PUBLIC GOES ON STRIKE AGAINST HIGH PRICES AND REDUCTIONS ARE REPORTED FROM MANY CITIES

General reductions of prices on merchandise, especially clothing, was reported today throughout the country. Merchants in many large cities have cut prices from 10 to 15 per cent.

Newspapers in New York were filled with advertisements of the "sales."

Reasons given for the reduction were:

A "slow" spring season with the public doing little purchasing and leaving merchants with stocked up shelves. The "tight" condition of the money market,

Banks were reported calling in loans, forcing merchants who "highly unfortunate" to place any new had borrowed money to purchase goods, to unload in order to meet their notes. Congestion of freight shipments due to the lack of cars, the

een generally influenced by the downward movement. However, grocers in some sections predicted a slight de cline might be expected soon, due to the general economic conditions. The congested freight situation was given as the reason for food prices remaining up.

large cities except Detroit and Cleveland reporting slashing of

high prices and there is a definite downward trend in commodities throughout the country, according to advices here today. The people are acting together, government economic experts believe. People have delayed purchasing their summer outfits and in consequence merchants have been left with large stocks on hand.

With price reductions being reported from all over the country, Senator Kenyon said today:

"It is an indication that some of the people have at last decided to stop paying exorbitant prices. The more widespread that decison, the quicker prices will fall."

"There are signs of a general price reduction," said Dr. Royal Meeker, government economic expert.

"I think it is not unsafe to predict that this is shown by the way the public has stopped buying in the mercantile line, At least there has corre as end of the upward movement swing when a supervised with profiteering in the sale of sugar. when everyody tree to outab his neighbor in extravagance.

"The action of the federal reserve board in raising discount prices has had an effect. There is also some indication that speculation is being discouraged. This should leave more contract or extract the wars arranged. cash and credit for the man engaged in legitimate enterprise."

The nation-wide railroad congestion

is the most important factor in the price reduction in the opinion of many government officals. It is causing a shortage of commodities in some districts and an over-supply in

There are indications that the hous-There are indications that the housing situation is returning to a sound basis, according to reports here.

Important developments in connection with the price situation were expected to come today from the meeting here of grain dealers for a conference with Julius H. Barnes, head of the United States garin corporation. They were to discuss extension of the government wheat price guarantee beyond June 1 when it expires, under the present law. pires, under the present law.

No Reductions at Detroit.

DETROIT, MICH., May 19.—Detroit
merchants stood pat today in the face

Cuts in merchandise have been made in Wichita Falls as in other parts of the country, practically all of the merchants advertising reductions on their spring and early summer apon their spring and early summer apparel, but so far as can be learned there is no indication of generally lower prices in the wholesals market, which must be necessary before the price of clothing can be actually lowered. This cut is explained by local merchants as due to several circumstances, chiefly as outlined by the dispatches from the national capital. "Wild buying" or overstocking may be largely responsible for cuts, present and to come, one merchant said, since for various reasons local merchants overbought this spring.

Extravagant buying has been prevalent in Wichit, Falls, as in other oversuces in the considering a measure, whether beneficial or inimical to

chants overbought this spring.

Extravagant buying has been prevalent in Wichita Falls, as in other overlients in Wichita Falls, as in other overlients of the country, and this bureau can muster a very impressing the interests of this part of the state, this bureau can muster a very impressing the influence through its 5,000 mem

this the public does not want.

There is not however, merchants state, sufficient overstocking in the city to make necessary a radical reduction in the prices.

Tightening of credit, beginning at the source of supply and working on through, to the agencies of demand, will probably affect to a slight degree. Overstocking oan help in this case, for where a merchant has borrowed much money to buy an abnormally

for where a merchant has borrowed much money to buy an abnormally large stock, if his credit is shortened, he must sell a part of his stock.

"I'll admit." said one prominent local merchant, "that I bought wild, but from the present outlook for wholesale prices I'm not in the least shaky. Silks are the only thing that have gone down at the point of supply, and that was caused largely by the breaking of the silk corner that had been formed in New York. This corner had forced raw silk from \$10 a pound up to \$16 a pound, and seemed to be going to put it still higher when the federal reserve commenced tightening up. Calling of loans has forced the members of the corner to sell, and I am informed that corner to sell, and I am informed that some of them have been ruined as a result. Silk is now down to \$11 a nound, and may go lower. We are pound, and may go lower. We are consequently waiting to see what the silk markiet will do.

"This does not mean that there will be any immediate reduction in the price of silk maiterals to the public. The high priced silk is not yet on the market. The silk we are selling now was made up from \$13 to \$14 a pound raw silk."

Cottons, woolens and leather goods.

Cottons, woolens and leather goods appear on the upward trend, with a promise for still higher prices for fall and winter, this merchant states.

"The local situation," he continued, caused by manufacturers becoming overstocked.

A big millinery establishment here placed a large amount of women's hats on sale at a 30 per cent reduction.

Prices on Toboggan.

NEW YORK, May 19.—Prices are on the toboggan, it is believed by leading merchants and business men in graph of all sores, high prices may be exing of all sorts high prices may be ex-pected. Wages are still high, and ev-erything, that goes into the composi-

or in the congested freight situation was given as the reason food prices remaining up.

The price cutting movement has hit the middle west, all recities except Detroit and Cleveland reporting slashing of the court and Cleveland reporting slashing of the court and cleveland reporting slashing of the Leveland reporting slashing of the court here today. This announcement was made by Herbert Peck, United State district attorney. The defendants seek to test the validity of the

WEST TEXAS CHAMBER COMMERCE TO MAINTAIN LEGISLATIVE BUREAU

A legislative bureau to be in

lent in Wichita Falls, as in other overprosperous parts of the country, and the merchants, in trying to anticipate the demand, were prone to buy heavily. Several on Wednesday stated, however, that the only place where they had been mistaken in buying heavily was in buying too much of the cheaper grade of merchandise. When the time for sales came, they stated, they had little to reduce but their cheaper grade of merchandise, and this the public does not want.

There is not, however, merchants state, sufficient overstocking in the city to make necessary a radical reduction in the prices.

There is not, however, merchants state, sufficient overstocking in the city to make necessary a radical reduction in the prices. Representatives of the organiza tion will also be present at the meet-ing of the independent operators in-volved in the receivership to be held Thursday morning at the courthouse

NO INDICATIONS IMMEDIATE

GALVESTON, TEX. May 19.— Charles E. Wray, secretary of the National Clothiers' association, discus-sing the question of clothing prices before the Texas Retail Clothiers' convention today, declared there was no indication of an immediate slump in prices. There may be slight recessions in some lines and slight gains in others, he told the delegates, but expressed his opinion that there would be no radical changes in prevailing levels.

Election of officers and selection of the next meeting place are scheduled for this afternoon.

SAYS CARRANZA HAS BEEN TAKEN

HOUSTON, TEX., May 19.—Deposed President Carranza was captured this morning, given passports by General Obregon and ordered to leave the country, according to a radio message received by the Oil Weekly from Tamreceived by the Oil Weekly from Tampico, the publication announced.

The radio was declared to have come from "an unusually reliable source." It did not state, however, to what port the deposed president was supposed to be headed.

The telegram read:

"Carranza captured this morning. Given passports by Obregon and or

UNCIL SELECTS GENEVA SEAT OF LEAGUE OF NATIONS

By CAMILLO CIANFARRA. (United Press Staff Correspondent) RQME, May 18.—The council of tigue of nations in session here tolded upon Geneva as the sest of league's headquarters, it warned tonight.

The council also decided that state desiring to join the league must first conform to the regulations to be formed by a league commission.

A message was sent to President Wilson asking him to call a meeting of the league's general assembly.

The council replied to the wireless message from the Russian soviet government, which virtually refused to allow the proposed investigating commission to euter Russia, declaring in the Moscow commissaries persist in this attitude, the league will throupon Russia "full responsibility" for

har isolation.

The council approved the report of Leon Bourgeois on disarmament Bourgeois' report of a financial conference to be held at Brussels to discuss exchange and the general international financial situation, also was approved. A committee of six was appointed to prepare for the conference.

Representatives of each league member will be invited. Questions to be discussed will include reparations, war debts, the internal financial situation of each league member here, circulation of foreign debts, and limitation of imports. Special invitation will be sent to

YOUNG AMERICAN GIRL TELLS OF KILLING OF TWO AMERICANS BY MEXICAN BANDITS NEAR PALIZIDO

Belle of Wichita

SAN ANTONIO, TEX. May 19.—
Meager details of the killing of Eben
Greeniaw and his son, Ralph, May 1
by Mexican handits near Palixido
Mexico, were told Wednesday morn
ing by Miss Minnie Barton, an intimate friend of the family, who passe
through San Antonio en route to he
home in Los Angeles.

Reports of the death of Mr. Green
law and his son were filled with the

home in Los Angeles.

Reports of the death of Mr. Greenlaw and his son were filled with the
state department the day after the
murder by the American embassy in
Maxico City and in announcing the
killing of the two Americans the
state department added that it had
asked the Mexican government to
take "effective measures immediately for the apprehension and punishment of the assassins."

How effective these measures

ror nobdy seemed to know exactly how many men attacked Mr. Greenlaw and Raiph," she explained. "The Mexicans with them were so frightened that they were unable to tell us definitely. The number varied from three to 12." The only fact of which the family can be certain is that Eben Greenlow and his son, Raiph, 30 years old, were taking the payroll from Palizido, the principal saw mill, to a logging camp and while en route their logging train was stopped, the two men murdered and the money stolen. This was Saturday morning. May 1.

Miss Barton, a young girl living with the family as teacher for the three small Greenlaw children, one mother-less child of Ralph Greenlaw's still very much unnerved as the result of her experience. With he mother, Mrs. E. H. Barton and friend from California who had been it Mexico, she arrived in San Antonia

Weary and nervous from the strain of the tragedy and the long journey, she refused to talk at first, saying that she and Mrs. Greenlaw had told the full story to government officials and she preferred letting the state department make public any information desirable. Bit by bit, however, in a friendly conversation, Miss warton told a full detailed story.

"Oh, it all seems so dreadful," she exclaimed with nervous suddenness. "For Mr. Greenlaw was preparing to retire. He has been in Mexico about 14 years, though not all the time in the fogging business. I suppose that he never thought of accident to himself after all these years. Mvery week he took the payroil to, the upper camp. Why, I went with him just two weeks before the murder."

Traveling Genditions Better.

Miss Barton and her mother left

Mesico City last Friday and they said conditions in the city were practically normal saids from the undercurrent of excitement due to the change of government. Traveling conditions now are much better than last August, when they entered Mexico, Miss Barton said.

Mrs. Greenlaw, Miss Barton said, is settling up affairs of her husband at the mill and will leave Mexico shortly for the United States. Per-

The Saturday morning of the murder Mr. Greeniaw and Ralph started with the payroll for the upper camp Miss Barton said, the usual number of train Mexican workmen accompanying tham. Though no shots were heard, it wasn't but a few minutes before the terrified Mexicans rushed back with the dreadful news.

was a dozen or more. None remembered whether Mr. Greenlaw and Ralph had been able to defend themselves before they were killed. It was horrible." She added that in investigating they had found two shots had been fired in Ralph's gun and one in Mr. Greenlaw's. "But that meant mothing," she explained, "for it was quite likely they had been fired before

"But they were not tortured. We had that much to be thankful for," she said. "I had leved Mexico," Miss Barton said after a pause. "It's a wonderful, beautiful country, with unbelievable opportunities. "Perhaps under the new regime the life of for-signers be a little more secure?" It was suggested.

"Perhape," listlessly. "Tes," rousing herself a little, "Obregon seems friendly. We were in Mexico City last week when he entered," she added. "There wasn't a shot fired; we were told that he would occupy the city at 11:00 o'clock so we all went out to see him enter. That was all there was to it. A bearded man wearing a white shirt; he just rode

MAN FOUND BRUISED

late in the night of May 7 he was knocked in the head at the end of his run and robbed of \$225. He regained consciousness in an automobile, but failed again to recover after he had been placed in a cellar, which he thinks was in Dallas. He was kept in this cellar where he received bologna sausage and water for food until last night when his captors bound him, placed him in au antomobile later to throw him out on the road near Denton. After rolling about 100 yards he attracted the attention of Mr. Fry.

Touchstone said he knows of no motive which could have prompted his

Looking Ahead One Year

Where will you be in twelve months from now?

Do you ever stop and seriously think what the turn of fortune's wheels leave in store for you?

The foundation for future greatness might well lie in a comparatively modest amount of money, available for investment on short notice.

Building up a reserve fund is a matter of small consequence after a definite plan for saving is adopted. Setting aside a nominal sum each week or month eventually becomes a habit. The fortune grows rapidly if deposited in a Savings Account in the City National Bank of Commerce, as your funds earn interest at the rate of 4 per cent compounded semi-annually.

Every dollar deposited in a Savings Account reduces the distance between you and the realization of your hopes for a home. We shall be pleased to explain our plan in detail.

City National Bank of Commerce

Combined Resources Over \$22,000,000.00

Why your cake dries out so quickly

Do you want to know how to keep your cake fresh and moist to the last crumb? Whether or not your cake dries out quickly depends, not so much on the shortening you use as on the texture of the flour. There is now a flour on the market that is manufactured with just this quality in view—to keep bread and cake moist and fresh.

In order to achieve this result this flour is tested every day by the expert baker at the Wichita Mill and Elevator Company. He bakes many loaves of bread a day. Each one is allowed to cool and then is cut open and the texture examined. He knows instantly if the wheat that goes into the flour has been properly blended to insure that delicate, fine grain necessary to perfect baking. The flour is watched constantly so as to keep it uniform in its results.

This is the day of TESTED products—TESTED baking powders—TESTED shortening, etc. Intelligent housewives use only TESTED ingredients in their cooking, for food is too high to waste.

Now there is a TESTED flour-Belle of Wichita. Have you tried it yet?

You Can Rely on Belle of Wichita-the Tested Flour

YOUNG PIANIST PLEASES MANY AT RECITAL

MANY AT RECITAL

Miss Jessie May Lawier, 12-yearold daughter of Mr. and Mrs. G. W.
Lawier, was presented in recital on
Tuesday evening at the First Baptist
Church by her instructor, Miss Katherine Cook, and in a well chosen and
splendid rendered program, surprised
and pleased a good audience. Her
technique and tone shading, especially noticeable in Liebling's Spring
Song, was remarked on as unusual in
one so young by the musicians who
heard her, and her program proved
uniformly good, a credit to both instructor and performer.

Miss Lawier was assisted by Miss
Elvia Allman, reader, trom the expression classes of the Academy of
Mary Immaculate, a student of Mrs.
E. L. Fulton, and the young reader
was also unusually clever in presenting her part of the program.

BUSINESS GIRLS TO BE
ENTERTAINED THURSDAY

The Business Girls Club of the Y.

The Business Girls Club of the Y. W. C. A. will be entertained on Thursday evening at the home of Mrs. J. W. Culbertson, when an illustrated lecture on civics with be given by Mrs. J. C. Berney, Mrs. Culbertson has also extended an invitation to the other citizenship classes of the city to attefud, and also to the oddhers Club of the Alamo school. A social hour will follow the lecture, and the entire evening promises to be unusually entertaining.

DELIGHTFUL PARTY TO CLOSE DELPHIAN GLUB YEAR

Marking the close of the year's work, and also a compliment to the newly elected members, the Delphian Society entertained an open meeting Monday evening, in one of the most delightful social events of the most delightful social events of the month, at the beautiful home of Mr. and Mrs. Beh G. Oneal, the husbands and friends of the members being the guests of the club. Lovely garden flowers made an attractive decoration for the spacious reception suite in which the tables were placed for bridge and forty-two. The club colors, gold and white, suggested a pleasing motif for the game appointments and for the refreshment course, the ice cream being moulded in lilies, and served with angel food cake.

Those present were: Messrs. and Mesdames C. N. Alexander, Leslie Humphrey, Everett Jones, H. G. England, T. A. Hicks, H. O. Cravenis, James Barnard, F. T. Datson, Luther Hoffman, Walker Harris, Guy Rodgers, R. E. Thornburgh, Richard Bailey, Brown Robbins, W. E. Maxson, Tarleton Morrow, J. L. Hart, Misses Blanche Potter and Pauline Richolt, Mrs. Ola Hamilin, and Messrs. Lester Aaron and Sellars Rodgers.

Y. W. C. A. EDUCATIONAL COM-

Y. W. C. A. EDUCATIONAL COM-

All members of the educational committee are requested to meet at the home of J. W. Cuihertson, 1100 Harrison, on Thursday morning at 9:30. Mrs. J. C. Berney, chairman.

OPEN HOUSE AT GOLF

Saturday evening's social event for the members of the Golf and Country Club will be the open house, at the club house, the second of the Saturday night social affairs which have been instituted for the summer. The hostesses will be Mesdames Morris Narcus, Harry Baum, Harry Weeks, T. P. Adams, Brown Robbins, Lester T. Burns, J. L. Jackson, W. B. Hamilton, Bentley Bacon and J. E. Daniel. All members of the club are cordially invited to attend. The diversion will be varied and informal.

NO. 1 MEETS MUNDAY

Meeting at the home of Mrs. W. J. Nolen, 1100 Indiana, Monday afternoon, Circle No. 1 of the First M. E. Church, South, was entertained by Mrs. Nolen and Mrs. Fant in the regular monthly study and social session. Mrs. Stuckey led the devotionals, and the resetting program was given by

HIRAM JOHNSON'S SHOWING

Hiram Johnson is still in second lace, in the fifth week of the Literary Digest's presidential straw vote, but he got more votes during the week than any other candidate and gained 2,000 votes on General Wood, who is still in first place. Herbert Hoover, third on the republican list, got 13,000 less votes than Johnson during the week, and the other republican aspir ants continued to get further behind the leading triumvirate. Of still greater import, as showing why Hoov er is so strong in the straw vote and so comparatively weak in the republican primaries, where he has yet to many more than one-third of the Hoover vote comes from democrats, the figures being 67,074 out of a total of 169,552. Indeed, the Digest calls particular attention to the fact that its poll shows no less than 148,124 demperats voting for a republican candidate (almost half of them, the Digest does not add, voting for Hoover) against a total of only 197,170 demo crats voting for democratic candidates Twenty-one thousand, two hundred and fifteen republicans voted for demcratic candidates, almost half of them -10,512-for Governor Edwards of Yew Jersey. Totals on the republican ide with 1,100,000 votes in were: 202,039 including 17,386 demorats; Johnson 187,140 with 29,206 crats; Hoover 169,583 with 67, democrats. Lowden, Hughes, arding, Coolidge and Taft followed the order named, none with as

sange is that President Wilson has way out. forced Governor Edwards back into third place with the increased vote. McAdoo has increased his lead over Edwards them 11,000 to nearly 19,000. The relative standing of the other semocratic candidates is unchanged. Edwards continues to lead in the number of republican votes, but McAdoo faces and pop are me and pop to materials than the two major organizations. The democratic standings are:

McAdoo 63,988; Wilson 45,368; Eds.

Way out.

O well axsidents will happen in the best regulated families, lets jest eat the tomatoes and pertend we dont notice enything unusual about them, sed pop. Cant I pertend I dont notice enything unusual about them without eating them? I sed, and pop sed, Serteny not, be a spoart.

And wen ma called us for suppir lift there were a club in your community in which the basis of eligibity was absolute honesty—not only in the one of the things Gladdis dont eating them 1 set one of the things Gladdis dont eating the mark, to turn it in to the snop or road.

("But half the time people don't call for such things and I always feal as if the railroad or the shop got them, and I-might as well have them as they." Objected one woman and they obje

senocrats. But the complexion of the sciplents of the cards may be shown by the results in Texas, where the semocrats show only 26,242 votes gainst 12,724 for the republicans—a reportion that is not in any sense spresentative of the Texas—vote, which is ordinarily good for a demonstic majority of 500,000 votes if need. You make a face, sed ma, and pop sed. You made one of the werst faces. You seem this year, wy don't you finish your tomatoes, mother?

Willyum Potts, you know those tomatoes are bernt, you must think I'm awilly dents, saying. Well, so they are, and I picked up his awaer and smell it, saying. Well, so they are. And I picked up his awaer and smell it, saying. Dern if they aint.

Wich they certain the west faces. You made one of the werst faces. You made one of the were faces. You seem this year. You wanted the were faces. You wanted the well was a faces. You made one of the were faces. You wanted the well was a faces. You made one of the were faces. You made one of the well wanted the well was a by the results in Texas, where the F against 12,724 for the republicans—a awilly proportion that is not in any sense which is ordinarily good for a democratic majority of 500,000 votes if need be. The distribution of the Texas tote in the Digest's balloting is of ome interest in Texas.

Among the democrats McAdoo, leads with 6,668, President Wilson is next with 5,988, Bryan is third with 2,188; Palmer, Clark, Edwards, Marshall and Cox following in the order named.

In the republican voting Hoover has big leed with 4,274 votes, Wood is second with 2,890 and Johnson is third with 2,525. None of the others

nave as many as 1,000. With the balloting showing over million votes out of the 11,000,000 it is expected to include before the naional conventions, the outstanding pature from a democratic standpoint, taking the votes on their face without oing behind the returns, is that if over had announced himself a democratic, he would be making a runs way race of the democratic votes, and that, with Hoover eliminated as a democratic possibility, the leading candidate by far is McAdoo, whose rote is consistent in practically every tate and whose strength is generally disseminated instead of being, as is the case with one or two and notably Edwards, confined to a very limited

Wichita Falls and Dallas and the towns between can well afford to take care of the necessary amount of stock for the building of the interurban. If New York capital, concerned with the road merely as it would yield direct returns, can afford to go into it on a basis of putting up a dollar for every dollar that Dallas and Wichita and the towns between put up, it ought not to be difficult to persuade the citisens of the territory concerned that they can meet the proposal, for their profits are expected to accrue very much more from the general good and much more from the general good and grind, from the indirect returns than from They leave the daily tasks behind. the dividends payable by the interurbans' earnings. We haven't a particle of doubt about what Wichita cit-we haven't a doubt but that Wichita people will do not only what is asked of them, but that they will help along the enthusiasm and interest and collections in the other towns along the proposed route. Wichita wants the interurban and it's going to do its part and more toward getting it!

> The republican peace resolution after all the fanfare of trumpets and mustering a two-thirds vote through a soling republican line-up and defec tions among the democrats—the resolution got through the senate by a vote of 42 to 28, and to do that it had to get the support of three members listed as democrats-Reed of Mis souri, who has been disowned by the democrats of his own state; Walsh of Massachusetts, who is more a repre sentative of the Irish republic than he is of the democratic party, and Shields of Tennessee, who is paving the way for his retirement at the end of his term. Veto of the resolution is regarded as certain, indeed, there are hose who question if a veto is needful, since the effort is so palpably an invasion of the executive's powers and rights. The President will probably veto it, however, and return the peace

Bailey conference at Dallas must have when called upon to listen to the ap probrious and unprintable epithet applied to the governor of Texas by one of the speakers, who, since Mitchell Bailey, was one of those "intimidated". by the democrats supporting the democratic administration in the May pri-

HAMBONE'S MEDITATIONS

AH CLARE T' GOODNESS! AN DONE PROMISE A LADY YISTIDDY AH GWINE DO SOME WORK FUH ER DIS EVENIN' BUT AH CLEAN FUN-GOT DIS

Just Folks

The only real time for fun Is when you know your work is done
Who leaves neglected tasks behind
Takes with him an uneasy mind,
But he can sing along his way

The sweetest hours of joys are these Which every weary toller knows—
The holidays which now and then Shine through the lives of busy men When, free from care and duty's

And keep his post, however sweet The pleasure he has gone to meet, Because for ever on his mind. There lies the task he left behind.

He only knows the thrill of fun.
Who plays not till his work is done.
Then he may wander fancy-free
And claim the joy, whate'er it be,
Knowing the laughter and delight
Which come to him are his by right,

God grant that when I come to rest, With life's sun sinking in the west, And the last bugie call is blown By duty's herald I may own The right to turn from toil and rest, Knowing that I have done my best.

Side Talks

someone made the statement in someone made the statement in a nagazine not long ago that absolute onesty was a very rere thing. I brought that up for discussion in group of people and most of them uite bristled at the idea. It might e rare, they seemed to intimate, but it were, they at least were within he pale.

Never accepting a nickel when the lephone makes a mistake and of houesty," said one member of the proup. "I consider that a fair payment for some of the bother they have me")

To pay a conductor when he forgets

To pay a conductor when he forgets to take up your fare.

("I've heard," said one of the women, "that they don't like to have you call attention to their mistake, so I just let it go by.")

Never taking stamps from the firm's supply for private uses.

Ne One Had That Temptation.

(No one defended that habit as permissable. As it happened, no one of the group was a working woman and the two men were heads of firms. But can't you fancy a business woman who claimed perfect honesty, nevertheless explaining that runst was justified because she often gave the firm

claiming the breaking of a three ways my stambling block in the old days.)

Being just as careful to protest hen you get long change as when "The Other Man's Business" (One of the business men pointed out that it was the business of the people making change to see that they didn't long change you.)

Always to return anything ound to its owner if it had any

common deceney would do that.)
Also, if one found in car or shop anything that had no identifying mark, to turn it in to the stop or

HOROSCOPE "The stars incline, but do not compa (Copyright, 1919, by the McCle Newspaper Syndicate.)

Wednesday, May 19, 1920.
Friendly stars guide men and women this day, according to astrologers. While Jupiter and Neptune are in a strongly benefic aspect, Venus, Mercury and Mars are in hindly away.

Venus, Mercury and kindly sway.
Some sort of a commercial treaty that will greatly benefit American trade is forestandowed.
This should be an auspicious time for all large enterprises, especially for those that have to do with the development of manufacturing in

development of manufacturests.

This should be a favorable day for making plans, whether they be political or commercial. It is lucky for personal advancement.

Women should profit by conditions during this configuration which seems to promise that they will gain through helping the ambitions of man.

men.

Under this direction of the stars women should be extremely careful about writings. Love letters as well as other communications may cause serious troubles, but political issues will be especially dangerous to discuss on paper.

All constructive issues should benefit today. In the coming months there will be great opportunities for all who have executive talent and experience.

experience.

Military men should be fairly fortunate today, which gives to them recognition and accords them just

tunate today, which gives to them recognition and accords them just dues.

Astrologers long have prophesied that with the advancement of the new era the United States would be the scene of a revolution which the people would not recognize bestues it was not to be attended by bloodshed. They now point out that it is wise to read the signs of the times. The formation of a nationwide byganisation representing millions will be perfected by mid-summer, the seers declare, and it will seek to hold back the rising tide of industrial domination. Through many avenues old traditions will be presented, it is prophesied.

Persons whose birthdate it is have the augury of an active year that will bring success.

Children born on this day are likewise to be lucky all through their lives. Perseverance and courage contribute to their good fortune.

IS THERE SAND AT THE SEASHORE?

(Copyright, 1920, by Wheeler Syndi-

The present, of the sand which makes beaches and drifts into dunes along the edge of the sand dates back originally to this formation of the earth itself. At this time, millions of years ago, the land and rocks which now form what we know as "the crust of the earth," was a molten mass, in which was a large proportion of the element known to science as "silicon." This silcon was burned and, in conjunction with the oxygen which surrounded everything, produced the substance known as "silica" or "burned silicon." A large portion of this was deposited on the surface of the earth and, when the world cooled, it formed a sort of crust or granular deposit, to which the name of "sandstone" had been applied.

When the oceans were formed,

had been applied.

When the oceans were formed, the action of the water in constantly wearing away this sandstone broke it up into tiny particles and formed the sand as we see it today. The reason that this appears in large quantities on the edge of the ocean is because the motion of the waves and the tides constantly swept it up from the bed of the sea and deposited it on the beaches, where it remains silently to testify to events which happened long before the memory of men.

Tomorrow's question—Why do

RIPPLING RHYMES. By WALT MASON

When a panic comes and swats us bringing 40 kinds of woe, and bringing 40 kinds of woe, and the sheriff comes and trots us to the court where bankrupts go, then we'll wonder, oh, we'll wonder, why, in booming, bulging times, when the trees were growing plunder, we refused to save some dimes. When the panic that's predicted by the wise men everywhere, comes along, and we're afflicted with a poorhouse bill of fare, then we'll do some idle ravwe didn't do our saving when the m was at its worst. Now that ev thances are the best, it's the time to cedar shavings, so the insects won tanney; for the man who has his savings is the wisest kind of boy. Soon this crazy boom may trundle to the tomb, in ghostly robe; then the man who has a bundle is the man who'll ride the globe.

Artificial Weather for Hospitals.
Investigations made in several Boston hospitals by Dr. Ellsworth Huntingdon seem to indicate that, for surgical operations, the best condition of the atmosphere is high humid-

ter operations, and moderate humidity, about 60 per cent, at a temperature of 64 deg. F., a few days later. Dr. Huntingdon points out that, if these results are accepted, there is no reason why the optimum conditions of temperature and humidity should

HMY, HE LOOKS AS

IONESTAS ANYONE

Equip Your Smaller Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodvear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day. You can well do so because these smaller

Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterpree? \$450

KEMP PORTRAITS ARE PRESENTED TO THE KEMP LIBRARY

Beautiful tributes to Mr. and Mrs. J. A. Kemp, as citizens, friends and neighbors, as well as in the role of benefactors, were paid Tuesday evening by every speaker taking part in the program, when the handsome oil portraits of Mr. and Mrs. Kemp were formally presented to the people of Wahita Falls and hung on the fibrary wafts. The program was preceded by an open air concert by the Shrine band in front of the library, which was much enjoyed. The program was announced, and the speakers introduced by H. L. Hunter, member of the Library board, who presided as master of ceremonies, and who also took the occasion to add his tribute to the donors of the library, who the board Beautiful tributes to Mr. and Mrs.

dividually and aganist H. H. Haggard, as trustee of the Double L syndicate by stockholders in oil concerns said to have been promoted by Haggard. The defendants assert they purchased stock in oil companies through fraudulent representations made by the defendant. Recovery of debt totalling county clark against holdings of H. H. titlong approximately \$7,000 is sought by the Haggard et al. following the filing of linois

Library board, who presided as master of ceremonies, and who also took the occasion to add his tribute to the donors of the library, who the board was thus honoring by presenting their portraits to hang in the building they had made possible.

The presentation was made by W. M. Priddy Mayor W. D. Cline accepting for the city, and both of these speakers reviewed the reasons why Wichita Falls was no proud of Mr. and Mrs. Kemp.

Mr. Kemp, in a short, talk, in words of much feeling, stated that he considered the gift of the library to the city, "only a small payment on a large debt we owe to the people of Wichita Falls." Appreciation of the co-operation and assistance which he has found from the city whenever it was desired was also expressed. At the close of his talk he called his mother and his wife to his side, to present to the audience, making an effective tableau and adding to the sentiment that so strongly flavored the entire event.

The artist who paluted the portraits, Emil Hermann, was present for the occasion, and afded his moter of praise and appreciation for his recent subjects. He recounted how when the portraits were finished and on display before being hung in the library he was an unseen listener to many comments from those viewing the portraits, and always there was nothing but praise for the subjects.

"Mr. Kemp is the first great man whose portrait I have painted for whom there has been unqualified praise," he stated. "So frequently you hear, "He's a great man but—There have been no 'buts' in the case of Mr. Kemp;

The history of the library was briefly sketched by Mrs. C. W. Snider, the

There have been no 'buts' in the case of Mr. Kemp."

The history of the library was briefly sketched by Mrs. C. W. Snider, the chairman of the board, who also mentioned the splendid work of Miss Polify Roberts, the first librarian, and the regret that she was unable to remain in the work. Commendation of the work of Mrs. Tietsort, the able assistant, who faithfully filled in the vacancy until Miss Dodge, the present librarian, was secured, and praise and commendation for Miss Dodge was also given by Mrs. Snider.

Miss Dodge expressed her enthusiasm for the work which was great when the position was first taken, and which is still growing, and also expressed appreciation for the generosity of the public in answering the appeal for funds with which to buy much needed books, and for the splendid co-operation of the board.

Following this program a social hour was enjoyed, and a musical pro-

Why Dr. PRICE'S

"Cream" Baking Powder

> is made with pure Phosphate

- Because our scientific methods of production make Dr. Price's Baking Powder the "Cream" of Phosphate Baking Powders.
- -Because thouse of this pure phosphate makes it possible to sell Dr. Price's "Cream" Baking Powder at about HALF the price charged when the powder contained Cream of Tartar.
- Because we knew there were thousands of women who would welcome, at this low price, a good, pure, wholesome baking powder, guaranteed by a name famous for quality for 60 years.

Contains no alum. Leaves no bitter taste. Never disturbs digestion. Here are the prices:

> 25c for 12 oz. 15c for 6 oz. 10c for 4 oz.

ED APPLETON'S WILDNESS COSTS SPUDDERS ANOTHER VICTORY; MOKAN GETS ANOTHER HOME RUN

Johnny Mokan handed Ed Appleon a two-run lead in the third inning yesterday's game with San Anonio, but as has been his habit, Ed blew up a few minutes after and handed the Bears three tickets to gave them three runs, enough to win the game. Tanner was responsible for another Bear tally in the eighth and the final score was 4 to 2.

Johnny awung from his heels on ne of Ross' shoots in the third while osefson was earned.

Johnny swung from his heels on one of Ross' shoots in the third while Josefson was camped on first and drove the ball out of the lot. After that, the Spudders never had a chance as Ross was hurling championship ball.

chance as Ross was harmag coardpionship ball.

Appleton got himself into a hole
nearly every linning by passing the
first man up or allowing a single,
but tightened up in every frame except the third. As was the case Monday, he had to stay in and get his
bumps, while Manager Salm's crippled staff warmed the bench. There
was nebody available to relieve him.
Snedecor got a single in the first
with two down, but got no farther
than first. Appleton got in a tight
hole right off the bat, but pulled out.
Fuller opened with a safety and went
around to third when Nee sacrificed.
Grubb made the play and left third uncovered. Knisely fouled out and
Tanner threw out Brown, leaving Nee
on third.

Tanner threw out Brown, leaving Nee on third.

The Spudders lost a golden opportunity in the second. Tanner walked and went around to third on two infield outs. Kitchens drew a pass and immediately proceeded to purioin second. Appleton had a chance to break was his own same, but hit the air three up his own game, but hit the air three up his own game, but hit the air three times in succession. Gross beat out a slow roller for the Bears but the next three men to follow him went out in

three men to follow him went out in order.

Joe opened the third with a single and remained on first while Honeck popped to Gibson, attempting to sacrifice and Snedecor filed out to left. Mogan then laced one for four bags and put the Soudders in the lead.

Appleton started off like a champion, with a two run lead to work on, by fanning Ross, He then handed Fuller a pass and the latter went to third on Nee's hit to right. Knisely drew four straight ones, filling the bags. Appleton passed him purposely, but it was a costly pass. He continued to throw them away and gave Brown four wide ones in succession, forcing in Fuller. Gross got a safety, scoring Nee and Knisely and another perfectly good ball game was chalked up in the Spudders' lost column.

chalked up in the Spudders' lost column.

The Spudders went out in order in
the fourth, fifth, sixth and seventh.
Ross was pitching wonderful ball and
the Spudders could not solve his delivery. Appleton got himself in a
hole in the fourth by passing Northsen right off the reel, but escaped unscathed. The Bears were retired in
order in the fifth, but came near dois; some damage in the sixth. Appledon remained consistent and started
things off by passing Gross. He was
forced at second by Gibson who remained on third while Booe flew out
to Storey. Gibson stole second and
went to third when Kitchens tried e
heave the ball out of the park. Tanner threw Northern out, and Appleton
once again breathed easily.

Ed had a temporary relapse in the
seventh and the Bears went out in
order. In the eighth, Knisely drove
one at Tanner a mile a minute. The
latter fielded it too late to get the
runner and the wallop went for a hit.
Tanner threw wild in an attempt to
catch him and he went along to sec-

catch him and he went along to second. He took third on Brown's sacrifice. Gross dumped one down in front of Appleton and Knisely tallied LEAD AND HANDS GASSERS

with the last run of the game.

The Spudders threw a scare into Ross in the final frame when Snedecor opened up with a single. Mokan forced him at second but Buddy Tanner came through with a hit to right sent Mokan to third. Grubb had

the chance of a life time, but hit into a double play. Score:

THE REVERIES OF AN UMPIRE.

THE REVERIES OF AN UMPIRE.

(If the late Ben King will accept such apologies as are due.)

If I should die tonight,
And as with folded arms in death I lay,
Arrayed in shrouds of linen pure and white,
Some rooter should bend over me and say—
"Old dog, I'm sorry that you're down and out—
I hope you get to heaven, for you're square—
I've seen you umpire many a hard fought bout
Without one bum decision, I can swear."

If he said that,
Although my soul was even then a spook,
I'd rise at once in my large, white cravat
To get one look at him, one final look;
I'd make him pass me out that dope once more,
The same quaint words that he had used before;
Yes, I'd rise up till I was done, and then—
I'd drop back dead again.

FOR HOME RUN HITTERS

We have no way of knowing just how many of our readers desire to be home run hitters.

If there are any such it may interest them to know a few of the personal batting traits of "Babe" Ruth.

Ruth stands with the toes of his right foot, or the front of his right shoe, located only six inches from the plate. Rarely more than eight. At times he seems to be almost on top of the plate. His left foot is placed only a trifle to the left and almost directly back of his right foot. The two feet seem to be almost in one line. Then, as the ball is pitched, he steps forward with his right foot which swings in the general direction of right field, midway between first and second, so far as direction goes. This motion gives his additional leverage, more power than if he stood with his two heels on a line as so many do.

If the ball is over the inside corner he steps with his right more in the direction of first base.

itional leverage.

s so many do.

If the ball is over the inside corner he step.

If it is over the outside corner, more in the direction of second base. But always he is stepping into the pitch.

Ruth grips a bat much as Joe Jackson does—both hands together down at the ultimate end of the handle.

Pipp, another slashing hitter, grips with both hands together about six inches from the handle.

Cobb keeps his hands apart—his right hand being about eight inches from the handle and his left hand four inches above his right hand.

Being in possession of these intimate details, the rest of it is now up to the handle and his left hand four inches above his right hand.

Being in possession of these intimate details, the rest of it is now up to the handle and his left hand four inches above his right hand.

Being in possession of these intimate details, the rest of it is now up to the handle and his left hand four inches above his right hand.

Being in possession of these intimate details, the rest of it is now up to the handle and his left hand four inches above his right hand.

Being in possession of these intimate details, the rest of it is now up to the handle and his left hand four inches above his right hand.

Cobb keeps his hands apart—his right hand being about eight inches from McNels, F. W. Hou the handle and his left hand four inches above his right hand.

Being in possession of these intimate details, the rest of it is now up to the handle and his left hand four inches above his right hand.

Cobb keeps his hands apart—his right hand.

Being in possession of these intimate details, the rest of it is now up to the handle and his left hand four inches above his right hand.

Cobb keeps his hands apart—his right hand.

Being in possession

The main feature is that bat grips vary among stars just as golf grips do in golf. Ruth, Pipp and Cobb all have different grips. So have Hagen, Evans, Ouimet and Kirkby in golf.

The grip, as long as it is comfortable, has very little to do with the secret or science of timing.

You might as well slip it along to Bombardier Wells. He has something any boxer that ever lived.

on any boxer that ever lived.

It's no great trouble, by way of illustration, for a boxer to get matched for comfortable gate receipts as long as he keeps winning. There is no art in this. Any one can do it.

But it takes a genius to continue getting matched for robust purses where the only doubt is whether he will last one round or three rounds. Wells has been slammed into the resin year after year at every start. Yet he keeps on getting fights and building his income. How many other boxers do you know who were able to get matches after being knocked out nineteen times in nineteen starts.

LIMERICKS OF THE LINKS.
A duffer who's topped every shot,
Remarked from a well-bunkered spot;
"I'm sorry to leave you,
But I won't deceive you,
My niblick is getting too hot."

Six years having elapsed since George Stallings was identified as the Miracle man, a yearning seems to have seized upon George to resume where he left off on top of the Mackmen in 1914. Once he gets going, the rest of it doesn't seem to mean anything, no matter what his material is. The idea of any one winning a lot of straight games with what the Braves were supposed to be!

Change to have made a million—viz., by betting April 14 that on May 15 the Braves would be first and the Giants last.

What'll you

That's the question these days. I'm here right now to tip you off to a drink that has everything in it that I ever wanted in real beer.

have to drink?

This drink is Buck and it sure is great! I drink it with my meals and I serve it to my friends. Many of them prefer it to real beer. Tastes just like the old-fashioned kind.

Buck has a fine tonic effect. It braces you up when you're hot and tired; it whets your appetite at meals. On a sticky day, a good bottle of Buck and a sandwich make the finest hot-weather lunch. And there are no loggy after effects.

Buck is made from the purest selected corn, rice and barley, flavored with hops. Then the alcohol is removed by a superior process that never steals a bit of that good old flavor. Try a bottle of Buck today and my bet is that you'll want a case at home steadily thereafter. Look for the name on the crown cap. Buck

We Have the Style of Men's Low Shoes You Want

Comfort is the first consideration with most men when they buy shoes, but of course, they want good looks too—and service.

We always guarantee whether you buy a \$12.50 pair of shoes or . an \$18.50 pair—

We want to emphasize the splendid values we are offering at \$12.50, if they are not the best shoes you can buy in Wichita Falls or anywhere for that price they don't cost you one cent.

Look over those "Arnold Glove Grip Oxfords" in black and brown -calf and kangaroo at \$12.50.

Hanan Oxfords all lasts, all leather black and brown, \$17.50 and \$18.50. See our display today.

All the birds were rebroken Charlie Greenberg's last night. in SWAB OUT OF HOLE

George Sisler of the St. Louis Browns will soon have to look to his laurels. Jimmy Johnston of the Brooklyn Dodgers has proved himself to be one of the most versatile players in the big leagues. Normally an outfielder, Johnston has filled every place on the diamond for Wilcher players in the big leagues. ery place on the diamond for Wilbert Robinson but backstop and the mound. He is holding down the hot corner at the present writing.

The defeat of Bombardier Wells by Joe Beckett once, more brings to the front the appalling dearth of fighters now stalking in the midst of the British empire. Not since the days of Bob Fitzsimmons have the British been able to gloat over the possession of the heavyweight championship. One of the most notable gatherings ever at a prite Ang encounter filled the Olympia, England's historic building, to see Wells try to regain the championship of England from Beckett, and the wast majority were with Bombardier, on account of Beckett's poor showing against Georges Carpentier, but they were doomed to disappointment; Beckett won in quick order, and now the English have nothing to offer in the way of heavying to offer in the way of heavy weight championship aspirants but Beckett, who was eliminated so eas-ily by Carpentler.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky .- Mrs. Pearl Pat rick, of this place, writes; "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed was more constipated than before.

I heard of Black-Draught and de cided to try it. I found it just what I needed. It was an easy laxative, and got bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black Draught for it is the finest laxative one can use."
Thedford's Black-Draught has for

many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have

GANDELISH CHARGED WITH ASSAULT TO MURDER

Rex Candelish of Newtown faces an assault to murder charge filed Tuesday before Justice C. & Arrington. The complaint is in connection with an affray said to have been staged near Waggoner City several weeks ago. Candelish fired three shots at a woman, according to a version of the incident, as related at the county attorney's office.

F. I. BOGGS, St. James Hotel Wichita Falls

Tire Prices

Some False Ideas About Them

Should an extra price buy an extra grade tire?

It should not. Any first-grade tire should be built as well as a tire of that type can be built.

Cord Tires cost more than Fabrics, and are worth the extra price. Men who figure cost per mile are coming to Cord Tires.

But any tire, Cord or Fabric, should be built for the utmost service which that type can give.

Some Men Over-Pay

Some men pay extra prices, expecting extra mileage. Some pay under prices for an under-grade, and hope to save in that way.

Both are wrong. There may be exceptions - there are always freak tires. But countless tests have proved that Miller Tires at Miller prices, on the

average, give the lowest cost per mile. And Miller Tires, both

Cord and Fabric, cost about the standard prices.

TreadPatented Conter tread e cup, for firm Geared-to-theroad side treads

We Insist on This

There are three requirements which Miller Tires must meet.

First, they must average greater mileage, type for type, than any

We constantly prove this. Eight machines in our factory run two tires each under rear-tire conditions. Each tire is run 650 miles daily by running extra-fast.

Won Over 21 Makes

Here we constantly compare the best other tires with Millers. Also in ceaseless road tests. Thus, day by day and week by week, we are

The Elderade Stage Co. of Los Angeles tested 23 other makes against Millers on 12-passenger Packard Buses, weighing 8,000 pounds leaded. In this supreme test Millers wan by long odds, on long-distance uniformity.

guarding the Miller supremacy.

We insist that Millers must be uniform. Each tire is signed. A record is kept of the maker, the inspector and the process.

Every Tire Signed

If a tire comes back for adjustment we learn the reason. If the workman is at fault he is penalized. If the inspector overlooked a flaw he is held responsible. If any process or material is at fault, we cor-

After years of this checking we've attained uniform tires. There are whole large cities from which not a Miller Tire came back last year.

Treads Must Endure

Miller Treads, by our standard, must outwear the balance of the tire. , We have attained a tread which outwears rivals by 25 per cent.

Every day our tread stock is vulcanized, then tested, in our laboratory. We permit no variation.

Not a single Miller Tire with these new-grade treads has ever come back with the tread gone,

Not 20,000 Miles

Countless reports come to us on Miller Cord Tires showing 20,000 to 28,000 miles of service. And tales of that kind are told everywhere, we

But mileage depends on conditions - on size, care, load and road. Millers are uniform, but they are not used under uniform conditions.

In our factory tests we average 15,000 miles on Cords.

But a Miller Tire will outlastalmost always - any tire that you place opposite, no matter what it costs. Compare them under like conditions, and see what mileage modern tires can give.

You will gain a new criterion.

When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.

By H. A. STROUD ELECTRA, TEX., May 19.—There is omething phenomenal in the way nat the Electra poel has held up brough the nine years that have since it was first discovered s history, as the discovery pool of orth Texas, is one that is filled with esting data and its record is one is to be envied by many oil fields have come and gone since Electra een on the oil producing map of

One remarkable feature of this field that it has had the ability to "come ack," and with its ups and downs as never remained "out" for the ck," and with its ups and downs is never remained "out" for the unt. After nine years of active lilling and production the field still sintains a production exceeding 10, 00 barrels, and drilling rigs are as numerous, or almost as numerous as in the early discovery days.

In the early discovery days.

There are several reasons why the Electra field has had a long and prolific life. Truly the paramount reason is because of the long life of the production in the field. Another is the variety of sands found in all parts of the field.

Discovered in 1911. There was wildcatting for oil in the cicinity of Electra as early as the atter part of 1909 and the early part of 1918. This activity was confined airscipally to the Waggoner ranch lying all around the townsite. But the against to the waggoner rained by against the townsite. But the liscovery well was not drilled on the Fagoner holdings and did not become known until the first day of pril, 1911. It was drilled on Wood ruff and Putman lease by the Clayco Oil company. This well came in good for around 400 barrels a day and was the first real gusher in north Texas. Following the discovery well the field was rapidly extended in every direction. Wells were drilled right to the edge of the townsite, which is only two miles from the discovery well. The major companies carried out the biggest part of the development in those days, as there were only a few big independent operators, and the

those days, as there were only a few big independent operators, and the small traders that we now have in the country had not yet decided that there was money for the small man the oil business.
The field spread for miles as the

wildcatters traced the extent of the pool. Everything was running true ool. Everything was running true o form, when the crude oil market nt to pieces over the big discovery bie in Okiahoma around the town of shing. For a period development pped and Electra bore the appear-ce of a "blowed up boom town." This "blow-up" was a blessing in diaguise. Until the bottom went out of the oil market. Electra was a city of rags and shacks. The migratory element departed for the Cushing fields and left the permanent citizens and the real development and operation. ad the real developers and operators. As things gradually assumed normal tions the houses were soon filled in and business, started up in a dy way. That was the end of the om" in Electra. Since that time growth has been rapid, substantial along consesvative lines. That is reason that the wonderful oppor-lities of the Electra field are not won to the world. Electra is not "oil town." It is an industrial cen-and operating headquarters for oil

Electra Becomes Supply Center.
Being the first oil field in north exas, the big supply concerns of the tion established branch stores, and the surrounding fields were opened. increased their stocks and nobed out. Drilling contractors ted with favor on Electra as an headquarters and it is this ss of citizenship that has built up

class of citizenship that has built up the community.

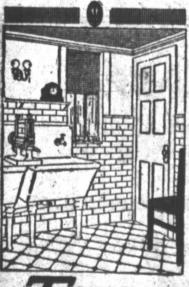

As referred to before the large num-her of sands has been one of the things responsible for the Electra-tield always being able to come back.

There are sands as shallow as 400 feet and as deep as 2,100 feet in the flield. The discovery well, after pro-ducing for three or four years played out and the company drilled in 200 feet deeper and the well is still on the

Drilling Contracts Young County

Several tracts from 160 acres to 590 acres in Young county will be let out on drilling contracts. Favorgeological reports on every tract. On one tract located on anticlined dome, cologists believes oil will be found at 900 feet. Contracts will be closed with first applicants if they prove they mean business.

Territory that was once condemned is being re opened. A remarkable thing in the past few weeks is the doesing of territory that was condemned several years ago. Outside oil men are inclined to call this propaganda and doubt. But there is a logical expana-

oil from four separate and distinct sands.

In the Sunshine Hill district there are three very prolific sands, ranging from 600 to 1,000 feet. The same is true of the Piper district west of the city and in fact the variety of sands seems to be evident in nearly every section of the field.

At one time the Electra field produced 30,000 barrels of 31 a day. This was in the sarly days when the field was at its zenith, and when the production was flush. It is considered remarkable by oil men that it still retains one third its flush production. New Wells Coming in.

There is an opinion that seems current among outside oil circles that the play in the Electra field is over and that the oil operators are setting quietly by watching with sad eyes the waning glory of a once bright star. But such is far from the case. Dauntless wildcatters are going out in new directions and opening extensions.

Territory that was once condemned is being re opened. A remarkable thing in the past few weeks is the deeming.

Young man, wide-awake, desires con nection with a responsible oil man. Pro gressive and alert. BOX 39, Care Times

Labor Temple, 8 o'clock p. m. Wednesday, May 19th

They used to call a man a "sport" when he bought an automobile

THAT was before the days when pretty nearly everybody owned one-or could, if he wanted to.

There was a lot of waste about motoring in those days. A man spent a lot of money on his car and never thought very much about what he was getting in return.

When a man buys a tire nowadays he has a pretty definite idea of what he expects to get out of it.

The dealer who sells him one that gives him less than he expects isn't likely to get any more of his business.

That's one of the reasons why we handle U.S. Tiresand recommend them to the

motorists of this community.

The U.S. reputation for quality is not built on any one tire.

There is not one standard for large U.S. Tires and another standard for small ones.

Every tire that bears the name "U. S." is built the best way its makers know how to build it. The oldest and largest rubber concern in the world cannot afford to play favorites in seeking its public.

Come in and tell us what you are looking for in tires.

We can probably tell you whether you need a U. S. Nobby, Chain, Usco, Plain, or a Royal Cord.

Select your tires according to the roads they have to travel: In sandy or hilly country, herever the going is apt o be heavy—The U. S.

The grand jury empanelled on Monday is expected to make its first report late this afternoon. A final report is expected by Saturday. The cases of persons held in the county jail are being investigated by this grand jury leaving other investigated. simply up to us to make up this dif-

service.

chools are badly in need of dditional equipment which be bought immediately in orbe available the beginning of session. For these purposes mittee desires to raise, a fund time sufficient to meet the ate needs, and the same comwill in the early part of the hool year, raise such a fund be necessary to take care of nce in the salaries throughout t year. "With living conditions becoming more expensive all the time the school board hos had to pay higher salaries than they looked for in order to sence in the salaries throughout tyear.
Lyear, therefore, as a citizens comin behalf of the city schools, or raise \$50,000 now, and ask a subscribe \$10 for each child in the schools. There are 000 students enrolled in the tools. Deposits can be made of the banks in Wichita Falls, k mailed to C. H. Clark, n. Should you deposit in the cure competent teachers. I can't con-ceive of a citizen who would not give what is asked of him in order that his child could have proper teaching by competent instructors."

AX COLLECTOR'S BOOKS

Auditing of the county tax collector's books was begun on Wednesday by County Auditor Murphy. The work will be completed within two week's time.

All county departments except the tax collector's office have already been audited, Mr. Murphy announced.

TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.
For months Wichita Falls' readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

W. McAbee, retired farmer, Burnett street, Wichita Falls, says: "Doan's Kidney Pills are a grand kidney medicine. About three years ago my kidneys and back were in bad shape. My back was sore and lame almost all the time and my kidneys were irregular in action. Nights I had to get up often to pass the kidney secretions which were highly colored, painful and scalding in passage. I used one box of Doan's Kidney Pills as they were so highly recommended to me and they cured me entirely."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McAbee had, Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv. c. suffered dreadfully with odigestion and other trouble 10 years," continued Mrs. and although I took hundellars worth of different medicines and doctors treatkept getting worse all the I began taking Orgatone. I had to treat myself about at like you would a stekly ting only the very lightest sating only the very lightest could get and aside from that suffer so dreadfully with my a first times I could scarcely and I would get so nervous hardly stand it. I had severe ag spells all the time, and I ot sleep except in a dose, or ap, and would have to get up times during the night the a my stomach were so severs lired and languid all the time wer felt like doing any of my work at all. I had become so despondent because I could anything to help me and my my was growing worse all the

RUMMAGE SALE FOR Y. W. C. A

The First Church Wesley Giris are conducting a rummage sale for the benefit of the Y. W. C. A. commencing tomorrow, Thursday May 20, and they are sending out a S. O. S. call for more cast off clothing. The response has not been what was expected, and as a result the Wesley Girls are again reminding the public that may have clothes which are not being worn that they can serve a good cause, and get Clark.

We trust that under no conditions this will be considered as an assessment, but treated by all as an entirely voluntary contribution toward a needy and worthy cause. We are sure there are many who will be glad to contribute much more than \$10 for each child.

When we ten you that a majority of our teachers are being paid only about \$890 per year and are required to attend normal schools in the summer, you will readily see that they have been making a great sacrifice, as they could have earned more money in the downtown offices and it will be impossible to employ teachers at this rate for the following year. This fund is needed immediately in order to meet the regular expenses of the last two months and give a bouns check to each teacher before ly won please give this matter.

MUNGER BEING COMPLETED

The grand jury empanelled on Monday is expected to make its first report late this afternoon. A final report is expected by Saturday.

The cases of persons held in the county jail are being investigated by this grand jury leaving other investigations to the regular grand jury to be empanelled next Monday.

PUBLIC NOT BUYING

(Continued from Page 1)

"When buying is dull there is cer-tain to be a surplus of materials and a surplus of materials is certain to make for a reduction in prices," he

said.

Garment manufacturers agreed with this statement, saying that a survey of the garment market would show only minimum purchases.

The cloth market in New York reported trading exceptionally quiet. The slump has not hit the food market yet, according to statements of grocers today, but they indicated that they expected a slight decline.

Usual "Spring Sales."
ST. LOUIS, MO., May 12.—Price reductions ranging from 15 to 50 per cent were made by many of the large stores here today following the lead of stores in other cites.

The reductions are on men's, wom-en's and children's clothing, and, ac-cording to the manager of one large store, are in the nature of the usual

People Refusing to Buy.
SPRINGPIELD, ILLS., May 19.—
Refusal of the people to buy anything except what they absolutely must have eventually will force down prices, in the opinion of local merchants today.

prices, in the opinion of local merchants today.

The failure to buy at existing prices has forced some big local dealers to cut the estimates of their department heads 50 per cent. Such reductions, it is believed, are being feit by the manufacturers who find themselves faced with the alternative of accepting a big loss or cutting prices to a figure the buying public will meet.

Selling on Close Margin.

OKLAHOMA CITY, OKLA., May
19.—Price reductions of from 20 to 40
per cent cannot be made by clothing
merchants without losing more money
than the average merchant can afford, according to Charles Knight,
owner of a large clothing store here.

Prices legitimately marked, they
say, can not be sold at such a discount. If there is a cut in clothing
prices, it will be made by merchants
who have marked up prices excessively and can still make long profits by
discounting 30 and 40 per cent.
There are plenty of medium priced
suits.

Suits.

Merchants here do not expect a general reduction. They say they are selling on the closest margain in the history of their business.

Some Reductions at Omaha.

OMAHA, May 18.—Dealers in automobiles and dentists today announced material reductions in their prices, while among the larger department stores all but one had placed on sale their entire or a greater portion of their entire or a greater portion of their stocks at discounts ranging from 20 to 50 per cent. Several shoe dealers also an-nounced discounts.

CLEVELAND, O., May 19.—Cloth-ig, shoe and general stores in four tile cities have joined the price cut-

sound from \$45 to \$66, for from \$20 to \$55.

Food broke age houses today predicted food prices will fall soon.

"They are surely on the downward," trend," said T. Q. Weiss a commission merchant. Weiss says the cause of the tumbling of prices is due to belief that the situation far fast returning to normal.

Experts here saw possibilities of a break in food prices in the decline in yesterday's grain market. Further losses will bring down prices for certain, they said. Some grains yesterday lost six and seven cents.

Veal and lamb prices have been lowered two cents a pound wholesale within the week, dealers said. Importation of Argentine and New Zemiand ments caused the fall, they said.

Some dealers here today blamed the fail in prices on the uncertainty of the present situation.

Night News Briefs

LLANO, TEX.—James Callan, a prominent Texas cattleman, was acquitted of a charge of marder in connection with the shooting of Version Billings, a young cattle grower November 12.

CHICAGO.—Reports that r e t a l'1 prices of clothing were being out in effice from the Mississippi valley to the Pacific coast were received.

WASHINGTON.—Banker's represen tatives attending a conference with members of the federal reserve board presenting themselves to assist the board in operating against the high prices and in efforts at currency deflation.

EL PASO.—General P. Elias Calles, Mexican provisional minister of war announced he had summoned Fran-cisco Villa to appear & Chihushua City and explain his reported action in hold-lug an American mene company offi-cial for ransom

TOPEKA, KANS.—V. O. Johnson, cashier of the Aulue Kensas bank closed by the state bank commissioner, arrested on a charge of embessiement.

WHEELING, W. VA.—Bob Martin, heavyweight champion of the A. E. F. knocked out Tom McMahon, of New Castle, Pennsylvania in the fifth of a ten-round hout.

ATLANTA, GA.—The Democratic state convention elected two of its delegates to the national convention, one uninstructed and the other pledged to Attorney General Palmer. The convention also voted opposition to the League of Nations without reservations and refused to endorse President Wilson's administration.

LITTLE ROCK—Attorneys for 12 negroes sentenced to death for alleged participation in the Phillips county race disturbances last fall announced they would appeal to the United States supreme court.

OPERATORS HOLD BECAUSE OF PRICES INDIGNATION MEETIN

(Continued from Page 1)

crai of which are Oklahoma residents; complaining of the treatment received from the receiver and his men; and asking the court to defer expected action on the receiver's recommenda-tions until the lease and land own-

the properties himself, and, as be-lieved as a unit, was vigorously de-nounced. "That is a competitive propnounced. "That is a competitive proposition out there, and it can not be imped together without hurting some owners' interest," declared a speaker at the meeting. "Say, for instance, that the receiver or his men should undertake to develop some lease not now drilled, and should drill a dry hole. Who will pay for that? The other land owners who would have to pay for all mistakes. The receiver is other land owners who would have to pay for all mistakes. The receiver is not to spend any of his own money, so there would be nothing left but for the other land owners to pay for their mistakes, and the probability is that at the end of the receivership we would have oil leases on land good only by that time for farming, and nothing else to show for ou rmoney."

Amount of Bond a Joke.

The amount of the receiver's bond was denounced as a joke. "He could was denomiced as a lost. He could damage any piece of property, or any of the larger ones \$100,000 the amount of his bond, very easily," it was declared, "His bond should be \$5,000,000." Complaint was also made that clared, "His bond should be \$5,000,-000." Complaint was also made that the receiver was going to unnecessary cases discharging men now employed

An urgent request that any opera-tors interested in common with the other land owners make an especial point of being present at the Thurs-day morning meeting, which will be held in the County Court room, Wichheld in the County Court room, Wich-ita County Court house, was expressed by those in attendance at the Wednes-day meeting. W. M. Priddy, who called the meeting at the instance of the op-erators involved attended a confer-ence Tuesday, presided at the Wednes-day meeting.

Statement From Receiver's Office,

"No one could operate these prop-

"No one could operate these properties in such a way as would suit everyone," was the comment of T. W. Hamilton, representative of the receiver and in charge of his local office, when told of the complaints which had been made against the operation of the receivership. "If a man's mother-in-law were to come into his house and begin telling his wife man's mother-in-law were to come into his house and begin telling his wife how to cook, there would probably be trouble in the house," he continued. "It's the same situation out here. Every operator out there probably believes that he is the best little operator in the field, and naturally unless his methods are followed, he is disastisfied with the result.

properties. He was selected to act as agent of the Supreme Court in the

far as possible by outside and disinterested parties. It is an elementary principle of business which leads us to make these inventories, for it behoves anyone taking over a big business to find out how he stands—in other words, to establish a book value for his business.

"Then too, these operators are overlooking one thing. Under the court's order, Mr. Delano could have elected to shut down all these properties and

order, Mr. Delano could have elected to shut down all these properties and go back to Washington, That certainly would have caused less feeling toward him. Instead, deciding that the interests of all concerned could be best served by an operation of the properties, he has elected to operate them, although knowing that this would subject him to a great deal of criticism. "However, the other course is still open to him, should he decide that the thing to do would be just to shut down."

TOURISTS REACH HASKELL ON TIME

reached Haskell on scheduled time that had been prepared by the comfrom Throckmorton this morning was delayed by the first motor trouble of the trip, but this was repaired and the train got under way about an hour and a half after scheduled time.

B. W. Whittaker, representing the Hankell Commercial club, met the train and escorted it into Haskell. The tourists were entertained with

dance.

A big meeting is expected at Has-kell tonight. The train will get an early start for the homebound trip to-

of stealing two horses from Lee Bain Feb. 27. Harry A. Johnson and Lee Toncray were indicted jointly on a uel at \$500 from Gub Straub March 26. The names of the other parties in-dicted were not given out due to the

properties. He was selected to act as agent of the Supreme Court in the operation of these properties, when the city of Idaho Falis and the operation of these properties, when the court decided that the proper thing to do was to take over the properties until the controversy should have been settled. The fact that the court picked Mr. Delano for this place because they had confidence in his integrity and business, ability should certainly be worth consideration in connection with these complaints.

"Mr. Delano has selected his force by reason of their experience and ability, and has selected them from men at a distance who have no interest either way in the fight. They will not be benefited however the case might be decided. hate reached their peak and present becoming general throughout the country, will spread, merchants and business men here predicted today.

One Chicago department store joined the price cutting movement today, offering men's suits, formerly selling from \$45 to \$60, for from \$20 to \$55.

With the Truck Train:

THROCKMORTON, May 18.—After pulling through almost botomless mud holes and going over the worst roads imaginable, the Wichita Falls Truck train reached Throckmorton half an hour ahead of schedule this afternoon.

From Newcastle to the Brasos the roads were fine. Only one truck at a time was permitted to go on the long bridge across the river and 28 minutes were required for the train to cross. From the crossing of Throckmorton the roads were in bad shape with many long and deep mudholes.

Mayor C. A. Wilkinson of Throckmorton headed the parade of the train through the streets of Throckmorton. Citizens served refreshments of lemonade and doughnuts: A band concert was given. was given.

At the night meeting Rev. W. L. Lightfoot delivered the address of wel-

instantly killed Tuesday when a steel charged with electricity by coming in factory adjoining the Wichita motor

plant. The crane was being swung back and forth as trucks were being loaded on a freight car.

Hannock came here recently from Philadelphia. He was employed by the Wichita Motor Truck Co. He is survived by his parents who reside in Philadelphia where the body will be forwarded for burial by the Merkle & Lunn undertaking establishment.

CHARGES COURT RULINGS OBSTRUCT LAW ENFORCEMENT

Charges to the effect that the rulings of the county court had practically made it impossible to enforce the sanitary ordinances of the city against a certain dairy near Wichita Falls were made before the Wichita Club at their Wednesday luncheon by Overton McDowell, new member of the city council and chairman of the sanitary commission. Mr. McDowell stated that convictions had been obtained in the city court which only resulted in an acquittal on trial on appeal to the county court on account of the charges of the court practically amounting to peremptory instructions for acquittal. Mr. McDowell asked for a committee of the club to go with him for an inspection of the conditions prevailing at the dairy in question. A short talk on dairy conditions was made to the club by Mrs. L. Robbins, inspector from the state pure food department.

Another feature of the luncheon was a short talk on dietetics by Dr. Eugene Christian of New York, internationally known as an author, lecturer and general authority on this subject.

omen's Ready-to-Wear

ST. LOUIS, MO., May 19.—Price reductions ranging from 15 to 50 per cent were made by many of the large stores here today following the lead of stores in other cites.

The reductions are on men's, women's and children's clothing, and, according to the manager of one large store, are in the nature of the usual spring sales.

People Refusing to Buy.

SPRINGFIELD, ILLS., May 19.—
Befusal of the people to buy anything except what they absolutely must have eventually will force down prices, in the opinion of local merchants today.

The failure to buy at existing prices has forced some big local dealers to cut the estimates of their department heads 50 per cent. Such reductions, it is believed, are being felt by the manufacturers who find themselves faced with the alternative of accepting a big loss or cutting prices to a figure the buying public will meet.

Selling on Close Margin.
OKLAHOMA CITY, OKLA, May
Perice reductions of from 20 to 40
er cent cannot be made by clothing per cent cannot be made by cicthing merchants without losing more money than the average merchant can atford, according to Charles Knight, owner of a large clothing store here.

Prices legitimately marked, they say, can not be sold at such a discount. If there is a cut in clothing prices, it will be made by merchants who have marked up prices excessively and can still make long profits by discounting 30 and 40 per cent. There are plenty of medium priced suits.

Merchants here do not expect a reneral reduction. They say they are selling on the blosest margain in he history of their business.

Some Reductions at Omaha.

OMAHA, May 18.—Dealers in automobiles and deutists today announced material reductions in their prices, while among the larger department atores all but one had placed on sale their entire or a greater portion of their stocks at discounts ranging from 20 to 50 per cent.

Several shoe dealers also announced discounts.

CLEVELAND, O., May 19.—Cloth g, shoe and general stores in four tio cities have joined the price cut

seeling from \$45 to \$60, for from \$20 to \$55.

Food brokeinge houses today predicted food prices will fall soon.

"They are surely on the downward," trend," said T. O. Wetss a commission merchant. Weiss says the cause of the tumbling of prices is due to belief that the situation fit fast returning to normal.

Experts here saw possibilities of a break in food prices in the deciline in resterday's grain market. Purther ickses will bring down prices for certain, they said. Some grains yesterday, lead and lamb prices have been lowered two cents a pound wholesafe within the week, dealers said. Importation of Argentine and New Keeland meats caused the fall, they said.

Some dealers here today blamed the fall in prices on the uncertainty of the present situation.

NightNewsBriefs

LLANO, TEX.—James Callan, a prominent Texas of theman, was acquitted of a charge of marder in connection with the shooting of Vernon Billings, a young cattle grower November 12.

CHICAGO.—Reports that r e t a 11 prices of clothing were being cut in effice from the Mississippi valley to the Pacific coast were received.

WASHINGTON.—Banker's represe members of the federal reserve board presenting themselves to assist the board in operating against the high prices and in efforts at currency deflation.

EL PASO.—General P. Elias Calles, Mexican provisional minister of war announced he had summoned Fran-ciseo Villa to appear & Chinushus City and explain his reported action in hold-ing an American mine company offi-cial for ransom.

TOPEKA, KANS.—V. O. Johnson, cashier of the Athne Kensas bank, closed by the state bank commissioner, arrested on a charge of embessionent.

WHEELING, W. VA.—Bob Martin, heavyweight champion of the A. E. F. knocked out Tom McMahon, of New Castle, Pennsylvania in the fifth of a ten-round bout.

ATLANTA, GA.—The Democratic state convention elected two of its delegates to the national convention, one uninstructed and the other pledged to Attorney General Palmer. The convention also voted opposition to the League of Nations without reservations and refused to endorse President Wilson's administration.

LITTLE ROCK—Attorneys for 12 negroes sentenced to death for alleged participation in the Phillips county race disturbances last fall announced they would appeal to the United States supreme court.

OPERATORS HOLD BECAUSE OF PRICES INDIGNATION MEETING

the case in the hands of efficers, several of which are Oklahoma residents; complaining of the treatment received from the receiver and his men; and asking the court to defer expected action on the receiver's recommendations until the lease and land owners could lay their cases before the court.

The plan of the receiver to operate the properties himself, and, as believed as a unit, was vigorously denounced. "That is a competitive proposition out there, and it can not be lumped together without hurting some owners' interest," declared a speaker at the meeting. "Say, for instance, that the receiver or his men should underland to a some lesses not that the receiver or his men should undertake to develop some lease not now drilled, and should drill a dry hole. Who will pay for that? The other land owners who would have to pay for all mistakes. The receiver is not to spend any of his own money, so there would be nothing left but for the other land owners to pay for their mistakes, and the probability is that at the end of the receivership we would have oil leases on land good only by that time for farming, and nothing else to show for ou rmoney."

Amount of Bond a Joke.

The amount of the receiver's bond was denounced as a joke. "He could damage any piece of property, or any of the larger ones \$100,000 the amount of his bond, very easily," it was declared, "His bond should be \$5,000,000." Complaint was also made that the receiver was going to unnecessary expense in employing men at large salaries and for long terms, in many

petent for the work.

An urgent request that any operators interested in common with the other land owners make an especial point of being present at the Thursday morning meeting, which will be held in the County Coart room, Wichita County Court house, was expressed by those in attendance at the Wednesday meeting. W. M. Priddy, who called by those in attendance at the wednesday meeting. W. M. Priddy, who called the meeting at the instance of the operators involved attended a conference Tuesday, presided at the Wednesday meeting.

Statement From Receiver's Office, "No one could operate these property."

Statement From Receiver's Office,
"No one could operate these properties in such a way as would suit everyone," was the comment of T. W. Hamilton, representative of the receiver and in charge of his local office, when told of the complaints which had been made against the operation of the receivership. "If a man's mother-in-law were to come into his house and begin telling his wife how to cook, there would probably be his house and begin telling his wife how to cook, there would probably be trouble in the house," he continued. "It's the same situation out here. Every operator out there probably be-lieves that he is the best little opera-tor in the field, and naturally unless his methods are followed, he is dis-satisfied with the result.

"Mr. Delano has no interest in these properties. He was selected to act

far as possible by outside and disinterested parties. It is an elementary principle of business which leads us to make these inventories, for it behooves anyone taking over a big business to find out how he stands—in other words, to establish a book value for his business.

"Then too, these operators are overlooking one thing. Under the court's order, Mr. Delano could have elected to shut down all these properties and go back to Washington, That certainly would have caused less feeling toward him. Instead, deciding that the interests of all concerned could be best served by an operation of the properties, he has elected to operate them, although knowing that this would subject him to a great deal of criticism.

"However, the other course is still open to him, should he decide that the thing to do would be just to shut down."

reached Haskell on scheduled time

this afternoon and found a fine meal

B. W. Whittaker, representing the Hackell Commercial club, met the train and escorted it into Haskell.

The biggest crowd of the tour so far
was out at Throckmorton last night.

dance.

A big meeting is expected at Has-kell tonight. The train will get an early start for the homebound trip to-

charge of stealing an automobile val-uel at \$500 from Gub Straub March 26. The names of the other parties in-dicted were not given out due to the fact that they are not in custody.

mr. Delano has so interest in these properties. He was selected to act as agent of the Supreme Court in the operation of these properties, when the city of Idaho Falls and the has resulted in one of the most complete and successful reclamation by irthing to do was to take over the properties until the controversy should have been settled. The fact that the court picked Mr. Delano for this place because they had confidence in his integrity and business, ability should certainly be worth consideration in connection with these complaints.

"Mr. Delano has selected his force by reason of their experience and ability, and has selected them from men at a distance who have no interest either way in the fight. They will not be benefited however the case might be decided. be benefited however the case might soil is said to be the best of the lands in the upper Snake River valley. With the closing of a switch or two, big motors drive a combined capacity of the pumps of 16,000 gallons of water ing to have these inventories taken as per minute onto the now arid soil.

You Save Sugar

Whether it be scarce or expensive or both, when you choose for your cereal

Grape-Nuts

This food needs no sweetening for it contains its own sugar self developed from the grains.

While other cereals require more or less sugar to make them attractive Grape Nuts own rich flavor is abundantly satisfying.

ELECTROCUTION TUESDAY

Pierson Hannock, 20 years old, was instantly killed Tuesday when a steel crane he was handling became charged with electricity by coming in factory adjoining the Wichita motor

factory adjoining the Wichita motor plant. The crane was being swung back and forth as trucks were being loaded on a freight car.

Hannock came here recently from Philadelphia. He was employed by the Wichita Motor Truck Co. He is survived by his parents who reside in Philadelphia where the body will be forwarded for burial by the Merkle & Lunn undertaking establishment. With the Truck Train:

THROCKMORTON, May 19.—After pulling through almost bottomless mud holes and going over the worst roads imaginable, the Wichita Falls Truck train reached Throckmorton half an hour ahead of schedule this afternoon.

CHARGES COURT RULINGS OBSTRUCT LAW ENFORCEMENT

hour ahead of schedule this afternoon.
From Newcastle to the Brasos the roads were fine: Only one truck at a time was permitted to go on the long bridge across the river and 23 minutes were required for the train to cross. From the crossing of Throckmorton the roads were in bad shape with many long and deep mudholes.

Mayor C. A. Wilkinson of Throckmorton headed the parade of the train through the streets of Throckmorton. Citizens served refreshments of lemonade and doughnuts. A band concert was given. roads were fine: Only one truck at a time was permitted to go on the long bridge across the river and 28 minutes were required for the train to cross. From the crossing of Throckmorton the roads were in bad shape with many long and deep mudholes.

Mayor C. A. Wilkinson of Throckmorton headed the parade of the train through the streets of Throckmorton. Citisens served refreshments of lemonade and doughnuts. A band concert was given.

At the night meeting Rev. W. L. Lightfoot delivered the address of welcome.

The train expects to reach Haskell at 2:30 Wednesday.

BURKBURNETT MAYOR TO NAME COMMITTEE TO DRAFT NEW CHARTER

BURKBURNETT, May 19,—At the regular meeting of the city council Monday night the following matters were discussed and acted upon:

The appeal of the Order of Owls to hold a street carnival in the city using parts of Main street and adjacent streets was carried over for a week's consideration.

consideration.

An electric light was ordered placed on the corner of Fourth and E avenue. The request for a permit to erect a 20-foot frame hotel building in the lot joining the postoffice block was discussed at length, owing to the postoffion of the petitioners that the wooden material for this enterprise was purchased and on the ground before the fire restrictions were made to the building of frame structures. It was decided that this building should come under the demands of the fire marshal controlling fire limit districts for such buildings. uildings.

A large increase of fines was shown

A large increase of fines was shown on the city court records.

An ordinance controlling the requirements of the service car drivers was read with penalty for violation of such regulations fixed and was eventually tabled for further consideration of the matter.

T. J. Bentley, city sanitary officer, gave a good report of his investigations in Abilene and Dallas, where he had been sent by the city in the interest of a better system for Burkburnett. He was instructed to proceed with his sanitation plans in conjunction with the proper authorities. An injunction by Dr. Gist restraining the city from erection of a plant a year ago, was found to be still in force.

Mayor Laney was authorized to appoint a committee to draft a charter for a commission form of government to be presented to the citizens for their approval.

The fire yesterday morning at 9:30 on the Charles F. Noble lease, southwest of Burkburnett, called out the city fire department, but the company's fighting force had the flames under control before the former arrived. Cause was attributed to a leaking fuel pipe. No great amount of damage was done. The city fire engine ran into a group of people who made an imprudent crossing on its way and one man was knocked down, but sustained no serious injury.

BRENNAN'S LECTURE AT FIRST M. E. CHURCH NEXT FRIDAY EVENING

The First Methodist church, Seventh and Lamar, has been selected as the place for the business lecture to be given Friday evening by W. F. Brennan of Dayton, Ohio.

Mr. Brennan's talk, illustrated with moving pictures, gives solutions of many petty problems that come up in everyday business dealings, and is expected to be of much value to all who hear it, particularly merchants and store employes. The lecture is given under auspices of the Chamber of Commerce, and is open to the public.

gine ran into a group of people who made an imprudent crossing on its way and one man was knocked down, but sustained no serious injury.

The chief feature of an entertainment at the Y. M. C. A. building tonight will be an address by J. E. Barrow, representative of the West Texas chamber of commerce, who will speak in behalf of the organization with special stress on the commission form of government. Music by the local orchestra will be rendered before and following the address.

A drive for Y. M. C. A. memberships will be held here Saturday, under the direction of the local secretary, J. A. Freeze.

Will something "just as good" do for you or do you want the best. Insist on getting CHURNED GOLD fancy greamery butter. It is sure to please you. Ask your grocer. 6-7tc. Masked bandits early Monday morn
