### THE WEATHER

West Texas: Tonight and Tuesday cloudy, probably rain or snow in north portion, colder in north portion tonight, colder Tuesday.

## BOLSHEVIK SAY POLAND NOT TO OPPOSE THEM

### Declare That Action of Livonia in Making Peace Influenced Poland's Decision

### CONCENTRATION ON DVINA ATTEMPTED BY BOLSHEVIK

### Peace Treaty Concluded Between Esthonia and Russian Soviet Government

LONDON, Feb. 2.—The Bolshevik delegates at Dorpat declare that Poland has abandoned her military preparations against Russia, which were to be followed by simultaneous attacks upon Moscow and Petrograd, according to a Central news dispatch from Reval, Esthonia, today. Poland has taken this course, the delegates say, because Livonia, "in accordance with the peace treaty with the Soviet," has withdrawn her promise to place her army at Poland's disposal.

### POLES PREVENT BOLSHEVIK CONCENTRATION ON DVINA

WARSAW, Sunday, Feb. 1.—Concentration of large numbers of Bolshevik troops north of the Dvina river has been prevented by attacks by Polish units, according to an official statement.

Attempts to gather Bolshevik forces along the Lithuanian and White Russian frontiers are being hindered by Polish forces, according to an official statement. Polish troops are reported to have been successful in preventing the Bolsheviks from concentrating their forces in the Dvina region.

### SOVIET CONCLUDES PEACE TERMS WITH ESTHONIA

LONDON, Feb. 2.—Peace was definitely concluded this morning between the Bolsheviks and the Russian Soviet government, it was announced in a wireless dispatch from Moscow received this afternoon.

### REPORTED SOVIET RUSSIA WITHDRAWN OFFER

WASHINGTON, D. C., Feb. 2.—The peace proposals submitted recently by Poland by Soviet Russia have been withdrawn, according to unofficial advice to the state department today. No reason for this was given, but it was stated that the withdrawal was evidence that the Bolsheviks intend to launch a spring offensive against Poland.

### PREMIER AMERICAN ACE KILLED IN FALL SUNDAY

SAN ANTONIO, TEX., Feb. 2.—While practicing various maneuvers for the review to be held here tomorrow on the occasion of General Pershing's inspection of the Southern department, Capt. Field E. Kindley, recognized as the premier American ace and commander of the 94th squadron, first pursuit group, was instantly killed at Kelly Field here yesterday when his plane fell 75 feet to the ground. The wreckage caught fire and the airman was badly burned. Captain Kindley was officially credited with bringing down 12 enemy planes during the war.

### RAIDS TO DISRUPT ORGANIZED LABOR FEDERATION ASSERTS

CHICAGO, ILL., Feb. 2.—"Terrorism" of Russia and old France was reflected in the recent "Red" raids, the Chicago Federation of Labor held today. The raids were undertaken to "disrupt organized labor," the federation asserted in a series of resolutions. The American Legion was ridiculed as a "modern expression of the K. K. Klan."

### AUSTRIAN SPY EXECUTED AT PARIS THIS MORNING

PARIS, Feb. 2.—(Havas.)—Lieut. Frank, an Austrian, who during the war was employed in a bank here and who reported to the Germans as to where shells of their long range gun fell, was executed today. Lieut. Frank was reported to have been executed, but at the last moment made revelations to the authorities and his execution was postponed forty-eight hours.

### PUBLIC PLACES ORDERED CLOSED AT FORT SMITH

FORTSMITH, ARK., Feb. 2.—Until the influenza epidemic abates all theaters, pool rooms and public gathering places must remain closed, according to an order issued late Saturday by the city board of health. Schools and churches are not affected by the order. Local traction officials were instructed not to permit crowding of cars, limiting the number of passengers to the seating capacity. A total of 520 cases have been reported in the city. At Fayetteville a similar order was put into effect by churches and schools were not exempted. Forty-four cases have been reported there.

## HINES IS EXPECTED TO ANSWER DEMANDS OF RAILROAD WORKERS

WASHINGTON, Feb. 2.—An answer to the wage demand of the two million railroad employes presented last July will be given tomorrow by Director General Hines at a conference with officers of the brotherhood and other railroad unions. There was no intimation as to what the government's attitude would be, but it was said today that the answer would be "definite and final."

This conference probably will be the last on this subject during the period of government control, which ends March 1. Decision on the demands of the workers has been deferred pending the outcome of the officials' efforts to lower the cost of living.

Officials would not venture an opinion whether Mr. Hines would refuse to negotiate further or whether the final statement means that the government had declined to meet the wage demands.

### OKLAHOMANS TO MAKE APPLICATION TODAY FOR FEDERAL RECEIVERSHIP

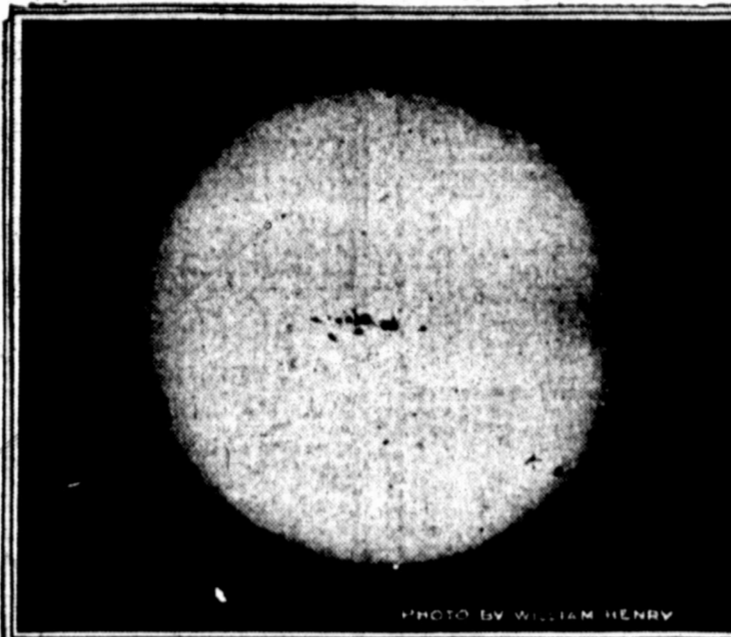

Special to The Times. FREDERICK, OKLA., Feb. 2.—Probabilities of armed conflict in the Red river district fell to zero when A. P. Marsh, receiver for the Burk-Divide properties, announced last night that no attempt would be made to wrest the properties from the Oklahomans now holding them for the Texas receiver. Mr. Marsh left for Oklahoma City to make application today for a restraining order from the federal court in Oklahoma.

Due primarily to his suggestions Governor Robertson decided not to take military action to recover property for Oklahoma, believing a pacific attitude would prevent a prolonged interstate feud and also keep the Oklahoma claimants in good standing with the federal court. Mr. Marsh said that Attorney General H. P. Freeling shortly will go to Washington and file a suit in the supreme court that likely will result in the appointment of a federal receiver for both the Burk-Divide and the Burk-Divide properties.

### INTERSTATE OPEN SHOP ASSOCIATION IS BEING PLANNED

AUSTIN, TEXAS, Feb. 2.—Preliminary plans for the organization of an interstate open shop association to embrace Texas, Oklahoma, Arkansas, Louisiana and New Mexico were formed at a meeting of open shop representatives from fifteen Texas cities in San Antonio, according to a statement of Gillespie Stacy, secretary of the Austin organization, which was quoted in a local paper today. Mr. Stacy said that a committee to carry forward the work had been named. Members of the open shop associations pledge themselves not to accede to union demands for closed shops, and while they do not bar union labor, they also refuse to bar non-union labor from their works.

### GIANT SUN SPOT NOW VISIBLE TO EYE

It is very unusual to see a giant sunspot which is visible to the naked eye at the present time, as we are now in the minimum of the sunspot period. In a photograph just made such a spot shows on the centre of the sun's disc, and two smaller ones are just disappearing around the edge of the limb.

## INFLUENZA EPIDEMIC IN 1918 MADE DEATH RECORD THE HIGHEST

WASHINGTON, Feb. 2.—The death rate in the United States for 1918 was the highest on record, according to the census bureau's annual mortality statistics issued today which shows 1,471,367 deaths for the year representing a rate of 18 per cent for 1,000 population.

Of the total 477,467 or over 32 per cent, were due to influenza and pneumonia, 386,996 having occurred in the last four months of the year when an epidemic of these diseases prevailed.

The other principal causes of death were organic diseases of the heart, acute nephritis, Bright's disease, and cancer, which together were responsible for 394,391 deaths, or nearly 27 per cent of the total during the year.

### FEWER DEATHS OF INFLUENZA REPORTED FROM NEW YORK

NEW YORK, Feb. 2.—Influenza and pneumonia cases and deaths resulting from the epidemic in New York yesterday decreased in number according to the daily report of the health department.

There were 2,981 cases of influenza with 104 deaths, and 666 pneumonia cases, with 120 deaths reported. There were 904 cases of influenza than on Saturday and 146 fewer pneumonia cases. Deaths from the disease were 19 and 17 less, respectively. Figures for the 1920 epidemic continue smaller than for the corresponding period a year ago.

Grand total of cases and deaths for January shows: Influenza, 38,887—deaths, 772; pneumonia, 1,507—deaths, 1,952. Postponement of the threatened strike of apartment house, hotel and office building fireman and engineers until Wednesday will materially aid in the fight against the epidemic, health officials declare.

The Asiatic town of Malwatch, on the border of the territory, is a men only. Women are forbidden entrance there.

## U. S. DEPOSITORIES TO BE GREATLY REDUCED AS RESULT OF ORDER

WASHINGTON, Feb. 2.—Drastic reductions in the number of National banks designated as government depositories is being made by the treasury department with the result that less than 400 of the 1,321 such institutions holding federal funds on June 30, 1919, are expected to survive the pruning knife.

Changes in the government's financial situation, brought about by war's fiscal operations, it was said officially today, have made it necessary to abolish hundreds of the depositories and revise the plan for distribution of government monies among banks employed since prior to 1912.

While the treasury is cutting off the active accounts it is also reducing the balances carried by many other banks—in all in fact, where government transactions do not require the use of large sums.

"Specific appointment" it is said, will be the basis in the future for disposition of surplus funds. Officials explained that the new policy as to depositories would operate so that each bank will be able to realize equal returns on a basis of business done for the government.

Included in the list of national banks already struck off are 566 banks which had accounts of only \$1,000.

Practically half of the banks to be deprived of government balances already have been eliminated from the list of banks holding balances, thus, it was reported, from \$2,000,000 to \$27,000,000. Other banks will be taken off of the official list of depositories and other accounts will be reduced to a minimum.

It is expected, the new policy will be fully completed. Officials were reluctant today as to the geographical location of the depositories, cancelled.

The new policy of the treasury department does not contemplate disturbances of the present system of special depositories which has created an emergency measure during the war.

## DALLEY TELLS HOW NEWBERRY SPENT MONEY

### Declare by Lavish Use of Im-mense Fund Newberry Sought Senatorship.

### OPENING STATEMENT BY GOVERNMENT IN TRIAL

### Defendant Even Hired Democrat to Enter Race for Senatorial Nomination.

GRAND RAPIDS, MICH., Feb. 2.—The fraudulent election conspiracy which the government charges against United States Senator Newberry and his co-defendants, had its inception in New York, 1917, according to the opening statement by Frank C. Dalley, assistant attorney general, made to the jury in United States district court here today. He named Senator Newberry and Frederick Cody whom he described as "a legislative agent for large corporations, particularly the American Telephone and Telegraph company and the American Book company" as the men who "made the preliminary arrangements."

"They had determined to purchase the United States senatorship in Michigan for Mr. Newberry."

Mr. Dalley told the jury that the senator was then on "patriotic work" in New York City as a lieutenant commander in the navy, adding that the American Book company "was largely controlled by the Barnes family, to which Mr. Newberry was related by marriage."

Mr. Dalley said that Cody was commissioned to hire a manager for the campaign and that J. G. Hayden, Washington correspondent of the Detroit News, was offered \$100 a month but refused the position because "he did not want that kind of a job."

Mr. Dalley said solicitation of Hayden ceased suddenly after the latter had advised Mr. Newberry not to conduct a "barrel campaign."

Mr. Dalley then shifted the scene to Detroit where he said in February there was a conference of Michigan politicians known as "Cody men."

This conference, he said, selected Paul H. King, one of the defendants, as manager of the campaign.

"During the campaign," said Mr. Dalley, "Mr. King visited practically every county in Michigan. He employed many general agents and paid out \$100,000 of money."

The prosecutor then sketched the publicity campaign of the Newberry organization, charging that they sought advertising space in "every newspaper and magazine in the state."

He named several publications in which he said advertising appeared including Russian, Finnish, Italian and Hungarian newspapers and magazines published in the German language.

He then turned to the use of moving pictures, saying that Thomas R. Phillips of Detroit, one of the defendants, was sent to New York to negotiate for them.

"Phillips purchased about 1,000 feet of an old film showing a review of the United States navy, said Mr. Dalley. The subtitle was changed so as to make the pictures applicable to the propaganda for which they were intended. Mr. Phillips also employed a moving picture company to take 125 feet of new film."

"Fake Pictures Made. Mr. Newberry posed in various attitudes in the new film. He went to a bath house on dry land in New York park and stood on the bridge of the ship and turned slowly to face the audience while the camera caught his every movement."

"Next played that he was paying a visit of inspection to this battleship. To divert attention from the fact that the film was a Newberry advertisement and render it more misleading, the film terminated with an appeal for enlistments in the navy."

Mr. Dalley said the film was distributed in Michigan, advertised by Newberry agents posing as theatrical advance men, but that patrons of the moving picture houses over the state paid the regular price of admission to see the film.

The prosecutor read a telegram which he said was sent in September, 1918, to Col. Theodore Roosevelt at Oyster Bay, N. Y., in which Newberry agents posing as theatrical advance men, but that patrons of the moving picture houses over the state paid the regular price of admission to see the film.

## RENEWAL TREATY DEBATE NEXT WEEK ASSURED

### Republicans Join Democrats in Move to Bring Treaty Onto Floor

### SENATOR LODGE WILL MOVE TO SUSPEND RULES

### Massachusetts Senator Will Make Motion Monday Forstalling Democrats

WASHINGTON, Feb. 2.—Countering the Democratic move to take the peace treaty again in the senate, Republican leaders today gave notice that they would formally ask to bring the treaty up for debate next Monday, one day earlier than the Democrats had decided on.

The development was regarded as practically a foregone conclusion. In giving the notice in the senate, Senator Lodge, the Republican leader, said he would first ask unanimous consent to proceed to "consideration of the treaty with reservations."

"I trust," he added, "that unanimous consent, certainly will be given. In case it is not I shall make the necessary motion to suspend the rules."

The announcement apparently took the Democrats by surprise and the Republican leaders were asked to repeat it. Senator Ashurst, Democrat, Arizona, then asked "Why withhold it so long? Why not move to take it up tomorrow?"

In view of the matter consideration," replied Senator Lodge. "Many senators are absent and I desire to wait until they return."

In view of the notice given previously by Democratic leaders that they would move to take the treaty up Tuesday of next week, it was predicted that little if any action would develop from any quarter.

Democratic and Republican leaders are understood to be preparing reservations to offer as soon as the treaty again is before the senate. In some quarters it was predicted that many of the points at issue soon would be eliminated from the agreement on the basis of the work done by the informal bipartisan compromise committee. The possibility that open debate would facilitate agreement on Article 10 and the Monroe doctrine, however, was regarded by many of the senators as remote.

In the form proposed by Senator Lodge, the Republican leader, a three-fourths majority but the general prediction was that more than that number would support it.

Not only those who favor ratification in some form, but some of the treaty's more conservative foes are ready to reopen the debate.

Should Senator Lodge's motion fail, however, the motion of the Democratic leaders to suspend the rules in such form that only a majority would be necessary to pass it, the party leaders say. The Democrats claim that no suspension of the rules would be necessary to pass the treaty, and that position is expected to be upheld by Vice President Marshall.

On appeal from his decision a majority only would be needed to sustain him.

### BRITISH COMMENTS ON LORD GREY'S LETTER

LONDON, Feb. 2.—"Every good Briton will respond to the reasoned appeal of 'Viscount Grey's letter on British-American relations,' the Westminster Gazette today believed.

The Grey's letter has aroused the greatest interest throughout England and it comes with the arresting force of a new sound. The letter, says the Loyal Englishman, the newspaper says, will exercise "patience and forbearance" and in "Word and deed abstain from an act of political comment on the American side."

The Evening Standard, applauding Grey's efforts to help Britons understand the American position toward the League of Nations, says that the letter will do much to clear the atmosphere. The Times believed, all Europe rejoices at the confidence with which Grey regards America's eventual accession to the League of Nations, in the opinion of the Globe, Grey's letter generally was regarded as a "bold but justifiable" effort to counteract the recrudescence of anti-American spirit in Great Britain.

The letter of Secretary Glass, head of the American treasury, which brought the situation to a head, where many observers believed, the Grey statement was considered necessary to prevent further agitation against the United States.

### AMERICAN AVIATORS WELL TREATED BY MEXICANS

LAREDO, TEXAS, Feb. 2.—Lieutenants E. F. Davis and G. E. Grimes, American aviators, who were returned from Mexico yesterday after release by Mexican authorities, said today that they had been given every attention by the people of Guerrero, Mexico, near which they were forced to land last Wednesday when the gasoline supply failed. At no time were they under guard or in confinement, they said. It is expected their plane will be brought to Laredo in a day or two, when the aviators will fly back to their station at McAllen, Texas.

### SUPREME COURT REFUSES TO REVIEW LAUGHTER'S CASE

WASHINGTON, Feb. 2.—The supreme court today refused to review the case of Lucian C. Laughter, thereby by its effect allowing to stand his conviction at Fort Worth, Tex., upon charges of transporting whiskey from Louisiana into the military zone surrounding Camp Bowie. He was sentenced to 15 months imprisonment.

## HOUSTON SHARES VIEWS OF GLASS ON EUROPEAN LOANS

### U. S. CHAMBER OF COMMERCE TO MAKE KNOWN ATTITUDE

### WASHINGTON, Feb. 2.—Attitude of the United States chamber of commerce toward the government's new policy of "no more loans for Europe" is expected to be made plain within a few days.

Homer L. Ferguson, president of the chamber, was due here today, and it was believed after a conference with other heads of the organization his attitude would be set forth by him, probably in a letter to the treasury department.

Carter Glass, retiring secretary of the treasury, recently wrote Ferguson expressing opposition to the international conference of the United States business men which the chamber and the treasury had been asked to arrange.

Glass took the ground such a conference would raise false hopes in Europe that the United States would make more loans. The chamber, it is predicted, will agree with this and decline to have anything to do with the project.

The idea of such a conference was put forward by a meeting of bankers and business men in New York after financiers of foreign countries had started the movement, and had asked their governments to issue calls for the international congress.

The British attitude towards further loans from America was made clear in a letter to Glass from R. C. Lynd, secretary of the British embassy, made public today. Lynd said that British sought no more money in this country for itself, but would like the financial co-operation of the United States in relief work in the suffering parts of Europe.

The House today was expected to take up the measure authorizing an appropriation of \$2,000,000 for starvation relief work in Armenia, Austria and Poland. Although this sum is a reduction of \$100,000,000 from the amount originally asked, strong opposition to it is expected to be manifested by members who favor a complete shutting down on the flow of American money and food out of the country.

### GILES MAN SHOTS SELF FOLLOWING DEATH OF WIFE

FORT WORTH, TEXAS, Feb. 2.—Frank E. Johnson, whose wife died Sunday at Giles in the Panhandle, shot himself this morning and died instantly. He leaves four small children.

### PORT WORTH POOL HALLS TO BE CLOSED AT ONCE

FORT WORTH, TEXAS, Feb. 2.—Half of Fort Worth's pool and billiard halls remain open after Judge Willson upheld the constitutionality of the Texas anti-pool hall law. They will be closed at once, it was announced this morning, following the sustaining of the Fort Worth injunction by the United States supreme court.

### POLICEMAN BETS GUN IN CRAP GAME, LOSES GUN AND LATER JOB

OKLAHOMA CITY, OKLA., Feb. 2.—"Bet cha my gun. 'Shoo!" "Shoo!" "Craps" in chorus from ring of 20 "Craps" it was, second chorus. And the Oklahoma City mounted policeman wanted to shoot his shoes, so they say. Or hat—he raps. Nor maybe his pea-green uniform with the pretty Sam Brown belt. A former mounted policeman is looking for another job after he "shot" his gun in a "crap" game and rolled "Craps."

T. J. Holloway was relieved of his commission Sunday and a new copper was hired in his place.

### REPORTED DEMAND WILL BE MET BY BETHMANN-HOLWEG

PARIS, Feb. 1.—(Havas.)—In addition to already published lists of those who will be demanded from Germany by the Allies on charges of violations of the laws of war, the Matin says Belgium will ask Dr. Theobald von Bethmann-Hollweg, former imperial chancellor of Germany, while England will demand Admiral von Tirpitz, former German secretary of marine, and Admiral Reinhardt von Scheer, former chief of the German admiralty staff and commander of the German fleet in the battle of Jutland, and Prince Oscar of Prussia, fifth son of former Emperor William.

### TRAGEDY FOLLOWS REFUSAL TO RECOGNIZE MARRIAGE

KANSAS CITY, KAN., Feb. 2.—Glenn Summerwell, 17, and Margaret Morris, 16, ran away Saturday and were married.

When they broke the news that night, her parents ordered the boy to his home, refusing to allow the girl bride to accompany him. Next morning the young husband was told Margaret would be sent to school and proceedings were started to annul the marriage.

Granted permission for a final word with his bride, Summerwell shot her and himself. Their condition is critical.

Summerwell was wounded twice during service over-seas.

### HAVE YOU BEEN ENUMERATED?

The census enumerators have completed their canvass in all districts in the City of Wichita Falls. There are several reasons why they have missed enumerating a number of persons. Overcrowded housing conditions, the great influx of new citizens, the fact that many are away from their homes in connection with the oil business and other factors have made it very difficult to obtain a full enumeration in Wichita Falls.

With a full count of her citizens Wichita Falls would make a remarkable showing in the 1920 census. It is important in many ways that Wichita Falls have credit for every citizen here. If you have not been enumerated it is a duty that you owe your country and to your city. Use this year's name is counted. It is urged, therefore, if for any reason you have been missed by the enumerators that you call at the census office in the basement of the Kemp and Kell building or that you fill out the coupon on this page and mail as directed.

### HAVE YOU BEEN ENUMERATED?

If not, or if you have any doubt, come to census office in basement of Kemp & Kell building, or fill out this coupon and mail to: Miss Claribel Moore, Assistant Supervisor of Census, Census Office, Wichita Falls.

On January 1, 1920, I was living at address below, but to the best of my knowledge I have not been enumerated there or anywhere else.

### TWO DENTON MEN ASPHYXIATED BY GAS STOVE HERE

Bodies Found by Mrs. Milliron When She Entered Room to Make Bed

### MEN LAST SEEN ALIVE LATE SATURDAY NIGHT

When Bodies Found Flames Were Shooting Out Over Front of Small Stove

The bodies of Sam and Jim Jones, two brothers, were found in a room at 208 Sixth street, late Sunday afternoon. One of the bodies was lying partially dressed upon the floor near the gas stove while the body of the other brother completely dressed was lying upon the bed. The flames were shooting over the front of the gas stove and the room was intensely heated. Justice C. J. Arrington who held an inquest said that death was undoubtedly due to gas asphyxiation. Investigations of the deaths, however, is being continued today by court officials.

The two men, both of whom are between twenty-one and twenty-five years of age, came to Wichita Falls a few days ago from Denton where their parents reside. They came here to engage in the oil business and it is understood had just recently secured valuable leases in Tillman county, Okla. A man said to be engaged in the leasing business in Wichita Falls was seen to enter the apartment about midnight Saturday in company with the Jones brothers. He later left the apartment but the brothers were seen no more until their bodies were found Sunday afternoon.

The two bodies of the brothers were discovered late Sunday by Mrs. Charles Milliron, owner of the house, when she entered the room to make the beds for the rooms. An army discharge found upon the person of one brother shows that he recently left the service and a checkbook also found in the room showed that the brothers had money deposited in a local bank.

### WICHITA COUNTY COTTON GINNINGS 4458 BALES

Wichita county's cotton crop for 1919, ginned up to January 16, 1920, was 4,458 bales, compared with 1,933 bales ginned up to the same time last year on the 1918 crop, according to the figures announced by District Crop Reporter O. P. Maricle. Archer county shows a similar large increase for last year, the total up to January 16, 1920 being 2,887 bales, compared with 923 for the same period the previous year.

### SWISS INDUSTRY THREATENED BY EXCHANGE SITUATION

BERNE, Feb. 2.—Immediate government intervention is necessary to save the Swiss clock and watch industry from "inevitable catastrophe" arising from the unfavorable exchange situation, according to addresses made before the Swiss commerce and industry congress which closed its sessions here Saturday. All lines of trade are adversely affected by the present conditions.

Chickens and gardens will not mix. Sell your chickens to us. White Produce Co., 103 Pecan St. 245-7c

### LORD GREY'S LETTER EXPECTED TO HASTEN TREATY RATIFICATION

WASHINGTON, Feb. 2.—A letter from Viscount Grey, former British ambassador here, to the London Times in which he said American reservations to the Peace treaty were justified from an American point of view it was believed here today, would hasten ratification. Senators who favor reservations held that Grey's letter took the ground out from under those members who were against any reservations, whatever, and who have said that the Allies would not accept them. It was pointed out that Britain, the principal associate of the United States in the war, expressed through Grey a willingness to accept many of these reservations which have been proposed. His attitude, and the fact that he even went so far as to argue in favor of certain American reservations, is expected to strengthen the stand of senators who favor quick ratifications. It is understood that the stand of senators who favor quick ratification on a compromise basis, even if practically all of the Lodge reservations have been accepted, is being watched closely for some sign of what the White House thinks about the British attitude. President Wilson's stand all along has been that he could not accept changes in the treaty of the League of Nations covenant because he had signed the original documents thus promising the allies that they would be accepted by the United States.

Grey's letter, it was believed, gives the president an excellent opportunity to change this position, if he so desires. In fact, some senators thought Grey had almost invited him to do so. The former ambassador's letter represents the official policy of Great Britain toward American ratification. It is understood here. While in Washington he consulted with many senators, and "sized up" the situation at first hand, went home and reported his government and shortly thereafter wrote his letter to the London Times.

### NINE-YEAR-OLD BOY ALONE FOUGHT LOSING FIGHT IN INFLUENZA STRICKEN HOME

LEE SUMMIT, MO., Feb. 2.—Medical science today shuddered at the burden borne last week by a 9-year-old boy, Homer Rodel, who died after the influenza epidemic had claimed his mother, father and 7-year-old brother, leaving four brothers and sisters orphans.

Ten days ago Albert Rodel, the father, was stricken, next day the mother, within 48 hours Morris, 12; Howard, 14; Chester, 7; Ardith, 10, all fell victims of the mysterious malady.

Only Homer remained to care for the family. He cooked and ministered to his patients as best he could for two days. Then his feet became weary, his voice raspy.

On Monday, assisted by Homer, his father dressed, staggered out and hitched a horse and by superhuman efforts drove here to call a doctor. When the overworked country physician arrived he found Rodel in the kitchen on his feet. "Don't stop here," he whispered. "Go in that room. I haven't heard a sound in there for two hours."

The doctor found Mrs. Rodel dead. Beside her was Chester and Carol, unconscious. Upstairs he found Homer, who insisted he was all right and "go down and help mamma."

Chester died next morning. The father died on Wednesday and Homer, weakened by his efforts to help all the others, died Thursday. Nurses are now trying to have the lives of the four remaining. They say possibly Carol will recover.

### GEN. PERSHING WILL BE AT SAN ANTONIO ON INSPECTION TRIP

SAN ANTONIO, TEX., Feb. 2.—Nearly three years from the time he left here to take command of the American Expeditionary Force in France, General John J. Pershing will return to San Antonio Tuesday for a busy two-days' visit.

Inspection of army posts and camps, dinners and public addresses are included in the formidable program mapped out for "Black Jack" in conferences between the local reception committee and Major General Joseph T. Dickman, commander of the Southern Department.

General Pershing will be met at the station upon his arrival by a reception committee, including representatives of the civic organizations of San Antonio and the city and county officials, who will join General Dickman and a staff of officers. By the express wish of the general, there will be no military escort.

The welcoming party and General Pershing will ride motor cars from the Southern Pacific station, which General Pershing's party expects to reach by 10:30 o'clock Tuesday morning. The train will be given entirety by Major Sam C. Bell.

After a luncheon with personal friends in the Menger Hotel, General Pershing and his staff will begin their official duties, inspecting Kelly Field, Camp Normyle and Brooks Tuesday afternoon. The first day of the visit will be given entirely to the army, General Pershing being the guest of honor at a reception and dance that evening in the post "Gym" following dinner in the home of Major General Dickman. By 9 o'clock Wednesday morning he will be at work again, reviewing troops at Fort Sam Houston and then going on to Camp Travis to review the Second Division and inspect the camp.

At noon he will be the guest of the Rotary club, of which he is an honorary member, at a luncheon. Following the luncheon General Pershing will continue his tour of inspection, visiting Camp Stanley, the zone supply offices and any other point his personal plans may provide for.

At 7:15 Wednesday morning he will address the American Legion.

### INSPECT ELLINGTON FIELD ON TUESDAY

HOUSTON, TEX., Feb. 2.—General J. J. Pershing will be presented with the keys to the city on his arrival here Thursday morning, February 5, immediately upon his arrival the general and his staff will be conducted to Ellington Field on a tour of inspection. He will return to the city in time to be the honor guest of the Rotary Club at luncheon. At 3:30 the general will be taken on a tour of the city, and at 4:30 will be presented to the city by the American Legion in the city auditorium.

Immediately following his presentation, the general and his staff will be given a dinner by the city, to be followed by a reception and dance in his honor.

General Pershing will leave Houston at 11:30 p. m. for Dallas.

Cracked Eggs at 35c per dozen. White Produce Co., 102 Pecan St. 245-7c

### AUTO OWNERS WILL HAVE 15 MORE DAYS TO SECURE LICENSE

Automobile owners of this county will be allowed 15 more days to obtain their 1920 licenses, according to Deputy Police Commissioner Robert Goddell. The reason for this action is that the county tax collector has been so busy with other collections there are many automobile owners who have not been able to secure their registration. The 15 days will be from the 15th of February. After that the police will be given strict orders to arrest any motorist who has not a 1920 number.

### NUMBER OF COTTON SPINDLES IN SOUTH INCREASES 2,000,000

WASHINGTON, Feb. 2.—Although the 1919 crop was the fourth successive "small" cotton crop produced both in this country and throughout the world, "carry over" at the end of the season in the United States was the largest ever recorded, as shown by the statistics in the census bureau's annual report on cotton production and distribution for the session of 1918-1919, just issued by Sam L. Rogers, director, the world's total for the four crops, not including linters in the United States, was 70,833,000 equivalent 500 pound net weight bales compared with 37,355,000 bales for the preceding four years.

Two factors were mainly responsible for this condition, the report says. The actual quantity of cotton consumed in Europe was very much below normal, although there had never been such scarcity of cotton goods since the period immediately following the Civil war, and transportation facilities for exporting cotton had not yet become normal. Another factor was the inability on the part of Europe to purchase cotton freely because of unstable conditions in some of the countries and the extraordinary high rates of exchange.

Consumption of cotton in the United States during the cotton year which ended July 31, 1919, was the smallest for any year since 1915. Compared with 1918 it showed a reduction of nearly a million and a half bales, the quantity, including linters, having been 6,223,837 bales. The reduction was about 700,000 bales on that account. Lint cotton consumption was 5,765,936 bales and linters 467,901 bales.

The rapidly increasing manufacture of cotton in the cotton growing states is shown in an increase of nearly 2,000,000 spindles in that section since 1914, the total at the end of the 1919 cotton year being 14,934,311. Massachusetts leads in the number of spindles with 11,830,957. South Carolina comes second with 4,868,765. Rhode Island is fourth with 2,678,180 and Georgia fifth with 2,518,052.

In consumption of cotton Massachusetts also leads, with 1,324,815 bales.

### INDICTMENT AGAINST BLACKIE HARRIS WAS QUASHED MONDAY

The trial of Blackie Harris, charged by indictment with robbery by the arms, was continued Monday due to the quashing of the indictment by Judge Weidon. Attorneys for the defense moved to quash the indictment due to the fact that several important words were omitted from the bill of indictment. The motion was immediately granted by Judge Weidon. An amended indictment will be returned when the grand jury convenes on January 16. District Attorney Fletcher Jones said.

### SPORTS

#### DELANEY-MITCHELL BOUT AT ST. PAUL FRIDAY NIGHT

ST. PAUL, MINN., Feb. 2.—Jack Reddy has matched Cal Delaney of Cleveland and Finley Mitchell of Milwaukee for ten rounds here Friday night. Origin / Mitchell was to fight Clonie Tait here but Delaney defeated Tait at Minneapolis last week.

#### OTTO WALLACE TO MEET AD EDWARDS AT FORT WORTH

MILWAUKEE, WIS., Feb. 2.—Otto Wallace has been matched to box 15 rounds with Al Edwards at Fort Worth, Texas, February 1. The men are lightweight.

#### MEETING TO ARRANGE WIFE-MASON BOUT

TOLEDO, O., Feb. 2.—Ad Thacher, promoter of the world champion flyweight bout between Jimmy Wilde, the British title holder, and Frankie Mason, American claimant, will go to Milwaukee tomorrow to confer with Dave Hughes, Wilde's manager, and to complete arrangements for staging the event here some time the latter part of this month.

#### FORT WORTH, TEX., Feb. 2.—Texas Christian university of Fort Worth is negotiating with W. L. Driver for athletic director. It was said here today. Driver at present is director at Texas A. & M. but his contract expires June 1st and a successor has been selected. Ted Hickey is now athletic director at T. C. U. but will not return next year, it is stated.

#### ALBERTA WELL REPORTED ON SAND

They have bored into 16 feet very rich oil sand found at about same depth as K. M. A. discovery well. We own and control two thousand acres choice leases between the K. M. A. well and Archer City, ranging in price from twenty-five dollars per acre to fifteen hundred dollars per acre. This acreage is surrounded by drilling wells with some of them nearly deep enough to find the sand. There will be a large advance in prices this week so get in quick, but be sure to see us before you buy.

M'ADAMS AND LUSE, 515 Seventh street, next door St. James Hotel

### ARCHER COUNTY LEASES

between K. M. A. and Archer City, 7 or 8 miles northwest Archer City drilling wells in all directions. We are subdividing one thousand acres into forties, eighties and one hundred sixty acre tracts; will sell for next few days at twenty-five to thirty dollars per acre. This tract is on structure and offsetting drilling well. Buy ahead of the play and make large profits on small investment. Remember the big oil companies own lease on over half of the land in Archer county and believe the large production will be found. See us at once.

**McADMS AND LUSE**

### CIVIC LEAGUE WILL ORGANIZE FOR WORK TUESDAY AFTERNOON

At tomorrow's meeting of the Civic League, announced for 3 o'clock at the Kemp Public Library, it will be demonstrated that the Civic League is not behind the men's organizations in preparing for the Greater Wichita Falls, according to the organization's president, who urged that all members of the league be present at this important meeting.

"We have divided the league into departments for the work of the coming year and at this meeting Tuesday the department chairmen will make reports of their plans for the ratification of the organization," Mrs. Smock explains. "It is imperative that all chairmen and all department members be present at this time, as we expect to complete the organization of the forces for the work of 1920. We have a membership composed of splendid workers, and enthusiastic ones as well, and there have been many splendid plans advanced for work for the coming year. There is every prospect of the women accomplishing many really worth while things to make Wichita Falls a better city to live in, and it is this that we will discuss at the meeting tomorrow. Every woman who is interested in making this city worth while from the homemaker's standpoint, whether a member of the Civic League or not, will do well to be present at the business meeting Tuesday afternoon."

### 14-YEAR-OLD BOY WANTS WORK TO HELP HIS MOTHER

Does anyone have a job for an energetic youngster, 14 years old, who just has to make some money to help out his widowed mother, who is struggling? This is Willie Cason, and anyone who can help him to help himself is asked to phone Miss Kerr, the assistant secretary of the Chamber of Commerce, who has taken an interest in the case, and will receive any offers of work that may be made.

There are two sisters and a baby brother in the family of Willie Cason, who is now the head. Any work will be appreciated.

### FEBRUARY 15 ANTI-SALOON LEAGUE DAY THIS PLACE

February 15 will be Anti-Saloon League Day in Wichita Falls, the Pastor's Association making plans for the observance at the regular meeting held Monday morning. Dr. Banks of Houston, noted lecturer, will be in Wichita Falls at that time and will speak at a big meeting, to be held at 3 o'clock in the afternoon at the First M. E. Church, South, corner of Tenth and Lamar. At this time the annual contributions for the Anti-Saloon League cause will be taken up.

Outside these plans there was nothing reported from the meeting of the Association other than the usual routine.

### AMARILLO AVIATOR AND PASSENGER INJURED

PLAINVIEW, TEXAS, Feb. 2.—W. Hines, an aviator from Amarillo, Texas, and C. D. Boyd, a traveling salesman from Plainview, were probably mortally injured when the airplane in which they were flying fell eight hundred feet in the eastern part of Plainview late yesterday. Two airplanes from Amarillo were here taking up passengers on flights over the town.

### 25 ARRESTS MADE BY DEPUTY CONSTABLE BELCHER

Although Spiller is sick his side kick Deputy Constable Belcher was very much on the job Saturday night. A thorough canvass of "No Man's Land" brought out 25 arrests for gaming, vagrancy and disturbing the peace, which netted the justice court quite a neat sum of money in cash fines.

### HIGH SCHOOL CAFETERIA HAS BEEN REOPENED

The cafeteria at the high school is again open after being closed during the week of examinations. This feature has proved to be a great help to the students especially those who are accustomed to bringing a cold lunch to a hot lunch at surprisingly low prices school and the treat of being furnished a hot lunch at surprisingly low prices is being received very enthusiastically. As conditions warrant it is planned to add several more kinds of sandwiches and the like to the menu.

Members of Grove 1447 are requested to meet at the house Tuesday, Feb. 2 at 2 o'clock to attend the funeral of Sovereign Elliott. Mrs. W. E. Wallace, Guardian. Itc.

Notice to Creditors of the Gibbins Co. You are hereby notified that H. C. Patterson, 701 Union National Bank building, Houston, Texas, has been appointed receiver of the Gibbins Company. All persons having claims against this company of any description are requested to present claims to receiver. 246-71p

### SALM AND NOT HARVEY WILL ATTEND MEETING OF MINORS IN CHICAGO

Walter Salm has been "fired" as manager of the Wichita Falls "Spudgers"—at least, that's the story that a Chicago news bureau is trying to circulate, although Walter and his associates in the baseball association here are laughing themselves silly over the wild yarn.

"R. O. Harvey, Texas oil magnate," thus begins the news bureau's story received by the sporting editor of The Times, "who is heavily interested in the Wichita Falls baseball club, Texas League, will attend the meeting of the minor leagues in Chicago, February 9. Frank Nevin, of the Detroit Tigers, has promised Harvey all of Detroit's surplus players if Jack Hartford, scout for Nevin, is made manager of the Wichita Falls C'ab. Hartford is an old infielder from the Three Eye and Western leagues, and his last active participation in baseball was as second baseman with the Chicago Federal league team."

Isn't that sweet? It's a waste of time and expensive print paper to deny the story. Walter Cline is a fixture here; he is one of the shrewdest minor league managers in baseball today, and stands head and shoulders above Jack Hartford in ability. Also the Spudgers are not in need of any of Detroit's surplus players."

### CHANGES IN CLASS ROOMS AT OPENING NEW TERM

With the start of the new term of school 116 students of the high eighth grade, corresponding to the second term Freshman class in the high school of the Junior High school, were transferred Monday morning to the High School building. In order to care for this increase every method of economizing on space was used, including the turning of the manual training shop and the public speaking room into class rooms.

Other changes that have been made at the opening of the new term are the removal of the students of the Junior High school to the old Austin school building and the opening of the new structure just completed to the children of the ward school grades. Twelve rooms, including a manual training room and a room for the domestic art department are available in the old Austin school building. All of these rooms have been remodeled and new modern equipment installed to make it one of the most up-to-date schools in the city.

### SHOW PATRONS WILL BE ASKED IF THEY HAVE BEEN ENUMERATED

As a final attempt to guarantee a full census count in Wichita Falls, preparations were being made today at station enumerators in front of motion picture theater exits to ask every man and woman leaving the theater whether he or she has filed the necessary return.

Hundreds of enumerations have been received in person or by telephone by the census bureau, and a very careful effort is being made to insure that no one in the city is overlooked. Special attention is now being given to the rural districts, and with improved maps and equipment installed to make it one of the most up-to-date schools in the city.

### ROAD CONDITIONS.

WICHITA FALLS, TEX., Feb. 2.—General remarks: All unsurfaced highways are improving rapidly.

Fort Worth to: (by dirt, or unsurfaced roads.)

Brownwood: Passable with light cars; rough, and many chugholes.

Burkburnett: Passable; cut up badly; heavy about Decatur.

Ranger: All roads bad and given to mudholes. Bridge repairing near Millsap.

Southward points to Waco: Scarcely passable, rough, rutted and deep chugholes.

Northward points: Scarcely passable in through journeys; rough, boggy in many places.

Wichita Falls: Passable, roads still bad about Jackshoro.

Some precipitation is probable over the above routes in the next 24 hours.

### BLISS NATIVE HERBS TABLETS

Your stomach is in such a condition that most of the food you eat, especially that which you like the most, causes heartburn, bloating, and the food to rise in the mouth. This has been caused by constipation. Bliss native herbs tablets not only cure constipation, but they cure indigestion, making the stomach function properly. Eating becomes a pleasure and you eat whatever you wish. Eddie Adkins, East Lynn, Va., writes: "For three years my stomach was in dreadful shape, and could not retain food. But your Bliss Native Herbs Tablets soon corrected this trouble. Each box contains a guarantee coupon, and is sealed with a blue seal bearing signature of Alonzo G. Bliss. For sale by all leading druggists in boxes containing 200 doses for \$1.00 and a smaller size for 50c. Made by A. O. Bliss Co., Washington, D. C.

Price 25c and 50c per bottle.

### H. F. WELDON TAKES BENCH AS JUDGE IN THIRTIETH DISTRICT

H. F. Weldon, recently appointed judge of the 30th Judicial district succeeding Judge William N. Bonner, took oath of office Monday. He immediately empaneled a regular jury summoned for duty during the week and the criminal docket will be taken up at 9 o'clock Tuesday morning. All cases were continued until Tuesday morning, due to absence of five of the regular jurors. Thirty-five talsmen were summoned and it is believed that a full panel will be present on Tuesday.

It was announced that practically all jurors who were absent were either sick themselves or were detained at home due to sickness in their families. The special venire called for the Blackie Harris case was dismissed until further notice.

### SEVERAL NEW TEACHERS APPOINTED FOR HIGH SCHOOL

Several additions and changes in the personnel of the teaching force of the high school have been announced by Superintendent Lee Clark. The new teachers are: Miss Rogers, who resigned from the public schools at Victoria to accept a position with the English department of the high school; Mrs. Anna Witherspoon, from the schools at Corpus Christi, who will be connected with the English department, and Miss Nell Dashner, who has been teaching in Sweetwater, who will join the teaching force of either the English or the history departments. Two of these teachers are additions and one is to take the place of Miss Minnie Price Mizell, resigned.

### HARRISON AND CLINE TO LEAVE FOR PORTLAND IN INTEREST SHRINERS

Hubert M. Harrison, secretary of the Chamber of Commerce, is expected to leave Wichita Falls with W. D. Cline on Wednesday of this week, to spend three weeks in Portland, Ore., in the interests of the Wichita Falls Shrine club.

Local Shriners are conducting a vigorous campaign to obtain the establishment of a temple in Wichita Falls. The matter will come before the Imperial Shrine council in Portland next July, and a delegation of several hundred Shriners from this city will attend the convention. Cline and Harrison will constitute the "advance guard" with authority to make arrangements for the local delegation.

### MRS. HARVEY HARRIS DIES FROM INFLUENZA

Double pneumonia, developing after an illness of only three days, with influenza, resulted in the death of Mrs. Harvey Harris Sunday, February 1, at her home, 1714 Eleventh street. Funeral services were held Monday afternoon from the First Presbyterian church at 3 o'clock, Dr. N. F. Grafton officiating.

Both Judge and Mrs. Harris had been suffering from what was thought to be a slight attack of influenza the latter part of the week. Mrs. Harris developed pneumonia in both lungs Sunday morning and grew rapidly worse, though until that time her condition had not been regarded as serious. The news of her death came as a grievous shock to her friends, many of whom did not even know of her illness.

Mrs. Harris is survived by her husband and by her mother and sister Mrs. Bivings and Miss Ione Bivings. She was married to Judge Harris in Waxahachie about four years ago, making her home in Wichita Falls since that time. Judge Harris has been active in club circles, and in church work and her loss will be keenly felt.

### CHARLES SMOOT PRESIDES AS JUDGE OF COUNTY COURT

Charles Smoot, local attorney, acted as county judge Monday while Judge J. P. Jones presided at the meeting of the county commissioners. The selection was made by the Wichita Falls county bar association.

### J. P. Jones presided at the meeting of the county commissioners. The selection was made by the Wichita Falls county bar association.

P. P. Langford, active vice president of the City National Bank, is confined to his home with a light attack of influenza.

## ADITORIAL

Buy intelligently. The country's and world's supply of commodities—our foods, clothing, home things and all others needed for health and comfort—must be enormously multiplied before prices strike the level of equalization. Under-production puts its price burden upon everyone. Until the time of national contentment, at least, the purchase of commodities should be made with extra care and forethought. You cannot master high prices by the purchase of inferior goods. Buy the best—the kind that lasts—and the little more it costs will give a great deal more in service. Cheap goods must be renewed too often. Isn't it more economical to pay \$1.25 for a thing that may outwear two of a cheaper grade at 98c? Buy at a store that guarantees its goods—that refunds the money for anything failing in satisfaction. Then no matter what you pay, even though prices at first seem high, you will get maximum value for sure. No one can really afford to take chances these days.

## Walk-Over Shoes

We are ready for business with plenty of good looking Walk-Overs. Our line is very comprehensive and extensive. The featuring of style, quality and fit are foundation points in our policy. You will receive unexcelled fitting and the best of store service.

FOR MEN

FOR WOMEN

Men's styles are complete and represent Walk-Overs, the best of today. Prices range from \$11.00 to \$18.00. Boots for service in the field are here for your choosing.

Spring effects and boots, are in our very complete stock. We carry history to match the shoes. These shoes are reasonably priced and will be fitted properly.

MAYOR UNFAVORABLE TO GRANTING DEMAND OF LONE STAR GAS CO.

Negotiations on the part of the natural gas companies for an increase in rates in Wichita Falls at this time are absolutely useless, stated Mayor Marlow Monday morning when questioned in connection with the demand for more money recently addressed to the North Texas Gas Company by the Lone Star Gas Company, the producing company.

"I think they are getting more money here now than the service they are giving is worth," the mayor continued. "They are at least getting all it is worth. As to their not guaranteeing better service with an advance in their rates, that does not cut any figure as far as I am concerned. I don't consider their guarantee worth anything as it is."

"Should the matter be presented to the city council, as it has been advised it would be, I don't think we would need the week they have allowed for an answer in other places. I think they could get an emphatic 'no' in Wichita Falls in a good many days less than that."

Company Denies Obligation. The Lone Star Gas Company is under no moral obligation to supply the cities of North Texas with any more gas than its present wells supply, nor more than its present compressors and pipe lines can transmit, it was stated by L. B. Denning, president of the Lone Star Gas Company, in a communication to Frank W. Wescroft, mayor of Dallas, in connection with the opening gun in the fight which the North Texas cities supplied with natural gas by this company are planning as a result of the recent decision for advance rates made by the Lone Star company to its distributing companies.

"We are neither morally nor legally bound to explore for and develop new fields and resources of supply, or to construct additional lines, under our contracts with the cities we serve," the communication by Mr. Denning stated.

"You lay much stress upon the duty of Lone Star Gas Company. It is possible we do not have the same conditions as you have in other places. In the first place, we do not believe we are a public service corporation in the sense that term is generally used, any more than is the baker, the tailor, the shoemaker, the farmer, the coal miner or any other person engaged in producing and marketing a commodity essential to the sustenance of the public. Our obligations and duty are to our shareholders and to the distributor company and you are already familiar with the same communication Mr. Denning refused access to the books of the Lone Star Gas Company, demanded by Mayor Wescroft, in order that the activities of the company and the justice for their demand for higher rates might be determined.

"We have frankly stated that we made money," Mr. Denning says. "I have frankly stated that it is my intention to keep making money in the future. An examination of our books will give no information whatsoever as to the cost of future developments of gas."

This reply was addressed to Mayor Wescroft following a statement by the Lone Star Gas Company to its distributing companies that they would in the future be called upon to pay a rate of 50 cents per thousand feet for the gas, the additional charge demanded by reason of the operation planned by the company to seek out new sources of supply in order that the cities now served by the company might have an adequate supply for the coming winter. In the same communication the company made it plain that even with the higher rates the Lone Star Gas company would not make any guarantee as to an adequate supply.

MORTUARY.

Leelle P. Clark, 40, who was employed by a local railroad as a blacksmith, died at his home, 118 Seventeenth street, Monday morning. The funeral will be held at the residence at 2 o'clock Tuesday afternoon. The Masons will have charge of the service.

Mrs. C. M. Elliot, 33, died a few hours after the birth of her baby and was followed by her infant Sunday night. Both of the deaths were due to pneumonia. She is survived by her husband, a local building contractor, and three children. The funeral will be held at the chapel of O. W. Hines, the undertaker, Tuesday afternoon, conducted by the Woodmen circle. The funeral will be attended by her father, J. N. Sasser, of Memphis, Tenn.

Mrs. M. L. Crow, 24, died at her home, 201 Cowling street, Sunday evening. The funeral was held at the Hines undertaking parlors Monday afternoon. Rev. J. Lam Keen of the First Christian church officiating. She is survived by a husband and a daughter 5 years old.

800 ACRES IN TILLMAN REPORTED SOLD FOR \$80,000. Sale of 800 acres of land in Section 11-3-16 for a consideration of \$80,000 is reported to have been made by the Ely Oil company to the Okemah Oil corporation of Ranger, The land is about nine miles east of Frederick, and joins the property of the West Texas Oil company, which was last week reported to have a test on an oil sand at 1,685 feet.

FEARED THAT MISSING MAN HAS DROWNED IN LAKE. OKLAHOMA CITY, OKLA., Feb. 2.—Fear that Lacey McIntyre, who disappeared from his home early Sunday following a nervous breakdown, came to his death by drowning in the old Country club lake was expressed by seaplayers today. Young McIntyre was clothed only in his underwear and a watch robe when he disappeared. Police and county officers have made a thorough search but to no avail.

Typhoid fever in New York city has declined from 21 deaths per 100,000 in 1919, the year of consolidation, to 2.3 in 1918, according to a review by Dr. Louis I. Harris, in the monthly bulletin of the department of health, New York city, for August, 1919.

The Iron Age estimates the automobile industry will require in 1920 about 1,300,000 tons of iron and steel for passenger cars, and the additional consumption for trucks and tractors probably will bring the total up to 1,500,000 tons.

Call Field News

The Call Field Club was formally organized Saturday night in the Community House, formerly the Officer's mess building. Formally organized does not truly express the methods used however as the only formal thing, about the meeting of the club was the election of officers; the spirit of the entire affair was one of good fellowship and common interest. Those interested began to arrive in family groups at about 9 o'clock and by 10:30 a large number of the residents of the field had gathered and were dancing and making merry in the hall.

The meeting was called to order by Chairman Lawrence Elkin. He announced that a sufficient number of membership fees had been collected to assure success and called for nominations for officers. Everyone was fully agreed that the tallest man on the field should make the best leader for the club and Mr. Fitzsimmons was unanimously elected. As the new president is a close relative of the famous 'Fighting Bob' Fitzsimmons it is felt that excellent order will be maintained at all times while he presides. The other officers, who were elected by common consent, were as follows: Vice President Mr. Sheldon; Secretary, Miss Maunders; Treasurer, Mrs. Fitzsimmons.

After the meeting the officers decided that the various committees with the exception of the special committee that would have charge of the Valentine Social would be chosen Tuesday evening. Mr. Elkins was chosen chairman of the Valentine committee and asked to choose as many helpers as he needed to make the affair the best that has yet been held on the field.

The first social effort of the new club will be that of giving free dancing lessons to the members. Tuesday night at 8 o'clock all those who care to learn the new steps or all those who cannot at present find room for their feet while dancing are asked to meet in the Community house and form classes. Such a rush of eager young people is expected that the chairman announces that classes would also be held Thursday nights if necessary.

The week-end shoot of the Call Field Gun Club was attended by over 100 shooters who, together with their relatives and friends made the shooting field look like a picnic grounds. By the help of a hand cart, furnished by Mr. Quinn and targets brought from town by Billy Loveland, four squads of crackshooters themselves all of the afternoon. If the truth were told though, it would be said that there was a great deal more atmosphere shattered than clay targets.

The unusual shooting conditions caused with the powerful and erratic shooting of one man trap made squads of sports very difficult indeed. A number of the experts from the Wichita Gun Club were on hand to show to the local boys how they all fell down so badly that it is doubtful whether or not the spectators were able to pick out the experts from the novices.

Although no turkey was offered as a prize, the Call Field men took pride in the fact that one of their number was high gun. If this happens again city gunners are sure to bring out their best and try for a clean up. As Ray Sheldon has been known to beat them on their own grounds however, the Call Fielderites will have to be shown.

The scores which follow are given with the handicaps added as several of the men refused to let their names appear under any other conditions:

- Ray ..... 21x25
- Nabb ..... 20x25
- Adams ..... 19x25
- Pope ..... 18x25
- Quinn ..... 17x25
- Kooken ..... 17x25
- Birmingham ..... 16x21
- Little ..... 16x25
- Steele ..... 16x25
- Loveland ..... 16x25
- Millinix ..... 16x25
- Fitzsimmons ..... 16x25
- Smith ..... 15x25
- Charet ..... 15x25
- Walker ..... 15x25
- Bill ..... 13x25

The great amount of interest shown not only by the local men but also by the men from the city will make it necessary to perfect a more complete organization. Plans were made after the shoot and it was announced that an automatic trap will be ordered at once. It is expected that this can be installed in less than a month and that after this is done longer programs can be arranged. A meeting of all those on the field interested in the formation of a club is called for Tuesday night. This meeting will be held in the Community House at 9 o'clock.

Notes. Mrs. Fitz is in very poor health and is at present confined to her quarters. Mrs. Fitz has been from the first one of the leaders in the social affairs of the field and she is greatly missed at this time.

The children of the field are making good use of their playgrounds. The latest addition to their play apparatus is an airplane constructed by the little boys that really runs on wheels. By the combined efforts of three youngsters, one can ride upon it.

The Tarry Horse Company is rapidly filling hangar three with automobiles and it has been closed for their exclusive use. Several of the automobile owners are storing their cars with them as they object to using the hangars further up the field. They feel that it is unsafe to store their cars so far from their quarters.

MRS. SPIKER TO FILE BOND TODAY TO ADMIT MISS KNOWLES TO COUNTRY

NEW YORK, Feb. 2.—Mrs. Cora M. Spiker of Baltimore went to Ellis Island today to complete formalities for the admission to this country of Miss Emily Knowles, the English war worker who was detained with her baby on the way to join Mrs. Spiker and her husband, Lieut. Perley R. Spiker, whom she met at a camp in England while he was training to be an aviator and she was a member of the women's auxiliary service.

Mrs. Spiker was accompanied by her lawyer and Guy S. Spiker, brother of the lieutenant, who has offered to marry Miss Knowles. They took a \$1,000 Liberty bond to the island to deposit as required by the department of labor for the admission of Miss Knowles to the country for the next three months in care of Mrs. William K. Battersby of Fall River, Mass.

Mr. and Mrs. Battersby were expected to arrive here today and to take the 20-year-old mother and the child back to Fall River then. Benjamin Kirshstein, Mrs. Spiker's attorney, says he had received letters offering financial assistance to the girl, praising Mrs. Spiker for her "magnanimous action and her sweet and forgiving nature" and commending Guy Spiker for his "chivalrous offer."

Guy Spiker said he had come here today to marry Miss Knowles if she would consent. If she accepted his proposal, he said, he would ask the immigration authorities to place the English girl temporarily in charge of his sister-in-law.

"I want to say," Spiker added, "that I am doing this on my own initiative. I do nothing as a matter of tradition. I'm an American, born here, and my family before me was born here. I wish to marry the girl and if she will consent it will make me one of the happiest men in the world. I will marry her today if it can be arranged, and if it cannot be I will marry her any time. I am abundant in time to consider what I am doing, and I believe it is right."

OFFICIALS REFUSE TO PERMIT MARRIAGE TODAY

NEW YORK, Feb. 2.—Lieut. red tape today prevented the immediate marriage of Emily Knowles to Guy Spiker, brother of the man who is the father of her child.

After Attorney Benjamin Kirshstein had arranged all details for the marriage, Byron H. Uhl, acting commissioner of immigration, in charge at Ellis Island, where Miss Knowles is detained, called Kirshstein before him and notified the lawyer he must see to it that the order of the immigration officials in Washington carried out to the letter.

Uhl said that unless Kirshstein would give his word that "no one" would take place today, he would refuse to release Miss Knowles. Uhl explained that the Washington order directed him to turn the girl to her baby son, "A," to Mrs. Battersby in Fall River. "Miss Knowles is in Mrs. Battersby's care, Uhl said his intention was to see that she was released in a case cases and Miss Knowles may do as she pleases," during the 90 days allowed by the department order. "We" obey the commissioner's request to the letter," Kirshstein stated.

Presumably Miss Knowles was sent to Fall River, and after she has been turned over to Mrs. Battersby, the marriage will take place—if Mrs. Battersby is willing.

The release of the English girl, whose strange war romance has interested the entire nation—was delayed by an immigration bureau ruling preventing the acceptance of cash bond. When Kirshstein, accompanied by Mrs. Cora M. Spiker and Guy Spiker, arrived at Ellis Island at noon they had \$1,000 in cash for the bond. After Uhl explained the department rule, Guy Spiker returned to New York to obtain a \$1,000 Liberty bond to post with the immigration commissioner.

A Lily Pad as a Cradle. In the Madras district of India there are lilies that grow leaves of phenomenal size. Indeed, these leaves are 10 feet in diameter and have 1 1/2 inch edges to form a shallow bowl which floats on the water. The buoyancy of these leaves is such that they will readily carry the weight of a small child.

IT'S A KEEN ONE

THESE BARS IN A MOST APPEALING STORY— WITH THE TYPE OF ROLE THAT MADE HER FAMOUS.

EMPIRESS TODAY AND TOMORROW

THE DISTINCTIVE CLOTHIER Eighth Street at Scott Avenue

Amusements

At the Empress. Theda Bara is the star in another Fox production at the Empress Monday and Tuesday. The play is "The Lure of Ambition."

The driving power of relentless ambition is the motive of the story. Miss Bara is seen as Olga Dolan, the heroine, who graduates from the slums to the desk of a hotel stenographer, and from that position finally becomes the Duchess of Rutledge after many dramatic vicissitudes. The central role is so strong that the story was selected as a vehicle for Miss Bara in a scenario competition in which many well known books and plays were offered.

A strong cast of photoplay favorites is seen in support of Miss Bara. Edmund Lawrence directed the production, of which he is coauthor with Julia Burnham.

On the Empress program will also be a Mack Sennett comedy, "A Lady Tailor," featuring Ford Sterling.

"The Lone Wolf's Daughter" will be shown at the Majestic Tuesday and Wednesday.

"The Lone Wolf's Daughter" was made under the supervision of Mr. Read himself at the Thomas H. Ince studios in Los Angeles and reveals in its every foot the unequalled technical resources of that great producing plant. The story embodies the major quality of the characters already familiar to millions of American picture patrons in "The Lone Wolf," produced two years ago and in "False Faces," one of last season's spectacular successes produced by Mr. Ince.

The scene of the story is laid in London with a panorama of colorings ranging from the magnificence of Buckingham Palace to the mysterious depths of the colorful Limehouse district, where Thomas Burke conceived his story "The China and the Child," later produced by D. W. Griffith under the title, "Broken Blossoms."

Louis Joseph Vance personally built the scenario for Producer Read and both edited and titled "The Lone Wolf's Daughter." Submitted to unusually calm judgments, "The Lone Wolf's Daughter" is declared to be the biggest melo drama ever made for the screen, greater even than Mr. Vance's "The Lone Wolf" and "False Faces," which were hailed by the public and press as the most powerful productions of their day. Prominent in the support of Louise Glaum are such distinguished screen and stage players as Edwin Stevens, Thomas Holding and Bertram Grassby.

C. H. Clark is confined to his home with a slight touch of influenza.

FINAL ORGANIZATION OF SODA DISPENSERS TO BE MADE SOON

The soda dispensers' union, according to plans announced by local labor organizers, will be completed this week. It was announced by labor leaders Monday. A meeting is scheduled to be held late in the week at the Labor Temple when definite plans of organization will be outlined. Labor leaders estimate that approximately 50 fountain men are employed in the drug stores and confectionery establishments of Wichita Falls all of whom will be urged to enlist in the new brotherhood.

The soda dispensers' union, according to plans announced by local labor organizers, will recognize three classes of fountain workers: Apprentice, table men, fountain men and manufacturers. Of the three classes the manufacturer is ranked the highest.

N. O. MONROE—REAL ESTATE AN ESTABLISHED REALTY FIRM

Huff Avenue
A north front two-story home consisting of eight rooms, \$20,000.00. This is an exceptionally good buy for this money. Has hardwood floors throughout in the first floor and is in every respect a very desirable home, also has servant house and garage.

Eleventh Street
A north front interlocking tile and stucco home, completely furnished, \$25,000.00. This is one of the most attractive homes of its size in the city having recently had the interior all newly decorated. It is also one of the nicest furnished homes in the city.

Ninth Street
On the pavement, close in, a South front five-room house with full width and full depth lot, \$15,000.00. This lot alone without any improvements is well worth the price asked for this property.

Huff Avenue
Seven-room aeroplane bungalow that was built for a home and has been occupied as such by the owner since completion and is all that could be desired by anyone wanting a nice home of this size. This place is situated in one of the best residence blocks on this street and can be bought for \$25,000.00. The lot and construction of this house would cost a great deal more money than this at present.

Monroe Street
An east front consisting of seven rooms, servant house and garage, \$12,500.00. This place is a very desirable floor plan and is situated in the second block South of Tenth street.

Burnett Street
One of the most attractive six-room homes in the city, has good servant house and garage and an extra high front lot. We will sell you this home, completely furnished, and will give you extra good terms.

Monroe Street
Corner lot with a modern five-room house, \$5,000.00. If desired, this place can be handled with very easy terms.

Eighth Street
On a corner lot a south front consisting of six rooms, completely furnished, \$11,500.00. This place has been well cared for and is in the best of condition throughout.

Tenth Street
A two-story home consisting of ten rooms, well furnished throughout, \$20,000.00. This place is situated between Holliday and the business district and is one of the best arranged floor plans for anyone desiring revenue from the house to be had.

Huff Avenue
A north front new house, that has never been occupied, has five nice sized rooms besides a breakfast room, \$14,000.00.

Elizabeth Street
North front consisting of six nice sized rooms on a corner lot, has good garage, \$8,750.00. This is the best buy on this street considering the house and the location.

Travis Street
An east front 70x150 foot lot with six extra large rooms in the best of condition throughout, \$16,000.00. This price includes the furniture of this place.

Elizabeth Street
A north front consisting of six rooms. This is a plastered house and has a good servant house and garage, \$14,000.00. This is one of the best constructed homes of its size in the city and if desired can be handled with good terms.

Monroe Street
An east front with six nice sized rooms, good garage and driveway, completely furnished with extra nice furniture, \$12,500.00. This place is situated in the 1300 block on Monroe street.

Alma Street
An east front two-story home consisting of eight rooms, besides a breakfast room and sun room, has hardwood floors throughout the house and is one of the most attractive floor plans of any home in the city. If in the market for a home of this size, we only ask the opportunity of showing this property and can sell you this home either furnished or unfurnished.

Tenth Street
A north front with six nice sized rooms, garage and servant house, \$12,500.00. Considering the location this is an exceptionally good buy for the money.

Elizabeth Street
A north front with five nice sized rooms, good garage and servant house, \$8,750.00. This place is situated on a 60x150-foot lot.

Filmore Street
An east front consisting of five nice sized rooms, good garage and driveway, \$7,000.00. If desired, this place can be handled with a cash payment of \$2,000.00. We consider this one of the best buys in this price home in the city.

Lucile Street
Five nice sized rooms with good garage. This is practically a new house and can be bought for \$5,500.00.

Taylor Street
Five nice sized rooms with edge-grain floors throughout the house. This place has a double garage and is an exceptionally good buy for \$7,000.00.

Tenth Street
A south front with five rooms in the best of condition throughout, \$11,000.00. If desired, this place can be bought furnished and it has extra nice furniture throughout the house.

Austin Street
Sixty by one hundred fifty feet, \$17,500.00. This property adjoins a lot on which a home will soon be built a three-story brick building and is an exceptionally good buy for this money.

Indiana Avenue
Fifty by one hundred fifty feet with a good two-story brick building. This property can be bought at a very reasonable price and is bringing good revenue at present.

Indiana Avenue
Seventy by one hundred fifty-foot corner, one block off Tenth, \$35,500.00.

Tenth Street
Fifty by one hundred fifty feet between Burnett and the business district, \$22,500.00.

Lots
We have residence lots situated in any part of the city; have some choice lots on the pavement, in Southland addition; also in the restricted district of Floral-Heights.

Investments, Homes and Residence Lots
The sale of these exclusive bargains in Wichita Falls has been our business for several years and we are proud of the fact that we have hundreds of satisfied customers among the best investors and speculators of our city to refer to as to our mode of handling business. If in the market for a home or an investment in Wichita Falls real estate, you will find it to your interest to call on us, as you will always find our lists to be the most complete to be had in the city. Furthermore, our force consists exclusively of experienced salespeople and we never handle a customer with the expectation of that being the last time that we may sell them. If in the market for Wichita Falls real estate we would appreciate a call from you.

# Oil News

## EXPECT EARLY TEST OF 1700 FOOT SAND IN ALBERTA'S NO. 1

Casing was being hauled out to the Alberta Oil Company's No. 1 Ferguson Sunday night, according to reports from the field, and it is believed that the test of the 1700 foot sand will be possible early this week.

Belief in the importance of this strike is strengthened by the reports of acreage purchases which have been made in this section, both by the independent operators and the big companies. From the leases known to have been made the latter part of last week, a maximum of activity in this section is forecast.

Three pipeline companies are awaiting the developments in the Kemp-Munger-Alton section of the immediate future, preparatory to laying lines into the section, southwest of Iowa Park. The Sinclair Pipeline Company has pipe already on hand, sufficient to complete the line to the Gulf Pipeline Company will only have eleven miles of pipe to lay, to connect up with their line at Electra and the Prairie Pipeline Company announced last week they were prepared to put a line into the field immediately, as soon as new producers were brought in.

Each of these companies named above have been watching the situation closely, and both the Gulf and Sinclair are drilling tests in the K. M. A. at present.

### WOMLOCK COMPANY IS DRILLING AT 1080 FEET IN WELL ON BLOCK 820

Through a typographical error in the advertisement of the Womlock Oil Company in the Times of Sunday, the depth of the company's well now drilling in Block 820 was given as 1,080 feet. This depth should have been given as 1080 feet.

### SALE OF INDIAN LANDS POSTPONED BY AGENCY

Postponement of the sale of Indian lands at Anadarko, Oklahoma, originally scheduled for Thursday of the past week until February 6, is announced in a circular received here from the Indian agency at Anadarko. Reports which were said to have been put in circulation for the purpose of keeping down acreage prices is the reason for the Indian agency's decision to postpone the sale until the Tillman county tests near and sand depth reach a definite status, according to reports received in Wichita Falls.

## INFLUENZA APPEARS THROUGHOUT STATE REPORTS INDICATE

AUSTIN, TEX., Feb. 2.—Influenza is appearing in every section of Texas, except the southwest, according to reports received by the state health department. In the reports of 1,295 new cases since Saturday night an eleven out of forty were from Galveston, 71 from Marshall, 100 from Dalhart, 26 from Canadian and 23 from Spur.

### THEATERS AT RANGER WILL CLOSE TUESDAY

RANGER, TEX., Feb. 2.—Theaters in Ranger will close tomorrow as one of the steps in combating influenza, which has appeared here with about 45 cases reported. It is believed by the authorities that the step will aid materially in preventing an epidemic. Closing of schools also is being considered.

Glass was made in Egypt 3000 B. C., earliest date of transparent glass 715 B. C., glass windows were introduced into England in the eighth century.

## AMERICA PUTTING ON GLOVES; REVIVAL OF BOXING THROUGHOUT COUNTRY—LEGISLATION NEEDED

By H. L. Farrell (United Press Staff Correspondent)  
NEW YORK, Feb. 2.—America, so to speak, is putting on the gloves. Millions of robust young Americans came out of the army confirmed boxing fans. They boxed as a part of their fighting education. They saw boxing being conducted on a high standard and they want to see more boxing. The United States is strong for the gloved sport, but the states individually are afraid of it. Only a few of the 48 are conscious of its elevation from a back of the bar-room orgy to a sport appealing to the best in the highest type of citizen.

## JONES-WILDER CO. FINDS SAND AT 1500 FEET LOT 12 BLOCK 30

At 1500 feet the Jones-Wilder Oil company has six feet of sand in their No. 1 well, according to reports reaching the local offices of the company Monday morning. The test is located in Lot 12, Block 30, Kemp's Wichita Valley Farm lands, 2,600 feet north of the Kemp-Munger-Alton No. 1. As the Kemp-Munger-Alton No. 1 got only two feet of sand at this depth officials of the company take this development to mean that they are higher on the same structure, and consider this sand an extremely favorable showing. Weather permitting, they expect to reach the Kemp-Munger-Alton depth in another week.

## TOLL BRIDGES ARE SUGGESTED BY PRIDDY TO PROVIDE REPAIRS

Erection of toll bridges on private property near delapidated public bridges across creeks and ravines in Wichita county the proceeds to be used in improving the county's highway system, is the novel plan for raising money suggested by Priddy to the county commissioners Monday by W. M. Priddy. It was pointed out to the commissioners that a large sum of money could be raised by erecting a series of toll bridges from the Northwest fields to the new Kemp-Munger-Alton field. Heavy tolls could be charged for moving rigs and other oil field equipments, Mr. Priddy said. Mr. Priddy's novel suggestion came after the county commissioners had asserted their inability to improve the present highway system due to shortage in funds. Mr. Priddy told the county commissioners that highways in many parts of the country are completely impassable.

## FAVORABLE REPORTS ON SANDS ACROSS RIVER

Confirmation of reports to the effect that the Red river sand is being tested on the Oklahoma side were in oil sands which gave very favorable indications for wells reached Wichita Falls Monday morning. The depth of the sand in the Red river test is believed to be around 1720. Casing has been set and the test will be balled today, according to late reports from the field.

The sand in the Sheegee test, according to reports received here, is apparently a very tight formation at the top, but the formation shows a noticeable loosening with a slight increase in depth.

From trees that are natives of the tropical parts of Asia, Africa, Australia, and America a fabric close resembling silk is now being manufactured.

### PRICE OF OIL TO ADVANCE

It is predicted by well informed oil men that the price of oil will continue to advance until it reaches the six dollar mark. This prediction is based on the fact that even with the increased oil and gas development in all sections, the demand is far greater than the supply, and the high price of oil has caused intensified activity in North Texas, notably the Petrolia field which has been producing for over fourteen years. Recently a 30,000,000 foot gas well was brought in. The North Petrolia Oil Company, located in the Petrolia building, has made its location and has contracted for a rig to be built. This company holds 500 acres four and one-half miles from production and five miles northeast of Petrolia. The capitalization of the North Petrolia Oil Company is \$50,000 par value \$100. Subscriptions for this stock are being received at its office, Room 1, Frieburg building.

## \$100,000,000 GOODS EXPORTED TO GERMANY FROM U. S. LAST YEAR

WASHINGTON, Feb. 2.—Merchandise exported to Germany from the United States last year totaled close to \$100,000,000, according to the bureau of foreign and domestic commerce figures today.

Though technically still at war with Germany and Austria, American trade with these countries is increasing. Practically half of the 1919 exports to Germany were shipped in November and December. Merchandise shipped to Austria in 1919 amounted to \$42,211,000. Europe absorbed more than two-thirds of the United States 1919 exports. South America received \$42,270,000 worth. Great Britain still leads in imports from this country. United States exports were part-divided as follows:

Britain	\$2,278,000,000
France	893,268,000
Canada	734,367,000
Germany	92,781,314
Argentina	158,588,390
Brazil	118,470,620
Chile	53,471,683
Japan	\$346,244,539

Imports from other countries were valued at \$494,693,849. Imports by the United States from other countries were:

France	123,871,409
Germany	10,624,329
Great Britain	309,189,265
Argentina	189,584,491
Brazil	235,470,620
Chile	82,442,344
Austria-Hungary	2,390,973
Japan	409,853,213

## ORGANIZATION OF BUS BOYS-DISHWASHERS NOW BEING PLANNED

Dishwashers and "bus-boys" will form the major portion of the personnel of Wichita Falls' newest labor organization. An application for a charter for the Miscellaneous Restaurant Employers' Union was forwarded to international headquarters of the Cooks and Waiters' Union Monday by Whitey Hoffing and a reply is expected within a short time. Mr. Hoffing announced Monday that approximately 250 dishwashers, "bus-boys", porters and miscellaneous cafe workers would be included in the new organization. According to Mr. Hoffing no increase in wages or demands for shorter hours will be made until the union is chartered but that these demands will be made within five days and will be backed up by the cooks and waiters with whom the dishwashers and "bus-boys" are affiliated.

Mr. Hoffing further announced that three additional cooks and waiters unions will be organized within the next two weeks in towns near Wichita Falls.

### BROTHER-IN-LAW OF TWO ASPHYXIATED MEN

Will Winn, a brother-in-law of Sam and Jim Jones, the two young men who were found dead Sunday afternoon in their room, 308 Sixth street, Monday afternoon from Diphtheria, to take charge of the bodies. Funeral services will be held Tuesday in Denton. Mr. Winn to leave tonight with the bodies.

The young men are survived by their father and mother, and several brothers and sisters, all residing in Denton.

It is estimated that if the forests of the earth were completely stocked and scientifically worked, they would yield annually the full equivalent to from 20 to 120 times the present consumption of coal.

### Thousands Have Found Relief From Rheumatism

By taking A-2851, an old physician's prescription used since 1864, A-2851 is a constitutional treatment for rheumatism and gout. It relieves rheumatism by dissolving the calcareous deposits which cause the painful swelling of the joints, and drives the uric acid from the system. Sold by leading druggists or sent by mail for \$1.00. RIMER & AMEND, 34 Ave. E. 18th St., New York.

## PHONE COMMITTEE WILL MAKE REPORT TO COUNCIL TONIGHT

Although none of the members of the committee investigating the recent request for a raise by the Southwestern Telephone and Telegraph company would make a statement in advance of the formal report to be rendered Monday night to the council, it is believed that the report will recommend a slight increase over the present rates, holding, however, that the full advance requested on the part of the telephone company is not warranted by expenses. No forecast on the opinion of the legal right of the city to prevent an increase in prices on the part of the telephone company would be made by the members of the committee. The committee is composed of Walter B. Currie, chairman of the public utilities committee of the city council, W. Fred Weeks, special counsel for the city and Ralph P. Mathis, city attorney.

## BETTER THAN WHISKEY FOR COLDS AND FLU

### New Elixir, Called Aspirinol, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

### Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

### Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinol, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as the best, quick and effective remedy for colds, coughs, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinol and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be hasty for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinol is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.

## Cuticura Soap—The Safety Razor—Shaving Soap

## STOP ITCHING ECZEMA

### Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, whether, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy, and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

## ANNOUNCEMENT

The Royal Confectionery, formerly known as Fells, is now open for business at their new location, second door north

718 Indiana Avenue

Our new location gives us more adequate facilities to accommodate our rapidly developing business and we believe Wichita Falls will be proud of her leading confectionery.

The Crystal Cafe will open in the quarters vacated by the Royal Confectionery some time in March by the same company.

## The ROYAL CONFECTIONERY

718 Indiana Avenue

## M. M. COOK RESIGNS AS COUNTY SURVEYOR

M. M. Cook, county surveyor, Monday presented his resignation to the county commissioners, to become effective on February 15. County Judge Fowle said that the matter of Mr. Cook's successor would be taken up within a short time. Mr. Cook was elected to the office of county surveyor in 1918.

Grover Habern was down town Saturday for the first time since his leg was broken in an accident to the fire truck about three months. He has to be carried to work but he says that is much better than being in bed.

## PIMPLY? WELL, DON'T BE! People Notice It. Drive It Out With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel, there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever caused with a dark brown taint, a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two tablets to walk with you. See that every box has your name on it.

## GRANDMOTHER KNEW

### There Was Nothing So Good For Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister. Mustard ointment is clean, white, ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Gently massage Mustard ointment with the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Use Mustard ointment for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (if often prevents pneumonia).

30c and 60c jars; hospital size \$2.50

## GET READY FOR "FLU"

### Keep Your Liver Active, Your System Purified and Free from Colds by Taking Calobals, the Nausealess Calomel Tablets.

That Atax Mustard ointment is Safe and Sure.

Physicians and druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system runs a large liver fever, colds, influenza and serious complications. To cut short a cold overnight and to prevent serious complications take one Calobal at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calobals are sold only in original sealed packages, price 35 cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calobals. (adv.)

## ATKINS DEFENSE WANTS TO PRESENT ANOTHER WITNESS

SAN ANGELO, TEX., Jan. 2.—With the introduction of testimony formally ended Saturday in the trial of Dave Atkins, soldier of fortune, for the slaying of Tom Hardin, a Knickerbocker merchant, in 1897, the defense today asked permission to present another witness. Judge Dubois, who is presiding, gave the prosecution until noon to decide whether to permit examination of the witness, who is B. Wilson of Graham. Wilson reached here today. He is de-

closed to have witnessed an attack upon Atkins by Hardin sometime before the latter was killed. The charge to the jury and final arguments of counsel are expected to be completed late today and the case probably will be in the hands of the jury by 6 o'clock.

Cool now is being mined at the Eka and Chickaloon mines in Alaska at the rate of nearly 800 tons weekly. The navy has not yet undertaken the mining of coal in the Matanuska field for which congress appropriated \$1,000,000.

Each of these companies named above have been watching the situation closely, and both the Gulf and Sinclair are drilling tests in the K. M. A. at present.

Wichita county the proceeds to be used in improving the county's highway system, is the novel plan for raising money suggested by Priddy to the county commissioners Monday by W. M. Priddy.

Mr. Hoffing announced Monday that approximately 250 dishwashers, "bus-boys", porters and miscellaneous cafe workers would be included in the new organization.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinol is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.

Physicians and druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza.

To cut short a cold overnight and to prevent serious complications take one Calobal at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects.

Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast.

Calobals are sold only in original sealed packages, price 35 cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calobals. (adv.)

### UNIVERSAL MILITARY TRAINING OPPOSITION GROWS IN THE SENATE

WASHINGTON, D. C., Feb. 2.—Party lines apparently have been wiped out in the senate in a growing movement in opposing universal military training. Members on both sides of the chamber are preparing to attack the senate army reorganization bills training provisions.

On the Republican side, Borah, La Follette, Crounse, Capper and Lenroot are among the leading opponents of the plan. McCellar and Sheppard, among Democrats, have already declared against it.

Borah today issued a formal statement of his position. After pointing out that universal training will add a heavy burden to the taxpayers, Borah said:

"But, aside from the question of taxes, I have come to the conclusion that we do not want and do not need universal military training in this country. Militarism is just the same in a republic as it is anywhere else, as we have found out. Universal training and conscription in peace time are the tap roots of militarism. I am opposed to both."

### INDIAN COUNCILLOR DECLARES SULTAN'S POWER SHOULD NOT BE DISTRIBUTED

LONDON, Jan. 26.—Temporal authority is essential to the sultan of Turkey and he should be allowed to remain in Constantinople as sally of the faithful, according to Emir Ali, Indian privy councillor, who for the last forty-five years has held many offices in Bengal.

"The proposal to drive the Turks out of Constantinople is a concession to religious fanaticism and if the Turkish administration is removed from the city only the bitterest resentment will manifest itself in India and all Mussulman countries," he says.

About seventy million Sunni Moslems and twelve million Shiahs Moslems in India, he says, are in agreement as to the sultan's continued role at Constantinople.

"They kept quiet during the war," he continues, "because they believed that no attempt would be made to dis-

turb the existing order of things in the Turkish capital.

"Moslems were assured in the late war that the Caliphate would not be interfered with and that Constantinople, Thrace and the homeland of the Turkish race would remain in their hands; and on this assurance Mohammedan troops bore their full share of the fighting in various regiments. During the Russo-Turkish war of 1877-78 when the Russians got to San Stefano, some twelve miles or so from Constantinople, there was great excitement in India. I well remember how high feeling ran among Mohammedans.

"Concerning Mecca and Medina, it would be most unwise in the interests of the empire, to claim or to exercise, directly or indirectly, a protectorate over them. While the administration of these sacred cities might be left to the autonomous government of the Hedjaz, the sherrif Hussein should receive the usual investiture from the sultan-caliph."

**SECRETARY DANIELS ENDORSES PALESTINE MOVEMENT**

NEW YORK, Feb. 2.—Endorsement of Arthur J. Balfour's pledge in behalf of Great Britain for the establish-

ment in Palestine of a national home for the Jewish people was coupled with a prediction that the end of religious persecution throughout the world would result from the war, by Secretary of the Navy Daniels in an address here tonight. He spoke at a dinner given by the Zionist organization of America for the Palestine restoration fund.

The secretary said that "this holy movement has our God speed to all who are engaged in it," adding:

"We love every foot of land which David's palms and Solomon's songs have made dear to all Jews and Christians. But I could not in conscience be with you to share your religious and patriotic fervor, as I do in full measure if I did not know wholehearted devotion to the principle of religious liberty, and that you hold as dear my right and the right of all men to religious freedom as your demand is for yourselves and your children."

### LIST THOSE DEMANDED MAY BE GIVEN GERMANS TODAY

PARIS, Feb. 2.—(Havas)—The list of Germans to be demanded by the Allies and placed on trial charged with violations of the laws of war will probably be given to German representatives here today, according to the Petit Parisien. It is expected Germany will resist this demand, the newspaper says, and that the peace conference will probably be forced to consider future action and at the same time examine different violations of the conditions of the armistice and peace treaty by Germany.

## COFFEE AND MORALE

Formerly Home-Economics Writer, United States Food Administration

Think back. Was there ever a time even during the most serious and crucial periods of the great war, when you were unable to have a cup of fragrant, steaming coffee for your breakfast?

Other things disappeared from the grocery shelves. But there was always coffee. Other parts of the restaurant menu were seriously curtailed, but nobody struck coffee from the list.

No matter how hard the times coffee was always on hand.

Quite a bit of favoritism wasn't it? Or was it? We learned, during the war, how to get along without sugar in cakes and desserts; we learned that we could eat cornbread and barley muffins in place of white bread; we learned how to cut down on meats and fats.

The Food Administration at Washington told us these things must be done and taught us how they might be done.

In addition to cereals, milk and cheese, fats and meats, the United States Food Administration must have had coffee under serious consideration.

For there were black times in 1918 when all ordinary commerce was at sixes and sevens. Unless we sent steadily every available ounce of food to the allies and our own soldiers, victory of the enemy seemed imminent. This meant that every ship not bound elsewhere on an absolutely necessary errand must be pressed into service for the direct shipment of food from the United States to France or England.

Eighty per cent of all the coffee imported into the United States is grown in South America. From North America to South America and back is a fairly long trip and a very different voyage than straight across the ocean to France or England.

Yet there never was a time when ships were not being sent to South America for coffee. Why?

Because Mr. Hoover believed that the American people needed coffee.

Coffee tends to tone up the system when the body is temporarily below par. It stimulates the heart action. It assists digestion.

Nothing else can so cheer up a man who awakes with a grutch or a down-in-the-mouth feeling. Nothing else makes him feel so good without any ill after-effects.

Wise wives have always known that the time to talk to a man is after the rolls and coffee, not before.

In other words, coffee is, as Mr. Hoover said when its food value was questioned, "a psychological necessity."

So you did not have to get along without coffee during the war. At all times dealers were allowed to maintain a "visible supply" of one million and a quarter bags of coffee. This was not as much coffee as goes to make up the visible supply. But it was enough to "keep us going," enough to give each of us a cup of coffee every day.

Mr. Hoover was unwilling that the American people should have to go without coffee. He saw its direct relation to morale in war time. Mr. Hoover gave coffee its first official recognition as a necessity.

**"WHO CAN BEAT IT?"**
