BOARDS NOT TO HEAR SWITCHMEN

SONORA TROOPS ARE ADVANCING FOR EARLY ATTACK ON MAZATAN, FAR SOUTH OF SONORA BORDER

GERMAN FORCE TO QUIT RUHR NEUTRAL ZONE

Allied Premiers Open Their Meeting This Morning at San Remo

ZURICH, April 18.—According to a Wolff Bureau dispatch from Berlin, the German government has ordered the Reichswehr troops to evacuate the neutral zone in the Ruhr region on April 24.

SAN REMO, April 19.—The inter-allied supreme council began its formal sessions today in the villa Devauchan, on the hills to the northwest of the main town.

OCCUPATION OF RUHR BASIN IS CONSIDERED

PARIS, April 19.—Allied occupation of the Ruhr basin in western Germany is being considered by allied premiers gathered at San Remo, says the Petit Parisien. Premiers Lloyd George, Millerand and Nitti, held a brief meeting last night, and agreed in principle, on the necessity of forcing Germany to disarm, and the newspaper declares, but were not agreed as the best means of procedure.

MAY DAY MANIFESTO ISSUED BY WORKERS

PARIS, April 19.—Demands for withdrawal of French forces sent into German cities in the Ruhr region, such as that in Syria at present, and release of the class of 1918 from the colors are made in a manifesto issued by the general federation of labor in calling upon workers to join in the May Day strike. These measures should be adopted, it is said, to "show the world that France wishes for peace." Instructions by the federation, declare the strike to be a "collaboration with workers of other countries, and adds: "Militarists, capitalists and profiteers are responsible for present economic conditions which ought to disappear."

KENTUCKY NEGRO SAVED FROM MOB BY OFFICIALS

DANVILLE, KY., April 19.—Lucien Jenkins, 25, negro, was under heavy guard in the Lexington county jail today, following his escape last night from a mob which stormed the Danville courthouse in an attempt to lynch him. Jenkins is accused of complicity in the abduction and murder of Willie Trimble, Friday night. Officials heard that a mob was forming and rushed the negro from the backdoor of the courthouse into a fast automobile. Five minutes later the mob was searching the courthouse.

LUNCH BOXES ARE URGED AS H. C. OF L. WEAPON

NEW YORK, April 19.—The Cheese Club, which introduced the south's general campaign in New York, today started a brand new attack on high prices by urging overall wearers and others to carry lunch boxes from home to work. "Dollar and more" lunches are the reason for the latest move. Enthusiastic proponents of the idea claim that in addition to the value of eating a comparatively cheap, wholesome, home-made lunch, considerable time now spent in crowded restaurants at the noon hour, will be saved.

KISMET, FAMOUS HORSE, IS DEAD AT GAINESVILLE

GAINESVILLE, TEX., April 19.—Kismet, a trick horse which had been featured at the Fort Worth stock show and which was widely known over Texas, died of pneumonia here today. The animal, which was valued at \$5,000, was owned by Herbert Graves of Fort Worth, but was ridden and trained by Virgil Keel of Gainesville.

CAPTAIN OF STEAMER JAILED AFTER MUTINY

HAVANA, April 19.—Captain G. R. Vithem, of the United States shipping board steamer, Lake Wilson, has been arrested and lodged in the municipal jail at Matanzas after a mutiny on the vessel. He is charged with using fire arms. Three members of the crew were seriously injured.

LOAFERS CANNOT SEE WOMEN EXTRACT MONEY

CHICAGO, April 19.—Male loafers in the county collector's office are to be deprived of their pleasure. A private room where women taxpayers may extract money from their stockings, unobserved, will be used now.

SIX AMERICAN BODIES UNCOVERED NEAR VERDUN

PARIS, April 19.—Bodies of six American soldiers, killed on the battlefield and buried by subsequent shell bursts, have been discovered by American relief workers near Verdun, according to advices. Religious ceremonies were at once held, and the spot was marked so that the bodies may be exhumed by the graves registration service and later given military burials. The discovery was made in the vicinity of Fresnes-en-Woevre, where terrible fighting took place during the autumn of 1918.

AGUA PRIETA, SONORA, MEX.

April 19.—Officials of the Sonora state government, whose defection from the Carranza government federal leaders are seeking to put down by force of arms, continued today their dispositions of men and munitions to oppose possible invasion. Meanwhile Sonora forces were far south of the Sonora border, pressing through Sinaloa to the attack on Mazatlan, the principal seaport.

Sonora leaders here today expressed satisfaction at word from Mexico City that there had been a rising in the state of Michoacan, even though the official news of the affair described it as purely local in character. Another source of gratification was the news contained in Sonora official dispatches that a considerable force of Carranza troops in Sinaloa had transferred allegiance to the Sonora standard and was active against Carranza forces there.

Officials here drew favorable conclusions from word brought by deserters from federal forces at Casas Grandes that Villa was becoming active in Chihuahua. The deserters were quoted as saying men were leaving the Carranza force and would reach Sonora soon and that Chihuahua state troops and home guards had refused to march against Sonora.

There were reports afloat Saturday and last night that today would see the return of the Southern Pacific De Mexico, an American-owned railroad running from Nogales south to Guaymas, along the west coast of Mexico, to its owners. The state government seized this week ago, declaring state possession was necessary as a step toward preventing invasion of Sonora from Sinaloa along the road. A strike of employees has been in effect on this road since April 3.

HOBBY PROTESTS MOVING TROOPS THROUGH TEXAS

AUSTIN, TEXAS, April 19.—Vigorous protests were made to the Washington government today by Governor W. P. Hobby against the movement of Mexican troops over Texas soil in a telegram to Secretary of State Bainbridge Colby.

The governor wired: "In view of reports that a request has been made for permission of the government of the United States to transport troops from Mexico across the territory of the United States, I desire to reiterate the protest made by me when a similar request was formerly made to our government and to say even more emphatically that I am unalterably opposed to the movement of Mexican troops over Texas soil since it would endanger the lives and property of American citizens living on or near the border between Texas and Mexico."

TWO GENERALS DESERT CARRANZA IS REPORT

SAN ANTONIO, April 19.—It is reported in Mexican circles here that General Amador and Gen. Gabriel Gavira, with Carranza forces in the state of Chihuahua, have revolted against Carranza. Another report from Nuevo Laredo is to the effect that Gen. Luviano Renteria with Carranza has joined Gov. Pascual Ortiz Rubio and state forces of Michoacan.

SLIGHT DECREASE SHOWN BY FEDERAL COTTON SEED REPORT

WASHINGTON, April 19.—The census bureau's cotton seed and cotton seed and cotton seed products report for the eight month period, August 1 to March 31, announced today, showed Cotton seed crushed, 3,704,978 tons, compared with 3,785,626, a year ago and on hand at the mills March 31st, 21,165 tons, compared with 306,649 a year ago.

Products manufactured in the eight months and on hand March 31, were crude oil produced 1,118,690,109 pounds compared with 1,086,507,417 a year ago, and one hand 142,724,123 pounds compared with 166,093,276. Refined oil produced 816,664,592 pounds compared with 301,087,328. Cake and meal produced 1,681,185 tons, compared with 1,533,935 and on hand 287,636 tons compared with 100,079.

Linters produced 569,816 bales of 600 pounds compared with 285,684. Imports of oil for the eight months were 16,672,391 pounds compared with 11,194,336 a year ago. Exports were oil 106,678,290 pounds compared with 106,403,221; cake and meal, 236,251 tons, compared with 87,593; and linters 32,978 running bales, compared with 64,095.

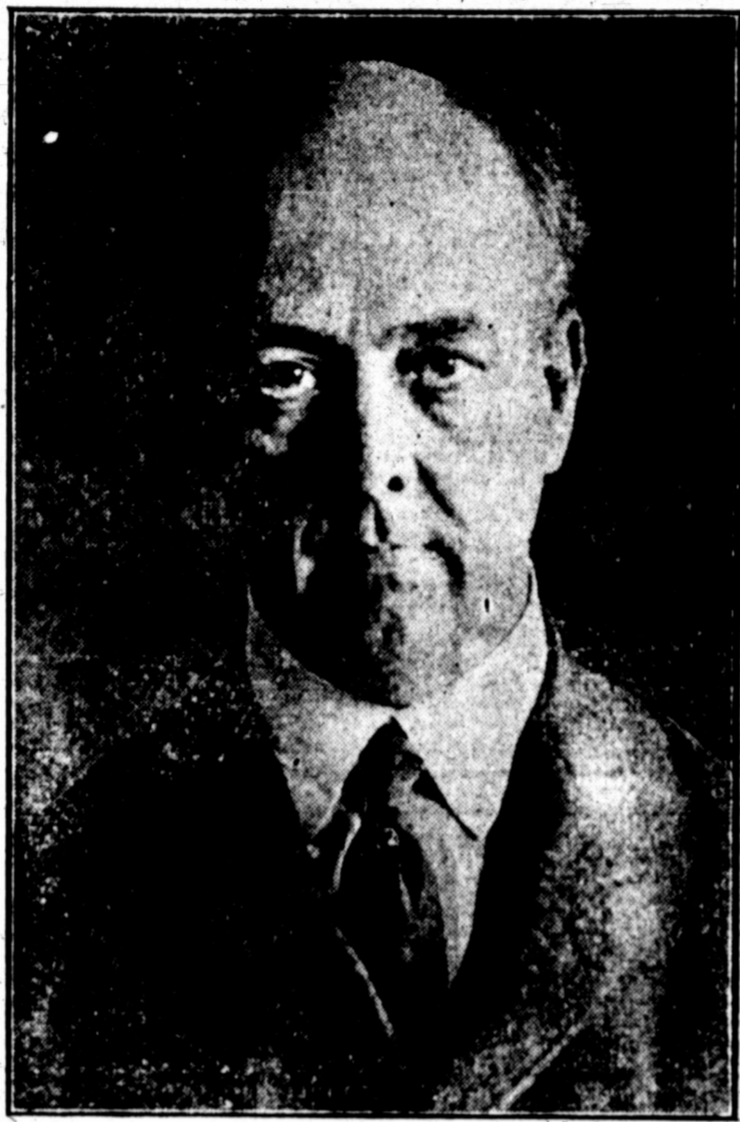

SIX AMERICAN BODIES UNCOVERED NEAR VERDUN

PARIS, April 19.—Bodies of six American soldiers, killed on the battlefield and buried by subsequent shell bursts, have been discovered by American relief workers near Verdun, according to advices. Religious ceremonies were at once held, and the spot was marked so that the bodies may be exhumed by the graves registration service and later given military burials. The discovery was made in the vicinity of Fresnes-en-Woevre, where terrible fighting took place during the autumn of 1918.

MAY RECALL RANGERS FROM RIVER BOTTOM

AUSTIN, April 19.—Adjutant General Cope left today for Wichita Falls, and it is understood he will withdraw Texas rangers from disputed oil territory as soon as Federal Receiver Delano takes over the property. Because of wire conditions, no reports had reached here concerning possible storm losses in rural districts.

FEDERAL RECEIVER WHO WILL ARRIVE FROM CHICAGO TUESDAY

FREDERICK A. DELANO.

Mr. Delano, the recently appointed federal receiver for the Red River oil lands involved in the boundary litigation, is expected to arrive Tuesday at noon for a survey of the local situation. He will probably be accompanied by one of his attorneys, and by several of the attorneys representing interests involved in the suit.

THREE DIE, WOMAN SERIOUSLY INJURED IN FOUR TRAGEDIES AT HOUSTON WITHIN 36 HOURS

SCORE VICTIMS IN A BLIZZARD IN ARKANSAS

Wind Abates in Colorado and Nebraska, Though Snow Still Falls

LITTLE ROCK, ARK., April 19.—A score of people were killed and many injured in storms which swept several counties in northwest Arkansas last night, according to meager messages received over demoralized wire service.

At Karkey Valley, 12 miles north of Danville, seven people, six of them members of one family, were reported killed with many persons hurt, and at Hickeyville, sixteen miles south of Clarksville, three persons, Mrs. Chas. Zachary and her two children were reported and many hurt.

DENVER SEES RELIEF AFTER 48-HOUR STORM

DENVER, April 19.—Slightly improved weather conditions today promised relief from the blizzard which has held Denver storm-bound for 48 hours. Light snow was still falling, but the wind which has been piling it into huge drifts that blocked railroad tracks and city streets had abated. Heavy street sweeping machines and snow plows had taken up the task of opening the streets to traffic.

The downtown hotels were filled with people caught in the city by the storm and barred from their homes. Several of the main downtown streets, closed to traffic by a proclamation by Mayor Bailey, were being cleared as fast as possible. Three millioners among the passengers on a Union Pacific train stalled near Longmont, Colo., conducted Sunday services in one of the coaches. Two trains will arrive over the Burlington today, but all others were reported as "indefinite." All trains have been running many hours late.

NO DECISION ON LIQUOR QUESTION BY HIGH COURT

WASHINGTON, April 19.—The supreme court reconvened today but adjourned without rendering an opinion in any of the various pending cases involving the validity of the prohibition amendment and portions of the enforcement act.

PLAN EXTENSIVE PROSECUTION OF THE PROFITEERS

Wide Inquiry Being Made Throughout Country Says Official

sive prosecution of profiteers will occur within thirty days if investigations now being conducted by department of justice agents disclose the expected evidence. Howard Figg, special assistant to the attorney general, today told the senate sub-committee investigating price rises.

The investigation now nearly completed has been made by "flying squadrons" of agents as well as by fair price committees in many states. Figg said. They cover food, fuel and clothing.

Figg said the profits of several huge corporations were under investigation, including those dealing in raw materials and finished products. Senator McNary asked whether Figg had investigated a report that one of the "big five" packers had stored large quantities of hides in out of the way communities in the south, to keep them off the market, thus causing higher prices for shoes.

Asked by Senator Pomerene how many profiteers have been caught, Figg said 1200 arrests have been made, 350 indictments returned and 53 per cent of these convicted.

"How many profiteers went to jail?" asked Pomerene.

"About 25 to 30," replied Figg. "Big profiteers or little ones?"

"Both," Figg declared that fair price organizations in some states had secured material reduction in price of food and clothing.

GARY ADVOCATES LABOR CONTROL BY GOVERNMENT

Should be Subjected to Same Regulation as Other Organizations

NEW YORK, April 19.—Labor should be subjected to government control and regulation like other organizations, Judge Elbert H. Gary, chairman of the United States Steel Corporation, said today in outlining company's stand on unions at the annual meeting of stockholders.

"Discrimination by law in favor of or against any particular class is detrimental to the interests of the general community," Gary said. "It contradicts the fundamental principles of our government."

Gary reiterated intention of the company to maintain the open shop. "We believe, and we think the public is entitled to know, that we believe of mankind will not be promoted by the 'one big union' idea," he said.

Gary referred to the strike of steel workers and proposed that the "small percentage of employees were members of labor unions," he said. "When they were called out by their employers, they were threatened and intimidated, others temporarily quit work, so that all together about 26 per cent of the men were out for short time. The majority were steadfast and loyal."

Turning to the recent decision by the supreme court which held the United States Steel company did not violate the Sherman anti-trust law, Gary said: "It is fortunate for the country, for the maintenance and stability of industry, that government control and regulation have been put in force by the supreme court several years ago and now in the present case against the corporation, declared the rule of reason to prevent further interpretation and construction of the Sherman law to the facts in any case presented, sometimes deciding in favor of the government and sometimes against, but always in favor of the principles, the intentions and objects of the law."

Gary mentioned reference made by the court decision to the "Gary dinners." He declared he believed the conditions resulting from the panic of 1907 justified the action in holding meetings of leaders in the industry, "to do what we could to stay the threatening storm."

Gary said the steel company was still holding to the selling price for its output, fixed by agreement with the industrial board March 21, 1919. "We think there is a moral obligation on the part of every one to use all reasonable efforts to check the carnival of greed and imposition, even at some sacrifice," he said, referring to the "increasing tendency to insist upon payment of unreasonable sums for every commodity. It should be the effort of all to establish and maintain a reasonable basis of prices, certainly to prevent further increases otherwise the government, from the standpoint of protection of a part of the public, must interfere."

Because of the proposal for a shorter day for steel company employees. He said the problem was difficult because of the nature of operations at some plants.

SEVENTY-FIVE CAUGHT IN KANSAS CITY RAIDS

KANSAS CITY, April 19.—Seventy-five men and women, white and black, were arrested over the week-end in police raids on alleged gambling and immoral houses.

ANNOUNCE WILL NOT CONSIDER DEMANDS OF ANY PARTIES WHO ARE OBSTRUCTING THE TRAFFIC

By RALPH F. COUCH

By United Press

WASHINGTON, April 19.—Jersey City "outlaw" railroad strikers today were denied a hearing by the railroad labor board.

This was under a rule adopted by the board which requires workers with a grievance to first try to settle it in conference with their employers.

The railroad states emphatically that the board shall deny all hearings where this provision has not been complied with.

Board members said the Esch-Cummings law, under which the board is organized, provides for this.

The rule would tend to prevent workmen bringing their grievances before the board unless they belong to the established railroad unions and brotherhoods. This is because railroad officials so far have refused to deal with the outlaw strikers.

Practically Closed Shop Under this situation the established railroad brotherhoods are given practically a closed shop on the railroad systems of the United States. In all disputes in which workers are refused a conference by railroad executives they cannot bring their grievances before the railroad labor board because of the rule. Non-union men refused a conference by railroad executives would have no court to which they could appeal under this ruling.

The rule this morning worked to effectively gag Chairman McHugh of the Jersey City outlaw strikers delegation who asked to make a statement to the board. McHugh introduced by Congressman Eagan of Jersey City, said he represented men not working there now. Outlaw strikers refused to call their movement a strike. They said they quit work. Others referred to it as a vacation.

Wanted to Describe Situation McHugh asked the board for permission to describe the situation in Jersey City where hundreds are away from work. He also said he wanted to take back some assurance that the board would not act promptly in reviewing wage schedules.

In reply to McHugh's request Chairman Barton of the board called attention to the rule. The rule, he said, had adopted the rule in conformance with the Esch-Cummings law and to speed up its work. Barton's reply constituted in effect a denial of McHugh's request to be allowed to address the board.

McHugh said the men he represented had been refused a conference by railroad executives and consequently by the only rule they could get would be through the board.

Officials of the established unions defending the board's rule said the demands they already have presented to the board includes wage increases for the strikers.

The first case filed with the board was that of the established brotherhoods for wage increases totaling \$1,100,000 annually.

CHICAGO WORKERS TO VOTE ON STRIKE MATTER TONIGHT

CHICAGO, April 19.—Threat of a new strike among railroad employes in the Chicago district confronted claims of railroad managers and the brotherhood officials that the "insurgent" switchmen's strike had been broken and the situation rapidly was returning to normal.

Eight thousand freight handlers and 20,000 railroad clerks employed on all lines entering Chicago will take a vote tonight after a conference today with the railroad heads, George A. Worrell, chairman of the Chicago and Northwestern Railroad clerks announced. He said he had been empowered to speak for all the clerks and freight handlers.

Worrell did not announce demands to be presented but said there was very little chance of compromise, and the men probably would strike Tuesday.

In the switchmen's strike continued improvement in traffic conditions throughout the central and far west was noted.

On the Pacific coast railways operated today for the first time since the strike without embargoes on perishable freight.

As a result of a new federal descent on the strikers had returned. J. J. Mantell, spokesman for the general managers' association, would not estimate the number of men who were back at their old positions. The roads are filling permanently the places of strikers who failed to report up to yesterday noon, Mr. Mantell said.

All railroads in this section commenced to move freight from badly congested terminals today. Passenger traffic improved to such an extent that virtually normal schedules were maintained.

The Hudson tubes, connecting Manhattan and New Jersey cities, were still tied up and there were no surface indications of a break in the strikers' ranks. The tubes now have been "dead" for ten days and the big commuter army has been relying on the ferry service for transportation from one side to the other.

BRIDE KILLED ON HONEYMOON TRIP

CHICAGO, April 19.—Mrs. Marguerite McGuigan, 24, of Alton, Ill., a bride of four days, was struck by a motor car here last night and died a few hours later. With her husband, Alexander McGuigan, she had come to Chicago on their honeymoon trip.

TEXANS URGED TO USE THEIR OLD CLOTHES

Backers of Thrift Example Would Not Limit Move to Overalls Alone

HOUSTON, TEX., April 19.—The overall movement in Houston today was extended to an "old clothes" movement. Backers of the movement today urged members not to limit their savings to overalls. They urged ex-soldiers to wear parts of their uniforms, that last year's hats and coats be brought out of oblivion and a practical example of thrift be given from the highest to the lowest.

Movement Reaches Canada

ST. THOMAS, ONT., April 19.—The overall crusade in the United States has spread over the border to Canada and clubs have been organized here and at several nearby towns.

Preacher Cried in Denim

BOSTON, April 19.—Overalls headed the shopper's lists today in numerous Boston homes. After Rev. Louis L. Dunnington appeared last night in his pulpit at Christ Church, an Episcopal church, wearing overalls and jumpers, more than 200 of his congregation signed the "overall pledge."

At Methodist Rev. Rollings Tuttle, clad in white denim, preached his first sermon of the Hillside Methodist Episcopal church, and commenced organizing an overall and old clothes club.

Extend "Overall Revolt"

ST. LOUIS, April 19.—"Overall revolt" activities spread to embrace a war on high restaurants, shoe and automobile prices in eastern Missouri today.

St. Louis members of overall clubs in several instances pledged to carry on "overall" campaigns. At Poplar Bluff, Mo., an anti-shoe and automobile movement was being organized and agitated, dispatches said.

Thirty members of the Young Men's Bible class at the St. Louis Union Methodist church appeared in overalls at services yesterday.

Senator Doesn't Love "Dudes"

WASHINGTON, April 19.—Declaring that he "did not love dudes," Senator Dial, South Carolina, today in a speech to the senate applauded the overall and calico revolt against the high cost of clothing.

"Let us wear old clothes and refrain from purchasing anything we can do without and the country will soon be in joint again," said Dial. "Let us take the advice of a former secretary of the treasury by getting our old shoes soiled and putting patches on our trousers."

CLOCK COSTING \$2,800 MEMORIAL TO SOLDIERS

GAINESVILLE, TEX., April 19.—A contract was let today for the placing of a \$2,800 town clock in the tower of the courthouse here as a memorial to soldiers and sailors in the world war.

Funds for the purpose were raised from contributions from citizens all over the county. A bronze tablet bearing the names of those who lost their lives in the war will be placed in the rotunda of the courthouse.

THREE MILLION CHINESE STUDENTS ON STRIKE AS PROTEST AGAINST JAPS

By CHARLES E. HOGUE

SHANGHAI, April 18.—Delayed by 14 northern provinces of China went on strike today in protest against the teaching of advocating direct negotiations with Japan on the Shantung question, according to reports received here.

The students, who are parading the streets of the principal cities, are seeking to enlist the support of trade unionists.

Abrogation of all direct treaties demanded by the striking students, who have promised they will not molest foreigners.

THIS PIG CAN SQUEAL FROM ITS TWO MOUTHS

BATAVIA, N. Y., April 19.—A pig with three eyes, two snouts, four mouths and two tongues was born on a farm near here. The pig can squeal out of both mouths at the same time and can see out of all three eyes.

WATERWAYS NEEDED TO KEEP U. S. IN COMMERCE POSITION

Speakers State Roads Have Reached the Limits of Their Capacity

ST. LOUIS, April 19.—The United States must develop and encourage her inland waterways transportation if she expects to retain her position in the world of commerce. This morning was sounded by speakers at the convention of the Mississippi Valley Waterways Association here today.

The railroads have reached the limit of their capacity, it was emphasized. Speakers also urged that the association be merged with the Mississippi Valley Association, which opens its convention here tomorrow.

Brigadier General F. T. Hines, chief of the transportation division of the War Department, which has control over government inland waterways transportation, said the railroads welcomed the revival of water transportation "as a necessary ally" in the solution of the transportation problems.

SENATIONAL MURDERER IS CANADIAN DESERTER

NEW YORK, April 19.—Thomas W. Shelley, known also as Thomas W. Simpson, faced arraignment in Yorkville court today for shooting Dr. James Wright Markoe, an eminent surgeon, in fashionable St. George's Episcopal church yesterday. Police officials said they would later ask for the appointment of a commission to examine Shelley as to his lunacy. He told the police he had escaped from a lunatic asylum last week.

Detectives questioned Shelley closely in his cell at police headquarters in a fruitless endeavor to learn a motive for the murder. He told rambling stories of his career as an itinerant printer since coming to this country from England. It also developed that he was a deserter from the Canadian army, the police said.

CITY MUST BAR VICE OR LOSE SOLDIER TRADE

ST. LEAVENWORTH, KANS., April 19.—It's up to Leavenworth to clean up its vice and gambling or lose the trade of the soldiers of Fort Leavenworth. This ultimatum was issued by military authorities following the suicide of Michael Lucas, a supply sergeant, because of shortage of Company M funds. Officials said investigation showed Lucas lost the money in a well-known gambling house.

ARMY MULE GETS PRAISE FOR SERVICE IN EUROPE

WASHINGTON, April 19.—Almost everybody now agreeing that contributed to the winning of the war has received some sort of public recognition from the war department. Even the patient, long-suffering, hard-working and oft-maligned army mule has at last come to his economic, in an appreciation from the quartermaster general.

Here follows the "low down" on the army mule as it comes today in an official publication. There were more than 45,000 of him engaged with the army overseas, and more than 100,000 with the troops in the United States, and while there was as much hawking, kicking, balking and other mulish tricks, as might be expected, the army mule lived up to his established reputation for endurance, sacrificing and dying like a soldier.

FOREIGN STATESMEN GOING TO ARGENTINA

BUENOS AIRES, April 18.—It is announced by La Nacion that Rene Viviani, former French premier, Lord Northcliffe, and other prominent men of France and England will soon visit Argentina and take part in conferences on Franco-British-Argentinian affairs.

NEBRASKA REPUBLICANS TO BALLOT TOMORROW

LINCOLN, NEB., April 19.—Campaigning for the capture of Nebraska's primaries closed today. Nebraska voters tomorrow will decide between Wood, Johnson or Pershing for president. Johnson conducted the most strenuous campaign. He spent several days in this section. Pershing is a favorite son candidate.

WOMEN TAUGHT LESSON IN ILLINOIS POLITICS

VIRGINIA, ILL., April 19.—Virginia men taught local women voters their first political lesson last Saturday when they put over on old trick and beat them out of two places on the city board of education.

WICHITA FALLS FIGURED THEIR CANDIDATES, HAVING NO OPPOSITION WOULD WIN HANDS DOWN

Consequently they took no particular interest in the election and were not even at the polls soliciting votes. The men, however, were busy. The night before the election they had stickers printed containing the names of two additional men candidates. These names were handed to the voters at the polls with directions to "put one over on the women. They're trying to run our business."

NIGHT NEWS BRIEFS

MEXICO CITY.—A war bulletin issued by the government announced a revolt in the state of Michoacan, headed by General Pasqual Pablo, governor of the state and a supporter of General Obregon.

NEW YORK.—Dr. James Markoe, a widely known obstetrician, shot and killed in St. George's Episcopal Church by a man who gave his name as Thomas W. Simpson, believed to be demented.

GLENN FALLS, N. Y.—Miss Helen Hughes, 28, eldest daughter of Mr. and Mrs. Charles Evan Hughes, died of influenza and pneumonia.

PARSIPPANY, N. J.—The funeral of Theodore N. Vail, former head of the American Telephone & Telegraph Company, held.

CHICAGO.—Fred Upham, treasurer of the Republican national committee, announced the committee would meet in Chicago May 23 to consider contests between delegates to the national convention.

AMERICAN GIRL'S BODY FOUND NEAR VERSAILLES

PARIS, April 19.—The body of Miss Mary Appel of Allentown, Pa., a Society of Friends welfare worker, who has been missing since April 7, was found in a clump of trees in the vicinity of Versailles last evening by two boys.

A preliminary examination gave no evidence of foul play. The body still bore a considerable sum of money and some articles of jewelry. The searchers also found several letters addressed to members of Miss Appel's family.

GAINESVILLE TELEPHONE OPERATORS MAY STRIKE

GAINESVILLE, TEX., April 19.—Telephone operators will strike here today, according to an announcement for eight hours and 15 minutes. Operators said that previous requests for higher wages have been "lightly treated" by the company.

AUSTIN, TEX.—Walter A. Keeling, assistant attorney general, left for Wichita Falls to arrange for the surrender of Red River oil lands in dispute between Texas and Oklahoma, to Frederick Delano, the federal receiver.

AMERICANIZATION TOPIC

WASHINGTON, April 19.—Americanization and patriotic educational campaigns were the chief subjects before the 29th annual continental congress of the Daughters of the American Revolution, which convened here this morning. Except for contests for vice presidents general, of whom seven are to be named, it was said the election of officers probably would consume little time as practical agreement had been reached on all others.

Delegates from her home state, Connecticut, predicted that Mrs. George Maynard Minor would be elected president general by acclamation to succeed Mrs. George Thatcher Guernsey. A crowded program of social activities has been arranged for the week.

WASHINGTON.—The American Agricultural Trade Commissioner at London reported indications of a world-wide wheat shortage and a world-wide increase in demand.

Just where and how is the money to be spent?

A businesslike Answer to a businesslike Question

1 FOR THE CHURCH'S WORK AT HOME. A score of items come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the Church does not?

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if Faith dies out of the hearts of its youth?

4 FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.

5 FOR THE CHURCH'S WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

6 PREACHERS' SALARIES. The preacher is called the "Forgotten Man," and well he may be. Eight out of ten preachers are paid less than \$70 a week!

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically. They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort. Each denomination has arranged its needs under six main heads as shown at the left. Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget: examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. SOUTH FLORAL HEIGHTS CIVIC LEAGUE BRANCH PLAN A CLEAN-UP DRIVE

A cleanup and beautification campaign which is to be vigorously prosecuted has been begun by the South Floral Heights district Civic League branch, a meeting being held Friday afternoon at the Sam Houston school. With the inclusion of this district in the city limits and the promise of better water and other facilities which will make it possible to wage a successful beautification and sanitation campaign, the branch league is beginning active work, and hopes to be able to make reports of much success in a short time, according to Mrs. J. W. Stone, of the Central Civic League, who is assisting in the South Floral Heights organization.

VOICE OF THE PEOPLE.

WICHITA CITIZEN IS AGAINST OPEN SHOP

To the Citizens of Wichita Falls: In regard to the open shop for Wichita Falls I wish to say: Who wants to cut the pay roll of our city? Who desires to live in an open shop town? The duty of the chamber of commerce is to work for the welfare of the city and to advertise the city's products and to work for the acquisition of new industries and try to convince outsiders that their city is a desirable place in which to live and work.

HORSESHOE WESTERN TO RESUME DRILLING

Drilling will be resumed the first of the week on the test of the Horseshoe Western Oil company, in Block 34, Hughes survey, four miles south of the Kemp-Munger-Allen discovery well, according to announcement of C. H. Hayes, secretary of the company, Saturday. The fishing job, which has held up operations for several days, has been successfully concluded, and drilling will be resumed at a depth of 1,735 feet.

Mr. Hayes stated that he wished to correct the impression that seemed to prevail that the test was much deeper than is actually the case. The drill is now in extra heavy gumbo, he stated, and the hole is in good condition. He also stated that one of the men who helped to complete the Kemp-Munger-Allen discovery well, Ross, has been at the well, as Hayes' request, and had given a very favorable report on the indications, which the officers of the company were very pleased to get, Mr. Ross being regarded as an expert in his line.

COLGATE'S RIBBON DENTAL CREAM

REG. U.S. PAT. OFF.

A DENTIFRICE for every man, woman and child. It is delicious in flavor and *SAFE* to use every day. Please remember that.

Contains *no alcohol*
no pepsin
no carbolic acid
no harsh grit
no harmful acids
no chlorate of potash

All sorts of things are put into some dentifrices to bolster up "cure all" claims. Strong chemicals may make the mouth *feel* clean, but it's only common-sense to know that such strong drugs may also harm the delicate membranes of your mouth. Just ask any throat specialist.

So choose a safe dentifrice—Colgate's. Ribbon Dental Cream cleans the teeth so thoroughly—so *safely*. Dentists and physicians select it to use every day in their own families. Besides the safety, you have a still further advantage in buying Colgate's. Its delicious flavor appeals to the normal taste of both grown-ups and children—and so encourages regular use of the toothbrush.

The Chest of Evidence
 Evidence that Colgate's is preferred by dentists is contained in the affidavits and other documents in this Evidence Chest—deposited with the Title Guarantee and Trust Co. of New York. They may be examined by accredited committees on application to Colgate & Co. A descriptive leaflet will be sent free on request.

Keep

Colgate's ready for use in the bathroom. It is good for you and your children. If brushing with it only made the mouth feel wholesome it would be worth using. It does that—and more.

Your

own teeth profit from its use. (There is none of that after-sensitiveness which the too great chemical strength of some "tooth pastes" may cause.) If Colgate's merely kept the teeth *safely* clean, its use would be a valuable daily habit. It does that—and more.

Teeth

that make a smile bright! If a Colgate brushing two or three times a day merely made your smile brighter, Ribbon Dental Cream would justify its purchase. It does that—and more.

Clean

—the word that means relief from many tooth troubles. Colgate's cleans thoroughly and polishes the teeth to natural whiteness.

With

the twice-a-day brushing* and the twice-a-year visit to the dentist for examination, you enjoy "Good Teeth—Good Health."

Side Talks

HAVE YOU HEARD THE SHOE STORY? I have heard the shoe story yet? I have heard it in several different forms. Each time the raconteur announced that it was told him either by the principal in the story or by a next friend. The first time I heard it, I believed it. By the time I heard the third variation, I realized that it was one of those tales that a man reads and hears, and likes to add personal interest to by trying it up to someone he knows. Nevertheless it is very prevalent makes it interesting, because it shows what is in men's minds. Here it is: "A man my brother knows," says the raconteur, "has a shoe store and he had some shoes that he had bought some time ago and could not sell fairly cheap. So he marked them \$6.50 and put them in the window. They were there a week and he didn't sell more than a few pairs. Then he marked them \$10.95—and they sold like hot cakes!"

RIPLING RHYMES.

Suffering Germany. The Hunns are shot to pieces, the telegrams declare; things are not sick as grease is—disorder's everywhere; the peasant and patrician are both in sad condition; they're eating ammunition, there is no grub to spare. No useful wheels are turning, the church bells do not ring; no smithy fires are burning, no work-

men's hammers swing; but gloom is all-prevailing, and wrath and bitter wailing; men are so busy railing they do not smile and sing. I ought to view with sorrow the trouble of the Hun, and say I hope tomorrow will see his anguish done; and yet I see him sweating without a great regretting; he earned what he is getting, earned trouble by the ton. Had he but shown repentance for any crimes of his, had he received his sentence with a remorseful pliz, I might compose a ditto of condolence and pity, more generous than twitzy, but as things are—

Goa whiz!

The Hun has been so sassy, so nerry and so smart, he thinks himself so classy, and greater than thou art, that it is hard to view him with sympathy, ceshrew him! so let his wues pursue him until his change of heart. The original reason for the public fountain where the water comes out of a lion's mouth was that among the ancient Egyptians the rising of the waters of the Nile, meaning life and prosperity to the whole nation, always took place when the sun was in the constellation of Leo.

Berlin enjoyed the spectacle the other day for the first time in history of seeing a real live prince of the Hohenzollern family haled before a court of law and mulcted of a fine of 500 marks (normally \$100) for starting a "rough house" and doing other things that, in the old regime, Hohenzollerns were privileged to do with impunity. The punishing of Prince Joachim Albrecht for an unprovoked assault on a Frenchman is indicative of how far Germany has gone on the road to democracy, albeit it must be recalled that the urgent demand of the French representatives probably had a lot to do with stiffening the backbone of the trial judge to the point where he was able to forget his life-long deference to princes and inflict even a light penalty upon a Hohenzollern.

Senator Hiram Johnson is struggling for a foothold in the east. Maj. Gen. Leonard Wood is working to prevent a repetition of the Michigan disaster.

LOSS \$11,000 WHEN FOUR RESIDENCES IN CITY BURNED

Four residences, totaling a loss of about \$11,000, were burned about 3 o'clock Monday afternoon at the corner of Britain and Giddings avenues, in the southwest part of the city.

The heavy loss was ascribed by Chief McClure to the delay in receiving the call, telephone connections being broken off several times before the alarm could be turned in with details as to the address.

The property burned included a cottage owned by H. C. Galther, occupied by Lancaster family, furniture saved, \$2,500 loss on the house; two houses owned by Clint Humphries, one vacant, \$4,500 loss; home of F. T. Albright partially burned, \$2,500 damage.

WILSON MAY RETURN TO POLITICAL ARENA AT ELEVENTH HOUR

By HUGH BAILLIE. (United Press Staff Correspondent.)

WASHINGTON, April 19.—A dramatic, 11th hour reappearance of President Wilson in the political arena is being planned, according to a report in circulation among Washington politicians today.

The plan is said to be to have the president suddenly plunge into the campaign, probably late next month. One of his first acts would be to send a message to congress asking it to re-nominate in Washington through the summer and pass legislation which he would urge.

The plan, according to these reports, would be carried out to give force to a demand to be made by Wilson that the democratic convention nominate a candidate to run on a League of Nations platform, with planks praising achievements of the administration and promising to carry on its policies—in other words, a "Wilson man."

The story apparently is based on the fact that Wilson is in better health than generally supposed and is awaiting the psychological moment to resume greater activity.

In support of this, it is pointed out that he is attending to his official duties as usual and that cabinet members saw no evidence of illness when he presided at the cabinet session last week. Also, all democratic presidential possibilities, except A. Mitchell Palmer are keeping in the background, evidently not knowing what Wilson intends to do.

Cancellation of Wilson's plan for spending the summer at Wood's Hole, Mass., is likewise regarded as an indication that there is "something in the wind."

MONTHLY PRODUCTION COST REPORTS NOT NECESSARY

WASHINGTON, April 19.—The right of the federal trade commission to require monthly cost of production reports and other data from mining companies and other industrial concerns was denied today by the District of Columbia supreme court.

COUCH AND WINFREY NO. 2 WELL DOING 400 BARRELS

Swabbing 400 barrels, according to reports today from the field, the No. 2 Daniels of Couch and Winfrey has been completed, the furthest producer on the Daniels from the Texas sand. The No. 1 of these operators has been completed about two weeks, being a 100 barrel well. No. 2 is rigging up, 300 feet south of No. 2.

(Continued from Page One.)

road officials and brotherhood leaders declared today that the end of the Columbus railroad yardmen's strike was in sight. Meetings called by Brotherhood of Railroad Trainmen officials were being held today for the strikers to consider returning to work.

CLEVELAND SWITCHMEN RETURN TO THEIR JOBS

CLEVELAND, OHIO, April 19.—Two hundred striking switchmen returned to work at the Nickel Plate, Baltimore & Ohio and Wheeling and Lake Erie yards at 10 o'clock this morning. The men are members of the J. M. Ferris lodge, Brotherhood of Railroad Trainmen, who voted last night to return today. Railroad officials expected that the others of the six hundred lodge members would be back before night.

WORKERS TO LOSE JOBS IF STRIKE CONTINUES

KANSAS CITY, April 19.—Switchmen who do not return to work by Tuesday morning will be discharged, according to an ultimatum issued by the railroad here. The matter is now out of the hands of the R. R. officials and is an individual matter between the various roads and each striker.

STRIKERS AGAIN WORKING AFTER LONG CONFERENCES

LITTLE KAR MEN MAY SECURE LOW BONDS IN COURT

FORT WORTH, TEX., April 19.—The proposition of reducing the bonds of officials in the Little Motor Kar Company, held in jail in Dallas on a charge of misuse of the mails, will be referred to Federal Judge Wilson this afternoon.

District Attorney Taylor has agreed to a reduction in the bonds but wants Wilson's approval before deciding finally. No habeas corpus proceedings have been instituted and probably will not be because of the agreement of the prosecutor.

William S. Livezey and R. L. McCoy, vice president of the company; George W. Sticker, secretary-treasurer and Herman Sticker and J. H. Crowe, stockholders, have been in jail in Dallas since last Tuesday, when they were taken into custody on complaint of postoffice inspectors charging fraud in connection with stock sales of the company.

They were unable to furnish the \$25,000 bond fixed by United States Commissioner Davidson and seek reduction of the bond in federal court. The Little Motor Kar Company is in receivership on petition of stockholders, who alleged that while \$1,000,000 in stock had been sold the company's assets had dwindled to about \$300,000.

COMPLETE IDLENESS IN KANSAS COAL FIELDS

PITTSBURG, KAN., April 19.—Practically complete idleness continues to prevail in the Kansas coal fields, reports received at the headquarters of the operators of mines said this morning. It has been anticipated that work would be resumed quite generally over the district this morning.

NITRATE VESSEL ABLAZE; FLAMES HIT OIL BARGES

NEW YORK, April 19.—The Norwegian steamer Halfrid, 3,125 tons, registered at Bergen, was afire off the Bush Terminal, Brooklyn, here today.

Two fireboats were fighting the flames. The blaze broke out following three violent explosions which shook the waterfront. The vessel was loaded with nitrates. Three men were injured. It was feared others might have been hurt.

For a time the great terminal itself was menaced but tugs succeeded in towing the Halfrid to "mid-stream."

Thousands of persons watched the fire, one of the most spectacular ever seen on the water front. Police reserves were called out to keep back the crowds.

Firemen were hampered by the constant explosion of chemicals in the cargo.

POSTPONE PRELIMINARY HEARING IN HOFFLING CASE

Preliminary hearing for Whitley Hoffling, business agent of cooks, waiters and waitress union, was postponed Monday afternoon until Tuesday afternoon at 2 o'clock. The case was postponed at the request of state's attorneys and the Rev. Burnell Ringman, pastor of the Methodist Episcopal church, Seventh and Lamar streets, the complaining witness. Subpoenas were issued at noon Monday by Justice C. J. Arrington for Mrs. C. R. Jetter, Mrs. E. V. Freilberg, both members of Dr. Ringman's congregation, and E. A. Near, a local hardware man, to appear as witnesses in the case.

Hoffling is charged by complaint signed by Dr. Ringman with theft of property valued at over \$50. The com-

plaint is the aftermath of the big Doken ceremonial held here last week when Hoffling engineered the big banquet in the basement of the Methodist Episcopal church. Dr. Ringman alleges that Hoffling was instrumental in the disappearance of a quantity of silverware.

HIGH SCHOOL STUDENTS TO OBSERVE TUESDAY AS NEAR EAST RELIEF DAY

High school students will observe Tuesday as Near East Relief Day and bring contributions to care for one or more Armenian orphans.

This decision was made following an address on behalf of the Armenian sufferers for which a collection is now being taken, by A. N. Stubblebine, from the Dallas headquarters.

Mr. Stubblebine addressed three Sunday schools on Sunday in behalf of the campaign, talking at the Episcopal, First Christian and First M. E. South churches.

Oil News

MANHATTAN WELL ON THE MUNGER MAKING 300 TO 400 BARRELS

The Manhattan Production (Crude Oil Marketing) company's No. 1 Munger, which was plugged back following the sensational performances of the Art-Boger, Ard-Haynes well, is also rapidly rounding to production form, according to late reports, making between 300 and 400 barrels per day.

The Keen and Wolf No. 1 Munger, which picked up the 1,740 sand on the same day as the Art-Boger-Ard-Haynes, and which drilled only a few inches into the sand in producing at the same rate as was the case in that test, before it was drilled deeper into the sand, now has a standard rig up, and is expected to go into the sand early in the present week.

Other promised developments for the near future are from the Nos. 3 and 4 tests of the Kemp-Munger-Allen, on the western end of the company's holdings. The No. 4, an offset to the Gulf Production's test, is having a standard rigged up to go on down from its present depth of around 1,725. The No. 3, further to the south, is now drilling around 1,600, and is expected to be around 1,725, where it will be standardized, early in the coming week.

The No. 2, further to the south, on the southern edge of the lease, which is reported as having oil in greater quantities, although still troubled somewhat with gas, have expressed the belief that it will become a producer. It is stated, the test is to the west and south of the discovery well. Early standardization of the Nos. 2 and 4 is being effected to avoid possibility of any recurrence of trouble similar to that experienced in the No. 2, company officials stated.

Although a grab has been dropped into the Art-Boger-Ard-Haynes test and lost in the hole, it flows continually with ever more remarkable duration than before, it is stated by one of the owners. No effort is being made to get the grab out of the hole, nor will be made, he continued, as long as the well continues its present remarkable performance, which included the overflowing of a 100 barrel flow tank in a head of one hour and three minutes duration, and which was followed regularly by other lengthy heads with only a few minutes' duration. "We are letting it absolutely alone," he said, "and see no reason for either swabbing it, or taking out the drill pipe as long as it is flowing like it is now." The well first began making these flows over two weeks ago.

Casing was being reset Saturday in the Art-Haynes-Cameron test to the east of the Kemp-Munger-Allen discovery well, and the well will probably be drilled into the sand encountered around 1,760, early in the coming week.

GULF PRODUCTION CO. WELL ON THE MUNGER MAKES 400 BARRELS

The Gulf Production Company's No. 1 Munger in Block 25, is flowing at the rate of 400 barrels daily, according to today's reports from the field the cement plugs being drilled out Saturday morning. This production is coming from 13 inches of sand, a part of the sand, which was struck at 1769 feet being cased off.

This sand, almost 30 feet lower than the sand from which the Keen and Wolf, a few hundred feet to the north is producing, makes it appear that there are two producing sands in this field and gives promise of a double interest in developments in this field.

Three crews are working on the Gulf's No. 2 and No. 3 in this tract, running a full twenty-four hour day. No. 2 is drilling at 800 feet and No. 3 drilling around 400 feet.

The Cline Oil Company has three rigs running on their 34 acres in Block 25, and started drilling today on Nos. 1 and 2 in their 50-acre lease out of the Kemp-Munger-Allen original lease. The No. 1 on the first named lease is drilling around 800 feet, No. 2 is drilling around 500 feet and No. 3 drilling around 100 feet.

CLARA BURK TEST REPORTED TO HAVE PICKED UP A SAND

The Clara Burk test in Block 225 about two and a half miles down the river from the Burk-Cameron and about a mile and a half northwest of the Pator, remaining, is reported to have picked up a sand, with a good oil showing just above 1800 feet. Casing is being hauled to the well and developments are being watched with considerable interest, as production in this test would open up a considerable stretch of new territory.

K. M. A. DISTRICT TO HAVE WATER BY TUESDAY

The Beaver Creek Water Company with T. C. Thomas, as manager, will be pumping water into the Kemp-Munger-Allen district by Tuesday, it was announced Monday. Water has been scarce and badly needed in developments in this field, it is stated, and this water plant will fill a genuine need. The line is from Beaver Creek to the Boger Ard lease in Block 25, and the company's offices are on the Boger Ard lease.

PUMP BEING RIGGED UP ON BURK-CAMERON WELL AND TEST WILL BE MADE

A pump is being rigged up at the Burk-Cameron well, in Block 225, the well producing to make flows by hand, according to latest reports from the field. There is storage on the ground so that a test can be made as soon as the pump is rigged up. Four other tests are now drilling.

Clois L. Green and R. M. Waggoner putting down two of these tests while the Burk-Cameron Oil company and the Texas Chief Oil company are also drilling.

Attention is attracted to the section east of the Burk-Cameron through the report that the Clara Burk-Oil Company's No. 1 Schroeder, in Block 225, is reported to have the oil sand a short distance above 1800 feet. The Clara Burk is a little less than two miles to the east of the Burk-Cameron. It is now waiting on casing, immediately surrounding the well.

"I HAVE TRIED IT OUT, AND I KNOW" SAYS BROWER

W. H. Brower, 928 South Lawton street, is one of the best pleased men in Tulsa, Oklahoma, and when he talks of what Orgatone Treatment has done for him, the genuineness of his enthusiasm never fails to convince his hearers that his faith is well founded. "I have tried it out and I know," he said in Roy R. Getman's Drug Store a few days ago, "and I want to say right here and now that what I mean by little bottles of this Orgatone has done for me beats anything I ever saw in my life. I was so weak and run-down that when I got up in the morning, I would feel more tired and worn-out than when I went to bed.

"The fact is, I hadn't felt like a well man in several years, for my stomach just seemed to go back on me entirely and I couldn't digest anything right and I didn't get any strength and nourishment from what I did eat. My appetite failed me and things got so they didn't taste right, and most of my food didn't seem to have any taste at all. I was nervous at times and couldn't sleep at night. I would fill up with gas and have severe cramping spells and would feel sore and stiff. I had very little energy and was so blue over my condition that I was out of sorts most of the time, for I didn't see how I was going to keep up much longer. "Since I got on to this Orgatone and took a few bottles of it, I feel younger and I am getting just as spry and cheerful as in the next few years will come across. I am one hundred per cent better every way, for I eat good, sleep good and everything tastes good, and don't disagree with me the least bit. The gas has left my stomach and with it those severe cramping spells. To make a long story short, all these old troubles have left me. I feel better than I have in years, and I can't say enough about this treatment—it's certainly great.

Orgatone is not a so-called patent or secret remedy, but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls by the Young Drug Store and the Miller Drug Store under the personal direction of a special Orgatone representative.

MEETING TO REQUEST THAT IRON WORKERS RESPECT CONTRACTS

Contractors and builders were called on by the committee of the Wichita Falls Open Shop Association in an open meeting Monday morning to ask the iron workers and hoisting engineers to comply with their contract, which expires August 11, at the instance of contractors who reported that the members of these organizations were asking \$12 per day instead of \$9 as specified in the contract exhibited to the committee.

Two of the contractors present admitted that men of these organizations had received the higher wages on their pay roll, both stating that they had paid that amount on the representation of their workmen that the other was paying that amount. The contractors present at this meeting agreed to pay no more than \$9 during the life of the present contract.

The announcement was made that the Wichita Falls Open Shop Association had become a member of the Southwestern Open Shop Association, the 15th town to acquire membership, and that F. O. Thompson of Dallas, the general manager of the association, would arrive in Wichita Falls Tuesday morning to assist in an advisory capacity in the local campaign. It was stated that Mr. Thompson had had experience in five other local campaigns.

Mrs. Birdsong will be buried at Denton Monday.

DECLARES BIBLE IS AID IN SOLVING PROBLEMS OF THE PRESENT DAY

A plea for acceptance of the Bible as a guide in solving the many problems of the present day was voiced Sunday night by Rev. J. Leon Keovil, pastor of the First Christian church, in his sermon on "The Book of Proverbs."

Application of the Bible message, "Let each man seek not his own, but each his neighbor's good" to the industrial troubles of today will provide an adequate remedy, Mr. Keovil said. "This trouble is we are all waiting for the other fellow to start," Mr. Keovil said. "We know that prices are too high, but we're waiting for the other man to start lowering them. We know that there ought to be no check on production, that there should be eight hours' work for eight hours' pay, but we let the other fellow stand in our way."

Mankind's willingness to accept the Bible was shown by the speaker with a number of illustrations.

"I've been told by lawyers," he said, "that were every Bible in the world to be destroyed, every essential truth in that book could be reproduced from the law volumes of our country. The Bible's doctrines have been so thoroughly written into our laws that our law books contain every vital message that the Bible brings."

Acceptance of the Bible, not only by lawyers, but by practically every class of citizenship, was also shown by Mr. Keovil, who told of his experiences in conducting Bible classes in railroad shops in Tennessee, where thousands of the shopmen participated.

"The Bible is gladly accepted in every expression of life," he said, "giving four reasons for this universal acceptance. Mr. Keovil said they were: First, that the Bible cuts to the quick; second, that it is fair to all sides; third, that it offers a way out; and fourth, that it deals in fundamental principles."

At both morning and evening services Sunday, the church and Sunday school auditorium were packed to the limits of their capacity. The morning subject was "The Supreme Ransom of a Soul."

MRS. CORA TATUM IS CHARGED WITH MURDER IN A COMPLAINT FILED

Cora Tatum, wife of "Buddie" Tatum, Springfield grocer, is charged with murder, in a complaint filed in Justice R. V. Gwin's court. The com-

plaint is in connection with the death of S. L. Stringfellow, an oil field worker, which occurred Wednesday at Springtown.

"Buddie" Tatum is now in jail in default of bond to the extent of \$1,000 fixed by Justice R. V. Gwin Saturday. Tatum is alleged to have shot Stringfellow following an argument in Tatum's grocery establishment.

Cora Tatum, a former wife of Stringfellow and the shooting is said to have followed a dispute between Stringfellow and Tatum. The woman is alleged to have conspired with her husband to kill Stringfellow and to have threatened to "kill Stringfellow" if her husband did not.

The woman has not been arraigned and bond will probably not be fixed until after an examining trial.

CHARGED WITH HAVING LIQUOR IN POSSESSION

Jim Lemmons, service car driver, and his wife, Mrs. Jim Lemmons, were arrested Sunday night by county officials charged with violating the state-liquor laws. Lemmons and his wife had whiskey in their possession. It is alleged in a complaint filed Monday in Justice R. V. Gwin's court. Twenty quarts of liquor is said to have been found in a room occupied by Lemmons and his wife. The defendants waived examining trial and their bond was fixed at \$1,000, each which they furnished.

A complaint alleging the violation of the national prohibition amendment was filed several days ago in federal district court against Lemmons. The federal charge is in connection with the alleged smuggling of a quantity of

liquor into Wichita Falls from the Mexican border section.

Paul Wiley, a service car driver, was arraigned Monday before Justice R. V. Gwin on a charge of violating the state liquor law. He is alleged to have had intoxicating liquor in his possession. He waived examining trial and his bond was fixed at \$500, which he furnished.

SCHOOL BOARD VACANCIES TO BE FILLED AT MEETING OF BOARD TUESDAY NIGHT

Appointment of two members on the school board, to serve in the place of Mrs. John C. Kay and C. H. Clark, recently elected, who have sent in their resignations, will be one of the most important matters to come before the school board at the regular meeting Tuesday night.

A petition, with more than 500 signatures, which has been circulated by parent-teacher club workers, asking for the re-appointment of Judge A. H. Carrigan, former president of the board, will be presented at this time. It is understood, and Judge F. A. Martin, one of the members of the board stated Saturday night that he was quite sure that Judge Carrigan would be one of the appointees, if he would serve, adding that it was the ardent desire of all the board members that

TIMES DAILY MARKETS

COTTON MARKET.

New York Cotton.
NEW YORK, April 19.—The cotton market was irregular and unsettled during today's early trading. Futures were declining but the opening here was steady at a decline of 25 points to an advance of 15 points. After selling at 42.00 on the spot May rallied to 42.25 or net unchanged, while October sold up from 39.50 to 40.25. 25 points net higher on reports of further eastern belt rains and an unsettled weather outlook. This bulge met increased offerings, however, and the market was further depressed by Lanesboro and reports of disturbed financial conditions in Japan with prices falling earlier before the end of the first hour. October sold off to 39.50, or about 5 points net lower under realizing particularly by houses with Wall Street connections.

The weather map showed less precipitation than expected and a unsettled market. Positions sold about 14 to 25 points net lower during the middle of the morning when rallied on the eastern belt forecast for showers. Demand failed to broaden materially however and prices turned easier again early in the noon hour under realizing and selling for re-acton. May was steadily easy owing to rumors that there had been selling against cotton which might be shipped here for delivery and broke to 41.50, or 46 points net lower, while October showed net losses of some 10 to 25 points.

There were moderate reactions in the early afternoon but there met increased offerings and the market was unsettled around 2 o'clock with active months selling about 25 to 30 points below Saturday's closing figures. A sharp break in the price of May at New Orleans helped to unsettle sentiment here and Wall Street was a considerable seller on the talk of tightening money markets.

The cotton market closed barely steady.

New Orleans Cotton.

NEW ORLEANS, April 19.—Conflicting weather reports caused an unsettled market in cotton today. In the early trading the market was inclined to sag because official returns did not show as much rain over the belt as expected from the nature of private weather accounts and prices fell off to levels 14 to 25 points below those of last week. After the posting of the official forecast calling for generally showery weather in the eastern belt and over a portion of the western, the market strengthened again, recovered its losses and went up 12 to 22 points over Saturday's final prices. July fell off to 39.00 and reacted to 40.10.

Detailed reports from the weather bureau showing very light rainfall in the belt over Sunday, rumors of unfavorable financial situation in Japan, weakness in the stock market and reports of labor troubles in Lanesboro all helped to soften the market around the middle of the morning and bring about a general selling movement. Prices broke under the pressure and late in the morning the trading moved to 43 to 47 points under Saturday's close. July trading down to 39.50 and October to 39.00.

Selling pressure increased toward the close and the market did not absorb the offerings reported in the last few hours of the day the decline was widened to 68 to 85 points on the most active months. Considerable liquidation resulted from the fact that tomorrow will be a holiday in this market owing to the state's election. The cotton market closed steady at a net decline of 68 to 85 points.

Liverpool Cotton.

LIVERPOOL, April 19.—Cotton spot slow at sales; prices declined today on the cotton market. All deliveries rose to new high prices levels for the season. Opening quotations ranged from 3c to 15c with May \$1.70 1/4 to \$1.71 1/4 and July \$1.61 1/4 to \$1.62 1/4 were followed by moderate additional gains all around.

Oats ascended with corn. After opening 1/2c to 1 1/2c higher, including July at 68c, the market continued to climb. Provisions were firmer owing to the advance of grain and hogs.

The fact that seaboard exporters had boosted their bids to \$2.04 a bushel for wheat exercised a stimulating influence on speculation demand for corn. The close was unsettled, 1 1/2 to 2 1/2c net higher with May \$1.71 1/4 to \$1.71 1/4 and July \$1.61 to \$1.62 1/4.

NEW YORK STOCKS.

New York Stocks.
NEW YORK, April 19.—Advances extending from large fractions to almost four points attended the early dealings on the stock exchange today. Traders and speculators were evidently more encouraged by the further weakening of the railroad strike and last week's favorable bank statements. Steel, equipment and copper reflected a substantial demand with sugar and utilities. Consolidated Gas adding 1/2 point to 1 1/2c. The market's general movement rails and shippings also gave promise of further improvement.

Selling became extensive mid-day when the U. S. Steel Corporation stock holders were in session. Oils reacted with steel, equipments, motors and related specialties. The most severe decline was made by Standard Oil of N. J., which fell 30 points on scattered selling. The closing was heavy.

Final prices on Liberty bonds today were: 3 1/2% 93.50; first 4 1/2% 96.00; second 4 1/2% 95.50.

The Story of Modern Bread Making—Chapter VI.

A sugar test to determine gas producing properties

SUGAR

As an Ingredient in Bread

SUGAR is highly important in proper bread-making. It is used by the yeast to produce peroxide gas, which gas expands the gluten and gives porosity and volume to the loaf. But enough must also be left to impart sweetness. Sugar is further instrumental in giving to the crust its attractive and appetizing color.

inferior fermentation. They give a small loaf, soggy in composition, imperfect in texture and lacking in food value.

Cane sugar, maple sugar, beet sugar and "maltose" are the sugars most suitable for making bread.

The sugar used in KLEENMAID Bread is added to the dough mixture both in the form of pure sugar and as a constituent of the highly sweetened condensed milk we use. KLEENMAID Bread contains only pure, high quality sugar, no cheap substitute.

The Scotchman Was Right

There is an old Scottish proverb which says: "A man who would thrive must ask his wife's leave."

The proverb is a very true one. The woman in a family is usually the one who sees that the family saves.

It is up to the mother whether or not the children learn the habit of thrift. Since the women do the buying for the family it is up to her to spend the family's money carefully.

Savings accounts may be opened by women in their own names and under their own control.
