PRESIDENT SIGNS RAILROAD BILL

Mexicans Murder More Americans

COUNT ON SPLIT BY REPUBLICANS TO SAVE TREATY

Believe Party Will Divide on Proposition of Making Question an Issue.

TO HASTEN RATIFICATION FOR REMOVAL OF CAUSE

Senator Hitchcock Has Long Conference With Senator Borah Saturday

WASHINGTON, Feb. 28.—Democratic leaders in the senate are counting on a split in the republican party at the Chicago convention to bring about ratification of the peace treaty this summer.

CHARGE PHYSICIAN WITH PASSING FORGED CHECKS

GRAND DUKE NICHOLAS IS LIVING IN ROME

THREE CHILDREN ARE BURNED TO DEATH IN HOME IN NEW YORK

NOGALES, ARIZ., Feb. 28.—Alexander Frazier, American storekeeper and mining engineer, is dead and his brother, J. A. Frazier, is in a critical condition as a result of a battle with two Mexican bandits who raided a general store owned by the Frazier brothers at Montana camp, Ruby post-office, 30 miles from here and near the Mexican line, late yesterday.

FORMER CONSUL IS KILLED BY BANDITS

WASHINGTON, Feb. 28.—Augustus Morrill, an American citizen and formerly a United States consul at Manzanillo, was killed by Mexican bandits on February 28 near Colima, state of Colima, the state department was advised today.

Charges Wife of 80 Is Crazy About Men And Has Affinities

Federal Building Basement Proves To Be Too Popular

EXUM IS CHARGED WITH FIRST DEGREE MURDER

CONTINUE THE POWERS OF FUEL ADMINISTRATION

WASHINGTON, Feb. 28.—Colin Clark, executive director of the railroad bill tonight, President Wilson issued executive orders providing for continuation of the powers of the fuel administration, but dividing them between the director general of railroads and a commission of four.

ORATORY AGAIN FAILS TO BRING TREATY RESULTS

Maneuvering Ends With All Agreeing Ratification Is Far Away.

LITTLE PROSPECT FOR A CHANGE IN ATTITUDE

Administration Forces and the Irreconcilables Have Been Thrown Together.

WASHINGTON, Feb. 28.—Another day of oratory and maneuvering in the senate ended tonight with virtually all elements in the treaty fight agreeing that ratification seemed far away.

SEARCH FOR BANDITS WHO KILLED OFFICER AT PLANO SATURDAY

WINDICATE STATE OFFICER INVOLVED IN LIQUOR REVOLT

IRON RIVER, MICH., Feb. 28.—Martin McDonough, state's attorney who defied federal prohibition officers in the "Comic Opera Rum Rebellion" in Iron county, was vindicated by authorities who conducted investigations into the affair, according to reports here today.

WEATHER FORECAST FOR COMING WEEK

WASHINGTON, Feb. 28.—Weather predictions for the week beginning Monday for the west gulf states are: Rain about Wednesday, and again Saturday; colder first of week; normal or above thereafter.

SHARP CRITICISM OF PRESIDENT IN SENATE DEBATE

Breaks Loose While Chief Executive Is Considering the Note of Premiers.

WASHINGTON, Feb. 28.—While President Wilson was considering today the latest note of the allied premiers on the Adriatic controversy, sharp criticism of the executive's course in the negotiations broke out in the midst of the peace treaty debate in the senate.

OKLAHOMA HAS ADDED A VOTE FOR SUFFRAGE

Amendment Is Ratified But The Emergency Clause Is Eliminated by Senate.

AUSTIN, TEX., Feb. 28.—Texas will oppose New Jersey's action in the United States supreme court attacking the constitutionality of the Eighteenth constitutional amendment, it was agreed today by Governor Hogg and Acting Attorney General Keeling. Texas will be one of the states to intervene, they announced.

SHEPPARD HAS SOMETHING TO SAY OF BAILEY

RECOVERING FROM FALL OF FIVE MILES IN FIGHT SATURDAY

DAYTON, O., Feb. 28.—Major R. W. Schroeder, who established a new world plane altitude record of 26,025 feet at McCook field yesterday and then fell five miles to within 2,000 feet of the ground, was resting easy at his home here today.

GREAT BRITAIN AND FRANCE ARE UNITED DECLARES DESCHANEL

LONDON, Feb. 28.—"France and Great Britain" are united, for says President Deschanel in a message printed in the Morning Post today.

"Blue Sunday" Is Off In Ft. Worth Today, Shows Will Operate

FORT WORTH, TEX., Feb. 28.—The "Blue Sunday" off in Ft. Worth, which was scheduled today, declared no arrests would be made today at any meeting places remaining open about 150 arrests were made last Sunday.

LEADING DEMOCRATS CALLED TO MEET IN DALLAS MARCH 6TH

DALLAS, TEX., Feb. 28.—A number of Texas Democrats, approving the national democratic administration, today issued a call for an unofficial meeting in Dallas, March 6, for the purpose of organizing for the election of delegates to the national convention, who are in accord with us.

PRESIDENT SIGNS RAILROAD BILL

(Continued From Page One.)

posed of workers and their families, but will be found particularly in the interest of the railroad employes as a class.

Selection of Men.
"The argument that the public representatives on the labor board will be prejudiced against labor because drawn from classes of society antagonistic to labor, can and ought to be overcome by selecting such public representatives as cannot be charged with any such prejudices. Nor do I anticipate that the public representatives will be against wage increases because they involve rate increases. Not only must public representatives be selected who can be relied upon to do justice, but they must itself provide that the labor board shall establish rates and wages and salaries, which, in the opinion of the board are 'just and reasonable,' and it is further provided that the entire labor board shall be guided by the very important standards which are provided in the law, those standards including the wages and cost of living, the relation between wages and the cost of living, the hazards of the employment, the training and skill requirements, the degree of responsibility, the character and irregularity of the employment, and the correction of inequalities as the result of previous adjustments. Coupled with the direction to the labor board I take into consideration these important standards is the highly important direction to the commission to pay rates sufficient to admit of the payment of the reasonable operating expenses, including, of course, fair rate of wages."

Hopes for New Era.
"My hopes are that the putting into effect of these provisions with a carefully selected labor board whose public representatives can be relied upon to be fair to labor and to appreciate the point of view of labor that it is no longer to be considered as a mere commodity, will mark the beginning of a new era of better understanding between the railroad managements and their employes, and will furnish additional safeguards to the just interests of railroad labor."

Investing Mr. Hines with the powers granted to the President by the bill, Mr. Wilson made one exception. The President will himself later name the agent or agency of the government against whom suits may be brought to satisfy claims arising out of government control of the railroads as provided in Section 206 of the act.

Return Roads Monday.
At 12 o'clock Monday the government will hand over to their owners 240,000 miles of main line railroad and terminals and equipment valued at approximately \$2,000,000,000, over which its direct authority has been extended since Dec. 28, 1917.

Made Service Possible.
"It made practicable a war transportation service which could not otherwise have obtained," he said. Answering directly assertions that the road would be returned "wrecked," Mr. Hines declared they would be restored in a condition which compares favorably with that in which they were taken over and in his opinion in better shape to meet demands upon them than they would have been after two years under private management. The administration, he said, had made every effort to observe the contractual obligation to maintain the properties in substantially as good condition as it received them. He pointed to the expenditures of approximately \$1,200,000,000 for improvements, equipment and building as proof of this.

Pershing's Name Is To Be On Michigan Ticket
LANSING, MICH., Feb. 28.—The name of John J. Pershing will appear on the Michigan presidential primary ballot, it was announced at the office of the secretary of state today.
Petitions containing the required number of signatures were filed by Port Huron citizens.

ROPER GOING TO QUIT PLACE AS REVENUE MAN

Announced That He Will Submit Resignation At An Early Date.

WASHINGTON, Feb. 28.—Daniel C. Roper, commissioner of internal revenue has decided to resign his position, although his resignation has not been submitted as yet, it was learned at the treasury department today.

NO MONEY TO STOP SMUGGLING OF LIQUOR
WASHINGTON, Feb. 28.—The house unanimously refused today to appropriate \$1,000,000 for use until July 1 in attempting to prevent the smuggling of liquor over the Canadian and Mexican borders. Provisions for the appropriation had been inserted in the general deficiency bill by the senate.

Chairman Good of the appropriations committee said the expenditures would be "useless."
"If we are to patrol the Canadian frontier of three thousand miles and eighteen hundred miles of Mexican border to search travelers for liquor," he said, "it will take millions of dollars and require three searching shifts a day."

Representative Cannon, Republican, declared that "nothing short of the army, the navy and the coast guard could stop the smuggling of liquor into this country so long as there was a demand for it."

REPUBLICANS DENOUNCE NATIONAL PROHIBITION
ST. LOUIS, MO., Feb. 28.—National prohibition was denounced and congress was asked to repeal the eighth amendment in a resolution adopted here today at the tenth district Republican convention, called to elect delegates to the national convention at Chicago.

REPORT ON CONDITIONS OF RESERVE BANKS
WASHINGTON, Feb. 28.—Combined resources of the 12 federal reserve banks at the close of business February 27 were as follows, according to the weekly statement of the federal reserve board:

Resources:
Total gold held by banks, \$705,000,000.
Total gold reserves, \$1,966,826,000.
Total reserve \$2,671,826,000.
Total bills on hand, \$2,984,878,000.
Total earning assets, \$3,279,232,000.
Total resources, \$6,416,256,000.
Liabilities:
Total gross deposits, \$2,911,502,000.

THREE TRUCKS ARE DESTROYED BY FIRE; LOSS IS \$10,000

Three 2-ton trucks, valued at around \$10,000 and a frame garage at 1400 Third street of the Lone Star Trucking company, were totally destroyed by fire about 10:30 Saturday night. The fire which was thought to have been caused by an explosion had gained such a start on the fire fighters that all they were able to save was one of the trucks. Over 1,000 feet of hose was laid to the scene of the conflagration. All of the local apparatus including the new White pumper answered the alarm. None of the tents in the immediate vicinity of the fire ignited and the flames were under control soon after the hose line was laid.

CORNERSTONE NEW JEWISH SYNAGOGUE TO BE LAID TODAY

This afternoon at 4 o'clock the ceremony of the laying of the cornerstone of Temple Israel Synagogue, the first house of worship which the Jewish congregation of Wichita Falls has built, will take place at the building, the corner of Eleventh and Burnett. Should the weather be too inclement for our doors the program will be given at the First Presbyterian church, corner of Tenth and Bluff. The public is cordially invited to attend, and a special invitation is extended to members of the other congregations of the city.
Dr. David Goldberg, the rabbi, will be assisted by the pastors of the First M. E. Church, South, the First Christian and the First Presbyterian church in the program. The Sabbath school will furnish the music with Mrs. H. Goldstucker as song leader and Mrs. J. L. Art at the piano.
Into the cornerstone will go the constitution and bylaws of the congregation.

tion of Temple Israel, and a list of the charter members of the congregation, newspaper accounts of the event, copies of the year 1920 and the prayer book. The complete program follows:
Hymn No. 209, Union Hymnal—Temple Israel Sabbath School.
Opening Prayer—Dr. David Goldberg, Rabbi Temple Israel.
Felicitation—Rev. Dr. J. Lem Keevil, First Christian Church, President Pastors' Association.
Sanctification—Temple Israel Sabbath School.

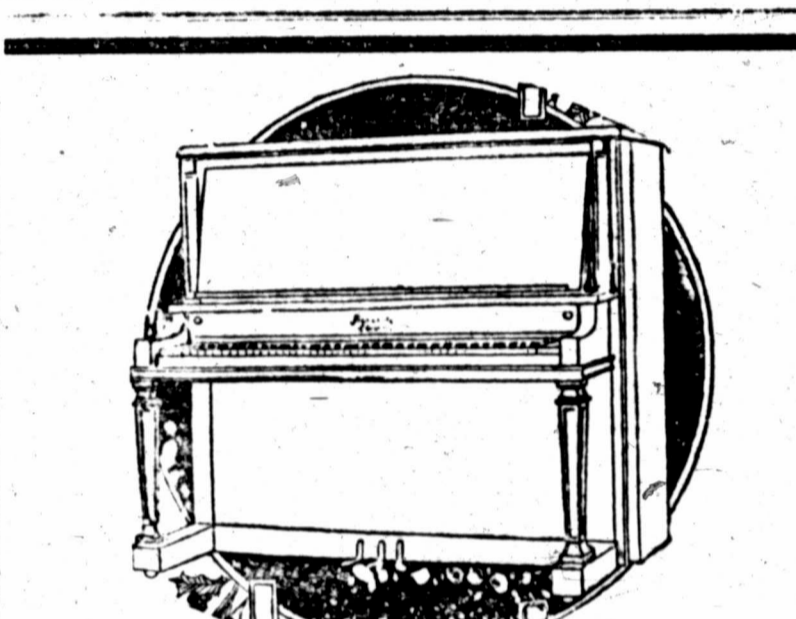

Common Ground—Rev. Dr. N. F. Grafton, First Presbyterian Church.
The Laying of the Corner Stone.
Short Address—Rev. Dr. Kalkreuth, First M. E. Church, South.
Hymn No. 211, Union Hymnal—Temple Sabbath School.

Closing Remarks and Benediction—Rabbi David Goldberg.
Modern five-room house furnished \$7,000; terms. Phone 2657. 274-1tp

GENERAL RAIL STRIKE CALL ON FRENCH ROADS

Demand Recognition of Union and Application of Proposed Graded Wage Scale.

PARIS, Feb. 28.—Trainmen and other employes on all the railway lines of France have been called out by a general strike order issued today by the National Federation of Railwaymen. Limited train service was maintained throughout today, however, with the aid of men mobilized from the railway division of the army and civilians who offered their services.

The ministry of public works has organized a service to enroll volunteers to replace the strikers, to operate automobiles and aid in the work of victualing.

The National Federation of Railwaymen tonight formally issued the conditions on which the strikers will return to work. These consist of recognition of the union, application of the proposed graded wage scale, joint grievance commissions, immediate consideration of the future status of the railroads and no strike reprisals.

The general federation of labor has a declaration asserting its solidarity with the railwaymen, assuring the public of the justice of their cause and affirming that the present situation represents an attack on union rights which the law recognizes. "It is a question of unionization of the railwaymen or returning the railroads to the public," the declaration says.

HUNDRED AND TWENTY GERMAN VESSELS TO BE DELIVERED TO ENTENTE

BERLIN, Friday, Feb. 27.—One hundred and twenty vessels, including eight battleships and a number of cruisers, will be handed over to the entente next week by the German government under the terms of the treaty of Versailles, according to an announcement made at a meeting of the Association of German Fishermen at Hamburg. These vessels, the announcement said, would be manned by officers of the German mercantile marine.

Excitement prevails at German seaports as the time approaches for delivery of the last German commercial ships, and several unions have appealed to the government, advocating the retention of the boats. It is pointed out that reconstruction of the industry may be impossible and that new disturbances in the labor market are inevitable.

FORECAST RAILROAD CONSTRUCTION BOOM AFTER MARCH FIRST

CHICAGO, Feb. 28.—A railroad construction boom was forecast by railroad officials here today. This boom, one official said, "is bound to come" as soon as roads are returned to private ownership.

"The railroads will have to build many new lines," L. C. Rice, assistant to the chief engineer of the Santa Fe, said.

Before the war the Santa Fe was constructing at least 100 to 150 miles of new track a year. "During the time the government was in control, the Santa Fe constructed fifty miles of new track," Rice said.

J. C. Holt, chief engineer of the Chicago, Milwaukee & St. Paul railway corroborated Rice's statement.

"A railroad boom is sure to come," Holt said. "How soon it will start I cannot say. We will have to see how large a treasury we have when the government turns back the railroads."

WANTS BODY EXHUMED BECAUSE SHE BELIEVES IT THAT OF HUSBAND

ST. LOUIS, MO., Feb. 28.—Murder, political intrigue, child abandonment, search in the Alaskan wild, races for gold was mingled in the story told to Assistant Coroner Wm. Deever here today by Mrs. Sophia Schaub, St. Louis, who asked that the body of a man known as L. D. Anderson buried here last December, be exhumed because she believed him Wm. A. Schaub, her husband and "wheat king" of Southern Illinois years ago.

Schaub disappeared 25 years ago and went to Alaska after being ruined in political and wheat deals, the woman declared. A feud in which one man was killed also figured in Schaub's life in Southern Illinois she said. She and several children were left behind when he went to Alaska, it was claimed.

PETITIONS CIRCULATED TO HAVE EDWARD'S NAME PLACED ON THE TICKET

CHICAGO, ILLS., Feb. 28.—Petitions were being circulated here today for the nomination of Gov. Edward J. Edwards of New Jersey, as the democratic candidate for president in the state democratic primary April 13. Similar action throughout the country will be taken during the week, political leaders here said today.

The action here was fostered by fifty acknowledged wets who declare they will force the prohibition issue into the 1920 presidential elections. They will stand for the nomination of Governor Edwards at San Francisco, they insisted.

Those backing this action will insist on support of candidates favoring a "light wine and beer" amendment to the prohibition act, they declared. Democratic and republican candidates in the state primary will be asked their stand on the wet and dry question, they said.

CHAMP CLARK IS EXPECTED TO BE CANDIDATE FOR PRESIDENT WITH THE SUPPORT OF BRYAN

Special to The Times. WASHINGTON, D. C., Feb. 28.—Champ Clark, with the backing of William J. Bryan, may shortly become a candidate for the presidential nomination. A statement from the former speaker is expected daily now, and his friends believe he will cast his hat into the ring.

At the Baltimore convention nearly eight years ago Mr. Clark had the nomination in his grasp and lost it through Mr. Bryan's desertion to the standard of Woodrow Wilson. Now, it is said, Mr. Bryan has repented of that action at Baltimore, is at odds with the President on many great issues, particularly the peace treaty and universal military training, and has turned to Champ Clark as the most available man in the democratic party to head the presidential ticket at San Francisco.

So far Mr. Clark is keeping quiet about these reports, but it was reliably reported around the capitol today that the famous Missourian, who was four times speaker of the house and who has served 13 terms in the house, will make the race.

The democracy could go far and search wide for a better candidate than Champ Clark, declare his friends. They point out that Mr. Clark would not be opposed by labor, the railroad workers, the suffragists, or the prohibitionists. His record is straight with all four of these interests.

An interesting piece of gossip is going the rounds at the capitol. It is that four years ago Mr. Bryan, dissatisfied with Mr. Wilson, wanted Clark then to run against the President. Mr. Clark, however, would have none of that scheme. Now, however, the situation is unchanged, and with the practical certainty that Mr. Wilson will not be a candidate for a third term, it is anybody's race for the nomination, and why not Champ Clark, say his many friends in house and senate.

Champ's constituents in the Eighth Missouri are opposed to him becoming a presidential candidate—for the simple reason that he has served them so long in the house that they want to keep him there as long as he lives, to continue to look out for their interests.

CHAMP CLARK

STUDENTS AND TEACHERS ARE DISMISSED BECAUSE THEY MADE RAISIN WINE

CHICAGO, Feb. 28.—Four students and two teachers at Kemper Hall, an exclusive school for young women, at Kenosha, Wis., were expelled Thursday for "flagrant violation" of school rules. It became known today that Rev. Alfred Griffin, rector of Kemper Hall, would not discuss the dismissal except to say it was for a violation of school regulations, but the students passed out the report the girls and two teachers were found making raisin wine.

Dr. Griffin declined to discuss the "moonshining" report but denied a report the girls were dismissed because they had been gambling with dice. An order was issued forbidding students to discuss the dismissal.

CHITSEY COMMISSIONER INSURANCE AND BANKING

AUSTIN, TEX., Feb. 28.—J. C. Chitsey, Austin, formerly chief national bank examiner of the Eleventh Federal Reserve district, has been appointed state commissioner of insurance and banking. It was announced today. He succeeds George Waterly Briggs, resigned.

WANT SPECIAL SESSION TO FIGHT BOLL WORM

AUSTIN, TEX., Feb. 28.—A special session of the Texas legislature to plan a fight on the pink boll worm was urged on Governor Hobby today. The pink boll worm commission appealed to the governor to establish and maintain by state appropriation continued as long as the menace exists.

This Bank Will Be Closed all Day Tuesday Texas Independence Day

Picture to yourself the pleasure of owning and living in a home as charming as this; artistic and home-like in every line and emphasizes the home feeling. It stands for sun-light and cheer, inside and out, the large porch with colonial columns are features you will like. Entering the living room, with its big fire-place, one of those real fireplaces where you can have a big easy chair and rest; opening into the dining room are large French doors with book cases on each side, the dining room is complete with built-in buffet; from the dining room you enter the breakfast room, which also has built-in buffet; notice the handy arrangement of closet for table leaves and other things, it is always a question where to put them. The outside entrance is very convenient. The kitchen, by far the most important room in the home, is a model of compactness, the one aim here is that work may be done with as few steps as possible; a large screen porch, sleeping porch, attic storage, are other features of this splendid design.

With all its roominess there is commendable compactness about this house, the bedrooms are large, amply supplied with closet room, all conveniently arranged, large well arranged bath with tile floor, best plumbing and finished in white. Study this plan and see if your house choosing problem is not most satisfactorily settled here.

PROGRAM COMPLETE FOR ANNUAL REUNION OF THE TEXAS EXES

Preparations have been completed for the annual "Texas Exes" reunion and banquet at the Golf club, Tuesday evening at 7:30. Many reservations have already been made, and a much larger attendance than in former years is expected because of the greatly increased number of "exes" in Wichita Falls. The "exes," be it understood, are ex-students and alumni of the University of Texas, and it has been the custom for many years for them to gather, wherever they are, on March 2, Texas independence day, for a reunion.

Tuesday night's affair consists of a banquet, followed by an informal dance. Orville Bullington will be toastmaster, and speakers will include C. I. Francis, S. A. L. Francis, R. F. Bailey and Judge James C. Wilson.

Reunions are held by "exes" in every city of importance in Texas, and in quite a few cities in other states, including New York city, Chicago, San Francisco and New Orleans.

The reunion here will be participated in by not only the students of Wichita Falls, but by those of other parts of northwest Texas. Reservations may be made with C. I. Francis, Phone 2599.

SAYS NEED OF KATY IS AN EXPANSION OF FACILITIES OF ROAD

Stating that the great need of the M. K. & T. at the present time is an expansion of transportation and terminal facilities, C. E. Schaff, receiver for the road, outlined the program that is to be followed with the return of the roads to private ownership Monday morning. The program is so constructed as to lead toward placing the railroads on a pre-war footing, and to return the railroad securities to public favor as an investment.

Mr. Schaff looks for an increase in transportation rates in order to meet the cost of expansion, and asks the public to be patient with the heads of the various roads. Following is his statement issued at St. Louis Saturday:

"The traffic volume of the M. K. & T. has increased practically 50 per cent since 1914," said Mr. Schaff, today in a statement expressing his views in connection with the return of the railroad to private operation. "There has not been corresponding development of our transportation capacity."

"During the years immediately preceding the war, our net revenues were not sufficient either to provide directly for material expansion or to attract new money to railroad investment. During the war, the necessities of the military situation precluded undertaking extensive improvement work. Since the end of the war, the railroad situation has been so uncertain, with attending lack of railroad credit, that there has been no substantial progress toward recovery of the ground we have lost since 1914 in development of our transportation capacity. The result has been that the railroads generally are now in great need of enlarged terminal facilities, additional locomotives, cars and many other things in the way of additional facilities and equipment."

"It is the purpose of the M. K. & T. management to proceed with this expansion of our facilities as soon as it is possible to do so. In my opinion, most of the deficiencies in service which the public has expressed dissatisfaction during recent months, have been largely due to the fact that the country's traffic has greatly outstripped transportation facilities, and hence, our capacity is the most pressing need of the railways, particularly in the southwestern territory."

"However, the public should be in mind that the progress we should make toward providing these facilities is contingent upon the restoration of the market for our securities and our operating expenses. In it required practically 93 cents out of each dollar taken in by the M. K. & T. in earnings to meet operating expenses. With so small a margin between earnings and expenses, it, of course, will not be possible to finance improvements from earnings, nor will it be possible to attract new money to railroad investment."

"It is not practical to expect that such improvement in this situation can be brought about through reduction in expenses to greatly relieve the situation, but we anticipate that the interstate commerce commission will be able to make such improvements in the new law, increase transportation rates sufficiently to restore an operating ratio which will return railroad investments to public favor. Until that is accomplished, we will not be able to make progress in the development of additional facilities that will be satisfactory either to the public or the railroad management."

"During the period required to definitely re-establish railroad credit, it will be unfortunate if disappointment at failure to immediately restore service to pre-war standards shall take away from the railroads the public sympathy and support upon which we are so largely dependent, and which has influenced the return of the railroads to private operation. If we fail to do everything reasonably within our means to improve the conditions with which the public has expressed dissatisfaction, in recent months, we will, of course, in a measure, forfeit our claims on public patience and support. The M. K. & T. will proceed along the lines which will entitle us to public confidence in our purpose to provide adequate and satisfactory service, and I trust that we may en-

OF INTEREST TO WOMEN

The art champion of Wellesley College is Miss Maud Ludington who is also an expert skater.

The "Leonard Wood League" of New York has a Woman's Committee in charge of Miss Juliana Cutting.

It is a matter of note that democratic Queen Mary of England personally directs the complicated affairs of her royal household.

It is planned to operate five public kitchens in Madrid and the first one was opened a few days ago by Queen Victoria of Spain.

New Jersey is considering the proposition of paying young women to take normal school courses thereby fitting themselves to become teachers.

West Chester, Pa., is about to form a ski-riding club the sport having been introduced by Miss A. E. Nelson during the west heavy snowfall.

An American girl, Miss Vera Bloom of New York, who with her parents succeeded in razing the blockade into Flume and greeting D'Annunzio, was decorated by the

poet-soldier with the Star of Flume. It makes Miss Bloom captain of the Italian Arditi, the only woman officer in any of Italy's forces.

In one of New York's former East Side saloons, children now buy dolls where their fathers formerly bought intoxicants, daisy and lily.

The University of Pennsylvania Medical students have presented a resolution to the faculty protesting against women students in that department.

A Portland bridegroom is obliged to give his bride a certain sum of money in addition to the other presents. If he is in moderate circumstances, he gives his bride two complete dresses, a ring and a mirror.

Miss Antonette Venask, who has been made janitress-engineer of one of New York City's public schools, is the only licensed woman engineer in that state, she having successfully passed a test with a percentage of 85.

During the recent coal shortage, the bungalow village of Verga, South Jersey, became almost entirely dependent on a railroad. One of the largest forest wood-yards in the section is superintended by Mrs. Thomas Dearlove.

The new beam in Lansdale, Pa., for electric service now of that town belonging to the American Legion, will be erected by citizens and furnished by the women of the borough, who as individuals and organizations, are planning various ways of raising money.

The bronze memorial tablet to be erected by the citizens of Media, Pa., to all residents who saw service in the war will record the names of two women, Miss Alice Ireland who died overseas and Miss Grace Calvert.

The only woman whose name appeared on the list of Germans demanded by the Allies is Miss Elise Scheiner who had charge of the women's concentration camp

at Valenciennes, France, during the war. It is asserted that Miss Scheiner incurred the enmity of Allied women spies who were imprisoned at her camp.

A seventeen-year-old Italian girl and her mother, Mrs. Joseph Carelli, were made prisoners at Camden, N. J. City Hall a few days ago and a joint reception was afterwards held by the two couples.

The first woman to get an expert pilot's certificate from the Aero Club of America, is Miss Yelena K. Nelson, Boise, Idaho, she knows airplanes thoroughly having worked in an aircraft factory during the war.

The Prince of Wales has popularized the "Robber" or "Paul Jones" dances, which are being introduced in some West End clubs, by the royal approval which he gave to them during his visit to the United States.

A chair of Political Study will be endowed at Bryan Mawr College as a permanent memorial to Mr. Anna Howard Shaw, as the result of a decision made at the "victory convention" of the National American Suffrage Association at Chicago.

A foundling asylum is maintained in connection with the Maternity Hospital in Havana, Cuba. A revolving drum is so placed that an infant can be put in it from the outside and a waiting sister of the institution removes it from the inside.

The Alaska Native Brotherhood is endeavoring to stop the practice of selling Indian women in marriage, which is contrary to the principles of the American government and detrimental to the rising generation of Indian-Americans of Alaska.

One of the most interesting characters in the American pageant given on Lincoln Day in Washington by the Mary League was Mrs. Gertrude Bostain, granddaughter of Chief Sitting Bull. This full-blooded Indian lady has spent most of her life doing community work among her people.

DECEMBER TERM OF THIRTIETH COURT IS ENDED ON SATURDAY

The December term of the 30th district court closed here Saturday. The last criminal case was disposed of Friday and Saturday forenoon was given over to the disposition of civil matters. Judge Weidon and District Attorney Fletcher Jones will leave shortly for Graham where court will open on Monday.

A large number of cases, both criminal and civil, have been disposed of during the December term of the 30th district court. One of the most noted cases was that of Blackie Harris, convicted on an indictment alleging robbery by firearms. He was sentenced to serve 20 years in the state penitentiary. Another case which attracted wide attention, was that of the state vs. Boots Hedrick, who was acquitted of a charge of murder in connection with a shooting affair at Newtown early in January.

Frank Ruth, barber, was acquitted of a charge alleging attempt to commit the crime of arson. This was one of the most sensational trials of the December term and attracted wide attention.

HAVE ABANDONED LOCAL CAMPAIGN NEAR EAST RELIEF

Opposition from representatives of local organizations has been such that the proposed campaign in the interest of the Near East relief has been cancelled. It was announced Saturday by W. R. Duke, who with B. F. Johnson, has charge of the campaign. The preliminary work of the campaign had been practically completed, but the expenses incurred were borne by the members of the local campaign committee, and the check for campaign expenses was mailed back intact to the headquarters of the organization. All expenses of this campaign which ran into millions last year and will again this year, are borne by a number of big eastern business men, and all of the money collected goes to the relief of the people of the east.

CITY ELECTION LIKELY BE RESULT

Although the council at its first Tuesday in session will not elect a mayor, the purpose of the new charter, which includes a term shall be in effect on the date of its adoption. That all permissive provisions of the charter shall be in effect until the performance of the duties of the city council under the charter is complete. Under this provision the city council will not come into effect until the election of the city council is held. The council will not come into effect until the election of the city council is held. The council will not come into effect until the election of the city council is held.

Card of thanks to our sympathizer, wife, daughter and son-in-law, Mrs. E. B. McKee and family. When you need G. W. Winburne

CITY ELECTION WILL LIKELY BE POSTPONED RESULT OF CHANGE

Although the regular city election will probably be called by the city council at its next meeting for the first Tuesday in April, the 6th, the election will not be held and the naming of a mayor and aldermen deferred 30 days, if the new charter to be voted on March 30 is adopted, according to one of the popular interpretations of Sections 143 and 144 of the new charter, which provides that "for the purpose of nominating and electing members of the board of aldermen (which includes the mayor) the charter shall be in effect from and after the date of its adoption, and provides also that all persons holding administrative office at the time this charter takes effect shall continue in office and in the performance of their duties until provision shall have been made under the provisions thereof for the performance of these duties or the discontinuance of such offices."

Under this provision officers elected at the regular city election, which does not come until after the charter goes into effect, would have no standing, and the present mayor and aldermen would continue in office until provision is made for the election of their successors, which can not come under 30 days. The two sections containing these provisions, which were drawn for solving the difficulty brought about by the closeness of the regular election under the old charter to the date of the charter election read as follows:

"Section 143. All persons holding administrative office at the time this Charter takes effect shall continue in office and in the performance of their duties until provision shall have been made, in accordance with the provisions thereof, for the performance of such duties or the discontinuance of such offices. The powers conferred and the duties imposed by law upon any office, commission, board or department of the city abolished by this Charter shall, upon the taking effect thereof, be exercised and discharged by the office or department designated by the Board of Aldermen unless otherwise provided herein.

"Section 144. For the purpose of nominating and electing members of the Board of Aldermen this Charter shall be in effect from and after its adoption, and in all other respects it shall be in effect from and after the twelfth day of April, 1920. Upon taking effect of any part of this Charter, the provisions of any ordinance or of the City Charter previously adopted in conflict with such part shall be deemed repealed, and any ordinance in conflict with this Charter shall be deemed repealed."

Cards of Thanks.
We wish to express our most sincere thanks to our many friends for their sympathy and assistance during the death of our beloved wife, daughter and sister. W. W. Wagner, E. B. McKee and wife, E. B. McKee and family.

CLEAN-UP CAMPAIGN UNDER AUSPICES OF CITY STARTS MONDAY

Commencing Monday, March 1st, the Wichita Falls Cleanup Campaign will be a municipal governed affair, this growing out of the work of the Civic League, with the co-operation of the city and the Chamber of Commerce and Dr. A. H. Douglas, city chemist, will be the executive head of the campaign. The cleanup will be continued throughout the year, instead of being a matter of a few weeks, and the city wagons that have started their rounds will be continued throughout the summer, Dr. Douglas announced.

Division of the city into three districts with a special officer to patrol the districts and make reports on sanitary conditions, and to see to the enforcement of the sanitary laws, will also be undertaken immediately. By this means it will be possible to have every week Cleanup Week in the city, and to prevent conditions from becoming bad in any one section by the constant attention.

The Civic League sanitation committee and the special district committees for the cleanup, are continuing their inspection, good progress being reported on Saturday. All reports on this work are to be made direct to Dr. Douglas, who will take the necessary steps to have unsanitary conditions corrected, and will direct the movement of the city wagons hauling the trash.

Five wagons, one to each district will be put to work Monday and again the plan is made that all trash be collected ready for the wagons when they come around. Tin cans and other rubbish will be hauled by these city wagons at the rate of 15 cents a barrel, as previously announced.

EMPHASIZES NEED OF HUMANE OFFICER AND A DAY NURSERY

Emphasizing the need of a humane officer and a day nursery for this city, Mrs. C. E. Ousley, executive secretary of the Welfare Council, issued a statement Saturday which outlines the real needs of the city as proposed to be provided by the council. The statement is preliminary to the drive for funds for the work which is to open Wednesday.

"The statement follows: 'The work of our organization is to carry out a comprehensive plan of community welfare. To build up those in whom it is interested, physically, economically and morally. Through its department of social service relief, community nursing, it will be able to establish normal conditions in the families involved. 'Widows should be helped on a different basis from deserted wives, or wives with shiftless husbands. Widowhood is not increased on account of unwise charity, though of desertion may help widows with both hands; deserted wives with one hand; wives with able-bodied husbands with neither. The evil of wife desertion is growing so serious that men drop their families on charity with confidence whenever there is a new baby or a family jar. It will not do to help a wife, merely because she says she is deserted. The husband is often around the corner. Our humane officer's duty will be to look after such husbands. 'The treatment of children is almost the whole of charity, and yet only the barest outline can be sketched here. Our plan is to have a day nursery where children can be cared for while their mothers work. We will have a woman in charge who will be there all the time. Our community nurse will visit the nursery each day to see that the food is properly prepared. The right living of one child may be the means of benefiting the entire family. Many children have all outdoors to play in and yet, on the whole, they know very little about how and what to play—adequate playground is not a luxury, but a necessity for the welfare of children. 'We have 42 such children waiting to be admitted into our day nursery. The mothers of some are staying at home, and the older children working, while other mothers are working and the children are running the streets. 'These boys and girls will be some of our future business men and women, so let's begin now to teach them what a normal standard of living means. 'Without attempting a scientific analysis, we may set up as the irreducible minimum of elements in normal life these five—health, education, employment, recreation and spiritual development. Even so simple a standard of normal life is not reached by many families, whatever their position in the social scale; and the absence of one or more of these elements does not necessarily mean dependence, but it does mean abnormal life, of which dependence is one form."

MOVE OFFICES TO THE CITY BANK BUILDING The offices of C. H. Clark, B. B. Greaver, the Red River Oil company and the Shamrock Oil company have been moved from the fourth floor of the Kemp and Kell building to their new quarters on the eighth floor of the City National Bank building.

REPUBLICANS ARE TO PLACE COUNTY TICKET IN FIELD

Wichita county republicans will place a full county ticket in the field. This announcement was made Saturday by O. P. Maricle, republican county chairman. This course was decided upon at a conference of republicans Friday night. It is planned to have not only a full county ticket, but nominees for district offices as well, with probable exceptions of judicial district officers.

"There is a big republican vote in Wichita county," said Mr. Maricle Saturday night. "We will make a big showing if all the republicans will vote. There will be a chance for electing part of our ticket, I believe. This is a republican year."

It is expected that the republican ticket will be nominated at a mass convention.

HAILE & SONS TEST IN TILLMAN COUNTY REPORTED ON SAND

Haile and Sons in Section 7-14, Tillman county, is the latest Tillman county test to be reported on the sand, having picked up the sand at around 1,600 feet. Casing is being set in this test, and a standard rig is being moved on, as is the case with the test of the Panhandle Refining company, in the same section, which was reported at the top of the sand during the latter part of the week. A third test in the same section is also being standardized, that of the Gipsy Oil company, which have set their casing in shale at 1,502 and are moving on a standard to go the rest of the way.

The second hole of the Texas-Tillman in the same section, which was begun after the first hole had been lost just after picking up a sand with a strong showing just below 1,500 feet, is drilling around 700, having made unusually rapid progress since the beginning of the new hole.

The test of Moran and Pennington in Section 12-15, adjoining Section 7-14, is drilling around 1,000 feet.

READY TO DRILL IN BLUE VALLEY WELL IN TILLMAN COUNTY

Preparations are being made to drill in on the Blue Valley Oil company's test, in Section 24-14, Tillman county, and to the northeast of the Testerman well, according to a report from the company Saturday. The standard rig will be completed today, and everything will then be in readiness to drill into the sand, which was penetrated at 1,750 feet several weeks ago, and which was entered a short distance with a reduced hole. This test, like other Tillman county wildcats, has aroused considerable interest, and it is at present promising interesting developments within the next few days.

Additional importance is attached to its showing as the result of other developments in this section of Tillman county, among them being the report that the Hedrick test, close to Red River, and almost directly south of the Blue valley, is standardizing, instead of being abandoned as had been previously announced.

RED RIVER COMPANY PLANS ANOTHER WELL IN TILLMAN COUNTY

The immediate starting of a second test on their section 2-14 acreage to drill for the sand picked up by the Testerman test, three-quarters of a mile to the east of them, is planned by the Red River Development Company, who passed through the sand in their first test on this tract, it was learned on reliable authority Saturday.

The missing of the first sand, always an easy matter with a rotary hole in unknown territory, is attributed to the mistake of a new driller, who not knowing that in order not to miss possible production, that the test was being ratholed down at night only as far as it was ratholed in the day, kept on drilling and drilled through the upper sand.

Standard tools are being moved on the first test, and it will be drilled on down to a greater depth, as the formation the test is now in is considered unusually favorable.

The Sheegee test.

In the Sheegee, Fisher and Gilliland, in the same section with the Red River, which also passed through the Testerman sand, it is also expected that it will be carried on down to a considerable depth to test the present formation, before plugging back to the Testerman sand. At present this test is fishing for drill pipe in the bottom of the hole, but it is expected that it will be cleaned out and drilling resumed during the present week. This test is three quarters of a mile west and a little south from the Red River Development Co. test. Standard tools are being rigged up on the Testerman, the first producer on the Oklahoma side of the river, to drill further into the sand and complete the test. While at present the test has a considerable amount of mud in the bottom of the hole, and is drilled but six feet in the sand, it continues to make strong heads after the swab has been run, according to the Saturday report.

Nearby Same Depth.

The Hugo Oil and Development Co. test, a half mile northwest of the Testerman, is nearing sand depth, being expected to reach the depth of the Testerman sand in the next 40 or 50 feet. The progress on this test is unusually slow, as the operators are reported feeling their way down to sand depth.

In the cable tool test of the Fisher Whaley Oil Co., a half mile northwest from the Hugo, it has been found necessary to pull and reset some of the eight-inch casing in order to carry the eight-inch down to a greater depth. At the office of the company here the expectation that drilling would be under way again in this test during the coming week was expressed Saturday.

Several new rigs have recently gone up to the east of the Testerman, between this test and that of Hedrick et al, two miles east, in section 34-14, recently reported abandoned. Among these is a rig belonging to the Red Chief Oil Co. in section 33.

FORT STEUBEN CO. WELL IN BLOCK 55 ESTIMATED AT 200

Completion of the No. 2 Kemp and Kemper, of the Fort Steuben Oil Company, in block 55, is reported. The sand was entered at 800 feet, and estimates on the flush production are as high as 200 barrels. The No. 1 of the company, on this tract, has been completed several weeks, and is making around 30 barrels. No. 3 is drilling on this same tract. This company has its No. 1 Haggard, south of the lease in block 55, on the 800 foot sand, and now setting casing. A full development of this sand is planned by the Fort Steuben Oil Company. R. C. Knight is the contractor on the Kemp and Kemper lease, and Thomson and Parks on the Haggard lease. G. W. Wentz is field manager.

DANCIGER AND HULTEX REPORTED ON THE SAND

The Danciger and Hultex Oil Company's No. 1 Holzten, in the southeast corner of block 819, and about 500 feet north of the Danciger-Emerich well, just completed, is reported on the sand. It is scheduled for immediate completion.

WAID IS PLACED IN JAIL AT NASHVILLE TO ANSWER CHARGE

NASHVILLE, TENN., Feb. 28.—Ben W. Waid, arrested in Texas on charges of swindling, embezzlement and fraudulent use of the mails brought by the Volunteer Oil Company of Nashville, was returned to Nashville today by government agents and lodged in the county jail. His bond was fixed at \$165,000.

Officials of the company charge that Waid obtained approximately \$50,000 through misrepresentation. He is said to have posed as owning valuable oil lands at Wichita Falls, Texas, and to have persuaded a number of prominent Nashville people to invest in the Volunteer Oil Company on the strength of the leases he claimed to hold. Officials of the company claim that upon investigation of the titles the leases proved worthless.

as soon as it is born. I am afraid to love it, because then I might not be able to give it up.

Mrs. Luhrs is working in a factory for \$15 a week to support herself and her 18-month-old son. They were abandoned by the husband and father New Year's day.

PROVISIONS TO CURB EXCESSIVE BORROWING

WASHINGTON, Feb. 28.—A bill granting the federal reserve board additional power to curb excessive borrowing was reported favorably to the senate by the banking and currency committee today.

"The Sense of Being Well Dressed Gives a Feeling of Inward Tranquility."—Emerson.

A NEW SUIT FOR SPRING

There's an endless note of variety in our new Spring Suits. Some owe their youthfulness to straight lines—and distinction to the nicety of detail. Others are in Eton, bolero and bouffant and ripple effects. In one characteristic alone is there their uniformity—the excellence of the workmanship.

None Newer—None Smarter
Afternoon Gowns

Of unusual interest to the well dressed woman is our Spring Collection of afternoon frocks—unfolding one by one fashions that vie with each other for charm and youthfulness. Some are simply fashioned on long, slender lines, giving new expression to the tunic and chemise. Others are quaintly draped or puffed at the side—for there is a new silhouette called bouffant which made much of side effects. The new note in sleeves is freedom—and so some sleeves stop short above the elbow while others go their full length. Fabrics are soft and lustrous as satin or charmeuse or crisp and fresh as taffetas. All the spring colors are here with new tones in brown and blue.

A New Blouse, Skirt or Spring Coat
And the choosing will be a pleasure with so many to select from.

Get In On the Ground Floor With Us

We are offering to the public \$30,000 of stock in this company at the price of \$10,000, or 100 units at \$100 each. Each purchaser of one unit of \$100 will be issued \$300 in stock in the

UNIVERSAL LEASING & DEVELOPMENT CO. OF WICHITA FALLS, TEXAS

Our holdings comprise 1034 acres located as follows:

60 acres in Wilbarger county (50 acres —10 acres).	75 acres in Haskell county (50 acres —25 acres).
50 acres in Roberts county.	100 acres in Hardeman county.
30 acres in Gray county.	20 acres in Childress county.
100 acres in Motley county.	102½ acres in Titus county (40 acres —62½ acres).

These are all within one-half to three miles of DEEP TEST WELLS NOW DRILLING

We own 496½ acres in Anderson county, East Texas, which is a part of a section rapidly becoming the scene of much drilling activity.

FOR EACH \$100 UNIT WE WILL GIVE 300 SHARES OF CAPITAL STOCK THIS OFFER OPEN FOR THREE DAYS ONLY

We are negotiating now for 1000 acres in Cook county, Texas, on which it is our intention to drill. This acreage has been passed upon favorably by prominent geologists. This acreage should be worth several thousand dollars per acre if we bring in a gusher.

You have a 11 to 1 shot on our acreage around which these wells are now drilling. With the additional chance of making 200, 300 or 400 to one for your money, can you afford to pass this opportunity up? Remember — this offer is open for three days only. Don't delay, but fill out the blank below and mail with check to—

UNIVERSAL LEASING & DEVELOPMENT CO.

The Testerman Well A Gusher

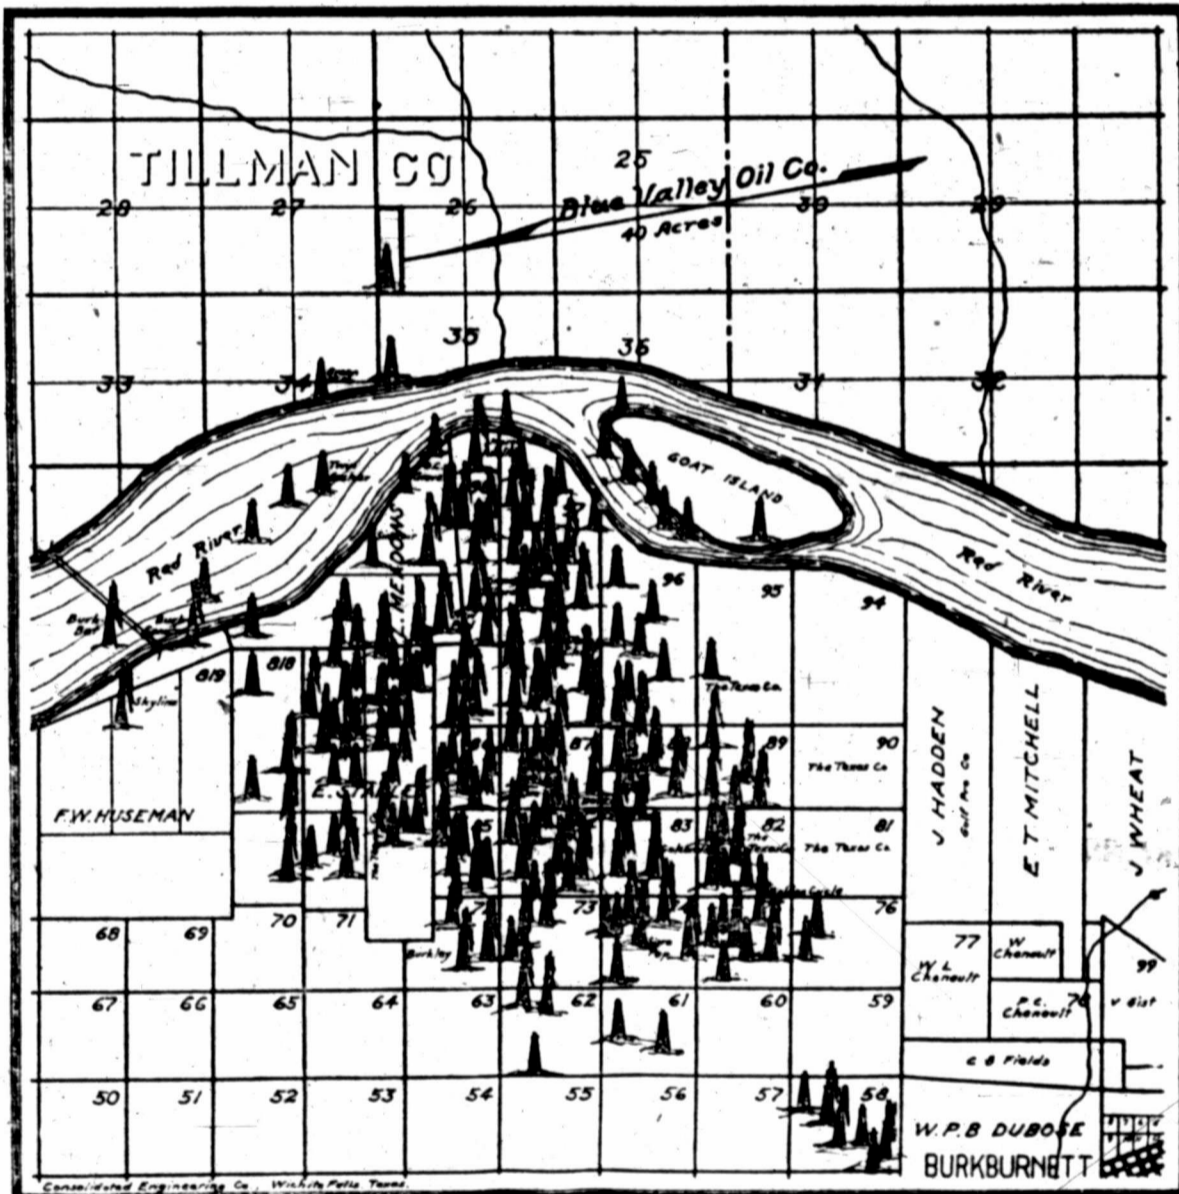

BLUE VALLEY WILL BE THE NEXT

The Testerman well in northwest section four, east of the Grandfield Bridge, north of the river in Tillman County, is a real producer. Although drilled but a few feet into the sand, it blew mud and oil high into the derrick when bailing was first begun. No doubt when drilled further into the sand and bailed it will

prove a well of big production. Practical oil men who have watched its performance predict it will produce from fifteen hundred to two thousand barrels, probably much more. Two large, steel storage tanks have been erected and connection made with Old Dominion's pipe line to take care of the production.

Action—Our Standard equipment is all moved on, set up and completely installed

The Blue Valley Oil Company's well in Southwest Sec. 26, T. 4, R. 14 is on this same structure, northeast. Eminent geologists all agree that the earth's strata all through Central and North Texas and Oklahoma to the Wichita Mountains lie in gentle folds running southwest to northeast. The development of the several oil pools in this vicinity prove this to be correct, as observed by all practical oil men. Notice the breaks in production between these pools. Between Burkburnett townsite and northwest pool runs a very marked southwest to northeast streak of no production, next lies the fold from which comes the production of the wonderful Northwest pool, then on the northwest side the northwest pool is another streak of break in production parallel to the first, and lying next to this streak is the next fold or anticline in which is found the General, Burk-Divide wells, the Waggoner and Greene, the Burk Senator and the Testerman. This fold evidently extends on northeast past the Blue Valley well and oil should be found in this fold as far east as the east side of block 96. This condition corroborated with the splendid showing in the Blue Valley's well justifies this conclusion. We will also get oil. Oil drillers on our well say we have two to one better showing at the present stage of the well than many of best wells in the Burk-Waggoner pool. At practically the same depth as other wells on this structure we encountered the very hard lime cap rock, drilled through it with small bit, finding a very rich sand, barely touching into it produced a good showing of gas and oil, every evidence of good production. A good seat was reamed into the cap rock and casing set. The rotary rig has been removed, standard equipment has been moved on and is being set up.

Testerman Well Now a Gusher; Oil Spouts Over Top; Production Is Estimated to Be 1,000 Barrels Per Day

When the Testerman well, located on the George Goehler farm, south of Grandfield, spouted over the top and hit the crown block of the rig yesterday morning, Tillman county's first real producing oil well came into existence.

Mr. Testerman, driller, estimated that the production of the well would be 1,000 barrels a day. A flow tank has been erected and storage tanks are ready to receive the oil as it comes from the well and connections were made yesterday with the pipe line, which will pipe the oil into Grandfield, where it will be refined—in the same county in which it is produced.

Excitement in oil circles over the county in general was at a high pitch yesterday and a general rush is expected to be made for the newly proven field.

The final gush of the well will be made at seven o'clock this morning, according to George W. Goehler, in a telephone conversation to the Leader last night. Mr. Goehler said the drillers would hold the well until seven o'clock and give those who desired to view the well, an opportunity to see it gush. After that, he said the flow would be turned into the tanks and production allowed to continue uninterrupted.

Other wells are expected to be brought in shortly, as several are reported on the sand in that vicinity and it is predicted by experienced oil men that derricks will go up by the scores within the next month.—Clipping from Frederick Leader, February 26th.

Note the following very generous and unqualified recommendation of our president and his sons, to-wit:

"To Whom It May Concern:—

"This is to commend to your full confidence Mr. B. E. Houston, who has resided on his farm south of Grandfield more than twelve years, and has been a regular customer of this bank. Mr. Houston's invariable honesty and untiring energy is well known in this community. Also, his sons, John M. and W. W. Houston, with their families, have resided in this community, and are of the same type of honesty and industry. Any business entrusted to these people will be faithfully handled.

"I am familiar with the location of Mr. Houston's farm, on forty acres of which they have capitalized for the purpose of prospecting for oil, and judging from its proximity and direction from the northwest extension of the Burkburnett oil field, their prospect for oil looks good.

"Respectfully,
"C. E. MAPLE, Cashier,
"First National Bank of Grandfield, Okla."

For lack of space will not copy letters of the other banks here, but reference is made to any other bank in Grandfield.

ONLY A VERY LIMITED BLOCK OF STOCK OFFERED

But we are compelled to sell a small block more of the stock to raise the funds with which to drill in the well. Immediately sufficient funds are raised for this purpose the stock will be withdrawn from the market and the stock quickly go high above par.

This is no speculating concern, as those who buy acreage and put into a company at a much higher figure, but an attempt by B. E. Houston, our president, and his two sons to develop this very fine prospect of oil, on the father's homestead. Our capitalization is very conservative, on forty acres and very close to and directly in line with production, being capitalized at \$98,000.00 on forty acres. There are other companies near us capitalized at \$250,000 on forty acres, with no better prospect. There is no possible controversy over the title to our land, as Mr. Houston received patent from the United States on his homestead, which he has made his home for more than twelve years.

Don't Hesitate—Action Counts—Wire Reservation

OF INTEREST TO SPORT FANS

Manager Salm Back From Scouting Trip In Southern Texas

Walter Salm returned from San Antonio Friday night, but he brought nary a thing—no contract or anything else. That's the word that was forthcoming from Walter's office Saturday morning.

KID GLEASON WHO IS SCHEDULED TO MEET SPARKS MONDAY NIGHT

This is Kid Gleason, Philadelphia battler, who is to appear against Speedy Sparks of Lawton, Okla. Gleason is reputed to be a bad actor when it comes to one-round stuff, as he packs a terrific swing.

the Canadian team in both inter-allied games in 1917 and 1919. He led the middleweight division for his corps in both games.

Sparks is said to have a peculiar ring style that baffles his opponents. The method is original with him. He has some difficulty getting around.

Sparks met Gleason by accident at the club yesterday morning. He looked the kid over and then said "they'd get better acquainted in the ring."

It looks like a great card.

Taylor is coming for federal court

R. E. Taylor of Henrietta, newly appointed United States district attorney for the northern district of Texas, will arrive in Wichita Falls and will be here next week for federal court.

When you need a plumber call 1712. G. W. Winburne Jr., 2400 Eighth st. 272-7ip.

Thirty Rounds Of Fast Boxing Will Feature Program

One of the best cards yet put on by the C. A. C. is slated for the regular smoker Monday night. Thirty rounds of fast going is on the card, and every one of the boys has a rep.

Heading the card is the 12-round go between Kid Gleason, Philadelphia, and Speedy Sparks, Lawton, Okla. These boys will perform at 135 pounds. Gleason is a one-period artist with a mighty swing that has often caused the boards to rattle.

Sparks, on the other hand, has little fear of the kid's mighty swing. He has done a bit of swinging himself and Gleason's one-round record doesn't worry him in the least.

The semi-windup will be between two light heavies, Bat Morris and Rocky Kansas. These boys will go 163 pounds. It is slated for six rounds.

K. O. Housley and Black and Tan will furnish the lightweight performance of the evening. They are to go six rounds at 135.

The first flyweight go yet put on here will feature Monday night's bill. The bout will be between K. O. Burns and Battling Austin at 85 pounds. These little fellows are reputed to be fast and handy with the padded dambell, so it looks like a neat little go.

It is also set for six rounds. Dog Face is due to appear again tomorrow night. Edwards has secured a different opponent for him this time, in the person of one Darkhorse Emerson.

The membership cards have been

going fairly well, but the big days will be today and tomorrow. They are on sale at Wolf Bros. cigar store at the Hearst hotel.

HARVEY AND COMPANY HAVE MOVED OFFICES

R. O. Harvey & Co., and the Wichita Falls Cotton and Grain Exchange have moved from the fourth floor of the Kemp and Kell building to the sixth floor of the City National Bank building.

FRAUDULENT USE OF MAILS IS CHARGED

A complaint alleging fraudulent use of the mails was filed Saturday against C. H. Johnson, traveling salesman. He is alleged to have used the mails in passing fraudulent bank drafts. Temporary bond to the sum of \$1,000 was fixed by United States Commissioner Lantz Saturday.

Fly with Hall today. Call Field.

Sport Slams

BY STAFFORD.

Let's go!

It looks like a big year as far as sports are concerned. The Wichita Falls roster for their Texas league baseball outfit is about as good as any and better than some of the other aggregations. The Gun club is going strong, and with the state meet set for the local traps, greater interest should show itself.

With all these things in our favor, why worry about the blue laws?

Since Jan. 16, why worry about anything?

Wonder what would happen on the stock exchange if the Bankers Oil corporation picked up a booze-carrying sand? Oh, mama!

But then— Suppose they got some salt water.

But why suppose all this? You might just as well figure on Walter Salm breaking 25 targets in a row or Charley Greenberg losing a bet. It ain't done.

Salm may need a handicap when it comes to hitting the birds, but it looks as though he leads the ball managers' gun club when it comes to hitting the diamond stars that are "there like ducks."

Scorekeepers for the Texas league have been raised from \$1 to \$2 a game. That's nothin'. Some of these scorekeepers in the cafes have either raised their prices or are just learning how to keep score.

Add plenty of errors. The ball park is just about completed now. There is a lot of work yet to be done on the field, but the stands and fence are pretty well fixed. Work on the club house is being rushed.

Someone that took a sign on the fence at the park should be credited with at least a sense of humor. He's got a sign out but a mere \$40 foot from home plate and it reads: "Hit me for a shirt." Any batter that could hit that would get a salary that would preclude the necessity of accepting the prize.

What's going to do tonight? Neither are we.

SOME INTERESTING DOPE FOR THE OLD-TIME FANS; 25 GREAT OUTFIELDER.

Here's some interesting dope for you old-time baseball fans. The current issue of the Sporting News carries a list of the 25 greatest outfielders of all time. Joe Sheridan compiled the statistics and placed the men, and below is the code by which he judged them.

Look over the code and the players and then dope it out yourself. You'll perhaps disagree with him on some of his choices, and you can put your own in there. All together, how ever, it's a pretty good list, and is on the whole, a fair rating.

- 1. Tristram Speaker, Cleveland.
2. Cyrus Cobb, Detroit.
3. James Sheppard, Chicago.
4. James Fogarty, Philadelphia.
5. George Burns, New York.
6. Arthur Holman, Chicago.
7. James McAleer, Cleveland.
8. Curtis Welch, St. Louis.
9. William Lange, Chicago.
10. Joe Kelley, Baltimore.
11. William Keeler, Baltimore.
12. Owen Wilson, Pittsburgh-St. Louis.
13. James Ryan, Chicago.
14. Mike Griffin, Brooklyn.
15. Harry Hooper, Boston.
16. Emmett Heildrick, St. Louis.
17. Oscar Felsch, Chicago.
18. Duffy Lewis, Boston.
19. Max Carey, Pittsburgh.
20. Harry Blake, Cleveland-St. Louis.
21. Tommy Leach, Pittsburgh.
22. Tom McCarthy, Boston.
23. Hugh Duffy, Boston.
24. Armando Marsace, St. Louis.
25. Fielder Jones, Chicago.

drop one fly in a season, but no more. 2. To play the batters with intelligence and success.

3. To cover ground in such a manner that his catches appear to be easy.

4. To be a sure man on a ground ball.

5. To handle the ball rapidly so that he may return it to the desired point in the field as quickly as is possible.

6. To go back, go in and both sides of him with equal facility.

7. To throw accurately to the right base.

8. To possess a good throwing arm and to use it with discretion.

9. Not to throw to the wrong place, which is an inversion of No. 7.

Taking all these things into consideration, Speaker is by all means the champion outfielder of all time.

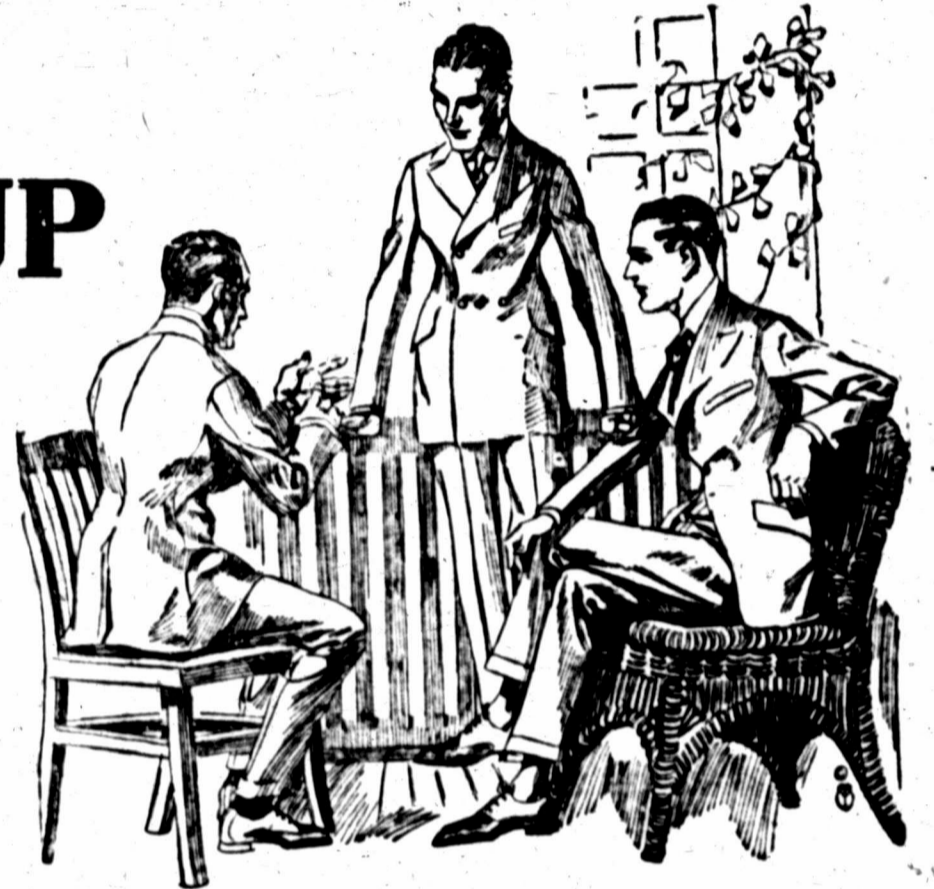

Fly with Hall today. Call Field. 274-1tp

Speedy Sparks Has Arrived For Bout With Kid Gleason

Speedy Sparks, middleweight, arrived Saturday morning from his home at Lawton and immediately announced that he was here to get the scalp of Kid Gleason, local middleweight of Philadelphia.

SPRING DRESS UP

And the men and young men of Wichita Falls know that this store is, as usual, well prepared to meet their every requirement for good clothes.

The spirit of Dress Up has permeated every part of the store. The New Suits offer the utmost in late models and fabrics—the new Hats are shown in shapes and colors that will please the most critical, while the smaller items of men's dress will gain and hold your instant admiration through the skillful handling of fabrics in their manufacture.

Dress Up Neckwear

The varied styles shown offer every man the chance to suit his own tastes. Our wonderful assortment of spring Ties were never as complete as now.

Silk Shirts

And when you need shirts, our assortment of patterns and fabrics will meet with your approval. Silks, Crepe de Chines, Jerseys and others are just what you want for summer wear.

INCREASE IN THE PRICE OF OIL ENCOURAGES DEVELOPMENT IN HERETOFORE NEGLECTED FIELDS

With crude oil bringing \$3.25 and confidentially expected here to rock around the four dollar level within the next 30 days, a tendency on the part of operators in this district, including some of the larger companies, to acquire and develop shallow production which in the flush of the early days of the Burk Burnett townsite and Wagoner pools were not thought worth fooling with, as well as operations tending to the "reclamation" of parts of the big pools formerly considered as condemned, but now believed not to have had as thorough a test as should have been the case, has developed into such proportions as to contend in interest with the new developments and the wildcatting operation. In the case of the shallow production, which affects not only the old Burk Burnett shallow pools, but those about Iowa Park as well, there are instances where small shallow production was discovered seven or eight years ago, but not considered worth fooling with in that day, when a 20 or 25 barrels well with oil at 45 cents a barrel did not spell much money.

Texoma Developments.
One of the leaders in this development has been the Texoma Oil and Refining Co., whose development of and the considerable production obtained from the shallow Burk Burnett fields has been well known to North Texas operators. One of the achievements of the Texoma has been the opening up of the 1200 foot sand on the Daniels from which they, and the various other operators who have followed their lead, have developed some very valuable production. The Sinclair and the Gulf Production are among the leaders among the larger companies in this district, both of which have produced from and with several wells drilling for the 1200 foot Daniels sand, while the Sinclair has several producers from shallow sands as well. Two new shallow pools in the old Burk Burnett district have been opened up within the past week, one by the Tardy Oil Co.'s test on the J. J. Perry, a mile and a half west of the Texoma Daniels lease, which is flowing around 100 barrels of high gravity oil, and the other the Heydrick and Kelleher on the K. G. Goetz farm, between Sunshine Slope and Sunshine Hill, which is flowing 80 barrels from a 19 foot sand, picked up just below 800. The Texas Co. has a test down 550 feet on the McClure, in this neighborhood. They lost their first hole, and this test is the second.

Old Burk Burnett Pool.
Coming activity by the Magnolia Petroleum Co. in this district is also indicated by eight recent locations on their Chris Schmokey lease in the old Burk Burnett pool. With the Mo-Tex, No. 1 Evans, just across the north line of block 818, and about 250 feet west of a hole abandoned months ago is dry, showing for a considerably less-than-usual producer, considerable efforts to reclaim territory near this edge of the Wagoner pool, formerly considered as condemned, is reported as certain. These operations will have an added feature of interest through proving one of the various theories which have been advanced to explain the Mo-Tex, well, as well as the Texas Oil Corporation's No. 1 Holtzen, a small well in block

818, and not far from several other abandoned holes.
Representatives of the Mo-Tex company favor the explanation that the other tests between theirs and the Wagoner pool as at present outlined, drilled through the sand from which their well blew itself in the first of the week, and not expecting to find production at this depth. 1612 feet, passed up the sand. All of the abandonments on the west edge of the pool have been drilled to a depth ranging from 1700 to 1800 feet.
To the west of the Mo-Tex, Townsley and Miller and the Flowing Well Oil and Lease Co. are reported to have found an oil sand at approximately the same depth. Other tests finding production at this depth to the east, and not to the west of this Mo-Tex, would go far toward proving this first theory.

Another Theory Advanced.
Another belief, that this new well will be proven a part of the pool opened up by the Burk-Senator, and the Bass wells, just completed on the Durfee, is expressed.
The Texas Co.'s tests on the C. Burk, which joins the W. P. George on the west, are also being watched with interest, since all parts of the George drilled thus far have proven productive.

Drilling Summary.
A drilling summary from the river and Wagoner pools:
Pioneer Drilling Company, No. 1 Roberts, Block 820, shut down around 1700 feet.
Gulf Production Company, No. 1 Allen, Block 820, drilling around 1000 feet.
Sinclair Oil Corporation, No. 2 George, rotary up.
Sinclair Oil Corporation, No. 3 George, drilling around 1000 feet.
Sinclair Oil Corporation, No. 4 George, rotary up.
P. & P. Oil Company, No. 1 Mehns, Tidwell subdivision, Block 819, set casing, 1575 feet.
Tex-Penn Oil Company, No. 3 George, derrick.
Tex-Penn Oil Company, No. 4 George, derrick.
Tex-Penn Oil Company, No. 5 George, derrick.
Securix Oil Company, No. 1 Allen, Block 821, drilling around 810 feet.
Baker Oil Company, No. 1 A. A. Morgan, drilling around 1000 feet.
Baker Oil Company, No. 3 A. A. Morgan, derrick.
Berk-Crest Oil Company, No. 2 Wagner, Block 72, drilling around 1275 feet.
Clover Leaf Petroleum Company, No. 2 Taylor, Block 97, derrick.
Clover Leaf Petroleum Company, No. 3 Taylor, Block 97, drilling around 1200 feet.
Contractors Oil Company, No. 4 Vogel, Block 71, drilling around 1000 feet.
Fitz-King Oil Company, No. 1 L. Morgan, Block 70, drilling around 130 feet.
Houbert Oil Company, No. 3 Taylor, Block 98, standardizing.
Double T Oil Company, No. 4 Taylor, Block 98, standardizing.
Evers, O'Neil and Golins, No. 1 Allen, Block 821, drilling around 1500 feet.
Evers, O'Neil and Golins, No. 2 Allen, Block 820, drilling around 1100 feet.
Wagoner and Green, No. 2 Allen, Block 821, drilling around 200 feet in new hole.
Wagoner and Green, No. 3 Allen, Block 821, standardizing to complete.
Wagoner and Green, No. 4 Allen, Block 821, rigging up.
Emerick Oil Company, No. 2 Michan, drilling around 250 feet.
Emerick Oil Company, No. 1 Roberts, Block 820, shut down around 1020 feet.
Eastland Oil and Refining Company, No. 1 Evans, standardizing.
Delta Oil Company, No. 1 Little Morgan, set casing.
Delta Oil Company, No. 1 Michan, derrick.
Alabama Burk Oil Company, No. 1

Michan, Block 6 Tidwell, drilling around 1500 feet.
Delta Oil Company, No. 2 Morgan, standardizing.
Apoll et al. No. 1 Roberts, Block 820, drilling around 3550 feet.
Apoll et al. No. 2 Roberts, Block 820, drilling around 425 feet.
Apoll et al. No. 3 Roberts, Block 820, drilling around 425 feet.
Buck Petroleum Company, No. 5 Durfee, derrick.
Buck Petroleum Company, No. 6 Durfee, derrick.
Buck Northern Oil Company, No. 1 State Lands, drilling below 1700 feet.
Buck Oil Corporation, No. 6 L. Morgan, standardizing.
Buck's Petroleum Company, No. 2 State Lands, Lot 1, Block 3 Sparks subdivision, location.
Buck's Petroleum Company, No. 3 State Lands, drilling around 1510 feet.
Lone Star Oil and Refining Company, No. 12 State Lands, Lot 7, Block 3 Sparks subdivision, drilling around 130 feet.
Lone Star Oil and Refining Co., No. 3 State Lands, Lot 6, Block 3 Sparks, started drilling.
Lone Star Oil and Refining Company, No. 6 State Lands, Lot 8, Block 3 Sparks, derrick.
Lone Star Oil and Refining Company, No. 5 State Lands, Lot 9, Block 3 Sparks, location.
Lone Star Oil and Refining Company, No. 4 State Lands, Lot 8, Block 3 Sparks, location.
T. L. Hunter, receiver (Berk Divide), No. 1 State Lands, standardizing and drilled 6 feet in the sand, making 700 barrels and will drill deeper into sand.
Berk Numan Oil Company, No. 1 Evans, shut down for tools.
Burk Burnett O-Tex Oil Company, No. 1 Evans, shut down for fuel around 1850 feet.
Arkansas-Texas Oil Company, No. 2 George, standardizing to complete.
Berk Northern Oil Company, No. 1 Holtzen, Block 819, drilling around 1170 feet.
Berk Creso Oil Company, No. 1 Taylor, Block 96, drilling around 1020 feet.
Berk King Oil Company, No. 1 Morgan, Block 70, drilling around 750 feet.
Berk 819, set casing 1600 feet.
Erwin Oil Company, No. 3 Schmissauer, Block 78, rigging up rotary.
Godley-Weber Oil Company, No. 11 Brannon, Block 83, standardizing.
Godley Oil and Gas Company, No. 1 Wagoner, Block 82, derrick.
Berk George Oil Company, No. 3 George, derrick.
Berk George Oil Company, No. 4 George, derrick.
Gypsy Burk Oil Company, No. 1 Allen, Block 821, drilling around 1025 feet.
General Oil Company, No. 2 State Lands, drilling around 1250 feet.
General Oil Company, No. 3 State Lands, drilling around 1250 feet.
National Petroleum Company, No. 1

Allen, Block 821, hole full of oil, standardizing to complete.
Kansas Gulf Oil Company, No. 1 Schmissauer, Block 78, casing set.
Kansas Gulf Oil Company, No. 2 Schmissauer, Lease B, standardizing.
Kansas Gulf Oil Company, No. 3 Schmissauer, Lease B, drilling around 1710 feet.
Kansas Gulf Oil Company, No. 4 Schmissauer, Lease B, rotary rig.
Kansas Gulf Oil Company, No. 5 Vogel, Block 74, casing set, waiting on tools.
Kansas Gulf Oil Company, No. 4 Vogel, Block 74, shut down for tools.
Kansas Gulf Oil Company, No. 5 Vogel, Block 74, shut down around 1890 feet.
Kansas Gulf Oil Company, No. 6 Vogel, Block 74, shut down around 1690 feet.
National Petroleum Company, No. 1 State Lands, Lot 3, Block 3 Sparks, derrick.
Mid-Tex Oil Company, No. 1 A. A. Morgan, waiting on casing.
Mid-Tex Oil Company, No. 3 J. F. Wagoner, Block 72, drilling around 900 feet.
Hagan et al. No. 1 A. A. Morgan, drilling around 220 feet.
Southwestern Oil Company, No. 1 State Lands, Lot 1, Block 3 Sparks, derrick.
Lewis and Milton, No. 1 Allen, Block 821, rebuilding burned derrick.
Lewis and Milton, No. 2 Allen, Block 821, shut down around 1530 feet.

FATHER CAMPBELL NOW LOCATED IN NEW YORK
-Father J. J. Campbell, former pastor of the Sacred Heart church of this city is now located in New York city as a regular army chaplain.
Father Campbell left here about four years ago and went to Fort Worth as chaplain. He served for several years overseas, and since his return has been with one of the regular army regiments at New York city.

Good News

THE NEW SPRING MANHATTAN'S HAVE ARRIVED AND AS HERETOFORE THEY ARE "SHIRT-AINLY" GOOD TO "GAZE ON," AND "GOODNESS KNOWS" THEY WILL GIVE SERVICE AND ABOUT EVERY ONE THERE IS AN ATMOSPHERE OF DISTINCTIVE ORIGINALITY.

OSCEOLA OIL COMPANY

Near Dundee, Archer County, Texas

It is now thoroughly admitted that we are located on the dome of one of the greatest structures in the country. The United States Geological Bulletin No. 629 says:

"The strata and structures say that the counties of Archer, Baylor, Clay, Wichita, and Wilbarger will be the greatest oil field to be found in territory of equal size in the United States, and maybe in the world."

We have let our drilling contract to the Stewart Drilling Company of Wichita Falls; derrick is up, water line laid, and spudding in will commence at once.

We have 200 acres in this tract, you participate in all of it, fully paid and non-assessable.

We are capitalized at \$100,000.00, shares are \$50.00 each. K. M. A. Extension on our east line is drilling in blue shale at 1632 feet. You know what that indicates. Other wells around us. Go down and look at the field, and then use your judgment. Stock will advance immediately after spudding.

We have a small amount of stock left that you can buy at par Monday or Tuesday. Do not miss this opportunity.

OSCEOLA OIL COMPANY

Russell A. Richardson, President. C. C. Drake, Secy. and Treas.
721A Ohio Ave. Room 110 Wichita Falls, Texas.

\$300 in Cash

Well, here I am again, folks—your old friend, Maud Purina. You know me, with the kettle on my tail and the lightning in my heels. Here is a way for you to make some money and have a Barrel of Fun.

- \$100.00 for the best one
- \$25.00 for the next best
- \$15.00 for the third best
- \$10.00 for the fourth best
- \$5.00 each for the next 20
- \$1.00 each for the next 50

Anyone may try who is interested in horses and mules—who either owns them, feeds them or knows someone else who does. You don't have to buy anything and you only need to do three things:
Make it short—not over 100 words—even a picture might win.
Mention Purina O-Molene, my favorite feed.
Tell the name of a dealer who keeps O-Molene.
Remember that Purina O-Molene is a real discovery in the feeding of horses and mules. It isn't a medicine, but only a wonderful way of preparing the good, wholesome grains, so that they go farther than raw corn or oats. It keeps stock healthier and costs less to feed.

SEND IT TO MAUD PURINA Purina Mills, St. Louis, Mo.

HAS SERVED CITY IN THE FIRE DEPARTMENT FOR TWELVE YEARS

FIRE CHIEF J. L. MCCLURE.

Fire Chief J. L. McClure celebrated his twelfth anniversary of continuous service with the Wichita Falls fire department Feb. 24, he having joined the department as the first "regular" fireman, Feb. 24, 1908. Mr. McClure was employed by the council on the recommendation of Bert Bean, then a member of the board of aldermen. Since his connection with the fire department Chief McClure, or "Pa," as he is known to the members of the department, has seen Wichita Falls grow from a village to one of the largest cities of the state, and the fire department grow from one of one regular fireman and a horse-drawn fire truck, supplemented by a volunteer organization, to a completely motorized department with a chief, assistant chief and 15 firemen.

tem has also been contracted for this year. Although there have been several disastrous fires during Chief McClure's administration, Wichita Falls has throughout this time enjoyed one of the lowest insurance rates enjoyed by any of the principal towns of the state, and during most of that time it has enjoyed an additional reduction for the smallness of the fire loss. Of the several fires approaching the dimensions of a "conflagration" during Chief McClure's record, the most disastrous was in 1916 when the Cameron Lumber company and several business buildings north of Seventh on Indiana and Ohio were destroyed, causing a loss of \$117,000. In this, as in other fires which Chief McClure and his small force have fought, their work won for them not only the commendation of the citizens of the fire department, but of the insurance adjusters as well, who by the way are somewhat of the nature of connoisseurs in the handling of big fires. A recent instance of this is afforded in the remark of one of the adjusters visiting here at the time of the A. Churkin fire last fall. "Big league work," was his comment on the work of the fire department.

Among the other members of the department who are close behind Chief McClure in the length of service are Grover Habert, assistant chief, Henry Smith, captain of the central station, and George Osteen, also at the central station, who recently rejoined the department after a short interval in other work.

Mrs. W. W. Wagner, Jessie Gertrude McKee was born March 10, 1879, at Sullivan, Indiana. She departed this life February 26, 1920, after an illness of two years. She had been living in Wichita Falls since last August.

OVERRULE MOTION FOR NEW TRIAL IN THE HANAGAN CASE

Judge Scarry in the 78th district court Saturday overruled the motion of the defendant for a new trial in

the case of Lucy Reilly Hanagan against Hugh Reilly, whereupon the defendant gave notice of appeal. In this suit the plaintiff was suing for one-sixth interest in the estate of her father, owner of valuable lands in Wichita county. The case was submitted on special issues. The jury awarded one of the most important of these to the effect that the estate was solvent at the time of the death of her mother.

Roping Wild Animals for the Zoos

Bringing a Captured Wolf Into Camp.

Big Animals Like Lions and Tigers Cannot Be Roped in the Ordinary Way. They Have to Be Caught in Chains. Maj. Allen Is Steadying This Captive by the Tail Preparatory to Slipping an Extra Chain Around Its Feet.

The Venturesome Trade of Major Allen, U. S. Army, Retired, Who Goes Hunting for Lions, Tigers, Leopards and Wolves, and

Catches Them Alive.

By EULA McCLARY

To shoot a lion dead is one thing. But to catch it alive is another. John Allen, formerly a major in the United States army, is catching lions alive, using nothing but a rope and one or two chains to hold the wild animal in case the rope should break.

Maj. Allen is catching lions, tigers, leopards, wildcats, wolves, pumas and various other kinds of big game, and has orders from zoological gardens, menageries and natural history museums all over the world for all that he can catch.

Maj. Allen thinks nothing of meeting a mountain lion bare-handed. In fact, with a 100-foot rope for a weapon he has roamed the woods and mountains of the United States and Canada with an occasional journey to the jungles of India and Africa, catching big game for the zoos of the United States.

"I never kill except when I have to have food," Maj. Allen told me. "I have never been afraid of any animal, though I dislike snakes. I have a feeling of genuine friendship for wild creatures and I prefer them to most men. In the accepted sense of the word I am not a hunter. I hate to kill and find no pleasure in hunting with a gun. But roping animals! Well, that's different. Sometimes I track the game for days before I can come within roping distance. Sometimes I never come within the reach of my 100-foot rope.

"The thrills and pleasure of controlling a wild

Dangerous Work

The next picture showed an angry bear coming at the major, who stood ready with the rope to catch it. In no time the bear was tied and helpless. The third picture showed how a wolf is roped and was quite thrilling.

Every animal that Maj. Jack Allen can catch is boxed and sent to the zoos. The boxing of these animals is very dangerous, for every newly-captured animal is ready to demand redress for the indignities it has suffered. It is so fighting mad that it will attack anyone or anything if it gets a chance.

In the world of wild creatures when the animal attacks or is attacked quarter is rarely asked or given. As a rule it is a fight to the finish, and so the fighters expect to conquer and feast or perish and be feasted upon.

"Speaking of being conquered," Maj. Allen said, "the expression on the face of a helplessly-bound animal is comical. The creature does not seem to understand what is the matter. There he is, unable to move or to fight that human being who has conquered him, and yet he is unhurt."

In roping lions and leopards and other large animals, ordinary ropes are useless. The king of the jungle with his five hundred pounds of energy and ferocity must be restrained with heavy chains. The chains are laid as traps just outside the entrance of some tempting lion morsel, such as a new born lamb, and as the lion comes along, Maj. Allen on one side and his assistant on the other, watching from their hiding places up in the trees, pull the chains tight and string their captive up in democratic fashion. The paws are bound with ropes after the body of the lion is well bound with chains.

There is not much chance in these days of

movie mania for anyone with a novel profession, especially if it offers thrills, to escape the movie camera.

His camera man is worth a word. He is an old guide who has taken the camera up as a side line. Regular camera men do not as a rule care for the strenuous life of the jungle, nor have they any love for wild animals at such short range as Maj. Allen brings them.

The Guide Who Bragged

Accidents in making animal movies have been few, but until a guide and hunter was found who was willing to take up the profession of turning the movie crank, Maj. Allen had a hard time keeping a camera man on the job. He has come near having an accident almost daily. But only once did he have any real trouble. That was one day after roping a jaguar and he did not run quickly enough to the tree. He got away from the jaguar before it did much damage to him.

Of far more interest to Maj. Allen than accidents are the humorous things which happen. One day a new guide spent several hours telling his employer marvelous wolf experiences and bragging a bit about his prowess and courage. Later from a deep sleep the major was awakened by the guide's voice speaking in fear and uncertainty. "There they are—hundreds of 'em around us, Major. See their eyes. We're lost." Allen looked through the flap of the tent and saw what seemed to be hundreds of shining eyes. He arose and drawing his revolver went to the flap to try to grab a firebrand that was smouldering. He got the firebrand and made the comforting discovery that the hundreds of shining eyes were nothing more than chips of a phosphorescent log that had been cut up earlier in the evening. The new guide never boasted again of his bravery.

Roped and Almost Strangled to Death This Catch Was Too Weak to Struggle When Hauled Aboard the Elephant.

In the Indian Jungle Maj. Allen Does His Roping from an Elephant's Back.

ous as it sounds and looks, just so long as the rope does not break. If the rope should break, look out! All the fighting blood is up when a wild creature finds its wind cut off and a broken rope would mean disaster to the roper. I believe, though, that I understand enough of animal psychology to be safe. There is a moment when every wild animal becomes confused and is cowardly and undecided. That is the moment to get the rope over its neck and pull that rope tight. Not tight enough to choke the captured creature to death, but tight enough for safety's sake."

Maj. Allen speaks with the low, modulated voice of the man of the open who has learned not to startle either man or beast by harsh notes or sudden loud sounds. He is of Irish extraction, stands about 5 feet 8 inches, and is stocky and bronzed. His eyes twinkle with humor most of the time, for he refuses to take life too seriously. Years in the open, where every man is his own social register, have given him a sense of values too often lost in the rush of a big city. It did not seem possible that the man before me spent his life facing danger daily. He was so quiet in manner and voice.

Yet the very day before, in a dark little projecting room of a motion picture place, I had watched three of Maj. Allen's wild animal pic-

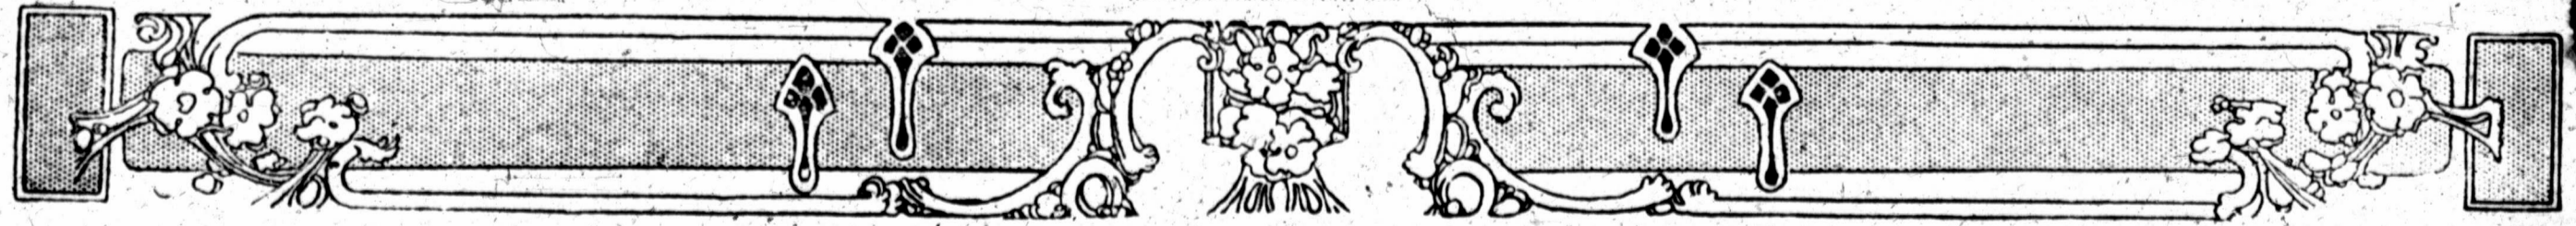

creature at the other end of the 100-foot rope are impossible to explain. The elation, the sense of power that comes when one ropes a bear or jaguar, the most treacherous of American game, cannot be told in words.

"The sport of roping animals is not as danger-

the training school at the Methodist hospital, which is just now open, is of considerable interest. Friends of Miss Johnson, and those interested in the work of graduate nurses are extended a cordial invitation to meet her on the occasion of this visit.

MISS ANDERSON WILL CHRISTEN SHIP WICHITA

The good ship "City of Wichita" will be launched on Tuesday, March 16, from the docks at New Orleans with Miss Lella Beall Anderson of this city as sponsor christening the ship. Miss Adele Adickes will be maid of honor to Miss Anderson, and the Wichitans who will attend the ship launching include Mr. and Mrs. G. D. Anderson, parents of the attractive young sponsor, and Mr. and Mrs. T. E. Noble. The party will leave for New Orleans next Saturday. The ship is named for this city because

of its record in the Liberty Loan campaigns.

MRS. JACK SPEEGLE BRIDGE PARTY HOSTESS

Friday afternoon Mrs. Jack Speegle, a bride of the winter season, entertained a number of the girls and younger matrons at bridge. The prize, a pair of polychrome book rocks, went to Miss Ruby Moore, for scoring high, and at the game's close a dainty refreshment plate was served, a salad course with brick ice cream and cake comprising the menu. The guest list

included: Misses Lella Beall Anderson, Adele Adickes, Pauline Richolt, Lillian Fain, Lucille and Grace Tancered, Ruby Moore, Agnes Reid, Sibyl Kell, Florence Sammons, Mary Colquitt, Fern Marsoe of Terrill, Helen Stone, Leah Helle Duff and Willie Mae Kell, Mesdames James Barnard, William P. Erwin, Clarence Moore, Taylor Hudson, A. B. Booth, Lester T. Burns, Leslie Stringer, O. R. Hartt, Carter McGregor, C. H. Felder and R. H. Hall. Mrs. Speegle was assisted in entertaining by her mother, Mrs. R. H. Hall and Mrs. C. B. Felder.

TODAY'S pictures include the fair members of the Robertson-McGinley wedding party, the wedding to be an event of Tuesday, March second at 12:30 o'clock at the First Baptist Church.

In the center is the bride, Miss Ellen Adele Robertson, the only child of Mr. and Mrs. Walter S. Robertson, for eight years residents of Wichita Falls. Miss Robertson after a few years in the local public schools studied in Crescent Junior College, Eureka Springs, Ark., and is a graduate in art, junior piano and literature. She has spent several summers studying piano with New York artists while her mother pursued her vocal studies.

Miss Lois Wathen, on the left, is from Dallas, and was the room mate of the bride-to-be at Crescent College. She has visited in the Robertson home on several occasions and is very popular with the younger set. She will be the maid of honor.

At the right and above is Miss Adele Adickes, second daughter of Mrs. M. M. Adickes, and since she finished at Ward Belmont, a popular member of the debutante set of Wichita Falls. At the lower right is Miss Lella Beall Anderson, the only daughter of Mr. and Mrs. G. D. Anderson. She and Miss Adickes will be the bridesmaids.

The groom, Louis M. McGinley, has for his best man his brother, Mack McGinley, and his groomsmen Jimmy Jennings and Twigg Boger. Luther and Henry Robertson, cousins of the bride, and Charles Dunkelberg, will be the ushers.

Master Jack Hudson, son of Mr. and Mrs. Taylor Hudson and nephew of the groom, will be ring bearer, and his small brother, Billy, will be train bearer.

PROMINENT NURSE IN VISITING IN CITY

Miss Retta Johnson, secretary of the State Graduate Nurses Association, will be the guest of friends at the Methodist Hospital at Call Field on Sunday and Monday. Miss Johnson has been a leader in the standardization of training school nursing and has been a prominent educational factor in the profession. She has taken the teachers training course at Columbia University in New York, and is now instructor in the Temple sanitarium, at Temple, Texas. The fact that Miss Johnson may be connected with

RETURN TO HOME IN LOS ANGELES, CALIFORNIA

Mr. and Mrs. J. M. Thorne, who have spent the winter here with their son at 1312 Eighteenth street, have returned to their home at Los Angeles, Calif. Mr. Thorne formerly lived at San Antonio, leaving there about eight years ago for California, and was very favorably impressed with the progress Texas has made since that time.

CIRCLE HAS MEETING WEDNESDAY AFTERNOON

The Woodmen Circle No. 1087 held their regular meeting at the hall in the Swartz Wood building Wednesday afternoon. Thirty transfers were balloted on and other business attended to. A good attendance and a profitable meeting is reported.

Miss Loretta Garrison, who underwent an operation at the Wichita General hospital for appendicitis, is reported as getting along nicely.

INDIANA AT SEVENTH

THE APPAREL OF SPRING

MARCH

Accessories That Charm

What a joy it is to choose Hosiery when one is assured of finding an exact match to one's new Spring Oxfords, or to select a bit of Neckwear when one knows that all the newest fancies are represented. In Handkerchiefs, Veils and Handbags, our Spring Exposition offers equally gratifying exhibits.

The Assembly of Clothes Has Been Called

From every good source of supply, the garments of Springtime are here—in complete and delightful variety.

Now Comes the "March-Out" to You

Today you may come and walk past the radiant files of Dresses, Suits and Coats on display, and point your finger at those you like best and say: "Come with me," and they will be yours.

This is the magic time to secure styles that are exclusive and individual—choice modes that come in ones and twos with our early collections and which are not duplicated. Particular women appreciate their exclusiveness as much as the enjoyment of possessing their apparel early and thus having longest service from it.

Special Fashion Review for you every day.

Not in Years Has Fashion So Favored Ribbons

Their use is legion and they are being lavishly applied wherever used. Exquisite in texture, richly colorful; made in every width and weave—so easy of application; so delightful in effect—little wonder that they have become such a rage this season. Our ribbon collections show marvelous variety—Warp Prints, Brocades, Tinsel combinations, embroidered Satin Ribbons, Faltie Ribbons, Waxed Ribbons, as well as richly colored Satin Ribbons in every modish hue.

Suits With a Tailored Air

Never fail to win admiration wherever they are worn, and these Easter presentations are no exceptions. Painstakingly tailored of fine quality woollens in the season's most wanted tones, they are the inevitable choice of women who demand smartness in clothes. Conservative in design, they will remain modish as long as their serviceable materials last.

A big assortment to choose from, \$49.50 to \$235.00.

The New Dress Goods Are in Bloom

Opening Days all this week.

This is again the day of the Dressmaker's Gown. Last season made a record for dressmaker-made gowns in our city and this Spring promises still growing favor for them.

There is a refinement, and individuality, a smartness and nicety of finish about the frock made by one's own dressmaker that has a strong appeal for well-dressed women.

But your dressmaker must have your materials early, if you would have your dresses finished early; for she will have more than ever to do this spring.

The Fabrics are ready for you to choose—a delightfully complete and satisfying assemblage, from which to pick just the weave, the texture, the pattern and coloring that exactly meets your individual desire.

Radiant With the Charm of Spring Are the Newest Spring Dresses

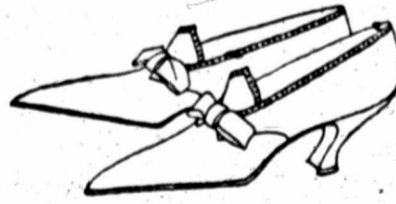

The charm, the daintiness, the modishness of these new taffeta dresses surpass anything that it has been our pleasure to show.

All the little touches favored by Paris are to be seen, basque, frills, fuller skirts, charming necklines, are to be seen in their most alluring aspects.

The colors in which they are shown are no less satisfying than the materials and styles.

Spring Coats Varied in Styling and Tone.

Faultlessly tailored and enchantingly developed of such desirable woollens as polo cloth, camel's hair tweed and tricotine, these newly created Coats boast many individual smart touches and uncommon style distinction. While fashionable long Coats are in evidence, the short model seems to prevail, with snug fitting and raglan sleeves, enjoying equal vogue. Styles range from those of utmost simplicity to types elaborately trimmed with embroideries, braids or brushed wool. As for colors, one may choose from a pleasing variety all of flattering hue. \$29.50 to \$195.00.

Among the Smartest of Smart Spring Styles Is the Gypsy Pump

In the high throat, oddly stitched vamp, and the fancy cut throughout, are found the reasons for the fascination of the gypsy pump.

In our moderate prices you'll find still another reason why you should include a pair in your Spring wardrobe.

New Spring Hats—Delightful Styles for Wear Just Now

Spring is here, if one is to judge by the unmistakable signs of its arrival here in our Millinery Department.

Looking about one will see delightful chick spring Hats that combine straw with satin in a hundred or more different ways.

There are the large, dressy Hats, in many, many colors; the plain black straw Hats; hats trimmed with feathers or flowers and hundreds of others.

And the prices are most reasonable.

Moderately Priced Hats for Children

This is a display arranged with due thought to childhood's every Hat need. Knowing that nothing pleases the little girl more than the wide, upturned sailor with gaily floating streamers of grosgrain, we have provided a gratifying assortment of such modes in black, brown, tan and blue. Colorful tams, mushrooms and hosts of other captivating styles also await selection at reasonable prices.

A Display Embracing the Newest and Most Wanted Blouse Styles

"By her choice in Blouses you can judge a woman's cleverness," so says an eminent fashion authority. "For if she selects the right sort of Blouse she can make it do the work of five." The costume possibilities of the Blouses in this showing are legion. Pleated gilets, peplum, unique apron effects, kimono sleeves and frills are some of the most noteworthy style departures, while the fabrics range from sheer chiffons and laces to heavy silk tricots.

"The Courteous Service Store."

Separate Skirts—Without Which No Wardrobe Is Complete

One thing that one notices about this opening display is that the majority of separate Skirts have forsaken the straight and narrow lines and adopted in their stead the bouffant silhouette. Wide at the hips they must be, whether they achieve this enviable line by means of cascade draperies, tiers of pleating or by loops of self fabric over the hips. The fabrics from which they are developed are strikingly effective both as to color and as to weave. Priced \$12.50 to \$39.50.

SOCIAL NEWS

"BEAUTIFY YOUR TOWN."
 Beautify your lawns, and drives; also your parks, and pools—
 By planting shrubs and trees near by—including all your schools.
 "Beautify your town," we say—but what could be the use—
 To struggle for a pretty yard, while "chicks" are running loose?

But, should there be a "fowl-law"—enforced to a letter—
 We'd never regret the days we spent, to make our lawns look better;
 We'd "love our neighbors as ourselves"—and try to keep from kicking—
 If we could get our "flowers" up—unaided by their "chickens."
 But, the lightest sentence we'd pronounce—is 10 years in "pen"
 For every scene of "fowl-play" dealt by a savage hen—
 'Cause chicks and gardens, flowers and shrubs can't thrive together;
 Yet, each are splendid in their place—in any sort of weather.
 —By Mrs. W. A. McGee.

GEORGE WASHINGTON PARTY FOR LEAGUE

One of the largest and most successful parties ever given by the Epworth League of the First M. E. Church South was the George Washington party which took place Monday night in the basement of the church. The rooms were decorated in American flags.
 The guests were entertained with a short program before the games. Mrs. H. W. Allen and Mrs. J. I. Burt played a piano duet and Dale Hanen a piano solo. Little Miss Turner and Master Edward Silk charmed their hearers with readings and pantomime. Miss Helen Seider also appeared in costume giving two readings.
 Progressive games were then played. Miss Luia Smith being successful in winning the prize, a box of cherry candy.
 After the games the guests were served with cherry icecream in which a small silk flag was jauntily hoisted, and while cake and coffee were being served in which all took part with Dale Hanen at the piano were enjoyed until a late hour.
 About 35 persons voted this to be a wonderful party.

KIEL-AMICH WEDDING TAKES PLACE MONDAY

Announcement is made by Mr. and Mrs. John F. Kiel of the marriage of their daughter, Eunice, to George K. Amich, which was solemnized in Fort Worth, Monday, Feb. 22, at the First Christian church. Rev. Dr. Anderson officiating with the ring ceremony. The bride was attended by her sister, Miss Gussie Kiel, and a few of the intimate friends of the young people were present. The bride had been a student in the school at Denton this term. The groom formerly resided in Washington, D. C., but is now general salesmanager for the American and Saxon automobiles in Fort Worth, where the young couple will make their home. During the war, Mr. Amich was stationed at Hicks Field and it was at this period, two years ago, that the romance began.
 The bride is a daughter of a pioneer family in this section, and she enjoys exceptional popularity in her circle of friends. She is a sister of Mrs. E. R. Boone and Mrs. Mark Moore of this city.

NEW CENTURY CLUB MEETS WITH MRS. WALKER

Mrs. Wade Walker was hostess to the New Century Club Wednesday afternoon, this being one of her first hospitalities of a social nature in her lovely new home, 1406 Tilden. George Elliot was the author studied, with Mrs. S. H. Burnside as leader. The program follows: "Marion Evans Carter," Mrs. Barnard; "Her Best Work," The Psychologist and Moralist," Mrs. J. A. Guest; "Adam Bede, Contrasts," Hetty and Diana, Adam and Arthur, Some Sayings of Mrs. Poyser," Mrs. W. P. Bolding; "Romola, Lito, An Example of the Growth of Moral Degeneracy," Mrs. W. J. Grisham.
 Prior to the program Mrs. J. C. Berney delivered an interesting lecture on "Woman's Citizenship and Good Government."
 The social half hour was most enjoyable, and the hostess served a delectable salad course. Mrs. Hall, mother of Mrs. W. P. Bolding, and Mrs. Berney were the guests. The club members present were Mesdames C. J. Barnard, S. H. Burnside, T. P. Adams, W. P. Bolding, Daniel,

Felder, Hartsok, Hamilton, C. B. Montgomery, C. E. McCutchen, W. E. Norton, W. J. Bartlett, W. W. Bill, C. W. Snider, J. C. A. Guest, W. B. Guthrie and Walker.
 Mrs. W. J. Grisham will be hostess to the club this coming week.

MUSICIANS CLUB MEETING HELD THURSDAY MORNING

"American Women Composers of the Twentieth Century" formed the study of the Musicians' Club, at its regular meeting on Thursday, at the Kemp Public Library. Mrs. F. R. Collard was leader, giving Chapters 9 and 10 from Elson's "National Music of America and Its Sources." Roll call was responded to with names of noted American women vocalists. Concise sketches and illustrations from compositions of the following composers were given: Manna Zucca, E. M. Davy, Margaret Long, Betty Stair, Florence Parr Gere, Mabel Daniels, Carrie Jacobs Bond, Florence Newell Barbour, Floy L. Bartlett, Anne Priscilla Riser, Mary Turner, Salter, Fanny Dillon, Lula Ross, Gena Branscombe, Florence Turner Maley, Mildred J. Hill and Laura F. Colley.

The interpretations were given by Miss Daisy Wharton, violinist, Mrs. John T. Roberts, contralto, and Mrs. Walter S. Robertson and Mrs. Wade Walker, sopranos. Mrs. McKnight, pianist, and Mrs. Lucile B. Huff and Mrs. F. R. Collard, accompanists.
 The annual election of officers featured the business session. Mrs. Lucile Brooks Huff was elected president. Mrs. H. A. Waller, first vice-president; Mrs. F. R. Collard, second vice-president; Mrs. T. P. Adams, third vice-president; Mrs. J. A. Guest, corresponding secretary; Mrs. J. Ashmore, recording secretary; Mrs. McKnight, treasurer; Mrs. Walter S. Robertson, critic and parliamentarian; Mrs. Ben M. Bell, accompanist; Miss Florence Sammons, assistant accompanist.

GIRLS CLUB HEARS THE JUBILEE SINGERS

A concert by the Dickson Jubilee Singers was enjoyed as the feature of the Girls Club meeting at the high school Thursday night. The program was open to the public, and a large crowd was present to hear the young negro singers who have been presenting programs for the past week, with much success.
 The club will meet Thursday night at the school as usual.

FIRST PRESBYTERIAN "OPEN HOUSE" MONDAY

An open house for all the women of the First Presbyterian church will be held Monday afternoon at the church. The business session will begin at 2:30 in order that the business and the program may be finished in time for the social hour. All women of the church, whether members of the Auxiliary or the Guild or not, are cordially invited to attend.

The Woman's Auxiliary of the First Baptist church will hold a business meeting at the church at 3:00 p. m. Monday.

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it. For example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale.
 According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfils almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.
 You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Wichita Falls Times. Large and medium size bottles for sale at all drug stores.

Society and Clubs

F. H. EPWORTH LEAGUE PROGRAM FOR SUNDAY
The Epworth League of the Floral Heights Methodist church is enjoying a baseball contest and lots of enthusiasm is being created. Last Sunday Team Twenty-four was winner by a score of 12 to 5. Standing the clubs: Team Twenty-four, 2 1 1 590; Team Thirteen, 2 1 1 570; Team Twenty-four, 2 1 1 590. The young people of Floral Heights are invited to be present at 6:15 Sunday evening and enjoy the following program: Topic, "Christian Work and Workers." Leader, Clyde A. Tittle. Song service full of pop led by B. R. Ellis. Player, Judge P. A. Martin. Scripture lesson: Isaiah 40:1-11—A Leaguer. Solo (selected)—Mrs. Wm. G. Simmons. "The Great Need of Workers"—P. E. Cox. Piano solo—Mrs. J. I. Burt. "Every Christian a Missionary"—Herbert Gray. Song by League. Yells by ball teams. League benediction. Place of meeting, high school. EPISCOPAL GUILD TO MEET WITH MRS. KELLY
The Woman's Guild of the Church of the Good Shepherd will meet Monday afternoon with Mrs. Jack Kelly, 1109 Harrison. All members are urged to be present. GOOD MEETING OF TRAVIS MOTHERS CLUB
An interesting meeting of the Travis School Mothers Club was held Friday afternoon at the school. Features of the program were an instructive talk on "The Needs of the Child" by Miss Quinn, the Red Cross home service nurse, and musical selections by the fifth grade. Plans were made for a social meeting on March 17, and the erection of playground equipment that the club is installing at the school was discussed. TRAVEL CLUB HOLDS REVIEW PROGRAM FRIDAY
A summary of the past two studies, "Poverty and its Causes" and "Marriage and Divorce," formed the program for the interesting meeting of the Travel Club, held Friday afternoon at the Kemp Public Library. Miss Blanche Potter was the leader, and the subjects were discussed in the round-table fashion. The members

present were: Mesdames Leslie Humphrey, Ben G. Oneal, F. T. Dutton, J. W. Akin, Guy Rodgers, D. Johns, Murdoch, T. A. Hicks, G. L. Shapard, C. H. Clark and Miss Potter. ALTAR SOCIETY TO MEET ON MONDAY
Monday afternoon at 3:00 o'clock the Altar Society of the church of the Sacred Heart will meet at the home of Mrs. J. H. Falchney, 2711 Ninth street. Mesdames Hall and Hughes will be joint hostesses. All women of the church are cordially invited. JEWISH WOMEN TO MEET ON MONDAY
The Council of Jewish Women will hold its regular monthly meeting at the Kemp library Monday at 3:30 p. m. A splendid program has been arranged. All members are urged to be present. JEWISH WOMEN WILL ENTERTAIN CHILDREN
The Council of Jewish Women will entertain the children of the Temple Israel congregation with a masquerade dance at the Y. W. C. A. room on Thursday, March 4, at 7:30 p. m. ROBERSON-HILL WEDDING ON SATURDAY
William N. Hill and Miss Mattie Mae Roberson were united in marriage Saturday morning at 10:00 o'clock at the Central Presbyterian manse by Rev. Guy Davis. The couple will be at home at 1209 Filmore. REGULAR MEETING OF REBEKAHS THURSDAY
The Rebekahs met in regular session Thursday afternoon. The installation of officers by District Deputy Mrs. Bradshaw and the organization of the drill team by Mrs. Smith, captain, and initiation of candidates featured the program. There were several visitors and a large attendance of members. WESLEY GIRLS MEET AT FIRST M. E. CHURCH SOUTH
Mrs. P. S. Campbell was hostess to the Wesley Girls on Friday afternoon, the meeting being held in the club rooms of the First M. E. church South. Fancy work was engaged in and a superb two-course luncheon was served. Miss Knickerbocker and Miss Smith were guests, the members present being: Mesdames Smith, Drake, H. B. White, P. S. Campbell, Dickey, Stevens and Miss Bennett. DISTRICT MISSIONARY SECRETARY HERE MONDAY
Mrs. J. J. Gainer, of Henrietta, district secretary of the Methodist Missionary Society, will meet with the Floral Heights Missionary Society on

Monday afternoon. The meeting will be held in the Floral Heights Baptist church which has been secured for that time, at 3:00 o'clock. All members are urged to be present. FIRST CHRISTIAN AID HOLDS MEETING FRIDAY
An exceptionally successful business meeting, with a pleasant social half hour, was enjoyed by the Ladies Aid of the First Christian church, on Friday afternoon, at the home of Mrs. C. G. Tevis. The "hostess committee" included: Mesdames T. T. Reese, M. L. Reid, C. E. Brown, Ols G. Hamlin, Grady England, McDonald, E. L. Patton and Snow. The devotionals were made a memorial tribute to Rev. H. A. Bush, former pastor of the church, who died in Dallas last Sunday. Mrs. Hamlin read the 13th chapter of First Corinthians, an address society voted a letter of condolence to Mrs. Bush. One of the most successful business reports in the history of the society was made, including contributions by every department of the work, and from every source, the total amount being \$1,513.10. The business session was followed by the social hour, the hostesses serving tempting refreshments. MRS. G. L. BERRY B. O. P. HOSTESS ON WEDNESDAY
The B. O. P. class was entertained in pleasant session on Wednesday afternoon by Mrs. G. L. Berry at her home, 1603 Grant. Concerts to entertain the guests were arranged by the hostess, and vocal numbers by Mrs. Randle were enjoyed, as were piano numbers by Mrs. Harold Murph. Refreshments of sandwiches, tea, custard pudding and cake were served late in the afternoon. Miss Forgy, Mrs. Harold Murph and Mrs. J. W. Murph were guests, the members present being: Mesdames Hardy, Randle, Manross, Richardson, Ralph Pond, Wilbur Lea, James Elliott and F. L. Shackelford. Mr. and Mrs. J. W. Thorne left Saturday night for Electra to attend an Epworth League rally of the M. E. Church, South, for this district. Mrs. J. U. McAllister of Fort Worth is here visiting her daughter, Mrs. Peery Hancock and her sister, Mrs. H. A. Allen. Mr. and Mrs. L. S. Maloney and family have moved from Quannah, Tex., and are now located at their new residence, 1506 Thirteenth street. Mr. Maloney is connected with the Perkins-Timberlake department store. We buy, exchange and sell all kinds of poultry. We have just the kind you want. White Product Co., 103 Pecan street. 251-4fc

Social Meeting of the Civic League on Tuesday Afternoon
A talk by Mr. Lutz, landscape gardener, who is at present engaged in beautifying the grounds of a number of the handsome homes of Wichita Falls, will be a feature of the program of the social meeting of the Civic League, to be held Tuesday afternoon, March 2, at the First Christian church. An invitation is extended through the press to every woman in Wichita Falls interested in the work of the League, and especially to the new residents. A short business session will precede the social hour, and at this time each department of the League will make a report. An interesting program has been arranged by the entertainment department, of which Mrs. J. W. Stone is chairman, and through the membership department, Mrs. Finley Waldon chairman, and an effort is being made to secure a record attendance. Refreshments will be served. The program follows: Piano duet: Mrs. J. C. V. T. Christensen and Mrs. R. E. Shepherd. Reading: Mrs. Ernest Thornburgh. Talk on City Beautification: Mr. Lutz. Talk on Sanitation: Dr. A. H. Douglas. Wichita Falls: Hubert M. Harrison. Voice Selection: Mrs. Wade Walker. Garden time is here. Chickens and gardens will not mix. Sell your chickens to the White Uroduct Co., 102 Pecan street. When you want tanks phone 2437. Alston-Story Tank Co. 270-4fc Modern five-room house furnished. \$7,000; terms. Phone 2857. 274-11. DOING HIS DUTY.
"For two years I suffered agonizing pains in my stomach, belching up sour and bitter fluids and gas. Tongue always coated. Doctors were unable to help me. The first dose of Murr's Wonderful Remedy made me feel 100 per cent better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Mack Taylor and druggists everywhere. (adv.)

MOTION PICTURES

PANTAGES BILL COMES HIGHLY RECOMMENDED

A Pantages bill featuring the Best Morrelle quintette, is the program for the Wichita opening tomorrow night. The quintette is an act that features some novel stage settings, popular and classical vocal and instrumental music.

The Four Casting Campbells, a popular act, is next on the list. There are four men in the act, one a clown, and they are said to furnish something new in the way of thrills.

The Oklahoma Four is a novelty act with a western setting. They open with a little rousing by one of the young ladies, and have a big dancing wind-up.

THE DARKEST HOUR MAJESTIC ATTRACTION

The well known paradox of a worthless man, so far as character and manliness is concerned, forms one of the dramatic elements in Vitar's new feature, "The Darkest Hour."

Mr. Morey plays the role of Peter Schuyler, a wealthy clubman, sought after by the marriageable young women of society.

The latter maps out the audacious plan of having the girl marry Peter, get control of a share of his wealth, obtain a divorce and marry the plotter.

The short subjects on the Majestic's bill are Fay Tincher in her latest two reel comedy, "Wild and Western," and Mutt and Jeff cartoon comedy.

WONDERFUL PICTURE AT EMPRESS ON MONDAY

Out in the wild and movie west they call Thomas H. Ince "the screen starmaker." And well does he deserve the title, having supplied to the screen such luminaries as Wm. S. Hart, Charles Ray, Edith Bennett, and others.

Attraction at Plaza for coming week. The Great Travelutte himself will head the famous show bearing his name which will open a week's engagement at the Plaza theater.

ATTRACTION AT EMPRESS THEATRE ON WEDNESDAY AND THURSDAY THIS WEEK

"Twenty-Three and a Half Hours Leave," which will be shown at the Empress theater Monday and Tuesday, they have fully demonstrated that Mr. Ince has again picked a winner.

The picture was adapted from the famous Saturday Evening Post story by Mary Roberts Rinehart, which delighted millions of readers and gave them more than one good, wholesome laugh.

The stars appear as William Gray, a sergeant, and Peggy Dodge, the commanding general's daughter.

The performance opens with fascinating dancers and singers who possess the grace and charm of the far east.

As you awaken from your dream of mental tranquility, you are confronted with mystifying magic as is only presented in India; then follows Dr. Travelutte's famous Simla Seance which has caused more discussion among students and scientists than has anything before publicly introduced.

FAIRBANKS SHOWS AT BURKBURNETT THEATRE

A recent bulletin issued by the National Bureau of Research states that more than 16,000,000 persons of the United States and Canada, ranging in age from 16 to 60 years and of both sexes, fall to follow the dictates of their own minds in deciding the everyday happenings of life.

The remarkable statement of this research society goes on further to state that in this country alone there is a circulation of 10,000,000 Ouija boards.

Douglas Fairbanks is one of the 10,000,000 Ouija enthusiasts included in the findings of the research station.

When the Clouds Roll By," which will be shown at the Pershing theater, Burkburnett, Tex., March 1, Doug appeals to the Ouija and jinxes as it may seem the little felt-footed indicator furnishes the answer in an amazing manner.

ATTRACTION AT PLAZA FOR COMING WEEK

The Great Travelutte himself will head the famous show bearing his name which will open a week's engagement at the Plaza theater.

ATTRACTION AT EMPRESS THEATRE ON WEDNESDAY AND THURSDAY THIS WEEK

throughout the Orient as Ali Ben Deb, mysterious exponent of the seemingly impossible who delights in presenting a diversified performance, full of mystery, mirth and melody which gives you that "Glad I Was There Feeling, on Your Homeward Hike," with a memory to keep and talk of such no other entertainment can afford.

You will be bewildered, perplexed, as never before, and royally entertained from the moment the curtains rise and gives you a flash of the gorgeous stage settings and costumes used in the temple scene.

Be prepared to spend one hour and a half in the atmosphere of the Orient, a breath of Oriental perfume, a perfect blending of colors and illuminations which will cause the blaze theater goer to pay attention, and the tired business man to relax into a coma of mental tranquility.

The performance opens with fascinating dancers and singers who possess the grace and charm of the far east.

As you awaken from your dream of mental tranquility, you are confronted with mystifying magic as is only presented in India; then follows Dr. Travelutte's famous Simla Seance which has caused more discussion among students and scientists than has anything before publicly introduced.

CITY POLICE ARREST MAN THOUGHT TO BE SWINDLER WANTED

A man, believed to be an alleged swindler wanted in Dayton, O., and several other places in widely separated parts of the country was arrested by the city police Saturday afternoon. The party was identified by a

man in this city whom he had given a draft said to have been forged. According to the details of the case it appears that the alleged swindler is thought to have been in the employ of a Dayton (O.) firm and after being discharged forged drafts in this company for various sums, mostly \$50 and \$100.

After an investigation he was turned over to the county.

Anderson's

Monday March 1st We Begin Our Spring

We Expect to Make this the Greatest Selling Event

This Beautiful, New Men's Store Invites You to Visit Us This Week as This Is Men's Week at *Anderson's*

After months of preparation, we announce ready for spring of 1920. Our new fixtures are installed and are filled with the choicest merchandise for the season

Our buyers have visited all the leading markets and searched all the most standard lines to find merchandise that will make this store the leading men's store in this section of Texas. You will find here that our salesmen are competent and courteous, our merchandise of the best quality, and reasonably priced, and we believe you will be pleased to call this store your trading place.

Kuppenheimer, Styleplus and Langham High Have Placed Their Lines of Men's and Young Men's Suits in This Store.

Have you noticed the difference in the appearance of men? It is caused by selection and care. Selection from this store is made easy by having assembled here the new styles and patterns in Men's Suits by the most reliable makers of Men's Clothing in America.

Wherever you find well dressed men you will find Kuppenheimer Clothing. They are favored strong in the eastern centers, where they have been recognized for years as the most standard of clothes makers. Kuppenheimer's Suits range from \$50.00 to \$90.00.

The Young Fellow's Clothes

Langham High for the young fellow age, sixteen to twenty, who wants something different from suits made for his older brother or father. They are here and the boys who have once bought are coming back. Delpark, Seal-pax and other reputable lines.

Explanation of Men's Week at Anderson's

Specials are offered in numbers of lines that have been selected with care for this occasion.

Announcing the opening of the new season with new stocks of Men's Wear.

An invitation to the men of Wichita Falls to visit this store and get acquainted with the salesmen and the business methods of this store, and we believe you will find that great care has been used in selection of merchandise, and that every effort is being made to render real service to the customers of this store.

Our Spring Campaign For Business!

Best Selling Event in History of Wichita Falls

This Week, a Great Sale of Trimmed Hats

In addition to our big Spring purchases of Fisk, Gage, Johnson, and Gold Medal Hats, we have recently purchased the entire pattern line from Frankel Frank & Co., the great Millinery Style Authorities of Kansas City. Over \$5,000.00 worth of the newest and best styles in "Regina" pattern Hats, Shapes and Millinery Materials. Nothing but the newest and best styles are included—the newest combinations, the wanted materials are all shown. Beautiful Pattern Hats, striking Picture Hats, neat tailored Hats, Straw Shapes, Flowers, Feathers and Ornaments are all included in this unusual purchase. To share our good fortune quickly with you we have arranged for this week's selling four big tables of specials from this big purchase of "Regina" trimmed hats.

\$7.95 In this lot hats worth regularly up to \$12.50.
\$10 In this lot Hats worth regularly up to \$15.00.
\$12.50 In this lot Hats worth regularly up to \$17.50.
\$15 In this lot hats worth regularly up to \$20.00.

While there are enough Hats for a week's busy selling, we urge you to come early in the week—the earlier you come the larger selection you will find. When possible shop in the forenoons, we will be able to give you much better service.

Better Trimmed Hats

Exact copies of pattern Hats from such well known style authorities as Fisk and Gage of Chicago and Johnson of New York, including a liberal showing of the Chinese Jade shade, the handsome orchid shade which is so good for Spring. \$18.50 to \$35.00.

Stunning Sport Hats of fine Raffia braid in combination with georgettes in the pretty Spring pastel shades, all artistically trimmed from \$15.00 to \$30.00.

Black Lace Hats in fine Milans and Silk Chantilly lace in combination with hair braid all beautifully trimmed with flowers and ornaments are popular for evening and dress wear. \$18.00 to \$35.00.

Madge Evans Hats for Little Ladies

"The Best of All Good Hats for Girls"

Made of extra quality Milan, the most durable of all summer hat materials. Splendid new shapes in new wide brim sailors, straight sailors, pokes and roll brims, in black, brown, navy and white, trimmed with wide grosgrain ribbon, finished with little ornament of ribbon emblems. \$5.00 to \$15.00.

We are particularly proud of the unusual showing at \$5, \$7.50, \$10.00. You'll like these better hats; you'll remember the Madge Evans label.

Handsome Spring Dresses

Taffeta is the popular fabric in the New Spring Dresses. You'll like the new and better models we are showing. The very cream of the New York City market selected by our Mrs. Harkins. Many pretty new ruffled models are shown, some having the elastic corded ruffled bottom in the Turkish harem style. Most of them finished in the round neck; practically all are in the new short sleeve styles. Some are finished with broad girdles with artistic bows. Dainty touches of hand embroidery in silk or chenille, sometimes enlivened with a touch of tinsel add additional attractions to these beautiful new taffeta dresses.

You'll like our newer and better styles.

You'll appreciate the wide range from which to choose as we show no two dresses exactly alike, and you'll like the better values here.

Black, navy, brown, copenhagen, pekin and all the wanted Spring Shades.

\$40.00 to \$100.00.

Good Georgette Dresses

Plain Georgette and Pretty Floral Georgette are more popular than ever, especially the better qualities like these. These are made of finest georgette in the beautiful new overdrapery over silk foundations and new ruffled skirts. All dresses are elaborately braided and beaded, artistic hand work is on of the many good features of these good georgette dresses. In navy, brown, taupe, copen, pekin, overseas blue, white, flesh, pink, jade orchid, maize, tan and all the good evening colors. **\$40.00 to \$85.00.**

Handsome Spring Tricotine Dresses

Never before were styles so pretty, colors and combinations so fascinating as they are in these beautiful new Spring Dresses of tricotine and serges. Many models with the popular, accordion pleated skirt, most of them are shown with bolivia blouses and are enlivened with handsomely trimmed sashes and embroidered with bits of beautiful hand embroidered motifs. **\$37.50 to \$115.**

SAUL'S

PRINCE AND PRINCESS CHRISTOPHER OF GREECE

Princess Anastasia of Greece, formerly Mrs. William C. Leeds, is the only American woman who has the right to the title of Her Royal Highness. The marriage of Mrs. Leeds, who only a few days previously had been a commoner, according to Greek law, Anastasia, was regarded as the marriage of the present King of Greece, in the little Russian church at Vera recently. The civil ceremony was at Geneva.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.
NEW YORK, Feb. 28.—An active covering movement in March cotton contracts advanced the delivery to 25 1/2 today, a high record, nearly equal to that of 23 1/2 and October 2008. The new crop positions were not as strongly supported, the price being 20 points higher to 10 lower, but there was a more bullish feeling noted in the entire list and spot prices continued to rise, some firms from 20 to 25, indicating that cotton was held in strong hands and that holders were demanding and getting 40 cents a pound and more. The market opened steady with December 4 1/2 points lower and others unchanged to 2 points higher, 100 lbs. by No. 2 cottons or more at the opening and there was moderate pressure from local houses on a report from Bull River to the effect that the mill activities was threatened by a strike of coal miners, but the demand for March contracts soon asserted itself and with a bullish interpretation of weak statistics, the strength of the stock market and handling of foreign exchange brought about a steady uplift of prices which reached its climax near the close. From the local stock a sale of about 100 bales has been made to a south-western firm and the cotton, it is understood, will be moved out for export.

GRAIN AND PRODUCE.
CHICAGO, Feb. 28.—Anticipation of possible improvements in traffic conditions after the weather cleared to the belt, and the fact that the railroad bill would become a law, put the corn market on a more active basis. The market opened around the opening, the opening decline around the market 8 to 15 points under the close of yesterday and from this there was a rise until the trading months were 12 to 35 points higher than the last price of yesterday. Provisions were 10 to 20 points up for the session of 11 to 25 points. The forecast called for wet and cold weather in the belt, March closed at a low which compared with the price of 4000 against middling, spots being unchanged.

LIVESTOCK.
FORT WORTH LIVESTOCK.
FORT WORTH, TEX., Feb. 28.—Cattle, 1000; slightly lower. Horses, \$5.00-10.00; steady. Pigs, \$2.00-3.00; steady. Calves, \$2.00-3.00; steady. Sheep, \$2.00-3.00; steady. Hogs, \$2.00-3.00; steady. Heavy \$1.00-1.25; steady. Light \$1.00-1.25; steady. Common \$1.00-1.25; steady. Some modestly better. Hogs \$1.00-1.25; steady. Cattle, 1000; slightly lower. Horses, \$5.00-10.00; steady. Pigs, \$2.00-3.00; steady. Calves, \$2.00-3.00; steady. Sheep, \$2.00-3.00; steady. Hogs, \$2.00-3.00; steady. Heavy \$1.00-1.25; steady. Light \$1.00-1.25; steady. Common \$1.00-1.25; steady.

J. H. P. H. to J. H. P. H., lot 3, block 17, Florida Heights, \$2000.

NEW YORK STOCKS.
NEW YORK, Feb. 28.—Trading in stocks today was perfunctory and uncertain of tone except for further buying of second rail, as it gave a rally in the first hour of the session. The market opened around the opening, the opening decline around the market 8 to 15 points under the close of yesterday and from this there was a rise until the trading months were 12 to 35 points higher than the last price of yesterday. Provisions were 10 to 20 points up for the session of 11 to 25 points. The forecast called for wet and cold weather in the belt, March closed at a low which compared with the price of 4000 against middling, spots being unchanged.

Market Review
New York Stocks
NEW YORK, Feb. 28.—Railroad shares provided the only encouraging feature of the day, the market for most of the day continuing to react as signs of tightened credits assumed more definite form. Call money fluctuated between 10 and 15 per cent against the ruling rate of 6 per cent in the preceding fortnight and some modestly better. Hogs \$1.00-1.25; steady. Cattle, 1000; slightly lower. Horses, \$5.00-10.00; steady. Pigs, \$2.00-3.00; steady. Calves, \$2.00-3.00; steady. Sheep, \$2.00-3.00; steady. Hogs, \$2.00-3.00; steady. Heavy \$1.00-1.25; steady. Light \$1.00-1.25; steady. Common \$1.00-1.25; steady.

J. E. Torrie to K. M. Groen et al, 10 acres Wichita Falls Valley Farm Lands; \$2500.
T. J. Torrie to M. G. Danelger, 2 acres Hesperian survey; \$20,000.

GRAHAM ENJOYING MOST PHENOMINAL GROWTH IN CAREER

By MILTON H. MCCONNELL.
GRAHAM, TEX., Feb. 28.—As no time in the history of the town has Graham seen such a growth as at present. The announcement of a new business concern—a hamburger stand to be built under or oil warehouse—is a daily occurrence. Pink Brooks, the oldest inhabitant of Young county, stood amazed today on the corner of Oak and Fourth streets, as he watched the strangers hurrying by. He said in the old days when a stranger struck town one of the home guards would be delegated to investigate him, and in conversation and ascertain his business. These were good old days, but days of yore. These are days of the proprietor, the business man, the driller, the tool pusher and a few of the curious, who want to see what an oil town looks like. They are all here and Graham, with its 5,000 inhabitants, is caring for them. Mentioning only the concerns that have made arrangements this week for locations in Graham, we give the following:
Nash Hardware Co. of Fort Worth have arranged for site.
W. F. Box begins the erection of a \$25,000 moving picture show Monday. Torrey Rig and Lumber Co. have secured sites for building structure.
Texas Rig Building Co. secured site early in the week.
Crest Lumber Co. are arranging to open a mill in Graham.
Stewart, Stone Lumber Co. expect to have a yard open soon.
There are over 19 business concerns that have already perfected arrangements for buildings to be hastily erected in Graham. The above are only concerns coming into Graham the past week. The Graham Steam Laundry, a new \$100,000 plant, opens for business Monday.

MORE ARRESTS MADE AT FORT WORTH ON CHARGE OF SMUGGLING NARCOTICS

FORT WORTH, Feb. 28.—Following a long investigation by federal agents, a large quantity of the alleged smuggling of narcotics across the Rio Grande into Texas, more arrests were made today. Jack Malone of El Paso was arrested last week; Jack Wright and Dave Pratt were arraigned before United States Commissioner Mitchell this morning and held under \$2,500 bonds to await the action of the grand jury. The men are accused of having smuggled narcotics in their possession.

NEW TRANSPORTATION SERVICE TO IOWA PARK

There is a new transportation service planned between Wichita Falls and Iowa Park, known as the Texas Transportation Company. It is a large bus with a driver and seats for 22 people. The bus is equipped with push buttons and electric lights. The company expects to make from six to eight round trips a day between the two points. It is their intention as soon as they can get more cars to increase the number of calls and cover the territory. The members of the firm are Lewis Dixon and H. M. Martin.

TRANSFER CRIMINAL CASES TO SEVENTY-EIGHTH COURT

All criminal cases of the 30th district court not disposed of during the term of session, have been transferred to the 78th district court and will be tried before Judge Edgar Scurry in the second week of March, it was announced at the district attorney's office Saturday. The state will be represented by County Attorney John Davenport and assistants in the absence of District Attorney Fletcher J. S. Jones, who leaves Sunday.

SEIZE PATENT MEDICINE WITH SURPLUS ALCOHOL

CHICAGO, Feb. 28.—Two cartloads of patent medicine said to contain 55 per cent alcohol were seized today by police officers and turned over to the United States District Attorney Charles F. Flynn. The medicine is said to have been shipped here by a Detroit manufacturer and sold for beverage purposes. The medicine has been sold extensively in many drug stores at 75 cents a pint.

PLUMB IS TO CAMPAIGN IN OHIO NEXT MONTH

WASHINGTON, Feb. 28.—The first Ohio development in organized labor's campaign to oppose congressional recharter today was announced that Glenn E. Plumb, general counsel for the railroad brotherhoods, would tour Ohio next month to speak in support of the brotherhoods' plan for a tripartite control of the railroads and against congressmen who voted for the bill.

SUGGEST ONE CENT TAX ON 100 MATCHES

WASHINGTON, Feb. 28.—A tax of one cent on every 100 matches to be paid by the purchasers, was proposed in a bill introduced today by Representative Ackerman, Republican, New Jersey, as a means of realizing revenue for the bonus for soldiers' movement. Denouncing the measure, members declared that the burden of the tax would fall upon smokers and firemen.

REPORT PETROGRAD WELL BEHAVED CITY

LONDON, Feb. 27.—Petrograd is not the city of chaos that it has been described to be; rather it is a well behaved and well governed city bearing the aspect of thorough communism, according to Griffin Barry, correspondent of the London Daily Herald, in a communication from the one-time Russian capital.

BAPTIST Y. P. U. AND BIBLE SCHOOL INSTITUTE TO OPEN

The Baptist Young People's Union and Bible School Institute will open Sunday at the First Baptist church. T. C. Gardner, secretary of the organization for Texas, will be dean of the school. Dr. E. F. Brown, of the Sherman First Baptist church, will be the principal speaker at the evening services, and will also be in charge of a class, speaking on "What Baptists Believe". Dr. R. L. Powell, Gainesville, will instruct a class concerning the use of the new Sunday School Normal Manual. Miss Effie McDaniel, secretary of the young people's work in the First Baptist church of

D. F. Brown

Dallas, will have charge of the Junior B. Y. P. U. Manual, while T. C. Gardner will have charge of the Senior division.

Rev. J. S. Deaton, Electra; Rev. William Ashmold, and Rev. A. J. Holt will address the meetings. There are still some classes to be organized.

Program.

10:00 a. m. Sunday school, Chas. O. Cook, superintendent.
11:40 a. m. T. C. Gardner, secretary of the young people's work of Texas, will speak. Miss Anna Morris, plano, will sing.
3:30 p. m. mass meeting of the Baptist young people and Sunday school forces of the city, led by T. C.

Miss Effie McDaniel

Gardner. This is to be the get-away meeting of the institute. All of the Baptist churches of the city, and of the county, are invited to take part in this meeting. Special music will be a feature.

6:15 to 6:30, devotional; 6:30 to 7:15, classes in session; 7:15 to 7:45, luncheon served at the church; 7:45 to 8:30, classes in session; 8:30 to 8:45, song service, special announcements.

Dr. Brown will deliver a lecture in the main auditorium to the general public each evening.

LADY WRITES "JUSTICE OF THE SUPREME COURT" ABOUT DIVORCE COURTS

A letter received Saturday by United States Commissioner Lantz was addressed to the justice of the supreme court of Wichita Falls. Commissioner Lantz is at a loss to know why a letter bearing such an imposing address was delivered to him. The letter was opened and when it was found that a young woman wanted to know "how to file a divorce petition" the communication was turned over to District Clerk A. F. Kerr of the state courts.

ANNOUNCE OFFICIALS OF "COTTON BELT" RAILWAY UNDER PRIVATE CONTROL

Murray; general passenger agent, T. H. Lawrence; general agent freight department, Sid F. Baker; general agent passenger department, Gus Heaver, all having offices at Tyler; division freight agent Fort Worth, R. C. Hatfield; division freight agent Waco, H. A. Klein; commercial agent Texarkana, J. R. Hunter; commercial agent San Antonio, L. J. Hausman; commercial agent Houston, J. R. Rodenhamer; industrial agent, Dallas, W. J. Doyle; assistant, C. C. Roekenbarr.

HOLLINGER IS TO OPEN AN OFFICE SUPPLY STORE

R. H. Hollinger announces that he will open up an office supply equipment store at 807 Ninth street, about March 15. A building is being put up for him at that location. Mr. Hollinger will handle a complete line of office supplies including typewriters, filing cabinets, desks, safes and similar supplies. Mr. Hollinger has been out of the typewriter and office supply business for some months and his return to this line will be welcomed by many of his old customers.

"JUBILEE SINGERS" WILL RENDER A PROGRAM AT FIRST CHRISTIAN CHURCH

The "Jubilee Singers" from the Dickson colored orphanage in east Texas, will render several selections at tonight's service at the First Christian church. These singers have appeared in a number of local churches recently and their melodies have been greatly enjoyed. W. L. Dickson, superintendent of the orphanage, will speak at the Christian church tonight. At this morning's service, Rev. J. L. Keevil, the pastor, will speak on "The Supreme Passion of a Soul."

AUCTION SALE CALL FIELD UNOCCUPIED BUILDINGS

An auction sale of all the unoccupied buildings at Call Field will be held Wednesday afternoon at 1:30. All the small buildings will be sold as well as a number of the hangars, repair shops and other larger buildings, including the Post Exchange.

FIRST BAPTIST CHURCH IS TO HOLD REVIVAL MEETING

Announcement is made that the First Baptist church will conduct a series of evangelistic meetings beginning the first Sunday in April. Rev. Mr. Powers will be assisted in the meetings by Dr. I. E. Gates of San Antonio. Dr. Gates was formerly pastor of the Baptist churches at Pahrump and Amarillo. Dr. Gates is well known over the state as an orator and a scholar of unusual attainment.

LAMAR AND FOURTEENTH LOT SELLS FOR \$20,000

F. F. Stemple has sold his property at the corner of Fourteenth and Lamar, to Stehlik and Baber and Robert M. Harrison for a consideration of \$20,000. The lot has a 70-foot frontage on Lamar and runs back 150 feet to the alley on Fourteenth street.

FEDERAL COURT TO CONVENE ON MONDAY; WILSON TO PRESIDE

Federal court will open Monday morning at 9:00 o'clock in the rooms of the 30th district court. Federal Judge James C. Wilson of Fort Worth, who will preside at this session of court is expected to arrive Sunday afternoon and jurors and attorneys will arrive Sunday or early Monday. Assistant United States District Attorney Harrell of Dallas is expected to be here throughout the term.

The first week of court here will be given over to civil and grand jury matters. The first day or two will be devoted to naturalization proceedings. The criminal docket will be taken up on Monday, February 7.

FIRST CHRISTIAN CHURCH SUNDAY SCHOOL HAS SET MARK OF 500 FOR TODAY

The First Christian Church Sunday school, which passed the 400 mark in attendance last Sunday, has set 500 for its new mark, and officers and pupils are now working for that goal, which they hope to attain within a short time. The Christian Endeavor society of the church is also endeavoring to increase its enrollment and extends a special invitation to the young people to be present tonight at 6:30. When you need a plumber call 1712 G. W. Winburne Jr., 2400 Eighth at 272-tp.

SUNDAY AND WEEKLY EDITION

Bringing Up Father

Automobile News

NASH AUTOMOBILE AND TRUCK COMPANY ANNOUNCES SALES

The Nash Automobile and Truck company announce the following sales for the past 10 days: To Kinch Kern company of Wagoner City one Quad truck; J. L. Anderson, city, one Quad truck; J. P. & W. T. Gibson, one ton Nash truck; Blair Hughes, a five-passenger Nash; W. Quisenberry, city, a Nash Sedan; L. L. Taylor, city, five-passenger Nash; M. J. La Due, five-passenger Nash; J. S. Sargent, city, seven-passenger Nash; D. M. Bell, city, five-passenger Nash; C. W. Tully, city, Nash Coupe; E. C. Doseh, city, seven-passenger Nash; Ryan Pet. Co., city, Nash Roadster; Dr. H. P. White, city, five-passenger Nash; T. Mankin of Mankin, five-passenger Nash; H. L. Mann, city, Nash Speedster; J. D. Focier of Neocoma, five-passenger Nash; Willford Harrison, Coupe.

The demand for Coupe Models has been so exceptionally strong that they were compelled to turn down five orders until they get more in, they give two car loads on the way to Wichita Falls.

They have reorganized their sales force and acquired the services of J. H. Grand as sales manager. He has had a number of years experience in the auto game in Texas and for the past two years has been associated with the Nash people in Dallas and Waco. Mr. Herran stated that one reason they had installed in the new company is an expert Quad day and night service at their repair shop at 1022 Indiana, as they are equipped to handle any and all heavy truck work.

If you are unfamiliar with a rim from which a tire is to be changed, it is good policy to let it alone and have an experienced mechanic do the job. Many serious accidents have happened because of improper locking, resulting in their flying off when the tire has been inflated.

New Series Haynes Brougham Voted One Prettiest Cars

A wise man long ago declared that like attracts like and the age-old wisdom was successfully demonstrated last week by a galaxy of stars from "Monte Cristo Jr." who attended the Detroit automobile show as an official committee of connoisseurs of motor car beauty. They came at the express invitation of Mr. Stuart, manager of the Detroit automobile show. Their purpose was to judge all the cars in the exposition and to determine by ballot the most beautiful among those displayed.

After every make, every model had been seen and appraised, this group of Broadway stars gravitated by natural impulse back to the Haynes exhibit—the new series Haynes Brougham—where the fine points of motor car beauty were pointed out and exclaimed over. Then, without a dissenting vote, the new series Haynes Brougham was declared queen of the show, the prettiest car on exhibition.

Many are the charms of the Haynes Brougham that lure and command admiration. Its rich outward appearance, conveying the impression of exclusiveness and dignity, the so-called arrangements of its five seats; the acme of restful comfort in its deep cushions; the spacious divan of its rear seat. The driver's seat, which bears the brunt of usage, is upholstered in leather to carry out the

principle of utility so essential to day. And its charming appointments, such as the mahogany vanity and smoking cases, and the exquisite by designed dome light, give it the atmosphere of a cozy room on wheels.

This, then, is the car that was selected as the most beautiful car at the Detroit automobile show by people whose professional qualifications demand an expert knowledge of what real beauty is. The committee of 74 actors and actresses who helped make the selection include the following nationally known theatrical people: Watson Sisters; Dooley and Sales; Miller and Mack.

HOW TO KNOW WHEN THE BATTERY IS TESTED

Have you ever wondered just what the battery man does when he tests your battery? You know the test should be made frequently, but do you know why. When we asked Mr. Handel of the local Willard Service Station to answer this question for our readers, he said, "I will try to talk in words of one syllable and try to keep away from technical terms."

"The hydrometer test simply weighs the battery solution. We take the weight of distilled water as a standard and call it 1. Sulphuric acid weighs more than water so that

when it is added to water, as it is to make the battery solution, the solution will naturally weigh more than the original water. It is this increased weight which we measure.

"If the battery is properly charged, the battery solution should weigh one and 23-100 times as much as water. This weight is called specific gravity. When a battery is discharged, the acid leaves the solution and enters the plates which makes the solution lighter or nearer the weight of the water."

"When a battery is charged, the acid leaves the plates, enters the solution and makes it heavier. Therefore when we weight the solution (or test the battery) and find that it weighs 1.280 times as much as water, it shows that the battery is fully charged. If however, for instances it weighs 1.170 times as much as water, it shows that the acid is in the plates and not in the solution; therefore the battery is discharged.

"But remember that you cannot charge the battery by adding acid. The original acid is still in a discharged battery. It is in the plates and must be driven back into the solution by charging from an outside source. So you see if you add acid to your battery, you will have more than you should have in there which will cause damage.

"There are just two things which

a car owner can safely do to a battery himself," went on Mr. Handel. "He can add distilled water to a point a half inch above the plates, and he can weigh the battery solution himself with a hydrometer syringe. We will be glad to do this for him without charge but I would like to warn every car owner in Wichita Falls against trying to do anything else with his battery."

KENT BROS. & COMPANY REPORT ACTIVE WEEK

Kent Bros. & Co. report a most active week on time at tires and accessories. They have recently taken the agency for the Grant car and delivered two this week. They have a good supply on the way and a new display on the floor on display. The

Grant has always proved a favorite wherever it is used.

When the weather is cold great care should be exercised in seeing that the motor is not overprimed. In low temperature gasoline does not vaporize readily, and if overpriming is suspected it is well to open the compression reliefs in order to clean the cylinders.

The delightful comfort with which five adult persons ride in the Cleveland Six touring car has appealed to buyers everywhere. The wide, soft-cushion seats, upholstered in genuine hand-buffed plaited leather, are cozy as cozy can be. And the low underslung spring construction, a feature of the Cleveland Six chassis, subdues the road-shock long before it can reach the cushions.

Many unusual qualities such as these are fast winning friends for the Cleveland Six. Among light weight sizes it stands out distinctly.

At all the principal automobile shows this season it has attracted extraordinary crowds. Men of mechanical interests and men experienced in the use of motor cars have been generous in their expression of approval and admiration for the entire design and construction of the Cleveland Six chassis. The several beautiful styles of body, mounted on this one chassis, have met with praise from men and women alike.

When you see or drive the Cleveland Six, you want it.

NEW LIBERTY COUPE FOUR PASSENGER CAR IS ON EXHIBITION

One of the snappiest, most completely equipped and in point of looks a car that can "step with the best" is the new Liberty four-passenger coupe just received and put on exhibition at the Harley Motor company show room at the corner of Scott and Fifth streets. The body is built by one of the foremost body manufacturers in the country and the one that built the Rauch Lang Electric car. Straight lines are favored in the general tendency of the body design, following in a fashion the contours of the imported closed models, but still preserving the Liberty originality and sturdiness of effect. Special Liberty gray, with blue gray window panels is the color scheme.

The broadcloth finished interior of the car is a revelation and a step forward in decorative work. Slightly in the front we find the driver's seat and to the rear and right in the large deeply cushioned seat, capable of seating three people comfortably. An emergency seat set in the side of the dashboard, which is out of sight when not in use, is an original idea with the Liberty closed car.

At the top of the windshield and located conveniently for the driver is a rectangular mirror, another innovation, which serves a double purpose, that of vanity and also as an indicator of what is going on in the road behind the car, preventing accidents. Which angle of the question will appeal most to the eternal feminine is left to the imagination.

The windows of the coupe are of thick plate glass and can be raised when desired. In cold weather a heater built into the floor of the interior will warm things up. In other words this is truly an all weather car.

Another exclusive Liberty detail that adds to the completeness of the car is the specially constructed rubber trough around the top which carries the water off and prevents the moisture from obstructing the vision by running down the side windows. The windshield is of the double rain vision type.

One of the strongest selling points of the car, Mr. Harley declares, is the total absence of any disagreeable rattling and squeaking of the body and springs. The even balance of the car rounds out what he claims to be the most advanced coupe design of a car for anywhere near the price.

NOLEN-STRINGER REPORT—ARRIVAL OF HAYNES CAR

Nolen Stringer reports the arrival of a carload of Haynes cars the past week besides driving several through from Dallas. They sold and delivered to Wm. Jones of Wichita Motor Company, a 5-passenger Haynes, besides making a number of sales of used cars; B. M. Belcher, 7-passenger Haynes.

If you open the relief valves to look for a cylinder missing explosions and fail to see a flame, do not blame or condemn the cylinder. Open the throttle and give it enough gas to fire. When the throttle is closed and the relief valve open, the engine sucks in so much air that some cylinders cannot fire.

Closed Cars Are The Highest Mode of Modern Travel

Closed cars are rapidly being adopted as the ideal means of travel, says Mr. Cochran, local dealer in Chevrolet passenger and commercial cars.

"The chief reason for this is that they are the only practical type of conveyance that makes one absolutely independent in regard to his transportation."

"Not only for touring but for necessary trips of any length the enclosed automobile affords advantages never enjoyed before.

"Time tables no longer need dictate one's goings and comings. Permanent trails need not determine the route by which one must go. And all the inconveniences of transfer points is entirely eliminated.

"In addition to these advantages the closed car owner can enjoy absolute privacy. It eliminates all the annoyances of the common carrier. In their stead he is surrounded with refinements of upholstery and fittings such as reflect his individual taste and are possible in no other type of conveyance.

"The best part of all is that he can enjoy these things in any season. He can disregard weather conditions entirely.

"The permanent top and adjustable windows that afford protection against cold and storms are equally valuable assets on fine days. The passengers can regulate this protection at will. They can have all the pleasure of open air travel without any discomfort from dust, dirt or burn.

"It is the completeness of its service that is winning popularity for this improved means of traveling.

Rusted rims often cause the sticking of tires and such troubles can be averted by painting the rims with a white enamel to a creamy paste with gasoline. The theory of this is that the gasoline evaporates, leaving the graphite, which prevents the formation of any rust.

CUTICURA HEALS SCALP TROUBLE

Dandruff 3 Years. Itched and Caused Scratching. Hair Fell Out Gradually.

"I was troubled with dandruff for almost three years, and my hair fell out gradually and became so dry and lifeless that I could hardly do anything with it. The itching caused me to be always scratching, and the dandruff scaled off and could be seen on my clothing.

"Then I decided to try Cuticura Soap and Ointment, and after using one cake of Cuticura Soap and one box of Cuticura Ointment I was completely healed." (Signed) Carl Allen, Grand Ridge, Florida, Aug. 30, 1919.

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, soothe with Ointment, dust with Talcum.

Sample Book Free by Mail. Address: "Cuticura," International Dept. R. Malver, Mass. Sold everywhere. Soap 10¢, Ointment 25¢ and Talcum 15¢. Cuticura Soap shaves without soap.

KNOWLEDGE FOR CAR OWNERS

Interesting and Important Facts That Every Motorist Should Know.

Always use a higher test gasoline in winter than you do in summer.

It is a safe thing to carry a small tank extra filled with gasoline when going on a trip where garages and oil stations are far and few between.

To enable an automobilist to get home with a punctured tire an inventor has patented a solid tire filler inside in sections.

Never fill battery cells to the top. It is also essential to use distilled water and keep it to a level of one half inch above the top of the plates.

Always put a cork in the spark plug hole after the plug has been removed. If this is done it will prevent dirt or grit getting in the hole while you have the plug out.

A short piece of rubber tubing attached to the hydrometer syringe makes it easy to draw up the fluid when it is getting low around the plates. The tube may be pinched to retain the electrolyte until a reading can be made.

Any one connection in a series of dry cells which happens to be loose will cause difficult starting. To prevent such delay in starting it is well

to make frequent inspections of the cells and see that they are perfectly connected.

Lack of lubrication often causes steering wheel to turn with difficulty. Any slight resistance in steering is likely to cause a miscalculation, particularly in the operation of a big car. The lubrication of the steering system should always be carefully carried out.

A large part of the present day trouble with the engine can be charged to the carburetor, which, not being universal in its action, is unable to properly take care of the different grades of gasoline that are being sold at the present time.

A rather long hook on the inside chain and a small, strong padlock on the outside chain will fasten the anti-skid device on the wheel, so that there is no danger of its coming off and winding around the brake drum or being dropped on the road. Releasing the padlock will allow enough slack of the inside chain so that the logs hook may be unfastened.

It is well to remember that the slower a wheel turns the more traction it has. Nine owners out of er-

ry 10, when stuck in the mud, will put their cars in low gear and then race their engines for dear life. This shortens the life of both the motor and tire. The correct way to get out of such a jam is to pack cloth beneath the wheels, use low gear and only speed the motor sufficiently to take the clutch without stalling.

When a motor car, after being cranked, runs for a minute or two, and then stops, the first place to look for the trouble is the gasoline feed line. A partial stoppage in the pipe will lessen the flow of fuel so that the float chamber fills slowly. On being started the motor at once consumes this gasoline and then has to wait for more. There is another possible cause for the trouble and that is the float of the carburetor sticking.

VALUES CARS AT VOLUME PRICES

In Performance as in Style Essex is Leader

Its 50-Hours at Top Speed Endurance Mark is Unmatched.
But That is Proof of Only One Fine Car Quality Essex
Brings to the Light Car Field

Thousands at first bought the Essex, knowing nothing of its greatest quality. Perhaps no one expected great endurance in a light car. Perhaps its dynamic performance appeal swept aside the natural caution buyers feel about the durability of any new car.

More speed they found. More power—quicker acceleration—finer hill-climbing ability, and such riding ease as they had never known in a light car.

These things the Essex established quickly. A ride was sufficient. It left no vestige of comparison with former light car performance standards.

Such attractions were irresistible to those who knew former light car limitations.

But only time or abnormally abusive tests can prove car endurance.

It Won on Endurance Minus Useless Weight

Now Essex has met these requirements. Not only have more than 24,000 owners proved its dependable, punctual reliability and freedom from repair and replacement needs. Essex has set a new world endurance mark of 3037 miles in 50 hours. It is the only official test ever made of a stock car, driven at top speed for 50

hours. Counting other tests, the same Essex stock chassis travelled 5870 miles in 94 hours, 22 minutes, actual driving time, averaging more than a mile a minute.

And another Essex stock touring car set a world 24-hour road mark of 1061 miles, over snow-bound Iowa roads. Not a single adjustment or tire change was made.

Surely such endurance proofs must redouble the value of Essex in the eyes of all.

See Why Essex Made a World's Sales Record

Moreover, Essex power means acceleration. It gives Essex right of way everywhere. It means that every performance is met at half effort—thus accounting for its long life.

These are reasons why in its first year Essex set a new world's sales record with more than \$35,000,000 paid for more than 22,000 cars in its first year.

This year it will be even more difficult to supply the Essex demand. Thousands waited last spring. Many were disappointed. Yet at that time Essex had not given the conclusive proofs of endurance it now holds. You will avoid having to wait by making your reservation now.

EYES OF THE MOTOR INDUSTRY CENTER ON TULSA AUTO SHOW

TULSA, OKLA., Feb. 28.—Eyes of the motoring industry of America are centered this week on the Fourth Annual Tulsa Automobile Show, which opens Monday and closes next Saturday night.

Factory representatives from practically every leading automotive concern will be personally represented. Edward S. Jordan, president of the Jordan Motor Car Company of Cleveland, O., is to be a visitor at the exhibit. Mr. Jordan will address the Tulsa Automobile Dealers' association at their dinner Tuesday noon.

The coming of Mr. Jordan and various other new features at this year's show, mark a new epoch in the motoring industry of Tulsa, and indicate the future of that industry in this city and territory.

The most conservative word on this year's show is that it will be the greatest ever held in Tulsa. This is not a mere guess, nor the prophecy of optimists. It is fact. Previous Tulsa auto show exhibits have been held in one building, and have been confined exclusively to the exhibition of motor cars and accessories. This year, three buildings will be required to house the show, and for the first time trucks and tractors will be exhibited.

Tulsa, of center of the world and by virtue of that title recognized as one of the most important of automotive centers, extends to the visiting motorists this week, a glimpse of the wonderful city and a look into the future. This is reflected in the spirit of the automobile show, which is not only to be Tulsa's best, but which will rival exhibits of other cities, including even those of St. Louis and Kansas City.

This is the first real after-war automobile show in Tulsa. Last year's show being held too closely following the conclusion of hostilities for factories to resume production on a pre-war basis.

This year, the work which has been in a state of formation for several years, but which was held in abeyance due to the war will be exhibited for the first time. For the first time since the close of the war, Tulsa will see the exponents which have been the production of years of thought and effort and the expenditure of millions of dollars by the automotive manufacturers of America.

The exhibits of cars, accessories and tires are to be held in the University Motor Car Company building, at Main and Cameron streets, and the structure lack of it, just completed and erected for the automobile show. Here the visitor will find the latest cars, from the heavy, high-priced model, to the lightest, lowest priced cars of utility. Here the latest in motor car designing, comfort and utility will be found.

Exhibition of trucks is to be held in the recently built Ellington Brothers' garage, in proximity to the motor car exhibit. The showing of trucks is another of the many new features of this year's Tulsa Automobile Show.

The increased usage of the motor truck as a national economic measure and its relationship to the petroleum industry as a vital transportation factor, led the officers of the Tulsa Automobile Dealers' association to hold a truck exhibit. This is considered one of the most important steps taken toward the higher development of the motoring industry in Tulsa and has resulted in widespread interest by those connected with the motor truck and its use.

NOBLE AND HANES HAVE RECENTLY ESTABLISHED THE WICHITA VELIE MOTOR CO.

Two Wichita Falls boys, T. B. Noble Jr. and H. F. Hanes, have formed the Wichita Velie Motor Company and have temporary quarters at 1902 Seventh. T. B. Noble is well known in this city as former popular manager and owner of Empress theater which he disposed of the first of the year. After a few weeks at the Pacific coast he returned with the announcement that he had formed a partnership with Mr. Hanes.

The new firm is full of pep and have sold two cars, although they have been in business less than one week. They have secured the services of Jonie Mackechney as sales manager. Mr. Mackechney is from the Pacific coast where automobile salesmen are born.

The new firm is entitled to succeed as they have a good medium priced car and the proprietors are live wires.

deliberately disabled to prevent them from being "contaminated."

After negotiating the roads of old Mexico Mr. Slocum was obliged to leave his car at Silver Creek, Arizona, on account of an accident due to an impassible highway. The rest of the way to this city he came by train. During his stay here he will make his headquarters at the Friddy building, Tenth and Scott streets, where he will be glad to solve any electric problem connected with an automobile.

LOCAL DEALERS ADVISE PLACING ORDERS EARLY

"Place your orders in plenty of time," again warns Mr. Eckman of Eckman & Von Allmen, dealers in Peerless, Hupmobile and Westcott cars, "to avoid the spring rush." From every indication there will be a record amount of cars sold all over the country this spring and the person who doesn't follow the precaution of speaking ahead may find himself "O. L.," this dealer believes. Mr. Eckman has just returned from a visit to nearly all of the larger cities in the state and he declares prosperity is manifest everywhere and to an automobile dealer that means one thing—people will buy more cars. The demand for closed cars was never so great in this part of the country as at present, he further stated, and people are beginning to wake up to the comforts of a closed car for both summer and winter use.

The Most Beautiful Car in America

A New Development in Light Sixes

Before we began experimental work on our new six-cylinder motor three years ago, we made a very thorough investigation of the light six field.

We found out just what qualities car owners desired in the power plants of their motor cars and then we designed an engine to meet these requirements.

The wisdom of our method is attested by the unanimous approval given our five-passenger "Glenbrook" model. With its first appearance, it immediately won the enthusiastic support of motorists.

And, by its dependable and economical performance, it has so clearly demonstrated its high character as an investment value that our production schedule is already proving unequal to the demand.

The "Glenbrook" is a truly remarkable development in five-passenger cars. Won't you arrange for a demonstration while our dealer is in position to meet your requirements as to delivery?

BUILDING PROGRAM ALTOGETHER DEPENDS ON MATERIAL SUPPLY

Whether Wichita Falls and Wichita county can go ahead with their extensive building programs for the coming year depends entirely on the producer of material.

Up to a few months ago several other circumstances were in a position to materially delay the work, but these have since cleared up and it is now up to the manufacturer and distributor to supply the contractors.

The latest obstruction to remove itself is the complicated traffic situation. For some time, all shipments other than very urgent ones were kept from coming into this city by an embargo. Contractors who had begun work were held up in securing the materials, and congestion threatened a number of other industries.

But according to Traffic Manager Chatham of the Chamber of Commerce, the railroad situation is gradually returning to normal and he expects everything to start moving again as soon as the coal cars are released with the opening of spring.

The situation is improving every day. Permits for shipments to this city are easy to secure, and from now on cars for shipment of building materials should be plentiful. There have been no serious delays in the handling of the material, but the trouble has been in getting it to handle.

Cement manufacturers and manufacturers of other kindred products state that they are unable to take care of the immense orders already placed with them for the coming year, to say nothing of the orders placed by their regular customers previous to January 1. They realize the magnitude of the work contemplated by the Texas city and county administrations, but state that they are unable to increase their output sufficiently to take over any of the orders with any assurance of service. In private enterprises the same condition exists. The traffic tie-up has been hindering general contract work, but with its improvement comes the report of back-orders from practically every manufacturer of material in this part of the country.

The situation with the latter, however, is not as serious as that which confronts the city and county paving work, because a certain amount of material may be secured by them, and this will probably see them through their present contracts and possibly through some future work.

World of Industry

Italy's button factories produce about 2,000,000 gross of buttons yearly.

During 1918 there were in British India 75 jute mills, employing 206,038 persons.

The average wage of women workers in Japan is \$4.07 per week for 12 hours work a day.

Truck drivers in the Texas oil fields are demanding a minimum wage rate of \$15 per day.

The cotton industry in Germany is producing about 25 to 30 per cent of its normal output.

There are approximately 1,100,000 persons employed in the 4,000 or more coal mines in Great Britain.

More than 50 per cent of the automobile tires used in the world are manufactured in Akron, Ohio.

The shipbuilding industry in Canada has enough work scheduled to keep it busy for the next two years.

There are approximately 1,100,000 persons employed in the 4,000 or more coal mines in Great Britain.

More than 50 per cent of the automobile tires used in the world are manufactured in Akron, Ohio.

The shipbuilding industry in Canada has enough work scheduled to keep it busy for the next two years.

There are approximately 1,100,000 persons employed in the 4,000 or more coal mines in Great Britain.

More than 50 per cent of the automobile tires used in the world are manufactured in Akron, Ohio.

South African diamond mine owners have decided to limit the supply, according to the prevailing state of markets.

There is a continued expansion of cotton mills in the South, and nearly every day reports of new operations being started.

In all but three States—Oregon, Washington and Wyoming—the amount of work in the mill industry is based upon wages.

Over 200 distinct products are turned out by 250 establishments in South Bend, Ind., with annual wages of more than \$15,000,000.

German railway workshops which have been closed, are to be reopened shortly, but only workmen who agree to piece-work will be engaged.

At the end of 1917 there were in Great Britain 1400 industrial co-operative societies, with an aggregate membership of 2,821,692.

The number of women employed in the industries of Michigan during 1918 was 224,429, an increase of 19.337 or 25.4 per cent, as compared with 1917.

The Journeymen Tailors' Union in Los Angeles, Cal., has formed a co-operative union with the purpose of supplying their 25,000 members with clothes at cost price.

Boston car manufacturers have declared a lock-out against their employees, who have suspended work until an increase in wages is granted them.

Golf ball factories in Chicago are operating at full capacity, and quite a number of them are working two and three shifts for the first time in their history.

quated at night at the Seattle Labor Temple, and is open to all citizens, men and women. The object of the College is to stimulate a desire for education among wage-earners. Among the courses taught are dramatic, economic, social ethics, local government, co-operative movements, care of children and legal rights and duties of citizens.

Seamens employed on steamers plying the Great Lakes are dissatisfied with their long hours and are asking that their working hours be made 8 instead of 12.

Shoe manufacturers in New England are suffering from the slowing down in production, which now is at the rate of 8 pairs of shoes per man, where formerly the output was 16 pairs.

The National Association of Merchant Tailors, at their convention held in Atlantic City, decided to raise a fund of \$200,000 which will be used to free the tailoring industry of labor domination.

The South Wales Iron and Steel Federation, consisting of 12,000 workers, has decided to demand a flat rate war bonus of 140 per cent on the total earnings, to replace the present graded war bonuses.

A compromise has been effected between the employers and union carpenters in the Mahoning and Shenango (Ohio) Valleys, whereby the men will receive \$1.10 an hour instead of \$1.20, which they demanded.

In 1914 the German Bookbinders' Federation had 16,413 male members and 15,968 female members. At the end of 1918 the female membership had increased to 23,378 and the male membership had diminished to 10,661.

The Brotherhood of Railway Trainmen is the largest of the four transportation brotherhoods having approximately 200,000 members. The only larger railway organization is the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, which has about 300,000 members.

Railroad employees in the United States are paid two ways—by the hour and by the mile. Methods of compensation are extremely complex. The "basic day," 120 miles or less straightaway or iron-round for conductors, baggagmen and brakemen and those in the same class in the passenger service.

Each miner who remains regularly at work for one year in the potash mines in Hamilton (Ont.) union labor organizations are asking the following rates: Steam and operating engineers and firemen, 70 cents; other branches, 80 cents; 90 cents for 100 per cent men; building laborers, 75 cents; foremen, 75 cents an hour; structural ironworkers, 90 cents per hour; foremen 20 per cent more; lathers, 6 cents per hour; new-work, \$5.50 per day; bricklayers and masons, \$1.25 per hour; painters, decorators and paper-hangers, 6 3/4 cents an hour; minimum sheet metal workers, 50 cents per hour; plumbers and steamfitters, 50 cents an hour, and plasterers, \$1 an hour.

Employers and industrial workers are equally interested in the operation of New York's new personal income tax law. According to approximate estimates, wages have reached a level where practically every single man earns at least \$1925 per week and every married man at least \$3825 per week. These figures would require both to make returns under the State law because they would have net incomes of \$1063 for the single man and \$2060 for the married man, and each would be required to pay into the State Treasury 1 per cent on income exceeding the figures just mentioned. It is estimated that one-fourth of New York State's population will be called upon to make returns to the State Comptroller.

English commercial delegation in Brazil whereby a number of Brazilian technical students will be placed in British technical schools in order that they may get acquainted with the manufacturing methods and so become well trained for positions afterward as agents in their own country.

The productivity of individual laborers in the German potash mines is very much diminished. The underground working day is now 7 1/2 hours instead of 9, as formerly and the surface working day is 8 hours in place of 10. One mine owner estimates that the daily individual productive is now about 50 per cent of what it was before the war.

The labor situation throughout Mexico is regarded as menacing, due to the work of agitators. Railroad employees threaten to suspend work unless wages are increased and payment made in coin instead of paper currency. There is also much unrest among the smaller and other industrial enterprises.

All able-bodied citizens of Italy between 20 and 55 years old would be required to work by the provisions of a bill introduced recently in the Italian Parliament. Persons able to work who fall to do so are authorized to receive a fine under the provisions of the bill. Money acquired from this source would be used to maintain those unable to work and keep up agricultural colonies in which able-bodied persons who fall to work would be sent.

Germany is entitled to four days' vacation. This vacation increases each year until a maximum of six days is reached. Workers may not engage in other remunerative employment during their vacation and their wages will continue just as though they were at work. If for some technical reason a miner is unable to take his vacation he receives, in addition to his regular wages, the compensation prescribed for his class of work.

One of England's largest mills has opened an employees' canteen which will seat 300 people. The food is served over a long counter on which the various dishes are ticketed with prices. The diners file past the counter, select what they require and take their meals to their own tables. A perhaps unusual departure from customary procedure at these places is the facilities afforded for obtaining beer. The sale of liquor is regulated by a work people's club, which has been formed at the suggestion of the firm, and which controls the affairs of the whole institution with the exception of the catering.

Hamilton (Ont.) union labor organizations are asking the following rates: Steam and operating engineers and firemen, 70 cents; other branches, 80 cents; 90 cents for 100 per cent men; building laborers, 75 cents; foremen, 75 cents an hour; structural ironworkers, 90 cents per hour; foremen 20 per cent more; lathers, 6 cents per hour; new-work, \$5.50 per day; bricklayers and masons, \$1.25 per hour; painters, decorators and paper-hangers, 6 3/4 cents an hour; minimum sheet metal workers, 50 cents per hour; plumbers and steamfitters, 50 cents per hour, and plasterers, \$1 an hour.

Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

Here is a Sensible Treatment That Gets Prompt Results.

Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.

This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions. This wonderful remedy is one of the oldest and most reliable medicines on the market. It has been sold by druggists for fifty years. Get a bottle today and begin treatment that will get results. You are invited to write to-day for complete and full advice as to the treatment of your own case. Address: Chief Medical Adviser, Swift Specific Co., Dept. 32, Atlanta, Ga.

When Scenes Like This Call You

You know deep down in your heart that the "Velle Six" is the car that you want. Why? Because of the fact that the very words which make up a trade mark that is recognized as supremacy over the entire world stand for these facts.

Very best of materials.
Easy riding.
Light weight six.
Interesting to drive.
Exquisite style.

Call and let us demonstrate the facts to you.

Stuffy with Cold RELIEF WITHOUT QUININE

Don't stay stuffy up. Quit blowing and snuffling! A dose of "Fape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all snuffle misery. The very first dose opens your closed-up nostrils and the air passages of the head; stops nose running; leaves the headache, dullness, fever, lishness, sneezing, soreness and stiff neck.

"Fape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice and contains no quinine.

OUR SERVICE—MOST EFFICIENT

Perfection's Price In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire building, depends upon policies.

A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superline.

Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority.

If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

Oil News

PAST WEEK FEATURED BY UNUSUAL LEASING ACTIVITY IN WILBARGER; MAGNOLIA BRINGS IN NEW WELL

TWO WELLS FEATURE SOUTHWEST PART OF THE WAGGONER POOL

Two new completions, one on 440 Microns, 150 feet each way from the corner of the survey, and offsetting the George, and the second on the George tract, feature the report of developments from the southwest part of the Waggoner pool for the week end.

By A. C. McCONNELL

VERNON, TEX., Feb. 25—The Magnolia Petroleum Company drilled in another producer on the Piper farm last week. Its No. 37 Pipe came in at 30 barrels at 1550 feet. This makes five producers brought in by the Magnolia Petroleum Company and the Texas Company during February in the Wilbarger field. The February discoveries in production were encountered in the eastern part of the county on acreage under lease by this company on the holdings of W. H. Piper, Frances Sumner and H. & T. C. This production is piped to Electra and accredited as Electra production.

The past week marked an unusual leasing activity in the Wilbarger field, a number of the reported trades having an element of mystery surrounding them. It is reported that over \$50,000 passed through the Vernon banks this week as a result of the abnormal leasing activity. Abstract offices and the county clerk report their offices weeks behind with work recording legal matters pertaining to the oil industry in this county. A number of leases were brought by these large companies.

With clear and sunshiny weather dominating the week-end drilling report shows more wells in drilling operations. Practically all wells fishing have resumed drilling.

Hauling Out Timbers

The M. A. Isaac Leasing Syndicate is hauling out rig timbers to the Paul Waggoner ranch where they will commence drilling operations. This syndicate is allied with the Home Oil Refining Co. and under contract to sink twelve tests on the G. L. and Paul Waggoner ranches. Two tests are already under way. Chas. Grattan is the local representative of the syndicate and D. W. Babcock is representing the Home Oil Refining Co. The syndicate will put down wells in Wilbarger, Knox and Young counties, with headquarters at Vernon and Fort Worth.

Card of Thanks.

We wish to thank the many friends for their kind words of sympathy in the loss of our beloved son, Henry, and for the beautiful floral offerings; also Rev. Grafion who spoke such comfort to our sad hearts.

Mr. and Mrs. R. E. Vogler, mother and step-father.

Cracked eggs 55 cents per dozen. All kinds of poultry bought and sold. White Produce Co., 102 Peckham street.

the well now being drilled at around 500 feet. About 85,000 acres of land is included in the deal, being acquired by W. E. Burton et al of Fort Worth, who started the well, then sold to the Waggoner-Hatch Co., who later transferred their holdings to the Peoria Lites, parties.

The Pope Oil Co., drilling in section 43, block 13, northwest of Electra, and three miles north of the Piper farm, is reported abandoned at 2725 feet and casing being pulled. G. R. Gatwood is vice president of the company, composed of Denton county parties.

Drilling Report in Detail.

American Eagle Oil & Gas Co., Kelly, section 15, block 13, 110 feet drilling. Apex Oil Co., section 26, block 13, Ferguson, shut down, 1265 feet.

Make Your Property Beautiful

MANY people waste money in their efforts to beautify and increase the value of their property—all because they do not know the essentials of art as applied to outdoor advertisement and landscape effects.

In transforming unattractive or badly laid out grounds into vistas of beauty and unusual charm, we are adepts.

Through the counsel of our Landscape Architects and our facilities to execute every detail in the choice and placement of trees and shrubs, the designs of pools, pergolas, the layout of paths and roadways we can render you a service truly artistic.

Our attractively illustrated booklet "Outdoor Art" will give you many excellent ideas of the service we render. Send for it today and accept it with our compliments.

Also Oil Well, Gas Well, and Refinery Supplies.

Keystone Pipe & Supply Company

WICHITA FALLS, TEXAS

Warehouse and Yards, 17th and Lamar Sts.
Office Phone 1874 Res. 2910

WE ARE ENTHUSIASTIC

We cannot help it. We have the utmost faith in the future of the Wolf Creek Oil Company. It is our expectation to hit it rich with this company, and this includes all who are stockholders with us, and those who become stockholders within the very near future—before the final allotment of shares have been absorbed.

We would not have you come in under pressure, under the spell of a "Hurray," without time for your better judgment and common sense to guide you. We have no intention of advertising a fictitious advance of price in the shares, they usually boost the selling price and try to make you think it the MARKET PRICE. But we do believe that these shares will rise on the open market, that because of our immense holdings the almost certain assurance of BIG DIVIDENDS, the approximate trend of the field that so far has produced the greatest gas wells in America, that the WOLF CREEK OIL COMPANY will rank among the

WONDERS OF THE TEXAS OIL FIELDS

and our prediction is that sooner or later you will be sorry that you did not take more and more of this stock.

Now this advertising campaign is drawing near to a close, and we are offering you this one more chance to become one of us, to share this big opportunity of potential wealth.

GET YOUR SUBSCRIPTION TO US WITHOUT DELAY

OUR HOLDINGS

Our holdings consist of 4,000 big acres in the Panhandle field, the logical big gusher field of Lipscomb County. Now, as we have already explained, we expect to set out a solid 1,000 acre block which we will retain, and will drill our first test well right in the center of this One Thousand Acre Tract. As the well goes down the price of our holdings will go up, in fact, the advance should be very sharp and rapid after starting the drill, and before we finish our No. 1 first well, we will sell off a total of 3,000 acres for a price, we feel confident, sufficient to pay our stockholders at least 100 per cent on the amount of their investment, then, mind you, we will still have our One Thousand Acres left. When we bring in a good well on this we should be able to realize almost any sum for our holdings.

WE EXPECT TO PAY 100% DIVIDENDS BEFORE EVEN BRINGING IN A WELL

Mr. Joseph Kreis, C. E., and Eminent Geologist of Denver, made a careful examination of our part of Lipscomb County, and positively asserts his opinion to the effect that we will strike oil in splendid paying quantities.

Can you estimate what the tremendous value of this stock will be just as soon as we bring in our first well? Would you sell then for ten for one? No, you would not, but you can buy now at par, and we strongly urge that you do so. The time is coming when you may not be able to buy these shares at almost any price.

BUY WOLF CREEK OIL; WE PREDICT A BIG FUTURE FOR IT.

GULP IS CANDIDATE FOR LIEUT. GOVERNOR IN JULY PRIMARIES

TEMPLE, TEX., Feb. 28.—Hon. I. V. Culp, legislator, lawyer and successful business man of Central Texas has announced his candidacy for lieutenant governor of Texas. Judge Culp served four years as a member of the Democratic state executive committee and has a host of influential friends in every section who have already signified their intention of supporting him in the coming campaign. He has not announced his platform but is known to be a safe and sound progressive who is in favor of a program that will meet the requirements of the state in its greatest era of development.

In an interview today Judge Culp said: "If I am elected I am going to endeavor to have laws enacted that will protect the investing public against sharks and parasites, especially in the oil promoting game. But would not favor anything that would hinder or disturb legitimate enterprises seeking honestly to develop the great dormant resources of Texas."

Judge Culp was a member of the legislature from 1899 to 1901 and is a member of the present legislature, having been elected without opposition. He is 49 years of age, a brilliant lawyer, president of the DeSmet Refinery of DeSmet, with headquarters in Temple and personally one of the most popular men in Texas.

He will open his campaign in the near future and fight for whatever principles and policies he believes can be adjusted to present day conditions with a degree of assurance that they will add to the material progress of the state and the happiness of the people.

COMPLETE PLANT FOR REMOVING SAND FROM BED OF WICHITA RIVER

Something novel in construction at least, is the new sand dredging plant of Stuchan and Marshall at the foot of Brook street.

The rig is pretty much the same as the old one near the old bridge, but instead of the rig being attached directly to the tower, it is attached to a mast fitted in at the top of the tower and which relieves the tower itself of much of the strain.

The derrick is a 65-foot structure independent of the mast. The cables carrying the steam shovel are attached to the mast, which is steadied mainly by steel guys.

The company has been in operation but a short time, the building of the plant having been completed less than a week ago. They have a one-yard shovel and figure on taking out 150 yards a day as soon as they start working at capacity.

The material coming from that part of the river has been judged some of the best in this section, and there is a big demand for it already.

Mr. Stuchan comes here from Arizona, where he was engaged in the mining business.

City Pound Notice.
Wichita Falls, Texas, Feb. 26, 1920
Taken up and impounded by the City of Wichita Falls, Texas, under the provisions of Ordinance No. 21.

To prevent certain stock running at large: One bay pony mare, branded "E", 14 hands, six years old. One gray mare, well branded. One iron gray mare, 16 hands, eight years old, no brand. One sorrel horse, 14 years old, 16 hands. One steer Jersey calf.

If the owner of said animals does not apply for same within 10 days, from the date of posting this notice, I will proceed to sell said animals to the highest bidder for cash, at the gate of the City Pound as provided in ordinance first aforesaid.

SLIGHT SWING TO DEMOCRATS IN NEXT NOVEMBER ELECTIONS MAY GIVE CONTROL IN SENATE

WASHINGTON, D. C., Feb. 28.—A slight swing to the democrats in next November's elections may give control of the senate to that party in the next congress. In November 32 senators are to be elected—one-third of the entire senate membership. There will also be one election specially held in Virginia to fill the vacancy in the senate caused by the death of Senator Martin, late minority leader, which is now temporarily filled by Senator Glass, recently secretary of the treasury, Glass being appointed to fill the vacancy by the governor of Virginia.

The republicans now hold control of the senate by the slender margin of two votes.

Three things may happen in the senatorial elections next November. The republicans may retain their control of the senate by the present two votes, or they may increase their majority. The democrats may gain a majority, or the elections may result in 48 democrats and 48 republicans taking their seats. In this event the vice president would cast the deciding vote. If a republican vice president is elected even if the democrats succeeded in retaining 48 seats the republican vice president would be able, on all party votes, to force control of the senate into the hands of the republicans. On the other hand should the elections result 48 to 48 and a democratic vice president be elected the democrats would then be able to control the senate.

As distasteful as the statement may be to southerners there seems to be indication at this time that the republicans may not only retain their control of the senate, but will actually increase their majority of two, even should a democratic president be elected. The reason for this is plain. Out of the 32 senators to be elected only a few come from the solid south. Of course democrats will be returned from these states. But most of the senators who are up in November are either from certain republican states or in states which are debatable ground, with most of the chances being in favor of these doubtful states going republican, because most of them have usually been republican in the past, and they are in republican, normally, regions of the country.

Eighteen democrats and fifteen republicans will be up for reelection. Of the 18 democrats, 10 are from the solid south. The other eight are from states which the republicans claim will go republican, and some of which are practically conceded to the democrats, such as Oregon, Nevada and South Dakota. Idaho and Colorado, as well as California have usually gone republican in the past. Democrats now hold seats in the senate from these states. The republicans hope to oust them.

There are two uncertain elements in the November elections—the man and the woman vote, provided the woman suffrage amendment is ratified by the necessary 35 states before the November elections, which now seems likely. The suffragists have already succeeded in securing ratification in 32 states. Leaders of democratic and republican parties are making coverings in the remaining states, which have not yet voted on the amendment to call special sessions of their legislatures for this purpose. It is pretty safe to predict that the suffrage amendment will be ratified and become part of the constitution long before November, and even before this summer, which will also allow the women to vote in some of the senatorial primaries, though hardly in

is a presidential year, will be lively, goes without saying.

HUPMOBILE

It is our experience that people nowadays figure on the possible second-sale value of the car they buy.

You don't need to go further than your own locality to learn how the Hupmobile stands on that score.

Owners here always held their Hupmobiles at prices considerably higher than are paid for other cars that originally cost about the same.

Yet they have little or no trouble in getting what they ask. People know the average Hupmobile is worth the price quoted.

They know the car does stand up uncommonly well; that it does depreciate less; that model changes are few, and usually of a minor sort that has small effect on the value of cars already in use.

These are real elements of the extraordinary Hupmobile value, and are readily appreciated as such by our buyers.

IS THRIFT UNPOPULAR?

By C. W. REED

President The National Bank of Commerce, Wichita Falls, Texas

It is always a good plan to look at the fundamental facts squarely in the face and not sidestep them. In these days, when so much is being talked about Thrift, it may be interesting to consider whether or not the idea of Thrift is a popular one in this country.

It cannot be denied that the plain and homely theme of Thrift is really not an inviting nor a popular subject in this country. It is true that from time immemorial we have been admonished to be frugal and economical. This sound advice, in theory at least, seems to have been accepted as a matter of course; but when it comes to a personal application our practice usually falters. This excellent counsel we are disposed to pass on to others and follow our own inclinations rather than these sound ancient and time worn precepts.

Today we are the richest nation in the world. The average citizen of the United States is far better fed and clothed and paid for his labor than the average citizen of any other nation. For years past in this country he has had more money to spend and infinitely more of the convenience and luxuries of life than his fathers or his forefathers, but in spite of this seemingly fortunate condition, it may be seriously questioned whether his lot is actually more fortunate than theirs.

A man's financial success is not measured by the amount of money he receives each year, but by the net sum in property or cash that he has to his credit at the end of the year. If he receives a salary of \$2,000 and spends it all, he has nothing left at the end of the year. If he saves \$1,000 and saves \$1,000, he has \$2,000 at the end of the year. It is not the amount of money he receives that counts, but the amount he saves. In the long run, the man who saves a success in life and builds up a competency that makes him financially independent.

In this connection, the man who saves cannot be said to be a miser. It is the man who saves who makes the foundation of a successful bank account. Moderate savings, deposited with intelligent care, will, as time passes, amount to far more than large sums deposited at irregular and infrequent intervals.

It is so easy and so much more pleasant to spend money than to save it. The temptation to spend is so strong that the man who saves must have a strong will and a strong determination to resist the temptation. He must have a strong determination to resist the temptation to spend money on unnecessary and extravagant things. He must have a strong determination to resist the temptation to spend money on unnecessary and extravagant things.

It is all very well for us to congratulate ourselves on our wealth, but we must not forget that the man who saves is the man who makes the foundation of a successful bank account. Moderate savings, deposited with intelligent care, will, as time passes, amount to far more than large sums deposited at irregular and infrequent intervals.

It is all very well for us to congratulate ourselves on our wealth, but we must not forget that the man who saves is the man who makes the foundation of a successful bank account. Moderate savings, deposited with intelligent care, will, as time passes, amount to far more than large sums deposited at irregular and infrequent intervals.

created a hundred fold and we will face problems such as we have never confronted before.

Will all be well with us? To this question there are two answers: Yes: If you keep our house in order, avoid unnecessary extravagance, save a good portion of our earnings and deposit this money at interest in the bank.

No: If we refuse to be economical, if we shrug our shoulders at the idea of thrift, if we think that the enormous prosperity of to day will last forever, and if we fail to heed the very plain and logical reasoning of those who study and understand conditions.

It is for us to choose which of these two answers will be the one given by America to the world as the law conditions have to be faced.

Now is the time for us to act, now is the time for us to realize that no amount is too insignificant to be added to our savings in the bank. Let us learn to spend wisely and, above everything, to save regularly.

BILL TO ESTABLISH STATE RESPONSIBILITY FOR THE CHILDREN

Proposal of a bill in congress which will restore the old Grecian theory that the state is responsible for the welfare of its children, physically speaking, is to be made through the Interchurch World Movement according to information received at Wichita Falls. The bill is fostered by Dr. Frank C. English, president of the American Hospital Association and head of the Home and Hospital division of the Interchurch, who recently announced the proposed children's orthopedic hospital while attending the pastor's conference in Dallas. Dr. English would have every child examined for physical and mental defects at birth. If found it is to be transferred to some children's hospital so

that the defect may be corrected during its baby years. Thousands of club-footed, crippled, deformed and otherwise defective men and women could have been made happy and useful citizens had such a law been enforced a generation ago, according to the belief of Dr. English. Statistics show that in America there are some 45,000,000 defects, including men, women and children. Through the proposed law it is proposed that this percentage be reduced to the minimum in the coming generation. The hospital will be one of the media for this great work, as children in all parts

of the southwest will be sent there for restoration. The feasibility of such work is an accepted fact, since already orthopedic surgeons have made remarkable cures of club feet and other deformities.

Next Sunday will be Life Enlistment Sunday in the churches of Wichita Falls and in some 50,000 churches throughout the nation which are affiliated in the Interchurch movement. Pastor H. E. K. Pastor (Governor) Park M. E. church, and professor at S. M. U. Dallas, has been placed in charge of this work for recruiting Christian workers in Texas.

Cascarets

CATARRH

Quick Relief by Medicated Vapor

Yes; it is absolutely true. There's one genuine relief for catarrh. It is Dr. Blosser's Remedy. Relief very quick. Then make for a cure!

No drugs to swallow; you reach the catarrh just where it is, in the passages of your head, neck and throat. No sprays, no gargles, no douches. You simply inhale the medicated vapor of Dr. Blosser's Remedy. Smoke the Remedy in a pipe, or on a holder, or on cigarettes. The smoke is wonderfully curative. It soothes the inflamed membranes that are sending out the poisonous catarrhal mucus. It heals them in a natural, normal way. Stop poisonous dripping. No more discomfort. Banish catarrhal disease in your head and avoid headaches and deafness so often caused by catarrh! Waste no time. Throw away your medicine bottles, poultices, etc.

Dozens of persons have testified to the wonderful curative efficacy of Dr. Blosser's Remedy in the treatment of CATARRH in the head, neck and throat. It cures or lessens the pain of BRUISES, sprains or burning sores in the head, ASTHMA, Bronchitis, HOARSENESS, HAY FEVER, sore throat, INFLUENZA, AVOID INTUENZA! Do not get tired, no coughing and sneezing. It is the most effective and most reliable remedy for Catarrh in the head, neck and throat. It is the only remedy that cures Catarrh in the head, neck and throat. It is the only remedy that cures Catarrh in the head, neck and throat.

Dr. Blosser's Remedy is sold by

YOUNG DRUG COMPANY

and by leading druggists everywhere.

First Attention to All Orders For the Sick

COCONA, TEX., Feb. 28.—The word the Beaver Valley Oil and Gas company has made a deal with the Pennsylvania Oil company whereby a well is to be started within 60 days and a second in 90 days is received with favorable comment. The material at the well in Block 54, Kaufman county school lands, is to be used while the location for No. 1 has not been made. It is the understanding that work will start soon in March. A location has been made by the Simms Petroleum company in Section 44-7-34 on the Oklahoma side, and about a mile and a quarter back from the river. Several car loads of material have arrived at Terrel. Work will soon start on this well. The Simms Petroleum company is one of the biggest producers in the Louisiana field. This company has offices at Houston and Shreveport. The location for this well is understood to have been made by one of the best geologists in the business, and progress at this well will be watched with more than the usual interest. The writer is pleased to announce the above deals. Open the wells are under way, they will be drilled to completion with as little delay as possible. It is reported from Ryan that the Ryan City Oil company has a showing of oil and gas at 1,000 feet in their well on the M. H. Barrett land in Section 36-12-17, and have shut down to produce, having drilled to the depth of 1,000 feet. This well is about 10 miles north of the Sims location, and four miles north of Ryan. There is talk of two or three new locations out north of Cocona, but they have not yet been given out, but something along this line may be anticipated soon. There is some talk that should the Warner Oil company not be able to recover the broken stem from their well on the Munroe farm in the southeast corner of the Fielding Secret survey, a new location will be made. The work started to further test the holdings of the Warner company, their No. 1 had a good showing of 1,900 feet and another at 2,635.

according to reports coming from the over by King & Whaley of Gainesville, and the information is it is to be drilled for a deep test. Barburnett operators are credited with starting a test near Pella, in the northern part of Wise county, and close to a half mile south of the Montague county line. A derrick has been built and a No. 30 Star drilling machine moved in. Work is already under way. It is said the deal calls for a second well with a tentative location on the Montague county side. A block of leases is reported being in the hands of St. Jo and lying across the Cooke county line with a view to starting a test well. Two deals are said to be under consideration near Ringgold, with one of them reported closed but no date given for starting. Other deals could be mentioned, but these are quite enough to indicate that Montague county, Texas, and Jefferson county, Oklahoma, will come in for one of the best plays during 1920 of a local locality in the Red River region. Cracked eggs 25 cents per dozen. All kinds of poultry bought and sold. White Produce Co., 102 Texas street, 257-11.

BRIDGETOWN HAS MADE APPLICATION FOR A POSTOFFICE. Residents and business men of Bridgetown, a new community that has sprung up on the bluff on the Texas side of Red river at the head of the Grandfield bridge, have signed a petition asking for the establishment of a postoffice there. More than 200 have signed the petition. It is reported. A number of frame buildings are being erected at Bridgetown and a more pretentious show from buildings is also under construction. There are already a number of cafes, hotels, drink stands, a picture show, a drug store and other establishments in the new town, which, if it maintains its present rate of growth will soon rival Newtown and Bradley a corner in size and importance. We buy, exchange and sell all kinds of poultry. We have just the kind you want. White Produce Co., 102 Texas street. Phone 2432 1210 Filmore St.

Glasses as a Last Resort

Many people positively refuse to give glasses proper consideration in the matter of relieving headaches and nervous troubles. They take all manner of cures and medicines, but are at last driven to glasses. Then it is— "OH, WHY DIDN'T I DO IT SOONER." Art Jewelry Co. Optical Parlor

The Agency of Specialists. Most men are honest—but it is only those you trust who have an opportunity to embezzle. Our company pays over a million dollars annually in losses under bonds. It is an honor for a man to be able to furnish a bond. Keep up the morale of your officers and employes and protect yourself with Fidelity Bonds issued by our office. The best time to think of a loss is before it happens. LOWRY-FINCH & COMPANY Successors to Patterson-Reese & Prothro "ESTABLISHED SINCE 1883" 616 Eighth Street Phone 87. Automobile, Workmen's Compensation, Public Liability, Plate Glass, Residence Burglary, Personal Accident and Health, and Bonds of Every Description.

"A PROPHET IS NOT WITHOUT HONOR SAVE IN HIS OWN COUNTRY"

This is often so but we don't feel that it applies in our case, as our coffees are widely used and highly praised in Wichita Falls—However there are some people who seem to think that their home town cannot produce a first-class article. Some merchants are included in this class. We know of nothing in the climate or environment of Wichita Falls that would be any handicap to industry and intelligence applied to the production of a good article. We do know that we have devoted as many years in a careful, painstaking effort to develop superior cup-quality in our coffees as most any one in America. Our coffees are roasted fresh daily. If your grocer don't handle them ask him why. If he tries to sell you something else ask him why again. I thank you. BERT BEAN COFFEE COMPANY Telephone 35 Ohio at Sixth
