

GERMAN LEADERS ARE DEFIANT

SEVERE STORM OVER THE EAST HAS SUBSIDED

Estimates of the Property Damage Exceed the Two Million Dollar Mark

NEW YORK, Feb. 6.—The gale and unusually high tides which have lashed the North Atlantic coast for the last two days, accompanied by a blizzard which blanketed most of the territory with snow and ice, gradually subsiding early today, leaving a trail of destruction and suffering in its wake.

Estimates of the property damage run well beyond the two million dollar mark. A number of vessels were reported in distress and several Long Island sound steamers were disabled.

Many winter residents of Coney Island, where the storm and high tide did thousands of dollars damage to amusement places and buildings, left their homes in boats today for there were three feet of water in most of the streets.

Another 24 hours OF STORM PREDICTED WASHINGTON, Feb. 6.—Another 24 hours of snow and high winds along the Atlantic coast from Maryland to Maine was forecast today by the weather bureau.

SMALL POX EPIDEMIC IS FOLLOWING IN WAKE OF RECENT MEXICO DISASTER

MEXICO, CITY, Feb. 6.—Travelers coming to this city from the earthquake stricken district of Vera Cruz report an outbreak of smallpox and other diseases among survivors of the cataclysm of Jan. 3.

LONGSHOREMEN'S STRIKE HAS BEEN CALLED OFF JACKSONVILLE, FLA., Feb. 6.—The longshoremen's strike at Havana which has tied up more than a hundred vessels, has been declared off according to dispatches received by local shipping companies today.

Spirit Sleuth Says He Has a Solution to Topeka Mystery

TOPEKA, KANS., Feb. 6.—The Topeka police officer has a spirit sleuth who says W. E. Eskridge, the grocer who mysteriously disappeared and whose overturned car was found in the middle of the Kaw river, is alive and well in Wichita.

GREY'S LETTER HAVING EFFECT ON THE TREATY

WASHINGTON, Feb. 6.—Republican leaders in the Senate will meet tomorrow to decide how best to launch the attack they hope will again prevent ratification of the peace treaty.

Official Efforts FAIL TO SECURE THE RELEASE OF AIRMEN

DOUGLAS, ARIZ., Feb. 6.—Official efforts from the American side of the border this far have failed to effect the release of the two men by Nacozari officials and shown every incentive but today there was nothing to indicate when the Mexican authorities at Mexico City to whom a report was made on the incident, will issue the order for their release.

ANOTHER ADVANCE IN EXCHANGE RATES IS RECORDED TODAY

NEW YORK, Feb. 6.—Rates on demand bills for the English pound sterling opened at \$3.34 this morning and soon advanced to \$3.39. This is 20 cents above the record low reached the day before yesterday.

GAS COMPANY WANTS PERMIT TO RAISE RATE

Application is Made to Mayor and City Council by Manager Kenny

The North Texas Gas Company has applied to Mayor J. B. Marlow and the City Council for permission to establish a "material increase" in gas rates to consumers in Wichita Falls.

HOOPER TAKES LEAD IN VOTES FOR PRESIDENT

McAdoo is Close Second With a Majority in Second, Third and Fourth Choice

Table showing election results for President: Hoover 11, McAdoo 10, Palmer 2, Bryan 2, Hitchcock 1, Clark 1, Cox 1, Lansing 1, Daniels 1, Bailey 1.

RELATIVES BELIEVE KANSAS WOMAN IS HELD BY BOLSHEVIKI

TOPEKA, KAN., Feb. 6.—Relatives here of a woman who was held in Topeka last May to help Cross workers in Russia believe she is being held captive by the Bolsheviki forces and have asked Washington authorities to do everything in their power to insure her safety.

DENY LLOYD GEORGE ACCEPTS PROPOSED U. S. RESERVATIONS

LONDON, Feb. 6.—A special dispatch received here from New York states it is rumored there that Premier Lloyd George has said his acceptance of proposed reservations to the Versailles treaty to United States Senators Lodge and other members of the senate foreign relations committee.

The Ghost Walker Suddenly Returns After Seven Days

OKLAHOMA CITY, OKLA., Feb. 6.—Out of the depths of 'the night' Lacey McIntyre, 'The Ghost Walker', staggered into his home at 2:30 this morning. He was dressed as when he disappeared, in a suit of underclothes and a bath robe. His feet were badly blistered, his face sunken, his figure emaciated.

DUTCH PRESS DECLARES DEMAND IS IMPOSSIBLE

THE HAGUE, Thursday, Feb. 5.—Virtually without exception the Dutch press characterizes the Allied demand for the surrender of Germany as being 'impossible.'

LEADERS INCLUDED IN EXTRADITION DEMAND

BERLIN, Feb. 6.—Among those demanded by the Allies for the extradition of German war criminals are: General von Eberstein, former commander of the second or Saxon army; Baron von Heubner, former interim governor general of Belgium; and General von Hausen, former commander of the second or Saxon army.

Who's Your Choice For President

Within a few months nominations of presidential candidates are to be made. Many men have been mentioned for the nomination in each party and there are a number of avowed candidates. So far there has been no decided sentiment for any man whose name has been mentioned.

Form for selecting a presidential candidate with numbered boxes for name and rank.

STARVATION IS FACING AUSTRIA SAYS SECRETARY

Plight Has Grown Considerably Worse in the Last Two Months in Report

PARIS, Thursday, Feb. 5.—Lingering starvation is facing the Austrian republic, the plight of which has grown considerably worse in the last two months, said Dr. Lowenfeld-Russ, Austrian state secretary of food administration, to the Associated Press today. Dr. Lowenfeld-Russ took a very gloomy view of the situation and pointed out the absolute necessity of obtaining immediate relief.

"Relief granted in December by the supreme council when importations of flour to Austria were ordered," Dr. Lowenfeld-Russ said, "postponed to a certain extent the food crisis but was far from giving definite safety to the country. Our necessities so far as flour is concerned are covered until the first of March but this is only providing transport arrive in time. Currency depreciates.

"Depreciation of our currency, which has fallen in Switzerland to less than two per cent its original value, deprives us of every possibility of buying food in the world's market. A dollar which was worth five crowns before the war, is now worth 340 crowns and thus we have to pay for importations sixty times their pre-war value without counting the great increase in prices, even in America.

"Our government has tried for some time to counterbalance price differences for our people by making up partly a state charge, but our means are exhausted. There is now no other alternative than to make the customer pay full prices but our poor population cannot afford to buy even the small rations we are able to distribute.

General Under-Nutrition.
"General under-nutrition in the big towns, especially Vienna, is the consequence. The absolute want of fuel makes the situation still worse and all relief measures undertaken, especially by Americans, can bring only a temporary help. There is no remedy for this situation except the granting of sufficient credits for a long term. By such means we would be able to buy foodstuffs at reasonable prices and perhaps improve the rate of exchange. The motion brought before the American senate for the extension of credits to Austria is the only ray of hope in this direction but the situation is so bad in Austria we cannot wait until these credits are granted or until foodstuffs bought with their aid will arrive in Europe.

"The presence of Herr Reusch and myself in Paris is for the purpose of pointing out to the American government the necessity for immediate measures to prevent complete interruption of the food supply."

DECLARES CONSTANT INCREASE IN PRICES ENTIRELY UNJUSTIFIED

CHICAGO, Feb. 6.—Constant increases in prices of commodities are entirely unjustified by economic conditions, J. E. Carney, statistician for A. C. Slichter & Co., bankers, said here today.

"The fundamental causes which were instrumental in creating high prices have in many instances ceased to exist," said Carney. "Recent developments in fact, unmistakably show a trend toward deflation of values. 'Take the latest announcement of the increase in the price of bread for example. During the past 60 days the best grades of bakery flour have declined \$1.50 to \$2 a barrel, while hard wheat has declined 5 to 10 cents a pound. To attribute the advance to a shortage of wheat supplies is preposterous. In view of the fact that the country, from present indications, will carry over into the next crop a surplus of over \$150,000,000 bushels.

KING NICHOLAS IS PREPARING FOR COUP TO REGAIN THRONE

PARIS, Feb. 5.—King Nicholas, who has remained at the head of the royal Montenegrin government in spite of the fact that he was ousted by the national assembly of that country, is understood to be in Albania preparing for a coup which may restore him to his throne and country.

The former king has not been able to reconcile himself to the absorption of Montenegro by the new Jug-Slav kingdom and reports from Scutari say the Albanian Montenegrins are sympathetic to the king's cause. Albanian territory is now occupied by Italian troops who are said to be favorably disposed toward King Nicholas through the fact that he is father of Queen Helena.

Arrest 9-Year Old Leader of Juvenile Pickpocket Band

CHICAGO, Jan. 6.—Leo Srokowski, 9 years old, leader of a band of juvenile pickpockets, who eluded the police for more than a month, ended his adventures in juvenile court today. He was arrested yesterday on a busy corner where he admitted he had picked scores of pockets. Two of his aides, who are named, one 10 years and the other 11, escaped. After school hours, Leo and his confederates plied their trade, stealing from \$10 to \$20 a day, he said. "Women are easier than men, because their pocketbooks are swinging around," he told the police.

DECENNIAL CENSUS TO SHOW POPULATION IS MOVING TOWARD EAST

WASHINGTON, Feb. 6.—The decennial census, now being taken, will reveal that the center of population of the United States has moved eastward and not toward the west or the south as commonly predicted. J. A. Hill, statistician of the census bureau predicted last night in an address at the National Press Club. After the war movement to the eastern cities, together with the wartime growth of the eastern industrial centers, the census statistician said, has more than counteracted the normal westward movement of population.

START WORK ON NEW KELL MILL AT VERNON

VERNON, TEX., Feb. 6.—Work has been started on the new concrete reinforced structure to house the Kell Milling Company. The building will be seven stories high with a basement. The improvements will entail an expenditure of \$250,000. During the past summer \$50,000 was expended by the mill on improvements. The capacity of new mill will be 1,200 barrels a day, against 500 barrels now.

EMPHASIZE FIVE POINTS IN TRIAL OF SOCIALISTS

PROSECUTION EXPECTS TO COMPLETE CASE TUESDAY WITH 5 DAYS FOR DEFENSE

ALBANY, N. Y., Feb. 6.—The judiciary committee, conducting the hearing of the five suspended Socialist assemblymen, which adjourned yesterday to Tuesday, has emphasized in the three weeks proceedings the following points which it seeks to prove: 1.—That the New York state constitution and the Socialist constitution are in direct opposition regarding appropriations for war purposes. That the former provides that money must be appropriated to support state military organization, while the latter binds Socialist legislators to oppose all such measures. 2.—That Socialist assemblymen have voted against appropriations for the state militia and introduced bills to abolish that body. 3.—That the majority of dues paying

members of the Socialist party of America are alien, and that some are minors; that alien and minors thus might control Socialist office-holders through requiring them to sign an undated resignation upon election. 4.—That all Socialists are pledged to overthrow of the existing American government by force if necessary. 5.—That American Socialists were in sympathy with Germany during the war and that by their acts they gave "aid and comfort" to Germany. That they also are in complete accord with the Soviet government established in Russia and seek to form such a government in the United States. The "prosecution" will complete its case Tuesday. Practically all that remains for it to do is to introduce the testimony of Ludwig C. A. K. Martens, Bolshevik representative, before the Lusk legislative committee and of L. E. Harris, Milwaukee newspaperman. The latter will be through a deposition.

Strong Men Made on Simple Fare

The Spanish peasant works every day and dances half the night, yet eats only black bread, onion and water-lemon. The Smyrna porter eats only fruit and sour olives, yet he walks off with his load of 100 pounds. The soldier in the field carried weight of armor and luggage that would crush the average farmhand. Lived on coarse brown bread and sour wine. They were temperate in diet and regular and constant in exercise. The world's sheep-shearing record is 2,394 animals in nine hours.

Famous Strong-Arm Policeman Has Quit After a Long Career

NEW YORK, Feb. 6.—New York city lost one of its famous "strong arm" policemen today when Patrolman Seig ("Ajax") Whittman retired after a picturesque career of 26 years. The 56-year-old veteran, who was known nationally as a strong man, was injured more than a score of times in halting runaway horses and received official commendation for his bravery seven times. He will receive an annual pension of \$360.

He was chosen 19 years ago to form a "strong arm" squad to break up the notorious "car barn gang" which was then terrorizing Harlem. The gangsters landed either in jail or in the hospital. "Ajax" gave exhibitions of strength on a tour with the late John L. Sullivan. Late reports show that the influenza epidemic is again breaking out in several parts of the United States. Already there are several thousands of cases in some of our largest cities, which means that all possible precautions against the disease should be taken by the public in general. Persons who are weak and run-down and who have not the strength to throw off the influenza germs, are the earliest victims. Those who catch colds easily or who are suffering from rheumatism are also early victims. As the influenza mucous membrane linings of the nose and throat are open door to the germs, if you are suffering from any of these symptoms, nothing will cleanse your intestinal tract and fortify your system against an attack like Orgatone five grain tablets, which are a true solvent of cholestrin and biliary disinfectant and contains the most beneficial properties of this nature known to science. This statement is easily proven by the fact that these celebrated tablets are now having the greatest sales of any preparation of this kind in the history of medicine. They have been accomplishing remarkable results during the present epidemic and hundreds of thousands who have used them are enjoying the best of health. Actual experience has shown that the best way to keep from taking influenza is to keep the system in good shape as it is a well known fact that the powers of resistance of the human system can be so perfected that it can throw off almost any infection, not even excepting influenza, which is one of the most contagious diseases known. Orgatone five grain tablets not only render the intestinal tract antiseptic but produce a rich flow of limpid bile, thus creating a good healthy appetite for nourishing food. They keep you physically fit and make you strong, vigorous and well, and in this way fortify you against the disease germs. Orgatone five grain tablets are sold in Wichita Falls by the Young Drug Company.

A Voice From Sioux City, Iowa, says

PE-RU-NA

Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your literature it was catarrh. My stomach felt much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA." (Signed) W. W. NORTHROP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA. DON'T BE AN UNBELIEVER. If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

Sold Everywhere Tablets or Liquid FOR CATARRH AND CATARRHAL CONDITIONS

brings joy to every woman!

JOY SOAP works like a wizard! You no sooner start to use it than everything brightens up. It just naturally makes you happy!

Because it does housework so quickly and easily. Washing clothes and dishes; shining bathrooms and windows; cleaning floors and woodwork—every sort of clean up job is made a whole lot more pleasant by using Joy Soap.

Joy is a firm, smooth soap with a quick-acting lather. It is truly marvelous how little work it requires to clean well with Joy.

Joy is good to the hands because it hasn't got that sticky, "soapy" feel.

It lasts longer than ordinary soaps, because of the firm body and because it does the job in less time. Best of all, it doesn't cost any more than ordinary soaps. Ask your grocer.

van. Among his feats were pushing a loaded freight car weighing more than 12 tons and lifting by his teeth a hog-head of water upon which stood several men. He was credited with lifting a 1,030-pound dumb bell with his teeth and also with successfully withstanding the efforts of a score of men pulling a long rope, one end of which he held between his teeth. The collection plate has been abolished in the Methodist Church in Gastonia, N. C. Boxes will be installed at the church entrance to take the place of the plate.

BANKER SAYS EUROPE MUST GET TO WORK

This Will Be Required to Right Exchange Situation and Put Country on Feet

AMERICA MUST SUPPLY FOOD AND MATERIALS

Declares Billion Dollars Will Go a Long Ways if Properly Used

(Copyright 1920 by the United Press)

NEW YORK, Feb. 6.—Frank A. Vanderlip, who first called attention to Europe's serious economic decline nine months ago, declared in a statement to the United States today that the foreign exchange situation can be righted and Europe can be put on her feet only if the Europeans will go to work.

But Europe can only do this, he said, if America will supply her with food and raw materials. The former head of the famous National City bank of New York added that America can easily undertake the work of rehabilitation. The first step, he said, was the most important, though it need not be a large one.

"A billion dollars will go a very long way," Mr. Vanderlip stated. "In starting Europe on the way to production, but it must be a billion dollars spent for food and raw materials. It must not be a billion dollars spent on any financial rehabilitation."

First Move Necessary.

"This is the first move necessary to help the exchange rates recover. The present decline in exchange tends to halt our exports. It is conceivable that the night might occur very sharply. To a considerable extent, ships are now going to Europe without full cargoes. Last year we exported eight billion dollars worth of goods, and the trade balance in our favor was four billions. In pre-war days, a trade balance of \$600,000,000 for us was about the top figure. These figures indicate that if the falling off of our exports goes far enough it will result in a jar that will pile up cotton, agricultural products, and to some extent manufactured goods. I do not believe such a situation would result in any serious unemployment for us.

"There might be some thrown out of employment while a process of adjustment went on, but very little hardship would follow. Our consuming capacity is greatly in excess of our present consumption."

Unable to Pay.

"It is rather psychological that we should feel a continuation of the present decline in exchange. The situation now facing us means the people on the other side are unable to pay for what they vitally need and that their economic life has become disorganized. Economic disorganization in Europe must have an unfavorable influence to our own affairs. If, over there, political disorders in Europe, an increase in radical thought in America would be engendered by radical political movements in Europe. The present situation is creating idleness and hunger among the Europeans and those are the two principal factors in developing political unrest.

"There is no cure you can take out of a patent medicine bottle. The cure is for Europe to produce more so that Europe can pay for what it must import. But it is hardly to the point to insist that Europe must go to work and stop at that. Certainly Europe must work, but it must have something to work on and raw materials to work with, and in the meantime it must have food to support the people. Just now the people of Austria and other central European countries are exhausted and dying of starvation."

Discourages Credits.

"I doubt the wisdom of granting more credits to Europe. At the same time the credits that are needed must run for too long a term to make it feasible for banks to make the grants. Besides, our banks have expanded their credit facilities for domestic requirements to quite as high a point as is safe. That means the credit should come from our investment funds which have been largely dissipated in the recent past by our flotations of new companies. We have great demands for domestic promotion and for such work as rehabilitating our railroads, which are now in need of 600,000 cars. Nevertheless, we can do a great deal to assist Europe. We can expand our lending ability very much

by practicing economy and stopping the present craze for extravagance. "But our investors are not disposed to dabble into foreign securities. They can get very high returns from domestic securities and they lack understanding and experience in foreign securities. Such investments as they have made abroad haven't been altogether happy in some instances. The remedy can only come with a realization by our people of Europe's extreme need; of our own intimate connection with European affairs and of the reaction on us of any economic breakdown in European countries."

Task for Financiers.

"In investing our funds to help Europe recover, the idea would not be for European governments to float loans here as they did during the war. The task is one primarily for financiers. There should be a consortium of bankers, representing the principal lending countries, that is, those which have a surplus of food and raw materials. This council of bankers would have to study the European industrial situation and nation such credits as it could grant. It would extend credits solely with a view to starting industries and keeping people from starving. The credits should be extended only in the form of food and raw materials. The consortium of bankers would sell to American investors, obligations secured by a mortgage or other security of the European factories getting raw materials and also secured by the governments of the European countries accepting the goods from America. This government guarantee might be in the form of a prior lien over all the outstanding government loans."

"The degree of safety of these obligations would be high if the credit granted to Europe were on a comprehensive scale and list no areas of risk. There could be no complete safety for such investments, however, as long as there were great political districts left in want and the people in distress. Want and distress are apt to lead to political revolution, which is a communicable disease."

Solution With America.

"While the facts are pessimistic, there are some bright spots. England has done marvelously in getting her industries adjusted. Belgium, too, has done very well. But elsewhere, the revival is not sufficient to warrant optimism. In some places only 20 per cent of industrial revival has occurred. Nevertheless, once a start is made in helping Europe by the United States, the situation should become much brighter. The only possible solution is in our hands. Russia cannot give immediate help. She has no raw materials on hand and her paralyzed railway system makes transportation very difficult. It would do no good for us to cancel the debt Europe owes us, for what Europe needs is the food and raw materials we can supply."

"These very conditions were evident a year ago, but the people who made the treaty paid no attention to economic data. They did not understand the complicated theory of modern industry. They had not taken into consideration the fact that the population of Europe under the influence of an industrial age had grown to far larger numbers than Europe's fields can feed. With it all we can save Europe. We can do it if we stop our wild extravagance, comprehend the seriousness of the situation and decide it is time for us to help our neighbors. Then we shall have the world at our feet in gratitude."

PHILADELPHIA.—A plan for an organic union of protestant churches in America adopted by delegates representing 30 denominations. The movement will be under the guidance of the American Council on Organic Union of the Churches of Christ, the name officially chosen at the meeting.

Druggists also sell large "Bayer" packages. Aspirin is the trademark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. Adv.

MEXICO PLANS TO ASSUME CONTROL OF COMING ELECTIONS

MEXICO CITY, Feb. 6.—Mexican state governments plan to assume all the necessary powers to control the presidential elections on the second Sunday of next July, according to Gen. Federico Montes, governor of the state of Guanajuato, who was the chief proponent of the governors' conference which will open here today. In connection with this statement, newspapers here say Mexican consuls have been instructed to discredit stories revived in the United States to the effect that President Carranza will not turn over the government to the newly elected president.

GOVERNOR ALLEN TO DISCUSS NEW LAW

LAWRENCE, KAN., Feb. 6.—Gov. Henry J. Allen will address the merchants' short course class of business men at Kansas university tonight. It was announced today. He will endeavor to explain criticisms directed by labor unions and capitalists at the recently enacted industrial court law, it was understood.

COLLINGSWORTH CO. RAISES 20,000 BALES OF COTTON LAST YEAR

WELLINGTON, Feb. 6.—Collingsworth county, though a county in the Panhandle where little cotton is produced, during the last crop year raised 20,000 bales, of which amount 15,000 have been ginned and 5,000 bales remain unpicker in the fields. It is difficult to estimate the yield of food and corn, but large quantities are being shipped out and much more would be shipped if facilities could be obtained. The wheat yield for 1919 has been estimated at 200,000 bushels, valued at \$400,000.

Collingsworth county is traversed by the Salt Fork of the Red River and Buck creek. The lands of soil are found, a chocolate loam, sandy loam and sandy land. The chocolate is excellently adapted to wheat and cotton, yielding well in kafir and maize. Corn also is raised on this land, making an excellent yield in all but the driest years. The sandy loam, adapted to practically every crop, makes production of corn yields annually. However, it cannot compare with the chocolate loam for

what growing. The sandy land is best adapted to corn, kafir and maize. Cotton does well on this land in all except the wet years, when it matures too late to make the best yields.

Oil leasing in the county is active. Three wells which have been contracted for will be spudded in soon.

Wellington, county seat, with a population of 2600, has a high school building valued at \$50,000, a ward school valued at \$15,000, with a total of \$35 scholastics this term. It has five churches, two modern brick and three wooden structures.

The city has the following business enterprises:

Six dry goods stores, six groceries three drug stores, three hardware establishments, two furniture houses, six garages, three restaurants, one moving picture show, one brick and three wooden hotels, a good electric light plant, five gas, two grain elevators, one flour mill, three feed and coal dealers, three banks, one newspaper (The Wellington Leader) and two blacksmith shops.

Wellington has a municipally owned waterworks and park system. The city stands at present in urgent

need of a first class library and of the responsibility of the town is represented in its rapidly growing banks which have a combined capital of \$250,000, a combined surplus and undivided profits and \$1,500,000 and deposits of more than \$2,500,000.

Wellington is hampered by reason of the fact that it is not accessible by all from any point in Texas except through Oklahoma. It is the hope of the citizenship that in a short time a railway will be built from the Fort Worth & Denver.

ACUTE SHORTAGE IN STRUCTURAL STEEL

CHICAGO, ILLS., Feb. 6.—An acute shortage in structural steel is menacing building operations, delegates to the Heavy Hardware Jobbers' National convention reported today. The recent steel strike practically cut off the steel supply, delegates said, while the demand for structural and concrete work has increased. The association elected H. A. Sadder, Sioux City, Iowa, president, and Roy S. Tuttle, Chicago, secretary-treasurer.

ORGANIZE FOR A FIGHT TO LOWER CHICAGO RENTS

CHICAGO, Feb. 6.—Leading real estate men, city councilmen and newspaper men joined in a fight today to lower rents in Chicago. "Pitiless Publicity" was their remedy. Newspapers established complaint bureaus. They turned over complaints to the Chicago real estate board and Mayor Thompson, committee of five named by the city council last night to probe profiteering. Real estate men declared rents on some apartments had jumped 200 per cent within the last six months. One complainant said his rent was raised from \$40 to \$100 a month over night.

Regular Habits Produce a Beautiful Complexion

Daily elimination rids the system of poisons. Women should realize that!

MANY women complain daily of their complexion, of their general health, little realizing that the trouble is constipation. Women, too, are much more subject to such congestion than men, and much more careless of it. The result is seen in lusterless, weary eyes, in sallow, pimply complexion, in lassitude, bad breath, and in that word so often used, "indisposed."

At the first sign of these symptoms the wise woman will take a laxative, and will see that the young girl and others in her care do likewise. Dr. Caldwell's Syrup Pepsin is the favorite with thousands of women because it is mild and gentle in its action and in the end trains the stomach and bowel muscles to do their work naturally without the aid of medicine.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 512 Washington St., Monticello, Illinois.

Worn Out In Mind and Body

Your child is quick to observe disturbances in your mental attitude or physical condition. And when he asks: "What's the matter Daddy?" here's a tone of solemn anxiety in his little voice. The depression upon you reflects intensely upon him because of his profound jealousy. He at once tremors his pithy words and rubs to his side and his body smile has disappeared and his buoyant spirits are gone—replaced by a countenance of worry and a bearing of hopelessness.

LYKO The Great General Tonic will banish that "dread feeling" and dispel that overcast look. It will renew your strength and vigor, overcome the ravaging effects of overwork and worry, revive your spirits and increase your hold on life. Being a restorative tonic, a valuable aid to digestion and a worthy vitalizing and reconstructive value, its use is especially desirable in cases of abnormal conditions. If you suffer from nervous exhaustion, muscular or mental fatigue or deficiency of vital force due to general weakness or wasting illness, you'll find LYKO particularly beneficial. It comes up the entire system and keeps you feeling fit. Ask your druggist for a bottle today. Sole Manufacturers LYKO MEDICINE COMPANY Kansas City, Mo. New York

Not Mere Chance

It does not just happen that the City National is growing in favor every day. It goes back to such basic things as service, courteous treatment and friendly co-operation. Nearly 10,000 individuals, firms and corporations are numbered among our regular customers, because they are getting satisfactory banking service.

May we serve you?

Alberta Well Reported on Sand

They have bored into 16 feet very rich oil sand found at about same depth as K. M. A. discovery well. We own and control two thousand acres choice leases between the K. M. A. well and Archer City, ranging in price from twenty-five dollars per acre to fifteen hundred dollars per acre. This acreage is surrounded by drilling wells with some of them nearly deep enough to find the sand. There will be a large advance in prices this week so get in quick, but be sure to see us before you buy.

M'ADAMS AND LUSE,

515 Seventh street, next door St. James Hotel

HENRY ROBERTSON HELD UP AT GARAGE BY MAN WITH GUN

Emerging from the garage after putting up his car at his home, 1117 Tenth street, Henry Robertson, teller at the City National bank, at midnight Thursday night, found himself looking into the business end of a revolver and quickly obeying the injunction from the party at the operating end of said revolver to 'put 'em up'.

ENCOURAGING REPORT ON LOCAL HEALTH SITUATION

Reports that there were a considerable number of smallpox cases were very strenuously denied by both the city and county health officers Friday morning. There are at the outside only three or four cases and these are strictly quarantined, either in the pest house or in private homes.

PLAN FOR FINANCING ASSOCIATION LOCAL AMUSEMENTS

Plans for the regular financing of the Wichita Falls Producers and Refiners' association were discussed and agreed upon at a meeting of the executive committee meeting held Friday morning, and a campaign to this end will probably be inaugurated in the near future.

SMILEY IS SENTENCED TO TWO YEAR TERM

R. L. Smiley, plumber, drew a two-year prison sentence Thursday following his conviction by a jury before Judge H. F. Weldon in the 20th district court. Thursday afternoon Smiley was committed on a charge of attempting to rob a census enumerater, Henry Reed, by means of firearms.

CHARGE VIOLATION OF THE ANTI-NARCOTIC ACT

A complaint alleging violation of the Harrison act was filed Friday against Dr. A. H. Boswell of Spanish Fort, Montague county. It is alleged in the complaint that Dr. Boswell secured narcotic drugs for the purpose of professional use, but used the drug himself.

NO SPECIAL ELECTION FOR CITY ALDERMAN

The plan on the city council vacated by the resignation of H. F. Weldon will not be filled until the election in April, in the opinion of Mayor J. B. Marlow. The necessity of obtaining a petition for a special election and the fact that the regular election is not far off, Mr. Marlow says, would make it unwise to select a new councilman.

Local Brevities

Mr. and Mrs. D. G. Whitney will leave Saturday morning for California for a visit of several weeks. Mr. Whitney will drive through and will be joined by his father at El Paso, and take the southern route. Mrs. Whitney is going by train.

CHARGE MAN AND WIFE WITH BEATING A CHILD OF A NEIGHBOR FAMILY

That whipping another man's children is bad policy is evidenced by the experiences of a Wichitan and his wife who now face charges of aggravated assault after the husband had satisfied his anger by giving a neighbor's child a first-class chastisement.

ACTRESS G. O. P. DELEGATE

MISS ALEXANDRA CARLISLE Alexandra Carlisle, a widely known actress, who in private life is the wife of Dr. Albert Pfeiffer, a former surgeon in the United States Army, has announced her candidacy for delegate to the Republican National Convention from the Eighth Massachusetts District.

Amusements

BILL HART AT EMPRESS FRIDAY AND SATURDAY

Did you know Bill Hart was a Jazz King? He does a dance in "John Petticoats," his new Paramount-Artcraft picture, which was supervised by Thomas H. Ince and is running at the Empress theater Friday and Saturday, that will make the exponents of the "shimmy" and many a vaudeville toe artist take to the tail timber.

D. A. R. WILL MEET SATURDAY AFTERNOON

The Major Francis Grice chapter of the Daughters of the American Revolution will meet Saturday afternoon in the regular monthly session.

RODEO IS PLANNED AFTER FORT WORTH LIVESTOCK EXHIBIT

Directors of the Chamber of Commerce Friday morning voted their moral support to a "rodeo" exhibition following the Fort Worth stock show in March. The suggestion for the rodeo was laid before the directors by Mayor J. B. Marlow.

MAKING PROGRESS WITH REHEARSALS ELKS' MINSTRELS

The rehearsals for the Elks' minstrel to be given Feb. 11 and 12 are progressing nicely, according to George Higgins, who is staging the affair, and "some" show is promised on those dates. All of the songs which will be used in the minstrel are new hits of this year's Broadway production and most of them will be heard for the first time by local theatergoers.

FINAL WORD FROM HINES IS EXPECTED LATER IN THE DAY

WASHINGTON, Feb. 6. Rail Director Hines' "final word" to the railroad unions' wage demands is being revised and probably will be submitted to the workers' representatives late today. It is revision was undertaken when the union representatives indicated it was unsatisfactory.

GREAT OVATION TO PERSHING AT DALLAS TODAY

Guest at Informal Banquet Following Address and Inspection of Love Field

DALLAS, TEX., Feb. 6.—May day weather and thundering ovations greeted Gen. John J. Pershing when he came to Dallas today on his triumphal tour of western and mid-western cities.

From the moment he stepped from his train at the union station his reception became a series of spontaneous outbursts from the throngs packed into every available position along the line of march to the city hall.

Thousands jammed their way into favorable positions in front of the city hall to hear the famous soldier's thanks for the welcome he had received.

After his address, an inspection of Love Field, an aviation camp, occupied the general's attention, and at noon he was guest at an informal banquet at a downtown hotel.

This afternoon's program included an address to school children at the coliseum in Fair park, whence he was escorted by columns of high school cadets.

Late today General Pershing will address the local post of the American Legion at the city hall. He will have a two or three hour rest before the public banquet in his honor at 8 o'clock tonight.

General Pershing will be in Fort Worth tomorrow and large part of Sunday, going from there to Fort Sill, Oklahoma, for Monday; Oklahoma City on Tuesday; Little Rock on Wednesday and Memphis a week from today, according to his present schedule.

En route to the city hall from the union terminal, General Pershing's party passed the jail and to the general's surprise, wild cheers ensued from the barred windows, which were jammed with waving, yelling inmates. The general smiled, arose in his car and waved to the prisoners in acknowledgment of their outburst.

FORT WORTH PLANS TO WELCOME PERSHING

FORT WORTH, TEX., Feb. 6.—Committees from all the civic clubs and municipal government will assist the American Legion post in greeting General Pershing on his arrival here tomorrow morning.

An immense pair of Texas steer horns, silver mounted, will be presented to Pershing by the post and the presentation address will be delivered by Lucien Hovenkamp, who was an orderly for the general during part of his time in France.

MEXICO CITY, Feb. 6.—Earth shocks were felt at 12:50 o'clock this morning in the Vera Cruz region, according to reports.

MEXICO CITY, Feb. 6.—Mansel Tellez, the new first secretary at the Mexican embassy in Washington, left for the United States yesterday.

LONDON, Feb. 6.—G. H. Roberts, minister of food control, has resigned, the Evening News said today.

LONDON, Feb. 6.—The council of the League of Nations will hold its next meeting in London Feb. 11, it was learned today.

CHICAGO, Feb. 6.—Two men, William Edger and Joseph Hilkes, were killed here early today when a 60-gallon varnish tank in the Morris Furniture factory exploded from spontaneous combustion.

COAL MINERS APPEAL TO COURT FOR RELIEF

TOPEKA, KAN., Feb. 6.—Coal miners in the Orange county fields who have not been allowed to work since the general strike was called off have asked the new court of industrial relations to give them relief. It is claimed the operator says they cannot pay the 14 per cent increase without advancing the price of coal.

Thirty car repairer working for the Kansas City Southern railroad at Pittsburg who have been laid off since February 2, also have asked the court for aid.

AMERICA SAVAGELY ATTACKED BY PAPER PUBLISHED AT ROME

ROME, Wednesday, Feb. 4.—America is savagely attacked by the Epoca which today prints a lengthy comment on Secretary Glass' letter relative to further credits to European countries.

"Secretary Glass," the newspaper says, "does not take into consideration the fact that America did not participate in the war until western Europe was out of danger and that the United States took good care that Germany should not be excessively trampled upon and impoverished, she being an excellent American client."

FORMER GOVERNOR STUART SUCCEEDS HARLAN ON THE COMMERCE COMMISSION

WASHINGTON, Feb. 6.—Former Governor Henry C. Stuart of Virginia was nominated today by President Wilson as a member of the interstate commerce commission to succeed James S. Harlan of Indiana, whose term has expired.

ROAD CONDITIONS.

General remarks: All unsurfaced highways are improving rapidly. Fort Worth to (by dirt or unsurfaced roads):

Brownwood: Passable with light cars, rough, and many mudholes. Barkburnett: Passable by Azle, Boyd through Decatur to Wichita Falls.

Ranger: All roads had and given to mudholes, not reported open through journeys.

Southward points to Waco: Scarcely passable, rough, rutted and deep mudholes. Northward points: Scarcely passable in through journeys; rough, boggy at many places.

Wichita Falls: Passable, roads fair about Jacksboro, Wichita road grading and dragging.

No precipitation is probable over the above routes in the next 36 hours. Fred W. Hamner, Local Observer.

The ladies of the Episcopal church will hold a cake sale Saturday morning at the North Texas Furniture Store.

BUSINESS COUNCIL WILL MEET TONIGHT AT ELKS CLUB ROOM

The business council of the Chamber of Commerce will hold its second meeting tonight at 8 o'clock in the Elks club.

Considerable interest attaches to the meeting as it is expected complete reports, including the submitting of cost figures by several contractors, will be made on the matter of paving streets in the business district, also the paving of Ohio and Indiana avenues from Sixth street out to the river bridge.

The question of enlarging the general hospital also will be discussed. The hospital facilities of Wichita Falls are admittedly inadequate, and it is realized that immediate steps of some kind should be taken to provide more accommodations for sick and injured men and women here. At the present time there are scores of patients under medical care in hotels and rooming houses, who are sorely in need of hospital attention.

It is expected that several new business classifications will be adopted at tonight's meeting. Post card ballots have been taken during the past week, with the result that it is known that a number of trades and professions have still to be included in the council's representation.

MRS. MARY A. SALISBURY DIES IN KANSAS CITY

Word has been received here of the death in Kansas City, Feb. 4, of Mrs. Mary A. Salisbury, mother of Mrs. Etta Forsythe, who formerly was connected with the Wichita Conservatory of Music and Art. Mrs. Salisbury lived here with her daughter several years ago and there are a host of friends who sincerely sympathize with Mrs. Forsythe in her bereavement. Death was caused by an attack of influenza. The funeral service will be at the residence, 4209 Kansas City, Friday, conducted by Rev. J. L. McKee, D. D., formerly pastor of the First Presbyterian church of this city.

The housewife smiles with satisfaction as she looks at the basket of clear, white clothes and thanks Red Cross Ball Blue. At grocers, 5c.—Adv.

TRY US—ALL WE ASK IS A TEST!

If you have any doubt about our ability to serve you better than the average druggist—we ask for the privilege of convincing you.
PRESCRIPTIONS: Try us on prescriptions. We have a complete stock of pure, fresh prescription drugs and employ experienced pharmacists only—therefore we fill all prescriptions as your physician directs.

CHECKING LISTS OF THOSE OVERLOOKED BY THE ENUMERATORS

The names of scores of individuals who were missed on the first count continue to be reported daily to the federal census bureau. In answer to letters sent out by the bureau, many business houses and manufacturing plants have turned in lists of employees whose names were not obtained by the enumerators during the canvass of the residential sections of the city. Several firms, however, have placed a wrong interpretation on the bureau's letter, and in reply have sent in lists of their complete payrolls—thereby forcing the bureau to check over all its work laboriously to learn how

many individuals on such lists really have not been enumerated. What the bureau wants is simply a list of employees who are known to have been missed by the enumerators.

TEMPLE ISRAEL TO MEET TONIGHT AT 8

Regular services of the congregation of Temple Israel will be held tonight at 8:00 p. m. at the First Presbyterian church, corner of Tenth and Bluff. All members are urged to be present.

Card of Thanks.

We take this method of expressing our hearts gratitude to each one who in any way showed their sympathy and help in this sad hour. The lovely flowers were typical of the pure, spotless life which she lived, and we thank each of you who so kindly donated them. May the Spirit of God richly reward each of you for your kindness in our earnest prayer. A. J. Hallford and family. 251-119

VERNON DISTRICT COURT CONVENED LAST MONDAY

VERNON, TEX., Feb. 6.—The February term of the 46th judicial court opened in Vernon Monday with Judge J. A. Nabers presiding. The judge charged the grand jury to look into any violations of the anti-trust law, calling attention to the necessity of looking into any alleged unfair prices for lumber and other building material; into lotteries and adulterations of foods, particularly flour. A heavy docket is before the court. Lon Byars is foreman of the grand jury.

Notice to My Customers.
All who have left old hats with me must get them before Monday, as I need room for the spring stock. There can be no exceptions to this rule. Joza Dickson. 251-37p

COFFEE AND MORALE By FLORA G. ORR

Formerly Home-Economics Writer, United States Food Administration

Think back. Was there ever a time even during the most serious and crucial periods of the great war, when you were unable to have a cup of fragrant, aromatic coffee for your breakfast?
Other things disappeared from the grocery shelves, but there was always coffee. Other parts of the restaurant menu were seriously curtailed, but nobody struck coffee from the list.
No matter how hard the times coffee was always on hand.
Quite a bit of favoritism, wasn't it, or was it?
We learned, during the war, how to get along without sugar in cakes and desserts; we learned that we could eat cornbread and barley muffins in place of white bread; we learned how to cut down on meats and fats.
The Food Administration at Washington told us these things must be done and taught us how they might be done.
In addition to cereals, milk and cheese, fats and meats, the United States Food Administration must have had coffee under serious consideration.
For there were black times in 1918 when all ordinary commerce was at sixes and sevens. Unless we sent steadily every available ounce of food to the allies and our own soldiers, victory of the enemy seemed imminent. This meant that every ship not bound elsewhere on an absolutely necessary errand must be pressed into service for the direct shipment of food from the United States to France or England.
Eighty per cent of all the coffee imported into the

United States is grown in South America. From North America to South America and back is a fairly long trip and a very different voyage than straight across the ocean to France or England.
Yet there never was a time when ships were not being sent to South America for coffee. Why?
Because Mr. Hoover believed that the American people needed coffee.
Coffee tends to tone up the system when the body is temporarily below par. It stimulates the heart action. It assists digestion.
Nothing else can so cheer up a man who awakes with a groan or a down-in-the-mouth feeling. Nothing else makes him feel so good without any ill after-effects.
Wise wags have always known that the time to talk to a man is after the rolls and coffee, not before.
In other words, coffee is, as Mr. Hoover said when he was in office, "a psychological necessity."
So you did not have to get along without coffee during the war. At all times dealers were allowed to maintain a "visible supply" of one million and a quarter bags of coffee. This was not as much coffee as goes to make up the visible supply. But it was enough to "keep us going," enough to give each of us a cup of coffee every day.
Mr. Hoover was unwilling that the American people should have to go without coffee. He saw its direct relation to morale in war time. Mr. Hoover gave coffee its first official recognition as a necessity.
