

BERLIN STILL UNDER BAYONET RULE

RESOLUTION OF RATIFICATION QUITE DIFFERENT FROM THAT BEFORE SENATE IN NOVEMBER

MOST SEVERE DUST STORM IN RECENT YEARS

Ranges From Sun Obscuring Clouds in Kansas to Blizzards in the Dakotas

CHICAGO, March 19.—The Midwest is pushing the equinoxal season. From all sections of the midwest today came reports of severe disturbances ranging from sun-obscuring dust clouds in Kansas to stinging blizzards in the Dakotas, with a compromise further east on sleet and rain.

Wheat Crop Damaged. HUTCHINSON, KAN., March 19.—The Kansas wheat crop has been damaged by one of the worst dust storms in years, grain men and farmers today agreed.

Normal Conditions Restored. DENVER, March 19.—Normal conditions were restored in the eastern Rocky Mountain region today, following the worst dust storm in 19 years which yesterday crippled wire and rail communication, caused thousands of dollars property damage and resulted in the loss of at least four lives.

Hundred Mills an Hour. KANSAS CITY, March 19.—Wheat fields and newly seeded fields of the prairie states were seriously damaged yesterday and last night, when a wind blowing incessantly with velocity up to 100 miles an hour, drove across the states of Kansas, Oklahoma, Nebraska, Eastern Colorado and Western Missouri.

Severe Dust Storm. KANSAS CITY, MO., March 19.—The Kansas dust storm traveled east to Kansas City late yesterday, turning the sunlight to the color of amber and leaving a covering of fine sand. Lights were necessary in offices.

HISTORY OF STRUGGLE OVER PEACE TREATY. June 26, 1919, signed at Versailles for its adoption. July 10, 1919, presented to the senate by President Wilson. Nov. 19, 1919, rejected by the senate 41 to 51. Feb. 19, 1920, revived in senate. March 18, 1920, revised Lodge reservations adopted. March 19, 1920, debate on ratification resolution preparatory to final vote.

WASHINGTON, March 19.—A resolution formal returning the treaty to President Wilson with notice that the senate has been unable to ratify it, will be introduced in the senate immediately after the final treaty vote. If that vote shows the treaty rejected, Senate Lodge decided today.

RESOLUTION DIFFERS FROM NOVEMBER COPY. WASHINGTON, March 19.—The resolution of ratification on which the senate is expected to vote today or tonight is much different in some particulars from the one prepared by Senator Lodge last November.

The preamble. The resolution relating to acceptance of the reservations by the allies has been changed so that instead of an exchange of notes being required, failure of the other powers to file an objection prior to the date of ratification by the United States shall be taken to mean acceptance.

A provision drafted by Senator Brandegee, of "reconciliation" has been added it requires the president to deposit notice of the ratification within 60 days after the senate acts, in order to make ratification effective.

Article 10. A substitute for the original Lodge reservation on article 10 differs from the original in that after stating that the United States assumes no obligation to protect other nations against aggression, it enumerates the means the United States will use to resist aggression, including the army, the navy, the economic boycott, or other forms of economic discrimination, or American resources. It provides that congress may have "liberty of action" that is, be free of any moral obligation when determining whether the United States shall go to the aid of any assailed nation.

Disarmament. A substitute for the original Lodge reservation was adopted. It provides that the United States will not be bound by any plan of disarmament which congress accepts it and reserves the right to increase armaments if the United States is invaded or engaged in war.

Voting Power. The Lodge reservation on voting power in the league was changed to provide that until the league covenant is amended so that no other country with its colonies casts more votes than the United States, this country will not be bound by any league division in which any other country and its colonies cast more than one vote.

Ireland. This is a new reservation, just added, which declares that the United States "adheres to the principle of self-determination and to the resolution of sympathy with the aspirations of the Irish people for a government of their own choice and declares that when such government is attained, its consummation supported and recognized. It should promptly admit Ireland as a member of the League of Nations."

ROBBERS LOOT BANK. MT. PLEASANT, TENN., March 19.—Robbers last night gained entrance to the bank at Mt. Pleasant, Tenn., and looted lock boxes of Liberty bonds. Reports to the police indicated the loot amounted to \$30,000.

FIRST TREATY VOTE. FOUR MONTHS AGO. WASHINGTON, March 19.—Four months to the day from the date of the last treaty vote, the senate is expected to vote on ratification again.

WASHINGTON, March 19.—The treaty was rejected on Nov. 19, 1919, when no resolution of ratification could command the necessary two-thirds vote.

BRYAN CELEBRATES HIS SIXTIETH BIRTHDAY TODAY

WILLIAM JENNINGS BRYAN. NEW YORK, March 19.—William Jennings Bryan celebrated his sixtieth birthday in New York today. He arrived here this morning from Washington to speak at a banquet to be given in his honor by friends at the Aldine club tonight.

NEWBERRY CASE COMPLETED AND WITH THE JURY

Begin Consideration Behind Closed Doors Shortly Before Nine O'Clock

GRAND RAPIDS, MICH., March 19.—The jury in the Michigan election frauds case deliberated today while outside locked and guarded doors and the defendants and their friends waited anxiously for the verdict.

The jurors were in session from 9 a. m. until 12 noon, when they adjourned for luncheon. As the jurors filed out of the room, defendants, their wives and children, waiting in the corridor, anxiously scanned the faces of the 12 men for some indication of their thoughts.

The corridors were crowded with men and women. They moved about restlessly. There was only one topic of discussion—the probable verdict.

By Judge Clarence W. Sessions of United States district court here today the case against Senator Newberry was completed.

The judge's instructions covered a period of two hours. Many exceptions to the judge's instructions were taken by attorneys for the defense.

He declared that in order to find any defendant guilty, the evidence must show that he had guilty knowledge of the alleged conspiracy.

MUCH SPECULATION. GRAND RAPIDS, MICH., March 19.—Sellers of ouija boards did a rushing business today as the jury in the election fraud trial attempted to reach a verdict.

Defendants gathered around ouija boards in their hotels. Several ouija fans compared notes and found their boards answered substantially the same as follows.

"The jury is fighting over small defendants. It will be a long time before there is a verdict because of the jury from —. The verdict will be acquitted will be a big surprise."

IMPORTANT GROUP OF YAQUI INDIANS SURRENDER. EL PASO, March 19.—The most important group of Yaqui Indians operating against the Mexican government has surrendered to the federal authorities in Sonora according to an official dispatch received here today from Mexico by A. Luis Sandoval, Mexican consul.

ANOTHER ATTEMPT TO ROB FORT WORTH BANK OF COMMERCE. FORT WORTH, TEX., March 19.—Following another effort to rob the National Bank of Commerce, Fifth and Main streets, two men were arrested early this morning. Two others escaped. The four were well equipped with blow torches and tools for tunneling to the vault.

SIX-TENTHS OF ONE PER CENT PRICE DECLINE

Figures by Labor Department Are Based on Reports From Fifty-One Cities

WASHINGTON, March 19.—Living costs in February were six-tenths of one per cent less than in January, according to figures made public by the labor department today. The figures are based on reports from retail food dealers in 51 cities.

At the same time the department pointed out food costs in January reached their highest levels since 1913, the department figures showing that prices for the month were 22 per cent higher than in December. Thus the 6 per cent decrease for February still leaves prices 1.6 per cent higher than in December.

Increases were: Cabbage, 15 per cent; potatoes, 11 per cent; lamb, 7 per cent; hams and sugar, 6 per cent each; onions and oranges, 5 per cent each; raisins 3 per cent; bread and macaroni, 3 per cent each; round steak, pork chops, canned salmon, nut margarine and rice, 1 per cent each. Sirloin steak, ribs roast, ha., and bananas increased less than one-half of 1 per cent each.

Decreases were: Strictly fresh eggs, 17 per cent; evaporated milk, lard and storage eggs 5 per cent; butter and corn meal, 2 per cent; chuck roast, Bacon, fresh milk, canned corn, canned peas, canned tomatoes and tea, 1 per cent each. Oleomargarine, cheese, coffee and prunes decreased less than one-half of one percent. Prices were unchanged for plate beef, flour, navy beans and baked beans.

Average prices for 22 articles of food from Jan. 15 to Feb. 15, 1920, increased in 15 cities and decreased in 35.

In Denver, Kansas City and Los Angeles, the increase was less than one-half of 1 per cent. In St. Paul, San Francisco and Seattle the increase was 1 per cent.

A decrease of less than one-half of 1 per cent was reported from Chicago, Milwaukee, Portland, St. Lake City, and Springfield, Ill. A decrease of 1 per cent was reported from Butte, Columbus, Detroit, Indianapolis, Minneapolis, Omaha, Portland, Ore. and St. Louis. Decrease of 2 per cent was reported from Houston, Pittsburgh and Cleveland; 3 per cent in Dallas and Little Rock; while Cincinnati showed a decrease of 4 per cent.

FAVORABLE REPORT ON NOMINATION OF BAINBRIDGE COLBY. WASHINGTON, March 19.—The nomination of Bainbridge Colby to be secretary of state, which has been the subject of extensive hearings by the senate foreign relations committee, was favorably reported today by the committee without a record vote.

The committee's report generally was regarded as forecasting favorable action by the senate, although it was indicated that there probably would be considerable debate. Some republican members of the committee, it was understood, said they would reserve liberty of action in the senate.

Only a few minutes of discussion preceded the committee decision. It was said to have been agreed that Mr. Colby's statement yesterday made it unnecessary to call additional witnesses.

Telegraph Briefs. SPRINGFIELD, MO., March 19.—T. T. Lee today faced life imprisonment following conviction for murder of K. V. Loba, of Mountain Home, Ark.

CAPETOWN, March 19.—South African nationalists gained 15 seats in the house of assembly as a result of the recent elections.

TEXARKANA, ARK.—March 19.—Fireman W. W. Thomas, Little Rock, is dead today, second victim of a collision of a work train and a fast mail in the yards last night. Engineer Hickman was killed.

LADY ASTOR MAKES A DECLARATION SHE FAVORS SOCIALISM. LONDON, March 19.—Lady Astor today made a declaration in favor of socialism, in an address before women employees of the civil service.

"We do not have enough of the communal spirit," she said. "It is a far better state than the present, but we are a long way from it yet. That is the tragedy of our time. We do not have enough of the communal spirit."

REPORT MILITARY LEADER HAS COMMITTED SUICIDE

General Von Luetwitz, military leader of the monarchist counter-revolution, has committed suicide, according to Kolner Tageblatt.

PARIS, March 19.—General Von Luetwitz, military leader of the monarchist counter-revolution, has committed suicide, according to Kolner Tageblatt, Von Luetwitz resigned simultaneously with Dr. von Kapp, chancellor of the short-lived monarchist government, and fled from Berlin Wednesday night.

PROTEST RULING REGARDING SALE ALIEN PROPERTY

Held That Under Treaty Can Force Sale of Neutral Property to Pay Indemnity. WASHINGTON, March 19.—"Strong remonstrances" have been made by the American government against rulings of the allied reparations commission that under the peace treaty, sale of certain German property in neutral countries can be forced if necessary to satisfy the initial payment of the German indemnity.

Under Secretary Polk of the state department writing today to Senator Henderson, Democrat, Nevada, said "a further protest" was in preparation as such a construction of the treaty was contrary to an official interpretation exchanged between Germany and the allied powers.

Mr. Polk's letter was in response to an inquiry by Senator Henderson regarding reports that Great Britain had requested that German property and all the rights of German citizens in electrical enterprises in South America be taken over by the commission and subsequently transferred to Great Britain as part of the indemnity due by Germany.

WASHINGTON, March 19.—Senator Hitchcock of Nebraska, senate democratic leader, declined today to comment on published reports that his telegram to the president of Gustav Noske, Ebert's minister of defense, and now in charge of troops here, the radicals have lured Noske out since the night of the Spartacist outbreak last fall.

Noske's position is generally well understood. When Dr. von Kapp and general von Luetwitz fled from Berlin last night, the president immediately called off the general strike, declaring it had served its purpose in defeating the insurrection. The general strike committee, however, refused to accede and issued a proclamation declaring the strike must continue with an unabated vigor.

Militaristic Butcher. "The fight now goes against the militaristic butcher of workers' men as well as our democratic betrayers," the proclamation declared. The "militaristic butcher" referred to presumably, was Noske. Leaders of the Independent Socialists were said to have agreed to the strike committee's proclamation.

The demand of the left for the continuation of the strike was considered unwise as it was believed, according to the Ebert government, agitation against Jews also has been noticeable. The people accuse the Jews of profiteering and illicit trading and talk of pogroms has been heard on all sides.

Advices from south Germany to night indicated the situation there is settling. Some fighting was reported from the Ruhr industrial district in Westphalia, with efforts at establishment of workers' soviets in different areas.

Political leaders believed that some plan of amnesty for the deposed insurrectionists may be evolved despite the government's determination not to grant amnesty to the Von Kapp-Von Luetwitz groups. Little credence was given rumors that both Von Kapp and Von Luetwitz, have committed suicide.

PLAN NEGOTIATIONS FOR SETTLEMENT OF SHANTUNG QUESTION. TOKYO, March 19.—It is understood here that the government has instructed Yukichi Okata, the Japanese minister in Peking, to begin negotiations immediately for a speedy settlement of the Shantung question as the views of the Japanese and Chinese commissioners appointed to investigate have been found to concur in the main points and Japan is ready to make large concessions toward an amicable solution.

CHAOS FOLLOWS THE DEPARTURE OF DR. KAPP AND HIS FORCES; EBERT TROOPS PATROL STREETS

Berlin is still under the rule of bayonets, but troops loyal to the Ebert government patrol the streets. Forces which supported the regime set up last Saturday by Dr. Kapp and his followers in Berlin were today withdrawn.

While radical elements have not made organized attacks on the capital, economic conditions are described as serious. The resumption of power by the constitutional government is expected by those who believe it largely marked the evacuation of the capital by the insurrectionary military forces today.

Reports from ordinary outside Berlin are of such a character that a true view of the situation is hard to obtain at present. While it is said Soviets have been formed in a number of important towns and cities and in industrial districts, the government is gathering momentum and a continuous sympathetic force is being organized in various parts.

BERLIN, March 19.—(Night) Violence fighting between crowds of workmen and Ebert troops continued today marked the evacuation of the capital by the insurrectionary military forces today. Several persons were killed and many others were wounded in the vicinity of the Hotel Adlon this afternoon as the Ehrhardt marine brigade, the backbone of the revolutionist military power, evacuated the Wilhelmstrasse and moved toward the Ebert government, who marched down the historic street shortly after the revolutionists.

The marine brigade retreated, a large crowd in the street and the police hunted it and there was some shooting. Safety police who followed the marine street in clear a passage. As the safety police passed down the street, a second group of marines appeared and for three or four minutes the shooting was general. Other marines appeared and moved toward the Adlon and fired on crowds there. Heavy firing also was heard in the vicinity of the Brandenburg gate.

Attack on Foreigners. The only attempt against the lives of foreigners came at the Adlon afternoon when a mob attempted to rush the Hotel Adlon, headquarters of the various foreign missions. The mob was repulsed by guards.

Baltic troops, which had been supporting Von Kapp left the city this morning. As they passed through Charlottenburg, a suburb, the first shots into a mob were fired. About 40 persons were reported to have been killed.

The Baltic troops, members of the old Iron division of General Von Dehnbach, were ordered to have marched on to Spandau, where they clashed with radical workmen. The troops scattered the radicals, killing and wounding several. The march on to Spandau, where they clashed with radical workmen. The troops scattered the radicals, killing and wounding several.

Eighteen persons were reported to have been killed in an undetermined explosion in the Charlottenburg electrical works. The police and other loyal Ebert troops were busy clearing the city tonight, removing barbed wire entanglements and barricades erected by the insurrectionists.

President Ebert, it was said, will not return to the city until after the meeting of the national assembly at Stuttgart, which occurred today. He probably will reach Berlin Friday. Officials of the Ebert government summoned the correspondent to a conference at 2 p. m. and informed them that all the troops which had supported the insurrection had been ordered out of the city by tonight. Loyal troops will assume all guard work at that time.

A strong demand has been made by the radical section of the president of Gustav Noske, Ebert's minister of defense, and now in charge of troops here. The radicals have lured Noske out since the night of the Spartacist outbreak last fall.

Noske's position is generally well understood. When Dr. von Kapp and general von Luetwitz fled from Berlin last night, the president immediately called off the general strike, declaring it had served its purpose in defeating the insurrection. The general strike committee, however, refused to accede and issued a proclamation declaring the strike must continue with an unabated vigor.

# OPPOSE ALLIED PROPOSALS FOR TURKISH PEACE

### Leaders of Nationalists Seem to be Co-Operating to Bring About Defeat

CONSTANTINOPLE, March 19.—Leaders of the Turkish nationalists from Azerbaijan to Palestine seem to be co-operating in a movement to oppose allied proposals for a peace unfavorable to Turkey. Men closely associated with Mustafa Kemal, leader of the nationalists, have been skillfully promoting opposition to all foreign interference. It is asserted, and the Arabs, Kurds and other tribes are said to be aligned with forces planning to checkmate any movement on the part of the entente looking to the partitioning of the country.

The whole movement seems to be political rather than religious, it being declared by many not to be Pan-Islamic in any way. Whether bolshevism enters into the situation has not as yet developed but it may turn in that direction. Mesopotamia has so far held aloof from the Russian bolsheviks.

Turkish newspapers frankly say the allies cannot muster sufficient strength to force an unacceptable peace upon the country. They point to the capture of Amunziya, the defiance of the supreme council and other instances in which the allies have been powerless to enforce orders and say it would be better in any event to risk humiliating defeat rather than have the country "turned into a group of European dependencies."

With the exception of the Marsh incident there have been no massacres of Christians, although there are large numbers of Armenians and Greeks at the mercy of the Turks in Asia Minor. These people are living in terror lest they be massacred. The peace terms are made known by the allies and even in this city well-to-do Armenians and Greeks are moving into the embassy section, which affords better police protection than outlying parts of the city.

Americans in Asia Minor have been requested to remain absolutely neutral in the event of disorders in districts occupied by foreign armies. Great reliance is placed in Mustafa Kemal's pledge that Americans are not to be harmed and many Armenians are placing themselves under the protection of American missionaries and relief workers.

# GOVERNOR GIVES NO INTIMATION OF PROPOSED ACTION

AUSTIN, TEX., March 19.—Governor Hobby has given no intimation as to what action he will take in response to the warning yesterday from the United States department of agriculture that unless a special section in the near future non-cotton zones in areas infested with the pink boll worm, a quarantine to restrict movement of cotton and other freight from Texas will be given "prompt consideration" by federal authorities.

The present pink boll worm law does not authorize the creation of non-cotton zones; it merely provides that in the infested areas can be persuaded to voluntarily refrain from the growing of cotton—and there is some doubt as to whether this would satisfy federal authorities, there is no method of creating the non-cotton zones except by calling the legislature in extraordinary session to amend the law. Is the prevailing opinion.

The cotton planting season in the areas alleged to be infested is at hand and a delay in creating zones in which cotton cannot be grown would make necessary the destroying of cotton now being planted. For this reason, the general opinion is that, if the governor calls a special session of the legislature to consider the pink boll worm problem, he will do so as soon as possible.

# ONLY ONE VOTER OPPOSED GRANDFIELD GAS FRANCHISE

GRANDFIELD, OKLA., March 19.—In the election for granting the Texas-Omar Gasoline company a gas franchise only one vote was cast against it. The company has already ordered piping and other necessary materials for piping casing head gas into Grandfield from their \$300,000 gasoline plant across the river.

The new Princess theater opened Monday evening, March 15. Messrs. J. W. Fox and O. H. Marcell are the proprietors of this new show. This makes three picture shows for Grandfield.

Little Flo, the 2-year-old daughter of Mr. and Mrs. Albert Owen, who was bitten on the temple by a little cousin who was cutting teeth, and which almost caused blood poisoning, is getting along well. The effects of the bite caused swollen and inflamed glands in the face and neck and it became necessary to have these glands lanced in two places.

# MONTEUR OIL CO. CASE IS SCHEDULED AT AUSTIN TODAY

AUSTIN, TEX., March 19.—The case in which the Texas railroad commission is suing the Montour Oil Co. for \$1,000,000 as penalties for alleged violation of oil and gas regulations promulgated by the commission is set for trial in the fifty-third district court here today. The case comes up on the defendant's motion to dissolve temporary injunction restraining them from continuing operations under the regulations. The state's application for a receivership of the company, which is a Delaware concern, is also expected to be considered.

# TWO HIGHWAYMEN HOLD UP OIL MAN; IS ROBBED OF \$235

L. L. Strong, an oil man, was held up last night near the carnival grounds by two highwaymen and \$235 taken from his person. Strong was stopped near the carnival grounds by two highwaymen who bound his hands with a long cord. A man who accompanied Strong to the carnival grounds is suspected by the police as being an accomplice. Although the "friends" arms were also bound by the highwaymen, he easily released himself and escaped in the darkness leaving Strong hand-cuffed in the darkness. Persons en route to the carnival discovered Strong and untied his arms. Strong says that he could easily identify his "friend" and police are searching for the mysterious third party. No arrests have been made.

# NOTED INDIAN SCOUT DIES AT TULSA HOME

TULSA, OKLA., March 19.—John H. McKenzie, 89, famous government scout in the Minnesota frontier days, died at his home here last night.

Among his adventures was the capture of "Medicine Bottle" and "Little Six" in the Canadian wilds after the Indians had massacred several women and children in Minnesota. The Indians were hanged November 11, 1865, at Fort Snelling, Minn.

# BIBLE FEDERATION IS IN SESSION AT WACO

WACO, TEX., March 19.—The Texas Organized Bible Class Federation in session here elected officers and selected Austin for the 1934 meeting. Officers elected: J. A. E. Booth, Beaumont, president; Dr. C. P. Campbell, Austin, secretary; and Mrs. J. H. Andrews of Lampasas and Mrs. J. E. Williamson of Austin, recording secretaries.

# HOPE FRISCO SELLS FOR RECORD PRICE

NEW YORK, March 19.—Hop Frisco, an 11 months old black filly from the Walnut Hill farm, Kentucky, drew \$13,500 from Tommy Murphy, the grand circuit trainer and driver, at the auctions here late yesterday. The previous high price for a stallion is said to have been \$10,500 for Miss Previous, 19 years ago.

# EXTENSION IN EASTLAND CAUSES MUCH ACTIVITY

EASTLAND, TEX., March 19.—The Empire Oil and Gas Company headquarters announced here today that the new well near Brazos, recently drilled in on the Wheeler tract, is holding up for more than 50 barrels per day, despite the fact the well has not been cleaned. This extension has caused considerable activity in that territory and the stir is noticed in this city, it bringing an influx of new operators to Eastland. Papers were filed for record today whereby Judge H. L. Moseley, president of the Oil Belt Printing Company, leased 1,000 acres of his 3,000 acre farm near this well for a consideration of \$50,000 cash. Much trading and speculation in leases have begun, the trade mentioned being the largest filed so far.

# THIEVES RETURN GRIP COULDN'T USE CONTENTS

ENID, OKLA., March 19.—Thieves who stole a hand grip containing 100 pedigrees of registered short-horn cattle from a visitor to the recent stock show and sale here have returned them to the owner with the following explanation:

"We are returning to you herewith the pedigrees for your cattle. They are no earthly use to us. We are sports and hope you are."

J. A. Alderson, cattleman from Nash, Okla., was the man who owned the pedigrees belonging to cattle on his own ranch.

# ATTORNEYS ARE ARGUING BELL MURDER CASE

### Testimony Was Completed Late Thursday Afternoon and Charge Delivered

QUANAH, TEX., March 19.—Arguments of attorneys are being heard this morning in the trial of Mrs. Myrtle Gafford, charged with murder in connection with the death of former State Senator W. K. Bell at Crowell last summer and the case will probably go to the jury this afternoon. Testimony in the case was completed late Thursday and Thursday night Judge Nabors delivered his charge to the jury. The charge contained 29 paragraphs.

Thursday's testimony which was in rebuttal was in part highly sensational and dealt with the relations of Fred Bell with his wife, the daughter of the defendant.

# Fred Bell Testifies

Fred Bell was placed upon the witness stand and testified that he and Sue Etta Gafford, later his wife, had been sweethearts from childhood. He told of their marriage, which they failed to obtain a marriage license because of the objection of their parents on both sides. He told how their parents later relented and of their marriage. He told of their happy married life and how they had built their home and of their mutual love. He testified that he ate biscuits on the day of his wife's death made from the flour which the defense alleged contained poison. He told of summoning two physicians when his wife was taken ill and his other efforts to save her life. He also told of the ill feeling that followed the death of his wife. He told of one instance when Jim Gafford, brother of his wife, came into a garage where he was and how he had run out behind the building. He denied that any member of his family had ever threatened any of the Gaffords. He testified that after Mrs. Gafford had fired the second shot at the theater when his father was killed that his brother Everett Bell, told him to run and that he had done so, hiding behind the theater building.

# No Trace of Poison

A chemist who had made an analysis of the flour at the home of Fred Bell testified that he had found a trace of strychnine in the flour but that he had found no trace of strychnine in the stomach of the dead woman.

District Attorney Leak opened the argument for the state this morning. His argument was mainly an effort to show that the fatal shot must have been fired by Mrs. Gafford. There were two mortal wounds, he said, one in the chest and one through the jaw, the bullet of which found lodgment in the spinal column. The bullet lodged in the spinal column, he argued, must have been fired by Mrs. Gafford because of the small wound and the bullet, which could only have come from a weapon such as it was proved Mrs. Gafford used. He directed special attention to the fact that Senator Bell's shot gun was not loaded.

Judge Perkins of the defense, who followed Mr. Leak, reviewed the testimony in an attempt to show that the wound in the spinal column would have produced paralysis. He cited testimony to show that Senator Bell, when he struck Mrs. Gafford with the shot gun had knocked her down and that she was lying under the car and that she could not have fired the fatal shot.

# RIDDLED BY SHOTS NEGRO IS CAPTURED; WOUNDS TWO POLICE

BALTIMORE, MD., March 19.—Riddled by shots and probably mortally wounded, an unidentified negro was captured by police reserves early today after a desperate three-hour fight waged from a barbed-wire house. Two policemen were wounded and another negro, mistaken for the hunted man, was shot three times by policemen and beaten by a mob before it was learned he was not the man sought.

The trouble started in the theatrical district when two negroes engaged in a fight. At the appearance of the police, one negro fled and barricaded himself in the cellar of a residence occupied by whites. As the police approached he opened fire, wounding two.

A riot call brought reserves from three districts and several policemen entered the house, while others held the negro at bay. The policemen in the house chopped away a part of the floor making "loopholes" through which they fired the contents of two heavily charged shotguns.

# Commissioner Says That Train Robbing is as Respectable

PHILADELPHIA, PA., March 19.—After an investigation into profits made by retail stores selling wearing apparel in 19 cities in Pennsylvania, Frank B. McLean, fair price commissioner, told members of the chamber of commerce today he could say "train robbing is fully as respectable but not so remunerative. Mr. McLean read a list of prices at which wearing apparel is being sold in this state showing men's overcoats are selling at prices 91 per cent to 136 per cent higher than the cost to the retail dealer, with ready-made clothing 90 to 107 per cent higher.

# Plan to Realign

CHICAGO, March 19.—Sixty thousand Illinois members of the state fair price commission were trying to decide today whether to follow their chairman, Mrs. Joseph T. Bowen and resign.

Failure of the government to appropriate money for the campaign was blamed by Mrs. Bowen for the poor success of the Illinois organization.

Major J. A. Sprague, chairman and organizer of the "Fair Price Commission" announced he would resign April 1, claiming the means given to him by the government to wage the fight for fair prices were inadequate.

BEAUTIFUL RECEPTION AT ADAMS HOME THURSDAY

One of the most brilliant social affairs of the season was the reception given Thursday at the handsome T. P. Adams' home, Huff and Brook avenues, with the charming mistress of the home and Mrs. W. Edgar Norton and Mrs. Mack Thomas receiving.

Unusually charming also was the hostess reserving for a number of the older ladies a piece of honor in the receiving line. Mesdames Hartsook, Mr. Hutton, Benoit, D. B. Snider, J. C. Grow, P. W. Nolan and Richardson Sr. were those so honored.

The guests were welcomed at the entrance by Mrs. Ben G. Oneal, sister of Mrs. Norton, and Mrs. Virgil Lowenstein, sister of Mrs. Adams. Mrs. Oneal was attractively gowned in draped black silk crepe, embroidered in silver, with touches of cherry velvet forming an effective note of contrast.

The young daughter of the house, Miss Hallie Adams, who presided at the punch table, wore an attractive organdie frock, ruffled trimmed, and Miss Inez Adrian, who was also at the punch table, wore a frock of blue tulle and georgette.

On the receiving line were Mesdames C. W. Snider, Clint Barnett of Clinton, Mo.; E. S. Goodner, W. A. Frazer, R. H. Frizzell, W. K. Niles, George Thorburn, J. C. A. Guest, J. Graham, Mrs. W. Little, W. M. McGregory, H. S. Griffin of Dundee, T. B. Noble, J. L. Jackson, H. D. Knickerbocker, W. W. Silk, Sam Kruger, Grant, John Donald, N. H. Martin, W. J. McCallister, H. A. Allen, F. M. Bralley, P. J. Lea, G. Clint Wood and Wade H. Walker.

Vocal selections were given by Mrs. C. Y. Tully and Mrs. George Thorburn. The Templeton orchestra played throughout the afternoon.

GETS FORTY TIMES HER WEIGHT IN GOLD

Mary Miles Minter has just closed a contract with the Real Art Picture Corporation calling for twenty pictures before she is twenty-one, on a sliding scale of \$50,000 each for the first, \$60,000 each for the second, \$70,000 each for the third and \$80,000 each for the fourth five.

ing of the First M. E. Church, South, on Sunday evening, March 21. The program will be in charge of the "Green" side which is at present giving the "Reds" a stiff battle for the first place in the contest which will close at the end of two weeks. The "Greens" claim to be traveling at a pace which will require some stiff going on the part of the side which beats them.

NEW NORMA TALMADGE PLAY IS CONVINCING

Norma Talmadge has troubles of her own in "She Loves and Lies," an adaptation of Wilkie Collins' famous novel, which opened at the Majestic theater today. Not only is she called upon to assume the roles of a young actress, a frequenter of Greenwich Village, New York's famous Bohemian quarter, and an old lady of 62, but she must play the larger part as well that she can land a husband in about half her age—and she gets away with it.

"She Loves and Lies" is one of those plays that interests at the start, grows in suspense and ends with a climax that contains a surprise. Miss Talmadge has the best opportunity of her career for comedy work, and shows that she is talented in this line as well as in emotional roles.

Conway Tearle, her handsome leading man, also has a role well suited to his talents and is an admirable foil to the fun of the star, and the rest of the cast is excellent.

SPECIAL GRAND JURY AND TERM OF COURT BEGINNING MAY 17

Two sessions of the 30th district court will be held within the next two months to dispose of criminal matters left over from the December session or matters which have recently been docketed. It was announced at the district attorney's office Friday. Criminal court will convene here on April 25 and will dispose of a number of felony cases left over from the December term.

A special session of the 30th district court has been called for May 17 when a special grand jury will be convened and felony cases tried. The district attorney's office expects this term to be one of the most important sessions in the history of this county. At least six cases of highway robbery will be called at the special session, it is said.

The regular June term of the 30th district court will convene the first Monday in June. It is likely that the special session will continue until the convening of the regular summer term.

BACK IN COURT AGAIN WITH HAIR TONIC DRUNK

"John Doe" Ward, one of the St. Patrick day drunks, who was before the court on that great day was back Friday, via the hair tonic route. The judge asked him if it was not a fact that the barbers were on a strike, and he replied, with true Irish wit, that the barbers might be but the tonic was not.

Judge Sartin assessed a fine of \$25 against him, which he said he would suspend if the man got out of town before noon.

Call Field News

Ladies' Sewing Circle. The Ladies' Sewing circle met this week with Mrs. Nettleton with all members present. Mrs. Webster, superintendent of the Methodist hospital was a guest. She thanked the circle for the help which they have given the hospital and proposed that a branch of the circle be organized in Wichita Falls to help meet with Mrs. Shaw.

Sale of Buildings. Nearly all of the unoccupied buildings on the field have now been sold and every day one or more of them is moved from its place. A number of the smaller buildings have been taken to lots in the city and with a little remodeling will make splendid bungalows. It is understood that work of working several of the large barracks will begin this month.

Electric Meters. Considerable difficulty has been experienced by the "management" in keeping the amount of electric current used down to a reasonable figure. Mr. Vaughn, the agent on the field, states that electric meters will be installed in the quarters as soon as possible so that each tenant can pay for the current which he himself uses.

Gun Club. The second contest for the championship trophy will be held this week at the club gun range. J. L. Nabb, the winner last week, promises to be on hand and although he will be handicapped one target intends to win again. All club members who have not shot over 500 times at clay pigeons are urged to be present, this week as a special event is planned for their benefit. A notable trophy will be offered for those shooters and 25 targets will be thrown, two of charge to anyone shooting for the first time. Although all of the above events are for members only everyone is invited to attend and get acquainted. Ammunition will be for sale on the grounds and there are always plenty of clubs on hand. The special event for ladies

will be the second on the program and anyone having a 20-bore gun is requested to bring it for their use.

Notes. James P. Terry, formerly the quartermaster on Call Field, was called to his home in Meridian, Miss., last week because of the birth of a daughter. The little girl is named Mary Katherine. It is hoped that she and her mother will soon come to make their home on the field.

William Loveland has purchased the Citizens Electric company and is now carrying out some of the most important electrical contracts in Wichita Falls. His office is on Lamar street in the city but he expects to continue to live at Call Field.

Several acts of petty vandalism have been bothering the residents lately. Perhaps the worst of these was the stealing of flag ropes and pulleys from Hangar 6. The flag was used as a guide by Aviator Hall when taking off and landing. Its absence last week seriously endangered his ship and himself, because an airplane like a bird has to start and land against the wind. Mr. Hall has replaced the flag and plans to fly this week end as usual.

Home Baked Sale. Something good to eat such as salads, home baked cakes and pies and fruit, made by First M. E. church ladies at 811 Indiana, Electric Light Company office, every Saturday until after Easter. 295-11P

TRIP TO SEYMOUR BY LOCAL MERCHANTS VOTED A SUCCESS

The first day of the trade trip throughout the territory surrounding Wichita Falls was a success in every respect, according to B. F. Johnson and Robert Harrison, who were along with team number one on the first day of the trip.

Team number one, under leader, W. J. Dougherty, was composed of 10 cars and a complement of 25 men. They went along their route to Seymour. Although there were no public welcomes, the members feel highly elated over the result of the trip as they were met with a spirit of hearty co-operation at every place they stopped. Literature, posters and all other kinds of advertising matter was distributed along the way.

The merchants of the towns and villages visited pledged their support during the two days of the "show."

At Seymour, the only thing in the way of a public welcoming occurred, when Attorney Wheat of that city met the campaigners in the dining room of the hotel and welcomed them in the name of the city.

The two teams started out again this morning. Some of the cars were a little late in getting started, but it was thought that they would all be together within an hour or so of the start.

### ENDORSES MAYFIELD FOR A PLACE ON THE I. C. COMMISSION

Frank Keil has endorsed the movement for the appointment of Allison Mayfield, chairman of the Texas Railroad Commission, for a place on the Interstate Commerce Commission, a movement which is being actively pushed by the railroad men of Texas and the entire southwest. Mr. Keil has written friends throughout Texas, Oklahoma, Kansas, Nebraska, Colorado, Idaho and Utah urging support of Mr. Mayfield's appointment. "Neither Texas nor the southwest has ever had a member of the Interstate Commerce Commission, although having some of the most serious transportation problems which have faced any part of the country to deal with," said Mr. Keil in this connection.

Mr. Mayfield is an eminently qualified man for a place on the commission, his 25 years of service with the state commission, first as secretary and for the past 20 years as a member and chairman, not only equipping him with a thorough knowledge of all phases of the transportation problems, but giving him an intimate knowledge of the problems facing this section, which would make his appointment a very valuable thing for both the railroads and the shippers of this section of the United States.

"During his service on the Texas Railroad Commission Mr. Mayfield has been the thorough respect both of the railroad operators and the shippers, both classes recognizing his undoubted ability, and the sincerity for the best interests of the state which has governed his actions and decisions as a member of the local board.

"In connection with my letters to friends in other states pointing out the claim which this section has for representation on the Interstate Commerce Commission, I have pointed out that the farms and mills of Texas, Oklahoma, Kansas, Nebraska and Colorado require 40 per cent of the grain tonnage handled in the entire United States, to say nothing of the enormous business in the other lines of industry produced by this section.

### "BILL" LATRASSE IS RETURNED TO PRISON; ESCAPED 5 YEARS AGO

LANSING, KANS. March 19.—Bill LaTrasse, "Bill" in the Kansas penitentiary today with at least eight years imprisonment ahead of him. He was brought here during the night from Colorado where he was arrested in connection with a motor car theft and recognized as the escaped convict by a former Kansas City detective. En route to the prison LaTrasse admitted he was through with crime, that when he had finished his sentence he was going to settle down and take care of his mother.

LaTrasse insisted he had not committed a crime since he had escaped five years ago. He said after he had been arrested and sentenced to three years in the penitentiary, he went to Newport News, shipped to Great Britain and enlisted in the foreign legion. After eight heavy engagements he said, he was wounded in the side by shrapnel and spent months in hospitals. In all, he said, he saw three years of active service before returning to America last May. He beat his way out, worked three months at Camp Funston and three months in the barbed wire fields. Then he went to work around Wichita as a day laborer in the oil fields.

Explaining his capture, he said he went out to a small farm with the idea of renting the place and settling down. He said there was a stolen car there but he had had nothing to do with it. Police drove up. He ran from the scene of the crime. He said he knew when overtaken that the "big" was up.

### HIGH SCHOOL YOUNG MEN TO ASSIST IN COMPILING RELIGIOUS CENSUS OF CITY

Fifty young men from the local high school will assist in taking the religious census in Wichita Falls, F. C. Mytinger came before the high school students in the auditorium Friday morning and asked for 50 boys or volunteers, promising a donation of \$50 to the diocese fund in case the full number promised to serve. A good many over the required number volunteered before Mr. Mytinger left the hall.

### MEXICAN LABORERS BRING THEIR THIRST WITH THEM ALSO LIQUID TO QUENCH

Mexican laborers who cross the Rio Grande also bring their taste for "Mexican liquor" along with them, according to local officials who report that evidence has been unearthed to show that Mexican beverages smuggled across the border is being consumed in large quantities by Mexican work gangs and ditch diggers. Tequila, fresh from the hills of Nogales, Juarez, and Agua Prieta are being smuggled here, officials say. Some hotel and messal has also been found, it is said.

## BURKBURNETT CRUDE BRINGS \$4 A BARREL IMMEDIATE DELIVERY

The highest price that has been reported for Burburnett crude was paid to the Woodburn Oil Corporation this morning when it sold 55,000 barrels from its storage at DeVol, Okla., to a large refining concern for \$4 per barrel. This oil, however, was for immediate delivery.

The Woodburn corporation still has a large quantity of oil in storage at DeVol.

## PRICE AND GAMBLE WELL NOW SWABBING OIL IN CONSIDERABLE QUANTITY

With the water trouble, which has been delaying completion, reported to have been overcome, the swabbing of oil from the Price & Gamble test on the Howard near Thornberry, created a considerable revival of interest in the territory surrounding this test.

The swab was run a couple of times Thursday afternoon, according to reports, a considerable amount of oil being brought up each time.

## REPORT OIL SHOWING IN WELL AT SAN ANTONIO

SAN ANTONIO, TEX., March 19.—A showing of oil in the Harris well here, estimated at six to eight barrels, has caused considerable activity in Texas. The amount of the production cannot be estimated, operators said, until the water is pumped from the 2,479 foot hole.

## CARTER, OKLAHOMA, WELL STRIKES SAND AT 560 FEET

The test of the Carter Oil and Gas company, near Carter, Okla., struck a sand at 560 feet, but the production was not in paying quantities and has been sent 10 feet further where another sand was encountered. A break down stopped further developments. It is reported, indications are good for a fair producing well, officials of the company say.

## BARBER SHOP OWNERS DENY MAKING DEMAND FOR A 35-CENT SHAVE

Barber shop proprietors of Wichita Falls Friday issued a statement vigorously denying that they were the parties who first demanded an increase to 35 cents in shaves. The barber shop operators further asserted that the journeyman barbers' demands for a 35-cent shave and 55 per cent of net shop incomes were never granted here.

Firms making the statement were Priest & Snell, Burzen & Jackson, Hurley & Fletcher, Ollie McDonald, Hurley & Anderson, Will Holcomb, "Shorty" Vandover, Miller & Kirby, Johnson & Gotcher, W. H. Davis and L. H. Lawler.

Journeyman barbers had previously carried a statement to the effect that the operators first demanded an increase in the price of shaves, where upon the journeyman demanded an increase of 5 per cent in net incomes. The proprietors vigorously deny this statement.

## WELL ON THE GEORGE RUNS TWELVE HUNDRED BARRELS IN 48 HOURS

Twelve hundred barrels of oil was put into the tanks in 48 hours by the Texoma Oil and Refining Company's No. 6 George, according to reports from the office of the company. This well has just been completed. Nos. 7, 8 and 9 on this same tract are standardizing, and due to be completed in a short time and No. 10 drilling at 1,500 feet, and No. 11 drilling around 600 feet.

## ANNOUNCE TEST ACROSS THE RIVER FROM CITY

The Donoho Rayer Oil Company is to give the territory just across the Wichita River from the city of Wichita Falls its first test, announcement being made of the location of a deep test to be drilled soon on the B. B. Woodall farm, which joins the Iowa Park road. The company has 500 acres in a solid block and will put down a test to a depth of 2,000 feet. If oil is not found in paying quantities above that depth, drilling is to begin as soon as the company is financed. Sam B. Rayer, one of the officers and promoters of the company, announced, J. B. Donoho, the other officer for whom the company is named, has been operating in Wichita Falls for the past two years and is well known. The two expect to make this one of the most popular wild cat ever drilled in this section, particularly because of its proximity to the city of Wichita Falls. The capital of the company is \$75,000.

## ASKS \$6,000 DAMAGES IN GARAGE CONTOVERSY

Damages to the extent of \$6,000 are sought by C. B. Avery, who Thursday brought suit against G. H. Holbrook et al., asserting that he is being improperly deprived of the occupation of a garage on Scott avenue. The plaintiff claims that he was a partner with Edgar Biles in a garage business, here and that when Biles left Wichita Falls he was illegally deprived of possession of the Scott avenue garage. Biles is charged in Wichita county courts with embezzlement. He was recently arrested in San Diego, Calif.

WOOD TAKING THE LEAD.

Passing events continue to substantiate the belief that General Wood is going to the republican national convention with more instructed votes than any...

Minnesota geographically could be expected to favor Lowden, who is a neighbor. But geography seems to have cut no figure and Minnesota republicans apparently have given Wood a strong plurality with Senator Johnson...

Republican reactionaries are not going to accept Wood if they can help it—and they usually can. They want somebody like Senator Harding, of Ohio, who would be amenable strictly to party managers and party politics...

While over on this side of the river we are seeking receiverships for the principal gas company in Oklahoma, the Corporation Commission has decided on an advance of 8c in the price of gas...

Bachelors are too plentiful in France to be popular and unmarried women too numerous. That probably is as much as the desire to raise more revenue is at the bottom of a bill that already has been approved by the Finance Committee...

We don't exactly comprehend the action of those 150 Chicago Methodist ministers. A dispatch says they addressed a joint memorial to the general conference recommending abolition of the church's law against "imprudent acts"...

Amarillo's population, a la Census Bureau, is 15,494 and the gain of 5.37 or 55.6 per cent in ten years is good. But recent population claims for Amarillo have ranged all the way from 20,000 to 20,000 or from 33 1-2 to nearly 100 per cent more than the Census Bureau reports show.

That Major Schroeder had a very much higher aim than the attitude record in his recent feat is the suggestion of the "Topics of the Times" man in the New York Times. "That the Major did have his eye on a record," notes the paragrapher, "he does not deny, but he explains that the setting of a new height record was only incidental to effort at a far less sterile achievement."

A casual poll of the House Ways and Means committee, to which has been delegated all the different bonus bills for former service men, shows a majority of 13 to 12 against any bonus. That pretty effectually puts a quietus on expectations for any bonus at this session, not to mention the further report that at least 80 per cent of the representatives are opposed to appropriating any large sum for that purpose under existing conditions.

Our treasured landmarks disappear in a surprising way; the thing that was a thing that ever has been today. When I was young the village doc said ailments like the flu, which give the system such a shock, to cause plain woe due. UNCLE BILLY 'MCUE TO PROFIT LARGELY ALTHOUGH ONE OF FIRST TO LEASE

By RUTH CAMERON

EASTLAND, TEX., March 19.—When oil was discovered in this county and with the westward trend of the operations, few people held back their land from lease. Among those who leased when the game was young was Uncle Billy McGue. This gentleman enjoys the distinction of being the oldest resident of Eastland county, having resided in the city of Eastland for little more than 60 years.

JUDGE BROOKS IS TO LOCATE IN EASTLAND. EASTLAND, TEX., March 19.—Associate Justice of the Court of Civil Appeals Brooks announced here today that as soon as his resignation is accepted he will move to Eastland and engage in private practice of law. Office space has already been secured by Judge Brooks in the new five-story City National bank building now being completed.

Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs slow to act as age advances

MOST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

JOY SOAP works like a wizard! You no sooner start to use it than everything brightens up. It just naturally makes you happy!

Because it does housework so quickly and easily. Washing clothes and dishes; shining bathrooms and windows; cleaning floors and woodwork—every sort of clean up job is made a whole lot more pleasant by using Joy Soap.

Joy is a firm, smooth soap with a quick-acting lather. It is truly marvelous how little work it requires to clean well with Joy.

Joy is good to the hands because it hasn't got that sticky, "soapy" feel. It lasts longer than ordinary soaps, because of the firm body and because it does the job in less time.

Best of all, it doesn't cost any more than ordinary soaps. Ask your grocer.

# WICHITA WILDCAT

## Attention of the Entire United States Is Now Directed Toward Wichita Falls

We, who live in this thriving oil town of Texas, should encourage the WILDCAT on lands contiguous to our growing City, for two reasons, Namely:  
For the enormous possible profits and for Civic Pride.

We propose to sell a sufficient amount of stock to cover the cost of this WILDCAT.

## The Par Value of This Stock Is \$100

This WILDCAT is to be drilled on 500 acres of land known as the Hillside Dairy Farm, approximately three miles northwest of Wichita Falls. This 500-acre tract embraces a well-defined structure. The geological report of some of the foremost geologists is flattering.

Drilling will be commenced at the earliest possible date, and will be continued to a depth of 2000 feet unless oil is found at a lesser depth, in paying quantities.

Think what it would mean to you if we should strike oil on this 500-acre tract.

POSTPONE ACTION ON CITY ELECTION TO TUESDAY NIGHT

CONFLICT OF OPINION AMONG LEGAL ADVISORS HAS DEVELOPED.

SEWER RULING IS ADOPTED

Property Within Two Hundred Feet of Line Must Be Connected by Owner.

After wrestling ineffectively with the problem, the city council Thursday night passed the question of calling an election to elect city officials to an adjourned session next Tuesday when it is expected to reach some decision.

A conflict of opinion among the legal advisors for the city and the charter commission was reported on the question whether the city council could call an election under the new charter until its adoption. Members of the council discussed the desirability of holding an election for choosing city officials on March 30, at the same time as the charter election but it was argued that the validity of such an election would be doubtful.

An ordinance requiring property owners within 200 feet of a sanitary sewer who are not now connected with same to connect at once was passed on the first reading. Dr. Reed was instructed to look further into the sewer question and make recommendations regarding a standard model of open closet. Instruction was also given Dr. Reed to close the contract for the construction of a storm sewer to drain the lake in East Wichita.

To Lay Water Line. Property owners in Sibley Taylor addition were given permission to lay a temporary two-inch water line, 200 feet long, with the understanding that the city will pay them for the pipe when the construction of the main line through that addition is started. The block on Brook street between

Collins and Pearl streets was ordered paved. It was decided that the material to be used should be chat and gravel instead of crushed rock, which is very hard to obtain. The city council was given assurance that this material was in every way equal to crushed rock for wearing qualities.

Permission was given the Holiday creamery to bury a 50 barrel fuel oil storage tank at their place of business. The Tibbo Fueling Co. secured a permit to put in an engine or boat engine to their basement.

Several cases where city taxes had been paid twice were ordered investigated and the money refunded where it was found a double payment had occurred.

The meeting was attended by Mayor Jim Maclow, Councilmen McFall, Bundy, Curlee and Reed and City Clerk Thornburn and several citizens who had matters to present to the body.

WASHINGTON, March 19.—Senator Hitchcock of Nebraska, senate democrat leader, today declared his support for a prohibition amendment to the constitution.

### PROTEST RULING REGARDING SALE ALIEN PROPERTY

WASHINGTON, March 19.—"Sovereign restraints" have been made by the American government against rulings of the allied reparations committee that under the peace treaty sale of certain German property in neutral countries can be forced if necessary to satisfy the initial payment of the German indemnity.

### Wheat Crop Damaged

HUTCHINSON, KAN., March 19.—The Kansas wheat crop has been damaged by one of the worst dust storms in years, grain men and farmers today agreed. How serious this damage is remains to be determined.

### RESOLUTION DIFFERS FROM NOVEMBER COPY

WASHINGTON, March 19.—The resolution of ratification on which the senate is expected to vote today or tonight is much different in some particulars from the one prepared by Senator Lodge last November.

### MUCH SPECULATION AS TO THE VERDICT

GRAND RAPIDS, MICH., March 19.—Sellers of oil boards did a rushing business today as the jury in the election fraud trial attempted to reach a verdict.

# OPPOSE ALLIED PROPOSALS FOR TURKISH PEACE

### Leaders of Nationalists Seem to be Co-Operating to Bring About Defeat

CONSTANTINOPLE, March 19.—Leaders of the Turkish nationalists from Azerbaijan to Palestine seem to be cooperating in a movement to oppose allied proposals for a peace unfavorable to Turkey. Men closely associated with Mustafa Kemal, leader of the nationalists, have been skillfully promoting opposition to all foreign interference. It is asserted, and the Arabs, Kurds and other tribes are said to be aligned with forces planning to checkmate any movement on the part of the entente looking to the partitioning of the country.

The whole movement seems to be political rather than religious, it being declared by many not to be Pan-Islamic in any way. Whether both shevism news into the situation has not as yet developed but it may turn in that direction. Mesopotamia has so far held aloof from the Russian bolsheviks.

Turkish newspapers frankly say the allies cannot muster sufficient strength to force an unacceptable peace upon the country. They point to Captain Gabriele D'Annunzio's defiance of the supreme council and other instances in which the allies have been powerless to enforce orders and say it would be better in an event to risk humiliating defeat rather than have the country turned into a group of European dependencies.

With the exception of the Marash incident there have been no massacres of Christians, although there are large numbers of Armenians and Greeks at the mercy of the Turks in Asia Minor. They are being driven in terror lest they be attacked when the peace terms are made known by the allies and even in this city well-to-do Armenians and Greeks are moving into the embassy section, which affords better police protection than outlying parts of the city.

Americans in Asia Minor have been requested to remain a "quietly neutral" in the event of disorders in districts occupied by foreign armies. Great reliance is placed in Mustafa Kemal's pledge that Americans are not to be harmed and many Armenians are placing themselves under the protection of American missionaries and relief workers.

# GOVERNOR GIVES NO INTIMATION OF PROPOSED ACTION

AUSTIN, TEX., March 19.—Governor Hobby has given no intimation as to what action he will take in response to the warning yesterday from the United States department of agriculture that unless Texas establishes in the near future non-cotton zones in areas infested with the pink boll worm, a quarantine to restrict movement of cotton and other freight from Texas will be given "prompt consideration" by federal authorities.

The present pink boll worm law does not authorize the creation of non-cotton zones; and unless planters in the infested areas can be persuaded to voluntarily refrain from the growing of cotton—and there is little doubt as to whether this would satisfy federal authorities, there is no method of creating the non-cotton zones except by filing the legislature in extraordinary session to amend the law, is the prevailing opinion here.

The cotton planting season in the areas alleged to be infested is at hand and a delay in creating zones in which cotton cannot be grown would make necessary the destroying of cotton now being planted. For this reason, the general opinion is that, if the governor calls a special session of the legislature to consider the boll worm problem, he will do so as soon as possible.

# ONLY ONE VOTER OPPOSED GRANDFIELD GAS FRANCHISE

GRANDFIELD, OKLA., March 19.—In the election for granting the Texas-Omar Gasoline company a gas franchise only one voter was cast against it. The company has already ordered piping and other necessary materials for piping casing head gas into Grandfield from their \$300,000 gasoline plant across the river.

The new Princess theater opened Monday evening, March 15. Messrs. J. W. Fox and O. H. Marcile are the proprietors of this new show. This makes three picture shows for Grandfield.

# TWO HIGHWAYMEN HOLD UP OIL MAN; IS ROBBED OF \$265

### Testimony Was Completed Late Thursday Afternoon and Charge Delivered

L. L. Strong, an oil man, was held up last night near the carnival grounds by two highwaymen and \$265 taken from his person. Strong was stopped near the carnival grounds by two highwaymen who bound his hands with a long cord. A man who accompanied Strong to the carnival grounds is suspected by the police as being an accomplice. Although the "friends" arms were also bound by the highwaymen, he easily released himself and escaped in the darkness leaving Strong hand-tied in the darkness. Persons en route to the carnival discovered Strong and untied his arms. Strong says that he could easily identify his "friend" and police are searching for the mysterious third party. No arrests have been made.

# NOTED INDIAN SCOUT DIED AT TULSA HOME

TULSA, OKLA., March 19.—John H. McKenzie, 83, famous government scout in the Minnesota frontier days, died at his home here last night.

Among his adventures was the capture of "Medicine Bottle" and "Little Six" in the Canadian wilds where the Indians had massacred several women and children in Minnesota. The Indians were hanged November 11, 1866, at Fort Snelling, Minn.

# BIBLE FEDERATION IS IN SESSION AT WACO

WACO, TEX., March 19.—The Texas Organized Bible Class federation in session here elected officers and selected Austin for the 1921 meeting. Officers elected follow: Dr. A. E. Booth, Beaumont president; Dr. C. P. Campbell, Austin, secretary; and Mrs. J. E. Williamson of Austin, recording secretaries.

# HOPE FRISCO SELLS FOR RECORD PRICE

NEW YORK, March 19.—Hope Frisco, an 11 months old black filly from the Walnut Hill farm, Kentucky, drew \$13,500 from Tommy Murphy, the grand circuit trainer and driver, at the auctions here late yesterday.

# EXTENSION IN EASTLAND CAUSES MUCH ACTIVITY

EASTLAND, TEX., March 19.—The Empire Oil and Gas Company headquarters announced here today that the new well near Brazos, recently drilled in on the Wheeler tract, is holding up for more than 50 barrels per day despite the fact the well has not been cleaned. This extension has caused considerable activity in that territory and the stir is noticed in this city, it bringing an influx of new operators to Eastland. Papers were filed for record today wherein Judge H. L. Mosley, president of the Oil Belt Printing Company, leased 1,900 acres of his 3,000 acre farm near this well for a consideration of \$50,000 cash. Much trading and speculation in leases have begun, the trade mentioned being the largest filed so far.

# THEVES RETURN GRIP COULDN'T USE CONTENTS

ENID, OKLA., March 19.—Thieves who stole a hand grip containing 100 pedigrees of registered shorthorn cattle from a visitor to the recent stock show and sale here have returned them to the owner with the following explanation:

"We are returning to you herewith the pedigrees for your cattle. They are no earthly use to us. We are sports and hope you are."

J. A. Alderson, cattleman from Nash, Okla., was the man who owned the pedigrees, belonging to cattle on his own ranch.

# ATTORNEYS ARE ARGUING BELL MURDER CASE

### Testimony Was Completed Late Thursday Afternoon and Charge Delivered

QUANAH, TEX., March 19.—Arguments of attorneys are being heard this morning in the trial of Mrs. Myrtle Gafford, charged with murder in connection with the death of former State Senator W. S. Bell at Crowell last summer and the case will probably go to the jury this afternoon. Testimony in the case was completed late Thursday and Thursday night Judge Nabors delivered his charge to the jury. The charge contained 39 paragraphs.

# Commissioner Says That Train Robbing is as Respectable

PHILADELPHIA, PA., March 19.—After an investigation into profits made by retail stores selling wearing apparel in 10 cities in Pennsylvania, Frank B. McLean, fair price commissioner, told members of the chamber of commerce today he could say "train robbing is fully as respectable but not so remunerative."

Mr. McLean read a list of prices at which wearing apparel is being sold in this state showing men's overcoats are selling at prices 91 per cent to 135 per cent higher than the cost to the retail dealer, with ready-made clothing 90 to 107 per cent higher.

# Plan to Resign

CHICAGO, March 19.—Sixty-hour and Illinois members of the state fair price commission were trying to decide today whether to follow their chairman, Mrs. Joseph T. Bowen and resign.

Failure of the government to appropriate money for the campaign was blamed by Mrs. Bowen for the poor success of the Illinois organization.

Major J. A. Spargue, chairman and organizer of the "Fair Price Commission" announced he would resign April 1, claiming the means given to him by the government to wage the fight for fair prices were inadequate.

# No Trace of Poison

A chemist who had made an analysis of the flour at the home of Fred Bell testified that he had found a trace of strychnine in the flour but that he had found no trace of strychnine in the stomach of the dead woman.

District Attorney Leak opened the argument for the state this morning. His argument was mainly an effort to show that the fatal shot must have been fired by Mrs. Gafford. There were two mortal wounds, he said, one in the chest and one through the jaw, the bullet of which found lodgment in the spinal column. The bullet in the spinal column, he argued, must have been fired by Mrs. Gafford because of the small wound and the bullet which could only have come from a weapon such as it was proved Mrs. Gafford used. He directed special attention to the fact that Senator Bell's shot gun was not loaded.

Judge Perkins of the defense, who followed Mr. Leak, reviewed the testimony in an attempt to show that the wound in the spinal column would have produced paralysis. He cited testimony to show that Senator Bell when he struck Mrs. Gafford with the shot gun had knocked her down and that she was lying under the car and that she could not have fired the fatal shot.

# RIDDLED BY SHOTS NEGRO IS CAPTURED; WOUNDS TWO POLICE

### Testimony Was Completed Late Thursday Afternoon and Charge Delivered

BALTIMORE, MD., March 19.—Riddled by shots and probably mortally wounded, an unidentified negro was captured by police reserves early today after a desperate three-hour fight waged from a barricaded house. Two policemen were wounded and another negro, mistaken for the hunted man, was shot three times by policemen and beaten by a mob before it was learned he was not the man sought.

The trouble started in the theatrical district when two negroes engaged in a fight. At the appearance of the police, one negro fled and barricaded himself in the cellar of a residence occupied by whites. As the police approached he opened fire, wounding two.

A riot call brought reserves from three districts and several policemen entered the house, while others held the negro at bay. The policemen in the house chopped away a part of the floor making "loop holes" through which they fired the contents of two heavily charged shotguns.

BEAUTIFUL RECEPTION AT ADAMS HOME THURSDAY

One of the most brilliant social affairs of the season was the reception given Thursday at the handsome T. P. Adams' home, Huff and Brook avenues, with the charming mistress of the home and Mrs. W. Edgar Norton and Mrs. Mack Thomas receiving.

The stately elegance of the home, accentuated by the loveliest and choicest of spring blossoms and hot house roses, and the beautifully gowned house party, together with the handsomely dressed guests who thronged the house throughout the reception hours, all contributed to the success of the occasion.

Unusually charming also was the hostesses reserving for a number of the older ladies a place of honor in the receiving line. Mesdames Hartwood, Sr., Hutton, Benoit, D. B. Snider, J. G. Grow, P. W. Norton and Richardson Sr., were those so honored.

Kilmarney roses, in silver and cut crystal containers, gave the floral touch to the drawing room, and sweet peas, in rainbow colors and fragrant profusion, were used in the dining room. The table was centered with a graceful arrangement of flowers, with the smaller, daintier, baskets of sweet peas, tulle tied, circled the centerpiece.

The guests were welcomed at the entrance by Mrs. Ben G. Onoal, sister of Mrs. Norton, and Mrs. Virgil Lowenstein, sister of Mrs. Adams. Mrs. Onoal was attractively gowned in a draped black silk crepe, embroidered in silver, with touches of cherry velvet forming an effective note of contrast. The black lace robe, jet trimmed, worn by Mrs. Lowenstein was set off by a corsage of American Beauty roses.

Mrs. Adams wore a creation of gray chiffon, hand painted, the pastel colors of the painted motifs being repeated in the pearl beads that formed the graceful trimming. Her hair was swept back in a chignon, and a robe of black silk lace, jet embroidered, over satin crepe, was worn by Mrs. Norton.

The young daughter of the house, Miss Hallie Adams, who presided at the punch table, wore an attractive organdie frock, ruffled, trimmed, and Miss Inez Adrian, who was also at the punch table, wore a frock of blue tulle and georgette. The small Miss Adams, and Master Donald Thomas, took the guests' cards before they left the sun parlor.

Mrs. P. P. Langford, in a coral velvet in draped effect, and pearl trimmed, did the honors for the hostesses in the dining room, being assisted by Mrs. J. B. Stokes Jr., Mrs. P. S. Richardson and Miss Fern Marrese of Terrill, Tex. An attractive plate of brick ice cream and cake, with sweet pea bouquets, was served.

In the sun room were Mesdames C. R. Hartsook, W. B. Hamilton, C. E. McCutchen, Johnston, H. R. Hanks and Frank Timberlake.

On the receiving line were Mesdames C. W. Snider, Clint Barnett of Clinton, Mo.; E. S. Goodner, W. A. Fraar, R. H. Frazell, W. K. Niles, George Thorburn, J. C. H. Martin, W. T. Reese, W. H. Vocal selections were given by Mrs. C. Y. Tully and Mrs. George Thorburn. The Templeton orchestra played throughout the afternoon.

NEW NORMA TALMADGE PLAY IS CONVINCING

Norma Talmadge has troubles of her own in "She Loves and Lies," an adaptation of Winkie Collins' famous novel, which opened at the Majestic theater today. Not only is she called upon to assume the role of a young actress, a frequenter of Greenwich Village, New York's famous Bohemian quarter, and an old lady of 52, but she must play the latter part so well that she can land a husband of about half her age—and she gets away with it.

"She Loves and Lies" is one of those plays that interests at the start, grows in suspense and ends with a climax that contains a surprise. Miss Talmadge has the best opportunity of her career for comedy work, and shows that she is talented in this line as well as emotional roles.

TRIP TO SEYMOUR BY LOCAL MERCHANTS VOTED A SUCCESS

The first day of the trade trip throughout the territory surrounding Wichita Falls was a success in every respect, according to B. P. Johnson and Hubert Harrison, who were along with team number one on the first day of the trip.

Team number one, under leader, W. J. Paugherty, was composed of 10 cars and a complement of 23 men. They went along their route to Seymour. Although there were no public welcomes, the members feel highly elated over the result of the trip as they were met with a spirit of hearty co-operation at every place they stopped.

The merchants of the towns and villages visited pledged their support during the two days of the stay.

At Seymour, the only thing in the way of a public welcome occurred, when Attorney Wheat of that city host the campaigners in the dining room of the hotel and welcomed them in the name of the city.

The two teams started out again this morning. Some of the cars were a little late in getting started, but it was thought that they would alight together within an hour or so of the start.

SPECIAL GRAND JURY AND TERM OF COURT BEGINNING MAY 17

Two sessions of the 20th district court will be held within the next two months to dispose of criminal matters left over from the December session of matters which have recently been docketed. It was announced at the district attorney's office Friday. Criminal court will convene here on April 5 and will dispose of a number of felony cases left over from the December term.

A special session of the 20th district court has been called for May 17 when a special grand jury will be convened and felony cases tried. The district attorney's office expects this term to be one of the most important sessions in the history of this county. At least six cases of highway robbery will be called at this special session, it is said.

BACK IN COURT AGAIN WITH HAIR TONIC DRUNK

"John Doe" Ward, one of the St. Patrick day drunks, who was before the court on that great day was back Friday morning, via the hair tonic route. The judge asked him if it was not a fact that the barbers were on a strike, and he replied, with true Irish wit, that the barbers might be but the tonic was not. Judge Sartin assessed a fine of \$25 against him, which he said he would suspend if the man got out of town before noon.

Call Field News

Ladies' Sewing Circle. The Ladies' Sewing circle met this week with Mrs. Netherton with all members present. A reasonable figure for the purchase of the Methodist hospital is a guest. She thanked the circle for the help which she have given the hospital and proposed that a branch of the civic league of Wichita Falls be formed on the field. Next week the club will meet with Mrs. Shaw.

Sale of Buildings. Nearly all of the unoccupied buildings on the field have now been sold and every day one or more of them is moved from its place. A number of the smaller buildings have been taken to lots in the city and with a little remodeling will make splendid hangars. It is understood that work of working several of the large barracks will begin this month.

Electric Meters. Considerable difficulty has been experienced by the management in securing the amount of electric current used by a reasonable figure. Mr. Vaucho, the agent on the field, states that electric meters will be installed in the quarters as soon as possible so that each tenant can pay for the current which he himself uses.

Gun Club. The second contest for the championship for the field this week at the shot gun range. J. L. Nihil, the winner last week, promised to go on hand and although he will be handicapped one target outside to gain again. All entrants who have not shot over 500 times at clay pigeon are urged to be present this week.

A special event is planned for this week. A golf tournament will be offered for 100 prizes, and 25 targets will be thrown free of charge to anyone shooting for the first time. Although all of the above events are for members only everyone is invited to attend and get acquainted. Ammunition will be for sale on the grounds and there are always plenty of games on hand. The special event for ladies.

will be the second on the program and anyone having a 20-bore gun is requested to bring it for their use.

Notes. James P. Terry, formerly the quartermaster on Call Field, was called to his home in Meridian, Miss., last week because of the birth of a daughter. The little girl is named Mary Katherine. It is hoped that she and her father will soon come to make their home on the field.

William Loveland has purchased the Citizens Electric company and is now carrying out some of the most important electrical contracts in Wichita Falls. His office is on Lamar street in the city but he expects to continue to live at Call Field.

Several acts of petty vandalism have been bothering the residents lately. Perhaps the worst of these was the stealing of flag ropes and pulley from Hangar 6. The flag was used as a guide by Aviator Hall when taking off and landing. Its absence last week seriously endangered his ship and himself, because an airplane like a bird has to start and land against the wind. Mr. Hall has replaced the flag and plans to fly this week end as usual.

FRIDAY, MARCH 19, 1920. WOOD TAKING THE LEAD.

Passing events continue to substantiate the belief that General Wood is going to the republican national convention with more instructed votes than any, if not all of the other candidates. Wood is so far out in front now that he is being made the object of a general offensive from the other candidates, and the Lowden forces in Washington have brought against him a serious charge, the gravamen of which is that he is presented as "Doctor" Wood in the west and "General" Wood in the east.

Minnesota geographically could be expected to favor Lowden, who is a neighbor. But geography seems to have cut no figure and Minnesota republicans apparently have given Wood a strong plurality with Senator Johnson a poor second and Lowden distanced even by Herbert Hoover, who ran a good third without any sort of campaign.

Republican reactionaries are not going to accept Wood if they can help it—and they usually can. They want somebody like Senator Harding, of Ohio, who would be amenable strictly to party managers and party politics and who has no platform that is tangible beyond the fact that he will run on any platform the republicans can put up. Uninstructed delegations would be in Harding's favor because uninstructed republican delegations in the past have played the game nicely of "follow the leader." But even reactionary republicans, it seems to us, wanting to win would have discernment enough to see that a man of the Harding stripe had better be kept at home when times are like they are now. The party which this year puts up for its presidential candidate a man whose chief recommendation is of his long party regularity is blind.

Governor Hobby didn't mince words in his statement dealing with Judge Youmans' court order relative to the boundary dispute. "Without a trial to determine the issue of rightful ownership," the Governor's statement went on to say, "an Oklahoma federal judge has entered an order, the effect of which is to dispossess the State of Texas of a portion of its public domain... and to dispossess a receiver appointed by a Texas court and has enjoined peace officers of the state, who have been sent by me to preserve order and prevent trespassing." The federal court's action is all the more inexplicable from the fact that the whole question is pending now in the supreme court at Washington, where only a final adjudication is possible as between the two states involved. Judge Youmans' action is termed gratuitous by some; but it certainly was unnecessary if equitable settlement of the trouble is the chief thing to be sought, for it has only served to increase the ill-feeling and it has not helped to settle the controversy, which will not be settled short of the supreme court at Washington.

We have most of but not all of the war investigations. France has had some, not to mention trials and executions for treason, and it is now conducting investigation into the famous Nivelle offensive in April, 1917. General Nivelle's friends have always contended that he would have ended the war with an allied victory then had he been allowed a free hand. Others have said that it was poorly planned, violated all the canons of strategy and it ended, as the world knows, in the severest setback to the allies up to the German drive in March, 1918, that was checked at the second battle of the Marne in which Americans played such an important part. The investigation of the Nivelle offensive develops that eleven days before it began, General Foch and General Petain urged the abandonment of the offensive or at least postponement until American troops were in France in force. The report says that no one interfered with Nivelle, but that his plans were "incapable of realization."

The National Personal Liberty League has been organized with a twofold purpose. The first is to secure the repeal of the Eighteenth Amendment and the Volstead enforcement law; the second is to boom Governor Edwards of New Jersey for the democratic presidential nomination. "While the identity of the men backing the movement was not disclosed," we read in the initial announcement, "many are prominent in public and social life and represent all political parties." Ordinarily the democrats might be left to make their own nominations without interference; but when booze is the issue "all political parties" feel it incumbent upon themselves to help the democrats nominate a candidate who couldn't carry as many states as Taft did in 1912. Even here in Texas, we have the organ of the republican party and the organ of the "american" party (little "a" please) very strong in their endorsement of a candidate who is running on the democratic ticket.

That Major Schroeder had a very much higher aim than the altitude record in his recent feat is the suggestion of the "Topics of the Times" man in the New York Times. "That the Major did have his eye on a record," notes the paragraph, "he does not deny, but he explains that the setting of a new height record was only incidental to effort at a far less sterile achievement. What he wanted to discover was whether they are right or wrong who contend that if a plane flies high enough it will find two mighty currents of air, one moving toward the east and another, above it, going the other way." Discovery of these two currents would have material effect on future long distance air journeys, for the belief is strong that the velocity of the currents is tremendous and that a plane, flying with one, could achieve a speed that is almost inconceivable. The altitude record is a record and nothing more. One had wondered that so much time and effort had been devoted to attaining it. The Topics man explains that it is not a waste of time, but an effort worth while.

A casual poll of the House Ways and Means committee, to which has been delegated all the different bonus bills for former service men, shows a majority of 13 to 12 against any bonus. That pretty effectually puts a quietus on expectations for any bonus at this session, not to mention the further report that at least 80 per cent of the representatives are opposed to appropriating any large sum for that purpose under existing conditions. The next campaign is apt to be in the state legislatures, and the New York legislature is already considering a bill the effect of which will be to distribute \$200,000,000 in bonuses among New York men who saw service, \$5,000, if it goes to equalizing the salaries paid guardsmen for border service up to the time they were federalized.

While over on this side of the river we are seeking receiverships for the principal gas company, in Oklahoma the Corporation Commission has decided on an advance of 8c in the price of gas. The increase was to have been effective March 15, but it has been postponed because the cautious commission, granting the increase on the ground that it was necessary to furnish adequate gas, felt that it wouldn't do to put the advance into effect until some of that "adequate" supply was put in the mains.

Bachelors are too plentiful in France to be popular and unmarried women too numerous. That probably as much as the desire to raise more revenue is at the bottom of a bill that already has been approved by the Finance Committee of the French Chamber of Deputies to levy an additional income tax of 10 per cent on all bachelors. Our own Youngstown, Ohio, proposes to tax all non-taxpaying bachelors on a basis of a flat tax of 20c a month each. And all of this comes in Leap Year, too.

We don't exactly comprehend the action of those 150 Chicago Methodist ministers. A dispatch says they addressed a joint memorial to the general conference recommending abolition of the church's law against "imprudent acts," and then proceeds to enumerate such "imprudences" as theater attendance, dancing, card-playing, gambling and drinking. Do all of the enumerated "imprudences" go on the permitted list?

Amarillo's population is a Census Bureau 15,494 and the gain of 5,537 or 55.6 per cent in ten years is good. But recent population claims for Amarillo have ranged all the way from 20,000 to 30,000 or from 33.12 to nearly 100 per cent more than the Census Bureau reports shows.

MRS LOUIS PINK IS NAMED VICE CHAIRMAN Mrs. Alexander Kohut, national chairman of the campaign of the Council of Jewish Women, has announced the appointment of Mrs. Louis Pink of this city as a vice-chairman of the national committee. The Council of Jewish Women is seeking funds to meet the expanding needs of its immigration and Americanization work, and educational, recreational and religious activities. It is the first public appeal for funds ever made by National Council of Jewish Women. The drive is being conducted in 119 cities throughout the country and will come to a close during the week of April 25.

The Equal Chance. "I've never had a chance," said he. How often do we hear it said. By men whose every hope is dead? No chance the world has given me. To come to fame and forge ahead? No chance! the very breath of life is all the chance which God bestows. On men from birth unto the close. He who has strength to face the strife. Has all his happier brother knows. He who has strength to work and wait. Is well equipped for every care. He can do all that he will dare. Men's will determines of his fate. And every man must do his share.

Yet some are born to riches here. And some unto a round of ease. But judge not by the lives of these. The truly great in any sphere. Are toilers in the life industries. Life is itself the only chance. Which God bestows upon a man. We are all equal by His plan. Strong men can master circumstance. 'Twas as a toiler Christ began.

HOROSCOPE

"The stars incline, but do not compel." (Copyright, 1920, by the McClure Newspaper Syndicate.) FRIDAY, MARCH 19, 1920.

This day the Sun smiles on mankind, according to astrology. Early in the morning Mercury is in benefic aspect. Fair fortune should attend all who have personal ambitions to promote. It is a most auspicious rule for those who seek place or honor in that can be bestowed by persons of wealth or high position. The signs are promising for the president of the United States who will gain much acclaim through some public document or diplomatic move.

It should be a lucky way under which to look for any piece of employment, since high wages are supposed to be easily obtained while this configuration prevails. Publicity continues under the beneficent rule of Mercury and there is a forecast of success for writers, editors and publishers, who will profit much in the next few months. Warning has been given repeatedly against the folly of extravagance for the stars forewarn against financial profligacy before bankers begin to counsel thrift. Now it is projected that there will be a serious reaction from the recent recklessness in spending money carelessly.

Scandals will be more numerous in the coming summer than ever before and blackmail seems to be foreshadowed where more than one prominent man and woman are concerned. It will be recalled that changes in the president's cabinet were projected long ago and now the stars declare that in the remaining year there will be a vacancy caused by illness or disability. The financial capital comes under a somewhat gloomy star, that projects a rather gloomy outlook for the year. In real estate values will be even greater than has been expected, owing to some conditions, and usually take on a pessimistic trend. Great heat will be experienced in Washington, D. C. during the coming summer, if the stars are read aright.

Persons whose I told that it is near expect an active year that is prosperous, but they must not speculate. Children born on this day are likely to be quick and lively. These subjects of Pisces, on the zodiac and so are likely to have Avian traits.

RIPPLING RHYMES.

By WALT MASON.

Facts and Things. Our treasured landmarks disappear in a surprising way. That was a truth last year is but a joke today. When I was young the village dog said, "Ally, like the dog, which give the system such a check, to cause plain we die. We sat in draughts, or wet our feet, and went to beds of pain; and called upon the name of Pete, and that of Mike in vain. But now the dog, in something terms, another platform springs, and all our ills are due to germs, the dog's mealy things. In 15 years, or maybe less, that graft, will look forlorn, and doctors then—I make the guess—will laugh our germs to scorn. The rules of health of yesteryear look now like silly fads, and scientists sit up to hear the wisdom of our dads. The doctor of the olden time had whiskers long and black; he couldn't hope to earn a dime unless he had a stack. But now the doctor with a beard in deep privation squirms; the man with jambs and rings, for they are full of germs. It is a world of piffle, friends, yet let's retain our grins, for when one streak of wisdom ends, another one begins.

Side Talks

By RUTH CAMERON

HOW CAN THEY? How can people be so careless about showing in small ways traits of character which, if they stopped to think, they would realize might prejudice people against them in relation to much larger matters? Here's the sort of thing I meant: The authorman loaned me magazines and books last winter to a young friend, at her request. He told her that one of the books he would want to use in his work the next week, but that he would be delighted to have her keep it until she was through with them, as the only further use he had was to loan them to other friends who were not in any great hurry.

She thanked him most effusively and declared she wouldn't keep the book more than two days, as she could easily read it through in that time, and that she would have the magazines back in a week or two at most. When he got ready to use the book it had not come back and he had to stop his work and go around and get it. The magazines were gone for two weeks, and then the girl's mother brought them back in a week.

Now of course many people are careless about such matters, but here is the notable thing about this particular case—this girl is much interested in editor work and wants to get an opening to do something of the sort. The authorman, who knows quite a few editors, had promised to be on the lookout for some such work.

He would not dare to. "But how could I recommend a girl like that?" he says. "I wouldn't do so. She might turn out as un dependable about a business as she was about that. I haven't the slightest malice; it isn't that, only I simply wouldn't dare give her in that an unqualified recommendation if the chance did come up."

Here's another example. A young college girl decided to spend a couple of weeks at a hotel which a business friend of her father's recommended. Though a busy man, he offered to engage her room for her, as the proprietor was a personal friend and would probably give her better attention. Less than a week before the time she was to take the room, she suddenly changed her mind on a whim and a note and withdrew the reservation. Nature's way that put the business man who had used his influence to have the best accommodations reserved for her for a two weeks' stay in the hotel's month in the night, in an uncomfortable position. Later, when she was appealed to use his influence in getting her a start in the business world, she felt that he could recommend an unqualified recommendation if the chance did come up.

She regrets it deeply now. In this case the girl got her start in an office, and as the year advanced she had learned more of business ethics, she has come to regret this incident ever more from the selfish point of view than from that of the editor opportunity which she undoubtedly caused her. When one is faithless in that which is little, those who suffer from such faithlessness are pretty sure to get that which is big, and that is not a good thing to have calculating about one's self.

Persons whose I told that it is near expect an active year that is prosperous, but they must not speculate. Children born on this day are likely to be quick and lively. These subjects of Pisces, on the zodiac and so are likely to have Avian traits.

No I dont, I feel worse, sed Persey. Which I dident ipologize eny more anyway.

UNCLE BILLY M'GUE TO PROFIT LARGELY ALTHOUGH ONE OF FIRST TO LEASE

By RUTH CAMERON

EASTLAND, TEX., March 19.—When oil was discovered in this county and with the westward trend of the operations, few people held back their land from lease. Among those who leased when the game was young was Uncle Billy McGue. This gentleman enjoys the distinction of being the oldest resident of Eastland county, having resided in the city of Eastland for little more than 50 years. "Uncle Billy," as he is known, has been married five times, has 29 living children, the eldest of which is 60 years and the youngest five years. He is now in his 93rd year and is active. He attributes the longevity of his age to water taken from springs at the edge of the city known as "McGue Springs." He fought Indians in this county many years ago. "Uncle Billy" leased all his land for a small sum and not until a few days ago did he realize he had something good in store for him, when he was informed his royalty was worth no small amount of money. While drilling operations have not started on his farm yet, a good well is reported to have been brought in within a few hundred yards of his holdings.

JUDGE BROOKS IS TO LOCATE IN EASTLAND EASTLAND, TEX., March 19.—Associate Justice of the Court of Civil Appeals Brooks announced here today that as soon as his resignation is accepted he will move to Eastland and engage in private practice of law. Office space has already been secured by Judge Brooks in the new five-story City National bank building now being completed.

Elderly People Have A Daily Health Problem

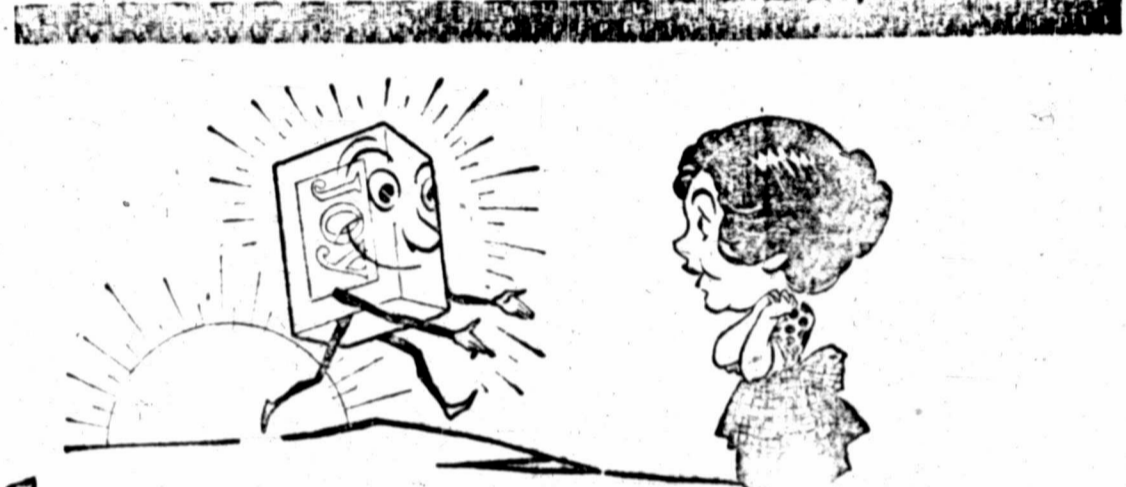

Stomach muscles and digestive organs slow to act as age advances

MOST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation. When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results. What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself past 80 years of age and still active in his profession. It can be bought at any drug store and one bottle is enough to last even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

brings joy to every woman!

JOY SOAP works like a wizard! You no sooner start to use it than everything brightens up. It just naturally makes you happy!

Because it does housework so quickly and easily. Washing clothes and dishes; shining bathrooms and windows; cleaning floors and woodwork—every sort of clean up job is made a whole lot more pleasant by using Joy Soap.

Joy is a firm, smooth soap with a quick-acting lather. It is truly marvelous how little work it requires to clean well with Joy.

Joy is good to the hands because it hasn't got that sticky, "soapy" feel. It lasts longer than ordinary soaps, because of the firm body and because it does the job in less time. Best of all, it doesn't cost any more than ordinary soaps. Ask your grocer.

Rookies and Regulars Limbering Up for the Big Show.

Looking for Pennant Pole. DONNA, TEX.—The St. Louis Cardinals were to play their fourth game with the Philadelphia Athletics here today and incidentally were looking for a likely pole for the National League pennant after beating the eastern aggregation 13 to 7 yesterday, winning the third consecutive game.

Two Hard Workouts. TAYLOR, TEX.—The St. Louis Browns were to be put through two hard workouts today. Games with Tulsa, Wichita and Joplin are scheduled for next week.

Darkness Ends Game. ONTARIO, CALIF.—The population of this town turned out and donated a dollar each to watch a 10-inning game between the Portland Beavers and the Chicago Cubs. Darkness ended the game which was a 2 to 2 affair. Bailey, Vaughn and Martin worked on the mound for the Cubs.

Buck Weaver Reports. WACO, TEX.—Buck Weaver, third baseman, has returned the list of White Sox holdouts to a pair of athletes, when Weaver reported last night. Eddie Clotte has shown up in great fashion the few times he has worked on the mound and his team predicts a great season ahead of him.

Beaumont Team Returns. BEAUMONT, TEX.—After losing three games to the Philadelphia Athletics at Lake Charles, the Beaumont team returned here in good condition for the workout series against Galveston. Paul Garaway, spit ball hurler from East St. Louis, won a place on the local team by shutting out the Athletics for five and two-thirds innings yesterday.

Out of the Regulars. NEW ORLEANS.—The regulars trimmed the Veterans' team to the tune of 3 to 0 here yesterday. The Cleveland veterans' team, which had won 2 to 1, but the base game and timely fielding gave victory to the latter.

Steps on Rusty Nails. MACON, GA.—Frank Miller, pitcher, has himself a vacation from time to time for at least a week, by stopping at two rest-houses. The pitcher was put through a double workout yesterday, but he was not in the best of health by the time he was reported.

Purchase Frank Miller. HOT SPRINGS, ARK.—The Red Sox were scheduled to play the last game of their season here with the Philadelphia Athletics at Hot Springs yesterday. The pitcher, however, has been purchased by the Boston team through 1920. Miller, a right hand pitcher, has been bought from the Philadelphia team. He was announced by the Athletics as being sold to the Boston team.

Presented With Wild Card. SAN ANTONIO.—The Philadelphia Athletics were scheduled to play the Texas team here today. The Athletics were scheduled to play the Texas team here today. The Athletics were scheduled to play the Texas team here today.

MAKES BILLY COSMOS QUIT IN THE EIGHTH. SAN ANTONIO, TEX., March 19.—In the A. E. F. stadium here today, the Chicago welterweight, Billy Cosmos, made the eighth round of a scheduled 10 round bout with the local champion, Frankie Martin, in the eighth round of the first round.

Fish Take Measure of Spudder Yaps in Game on Thursday

The Spudders went through a real workout yesterday, and tonight are beginning to look better among the Fish tribe. This account for a quite afternoon the athletes were at a hammer-and-tongs, and when they finished it was with many a gasp and big muscular workout. The feature of yesterday's workout was the clinch between Tommy Brown, the Fish and the Spudder's Yaps. The Yaps opposed scores about 150. Both was on the mound for the Fish and was pitched very close to the Fish and was pitched very close to the Fish and was pitched very close to the Fish.

Tentative Line-Up For Game Saturday With the Panthers

Probable Line-Up. Fort Worth, Texas. Pitcher, John B. Douglas, 20. Catcher, Scar, 16. First base, L. L. Lutz, 15. Second base, Koltz, 11. Third base, Smith, 18. Shortstop, Kray, 14. Left field, R. H. Zinn, 10. Center field, Lyle, 17. Right field, C. C. Crow, 10. This is probably the way the team will stack up tomorrow when the Panthers meet the Spudders at Athletic Park. Lagrave is signing here with the intention of putting one over on the Spudder aggregation, and although he is signing a number of his second string men, he isn't figuring on being beaten.

TWENTY-FIVE COLLEGES HAVE A REPRESENTATIVE

COLUMBIA, MO., March 19.—Twenty-five colleges and universities of the middle west were represented here today at the opening session of the Central Sectional athletic conference of American college women which will continue throughout tomorrow. Athletics on a uniform basis all over the country was the avowed aim of the meeting. Delegates were here from the following institutions: University of Chicago, University of Colorado, Iowa State University, Grinnell College, University of Illinois, University of Indiana, Iowa State Agricultural College, Iowa University, Kansas State Agricultural College, University of Kansas, University of Louisiana, Milwaukee University, University of Oklahoma, University of Minnesota, University of Missouri, University of Nebraska, North-western University, Oberlin University, Parsons College, Pennsylvania College, Rockford College, Texas University, Western Reserve University, and University of Wisconsin.

POLISH WRESTLER TAKES BOTH FALLS

CITIZEN, March 19. Stanislaw Zbysko, a great Polish wrestler, took both falls in his last night bout here last night with Jack Lanow. Zbysko surprised wrestling fans by his endurance and strength. Lanow forced the Polish wrestler to extend himself in both bouts. The first fall came at the end of 1:15:37 of the other.

Wilde Can Whisper Something in Ear of Georges Carpentier

By HENRY L. FARRIGLE. (Special to The Star.) NEW YORK, March 19.—We Jeanie Wilde, number one of the fly weight division, can whisper a few things in Georges Carpentier's ear. With flashing eyes and a lump on his nose he is going to knock the noted champion of the ring out before he has time to get his feet set. "Go easy, Georges. If you must fight even the little saps, as they say here, take your time, old chap!" Into the ears of the newly wed champion, the same thing that the diminutive Wilde heard, will be said. "There's something soft for a nice bunch of cash. You can polish him off in a couple of rounds, without training." Georges may fall for it and take in a couple of hundred fifty black eyes, such as a case in the United States. Wilde made his mistake in turning deaf ears to the tips of American friends who counselled him to take things easy and not admitted before he pulled on the gloves. He did not. He had to stoop for the bit of coin. Jack Sharkey outpointed him and took a \$5,000 attraction he dropped to the \$5,000 class over night. He announced his intention of going back to Britain and the night went round that he had a trunk full of notes to open a bank account in America when he returned. But he's changed his mind now. He's looking back for three months and he's not going to write a book. The day turned for him and he is satisfied in having convinced the Americans that he is what he is—a champion.

BOB MARTIN IS SCHEDULED FOR A FIGHT IN DALLAS

DALLAS, TEX., March 19.—Bob Martin, A. E. F. heavyweight champion, is billed to fight here March 29. It was announced at the Soldiers and Sailors Athletic club last night. His opponent has not been named.

ROMAN WINS A VERDICT OVER DILLON AT DALLAS

DALLAS, TEX., March 19.—Paul Roman, Kansas City, middleweight, won the popular verdict from Jack Dillon in 10 rounds before the Soldiers and Sailors A. C. here last night. In the fifth Dillon took the count of eight and covered successfully until the count. In the eighth again he was in distress, but pulled through. Roman forced the fighting all the way, though Dillon appeared traveling under wraps with the "w" as well as without.

Sport Slams

By STAFFORD. Halt, who goes there? "Out by a hare." "Pass, Pemberton." "Catcher Pemberton, who catches everything, has been telling a big ball story out at the park for the past few days. It may be old to you, and again it may not. However, it will bear repetition. "When I was in the bushes, I played center field for a team. They had a swell infield in the park, but the outfield was full of bushes, tall grass, rocks and general refuse. "One day I was roosting out in that mess, waiting for a stray fly ball or something, when the bird at bat slams a hot liner over second right at me. I made a dash for it, and it struck the ground right in front of me—and I couldn't find the blamed thing. "Seeing that the game depended on me, I hit with two runs and the score tied in the eighth. I spotted a rabbit in the bush in front of me. I grabbed him up and headed him at second base. "What'd you think the ump called it?" "Out by a hare."

STEEPLECHASE MEETING REOPENED IN ENGLAND

SANDOWN PARK, ENG., March 19.—After an interval of five years during which the business and the racing were engaged in a hard bustle, the grand military steeplechase meeting reopened here today. Seven races, riders and mounts restricted to those with three or four years service, were scheduled. The principal event was the grand military gold cup, the coveted trophy in the military steeplechase.

PAL MOORE OUTPOINTS JERSEY CITY DANTAM

JERSEY CITY, N. J., March 19.—Pal Moore, a Florida, outpointed Jersey City Dantam in an eight round fight here last night.

## PITCHER SUTHERLAND JOINS THE SPUDDERS

### ONE OF PRINCIPALS IN WRESTLING BOUT TONIGHT

## Irslinger to Meet Demetral Tonight at Athletic Club

PITCHER Sutherland late from the University of Oklahoma, arrived here this morning and reported to Manager Salin. Sutherland has just wound up his work during the winter months in the Winter League. He has been playing great games with that organization and has been pitching all winter. He is at the present time in perfect condition and will probably work in Saturday's or Sunday's game.

Sutherland's arrival means a lot of relief to Manager Salin, as he has been rather cramped as far as hitting goes recently. He expects some good work of the new comer and will probably use him along with Ruth and Zinn in his first game.

## High School Team Tackles Spudders at Local Park Today

Not daunted by the failure to arrange a game with the "Spudders" tonight, the local high school football team will tackle the Spudders at 4:30 for a game with the "Spudders" at the local park today. The Spudders are the high school football team which will be able to make the local Texas League entry, realize there is some good material in town. Bob Trotter, captain of the team, will use the following pitchers: Tom McArthur, Milton Jackson, Tompkins and John Harris. All of the pitching corps are in good shape and should be able to give the professional league players some concern.

## INTER-SCHOLASTIC LEAGUE AT ELECTRA ON MARCH 27

The Wichita county inter-scholastic league will be held at Electra on March 27, all rural schools in the county taking part. Contests will be given in basketball, debating, spelling, temporary speaking, spelling, essay writing and athletic contests. The meet will be under the direction of H. J. Woodward, superintendent of the Burkburnett school district.

The basketball championship of the county will be determined by a game between Electra and Burkburnett high school girls teams.

has been caused mainly by the announcement of the names of the principals, who have real records to their credit and whose work on the mat in past matches will warrant a large attendance at tonight's go.

Irslinger is a claimant to the world's middleweight crown. He has a long list of victories over some of the best men in his class to his credit and has also his opponent, Henry Demetral, the Port Worth Greek.

In the preliminary bout, Steve Maryol, the local Greek giant, will meet George Lauer. Maryol is of a rather peculiar build insofar as he is but five feet eight inches tall and weighs 225 pounds. The match is expected to rival the main go in popularity.

The main bout will start promptly at 8:30, according to an announcement made by Irslinger Thursday afternoon.

## AGED MAN SEEKS A JOB THROUGH WELFARE COUNCIL

Who has work for an old man? Who says that his gray hairs keep him from getting a job? He has applied to Mrs. C. M. Ousley of the welfare council for assistance in finding work, and says he is willing to do anything. Anyone who can give him any assistance in securing work are asked to telephone Mrs. Ousley, at 3029. The old man is without means and at present is being cared for by the welfare council. He is in good health, and able to work if given the chance, he says.

# WICHITA WILDCAT

## Attention of the Entire United States Is Now Directed Toward Wichita Falls

We, who live in this thriving oil town of Texas, should encourage the WILDCAT on lands contiguous to our growing City, for two reasons, Namely:

For the enormous possible profits and for Civic Pride.

We propose to sell a sufficient amount of stock to cover the cost of this WILDCAT.

### The Par Value of This Stock Is \$100

This WILDCAT is to be drilled on 500 acres of land known as the Hillside Dairy Farm, approximately three miles northwest of Wichita Falls. This 500-acre tract embraces a well-defined structure. The geological report of some of the foremost geologists is flattering.

Drilling will be commenced at the earliest possible date, and will be continued to a depth of 2000 feet unless oil is found at a lesser depth, in paying quantities.

Think what it would mean to you if we should strike oil on this 500-acre tract.

Mail or bring your subscription  
for stock to 515 Seventh Street.

Our books are now open. We reserve the right to return all over subscriptions.

POSTPONE ACTION ON CITY ELECTION TO TUESDAY NIGHT

CONFLICT OF OPINION AMONG LEGAL ADVISORS HAS DEVELOPED.

SEWER RULING IS ADOPTED

Property Within Two Hundred Feet of Line Must Be Connected by Owner.

After wrestling ineffectively with the problem, the city council Thursday night passed the question of calling an election to elect city officials to an adjourned session next Tuesday when it is expected to reach some decision.

A conflict of opinion among the legal advisors for the city and the charter commission was reported on the question whether the city council could call an election under the new charter until its adoption. Members of the council discussed the desirability of holding an election for choosing city officials on March 30, at the same time as the charter election but it was argued that the validity of such an election would be doubtful.

An ordinance requiring property owners within 200 feet of a sanitary sewer who are not now connected with same to connect at once was passed on the first reading. Dr. Reed was instructed to look further into the sewer question and make recommendations regarding a standard model of open sewer. Instruction was also given Dr. Reed to close the contract for the construction of a storm sewer to drain the lake in East Wichita.

To Lay Water Line. Property owners in Sibley Taylor addition were given permission to lay a temporary two-inch water line, 3,000 feet long, with the understanding that the city will pay them for the pipe when the construction of the main line through that addition is started.

Collins and Pearl streets was ordered paved. It was decided that the material to be used should be chert and gravel instead of crushed rock, which is very hard to obtain. The city council was given assurance that this material was in every way equal to crushed rock for wearing qualities.

Permission was given the Holiday creamery to bury a 50 barrel fuel oil storage tank at their place of business. The Times Publishing Co. secured a permit to put in an entrance on Scott avenue to their basement.

Several cases where city taxes had been paid twice were ordered investigated and the money refunded where it was found a double payment had occurred.

The meeting was attended by Mayor Jim Malow, Commissioner Mc Fall, Bunty, Curlee and Reed and City Clerk Thornburn and several citizens who had matters to present to the body.
