MORE RANGERS ARE IN EVIDENCE

NEARLY 2,000 MEMBERSHIPS NOW PLEDGED

Five Hundred and Fifty Names Added to the Total of Wednesday

REPORT IS MADE TODAY AT ROTARY LUNCHEON

Campaign Continues With Much Enthusiasm and Teams Make Good Showing

The Greater Wichita Falls Chamber of Commerce today has a membership of 1,900, each membership representing a pledge of \$25 a year for three years, or \$49,750 annually to be used to make this city a better place in which to live. At the final luncheon of the reorganization committee, held at noon today with the Rotary Club, 655 new memberships were added to yesterday's total of 1,435—and Don Farnsworth, manager of the big drive, confidently expects that after all reports have been carefully checked, and a follow-up committee has signed several hundred additional "prospects," the goal of 2,500 memberships will have been passed.

"If this campaign stopped right now," Farnsworth told those present at the luncheon, "Wichita Falls would have a bigger Chamber of Commerce than any other city in the United States of its size. This has been the greatest campaign ever put over by any chamber in the country."

Team No. 1 drove all its rivals to cover in the closing hours of the campaign. Tom Bergin, captain of the team, reported 101 new memberships obtained this morning, 45 more than its nearest competitor, "Team No. 2."

In reporting for Team No. 7, Jack Culbertson called attention to a simpur case of 100 per cent loyalty to the city.

"The firm of Moore & Richoit," he said, "have taken 25 memberships as a firm. When our team was in Moore & Richoit's office, there were 12 employees at work there, and every man of the 12 also pledged his membership."

In addition to the individuals and business houses signed up, memberships were taken by the Rotary and Wichita clubs, by the Wichita Falls Automobile Dealers Association and by the Wichita Falls Baseball Association.

A follow-up campaign to obtain memberships from citizens who have been out of town during the time of the drive, will be instituted next week. During the rest of this week the various teams will continue "on the job," each team going back over its trail and picking up every "maverick" and "stray" possible.

WITNESS BRINGS SAN DIEGO PLAN IN FALL INQUIRY

Declares Raids Were Carried Out With Knowledge and Consent of Carranza

JUSTIFIES ACTION BECAUSE "STATE OF WAR" EXISTED

Testifies Regarding Border Raids at Hearing Before the Senate Committee

SAN ANTONIO, TEX., Jan. 22.—It was because a "state of war" existed between the United States and Mexico that Mexicans once convicted of murder and bridge burning on the American side of the border, were restored to their own country as free men, John A. Valls today told the Senate sub-committee investigating the Mexican situation.

Valls is the district attorney of the 49th district of Texas. He prosecuted those Mexicans captured after the raid on San Ignacio in 1916 and secured their conviction. They were sentenced to death. The court of criminal appeals on April 19, 1917, decided the lower court had no jurisdiction since at the time of their assault and capture "a state of war existed between the United States and Mexico."

Judge Valls declared the raids were directed under the provisions of the "plan of San Diego" which had for one of its objects the separation of six states from the United States. He submitted documentary evidence to show the raids were planned and carried out by men in Carranza's army and that a portion of the recruiting was done by Nicofero Zambrano of Monterey, then treasurer general of the republic of Mexico.

Federico De La Rosa was stated by Valls to have been the chief commander of the raiding forces. Documentary evidence which was produced in the trial of the raiders and re-submitted to the committee was that Zambrano came from Mexico City to Monterey and there openly recruited the raiding parties and afterwards publicly and in the midst of applauding crowds bade the units farewell at the railway station.

A raid on San Ignacio in which several American soldiers were killed and bridges burned was preceded by an interview between Lieutenant Kyle Rucker of the American army and Federico Gutierrez Zapata, commander of the secretary of the Carranza garrison just across the boundary line. Zapata promised to send a force to intercept the bandits that were known to be moving across the border. The evidence, Valls said, showed Zapata himself led the raiders the next night. Other officers with the party, he testified, were General Ruiz and Farías, both officers in the Carranza army.

MEXICO WILL GIVE PERMITS FOR DRILLING

Decree is Issued by President Carranza Granting Concession to Oil Producers

PROVIDES ALSO FOR THE COMPLETION OF WELLS

Permits Condition on Enactment of New Law by Congress of the Republic

MEXICO CITY, Jan. 21 (Night).—Foreign oil companies in Mexico have expressed their willingness to comply with all legal requirements if such requirements do not violate rights formerly acquired. President Carranza said in a statement issued late tonight.

Following reports of a compromise between the oil companies and the Mexican government, the president issued this explanatory statement:

"The oil companies have stated expressly they are willing to comply with all legal requirements if these do not violate the company's rights formerly acquired.

"The companies also state they are willing to accept provisional permits to drill wells. These permits will be valid only until congress enacts a new law as required under article 27 of the constitution. The companies make it a condition that acceptance or use of such permits shall not injure or prejudice any of their rights as now interpreted.

"The companies do not desire to obtain any new rights through the temporary rights and the Mexican government, through using of the permits will not abandon any of its rights or principles.

"The president, therefore, has decreed provisional permits to drill will be granted under condition the permits shall be valid only until congress enacts a law under article 27.

"The permit shall include completion of wells started after May 1, 1917, and comprise wells already sunk or in process of drilling. Applications from companies to drill wells must contain a statement that the permit does not grant the company any of its rights. Applications also must include a statement that the company agrees the permit shall be valid only until congress enacts the new law under article 27.

"Interested parties shall comply with the precepts of the new law or forfeit any rights granted by the permit.

"Finally these permits shall not affect the various questions now under debate internationally, neither shall they prejudice any pending legislation.

GOES FAR TOWARD SMOOTHING DIFFERENCES

WASHINGTON, Jan. 22.—Settlement of the dispute between American oil interests and the Mexican government over drilling of wells in Tampico and adjacent districts was considered by officials here today to have gone far toward smoothing out the ruffled relations between the U. S. and Mexico. A message given out late yesterday by the Association of American Producers of Petroleum in Mexico, with headquarters in New York, stated that Carranza had lifted his ban on the drilling of new wells and that pumping of existing wells would be resumed under a temporary agreement reached by the American oil interests and Carranza.

This agreement was first reported last Saturday in private dispatches received in Washington, as stated by the United Press at that time. Fear that the Mexican government's revenues would be materially decreased by loss of taxes on oil exported to the United States prompted Carranza to agree to the temporary agreement.

PERMISSION IS GRANTED FORTY-SIX COMPANIES

NEW YORK, Jan. 22.—Replying to a petition from American oil companies asking that temporary relief be given pending settlement of the oil fire Mexican oil controversy, permission has been granted to 46 American oil companies to resume drilling operations in Mexico by the Carranza government, according to official word received by the Mexican Petroleum company here.

Oil interests here hope the step will lead to a permanent and satisfactory settlement.

A telegram from President Carranza announcing that permits could be obtained was dated Jan. 20 and addressed to Vice President Signors of the original petition. On Jan. 12 the 46 companies replied to Carranza saying they would instruct their representatives to proceed in the matter of petitions for permits along the lines indicated in your telegram.

DUTCH REPLY IS NOW UNDER PREPARATION

LONDON, Jan. 22.—The Dutch reply to the allied demand for extradition of the former Kaiser is under preparation, according to a dispatch from Amsterdam.

"The entente demands may be justified on grounds recognized by all culture in the states" the newspaper said. "The act is punishable which at the time was committed was not a crime."

"Furthermore, it is not a question of whether or not we wish to co-operate with the allies. It is a question of whether we wish to bring about justice that will satisfy one party alone."

BERLIN, Jan. 22.—In response to a press report to what he advised the press to do whose names are on the extradition list of the entente, General Ludendorff, former first quartermaster general, said today: "No one is obliged to surrender himself voluntarily. Her owners, the American Line, say she can be repaired, but it will mean practically rebuilding her and it is a task of many months.

IMPETUS IS GIVEN TO WORK OF LOCAL WELFARE COUNCIL

A decided impetus was given the work of the newly organized Wichita Welfare Council when the reorganized Missionary Society, in its quarterly meeting Wednesday, January 21, voted to maintain a day nursery as its share in the work of the council, with probably a kindergarten to be opened later. This action was taken following the talk of Mrs. Osley, the secretary of the council, who has just taken up her work. A committee to take the immediate opening of the nursery was appointed, to report as soon as possible, so that there will be no delay in putting this very necessary department of the council into active service.

Another feature of the meeting Wednesday was the report of Miss Allison, the society's community nurse, who in making her usual quarterly reports put more than statistics into the report, giving her views on the human interest side of the work. This part of the program was particularly interesting. The report is given in detail in the concluding paragraphs.

A nominating committee was appointed to report at the next meeting, the committee consisting of Mesdames R. C. Smith, G. D. Anderson and Edward Martin.

The reports were given by the various churches, by the following representatives: First Baptist, Mrs. R. C. Smith; First Christian, Mrs. J. L. Downing; Jewish Council, Mrs. Wolfson; Southern Presbyterian, Mrs. Fleming; First M. E. Church, South, Mrs. C. W. Sander; Episcopal, Mrs. Ed. Johns; Catholic, Mrs. Maulder; First Presbyterian, Mrs. J. A. Culbertson.

The meeting was opened with devotions by Mesdames Goodner and White. Mrs. J. A. Kott, president, after a short business session the ladies of the First Presbyterian church served an elaborate luncheon in the basement of the church. The afternoon session was opened by music, solo, "The Primal Sin," sung by Mrs. F. C. Barron. The following musical numbers were given at intervals later in the afternoon: Piano solo, "Bible Hymns"; vocal duet, Mesdames Wade Walker and F. C. Barron.

There was a record attendance, and at the conclusion of the meeting, a vote of thanks was given the Presbyterian society for the splendid hospitality of the day.

Miss Allison's report in detail follows:

NEWSIES STAGE BATTLE OVER POSSESSION OF HEN AND CHICKEN ESCAPES

The "Battle of Scott avenue" will probably not go down in universal history as one of the decisive combats of the world, but the engagement will at least be remembered during the lifetime of a dozen or more "newsies" who engaged in the conflict and many of whom are now entitled to wear wound-bivrons, for black eyes, bloody noses and skinned faces, received while in action.

"Martha," a big White Rock hen was the cause of the battle. Martha perpetrated the struggle when she committed the overt act of escaping from a chicken pen of the local express company and started running up Scott avenue, punctuating each step with a loud, healthy cackle. Newsboys vying their morning papers of the street corners immediately abandoned their wares and started in hot pursuit of the astonished hen. "Martha" was "captured" by more than a score of newsies just as she alighted at the main entrance of the Kemp & Keel building.

War broke out in regular European style when the question of the possession of the hen came up for decision. A little red-headed, freckled-faced "newsie" who happened to have "Martha" securely fastened between his arm and leg, vigorously contended that possession of "nine points in the law" other boys joined in and a general "free-for-all" of the result.

When a copy appeared on the scene and the smoke of battle cleared away each "newsie" was nursing a sore spot and Martha had flew away.

TEN INDICTMENTS ARE RETURNED BY THE GRAND JURY

Ten bills of indictment were returned Wednesday afternoon by the grand jury. Only seven indictments were made public, however, due to the fact that three of those indicted are not in jail.

Frank Harris and R. Portr were indicted on charges of robbery by fire. The indictments are in connection with the attempted robbery of a meat market at Newtown when a third confederate in the robbery was shot by a grocery clerk.

Alfred H. Hedrick, oil field worker, was indicted on a charge of murder. He is alleged to have shot and killed Earl Minns in a tent near Waggoner city about a days ago. Minns died in the Wichita General hospital two days after the alleged shooting at four. Hedrick has been held in the county jail here in default of bond since the night of the shooting.

Blaine Donley was indicted on a charge of the theft of an automobile. It is alleged that Donley stole an automobile from his employer near Wichita Falls and escaped toward Mexico. The car was later found in Laredo where it had been pawned, Laredo officials say.

A bill of indictment alleging an attempt to commit the offense of arson was returned against P. A. Ruth, who it is asserted, attempted to burn a barber shop near Waggoner city in the city of Laredo.

Indictments alleging robbery by fire were returned against William Arnold, W. D. Owen and George Prasher.

District Attorney Fletcher Jones announced that the grand jury would probably be in session for two weeks more. Investigations of abuse in the operation of public utilities will be investigated next week, the district attorney said. All departments of the county government will be investigated, it is understood.

FEDERAL LABOR UNION OF MEXICAN WORKERS

organization of a branch of the Federal Labor union to be composed of Mexican laborers has been completed here. Jack Frasher, labor leader, announced Thursday. It is said that more than 200 Mexican common laborers have been enlisted in the new organization.

Mrs. E. L. White of Dallas and Mr. and Mrs. I. J. White of Westover are the guests of their daughter and sister, Mrs. E. E. Strangor, 2015 Kipling street.

WOMEN ARE INVITED TO SELECT A NAME FOR BASEBALL TEAM

The Wichita Falls baseball club of the Texas League received a number of suggestions for a name for the club, although pretty fair parents in other respects, being kind and patient with their offspring, seem to be unable to give in nomenclature ability, which, in that means.

Being desperate on the subject, and a diploma, as well, was presented to the parents of the club, who were invited to ask the ladies of Wichita Falls to pick a name for the club. This may break the habit of giving a name to the club, but it is a good idea.

Every woman in Wichita Falls is a baseball enthusiast, and she will be glad to help in the selection of a name for the club. The ladies are invited to pick a name for the club, and to send it to the office of the club, at the office of the club, at the office of the club.

There is a reward offered for the name of the club. The name of the club will be selected by the club, and the name of the club will be selected by the club.

BIDS FOR BASEBALL STOCK AT EXCHANGE

There must be a few fans in this city who believe the gate receipts at Katy park, with a Texas league club in Wichita Falls, will be worth counting this summer. At any rate, two desperate men, unable to obtain their desire elsewhere, bid two for one on stock in the Wichita Falls Baseball association at the night call of the People's Stock Exchange Wednesday.

Apparently the two baseball bugs were not alone in their appreciation of the value of a Texas league club in this city, as no stock in the association was offered at any figure, although practically every share of it was sold in Wichita Falls. Billy Net, the local oil man, who was one of Cincinnati's wildly enthusiastic backers here during the world series last fall, mildly offered to wager a gentle sum that the attendance here this season will be bigger than the attendance in any other city on the Texas league circuit.

The town is ripe for league baseball. Bring on that spavined outfit of yours from Dallas, Ham Patterson! We defy you!

It is estimated that the recent suspension of work by the coal miners caused a loss of more than \$100,000.

CAPTAIN LYNN IN CITY WITH FINE BABY BOY FOR A CHRISTIAN HOME

Capt. J. T. Lynn of the Lynn Orphanage is here with a fine baby boy for adoption into some Christian home in Wichita Falls. Captain Lynn will be found at the St. James or if not at the St. James hotel at the Oriental hotel.

Captain Lynn has placed a number of babies in Wichita Falls homes and will be glad to communicate with those wanting children for adoption.

YOUNG COUNTY WELL IS PRODUCING 1700 BARRELS A T 3300

FRANKLIN, TEN., Jan. 22.—Operations in the northern part of Stephens county and in Young county are growing more interesting as development proceeds. A production of 1,700 barrels a day from a well at 3,300 feet in a well of the Pacific Oil and Gas Company on the Armstrong property six miles east of Crystal Falls, has led to the belief that a shallow sand than the regular Pennsylvanian is to be developed there. This well is not far from the Black Bear wells and is a mile and a half from the Hill well that is producing 500 barrels a day. The well is on the Clear Fork of the Brazos River in Young county.

HUMBLE WELL HAS A NEW SAND SOUTH OF K. M. A. WELL

Preparations are being made by the Humble Oil and Refining company to test the 1,200 foot sand which has been mentioned in the report on Block 21, Keeney, Wagoner, and Stephens lands, about a mile southwest of the Kemp-Munger Allen well. This is a totally new and largely unexplored sand which has been reported to be in this section. The sand was entered Thursday and the test will be made as soon as possible.

MUCH DRILLING ACTIVITY IN FRANKEL TERRITORY

FRANKLIN, TEN., Jan. 22.—Great activity in drilling is being shown in any part of the great Stephens county oil field. It is now being drilled in the Keeney, Wagoner, and Stephens lands. In the past three weeks, developed three wells with total flow of more than 4,000 barrels a day. The largest of these came in this week on the Hill, Kemp, form two and a half miles north-west of Franklin and two miles east of Stephens. It was drilled in the Shields, Marble, M. & Brock and found the sand at 2,780 feet. This well is a mile east of the McCauley well of the Gulf Production company and a mile south of the Hillington well of the Gulf Production company. It is on the small town-site of Newcity. More than 50 wells are now drilling in the new pool and more would not doubt be going down here for the fact that the leases here are held by large companies who are doing to wasteful drilling. Most of the leases in this area are owned by the Gulf Production company whose production leads any other company in Stephens county, the Prairie Oil and Gas company and the Texas company. The latter company owns the largest area of land in the territory of Franklin and will do no intensive drilling here.

AFTER INTERSECTION OF TWO STEPHENS HIGHWAYS

FRANKLIN, TEN., Jan. 22.—Franklin people are active in their effort to secure the intersection of two of the hard surfaced highways of Stephens county. They are in line for one of the roads north and south across the county to Brookbridge to intersect a north and south road of Eastland county for a north-south road from Eastland county to Camden and Mineral Wells. The rapid development of the oil field surrounding Franklin is lending rapidly to the growth of this place and the coming of the Wichita Falls, Ranger & Fort Worth railroad next month will make Franklin the first railroad point in Stephens county.

DECIDE ON PLANS FOR ROUTING STEPHENS ROAD

RANGER, TEN., Jan. 22.—Plans for routing the hard surfaced highway of Eastland county will be referred to Ranger, where decisions upon Tuesday at a meeting held here between Ranger's city officials, Chamber of Commerce officials and the county judge, C. R. Starnes, and county engineers. Ranger will be a central point on the improved highways to be built from the proceeds of the recent \$1,000,000 bond issue.

CEMENT CASING IN THE KEEN WOLF WELL

Several days will elapse before the Keen Wolf No. 1 Logan in Block 21, Keeney, Wagoner, Valley, Park, Land will resume drilling, the casing having been cemented on Tuesday. Only 1,700 feet more to the depth where it is expected the Keeney-Munger Alpha sand will be encountered. The cement will be allowed to set for six or seven days.

TOTAL OF 87 COMPLETIONS IN THE WAGGONER FIELD THE PAST WEEK

Completions in the Waggoner field this week reach a total of 87, almost up to a high mark set by completions two weeks ago, when the hundred mark was reached. Wells that have been ready for completion for some time are being rapidly gotten on pipeline connections, this report indicates.

A feature of the completion list this week is the small percentage of fall-off gas to being three dry holes, two of them to the west of the town-site pool and one location abandoned. The wells are maintaining their production remarkably well, averaging better than 200 barrels. The smallest completion comes from Block 88, where the Burk Eye has a well which is perhaps a bit better than 50 barrels. There are several 100 barrel wells reported complete.

Pipe line runs show the output of the Waggoner oil slightly for the past week, the runs averaging 84,000 barrels a day. The other pools remain practically unchanged, Electra 10,500 barrels, Iowa Park 400 barrels, Petrolia 400 barrels and Holliday 50 barrels. The decline is attributed to the bad weather.

Drillings in the Wagoner field are being completed at a rapid rate. The following list shows the completions in the field during the past week: Maxon-Wise Oil Company, No. 2, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 3, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 4, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 5, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 6, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 7, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 8, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 9, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 10, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 11, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 12, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 13, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 14, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 15, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 16, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 17, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 18, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 19, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 20, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 21, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 22, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 23, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 24, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 25, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 26, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 27, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 28, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 29, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 30, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 31, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 32, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 33, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 34, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 35, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 36, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 37, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 38, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 39, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 40, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 41, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 42, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 43, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 44, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 45, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 46, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 47, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 48, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 49, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 50, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 51, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 52, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 53, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 54, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 55, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 56, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 57, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 58, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 59, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 60, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 61, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 62, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 63, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 64, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 65, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 66, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 67, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 68, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 69, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 70, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 71, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 72, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 73, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 74, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 75, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 76, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 77, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 78, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 79, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 80, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 81, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 82, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 83, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 84, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 85, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 86, 1, Mar. 200 barrels; Maxon-Wise Oil Company, No. 87, 1, Mar. 200 barrels.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, Jan. 22.—The cotton market recovered nervousness at the start today owing to the early decline in New York and overnight selling orders. June was 75 points lower with the rest steady and the more active positions sold live to 10 points lower right after the call with March following 35 and July 31 and Liverpool sold May and July but bought March selling up about 30 points from the lowest. Private cables report a top bid selling in the early market at Liverpool followed by rallies on trade buying. Nothing further was heard of the weather strike at Manchester and there appeared to be rather a more optimistic view of the foreign news generally which was covered by the rally to 35 1/2 for March and 31 1/2 for July late in the morning. Trade interests were made the buyers but there was no apparently dropping of commission bids, demand and business was probably tested by continued nervousness over the weakness of foreign exchange, the uncertainty of money rates and reports of a less active demand. The market at mid-day was quiet but with a point or two of the best showing in an advance of 10 to 17 points on present crop deliveries. The early afternoon advance carried March contracts up to 35 1/2 and July 31 1/2, or 14 to 15 points net higher. No change was reported in New York, but the market advanced there after the close of the day, with a quick reaction followed. As the end of the half hour trading prices were 11 to 20 points under the closing of yesterday, March falling from 35 1/2 to 34 1/2.

NEW ORLEANS COTTON.

NEW ORLEANS, Jan. 22.—A much higher Liverpool market than due and rain and cold weather in the latter part of the week, which was reported around the opening today, but soon after the first call, was a selling of much the market, which was later followed by a rise, and a quick reaction followed. As the end of the half hour trading prices were 11 to 20 points under the closing of yesterday, March falling from 35 1/2 to 34 1/2.

SPOT COTTON MARKET.

Dallas, Jan. 22.—Spot cotton, steady; middling 41 1/2.

GRAIN AND PRODUCE.

CHICAGO, Jan. 22.—Notwithstanding the recent advance in price of corn, strength was not well maintained. Small lots of receipts were in favor of the bulls and so, there were higher quotations on hog. Opening prices, which ranged from 10 1/2 to 11 1/2, were followed by a subside all around to the same as yesterday. The market was quiet, with a subside all around to the same as yesterday. The market was quiet, with a subside all around to the same as yesterday.

NEW YORK STOCKS.

NEW YORK, Jan. 22.—Bills were the only unusual feature of the best part of today's stock market. Pan American Petroleum was the only stock to rise, and it was up 1/2 point. The rest of the market was flat.

Only One Changeless Metal. Weights used on scales undergo a slight change in the course of years of usage, frequently becoming heavier. There is only one metal known which will not change. WORK FINISHED IN NINE OF THE CITY CENSUS DISTRICTS

Nine census districts in Wichita Falls and vicinity have been completed by the enumerators. Every resident of any of the districts outlined below, who does not know that he has been counted, is requested to call the Chamber of Commerce, No. 329, or Miss Moore, assistant supervisor, at 566, giving his name and address, so that he may be enumerated promptly.

Conditions in Wichita Falls are such that a complete count cannot be obtained without the co-operation of every resident, and in asking for those who have been overlooked to phone in their names, Miss Moore is seeking to enlist the aid of all Wichitans in seeing that absolutely no one is missed.

The completed districts include several thick settled residence sections. The list follows:

District No. 81. From city limits on the north to river near Scotland addition. From Fort Worth and Denver railroad on the west to city limits on the east.

District No. 87. From Wichita river near Scotland addition on the south to city limits on the north. From Fort Worth and Denver railroad on the west to Fort Worth and Denver on the east.

District No. 114. From Jalonic on the north of Landry avenue and city limits on the south. From Fort Worth and Denver railroad on the west to Edwards street and city limits on the east.

District No. 178. From Wichita river on the north to Ninth street on the south. From Polk street on the west to Brook and Grace streets on the east.

District No. 121. From Ninth street on the north to Wichita Valley railroad on the south. From Monroe and Tyler streets on the west to Denver street on the east.

District No. 123. From city limits on the north to Avenue K on the south. From city limits on the west to Kemp boulevard and Polk street on the east.

CONTROVERSY IN COURT OVER HOTEL PLUMBING

The courtroom at the city hall resembled a high school debating auditorium Thursday morning that were arguments and rebuttals that were heard on the subject of the plumbing of the new hotel building now under construction at Eighth and Scott. The "dramatis personae" consisted of the general superintendent of the construction company, the foreman of the plumbing work, a walking delegate for the local plumbers union and the plumbing inspector for the city.

According to the evidence the cause for the appearance in court of this gathering was the lodging of a charge of violation of the sewer ordinance against the superintendent.

This charge was entered by the inspector. The superintendent had refused to hold up the plumber work until the plumbing could be tested.

The superintendent had his own version of the trouble. He claimed he was the victim of a "frame up" by the construction company to spend a large sum of money on account of the enforced idleness of the workmen brought about by the inspection. The inspection could be made at any time, he averred, and the building was designed especially to permit repair work to be done to the plumbing at all times. The foreman had other views concerning the situation which were exactly contradictory.

In reviewing the evidence Judge Ogie held that the case should be passed until more information could be found on the matter because of the extremely personal and prejudiced testimony given by the opposing witnesses.

COFFEE

Forty-five years ago, one Shele De Vere, in reviewing the legends, and miracles ascribed to the famous bean, the merits of which a dervish discovered as he watched the effects of the leaves of the plant upon a flock of goats he tended and that were made frisky by eating them. It is told that "they jumped and gambled and bleated in so remarkable a manner that the dervish became envious of their happiness, gathered a few of the leaves, chewed them and felt as merry as his goats." That was the start of the devotion now shown in the civilized world to coffee as its favorite beverage.

De Vere, noting the devotion of pious followers of Mohamet among whom coffee reigned supreme, remarks: "poets have sung the praises of the black beverage; priests and monks have preached in its favor, and to all from the Sultan on his throne, to the fellah in his hut of Nile mud, the precious thing is a source of enjoyment." That spirit is as potent today as it was 400 years ago.
