FORECASTS OF ACTIVITY IN THE AMARILLO FIELDS PROVE WELL FOUNDED

AMARILLO, TEX., April 12.—Forecasts made during the winter for a maximum of activity in the Amarillo fields during the summer of 1920 are being fulfilled already, and with spring barely opened there is already a number of important tests either already drilling or preparing to do so immediately.

One of the most interesting tests, the Ende, seven miles northwest of Ende, N. M., has resumed drilling after a short shut-down for casing and is now down 700 feet. This test is located on what geologists have declared to be among the best structures in the entire Panhandle.

The White-Parks well, north of the river is at a depth of about 1,200 feet and is going to standardize tools and complete the well with cubic tools. It is reported that Mr. Caldwell will handle the drilling operations.

The Rauch Creek well is fishing. E. A. Haines plans on spudding in some time next week on his new location in Section 14.

The Shamrock Oil company is expected to spud in on the Sneed ranch the coming week, and it is reported to be building a derrick on Section 21 in the south part of Moore county.

The Tuck Trig well is reported to be waiting for a new string of casing. The heavy windstorm of two weeks ago nearly wrecked the derricks of both the Jacobs and Gulf wells. It is reported that both have now rebuilt and will be drilling the first part of the week.

The Humble well in Carson county is reported at 400 feet. The Coble-Heywood is changing to a rotary outfit, which they plan on using for 700 feet, then they will go back to standard tools.

Several new locations have been made in the eastern part of the Panhandle. The McGee well, near Tucumcari, is again drilling and is being watched with considerable interest. Inability to get supplies is holding up several locations.

The Landerin No. 1 well in Oldham county is down to a depth of 3,500 feet. The Landerin No. 2 will start drilling as soon as water can be obtained. The rig is up and all preparations made to start work as soon as it rains. Operations will start on the Herring No. 1 north of Vega, as soon as remaining equipment can be received. The rig is already up.

The Bravo location is also about ready for drilling, the rig having been up for several days. Good oil showings have been found on the Barnes Buster well on William Shields' farm, eight miles west of Wellington. Work is being pushed as rapidly as possible on this well. Work on the McGee well near Tucumcari was resumed Friday, after a

MUSIC AND DANCING RATHER THAN TALKING FEATURE BILL

It would be hard to pick the highlight of the bill playing at the Wichita theater the first half of the present week. The bill is full of pep and variety and is intensely enjoyable from beginning to end. Music and dancing, however, with but little talking, comprise the major portion of the current program.

Jessie Brown and Effie Weston, pretty dancers, appear in an extremely clever in an act entitled "Terpsichorean Cocktail." This act is nothing more than a vehicle for the presentation of a number of costume dances in which both Miss Brown and Miss Weston do some splendid steps which possess a real "kick." Miss Weston's presentation of French dances is especially clever. She wears the pretty costume of "Paris" and does some real fancy dancing. Miss Weston gives the audience a glimpse of Old Spain in her pretty Spanish waltz.

A touch of grand opera appears in Nita Johnson's "ringing act." Miss Johnson has a splendid voice and her presentation of certain extracts from well-known operas are good. "Pandora's Box" is a musical selection used with great success by the dainty little musician.

Monahan and Adelaide are interesting performers in a dancing and bag-punching novelty. Monahan's bag-punching is perhaps the best feature of its kind ever witnessed upon a local stage. Adelaide is a very fascinating dancer appearing with delightful in the highland costumes and singing the ditties of Scotland. She also makes a hit in her role of a wandering Gypsy maiden dancing the romantic songs of Austria. Rhoda and Crampton won much applause in a musical number entitled "Aspirations." Their selection in English from Verdi's opera "Aida" is very good.

Duncan and Caslar appearing in an act called "Round a Musical Circle" present some good singing and piano playing. Miss Duncan is very clever in her rendition of several popular songs, and the piano playing of Caslar is above the average.

FAIRBANKS SHOWING AT MAJESTIC AGAIN AT MAJESTIC

For those who say that there is nothing new under the sun, a trip to the Majestic theater where Douglas Fairbanks' new picture, "His Majesty, the American" opened yesterday will be a tonic.

We had thought that Mr. Fairbanks had done about everything that mortal could do—and stay whole. But we were wrong. And if his future screen offerings can furnish as much real entertainment as this picture, the crowd that attended the opening performance yesterday at the Majestic, we hope to continue to be wrong.

The picture, in the first place, tells a genuine story, which we are not going to spoil your pleasure by repeating here. Whether the story is probable or not doesn't matter. It is entertaining in a high degree, and that is what we seek in a theater. If we want serious, heavy, problem dramas we don't expect Fairbanks to furnish them to us. "His Majesty, the American" is made to amuse, and the it goes from start to finish. It is bright, snappy and clean—a picture that will delight boys and girls from 5 to 85.

SPECIAL ATTENTION TO SELECTION OF CAST

Special attention was paid by Thomas H. Ince, in selecting the cast for "L'Apache," which is at the Empress theater today as a Paramount-Artcraft picture with Dorothy Dalton in the two most important roles. The story of Parisian life, particularly the underworld of the apaches, great stress was laid upon securing types that would live in life. Miss Dalton has played several French parts, and the character of the pretty dancing girl fits her like a glove. "The Mouse," a typical Parisian, is interpreted by Ince's own wife, who was born in Belgium and was educated in Paris.

Robert Elliott, Miss Dalton's leading man, has had extensive screen stage experience, playing opposite Margaret Livingston recently in "The Lie." Alice Gale, cast in the important role of Jane, will be remembered for her clever work as the French girl in "The Darling of Paris." Others in the cast are Mary Harlan, Austin Webber, George Furry, and Frank Cluxon. Joseph De Grasse directed the picture.

"MRS. LEFFINGWELL'S BOOTS" AT THE PLAZA TONIGHT

How a pair of pretty slippers can cause more trouble than any jealous husband can handle is humorously told in Constance Talmadge's latest select picture, "Mrs. Leffingwell's Boots," in which she is presented by Lewis J. Selznick. The picture will be seen at the Plaza theater on tonight.

The Leffingwells are a young couple who have opposite views on life. Mrs. Leffingwell is a spendthrift and her husband spends most of his time urging her to be careful of his income. Mrs. Leffingwell attends a polo match where she meets several flashy young men. At a dance in the evening she wears a pair of embroidered slippers, and these are the slippers on the feet of a person he believes to be his wife, but in reality it is the maid who is trying on the ones Huntley gave her. However, Leffingwell thinks that his wife is in Huntley's room, and it is not until several weeks later that he is finally convinced that there were two pairs of slippers. By the time the explanation is made, Mabel forgives Huntley for what she thought was a breach of good behavior, and Mr. Leffingwell gathers his pretty little wife in his arms.

GOES FROM CAFE LUNCH COUNTER IN NORTHWEST OIL FIELD TO BE VICE CONSUL AT CONSTANTINOPLE

After trying everything in the local oil fields from roustabout to restaurant owner via carpentering, barbering and shoe-mending, Jim Keeley, part owner and also part time husher of the Quick Service cafe, which offsets the Texas company's new gusher on the C. Birk lease, has a new job. He sails some time next week for Constantinople, where he will be United States vice consul. He hopes that he will have as much luck handling out diplomacy for the United States in the land of the harem and the Turkish cigarette, as he did in rushing the show orders from the kitchen to the counter seven days a week.

Keeley's experiences in the local oil fields have been very picturesque, as have doubtless many others, but few of them have shaken the oily dust of the fields (or the mud as the case may be), to become a United States diplomat. Keeley, just a high school graduate when he was interrupted with plans for college, was an instructor at various flying fields in the United States and was stopped at Hoboken by the armistice. Last summer with a brother he left Washington, D. C., his home, in a Ford, bound for the Texas oil fields. He stopped at Burk Burnett, picked his tent, literally as well as figuratively, boarded his tent up and ensconced himself for the winter.

A roustabout job was his first endeavor. Carpenter received more money so he bought a set of tools and became a carpenter.

Barbers were few in the Waggoner field so he got a hair clipping and a shaving outfit and practiced the manual art in his tent at night. Similarly, catering to the needs which he found around him day by day he got a boot-mender outfit and added cobbling to his line of accomplishments. The side lines paid all his expenses and his carpenter's check was velvet.

Then the Quick Service cafe was purchased, along with the good will of the owner of the lease on which it stands, and a chef declared to be incomparable in the Waggoner field. With Keeley were D. P. McConigle and Edwin K. Hill, both overseas veterans, young fellows from New York, and the latter possessed of a Yale degree and a distinguished service cross, though neither are ever on display. Both were working on a lease when the owner of the Quick Service decided to sell out and they bought it.

The vice consul has sold his interest in another Yale graduate, Ross, and the Quick Service will still be doing business at the old stand, though it is somewhat greased up from an oil bath it received on Saturday, when the Texas company's Birk No. 2 disobeyed rules of the railroad commission before it was noticed and became a gusher.

In all the time that Keeley has been in the field, and in all his jobs his goat has been obtained only once, he recounts. That was Sunday. One of the regular customers had been crying for a chicken dinner, so out they foraged and got some chickens and on the prior is a fine special chicken dinner. And this regular, who had been aching for the chicken dinner, when the fowl delicacy was pointed out, he looked merely disdainful, and said, "Think I'll take braised beef."

### Employees Buying Tickets in Blocks For Opening Game

There is no longer much doubt in the minds of any of the fans as to where that opening day cup is going. It's coming to Wichita Falls, as sure as there is a single fan within the city limits.

Here's the newest one, fans.

The employees of firms are getting together and buying a block for themselves. The latest one of these is the Times Publishing Co.'s mechanical force. The men have secured a block of 15 seats in one portion of the box tiers, and they'll be out there in front with bells on when the umpire calls the game Friday.

Practically all of the first rows of seats are gone. There are some left in the third row. This is the result of the first day's ticket sale. All seats will be gone by tonight, according to the ticket sellers. There is no reserve other than the boxes.

A large number of grandstand seats were also sold at yesterday's sale. The buyers stated that buying grandstand seats at this time would save them the inconvenience of waiting in line before the ticket office Friday afternoon and would help insure a good seat as it would permit them to enter the grandstand immediately upon their arrival at the park. As the line before the ticket office even for ordinary Sunday exhibition games reaches to the outside gate, it is hard to calculate just how long the victory lines will be Friday afternoon.

Fans can save themselves a lot of trouble at no extra cost by themselves, by going to one of the ticket sales offices. Ticket offices are located at the Richardson Clothing Co. and securing grandstand seats now.

Present indications point to at least a 6,000 crowd. This number may be passed but it is not thought to be an overestimate. Should the spectators secure a 6,000 crowd they can be reasonably sure of winning the opening day cup.

Fans Enthusiastic. All doubts of the fact of only a chance of winning the cup would be taken from even the most skeptical if he listened to the fans when they come in and apply for seats.

"We're going to win that cup," said one fan. "There isn't going to be anything to it. I'll take five in the front row if you have them."

That's the spirit that has taken hold of the local baseball fans, and it means that the cup will roost in Wichita Falls for 1920.

A story is told of one fan who left the hospital. At the present time he is confined to his home. A friend of his visited him the other evening and told him that he was going to buy a few box seats. When the friend was ready to leave, the sick man followed him to the porch and said, "Listen—save me one of them seats. I'll be there."

That's baseball spirit fans, and let's the kind of spirit that makes teams go out and win ball games. Now every fan wants to get busy and do his part. Get your ticket, better to get it now and save yourself a lot of inconvenience later, and be there Friday afternoon. There'll be a heap to entertain you, a pair of red hot clubs to display their wares, and I will try to give you a good time at

### Mokan Gets Suit of Clothing From Freeman-Black Co.

Johnny Mokan is the second member of the Spudders to have a suit presented to him by the Freeman-Black Co. for parking a ball over their left field sign.

Johnny walloped the ball in Saturday's game, and Manager Black of the firm immediately called on Johnny to come up and pick out his suit. Johnny did so Monday afternoon.

The suit came in catching, and with a pair of shoes offered for the first man to cross home plate and for every home run in the opening game, by the Richardson Clothing Co. It looks as though there will be many a healthy lusty thump if the Dallas pitcher is negotiable at all.

The Spudders are out to win the opening game, and with the chance of getting a suit of clothes, a pair of shoes, a shirt, and several cash prizes for parking the ball, they'll surely try hard.

### Dallas Pitcher is Injured and May be Out of Game Here

DALLAS, April 13.—Don Flynn, Dallas Marine pitcher, was injured in a practice game here yesterday and may not be able to play in the opening game at Wichita Falls. Manager Ham Patterson announced today.

Flynn was struck on the ankle by a batted ball and is unable to walk without assistance.

# AMARILLO GAS FIELD

At present there are a great many wells being drilled in the Amarillo district. Near Amarillo is one of the largest gas fields in the United States and it is almost certain that oil can be found where there is gas.

There are three wells to be drilled on this property, two by C. H. Clark and associates and one by the Panhandle Refining Co., locations are just north of the big gas wells. Geological reports indicate they are almost sure to find oil—More than \$180,000 is being expended developing this property and as soon as oil is found prices of acreage will go high.

C. H. Clark and associates are offering a part of their acreage at prices from \$5.00 to \$50.00 per acre; leases run for five years with one dollar per year rental after the first year.

Among some of the investors in this section are: W. D. Cline, M. D. Rowe, P. J. Lea, J. F. O'Donohoe, W. E. Norton and the Panhandle Refining Co. These gentlemen are among our most successful oil operators and their judgment is worth following.

### CALL FIELD

Community Club.

Two meetings of the reorganized Community Club of Call Field were held during the past week. The important feature of the reorganization is that the club has been broadened so as to include the civic as well as the social life of the field. Mrs. Snook and Miss Richards attended the meeting on last Wednesday night as the representatives of the Civic League of Wichita Falls. After some discussion as to the aims of the organization it was decided that the residents of the field would be better served by one than by two clubs and it was voted to make the Community Club include all activities on the field and to have each of the separate interests directed by committees. New officers were elected to take the place of those that have moved from the field and new committees were appointed. These were as follows:

President, Mr. Fitzsimmons.  
Vice-President, Mr. Sheldon.  
Secretary, Mrs. Shaw.  
Treasurer, Miss Webster.  
Social committee, Mrs. Gillen, chairman.  
Civic committee, Mrs. Duffey, chairman.  
Athletic committee, Mr. Sheldon, chairman.

At the meeting on Saturday night it was voted to give the civic committee 25 with which to start the work of cleaning up the areas surrounding the quarters on the field. Arrangements have been made for the removal of the refuse and garbage each week and it is hoped that the residents of each section can be organized so that interest will be taken in moving the accumulations of the winter. As was explained by Miss Webster there is grave danger from sickness unless the piles of ashes mixed with refuse and the old cans which collect water can be cleaned up before the hot weather. Mr. Loveland volunteered the use of his truck for the removal of the material from the area in which his quarters are located providing those who live there will put it into barrels.

The athletic committee has purchased a tennis net and the court in the park is expected each afternoon. As soon as the players can be organized it is planned to hold matches with the tennis clubs of the city. Plans are also being made for a baseball team. There are a number of good hitters on the field and practice is planned for 6:00 o'clock in the morning one week.

Transformer Burned.

The transformer for the electric light system of the field caught fire Monday morning and was destroyed, together with the platform and poles which supported it. This will leave out of service a large portion of the field. It is expected that the transformer will be replaced. It is expected that the transformer will be replaced. It is expected that the transformer will be replaced.

### CALL FIELD

Community Club.

Notes.

Mrs. Loveland and daughter, Grace, have returned from a visit to Dallas, where Mrs. Loveland's sister has been very ill.

Mrs. Fitzsimmons has returned to Fort Worth with her mother who was visiting on Call Field last week.

Mr. Childers has moved his grocery store to the photography building near the middle of the field.

### DOCTOR HILL EXTENDS THANKS TO FRIENDS FOR MESSAGES OF SYMPATHY

The Times has received the following note from Dr. J. W. Hill, former pastor of the First Methodist church here, whose son, Horace, died in San Antonio recently:

"Allow me a little space in your paper to thank the many friends in Wichita, who wrote and wired their condolences on the death of my boy, Horace. It was a great shock to us; especially was this so as he had been cured of tuberculosis, which he had for more than five years. He had been sound and well for a number of months, and the happiest man I ever saw, until he took an acute case of peritonitis, induced by appendicitis, which was the cause of his untimely taking off.

"Give my personal regards to the friends you mention and accept my congratulations on the improvement of your city and the great opportunity it affords you as an editor of one of the most important daily papers in the state."

### BARREL OF ICE CREAM AN OCEAN OF MELODY AND BUSHEL OF FUN

"A barrel of ice cream, an ocean of melody and a bushel of fun" is the way Rev. H. D. Knickerbocker, pastor of the First Methodist Church, South, characterizes the ingredients of a big concert and reception that is to take place at the church at 7:45 o'clock Wednesday night.

Prof. H. Krumpholtz, the famous musician and concertist, will render a definite program on the pipe organ, piano, bag pipes, violin and cornet. He will also sing and recite, accompanying his recitations with music of his own composition.

The Sunday school orchestra will play and a quartet will sing.

After the concert the Sunday school will meet in departments to generate "pep" for the big contest that is on between the Sunday school departments.

Special guests of honor will be the following:

### REPORT CONGRESSIONAL OIL COMPANY HAS SAND

The Congressional Oil company has struck oil sand in its well on the Silver Farm in Block 69, northwest extension of the Burk Burnett field, at the depth of 1,650 feet, and has set casing preparatory to drilling in. The officers of the company were so sure of getting oil that they standardized the rig before the sand was reached. Yesterday two more 1,600-barrel tanks were moved to this lease, and have been connected up with the well. This well, by the way, will be the first one in Block 69. The Crude Marketing company has the contract for the oil and is hurrying its pipeline connections.

### GENERAL OIL COMPANY BEGINS DRILLING SECOND WELL ON KEITH RANCH

Drilling commenced today on the No. 2 Keith of the General Oil company, on the George Keith ranch, south of Wichita Falls, and a short distance from Jolly. This action of the company is announced by the announcement that the No. 1 Keith has been lost, after several months of fishing, at a depth around 2,000 feet.

The No. 1 was the occasion of a considerable amount of excitement last fall when rumors of an oil strike, which failed completely of any confirmation by the company, were current.

This test and that being drilled by William Champion, on the Hatfield, and the Burk Reserve test, are three deep tests that make this section of interest. The 333 0/11 company is also not far from the general test and is still reported as preparing to test on a sand around 700 feet.

**I FEEL GRAND! I'LL NEVER TAKE NASTY CALOMEL AGAIN!**

"Dodson's Liver Tone" Doesn't Sicken or Upset You Next Day—Best when Bilious, Constipated!

Don't take sickening, salivating Calomel when a few cents buys a large bottle of Dodson's Liver Tone. It is a pleasant vegetable liquid which will start your liver just as surely as Calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless. Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty Calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day. Take a spoonful of Dodson's Liver Tone instead and you will wake up without any biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrid Calomel your money is waiting for you—Adv.

**YOUTHFUL in Body and Mind**

Never mind your age—as measured by years. How do you feel? That's the thing that counts! See this sprightly old gentleman coming toward you down the street. His birth record would show you that he is past seventy. But judging from the easy grace with which he swings along, his erect carriage, his ruddy complexion, the keen glance of his eye, his whole appearance the very picture of health, you would say that he is not a day past fifty. He is young in spite of his three score years and ten.

More frequently you see the opposite of his type. Men scarcely in their thirties—haggard, listless, weak, nervous—men who take no interest in life, just dragging out a weary existence, all in, tired and worn out. Though young in years, they are, nevertheless, old men. Their vital forces are on the wane. They've lost their "punch," and "pen." They feel old—and they look it!

Stay young by keeping your body fit. Keep stomach, bowels, liver, kidneys and bladder healthy and active. Build up your strength and health. Nothing will accomplish these results better than

Griffin Wins From Barrere by Shade In 12-Round Bout

Dick Griffin took a shade from Battling Barrere in their 12-round bout at the Camel Athletic Club Monday evening.

Barrere tried to put over a k. o. on several occasions with his mighty left, but Griffin, wise to his style of boxing, dodged so cleverly that the made Battling fool on more than one occasion.

Griffin was in tip-top shape, as was Battler. The former carried himself in fine style throughout the bout, which was marked at the end of the fracas. Barrere's lip was slightly swollen.

A number of local ring celebrities were at the club last night. Freddie Hill, Kid Gleason and Spedy Sparks were in the hall throughout the evening.

Griffin took four rounds of the 12—the third, fifth and 11th. Barrere took three—first, eighth and 10th. The other five rounds were even.

The first round opened with Barrere leading. The Battler landed his left to Griffin's head three times during this round. Barrere

The second was even. Neither boy missed it up very fast in the early part of the round. Griffin landed straight right to body Barrere got in a couple of light jabs. The milling became fast during the last minute.

The third round started with some hard infighting along the ropes. Griffin had the advantage here, as in most of the infighting during the bout. Griffin landed right three times. Barrere missed his left uppercut, but landed one toward close of round. Griffin

The fourth was even. Dick led with his left. Barrere landed a straight right. In a short period of infighting, Griffin proved the superior. Griffin landed a left. Barrere shot in several left uppercuts. The round closed with an exchange of blows in Barrere's corner.

Fifth went to Griffin. Barrere started off strong by landing left to head. Griffin sent in his right, and drove Barrere across the ring with rapid succession of body blows. Barrere came back and landed left.

Round six was even. The boys divided the early part of the round evenly. Griffin again showed his superiority at infighting. Barrere landed to Griffin's head.

Seven even. The first part of this round was also even. Barrere got in his left. Griffin took infighting toward last of round.

Barrere came back and took the eighth round. The two boys milled in the early minute was even. Barrere landed right twice and left to body once. Griffin straightened Barrere up with a short right jab. Barrere led throughout round, but Griffin stopped some of his advances with some clever defensive work. Barrere landed several times toward close of round.

The ninth was Griffin's round. It started off fast and furious, with Griffin having a little the better of the infighting. Griffin again sent Barrere across the ring with rapid succession of rights and lefts. Barrere landed left. Griffin sent Barrere to his corner with tattoo of blows.

Barrere took the 10th. Griffin tried hard for a k. o. in this period, but missed his lead repeatedly. Griffin started out with two rights. Barrere came back with a strong left, and the boys went at it at close quarters in the center of the ring. Griffin missed right. Barrere landed left. The boys exchanged blows in the center of the ring. Barrere landed left to head three times.

Round 11 was Griffin's. There were no real blows landed in early part of the round. Griffin shot right to wind Barrere missed terrific right uppercut three times. Griffin landed all blows in this round.

The 12th was even. Two matches of note were announced previous to the main event. Spedy Sparks of Lawton and Young Fitzsimmon's of Oklahoma City are going to mix things next Monday night, and Freddie Hill, the hard-hitting bricklayer from Fort Worth, will clash with Solly Burns April 26, a week from next Monday, in a seven-round bout.

The bout between Burns and Hill last Monday night proved to be the class of the season so far and the fans have been clamoring for a rematching of the pair.

Batt Barrere leaves for Philadelphia within the next few days, where he will make his future headquarters.

Two flyweights stepped four rounds to a draw as a curtain-raiser.

Billy Corwill walloped Roundhouse Red in a tough four-round go. Red showed lots of stamina, but that was about all. Corwill lacked condition.

Abe Levine and Tommy Wilson gave the best preliminary exhibition of the evening. Abe started strong and landed hard and often on Wilson's head and body, but Wilson came back strong and all but put Levine away in the last round. It was Wilson's bout.

She Martina and Jimmy Lowry gave a real six-round go. Martin had the edge, having just about polished Lowry off in the last round after Lowry had apparently reduced him to his last defense.

The first round was the plumbiest second even, third Martin's; fourth and fifth Lowry's and the sixth Martin's. Lowry was hanging to the rope looking for the bell near the close of the sixth period. These boys will meet in a return go as the main event of the first amateur night, which will come off Thursday evening. A nonal assessment is being placed, and the bouts will feature local boxers.

**JIMMY WILDE EASILY HAS BEST OF ZULU KID**

**DETROIT, MICH., April 12.**—Jimmy Wilde, British flyweight champion, easily had the best of the Zulu Kid at Windsor last night in a 10-round mill. Wilde tried hard to put the Zulu away, but the latter fought a crafty battle and came back fiercely. The American fighter's best work came off in the sixth round. Both fighters displayed a lot of vim and the mill was a scrapy affair from the first to the last round.

POT-HUNTING THE PENNANT. No. 5—Chicago's Entries

From Steinfield on around to Chance (Where Evans caught the Tinker throw). You once held all the game's romance. But that was many years ago.

You, that was many years ago. And though great stars may crown your name. When autumn winds begin to blow. They'll hardly make a pennant flap.

WHITE SOX AND CUBS.

Chicago's White Sox and Chicago's Cubs are very much alike. Each has at least four stars of outstanding note—four of the greatest in baseball—yet in each case there is a decided lack of balance where brilliance and mediocrity are assembled to compete in the dash.

The White Sox have Schalk, Cicotte, Collins and Weaver, with Joe Jackson in the office.

The Cubs have Killifer, Alexander, Vaughn and Hollocher. But the gap between the first four and the last four upon each club is a bit too wide.

WHERE THE GLOW IS.

With Alexander and Vaughn pitching to Killifer the Cubs can present the strongest battery combination in the National League, if not in both leagues.

Alexander and Vaughn lead the National League pitching last year. Hendrix was good. But Tyler and the rest are and uncertainties.

In the same way, where Cicotte, Kerr and Williams are pitching to Ray Schalk, the White Sox have an exceptional amount of battery strength to offer the enemy.

But three pitchers are hardly enough for a 154 game like that runs from early April to October.

In Killifer and Schalk Chicago has the best catching that baseball carries. But after these two are included, with a limited supply of great pitching, the glow begins to fade.

UNCERTAIN INFIELDS.

The Cub infield is decidedly rickety with Hollocher, the main star, and Herzog's physical condition a guess.

The Sox have Collins and Weaver, two luminaries, but first and third are both up in the air.

The two teams seem to face trouble at the same identical spots—first and third.

Both outfields are at least up with the average. Neither compares with the outfield strength held by the Tigers or Giants, but there is enough quality around to hold its own.

THE GAP.

Alexander and Vaughn together should be good for fifty victories. Hendrix should win fifteen. But as it will take ninety-five victories to land a pennant, where are the other thirty to come from?

Cicotte, Kerr and Williams could put away sixty-five games on the correct side. But again, who is to turn in the remaining thirty?

Where the Giants and Reds have at least five good pitchers and one or two others in reserve, you can see what a handicap any club is up against with only three dependable bowlers.

BATTLE FOR THIRD PLACE.

The two Chicago clubs look only strong enough to make a battle for third place.

Either will have a hard time working as far up as second unless present infield angles are so fixed in a satisfactory way.

To finish third the Sox will have to stop either Detroit or New York. Cleveland being almost a certainty for 1-2.

To finish third the Cubs will be forced to finish ahead of Pittsburgh and Brooklyn. To finish second the Cubs must outstrip either the Reds or Giants, two clubs with exceptionally strong sets of pitchers and well rounded ma chines in other respects.

The Giant infield is none-too robust, but the outfield will help cover up any infield weakness that led to pronounced.

Both Chicago clubs are extremely fortunate in having such leaders as Kid Gleason and Fred Mitchell, who can be counted upon to obtain every possible ounce out of the material at hand. But neither is great enough to make three pitchers do the work of six, or to find star infielders around the next corner.

MAJOR LEAGUE BASEBALL TEAMS SWING INTO PENNANT ACTION IN FORMAL OPENING ON WEDNESDAY

NEW YORK, April 12.—Major league baseball teams swing into pennant action tomorrow, with the formal opening of the 1929 season. Based upon the form exhibited in the spring training on southern diamonds, the 16 clubs of the National and American leagues are expected to be in excellent physical condition and baseball's best forecast close races for the respective league flags as well as exceptional attendance and financial receipts due to the unusual interest in the game this year.

Eastern and western city clubs share equally in the allotment of opening dates. In the National League Boston plays at New York while Philadelphia will make its initial appearance at Brooklyn. The Western division teams of the senior organization clash with Chicago at Cincinnati and Pittsburgh at St. Louis. The American League schedule calls for New York to open at Philadelphia; Washington at Boston; Detroit at Chicago; and St. Louis at Cleveland. The initial return contests are set for April 22 when the order of the schedule will be reversed.

The games to be played in the National League tomorrow will inaugurate the 45th consecutive season for the senior major league for the organization dates back to 1876 when the Chicago club won the first pennant. The teams of that city still hold the lead for since 1876 Chicago clubs have captured 17 championships. Boston comes second with nine and New York third with eight. The American League will celebrate its 21st annual opening, having started its major career in the spring of 1906. Since that date the pennants have been distributed among four clubs, Philadelphia and Boston each having won six; Chicago five and Detroit three. The schedule of opening games, lists of past pennant winning clubs, 1929 team managers and the standing of the teams at the close of 1928 season, follows:

**WHERE CLUBS BEGIN 1929 PENNANT RACES.**

**NATIONAL LEAGUE.** Opening games, Wednesday, April 14: Boston at New York; Philadelphia at Brooklyn; Chicago at Cincinnati; Pittsburgh at St. Louis.

**Return opening games, Thursday, April 22:** New York at Philadelphia; Brooklyn at Cincinnati; Cincinnati at Chicago; St. Louis at Pittsburgh.

**AMERICAN LEAGUE.** Opening games, Wednesday, April 14: New York at Philadelphia; Washington at Boston; Detroit at Chicago; St. Louis at Cleveland.

**Return opening games, Thursday, April 22:** Philadelphia at New York; Boston at Washington; Chicago at Detroit; Cleveland at St. Louis.

**Pennant Winning Clubs of Past Years.** **NATIONAL LEAGUE:** Chicago 1876, 1889-12, 1885-6, 1906-7, 1910, 1918. Boston 1878, 1883, 1891-2, 1897, 1901. New York 8—1855-9, 1904-5, 1911-12, 1917.

**AMERICAN LEAGUE:** Boston 1890, 1893, 1906, 1915. Pittsburgh 4—1891, 1892, 1899.

Training Camp Tips

**Rain Prevents Game.** BLOOMINGTON, ILLS.—The Chicago Cubs were on their way to Cincinnati today after Bloomington fans caught their only view of the big leaguers as the latter loafed around the hotel here. Rain prevented the final exhibition of the Cubs here yesterday. Manager Mitchell disposed of nine recruits while the team was in Bloomington.

**Open With Detroit.** CHICAGO.—The White Sox, home from their spring training, today were scheduled for their first practice since arrival in Chicago. Yesterday's weather was too cold for Gleason's athletics to risk loss of their accumulated pep. All the players were set for the opening battle with Detroit tomorrow. Gleason declined to name his pitching choice.

**EXPECT LARGE CROWD TO WITNESS OPENING.** KANSAS CITY, April 12.—Thirteen thousand fans were expected to see the Blues open the 1929 flag race here tomorrow with the Millers. No ceremonies were planned for the initial game. Evans will oppose Schauer on the mound. Indications were the weather would be clear and cool.

**ASSIGN UMPIRES FOR THE OPENING GAMES.** NEW YORK, April 12.—National League umpires for the opening games tomorrow have been assigned by President Heydler, McCormick and Hartin, Brooklyn; Rigger and Moran in Cincinnati; and Klem and Sims in St. Louis.

National League Clubs Take Honors Pre-Season Games

By HENRY L. FARRELL (United Press Staff Correspondent) NEW YORK, April 12.—National League clubs took the honors in the several series of inter-league, pre-season games.

The total score in games for the series which ended yesterday is 42 to 49 with three tied games, the American league trailing.

The world's champion Reds made the poorest showing of the National league. Moran's men won only 5 out of 13 games with the Washington Senators and got only one decision out of four with the Yankees.

This rather lamentable showing somewhat confirms the report that the Reds derived very little benefit from an undisciplined stay at Miami and are in poor condition to start the race.

The St. Louis Cardinals by losing the city series to the Browns, four games to two, cut down the lead piled up by the Giants and Brooklyn Robins.

Brooklyn's feat in winning 10 out of 16 from the Yankees can be classed as a real surprise and the Braves six to five victory over the Tigers comes a close second.

The Giants ran true to form in taking 10 out of 15 with the Red Sox as did the Cardinals in taking 5 out of 15 from the Athletics.

JAY GOULD RETAINS TITLE AS CHAMPION

NEW YORK, April 12.—Jay Gould retained his title as world's court tennis champion yesterday when he defeated S. Soydam Cutting in straight sets at 6-3, 6-0, 6-1. Gould won the title in 1906 and has successfully defended it annually until 1915, when championships ended, being resumed this year.

Receipts 17,000 bales, including 11,000 American. Future closed steady. April 25.75; May 25.26; July 25.10; October 25.74; December 25.84; January 25.94; March 25.24.

Spot Cotton Market

DALLAS, TEX., April 12.—Spot cotton steady, middling 43.00. HOUSTON, TEX., April 12.—Spot cotton steady, middling 43.00. GALVESTON, TEX., April 12.—Spot cotton steady, middling 43.00.

NEW YORK STOCKS.

NEW YORK, April 12.—A gain of 1 point for Royal Dutch and a reaction of 2 points for Texas Company reflected the uneven course of prices at the opening of today's stock market. Trading continued to be influenced by the growth of the railroad strike and restrictive higher rates for call money. Sugars and affiliated specialties were again firm to strong, but the general list notably steel, which had been strong, indicated renewed selling pressure.

Cattle no receipts. Trading limited to a few sales of holsteins. Sheep 1000; receipts direct to packers, trading restricted to few sales; holdovers higher. Steady with yesterday. Five loads of pound lambs 11.50.

GRAIN AND PRODUCE

CHICAGO, April 12.—Corn underwent a material setback in prices today. Uncertainty of the railway traffic outlook tended to make traders slow for the day. Being initial quotations which ranged from 1 1/2 to 1 1/4 lower, with May \$1.06 to \$1.04 and July \$1.05 to \$1.03, was

WORK RESUMED ON THE NOCONA WELL; SAND ENCOURAGING

NOCONA, TEX., April 12.—Work has been resumed on the Nocona well located on the Lemons' farm. It has been decided to abandon the effort to shut off the water and drill deeper. At last report, the drill had penetrated the sand 30 feet and was still in a good looking sand in the top of which two to four million feet of gas was found and later a considerable showing of oil developed. It is the intention to under-ream through this sand and try for deeper pay sands. However, the fact that this sand shows to be at least 30 feet thick and to contain oil and gas, may reasonably be taken to mean that the Nocona well is close to locations that will develop paying wells.

CHICAGO Produce

CHICAGO, April 12.—Butter higher; creamery 40.00. Eggs higher; receipts 18,500 cases. First 40.00; ordinary first 39.50; 2nd 39.00; 3rd 38.50. Corn included; 1st 1.06; 2nd 1.04; 3rd 1.02. Rye 1.14.

Call Field Wins Shoot With Club Of Wichita Falls

Under shooting conditions that were absolutely the worst possible the team of novices representing the Call Field Gun Club succeeded in defending the honor of the home grounds against the challengers from the Wichita Gun Club. The race between the teams was very close however, and until the last man had shot the result was in doubt. The final results were: Call Field 139 and Wichita Falls 133.

**WEDNESDAY TO END  
30-DAY EXTENSION  
ON INCOME RETURNS**

Wednesday, April 14, will be the last day on which individuals who secured a 30 day extension on the filing of income tax returns may file their returns without being delinquent, it is announced by L. Shields, deputy internal revenue collector at the local office. The impression that the returns could be filed on the 15th without incurring delinquency, is erroneous, the announcement stated. The report must be in the office of the deputy collector, or in the office of the collector at Austin, on the date mentioned, it is further stated.

**LOWDEN OR HARDING TO  
GET OKLAHOMA VOTE IS  
OPINION OF JAKE HAMON**

Lowden or Harding will probably get the vote of the Oklahoma delegation at the Chicago convention, said Jake L. Hamon, republican national committeeman from Oklahoma, who was in Wichita Falls Monday, conferring with Frank Kell on problems connected with the building of the oil field railroad to the Ranger and Dulin oil fields.

"Although these are our favorites, the Oklahoma republicans are not exactly averse to Johnson's candidacy, either," continued Mr. Hamon. Wood, he declared, did not have a chance in the world for the Oklahoma support.

Mr. Hamon was originally reputed to be a Wood man, but following a break with the Wood campaign organization, he was bitterly fought for position of national committeeman from Oklahoma by McGraw, who was the vice chairman of the Wood campaign committee.

While here Messrs. Kell and Hamon were in an extended conference with C. N. Whitehead of St. Louis, chief operating officer for the Katy, with regard to joint trackage and joint yard agreements between the Katy lines and the Wichita Falls and Southern, the northern end of the Oil Belt road. P. J. Neff, engineer in charge of the building of the Wichita Falls, Ranger and Fort Worth, the new line from the southern terminus of the Southern at Newcastle south of the north central Texas fields, also attended the conference.

Following the breakup of the conference Monday afternoon, Mr. Hamon motored back to his home in Ardmore.

**MAN IS KILLED AT  
BURKBURNETT WHEN  
CAUGHT IN ENGINE**

BURKBURNETT, April 13.—Elmer Jackson, age 37, was killed at noon Monday by being caught in the machinery of a gasoline engine which he was operating in the pumping of two wells for the Fisher Co., on the Wigham addition. His mangled body was found in the machinery by his wife who went to call him to the noon meal. He is well known here among the oil operators, and a man who was held in the highest esteem. His brother, Edgar Jackson, is a teacher in the Fairview school of this city. There are no children. The body is under the care of the Collier undertaking establishment and burial arrangements will be announced later.

**DELEGATES TEXAS STATE  
FEDERATION OF LABOR TO  
MEET WEDNESDAY NIGHT**

Delegates from the various unions in Wichita Falls elected to the Texas State Federation to convene in Cleburne on April 26 are requested to meet in the basement of the Labor Temple Wednesday night at 8:00 for the purpose of formulating plans for the trip. A number of important matters are to be discussed in connection with the trip and every delegate is urged to be in attendance at this meeting.

**R. B. STROUP GETS SUB  
CONTRACT FOR GRADING**

R. B. Stroup, Wichita Falls grading contractor, will start to work immediately on grading the county road from Wichita Falls to Iowa Park, having taken the sub-contract for this part of the road building. A number of teams will be put to work immediately, Mr. Stroup states, and the grading will be pushed with all possible speed.

**SPEEDING CASES FEATURE  
SESSION OF POLICE COURT**

Speeding cases again constituted a major portion of city court procedure Tuesday morning. Several persons charged with speeding or reckless driving were arraigned before Judge

Ogle and assessed small fines. The past two weeks has been marked by the absence of "drunks." But two or three persons charged with being intoxicated have been arraigned in corporation court during the past two weeks.

**EYES**

Most people, you included, perhaps, are extremely negligent in the care of their eyes, and very culpably so in regard to their children's eyes. The public generally has no idea of the number and variety of present day eye defects and often resort to glasses selected at random which are entirely unsuited to the conditions of the eye. Many glasses selected in this way which "seem to suit exactly" at first, prove most injurious and often result in permanent injury. Come and talk over your eye trouble with us.

**The Proper  
Criterion**

Do you figure it this way—that as all banks are examined and checked by government officials, one will serve you just as well as another?

If you do, you are overlooking the vital factor of banking—the question of service. That's a question of experience, of personality, of understanding.

Apply the test of real service to your bank.
