FRENCH TROOPS ARE REINFORCED

TWO INVESTIGATIONS STARTED IN CONNECTION WITH STRIKE BY DEPARTMENTS OF GOVERNMENT

MORE THAN 23,000 RAILROAD MEN ARE IDLE.

More than 23,000 railroad men were idle today as the result of "unauthorized" strikes, according to unofficial estimates. In addition, thousands of other workers in packing houses and industrial plants were idle as the direct result of strikes.

Two investigations into the strike of railway switchmen and yardmen were ordered today as the walkout spread throughout the nation.

CHICAGO, April 9.—The five great railroad unions in a joint letter addressed to the Western Association of Railroads, this afternoon asked for more time in which to break the "unauthorized strike of some of their members and solicited the co-operation of the railroads toward that end.

CHICAGO, April 9.—Continued spread of the insurgent strike of switchmen and engineers on railroads throughout the country, as reported today, showing that more than 20,000 men had joined the walkouts.

CHICAGO, April 9.—The federal grand jury will investigate alleged violations of prices in grain markets at St. Louis and Kansas City in conjunction with an investigation which was begun yesterday by the local federal grand jury.

CHICAGO, April 9.—Rail demands of five groups of railroad employees numbering 980,000 will be pushed immediately as the result of the spread of unauthorized strikes of switchmen and engineers.

FRENCH CABINET IS HAVING CONFERENCE

PARIS, April 9.—A meeting of the French cabinet was held this morning and another meeting was set for this evening.

DECLARE FRANKFORT INCIDENT A MISHAP

FRANKFORT, April 8.—Assertion that there was no intention to fire a machine gun into a crowd here Wednesday and that the gun was defectively loaded is being made by a French officer who witnessed it.

AMERICA'S ATTITUDE THAT OF AN OBSERVER

WASHINGTON, April 9.—America's attitude toward any adjustment of the new situation created by the entry of French troops into the Ruhr district of Germany will continue to be that of an observer rather than an interested participant.

TWO MEN STAGE A GUN BATTLE WITH TARRANT OFFICERS

FORT WORTH, April 9.—Fort worth officers and two men engaged in a gun fight this morning on a highway near Tarrant.

PRESS OF LONDON AND PARIS CONDEMN ATTITUDE OF ENGLAND IN DEALING WITH THE FRENCH

LONDON, April 9.—The London Times, which has been consistently distrustful of Germany and strongly antagonistic to Premier Lloyd George, this morning expresses extreme indignation at the British government's attitude with regard to France's occupation of German territory.

CONSIDER PRELIMINARY VALUATION OF RAILROADS

AUSTIN, TEX., April 9.—Preliminary valuation of the intangible assets of the Texas railroads for 1920 was considered at a meeting of the state tax commission today.

INJUNCTION ISSUED IN CHRISTIAN SCIENCE CASE

BOSTON, April 9.—Issuance by the supreme court of a temporary injunction restraining certain persons from taking further action intended to interfere with the trustees of the Christian Science Publishing Society or to injure the business of the society was announced today.

# FEW INSTRUCTED DELEGATES TO GO TO CONVENTIONS

Such is Indication Following Analysis of the Action of Many of States

By HAROLD D. JACOBS  
(United Press Staff Correspondent)

NEW YORK, April 9.—Twenty-two of the 48 states have selected their delegates to the republican national convention, either by primary election or convention. Thirteen of the states have picked their democratic delegates.

Republican delegates have been named in the following states: Arizona, Florida, Georgia, Kansas, Kentucky, Louisiana, Maine, Michigan, Minnesota, Mississippi, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Oklahoma, Rhode Island, South Dakota, Virginia and Wisconsin.

Democrats have acted in these states: Arizona, Iowa, Maine, Michigan, Minnesota, Nevada, New Hampshire, New York, North Carolina, South Dakota and Ohio.

The 32 republican primaries and state conventions already held represent 362 of the 984 delegates who will be at the national convention. Of these 35 are instructed and 248 uninstructed. Nineteen are contested.

Added to these are two instructed delegates from the Philippine islands. To carry the republican nomination a candidate must have at least 453 delegates.

In the 13 democratic primaries and conventions, 292 delegates have been selected of which 1 are pledged and 219 unpledged. There will be 1,992 at the national convention and 728 are necessary for a choice.

About one-third of the republicans has been selected and less than one-third of these have been instructed. If this ratio is maintained less than 300 delegates will go to the convention definitely pledged to any candidate.

Slightly more than one-quarter of the democratic delegates have been chosen and about one-quarter of these are pledged. Providing the same ratio obtains for the states yet to act the instructed delegates at the national convention will total around 300.

Republican delegates will be selected this month as follows: April 13, Illinois primary; April 14, Tennessee convention; April 20, Nebraska primary; April 22, Iowa convention; April 23, Montana primary; April 24, Nevada convention; April 27, New Jersey and Ohio primaries, and Idaho and Washington conventions; April 28, Arkansas convention.

Democratic primaries and conventions will be held as follows: April 13, Illinois convention; April 20, Georgia and Nebraska primaries; April 22, Kansas and Missouri conventions; April 23, Montana primary; April 27, Massachusetts, New Jersey and Ohio primaries.

# PAT CARRIGAN POST IS CALLED TO MEET ON SATURDAY NIGHT

A called meeting of the Pat Carrigan post of the American Legion, called, it is stated, for the purpose of considering matters of vital interest to every former service man in Wichita Falls, is to be held Saturday night at the club rooms in the basement of the First Methodist church, corner of Seventh and Lamar, according to announcement by D. M. Perkins, commander, and Elmer C. de Montel, adjutant, of the local post. The time of the meeting will be 8:00 o'clock.

# ALEXANDER HOWAT SENT TO JAIL FOR CONTEMPT OF COURT

PITTSBURGH, KANS., April 9.—Alexander Howat, president of the Kansas coal miners, was sentenced to jail for contempt of court by Judge Andrew J. Curran of the Crawford county district court this morning. The judge sentenced Howat and three associate union officials to the county jail until such time as they will testify before the Kansas court of industrial relations.

# BEAUMONT GIRL IS DROWNED WHEN CAR GOES INTO CANAL

BEAUMONT, TEX., April 9.—Ruth Avery, aged 16, was drowned when an automobile containing four young people went through an open bridge and into the canal at Port Arthur late last night. The others in the party were rescued. The body of Miss Avery has not been recovered.

# FOOD RATIONING IN PROSPECT IF STRIKE LASTS

Will be Necessary in Midwest Within Two Weeks Say Wholesale Men

By DON E. CHAMBERLAIN  
(United Press Staff Correspondent)

CHICAGO, April 9.—Food rationing in the midwest may be necessary if a strike of "outlaw" railroad unions continues two weeks more, wholesale grocers here said. Rationing of sugar is certain if the strike isn't called off before Monday.

With practically all wholesale grocery houses in Chicago cut off from its supply of flour, sugar and other table staples, steps looking toward conservation were being taken by wholesalers who expected to begin cutting down on orders to local retailers next week.

According to a survey made of wholesalers, Chicago has a three-day supply of sugar.

The flour supply is expected to last two weeks.

The canned goods supply is sufficient for a month. Enough coffee is on hand to give Chicago its morning cup for at least ten days.

Should the strike extend beyond a month, the only thing left to eat will be dried prunes and apples.

Chicago is better situated than other cities, grocers said.

"There is really no immediate danger of Chicago starving," said T. J. Sprague of Sprague Warner and Company. "The situation is serious of course. We are not receiving anything from outside and we are shipping out very little."

"It is the country which will be hit hardest. The supply which we keep on hand here for the country can be utilized by Chicago and postpone any famine."

Practically no shipments of food were being made to outside points, wholesalers agreed.

Can't Move Anything

"Very little is coming in to us," was said by Franklin MacVeagh and Company. "We are unable to send out anything. Some railroads are taking some merchandise but we don't know what they are doing with it."

Should the strike continue, it will undoubtedly mean renewal of the rationing of sugar, said A. J. Sprague, who recently was federal fair price commissioner here.

There is no immediate danger of a meat famine, packers said today.

Officials at Armour's, Swift's, and Morris said the reserve supply on hand will be sufficient to ward off meatless days for at least two weeks. They reported killing plants idle and 50,000 men idle in the packing houses.

Chicago and vicinity was supplied with meat today by a fleet of motor trucks and lake steamers. Lake boats furnished Waukegan, Ill. with meat today. Refrigerator cars were idle in other sections of the country branch

# SENTENCED TO DEATH FOR MURDER OF A WOMAN

SAN ANTONIO, TEX., April 9.—Tom W. Crow was found guilty by a jury in the district court of the murder of Mrs. Ora Parker, and his punishment fixed at death.

# TILLMAN VOTES BONDS FOR NEW COURT HOUSE

FREDERICK, OKLA., April 9.—With returns in from all precincts Tillman county voted for the issuance of bonds to the amount of \$125,000 for the erection of a court house. The vote was 1337 for and 708 against.

## TEXAS CROP REPORT GIVES CONDITION OF WINTER WHEAT 75

HOUSTON, TEX., April 9.—The Texas crop report compiled by E. M. Johnston, United States bureau of crop estimates, representative of conditions April 1, 1920, says in part:

"The condition of Texas winter wheat is estimated at 75 per cent of normal. This low condition has been caused by many adverse conditions."

"The condition of rye is 77 per cent of normal. The condition on this date last year was 95 per cent and the 10-year average is 77 per cent."

"The number of breeding sows has increased 3 per cent as compared to this date a year ago. However, there is still a marked decrease as compared to 1917."

"The present farm labor supply is 53 per cent as compared to the supply at this date last year and 71 per cent of the normal. Until the restrictions were lifted, and Mexican labor permitted to enter the state, there was an alarming scarcity which did not give a favorable outlook to the acreage prospect for the coming year. At present, however, this situation is much improved."

"Farm labor demands are normal and the same as last year at this date."

"There is a noticeable disposition to limit farm operations in many instances, to the available man power rather than pay the very high prevailing price for farm labor and accept with it the uncertainty in price on the selling end."

### MORE THAN THOUSAND SHRINERS IN PARADE

WACO, TEX., April 9.—More than 1,000 Shriners paraded the streets this afternoon as a prelude to the ceremonial session at the cotton palace coliseum at 3 o'clock. Among the marchers were 300 novices who are to be initiated at the meeting. Many nobles from out of town are in attendance and quite a number are accompanied by their ladies.

This evening there will be a grand ball at the coliseum, in which all nobles, novices and their ladies will participate.

### SAYS CONGRESS MUST RAISE PAY OF NAVY

WASHINGTON, April 9.—Congress must increase the pay of both officers and men if the navy is to be saved from disaster, Rear Admiral Washington, chief of the bureau of navigation, declared today before the senate committee investigating the Sims-Daniels row.

### F. J. CUNNINGHAM DIES AT THE GENERAL HOSPITAL

F. J. Cunningham of Philadelphia, Pa., connected with Fisher and Bailey operating in the Burk Burnett field, died Thursday night at the Wichita General hospital. He had come to the hospital from Burk Burnett, and a telegram sent to his wife, Mrs. Katherine Cunningham, in Philadelphia, on his arrival at the hospital, has not yet been answered. A telegram was sent this morning again to Mrs. Cunningham, and funeral arrangements are being held up pending receipt of some word. The body is at the Hines undertaking parlor. Anyone knowing Mr. Cunningham, or members of his family, who might give information that would enable the undertakers to get into communication with his wife or other relatives, are asked to do so.

### ALL OVER BUT SHOUTING SAYS SECRETARY DANIELS

WASHINGTON, April 9.—Declarations of the North Carolina democratic state convention yesterday in favor of ratification of the woman suffrage amendment means "it is all over but the shouting," Secretary Daniels said in a telegram sent today to Mrs. Carrie Chapman Catt, president of the National Woman Suffrage Association.

"The North Carolina legislature, shortly to be called in special session, is certain to ratify," the secretary said, thus giving us the 35 states necessary.

### BOY ACCIDENTALLY KILLED BY BROTHER

GREENVILLE, April 9.—Henry Morrison, aged three years, son of Elmer Morrison, a farmer residing seven miles north of here, came to instant death early today when a run in the hands of his six year old brother was accidentally discharged.

### BAILEY TO SPEAK AT STATE CAPITAL TONIGHT

ALSTIN, April 9.—Former Senator Joseph W. Bailey arrived here today for a speech tonight in the hall of the house representatives. It will be the first address in the capitol this campaign of a candidate for the governorship.

### WOMEN'S CLUBS CONCLUDE SESSION AT BROWNSVILLE

BROWNSVILLE, TEX., April 9.—The fifth district convention of the federated women's clubs concluded a two-day session this afternoon and selected Mrs. Marcos as the meeting place for the 1921 convention.

### BELGIUM PARTICIPATES IN FRENCH MOVEMENT

COBLENTZ, April 8.—Notification was given today through the Belgian military mission here of the formal participation of Belgium in the French action in occupying Frankfurt. Belgium is sending a detachment of troops with the French to mark its cooperation, it is announced.

### TAKES SUDDENLY ILL FOLLOWING SPEECH

WASHINGTON, April 9.—Immediately after making a spirited attack on the peace resolution in the house today, Representative Kitchin, North Carolina, was taken suddenly ill and had to be assisted to his room in the capitol.

## TWO INVESTIGATIONS STARTED BY STRIKES

(Continued From Page 1.)

felt the freight restrictions and eastward along the trans-continent lines several terminals reported strikes.

Starting at Los Angeles where approximately 1,400 yardmen walked yesterday the strike spread to yards in San Francisco and Oakland and other California cities. Company officials said 423 men were out in San Francisco and Oakland and walkouts were reported in Roseville, Bakersfield, Mojave and Colton. The Southern Pacific estimated that 1,800 men were on strike on lines in its coast division.

Unionized railroad workers at Louisville, Ky., at a meeting voted almost unanimously against striking in sympathy with the Chicago "insurgents," brotherhood officials reported.

### NORTHEAST IS CAUGHT IN BACKWASH OF STRIKE

NEW YORK, April 9.—The northeastern section of the United States was caught today in the backwash of the wave of unauthorized railroad strikes emanating from Chicago.

Although there had been ripples of trouble in Buffalo, Syracuse, Birmingham and other towns in New York state in the last few days, the strike came yesterday without the slightest warning. Thousands of commuters homeward bound were caught in the rush, as switchmen in Jersey City yards quit and walkouts occurred in the yards of the Lehigh Valley and Central New Jersey railroads, but the men on these lines later returned to their posts.

### OKLAHOMA CITY PLANTS ARE EXPECTED TO CLOSE

OKLAHOMA CITY, OKLA., April 9.—Packing plants here will in all probability close down Monday as a result of the railroad strike, according to statements made this morning.

### WARNING IS ISSUED BY BROTHERHOOD LEADER

CLEVELAND, O., April 9.—The government was warned today not to recognize the insurgent striking yard workers and the railroad brotherhoods by W. G. Lee, president of the Brotherhood of Railway Trainmen. The warning was contained in a message sent by Lee to W. L. Chambers, commissioner of the United States board of mediation and conciliation, in Chicago.

The telegram said: "The illegal strike, starting at Chicago and spreading to principal terminals in opposition to policies and advice of the brotherhood and switchmen union, will be jointly disposed of by railroad companies and legitimate organizations and any attempt on the part of your board or any other department of the government to recognize this in-

## DIVIDEND OF 300 PER CENT TO K. M. A. STOCKHOLDERS FROM PROCEEDS OF SALE OF ACREAGE

A cash dividend of 300 per cent will be paid KEMP-MUNGER-ALLEN stockholders in a very short time, from the proceeds of the sale of 50 acres to Cline et al., J. A. Kemp, the president of the company stated Friday afternoon. A stockholders' meeting has been called for April 20, and Mr. Kemp added that it might be possible that there will be a larger dividend possible before that time.

Only 50 acres of the original 500 acres of the Kemp-Munger-Allen company has been sold, though there are several propositions under consideration for the sale of additional acreage. The sale was made at the rate of \$10,000 an acre, half in cash and half in oil, and the cash dividend now being declared will come out of the cash payment, after the expenses of drilling the three additional wells are cared for, and an additional sum allowed for future expenditures.

Mr. Kemp announced this dividend this afternoon, just after returning from the field. He reports the Kemp-Munger-Allen No. 2 as looking more favorable, with prospects for an immediate completion, when the special packer that has been ordered is secured and set. Every indication is that the well will be quite as good as the first well, and possibly even better. There is a large quantity of oil showing within the hole in the present condition, he states.

### BLANKET INDICIMENTS ARE BEING PREPARED

KANSAS CITY, April 9.—Blanket indictments against persons responsible for the switchmen's strike in Kansas City, Kan., are being prepared by Richard J. Hopkins, attorney general of Kansas, he announced following a conference with railroad representatives today. The papers will be filed in the Wyandotte county district court of Kansas. The indictments will be filed under the provisions of the Kansas industrial court law. Persons guilty of calling the strike will be charged with a felony. Mr. Hopkins said while those conspiring to strike will be charged with misdemeanors.

### MAKE EFFORT TO KEEP PASSENGERS RUNNING

KANSAS CITY, April 9.—Switchmen on all Kansas City railroads having contracts with the Brotherhood of Railway Trainmen are out today and with practically no freight moving railroad officials are bending every effort to keep passenger trains running on schedules. After checking up the number of men striking on the various roads, railroad officials announced that all the fifteen hundred switchmen employed in Greater Kansas City are out. The strike situation is being considered at an executive meeting this morning of twelve railroad superintendents. Mr. Corbett, Richard J. Hopkins, attorney general of Kansas, Mr. Hopkins came to Kansas City today and declared he would make an immediate investigation to determine if strike notices were sent to railroad men in Kansas City, Kan., and if so, by whom.

"Persons who caused the strike are guilty of a felony under the industrial court law of Kansas," said Mr. Hopkins. "Those who conspired to bring about an illegal strike are guilty of a misdemeanor."

### STOCK EXCHANGE TO INVESTIGATE TRADING

NEW YORK, April 9.—The New York stock exchange today started an investigation of this week's trading in Stromberg Carburator and refused to accept Allan A. Ryan's terms for settlement with other members of the exchange who were short in Stutz Motor when trading in the latter was suspended by the exchange. Both Stromberg and Stutz are controlled by Ryan.

## PARTY OF ST. LOUIS CAPITALISTS COMING TO LOOK OVER FIELD

A party of twelve St. Louis capitalists will arrive here at 10 a. m. The party includes W. A. Melesco, president of the United Drilling and Developing company and vice-president of the United States Bank, St. Louis; N. Goldstein, clerk circuit court, St. Louis; Ed. Abshelmer, president of the Washington Catering Company, St. Louis; P. S. Call, Warnite Co.; F. H. Manger, general manager, Harvey System; Harry G. Gieger, president Automobile Gasoline Company, St. Louis; E. E. Smith, director Schappeler Hardware Co.; W. B. Lauberman, bond and stock broker, St. Louis; E. Martin, president Martin Britt Real Estate company, St. Louis; J. Janapoula, president Delmar Amusement company; George Gorges, president Standard Catering company; Walter French, baseball magnate, owner St. Louis Browns.

### THEATER CASES ARE FEATURE OF COURT.

Title of motion picture men charged with operating places of amusement in violation of the Sunday closing law continues to take up most of the time in county criminal court. Eight cases have been tried, convictions having been returned in each case and punishment assessed at \$50 in six cases and at \$25 in two cases. Harry Bishop, special agent of the department of justice here, appeared in county court Friday as one of the counsel for the defense. Shields Heysler, former special agent of the department of justice here, is also one of the defending attorneys. City Attorney Robin Mathis and Former County Judge Harvey Harris complete the list of attorneys employed as counsel by the show men. All cases have been carried up.

### U. D. C. CHAPTERS TO MEET ON SATURDAY

Chapter W. R. Scurry of the United Daughters of the Confederacy will meet Saturday afternoon in regular session at the home of Mrs. P. A. Martain. All members are urged to attend.

## Alleged Insane Man Said He Was Christ, Crucified in Mexico

LAREDO, TEX., April 9.—The Excelsior, a Mexico City newspaper prints a story that a man alleged to have been insane and going under the name of Digenaria succeeded in convincing Indians at Tequitlan, state of Oaxaca, that he was Christ and had come back to earth again.

On Good Friday the Indians crucified him at the cross and d-fod persons to touch the body. The Indians took the body from the cross, draped it in a white robe and the funeral was held after the body had been placed on the altar. Digenaria supervised construction of the cross.

### U. D. C. CHAPTERS TO MEET ON SATURDAY

Chapter W. R. Scurry of the United Daughters of the Confederacy will meet Saturday afternoon in regular session at the home of Mrs. P. A. Martain. All members are urged to attend.

### SATURDAY TAG DAY NEAR EAST RELIEF; TOTAL \$5,788.50

Tomorrow is Tag day for the Near East relief, and Wichita Falls' subscription is expected to be very materially increased as the result of the work of the high school girls who will make a canvass of the streets and the business houses selling the tags. The girls will be supervised by a committee of 15 matrons, with Mrs. J. W. Lee, and Miss Jessie Mae Agnew in charge.

The committee in charge of the campaign reports a total subscription of \$5,788.50, numerous new subscriptions being received as the result of the mail campaign just begun. In addition to this mail campaign, in which about 1,200 letters will be sent out, Mr. Kemp, the county chairman, is arranging for a personal solicitation campaign, and has named a committee of 44 business men for this campaign. These men will start to work next week, according to the present plan. The fund at present will care for 96 orphans out of the 500 quota allotted to this city. Additional subscriptions not yet reported include:

- A. W. Karrenbrock \$ 5.00
- Miss Floy Getter 25.00
- M. and V. Tank Co. 60.00
- H. L. Spicus Co. 5.00
- Rev. N. P. Grafton 60.00
- D. A. Smith 60.00
- A. G. McMath 5.00
- M. E. Sanford 2.50
- Harold Murphy 10.00
- Lewis-Jones Hardware Co. 60.00
- Jerome S. Stone 25.00
- City National bank 250.00
- First National bank 250.00
- Ewalt and Waggoner 180.00
- W. A. Frear Co. 180.00
- L. L. Dixon 120.00
- W. T. Knicht 60.00
- R. A. Painter 25.00
- L. E. Cowling 25.00
- G. A. Works 100.00

### TWENTY MEMBERS OF Y. W. C. A. LEAVE TO ATTEND CONFERENCE

Twenty members of the Y. W. C. A. high school girls club, accompanied by Misses Marguerite Mizell and Juanita Kinsey, of the high school faculty and Miss Dorothy Davidson, girls work secretary of the Y. W. C. A., left this afternoon for Fort Worth where they will attend the district girls work conference. They will spend two days in Fort Worth, and will give a musical program for the conference on Saturday.

### SEARCHING OIL FIELDS FOR THE LOST BUNGALOW

Desolate and homeless Iciele Slim and Mrs. Iciele Slim are searching the oil regions for their "lost bungalow" which mysteriously disappeared while the two were confined to the Wichita county jail. The house was stolen more than three weeks ago and all search for the Iciele Slim domicile has proven nil.

### BLACKIE MILLER MAKES TWO ATTEMPTS TO GET OUT OF REFORMATORY

"Blackie" Miller, now at the state reformatory at Gatesville, is keeping his splendid record as jail-breaker, according to information received by County Juvenile Officer Morgan. "Blackie" has already made two attempts to escape from the state juvenile school but has been apprehended each time. Miller escaped from the Wichita Falls city jail three times during his rather sensational police career here.

### "Hatman Rich," He's a Wiz

Speeds thru the day hittin' on all six with a white hot spark—got more hands and eyes than a mortal's entitled to, and totes a double-barrel smile that never comes off. Knows more men by name and sells more hats by count than any hat man alive. In two minutes he'll show you 20 hats you can wear becomingly, but in 20 seasons he'll never show you one that's not the right one. If that's the sort of service that appeals to you just head towards THE HAT-ERDASHER for your SPRING HAT.

—Straw or felt, doesn't matter, cause we have worlds of 'em at all prices.  
Show 'em cheerfully—Priced fairly.

509 N. SCOTT ST.

### NEW HIGH RECORDS ARE ESTABLISHED FOR FREIGHT AND EXPRESS

New high records for freight and express business were established at local railroad offices in March, according to reports submitted at the weekly session of the Traffic Bureau of the Chamber of Commerce this morning. Figures furnished by the Katy showed the March business to be considerably greater than any month previously, not even excepting the so-called "boom" months of 1919. American Railway Express business was greater by \$10,000 in March than in any previous month, while the business for the first eight days of April indicated that this month would set a new high record.

### MEXICAN SUSTAINS LOSS OF BOTH LEGS; STRUCK BY A TRAIN

Jose Gonzales, Mexican section hand, is in a very critical condition at the Wichita general hospital, suffering from injuries sustained in a railroad accident in the local yards. The Mexican is said to have been struck by a freight engine but so serious is his condition that details of the accident are lacking. Gonzales suffered a compound fracture of both legs and pituitary attendants entertain but little hope for his recovery.

### SALVADOR CONGRESS PROPOSES ALLIANCE WITHOUT THE U. S.

WASHINGTON, April 9.—After receiving the state department's interpretation of the Monroe Doctrine, the congress of Salvador adopted a decree proposing a Latin-American alliance with the United States excluded. The decree also proposed abolition of the Pan-American Union, with headquarters in Washington, the Central American court of justice and the international court of arbitration. The United States was instrumental in the organization of the union of the two courts.

### SENATE VOTES FOR VOLUNTARY SYSTEM MILITARY TRAINING

WASHINGTON, April 9.—Voluntary instead of universal military training as proposed by the army reorganization bill was adopted today by the senate. The vote was 49 to nine. As adopted, the plan, which the war department is directed to put in force during the calendar year 1922, provides that all men between the ages of 18 and 28 would be eligible for four months training in any one year they might select.

### HOWAT AND ASSOCIATES IN THE GIRARD JAIL

GIRARD, KANS., April 9.—Alexander Howat and the three other miners' union officials sentenced to jail today for contempt of court were landed in the jail here at 1:25 o'clock this afternoon.

### SHAMROCK OIL CO. STARTS THREE TESTS ON OKLAHOMA SIDE

Three tests have been started by the Shamrock Oil company near the Stephens county, Oklahoma, well of the Empire Oil and Gas company, which is reported producing around 1,000 barrels daily from the 1,697-foot sand. It was announced from the offices of the company Friday. The Empire's well is in Section 33-18-8w, about halfway between Comanche and Duncan, Okla.

### AGREEMENT IS REACHED FOR PAYMENT OF SALARIES

AUSTIN, April 9.—By the terms of an agreement reached today between the board of managers of the Southwestern Insane Asylum at San Antonio and the state board of control, salary accounts of the employees for the institution are to be approved by the board of control for the months of January, February and March of this year, it was announced by the board. These accounts have been held up for the past three months because of the injunction granted by Judge George Calhoun, 53rd district court. The agreement stipulates that approval of these accounts shall not be construed as a violation of the injunction granted by Judge Calhoun.

### A. D. Beckham of Houston, formerly with the Texas company, and who is known to many citizens of Wichita Falls, has located in the city and is connected with the Sinclair company.

### MEXICAN LABORER SHOT IN YARDS OF NORTHWESTERN ROAD

Jesse Gonzales, Mexican laborer, is in the Wichita general hospital suffering from gunshot wounds received in a shooting affray in the Wichita and Northwestern railway yards early this morning. J. J. Betts, local railway man, surrendered to county officials and was released on bond to the sum of \$1,500. A charge alleging assault to murder has been filed in Justice C. J. Arrington's court against Betts. The defendant waived preliminary hearing.

### Betts made a statement to District Attorney Fletcher Jones in which he declared that Gonzales had recently expressed his dislike for him, and had threatened to take his life. Betts de- clared that he shot the Mexican early Friday morning when Gonzales at- tempted to strike him with an iron bar.

"I was walking down the tracks, Betts told the district attorney, when I heard someone shipping up behind me. I looked back and saw a man within a few feet of me. I immediately drew my revolver and shot for I was certain that the man was preparing to kill me." Gonzales is reported by hospital attendants to be in a serious condition.

### NEW COMPLETION IN BLOCK 819 FLOWS 2200 BARRELS OF OIL ON SECOND DAY AFTER WELL IS IN

With an initial flow of 2,200 barrels, actually put into the tanks, the Emerich-Danciger interests No. 2 Michna, 500 feet due west of the No. 1 well in Block

819, completed some time ago, is proving a sensation for the west side of the Waggoner pool, and again attracting attention to the formerly "condemned" territory.

### ELIVEN PLEAD GUILTY IN THE CITY COURT

Eleven pleas of guilty, eight for speeding and three for vagrancy, were received by Corporation Judge Ogil Friday. The past week has been marked in police records for the slight number of cases docketed for trial.

# VERNON BUDGET

## NUMBER OF FIRMS ATTRACTED TO VERNON BY DEVELOPMENTS

## FRISCO OFFICIALS AT VERNON ON AN INSPECTION TOUR

VERNON, TEX., April 9.—The Victor Pipe Line and Refining Company has announced that it will build a 2,500 barrel casinghead gasoline plant at Vernon from which lines of pipe will be laid to the Sigler and Kleckta fields. They have acquired a 40-acre tract of land near the right-of-way of the Denver tracks for the project, east of Vernon. Work will commence at once. The Victor company is operating plants at Mineral Wells and other points and building plants at Wichita Falls and other oil centers. J. A. Dixon and Luther Welch of Vernon have been added to the board of directors. The Sigler Oil Company is also preparing to build a refinery here.

VERNON, TEX., April 9.—A part of Frisco officials, headed by J. M. Kearns, president, and A. Hilton, vice president, have been in Vernon this week investigating and making preliminary arrangements of extending their line from Vernon to the Sigler well, a distance of about 10 miles. It is understood in railroad circles that the Frisco will extend from Vernon to Seymour, running via the Sigler oil pool. The Frisco is making preparations to take care of its increasing business. They have reserved 40 acres of land for new trackage at Vernon.

The South Bend Production and Supply Co., home office at Wichita Falls, has announced that it will put in a new oil well supply and production plant at Vernon as soon as a site and storage room can be secured. They propose to carry a stock of about \$200,000 in value and B. P. Estes will act as vernon manager.

The sale of the lots have been brisk, only a few unsold ones being left in the listing. A name has not yet been selected, but a name will be selected in a few days.

The Vernon Winner Oil Co. with a capitalization of \$50,000 has been organized to drill on the J. R. Milner farm of 35 acres, three and three-quarters miles northwest of the Sigler gusher. A derrick will be erected in 10 days.

The name of Sigler City is favored, in honor of Lloyd Sigler, who opened the new pool. Mr. Sigler objects to the name and it will probably be named Prescott City.

Davis A. Summerour reports realty sales amounting to \$200,000 being consummated in the week. Other agencies report record breaking sales.

Building sites are severe mannaers to the industrial building of the city. Many new subdivisions have opened in the city, but the supply is inadequate to the demand.

McAdoo, Oakes & Schaffer have purchased a 20-acre plot of ground from J. D. Ingler on South Main street, and the land will be subdivided and sold in town lots. Works & Hicks have also purchased 23 acres of property from Mr. Hagler and will immediately build 20 residences.

The Waples Flatter Grocery Co. has secured acreage in the north part of the city and will at once put in a large wholesale grocery stock.

The B. Churchill Oil Co., an organization of \$125,000 capital, have opened headquarters in Vernon. They have 500 acres near the McCaleb well on Red River and will install at once a rotary rig to develop the property.

The Waggoner National bank has plans drawn for an extension of 40 feet of their bank building, giving them more lobby room. New safes, vaults and additional deposit boxes are included in the improvements.

The "Spud-Inn," the first tent hotel to open its flaps to the public, has sprung in on a block of ground east of the postoffice with a full house.

VERNON IN LIMELIGHT AS RESULT OF DEVELOPMENTS

J. S. Van Tassel, W. C. Strabe and J. E. Watts of Wichita Falls have leased 50 acres of the Waggoner lands near the Sigler well and are hauling rig material to the site for a test. Their capitalization is \$100,000, operating as a joint stock company. They have just put a well 6000 in the Northwest Extension field.

VERNON, TEX., April 9.—With the Sigler, Tee-Fee and the Texas company's Waggoner gusher, the sensation, together with the news that three additional wells are about to furnish

M. E. Ingleright and John D. Murray of Fort Worth, operators in the Northwest Extension and Desmond fields, have purchased 100 acres in the section 22, near the Sigler well and will begin a well as soon as they can erect a derrick.

Judge J. A. Nabers has called a special term of the 4th district court for Friday of this week to hear some left over cases from the February term of district court. The 4th court embraces six counties and Judge Nabers is of the opinion that it would be a good move to have Wilbarger created into one judicial court, as litigation over oil matters is taxing the capacity of the court.

### SPECIAL ELECTION CALLED BY GOVERNOR

AUSTIN, TEX., April 9.—Governor Hobby has called a special election for May 15 to fill vacancies in the 52nd, 70th and 24th representative districts.

There are no other vacancies in the legislature.

The horse supply of the country reached its maximum in 1915; since then the numbers have been diminishing gradually.

sensational results, and leasing activity more brisk than ever in the history of the oil game in Wilbarger county. Vernon has boldly entered the limelight and the calcium light has been played upon her for the past two weeks, with interest becoming more intensified daily. The streets are thronged daily, real estate is soaring and hotels and restaurants crowded to their capacity. A problem is offered to the business men in that insufficient business houses are to be had.

### VERNON TO TAKE PART IN INTERSCHOLASTIC LEAGUE

The Tee-Fee well started the fireworks, followed by the Waggoner gusher, but the south section of the county was brought into prominence by the sudden blowing in of the Sigler well, two weeks ago Wednesday. In conversation with Mr. Sigler, he said he did not figure on obtaining a sand under 2,500 feet. At 2,040 feet, lime rock was struck and then blue gumbo.

VERNON, TEX., April 9.—The district meet of the Interscholastic League for this section of Texas will be held at Quanah April 16-17. Wilbarger county schools will be represented by R. L. Walker and Shirio McLary, of the Vernon high school, and upon their ability depends the possibility of Vernon contesting for the state championship honors. These young men won the honor of representing Wilbarger at the meet as the result of a debating contest at Vernon between the Tolbert and Vernon schools. Idelle Davis of the Farmers' Valley school was awarded first honors in the rural school division. In the boys' division Jesse Rushing of Farmers' Valley won first place by a perfect score.

the contention that Judge Langan acted without jurisdiction," said Richards. He expects to file the suit next week.

Langan today was awaiting a letter which a California newspaper published charging collusion.

Canada's System Greatest of All roads will make the Canadian system The nationalization of the Grand the greatest in the world with a total Trunk and Grand Trunk Pacific rail mileage of 21,215.

### PLAN FRIENDLY SUIT TO CLEAR UP CHARGES IN PICKFORD DIVORCE

CARSON CITY, NEV., April 9.—friendly suit is being contemplated today by Attorney General Richards of Nevada, to uncover alleged collusion and conspiracy in the divorce proceedings recently between Mary Pickford and Owen Moore.

Richardson said today that he had gathered sufficient evidence to warrant his proceeding with the suit to dissolve the divorce decree granted by Superior Judge Frank Langan.

Marion M. McLean, of Washington, D. C. is in Wichita Falls looking after the estate of J. H. McLean Jr., who recently died here. Mr. McLean is connected with the postoffice department in Washington.

The complaint will be predicted on

## League Season to Begin Next Friday Plan Half Holiday

One week from today and—they're off!

The Texas league season opens next Friday afternoon, and it is on that afternoon that the fans of Wichita Falls, youngest of the Texas league teams, will have a chance to show the other seven cities of the league how the Spudders stand in the way of backing.

There's something to work for, fans. It's a big silver loving cup offered to the city with the largest opening day attendance, this attendance based on paid admissions.

It's a fine trophy and it is worth going after just for its intrinsic value. But there's something more than that to go after.

Wichita Falls has to show the other cities of the state that it is a real baseball town. When some local men went and bought the Waco franchise, they did so on the strength of their belief in the sportsmanship of Wichita Falls. Show them they were right.

This is a new city in the league. If we don't make a showing in the opening day cup race, the others will begin to figure the team hasn't any backing at home.

The city officials are going to do their part. A half holiday is to be declared for the afternoon, and every fan in the city will be given a chance to go over and see Sam's Spudders wallop the Dallas Marines. It should be a great day. The newly erected grandstand and the park itself will give its formal dedication on that day, and Wichita Falls will make its formal debut as a baseball town.

Every man, woman and child in the city that knows that baseball is a game played with four bases, a ball and a scorekeeper, should be out there next Friday, rooting like everything for the Spudders. With a send-off like that, we'll have good baseball all summer.

Remember Friday, the sixteenth.

## The SPORTLIGHT by Grantland Rice

(Copyright 1920, New York Tribune)

**SOME DAY.**

The trail around the earth we know is but a step or two at best. We take it as the winds may blow And finish for a twilight rest.

But some day we shall find beyond The hills that hold the sunset's gleam. The spoor of each-lost vagabond. Who's found the Everlasting Dream.

"Carpenter," runs one comment, "could never last against a rugged opponent such as Dempsey or Fulton is." Another one of those things which look to be plausible, but remain to be proved.

"Funch" suggests that if Dempsey won't come to London to fight Carpenter, Messrs. Rickard or Cochran might move London to Dempsey for the fight. Why not? By allotting London a fifteen-week vaudeville engagement in America all expenses could be assured.

**UNRAVELING THE TANGLE.**

Over in a while the old-fashioned coincidence still reports for duty. A day or two ago we received this letter: "Won't you please get a definite statement from Walter Camp covering the rule changes that govern 'clipping from behind' and 'protecting the forward passer'?" About 35 minutes later we met Mr. Camp on the street for the first time in nearly four months.

"Clipping from behind," he said, "only refers to clipping down a man who is ostensibly out of the play. It would not affect diving into a runner from behind for purposes of legitimate interference. If an end is going down the field to tackle a punt receiver, there will be no penalty for diving into this end and putting him out of the play, no matter whether you dive at his heels or his toes."

"The rule that is supposed to protect the forward passer has been wrongly interpreted by many. It will not prevent any tackler from diving at or tackling a forward passer while he still holds the ball, or while he is in the act of getting rid of the ball. It is merely a protection for the passer after he has completed the play and is, therefore, out of it. After he has passed the ball to his receiver down the field there is no sense then in knocking him down or tackling him."

"Briefly, these two regulations were put in to break up unnecessary roughness, not to weaken either the attack or the defense."

Ninety per cent of the crookedness and trouble in boxing comes from the managers. Suppose Jack Dempsey had been managed by a sportsman or a far-thinker and adviser in place of Jack Kearns?

Of course Mr. Kearns had to have some one around who could provide for the expense of his high-powered perfume. We never thought of that.

**REVISED MEDLEY**

Now comes the spring-time of our discontent. When out of bounds the far-struck ball is sent. And kate we drop as putts refuse to fall. Would pay at least a section of the rent.

L. H. D.—This will be Cobb's fifteenth campaign in the polite society of swat.

Jack Hutchison won the Florida East Course Championship. A short while later at Asheville he was out in 43 and then picked up after more trouble on the last nine. If this quick shift can beset a star professional why let a 7 and an 8 in succession turn your soul into a livid flame?

"White Sox as a club demanded big raise over last season." On the theory that they might need some extra change to offset the world series collection that doesn't look any too promising just now?

We haven't heard the name of Carpenter's moving picture so far, but it will very likely be labeled—"Fists Across the Sea."

Outside of the fact that Germany can neither settle up nor settle down, affairs are now well standardized in the land where the Black Eagle once casts its ominous shadow.

## CLOSE PLAY IN GIANTS-RED SOX SERIES

George L. Kelly, New York first baseman, caught at the plate in an attempted double steal.

### Training Camp Tips

**Play at Des Moines.**

WICHITA, KAN.—The White Sox "Goofs" were scheduled to play at Des Moines tomorrow and Sunday with the local Western League club there. Leroy Sullivan, Chicago semipro, hurled the big leaguers to a 5-0 victory here yesterday.

**Last Exhibition Game.**

MEMPHIS.—The Chicago White Sox were on their way to Louisville today, where they play their last exhibition game of the season in the south. Yesterday's game here was called off at the end of four and a half innings, because of rain.

**Cubs at Kansas City.**

KANSAS CITY.—Fred Mitchell's Chicago Cubs were here today, tired and travel stained from their long trip through the west. They were to meet the Kansas City Blues of the American Association in an exhibition game.

**Browns Defeat Cardinals.**

ST. LOUIS.—The St. Louis Browns won their third consecutive game from the Nationals yesterday 7 to 3. The Cardinals manager used three pitchers in a vain attempt to stop the American leaguers.

**Phillies Fall Down.**

LOUISVILLE.—The Phillies could do little with the delivery of Kood and Decatur and they lost their game to Louisville 7 to 2.

### PAUL ROMAN PUTS JOE WALTERS OUT

DALLAS, TEX., April 9.—Paul Roman, Kansas City middleweight, knocked out Joe Walters of Columbus, Ohio, in the sixth round of their scheduled 10 round go. With an air of "business as usual," Roman plodded about the ring for four and a half rounds, taking with unconcern Walters' show-

## LEAGUE GAMES TO BE CALLED AT 4:30.

The Texas League games will start at 4:30 on week days and 4:00 on Sundays.

The season opens next Friday afternoon.

A number of inquiries have been received regarding the starting time for regularly scheduled league games. These have come from fans whose business requires their attention for a large part of the afternoon, and who wanted to know whether they would be able to attend the games during the week.

The hours above named will enable a large number of fans to get out to the games every day in the week. On Sunday, the time has been advanced a half hour thus keeping the game from interfering with early supper or preparations for an evening.

ers of blows to the head. In the fifth he caused Walters considerable worry and completed the job early in the sixth with left and right hooks to the jaw.

To sell your house or buy a bungalow, call 229 J. Wilkie Talbert, Second floor Commerce Bldg., City property "Since 1914." 283-17c.

# M'ADOO GIVES REASONS WHY HE OPPOSES INSTRUCTED DELEGATES TO THE NATIONAL CONVENTION

NEW YORK, April 9.—William G. M'Adoo today outlined at the request of the United Press the reasons for his opposition to sending instructed delegates to the democratic national convention.

His attitude in this regard had provoked wide-spread comment, his critics holding that his supposed opposition to presidential primaries belie the claims of liberalism his friends made for him. He was asked to prepare a statement explaining his attitude in this regard. It follows:

BY WILLIAM G. M'ADOO  
(Written at the request of The United Press)

I do not object to primary elections for the selection of delegates to national conventions, but I think it is a mistake to send instructed delegates. Some of my reasons are:

1. Only 17 states, I believe, authorize primaries. This leaves 31 states which choose their delegates by the old convention method. The object of the primary is to give the people a chance to select a candidate for the presidency and to prevent political machines from controlling the delegates and thereby controlling the convention. But so long as 31 states may choose and instruct delegates through conventions and only 17 may choose and instruct through primaries, the system fails at the very outset to accomplish the purpose for which it was designed.
2. The primaries are held at varying dates and under varying regulations in the different states, some of which do not properly safeguard the election. Some primaries are held as much as four months in advance of the convention. As a consequence, instructions are given without knowledge of conditions as they may exist at the date of the convention and yet the delegates are bound to a course of action which may be directly opposed to their best judgment and to the best interests of the country at the time the convention meets.
3. A two-thirds vote is required to nominate in a democratic convention. So long as delegates are instructed, some by state primaries and others by state conventions, the national convention may find itself deadlocked by instructions the moment it assembles.
4. Political intrigue and political manipulation in a national convention are reduced to a minimum when the elect, clean-minded men and women who go there, not the blind champions of individual ambitions but as representatives of their party.
5. Experience shows that only a small percentage of the people take part in state primaries for presidential candidates and that delegates are sometimes instructed by a pitiable minority of the voters of the state. The very purpose of the primary is defeated when voters do not vote. Consequently, a small minority assumes to express the will of the entire state, whereas, if a full vote was had a wholly different verdict might be rendered. The disappointing results of primaries thus far are due to indifference of the voters. In some instances it has been easier for the machines to control the primaries than to control the conventions.

# The slender effect--that's the new style idea

## Hart Schaffner & Marx young men's suits have it

There's such a thing, you know, as correct style; it may have many variations--men don't want clothes like every other man's. The young men's models made for us this Spring by Hart Schaffner & Marx are right; they're beautifully tailored, of all-wool materials. Every detail of shoulders, sleeves, lapels waistline, chest soft roll front, has been marked out perfectly. We have them in most unusual values.

### Men's suits of distinction

They're distinguished suits in more ways than one. The choicest fabrics of the world are in them; they're tailored in the best manner known; hand shaped by most skillful workers; custom-like, soft construction. We can fit any figure. Beautiful worsteds, serges, silk mixtures, tweeds; very fine suits.

### Hart Schaffner & Marx boys' clothes

There are none better, none equal them for fine fabrics, for superior tailoring, for smart boy styles. They're the really economical clothes for you.

# CLARK DECLARES PRESIDENT WILL VETO RESOLUTION

### Statement Made in Debate on Proposed Declaration of Peace With Germany

WASHINGTON, April 9.—President Wilson is certain to veto the resolution declaring peace, which is expected to pass the house late this afternoon (Chas. Clark, democratic leader, declared in today's debate on the measure.

The resolution will never become effective and the republicans in trying to pass it are "like the bull which tried to butt a railroad train off the track," Clark said. He expressed doubt that the resolution would receive a majority in the senate.

"It is a futile performance—full of sound and fury signifying nothing except a desperate and unavailing effort not to 'make peace' but to 'make some political capital' that is apparently to act as a boomerang," the democratic leader said.

"Instead of making peace it would lead us into all sorts of international quarrels."

All congress can do is to repeal the war laws which should be done at once, he said.

**May Re-Submit Treaty**  
Representative Farris, Oklahoma, chairman of the democratic congressional campaign committee, intimated that the president would soon re-submit the treaty to the senate.

Then Representative Flood, Virginia, leading the fight against the resolution announced he will seek to substitute for it a resolution which repeals the war laws but makes no mention of declaring peace.

Representative Madden, Illinois, republican, declared accepting the peace treaty unamended would have made it necessary to send American troops all over the world at the orders of foreign power.

"If America could realize that there are positively millions of lean, hungry, and frozen, tubercular children in Germany today, the peace resolution would be passed immediately," said Representative Britton, Illinois.

He firmly believes that unbiased students of world diplomacy are practically in accord on the opinion that a tremendous blunder was made at Versailles and that the peace treaty is not rewritten, will have to be materially readjusted by the league of nations, not only in the interest of Germany and Austria but in order to save Europe from itself in the advance of bolshevism and terrorism which is now being kindled in practically every European country, including England.

President Wilson would be facing charges of impeachment if it were not for his illness, Representative Mason, Illinois, declared during the debate.

"Every American is sorry for his illness," said Mason. "We hope and pray for his speedy recovery and it is contemptible and puerile to make his sickness a reason why we should not discharge our duties as members of congress and declare peace." But Mr. Homer Cummings, chairman of the democratic national committee, who recently indicated that the republicans are trying to kill the president by criticism, know that if it were not for the president's physical and mental condition, he would be facing charges of impeachment today.

The six hours debate today was opened with Representative Clark of Missouri, the democratic leader and former speaker, opposing the measure and Representative Madden, republican, of Illinois, speaking in its support.

Mr. Madden opposed the view that the measure would be an invasion of the constitutional powers of the president. He said that since the president had "refused to compromise" on the peace treaty it was time for "the voice of the people" to be heard, adding that the resolution presumes to "express their voice."

Representative Clark declared that the title given the resolution was "a palpable misnomer" that the measure would bring confusion twice founded and that it would lead to "all sorts of international quarrels."

Representative Hull, democratic, Tennessee, said there was "not the remotest shadow even of a fleeting doubt" that the republican resolution was an invasion of the treaty making power. He cited authorities of law and history to sustain this view.

Representative Mason, republican

### NO RECEIVER FOR RED RIVER BOUNDARY BEFORE APRIL 19

ILLINOIS, said President Wilson should have been removed from office when he permitted American troops to enter Russia.

"We have power to legislate and to remove the president if he does not obey laws," he said.

"On Monday, Wednesday and Friday the president has war; on Tuesday, Thursday and Saturday we are at peace."

Representative Kitchen of North Carolina, the former democratic leader, challenged the republicans to bring in a "straight out" bill repealing war-time legislation.

Declaring that the Lever food control act was the most unpopular of the war measures and the only act that "permits the injunction against labor," Mr. Kitchen charged that there was an "understanding" among the republicans that it should be the last act to be repealed.

Representative Keiler, of Michigan, was the first republican to oppose the peace resolution. If the president had proposed on his return, from Europe a separate peace with Germany, Mr. Keiler said there would not have been a vote in the house to support him.

The treaty, Representative Longworth, republican, Ohio, said, might have been negotiated and ratified more than a year ago had the president not forced into it "that un-American monstrosity known as the Wilson league of nations."

### SENATE TO INVESTIGATE THE NEWBERRY ELECTION

WASHINGTON, April 9.—The senate elections committee today ordered a full and immediate investigation of the Ford-Newberry election by the sub-committee of which Watson, republican, of Indiana, is chairman, and which will be appointed for the purpose of recounting of the ballots cast in Michigan for both candidates.

### HEAD OF SCHOOL HAS BEEN DISMISSED

HAYS, KAN., April 9.—The state board of administration has dismissed P. Casper Harvey, head of the English department and director of the public service division at the Fort Hays normal school, because of recent publicity given the school in connection with the ducking of faculty members and students by classmates. It became known here today.

### CHILDREN CONTEST THE THORSON WILL

ST. PAUL, MINN., April 9.—In cutting his three children off with \$10,000 Charles Thorson aged banker was carrying out a belief that too much money would spoil them. Rev. Hans Stub testified in probate court here today. Thorson's estate was estimated at \$2,000,000. He left \$1,000,000 to religious educational institutions. Rev. Stub testified Thorson told him \$50,000 was enough for his children. The children seek a division of the estate.

### HIGHEST PRICE SINCE CIVIL WAR

HOUSTON, TEX., April 9.—Middling cotton in Houston was quoted today at 48.25, the highest since the civil war period. Sales for the day were 2175 bales.

### HIGH SHOE PRICES TO BE INVESTIGATED

WASHINGTON, April 9.—Investigation of high shoe prices was begun today by the senate commerce committee with Judson C. Walliser, a Washington correspondent, as the first witness. Basing his testimony on information received from the federal trade commission and other sources the witness declared that exorbitant profits were being made on shoe trade, especially by retailers. Some form of government control of prices was suggested.

MAYOR RECOMMENDS INCREASED PAY FOR EMPLOYEES OF CITY

Recommendations for substantial increases in salary for practically all city officials were made by Mayor J. B. Marlow to city aldermen at the weekly meeting of the council held at the city hall Friday morning at 9:30 o'clock.

DR. KNICKERBOCKER MAKES ANNOUNCEMENT FOR SUNDAY SERVICES

Rev. Hubert D. Knickerbocker, pastor of the First Methodist Church South, sends out the following announcement regarding his services on Sunday.

Mexican Here Has Exciting as Well as Romantic Career

Horrifying stories of massacre and rapine perpetrated by the revolutionary armies of Mexico were related to city officials Friday by Nicolas Feliz, exiled Carrancista, who fled across the Rio Grande at Laredo several weeks ago to escape the vengeance of Francisco Villa, the bandit chieftain, whose outlaw hordes were advancing northward across Chihuahua and Coahuila, leaving misery and desolation in their wake.

Romance Plays Part. Romance has also played a part in Nicolas' career. While a telegraph operator in the division headquarters of Gen. Pablo Gonzales, then commander-in-chief of the Carrancista forces in northern Chihuahua, Nicolas met Concepcion Lunoz, pretty senorita of Juarez. They eloped, according to Feliz's story and crossing into Coahuila almost falling into the hands of Villa's brigands then sweeping northward. The lovers crossed the Rio Grande, fleeing from the bandit raiders. Their arrest followed in Wichita Falls on charges of vagrancy, city officials alleging that Concepcion and Nicolas were not legally married. The complaint was dropped, however, when the dark-haired Latin and his blushing senorita told Police Commissioner Goodfellow that they were anxious to be married according to American laws.

Displays Long Scar. Nicolas proudly displays a long scar on his neck which he says was inflicted during a battle on the Mexican west coast. Chavez, the bandit leader, and commonly known in Mexico as "El Chivo," circles at the "hyena of Michoacan," so-called because the bandit chieftain's operations were largely confined to the state of Michoacan on the Pacific coast, captured a little town and Nicolas was among the prisoners taken. He was bound to a telephone pole and Chavez, drawing a revolver shot the wireless operator, leaving him for dead. The raiders were forced out of the village by Carrancista cavalry and the wireless operator was hurried to a hospital, where after a long illness he recovered.

REPUBLICANS HAVE VOTE TO CARRY OUT LEGISLATIVE PLANS

WASHINGTON, April 9.—When the house resumed debate today on the republican peace resolution, Representative Flood of Virginia, ranking democratic member of the foreign affairs committee, announced that the motion to recommitt allowed under the rule adopted yesterday would propose straight out repeal of all war legislation.

Another Guess at the Sun's Age. A new calculation of the age of the sun was made recently by M. Peronnet who read a paper on the subject before the French Academy of Science. Here is his version in a nutshell: On the principle that the mean temperature of a star remains approximately equal to the surface temperature it had when first formed, and giving the sun an internal temperature of 12,000 degrees Centigrade, or double that of its surface, and calculating its mass to be 2x10,30 kilograms, the sun cannot have been formed more than between 40 and six millions of years ago. A star with a surface temperature of 600,000 degrees Centigrade would have been formed from a nebula in 300 days and one with 6,000,000 degrees in seven hours.

"BRINGING UP FATHER"

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET. NEW YORK, April 9.—Reports unfavorable weather in the south led to another round of buying orders in the cotton market of the opening today. First prices were steady at an advance of 17 to 25 points and active months sold 60 to 60 points net higher before the end of the first half hour with July and all later deliveries making new high records. July sold at 50.75 and October 25.50 while May touched 41.75. There had been considerable selling yesterday on expectations of better weather and this morning's private reports of rains around New Orleans and in central sections of the belt led to active covering. Realizing became heavier as October advanced to 26.00 and later there were proceeds later in the morning when trading was less active. May sold up to 41.50 around midday, or within seven points of the early high level but later months showed setbacks of some 20 to 30 points with October selling down to 33.65. The official forecasts were for unsettled weather today but suggested clearing conditions with rising temperatures at the end of the week, which probably increased the disposition to take profits on long contracts. Fluctuations were somewhat irregular during the early afternoon, but profit taking for over the week end continued with October selling off to 35.45, or about half a cent from the early high level and with 17 points of last night's closing quotation. The cotton market closed steady.

NEW ORLEANS Cotton. NEW ORLEANS, April 9.—The cotton market opened strong and active today with traders excited, buyers on the heavy rains over the belt overnight, rainfall being heavy in many sections where excessive moisture in the soil has been complained of. In the first hour of trading prices were advanced 42 to 50 points, May rising to 41.50 and October 25.50. October was the strongest month and the new group were generally stronger than the old, reversing the order of things seen yesterday. Realizing from the long side checked the advance and the forecast of fair weather to follow the rains over a good portion of the belt brought in fresh selling for short account. The market reacted rather sharply from the high level, and late in the morning stood 3 points under to 16 points over the final prices of yesterday. May sold down to 40.75 and October to 33.15. Selling increased during the last hour, and trading until the market was under considerable pressure. Toward the close the trading months were 8 points lower to 11 points higher than the final figures of yesterday. A fairly steady tone persisted, apparently because of expectations that the house would pass the peace resolution. The cotton market closed steady 3 points down to 15 points net.

LIVERPOOL Cotton. LIVERPOOL, April 9.—Cotton spot dull; prices lower. Good middling 29.00; fine middling 28.75; good ordinary 28.50; ordinary 28.25. Receipts 24,000, including 12,000 American. Futures closed steady. April 20.15; May 20.57; July 22.75; October 22.95. DALLAS Spot Cotton Market. DALLAS, April 9.—Spot cotton steady; middling 42.25. HOUSTON, April 9.—Spot cotton steady; middling 42.25. GALVESTON, April 9.—Spot cotton firm; middling 42.50.

NEW YORK STOCKS. NEW YORK, April 9.—An undercurrent of caution pervaded the stock market at the irregular opening of today's session. This was attributed in large part to overnight developments, particularly the spread of the railroad strike and latest advice dealing with the Franco-German situation. There were indications of considerable short selling, based on these factors. Changes were fractional in the main, although several of the leading steels and equipments gained 1 to 2 points. A firmer one set in before the end of the first hour. Steels, equipments and motors continued to sustain the general list in the more active trading of the last hour, some of these issues extending previous gains. The closing was irregular. Final prices today on Liberty bonds were: 3 1/2% 96.82; first 4% 91.20; second 4% 89.00; third 4% 87.40; fourth 4% 85.57; Victory 3 1/2% 97.50; Victory 4% 97.58.

12.50; medium \$13.50@14.25; lights \$14.00@14.50; pig \$11.00@11.50. Cattle 400. No market account railroad strike. Sheep none. No market.

Fort Worth Livestock. FORT WORTH, TEXAS, April 9.—Cattle, 2,000; unaltered; beefs \$8.00@12.00; hogs \$10.00@11.50; corn \$1.00@1.10; wheat \$1.50@1.60; flour \$3.00@3.50.

GRAIN AND PRODUCE. CHICAGO, April 9.—Corn advanced in price today largely as a result of the continued spread of the railway strike. Opening prices which varied from 1 1/2c decline to 1 1/4c advance, with May \$1.07 1/2 and July \$1.07 1/2 to \$1.07 1/2, were followed by material gains all around. Oats advanced to 75c, but later strength than corn. After opening at lower to advance including July at 82c, to 84c, the market set a decided general upturn. Provisions averaged lower. Indications of a big export demand for additional supplies in the corn market, and so too, did the fact that oats were commanding the highest prices for this season. The day was strong, 1 1/2c to 2 1/2c net higher, with May \$1.06 1/2 and July \$1.06 1/2.

LIVE STOCK. KANSAS CITY Livestock. KANSAS CITY, April 9.—Hogs 800, 50; lower; Bulk \$13.50@14.25; heavy \$13.25@14.00. PORT WORTH & DENVER CITY. North Bound. Arrives. Departs. I Want to Buy a House. In walking distance of business section. If you want to sell one, the price and location being right, we're traded. Don't waste any time if your price is not right. I certainly know the value. Phone 259. NOW. I'm in a hurry.

N. O. MONROE. Real Estate. "An Established Realty Firm". PLEASE READ THE FOLLOWING: In the following ads we have selected a few of what we consider good buys for anyone desiring a home or an investment. These, however, are only a few of the many buys which we have in Wichita Falls property and if in the market for a nice home or an investment it is to your interest to call on us. Furthermore if in your dealings in real estate you prefer to deal with a firm that is known in the city and that is here permanent and that has hundreds of customers in the city to refer to, whose business we have handled for years past and feel like that we have handled their business in such a manner that we can continue to do so, you should call on us.

Elizabeth Street. A north front on the paved, quiet residential street in Wichita Falls and with no exceptions it is one of the most modern homes of its size in the city. We make the above statement fully knowing the meaning of a modern home. This home consists of six rooms, has hardwood floors throughout the house, oak built-in features, oak window facings, oak baseboards, and the most beautiful built-in mahogany book cases of any home in the city. Has a basement, brick veranda, garage and driveway. This home cannot help but please any one in the market for such a home and we would appreciate very much showing you this property. After you have inspected this place if you do not consider it one of the best buys to be had in the city, also one of the most attractive homes, we will miss our guess.

### ANNUAL CONFERENCE TEXAS CHAMBER TO BE IMPORTANT ONE

"Problems of production, resources, conservation, agriculture, petroleum, distribution, markets, domestic and foreign trade transportation and land reclamation are to be examined into at the annual conference of the Texas chamber of commerce at San Antonio, April 15 and 16," declared J. G. Culbertson in commenting on this conference.

"Texas is the only state in the union which has the resources to feed and clothe its people," Mr. Culbertson continued. "The development of these resources—production—is the demand of the hour. The need of our time, as well as the solution of the problems of living costs and social unrest, is for every able-bodied person in the land to get on a real job and stay on it."

"We are in an orgy of extravagance that cannot last forever. It is economic sickness to consume more than is produced. One fifth of our farms that were cultivated in 1919 will not produce in 1920, experts say unless there is plenty of agricultural labor. This problem is of gravest concern to all thinking business men."

"After the farmer or the manufacturer has produced his goods, there should be a ready and a fair market for them. Distributing them to these markets is a problem involving transportation and labor and financing. Texas cannot hope to grow into the empire which nature intended it to be without manufacturing its raw materials at home. These problems are to be dealt into at the San Antonio conference of the Texas chamber of commerce."

"The bureau's sub-committee, consisting of Walter Cline, W. S. Curlee and Myles O'Reilly, to confer on ways and means; this afternoon the sub-committee was scheduled to report to the bureau. The civic bureau's recommendation to the Chamber of Commerce and city council will probably be made this afternoon."

There is a growing sentiment in favor of having the city plan question handled as a municipal one, instead of making the employment dependent upon a civic organization. The new city charter makes provision for this work.

At the bureau's meeting Thursday afternoon, Mr. Kessler discussed various features of city planning work in some detail, but did not go into any specific matters touching on Wichita Falls' needs. Mr. Kessler will address the business council tonight.

### INSPECTION MADE OF THE TERRITORY AT LAKE WICHITA

An inspection of the territory about Lake Wichita and between the lake and the city was made this morning by George Kessler, city planning specialist; he was accompanied by J. A. Kemp. At noon today Mr. Kessler

## An Alluring Appeal

With April comes the happy cooing days. It is a time when love and friendship are striving to convey their messages in eloquent measures. When words fail—send a box of **ELMER'S, FOSS, or CRANE'S CANDY.**

Each box is full of mute eloquence—a form of expression which will soon find approval in the eyes of your lady fair.

In handsome boxes at popular prices. We also have an excellent line of safe confections for the little folks. **PURE SWEETS ARE NOW CONSIDERED A NECESSITY.**

**HISTORICAL SOCIETY TO BE ORGANIZED SATURDAY**

The Historical Society of Wichita Falls will be organized on Saturday evening, April 10, at the Kemp library, at 7:30, with the Daughters of the American Revolution sponsoring the movement. All residents of this city interested in the historical society, and particularly all who have been residents of this city and section for some time, are urged to be present. All D. A. R. members are also urged to be present.

### Y. W. C. A. PLANS TO ENLARGE WORK IN THE NEW HOME

A long time lease on the second floor of the Anderson building was closed by the executive board of the Young Women's Christian Association, at the regular April meeting held Thursday morning at the Kemp library, and plans made for the occupation of the entire second floor as soon as it is possible to move. An enlarged and improved cafeteria will be one of the principal features of the enlarged quarters, and to this end the board decided to send Miss Baze, the cafeteria director, to the Y. W. C. A. cafeteria at Oklahoma City, which is known as the model cafeteria of the south. Miss Baze will be given authority to carry out the ideas which she receives in Oklahoma City.

Plans for opening a Y. W. C. A. summer camp on Clear Fork, near Newcastle, south of this city, were also discussed at length, on the report of the recreation committee of a site that appears very promising for a recreation camp. A cottage has been offered the association by the Newcastle Chamber of Commerce. The

board plans a motor trip to the proposed location in a short time, making the inspection a picnic. Rather elaborate plans for the summer work are under preparation and it is hoped that the association will be able to offer the girls of Wichita Falls, who have no other vacation plans a summer camp that will be highly attractive. The site under consideration is close to good fishing streams, and natural swimming pools.

**QUARTET TO SING AT CHRISTIAN CHURCH**

The quartet from the Glee Club of John Tarleton College will sing at the First Christian church Sunday night, it was announced today. The college singers will appear at the First M. E. church Saturday night, stopping in Wichita Falls for two days on their tour of Northwest Texas.

**Three Near Home Run**

WINSTON SALEM, N. C.—Babe Ruth came near knocking three home runs here yesterday when the Yankees beat the Dodgers 3 to 0 with Shore pitching before his home town folks. Ground rules held the three hits of the slugger down to two baggers.

**National Cash Registers**  
B. F. Leggett  
St. James Hotel, Wichita Falls, Texas

**Kelly is Slugging**

NORFOLK—George Kelly poled out another homer and the Giants won from the Red Sox 7 to 5. Harper blew the game in the seventh inning when the Giants scored four runs.

### EYES

Most people, you included, perhaps, are extremely negligent in the care of their eyes, and very culpably so in regard to their children's eyes. The public generally has no idea of the number and variety of present day eye defects and often resort to glasses selected at random which are entirely unsuited to the conditions of the eye. Many glasses selected in this way which "seem to suit exactly" at first, prove most injurious and often result in permanent injury. Come and talk over your eye trouble with us.
