Rangers to take charge of the Red River properties of the Burk-Divide Oil company, now held by an Oklahoma receiver and 50 armed deputies from Tillman county, Oklahoma, the at-

tempt being expected by local oil people within the next few hours.

The gravity of the situation is believed to be increased by the reported declaration of Governor Robertson of Oklahoma that he will use the Oklahoma national guard if necessary in support of the Oklahoma claims.

The number of Texas rangers now

The number of Texas rangers now in the disputed district is estimated at 27, under the personal direction of Adjutant General Cope, this number representing the reinforcement of 15 Rangers who arrived Tuesday. In addition to this number there is probably a regiment of the Texas National Guard in this part of the state, which could be called into service if Texas authorities considered it necessary in upholding the jurisdiction of the Texas courts.

The Burk Divide property includes

The Burk-Divide property includes a well in the sand and standardising to complete in lot 6 block 3 of the Sam Sparks subdivision, just north of the General well in the Sparks which was the discovery well of this district and the sensetion of the field district and the sensation of the field at the time of its completion several weeks ago.

Tems rights in this property have been recently purchased by the Lone The vote, was 106 to 25.

Star Oil and Refining Co. of this city.

PRICE OF FOOTWEAR WILL TO INCREASE according to an announcement by Robert Wilcox, the general manager.

Robert Wilcox, the general manager.

The receivership disputes over these river bed properties date from last fall during the litigation over the Burk-Senator and Burk-Divide properties in the Travis county district court at Austin, which appointed a Texas receiver for these properties, and who was prevented at first from taking possession by armed force. Later, in enforcing the jurisdiction of this court. Emgres distanced properties is the boundary dispute between Texas and Oklahoma, which is claimed by the Oklahomans under the Sarvey of 1919." Texas claimed by the Oklahomans assert that the boundary is the south bank of the stream as the boundary, while the Oklahomans assert that the boundary is the south bank of the stream, and place this south bank of the stream, and place this south bank some distance sputh of the present river bed, claiming that the river has changed its course from the position of trade with foreign nations will increase the market value of footwear by establishing new foreign markets, another manufacturer

### CHICAGO MILD; **6000 AFFECTED**

Contagion Reported Spreading Throughout Middle West But Deaths Are Few.

**GRIPPE GERMS FOUND IN** NUMBER INFLUENZA CASES

1800 Cases Reported at Rockford With Only One Neath-Other Reports.

CHICAGO, Jan. 21 .- More than six thousand persons in Chicago today were ill from influenza, and reports were the contagion had appeared in cities and towns throughout the middle west. Pneumonia also was reported epidemic, and proportionately had caused a larger number of deaths. Influenza continued to appear in a mild form, and the death rate was low.

A shortage of trained nurses handihapped the efforts of the Chicago will health officials to control the influenza situation. During the last 24 hours new cases were reported at the rate of 50 an hour. Of these 307 could not be given even temporary supervision by trained nurses. Fit-teen hundred additional nurses are urgently needed at once, the health oner announced

commissioner announced.

While the number of new influenza cases reported to the Chicago board of health reached 2.514. which was 115 more than for any similar period during the 1918 epidemic, Dr. John Dill Robertson, health commissioner, expressed his opinion that "the epidemic is near its climax."

Deaths from influenza in Chicage during the last 24 hours numbered 36, as against 214 during the day the greatest number of deaths was reported in last year's epidemic.

the greatest number of deaths was reported in last year's epidemic.

Reports to Illinois state health officers indicated the epidemic was subsiding at Camp Grant, where only two deaths occurred in the last 24 hours. At Rockford there were 1,800 cases, dr. Rockford there were 1,800 cases, dr. Rockford there were 1,800 cases, dr. State of 1,800 cases, dr.

KANSAS CITY, MO., Jan. 21.—Local health officials today stated that here was no occasion for alarm in PARKER AND STUBB connection with a recurrence of influence here. Twenty-two cases of the disease and eight deaths were reported yesterday. It was stated that every precaution was being taken to be the malady localized at an auled yesterday were students.

the general conference.

A judicial council of 15 mambers will review constitutional matters of all conferences and will be the final court of appeals.

The merger recommendations provided that a general council shall be composed of 500 members chosen by the regional conferences in proportion to the membership. It will meet

every four years.

It was after the meeting had been adjourned last night that it was announced that the northern church conference will meet next May in Des Moines, Jowa, to vote on the merger plan. The southern church will call a special session of its conference to vote on unification providing northern church ratifies. Both branches of the churches claim a combined membership of approximately \$,000,000 persons.

### BAD TAKE SALTS

Says Backache is sign you have been eating too much

When you wake up with backache and dult misery in the kidney region it generally means you have been eating too much meat; says a weil-known authority. Meat forms urle acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urisous waste, else you have haddenly, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scales and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salts is made from the acid of grapes and lemon fules, combined with lithia, and has been used for generations to dean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer fritates, thus ending bladder weakness.

Jad Salts is a life saver for regular

weakness.

And Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

OD-ROBERTSON WEDDING SOLEMNIZED TUESDAY NIGHT

SOLEMNIZED TUESDAY NIGHT

In an unusually pretty church wedding Theaday night, Jan, 20, the marriage of Mrs. Mary Boyd Robertson, daughter of Mrs. L. M. Boyd of this city, to Elmer S. Wood of Fort Smith, Arkansas, was solemnized at the First Presbyterian church. Dr. N. F. Grafton reading the ring ceremony.

An unusually pretty feature of the wedding arrangements was provided by the members of the junior department of the Sunday school, of which the bride was formerly auperintendent, the 25 small boys and girls making up the bridal party.

The nuptial music was by Mrs. O. E. Maer, organist, the quartet. Mrs. J. Will Grey, Miss Teress Veale and Merrsr. Brenan and Pinson: and Miss Veale's solo was "All for You."

To the music of the Mendelssohn Wedding March the children entered from the vestibule door, carrying ropes of smilax. At the center of the altar was a silver candelabra, with four cathedral candless burning, and on the center of the candelabra the children hung one end of the smilax ropes, retaining the other and, and forming an arch about the sitar, where the bride and groom took the nuptil yows. Marin Soule, Faye Goss and Isabelle Waller, held the candelabra, and put the smilax ropes on.

Changing to the Loheugrin Bridal Chorus, the organ heraided the appracch of the bride and groom, from opposite doors at the right and left of the altar, the bride preceded by ittel Miss Elizabeth Couper, who stood in the center of the arch of children, holding up the candelabra. Little Miss Edifth Wood of Oklahoma City, alsee of the groom, accompanied the bride as ring bearer, bearing the ring in the heart of a rose.

The Broom and the minister entered from the study door, meeting the bride and white colors were used in the frocks of the little girls, while the sweetpast were the favored Sowers while downers. The Bride was the organist, the pride also werring these flowers.

The bride work her traveling suit of how in the trooks of the little girls, while the sweetpast were the favored Sowers and the organist, the prid

harmonising. A handsome sable neck-plate, the gift of her mother, com-pleted her traveling attire.

Mr. and Mrs. Wood left immediately following the ceremony for southern points for their wedding tour. Two months will be spent in Litte Rock. Arkansas, and then they will go to Fort Smith, Arkansas to make their

The interest of many friends of all ages has been in this wedding, the bride having been with her family a long time resident of Wichita Falls. For the past year the groom has been in Wichita Falls, being here with his off interests, and the many friends of both young people are in hopes that Dusiness will again bring Mr. and Mrs. Wood back to Wichita Falls.

Mr. and Mrs. Fox Wood of Okiahoma City and little daughter, Edith, and Mrs. William Wantland of Henrietta were out of town guests present home City and have and Mrs. William Wantland of Henri-elta were out of town guests present for the wedding.

DINNER FOR BRIDAL PARTY MONDAY NIGHT On Monday night the Wood-Robertson bridal party were entertained at dinner at the home of Mr. and Mrs. Frazier. The evening was spent in-

On Tuesday night at the Floral Heights Methodist parsonage, 2210 Tenth street, Mrs. Addie Mas Carpenter and C. B. Daniel were united in marriage, the Rev. W. L. Tittle performing the ceremony, which was rimessed by a few of the intimate

BRIDE AND GROOM

Among the pleasant affairs which marked the pre-nulptial hospitalities for Mrs. Mary Boyd Robertson and Elmer S. Wood, whose wedding was an event of Tuesday night, was the bridge and forty-two party with which Mr. and Mrs. Blakely entertained Saturday night. There were ten tables of players who enjoyed the games until a late hour, when an elaborate supper course was served.

The hostess' prizes, a silver picture frame and a jardiniere, were presented to the honorees.

MRS. H. L. BAKER HOSTESS
TO CIRCLE ON MONDAY

Meeting with Mrs. H. L. Baker, 2007 Huff, as hostess, Circle No. 2 of the Fioral Heights Methodist church organized for the new year's work on Monday afternoon. Mrs. H. L. Baker was elected chairman, Mrs. Marvin Smith, secretary and treasurer, and Mrs. Preston Lea, press reporter. A piedge of \$700 was maded during the enthusiastic business sees alon. Devotionals were led by Mrs. Sam Black, and Mrs. John Bland, and Ars. John Bland, and Ars

the job to foil him.

The picture is thoroughly entertaining and in addition to the star's pleasing work, introduces a supporting cast of uniform excellence.

As an added attraction the Empress is offering one of Mack Sennett's rapid-fire comedies, "Up in Alf's Place," in which all of his famous coterie of bathing beauties are seen as gymnasium girls. The cast includes all of Mack Sennett's funmakers, and the action is said to be makers, and the action is said to be fast and furious, as well as abounding unsually mirthful situations.

SHIPMENT SCHOOL BOOKS FROM

The local school system is an much better shape at the present time in the matter of text books with the arrival of over 3000 readers and history books from the state school book depository at Dallas. In addition to these new arrivals, notice has been received by W. W. Brown, business manager of the schools, that something like 13,000 books have been shipped from Dallas.

a To the Public. We have opened a meat market and Grocery at 804 Polk street. Although this is a suburban store, we shall en-

mound, and should earn a steady berth on the local club as a utility

Saim expects the new grandstand additions at Katy park to be completed by February 1. Adrian & Ross, contractors, have a crew of men'working steadily at the park. Incidentally, Adrian in 1898 was one of the fastest first sackers in the Texas League and his baseball knowledge has been a decided asset in the construction work.

Texas League, is composed of smiles one hour and frowns the next. To-day he is chuckling over successful deals that bring good ball tossers into this camp, and temorrow his heart sinks when he considers the bills for all the lumber going into the ball wicheta Falls and the ordinance re-garding parking of cars makes it al-most impossible for any one driving a car to do their marketing down town. It will be easy to get to our place of business as it is only one and a half blocks off from Tenth street and one-half block from the car line on Night street. Salm returned from Dallas today, and immediately brightened R. O. Harvey's outlook on life with the announcement that Jake Miller, Benny Brownlow and Otto Ruth will report for training here on March 10. Miller, one of the fastest outfielders on Ninth street.
You will be able to buy the best of

in the minors, played with Mobile in the Southern Association last season. He was the property of the St.

Louis Cardinals and was obtained by Salm through a deal with the major man, and the meat department will be conducted by R. L. Budlong, formerly of Budlong's market on Indians ave-

league club.

Otto Ruth is a brother of "Babe" Ruth, Col. Ruppert's \$125,000 pitcher and home run artiat. Otto has neen playing ball with a semi-pro club in Athens, Texas. He also is a twirler, and has an enviable semi-pro reputation as a fence busier. Several minor league clubs entered bids for his 1920 services, but Salm out-talked his rivals and grabbed the youngster.

Browlow has been under fire in the Texas League before, having pastimes with the Dallas club two seasons ago. He is an all-around ball player, a fast and Leady worker in any position, excepting the pitcher's nue.

### SUNDAY SHOW ISSUE EXPECTED THIS WEEK

seriminal appeals, are the next steps to be taken by Wichita Falls theaters in an attempt to secure Sunday opening privileges, it was announced Wednesday by S. Heyser, counsel for the theaters. Heyser takes the position that but one fine can be assessed for each day's operation, asserting that decisions handed down by superiors counts are to the effect that each concept does not constitute a separate offense as maintained by county officials. Heyser further contends that the sheriff's department ahould have been restrained from taking the actors from the stage, declaring that the players were laboriers and thereby not responsible for the actions of their employers. The defense has taken the position that the manager is the only one who violates a state law in disregarding the Sunday closing law and that actors who take the stage are merely labor are and not subject to prosecution altitude the entire cast playing her in "A Night in Honolulu" were taken into custody last Sunday by the sheriff's department.

Hearing on the injunction proceed-

sheriffs department.

Hearing on the injunction proceed mags will probably be some time with in the present week, Attorney Heyer announced Wednesday.

MILLERS INSURANCE ASSOCIATION HAS RECORD REMARKABLE SUCCESS

REMARKABLE SUCCESS

Reports rendered at the annual meeting of the Texas Millers' association at Forth Worth Tuesday, mark this organization, started 21 years ago by the millers of the state when most of the mills were practically without insurance, and were unable to get insurance written on their mills, as one of the most outstanding successes in the insurance field, says Frank Kell, one of the organizers and for 21 years vice president of the organization, who returned from the meeting Tuesday night.

This organization, which was the first of its kind in the southwest, now has \$48,000,000 worth of insurance in force in all parts of the country, has a surplus fund of \$400,000, and has seturned a substantial amount to its policy holders during the time of its operation.

Get the Habit

You are hereby instructed to turn in your due book to the secretary at the Labor Temple immediately. This action is taken so that our auditors can examine, same for approval. C. C. Andrew, Recording Secretary, Local Union No. 393.

meeting Tuesday night.

This organisation, which was the first of its kind in the southwest, now has \$43,000,000 worth of insurance in force in all parts of the country has a surplus fund of \$490,000, and has returned a substantial amount to its policy holders during the time of its operation.

At the Tuesday meeting the company authorized the purchase of a lot and the erection of its own office building at Forth Worth, which has been the headquarters since the organization.

On and after Feb. 1, 1920, I will limit my practice to obstetrics, diseases of women, consultation visits and office practice, Office 402 First National Bank Bldg. Phone office 222 residence 463, Dr. L. Mackechney.

### ADITORIAL

Best in Existence—The Good Old Department Store Way of Doing Business. The "American way" won out in conservative, dignified London where "push" was looked upon as a sort of vulgarity common to this side of the water. The "miracle store" of London is Selfridge & Co., Ltd. And it became the "big store" through advertising—and making every advertisement a solemn contract between the store and the purchaser. There are "miracle stores" in America, prosperous and esteemed, made great through truthful advertising. They set an example that irresponsible stores could follow to advantage. Our advertising has played no small part in the splendid progress this store has made since its inception.

### Mighty good for frying

No other shortening has the all-round quality that Mrs. Tucker's Shortening posseses, proven by the experience of housewives everywhere.

Mrs. E. C. Bracken, of Paris, Texas, has used Mrs. Tucker's for a year now, and says in a letter that for all kinds of cooking there isn't a better short-

ening; and she says, also; "It's mighty good for frying, as it does not shrink when heated and does not absorb flavors

Mrs. Bracken, like a number of other folks, finds some particular feature of Mrs. Tucker's Shortening that pleases her.

### Does Not Shrink or Absorb Flavors

Mrs. Bracken touched on two important points in her letter, though; the matter of shrinkage and flavors. Mrs. Tucker's Shortening can be heated without loss, for its purely vegetable content does not give way when heat dissolves it. And it can be used again and again, for it does not absorb any flavors from any meat or vegetable that's fried in it. This

### THOUSANDS ACCEPT KESSINGER'S THEORIES

Right Living and Right Thinking Are Most Important Factors to Health, Declares Cele-brated Authority—Wholesome Food, Exercise and Fresh Air Also

Necessary.

THE UNITED STATES HAS PRODUCED MANY PHILOSOPHERS AND COMPONENT ELECTRIFIED BY MANY ORATOR OF WORLD RENOWN, BUT NEVER IN THE HISTORY OF THIS COUNTRY HAVE TEACHINGS TAKEN SUCH DEEP ROOT AND SPREAD AMONG ALL CLASSES SO RAPIDLY AS HAVE THE PHILOSOPHY AND THEORIES OF HEALTH AND RIGHT LIVING PROPOUNDED BY HARRY KESSINGER, THE NOTED LECTURER AND ORIGINATOR OF ORGATONE TREATMENT.

From an attitude of disbellef and criticism leaders of thought and action have been brought to investigate the aprending phenomens of the growing popularity of this man's philosophy and hundreds of skeptics have followed the thousands upon thousands of the masses of the people in becoming not only devout believers in his teachings but practice as well.

Hundreds of thousands are now taking Orgatone, but the most convincing proof of the correctness of his theories is the testimony of the vast number of well known men and women from all parts of the gountry whom he has actually benefitted.

It is not unlikely that Harry Kessinger may decide to visit Wichita Falls at an early date. In the event that he should decide to include this city in his weatern itingrary it is hoped he can be induced to deliver at least one fecture while Here and give the people of this city the same benefit of his study and medicine that he has given the people of several of the larger

Pure Milk Products Co. Harry Kensinger is a man of rare talent magnetic force and charm of manner. He never ceases to surprise you with the infinite variety of his knowledge and its absolute correctness and thoroughness. The following is an extract from one of Kessinger's recent lectures on health and hygiene:

"Don't expect to get over physical disease by taking my treatment and waiting a few days. It takes a long continuation of abuses to stomach and other vital organs to produce an invalid; and even with the sid of medicine, time is necessary to restore health. Tissue must be rebuilt and the entire n put in working order and kept that way by food and habits that

retem put in working order—and kept that way by food and habits that suder health possible.

"Right living and right thinking are the most important factors to saith. Medicine only gives the individual a chance. Don't try to live on regatone or any other medicine. Wholesome foods, exercise, recreation cheeralises, fresh air, sunshine and work are the things for you to use every as and you will notice I didn't put alcohol or tobacco on the list. Stimularlis and narcotica are seldom necessary.

"The people who make and sell Orgatone are interested in each and very sufferer in this country. We want you to get over your troubles and se well and strong again. We don't want the Orgatone treatment to fail a single instance, and we do not believe it will where suffering of any tind results directly or indirectly from the disordered stomach, catarrhat condition of the mucous membrane or liver and kidney derangements.

On OPERATION OF PATIENT NECESSARY

But we do say, here and now, that the faithful co-operation of the callent is absolutely necessary. Use your head and restrain your desires. Don't overload the stomach just because the medicine is beginning to do you good and then expect Orgatone to keep you progressing towards health. If you have been on a liquid diet, do not expect the first does of Orgatone to digest solid tood. Remember this, right now and forever, no medicine in the world can continue to save you from the consequences of improper living. Attention to the diet and keeping the bowels open is a matter of direct importance.

Remember that Orgatone is composed of the most beneficial oils, roots and herbs known to science. It is vegenble and contains no ingredients to produce violent or sudden effects. Medicines that bring immediate stimulation invariably have an injurious pascilon that is dangerous to the system.

"Orgatone is none less powerful in its final results. It builds, strengthens and tones the system as fast as nature can correct conditions and it causes new itsues to grow. Any so-called cure that works quicker than this will do more have than good. They poison and weaken for all time, You must be satisfied to assist nature and await her slow but inevitable action it you would regain your health. Trying to force nature is disastrous.

On one occasion Harry Kessinger was asked whether or not Orgatone would relieve rheumatism, catarrh, liver and kidney trouble, and a dozen other allments and in this connection he said:

"I am convinced that the stoungth regulates the condition of the blood and is the foundation head of health or disease as the case may be. As I have repeatedly stated in the past, my meanment is intended primarily for the regulation of the stoungth and the correction of estarrhat inflammation but it is no uncommon thing for persons who have used the Orgatone treatment to come to me and explain that it has relieved them of rheumatism, kidney and types disorders and many aliments not generally recognized as having their origin in alternate trouble."

The ashouncement that this famous treatment has been pieced or mile in this city has created widespread interest and it is a foregone conclusion that hundreds of Wichits Falls people will call at the local agency within the next few days to obtain it. Orgatone is note by the Young Drug Company.

### FORESIGHT OF JEFFERSON

only wisdom worth while is that that handed down from generalions back, and who hold up Thomas Jefferson as the pillar of fire for all those looking to the pillar of fire for all those looking that the pillar of fire for all those looking to the campaign and furples are indication of the high gleasure from reading an excerpt from the down its development. All of the animals bought, we glean from a Stamford bought, we glean from a Stamford the quotation up in a communication to the Austin Statesman. It follows:

Some men look at constitutions with the same with the same of the austin Statesman. It follows:

Some men look at constitutions with the same at the same of the to the Austin Statesman. It follows:

Some men look at constitutions with sanctimonious reversence, and deem those who will use them at market cost, plue cost of immunization and them, like the ark of the covemant too acred to be touched. They sacribe to them at market cost, plue cost of immunization and to them of the pracedling age a wight to the men of the pracedling age a wight to the men of the pracedling age a wight the first who what they did to be beyond amend, ment. Sut I know that laws and institutions must go hand in hand with he progress of the human mind. As that becomes more developed, man and opinious change with the cost which fitted him when a boy as civilized society to remain under the regimen of their barbarrous assessors.

Thomas Jefferson was almost a radical, in comparison with those ideas in contract the second and any man and to believe, indiscolubly and the progress of the cost, plue cost of immunization and the man man and suppose what they did to be beyond amend in the first second in the progress of the human mind. As the progress of the human mind. As that there is need for more with the progress of the human mind. As that there is need for more with the progress of the human mind. As that there is need for more with the progress of the human mind. As the progress of th

fil will of the Virginia aristocracy by obsequies over John Barleycorn "with his (to them) alarming and incredible a chuckle," according to an Assobilet that the common herd were enactionaries in the Democrats are to prohibition on different grounds; but the old belief that it "killed bus-las governmental ideas as being appliable now as they were then. The and the experience of Peoria is, in not wanting to give me things before the prohibition on different grounds; but I did. and ma sed. So do I. Can I have one before supply, ma? I sed. If Nora wants to give it to you, sed ma Nora being our cook and generally not wanting to give me things before the prohibition on different grounds; but I did. and ma sed. So do I. Can I have one before supply, ma? I sed. If Nora wants to give it to you, sed ma Nora being our cook and generally not wanting to give me things before quotation given shows Thomas Jetgenerally and the experience of Peoria is, in not wunting to give me things before constitutions were sacrosant, that distilling and browing centers, where to sak her.

The property of the

reactions from the soberer conduct, thought and feeling of the war on daily balances. The lowest was a period. The cause, however, to less per cent, and the average of all the important than the results, and we bids seeking staff funds for deposit believe the Minneapolis editor has was 4.28 per cent. The result will be

that they ethance the changes of a happy marriage, or marriage at all by a free revealment of physicial charms, they are deluding themselves.

"With comparatively few exceptions the man who puts his mind seriously to the marriage project looks about him for the womanly woman, one of whose fundamental charms is modesty. He envisages such a woman as likely above others, to have the qualities required in a life mate whom he can honor, love and trust.

"Men are none too good at best. Indeed, as a class, they are too had at best, but about the surest way to make them works is for woman to appeal by dress or otherwise, to their gromer natures. It is anough that delicient draping of the female figure exert a harmful influence in terms of sex, but atop of that is the fact that it is a menace to health and an injustice to children yet unbora."

The Times was very glad to see

The Times was very glad to see speakers at the Chamber of Commerce banquet stress the need for civic improvement and beautification and to learn that one of the purposes of the organization for the present year is to direct an organ-ised campaign to drive home upon the loyal citizens of Wichitz Falls that beautiful homes, shaded driveways, obesid and well kept streets

The hern book, invented in 1460 and used considerably up to the close of the eightsenth century, was the usual text book of the elementary schools. A thin slab of hard wood was covered with narchment, or was covered with parchment, on which were printed the capital and small letters, numerals and some ele-mentary syllables, and words. Over this a thin sheet of transparent cow's home was placed and firmly bound so that no moisture could penetrate.

### OIL STOCK QUOTATION

### POLL TAX SUBSTATIONS TUTAL THE STREET FIRE

THE war could not have been won without railroads. Transport—by rail and sea—is an indispensable arm of national defence.

Carrying capacity, from the wheat fields and the mines and the steel mills to the front lines in France, was the measure of our power in war.

And it is the measure of our power in peace.

Industrial expansion - increasing national prosperity-greater world trade - are vitally dependent on railroad

The limit to the productive power of this country is the fimit set by railroad capacity to haul the products of our industry.

The amount of freight carried on American rails doubled from 1897 to 1905—since that year it has doubled again.

It will double still again.

To haul this rapidly growing traffic the country must have more railroads—more cars and engines—more tracks and terminals.

Sound national legislation, broad-visioned public regula-tion will encourage the expansion of railroads, without which the nation cannot grow.

This advertisement is published by the Association of Railway Executives.

He Is Back Again in His Old Haunts, the Square-Hatted Devotee of Art, Painting Earnestly the World as He Sees It.

ontmartre

cially that part of the world that has taken mental journeys through Europe on board a Baedeker almanac, hangs over Paris as a hilly observation halloon, from which one may see the homes of the living and of the dead, together with the living works of both, stretched out like some great harsonious panorama at the foot of the hills.

to find wonderful material in the very zone that held and attracted many American

doughboys as they came to have their pass in the renaissance of the region. And it was over the Balzac route of many, many years ago that the khaki boys went through a little lane leading from the top of the hill to the Piano Box, of which I am minded first to tell in American story because of its interest in the renewal of life in the agtistic coleny.

The Piano Box was originally made of three plane boxes, set end to end. It is now scarcely larger. An old man and his wife have for years stood ward over the place, providing gold food and good wine at prices that did not exceed the speed limit. They were waiting and watching for the return of prosperous days when the Americans came along, and the first of the pilgrims from abroad found the food just as good and as cheap and the wine as easy as it had been in the olden days. One day a party

of the Americans, having dined, asked if they might use the tables to play cards.

Of course they could. What on earth were tables for if not for play when one had dined? So the cards and the tables were soon busy. The great American game of poker was in swing. And it was swinging the limit.

a soldier task his judgment regarding tency of three aces with a 100 franc note, and an other raise him another 100 on two deuces upon the theory that human nature is timid in the face

### Like a Bit of Balzac

It was to weep. Had she not served them with dinner for six france? And did they not toss 100-franc notes into the pot as though they owned the Bank of France? Men Dieu, the food was too cheap for such princes of the mint. The prices must be raised.

And they were I But the doughbors who would stand a raise on a bob-tail flush would not stand a raise in fare. They laid down the law stand a raise in fare. They laid down the law that a dinner was a dinner merely, but a sporting chance lived in a world all of its ewn. So they declined to come back until the tariff was reduced and the old woman sat in her rocking chair for many days, swaying to and fro, waiting for the return of the Americans. They came when she capitulated and learned that there was so possible relationship between a good hand in draw poker and a four-course dinner with "red ink" on the side.

Likewise, the Americans opened again for rofitable entertainment the House of the Assassins in the Rue de Saulles, where they found the ancient prototype of the American Santa Claus,

Entrance to American Artists' Studies at 22 Rue Tourlaque.

One of the Quiet Passages of the Montmartre Studio Quarter

with his long white whisters, his guitar and his huge dog wondering when a real and lasting peaces would bring some france to his cyric or the hill. The old man was a source of neverending joy to the boys. They heard him sing and thrum his antediluvian guitar. They knew his soul must be in tune with the latinite because neither the voice nor the guitar was in tune with anything also, and they knew also that there must be some mystic connection with the voices of the singers who came to give intermittent and moment-inspired melody to the scene. They were sure of it because in the moments when melody reigned nobody might lift his voice to buy a drink and anything that stops the journey of a francto a till has to be of superhuman inspiration.

### Where the New Art Grows

And not only did the singer have his inning when the cork might not play an obligate, but the ancient dog had some rights that had to be respected. He had the canine privilege of raising

to hear the inquiring response:

"Monsieur?" and the shuffling feet leadin
the safe deposit vaults where bottled heads
and first-aids of absences without leave awa

warp working out their creations and the weavers of rugs plied their dainty art. Here one sees some of the wonder things of new art—a new art that is as old as the world, and one that always sceke in the living model the theme of gree pressions on the idea that the Maker of the verse was, after all, the Great Artist.

### The Plant That Is 180 Times Sweeter Than Sugar

SEVERAL years ago report ran through the press. originating in Asuncion, Paraguay. to the effect that there was a plant which grew wild on the prairies there, by the flame of "Kas Mee," which had a substancelin it 180 times as sweet as sugar. This report startled the sugar cane and sugar beet growers all over the world, and their fears were not allayed until it was discovered that the sweet substance was a glycerine and not a true sugar. Only the tinlest leaf fragment at that time reached Washington, and all efforts to necure the seeds of this interesting composite have until recently falled, but several ounces of the dried leaves and a sniall amount of seed have been received by the department of agriculture, through the American consul, and they have aroused a keen interest in all who have tasted them. A fragment a quarter of an inch square is as intensely sweet as saccharine, according to a writer in the Journal of Heredity.

There is today so much discussion among distitions as to the effects upon the health of the excessive use of cane sugar that the whole question of gratifying our most unusual taste for aweets is one deserving serious consideration. This is, as Prof. Blaringham of the Pasteur Institute, remarks, the age of sugar, but whether the fashion for sweets will be outgrown is a question for the dietitians to struggle with. Prof. Osterhout of Harvard has shown that sugar increases the electrical permeability of the protoplasmic membrane of the cell, but just what inference is to be drawn from the discovery is a question. Hav-ing possibly a bearing upon this same problem, the following fact is called to attention:

In southern Nigeria, seconding to Mr. A. H. Kirby, assistant director of agriculture at Ibadan, there is a fruit tree or shrub known as the "Agbayun," the slightly sweetish fruits of which, when eaten, have the peculiar property of making the sourcest-tasting substances such as limes, ns, unripe fruits, or vinegar, which are eaten within 12 hours or so afterward, seem intensely

worthy of investigation from the modern stand-point of foods. Seeds of both of these plants have been imported by the office of ferrign seed and plant introduction. Here would appear to be two substances, both

When War Brought Blight

By Betty Van

ONTMARTRE, both the home of artists liv-ing and the resting place of artists dead, has been born again. And at the re-birth of the wonderful old district the last element of

the American Expeditionary Forces, on its way leward from the battlefields of France, had

equare hat, the lazily drooping tie and the cloth-

ing that knew no pressing brother and no creas-

ing sister, dropped his easel and brushes and

went to the front. For the main part he already

belonged to the reserve and had only to be called.

For the minor part he belonged to the element

that came from other lands; that worked and

played along with the lazy reservist, now changed

into a full-blown soldier, and which for a few

days missed his comrade of the native soil-and

then joined him in the field by that law of gre-

garious animals that makes sheep follow one an-

other over a stile and men join a popular mob at

the voice of a forensic orator.

When the wat came the lad with the big.

their enthusiastic part.

But, however that may be, the streets along the hills of Montmartre became deserted, and one soon began reading in the citation lists of the brave, and in the private notifications of death, the latest tidings of the fellows who had been making pictures in the streets and seeking the cheapest places where a departed chicken might best be found to have met respectful cooking, and the "vin ordinaire" had made the least possible attempt to take part in the high cost of living.

The old places heard no more the sound of revelry and the merry music of the care-free children of art. But the day of change came. While a great and solemn gathering was daily engaged downtown in wrestling with the rights of small peoples, and the ultimate justice of the human race, what was left of the old student colony was back at the old stand trying to readjust the mandolin, the guitar and the violin to the new note of peace by night, and the paint box and the pertable easel to the recording of quaint scenes by day.

Thus it comes about that one new sees again in the stony streets, as cheerfully ensconced as though he owned the thoroughfare, the thin young man with the square hat, earnestly trans-ferring to canvas what lies before him, and struggling toward fame as best he can just as ugh the earth had not been lately rocking under the detonation of countless guns.

In the Highly Decorated Courtyard of the Studio Quarter. If one will start a new interest in an old and

ever-pictury realm, it is essential to take note of this young man of the square hat in the street. because he is the exponent of the entire picture. Upon his personality hangs the reopening of the House of the Assassins, the new era of the Plane-Box and the renewal of energies in the 70 studios that find their genesis in a blind single door at 22 Rue Tourisque, and then open themselves into as many wonder boxes. Each contains some maryel of art in the making of some flighty fentacy of imagination that may one day bring commis-sioners over the ses to buy for fabulous prices the creations of the artists now tolling in the fairyland studios which show nothing to the world excepting the uninviting door that opens only to permit the workers to go out and seek the cabarets wherein the people see only the light and frivolous sides of lives that are chiefly given to serious Art. serious Art—and Art with a capital A.

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, the Purified and Refined Calomet Tablets That Are Nausealess, Safe and Sure.

Physicians and druggists claim that the great epidemic of taftuents has conclusively demonstrated that the best preventative of influents and passumonia is to keep the liver solive so that the digastive organs may be in perfect condition. For this purpose Calutabs, the new damasaless calomel tablets that are free from the sickaning and weakening effects, is the most thorough and dependable, as well as the most agreeable laxative.

Calotabs have the special advantage of not making the patient sick and weak, as they do not upset the digestion and appetite. One Calotab at bed time with a swallow of water—that's all. No raits, no nauses, nor the slightest interference with/your eating, pleasure, or work, Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calotabs are sold only in Ariginal scaled packages, price thirty-five cents. Sold by all drings has and your mousy back if you are not delighted with them.—Adv. the great epidemic of influence has

N occasion. One of these occasions was when his faithful servant allowed his hand to slip-whereupon the General arose in his wrath and finished the job-himself; for the Father of our Country was very properly fond of a good, clean shave.

And in his simple shaving kit may still be seen his equally simple razors. While their model is many hundred years old, they have never been bettered in heft, or shearing width, or right shewing angle on the face.

At such times when his old servant failed him, Washington would have appreciated the guarded, two edged blade of the Durham-Duplex because he would have found it nothing more than his own well-loved model made safe.

Exactly the same shape and balance in the hand that uncounted generations of shavers have brought to perfection—with these extra advantages: (1) a guarded blade that can't out your face. (2) a double-edged blade for economy's sales. (3) a detachable blade for the luxury of a fresh edge at a moment's notice.

(4) a stroppeble blade, so that you don't have to throw good steel away. And it's the longest, strongest, keenest, best-fempered blade on earth. Seven million shavers have found that the Durham-Duplex gives them more shaving mileage than any other safety (razor. Get your Durham-Duplex foday.

THESE LEADING DEALERS SELL THEM:

If you are a Durham-Duplex dealer and wish to have your name added to the ove flat in subsequent advertisements, send your name and address to this news-per and write the Durham-Duplex Razor Co. for a free window display.

### Make Your Will

You naturally want your family and those who are dear to you to get the benefit of the property which you spend your lifetime accumulating.

Unless you have your will drawn correctly and in good time the unexpected may happen and the courts will be called upon to distribute your property. And this "legal" distribution may not be at all what you yourself would like.

Therefore, have your attorney draw your will at once and instruct him to name THE NATIONAL BANK OF COMMERCE as your executor.

In this way you will not only provide for the distribution of your property in accordance with your wishes, but you will also make certain that your estate will be handled economically and with strict consideration for every desire that you express in your will.

It will place you under no obligation of any kind to come in and consult us regarding this important matter.

### & NATIONAL BANK of COMMERCE

WICHITA FALLS, TEXAS

Capital \$300,000.00 Surplus \$200,000.00

By HENRY L. PARRELL United Press Staff Correspondent. NEW YORK, Jan. 21.—The American Legion as a unit will take no part in the Jack Dempsey war record con-

A policy of "hands off" has been anneunced from its national head-quarters. In a message to Jack Kearns, the champion's manager, Franklin D'Olier, national commander, sounds a clear note when he said:
"It is not a function of the American Legion to review acts of the government during the war in connection with the classification of men subject to the selective service act, or to review the claims of any in dividual who finds it necessary to justify his exemption from military service."

This answer was made to Kearns'

request for a hearing on the "slacker charges."

Kearns has given an ear to the rumbling from some organizations of former soldiers who express sentiment against giving Dempsey a huge pile of money for lighting in the ring when he tailed to fight the biggest right of all.

In a recent message to William Fox. New York bidder for the fight, the champion's manager said there was a good reason why the fight could not be pulled in the United States, referring, it is presumed, to the agitation against Dempsey's war record. Sentiment among the excellent on the issue. Inasmuch as Dempsey-did not match to the Davis cup Consistence of Great Britain, in their singles match today in the Davis cup Consistence. Sentiment among the ex-acidiers and aport writers is divided on the issue. Inasmuch as Dempsey-did not run away when called, that he did not claim exemption and that he went to the shippards to work instead of donning a boxing instructor's uniform have been referred to in many letters as reasons why the champion should not be discriminated against when so many other athletes who did not even pound rivels are without any stigma attached to them.

The latest assault on Dempsey comes from "The Home Sector," a periodical published by the former "Btars and Stripes" staff in which an editorial pours forth some choice sarcans on his title of "America's Great extention of the Davis cup by Australia. In the other singles match today, Anderson, the young Australian star, defeated A. H. Howe of reat Britain, 6-4, 5-7, 6-2, 4-5 and 12-10.

WILLIAM FOX MAKES OFFER OF \$250,000 TO CARPENTIER

NEW YORK, Jan. 21.—In his first direct offer to Georges Carpentier, William Fox, movie magnate, last night cabled him an offer of \$250,000, win or lose, to fight Jack Dempsey in America July 4. He also offered

LOS ANGELES, CALIF., Jan. 21.— Jack Rearns, manager of Jack Demp-sey, today placed the blame for at-tacks on the heavyweight champion's war record at the door of Jimmy Bronson, manager of Bob Martin, A.

Bronson, manager of Bob Martin, A. E. F. champion.

Kearns wired Bronson demanding that he "cease spreading propagands to boost Bob Martin and to promote a right between him and Carpentier by sending out literature false and misleading, in which you are attempting to convey the impression that Jack Dempsey was a war dodger and unflit to represent America in titular fight battles.

PEZEK WILL CHALLENGE WINNER TONIGHT'S MATCH

KANSAS CITY, Jan 21, — John Pesek, loser recently in a bout with Joe Stecher at Omaha, will be at the ringside touight to challenge the winner of the finish wrestling bout between Strangler Lewis and Ivan Karnloff. Lewis is in line for the heavy-weight wrestling crown and Karnloff is considered the best among recent Bussian importations.

The latest assault on Dempsey comes from 'The Home Sector." a periodical published by the former 'Stars and Stripes' staff in which an editorial pours forth some choice sarcasm on his title of 'America's Greatest Fighter."

"America's greatest fighter," it reads. "Hero of a few weeks in the shipyards; hero of a few minutes battle with Jess Willard; hero of the fur overcoat and the fat bank so count; hero of the moving pictures,

DES MOINES, IA., Jan. 21.—Jack Moran, of St. Louis, was knocked out in the third round of a scheduled 10-round hout here last night by Bob Martin. Moran was knocked down in the ascond, but the bell saved him Joe McGowan of Kansas City knocked out Carl Laonard of Red Wing, Minn. in the third round.

LEONARD AND DUNDEE WILL FIGHT IN JERSEY CITY JERSEY CITY, N. J., Jan. 21.—Benny Leonard and Johnny Dundee, whose 26-round decision fight was barred from New Haven Jan. 18, will fight 8 rounds here Feb. 8, Promoter Dave Driscoll said today.

PEEKSKILL PLAYER
SIGNED BY M'GRAW:
NEW YORK, Jan. 21. — John H.
Horie, young first baseman of the
Peckshill (N. Y.) semi-professional
team, has been signed by Manager
McGraw and will make the training
trip with the Giants.

Everyone knows when he sees a flag flown at half-mast that it is a sign of mourning, but few have any idea how the custom originated. It arises from the old naval rule that the sign of submission was the lower-the of the flag by the vanquished.

OF SEVENTEEN GUNS TO

General Sherman 69 years ago. With President Rutherford Hayes, he was making a "swing-around the circle." The party traversed the northwest, thence down to San Francisco, and returning, traveled by rall to Tucson. Ariz. There was no railroad between Tucson and El Paso, and General Sherman and staff crossed the then desert to El Paso in "buckboards" while President Hayes went north from Tucson by raill.

General Sherman's visit to the then froulier-border village of El Paso creeted quite a stir locally. He was tendered a banquet at the "leading" hotel on the site of which stands today a modern department store. Old-timers tell of a loke on the here of the war between the states. Speak-

### There's a World of Solid Comfort In the Rich Red Tin

TES, sir, we mean that same warm red and gold I tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

"You've met cans ed masic. Ever see any tine sunshine? Well look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want-real simonpure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

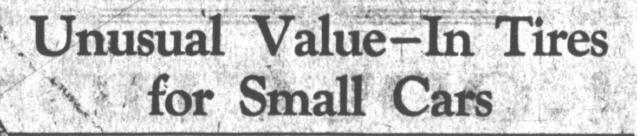

-the friendly tobacco

ADMINISTRATION BIAGLOSS COUPES THAT WOULD BE PREDIT TO WALL STREET

GETS A GOOD INTEREST RATE

AUSTIN, Jan. 21.—Despite the fact that it is generally said that state affairs are not as efficiently handled as are the affairs of private corporations, administration of state finances recently has disclosed some coupes which would be a credit to an operator on Well street.

The state of Texas is getting a better average interest rate on funds held to mest current expenses than the United States is paying on war bonds. State depositories pay an average rate, calculated upon the amount held by each hank as well as the number of banks, of nearly 4½ per cent. This interest is compounded monthly, which makes it equal to almost 5 per cent annually. A smack of humor enters the situation when it is remembered that the state requires depositories to furnish United States bonds of their equivalent as security for the money loaned 40 them. In other words, the state gets better interest on a dehand account than the nation pays on long term loans.

The state also has outstanding

The wrate also has outstanding bonds—\$4,002,200 of them. But ilnancial developments have, in a way, made these bonds an asset rather than a liability. Three million dollars worth of bonds bear only 3 percent interest, and with money worth around 5 per cent, the states makes 2 per cent a year by not paying this debt. Then again, practically all the bonds out were issued as refunding bonds for issues which carried much higher interest rates.

2 per cent a year by not paying this debt. Then again, practically all the bonds out were issued as refundiag bonds for issues which carried much higher interest rates.

A unique situation is presented in the ownership of these bonds by rarious permanent funds of the state. Total annual interest on the bonds is \$135,021. This is paid from the general revenue, which is derived from taxation. The interest goes into

Wichitans who pay their poll taxes vill have plenty of opportunity to display their receipts, judging from a list of elections scheduled for 1938. There will be more occasious for voting than ever before in a single year, from all

In addition to the purely political occasions at which a poli tax receipt will be required, there will be many other elections in Wichita Falls and Withits county, and it now appears likely that the pell receipt holders will have opportunity to exercise Ha franchise at frequent intervals.

The city election in April, the school board election in May, the first primary in July the second primary in August and the general election in November will give six occasions for voting. Other elections in prospect are bond issues for the irrigation direct, the schools and probably some city improvements, and the charter election, so that there are almost certain to be 10 elections at which a politar receipt will be needed.

It is estimated that only about half of the male citizenship entitled to vote has so far obtained by midnight of Jan, 11, a week from Saturday.

### NEW INTEREST IN THE DISTRICT BETWEEN RANGER

RANGER. TEX., Jan. 20.—interest in the territory between Ranger and the Hog Creek oil field has deepened with the bringing in of the well of Glassock and others on the Jordan farm out of the Guadaloupe College survey. This well is near the line of the Wichits Falls. Ranger and Fort Worth railroad that follows the watershed between Leon river and Palto Pinto creek, a ridge that has been favorably passed upon by geologists. This well is making 600 barrels a day uncompleted. To the north and east of the Jordan well the Humble Off and Refining company has a drilling well down 2,500 feet that is showing recplar formations compared with the Hog Creek field and it is expected to develop interesting status in snother week. There is considerable activity in the vicinity of the well of the Syndeste Oll company on the Webh farm, which is half way between Ranger and the Hog Creek field and adjacent to the proposed new town of Edhobby on the Wichits Falls. Ranger and Fort Worth ynitroad. Several locations have been made with reference to this well.

It is the belief of some operators

t is the belief of some operators at the morthern extensions of the g Creek field will ultimately make no connection with the Ranger pooline of the operators who has for me time forecast this is A. R. Mcman, whose holdings in the Hog well field are extensive. A year ago discounted a few dry holes between many and Hog Creek and said they not warrant the cessation of drillig that followed them at the time.

A novel way of disposing of one of those days the police of the city half to appear the city and the property of the city half to appear to be stated and soften of the city half to appear to be stated and soften of the city half to appear to the city appear to the city half to appear to the city appear to the city half to appear to the city appear to the city appear to the city to the ci

PELICITATIONS FROM CHAMBER

Special to The Times.

### he Biggest Little Company in Texas

## 4,000 Acre Lease--Capital Only \$150,000 in the PANHANDLE OIL FIELDS

There are a number of Big Gas Wells in this field, the last to come in being the largest in the United States. These gasers are a sure-shot indicator of oil

This 4,000-acre lease is in Lipscomb County, 50 miles northeast of these monster gassers. In taking this lease we had the pick of the whole field as we got in early. We believe that we have selected the most likely location to get oil; our geologists tell us it will be a producer, from our own knowledge of the business, we believe that it will.

This field is getting the biggest play of any semi-proven territory in Texas it costs from \$65,000 up to drill a well here and there are around 100 drilling.

The attractive feature in this company besides our chance of getting oil is the size of our lease—in order to protect everyone in the company we will sell 3000 acres after we start drilling and before the well is completed—by this plan of operation your original money is returned to you, still leaving you your share of 7-8 of all we can produce on 1000 acres. Companies of this character and organized on these lines are the only ones in which it is possible for a moderate investment to make a fortune.

The greater part of development in the Panhandle is being done by the big oil corporations, thus showing their faith in it. There are about fourteen companies in Amarillo fully financed and no stock for sale. The stocks of these companies are selling above par on the Amarillo exchange. The Canadian Pool Oil Company has already paid their shareholders 80% dividends by the sale of a part of their leases and they are not even drilling.

### Swift & Company's 1919 Earnings

### How They Affected You

During the twelve months ended November 1, 1919, (its fiscal year), Swift & Company transacted its large volume of business on the smallest margin of profit in its history.

Sales over \$1,200,000,000.00

Not sernings \$13,870,181.34

Our shipments were in excess of 5,500,000,000 lbs.

This means that our earnings were less than 11/6 cents on each dollar of sales, or a quarter of a cent on each pound shipped.

### Consumer-

The average consumer eats about 1/2 lb. of meat per day-180 lbs. per year. If he purchased only Swift & Company products he would have contributed only 45 cents (180 lbs. @ 1/4 cent a pound)—a year profit to Swift & Company for its investment and service, less than one cent per week.

Our earnings were so small as to have practically no effect on the family meat bill.

### Live Stock Raiser-

Swift & Company handled in 1919 over 16,000,000 head of live stock. You can figure for yourself that our earnings of 11/e cents on each dollar of sales are too small to affect the price you received for your stock.

We paid all it was humanly possible to pay considering what the meat and by-products could be sold for.

Swift & Company, U. S. A.

Workmen's Public Liability. Plate Glass. ca Burglary, Personal Accident and Health, and Bonds of Every

Forty-five years ago, one Shele De Vere, in reviewing the legends, and miracles ascribed to the famous bean, the merits of which a dervish discovered as he watched the effects of the leaves of the plant upon a flock of goats he tended and that were made frisky by esting them. It is told that "they jumped and gamboled and bleated in so remarkable a manner that the dervish became envious of their happiness, gathered a few of the leaves, chewed them and felt as merry as his goats." That was the start of the devotion now shown in the civilized world to coffee as its favorite beverage. De Vere, noting the devotion of plous followers of Mohamet among whom coffee reigned supreme, remarks: "poets have sung the praises of the black beverage; priests and monks have preached in its favor, and to all from the Sultan on his throne, to the feliah in his but of Nile mud, the precious thing is a source of enjoyment." That spirit is as potent today as it was 400 years ago.
